Legislative finding, intent—1975 1st ex.s. c 220: “The legislature finds that the use of centerlines of public streets, roads and highways as boundaries of incorporated cities and towns has resulted in divided jurisdiction over such public ways causing inefficiencies and waste in their construction, improvement and maintenance and impairing effective traffic law enforcement. It is the intent of this act to preclude the use of highway centerlines as corporate boundaries in the future and to encourage counties and cities and towns by agreement to revise existing highway centerline boundaries to coincide with highway right of way lines.” [1975 1st ex.s. c 220 § 1.] For codification of 1975 1st ex.s. c 220, see Codification Tables, Volume 0.

The fire protection district may elect, by a vote of a majority of the persons residing outside the annexed or incorporated area who vote on the proposition, to require the annexing or incorporating city or town or fire protection district to assume responsibility for the provision of fire protection, and for the operation and maintenance of the district's property, facilities, and equipment throughout the district and to pay the city or town or fire protection district a reasonable fee for such fire protection, operation, and maintenance. When at least sixty percent, but less than one hundred percent, valuation of the real estate of a district is annexed to or incorporated into a city or town, a proportionate share of the liabilities of the district at the time of such annexation or incorporation, equal to the percentage of the total assessed valuation of the real estate of the district that has been annexed or incorporated, shall be transferred to the annexing or incorporating city or town.

If all of a fire protection district is included in an area that incorporates as a city or town or is annexed to a city or town or fire protection district, all of the assets and liabilities of the fire protection district shall be transferred to the newly incorporated city or town on the date on which the fire protection district ceases to provide fire protection services pursuant to RCW 52.04.161 or to the city or town or fire protection district upon the annexation. (2) As provided in RCW 35.02.210, the fire protection district from which territory is removed as a result of an incorporation or annexation shall provide fire protection to the incorporated or annexed area for such period as the district continues to collect taxes levied in such annexed or incorporated area.

(3) For the purposes of this section, the word "assets" shall mean the total assets of the fire district, reduced by its liabilities, including bonded indebtedness, the same to be determined by usual and accepted accounting methods. (1) If a portion of a fire protection district including less than sixty percent of the assessed value of the real property of the district is annexed to or incorporated into a city or town, the ownership of all assets of the district shall remain in the district and the district shall pay to the city or town within one year or within such period of time as the district continues to collect taxes in such incorporated or annexed areas, in cash, properties or contracts for fire protection services, a percentage of the value of said assets equal to the percentage of the value of the real property in the entire district lying within the area so incorpor­­ated or annexed. PROVIDED, That if the area annexed or incorporated includes less than five percent of the (assessed value of the real property) area of the district, no payment shall be made to the city or town except as provided in RCW 35.02.205.

(2) As provided in RCW 35.02.210, the fire protection district from which territory is removed as a result of an incorporation or annexation shall provide fire protection to the incorporated or annexed area for such period as the district continues to collect taxes levied in such annexed or incorporated area.

(3) For the purposes of this section, the word "assets" shall mean the total assets of the fire district, reduced by its liabilities, including bonded indebtedness, the same to be determined by usual and accepted accounting methods. The amount of said liability shall be determined by reference to the fire district’s balance sheet, produced in the regular course of business, which is nearest in time to the certification of the annexation of fire district territory by the city or town. Reviser’s note: RCW 35.02.200 was amended twice during the 1989 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

Annexation of fire protection district—Delay of transfer. During the interim period, the governing body of the newly formed city or town and the board of fire commissioners may by written agreement delay the transfer of the district’s assets and liabilities, and the city’s or town’s responsibility for the provision of fire protection, that would otherwise occur under RCW 35.02.190 or 35.02.200 for up to one year after the official date of incorporation. During the one-year period, the fire protection district may annex the city or town pursuant to chapter 52.04 RCW and retain the responsibility for fire protection. [1991 c 360 § 7.]

Annexation of fire protection district—Distribution of assets of district when less than five percent of district annexed—Distribution agreement—Arbitration. (1) A distribution of assets from the fire protection district to the city or town shall occur as provided in this section upon the annexation or, in the case of an incorporation, on the date on which the city or town withdraws from the fire protection district pursuant to RCW 52.04.161, of an area by the city or town that constitutes less than five percent of the area of the fire protection district upon the adoption of a resolution by the city or town finding that the annexation or incorporation will impose a significant increase in the fire suppression responsibilities of the city or town with a corresponding reduction in fire suppression responsibilities by the fire protection district. Such a resolution must be adopted within sixty days of the effective date of the annexation, or within sixty days of the official date of incorporation of the city. If the fire protection district does not concur in the finding within sixty days of when a copy of the resolution is submitted to the board of commissioners, arbitration shall proceed under subsection (3) of this section over this issue.

(2) An agreement on the distribution of assets from the fire protection district to the city or town shall be entered into by the city or town and the fire protection district within ninety days of the concurrence by the fire protection district under subsection (1) of this section, or within ninety days of a decision by the arbitrators under subsection (3) of this section that a significant increase in the fire protection responsibilities will be imposed upon the city or town as a result of the incorporation or annexation. A distribution shall be based upon the extent of the increased fire suppression responsibilities with a corresponding reduction in fire suppression responsibilities by the fire protection district, and shall consider the impact of any debt obligation that may exist on the property that is so annexed or incorporated. If an agreement is not entered into after this ninety-day period, arbitration shall proceed under subsection (3) of this section concerning this issue unless both parties have agreed to an extension of this period.

(3) Arbitration shall proceed under this subsection over the issue of whether a significant increase in the fire protection responsibilities will be imposed upon the city or town as a result of the annexation or incorporation with a corresponding reduction in fire suppression responsibilities by the fire protection district, or over the distribution of assets from the fire protection district to the city or town if such a significant increase in fire protection responsibilities will be imposed. A board of arbitrators shall be established for an arbitration that is required under this section. The board of arbitrators shall consist of three persons, one of whom is appointed by the city or town within sixty days of the date when arbitration is required, one of whom is appointed by the fire protection district within sixty days of the date when arbitration is required, and one of whom is appointed by agreement of the other two arbitrators within thirty days of the appointment of the last of these other two arbitrators who is so appointed. If the two are unable to agree on the appointment of the third arbitrator within this thirty-day period, then the third arbitrator shall be appointed by a judge in the superior court of the county within which all or the greatest portion of the area that was so annexed or incorporated lies. The determination by the board of arbitrators shall be binding on both the city or town and the fire protection district.[1993 c 262 § 4; 1989 c 267 § 3.]

Duty of county and road, library, and fire districts to continue services during transition period—Road maintenance and law enforcement services. The approval of an incorporation by the voters of a proposed city or town, and the existence of a transition period to become
a city or town, shall not remove the responsibility of any county, road district, library district, or fire district, within which the area is located, to continue providing services to the area until the official date of the incorporation.

A county shall continue to provide the following services to a newly incorporated city or town, or that portion of the county within which the newly incorporated city or town is located, at the preincorporation level as follows:

1. Law enforcement services shall be provided for a period not to exceed sixty days from the official date of the incorporation or until the city or town is receiving or could have begun receiving sales tax distributions under RCW 82.14.030(l), whichever is the shortest time period.

2. Road maintenance shall be for a period not to exceed sixty days from the official date of the incorporation or until forty percent of the anticipated annual tax distribution from the road district tax levy is made to the newly incorporated city or town pursuant to RCW 35.02.140, whichever is the shorter time period. [1991 c 360 § 9; 1986 c 234 § 22; 1985 c 143 § 1. Formerly RCW 35.21.763.]

35.02.225 County may contract to provide essential services. It is the desire of the legislature that the citizens of newly incorporated cities or towns receive uninterrupted and adequate services in the period prior to the city or town government attaining the ability to provide such service levels. In addition to the services provided under RCW 35.02.220, it is the purpose of this section to permit the county or counties in which a newly incorporated city or town is located to contract with the newly incorporated city or town for the continuation of essential services until the newly incorporated city or town has attained the ability to provide such services at least at the levels provided by the county before the incorporation. These essential services may include but are not limited to, law enforcement, road and street maintenance, drainage, and other utility services previously provided by the county before incorporation. The contract should be negotiated on the basis of the county’s cost to provide services without consideration of capital assets which do not continue to be amortized for principal and interest or depreciated by the county. The exception for not considering capital assets which are no longer amortized for principal and interest or depreciated is recognition of the preexisting financial investment of citizens of the newly incorporated city or town have made in county capital assets. Nothing in this section limits the ability of the county and the newly incorporated city or town to contract for higher service levels or for other time periods than those imposed by this section. [1985 c 332 § 7. Formerly RCW 35.21.764.]

35.02.230 Incorporation of city or town located in more than one county—Powers and duties of county after incorporation—Costs. After incorporation of a city or town located in more than one county, all purposes essential to the maintenance, operation, and administration of the city or town whenever any action is required or may be performed by the county, county legislative authority, or any county officer or board, such action shall be performed by the respective county, county legislative authority, officer, or board of the county of that part of the city or town in which the largest number of inhabitants reside as of the date of the incorporation of the proposed city or town except as provided in RCW 35.02.240, and all costs incurred shall be borne proportionately by each county in that ratio which the number of inhabitants residing in that part of each county forming a part of the proposed city or town bears to the total number of inhabitants residing within the whole of the city or town. [1986 c 234 § 26; 1965 c 7 § 35.04.150. Prior: 1955 c 345 § 15. Formerly RCW 35.04.150.]

35.02.240 Incorporation of city or town located in more than one county—Taxes—Powers and duties of county after incorporation—Costs. Any power which may be or duty which shall be performed in connection therewith shall be performed by the county, county legislative authority, officer, or board receiving such as though only a city or town in a single county were concerned. All moneys collected from such area constituting a part of such city or town that should be paid to such city or town shall be delivered to the treasurer thereof, and all other materials, information, or data relating to the city or town shall be submitted to the appropriate city or town officials.

Any costs or expenses incurred under this section shall be borne proportionately by each county involved. [1986 c 234 § 27; 1965 c 7 § 35.04.160. Prior: 1955 c 345 § 16. Formerly RCW 35.04.160.]

35.02.250 Corporate powers in dealings with federal government. Any city or town incorporated as provided in this chapter shall, in addition to all other powers, duties and benefits of a city or town of the same type or class, be authorized to purchase, acquire, lease, or administer any property, real or personal, or property rights and improvements thereon owned by the federal government on such terms and conditions as may be mutually agreed upon, when authorized to do so by the United States government, and thereafter to sell, transfer, exchange, lease, or otherwise dispose of any such property, and to execute contracts with the federal government with respect to supplying water and for other utility services. [1986 c 234 § 28; 1965 c 7 § 35.04.170. Prior: 1955 c 345 § 17. Formerly RCW 35.04.170.]

35.02.260 Duty of *department of community development to assist newly incorporated cities and towns. The *department of community development shall identify federal, state, and local agencies that should receive notification that a new city or town is about to incorporate and shall assist newly formed cities and towns during the interim period before the official date of incorporation in
providing such notification to the identified agencies. [1991 c 360 § 6.]

35.10.001  Actions subject to review by boundary review board. Actions taken under chapter 35.10 RCW may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 27.]

35.10.203  Purpose. The purpose of this chapter is to establish clear and uniform provisions of law governing the consolidation of all types and classes of cities. [1985 c 281 § 1.]

35.10.207  "City" defined. As used in this chapter, the term "city" means any city or town. [1985 c 281 § 2.]

35.10.217  Methods for annexation. The following methods are available for the annexation of all or a part of a city or town to another city or town:
(1) A petition for an election to vote upon the annexation, which proposed annexation is approved by the legislative body of the city or town from which the territory will be taken, may be submitted to the legislative body of the city or town to which annexation is proposed. An annexation under this subsection shall otherwise conform with the requirements for and procedures of a petition and election method of annexing unincorporated territory under chapter 35.13 RCW, except for the requirement for the approval of the annexation by the city or town from which the territory would be taken.
(2) The legislative body of a city or town may on its own initiative by resolution indicate its desire to be annexed to a city or town either in whole or in part, or the legislative body of a city or town proposing to annex all or part of another city or town may initiate the annexation by adopting a resolution indicating that desire. In case such resolution is passed, such resolution shall be transmitted to the other affected city or town. The annexation is effective if the other city or town adopts a resolution concurring in the annexation, unless the owners of property in the area proposed to be annexed, equal in value to sixty percent or more of the assessed valuation of the property in the area, protest the proposed annexation in writing to the legislative body of the city or town proposing to annex the area, within thirty days of the adoption of the second resolution accepting the annexation. Notices of the public hearing at which the second resolution is adopted shall be mailed to the owners of the property within the area proposed to be annexed in the same manner that notices of a hearing on a proposed local improvement district are required to be mailed by a city or town as provided in chapter 35.43 RCW. An annexation under this subsection shall be potentially subject to review by a boundary review board or other annexation review board after the adoption of the initial resolution, and the second resolution may not be adopted until the proposed annexation has been approved by the board.

(3) The owners of property located in a city or town may petition for annexation to another city or town. An annexation under this subsection shall conform with the requirements for and procedures of a direct petition method of annexing unincorporated territory, except that the legislative body of the city or town from which the territory would be taken must approve the annexation before it may proceed.
(4) All annexations under this section are subject to potential review by the local boundary review board or annexation review board. [1986 c 253 § 1; 1985 c 281 § 15; 1969 ex.s c 89 § 4.]

35.10.240  Annexation—Canvass of votes. In all cases of annexation, the county canvassing board or boards shall canvass the votes cast thereat.
In an election on the question of the annexation of all or a part of a city to another city, the votes cast in the city or portion thereof to be annexed shall be canvassed, and if a majority of the votes cast be in favor of annexation, the results shall be included in a statement indicating the total number of votes cast.
A proposition for the assumption of indebtedness outside the constitutional and/or statutory limits by the other city or cities in which the indebtedness did not originate shall be deemed approved if a majority of at least three-fifths of the voters of each city in which the indebtedness did not originate votes in favor thereof, and the number of persons voting on such proposition constitutes not less than forty percent of the total number of votes cast in such cities in which indebtedness did not originate at the last preceding general election: PROVIDED, HOWEVER, That if general obligation bond indebtedness was incurred by action by the city legislative body, a proposition for the assumption of such indebtedness by the other city or cities in which such indebtedness did not originate shall be deemed approved if a majority of the voters of each city in which such indebtedness did not originate votes in favor thereof.
A duly certified copy of such statement of an annexation election shall be filed with the legislative body of each of the cities affected and recorded upon its minutes, and it shall be the duty of the clerk, or other officer performing the duties of clerk, of each of such legislative bodies, to transmit to the secretary of state and the office of financial management a duly certified copy of the record of such statement.

The clerk of the annexing city shall transmit a certified copy of this ordinance to the secretary of state and the office of financial management. Such consolidation, or annexation, shall in no wise affect or impair the validity of claim or chose in action existing in favor of or against, any such former city so consolidated or annexed, or any proceeding pending in relation thereto, but such consolidated or annexing city shall collect such claims in favor of such former cities, and shall apply the proceeds to the payment of any just claims against them respectively, and shall when necessary levy and collect taxes against the taxable property within any such former city sufficient to pay all just claims against it. [1985 c 281 § 19; 1969 ex.s. c 89 § 13; 1965 c 7 § 35.10.310. Prior: 1929 c 64 § 12; RRS § 8909-12. Formerly RCW 35.10.110, 35.10.130, part, and 35.11.080, part.]

35.10.315 Adoption of final budget and levy of property taxes. Upon the consolidation of two or more cities, or the annexation of any city after March 1st and prior to the date of adopting the final budget and levying the property tax dollar rate in that year for the next calendar year, the legislative body of the consolidated city or the annexing city is authorized to adopt the final budget and to levy the property tax dollar rate for the consolidated cities and any city annexed. [1985 c 281 § 20; 1973 1st ex.s. c 195 § 13; 1969 ex.s. c 89 § 14.]

Severability—Effective dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35.10.317 Receipt of state funds. Upon the consolidation of two or more cities, or the annexation of any city, the consolidated or annexing city shall receive all state funds to which the component cities would have been entitled to receive during the year when such consolidation or annexation became effective. [1985 c 281 § 21; 1969 ex.s. c 89 § 15.]

35.10.320 Continuation of ordinances. All ordinances in force within any such former city or cities, at the time of consolidation or annexation, not in conflict with the laws governing the consolidated city, or with the ordinances of the former city having the largest population, as shown by the last determination of the office of financial management shall remain in full force and effect until superseded or repealed by the legislative body of the consolidated or annexing city, and shall be enforced by such city, but all ordinances of such former cities, in conflict with such ordinances shall be deemed repealed by, and from and after, such consolidation or annexation, but nothing in this section shall be construed to discharge any person from any liability, civil or criminal, for any violation of any ordinance of such former city or cities incurred prior to such consolidation or annexation. [1985 c 281 § 22; 1981 c 157 § 4; 1969 ex.s. c 89 § 16; 1965 c 7 § 35.10.320. Prior: 1929 c 64 § 13; RRS § 8909-13. Formerly RCW 35.10.120 and 35.11.080, part.]

35.10.331 Unassumed indebtedness. Unless indebtedness approved by the voters, contracted, or incurred prior to the date of consolidation or annexation as provided herein has been assumed by the voters in the other city or cities in which such indebtedness did not originate, such indebtedness continues to be the obligation of the city in which it originated, and the legislative body of the consolidated or annexing city shall continue to levy the necessary taxes within the former city that incurred this indebtedness to amortize such indebtedness. [1985 c 281 § 23; 1969 ex.s. c 89 § 17.]

35.10.350 Cancellation, acquisition of franchise or permit for operation of public service business in territory annexed. See RCW 35.13.280.

35.10.360 Annexation—Transfer of fire department employees. Upon the annexation of two or more cities or code cities, any employee of the fire department of the former city or cities who (1) was at the time of annexation employed exclusively or principally in performing the
powers, duties, and functions which are to be performed by
the fire department of the annexed city or code city, as the
case may be, (2) will, as a direct consequence of annexation,
be separated from the employ of the former city, code city
or town, and (3) can perform the duties and meet the
minimum requirements of the position to be filled, then
such employee may transfer employment to the fire depart-
ment of the annexing city, as provided in this section and
RCW 35.10.365 and 35.10.370.

For purposes of this section and RCW 35.10.365 and
35.10.370, employee means an individual whose employment
has been terminated because of annexation by a city, code
city or town. [1986 c 254 § 4.]

35.10.365 Annexation—Transfer of fire department
employees—Rights and benefits. (1) An eligible employee
may transfer into the civil service system of the annexing
city, code city, or town by filing a written request with the
city, code city, or town civil service commission. Upon
receipt of such request by the civil service commission the
transfer of employment shall be made. The employee so
transferring will (a) be on probation for the same period as
are new employees in the position filled, but if the transferr-
ing employee has already completed a probationary period
as a fire fighter prior to the transfer, then the employee may
only be terminated during the probationary period for failure
to adequately perform assigned duties, not meeting the
minimum qualifications of the position, or behavior that
would otherwise be subject to disciplinary action, (b) be
eligible for promotion no later than after completion of the
probationary period, (c) receive a salary at least equal to that
of other new employees in the position filled, and (d) in all
other matters, such as retirement, sick leave, and vacation,
have, within the city, code city, or town civil service system,
all the rights, benefits, and privileges to which he or she
would have been entitled as a member of the annexed city,
code city, or town fire department from the beginning of his
or her employment with the former city or code city fire
department: PROVIDED, That for purposes of layoffs by
the annexing city or code city, only the time of service
accrued with the annexing city or code city shall apply
unless an agreement is reached between the collective
bargaining representatives of the employees of the annexing
and annexed fire agencies and the annexing and annexed fire
agencies. A record of the employee's service with the
former city or code city fire department shall be transmitted
to the applicable civil service commission which shall be
credited to such employee as a part of the period of employ-
ment in the annexed city, code city, or town fire department.
All accrued benefits are transferable provided that the
recipient agency provides comparable benefits. All benefits
shall then accrue based on the combined seniority of each
employee in the recipient agency.

(2) As many of the transferring employees shall be
placed upon the payroll of the annexing city, code city, or
town fire department as the department determines are
needed to provide services. These needed employees shall
be taken in order of seniority and the remaining employees
who transfer as provided in this section and RCW 35.10.360
and 35.10.370 shall head the list for employment in the civil
service system in order of their seniority, to the end that they
shall be the first to be reemployed in the city, code city, or
town fire department when appropriate positions become
available: PROVIDED, That employees who are not
immediately hired by the city, code city, or town shall be
placed on a reemployment list for a period not to exceed
thirty-six months unless a longer period is authorized by an
agreement reached between the collective bargaining
representatives of the employees of the annexing and
annexed fire agencies and the annexing and annexed fire
agencies. [1994 c 73 § 1; 1986 c 254 § 5.]

Effective date—1994 c 73: "This act is necessary for the immediate
preservation of the public peace, health, or safety, or support of the state
government and its existing public institutions, and shall take effect
immediately [March 23, 1994]." [1994 c 73 § 6.]

35.10.370 Annexation—Transfer of fire department
employees—Notice—Time limitation. If, as a result of
annexation of two or more cities, or code cities any employ-
ee is laid off who is eligible to transfer to the city, code city
or town fire department under this section and RCW
35.10.360 and 35.10.365 the fire department shall notify the
employee of the right to transfer and the employee shall
have ninety days to transfer employment to the annexing city
or code city fire department. [1986 c 254 § 6.]

35.10.400 Consolidation. Two or more contiguous
cities located in the same or different counties may consoli-
date into one city by proceedings in conformity with the
provisions of this chapter. When cities are separated by
water and/or tide or shore lands they shall be deemed
contiguous for all the purposes of this chapter and, upon a
consolidation of such cities under the provisions of this
chapter, any such intervening water and/or tide or shore
lands shall become a part of the consolidated city. The
consolidated city shall become a noncharter code city oper-
ating under Title 35A RCW. [1985 c 281 § 3.]

35.10.410 Consolidation—Submission of ballot
proposal—Initiation by resolution of legislative body.
The submission of a ballot proposal to the voters of two or
more contiguous cities for the consolidation of these contigu-
ous cities may be caused by the adoption of a joint resolu-
tion, by a majority vote of each city legislative body, seeking
consolidation of such contiguous cities. The joint resolution
shall provide for submission of the question to the voters at
the next general municipal election, if one is to be held more
than ninety days but not more than one hundred eighty days
after the passage of the joint resolution, or shall call for a
special election to be held for that purpose at the next
special election date, as specified in RCW 29.13.020, that
occurs ninety or more days after the passage of the joint
resolution. The legislative bodies of the cities also shall
notify the county legislative authority of each county in
which the cities are located of the proposed consolidation.
[1985 c 281 § 4.]

35.10.420 Consolidation—Submission of ballot
proposal—Initiation by petition. The submission of a
ballot proposal to the voters of two or more contiguous cities
for the consolidation of these contiguous cities may also be
caused by the filing of a petition with the legislative body of
each such city, signed by the voters of each city in number equal to not less than ten percent of the votes cast at the last general municipal election therein, seeking consolidation of such contiguous cities. A copy of the petition shall be forwarded immediately by each city to the auditor of the county or counties within which that city is located.

The county auditor or auditors shall determine the sufficiency of the signatures in each petition within ten days of receipt of the copies and immediately notify the cities proposed to be consolidated of the sufficiency. If each of the petitions is found to have sufficient valid signatures, the auditor or auditors shall call a special election at which the question of whether such cities shall consolidate shall be submitted to the voters of each of such cities. If a general election is to be held more than ninety days but not more than one hundred eighty days after the filing of the last petition, the question shall be submitted at that election. Otherwise the question shall be submitted at a special election to be called for that purpose at the next special election date, as specified in RCW 29.13.020, that occurs ninety or more days after the date when the last petition was filed.

If each of the petitions is found to have sufficient valid signatures, the auditor or auditors also shall notify the county legislative authority of each county in which the cities are located of the proposed consolidation. Petitions shall conform with the requirements for form prescribed in RCW 35A.01.040, except different colored paper may be used on petitions circulated in the different cities. A legal description of the cities need not be included in the petitions. [1985 c 281 § 5.]

### 35.10.430 Consolidation—Form of government

A joint resolution or petition shall prescribe the form or plan of government of the proposed consolidated city, or shall provide that a ballot proposition to determine the form or plan of government shall be submitted to the voters of the cities proposed to be consolidated. The plans or forms of government include: Mayor/council, council/manager, and commission. If a commission form or plan of government is prescribed or chosen by the voters, the commission shall be subject to chapter 35.17 RCW and the noncharter code city shall be assumed to have had a commission plan or form of government prior to its becoming a noncharter code city, as provided in RCW 35A.02.130. However, three commissioners would be elected at the election provided in RCW 35.10.480. [1985 c 281 § 6.]

### 35.10.440 Consolidation—Assumption of general obligation indebtedness

A joint resolution or a petition may contain a proposal that a general obligation indebtedness of one or more of the cities proposed to be consolidated shall be assumed by the proposed consolidated city, in which event, the joint resolution or petition shall specify the improvement or service for which such general obligation indebtedness was incurred and state the amount of any such indebtedness then outstanding and the rate of interest payable thereon. [1985 c 281 § 7.]

### 35.10.450 Consolidation—Public meetings on proposal—Role of boundary review board

The county legislative authority, or the county legislative authorities jointly, shall set the date, time, and place for one or more public meetings on the proposed consolidation, and name a person or persons to chair the meetings. There shall be at least one public meeting in each county in which one or more of the cities proposed to be consolidated is located. A county legislative authority may name the members of the boundary review board, if one exists in the county, to chair one or more of the public meetings held in that county. In addition to any meeting held by the county, a boundary review board, if requested by a majority of the county legislative authority, may hold a public meeting on proposed consolidation of cities. The meeting shall be limited to receiving comments and written materials from citizens and city officials on the proposed consolidation of that portion of cities located in the county which the boundary review board serves. The record and proceedings of the boundary review board are supplemental and advisory to the consolidation of cities. If a boundary review board meets pursuant to this section, the boundary review board may include, as part of its record, comments pertaining to the probable environmental impact of the proposed consolidation. The record of the meeting and advisory comments of the board, if any, must be filed with the county legislative authority no later than twenty days before the date of the election at which the question of consolidating the cities is presented to the voters. The boundary review board shall not have any authority or jurisdiction on city consolidations under chapter 36.93 RCW. A public meeting shall be held at each specified date, time, and place. The public meetings of the county or the boundary review board shall be held at least twenty but not more than forty-five days before the date of the election at which the question of consolidating the cities is presented to the voters.

At each public meeting, each city proposed to be consolidated shall present testimony and written materials concerning the following topics: (1) The rate or rates of property taxes imposed by the city, and the purposes of these levies; (2) the excise taxes imposed by the city, including the tax bases and rates; and (3) the indebtedness of the city, including general indebtedness, both voter-approved and nonvoter-approved, as well as the city's special indebtedness, such as revenue bond indebtedness. Any interested person, including the officials of the cities proposed to be consolidated, may present information concerning the proposed consolidation and testify for or against the proposed consolidations.

Notice of each public meeting shall be published by the county within whose boundaries the public meeting is held in the normal manner notices of county hearings are published. [1985 c 281 § 8.]

### 35.10.460 Consolidation—Ballot titles

Ballot titles on the questions shall be prepared as provided in *RCW 35A.29.120. If a proposal for assumption of indebtedness is to be submitted to the voters of a city in which the indebtedness did not originate, the proposal shall be separately stated and the ballots shall contain, as a separate proposition to be voted on, the words "For Assumption of Indebtedness" and "Against Assumption of Indebtedness" or words equivalent thereto. If the question of the form or plan of government is to be submitted to the voters, the question shall be
35.10.460  Title 35 RCW: Cities and Towns

separately stated and the ballots shall contain, as a separate proposition to be voted on, the option of a voter to select one of the three forms or plans of government. [1985 c 281 § 9.]

*Reviser's note: RCW 35A.29.120 was repealed by 1994 c 223 § 92.

35.10.470 Consolidation—Canvass of votes. The county canvassing board in each county involved shall canvass the returns in each election. The votes cast in each of such cities shall be canvassed separately, and the statement shall show the whole number of votes cast, the number of votes cast in each city for consolidation, and the number of votes cast in each city against such consolidation. If a proposal for assumption or indebtedness was voted upon in a city in which the indebtedness did not originate, the statement shall show the number of votes cast in such a city for assumption of indebtedness and the number of votes cast against assumption of indebtedness. If a question of the form or plan of government was voted upon, the statement shall show the number of votes cast in each city for each of the optional forms or plans of government. A certified copy of such statement shall be filed with the legislative body of each of the cities proposed to be consolidated.

If it appears from such statement of canvass that a majority of the votes cast in each of the cities were in favor of consolidation, the consolidation shall be authorized and shall be effective when the newly elected legislative body members assume office, as provided in RCW 35.10.480.

If a question of the form or plan of government was voted upon, that form or plan receiving the greatest combined number of votes shall become the form or plan of government for the consolidated city. If two or three of the forms or plans of government received the same highest number of votes, the form or plan of government shall be chosen by lot between those receiving the same highest number, where the mayor of the largest of the cities proposed to be consolidated draws the lot at a public meeting.

If a proposition to assume indebtedness was submitted to voters of a city in which the indebtedness did not originate, the proposition shall be deemed approved if approved by a majority of at least three-fifths of the voters of the city, and the number of persons voting on the proposition constitutes not less than forty percent of the number of votes cast in the city at the last preceding general election. However, if the general indebtedness in question was incurred by action of a city legislative body, a proposition for assuming the indebtedness need only be approved by a simple majority vote of the voters of the city in which such indebtedness did not originate. [1985 c 281 § 10.]

35.10.480 Consolidation—Elections of officials—Effective date of consolidation. If the voters of each of the cities proposed to consolidate approve the consolidation, elections to nominate and elect the elected officials of the consolidated city shall be held at times specified in RCW 35A.02.050. Terms shall be established as if the city is initially incorporating.

The newly elected officials shall take office immediately upon their qualification. The effective date of the consolidation shall be when a majority of the newly elected members of the legislative body assume office. The clerk of the newly consolidated city shall transmit a duly certified copy of an abstract of the votes to authorize the consolidation and of the election of the newly elected city officials to the secretary of state and the office of financial management. [1985 c 281 § 11.]

35.10.490 Consolidation—Name of city. A newly consolidated city shall be known as the city of . . . . (listing the names of the cities that were consolidated in alphabetical order). The legislative body of the newly consolidated city may present another name or two names for the newly consolidated city to the city voters for their approval or rejection at the next municipal general election held after the effective date of the consolidation. If only one alternative name is submitted, this alternative name shall become the name of the consolidated city if approved by a simple majority vote of the voters voting on the question. If two alternative names are submitted, the name receiving the simple majority vote of the voters voting on the question shall become the name of the consolidated city. [1985 c 281 § 12.]

35.10.500 Consolidation—Costs of election and public meetings. If consolidation is authorized, the costs of such election and the public meetings shall be borne by the city formed by such consolidation. If the consolidation is not authorized, the costs of election and the public meetings shall be borne proportionately by each city affected, in that ratio in which the number of inhabitants residing in the total area in which the election was held, as shown by the figures released at the most recent state or federal census or by a determination of the office of financial management. [1985 c 281 § 13.]

35.10.510 Consolidation—Transfer of fire department employees. Upon the consolidation of two or more cities or code cities, any employee of the fire department of the former city or cities who (1) was at the time of consolidation employed exclusively or principally in performing the powers, duties, and functions which are to be performed by the fire department of the consolidated city or code city, as the case may be, (2) will, as a direct consequence of consolidation, be separated from the employ of the former city, code city or town, and (3) can perform the duties and meet the minimum requirements of the position to be filled, then such employee may transfer employment to the fire department of the consolidated city, as provided in this section and RCW 35.10.520 and 35.10.530.

For purposes of this section and RCW 35.10.520 and 35.10.530, employee means an individual whose employment has been terminated because of a consolidation of two or more cities, code cities or towns. [1986 c 254 § 1.]

Effective date—Legislative study—1986 c 254 §§ 1-3: "Sections 1 through 3 of this act shall take effect July 1, 1987. The appropriate committees of the senate and house of representatives shall conduct a study of the transfer rights of employees during the consolidation of cities and code cities and make recommendations to the legislature at the start of the 1987 legislative session." [1986 c 254 § 16.]

35.10.520 Consolidation—Transfer of fire department employees—Rights and benefits. (1) An eligible employee may transfer into the civil service system of the

Severability—Effective dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35.13.173  Determination by review board—Factors considered—Filing of findings. The review board shall by majority action, within three months, determine whether the property proposed to be annexed is of such character that such annexation would be in the public interest and for the public welfare, and in the best interest of the city, county, and other political subdivisions affected. The governing officials of the city, county, and other political subdivisions of the state shall assist the review board insofar as their offices can, and all relevant information and records shall be furnished by such offices to the review board. In making their determination the review board shall be guided, but not limited, by their findings with respect to the following factors:

(1) The immediate and prospective populations of the area to be annexed;
(2) The assessed valuation of the area to be annexed, and its relationship to population;
(3) The history of and prospects for construction of improvements in the area to be annexed;
(4) The needs and possibilities for geographical expansion of the city;
(5) The present and anticipated need for governmental services in the area proposed to be annexed, including but not limited to water supply, sewage and garbage disposal, zoning, streets and alleys, curbs, sidewalks, police and fire protection, playgrounds, parks, and other municipal services, and transportation and drainage;
(6) The relative capabilities of the city, county, and other political subdivisions to provide governmental services when the need arises;
(7) The existence of special districts except school districts within the area proposed to be annexed, and the impact of annexation upon such districts;
(8) The elimination of isolated unincorporated areas existing without adequate economical governmental services;
(9) The immediate and potential revenues that would be derived by the city as a result of annexation, and their relation to the cost of providing service to the area.

Whether the review board determines for or against annexation, its reasons therefor, along with its findings on the specified factors and other material considerations shall:

(1) In the case of a petition signed by registered voters calling for an election on annexation, be filed with the board of county commissioners;
(2) In the case of a resolution of a city or town initiating annexation proceedings pursuant to RCW 35.13.015, be filed with the board of county commissioners.

Such findings need not include specific data on every point listed, but shall indicate that all factors were considered.

A favorable determination by the review board is an essential condition precedent to the annexation of territory to a city or town under either the resolution method pursuant to RCW 35.13.015, or under the twenty percent annexation petition under the election method. [1973 1st ex.s. c 164 § 16; 1965 c 7 § 35.13.173. Prior: 1961 c 282 § 4.]

35.13.174  Date for annexation election if review board's determination favorable. Upon receipt by the board of county commissioners of a determination by a majority of the review board favoring annexation of the proposed area that has been initiated by resolution pursuant to RCW 35.13.015 by the city or town legislative body, the board of county commissioners shall fix a date on which an annexation election shall be held, which date will be not less than thirty days nor more than sixty days thereafter. [1973 1st ex.s. c 164 § 17; 1965 c 7 § 35.13.174. Prior: 1961 c 282 § 5.]

35.13.176  Territory subject to annexation proposal—When annexation by another city or incorporation allowed. After a petition proposing an annexation by a city or town is filed with the city or town or the governing body of the city or town, or after a resolution proposing an annexation by a city or town has been adopted by the city or town governing body, no territory included in the proposed annexation may be annexed by another city or town or incorporated into a city or town unless:

(1) The boundary review board modifies the boundaries of the proposed annexation and removes the territory; (2) the boundary review board or review board created under RCW 35.13.171 rejects the proposed annexation; or (3) the city or town governing body rejects the proposed annexation or voters defeat the ballot proposition authorizing the annexation. [1994 c 216 § 7.]

35.13.177  Comprehensive land use plan for area to be annexed—Contents—Purpose. The legislative body of any city or town acting through a planning commission created pursuant to chapter 35.63 RCW, or pursuant to its granted powers, may prepare a comprehensive land use plan to become effective upon the annexation of any area which might reasonably be expected to be annexed by the city or town at any future time. Such comprehensive plan, to the extent deemed reasonably necessary by the legislative body to be in the interest of health, safety, morals and the general welfare may provide, among other things, for:

(1) The regulation and restriction within the area to be annexed of the location and the use of buildings, structures and land for residence, trade, industrial and other purposes; the height, number of stories, size, construction and design of buildings and other structures; the size of yards, courts and other open spaces on the lot or tract; the density of population; the set-back of buildings along highways, parks or public water frontages; and the subdivision and development of land;
(2) The division of the area to be annexed into districts or zones of any size or shape, and within such districts or zones regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land;
(3) The appointment of a board of adjustment, to make, in appropriate cases and subject to appropriate conditions and safeguards established by ordinance, special exceptions
in harmony with the general purposes and intent of the comprehensive plan; and

(4) The time interval following an annexation during which the ordinance or resolution adopting any such plan or regulations, or any part thereof must remain in effect before it may be amended, supplemented or modified by subsequent ordinance or resolution adopted by the annexing city or town.

All such regulations and restrictions shall be designed, among other things, to encourage the most appropriate use of land throughout the area to be annexed; to lessen traffic congestion and accidents; to secure safety from fire; to provide adequate light and air; to prevent overcrowding of land; to avoid undue concentration of population; to promote a coordinated development of the unbuilt areas; to encourage the formation of neighborhood or community units; to secure and restore natural beauty and other natural resources; to facilitate the adequate provision of transportation, water, sewerage and other public uses and requirements. [1965 ex.s. c 88 § 1.]

35.13.178 Comprehensive land use plan for area to be annexed—Hearings on proposed plan—Notice—Filing. The legislative body of the city or town shall hold two or more public hearings, to be held at least thirty days apart, upon the proposed comprehensive plan, giving notice of the time and place thereof by publication in a newspaper of general circulation in the annexing city or town and the area to be annexed. A copy of the ordinance or resolution adopting or embodying such proposed plan or any part thereof or any amendment thereto, duly certified as a true copy by the clerk of the annexing city or town, shall be filed with the county auditor. A like certified copy of any map or plat referred to or adopted by the ordinance or resolution shall likewise be filed with the county auditor. The auditor shall record the ordinance or resolution and keep on file the map or plat. [1965 ex.s. c 88 § 2.]

35.13.180 Annexation for municipal purposes. City and town councils of second class cities and towns may by a majority vote annex new unincorporated territory outside the city or town limits, whether contiguous or noncontiguous for park, cemetery, or other municipal purposes when such territory is owned by the city or town or all of the owners of the real property in the territory give their written consent to the annexation. [1994 c 81 § 11; 1983 1st ex.s. c 68 § 1; 1981 c 332 § 4; 1965 c 7 § 35.13.180. Prior: 1907 c 228 § 4; RRS § 9202.]

35.13.225 Annexation of fire districts—Transfer of employees—Rights and benefits. (1) An eligible employee may transfer into the civil service system of the city, code city, or town fire department by filing a written request with the city, code city, or town civil service commission and by giving written notice thereof to the board of commissioners of the fire protection district. Upon receipt of such request by the civil service commission the transfer of employment shall be made. The employee so transferring will (a) be on probation for the same period as are new employees of the city, code city, or town fire department in the position filled, but if the transferring employee has already completed a probationary period as a fire fighter prior to the transfer, then the employee may only be terminated during the probationary period for failure to adequately perform assigned duties, not meeting the minimum qualifications of the position, or behavior that would otherwise be subject to disciplinary action, (b) be eligible for promotion no later than after completion of the probationary period, (c) receive a salary at least equal to that of other new employees of the city, code city, or town fire department in the position filled, and (d) in all other matters, such as retirement, sick leave, and vacation, have, within the city, code city, or town civil service system, all the rights, benefits, and privileges to which he or she would have been entitled as a member of the city, code city, or town fire department from the beginning of employment with the fire protection district: PROVIDED, That for purposes of layoffs by the annexing fire agency, only the time of service accrued with the annexing agency shall apply unless an agreement is reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies. The board of commissioners of the fire protection district shall, upon receipt of such notice, transmit to any applicable civil service commission a record of the employee's service with the fire protection district which shall be credited to such employee as a part of the period of employment in the city, code city, or town fire department. All accrued benefits are transferable provided that the recipient agency provides comparable benefits. 35.13.300 Boundary line adjustment—Purpose—Definition. The purpose of RCW 35.13.300 through 35.13.330 is to establish a process for the adjustment of existing or proposed city boundary lines to avoid a situation where a common boundary line is or would be located within a right of way of a public street, road, or highway, or a situation where two cities are separated or would be separated by only the right of way of a public street, road, or highway, other than situations where a boundary line runs from one edge of the right of way to the other edge of the right of way.

As used in RCW 35.13.300 through 35.13.330, "city" includes every city or town in the state, including a code city operating under Title 35A RCW. [1989 c 84 § 12.]

35.13.310 Boundary line adjustment—Agreement—Not subject to review. (1) This section provides a method to adjust the boundary lines between two cities where the two cities share a common boundary within a right of way of a public street, road, or highway, or the two cities have a portion of their boundaries separated only by all or part of the right of way of a public street, road, or highway. However, this section does not apply to situations where a boundary line runs from one edge of the right of way to the other edge of the right of way.

(2) The councils of any two cities in a situation described in subsection (1) of this section may enter into an agreement to alter those portions of their boundaries that are necessary to eliminate this situation and create a partial common boundary on either edge of the right of way of the public street, road, or highway. An agreement made under this section shall include only boundary line adjustments between the two cities that are necessary to eliminate the situation described in subsection (1) of this section.

A boundary line adjustment under this section is not subject to potential review by a boundary review board. [1989 c 84 § 13.]

35.13.320 Boundary line adjustment—When adjustment required—Limitation—Not subject to review. The councils of any two cities that will be in a situation
described in RCW 35.13.310(1) as the result of a proposed annexation by one of the cities may enter into an agreement to adjust those portions of the annexation proposal and the boundaries of the city that is not proposing the annexation. Such an agreement shall not be effective unless the annexation is made.

The annexation proposal shall proceed if such an agreement were not made, but any resulting boundaries between the two cities that meet the descriptions of RCW 35.13.310(1) shall be adjusted by agreement between the two cities within one hundred eighty days of the effective date of the annexation, or the county legislative authority of the county within which the right of way is located shall adjust the boundaries within a sixty-day period immediately following the one hundred eightieth day.

An agreement or adjustment made by a county under this section shall include only boundary line adjustments between the two cities that are necessary to eliminate the situation described in RCW 35.13.310(1).

A boundary line adjustment under this section is not subject to potential review by a boundary review board. [1989 c 84 § 14.]

35.13.330 Boundary line adjustment—Agreement pending incorporation—Limitation—Not subject to review. (1) The purpose of this section is to avoid situations arising where the boundaries of an existing city and a newly incorporated city would create a situation described in RCW 35.13.310(1).

(2) A boundary review board that reviews the boundaries of a proposed incorporation may enter into an agreement with the council of a city, that would be in a situation described in subsection (1) of this section as the result of a proposed incorporation of a city, to adjust the boundary line of the city and those of the city proposed to be incorporated to avoid this situation described in subsection (1) of this section if the incorporation were to be approved by the voters. Such an agreement shall not be effective unless the incorporation occurs.

The incorporation proposal shall proceed if such an agreement were not made, but any resulting boundaries between the two cities that meet a situation described in RCW 35.13.310(1) shall be adjusted by agreement between the two cities within one hundred eighty days of the official date of the incorporation, or the county legislative authority of the county within which the right of way is located shall adjust the boundaries within a sixty-day period immediately following the one hundred eightieth day.

An agreement or adjustment made by a county under this section shall include only boundary line adjustments between the two cities that are necessary to eliminate the situation described in RCW 35.13.310(1).

A boundary line adjustment under this section is not subject to potential review by a boundary review board. [1989 c 84 § 15.]

35.13.340 Boundary line adjustment—Inclusion or exclusion of remaining portion of parcel—When subject to review—Definition. The boundaries of a city shall be adjusted to include or exclude the remaining portion of a parcel of land located partially within and partially without *of the boundaries of that city upon the governing body of the city adopting a resolution approving such an adjustment that was requested in a petition signed by the owner of the parcel. A boundary adjustment made pursuant to this section shall not be subject to potential review by the boundary review board of the county within which the parcel is located if the remaining portion of the parcel to be included or excluded from the city is located in the unincorporated area of the county and the adjustment is approved by resolution of the county legislative authority or in writing by a county official or employee of the county who is designated by ordinance of the county to make such approvals.

Where part of a single parcel of land is located within the boundaries of one city, and the remainder of the parcel is located within the boundaries of a second city that is located immediately adjacent to the first city, the boundaries of the two cities may be adjusted so that all of the parcel is located within either of the cities, if the adjustment was requested in a petition signed by the property owner and is approved by both cities. Approval by a city may be through either resolution of its city council, or in writing by an official or employee of the city who has been designated by ordinance of the city to make such approvals. Such an adjustment is not subject to potential review by the boundary review board of the county in which the parcel is located.

Whenever a portion of a public right of way is located on such a parcel, the boundary adjustment shall be made in such a manner as to include all or none of that portion of the public right of way within the boundaries of the city.

As used in this section, "city" shall include any city or town, including a code city. [1989 c 84 § 24.]

*Reviser's note: The word "of" appears to be unnecessary.

35.13.350 Providing annexation information to public. A city or town can provide factual public information on the effects of a pending annexation proposed for the city or town. [1989 c 351 § 8.]

35.13.360 Transfer of county sheriff's employees—When authorized. When any portion of an unincorporated area of a county is to be annexed or incorporated into a city, code city, or town, any employee of the sheriff's office of the county may transfer his or her employment to the police department of the city, code city, or town as provided in RCW 35.13.360 through 35.13.400 if the employee: (1) Was, at the time the annexation or incorporation occurred, employed exclusively or principally in performing the powers, duties, and functions of the county sheriff's office; (2) will, as a direct consequence of the annexation or incorporation, be separated from the employ of the county; and (3) can perform the duties and meets the city's, code city's

[Title 35 RCW—page 38] (1994 Ed.)
or town’s minimum standards and qualifications of the position to be filled within their police department.

Nothing in this section or RCW 35.13.380 requires a city, code city, or town to accept the voluntary transfer of employment of a person who will not be laid off due to his or her seniority status. [1993 c 189 § 3.]

35.13.380 Transfer of county sheriff’s employees—Conditions, limitations. (1) An eligible employee under RCW 35.13.370 may transfer into the civil service system for the police department by filing a written request with the civil service commission of the affected city, code city, or town and by giving written notice thereof to the legislative authority of the county. Upon receipt of such request by the civil service commission the transfer shall be made. The employee so transferring will: (a) Be on probation for the same period as are new employees in the same classification of the police department; (b) be eligible for promotion after completion of the probationary period in compliance with existing civil service rules pertaining to lateral transfers based upon combined service time; (c) receive a salary at least equal to that of other new employees in the same classification of the police department; and (d) in all other matters, such as sick leave and vacation, have, within the civil service system, all the rights, benefits, and privileges that the employee would have been entitled to had he or she been a member of the police department from the beginning of his or her employment with the county. The county is responsible for compensating an employee for benefits accrued while employed with the sheriff’s office unless a different agreement is reached between the county and the city, code city, or town. No accrued benefits are transferable to the recipient agency unless the recipient agency agrees to accept the accrued benefits. All benefits shall then accrue based on the combined seniority of each employee in the recipient agency. The county shall, upon receipt of such notice, transmit to the civil service commission a record of the employee’s service with the county which shall be credited to the employee as a part of his or her period of employment in the police department. For purposes of layoffs by the city, code city, or town, only the time of service accrued with the city, code city, or town shall apply unless an agreement is reached between the collective bargaining representatives of the police department and sheriff’s office employees and the police department and sheriff’s office.

(2) Only as many of the transferring employees shall be placed upon the payroll of the police department as the city, code city, or town determines are needed to provide an adequate level of law enforcement service. The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in RCW 35.13.360 through 35.13.400 shall head the list of their respective class or job listing exclusive of rank in the civil service system in order of their seniority, so that they shall be the first to be employed in the police department as vacancies become available. Employees who are not immediately hired by the city, code city, or town shall be placed on a reemployment list for a period not to exceed thirty-six months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the police department and sheriff’s office employees and the police department and sheriff’s office. The county sheriff’s office must rehire former employees who are placed on the city’s reemployment list before it can hire anyone else to perform the same duties previously performed by these employees who were laid off.

(3) The thirty-six month period contained in subsection (2) of this section shall commence:

(a) On the effective date of the annexation in cases of annexation; and

(b) On the date when the city creates its own police department in cases of incorporation.

(4) The city, code city, or town shall retain the right to select the police chief regardless of seniority. [1993 c 189 § 4.]

35.13.390 Transfer of county sheriff’s employees—Rules. In addition to its other duties prescribed by law, the civil service commission shall make rules necessary to provide for the orderly integration of employees of a county sheriff’s office to the police department of the city, code city, or town pursuant to RCW 35.13.360 through 35.13.400. [1993 c 189 § 5.]

35.13.400 Transfer of county sheriff’s employees—Notification of right to transfer—Time for filing transfer request. When any portion of an unincorporated area of a county is to be annexed or incorporated into a city, code city, or town and layoffs will result in the county sheriff’s office, employees so affected shall be notified of their right to transfer. The affected employees shall have ninety days after the commencement of the thirty-six month period as specified in RCW 35.13.380(3) to file a request to transfer their employment to the police department of the city, code city, or town under RCW 35.13.360 through 35.13.400. [1993 c 189 § 6.]

35.13A.010 Definitions. Whenever used in this chapter, the following words shall have the following meanings:

(1) The word "district" shall mean a water district or sewer district as indicated by the context of the section in which used.

(2) The word "city" shall mean a city or town of any class and shall also include any code city as defined in chapter 35A.01 RCW.

(3) The words "included with" shall mean the inclusion of all or part of the territory of a district, as indicated by the context, within the corporate limits of a city either by incorporation of a city, annexation to a city, consolidation of cities or any combination thereof.

(4) The word "indebtedness" shall include general obligation, revenue, and special indebtedness and temporary, emergency, and interim loans. [1971 ex.s. c 95 § 1.]

35.13A.020 Assumption authorized—Disposition of properties and rights—Outstanding indebtedness—Management and control. Whenever all of the territory of a water district or sewer district is included within the corporate boundaries of a city, and the city legislative body has elected by resolution or ordinance to assume jurisdiction thereof, all real and personal property, franchises, rights, assets, taxes levied but not collected for the district for other than indebtedness, water and sewer lines, and all other facilities and equipment of the district shall become the property of such city subject to all financial, statutory, or contractual obligations of the district for the security or performance of which such property may have been pledged. Such city, in addition to its other powers, shall have the power to manage, control, maintain and operate such property, facilities and equipment and to fix and collect service and other charges from owners and occupants of properties so served by the city, subject, however, to any outstanding indebtedness, bonded or otherwise, of the district payable from taxes, assessments or revenues of any kind of nature and to any other contractual obligations of the district.

Such city may by resolution of its legislative body, assume the obligation of paying such district indebtedness and of levying and of collecting or causing to be collected such district taxes, assessments and utility rates and charges of any kind or nature to pay and secure the payment of such indebtedness, according to all of the terms, conditions and covenants incident to such indebtedness, and shall assume and perform all other outstanding contractual obligation of the district in accordance with all of its terms, conditions and covenants. No such assumption shall be deemed to impair the obligation of any indebtedness or other contractual obligation entered into after August 9, 1971. During the period until the outstanding indebtedness of the district has been discharged, the city may elect to proceed under the provisions of RCW 35.13A.020 shall be operative; or the city may proceed directly under the provisions of RCW 35.13A.050. [1971 ex.s. c 95 § 3.]

35.13A.030 Assumption of control if sixty percent or more of area or valuation within city. Whenever a portion of a water district or sewer district equal to at least sixty percent of the area or sixty percent of the assessed valuation of the real property lying within such district, is included within the corporate boundaries of a city, the city may assume by ordinance the full and complete management and control of that portion of the entire district not included within another city, whereupon the provisions of RCW 35.13A.020 shall be operative; or the city may proceed directly under the provisions of RCW 35.13A.050. [1971 ex.s. c 95 § 4.]

35.13A.040 Assumption of control if less than sixty percent of area or valuation within city. Whenever the portion of a water or sewer district included within the corporate boundaries of a city is less than sixty percent of the area of the district and less than sixty percent of the assessed valuation of the real property existing and unpaid on the date such city elects to assume the indebtedness. Any funds received by the city which have been collected for the purpose of paying any bonded or other indebtedness of the district, shall be used for the purpose for which they were collected and for no other purpose. Any outstanding indebtedness shall be paid as provided in the bond covenants. All funds of the district on deposit with the county treasurer at the time of title transfer shall be used by the city solely for the benefit of the utility and shall not be transferred to or used for the benefit of the city's general fund. [1971 ex.s. c 95 § 2.]

35.13A.050 Territory containing facilities within or without city—Duties of city or district—Rates and charges—Assumption of responsibility—Outstanding indebtedness—Properties and rights. When electing under RCW 35.13A.030 or 35.13A.040 to proceed under this section, the city may assume, by ordinance, jurisdiction of the district's responsibilities, property, facilities and equipment within the corporate limits of the city: PROVIDED, That if on the effective date of such an ordinance the territory of the district included within the city contains any
facilities serving or designed to serve any portion of the district outside the corporate limits of the city or if the territory lying within the district and outside the city contains any facilities serving or designed to serve territory included within the city (which facilities are hereafter in this section called the "serving facilities"), the city or district shall for the economically useful life of any such serving facilities make available sufficient capacity therein to serve the sewage or water requirements of such territory, to the extent that such facilities were designed to serve such territory at a rate charged to the municipality being served which is reasonable to all parties.

In the event a city proceeds under this section, the district may elect upon a favorable vote of a majority of all voters within the district voting upon such propositions to require the city to assume responsibility for the operation and maintenance of the district's property, facilities and equipment throughout the entire district and to pay the city a charge for such operation and maintenance which is reasonable under all the circumstances.

A city acquiring property, facilities and equipment under the provisions of this section shall acquire such property, facilities and equipment, and fix and collect service and other charges from owners and occupants of properties served by the city, subject, to any contractual obligations of the district which relate to the property, facilities, or equipment so acquired by the city or which are secured by taxes, assessments or revenues from the territory of the district included within the city. In such cases, the property included within the city and the owners and occupants thereof shall continue to be liable for payment of its and their proportionate share of any outstanding district indebtedness. The district and its officers shall continue to levy taxes and assessments on and to collect service and other charges from such property, or owners or occupants thereof, to enforce such collections, and to perform all other acts necessary to insure performance of the district's contractual obligations in the same manner and by the same means as if the territory of the district had not been included within the boundaries of a city. [1971 ex.s. c 95 § 5.]

35.13A.060 District in more than one city—Assumption of responsibilities—Duties of cities. Whenever more than one city, in whole or in part, is included within a water district or sewer district, the city which has within its boundaries sixty percent or more of the area of the assessed valuation of the district (in this section referred to as the "principal city") may, with the approval of any other city containing part of such district, assume responsibility for operation and maintenance of the district's property, facilities and equipment within such other city and make and enforce such charges for operation, maintenance and retirement of indebtedness as may be reasonable under all the circumstances.

Any other city having less than sixty percent in area or assessed valuation of such district, within its boundaries may install facilities and create local improvement districts or otherwise finance the cost of installation of such facilities and if such facilities have been installed in accordance with reasonable standards fixed by the principal city, such other city may connect such facilities to the utility system of such district operated by the principal city upon providing for payment by the owners or occupants of properties served thereby, of such charges established by the principal city as may be reasonable under the circumstances. [1971 ex.s. c 95 § 6.]

35.13A.070 Contracts. Notwithstanding any provision of this chapter to the contrary, one or more cities and one or more water districts or sewer districts may, through their legislative authorities, authorize a contract with respect to the rights, powers, duties and obligation of such cities, or districts with regard to the use and ownership of property, the providing of services, the maintenance and operation of facilities, allocation of cost, financing and construction of new facilities, application and use of assets, disposition of liabilities and debts, the performance of contractual obligations and any other matters arising out of the inclusion, in whole or in part, of the district or districts within any city or cities. The contract may provide for the furnishing of services by any party thereto and the use of city or district facilities or real estate for such purpose, and may also provide for the time during which such district or districts may continue to exercise any rights, privileges, powers and functions provided by law for such district or districts as if the district or districts or portions thereof were not included within a city, including but not by way of limitation, the right to promulgate rules and regulations, to levy and collect special assessments, rates, charges, service charges and connection fees, and to adopt and carry out the provisions of a comprehensive plan, and amendments thereto, for a system of improvements and to issue general obligation bonds or revenue bonds in the manner provided by law. The contract may provide for the transfer to a city of district facilities, property, rights and powers as provided in RCW 35.13A.030 and 35.13A.050, whether or not sixty percent of the area or assessed valuation of real estate lying within the district or districts is included within such city. The contract may provide that any party thereto may authorize, issue and sell revenue bonds to provide funds for new water or sewer improvements or to refund any water revenue, sewer revenue or combined water and sewer revenue bonds outstanding of any city, or district which is a party to such contract if such refunding is deemed necessary, providing such refunding will not increase interest costs. The contract may provide that any party thereto may authorize issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions and covenants as the outstanding bonds of any other party to the contract, and such new bonds may be substituted or exchanged for such outstanding bonds: PROVIDED, That no such exchange or substitution shall be effected in such a manner as to impair the obligation or security of any such outstanding bonds. [1971 ex.s. c 95 § 7.]

35.13A.080 Dissolution of water district or sewer district. In any of the cases provided for in RCW 35.13A.020, 35.13A.030, and 35.13A.050, and notwithstanding any other method of dissolution provided by law, dissolution proceedings may be initiated by either the city or the district, or both, when the legislative body of the city and
the governing body of the district agree to, and petition for, dissolution of the district.

The petition for dissolution shall be signed by the chief administrative officer of the city and the district, upon authorization of the legislative body of the city and the governing body of the district, respectively and such petition shall be presented to the superior court of the county in which the city is situated.

If the petition is thus authorized by both the city and district, and title to the property, facilities and equipment of the district has passed to the city pursuant to action taken under this chapter, all indebtedness and local improvement district or utility local improvement district assessments of the district have been discharged or assumed by and transferred to the city, and the petition contains a statement of the distribution of assets and liabilities mutually agreed upon by the city and the district and a copy of the agreement between such city and the district is attached thereto, a hearing shall not be required and the court shall, if the interests of all interested parties have been protected, enter an order dissolving the district.

In any of the cases provided for in RCW 35.13A.020 and 35.13A.030, if the petition for an order of dissolution is signed on behalf of the city alone or the district alone, or there is no mutual agreement on the distribution of assets and liabilities, the superior court shall enter an order fixing a hearing date not less than sixty days from the day the petition is filed, and the clerk of the court of the county shall give notice of such hearing by publication in a newspaper of general circulation in the district once a week for three successive weeks and by posting in three public places in the district at least twenty-one days before the hearing. The notice shall set forth the filing of the petition, its purposes, and the date and place of hearing thereon.

After the hearing the court shall enter its order with respect to the dissolution of the district. If the court finds that such district should be dissolved and the functions performed by the city, the court shall provide for the transfer of assets and liabilities to the city. The court may provide for the dissolution of the district upon such conditions as the court may deem appropriate. A certified copy of the court order dissolving the district shall be filed with the county auditor. If the court does not dissolve the district, it shall state the reasons for declining to do so. [1971 ex.s.c 95 § 8.]

35.13A.090 Employment and rights of district employees. Whenever a city acquires all of the facilities of a water district or sewer district, pursuant to this chapter, such a city shall offer to employ every full time employee of the district who is engaged in the operation of such a district’s facilities on the date on which such city acquires the district facilities. When a city acquires any portion of the facilities of such a district, such a city shall offer to employ full time employees of the district as of the date of the acquisition of the facilities of the district who are not longer needed by the district.

Whenever a city employs a person who was employed immediately prior thereto by the district, arrangements shall be made:

1. For the retention of service credits under the pension plan of the district pursuant to *RCW 41.04.070 through 41.04.110.
2. For the retention of all sick leave standing to the employee’s credit in the plan of such district.
3. For a vacation with pay during the first year of employment equivalent to that to which he would have been entitled if he had remained in the employment of the district. [1971 ex.s.c 95 § 9.]

*Reviser’s note: RCW 41.04.070 through 41.04.100 were repealed by 1980 c 29 § 3.

35.13A.100 Assumption of substandard water system—Limited immunity from liability. A city assuming responsibility for a water system that is not in compliance with state or federal requirements for public drinking water systems, and its agents and employees, are immune from lawsuits or causes of action, based on noncompliance with state or federal requirements for public drinking water systems, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the city has submitted and is complying with a plan and schedule of improvements approved by the department of health. This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 5.]

35.13A.900 Severability—1971 ex.s.c 95. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1971 ex.s.c 95 § 12.]

Upon annexation or consolidation, pending the effective enactment or amendment of a zoning or land use control ordinance, without disapproval of the community municipal corporation, affecting land, buildings, or structures within a community municipal corporation, the zoning ordinance, resolution or land use controls applicable to the annexed or consolidated area, prior to the annexation or consolidation, shall remain in effect within the community municipal corporation and be enforced by the city to which the area is annexed or consolidated.

Whenever the comprehensive plan of the city, insofar as it affects the area of the community municipal corporation has been submitted as part of an annexation proposition and approved by the voters of the area proposed for annexation pursuant to *chapter 88, Laws of 1965 extraordinary session, such action shall have the same force and effect as approval by the community council of the comprehensive plan, zoning ordinance and subdivision ordinance. [1967 c 73 § 4.]

35.14.060 Original term of existence of community municipal corporation—Continuation of existence—Procedure. The original terms of existence of any community municipal corporation shall be for at least four years and until the first Monday in January next following a regular municipal election held in the city.

Any such community municipal corporation may be continued thereafter for additional periods of four years' duration with the approval of the voters at an election held and conducted in the manner provided for in this section.

Authorization for a community municipal corporation to continue its term of existence for each additional period of four years may be initiated pursuant to a resolution or a petition in the following manner:

1. A resolution praying for such continuation may be adopted by the community council and shall be filed not less than seven months prior to the end of the term of existence of such corporation with the city council or other legislative body of the city in which the service area is located.

The positions on such council shall be the same in number as the original or initial council and shall be numbered consecutively and elected at large. Declarations of candidacy and withdrawals shall be in the same manner as is provided for members of the city council or other legislative body of the city.

Upon receipt of a petition, the city clerk shall examine the signatures thereon and certify to the sufficiency thereof. No person may withdraw his name from a petition after it has been filed.

Upon receipt of a valid resolution or upon duly certifying a petition for continuation of a community municipal corporation, the city clerk with whom the resolution or petition was filed shall cause a proposition on continuation of the term of existence of the community municipal corporation to be placed on the ballot at the next city general election. No person shall be eligible to vote on such proposition at such election unless he is a qualified voter and resident of the service area.

The names of all candidates to be voted upon shall be printed on the ballot alphabetically in groups under the numbered position on the council for which they are candidates.

If the results of the election as certified by the county canvassing board reveal that a majority of the votes cast are for continuation, the municipal corporation shall continue in existence for an additional period of four years, and certificates of election shall be issued to the successful candidates who shall assume office at the same time as members of the city council or other legislative body of the city. The ordinance creating the fund shall designate the official or body that is to administer the fund and the terms and charges for the rental for the use of any such property which has not been purchased for its own use out of its own funds and may from time to time amend such ordinance.

There shall be paid monthly into the fund out of the moneys available to the department using any equipment, materials, and/or supplies, which have not been purchased by
that department for its own use and out of its own funds, reasonable rental charges fixed by the legislative authority of the city or town, and moneys in the fund shall be retained there from year to year so long as the legislative authority of the city or town desires to do so.

A city or town may provide for solid waste handling by or under the direction of officials and employees of the city or town or may award contracts for any service related to solid waste handling including contracts entered into under RCW 35.21.152. Contracts for solid waste handling may provide that a city or town provide for a minimum periodic fee or other method of compensation in consideration of the operational availability of a solid waste handling system, plant, site, or other facility at a specified minimum level, without regard to the ownership of the system, plant, site, or other facility, or the amount of solid waste actually handled during all or any part of the contract period. When a minimum level of solid waste is specified in a contract for solid waste handling, there shall be a specific allocation of financial responsibility in the event the amount of solid waste handled falls below the minimum level provided in the contract.

As used in this chapter, the terms "solid waste" and "solid waste handling" shall be as defined in RCW 70.95.030. [1989 c 399 § 1; 1986 c 282 § 18; 1965 c 7 § 35.21.120. Prior: 1943 c 270 § 1, part; Rem. Supp. 1943 § 9504-1, part.]

(2) Fix charges for solid waste collection and disposal, recyclable materials collection and disposal, or both, and the manner and time of payment therefor including therein a provision that upon failure to pay the charges, the amount thereof shall become a lien against the property for which the solid waste or recyclable materials collection service is rendered. The ordinance may also provide penalties for its violation. [1989 c 431 § 51; 1965 c 7 § 35.21.130. Prior: 1943 c 270 § 1, part; Rem. Supp. 1943 § 9504-1, part.]

(1) Each city or town providing by ordinance or resolution a reduced solid waste collection rate to residents participating in a residential curbside recycling program implemented under RCW 70.95.090, may provide a similar reduced rate to residents participating in any other recycling program, if such program is approved by the jurisdiction. Nothing in this section shall be interpreted to reduce the authority of a city to adopt ordinances under RCW 35.21.130(1).
(2) For the purposes of this section, "reduced rate" means a residential solid waste collection rate incorporating a rebate, refund, or discount. Reduced rate shall not include residential solid waste collection rate based on the volume or weight of solid waste set out for collection. [1991 c 319 § 404.]

Severability—Part headings not law—1991 c 319: See RCW 70.95F.900 and 70.95F.901.

35.21.140 Garbage—Notice of lien—Foreclosure. A notice of the city’s or town’s lien for garbage collection and disposal service specifying the charges, the period covered by the charges and giving the legal description of the premises owned to be charged, shall be filed with the county auditor within the time required and shall be foreclosed in the manner and within the time prescribed for liens for labor and material. [1965 c 7 § 35.21.140. Prior: 1943 c 270 § 1; part; Rem. Supp. 1943 § 9504-1, part.]

The garbage collection and disposal service lien shall be prior to all liens and encumbrances filed subsequent to the filing of the notice of it with the county auditor, except the lien of general taxes and local improvement assessments whether levied prior or subsequent thereto. [1965 c 7 § 35.21.150. Prior: 1943 c 270 § 1; part; Rem. Supp. 1943 § 9504-1, part.]

A city or town may enter into agreements with public or private parties to: (1) Construct, lease, purchase, acquire, manage, maintain, utilize, or operate publicly or privately owned or operated solid waste handling systems, plants, sites, or other facilities; (2) establish rates and charges for those systems, plants, sites, or other facilities; (3) designate particular publicly or privately owned or operated systems, plants, sites, or other facilities as disposal sites; and (4) sell the materials or products of those systems, plants, or other facilities. Any agreement entered into shall be for such term and under such conditions as may be determined by the legislative authority of the city or town. [1989 c 399 § 2; 1977 ex.s. c 164 § 1; 1975 1st ex.s. c 208 § 1.]

35.21.154 Solid waste—Compliance with chapter 70.95 RCW required. Nothing in RCW 35.21.152 will relieve a city or town of its obligations to comply with the requirements of chapter 70.95 RCW. [1989 c 399 § 3; 1975 1st ex.s. c 208 § 3.]

35.21.156 Solid waste—Contracts with vendors for solid waste handling systems, plants, sites, or facilities—Requirements—Vendor selection procedures. (1) Notwithstanding the provisions of any city charter, or any law to the contrary, and in addition to any other authority provided by law, the legislative authority of a city or town may contract with one or more vendors for one or more of the design, construction, or operation of, or other service related to, the systems, plants, sites, or other facilities for solid waste handling in accordance with the procedures set forth in this section. Solid waste handling systems, plants, sites, or other facilities constructed, purchased, acquired, leased, added to, altered, extended, maintained, managed, utilized, or operated pursuant to this section, RCW 35.21.120 and 35.21.152, whether publicly or privately owned, shall be in substantial compliance with the solid waste management plan applicable to the city or town adopted pursuant to chapter 70.95 RCW. Agreements relating to such solid waste handling systems, plants, sites, or other facilities may be for such term and may contain such covenants, conditions, and remedies as the legislative authority of a city or town may deem necessary or appropriate. When a contract for design services is entered into separately from other services permitted under this section, procurement shall be in accordance with chapter 39.80 RCW.

(2) If the legislative authority of the city or town decides to proceed with the consideration of qualifications or proposals for services from vendors, the city or town shall publish notice of its requirements and request submission of qualifications statements or proposals. The notice shall be published in the official newspaper of the city or town at least once a week for two weeks not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice shall state in summary form (a) the general scope and nature of the design, construction, operation, or other service, (b) the name and address of a representative of the city or town who can provide further details, (c) the final date for the submission of qualifications statements or proposals, (d) an estimated schedule for the consideration of qualifications, the selection of vendors, and the negotiation of a contract or contracts for services, (e) the location at which a copy of any request for qualifications or request for proposals will be made available, and (f) the criteria established by the legislative authority to select a vendor or vendors, which may include but shall not be limited to the vendor’s prior experience, including design, construction, or operation of similar facilities; respondent’s management capability, schedule, availability and financial resources; cost of the services, nature of facility design proposed by the vendor; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public; project performance guarantees; penalty and other enforcement provisions; environmental protection measures to be used; consistency with the applicable comprehensive solid waste management plan; and allocation of project risks.

(3) If the legislative authority of the city or town decides to proceed with the consideration of qualifications or proposals, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The legislative authority or representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or may request detailed proposals without having
first received and evaluated qualifications statements. The legislative authority or its representative shall evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the legislative authority of the city or town, discussions and interviews shall be held with at least two vendors. Any revisions to a request for qualifications or request for proposals shall be made available to all vendors then under consideration by the city or town and shall be made available to any other person who has requested receipt of that information.

(4) Based on criteria established by the legislative authority of the city or town, the representative shall recommend to the legislative authority a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction or operation of, or other service related to, the proposed project or services. The legislative authority may select one or more qualified vendors for one or more of the design, construction, or operation of, or other service related to, the proposed project or services.

(5) The legislative authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, or operation of, or other service related to, the proposed project or services on terms that the legislative authority determines to be fair and reasonable and in the best interest of the city or town. If the legislative authority or its representative is unable to negotiate such a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the city or town, negotiations with any one or more of the vendors shall be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the legislative authority decides to continue the process of selection, negotiations shall continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the legislative authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the legislative authority. The process may be repeated until an agreement is reached.

(6) Prior to entering into a contract with a vendor, the legislative authority of the city or town shall make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the city or town to use this method for awarding contracts compared to other methods.

(7) Each contract shall include a project performance bond or bonds or other security by the vendor that in the judgment of the legislative authority of the city or town is sufficient to secure adequate performance by the vendor.

(8) The provisions of chapters 39.12, 39.19, and 39.25 RCW shall apply to a contract entered into under this section to the same extent as if the systems and plants were owned by a public body.

(9) The vendor selection process permitted by this section shall be supplemental to and shall not be construed as a repeal of or limitation on any other authority granted by law.

The alternative selection process provided by this section may not be used in the selection of a person or entity to construct a publicly owned facility for the storage or transfer of solid waste or solid waste handling equipment unless the facility is either (a) privately operated pursuant to a contract greater than five years, or (b) an integral part of a solid waste processing facility located on the same site. Instead, the applicable provisions of RCW 35.22.620, and 35.23.352, and chapters 39.04 and 39.30 RCW shall be followed. [1989 c 399 § 7; 1986 c 282 § 17. Formerly RCW 35.92.024.]

*Reviser's note: Chapter 39.25 RCW was repealed by 1994 c 138 § 2.

Legislative findings—Construction—1986 c 282 §§ 17-20: "The legislature finds that the regulation, management, and disposal of solid waste through waste reduction, recycling, and the use of resource recovery facilities of the kind described in RCW 35.92.022 and 36.58.040 should be conducted in a manner substantially consistent with the priorities and policies of the solid waste management act, chapter 70.95 RCW. Nothing contained in sections 17 through 20 of this act shall detract from the powers, duties, and functions given to the utilities and transportation commission in chapter 81.77 RCW." [1986 c 282 § 16.]

Liberal construction—Supplemental powers—1986 c 282 §§ 16-20: "Sections 16 through 20 of this act, being necessary for the health and welfare of the state and its inhabitants, shall be liberally construed to effect its purposes. Sections 16 through 20 of this act shall be deemed to provide an alternative method for the performance of those subjects authorized by these sections and shall be regarded as supplemental and additional to powers conferred by the Washington state Constitution, other state laws, and the charter of any city or county." [1986 c 282 § 21.]

Severability—1986 c 282: See RCW 82.18.900.

35.21.157 Solid waste collection—Rate increase notice. (1) A city that contracts for the collection of solid waste, or provides for the collection of solid waste directly, shall notify the public of each proposed rate increase for a solid waste handling service. The notice may be mailed to each affected ratepayer or published once a week for two consecutive weeks in a newspaper of general circulation in the collection area. The notice shall be available to affected ratepayers at least forty-five days prior to the proposed effective date of the rate increase.

(2) For purposes of this section, "solid waste handling" has the same meaning as provided in RCW 70.95.030. [1994 c 161 § 2.]

Findings—Declaration—1994 c 161: "The legislature finds that local governments and private waste management companies have significantly changed solid waste management services in an effort to preserve landfill space and to avoid costly environmental cleanups of municipal landfills. The legislature recognizes that these new services have enabled the state to achieve one of the nation's highest recycling rates.

The legislature also finds that the need to pay for the cleanup of past disposal practices and to provide new recycling services has caused solid waste rates to increase substantially. The legislature further finds that private solid waste collection companies regulated by the utilities and transportation commission are required to provide public notice but that city-managed solid waste collection systems are not. The legislature declares it to be in the public interest for city-managed systems to provide public notice of solid waste rate increases." [1994 c 161 § 1.]

35.21.158 Collection and transportation of recyclable materials by recycling companies or nonprofit entities—Reuse or reclamation—Application of chapter. Nothing in this chapter shall prevent a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buy-back center, drop-box, or from a
commercial or industrial generator of recyclable materials, or upon agreement with a solid waste collection company.

Nothing in this chapter shall be construed as prohibiting a commercial or industrial generator of commercial recyclable materials from selling, conveying, or arranging for transportation of such material to a recycler for reuse or reclamation. [1989 c 431 § 33.]

Severability—1989 c 431: See RCW 70.95.901.

In calculating the area of any town for the purpose of determining compliance with the limitation on the area of a town prescribed by RCW 35.21.010, the area over which jurisdiction is conferred by this section shall not be included. Except as limited by the maximum penalties authorized by law, no city or town may establish a penalty for an act that constitutes the crime of driving while under the influence of intoxicating liquor or any drug, as provided in RCW 46.61.502, or the crime of being in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, as provided in RCW 46.61.504, that is less than the penalties prescribed for those crimes in RCW 46.61.5051, 46.61.5052, and 46.61.5053. In the event of a disputed account and tender by the owner of the premises of the amount he claims to be due before the service is cut off, the right to refuse service to any premises shall not accrue until suit has been entered by the city and judgment entered in the case.

(2) Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:

(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections afforded under this chapter;

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer’s monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and  
(f) Agrees to pay the monies owed even if he or she moves.

(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this section. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and  
(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.  

(4) All municipal utilities shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state’s plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.  

(5) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter. [1991 c 165 § 2; 1990 1st ex.s. c 1 § 1; 1987 c 356 § 1; 1986 c 245 § 1; 1985 c 6 § 3; 1984 c 251 § 1; 1965 c 7 § 35.21.300. Prior: 1909 c 161 § 2; RRS § 9472.]

The ordinance may provide that if such removal or destruction is not made by the owner after notice given as required by the ordinance in any of the above cases, that the city or town will cause the removal or destruction thereof and may also provide that the cost to the city or town shall become a charge against the owner of the property and a lien against the property. Notice of the lien herein authorized shall as nearly as practicable be in substantially the same form, filed with the same officer within the same time and manner, and enforced and foreclosed as is provided by law for liens for labor and materials.

(11) To acquire, by purchase or otherwise, lands for public parks within or without the limits of such city, and to improve the same. When the language of any instrument by which any property is so acquired limits the use of said property to park purposes and contains a reservation of interest in favor of the grantor or any other person, and where it is found that the property so acquired is not needed for park purposes and that an exchange thereof for other property to be dedicated for park purposes is in the public interest, the city may, with the consent of the grantor or such other person, his heirs, successors, or assigns, exchange such property for other property to be dedicated for park purposes, and may make, execute, and deliver proper conveyances to effect the exchange. In any case where, owing to death or lapse of time, there is neither donor, heir, successor, or assignee to give consent, this consent may be executed by the city and filed for record with an affidavit setting forth all efforts made to locate people entitled to give such consent together with the facts which establish that no consent by such persons is attainable. Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter 7.04 RCW. [1984 c 258 § 204.]

Any ordinance, resolution, order or other action of any city council, board or officer, and every city warrant or other instrument in writing made in violation of any of the provisions of RCW 35.22.580 or 35.22.590 shall be void, and every officer, agent or employee of any such city, or member of the city council, or other board thereof, and every private person or corporation who knowingly commits any violation thereof or knowingly aids in such violation, shall be liable to the city concerned for all moneys so transferred, diverted or paid out, which liability shall also attach to and be enforceable against the official bond (if any) of any such officer, agent, employee, member of city council or board. [1965 c 7 § 35.22.600. Prior: 1915 c 17 § 3; RRS § 8985. Formerly RCW 35.45.120.]

This provision shall supersede any provision of any city charter to the contrary. [1967 ex.s. c 37 § 1.]

Residence requirements for appointive city officials and employees: RCW 35.21.200.

35.22.620 Public works or improvements—Limitations on work by public employees—Small works roster—Purchase of reused or recycled materials or products. (1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first class city may have public works performed by contract pursuant to public notice and call for competitive
bids. As limited by subsection (3) of this section, a first class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population in excess of one hundred fifty thousand shall not have public employees perform a public works project in excess of fifty thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. In addition to the percentage limitation provided in subsection (2) of this section, a first class city with a population of one hundred fifty thousand or less shall not have public employees perform a public works project in excess of thirty-five thousand dollars if more than one craft or trade is involved with the public works project, or a public works project in excess of twenty thousand dollars if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

(4) In addition to the accounting and record-keeping requirements contained in RCW 39.04.070, every first class city annually shall prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public employees above or below ten percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report shall indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ten percent of the total biennial construction budget.

After September 1, 1987, each first class city with a population of one hundred fifty thousand or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) When any emergency shall require the immediate execution of such public work, upon the finding of the existence of such emergency by the authority having power to direct such public work to be done and duly entered of record, publication of description and estimate may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the city council shall adopt a resolution certifying the existence of this emergency situation.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first class city may use a small works roster process and award contracts for public works projects with an estimated value of one hundred thousand dollars or less as provided in RCW 39.04.155.

Whenever possible, the city shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

### Title 35 RCW: Cities and Towns

#### 35.23.352 Public works—Contracts—Bids—Purchasing requirements, recycled or reused materials or products.

(1) Any second class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies, and equipment will not exceed the sum of thirty thousand dollars if more than one craft or trade is involved with the public works, or twenty thousand dollars if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon publication of notice calling for sealed bids upon the work. The notice shall be published in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, at least thirteen days prior to the last date upon which bids will be received. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein.

Each bid shall be accompanied by a bid proposal deposit in the form of a cashier’s check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in accordance with RCW 39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ten days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second class city or a town may use the small works roster process provided in RCW 39.04.155 to award public works contracts with an estimated value of one hundred thousand dollars or less.

Whenever possible, the city or town shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(4) The form required by RCW 43.09.205 shall be to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(6) Any purchase of supplies, material, or equipment, except for public work or improvement, where the cost thereof exceeds seven thousand five hundred dollars shall be made upon call for bids.

(7) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(8) For advertisement and formal sealed bidding to be dispensed with as to purchases between seven thousand five hundred and fifteen thousand dollars, the council or commission must authorize by resolution, use of the uniform procedure provided in RCW 39.04.190.

(9) These requirements for purchasing may be waived by resolution of the city or town council or commission which declared that the purchase is clearly and legitimately limited to a single source or supply within the near vicinity, or the materials, supplies, equipment, or services are subject to special market conditions, and recites why this situation exists. Such actions are subject to RCW 39.30.020.

(10) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(11) Nothing in this section shall prohibit any second class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.[1994 c 273 § 9; 1994 c 81 § 18; 1993 c 198 § 10; 1989 c 431 § 56; 1988 c 168 § 3; 1987 c 120 § 2. 35.23.390 Requisites to granting of franchises—Rates—Bond. No franchise or privilege shall be created or granted by the city council otherwise than by ordinance nor shall it be passed on the day of the introduction nor for thirty days thereafter and then only upon the affirmative vote of two-thirds of the councilmen elected. The city council may fix the rates and tolls to be charged within the city by any public service corporation enjoying a franchise granted by the city subject to review by any court of competent jurisdiction as to the reasonableness thereof. The city council may require a bond in a reasonable amount from any person or corporation obtaining a franchise from the city conditioned for the faithful performance of the conditions and terms of the franchise and providing a recovery on the bond in case of failure to perform the terms and conditions of the franchise. The city council by ordinance may, during the fiscal year covered by the enacted budget, abrogate or decrease any unexpended allowance contained within the budget and reappropriate such unexpended allowances for other functions or programs. 35.33.075 Budget—Final—Adoption—Appropriations. Following conclusion of the hearing, and prior to the beginning of the fiscal year, the legislative body shall make such adjustments and changes as it deems necessary or proper and after determining the allowance in each item, department, classification and fund, and shall by ordinance, adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be available at the close of the current fiscal year. Such ordinances may adopt the final budget by reference: PROVIDED, That the ordinance adopting such budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

35.33.081 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the restoration to a condition of usefulness of any public property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by laws enacted since the last annual budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city or town legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1969 ex.s. c 95 § 11.]

35.33.091 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the annual budget, and if it is not one of the...
emergencies specifically enumerated in RCW 35.33.081, the city or town legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

Such ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city or town.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1969 ex.s. c 95 § 12.]

35.33.101 Emergency warrants. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest and be called in the same manner as other registered warrants as prescribed in RCW 35.33.111. [1969 ex.s. c 95 § 13.]

Warrants—Interest rate—Payment: RCW 35.21.320.

35.33.106 Registered warrants—Payment. In adopting the final budget for any fiscal year, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made: PROVIDED, That no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature: PROVIDED FURTHER, That all or any portion of the city’s or town’s outstanding registered warrants may be funded into bonds in any manner authorized by law. [1969 ex.s. c 95 § 14.]

35.33.107 Adjustment of wages, hours and conditions of employment. Notwithstanding the appropriations for any salary, or salary range of any employee or employees adopted in a final budget, the legislative body of any city or town may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1969 ex.s. c 95 § 15.]

35.33.111 Forms—Accounting—Supervision by state. The division of municipal corporations in the office of the state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1969 ex.s. c 95 § 16.]

35.33.121 Funds—Limitations on expenditures—Transfers. The expenditures as classified and itemized in the final budget shall constitute the city’s or town’s appropriations for the ensuing fiscal year. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city or town, the expenditure of city or town funds or the incurring of current liabilities on behalf of the city or town shall be limited to the following:

(1) The total amount appropriated for each fund in the budget for the current fiscal year, without regard to the individual items contained therein, except that this limitation shall not apply to wage adjustments authorized by RCW 35.33.107; and

(2) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal years pursuant to RCW 35.33.151; and

(3) Funds received from the sale of bonds or warrants which have been duly authorized according to law; and

(4) Funds received in excess of estimated revenues during the current fiscal year, when authorized by an ordinance amending the original budget; and

(5) Expenditures required for emergencies, as authorized in RCW 35.33.081 and 35.33.091.

Transfers between individual appropriations within any one fund may be made during the current fiscal year by order of the city’s or town’s chief administrative officer subject to such regulations, if any, as may be imposed by the city or town legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as herein authorized, may be made within the same fund regardless of the various offices, departments or divisions of the city or town which may be affected.

The city or town legislative body, upon a finding that it is to the best interests of the city or town to decrease, revoke or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1969 ex.s. c 95 § 17.]

35.33.123 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any city or town apportions a percentage of the city manager’s, administrator’s, or supervisor’s time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city or town, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city’s or town’s current expense fund for the value of such services. [1991 c 152 § 1.]

35.33.125 Liabilities incurred in excess of budget. Liabilities incurred by any officer or employee of the city or town in excess of any budget appropriations shall not be a liability of the city or town. The clerk shall issue no warrant and the city or town legislative body or other authorized person shall approve no claim for an expenditure in excess
of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1969 ex.s. c 95 § 18.]

35.33.131 Funds received from sale of bonds and warrants—Expenditure program. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1969 ex.s. c 95 § 19.]

35.33.135 Revenue estimates—Amount to be raised by ad valorem taxes. At a time fixed by the city’s or town’s ordinance or city charter, not later than the first Monday in October of each year, the chief administrative officer shall provide the city’s or town’s legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current year, together with estimates submitted by the clerk under RCW 35.33.051. The city’s or town’s legislative body and the city’s or town’s administrative officer or his designated representative shall consider the city’s or town’s total anticipated financial requirements for the ensuing fiscal year, and the legislative body shall determine and fix by ordinance the amount to be raised by ad valorem taxes. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the board of county commissioners as required by RCW 84.52.020. [1969 ex.s. c 95 § 20.]

35.33.141 Report of expenditures and liabilities against budget appropriations. At such intervals as may be required by city charter or city or town ordinance, however, being not less than quarterly, the clerk shall submit to the city’s or town’s legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal year to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1969 ex.s. c 95 § 21.]

35.33.145 Contingency fund—Creation—Purpose—Support—Lapse. Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.33.081 and 35.33.091. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35.33.121: PROVIDED, That the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the contingency fund at the end of the fiscal year shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1973 1st ex.s. c 195 § 21; 1969 ex.s. c 95 § 22.]

Severability—Effective dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35.33.147 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1969 ex.s. c 95 § 23.]

35.33.151 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal year: PROVIDED, That this shall not prevent payments in the following year upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment and supplies or for personal or contractual services not completed or furnished by the end of the fiscal year, all of which have been properly budgeted and contracted for prior to the close of such fiscal year but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.33.145, shall not lapse, but shall be carried forward from year to year until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal year shall be kept open for twenty days after the close of such fiscal year for the purpose of paying and recording claims for indebtedness incurred during such fiscal year; any claim presented after the twentieth day following the close of the fiscal year shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal year. [1969 ex.s. c 95 § 24.]

35.33.170 Violations and penalties. Upon the conviction of any city or town official, department head or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the

[Title 35 RCW—page 128] (1994 Ed.)
giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, he shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [1969 ex.s. c 95 § 25.]

Chapter 35.34
BIENNIAL BUDGETS

Section 35.34.010 Legislative intent. The legislature hereby recognizes that the development and adoption of a budget by a city or town is a lengthy and intense process designed to provide adequate opportunities for public input and sufficient time for deliberation and enactment by the legislative authority. The legislature also recognizes that there are limited amounts of time available and that time committed for budgetary action reduces opportunities for deliberating other issues. It is, therefore, the intent of the legislature to authorize cities and towns to establish by ordinance a biennial budget and to provide the means for modification of such budget. This chapter and chapter 35A.34 RCW shall be known as the municipal biennial budget act. [1985 c 175 § 1.]

Section 35.34.020 Application of chapter. This chapter applies to all cities of the first, second, and third classes and towns which have by ordinance adopted this chapter authorizing the adoption of a fiscal biennium budget. [1985 c 175 § 5.]

Section 35.34.030 Definitions. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Clerk" includes the officer performing the functions of a finance or budget director, comptroller, auditor, or by whatever title the officer may be known in any city or town. However, for cities over three hundred thousand, "clerk" means the budget director as authorized under RCW 35.32A.020.

(2) "Department" includes each office, division, service, system, or institution of the city or town for which no other statutory or charter provision is made for budgeting and accounting procedures or controls.

(3) "Legislative body" includes the council, commission, or any other group of officials serving as the legislative body of a city or town.

(4) "Chief administrative officer" includes the mayor of cities or towns having a mayor-council form of government, the commissioners in cities or towns having a commission form of government, the manager, or any other city or town official designated by the charter or ordinances of such city or town under the plan of government governing the same, or the budget or finance officer designated by the mayor, manager, or commissioners, to perform the functions, or portions thereof, contemplated by this chapter.

(5) "Fiscal biennium" means the period from January 1 of each odd-numbered year through December 31 of the next succeeding even-numbered year.

(6) "Fund" and "funds" where clearly used to indicate the plural of "fund" means the budgeting or accounting entity authorized to provide a sum of money for specified activities or purposes.

(7) "Funds" where not used to indicate the plural of "fund" means money in hand or available for expenditure or payment of a debt or obligation.

(8) Except as otherwise defined in this chapter, municipal accounting terms used in this chapter have the meaning prescribed by the state auditor pursuant to RCW 43.09.200. [1985 c 175 § 6.] "Fiscal biennium" defined: RCW 1.16.020.

Section 35.34.040 Biennial budget authorized—Limitations. All first and second class cities and towns are authorized to establish by ordinance a two-year fiscal biennium budget. The ordinance shall be enacted at least six months prior to commencement of the fiscal biennium and this chapter applies to all cities and towns which utilize a fiscal biennium budget. Cities and towns which establish a fiscal biennium budget are authorized to repeal such ordinance and provide for reversion to a fiscal year budget. The ordinance may only be repealed effective as of the conclusion of a fiscal biennium. However, the city or town shall comply with chapter 35.32A or 35.33 RCW, whichever the case may be, in developing and adopting the budget for the first fiscal year following repeal of the ordinance. [1994 c 81 § 56; 1985 c 175 § 7.]

Section 35.34.050 Budget estimates—Submittal. On or before the second Monday of the fourth month prior to the beginning of the city's or town's next fiscal biennium, or at such other time as the city or town may provide by ordi-
nance or charter, the clerk shall notify in writing the head of
each department of a city or town to file with the clerk
within fourteen days of the receipt of such notification, de-
tailed estimates of the probable revenue from sources other
than ad valorem taxation and of all expenditures required by
the department for the ensuing fiscal biennium. The notice
shall be accompanied by the proper forms provided by the
clerk, prepared in accordance with the requirements and
classification established by the division of municipal
corporations in the office of the state auditor. The clerk
shall prepare the estimates for interest and debt redemption
requirements and all other estimates, the preparation of
which falls properly within the duties of the clerk's office.
The chief administrative officers of the city or town shall
submit to the clerk detailed estimates of all expenditures
proposed to be financed from the proceeds of bonds or
warrants not yet authorized, together with a statement of the
proposed method of financing them. In the absence or
disability of the official or person regularly in charge of a
department, the duties required by this section shall devolve
upon the person next in charge of such department. [1985
§ 8.]

35.34.060 Budget estimates—Classification and
segregation. All estimates of receipts and expenditures for
the ensuing fiscal biennium shall be fully detailed in the
biennial budget and shall be classified and segregated
according to a standard classification of accounts to be
adopted and prescribed by the state auditor through the
division of municipal corporations after consultation with the
Washington finance officers association, the association of
Washington cities, and the association of Washington city
managers. [1985 § 9.]

35.34.070 Proposed preliminary budget. On or
before the first business day in the third month prior to the
beginning of the biennium of a city or town or at such other
time as the city or town may provide by ordinance or char-
ter, the clerk or other person designated by the charter, by
ordinances, or by the chief administrative officer of the city
or town shall submit to the chief administrative officer a
proposed preliminary budget which shall set forth the
complete financial program of the city or town for the
ensuing fiscal biennium, showing the expenditure program
requested by each department and the sources of revenue by
which each such program is proposed to be financed.

The revenue section shall set forth in comparative and
tabular form for each fund the actual receipts for the last
completed fiscal biennium, the appropriations for the
current fiscal biennium, and the estimated expenditures for
the ensuing fiscal biennium. However, if the city or town
was not utilizing a fiscal biennium budget for the previous
three years, it shall set forth its fiscal years' revenues to
reflect actual and estimated levels as if it had previously
utilized a biennial budgetary process. The expenditure
section shall further set forth separately the salary or salary
range for each office, position, or job classification together
with the title or position designation thereof. However, sala-
ries may be set out in total amounts under each department
if a detailed schedule of such salaries and positions be
attached and made a part of the budget document. [1985
§ 10.]

35.34.080 Preliminary budget. The chief adminis-
trative officer shall prepare the preliminary budget in detail,
making any revisions or additions to the reports of the
department heads deemed advisable by such chief adminis-
trative officer. At least sixty days before the beginning of
the city’s or town’s next fiscal biennium the chief adminis-
trative officer shall file it with the clerk as the recommenda-
tion of the chief administrative officer for the final budget.
The clerk shall provide a sufficient number of copies of such
preliminary budget and budget message to meet the reason-
able demands of taxpayers therefor and have them available
for distribution not later than six weeks before the beginning
of the city’s or town’s next fiscal biennium. [1985 § 11.]

35.34.090 Budget message—Hearings. (1) In every
city or town, a budget message prepared by or under the
direction of the city’s or town’s chief administrative officer
shall be submitted as a part of the preliminary budget to the
city’s or town’s legislative body at least sixty days before
the beginning of the city’s or town’s next fiscal biennium
and shall contain the following:

(a) An explanation of the budget document;
(b) An outline of the recommended financial policies
and programs of the city or town for the ensuing fiscal
biennium;
(c) A statement of the relation of the recommended
appropriation to such policies and programs;
(d) A statement of the reason for salient changes from
the previous biennium in appropriation and revenue items;
and
(e) An explanation for any recommended major changes
in financial policy.

(2) Prior to the final hearing on the budget, the legisla-
tive body or a committee thereof shall schedule hearings on
the budget or parts thereof, and may require the presence of
department heads to give information regarding estimates
and programs. [1985 § 12.]

35.34.100 Budget—Notice of hearing. Immediately
following the filing of the preliminary budget with the clerk,
the clerk shall publish a notice once a week for two consecu-
tive weeks stating that the preliminary budget for the ensuing
fiscal biennium has been filed with the clerk, that a copy
thereof will be made available to any taxpayer who will call
at the clerk’s office therefor, that the legislative body of the

[Title 35 RCW—page 130] (1994 Ed.)
city or town will meet on or before the first Monday of the month next preceding the beginning of the ensuing fiscal biennium for the purpose of fixing the final budget, designating the date, time, and place of the legislative budget meeting, and that any taxpayer may appear thereat and be heard for or against any part of the budget. The publication of the notice shall be made in the official newspaper of the city or town if there is one, otherwise in a newspaper of general circulation in the city or town. If there is no newspaper of general circulation in the city or town, then notice may be made by posting in three public places fixed by ordinance as the official places for posting the city's or town's official notices. [1985 c 175 § 13.]

35.34.110 Budget—Hearing. The legislative body shall meet on the day fixed by RCW 35.34.100 for the purpose of fixing the final budget of the city or town at the time and place designated in the notice thereof. Any taxpayer may appear and be heard for or against any part of the budget. The hearing may be continued from day to day but not later than the twenty-fifth day prior to commencement of the city's or town's fiscal biennium. [1985 c 175 § 14.]

35.34.120 Budget—Adoption. Following conclusion of the hearing, and prior to the beginning of the fiscal biennium, the legislative body shall make such adjustments and changes as it deems necessary or proper and, after determining the allowance in each item, department, classification, and fund, shall by ordinance adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be available at the close of the current fiscal biennium. Such ordinances may adopt the final budget by reference. However, the ordinance adopting the budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

A complete copy of the final budget as adopted shall be transmitted to the division of municipal corporations in the office of the state auditor and to the association of Washington cities. [1985 c 175 § 15.]

35.34.130 Budget—Mid-biennial review and modification. The legislative authority of a city or town having adopted the provisions of this chapter shall provide by ordinance for a mid-biennial review and modification of the biennial budget. The ordinance shall provide that such review and modification shall occur no sooner than eight months after the start nor later than conclusion of the first year of the fiscal biennium. The chief administrative officer shall prepare the proposed budget modification and shall provide for publication of notice of hearings consistent with publication of notices for adoption of other city or town ordinances. City or town ordinances providing for a mid-biennium review and modification shall establish procedures for distribution of the proposed modification to members of the city or town legislative authority, procedures for making copies available to the public, and shall provide for public hearings on the proposed budget modification. The budget modification shall be by ordinance approved in the same manner as are other ordinances of the city or town.

A complete copy of the budget modification as adopted shall be transmitted to the division of municipal corporations in the office of the state auditor and to the association of Washington cities. [1985 c 175 § 16.]

35.34.140 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by law enacted since the last budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city or town legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1985 c 175 § 17.]

35.34.150 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the budget, and if it is not one of the emergencies specifically enumerated in RCW 35.34.140, the city or town legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

The ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city or town. Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1985 c 175 § 18.]

35.34.160 Emergency expenditures—Warrants—Payment. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest, and be called in the same manner as other registered warrants as prescribed in RCW 35.21.320. [1985 c 175 § 19.]

35.34.170 Registered warrants—Payment. In adopting the final budget for any fiscal biennium, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued
since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made. However, no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature. In addition, all or any portion of the city's or town's outstanding registered warrants may be funded into bonds in any manner authorized by law. [1985 c 175 § 20.]

35.34.180 Adjustment of wages, hours, and conditions of employment. Notwithstanding the appropriations for any salary or salary range of any employee or employees adopted in a final budget, the legislative body of any city or town may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1985 c 175 § 21.]

35.34.190 Forms—Accounting—Supervision by state. The division of municipal corporations in the office of the state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1985 c 175 § 22.]

35.34.200 Funds—Limitations on expenditures—Transfers and adjustments. (1) The expenditures as classified and itemized in the final budget shall constitute the city's or town's appropriations for the ensuing fiscal biennium. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city or town, the expenditure of city or town funds or the incurring of current liabilities on behalf of the city or town shall be limited to the following:

(a) The total amount appropriated for each fund in the budget for the current fiscal biennium, without regard to the individual items contained therein, except that this limitation does not apply to wage adjustments authorized by RCW 35.34.180;

(b) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal periods pursuant to RCW 35.34.270;

(c) Funds received from the sale of bonds or warrants which have been duly authorized according to law;

(d) Funds received in excess of estimated revenues during the current fiscal biennium, when authorized by an ordinance amending the original budget;

(e) Expenditures authorized by budget modification as provided by RCW 35.34.130 and those required for emergencies, as authorized by RCW 35.34.140 and 35.34.150.

(2) Transfers between individual appropriations within any one fund may be made during the current fiscal biennium by order of the city's or town's chief administrative officer subject to such regulations, if any, as may be imposed by the city or town legislative body. Notwithstanding the provisions of RCW 43.09.210 of or any statute to the contrary, transfers, as authorized in this section, may be made within the same fund regardless of the various offices, departments, or divisions of the city or town which may be affected.

(3) The city or town legislative body, upon a finding that it is to the best interests of the city or town to decrease, revoke, or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke, or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reapportioned for another purpose or purposes, without limitation to department, division, or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1985 c 175 § 23.]

35.34.205 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any city or town apportions a percentage of the city manager's, administrator's, or supervisor's time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city or town, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city's or town's current expense fund for the value of such services. [1991 c 152 § 2.]

35.34.210 Liabilities incurred in excess of budget. Liabilities incurred by any officer or employee of the city or town in excess of any budget appropriations shall not be a liability of the city or town. The clerk shall issue no warrant and the city or town legislative body or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1985 c 175 § 24.]

35.34.220 Funds received from sales of bonds and warrants—Expenditures. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued, it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1985 c 175 § 25.]

35.34.230 Revenue estimates—Amount to be raised by ad valorem taxes. At a time fixed by the city's or town's ordinance or city charter, not later than the first Monday in October of the second year of each fiscal biennium, the chief administrative officer shall provide the city's or town's legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current biennium, together with estimates submit-
35.34.230 Funds—Quarterly report of status. At such intervals as may be required by city charter or city or town ordinance, however, being not less than quarterly, the clerk shall submit to the city’s or town’s legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal biennium to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1985 c 175 § 26.]

35.34.240 Contingency fund—Creation. Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.34.140 and 35.34.150. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35.34.200. However, the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the emergency fund at the end of the fiscal biennium shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1985 c 175 § 27.]

35.34.250 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1985 c 175 § 28.]

35.34.260 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal biennium. However, this shall not prevent payments in the following biennium upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment, supplies or for construction services not completed or furnished by the end of the fiscal biennium, all of which have been properly budgeted and contracted for prior to the close of such fiscal biennium, but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.34.250, shall not lapse, but shall be carried forward from biennium to biennium until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal biennium shall be kept open for twenty days after the close of such fiscal biennium for the purpose of paying and recording claims for indebtedness incurred during such fiscal biennium; any claim presented after the twentieth day following the close of the fiscal biennium shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal biennium. [1985 c 175 § 30.]

35.34.280 Violations and penalties. Upon the conviction of any city or official, department head, or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, the official or employee shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [1985 c 175 § 31.]

If the signature of one of these officers is affixed to a bond during his continuance in office by a proxy designated by him whose authority has not been revoked, the bond shall be as binding upon the city and all concerned as though the officer had signed the bond in person.

This chapter shall apply to all bonds, whether they constitute obligations of the city as a whole or of any local improvement or other district or subdivision thereof, whether they call for payment from the general funds of the city or from a local, special or other fund, and whether negotiable or otherwise. [1965 c 7 § 35.36.010. Prior: 1929 c 212 § 1; RRS § 9005-5.]

35.36.020 Coupons—Printing facsimile signatures. A facsimile reproduction of the signature of the mayor, city comptroller, or city clerk in every city of the first class may be printed, engraved, or lithographed upon bond coupons with the same effect as though the particular officer had signed the coupon in person. [1965 c 7 § 35.36.020. Prior: 1929 c 212 § 4; RRS § 9005-8.]

35.36.030 Deputies—Exemptions. Nothing in this chapter shall be construed as requiring the appointment of deputy comptrollers or deputy city clerks in first class cities to be made in accordance herewith so far as concerns signatures or other doings which may be lawfully made or done by such deputy under the provisions of any other law. [1965 c 7 § 35.36.030. Prior: 1929 c 212 § 5; RRS § 9005-9.]

35.36.040 Designation of bonds to be signed. The officer whose duty it is to cause any bonds to be printed, engraved, or lithographed, shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds to be printed, engraved, or lithographed and the manner of numbering them.

Every printer, engraver, or lithographer who prints, engraves, or lithographs a greater number of bonds than that specified or who prints, engraves, or lithographs more than one bond bearing the same number shall be guilty of a felony. [1965 c 7 § 35.36.040. Prior: 1929 c 212 § 6; RRS § 9005-10.]

35.36.050 Liability of officer. A mayor, comptroller, or clerk authorizing the affixing of his signature to a bond by a proxy shall be subject to the same liability personally and on his bond for any signature so affixed and to the same extent as if he had affixed his signature in person. [1965 c 7 § 35.36.050. Prior: 1929 c 212 § 3; RRS § 9005-7.]

35.36.060 Notice to council. In order to designate a proxy to affix his signature to bonds, a mayor, comptroller, or clerk shall address a written notice to the governing body of the city giving the name of the person whom he has selected therefor and stating generally or specifically what bonds are to be so signed.

Attached to or included in the notice shall be a written signature of the officer making the designation executed by the proposed proxy followed by the word "by" and his own signature; or, if the notice so states, the specimen signatures may consist of a facsimile reproduction of the officer's signature impressed by some mechanical process followed by the word "by" and the proxy's own signature.

If the authority is intended to include the signature upon bonds bearing an earlier date than the effective date of the notice, the prior dated bonds must be specifically described by reasonable reference thereto.

The notice designating a proxy shall be filed with the city comptroller or city clerk, together with the specimen signatures attached thereto and a record of the filing shall be made in the journal of the governing body. This record shall note the date and hour of filing and may be made by the official who keeps the journal at any time after filing of the notice, even during a period of recess or adjournment of the governing body. The notice shall be effective from the time of its recording. [1965 c 7 § 35.36.060. Prior: 1929 c 212 § 2, part; RRS § 9005-6, part.]

35.36.070 Revocation of proxy. Any designation of a proxy may be revoked by written notice addressed to the governing body of the city signed by the officer who made the designation and filed and recorded in the same manner as the notice of designation. It shall be effective from the time of its recording but shall not affect the validity of any signature theretofore made. [1965 c 7 § 35.36.070. Prior: 1929 c 212 § 2, part; RRS § 9005-6, part.]

35.42.200 Leases authorized—Ballot proposition. Any city or town may execute leases for a period of years with or without an option to purchase with the state or any of its political subdivisions, with the government of the United States, or with any private party for the lease of any real or personal property, or property rights: PROVIDED, That with respect only to leases that finance the acquisition of property by the lessee, the aggregated portions of lease payments over the term of the lease which are allocable to principal shall constitute debt, which shall not result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town computed in accordance with RCW 39.36.030, unless a proposition in regard to whether or not such a lease may be executed is submitted to the voters for their approval or rejection in the same manner that bond issues for capital purposes are submitted, and the voters approve the same. [1990 c 205 § 1; 1965 c 7 § 35.42.200. Prior: 1963 c 170 § 1.]

35.42.210 Exercise of option to purchase. If at the time an option to purchase is exercised the remaining amount to be paid in order to purchase the real or personal property leased after crediting the rental payments toward the total purchase price therefor does not result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town computed in accor-
dance with RCW 39.36.030, such a city or town may exercise its option to purchase such property. If such remaining amount to be paid for such leased property will result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town, a proposition in regard to whether or not to purchase the property shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. [1965 c 7 § 35.42.210. Prior: 1963 c 170 § 2.]

(1) System for providing the city or town and the inhabitants thereof with water, which system includes as a whole or as a part thereof water mains, hydrants or appurtenances which are authorized subjects for local improvements under RCW 35.43.040(13) or other law; or a

(3) Off-street parking facilities; and

Has further provided in accordance with any applicable provisions of the Constitution or statutory authority for the issuance and sale of revenue bonds to pay the cost of all or a portion of any such system, such legislative authority shall have the authority to establish utility local improvement districts, and to levy special assessments on all property specially benefited by any such local improvement to pay in whole or in part the damages or costs of any local improvements so provided for.

The initiation and formation of such utility local improvement districts and the levying, collection and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are now or hereafter provided by law for the initiation and formation of local improvement districts in cities and towns and the levying, collection and enforcement of assessments pursuant thereto.

It must be specified in any petition or resolution initiating the formation of such a utility local improvement district in a city or town and in the ordinance ordered pursuant thereto, that the assessments shall be for the sole purpose of payment into such revenue bond fund as may be specified by the legislative authority for the payment of revenue bonds issued to defray the cost of such system or facilities or any portion thereof as provided for in this section.

Assessments in any such utility local improvement district may be made on the basis of special benefits up to but not in excess of the total cost of the local improvements portion of any system or facilities payable by issuance of revenue bonds. No warrants or bonds shall be issued in any such utility local improvement district, but the collection of interest and principal on all assessments in such utility local improvement district, when collected, shall be paid into any such revenue bond fund.

When in the petition or resolution for establishment of a local improvement district and in the ordinance ordered pursuant thereto, it is specified or provided that the assessments shall be for the sole purpose of payment into a revenue bond fund for the payment of revenue bonds, then the local improvement district shall be designated a "utility local improvement district".

The provisions of chapters 35.45, 35.47 and 35.48 RCW shall have no application to utility local improvement districts created under authority of this section. [1969 ex.s. c 258 § 2; 1967 c 52 § 1.]

Construction—1967 c 52: "The authority granted by this 1967 amendatory act shall be considered an alternative and additional method of securing payment of revenue bonds issued for the purposes specified in RCW 35.43.042 and shall not be construed as a restriction or limitation upon any other method for providing for the payment of any such revenue bonds." [1967 c 52 § 27.]

Severability—1967 c 52: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1967 c 52 § 29.]

The above two annotations apply to 1967 c 52. For codification of that act, see Codification Tables, Volume 0.
35.43.043 Conversion of local improvement district into utility local improvement district. The legislative authority of any city or town may by ordinance convert any then existing local improvement district into a utility local improvement district at any time prior to the adoption of an ordinance approving and confirming the final assessment roll of such local improvement district. The ordinance so converting the local improvement district shall provide for the payment of the special assessments levied in that district into the special fund established or to be established for the payment of revenue bonds issued to defray the cost of the local improvement in that district. [1967 c 52 § 28.]

Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.43.045 Open canals or ditches—Safeguards. Every city or town shall have the right of entry upon all irrigation, drainage, or flood control canal or ditch rights of way within its limits for all purposes necessary to safeguard the public from the hazards of such open canals or ditches, and the right to cause to be constructed, installed, and maintained upon or adjacent to such rights of way safeguards as provided in RCW 35.43.040: PROVIDED, That such safeguards must not unreasonably interfere with maintenance of the canal or ditch or with the operation thereof. The city or town, at its option, notwithstanding any laws to the contrary, may require the irrigation, drainage, flood control, or other district, agency, person, corporation, or association maintaining the canal or ditch to supervise the installation and construction of such safeguards, or to maintain the same. If such option is exercised reimbursement must be made by the city or town for all actual costs thereof. [1965 c 7 § 35.43.045. Prior: 1959 c 75 § 2.]

35.43.050 Authority—Noncontinuous improvements. When the legislative body of any city or town finds that all of the property within a local improvement district or utility local improvement district will be benefited by the improvements as a whole, a local improvement district or utility local improvement district may include adjoining, vicinal, or neighboring streets, avenues, and alleys or other improvements even though the improvements thus made are not connected or continuous. The assessment rates may be ascertained separately, as near as may be, and the assessment rates shall be computed on the basis of the cost and expense of each continuous unit of the improvements shall be ascertained separately, as near as may be, and the assessment rates shall be computed on the basis of the cost and expense of each unit. In the event of the initiation of a local improvement district authorized by this section or a utility local improvement district authorized by this section, the legislative body may, in its discretion, eliminate from the district any unit of the improvement which is not connected or continuous and may proceed with the balance of the improvement within the local improvement district or utility local improvement district, as fully and completely as though the eliminated unit had not been included within the improvement district, without the giving of any notices to the property owners remaining within the district, other than such notices as are required by the provisions of this chapter to be given subsequent to such elimination. [1985 c 397 § 2; 1967 c 52 § 3; 1965 c 7 § 35.43.050. Prior: 1957 c 144 § 14; prior: 1947 c 155 § 1, part; 1941 c 90 § 1, part; 1915 c 168 § 2, part; 1911 c 98 § 13, part; Rem. Supp. 1947 § 9365, part.]

Authority supplemental—Severability—1985 c 397: See RCW 35.51.900 and 35.51.901.

Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.43.060 Consolidated cities—Procedure. The city council of any city which is composed of two or more cities or towns which have been or may hereafter be consolidated may make and pass all resolutions, orders and ordinances necessary for any assessment where the improvement was made or was being made by a component city or town prior to consolidation. [1965 c 7 § 35.43.060. Prior: 1911 c 98 § 64; RRS § 9417.]

35.43.070 Ordinance—Action on petition or resolution. A local improvement may be ordered only by an ordinance of the city or town council, pursuant to either a resolution or petition therefor. The ordinance must receive the affirmative vote of at least a majority of the members of the council.

Charters of cities of the first class may prescribe further limitations. In cities and towns other than cities of the first class, the ordinance must receive the affirmative vote of at least two-thirds of the members of the council if, prior to its passage, written objections to its enactment are filed with the city clerk by or on behalf of the owners of a majority of a majority of the lineal frontage of the improvement and of the area within the limits of the proposed improvement district. [1965 c 7 § 35.43.070. Prior: (i) 1911 c 98 § 8; RRS § 9359. (ii) 1911 c 98 § 66; RRS § 9419.]

35.43.075 Petition for district outside city may be denied. Whenever the formation of a local improvement district or utility local improvement district which lies entirely or in part outside of a city or town's corporate limits is initiated by petition the legislative authority of the city or town may by a majority vote deny the petition and refuse to form the local improvement district or utility local improvement district. [1967 c 52 § 4; 1965 c 7 § 35.43.075. Prior: 1963 c 56 § 3.] Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.43.100 Ordinance—Finality—Limitation upon challenging jurisdiction or authority to proceed. The council may continue the hearing upon any petition or resolution provided for in this chapter and shall retain jurisdiction thereof until it is finally disposed of. The action and decision of the council as to all matters passed upon by it in relation to any petition or resolution shall be final and conclusive. No lawsuit whatsoever may be maintained challenging the jurisdiction or authority of the council to proceed with the improvement and creating the local improvement district or in any way challenging the validity thereof or any proceedings relating thereto unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1969 ex.s. c 258 § 4; 1965 c 7 § 35.43.100. Prior: 1911 c 98 § 19; RRS § 9371.]

35.43.110 Petition—Mandatory, when. Proceedings to establish local improvement districts must be initiated by petition in the following cases:

(1) Any local improvement payable in whole or in part by special assessments which includes a charge for the cost and expense of operation and maintenance of escalators or moving sidewalks shall be initiated only upon a petition signed by the owners of two-thirds of the lineal frontage or any other property benefited by the improvement upon the petition and at least thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1981 c 313 § 10; 1965 c 7 § 35.43.110. Prior: 1957 c 144 § 3; prior: (i) 1911 c 98 § 58, part; RRS § 9411, part. Severability—1981 c 313: See note following RCW 36.94.020.

35.43.120 Petition—Requirements. Any local improvement may be initiated upon a petition signed by the owners of property aggregating a majority of the area within the proposed district. The petition must briefly describe: (1) The nature of the proposed improvement, (2) the territorial extent of the proposed improvement, (3) what proportion of the area within the proposed district is owned by the petitioners as shown by the records in the office of the county auditor, and (4) the fact that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value of the improvement, or street lighting, adds to the property.

If any of the property within the area of the proposed district stands in the name of a deceased person, or of any person for whom a guardian has been appointed and not discharged, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property on the petition. The petition must be filed with the clerk or with such other officer as the city or town by charter or ordinance may require. [1989 c 243 § 1; 1981 c 323 § 1; 1969 ex.s. c 258 § 5; 1965 c 7 § 35.43.120. Prior: 1957 c 144 § 6; prior: 1911 c 98 § 9, part; RRS § 9360, part.]

35.43.125 Petition—Notice and public hearing required. A public hearing shall be held on the creation of a proposed local improvement district or utility local improvement district that is initiated by petition. Notice requirements for this public hearing shall be the same as for the public hearing on the creation of a proposed local improvement district or utility local improvement district that is initiated by resolution. [1987 c 315 § 2.]

35.43.130 Preliminary estimates and assessment roll. Upon the filing of a petition or upon the adoption of a resolution, as the case may be, initiating a proceeding for the formation of a local improvement district or utility local improvement district, the proper board, officer, or authority designated by charter or ordinance to make the preliminary estimates and assessment roll shall cause an estimate to be made of the cost and expense of the proposed improvement and certify it to the legislative authority of the city or town together with all papers and information in its possession touching the proposed improvement, a description of the boundaries of the district, and a statement of what portion of the cost and expense of the improvement should be borne by the property within the proposed district.

If the proceedings were initiated by petition the designated board, officer or authority shall also determine the sufficiency of the petition and whether the facts set forth therein are true. If the petition is found to be sufficient and in all proceedings initiated by resolution of the legislative authority of the city or town, the estimates must be accompanied by a diagram showing thereon the lots, tracts, and parcels of land and other property which will be specially benefited by the proposed improvement and the estimated amount of the cost and expense thereof to be borne by each lot, tract, or parcel of land or other property: PROVIDED, That no such diagram shall be required where such estimates are on file in the office of the city engineer, or other designated city office, together with a detailed copy of the preliminary assessment roll and the plans and assessment maps of the proposed improvement.

35.43.182 Waivers of protest—Recording—Limits on enforceability. If an owner of property enters into an agreement with a city or town waiving the property owner’s right under RCW 35.43.180 to protest formation of a local improvement district, the agreement must specify the improvements to be financed by the district and shall set forth the effective term of the agreement, which shall not exceed ten years. The agreement must be recorded with the auditor of the county in which the property is located. It is against public policy and void for an owner, by agreement, as a condition imposed in connection with proposed property development, or otherwise, to waive rights to object to the property owner’s individual assessment (including the determination of special benefits allocable to the property), or to appeal to the superior court the decision of the city or town council affirming the final assessment roll. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property under the district. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. The contract shall provide that any preformation work shall be conducted only under the direction of the city or town engineer or other appropriate city or town authority. [1988 c 179 § 9.]

35.43.188 Assessment reimbursement accounts. A city or town ordering a local improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the local improvement district that the payment of an assessment levied for the district on underdeveloped properties may be made by owners of other properties within the district, if they so elect, subject to terms of reimbursement set forth in the ordinance. The terms for reimbursement shall require the owners of underdeveloped properties on whose behalf payments of assessments have been made to reimburse all such assessment payments to the party who made them when those properties are developed or redeveloped, together with interest at a rate specified in the ordinance. The ordinance may provide that reimbursement shall be made on a one-time, lump sum basis, or may provide that reimbursement shall be made over a period not to exceed five years. The ordinance may provide that reimbursement shall be made no later than the time of dissolution of the district, or may provide that no reimbursement is due if the underdeveloped properties are not developed or redeveloped before the dissolution of the district. Reimbursement amounts due from underdeveloped properties under this section are liens upon the underdeveloped properties in the same manner and with like effect as assessments made under this chapter. For the purposes of this section, “underdeveloped properties” may include those properties that, in the discretion of the legislative body of the city or town, (1) are undeveloped or are not developed to their highest and best use, and (2) are likely to be developed or redeveloped before the dissolution of the district. All local improvements, the funds for the making of which are derived in whole or in part from assessments upon property specially benefited shall be made by contract on competitive bids whenever the estimated cost of such improvement including the cost of materials, supplies, labor, and equipment will exceed the sum of five thousand dollars. The city, town, or public corporation may reject any and all bids. It is the intent of the legislature that the provisions of this section are procedural and remedial and shall have retroactive effect. [1977 c 72 § 3.]

35.43.270  Sanitary sewer or potable water facilities—Notice to certain property owners. (1) The products of the number of square feet in subdivisions first, second, third, fourth and fifth, respectively, for each lot, tract or parcel of land in the improvement district and the numbers 0.015000, 0.008333, 0.006666, 0.003333 and 0.001666, respectively, shall be ascertained. The rate of assessment per square foot in each subdivision so formed shall be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, and fourth, respectively, are related to each other as are the numbers, forty, thirty, twenty, and ten, respectively, and shall be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, and fourth, respectively, and the numbers forty, thirty, twenty, and ten, respectively, shall be ascertained;

(2) The aggregate sum thereof shall be divided into the total cost and expense of the local improvement;

The failure of the council to specifically recite in its ordinance ordering the improvement and creating the local improvement district that it will not use the zone and termini method of assessment shall not invalidate the use of any other method or methods of assessment. The reassessment shall be for an amount which shall not exceed the actual cost and expense of the improvement, together with the accrued interest thereon, being the true intent and meaning of the statutes relating to local improvements to make the cost and expense of local improvements payable by the property specially benefited thereby, notwithstanding the proceedings of the council, board of public works or other board, officer, or authority may be found to be irregular or defective, whether jurisdictional or otherwise. [1965 c 7 § 35.44.310. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.320 Reassessments—Credit for prior payments. In case of reassessment, all sums paid on the former attempted assessments shall be credited to the property on account of which they were paid. [1965 c 7 § 35.44.320. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.330 Reassessments—Payment. In case of reassessment after the certification of the assessment roll to the city or town treasurer for collection, the same length of time for payment of the assessment thereon without the imposition of any penalties or interest and the notice that the assessments are in the hands of the treasurer for collection shall be given as in case of an original assessment. After delinquency, penalties and interest may be charged as in cases of original assessment and if the original assessment was payable in installments, the new assessment may be divided into equal installments and made payable at such times as the city or town council may prescribe in the ordinance ordering the new assessment. [1965 c 7 § 35.44.330. Prior: 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.340 Reassessments—Limitation of time for. No city or town shall have jurisdiction to proceed with any reassessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time the original assessment for the same improvement was finally held to be invalid, insufficient or for any cause set aside, in whole or in part or its enforcement denied directly or indirectly by the courts. [1965 c 7 § 35.44.340. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

35.44.350 Reassessments, assessments on omitted property, supplemental assessments—Provisions governing. All of the provisions of law relating to the filing of assessment rolls, time and place for hearing thereon, notice of hearing, the hearing upon the roll, the confirmation of the assessment roll, the time when the assessments become a lien upon the property assessed, the proceedings on appeal from any such assessment, the method of collecting the assessment and all proceedings for enforcing the lien thereof shall be had and conducted the same in the case of reassessments, assessments on omitted property, or supplemental assessments as in the case of an original assessment. [1965 c 7 § 35.44.350. Prior: 1911 c 98 § 44; 1893 c 95 § 1; RRS § 9397.]

35.44.360 Assessments on omitted property—Authority. If by reason of mistake, inadvertence, or for any cause, property in a local improvement district or utility local improvement district which except for its omission would have been subject to assessment has been omitted from the assessment roll, the city or town council, upon its own motion, or upon the application of the owner of any property in the district which has been assessed for the improvement, may proceed to assess the property so omitted in accordance with the benefits accruing to it by reason of the improvement.

in proportion to the assessments levied upon other property in the district. [1967 c 52 § 12; 1965 c 7 § 35.44.360.
Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.44.370 Assessments on omitted property—Resolution—Notice. In case of assessments on omitted property the city or town council shall pass a resolution:

(1) Setting forth that the property therein described was omitted from the assessment;

(2) Notifying all persons who may desire to object thereto to appear at a meeting of the city or town council at a time specified in the resolution and present their objections thereto, and

(3) Directing the proper board, officer, or authority to report to the council at or prior to the date fixed for the hearing the amount which should be borne by each lot, tract, or parcel of land or other property so omitted. The resolution shall be published in all respects as provided for publishing the resolutions for an original assessment. [1965 c 7 § 35.44.370. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.380 Assessments on omitted property—Confirmation ordinance—Collection. At the conclusion of the hearing or any adjournment thereof upon proposed assessments on omitted property the council shall consider the matter as though the property were included in the original roll and may confirm the roll or any portion thereof by ordinance. Thereupon the roll of omitted property shall be certified to the treasurer for collection as other assessments. [1965 c 7 § 35.44.380. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.390 Supplemental assessments—When authorized. If by reason of any mistake, inadvertence, or other cause, the amount assessed was not equal to the cost and expense of a local improvement or that portion thereof to be paid by assessment of the property benefited the city or town council shall make supplemental assessments on all the property in the district. The property found to be specially benefited shall not be limited to the property included in the original assessment district.

These assessments shall be made in accordance with the provisions of law, charter, and ordinances existing at the time of the levy. [1965 c 7 § 35.44.390. Prior: 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part.]

35.44.400 Supplemental assessments—Limitation of time for. No city or town shall have jurisdiction to proceed with any supplemental assessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time that it was finally determined that the total amount of valid assessments levied and assessed on account of a local improvement was insufficient to pay the whole or that portion of the cost and expense thereof to be paid by special assessment. [1965 c 7 § 35.44.400. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

35.44.410 Segregation of assessments. Whenever any land against which there has been levied any special assessment by any city or town shall have been sold in part or subdivided, the legislative authority of that city or town shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the city or town which levied the assessment. If the legislative authority thereof determines that a segregation should be made, it shall by resolution order the city or town treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the city or town treasurer who shall proceed to make the segregation ordered upon being tendered a fee of ten dollars for each tract of land for which a segregation is to be made. In addition to such charge the legislative authority of the city or town may require as a condition to the order of segregation that the person seeking it pay the city or town the reasonable engineering and clerical costs incident to making the segregation. No segregation need be made if the legislative authority of the city or town shall find that by such segregation the security of the lien for such assessment will be so jeopardized as to reduce the security for any outstanding local improvement district obligations payable from such assessment. [1969 ex.s. c 258 § 10.]

35.44.420 Property donations—Credit against assessments. A city legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a local improvement district. The credit granted is available against any assessments levied, or any portion of any property donation against an assessment by any city or town which levied the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the city or town treasurer who shall proceed to make the segregation ordered upon being tendered a fee of ten dollars for each tract of land for which a segregation is to be made. In addition to such charge the legislative authority of the city or town may require as a condition to the order of segregation that the person seeking it pay the city or town the reasonable engineering and clerical costs incident to making the segregation. No segregation need be made if the legislative authority of the city or town shall find that by such segregation the security of the lien for such assessment will be so jeopardized as to reduce the security for any outstanding local improvement district obligations payable from such assessment. [1969 ex.s. c 258 § 10.]

Local improvement bonds shall be issued pursuant to ordinance and shall be made payable on or before a date not to exceed thirty years from and after the date of issue, which latter date may be fixed by ordinance or resolution of the council, and bear interest at such rate or rates as authorized by the council. The council may, in addition to issuing bonds callable under the provisions of RCW 35.45.050 whenever sufficient moneys are available, issue bonds with a fixed maturity schedule or with a fixed maximum annual retirement schedule. Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Rights not impaired—1969 c 81: "No phrase, clause, subdivision or section of this 1969 amendatory act shall be construed to impair the rights of bondholders as to any bonds issued prior to the effective date of this 1969 amendatory act." [1969 c 81 § 2.]

35.45.030 Bonds—Form—Content. (1) Local improvement bonds shall be in such denominations as may be provided in the ordinance authorizing their issue and shall be numbered from one upwards consecutively. Each bond shall (a) be signed by the mayor and attested by the clerk, (b) have the seal of the city or town affixed thereto, (c) refer to the improvement for which it is issued and the ordinance ordering it, (d) provide that the principal sum therein named and the interest thereon shall be payable out of the local improvement fund created for the cost and expense of the improvement, or out of the local improvement guaranty fund, or, with respect to interest only, out of the general revenues of the city or town, and not otherwise, (e) provide that the bond owners' remedy in case of nonpayment shall be confined to the enforcement of the special assessments made for the improvement and to the guaranty fund, and (f) be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

Any interest coupons may be signed by the mayor and attested by the clerk, or in lieu thereof, may have printed thereon a facsimile of their signatures.

35.45.040 Bonds—Sale of. (1) Local improvement bonds may be issued to the contractor or sold by the officers authorized by the ordinance directing their issue to do so, in the manner prescribed therein at the price established by the legislative authority of the city or town. Any portion of the bonds of any issue remaining unsold may be issued to the contractor constructing the improvement in payment thereof.

The proceeds of all sales of bonds shall be applied in payment of the cost and expense of the improvement.

(2) Notwithstanding subsection (1) of this section, such bonds may be sold in accordance with chapter 39.46 RCW. [1983 c 167 § 42; 1981 c 323 § 2; 1965 c 7 § 35.45.040. Prior: (i) 1911 c 98 § 46, part; 1899 c 124 § 1; RRS § 9399, part. (ii) 1911 c 98 § 48; 1899 c 124 § 3; RRS § 9401.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.45.050 Call of bonds. Except when bonds have been issued with a fixed maturity schedule or with a fixed maximum annual retirement schedule as authorized in RCW 35.45.020, the city or town treasurer shall call in and pay the principal of one or more bonds of any issue in their numerical order whenever there is sufficient money in any local improvement fund, against which the bonds have been issued, over and above that which is sufficient for the payment of interest on all unpaid bonds of that issue. The call shall be made for publication in the city or town official newspaper in its first publication following the date of delinquency of any installment of the assessment or as soon thereafter as practicable. The call shall state that bonds No. . . . . (giving the serial number or numbers of the bonds called) will be paid on the day the next interest payments are due and that interest on those bonds will cease upon that date. [1983 c 167 § 43; 1971 ex.s. c 116 § 11; 1965 c 7 § 35.45.050. Prior: 1911 c 98 § 54, part; RRS § 9407, part.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.45.060 Interest on bonds—How payable. The city or town treasurer shall pay interest on the bonds issued against local improvement funds out of the local improvement fund from which the bonds are payable. [1965 c 7 § 35.45.060. Prior: 1911 c 98 § 54, part; RRS § 9407, part.]
35.45.065 Interest on bonds—Payment from general revenues—Authority—Procedure. The city or town council may provide by ordinance that all or part of the interest upon said bonds shall be paid from the general revenues of the city or town and may create a local improvement district bond interest fund for this purpose. If the city or town council determine that the interest payable therefrom is payable from general revenues, the interest coupons representing interest payable from the general revenues of the city or town shall be denominated as "B" coupons and shall recite that the interest payable thereunder is payable from the general revenues of the city or town. [1967 ex.s. c 44 § 2.]

35.45.070 Nonliability of city or town. Neither the holder nor owner of any bond, interest coupon, or warrant issued against a local improvement fund shall have any claim therefor against the city or town by which it is issued, except for payment from the special assessments made for the improvement for which the bond or warrant was issued and except also for payment from the local improvement guaranty fund of the city or town as to bonds issued after the creation of a local improvement guaranty fund of that city or town. The city or town shall not be liable to the holder or owner of any bond, interest coupon, or warrant for any loss to the local improvement guaranty fund occurring in the lawful operation thereof. A copy of the foregoing part of this section shall be plainly written, printed or engraved on each bond. [1965 c 7 § 35.45.070. Prior: (i) 1911 c 98 § 52, part; RRS § 9405, part. (ii) 1927 c 209 § 5; 1925 ex.s. c 183 § 5; 1923 c 141 § 5, part; RRS § 9351-5, part.]

35.45.080 Remedy of bondholders. If a city or town fails to pay any bonds or to promptly collect any local improvement assessments when due, the owner of the bonds may proceed in his own name to collect the assessment and foreclose the lien thereof in any court of competent jurisdiction and shall recover in addition to the amount of the bond and interest thereon, five percent, together with the cost of suit. Any number of holders of bonds for any single improvement may join as plaintiffs and any number of owners of property upon which the assessments are liens may be joined as defendants in the same suit.

The owners of local improvement bonds issued by a city or town after the creation of a local improvement guaranty fund therein, shall also have recourse against the local improvement guaranty fund of such city or town. [1965 c 7 § 35.45.080. Prior: (i) 1927 c 209 § 5, part; 1925 ex.s. c 183 § 5, part; 1923 c 141 § 5, part; RRS § 9351-5, part. (ii) 1911 c 98 § 51; 1899 c 124 § 6; RRS § 9404.]

35.45.090 Excess to be refunded—Demand—Right of action. Any funds in the treasury of any municipal corporation belonging to the fund of any local improvement district after the payment of the whole cost and expense of such improvement, in excess of the total sum required to defray all the expenditures by such municipal corporation on account thereof, shall be refunded, on demand, to the payers into such fund. Each such payer shall be entitled to such proportion of such excess as his original assessment bears to the entire original assessment levied for such improvement. Such municipal corporation may, after one year from the date on which the last installment becomes due, transfer any balance remaining on hand to the general fund of such municipal corporation, but shall, notwithstanding such transfer remain liable for the refund herein provided for until such refund shall have been made, unless the actual cost involved in making such refund shall exceed the excess in such fund.

Such demand shall be made in writing to the treasurer of such municipal corporation. No action shall be commenced in any court to obtain any such refund, except upon such demand, and until ninety days after making such demand. No excess shall be recovered in any action where the excess in the fund does not average the sum of one dollar in favor of all payers into such fund.

This section shall not be deemed to require the refunding of any balance left in any local improvement fund after the payment of all outstanding obligations issued against such fund, where such balance accrues from any saving in interest or from penalties collected upon delinquent assessments, but any such balance, whether accruing heretofore or hereafter, may be turned into the general fund or otherwise disposed of, as the legislative authority of the city may direct.

The provisions of this chapter relating to the refund of excess local improvement district funds shall not apply to any district whose obligations are guaranteed by the local improvement guaranty fund. [1965 c 7 § 35.45.090. Prior: 1917 c 140 § 1; 1909 c 108 § 1; RRS § 9351.]

35.45.130 Warrants against local improvement fund authorized. Every city and town may provide by ordinance for the issuance of warrants in payment of the cost and expense of any local improvement, payable out of the local improvement district fund. The warrants shall bear interest at a rate or rates established by the issuing officer under the direction of the legislative authority of the city or town and shall be redeemed either in cash or by local improvement bonds for the same improvement authorized by ordinance.

All warrants against any local improvement fund sold by the city or town or issued to a contractor and by him sold or hypothecated for a valuable consideration shall be claims and liens against the improvement fund against which they are drawn prior and superior to any right, lien, or claim of any surety upon the bond or bonds given to the city or town by or for the contractor to secure the performance of his contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or provisions and supplies for the carrying on of the work. [1981 c 323 § 3; 1970 ex.s. c 56 § 36; 1965 c 7 § 35.45.130. Prior: 1953 c 117 § 1; prior: 1915 c 168 § 3; 1911 c 98 § 72; 1899 c 146 § 7; RRS 9425.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

35.45.140 Warrants acceptable in payment of assessments. Cities and towns may accept warrants drawn against any local improvement fund upon such conditions as
they may by ordinance or resolution prescribe, in satisfaction of:

(1) Assessments levied to supply such fund, in due order of priority of right;

(2) Judgments rendered against property owners who have become delinquent in the payment of assessments levied to supply such fund; and

(3) In payment of certificates of purchase in cases where property of delinquents has been sold under execution or at tax sale for failure to pay assessments levied to supply such fund. [1965 c 7 § 35.45.140. Prior: (i) 1899 c 97 § 1; RRS § 9346. (ii) 1899 c 97 § 2; RRS § 9347. (iii) 1899 c 97 § 3; RRS § 9348. (iv) 1899 c 97 § 4; RRS § 9349. (v) 1899 c 97 § 5; RRS § 9350.]

35.45.150 Installment notes—Interest certificates. In addition to the issuance of bonds and warrants in payment of the cost and expense of any local improvement, any city or town may also issue and sell installment notes payable out of the local improvement district fund. Such installment notes may be issued any time after the thirty day period allowed by law for the payment of assessments of any district without penalty or interest, and may bear any denomination or denominations, the aggregate of which shall represent the balance of the cost and expense of the local improvement district which is to be borne by the property owners therein.

Application of local improvement district funds for the reduction of the principal and interest amounts due on any notes herein provided to finance said improvement shall be made not less than once each year beginning with the issue date thereof. Appropriate notification of such application of funds shall be made by the city or town treasurer to the registered payees of said notes, except those notes owned by funds of the issuing municipality. Such notes may be registered as provided in RCW 39.46.030. If more than one local improvement installment note is issued for a single district, said notes shall be numbered consecutively. All notes issued shall bear on the face thereof: (1) The name of the payee; (2) the number of the local improvement district from whose funds the notes are payable; (3) the date of issue of each note; (4) the date on which the note, or the final installment thereon shall become due; (5) the rate or rates of interest, as provided by the city or town legislative authority, to be paid on the unpaid balance thereof, and; (6) such manual or facsimile signatures and attestations as are required by state statute or city charter to appear on the warrants of each issuing municipality.

The reverse side of each installment note issued pursuant to this section shall bear a tabular payment record which shall indicate at prescribed installment dates, the receipt of any local improvement district funds for the purpose of servicing the debt evidenced by said notes. Such receipts shall first be applied toward the interest due on the unpaid balance of the note, and any additional moneys shall thereafter apply as a reduction of the principal amount thereof. The tabular payment record shall, in addition to the above, show the unpaid principal balance due on each installment note, together with sufficient space opposite each transaction affecting said note for the manual signature of the city's or town's clerk, treasurer or other properly designated receiving officer of the municipality, or of any other registered payee presenting said note for such installment payments.

Whenever there are insufficient funds in a local improvement district to meet any payment of installment interest due on any note herein authorized, a noninterest-bearing defaulted installment interest certificate shall be issued by the city or town treasurer which shall consist of a written statement certifying the amount of such defaulted interest installment; the name of the payee of the note to whom the interest is due and the number of the local improvement district from whose funds the note and interest thereon is payable. Such certificates may be registered as provided in RCW 39.46.030. The certificate herein provided shall bear the manual signature of the city or town treasurer or his authorized agent. The defaulted installment interest certificate so issued shall be redeemed for the face amount thereof with any available funds in the local improvement guaranty fund.

Whenever at the date of maturity of any installment note issued pursuant to this section, there are insufficient funds in a local improvement district, due to delinquencies in the collection of assessments, to pay the final installment of the principal due thereon, the note shall be redeemed with any available funds in the local improvement guaranty fund for the amount of said final installment.

All certificates and notes issued pursuant to this section are to become subject to the same redemption privileges as apply to any local improvement district bonds and warrants now accorded the protection of the local improvement guaranty fund as provided in chapter 35.54 RCW, and whenever the certificates or notes issued as herein provided are redeemed by said local improvement guaranty fund, they shall be held therein as investments thereof in the same manner as prescribed for other defaulted local improvement district obligations.

Notwithstanding any other statutory provisions, local improvement installment notes authorized by this section which are within the protection of the local improvement guaranty fund law shall be considered legal investments for any available surplus funds of the issuing municipality which now or hereafter may be authorized to be invested in the city's or town's local improvement districts' bonds or warrants and shall be considered legal investments for all national and state banks, savings and loan institutions, and any and all other commercial banking or financial institutions to the same extent that the local improvement district bonds and any coupons issued pursuant to the provisions of this chapter have been and are legal investments for such institutions. Any such local improvement installment notes may be transferred or sold by said city or town upon such terms or conditions and in such manner as the local governing body of said city or town may determine, or may be issued to another fund of the city or town: PROVIDED, HOWEVER, That the same shall not be sold at less than par plus accrued interest.

Notwithstanding the provisions of this section, such notes and certificates may be issued, and such notes may be sold, in accordance with chapter 39.46 RCW. [1983 c 167 § 44. Prior: 1981 c 323 § 4; 1981 c 156 § 2; prior: 1970 ex.s.c 93 § 2; 1970 ex.s.c 56 § 37; 1965 c 7 § 35.45.150; prior: 1961 c 165 § 1.]

The bonds shall be payable from the same local improvement district fund from which such notes were payable; shall be payable no later than the final payment date of the notes being refunded; shall be in the same total principal amount as the outstanding principal amount of the notes being refunded less any sums in the local improvement district fund the city or town applies to the redemption of such notes; and shall be sold at not less than par plus accrued interest to date of delivery. Any interest payable on the bonds in excess of the interest payable on assessment installments payable into the local improvement district fund shall be paid from the general fund of the city or town in accordance with RCW 35.45.065. The principal proceeds and interest accrued to date of delivery of the bonds shall be paid into the local improvement district fund and the notes shall be redeemed on that date. If the governing body orders the creation of such consolidated local improvement districts, the moneys received from the installment payment of the principal of and interest on assessments levied within original local assessment districts shall be deposited in a consolidated local improvement district bond redemption fund to be used to redeem outstanding consolidated local improvement district bonds. [1967 ex.s. c 44 § 3.]

35.45.170 Refunding bonds—Limitations. The legislative authority of any city or town may issue and sell bonds to refund outstanding local improvement district or consolidated local improvement district bonds issued after June 7, 1984, on the earliest date such outstanding bonds may be redeemed following the date of issuance of such refunding bonds. Such refunding shall be subject to the following:

(2) The refunding bonds shall be paid from the same local improvement fund or bond redemption fund as the bonds being refunded.

(3) The costs and expenses of the refunding shall be paid from the proceeds of the refunding bonds, or the same local improvement district fund or bond redemption fund for the bonds being refunded, except the city or town may advance such costs and expenses to such fund pending the receipt of assessment payments available to reimburse such advances.

(4) The last maturity of the refunding bonds shall be no later than one year after the last maturity of bonds being refunded.

(5) The refunding bonds may be exchanged for the bonds being refunded or may be sold in the same manner permitted at the time of sale for local improvement district bonds.

(6) All other provisions of law applicable to the refunded bonds shall apply to the refunding bonds. [1984 c 186 § 66.]

Whenever all such warrants have been purchased or paid, the city or town may transfer to the revolving fund any bonds, warrants or other assets belonging to said fund first above mentioned, and thereafter such bonds, warrants or other assets shall be held and disposed of for the benefit of said revolving fund in the same manner as other funds and assets therein: PROVIDED, That nothing contained in this chapter shall legalize any warrants heretofore issued or render any city or town liable thereunder. (3) That the assessment is based upon a front foot basis, or upon a basis of benefits to the property within the improvement district unless it is made to appear that the city or town authorities did not act in good faith and did not attempt to act fairly in regard thereto or unless it is made to appear that the city or town authorities acted fraudulently or oppressively in making the assessment.

All local improvement assessments heretofore or hereafter made by city or town authorities in good faith are valid and in full force and effect. [1967 c 52 § 17; 1965 c 7 § 35.50.020. Prior: 1911 c 98 § 61; RRS § 9414.]

35.50.030 Authority and conditions precedent to foreclosure. If on the first day of January in any year, two installments of any local improvement assessment are delinquent, or if the final installment thereof has been delinquent for more than one year, the city or town shall proceed with the foreclosure of the delinquent assessment or delinquent installments thereof by proceedings brought in its own name in the superior court of the county in which the city or town is situated.

The proceedings shall be commenced on or before March 1st of that year or on or before such other date in such year as may be fixed by general ordinance, but not before the city or town treasurer has notified by certified mail the persons whose names appear on the assessment roll as owners of the property charged with the assessments or installments which are delinquent, at the address last known to the treasurer, a notice thirty days before the commencement of the proceedings. If the person whose name appears on the tax rolls of the county assessor as owner of the property, or the address shown for the owner, differs from that appearing on the city or town assessment roll, then the

treauser shall also mail a copy of the notice to that person or that address.

The notice shall state the amount due upon each separate lot, tract, or parcel of land and the date after which the proceedings will be commenced. The city or town treasurer shall file with the clerk of the superior court at the time of commencement of the foreclosure proceeding the affidavit of the person who mailed the notices. This affidavit shall be conclusive proof of compliance with the requirements of this section. [1983 c 303 § 18; 1982 c 91 § 1; 1981 c 323 § 6; 1965 c 7 § 35.50.030. 35.50.040 Entire assessment, foreclosure of. When the local improvement assessment is payable in installments, the enforcement of the lien of any installment shall not prevent the enforcement of the lien of any subsequent installment.

A city or town may by general ordinance provide that upon failure to pay any installment due the entire assessment shall become due and payable and the collection thereof enforced by foreclosure: PROVIDED, That the payment of all delinquent installments together with interest, penalty, and costs at any time before entry of judgment in foreclosure shall extend the time of payment on the remainder of the assessments as if there had been no delinquency or foreclosure. Where foreclosure of two installments of the same assessment on any lot, tract, or parcel is sought, the city or town treasurer shall cause such lot, tract, or parcel to be dismissed from the action, if the installment first delinquent together with interest, penalty, costs, and charges is paid at any time before sale. [1965 c 7 § 35.50.040. Prior: (i) 1933 c 9 § 1, part; 1927 c 275 § 5, part; 1919 c 70 § 2, part; 1915 c 185 § 1; 1911 c 98 §§ 34, 36, part; RRS § 9386, part. 35.50.050 Limitation of foreclosure action. An action to collect a local improvement assessment or any installment thereof or to enforce the lien thereof whether brought by the city or town, or by any person having the right to bring such action must be commenced within ten years after the assessment becomes delinquent or within ten years after the last installment becomes delinquent, if the assessment is payable in installments: PROVIDED, That the time during which payment of principal is deferred as to economically disadvantages property owners as provided for in RCW 35.43.250 shall not be a part of the time limited for the commencement of action. [1989 c 11 § 6; 1972 ex.s. c 137 § 5; 1965 c 7 § 35.50.050. Prior: 1911 c 98 § 41; RRS § 9394.]

All or any of the lots, tracts, or parcels of land or other property upon which local improvement assessments are delinquent under any and all local improvement assessment rolls in the city or town may be proceeded against in the same action. 35.50.240 Procedure—Pleadings and evidence. In foreclosing local improvement assessment liens, the assessment roll and the ordinance confirming it, or duly authenticated copies thereof shall be prima facie evidence of the regularity and legality of the proceedings connected therewith and the burden of proof shall be on the defendants. Commencement of actions: Chapter 4.28 RCW.

35.50.260 Procedure—Trial and judgment—Notice of sale. In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable costs, including the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080 [1983 c 303 § 21; 1982 c 91 § 7; 1971 c 81 § 93; 1965 c 7 § 35.50.260. Prior: 1933 c 9 § 2, part; RRS § 9386-1, part.]

Chapter 35.51
LOCAL IMPROVEMENTS—CLASSIFICATION OF PROPERTY—JOINT IMPROVEMENTS—RESERVE FUNDS

Sections
35.51.010  Definitions.  The definitions set forth in this section apply throughout this chapter.
   (1) "Local improvement district" means any local improvement district, local utility district, or any other similar special assessment district.
   (2) "Municipality" means any city, town, county, metropolitan municipal corporation, or any other municipal corporation or quasi-municipal corporation of the state of Washington authorized to order local improvements, to establish local improvement districts, and to levy special assessments on property specially benefited thereby to pay the expense of the improvements.
   (3) "Permissible floor area" means the maximum total floor area, at grade and above and below grade, of a building or other structure that may lawfully be developed on a property.
   (4) "Private land use restriction" means any restriction on the use of property imposed by agreement and enforceable by a court of law and that the legislative authority of a municipality determines is useful in measuring special benefits to a property from an improvement. Such restrictions include but are not limited to easements, covenants, and equitable servitudes that are not mere personal obligations.
   (5) "Public land use restriction" means any restriction on the use of property imposed by federal, state, or local laws, regulations, ordinances, or resolutions. Such restrictions include but are not limited to local zoning ordinances and historic preservation statutes. [1985 c 397 § 5.]

35.51.020  Joint planning, construction, and operation of improvements. A municipality may contract with any other municipality, with a public corporation, or with the state of Washington, for the following purposes:
   (1) To have the acquisition or construction of the whole or any part of an improvement performed by another municipality, by a public corporation, or by the state of Washington;
   (2) To pay, from assessments on property within a local improvement district or from the proceeds of local improvement district bonds, notes or warrants, the whole or any part of the expense of an improvement ordered, constructed, acquired, or owned by another municipality or a public corporation; or
   (3) To integrate the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of one municipality or a public corporation with the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of another municipality or public corporation on such terms and conditions as may be mutually agreed upon including, but not limited to, the allocation of the costs of the improvements and the allocation of planning, financing, construction, management, operation, or other responsibilities. [1987 c 242 § 5; 1985 c 397 § 6.]

Policy—1987 c 242: See note following RCW 35.43.005.

35.51.030  Alternative or additional method of assessment—Classification of property. (1) As an alternative or in addition to other methods of ascertaining assessments for local improvements, the legislative authority of a municipality may develop and apply a system of classification of properties based upon some or all of the public land use restrictions or private land use restrictions to which such property may be put at the time the assessment roll is confirmed.
   (2) The legislative authority of a municipality may classify property into office, retail, residential, public, or any other classifications the legislative authority finds reasonable, and may levy special assessments upon different classes of property at different rates, but in no case may a special assessment exceed the special benefit to a particular property. A municipality also may exempt certain classes of property from assessment if the legislative authority of the municipality determines that properties within such classes will not specially benefit from the improvement.
   (3) For each property within a classification, the legislative authority of the municipality may determine the special assessment after consideration of any or all of the following:
      (a) Square footage of the property;
      (b) Permissible floor area;
      (c) Distance from or proximity of access to the local improvement;
      (d) Private land use restrictions and public land use restrictions;
      (e) Existing facilities on the property at the time the assessment roll is confirmed; and
      (f) Any other factor the legislative authority finds to be a reasonable measure of the special benefits to the properties being assessed.
   (4) If after the assessment roll is confirmed, the legislative authority of a municipality finds that the lawful uses of any assessed property have changed and that the property no longer falls within its original classification, the legislative authority may, in its discretion, reclassify and reassess such property whether or not the bonds issued to pay any part of such costs remain outstanding. If such reassessment reduces the total outstanding assessments within the local improvement district, the legislative authority shall either reassess all other properties upward in an aggregate amount equal to such reduction, or shall pledge additional money, including
money in a reserve fund, to the payment of principal of and interest on such bonds in an amount equal to such reduction.

(5) When the legislative authority of a municipality determines that it will use the alternative or additional method of assessment authorized by this section, it may select and describe the method or methods of assessment in the ordinance ordering a local improvement and creating a local improvement district if such method or methods of assessment have been described in the notice of hearing required under RCW 35.43.150. If the method or methods of assessment are so selected and described in the ordinance ordering a local improvement and creating a local improvement district, the action and decision of the legislative authority as to such method or methods of assessment shall be final and conclusive, and no lawsuit whatsoever may be maintained challenging such method or methods of assessment unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement, and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1985 c 397 § 7.]

35.51.040 Reserve fund authorized—Use. For the purpose of securing the payment of the principal of and interest on an issue of local improvement bonds, notes, warrants, or other short-term obligations, the legislative authority of a municipality may create a reserve fund in an amount not exceeding fifteen percent of the principal amount of the bonds, notes, or warrants issued. The cost of a reserve fund may be included in the cost and expense of any local improvement for assessment against the property in the local improvement district to pay the cost, or any part thereof. The reserve fund may be provided for from the proceeds of the bonds, notes, warrants, or other short-term obligations, from special assessment payments, or from any other money legally available therefor. The legislative authority of a municipality shall provide that after payment of administrative costs a sum in proportion to the ratio between the part of the original assessment against a given lot, tract, or parcel of land in a local improvement district assessed to create a reserve fund, if any, and the total original amount of such assessment, plus a proportionate share of any interest accrued in the reserve fund, shall be credited and applied, respectively, to any nondelinquent portion of the principal of that assessment and any nondelinquent installment interest on that assessment paid by a property owner, but in no event may the principal amount of bonds outstanding exceed the principal amount of assessments outstanding. Whether the payment is made during the thirty-day prepayment period referred to in RCW 35.49.010 and 35.49.020 or thereafter and whenever all or part of a remaining nondelinquent assessment or any nondelinquent installment payment of principal and interest is paid, the reserve fund balance shall be reduced accordingly as each such sum is thus credited and applied to a nondelinquent principal payment and a nondelinquent interest payment. Each payment of a nondelinquent assessment or any nondelinquent installment payment of principal and interest shall be reduced by the amount of the credit. The balance of a reserve fund remaining after payment in full and retirement of all local improvement bonds, notes, warrants, or other short-term obligations secured by such fund shall be transferred to the municipality's guaranty fund.

Where, before July 26, 1987, a municipality established a reserve fund under this section that did not provide for a credit or reimbursement of the money remaining in the reserve fund to the owners of the lots, tracts, or parcels of property subject to the assessments, the balance in the reserve fund shall be distributed, after payment in full and retirement of all local improvement district bonds and other obligations secured by the reserve fund, to those owners of the lots, tracts, or parcels of property subject to the assessments at the time the final installment or assessment payment on the lot, tract, or parcel was made. No owner is eligible to receive reimbursement for a lot, tract, or parcel if a lien on an unpaid assessment, or an installment thereon, was imposed on such property remains in effect at the time the reimbursement is made or was foreclosed on the property. The amount to be distributed to the owners of each lot, tract, or parcel that is eligible for reimbursement shall be equal to the balance in the reserve fund, multiplied by the assessment imposed on the lot, tract, or parcel, divided by the total of all the assessments on the lots, tracts, or parcels eligible for reimbursement. [1987 c 340 § 1; 1985 c 397 § 8.]

35.51.900 Authority supplemental—1985 c 397. The authority granted by *sections 1 through 8 of this act is supplemental and in addition to the authority granted by Title 35 RCW and to any other authority granted to cities, towns, or municipal corporations to levy special assessments. [1985 c 397 § 12.]

*Reviser's note: "Sections 1 through 8 of this act" [1985 c 397] consist of the enactment of RCW 35.51.010 through 35.51.040 and the 1985 amendments to RCW 35.43.040, 35.43.050, 35.44.010, and 35.44.020.

35.51.901 Severability—1985 c 397. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 397 § 13.]

35.54.010 Establishment. There is established in every city and town a fund to be designated the "local improvement guaranty fund" for the purpose of guaranteeing, to the extent of the fund, the payment of its local improvement bonds and warrants issued to pay for any local improvement ordered in the city or town or in any area wholly or partly outside its corporate boundaries: (1) In any city of the first class having a population of more than three hundred thousand, subsequent to June 8, 1927; (2) in any city or town having created and maintained a guaranty fund under chapter 141, Laws of 1923, subsequent to the date of establishment of such fund; and (3) in any other city or town subsequent to April 7, 1926: PROVIDED, That this shall not apply to any city of the first class which maintains a local improvement guaranty fund under chapter 138, Laws of 1917, but any such city maintaining a guaranty fund under chapter 138, Laws of 1917 may by ordinance elect to operate under the provisions of this chapter and may transfer to the guaranty fund created hereunder all the assets of the former fund and, upon such election and transfer, all bonds guaranteed under the former fund shall be guaranteed under the provisions of this chapter. Every city and town operating under the provisions of this chapter shall prescribe by ordinance appropriate rules and regulations for the maintenance and operation of the guaranty fund not inconsistent with the provisions of this chapter. [1965 c 7 § 35.54.020. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

(1994 Ed.)

35.54.040 Source—Subrogation rights to assessments. Whenever any sum is paid out of the local improvement guaranty fund on account of principal or interest of a local improvement bond or warrant, the city or town as trustee of the fund shall be subrogated to all the rights of the holder of the bond or interest coupon or warrant so paid, and the proceeds thereof, or of the underlying assessment, shall become part of the guaranty fund. [1965 c 7 § 35.54.040. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.050 Source—Surplus from improvement funds. If in any local improvement fund guaranteed by a local improvement guaranty fund there is a surplus remaining after the payment of all outstanding bonds and warrants payable therefrom, it shall be paid into the local improvement guaranty fund. [1965 c 7 § 35.54.050. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.060 Source—Taxation. The taxes levied for the maintenance of the local improvement guaranty fund shall be additional to and, if need be, in excess of all statutory and charter limitations applicable to tax levies in any city or town. [1981 c 323 § 7; 1965 c 7 § 35.54.060. 35.54.070 Use of fund—Purchase of bonds, coupons and warrants. Defaulted bonds, interest coupons and warrants against local improvement funds shall be purchased out of the guaranty fund, and as between the several issues of bonds, coupons, or warrants no preference shall exist, but they shall be purchased in the order of their presentation. [1965 c 7 § 35.54.070. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.080 Use of fund—Purchase of general tax certificates or property on or after foreclosure—Disposition. For the purpose of protecting the guaranty fund, so much of the guaranty fund as is necessary may be used to purchase certificates of delinquency for general taxes on property subject to local improvement assessments which underlie the bonds, coupons, or warrants guaranteed by the

[Title 35 RCW—page 171]
fund, or to purchase such property at county tax foreclosures, or from the county after foreclosure.

The city or town, as trustee of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at foreclosure sale; when doing so the court costs, costs of publication, expense for clerical work and other expenses incidental thereto shall be charged to and paid from the local improvement guaranty fund.

After acquiring title to property by purchase at general tax foreclosure sale or from the county after foreclosure, a city or town may lease it or sell it at public or private sale at such price on such terms as may be determined by resolution of the council. All proceeds shall belong to and be paid into the local improvement guaranty fund. [1965 c 7 § 35.54.080. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.090 Warrants against fund. Warrants drawing interest at a rate established by the issuing officer under the direction of the legislative authority of the city or town shall be issued against the local improvement guaranty fund to meet any liability accruing against it. The warrants so issued shall at no time exceed five percent of the outstanding obligations guaranteed by the fund. [1981 c 323 § 8; 1965 c 7 § 35.54.080. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.095 Transfer of assets to general fund—When authorized—Payment of claims as general obligation, when. (1) Any city or town maintaining a local improvement guaranty fund under this chapter, upon certification by the city or town treasurer that the local improvement guaranty fund has sufficient funds currently on hand to meet all valid outstanding obligations of the fund and all other obligations of the fund reasonably expected to be incurred in the near future, may by ordinance transfer assets from such fund to its general fund. The net cash of the local improvement guaranty fund may be reduced by such transfer to an amount not less than ten percent of the net outstanding obligations guaranteed by such fund.

(2) If, at any time within five years of any transfer of assets from the local improvement guaranty fund to the general fund of a city or town, the net cash of the local improvement guaranty fund is reduced below the minimum amount specified in subsection (1) of this section, the city or town shall, to the extent of the amount transferred, pay valid claims against the local improvement guaranty fund as a general obligation of the city or town. In addition, such city or town shall pay all reasonable costs of collection necessarily incurred by the holders of valid claims against the local improvement guaranty fund. [1979 c 55 § 1.1]

35.54.100 Deferral of collection of assessments for economically disadvantaged persons—Payment from guaranty fund—Lien—Payment dates for deferred obligations. Whenever payment of a local improvement district assessment is deferred pursuant to the provisions of RCW 35.43.250 the amount of the deferred assessment shall be paid out of the local improvement guaranty fund. The local improvement guaranty fund shall have a lien on the benefited property in an amount equal to the deferral together with interest as provided for by the establishing ordinance.

The lien may accumulate up to an amount not to exceed the sum of two installments: PROVIDED, That the ordinance creating the local improvement district may provide for one or additional deferrals of up to two installments. Local improvement assessment obligations deferred under *this 1972 amendatory act shall become payable upon the earliest of the following dates:

(1) Upon the date and pursuant to conditions established by the political subdivision granting the deferral; or

(2) Upon the sale of property which has a deferred assessment lien upon it from the purchase price; or

(3) Upon the death of the person to whom the deferral was granted from the value of his estate; except a surviving spouse shall be allowed to continue the deferral which shall then be payable by that spouse as provided in this section. [1972 ex.s. c 137 § 3.]

*Revisor's note: "this 1972 amendatory act" [1972 ex.s. c 137] consists of RCW 35.43.250 and 35.54.100 and the 1972 ex.s. amendments to RCW 35.49.010 and 35.50.050.

Local Improvements—Filling Lowlands

35.55.020 Alternative methods of financing. If the city council desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon the property benefited, compensation therefor shall be made from any general funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of the special assessments shall be as hereinafter provided. [1965 c 7 § 35.55.020. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.

35.55.030 Boundaries—Excepted property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement. If any parcel of land within the boundaries of such proposed improvement district has been wholly filled to the proposed grade elevation of the proposed fill, such parcel of land may be excluded from the lists of lands to be assessed, when in the opinion of the city council justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.55.030. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

35.55.040 Damages—Eminent domain. If an ordinance has been passed as in this chapter provided, and it appears that in making of the improvement so authorized, private property will be taken or damaged hereby, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation to be made for the property to be taken or damaged for the improvement specified in the ordinance be ascertained, and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.55.010 shall not be considered as damaging or taking of such lands. The damage if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled, shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall after the passage of such ordinance, proceed with said improvement with due diligence. If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.55.040. Prior: 1909 c 147 § 3; RRS § 9434.]

Eminent domain by cities: Chapter 8.12 RCW.

35.55.050 Estimates—Plans and specifications. At the time of the initiation of the proceedings for any improvement as contemplated by this chapter, or at any time afterward, the city council shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor’s fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council. [1965 c 7 § 35.55.050. Prior: 1909 c 147 § 4; RRS § 9435.]

35.55.060 Assessment roll—Items—Assessment units—Installments. When such plans and specifications have been prepared and the estimates of the cost and expense of making the improvement have been adopted by the council and when an estimate has been made of the amount of damages for property taken or damaged, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council shall cause an assessment roll to be prepared containing a list of all of the property within the improvement district which it is proposed to assess for the improvement, together with the names of the owners, if known, and if unknown the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the council, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement, may be assessed against the property within the district subject to assessment.
35.55.060 Title 35 RCW: Cities and Towns

but the council may order any portion of the costs paid out of the current or general expense fund of the city.

The assessments shall be made according to and in proportion to surface area one square foot of surface to be the unit of assessment, except that the several parcels of land in any enlarged district not actually filled shall be assessed in accordance with special benefits: PROVIDED, That where any parcel of land was partially filled by the owner prior to the initiation of the improvement, an equitable deduction for such partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within such assessment district shall be borne by the private property within such district subject to assessment when so ordered by the council. When the assessments are payable in installments, the assessment roll when equalized, shall show the number of installments and the amounts thereof. The assessments may be made payable in any number of equal annual installments not exceeding ten in number. [1965 c 7 § 35.55.060. Prior: 1917 c 63 § 2; 1909 c 147 § 5; RRS § 9436.]

35.55.070 Hearing on assessment roll—Notice—Council's authority. When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his office and that at a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council as board of equalization may hear, consider and determine objections and protests against any assessment and may make such alterations and modifications in the assessment roll as justice and equity may require. [1965 c 7 § 35.55.070. Prior: 1909 c 147 § 6; RRS § 9437.]

35.55.080 Hearings—Appellate review. Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff and the city as defendant. The cause shall then be at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court's decision may be sought as in other causes. [1988 c 202 § 38; 1971 c 81 § 94; 1965 c 7 § 35.55.080. Prior: 1909 c 147 § 7; RRS § 9438.]

35.55.090 Lien—Collection of assessments. From and after the equalization of the roll, the several assessments therein shall become a lien upon the real estate described therein and shall remain a lien until paid. The assessment lien shall take precedence of all other liens against such property, except the lien of general taxes. The assessments shall be collected by the same officers and enforced in the same manner as provided by law for the collection and enforcement of local assessments for street improvements. All of the provisions of laws and ordinances relative to the enforcement and collection of local assessments for street improvements shall be applicable to these assessments. [1965 c 7 § 35.55.090. Prior: 1909 c 147 § 8; RRS § 9439.]

Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.

35.55.100 Interest on assessments. The local assessments shall bear interest at such rate as may be fixed by the council after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 3; 1965 c 7 § 35.55.100. Prior: 1909 c 147 § 12, part; RRS § 9443, part.]

35.55.110 Payment of cost of improvement—Interest on warrants. If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council from date of issuance. If the improvement is ordered to be made upon the bond installment plan, the city council shall provide for the issuance of bonds against the improvement district. [1981 c 156 § 4; 1965 c 7 § 35.55.110. Prior: (i) 1909 c 147 § 12, part; RRS § 9443, part. (ii) 1909 c 147 § 9; RRS § 9440.]

35.55.120 Local improvement bonds—Terms. The city council shall have full authority to provide for the issuance of bonds against the improvement district fund in such denominations as the city council may provide which shall bear such rate of interest as the city council may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding ten years from the date thereof, as may be fixed by the council and shall be payable out of the local assessment district fund.

If so ordered by the council, the bonds may be issued in such a way that different numbers of the bonds may
35.55.130 Local improvement bonds—Guaranties. The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guarantees on the part of the city, other than a city operating under the council-manager form or the commission form, shall be made only by ordinance passed by the vote of not less than nine councilmembers and the approval of the mayor in noncharter code cities that retained the old second class city plan of government with twelve council positions, and six councilmembers and approval of the mayor in cities of the second class. In a city under the council-manager form of government, such guarantees shall be made only in an ordinance passed by a vote of three out of five or five out of seven councilmembers, as the case may be, and approval of the mayor. In a city under the commission form of government, such guarantees shall be made only in an ordinance passed by a vote of two out of three of the commissioners. The mayor's approval shall not be necessary in commission form cities. [1994 c 81 § 58; 1965 c 7 § 35.55.130. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

35.55.140 Local improvement bonds and warrants—Sale to pay damages, preliminary financing. The city council may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in the eminent domain proceedings including the costs of such proceedings. In lieu of so doing, the city council may negotiate current or general expense fund warrants at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.55.140. Prior: 1909 c 147 § 11; RRS § 9442.]

35.55.150 Local improvement fund—Investment. If money accumulates in an improvement fund and is likely to lie idle awaiting the maturity of the bonds against the district, the city council, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration to such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.55.150. Prior: 1909 c 147 § 15; RRS § 9446.]

35.55.160 Letting contract for improvement—Excess or deficiency of fund. The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants, or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council may best subserve the public interest.

If, after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council, after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included, except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.55.160. Prior: 1909 c 147 § 13; RRS § 9444.]

35.55.170 Payment of contractor—Bonds, warrants, cash. The city council may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.55.170. Prior: 1909 c 147 § 14; RRS § 9445.]

35.55.180 Reassessments. If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceeding, a reassessment may be made and all laws relative to the reassessment of local assessments, for street or other improvements, shall, as far as practicable, be applicable hereto. 35.56.010 Authority—First and second class cities.

If the city council or commission of any city of the first or second class in this state deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade or elevation of any marshlands, swamplands, tidelands or lands commonly known as tideflats, or any other lands situated within the limits of such city and to clear and prepare said lands for such filling it may do so by proceeding in accordance with the provisions of this chapter.

For the purpose of filling and raising the grade or elevation of such lands and to secure material therefor and to provide for the proper drainage thereof after such fill has been effected, the city council or commission may acquire rights of way (and where necessary or desirable, may vacate, use and appropriate streets and alleys for such purposes) and lay out, build, construct and maintain over and across such lowlands, canals or artificial waterways of at least sufficient width, depth and length to provide and afford the quantity of earth, dirt and material required to complete such fill, and with the earth, dirt and material removed in digging and constructing such canals and waterways, fill and raise the grade or elevation of such marshlands, swamplands, tidelands or tideflats; and such canals or waterways shall be constructed of such width and depth (provided that all the earth, dirt and other suitable material removed in constructing the same shall be used to fill the lowlands as herein provided) as will make them available, convenient and suitable to provide water frontage for landings, wharves and other conveniences of navigation and commerce for the use and benefit of the city and the public. If canals or waterways are to be constructed as herein provided, such city may construct and maintain the necessary bridges over and across the same; such canals or waterways shall be forever under the control of such city and shall be and become public thoroughfares and waterways for the use and benefit of commerce, shipping, the city and the public generally.

The expense of making such improvement and in doing, accomplishing and effecting all the work provided for in this chapter including the cost of making compensation for property taken or damaged, and all other cost and expense incidental to such improvement, shall be assessed to the property benefited, except such amount of such expense as the city council or commission, in its discretion, may direct to be paid out of the current or general expense fund. [1994 c 81 § 59; 1965 c 7 § 35.56.010. Prior: 1929 c 63 § 1; 1913 c 16 § 1; RRS § 9449.]

35.56.020 Alternative methods of financing. If the city council or commission desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessment upon property benefited, compensation therefor shall be made from any general or special funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of such special assessment shall be as hereafter provided. [1965 c 7 § 35.56.020. Prior: 1913 c 16 § 2; part; RRS § 9450, part.]

Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.

35.56.030 Boundaries—Exception property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement, and shall provide for the filling of such lowlands and shall outline the general scheme or plan of such fill. If any parcel of land within the boundaries of such proposed improvement district prior to the initiation of the improvement has been wholly filled to the proposed grade or elevation of the proposed fill, such parcel of land may be excluded from the lands to be assessed when in the opinion of the city council or commission justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.56.030. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

35.56.040 Conditions precedent to passage of ordinance—Protests. Upon the introduction of an ordinance providing for such fill, if the city council or commission desires to proceed, it shall fix a time, not less than ten days, in which protests against said fill may be filed in the office of the city clerk. Thereupon it shall be the duty of the clerk of said city to publish in the official newspaper
of said city in at least two consecutive issues thereof before the time fixed for the filing of protests, a notice of the time fixed for the filing of protests together with a copy of the proposed ordinance as introduced.

Protests against the proposed fill to be effective must be filed by the owners of more than half of the area of land situated within the proposed filling district exclusive of streets, alleys and public places on or before the date fixed for such filing. If an effective protest is filed the council shall not proceed further unless two-thirds of the members of the city council vote to proceed with the work; if the city is operating under a commission form of government composed of three commissioners, the commission shall not proceed further except by a unanimous affirmative vote of all the members thereof, if the commission is composed of five members, at least four affirmative votes thereof shall be necessary before proceeding.

If no effective protest is filed or if an effective protest is filed and two-thirds of the councilmen vote to proceed with the work or in cases where cities are operating under the commission form of government, the commissioners vote unanimously or four out of five commissioners vote to proceed with the work, the city council or commission shall at such meeting or in a succeeding meeting proceed to pass the proposed ordinance for the work, with such amendments and modifications as to the said city council or commission of said city may seem proper. The local improvement district shall be called "filling district No. . . ." [1965 c 7 § 35.56.040. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

35.56.050 Damages—Eminent domain. If an ordinance is passed as in this chapter provided, and it appears that in making of the improvements so authorized, private property will be taken or damaged thereby within or without the city, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation be made for the property to be taken or damaged for the improvement specified in the ordinance and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except to the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.56.010 shall not be considered as a damaging or taking of such lands. The damage, if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall, after the passage of such ordinance, proceed with said improvement with due diligence.

If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.56.050. Prior: (i) 1913 c 16 § 3; RRS § 9451. (ii) 1929 c 63 § 4; 1913 c 16 § 21; RRS § 9469.]

Eminent domain, cities: Chapter 8.12 RCW.

35.56.060 Estimates—Plans and specifications. At the time of the initiation of the proceedings for any improvement as contemplated by this chapter or at any time afterward, the city council or commission shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor's fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council or commission. [1965 c 7 § 35.56.060. Prior: 1913 c 16 § 4; RRS § 9452.]

35.56.070 Assessment roll—Items—Assessment units—Installments. When such plans and specifications shall have been prepared and the estimate of the cost and expense of making the improvement has been adopted by the council or commission and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council or commission shall cause an assessment roll to be prepared containing a list of all the property within the improvement district which it is proposed to assess for the improvements together with the names of the owners, if known, and if unknown, the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the city council or commission, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement may be assessed against the property within the district subject to assessment, but the city council or commission may order any portion of the costs paid out of the current or general expense fund of the city. The assessments shall be made according to and in proportion to surface area, one square foot of surface to be the unit of assessment: PROVIDED, That where any parcel of land was wholly or partially filled by the owner prior to the initiation of the improvement an equitable deduction for such filling or partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within said assessment district shall be borne by the private property within such district subject to assessment when so ordered by the city council or commission. When the assessments are payable

(1994 Ed.)

in installments, the assessment roll when equalized shall show the number of installments and the amounts thereof. The assessment may be made payable in any number of equal annual installments not exceeding fifteen in number. [1965 c 7 § 35.56.070. Prior: 1913 c 16 § 5; RRS § 9453.]

35.56.080 Hearing on assessment roll—Notice—Council's authority. When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his office and on a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council or commission will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council or commission shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council or commission as such board of equalization may hear, consider and determine objections and protests against any assessment and make such alterations and modifications in the assessment roll as justice and equity may require. [1965 c 7 § 35.56.080. Prior: 1913 c 16 § 6; RRS § 9454.]

35.56.090 Hearing—Appellate review. Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council or commission to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council or commission. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not exceeding one hundred dollars, with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff, and the city as defendant. The cause shall then be at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court's decision may be sought as in other causes. [1988 c 202 § 39; 1971 c 81 § 95; 1965 c 7 § 35.56.090. Prior: 1913 c 16 § 7; RRS § 9455.]

35.56.100 Lien—Collection of assessments. From and after the equalization of the roll, the several assessments therein shall become a lien upon the real estate described therein and shall remain a lien until paid. The assessment lien shall take precedence of all other liens against such property, except the lien of general taxes. The assessments shall be collected by the same officers and enforced in the same manner as provided by law for the collection and enforcement of local assessments for street improvements. All of the provisions of laws and ordinances relative to the guaranty, enforcement, and collection of local assessments for street improvements, including foreclosure in case of delinquency, shall be applicable to these assessments. [1965 c 7 § 35.56.100. Prior: 1929 c 63 § 2; 1913 c 16 § 8; RRS § 9456.]

Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.

35.56.110 Interest on assessments. The local assessments shall bear interest at such rate as may be fixed by the council or commission from and after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 6; 1965 c 7 § 35.56.110. Prior: 1929 c 63 § 3; 1913 c 16 § 12; RRS § 9460.]

35.56.120 Payment of cost of improvement—Interest on warrants. If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council or commission shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council or commission from date of issuance. If the improvement is ordered to be made upon the bond installment plan, the city council or commission shall provide for the issuance of bonds against the improvement district. [1981 c 156 § 7; 1965 c 7 § 35.56.120. Prior: 1913 c 16 § 9; RRS § 9457.]

35.56.130 Local improvement bonds—Terms. The city council or commission shall have full authority to provide for the issuance of such bonds against the improvement district fund in such denominations as the city council or commission may provide, which shall bear such rate of interest as the city council or commission may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding fifteen years from the date thereof, as may be fixed by the said council or commission and shall be payable out of the assessment district funds.

If so ordered by the council or commission, the bonds may be issued in such a way that different numbers of the bonds may become due and payable at different intervals of time, or they may be so issued that all of the bonds against said district mature together. The city may reserve the right to call or mature any bond on any interest paying date when sufficient funds are on hand for its redemption; but bonds shall be called in numerical order. [1981 c 156 § 8; 1965 c 7 § 35.56.130. Prior: 1913 c 16 § 10, part; RRS § 9458, part.]

[Title 35 RCW—page 178]

(1994 Ed.)
35.56.140 Local improvement bonds—Guaranties. The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guaranties on the part of the city shall be made only by ordinance passed by the vote of not less than two-thirds of the councilmen and the approval of the mayor, or three commissioners in case the governing body consist of three commissioners, or four where such city is governed by five commissioners. [1965 c 7 § 35.56.140. Prior: 1913 c 16 § 10, part; RRS § 9458, part.]

35.56.150 Local improvement bonds and warrants—Sale to pay damages—Preliminary financing. The city council or commission may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in the eminent domain proceedings, including the costs of such proceedings. In lieu of so doing, the city council or commission may negotiate current or general expense fund warrants at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.56.150. Prior: 1913 c 16 § 11; RRS § 9459.]

35.56.160 Local improvement fund—Investment. If money accumulates in an improvement fund and is likely to lie idle waiting the maturity of the bonds against the district, the city council or commission, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration to such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.56.160. Prior: 1913 c 16 § 15; RRS § 9463.]

35.56.170 Letting contracts for improvement—Excess or deficiency of fund. The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council or commission may best subserve the public interest.

If after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council or commission after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.56.170. Prior: 1913 c 16 § 13; RRS § 9461.]

35.56.180 Payment of contractor—Bonds—Warrants—Cash. The city council or commission may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council or commission may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.56.180. Prior: 1913 c 16 § 14; RRS § 9462.]

35.56.190 Tax levy—General—Purpose—Limit. For the purpose of raising revenues to carry on any project under this chapter including funds for the payment for the lands taken, purchased, acquired or condemned and the expenses incident to the acquiring thereof, or any other cost or expenses incurred by the city under the provisions of this chapter but not including the cost of actually filling the lands for which the local improvement district was created, a city may levy an annual tax of not exceeding seventy-five cents per thousand dollars of assessed valuation of all property within the city. The city council or commission may create a fund into which all moneys so derived from taxation and moneys derived from rents and issues of the lands shall be paid and against which special fund warrants may be drawn or negotiable bonds issued to meet expenditures under this chapter. [1973 1st ex.s. c 195 § 22; 1965 c 7 § 35.56.190. Prior: 1913 c 16 § 19; RRS § 9467.]

Severability—Effective dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35.56.200 Waterways constructed—Requirements. In the filling of any marshland, swampland, tidal land or tidemarl no canal or waterway shall be constructed in connection therewith less than three hundred feet wide at the top between the shore lines and with sufficient slope to the sides or banks thereof to as nearly as practicable render bulkheadings or other protection against caving or falling in of said sides or banks unnecessary and of sufficient depth to meet all ordinary requirements of navigation and commerce. [1965 c 7 § 35.56.200. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.56.210 Waterways constructed—Control. The canal or waterway shall be and remain under the control of
the city and immediately upon its completion the city shall establish outer dock lines lengthwise of said canal or waterway on both sides thereof in such manner and position that not less than two hundred feet of the width thereof shall always remain open between such lines and beyond and between which lines no right shall ever be granted to build wharves or other obstructions except bridges; nor shall any permanent obstruction to the free use of the channel so laid out between said wharf or dock lines excepting bridges, their approaches, piers, abutments and spans, ever be permitted but the same shall be kept open for navigation. [1965 c 7 § 35.6210. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.6220 Waterways constructed—Leasing facilities. The city shall have the right to lease the area so created between the said shore lines and the wharf lines so established or any part, parts or parcels thereof during times when the use thereof is not required by the city, for periods not exceeding thirty years, to private individuals or concerns for wharf, warehouse or manufacturing purposes at such annual rate or rental per lineal foot of frontage on the canal or waterway as it may deem reasonable.

The rates of wharfage, and other charges to the public which any lessee may impose shall be reasonable; and the city council or commission may regulate such rates. The lease so granted by the city shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of frontage of the area lying between the shore lines and the dock lines and no individual or concern shall ever hold or occupy by lease, sublease or otherwise more than the said four hundred lineal feet of frontage of such area: PROVIDED, That any individual or concern may acquire by lease or sublease whatever additional number of lineal feet of frontage of such area may in the judgment of the city council or commission be necessary for the use of such individual or concern, upon petition therefor to the city council or commission signed by not less than five hundred resident freeholders of the city. [1965 c 7 § 35.6220. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.6230 Waterway shoreline front—Lessees must lease abutting property. If the city owns the land abutting upon any part of the area between the shore lines and dock lines, no portion of the area which has city owned property abutting upon it shall ever be leased unless an equal frontage of the abutting property immediately adjoining it is leased at the same time for the same period to the same individual or concern. [1965 c 7 § 35.6230. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.6240 Waterways constructed—Acquisition of abutting property. While acquiring the rights of way for such canals or waterways or at any time thereafter such city may acquire for its own use and public use by purchase, gift, condemnation or otherwise, and pay therefor by any lawful means including but not restricted to payment out of the current expense fund of such city or by bonding the city or by pledging revenues to be derived from rents and issues therefrom, lands abutting upon the shore lines or right-of-way of such canals or waterways to a distance, depth or width of not more than three hundred feet back from the banks or shore lines of such canals or waterways on either side or both sides thereof, or not more than three hundred lineal feet back from and abutting on the outer lines of such rights-of-way on either side or both sides of such rights-of-way, and such area of such abutting lands as the council or commission may deem necessary for its use for public docks, bridges, wharves, streets and other conveniences of navigation and commerce and for its own use and benefit generally. [1965 c 7 § 35.6240. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.6250 Waterways—Abutting city owned lands—Lease of. If the city is not using the abutting lands so acquired it may lease any parcels thereof as may be deemed for the best interest and convenience of navigation, commerce and the public interest and welfare to private individuals or concerns for terms not exceeding thirty years each at such annual rate or rental as the city council or commission of such city may deem just, proper and fair, for the purpose of erecting wharves for wholesale and retail warehouses and for general commercial purposes and manufacturing sites, but the said city shall never convey or part with title to the abutting lands above mentioned and so acquired nor with the control other than in the manner herein specified. Any lease or leases granted by the city on such abutting lands shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of canal or waterway frontage of said land and no individual or concern shall ever hold or occupy by lease, sublease, or otherwise more than the said four hundred lineal feet of said frontage: PROVIDED-ED, That any individual or concern may acquire by lease or sublease whatever additional frontage of such abutting land may be in the judgment of the city council or commission necessary for the use of such individual or concern, upon petition presented to the city council or commission therefor signed by not less than five hundred resident freeholders of such city. [1965 c 7 § 35.6250. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.6260 Waterways—Abutting lands—Lessees must lease shoreline property. At the time that the city leases to any individual or concern any of the land abutting on the area between the shore lines and the dock lines the same individual or concern must likewise for the same period of time lease all of the area between the shore line and dock line of such canal or waterway lying contiguous to and immediately in front of the abutting land so leased. [1965 c 7 § 35.6260. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.6270 Work by day labor. When a city undertakes any improvement authorized by this chapter and the expenditures required exceed the sum of five hundred dollars, it shall be done by contract and shall be let to the lowest responsible bidder, after due notice, under such regulation as may be prescribed by ordinance: PROVIDED,
That the city council or commission may reject all bids presented and readvertise, or, if in the judgment of the city council or commission the work can be performed, or supplies or materials furnished by the city independent of contract, cheaper than under the bid submitted, it may after having so advertised and examined the bids, cause the work to be performed or supplies or materials to be furnished independent of contract. Chapter 35.58

Title 35 RCW: Cities and Towns

35.58.010 Declaration of policy and purpose. It is hereby declared to be the public policy of the state of Washington to provide for the people of the populous metropolitan areas in the state the means of obtaining essential services not adequately provided by existing agencies of local government. The growth of urban population and the movement of people into suburban areas has created problems of water pollution abatement, garbage disposal, water supply, transportation, planning, parks and parkways which extend beyond the boundaries of cities, counties and special districts. For reasons of topography, location and movement of population, and land conditions and development, one or more of these problems cannot be adequately met by the individual cities, counties and districts of many metropolitan areas.

It is the purpose of this chapter to enable cities and counties to act jointly to meet these common problems in order that the proper growth and development of the metropolitan areas of the state may be assured and the health and welfare of the people residing therein may be secured.

[1974 ex.s. c 70 § 1; 1965 c 7 § 35.58.010. Prior: 1957 c 213 § 1.]

In the event of such consolidation the component city with the largest population shall be the central city of such consolidated metropolitan municipal corporation and the component county with the largest population shall be the central county of such consolidated metropolitan municipal corporation. 35.58.070 Resolution, petition for election—Requirements, procedure. A metropolitan municipal corporation may be created by vote of the qualified electors residing in a metropolitan area in the manner provided in this chapter. An election to authorize the creation of a metropolitan municipal corporation may be called pursuant to resolution or petition in the following manner:

(1) A resolution or concurring resolutions calling for such an election may be adopted by either:
(a) The city council of a central city; or
(b) The city councils of two or more component cities other than a central city; or
(c) The board of commissioners of a central county.
A certified copy of such resolution or certified copies of such concurring resolutions shall be transmitted to the board of commissioners of the central county.

(2) A petition calling for such an election shall be signed by at least four percent of the qualified voters residing within the metropolitan area and shall be filed with the auditor of the central county.

Any resolution or petition calling for such an election shall describe the boundaries of the proposed metropolitan area, name the metropolitan function or functions which the metropolitan municipal corporation shall be authorized to perform initially and state that the formation of the metropolitan municipal corporation will be conducive to the welfare and benefit of the persons and property within the metropolitan area. After the filing of a first sufficient petition or resolution with such county auditor or board of county commissioners respectively, action by such auditor or board shall be deferred on any subsequent petition or resolution until after the election has been held pursuant to such first petition or resolution.

Upon receipt of such a petition, the auditor shall examine the same and certify to the sufficiency of the signatures thereon. For the purpose of examining the signatures on such petition, the auditor shall be permitted access to the voter registration books of each component county and each component city. Notice of such hearing shall be published once a week for at least four consecutive weeks in one or more newspapers of general circulation within the metropolitan area. The notice shall contain a description of the boundaries of the proposed metropolitan area, shall name the initial metropolitan function or functions and shall state the time and place of the hearing and the fact that any changes in the boundaries of the metropolitan area will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the effect of the formation of the proposed municipal metropolitan corporation. The commissioners may make such changes in the boundaries of the metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands, may not delete a portion of any city, and may not delete any portion of the proposed area which is contributing or may reasonably be expected to contribute to the pollution of any water course or body of water in the proposed area when the petition or resolution names metropolitan water pollution abatement as a function to be performed by the proposed metropolitan municipal corporation. If the commissioners shall determine that any additional territory should be included in the metropolitan area, a second hearing shall be held and notice given in the same manner as for the original hearing. The commissioners may adjourn the hearing on the formation of a metropolitan municipal corporation from time to time not exceeding thirty days in all. At the next regular meeting following the conclusion of such hearing the commissioners shall adopt a resolution fixing the boundaries of the proposed metropolitan municipal corporation, declaring that the formation of the proposed metropolitan municipal corporation will be conducive to the welfare and benefit of the persons and property therein and providing for the calling of a special election on the formation of the metropolitan municipal corporation to be held not more than one hundred twenty days nor less than sixty days following the adoption of such resolution. [1974 ex.s. c 70 § 4; 1965 c 7 § 35.58.080. Prior: 1957 c 213 § 8.]

If a majority of the persons voting on the proposition residing within the central city shall vote in favor thereof and a majority of the persons voting on the proposition residing in the metropolitan area outside of the central city shall vote in favor thereof, the metropolitan municipal corporation shall thereupon be established and the county legislative authority of the central county shall adopt a resolution setting a time and place for the first meeting of the metropolitan council which shall be held not later than sixty days after the date of such election. A copy of such resolution shall be transmitted to the legislative body of each component city and county and of each special district which shall be affected by the particular metropolitan functions authorized.

At the same election there shall be submitted to the voters residing within the metropolitan area, for their approval or rejection, a proposition authorizing the metropolitan municipal corporation, if formed, to levy at the earliest time permitted by law on all taxable property located within the metropolitan municipal corporation a general tax, for one year, of twenty-five cents per thousand dollars of assessed value in excess of any constitutional or statutory limitation for authorized purposes of the metropolitan municipal corporation. 35.58.100 Additional functions—Authorized by election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it has previously been authorized to perform, with the approval of the voters at an election, in the manner provided in this section.

An election to authorize a metropolitan municipal corporation to perform one or more additional metropolitan functions may be called pursuant to a resolution or a petition in the following manner:

1. A resolution calling for such an election may be adopted by:
   (a) The city council of the central city; or
   (b) The city councils of at least one-half in number of the component cities other than the central city; or
   (c) The board of commissioners of the central county.

2. A petition calling for such an election shall be signed by at least four percent of the registered voters residing within the metropolitan area and shall be filed with the auditor of the central county.

Any resolution or petition calling for such an election shall name the additional metropolitan functions which the metropolitan municipal corporation shall be authorized to perform.

Upon receipt of such a petition, the auditor shall examine the signatures thereon and certify to the sufficiency thereof. For the purpose of examining the signatures on such petition, the auditor shall be permitted access to all voter registration books of any component county and of all component cities. No person may withdraw his name from a petition after it has been filed with the auditor. Within thirty days following the receipt of such petition, the auditor shall transmit the same to the metropolitan council, together with his certificate as to the sufficiency of signatures thereon.

Upon receipt of a valid resolution or duly certified petition calling for an election on the authorization of the performance of one or more additional metropolitan functions, the metropolitan council shall cause to be called a special election to be held not more than one hundred and twenty days nor less than sixty days following such receipt. Such special election shall be conducted and canvassed as provided in this chapter for an election on the question of forming a metropolitan municipal corporation. The ballot proposition shall be in substantially the following form:

"Shall the . . . metropolitan municipal corporation be authorized to perform the additional metropolitan functions of . . . (here insert the title of each of the additional functions to be authorized as set forth in the petition or resolution)?

35.58.110 Additional functions—Authorized without election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it has previously been authorized to perform, without an election, in the manner provided in this section. A resolution providing for the performance of such additional metropolitan function or functions shall be adopted by the metropolitan council. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county. If, within ninety days after the date of such mailing, a concurring resolution is adopted by the legislative body of each component county, of each component city of the first class, and of at least two-thirds of all other component cities, and such concurring resolutions are transmitted to the metropolitan council, such council shall by resolution declare that the metropolitan municipal corporation has been authorized to perform such additional metropolitan function or functions. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county and to each special district which will be affected by the particular additional metropolitan function authorized. [1965 c 7 § 35.58.110. Prior: 1957 c 213 § 11.]

35.58.112 Recommended comprehensive plan for performance of additional function—Study and preparation. The metropolitan council of a metropolitan municipal corporation upon the affirmative vote of two-thirds of the members of such council may make planning, engineering, legal, financial, and feasibility studies preliminary to or incident to the preparation of a recommended comprehensive plan for any metropolitan function, and may prepare such a recommended comprehensive plan before the metropolitan municipal corporation has been authorized to perform such function. The studies and plan may cover territory within and without the metropolitan municipal corporation. A recommended comprehensive plan prepared pursuant to this section for any metropolitan function may not be adopted by the metropolitan council unless the metropolitan municipal corporation shall have been authorized to perform such function. [1967 c 105 § 7.]

35.58.114 Recommended comprehensive plan for performance of additional function—Resolution for special election to authorize additional function—Contents—Hearings—Election procedure. Whenever a recommended comprehensive plan for the performance of any additional metropolitan function shall have been prepared, the metropolitan council shall have found the plan to be feasible the council may by resolution call a special election to authorize the performance of such additional function without the filing of the petitions or resolutions provided for in RCW 35.58.100.

YES ........................................□

NO ........................................□

If a majority of the persons voting on the proposition shall vote in favor thereof, the metropolitan municipal corporation shall be authorized to perform such additional metropolitan function or functions. [1967 c 105 § 2; 1965 c 7 § 35.58.100. Prior: 1957 c 213 § 10.]
If the metropolitan council shall determine that the performance of such function requires enlargement of the metropolitan area, such resolution shall contain a description of the boundaries of the proposed metropolitan area and may be adopted only after a public hearing thereon before the council. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the proposed metropolitan area. The notice shall contain a description of the boundaries of the proposed metropolitan area, shall name the additional function or functions to be performed and shall state the time and place of the hearing and the fact that any changes in the boundaries of the proposed metropolitan area will be considered at such time and place. At such hearing any interested person may appear and be heard. The council may make such changes in the proposed metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the existing metropolitan area and may not delete any portion of the proposed additional area which will create an island of included or excluded lands. If the council shall determine that the proposed additional area should be further enlarged, a second hearing shall be held and notice given in the same manner as for the original hearing. The council may adjourn the hearing or hearings from time to time.

Following the conclusion of such hearing or hearings the council may adopt a resolution fixing the boundaries of the proposed metropolitan area and calling a special election on the performance of such additional function. If the metropolitan municipal corporation is then authorized to perform the function of metropolitan sewage disposal the council may provide in such resolution that local governmental agencies collecting sewage from areas outside the metropolitan area as same is constituted on the date of adoption of such resolution will not thereafter be required to discharge such sewage into the metropolitan sewer system or to secure approval of local construction plans from the metropolitan municipal corporation unless such local agency shall first have entered into a contract with the metropolitan municipal corporation for the disposal of such sewage. The metropolitan council may also provide in such resolution that the authorization to perform such additional function be effective only if the voters at such election also authorize the issuance of any general obligation bonds required to carry out the recommended comprehensive plan.

The resolution calling such election shall fix the form of the ballot proposition and the same may vary from that specified in RCW 35.58.100. If the metropolitan council shall find that the issuance of general obligation bonds is necessary to perform such additional function and to carry out such recommended comprehensive plan then the ballot proposition shall set forth the principal amount of such bonds and the maximum maturity thereof and the proposition shall be so worded that the voters may by a single yes or no vote authorize the performance of the designated function in the area described in the resolution and the issuance of such general obligation bonds.

The persons voting at such election shall be all of the qualified voters who have resided within the boundaries of the proposed metropolitan area for at least thirty days preceding the date of the election. The election shall be conducted and canvassed as provided in RCW 35.58.090. If the resolution calling such election does not require the approval of general obligation bonds as a condition of the performance of such additional function and if a majority of the persons voting on the ballot proposition residing within the existing metropolitan municipal corporation shall vote in favor thereof and a majority of the persons residing within the area proposed to be added to the existing metropolitan municipal corporation shall vote in favor thereof the boundaries described in the resolution calling the election shall become the boundaries of the metropolitan municipal corporation and the metropolitan municipal corporation shall be authorized to perform the additional function described in the proposition.

If the resolution calling such election shall require the authorization of general obligation bonds as a condition of the performance of such additional function, then to be effective the ballot proposition must be approved as provided in the preceding paragraph and must also be approved by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition must constitute not less than forty percent of the total number of votes cast within such area at the last preceding state general election. [1967 c 105 § 8.]

35.58.116 Proposition for issuance of general obligation bonds or levy of general tax—Submission at same election or special election. The metropolitan council may at the same election called to authorize the performance of an additional function or at a special election called by the council after it has been authorized to perform any metropolitan function submit a proposition for the issuance of general obligation bonds for capital purposes as provided in RCW 35.58.450 or a proposition for the levy of a general tax for any authorized purpose for one year in such total dollar amount as the metropolitan council may determine and specify in such proposition. Any such proposition to be effective must be assented to by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition shall constitute not less than forty percent of the total number of votes cast within the metropolitan area at the last preceding state general election. Any such proposition shall only be effective if the performance of the additional function shall be authorized at such election or shall have been authorized prior thereto. [1967 c 105 § 9.]

35.58.120 Metropolitan council—Composition. 35.58.400 Prior employees sick leave and vacation rights preserved. Where a metropolitan municipal corporation employs a person employed immediately prior thereto by a component city or county or by a special district, the employee shall be deemed to remain an employee of such city, county, or special district for the purposes of any sick leave credit plan of the component city, county, or special district until the metropolitan municipal corporation has established a sick leave credit plan for its employees, whereupon the metropolitan municipal corporation shall place to the credit of the employee the sick leave credits standing to his credit in the plan of such city, county, or special district.

Where a metropolitan municipal corporation employs a person theretofore employed by a component city, county, or by a special district, the metropolitan municipal corporation shall, during the first year of his employment by the metropolitan municipal corporation, provide for such employee a vacation with pay equivalent to that which he would have been entitled if he had remained in the employment of the city, county, or special district. 35.58.410 Budget—Expenditures—Revenue estimates—Requirements for a county assuming the powers of a metropolitan municipal corporation. (1) On or before the third Monday in June of each year, each metropolitan municipal corporation shall adopt a budget for the following calendar year. Such budget shall include a separate section for each authorized metropolitan function. Expenditures shall be segregated as to operation and maintenance expenses and capital and betterment outlays. Administrative and other expense general to the corporation shall be allocated between the authorized metropolitan functions. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The metropolitan council shall not be required to confine capital or betterment expenditures made from bond proceeds or emergency expenditures to items provided in the budget. The affirmative vote of three-fourths of all members of the metropolitan council shall be required to authorize emergency expenditures.

(2) Subsection (1) of this section shall not apply to a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW. This subsection (2) shall apply only to each county that has assumed the rights, powers, functions,
and obligations of a metropolitan municipal corporation under chapter 36.56 RCW.

Each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall, on or before the third Monday in June of each year, prepare an estimate of all revenues to be collected during the following calendar year, including any surplus funds remaining unexpended from the preceding year for each authorized metropolitan function.

By June 30 of each year, the county shall adopt the rate for sewage disposal that will be charged to component cities and sewer districts during the following budget year.

As long as any general obligation indebtedness remains outstanding that was issued by the metropolitan municipal corporation prior to the assumption by the county, the county shall continue to impose the taxes authorized by RCW 82.14.045 and 35.58.273(5) at the maximum rates and on all of the taxable events authorized by law. If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county of the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and 35.58.273(5) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties in proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall not be required to confine capital or betterment expenditures for authorized metropolitan functions from bond proceeds or emergency expenditures to items provided in the budget. [1993 c 240 § 11; 1965 c 7 § 35.58.410. Prior: 1957 c 213 § 41.]

35.58.420 Supplemental income payments by component city and county. Each component city shall pay such proportion of the supplemental income of the metropolitan municipal corporation as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the metropolitan area. Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the metropolitan area bears to the total assessed valuation of taxable property within the metropolitan area. In making such determination, the metropolitan council shall use the last available assessed valuations. The metropolitan council shall certify to each component city and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the metropolitan municipal corporation, in equal quarterly installments, the amount of its supplemental income share from whatever sources may be available to it. [1965 c 7 § 35.58.420. Prior: 1957 c 213 § 42.]

35.58.430 Funds—Disbursements—Treasurer—Expenses—Election expenses. The treasurer of each component county shall create a separate fund into which shall be paid all money collected from taxes levied by the metropolitan municipal corporation on property in such county and such money shall be forwarded quarterly by the treasurer of each such county to the treasurer of the central county as directed by the metropolitan council. The treasurer of the central county shall act as the treasurer of the metropolitan municipal corporation and shall establish and maintain such funds as may be authorized by the metropolitan council. Money shall be disbursed from such funds upon warrants drawn by the auditor of the central county as authorized by the metropolitan council. The central county shall be reimbursed by the metropolitan municipal corporation for services rendered by the treasurer and auditor of the central county in connection with the receipt and disbursement of such funds. The expense of all special elections held pursuant to this chapter shall be paid by the metropolitan municipal corporation. [1965 c 7 § 35.58.430. Prior: 1957 c 213 § 43.]

35.58.450 General obligation bonds—Issuance, sale, form, term, election, payment. Notwithstanding the limitations of chapter 39.36 RCW and any other statutory limitations otherwise applicable and limiting municipal debt, a metropolitan municipal corporation shall have the power to contract indebtedness and issue general obligation bonds and to pledge the full faith and credit of the corporation to the payment thereof, for any authorized capital purpose of the metropolitan municipal corporation, not to exceed an amount, together with any outstanding nonvoter approved general indebtedness, equal to three-fourths of one percent of the value of the taxable property within the metropolitan municipal corporation, as the term "value of the taxable property" is defined in RCW 39.36.015. A metropolitan municipal corporation may additionally contract indebtedness and issue general obligation bonds, for any authorized capital purpose of a metropolitan municipal corporation, together with any other outstanding general indebtedness, not to exceed an amount equal to five percent of the value of the taxable property within the corporation, as the term "value of the taxable property" is defined in RCW 39.36.015, when a proposition authorizing the indebtedness has been approved by three-fifths of the persons voting on said proposition at said election at which such election the total number of persons voting on such bond proposition shall constitute not less than forty percent of the total number of voters voting within the area of said metropolitan municipal corporation at
the last preceding state general election. Such general obligation bonds may be authorized in any total amount in one or more propositions and the amount of such authorization may exceed the amount of bonds which could then lawfully be issued. Such bonds may be issued in one or more series from time to time out of such authorization. The elections shall be held pursuant to RCW 39.36.050.

Whenever the voters of a metropolitan municipal corporation have, pursuant to RCW 84.52.056, approved excess property tax levies to retire such bond issues, both the principal of and interest on such general obligation bonds may be made payable from annual tax levies to be made upon all the taxable property within the metropolitan municipal corporation in excess of the constitutional and/or statutory tax limit. The principal of and interest on any general obligation bond may be made payable from any other taxes or any special assessments which the metropolitan municipal corporation may be authorized to levy or from any otherwise unpledged revenue which may be derived from the ownership or operation of properties or facilities incident to the performance of the authorized function for which such bonds are issued or may be made payable from any combination of the foregoing sources. The metropolitan council may include in the principal amount of such bond issue an amount for engineering, architectural, planning, financial, legal, urban design and other services incident to acquisition or construction solely for authorized capital purposes.

General obligation bonds shall be issued and sold by the metropolitan council as provided in chapter 39.46 RCW and shall mature not to exceed forty years from the date of issue. 35.58.460 Revenue bonds—Issuance, sale, form, term, payment, reserves, actions. (1) A metropolitan municipal corporation may issue revenue bonds to provide funds to carry out its authorized metropolitan water pollution abatement, water supply, garbage disposal or transportation purposes, without submitting the matter to the voters of the metropolitan municipal corporation. The metropolitan council shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the metropolitan council may obligate the metropolitan municipal corporation to pay such amounts of the gross revenue of the particular utility constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the metropolitan council shall determine and may obligate the metropolitan municipal corporation to pay such amounts out of otherwise unpledged revenue which may be derived from the ownership, use or operation of properties or facilities owned, used or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes or other sources of payment lawfully authorized for such purpose, as the metropolitan council shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such utility or any other revenue, fees, tolls, charges, tariffs, fares, special taxes or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the metropolitan municipal corporation.

Each such revenue bond shall state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter shall be negotiable securities within the provisions of the law of this state. Such revenue bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds; shall be in such denominations as the metropolitan council shall deem proper; shall be payable at such time or times and at such places as shall be determined by the metropolitan council; shall bear interest at such rate or rates as shall be determined by the metropolitan council; shall be signed by the chairman and attested by the secretary of the metropolitan council, any of which signatures may be facsimile signatures, and the seal of the metropolitan municipal corporation shall be impressed or imprinted thereon; any attached interest coupons shall be signed by the facsimile signatures of said officials.

Such revenue bonds shall be sold in such manner, at such price and at such rate or rates of interest as the metropolitan council shall deem to be for the best interests of the metropolitan municipal corporation, either at public or private sale.

The metropolitan council may at the time of the issuance of such revenue bonds make such covenants with the owners of said bonds as it may deem necessary to secure and guarantee the payment of the principal thereof and the interest thereon, including but not being limited to covenants to set aside adequate reserves to secure or guarantee the payment of such principal and interest, to maintain rates sufficient to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the metropolitan council may deem necessary to accomplish the most advantageous sale of such bonds. The metropolitan council may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

The metropolitan council may include in the principal amount of any such revenue bond issue an amount to

(1994 Ed.)
establish necessary reserves, an amount for working capital and an amount necessary for interest during the period of construction of any such metropolitan facilities plus six months. The metropolitan council may, if it deems it to the best interest of the metropolitan municipal corporation, provide in any contract for the construction or acquisition of any metropolitan facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor shall be made only in such revenue bonds at the par value thereof.

If the metropolitan municipal corporation shall fail to carry out or perform any of its obligations or covenants made in the authorization, issuance and sale of such bonds, the owner of any such bond may bring action against the metropolitan municipal corporation and compel the performance of any or all of such covenants.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. 35.58.470 Funding, refunding bonds. The metropolitan council may, by resolution, without submitting the matter to the voters of the metropolitan municipal corporation, provide for the issuance of funding or refunding general obligation bonds to refund any outstanding general obligation bonds or any part thereof at maturity, or before maturity if they are by their terms or by other agreement subject to prior redemption, with the right in the metropolitan council to combine various series and issues of the outstanding bonds by a single issue of funding or refunding bonds, and to issue refunding bonds to pay any redemption premium payable on the outstanding bonds being refunded. The funding or refunding general obligation bonds shall, except as specifically provided in this section, be issued in accordance with the provisions of this chapter with respect to general obligation bonds.

The metropolitan council may, by resolution, without submitting the matter to the voters of the metropolitan municipal corporation, provide for the issuance of funding or refunding revenue bonds to refund any outstanding revenue bonds or any part thereof at maturity, or before maturity if they are by their terms or by agreement subject to prior redemption, with the right in the metropolitan council to combine various series and issues of the outstanding bonds by a single issue of refunding bonds, and to issue refunding bonds to pay any redemption premium payable on the outstanding bonds being refunded. The funding or refunding revenue bonds shall be payable only out of a special fund created out of the gross revenue of the particular utility, and shall be a valid claim only as against such special fund and the amount of the revenue of the utility pledged to the fund. The funding or refunding revenue bonds shall, except as specifically provided in this section, be issued in accordance with the provisions of this chapter with respect to revenue bonds.

The metropolitan council may exchange the funding or refunding bonds at par for the bonds which are being funded or refunded, or it may sell them in such manner, at such price and at such rate or rates of interest as it deems for the best interest of the metropolitan municipal corporation.

The metropolitan municipal corporation shall have the power to levy special assessments payable over a period of not exceeding twenty years on all property within the metropolitan area specially benefited by any improvement, on the basis of special benefits conferred, to pay in whole, or in part, the damages or costs of any such improvement, and for such purpose may establish local improvement districts and enlarged local improvement districts, issue local improvement warrants and bonds to be repaid by the collection of local improvement assessments and generally to exercise with respect to any improvements which it may be authorized to construct or acquire the same powers as may now or hereafter be conferred by law upon cities.

35.58.530 Annexation—Requirements, procedure. Territory located within a component county that is annexed to a component city after the establishment of a metropolitan municipal corporation shall be so annexed by the metropolitan municipal corporation. Territory within a component county that is annexed to a component city may be annexed to a city which is not within such component county corporation in the manner provided by law and in such event either (1) such city may be annexed to such metropolitan municipal corporation by ordinance of the legislative body of the city concurred in by resolution of the metropolitan council, or (2) if such city shall not be so annexed such territory shall remain within the metropolitan municipal corporation unless such city shall by resolution of its legislative body request the withdrawal of such territory subject to any outstanding indebtedness of the metropolitan corporation and the metropolitan council shall by resolution consent to such withdrawal.

Any territory located within a component county that is contiguous to a metropolitan municipal corporation and lying wholly within an incorporated city or town may be annexed to such metropolitan municipal corporation by ordinance of the legislative body of such city or town requesting such annexation concurred in by resolution of the metropolitan council.

Upon receipt of a duly certified petition calling for an election on the annexation of territory to a metropolitan municipal corporation, or if the metropolitan council shall determine without a petition being filed, that an election on the annexation of any adjacent territory shall be held, the metropolitan council shall fix a date for a public hearing thereon which shall be not more than sixty nor less than forty days following the receipt of such petition or adoption of such resolution. Notice of such hearing shall be published once a week for at least four consecutive weeks in one or more newspapers of general circulation within the territory proposed to be annexed. The notice shall contain a description of the boundaries of the territory proposed to be annexed and shall state the time and place of the hearing thereon and the fact that any changes in the boundaries of such territory will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the proposed annexation. The metropolitan council may make such changes in the boundaries of the territory proposed to be annexed as it shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands and may not delete a portion of any city. If the metropolitan council

(1994 Ed.)
shall determine that any additional territory should be included in the territory to be annexed, a second hearing shall be held and notice given in the same manner as for the original hearing. The metropolitan council may adjourn the hearing on the proposed annexation from time to time not exceeding thirty days in all. At the next regular meeting following the conclusion of such hearing, the metropolitan council shall, if it finds that the annexation of such territory will be conducive to the welfare and benefit of the persons and property therein and the welfare and benefit of the persons and property within the metropolitan municipal corporation, adopt a resolution fixing the boundaries of the territory to be annexed and causing to be called a special election on such annexation to be held not more than one hundred twenty days nor less than sixty days following the adoption of such resolution. (1) A metropolitan municipal corporation that is engaged in the transmission, treatment, and disposal of sewage may impose a capacity charge on users of the metropolitan municipal corporation’s sewage facilities when the user connects, reconnects, or establishes a new service. The capacity charge shall be approved by the council of the metropolitan municipal corporation and reviewed and reapproved annually.

(2) The capacity charge shall be based upon the cost of the sewage facilities’ excess capacity that is necessary to provide sewerage treatment for new users to the system. The capacity charge, which may be collected over a period of fifteen years, shall not exceed:

(a) Seven dollars per month per residential customer equivalent for connections and reconnections occurring prior to January 1, 1996; and

(b) Ten dollars and fifty cents per month per residential customer equivalent for connections and reconnections occurring after January 1, 1996, and prior to January 1, 2001.

(3) The capacity charge for a building other than a single-family residence shall be based on the projected number of residential customer equivalents to be represented by the building, considering its intended use.

(4) The council of the metropolitan municipal corporation shall enforce the collection of the capacity charge in the same manner provided for the collection, enforcement, and payment of rates and charges for sewer districts provided in RCW 56.16.100 and 56.16.110. At least thirty days before commencement of an action to foreclose a lien for a capacity charge, the metropolitan municipal corporation shall send written notice of delinquency in payment of the capacity charge to any first mortgage or deed of trust holder of record at the address of record.
(5) As used in this section, "sewage facilities" means capital projects identified since January 1, 1982, to July 23, 1989, in the metropolitan municipal corporation's comprehensive water pollution abatement plan. (3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the city’s or county’s comprehensive plan and the city’s or county’s development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. Severability—1989 c 335: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 335 § 10.]

35.63.180 Child care facilities—Review of need and demand—Adoption of ordinances. Each municipality that does not provide for the siting of family day care homes in zones or areas that are designated for single family or other residential uses, and for the siting of mini-day care centers and day care centers in zones or areas that are designated for any residential or commercial uses, shall conduct a review of the need and demand for child care facilities, including the cost of any conditional or special use permit that may be required. 35.63.185 Family day-care providers home facility—City may not prohibit in residential or commercial area. No city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the facility:

(1) Comply with all building, fire, safety, health code, and business licensing requirements;

(2) Conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (3) is certified by the state department of licensing as providing a safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing
requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020. [1994 c 273 § 14.]

35.63.200 Moratoria, interim zoning controls—Public hearing—Limitation on length. A council or board that adopts a moratorium or interim zoning control, without holding a public hearing on the proposed moratorium or interim zoning control, shall hold a public hearing on the adopted moratorium or interim zoning control within at least sixty days of its adoption, whether or not the council or board received a recommendation on the matter from the commission. If the council or board does not adopt findings of fact justifying its action before this hearing, then the council or board shall do so immediately after this public hearing. A moratorium or interim zoning control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium or interim zoning control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 1.]

35.63.210 Accessory apartments. Any local government, as defined in RCW 43.63A.215, that is planning under this chapter shall comply with RCW 43.63A.215(3). [1993 c 478 § 8.]

35.63.220 Treatment of residential structures occupied by persons with handicaps. No city may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 20.]

35.67.020 Authority to construct system and fix rates and charges—Classification of services. Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits, with full jurisdiction and authority to manage, regulate, and control them and to fix, alter, regulate, and control the rates and charges for the use thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service.

In classifying customers served or service furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the sewage delivered and the time of its delivery; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system, including but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. If any such agreement is made and filed with the county auditor of the county in which said property is located, it shall constitute a covenant running with the land and the agreements and covenants therein shall be binding on the owner and all persons subsequently acquiring any right, title or interest in or to said property.

If the terms and conditions of the ordinance or of the agreement are not kept and performed, or the payments made, as required, the city or town may disconnect the sewer and for that purpose may at any time enter upon any public street or road or upon said property. [1965 c 7 § 35.67.310. Prior: 1947 c 75 § 1; Rem. Supp. 1941 § 9354-19.]

A city or town may by ordinance provide that its water system, sewerage system, and garbage and refuse collection and disposal system may be acquired, constructed, maintained and operated jointly, either by combining any two of such systems or all three. All powers granted to cities and towns to acquire, construct, maintain and operate such systems may be exercised in the joint acquisition, construction, maintenance and operation of such combined systems: PROVIDED, That if a general indebtedness is to be incurred to pay a part or all of the cost of construction, maintenance, or operation of such a combined system, no such indebtedness shall be incurred without such indebtedness first being authorized by a vote of the people at a special or general election conducted in the manner prescribed by law: PROVIDED FURTHER, That nothing in this amendatory act shall be construed to supersede charter provisions to the contrary. [1969 ex.s. c 51 § 1.]

The operation by a city or town of a combined facility as provided for in RCW 35.67.331 shall be governed by the statutes relating to the establishment and maintenance of a city or town water system if the water system is one of the systems included in the combined acquisition, construction, or operation; otherwise the combined system shall be governed by the statutes relating to the establishment and maintenance of a city or town sewerage system. [1969 ex.s. c 51 § 2; 1965 c 7 § 35.67.340. Prior: 1941 c 193 § 12, part; Rem. Supp. 1941 § 9354-15, part.]

SIDEWALKS, GUTTERS, CURBS, AND DRIVEWAYS—ALL CITIES AND TOWNS

Sections
35.68.010 Authority conferred. Any city or town, hereinafter referred to as city, is authorized to construct, reconstruct, and repair sidewalks, gutters and curbs along and driveways across sidewalks, which work is hereafter referred to as the improvement, and to pay the costs thereof from any available funds, or to require the abutting property owner to construct the improvement at his own cost or expense, or to assess all or any portion of the costs thereof against the abutting property owner. [1965 c 7 § 35.68.010. Prior: 1949 c 177 § 1; Rem. Supp. 1949 § 9332a.]

35.68.020 Resolution—Contents. No such improvement shall be undertaken or required except pursuant to a resolution of the council or commission of the city or town, hereinafter referred to as the city council. The resolution shall state whether the cost of the improvement shall be borne by the city or whether all or a specified portion shall be borne by the city or whether all or a specified portion shall be borne by the abutting property owner; or whether the abutting owner is required to construct the improvement at his own cost and expense. If the abutting owner is required to construct the improvement the resolution shall specify the time within which the construction shall be commenced and completed; and further that if the improvement or construction is not undertaken and completed within the time specified that the city will perform or complete the improvement and assess the cost against the abutting owner. [1965 c 7 § 35.68.020. Prior: 1949 c 177 § 2; Rem. Supp. 1949 § 9332b.]
35.68.030 Resolution—Publication—Notice—Hearing. If all or any portion of the cost is to be assessed against the abutting property owner, or if the abutting property owner is required to construct the improvement, the resolution shall fix a time from and after its passage, and a place, for hearing on the resolution. The resolution shall be published for two consecutive weeks before the time of hearing in the official newspaper or regularly published official publication of the city or town and a notice of the date of the hearing shall be given each owner or reputed owner of the abutting property by mailing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer, at the address shown thereon a notice of the date of hearing, the mailing to be at least ten days before the date fixed for the hearing. If the publication and mailing is made as herein required, proof thereof by affidavit shall be filed with the city clerk, comptroller or auditor of the city before the hearing. The hearing may be postponed from time to time to a definite date until the hearing is held. At the time of hearing the council shall hear persons who appear for or against the improvement, and determine whether it will or will not proceed with the improvement and whether it will make any changes in the original plan, and what the changes shall be. This action may be taken by motion adopted in the usual manner. [1985 c 469 § 37; 1965 c 7 § 35.68.030. Prior: 1949 c 177 § 3; Rem. Supp. 1949 § 9332c.]

35.68.040 "Sidewalk construction fund". When all or any portion of the cost is to be assessed against the abutting property owner, the city council may create a "sidewalk construction fund No. . . . ." to be numbered differently for each improvement; and with warrants drawn on this fund the cost of the respective improvements may be paid. The city may advance as a loan to the sidewalk construction fund from any available funds the amounts necessary to pay any costs of the improvement. When any assessments are made for the improvement, payments therefor shall be paid into the particular sidewalk improvement fund; and whenever any funds are available over the amounts necessary to pay outstanding warrants any advances or loans made to the fund shall be repaid. Whenever warrants are drawn on any such fund which are not paid for want of sufficient funds, they shall be so stamped and shall bear interest until called and paid at a rate established by the city council by resolution. The assessment roll shall be filed with the city clerk, and when so filed the council shall by resolution fix a date for hearing thereon and direct the clerk to give notice of the hearing and the time and place thereof. The notice of hearing shall be mailed to the person whose name appears on the county treasurer's tax roll as the owner or reputed owner of the property, at the address shown thereon, and shall be published before the date fixed for the hearing for two consecutive weeks in the official newspaper or regular official publication of the city. The notice shall be mailed and first publication made at least ten days before the hearing date. Whenever the deed is issued after the sale therein provided, the regularity, validity and correctness of the proceedings relating to such improvement and the assessment therefor shall be final and conclusive and no action shall thereafter be brought by or in behalf of any person to set aside said deed. Such ramps shall be at least thirty-six inches wide and so constructed as to allow reasonable access to the crosswalk for physically handicapped persons, without uniquely endangering blind persons.

(2) Standards set for curb ramping under subsection (1) of this section shall not apply to any curb existing upon enactment of this section but shall apply to all new curb construction and to all replacement curbs constructed at any
point in a block which gives reasonable access to a crosswalk.

(3) Upon September 21, 1977, every ramp thereafter constructed under subsection (1) of this section, which serves one end of a crosswalk, shall be matched by another ramp at the other end of the crosswalk. However, no ramp shall be required at the other end of the crosswalk if there is no curb nor sidewalk at the other end of the crosswalk. Nor shall any matching ramp constructed pursuant to this subsection require a subsequent matching ramp. [1989 c 175 § 1; 1977 ex.s. c 137 § 1; 1973 c 83 § 1.]

35.68.076 Curb ramps for physically handicapped—Model standards. The department of general administration shall, pursuant to chapter 34.05 RCW, the Administrative Procedure Act, adopt several suggested model design, construction, or location standards to aid counties, cities, and towns in constructing curb ramps to allow reasonable access to the crosswalk for physically handicapped persons without uniquely endangering blind persons. The department of general administration shall consult with handicapped persons, blind persons, counties, cities, and the state building code council in adopting the suggested standards. [1989 c 175 § 84; 1977 ex.s. c 137 § 2.]

following terms shall have the meaning herein given to each
of them:

"Chief executive" means the mayor in a mayor-council
or commission city and city manager in a council-manager
city.
"Corporate authority" means the legislative body of any
city.
"Project" means a pedestrian mall project.
"Right of way" means that area of land dedicated for
public use or secured by the public for purposes of ingress
and egress to abutting property and other public purposes.
"Mall" means an area of land, part of which may be

utilities, and loading and unloading of goods.
"Mall organization" means a group of property owners,
lessors, or lessees in an area that has been organized to
consider the establishment, maintenance, and operation of a
mall in a given area and persons owning or having any legal
or equitable interest in the real property affected by the

35.71.020 Establishment declared public purpose—
Authority to establish—General powers. The establish-
ment of pedestrian malls is declared to be for a public
purpose. Any corporate authority, by ordinance, may
establish and regulate any street right of way as a mall, may
prohibit, in whole or in part, vehicular traffic on a mall, and
may provide for the acquisition of any interest in the right of
way necessary to its establishment, and may provide for the
determination of legal damages, if any, to abutting property.
[1965 c 7 § 35.71.020. Prior: 1961 c 111 § 2.]

35.71.030 Resolution of intention—Traffic limita-
tion—Property owner's right of ingress and egress.
When the corporate authority determines that the public
interest, safety, and convenience is best served by the estab-
lishment of a mall and that vehicular traffic will not be
unduly inconvenienced thereby, it may adopt a resolution
declaring its intention to do so, and announcing the intended
extent of traffic limitation. Any corporate authority is
authorized to limit the utilization of any right of way, except
for utilities and governmental functions, provided adequate
alternative routes for vehicular movement, and the loading
and unloading of goods are established or are available. The
abutting property owner's right of ingress and egress shall be
considered to have been satisfied whenever the corporate
authority has planned and constructed, or there is available,
an alternate route, alleyway, and service driveway. [1965 c 7 § 35.71.030. Prior: 1961 c 111 § 3.]

35.71.040 Plan—Alternate vehicle routes—Off-street parking—Hearing, notice. Before a mall is established, a plan shall be formulated consistent with the city's comprehensive plan, including at least the area of the right of way between two intersecting streets and showing alternate routes outside the mall area upon which any vehicles excluded from using the mall may be accommodated; it may include a provision for on and off-street parking. After the plans have been prepared, the corporate authority shall hold a public hearing thereon, giving notice of time and place at least two weeks in advance of the hearing in a newspaper of general circulation in the city and as required by chapter 42.32 RCW. [1965 c 7 § 35.71.040. Prior: 1961 c 111 § 4.]

35.71.050 Real estate appraisers—Report. The corporate authority is authorized to engage duly qualified real estate appraisers, for the purpose of determining the value, or legal damages, if any, to any person, owning or having any legal or equitable interest in any real property who contends that he would suffer damage if a proposed mall were established; in connection therewith the city shall take into account any increment in value that may result from the establishment of the mall. The appraisers shall submit their findings in writing to the chief executive of the city. [1965 c 7 § 35.71.050. Prior: 1961 c 111 § 5.]

35.71.060 Financing methods. The corporate authority may finance the establishment of a mall, including, but not limited to, right of way improvements, traffic control devices, and off-street parking facilities in the vicinity of the mall, by one or more of the following methods or by a combination of any two or more of them:

1. By creating local improvement districts under the laws applicable thereto in Title 35 RCW.
2. By issuing revenue bonds pursuant to chapter 35.41 RCW, *RCW 35.24.305, chapter 35.92 RCW, RCW 35.81.100, and by such other statutes that may authorize such bonds.
3. By issuing general obligation bonds pursuant to chapter 39.52 RCW, RCW 35.81.115, and by such other statutes and applicable provisions of the state Constitution that may authorize such bonds.
4. By use of gifts and donations.
5. General fund and other available moneys: PROVIDED, That if any general fund moneys are expended for a mall, provision may be made for repayment thereof to the general fund from money received from the financing of the mall.

The corporate authority may include within the cost of any mall project the expense of moving-utilities, or any facility located within a right of way. [1965 c 7 § 35.71.060. Prior: 1961 c 111 § 6.]

*Reviser's note: RCW 35.24.305 was recodified as RCW 35.23.454 pursuant to 1994 c 81 § 90.

35.71.070 Waivers and quitclaim deeds—Rights in right of way. The corporate authority may formulate, solicit, finance and acquire, purchase, or negotiate the acquisition of waivers and the execution of quitclaim deeds by persons owning or having any legal or equitable interest in the real property affected by the establishment of a mall, conveying the necessary rights to the city to prohibit through vehicular traffic and otherwise limit vehicular access to, and from, such right of way: PROVIDED, That the execution of such waivers and quitclaim deeds shall not operate to extinguish the rights of the abutting owner, lessor, or lessee in the right of way, not included in such waiver or quitclaim deed. [1965 c 7 § 35.71.070. Prior: 1961 c 111 § 7.]

35.71.080 Vacating, replatting right of way for mall purposes. The corporate authority, as an alternate to the preceding methods, may find that the right of way no longer is needed as a right of way. When persons owning or having any legal or equitable interest in the real property affected by a proposed mall, present a petition to the corporate authority for vacating the right of way pursuant to chapter 35.79 RCW, or the corporate authority initiates by resolution such a vacation proceeding, a right of way may be vacated and replatted for mall purposes, and closed to vehicular traffic except as provided in RCW 35.71.030, consistent with the subdivision standards allowed by Title 38 RCW, and chapter 35.63 RCW. [1965 c 7 § 35.71.080. Prior: 1961 c 111 § 8.]

35.71.090 "Mall organization"—Powers in general—Directors—Officers. The corporate authority may cause an organization of persons to be known as a "Mall organization" interested in creating a mall in a given area to be formed to provide for consultative assistance to the city with respect to the establishment and administration of a mall. This organization may elect a board of directors of not less than three nor more than twelve members. The board shall elect a president, a vice president, and a secretary from its membership. [1965 c 7 § 35.71.090. Prior: 1961 c 111 § 9.]

35.71.100 Special assessment. After the establishment of the mall, the corporate authority may levy a special assessment on the real property within the area specially benefited by the improvement. Such special levy, if any, shall be for operation and maintenance of the mall and appurtenances thereto, which may not exceed one percent of the aggregate actual valuation of the real property (including twenty-five percent of the actual valuation of the improvements thereon) according to the valuation last placed upon it for purposes of general taxation: PROVIDED, That if a mall organization board of directors exists as authorized by RCW 35.71.090, the corporate authority may entertain a recommendation from this organization with respect to such a levy by the corporate authority. [1965 c 7 § 35.71.100. Prior: 1961 c 111 § 10.]

35.71.110 Claims for damages. Following the public hearing on the ordinance to establish a mall any person owning or having any legal or equitable interest in property which might be affected by reason of the establishment of the proposed mall or the board of directors of a mall organization shall, within twenty days of such hearing, file
with the city clerk a statement describing the real property as to which the claim is made, the nature of the claimant’s interest therein, the nature of the alleged damage thereto and the amount of damages claimed. After the receipt thereof, the corporate authority may negotiate with the affected parties concerning them or deny them. [1965 c 7 § 35.71.110. Prior: 1961 c 111 § 11.]

35.71.120 Contracts with mall organization for administration—Conflicting charter provisions. If the corporate authority desires to have the mall administered by a mall organization rather than by one of its departments, the corporate authority may execute a contract with such an organization for the administration of the mall upon mutually satisfactory terms and conditions: PROVIDED, That if any provision of a city charter conflicts with this section, such provision of the city charter shall prevail. [1965 c 7 § 35.71.120. Prior: 1961 c 111 § 12.]

35.71.130 Election to discontinue mall—Ordinance—Outstanding obligations—Restoration to former status. The board of directors of a mall organization may call for an election, after the mall has been in operation for two years, at which the voting shall be by secret ballot, on the question: "Shall the mall be continued in operation?" If sixty percent of the membership of the organization vote to discontinue the mall, the results of the election shall be submitted to the corporate authority. The corporate authority may initiate proceedings by ordinance for the discontinuation of the mall, allocate the proportionate amount of the outstanding obligations of the mall to the abutting property of the mall or property specially benefited if a local improvement district is established, subject to the provisions of any applicable statutes and bond ordinances, resolutions, or agreements, and thereafter, at a time set by the corporate authority, the mall may be restored to its former right of way status. [1965 c 7 § 35.71.130. Prior: 1961 c 111 § 13.]

35.71.910 Chapter controls inconsistent laws. Insofar as the provisions of this chapter are inconsistent with a provision of any other law, the provisions of this chapter shall be controlling. [1965 c 7 § 35.71.910. Prior: 1961 c 111 § 15.]

(3) Did not contribute to the original cost of the street project; and
(4) Subsequently develop their property within the fifteen-year period and at the time of development were not required to install similar street projects because they were already provided for by the contract.

Street projects subject to reimbursement may include design, grading, paving, installation of curbs, gutters, storm drainage, sidewalks, street lighting, traffic controls, and other similar improvements, as required by the street standards of the city, town, or county. [1983 c 126 § 2.]

35.72.030 Reimbursement by other property owners—Reimbursement share. The reimbursement shall be a pro rata share of construction and reimbursement of contract administration costs of the street project. A city, town, or county shall determine the reimbursement share by using a method of cost apportionment which is based on the benefit to the property owner from such project. [1983 c 126 § 3.]

35.72.040 Assessment reimbursement contracts. The procedures for assessment reimbursement contracts shall be governed by the following:

(1) An assessment reimbursement area shall be formulated by the city, town, or county based upon a determination by the city, town, or county of which parcels adjacent to the improvements would require similar street improvements upon development.

(2) The preliminary determination of area boundaries and assessments, along with a description of the property owners' rights and options, shall be forwarded by certified mail to the property owners of record within the proposed assessment area. If any property owner requests a hearing in writing within twenty days of the mailing of the preliminary determination, a hearing shall be held before the legislative body, notice of which shall be given to all affected property owners. The legislative body's ruling is determinative and final.

(3) The contract must be recorded in the appropriate county auditor's office within thirty days of the final execution of the agreement.

(4) If the contract is so filed, it shall be binding on owners of record within the assessment area who are not party to the contract. [1988 c 179 § 16; 1983 c 126 § 4.]

35.72.050 Alternative financing method—Participation by county, city, town, or department of transportation—Eligibility for reimbursement. (1) As an alternative to financing projects under this chapter solely by owners of real estate, a county, city, or town may join in the financing of improvement projects and may be reimbursed in the same manner as the owners of real estate who participate in the projects, if the county, city, or town has specified the conditions of its participation in an ordinance. A county, city, or town may be reimbursed only for the costs of improvements that benefit that portion of the public who will use the developments within the assessment reimbursement area established pursuant to RCW 35.72.040(1). No county, city, or town costs for improvements that benefit the general public may be reimbursed.

(2) The department of transportation may, for state highways, participate with the owners of real estate in the financing of improvement projects, in the same manner as provided for counties, cities, and towns, in subsection (1) of this section. The department shall enter into agreements whereby the appropriate county, city, or town shall act as an agent of the department in administering this chapter. [1987 c 261 § 1; 1986 c 252 § 1.]

35.73.010 Authority—First and second class cities. If a city of the first or second class establishes the grade of any street or alley at a higher elevation than any private property abutting thereon, thereby rendering the drainage of such private property or any part thereof impracticable without the raising of the surface of such private property, or if the surface of any private property in any such city is so low as to make sanitary drainage thereof impracticable and it is determined by resolution of the city council of such city that a fill of such private property is necessary as a sanitary measure, the city may provide therefor, and by general or special ordinance or both make provision for the necessary surveys, estimates, bids, contract, bond and supervision of the work and for making and approving the assessment roll of the local improvement district and for the collection of the assessments made thereby, and for the doing of everything which in their discretion may be necessary or be incidental thereto: PROVIDED, That before the approval of the assessment roll, notice shall be given and an opportunity offered for the owners of the property affected by the assessment roll to be heard before such city council in the same manner as in case of assessments for drainage or sewerage in the city. [1965 c 7 § 35.73.010. Prior: (i) 1907 c 243 § 1; RRS § 9426. (ii) 1907 c 243 § 4; RRS § 9429.]

35.73.020 Estimates—Intention—Property included—Resolution. Before establishing a grade for property or providing for the fill of property, the city must adopt a resolution declaring its intention to do so.

The resolution shall:

(1) Describe the property proposed to be improved by the fill,
(2) State the estimated cost of making the improvement,
(3) State that the cost thereof is to be assessed against the property improved thereby, and
(4) Fix a time not less than thirty days after the first publication of the resolution within which protests against the proposed improvement may be filed with the city clerk.

The resolution may include as many separate parcels of property as may seem desirable whether or not they are contiguous so long as they lie in the same general neighborhood and may be included conveniently in one local improvement district. [1965 c 7 § 35.73.020. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

Proof of publication by affidavit shall be filed as part of the record of the proceedings. [1965 c 7 § 35.73.030. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

35.73.040 Ordinance—Assessments. If no protest is filed, or if protests are filed but the city council after full hearing determines that it is necessary to fill any portion of the private property it shall proceed to enact an ordinance for such improvement. By the provisions of the ordinance, a local improvement district shall be established to be called "local improvement district No. . . . .", which shall include all the property found by the said council to require the fill as a sanitary measure. The ordinance shall provide that such improvement shall be made and shall fix and establish the grades to which the said property and the different portions thereof shall be brought by such improvement, and that the cost and expense thereof shall be taxed and assessed upon all the property in such local improvement district, which cost shall be assessed in proportion to the number of cubic yards of earth and bulkheading required for the different portions of said property included in said improvement district and in proportion to the benefits derived by such improvement: PROVIDED, That the city council may expend from the general fund for such purposes such sums as in its judgment may seem fair and equitable in consideration of the benefits accruing to the general public by reason of such improvement. [1965 c 7 § 35.73.040. Prior: 1907 c 243 § 3, part; RRS § 9428, part.]

35.73.050 Lien of assessments. Whenever any expense or cost of work has been assessed the amount of such expense and cost shall become a lien upon said lands

[Title 35 RCW—page 230]
35.73.060 Improvement district bonds—Issuance. (1) The city may, in its discretion, by general or special ordinance, or both, instead of requiring immediate payment for the said work to be done by the owners of property included in the assessment roll, authorize the issuance of interest bearing bonds or warrants of the local improvement district, payable on or before a date not to exceed twelve years from and after their date. The bonds may be issued subject to call, the amount of the said assessment to be payable in installments or otherwise, and the bonds to be of such terms as may be provided in the ordinances and to bear interest at such rate or rates as may be prescribed in the ordinances. The board of county commissioners within ten days from the receipt of the notice, if in session, and if not in session, within five days after the first day of the next regular or special session, shall designate the width of the draw to be made in such bridge, and the length of span necessary to permit the free flow of water: PROVIDED, That if any persons deem themselves aggrieved by the determination of the matter by the board, they may appeal to the superior court which may hear and determine the matter upon such further notice and on such testimony as it shall direct to be produced. [1965 c 7 § 35.74.030. Prior: 1890 p 54 § 2, part; RRS § 9324, part.]

35.74.040 Required specifications. All bridges constructed under the provisions of this chapter must be so constructed as not to obstruct navigation, and must have a draw or swing of sufficient space or span to permit the safe, convenient, and expeditious passage at all times of any steamer or vessel or raft which may navigate the stream or waters bridged. 35.76.010 Declaration of purpose—Budget and accounting by functional categories. Records of city street expenditures are generally inadequate to meet the needs of cities for planning and administration of their street programs and the needs of the legislature in providing for city street financing. It is the intent of the legislature that each city and town shall budget and thereafter maintain records and accounts for all street expenditures by functional categories in a manner consistent with its size, administrative capabilities, and the amounts of money expended by it for street purposes. STREETS—PLANNING, ESTABLISHMENT, CONSTRUCTION, AND MAINTENANCE

Sections

35.77.010 Perpetual advanced six-year plans for coordinated transportation program expenditures—Nonmotorized transportation—Railroad right-of-way. (1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, the inherent authority of a first class city derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan.

The program shall be filed with the secretary of transportation not more than thirty days after its adoption. Annually thereafter the legislative body of each city and town shall review the work accomplished under the program and determine current city transportation needs. Based on these findings each such legislative body shall prepare and after public hearings thereon adopt a revised and extended comprehensive transportation program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to
assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year plan for each city or town shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

(2) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for nonmotorized transportation purposes.

(3) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town shall act to preserve railroad right-of-way in the event the railroad ceases to operate in the city's or town's jurisdiction.

Any city or town may enter into an agreement with the county in unincorporated areas, or to increased standards as shall be specified which may include construction, repair, or maintenance of drainage facilities including storm sewers, sidewalks and curbs, street lighting, and traffic control devices.

(2) A provision that the county may provide engineering and administrative services necessary for the planning, establishment, construction, and maintenance of the streets of the city or town, including engineering and clerical services necessary for the establishment of local improvement districts. In providing such services the county engineer may exercise all the powers and perform all the duties vested by law or by ordinance in the city or town engineer or other officer or department charged with street administration.

(3) A provision that the city or town shall enact ordinances for the administration, establishment, construction, repair, maintenance, regulation, and protection of its streets as may be necessary to authorize the county to lawfully carry out the terms of the agreement.

35.77.030 Agreements with county for planning, establishment, construction, and maintenance—County may use road fund—Payments by city—Contracts, bids. Pursuant to an agreement authorized by RCW 35.77.020, the board of county commissioners may expend funds from the county road fund for the construction, repair, and maintenance of the streets of such city or town and for engineering and administrative services. Payments by a city or town under such an agreement shall be made to the county treasurer and by him deposited in the county road fund. Such construction, repair, maintenance, and engineering service shall be ordered by resolution and proceedings conducted in respect thereto in the same manner as provided for the construction, repair, and maintenance of county roads by counties, and for the preparation of maps, plans and specifications, advertising and award of contracts therefor: PROVIDED, That except in case of emergency all construction work performed by a county on city streets pursuant to RCW 35.77.020 through 35.77.040, which exceeds ten thousand dollars, shall be done by contract, unless after advertisement and solicitation of competitive bids it appears that bids are unobtainable or that the lowest bid exceeds the amount for which such construction can be done by means other than contract. No street construction project shall be divided into lesser component parts for the purpose of avoiding the requirements for competitive bidding. [1965 c 7 § 35.77.030. Prior: 1961 c 245 § 2.]

35.77.015 Provisions for bicycle paths, lanes, routes, roadways and improvements to be included in annual revision or extension of comprehensive street programs—Exception. The annual revision and extension of comprehensive street programs pursuant to RCW 35.77.010 shall include consideration of and, wherever reasonably practicable, provisions for bicycle routes: PROVIDED, That no provision need be made for any such route where the cost of establishing it would be excessively disproportionate to the need or probable use. [1974 ex.s. c 141 § 11.]

35.77.020 Agreements with county for planning, establishment, construction, and maintenance. Any city or town may enter into an agreement with the county in which it is located authorizing the county to perform all or any part of the construction, repair, and maintenance of streets in such city or town at such cost as shall be mutually agreed upon. The agreement shall be approved by ordinance of the governing body of the city or town and by resolution of the board of county commissioners.

Any such agreement may include, but shall not be limited to the following:

(2) A provision that the county may provide engineering and administrative services necessary for the planning, establishment, construction, and maintenance of the streets of the city or town, including engineering and clerical services necessary for the establishment of local improvement districts. In providing such services the county engineer may exercise all the powers and perform all the duties vested by law or by ordinance in the city or town engineer or other officer or department charged with street administration.

(3) A provision that the city or town shall enact ordinances for the administration, establishment, construction, repair, maintenance, regulation, and protection of its streets as may be necessary to authorize the county to lawfully carry out the terms of the agreement. [1965 c 7 § 35.77.020. Prior: 1961 c 245 § 1.]
Agreements with county for planning, establishment, construction, and maintenance—Act is additional and concurrent method. RCW 35.77.020 through 35.77.040 shall not repeal, amend, or modify any law providing for joint or cooperative agreements between cities and counties with respect to city streets, but shall be held to be an additional and concurrent method providing for such purpose. (b) The city or town, by resolution of its legislative authority, declares that the street or alley is not presently being used as a street or alley and that the street or alley is not suitable for any of the following purposes: Port, beach or water access, boat moorage, launching sites, park, public view, recreation, or education; or

(c) The vacation is sought to enable a city or town to implement a plan, adopted by resolution or ordinance, that provides comparable or improved public access to the same shoreline area to which the streets or alleys sought to be vacated abut, had the properties included in the plan not been vacated.

(2) Before adopting a resolution vacating a street or alley under subsection (1)(b) of this section, the city or town shall:

(d) Make a finding that the street or alley sought to be vacated is not suitable for any of the purposes listed under (b) of this subsection, and that the vacation is in the public interest.

(3) No vacation shall be effective until the fair market value has been paid for the street or alley that is vacated. Moneys received from the vacation may be used by the city or town only for acquiring additional beach or water access, acquiring additional public view sites to a body of water, or acquiring additional moorage or launching sites. [1987 c 228 § 2.]

35.80.010 Declaration of purpose. It is hereby found that there exist, in the various municipalities and counties of the state, dwellings which are unfit for human habitation,
and buildings, structures, and premises or portions thereof which are unfit for other uses due to dilapidation, disrepair, structural defects, defects increasing the hazards of fire, accidents, or other calamities, inadequate ventilation and uncleanliness, inadequate light or sanitary facilities, inadequate drainage, overcrowding, or due to other conditions which are inimical to the health and welfare of the residents of such municipalities and counties.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended, and that the necessity of the public interest for the enactment of this law is hereby declared to be a matter of local legislative determination.

[1989 c 133 § 1; 1969 ex.s. c 127 § 1; 1967 c 111 § 1; 1965 c 7 § 35.80.010. Prior: 1959 c 82 § 1.]

35.80.030 Permissible ordinances—Appeal. (1) Whenever the local governing body of a municipality finds that one or more conditions of the character described in RCW 35.80.010 exist within its territorial limits, said governing body may adopt ordinances relating to such dwellings, buildings, structures, or premises. Such ordinances may provide for the following:

(a) That an "improvement board" or officer be designated or appointed to exercise the powers assigned to such board or officer by the ordinance as specified herein. Said board or officer may be an existing municipal board or officer in the municipality, or may be a separate board or officer appointed solely for the purpose of exercising the powers assigned by said ordinance.

If a board is created, the ordinance shall specify the terms, method of appointment, and type of membership of said board, which may be limited, if the local governing body chooses, to public officers as herein defined.

(b) If a board is created, a public officer, other than a member of the improvement board, may be designated to work with the board and carry out the duties and exercise the powers assigned to said public officer by the ordinance.

(c) That if, after a preliminary investigation of any dwelling, building, structure, or premises, the board or officer finds that it is unfit for human habitation or other use, he shall cause to be served either personally or by certified mail, with return receipt requested, upon all persons having any interest therein, as shown upon the records of the auditor's office of the county in which such property is located, and shall post in a conspicuous place on such property, a complaint stating in what respects such dwelling, building, structure, or premises is unfit for human habitation or other use. If the whereabouts of any of such persons is unknown and the same cannot be ascertained by the board or officer in the exercise of reasonable diligence, and the board or officer makes an affidavit to that effect, then the serving of such complaint or order upon such persons may be made either by personal service or by mailing a copy of the complaint and order by certified mail, postage prepaid, return receipt requested, to each such person at the address of the building involved in the proceedings, and mailing a copy of the complaint and order by first class mail to any address of each such person in the records of the county assessor or the county auditor for the county where the property is located. Such complaint shall contain a notice that a hearing will be held before the board or officer, at a place therein fixed, not less than ten days nor more than thirty days after the serving of said complaint; and that all parties in interest shall be given the right to file an answer to the complaint, to appear in person, or otherwise, and to give testimony at the time and place in the complaint. The rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the board or officer. A copy of such complaint shall also be filed with the auditor of the county in which the dwelling, building, structure, or premises is located, and such filing of the complaint or order shall have the same force and effect as other liens pendens notices provided by law.

(d) That the board or officer may determine that a dwelling, building, structure, or premises is unfit for human habitation or other use if it finds that conditions exist in such dwelling, building, structure, or premises which are dangerous or injurious to the health or safety of the occupants of such dwelling, building, structure, or premises, or premises of neighboring dwellings, or other residents of such municipality. Such conditions may include the following, without limitation: Defects therein increasing the hazards of fire or accident; inadequate ventilation, light, or sanitary facilities, dilapidation, disrepair, structural defects, uncleanliness, overcrowding, or inadequate drainage. The ordinance shall state reasonable and minimum standards covering such conditions, including those contained in ordinances adopted in accordance with subdivision (7)(a) herein, to guide the board or the public officer and the agents and employees of either, in determining the fitness of a dwelling for human habitation, or building, structure, or premises for other use.

(e) That the determination of whether a dwelling, building, structure, or premises should be repaired or demolished, shall be based on specific stated standards on (i) the degree of structural deterioration of the dwelling, building, structure, or premises, or (ii) the relationship that the estimated cost of repair bears to the value of the dwelling, building, structure, or premises, with the method of determining this value to be specified in the ordinance.

(f) That if, after the required hearing, the board or officer determines that the dwelling is unfit for human habitation, or building or structure or premises is unfit for other use, it shall state in writing its findings of fact in support of
such determination, and shall issue and cause to be served
upon the owner or party in interest thereof, as is provided in
subdivision (1)(c), and shall post in a conspicuous place on
said property, an order which (i) requires the owner or party
in interest, within the time specified in the order, to repair,
alter, or improve such dwelling, building, structure, or
premises to render it fit for human habitation, or for other
use, or to vacate and close the dwelling, building, structure,
or premises, if such course of action is deemed proper on the
basis of the standards set forth as required in subdivision
(1)(c); or (ii) requires the owner or party in interest, within
the time specified in the order, to remove or demolish such
dwelling, building, structure, or premises, if this course of
action is deemed proper on the basis of said standards. If no
appeal is filed, a copy of such order shall be filed with the
auditor of the county in which the dwelling, building,
structure, or premises is located.

(g) The owner or any party in interest, within thirty days
from the date of service upon the owner and posting of an
order issued by the board under the provisions of subdivision
c) of this subsection, may file an appeal with the appeals
commission.

The local governing body of the municipality shall
designate or establish a municipal agency to serve as the
appeals commission. The local governing body shall also
establish rules of procedure adequate to assure a prompt and
thorough review of matters submitted to the appeals commis-
sion, and such rules of procedure shall include the following,
without being limited thereto: (i) All matters submitted to
the appeals commission must be resolved by the commission
within sixty days from the date of filing therewith and (ii) a
transcript of the findings of fact of the appeals commission
shall be made available to the owner or other party in
interest upon demand.

The findings and orders of the appeals commission shall
be reported in the same manner and shall bear the same legal
consequences as if issued by the board, and shall be subject
to review only in the manner and to the extent provided in
subdivision (2) of this section.

If the owner or party in interest, following exhaustion of
his rights to appeal, fails to comply with the final order to
repair, alter, improve, vacate, close, remove, or demolish
the dwelling, building, structure, or premises, the board or
officer may direct or cause such dwelling, building, structure,
or premises, to be repaired, altered, improved, vacated,
closed, removed, or demolished.

(h) That the amount of the cost of such repairs, alter-
tions or improvements; or vacating and closing; or removal
or demolition by the board or officer, shall be assessed
against the real property upon which such cost was incurred
unless such amount is previously paid. Upon certification to
him by the treasurer of the municipality in cases arising out
of the city or town or by the county improvement board or
officer, in cases arising out of the county, of the assessment
amount being due and owing, the county treasurer shall enter
the amount of such assessment upon the tax rolls against the
property for the current year and the same shall become a
part of the general taxes for that year to be collected at the
same time and with interest at such rates and in such manner
as provided for in RCW 84.56.020, as now or hereafter
amended, for delinquent taxes, and when collected to be
deposited to the credit of the general fund of the municipali-
ty. If the dwelling, building, structure, or premises is
removed or demolished by the board or officer, the board or
officer shall, if possible, sell the materials of such dwelling,
building, structure, or premises in accordance with proce-
dures set forth in said ordinance, and shall credit the pro-
ceeds of such sale against the cost of the removal or demol-
tion and if there be any balance remaining, it shall be paid
to the parties entitled thereto, as determined by the board or
officer, after deducting the costs incident thereto.

The assessment shall constitute a lien against the
property which shall be of equal rank with state, county and
municipal taxes.

(2) Any person affected by an order issued by the
appeals commission pursuant to subdivision (1)(f) hereof
may, within thirty days after the posting and service of the
order, petition to the superior court for an injunction restrain-
the public officer or members of the board from carrying
out the provisions of the order. In all such proceedings the
court is authorized to affirm, reverse, or modify the order
and such trial shall be heard de novo.

(3) An ordinance adopted by the local governing body
of the municipality may authorize the board or officer to
exercise such powers as may be necessary or convenient to
carry out and effectuate the purposes and provisions of this
section. These powers shall include the following in addition
to others herein granted: (a)(i) To determine which
dwellings within the municipality are unfit for human
habitation; (ii) to determine which buildings, structures, or
premises are unfit for other use; (b) to administer oaths and
affirmations, examine witnesses and receive evidence; and
(c) to investigate the dwelling and other property conditions
in the municipality or county and to enter upon premises for
the purpose of making examinations when the board or
officer has reasonable ground for believing they are unfit for
human habitation, or for other use: PROVIDED, That such
entries shall be made in such manner as to cause the least
possible inconvenience to the persons in possession, and to
obtain an order for this purpose after submitting evidence in
support of an application which is adequate to justify such
an order from a court of competent jurisdiction in the event
entry is denied or resisted.

(4) The local governing body of any municipality
adapting an ordinance pursuant to this chapter may appropri-
ate the necessary funds to administer such ordinance.

(5) Nothing in this section shall be construed to abro-
gate or impair the powers of the courts or of any department
of any municipality to enforce any provisions of its charter
or its ordinances or regulations, nor to prevent or punish
violations thereof; and the powers conferred by this section
shall be in addition and supplemental to the powers con-
ferred by any other law.

(6) Nothing in this section shall be construed to impair
or limit in any way the power of the municipality to define
and declare nuisances and to cause their removal or abate-
ment, by summary proceedings or otherwise.

(7) Any municipality may (by ordinance adopted by its
governing body) (a) prescribe minimum standards for the use
and occupancy of dwellings throughout the municipality, or
county, (b) prescribe minimum standards for the use or occu-
pancy of any building, structure, or premises used for any
other purpose, (c) prevent the use or occupancy of any
dwelling, building, structure, or premises, which is injurious
to the public health, safety, morals, or welfare, and (d) prescribe punishment for the violation of any provision of such ordinance. [1989 c 133 § 3; 1984 c 213 § 1; 1973 1st ex.s. c 144 § 1; 1969 ex.s. c 127 § 3; 1967 c 111 § 3; 1965 c 7 § 35.80.030. Prior: 1959 c 82 § 3.]

35.80.040 Discrimination prohibited. For all the purposes of this chapter and the ordinances adopted as provided herein, no person shall, because of race, creed, color, or national origin, be subjected to any discrimination. [1965 c 7 § 35.80.040. Prior: 1959 c 82 § 4.]

Every county, city, and town may acquire by condemnation, in accordance with the notice requirements and other procedures for condemnation provided in Title 8 RCW, any property, dwelling, building, or structure which constitutes a blight on the surrounding neighborhood. A "blight on the surrounding neighborhood" is any property, dwelling, building, or structure that meets any two of the following factors: (1) If a dwelling, building, or structure exists on the property, the dwelling, building, or structure has not been lawfully occupied for a period of one year or more; (2) the property, dwelling, building, or structure constitutes a threat to the public health, safety, or welfare as determined by the executive authority of the county, city, or town, or the designee of the executive authority; or (3) the property, dwelling, building, or structure is or has been associated with illegal drug activity during the previous twelve months. The purchasers or lessees and their successors and assigns shall be obligated to comply with such other requirements as the county, city, or town may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such property required to make the dwelling, building, or structure habitable. Such real property or interest shall be sold, leased, or otherwise transferred, at not less than its fair market value. In determining the fair market value of real property for uses in accordance with this section, a municipality shall take into account and give consideration to, the restrictions upon and the covenants, conditions, and obligations assumed by the purchaser or lessee. **35.81.020 Declaration of purpose and necessity.** It is hereby found and declared that blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state exist in municipalities of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime and depreciation of property values, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of such areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, are conducive to fires, are difficult to police and to provide police protection for, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services, and facilities.

It is further found and declared that certain of such areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that to the extent feasible salvageable blighted areas should be rehabilitated through voluntary action and the regulatory process.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination. [1965 c 7 § 35.81.020. Prior: 1957 c 42 § 2.]

**35.81.030 Encouragement of private enterprise.** A municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this chapter, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of the urban renewal area by private enterprise. A municipality shall give consideration to this objec-

**35.81.040 Formulation of workable program.** A municipality for the purposes of this chapter may formulate a workable program for utilizing appropriate private and public resources to eliminate, and prevent the development or spread of, blighted areas, to encourage needed urban rehabilitation, to provide for the redevelopment of such areas, or to undertake such of the aforesaid activities, or other feasible municipal activities as may be suitably employed to achieve the objectives of such workable program. Such workable program may include, without limitation, provision for: The prevention of the spread of blight into areas of the municipality which are free from blight through diligent enforcement of housing, zoning, and occupancy controls and standards; the rehabilitation of blighted areas or portions thereof by replanning, removing congestion, providing parks, playgrounds and other public improvements, by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures; and the clearance and redevelopment of blighted areas or portions thereof. [1965 c 7 § 35.81.040. Prior: 1957 c 42 § 4.]

**35.81.050 Findings by local governing body required.** No municipality shall exercise any of the powers hereafter conferred upon municipalities by this chapter until after its local governing body shall have adopted a resolution finding that: (1) One or more blighted areas exist in such municipality; and (2) the rehabilitation, redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of such municipality. [1965 c 7 § 35.81.050. Prior: 1957 c 42 § 5.]

**35.81.060 Comprehensive plan—Preparation—Hearing—Approval—Modification—Effect.** (1) A municipality shall not approve an urban renewal project for an urban renewal area unless the local governing body has, by resolution, determined such area to be a blighted area and designated such area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a comprehensive plan or parts of such plan for an area which would include an urban renewal area for the municipality have been prepared as provided in chapter 35.63 RCW. For this purpose and other municipal purposes, authority is hereby vested in every municipality to prepare, to adopt, and to revise from time to time, a comprehensive plan or parts thereof for the physical development of the municipality as a whole (giving due regard to the environs and metropolitan surroundings), to establish and maintain a planning commission for such purpose and related municipal planning activities, and to make available and to
powers of municipality. Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(3) Within the municipality, to enter upon any building or property in any urban renewal area, in order to make surveys and appraisals, provided that such entries shall be made in such a manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain, or otherwise, any real property and such personal property as may be necessary for the administration of the provisions herein contained, together with any improvements thereon; to hold, improve, clear, or prepare for redevelopment any property; to dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance: PROVIDED, That no statutory provision with respect to the acquisition, clearance, or disposition of property by public bodies shall restrict a municipality in the exercise of such functions with respect to an urban renewal project.

(4) To invest any urban renewal project funds held in reserves or sinking funds or any such funds which are not required for immediate disbursement, in property or securities in which mutual savings banks may legally invest funds subject to their control; to redeem such bonds as have been issued pursuant to RCW 35.81.100 at the redemption price established therein or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

(5) To borrow money and to apply for, and accept, advances, loans, grants, contributions and any other form of financial assistance from the federal government, the state, county, or other public body, or from any sources, public or private, for the purposes of this chapter, and to enter into and carry out contracts in connection therewith. A municipality may include in any application or contract for finan-
cial assistance with the federal government for an urban renewal project such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of this chapter.

(6) Within the municipality, to make or have made all plans necessary to the carrying out of the purposes of this chapter and to contract with any person, public or private, in making and carrying out such plans and to adopt or approve, modify, and amend such plans. Such plans may include, without limitation: (a) A comprehensive plan or parts thereof for the locality as a whole, (b) urban renewal plans, (c) plans for carrying out a program of voluntary or compulsory repair and rehabilitation of buildings and improvements, (d) plans for the enforcement of state and local laws, codes, and regulations relating to the use of land and the use and occupancy of buildings and improvements and to the compulsory repair, rehabilitation, demolition, or removal of buildings and improvements, and (e) appraisals, title searches, surveys, studies, and other preliminary plans and work necessary to prepare for the undertaking of urban renewal projects. The municipality is authorized to develop, test, and report methods and techniques, and carry out demonstrations and other activities, for the prevention and the elimination of urban blight and to apply for, accept, and utilize grants of, funds from the federal government for such purposes.

(7) To prepare plans for the relocation of families displaced from an urban renewal area, and to coordinate public and private agencies in such relocation, including requesting such assistance for this purpose as is available from other private and governmental agencies, both for the municipality and other parties.

(9) Within the municipality, to organize, coordinate, and direct the administration of the provisions of this chapter as they apply to such municipality in order that the objective of remedying blighted areas and preventing the causes thereof within such municipality may be most effectively promoted and achieved, and to establish such new office or offices of the municipality or to reorganize existing offices in order to carry out such purpose most effectively.

(10) To exercise all or any part or combination of powers herein granted. [1965 c 7 § 35.81.070. Prior: 1957 c 42 § 7.]

35.81.080 Eminent domain. A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for an urban renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for urban renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or his predecessor in interest by eminent domain may be condemned for the purposes of this chapter.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. Evidence shall be admissible bearing upon the insanitary, unsafe, or substandard condition of the premises, or the unlawful use thereof. [1965 c 7 § 35.81.080. Prior: 1957 c 42 § 8.]

The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the municipality may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. Any other taxing unit in a municipality is authorized to allocate a like amount of such excess taxes to the municipality or municipalities in which it is situated.

(6) In case any of the public officials of the municipality whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such deliv-
ery. Any provision of any law to the contrary notwithstanding, any bonds, issued pursuant to this chapter shall be fully negotiable.

(1) When a municipality has made the finding prescribed in RCW 35.81.050 and has elected to have the urban renewal project powers, as provided in RCW 35.81.150, exercised, such urban renewal project powers may be assigned to a department or other officers of the municipality or to any existing public body corporate, or the legislative body of a city may create an urban renewal agency in such municipality to be known as a public body corporate to which such powers may be assigned.

(2) If the urban renewal agency is authorized to transact business and exercise powers hereunder, the mayor, by and with the advice and consent of the local governing body, shall appoint a board of commissioners of the urban renewal agency which shall consist of five commissioners. The initial membership shall consist of one commissioner appointed for one year, one for two years, one for three years, and two for four years; and each appointment thereafter shall be for four years.

(3) A commissioner shall receive no compensation for his services but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his duties. Each commissioner shall hold office until his successor has been appointed and has qualified. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk of the municipality and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner.

The powers and responsibilities of an urban renewal agency shall be exercised by the commissioners thereof. A majority of the commissioners shall constitute a quorum for the purpose of conducting business and exercising the powers and responsibilities of the agency and for all other purposes. Action may be taken by the agency upon a vote of a majority of the commissioners present, unless in any case the bylaws shall require a larger number. Any persons
may be appointed as commissioners if they reside within the municipality.

The urban renewal agency or department or officers exercising urban renewal project powers shall be staffed with the necessary technical experts and such other agents and employees, permanent and temporary, as it may require. An agency authorized to transact business and exercise powers under this chapter shall file, with the local governing body, on or before March 31st of each year, a report of its activities for the preceding calendar year, which report shall include a complete financial statement setting forth its assets, liabilities, income, and operating expense as of the end of such calendar year. At the time of filing the report, the agency shall publish in a newspaper of general circulation in the community a notice to the effect that such report has been filed with the municipality and that the report is available for inspection during business hours in the office of the city clerk and in the office of the agency.

(4) For inefficiency, neglect of duty, or misconduct in office, a commissioner may be removed. [1965 c 7 § 35.81.160. Prior: 1957 c 42 § 16.]

35.81.170 Discrimination prohibited. For all of the purposes of this chapter, no person shall, because of race, creed, color, or national origin, be subjected to any discrimination. [1965 c 7 § 35.81.170. Prior: 1957 c 42 § 17.]

Discrimination—Human rights commission: Chapter 49.60 RCW.

Where such acquisition is not voluntary, the interest acquired shall be immediately disclosed in writing to the local governing body and such disclosure shall be entered upon the minutes of the governing body. If any such official, department or division head owns or controls, or owned or controlled within two years prior to the date of hearing on the urban renewal project, any interest, direct or indirect, in any property which he knows is included in an urban renewal project, he shall immediately disclose this fact in writing to the local governing body, and such disclosure shall be entered upon the minutes of the governing body, and any such official, department or division head shall not participate in any action on that particular project by the municipality or urban renewal agency, department, or officers which have been vested with urban renewal project powers by the municipality pursuant to the provisions of RCW 35.81.150. A majority of the commissioners of an urban renewal agency exercising powers pursuant to this chapter shall not hold any other public office under the municipality other than their commissionership or office with respect to such urban renewal agency, department, or officers. Any violation of the provisions of this section shall constitute misconduct in office. [1965 c 7 § 35.81.180. Prior: 1957 c 42 § 18.]

Severability—1979 ex.s. c 187: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 187 § 4.]

35.82.030 Creation of housing authorities. In each city (as herein defined) and in each county of the state there is hereby created a public body corporate and politic to be known as the "Housing Authority" of the city or county: PROVIDED, HOWEVER, That such authority shall not transact any business or exercise its powers hereunder until or unless the governing body of the city or the county, as the case may be, by proper resolution shall declare at any time hereafter that there is need for an authority to function in such city or county. The determination as to whether or not there is such need for an authority to function (1) may be made by the governing body on its own motion or (2) shall be made by the governing body upon the filing of a petition signed by twenty-five residents of the city or county, as the case may be, asserting that there is need for an authority to function in such city or county and requesting that the governing body so declare.

The governing body shall adopt a resolution declaring that there is need for a housing authority in the city or county, as the case may be, if it shall find (1) that insanitary or unsafe inhabited dwelling accommodations exist in such city or county; (2) that there is a shortage of safe or sanitary dwelling accommodations in such city or county available to persons of low income at rentals they can afford; or (3) that there is a shortage of safe or sanitary dwellings, apartments, mobile home parks, or other living accommodations available for senior citizens. In determining whether dwelling accommodations are unsafe or insanitary said governing body may take into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities, and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body declaring the need for the authority. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for an authority and finds in substantially the foregoing terms (no further detail being necessary) that either or both of the above enumerated conditions exist in the city or county, as the case may be. A copy of such resolution duly certified by the clerk shall be admissible in evidence in any suit, action or proceeding. [1979 ex.s. c 187 § 2; 1965 c 7 § 35.82.030. Prior: 1939 c 23 § 4; RRS § 6889-4. Formerly RCW 74.24.030.]

Severability—1979 ex.s. c 187: See note following RCW 35.82.020.

35.82.040 Appointment, qualifications and tenure of commissioners. When the governing body of a city adopts a resolution as aforesaid, it shall promptly notify the mayor of such adoption. Upon receiving such notice, the mayor shall appoint five persons as commissioners of the authority created for said city. When the governing body of a county adopts a resolution as aforesaid, said body shall appoint five persons as commissioners of the authority created for said county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed as aforesaid for a term of office of five years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city or county for which the authority is created. A commissioner shall hold office until his successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his services for the authority, in any capacity, but he shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chairman and he shall serve in the capacity of chairman until the expiration of his term of office as commissioner. When the office of the chairman of the authority thereafter becomes vacant, the authority shall select a chairman from among its commissioners. An authority
shall select from among its commissioners a vice chairman, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. [1965 c 7 § 35.82.040. Prior: 1939 c 23 § 5; RRS § 6889-5. Formerly RCW 74.24.040.]

35.82.050 Interested commissioners or employees. No commissioner or employee of an authority shall acquire any interest direct or indirect in any housing project or in any property included or planned to be included in any project, nor shall he have any interest direct or indirect in any contract or proposed contract for materials or services to be furnished or used in connection with any housing project. If any commissioner or employee of an authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure so to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner or employee shall not participate in any action by the authority affecting such property. [1965 c 7 § 35.82.050. Prior: 1939 c 23 § 6; RRS § 6889-6. Formerly RCW 74.24.050.]

35.82.060 Removal of commissioners. For inefficiency or neglect of duty or misconduct in office, a commissioner of an authority may be removed by the mayor (or in the case of an authority for a county, by the governing body of said county), but a commissioner shall be removed only after he shall have been given a copy of the charges at least ten days prior to the hearing thereon and had an opportunity to be heard in person or by counsel. In the event of the removal of any commissioner, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the clerk. [1965 c 7 § 35.82.060. Prior: 1939 c 23 § 7; RRS § 6889-7. Formerly RCW 74.24.060.]

35.82.070 Powers of authority. An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions, and having all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(1) To sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments, including but not limited to partnership agreements and joint venture agreements, necessary or convenient to the exercise of the powers of the authority; to participate in the organization or the operation of a nonprofit corporation which has as one of its purposes to provide or assist in the provision of housing for persons of low income; and to make and from time to time amend and repeal bylaws, rules and regulations, not inconsistent with this chapter, to carry into effect the powers and purposes of the authority.

(2) Within its area of operation: To prepare, carry out, acquire, lease and operate housing projects; to provide for the construction, reconstruction, improvement, alteration or repair of any housing project or any part thereof; to agree to rent or sell dwellings forming part of the projects to or for persons of low income. Where an agreement or option is made to sell a dwelling to a person of low income, the authority may convey the dwelling to the person upon fulfillment of the agreement irrespective of whether the person is at the time of the conveyance a person of low income. Leases, options, agreements, or conveyances may include such covenants as the authority deems appropriate to assure the achievement of the objectives of this chapter.

(3) To acquire, lease, rent, sell, or otherwise dispose of any commercial space located in buildings or structures containing a housing project or projects.

(4) To arrange or contract for the furnishing by any person or agency, public or private, of services, privileges, works, or facilities for, or in connection with, a housing project or the occupants thereof; and (notwithstanding anything to the contrary contained in this chapter or in any other provision of law) to include in any contract let in connection with a project, stipulations requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which the federal government may have attached to its financial aid of the project.

(5) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own or manage buildings containing a housing project or projects as well as commercial space or other dwelling units that do not constitute a housing project as that term is defined in this chapter: PROVIDED, That notwithstanding the provisions under subsection (1) of this section, dwelling units made available or sold to persons of low income, together with functionally related and subordinate facilities, shall occupy at least fifty percent of the interior space in the total development owned by the authority or at least fifty percent of the total number of units in the development owned by the authority, whichever produces the greater number of units for persons of low income, and for mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park owned by the authority; to own, hold, and improve real or personal property; to purchase, lease, obtain options upon, acquire by gift, grant, bequest, devise, or otherwise including financial assistance and other aid from the state or any public body, person or corporation, any real or personal property or any interest therein; to acquire by the exercise of the power of eminent domain any real property; to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein; to sell, lease, exchange, transfer, or dispose of any real or personal property or interest therein at less than fair market value to a governmental entity for any purpose when such action assists the housing authority in carrying out its powers and purposes under this chapter, to a low-income person or family for the
purposes of this chapter.

(9) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be canceled.

(7) Within its area of operation: To investigate into living, dwelling and housing conditions and into the means and methods of improving such conditions; to determine where slum areas exist or where there is a shortage of decent, safe and sanitary dwelling accommodations for persons of low income; to make studies and recommendations relating to the problem of clearing, replanning and reconstructing of slum areas, and the problem of providing dwelling accommodations for persons of low income, and to cooperate with the city, the county, the state or any political subdivision thereof in action taken in connection with such problems; and to engage in research, studies and experimentation on the subject of housing.

(8) Acting through one or more commissioners or other person or persons designated by the authority: To conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths, issue subpoenas requiring the attendance of witnesses or the production of books and papers and to issue commissions for the examination of witnesses who are outside of the state or unable to attend before the authority, or excused from attendance; to make available to appropriate agencies (including those charged with the duty of abating or requiring the correction of nuisances or like conditions, or of demolishing unsafe or insanitary structures within its area of operation) its findings and recommendations with regard to any building or property where conditions exist which are dangerous to the public health, morals, safety or welfare.

(9) To initiate eviction proceedings against any tenant as provided by law. Activity occurring in any housing authority unit that constitutes a violation of chapter 69.41, 69.50 or 69.52 RCW shall constitute a nuisance for the purpose of RCW 59.12.030(5).

(10) To exercise all or any part or combination of powers herein granted.

No provisions of law with respect to the acquisition, operation or disposition of property by other public bodies shall be applicable to an authority unless the legislature shall specifically so state.

(11) To agree (notwithstanding the limitation contained in RCW 35.82.210) to make such payments in lieu of taxes as the authority finds consistent with the achievement of the purposes of this chapter.

(12) Upon the request of a county or city, to exercise any powers of an urban renewal agency under chapter 35.81 RCW or a public corporation, commission, or authority under chapter 35.21 RCW. However, in the exercise of any such powers the housing authority shall be subject to any express limitations contained in this chapter.

(13) To exercise the powers granted in this chapter within the boundaries of any city, town, or county not included in the area in which such housing authority is originally authorized to function: PROVIDED, HOWEVER, The governing or legislative body of such city, town, or county, as the case may be, adopts a resolution declaring that there is a need for the authority to function in such territory.

(14) To administer contracts for assistance payments to persons of low income in accordance with section 8 of the United States Housing Act of 1937, as amended by Title II, section 201 of the Housing and Community Development Act of 1974, P.L. 93-383.

(15) To sell at public or private sale, with or without public bidding, for fair market value, any mortgage or other obligation held by the authority.

(16) To the extent permitted under its contract with the holders of bonds, notes, and other obligations of the authority, to consent to any modification with respect to rate of interest, time and payment of any installment of principal or interest security, or any other term of any contract, mortgage, mortgage loan, mortgage loan commitment, contract or agreement of any kind to which the authority is a party.

(17) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans to persons of low income to enable them to acquire, construct, reconstruct, rehabilitate, improve, lease, or refinance their dwellings, and to take such security therefor as is deemed necessary and prudent by the authority.

(18) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans for the acquisition, construction, reconstruction, rehabilitation, improvement, leasing, or refinancing of land, buildings, or developments for housing for persons of low income. For purposes of this subsection, development shall include either land or buildings or both.

(a) Any development financed under this subsection shall be subject to an agreement that for at least twenty years the dwelling units made available to persons of low income together with functionally related and subordinate facilities shall occupy at least fifty percent of the interior space in the total development or at least fifty percent of the total number of units in the development, whichever produces the greater number of units for persons of low income. For mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park. During the term of the agreement, the owner shall use its best efforts in good faith to maintain the dwelling units or mobile home lots required to be made available to persons of low income at rents affordable to persons of low income. The twenty-year requirement under this subsection (18)(a) shall not apply when an authority finances the development by nonprofit corporations or governmental units of dwellings or mobile home lots intended for sale to persons of low and moderate income, and shall not apply to construction or other short-term financing provided to nonprofit corporations or govern-
mental units when the financing has a repayment term of one year or less.

(b) In addition, if the development is owned by a for-profit entity, the dwelling units or mobile home lots required to be made available to persons of low income shall be rented to persons whose incomes do not exceed fifty percent of the area median income, adjusted for household size, and shall have unit or lot rents that do not exceed fifteen percent of area median income, adjusted for household size, unless rent subsidies are provided to make them affordable to persons of low income.

For purposes of this subsection (18)(b), if the development is owned directly or through a partnership by a governmental entity or a nonprofit organization, which nonprofit organization is itself not controlled by a for-profit entity or affiliated with any for-profit entity that a nonprofit organization exercises legal control of the ownership entity and in addition, (i) the dwelling units or mobile home lots required to be made available to persons of low income are rented to persons whose incomes do not exceed sixty percent of the area median income, adjusted for household size, and (ii) the development is subject to an agreement that transfers ownership to the governmental entity or nonprofit organization or extends an irrevocable right of first refusal to purchase the development under a formula for setting the acquisition price that is specified in the agreement.

(c) Commercial space in any building financed under this subsection that exceeds four stories in height shall not constitute more than twenty percent of the interior area of the building. Before financing any development under this subsection the authority shall make a written finding that financing is important for project feasibility or necessary to enable the authority to carry out its powers and purposes under this chapter.

(19) To contract with a public authority or corporation, created by a county, city, or town under RCW 35.21.730 through 35.21.755, to act as the developer for new housing projects or improvement of existing housing projects. 35.82.075 Small works roster. (1) In addition to any other powers authorized in RCW 35.82.070, an authority may establish a small works roster consisting of all qualified contractors who have requested to be included on the roster and are, where required by law, properly licensed or registered to perform such work in the state of Washington.

(2) The small works roster may make distinctions between contractors based on the nature of the work the contractor is qualified to perform. At least once every year, the authority shall advertise in a newspaper of general circulation, in the authority's area of operation, the existence of the small works roster and shall add to the roster those contractors who request to be included on the roster.

(3) The commissioners of the authority shall establish uniform procedures to prequalify contractors for inclusion on the small works roster and a procedure for securing telephone or written quotations from contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder.

(4) Construction, repair, or alteration projects estimated to cost less than forty thousand dollars are exempt from the requirement that contracts be awarded after advertisement and competitive bid as defined in RCW 39.04.010. In lieu of advertisement and competitive bid, the authority shall solicit at least five quotations, confirmed in writing, from contractors in a manner that will equitably distribute opportunities among contractors on the small works roster for the category of job type involved. Whenever possible, the authority shall invite at least one proposal from a minority or woman contractor, or from a contractor that employs, or commits to employ, residents of housing owned or managed by the authority, who shall otherwise qualify under this section. Such solicitations shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(5) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone request.

(6) The breaking-down of any public work or improvement into units, or accomplishing any public work or improvement by phases, for the purpose of avoiding the minimum dollar amount for bidding, is contrary to public policy and is prohibited.

(7) No authority under chapter 42.17 RCW shall be required to make financial information required to be provided by the prequalification procedure for inclusion on the small works roster available for public inspection or copying. [1989 c 363 § 6.]

35.82.080 Operation not for profit. It is hereby declared to be the policy of this state that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for low-income dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and that no housing authority shall construct or operate any such project for profit, or as a source of revenue to the city or the county. To this end, an authority shall fix the rentals for rental units for persons of low income in projects owned or leased by the authority at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds or other obligations of the authority issued or incurred to finance the projects; (2) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (3) to create (during not less than the six years immediately succeeding its issuance of any such bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. Nothing contained
in this section shall be construed to limit an authority's power to rent commercial space located in buildings containing housing projects or non low-income units owned, acquired, financed, or constructed under *RCW 35.82.070(5), (16), or (17) at profitable rates and to use any profit realized from such rentals in carrying into effect the powers and purposes provided to housing authorities under this chapter. *Reviser's note: RCW 35.82.070 was amended by 1991 c 167 § 1, changing subsections (16) and (17) to subsections (17) and (18); and subsequently amended by 1993 c 478 § 17 changing subsections (17) and (18) to subsections (18) and (19). Severability—1983 c 225: See note following RCW 35.82.020.

35.82.090 Rentals and tenant selection. In the operation and management of rental units which are rented to persons of low income in any housing project an authority shall at all times observe the following duties with respect to rentals and tenant selection: (1) It may rent or lease the dwelling accommodations therein to persons of low income and at rentals within the financial reach of such persons of low income; (2) it may rent or lease to a low-income tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding; and (3) it shall not accept any person as a low income tenant in any housing project designated for persons of low income if the person or persons who would occupy the dwelling accommodations have an annual net income in excess of five times the annual rental of the quarters to be furnished such person or persons, except that in the case of families with three or more minor dependents, such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to occupants of heat, water, electricity, gas, cooking range and other necessary services or facilities, whether or not the charge for such services and facilities is in fact included in the rental. This income limitation does not apply to housing projects designated for senior citizens.

Nothing contained in this section or RCW 35.82.080 shall be construed as limiting the power of an authority to vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof, free from all the restrictions imposed by this section or RCW 35.82.080. [1989 c 363 § 4; 1979 ex.s. c 187 § 3; 1977 ex.s. c 274 § 4; 1965 c 7 § 35.82.090. Prior: 1939 c 23 § 10; RRS § 6889-10. Formerly RCW 74.24.090.]

Severability—1979 ex.s. c 187: See note following RCW 35.82.020.

35.82.100 Cooperation between authorities. Any two or more authorities may join or cooperate with one another in the exercise of any or all of the powers conferred hereby for the purpose of financing, planning, undertaking, constructing or operating a housing project or projects located within the area of operation of any one or more of said authorities. [1965 c 7 § 35.82.100. Prior: 1939 c 23 § 11; RRS § 6889-11. Formerly RCW 74.24.100.]

35.82.110 Eminent domain. An authority shall have the right to acquire by the exercise of the power of eminent domain any real property which it may deem necessary for its purposes under this chapter after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes. An authority may exercise the power of eminent domain in the same manner and under the same procedure as now is or may be hereafter provided by law in the case of other corporations authorized by the laws of the state to exercise the right of eminent domain; or it may exercise the power of eminent domain in the manner now or which may be hereafter provided by any other applicable statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner: PROVIDED, That no real property belonging to the city, the county, the state or any political subdivision thereof may be acquired without its consent. 35.82.120 Planning, zoning and building laws. All housing projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the housing project is situated. In the planning and location of any housing project, an authority shall take into consideration the relationship of the project to any larger plan or long-range program for the development of the area in which the housing authority functions. 35.82.130 Bonds. An authority shall have power to issue bonds from time to time in its discretion, for any of its corporate purposes. An authority shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. An authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable: (1) Exclusively from the income and revenues of the housing project financed with the proceeds of such bonds; (2) exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds; or (3) from all or part of its revenues or assets generally. Any such bonds may be additionally secured by a pledge of any grant or contributions from the federal government or other source, or a pledge of any income or revenues of the authority, or a mortgage of any housing project, projects or other property of the authority. Any pledge made by the authority shall be valid and binding from the time the pledge is made and recorded; the revenues, moneys, or property so pledged and thereafter received by the authority shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind.

(1994 Ed.)

in tort, contract, or otherwise against the authority, irrespective of whether the parties have notice thereof. The resolution and any other instrument by which a pledge is created shall be filed or recorded.

Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the city, the county, the state or any political subdivision thereof and neither the city or the county, nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of said authority. The bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. Nothing in this section shall prevent an authority from issuing bonds the interest on which is included in gross income of the owners thereof for income tax purposes. [1991 c 167 § 2; 1977 ex.s. c 274 § 5; 1965 c 7 § 35.82.140. Prior: 1939 c 23 § 14; RRS § 6889-14. Formerly RCW 74.24.130.]

35.82.140 Form and sale of bonds. (1) Bonds of an authority shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide.

The bonds may be sold at public or private sale.

In case any of the commissioners or officers of the authority whose signatures appear on any bond or any coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if they had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

In any suit, action or proceedings involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing project of such character and said project shall be conclusively deemed to have been planned, located and constructed in accordance with the purposes and provisions of this chapter.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 65; 1977 ex.s. c 274 § 6; 1970 ex.s. c 56 § 45; 1969 ex.s. c 232 § 22; 1965 c 7 § 35.82.140. Prior: 1939 c 23 § 15; RRS § 6889-15. Formerly RCW 74.24.140.]

35.82.160 Certification by attorney general. Any authority may submit to the attorney general of the state any bonds to be issued hereunder after all proceedings for the issuance of such bonds have been taken. Upon the submission of such proceedings to the attorney general, it shall be the duty of the attorney general to examine into and pass upon the validity of such bonds and the regularity of all proceedings in connection therewith. If such proceedings conform to the provisions of this chapter and are otherwise regular in form and if such bonds when delivered and paid for will constitute binding and legal obligations of the authority enforceable according to the terms thereof, the attorney general shall certify in substance upon the back of each of said bonds that it is issued in accordance with the Constitution and laws of the state of Washington. No funds shall be expended by an authority for a supplemental project except by resolution adopted on notice at a public hearing as provided by chapter 42.32 RCW, supported by formal findings of fact incorporated therein, establishing that:

1. Low-income housing needs within the area of operation of the authority are being or will be adequately met by existing programs; and
2. A surplus of funds will exist after meeting such low-income housing needs.

Expenditures for supplemental projects shall be limited to those funds determined to be surplus.

HOUSING COOPERATION LAW

Sections
35.83.005 Short title. This act may be referred to as the "Housing Cooperation Law." [1965 c 7 § 35.83.005. Prior: 1939 c 24 § 1; RRS § 6889-31.]

35.83.010 Finding and declaration of necessity. It has been found and declared in the housing authorities law that there exist in the state unsafe and insanitary housing conditions and a shortage of safe and sanitary dwelling accommodations for persons of low income; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remedying of these conditions. It is hereby found and declared that the assistance herein provided for the remedying of the conditions set forth in the housing authorities law constitutes a public use and purpose and an essential governmental function for which public moneys may be spent, and other aid given; that it is a proper public purpose for any state public body to aid any housing authority operating within its boundaries or jurisdiction or any housing project located therein, as the state public body derives immediate benefits and advantages from such an authority or project; and that the provisions hereinafter enacted are necessary in the public interest. (9) Incur the entire expense of any public improvements made by such state public body in exercising the powers granted in this chapter;

First class cities, generally: Chapter 35.22 RCW.

35.85.020 Assessment district—Resolution—Hearing—Ordinance ordering improvement. Any such improvement may be initiated by the city council, or other legislative body, by a resolution, declaring its intention to order such improvement, which resolution shall set forth the nature and territorial extent of such proposed improvement, shall specify and describe the boundaries of the proposed improvement district and notify all persons who may desire to object thereto to appear and present such objections at a meeting of the council specified in such resolution and directing the board of public works, or other proper board, officer, or authority of the city, to submit to such council at or prior to the date fixed for such hearing the estimated cost and expense of the improvement, and a statement of the proportionate amount thereof which should be borne by the property within the proposed improvement district, and a statement of the aggregate assessed valuation of the real property exclusive of improvements, within said district, according to the valuation last placed upon it for purposes of general taxation. Such resolution shall be published in at least two consecutive issues of the official newspaper of the city, the date of the first publication to be at least thirty days prior to the date fixed by the resolution for hearing before the council.

Upon such hearing, or upon any adjournment thereof, the council shall have power to amend, change, extend, or contract the boundaries of the proposed improvement district as specified in the resolution, and to consider and determine all matters in relation to the proposed improvement, and, upon the conclusion of the hearing, or any adjournment thereof, shall have power by ordinance to order the improvement to be made and to adopt, fix and establish the boundaries of the improvement district. The action of such council in ordering such improvement, or in abandoning it, and in fixing and establishing the boundaries of the improvement district shall be final and conclusive. Any such ordinance may be passed upon majority vote of the council or other legislative body of the city.

Such ordinance may provide for the construction of the improvement in sections, the letting of separate contracts for
each such section, and, in case the same is made in sections, separate assessment rolls to defray the cost and expense of any such section of such improvement may be prepared, and the amounts thereon appearing as finally determined, may be levied and assessed against real property within the improvement district. The provisions of law, charter and ordinance of any such city, relating to supplemental assessments, reassessments and omitted property shall be applicable to any improvement authorized in this chapter.

The city council, or other legislative body of such city, shall by general ordinance, make provision for hearing any objections in writing, to any assessment roll for such improvement, filed with the city clerk or comptroller at a prior date to the hearing thereon. Any right of appeal to the superior court provided by law to be taken from any local improvement assessment levied and assessed by any such city, may be exercised, within the time and in the manner therein provided, by any person so objecting to any assessment levied and assessed for any improvement authorized in this chapter. Appeal from local improvement district assessments: RCW 35.44.200 through 35.44.270.

35.85.030 Limit of assessment—Lien—Priority. The city council may prescribe by general ordinance, the mode and manner in which the charge upon property in such local improvement district shall be assessed and determined for the purpose of paying the cost and expense of establishing and constructing such improvement: PROVIDED, That no assessment shall be levied on any such district, the aggregate of which is a greater sum than twenty-five percent of the assessed value of all the real property in such district according to the last equalized assessment thereof for general taxation: PROVIDED FURTHER, That there shall be, in all cases, an opportunity for a hearing upon objections to the assessment roll by the parties affected thereby, before the council as a board of equalization, which hearing shall be after publication of a reasonable notice thereof, such notice to be published in such manner and for such time as may be prescribed by ordinance. At such hearing, or at legal adjournments thereof, such changes may be made in the assessment roll as the city council may find necessary to make the same just and equitable. Railroad rights-of-way shall be assessed for such benefits as shall inure or accrue to the owners, lessees, or operators of the same, resulting or to result from the construction and maintenance of any such improvement, whether such rights-of-way lie within the limits of any street or highway or not; such assessment to lie against the franchise rights when such right-of-way is within such street or highway.

When the assessment roll has been finally confirmed by the city council, the charges therein made shall be and become a lien against the property or franchise therein described, paramount to all other liens (except liens for assessments and taxes) upon the property assessed from the time the assessment roll shall be placed in the hands of the collector. [1965 c 7 § 35.85.030. Prior: 1909 ex.s. c 14 § 3; RRS § 9003.]

35.85.040 Operation by city—Leases—Use of income. As a part of the original construction of any improvement herein authorized, or afterward as an alteration or renewal thereof, any such city, notwithstanding any charter provision to the contrary, may, at its own cost, construct, maintain and operate street railway tracks in the roadway thereof, and may provide electric power for the propulsion of cars, and may lease the use of such tracks and power for the operation of street cars or interurban railways; or such city may authorize any operator of the street or interurban railways to construct and furnish such street railway tracks and electric power and use the same for street or interurban purposes, under lease or franchise ordinance: PROVIDED, That no such lease or franchise shall be exclusive, but shall at all times reserve the right to the city to permit other lines of street or interurban railway to use such street railway tracks in common with any preceding lessee or grantee, upon equal terms. The rate of lease or use of such street railway tracks for streets or interurban cars shall be as fixed by the legislative authority of the city, but shall not be less than one mill for each passenger carried, or ten cents for each freight car moved over such improvement. The income from such charges, rental and leasing shall be used wholly for the maintenance, repair and betterment of said improvement and the extinguishment of any debt incurred by the city in constructing it. [1965 c 7 § 35.85.040. Prior: 1909 ex.s. c 14 § 4; RRS § 9004.]

The word "approaches," as used in this section, shall include any arterial highway or highways or streets connecting with any such tunnel or subway which may be necessary to give convenient access thereto or therefrom from any portion of the improvement district which may be specially benefited by such improvement, and which is liable to assessment for such improvement.

Whenever it is desired to pay the whole or any portion of the cost and expense of any such improvement by special assessments, the council or other legislative body of such city shall, in the ordinance ordering such improvement, fix and establish the boundaries of the improvement district, the property in which to bear such assessment, which district shall include as near as may be all the property specially benefited by such improvement. Any bonds issued by such cities pursuant to this section shall be issued in the manner and within the limitations prescribed by the Constitution and the laws of this state.

35.86.045 Operation of parking facilities by cities prohibited, exception—Bid requirements and procedure.

35.86A.010 Declaration. It is hereby determined and declared:

(1) The free circulation of traffic of all kinds through our cities is necessary to the health, safety and general welfare of the public, whether residing in, traveling to or through the cities of this state;

(2) The most efficient use of the street and highway system requires availability of strategically located parking facilities in localities where large numbers of persons congregate;

(3) An expanding suburban population has increased demands for further concentration of uses in central metropolitan areas, necessitating an increasing investment in streets and highways;

(4) Off-street parking is now inadequate, and becomes increasingly an inefficient and uneconomical method for temporary storage of vehicles in commercial, industrial and high-density residential areas, causing such immediate adverse consequences as the following, among others:

(a) Serious traffic congestion from on-street parking, which interferes with use of streets for travel, disrupts public surface transportation at peak hours, impedes rapid and effective fighting of fires and disposition of police forces, slows emergency vehicles, and inflicts hardship upon handicapped persons and others dependent upon private vehicles for transportation;

(b) On-street parking absorbs right-of-way useful and usable for travel;

(c) On-street parking reduces the space available for truck and passenger loading for the abutting properties, hinders ready access, and impedes cleaning of streets;

(d) Inability to temporarily store automobiles has discouraged the public from travel to and within our cities, from congregating at public events, and from using public facilities.

(5) Insufficient off-street parking has had long-range results, as the following, among others:

(a) Metropolitan street and highway systems have lost efficiency and the free circulation of traffic and persons has been impaired;

(b) The growth and development of metropolitan areas has been retarded;

(c) Business, industry, and housing has become unnecessarily and uneconomically dispersed;

(d) Limited and valuable land area is under used.

All of which cause loss of payroll, business and productivity, and property values, with resulting impairment of the public health, safety and welfare, the utility of our streets and highways, and tax revenues;

(6) Establishment of public off-street parking facilities will promote the public health, safety, convenience, and welfare, by:

(a) Expediting the movement of the public, and of goods in metropolitan areas, alleviating traffic congestion, and preserving the large investment in streets and highways;
(b) Permitting a greater use of public facilities, congregation of the public, and more intensive development of private property within the community;

(7) Establishment of public off-street parking is a necessary ancillary to and extension of an efficient street and highway system in metropolitan areas, as much so as a station or terminal is to a railroad or urban transit line;

(8) Public off-street parking facilities, open to the public and owned by a city or town, are and remain a public use and a public function, irrespective of whether:

(a) Parking fees are charged to users;

(b) The management or operation of one or more parking facilities is conducted by a public agency, or under contract or lease by private enterprise; or

(c) A portion of the facilities is used for commercial, store or automobile accessory purposes;

(9) Public parking facilities under the control of a parking commission are appropriately treated differently from other parking facilities of a city. [1969 ex.s. c 204 § 1.]

Severability—1969 ex.s. c 204: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1969 ex.s. c 204 § 15.] This applies to chapter 35.86A RCW and RCW 35.86.020 and 35.86.040.

35.86A.020 Authority of cities of first and second class to establish parking facilities through parking commissions. Cities of the first and second class are authorized and empowered to establish and maintain public off-street parking facilities through a parking commission; the use of property and property rights for such purpose is declared to be a public use; and parking facilities under the control of such parking commission shall be governed by the provisions of this chapter. [1994 c 81 § 64; 1969 ex.s. c 204 § 2.]

35.86A.030 Definitions. (1) "Parking facilities" means lots, garages, parking terminals, buildings and structures and accommodations for parking of motor vehicles off the street or highway, open to public use, with or without charge.

One member of the parking commission shall be selected from among persons actively engaged in the private parking industry, if available.

Three of those first appointed shall be designated to serve for one, two, and three years respectively, and two shall be designated to serve four years. The terms for all subsequently appointed members shall be four years. In event of any vacancy, the mayor, subject to confirmation of the city council, shall make appointments to fill the unexpired portion of the term.

The parking commission shall select from its members a chairman, and may establish its own rules, regulations and procedures not inconsistent with this chapter. (1) Own and acquire property and property rights by purchase, gift, devise, or lease for the construction, maintenance, or operation of off-street parking facilities, or for effectuating the purpose of this chapter; and accept grants-in-aid, including compliance with conditions attached thereto;

(2) Construct, maintain, and operate off-street parking facilities located on land dedicated for park or civic center purposes, or on other municipally-owned land where the primary purpose of such off-street parking facility is to provide parking for persons who use such park or civic center facilities, and undertake research, and prepare plans incidental thereto subject to applicable statutes and charter provisions for municipal purchases, expenditures, and improvements; and in addition may own other off-street parking facilities and operate them in accordance with RCW 35.86A.120: PROVIDED, That the provisions of chapter 35.86 RCW as now or hereafter amended shall not apply to such construction, operation or maintenance;

(3) Establish and collect parking fees, require that receipts be provided for parking fees, make exemption for handicapped persons, lease space for commercial, store, advertising or automobile accessory purposes, and regulate prices and service charges, for use of and within and the aerial space over parking facilities under its control;

(4) Subject to applicable city civil service provisions, provide for the appointment, removal and control of officers and employees, and prescribe their duties and compensation, and to control all equipment and property under the commission's jurisdiction;

its control, and services related thereto, including leasing of

for construction of parking facilities;
(c) The acquisition of property and property rights by

of bonds or other creditors; and
(10) Require payment of the excise tax hereinafter
provided.
Parking fees for parking facilities under the control of
the parking commission shall be maintained commensurate
with and neither higher nor lower than prevailing rates for

shall meet the approval of the planning commission, other
appropriate city planning agency, or city council;
(b) Prepare a report to the city council stating the
proposed method of financing and property acquisition;
(c) Specify the property rights, if any, to be secured
from the public or of property devoted to public use; the
uses of streets necessary therefor, or realignment or vacation

(2) In the event the proposed parking facility shall
require:
(a) Creation of a local improvement district;
(b) Issuance of bonds, allocation or appropriation of
municipal revenues from other sources, or guarantees of or
use of the credit of the municipality;
(c) Exercise of the power of eminent domain; or

One or more public hearings shall be held thereon

be consolidated with any required hearings for street vaca-
tions, or creation of a local improvement district. Pursuant
to such hearing, the city council may:
(1) Create a local improvement district to finance all or
part of the parking facility, in accordance with Title 35
RCW, as now existing or hereinafter amended: PROVIDED,
HOWEVER, That assessments against property within the
district may be measured per lot, per square foot, by property
valuation, or any other method as fairly reflects the spe-
cial benefits derived therefrom, and credit in calculating the
assessment may be allowed for property rights or services
performed;
(2) Provide for issuance of revenue bonds payable from
revenues of the proposed parking facility, from other off-
street parking facilities, on-street meter collections, or
allocations of other sources of funds; issue general obligation
bonds; make reimbursable or nonrefundable appropriations
from the general fund, or reserves; and/or guarantee bonds

combination, and under such terms and conditions as the city
council shall specify;

property rights by eminent domain proceedings, in the
manner authorized by law for cities in Title 8 RCW:
PROVIDED, That the city council shall first determine that
the proposed parking facility will promote the circulation of
traffic or the more convenient or efficient use by the public
of streets or public facilities in the immediate area than
would exist if the proposed parking facility were not
provided, or that the parking facility otherwise enhances the
public health, safety and welfare; and
(4) Authorize and execute the necessary transfer or
control of property rights; vacate or realign streets and alleys
or permit uses within the same; and direct relocation of
street utilities.
In event none of the four above powers need be
exercised, the city council’s approval of construction plans
shall be deemed full authority to construct and complete the
parking facility. [1969 ex.s. c 204 § 8.]

charter provisions to the contrary. [1969 ex.s. c 204 § 9.]

**35.86A.100** Disposition of revenues—Expenditure procedure. All revenues received shall be paid to the municipal treasurer for the credit of the general fund, or such other funds as may be provided by ordinance.

Expenditures of the parking commission shall be made in accordance with the budget adopted by the municipality pursuant to chapter 35.32A RCW. [1969 ex.s. c 204 § 10.]

**35.86A.110** Excise tax to reimburse taxing authorities for loss of property tax revenue. Such cities shall pay to the county treasurer an annual excise tax equal to the amount which would be paid upon real property devoted to the purpose of off-street parking, were it in private ownership. This section shall apply to parking facilities acquired and/or operated under this chapter. The proceeds of such excise tax shall be allocated by the county treasurer to the various taxing authorities in which such property is situated, in the same manner as though the property were in private ownership. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation. If no bid is received for the operation of such an off-street parking facility, or if the bids received are not satisfactory, the legislative body of the city may reject such bids and shall readvertise the facility for lease. In the event that no bids or no satisfactory bids shall have been received following the second advertising, the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section. (2) Mailing a complete copy of the resolution of intention to each business and multifamily residential or mixed-use project in the proposed, or established, area. Publication and mailing shall be completed at least ten days prior to the time of the hearing. [1993 c 429 § 4; 1971 ex.s. c 45 § 5.]

### 35.87A.060 Hearings
Whenever a hearing is held under this chapter, the legislative authority shall hear all protests and receive evidence for or against the proposed action. The legislative authority may continue the hearing from time to time. Proceedings shall terminate if protest is made by businesses and residential operators in the proposed area which would pay a majority of the proposed special assessments. [1993 c 429 § 5; 1971 ex.s. c 45 § 6.]

### 35.87A.070 Change of boundaries
If the legislative authority decides to change the boundaries of the proposed area, the hearing shall be continued to a time at least fifteen days after such decision and notice shall be given as prescribed in RCW 35.87A.050, showing the boundary amendments, but no resolution of intention is required. ### 35.87A.080 Special assessments-Legislative authority may make reasonable classifications—Assessments for separate purposes
For purposes of the special assessments to be imposed pursuant to this chapter, the legislative authority may make a reasonable classification of businesses and multifamily residential or mixed-use projects, giving consideration to various factors such as business and occupation taxes imposed, square footage of the business, number of employees, gross sales, or any other reasonable factor relating to the benefit received, including the degree of benefit received from parking. Whenever it is proposed that a parking and business improvement area provide more than one of the purposes listed in RCW 35.87A.010, special assessments may be imposed in a manner that measures benefit from each of the separate purposes, or any combination of the separate purposes. Special assessments shall be imposed and collected annually, or on another basis specified in the ordinance establishing the parking and business improvement area. [1993 c 429 § 6; 1985 c 128 § 2; 1981 c 279 § 2; 1971 ex.s. c 45 § 8.]

### 35.87A.090 Special assessments—Same basis or rate for classes not required—Factors as to parking facilities
The special assessments need not be imposed on different classes of business and multifamily residential or mixed-use projects, as determined pursuant to RCW 35.87A.080, on the same basis or the same rate. The special assessments imposed for the purpose of the acquisition, construction or maintenance of parking facilities for the benefit of the area shall be imposed on the basis of benefit determined by the legislative authority after giving consideration to the total cost to be recovered from the businesses and multifamily residential or mixed-use projects upon which the special assessment is to be imposed, the total area within the boundaries of the parking and business improvement area, the assessed value of the land and improvements within the area, the total business volume generated within the area and within each business, and such other factors as the legislative authority may find and determine to be a reasonable measure of such benefit. [1993 c 429 § 7; 1971 ex.s. c 45 § 9.]

### 35.87A.100 Ordinance to establish—Adoption—Contents

(6) A statement that a parking and business improvement area has been established.
(7) The uses to which the special assessment revenue shall be put. Uses shall conform to the uses as declared in the initiation petition presented pursuant to RCW 35.87A.030. [1993 c 429 § 8; 1971 ex.s. c 45 § 10.]

### 35.87A.110 Use of revenue—Contracts to administer operation of area
The legislative authority of each city or town or county shall have sole discretion as to how the revenue derived from the special assessments is to be used within the scope of the purposes; however, the legislative authority may appoint existing advisory boards or commissions to make recommendations as to its use, or the legislative authority may create a new advisory board or commission for the purpose.

The legislative authority may contract with a chamber of commerce or other similar business association operating primarily within the boundaries of the legislative authority to administer the operation of a parking and business improvement area, including any funds derived pursuant thereto: PROVIDED, That such administration must comply with all applicable provisions of law including this chapter, with all county, city, or town resolutions and ordinances, and with all regulations lawfully imposed by the state auditor or other state agencies. [1971 ex.s. c 45 § 11.]

### 35.87A.120 Use of assessment proceeds restricted

[1971 ex.s. c 45 § 16.]

*Reviser's note: “RCW 35.87A.150” has been translated from "section 13 of this act," as the reference to section 13, herein codified as RCW 35.87A.130, was apparently erroneous.

Businesses or multifamily residential or mixed-use projects established after the creation of an area within the area may be exempted from the special assessments imposed pursuant to this chapter for a period not exceeding one year from the date they commenced business in the area. [1993 c 429 § 10; 1971 ex.s. c 45 § 17.]

35.87A.180  Disestablishment of area—Hearing. The legislative authority may disestablish an area by ordinance after a hearing before the legislative authority. The legislative authority shall adopt a resolution of intention to disestablish the area at least fifteen days prior to the hearing required by this section. [1971 ex.s. c 45 § 19.]

35.87A.200  Bids required—Monetary amount. The cost of the improvement for the purposes of this chapter shall be aggregate of all amounts to be paid for the labor, materials and equipment on one continuous or inter-related project where work is to be performed simultaneously or in near sequence. Breaking an improvement into small units for the purposes of avoiding the minimum dollar amount prescribed in RCW 35.87A.200 is contrary to public policy and is prohibited. [1971 ex.s. c 45 § 21.]

35.87A.220  Existing laws not affected—Chapter supplemental—Purposes may be accomplished in conjunction with other methods. This chapter providing for parking and business improvement areas shall not be deemed or construed to affect any existing act, or any part thereof, relating to special assessments or other powers of counties, cities and towns, but shall be supplemental thereto and concurrent therewith.

Chapter 35.92  Title 35 RCW: Cities and Towns

35.92.010  Authority to acquire and operate waterworks—Generation of electricity—Classification of services for rates.  A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain and operate waterworks, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service.  Such waterworks may include facilities for the generation of electricity as a byproduct and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity.  Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction.  No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the

shall be made available to the public at least sixty days prior to any public vote on the new combined project.

(3) This act supplements the authority of cities and towns, water districts, and sewer districts and does not restrict or impose limits on any authority such municipal corporations may otherwise have under any laws of this state nor may the authority of such municipal corporations under other laws of this state be construed more narrowly on account of this act.” [1985 c 444 § 7.]

Severability—1985 c 444: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1985 c 444 § 8.]

Validating—1917 c 12: “Whenever any city or town has heretofore issued or authorized to be issued by such vote of its electors as is required by law at any election duly and legally held to vote on such proposition, such utility bonds for the purpose of purchasing, paying for or acquiring any such utility as is described in this act, in every such case such utility bonds are hereby declared to be legal and valid, and such city or town is hereby authorized and empowered to proceed to issue and negotiate such bonds and to continue and conclude proceedings for the purchase or acquisition of such utility, and is hereby given full power to maintain and operate the same within all and every part of such contiguous territory whether incorporated or unincorporated.” [1917 c 12 § 2.]

Validating—1909 c 150: “That in all cases where the qualified voters of any city or town have heretofore, at any election, ratified any plan or system of any public utility mentioned in section 1 of this act, and shall have authorized a general indebtedness of such city or town and the issuance of bonds therefor, or the creation of a special fund or funds out of the revenues of the public utility the plan or system of which was so ratified, and the issuance of bonds or warrants payable only out of such fund or funds; and pursuant to such authorization or ratification a general indebtedness shall have been incurred or authorized to be incurred, and bonds or other obligations issued or contracted to be issued or authorized to be issued, or a special fund or funds shall have been created out of the revenue of any such public utility by pledging or setting aside a fixed proportion of such revenues, or a fixed amount out of and not exceeding a fixed proportion or a fixed amount without regard to any fixed proportion, and bonds or warrants payable either upon the call of such city or town or at a fixed date, but only out of such special fund or funds, issued or contracted to be issued or authorized to be issued, or a contract or contracts for the purchase, construction, acquisition, improvement, betterment, or addition to such public utility entered into; such general indebtedness, bonds or other obligations, contracts, special funds, and bonds or warrants, payable out of such special funds, and all proceedings relating thereto, are hereby ratified, confirmed and validated; and any bonds or other obligations constituting a general indebtedness, or bonds or warrants payable out of such special funds, heretofore so authorized, may be hereafter issued or sold as if all of said proceedings were taken pursuant to and under the authority of this act, and in full compliance therewith.” [1909 c 150 § 5.]

35.92.017 Authority to assist customers in the acquisition of water conservation equipment—Limitations. Any city or town engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the city or town if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the city or town to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

No money or property supplied by any such city for the planning, financing, acquisition, construction, operation, or maintenance of, or addition or improvement to any common facility shall be credited or otherwise applied to the account of any other participant therein, nor shall the undivided share of any city in any common facility be charged, directly or indirectly, with any debt or obligation of any other participant or be subject to any lien as a result thereof. No action in connection with a common facility shall be binding upon any city unless authorized or approved by resolution or ordinance of its governing body.

(5) Any city acting jointly outside the state of Washington, by mutual agreement with any participant under authority of this section, shall not acquire properties owned or operated by any public utility district, by any regulated utility, or by any public utility owned by a municipality without the consent of the utility owning or operating the property, and shall not participate in any condemnation proceeding to acquire such properties. It may also fix, alter, regulate, and control the fares and rates to be charged therefor; and fares or rates may be adjusted or eliminated for any distinguishable class of users including, but not limited to, senior citizens, handicapped persons, and students. Without the payment of any license fee or tax, or the filing of a bond with, or the securing of a permit from, the state, or any department thereof, the city or town may engage in, carry on, and operate the business of transporting and carrying passengers or freight for hire by any method or combination of methods that the legislative authority of any city or town may by ordinance provide, with full authority to regulate and control the use and operation of vehicles or other agencies of transportation used for such business. (b) When in the charter of a city a provision has been adopted authorizing the corporate authorities thereof to provide by ordinance for acquiring, opening, or operating any of such public utilities; or

(c) When in the judgment of the corporate authority, the public health is being endangered by the discharge of raw or untreated sewage into any body of water and the danger to the public health may be abated by the construction and maintenance of a sewage disposal plant.

(2) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary if:

(a) The project or work may produce electricity for sale in excess of present or future needs of the water system;

(b) The city or town does not own or operate an electric utility system;

(c) The work involves an ownership greater than twenty-five percent in a new water supply project combined with an electric generation facility; and

(d) The combined facility has an installed capacity in excess of five megawatts.

(3) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary to make extensions to a public utility which would expand the previous service capacity by fifty percent or more, where such increased service capacity is financed by the issuance of general obligation bonds.

(1) When the voters of a city or town, or the corporate authorities thereof, have adopted a proposition for any public utility and either no general indebtedness has been authorized or the corporate authorities do not desire to incur a general indebtedness, and when the corporate authorities are authorized to exercise any of the powers conferred by this chapter without submitting the proposition to a vote, the corporate authorities may create a special fund for the sole purpose of defraying the cost of the public utility or addition, betterment, or extension thereto, into which special fund they may obligate and bind the city or town to set aside and pay a fixed proportion of the gross revenues of the utility, or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount without regard to any fixed

proportion, and issue and sell bonds or warrants bearing interest at a rate or rates as authorized by the corporate authorities; payable semiannually, executed in such manner and payable at such times and places as the corporate authorities shall determine, but the bonds or warrants and the interest thereon shall be payable only out of the special fund and shall be a lien and charge against payments received from any utility local improvement district assessments pledged to secure such bonds. In creating a special fund, the corporate authorities shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to, and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Rates shall be maintained adequate to service such bonds and to maintain the utility in sound financial condition.

The bonds or warrants and interest thereon issued against any such fund shall be a valid claim of the owner thereof only as against the special fund and its fixed proportion or amount of the revenue pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional provisions and limitations. Each bond or warrant shall state upon its face that it is payable from a special fund, naming it and the ordinance creating it. The bonds and warrants shall be sold in such manner as the corporate authorities shall deem for the best interest of the city or town, and they may provide in any contract for the construction and acquittance of the proposed improvement that payment therefore shall be made only in such bonds and warrants at par value thereof.

When a special fund is created and any such obligation is issued against it, a fixed proportion, or a fixed amount out of and not exceeding such fixed proportion, or a fixed amount without regard to any fixed proportion, of revenue shall be set aside and paid into such fund as provided in the ordinance creating it, and in case the city or town fails to thus set aside and pay such fixed proportion or amount, the owner of any bond or warrant against the fund may bring action against the city or town and compel such setting aside and payment: PROVIDED, That whenever the corporate authorities of any city or town shall so provide by ordinance then all such bonds thereafter issued shall be on a parity, without regard to date of issuance or authorization and without preference or priority of right or lien with respect to participation of special funds in amounts from gross revenues for payment thereof.

(2) Notwithstanding subsection (1) of this section, such bonds and warrants may be issued and sold in accordance with chapter 39.46 RCW. (1) Such funding or refunding bonds, together with the interest thereon, issued against the special fund shall be a valid claim of the owner thereof only as against such fund, and the amount of the revenue of the utility pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional or statutory provisions and limitations. They shall be sold in such manner as the corporate authorities shall deem for the best interest of the municipality. The effective rate of interest on the bonds shall not exceed the effective rate of interest on warrants or bonds to be funded or refunded thereby. Interest on the bonds shall be paid semiannually. Any city or town and any public utility district cooperating under the provisions of RCW 35.92.280 through 35.92.310 may, without an election or other proceedings under any existing law, contribute money and property, both real and personal, to any joint undertaking pursuant hereto, and may issue and sell revenue bonds to pay its respective share of the costs of acquisition and construction of such electric utility properties. Such bonds shall be issued under the provisions of applicable laws authorizing the issuance of revenue bonds for the acquisition and construction of electric public utility properties by cities, towns and public utility districts, as the case may be. [1965 c 7 § 35.92.300. Prior: 1957 c 287 § 3. Formerly RCW 80.40.300.]

35.92.310 Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—Authority granted is additional power. The authority and power granted by RCW 35.92.280 through 35.92.310 is an additional grant of power to cities, towns, and public utility districts to acquire and operate electric public utilities, and the provisions hereof shall be construed liberally to effectuate the authority herein conferred, and no restriction or limitation prescribed in any other law shall prohibit the cities, towns and public utility districts of this state from exercising the authority herein conferred: PROVIDED, That nothing in RCW 35.92.280 through 35.92.310 shall authorize any public utility district or city cooperating under the provisions of RCW 35.92.280 through 35.92.310 to condemn any property owned or operated by any privately owned utility. [1965 c 7 § 35.92.310. Prior: 1957 c 287 § 4. Formerly RCW 80.40.310.]

35.92.350 Electrical construction or improvement—Bid proposals—Contract proposal forms—Conditions for issuance—Refusal—Appeal. Any city or town owning an electrical utility shall require that bid proposals upon any electrical construction or improvement shall be made upon contract proposal form supplied by the governing authority of such utility, and in no other manner. The governing authority shall, before furnishing any person, firm or corporation desiring to bid upon any electrical work with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing electrical work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the governing authority may require. Whenever the governing authority is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the governing authority determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

1. Adequate financial resources, or the ability to secure such resources;
2. The necessary experience, organization, and technical qualifications to perform the proposed contract;
3. The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
4. A satisfactory record of performance, integrity, judgment, and skills; and
5. Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

Such refusal shall be conclusive unless appeal therefrom to the superior court of the county where the utility district is situated or Thurston county be taken within fifteen days, which appeal shall be heard summarily within ten days after the same is taken and on five days' notice thereof to the governing authority of the utility. [1971 ex.s. c 220 § 1.]

35.92.355 Energy conservation—Legislative findings. The conservation of energy in all forms and by every possible means is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, quasi municipal corporations, and other political subdivisions of the state which are engaged in the generation, sale, or distribution of energy should be granted the authority to develop and carry out programs which will conserve resources, reduce waste, and encourage more efficient use of energy by consumers.

In order to establish the most effective state-wide program for energy conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy. The use of appropriate tree plantings for energy conservation is encouraged as part of these programs. [1993 c 204 § 5; 1979 ex.s. c 239 § 1.]

Findings—1993 c 204: See note following RCW 35.92.390.

Effective date—Contingency—1979 ex.s. c 239: See note following RCW 35.92.360.
35.92.360  Energy conservation plan—Financing authorized for energy conservation projects in structures or equipment—Limitations. Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. Except where otherwise authorized, such assistance shall be limited to:

1. Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

2. Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

3. Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation; and

4. Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [1989 c 268 § 1; 1979 ex.s. c 239 § 2.]

Effective date—Contingency—1979 ex.s. c 239: "This 1979 act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of energy, is validly submitted and is approved and ratified by the voters at a general election held in November, 1979. If the proposed amendment is not so approved and ratified, this 1979 act shall be null and void in its entirety." [1979 ex.s. c 239 § 4.] The referenced constitutional amendment (1979 Substitute Senate Joint Resolution No. 120) was approved by the voters on November 6, 1979. See Article VIII, section 10 of the state Constitution.

35.92.370  Lease of real property under electrical transmission lines for private gardening purposes. A city or town owning facilities for the purpose of furnishing the city or town and its inhabitants with electricity may lease for private gardening purposes the real property under its electrical transmission and distribution lines for a nominal rent to any person who has an income of less than ten thousand dollars per year. [1981 c 100 § 1.]

35.92.380  Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons. Whenever a city or town waives or delays collection of tap-in charges, connection fees, or hookup fees for low income persons, or class of low income persons, to connect to lines or pipes used by the city or town to provide utility service, the waiver or delay shall be pursuant to a program established by ordinance. As used in this section, the provision of "utility service" includes, but is not limited to, water, sanitary or storm sewer service, electricity, gas, other means of power, and heat. [1980 c 150 § 1.]

35.92.390  Municipal utilities encouraged to provide customers with landscaping information and to request voluntary donations for urban forestry. (1) Municipal utilities under this chapter are encouraged to provide information to their customers regarding landscaping that includes tree planting for energy conservation.

(2) Municipal utilities under this chapter are encouraged to request voluntary donations from their customers for the purposes of urban forestry. The request may be in the form of a check-off on the billing statement or other form of request for a voluntary donation. [1993 c 204 § 2.]

Findings—1993 c 204: "The legislature finds that large-scale reduction of tree cover increases the temperature of urban areas, known as the "heat island effect." Planting trees in urban areas for shading and cooling mitigates the urban heat island effect and reduces energy consumption. Tree planting also can benefit the environment by combating global climate change, reducing soil erosion, and improving air quality. Urban forestry programs can improve urban aesthetics that will improve public and private property values.

The legislature also finds that urban forestry programs should consider the relationship between urban forests and public service facilities such as water, sewer, natural gas, telephone, and electric power lines. Urban forestry programs should promote the use of appropriate tree species that will not interfere with or cause damage to such public service facilities." [1993 c 204 § 1.]

35.94.020 Procedure. The legislative authority of the city, if it deems it advisable to lease or sell the works, plant, or system, or any part thereof, shall adopt a resolution stating whether it desires to lease or sell. If it desires to lease, the resolution shall state the general terms and conditions of the lease, but not the rent. If it desires to sell the general terms of sale shall be stated, but not the price. The resolution shall direct the city clerk, or other proper official, to publish the resolution not less than once a week for four weeks in the official newspaper of the city, together with a notice calling for sealed bids to be filed with the clerk or other proper official not later than a certain time, accompanied by a certified check payable to the order of the city, for such amount as the resolution shall require, or a deposit of a like sum in money. Each bid shall state that the bidder agrees that if his bid is accepted and he fails to comply therewith within the time hereinafter specified, the check or deposit shall be forfeited to the city. If bids for a lease are called for, bidders shall bid the amount to be paid as the rent for each year of the term of the lease. If bids for a sale are called for, the bids shall state the price offered. The legislative authority of the city may reject any or all bids and accept any bid which it deems best. At the first meeting of the legislative authority of the city held after the expiration of the time fixed for receiving bids, or at some later meeting, the bids shall be considered. In order for the legislative authority to declare it advisable to accept any bid it shall be necessary for two-thirds of all the members elected to the legislative authority to vote in favor of a resolution making the declaration. If the resolution is adopted it shall be necessary, in order that the bid be accepted, to enact an ordinance accepting it and directing the execution of a lease or conveyance by the mayor and city clerk or other proper official. The ordinance shall not take effect until it has been submitted to the voters of the city for their approval or rejection at the next general election or at a special election called for that purpose, and a majority of the voters voting thereon have approved it. If approved it shall take effect as soon as the result of the vote is proclaimed by the mayor. If it is so submitted and fails of approval, it shall be rejected and annulled. The mayor shall proclaim the vote as soon as it is properly certified. [1985 c 469 § 40; 1965 c 7 § 35.94.020. Prior: 1917 c 137 § 2; RRS § 9513. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. 35.94.030 Execution of lease or conveyance. Upon the taking effect of the ordinance the mayor and the city clerk or other proper official shall execute, in the name and on behalf of the city, the lease or conveyance directed thereby. The lessee or grantee shall accept and execute the instrument within ten days after notice of its execution by the city or forfeit to the city, the amount of the check or deposit accompanying his bid: PROVIDED, That if litigation in good faith is instituted within ten days to determine the rights of the parties, no forfeiture shall take place unless the lessee or grantee fails for five days after the termination of the litigation in favor of the city to accept and execute the lease or conveyance. 35.94.040 Lease or sale of land or property originally acquired for public utility purposes. Whenever a city shall determine, by resolution of its legislative authority, that any lands, property, or equipment originally acquired for public utility purposes is surplus to the city's needs and is not required for providing continued public utility service, then such legislative authority by resolution and after a public hearing may cause such lands, property, or equipment to be leased, sold, or conveyed. Such resolution shall state the fair market value or the rent or consideration to be paid and such other terms and conditions for such disposition as the legislative authority deems to be in the best public interest.

The provisions of RCW 35.94.020 and 35.94.030 shall not apply to dispositions authorized by this section. [1973 1st ex.s. c 95 § 1.]

35.94.050 Application of chapter to certain service provider agreements under chapter 70.150 RCW. Public transportation systems: RCW 35.58.272 through 35.58.2794.

35.95.010 Declaration of intent and purpose. We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the urban areas of the state of Washington, as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.
All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to protect the health and welfare of the residents of such municipalities and the public in general.

We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this chapter is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used. [1969 ex.s. c 255 § 1; 1965 ex.s. c 111 § 1.]

Counties, conversion of overhead electric and communication facilities to underground facilities: RCW 36.88.410 through 36.88.480.

Local improvements for underground utilities transmission lines: RCW 35.43.040(12).

35.96.010 Declaration of public interest and purpose. It is hereby found and declared that the conversion of overhead electric and communication facilities to underground facilities is substantially beneficial to the public safety and welfare, is in the public interest and is a public purpose, notwithstanding any resulting incidental private benefit to any electric or communication utility affected by such conversion. [1967 c 119 § 2.]

35.96.020 Definitions. As used in this chapter, unless specifically defined otherwise, or unless the context indicates otherwise:

"Conversion area" means that area in which existing overhead electric and communication facilities are to be converted to underground facilities pursuant to the provisions of this chapter.

"Electric utility" means any publicly or privately owned utility engaged in the business of furnishing electric energy to the public in all or part of the conversion area and includes electrical companies as defined by RCW 80.04.010 and public utility districts.

"Communication utility" means any utility engaged in the business of affording telephonic, telegraphic, cable television or other communication service to the public in all or part of the conversion area and includes telephone companies and telegraph companies as defined by RCW 80.04.010. [1967 c 119 § 3.]

35.96.030 Conversion of electric and communication facilities to underground facilities authorized—Local improvement districts—Special assessments. Every city or town shall have the power to convert existing overhead electric and communication facilities to underground facilities pursuant to RCW 35.43.190 where such facilities are owned or operated by the city or town. Where such facilities are not so owned or operated, every city or town shall have the power to contract with electric and communication utilities, as hereinafter provided, for the conversion of existing overhead electric and communication facilities to underground facilities. To provide funds to pay the whole or any part of the cost of any such conversion, either where the existing overhead electric and communication facilities are owned or operated by the city or town or where they are not so owned or operated, every city or town shall have the power to create local improvement districts and to levy and collect special assessments against the real property specially benefited by such conversion. For the purpose of ascertaining the amount to be assessed against each lot or parcel of land within any local improvement district established pursuant to this chapter, in addition to other methods provided by law for apportioning special benefits, the legisla-
tive authority of any city or town may apportion all or part of the special benefits accruing on a square footage basis or on a per lot basis. [1967 c 119 § 4.]

35.96.040 Contracts for conversion—Authorized—Provisions. Every city or town shall have the power to contract with electric and communication utilities for the conversion of existing overhead electric and communication facilities to underground facilities including all work incidental to such conversion. Such contracts may include, among other provisions, any of the following:

1. For the supplying and approval by electric and communication utilities of plans and specifications for such conversion;
2. For the payment to the electric and communication utilities for any work performed or services rendered by it in connection with the conversion project;
3. For the payment to the electric and communication utilities for the value of the overhead facilities removed pursuant to the conversion;
4. For ownership of the underground facilities by the electric and communication utilities. [1967 c 119 § 5.]

35.96.050 Notice to owners to convert service lines to underground—Objections—Hearing—Time limitation for conversion. When service from the underground electric and communication facilities is available in all or part of a conversion area, the city or town shall mail a notice to the owners of all structures or improvements served from the existing overhead facilities in the area, which notice shall state that:

1. Service from the underground facilities is available;
2. All electric and communication service lines from the existing overhead facilities within the area to any structure or improvement must be disconnected and removed within ninety days after the date of the mailing of the notice;
3. Should such owner fail to convert such service lines from overhead to underground within ninety days after the date of the mailing of the notice, the city or town will order the electric and communication utilities to disconnect and remove the service lines;
4. Should the owner object to the disconnection and removal of the service lines he may file his written objections thereto with the city or town clerk within thirty days after the date of the mailing of the notice and failure to so object within such time will constitute a waiver of his right thereafter to object to such disconnection and removal.

If the owner of any structure or improvement served from the existing overhead electric and communication facilities within a conversion area shall fail to convert to underground the service lines from such overhead facilities to such structure or improvement within ninety days after the mailing to him of the notice, the city or town shall order the electric and communication utilities to disconnect and remove all such service lines: PROVIDED, That if the owner has filed his written objections to such disconnection and removal with the city or town clerk within thirty days after the mailing of the notice then the city or town shall not order such disconnection and removal until after the hearing on such objections.

Upon the timely filing by the owner of objections to the disconnection and removal of the service lines, the legislative authority of such city or town, or a committee thereof, shall conduct a hearing to determine whether the removal of all or any part of the service lines is in the public benefit. The hearing shall be held at such time as the legislative authority of such city or town may establish for hearings on the objections and shall be held in accordance with the regularly established procedure set by the legislative authority of the city or town. If the hearing is before a committee, the committee shall following the hearing report its recommendation to the legislative authority of the city or town for final action. [1967 c 119 § 8.]

35.96.080 Authority granted deemed alternative and additional. The authority granted by this chapter shall be considered an alternative and additional method for converting existing overhead electric and communication facilities to underground facilities, and for paying all or part of the cost thereof, and shall not be construed as a restriction or limitation upon any other authority for or method of converting such facilities or placing such facilities underground or paying all or part of the cost thereof, including, but not limited to, existing authority or methods under chapter 35.43 RCW and chapter 35.44 RCW. [1967 c 119 § 10.]

(1) "Biomass energy system" means a system that provides for the production or collection of organic materials such as wood and agricultural residues and municipal solid waste that are primarily organic materials and the conversion or use of that material for the production of heat or substitute fuels through several processes including, but not limited to, burning, pyrolysis, or anaerobic digestion.

(2) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source.

(3) "Cogeneration facility" means any machinery, equipment, structure, process, or property or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation.

(4) "Geothermal heat" means the natural thermal energy of the earth.

(5) "Waste heat" means the thermal energy which otherwise would be released to the environment from an industrial process, electric generation, or other process.

(6) "Heat" means thermal energy.

(7) "Heat source" includes but is not limited to (a) any integral part of a heat production or heat rejection system of an industrial facility, cogeneration facility, or electric power generation facility, (b) geothermal well or spring, (c) biomass energy system, (d) solar collection facility, and (e) hydrothermal resource or heat extraction process.

(8) "Municipality" means a county, city, town, irrigation district which distributes electricity, sewer district, water district, port district, or metropolitan municipal corporation.

(9) "Heating facilities or heating systems" means all real and personal property, or interests therein, necessary or useful for: (a) The acquisition, production, or extraction of heat; (b) the storage of heat; (c) the distribution of heat from its source to the place of utilization; (d) the extraction of heat at the place of utilization from the medium by which the heat is distributed; (e) the distribution of heat at the place of utilization; and (f) the conservation of heat.

(1) Counties, cities, towns, irrigation districts which distribute electricity, sewer districts, water districts, port districts, and metropolitan municipal corporations are authorized pursuant to this chapter to establish heating systems and supply heating services from Washington's heat sources.

(2) Nothing in this chapter authorizes any municipality to generate, transmit, distribute, or sell electricity. [1989 c 11 § 7; 1987 c 522 § 3; 1983 c 216 § 1.]

Severability—1989 c 11: See note following RCW 9A.56.220.

35.97.030 Heating systems—General powers of municipalities. A municipality may construct, purchase, acquire, add to, extend, maintain, and operate a system of heating facilities, within or without its limits, for the purpose of supplying its inhabitants and other persons with heat, with full power to regulate and control the use, distribution, and price of supplying heat, and to enter into agreements for the maintenance and operation of heating facilities under terms and conditions determined by the legislative authority of the municipality. The provision of heat and heating facilities and the establishment and operation of heating systems by a municipality under this chapter are hereby declared to be a public use and a public and strictly municipal purpose. However, nothing in this chapter shall be construed to restrain or limit the authority of any individual, partnership, corporation, or private utility from establishing and operating heating systems. [1983 c 216 § 3.]

35.97.040 Heating systems—Specific powers of municipalities. In addition to the general powers under RCW 35.97.030, and not by way of limitation, municipalities have the following specific powers:

(1) The usual powers of a corporation, to be exercised for public purposes;

(2) To acquire by purchase, gift, or condemnation property or interests in property within and without the municipality, necessary for the construction and operation of heating systems, including additions and extensions of heating systems. No municipality may acquire any heat source by condemnation. To the extent judged economically feasible by the municipality, public property and rights of way shall be utilized in lieu of private property acquired by condemnation. The municipality shall determine in cooperation with existing users that addition of district heating facilities to any public property or rights of way shall not be a hazard or interference with existing uses or, if so, that the cost for any relocation of facilities of existing users shall be a cost and expense of installing the heating facility;

(3) To acquire, install, add to, maintain, and operate heating facilities at a heat source or to serve particular consumers of heat, whether such facilities are located on property owned by the municipality, by the consumer of heat, or otherwise;

(4) To sell, lease, or otherwise dispose of heating facilities;

(5) To contract for the operation of heating facilities;
(6) To apply and qualify for and receive any private or federal grants, loans, or other funds available for carrying out the objects of the municipality under this chapter;

(7) Full and exclusive authority to sell and regulate and control the use, distribution, rates, service, charges, and price of all heat supplied by the municipality and to carry out any other powers and duties under this chapter free from the jurisdiction and control of the utilities and transportation commission;

(8) To utilize fuels other than the heat sources described in RCW 35.97.020 on a standby basis, to meet start up and emergency requirements, to meet peak demands, or to supplement those heat sources as necessary to provide a reliable and economically feasible supply of heat;

(9) To the extent permitted by the state Constitution, to make loans for the purpose of enabling suppliers or consumers of heat to finance heating facilities;

(10) To enter into cooperative agreements providing for the acquisition, construction, ownership, financing, use, control, and regulation of heating systems and heating facilities by more than one municipality or by one or more municipalities on behalf of other municipalities. [1983 c 216 § 4.]

### 35.97.050 Heating systems—Authorized by legislative authority of municipality—Competitive bidding.

If the legislative authority of a municipality deems it advisable that the municipality purchase, acquire, or construct a heating system, or make any additions or extensions to a heating system, the legislative authority shall so provide by an ordinance or a resolution specifying and adopting the system or plan proposed, declaring the estimated cost thereof, as near as may be, and specifying the method of financing and source of funds. Any construction, alteration, or improvement of a heating system by any county, city, town, irrigation district, water district, sewer district, or port district shall be in compliance with the appropriate competitive bidding requirements in Titles 35, 36, 53, 56, 57, or 87 RCW. [1983 c 216 § 5.]

### 35.97.060 Municipality may impose rates and charges—Classification of customers.

A municipality may impose rates, charges, or rentals for heat, service, and facilities provided to customers of the system if the rates charged are uniform for the same class of customers or service. In classifying customers served or service furnished, the legislative authority may consider: The difference in cost of service to the various customers; location of the various customers within or without the municipality; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the heat furnished; the time heat is used; the demand on the system; capital contributions made to the system including, but not limited to, assessments or the amount of capital facilities provided for use by the customer; and any other matters which present a reasonable difference as a ground for distinction. [1983 c 216 § 6.]

### 35.97.070 Municipality may shut off heat for nonpayment—Late payment charges authorized.

If prompt payment of a heating rate, charge, or rental is not made, a municipality after reasonable notice may shut off the heating supply to the building, place, or premises to which the municipality supplied the heating. A municipality may also make an additional charge for late payment. [1983 c 216 § 7.]

### 35.97.080 Connection charges authorized.

A municipality may charge property owners seeking to connect to the heating system, as a condition to granting the right to connect and in addition to the cost of the connection, such reasonable connection charge as the legislative authority determines to be proper in order that the property owners bear their pro rata share of the cost of the system. Potential customers shall not be compelled to subscribe or connect to the heating system. The cost of connection to the system shall include the cost of acquisition and installation of heating facilities necessary or useful for the connection, including any heating facilities located or installed on the property being served. Connection charges may, in the discretion of the municipality, be made payable in installments over a period of not more than thirty years or the estimated life of the facilities installed, whichever is less. Installments, if any, shall bear interest and penalties at such rates and be payable at such times and in such manner as the legislative authority of the municipality may provide. [1983 c 216 § 8.]

### 35.97.090 Local improvement district—Assessments—Bonds and warrants.

For the purpose of paying all or a portion of the cost of heating facilities, a municipality may form local improvement districts or utility local improvement districts, foreclose on, levy, and collect assessments, reassessments, and supplemental assessments; and issue local improvement district bonds and warrants in the manner provided by law for cities or towns. [1983 c 216 § 9.]

### 35.97.100 Special funds authorized.

For the purpose of providing funds for defraying all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers in RCW 35.97.030 and 35.97.040, a municipality may authorize, by ordinance or resolution, the creation of a special fund or funds into which the municipality shall be obligated to set aside and pay all or any designated proportion or amount of any or all revenues derived from the heating system, including any utility local improvement district assessments, any grants received to pay the cost of the heating system, and any municipal license fees specified in the ordinance or resolution creating such special fund. [1983 c 216 § 10.]

### 35.97.110 Revenue bonds—Form, terms, etc.

If the legislative authority of a municipality deems it advisable to finance all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, and extension of a heating system, or for the implementation of the powers in...
Revenue warrants. Revenue warrants may be issued and such warrants and interest thereon may be payable out of the special fund or refunded through the proceeds of the sale of refunding revenue warrants or revenue bonds. Every revenue warrant and the interest thereon issued against the special fund is a valid claim of the owner thereof only as against that fund and the amount of revenue pledged to the fund, and does not constitute an indebtedness of the authorized municipality. Every revenue warrant shall state on its face that it is payable from a special fund, naming it and the ordinance or resolution creating it. [1983 c 216 § 12.]

Revenue bonds and warrants—Holder may enforce. If a municipality fails to set aside and pay into the special fund created for the payment of revenue bonds and warrants the amount which it has obligated itself in the ordinance or resolution creating the fund to set aside and pay therein, the holder of any bond or warrant issued against the bond may bring suit against the municipality to compel it to do so. [1983 c 216 § 13.]

Severability—1983 c 216. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 216 § 15.]

The purpose and policy of this title is to confer upon two optional classes of cities created hereby the broadest powers of local self-government consistent with the Constitution of this state. Any specific enumeration of municipal powers contained in this title or in any other general law shall not be construed in any way to limit the general description of power contained in this title, and any
such specifically enumerated powers shall be construed as in
addition and supplementary to the powers conferred in
general terms by this title. All grants of municipal power to
municipalities electing to be governed under the provisions
of this title, whether the grant is in specific terms or in
general terms, shall be liberally construed in favor of the
municipality. [1967 ex.s. c 119 § 35A.01.010.]

35A.01.020 Noncharter code city. A noncharter code
city is one, regardless of population, which has initially
incorporated as a noncharter code city, subject to the
provisions of this title, or is an incorporated municipality
which has elected, under the procedure prescribed in this
title, to be classified as a noncharter code city and to be
governed according to the provisions of this title under one
of the optional forms of government provided for noncharter
code cities. [1967 ex.s. c 119 § 35A.01.020.]

35A.01.040 Sufficiency of petition. Wherever in this
title petitions are required to be signed and filed, the follow­
ing rules shall govern the sufficiency thereof:
(1) A petition may include any page or group of pages
containing an identical text or prayer intended by the
circulators, signers or sponsors to be presented and con­
sidered as one petition and containing the following essential
elements when applicable, except that the elements referred
to in subdivisions (d) and (e) hereof are essential for
petitions referring or initiating legislative matters to the
voters, but are directory as to other petitions:
(a) The text or prayer of the petition which shall be a
concise statement of the action or relief sought by petition­
ers;
(b) If the petition initiates or refers an ordinance, a true
copy thereof;
(c) If the petition seeks the annexation, incorporation,
withdrawal, or reduction of an area for any purpose, an
accurate legal description of the area proposed for such
action;
(d) Numbered lines for signatures with space provided
beside each signature for the date of signing and the address
of the signer;
(e) The warning statement prescribed in subsection (2)
of this section.
(2) Petitions shall be printed or typed on single sheets
of white paper of good quality and each sheet of petition
paper having a space thereon for signatures shall contain the
text or prayer of the petition and the following warning:

WARNING

Every person who signs this petition with any other
than his true name, or who knowingly signs more
than one of these petitions, or signs a petition
seeking an election when he is not a legal voter, or
signs a petition when he is otherwise not qualified
to sign, or who makes herein any false statement,
shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible
pencil and shall be followed by the date of signing and the
address of the signer.
(3) The term "signer" means any person who signs his
own name to the petition.
(4) To be sufficient a petition must contain valid
signatures of qualified electors or property owners, as the
case may be, in the number required by the applicable
statute or ordinance. Within three working days after the
filing of a petition, the officer or officers whose duty it is to
determine the sufficiency of the petition shall proceed to
make such a determination with reasonable promptness and
shall file with the officer receiving the petition for filing a
certificate stating the date upon which such determination
was begun, which date shall be referred to as the terminal
date. Additional pages of one or more signatures may be
added to the petition by filing the same with the appropriate
filing officer prior to such terminal date. Any signer of a
filed petition may withdraw his or her signature by a written
request for withdrawal filed with the receiving officer prior
to such terminal date. Such written request shall so suffi­
ciently describe the petition as to make identification of the
person and the petition certain. The name of any person
seeking to withdraw shall be signed exactly the same as

the petition if the surname and handwriting are the same.
(7) Signatures, including the original, of any person who
has signed a petition two or more times shall be stricken.
(8) Signatures followed by a date of signing which is
more than six months prior to the date of filing of the
petition shall be stricken.
(9) When petitions are required to be signed by the
owners of property, the following shall apply:
(a) The signature of a record owner, as determined by
the records of the county auditor, shall be sufficient without
the signature of his or her spouse;
(b) In the case of mortgaged property, the signature of
the mortgagor shall be sufficient, without the signature of his
or her spouse;
(c) In the case of property purchased on contract, the
signature of the contract purchaser, as shown by the records
of the county auditor, shall be deemed sufficient, without the
signature of his or her spouse;
(d) Any officer of a corporation owning land within the area involved who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign on behalf of such corporation, and shall attach to the petition a certified excerpt from the bylaws of such corporation showing such authority;

(e) When property stands in the name of a deceased person or any person for whom a guardian has been appointed, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property. [1985 c 281 § 26; 1967 ex.s. c 119 § 35A.01.040.]

35A.01.050 The general law. For the purposes of this optional municipal code, "the general law" means any provision of state law, not inconsistent with this title, enacted before or after the enactment of this title, which is by its terms applicable or available to all cities or towns. Except when expressly provided to the contrary, whenever in this optional municipal code reference is made to "the general law", or to specific provisions of the Revised Code of Washington, it shall mean "the general law, or such specific provisions of the Revised Code of Washington as now enacted or as the same may hereafter be amended". [1967 ex.s. c 119 § 35A.01.050.]

35A.01.060 Optional municipal code—This title. [1967 ex.s. c 119 § 35A.01.060.]

35A.01.070 Definitions—Change of plan or classification of municipal government. Where used in this title with reference to procedures established by this title in regard to a change of plan or classification of government, unless a different meaning is plainly required by the context:

(1) "Classify" means a change from a city of the first or second class, an unclassified city, or a town, to a code city.

(2) "Classification" means either that portion of the general law under which a city or a town operates under Title 35 RCW as a first or second class city, an unclassified city, or a town, or otherwise as a code city.

A city or town shall not be deemed to have reorganized simply by increasing or decreasing the number of members of its legislative body.

(9) "Reorganization" means a change in general plan of government where an election of all new officers is required in order to accomplish this change, but an increase or decrease in the number of members of its legislative body shall not be deemed to constitute a reorganization. Incorporation subject to approval by boundary review board: RCW 36.93.090.

35A.02.010 Adoption of noncharter code city classification authorized. Any incorporated city or town may become a noncharter code city in accordance with, and be governed by, the provisions of this title relating to
35A.02.010 Title 35A RCW: Optional Municipal Code

noncharter code cities and may select one of the plans of government authorized by this title. A city or town adopting and organizing under the optional municipal code shall not be deemed to have reorganized and to have abandoned its existing general plan of government, upon changing classification and becoming a noncharter code city, solely because organizing under a plan of government authorized in this title changes the number of elective offices or changes the terms thereof, or because an office becomes appointive rather than elective, or because that city or town has come under the optional municipal code, or because of any combination of these factors. [1979 ex.s. c 18 § 2; 1967 ex.s. c 119 § 35A.02.010.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.020 Petition method—Direct. When a petition is filed, signed by registered voters of an incorporated city or town, in number equal to not less than fifty percent of the votes cast at the last general municipal election, seeking the adoption by the city or town of the classification of noncharter code city, either under its existing authorized plan of government or naming one of the plans of government authorized for noncharter code cities, the county auditor shall promptly proceed to determine the sufficiency of the petition under the rules set forth in RCW 35A.01.040. If the petition is found to be sufficient, the county auditor shall file with the legislative body a certificate of sufficiency of the petition. Thereupon the legislative body of such city or town shall, by resolution, declare that the inhabitants of the city or town have decided to adopt the classification of noncharter code city and to be governed under the provisions of this title. If a prayer for reorganization is included in the petition such resolution shall also declare that the inhabitants of the city or town have decided to reorganize under the plan of government specified in the petition. The legislative body shall cause such resolution to be published at least once in a newspaper of general circulation within the city or town not later than ten days after the passage of the resolution. Upon the expiration of the ninetieth day from, but excluding the date of, first publication of the resolution, if no timely and sufficient referendum petition has been filed pursuant to RCW 35A.02.025, as now or hereafter amended, as determined by RCW 35A.29.170, the legislative body at its next regular meeting shall effect the decision of the inhabitants, as expressed in the petition, by passage of an ordinance adopting for the city the classification of noncharter code city, and if the petition also sought governmental reorganization by adoption of one of the plans of government authorized for noncharter code cities involving a different general plan of government from that under which the city is operating, then the legislative body shall provide at that time for such reorganization by ordinance and for election of all new officers pursuant to RCW 35A.02.050, as now or hereafter amended. [1990 c 259 § 2; 1979 ex.s. c 18 § 3; 1967 ex.s. c 119 § 35A.02.020.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.025 Referendum. Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170 signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general municipal election, such resolution as authorized by RCW 35A.02.020 shall be referred to the voters for confirmation or rejection in the next general municipal election if one is to be held within one hundred and eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29.13.020. [1979 ex.s. c 18 § 4; 1967 ex.s. c 119 § 35A.02.025.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.030 Resolution method. When a majority of the legislative body of an incorporated city or town determines that it would serve the best interests and general welfare of such municipality to change the classification of such city or town to that of noncharter code city, such legislative body may, by resolution, declare its intention to adopt for the city or town the classification of noncharter code city. If the legislative body so determines, such resolution may also contain a declaration of intention to reorganize the municipal government under one of the plans of government authorized in this title, naming such plan; but it shall also be lawful for the legislative body of any incorporated city or town which is governed under a plan of government authorized prior to the time this title takes effect to adopt for the city or town the classification of noncharter code city while retaining the same general plan of government under which such city or town is then operating. Within ten days after the passage of the resolution, the legislative body shall cause it to be published at least once in a newspaper of general circulation within the city or town. Upon the expiration of the ninetieth day from, but excluding the date of first publication of the resolution, if no timely and sufficient referendum petition has been filed pursuant to RCW 35A.02.035, as determined by RCW 35A.29.170, the intent expressed in such resolution shall at the next regular meeting of the legislative body be effected by an ordinance adopting for the city or town the classification of noncharter code city; and, if the resolution includes a declaration of intention to reorganize, the legislative body shall provide at that time for such reorganization by ordinance. [1979 ex.s. c 18 § 5; 1967 ex.s. c 119 § 35A.02.030.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.035 Referendum. Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170 signed by qualified electors of an incorporated city or town in number equal to not less than ten percent of the votes cast in the last general municipal election, such resolution shall be referred for approval or rejection by the voters at an election as specified in RCW 35A.02.025. [1967 ex.s. c 119 § 35A.02.035.]

35A.02.040 Certification of ordinance—Transcript of record to secretary of state. When one or more ordinances are passed under RCW 35A.02.020 or 35A.02.030, as now or hereafter amended, the clerk of the city or town shall forward to the secretary of state a certified copy of any such ordinance. Upon the filing in the office of the secretary of state of a certified copy of an ordinance adopting the classification of noncharter code city, such city or town shall thereafter be classified as a noncharter code city; except that [Title 35A RCW—page 4]

if there is also filed with the secretary of state a certified copy of an ordinance providing for reorganization of the municipal government of such city or town under a different general plan of government, such reclassification and reorganization shall not be effective until the election, qualification, and assumption of office under RCW 35A.02.050 as now or hereafter amended of at least a quorum of all new officers under the plan of government so adopted. [1979 ex.s. c 18 § 6; 1970 ex.s. c 52 § 1; 1967 ex.s. c 119 § 35A.02.040.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.050 Election of new officers. The first election of officers where required for reorganization under a different general plan of government newly adopted in a manner provided in RCW 35A.02.020, 35A.02.030, 35A.06.030, or 35A.06.060, as now or hereafter amended, shall be at the next general municipal election if one is to be held more than ninety days but not more than one hundred and eighty days after certification of a reorganization ordinance or resolution, or otherwise at a special election to be held for that purpose in accordance with RCW 29.13.020. In the event that the first election of officers is to be held at a general municipal election, such election shall be preceded by a primary election pursuant to RCW 29.21.010 and 29.13.070. In the event that the first election of all officers is to be held at a special election rather than at a general election, and notwithstanding any provisions of any other law to the contrary, such special election shall be preceded by a primary election to be held on a date authorized by RCW 29.13.010, and the persons nominated at that primary election shall be voted upon at the next succeeding special election that is authorized by RCW 29.13.010: PROVIDED, That in the event the ordinances calling for reclassification or reclassification and reorganization under the provisions of Title 35A RCW have been filed with the secretary of state pursuant to RCW 35A.02.040 in an even-numbered year at least ninety days prior to a state general election then the election of new officers shall be concurrent with the state primary and general election and shall be conducted as set forth in general election law.

Upon reorganization, candidates for all offices shall file or be nominated for and successful candidates shall be elected to specific council positions. The initial terms of office for those elected at a first election of all officers shall be as follows: (1) A simple majority of the persons who are elected as councilmembers receiving the greatest numbers of votes and the mayor in a city with a mayor-council plan of government shall be elected to four-year terms of office, if the election is held in an odd-numbered year, or three-year terms of office, if the election is held in an even-numbered year; and (2) the other persons who are elected as councilmembers shall be elected to two-year terms of office, if the election is held in an odd-numbered year, or one-year terms of office, if the election is held in an even-numbered year. The newly elected officials shall take office immediately when they are elected and qualified, but the length of their terms of office shall be calculated from the first day of January in the year following the election. Thereafter, each person elected as a councilmember or mayor in a city with a mayor-council plan of government shall be elected to a four-year term of office. Each councilmember and mayor in a city with a mayor-council plan of government shall serve until a successor is elected and qualified and assumes office as provided in RCW 29.04.170.

The former officers shall, upon the election and qualification of new officers, deliver to the proper officers of the reorganized noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before the reorganization thereof. [1994 c 223 § 25; 1979 ex.s. c 18 § 7; 1971 ex.s. c 251 § 1; 1970 ex.s. c 52 § 2; 1967 ex.s. c 119 § 35A.02.050.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.02.055 Election of new officers—Exception where same general plan of government is retained. Where a city elects to become a noncharter code city under one of the optional plans of government provided in Title 35A RCW for code cities which involves the same general plan of government as that under which the city operated prior to the choice and where with the change in classification the number of councilmanic positions in a city remains the same or increases from five to seven, the procedures for the first election of officers which appear in RCW 35A.02.050 shall not be followed. When membership in a city council remains the same or is increased upon becoming a noncharter code city, the terms of incumbent council members shall not be affected. If the number of council members is increased from five to seven, the city council shall, by majority vote, pursuant to RCW 35A.12.050 and 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term.

A first election of all officers upon a change in classification to a noncharter code city is also not required where the change in classification otherwise retains the same general or specific plan of government and where the change in classification results in a decrease in the number of councilmanic positions in a city.

If the membership in a city council is decreased from seven to five members upon adopting the classification of noncharter code city, this decrease in the number of council members shall be determined in the following manner: The council members shall determine by lot which two councilmanic positions shall be eliminated upon the expiration of their terms of office. The terms of the remaining council members shall not be affected. [1979 ex.s. c 18 § 8.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.060 Petition for election. When a petition which is sufficient under the rules set forth in RCW 35A.01.040 is filed with the legislative body of an incorporated city or town, signed by qualified electors of such municipality in number equal to not less than ten percent of the votes cast at the last general municipal election, seeking adoption by the city or town of the classification of noncharter code city and the reorganization of the city or town under one of the plans of government authorized in this title, the county auditor shall file with the legislative body thereof a certificate of sufficiency of such petition. Thereup-
on, the legislative body shall cause such proposal to be submitted to the voters at the next general municipal election if one is to be held within one hundred eighty days after certification of the sufficiency of the petition, or at a special election to be held for that purpose not less than ninety days nor more than one hundred and eighty days from such certification of sufficiency. Ballot titles for elections under this chapter shall be prepared by the city attorney as provided in §RCW 35A.29.120. [1990 c 259 § 3; 1967 ex.s. c 119 § 35A.02.060.]

*Revisor's note: RCW 35A.29.120 was repealed by 1994 c 223 § 92.

35A.02.070 Resolution for election. The legislative body of an incorporated city or town may, by resolution, submit to the voters in the next general municipal election if one is to be held within one hundred and eighty days after passage of the resolution, or in a special election to be called for that purpose not less than ninety days nor more than one hundred and eighty days after passage of the resolution, a proposal that the city or town adopt the classification of noncharter code city and organize under one of the plans of government authorized in this title, naming such plan. [1967 ex.s. c 119 § 35A.02.070.]

35A.02.080 Election of officers upon approval of plan of government by voters. If the majority of votes cast at an election for organization under a plan provided in this title favor the plan, the city or town shall elect in accordance with RCW 35A.02.050 the officers for the positions created. The former officers of the municipality shall, upon the election and qualification of the new officers, deliver to the proper officers of the new noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before reorganization. [1971 ex.s. c 251 § 2; 1967 ex.s. c 119 § 35A.02.080.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.02.090 Alternative plan of government. Proposals for each of the plans of government authorized by this title may be placed on the ballots in the same election by timely petition as provided in this chapter. When the ballot contains alternative proposals for each of the plans of government the ballot shall clearly state that voters may vote for only one of the plans of government. [1971 ex.s. c 251 § 3; 1967 ex.s. c 119 § 35A.02.090.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.02.120 Effective date of reclassification and reorganization. Upon the filing of the certified copy of the resolution with the secretary of state, the county auditor shall issue certificates of election to the successful candidates for the offices under the plan of government for which a majority of the votes were cast, and upon the issuance of such certificates, such city or town shall become a noncharter code city governed under the plan of government chosen by the voters, under the provisions of this title and with the powers conferred by this title. [1967 ex.s. c 119 § 35A.02.120.]

35A.02.130 Adoption of classification of noncharter code city without change of governmental plan. Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition-for-election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of *RCW 35A.02.100 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election. [1994 c 223 § 26; 1994 c 81 § 67; 1967 ex.s. c 119 § 35A.02.130.]

*Revisor's note: RCW 35A.02.100 and 35A.02.110 were repealed by 1994 c 223 § 92.

35A.02.140 Petition or resolution pending—Restriction—Exception. While proceedings are pending under any petition or resolution relating to reclassification of a municipality or reorganization of the government thereof pursuant to this chapter, no resolution shall be passed for the purpose of initiating other such proceedings or submitting other such proposals to the voters at an election thereunder; and no petition for reclassification or reorganization of such municipality shall be accepted for filing pending such proceedings, except that a timely and sufficient petition seeking to place on the ballot for such election a proposal for an alternative plan of government authorized by this title, as provided in RCW 35A.02.090, may be filed and acted upon. [1967 ex.s. c 119 § 35A.02.140.]

Chapter 35A.06
PROVISIONS APPLICABLE TO ADOPTION AND ABANDONMENT OF NONCHARTER CODE CITY CLASSIFICATION OR PLAN OF GOVERNMENT

Sections
35A.06.010 Each optional plan of government declared complete form of government.
35A.06.020 Laws applicable to noncharter code cities (as amended by 1994 c 223). The classifications of municipalities which existed prior to the time this title goes into effect—first class city, second class city, third class city, town, and unclassified city—and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city changes its plan of government to the provisions of either chapter 35A.12 or 35A.13 RCW. [1994 c 223 § 27; 1967 ex.s. c 119 § 35A.06.020.]

Reviser’s note: RCW 35A.06.020 was amended twice during the 1994 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

35A.06.030 Abandonment of plan of government of a noncharter code city. By use of the resolution for election or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city: PROVIDED, That these limitations shall not apply to a city seeking to adopt a charter.

In reorganization under a different general plan of government as a noncharter code city, officers shall all be elected as provided in RCW 35A.02.050. When a noncharter code city adopts a plan of government other than those authorized under Title 35A RCW, such city ceases to be governed under this optional municipal code and shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law. [1994 c 223 § 28; 1994 c 81 § 69; 1979 ex.s. c 18 § 14; 1971 ex.s. c 251 § 13; 1967 ex.s. c 119 § 35A.06.030.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.
Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.06.040 Abandonment—Resolution or petition for election. Upon the passage of a resolution of the legislative body of a noncharter code city, or upon the filing of a sufficient petition with the county auditor signed by registered voters in number equal to not less than ten percent of the votes cast at the last general municipal election therein, proposing abandonment by the city of the plan of government under which it is then operating and adoption of another plan, naming such plan, the sufficiency of the petition for abandonment shall be determined, an election ordered and conducted, and the results declared generally as provided in chapter 35A.02 RCW insofar as such provisions are applicable. If the resolution or petition proposes a plan of government other than those authorized in chapters 35A.12 RCW and 35A.13 RCW of this title, the resolution
or petition shall specify the class under which such city will be classified upon adoption of such plan. [1990 c 259 § 4; 1967 ex.s. c 119 § 35A.06.040.]

Sufficiency of petition in code city: RCW 35A.01.040.

35A.06.050 Abandonment—Election. The proposal for abandonment of a plan of government as authorized in RCW 35A.06.030 and for adoption of the plan named in the resolution or petition shall be voted upon at the next general municipal election if one is to be held within one hundred and eighty days or otherwise at a special election called for that purpose in accordance with RCW 29.13.020. The ballot title and statement of the proposition shall be prepared by the city attorney as provided in RCW 29.27.060 and 35A.29.120. [1994 c 223 § 29; 1979 ex.s. c 18 § 15; 1967 ex.s. c 119 § 35A.06.050.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.06.060 Abandonment—Reorganization under plan adopted—Effective date. If a majority of votes cast at the election favor abandonment of the general plan of government under which the noncharter code city is then organized and reorganization under the different general plan proposed in the resolution or petition, the officers to be elected shall be those prescribed by the plan of government so adopted, and they shall be elected as provided in RCW 35A.02.050 if the city is to remain a noncharter code city, or if the city is abandoning optional municipal code status, they shall be elected at the next succeeding general municipal election. Upon the election, qualification, and assumption of office by such officers the reorganization of the government of such municipality shall be complete and such municipality shall thereafter be governed under such plan. If the plan so adopted is not a plan authorized for noncharter code cities, upon the election, qualification, and assumption of office by such officers the reorganization of the government of such municipality shall be complete and such municipality shall thereafter be governed under such plan. Such change of classification shall not affect the then existing property rights or liabilities of the municipal corporation. [1979 ex.s. c 18 § 16; 1967 ex.s. c 119 § 35A.06.060.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.06.070 Abandonment of noncharter code city classification without reorganization. By means of the procedures set forth in this chapter, insofar as they apply, any noncharter code city which has been governed under the provisions of this title for more than six years may abandon the classification of noncharter code city and elect to be governed under the general law relating to cities or towns of the classification held by such city immediately prior to becoming a noncharter code city, if any, or relating to cities or towns of the highest class for which it is qualified by population, with the powers conferred by law upon such class, while retaining the plan of government under which it is then organized. A change of classification approved by a majority of the voters voting on such proposition shall become effective upon the filing of the record of such election with the office of the secretary of state. [1967 ex.s. c 119 § 35A.06.070.]

The legislative body must provide for such an election upon receipt of a sufficient petition therefor signed by qualified electors in number equal to not less than ten percent of the votes cast at the last general municipal election therein. The question may be submitted to the voters at the next general municipal election if one is to be held within one hundred and eighty days or at a special election held for that purpose not less than ninety nor more than one hundred and eighty days after the passage of the resolution or the filing of the certificate of sufficiency of the petition. At such election provision shall also be made for the election of fifteen freeholders who, upon a favorable vote on the question, shall constitute the charter commission charged with the duty of framing a charter for submission to the voters. [1967 ex.s. c 119 § 35A.08.030.]

A written acceptance of the nomination by the nominee shall be affixed to the petition when filed with the county auditor. Nominating petitions need not be in the form prescribed in RCW 35A.01.040. The commission shall study the plan of government of the city, compare it with other available plans of government, and determine whether, in its judgment, the government of the city could be strengthened, made more responsive or accountable to the people, or whether its operation could be made more economical or more efficient by amendment of the existing plan or adoption of another plan of government. firemen and policemen which does not substantially accompl­ish the same purpose as provided by general law in chapter 41.08 RCW for firemen and chapter 41.12 RCW for police­men now or as hereafter amended, or enact any provision establishing or respecting a pension or retirement system for firemen or policemen which provides different pensions or retirement benefits than are provided by general law for such classes.

Such body may adopt and enforce ordinances of all kinds relating to and regulating its local or municipal affairs and appropriate to the good government of the city, and may impose penalties of fine not exceeding five thousand dollars or imprisonment for any term not exceeding one year, or both, for the violation of such ordinances, constituting a misdemeanor or gross misdemeanor as provided therein. However, the punishment for any criminal ordinance shall be the same as the punishment provided in state law for the same crime. Such a body alternatively may provide that violation of such ordinances constitutes a civil violation subject to monetary penalty, but no act which is a state crime may be made a civil violation.

The legislative body of each code city shall have all powers possible for a city or town to have under the Constit­ution of this state, and not specifically denied to code cities by law. By way of illustration and not in limitation, such powers may be exercised in regard to the acquisition, sale, ownership, improvement, maintenance, protection, restora­tion, regulation, use, leasing, disposition, vacation, abandon­ment or beautification of public ways, real property of all kinds, waterways, structures, or any other improvement or use of real or personal property, in regard to all aspects of collective bargaining as provided for and subject to the provisions of chapter 41.56 RCW, as now or hereafter amended, and in the rendering of local social, cultural, recreational, educational, governmental, or corporate serv­ices, including operating and supplying of utilities and munici­pal services commonly or conveniently rendered by cities or towns.

In addition and not in limitation, the legislative body of each code city shall have any authority ever given to any class of municipality or to all municipalities of this state before or after the enactment of this title, such authority to be exercised in the manner provided, if any, by the granting statute, when not in conflict with this title. Within constitutional limitations, legislative bodies of code cities shall have within their territorial limits all powers of taxation for local purposes except those which are expressly preempted by the state as provided in RCW 66.08.120, 82.36.440, 48.14.020, and 48.14.080. 35A.12.010 Elective city officers — Size of council.
The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. [1994 c 223 § 30; 1994 c 81 § 71; 1985 c 106 § 1; 1983 c 128 § 1; 1979 ex.s. c 18 § 19; 1979 c 151 § 33; 1967 ex.s. c 119 § 35A.12.010.]

35A.12.020 Appointive officers—Duties—Compensation. The appointive officers shall be those provided for by charter or ordinance and shall include a city clerk and a chief law enforcement officer. The office of city clerk may be merged with that of a city treasurer, if any, with an appropriate title designated therefor. Provision shall be made for obtaining legal counsel for the city, either by appointment of a city attorney on a full-time or part-time basis, or by any reasonable contractual arrangement for such professional services. The authority, duties and qualifications of all appointive officers shall be prescribed by charter or ordinance, consistent with the provisions of this title, and any amendments thereto, and the compensation of appointive officers shall be prescribed by ordinance: PROVIDED, That the compensation of an appointed municipal judge shall be within applicable statutory limits. [1987 c 3 § 14; 1967 ex.s. c 119 § 35A.12.020.]

Severability—1987 c 3: See note following RCW 3.46.020.

35A.12.030 Eligibility to hold elective office. No person shall be eligible to hold elective office under the mayor-council plan unless the person is a registered voter of the city at the time of filing his declaration of candidacy and has been a resident of the city for a period of at least one year next preceding his election. Residence and voting within the limits of any territory which has been included in, annexed to, or consolidated with such city is construed to have been residence within the city. A mayor or councilman shall hold within the city government no other public office or employment except as permitted under the provisions of chapter 42.23 RCW. [1979 ex.s. c 18 § 20; 1967 ex.s. c 119 § 35A.12.030.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.040 Elections—Terms of elective officers—Numbering of council positions. Officers shall be elected at biennial municipal elections to be conducted as provided in chapter 35A.29 RCW. The mayor and the councilmembers shall be elected for four-year terms of office and until their successors are elected and qualified and assume office in accordance with RCW 29.04.170. At any first election upon reorganization, councilmembers shall be elected as provided in RCW 35A.02.050. Thereafter the requisite number of councilmembers shall be elected biennially as the terms of their predecessors expire and shall serve for terms of four years. The positions to be filled on the city council shall be designated by consecutive numbers and shall be dealt with as separate offices for all election purposes. Election to positions on the council shall be by majority vote from the city at large, unless provision is made by charter or ordinance for election by wards. The mayor and councilmembers shall qualify by taking an oath or affirmation of office and as may be provided by law, charter, or ordinance. [1994 c 223 § 31; 1979 ex.s. c 18 § 21; 1970 ex.s. c 52 § 3; 1967 ex.s. c 119 § 35A.12.040.]
35A.12.050 Vacancies. The office of a mayor or councilmember shall become vacant if the person who is elected or appointed to that position fails to qualify as provided by law, fails to enter upon the duties of that office at the time fixed by law without a justifiable reason, or as provided in RCW 35A.12.060 or 42.12.010. A vacancy in the office of mayor or in the council shall be filled as provided in chapter 42.12 RCW. [1994 c 223 § 32; 1967 ex.s. c 119 § 35A.12.050.]

35A.12.060 Vacancy for nonattendance. In addition a council position shall become vacant if the councilmember fails to attend three consecutive regular meetings of the council without being excused by the council. [1994 c 223 § 33; 1967 ex.s. c 119 § 35A.12.060.]

35A.12.065 Pro tempore appointments. Biennially at the first meeting of a new council, or periodically, the members thereof, by majority vote, may designate one of their number as mayor pro tempore or deputy mayor for such period as the council may specify, to serve in the absence or temporary disability of the mayor; or, in lieu thereof, the council may, as the need may arise, appoint any qualified person to serve as mayor pro tempore in the absence or temporary disability of the mayor. In the event of the extended excused absence or disability of a councilman, the remaining members by majority vote may appoint a councilman pro tempore to serve during the absence or disability. [1967 ex.s. c 119 § 35A.12.065.]

35A.12.070 Compensation of elective officers—Expenses. The salaries of the mayor and the councilmen shall be fixed by ordinance and may be revised from time to time by ordinance, but any increase in the compensation attaching to an office shall not be applicable to the term then being served by the incumbent if such incumbent is a member of the city legislative body fixing his own compensation or as mayor in a mayor-council code city casts a tie-breaking vote relating to such ordinance: PROVIDED, That if the mayor of such a city does not cast such a vote, his salary may be increased during his term of office. Until the first elective officers under this mayor-council plan of government may lawfully be paid the compensation provided by such salary ordinance, such officers shall be entitled to be compensated in the same manner and in the same amount as the compensation paid to officers of such city performing comparable services immediately prior to adoption of this mayor-council plan.

Until a salary ordinance can be passed and become effective as to elective officers of a newly incorporated code city, such first officers shall be entitled to compensation as follows: In cities having less than five thousand inhabitants, the mayor shall be entitled to a salary of one hundred and fifty dollars per calendar month and a councilman shall be entitled to twenty dollars per meeting for not more than two meetings per month; in cities having more than five thousand but less than fifteen thousand inhabitants, the mayor shall be entitled to a salary of three hundred and fifty dollars per calendar month and a councilman shall be entitled to one hundred and fifty dollars per calendar month; in cities having more than fifteen thousand inhabitants, the mayor shall be entitled to a salary of twelve hundred and fifty dollars per calendar month and a councilman shall be entitled to four hundred dollars per calendar month: PROVIDED, That such interim compensation shall remain in effect only until a salary ordinance is passed and becomes effective as to such officers, and the amounts herein provided shall not be construed as fixing the usual salary of such officers. The mayor and councilmen shall receive reimbursement for their actual and necessary expenses incurred in the performance of the duties of their office, or the council by ordinance may provide for a per diem allowance. Procedure for approval of claims for expenses shall be as provided by ordinance. [1971 ex.s. c 251 § 5; 1967 ex.s. c 119 § 35A.12.070.]

35A.12.080 Oath and bond of officers. Any officer before entering upon the performance of his duties may be required to take an oath or affirmation as prescribed by charter or by ordinance for the faithful performance of his duties. The oath or affirmation shall be filed with the county auditor. The clerk, treasurer, if any, chief of police, and such other officers or employees as may be designated by ordinance or by charter shall be required to furnish annually an official bond conditioned on the honest and faithful performance of their official duties. The terms and penalty of official bonds and the surety therefor shall be prescribed by ordinance or charter and the bond shall be approved by the chief administrative officer of the city. The premiums on such bonds shall be paid by the city. When the furnishing of an official bond is required of an officer or employee, compliance with such provisions shall be an essential part of qualification for office. [1986 c 167 § 20; 1967 ex.s. c 119 § 35A.12.080.]

Severability—1986 c 167: See note following RCW 29.01.055.

35A.12.090 Appointment and removal of officers—Terms. The mayor shall have the power of appointment and removal of all appointive officers and employees subject to any applicable law, rule, or regulation relating to civil service. The head of a department or office of the city government may be authorized by the mayor to appoint and remove subordinates in such department or office, subject to any applicable civil service provisions. All appointments of city officers and employees shall be made on the basis of ability and training or experience of the appointees in the duties they are to perform, from among persons having such qualifications as may be prescribed by ordinance or by charter, and in compliance with provisions of any merit system applicable to such city. Confirmation by the city council of appointments of officers and employees shall be required only when the city charter, or the council by ordinance, provides for confirmation of such appointments. Confirmation of mayoral appointments by the council may be required by the council in any instance where qualifications for the office or position have not been established by ordinance or charter provision. Appointive officers shall be without definite term unless a term is established for such
office by law, charter or ordinance. [1987 c 3 § 15; 1967 ex.s. c 119 § 35A.12.090.]

Severability—1987 c 3: See note following RCW 3.46.020.

35A.12.100 Duties and authority of the mayor—Veto—Tie-breaking vote. The mayor shall be the chief executive and administrative officer of the city, in charge of all departments and employees, with authority to designate assistants and department heads. The mayor may appoint and remove a chief administrative officer or assistant administrative officer, if so provided by ordinance or charter. He shall see that all laws and ordinances are faithfully enforced and that law and order is maintained in the city, and shall have general supervision of the administration of city government and all city interests. All official bonds and bonds of contractors with the city shall be submitted to the mayor or such person as he may designate for approval or disapproval. He shall see that all contracts and agreements made with the city or for its use and benefit are faithfully kept and performed, and to this end he may cause any legal proceedings to be instituted and prosecuted in the name of the city, subject to approval by majority vote of all members of the council. The mayor shall preside over all meetings of the city council, when present, but shall have a vote only in the case of a tie in the votes of the councilmen with respect to matters other than the passage of any ordinance, grant, or revocation of franchise or license, or any resolution for the payment of money. He shall report to the council concerning the affairs of the city and its financial and other needs, and shall make recommendations for council consideration and action. He shall prepare and submit to the council a proposed budget, as required by chapter 35A.33 RCW. The mayor shall have the power to veto ordinances passed by the council and submitted to him as provided in RCW 35A.12.130 but such veto may be overridden by the vote of a majority of all council members plus one more vote. The mayor shall be the official and ceremonial head of the city and shall represent the city on ceremonial occasions, except that when illness or other duties prevent the mayor's attendance at an official function and no mayor pro tempore has been appointed by the council, a member of the council or some other suitable person may be designated by the mayor to represent the city on such occasion. [1979 ex.s. c 18 § 23; 1967 ex.s. c 119 § 35A.12.110.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.110 Council meetings. The city council and mayor shall meet regularly, at least once a month, at a place and at such times as may be designated by the city council. All final actions on resolutions and ordinances must take place within the corporate limits of the city. Special meetings may be called by the mayor or any three members of the council by written notice delivered to each member of the council at least twenty-four hours before the time specified for the proposed meeting. All actions that have heretofore been taken at special council meetings held pursuant to this section, but for which the number of hours of notice given has been at variance with requirements of RCW 42.30.080, are hereby validated. All council meetings shall be open to the public except as permitted by chapter 42.30 RCW. No ordinance or resolution shall be passed, or contract let or entered into, or bill for the payment of money allowed at any meeting not open to the public, nor at any public meeting the date of which is not fixed by ordinance, resolution, or rule, unless public notice of such meeting has been given by such notice to each local newspaper of general circulation and to each local radio or television station, as provided in RCW 42.30.080 as now or hereafter amended. Meetings of the council shall be presided over by the mayor, if present, or otherwise by the mayor pro tempore, or deputy mayor if one has been appointed, or by a member of the council selected by a majority of the council members at such meeting. Appointment of a council member to preside over the meeting shall not in any way abridge his right to vote on matters coming before the council at such meeting. In the absence of the clerk, a deputy clerk or other qualified person appointed by the clerk, the mayor, or the council, may perform the duties of clerk at such meeting. A journal of all proceedings shall be kept, which shall be a public record. [1993 c 199 § 3; 1979 ex.s. c 18 § 23; 1967 ex.s. c 119 § 35A.12.110.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.120 Council—Quorum—Rules—Voting. At all meetings of the council a majority of the councilmen shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as may be prescribed by ordinance. The council shall determine its own rules and order of business, and may establish rules for the conduct of council meetings and the maintenance of order. At the desire of any member, any question shall be voted upon by roll call and the ayes and nays shall be recorded in the journal. The passage of any ordinance, grant or revocation of franchise or license, and any resolution for the payment of money shall require the affirmative vote of at least a majority of the whole membership of the council. [1967 ex.s. c 119 § 35A.12.120.]

35A.12.130 Ordinances—Style—Requisites—Veto. The enacting clause of all ordinances shall be as follows: "The city council of the city of . . . . . . . . do ordain as follows:" No ordinance shall contain more than one subject and that must be clearly expressed in its title. No ordinance or any section or subsection thereof shall be revised or amended unless the new ordinance sets forth the revised ordinance or the amended section or subsection at full length.

No ordinance shall take effect until five days after the date of its publication unless otherwise provided by statute or charter, except that an ordinance passed by a majority plus one of the whole membership of the council, designated therein as a public emergency ordinance necessary for the protection of public health, public safety, public property or the public peace, may be made effective upon adoption, but such ordinance may not levy taxes, grant, renew, or extend a franchise, or authorize the borrowing of money.

Every ordinance which passes the council in order to become valid must be presented to the mayor; if he approves it, he shall sign it, but if not, he shall return it with his written objections to the council and the council shall cause
his objections to be entered at large upon the journal and proceed to a reconsideration thereof. If upon reconsideration a majority plus one of the whole membership, voting upon a call of ayes and nays, favor its passage, the ordinance shall become valid notwithstanding the mayor's veto. If the mayor fails for ten days to either approve or veto an ordinance, it shall become valid without his approval. Ordinances shall be signed by the mayor and attested by the clerk. [1967 ex.s. c 119 § 35A.12.130.]

35A.12.140 Adoption of codes by reference. Ordinances may by reference adopt Washington state statutes and state, county, or city codes, regulations, or ordinances or any standard code of technical regulations, or portions thereof, including, for illustrative purposes but not limited to, fire codes and codes or ordinances relating to the construction of buildings, the installation of plumbing, the installation of electric wiring, health and sanitation, the slaughtering, processing, and selling of meats and meat products for human consumption, the production, pasteurizing, and sale of milk and milk products, or other subjects, together with amendments thereof or additions thereto, on the subject of the ordinance. Such Washington state statutes or codes or other codes or compilations so adopted need not be published in a newspaper as provided in RCW 35A.12.160, but the adopting ordinance shall be so published and a copy of any such adopted statute, ordinance, or code, or portion thereof, with amendments or additions, if any, in the form in which it was adopted, shall be authenticated and recorded by the clerk along with the adopting ordinance. Not less than one copy of such statute, code, or compilation with amendments or additions, if any, in the form in which it was adopted, shall be filed in the office of the city clerk for use and examination by the public. While any such statute, code, or compilation is under consideration by the council prior to adoption, not less than one copy thereof shall be filed in the office of the city clerk for examination by the public. [1982 c 226 § 2; 1967 ex.s. c 119 § 35A.12.140.]

The city clerk shall authenticate by his signature and record in full in a properly indexed book kept for the purpose all ordinances and resolutions adopted by the council. Such book, or copies of ordinances and resolutions, shall be available for inspection by the public at reasonable times and under reasonable conditions. [1967 ex.s. c 119 § 35A.12.150.]

35A.12.160 Publication of ordinances or summary—Public notice of hearings and meeting agendas. Promptly after adoption, the text of each ordinance or a summary of the content of each ordinance shall be published at least once in the city’s official newspaper.

For purposes of this section, a summary shall mean a brief description which succinctly describes the main points of the ordinance. Publication of the title of an ordinance authorizing the issuance of bonds, notes, or other evidences of indebtedness shall constitute publication of a summary of that ordinance. When the city publishes a summary, the publication shall include a statement that the full text of the ordinance will be mailed upon request.

An inadvertent mistake or omission in publishing the text or a summary of the content of an ordinance shall not render the ordinance invalid.

In addition to the requirement that a city publish the text or a summary of the content of each adopted ordinance, every city shall establish a procedure for notifying the public of upcoming hearings and the preliminary agenda for the forthcoming council meeting. Such procedure may include, but not be limited to, written notification to the city’s official newspaper, publication of a notice in the official newspaper, posting of upcoming council meeting agendas, or such other processes as the city determines will satisfy the intent of this requirement. [1994 c 273 § 15; 1988 c 168 § 7; 1987 c 400 § 3; 1985 c 469 § 42; 1967 ex.s. c 119 § 35A.12.160.]

All demands against a code city shall be presented and audited in accordance with such regulations as may be prescribed by charter or ordinance; and upon the allowance of a demand, the clerk shall draw a warrant upon the treasurer for it, which warrant shall be countersigned by the mayor, or such person as he may designate, and shall specify the fund from which it is to be paid; or, payment may be made by a bank check when authorized by the legislative body of the code city under authority granted by RCW 35A.40.020, which check shall bear the signatures of the officers designated by the legislative body as required signatories of checks of such city, and shall specify the fund from which it is to be paid. [1967 ex.s. c 119 § 35A.12.170.]

35A.12.180 Optional division of city into wards. At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any councilmember, and councilmembers shall serve out their terms in the wards of their residences at the time of their elections: PROVIDED, That if this results in one ward being represented by more councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of each ward in the city council shall be in proportion to the population as nearly as is practicable.

Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the
voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. [1994 c 223 § 34; 1967 ex.s. c 119 § 35A.12.180.]

35A.12.190 Powers of council. The council of any code city organized under the mayor-council plan of government provided in this chapter shall have the powers and authority granted to the legislative bodies of cities governed by this title, as more particularly described in chapter 35A.11 RCW. [1967 ex.s. c 119 § 35A.12.190.]

The councilmembers shall be the only elective officers of a code city electing to adopt the council-manager plan of government authorized by this chapter, except where statutes provide for an elective municipal judge. The council shall appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of the city government. The city manager shall be responsible to the council for the proper administration of all affairs of the code city. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants the council shall consist of seven members. PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council.

When the population of a council-manager code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. A noncharter code city of less than five thousand inhabitants which has elected the council-manager plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old council-manager plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. The city council of a council-manager city may by resolution place before the voters of the city, a proposition to designate the person elected to council position one as the chairman of the council with the powers and duties set forth in RCW 35A.13.030. If a majority of those voting on the proposition cast a positive vote, then at all subsequent general elections at which position one is on the ballot, the person who is elected to position one shall become the chairman upon taking office. [1975 1st ex.s. c 155 § 3.]

Biennially at the first meeting of a new council, or periodically, the members thereof, by majority vote, may designate one of their number as mayor pro tempore or deputy mayor for such period as the council may specify, to serve in the absence or temporary disability of the mayor; or, in lieu thereof, the council may, as the need may arise, appoint any qualified person to serve as mayor pro tempore in the absence or temporary disability of the mayor. In the event of the extended excused absence or disability of a councilman, the remaining members by majority vote may appoint a councilman pro tempore to serve during the absence or disability. [1969 ex.s. c 81 § 1.]

Until councilmen of a newly-organized council-manager code city may lawfully be paid as provided by salary ordinance, such councilmen shall be entitled to compensation in the same manner and in the same amount as councilmen of such city prior to the adoption of this council-manager plan.

Until a salary ordinance can be passed and become effective as to elective officers of a newly incorporated code city, the first councilmen shall be entitled to compensation as follows: In cities having less than five thousand inhabitants—twenty dollars per meeting for not more than two meetings per month; in cities having more than five thousand but less than fifteen thousand inhabitants—a salary of one hundred and fifty dollars per calendar month; in cities having more than fifteen thousand inhabitants—a salary of four hundred dollars per calendar month. A councilman who is occupying the position of mayor, in addition to his salary as a councilman, shall be entitled, while serving as mayor, to an additional amount per calendar month, or portion thereof, equal to twenty-five percent of the councilmanic salary: PROVIDED, That such interim compensation shall remain in effect only until a salary ordinance is passed and becomes effective as to such officers, and the compensation provided herein shall not be construed as fixing the usual compensation of such officers. Councilmen shall receive reimbursement for their actual and necessary expenses incurred in the performance of the duties of their office, or the council by ordinance may provide for a per diem allowance. A certified copy of the resolution shall be filed with the legislative authority of the county in which said territory is located. A certified copy of the resolution shall be filed with the boundary review board as provided for in chapter 36.93 RCW or the county annexation review board established by RCW 35A.14.200, unless such annexation proposal is within the provisions of RCW 35A.14.220. [1986 c 234 § 29; 1979 ex.s. c 124 § 1; 1975 1st ex.s. c 220 § 14; 1971 ex.s. c 251 § 10; 1967 ex.s. c 119 § 35A.14.015.]

Severability—1979 ex.s. c 124: "If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 124 § 11.]

Legislative finding, intent—1975 1st ex.s. c 220: See note following RCW 35.02.170.

35A.14.020 Election method—Contents of petition—Certification by auditor—Approval or rejection by legislative body—Costs. When a petition is sufficient under the rules set forth in RCW 35A.01.040, calling for an election to vote upon the annexation of unincorporated territory contiguous to a code city, describing the boundaries of the area proposed to be annexed, stating the number of voters therein as nearly as may be, and signed by qualified electors resident in such territory equal in number to ten percent of the votes cast at the last state general election therein, it shall be filed with the auditor of the county in which all, or the greatest portion, of the territory is located, and a copy of the petition shall be filed with the legislative body of the code city. If the territory is located in more than a single county, the auditor of the county with whom

[Title 35A RCW—page 24]
the petition is filed shall act as the lead auditor and transmit a copy of the petition to the auditor of each other county within which a portion of the territory is located. The auditor or auditors shall examine the petition, and the auditor or lead auditor shall certify the sufficiency of the petition to the legislative authority of the code city.

If the signatures on the petition are certified as containing sufficient valid signatures, the city legislative authority shall, by resolution entered within sixty days thereafter, notify the petitioners, either by mail or by publication in the same manner notice of hearing is required by RCW 35A.14.040 to be published, of its approval or rejection of the proposed action. In approving the proposed action, the legislative body may require that there also be submitted to the electorate of the territory to be annexed, a proposition that all property within the area to be annexed shall, upon annexation, be assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed to pay for all or any portion of the then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation. Only after the legislative body has completed preparation and filing of a proposed zoning regulation for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, the legislative body in approving the proposed action, may require that the proposed zoning regulation be simultaneously adopted upon the approval of annexation by the electorate of the area to be annexed. The approval of the legislative body shall be a condition precedent to further proceedings upon the petition. The costs of conducting the election called for in the petition shall be a charge against the city concerned. The proposition or questions provided for in this section may be submitted to the voter either separately or as a single proposition. [1989 c 351 § 4; 1981 c 332 § 6; 1979 ex.s. c 124 § 2; 1967 ex.s. c 119 § 35A.14.020.]

35A.14.025 Election method—Creation of community municipal corporation. The resolution initiating the annexation of territory under RCW 35A.14.015, and the petition initiating the annexation of territory under RCW 35A.14.020, may provide for the simultaneous creation of a community municipal corporation and election of community council members as provided for in chapter 35.14 RCW, as separate ballot measures or as part of the same ballot measure authorizing the annexation, or for the simultaneous inclusion of the annexed area into a named existing community municipal corporation operating under chapter 35.14 RCW, as separate ballot measures or as part of the same ballot measure authorizing the annexation. If the petition so provides for the creation of a community municipal corporation and election of community council members, the petition shall describe the boundaries of the proposed service area, state the number of voters residing therein as nearly as may be, and pray for the election of community council members by the voters residing in the service area.

The ballots shall contain the words "For annexation and creation of community municipal corporation" and "Against annexation and creation of community municipal corporation," or "For creation of community municipal corporation" and "Against creation of community municipal corporation," as the case may be. Approval of either optional ballot proposition shall be by simple majority vote of the voters voting on the proposition, but the annexation must be authorized before a community municipal corporation is created. [1993 c 75 § 3.]

35A.14.030 Filing of petition as approved by city. Upon approval of the petition for election by the legislative body of the code city to which such territory is proposed to be annexed, the petition shall be filed with the legislative authority of the county in which such territory is located, along with a statement, in the form required by the city, of the provisions, if any there be, relating to assumption of the portion of the debt that the city requires to be assumed by the owners of property of the area proposed to be annexed, and/or the simultaneous adoption of a proposed zoning regulation for the area. A copy of the petition and the statement, if any, shall also be filed with the boundary review board as provided for in chapter 36.93 RCW or the county annexation review board established by RCW 35A.14.160, unless such proposed annexation is within the provisions of RCW 35A.14.220. [1979 ex.s. c 124 § 3; 1971 ex.s. c 251 § 6; 1967 ex.s. c 119 § 35A.14.030.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.14.040 Election method—Hearing by review board—Notice. Within ten days after receipt of a petition or resolution calling for an election on the question of annexation, the county annexation review board shall meet and, if the proposed annexation complies with the requirements of law, shall fix a date for a hearing thereon, to be held not less than fifteen days nor more than thirty days thereafter, of which hearing the city must give notice by publication at least once a week for two weeks prior thereto in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the area proposed to be annexed. The hearing shall be held within the city to which the territory is proposed to be annexed, at a time and place to be designated by the board. Upon the day fixed, the board shall conduct a hearing upon the petition or resolution, at which hearing a representative of the city shall make a brief presentation to the board in explanation of the annexation and the benefits to be derived therefrom, and the petitioners and any resident of the city or the area proposed to be annexed shall be afforded a reasonable opportunity to be heard. The hearing may be adjourned from time to time in the board's discretion, not to exceed thirty days in all from the commencement of the hearing. [1967 ex.s. c 119 § 35A.14.040.]

35A.14.050 Decision of the county annexation review board—Filing—Date for election. After consideration of the proposed annexation as provided in RCW 35A.14.200, the county annexation review board, within
thirty days after the final day of hearing, shall take one of the following actions:

1. Approval of the proposal as submitted.
2. Subject to RCW 35.02.170, modification of the proposal by adjusting boundaries to include or exclude territory; except that any such inclusion of territory shall not increase the total area of territory proposed for annexation by an amount exceeding the original proposal by more than five percent: PROVIDED, That the county annexation review board shall not adjust boundaries to include territory not included in the original proposal without first affording to residents and property owners of the area affected by such adjustment of boundaries an opportunity to be heard as to the proposal.

3. Disapproval of the proposal.

The written decision of the county annexation review board shall be filed with the board of county commissioners and with the legislative body of the city concerned. If the annexation proposal is modified by the county annexation review board, such modification shall be fully set forth in the written decision. If the decision of the boundary review board or the county annexation review board is favorable to the annexation proposal, or the proposal as modified by the review board, the legislative body of the city at its next regular meeting if to be held within thirty days after receipt of the decision of the boundary review board or the county annexation review board, or at a special meeting to be held within that period, shall indicate to the county auditor its preference for a special election date for submission of such annexation proposal, with any modifications made by the review board, to the voters of the territory proposed to be annexed. The special election date that is so indicated shall be one of the dates for special elections provided under RCW 29.13.020 that is sixty or more days after the date the preference is indicated. The county legislative authority shall call the special election at the special election date so indicated by the city. If the boundary review board or the county annexation review board disapproves the annexation proposal, no further action shall be taken thereon, and no annexation proposal for annexation of the same territory, or substantially the same as determined by the board, shall be initiated or considered for twelve months thereafter. [1989 c 351 § 5; 1986 c 234 § 30; 1975 1st ex.s. c 220 § 15; 1971 ex.s. c 251 § 7; 1967 ex.s. c 119 § 35A.14.050.]

Legislative finding, intent—1975 1st ex.s. c 220: See note following RCW 35.02.170.

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

Notice of an annexation election shall particularly describe the boundaries of the area proposed to be annexed, as the same may have been modified by the boundary review board or the county annexation review board, state the objects of the election as prayed in the petition or as stated in the resolution, and require the voters to cast ballots which shall contain the words "For Annexation" or "Against Annexation" or words equivalent thereto, or contain the words "For Annexation and Adoption of Proposed Zoning Regulation", and "Against Annexation and Adoption of Proposed Zoning Regulation", or words equivalent thereto in case the simultaneous adoption of a proposed zoning regulation is proposed, and in case the assumption of all or a portion of indebtedness is proposed, shall contain an appropriate, separate proposition for or against the portion of indebtedness that the city requires to be assumed. The notice shall be posted for at least two weeks prior to the date of election in four public places within the area proposed to be annexed and published at least once a week for two weeks prior to the date of election in a newspaper of general circulation within the limits of the territory proposed to be annexed. Such notice shall be in addition to the notice required by general election law. [1994 c 223 § 38; 1979 ex.s. c 124 § 4; 1967 ex.s. c 119 § 35A.14.070.]

35A.14.080 Election method—Vote required for annexation—Proposition for assumption of indebtedness—Certification.

On the Monday next succeeding the annexation election, the county canvassing board shall proceed to canvass the returns thereof and shall submit the statement of canvass to the county legislative authority.

The proposition for or against annexation or for or against annexation and adoption of the proposed zoning regulation, as the case may be, shall be deemed approved if a majority of the votes cast on that proposition are cast in favor of annexation or in favor of annexation and adoption of the proposed zoning regulation, as the case may be. If a proposition for or against assumption of all or any portion of indebtedness was submitted to the electorate, it shall be deemed approved if a majority, of at least three-fifths of the electors of the territory proposed to be annexed voting on such proposition vote in favor thereof, and the number of persons voting on such proposition constitutes not less than forty percent of the total number of votes cast in such territory at the last preceding general election. If either or both propositions were approved by the electors, the county legislative authority shall enter a finding to that effect on its minutes, a certified copy of which shall be forthwith transmitted to and filed with the clerk of the city to which annexation is proposed, together with a certified abstract of the vote showing the whole number of voters who voted at the election, the number of votes cast for annexation and the number cast against annexation or for annexation and adoption of the proposed zoning regulation and the number cast against annexation and adoption of the proposed zoning regulation, as the case may be, and if a proposition for assumption of all or any portion of indebtedness was submitted to the electorate, the abstract shall include the number of votes cast for assumption of indebtedness and the number of votes cast against assumption of indebtedness, together with a statement of the total number of votes cast in such territory at the last preceding general election. [1979 ex.s. c 124 § 5; 1967 ex.s. c 119 § 35A.14.080.]

A code city may cause a proposition authorizing an area to be annexed to the city to be submitted to the qualified voters of the area proposed to
be annexed in the same ballot proposition as the question to authorize an assumption of indebtedness. If the measures are combined, the annexation and the assumption of indebtedness shall be authorized only if the proposition is approved by at least three-fifths of the voters of the area proposed to be annexed voting on the proposition, and the number of persons voting on the proposition constitutes not less than forty percent of the total number of votes cast in the area at the last preceding general election.

However, the code city council may adopt a resolution accepting the annexation, without the assumption of indebtedness, where the combined ballot proposition is approved by a simple majority vote of the voters voting on the proposition. [1989 c 84 § 23.]

35A.14.090 Election method—Ordinance providing for annexation, assumption of indebtedness. Upon filing of the certified copy of the finding of the county legislative authority, the clerk shall transmit it to the legislative body of the city at the next regular meeting or as soon thereafter as practicable. If only a proposition relating to annexation or to annexation and adoption of a proposed zoning regulation was submitted to the voters and such proposition was approved, the legislative body shall adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of a proposed zoning regulation, as the case may be. If a proposition for annexation or for annexation and adoption of a proposed zoning regulation, and a proposition for assumption of all or any portion of indebtedness were both submitted, and both were approved, the legislative body shall adopt an ordinance providing for the annexation or for annexation and adoption of the proposed zoning regulation, including the assumption of the portion of indebtedness that was approved by the voters. If both propositions were submitted and only the annexation or the annexation and adoption of the proposed zoning regulation was approved, the legislative body may adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of the proposed zoning regulation, as the case may be, or the legislative body may refuse to annex when a proposal for assumption of the portion of indebtedness has been disapproved by the voters. [1979 ex.s. c 124 § 6; 1967 ex.s. c 119 § 35A.14.090.]

35A.14.100 Election method—Effective date of annexation. Upon the date fixed in the ordinance of annexation, the area annexed shall become a part of the city. Upon the date fixed in the ordinances of annexation and adoption of the proposed zoning regulation, the area annexed shall become a part of the city, and property in the annexed area shall be subject to the proposed zoning regulation, as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. All property within the territory hereafter annexed shall, if the proposition approved by the people so provides, be assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed to pay for the portion of indebtedness of the city that was approved by the voters. [1979 ex.s. c 124 § 7; 1967 ex.s. c 119 § 35A.14.100.]

35A.14.110 Election method is alternative. The method of annexation provided for in RCW 35A.14.015 through 35A.14.100 is an alternative method and is additional to the other methods provided for in this chapter. [1967 ex.s. c 119 § 35A.14.110.]

35A.14.120 Direct petition method—Notice to legislative body—Meeting—Assumption of indebtedness—Proposed zoning regulation—Contents of petition. Proceedings for initiating annexation of unincorporated territory to a charter code city or noncharter code city may be commenced by the filing of a petition of property owners of the territory proposed to be annexed, in the following manner. This method of annexation shall be alternative to other methods provided in this chapter. Prior to the circulation of a petition for annexation, the initiating party or parties, who shall be the owners of not less than ten percent in value, according to the assessed valuation for general taxation of the property for which annexation is sought, shall notify the legislative body of the code city in writing of their intention to commence annexation proceedings. The legislative body shall set a date, not later than sixty days after the filing of the request, for a meeting with the initiating parties to determine whether the code city will accept, reject, or geographically modify the proposed annexation, whether it shall require the simultaneous adoption of a proposed zoning regulation, if such a proposal has been prepared and filed for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, and whether it shall require the assumption of all or of any portion of existing city indebtedness by the area to be annexed. If the legislative body requires the assumption of all or of any portion of indebtedness and/or the adoption of a proposed zoning regulation, it shall record this action in its minutes and the petition for annexation shall be so drawn as to clearly indicate these facts. Approval by the legislative body shall be a condition precedent to circulation of the petition. There shall be no appeal from the decision of the legislative body. A petition for annexation of an area contiguous to a code city may be filed with the legislative body of the municipality to which annexation is desired. It must be signed by the owners, as defined by RCW 35A.01.040(9) (a) through (d), of not less than sixty percent in value, according to the assessed valuation for general taxation of the property for which annexation is petitioned. PROVIDED, That a petition for annexation of an area having at least eighty percent in value of the boundaries of such area contiguous with a portion of the boundaries of the code city, not including that portion of the boundary of the area proposed to be annexed that is coterminal with a portion of the boundary between two counties in this state, need be signed only by the owners of not less than fifty percent in value according to the assessed valuation for general taxation of the property for which the annexation is petitioned. Such petition shall set forth a description of the property according to government legal subdivisions or legal plats and shall be accompanied by a map which outlines the
boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or any portion of city indebtedness by the area annexed or the adoption of a proposed zoning regulation, these facts, together with a quotation of the minute entry of such requirement, or requirements, shall also be set forth in the petition. [1989 c 351 § 6; 1979 ex.s. c 124 § 8; 1967 ex.s. c 119 § 35A.14.120.]

Sufficiency of petition in code city. RCW 35A.01.040.

35A.14.130 Direct petition method—Notice of hearing. Whenever such a petition for annexation is filed with the legislative body of a code city, which petition meets the requirements herein specified and is sufficient according to the rules set forth in RCW 35A.01.040, the legislative body may entertain the same, fix a date for a public hearing thereon and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The notice shall also be posted in three public places within the territory proposed for annexation, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation. [1967 ex.s. c 119 § 35A.14.130.]

35A.14.140 Direct petition method—Ordinance providing for annexation. Following the hearing, if the legislative body determines to effect the annexation, they shall do so by ordinance. Subject to RCW 35.02.170, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the annexation ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located. [1986 c 234 § 31; 1975 1st ex.s. c 220 § 16; 1967 ex.s. c 119 § 35A.14.140.]

Legislative finding, intent—1975 1st ex.s. c 220: See note following RCW 35.02.170.

35A.14.150 Direct petition method—Effective date of annexation. Upon the date fixed in the ordinance of annexation the area annexed shall become part of the city. All property within the territory hereafter annexed shall, if the annexation petition so provided, be assessed and taxed at the same rate and on the same basis as the property of such annexing code city is assessed and taxed to pay for the portion of any then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation and that the city has required to be assumed. If the annexation petition so provided, all property in the annexed area shall be subject to and a part of the proposed zoning regulation as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. [1979 ex.s. c 124 § 9; 1967 ex.s. c 119 § 35A.14.150.]

35A.14.160 Annexation review board—Composition. There is hereby established in each county of the state, other than counties having a boundary review board as provided for in chapter 189, Laws of 1967 [chapter 36.93 RCW], a board to be known as the "annexation review board for the county of . . . . (naming the county)" which shall be charged with the duty of reviewing proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within its respective county, except that proposals within the provisions of RCW 35A.14.220 shall not be subject to the jurisdiction of such board.

In all counties in which a boundary review board is established pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] review of proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within such counties shall be subject to chapter 189, Laws of 1967 [chapter 36.93 RCW]. Whenever any county establishes a boundary review board pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] the provisions of this act relating to annexation review boards shall not be applicable.

Except as provided above in this section, whenever one or more cities of a county shall have elected to be governed by this title by becoming a charter code city or noncharter code city, the governor shall, within forty-five days thereafter, appoint an annexation review board for such county consisting of five members appointed in the following manner:

Two members shall be selected independently by the governor. Three members shall be selected by the governor from the following sources: (1) One member shall be appointed from nominees of the individual members of the board of county commissioners; (2) one member shall be appointed from nominees of the individual mayors of charter code cities within such county; (3) one member shall be appointed from nominees of the individual mayors of noncharter code cities within such county.

Each source shall nominate at least two persons for an available position. In the event there are less than two nominees for any position, the governor may appoint the member for that position independently. If, at the time of appointment, there are within the county no cities of one of the classes named above as a nominating source, a position which would otherwise have been filled by nomination from such source shall be filled by independent appointment of the governor.

In making appointments independently and in making appointments from among nominees, the governor shall strive to appoint persons familiar with municipal government and administration by experience and/or training. [1971 ex.s. c 251 § 8; 1967 ex.s. c 119 § 35A.14.160.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.14.170 Time for filing nominations—Vacancies. Upon the initial formation of a county annexation review board the governor shall give written notice of such formation to all the nominating sources designated therein and nominations must be filed with the office of the governor within fifteen days after receipt of such notice. Nominations to fill vacancies caused by expiration of terms must be filed at least thirty days preceding the expiration of the terms. When vacancies occur in the membership of the board, the governor shall solicit nominations from the appropriate
source and if none are filed within fifteen days thereafter, the governor shall fill the vacancy by an independent appointment. [1967 ex.s. c 119 § 35A.14.170.]

35A.14.180 Terms of members. The members of the annexation review board shall be appointed for five year terms. Upon the initial formation of a board, one member appointed by the governor independently shall be appointed for a four year term, the member appointed from among nominees of the board of county commissioners shall be appointed for a three year term, the member appointed from among nominees of the mayors of noncharter code cities shall be appointed for a three year term, and the remaining members shall be appointed for five year terms. Thereafter board members shall be appointed for five year terms as the terms of their predecessors expire. Members shall be eligible for reappointment to the board for successive terms. [1967 ex.s. c 119 § 35A.14.180.]

35A.14.190 Organization of annexation review board—Rules—Journal—Authority. The members of each annexation review board shall elect from among the members a chairman and a vice chairman, and may employ a nonmember as chief clerk, who shall be the secretary of the board. The board shall determine its own rules and order of business, shall provide by resolution for the time and manner of holding regular or special meetings, and shall keep a journal of its proceedings which shall be a public record. A majority of all the members shall constitute a quorum for the transaction of business.

The chief clerk of the board, the chairman, or the vice chairman shall have the power to administer oaths and affinations, certify to all official acts, issue subpoenas to any public officer or employee ordering him to testify before the board and produce public records, papers, books or documents. The chief clerk, the chairman or the vice chairman may invoke the aid of any court of competent jurisdiction to carry out such powers.

The planning departments of the county, other counties, and any city, and any state or regional planning agency shall furnish such information to the board at its request as may be reasonably necessary for the performance of its duties.

At the request of the board, the state attorney general shall provide counsel for the board. [1967 ex.s. c 119 § 35A.14.190.]

35A.14.200 Determination by county annexation review board—Factors considered—Filing of findings and decision. The jurisdiction of the county annexation review board shall be invoked upon the filing with the board of a resolution for an annexation election as provided in RCW 35A.14.015, or of a petition for an annexation election as provided in RCW 35A.14.030, and the board shall proceed to hold a hearing, upon notice, all as provided in RCW 35A.14.040. A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of such testimony shall be provided to any person or governmental unit. The board shall make and file its decision, all as provided in RCW 35A.14.050, insofar as said section is applicable to the matter before the board. Dis-
35A.14.220 When review procedure may be dispensed with. Annexations under the provisions of RCW 35A.14.295, 35A.14.297, 35A.14.300, and 35A.14.310 shall not be subject to review by the annexation review board: PROVIDED, That in any county in which a boundary review board is established under chapter 36.93 RCW all annexations shall be subject to review except as provided for in RCW 36.93.110. When the area proposed for annexation in a petition or resolution, initiated and filed under any of the methods of initiating annexation authorized by this chapter, is less than fifty acres or less than two million dollars in assessed valuation, review procedures shall not be required as to such annexation proposal, except as provided in chapter 36.93 RCW in those counties with a review board established pursuant to chapter 36.93 RCW: PROVIDED, That when an annexation proposal is initiated by the direct petition method authorized by RCW 35A.14.120, review procedures shall not be required without regard to acreage or assessed valuation, except as provided in chapter 36.93 RCW in those counties with a boundary review board established pursuant to chapter 36.93 RCW. [1979 ex.s. c 18 § 27; 1973 1st ex.s. c 195 § 26; 1967 ex.s. c 119 § 35A.14.220.]

35A.14.231 Territory subject to annexation proposal—When annexation by another city or incorporation allowed. After a petition proposing an annexation by a code city has been filed with the city or the city legislative authority, or after a resolution proposing the annexation by a code city has been adopted by the city legislative authority, no territory included in the proposed annexation may be annexed by another city or town or incorporated into a city or town unless: (1) The boundary review board or county annexation review board created under RCW 35A.14.160 modifies the boundaries of the proposed annexation and removes the territory; (2) the boundary review board or county annexation review board created under RCW 35A.14.160 rejects the proposed annexation; or (3) the city legislative authority rejects the proposed annexation or voters defeat the ballot proposition authorizing the annexation. The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for annexation. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks prior to the date of the hearing, in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the area to be annexed. 35A.14.310 Annexation of federal areas. A code city may annex an unincorporated area contiguous to the city
that is owned by the federal government by adopting an
ordinance providing for the annexation and which ordinance
either acknowledges an agreement of the annexation by
the government of the United States, or accepts a gift, grant, or
lease from the government of the United States of the right
to occupy, control, improve it or sublet it for commercial,
manufacturing, or industrial purposes: PROVIDED, That
this right of annexation shall not apply to any territory more
than four miles from the corporate limits existing before
such annexation. Whenever a code city proposes to annex
territory under this section, the city shall provide written
notice of the proposed annexation to the legislative authority
of the county within which such territory is located. The
notice shall be provided at least thirty days before the city
proposes to adopt the annexation ordinance. The city shall
not adopt the annexation ordinance, and the annexation shall
not occur under this section, if within twenty-five days of
receipt of the notice, the county legislative authority adopts
a resolution opposing the annexation, which resolution makes
a finding that the proposed annexation will have an adverse

lease from the government of the United States, a code city
may include such tide and shorelands as may be necessary
or convenient for the use thereof, and may include in the
ordinance an acceptance of the terms and conditions attached
to the gift, grant, or lease. A code city may cause territory
annexed pursuant to a gift, grant, or lease of the government
of the United States to be surveyed, subdivided and platted
into lots, blocks, or tracts and laid out, reserve for public use,
and improve streets, roads, alleys, slips, and other public
places. It may grant or sublet any lot, block, or tract therein
for commercial, manufacturing, or industrial purposes and
reserve, receive and collect rents therefrom. It may expend
the rents received therefrom in making and maintaining
public improvements therein, and if any surplus remains at
the end of any fiscal year, may transfer it to the city’s
current expense fund. [1967 ex.s. c 119 § 35A.14.320.]

code city acting through a planning agency created pursuant
to chapter 35A.63 RCW, or pursuant to its granted powers,
may prepare a proposed zoning regulation to become
effective upon the annexation of any area which might
reasonably be expected to be annexed by the code city at
any future time. Such proposed zoning regulation, to the
extent deemed reasonably necessary by the legislative body
to be in the interest of health, safety, morals and the general
welfare may provide, among other things, for:

(1) The regulation and restriction within the area to be
annexed of the location and the use of buildings, structures
and land for residence, trade, industrial and other purposes;
the height, number of stories, size, construction and design
of buildings and other structures; the size of yards, courts

land;

(3) The appointment of a board of adjustment, to make,
in appropriate cases and subject to appropriate conditions
and safeguards established by ordinance, special exceptions
in harmony with the general purposes and intent of the
proposed zoning regulation; and

(4) The time interval following an annexation during
which the ordinance or resolution adopting any such pro­
posed regulation, or any part thereof, must remain in effect
before it may be amended, supplemented or modified by
subsequent ordinance or resolution adopted by the annexing
city or town.

All such regulations and restrictions shall be designed,
among other things, to encourage the most appropriate use
of land throughout the area to be annexed; to lessen traffic
congestion and accidents; to secure safety from fire; to
provide adequate light and air; to prevent overcrowding of
land; to avoid undue concentration of population; to promote
a coordinated development of the unbuilt areas; to encourage
the formation of neighborhood or community units; to secure
an appropriate allotment of land area in new developments
for all the requirements of community life; to conserve and
restore natural beauty and other natural resources; to facili­

of the assets of the district shall be vested in the code city,
upon payment in cash, properties or contracts for fire protec­

The fire protection district may elect, by a vote of a
majority of the persons residing outside the annexed area
who vote on the proposition, to require the annexing city

district and the district shall pay to the code city within one
year or within such period of time as the district continues
to collect taxes in such incorporated or annexed areas, in
cash, properties or contracts for fire protection services, a
percentage of the value of said assets equal to the percentage
of the value of the real property in the entire district lying
within the area so incorporated or annexed: PROVIDED,

Use of right of way line as corporate boundary. The
boundaries of a code city arising from an annexation of
territory shall not include a portion of the right of way of
any public street, road, or highway except where the bound­
ary runs from one edge of the right of way to the other edge
of the right of way. However, the right of way line of any
public street, road, or highway, or any segment thereof, may
be used to define a part of a corporate boundary in an
annexation proceeding. [1989 c 84 § 9.]

35A.14.500 Outstanding indebtedness not affected.
When any portion of a fire protection district is annexed by
or incorporated into a code city, any outstanding indebted­

the second copy to the department of transportation and
return the third copy to the code city. Such certificates shall
be in such form and contain such information as shall be
prescribed by the office of financial management. A copy
of the complete ordinance containing a legal description and
a map showing specifically the boundaries of the annexed
territory shall be attached to each of the three copies of the
certificate. The certificate shall be signed by the mayor and
attested by the city clerk. Upon request, the office of
financial management shall furnish certification forms to any
code city.

Upon approval of the annexation certificate, the office
of financial management shall forward to each state official
or department responsible for making allocations or pay­

increase in population due to such annexation. Upon and
after the date of the commencement of the next quarterly
period, the population determination indicated in such
revised certificate shall be used as the basis for the allocation
and payment of state funds to such city or town.

For the purposes of this section, each quarterly period

forwarded by the office of financial management thirty days

period, the population of the annexed territory shall not be
considered until the commencement of the following quar­

The resident population of the annexed territory shall be

In the event that any person, firm or corporation whose franchise or permit has been canceled by the terms of this section shall suffer any measurable damages as a result of any annexation pursuant to the provisions of the laws above-mentioned, such person, firm or corporation shall have a right of action against any code city causing such damages. Such ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the code city.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1967 ex.s. c 119 § 35A.33.090.]

35A.33.100 Emergency expenditures—Warrants—Payments. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. 35A.33.120 Funds—Limitations on expenditures—Transfers and adjustments. The expenditures as classified
and itemized in the final budget shall constitute the city’s appropriations for the ensuing fiscal year. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the code city, the expenditure of city funds or the incurring of current liabilities on behalf of the city shall be limited to the following:

(1) The total amount appropriated for each fund in the budget for the current fiscal year, without regard to the individual items contained therein, except that this limitation shall not apply to wage adjustments authorized by RCW 35A.33.105; and

(2) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal years pursuant to RCW 35A.33.150; and

(3) Funds received from the sale of bonds or warrants which have been duly authorized according to law; and

(4) Funds received in excess of estimated revenues during the current fiscal year, when authorized by an ordinance amending the original budget; and

(5) Expenditures required for emergencies, as authorized in RCW 35A.33.080 and 35A.33.090.

Transfers between individual appropriations within any one fund may be made during the current fiscal year by order of the city’s chief administrative officer subject to such regulations, if any, as may be imposed by the city council. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as herein authorized, may be made within the same fund regardless of the various offices, departments or divisions of the city which may be affected.

The city council, upon a finding that it is to the best interests of the code city to decrease, revoke or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1967 ex.s. c 119 § 35A.33.120.]

35A.33.122 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any code city apportions a percentage of the city manager’s, administrator’s, or supervisor’s time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city’s current expense fund for the value of such services. [1991 c 152 § 3.]

35A.33.125 Limitation on expenditures—Void. Liabilities incurred by any officer or employee of the city in excess of any budget appropriations shall not be a liability of the city. The clerk shall issue no warrant and the city council or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1969 ex.s. c 81 § 4; 1967 ex.s. c 119 § 35A.33.125.]

35A.33.130 Funds received from sales of bonds and warrants—Expenditures. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1967 ex.s. c 119 § 35A.33.130.]

At a time fixed by the city’s ordinance or charter, not later than the first Monday in October of each year, the chief administrative officer shall provide the city’s legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current year, together with estimates submitted by the clerk under RCW 35A.33.050. The city’s legislative body and the city’s administrative officer or his designated representative shall consider the city’s total anticipated financial requirements for the ensuing fiscal year, and the legislative body shall determine and fix by ordinance the amount to be raised by ad valorem taxes. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the board of county commissioners as required by RCW 84.52.020. [1967 ex.s. c 119 § 35A.33.135.]

35A.33.140 Funds—Quarterly report of status. At such intervals as may be required by city charter or ordinance, however, being not less than quarterly, the clerk shall submit to the city’s legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal year to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1967 ex.s. c 119 § 35A.33.140.]

35A.33.145 Contingency fund—Creation. Every code city may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35A.33.080 and 35A.33.090. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unex-
pended or decreased funds made available by ordinance as set forth in RCW 35A.33.120: PROVIDED, That the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city at such time. Any moneys in the contingency fund at the end of the fiscal year shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1973 1st ex.s. c 195 § 28; 1967 ex.s. c 119 § 35A.33.145.]

§ 35A.33.146 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the council, adopted by a vote of the majority of the entire council, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1967 ex.s. c 119 § 35A.33.146.]

§ 35A.33.150 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal year: PROVIDED, That this shall not prevent payments in the following year upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment and supplies or for personal or contractual services not completed or furnished by the end of the fiscal year, all of which have been properly budgeted and contracted for prior to the close of such fiscal year but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35A.33.145, shall not lapse, but shall be carried forward from year to year until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal year shall be kept open for twenty days after the close of such fiscal year for the purpose of paying and recording claims for indebtedness incurred during such fiscal year; any claim presented after the twentieth day following the close of the fiscal year shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal year. [1967 ex.s. c 119 § 35A.33.150.]

§ 35A.33.160 Violations and penalties. Upon the conviction of any city official, department head or other city employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city ordinance or charter, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, he shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be available at the close of the current fiscal biennium. Such ordinances may adopt the final budget by reference. However, the ordinance adopting the budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined. A complete copy of the final budget as adopted shall be transmitted to the division of municipal corporations in the office of the state auditor and to the association of Washington cities. [1985 c 175 § 44.]

35A.34.130 Budget—Mid-biennial review and modification. The legislative authority of a city having adopted the provisions of this chapter shall provide by ordinance for a mid-biennial review and modification of the biennial budget. The ordinance shall provide that such review and modification shall occur no sooner than eight months after the start nor later than conclusion of the first year of the fiscal biennium. The chief administrative officer shall prepare the proposed budget modification and shall provide for publication of notice of hearings consistent with publication of notices for adoption of other city ordinances. City ordinances providing for a mid-biennial review and modification shall establish procedures for distribution of the proposed modification to members of the city legislative authority, procedures for making copies available to the public, and shall provide for public hearings on the proposed budget modification. The budget modification shall be by ordinance approved in the same manner as are other ordinances of the city. A complete copy of the budget modification as adopted shall be transmitted to the division of municipal corporations in the office of the state auditor and to the association of Washington cities. [1985 c 175 § 45.]

35A.34.140 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by law enacted since the last budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the
facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1985 c 175 § 46.]

35A.34.150 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the budget, and if it is not one of the emergencies specifically enumerated in RCW 35A.34.140, the city legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

The ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1985 c 175 § 47.]

35A.34.160 Emergency expenditures—Warrants—Payment. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest, and be called in the same manner as other registered warrants as prescribed in RCW 35A.21.110. [1985 c 175 § 48.]

35A.34.170 Registered warrants—Payment. In adopting the final budget for any fiscal biennium, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made. However, no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature. In addition, all or any portion of the city's outstanding registered warrants may be funded into bonds in any manner authorized by law. [1985 c 175 § 49.]

35A.34.180 Adjustment of wages, hours and conditions of employment. Notwithstanding the appropriations for any salary or salary range of any employee or employees adopted in a final budget, the legislative body of any city may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1985 c 175 § 50.]

35A.34.190 Forms—Accounting—Supervision by state. The division of municipal corporations in the office of the state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1985 c 175 § 51.]

35A.34.200 Funds—Limitations on expenditures—Transfers and adjustments. (1) The expenditures as classified and itemized in the final budget shall constitute the city's appropriations for the ensuing fiscal biennium. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city, the expenditure of city funds or the incurring of current liabilities on behalf of the city shall be limited to the following:

(a) The total amount appropriated for each fund in the budget for the current fiscal biennium, without regard to the individual items contained therein, except that this limitation does not apply to wage adjustments authorized by RCW 35A.34.180;
(b) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal periods pursuant to RCW 35A.34.270;
(c) Funds received from the sale of bonds or warrants which have been duly authorized according to law;
(d) Funds received in excess of estimated revenues during the current fiscal biennium, when authorized by an ordinance amending the original budget; and
(e) Expenditures authorized by budget modification as provided by RCW 35A.34.130 and those required for emergencies, as authorized by RCW 35A.34.140 and 35A.34.150.

(2) Transfers between individual appropriations within any one fund may be made during the current fiscal biennium by order of the city's chief administrative officer subject to such regulations, if any, as may be imposed by the city legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as authorized in this section, may be made within the same fund regardless of the various offices, departments, or divisions of the city which may be affected.

(3) The city legislative body, upon a finding that it is to the best interests of the city to decrease, revoke, or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke, or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reapproriated for another purpose or purposes, without limitation to department, division, or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1985 c 175 § 52.]

35A.34.205 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any code city apportions a percentage of the city manager's, administrator's, or supervisor's time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city, or to provide services to the utility, the utility budget may identify such services and
35A.34.210 Liabilities incurred in excess of budget. Liabilities incurred by any officer or employee of the city in excess of any budget appropriations shall not be a liability of the city. The clerk shall issue no warrant and the city legislative body or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1985 c 175 § 53.]

35A.34.220 Funds received from sales of bonds and warrants—Expenditures. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued, it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1985 c 175 § 54.]

35A.34.230 Revenue estimates—Amount to be raised by ad valorem taxes. At a time fixed by the city's ordinance or city charter, not later than the first Monday in October of the second year of each fiscal biennium, the chief administrative officer shall provide the city's legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current biennium, together with estimates submitted by the clerk under RCW 35A.34.070. The city's legislative body and the city's administrative officer or the officer's designated representative shall consider the city's total anticipated financial requirements for the ensuing fiscal biennium, and the legislative body shall determine and fix by ordinance the amount to be raised the first year of the biennium by ad valorem taxes. The legislative body shall review such information as is provided by the chief administrative officer and shall adopt an ordinance establishing the amount to be raised by ad valorem taxes during the second year of the biennium. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the county legislative authority as required by RCW 84.52.020. [1985 c 175 § 55.]

35A.34.240 Funds—Quarterly report of status. At such intervals as may be required by city charter or city ordinance, however, being not less than quarterly, the clerk shall submit to the city's legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal biennium to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1985 c 175 § 56.]

35A.34.250 Contingency fund—Creation. Every city may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35A.34.140 and 35A.34.150. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35A.34.200. However, the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city at such time. Any moneys in the emergency fund at the end of the fiscal biennium shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1985 c 175 § 57.]

35A.34.260 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1985 c 175 § 58.]

35A.34.270 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal biennium. However, this shall not prevent payments in the following biennium upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment, and supplies or for personal or contractual services not completed or furnished by the end of the fiscal biennium, all of which have been properly budgeted and contracted for prior to the close of such fiscal biennium, but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35A.34.250, shall not lapse, but shall be carried forward from biennium to biennium until fully expended or the purpose has been accomplished or aban­doned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal biennium shall be kept open for twenty days after the close of such fiscal biennium for the purpose of paying and recording claims for indebtedness incurred during such fiscal biennium; any claim presented after the twentieth day following the close of the fiscal biennium shall be paid from appropriations lawfully provided for the ensuing period.
including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal biennium. [1985 c 175 § 59.]

35A.34.280 Violations and penalties. Upon the conviction of any city official, department head, or other city employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, the official or employee shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [1985 c 175 § 60.]

If the signature of one of these officers is affixed to a bond during his continuance in office by a proxy designated by him whose authority has not been revoked, the bond shall be as binding upon the city and all concerned as though the officer had signed the bond in person. This chapter shall apply to all bonds, whether they constitute obligations of the city as a whole or of any local improvement or other district or subdivision thereof, whether they call for payment from the general funds of the city or from a local, special or other fund, and whether negotiable or otherwise. [1967 ex.s. c 119 § 35A.36.050.]

35A.36.060 Notice to council. In order to designate a proxy to affix his signature to bonds, a code city officer shall address a written notice to the legislative body of the city giving the name of the person whom he has selected therefor and stating generally or specifically what bonds are to be so signed.

(1) "Chief administrative officer" means the mayor in code cities operating under the mayor-council and commission forms, the city manager in code cities operating under the council-manager forms, or such other officer as the charter of a charter code city designates as the chief administrative officer.

(2) "City" means an incorporated city or town.

(3) "Code city" is used where the application of this chapter is limited to a code city; where joint, regional, or cooperative action is intended, a code city may be included in the unrestricted terms "city" or "municipality".

(4) "Comprehensive plan" means the policies and proposals approved by the legislative body as set forth in RCW 35A.63.060 through 35A.63.072 of this chapter and containing, at least, the elements set forth in RCW 35A.63.061.

(5) "Legislative body" means a code city council, a code city commission, and, in cases involving regional or cooperative planning or action, the governing body of a municipality.

(6) "Municipality" includes any code city and, in cases of regional or cooperative planning or action, any city, town, township, county, or special district.

(7) "Ordinance" means a legislative enactment by the legislative body of a municipality; in this chapter "ordinance" is synonymous with the term "resolution" when "resolution" is used as representing a legislative enactment.

(8) "Planning agency" means any person, body, or organization designated by the legislative body to perform a planning function or portion thereof for a municipality, and includes, without limitation, any commission, committee, department, or board together with its staff members, employees, agents, and consultants.

(9) "Special district" means that portion of the state, county, or other political subdivision created under general law for rendering of one or more local public services or for administrative, educational, judicial, or political purposes. [1967 ex.s. c 119 § 35A.63.010.]

35A.63.015 "Solar energy system" defined. As used in this chapter, "solar energy system" means any device or combination of devices or elements which rely upon direct sunlight as an energy source, including but not limited to any substance or device which collects sunlight for use in:

(1) The heating or cooling of a structure or building;
(2) The heating or pumping of water;
(3) Industrial, commercial, or agricultural processes; or
(4) The generation of electricity.

A solar energy system may be used for purposes in addition to the collection of solar energy. These uses include, but are not limited to, serving as a structural member or part of a roof of a building or structure and serving as a window or wall. [1979 ex.s. c 170 § 6.]

Severability—1979 ex.s. c 170: See note following RCW 64.04.140. Local governments authorized to encourage and protect solar energy systems: RCW 64.04.140.

35A.63.020 Planning agency—Creation—Powers and duties—Conflicts of interest. By ordinance a code city may create a planning agency and provide for its membership, organization, and expenses. The planning agency shall serve in an advisory capacity to the chief administrative officer or the legislative body, or both, as may be provided by ordinance and shall have such other powers and duties as shall be provided by ordinance. If any person or persons on a planning agency concludes that he has a conflict of interest or an appearance of fairness problem with respect to a matter pending before the agency so that he cannot discharge his duties on such an agency, he shall disqualify himself from participating in the deliberations and the decision-making process with respect to the matter. If this occurs, the appointing authority that appoints such a person may appoint a person to serve as an alternate on the agency to serve in...
his stead in regard to such a matter. [1979 ex.s. c 18 § 33; 1967 ex.s. c 119 § 35A.63.020.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.63.030 Joint meetings and cooperative action. Pursuant to the authorization of the legislative body, a code city planning agency may hold joint meetings with one or more city or county planning agencies (including city or county planning agencies in adjoining states) in any combination and may contract with another municipality for planning services. A code city may enter into cooperative arrangements with one or more municipalities and with any regional planning council organized under this chapter for jointly engaging a planning director and such other employees as may be required to operate a joint planning staff. [1969 ex.s. c 81 § 5; 1967 ex.s. c 119 § 35A.63.030.]

Effective date—1969 ex.s. c 81: See note following RCW 35A.13.035.

35A.63.040 Regional planning. A code city with one or more municipalities within a region, otherwise authorized by law to plan, including municipalities of adjoining states, when empowered by ordinances of their respective legislative bodies, may cooperate to form, organize, and administer a regional planning commission to prepare a comprehensive plan and perform other planning functions for the region defined by agreement of the respective municipalities. The various agencies may cooperate in all phases of planning, and professional staff may be engaged to assist in such planning. All costs shall be shared on a pro rata basis as agreed among the various entities. A code city may also cooperate with any department or agency of a state government having planning functions. [1969 ex.s. c 81 § 6; 1967 ex.s. c 119 § 35A.63.040.]

Effective date—1969 ex.s. c 81: See note following RCW 35A.13.035.

35A.63.050 Receipt and expenditure of funds. Any code city or any regional planning commission that includes a code city, when authorized by the legislative bodies of the municipalities represented by the regional planning commission, may enter into an agreement with any department or agency of the government of the United States or the state of Washington, or its agencies or political subdivisions, or any other public or private agency, to arrange for the receipt and expenditure of funds for planning in the interest of furthering the planning program. [1967 ex.s. c 119 § 35A.63.050.]

35A.63.060 Comprehensive plan—General. Every code city, by ordinance, shall direct the planning agency to prepare a comprehensive plan for anticipating and influencing the orderly and coordinated development of land and building uses of the code city and its environs. The comprehensive plan may be prepared as a whole or in successive parts. [1967 ex.s. c 119 § 35A.63.060.]

35A.63.061 Comprehensive plan—Required elements. The comprehensive plan shall be in such form and of such scope as the code city's ordinance or charter may require. It may consist of a map or maps, diagrams, charts, reports and descriptive and explanatory text or other devices and materials to express, explain, or depict the elements of the plan; and it shall include a recommended plan, scheme, or design for each of the following elements:

1. A land-use element that designates the proposed general distribution, general location, and extent of the use of land. These uses may include, but are not limited to, agricultural, residential, commercial, industrial, recreational, educational, public, and other categories of public and private uses of land. The land-use element shall also include estimates of future population growth in, and statements of recommended standards of population density and building intensity for, the area covered by the comprehensive plan. The land use element shall also provide for protection of the quality and quantity of ground water used for public water supplies and shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute Puget Sound or waters entering Puget Sound.

2. A circulation element consisting of the general location, alignment, and extent of existing and proposed major thoroughfares, major transportation routes, and major terminal facilities, all of which shall be correlated with the land-use element of the comprehensive plan. [1985 c 126 § 2; 1984 c 253 § 2; 1967 ex.s. c 119 § 35A.63.061.]

35A.63.062 Comprehensive plan—Optional elements. The comprehensive plan may include also any or all of the following optional elements:

1. A conservation element for the conservation, development, and utilization of natural resources.
2. An open space, park, and recreation element.
3. A transportation element showing a comprehensive system of surface, air, and water transportation routes and facilities.
4. A public-use element showing general locations, designs, and arrangements of public buildings and uses.
5. A public utilities element showing general plans for public and franchised services and facilities.
6. A redevelopment or renewal element showing plans for the redevelopment or renewal of slum and blighted areas.
7. An urban design element for general organization of the physical parts of the urban landscape.
8. Other elements dealing with subjects that, in the opinion of the legislative body, relate to the development of the municipality, or are essential or desirable to coordinate public services and programs with such development.
9. A solar energy element for encouragement and protection of access to direct sunlight for solar energy systems. [1979 ex.s. c 170 § 7; 1967 ex.s. c 119 § 35A.63.062.]

Severability—1979 ex.s. c 170: See note following RCW 64.04.140.

35A.63.070 Comprehensive plan—Notice and hearing. After preparing the comprehensive plan, or successive parts thereof, as the case may be, the planning agency shall hold at least one public hearing on the comprehensive plan or successive part. Notice of the time, place, and purpose of such public hearing shall be given as provided by ordinance and including at least one publication
in a newspaper of general circulation delivered in the code city and in the official gazette, if any, of the code city, at least ten days prior to the date of the hearing. Continued hearings may be held at the discretion of the planning agency but no additional notices need be published. [1967 ex.s c 119 § 35A.63.070.]

35A.63.071 Comprehensive plan—Forwarding to legislative body. Upon completion of the hearing or hearings on the comprehensive plan or successive parts thereof, the planning agency, after making such changes as it deems necessary following such hearing, shall transmit a copy of its recommendations for the comprehensive plan, or successive parts thereof, to the legislative body through the chief administrative officer, who shall acknowledge receipt thereof and direct the clerk to certify thereon the date of receipt. [1967 ex.s c 119 § 35A.63.071.]

35A.63.072 Comprehensive plan—Approval by legislative body. Within sixty days from its receipt of the recommendation for the comprehensive plan, as above set forth, the legislative body at a public meeting shall consider the same. The legislative body within such period as it may by ordinance provide, shall vote to approve or disapprove or to modify and approve, as modified, the comprehensive plan or to refer it back to the planning agency for further proceedings, in which case the legislative body shall specify the time within which the planning agency shall report back to the legislative body its findings and recommendations on the matters referred to it. The final form and content of the comprehensive plan shall be determined by the legislative body. An affirmative vote of not less than a majority of total members of the legislative body shall be required for adoption of a resolution to approve the plan or its parts. The comprehensive plan, or its successive parts, as approved by the legislative body, shall be filed with an appropriate official of the code city and shall be available for public inspection. [1967 ex.s c 119 § 35A.63.072.]

35A.63.073 Comprehensive plan—Amendments and modifications. All amendments, modifications, or alterations in the comprehensive plan or any part thereof shall be processed in the same manner as set forth in RCW 35A.63.070 through 35A.63.072. [1967 ex.s c 119 § 35A.63.073.]

35A.63.080 Comprehensive plan—Effect. From the date of approval by the legislative body the comprehensive plan, its parts and modifications thereof, shall serve as a basic source of reference for future legislative and administrative action: PROVIDED, That the comprehensive plan shall not be construed as a regulation of property rights or land uses: PROVIDED, FURTHER, That no procedural irregularity or informality in the consideration, hearing, and development of the comprehensive plan or a part thereof, or any of its elements, shall affect the validity of any zoning ordinance or amendment thereto enacted by the code city after the approval of the comprehensive plan.

The comprehensive plan shall be consulted as a preliminary to the establishment, improvement, abandonment, or vacation of any street, park, public way, public building, or public structure, and no dedication of any street or other area for public use shall be accepted by the legislative body until the location, character, extent, and effect thereof shall have been considered by the planning agency with reference to the comprehensive plan. The legislative body shall specify the time within which the planning agency shall report and make a recommendation with respect thereto. Recommendations of the planning agency shall be advisory only. [1967 ex.s c 119 § 35A.63.080.]

35A.63.100 Municipal authority. After approval of the comprehensive plan, as set forth above, the legislative body, in developing the municipality and in regulating the use of land, may implement or give effect to the comprehensive plan or parts thereof by ordinance or other action to such extent as the legislative body deems necessary or appropriate. Such ordinances or other action may provide for:

1. Adoption of an official map and regulations relating thereto designating locations and requirements for one or more of the following: Streets, parks, public buildings, and other public facilities, and protecting such sites against encroachment by buildings and other physical structures.

2. Dividing the municipality, or portions thereof, into appropriate zones within which specific standards, requirements, and conditions may be provided for regulating the use of public and private land, buildings, and structures, and the location, height, bulk, number of stories, and size of buildings and structures, size of yards, courts, open spaces, density of population, ratio of land area to the area of buildings and structures, setbacks, area required for off-street parking, protection of access to direct sunlight for solar energy systems, and such other standards, requirements, regulations, and procedures as are appropriately related thereto. The ordinance encompassing the matters of this subsection is hereinafter called the "zoning ordinance". No zoning ordinance, or amendment thereto, shall be enacted by the legislative body without at least one public hearing, notice of which shall be given as set forth in RCW 35A.63.070. Such hearing may be held before the planning agency or the board of adjustment or such other body as the legislative body shall designate.

3. Adoption of design standards, requirements, regulations, and procedures for the subdivision of land into two or more parcels, including, but not limited to, the approval of plats, dedications, acquisitions, improvements, and reservation of sites for public use.

4. Scheduling public improvements on the basis of recommended priorities over a period of years, subject to periodic review.

5. Such other matters as may be otherwise authorized by law or as the legislative body deems necessary or appropriate to effectuate the goals and objectives of the comprehensive plan or parts thereof and the purposes of this chapter. [1979 ex.s. c 170 § 8; 1967 ex.s. c 119 § 35A.63.100.]

Severability—1979 ex.s. c 170: See note following RCW 64.04.140.

35A.63.105 Development regulations—Consistency with comprehensive plan. Beginning July 1, 1992, the development regulations of each code city that does not plan
under RCW 36.70A.040 shall not be inconsistent with the city’s comprehensive plan. For the purposes of this section, "development regulations" has the same meaning as set forth in RCW 36.70A.030. [1990 1st ex.s. c 17 § 23.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

35A.63.110 Board of adjustment—Creation—Powers and duties. A code city which pursuant to this chapter creates a planning agency and which has twenty-five hundred or more inhabitants, by ordinance, shall create a board of adjustment and provide for its membership, terms of office, organization, jurisdiction. A code city which pursuant to this chapter creates a planning agency and which has a population of less than twenty-five hundred may, by ordinance, similarly create a board of adjustment. In the event a code city with a population of less than twenty-five hundred creates a planning agency, but does not create a board of adjustment, the code city shall provide that the city legislative authority shall itself hear and decide the items listed in subdivisions (1), (2), and (3) of this section. The action of the board of adjustment shall be final and conclusive, unless, within ten days from the date of the action, the original applicant or an adverse party makes application to the superior court for the county in which that city is located for a writ of certiorari, a writ of prohibition, or a writ of mandamus. No member of the board of adjustment shall be a member of the planning agency or the legislative body. Subject to conditions, safeguards, and procedures provided by ordinance, the board of adjustment may be empowered to hear and decide:

(1) Appeals from orders, recommendations, permits, decisions, or determinations made by a code city official in the administration or enforcement of the provisions of this chapter or any ordinances adopted pursuant to it.

(2) Applications for variances from the terms of the zoning ordinance, the official map ordinance or other land-use regulatory ordinances under procedures and conditions prescribed by city ordinance, which among other things shall provide that no application for a variance shall be granted unless the board of adjustment finds:

(a) the variance shall not constitute a grant of special privilege inconsistent with the limitation upon uses of other properties in the vicinity and zone in which the property on behalf of which the application was filed is located; and

(b) that such variance is necessary, because of special circumstances relating to the size, shape, topography, location, or surroundings of the subject property, to provide it with use rights and privileges permitted to other properties in the vicinity and in the zone in which the subject property is located; and

(c) that the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which the subject property is situated.

(3) Applications for conditional-use permits, unless such applications are to be heard and decided by the planning agency. A conditional use means a use listed among those classified in any given zone but permitted to locate only after review as herein provided in accordance with standards and criteria set forth in the zoning ordinance.

(4) Such other quasi judicial and administrative determinations as may be delegated by ordinance.

In deciding any of the matters referred to in subsections (1), (2), (3), and (4) of this section, the board of adjustment shall issue a written report giving the reasons for its decision. If a code city provides for a hearing examiner and vests in him the authority to hear and decide the items listed in subdivisions (1), (2), and (3) of this section pursuant to RCW 35A.63.170, then the provisions of this section shall not apply to such a city. [1979 ex.s. c 18 § 34; 1967 ex.s. c 119 § 35A.63.110.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.63.120 Administration and enforcement. In order to carry into effect the purposes of this chapter, administrative and enforcement responsibilities, other than those set forth in RCW 35A.63.110, may be assigned by ordinance to such departments, boards, officials, employees, or agents as the legislative body deems appropriate. [1967 ex.s. c 119 § 35A.63.120.]

35A.63.130 Provisions inconsistent with charters. Insofar as the provisions of an existing charter of a municipality are inconsistent with this chapter, a municipality may exercise the authority, or any part thereof, granted by this chapter notwithstanding the inconsistent provision of an existing charter. [1967 ex.s. c 119 § 35A.63.130.]

35A.63.140 Duties and responsibilities imposed by other acts. Any duties and responsibilities which by other statutes are imposed upon a planning commission may, in a code city, be performed by a planning agency, as provided in this chapter. [1967 ex.s. c 119 § 35A.63.140.]

35A.63.145 Prohibitions on manufactured homes—Review required—"Designated manufactured home" defined. (1) Each comprehensive plan which does not allow the siting of manufactured homes on individual lots shall be subject to a review by the city of the need and demand for such homes. The review shall be completed by December 31, 1990.

(2) For the purpose of providing an optional reference for cities which choose to allow manufactured homes on individual lots, a "designated manufactured home" is a manufactured home constructed after June 15, 1976, in accordance with state and federal requirements for manufactured homes, which:

(a) Is comprised of at least two fully enclosed parallel sections each of not less than twelve feet wide by thirty-six feet long;

(b) Was originally constructed with and now has a composition or wood shake or shingle, coated metal, or similar roof of not less than 3:12 pitch; and

(c) Has exterior siding similar in appearance to siding materials commonly used on conventional site-built uniform building code single-family residences.

(3) Nothing in this section precludes cities from allowing any manufactured home from being sited on individual lots through local standards which differ from the designated manufactured home as described in this section, except that the term "designated manufactured home" shall not be used.

[Title 35A RCW—page 60]
except as defined in subsection (2) of this section. [1988 c 239 § 2.]

35A.63.149 Residential care facilities—Review of need and demand—Adoption of ordinances. Each municipality that does not provide for the siting of residential care facilities in zones or areas that are designated for single family or other residential uses, shall conduct a review of the need and demand for the facilities, including the cost of any conditional or special use permit that may be required. The review shall be completed by August 31, 1990.

A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the *department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the *department of community development as to why such implementing ordinances were not adopted. [1989 c 427 § 37.]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

Report to legislature, model ordinance: RCW 70.128.180.

35A.63.150 Public hearings. The legislative body may provide by ordinance for such additional public hearings and notice thereof as it deems to be appropriate in connection with any action contemplated under this chapter. [1967 ex.s. c 119 § 35A.63.150.]

35A.63.152 Public notice—Identification of affected property. Any notice made under chapter 35A.63 RCW that identifies affected property may identify this affected property without using a legal description of the property including, but not limited to, identification by an address, written description, vicinity sketch, or other reasonable means. [1988 c 168 § 10.]

35A.63.160 Construction—1967 ex.s. c 119. This title is intended to implement and preserve to code cities all powers authorized by Article XI, section 11 of the Constitution of the state of Washington and the provision of this title shall not limit any code city from exercising its constitutionally granted power to plan for and to make and enforce within its limits all such local police, sanitary, and other regulations in the manner that its charter or ordinances may provide. [1967 ex.s. c 119 § 35A.63.160.]

35A.63.170 Hearing examiner system—Adoption authorized—Alternative—Functions—Procedures. (1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and decide applications for amending the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative body may vest in a hearing examiner the power to hear and decide applications for conditional uses, variances or any other class of applications for or pertaining to land uses which the legislative body believes should be reviewed and decided by a hearing examiner. The legislative body shall prescribe procedures to be followed by a hearing examiner. If the legislative authority vests in a hearing examiner the authority to hear and decide variances, then the provisions of RCW 35A.63.110 shall not apply to the city.

Each city legislative body electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. Except as provided in subsection (2) of this section, the legal effect of such decisions may vary for the different classes of applications decided by the examiner but shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative body.

(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body.

(2) The legislative body shall specify the legal effect of a hearing examiner's procedural determination under the state environmental policy act, as defined in RCW 43.21C.075(3)(a). It may have the effect under subsection (1) (a) or (b) of this section, or may be given the effect of a final decision of the legislative body.

(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the city's comprehensive plan and the city's development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. [1994 c 257 § 7; 1977 ex.s. c 213 § 2.]

Severability—1994 c 257: See note following RCW 36.70A.270.

Severability—1977 ex.s. c 213: See note following RCW 35.63.130.

35A.63.200 Conformance with chapter 43.97 RCW required. With respect to the National Scenic Area, as defined in the Columbia River Gorge National Scenic Area Act, P.L. 99-663, the exercise of any power or authority by a city pursuant to this chapter shall be subject to and in conformity with the requirements of chapter 43.97 RCW, including the Interstate Compact adopted by RCW 43.97.015, and with the management plan regulations and ordinances adopted by the Columbia River Gorge commission pursuant to the Compact. [1987 c 499 § 7.]

35A.63.210 Child care facilities—Review of need and demand—Adoption of ordinances. Each municipality that does not provide for the siting of family day care homes in zones or areas that are designated for single family or other residential uses, and for the siting of mini-day care centers and day care centers in zones or areas that are designated for any residential or commercial uses, shall conduct a review of the need and demand for child care
facilities, including the cost of any conditional or special use permit that may be required. The review shall be completed by August 31, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the *department of community development by September 30, 1990.

35A.63.215 Family day-care provider's home facility—City may not prohibit in residential or commercial area. No city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the facility: (1) Comply with all building, fire, safety, health code, and business licensing requirements; (2) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (3) is certified by the state department of licensing as providing a safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020. [1994 c 273 § 16.]

35A.63.220 Moratoria, interim zoning controls—Public hearing—Limitation on length. If the legislative body does not adopt findings of fact justifying its action before this hearing, then the legislative body shall do so immediately after this public hearing. A moratorium or interim zoning ordinance adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium of interim zoning ordinance may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 3.]

35A.63.240 Treatment of residential structures occupied by persons with handicaps. No city may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 21.]

To assist each assessor in obtaining adequate and well qualified assistants or deputies, the state department of personnel, after consultation with the Washington state association of county assessors, the Washington state association of counties, and the department of revenue, shall establish by July 1, 1967, and shall thereafter maintain, a classification and salary plan for those employees of an assessor who act as appraisers. The plan shall recommend the salary range and employment qualifications for each position encompassed by it, and shall, to the fullest extent practicable, conform to the classification plan, salary schedules and employment qualifications for state employees performing similar appraisal functions.

If an assessor intends to put such plan into effect in ((his)) the county, ((he)) the assessor shall inform the department of revenue and the (board of county commissioners) county legislative authority of this intent in writing. The department of revenue and the (board of county legislative authority) may thereupon each designate a representative, and such representative or representatives as may be designated by the department of revenue or the (board of county legislative authority) shall, both, form with the assessor a committee. The plan shall recommend the salary range and employment qualifications for each position encompassed by it, and shall, to the fullest extent practicable, conform to the classification plan, salary schedules and employment qualifications for state employees performing similar appraisal functions.

(44) An assessor who intends to put such plan into effect (in the county) shall inform the department of revenue and the (board) county (commissioner) legislative authority of this intent in writing. The department of revenue and the (board) authority may thereupon each designate a representative, and such representative or representatives as may be designated by the department of revenue or the (board) legislative authority, or both, shall form with the assessor a committee. The committee so formed may, by unanimous vote only, determine the required number of certified appraiser positions and their salaries necessary to enable the county assessor to carry out the requirements relating to revaluation of property in chapter 84.41 RCW. The determination of the committee shall be certified to the (board) county (commissioner) legislative authority. Revisor's note: 1989 c 204 § 7 directed that this section be added to chapter 36.18 RCW. This placement appears inappropriate and the section has been codified as a part of chapter 36.22 RCW.

Reviser's note: (1) 1989 c 204 § 7 directed that this section be added to chapter 36.18 RCW. This placement appears inappropriate and the section has been codified as a part of chapter 36.22 RCW.

(2) RCW 36.22.180 was repealed by 1991 sp.s. c 13 § 122, effective July 1, 1991.

Findings—1989 c 204: See note following RCW 36.22.160.

36.34.010 Authority to sell—May sell timber, minerals separately—Mineral reservation. Whenever it appears to the board of county commissioners that it is for the best interests of the county and the taxing districts and the people thereof that any part or parcel, or portion of such
part or parcel, of property, whether real, personal, or mixed, belonging to the county, including tax title land, should be sold, the board shall sell and convey such property, under the limitations and restrictions and in the manner hereinafter provided.

In making such sales the board of county commissioners may sell any timber, mineral, or other resources on any land owned by the county separate and apart from the land in the same manner and upon the same terms and conditions as provided in this chapter for the sale of real property.

The board of county commissioners may reserve mineral rights in such land and, if such reservation is made, any conveyance of the land shall contain the following reservation:

"The party of the first part hereby expressly saves, excepts, and reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, all oils, gases, coals, ores, minerals, gravel, timber, and fossils, and to that end it further expressly reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, the right by it or its agents, servants, and attorneys at any and all times to erect, construct, maintain, and use all such buildings, machinery, roads and railroads, sink such shafts, remove such oil, and to remain on said lands or any part thereof, for the business of mining and to occupy as much of said lands as may be necessary or convenient for the successful prosecution of such mining business, hereby expressly reserving to itself, its successors, and assigns, as aforesaid, generally, all rights and powers in, to, and over said land, whether herein expressed or not, reasonably necessary or convenient to render beneficial and efficient the complete enjoyment of the property and the rights hereby expressly reserved."

No rights shall be exercised under the foregoing reservation until provision has been made to pay to the owner of the land upon which the rights reserved are sought to be exercised, full payment for all damages sustained by reason of entering upon the land: PROVIDED, That if the owner for any cause refuses or neglects to settle the damages, the county, its successors, or assigns, or any applicant for a lease or contract from the county for the purpose of prospecting for or mining valuable minerals, or operation contract, or lease, for mining coal, or lease for extracting petroleum or natural gas, shall have the right to institute such legal proceedings in the superior court of the county wherein the land is situated, as may be necessary to determine the damages which the owner of the land may suffer. Any of the reserved minerals or other resources not exceeding two hundred dollars in value may be sold, when the board deems it advisable, either with or without publication of notice of sale, and in such manner as the board may determine will be most beneficial to the county. [1991 c 363 § 66; 1985 c 469 § 45; 1967 ex.s. c 144 § 1; 1963 c 4 § 36.34.020. Prior: 1945 c 254 § 1; Rem. Supp. 1945 § 4014-1; prior: 1891 c 76 § 2, part; RRS § 4008, part.]

If the board elects to trade in the used equipment it shall include in its call for bids on the new equipment a notice that the county has for sale or trade-in used equipment of a specified type and description which will be sold or traded in on the same day and hour that the bids on the new equipment are opened. Any bidder on the new equipment may include in his offer to sell, an offer to accept the used equipment as a part payment of the new equipment purchase price, setting forth the amount of such allowance.

In determining the lowest and best bid on the new equipment the board shall consider the net cost to the county of such new equipment after trade-in allowances have been deducted. The board may accept the new equipment bid of any bidder without trading in the used equipment but may not require any such bidder to purchase the used equipment without awarding the bidder the new equipment contract. Nothing in this section shall bar anyone from making an offer for the purchase of the used equipment independent of a bid on the new equipment and the board shall consider such offers in relation to the trade-in allowances offered to determine the net best sale and purchase combination for the county. [1963 c 4 § 36.34.070. Prior: 1945 c 254 § 6; Rem. Supp. 1945 § 4014-6.]

[1991 c 363 § 69; 1985 c 469 § 46; 1963 c 4 § 36.34.090. Prior: 1945 c 254 § 8; Rem. Supp. 1945 § 4014-8; prior: 1891 c 76 § 4, part; RRS § 4010, part.]

36.34.135 Leases of county property—Affordable housing. If a county owns property that is located anywhere within the county, including within the limits of a city or town, and that is suitable for affordable housing, the legislative authority of the county may, by negotiation, lease the property for affordable housing for a term not to exceed seventy-five years to any public housing authority or nonprofit organization that has demonstrated its ability to construct or operate housing for very low-income, low-income, or moderate-income households as defined in RCW
43.63A.510 and special needs populations. Leases for housing for very low-income, low-income, or moderate-income households and special needs populations shall not be subject to any requirement of periodic rental adjustments, as provided in RCW 36.34.180, but shall provide for such fixed annual rents as appear reasonable considering the public, social, and health benefits to be derived by providing an adequate supply of safe and sanitary housing for very low-income, low-income, or moderate-income households and special needs populations. [1993 c 461 § 6; 1990 c 253 § 7]

The inventory shall include the location, approximate size, and current zoning classification of the property. Every county shall provide a copy of the inventory to the department of community development by November 1, 1993, with inventory revisions each November 1 thereafter.

(2) By November 1 of each year, beginning in 1994, every county shall purge the inventory of real property of sites that are no longer available for the development of affordable housing. The inventory revision shall include an updated listing of real property that has become available since the last update. As used in this section, "real property" means buildings, land, or buildings and land. [1993 c 461 § 5]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

Finding—1993 c 461: See note following RCW 43.63A.510.

36.34.140 Leases of county property—Airports. The board of county commissioners, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances should be leased for a year or a term of years, may lease such property under the limitations and restrictions and in the manner provided in this chapter, and, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances which is now being, or is to be devoted to airport or aeronautical purposes or purposes incidental thereto, should be leased for a year or a term of years, said board of county commissioners may lease such property under the limitations and restrictions and in the manner provided in this chapter, and said board of county commissioners shall have power to lease such county real property and its appurtenances whether such property was heretofore or hereafter acquired or whether heretofore or hereafter acquired by tax deed under tax foreclosure proceedings for nonpayment of taxes or whether held or acquired in any other manner. Any lease executed under the authority of the provisions hereof creates a vested interest and a contract binding upon the county and the lessee. [1963 c 4 § 36.34.140. Prior: 1951 2nd ex.s. c 14 § 1; prior: (i) 1901 c 87 § 1; RRS § 4019. (ii) 1901 c 87 § 6, part; RRS § 4024, part.]

36.34.145 Leases of county property to nonprofit organizations for agricultural fairs. The legislative authority of any county owning property in or outside the limitations of any city or town, or anywhere within the county, which is suitable for agricultural fair purposes may by negotiation lease such property for such purposes for a term not to exceed seventy-five years to any nonprofit organization that has demonstrated its qualification to conduct agricultural fairs. Such agricultural fair leases shall not be subject to any requirement of periodic rental adjustments, as provided in RCW 36.34.180, but shall provide for such fixed annual rental as shall appear reasonable, considering the benefit to be derived by the county in the promotion of the fair and in the improvement of the property. The lessee may utilize or rent out such property at times other than during the fair season for nonfair purposes in order to obtain income for fair purposes, and during the fair season may sublease portions of the property for purposes and activities associated with such fair. No sublease shall be valid unless the same shall be approved in writing by the county legislative authority: PROVIDED, That failure of such lessee, except by act of God, war or other emergency beyond its control, to conduct an annual agricultural fair or exhibition, shall cause said lease to be subject to cancellation by the county legislative authority. A county legislative authority entering into an agreement with a nonprofit association to lease property for agricultural fair purposes shall, when requested to do so, file a copy of the lease agreement with the department of agriculture or the state fair commission in order to assure compliance with the provisions of RCW 15.76.165. [1986 c 171 § 2; 1963 c 4 § 36.34.145. Prior: 1957 c 134 § 1.]

36.34.150 Application to lease—Deposit. Any person desiring to lease county lands shall make application in writing to the board of county commissioners. Each application shall be accompanied by a deposit of not less than ten dollars or such other sum as the county commissioners may require, not to exceed twenty-five dollars. The deposit shall be in the form of a certified check or certificate of deposit on some bank in the county, or may be paid in cash. In case the lands applied for are leased at the time they are offered, the deposit shall be returned to the applicant, but if the party making application fails or refuses to comply with the terms of his application and to execute the lease, the deposit shall be forfeited to the county, and the board of county commissioners shall pay the deposit over to the county treasurer, who shall place it to the credit of the current expense fund. [1963 c 4 § 36.34.150. Prior: 1901 c 87 § 2; RRS § 4020.]

36.34.160 Notice of intention to lease. When, in the judgment of the board of county commissioners, it is found desirable to lease the land applied for, it shall first give notice of its intention to make such lease by publishing a notice in a legal newspaper at least once a week for the term of three weeks, and shall also post a notice of such intention [Title 36 RCW—page 74]
in a conspicuous place in the courthouse for the same length of time. The notice so published and posted shall designate and describe the property which is proposed to be leased, together with the improvements thereon and appurtenances thereto, and shall contain a notice that the board of county commissioners will meet at the county courthouse on a day and at an hour designated in the notice, for the purpose of leasing the property which day and hour shall be at a time not more than a week after the expiration of the time required for the publication of the notice. [1963 c 4 § 36.34.160. Prior: 1901 c 87 § 3; RRS § 4021.]

36.34.170 Objections to leasing. Any person may appear at the meeting of the county commissioners or any adjourned meeting thereof, and make objection to the leasing of the property, which objection shall be stated in writing. In passing upon objections the board of county commissioners shall, in writing, briefly give its reasons for accepting or rejecting the same, and such objections, and the reasons for accepting or refusing the application, shall be published by the board in the next subsequent weekly issue of the newspaper in which the notice of hearing was published. [1963 c 4 § 36.34.170. Prior: 1901 c 87 § 5; RRS § 4023.]

36.34.180 Lease terms. At the day and hour designated in the notice or at any subsequent time to which the meeting may be adjourned by the board of county commissioners, but not more than thirty days after the day and hour designated for the meeting in the published notice, the board may lease the property in such notice described for a term of years and upon such terms and conditions as to the board may seem just and right in the premises. No lease shall be for a longer term in any one instance than ten years, and no renewal of a lease once executed and delivered shall be had, except by a re-leasing and re-letting of the property according to the terms and conditions of this chapter: PROVIDED, That if a county owns property within or outside the corporate limits of any city or town or anywhere in the county suitable for municipal purposes, or for commercial buildings, or owns property suitable for manufacturing or industrial purposes or sites, or for military purposes, or for temporary or emergency housing, or for any requirement incidental to manufacturing, commercial, agricultural, housing, military, or governmental purposes, the board of county commissioners may lease it for such purposes for any period not to exceed thirty-five years: PROVIDED FURTHER, Where the property involved is or is to be devoted to airport purposes and construction work or the installation of new facilities is contemplated, the board may lease said property for such period as may equal the estimated useful life of such work or facilities but not to exceed seventy-five years.

If property is leased for municipal purposes or for commercial buildings or manufacturing or industrial purposes the lessee shall prior to the execution of the lease file with the board of county commissioners general plans and specifications of the building or buildings to be erected thereon for such purposes. All leases when executed shall provide that they shall be canceled by failure of the lessee to construct such building or buildings or other improvements for such purposes within three years from date of the lease, and in case of failure so to do the lease and all improvements thereon including the rentals paid, shall thereby be forfeited to the county unless otherwise stipulated. No change or modification of the plans shall be made unless first approved by the board of county commissioners. If at any time during the life of the lease the lessee fails to use the property for the purposes leased, without first obtaining permission in writing from the board of county commissioners so to do, the lease shall be forfeited.

Any lease made for a longer period than ten years shall contain provisions requiring the lessee to permit the rentals for every five year period thereafter, or part thereof, at the commencement of such period, to be readjusted and fixed by the board of county commissioners. In the event that the lessee and the board cannot agree upon the rentals for said five year period, the lessee shall submit to have the disputed rentals for the subsequent period adjusted by arbitration. The lessee shall pick one arbitrator and the board one, and the two so chosen shall select a third. No board of arbitrators shall reduce the rentals below the sum fixed or agreed upon for the last preceding period. All buildings, factories, or other improvements made upon property leased shall belong to and become property of such county, unless otherwise stipulated, at the expiration of the lease.

No lease shall be assigned without the assignment being first authorized by resolution of the board of county commissioners and the consent in writing of at least two members of the board endorsed on the lease. All leases when drawn shall contain this provision.

This section shall not be construed to limit the power of the board of county commissioners to sell, lease, or by gift convey any property of the county to the United States or any of its governmental agencies to be used for federal government purposes. [1963 c 4 § 36.34.180. Prior: 1951 c 41 § 1; 1941 c 110 § 2; 1913 c 162 § 1; 1903 c 57 § 1; 1901 c 87 § 4; RRS § 4022.]

36.34.190 Lease to highest responsible bidder. No lease shall be made by the county except to the highest responsible bidder at the time of the hearing set forth in the notice of intention to lease. [1963 c 4 § 36.34.190. Prior: 1901 c 87 § 6, part; RRS § 4024, part.]

36.34.192 Application of RCW 36.34.150 through 36.34.190 to certain service provider agreements under chapter 70.150 RCW. RCW 36.34.150 through 36.34.190 shall not apply to agreements entered into pursuant to chapter 70.150 RCW provided there is compliance with the procurement procedure under RCW 70.150.040. [1986 c 244 § 12.]

Severability—1986 c 244: See RCW 70.150.905.

36.34.200 Execution of lease agreement. Upon the decision of the board of county commissioners to lease the lands applied for, a lease shall be executed in duplicate to the lessee by the chairman of the board and the county auditor, attested by his seal of office, which lease shall also be signed by the lessee. The lease shall refer to the order of the board directing the lease, with a description of the lands conveyed, the periods of payment, and the amounts to be paid for each period. [1963 c 4 § 36.34.200. Prior: 1901 c 87 § 7; RRS § 4025.]

36.34.210 Forest lands may be conveyed to United States. The board of county commissioners of any county which acquires any lands through foreclosure of tax liens or otherwise, which by reason of their location, topography, or geological formation are chiefly valuable for the purpose of developing and growing timber, and which are situated within the boundaries of any national forest, may, upon application by the proper forest service official of the United States government, convey such lands to the United States government for national forest purposes under the national forest land exchange regulations, for such compensation as may be deemed equitable. [1963 c 4 § 36.34.210. Prior: 1931 c 69 § 1; RRS § 4015-1.]

This property may be conveyed or leased by deed or other instrument of conveyance or lease without notice and upon such consideration, if any, as shall be determined by the board and the deed or lease may be signed by the county treasurer when authorized to do so by resolution of the board. Any deed issued heretofore by any county to the United States under authority of section 1, chapter 46, Laws of 1937 and the amendments thereto, is ratified and approved and declared to be valid. 36.35.020 "Tax title lands" defined.

[Title 36 RCW—page 77]
36.35.010 Purpose—Powers of county legislative authority as to tax title lands. The purpose of this chapter is to increase the power of county legislative authorities over tax title lands. The legislative authority of each county shall have the power to devote tax title lands to public use under its own control or the control of other governmental or quasi-governmental agencies, to exchange such lands for lands worth at least ninety percent of the value of the land exchanged, and to manage such lands to produce maximum revenue therefrom in the manner which derives the most income from such lands. The further purpose of this chapter is to relieve the courts of the obligation of supervising the county legislative authorities in the management and disposition of tax title lands. [1972 ex.s. c 150 § 1.]

36.35.020 "Tax title lands" defined. The term "tax title lands" as used in this chapter shall mean any tract of land acquired by the county for lack of other bidders at a tax foreclosure sale. [1972 ex.s. c 150 § 2.]

36.35.030 Conveyance—Use of proceeds. Whenever the legislative authority of any county deems tax title lands valuable for public use it shall have authority to convey such lands to the county in its proprietary capacity, free from any trust, upon payment by the county of the amount of delinquent taxes, and interest thereon, owing on the land at the time the county acquired same at tax foreclosure sale: PROVIDED, That in the event such lands shall be subsequently sold or leased, or income derived therefrom, the proceeds shall first go to reimburse the county for the cost of such sale or lease, for the cost of any improvements placed thereon at county expense, and the costs of managing such lands, with the balance of such proceeds to be distributed in the same manner as general taxes collected in the year in which such moneys are received by the county. [1972 ex.s. c 150 § 4.]

36.35.040 Authority to manage, improve lands—Use of proceeds from rental. The legislative authority of a county shall have authority to manage tax title lands acquired by it and to make improvements thereon which the legislative authority deems will enhance the value of such lands, or enhance the amount of income to be derived therefrom. Any proceeds received from the rental of such lands by the legislative authority shall first be used to reimburse the legislative authority for costs of management and costs of rental, and costs of any improvements to such lands paid for by the county and after such reimbursements have been made the balance shall be distributed in the same manner as general taxes collected in the year in which such proceeds are received by the county. [1972 ex.s. c 150 § 5.]

36.35.050 Exchange of tax title lands with other entities—Appraisal. The legislative authority of a county shall have authority to exchange parcels of tax title lands for lands of substantially the same market value with other governmental or municipal agencies or private parties or corporations by private negotiation and such lands received by the county in exchange may be held and managed in the same manner as the lands conveyed in exchange by the county, and the proceeds from any subsequent sales or rentals of such land by the county shall be applied and distributed in the same manner as would have been done had such proceeds and income been received by the county for the lands conveyed in exchange by the county: PROVIDED, That before any such exchange is made the lands to be exchanged by the county and the lands to be received by the county shall be appraised by two appraisers appointed by the court for such purpose: PROVIDED FURTHER, That both appraisers agree that the land to be received by the county in such exchange is worth at least ninety percent of the value of the land to be given by the county in such exchange. [1972 ex.s. c 150 § 6.]

36.35.060 Lease—Approval of terms by school directors. The legislative authority of a county shall have authority to lease tax title lands to public or private agencies or persons. The procedures and regulations of RCW 36.34.150 through 36.34.200 shall be followed: PROVIDED, That before any such lease agreement is executed the terms of the lease are approved by resolution of the board of directors of the school district which would be entitled to share in the proceeds of the income received therefrom at the time the lease is executed. [1972 ex.s. c 150 § 7.]

36.35.070 Chapter as alternative. The provisions of this chapter shall be deemed as alternatives to, and not be limited by, the provisions of RCW 39.33.010, 36.34.130, and 84.64.310, nor shall the authority granted in this chapter be held to be subjected to or qualified by the terms of such statutory provisions. [1972 ex.s. c 150 § 8.]

36.35.080 Other lands not affected. Nothing in this chapter shall affect any land deeded in trust to the department of natural resources or its successors pursuant to the provisions of Title 76 RCW. [1988 c 128 § 7; 1972 ex.s. c 150 § 9.]

36.35.090 Chapter not affected by other acts. Notwithstanding any provision of law to the contrary, or provisions of law limiting the authority granted in this chapter, the legislative authority of any county shall have the authority to manage and exchange tax title lands heretofore or hereafter acquired in the manner and on the terms and conditions set forth in this chapter. [1972 ex.s. c 150 § 3.]

AQUIFER PROTECTION AREAS

Sections
36.36.010 Purpose.
36.36.020 Creation of aquifer protection area—Public hearing—Ballot proposition.
36.36.030 Imposition of fees—Ballot proposition to authorize increased fees or additional purposes.
36.36.035 Reduced fees for low-income persons.
36.36.040 Use of fee revenues.
36.36.045 Lien for delinquent fees.
36.36.050 Dissolution of aquifer protection area—Petition—Ballot proposition.

36.36.010 Purpose. The protection of subterranean water from pollution or degradation is of great concern. The depletion of subterranean water is of great concern. The purpose of this chapter is to allow the creation of aquifer protection areas to finance the protection, preservation, and rehabilitation of subterranean water, and to reduce special assessments imposed upon households to finance facilities for such purposes. Pollution and degradation of subterranean drinking water supplies, and the depletion of subterranean drinking water supplies, pose immediate threats to the safety and welfare of the citizens of this state. [1991 c 151 § 1; 1985 c 425 § 1.]

36.36.020 Creation of aquifer protection area—Public hearing—Ballot proposition. The county legislative authority of a county may create one or more aquifer protection areas for the purpose of funding the protection, preservation, and rehabilitation of subterranean water.

When a county legislative authority proposes to create an aquifer protection area it shall conduct a public hearing on the proposal. Notice of the public hearing shall be published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed aquifer protection area. The public hearing may be continued to other times, dates, and places announced at the public hearing, without publication of the notice. At the public hearing, the county legislative authority shall hear objections and comments from anyone interested in the proposed aquifer protection area.

After the public hearing, the county legislative authority may adopt a resolution causing a ballot proposition to be submitted to the registered voters residing within the proposed aquifer protection area to authorize the creation of the aquifer protection area, if the county legislative authority finds that the creation of the aquifer protection area would be in the public interest. The resolution shall: (1) Describe the boundaries of the proposed aquifer protection area; (2) find that its creation is in the public interest; (3) state the maximum level of fees for the withdrawal of water, or on-site sewage disposal, occurring in the aquifer protection area, or both; and (4) describe the uses for the fees.

An aquifer protection area shall be created by ordinances of the county if the voters residing in the proposed aquifer protection area approve the ballot proposition by a simple majority vote. The ballot proposition shall be in substantially the following form:

"Shall the . . . (insert the name) aquifer protection area be created and authorized to impose monthly fees on . . . (insert "the withdrawal of water" or "on-site sewage disposal") of not to exceed . . . (insert a dollar amount) per household unit for up to . . . (insert a number of years) to finance . . . (insert the type of activities proposed to be financed)?

Yes . . . . . .
No . . . . . . "

If both types of monthly fees are proposed to be imposed, maximum rates for each shall be included in the ballot proposition.

An aquifer protection area may not include territory located within a city or town without the approval of the city or town governing body, nor may it include territory located in the unincorporated area of another county without the approval of the county legislative authority of that county. [1985 c 425 § 2.]

36.36.030 Imposition of fees—Ballot proposition to authorize increased fees or additional purposes. Aquifer protection areas are authorized to impose fees on the withdrawal of subterranean water and on on-site sewage disposal. The fees shall be expressed as a dollar amount per household unit. Fees imposed for the withdrawal of water, or on-site sewage disposal, other than by households shall be expressed and imposed in equivalents of household units. If both types of fees are imposed, the rate imposed on on-site sewage disposal shall not exceed the rate imposed for the withdrawal of water.

No fees shall be imposed in excess of the amount authorized by the voters of the aquifer protection area. Fees shall only be used for the activity or activities authorized by the voters of the aquifer protection area. Ballot propositions may be submitted to the voters of an aquifer protection area to authorize a higher maximum level of such fees or to authorize additional activities for which the fees may be used. Such a ballot proposition shall be substantially in the form of that portion of the proposition to authorize the creation of an aquifer protection district that relates to fees or activities, as provided in RCW 36.36.020. Approval of the ballot proposition by simple majority vote shall authorize the higher maximum level of fees or additional activities for which the fees may be used.

A county may contract with existing public utilities to collect the fees, or collect the fees itself. [1985 c 425 § 3.]

36.36.035 Reduced fees for low-income persons. A county may adopt an ordinance reducing the level of fees, for the withdrawal of subterranean water or for on-site sewage disposal, that are imposed upon the residential property of a class or classes of low-income persons. [1987 c 381 § 1.]

36.36.040 Use of fee revenues. Aquifer protection areas may impose fees to fund:

(1) The preparation of a comprehensive plan to protect, preserve, and rehabilitate subterranean water, including ground water management programs adopted under chapter
90.44 RCW. This plan may be prepared as a portion of a county sewerage and/or water general plan pursuant to RCW 36.94.030;

(2) The construction of facilities for: (a) The removal of water-borne pollution; (b) water quality improvement; (c) sanitary sewage collection, disposal, and treatment; (d) storm water or surface water drainage collection, disposal, and treatment; and (e) the construction of public water systems;

(3) The proportionate reduction of special assessments imposed by a county, city, town, or special district in the aquifer protection area for any of the facilities described in subsection (2) of this section;

(4) The costs of monitoring and inspecting on-site sewage disposal systems or community sewage disposal systems for compliance with applicable standards and rules, and for enforcing compliance with these applicable standards and rules in aquifer protection areas created after June 9, 1988; and

(5) The costs of: (a) Monitoring the quality and quantity of subterranean water and analyzing data that is collected; (b) ongoing implementation of the comprehensive plan developed under subsection (1) of this section; (c) enforcing compliance with standards and rules relating to the quality and quantity of subterranean waters; and (d) public education relating to protecting, preserving, and enhancing subterranean waters. [1991 c 151 § 2; 1988 c 258 § 1; 1985 c 425 § 4.]

36.36.045 Lien for delinquent fees. The county shall have a lien for any delinquent fees imposed for the withdrawal of subterranean water or on-site sewage disposal, which shall attach to the property to which the fees were imposed, if the following conditions are met:

(1) At least eighteen months have passed since the first billing for a delinquent fee installment; and

(2) At least three billing notices and a letter have been mailed to the property owner, within the period specified in subsection (1) of this section, explaining that a lien may be imposed for any delinquent fee installment that has not been paid in that period.

The lien shall otherwise be subject to the provisions of chapter 36.94 RCW related to liens for delinquent charges. [1987 c 381 § 2.]

36.36.050 Dissolution of aquifer protection area—Petition—Ballot proposition. A county legislative authority may dissolve an aquifer protection area upon a finding that such dissolution is in the public interest.

A ballot proposition to dissolve an aquifer protection district shall be placed on the ballot for the approval or rejection of the voters residing in an aquifer protection area, when a petition requesting such a ballot proposition is signed by at least twenty percent of the voters residing in the aquifer protection area and is filed with the county legislative authority of the county originally creating the aquifer protection area. The ballot proposition shall be placed on the ballot at the next general election occurring sixty or more days after the petition has been filed. Approval of the ballot proposition by a simple majority vote shall cause the dissolution of the aquifer protection area. [1985 c 425 § 5.]

36.36.900 Severability—1985 c 425. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 425 § 7.]

titan municipal corporation for the purpose of carrying out
the rights, powers, functions, and obligations authorized to
be assumed by a county pursuant to this chapter shall on the
effective date of such transfer be credited to the county for
the purpose of carrying out such transferred rights, powers,
functions, and obligations. [1977 ex.s.c 277 § 10.]
36.56.110 Debts and obligations. The county shall assume and agree to provide for the payment of all of the indebtedness of the metropolitan municipal corporation including the payment and retirement of outstanding general obligation and revenue bonds issued by the metropolitan municipal corporation. Until the indebtedness of a metropolitan municipal corporation thus assumed by a county has been discharged, all property within the boundaries of the metropolitan municipal corporation and the owners and occupants of that property, shall continue to be liable for taxes, special assessments, and other charges legally pledged to pay the indebtedness of the metropolitan municipal corporation. The county shall assume the obligation of causing the payment of such indebtedness, collecting such taxes, assessments, and charges and observing and performing the other contractual obligations of the metropolitan municipal corporation. The legislative authority of the county shall act in the same manner as the governing body of the metropolitan municipal corporation for the purpose of certifying the amount of any property tax to be levied and collected therein, and may cause service and other charges and assessments to be collected from such property or owners or occupants thereof, enforce such collection and perform all acts necessary to ensure performance of the contractual obligations of the metropolitan municipal corporation in the same manner and by the same means as if the property of the metropolitan municipal corporation had not been acquired by the county.

When a county assumes the obligation of paying indebtedness of a metropolitan municipal corporation and if property taxes or assessments have been levied and service and other charges have accrued for such purpose but have not been collected by the metropolitan municipal corporation prior to such assumption, the same when collected shall belong and be paid to the county and be used by such county so far as necessary for payment of the indebtedness of the metropolitan municipal corporation existing and unpaid on the date such county assumed that indebtedness. Any funds received by the county which have been collected for the purpose of paying any bonded or other indebtedness of the metropolitan municipal corporation shall be used for the purpose for which they were collected and for no other purpose until such indebtedness has been paid and retired or adequate provision has been made for such payment and retirement. No transfer of property as provided in this act shall derogate from the claims or rights of the creditors of the metropolitan municipal corporation or impair the ability of the metropolitan municipal corporation to respond to its debts and obligations. [1977 ex.s. c 277 § 11.]

*Reviser's note: “this act,” see note following RCW 36.56.010.

In the event the provisions in RCW 36.56.040 requiring approval by both the voters of a central city and the county voters residing outside of the central city are held to be invalid, then such provisions shall be severable and the ballot proposition on the transfer of the metropolitan municipal corporation to the county shall be decided by the majority vote of the voters voting thereon in a county-wide election. [1977 ex.s. c 277 § 14.]

36.56.910 Effective date—1977 ex.s. c 277. This 1977 amendatory act shall take effect July 1, 1978. [1977 ex.s. c 277 § 15.]

36.57A.011 Municipality defined. See RCW 35.58.272.

36.57A.020 Public transportation improvement conference—Convening—Purpose—Multi-county conferences. The county legislative authority of every county with a population of forty thousand or more shall, and the legislative authority of every other county may, within ninety days of July 1, 1975, and as often thereafter as it deems necessary, and upon thirty days prior written notice addressed to the legislative body of each city within the county and with thirty days public notice, convene a public transportation improvement conference to be attended by an elected representative selected by the legislative body of each city, within such county, and by the county legislative authority. Such conference shall be for the purpose of evaluating the need for and the desirability of the creation of a public transportation benefit area within certain incorporated and unincorporated portions of the county to provide public transportation services within such area. In those counties where county officials believe the need for public transportation service extends across county boundaries so as to provide public transportation service in a metropolitan area, the county legislative bodies of two or more neighboring counties may elect to convene a multi-county conference. In addition, county-wide conferences may be convened by resolution of the legislative bodies of two or more cities within the county, not to exceed one in any twelve month period, or a petition signed by at least ten percent of the registered voters in the last general election of the city, county or city/county areas of a proposed benefit area. The chair of the conference shall be elected from the members at large. [1991 c 363 § 73; 1975 1st ex.s. c 270 § 12.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.57A.030 Establishment or change in boundaries of public transportation benefit area—Hearing—Notice—Procedure—Authority of county to terminate public transportation benefit area. Any conference which finds it desirable to establish a public transportation benefit area or change the boundaries of any existing public transportation benefit area shall fix a date for a public hearing thereon, or the legislative bodies of any two or more component cities or the county legislative body by resolution may require the public transportation improvement conference to fix a date for a public hearing thereon. Prior to the convening of the public hearing, the county governing body shall delineate the area of the county proposed to be included within the transportation benefit area, and shall furnish a copy of such delineation to each incorporated city within such area. Each city shall advise the county governing body, on a preliminary basis, of its desire to be included or excluded from the transportation benefit area. The county governing body shall cause the delineations to be revised to reflect the wishes of such incorporated cities. This delineation shall be considered by the conference at the public hearing for inclusion in the public transportation benefit area.

Notice of such hearing shall be published once a week for at least four consecutive weeks in one or more newspapers of general circulation within the area. The notice shall contain a description and map of the boundaries of the proposed public transportation benefit area and shall state the time and place of the hearing and the fact that any changes in the boundaries of the public transportation benefit area will be considered at such time and place. At such hearing or any continuation thereof, any interested person may
appear and be heard on all matters relating to the effect of the formation of the proposed public transportation benefit area.

The conference may make such changes in the boundaries of the public transportation benefit area as they shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands, and may not delete a portion of any city. If the conference shall determine that any additional territory should be included in the public transportation benefit area, a second hearing shall be held and notice given in the same manner as for the original hearing. The conference may adjourn the hearing on the formation of a public transportation benefit area from time to time not exceeding thirty days in all.

Following the conclusion of such hearing the conference shall adopt a resolution fixing the boundaries of the proposed public transportation benefit area, declaring that the formation of the proposed public transportation benefit area will be conducive to the welfare and benefit of the persons and property therein.

Within thirty days of the adoption of such conference resolution, the county legislative authority of each county wherein a conference has established proposed boundaries of a public transportation benefit area, may by resolution, upon making a legislative finding that the proposed benefit area includes portions of the county which could not be reasonably expected to benefit from such benefit area or excludes portions of the county which could be reasonably expected to benefit from its creation, disapprove and terminate the establishment of such public transportation benefit area within such county. [1977 ex.s. c 44 § 1; 1975 1st ex.s. c 270 § 13]

Severability—1977 ex.s. c 44: “If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.” [1977 ex.s. c 44 § 7]

Effective date—1977 ex.s. c 44: “This 1977 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1977.” [1977 ex.s. c 44 § 8]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.040 Cities included or excluded—Boundaries—Only benefited areas included—One area per county, exception. At the time of its formation no public transportation benefit area may include only a part of any city, and every city shall be either wholly included or wholly excluded from the boundaries of such area. Notwithstanding any other provision of law, if subsequent to the formation of a public transportation benefit area additional area became or will become a part of a component city by annexation, merger, or otherwise, the additional area shall be included within the boundaries of the transportation benefit area and be subject to all taxes and other liabilities and obligations of the public transportation benefit area. The component city shall be required to notify the public transportation benefit area at the time the city has added the additional area. Furthermore, notwithstanding any other provisions of law except as specifically provided in this section, if a city that is not a component city of the public transportation benefit area adds area to its boundaries that is within the boundaries of the public transportation benefit area, the area so added shall be deemed to be excluded from the public transportation benefit area: PROVIDED, That the public transportation benefit area shall be given notice of the city’s intention to add such area. If a city extends its boundaries through annexation across a county boundary and such extended boundaries include areas within the public transportation benefit area, then the entire area of the city within the county that is within the public transportation benefit area shall be included within the public transportation benefit area boundaries. Such area of the city in the public transportation benefit area shall be considered a component city of the public transportation benefit area corporation.

The boundaries of any public transportation benefit area shall follow school district lines or election precinct lines, as far as practicable. Only such areas shall be included which the conference determines could reasonably benefit from the provision of public transportation services. Except as provided in RCW 36.57A.140(2), only one public transportation benefit area may be created in any county. [1992 c 16 § 1; 1991 c 318 § 15; 1983 c 65 § 2; 1975 1st ex.s. c 270 § 14]

Intent—1991 c 318: “The legislature recognizes that certain communities have important cultural, economic, or transportation linkages to communities in other counties. Many public services can most efficiently be delivered from public agencies located in counties other than the county within which the community is located. It is the intent of the legislature by enacting sections 15 through 17 of this act to further more effective public transportation linkages between communities, regardless of county association, in order to better serve state citizen needs.” [1991 c 318 § 14]

Sections 15 through 17 of this act are the 1991 c 318 amendments to RCW 36.57A.040, 36.57A.055, and 36.57A.140.

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.050 Government body—Selection, qualification, number of members—Travel expenses, compensation. Within sixty days of the establishment of the boundaries of the public transportation benefit area, the members of the county legislative authority and the elected representative of each city within the area shall provide for the selection of the governing body of such area, the public transportation benefit area authority, which shall consist of elected officials selected by and serving at the pleasure of the governing bodies of component cities within the area and the county legislative authority of each county within the area. If at the time a public transportation benefit area authority assumes the public transportation functions previously provided under the Interlocal Cooperation Act (chapter 39.34 RCW) there are citizen positions on the governing board of the transit system, those positions may be retained as positions on the governing board of the public transportation benefit area authority.

Within such sixty-day period, any city may by resolution of its legislative body withdraw from participation in the public transportation benefit area. The county legislative authority and each city remaining in the public transportation benefit area may disapprove and prevent the establishment of any governing body of a public transportation benefit area if the composition thereof does not meet its approval.

In no case shall the governing body of a single county public transportation benefit area be greater than nine members and in the case of a multicounty area, fifteen
members. Those cities within the transportation benefit area and excluded from direct membership on the authority are hereby authorized to designate a member of the authority who shall be entitled to represent the interests of such city which is excluded from direct membership on the authority. The legislative body of such city shall notify the authority as to the determination of its authorized representative on the authority.

Each member of the authority is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation, as set by the authority, in an amount not to exceed forty-four dollars for each day during which the member attends official meetings of the authority or performs prescribed duties approved by the chairman of the authority. In no event may a member be compensated in any year for more than seventy-five days, except the chairman who may be paid compensation for not more than one hundred days: PROVIDED, That compensation shall not be paid to an elected official or employee of federal, state, or local government who is receiving regular full-time compensation from such government for attending meetings and performing prescribed duties of the authority. [1983 c 65 § 3; 1977 ex.s. c 44 § 2; 1975 1st ex.s. c 270 § 15.]

Severability—Effective date—1977 ex.s. c 44: See notes following RCW 36.57A.030.

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.055 Governing body—Periodic review of composition. After a public transportation benefit area has been in existence for four years, members of the county legislative authority and the elected representative of each city within the boundaries of the public transportation benefit area shall review the composition of the governing body of the benefit area and change the composition of the governing body if the change is deemed appropriate. The review shall be at a meeting of the designated representatives of the component county and cities, and the majority of those present shall constitute a quorum at such meeting. Twenty days notice of the meeting shall be given by the chief administrative officer of the public transportation benefit area authority. After the initial review, a review shall be held every four years.

If an area having a population greater than fifteen percent, or areas with a combined population of greater than twenty-five percent of the population of the existing public transportation benefit area as constituted at the last review meeting, annex to the public transportation benefit area, or if an area is added under RCW 36.57A.140(2), the representatives of the component county and cities shall meet within ninety days to review and change the composition of the governing body, if the change is deemed appropriate. This meeting is in addition to the regular four-year review meeting and shall be conducted pursuant to the same notice requirement and quorum provisions of the regular review. [1991 c 318 § 16; 1983 c 65 § 4.]

36.57A.060 Comprehensive plan—Development—Elements. The public transportation benefit area authority authorized pursuant to RCW 36.57A.050 shall develop a comprehensive transit plan for the area. Such plan shall include, but not be limited to the following elements:

1. The levels of transit service that can be reasonably provided for various portions of the benefit area.
2. The funding requirements, including local tax sources, state and federal funds, necessary to provide various levels of service within the area.
3. The impact of such a transportation program on other transit systems operating within that county or adjacent counties.
4. The future enlargement of the benefit area or the consolidation of such benefit area with other transit systems. [1975 1st ex.s. c 270 § 16.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.070 Comprehensive plan—Review—Approval or disapproval—Resubmission. The comprehensive transit plan adopted by the authority shall be reviewed by the state transportation commission to determine:

1. The completeness of service to be offered and the economic viability of the transit system proposed in such comprehensive transit plan;
2. Whether such plan integrates the proposed transportation system with existing transportation modes and systems that serve the benefit area;
3. Whether such plan coordinates that area's system and service with nearby public transportation systems;
4. Whether such plan is eligible for matching state or federal funds;

After reviewing the comprehensive transit plan, the state transportation commission shall have sixty days in which to approve such plan and to certify to the state treasurer that such public transportation benefit area shall be eligible to receive the motor vehicle excise tax proceeds authorized pursuant to RCW 35.58.273, as now or hereafter amended in the manner prescribed by chapter 82.44 RCW, as now or hereafter amended. To be approved a plan shall provide for coordinated transportation planning, the integration of such proposed transportation program with other transportation systems operating in areas adjacent to, or in the vicinity of the proposed public transportation benefit area, and be consistent with the public transportation coordination criteria adopted pursuant to the urban mass transportation act of 1964 as amended as of July 1, 1975. In the event such comprehensive plan is disapproved and ruled ineligible to receive motor vehicle tax proceeds, the state transportation commission shall provide written notice to the authority within thirty days as to the reasons for such plan's disapproval and such ineligibility. The authority may resubmit such plan upon reconsideration and correction of such deficiencies in the plan cited in such notice of disapproval. [1985 c 6 § 5; 1975 1st ex.s. c 270 § 17.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.080 General powers. In addition to the powers specifically granted by this chapter a public transportation benefit area shall have all powers which are necessary to carry out the purposes of the public transportation benefit
A public transportation benefit area may contract with the United States or any agency thereof, any state or agency thereof, any other public transportation benefit area, any county, city, metropolitan municipal corporation, special district, or governmental agency, within or without the state, and any private person, firm or corporation for the purpose of receiving gifts or grants or securing loans or advances for preliminary planning and feasibility studies, or for the design, construction or operation of transportation facilities. In addition a public transportation benefit area may contract with any governmental agency or with any private person, firm or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands and rights of way of all kinds which are owned, leased or held by the other party and for the purpose of planning, constructing or operating any facility or performing any service which the public transportation benefit area may be authorized to operate or perform, on such terms as may be agreed upon by the contracting parties. Before any contract for the lease or operation of any public transportation benefit area facilities shall be let to any private person, firm or corporation, a general schedule of rental rates for bus equipment with or without drivers shall be publicly posted applicable to all private certificated carriers, and for other facilities competitive bids shall first be called upon such notice, bidder qualifications and bid conditions as the public transportation benefit area authority shall determine.

A public transportation benefit area may sue and be sued in its corporate capacity in all courts and in all proceedings. [1975 1st ex.s. c 270 § 18.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

### 36.57A.090 Additional powers—Acquisition of existing system

A public transportation benefit area authority shall have the following powers in addition to the general powers granted by this chapter:

1. To prepare, adopt, and carry out a general comprehensive plan for public transportation service which will best serve the residents of the public transportation benefit area and to amend said plan from time to time to meet changed conditions and requirements.

2. To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of transportation facilities and properties within or without the public transportation benefit area or the state, including systems of surface, underground, or overhead railways, tramways, buses, or any other means of local transportation except taxis, and including escalators, moving sidewalks, or other people-moving systems, passenger terminal and parking facilities and properties, and such other facilities and properties as may be necessary for passenger and vehicular access to and from such people-moving systems, terminal and parking facilities and properties, together with all lands, rights of way, property, equipment, and accessories necessary for such systems and facilities. Public transportation facilities and properties which are owned by any city may be acquired or used by the public transportation benefit area authority only with the consent of the city council of the city owning such facilities. Cities are hereby authorized to convey or lease such facilities to a public transportation benefit area authority or to contract for their joint use on such terms as may be fixed by agreement between the city council of such city and the public transportation benefit area authority, without submitting the matter to the voters of such city.

The facilities and properties of a public transportation benefit area system whose vehicles will operate primarily within the rights of way of public streets, roads, or highways, may be acquired, developed, and operated without the corridor and design hearings which are required by RCW 35.58.273, as now or hereafter amended, for mass transit facilities operating on a separate right of way.

3. To fix rates, tolls, fares, and charges for the use of such facilities and to establish various routes and classes of service. Fares or charges may be adjusted or eliminated for any distinguishable class of users including, but not limited to, senior citizens, handicapped persons, and students.

In the event any person holding a certificate of public convenience and necessity from the Washington utilities and transportation commission under RCW 81.68.040 has operated under such certificate for a continuous period of one year prior to the date of certification and is offering service within the public transportation benefit area on the date of the certification by the county canvassing board that a majority of votes cast authorize a tax to be levied and collected by the public transportation benefit area authority, such authority may by purchase or condemnation acquire at the fair market value, from the person holding the existing certificate for providing the services, that portion of the operating authority and equipment representing the services within the area of public operation. The person holding such existing certificate may require the public transportation benefit area authority to initiate such purchase of those assets of such person, existing as of the date of the county canvassing board certification, within sixty days after the date of such certification. [1981 c 25 § 4; 1977 ex.s. c 44 § 3; 1975 1st ex.s. c 270 § 19.]

### 36.57A.100 Agreements with operators of local public transportation services—Operation without agreement prohibited—Purchase or condemnation of assets

Except in accordance with an agreement made as provided in this section or in accordance with the provisions of RCW 36.57A.090(3) as now or hereafter amended, upon the effective date on which the public transportation benefit area commences to perform the public transportation service, no person or private corporation shall operate a local public passenger transportation service within the public transportation benefit area with the exception of taxis, buses owned or operated by a school district or private school, and buses owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fee or fare is charged.

An agreement may be entered into between the public transportation benefit area authority and any person or corporation legally operating a local public passenger transportation service wholly within or partly within and partly without the public transportation benefit area and on
said effective date under which such person or corporation may continue to operate such service or any part thereof for such time and upon such terms and conditions as provided in such agreement. Such agreement shall provide for a periodic review of the terms and conditions contained therein. Where any such local public passenger transportation service will be required to cease to operate within the public transportation benefit area, the public transportation benefit area authority may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, the public transportation benefit area authority shall condemn such assets in the manner and by the same procedure as is or may be provided by law for the condemnation of other properties for cities of the first class, except insofar as such laws may be inconsistent with the provisions of this chapter.

Wherever a privately owned public carrier operates wholly or partly within a public transportation benefit area, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law. [1977 ex.s. c 44 § 4; 1975 1st ex.s. c 270 § 20.]

**Severability—Effective date—1977 ex.s. c 44:** See notes following RCW 36.57A.030.

**Severability—Effective date—1975 1st ex.s. c 270:** See notes following RCW 35.58.272.

36.57A.110 Powers of component city concerning passenger transportation transferred to benefit area—Operation of system by city until acquired by benefit area—Consent. The public transportation benefit area shall have and exercise all rights with respect to the construction, acquisition, maintenance, operation, extension, alteration, repair, control and management of passenger transportation which any component city shall have been previously empowered to exercise and such powers shall not thereafter be exercised by such component cities without the consent of the public transportation benefit area: PROVIDED, That any city owning and operating a public transportation system on July 1, 1975 may continue to operate such system within such city until such system shall have been acquired by the public transportation benefit area and a public transportation benefit area may not acquire such system without the consent of the city council of such city. [1975 1st ex.s. c 270 § 21.]

**Severability—Effective date—1975 1st ex.s. c 270:** See notes following RCW 35.58.272.

36.57A.120 Acquisition of existing system—Labor contracts, employee rights preserved—Collective bargaining. If a public transportation benefit area shall acquire any existing transportation system, it shall assume and observe all existing labor contracts relating to such system and, to the extent necessary for operation of facilities, all of the employees of such acquired transportation system whose duties are necessary to operate efficiently the facilities acquired shall be appointed to comparable positions to those which they held at the time of such transfer, and no employee or retired or pensioned employee of such systems shall be placed in any worse position with respect to pension seniority, wages, sick leave, vacation or other benefits that he enjoyed as an employee of such system prior to such acquisition. The public transportation benefit area authority shall engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired transportation system and may enter into labor contracts with such employee labor organization. [1975 1st ex.s. c 270 § 22.]

**Severability—Effective date—1975 1st ex.s. c 270:** See notes following RCW 35.58.272.

36.57A.130 Treasurer and auditor—Powers and duties—Transportation fund—Contribution of sums for expenses. The treasurer of the county in which a public transportation benefit area authority is located shall be ex officio treasurer of the authority. In the case of a multicity public transportation benefit area the county treasurer of the largest component county, by population, shall be the treasurer of the authority. However, the authority, by resolution, and upon the approval of the county treasurer, may designate some other person having experience in financial or fiscal matters as treasurer of the authority. Such a treasurer shall possess all of the powers, responsibilities, and duties the county treasurer possesses for a public transportation benefit area authority related to investing surplus authority funds. The authority may (and if the treasurer is not a county treasurer, it shall) require a bond with a surety company authorized to do business in the state of Washington in an amount and under the terms and conditions the authority, by resolution, from time to time finds will protect the authority against loss. The premium on any such bond shall be paid by the authority.

All authority funds shall be paid to the treasurer and shall be disbursed by the treasurer only on warrants issued by the county auditor, upon orders or vouchers approved by the authority. However, the authority may, by resolution, designate some person having experience in financial or fiscal matters, other than the county auditor, as the auditor of the authority. Such an auditor shall possess all of the powers, responsibilities, and duties the county auditor possesses for a public transportation benefit area authority related to creating and maintaining funds, issuing warrants, and maintaining a record of receipts and disbursements.

The treasurer shall establish a "transportation fund," into which shall be paid all authority funds, and the treasurer shall maintain such special accounts as may be created by the authority into which shall be placed all money as the authority may, by resolution, direct.

If the treasurer of the authority is a treasurer of the county, all authority funds shall be deposited with the county depository under the same restrictions, contracts, and security as provided for county depositories. If the treasurer of the authority is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state that have qualified for insured deposits under any federal deposit insurance act as the authority, by resolution, shall designate.

An authority may provide and require a reasonable bond of any other person handling moneys or securities of the authority, but the authority shall pay the premium on the bond.

The county or counties and each city or town which is included in the authority shall contribute such sums towards the expense for maintaining and operating the public transportation benefit area.
Public Transportation Benefit Areas

36.57A.140 Annexation of additional area. (1) An election to authorize the annexation of territory contiguous to a public transportation benefit area may be called within the area to be annexed pursuant to resolution or petition in the following manner:

(a) By resolution of a public transportation benefit area authority when it determines that the best interests and general welfare of the public transportation benefit area would be served. The authority shall consider the question of areas to be annexed to the public transportation benefit area at least once every two years.

(b) By petition calling for such an election signed by at least four percent of the qualified voters residing within the area to be annexed and filed with the auditor of the county wherein the largest portion of the public transportation benefit area is located, and notice thereof shall be given to the authority. Upon receipt of such a petition, the authority shall examine it and certify to the sufficiency of the signatures thereon.

(c) By resolution of a public transportation benefit area authority upon request of any city for annexation thereto.

(2) If the area proposed to be annexed is located within another county, the petition or resolution for annexation as set forth in subsection (1) of this section must be approved by the legislative authority of the county if the area is unincorporated or by the legislative authority of the city or town if the area is incorporated. Any annexation under this subsection must involve contiguous areas.

(3) The resolution or petition shall describe the boundaries of the area to be annexed. It shall require that there also be submitted to the electorate of the territory sought to be annexed a proposition authorizing the inclusion of the area within the public transportation benefit area and authorizing the imposition of such taxes authorized by law to be collected by the authority. [1991 c 318 § 17; 1983 c 65 § 5; 1975 1st ex.s. c 270 § 24.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 36.57A.272.

36.57A.150 Advanced financial support payments. Counties that have established a county transportation authority pursuant to chapter 36.57 RCW and public transportation benefit areas that have been established pursuant to this chapter are eligible to receive a one-time advanced financial support payment from the state to assist in the development of the initial comprehensive transit plan required by RCW 36.57.070 and 36.57A.060. The amount of this support payment is established at one dollar per person residing within each county or public transportation benefit area, as determined by the office of financial management, but no single payment shall exceed fifty thousand dollars. Repayment of an advanced financial support payment shall be made to the public transportation account in the general fund or, if such account does not exist, to the general fund by each agency within two years of the date such advanced payment was received. Such repayment shall be waived within two years of the date such advanced payment was received if the voters in the appropriate counties or public transportation benefit areas do not elect to levy and collect taxes enabled under authority of this chapter and RCW 35.95.040 and 82.14.045. The state department of transportation shall provide technical assistance in the preparation of local transit plans, and administer the advanced financial support payments authorized by this section.

[1985 c 6 § 6; 1979 c 151 § 41; 1975 1st ex.s. c 270 § 25.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.160 Dissolution and liquidation. A public transportation benefit area established pursuant to this chapter may be dissolved and its affairs liquidated when so directed by a majority of persons in the benefit area voting on such question. An election placing such question before the voters may be called in the following manner:

(1) By resolution of the public transportation benefit area authority;

(2) By resolution of the county legislative body or bodies with the concurrence therein by resolution of the city council of a component city; or

(3) By petition calling for such election signed by at least ten percent of the qualified voters residing within the area filed with the auditor of the county wherein the largest portion of the public transportation benefit area is located. The auditor shall examine the same and certify to the sufficiency of the signatures thereon: PROVIDED, That to be validated, signatures must have been collected within a ninety day period as designated by the petition sponsors.

Any dissolution of a public transportation benefit area authority shall be carried out in accordance with the procedures in chapter 53.48 RCW. Any remaining deficit of the authority determined pursuant to RCW 53.48.080 shall be paid from the moneys collected from the tax source under which the authority operated. [1977 ex.s. c 44 § 5; 1975 1st ex.s. c 270 § 26.]

Any county legislative authority may acquire by purchase or by gift, dedication, or donation, sites for the use of the public in disposing of solid waste or recyclable materials. However, no county legislative authority shall be authorized to require any retail enterprise engaged in the sale of consumer-packaged products to locate or place a public solid waste collection site or buy-back center upon or within a certain distance of the retail establishment as a condition of engaging in the sale of consumer-packaged products. [1989 c 431 § 52; 1963 c 4 § 36.58.010. Prior: 1943 c 87 § 1; Rem. Supp. 1943 § 6294-150.]

36.58.020 Rules and regulations as to use—Penalty. Any board of county commissioners may make such rules and regulations as may be deemed necessary for the use and occupation of such sites, and may provide for the maintenance and care thereof. Any person violating any of the rules and regulations made by the board relating to the use or occupation of any site owned or occupied by the county for garbage disposal purposes shall be guilty of a misdemeanor. 36.58.030 "Transfer station" defined. As used in RCW 36.58.030 through 36.58.060, the term "transfer station" means a staffed, fixed supplemental facility used by persons and route collection vehicles to deposit solid wastes into transfer trailers for transportation to a disposal site. This does not include detachable containers, except in counties with a population of less than seventy thousand, and in any county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand that is located east of the crest of the Cascade mountain range, where detachable containers shall be securely fenced, staffed by an attendant during all hours when the detachable container is open to the public, charge a tipping fee that shall cover the cost of providing and for use of the service, and shall be operated as a transfer station. [1991 c 363 § 74; 1989 c 431 § 27; 1975-76 2nd ex.s. c 58 § 1.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.58.040 Solid waste handling systems authorized—Disposal sites—Contracts for solid waste handling and collection of source separated recyclable material—Waste reduction and recycling. The legislative authority of a county may by ordinance provide for the establishment of a system or systems of solid waste handling for all unincorporated areas of the county or for portions thereof. A county may designate a disposal site or sites for all solid waste collected in the unincorporated areas pursuant to the provisions of a comprehensive solid waste plan adopted pursuant to chapter 70.95 RCW. However for any solid waste collected by a private hauler operating under a certificate granted by the Washington utilities and transportation commission under the provisions of chapter 81.77 RCW and which certificate is for collection in a geographic area lying in more than one county, such designation of disposal sites shall be pursuant to an interlocal agreement between the involved counties.

A county may construct, lease, purchase, acquire; add to, alter, or extend solid waste handling systems, plants, sites, or other facilities and shall have full jurisdiction and authority to manage, regulate, maintain, utilize, operate, control, and establish the rates and charges for those solid waste handling systems, plants, sites, or other facilities. A county may enter into agreements with public or private parties to: (1) Construct, purchase, acquire, lease, add to, alter, extend, maintain, manage, utilize, or operate publicly or privately owned or operated solid waste handling systems, plants, sites, or other facilities; (2) establish rates and charges for those systems, plants, sites, or other facilities; (3) designate particular publicly or privately owned or operated systems, plants, sites, or other facilities as disposal sites; (4) process, treat, or convert solid waste into other valuable or useful materials or products; and (5) sell the material or products of those systems, plants, or other facilities.

The legislative authority of a county may award contracts for solid waste handling that provide that a county provide for a minimum periodic fee or other method of compensation in consideration of the operational availability of those solid waste handling systems, plants, sites, or other facilities at a specified minimum level, without regard to the ownership of the systems, plants, sites or other facilities, or the amount of solid waste actually handled during all or any part of the contract. When a minimum level of solid waste is specified in a contract entered into under this section, there shall be a specific allocation of financial responsibility in the event the amount of solid waste handled falls below the minimum level provided in the contract. Solid waste handling systems, plants, sites, or other facilities constructed, purchased, acquired, leased, added to, altered, extended, maintained, managed, utilized, or operated pursuant to this section, whether publicly or privately owned, shall be in substantial compliance with the solid waste management plan applicable to the county adopted pursuant to chapter 70.95 RCW. Agreements relating to such solid waste handling systems, plans, sites, or other facilities may be for such term and may contain such covenants, conditions, and remedies as the legislative authority of the county may deem necessary or appropriate.
As used in this chapter, the terms "solid waste" and "solid waste handling" shall be as defined in RCW 70.95.030.

The legislative authority of a county may:

(1) By ordinance award a contract to collect source separated recyclable materials from residences within unincorporated areas. The legislative authority has complete authority to manage, regulate, and fix the price of the source separated recyclable collection service. The contracts may provide that the county pay minimum periodic fees to a municipal entity or permit holder; or

(2) Notify the commission in writing to carry out and implement the provisions of the waste reduction and recycling element of the comprehensive solid waste management plan.

This election may be made by counties at any time after July 23, 1989. An initial election must be made no later than ninety days following approval of the local comprehensive waste management plan required by RCW 70.95.090.

Nothing in this section shall be construed to authorize the operation of a solid waste collection system by counties or to authorize counties to affect the authority of the utilities and transportation commission under RCW 81.77.020. [1992 c 131 § 3. Prior: 1989 c 431 § 28; 1989 c 399 § 9; 1986 c 282 § 20; 1975-76 2nd ex.s. c 58 § 2.]

Severability—1989 c 431: See RCW 70.95.901.

Severability—Legislative findings—Construction—Liberal construction—Supplemental powers—1986 c 282: See notes following RCW 35.21.156.

### 36.58.045 County may impose fee upon solid waste collection services—Revenue to fund compliance with comprehensive solid waste management plan.

(1) The legislative authority of any county may impose a fee upon the solid waste collection services of a solid waste collection company operating within the unincorporated areas of the county, to fund the administration and planning expenses that may be incurred by the county in complying with the requirements in RCW 70.95.090. The fee may be in addition to any other solid waste services fees and charges a county may legally impose.

(2) Each county imposing the fee authorized by this section shall notify the Washington utilities and transportation commission and the affected solid waste collection companies of the amount of the fee ninety days prior to its implementation. [1989 c 431 § 15.]

Severability—Sections captions not law—1989 c 431: See RCW 70.95.901 and 70.95.902.

### 36.58.050 Solid waste disposal—Transfer stations.

When a comprehensive solid waste plan, as provided in RCW 70.95.080, incorporates the use of transfer stations, such stations shall be considered part of the disposal site and as such, along with the transportation of solid wastes between disposal sites, shall be exempt from regulation by the Washington utilities and transportation commission as provided in chapter 81.77 RCW.

Each county may enter into contracts for the hauling of trailers of solid wastes from these transfer stations to disposal sites and return either by (1) the normal bidding process, or (2) negotiation with the qualified collection company servicing the area under authority of chapter 81.77 RCW. [1975-76 2nd ex.s. c 58 § 3.]

### 36.58.060 Solid waste disposal—Ownership of solid wastes—Responsibility for handling.

Ownership of solid wastes shall be vested in the person or local jurisdiction managing disposal and/or resource recovery facilities upon the arrival of said solid wastes at said facility: PROVIDED, That the original owner retains ownership of the solid wastes until they arrive at the disposal site or transfer station or detachable container, and the original owner has the right of recovery to any valuable items inadvertently discarded: PROVIDED FURTHER, That the person or agency providing the collection service shall be responsible for the proper handling of the solid wastes from the point of collection to the disposal or recovery facility. [1975-76 2nd ex.s. c 58 § 4.]

### 36.58.080 County solid waste facilities—Exempt from municipal taxes—Charges to mitigate impacts—Negotiation and arbitration.

County-owned solid waste facilities shall not be subject to any tax or excise imposed by any city or town. Cities or towns may charge counties to mitigate impacts directly attributable to the solid waste facility: PROVIDED, That any city or town establishes that such charges are reasonably necessary to mitigate such impacts and that revenue generated from such charges is expended only to mitigate such impacts. Impacts resulting from commercial and residential solid waste collection within any city or town shall not be considered to be directly attributable to the solid waste facility. In the event that no agreement can be reached between the city or town and the county following a reasonable period of good faith negotiations, including mediation where appropriate, the matter shall be resolved by a board of arbitrators, to be convened at the request of either party, such board of arbitrators to consist of a representative from the city or town involved, a representative of the county, and a third representative to be appointed by the other two representatives. If no agreement can be reached with regard to said third representative, the third representative shall be appointed by a judge of the superior court of the county of the jurisdiction owning the solid waste facility. The determination by the board of arbitrators of the sum to be paid by the county shall be binding on all parties. Each party shall pay the costs of their individual representatives on the board of arbitrators and they shall pay one-half of the cost of the third representative. [1983 c 171 § 1; 1982 c 175 § 8.]

Severability—1982 c 175: See note following RCW 36.58.100.

### 36.58.090 Contracts with vendors for solid waste handling systems, plants, sites, or facilities—Requirements—Vendor selection procedures.

(1) Notwithstanding the provisions of any county charter or any law to the contrary, and in addition to any other authority provided by law, the legislative authority of a county may contract with one or more vendors for one or more of the design, construction, or operation of, or other service related to, the solid waste handling systems, plants, sites, or other facilities in accordance with the procedures set forth in this section. When a contract for design services is entered into
36.58.090  Title 36 RCW: Counties

For the purpose of this chapter, the term "legislative authority" shall mean the board of county commissioners or, in the case of a home rule charter county, the official, officials, or public body designated by the charter to perform the functions authorized therein.

(2) If the legislative authority of the county decides to proceed with the consideration of qualifications or proposals for services from vendors, the county shall publish notice of its requirements and request submission of qualifications statements or proposals. The notice shall be published in the official newspaper of the county at least once a week for two weeks not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice shall state in summary form (a) the general scope and nature of the design, construction, operation, or other service, (b) the name and address of a representative of the county who can provide further details, (c) the final date for the submission of qualifications statements or proposals, (d) an estimated schedule for the consideration of qualifications, the selection of vendors, and the negotiation of a contract or contracts for services, (e) the location at which a copy of any request for qualifications or request for proposals will be made available, and (f) the criteria established by the legislative authority to select a vendor or vendors, which may include but shall not be limited to the vendor's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability and financial resources; cost of the services, nature of facility design proposed by the vendor; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public; project performance guarantees; penalty and other enforcement provisions; environmental protection measures to be used; consistency with the applicable comprehensive solid waste management plan; and allocation of project risks.

(3) If the legislative authority of the county decides to proceed with the consideration of qualifications or proposals, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The legislative authority or representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or the representative may request detailed proposals without having first received and evaluated qualifications statements. The representative shall evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the legislative authority of the county, discussions and interviews shall be held with at least two vendors. Any revisions to a request for qualifications or request for proposals shall be made available to all vendors then under consideration by the city or town and shall be made available to any other person who has requested receipt of that information.

(4) Based on criteria established by the legislative authority of the county, the representative shall recommend to the legislative authority a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction, or operation of, or other service related to, the proposed project or services. The legislative authority may select one or more qualified vendors for one or more of the design, construction, or operation of, or other service related to, the proposed project or services.

(5) The legislative authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, or operation of, or other service related to, the proposed project or services, on terms that the legislative authority determines to be fair and reasonable and in the best interest of the county. If the legislative authority or its representative is unable to negotiate such a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the county, negotiations with any one or more of the vendors shall be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the legislative authority decides to continue the process of selection, negotiations shall continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the legislative authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the legislative authority. The process may be repeated until an agreement is reached.

(6) Prior to entering into a contract with a vendor, the legislative authority of the county shall make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the county to use this method for awarding contracts compared to other methods.

(7) Each contract shall include a project performance bond or bonds or other security by the vendor that in the judgment of the legislative authority of the county is sufficient to secure adequate performance by the vendor.

(8) The provisions of chapters 39.12, 39.19, and *39.25 RCW shall apply to a contract entered into under this section to the same extent as if the systems and plants were owned by a public body.

(9) The vendor selection process permitted by this section shall be supplemental to and shall not be construed as a repeal of or limitation on any other authority granted by law.

(10) The alternative selection process provided by this section may not be used in the selection of a person or entity to construct a publicly owned facility for the storage or transfer of solid waste or solid waste handling equipment unless the facility is either (a) privately operated pursuant to a contract greater than five years, or (b) an integral part of a solid waste processing facility located on the same site. Instead, the applicable provisions of RCW 36.32.250 and chapters 39.04 and 39.30 RCW shall be followed. [1992 c 131 § 4; 1989 c 399 § 10; 1986 c 282 § 19.]

*Reviser's note: Chapter 39.25 RCW was repealed by 1994 c 138 § 2.

This notice shall be in addition to any other notice required by law to be published. Additional notice of such hearing may be given by mail, posting within the proposed solid waste disposal district, or in any manner local authorities deem necessary to notify affected persons. All hearings shall be public and the county legislative authority shall hear objections from any person affected by the formation, modification, or dissolution of the solid waste disposal district and make such changes in the boundaries of the district or any other modifications that the county legislative authority deems necessary. The excise tax shall be billed and collected at times and in the manner fixed and determined by the solid waste disposal district. Penalties for failure to pay the tax on time may be provided for. ### 36.60.010 Establishment of district—Boundaries—Powers.

Subject to RCW 36.60.020, the legislative authority of a county may establish one or more county rail districts within the county for the purpose of providing and funding improved rail freight service. The boundaries of county rail districts shall be drawn to include contiguous property in an area from which agricultural or other goods could be shipped by the rail service provided. The district shall not include property outside this area which does not, or, in the judgment of the county legislative authority, is not expected to produce goods which can be shipped by rail, or property substantially devoted to fruit crops or producing goods that are shipped in a direction away from the district. A county rail district is a quasi municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

A county rail district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to accept and expend or use gifts, grants, and donations, and to sue and be sued.

The county legislative authority shall be the governing body of a county rail district. The county treasurer shall act as the ex officio treasurer of the county rail district. The electors of a district are all registered voters residing within the district.

This authority and that provided in RCW 36.60.030 may only be exercised outside the boundaries of the county rail district if such extraterritorial rail services, equipment, or facilities are found, by resolution of the county legislative authority exercising such authority, to be reasonably necessary to link the rail services, equipment, and facilities within the rail district to an interstate railroad system; however, if such extraterritorial rail services, equipment, or facilities are in or are to be located in one or more other counties, the legislative authority of such other county must consent by resolution to the proposed plan of the originating county which consent shall not be unreasonably withheld. [1985 c 187 § 1; 1983 c 303 § 8.]

### 36.60.020 Establishment, modification, or dissolution of district—Public notice and hearing—Election.

1. A county legislative authority proposing to establish a county rail district, or to modify the boundaries of an existing county rail district, or to dissolve an existing county rail district, shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed county rail district. This notice shall be in addition to any other notice required by law to be published. Additional notice of the hearing may be given by mail, posting within the proposed county rail district, or in any manner the county legislative authority deems necessary to notify affected persons. All hearings shall be public and the county legislative authority shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the county rail district.

2. Following the hearing held under subsection (1) of this section, the county legislative authority may adopt a resolution providing for the submission of a proposal to establish a county rail district, modify the boundaries of an

(1994 Ed.)
existing county rail district, or dissolve an existing county rail district, if the county legislative authority finds the proposal to be in the public interest. The resolution shall contain the boundaries of the district if applicable.

A proposition to create a county rail district, modify the boundaries of an existing county rail district, or dissolve an existing rail district shall be submitted to the affected voters at the next general election held sixty or more days after the adoption of the resolution providing for the submittal by the county legislative authority. The resolution shall establish the boundaries of the district and include a finding that the creation of the district is in the public interest and that the area included within the district can reasonably be expected to benefit from its creation. No portion of a city may be included in such a district unless the entire city is included.

The district shall be created upon approval of the proposition by simple majority vote. The ballot proposition submitted to the voters shall be in substantially the following form:

FORMATION OF COUNTY RAIL DISTRICT . . . . . . .

Shall a county rail district be established for the area described in a resolution of the legislative authority of . . . . . . . county, adopted on the . . . . day of . . . . , 19 . . . ?

[1983 c 303 § 9.]

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.

36.60.030 Authority of district to provide rail service. A county rail district is authorized to contract with a person, partnership, or corporation to provide rail service along a light-density essential-service rail line for the purpose of carrying commodities. The district shall also have the power to acquire, maintain, improve, or extend rail facilities within the district that are necessary for the safe and efficient operation of the contracted rail service. A county rail district may receive state rail assistance under chapter 47.76 RCW. Two or more county rail districts may enter into interlocal cooperation agreements under chapter 39.34 RCW to carry out the purposes of this chapter. [1983 c 303 § 10.]

36.60.040 Excess property tax levies authorized. A county rail district is not authorized to impose a regular ad valorem property tax levy but may:

(1) Levy an ad valorem property tax, in excess of the one percent limitation, upon the property within the district for a one-year period to be used for operating or capital purposes whenever authorized by the voters of the district pursuant to RCW 84.52.052 and Article VII, section 2(a) of the state Constitution.

(2) Provide for the retirement of voter approved general obligation bonds, issued for capital purposes only, by levying bond retirement ad valorem property tax levies, in excess of the one percent limitation, whenever authorized by the voters of the district pursuant to Article VII, section 2(b) of the state Constitution and RCW 84.52.056. [1983 c 303 § 11.]

36.60.050 General obligation bonds authorized—Limitations—Terms. (1) To carry out the purpose of this chapter, a county rail district may issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A county rail district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, as prescribed in Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in RCW 36.60.040(2). The county rail district may submit a single proposition to the voters which, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the county rail district shall by resolution determine for each general obligation bond issue the amount, date or dates, terms, conditions, denominations, interest rate or rates, which may be fixed or variable, maturity or maturities, redemption rights, registration privileges, manner of execution, price, manner of sale, and covenants. The bonds may be in any form, including bearer bonds or registered bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the county rail district which issues the bonds may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. [1983 c 303 § 12.]

36.60.060 Revenue bonds authorized—Limitations—Terms. (1) A county rail district may issue revenue bonds to fund revenue generating facilities which it is authorized to provide or operate. Whenever revenue bonds are to be issued, the governing body of the district shall create or have created a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the governing body may obligate the district to pay such amounts of the gross revenue of all or any part of the facilities constructed, acquired, improved, repaired, or replaced pursuant to this chapter as the governing body determines.

(2) The governing body of a county rail district issuing revenue bonds shall create a special fund or funds from which, along with any reserves created under RCW 39.44.140, the principal and interest on the revenue bonds shall exclusively be payable. The governing body may obligate the county rail district to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements, projects, facilities, and all related additions funded by the revenue bonds. This amount or proportion shall be a lien and charge against these revenues, subject only to operating and maintenance expenses. The governing body shall consider the cost
of operation and maintenance of the public improvement, project, facility, or additions funded by the revenue bonds and shall not place into the special fund or funds a greater amount or proportion of the revenues than it thinks will be available after maintenance and operation expenses have been paid and after the payment of revenue previously pledged. The governing body may also provide that revenue bonds payable from the same source or sources of revenue may later be issued on parity with any revenue bonds issued and sold.

(3) Revenue bonds issued pursuant to this section shall not be an indebtedness of the county rail district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the county rail district arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(4) Revenue bonds with a maturity in excess of thirty years shall not be issued. The governing body of the county rail district shall by resolution determine for each revenue bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. The bonds may be in any form, including bearer bonds or registered bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued. [1983 c 303 § 13.]

36.60.070 Power of eminent domain. A county rail district may exercise the power of eminent domain to obtain property for its authorized purposes in the manner counties exercise the powers of eminent domain. [1983 c 303 § 14.]

Eminent domain by counties: Chapter 8.08 RCW.

36.60.100 Establishment, modification, or dissolution of district—Alternate method. The method of establishing, modifying, or dissolving a county rail district in RCW 36.60.110 through 36.60.130 is an alternate method to that specified in RCW 36.60.020. [1986 c 26 § 1.]

36.60.110 Establishment, modification, or dissolution of district—Alternate method—Petition. A petition to establish, modify the boundaries, or dissolve a county rail district shall be filed with the county legislative authority. The petition shall be signed by the owners of property valued at not less than seventy-five percent according to the assessed valuation for general taxation of the property for which establishment, modification or dissolution is petitioned. The petition shall set forth a legal description of the property and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. [1986 c 26 § 2.]

36.60.120 Establishment, modification, or dissolution of district—Alternate method—Public hearing. If a petition to establish, modify the boundaries, or dissolve a county rail district is filed with the county legislative authority that complies with the requirements specified in RCW 36.60.110, the legislative authority may accept the petition, fix a date for a public hearing, and publish notice of the hearing in one issue of the official county newspaper. The notice shall also be posted in three public places within the area proposed for establishment, modification, or dissolution, and shall specify the time and place of hearing. The expense of publication and posting of the notice shall be paid by the signers of the petition. [1986 c 26 § 3.]

36.60.130 Establishment, modification, or dissolution of district—Alternate method—Determination by county legislative authority. Following the hearing, the county legislative authority shall determine by resolution whether the area proposed shall establish, modify the boundaries, or dissolve the county rail district. They may include all or any portion of the proposed area but may not include any property not described in the petition. [1986 c 26 § 4.]

36.60.140 Annexation by boundary modification—Assumption of outstanding indebtedness. All property annexed to a county rail district by a boundary modification under RCW 36.60.110 through 36.60.130 shall assume all or any portion of the outstanding indebtedness of the county rail district existing at the date of modification. [1986 c 26 § 5.]

36.60.900 Liberal construction. The rule of strict construction does not apply to this chapter, and this chapter shall be liberally construed to permit the accomplishment of its purposes. [1983 c 303 § 15.]

36.60.905 Severability—1983 c 303. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 303 § 23.]

Chapter 36.61  Title 36 RCW: Counties

36.61.010 Purpose. The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property shall not be considered to be benefited, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter. [1987 c 432 § 1; 1985 c 398 § 1.]

36.61.020 Creation of district—Special assessments or rates and charges. Any county may create lake management districts to finance the improvement and maintenance of lakes located within or partially within the boundaries of the county. All or a portion of a lake and the adjacent land areas may be included within one or more lake management districts. More than one lake, or portions of lakes, and the adjacent land areas may be included in a single lake management district. A lake management district may be created for a period of up to ten years.

Special assessments or rates and charges may be imposed on the property included within a lake management district to finance lake improvement and maintenance activities, including: (1) The control or removal of aquatic plants and vegetation; (2) water quality; (3) the control of water levels; (4) storm water diversion and treatment; (5) agricultural waste control; (6) studying lake water quality problems and solutions; (7) cleaning and maintaining ditches and streams entering or leaving the lake; and (8) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake management district.

Special assessments or rates and charges may be imposed annually on all the land in a lake management district for the duration of the lake management district without a related issuance of lake management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake management district bonds being issued to obtain money not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake management district bonds. [1987 c 432 § 2; 1985 c 398 § 2.]

Cities and towns authorized to establish lake management districts: RCW 35.21.403.
Flood control districts authorized to engage in activities under RCW 36.61.020: RCW 86.09.151.

36.61.030 Creation of district—Resolution or petition—Contents. A lake management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least fifteen percent of the acreage contained within the proposed lake management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake management district; or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are to be issued; (5) the number of years proposed for the duration of the lake management district; and (6) the proposed boundaries of the lake management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake management district if the proposed lake management district is not created.

A resolution of intention shall also designate the number of the proposed lake management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine
the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake management district appears to be in the interest and the financing of the lake improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority. [1987 c 432 § 3; 1985 c 398 § 3.]

36.61.040 Creation of district—Public hearing—Notice—Contents. Notice of the public hearing shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed lake management district, the date of the first publication to be at least fifteen days prior to the date fixed for the public hearing by the resolution of intention. Notice of the public hearing shall also be given to the owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake management district by mailing the notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county assessor at the address shown thereon. Notice of the public hearing shall also be mailed to the departments of fish and wildlife and ecology at least fifteen days before the date fixed for the public hearing.

Notice of the public hearing shall: (1) Refer to the resolution of intention; (2) designate the proposed lake management district by number; (3) set forth a proposed plan describing: (a) The nature of the proposed lake improvement or maintenance activities; (b) the amount of special assessments or rates and charges proposed to be raised by the lake management district; (c) if special assessments are proposed to be imposed, whether the special assessments will be imposed annually for the duration of the lake management district, or the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake management bonds being issued, or both; (d) if rates and charges are proposed to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; and (e) the proposed duration of the lake management district; and (4) indicate the date, time, and place of the public hearing designated in the resolution of intention.

In the case of the notice sent to each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost of the lake improvement or maintenance activities to be borne by special assessment, or annual special assessments, or rates and charges on the lot, tract, parcel of land, or other property owned by the owner or reputed owner.

If the county legislative authority has designated a committee of itself or an officer to hear complaints and make recommendations to the full county legislative authority, as provided in RCW 36.61.060, the notice shall also describe this additional step before the full county legislative authority may adopt a resolution creating the lake management district. [1994 c 264 § 9; 1988 c 36 § 9; 1987 c 432 § 4; 1985 c 398 § 4.]

36.61.050 Creation of district—Public hearing—Amendments to original plan. The county legislative authority shall hold a public hearing on the proposed lake management district at the date, time, and place designated in the resolution of intention.

At this hearing the county legislative authority shall hear objections from any person affected by the formation of the lake management district. Representatives of the departments of fish and wildlife and ecology shall be afforded opportunities to make presentations on and comment on the proposal. Members of the public shall be afforded an opportunity to comment on the proposal. The county legislative authority must consider recommendations provided to it by the departments of fish and wildlife and ecology. The public hearing may be extended to other times and dates declared at the public hearing. The county legislative authority may make such changes in the boundaries of the lake management district or such modification in plans for the proposed lake improvement or maintenance activities as it deems necessary. The county legislative authority may not change boundaries of the lake management district to include property that was not included previously without first passing an amended resolution of intention and giving new notice to the owners or reputed owners of property newly included in the proposed lake management district in the manner and form and within the time provided for the original notice. The county legislative authority shall not alter the plans for the proposed lake improvement or maintenance activities to result in an increase in the amount of money proposed to be raised, and shall not increase the amount of money proposed to be raised, without first passing an amended resolution of intention and giving new notice to property owners in the manner and form and within the time provided for the original notice. [1994 c 264 § 10; 1988 c 36 § 10; 1985 c 398 § 5.]

36.61.060 Creation of district—Public hearing—Legislative authority may delegate responsibility. A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hold public hearings on the proposed formation of a lake management district and hear objections to the proposed formation as provided in RCW 36.61.050. The committee or officer shall make a recommendation to the full legislative authority, which need not hold a public hearing on the proposed creation of the lake management district. The full county legislative authority by resolution may approve or disapprove the recommendation and submit the question of creating the lake management district to the property owners as provided in RCW 36.61.070 through 36.61.100. [1985 c 398 § 10.]

36.61.070 Creation of district—Submittal of question to landowners. After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake management district to the owners of land within the proposed lake management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create

(1994 Ed.) [Title 36 RCW—page 115]
the lake management district and the financing of the lake improvement and maintenance activities is feasible. The resolution shall also include: (1) A plan describing the proposed lake improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; (2) the number of years the lake management district will exist; (3) the amount to be raised by special assessments or rates and charges; (4) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake management district or only once with the possibility of installments being imposed and lake management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake improvement or maintenance activities proposed to be financed by each type of special assessment; (5) if rates and charges are to be imposed, a description of the rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and (6) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake management district.

No lake management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county. [1987 c 432 § 5; 1985 c 398 § 6.]

36.61.080 Creation of district—Submittal of question to landowners—Mail ballot. A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall lake management district No. . . . be formed? Yes . . . . . . . . No . . . . . . . . . . . ."

In addition, the ballot shall contain appropriate spaces for the signatures of the landowner or landowners, or officer authorized to cast such a ballot. Each ballot shall include a description of the property owner’s property and the estimated special assessment, or rate and charge, proposed to be imposed upon the property. A copy of the instructions and the resolution submitting the question to the landowners shall also be included. [1987 c 432 § 6; 1985 c 398 § 7.]

36.61.090 Creation of district—Submittal of question to landowners—Balloting—Conditions. The balloting shall be subject to the following conditions, which shall be included in the instructions mailed with each ballot, as provided in RCW 36.61.080: (1) All ballots must be signed by the owner or reputed owner of property according to the assessor’s tax rolls; (2) each ballot must be returned to the county legislative authority not later than five o’clock p.m. of a specified day, which shall be at least twenty but not more than thirty days after the ballots are mailed; (3) each property owner shall mark his or her ballot for or against the creation of the proposed lake management district, with the ballot weighted so that the property owner has one vote for each dollar of estimated special assessment or rate and charge proposed to be imposed on his or her property; and (4) the valid ballots shall be tabulated and a simple majority of the votes cast shall determine whether the proposed lake management district shall be approved or rejected. [1987 c 432 § 7; 1985 c 398 § 8.]

36.61.100 Creation of district—Submittal of question to landowners—Majority vote required—Adoption of ordinance. If the proposal receives a simple majority vote in favor of creating the lake management district, the county legislative authority shall adopt an ordinance creating the lake management district and may proceed with establishing the special assessments or rates and charges, collecting the special assessments or rates and charges, and performing the lake improvement or maintenance activities. If a proposed lake management district includes more than one lake and its adjacent areas, the lake management district may only be established if the proposal receives a simple majority vote in favor of creating it by the voters on each lake and its adjacent areas. The county legislative authority shall publish a notice in a newspaper of general circulation in a lake management district indicating that such an ordinance has been adopted within ten days of the adoption of the ordinance.

The ballots shall be available for public inspection after they are counted. [1987 c 432 § 8; 1985 c 398 § 9.]

36.61.110 Creation of district—Limitations on appeals. No lawsuit may be maintained challenging the jurisdiction or authority of the county legislative authority to proceed with the lake improvement and maintenance activities and creating the lake management district or in any way challenging the validity of the actions or decisions or any proceedings relating to the actions or decisions unless the lawsuit is served and filed no later than forty days after publication of a notice that the ordinance has been adopted ordering the lake improvement and maintenance activities and creating the lake management district. Written notice of the appeal shall be filed with the county legislative authority and clerk of the superior court in the county in which the property is situated. [1985 c 398 § 11.]

36.61.115 Limitation on special assessments, rates and charges. A special assessment, or rate and charge, on any lot, tract, parcel of land, or other property shall not be increased beyond one hundred ten percent of the estimated special assessment, or rate and charge, proposed to be imposed as provided in the resolution adopted in RCW 36.61.070, unless the creation of a lake management district is approved under another mailed ballot election that reflects the weighted voting arising from such increases. [1987 c 432 § 9.]

36.61.120 Special assessment roll—Adoption—Public hearing. After a lake management district is created, the county shall prepare a proposed special assessment roll. A separate special assessment roll shall be prepared for annual special assessments if both annual special assessments and special assessments paid at one time are imposed. The proposed special assessment roll shall list: (1) Each separate lot, tract, parcel of land, or other property in the lake management district; (2) the acreage of such property, and
the number of feet of lake frontage, if any; (3) the name and address of the owner or reputed owner of each lot, tract, parcel of land, or other property as shown on the tax rolls of the county assessor; and (4) the special assessment proposed to be imposed on each lot, tract, parcel of land, or other property, or the annual special assessments proposed to be imposed on each lot, tract, parcel of land, or other property.

At the time, date, and place fixed for a public hearing, the county legislative authority shall act as a board of equalization and hear objections to the special assessment roll, and at the times to which the public hearing may be adjourned, the county legislative authority may correct, revise, raise, lower, change, or modify the special assessment roll or any part thereof, or set the proposed special assessment roll aside and order a new proposed special assessment roll to be prepared. The county legislative authority shall confirm and approve a special assessment roll by adoption of a resolution.

If a proposed special assessment roll is amended to raise any special assessment appearing thereon or to include omitted property, a new public hearing shall be held. The new public hearing shall be limited to considering the increased special assessments or omitted property. Notices shall be sent to the owners or reputed owners of the affected property in the same manner and form and within the time provided for the original notice.

Objections to a proposed special assessment roll must be made in writing, shall clearly state the grounds for objections, and shall be filed with the governing body prior to the public hearing. Objections to a special assessment or annual special assessments that are not made as provided in this section shall be deemed waived and shall not be considered by the governing body or a court on appeal. [1985 c 398 § 12.]

36.61.150 Special assessment roll—Appeal to superior and appellate courts—Procedure. The decision of a county legislative authority upon any objection to the special assessment roll may be appealed to the superior court only if the objection had been timely made in the manner prescribed in this chapter. The appeal shall be made within ten days after publication of a notice that the resolution confirming the special assessment roll has been adopted by filing written notice of the appeal with the county legislative authority and the clerk of the superior court in the county in which the real property is situated. The notice of appeal shall describe the property and set forth the objections of the appellant to the special assessment. Within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of the court a transcript consisting of the special assessment roll and his or her objections thereto, together with the resolution confirming such special assessment roll and the record of the county legislative authority with reference to the special assessment or annual special assessments, which transcript, upon payment of the necessary fees therefor, shall be furnished by an officer of the county and by him or her certified to contain full, true, and correct copies of all matters and proceedings required to be included in the transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions.

At the time of the filing of the notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of the court a transcript consisting of the special assessment roll and his or her objections thereto, together with the resolution confirming such special assessment roll and the record of the county legislative authority with reference to the special assessment or annual special assessments, which transcript, upon payment of the necessary fees therefor, shall be furnished by an officer of the county and by him or her certified to contain full, true, and correct copies of all matters and proceedings required to be included in the transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions.

36.61.140 Special assessment roll—Public hearing—Notice—Contents. Notice of the original public hearing on the proposed special assessment roll, and any public hearing held as a result of raising special assessments or including omitted property, shall be published and mailed to the owner or reputed owner of the property as provided in RCW 36.61.040 for the public hearing on the formation of the lake management district. However, the notice need only provide the total amount to be collected by the special assessment roll and shall state that: (1) A public hearing on the proposed special assessment roll will be held, giving the time, date, and place of the public hearing; (2) the proposed special assessment roll is available for public perusal, giving the times and location where the proposed special assessment roll is available for public perusal; (3) objections to the proposed special assessment must be in writing, include clear grounds for objections, and must be filed prior to the public hearing; and (4) failure to so object shall be deemed to waive an objection.

Notices mailed to the owners or reputed owners shall additionally indicate the amount of special assessment ascribed to the particular lot, tract, parcel of land, or other property owned by the person so notified. [1985 c 398 § 14.]
county legislative authority that such transcript is filed. The notice shall state a time, not less than three days from the service thereof, when the appellant will call up the cause for hearing.

The superior court shall, at this time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in the court, except proceedings under an act relating to eminent domain in such county and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify, or annul the special assessment or annual special assessments insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer having custody of the special assessment roll, and he or she shall modify and correct such special assessment roll in accordance with the decision.

An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, however, such appeal must be taken within fifteen days after the date of the entry of the judgment of the superior court, and the record and opening brief of the appellant in the cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal is taken by notice as provided in this section. The time for filing the record and serving and filing of briefs may be extended by order of the superior court, or by stipulation of the parties concerned. The supreme court or the court of appeals on such appeal may correct, modify, confirm, or annul the special assessment or annual special assessments insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such special assessment roll, and he or she shall modify and correct such special assessment roll in accordance with such decision. [1985 c 398 § 15.]

36.61.160 Special assessments—Calculation.
Whenever special assessments are imposed, all property included within a lake management district shall be considered to be the property specially benefited by the lake improvement or maintenance activities and shall be the property upon which special assessments are imposed to pay the costs and expenses of the lake improvement or maintenance activities, or such part of the costs and expenses as may be chargeable against the property specially benefited. The special assessments shall be imposed on property in accordance with the special benefits conferred on the property up to but not in excess of the total costs and expenses of the lake improvement or maintenance activities as provided in the special assessment roll.

Special assessments may be measured by front footage, acreage, the extent of improvements on the property, or any other factors that are deemed to fairly reflect special benefits, including those authorized under RCW 35.51.030. Special assessments may be calculated by using more than one factor. Zones around the public improvement may be used that reflect different levels of benefit in each zone that are measured by a front footage, acreage, the extent of improvements, or other factors.

36.61.170 Special assessments—Limitations. The total annual special assessments may not exceed the estimated cost of the lake improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special assessments imposed in a lake management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated total cost of the lake improvement or maintenance activities that are proposed to be financed by the lake management district as specified in the resolution of intention. After a lake management district has been created, the resolution of intention may be amended to increase the amount to be financed by the lake management district by using the same procedure in which a lake management district is created. [1985 c 398 § 17.]

36.61.180 Special assessments—Modification. Whenever annual special assessments are being imposed, the county legislative authority may modify the level of annual special assessments imposed by conforming with the procedures and subject to the limitations included in RCW 36.61.120 through 36.61.170. [1985 c 398 § 18.]

36.61.190 Special assessments—Collection—Notice. Special assessments and installments on any special assessment shall be collected by the county treasurer.

The county treasurer shall publish a notice indicating that the special assessment roll has been confirmed and that the special assessments are to be collected. The notice shall indicate the duration of the lake management district and shall describe whether the special assessments will be paid in annual payments for the duration of the lake management district, or whether the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake management bonds being issued, or both.

If the special assessments are to be payable at one time, the notice additionally shall indicate that all or any portion of the special assessments may be paid within thirty days from the date of publication of the first notice without penalty or interest. This notice shall be published in a newspaper of general circulation in the lake management district.

Within ten days of the first newspaper publication, the county treasurer shall notify each owner or reputed owner of property whose name appears on the special assessment roll, at the address shown on the special assessment roll, for each item of property described on the list: (1) Whether one special assessment payable at one time or special assessments payable annually have been imposed; (2) the amount of the property subject to the special assessment or annual special assessments; and (3) the total amount of the special assessment due at one time, or annual amount of special assessments due. If the special assessment is due at one
time, the notice shall also describe the thirty-day period during which the special assessment may be paid without penalty, interest, or cost. [1985 c 398 § 19.]

36.61.200 Special assessments—Payment period—Interest and penalty. If the special assessments are to be payable at one time, all or any portion of any special assessment may be paid without interest, penalty, or costs during this thirty-day period and placed into a special fund to defray the costs of the lake improvement or maintenance activities. The remainder shall be paid in installments as provided in a resolution adopted by the county legislative authority, but the last installment shall be due at least two years before the maximum term of the bonds issued to pay for the improvements or maintenance. The installments shall include amounts sufficient to redeem the bonds issued to pay for the lake improvement and maintenance activities. A twenty-day period shall be allowed after the due date of any installment within which no interest, penalty, or costs on the installment may be imposed.

The county shall establish by ordinance an amount of interest that will be imposed on late special assessments imposed annually or at once, and on installments of a special assessment. The ordinance shall also specify the penalty, in addition to the interest, that will be imposed on a late annual special assessment, special assessment, or installment which shall not be less than five percent of the delinquent special assessment or installment.

The owner of any lot, tract, parcel of land, or other property charged with a special assessment may redeem it from all liability for the unpaid amount of the installments by paying, to the county treasurer, the remaining portion of the installments that is attributable to principal on the lake management district bonds. [1985 c 398 § 20.]

36.61.210 Special assessments—Subdivision of land—Segregation of assessment. Whenever any land against which there has been levied any special assessment or annual special assessments by any county has been sold in part, subdivided, or short subdivided, the county legislative authority may order a segregation of the special assessment or annual special assessments. If an installment has been made, the segregation shall apportion the remaining installments on the parts or lots created.

Any person desiring to have such a special assessment or annual special assessments against a tract of land segregated to apply to smaller parts thereof shall apply to the county legislative authority which levied the special assessment or annual special assessments. If the county legislative authority determines that a segregation should be made, it shall by resolution order the county treasurer to segregate the special assessment or annual special assessments on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original special assessment or annual special assessments were levied, and the total of the segregated parts of the special assessment or annual special assessments shall equal the amount of the special assessment or annual special assessments unpaid before segregation. The resolution shall describe the original tract and the amount and date of the original special assessment or annual special assessments and shall define the boundaries of the divided parts and the amount of the special assessment or annual special assessments chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to segregate the special assessment or annual special assessments upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the county legislative authority may require as a condition to the order of segregation that the person seeking it pay the local government the reasonable engineering and clerical costs incident to making the segregation. [1985 c 398 § 21.]

36.61.220 Special assessments—Filing with county treasurer. Within fifteen days after a county creates a lake management district, the county shall cause to be filed with the county treasurer, a description of the lake improvement and maintenance activities proposed that the lake management district finances, the lake management district number, and a copy of the diagram or print showing the boundaries of the lake management district and preliminary special assessment roll or abstract of same showing thereon the lots, tracts, parcels of land, and other property that will be specially benefited thereby and the estimated cost and expense of such lake improvement and maintenance activities to be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake improvement or maintenance activities. [1985 c 398 § 22.]

36.61.230 Special assessments—Lien created. The special assessment or annual special assessments imposed upon the respective lots, tracts, parcels of land, and other property in the special assessment roll or annual special assessment roll confirmed by resolution of the county legislative authority for the purpose of paying the cost and expense in whole or in part of any lake improvement or maintenance activities shall be a lien upon the property assessed from the time the special assessment roll is placed in the hands of the county treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the special assessments against the real property, the lien of such special assessments shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such lake improvement or maintenance activities to be borne by each lot, tract, parcel of land, or other property, as provided in RCW 36.61.220. Interest and penalty shall be included in and shall be a part of the special assessment lien. No lien shall extend to public property subjected to special assessments.

The special assessment lien shall be paramount and superior to any other lien or encumbrance theretofore or thereafter created except a lien for general taxes. [1985 c 398 § 23.]

36.61.240 Special assessments—Lien—Validity—Foreclosure. Special assessments shall be valid and enforceable as such and the lien thereof on the property assessed shall be valid if the county legislative authority in
making the special assessments acted in good faith and without fraud. Delinquent special assessments or installments shall be foreclosed in the same manner as special assessments are foreclosed under chapter 36.94 RCW. Public property subject to special assessments shall not be subject to liens. [1985 c 398 § 24.]

36.61.250  Special assessments—Legislative authority may stop. The county legislative authority may stop the imposition of annual special assessments if, in its opinion, the public interest will be served by such action. [1985 c 398 § 25.]

36.61.260  Bonds.  (1) Counties may issue lake management district bonds in accordance with this section. Lake management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190. The maximum term of lake management district bonds shall be ten years.

Whenever lake management district bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake management district from which all or a portion of the costs of the lake improvement and maintenance activities shall be paid. Lake management district bonds shall not be issued in excess of the costs and expenses of the lake improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

Lake management district bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake management district bonds.

(2) Lake management district bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake management district bond shall not have any claim for the payment thereof against the county that issues the bonds except for payment from the special assessments made for the lake improvement or maintenance activities for which the lake management district bond was issued and from a lake management district guaranty fund that may have been created. The county shall not be liable to the owner of any lake management district bond for any loss to the lake management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake management district bond shall not have any claim against the state arising from the lake management district bond, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal of or interest on lake management district bonds.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each lake management district bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the lake management district bonds.

(3) If the county fails to make any principal or interest payments on any lake management district bond or to promptly collect any special assessment securing the bonds when due, the owner of the lake management district bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake management districts may join as plaintiffs.

(4) A county may create a lake management district bond guaranty fund for each issue of lake management district bonds. The guaranty fund shall only exist for the life of the lake management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed.

(5) Lake management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund. [1985 c 398 § 26.]

36.61.270  Imposition of rates and charges. Whenever rates and charges are to be imposed in a lake management district, the county legislative authority shall prepare a roll of rates and charges that includes those matters required to be included in a special assessment roll and shall hold a public hearing on the proposed roll of rates and charges as provided under RCW 36.61.120 through 36.61.150 for a special assessment roll. The county legislative authority shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges imposed by a lake management district and may classify the rates or charges by any reasonable factor or factors, including benefit, use, front footage, acreage, the extent of improvements on the property, the type of improvements on the property, uses to which the property is put, service to be provided, and any other reasonable factor or factors. The flexibility to establish rates and charges includes the authority to reduce rates and charges on property owned by low-income persons.

Except as provided in this section, the collection of rates and charges, lien status of unpaid rates and charges, and method of foreclosing on such liens shall be subject to the provisions of chapter 36.94 RCW. Public property, including state property, shall be subject to the rates and charges to the same extent that private property is subject to them, except that liens may not be foreclosed on the public property, and the procedure for imposing such rates and charges on state property shall conform with the procedure provided for in chapter 79.44 RCW concerning the imposition of special assessments upon state property. The total amount of rates and charges cannot exceed the cost of lake improvement or maintenance activities proposed to be financed by such rates and charges, as specified in the resolution of intention. Revenue bonds exclusively payable from the rates and charges may be issued by the county under chapter 39.46 RCW. [1987 c 432 § 11.]

Bonds issued under the provisions of this chapter shall be payable solely out of the operating revenues of the county. Such bonds shall be authorized by resolution adopted by the county legislative authority, which resolution shall create a special fund or funds into which the county legislative authority may obligate and bind the county to set aside and pay any part or parts of, or all of, or a fixed proportion of, or fixed amounts of gross revenue received by the county from moneys for services or activities as stated in the resolution, for the purpose of paying the principal of and interest on such bonds as the same shall become due, and if deemed necessary to maintain adequate reserves therefor. The board may also provide that revenue bonds payable out of the same source or sources may later be sold on a parity with any revenue bonds being issued and sold. The provisions of this chapter and any resolution or resolutions providing for the authorization, issuance, and sale of such bonds shall constitute a contract with the holder of such bonds, and the provisions thereof shall be enforceable by any owner or holder of such bonds by mandamus or any appropriate suit,

Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

The county legislative authority shall create a special fund for the sole purpose of paying the principal of and interest on such funding or refunding revenue bonds, into which fund the legislative authority shall obligate and bind the county to set aside and pay any part or parts of, or all of, or a fixed proportion of, or a fixed amount of the revenue of the facility of the county sufficient to pay such principal and interest as the same shall become due, and if deemed necessary to maintain adequate reserves therefor.

Such funding or refunding bonds shall be negotiable instruments within the provisions and intent of the negotiable instruments law of this state, and the tax revenue of the county may not be used to pay, secure, or guarantee the payment of the principal of and interest on such bonds.

The county may exchange such funding or refunding bonds for the bonds, and any coupons being funded or refunded, or it may sell such funding or refunding bonds in the manner, at such price and at such rate or rates of interest as the legislative authority shall deem to be for the best interest of the county and its inhabitants, either at public or private sale.

The provisions of this chapter relating to the terms, conditions, covenants, issuance, and sale of revenue bonds shall be applicable to such funding or refunding bonds except as may be otherwise specifically provided in this section.

[1994 c 223 § 42; 1969 c 26 § 2; 1967 c 63 § 2; 1963 c 4 § 36.69.020. Prior: 1961 c 272 § 2; 1959 c 304 § 2; 1957 c 58 § 2.]

A park and recreation district may include any unincorporated area in the state and, when any part of the proposed district lies within the corporate limits of any city or town, said petition shall be accompanied by a certified copy of a resolution of the governing body of said city or town, approving inclusion of the area within the corporate limits of the city or town. [1969 c 26 § 3; 1967 c 63 § 3; 1963 c 4 § 36.69.030. Prior: 1961 c 272 § 3; 1959 c 304 § 3; 1957 c 58 § 3.]

Such notice shall state the time and place of hearing and describe particularly the area proposed to be included within the district. [1963 c 4 § 36.69.040. Prior: 1957 c 58 § 4.]

36.69.050 Boundaries—Name—Inclusion, exclusion of lands. The board of county commissioners shall designate a name for and fix the boundaries of the proposed district following such hearing. No land shall be included in the boundaries as fixed by the county commissioners which was not described in the petition, unless the owners of such land shall consent in writing thereto.

The board of county commissioners shall exclude from the boundaries of the proposed district land which they find will not be benefited by inclusion therein. [1963 c 4 § 36.69.050. Prior: 1957 c 58 § 5.]

36.69.065 Election for formation—Inclusion of proposition for tax levy or issuance of bonds. A proposition or propositions for regular property tax levies for a five-year period as authorized by RCW 36.69.145, an annual excess levy, or the issuance of general obligation bonds and bond retirement levies, may also be submitted to the voters at any general or special election. The ballot proposition or propositions authorizing the imposition of a tax levy or levies, or issuance of general obligation bonds and imposition of tax levies, shall be null and void if the park and recreation district was not authorized to be formed. [1989 c 184 § 1.]

*Reviser's note: 1994 c 156 § 3 amended RCW 36.69.145 to authorize a six-year period.

36.69.070 Elections—Procedures—Terms. A ballot proposition authorizing the formation of the proposed park and recreation district shall be submitted to the voters of the proposed district for their approval or rejection at the next general state election occurring sixty or more days after the county legislative authority fixes the boundaries of the proposed district. Notices of the election for the formation of the park and recreation district shall state generally and briefly the purpose thereof and shall give the boundaries of the proposed district and name the day of the election and the hours during which the polls will be open. The proposition to be submitted to the voters shall be stated in such manner that the voters may indicate yes or no upon the proposition of forming the proposed park and recreation district.

The initial park and recreation commissioners shall be elected at the same election, but this election shall be null

The other two persons who are elected shall be elected to two-year terms of office if the election is held in an odd-numbered year or one-year terms of office if the election is held in an even-numbered year. The initial commissioners shall take office immediately upon being elected and qualified, but the length of such terms shall be computed from the first day of January in the year following this election. [1994 c 223 § 43; 1979 ex.s. c 126 § 28; 1963 c 4 § 36.69.070. Prior: 1959 c 304 § 4; 1957 c 58 § 7.]

36.69.110 Commissioners—Compensation, expenses. The park and recreation commissioners shall receive no compensation for their services but shall receive necessary expenses in attending meetings of the board or when otherwise engaged on district business. [1963 c 4 § 36.69.110. Prior: 1957 c 58 § 11.]

36.69.120 Commissioners—Duties. The park and recreation district board of commissioners shall:

(1) Elect its officers including a chairman, vice chairman, secretary, and such other officers as it may determine it requires;

(2) Hold regular public meetings at least monthly;

(3) Adopt policies governing transaction of board business, keeping of records, resolutions, transactions, findings and determinations, which shall be of public record;

(4) Initiate, direct and administer district park and recreation activities, and select and employ such properly qualified employees as it may deem necessary. [1963 c 4 § 36.69.120. Prior: 1957 c 58 § 12.]

36.69.130 Powers of districts. Park and recreation districts shall have such powers as are necessary to carry out the purpose for which they are created, including, but not being limited to, the power: (1) To acquire and hold real and personal property; (2) to dispose of real and personal property only by unanimous vote of the district commissioners; (3) to make contracts; (4) to sue and be sued; (5) to borrow money to the extent and in the manner authorized by this chapter; (6) to grant concessions; (7) to make or establish charges, fees, rates, rentals and the like for the use of facilities (including recreational facilities) or for participation; (8) to make and enforce rules and regulations governing the use of property, facilities or equipment and the conduct of persons thereon; (9) to contract with any municipal corporation, governmental, or private agencies for the conduct of park and recreation programs; (10) to operate jointly with other governmental units any facilities or property including participation in the acquisition; (11) to hold in trust or manage public property useful to the accomplishment of their objectives; (12) to establish cumulative reserve funds in the manner and for the purposes prescribed by law for cities; (13) to acquire, construct, reconstruct, maintain, repair, add to, and operate recreational facilities; and, (14) to make improvements or to acquire property by the local improvement method in the manner prescribed by this chapter: PROVIDED, That such improvement or acquisition is within the scope of the purposes granted to such park and recreation district. [1972 ex.s. c 94 § 2; 1969 c 26 § 4; 1967 c 63 § 4; 1963 c 4 § 36.69.130. Prior: 1961 c 272 § 4; 1959 c 304 § 5; 1957 c 58 § 13.]

36.69.140 Excess levies authorized—Bonds—Interest bearing warrants. (1) A park and recreation district shall have the power to levy excess levies upon the property included within the district, in the manner prescribed by Article VII, section 2, of the Constitution and by RCW 84.52.052 for operating funds, capital outlay funds, and cumulative reserve funds.

(2) A park and recreation district may issue general obligation bonds for capital purposes only, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness equal to three-eighths of one percent of the value of the taxable property within such district, as the term "value of the taxable property" is defined in RCW 39.36.015. A park and recreation district may additionally issue general obligation bonds, together with outstanding voter approved and nonvoter approved general
obligation indebtedness, equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of the taxable property" is defined in RCW 39.36.015, when such bonds are approved by three-fifths of the voters of the district at a general or special election called for that purpose and may provide for the retirement thereof by levies in excess of dollar rate limitations in accordance with the provisions of RCW 84.52.056. When authorized by the voters of the district, the district may issue a maximum of sixty cents per thousand dollars of assessed value. This would thereby reduce election costs; and rather than the practice now of collecting in one year to fund two years. It would level out the collection of taxes over each of six years allowing districts and service areas to place more than one excess levy on the same ballot, and excess levies authorized in the year in which the excess levy was approved. These elections shall be held as provided in RCW 39.36.050. Such bonds and warrants shall be issued and sold in accordance with chapter 39.46 RCW. Prior: 1961 c 272 § 5; 1959 c 304 § 6; 1957 c 58 § 14.]

\textbf{Intent—1994 c 156:} "The intent of the legislature by enacting sections 2 through 5, chapter 156, Laws of 1994 is:

1. (1) To allow park and recreation districts and park and recreation service areas to place more than one excess levy on the same ballot, allowing districts and service areas to give voters the opportunity to vote on separate issues, such as for operating and capital funds, at the same election, thereby reducing election costs; and

2. (2) To increase the amount a park and recreation district or park and recreation service area may collect through a six-year property tax levy from a maximum of fifteen cents per thousand dollars of assessed value to a maximum of sixty cents per thousand dollars of assessed value. This would allow for a more stable funding source for park and recreation districts and park and recreation service areas at a realistic tax rate and reduce the need for holding excess levy elections on an annual or biannual basis. In addition, it would level out the collection of taxes over each of six years rather than the practice now of collecting in one year to fund two years."

\textbf{36.69.145 Six-year regular property tax levies—Limitations—Election.} (1) A park and recreation district may impose regular property tax levies in an amount equal to sixty cents or less per thousand dollars of assessed value of property in the district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the voters thereof approving a proposition authorizing the levies submitted at a special election or at the regular election of the district, at which election the number of voters voting "yes" on the proposition shall constitute three-fifths of a number equal to forty per centum of the number of voters voting in such district at the last preceding general election when the number of voters voting on the proposition does not exceed forty per centum of the number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the voters thereof voting on the proposition if the number of voters voting on the proposition exceeds forty per centum of the number of voters voting in such taxing district in the last preceding general election. A proposition authorizing the tax levies shall not be submitted by a park and recreation district more than twice in any twelve-month period. Ballot propositions shall conform with RCW 29.30.111. In the event a park and recreation district is levying property taxes, which in combination with property taxes levied by other taxing districts subject to the one percent limitation provided for in Article 7, section 2, of our state Constitution result in taxes in excess of the limitation provided for in RCW 84.52.043, the park and recreation district property tax levy shall be reduced or eliminated before the property tax levies of other taxing districts are reduced.

(2) The limitation in RCW 84.55.010 shall not apply to the first levy imposed under this section following the approval of the levies by the voters under subsection (1) of this section. [1994 c 156 § 3; 1984 c 131 § 6; 1981 c 210 § 18.]

\textbf{Intent—1994 c 156:} See note following RCW 36.69.140.

[1963 c 4 § 36.69.150. Prior: 1957 c 58 § 16.]

\textbf{36.69.160 Budget.} The board of park and recreation commissioners of each park and recreation district shall annually compile a budget, in form prescribed by the state division of municipal corporations, for the ensuing calendar year, and which shall, to the extent that anticipated income is actually realized, constitute the appropriations for the district. The budget may include an amount to accumulate a reserve for a stated capital purpose. In compiling the budget, all available funds and anticipated income shall be taken into consideration, including contributions or contractual payments from school districts, cities or towns, county, or any other governmental unit; gifts and donations; special tax levy; assessments; fees and charges; proceeds of bond issues; cumulative reserve funds. [1963 c 4 § 36.69.160. Prior: 1957 c 58 § 17.]

[1963 c 4 § 36.69.170. Prior: 1957 c 58 § 18.]

\textbf{36.69.180 Violation of rules—Penalty.} The violation of any of the rules or regulations of a park and recreation district adopted by its board for the preservation of order, control of traffic, protection of life or property, or for the regulation of the use of park property shall constitute a
misdemeanor: PROVIDED, That violation of a rule or regulation relating to traffic including parking, standing, stopping, and pedestrian offenses is a traffic infraction, except that violation of a rule or regulation equivalent to those provisions of Title 46 RCW set forth in RCW 46.63.020 remains a misdemeanor. [1979 ex.s. c 136 § 37; 1963 c 4 § 36.69.180. Prior: 1957 c 58 § 19.]

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

36.69.190 Additional area may be added to district. After a park and recreation district has been organized, an additional area may be added by the same procedure within the proposed additional area as is provided herein for the organization of a park and recreation district, except that no first commissioners shall be nominated by the board of county commissioners or elected, and all electors within both the organized park and recreation district and the proposed additional territory shall vote upon the proposition for enlargement. [1969 c 26 § 6; 1967 c 63 § 6; 1963 c 4 § 36.69.190. Prior: 1961 c 272 § 6; 1959 c 304 § 7; 1957 c 58 § 20.]

36.69.200 L.I.D.'s—Authorization—Assessments, warrants, bonds—County treasurer's duties. (1) Whenever the board of park and recreation commissioners of any district shall determine that any proposed capital improvement would be of special benefit to all or to any portion of the district, it may establish local improvement districts within its territory; levy special assessments under the mode of annual installments extending over a period not exceeding twenty years, on all property specially benefited by a local improvement, on the basis of special benefits to pay in whole or in part the damage or costs of any improvements ordered in the district; and issue local improvement bonds in the improvement district to be repaid by the collection of local improvement assessments. The method of establishment, levying, collection and enforcement of such assessments and issuance and redemption of local improvement warrants and bonds and the provisions regarding the conclusiveness of the assessment roll and the review by the superior court of any objections thereto shall be as provided for the levying, collection, and enforcement of local improvement assessments and the issuance of local improvement bonds by cities and towns, insofar as consistent herewith. The duties devolving upon the city treasurer are hereby imposed upon the county treasurer for the purposes hereof. The mode of assessment shall be determined by the board. Such bonds may be in any form, including coupon bonds or registered bonds as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 85; 1983 c 3 § 80; 1963 c 4 § 36.69.200. Prior: 1957 c 58 § 21.]

Local improvements, supplemental authority: Chapter 35.51 RCW.

36.69.210 L.I.D.'s—Initiation by resolution or petition. [1963 c 4 § 36.69.210. Prior: 1957 c 58 § 22.]

36.69.220 L.I.D.'s—Procedure when by resolution. If the board of park and recreation commissioners desires to initiate the formation of a local improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time and place for a public hearing on the formation of the proposed local district. [1963 c 4 § 36.69.220. Prior: 1957 c 58 § 23.]

36.69.230 L.I.D.'s—Procedure when by petition—Publication of notice of intent by either resolution or petition. If such local improvement district is initiated by petition, such petition shall set forth the nature and territorial extent of the proposed improvement requested to be ordered and the fact that the signers thereof are the owners (according to the records of the county auditor) of at least fifty-one percent of the area of land within the limits of the local improvement district to be created. Upon the filing of such petition the board of park and recreation commissioners shall determine whether it is sufficient, and the board's determination thereof shall be conclusive upon all persons. No person shall withdraw his name from the petition after it has been filed with the board. If the board shall find the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time and place for a public hearing on the formation of the proposed local district.

The resolution of intention, whether adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board. [1963 c 4 § 36.69.230. Prior: 1957 c 58 § 24.]

36.69.240 L.I.D.'s—Notice—Contents. Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract, parcel of land or other property within the proposed improvement district by mailing said notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon. The notice shall refer to the
resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date, time and place of the hearing before the board of park and recreation commissioners; and in the case of improvements initiated by resolution, the notice shall also state that all persons desiring to object to the formation of the proposed district must file their written protests with the secretary of the board before the time fixed for said public hearing. [1963 c 4 § 36.69.240. Prior: 1957 c 58 § 25.]

36.69.245 L.I.D.'s—Notice must contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a local improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 4.]

36.69.250 L.I.D.'s—Public hearing—Inclusion, exclusion of property. Whether the improvement is initiated by petition or resolution, the board of park and recreation commissioners shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in the plans for the proposed improvement as shall be deemed necessary: PROVIDED, That the board may not change the boundaries of the district to include or exclude property not previously included or excluded without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice. [1963 c 4 § 36.69.250. Prior: 1957 c 58 § 26.]

36.69.260 L.I.D.'s—Protests—Procedure—Jurisdiction of board. After said hearing the board of park and recreation commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: PROVIDED, That the jurisdiction of the board to proceed with any improvement initiated by resolution shall be divested by a protest filed with the secretary of the board prior to said public hearing for the improvement signed by the owners of the property within the proposed local improvement district which is subject to sixty percent or more of the cost of the improvement as shown and determined by the preliminary estimates and assessment roll of the proposed improvement district. [1963 c 4 § 36.69.260. Prior: 1957 c 58 § 27.]

36.69.270 L.I.D.'s—Powers and duties of board upon formation. If the board of park and recreation commissioners finds that the district should be formed, it shall by resolution order the improvement, adopt detailed plans of the local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the park and recreation district such eminent domain proceedings as may be necessary to entitle the district to proceed with the work. The board shall thereupon proceed with the work and file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the property situated within the improvement district in proportion to the special benefits to be derived by the property therein from the improvement. [1963 c 4 § 36.69.270. Prior: 1957 c 58 § 28.]

36.69.280 L.I.D.'s—Assessment roll—Procedure for approval—Objections. Before approval of the roll a notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the local district, stating that the roll is on file and open to inspection in the office of the secretary, and fixing the time, not less than fifteen or more than thirty days from the date of the first publication of the notice within which protests must be filed with the secretary against any assessments shown thereon, and fixing a time when a hearing will be held by the board of park and recreation commissioners on the protests. Notice shall also be given by mailing, at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district as they appear on the books of the treasurer of the county in which the park and recreation district is located. At the hearing, or any adjournment thereof, the commissioners may correct, change or modify the roll, or any part thereof, or set aside the roll and order a new assessment, and may then by resolution approve it. If an assessment is raised a new notice similar to the first shall be given, after which final approval of the roll may be made. When property has been entered originally upon the roll and the assessment thereon is not raised, no objection thereto shall be considered by the commissioners or by any court on appeal unless the objection is made in writing at, or prior to, the date fixed for the original hearing upon the roll. [1963 c 4 § 36.69.280. Prior: 1957 c 58 § 29.]

36.69.290 L.I.D.'s—Segregation of assessments—Power of board. Whenever any land against which there has been levied any special assessment by any park and recreation district shall have been sold in part or subdivided, the board of park and recreation commissioners of such district shall have the power to order a segregation of the assessment. [1963 c 4 § 36.69.290. Prior: 1957 c 58 § 30.]

36.69.300 L.I.D.'s—Segregation of assessments—Procedure—Fee, charges. Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the board of park and recreation commissioners of the park and recreation district which levied the assessment. If the board determines that a segregation should be made, it shall by resolution order the county treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall
describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board may require as a condition to the order of segregation that the person seeking it pay the district the reasonable engineering and clerical costs incident to making the segregation. All such revenue bonds authorized under the terms of this chapter may be issued and sold by the district from time to time and in such amounts as is deemed necessary by the board of park and recreation commissioners of each district to provide sufficient funds for the carrying out of all district powers, without limiting the generality thereof, including the following: Acquisition; construction; reconstruction; maintenance; repair; additions; operations of recreational facilities; parking facilities as a part of a recreational facility; and any other district purpose from which revenues can be derived. Included in the costs thereof shall be any necessary engineering, inspection, accounting, fiscal, and legal expenses, the cost of issuance of bonds, including printing, engraving and advertising and other similar expenses, and the proceeds of such bond issue are hereby made available for all such purposes. 36.69.380 Resolution to authorize bonds—Contents. Bonds issued under the provisions of this chapter shall be payable solely out of the operating revenues of the park and recreation district. Such bonds shall be authorized by resolution adopted by the board of park and recreation commissioners, which resolution shall create a special fund or funds into which the board of park and recreation commissioners may obligate and bind the district to set aside and pay any part or parts of, or all of, or a fixed proportion of, or fixed amounts of gross revenue received by the district from moneys for services or activities as stated in the resolution, for the purpose of paying the principal of and interest on such bonds as the same shall become due, and if deemed necessary to maintain adequate reserves therefor. Such fund or funds shall be drawn upon solely for the purpose of paying the principal and interest upon the bonds issued pursuant to this chapter.

The bonds shall be negotiable instruments within the provision and intent of the negotiable instruments law of this state, even though they shall be payable solely from such special fund or funds, and the tax revenue of the district may not be used to pay, secure, or guarantee the payment of the principal of and interest on such bonds. The bonds and any coupons attached thereto shall state upon their face that they are payable solely from such special fund or funds. If the county fails to set aside and pay into such fund or funds, the payments provided for in such resolution, the owner of any such bonds may bring suit to compel compliance with the provisions of the resolution. 36.69.390 Payment of bonds—Covenants—Enforcement. The board of park and recreation commissioners may provide covenants as it may deem necessary to secure the payment of the principal of and interest on such bonds and may, but shall not be required to, include covenants to create a reserve fund or account and to authorize the payment or deposit of certain moneys therein for the purpose of securing the payment of such principal and interest; to establish, maintain, and collect rates, charges, fees, rentals, and the like on the facilities and service the income of which is pledged for the payment of such bonds, sufficient to pay
or secure the payment of such principal and interest and to maintain an adequate coverage over annual debt service; and to make and all other covenants not inconsistent with the provisions of this chapter which will increase the marketability of such bonds. The board may also provide that revenue bonds payable out of the same source or sources may later be sold on a parity with any revenue bonds being issued and sold. The provisions of this chapter and any resolution or resolutions providing for the authorization, issuance, and sale of such bonds shall constitute a contract with the owner of such bonds, and the provisions thereof shall be enforceable by any owner of such bonds by mandamus or any appropriate suit, action or proceeding at law or in equity in any court of competent jurisdiction. [1983 c 167 § 88; 1972 ex.s. c 94 § 7.]

The board shall create a special fund for the sole purpose of paying the principal of and interest on such funding or refunding revenue bonds, into which fund the board shall obligate and bind the district to set aside and pay any part or parts of, or all of, a fixed proportion of, or a fixed amount of the revenue of the recreational facility of the district sufficient to pay such principal and interest as the same shall become due, and if deemed necessary to maintain adequate reserves therefor.

Such funding or refunding bonds shall be negotiable instruments within the provisions and intent of the negotiable instruments law of this state, and the tax revenue of the district may not be used to pay, secure, or guarantee the payment of the principal of and interest on such bonds. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

The district may exchange such funding or refunding bonds for the bonds, and any coupons being funded or refunded, or it may sell such funding or refunding bonds in the manner, at such price and at such rate or rates of interest as the board shall deem to be for the best interest of the district and its inhabitants, either at public or private sale.

The provisions of this chapter relating to the terms, conditions, covenants, issuance, and sale of revenue bonds shall be applicable to such funding or refunding bonds except as may be otherwise specifically provided in this section.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 89; 1972 ex.s. c 94 § 8.]

[1963 c 4 § 36.70.015. Prior: 1961 c 232 § 6.]

2. "Board" means the board of county commissioners.
3. "Certification" means the affixing on any map or by adding to any document comprising all or any portion of a comprehensive plan a record of the dates of action thereon by the commission and by the board, together with the signatures of the officer or officers authorized by ordinance to so sign.

Such plan shall consist of the required elements set forth in RCW 36.70.330 and may also include the optional elements set forth in RCW 36.70.350 which shall serve as a policy guide for the subsequent public and private development and official controls so as to present all proposed developments in a balanced and orderly relationship to existing physical features and governmental functions.
7. "Conditional use" means a use listed among those classified in any given zone but permitted to locate only after review by the board of adjustment, or zoning adjustor if there be such, and the granting of a conditional use permit imposing such performance standards as will make the use compatible with other permitted uses in the same vicinity and zone and assure against imposing excessive demands upon public utilities, provided the county ordinances specify the standards and criteria that shall be applied.

[1963 c 4 § 36.70.020. Prior: 1959 c 201 § 2.]

36.70.025 "Solar energy system" defined. As used in this chapter, "solar energy system" means any device or combination of devices or elements which rely upon direct sunlight as an energy source, including but not limited to any substance or device which collects sunlight for use in:

[1963 c 4 § 36.70.680. Prior: 1959 c 201 § 68.]

36.70.690 County improvements. No county shall improve any street or lay or authorize the laying of sewers or connections or other improvements to be laid in any street within any territory for which the board has adopted an official control in the form of precise street map or maps, until the matter has been referred to the planning agency by the department or official having jurisdiction for a report thereon and a copy of the report has been filed with the department or official making the reference unless one of the following conditions apply:

(1) The street has been accepted, opened, or has otherwise received legal status of a public street;

(2) It corresponds with and conforms to streets shown on the official controls applicable to the subject;

(3) It corresponds with and conforms to streets shown on a subdivision (land plat) approved by the board. [1963 c 4 § 36.70.690. Prior: 1959 c 201 § 69.]

Failure of the planning agency to report on the matters referred to in RCW 36.70.690 within forty days after the reference, or such longer period as may be designated by the board, department or official making the reference, shall be deemed to be approval of such matter. [1963 c 4 § 36.70.700. Prior: 1959 c 201 § 70.]

36.70.710 Final authority. Reports and recommendations by the planning agency on all matters shall be advisory only, and final determination shall rest with the administrative body, official, or the board whichever has authority to decide under applicable law. 36.70.720 Prerequisite for zoning. Zoning maps as an official control may be adopted only for areas covered by a comprehensive plan containing not less than a land use element and a circulation element. Zoning ordinances and maps adopted prior to June 10, 1959, are hereby validated, provided only that at the time of their enactment the comprehensive plan for the county existed according to law applicable at that time. [1963 c 4 § 36.70.720. Prior: 1959 c 201 § 72.]

36.70.730 Text without map. (2) Regulate location, height, bulk, number of stories and size of buildings and structures; the size of yards, courts, and other open spaces; the density of population; the percentage of a lot which may be occupied by buildings and structures; and the area required to provide off-street facilities for the parking of motor vehicles. [1963 c 4 § 36.70.750. Prior: 1959 c 201 § 75.]

36.70.755 Residential care facilities—Review of need and demand—Adoption of ordinances. Each county
that does not provide for the siting of residential care facilities in zones that are designated for single family or other residential uses, shall conduct a review of the need and demand for the facilities, including the cost of any condition- al or special use permit that may be required. The review shall be completed by August 30, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the *department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the *department of community development as to why such implementing ordinances were not adopted. [1989 c 427 § 38.]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

Report to legislature, model ordinance: RCW 70.128.180.

36.70.760 Establishing zones. For the purpose set forth in RCW 36.70.750 the county may divide a county, or portions thereof, into zones which, by number, shape, area and classification are deemed to be best suited to carry out the purposes of this chapter. [1963 c 4 § 36.70.760. Prior: 1959 c 201 § 76.]

36.70.770 All regulations shall be uniform in each zone. All regulations shall be uniform in each zone, but the regulations in one zone may differ from those in other zones. [1963 c 4 § 36.70.770. Prior: 1959 c 201 § 77.]

36.70.780 Classifying unmapped areas. After the adoption of the first map provided for in RCW 36.70.740, and pending the time that all property within a county can be precisely zoned through the medium of a zoning map, all properties not so precisely zoned by map shall be given a classification affording said properties such broad protective controls as may be deemed appropriate and necessary to serve public and private interests. Such controls shall be clearly set forth in the zoning ordinance in the form of a zone classification, and such classification shall apply to such areas until they shall have been included in the detailed zoning map in the manner provided for the adoption of a zoning map. [1963 c 4 § 36.70.780. Prior: 1959 c 201 § 78.]

36.70.790 Interim zoning. If the planning agency in good faith, is conducting or intends to conduct studies within a reasonable time for the purpose of, or is holding a hearing for the purpose of, or has held a hearing and has recom- mended to the board the adoption of any zoning map or amendment or addition thereto, or in the event that new territory for which no zoning may have been adopted as set forth in RCW 36.70.800 may be annexed to a county, the board, in order to protect the public safety, health and general welfare may, after report from the commission, adopt as an emergency measure a temporary interim zoning map the purpose of which shall be to so classify or regulate uses and related matters as constitute the emergency. [1963 c 4 § 36.70.790. Prior: 1959 c 201 § 79.]

36.70.795 Moratoria, interim zoning controls—Public hearing—Limitation on length. A board that adopts a moratorium, interim zoning map, interim zoning ordinance, or interim official control without holding a public hearing on the proposed moratorium, interim zoning map, interim zoning ordinance, or interim official control, shall hold a public hearing on the adopted moratorium, interim zoning map, interim zoning ordinance, or interim official control within at least sixty days of its adoption, whether or not the board received a recommendation on the matter from the commission or department. If the board does not adopt findings of fact justifying its action before this hearing, then the board shall do so immediately after this public hearing. A moratorium, interim zoning map, interim zoning ordinance, or interim official control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium, interim zoning map, interim zoning ordinance, or interim official control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 4.]

36.70.800 Procedural amendments—Zoning ordinance. An amendment to the text of a zoning ordinance which does not impose, remove or modify any regulation theretofore existing and affecting the zoning status of land shall be processed in the same manner prescribed by this chapter for the adoption of an official control except that no public hearing shall be required either by the commission or the board. [1963 c 4 § 36.70.800. Prior: 1959 c 201 § 80.]

36.70.810 Board of adjustment—Authority. The board of adjustment, subject to appropriate conditions and safeguards as provided by the zoning ordinance or the ordinance establishing the board of adjustment, if there be such, shall hear and decide:

(1) Applications for conditional uses or other permits when the zoning ordinance sets forth the specific uses to be made subject to conditional use permits and establishes criteria for determining the conditions to be imposed;

(2) Application for variances from the terms of the zoning ordinance: PROVIDED, That any variance granted shall be subject to such conditions as will assure that the adjustment thereby authorized shall not constitute a grant of special privilege inconsistent with the limitations upon other properties in the vicinity and zone in which subject property is situated, and that the following circumstances are found to apply;

(a) because of special circumstances applicable to subject property, including size, shape, topography, location or surroundings, the strict application of the zoning ordinance is found to deprive subject property of rights and privileges enjoyed by other properties in the vicinity and under identical zone classification;
(b) that the granting of the variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which subject property is situated.

(3) Appeals, where it is alleged by the applicant that there is error in any order, requirement, permit, decision, or determination made by an administrative official in the administration or enforcement of this chapter or any ordinance adopted pursuant to it. [1963 c 4 § 36.70.810. Prior: 1959 c 201 § 81.]

36.70.820 Board of adjustment—Quasi judicial powers. The board of adjustment may also exercise such other quasi judicial powers as may be granted by county ordinance. [1963 c 4 § 36.70.820. Prior: 1959 c 201 § 82.]

36.70.830 Board of adjustment—Appeals—Time limit. Appeals may be taken to the board of adjustment by any person aggrieved, or by any officer, department, board or bureau of the county affected by any decision of an administrative official. The written notice shall be mailed not less than twelve days prior to the hearing. [1963 c 4 § 36.70.840. Prior: 1959 c 201 § 84.]

36.70.850 Board of adjustment—Appeal—Notice of time and place. Upon the filing of an appeal from an administrative determination, or from the action of the zoning adjustor, the board of adjustment shall set the time and place at which the matter will be considered. At least a ten day notice of such time and place together with one copy of the written appeal, shall be given to the officer whose decision is being appealed. At least ten days notice of the time and place shall also be given to the adverse parties of record in the case. The officer from whom the appeal is being taken shall forthwith transmit to the board of adjustment all of the records pertaining to the decision being appealed from, together with such additional written report as he deems pertinent. [1963 c 4 § 36.70.850. Prior: 1959 c 201 § 85.]

36.70.860 Board of adjustment—Scope of authority on appeal. In exercising the powers granted by RCW 36.70.810 and 36.70.820, the board of adjustment may, in conformity with this chapter, reverse or affirm, wholly or in part, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as should be made and, to that end, shall have all the powers of the officer from whom the appeal is taken, insofar as the decision on the particular issue is concerned. [1963 c 4 § 36.70.860. Prior: 1959 c 201 § 86.]

36.70.870 Zoning adjustor—Powers and duties. If the office of zoning adjustor is established as provided in this chapter, all of the provisions of this chapter defining the powers, duties, and procedures of the board of adjustment shall also apply to the zoning adjustor. [1963 c 4 § 36.70.870. Prior: 1959 c 201 § 87.]

36.70.880 Zoning adjustor—Action final unless appealed. The action by the zoning adjustor on all matters coming before him shall be final and conclusive unless within ten days after the zoning adjustor has made his order, requirement, decision or determination, an appeal in writing is filed with the board of adjustment. Such an appeal may be taken by the original applicant, or by opponents of record in the case. [1963 c 4 § 36.70.880. Prior: 1959 c 201 § 88.]

36.70.890 Board of adjustment—Action final—Writs. The action by the board of adjustment on an application for a conditional use permit or a variance, or on an appeal from the decision of the zoning adjustor or an administrative officer shall be final and conclusive unless within ten days after the date of such action the original applicant or an adverse party makes application to a court of competent jurisdiction for a writ of certiorari, a writ of prohibition or a writ of mandamus. [1963 c 4 § 36.70.890. Prior: 1959 c 201 § 89.]

36.70.900 Inclusion of findings of fact. Both the board of adjustment and the zoning adjustor shall, in making an order, requirement, decision or determination, include in a written record of the case the findings of fact upon which the action is based. [1963 c 4 § 36.70.900. Prior: 1959 c 201 § 90.]

36.70.910 Short title. This chapter shall be known as the "Planning Enabling Act of the State of Washington". [1963 c 4 § 36.70.910. Prior: 1959 c 201 § 91.]

36.70.920 Duties and responsibilities imposed by other acts. Any duties and responsibilities which by other acts are imposed upon a planning commission shall, after June 10, 1959, be performed by a planning agency however constituted. [1963 c 4 § 36.70.920. Prior: 1959 c 201 § 92.]

36.70.930 Chapter alternative method. This chapter shall not repeal, amend, or modify any other law providing for planning methods but shall be deemed an alternative method providing for such purpose. [1963 c 4 § 36.70.930. Prior: 1959 c 201 § 93.]

this chapter. [1963 c 4 § 36.70.940. Prior: 1959 c 201 § 94.]

36.70.970 Hearing examiner system—Adoption
authorized—Alternative—Functions—Procedures. (1) As
an alternative to those provisions of this chapter relating to
powers or duties of the planning commission to hear and
issue recommendations on applications for plat approval and
applications for amendments to the zoning ordinance, the
county legislative authority may adopt a hearing examiner
system under which a hearing examiner or hearing examiners
may hear and issue decisions on proposals for plat approval
and for amendments to the zoning ordinance when the
amendment which is applied for is not of general applicabil-
ity. In addition, the legislative authority may vest in a
hearing examiner the power to hear and decide conditional use
applications, variance applications, applications for
shoreline permits or any other class of applications for or
pertaining to land uses. The legislative authority shall
prescribe procedures to be followed by a hearing examiner.
Any county which vests a hearing examiner the
authority to hear and decide conditional uses and variances
shall not be required to have a zoning adjuster or board of
adjustment.

Each county legislative authority electing to use a
hearing examiner pursuant to this section shall by ordinance
specify the legal effect of the decisions made by the examiner.
Except as provided in subsection (2) of this section, such
legal effect may vary for the different classes of applications
decided by the examiner but shall include one of the following:

(a) The decision may be given the effect of a recom-
   mendation to the legislative authority;

(b) The decision may be given the effect of an adminis-
   trative decision appealable within a specified time limit to
   the legislative authority.

(2) The legislative authority may specify the legal effect
of a hearing examiner's procedural determination under the
state environmental policy act, as defined in RCW
43.21C.075(3)(a). It may have the effect under subsection (1)
(a) or (b) of this section, or may be given the effect of a
final decision of the legislative authority.

(3) Each final decision of a hearing examiner shall be
in writing and shall include findings and conclusions, based
on the record, to support the decision. Such findings and
conclusions shall also set forth the manner in which the
decision was carried out and conform to the county's
comprehensive plan and the county's development regula-
tions. Each final decision of a hearing examiner, unless a
longer period is mutually agreed to in writing by the
applicant and the hearing examiner, shall be rendered within
ten working days following conclusion of all testimony and
hearings. [1994 c 257 § 9; 1977 ex.s. c 213 § 3.]

Chapter 36.70A  Title 36 RCW: Counties

36.70A.010 Legislative findings. The legislature finds that uncoordinated and unplanned growth, together with a lack of common goals expressing the public’s interest in the conservation and the wise use of our lands, pose a threat to the environment, sustainable economic development, and the health, safety, and quality of life enjoyed by residents of this state. It is in the public interest that citizens, communities, local governments, and the private sector cooperate and coordinate with one another in comprehensive land use planning. Further, the legislature finds that it is in the public interest that economic development programs be shared with communities experiencing insufficient economic growth.

36.70A.020 Planning goals. The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

(1) Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner.

(2) Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

(3) Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.

(4) Housing. Encourage the availability of affordable housing to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.

(5) Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and for disadvantaged persons, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state’s natural resources, public services, and public facilities.

(6) Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

(7) Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.

(8) Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation of productive forest lands and productive agricultural lands, and discourage incompatible uses.

(9) Open space and recreation. Encourage the retention of open space and development of recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks.

(10) Environment. Protect the environment and enhance the state’s high quality of life, including air and water quality, and the availability of water.

(11) Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

(12) Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures that have historical or archaeological significance.

36.70A.030 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town, including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

(6) "Department" means the department of community, trade, and economic development.

(7) For purposes of RCW 36.70A.065 and 36.70A.440, "development permit application" means any application for a development proposal for a use that could be permitted under a plan adopted pursuant to this chapter and is consistent with the underlying land use and zoning, including but
not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses or other applications pertaining to land uses, but shall not include rezones, proposed amendments to comprehensive plans or the adoption or amendment of development regulations.

(8) "Development regulations" means any controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances.

(9) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(10) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(11) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(12) "Minerals" include gravel, sand, and valuable metallic substances.

(13) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(14) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(15) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of such land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(16) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(17) "Urban governmental services" include those governmental services historically and typically delivered by cities, and include storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with nonurban areas.

(18) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities. However, wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands, if permitted by the county or city. [1994 c 307 § 2; 1994 c 257 § 5; 1990 1st ex.s.c 17 § 3]

Reviser's note: This section was amended by 1994 c 257 § 5 and by 1994 c 307 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2).

Finding—Intent—1994 c 307: "The legislature finds that it is in the public interest to identify and provide long-term conservation of those productive natural resource lands that are critical to and can be managed economically and practically for long-term commercial production of food, fiber, and minerals. Successful achievement of the natural resource industries' goal set forth in RCW 36.70A.020 requires the conservation of a land base sufficient in size and quality to maintain and enhance those industries and the development and use of land use techniques that discourage uses incompatible to the management of designated lands. The 1994 amendment to RCW 36.70A.030(8) (section 2(8), chapter 307, Laws of 1994) is intended to clarify legislative intent regarding the designation of forest lands and is not intended to require every county that has already complied with the interim forest land designation requirement of RCW 36.70A.170 to review its actions until the adoption of its comprehensive plans and development regulations as provided in RCW 36.70A.060(3)." [1994 c 307 § 1]

Effective date—1994 c 257 § 5: "Section 5 of this act shall take effect July 1, 1994." [1994 c 257 § 25]

Severability—1994 c 257: See note following RCW 36.70A.270.

36.70A.040 Who must plan. (1) Each county that has both a population of fifty thousand or more and has had its population increase by more than ten percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.
Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the *department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the *department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the *department of community development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption. [1993 sp.s. c 6 § 1; 1990 1st ex.s. c 17 § 4.]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

Effective date—1993 sp.s. c 6: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1993." [1993 sp.s. c 6 § 7.]

36.70A.045 Phasing of comprehensive plan submittal. The department may adopt a schedule to permit phasing of comprehensive plan submittal for counties and cities planning under RCW 36.70A.040. This schedule shall not permit a comprehensive plan to be submitted greater than one hundred eighty days past the date that the plan was required to be submitted and shall be used to facilitate expeditious review and interjurisdictional coordination of comprehensive plans and development regulations. [1991 sp.s. c 32 § 15.]
36.70A.050 Guidelines to classify agriculture, forest, and mineral lands and critical areas. (1) Subject to the definitions provided in RCW 36.70A.030, the department shall adopt guidelines, under chapter 34.05 RCW, no later than September 1, 1990, to guide the classification of: (a) Agricultural lands; (b) forest lands; (c) mineral resource lands; and (d) critical areas. The department shall consult with the department of agriculture regarding guidelines for agricultural lands, the department of natural resources regarding forest lands and mineral resource lands, and the department of ecology regarding critical areas.

(2) In carrying out its duties under this section, the department shall consult with interested parties, including but not limited to: (a) Representatives of cities; (b) representatives of counties; (c) representatives of developers; (d) representatives of builders; (e) representatives of owners of agricultural lands, forest lands, and mining lands; (f) representatives of local economic development officials; (g) representatives of environmental organizations; (h) representatives of special districts; (i) representatives of the governor's office and federal and state agencies; and (j) representatives of Indian tribes. In addition to the consultation required under this subsection, the department shall conduct public hearings in the various regions of the state. The department shall consider the public input obtained at such public hearings when adopting the guidelines.

(3) The guidelines under subsection (1) of this section shall be minimum guidelines that apply to all jurisdictions, but also shall allow for regional differences that exist in Washington state. The intent of these guidelines is to assist counties and cities in designating the classification of agricultural lands, forest lands, mineral resource lands, and critical areas under RCW 36.70A.170.

(4) The guidelines established by the department under this section regarding classification of forest lands shall not be inconsistent with guidelines adopted by the department of natural resources. [1990 1st ex.s. c 17 § 5.]

36.70A.060 Natural resource lands and critical areas—Development regulations. (1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights. [1991 sp.s. c 32 § 21; 1990 1st ex.s. c 17 § 6.]

36.70A.065 Development regulations—Requirements. Development regulations adopted pursuant to RCW 36.70A.040 shall establish time periods for local government actions on specific development permit applications and provide timely and predictable procedures to determine whether a completed development permit application meets the requirements of those development regulations. Such development regulations shall specify the contents of a completed development permit application necessary for the application of such time periods and procedures. [1994 c 257 § 3.]

Severability—1994 c 257: See note following RCW 36.70A.270.

36.70A.070 Comprehensive plans—Mandatory elements. The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby
jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element recognizing the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, and objectives for the preservation, improvement, and development of housing; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit land uses that are compatible with the rural character of such lands and provide for a variety of rural densities.

(6) A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;
(b) Facilities and services needs, including:
(i) An inventory of air, water, and land transportation facilities and services, including transit alignments, to define existing capital facilities and travel levels as a basis for future planning;
(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;
(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;
(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;
(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;
(c) Finance, including:

(i) An analysis of funding capability to judge needs against probable funding resources;
(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;
(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;
(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;
(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent. [1990 1st ex.s. c 17 § 7.]

36.70A.080 Comprehensive plans—Optional elements. (1) A comprehensive plan may include additional elements, items, or studies dealing with other subjects relating to the physical development within its jurisdiction, including, but not limited to:

(a) Conservation;
(b) Solar energy; and
(c) Recreation.

(2) A comprehensive plan may include, where appropriate, subarea plans, each of which is consistent with the comprehensive plan. [1990 1st ex.s. c 17 § 8.]

36.70A.090 Comprehensive plans—Innovative techniques. A comprehensive plan should provide for innovative land use management techniques, including, but not limited to, density bonuses, cluster housing, planned unit developments, and the transfer of development rights. [1990 1st ex.s. c 17 § 9.]

36.70A.100 Comprehensive plans—Must be coordinated. The comprehensive plan of each county or city that
is adopted pursuant to RCW 36.70A.040 shall be coordinated with, and consistent with, the comprehensive plans adopted pursuant to RCW 36.70A.040 of other counties or cities with which the county or city has, in part, common borders or related regional issues. [1990 1st ex.s. c 17 § 10.]

36.70A.103 State agencies required to comply with comprehensive plans. State agencies shall comply with the local comprehensive plans and development regulations and amendments thereto adopted pursuant to this chapter. [1991 sp.s. c 32 § 4.]

36.70A.106 Comprehensive plans—Development regulations—Transmittal to state. (1) Each county and city proposing adoption of a comprehensive plan or development regulations under this chapter shall notify the department of its intent to adopt such plan or regulations at least sixty days prior to final adoption. State agencies including the department may provide comments to the county or city on the proposed comprehensive plan, or proposed development regulations, during the public review process prior to adoption.

(2) Each county and city planning under this chapter shall transmit a complete and accurate copy of its comprehensive plan or development regulations to the department within ten days after final adoption.

(3) Any amendments for permanent changes to a comprehensive plan or development regulation that are proposed by a county or city to its adopted plan or regulations shall be submitted to the department in the same manner as initial plans and development regulations under this section. Any amendments to a comprehensive plan or development regulations that are adopted by a county or city shall be transmitted to the department in the same manner as the initial plans and regulations under this section. [1991 sp.s. c 32 § 8.]

36.70A.110 Comprehensive plans—Urban growth areas. (1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is adjacent to territory already characterized by urban growth.

(2) Based upon the population growth management planning population projection made for the county by the office of financial management, the urban growth areas in the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have existing public facility and service capacities to serve such development, and second in areas already characterized by urban growth that will be served by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources. Further, it is appropriate that urban government services be provided by cities, and urban government services should not be provided in rural areas.

(4) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(5) Each county shall include designations of urban growth areas in its comprehensive plan. [1994 c 249 § 27; 1993 sp.s. c 6 § 2; 1991 sp.s. c 32 § 29; 1990 1st ex.s. c 17 § 11.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

Effective date—1993 sp.s. c 6: See note following RCW 36.70A.040.

36.70A.120 Planning activities and capital budget decisions—Implementation in conformity with comprehensive plan. Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform its activities and make capital budget decisions in conformity with its comprehensive plan. [1993 sp.s. c 6 § 3; 1990 1st ex.s. c 17 § 12.]

Effective date—1993 sp.s. c 6: See note following RCW 36.70A.040.

36.70A.130 Comprehensive plans—Amendments. (1) Each comprehensive land use plan and development
regulations shall be subject to continuing evaluation and review by the county or city that adopted them.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2) Each county and city shall establish procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. All proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. [1990 1st ex.s. c 17 § 13.]

36.70A.140 Comprehensive plans—Ensure public participation. Each county and city that is required or chooses to plan under RCW 36.70A.040 shall establish procedures providing for early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and response to public comments. Errors in exact compliance with the established procedures shall not render the comprehensive land use plan or development regulations invalid if the spirit of the procedures is observed. [1990 1st ex.s. c 17 § 14.]

36.70A.150 Identification of lands useful for public purposes. Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify lands useful for public purposes such as utility corridors, transportation corridors, landfills, sewage treatment facilities, storm water management facilities, recreation, schools, and other public uses. The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule. [1991 c 322 § 23; 1990 1st ex.s. c 17 § 15.]

36.70A.160 Identification of open space corridors—Purchase authorized. Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify open space corridors within and between urban growth areas. They shall include lands useful for recreation, wildlife habitat, trails, and connection of critical areas as defined in RCW 36.70A.030. Identification of a corridor under this section by a county or city shall not restrict the use or management of lands within the corridor for agricultural or forest purposes. Restrictions on the use or management of such lands for agricultural or forest purposes imposed after identification solely to maintain or enhance the value of such lands as a corridor may occur only if the county or city acquires sufficient interest to prevent development of the lands or to control the resource development of the lands. The requirement for acquisition of sufficient interest does not include those corridors regulated by the interstate commerce commission, under provisions of 16 U.S.C. Sec. 1247(d), 16 U.S.C. Sec. 1248, or 43 U.S.C. Sec. 912. Nothing in this section shall be interpreted to alter the authority of the state, or a county or city, to regulate land use activities.

The city or county may acquire by donation or purchase the fee simple or lesser interests in these open space corridors using funds authorized by RCW 84.34.230 or other sources. [1992 c 227 § 1; 1990 1st ex.s. c 17 § 16.]

36.70A.170 Natural resource lands and critical areas—Designations. (1) On or before September 1, 1991, each county, and each city, shall designate where appropriate:

(a) Agricultural lands that are not already characterized by urban growth and that have long-term significance for the commercial production of food or other agricultural products;
(b) Forest lands that are not already characterized by urban growth and that have long-term significance for the commercial production of timber;
(c) Mineral resource lands that are not already characterized by urban growth and that have long-term significance for the extraction of minerals; and
(d) Critical areas.

(2) In making the designations required by this section, counties and cities shall consider the guidelines established pursuant to RCW 36.70A.050. [1990 1st ex.s. c 17 § 17.]

36.70A.180 Report on planning progress. (1) It is the intent of the legislature that counties and cities required to adopt a comprehensive plan under RCW 36.70A.040(1) begin implementing this chapter on or before July 1, 1990, including but not limited to: (a) Inventorying, designating, and conserving agricultural, forest, and mineral resource lands, and critical areas; and (b) considering the modification or adoption of comprehensive land use plans and development regulations implementing the comprehensive land use plans. It is also the intent of the legislature that funds be
made available to counties and cities beginning July 1, 1990, to assist them in meeting the requirements of this chapter.

(2) Each county and city that adopts a plan under RCW 36.70A.040 (1) or (2) shall report to the department annually for a period of five years, beginning on January 1, 1991, and each five years thereafter, on the progress made by that county or city in implementing this chapter. [1990 1st ex.s. c 17 § 19.]

36.70A.190 Technical assistance, grants, and mediation services. (1) The department shall establish a program of technical and financial assistance and incentives to counties and cities to encourage and facilitate the adoption and implementation of comprehensive plans and development regulations throughout the state.

(2) The department shall develop a priority list and establish funding levels for planning and technical assistance grants both for counties and cities that plan under RCW 36.70A.040. Priority for assistance shall be based on a county’s or city’s population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, and other relevant factors.

(3) The department shall develop and administer a grant program to provide direct financial assistance to counties and cities for the preparation of comprehensive plans under this chapter. The department may establish provisions for county and city matching funds to conduct activities under this subsection. Grants may be expended for any purpose directly related to the preparation of a county or city comprehensive plan as the county or city and the department may agree, including, without limitation, the conducting of surveys, inventories and other data gathering and management activities, the retention of planning consultants, contracts with regional councils for planning and related services, and other related purposes.

(4) The department shall establish a program of technical assistance:

(a) Utilizing department staff, the staff of other state agencies, and the technical resources of counties and cities to help in the development of comprehensive plans required under this chapter. The technical assistance may include, but not be limited to, model land use ordinances, regional education and training programs, and information for local and regional inventories; and

(b) Adopting by rule procedural criteria to assist counties and cities in adopting comprehensive plans and development regulations that meet the goals and requirements of this chapter. These criteria shall reflect regional and local variations and the diversity that exists among different counties and cities that plan under this chapter.

(5) The department shall provide mediation services to resolve disputes between counties and cities regarding, among other things, coordination of regional issues and designation of urban growth areas.

(6) The department shall provide planning grants to enhance citizen participation under RCW 36.70A.140. [1991 sp.s. c 32 § 3; 1990 1st ex.s. c 17 § 20.]

36.70A.200 Siting of essential public facilities. (1) The comprehensive plan of each county and city that is planning under this chapter shall include a process for identifying and siting essential public facilities. Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities, state and local correctional facilities, solid waste handling facilities, and in-patient facilities including substance abuse facilities, mental health facilities, and group homes.

(2) The office of financial management shall maintain a list of those essential state public facilities that are required or likely to be built within the next six years. The office of financial management may at any time add facilities to the list. No local comprehensive plan or development regulation may preclude the siting of essential public facilities. [1991 sp.s. c 32 § 1.]

36.70A.210 County-wide planning policies. (1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that county and city comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including, but not limited to, desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the
office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community, trade, and economic development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a county-wide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed county-wide planning policy.

(3) A county-wide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;
(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;
(c) Policies for siting public capital facilities of a county-wide or state-wide nature;
(d) Policies for county-wide transportation facilities and strategies;
(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;
(f) Policies for joint county and city planning within urban growth areas;
(g) Policies for county-wide economic development and employment; and
(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the county-wide planning policy adoption process. Adopted county-wide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a county-wide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a county-wide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a county-wide planning policy.

(6) Cities and the governor may appeal an adopted county-wide planning policy to the growth management hearings board within sixty days of the adoption of the county-wide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region. [1994 c 249 § 28; 1993 sp.s. c 6 § 4; 1991 sp.s. c 32 § 2.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

Effective date—1993 sp.s. c 6: See note following RCW 36.70A.040.

36.70A.250 Growth management hearings boards.
(1) There are hereby created three growth management hearings boards for the state of Washington. The boards shall be established as follows:

(a) An Eastern Washington board with jurisdictional boundaries including all counties that are required to or choose to plan under RCW 36.70A.040 and are located east of the crest of the Cascade mountains;

(b) A Central Puget Sound board with jurisdictional boundaries including King, Pierce, Snohomish, and Kitsap counties; and

(c) A Western Washington board with jurisdictional boundaries including all counties that are required or choose to plan under RCW 36.70A.040 and are located west of the crest of the Cascade mountains and are not included in the Central Puget Sound board jurisdictional boundaries. Skamania county, should it be required or choose to plan under RCW 36.70A.040, may elect to be included within the jurisdictional boundaries of either the Western or Eastern board.

(2) Each board shall only hear matters pertaining to the cities and counties located within its jurisdictional boundaries. [1994 c 249 § 29; 1991 sp.s. c 32 § 5.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

36.70A.260 Growth management hearings boards—Qualifications. (1) Each growth management hearings board shall consist of three members qualified by experience or training in matters pertaining to land use planning and residing within the jurisdictional boundaries of the applicable board. At least one member of each board must be admitted to practice law in this state and at least one member must have been a city or county elected official. Each board shall be appointed by the governor and not more than two members at the time of appointment or during their term shall be members of the same political party. No more than two members at the time of appointment or during their term shall reside in the same county.

(2) Each member of a board shall be appointed for a term of six years. A vacancy shall be filled by appointment by the governor for the unexpired portion of the term in which the vacancy occurs. The terms of the first three members of a board shall be staggered so that one member is appointed to serve until July 1, 1994, one member until July 1, 1996, and one member until July 1, 1998. [1994 c 249 § 30; 1991 sp.s. c 32 § 6.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.
36.70A.270  *Growth planning hearings boards—Conduct, procedure, and compensation. Each *growth planning hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and arrange for the reasonable distribution of the rules. The administrative procedure act, chapter 34.05 RCW, shall govern the administrative rules of practice and procedure adopted by the boards.

(8) A board member or hearing examiner is subject to disqualification for bias, prejudice, interest, or any other cause for which a judge is disqualified. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter. [1994 c 257 § 1; 1991 sp.s. c 32 § 7.]

*Reviser's note: The "growth planning hearings boards" were redesignated the "growth management hearings boards" by 1994 c 249 § 29.

Severability—1994 c 257: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1994 c 257 § 26.]

36.70A.280  Matters subject to board review. (1) A growth management hearings board shall hear and determine only those petitions alleging either:

(a) That a state agency, county, or city is not in compliance with the requirements of this chapter, or chapter 43.21C RCW as it relates to plans, regulations, or amendments, adopted under RCW 36.70A.040; or

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by the state, a county or city that plans under this chapter, a person who has either appeared before the county or city regarding the matter on which a review is being requested or is certified by the governor within sixty days of filing the request with the board, or a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, a board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by a board must be documented and filed with the office of
financial management within ten working days after adoption.

If adjusted by a board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as a "board adjusted population projection". None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes. [1994 c 249 § 31; 1991 sps. c 32 § 9.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

36.70A.290 Petitions to growth management hearings boards—Evidence. (1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city. The date of publication for a city shall be the date the city publishes the ordinance, or summary of the ordinance, adopting the comprehensive plan or development regulations, or amendment thereto, as is required to be published. Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto. The date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations. [1994 c 257 § 2; 1994 c 249 § 26; 1991 sps. c 32 § 10.]

Reviser's note: This section was amended by 1994 c 249 § 26 and by 1994 c 257 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—1994 c 257: See note following RCW 36.70A.270.

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

36.70A.300 Final orders. (1) The board shall issue a final order within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, or chapter 43.21C RCW as it relates to plans, regulations, and amendments thereto, adopted under RCW 36.70A.040. In the final order, the board shall either: (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter; or (b) find that the state agency, county, or city is not in compliance with the requirements of this chapter, in which case the board shall remand the matter to the affected state agency, county, or city and specify a reasonable time not in excess of one hundred eighty days within which the state agency, county, or city shall comply with the requirements of this chapter.

(2) Any party aggrieved by a final decision of the hearings board may appeal the decision to Thurston county superior court within thirty days of the final order of the board. [1991 sps. c 32 § 11.]

36.70A.310 Limitations on appeal by the state. A request for review by the state to a growth management hearings board may be made only by the governor, or with the governor’s consent the head of an agency, or by the commissioner of public lands as relating to state trust lands, for the review of whether: (1) A county or city that is required or chooses to plan under RCW 36.70A.040 has failed to adopt a comprehensive plan or development regulations, or county-wide planning policies within the time limits established by this chapter; or (2) a county or city that is required or chooses to plan under this chapter has adopted a comprehensive plan, development regulations, or county-wide planning policies, that are not in compliance with the requirements of this chapter. [1994 c 249 § 32; 1991 sps. c 32 § 12.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

36.70A.320 Presumption of validity—Burden of proof—Plans and regulations. Comprehensive plans and development regulations, and amendments thereto, adopted under this chapter are presumed valid upon adoption. In any petition under this chapter, the board, after full consideration of the petition, shall determine whether there is compliance with the requirements of this chapter. In making its determination, the board shall consider the criteria adopted by the department under RCW 36.70A.190(4). The board shall find compliance unless it finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter. [1991 sps. c 32 § 13.]

36.70A.330 Noncompliance. (1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(1)(b) has expired, the board, on its own motion or motion of the petitioner, shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board.

(3) If the board finds that the state agency, county, or city is not in compliance, the board shall transmit its finding
to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed. [1991 sp.s. c 32 § 14.]

36.70A.340 Noncompliance and sanctions. Upon receipt from the board of a finding that a state agency, county, or city is in noncompliance under RCW 36.70A.330, or as a result of failure to meet the requirements of RCW 36.70A.210, the governor may either:

1. Notify and direct the director of the office of financial management to revise allotments in appropriation levels;
2. Notify and direct the state treasurer to withhold the portion of revenues to which the county or city is entitled under one or more of the following: The motor vehicle fuel tax, as provided in chapter 82.36 RCW; the transportation improvement account, as provided in RCW 47.26.084; the urban arterial trust account, as provided in RCW 47.26.080; the rural arterial trust account, as provided in RCW 36.79.150; the sales and use tax, as provided in chapter 82.14 RCW; the liquor profit tax, as provided in RCW 66.08.190; and the liquor excise tax, as provided in RCW 82.08.170; or
3. File a notice of noncompliance with the secretary of state and the county or city, which shall temporarily rescind the county or city's authority to collect the real estate excise tax under RCW 82.46.030 until the governor files a notice rescinding the notice of noncompliance. [1991 sp.s. c 32 § 26.]

36.70A.345 Sanctions. The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act; or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the appropriate growth management hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided. [1994 c 249 § 33; 1993 sp.s. c 6 § 5.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

Effective date—1993 sp.s. c 6: See note following RCW 36.70A.040.

36.70A.350 New fully contained communities. A county required or choosing to plan under RCW 36.70A.040 may establish a process as part of its urban growth areas, that are designated under RCW 36.70A.110, for reviewing proposals to authorize new fully contained communities located outside of the initially designated urban growth areas.

1. A new fully contained community may be approved in a county planning under this chapter if criteria including but not limited to the following are met:
   a. New infrastructure is provided for and impact fees are established consistent with the requirements of RCW 82.02.050;
   b. Transit-oriented site planning and traffic demand management programs are implemented;
   c. Buffers are provided between the new fully contained communities and adjacent urban development;
   d. A mix of uses is provided to offer jobs, housing, and services to the residents of the new community;
   e. Affordable housing is provided within the new community for a broad range of income levels;
   f. Environmental protection has been addressed and provided for;
   g. Development regulations are established to ensure urban growth will not occur in adjacent nonurban areas;
   h. Provision is made to mitigate impacts on designated agricultural lands, forest lands, and mineral resource lands;
   i. The plan for the new fully contained community is consistent with the development regulations established for the protection of critical areas by the county pursuant to RCW 36.70A.170.

2. New fully contained communities may be approved outside established urban growth areas only if a county reserves a portion of the twenty-year population projection and offsets the urban growth area accordingly for allocation to new fully contained communities that meet the requirements of this chapter. Any county electing to establish a new community reserve shall do so no more often than once every five years as a part of the designation or review of urban growth areas required by this chapter. The new community reserve shall be allocated on a project-by-project basis, only after specific project approval procedures have been adopted pursuant to this chapter as a development regulation. When a new community reserve is established, urban growth areas designated pursuant to this chapter shall accommodate the unreserved portion of the twenty-year population projection.

Final approval of an application for a new fully contained community shall be considered an adopted amendment to the comprehensive plan prepared pursuant to RCW 36.70A.070 designating the new fully contained community as an urban growth area. [1991 sp.s. c 32 § 16.]

36.70A.360 Master planned resorts. Counties that are required or choose to plan under RCW 36.70A.040 may permit master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. A master planned resort means a self-contained and fully integrated planned unit development, in a setting of significant natural amenities, with primary focus on destina-
tion resort facilities consisting of short-term visitor accommodations associated with a range of developed on-site indoor or outdoor recreational facilities. A master planned resort may include other residential uses within its boundaries, but only if the residential uses are integrated into and support the on-site recreational nature of the resort.

A master planned resort may be authorized by a county only if:

1. The comprehensive plan specifically identifies policies to guide the development of master planned resorts;
2. The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the master planned resort, except in areas otherwise designated for urban growth under RCW 36.70A.110;
3. The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the master planned resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forest land or agricultural land under RCW 36.70A.170;
4. The county ensures that the resort plan is consistent with the development regulations established for critical areas; and
5. On-site and off-site infrastructure impacts are fully considered and mitigated. [1991 sp.s c 32 § 17.]

36.70A.370 Protection of private property. (1) The state attorney general shall establish by October 1, 1991, an orderly, consistent process, including a checklist if appropriate, that better enables state agencies and local governments to evaluate proposed regulatory or administrative actions to assure that such actions do not result in an unconstitutional taking of private property. It is not the purpose of this section to expand or reduce the scope of private property protections provided in the state and federal Constitutions. The attorney general shall review and update the process at least on an annual basis to maintain consistency with changes in case law.

(2) Local governments that are required or choose to plan under RCW 36.70A.040 and state agencies shall utilize the process established by subsection (1) of this section to assure that proposed regulatory or administrative actions do not result in an unconstitutional taking of private property.

(3) The attorney general, in consultation with the Washington state bar association, shall develop a continuing education course to implement this section.

(4) The process used by government agencies shall be protected by attorney client privilege. Nothing in this section grants a private party the right to seek judicial relief requiring compliance with the provisions of this section. [1991 sp.s. c 32 § 18.]

36.70A.380 Extension of designation date. The department may extend the date by which a county or city is required to designate agricultural lands, forest lands, mineral resource lands, and critical areas under RCW 36.70A.170, or the date by which a county or city is required to protect such lands and critical areas under RCW 36.70A.060, if the county or city demonstrates that it is proceeding in an orderly fashion, and is making a good faith effort, to meet these requirements. An extension may be for up to an additional one hundred eighty days. The length of an extension shall be based on the difficulty of the effort to conform with these requirements. [1991 sp.s c 32 § 39.]

36.70A.385 Environmental planning pilot projects. (1) The legislature intends to determine whether the environmental review process mandated under chapter 43.21C RCW may be enhanced and simplified, and coordination improved, when applied to comprehensive plans mandated by this chapter. The department of community development shall undertake pilot projects on environmental review to determine if the review process can be improved by fostering more coordination and eliminating duplicative environmental analysis which is made to assist decision makers approving comprehensive plans pursuant to this chapter. Such pilot projects should be designed and scoped to consider cumulative impacts resulting from plan decisions, plan impacts on environmental quality, impacts on adjacent jurisdictions, and similar factors in sufficient depth to simplify the analysis of subsequent specific projects being carried out pursuant to the approved plan.

(2) The legislature hereby authorizes the department of community development to establish, in cooperation with business, industry, cities, counties, and other interested parties, at least two but not more than four pilot projects, one of which shall be with a county, on enhanced draft and final nonproject environmental analysis of comprehensive plans prepared pursuant to this chapter, for the purposes outlined in subsection (1) of this section. The department of community development may select appropriate geographic subareas within a comprehensive plan if that will best serve the purposes of this section and meet the requirements of chapter 43.21C RCW.

(3) An enhanced draft and final nonproject environmental analysis prepared pursuant to this section shall follow the rules adopted pursuant to chapter 43.21C RCW.

(4) Not later than December 31, 1993, the department of community development shall evaluate the overall effectiveness of the pilot projects under this section regarding preparing enhanced nonproject environmental analysis for the approval process of comprehensive plans and shall:

(a) Provide an interim report of its findings to the legislature with such recommendations as may be appropriate, including the need, if any, for further legislation;

(b) Consider adoption of any further rules or guidelines as may be appropriate to assist counties and cities in meeting requirements of chapter 43.21C RCW when considering comprehensive plans; and

(c) Prepare and circulate to counties and cities such instructional manuals or other information derived from the pilot projects as will assist all counties and cities in meeting the requirements and objectives of chapter 43.21C RCW in the most expeditious and efficient manner in the process of considering comprehensive plans pursuant to this chapter.

(5) The department of community development shall submit a final report to the legislature no later than December 31, 1995. [1991 sp.s. c 32 § 20.]

*Reviser’s note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

36.70A.390 Moratoria, interim zoning controls—Public hearing—Limitation on length—Exceptions. A county or city governing body that adopts a moratorium, interim zoning map, interim zoning ordinance, or interim official control without holding a public hearing on the proposed moratorium, interim zoning map, interim zoning ordinance, or interim official control, shall hold a public hearing on the adopted moratorium, interim zoning map, interim zoning ordinance, or interim official control within at least sixty days of its adoption, whether or not the governing body received a recommendation on the matter from the planning commission or department. If the governing body does not adopt findings of fact justifying its action before this hearing, then the governing body shall do so immediately after this public hearing. A moratorium, interim zoning map, interim zoning ordinance, or interim official control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium, interim zoning map, interim zoning ordinance, or interim official control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal.

This section does not apply to the designation of critical areas, agricultural lands, forest lands, and mineral resource lands, under RCW 36.70A.170, and the conservation of these lands and protection of these areas under RCW 36.70A.060, prior to such actions being taken in a comprehensive plan adopted under RCW 36.70A.070 and implementing development regulations adopted under RCW 36.70A.120, if a public hearing is held on such proposed actions. [1992 c 207 § 6]

36.70A.400 Accessory apartments. Any local government, as defined in RCW 43.63A.215, that is planning under this chapter shall comply with RCW 43.63A.215(3). [1993 c 478 § 11.]

36.70A.410 Treatment of residential structures occupied by persons with handicaps. No county or city that plans or elects to plan under this chapter may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 23.]

36.70A.420 Transportation projects—Findings—Intent. The legislature recognizes that there are major transportation projects that affect multiple jurisdictions as to economic development, fiscal influence, environmental consequences, land use implications, and mobility of people and goods. The legislature further recognizes that affected jurisdictions have important interests that must be addressed, and that these jurisdictions' present environmental planning and permitting authority may result in multiple local permits and other requirements being specified for the projects.

The legislature finds that the present permitting system may result in segmented and sequential decisions by local governments that do not optimally serve all the parties with an interest in the decisions. The present system may also make more difficult achieving the consistency among plans and actions that is an important aspect of this chapter.

It is the intent of the legislature to provide for more efficiency and equity in the decisions of local governments regarding major transportation projects by encouraging coordination or consolidation of the processes for reviewing environmental planning and permitting requirements for those projects. The legislature intends that local governments coordinate their regulatory decisions by considering together the range of local, state, and federal requirements for major transportation projects. Nothing in RCW 36.70A.420 or 36.70A.430 alters the authority of cities or counties under any other planning or permitting statute. [1994 c 258 § 1.]

Captions not law—1994 c 258: "Section captions used in this act constitute no part of the law." [1994 c 258 § 6.]

36.70A.430 Transportation projects—Collaborative review process. For counties engaged in planning under this chapter, there shall be established by December 31, 1994, a collaborative process to review and coordinate state and local permits for all transportation projects that cross more than one city or county boundary. This process shall at a minimum, establish a mechanism among affected cities and counties to designate a permit coordinating agency to facilitate multijurisdictional review and approval of such transportation projects. [1994 c 258 § 2.]

Captions not law—1994 c 258: See note following RCW 36.70A.420.

36.70A.440 Development permit applications—Notice to applicant. Each city and county planning pursuant to RCW 36.70A.040 shall, within twenty working days of receiving a development permit application as defined in RCW 36.70A.030(7), mail or provide in person a written notice to the applicant, stating either: That the application is complete; or that the application is incomplete and what is necessary to make the application complete. To the extent known by the city or county, the notice shall identify other agencies of local, state, or federal governments that may have jurisdiction over some aspect of the application. [1994 c 257 § 4.]

Severability—1994 c 257: See note following RCW 36.70A.270.

36.70A.450 Family day-care provider's home facility—City may not prohibit in residential or commercial area. No city that plans or elects to plan under this chapter may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the facility: (1) Comply with all building, fire, safety, health code, and business licensing requirements; (2) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district.
except if the structure is a legal nonconforming structure; (3) is certified by the state department of licensing as providing a safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city that plans or elects to plan under this chapter from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020.

36.70A.800 Role of growth strategies commission.

The growth strategies commission created by executive order shall:

(1) Analyze different methods for assuring that county and city comprehensive plans adopted under chapter 36.70A RCW are consistent with the planning goals under RCW 36.70A.020 and with other requirements of chapter 36.70A RCW;

(2) Recommend to the legislature and the governor by October 1, 1990, a specific structure or process that, among other things:

(a) Ensures county and city comprehensive plans adopted under chapter 36.70A RCW are coordinated and comply with planning goals and other requirements under chapter 36.70A RCW;

(b) Requires state agencies to comply with this chapter and to consider and be consistent with county and city comprehensive plans in actions by state agencies, including the location, financing, and expansion of transportation systems and other public facilities;

(c) Defines the state role in growth management;

(d) Addresses lands and resources of state-wide significance, including to:

(i) Protect these lands and resources of state-wide significance by developing standards for their preservation and protection and suggesting the appropriate structure to monitor and enforce the preservation of these lands and resources; and

(ii) Consider the environmental, economic, and social values of the lands and resources with state-wide significance;

(e) Identifies potential state funds that may be withheld and incentives that promote county and city compliance with chapter 36.70A RCW;

(f) Increases affordable housing state-wide and promotes linkages between land use and transportation;

(g) Addresses vesting of rights; and

(h) Addresses short subdivisions; and

(3) Develop recommendations to provide for the resolution of disputes over urban growth areas between counties and cities, including incorporations and annexations. [1990 1st ex.s. c 17 § 86.]

36.70A.900 Severability—1990 1st ex.s. c 17. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1990 1st ex.s. c 17 § 88.]

36.72.075 Official county newspaper. At its first April meeting, the county legislative authority shall let a contract to a legal newspaper qualified under this section to serve as the official county newspaper for the term of one year beginning on the first day of July following. If there be at least one legal newspaper published in the county, the contract shall be let to a legal newspaper published in the county. If there be no legal newspaper published in the county, the county legislative authority shall let the contract to a legal newspaper published in an adjacent county and having general circulation in the county.

When two or more legal newspapers are qualified under the provisions of this section to be the official county newspaper, the county auditor shall advertise, at least five weeks before the meeting at which the county legislative authority shall let the contract for the official county newspaper, for bid proposals to be submitted by interested qualified legal newspapers. Advertisement of the opportunity to bid shall be mailed to all qualified legal newspapers and shall be published once in the official county newspaper. The advertisement may designate the form which notices shall take, and may require that the successful bidder provide a bond for the correct and faithful performance of the contract.

36.73.010 Intent. The legislature finds that the citizens of the state can benefit by cooperation of the public and private sectors in addressing transportation needs. This cooperation can be fostered through enhanced capability for cities, towns, and counties to make and fund transportation improvements necessitated by economic development.

It is the intent of the legislature to encourage joint efforts by the state, local governments, and the private sector to respond to the need for those transportation improvements on state highways, county roads, and city streets. This goal can be better achieved by allowing cities, towns, and counties to establish transportation benefit districts in order to respond to the special transportation needs and economic opportunities resulting from private sector development for the public good. The legislature also seeks to facilitate the equitable participation of private developers whose developments may generate the need for those improvements in the improvement costs. [1987 c 327 § 1.]

36.73.020 Establishment of district by county. The legislative authority of a county may establish one or more transportation benefit districts within the county for the purpose of acquiring, constructing, improving, providing, and funding any city street, county road, or state highway improvement within the district that is (1) consistent with state, regional, and local transportation plans, (2) necessitated by existing or reasonably foreseeable congestion levels attributable to economic growth, and (3) partially funded by local government or private developer contributions, or a combination of such contributions. Such transportation improvements shall be owned by the county of jurisdiction if located in an unincorporated area, by the city of jurisdiction if located in an incorporated area, or by the state in cases where the transportation improvement is or becomes a state highway; and all such transportation improvements shall be administered and maintained as other public streets, roads, and highways. The district may not include any area within the corporate limits of a city unless the city legislative authority has agreed to the inclusion pursuant to chapter 39.34 RCW. The agreement shall specify the area and such powers as may be granted to the benefit district.

The members of the county legislative authority, acting ex officio and independently, shall compose the governing body of the district: PROVIDED, That where a transportation benefit district includes any portion of an incorporated city, town, or another county, the district may be governed as provided in an interlocal agreement adopted pursuant to chapter 39.34 RCW. The county treasurer shall act as the ex officio treasurer of the district. The electors of the district
 shall all be registered voters residing within the district. For purposes of this section, the term "city" means both cities and towns. [1989 c 53 § 1; 1987 c 327 § 2.]

Severability—1989 c 53: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 53 § 5.]

36.73.030 Establishment of district by city. See RCW 35.21.225.

36.73.040 General powers of district. A transportation benefit district is a quasi-municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

A transportation benefit district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. Public works contract limits applicable to the jurisdiction that established the district shall apply to the district. [1989 c 53 § 3; 1987 c 327 § 4.]

Severability—1989 c 53: See note following RCW 36.73.020.

36.73.050 Establishment of district—Public hearing. (1) A city or county legislative authority proposing to establish a transportation benefit district, or to modify the boundaries of an existing district, or to dissolve an existing district, shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days before the hearing, in a newspaper of general circulation within the proposed district. The legislative authority shall make provision for a district to be automatically dissolved when all indebtedness of the district has been retired and anticipated responsibilities have been satisfied. This notice shall be in addition to any other notice required by law to be published. The notice shall, where applicable, specify the functions or activities proposed to be provided or funded, or the additional functions or activities proposed to be provided or funded, by the district. Additional notice of the hearing may be given by mail, by posting within the proposed district, or in any manner the city or county legislative authority deems necessary to notify affected persons. All hearings shall be public and the city or county legislative authority shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the district.

(2) Following the hearing held pursuant to subsection (1) of this section, the city or county legislative authority may establish a transportation benefit district, modify the boundaries or functions of an existing district, or dissolve an existing district, if the city or county legislative authority finds the action to be in the public interest and adopts an ordinance providing for the action. The ordinance establishing a district shall specify the functions or activities to be exercised or funded and establish the boundaries of the district. A district shall include only those areas which can reasonably be expected to benefit from improvements to be funded by the district. Functions or activities proposed to be provided or funded by the district may not be expanded beyond those specified in the notice of hearing, unless additional notices are made, further hearings on the expansion are held, and further determinations are made that it is in the public interest to so expand the functions or activities proposed to be provided or funded.

(3) At any time before the city or county legislative authority establishes a transportation benefit district pursuant to this section, all further proceedings shall be terminated upon the filing of a verified declaration of termination signed by the owners of real property consisting of at least sixty percent of the assessed valuation in the proposed district. [1987 c 327 § 5.]

36.73.060 Authority to levy property tax. (1) A transportation benefit district may levy an ad valorem property tax in excess of the one percent limitation upon the property within the district for a one-year period whenever authorized by the voters of the district pursuant to RCW 84.52.052 and Article VII, section 2(a) of the state Constitution.

(2) A district may provide for the retirement of voter-approved general obligation bonds, issued for capital purposes only, by levying bond retirement ad valorem property tax levies in excess of the one percent limitation whenever authorized by the voters of the district pursuant to Article VII, section 2(b) of the state Constitution and RCW 84.52.056. [1987 c 327 § 6.]

36.73.070 Authority to issue general obligation bonds. (1) To carry out the purpose of this chapter, a transportation benefit district may issue general obligation bonds, not to exceed an amount, together with any other outstanding nonvoter-approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in RCW 36.73.060(2). The district may submit a single proposition to the voters that, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the transportation benefit district shall by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest,
regression as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the transportation benefit district which issues the bonds may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. The district may also pledge any other revenues that may be available to the district. [1987 c 327 § 7.]

36.73.080 Local improvement districts authorized—Special assessments—Bonds. (1) A transportation benefit district may form a local improvement district to provide any transportation improvement it has the authority to provide, impose special assessments on all property specially benefited by the transportation improvements, and issue special assessment bonds or revenue bonds to fund the costs of the transportation improvement. Local improvement districts shall be created and assessments shall be made and collected pursuant to chapters 35.43, 35.44, 35.49, 35.50, 35.51, 35.53, and 35.54 RCW.

(2) The governing body of a transportation benefit district shall by resolution establish for each special assessment bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. The maximum term of any special assessment bonds shall not exceed thirty years beyond the date of issue. Special assessment bonds issued pursuant to this section shall not be an indebtedness of the transportation benefit district issuing the bonds, and the interest and principal on the bonds shall only be payable from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the transportation benefit district has created. The district issuing the special assessment bonds is not liable to the owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section for any loss occurring in the lawful operation of its local improvement guaranty fund. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each special assessment bond issued pursuant to this section.

(3) Assessments shall reflect any credits given by a transportation benefit district for real property or property right donations made pursuant to RCW 47.14.030.

(4) The governing body may establish and pay moneys into a local improvement guaranty fund to guarantee special assessment bonds issued by the transportation benefit district. [1987 c 327 § 8.]

36.73.090 Printing of bonds. Where physical bonds are issued pursuant to RCW 36.73.070 or 36.73.080, the bonds shall be printed, engraved, or lithographed on good bond paper and the manual or facsimile signatures of both the treasurer and chairperson of the governing body shall be included on each bond. [1987 c 327 § 9.]

36.73.100 Use of bond proceeds. (1) The proceeds of any bond issued pursuant to RCW 36.73.070 or 36.73.080 may be used to pay costs incurred on such bond issue related to the sale and issuance of the bonds. Such costs include payments for fiscal and legal expenses, obtaining bond ratings, printing, engraving, advertising, and other similar activities.

(2) In addition, proceeds of bonds used to fund capital projects may be used to pay the necessary and related engineering, architectural, planning, and inspection costs. [1987 c 327 § 10.]

36.73.110 Acceptance and use of gifts and grants. A transportation benefit district may accept and expend or use gifts, grants, and donations. [1987 c 327 § 11.]

36.73.120 Imposition of fees on building construction or land development—Limitations. (1) A transportation benefit district may impose a fee or charge on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land only if done in accordance with chapter 39.92 RCW.

(2) Any fee or charge imposed under this section shall be used exclusively for transportation improvements constructed by a transportation benefit district. The fees or charges so imposed must be reasonably necessary as a result of the impact of development, construction, or classification or reclassification of land on identified transportation needs.

(3) When fees or charges are imposed by a district within which there is more than one city or both incorporated and unincorporated areas, the legislative authority for each city in the district and the county legislative authority for the unincorporated area must approve the imposition of such fees or charges before they take effect. [1988 c 179 § 7; 1987 c 327 § 12.]

36.73.130 Power of eminent domain. A transportation benefit district may exercise the power of eminent domain to obtain property for its authorized purposes in the manner as the city or county legislative authority that established the district. [1987 c 327 § 13.]

36.73.140 Authority to contract for street and highway improvements. A transportation benefit district has the same powers as a county or city to contract for street, road, or state highway improvement projects and to enter into reimbursement contracts provided for in chapter 35.72 RCW. [1987 c 327 § 14.]

36.73.150 Department of transportation may fund improvement projects. The department of transportation, counties, and cities may give funds to transportation benefit districts for the purposes of financing street, road, or highway improvement projects. [1987 c 327 § 15.]

36.73.900 Liberal construction. The rule of strict construction does not apply to this chapter, and this chapter shall be liberally construed to permit the accomplishment of its purposes. [1987 c 327 § 16.]

Upon the hearing the court shall consider the survey, maps, and all data with reference to the investigation of the examining engineer and may demand such further examination as it may deem necessary and any objection of any party defendant may be heard and considered. The court shall determine the true location, course, and width of the road and may in its discretion assess the cost of such action against the county to be paid from the county road fund. [1963 c 4 § 36.75.120. Prior: 1937 c 187 § 13; RRS § 6450-13.]

36.75.130 Approaches to county roads. No person shall be permitted to build or construct any approach to any county road without first obtaining permission therefor from the board. [1963 c 4 § 36.75.130. Prior: 1943 c 174 § 1; Rem. Supp. 1943 § 6450-95.]

36.75.140 Approaches to county roads—Rules regarding construction. The boards of the several counties of the state may adopt reasonable rules for the construction of approaches which, when complied with, shall entitle a person to build or construct an approach from any abutting property to any county road. The rules may include provisions for the construction of culverts under the approaches, the depth of fills over the culverts and for such other drainage facilities as the board deems necessary. The construction of approaches, culverts, fills, or such other drainage facilities as may be required, shall be under the supervision of the county road engineer, and all such construction shall be at the expense of the person benefited by the construction. [1969 ex.s. c 182 § 4; 1963 c 4 § 36.75.140. Prior: 1943 c 174 § 2; Rem. Supp. 1943 § 6450-96.]

36.75.150 Approaches to county roads—Penalty. Any person violating any of the provisions of RCW 36.75.130 and 36.75.140 shall be guilty of a misdemeanor. [1963 c 4 § 36.75.150. Prior: 1943 c 174 § 3; Rem. Supp. 1943 § 6450-97.]

36.75.160 Power of county commissioners as to roads, bridges, and other structures crossing boundary lines. The board of county commissioners of any county may erect and construct or acquire by purchase, gift, or condemnation, any bridge, trestle, or any other structure which crosses any stream, body of water, gulch, navigable water, swamp or other topographical formation requiring such structure for the continuation or connection of any county road if such topographical formation constitutes the boundary of a city, town, another county or the state of Washington or another state or a county, city or town of such other state.

The board of such county may join with such city, town, other county, the state of Washington, or other state, or a county, city or town of such other state in paying for, erecting, constructing, acquiring by purchase, gift, or condemnation any such bridge, trestle, or other structure, and the purchase or condemnation of right of way therefor.

The board of any county may construct, maintain, and operate any county road which forms the boundary line between another county within the state or another county in any other state or which through its meandering crosses and recrosses such boundary; and acquire by purchase or condemnation any lands or rights within this state, either within or without its county, necessary for such boundary road; and enter into joint contracts with authorities of adjoining counties for the construction, operation, and maintenance of such boundary roads. The power of condemnation herein granted may be exercised jointly by two counties in the manner provided in RCW 36.75.170 for bridges, or it may be exercised by a single county in the manner authorized by law. [1963 c 4 § 36.75.160. Prior: 1943 c 82 § 3; 1937 c 187 § 26; Rem. Supp. 1943 § 6450-26.]

36.75.170 Power of county commissioners as to roads, bridges, and other structures crossing boundary lines—Resolution to acquire or construct. The board may by original resolution entered upon its minutes declare its intention to pay for and erect or construct, or acquire by purchase, gift, or condemnation, any bridge, trestle, or other structure upon any county road which crosses any stream, body of water, gulch, navigable water, swamp or other topographical formation constituting a boundary, or to join therein with any other county, city or town, or with this state, or with any other state, or with any county, city or town of any other state, in the erection, or construction, or acquisition of any such structure, and declare that the same is a public necessity, and direct the county road engineer to report upon such project, dividing any just proportional cost thereof.

In the event two counties or any county and any city wish to join in paying for the erection or acquisition of any such structure, the resolution provided in this section shall be a joint resolution of the governing authorities of the counties and cities and they shall further, by such resolution, designate an engineer employed by one county to report upon the proposed erection or acquisition. [1963 c 4 § 36.75.170. Prior: 1937 c 187 § 27; RRS § 6450-27.]

36.75.180 Power of county commissioners as to roads, bridges, and other structures crossing boundary lines—Freeholders' petition to acquire or construct. Ten or more freeholders of any county may petition the board for the erection and construction or acquisition by purchase, gift, or condemnation of any bridge, trestle, or any other structure in the vicinity of their residence, and upon any county road

[Title 36 RCW—page 178]
which crosses any stream, body of water, gulch, navigable waters, swamp or other topographical formation constituting a boundary by joining with any other county, city or town, or the state of Washington, or with any other state or with any county, city or town of any other state, setting forth and describing the location proposed for the erection of such bridge, trestle, or other structure, and stating that the same is a public necessity. The petition shall be accompanied by a bond with the same requirements, conditions, and amount and in the same manner as in case of a freeholders’ petition for the establishing of a county road. Upon the filing of such petition and bond and being satisfied that the petition has been signed by freeholders residing in the vicinity of such proposed bridge, trestle, or other structure, the board shall direct the county road engineer to report upon the project, dividing any just proportional cost thereof.

In the event two counties or any county and any city or town are petitioned to join in paying for the erection or acquisition of such structure, the board of county commissioners of the counties or the board of county commissioners of the county and governing authorities of the city or town shall act jointly in the selection of the engineer who shall report upon such acquisition or erection. [1963 c 4 § 36.75.180. Prior: 1937 c 187 § 28; RRS § 6450-28.]

### 36.75.190 Engineer’s report—Hearing—Order.

Upon report by the examining engineer for the erection and construction upon any county road, or for acquisition by purchase, gift or condemnation of any bridge, trestle, or any other structure crossing any stream, body of water, gulch, navigable water, swamp or other topographical formation, which constitutes a boundary, publication shall be made and joint hearing had upon such report in the same manner and upon the same procedure as in the case of resolution or petition for the laying out and establishing of county roads. If upon the hearing the governing authorities jointly order the erection and construction or acquisition of such bridge, trestle, or other structure, they may jointly acquire land necessary therefor by purchase, gift, or condemnation in the manner as provided for acquiring land for county roads, and shall advertise calls for bids, require contractor’s deposit and bond, award contracts, and supervise construction as by law provided and in the same manner as required in the case of the construction of county roads.

Any such bridges, trestles or other structures may be operated free, or may be operated as toll bridges, trestles, or other structures under the provisions of the laws of this state relating thereto. [1963 c 4 § 36.75.190. Prior: 1937 c 187 § 29; RRS § 6450-29.]

### 36.75.200 Bridges on city or town streets.

The boards of the several counties may expend funds from the county road fund for the construction, improvement, repair, and maintenance of any bridge upon any city street within any city or town in such county where such city street and bridge are essential to the continuation of the county road system of the county. Such construction, improvement, repair, or maintenance shall be ordered by resolution and proceedings conducted in respect thereto in the same manner as provided for the laying out and establishing of county roads by counties, and for the preparation of maps, plans, and specifications, advertising and award of contracts therefor. [1963 c 4 § 36.75.200. Prior: 1937 c 187 § 30; RRS § 6450-30.]

### 36.75.203 Responsibility of city to maintain county road forming a municipal boundary.

If the centerline of a portion of a county road is part of a corporate boundary of a city or town as of May 21, 1985, and that portion of county road has no connection to the county road system, maintenance of all affected portions of the road shall be the responsibility of such city or town after a petition requesting the same has been made to the city or town by the county legislative authority. [1985 c 429 § 2.]

### 36.75.205 Street as extension of road in town of less than one thousand.

Whenever any street in any town, having a population of less than one thousand persons, forms an extension of a county road of the county in which such town is located, and where the board of county commissioners of such county and the governing body of such town, prior to the commencement of any work, have mutually agreed and each adopted a resolution setting forth the nature and scope of the work to be performed and the share of the cost or labor which each shall bear, such county may expend county road funds for construction, improvement, repair, or maintenance of such street. [1963 c 4 § 36.75.205. Prior: 1959 c 83 § 1.]

### 36.75.207 Agreements for planning, establishment, construction, and maintenance of city streets by counties—Use of county road fund—Payment by city—Contracts, bids.

See RCW 35.77.020 through 35.77.040.

### 36.75.210 Roads crossing and recrossing boundaries.

Whenever a county road is established within any county, and such county road crosses the boundary of the county and again enters the county, the board of the county within which the major portion of the road is located may expend the county road fund of such county in laying out, establishing, constructing, altering, repairing, improving, and maintaining that portion of the road lying outside the county, in the manner provided by law for the expenditure of county funds for the construction, alteration, repair, improvement, and maintenance of county roads within the county.

The board of any county may construct, maintain, and operate any county road which forms the boundary line between another county within the state or another county in any other state or which through its meandering crosses and recrosses such boundary; and acquire by purchase or condemnation any lands or rights within this state, either within or without its county, necessary for such boundary road; and enter into joint contracts with authorities of adjoining counties for the construction, operation, and maintenance of such boundary roads. The power of condemnation herein granted may be exercised jointly by two counties in the manner provided for bridges, or it may be exercised by a single county in the manner authorized by law. [1963 c 4 § 36.75.210. Prior: 1937 c 187 § 23; RRS § 6450-23. FORMER PART OF SECTION: 1943 c 82 § 3, part; 1937 c 187 § 26, part; Rem. Supp. 1943 c 6450-26, part, now codified in RCW 36.75.160.]
36.75.220 Connecting road across segment of third county. Whenever two counties are separated by an intervening portion of a third county not exceeding one mile in width, and each of such counties has constructed or shall construct a county road to the boundary thereof, and the boards of the two counties deem it beneficial to such counties to connect the county roads by the construction and maintenance of a county road across the intervening portion of the third county, it shall be lawful for the boards of the two counties to expend jointly the county road funds of their respective counties in acquiring right of way for the construction, improvement, repair, and maintenance of such connecting county road and any necessary bridges thereon, in the manner provided by law for the expenditure of county road funds for the construction, improvement, repair, and maintenance of county roads lying within a county. [1963 c 4 § 36.75.220. Prior: 1937 c 187 § 24; RRS § 6450-24.]

36.75.230 Acquisition of land under RCW 36.75.210 and 36.75.220. For the purpose of carrying into effect RCW 36.75.210 and 36.75.220 and under the circumstances therein set out the boards may acquire land necessary for the right of way for any portion of a county road lying outside such county or counties by gift or purchase or by condemnation in the manner provided for the taking of property for public use by counties. [1963 c 4 § 36.75.230. Prior: 1937 c 187 § 25, part; RRS § 6450-25, part.]

36.75.240 Sidewalks and pedestrian paths or walks—Bicycle paths, lanes, routes, and roadways—Standards. The boards may expend funds credited to the county road fund from any county or road district tax levied for the construction of county roads for the construction of sidewalks, bicycle paths, lanes, routes, and roadways, and pedestrian allocated paths or walks. Bicycle facilities constructed or modified after June 10, 1982, shall meet or exceed the standards of the state department of transportation. [1982 c 55 § 2; 1974 ex.s. c 141 § 7; 1963 c 4 § 36.75.240. Prior: 1937 c 187 § 25, part; RRS § 6450-25, part.]

Pavement marking standards: RCW 47.36.280.

36.75.243 Curb ramps for physically handicapped. See RCW 35.68.075, 35.68.076.

36.75.250 State may intervene if maintenance neglected. If by any agreement with the federal government or any agency thereof or with the state or any agency thereof, a county has agreed to maintain certain county roads or any portion thereof and the maintenance is not being performed to the satisfaction of the federal government or the department, reasonably consistent with original construction, notice thereof may be given by the department to the legislative authority of the county, and if the county legislative authority does not within ten days provide for the maintenance, the department may perform the maintenance, and the state treasurer shall pay the cost thereof on vouchers submitted by the department and deduct the cost thereof from any sums in the motor vehicle fund credited or to be credited to the county in which the county road is located. [1984 c 7 § 30; 1963 c 4 § 36.75.250. Prior: 1937 c 187 § 46; RRS § 6450-46.]

Severability—1984 c 7: See note following RCW 47.01.141.

36.75.255 Street improvements—Provision of supplies or materials. Any county may assist a street abutter in improving the street serving the abutter’s premises by providing asphalt, concrete, or other supplies or materials. The furnishing of supplies or materials or paying to the abutter the cost thereof and the providing of inspectors and other incidental personnel shall not render the street improvements a public work or improvement subject to competitive bidding. The legislative authority of such county shall approve any such assistance at a public meeting and shall maintain a public register of any such assistance setting forth the value, nature, purpose, date and location of the assistance and the name of the beneficiary. [1983 c 103 § 2.]

36.75.260 Annual report to secretary of transportation. Each county legislative authority shall on or before March 31st of each year submit such records and reports to the secretary of transportation, on forms furnished by the department, as are necessary to enable the secretary to compile an annual report on county highway operations. [1984 c 7 § 31; 1977 c 75 § 31; 1963 c 4 § 36.75.260. Prior: 1943 c 82 § 8; 1937 c 187 § 58; Rem. Supp. 1943 § 6450-58.]

Severability—1984 c 7: See note following RCW 47.01.141.

36.75.270 Limitation of type or weight of vehicles authorized—Penalty. The board of county commissioners of each county may by resolution limit or prohibit classes or types of vehicles on any county road or bridge and may limit the weight of vehicles which may travel thereon. Any such resolution shall be effective for a definite period of time which shall be stated in the resolution. If such resolution is published at least once in a newspaper of general circulation in the county and if signs indicating such closure or limitation of traffic have been posted on such road or bridge, any person violating such resolution shall be guilty of a misdemeanor. [1963 c 4 § 36.75.270. Prior: 1949 c 156 § 8; Rem. Supp. 1949 § 6450-8g.]

Local restrictions or limitations of weight: RCW 46.44.080.

36.75.280 Centralized repair and storage of machinery, equipment, supplies, etc. All county road machinery, equipment, stores, and supplies, excepting stockpiles and other road building material, shall while not in use be stored and repaired at one centralized point in each county: PROVIDED, That if the geography, topography, distance, or other valid economic considerations require more than one place for storage or repairs, the county commissioners may, by unanimous vote, authorize the same. [1963 c 4 § 36.75.280. Prior: 1949 c 156 § 4; Rem. Supp. 1949 § 6450-8d.]

36.75.290 General penalty. It shall be a misdemeanor for any person to violate any of the provisions of this title relating to county roads and bridges unless such violation is
by this title or other law of this state declared to be a felony or gross misdemeanor. [1963 c 4 § 36.75.290. Prior: 1943 c 82 § 13, part; 1937 c 187 § 66, part; Rem. Supp. 1943 § 6450-66, part.]

36.75.300 Primitive roads—Classification and designation. The legislative authority of each county may by resolution classify and designate portions of the county roads as primitive roads where the designated road portion:

1. Is not classified as part of the county primary road system, as provided for in RCW 36.86.070;
2. Has a gravel or earth driving surface; and
3. Has an average annual daily traffic of one hundred or fewer vehicles.

Any road designated as a primitive road shall be marked with signs indicating that it is a primitive road, as provided in the manual of uniform traffic control devices, at all places where the primitive road portion begins or connects with a highway other than another primitive road. No design or signing or maintenance standards or requirements, other than the requirement that warning signs be placed as provided in this section, apply to primitive roads.

The design of a primitive road, and the location, placing, or failing to place road signs, other than the requirement that warning signs be placed as provided in this section, shall not be considered in any action for damages brought against a county, or against a county employee or county employees, or both, arising from vehicular traffic on the primitive road. 36.76.080 Bonds authorized—Election. The legislative authority of any county may, whenever a majority thereof so decides, submit to the voters of their county the question whether the legislative authority shall be authorized to issue negotiable road bonds of the county in an amount of not more than two and one-half times the average annual net property tax levy for the purpose of constructing a new road or roads, or improving established roads within the county, or for aiding in so doing, as herein prescribed.

The word "improvement" wherever used in this section and RCW 36.76.090, 36.76.100, 36.76.110, 36.76.120, and 36.76.130 shall embrace any undertaking for any or all of such purposes. The word "road" shall embrace all highways, roads, streets, avenues, bridges, and other public ways.

The provisions of this section and RCW 36.76.090, 36.76.100, 36.76.110, 36.76.120, and 36.76.130 shall apply not only to roads which are or shall be under the general control of the county, but also to all parts of state roads in such county and to all roads which are situated or are to be constructed wholly or partly within the limits of any incorporated city or town therein, provided the county legislative authority finds that they form or will become a part of the public highway system of the county, and will connect the existing roads therein. Such finding may be made by the county legislative authority at any stage of the proceedings before the actual delivery of the bonds.

The constructing or improving of any and all such roads, or the aiding therein, is declared to be a county purpose.

The question of the issuance of bonds for any undertaking which relates to a number of different roads or parts thereof, whether intended to supply the whole expenditure or to aid therein, may be submitted to the voters as a single proposition in all cases where such course is consistent with the provisions of the state Constitution. If the county legislative authority, in submitting a proposition relating to different roads or parts thereof, finds that such proposition has for its object the furtherance and accomplishment of the construction of a system of public and county highways in such county, and constitutes and has for its object a single purpose, such finding shall be presumed to be correct, and upon the issuance of the bonds the presumption shall become conclusive.

No proposition for bonds shall be submitted which proposes that more than forty percent of the proceeds thereof shall be expended within any city or town or within any number of cities and towns. [1983 c 167 § 90; 1971 c 76 § 2; 1970 ex.s. c 42 § 22; 1963 c 4 § 36.76.080. Prior: 1913 c 25 § 1; RRS § 5592.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

36.76.090 How to be held—Issuance of bonds. The election shall be held as provided in RCW 39.36.050. If three-fifths of the legal ballots cast on the question of issuing bonds for the improvement contemplated in RCW 36.76.080 are in favor of the bond issue, the county legislative authority must issue the general obligation bonds. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW. [1984 c 186 § 31; 1983 c 167 § 91; 1970 ex.s. c 56 § 53; 1969 ex.s. c 232 § 29; 1963 c 4 § 36.76.090. 36.76.100 Notice of election. The notice of this election shall state which road or roads are to be built or improved. The notice need not describe the road or roads with particularity, but it shall be sufficient either to describe them by termini and with a general statement as to their course, or to use any other appropriate language sufficient to show the purpose intended to be accomplished. The county legislative authority may, at its option, give such other or further notice as it may deem advisable. [1984 c 186 § 32; 1963 c 4 § 36.76.100. Prior: 1913 c 25 § 4; RRS § 5595.]

Purpose—1984 c 186: See note following RCW 39.46.110.
36.76.110 Disposition of proceeds—City assistance. When the bonds are sold, the money arising therefrom shall be immediately paid into the treasury of the county, and shall be drawn only for the improvement for which they were issued, under the general direction of the board: PROVIDED, That if the improvement includes in whole or in part the constructing or improving of one or more roads, or any part or parts thereof, within the limits of an incorporated city or town, and if the county commissioners find that the amount of the proceeds of the bonds intended to be expended for the improvements within such corporate limits will probably not be sufficient to defray the entire expense of the improvement therein, and if they further find it to be equitable that the city or town should bear the remainder of the expense, they may postpone any expenditure therefor from the proceeds of the bonds until the city or town makes provision by ordinance for proceeding with the improvement within its corporate limits at its own expense insofar as concerns the cost thereof over and above the amount of bond proceeds available therefor.

In such case it shall be lawful for the county commissioners to consent, under such general directions as they shall impose, that the proper authorities of the city or town shall have actual charge of making the proposed improvement within the corporate limits. The city or town shall acquire any needed property or rights and do the work by contract or otherwise in accordance with its charter or ordinances, but the same shall be subject to the approval of the county commissioners insofar as concerns any payment therefor from the proceeds of the bonds.

In such case, as the work progresses and money is needed to pay therefor, the county commissioners shall, from time to time, by proper order, specifying the amount and purpose, direct the county treasurer to turn over to the city or town treasurer such part or parts of the proceeds of the bonds as may be justly applicable to such improvement or part thereof within such city or town, and any money so received by the city or town treasurer shall be inviolably applied to the purpose specified. When that portion of the entire improvement which lies within any such city or town can readily be separated into parts, the procedure authorized by this section may be pursued separately as to any one or more of such parts of the general improvement.

Nothing contained in this section shall be construed to render the county liable for any greater part of the expense of any improvement or part thereof within any city or town than the proper amount of the proceeds of such bonds, or to prevent the city or town from raising any part of the cost of any such improvement or part thereof, over and above the amount arising from the proceeds of the bonds, by assessment upon property benefited, or by contribution from any of its general or special funds in accordance with the provisions of the charter or laws governing such city or town. The provisions of this section, other than the direction for the payment into the county treasury of the money arising from the sale of the bonds, need not be complied with until after the issuance of the bonds and the validity of the bonds shall not be dependent upon such compliance.

36.76.120 Payment of principal and interest. The county legislative authority must ascertain and levy annually a tax sufficient to pay the interest on all such bonds whenever it becomes due and to meet the annual maturities of principal. The county treasurer must pay out of any money accumulated from the taxes levied to pay the interest as aforesaid, the interest upon all such bonds when it becomes due as provided on the bond or, if coupons are attached to a bond, upon presentation at the place of payment of the proper coupon. Any interest payments or coupons so paid must be reported to the county legislative authority at its first meeting thereafter. Whenever interest is payable at any place other than the city in which the county treasurer keeps his office, the county treasurer shall seasonably remit to the state fiscal agent the amount of money required for the payment of any interest which is about to fall due. When any such bonds or any interest is paid, the county treasurer shall suitably and indelibly cancel them. [1984 c 186 § 33; 1983 c 167 § 92; 1963 c 4 § 36.76.120. Prior: 1913 c 25 § 3; RRS § 5594.]

36.76.130 Act cumulative. *This act shall not be construed as repealing or affecting any other act relating to the issuance of bonds for road or other purposes, but shall be construed as conferring additional power and authority. [1963 c 4 § 36.76.130. Prior: 1913 c 25 § 7; RRS § 5598.]

*Reviser's note: "This act" [1913 c 25] consists of RCW 36.76.080, 36.76.090, 36.76.100, 36.76.110, 36.76.120, and 36.76.130.

36.76.140 Toll bridge bonds authorized—Adjoining counties. The county legislative authority may, by majority vote, and by submission to the voters under the same procedure required in RCW 36.76.090 and 36.76.100, issue general obligation bonds for the purpose of contributing money, or the bonds themselves, to the department to help finance the construction of toll bridges across topographical formations constituting boundaries between the county and an adjoining county, or a toll bridge across topographical formation located wholly within an adjoining county, which in the discretion of the county legislative authority, directly or indirectly benefits the county. The bonds may be transferred to the department to be sold by it for the purposes outlined herein. The bonds may bear interest at a rate or rates as authorized by the county legislative authority. Such indebtedness is subject to the limitations on indebtedness provided for in RCW 39.36.020(2). [1984 c 7 § 32; 1971 c 76 § 3; 1970 ex.s. c 56 § 54; 1969 ex.s. c 232 § 30; 1963 c 4 § 36.76.140. 36.77.065 Day labor construction projects or programs—"County road construction budget" defined—Amounts—Violations. The board may cause any county road to be constructed or improved by day labor as provided in this section.

(1) As used in this section, "county road construction budget" means the aggregate total of all costs as defined by the budgeting, accounting, and reporting system for counties and cities, and other local governments authorized under RCW 43.09.200 and 43.09.230 as prescribed in the state auditor's budget, accounting, and reporting manual's (BARS) road and street construction accounts 541.00 through 541.90 in effect April 1, 1975: PROVIDED, That such costs shall not include those costs assigned to the preliminary engineering account 541.11, right of way accounts 541.20 through 541.25, ancillary operations account 541.80, and ferries account 541.81 in the budget, accounting, and reporting manual.

(2) The total amount of day labor construction programs one county may perform annually shall total no more than the amounts determined in the following manner:

(a) Any county with a total annual county road construction budget of four million dollars or more may accumulate a day labor road construction budget equal to no more than eighty thousand dollars of fifteen percent of the county's total annual county road construction budget, whichever is greater.

(b) Any county with a total annual county road construction budget over one million five hundred thousand dollars and less than four million dollars may accumulate a day labor road construction budget equal to not more than five hundred twenty-five thousand dollars or twenty percent of the county's total annual county road construction budget, whichever is greater.

(c) Any county with a total annual county road construction budget over five hundred thousand dollars and less than one million five hundred thousand dollars may accumulate a day labor road construction budget equal to two hundred fifty thousand dollars or thirty-five percent of the county's total annual county road construction budget, whichever is greater.

(d) Any county with a total annual county road construction budget less than five hundred thousand dollars may accumulate a day labor road construction budget equal to two hundred fifty thousand dollars: PROVIDED, That any county with a total annual road construction budget of less than five hundred thousand dollars may, by resolution of the board, elect to construct or improve county roads by day labor in an amount not to exceed thirty-five thousand dollars on any one project, including labor, equipment, and materials; such election to be in lieu of the two hundred fifty thousand dollar limit provided for in this section, except that any project means a complete project and the division of any
project into units of work or classes of work so as to permit construction by day labor is not authorized.

Any county that adopts a county road construction budget unreasonably exceeding that county’s actual road construction expenditures for the same budget year which has the effect of permitting the county to exceed the day labor amounts established in this section is in violation of the county road administration board’s standards of good practice under RCW 36.78.020 and is in violation of this section. Any county, whose expenditure for day labor for road construction projects unreasonably exceeds the limits specified in this section, is in violation of the county road administration board’s standards of good practice under RCW 36.78.020 and is in violation of this section.

(3) Notwithstanding any other provision in this section, whenever the construction work or improvement is the installation of electrical traffic control devices, highway illumination equipment, electrical equipment, wires, or equipment to convey electrical current, in an amount exceeding ten thousand dollars for any one project including labor, equipment, and materials, such work shall be performed by contract as in this chapter provided. This section means a complete project and does not permit the construction of any project by day labor by division of the project into units of work or classes of work. [1980 c 40 § 1.]

Effective date—1980 c 40: “This act shall take effect on January 1, 1981.” [1980 c 40 § 3.] For codification of 1980 c 40, see Codification Tables, Volume 0.

36.77.070 Publication of information on day labor projects—Penalty—Prosecution. If the board determines that any construction should be performed by day labor, and the estimated cost of the work exceeds twenty-five hundred dollars, it shall cause to be published in one issue of a newspaper of general circulation in the county, a brief description of the work to be done and the county road engineer’s estimate of the cost thereof. At the completion of such construction, the board shall cause to be published in one issue of such a newspaper a similar brief description of the work together with an accurate statement of the true and complete cost of performing such construction by day labor.

Failure to make the required publication shall subject each county commissioner to a fine of one hundred dollars for which he shall be liable individually and upon his official bond and the prosecuting attorney shall prosecute for violation of the provisions of this section and RCW 36.77.065. [1983 c 3 § 81; 1963 c 4 § 36.77.070. Prior: 1949 c 156 § 9, part; 1943 c 82 § 4, part; 1937 c 187 § 34, part; Rem. Supp. 1949 § 6430-34, part.]

36.77.075 County roads—Small works roster. In lieu of the procedure for awarding contracts that is provided in RCW 36.77.020 through 36.77.040, a county may award contracts for public works projects on county roads with an estimated value of one hundred thousand dollars or less using a small works roster process as provided in RCW 39.04.155. [1991 c 363 § 81.]

(1) One-third in the ratio which the land area of the rural areas of each region bears to the total land area of all rural areas of the state;

(2) Two-thirds in the ratio which the mileage of county major and minor collectors in rural areas of each region bears to the total mileage of county major and minor collectors in all rural areas of the state.

The board shall adjust the schedule for apportionment of such funds to the five regions in the manner provided in this section before the commencement of each fiscal biennium. [1983 1st ex.s. c 49 § 4.]

36.79.050 Apportionment of rural arterial trust account funds—Establishment of apportionment percentages. The apportionment percentages shall be used once each calendar quarter by the board to apportion funds credited to the rural arterial trust account that are available for expenditure for rural major and minor collector projects and for construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas. The funds so apportioned shall remain apportioned until expended on construction projects in accordance with rules of the board. Within each region, funds shall be allocated by the board to counties for the construction of specific rural arterial projects on major and minor collectors and construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas in accordance with the procedures set forth in this chapter. [1988 c 26 § 3; 1983 1st ex.s. c 49 § 5.]

[1988 c 26 § 4; 1983 1st ex.s. c 49 § 6.]

36.79.070 Board may contract with department of transportation for staff services and facilities. 36.79.080 Six-year program for rural arterial improvements—Selection of priority improvement projects. In preparing their respective six-year programs relating to rural arterial improvements, counties shall select specific priority improvement projects for each functional class of arterial based on the rating of each arterial section proposed to be improved in relation to other arterial sections within the same functional class, taking into account the following:

(1) Its structural ability to carry loads imposed upon it;

(2) Its capacity to move traffic at reasonable speeds;

(3) Its adequacy of alignment and related geometrics;

The budget shall contain an estimate of the revenues to be credited to the rural arterial trust account during the ensuing biennium. The state transportation commission shall review the budget as recommended, revise the budget as it deems proper, and include the budget as revised as a separate section of the transportation budget which it shall submit to the governor pursuant to chapter 43.88 RCW. [1983 1st ex.s. c 49 § 13.]

36.79.140 Expenditures from rural arterial trust account—Approval by board. At the time the board reviews the six-year program of each county each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 36.79.130, the portion of the rural arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve rural arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 36.79.090. Only those counties that during the preceding twelve months have spent all revenues collected for road purposes only for such purposes, including traffic law enforcement, as are allowed to the state by Article II, section 40 of the state Constitution are eligible to receive funds from the rural arterial trust account: PROVIDED HOWEVER, That counties with a population of from five thousand to less than eight thousand are exempt from this eligibility restriction: AND PROVIDED FURTHER, That counties expending revenues collected for road purposes only on other governmental services after authorization from the voters of that county under RCW 84.55.050 are also exempt from this eligibility restriction. The board shall authorize rural arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve rural arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The board may, within the constraints of available rural arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting county that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the county was developed. The proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW 36.79.080. [1991 c 363 § 84; 1990 c 42 § 104; 1984 c 113 § 1; 1983 1st ex.s. c 49 § 14.]

36.79.150 Allocation of funds to rural arterial projects—Subsequent application for increased allocation—Withholding of funds for noncompliance. (1) Whenever the board approves a rural arterial project it shall determine the amount of rural arterial trust account funds to be allocated for such project. The allocation shall be based upon information contained in the six-year plan submitted by the county seeking approval of the project and upon such further investigation as the board deems necessary. The board shall adopt reasonable rules pursuant to which rural arterial trust account funds allocated to a project may be increased upon a subsequent application of the county constructing the project. The rules adopted by the board shall take into account, but shall not be limited to, the following factors: (a) The financial effect of increasing the original allocation for the project upon other rural arterial projects either approved or requested; (b) whether the project for which an additional allocation is requested can be reduced in scope while retaining a usable segment; (c) whether the original cost of the project shown in the applicant’s six-year program was based upon reasonable engineering estimates; and (d) whether the requested additional allocation is to pay for an expansion in the scope of work originally approved.
36.79.160 Payment of rural arterial trust account funds. (1) Upon completion of a preliminary proposal, the county submitting the proposal shall submit to the board its voucher for payment of the trust account share of the cost. Upon the completion of an approved rural arterial construction project, the county constructing the project shall submit to the board its voucher for the payment of the trust account share of the cost. The chairman of the board or his designated agent shall approve such voucher when proper to do so, for payment from the rural arterial trust account to the county submitting the voucher.

(2) The board may adopt rules providing for the approval of payments of funds in the rural arterial trust account to a county for costs of preliminary proposal, and costs of construction of an approved project from time to time as work progresses. These payments shall at no time exceed the rural arterial trust account share of the costs of construction incurred to the date of the voucher covering the payment. [1983 1st ex.s. c 49 § 17.]

36.79.170 County may appeal decision of board—Hearing. The legislative body of any county feeling aggrieved by any action or decision of the board with respect to this chapter may appeal to the secretary of transportation by filing a notice of appeal within ninety days after the action or decision of the board. The notice shall specify the action or decision of which complaint is made. The secretary shall fix a time for a hearing on the appeal at the earliest convenient time and shall notify the county auditor and the chairman of the board by certified mail at least twenty days before the date of the hearing. At the hearing the secretary shall receive evidence from the county filing the appeal and from the board. After the hearing the secretary shall make such order as in the secretary's judgment is just and proper. [1983 1st ex.s. c 49 § 18.]

36.79.900 Severability—1983 1st ex.s. c 49. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 49 § 32.]

36.79.901 Effective date—1983 1st ex.s. c 49. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect on July 1, 1983. [1983 1st ex.s. c 49 § 33.]

36.81.100 County road on or over dikes. The board of any county may establish county roads over, across or along any dike maintained by any diking, or diking and drainage, district in the manner provided by law for establishing county roads over or across private property, and shall determine and offer the amount of damages, if any, to the district and to the owners of the land upon which the dike is constructed and maintained: PROVIDED, That every such county road must be so constructed, maintained, and used as not to impair the use of the dike. (1) Before July 1st of each year, the legislative authority of each county, after one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the county has adopted a comprehensive plan pursuant to chapter 35.63 or 36.70
RCW, the inherent authority of a charter county derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan.

The program shall include proposed road and bridge construction work and other transportation facilities and programs deemed appropriate, and for those counties operating ferries shall also include a separate section showing proposed capital expenditures for ferries, docks, and related facilities. Copies of the program shall be filed with the county road administration board and with the state secretary of transportation not more than thirty days after its adoption by the legislative authority. The purpose of this section is to assure that each county shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative authority but only after a public hearing thereon.

(2) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for nonmotorized transportation purposes.

(3) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county shall act to preserve railroad right-of-way in the event the railroad ceases to operate in the county's jurisdiction.

(4) The six-year plan for each county shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region. Such recommended plan need not be limited to but shall include the following items: Recommended projects, including capital expenditures for ferries, docks, and related facilities, and their priority; the estimated cost of all work, including labor and materials for each project recommended; a statement as to whether such work is to be done by the county forces or by publicly advertised contract; a list of all recommended repairs to and purchases of road equipment, together with the estimated costs thereof. Amounts to be expended for maintenance and special maintenance shall be recommended, but details of these proposed expenditures shall not be made. The recommended plan shall conform as nearly as practicable to the county's long range road program.

After filing of the road engineer's recommended plan, the county legislative authority shall consider the same. Revisions and changes may be made until a plan which is agreeable to a majority of the members of the county legislative authority has been adopted: PROVIDED, That such revisions shall conform as nearly as practicable to the county's long range road program. Any appropriations contained in the county road budget shall be void unless the county's road plan was adopted prior to such appropriation.

ROADS AND BRIDGEs—SERVICE DISTRICTS

Sections
36.83.010 Service districts authorized—Bridge and road improvements—Powers—Governing body. The legislative authority of a county may establish one or more service districts within the county for the purpose of providing and funding capital and maintenance costs for any bridge or road improvement or for providing and funding capital costs for any state highway improvement a county or a road district has the authority to provide. A service district may not include any area within the corporate limits of a city or town unless the city or town governing body adopts a resolution approving inclusion of the area within its limits. A service district is a quasi municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution. A service district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, and to sue and be sued. All projects constructed by a service district pursuant to the provisions of this chapter shall be competitively bid and contracted.

The county legislative authority shall be the governing body of a service district. The county treasurer shall act as the ex officio treasurer of the service district. The electors
36.83.020 Establishment, dissolution, or modification of boundaries—Notice, hearing—Termination of proceedings. (1) A county legislative authority proposing to establish a service district, or to modify the boundaries of an existing service district, or to dissolve an existing service district, shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed service district. This notice shall be in addition to any other notice required by law to be published. The notice shall, where applicable, specify the functions or activities proposed to be provided or funded, or the additional functions or activities proposed to be provided or funded, by the service district. Additional notice of the hearing may be given by mail, posting within the proposed service district, or in any manner the county legislative authority deems necessary to notify affected persons. All hearings shall be public and the county legislative authority shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the service district.

(2) Following the hearing held pursuant to subsection (1) of this section, the county legislative authority may establish a service district, modify the boundaries or functions of an existing service district, or dissolve an existing service district, if the county legislative authority finds the action to be in the public interest and adopts an ordinance providing for the action. The ordinance establishing a service district shall specify the functions or activities to be exercised or funded and establish the boundaries of the service district. Functions or activities proposed to be provided or funded by the service district may not be expanded beyond those specified in the notice of hearing, unless additional notices are made, further hearings on the expansion are held, and further determinations are made that it is in the public interest to so expand the functions or activities proposed to be provided or funded.

(3) At any time prior to the county legislative authority establishing a service district pursuant to this section, all further proceedings shall be terminated upon the filing of a verified declaration of termination signed by the owners of real property consisting of at least sixty percent of the assessed valuation in the proposed service district. [1983 c 130 § 2.]

36.83.030 Excess ad valorem property taxes authorized. (1) A service district may levy an ad valorem property tax, in excess of the one percent limitation, upon the property within the district for a one-year period whenever authorized by the voters of the district pursuant to RCW 84.52.052 and Article VII, section 2(b) of the state Constitution and RCW 84.52.056. [1983 c 130 § 3.]

(1) To carry out the purpose of this chapter, a service district may issue general obligation bonds, not to exceed an amount, together with any other outstanding nonvoter approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A service district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the service district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in RCW 36.83.030(2). The service district may submit a single proposition to the voters which, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the service district shall by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the service district which issues the bonds may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. [1983 c 130 § 4.]

36.83.050 Local improvement districts authorized—Assessments—Special assessment bonds and revenue bonds—Limitations. (1) A service district may form a local improvement district or utility local improvement district to provide any local improvement it has the authority to provide, impose special assessments on all property specially benefited by the local improvements, and issue special assessment bonds or revenue bonds to fund the costs of the local improvement. Improvement districts shall be
created and assessments shall be made and collected pursuant to chapters 35.43, 35.44, 35.49, 35.50, 35.53, and 35.54 RCW.

(2) The governing body of a service district shall by resolution establish for each special assessment bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. The maximum term of any special assessment bonds shall not exceed thirty years beyond the date of issue. Special assessment bonds issued pursuant to this section shall not be an indebtedness of the service district issuing the bonds, and the interest and principal on the bonds shall only be payable from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund that the service district has created. The owner or bearer of a special assessment bond or any interest coupon issued pursuant to this section shall not have any claim against the service district arising from the bond or coupon except for the payment from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the service district has created. The service district issuing the special assessment bonds is not liable to the owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section for any loss occurring in the lawful operation of its local improvement guaranty fund. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each special assessment bond issued pursuant to this section.

(3) The governing body may establish and pay moneys into a local improvement guaranty fund to guarantee special assessment bonds issued by the service district.

(4) The governing body of a service district shall provide for the payment of both the special assessments which are imposed and a portion of the utility income from the utility improvement into a special fund established for the payment of the revenue bonds to defray the cost of the utility local improvement district whenever it desires to create a utility local improvement district and issue revenue bonds to fund the local improvement. [1983 c 130 § 5.]

Where physical bonds are issued pursuant to RCW 36.83.040 or 36.83.050, the bonds shall be printed, engraved, or lithographed on good bond paper and the manual or facsimile signatures of both the treasurer and chairperson of the governing body shall be included on each bond. [1983 c 130 § 6.]

36.83.070 Bonds—Use of proceeds. (1) The proceeds of any bond issued pursuant to RCW 36.83.040 or 36.83.050 may be used to pay costs incurred on such bond issue related to the sale and issuance of the bonds. Such costs include payments for fiscal and legal expenses, obtaining bond ratings, printing, engraving, advertising, and other similar activities.

(2) In addition, proceeds of bonds used to fund capital projects may be used to pay the necessary and related engineering, architectural, planning, and inspection costs. [1983 c 130 § 7.]

From and after April 1, 1937, the width of thirty feet on each side of the center line of county roads, exclusive of such additional width as may be required for cuts and fills, is the necessary and proper right-of-way width for county roads, unless the board of county commissioners, shall, in any instance, adopt and designate a different width. This shall not be construed to require the acquisition of increased right-of-way for any county road already established and the right-of-way for which has been secured. [1963 c 4 § 36.86.010. Prior: 1937 c 187 § 14; RRS § 6450-14.]

When the standards have been prepared by the county road engineer, they shall be submitted to the county legislative authority for approval, and when approved shall be used for all road and bridge construction and improvement in the county. [1984 c 7 § 38; 1963 c 4 § 36.86.020. Prior: 1943 c 73 § 1, part; 1937 c 187 § 4, part; Rem. Supp. 1943 § 6450-4, part.]

#### 36.86.030 Amendment of standards—Filing.

Road and bridge standards may be amended from time to time by resolution of the county legislative authority, but no standard may be approved by the legislative authority with any minimum requirement less than that specified in this chapter. Two copies of the approved standards shall be filed with the department of transportation for its use in examinations of county road work. [1984 c 7 § 39; 1963 c 4 § 36.86.030. The county legislative authority shall erect and maintain upon the county roads such suitable and proper signs, signals, signboards, and guideposts and appropriate stop, caution, warning, restrictive, and directional signs and markings as it deems necessary or as may be required by law. All such markings shall be in accordance with the uniform state standard of color, design, erection, and location adopted and designed by the Washington state department of transportation. In respect to existing and future railroad grade crossings over county roads the legislative authority shall install and maintain, standard, nonmechanical railroad approach warning signs on both sides of the railroad upon the approaches of the county road. All such signs shall be located a sufficient distance from the crossing to give adequate warning to persons traveling on county roads. [1984 c 7 § 40; 1963 c 4 § 36.86.040. Prior: 1955 c 310 § 1; 1937 c 187 § 37; RRS § 6450-37.]

Severability—1984 c 7: See note following RCW 47.01.141.

#### 36.86.050 Monuments at government survey corners.

The board and the road engineer, at the time of establishing, constructing, improving, or paving any county road, shall fix permanent monuments at the original positions of all United States government monuments at township corners, section corners, quarter section corners, meander corners, and witness markers, as originally established by the United States government survey, whenever any such original monuments or markers fall within the right-of-way of any county road, and shall aid in the reestablishment of any such corners, monuments, or markers destroyed or obliterated by the construction of any county road heretofore established, by permitting inspection of the records in the office of the board and the county engineering office. [1963 c 4 § 36.86.050. Prior: 1937 c 187 § 36; RRS § 6450-36.]
36.86.060  Restrictions on use of oil at intersections or entrances to county roads. No oil or other material shall be used in the treatment of any county road or private road or driveway, of such consistency, viscosity or nature or in such quantities and in such proximity to the entrance to or intersection with any state highway or county road, the roadway of which is surfaced with cement concrete or asphaltic concrete, that such oil or other material is or will be tracked by vehicles thereby causing a coating or discoloration of such cement concrete or asphaltic concrete roadway. Any person violating the provisions of this section shall be guilty of a misdemeanor. [1963 c 4 § 36.86.060. Prior: 1937 c 187 § 43; RRS § 6450-43.]

From time to time the legislative authority of each county shall classify and designate as the county primary road system such county roads as are designated rural minor collector, rural major collector, rural minor arterial, rural principal arterial, urban collector, urban minor arterial, and urban principal arterial in the federal functional classification system. [1982 c 145 § 2; 1963 c 4 § 36.86.070. Prior: 1949 c 165 § 1; Rem. Supp. 1949 § 6450-8h.]

36.86.080  Application of design standards to construction and reconstruction. Upon the adoption of uniform design standards the legislative authority of each county shall apply the same to all new construction within, and as far as practicable and feasible to reconstruction of old roads comprising, the county primary road system. No deviation from such design standards as to such primary system may be made without the approval of the state aid engineer for the department of transportation. [1982 c 145 § 3; 1963 c 4 § 36.86.080. Prior: 1949 c 165 § 4; Rem. Supp. 1949 § 6450-8k.]

Confiscated logs may be sold by the county commissioners and the proceeds thereof shall be deposited in the county road fund. [1963 c 4 § 36.86.090. Prior: 1951 c 143 § 1.]

36.86.100  Railroad grade crossings—Obstructions. Each railroad company shall keep its right of way clear of all brush and timber in the vicinity of a railroad grade crossing with a county road for a distance of one hundred feet from the crossing in such a manner as to permit a person upon the road to obtain an unobstructed view in both directions of an approaching train. It is unlawful to erect or maintain a sign, signboard, or billboard within a distance of one hundred feet from the point of intersection of the road and railroad grade crossing located outside the corporate limits of any city or town unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the county legislative authority determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a county road or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the county legislative authority or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing. Nothing in this section prevents the posting or maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs conform to the "Manual for Uniform Traffic Control Devices" issued by the state department of transportation. The county legislative authority shall inspect highway grade crossings and make complaint of the violation of any provisions of this section. [1983 c 19 § 1; 1963 c 4 § 36.86.100. 36.87.110 Classification of roads for which no public expenditures made—Compensation of county. Any board of county commissioners may, by ordinance, separately classify county roads for which no public expenditures have been made in the acquisition, improvement or maintenance of the same, according to the nature of the county's property interest in the road; and may require persons benefiting from the vacation of county roads within some or all of the said classes to compensate the county as a condition precedent to the vacation thereof. [1969 ex.s. c 185 § 5.]

36.87.120 Appraised value as basis for compensation—Appraisal costs. Any ordinance adopted pursuant to this chapter may require that compensation for the vacation of county roads within particular classes shall equal all or a percentage of the appraised value of the vacated road as of the effective date of the vacation. Costs of county appraisals of roads pursuant to such ordinances shall be deemed expenses incurred in vacation proceedings, and shall be paid in the manner provided by RCW 36.87.070. [1969 ex.s. c 185 § 6.]

36.87.130 Vacation of roads abutting bodies of water prohibited unless for public purposes or industrial use. *Reviser's note: "this act" [1969 ex.s. c 185] consists of RCW 36.87.100 through 36.87.130 and the 1969 amendments to RCW 36.87.010, 36.87.080, and 36.40.140.

Chapter 36.88 Title 36 RCW: Counties

36.88.010 Districts authorized—Purposes. All counties have the power to create county road improvement districts for the acquisition of rights of way and improvement of county roads, existing private roads that will become county roads, and subject to the approval of the state department of transportation, for state highways, and for safeguards to protect the public from hazards of open canals, flumes, or ditches, and the counties have the power to levy and collect special assessments against the real property specially benefited thereby for the purpose of paying the whole or any part of the cost of the construction, installation, or improvement together with the expense of furnishing electric energy, maintenance, and operation. [1984 c 7 § 41; 1965 c 60 § 2; 1963 c 84 § 2; 1963 c 4 § 36.88.015. Prior: 1959 c 75 § 4; 1953 c 152 § 1.]

36.88.020 Formation of district—How initiated. County road improvement districts may be initiated either by resolution of the board of county commissioners or by petition signed by the owners according to the records of the office of the county auditor of property to an aggregate amount of the majority of the lineal frontage upon the contemplated improvement and of the area within the limits of the county road improvement district to be created therefor. [1963 c 4 § 36.88.020. Prior: 1951 c 192 § 2.]

36.88.030 Formation of district—By resolution of intention—Procedure. In case the board of county commissioners shall desire to initiate the formation of a county road improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed road improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, notifying the owners of property therein to appear at a meeting of the board at the time specified in such resolution, and directing the county road engineer to submit to the board at or prior to the date fixed for such hearing a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby and the estimated amount of the cost and expense of such improvement to be borne by each lot, tract or parcel of land or other property, and also designating thereon all property which is being purchased under contract from the county. The resolution of intention shall be published in at least two consecutive issues of a newspaper of general circulation in such county, the date of the first publication to be at least fifteen days prior to the date fixed for such resolution for hearing before the board of county commissioners.

Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract or parcel of land or other property within the proposed improvement district by mailing said notice to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon at least fifteen days before the date fixed for the public hearing. The notice shall refer to the resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed
improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date and place of the hearing before the board of county commissioners, and shall contain the directions hereinafter provided for voting upon the formation of the proposed improvement district.

The clerk of the board shall prepare and mail, together with the notice above referred to, a ballot for each owner or reputed owner of any lot, tract or parcel of land within the proposed improvement district. This ballot shall contain the following proposition:

"Shall ........ county road improvement district No. .... be formed?  
Yes .................................. ☐
No ..................................... ☐"

and, in addition, shall contain appropriate spaces for the signatures of the property owners, and a description of their property, and shall have printed thereon the direction that all ballots must be signed to be valid and must be returned to the clerk of the board of county commissioners not later than five o'clock p.m. of a day which shall be one week after the date of the public hearing.

The notice of adoption of the resolution of intention shall also contain the above directions, and, in addition thereto, shall state the rules by which the election shall be governed. [1970 ex.s.c 66 § 2; 1963 c 84 § 3; 1963 c 4 § 36.88.030. Prior: 1951 c 192 § 3.]

36.88.035 Notice must contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a county road improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 5.]

36.88.040 Formation of district—By resolution of intention—Election—Rules. The election provided herein for cases where the improvement is initiated by resolution shall be governed by the following rules: (1) All ballots must be signed by the owner or reputed owner of property within the proposed district according to the records of the county auditor of property to an aggregate amount of a majority of the lineal frontage upon the improvement to be made and of the area within the limits of the assessment district to be created therefor.

Upon the filing of such petition the board shall determine whether the same shall be sufficient and whether the property within the proposed district shall be sufficiently developed and if the board shall find the district to be sufficiently developed and the petition to be sufficient, it shall proceed to adopt a resolution setting forth the nature and territorial extent of the improvement petitioned for, designating the number of the proposed improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, notifying the owners of property therein to appear at a meeting of the board at the time specified in such resolution, and directing the county road engineer to submit to the board at or prior to the date fixed for such hearing a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby and the estimated amount of the cost and expense of such improvement to be borne by each lot, tract or parcel of land or other property, and also designating thereon all property which is being purchased under contract from the county. The resolution of intention shall be published in at least two consecutive issues of a newspaper of general circulation in such county, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of county commissioners.

Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract or parcel of land or other property within the proposed improvement district by mailing said notice to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon at least fifteen days before the date fixed for the public hearing. The notice shall refer to the resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date and place of the hearing before the board of county commissioners, and the fact that property owners may withdraw their names from the petition or add their names thereto at any time prior to five o'clock p.m. of the day before the hearing. [1963 c 4 § 36.88.050. Prior: 1951 c 192 § 5.]

36.88.050 Formation of district—By petition—Procedure. In case any such road improvement shall be initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement, and the fact that the signers thereof are the owners, according to the records of the county auditor of property to an aggregate amount of a majority of the lineal frontage upon the improvement to be made and of the area within the limits of the assessment district to be created therefor. The resolution of intention shall contain the directions hereinafter provided for voting upon the formation of the proposed improvement district.
that stated in the notice, nor increase the proportionate share of the cost to be borne by assessments from the proportion stated in the notice, nor change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners, in the manner and form and within the time herein provided for the original notice.

At said hearing, the board shall select the method of assessment, ascertain whether the plan of improvement is feasible and whether the benefits to be derived therefrom by the property within the proposed district, together with the amount of any county road fund participation, exceed the costs and expense of the formation of the proposed district and the contemplated construction or improvement and shall make a written finding thereon. In case the proceedings have been initiated by petition, the board shall find whether the petition including all additions thereto or withdrawals therefrom made prior to five o'clock p.m. of the day before the hearing is sufficient within the boundaries of the district so established at said hearing by the board. If said petition shall be found insufficient the board shall by resolution declare the proceedings terminated. In case the proceedings have been initiated by resolution if the board shall find the improvement to be feasible, it shall continue the hearing until a day not more than fifteen days after the date for returning ballots for the purpose of determining the results of said balloting.

After the hearing the board may proceed to adopt a resolution creating the district and ordering the improvement. Such resolution shall establish such district as the "...... county road improvement district No. ......" Such resolution shall describe the nature and territorial extent of the improvement to be made and the boundaries of the improvement district, shall describe the method of assessment to be used, shall declare the estimated cost and the proportion thereof to be borne by assessments, and shall contain a finding as to the result of the balloting by property owners in case the improvement shall have been initiated by resolution.

Upon the adoption of the resolution establishing the district, the board shall have jurisdiction to proceed with the improvement. The board's findings on the sufficiency of petitions or on the results of the balloting shall be conclusive upon all persons. [1963 c 84 § 4; 1963 c 4 § 36.88.060. Prior: 1951 c 192 § 6.]

36.88.062 Formation of district—Committee or hearing officer may conduct hearings—Report to legislative authority. In lieu of the county legislative authority holding the hearing under RCW 36.88.060 to create the road improvement district, the county legislative authority may adopt an ordinance providing for a committee of the county legislative authority or an officer to conduct the hearings. The committee or hearing officer shall report recommendations on the resolution to the full county legislative authority for final action, which need not hold a hearing on the proposed assessment role and shall either adopt or reject the recommendations. [1994 c 71 § 3.]

36.88.065 Formation of district—Alternative method. If the county legislative authority desires to initiate the formation of a county road improvement district by resolution, it may elect to follow either the procedure set forth in chapter 35.43 RCW or the procedure set forth in RCW 36.88.030, and shall indicate the procedure selected in the resolution of intention. [1985 c 369 § 10.]

36.88.070 Diagram only preliminary determination. The diagram or print herein directed to be submitted to the board shall be in the nature of a preliminary determination upon the method, and estimated amounts, of assessments to be levied upon the property specially benefited by such improvement and shall in no case be construed as being binding or conclusive as to the amount of any assessments which may ultimately be levied. [1963 c 4 § 36.88.070. Prior: 1951 c 192 § 7.]

36.88.072 Waivers of protest—Recording—Limits on enforceability. If an owner of property enters into an agreement with a county waiving the property owner's right under RCW 36.88.030, 36.88.040, 36.88.050, 36.88.060, and 36.88.065 to protest formation of a road improvement district, the agreement must specify the improvements to be financed by the district and shall set forth the effective term of the agreement, which shall not exceed ten years. The agreement must be recorded with the auditor of the county in which the property is located. It is against public policy and void for an owner, by agreement, as a condition imposed in connection with proposed property development, or otherwise, to waive rights to object to the property owner's individual assessment (including the determination of special benefits allocable to the property), or to appeal to the superior court the decision of the county council affirming the final assessment roll. [1988 c 179 § 12.]

36.88.074 Preformation expenditures. The county engineer or other designated official may contract with owners of real property to provide for payment by the owners of the cost of the preparation of engineering plans, surveys, studies, appraisals, legal services, and other expenses associated with improvements to be financed in whole or in part by a local improvement district (not including the cost of actual construction of such improvements), that the owners elect to undertake. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. The contract shall provide that any preformation work shall be conducted only under the direction of the county engineer or other appropriate county authority. [1988 c 179 § 13.]

36.88.076 Credits for other assessments. A county ordering a road improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the road improvement district that moneys paid or the cost of facilities constructed by a property owner in the district in satisfaction of obligations under chapter 39.92 RCW, shall be credited against assessments due from the owner of such property at the time the credit is made, if those moneys paid or facilities constructed directly defray the cost of the specified improvements under the district and if credit for such amounts is reflected in the final assessment roll confirmed for the district. [1988 c 179 § 14.]

36.88.078 Assessment reimbursement accounts. A county ordering a road improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the road improvement district that the payment of an assessment levied for the district on underdeveloped properties may be made by owners of other properties within the district if they so elect, subject to terms of reimbursement set forth in the ordinance. The terms for reimbursement shall require the owners of underdeveloped properties on whose behalf payments of assessments have been made to reimburse all such assessment payments to the party who made them when those properties are developed or redeveloped, together with interest at a rate specified in the ordinance. The ordinance may provide that reimbursement shall be made on a one-time, lump sum basis, or may provide that reimbursement shall be made over a period not to exceed five years. The ordinance may provide that reimbursement shall be made no later than the time of dissolution of the district, or may provide that no reimbursement is due if the underdeveloped properties are not developed or redeveloped before the dissolution of the district. Lands owned by the state, county, school district or any municipal corporation may be assessed and charged for road improvements authorized under this chapter in the same manner and subject to the same conditions as provided by law for assessments against such property for local improvements in cities and towns.

All notices and ballots provided for herein affecting state lands shall be sent to the department of natural resources whose designated agent is hereby authorized to sign petitions or ballots on behalf of the state. In the case of counties or municipal or quasi municipal bodies notices and ballots shall be sent to the legislative authority of said counties or municipality and petitions or ballots shall be signed by the officer duly empowered to act by said legislative authority. [1963 c 4 § 36.88.360. Prior: 1951 c 192 § 36.]

36.88.370 Signatures on petitions, ballots, objections—Determining sufficiency. [1963 c 84 § 6; 1963 c 4 § 36.88.370. Prior: 1951 c 192 § 37.]

36.88.375 Consolidated road improvement districts—Establishment—Bonds. For the purpose of issuing bonds only, the governing body of any county may authorize the establishment of consolidated road improvement districts. The road improvements within such consolidated districts need not be adjoining, vicinal, or neighboring. If the governing body orders the creation of such consolidated road improvement districts, the money received from the installment payments of the principal of and interest on assessments levied within original road improvement districts shall be deposited in a consolidated road improvement district bond redemption fund to be used to redeem outstanding consolidated road improvement district bonds. The issuance of bonds of a consolidated road improvement district shall not change the number of assessment installments in the original road improvement districts, but such bonds shall run two years longer than the longest assessment installment of such original districts. [1981 c 313 § 19.]

Reviser's note: 1981 c 313 § 19 directed that this section be placed in chapter 36.89 RCW. Since this placement appears inappropriate, this section has been codified as part of chapter 36.88 RCW.

Severability—1981 c 313: See note following RCW 36.94.020.

36.88.380 Safeguarding open canals or ditches—Assessments and benefits. Whenever a county road improvement district is established for the safeguarding of open canals or ditches as authorized by RCW 36.88.015 the rate of assessment per square foot in the district may be determined by any one of the methods provided in chapter 35.44 RCW for similar improvements in cities or towns, and the land specially benefited by such improvements shall be the same as provided in chapter 35.43 RCW for similar improvements in cities or towns. [1963 c 4 § 36.88.380. Prior: 1959 c 75 § 5.]

[1963 c 4 § 36.88.390. Prior: 1959 c 75 § 6.]

36.88.400 Safeguarding open canals or ditches—Installation and construction—Costs. Any county, establishing a road improvement district for canal protection, notwithstanding any laws to the contrary, may require the district, agency, person, corporation, or association, public or private, which operates and maintains the canal or ditch to supervise the installation and construction of safeguards, and must make reimbursement to said operator for all actual costs incurred and expended. [1963 c 4 § 36.88.400. Prior: 1959 c 75 § 7.]
36.88.410 Underground electric and communication facilities, installation or conversion to—Declaration of public interest and purpose. It is hereby found and declared that the conversion of overhead electric and communication facilities to underground facilities and the initial underground installation of such facilities is substantially beneficial to the public safety and welfare, is in the public interest and is a public purpose, notwithstanding any resulting incidental private benefit to any electric or communication utility affected by such conversion or installation. [1971 ex.s. c 103 § 1; 1967 c 194 § 1.]

Cities and towns; conversion of overhead electric and communication facilities to underground facilities: Chapter 35.96 RCW.

36.88.420 Underground electric and communication facilities, installation or conversion to—Definitions. As used in RCW 36.88.410 through 36.88.480, unless specifically defined otherwise, or unless the context indicates otherwise:

“Conversion area” means that area in which existing overhead electric and communication facilities are to be converted to underground facilities pursuant to the provisions of RCW 36.88.410 through 36.88.480.

“Electric utility” means any publicly or privately owned utility engaged in the business of furnishing electric energy to the public in all or part of the conversion area and includes electrical companies as defined by RCW 80.04.010 and public utility districts.

“Communication utility” means any utility engaged in the business of affording telephonic, telegraphic, cable television or other communication service to the public in all or part of the conversion area and includes telephone companies and telegraph companies as defined by RCW 80.04.010. [1967 c 194 § 2.]

36.88.430 Underground electric and communication facilities, installation or conversion to—Powers of county relating to—Contracts—County road improvement districts—Special assessments. Every county shall have the power to contract with electric and communication utilities, as hereinafter provided, for any or all of the following purposes:

(1) The conversion of existing overhead electric facilities to underground facilities.

(2) The conversion of existing overhead communication facilities to underground facilities.

(3) The conversion of existing street and road lighting facilities to ornamental street and road lighting facilities to be served from underground electrical facilities.

(4) The initial installation, in accordance with the limitations set forth in RCW 36.88.015, or [of] ornamental street and road lighting facilities to be served from underground electrical facilities.

(5) The initial installation of underground electric and communication facilities.

(6) Any combination of the improvements provided for in this section.

To provide funds to pay the whole or any part of the cost of any such conversion or initial installation, together with the expense of furnishing electric energy, maintenance and operation to any ornamental street lighting facilities served from underground electrical facilities, every county shall have the power to create county road improvement districts and to levy and collect special assessments against the real property specially benefited by such conversion or initial installation. For the purpose of ascertaining the amount to be assessed against each lot or parcel of land within any county road improvement district established pursuant to RCW 36.88.410 through 36.88.480, in addition to other methods provided by law for apportioning special benefits, the county commissioners may apportion all or part of the special benefits accruing on a square footage basis or on a per lot basis.

That portion of the assessments levied in any county road improvement district to pay part of the cost of the initial installation of underground electric and communication facilities shall not exceed the cost of such installation, less the estimated cost of constructing overhead facilities providing equivalent service. [1971 ex.s. c 103 § 2; 1967 c 194 § 3.]

36.88.440 Underground electric and communication facilities, installation or conversion to—Contracts with electric and communication utilities—Authorized—Provisions. Every county shall have the power to contract with electric and communication utilities for the conversion of existing overhead electric and communication facilities to underground facilities, for the conversion of existing street and road lighting facilities to ornamental street and road lighting facilities to be served from underground electric facilities[,] for the initial installation of ornamental street and road lighting facilities to be served from underground electrical facilities and for the initial installation of underground electric and communication facilities. Such contracts may provide, among other provisions, any of the following:

(1) For the supplying and approval by the electric and communication utilities of plans and specifications for such conversion or installation;

(2) For the payment to the electric and communication utilities for any work performed or services rendered by it in connection with the conversion project or installation;

(3) For the payment to the electric and communication utilities for the value of the overhead facilities removed pursuant to the conversion;

(4) For ownership of the underground facilities and the ornamental street and road lighting facilities by the electric and communication utilities. [1971 ex.s. c 103 § 3; 1967 c 194 § 4.]

36.88.450 Underground electric and communication facilities, installation or conversion to—Notice to owners to convert service lines to underground—Objections—Hearing—Time limitation for conversion. When service from the underground electric and communication facilities is available in all or part of a conversion area, the county shall mail a notice to the owners of all structures or improvements served from the existing overhead facilities in the area, which notice shall state that:
(1) Service from the underground facilities is available; 
(2) All electric and communication service lines from the existing overhead facilities within the area to any structure or improvement must be disconnected and removed within one hundred twenty days after the date of the mailing of the notice; 
(3) Should such owner fail to convert such service lines from overhead to underground within one hundred twenty days after the date of the mailing of the notice, the county will order the electric and communication utilities to disconnect and remove the service lines; 
(4) Should the owner object to the disconnection and removal of the service lines he may file his written objections thereto with the secretary of the board of county commissioners within one hundred twenty days after the date of the mailing of the notice and failure to so object within such time will constitute a waiver of his right thereafter to object to such disconnection and removal.

If the owner of any structure or improvement served from the existing overhead electric and communication facilities within a conversion area shall fail to convert to underground the service lines from such overhead facilities to such structure or improvement within one hundred twenty days after the mailing to him of the notice, the county shall order the electric and communication utilities to disconnect and remove all such service lines: PROVIDED, That if the owner has filed his written objections to such disconnection and removal with the secretary of the board of county commissioners within one hundred twenty days after the mailing of said notice then the county shall not order such disconnection and removal until after the hearing on such objections.

Upon the timely filing by the owner of objections to the disconnection and removal of the service lines, the board of county commissioners shall conduct a hearing to determine whether the removal of all or any part of the service lines is in the public benefit. The hearing shall be held at such time as the board of county commissioners may establish for hearings on such objections and shall be held in accordance with the regularly established procedure set by the board. The determination reached by the board of county commissioners shall be final in the absence of an abuse of discretion. [1967 c 194 § 5.]

36.88.460 Underground electric and communication facilities, installation or conversion to—Utility conversion guaranty fund—Establishment authorized—Purpose—Deposits—Investments. Every county may establish a fund for the purpose of guaranteeing to the extent of such fund and in the manner hereinafter provided, the payment of its county road improvement district bonds and warrants issued to pay for the underground conversion of electric and communication facilities and the underground conversion or installation of ornamental road and street lighting facilities ordered under this chapter. If the board of county commissioners shall determine to establish such fund it shall be designated " . . . . . . utility conversion guaranty fund" and from moneys available such county shall deposit annually in said guaranty fund such sums as may be necessary to establish and maintain a balance therein equal to at least five percent of the outstanding obligations guaranteed thereby and to make necessary provision in its annual budget therefor. The moneys held in the guaranty fund may be invested in certificates, notes, or bonds of the United States of America, or in state, county, municipal or school district bonds, or in warrants of taxing districts of the state; provided, only, that such bonds and warrants shall be general obligations. [1967 c 194 § 6.]

36.88.470 Underground electric and communication facilities, installation or conversion to—Utility conversion guaranty fund—Operation. Whenever there shall be paid out of the guaranty fund any sum on account of principal or interest of a county road improvement district bond or warrant, the county, as trustee for the fund, shall be subrogated to all the rights of the owner of the bond or any interest coupon or warrant so paid, and the proceeds thereof, or of the assessment underlying the same, shall become part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from investments of the fund, as well as any surplus remaining in any county road improvement fund guaranteed hereunder after the payment of all outstanding bonds or warrants payable primarily out of such utility conversion county road improvement district fund. Warrants drawing interest at a rate or rates not to exceed the rate determined by the county legislative authority shall be issued, as other warrants are issued by the county, against the guaranty fund to meet any liability accruing against it, and at the time of making its annual budget and tax levy the county shall provide from funds available for the deposit in the guaranty fund of a sum sufficient with other resources of such fund to pay warrants so issued during the preceding fiscal year. As among the several issues of bonds or warrants guaranteed by the fund no preference shall exist, but defaulted bonds, interest payments, and warrants shall be purchased out of the fund in the order of their presentation.

Every county establishing a guaranty fund for utility conversion road improvement district bonds or warrants shall prescribe by resolution appropriate rules and regulations for the maintenance and operation of such guaranty fund not inconsistent herewith. So much of the money of a guaranty fund as is necessary may be used to purchase underlying bonds or warrants guaranteed by the fund, or to purchase certificates of delinquency for general taxes on property subject to local improvement assessments, or to purchase such property at tax foreclosures, for the purpose of protecting the guaranty fund. The fund shall be subrogated to the rights of the county and the county, acting on behalf of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at the foreclosure sale for the account of said fund. Whenever the legislative authority of any county shall so cause a lien of general tax certificates of delinquency to be foreclosed and the property to be so purchased at a foreclosure sale, the court costs and costs of publication and expenses for clerical work and/or other expense incidental thereto, shall be chargeable to and payable from the guaranty fund. After so acquiring title to real property, a county may lease or sell and convey the same at public or private sale for such price and on such terms as may be determined by resolution of the county legislative authority, and all proceeds resulting from such

36.89.020 Purpose. The legislature finds that the open spaces, park, recreation and community facilities, public health and safety facilities, storm water control facilities and highways within any county of this state, whether located partly or wholly within or without the cities and towns of such county are of general benefit to all of the residents of such county. The open spaces, park, recreation and community facilities within such county provide public recreation, aesthetic, conservation and educational opportunities and other services and benefits accessible to all of the residents of such county. The public health and safety facilities within such county provide protection to life and property throughout the county, functionally inter-related and affect the health, safety and welfare of all the residents of such county. The storm water control facilities within such county provide protection from storm water damage for life and property throughout the county, generally require planning and development over the entire drainage basins, and affect the prosperity, interests and welfare of all the residents of such county. The highways within such county, whether under the general control of the county or the state
or within the limits of any incorporated city or town, provide an inter-connected system for the convenient and efficient movement of people and goods within such county. The use of general county funds for the purpose of acquisition, development, construction, or improvement of open space, park, recreation and community facilities, public health and safety facilities, storm water control facilities, or highways or to participate with any governmental agency to perform such purposes within such county pursuant to this chapter is hereby declared to be a strictly county purpose. [1970 ex.s. c 30 § 2; 1967 c 109 § 2.]

36.89.030 Authority to establish, acquire, develop, construct, and improve highways, open spaces, parks, etc. Counties are authorized to establish, acquire, develop, construct, and improve open space, park, recreation, and community facilities, public health and safety facilities, storm water control facilities, and highways or any of them pursuant to the provisions of this chapter and within and without the cities and towns of the county and for such purposes have the power to acquire lands, buildings and other facilities by gift, grant, purchase, condemnation, lease, devise, and bequest, to construct, improve, or maintain buildings, structures, and facilities necessary for such purposes, and to use and develop for such purposes the air rights over and the subsurface rights under any highway. The approval of the state department of transportation shall be first secured for such use and development of any state highway. For visual or sound buffer purposes the county shall not acquire by condemnation less than an owner’s entire interest or right in the particular real property to be so acquired if the owner objects to the taking of a lesser interest or right. [1984 c 7 § 42; 1970 ex.s. c 30 § 3; 1967 c 109 § 3.]

Severability—1984 c 7: See note following RCW 47.01.141.

Acquisition of interests in land for conservation, protection, preservation, or open space purposes by counties: RCW 64.04.130.

To carry out the purposes of this chapter counties shall have the power to issue general obligation bonds within the limitations now or hereafter prescribed by the Constitution and laws of this state. Such general obligation bonds shall be issued and sold as provided in chapter 39.46 RCW.

The question of issuance of bonds for any undertaking which relates to a number of different open spaces, park, recreation and community facilities, whether situated wholly or partly within the limits of any city or town within the county, and whether such bonds are intended to supply the whole expenditure or to participate therein may be submitted to the voters as a single proposition. If the county legislative authority in submitting a proposition relating to different open spaces, park, recreation and community facilities declare that such proposition has for its object the furtherance, accomplishment or preservation of an open space, park, recreation and community facilities system available to, and for the benefit of, all the residents of such county and constitutes a single purpose, such declaration shall be presumed to be correct and upon the issuance of the bonds the presumption shall become conclusive.

The question of the issuance of bonds for any undertaking which relates to a number of different public health and safety facilities, whether situated wholly or partly within the limits of any city or town within the county, and whether such bonds are intended to supply the whole expenditure or to participate therein may be submitted to the voters as a single proposition. If the county legislative authority in submitting a proposition relating to different public health and safety facilities declare that such proposition has for its object the furtherance or accomplishment of a system of public health and safety facilities for the benefit of all the residents of such county and constitutes a single purpose, such declaration shall be presumed to be correct and upon the issuance of the bonds the presumption shall become conclusive.

The question of the issuance of bonds for any undertaking which relates to a number of different storm water control facilities, whether situated wholly or partly within the limits of any city or town within the county, and whether such bonds are intended to supply the whole expenditure or to participate therein may be submitted to the voters as a single proposition. If the county legislative authority in submitting a proposition relating to different storm water control facilities declare that such proposition has for its object the furtherance, accomplishment or preservation of a storm water control facilities system for the benefit of all the residents of such county and constitutes a single purpose, such declaration shall be presumed to be correct and upon the issuance of the bonds the presumption shall become conclusive.

Elections shall be held as provided in RCW 39.36.050. [1984 c 186 § 34; 1983 c 167 § 99; 1970 ex.s. c 30 § 4; 1967 c 109 § 4.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

36.89.042 Issuance of general obligation bonds—Payment from revenue—Additional method. In issuing general obligation bonds at any time after February 20, 1970 for the purpose of providing all or part of the cost and expense of planning and design, establishing, acquiring, developing, constructing or improving the county capital purposes authorized by this chapter and RCW 86.12.020, the board of county commissioners may provide that such bonds
also be made payable from any otherwise unpledged revenue which may be derived from the ownership or operation of any such properties or facilities. [1970 ex.s. c 30 § 6.]

36.89.050 Participation by other governmental agencies. A county may finance, acquire, construct, develop, improve, maintain and operate any open space, park, recreation and community facilities, public health and safety facilities, storm water control facilities and highways authorized by this chapter either solely or in conjunction with one or more governmental agencies. Any governmental agency is authorized to participate in such financing, acquisition, construction, development, improvement, use, maintenance and operation and to convey, dedicate or lease any lands, properties or facilities to any county for the purposes provided in this chapter and RCW 86.12.020, on such terms as may be fixed by agreement between the respective governing commissions or legislative bodies without submitting the matter to a vote of the electors unless the provisions of general law applicable to the incurring of public indebtedness shall require such submission.

No county shall proceed under the authority of this chapter to construct or improve any storm water control facility or highway or part thereof lying within the limits of a city or town except with the prior consent of such city or town. By agreement between their respective legislative bodies, cities, towns and counties may provide that upon completion of any storm water control facility or highway or portion thereof constructed pursuant to this chapter within any city or town, the city or town shall accept the same for maintenance and operation and that such storm water control facility or highway or portion thereof shall thereupon become a part of the respective storm water control facility or highway system of the city or town.

A county may transfer to any other governmental agency the ownership, operation and maintenance of any open space, park, recreation and community facility acquired by the county pursuant to this chapter, which lies wholly or partly within such governmental agency, pursuant to an agreement entered into between the legislative bodies of the county and such governmental agency: PROVIDED, That such transfer shall be subject to the condition that either such facility shall continue to be used for the same purposes or that other equivalent facilities within the county shall be conveyed to the county in exchange therefor. [1970 ex.s. c 30 § 5; 1967 c 109 § 5.]

36.89.060 Powers and authority are supplemental. The powers and authority conferred upon governmental agencies under the provisions of this chapter, shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained herein shall be construed as limiting any other powers or authority of such governmental agencies. 36.89.080 Storm water control facilities—Rates and charges—Use. Any board of county commissioners may provide by resolution for revenues by fixing rates and charges for the furnishing of service to those served or receiving benefits or to be served or to receive benefits from any storm water control facility or contributing to an increase of surface water runoff. In fixing rates and charges, the board may in its discretion consider services furnished or to be furnished, benefits received or to be received, the character and use of land, or its water runoff characteristics or any other matters which present a reasonable difference as a ground for distinction. Such service charges collected shall be deposited in a special fund or funds in the county treasury to be used only for the purpose of paying all or any part of the cost and expense of maintaining and operating storm water control facilities, all or any part of the cost and expense of planning, designing, establishing, acquiring, developing, constructing and improving any of such facilities, or to pay or secure the payment of all or any portion of any issue of general obligation or revenue bonds issued for such purpose. The county shall have a lien for delinquent service charges, including interest thereon, against any property against which they were levied for storm water control facilities, which lien shall be superior to all other liens and encumbrances except general taxes and local and special assessments. Such lien shall be effective and shall be enforced and foreclosed in the same manner as provided for sewerage liens of cities and towns by RCW 35.67.200 through 35.67.290: PROVIDED, That a county may, by resolution or ordinance, adopt all or any part of the alternative interest rate, lien, and foreclosure procedures as set forth in RCW 36.89.092 through 36.89.094 or by RCW 36.94.150. 36.89.093 Storm water control facilities—Alternative procedures for lien on delinquent charges. Any county may, by resolution or ordinance, provide that the storm water service charge lien shall be effective for a total of not to exceed one year’s delinquent service charges without the necessity of any writing or recording of the lien with the county auditor, in lieu of the provisions provided for in RCW 35.67.210. [1987 c 241 § 3.]

36.89.094 Storm water control facilities—Alternative foreclosure procedures on lien on delinquent charges. Merger of water districts into sewer districts—Board review of proposed merger: RCW 56.36.030.

36.93.010 Purpose. The legislature finds that in metropolitan areas of this state, experiencing heavy population growth, increased problems arise from rapid proliferation of municipalities and haphazard extension of and competition to extend municipal boundaries. These problems affect adversely the quality and quantity and cost of municipal services furnished, the financial integrity of certain municipalities, the consistency of local regulations, and many other incidents of local government. Further, the competition among municipalities for unincorporated territory and the disorganizing effect thereof on land use, the preservation of property values and the desired objective of a consistent comprehensive land use plan for populated areas, makes it appropriate that the legislature provide a method of guiding and controlling the creation and growth of municipalities in metropolitan areas so that such problems may be avoided and that residents and businesses in those areas may rely on the logical growth of local government affecting them. [1967 c 189 § 1.]

36.93.020 Definitions. As used herein:
(1) "Governmental unit" means any incorporated city or town, metropolitan municipal corporation, or any special purpose district as defined in this section.

(1) There is hereby created and established in each county with a population of two hundred ten thousand or more a board to be known and designated as a "boundary review board".
(2) A boundary review board may be created and established in any other county in the following manner:
(a) The county legislative authority may, by majority vote, adopt a resolution establishing a boundary review board;
(b) A petition seeking establishment of a boundary review board signed by qualified electors residing in the county equal in number to at least five percent of the votes...
cast in the county at the last county general election may be filed with the county auditor.

Upon the filing of such a petition, the county auditor shall examine the same and certify to the sufficiency of the signatures thereon. No person may withdraw his or her name from a petition after it has been filed with the auditor. Within thirty days after the filing of such petition, the county auditor shall transmit the same to the county legislative authority, together with his or her certificate of sufficiency.

After receipt of a valid petition for the establishment of a boundary review board, the county legislative authority shall submit the question of whether a boundary review board should be established to the electorate at the next county primary or county general election which occurs more than forty-five days from the date of receipt of the petition. Notice of the election shall be given as provided in RCW 29.27.080 and shall include a clear statement of the proposal to be submitted.

If a majority of the persons voting on the proposition shall vote in favor of the establishment of the boundary review board, such board shall thereupon be deemed established. [1991 c 363 § 91; 1969 ex.s. c 111 § 1; 1967 c 189 § 3.]

The board may review any such proposed actions pertaining to:

(c) The extension of permanent sewer service outside of its existing corporate boundaries by a city, town, or special purpose district if (i) the extension is through the installation of sewer mains of eight inches or less in diameter or (ii) the
county legislative authority for the county in which the proposed extension is to be built is required or chooses to plan under RCW 36.70A.040 and has by a majority vote waived the authority of the board to initiate review of all other extensions;

If a review of a proposal is requested, the board shall make a finding as prescribed in RCW 36.93.150 within one hundred twenty days after the filing of such a request for review. If this period of one hundred twenty days shall elapse without the board making a finding as prescribed in RCW 36.93.150, the proposal shall be deemed approved unless the board and the person who submitted the proposal agree to an extension of the one hundred twenty day period.

Effective date—1994 c 216: See note following RCW 35.02.015.

Severability—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.93.105 Actions not subject to review by board. The following actions shall not be subject to potential review by a boundary review board:

(1) Annexations of territory to a water or sewer district pursuant to RCW 36.94.410 through 36.94.440;

(2) Revisions of city or town boundaries pursuant to RCW 35.21.790 or 35A.21.210;

(3) Adjustments to city or town boundaries pursuant to RCW 35.13.340; and

(4) Adjustments to city and town boundaries pursuant to RCW 35.13.300 through 35.13.330. [1989 c 84 § 4; 1984 c 147 § 5.]

36.93.110 When review not necessary. Where an area proposed for annexation is less than ten acres and less than two million dollars in assessed valuation, the chairman of the review board may by written statement declare that review by the board is not necessary for the protection of the interest of the various parties, in which case the board shall not review such annexation. [1987 c 477 § 4; 1973 1st ex.s. c 195 § 42; 1967 c 189 § 11.]
upon review of any proposed action, shall take such of the following actions as it deems necessary to best carry out the intent of this chapter:

1. Approve the proposal as submitted.
2. Subject to RCW 35.02.170, modify the proposal by adjusting boundaries to add or delete territory. However, any proposal for annexation of territory to a town shall be subject to RCW 35.21.010 and the board shall not add additional territory, the amount of which is greater than that included in the original proposal. Any modifications shall not interfere with the authority of a city, town, or special purpose district to require or not require preannexation agreements, covenants, or petitions. A board shall not modify the proposed incorporation of a city with an estimated population of seven thousand five hundred or more by removing territory from the proposal, or adding territory to the proposal, that constitutes ten percent or more of the total area included within the proposal before the board. However, a board shall remove territory in the proposed incorporation that is located outside of an urban growth area or is annexed by a city or town, and may remove territory in the proposed incorporation if a petition or resolution proposing the annexation is filed or adopted that has priority over the proposed incorporation, before the area is established that is subject to this ten percent restriction on removing or adding territory. A board shall not modify the proposed incorporation of a city with a population of seven thousand five hundred or more to reduce the population below seven thousand five hundred.

3. Determine a division of assets and liabilities between two or more governmental units where relevant.
4. Determine whether, or the extent to which, functions of a special purpose district are to be assumed by an incorporated city or town, metropolitan municipal corporation, or another existing special purpose district.
5. Disapprove the proposal except that the board shall not have jurisdiction: (a) To disapprove the dissolution or disincorporation of a special purpose district which is not providing services but shall have jurisdiction over the determination of a division of the assets and liabilities of a dissolved or disincorporated special purpose district; (b) over the division of assets and liabilities of a special purpose district that is dissolved or disincorporated pursuant to chapter 36.96 RCW; nor (c) to disapprove the incorporation of a city with an estimated population of seven thousand five hundred or more, but the board may recommend against the proposed incorporation of a city with such an estimated population.

Unless the board disapproves a proposal, it shall be presented under the appropriate statute for approval of a public body and, if required, a vote of the people. A proposal that has been modified shall be presented under the appropriate statute for approval of a public body and if required, a vote of the people. If a proposal, other than that for a city, town, or special purpose district annexation, after modification does not contain enough signatures of persons within the modified area, as are required by law, then the initiating party, parties or governmental unit has thirty days after the modification decision to secure enough signatures to satisfy the legal requirement. If the signatures cannot be secured then the proposal may be submitted to a vote of the people, as required by law.
proposed to be annexed, formed, incorporated, disincorporated, dissolved or consolidated, or within the boundaries of a special district whose assets and facilities are proposed to be assumed by a city or town, and to the governing body of each city within three miles of the exterior boundaries of the area and to the proponent of the change. Notice shall also be given by publication in any newspaper of general circulation in the area of the proposed boundary change at least three times, the last publication of which shall be not less than five days prior to the date set for the public hearing. Notice shall also be posted in ten public places in the area affected for five days when the area is ten acres or more. When the area affected is less than ten acres, five notices shall be posted in five public places for five days. Notice as provided in this subsection shall include any territory which the board has determined to consider adding in accordance with RCW 36.93.150(2).

(2) A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of the testimony shall be provided to any person or governmental unit.

(3) The chairman upon majority vote of the board or a panel may direct the chief clerk of the boundary review board to issue subpoenas to any public officer to testify, and to compel the production by him of any records, books, documents, public records or public papers.

(4) Within forty days after the conclusion of the final hearing on the proposal, the board shall file its written decision, setting forth the reasons therefor, with the board of county commissioners and the clerk of each governmental unit directly affected. The written decision shall indicate whether the proposed change is approved, rejected or modified and, if modified, the terms of the modification. The written decision need not include specific data on every factor required to be considered by the board, but shall indicate that all standards were given consideration. Dissenting members of the board shall have the right to have their written dissents included as part of the decision.

(5) Unanimous decisions of the hearing panel or a decision of a majority of the members of the board shall constitute the decision of the board and shall not be appealable to the whole board. Any other decision shall be appealable to the entire board within ten days. Appeals shall be on the record, which shall be furnished by the appellant, but the board may, in its sole discretion, permit the introduction of additional evidence and argument. Decisions shall be final and conclusive unless within thirty days from the date of the action a governmental unit affected by the decision or any person owning real property or residing in the area affected by the decision files in the superior court a notice of appeal.

The filing of the notice of appeal within the time limit shall stay the effective date of the decision of the board until such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board.

(6) The superior court may affirm the decision of the board or remand the case for further proceedings; or it may reverse the decision if any substantial rights may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(a) In violation of constitutional provisions, or
(b) In excess of the statutory authority or jurisdiction of the board, or
(c) Made upon unlawful procedure, or
(d) Affected by other error of law, or
(e) Unsupported by material and substantial evidence in view of the entire record as submitted, or
(f) Clearly erroneous.

An aggrieved party may seek appellate review of any final judgment of the superior court in the manner provided by law as in other civil cases. [1994 c 216 § 16; 1988 c 202 § 40; 1987 c 477 § 8; 1971 c 81 § 97; 1969 ex.s. c 111 § 9; 1967 c 189 § 16.]

36.93.170 Factors to be considered by board—Incorporation proceedings exempt from state environmental policy act. In reaching a decision on a proposal or an alternative, the board shall consider the factors affecting such proposal, which shall include, but not be limited to the following:

(1) Population and territory; population density; land area and land uses; comprehensive plans and zoning, as adopted under chapter 35.63, 35A.63, or 36.70 RCW; per capita assessed valuation; topography, natural boundaries and drainage basins, proximity to other populated areas; the existence and preservation of prime agricultural soils and productive agricultural uses; the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years; location and most desirable future location of community facilities;

(2) Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW. [1989 c 84 § 5; 1986 c 234 § 33; 1982 c 220 § 2; 1979 ex.s. c 142 § 1; 1967 c 189 § 17.]

Severability—1982 c 220: See note following RCW 36.93.100.
Incorporation proceedings exempt from state environmental policy act: RCW 43.21C.220.

36.93.180 Objectives of boundary review board. The decisions of the boundary review board shall attempt to achieve the following objectives:

(2) Use of physical boundaries, including but not limited to bodies of water, highways, and land contours;

36.93.185 Objectives of boundary review board—Water, sewer district annexations, mergers—Territory not adjacent to district. The proposal by a water district or sewer district to annex territory that is not adjacent to the district shall not be deemed to be violative of the objectives of a boundary review board solely due to the fact that the territory is not adjacent to the water district or sewer district. The proposed consolidation or merger of two or more water districts or two or more sewer districts that are not adjacent to each other shall not be deemed to be violative of the objectives of a boundary review board solely due to the fact that the districts are not adjacent. To assist interested persons dealing with it, each board shall so far as deemed practicable supplement its rules with descriptive statements of its procedures.

Prior to the adoption of any rule authorized by law, or the amendment or repeal thereof, the board shall file notice thereof with the clerk of the court of the county in which the board is located. So far as practicable, the board shall also publish or otherwise circulate notice of its intended action and afford interested persons opportunity to submit data or views either orally or in writing. Such notice shall include (1) a statement of the time, place, and nature of public rule-making proceedings, (2) reference to the authority under which the rule is proposed, and (3) either the terms or substance of the proposed rule or a description of the subjects and issues involved.

This paragraph shall not apply to interpretative rules, general statements of policy, or rules of internal board organization, procedure or practice. [1967 c 189 § 20.]

36.94.010 Definitions. As used in this chapter:
(1) A "system of sewerage" means and includes:
   (a) Sanitary sewage disposal sewers and facilities, including without limitation on-site or off-site sanitary sewerage facilities consisting of an approved septic tank or septic tank systems, or any other means of sewage treatment and disposal approved by the county;
   (b) Combined sanitary sewage disposal and storm or surface water drains and facilities;
   (c) Storm or surface water drains, channels, and facilities;
   (d) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;
   (e) Combined water and sewerage systems;
   (f) Any combination of or part of any or all of such facilities.

(2) A "system of water" means and includes:
   (a) A water distribution system, including dams, reservoirs, aqueducts, plants, pumping stations, transmission and lateral distribution lines and other facilities for distribution of water;
   (b) A combined water and sewerage system;
   (c) Any combination of or any part of any or all of such facilities.

(3) A "sewerage and/or water general plan" means a general plan for a system of sewerage and/or water for the county which shall be an element of the comprehensive plan established by the county pursuant to RCW 36.70.350(6)
and/or chapter 35.63 RCW, if there is such a comprehensive plan.

(a) A sewerage general plan shall include the general location and description of treatment and disposal facilities, trunk and interceptor sewers, pumping stations, monitoring and control facilities, channels, local service areas and a general description of the collection system to serve those areas, and other facilities as may be required to provide a functional and implementable plan, including preliminary engineering to assure feasibility. The plan may also include a description of the regulations deemed appropriate to carrying out surface drainage plans.

(b) A water general plan shall include the general location and description of water resources to be utilized, wells, treatment facilities, transmission lines, storage reservoirs, pumping stations, and monitoring and control facilities as may be required to provide a functional and implementable plan.

(c) Water and/or sewerage general plans shall include preliminary engineering in adequate detail to assure technical feasibility and, to the extent then known, shall further discuss the methods of distributing the cost and expense of the system and shall indicate the economic feasibility of plan implementation. The plans may also specify local or lateral facilities. The sewerage and/or water general plan does not mean the final engineering construction or financing plans for the system.

(4) "Municipal corporation" means and includes any city, town, metropolitan municipal corporation, any public utility district which operates and maintains a sewer or water system, any sewer, water, diking, or drainage district, any sewage improvement district, and any irrigation district.

36.94.020 Purpose—Powers. The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county. PROVIDED, That counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. [1981 c 313 § 1; 1967 c 72 § 2.]

Severability—1981 c 313: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 313 § 23.]

36.94.030 Adoption of sewerage and/or water general plan as element of comprehensive plan. Whenever the county legislative authority deems it advisable and necessary for the public health and welfare of the inhabitants of the county to establish, purchase, acquire, and construct a system of sewerage and/or water, or make any additions and betterments thereto, or extensions thereof, the board shall adopt a sewerage and/or water general plan for a system of sewerage and/or water for all or a portion of the county as deemed necessary by the board. If the county has adopted a comprehensive plan for a physical development of the county pursuant to chapter 36.70 RCW and/or chapter 35.63 RCW, then the sewerage and/or water general plan shall be adopted as an element of that comprehensive plan pursuant to the applicable statute. [1981 c 313 § 15; 1967 c 72 § 3.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.040 Incorporation of provisions of comprehensive plan in general plan. The sewerage and/or water general plan must incorporate the provisions of existing comprehensive plans relating to sewerage and water systems of cities, towns, municipalities, and counties, to the extent they have been implemented. [1990 1st ex.s. c 17 § 33; 1967 c 72 § 4.]

36.94.050 Review committee—Composition—Submission of plan or amendment to. Prior to the adoption of or amendment of the sewerage and/or water general plan, the county legislative authority (or authorities) shall submit the plan or amendment to a review committee. The review committee shall consist of:

(1) A representative of each city with a population of ten thousand or more within or adjoining the area selected by the mayor thereof (if there are no such cities within the plan area, then one representative chosen by the mayor of the city with the largest population within the plan area);

(2) One representative chosen at large by a majority vote of the executive officers of the other cities within or adjoining the area;

(3) A representative chosen by the executive officer or the chair of the board, as the case may be, of each of the

(1994 Ed.)
other municipal corporations and private utilities serving one
thousand or more sewer and/or water customers located
within the area;

(4) One representative chosen at large by a majority
vote of the executive officers and chairs of the boards, as the
case may be, of the other remaining municipal corporations
within the area;

(5) A representative of each county legislative authority
within the planned area, selected by the chair of each board
or county executive, as the case may be; and

(6) In counties where there is a metropolitan municipal
operation a sewerage and/or water system in the
area, the chair of its council or such person as the chair
designates.

If the legislative authority rejects the plan pursuant to
RCW 36.94.090, the review committee shall be deemed to
be dissolved; otherwise the review committee shall continue
in existence to review amendments to the plan. Vacancies
on the committee shall be filled in the same manner as the
original appointment to that position.

Instead of a review committee for each plan area, the
county legislative authority or authorities may create a
review committee for the entire county or counties, and the
review committee shall continue in existence until dissolved
by the county legislative authority or authorities. [1994 c 81

members shall constitute a quorum for the transaction of
business.

Each member of the committee shall be compensated
from the county current expense fund at the rate of twenty-
five dollars per day, or a major portion thereof, for time
actually devoted to the work of the committee in reviewing
any proposed sewerage and/or water general plan or amend-

provide such funds as shall be necessary to pay the compen-
sation of the members and such other expenses as shall be
reasonably necessary. Such payments shall be reimbursed to
the counties advancing the funds from moneys acquired from
the construction or operation of a sewerage and/or water
system. [1971 ex.s. c 96 § 3; 1967 c 72 § 6.]

36.94.070 Review committee—Review of plan or
amendments thereto—Report. The committee shall review
the sewerage and/or water general plan or amendments
thereto and shall report to the board or boards of county
commissioners within ninety days their approval or any
suggested amendments, deletions, or additions. If the
committee shall fail to report within the time, the plan or
amendments thereto shall be deemed approved. If the
committee submits a report, the board shall consider and
review the committee’s report and may adopt any recom-
mendations suggested therein. [1971 ex.s. c 96 § 4; 1967 c

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.080 Hearing by board—Notice—Filing
general plan. Before final action thereon the board shall
conduct a public hearing on the plan after ten days published
notice of hearing is given pursuant to RCW 36.32.120(7).
The notice must set out the full official title of the proposed
resolution adopting the plan and a statement describing the
general intent and purpose of the plan. The notice shall also
include the day, hour and place of hearing and must be given
by publication in the newspaper in which legal notices of the
county are printed. Ten days prior to the hearing, three
copies of the sewerage and/or water general plan shall be
filed with the clerk of the board. The copies shall be open
to public inspection. [1967 c 72 § 8.]

36.94.090 Adoption, amendment or rejection of
plan. At the hearing, the board may adopt the plan, or
amend and adopt the plan, or reject any part or all of the
plan. [1967 c 72 § 9.]

36.94.100 Submission of plan or amendments
thereto to certain state departments—Approval. Prior to
the commencement of actual work on any plan or amend-
ment thereto approved by the board, it must be submitted for
written approval to the Washington department of social and
health services and to the Washington department of eco-

amendment. After adoption of the sewerage and/or water
general plan, all municipal corporations and private utilities
within the plan area shall abide by and adhere to the plan for
the future development of their systems. Whenever the
governing authority of any county or counties or any
municipal corporation deems it to be for the public interest
to amend the sewerage and/or water general plan for such
county or counties, notice shall be filed with the board or
boards of county commissioners. Upon such notice, the
board or boards shall initiate consideration of any amend-
ment requested relating to the plan and proceed as provided
in this chapter for the adoption of an original plan. [1967 c
72 § 11.]

36.94.120 Establishment of department for adminis-
tration of system—Personnel merit system. The board
shall establish a department in county government for the
purpose of establishing, operating and maintaining the
system or systems of sewerage and/or water. In the depart-
ment, the board shall establish and provide for the operation
and maintenance of a personnel merit system for the employ-
ment, classification, promotion, demotion, suspension,
transfer, layoff and discharge of its appointive officers and
employees, solely on the basis of merit and fitness, without regard to political influence or affiliation. Such merit system shall not apply to the chief administrative officer of the department and, if the sewer and/or water utility is a division of a department having other functions, the chief administrative officer of such utility. [1971 ex.s. c 96 § 6; 1967 c 72 § 12.]

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.130 Adoption of rules and regulations. The board of county commissioners may adopt by resolution reasonable rules and regulations governing the construction, maintenance, operation, use, connection and service of the system of sewerage and/or water. [1967 c 72 § 13.]

36.94.140 Authority of county to operate system—Rates and charges, fixing of—Factors to be considered.

Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate and control it and to fix, alter, regulate and control the rates and charges for the service to those to whom such county service is available, and to levy charges for connection to such system. The rates for availability of service and connection charges so charged must be uniform for the same class of customers or service.

In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the board may consider any or all of the following factors:

(1) The difference in cost of service to the various customers within or without the area;

(2) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

(3) The different character of the service furnished various customers;

(4) The quantity and quality of the sewage and/or water delivered and the time of its delivery;

(5) Capital contributions made to the system or systems, including, but not limited to, assessments;

(6) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety; and

(7) Any other matters which present a reasonable difference as a ground for distinction.

Such rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system. [1990 c 133 § 2; 1975 1st ex.s. c 188 § 2; 1967 c 72 § 14.]

Findings—1990 c 133: "The legislature finds the best interests of the citizens of the state are served if:

(1) Customers served by public water systems are assured of an adequate quantity and quality of water supply at reasonable rates;

(2) There is improved coordination between state agencies engaged in water system planning and public health regulation and local governments responsible for land use regulation and public health and safety;

(3) Public water systems in violation of health and safety standards adopted under RCW 43.20.050 remain in operation and continue providing water service providing that public health is not compromised, assuming a suitable replacement purveyor is found and deficiencies are corrected in an expeditious manner consistent with public health and safety; and

(4) The state address[es], in a systematic and comprehensive fashion, new operating requirements which will be imposed on public water systems under the federal Safe Drinking Water Act." [1990 c 133 § 1.]

Severability—1990 c 133: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 133 § 12.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.145 Public property subject to rates and charges for storm water control facilities. Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for storm water control facilities to the same extent private persons and private property are subject to such rates and charges that are imposed by counties pursuant to RCW 36.94.140. In setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property. [1986 c 278 § 58; 1983 c 315 § 4.]

36.94.150 Lien for delinquent charges. All counties operating a system of sewerage and/or water shall have a lien for delinquent connection charges and charges for the availability of sewerage and/or water service, together with interest fixed by resolution at eight percent per annum from the date due until paid. Penalties of not more than ten percent of the amount due may be imposed in case of failure to pay the charges at times fixed by resolution. The lien shall be for all charges, interest, and penalties and shall attach to the premises to which the services were available. The lien shall be superior to all other liens and encumbrances, except general taxes and local and special assessments of the county.

The county department established in RCW 36.94.120 shall certify periodically the delinquencies to the treasurer of the county at which time the lien shall attach.

Upon the expiration of sixty days after the attachment of the lien, the county may bring suit in foreclosure by civil action in the superior court of the county where the property is located. In addition to the costs and disbursements provided by statute, the court may allow the county a reasonable attorney’s fee. The lien shall be foreclosed in the same manner as the foreclosure of real property tax liens. [1975 1st ex.s. c 188 § 3; 1967 c 72 § 15.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.160 Tax on gross revenues authorized. The county shall have the power to levy a tax on the system of sewerage and/or water operated by the county or counties as authorized by this chapter, not to exceed eight percent per annum, on the gross revenues, to be paid to the county’s general fund for payment of all costs of planning, financing, construction and operation of the system. [1967 c 72 § 16.]

[Title 36 RCW—page 231]
36.94.170 Authority of municipal corporations—Relinquishment of. The primary authority to construct, operate and maintain a system of sewerage and/or water within the boundaries of a municipal corporation which lies within the area of the county's sewerage and/or water general plan shall remain with such municipal corporation. A county, after it has adopted and received the necessary approvals of its sewer and/or water general plan under the provisions of chapter 36.94 RCW may construct, own, operate and maintain a system of sewerage and/or water within the boundaries of a city or town with the written consent of such city or town and within any other municipal corporation provided such municipal corporation (1) has the legislative authority to operate such a utility; and (2)(a) has given its written consent to the county to operate therein; or (b) after adoption of a comprehensive plan or an amendment thereto for the area involved, the municipal corporation has not within twelve months after receiving notice by the county of its intention to serve that area held a formation hearing for a utility local improvement district.

Prior to exercising any authority granted in this section, the county shall compensate such municipal corporation for its reasonable costs, expenses and obligations actually incurred or contracted which are directly related to and which benefit the area which the county proposes to serve. The county may contract with a municipal corporation to furnish such utility service within any municipal corporation. Except in the case of annexations provided for in RCW 36.94.180, once a county qualifies under this section to serve within a municipal corporation, no municipal corporation may construct or operate a competing utility in the same territory to be served by the county if the county proceeds within a reasonable period of time with the construction of its proposed facilities including the sale of any bonds to finance the same.

As may be permitted by other statutes, a city or town may provide water or sewer service outside of its corporate limits, but such service may not conflict with the county plan or any county, sewer or water facilities installed or being installed.

A county proposing to exercise any authority granted in this section shall give written notice of such intention to the municipal corporation involved and to the boundary review board, if any, of such county. Within sixty days of the filing of such notice of intention, review by the boundary review board of the proposed action may be requested as provided by the provisions of RCW 36.93.100 through 36.93.180. In the event of such review, the board shall consider the factors and objectives set forth in this section in addition to the factors and objectives set forth in RCW 36.93.170 and 36.93.180. [1971 ex.s. c 96 § 7; 1967 c 72 § 17.]

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.180 Transfer of system upon annexation or incorporation of area. In the event of the annexation to a city or town of an area, or incorporation of an area, in which a county is operating a sewerage and/or water system, the property, facilities, and equipment of such sewerage and/or water system lying within the annexed or incorporated area may be transferred to the city or town if such transfer will not materially affect the operation of any of the remaining county system, subject to the assumption by the city or town of the county's obligations relating to such property, facilities, and equipment, under the procedures specified in, and pursuant to the authority contained in, chapter 35.13A RCW. [1986 c 234 § 34; 1983 c 3 § 82; 1971 ex.s. c 96 § 8; 1967 c 72 § 18.]

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.190 Contracts with other entities. Every county in furtherance of the powers granted by this chapter shall be authorized to contract with the federal government, the state of Washington, or any city or town, within or without the county, and with any other county, and with any municipal corporation as defined herein or with any other municipal corporation created under the laws of the state of Washington and not limited as defined in RCW 36.94.010, or political subdivision, and with any person, firm or corporation in and for the establishment, maintenance and operation of all or a portion of a system or systems of sewerage and/or water supply.

The state and such city, town, person, firm, corporation, municipal corporation and any other municipal corporation created under the laws of the state of Washington and not limited as defined in RCW 36.94.010, and political subdivision, is authorized to contract with a county or counties for such purposes. [1967 c 72 § 19.]

36.94.200 Indebtedness—Bonds. The legislative authority of any county is hereby authorized for the purpose of carrying out the lawful powers granted by this chapter to contract indebtedness and to issue general obligation bonds pursuant to and in the manner provided for general county bonds in chapters 36.67 and 39.46 RCW and other applicable statutes; and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes. The county legislative authority may also issue local improvement district bonds in the manner provided for cities and towns. [1984 c 186 § 35; 1983 c 167 § 101; 1981 c 313 § 2; 1967 c 72 § 20.]

36.94.210 Pledge for payment of principal and interest on revenue or general obligation bonds. The board of county commissioners of any county in adopting and establishing a system of sewerage and/or water may set aside into a special fund and pledge to the payment of the principal and interest due on any county revenue bonds or general obligation bonds any sums or amounts which may accrue from the collection of rates and charges for the private and public use of the system or systems. [1975 1st ex.s. c 188 § 4; 1967 c 72 § 21.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.220 Local improvement districts and utility local improvement districts—Establishment—Special assessments. (1) A county shall have the power to establish
utility local improvement districts and local improvement districts within the area of a sewerage and/or water general plan and to levy special assessments under a mode of annual installments extending over a period not exceeding twenty years on all property specially benefited by any local improvement on the basis of the special benefits to pay in whole or in part the damages or costs of any improvements ordered in such county.

(2) Utility local improvement districts and local improvement districts may include territory within a city or town only with the written consent of the city or town, but if the local district is formed before such area is included within the city or town, no such consent shall be necessary. Utility local improvement districts and local improvement districts used to provide sewerage disposal systems may include territory within a sewer district or within a water district providing sewerage disposal systems only with the written consent of the sewer district or such a water district, but if the local district is formed before such area is included within the sewer district or such a water district, no consent is necessary. Utility local improvement districts and local improvement districts used to provide water systems may include territory within a water district or within a sewer district providing water systems only with the written consent of the water district or such a sewer district, but if the local district is formed before such area is included within the water district or such a sewer district, no consent is necessary.

(3) The levy, collection, and enforcement of all public assessments hereby authorized shall be in the manner now and hereafter provided by law for the levy, collection, and enforcement of local improvement assessments by cities and towns, insofar as the same shall not be inconsistent with the provisions of this chapter. In addition, the county shall file the preliminary assessment roll at the time and in the manner prescribed in RCW 35.50.005. The duties devolving upon the city treasurer under such laws are imposed upon the county treasurer for the purposes of this chapter. The mode of assessment shall be in the manner to be determined by the county legislative authority by ordinance or resolution. As an alternative to equal annual assessment installments of principal provided for cities and towns, a county legislative authority may provide for the payment of such assessments in equal annual installments of principal and interest. Assessments in any local district may be made on the basis of special benefits up to but not in excess of the total cost of any sewerage and/or water improvement made with respect to that local district and the share of any general sewerage and/or water facilities allocable to that district. In utility local improvement districts, assessments shall be deposited into the revenue bond fund or general obligation bond fund established for the payment of bonds issued to pay such costs which bond payments are secured in part by the pledge of assessments, except pending the issuance and sale of such bonds, assessments may be deposited in a fund for the payment of such costs. In local improvement districts, assessments shall be deposited into a fund for the payment of such costs and local improvement bonds issued to finance the same or into the local improvement guaranty fund as provided by applicable statute. Utility local improvement districts and local improvement districts to carry out all or any portion of the general plan, or additions and betterments thereof, may be initiated either by resolution of the county legislative authority or by petition signed by the owners according to the records of the office of the county auditor of at least fifty-one percent of the area of land within the limits of the local district to be created.

In case the county legislative authority desires to initiate the formation of a local district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

In case any such local district is initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement and the fact that the signers thereof are the owners according to the records of the county auditor of at least fifty-one percent of the area of land within the limits of the local district to be created. Upon the filing of such petition with the clerk of the county legislative authority, the authority shall determine whether the same is sufficient, and the authority's determination thereof shall be conclusive upon all persons. No person may withdraw his name from said petition after the filing thereof with the clerk of the county legislative authority. If the county legislative authority finds the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the county legislative

The notice shall refer to the resolution of intention and designate the proposed local district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, or parcel, the date, time, and place of the hearing before the county legislative authority; and in the case of improvements initiated by resolution, said notice shall also state that all persons desiring to object to the formation of the proposed district must file their written protests with the clerk of the county legislative authority before the time fixed for said public hearing. 36.94.232 Local improvement districts and utility local improvement districts—Notice must contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a local improvement district or utility local improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 6.]

36.94.235 Local improvement districts and utility local improvement districts—Sanitary sewer or potable water facilities—Notice to certain property owners. Whenever it is proposed that a local improvement district or utility local improvement district finance sanitary sewers or potable water facilities, additional notice of the public hearing on the proposed improvement district shall be mailed to the owners of any property located outside of the proposed improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. The notice shall include information about this restriction. [1987 c 315 § 3.]

36.94.240 Local improvement districts and utility local improvement districts—Hearing—Improvement ordered—Divestment of power to order, time limitation—Assessment roll. At this hearing the authority shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as are deemed necessary: PROVIDED, That the authority may not change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

After said hearing the county legislative authority has jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: PROVIDED, That the jurisdiction of the authority to proceed with any improvement initiated by resolution shall be divested by protests filed with the clerk of the authority prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district. No action whatsoever may be maintained challenging the jurisdiction or authority of the county to proceed with the improvement and creating the local district or in any way challenging the validity thereof or any proceedings relating thereto unless that action is served and filed no later than thirty days after the date of passage of the resolution ordering the improvement and creating the local district.

If the county legislative authority finds that the district should be formed, it shall by resolution order the improvement, adopt detailed plans of the local district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the county such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the county to proceed with the work. The county legislative authority shall proceed with the work and file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local district in proportion to the special benefits to be derived by the property therein from the improvement. The hearing shall be held before the county legislative authority, or the county legislative authority may direct that the hearing shall be held before either a committee of the legislative authority or a designated officer. The notice shall also be given by mailing at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district.

36.94.260 Local improvement districts and utility local improvement districts—Hearing on protests—Order—Appeal. (1) At such hearing on a protest to an assessment, or any adjournment thereof, the county legislative authority or committee or officer shall sit as a board of equalization. If the protest is heard by the county legislative authority, it shall have power to correct, revise, raise, lower, change, or modify such roll, or any part thereof, and to set aside such roll, and order that such assessment be made de novo, as shall appear equitable and just. If the protest is heard by a committee or officer, the committee or officer shall make recommendations to the county legislative authority which shall either adopt or reject the recommendations of the committee or officer. If a hearing is held before such a committee or officer, it shall not be necessary to hold a hearing on the assessment roll before such legislative authority. PROVIDED, That any county providing for an officer to hear such protests shall adopt an ordinance providing for an appeal from a decision made by the officer that any person protesting his or her assessment may make to the legislative authority. The county legislative authority shall, in all instances, approve the assessment roll by ordinance or resolution.

(2) In the event of any assessment being raised a new notice similar to such first notice shall be given, after which final approval of such roll may be made by the county legislative authority or committee or officer. Whenever any property has been entered originally upon such roll and the assessment upon any such property shall not be raised, no objection thereto may be considered by the county legislative authority or committee or officer or by any court on appeal unless such objection be made in writing at, or prior, to the date fixed for the original hearing upon such roll. [1981 c 313 § 18; 1967 c 72 § 26.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.270 Local improvement districts and utility local improvement districts—Enlarged local district may be formed. If any portion of the system after its installation in such local district is not adequate for the purpose for which it was intended, or that for any reason changes, alterations, or betterments are necessary in any portion of the system after its installation, then such district, with boundaries which may include one or more existing local districts, may be created in the same manner as is provided herein for the creation of local districts. Upon the organization of such local district as provided for in this section the plan of the improvement and the payment of the cost of the improvement shall be carried out in the same manner as is provided herein for the carrying out of and the paying for the improvement in the utility local improvement districts or local improvement districts previously provided for in this chapter. [1981 c 313 § 6; 1967 c 72 § 27.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.280 Local improvement districts and utility local improvement districts—Conclusiveness of roll when approved—Adjustments to assessments if other funds become available. Whenever any assessment roll for local improvements has been confirmed by the county legislative authority, the regularity, validity and correctness of the proceedings relating to the improvement and to the assessment thereof, including the action of the county legislative authority upon the assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding by any person not filing written objections to the assessment roll in the manner and within the time provided in this chapter, and not appealing from the action of the county legislative authority in confirming the assessment roll in the manner and within the time in this chapter provided. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any assessment, or the sale of any property to pay an assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: PROVIDED, That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That the assessment has been paid.

If federal, local, or state funds become available for a local improvement after the assessment roll has been confirmed by the county legislative authority, the funds may be used to lower the assessments on a uniform basis. Any adjustments to the assessments because of the availability of federal or state funds may be made on the next annual payment. [1985 c 397 § 10; 1967 c 72 § 28.]

Severability—1985 c 397: See RCW 35.51.901.

36.94.290 Local improvement districts and utility local improvement districts—Appellate review. The decision of the board of county commissioners upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of the board of county commissioners and with the clerk of the superior court within ten days after the resolution confirming such assessment roll shall have become published, and such notice shall describe the property and set forth the objections of such appellant to such assessment. Within the ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of
the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such county and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other cases. However, review must be sought within fifteen days after the date of the entry of the judgment of such superior court. The supreme court or the court of appeals on such appeal may correct, change, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the board of county commissioners which levied the assessment. If the board determines that a segregation should be made, they shall by resolution order the county treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board of county commissioners may require as a condition to the order of segregation that the person seeking it pay the county the reasonable engineering and clerical costs incident to making the segregation. **Transfer of system from municipal corporation to county—Assumption of indebtedness.** In consideration of a transfer of property by a municipal corporation to a county in the manner provided in RCW 36.94.310 through 36.94.350, a county may assume and agree to pay or provide for the payment of all or part of the indebtedness of a municipal corporation including the payment and retirement of outstanding general obligation and revenue bonds issued by a municipal corporation. Until the indebtedness of a municipal corporation thus assumed by a county has been discharged, all property within the municipal corporation and the owners and occupants of that property, shall continue to be liable for taxes, special assessments, and other charges legally pledged to pay such indebtedness. The county may assume the obligation of causing the payment of such indebtedness, collecting such taxes, assessments, and charges and observing and performing the other contractual obligations of the municipal corporation. The legislative authority of the county may act in the same manner as the governing body of the municipal corporation for the purpose of certifying the amount of any property tax to be levied and collected therein, and may cause service and other charges and assessments to be collected from such property or owners or occupants thereof, enforce such collection and perform all other acts necessary to insure performance of the contractual obligations of the municipal corporation in the same manner and by the same means as if the property of the municipal corporation had not been acquired by the county.

When a county assumes the obligation of paying indebtedness of a municipal corporation and if property taxes
or assessments have been levied and service and other charges have accrued for such purpose but have not been collected by the municipal corporation prior to such assumption, the same when collected shall belong and be paid to the county and be used by such county so far as necessary for payment of the indebtedness of the municipal corporation existing and unpaid on the date such county assumed that indebtedness. Any funds received by the county which have been collected for the purpose of paying any bonded or other indebtedness of the municipal corporation shall be used for the purpose for which they were collected and for no other purpose until such indebtedness has been paid and retired or adequate provision has been made for such payment and retirement. No transfer of property as provided in *this amendatory act shall derogate from the claims or rights of the creditors of the municipal corporation or impair the ability of the municipal corporation to respond to its debts and obligations. Such written agreement may include provisions, by way of description and not by way of limitation, for the rights, powers, duties, and obligations of such municipal corporation and county with regard to the use and ownership of property, the providing of services, the maintenance and operation of facilities, the allocation of costs, the financing and construction of new facilities, the application and use of assets, the disposition of liabilities and indebtedness, the performance of contractual obligations, and any other matters relating to the proposed transfer of property, which may be preceded by an interim period of operation by the county of the property and facilities subsequently to be transferred to that county. The agreement may provide for a period of time during which the municipal corporation may continue to exercise certain rights, privileges, powers, and functions authorized to it by law including the ability to promulgate rules and regulations, to levy and collect special assessments, rates, charges, service charges and connection fees, and to adopt and carry out the provisions of a comprehensive plan, and amendments thereto, for a system of improvements and to issue general obligation bonds or revenue bonds in the manner provided by law, or the agreement may provide for the exercise for a period of time of all or some of such rights, privileges, powers, and functions by the county. The agreement may provide that either party thereto may authorize, issue and sell, in the manner provided by law, revenue bonds to provide funds for new water or sewer improvements or to refund or advance refund any water revenue, sewer revenue or combined water and sewer revenue bonds outstanding of either or both such parties. The agreement may provide that either party thereto may authorize and issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions and covenants as the outstanding bonds of either or both such parties and such new bonds may be substituted or exchanged for such outstanding bonds to the extent permitted by law. ### 36.94.340 Transfer of System from Municipal Corporation to County—Petition for Court Approval of Transfer—Hearing—Decree

When a municipal corporation and a county have entered into a written agreement providing for the transfer to such county of all or part of the property of such municipal corporation, proceedings may be initiated in the superior court for that county by the filing of a petition to which there shall be attached copies of the agreement of the parties and of the resolutions of the governing body of the municipal corporation and the legislative authority of the county authorizing its execution. Such petition shall ask that the court approve and direct the proposed transfer of property, and any assumption of indebtedness agreed to in consideration thereof by the county, after finding such transfer and acquisition of property to be in the public interest and conducive to the public health, safety, welfare, or convenience. Such petition shall be signed by the members of the legislative authority of the county or chief administrative officer of the municipal corporation and the chairman of the legislative authority of the county, respectively, upon authorization by the governing body of the municipal corporation and the legislative authority of the county.

Within thirty days after the filing of the petition of the parties with copies of their agreement and the resolutions authorizing its execution attached thereto, the court shall by order fix a date for a hearing on the petition not less than twenty nor more than ninety days after the entry of such order which also shall prescribe the form and manner of notice of such hearing to be given. After considering the petition and such evidence as may be presented at the hearing thereon, the court may determine by decree that the proposed transfer of property is in the public-interest and conducive to the public health, safety, welfare, or convenience, approve the agreement of the parties and direct that such transfer be accomplished in accordance with that agreement at the time and in the manner prescribed by the court decree. [1975 1st ex.s. c 188 § 10.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

### 36.94.350 Transfer of System from Municipal Corporation to County—Dissolution of Municipal Corporation

In the event the agreement of the parties provides for the transfer to the county of all the property of the municipal corporation or all such property except bond redemption funds in the possession of the county treasurer from which outstanding bonds of the municipal corporation are payable,
and the agreement also provides for the assumption and payment by the county of all the indebtedness of the municipal corporation including the payment and retirement of all its outstanding bonds, and if the petition of the parties so requests, the court in the decree approving and directing the transfer of property, or in a subsequent decree, may dissolve the municipal corporation effective as of the time of transfer of property or at such time thereafter as the court may determine and establish. [1975 1st ex.s. c 188 § 11.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.360 Transfer of system from municipal corporation to county—RCW 36.94.310 through 36.94.350 deemed alternative method. The provisions of RCW 36.94.310 through 36.94.350 shall be deemed to provide an alternative method for the doing of the things therein authorized and shall not be construed as imposing any additional conditions upon the exercise of any other powers vested in municipal corporations or counties. [1975 1st ex.s. c 188 § 12.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.370 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons. Whenever a county waives or delays collection of tap-in charges, connection fees or hookup fees for low income persons, or class of low income persons, to connect to a system of sewerage or a system of water, the waiver or delay shall be pursuant to a program established by ordinance. [1980 c 150 § 2.]

36.94.380 Local improvement bonds—Local improvement guaranty fund—Payments—Assessments—Certificates of delinquency. Every county adopting a water and/or sewerage general plan is hereby authorized to create a fund for the purpose of guaranteeing, to the extent of such fund, and in the manner hereinafter provided, the payment of all of its local improvement bonds issued, subsequent to May 19, 1981, to pay for any water or sewerage local improvement within its confines. Such fund shall be designated " . . . . County Local Improvement Guaranty Fund" and shall be established by resolution of the county legislative authority. For the purpose of maintaining such fund, every county, after the establishment thereof, shall at all times set aside and pay into such a fund such proportion of the monthly gross revenues of the water and/or sewerage system of such county as the legislative authority thereof may direct by resolution. This proportion may be varied from time to time as the county legislative authority deems expedient or necessary, except that under the existence of the conditions set forth in subsections (1) and (2) of this section, the proportion must be as therein specified.

(1) Whenever any bonds of any local improvement district have been guaranteed under RCW 36.94.380 through 36.94.400 and the guaranty fund does not have a cash balance equal to five percent of all bonds originally guaranteed under this chapter (excluding issues which have been retired in full), then five percent of the gross monthly revenues derived from all water and sewer users in the territory included in that local improvement district (but not necessarily from users in other parts of the county as a whole) may be set aside and paid into the guaranty fund. Whenever, under the requirements of this subsection, the cash balance accumulates so that it is equal to five percent of all bonds guaranteed, or to the full amount of all bonds guaranteed, outstanding and unpaid (which amount might be less than five percent of the original total guaranteed), then no further monies need be set aside and paid into the guaranty fund so long as that condition continues.

(2) Whenever any warrants issued against the guaranty fund, as provided in this section, remain outstanding and uncalled for lack of funds for six months from the date of issuance thereof; or whenever any coupons or bonds guaranteed under this chapter have been matured for six months and have not been redeemed either in cash or by issuance and delivery of warrants upon the guaranty fund, then five percent of the gross monthly revenues (or such portion thereof as the county legislative authority determines will be sufficient to retire those warrants or redeem those coupons or bonds in the ensuing six months) derived from all water and/or sewer users in the county shall be set aside and paid into the guaranty fund. Whenever under the requirements of this subsection all such warrants, coupons, or bonds have been redeemed, no further income need be set aside and paid into the guaranty fund under the requirements of this subsection until and unless other warrants remain outstanding and unpaid for six months or other coupons or bonds default.

(3) For the purpose of complying with the requirements of setting aside and paying into the local-improvement guaranty fund a proportion of the monthly gross revenues of the water supply and/or sewerage system of any county, that county shall bind and obligate itself to maintain and operate such system and further bind and obligate itself to establish, maintain, and collect such rates for water as will provide gross revenues sufficient to maintain and operate such systems and to make necessary provision for the local improvement guaranty fund as specified by this section, and the county shall alter its rates for water or sewer service from time to time and shall vary the same in different portions of its territory to comply with those requirements.

(4) Whenever any coupon or bond guaranteed by RCW 36.94.380 through 36.94.400 matures and there is not sufficient funds in the appropriate local improvement district bond redemption fund to pay the coupon or bond, then the county treasurer shall pay the coupon or bond from the local improvement guaranty fund of the county; if there is not sufficient funds in the guaranty fund to pay the coupon or bond, then it may be paid by issuance and delivery of a warrant upon the local improvement guaranty fund.

(5) Whenever the cash balance in the local improvement guaranty fund is insufficient for the required purposes, warrants drawing interest of a rate fixed by the county legislative authority may be issued by the county auditor against the fund to meet any liability accrued against it and must be issued upon demand of the holders of any maturing coupons and/or bonds guaranteed by RCW 36.94.380 through 36.94.400, or to pay for any certificates of delinquency for delinquent installments of assessments as provided in subsection (6) of this section. Guaranty fund warrants shall be a first lien in their order of issuance upon the gross revenues set aside and paid into the guaranty fund.

(6) Within twenty days after the date of delinquency of any annual installment of assessments levied for the purpose

36.94.390 Local improvement bonds—Local improvement guaranty fund—Subrogation—Interest—Purchase of real property at foreclosure sales. Whenever there is paid out of a guaranty fund any sum on account of principal or interest upon the local improvement bond, or on account of purchase of certificates of delinquency, the county, as trustee for the fund, shall be subrogated to all rights of the holder of the bonds, or interest coupons, or delinquent assessment installments, so paid; and the proceeds thereof, or of the assessment or assessments underlying the same, shall become a part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from the bank deposits of the fund, as well as any surplus remaining in the local improvement funds guaranteed under this chapter, after the payment of all outstanding bonds payable primarily out of such local improvement funds. As among the several issues of bonds guaranteed by the fund, no preference exists, but defaulted interest coupons and/or bonds shall be purchased out of the fund in the order of their presentation.

The legislative authority of every county operating under the provisions of RCW 36.94.380 through 36.94.400 shall by resolution prescribe appropriate rules for the guaranty fund, not inconsistent with this chapter. So much of the money of a guaranty fund as is necessary and is not required for other purposes under the terms of RCW 36.94.380 through 36.94.400 may, at the discretion of the county legislative authority, be used to purchase property at county tax foreclosure sales or from the county after foreclosure in cases where such property is subject to unpaid local improvement assessments securing bonds guaranteed under this chapter and such purchase is deemed necessary for the purpose of protecting the guaranty fund. In such cases the fund shall be subrogated to all rights of the county. After so acquiring title to real property, the county may lease or resell and convey the property in the manner that county property is authorized to be leased or resold and for such prices and on such terms as may be determined by resolution of the county legislative authority. Any provision of law to the contrary notwithstanding, all proceeds resulting from such resales belong to and shall be paid into the guaranty fund. [1981 c 313 § 8.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.400 Local improvement bonds—Local improvement guaranty fund—Claims by bondholders—Transfer of cash balance to water and/or sewer maintenance fund. Neither the holder nor the owner of any local improvement bonds guaranteed under the provisions of RCW 36.94.380 through 36.94.400 has any claim therefor against the county by which the bonds are issued, except for payment from the special assessments made for the improvement for which the local improvement bonds were issued, and except as against the local improvement guaranty fund of the county; and the county is not liable to any holder or owner of such local improvement bond for any loss to the guaranty fund occurring in the lawful operation thereof by the county. The remedy of the holder or owner of a local improvement bond, in the case of nonpayment, is confined to the enforcement of the assessment and to the guaranty fund. A copy of the foregoing part of this section shall be plainly written, printed, or engraved on each local improvement bond guaranteed by RCW 36.94.380 through 36.94.400. The establishment of a local improvement guaranty fund by any county shall not be deemed at variance from any water and/or sewerage general plan or amendment thereto heretofore adopted by such county.

If any local improvement guaranty fund authorized under RCW 36.94.380 through 36.94.400 at any time has a cash balance, and the obligations guaranteed thereby have all been paid off, then such balance shall be transferred to the water and/or sewer maintenance fund of the county. [1981 c 313 § 9.]
36.94.410 Transfer of system from county to water or sewer district. A system of sewerage, system of water or combined water and sewerage systems operated by a county under the authority of this chapter may be transferred from that county to a water or sewer district in the same manner as is provided for the transfer of those functions from a water or sewer district to a county in RCW 36.94.310 through 36.94.340. [1984 c 147 § 1.]

Actions not subject to review by boundary review board: RCW 36.93.105.

36.94.420 Transfer of system from county to water or sewer district—Annexation—Hearing—Public notice—Powers of water and sewer districts. If so provided in the transfer agreement, the area served by the system shall, upon completion of the transfer, be deemed annexed to and become a part of the water or sewer district acquiring the system. The county shall provide notice of the hearing by the county legislative authority on the ordinance executing the transfer agreement under RCW 36.94.330 as follows: (1) By mailed notice to all ratepayers served by the system at least fifteen days prior to the hearing; and (2) by notice in a newspaper of general circulation once at least fifteen days prior to the hearing.

In the event of an annexation under this section resulting from the transfer of a system of sewerage or combined water and sewer systems from a county to a water district governed by Title 57 RCW, the water district shall have all the powers of a water district provided by RCW 57.40.150, as if a sewer district had been merged into a water district.

In the event of an annexation under this section as a result of the transfer of a system of water or combined water and sewer systems from a county to a sewer district governed by Title 56 RCW, the sewer district shall have all the powers of a sewer district provided by RCW 56.36.060 as if a water district had been merged into the sewer district. [1985 c 141 § 1; 1984 c 147 § 2.]

36.94.430 Transfer of system from county to water or sewer district—Alternative method. The provisions of RCW 36.94.410 and 36.94.420 provide an alternative method of accomplishing the transfer permitted by those sections and do not impose additional conditions upon the exercise of powers vested in water and sewer districts and counties. [1984 c 147 § 3.]

36.94.440 Transfer of system from county to water or sewer district—Decree by superior court. If the superior court finds that the transfer agreement authorized by RCW 36.94.410 is legally correct and that the interests of the owners of related indebtedness are protected, then the court by decree shall direct that the transfer be accomplished in accordance with the agreement. [1984 c 147 § 4.]

36.94.450 Water conservation programs—Issuance of revenue bonds. A county engaged in the sale or distribution of water may issue revenue bonds, or other evidence of indebtedness in the manner provided by this chapter for the purpose of defraying the cost of financing programs for the conservation or more efficient use of water. The bonds or other evidence of indebtedness shall be deemed to be for capital purposes. [1992 c 25 § 2.]

36.94.460 Water conservation programs—Counties authorized to provide assistance to water customers. Any county engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures that are provided water service by the county in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the county if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the county to meet future demand. Except where otherwise authorized, assistance shall be limited to:

1. Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

2. Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the county, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

3. Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

4. Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Pay back shall be in the form of incremental additions to the utility bill, billed either together with [the] use charge or separately. Loans shall not exceed one hundred twenty months in length. [1992 c 25 § 3.]

36.94.470 Storm or surface water drains or facilities—Annexation, incorporation of area by city or town—Imposition of rates and charges by county. Whenever a city or town annexes an area, or a city or town incorporates an area, and the county has issued revenue bonds or general obligation bonds to finance storm or surface water drains or facilities that are payable in whole or in part from rates or charges imposed in the area, the county shall continue imposing all portions of the rates or charges that are allocated to payment of the debt service on bonds in that area after the effective date of the annexation or official date of the incorporation until: (1) The debt is retired; (2) any debt that is issued to refinance the underlying debt is retired; or (3) the city or town reimburses the county amount that is
sufficient to retire that portion of the debt borne by the annexed or incorporated area. The county shall construct all facilities included in the storm water plan intended to be financed by the proceeds of such bonds. If the county provides storm water management services to the city or town by contract, the contract shall consider the value of payments made by property owners to the county for the payment of debt service.

The provisions of this section apply whether or not the bonds finance facilities that are geographically located within the area that is annexed or incorporated. [1993 c 361 § 2.]

36.94.480 Assumption of substandard water system—Limited immunity from liability. A county assuming responsibility for a water system that is not in compliance with state or federal requirements for public drinking water systems, and its agents and employees, are immune from lawsuits or causes of action, based on noncompliance with state or federal requirements for public drinking water systems, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the county has submitted and is complying with a plan and schedule of improvements approved by the department of health. This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 7.]

36.94.900 Declaration of purpose. This chapter is hereby declared to be necessary for the public peace, health, safety and welfare and declared to be a county purpose and that the bonds and special assessments authorized hereby are found to be for a public purpose. [1967 c 72 § 33.]

36.94.910 Authority—Liberal construction of chapter—Modification of inconsistent acts. This chapter shall be complete authority for the establishment, construction and operation and maintenance of a system or systems of sewerage and/or water hereby authorized, and shall be liberally construed to accomplish its purpose. Any act inconsistent herewith shall be deemed modified to conform with the provisions of this chapter for the purpose of this chapter only. [1967 c 72 § 31.]

36.94.920 Severability—1967 c 72. If any portion of this chapter as now or hereafter amended, or its application to any person or circumstances, is held invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole, or any section, provision or part thereof not adjudged to be invalid or unconstitutional, and its application to other persons or circumstances shall not be affected. [1967 c 72 § 32.]

36.94.921 Severability—1975 1st ex.s. c 188. If any provision of this 1975 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances shall not be affected. With the publication of the petition there shall be published a notice of the time, date, and place of the public meeting of the county commissioners when the petition will be considered, stating that persons interested may appear and be heard. [1971 ex.s. c 155 § 4.]

36.95.050 Resolution creating district. If after the public meeting or meetings on the petition, the board of county commissioners finds that creation of the proposed district would serve the public interest, the board shall adopt a resolution granting the petition and creating the district. Prior to adoption however, the board may amend the petition in the interest of carrying out the purposes of this chapter. [1971 ex.s. c 155 § 5.]

A majority of the members of the board shall constitute a quorum for the transaction of business, but the majority vote of the board members shall be necessary for any action taken by the board. The board shall elect from among its members a chairman and such other officers as may be necessary. In the event a seat on the board is vacated prior to the expiration of the term of the member appointed to such seat, the board of county commissioners shall appoint a person to complete the unexpired term.

36.96.010 Definitions. As used in this chapter, unless the context requires otherwise:

(1) "Special purpose district" means every municipal and quasi-municipal corporation other than counties, cities, and towns. Such special purpose districts shall include, but are not limited to, water districts, fire protection districts, port districts, public utility districts, county park and recreation service areas, flood control zone districts, diking districts, drainage improvement districts, and solid waste collection districts, but shall not include industrial development districts created by port districts, and shall not include local improvement districts, utility local improvement districts, and road improvement districts;

(2) "Governing authority" means the commission, council, or other body which directs the affairs of a special purpose district;

(3) "Inactive" means that a special purpose district, other than a public utility district, is characterized by either of the following criteria:

(a) Has not carried out any of the special purposes or functions for which it was formed within the preceding consecutive five-year period; or

(b) No election has been held for the purpose of electing a member of the governing body within the preceding consecutive seven-year period or, in those instances where members of the governing body are appointed and not elected, where no member of the governing body has been appointed within the preceding seven-year period.

A public utility district is inactive when it is characterized by both criteria (a) and (b) of this subsection. [1979 ex.s. c 5 § 1.]

36.96.020 County auditor to notify county legislative authority of inactive special purpose districts. On or before June 1st of 1980, and on or before June 1st of every year thereafter, each county auditor shall search available records and notify the county legislative authority if any special purpose districts located wholly or partially within the county appear to be inactive. Each county auditor shall also provide in the notifications made in 1982 and thereafter a list of all special purpose districts located wholly or partially within the county which, for three consecutive years before the notification, have failed to file statements with the county auditor as required in RCW 36.96.090. If the territory of any special purpose district is located within more than one county, the legislative authorities of all other counties within whose boundaries such a special purpose district lies shall also be notified by the county auditor. However, the authority to dissolve such a special purpose district as provided by this chapter shall rest solely with the legislative authority of the county which contains the greatest geographic portion of such special purpose district. [1979 ex.s. c 5 § 2.]

36.96.030 Determination of inactive special purpose districts—Public hearing—Notice. (1) Upon receipt of notice from the county auditor as provided in RCW 36.96.020, the county legislative authority within whose boundaries all or the greatest portion of such special purpose district lies shall hold one or more public hearings on or before September 1st of the same year to determine whether or not such special purpose district or districts meet either of the criteria for being "inactive" as provided in RCW 36.96.010: PROVIDED, That if such a special purpose district is a public utility district, the county legislative authority shall determine whether or not the public utility district meets both criteria of being "inactive" as provided in RCW 36.96.010. In addition, at any time a county legislative authority may hold hearings on the dissolution of any special purpose district that appears to meet the criteria of being "inactive" and dissolve such a district pursuant to the proceedings provided for in RCW 36.96.030 through 36.96.080.

(2) Notice of such public hearings shall be given by publication at least once each week for not less than three successive weeks in a newspaper that is in general circulation within the boundaries of the special purpose district or districts. Notice of such hearings shall also be mailed to each member of the governing authority of such special purpose districts, if such members are known, and to all persons known to have claims against any of the special purpose districts. Notice of such public hearings shall be posted in at least three conspicuous places within the boundaries of each special purpose district that is a subject of such hearings. Whenever a county legislative authority that is conducting such a public hearing on the dissolution of one or more of a particular kind of special purpose district
is aware of the existence of an association of such special purpose districts, it shall also mail notice of the hearing to the association. In addition, whenever a special purpose district that lies in more than one county is a subject of such a public hearing, notice shall also be mailed to the legislative authorities of all other counties within whose boundaries the special purpose district lies. All notices shall state the purpose, time, and place of such hearings, and that all interested persons may appear and be heard. [1979 ex.s. c 5 § 3.]

36.96.040 Dissolution of inactive special purpose district by county legislative authority—Written findings. After such hearings, the county legislative authority shall make written findings whether each of the special purpose districts that was a subject of the hearings meets each of the criteria of being "inactive." Whenever a special purpose district other than a public utility district has been found to meet a criterion of being inactive, or a public utility district has been found to meet both criteria of being inactive, the county legislative authority shall adopt an ordinance dissolving the special purpose district if it also makes additional written findings detailing why it is in the public interest that the special purpose district be dissolved. Except for the purpose of winding up its affairs as provided by this chapter, a special purpose district that is so dissolved shall cease to exist thirty-one days after adoption of the dissolution ordinance. [1979 ex.s. c 5 § 4.]

36.96.050 Application for writ of prohibition or mandamus by interested party—Procedure. The action of the county legislative authority dissolving a special purpose district pursuant to RCW 36.96.040 shall be final and conclusive unless within thirty days of the adoption of the ordinance an interested party makes application to a court of competent jurisdiction for a writ of prohibition or writ of mandamus. At the hearing upon such a writ, the applicant shall have the full burden of demonstrating that the particular special purpose district, other than a public utility district, does not meet either of the criteria of being inactive or that it is not in the public interest that the special purpose district be dissolved: PROVIDED, That the particular special purpose district subject to the dissolution proceedings is a public utility district, the applicant shall have the full burden of demonstrating that the public utility district either does not meet both the criteria of being inactive or that it is not in the public interest to dissolve the public utility district. [1979 ex.s. c 5 § 5.]

36.96.060 Dissolution of inactive special purpose district by county legislative authority—Powers and duties. 36.105.010 Purpose. Voters of the unincorporated areas of the state are authorized to establish community councils as provided in this chapter.

It is the purpose of this chapter to provide voters of unincorporated areas in counties with a population of over thirty thousand that are made up entirely of islands with direct input on the planning and zoning of their community by establishing a governmental mechanism to adopt proposed community comprehensive plans and proposed community zoning ordinances that are consistent with an overall guide and framework adopted by the county legislative authority. In addition, it is the purpose of this chapter to have community councils serve as forums for the discussion of local issues. [1991 c 363 § 99.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Community" means a portion of the unincorporated area for which a community council has been established and which is located in a county with a population of over thirty thousand that is made up entirely of islands.

(2) "Community comprehensive plan" means a comprehensive plan adopted by a community council.
(3) "Community council" means the governing body established under this chapter to adopt community comprehensive plans and community zoning ordinances for a community.

(4) "Community zoning ordinances" means the zoning ordinances adopted by a community council to implement a community comprehensive plan. [1991 c 363 § 100.]

**Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.**

### 36.105.030 Minimum requirements. A community for which a community council is created may include only unincorporated territory located in a single county with a population of over thirty thousand that is made up entirely of islands and not included within a city or town. A community council must have at least one thousand persons residing within the community when the community council is created or, where the community only includes an entire island, at least three hundred persons must reside on the island when the community council is created. Any portion of such a community that is annexed by a city or town, or is incorporated as a city or town, shall be removed from the community upon the effective date of the annexation or the official date of the incorporation. [1991 c 363 § 101.]

**Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.**

### 36.105.040 Creation. (1) The process to create a community council shall be initiated by the filing of petitions with the county auditor of the county in which the community is located which: (a) Call for the creation of a community council; (b) set forth the boundaries for the community; (c) indicate the number of community councilmembers, which shall be five, seven, nine, or eleven; and (d) contain signatures of voters residing within the community equal in number to at least ten percent of the voters residing in the community who voted at the last state general election. The county auditor shall determine if the petitions contain a sufficient number of valid signatures and certify the sufficiency of the petitions within fifteen days of when the petitions were filed. If the petitions are certified as having sufficient valid signatures, the county auditor shall transmit the petitions and certificate to the county legislative authority.

(2) The county legislative authority shall hold a public hearing within the community on the creation of the proposed community council no later than sixty days after the petitions and certificate of sufficiency were transmitted to the county legislative authority. Notice of the public hearing shall be published in a newspaper of general circulation in the community for at least once a week for two consecutive weeks, with the last date of publication no more than ten days prior to the date of the public hearing. At least ten days before the public hearing, additional notice shall be posted conspicuously in at least five places within the proposed community in a manner designed to attract public attention.

(3) After receiving testimony on the creation of the proposed community council, the county legislative authority may alter the boundaries of the community, but the boundaries may not be altered to reduce the number of persons living within the community by more than ten percent or below the minimum number of residents who must reside within the community at the time of the creation of the community council. If territory is added to the community, another public hearing on the proposal shall be held.

(4) The county legislative authority shall call a special election within the community to determine whether the proposed community council shall be created, and to elect the initial community councilmembers, at the next state general election occurring seventy-five or more days after the initial public hearing on the creation of the proposed community council. The community council shall be created if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. [1991 c 363 § 102.]

**Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.**

### 36.105.050 Election of initial community councilmembers. The initial members of the community council shall be elected at the same election as the ballot proposition is submitted authorizing the creation of the community council. However, the election of the initial community councilmembers shall be null and void if the ballot proposition authorizing the creation of the community council is not approved.

No primary election shall be held to nominate candidates for initial council positions. The initial community council shall consist of the candidate for each council position who receives the greatest number of votes for that council position. Staggering of terms of office shall be accomplished by having the majority of the winning candidates who receive the greatest number of votes being elected to four-year terms of office, and the remaining winning candidates being elected to two-year terms of office, if the election was held in an even-numbered year, or the majority of the winning candidates who receive the greatest number of votes being elected to three-year terms of office, and the remaining winning candidates being elected to one-year terms of office, if the election was held in an odd-numbered year, with the term computed from the first day of January in the year following the election. Initial councilmembers shall take office immediately when qualified in accordance with RCW 29.01.135.

However, where the county operates under a charter providing for the election of members of the county legislative authority in odd-numbered years, the terms of office of the initial councilmembers shall be four years and two years, if the election of the initial councilmembers was held on an odd-numbered year, or three years and one year, if the election of the initial councilmembers was held on an even-numbered year. [1991 c 363 § 103.]

**Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.**

### 36.105.060 Community councilmembers—Election—Terms. Community councilmembers shall be elected to staggered four-year terms until their successors are elected and qualified. Each council position shall be numbered separately. Candidates shall run for specific council positions. The number of council positions shall be
five, seven, nine, or eleven, as specified in the petition calling for the creation of the community council.

Community councilmembers shall be nominated and elected at nonpartisan elections pursuant to general election laws, except as provided in subsection (2) of this section. A councilmember shall lose his or her council position if his or her primary residence no longer is located within the community. Vacancies on a community council shall be filled by action of the remaining councilmembers. [1991 c 363 § 104.]

36.105.070 Responsibility of county legislative authority. (1) Within ninety days of the election at which a community council is created, the county legislative authority shall adopt an ordinance establishing policies and conditions and designating portions or components of the county comprehensive plan and zoning ordinances that serve as an overall guide and framework for the development of proposed community comprehensive plans and proposed community zoning ordinances. The conditions and policies shall conform with the requirements of chapter 36.70A RCW.

(2) Proposed community comprehensive plans and proposed community zoning ordinances that are adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the proposed plans and proposed ordinances with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed plans and proposed ordinances as adopted, or refer the proposed plans and proposed ordinances back to the community council with written findings specifying the inconsistencies, within ninety days after they were submitted. The county comprehensive plan, or subarea plan and comprehensive plan, and zoning ordinances shall remain in effect in the community until the proposed community comprehensive plans and proposed community zoning ordinances have been approved as provided in this subsection.

(3) Each proposed amendment to approved community comprehensive plans or approved community zoning ordinances that is adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the amendment with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed amendment as adopted or refer the proposed amendment back to the community council with written findings specifying the inconsistencies within ninety days after the proposed amendment was submitted. The unamended community comprehensive plans and unamended community zoning ordinances shall remain in effect in the community until the proposed amendment has been approved as provided in this subsection.

(4) If the county legislative authority amends the ordinance it adopted under subsection (1) of this section, a community council shall be given at least one hundred twenty days to amend its community comprehensive plans and community zoning ordinances to be consistent with this amended ordinance. However, the county legislative authority may amend the community comprehensive plans and community zoning ordinances to achieve consistency with this amended ordinance. Nothing in this subsection shall preclude a community council from subsequently obtaining approval of its proposed community comprehensive plans and proposed community zoning ordinances.

(5) Approved community comprehensive plans and approved community zoning ordinances shall be enforced by the county as if they had been adopted by the county legislative authority. All quasi-judicial actions and permits relating to these plans and ordinances shall be made and decided by the county legislative authority or otherwise as provided by the county legislative authority.

(6) The county shall provide administrative and staff support for each community council within its boundaries. [1991 c 363 § 105.]

36.105.080 Powers. A community council shall adopt approved community comprehensive plans and approved community zoning ordinances as provided in RCW 36.105.070. Community councils shall not have the authority to take quasi-judicial actions or to decide permit applications. In addition, a community council shall serve as a forum for the discussion of local issues.

Community councils are subject to chapter 42.30 RCW, the open public meetings act. [1991 c 363 § 106.]

36.105.090 Annexation. A community council may provide for the annexation of adjacent unincorporated areas to the community that are not included within another community for which a community council has been established. Annexations shall be initiated by either resolution of the community council proposing the annexation or petition of voters residing in the adjacent area, which petition: (a) Requests the annexation; (b) sets forth the boundaries of the area proposed to be annexed; and (c) contains signatures of voters residing within the area that is proposed to be annexed equal in number to at least ten percent of the voters residing in that area who voted at the last state general election. Annexation petitions shall be filed with the county auditor who shall determine if the petitions contain a sufficient number of valid signatures, certify the sufficiency of the petitions, and notify the community council of the sufficiency of the petitions within fifteen days of when the petitions are submitted.

A ballot proposition authorizing the annexation shall be submitted to the voters of the area that is proposed to be annexed at a primary or general election in either an odd-numbered or even-numbered year, if the community council initiated the annexation by resolution or if the community council concurs in an annexation that was initiated by the
submission of annexation petitions containing sufficient valid signatures. The annexation shall occur if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. The county's comprehensive plan, and where applicable to the county's subarea plan, and zoning ordinances shall continue in effect in the annexed area until proposed amendments to the approved community comprehensive plans and approved community zoning ordnance have been approved that apply to the annexed area. [1991 c 363 § 107.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.100 Dissolution. A community council shall be dissolved if the population of the community is reduced to less than five hundred persons, or less than two hundred persons if the community only includes an entire island. At the next general election at which community council members would be elected, occurring at least four years after the creation or reestablishment of a community, a ballot proposition shall be submitted to the voters of the community on whether the community shall be reestablished. If reestablished, the newly elected members of the community council and the retained members of the community council shall constitute the members of the community council. [1991 c 363 § 108.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.110.150 Department of corrections to provide staff assistance.

36.110.010 Finding—Purpose, intent. Cities and counties have a significant interest in ensuring that inmates in their jails are productive citizens after their release in the community. The legislature finds that there is an expressed need for cities and counties to uniformly develop and coordinate jail industries technical information and program and public safety standards state-wide. It further finds that meaningful jail work industries programs that are linked to formal education and adult literacy training can significantly reduce recidivism, the rising costs of corrections, and criminal activities. It is the purpose and intent of the legislature, through this chapter, to establish a state-wide jail industries program designed to promote inmate rehabilitation through meaningful work experience and reduce the costs of incarceration. The legislature recognizes that inmates should have the responsibility for contributing to the cost of their crime through the wages earned while working in jail industries programs and that such income shall be used to offset the costs of implementing and maintaining local jail industries programs and the costs of incarceration. [1993 c 285 § 1.]

36.110.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

In the event a conflict arises between the local business community or labor organizations concerning new jail industries programs, products, services, or wages, the city or county must use the arbitration process established pursuant to RCW 36.110.060. [1993 c 285 § 5.]

36.110.060 Board of directors—Duties. The board, in accordance with chapter 34.05 RCW, shall:

The board shall initially convene at the call of the representative of the correctional industries division of the state department of corrections, together with the jail administrator selected from a city or a county with an established jail industries program, no later than six months after July 25, 1993. Subsequent meetings of the board shall be at the call of the board chairperson. The board shall meet at least twice a year.

The board shall elect a chairperson and other such officers as it deems appropriate. However, the chairperson may not be the representative of the correctional industries division of the state department of corrections nor any representative from a state executive branch agency.

Members of the board shall serve terms of three years each on a staggered schedule to be established by the first board. For purposes of initiating a staggered schedule of terms, some members of the first board may initially serve two years and some members may initially serve four years.
The members of the board shall serve without compensation but may be reimbursed for travel expenses from funds acquired under this chapter. [1993 c 285 § 8.]

36.110.090 City or county special revenue funds. A city or county that implements a jail industries program may establish a separate fund for the operation of the program. This fund shall be a special revenue fund with continuing authority to receive income and pay expenses associated with the jail industries program. [1993 c 285 § 9.]

36.110.100 Comprehensive work programs. Cities and counties participating in jail industries are authorized to provide for comprehensive work programs using jail inmate workers at worksites within jail facilities or at such places within the city or county as may be directed by the legislative authority of the city or county, as similarly provided under RCW 36.28.100. [1993 c 285 § 10.]

36.110.110 Deductions from offenders' earnings. When an offender is employed in a jail industries program for which pay is allowed, deductions may be made from these earnings for court-ordered legal financial obligations as directed by the court in reasonable amounts that do not unduly discourage the incentive to work. These deductions shall be disbursed as directed in RCW 9.94A.145.

In addition, inmates working in jail industries programs shall contribute toward costs to develop, implement, and operate jail industries programs. This amount shall be a reasonable amount that does not unduly discourage the incentive to work. The amount so deducted shall be deposited in the jail industries special revenue fund.

Upon request of the offender, family support may also be deducted and disbursed to a designated family member. [1993 c 285 § 11.]

36.110.120 Free venture industries—Employment status of inmates. A jail inmate who works in a free venture industry shall be considered an employee of that industry only for the purpose of the Washington industrial safety and health act, chapter 49.17 RCW, as long as the public safety is not compromised, and for eligibility for industrial insurance benefits under Title 51 RCW. However, eligibility for benefits for either the inmate or the inmate's dependents or beneficiaries for temporary total disability or permanent total disability under RCW 51.32.090 or 51.32.060, respectively, shall not take effect until the inmate is discharged from custody by order of a court of appropriate jurisdiction. Nothing in this section shall be construed to confer eligibility for any industrial insurance benefits to any jail inmate who is employed in a nonfree venture industry. [1993 c 285 § 12.]

36.110.130 Free venture industry agreements—Effect of failure or discontinuance. In the event of failure or discontinuance of a free venture industry agreement, responsibility for obligations under Title 51 RCW shall be borne by the city or county responsible for establishment of such free venture industry, as if the city or county had been the employing agency. [1993 c 285 § 13.]

36.110.140 Education and training. To the extent possible, jail industries programs shall be augmented by education and training to improve worker literacy and employability skills. Such education and training may include, but is not limited to, basic adult education, work towards a certificate of educational competence following successful completion of the general educational development test, vocational and preemployment work maturity skills training, and apprenticeship classes. [1993 c 285 § 14.]

36.110.150 Department of corrections to provide staff assistance. Until sufficient funding is secured by the board to adequately provide staffing, basic staff assistance shall be provided, to the extent possible, by the department of corrections. [1993 c 285 § 15.]

36.110.900 Severability—1993 c 285. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 285 § 17.]

36.115.010 Purpose. The purpose of chapter 266, Laws of 1994 is to establish a flexible process by which local governments enter into service agreements that will establish which jurisdictions should provide various local government services and facilities within specified geographic areas and how those services and facilities will be financed. [1994 c 266 § 1.]

36.115.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(6) "Special district" means a municipal or quasi-municipal corporation in the state, other than a county, city, or school district. [1994 c 266 § 2.]

36.115.040 Geographic area covered—Contents—When effective. (1) Agreements among local governments concerning one or more governmental service should be established for a designated geographic area as provided in this section.

(2) A service agreement must describe: (a) The governmental service or services addressed by the agreement; (b) the geographic area covered by the agreement; (c) which local government or local governments are to provide each of the governmental services addressed by the agreement within the geographic area covered by the agreement; and (d) the term of the agreement, if any.

(3) A service agreement becomes effective when approved by: (a) The county legislative authority of each county that includes territory located within the geographic area covered by the agreement; (b) the governing body or bodies of at least a simple majority of the total number of cities that includes territory located within the geographic area covered by the agreement, which cities include at least seventy-five percent of the total population of all cities that includes territory located within the geographic area covered by the agreement; and (c) for each governmental service addressed by the agreement, the governing body or bodies of at least a simple majority of the special districts that include territory located within the geographic area covered by the agreement and which provide the governmental service within such territory. The participants may agree to use another formula. An agreement pursuant to this section shall be effective upon adoption by the county legislative authority following a public hearing.

(4) A service agreement may cover a geographic area that includes territory located in more than a single county. [1994 c 266 § 4.]

36.115.050 Matters included. A service agreement may include, but is not limited to, any or all of the following matters:

(1) A dispute resolution arrangement;

(2) How joint land-use planning and development regulations by the county and a city or cities, or by two or more cities, may be established, made binding, and enforced;

(3) How common development standards between the county and a city or cities, or between two or more cities, may be established, made binding, and enforced;

(4) How capital improvement plans of the county, cities, and special districts shall be coordinated;

(5) How plans and policies adopted under chapter 36.70A RCW will be implemented by the service agreement;

(6) A transfer of revenues between local governments in relationship to their obligations for providing governmental services;

(7) The designation of additional area-wide governmental services to be provided by the county. [1994 c 266 § 5.]

36.115.060 Procedure for establishment—Counties affected. (1) The county legislative authority of every county with a population of one hundred fifty thousand or more shall convene a meeting on or before March 1, 1995, to develop a process for the establishment of service agreements. Invitations to attend this meeting shall be sent to the governing body of each city located in the county, and to the governing body of each special district located in the county that provides one or more of the governmental services as defined in RCW 36.115.020(2).

The legislative authorities of counties of less than one hundred fifty thousand population may utilize this chapter by adopting a resolution stating their intent to do so. In that case or in the case of counties whose populations reach one hundred fifty thousand after March 1, 1995, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management as having a population of one hundred fifty thousand or more.

(2) On or before January 1, 1997, a service agreement must be adopted in each county under this chapter or a progress report must be submitted to the appropriate committees of the legislature.

(3) In other counties that choose to utilize this chapter or whose population reaches one hundred fifty thousand, the service agreement must be adopted two years after the initial meeting provided for in subsection (1) of this section is convened or a progress report must be submitted to the appropriate committees of the legislature. [1994 c 266 § 6.]

36.115.070 Legislative intent. It is the intent of the legislature to permit the creation of a flexible process to establish service agreements and to recognize that local governments possess broad authority to shape a variety of government service agreements to meet their local needs and circumstances. However, it is noted that in general, cities are the unit of local government most appropriate to provide urban governmental services and counties are the unit of local government most appropriate to provide regional governmental services.

The process to establish service agreements should assure that all directly affected local governments, and Indian tribes at their option, are allowed to be heard on issues relevant to them. [1994 c 266 § 7.]

36.115.080 Duties, requirements, authorities under growth management act not altered. Nothing contained in this chapter alters the duties, requirements, and authorities of
Cities and counties contained in chapter 36.70A RCW.
