(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.

(2) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the disabled person. Instead of regular motor vehicle license plates, disabled persons are entitled to receive special license plates bearing the international symbol of access for one vehicle registered in the disabled person’s name. Disabled persons who are not issued the special license plates are entitled to receive a second special placard. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the special license plates or placard may park in places reserved for mobility disabled persons.

The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport disabled persons who have been determined eligible for special parking privileges provided under this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(3) Whenever the disabled person transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the disabled person and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the disabled person, the removed plate shall be immediately surrendered to the director.

(4) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. The director may issue a second temporary placard during that period if requested by the person who is temporarily disabled. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the disabled person’s physician. The parking placard of a disabled person shall be renewed, when required by the director, by satisfactory proof of the right to continued use of the privileges.

(5) Additional fees shall not be charged for the issuance of the special placards. 46.20.289 Suspension for failure to respond, appear, etc. The department shall suspend all driving privileges of a person when the department receives notice from a court under RCW 46.63.070(5) or 46.64.025 that the person has failed to respond to a notice of traffic infraction, failed to appear at a requested hearing, violated a written promise to appear in court, or has failed to comply with the terms of a notice of traffic infraction or citation, other than for a notice of a violation of RCW 46.55.105 or a standing, stopping, or parking violation. A suspension under this section takes effect thirty days after the date the department mails notice of the suspension, and remains in effect until the department has good and substantial evidence to reasonably conclude that such person by reason of physical or mental disability would not be able to operate a motor vehicle with safety upon the highways; subject to review by a court of competent jurisdiction.

46.20.308 Implied consent—License sanctions for test refusal—Procedures. (1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.55.103.
(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or the person having committed an act constituting a violation of this chapter, and results of such test or tests shall be admissible in any court as evidence of the alcohol concentration or presence of any drug in his or her breath or blood.
to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration of 0.02 or more in his or her system and being under the age of twenty-one. However, in those instances where the person is incapacitated due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a test of the person's blood or breath shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:

(a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test;

(b) His or her license, permit, or privilege to drive will be suspended, revoked, denied, or placed in probationary status if the test is administered and the test indicates the alcohol concentration of the person's breath or blood is 0.10 or more, in the case of a person under age twenty-one or over, or 0.02 or more in the case of a person under age twenty-one; and

(c) His or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.10 or more if the person is age twenty-one or over, or is 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration of 0.02 or more;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.10 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, deny, or place in probationary status the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, denial, or placement in probationary status to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of one hundred dollars as part of the request. If the request is mailed, it
must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required one hundred dollar fee, the department shall afford the person an opportunity for a hearing. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing.

For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person’s license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person’s breath or blood was 0.10 or more if the person was age twenty-one or over at the time of the arrest, or was 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, denial, or placement in probationary status either be rescinded or sustained.

(9) If the suspension, revocation, denial, or placement in probationary status is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, denied, or placed in probationary status has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, denial, or placement in probationary status. A petition filed under this subsection must include the petitioner’s grounds for requesting review. Upon granting petitioner’s request for review, the court shall review the department’s final order of suspension, revocation, denial, or placement in probationary status as expeditiously as possible. If judicial relief is sought for a stay or other temporary remedy from the department’s action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, denial, or placement in probationary status it may impose conditions on such stay.

(10) If a person whose driver’s license, permit, or privilege to drive has been or will be suspended, revoked, denied, or placed in probationary status under subsection (7) of this section, other than as a result of a breath test refusal, and who has not committed an offense within the last five years for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, the court may direct the department to stay any actual or proposed suspension, revocation, denial, or placement in probationary status for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, denial, or placement in probationary status, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution.
as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license. Drivers’ Licenses—Identcards

46.20.355 Alcohol violator—Probationary license.

(1) Upon placing a license, permit, or privilege to drive in probationary status under RCW 46.20.3101(2)(a), or upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall order the person to surrender any Washington state driver’s license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect thirty days after notice is given of the requirement for license surrender.

(2) The department shall place a person’s driving privilege in probationary status as required by RCW 10.05.060, 46.20.308, or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

(3) Following receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or following receipt of a sworn report under RCW 46.20.308 that requires immediate placement in probationary status under RCW 46.20.3101(2)(a), or upon reinstatement or reissuance of a driver’s license suspended or revoked as the result of a conviction of RCW 46.61.502 or 46.61.504, the department shall require the person to obtain a probationary license in order to operate a motor vehicle in the state of Washington, except as otherwise exempt under RCW 46.20.025. The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person’s regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of fifty dollars in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the fifty-dollar fee if the person has a probationary license in his or her possession at the time a new probationary license is required.
(5) A probationary license shall enable the department and law enforcement personnel to determine that the person is on probationary status. The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies. 46.20.391 Occupational driver's license—Application—Eligibility—Restrictions—Cancellation. (1) Any person licensed under this chapter who is convicted of an offense relating to motor vehicles for which suspension or revocation of the driver's license is mandatory, other than vehicular homicide or vehicular assault, may submit to the department an application for an occupational driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle, may issue an occupational driver's license and may set definite restrictions as provided in RCW 46.20.394. No person may petition for, and the department shall not issue, an occupational driver's license that is effective during the first thirty days of any suspension or revocation imposed for a violation of RCW 46.61.502 or 46.61.504. A person aggrieved by the decision of the department on the application for an occupational driver's license may request a hearing as provided by rule of the department.

(2) An applicant for an occupational driver's license is eligible to receive such license only if:

(a) Within one year immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any offense relating to motor vehicles for which suspension or revocation of a driver's license is mandatory; and

(b) Within five years immediately preceding the date of the offense that gave rise to the present conviction, the applicant has not committed any of the following offenses:

(i) Driving or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor;

(ii) vehicular homicide under RCW 46.61.520; or

(iii) vehicular assault under RCW 46.61.522;

(c) The applicant is engaged in an occupation or trade that makes it essential that he or she operate a motor vehicle;

(d) The applicant files satisfactory proof of financial responsibility pursuant to chapter 46.29 RCW.

(3) The director shall cancel an occupational driver's license upon receipt of notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, or of an offense that pursuant to chapter 46.20 RCW would warrant suspension or revocation of a regular driver's license. The cancellation is effective as of the date of the conviction, and continues with the same force and effect as any suspension or revocation under this title. 46.20.435 Impoundment for driver's license violations—Release, when—Court hearing. (1) Upon determining that a person is operating a motor vehicle without a valid driver's license in violation of RCW 46.20.021 or with a license that has been expired for ninety days or more, or with a suspended or revoked license in violation of RCW 46.20.342 or 46.20.420, a law enforcement officer may immediately impound the vehicle that the person is operating.

(2) The officer shall not release the vehicle impounded under subsection (1) of this section until the owner of the vehicle:

(a) Establishes that any penalties, fines, or forfeitures owed by the registered owner of the vehicle that was impounded have been satisfied; and

(b) Pays the reasonable costs of such impoundment and storage.

(3) Whenever a vehicle has been impounded by a law enforcement officer, the officer shall immediately serve upon the driver of the impounded vehicle a notice informing the recipient of his or her right to a hearing in the district court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing or the amount of towing and storage charges. A request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district court within ten days of the date of the impound. If the hearing request is not received by the district court within the ten-day period, the right to a hearing is waived and the driver is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district court shall proceed to hear and determine the validity of the impoundment.

(4)(a) The district court, within five days after the request for a hearing, shall notify the driver in writing of the hearing date and time.

(b) At the hearing, the person requesting the hearing may produce any relevant evidence to show that the impoundment was not proper.

(c) At the conclusion of the hearing, the district court shall determine whether the impoundment was proper, whether the driver was responsible for any penalties, fines, or forfeitures owed or due at the time of the impoundment, and whether they have been satisfied.

(d) A certified transcript or abstract of the driving record of the driver, as maintained by the department, is admissible in evidence in any hearing and is prima facie evidence of the status of the driving privilege of the person.

Severability—1982 c 8: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1982 c 8 § 2.]

ACT

Sections
46.25.050 Commercial driver's license required—Exceptions, restrictions.

46.25.050 Commercial driver's license required—Exceptions, restrictions. (1) Drivers of commercial motor vehicles shall obtain a commercial driver's license as required under this chapter by April 1, 1992. The director shall establish a program to convert all qualified commercial motor vehicle drivers by that date. After April 1, 1992, except when driving under a commercial driver's instruction permit and a valid automobile or classified license and accompanied by the holder of a commercial driver's license valid for the vehicle being driven, no person may drive a commercial motor vehicle unless the person holds and is in immediate possession of a commercial driver's license and applicable endorsements valid for the vehicle they are driving. However, this requirement does not apply to any person:
(a) Who is the operator of a farm vehicle, and the vehicle is:
(i) Controlled and operated by a farmer;
(ii) Used to transport either agricultural products, which in this section include Christmas trees and wood products harvested from private tree farms and transported by vehicles weighing no more than forty thousand pounds licensed gross vehicle weight, farm machinery, farm supplies, or any combination of those materials to or from a farm;
(iii) Not used in the operations of a common or contract motor carrier; and
(iv) Used within one hundred fifty miles of the person's farm; or
(b) Who is a fire fighter or law enforcement officer operating emergency equipment, and:

(c) Who is operating a recreational vehicle for noncommercial purposes. As used in this section, "recreational vehicle" includes a vehicle towing a horse trailer for a noncommercial purpose.

(2) No person may drive a commercial motor vehicle while his or her driving privilege is suspended, revoked, or canceled, while subject to disqualification, or in violation of an out-of-service order. Violations of this subsection shall be punished in the same way as violations of RCW 46.20.342(1). [1995 c 393 § 1; 1990 c 56 § 1; 1989 c 178 § 7.]

VEHICLE INSPECTION

Sections
46.32.080 Commercial vehicle safety enforcement. (Effective January 1, 1996.)
46.32.090 Fees.
46.32.100 Violations—Penalties. (Effective January 1, 1996.)

46.32.080 Commercial vehicle safety enforcement. (Effective January 1, 1996.) (1) The Washington state patrol is responsible for enforcement of safety requirements for commercial motor vehicles, including but not limited to terminal safety audits. Those carriers that have terminal operations in this state are subject to the patrol's terminal safety audits.

(2) This section does not apply:
(a) Motor vehicles owned and operated by farmers in the transportation of their own farm, orchard, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal; or supplies or commodities to be used on the farm, orchard, or dairy;
(b) Commercial motor carriers subject to economic regulation under chapters 81.68 (auto transportation companies), 81.70 (passenger charter carriers), 81.77 (solid waste collection companies), 81.80 (motor freight carriers), and 81.90 (limousine charter carriers) RCW; and
(c) Vehicles exempted from registration by RCW 46.16.020. [1995 c 272 § 1.]

Transfer of powers, duties, and functions: "(1) All powers, duties, and functions of the utilities and transportation commission pertaining to safety inspections of commercial vehicles, including but not limited to terminal safety audits, except for those carriers subject to the economic regulation of the commission, are transferred to the Washington state patrol.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the Washington state patrol. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the utilities and transportation commission in carrying out the powers, functions, and duties transferred shall be made available to the Washington state patrol. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the Washington state patrol.

(b) Any appropriations made to the utilities and transportation commission for carrying out the powers, functions, and duties transferred shall, on January 1, 1996, be transferred and credited to the Washington state patrol.

(c) Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All employees of the utilities and transportation commission engaged in performing the powers, functions, and duties transferred are transferred to the jurisdiction of the Washington state patrol. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state patrol to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service. These employees will only be transferred upon
successful completion of the Washington state patrol background investigation.

(4) All rules and all pending business before the utilities and transportation commission pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the Washington state patrol. All existing contracts and obligations remain in full force and shall be performed by the Washington state patrol.

(5) The transfer of the powers, functions, and personnel of the utilities and transportation commission does not affect the validity of any act performed before January 1, 1996.

(6) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(7) Nothing contained in this section alters an existing collective bargaining unit or the provisions of an existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.” [1995 c 272 § 4.]

Effective dates—1995 c 272: See note following RCW 46.32.090.

46.32.090 Fees. The department shall collect a fee of ten dollars, in addition to all other fees and taxes, for each motor vehicle base plated in the state of Washington that is subject to highway inspections and terminal audits under RCW 46.32.080, at the time of registration and renewal of registration under chapter 46.16 or 46.87 RCW. Refunds will not be provided for fees paid under this section when the vehicle is no longer subject to RCW 46.32.080. The department may deduct an amount equal to the cost of administering the program. All remaining fees shall be deposited with the state treasurer and credited to the state patrol highway account of the motor vehicle fund. [1995 c 272 § 2.]

Effective dates—1995 c 272: “Section 2 of this act becomes effective with motor vehicle registration fees due or to become due January 1, 1996. Sections 1 and 3 through 6 of this act take effect January 1, 1996.” [1995 c 272 § 7.]

46.32.100 Violations—Penalties. (Effective January 1, 1996.) In addition to all other penalties provided by law, a commercial motor vehicle that is subject to terminal safety audits under this chapter and an officer, agent, or employee of a company operating a commercial motor vehicle who violates or who procures, aids, or abets in the violation of this title or any order or rule of the state patrol is liable for a penalty of one hundred dollars for each violation. Each violation is a separate and distinct offense, and in case of a continuing violation every day’s continuance is a separate and distinct violation.

The penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the patrol describing the violation and advising the person that the penalty is due. The patrol may, upon written application for review, received within fifteen days, remit or mitigate a penalty provided for in this section or discontinue a prosecution to recover the penalty upon such terms it deems proper and may ascertain the facts upon all such applications in such manner and under such rules as it deems proper. If the amount of the penalty is not paid to the patrol within fifteen days after receipt of the notice imposing the penalty, or application for remission or mitigation has not been made within fifteen days after the violator has received notice of the disposition of the application, the attorney general shall bring an action in the name of the state of Washington in the superior court of Thurston county or of some other county in which the violator does business, to recover the penalty. In all such actions the procedure and rules of evidence are the same as an ordinary civil action except as otherwise provided in this chapter. All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund. [1995 c 272 § 3.]

Effective dates—1995 c 272: See note following RCW 46.32.090.

46.37.467 Vehicle with alternative fuel source—Placard required.
46.37.495 Safety chains for towing.
46.37.630 Private school buses.

46.37.193 Signs on buses. Every school bus and private carrier bus, in addition to any other equipment or distinctive markings required by this chapter, shall bear upon the front and rear thereof, above the windows thereof, plainly visible signs containing only the words “school bus” on a school bus and only the words “private carrier bus” on a private carrier bus in letters not less than eight inches in height, and in addition shall be equipped with visual signals meeting the requirements of RCW 46.37.190.

However, a private carrier bus that regularly transports children to and from a private school or in connection with school activities may display the words “school bus" in a manner provided in this section and need not comply with the requirements set forth in the most recent edition of "Specifications for School Buses" published by the superintendent of public instruction. [1995 c 141 § 2; 1990 c 241 § 10.]

46.37.467 Vehicle with alternative fuel source—Placard required. (1) Every automobile, truck, motorcycle, motor home, or off-road vehicle that is fueled by an alternative fuel source shall bear a reflective placard issued by the national fire protection association indicating that the vehicle is so fueled. Violation of this subsection is a traffic infraction.

(2) As used in this section "alternative fuel source" includes propane, compressed natural gas, liquid petroleum gas, or any chemically similar gas but does not include gasoline or diesel fuel.

(3) If a placard for a specific alternative fuel source has not been issued by the national fire protection association, a placard issued by the chief of the Washington state patrol, through the director of fire protection, shall be required. The chief of the Washington state patrol, through the director of fire protection, shall develop rules for the design, size, and placement of the placard which shall remain effective until a specific placard is issued by the national fire protection association. [1995 c 369 § 23; 1986 c 266 § 88; 1984 c 145 § 1; 1983 c 237 § 2.]

Effective date—1995 c 369: See note following RCW 43.43.930.
Severability—1986 c 266: See note following RCW 38.52.005.
46.37.495 Safety chains for towing. (1) "Safety chains" means flexible tension members connected from the front portion of the towed vehicle to the rear portion of the towing vehicle for the purpose of retaining connection between towed and towing vehicle in the event of failure of the connection provided by the primary connecting system, as prescribed by rule of the Washington state patrol.

(2) The term "safety chains" includes chains, cables, or wire ropes, or an equivalent flexible member meeting the strength requirements prescribed by rule of the Washington state patrol.

(3) A tow truck towing a vehicle and a vehicle towing a trailer must use safety chains. Failure to comply with this section is a class 1 civil infraction punishable under RCW 7.80.120. [1995 c 360 § 1.]

Tow trucks: Chapter 46.55 RCW.

46.37.630 Private school buses. A private school bus is subject to the requirements set forth in the National Standards for School Buses established by the national safety council in effect at the time of the bus manufacture, as adopted by rule by reference by the chief of the Washington state patrol. A private school bus manufactured before 1980 must meet the minimum standards set forth in the 1980 edition of the National Standards for School Buses. [1995 c 141 § 3.]

SIZE, WEIGHT, LOAD

Sections
46.44.030 Maximum lengths.
46.44.041 Maximum gross weights—Wheelbase and axle factors.
46.44.0941 Special permits—Fees.
46.44.175 Penalties—Hearing.

46.44.030 Maximum lengths. It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of forty feet. This restriction does not apply to (1) a municipal transit vehicle, (2) auto stage, private carrier bus or school bus with an overall length not to exceed forty-six feet, or (3) an articulated auto stage with an overall length not to exceed sixty-one feet.

It is unlawful for any person to operate upon the public highways of this state any combination consisting of a tractor and semitrailer that has a semitrailer length in excess of fifty-three feet or a combination consisting of a tractor and two trailers in which the combined length of the trailers exceeds sixty-one feet, with or without load.

It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or log truck and stinger-steered pole trailer, with an overall length, with or without load, in excess of seventy-five feet. However, a combination of vehicles transporting automobiles or boats may have a front overhang of three feet and a rear overhang of four feet beyond this allowed length. "Stinger-steered," as used in this section, means the coupling device is located behind the tread of the tires of the last axle of the towing vehicle.

These length limitations do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

The length limitations described in this section are exclusive of safety and energy conservation devices, such as mud flaps and splash and spray suppressant devices, refrigeration units or air compressors, and other devices that the department determines to be necessary for safe and efficient operation of commercial vehicles. No device excluded under this paragraph from the limitations of this section may have, by its design or use, the capability to carry cargo. Severability—1967 ex.s. c 145: See RCW 47.98.043.

46.44.041 Maximum gross weights—Wheelbase and axle factors. No vehicle or combination of vehicles shall operate upon the public highways of this state with a gross load on any single axle in excess of twenty thousand pounds, or upon any group of axles in excess of that set forth in the following table, except that two consecutive sets of tandem axles may carry a gross load of thirty-four thousand pounds each, if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty-six feet or more.

When inches are involved: Under six inches take lower, six inches or over take higher. The maximum load on any axle in any group of axles shall not exceed the single axle or tandem axle allowance as set forth in the table above. The maximum axle and gross weights specified in this section are subject to the braking requirements set up for the service brakes upon any motor vehicle or combination of vehicles as provided by law.

Loads of not more than eighty thousand pounds which may be legally hauled in the state bordering this state which also has a sales tax, are legal in this state when moving to a port district within four miles of the bordering state except on the interstate system. This provision does not allow the operation of a vehicle combination consisting of a truck tractor and three trailers.

Notwithstanding anything contained herein, a vehicle or combination of vehicles in operation on January 4, 1975, may operate upon the public highways of this state, including the interstate system within the meaning of section 127 of Title 23, United States Code, with an overall gross weight upon a group of two consecutive sets of dual axles which was lawful in this state under the laws, regulations, and procedures in effect in this state on January 4, 1975. A vehicle engaging in the business of recovery of disabled vehicles for monetary compensation, from or on a public road or highway must either be operated by a registered tow truck operator, or someone who at a minimum has insurance in a like manner and amount as prescribed in RCW 46.55.030(3), and have had their tow trucks inspected in a like manner as prescribed in RCW 46.55.040(1). The department shall adopt rules to enforce this section. Failure to comply with this section is a class 1 civil infraction punishable under RCW 7.80.120. [1995 c 360 § 2.]

46.55.063 Fees, schedules, contracts, invoices. (1) An operator shall file a fee schedule with the department. All filed fees must be adequate to cover the costs of service provided. No fees may exceed those filed with the department. At least ten days before the effective date of any change in an operator's fee schedule, the registered tow truck operator shall file the revised fee schedule with the department.

(2) Towing contracts with private property owners shall be in written form and state the hours of authorization to impound, the persons empowered to authorize the impounds, and the present charge of a private impound for the classes of tow trucks to be used in the impound, and must be retained in the files of the registered tow truck operator for three years.
(3) A fee that is charged for tow truck service must be calculated on an hourly basis, and after the first hour must be charged to the nearest quarter hour.

(4) Fees that are charged for the storage of a vehicle, or for other items of personal property registered or titled with the department, must be calculated on a twenty-four hour basis and must be charged to the nearest half day from the time the vehicle arrived at the secure storage area. However, items of personal property registered or titled with the department that are wholly contained within an impounded vehicle are not subject to additional storage fees; they are, however, subject to satisfying the underlying lien for towing and storage of the vehicle in which they are contained.

(5) All billing invoices that are provided to the redeemer of the vehicle, or other items of personal property registered or titled with the department, must be itemized so that the individual fees are clearly discernable. [1995 c 360 § 3; 1989 c 111 § 7.]

46.55.090 Storage, return requirements—Personal property—Combination endorsement for tow truck drivers—Viewing impounded vehicle. (1) All vehicles impounded shall be taken to the nearest storage location that has been inspected and is listed on the application filed with the department.

(2) All vehicles shall be handled and returned in substantially the same condition as they existed before being towed.

(3) All personal belongings and contents in the vehicle, with the exception of those items of personal property that are registered or titled with the department, shall be kept intact, and shall be returned to the vehicle’s owner or agent during normal business hours upon request and presentation of a driver’s license or other sufficient identification. Personal belongings, with the exception of those items of personal property that are registered or titled with the department, shall not be sold at auction to fulfill a lien against the vehicle.

(4) All personal belongings, with the exception of those items of personal property that are registered or titled with the department, not claimed before the auction shall be taken to the nearest storage location that has been inspected and is listed on the application filed with the department. Such personal belongings shall be disposed of pursuant to chapter 63.32 or 63.40 RCW.

(5) Tow truck drivers shall have a Washington state driver’s license endorsed for the appropriate classification under chapter 46.25 RCW or the equivalent issued by another state.

(6) Any person who shows proof of ownership or written authorization from the impounded vehicle’s registered or legal owner or the vehicle’s insurer may view the vehicle without charge during normal business hours. [1995 c 360 § 4; 1989 c 178 § 25; 1987 c 311 § 7; 1985 c 377 § 9.]

Severability—Effective dates—1989 c 178: See RCW 46.25.900 and 46.25.901.

46.55.100 Impound notice—Abandoned vehicle report—Owner information—Disposition report. (1) At the time of impoundment the registered tow truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator’s possession after the ninety-six hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within fifteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle and any other items of personal property registered or titled with the department to the crime information center of the Washington state patrol.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle’s or other property’s owners. [1995 c 360 § 5; 1991 c 20 § 1; 1989 c 111 § 9; 1987 c 311 § 8; 1985 c 377 § 10.]

46.55.105 Responsibility of registered owner. (1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of
law enforcement, the last registered owner of record is guilty of a traffic infraction, unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) Filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101(1) or a vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsections (1) and (2) of this section.

(4) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.100, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(5), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

(5) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction. [1995 c 219 § 4; 1993 c 314 § 1.]

46.55.110 Notice to legal and registered owners. (1) When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notification shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

(2) In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners.

(3) No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed. [1995 c 360 § 6; 1989 c 111 § 10; 1987 c 311 § 9; 1985 c 377 § 11.]

46.55.120 Redemption of vehicles—Sale of unredeemed vehicles or personal property—Impoundment in violation of chapter. (1) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, or 46.55.113 may be redeemed only under the following circumstances:

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department.

(b) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards, or personal checks drawn on in-state banks if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm can determine through the customer's bank or a check verification service that the presented check would not be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the district court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section. If the
hearing request is not received by the district court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The district court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper.

(c) At the conclusion of the hearing, the district court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys’ fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(2) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees. [1995 c 360 § 7; 1993 c 121 § 3; 1989 c 111 § 11; 1987 c 311 § 12; 1985 c 377 § 12.]

46.55.140 Operator's lien, deficiency claim, liability.

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of five hundred dollars after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer’s fee be added to the amount charged for the vehicle at the auction, the vehicle’s lien, or the overage due. A registered owner who has completed and filed with the department the seller’s report as provided for by RCW 46.12.101 and has timely and properly filed the seller’s report is relieved of liability under this section. The person named as the new owner of the vehicle on the timely and properly filed seller’s report shall assume liability under this section.

(2) Any person who owns or controls property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter. 46.61.5058 Alcohol violators—Vehicle seizure and forfeiture. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.61.502 or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within five years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of...
the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.61.502 or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within five years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, is subject to seizure and forfeiture pursuant to this section.

Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under Title 46 RCW or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1) (a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of...

(1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person’s alcohol concentration is less than 0.10, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2) The breath analysis shall be based upon grams of alcohol per two hundred ten liters of breath. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

This limitation shall not apply to the taking of breath specimens.

(5) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(6) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney. UNFAIR BUSINESS PRACTICES—DEALERS’ LICENSES

Sections
46.70.023 Place of business.
46.70.180 Unlawful acts.

46.70.023 Place of business. (1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. An established place of business shall have an improved display area of not less than three thousand square feet in or immediately adjoining the building, or a display area large enough to display six or more vehicles of the type the dealer is licensed to sell, whichever area is larger. The business of a vehicle dealer, including the display of vehicles, may be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. The dealer shall keep the building open to the public so that they may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. In no event may a room or rooms in a hotel, rooming house, or apartment building house or part of a single or multiple-unit dwelling house be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. A state-wide trade association representing manufactured housing dealers shall be permitted to use a manufactured home as an office if the office complies with all other applicable building code, zoning, and other land-use regulatory ordinances. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the address with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency. PROVIDED, That the department may grant an exception to

the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. A wholesale dealer need not maintain a display area as required in this section. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) A listing dealer need not have a display area if the dealer does not physically maintain any vehicles for display.

(11) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer’s name and telephone number.

(12) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

[1995 RCW Supp—page 614]
(13) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity. (14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser of any new or unused vehicle that has been sold, distributed for sale, or transferred into this state for resale by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

46.80.005 Legislative declaration. The legislature finds and declares that the distribution and sale of vehicle parts in the state of Washington vitally affects the general economy of the state and the public interest and the public welfare, and that in order to promote the public interest and the public welfare and in the exercise of its police power, it is necessary to regulate and license vehicle wreckers and dismantlers, the buyers-for-resale, and the sellers of second-hand vehicle components doing business in Washington, in order to prevent the sale of stolen vehicle parts, to prevent frauds, impositions, and other abuses, and to preserve the investments and properties of the citizens of this state. [1995 c 256 § 3; 1977 ex.s. c 253 § 1.]

Severability—1977 ex.s. c 253: "If any provision of this 1977 amendatory act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the amendatory act and the applicability thereof to persons and circumstances shall not be affected thereby." [1977 ex.s. c 253 § 14.]

46.80.010 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Vehicle wrecker" means every person, firm, partnership, association, or corporation engaged in the business of buying, selling, or dealing in vehicles of a type required to be licensed under the laws of this state, for the purpose of wrecking, dismantling, disassembling, or substantially changing the form of a vehicle, or who buys or sells integral second-hand parts of component material thereof, in whole or in part, or who deals in second-hand vehicle parts.

(2) "Established place of business" means a building or enclosure which the vehicle wrecker occupies either continuously or at regular periods and where his books and records are kept and business is transacted and which must conform with zoning regulations.

(3) "Major component part" includes at least each of the following vehicle parts: (a) Engines and short blocks; (b) frame; (c) transmission and/or transfer case; (d) cab; (e) door; (f) front or rear differential; (g) front or rear clip; (h) quarter panel; (i) truck bed or box; (j) seat; (k) hood; (l) bumper; (m) fender; and (n) airbag. The director may supplement this list by rule.

(4) "Wrecked vehicle" means a vehicle which is disassembled or dismantled or a vehicle which is acquired with the intent to dismantle or disassemble and never again to operate as a vehicle, or a vehicle which has sustained such damage that its cost to repair exceeds the fair market value of a like vehicle which has not sustained such damage, or a damaged vehicle whose salvage value plus cost to repair equals or exceeds its fair market value, if repaired, or a vehicle which has sustained such damage or deterioration that it may not lawfully operate upon the highways of this state for which the salvage value plus cost to repair exceeds its fair market value, if repaired; further, it is presumed that a vehicle is a wreck if it has sustained such damage or deterioration that it may not lawfully operate upon the highways of this state. [1995 c 256 § 4; 1977 ex.s. c 253 § 2; 1961 c 12 § 46.80.010. Prior: 1947 c 262 § 1; Rem. Supp. 1947 § 8326-40.]

Severability—1977 ex.s. c 253: See note following RCW 46.80.005.

46.80.020 License required—Penalty. It is unlawful for a person to engage in the business of wrecking vehicles without having first applied for and received a license. A person or firm engaged in the unlawful activity is guilty of a gross misdemeanor. A second or subsequent offense is a class C felony. [1995 c 256 § 5; 1979 c 158 § 192; 1977 ex.s. c 253 § 3; 1971 ex.s. c 7 § 1; 1967 c 32 § 94; 1961 c 12 § 46.80.020. Prior: 1947 c 262 § 2; Rem. Supp. 1947 § 8326-41.]

Severability—1977 ex.s. c 253: See note following RCW 46.80.005.

46.80.040 Issuance of license—Fee. The application, together with a fee of twenty-five dollars, and a surety bond as provided in RCW 46.80.070, shall be forwarded to the department. Upon receipt of the application the department shall, if the application is in order, issue a vehicle wrecker's license authorizing the wrecker to do business as such and forward the fee to the state treasurer, to be deposited in the motor vehicle fund. Upon receiving the certificate the owner shall cause it to be prominently displayed in the place of business, where it may be inspected by an investigating officer at any time. [1995 c 256 § 6; 1971 ex.s. c 7 § 3; 1967 c 32 § 96; 1961 c 12 § 46.80.040. Prior: 1947 c 262 § 4; Rem. Supp. 1947 § 8326-43.]

46.80.050 Expiration, renewal—Fee. A license issued on this application remains in force until suspended or revoked and may be renewed annually upon reapplication according to RCW 46.80.030 and upon payment of a fee of ten dollars. A vehicle wrecker who fails or neglects to renew the license before the assigned expiration date shall pay the fee for an original vehicle wrecker license as provided in this chapter.

Whenever a vehicle wrecker ceases to do business as such or the license has been suspended or revoked, the wrecker shall immediately surrender the license to the department. [1995 c 256 § 7; 1985 c 109 § 7; 1971 ex.s. c 7 § 4; 1967 ex.s. c 13 § 2; 1967 c 32 § 97; 1961 c 12 § 46.80.050. Prior: 1947 c 262 § 5; Rem. Supp. 1947 § 8326-44.]

46.80.060 License plates—Fee—Display. The vehicle wrecker shall obtain a special set of license plates in addition to the regular licenses and plates required for the operation of such vehicles. The special plates must be displayed on vehicles owned and/or operated by the wrecker and used in the conduct of the business. The fee for these plates shall be five dollars for the original plates and two dollars for each additional set of plates bearing the same license number. A wrecker with more than one licensed location in the state may use special plates bearing the same license number for vehicles operated out of any of the licensed locations. [1995 c 256 § 8; 1961 c 12 § 46.80.060. Prior: 1957 c 273 § 21; 1947 c 262 § 6; Rem. Supp. 1947 § 8326-45.]

surety company authorized to do business in the state of
Washington. The bond shall be approved as to form by the
attorney general and conditioned upon the wrecker conduct-
ing the business in conformity with the provisions of this
chapter. Any person who has suffered any loss or damage
by reason of fraud, carelessness, neglect, violation of the
terms of this chapter, or misrepresentation on the part of the
wrecking company, may institute an action for recovery
against the vehicle wrecker and surety upon the bond.
However, the aggregate liability of the surety to all persons
shall in no event exceed the amount of the bond. [1995 c

years from the date of acquisition.
(5) The record is subject to inspection at all times
during regular business hours by members of the police
department, sheriff's office, members of the Washington
state patrol, or officers or employees of the department.

vehicle wrecker shall furnish a written report to the depart-
ment. This report shall be in such form as the department
shall prescribe and shall be accompanied by evidence of
ownership as determined by the department. No vehicle
wrecker may acquire a vehicle without first obtaining
Evidence of ownership as determined by the department.
The vehicle wrecker shall furnish a monthly report of all
acquired vehicles. This report shall be made on forms
prescribed by the department and contain such information
as the department may require. This statement shall be

and the facts therein sworn to before a notary public, or
before an officer or employee of the department designated
by the director to administer oaths or acknowledge signa-
tures, pursuant to RCW 46.01.180. [1995 c 256 § 11; 1979

vehicle wrecker's license, the bond is canceled by the surety
in a method provided by law, the department shall immedi-
ately notify the principal covered by the bond and afford the
principal the opportunity of obtaining another bond before
the termination of the original. If the principal fails,
neglects, or refuses to obtain a replacement, the director may
cancel or suspend the vehicle wrecker's license. Notice of
cancellation of the bond may be accomplished by sending a
notice by first class mail using the last known address in
department records for the principal covered by the bond and
recording the transmission on an affidavit of first class mail.

the provisions of chapter 34.05 RCW, by order deny,
suspend, or revoke the license of a vehicle wrecker, or assess
a civil fine of up to five hundred dollars for each violation,
if the director finds that the applicant or licensee has:
(a) Acquired a vehicle or major component part other
than by first obtaining title or other documentation as
provided by this chapter;
(b) Willfully misrepresented the physical condition of
any motor or integral part of a vehicle;

(h) Procured a license fraudulently or dishonestly;

(i) Been convicted of a crime that directly relates to the business of a vehicle wrecker and the time elapsed since conviction is less than ten years, or suffered any judgment within the preceding five years in any civil action involving fraud, misrepresentation, or conversion. For the purposes of this section, conviction means in addition to a final conviction in either a federal, state, or municipal court, an unvacated forfeiture of bail or collateral deposited to secure a defendant’s appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt regardless of whether the sentence is deferred or the penalty is suspended.

(2) In addition to actions by the department under this section, it is a gross misdemeanor to violate subsection (1) (a), (b), or (h) of this section. 46.80.120 False or unqualified applications. If a person whose vehicle wrecker license has previously been canceled for cause by the department files an application for a license to conduct business as a vehicle wrecker, or if the department is of the opinion that the application is not filed in good faith or that the application is filed by some person as a subterfuge for the real person in interest whose license has previously been canceled for cause, the department may refuse to issue the person a license to conduct business as a vehicle wrecker. [1995 c 256 § 14.]

46.80.130 All storage at place of business—Screening required—Penalty. (2) All premises containing vehicles or parts thereof shall be enclosed by a wall or fence of such height as to obscure the nature of the business carried on therein. To the extent reasonably necessary or permitted by the topography of the land, the department may establish specifications or standards for the fence or wall. The wall or fence shall be painted or stained a neutral shade that blends in with the surrounding premises, and the wall or fence must be kept in good repair. A living hedge of sufficient density to prevent a view of the confined area may be substituted for such a wall or fence. Any dead or dying portion of the hedge shall be replaced.

(3) Violation of subsection (1) of this section is a gross misdemeanor. [1995 c 256 § 15; 1971 ex.s. c 7 § 9; 1967 ex.s. c 13 § 4; 1967 c 32 § 103; 1965 c 117 § 1; 1961 c 12 § 46.80.130. Prior: 1947 c 262 § 13; Rem. Supp. 1947 § 8326-52.]

It shall be the duty of the chiefs of police, or the Washington state patrol, in cities having a population of over five thousand persons, and in all other cases the Washington state patrol, to make periodic inspection of the vehicle wrecker’s licensed premises and records provided for in this chapter during normal business hours, and furnish a certificate of inspection to the department in such manner as may be determined by the department. In any instance, an authorized representative of the department may make the inspection. [1995 c 256 § 16; 1983 c 142 § 9; 1977 ex.s. c 253 § 10; 1971 ex.s. c 7 § 10; 1967 ex.s. c 13 § 5; 1967 c 32 § 105; 1961 c 12 § 46.80.150. Prior: 1947 c 262 § 15; Rem. Supp. 1947 § 8326-54.]

46.80.170 Violations—Penalties. Unless otherwise provided by law, it is a misdemeanor for any person to violate any of the provisions of this chapter or the rules adopted under this chapter. [1995 c 256 § 18; 1977 ex.s. c 253 § 11.]

(1) If it appears to the director that an unlicensed person has engaged in an act or practice constituting a violation of this chapter, or a rule adopted under this chapter, the director may issue an order directing the person to cease and desist from continuing the act or practice. The director shall give the person reasonable notice of and opportunity for a hearing. The director may issue a temporary order pending a hearing. The temporary order remains in effect until ten days after the hearing is held and becomes final if the person to whom the notice is addressed does not request a hearing within fifteen days after receipt of the notice.

In order to provide funds necessary to implement the public-private transportation initiatives authorized by chapter 47.46 RCW, there shall be issued and sold upon the request of the Washington state transportation commission a total of twenty-five million six hundred twenty-five thousand dollars of general obligation bonds of the state of Washington. [1995 2nd sp.s. c 15 § 2; 1994 c 183 § 2.]

Severability—1995 2nd sp.s. c 15: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1995 2nd sp.s. c 15 § 9.]

Effective date—1995 2nd sp.s. c 15: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [June 16, 1995]." [1995 2nd sp.s. c 15 § 10.]

Finding—1994 c 183: "The legislature finds and declares:

Successful implementation of the public-private transportation initiatives program authorized in chapter 47.46 RCW may require the financial participation of the state in projects authorized in that chapter.

The participation may take the form of loans, loan guarantees, user charge guarantees, including incidental costs incurred by the department in direct support of activities required under chapter 47.46 RCW, or such other cash contribution arrangements as may improve the ability of the private entities sponsoring the projects to obtain financing.

It is in the best interests of the people of the state that state funding of possible financial participation in the projects authorized under chapter 47.46 RCW be in the form of long-term bonds. In order to repay expenditures incurred in the 1993-1995 biennium, up to two million two hundred thousand dollars of these bonds may be expended on highway improvement projects, under chapter 47.05 RCW." [1995 2nd sp.s. c 15 § 1; 1994 c 183 § 1.]

(1) The proceeds from the sale of bonds authorized by RCW 47.10.834 through 47.10.841 that are in support of possible loans as specified under RCW 47.10.835 shall be deposited into the motor vehicle fund. The proceeds shall be available only for the purposes of making loans to entities authorized to undertake projects selected under chapter 47.46 RCW as enumerated in RCW 47.10.835, including incidental costs incurred by the department in direct support of activities required under chapter 47.46 RCW, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

The proceeds shall be available only for the purposes of making any contributions except loans to projects selected under chapter 47.46 RCW, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

(3) Up to two million two hundred thousand dollars of the proceeds from the sale of bonds authorized by RCW 47.10.834 through 47.10.841 may be expended on highway improvement projects under chapter 47.05 RCW and for the payment of bond issuance cost, including the cost of underwriting. Such proceeds shall be deposited into the motor vehicle fund. [1995 2nd sp.s. c 15 § 3; 1994 c 183 § 4.]

47.10.838 Statement of general obligation—Pledge of excise taxes. (1) Bonds issued under the authority of RCW 47.10.834 through 47.10.841 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due.

(2) The principal and interest on the bonds issued for the purposes enumerated in RCW 47.10.836 shall be first payable in the manner provided in RCW 47.10.834 through 47.10.841 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of those excise taxes are pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.834 through 47.10.841, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.834 through 47.10.841. (2) The state finance committee shall, on or before June 30th of each year certify to the state treasurer the amount required for principal and interest on the bonds issued for the purposes specified in RCW 47.10.836 in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit into the

[1995 RCW Supp—page 622]
highway bond retirement fund such amounts, and at such

times, as are required by the bond proceedings.

(3) Any funds required for bond retirement or interest

on the bonds authorized by RCW 47.10.834 through

47.10.841 shall be taken from that portion of the motor

vehicle fund that results from the imposition of excise taxes

on motor vehicle and special fuels which is, or may be

appropriated to the department of transportation for state

highway purposes. Funds required shall never constitute a

charge against any other allocations of motor vehicle fuel

and special fuel tax revenues to the state, counties, cities, or
towns unless the amount arising from excise taxes on motor
vehicle and special fuels distributed to the state in the motor
vehicle fund proves insufficient to meet the requirements for
bond retirement or interest on any such bonds.

(4) Any payments for bond retirement or interest on the

bonds taken from other revenues from the motor vehicle fuel

and special fuel taxes that are distributable to the state,

counties, cities, or towns shall be repaid from the first

47.26.4254 Bonds—Series III bonds—Designation of funds to repay bonds and interest. (1) Any funds required to repay series III bonds authorized by RCW 47.26.420, or the interest thereon, when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and that is distributed to the urban arterial trust account in the motor vehicle fund and the certain sums received by the small city account in the motor vehicle fund imposed by RCW 82.36.025(3) and 46.68.100(9), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420. If the moneys so distributed to the urban arterial trust account and the small city account, after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization
bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.100, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account and the small city account are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to RCW 46.68.100(1) and to the counties pursuant to RCW 46.68.100(3). Of the counties', cities', and towns' share of any additional amounts required in the fiscal year ending June 30, 1984, fifteen percent shall be taken from the counties' distributive share and eighty-five percent from the cities' and towns' distributive share. Of the counties', cities', and towns' share of any additional amounts required in each fiscal year thereafter, the percentage thereof to be taken from the counties' distributive share and from the cities' and towns' distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the urban arterial trust account and the small city account not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds. Bonds issued under the provisions of RCW 47.26.500 through 47.26.507 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on such bonds shall be first payable in the manner provided in RCW 47.26.500 through 47.26.507 from the proceeds of state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any such bonds and the interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all such bonds. The establishment of planning and design standards for items provided for in RCW 47.39.050 shall be coordinated by the department of community, trade, and economic development. The department of transportation, parks and recreation commission, and any other departments or commissions whose interests are affected shall prepare, submit, and file with the department of community, trade, and economic development standards relating to the scenic and recreational highway system. If varying planning and design standards are filed, the department of community, trade, and economic development shall consult with the submitting agencies on the merits of the several proposals and, based upon such consultation, establish a set of standards. Pursuant to the planning and design standards so established, the department of transportation and the parks and recreation commission shall develop the highways and areas adjacent thereto to accomplish the purposes of this chapter, but the department shall retain exclusive authority over the highway right of way.

Responsibility for construction and maintenance is hereby established between the department and the parks and recreation commission with the department responsible for activities financed with funds provided for under RCW 47.39.030(1) and the parks and recreation commission responsible for activities financed from other sources of funds. By mutual consent, responsibility for development and/or maintenance may be transferred between the two agencies. [1995 c 399 § 122; 1985 c 6 § 16; 1984 c 7 § 208; 1967 ex.s. c 85 § 4.]

ROADSIDE IMPROVEMENT AND BEAUTIFICATION

Sections
47.40.100 State adopt-a-highway program.

47.40.100 State adopt-a-highway program. (1) The department of transportation shall establish a state-wide adopt-a-highway program. The purpose of the program is to provide volunteers and businesses an opportunity to contribute to a cleaner environment, enhanced roadsides, and protection of wildlife habitats. Participating volunteers and businesses shall adopt department-designated sections of state highways, rest areas, park and ride lots, intermodal facilities, and any other facilities the department deems appropriate, in accordance with rules adopted by the department. The department may elect to coordinate a consortium of participants for adopt-a-highway projects.

The adopt-a-highway program shall include, at a minimum, litter control for the adopted section, and may include additional responsibilities such as planting and maintaining vegetation, controlling weeds, graffiti removal, and any other roadside improvement or clean-up activities the department deems appropriate. The department shall not accept adopt-a-highway proposals that would have the effect of terminating classified employees or classified employee positions.

(2) A volunteer group or business choosing to participate in the adopt-a-highway program must submit a proposal to the department. The department shall review the proposal for consistency with departmental policy and rules. The department may accept, reject, or modify an applicant’s proposal.

(3) The department shall seek partnerships with volunteer groups and businesses to facilitate the goals of this section. The department may solicit funding for the adopt-a-highway program that allows private entities to undertake all or a portion of financing for the initiatives. The department shall develop guidelines regarding the cash, labor, and in-kind contributions to be performed by the participants.

(4) An organization whose name: (a) Endorses or opposes a particular candidate for public office, (b) advocates a position on a specific political issue, initiative, referendum, or piece of legislation, or (c) includes a reference to a political party shall not be eligible to participate in the adopt-a-highway program.

(5) In administering the adopt-a-highway program, the department shall:
(a) Provide a standardized application form, registration form, and contractual agreement for all participating groups.

The forms shall notify the prospective participants of the risks and responsibilities to be assumed by the department and the participants;
(b) Require all participants to be at least fifteen years of age;
(c) Require parental consent for all minors;
(d) Require at least one adult supervisor for every eight minors;
(e) Require one designated leader for each participating organization, unless the department chooses to coordinate a consortium of participants;
(f) Assign each participating organization a section or sections of state highway, or other state-owned transportation facilities, for a specified period of time;
(g) Recognize the efforts of a participating organization by erecting and maintaining signs with the organization’s name on both ends of the organization’s section of highway;
(h) Provide appropriate safety equipment. Safety equipment issued to participating groups must be returned to the department upon termination of the applicable adopt-a-highway agreement;
(i) Provide safety training for all participants;
(j) Pay any and all premiums or assessments required under RCW 51.12.035 to secure medical aid benefits under chapter 51.36 RCW for all volunteers participating in the program;
(k) Require participating businesses to pay all employer premiums or assessments required to secure medical aid benefits under chapter 51.36 RCW for all employees or agents participating in the program;
(l) Maintain records of all injuries and accidents that occur;
(m) Adopt rules that establish a process to resolve any question of an organization’s eligibility to participate in the adopt-a-highway program;
(n) Obtain permission from property owners who lease right of way before allowing an organization to adopt a section of highway on such leased property; and
(o) Establish procedures and guidelines for the adopt-a-highway program.

(6) Nothing in this section affects the rights or activities of, or agreements with, adjacent landowners, including the use of rights of way and crossings, nor impairs these rights and uses by the placement of signs. [1995 c 106 § 1; 1990 c 258 § 5.]

Legislative findings and intent—1990 c 258: “The legislature finds that despite the efforts of the department of transportation, the department of ecology, and the ecology youth corps to pick up litter along state highways, roadside litter in Washington state has increased by thirty-six percent since 1983. The legislature further finds that in twenty-seven states, volunteer organizations are able to give of their time and energy, demonstrate commitment to a clean environment, and discourage would-be litterers by keeping sections of highway litter free because those states have established programs to encourage and recognize such voluntary efforts. Therefore, it is the legislature’s intent to establish an "adopt-a-highway" litter control program as a partnership between citizen volunteers and the state to reduce roadside litter and build civic pride in a litter-free Washington.” [1990 c 258 § 4.]

PUBLIC-PRIVATE TRANSPORTATION INITIATIVES

47.46.010  Finding. The legislature finds and declares:

It is essential for the economic, social, and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient transportation system.

The ability of the state to provide an efficient transportation system will be enhanced by a public-private sector program providing for private entities to undertake all or a portion of the study, planning, design, development, financing, acquisition, installation, construction or improvement, operation, and maintenance of transportation systems and facility projects.

A public-private initiatives program will provide benefits to both the public and private sectors. Public-private initiatives provide a sound economic investment opportunity for the private sector. Such initiatives will provide the state with increased access to property development and project opportunities, financial and development expertise, and will supplement state transportation revenues, allowing the state to use its limited resources for other needed projects.

The public-private initiatives program, to the fullest extent possible, should encourage and promote business and employment opportunities for Washington state citizens.

The public-private initiatives program shall be implemented in cooperation, consultation, and with the support of the affected communities and local jurisdictions.

The secretary of transportation should be permitted and encouraged to test the feasibility of building privately funded transportation systems and facilities or segments thereof through the use of innovative agreements with the private sector. The secretary of transportation should be vested with the authority to solicit, evaluate, negotiate, and administer public-private agreements with the private sector relating to the planning, construction, upgrading, or reconstruction of transportation systems and facilities.

Agreements negotiated under a public-private initiatives program will not bestow on private entities an immediate right to construct and operate the proposed transportation facilities. Rather, agreements will grant to private entities the opportunity to design the proposed facilities, demonstrate public support for proposed facilities, and complete the planning processes required in order to obtain a future decision by the department of transportation and other state and local lead agencies on whether the facilities should be permitted and built.

Agreements negotiated under the public-private initiatives program should establish the conditions under which the private developer may secure the approval necessary to develop and operate the proposed transportation facilities; create a framework to attract the private capital necessary to finance their development; ensure that the transportation facilities will be designed, constructed, and operated in accordance with applicable local, regional, state, and federal laws and the applicable standards and policies of the department of transportation; and require a demonstration that the proposed transportation facility has the support of the affected communities and local jurisdictions.

The legislature finds that the Puget Sound congestion pricing project, selected under this chapter, raises major transportation policy, economic, and equity concerns. These relate to the integrity of the state’s high-occupancy vehicle program; the cost-effective movement of freight and goods; the diversion of traffic to local streets and arterials; and possible financial hardship to commuters. The legislature further finds that these potential economic and social impacts require comprehensive legislative review prior to advancement of the project and directs that the secretary not proceed with the implementation of the project without prior approval of the legislature.

The department of transportation should be encouraged to take advantage of new opportunities provided by federal legislation under section 1012 of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). That section establishes a new program authorizing federal participation in construction or improvement of publicly or privately owned toll roads, bridges, and tunnels, and allows states to leverage available federal funds as a means for attracting private sector capital.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

[1995 RCW Supp—page 628]
The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that:
(a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration. Forty-five days after the submission to the legislature, the department shall request an advisory vote as provided under subsections (4) through (9) of this section.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (10) and (11) of this section, the department shall require an advisory vote as provided under subsections (4) through (9) of this section.

(4) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(5)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a state-wide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(6) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 35.21.110.

(7) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area.
The definition of the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(8) The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.

(9) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29.13.020 that is at least sixty days but, if authorized under RCW 29.13.020, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(10) Subsections (4) through (9) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(11) Subsections (4) through (9) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection. [1995 2nd sp.s. c 19 § 2; 1993 c 370 § 3.]

Effective date—1995 2nd sp.s. c 19: See note following RCW 47.46.010.

47.46.040 Demonstration projects—Terms of agreements—Public participation. (1) All projects designed, constructed, and operated under this authority must comply with all applicable rules and statutes in existence at the time the agreement is executed, including but not limited to the following provisions: Chapter 39.12 RCW, this title, RCW 41.06.380, chapter 47.64 RCW, RCW 49.60.180, and 49 C.F.R. Part 21.

(2) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(3) Agreements shall provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement shall provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state shall lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(4) The department may exercise any power possessed by it to facilitate the development, construction, financing, operation, and maintenance of transportation projects under this chapter. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(5) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(6) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(7) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department

[1995 RCW Supp—page 630]
shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(5)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the legislative transportation committee and local involvement committees with reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(11) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public. [1995 2nd sp.s. c 19 § 3; 1993 c 370 § 4.]

Effective date—1995 2nd sp.s. c 19: See note following RCW 47.46.010.

47.46.050 Financial arrangements. (1) The department may enter into agreements using federal, state, and local financing in connection with the projects, including without limitation, grants, loans, and other measures authorized by section 1012 of ISTEA, and to do such things as necessary and desirable to maximize the funding and financing, including the formation of a revolving loan fund to implement this section.

(2) Agreements entered into under this section shall authorize the private entity to lease the facilities within a designated area or areas from the state and to impose user fees or tolls within the designated area to allow a reasonable rate of return on investment, as established through a negotiated agreement between the state and the private entity. The negotiated agreement shall determine a maximum rate of return on investment, based on project characteristics. If the negotiated rate of return on investment is not affected, the private entity may establish and modify toll rates and user fees.

(3) Agreements may establish "incentive" rates of return beyond the negotiated maximum rate of return on investment. The incentive rates of return shall be designed to provide financial benefits to the affected public jurisdictions and the private entity, given the attainment of various safety, performance, or transportation demand management goals. The incentive rates of return shall be negotiated in the agreement.

(4) Agreements shall require that over the term of the ownership or lease the user fees or toll revenues be applied only to payment of the private entity’s capital outlay costs for the project, including project development costs, interest expense, the costs associated with design, construction, operations, toll collection, maintenance and administration of the project, reimbursement to the state for all costs associated with an election as required under RCW 47.46.030, the costs of project review and oversight, technical and law

enforcement services, establishment of a fund to assure the adequacy of maintenance expenditures, and a reasonable return on investment to the private entity. A negotiated agreement shall not extend the term of the ownership or lease beyond the period of time required for payment of the private entity’s capital outlay costs for the project under this subsection. HIGHWAY ACCESS MANAGEMENT

Sections
47.50.090 Access management standards.

47.50.090 Access management standards. (1) The department shall develop, adopt, and maintain an access control classification system for all routes on the state highway system, the purpose of which shall be to provide for the implementation and continuing applications of the provision of this chapter.

(2) The principal component of the access control classification system shall be access management standards, the purpose of which shall be to provide specific minimum standards to be adhered to in the planning for and approval of access to state highways.

(3) The control classification system shall be developed consistent with the following:
(a) The department shall, no later than January 1, 1993, adopt rules setting forth procedures governing the implementation of the access control classification system required by this chapter. The rule shall provide for input from the entities described in (b) of this subsection as well as for public meetings to discuss the access control classification system. Nothing in this chapter shall affect the validity of the department’s existing or subsequently adopted rules concerning access to the state highway system. Such rules shall remain in effect until repealed or replaced by the rules required by this chapter.
(b) The access control classification system shall be developed in cooperation with counties, cities and towns, the department of community, trade, and economic development, regional transportation planning organizations, and other local governmental entities, and for city streets designated as state highways pursuant to chapter 47.24 RCW, adopted with the concurrence of the city design standards committee.

(iii) Existing and projected traffic volumes;
(iv) Existing and projected state, local, and metropolitan planning organization transportation plans and needs;
(v) Drainage requirements;
(vi) The character of lands adjoining the highway;
(vii) The type and volume of traffic requiring access;
(viii) Other operational aspects of access;

(d) Access management standards shall include, but not be limited to, connection location standards, safety factors, design and construction standards, desired levels of service, traffic control devices, and effective maintenance of the roads. The standards shall also contain minimum requirements for the spacing of connections, intersecting streets, roads, and highways.

47.56.771 Refunding bonds—General obligation—Signatures, negotiability—Payment of principal and interest—Pledge of excise taxes.

47.56.030 Powers and duties regarding toll facilities—Purchasing. The department of transportation shall have full charge of the construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof. The transportation commission shall determine and establish the tolls and charges thereon, and shall perform all duties and exercise all powers relating to the financing, refinancing, and fiscal management of all toll bridges and other toll facilities including the Washington state ferries, and bonded indebtedness in the manner provided by law. The department shall have full charge of design of all toll facilities. The department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities.

The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

[1995 RCW Supp—page 632]
(1) When the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(2) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(a) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;
(b) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;
(c) Whether the proposer can perform the contract within the time specified;
(d) The quality of performance of previous contracts or services;
(e) The previous and existing compliance by the proposer with laws relating to the contract or services;
(f) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and
(g) Such other information as may be secured having a bearing on the decision to award the contract.

When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal.

(3) The legislative transportation committee shall review the secretary's use of the request for proposals solicitation for Washington state ferries projects to determine if the process established under chapter 4, Laws of 1995 1st sp. sess. is appropriate. The results of the review, including recommendations for modification of the request for proposal process, shall be reported to the house of representatives and senate transportation committees by January 1, 1997. 47.56.749 Columbia river bridge at Horn Rapids—Bonds—Statement describing nature of obligation—Sources of payment. Bonds and bond anticipation notes issued under the provisions of RCW 47.56.740 through 47.56.756 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in chapter 212, Laws of 1979 ex. sess. from the proceeds of state excise taxes on motor vehicles and special fuels imposed by chapters 82.36 and 82.38 RCW and from the tolls and revenues derived from the operation of such toll bridge. [1995 c 274 § 15; 1979 ex.s. c 212 § 10.]

Severability—1979 ex.s. c 212: See note following RCW 47.56.740.

47.56.750 Columbia river bridge at Horn Rapids—Bonds—Account created in highway bond retirement fund—Deposit of revenue—Pledge of excise taxes—Repayment procedure—Legislative covenant. There is hereby created in the highway bond retirement fund the legislative construction of the Columbia river toll bridge account into which shall be deposited any capitalized interest from the proceeds of the bonds, and at least monthly all of the tolls and other revenues received from the operation of the toll bridge and from any interest which may be earned from the deposit or investment of these revenues after the payment of costs of operation, maintenance, management, and necessary repairs of the facility. The principal of and interest on the bonds shall be paid first from money deposited in the Columbia river toll bridge account in the highway bond retirement fund, and then, to the extent that money deposited in that account is insufficient to make any such payment when due, from the state excise taxes on motor vehicle and special fuels deposited in the highway bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the bonds if the money deposited in the Columbia river toll bridge account of the highway bond retirement fund is insufficient to make such payments. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional moneys as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the highway bond retirement fund. Any proceeds of such excise taxes required for these
purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the state. If the proceeds from the excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.100 as now existing or hereafter amended. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first moneys distributed to the state not required for redemption of the bonds or interest thereon. The legislature covenants and pledges that it shall at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the bonds. [1995 c 274 § 16; 1979 ex.s. c 212 § 11.]

Severability—1979 ex.s. c 212: See note following RCW 47.56.740.

47.56.771 Refunding bonds—General obligation—Signatures, negotiability—Payment of principal and interest—Pledge of excise taxes. (1) The refunding bonds authorized under RCW 47.56.770 shall be general obligation bonds of the state of Washington and shall be issued in a total principal amount not to exceed fifteen million dollars. The exact amount of refunding bonds to be issued shall be determined by the state finance committee after calculating the amount of money deposited with the trustee for the bonds to be refunded which can be used to redeem or defease outstanding toll bridge authority, ferry, and Hood Canal bridge revenue bonds after the setting aside of sufficient money from that fund to pay the first interest installment on the refunding bonds. The refunding bonds shall be serial in form maturing at such time, in such amounts, having such denomination or denominations, redemption privileges, and having such terms and conditions as determined by the state finance committee. The last maturity date of the refunding bonds shall not be later than January 1, 2002.

(2) The refunding bonds shall be signed by the governor and the state treasurer under the seal of the state, which signatures shall be made manually or in printed facsimile. The bonds shall be registered in the name of the owner in accordance with chapter 39.46 RCW. The refunding bonds shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state, and shall contain an unconditional promise to pay the principal thereof and the interest thereon when due. The refunding bonds shall be fully negotiable instruments.

(3) The principal and interest on the refunding bonds shall be first payable in the manner provided in this section from the proceeds of state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW.

(4) The principal of and interest on the refunding bonds shall be paid first from the state excise taxes on motor vehicle and special fuels deposited in the ferry bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the refunding bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the refunding bonds. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional money as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the ferry bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account. If the proceeds from excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the refunding bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account.

In determining which structures or obstacles constitute a safety hazard, or a hazard to flight, the department shall take into account those obstacles located at a river, lake, or canyon crossing, and in other low-altitude flight paths usually traveled by aircraft including, but not limited to, airport areas and runway departure and approach areas as defined by federal air regulations. 47.76.200 Legislative findings. The legislature finds that a balanced multimodal transportation system is required to maintain the state's commitment to the growing mobility needs of its citizens and commerce. The state's freight rail system, including branch lines, mainlines, rail corridors, terminals, yards, and equipment, is an important element of this multimodal system. Washington's economy relies heavily upon the freight rail system to ensure movement of the state's agricultural, chemical, and natural resources and manufactured products to local, national, and international markets and thereby contributes to the economic vitality of the state.

Since 1970, Washington has lost over one-third of its rail miles to abandonment and bankruptcies. The combination of rail abandonments and rail system capacity constraints may alter the delivery to market of many commodities. In addition, the resultant motor vehicle freight traffic increases the burden on state highways and county roads. In many cases, the cost of maintaining and upgrading the state highways and county roads exceeds the cost of maintaining rail freight service. Thus, the economy of the state will be best served by a policy of maintaining and encouraging a healthy rail freight system by creating mechanisms that keep rail freight lines operating if the benefits of the service outweigh the cost.

Recognizing the implications of this trend for freight mobility and the state's economic future, the legislature finds that better freight rail planning, better cooperation to preserve rail lines, and increased financial assistance from the state are necessary to maintain and improve the freight rail system within the state. 47.76.210 State freight rail program. The Washington state department of transportation shall implement a state freight rail program that supports the freight rail service objectives identified in the state's multimodal transportation plan required under chapter 47.06 RCW. The support may be in the form of projects and strategies that support branch lines and light-density lines, provide access to ports, maintain adequate mainline capacity, and preserve or restore rail corridors and infrastructure. [1995 c 380 § 2; 1990 c 43 § 2. Formerly RCW 47.76.110.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 81.100.010.

47.76.220 State rail plan—Contents. (1) The department of transportation shall prepare and periodically update a state rail plan, the objective of which is to identify, evaluate, and encourage essential rail services. The plan shall:

(a) Identify and evaluate mainline capacity issues;
(b) Identify and evaluate port-to-rail access and congestion issues;
(c) Identify and evaluate those rail freight lines that may be abandoned or have recently been abandoned;
(d) Quantify the costs and benefits of maintaining rail service on those lines that are likely to be abandoned; (e) Establish priorities for determining which rail lines should receive state support. The priorities should include the anticipated benefits to the state and local economy, the anticipated cost of road and highway improvements necessitated by the abandonment or capacity constraints of the rail line, the likelihood the rail line receiving funding can meet operating costs from freight charges, surcharges on rail traffic, and other funds authorized to be raised by a county or port district, and the impact of abandonment or capacity constraints on changes in energy utilization and air pollution;
(f) Identify and describe the state's rail system;
(g) Prepare a state freight rail system map;
(h) Identify and evaluate rail commodity flows and traffic types;
(i) Identify lines and corridors that have been rail banked or preserved; and
(j) Identify and evaluate other issues affecting the state's rail traffic.

(2) The state rail plan may be prepared in conjunction with the rail plan prepared by the department pursuant to the federal Railroad Revitalization and Regulatory Reform Act. [1995 c 380 § 3; 1993 c 224 § 2; 1985 c 432 § 1; 1983 c 303 § 5. Formerly RCW 47.76.020.]

Severability—1983 c 303: See RCW 36.60.905.

47.76.230 Freight rail planning. (1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan and programs, and the utilities and transportation commission shall continue its responsibility for intrastate rates, service, and safety issues.

(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of major shippers shall be obtained to the extent that such information is available.

(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local interests. Technical assistance includes, but is not limited to, the following:

(a) Rail project cost-benefit analyses conducted in accordance with methodologies recommended by the Federal Railroad Administration;
(b) Assistance in the formation of county rail districts and port districts; and
(c) Feasibility studies for rail service continuation and/or rail service assistance.

(4) With funding authorized by the legislature, the department of transportation, in collaboration with the department of community, trade, and economic development, and local economic development agencies, and other interested public and private organizations, shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters. [1995 c 380 § 4; 1990 c 43 § 3. Formerly RCW 47.76.120.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 81.100.010.
47.76.240 Rail preservation program. The state, counties, local communities, ports, railroads, labor, and shippers all benefit from continuation of rail service and should participate in its preservation. Lines that provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

State funding for rail service, rail preservation, and corridor preservation projects must benefit the state's interests. The state's interest is served by reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, preserving jobs, and enhancing safety. State funding for projects is contingent upon appropriate local jurisdiction and private sector participation and cooperation. Before spending state moneys on projects the department shall seek federal, local, and private funding and participation to the greatest extent possible.

(1) The department of transportation shall continue to monitor the status of the state's mainline and branchline common carrier railroads and preserved rail corridors through the state rail plan and various analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in interstate commerce commission proceedings on abandonments, when necessary, to protect the state's interest.

(3) The department of transportation, in consultation with the Washington state freight rail policy advisory committee, shall establish criteria for evaluating rail projects and corridors of significance to the state.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

(5) The department of transportation shall continue to monitor projects for which it provides assistance. [1995 c 380 § 5; 1993 c 224 § 3; 1990 c 43 § 4. Formerly RCW 47.76.130.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 81.100.010.

47.76.250 Essential rail assistance account—Purposes. (1) The essential rail assistance account is created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be used by the department or distributed by the department to cities, county rail districts, counties, economic development councils, and port districts for the purpose of:

(a) Acquiring, rebuilding, rehabilitating, or improving rail lines;

(b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;

(c) Constructing railroad improvements to mitigate port access or mainline congestion;

(d) Construction of loading facilities to increase business on light density lines or to mitigate the impacts of abandonment;

(e) Preservation, including operation, of light density lines, as identified by the Washington state department of transportation, in compliance with this chapter; or

(f) Preserving rail corridors for future rail purposes by purchase of rights of way. The department shall first pursue transportation enhancement program funds, available under the federal surface transportation program, to the greatest extent practicable to preserve rail corridors. Purchase of rights of way may include track, bridges, and associated elements, and must meet the following criteria:

(i) The right of way has been identified and evaluated in the state rail plan prepared under this chapter;

(ii) The right of way may be or has been abandoned; and

(iii) The right of way has potential for future rail service.

(3) The department or the participating local jurisdiction is responsible for maintaining any right of way acquired under this chapter, including provisions for drainage management, fire and weed control, and liability associated with ownership.

(4) Nothing in this section impairs the reversionary rights of abutting landowners, if any, without just compensation.

(5) The department, cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired under this chapter.

(6) The department, cities, county rail districts, counties, and port districts may grant trackage rights over rail lines acquired under this chapter.

(7) If rail lines or rail rights of way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights of way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or until compensation has been made to the underlying fee title holder or reversionary rights holder.

(8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. Project criteria should consider the level of local financial commitment to the project as well as cost/benefit ratio. Counties, local communities, railroads, shippers, and others who benefit from the project should participate financially to the greatest extend practicable.

(9) Moneys received by the department from franchise fees, trackage rights fees, and loan payments shall be redeposited in the essential rail assistance account. Repayment of loans made under this section shall occur within a period not longer than fifteen years, as set by the department. The repayment schedule and rate of interest, if any, shall be determined before the distribution of the moneys.

(10) The state shall maintain a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage,
or use it in any other manner subordinating the state’s interest without permission from the department.

(11) Moneys distributed under this chapter should be provided as loans wherever practicable. For improvements on or to privately owned railroads, railroad property, or other private property, moneys distributed shall be provided solely as loans. 48.01.053 "Issuer" defined. "Issuer" as used in this title and chapter 26.18 RCW means insurer, fraternal benefit society, certified health plan, health maintenance organization, and health care service contractor. [1995 c 34 § 1.]

48.01.180 Adopted children—Insurance coverage.
(1) A child of an insured, subscriber, or enrollee shall be considered a dependent child for insurance purposes under this title upon assumption by the insured, subscriber, or enrollee of a legal obligation for total or partial support of a child in anticipation of adoption of the child. Upon the termination of such legal obligations, the child shall not be considered a dependent child for insurance purposes.

(2) Every policy or contract providing coverage for health benefits to a resident of this state shall provide coverage for dependent children placed for adoption under the same terms and conditions as apply to the natural, dependent children of the insured, subscriber, or enrollee whether or not the adoption has become final.

(3) No policy or contract may restrict coverage of any dependent child adopted by, or placed for adoption with, an insured, subscriber, or enrollee solely on the basis of a preexisting condition of the child at the time that the child would otherwise become eligible for coverage under the plan if the adoption or placement for adoption occurs while the insured, subscriber, or enrollee is eligible for coverage under the plan. [1995 c 34 § 4; 1986 c 140 § 1.]

48.01.190 Immunity from civil liability. (2) The commissioner and the National Association of Insurance Commissioners, and the agents and employees of each, are immune from liability in any civil action or suit arising from the publication of any report or bulletin or dissemination of information related to the official activities of the commissioner or the National Association of Insurance Commissioners, unless actual malice, fraud, or bad faith is shown.

(4) The immunity granted by this section is in addition to any common law or statutory privilege or immunity enjoyed by such person, and nothing in this section is intended to abrogate or modify in any way such common law or statutory privilege or immunity. [1995 c 10 § 1; 1987 c 51 § 1.]

48.01.230 Eligibility for coverage or making payments may not be contingent on eligibility for medical assistance. An issuer and an employee welfare benefit plan, whether insured or self funded, as defined in the employee retirement income security act of 1974, 29 U.S.C. Sec. 1101 et seq. may not consider the availability of eligibility for medical assistance in this state under medical assistance, RCW 74.09.500, or any other state under 42 U.S.C. Sec. 1396a, section 1902 of the social security act, in considering eligibility for coverage or making payments under its plan

for eligible enrollees, subscribers, policyholders, or certificate holders. [1995 c 34 § 2.]

48.01.235 Enrollment of a child under the health plan of the child's parent—Requirements—Restrictions.

(1) An issuer and an employee welfare benefit plan, whether insured or self funded, as defined in the employee retirement income security act of 1974, 29 U.S.C. Sec. 1101 et seq., may not deny enrollment of a child under the health plan of the child's parent on the grounds that:

(a) The child was born out of wedlock;
(b) The child is not claimed as a dependent on the parent's federal tax return; or
(c) The child does not reside with the parent or in the issuer's, or insured or self funded employee welfare benefit plan's service area.

(2) Where a child has health coverage through an issuer, or an insured or self funded employee welfare benefit plan of a noncustodial parent[,] the issuer, or insured or self funded employee welfare benefit plan, shall:

(a) Provide such information to the custodial parent as may be necessary for the child to obtain benefits through that coverage;
(b) Permit the provider or the custodial parent to submit claims for covered services without the approval of the noncustodial parent. If the provider submits the claim, the provider will obtain the custodial parent's assignment of insurance benefits or otherwise secure the custodial parent's approval.

For purposes of this subsection the department of social and health services as the state medicaid agency under RCW 74.09.500 may reassign medical insurance rights to the provider for custodial parents whose children are eligible for services under RCW 74.09.500; and

(c) Make payments on claims submitted in accordance with (b) of this subsection directly to the custodial parent, to the provider, or to the department of social and health services as the state medicaid agency under RCW 74.09.500.

(3) Where a child does not reside in the issuer's service area, an issuer shall cover no less than urgent and emergent care. Where the issuer offers broader coverage, whether by policy or reciprocal agreement, the issuer shall provide such coverage to any child otherwise covered that does not reside in the issuer's service area.

(4) Where a parent is required by a court order to provide health coverage for a child, and the parent is eligible for family health coverage, the issuer, or insured or self funded employee welfare benefit plan, shall:

(a) Permit the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions;
(b) Enroll the child under family coverage upon application of the child's other parent, department of social and health services as the state medicaid agency under RCW 74.09.500, or child support enforcement program as defined under *RCW 26.18.170, if the parent is enrolled but fails to make application to obtain coverage for such child; and
(c) Not disenroll, or eliminate coverage of, such child who is otherwise eligible for the coverage unless the issuer or insured or self funded employee welfare benefit plan is provided satisfactory written evidence that:

(i) The court order is no longer in effect; or
(ii) The child is or will be enrolled in comparable health coverage through another issuer, or insured or self funded employee welfare benefit plan, which will take effect not later than the effective date of disenrollment.

(5) An issuer, or insured or self funded employee welfare benefit plan, that has been assigned the rights of an individual eligible for medical assistance under medicaid and coverage for health benefits from the issuer, or insured or self funded employee welfare benefit plan, may not impose requirements on the department of social and health services that are different from requirements applicable to an agent or assignee of any other individual so covered. [1995 c 34 § 3.]

*Reviser's note: "Child support enforcement program" is not defined in RCW 26.18.170. See chapter 26.18 RCW for child support enforcement generally.

EXAMINATIONS

Sections
48.03.060 Examination expense.

48.03.060 Examination expense. (1) Examinations within this state of any insurer domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner's examiners and employees shall, except as to fees, mileage, and expense incurred to witnesses, be at the expense of the state.

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which shall be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable therefor shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner's examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem salary and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the National Association of Insurance Commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the Washington personnel resources board and the expense schedule established by the office of financial management, whichever is higher. Domestic title insurer shall pay the
examination expense and costs to the commissioner as itemized and billed by the commissioner.

The commissioner or the commissioner’s examiners shall not receive or accept any additional emolument on account of any examination.

(5) Nothing contained in this chapter limits the commissioner’s authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

48.05.435  Report of RBC levels—Formula for determining levels—Inaccurate reports adjusted by commissioner. (1) Every domestic insurer shall, on or prior to the filing date, which is hereby established as March 1, prepare and submit to the commissioner a report of its RBC levels as of the end of the calendar year just ended, in a form and containing that information required by the RBC instructions. In addition, every domestic insurer shall file its RBC report:
(a) With the NAIC in accordance with the RBC instructions; and
(b) With the insurance commissioner in any state in which the insurer is authorized to do business, if the insurance commissioner has notified the insurer of its request in writing, in which case the insurer shall file its RBC report not later than the later of:
(i) Fifteen days from the receipt of notice to file its RBC report with that state; or
(ii) The filing date.
(2) A life and disability insurer’s RBC shall be determined in accordance with the formula set forth in the RBC instructions. The formula shall take into account and may adjust for the covariance between:

(4) An excess of capital over the amount produced by the RBC requirements and the formulas, schedules, and instructions under RCW 48.05.430 through 48.05.490 is desirable in the business of insurance. Accordingly, insurers should seek to maintain capital above the RBC levels required. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in, or affecting, the business of insurance and not accounted for or only partially measured by the RBC requirements.
(5) If a domestic insurer files an RBC report that in the judgment of the commissioner is inaccurate, then the commissioner shall adjust the RBC report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. [1995 c 83 § 2.]

(b) Contains proposals of corrective actions that the insurer intends to take and would be expected to result in the elimination of the company action level event;
(c) Provides projections of the insurer’s financial results in the current year and at least the four succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including projections of statutory operating income, net income, capital, and surplus. The projections for both new and renewal business might include separate projections for each major line of business and separately identify each significant income, expense, and benefit component;
(d) Identifies the key assumptions impacting the insurer’s projections and the sensitivity of the projections to the assumptions; and
(e) Identifies the quality of, and problems associated with, the insurer’s business, including but not limited to its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance, if any, in each case.

(5) In the event of a notification by the commissioner to an insurer that the insurer’s RBC plan or revised RBC plan is unsatisfactory, the commissioner may, subject to the insurer’s rights to a hearing under RCW 48.05.460, specify in the notification that the notification constitutes a regulatory action level event.

(6) Every domestic insurer that files an RBC plan or revised RBC plan with the commissioner shall file a copy of the RBC plan or revised RBC plan with the insurance commissioner in any state in which the insurer is authorized to do business if:

(a) The state has an RBC provision substantially similar to RCW 48.05.465(1); and

(b) The insurance commissioner of that state has notified the insurer of its request for the filing in writing, in which case the insurer shall file a copy of the RBC plan or revised RBC plan in that state no later than the later of:

(i) If, under RCW 48.05.460, the insurer challenges a determination by the commissioner under (h) of this subsection, the notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the challenge.

The RBC plan or revised RBC plan shall be submitted:

(a) Within forty-five days after the occurrence of the regulatory action level event;

(b) If the insurer challenges an adjusted RBC report under RCW 48.05.460, and the challenge is not frivolous in the judgment of the commissioner, within forty-five days after the notification to the insurer that the commissioner has, after a hearing, rejected the insurer’s challenge; or

(c) If the insurer challenges a revised RBC plan under RCW 48.05.460, and the challenge is not frivolous in the judgment of the commissioner, within forty-five days after the notification to the insurer that the commissioner has, after a hearing, rejected the insurer’s challenge.

(d) The failure of the insurer to respond, in a manner satisfactory to the commissioner, to a corrective order, provided the insurer has not challenged the corrective order under RCW 48.05.460; or

(e) If the insurer has challenged a corrective order under RCW 48.05.460 and the commissioner has, after a hearing, rejected the challenge or modified the corrective order, the failure of the insurer to respond, in a manner satisfactory to the commissioner, to the corrective order subsequent to rejection or modification by the commissioner.

(2) In the event of an authorized control level event with respect to an insurer, the commissioner shall:

(a) Take those actions required under RCW 48.05.445 regarding an insurer with respect to which a regulatory action level event has occurred; or

(b) If the commissioner deems it to be in the best interests of the policyholders and creditors of the insurer and of the public, take those actions necessary to cause the insurer to be placed under regulatory control under chapter 48.31 RCW. In the event the commissioner takes these actions, the authorized control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW, and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. In the event the commissioner takes actions under this subsection pursuant to an adjusted RBC report, the insurer is entitled to those protections afforded to insurers under RCW 48.31.121 pertaining to summary proceedings. [1995 c 83 § 5.]

48.05.455 Mandatory control level event—Definition—Commissioner’s duties. (1) "Mandatory control level event" means any of the following events:

(a) The filing of an RBC report indicating that the insurer's total adjusted capital is less than its mandatory control level RBC;

(b) Notification by the commissioner to the insurer of an adjusted RBC report that indicates the event in (a) of this subsection, provided the insurer does not challenge the adjusted RBC report under RCW 48.05.460; or

(c) If, under RCW 48.05.460, the insurer challenges an adjusted RBC report that indicates the event in (a) of this subsection, notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer's challenge.

(2) In the event of a mandatory control level event:

(a) With respect to a life and disability insurer, the commissioner shall take those actions necessary to place the insurer under regulatory control under chapter 48.31 RCW. In that event, the mandatory control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW, and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. If the commissioner takes actions pursuant to an adjusted RBC report, the insurer is entitled to the protections of RCW 48.31.121 pertaining to summary proceedings. However, the commissioner may forego action for up to ninety days after the mandatory control level event if the commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the ninety-day period.

(b) With respect to a property and casualty insurer, the commissioner shall take those actions necessary to place the insurer under regulatory control under chapter 48.31 RCW, or, in the case of an insurer that is writing no business and that is running-off its existing business, may allow the insurer to continue its run-off under the supervision of the commissioner. In either event, the mandatory control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. If the commissioner takes actions pursuant to an adjusted RBC report, the insurer is entitled to the protections of RCW 48.31.121 pertaining to summary proceedings. However, the commissioner may forego action for up to ninety days after the mandatory control level event if the commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the ninety-day period. [1995 c 83 § 6.]
48.05.465 Confidentiality of RBC reports and plans—Use of information for comparative purposes—Use of information to monitor solvency. (1) All RBC reports, to the extent the information is not required to be set forth in a publicly available annual statement schedule, and RBC plans, including the results or report of any examination or analysis of an insurer and any corrective order issued by the commissioner, with respect to any domestic insurer or foreign insurer that are filed with the commissioner constitute information that might be damaging to the insurer if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information shall not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner.

(2) The comparison of an insurer’s total adjusted capital to any of its RBC levels is a regulatory tool that may indicate the need for possible corrective action with respect to the insurer, and is not a means to rank insurers generally. Therefore, except as otherwise required under the provisions of RCW 48.05.430 through 48.05.490, the making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the RBC levels of any insurer, or of any component derived in the calculation, by any insurer, agent, broker, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited. However, if any materially false statement with respect to the comparison regarding an insurer’s total adjusted capital to its RBC levels, or any of them, or an inappropriate comparison of any other amount to the insurer’s RBC levels is published in any written publication and the insurer is able to demonstrate to the commissioner with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.

(3) The RBC instructions, RBC reports, adjusted RBC reports, RBC plans, and revised RBC plans are solely for use by the commissioner in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers and shall not be used by the commissioner for ratemaking nor considered or introduced as evidence in any rate proceeding nor used by the commissioner to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance that an insurer or any affiliate is authorized to write. [1995 c 83 § 8.]

48.05.470 Regulation of capital and surplus requirements is supplemental—Commissioner may grant exemptions. (1) The provisions of RCW 48.05.430 through 48.05.490 are supplemental to any other provisions of the laws of this state, and shall not preclude or limit any other powers or duties of the commissioner under those laws, including, but not limited to, chapter 48.31 RCW.

(2) The commissioner may exempt any domestic property and casualty insurer from RCW 48.05.430 through 48.05.490, if the insurer:

(a) Writes direct business only in this state;

(b) Writes direct annual premiums of two million dollars or less; and

(c) Assumes no reinsurance in excess of five percent of direct premiums written. [1995 c 83 § 9.]

48.05.475 RBC report from foreign or alien insurers—Request of commissioner—Commissioner’s options. (1) Any foreign or alien insurer shall, upon the written request of the commissioner, submit to the commissioner an RBC report as of the end of the calendar year just ended by the later of:

(a) The date an RBC report would be required to be filed by a domestic insurer under RCW 48.05.435; or

(b) Fifteen days after the request is received by the foreign or alien insurer. Any foreign or alien insurer shall, at the written request of the commissioner, promptly submit to the commissioner a copy of any RBC plan that is filed with the insurance commissioner of any other state.

(2) In the event of a company action level event, regulatory action level event, or authorized control level event with respect to any foreign or alien insurer as determined under the RBC statute applicable in the state of domicile of the insurer or, if no RBC statute is in force in that state, under the provisions of RCW 48.05.430 through 48.05.490, if the insurance commissioner of the state of domicile of the foreign or alien insurer fails to require the foreign or alien insurer to file an RBC plan in the manner specified under that state’s RBC statute, the commissioner may require the foreign or alien insurer to file an RBC plan. In this event, the failure of the foreign or alien insurer to file an RBC plan is grounds to order the insurer to cease and desist from writing new insurance business in this state.

(3) In the event of a mandatory control level event with respect to any foreign or alien insurer, if no domiciliary receiver has been appointed with respect to the foreign or alien insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign or alien insurer, the commissioner may apply for an order under RCW 48.31.080 or 48.31.090 to conserve the assets within this state of foreign or alien insurers, and the occurrence of the mandatory control level event is considered adequate grounds for the application. [1995 c 83 § 10.]

48.05.480 No liability for regulation of capital and surplus requirements. There is no liability on the part of, and no cause of action may arise against, the commissioner or insurance department or its employees or agents for any action taken by them in the performance of their powers and duties under RCW 48.05.430 through 48.05.490. [1995 c 83 § 11.]

48.05.485 Notices by commissioner—When effective. All notices by the commissioner to an insurer that may result in regulatory action are effective upon dispatch if transmitted by registered or certified mail, or in the case of any other transmission are effective upon the insurer’s receipt of the notice. [1995 c 83 § 12.]
48.05.490 RBC reports for 1995—Requirements. For RBC reports required by property and casualty insurers for 1995, the following requirements apply in lieu of RCW 48.05.440 through 48.05.455:

4. In the event of a mandatory control level event with respect to an insurer, the commissioner shall take the actions required under RCW 48.05.450. [1995 c 83 § 13.]

48.05.510 Disclosure of certain material transactions—Insurer’s report—Information is confidential. (1) Every insurer domiciled in this state shall file a report with the commissioner disclosing material acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements unless these acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements have been submitted to the commissioner for review, approval, or information purposes under other provisions of this title or other requirements.

(2) The report required in subsection (1) of this section is due within fifteen days after the end of the calendar month in which any of the transactions occur.

(3) One complete copy of the report, including any exhibits or other attachments filed as part of the report, shall be filed with the:
(a) Commissioner; and
(b) National association of insurance commissioners.

(4) All reports obtained by or disclosed to the commissioner under this section and RCW 48.05.515 through 48.05.535 are exempt from public inspection and copying and are not subject to subpoena. These reports shall not be made public by the commissioner, the national association of insurance commissioners, or any other person, except to insurance departments of other states, without the prior written consent of the insurer to which it pertains unless the commissioner, after giving the insurer that would be affected by disclosure notice and a hearing under chapter 48.04 RCW, determines that the interest of policyholders, shareholders, or the public will be served by the publication, in which event the commissioner may publish all or any part of the report in the manner he or she deems appropriate. [1995 c 86 § 1.]

48.05.515 Material acquisitions or dispositions. No acquisitions or dispositions of assets need be reported under RCW 48.05.510 if the acquisitions or dispositions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material acquisition, or the aggregate of any series of related acquisitions during any thirty-day period; or disposition, or the aggregate of any series of related dispositions during any thirty-day period is an acquisition or disposition that is nonrecurring and not in the ordinary course of business and involves more than five percent of the reporting insurer’s total assets as reported in its most recent statutory statement filed with the commissioner. [1995 c 86 § 2.]

48.05.520 Asset acquisitions—Asset dispositions. (1) Asset acquisitions subject to RCW 48.05.510 through 48.05.535 include every purchase, lease, exchange, merger, consolidation, succession, or other acquisition other than the construction or development of real property by or for the reporting insurer or the acquisition of materials for such a purpose.

(2) Asset dispositions subject to RCW 48.05.510 through 48.05.535 include every sale, lease, exchange, merger, consolidation, mortgage, hypothecation, abandonment, destruction, other disposition, or assignment, whether the assignment is for the benefit of creditors or otherwise. [1995 c 86 § 3.]

48.05.525 Report of a material acquisition or disposition of assets—Information required. (1) The following information is required to be disclosed in any report of a material acquisition or disposition of assets:

(b) Manner of acquisition or disposition;
(c) Description of the assets involved;
(d) Nature and amount of the consideration given or received;
(e) Purpose of or reason for the transaction;
(f) Manner by which the amount of consideration was determined;
(g) Gain or loss recognized or realized as a result of the transaction; and
(h) Names of the persons from whom the assets were acquired or to whom they were disposed.

(2) Insurers are required to report material acquisitions and dispositions on a nonconsolidated basis unless the insurer is part of a consolidated group of insurers that utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the insurer’s reserves and such an insurer ceded substantially all of its direct and assumed business to the pool. An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer’s capital and surplus. [1995 c 86 § 4.]

48.05.530 Material nonrenewals, cancellations, or revisions of ceded reinsurance agreements. (1) No nonrenewals, cancellations, or revisions of ceded reinsurance agreements need be reported under RCW 48.05.510 if the nonrenewals, cancellations, or revisions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material nonrenewal, cancellation, or revision is one that affects:
(a) More than fifty percent of a property and casualty insurer’s total ceded written premium;
48.05.530 Title 48 RCW: Insurance

(b) More than fifty percent of the property and casualty insurer's total ceded indemnity and loss adjustment reserves;
(c) More than fifty percent of a nonproperty and casualty insurer's total reserve credit taken for business ceded, on an annualized basis, as indicated in the insurer's most recent annual statement;
(d) More than ten percent of an insurer's total cession when it is replaced by one or more unauthorized reinsurers; or
(e) Previously established collateral requirements, when they have been reduced or waived as respects one or more unauthorized reinsurers representing collectively more than ten percent of a total cession.

(2) However, a filing is not required if:
(a) A property and casualty insurer's total ceded premium represents, on an annualized basis, less than ten percent of its total written premium for direct and assumed business; or
(b) A nonproperty and casualty insurer's total reserve credit taken for business ceded represents, on an annualized basis, less than ten percent of the statutory reserve requirement prior to any cession. [1995 c 86 § 5.]

(a) The effective date of the nonrenewal, cancellation, or revision;
(b) The description of the transaction with an identification of the initiator;
(c) The purpose or reason for the transaction; and
(d) If applicable, the identity of the replacement reinsurers.

(2) Insurers are required to report all material nonrenewals, cancellations, or revisions of ceded reinsurance agreements on a nonconsolidated basis unless the insurer is part of a consolidated group of insurers that utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the insurer's reserves and the insurer ceded substantially all of its direct and assumed business to the pool. An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer's capital and surplus. [1995 c 86 § 6.]

48.05.900 Severability—1995 c 83. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1995 c 83 § 15.]

(2) The commissioner may require that such reserve shall be equal to the unearned portions of the gross premiums in force after deducting authorized reinsurance, as computed on each respective risk from the policy's date of issue. If the commissioner does not so require, the portions of the gross premiums in force, less authorized reinsurance, to be held as a premium reserve, shall be computed according to the following table:

(3) In lieu of computation according to such table, all of such reserves may be computed, at the insurer's option, on a monthly pro rata basis.

(4) After adopting any one of the methods for computing such reserve an insurer shall not change methods without the commissioner's approval.

(5) If, for certain policies, the insurer's exposure to loss is uneven over the policy term, the commissioner may grant permission to the insurer to use a different method of calculating the unearned premium reserve on those certain policies. [1995 c 35 § 1; 1973 1st ex.s. c 162 § 2; 1947 c 79 § 12.04; Rem. Supp. 1947 § 45.12.04.]

48.12.120 Loss reserve—Workers' compensation insurance. The loss reserve for workers' compensation insurance shall be as follows:

(1) For all compensation claims under policies of compensation insurance written more than three years prior to the date of determination, the loss reserve shall be not less than the present values at four percent interest of the determined and the estimated future payments.

(2) For all compensation claims under policies of compensation insurance written in the three years immediately preceding the date of determination, the loss reserve shall be not less than the present value at three and one-half percent interest of the determined and the estimated future payments, and shall include any additional reserves required by the annual statement instructions of the national association of insurance commissioners. (1)(a) An insurer offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the basic health plan, to the extent these provisions are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.
(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.20.390, 48.20.393, 48.20.395, 48.20.397, 48.20.410, 48.20.411, 48.20.412, 48.20.416, and 48.20.420 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.

(i) Geographic area;
(ii) Family size;

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;
(ii) Changes to the health benefit plan requested by the individual; or
(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(3) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.21.045.

er, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage.

(4) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

48.30A.005 Findings—Intent. The legislature finds that the business of insurance is one affected by the public interest, requiring that all persons be actuated by good faith, abstain from deception, and practice honesty and equity in all insurance matters. The payment of kickbacks, bribes, or rebates for referrals to service providers, as has been occurring with increasing regularity in this state, results in inflated or fraudulent insurance claims, results in greater insurance costs for all citizens, and is contrary to the public interest. In particular, the process whereby "cappers" buy and sell insurance claims without the controls of professional licensing and discipline creates a fertile ground for illegal activity and has, in this state, resulted in frauds committed against injured claimants, insurance companies, and the public. Operations that engage in this practice have some or all of the following characteristics: Cappers, acting under an agreement or understanding that they will receive a pecuniary benefit, refer claimants with real or imaginary claims, injuries, or property damage to service providers. This sets off a chain of events that corrupts both the provision of services and casualty or property insurance for all citizens. This chain of events includes false claims for services through the use of false estimates of repair; false prescriptions of care or rehabilitative therapy; services that either do not occur or are provided by persons unqualified to provide the services; submission of false claims; submission of and demands for fraudulent costs, lost wages, pain and suffering, and the like; and other devices meant to result in false claims under casualty or property insurance policies or
contracts, whether insured or self-insured, and either directly or through subrogation.

The legislature finds that combatting these practices requires laws carefully fashioned to identify practices that mimic customary business practices. The legislature does not intend this law to be used against medical and other business referral practices that are otherwise legal, customary, and unrelated to the furtherance of some or all of the corrupt practices identified in this chapter. [1995 c 285 § 1.]

48.30A.010 Definitions. The definitions set forth in this section apply throughout this chapter unless the context clearly indicates otherwise.

(1) "Casualty or property insurance" includes both the insurance under which a claim is filed and insurance that receives a claim through subrogation, and means insurance as defined in RCW 48.11.040 and 48.11.070 and includes self-insurance arrangements.

(2) "Claimant" means a person who has or is believed by an actor to have an insurance claim.

(3) "Group-buying arrangement" means an arrangement made by a membership organization having one hundred or more members in which the organization asks for or receives valuable consideration in exchange for referring its members to a service provider; the consideration asked for or received will be or is used to benefit the entire organization, not just one or more individuals in positions of power or influence in the organization; and reasonable efforts are made to disclose to affected members of the organization the nature of the referral relationship, including the nature, extent, amount, and use of the consideration.

(4) "Health care services" means a service provided to a claimant for treatment of physical or mental illness or injury arising in whole or substantial part from trauma.

(5) "Insurance claim" means a claim for payment, benefits, or damages under a contract, plan, or policy of casualty or property insurance.

(6) "Legal provider" means an active member in good standing of the Washington state bar association, and any other person authorized by the Washington state supreme court to engage in full or limited practice of law.

(7) "Service provider" means a person who directly or indirectly provides, advertises, or otherwise claims to provide services.

(8) "Services" means health care services, motor vehicle body or other motor vehicle repair, and preparing, presenting, or negotiating an insurance claim.

(9) "Trauma" means a physical injury or wound caused by external force or violence. [1995 c 285 § 2.]

48.30A.015 Unlawful acts. (1) It is unlawful for a person:

(a) Knowing that the payment is for the referral of a claimant to a service provider, either to accept payment from a service provider or, being a service provider, to pay another; or

(b) To provide or claim or represent to have provided services to a claimant, knowing the claimant was referred in violation of (a) of this subsection.

(2) It is unlawful for a service provider to engage in a regular practice of waiving, rebating, giving, paying, or offering to waive, rebate, give, or pay all or any part of a claimant's casualty or property insurance deductible. [1995 c 285 § 3.]

48.30A.020 Defenses to proceedings under this chapter. In a proceeding under this chapter, it is a defense if proven by the defendant by a preponderance of the evidence that, at the time of the offense:

(1) The conduct alleged was authorized by the rules of professional conduct or the admission to practice rules for lawyers as adopted by the state supreme court, Washington business and professions licensing statutes, or rules adopted by the secretary of health or the director of licensing;

(2) The payment was an incidental nonmonetary gift or gratuity, or was purely social in nature;

(3) The conduct alleged was an exercise of a group-buying arrangement;

(4) The conduct alleged was a legal provider paying a service provider's bills from the proceeds of an insurance claim that included the bills;

(5) The conduct alleged was a legal provider paying for services of an expert witness, including reports, consultation, and testimony; or

(6) The conduct alleged was a service provider's purchase of advertising from an unrelated business that provides referrals from advertising for groups of ten or more service providers that are not related to the advertising business and not related to each other. [1995 c 285 § 4.]

48.30A.025 Trafficking in insurance claims—Penalties. A violation of RCW 48.30A.015 constitutes trafficking in insurance claims. A single violation is a gross misdemeanor. Each subsequent violation, whether alleged in the same or in subsequent prosecutions, is a class C felony. [1995 c 285 § 5.]

48.30A.030 Injunction available—Remedies—Costs—Attorneys' fees—Degree of proof—Time limit. Independent of authority granted to the attorney general, the prosecuting attorney may petition the superior court for an injunction against a person who has violated this chapter. Remedies in an injunctive action brought by a prosecuting attorney are limited to an order enjoining, restraining, or preventing the doing of any act or practice that constitutes a violation of this chapter and imposing a civil penalty of up to five thousand dollars for each violation. The prevailing party in the action may, in the discretion of the court, recover its reasonable investigative costs and the costs of the action including a reasonable attorney's fee. The degree of proof required in an action brought under this section is a preponderance of the evidence. An action under this section must be brought within three years after the violation of this chapter occurred. [1995 c 285 § 6.]

48.30A.035 Detrimental judgment—Written notification to appropriate regulatory or disciplinary body or agency. Whenever a service provider or a person licensed by the state in a business or profession is convicted, enjoined, or found liable for damages or a civil penalty or other equitable relief under RCW 48.30A.030, the attorney general or the prosecuting attorney shall provide written
48.30A.040 Violation—Cause for discipline—Unprofessional conduct—Regulatory penalty. A violation of this chapter is cause for discipline and constitutes unprofessional conduct that could result in any regulatory penalty provided by law, including refusal, revocation, or suspension of a business or professional license, or right or admission to practice. Conduct that constitutes a violation of this chapter is unprofessional conduct in violation of RCW 48.130.180. [1995 c 285 § 8.]

48.30A.045 Insurance antifraud plan—File plan and changes with commissioner. Each insurer licensed to write direct insurance in this state shall institute and maintain an insurance antifraud plan. An insurer licensed on July 1, 1995, shall file its antifraud plan with the insurance commissioner no later than December 31, 1995. An insurer licensed after July 1, 1995, shall file its antifraud plan within six months of licensure. An insurer shall file any change to the antifraud plan with the insurance commissioner within thirty days after the plan has been modified. [1995 c 285 § 9.]

48.30A.050 Insurance antifraud plan—Specific procedures. An insurer’s antifraud plan must establish specific procedures to:

(1) Prevent insurance fraud, including internal fraud involving employees or company representatives, fraud resulting from misrepresentation on applications for insurance coverage, and claims fraud;

(2) Review claims in order to detect evidence of possible insurance fraud and to investigate claims where fraud is suspected;

(3) Report fraud to appropriate law enforcement agencies and cooperate with those agencies in their prosecution of fraud cases;

(4) Undertake civil actions against persons who have engaged in fraudulent activities;

(5) Train company employees and agents in the detection and prevention of fraud. [1995 c 285 § 10.]

48.30A.055 Insurance antifraud plan—Review—Disapproval—Notice—Audit to ensure compliance. If after review of an insurer’s antifraud plan, the commissioner finds that the plan does not comply with RCW 48.30A.050, the commissioner may disapprove the antifraud plan. Notice of disapproval must include a statement of the specific reasons for disapproval. The insurer shall refile a plan disapproved by the commissioner within sixty days of the date of the notice of disapproval. The commissioner may audit insurers to ensure compliance with antifraud plans. [1995 c 285 § 11.]

48.30A.060 Insurance antifraud plan—Actions taken by insurer—Report—Not public records. Each insurer shall annually provide to the insurance commissioner a summary report on actions taken under its antifraud plan to prevent and combat insurance fraud. The report must also include, but not be limited to, measures taken to protect and ensure the integrity of electronic data processing-generated data and manually compiled data, statistical data on the amount of resources committed to combatting fraud, and the amount of fraud identified and recovered during the reporting period. The antifraud plans and summary of the insurer’s antifraud activities are not public records and are exempt from chapter 42.17 RCW, are proprietary, are not subject to public examination, and are not discoverable or admissible in civil litigation. [1995 c 285 § 12.]

48.30A.065 Insurance antifraud plan—Failure to file or exercise good faith—Penalty—Failure to follow plan—Civil penalty. An insurer that fails to file a timely antifraud plan or who does not make a good faith attempt to file an antifraud plan that complies with RCW 48.30A.050, is subject to the penalty provisions of RCW 48.01.080, but no penalty may be imposed for the first filing made by an insurer under this chapter. An insurer that fails to follow the antifraud plan is subject to a civil penalty not to exceed ten thousand dollars for each violation, at the discretion of the commissioner after consideration of all relevant factors, including the willfulness of the violation. [1995 c 285 § 13.]

48.30A.070 Duty to investigate, enforce, and prosecute violations. It is the duty of all peace officers, law enforcement officers, and law enforcement agencies within this state to investigate, enforce, and prosecute all violations of this chapter. [1995 c 285 § 14.]

48.30A.075 Effective date—1995 c 285. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995. [1995 c 285 § 39.]

48.43.010 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

48.43.015 Portability. (1) Every health carrier shall waive any preexisting condition exclusion or limitation for persons or groups who had similar health coverage under a
different health plan at any time during the three-month period immediately preceding the date of application for the new health plan if such person was continuously covered under the immediately preceding health plan. If the person was continuously covered for at least three months under the immediately preceding health plan, the carrier may not impose a waiting period for coverage of preexisting conditions. If the person was continuously covered for less than three months under the immediately preceding health plan, the carrier must credit any waiting period under the immediately preceding health plan toward the new health plan. For the purposes of this subsection, a preceding health plan includes an employer provided self-funded health plan.

(2) Subject to the provisions of subsection (1) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans. In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group’s preexisting conditions or health history. [1995 c 265 § 5.]

48.43.020 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

48.43.025 Preexisting conditions. (1) No carrier may reject an individual for health plan coverage based upon preexisting conditions of the individual and no carrier may deny, exclude, or otherwise limit coverage for an individual’s preexisting health conditions; except that a carrier may impose a three-month benefit waiting period for preexisting conditions for which medical advice was given, or for which a health care provider recommended or provided treatment within three months before the effective date of coverage.

(2) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals or groups who are higher than average health risks. These provisions apply only to individuals who are Washington residents. [1995 c 265 § 6.]

48.43.035 Guaranteed issue and continuity of coverage—Exceptions. (1) All health carriers shall accept for enrollment any state resident within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier’s sole option, the plan could have been terminated for other than nonpayment of premium. In the case of group plans, the carrier may consider the group’s anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the insurance commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan;
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

(a) A carrier has zero enrollment on a product; or
(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; or
(c) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier’s clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner. [1995 c 265 § 7.]

Each health carrier as defined under RCW 48.43.005 shall file with the commissioner its procedures for review and adjudication of complaints initiated by covered persons or health care providers. Procedures filed under this section shall provide a fair review for consideration of complaints. Every health carrier shall provide reasonable means whereby any person aggrieved by actions of the health carrier may be heard in person or by their authorized representative on their written request for review. If the health carrier fails to grant or reject such request within thirty days after it is made, the complaining person may proceed as if the complaint had been rejected. A complaint that has been rejected by the health carrier may be submitted to nonbinding mediation. 48.43.065 Right of individuals to receive services—Right of providers, carriers, and facilities to refuse to participate in or pay for services for reason of conscience or religion—Requirements. (1) The legislature recognizes that every individual possesses a fundamental right to exercise their religious beliefs and conscience. The legislature further recognizes that in developing public policy, conflicting religious and moral beliefs must be respected. Therefore, while recognizing the right of conscientious objection to participating in specific health services, the state shall also recognize the right of individuals enrolled with plans containing the basic health plan services to receive the full range of services covered under the plan.

(2)(a) No individual health care provider, religiously sponsored health carrier, or health care facility may be required by law or contract in any circumstances to participate in the provision of or payment for a specific service if they object to so doing for reason of conscience or religion. No person may be discriminated against in employment or professional privileges because of such objection.

(b) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the basic health plan services. Each health carrier shall:

(i) Provide written notice to enrollees, upon enrollment with the plan, listing services that the carrier refuses to cover for reason of conscience or religion;

(ii) Provide written information describing how an enrollee may directly access services in an expeditious manner; and

(iii) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b)(ii) of this subsection.

(c) The insurance commissioner shall establish by rule a mechanism or mechanisms to recognize the right to exercise conscience while ensuring enrollees timely access to services and to assure prompt payment to service providers.

(3)(a) No individual or organization with a religious or moral tenet opposed to a specific service may be required to purchase coverage for that service or services if they object to doing so for reason of conscience or religion.

(b) The provisions of this section shall not result in an enrollee being denied coverage of, and timely access to, any service or services excluded from their benefits package as a result of their employer’s or another individual’s exercise of the conscience clause in (a) of this subsection.

(c) The insurance commissioner shall define by rule the process through which health carriers may offer the basic health plan services to individuals and organizations identified in (a) and (b) of this subsection in accordance with the provisions of subsection (2)(c) of this section.

(4) Nothing in this section requires a health carrier, health care facility, or health care provider to provide any health care services without appropriate payment of premium or fee. [1995 c 265 § 25.]

Notwithstanding any provision of any certified health plan covering dental care as provided for in this chapter, effective January 1, 1995, benefits shall not be denied thereunder for any service performed by a denturist licensed under chapter 18.30 RCW if (1) the service performed was within the lawful scope of [1995 RCW Supp—page 661]
such person’s license, and (2) such plan would have provided benefits if such service had been performed by a dentist licensed under chapter 18.32 RCW. [1995 c 1 § 23 (Initiative Measure No. 607, approved November 8, 1994.]

**48.43.200 Disclosure of certain material transactions—Report—Information is confidential.** (1) Every certified health plan domiciled in this state shall file a report with the commissioner disclosing material acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements unless these acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements have been submitted to the commissioner for review, approval, or information purposes under other provisions of this title or other requirements.

(2) The report required in subsection (1) of this section is due within fifteen days after the end of the calendar month in which any of the transactions occur.

(3) One complete copy of the report, including any exhibits or other attachments filed as part of the report, shall be filed with the:

(a) Commissioner; and

(b) National association of insurance commissioners.

(4) All reports obtained by or disclosed to the commissioner under this section and RCW 48.43.205 through 48.43.225 are exempt from public inspection and copying and shall not be subject to subpoena. These reports shall not be made public by the commissioner, the national association of insurance commissioners, or any other person, except to insurance departments of other states, without the prior written consent of the certified health plan to which it pertains unless the commissioner, after giving the certified health plan that would be affected by disclosure notice and a hearing under chapter 48.04 RCW, determines that the interest of policyholders, subscribers, shareholders, or the public will be served by the publication, in which event the commissioner may publish all or any part of the report in the manner he or she deems appropriate. [1995 c 86 § 7.]

**48.43.205 Material acquisitions or dispositions.** No acquisitions or dispositions of assets need be reported pursuant to RCW 48.43.200 if the acquisitions or dispositions are not material. For purposes of RCW 48.43.200 through 48.43.225, a material acquisition, or the aggregate of any series of related acquisitions during any thirty-day period; or disposition, or the aggregate of any series of related dispositions during any thirty-day period is an acquisition or disposition that is nonrecurring and not in the ordinary course of business and involves more than five percent of the reporting certified health plan’s total assets as reported in its most recent statutory statement filed with the commissioner. [1995 c 86 § 8.]

**48.43.210 Asset acquisitions—Asset dispositions.** (1) Asset acquisitions subject to RCW 48.43.200 through 48.43.225 include every purchase, lease, exchange, merger, consolidation, succession, or other acquisition other than the construction or development of real property by or for the reporting certified health plan or the acquisition of materials for such purpose.

(2) Asset dispositions subject to RCW 48.43.200 through 48.43.225 include every sale, lease, exchange, merger, consolidation, mortgage, hypothecation, abandonment, destruction, other disposition, or assignment, whether for the benefit of creditors or otherwise. [1995 c 86 § 9.]

**48.43.215 Report of a material acquisition or disposition of assets—Information required.** (1) The following information is required to be disclosed in any report of a material acquisition or disposition of assets:

(a) Date of the transaction;

(b) Manner of acquisition or disposition;

(c) Description of the assets involved;

(d) Nature and amount of the consideration given or received;

(e) Purpose of or reason for the transaction;

(f) Manner by which the amount of consideration was determined;

(g) Gain or loss recognized or realized as a result of the transaction; and

(h) Names of the persons from whom the assets were acquired or to whom they were disposed.

(2) Certified health plans are required to report material acquisitions and dispositions on a nonconsolidated basis unless the certified health plan is part of a consolidated group of insurers that utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the certified health plan’s reserves and such certified health plan ceded substantially all of its direct and assumed business to the pool. A certified health plan has ceded substantially all of its direct and assumed business to a pool if the certified health plan has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the certified health plan’s net worth. [1995 c 86 § 10.]

**48.43.220 Material nonrenewals, cancellations, or revisions of ceded reinsurance agreements.** (1) No nonrenewals, cancellations, or revisions of ceded reinsurance agreements need be reported under RCW 48.43.200 if the nonrenewals, cancellations, or revisions are not material. For purposes of RCW 48.43.200 through 48.43.225, a material nonrenewal, cancellation, or revision is one that affects:

(a) More than fifty percent of a certified health plan’s total reserve credit taken for business ceded, on an annualized basis, as indicated in the certified health plan’s most recent annual statement;

(b) More than ten percent of a certified health plan’s total cession when it is replaced by one or more unauthorized reinsurers; or

(c) Previously established collateral requirements, when they have been reduced or waived as respects one or more unauthorized reinsurers representing collectively more than ten percent of a total cession.

(2) However, a filing is not required if the certified health plan’s total reserve credit taken for business ceded
represents, on an annualized basis, less than ten percent of the statutory reserve requirement prior to any cession. [1995 c 86 § 11.]

48.43.225 Report of a material nonrenewal, cancellation, or revision of ceded reinsurance agreements—Information required. (1) The following is required to be disclosed in any report of a material nonrenewal, cancellation, or revision of ceded reinsurance agreements:

(a) The effective date of the nonrenewal, cancellation, or revision;
(b) The description of the transaction with an identification of the initiator;
(c) The purpose of or reason for the transaction; and
(d) If applicable, the identity of the replacement reinsurers.

(2) Certified health plans are required to report all material nonrenewals, cancellations, or revisions of ceded reinsurance agreements on a nonconsolidated basis unless the certified health plan is part of a consolidated group of insurers which utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the certified health plan’s reserves and the certified health plan ceded substantially all of its direct and assumed business to the pool. A certified health plan has ceded substantially all of its direct and assumed business to a pool if the certified health plan has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement or less than five percent of the certified health plan’s net worth. 48.44.022 Mandatory offering to individuals providing basic health plan benefits—Exemption from statutory requirements—Premium rates—Definitions. (Effective January 1, 1996.) (1)(a) A health care service contractor offering any health benefit plan to any individual shall offer and actively market to all individuals a health benefit plan providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan. Nothing in this subsection shall preclude a contractor from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. A contractor offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.
(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.75 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.450, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.
(2) Premium rates for health benefit plans for individuals shall be subject to the following provisions:
(a) The health care service contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:
(i) Geographic area;
(ii) Family size;
(iii) Age; and
(iv) Wellness activities.
(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.
(c) The health care service contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.
(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.
(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.
(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
(i) Changes to the family composition;
(ii) Changes to the health benefit plan requested by the individual; or

[1995 RCW Supp—page 663]
(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(3) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023.

(4) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "basic health plan," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.44.005. [1995 c 265 § 15.]

(1)(a) A health care services contractor offering any health benefit plan to a small employer shall offer and actively market to the small employer a health benefit plan providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan. Nothing in this subsection shall preclude a contractor from offering, or a purchaser from purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage.

(4) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supereced any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.
(b) A contractor shall not require a minimum participation level greater than:
   (i) One hundred percent of eligible employees working for groups with three or less employees; and
   (ii) Seventy-five percent of eligible employees working for groups with more than three employees.
   (c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.
   (d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.
   (6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan. [1995 c 265 § 16; 1990 c 187 § 3.]

   (4) All reports obtained by or disclosed to the commissioner under this section and RCW 48.44.535 through 48.44.555 are exempt from public inspection and copying and shall not be subject to subpoena. These reports shall not be made public by the commissioner, the national association of insurance commissioners, or any other person, except to insurance departments of other states, without the prior written consent of the health care service contractor to which the report pertains unless the commissioner, after giving the health care service contractor that would be affected by disclosure notice and a hearing under chapter 48.04 RCW, determines that the interest of policyholders, subscribers, shareholders, or the public will be served by the publication, in which event the commissioner may publish all or any part of the report in the manner he or she deems appropriate. [1995 c 86 § 13.]

48.44.535 Material acquisitions or disposions. No acquisitions or dispositions of assets need be reported pursuant to RCW 48.44.530 if the acquisitions or dispositions are not material. Nothing in this subsection shall preclude a health maintenance organization from offering, or an individual from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. A health maintenance organization offering a health benefit plan that does not include benefits provided in the basic health plan shall clearly disclose these differences to the individual in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.46.275, 48.26.280 [48.46.280], 48.46.285, 48.46.290, 48.46.350, 48.46.355, 48.46.375, 48.46.440, 48.46.480, 48.46.510, 48.46.520, and 48.46.530 if the health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan.

[1995 RCW Supp—page 666]

   (i) Geographic area;
   (ii) Family size;
   (iii) Age; and

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.
(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.
(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.
(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:
   (i) Changes to the family composition;
   (ii) Changes to the health benefit plan requested by the individual; or
   (iii) Changes in government requirements affecting the health benefit plan.
(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.
(3) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.46.066.
(4) As used in this section and RCW 48.46.066, "health benefit plan," "basic health plan," "adjusted community rate," "small employer," and "wellness activities" mean the same as defined in RCW 48.43.005. [1995 c 265 § 17.]

(2) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, benefits in excess of the basic health plan services. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.
(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

   (e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage.

(j) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan. Chapter 48.68

HEALTH CARE SAVINGS ACCOUNT ACT

Sections
48.68.005 Intent—Health care savings accounts authorized. (1) This chapter shall be known as the health care savings account act.

(2) The legislature recognizes that the costs of health care are increasing rapidly and most individuals are removed from participating in the purchase of their health care.

As a result, it becomes critical to encourage and support solutions to alleviate the demand for diminishing state resources. In response to these increasing costs in health care spending, the legislature intends to clarify that health care savings accounts may be offered as health benefit options to all residents as incentives to reduce unnecessary health services utilization, administration, and paperwork, and to encourage individuals to be in charge of and participate directly in their use of service and health care spending.

To alleviate the possible impoverishment of residents requiring long-term care, health care savings accounts may promote savings for long-term care and provide incentives for individuals to protect themselves from financial hardship due to a long-term health care need.

(3) Health care savings accounts are authorized in Washington state as options to employers and residents. [1995 c 265 § 2.]

Captions not law—Effective dates—Savings—Severability—1995 c 265: See notes following RCW 70.47.015.

48.68.010 Duties of governor and responsible agencies—Chapter to remain in effect. The governor and responsible agencies shall:

(1) Request that the United States congress amend the internal revenue code to treat premiums and contributions to health benefits plans, such as health care savings account programs, basic health plans, conventional and standard health plans offered through a health carrier, by employers, self-employed persons, and individuals, as fully excluded employer expenses and deductible from individual adjusted gross income for federal tax purposes.

(2) Request that the United States congress amend the internal revenue code to exempt from federal income tax interest that accrues in health care savings accounts until
such money is withdrawn for expenditures other than eligible health expenses as defined in law.

(3) If all federal statute or regulatory waivers necessary to fully implement this chapter have not been obtained by July 1, 1995, this chapter shall remain in effect. [1995 c 265 § 3.]

After a date established by rule, no viatical settlement provider or viatical settlement broker may use any viatical settlement contract or brokerage contract in this state unless the contract form has been filed with and approved by the commissioner. Any such contract filing is approved if it has not been disapproved within sixty days after it is filed with the commissioner. The rate, fee, commission, or other compensation charged must also be filed with the commissioner at the same time the contract form is filed, and any changes must be filed and approved before use. The commissioner shall disapprove any such viatical settlement contract or brokerage contract, or revoke previous approval, or rates, if the commissioner makes either of the following alternative findings:

1. The benefits offered to the viator are unreasonable in relation to the rate, fee, or other compensation that is charged;
2. Any other provisions or terms of the contract are unreasonable, contrary to the public interest, misleading, or unfair to the viator. [1995 c 161 § 3.]

48.102.025 Licensee must file annual statement. Each holder of any license issued under this chapter shall file with the commissioner, on or before March 1 of each year, an annual statement containing such information as the commissioner may by rule require. [1995 c 161 § 4.]

48.102.030 Examination of business and affairs of applicant or licensee—Production of information—Recordkeeping requirements. (1) The commissioner may examine the business and affairs of any applicant for or holder of any license issued under this chapter. The commissioner may require any applicant for or holder of any such license to produce any records, books, files, and any other writings or information reasonably necessary to determine whether or not the applicant for or holder of any such license is acting, or has acted, in violation of any laws, or otherwise contrary to the interests of the public, or has acted in a manner demonstrating incompetence or untrustworthiness to hold any such license. The expenses incurred in conducting any examination shall be paid by the applicant for or holder of any such license.

2. The names and individual identification data of all viators are private and confidential information and shall not be disclosed by the commissioner, except under court order.

3. Records of all transactions of viatical settlement contracts and brokerage contracts, and an advertising file containing the text of all advertising used and the dates and media in which it was used, shall be maintained by each holder of any license issued under this chapter. [1995 c 161 § 6.]

48.102.035 Requirement to provide information to the viator. A viatical settlement provider shall disclose, in writing, the following information to the viator no later than the date when the viatical settlement contract is signed by all parties:

1. Possible alternatives to viatical settlement contracts for persons with catastrophic or life-threatening conditions. These shall include, but not be limited to, any available accelerated benefits on the life insurance policy;
2. The fact that some or all of the proceeds of the viatical settlement may be taxable, and that advice and assistance should be sought from an attorney or tax professional;
3. The fact that the proceeds of the viatical settlement could be subject to the claims of creditors, and that advice and assistance should be sought from an attorney;
4. The fact that receiving the proceeds of the viatical settlement might adversely affect the viator’s eligibility for medicaid, or other public benefits or entitlements, and that advice and assistance should be sought from an attorney;
5. The right of the viator to rescind the contract on or before the later of (a) thirty days after the date when it is executed by all parties or (b) fifteen days after the receipt of the proceeds of the viatical settlement contract; and
6. The date by which the proceeds will be available to the viator, and also the source of the proceeds. [1995 c 161 § 7.]

48.102.040 Requirement for provider to obtain information—Medical information is confidential—Rescission rights—Time is of the essence. (1) A viatical settlement provider entering into a viatical settlement contract with a viator shall first obtain the following:

a. A written and signed statement from an attending medical doctor that in his or her professional opinion, the viator is of sound mind and under no undue influence;

b. A document witnessed by a person not employed by or affiliated with the viatical settlement provider, in which the viator consents to the viatical settlement contract, acknowledges the catastrophic or life-threatening illness or condition, and represents that he or she:

(i) Has a complete understanding of the viatical settlement contract;

(ii) Has a full and complete understanding of the life insurance policy;

(iii) Releases his or her medical records for the limited and express purpose of making the viatical settlement agreement possible;

(iv) Has either obtained advice or assistance from an attorney or tax professional, or has had the opportunity to do so; and

(v) Has entered into the viatical settlement contract freely and voluntarily; and

(c) In those cases where the viator is not the insured person, a written consent to the viatical settlement agreement from the insured person or his or her legal representative.

2. All medical information solicited or obtained by any holder of a license issued under this chapter is subject to all applicable laws governing confidentiality of medical information.

[1995 RCW Supp—page 679]
(3) All viatical settlement contracts entered into in this state shall contain a provision no less favorable than that in the event the viator exercises his or her right to rescind the viatical settlement contract, any proceeds previously paid shall be refunded no later than the earliest of (a) thirty days of the date of rescission or (b) fifteen days of payment of the proceeds.

(4) All viatical settlement contracts entered into in this state shall contain a rescission clause no less favorable than that the viator has the unconditional right to rescind the contract on or before the later of (a) thirty days of the date it is signed by all parties or (b) fifteen days of the receipt of the proceeds of the viatical settlement agreement; subject to refund of those proceeds as set forth in subsection (3) of this section.

(5) Time is of the essence in delivery of the proceeds of any viatical settlement contract by the date disclosed to the viator.

(6) No viatical settlement contract entered into in this state may contain any restrictions upon the use of the proceeds of the contract.

(7) Any viatical settlement contract entered into in this state shall establish the terms under which the viatical settlement provider shall pay compensation or anything of value, which compensation is less than the expected death benefit of the insurance policy or certificate of insurance, in return for the assignment, transfer, sale, devise, or bequest of the death benefit or ownership of the insurance policy or certificate to the viatical settlement provider. [1995 c 161 § 8.]

48.102.045 Must be licensed—Transfer to unlicensed entity is void—Rights in policy restored to viator—Exceptions allowed by rule. (1) A viatical settlement provider shall not directly or indirectly assign, transfer, sell, resell, or transfer by gift or bequest, or otherwise convey any insurance policy that is or has been the subject of a viatical settlement agreement, to any person, custodian, investor, investor group, or other entity that does not hold a Washington license as a viatical settlement provider, issued by the commissioner.

(2) Any attempted transfer to any person, custodian, investor, investor group, or other entity not holding such a license is void, and all rights in the insurance policy are restored to the viator as of the date of the purported transfer, except that the viator is not required to return the proceeds of the original viatical settlement agreement to the viatical settlement provider. The commissioner may allow exceptions to this subsection, by rule. [1995 c 161 § 9.]

48.102.050 Rules as necessary to implement chapter. The commissioner may adopt rules as necessary to implement this chapter. This includes, but is not limited to, the adoption of rules regarding minimum capital requirements for viatical settlement providers, training and examination requirements for viatical settlement brokers, requiring a prospective viator to contact his or her life insurer regarding possible accelerated benefits before entering into a viatical settlement agreement, licensing and examination requirements for applicants for a license as a viatical settlement broker, when benefits are or are not reasonable in relation to the rate fee, or other compensation, and bond requirements for either or both viatical settlement providers or viatical settlement brokers. [1995 c 161 § 10.]

48.102.055 Consumer protection act applies—Civil action—Damages—Costs—Attorneys’ fees. (1) The legislature finds that the subject of viatical settlements is of vital importance to the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Violations of this chapter are not reasonable in relation to the development and preservation of business. A violation of this chapter is an unfair or deceptive act in trade or commerce. It is also an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(2) Any person who is injured by a violation of this chapter may bring a civil action against a viatical settlement provider in superior court to recover his or her actual damages. The court may increase the award of damages to an amount not more than three times the actual damages sustained, and in addition the court may award costs and attorneys’ fees to the injured person. [1995 c 161 § 11.]

48.102.900 Short title—1995 c 161. This act may be known and cited as the viatical settlements act. [1995 c 161 § 12.]

census figures issued by the office of financial management with the ultimate goal of obtaining the proportionate ratio of representation in the total program membership. Where minimum standards have been set for entering upon any such apprenticeship program, this woman and racial minority representation shall be filled when women and racial minority applicants have met such minimum standards and irrespective of individual ranking among all applicants seeking to enter the program: PROVIDED, That nothing in RCW 49.04.100 through 49.04.130 will affect the total number of entrants into the apprenticeship program or modify the dates of entrance both as established by the joint apprenticeship committee. 49.17.041 Agricultural safety standards—Limitation on adopting or establishing from January 1, 1995, through January 15, 1996—Requirements.
49.17.180 Violations—Civil penalties.

49.17.041 Agricultural safety standards—Limitation on adopting or establishing from January 1, 1995, through January 15, 1996—Requirements. (1)(a) Except as provided in (b) of this subsection, no rules adopted under this chapter amending or establishing agricultural safety standards shall take effect during the period beginning January 1, 1995, and ending January 15, 1996. This subsection applies, but is not limited to applying, to a rule adopted before January 1, 1995, but with an effective date which is during the period beginning January 1, 1995, and ending January 15, 1996, and to provisions of rules adopted prior to January 1, 1995, which provisions are to become effective during the period beginning January 1, 1995, and ending January 15, 1996.

(b) Subsection (1)(a) of this section does not apply to: Provisions of rules that were in effect before January 1, 1995; emergency rules adopted under RCW 34.05.350; or revisions to chapter 296-306 WAC regarding rollover protective structures that were adopted in 1994 and effective March 1, 1995, and that are additionally revised to refer to the variance process available under this chapter.

(2) The rules for agricultural safety adopted under this chapter must:
(a) Establish, for agricultural employers, an agriculture safety standard that includes agriculture-specific rules and specific references to the general industry safety standard adopted under chapter 49.17 RCW; and
(b) Exempt agricultural employers from the general industry safety standard adopted under chapter 49.17 RCW for all rules not specifically referenced in the agriculture safety standard.

(3) The department shall publish in one volume all of the occupational safety rules that apply to agricultural employers and shall make this volume available to all agricultural employers before January 15, 1996. This volume must be available in both English and Spanish.

(4) The department shall provide training, education, and enhanced consultation services concerning its agricultural safety rules to agricultural employers before the rules' effective dates. The training, education, and consultation must continue throughout the winter of 1995-1996. Training and education programs must be provided throughout the state and must be coordinated with agricultural associations in order to meet their members' needs.

(5) The department shall provide, for informational purposes, a list of commercially available rollover protective structures for tractors used in agricultural operations manufactured before October 25, 1976. The list must include the name and address of the manufacturer and the approximate price of the structure. Included with the list shall be a statement indicating that an employer may apply for a variance from the rules requiring rollover protective structures under this chapter and that variances may be granted in appropriate circumstances on a case-by-case basis. The statement shall also provide examples of circumstances under which a variance may be granted. The list and statement shall be generally available to the agricultural community before the department may take any action to enforce rules requiring rollover protective structures for tractors used in agricultural operations manufactured before October 25, 1976. [1995 c 371 § 2.]

Finding—1995 c 371: "The legislature finds that:
(1) The state's highly productive and efficient agricultural sector is composed predominately of family-owned and managed farms and an industrious and efficient work force;
(2) A reasonable level of safety regulations is needed to protect workers;
(3) The smaller but highly efficient farming operations would benefit from safety rules that are easily referenced and agriculture-specific to the extent possible; and
(4) There should be lead time between the adoption of agriculture safety rules and their effective date in order to allow the department of labor and industries to provide training, education, and enhanced consultation services to family-owned and managed farms." [1995 c 371 § 1.]

Application—1995 c 371 § 2: "Section 2(1) of this act is remedial in nature and applies to rules and provisions of rules regarding agricultural safety that would take effect after December 31, 1994." [1995 c 371 § 4.]

49.17.180 Violations—Civil penalties. (1) Except as provided in RCW 43.05.090, any employer who willfully or repeatedly violates the requirements of RCW 49.17.060, of any safety or health standard promulgated under the authority of this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under
RCW 49.17.080 or 49.17.090 may be assessed a civil penalty not to exceed seventy thousand dollars for each violation. A minimum penalty of five thousand dollars shall be assessed for a willful violation.

(2) Any employer who has received a citation for a serious violation of the requirements of RCW 49.17.060, of any safety or health standard promulgated under the authority of this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under RCW 49.17.080 or 49.17.090 as determined in accordance with subsection (6) of this section, shall be assessed a civil penalty not to exceed seven thousand dollars for each such violation.

(3) Any employer who has received a citation for a violation of the requirements of RCW 49.17.060, of any safety or health standard promulgated under this chapter, of any existing rule or regulation governing the conditions of employment promulgated by the department, or of any order issued granting a variance under RCW 49.17.080 or 49.17.090, where such violation is specifically determined not to be of a serious nature as provided in subsection (6) of this section, may be assessed a civil penalty not to exceed seven thousand dollars for each such violation, unless such violation is determined to be de minimis.

(4) Any employer who fails to correct a violation for which a citation has been issued under RCW 49.17.120 or 49.17.130 within the period permitted for its correction, which period shall not begin to run until the date of the final order of the board of industrial insurance appeals in the case of any review proceedings under this chapter initiated by the employer in good faith and not solely for delay or avoidance of penalties, may be assessed a civil penalty of not more than seven thousand dollars for each day during which such failure or violation continues.

(5) Any employer who violates any of the posting requirements of this chapter, or any of the posting requirements of rules promulgated by the department pursuant to this chapter related to employee or employee representative's rights to notice, including but not limited to those employee rights to notice set forth in RCW 49.17.080, 49.17.090, 49.17.120, 49.17.130, 49.17.220(1) and 49.17.240(2), shall be assessed a penalty not to exceed seven thousand dollars for each such violation. Any employer who violates any of the posting requirements for the posting of informational, educational, or training materials under the authority of RCW 49.17.050(7), may be assessed a penalty not to exceed seven thousand dollars for each such violation.

(6) For the purposes of this section, a serious violation shall be deemed to exist in a work place if there is a substantial probability that death or serious physical harm could result from a condition which exists, or from one or more practices, means, methods, operations, or processes which have been adopted or are in use in such work place, unless the employer did not, and could not with the exercise of reasonable diligence, know of the presence of the violation.

(7) The director, or his authorized representatives, shall have authority to assess all civil penalties provided in this section, giving due consideration to the appropriateness of the penalty with respect to the number of affected employees of the employer being charged, the gravity of the violation, the size of the employer’s business, the good faith of the employer, and the history of previous violations.

(8) Civil penalties imposed under this chapter shall be paid to the director for deposit in the supplemental pension fund established by RCW 51.44.033. Civil penalties may be recovered in a civil action in the name of the department brought in the superior court of the county where the violation is alleged to have occurred, or the department may utilize the procedures for collection of civil penalties as set forth in RCW 51.48.120 through 51.48.150. [1995 c 403 § 629; 1991 c 108 § 1; 1986 c 20 § 2; 1973 c 80 § 18.]

49.26.013 Inspection of construction projects required. (1) Any owner or owner’s agent who allows or authorizes any construction, renovation, remodeling, maintenance, repair, or demolition project which has a reasonable possibility, as defined by the department, of disturbing or releasing asbestos into the air, shall perform or cause to be performed, using practices approved by the department, a good faith inspection to determine whether the proposed project will disturb or release any material containing asbestos into the air.

Such inspections shall be conducted by persons meeting the accreditation requirements of the federal toxics substances control act, section 206(a) (1) and (3) (15 U.S.C. 2646(a) (1) and (3)).

An inspection under this section is not required if the owner or owner’s agent is reasonably certain that asbestos will not be disturbed or assumes that asbestos will be disturbed by a project which involves construction, renovation, remodeling, maintenance, repair, or demolition and takes the maximum precautions as specified by all applicable federal and state requirements.

(2) Except as provided in RCW 49.26.125, the owner or owner’s agent shall prepare and maintain a written report describing each inspection, or a statement of assumption of the presence or reasonable certainty of the absence of asbestos, and shall provide a copy of the written report or statement to all contractors before they apply or bid on work. In addition, upon written or oral request, the owner or owner’s agent shall make a copy of the written report available to: (1) The department of labor and industries; (2) contractors; and (3) the collective bargaining representatives or employee representatives, if any, of employees who may be exposed to any asbestos or material containing asbestos.

[1995 RCW Supp—page 682]
49.26.016 Inspection of construction projects—Penalties. (1) Any owner or owner's agent who allows the start of any construction, renovation, remodeling, maintenance, repair, or demolition without first (a) conducting the inspection and preparing and maintaining the report of the inspection, or preparing and maintaining a statement of assumption of the presence or reasonable certainty of the absence of asbestos, as required under RCW 49.26.013; and (b) preparing and maintaining the additional written description of the project as required under RCW 49.26.120 shall be subject to a mandatory fine of not less than two hundred fifty dollars per day. Each day the violation continues shall be considered a separate violation. In addition, any construction, renovation, remodeling, maintenance, repair, or demolition which was started without meeting the requirements of RCW 49.26.013 and 49.26.120 shall be halted immediately and cannot be resumed before meeting such requirements.

(2) No contractor may commence any construction, renovation, remodeling, maintenance, repair or demolition project without receiving the copy of the written report or statement from the owner or the owner's agent. Any contractor who begins any project without the copy of the written report or statement shall be subject to a mandatory fine of not less than two hundred fifty dollars per day. Each day the violation continues shall be considered a separate violation.

(3) The certificate of any asbestos contractor who knowingly violates any provision of this chapter or any rule adopted under this chapter shall be revoked for a period of not less than six months.

(4) The penalties imposed in this section are in addition to any penalties under RCW 49.26.140. [1995 c 218 § 2; 1989 c 154 § 3. Prior: 1988 c 271 § 8.]

49.26.110 Asbestos projects—Worker's and supervisor's certificates. (1) No employee or other individual is eligible to do work governed by this chapter unless issued a certificate by the department.

(2) To qualify for a certificate:

(a) Certified asbestos workers must have successfully completed a four-day training course. Certified asbestos supervisors must have completed a five-day training course. Training courses shall be provided or approved by the department; shall cover such topics as the health and safety aspects of the removal and encapsulation of asbestos, including but not limited to the federal and state standards regarding protective clothing, respirator use, disposal, air monitoring, cleaning, and decontamination; and shall meet such additional qualifications as may be established by the department by rule for the type of certification sought. The department may require the successful completion of annual refresher courses provided or approved by the department for continued certification as an asbestos worker or supervisor. However, the authority of the director to adopt rules implementing this section is limited to rules that are specifically required, and only to the extent specifically required, for the standards to be as stringent as the applicable federal laws governing work subject to this chapter; and

(b) All applicants for certification as asbestos workers or supervisors must pass an examination in the type of certification sought which shall be provided or approved by the department.

These requirements are intended to represent the minimum requirements for certification and shall not

[1995 RCW Supp—page 683]
preclude contractors or employers from providing additional education or training.

(3) The department shall provide for the reciprocal certification of any individual trained to engage in asbestos projects in another state when the prior training is shown to be substantially similar to the training required by the department. Nothing shall prevent the department from requiring such individuals to take an examination or refresh course before certification.

(4) The department may deny, suspend, or revoke a certificate, as provided under RCW 49.26.140, for failure of the holder to comply with any requirement of this chapter or chapter 49.17 RCW, or any rule adopted under those chapters, or applicable health and safety standards and regulations. In addition to any penalty imposed under RCW 49.26.016, the department may suspend or revoke any certificate issued under this chapter for a period of not less than six months upon the following grounds:

(a) The certificate was obtained through error or fraud; or

(b) The holder thereof is judged to be incompetent to carry out the work for which the certificate was issued.

Before any certificate may be denied, suspended, or revoked, the holder thereof shall be given written notice of the department's intention to do so, mailed by registered mail, return receipt requested, to the holder's last known address. The notice shall enumerate the allegations against such holder, and shall give him or her the opportunity to request a hearing before the department. At such hearing, the department and the holder shall have opportunity to produce witnesses and give testimony.

(5) A denial, suspension, or revocation order may be appealed to the board of industrial insurance appeals within fifteen working days after the denial, suspension, or revocation order is entered. The notice of appeal may be filed with the department or the board of industrial insurance appeals. The board of industrial insurance appeals shall hold the hearing in accordance with procedures established in RCW 49.17.140. Any party aggrieved by an order of the board of industrial insurance appeals may obtain superior court review in the manner provided in RCW 49.17.150.

(6) Each person certified under this chapter shall display, upon the request of an authorized representative of the department, valid identification issued by the department. [1995 c 218 § 4; 1989 c 154 § 5. Prior: 1988 c 271 § 10; 1985 c 387 § 2.]

49.26.115 Asbestos abatement projects—Contractor's certificate required. Before working on an asbestos abatement project, a contractor shall obtain an asbestos contractor's certificate from the department and shall have in its employ at least one certified asbestos supervisor who is responsible for supervising all asbestos abatement projects undertaken by the contractor and for assuring compliance with all state laws and regulations regarding asbestos. The contractor shall apply for certification renewal every year. The department shall ensure that the expiration of the contractor's registration and the expiration of his or her asbestos contractor's certificate coincide. [1995 c 218 § 5; 1989 c 154 § 6. Prior: 1988 c 271 § 11.]

49.26.120 Asbestos projects—Qualified asbestos workers and supervisor—Prenotification to department—Fire personnel. (1) No person may assign any employee, contract with, or permit any individual or person to remove or encapsulate asbestos in any facility unless performed by a certified asbestos worker and under the direct, on-site supervision of a certified asbestos supervisor. In cases in which an employer conducts an asbestos abatement project in its own facility and by its own employees, supervision can be performed in the regular course of a certified asbestos supervisor's duties. Asbestos workers must have access to certified asbestos supervisors throughout the duration of the project.

The department may by rule allow a person to report multiple projects at one site in one report. The department shall by rule establish the procedure and criteria by which a person will be considered to have attempted to meet the prenotification requirement.

(3) The department shall consult with the state fire protection policy board, and may establish any additional policies and procedures for municipal fire department and fire district personnel who clean up sites after fires which have rendered it likely that asbestos has been or will be disturbed or released into the air. 49.60.100 Purpose of chapter. This chapter shall be known as the "law against discrimination". It is an exercise of the police power of the state for the protection of the
public welfare, health, and peace of the people of this state, and in fulfillment of the provisions of the Constitution of this state concerning civil rights. The legislature hereby finds and declares that practices of discrimination against any of its inhabitants because of race, creed, color, national origin, families with children, sex, marital status, age, or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service dog by a disabled person are a matter of state concern, that such discrimination threatens not only the rights and proper privileges of its inhabitants but menaces the institutions and foundation of a free democratic state. A state agency is herein created with powers with respect to elimination and prevention of discrimination in employment, in credit and insurance transactions, in places of public resort, accommodation, or amusement, and in real property transactions because of race, creed, color, national origin, families with children, sex, marital status, age, or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service dog by a disabled person; and the commission established hereunder is hereby given general jurisdiction and power for such purposes. Severability—1949 c 183: "If any provision of this act or the application of such provision to any person or circumstance shall be held invalid, the remainder of such act or the application of such provision to persons or circumstances other than those to which it is held invalid shall not be affected thereby." 49.60.222 Unfair practices with respect to real estate transactions, facilities, or services. (1) It is an unfair practice for any person, whether acting for himself, herself, or another, because of sex, marital status, race, creed, color, national origin, families with children status, the presence of any sensory, mental, or physical disability, or the use of a trained guide dog or service dog by a disabled person:

(a) To refuse to engage in a real estate transaction with a person;

(b) To discriminate against a person in the terms, conditions, or privileges of a real estate transaction or in the furnishing of facilities or services in connection therewith;

(c) To refuse to receive or to fail to transmit a bona fide offer to engage in a real estate transaction from a person;

(d) To refuse to negotiate for a real estate transaction with a person;

(e) To represent to a person that real property is not available for inspection, sale, rental, or lease when in fact it is so available, or to fail to bring a property listing to his or her attention, or to refuse to permit the person to inspect real property;

(f) To discriminate in the sale or rental, or to otherwise make unavailable or deny a dwelling, to any person; or to a person residing in or intending to reside in that dwelling after it is sold, rented, or made available; or to any person associated with the person buying or renting;

(g) To make, print, circulate, post, or mail, or cause to be so made or published a statement, advertisement, or sign, or to use a form of application for a real estate transaction, or to make a record or inquiry in connection with a prospective real estate transaction, which indicates, directly or indirectly, an intent to make a limitation, specification, or discrimination with respect thereto;

(h) To offer, solicit, accept, use, or retain a listing of real property with the understanding that a person may be discriminated against in a real estate transaction or in the furnishing of facilities or services in connection therewith;

(i) To expel a person from occupancy of real property;

(j) To discriminate in the course of negotiating, executing, or financing a real estate transaction whether by mortgage, deed of trust, contract, or other instrument imposing a lien or other security in real property, or in negotiating or executing any item or service related thereto including issuance of title insurance, mortgage insurance, loan guarantee, or other aspect of the transaction. Nothing in this section shall limit the effect of RCW 49.60.176 relating to unfair practices in credit transactions or

(k) To attempt to do any of the unfair practices defined in this section.

(2) For the purposes of this chapter discrimination based on the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service dog by a blind, deaf, or physically disabled person includes:

(a) A refusal to permit, at the expense of the disabled person, reasonable modifications of existing premises occupied or to be occupied by such person if such modifications may be necessary to afford such person full enjoyment of the dwelling, except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter agreeing to restore the interior of the dwelling to the condition that existed before the modification, reasonable wear and tear excepted;

(b) To refuse to make reasonable accommodation in rules, policies, practices, or services when such accommodations may be necessary to afford a person with the presence of any sensory, mental, or physical disability and/or the use of a trained guide dog or service dog by a blind, deaf, or physically disabled person equal opportunity to use and enjoy a dwelling; or

(c) To fail to design and construct covered multifamily dwellings and premises in conformance with the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3601 et seq.) and all other applicable laws or regulations pertaining to access by persons with any sensory, mental, or physical disability or use of a trained guide dog or service dog. Whenever the requirements of applicable laws or regulations differ, the requirements which require greater accessibility for persons with any sensory, mental, or physical disability shall govern.

Nothing in (a) or (b) of this subsection shall apply to:

(i) A single-family house rented or leased by the owner if the owner does not own or have an interest in the proceeds of the rental or lease of more than three such single-family houses at one time, the rental or lease occurred without the use of a real estate broker or salesperson, as defined in RCW 18.85.010, and the rental or lease occurred without the publication, posting, or mailing of any advertisement, sign, or statement in violation of subsection (1)(g) of this section; or

(ii) Rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other if the owner maintains and occupies one of the rooms or units as his or her residence.
(3) Notwithstanding any other provision of this chapter, it shall not be an unfair practice or a denial of civil rights for any public or private educational institution to separate the sexes or give preference to or limit use of dormitories, residence halls, or other student housing to persons of one sex or to make distinctions on the basis of marital or families with children status.

(4) Except pursuant to subsection (2)(a) of this section, this section shall not be construed to require structural changes, modifications, or additions to make facilities accessible to a disabled person except as otherwise required by law. Nothing in this section affects the rights, responsibilities, and remedies of landlords and tenants pursuant to chapter 59.18 or 59.20 RCW, including the right to post and enforce reasonable rules of conduct and safety for all tenants and their guests, provided that chapters 59.18 and 59.20 RCW are only affected to the extent they are inconsistent with the nondiscrimination requirements of this chapter. Nothing in this section limits the applicability of any reasonable federal, state, or local restrictions regarding the maximum number of occupants permitted to occupy a dwelling.

(5) Notwithstanding any other provision of this chapter, it shall not be an unfair practice for any public establishment providing for accommodations offered for the full enjoyment of transient guests as defined by RCW 9.91.010(1)(c) to make distinctions on the basis of families with children status. Nothing in this section shall limit the effect of RCW 49.60.215 relating to unfair practices in places of public accommodation.

(6) Nothing in this chapter prohibiting discrimination based on families with children status applies to housing for older persons as defined by the federal fair housing amendments act of 1988, 42 U.S.C. Sec. 3607(b)(1) through (3). Nothing in this chapter authorizes requirements for housing for older persons different than the requirements in the federal fair housing amendments act of 1988, 42 U.S.C. Sec. 3607(b)(1) through (3). [1995 c 259 § 3. Prior: 1993 c 510 § 17; 1993 c 69 § 5; 1989 c 61 § 1; 1979 c 127 § 8; 1975 1st ex.s. c 145 § 1; 1973 c 141 § 13; 1969 ex.s. c 167 § 4.]

49.60.225 Relief for unfair practice in real estate transaction—Damages—Penalty. (1) When a reasonable cause determination has been made under RCW 49.60.240 that an unfair practice in a real estate transaction has been committed and a finding has been made that the respondent has engaged in any unfair practice under RCW 49.60.250, the administrative law judge shall promptly issue an order for such relief suffered by the aggrieved person as may be appropriate, which may include actual damages as provided by the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3601 et seq.), and injunctive or other equitable relief. Such order may, to further the public interest, assess a civil penalty against the respondent:

(a) In an amount up to ten thousand dollars if the respondent has not been determined to have committed any prior unfair practice in a real estate transaction;

(b) In an amount up to twenty-five thousand dollars if the respondent has been determined to have committed one other unfair practice in a real estate transaction during the five-year period ending on the date of the filing of this charge; or

(c) In an amount up to fifty thousand dollars if the respondent has been determined to have committed two or more unfair practices in a real estate transaction during the seven-year period ending on the date of the filing of this charge, for loss of the right secured by RCW 49.60.010, 49.60.030, 49.60.040, and 49.60.222 through 49.60.224, as now or hereafter amended, to be free from discrimination in real property transactions because of sex, marital status, race, creed, color, national origin, families with children status, or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service dog by a blind, deaf, or physically disabled person. Enforcement of the order and appeal therefrom by the complainant or respondent may be made as provided in RCW 49.60.260 and 49.60.270. If acts constituting the unfair practice in a real estate transaction that is the object of the charge are determined to have been committed by the same natural person who has been previously determined to have committed acts constituting an unfair practice in a real estate transaction, then the civil penalty of up to fifty thousand dollars may be imposed without regard to the period of time within which any subsequent unfair practice in a real estate transaction occurred. All civil penalties assessed under this section shall be paid into the state treasury and credited to the general fund.

(2) Such order shall not affect any contract, sale, conveyance, encumbrance, or lease consummated before the issuance of an order that involves a bona fide purchaser, encumbrancer, or tenant who does not have actual notice of the charge filed under this chapter.

(3) Notwithstanding any other provision of this chapter, persons awarded damages under this section may not receive additional damages pursuant to RCW 49.60.250. [1995 c 259 § 4. Prior: 1993 c 510 § 20; 1993 c 69 § 9; 1985 c 185 § 19; 1979 c 127 § 11; 1973 c 141 § 14; 1969 ex.s. c 167 § 7.]

49.60.227 Declaratory judgment action to strike discriminatory provision of real property contract. If a written instrument contains a provision that is void by reason of RCW 49.60.224, the owner, occupant, or tenant of the property which is subject to the provision may cause the provision to be stricken from the public records by bringing an action in the superior court in the county in which the property is located. The action shall be an in rem, declaratory judgment action whose title shall be the description of the property. The necessary party to the action shall be the owner, occupant, or tenant of the property or any portion thereof. The person bringing the action shall pay a fee set under RCW 36.18.012.

If the court finds that any provisions of the written instrument are void under RCW 49.60.224, it shall enter an
order striking the void provisions from the public records and eliminating the void provisions from the title or lease of the property described in the complaint. [1995 c 292 § 18; 1993 c 69 § 10; 1987 c 56 § 2.]

Severability—1993 c 69: See note following RCW 49.60.030.

Intent—1987 c 56 § 2: "The legislature finds that some real property deeds and other written instruments contain discriminatory covenants and restrictions that are contrary to public policy and are void. The continued existence of these covenants and restrictions is repugnant to many property owners and diminishes the free enjoyment of their property. It is the intent of RCW 49.60.227 to allow property owners to remove all remnants of discrimination from their deeds." [1987 c 56 § 1.]

49.60.240 Complaint investigated—Conference, conciliation—Agreement, findings—Rules. After the filing of any complaint, the chairperson of the commission shall refer it to the appropriate section of the commission's staff for prompt investigation and ascertainment of the facts alleged in the complaint. The investigation shall be limited to the alleged facts contained in the complaint. The results of the investigation shall be reduced to written findings of fact, and a finding shall be made that there is or that there is not reasonable cause for believing that an unfair practice has been or is being committed. A copy of said findings shall be provided to the complainant and to the person named in such complaint, hereinafter referred to as the respondent.

If the finding is made that there is reasonable cause for believing that an unfair practice has been or is being committed, the commission's staff shall immediately endeavor to eliminate the unfair practice by conference, conciliation, and persuasion.

If an agreement is reached for the elimination of such unfair practice as a result of such conference, conciliation, and persuasion, the agreement shall be reduced to writing and signed by the respondent, and an order shall be entered by the commission setting forth the terms of said agreement. No order shall be entered by the commission at this stage of the proceedings except upon such written agreement, except that during the period beginning with the filing of complaints alleging an unfair practice with respect to real estate transactions pursuant to RCW 49.60.222 through 49.60.225, and ending with the filing of a finding of reasonable cause or a dismissal by the commission, the commission staff shall, to the extent feasible, engage in conciliation with respect to such complaint. Any conciliation agreement arising out of conciliation efforts by the commission shall be an agreement between the respondent and the complainant and shall be subject to the approval of the commission. Each conciliation agreement shall be made public unless the complainant and respondent otherwise agree and the commission determines that disclosure is not required to further the purposes of this chapter.

If no such agreement can be reached, a finding to that effect shall be made and reduced to writing, with a copy thereof provided to the complainant and the respondent.

The commission may adopt rules, including procedural time requirements, for processing complaints alleging an unfair practice with respect to real estate transactions pursuant to RCW 49.60.222 through 49.60.225 and which may be consistent with the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3601 et seq.), but which in no case shall exceed or be more restrictive than the requirements or standards of such act. [1995 c 259 § 5. 49.60.260 Enforcement of orders of administrative law judge—Appellate review of court order. (1) The commission or any person entitled to relief of a final order may petition the court within the county wherein any unfair practice occurred or wherein any person charged with an unfair practice resides or transacts business for enforcement of any final order which is not complied with and is issued by the commission or an administrative law judge under the provisions of this chapter and for appropriate temporary relief or a restraining order, and shall certify and file in court the final order sought to be enforced. Within five days after filing such petition in court, the commission or any person entitled to relief of a final order shall cause a notice of the petition to be sent by certified mail to all parties or their representatives.

(3) From the time the petition is filed, the court shall have jurisdiction of the proceedings and of the questions determined thereon, and shall have the power to grant such temporary relief or restraining order as it deems just and suitable.

(4) If the petition shows that there is a final order issued by the commission or administrative law judge under RCW 49.60.240 or 49.60.250 and that the order has not been complied with in whole or in part, the court shall issue an order directing the person who is alleged to have not complied with the administrative order to appear in court at a time designated in the order, not less than ten days from the date thereof, and show cause why the administrative order should not be enforced according to the terms. The commission or any person entitled to relief of any final order shall immediately serve the noncomplying party with a copy of the court order and the petition.

(5) The administrative order shall be enforced by the court if the person does not appear, or if the person appears and the court finds that:

(a) The order is regular on its face;

(b) The order has not been complied with; and

(c) The person's answer discloses no valid reason why the order should not be enforced, or that the reason given in the person's answer could have been raised by review under.

The review shall be taken and prosecuted in the same manner and form and with the same effect as is provided in other cases. 50.04.232 Employment—Travel services. The term "employment" shall not include service performed by an outside agent who sells or arranges for travel services that are provided to a travel agent as defined and registered under RCW 19.138.021, to the extent the outside agent is compensated by commission. [1995 c 242 § 1.]

Conflict with federal requirements—1995 c 242: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." [1995 c 242 § 2.]

50.04.245 Employment—Services performed for temporary services agency, employee leasing agency, or services referral agency. (1) Subject to the other provisions of this title, personal services performed for, or for the benefit of, a third party pursuant to a contract with a temporary services agency, employee leasing agency, services referral agency, or other entity shall be deemed to be employment for the temporary services agency, employee leasing agency, services referral agency, or other entity when the agency is responsible, under contract or in fact, for the payment of wages in remuneration for the services performed.

(2) For the purposes of this section:

(a) "Temporary services agency" means an individual or entity that is engaged in the business of furnishing individuals to perform services on a part-time or temporary basis for a third party.

(b) "Employee leasing agency" means an individual or entity that for a fee places the employees of a client onto its payroll and leases such employees back to the client.

(c) "Services referral agency" means an individual or entity that is engaged in the business of offering the services of an individual to perform specific tasks for a third party. [1995 c 120 § 1.]

Conflict with federal requirements—1995 c 120: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." [1995 c 120 § 2.]

50.04.320 Wages, remuneration. (1) For the purpose of payment of contributions, "wages" means the remuneration paid by one employer during any calendar year to an individual in its employment under this title or the unemployment compensation law of any other state in the amount specified in RCW 50.24.010. If an employer (hereinafter referred to as a successor employer) during any calendar year acquires substantially all the operating assets of another employer (hereinafter referred to as a predecessor employer) or assets used in a separate unit of a trade or business of a predecessor employer, and immediately after the acquisition employs in the individual's trade or business an individual who immediately before the acquisition was employed in the trade or business of the predecessor employer, then, for the purposes of determining the amount of remuneration paid by the successor employer to the individual during the calendar year which is subject to contributions, any remuneration paid to the individual by the predecessor employer during that calendar year and before the acquisition shall be considered as having been paid by the successor employer.

(2) For the purpose of payment of benefits, "wages" means the remuneration paid by one or more employers to an individual for employment under this title during his base year: PROVIDED, That at the request of a claimant, wages
may be calculated on the basis of remuneration payable. The department shall notify each claimant that wages are calculated on the basis of remuneration paid, but at the claimant's request a redetermination may be performed and based on remuneration payable.

(3) For the purpose of payment of benefits and payment of contributions, the term "wages" includes tips which are received after January 1, 1987, while performing services which constitute employment, and which are reported to the employer for federal income tax purposes.

(4)(a) "Remuneration" means all compensation paid for personal services including commissions and bonuses and the cash value of all compensation paid in any medium other than cash. The reasonable cash value of compensation paid in any medium other than cash and the reasonable value of gratuities shall be estimated and determined in accordance with rules prescribed by the commissioner. Remuneration does not include payments to members of a reserve component of the armed forces of the United States, including the organized militia of the state of Washington, for the performance of duty for periods not exceeding seventy-two hours at a time.

(b) Previously accrued compensation, other than severance pay or payments received pursuant to plant closure agreements, when assigned to a specific period of time by virtue of a collective bargaining agreement, individual employment contract, customary trade practice, or request of the individual compensated, shall be considered remuneration for the period to which it is assigned. Assignment clearly occurs when the compensation serves to make the individual eligible for all regular fringe benefits for the period to which the compensation is assigned.

(c) Settlements or other proceeds received by an individual as a result of a negotiated settlement for termination of an employment contract with a public agency prior to its expiration date shall be considered remuneration. The proceeds shall be deemed assigned in the same intervals and in the same amount for each interval as compensation was allocated under the contract.

(d) Except as provided in (c) of this subsection, the provisions of this subsection (4) pertaining to the assignment of previously accrued compensation shall not apply to individuals subject to RCW 50.44.050. 50.12.270 Rural natural resources impact areas—Training and services program—Survey—Definition. (1) Subject to the availability of state or federal funds, the employment security department, as a member of the agency rural community assistance task force, shall consult with and may subcontract with local educational institutions, local businesses, local labor organizations, local associate development organizations, local private industry councils, local social service organizations, and local governments in carrying out a program of training and services, including training through the entrepreneurial training program, for dislocated workers in rural natural resources impact areas.

(2) The department shall conduct a survey to determine the actual future employment needs and jobs skills in rural natural resources impact areas.
The department shall coordinate the services provided in this section with all other services provided by the department and with the other economic recovery efforts undertaken by state and local government agencies on behalf of the rural natural resources impact areas.

(4) The department shall make every effort to procure additional federal and other moneys for the efforts enumerated in this section.

(5) For the purposes of this section, "rural natural resources impact area" means:
(a) A nonmetropolitan county, as defined by the 1990 decennial census, that meets two of the five criteria set forth in subsection (6) of this section; or
(b) A nonurbanized area, as defined by the 1990 decennial census, that is located in a metropolitan county that meets two of the five criteria set forth in subsection (6) of this section.

(6) For the purposes of designating rural natural resources impact areas, the following criteria shall be considered:
(a) A lumber and wood products employment location quotient at or above the state average;
(b) A commercial salmon fishing employment location quotient at or above the state average;
(c) Projected or actual direct lumber and wood products job losses of one hundred positions or more;
(d) Projected or actual direct commercial salmon fishing job losses of one hundred positions or more; and
(e) An unemployment rate twenty percent or more above the state average. The counties that meet these criteria shall be determined by the employment security department for the most recent year for which data is available. For the purposes of administration of programs under this chapter, the United States post office five-digit zip code delivery areas will be used to determine residence status for eligibility purposes. For the purpose of this definition, a zip code delivery area that is located wholly or partially in an urbanized area or within two miles of an urbanized area is considered urbanized. The office of financial management shall make available a zip code listing of the areas to all agencies and organizations providing services under this chapter. [1995 c 226 § 30; 1991 c 315 § 3.]

Sunset Act application: See note following RCW 43.31.601.

Severability—Conflict with federal requirements—Effective date—1995 c 226: See notes following RCW 43.31.601.

Intent—1991 c 315: "The legislature finds that:
(1) The economic health and well-being of timber-dependent communities is of substantial public concern. The significant reduction in annual timber harvest levels likely will result in reduced economic activity and persistent unemployment and underemployment over time, which would be a serious threat to the safety, health, and welfare of residents of the timber impact areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

(2) Timber impact areas are most often located in areas that are experiencing little or no economic growth, creating an even greater risk to the health, safety, and welfare of these communities. The ability to remedy problems caused by the substantial reduction in harvest activity is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the resulting problems of poverty and unemployment.

(3) To address these concerns, it is the intent of the legislature to increase training and retraining services accessible to timber impact areas, and provide for coordination of noneconomic development services in timber impact areas as economic development efforts will not succeed unless social, housing, health, and other needs are addressed." Individuals identified as likely to exhaust benefits shall be referred to reemployment services, such as job search assistance services, to the extent such services are available at public expense.

(2) The profiling system shall include collection and review of follow-up information relating to the services received by individuals under this section and the employment outcomes for the individuals following receipt of the services. The information shall be used in making profiling identifications.

(3) In carrying out reviews of individuals receiving services, the department may contract with public or private entities and may disclose information or records necessary to permit contracting entities to assist in the operation and management of department functions. Any information or records disclosed to public or private entities shall be used solely for the purposes for which the information was disclosed and the entity shall be bound by the same rules of privacy and confidentiality as department employees. 50.20.190 Recovery of benefit payments. (1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual’s applicable benefit year for which the purported overpayment was made,

In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of their monthly payments either partially or in full. The interest penalty shall be used to fund detection and recovery of overpayment and collection activities. (2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(3)(a) Beginning July 1, 1985, a contribution-paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(ii) Was discharged for misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, work site, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

50.29.026 Modification of contribution rate. (1) Beginning with contributions assessed for rate year 1996, a qualified employer’s contribution rate determined under RCW 50.29.025 may be modified as follows:

(a) Subject to the limitations of this subsection, an employer may make a voluntary contribution of an amount equal to part or all of the benefits charged to the employer’s account during the two years most recently ended on June 30th that were used for the purpose of computing the employer’s contribution rate. On receiving timely payment of a voluntary contribution, plus a surcharge of ten percent of the amount of the voluntary contribution, the commissioner shall cancel the benefits equal to the amount of the voluntary contribution, excluding the surcharge, and compute
a new benefit ratio for the employer. The employer shall then be assigned the contribution rate applicable to the rate class within which the recomputed benefit ratio is included. The minimum amount of a voluntary contribution, excluding the surcharge, must be an amount that will result in a recomputed benefit ratio that is in a rate class at least two rate classes lower than the rate class that included the employer’s original benefit ratio.

(b) Payment of a voluntary contribution is considered timely if received by the department during the period beginning on the date of mailing to the employer the notice of contribution rate required under this title for the rate year for which the employer is seeking a modification of his or her contribution rate and ending on February 15th of that rate year.

(c) A benefit ratio may not be recomputed nor a contribution rate be reduced under this section as a result of a voluntary contribution received after the payment period prescribed in (b) of this subsection.

(2) This section does not apply to any employer who has not had an increase of at least six rate classes from the previous tax rate year. [1995 c 322 § 1.]

Conflict with federal requirements—1995 c 322: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." [1995 c 322 § 2.]

50.29.062 Contribution rates for predecessor and successor employers. Predecessor and successor employer contribution rates shall be computed in the following manner:

(1) If the successor is an employer, as defined in RCW 50.04.080, at the time of the transfer, its contribution rate shall remain unchanged for the remainder of the rate year in which the transfer occurs. From and after January 1 following the transfer, the successor’s contribution rate for each rate year shall be based on its experience with payrolls and benefits including the experience of the acquired business or portion of a business from the date of transfer, as of the regular computation date for that rate year.

(2) If the successor is not an employer at the time of the transfer, it shall pay contributions at the lowest rate determined under either of the following:

(a) The contribution rate of the rate class assigned to the predecessor employer at the time of the transfer for the remainder of that rate year and continuing until the successor qualifies for a different rate in its own right. Any experience relating to the assignment of that rate class attributable to the predecessor is transferred to the successor; or

(b) The contribution rate equal to the average industry rate as determined by the commissioner, but not less than one percent, and continuing until the successor qualifies for a different rate in its own right. Assignment of employers by the commissioner to industrial classification, for purposes of this subsection, must be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code.

(3) If the successor is not an employer at the time of the transfer and simultaneously acquires the business or a portion of the business of two or more employers in different rate classes, its rate from the date the transfer occurred until the end of that rate year and until it qualifies in its own right for a new rate, shall be the highest rate class applicable at the time of the acquisition to any predecessor employer who is a party to the acquisition.

(4) The contribution rate on any payroll retained by a predecessor employer shall remain unchanged for the remainder of the rate year in which the transfer occurs.

(5) In all cases, from and after January 1 following the transfer, the predecessor’s contribution rate for each rate year shall be based on its experience with payrolls and benefits as of the regular computation date for that rate year including the experience of the acquired business or portion of business up to the date of transfer. PROVIDED, That if all of the predecessor’s business is transferred to a successor or successors, the predecessor shall not be a qualified employer until it satisfies the requirements of a "qualified employer" as set forth in RCW 50.29.010. SPECIAL COVERAGE PROVISIONS

Sections
50.44.050 Benefits payable, terms and conditions—"Academic year" defined.
50.44.053 Definition of "reasonable assurance" as used in RCW 50.44.050.

50.44.050 Benefits payable, terms and conditions—"Academic year" defined. Except as otherwise provided in subsections (1) through (4) of this section, benefits based on services in employment covered by or pursuant to this chapter shall be payable on the same terms and subject to the same conditions as compensation payable on the basis of other service subject to this title.

(1) Benefits based on service in an instructional, research or principal administrative capacity for an educational institution shall not be paid to an individual for any week of unemployment which commences during the period between two successive academic years or between two successive academic terms within an academic year (or, when an agreement provides instead for a similar period between two regular but not successive terms within an academic year, during such period) if such individual performs such services in the first of such academic years or terms and if there is a contract or reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms. Any employee of a common school district who is presumed to be reemployed pursuant to RCW 28A.405.210 shall be deemed to have a contract for the ensuing term.

(2) Benefits shall not be paid based on services in any other capacity for an educational institution for any week of unemployment which commences during the period between two successive academic years or between two successive academic terms within an academic year, if such individual performs such services in the first of such academic years or terms and there is a reasonable assurance that such individual will perform such services in the second of such academic years or terms: PROVIDED, That if benefits are denied to any individual under this subsection and that individual was not offered an opportunity to perform such services for the educational institution for the second of such academic years or terms, the individual is entitled to a retroactive payment of benefits for each week for which the individual filed a timely claim for benefits and for which benefits were denied solely by reason of this subsection.

(3) Benefits shall not be paid based on any services described in subsections (1) and (2) of this section for any week of unemployment which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess.

(4) Benefits shall not be paid (as specified in subsections (1), (2), or (3) of this section) based on any services described in subsections (1) or (2) of this section to any individual who performed such services in an educational institution while in the employ of an educational service district which is established pursuant to chapter 28A.310 RCW and exists to provide services to local school districts.

(5) As used in subsection (1) of this section, "academic year" means, with respect to services described in subsection (1) of this section performed by part-time faculty at community colleges and technical colleges: Fall, winter, spring, and summer quarters or comparable semesters unless, based upon objective criteria including enrollment and staffing, the quarter or comparable semester is not in fact a part of the academic year for the particular institution. [1995 c 296 § 2, 1990 c 33 § 587; 1984 c 140 § 2; 1983 1st ex.s. c 23 § 23; 1981 c 35 § 12; 1980 c 74 § 2; 1977 ex.s. c 292 § 18; 1975 1st ex.s. c 288 § 17; 1973 c 73 § 10; 1971 c 3 § 22.]

Finding and intent—1995 c 296 § 2: "The legislature finds that, as a general rule with limited exceptions, employees of educational institutions expect to be employed for no more than a nine or ten-month school year with a break between school years for the traditional summer vacation. Because of the decision in Evans v. Employment Security Department, 72 Wn. App. 862 (1994), the legislature finds it necessary to clarify legislative intent with regard to unemployment compensation for employees of educational institutions. The 1995 c 296 § 2 amendment to RCW 50.44.050 is intended to clarify that for the part-time faculty at two-year institutions of higher education, summer quarter may be expected to be a time of employment, unless otherwise shown. However, the 1995 c 296 § 2 amendment to RCW 50.44.050 is not intended to change the general rules used by the employment security department prior to the Evans decision regarding unemployment compensation for other employees of educational institutions." 50.44.053 Definition of "reasonable assurance" as used in RCW 50.44.050. The term "reasonable assurance," as used in RCW 50.44.050, means a written, verbal, or implied agreement that the employee will perform services in the same capacity during the ensuing academic year or term as in the first academic year or term. However, with respect to services described in RCW 50.44.050(1) performed by part-time faculty for community colleges and technical colleges, the term "reasonable assurance" does not include an agreement that is contingent on enrollment,
funding, or program changes. A person shall not be deemed to be performing services "in the same capacity" unless those services are rendered under the same terms or conditions of employment in the ensuing year as in the first academic year or term. [1995 c 296 § 3; 1985 ex.s. c 5 § 9.]

50.62.030 Job service program or activity. Job service resources shall be used to assist with the reemployment of unemployed workers using the most efficient and effective means of service delivery. The job service program of the employment security department may undertake any program or activity for which funds are available and which furthers the goals of this chapter. These programs and activities shall include, but are not limited to:

(1) Giving older unemployed workers and the long-term unemployed the highest priority for all services made available under this section. The employment security department shall make the services provided under this chapter available to the older unemployed workers and the long-term unemployed as soon as they register under the employment assistance program;

(2) Supplementing basic employment services, with special job search and claimant placement assistance designed to assist unemployment insurance claimants to obtain employment;

50.70.020 Purpose—Displacement of employed workers prohibited.

50.70.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the employment security department.

(2) "Dislocated forest products worker" means a forest products worker who: (a)(i) Has been terminated or received notice of termination from employment and is unlikely to return to employment in the individual’s principal occupation or previous industry because of a diminishing demand for his or her skills in that occupation or industry; or (ii) is self-employed and has been displaced from his or her business because of the diminishing demand for the business’s services or goods; and (b) at the time of last separation from employment, resided in or was employed in a rural natural resources impact area.

(3) "Forest products worker" means a worker in the forest products industries affected by the reduction of forest fiber enhancement, transportation, or production. The workers included within this definition shall be determined by the employment security department, but shall include workers employed in the industries assigned the major group standard industrial classification codes "24" and "26" and the industries involved in the harvesting and management of logs, transportation of logs and wood products, processing of wood products, and the manufacturing and distribution of wood processing and logging equipment. The commissioner may adopt rules further interpreting these definitions. For the purposes of this subsection, "standard industrial classification code" means the code identified in RCW 50.29.025(6)(c).

(4) "Dislocated salmon fishing worker" means a salmon products worker who: (a)(i) Has been terminated or received notice of termination from employment and is unlikely to return to employment in the individual’s principal occupation or previous industry because of a diminishing demand for his or her skills in that occupation or industry; or (ii) is self-employed and has been displaced from his or her business because of the diminishing demand for the business’s services or goods; and (b) at the time of last separation from employment, resided in or was employed in a rural natural resources impact area.

(5) "Salmon fishing worker" means a worker in the salmon industry affected by 1994 or future salmon disasters. The workers included within this definition shall be determined by the employment security department, but shall include workers employed in the industries involved in the commercial and recreational harvesting of salmon including buying and processing salmon. The commissioner may adopt rules further interpreting these definitions.

(6) "Program" means the employment and career orientation program for dislocated forest products workers administered by the employment security department in conjunction with the department of natural resources.

(7) "Enrollee" means any person enrolled in the program.

(8) "Project" means the natural resource worker project.

(b) A nonurbanized area, as defined by the 1990 decennial census, that is located in a metropolitan county that meets two of the five criteria set forth in subsection (10) of this section.

(10) For the purposes of designating rural natural resources impact areas, the following criteria shall be considered:

(a) A lumber and wood products employment location quotient at or above the state average;
(b) A commercial salmon fishing employment location quotient at or above the state average;
(c) Projected or actual direct lumber and wood products job losses of one hundred positions or more;
(d) Projected or actual direct commercial salmon fishing job losses of one hundred positions or more; and
(e) An unemployment rate twenty percent or more above the state average. The counties that meet these criteria shall be determined by the employment security department for the most recent year for which data is available. For the purposes of administration of programs under this chapter, the United States post office five-digit zip code delivery areas will be used to determine residence status for eligibility purposes. For the purpose of this definition, a zip code delivery area that is located wholly or partially in an urbanized area or within two miles of an urbanized area is considered urbanized. The office of financial management shall make available a zip code listing of the areas to all agencies and organizations providing services under this chapter. 50.70.020 Purpose—Displacement of employed workers prohibited. It is the purpose of this chapter to establish programs that offer dislocated forest and salmon products workers, in rural natural resources impact areas, opportunities for forest-related employment that utilizes their unique skills. Employment under the program shall not result in the displacement or partial displacement of currently employed workers. This includes, but is not limited to, state employees or currently or normally contracted service employees. [1995 c 226 § 32; 1991 c 315 § 6.]

occurred within this state, such worker, or his or her beneficiaries, shall be entitled to compensation under this title: PROVIDED, That if at the time of such injury:

(a) His or her employment is principally localized in this state; or

(b) He or she is working under a contract of hire made in this state for employment not principally localized in any state; or

(c) He or she is working under a contract of hire made in this state for employment principally localized in another state whose workers’ compensation law is not applicable to his or her employer; or

(d) He or she is working under a contract of hire made in this state for employment outside the United States and Canada.

(2) The payment or award of compensation or other recoveries, including settlement proceeds, under the workers’ compensation law of another state, territory, province, or foreign nation to a worker or his or her beneficiaries otherwise entitled on account of such injury to compensation under this title shall not be a bar to a claim for compensation under this title: PROVIDED, That claim under this title is timely filed. If compensation is paid or awarded under this title, the total amount of compensation or other recoveries, including settlement proceeds, paid or awarded the worker or beneficiary under such other workers’ compensation law shall be credited against the compensation due the worker or beneficiary under this title.

(3) If a worker or beneficiary is entitled to compensation under this title by reason of an injury sustained in this state while in the employ of an employer who is domiciled in another state and who has neither opened an account with the department nor qualified as a self-insurer under this title, such an employer or his or her insurance carrier shall file with the director a certificate issued by the agency which administers the workers’ compensation law in the state of the employer’s domicile, certifying that such employer has secured the payment of compensation under the workers’ compensation law of such other state and that with respect to said injury such worker or beneficiary is entitled to the benefits provided under such law. In such event:

(a) The filing of such certificate shall constitute appointment by the employer or his or her insurance carrier of the director as its agent for acceptance of the service of process in any proceeding brought by any claimant to enforce rights under this title;

(b) The director shall send to such employer or his or her insurance carrier, by registered or certified mail to the address shown on such certificate, a true copy of any notice of claim or other process served on the director by the claimant in any proceeding brought to enforce rights under this title;

(c)(i) If such employer is a self-insurer under the workers’ compensation law of such other state, such employer shall, upon submission of evidence or security, satisfactory to the director, of his or her ability to meet his or her liability to such claimant under this title, be deemed to be a qualified self-insurer under this title;

(ii) If such employer’s liability under the workers’ compensation law of such other state is insured, such employer’s carrier, as to such claimant only, shall be deemed to be subject to this title: PROVIDED, That unless its contract with said employer requires it to pay an amount equivalent to the compensation benefits provided by this title, the insurer’s liability for compensation shall not exceed its liability under the workers’ compensation law of such other state;

(d) If the total amount for which such employer’s insurer is liable under (c)(ii) above is less than the total of the compensation to which such claimant is entitled under this title, the director may require the employer to file security satisfactory to the director to secure the payment of compensation under this title;

(e) If such employer has neither qualified as a self-insurer nor secured insurance coverage under the workers’ compensation law of another state, such claimant shall be paid compensation by the department; and

(f) Any such employer shall have the same rights and obligations as other employers subject to this title and where he or she has not provided coverage or sufficient coverage to secure the compensation provided by this title to such claimant, the director may impose a penalty payable to the department of a sum not to exceed fifty percent of the cost to the department of any deficiency between the compensation provided by this title and that afforded such claimant by such employer or his or her insurance carrier if any.

(4) As used in this section:

(a) A person’s employment is principally localized in this or another state when (i) his or her employer has a place of business in this or such other state and he or she regularly works at or from such place of business, or (ii) if clause (i) foregoing is not applicable, he or she is domiciled in and spends a substantial part of his or her working time in the service of his or her employer in this or such other state;

(b) "Workers’ compensation law" includes "occupational disease law" for the purposes of this section.

(5) A worker whose duties require him or her to travel regularly in the service of his or her employer in this and one or more other states may agree in writing with his or her employer that his or her employment is principally localized in this or another state, and, unless such other state refuses jurisdiction, such agreement shall govern as to any injury occurring after the effective date of the agreement.

(6) The director shall be authorized to enter into agreements with the appropriate agencies of other states and provinces of Canada which administer their workers’ compensation law with respect to conflicts of jurisdiction and the assumption of jurisdiction in cases where the contract of employment arises in one state or province and the injury occurs in another, and when any such agreement has been executed and promulgated as a regulation of the department under chapter 34.05 RCW, it shall bind all employers and workers subject to this title and the jurisdiction of this title shall be governed by this regulation. [1995 c 199 § 1; 1977 ex.s. c 350 § 23; 1972 ex.s. c 43 § 12; 1971 ex.s. c 289 § 82.]

SELF-INSURERS

Sections

51.14.020 Qualification as self-insurer—Application for certification—Security deposit or letter of credit—Reinsurance—Rules. (1) An employer may qualify as a self-insurer by establishing to the director’s satisfaction that he or she has sufficient financial ability to make certain the prompt payment of all compensation under this title and all assessments which may become due from such employer. Each application for certification as a self-insurer submitted by an employer shall be accompanied by payment of a fee escrow account in a depository designated by the director, or a surety bond written by any company admitted to transact surety business in this state, or provide an irrevocable letter of credit issued by a federally or state chartered commercial banking institution authorized to conduct business in the state of Washington filed with the department. The money, securities, bond, or letter of credit shall be in an amount reasonably sufficient in the director’s discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer’s normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, bond, or letter of credit required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and the employer’s probable continuity of operation. However, a letter of credit shall be acceptable only if the self-insurer has a net worth of not less than five hundred million dollars as evidenced in an annual financial statement prepared by a qualified, independent auditor using generally accepted accounting principles. The money, securities, bond, or letter of credit so deposited shall be held by the director solely for the payment of compensation by the self-insurer and his or her assessments. In the event of default the self-insurer loses all right and title to, any interest in, and any right to control the surety. The amount of surety may be increased or decreased from time to time by the director. The income from any securities deposited may be distributed currently to the self-insurer.

(b) The letter of credit option authorized in (a) of this subsection shall not apply to self-insurers authorized under RCW 51.14.150 or to self-insurers who are counties, cities, or municipal corporations.

(3) Securities or money deposited by an employer pursuant to subsection (2) of this section shall be returned to him or her upon his or her written request provided the employer files the bond required by such subsection.

(4) If the employer seeking to qualify as a self-insurer has previously insured with the state fund, the director shall require the employer to make up his or her proper share of any deficit or insufficiency in the state fund as a condition to certification as a self-insurer.

(5) A self-insurer may reinsure a portion of his or her liability under this title with any reinsurer authorized to transact such reinsurance in this state: PROVIDED, That the reinsurer may not participate in the administration of the responsibilities of the self-insurer under this title. Such reinsurance may not exceed eighty percent of the liabilities under this title.

(6) For purposes of the application of this section, the department may adopt separate rules establishing the security requirements applicable to units of local government. In setting such requirements, the department shall take into consideration the ability of the governmental unit to meet its self-insured obligations, such as but not limited to source of funds, permanency, and right of default.

(7) The director shall adopt rules to carry out the purposes of this section including, but not limited to, rules respecting the terms and conditions of letters of credit and the establishment of the appropriate level of net worth of the self-insurer to qualify for use of the letter of credit. Only letters of credit issued in strict compliance with the rules shall be deemed acceptable. [1995 c 31 § 1; 1990 c 209 § 1; 1986 c 57 § 1; 1977 ex.s. c 323 § 9; 1972 ex.s. c 43 § 16; 1971 ex.s. c 289 § 27.]

extent thereof, be deemed a payment upon the purchase price, and if such payment is greater in amount than the purchase price the amount of the difference shall become a debt due such successor from the employer.

No successor may be liable for any tax due from the person from whom the successor has acquired a business or stock of goods if the successor gives written notice to the department of such acquisition and no assessment is issued by the department within one hundred eighty days of receipt of such notice against the former operator of the business and a copy thereof mailed to such successor. Chapter 51.24

ACTIONS AT LAW FOR INJURY OR DEATH

Sections

51.24.030 Action against third person—Election by injured person or beneficiary authorized—Statutory interest in recovery— "Injury" and "recovery" defined—Applicability of chapter to underinsured motorist insurance coverage. (1) If a third person, not in a worker's same employ, is or may become liable to pay damages on account of a worker's injury for which benefits and compensation are provided under this title, the injured worker or beneficiary may elect to seek damages from the third person.

(2) In every action brought under this section, the plaintiff shall give notice to the department or self-insurer when the action is filed. The department or self-insurer may file a notice of statutory interest in recovery. When such notice has been filed by the department or self-insurer, the parties shall thereafter serve copies of all notices, motions, pleadings, and other process on the department or self-insurer. The department or self-insurer may then intervene as a party in the action to protect its statutory interest in recovery.

(3) For the purposes of this chapter, "injury" shall include any physical or mental condition, disease, ailment or loss, including death, for which compensation and benefits are paid or payable under this title.

(4) Damages recoverable by a worker or beneficiary pursuant to the underinsured motorist coverage of an insurance policy shall be subject to this chapter only if the owner of the policy is the employer of the injured worker.

(5) For the purposes of this chapter, "recovery" includes all damages except loss of consortium. [1995 c 199 § 2; 1987 c 212 § 1701; 1986 c 58 § 1; 1984 c 218 § 3; 1977 ex.s. c 85 § 1.]

Severability—1995 c 199: See note following RCW 51.12.120.

51.24.050 Action against third person—Assignment of cause of action to department or self-insurer—Disposition of award or settlement. (1) An election not to proceed against the third person operates as an assignment of the cause of action to the department or self-insurer, which may prosecute or compromise the action in its discretion in the name of the injured worker, beneficiary or legal representative.

(2) If an injury to a worker results in the worker's death, the department or self-insurer to which the cause of action has been assigned may petition a court for the appointment of a special personal representative for the limited purpose of maintaining an action under this chapter and chapter 4.20 RCW.

(3) If a beneficiary is a minor child, an election not to proceed against a third person on such beneficiary's cause of action may be exercised by the beneficiary's legal custodian or guardian.

(4) Any recovery made by the department or self-insurer shall be distributed as follows:

(a) The department or self-insurer shall be paid the expenses incurred in making the recovery including reasonable costs of legal services;

(b) The injured worker or beneficiary shall be paid twenty-five percent of the balance of the recovery made, which shall not be subject to subsection (5) of this section: PROVIDED, That in the event of a compromise and settlement by the parties, the injured worker or beneficiary may agree to a sum less than twenty-five percent;

(c) The department and/or self-insurer shall be paid the compensation and benefits paid to or on behalf of the injured worker or beneficiary by the department and/or self-insurer; and

(d) The injured worker or beneficiary shall be paid any remaining balance.

(5) Thereafter no payment shall be made to or on behalf of a worker or beneficiary by the department and/or self-insurer for such injury until the amount of any further compensation and benefits shall equal any such remaining balance. Thereafter, such benefits shall be paid by the department and/or self-insurer to or on behalf of the worker or beneficiary as though no recovery had been made from a third person.

(6) When the cause of action has been assigned to the self-insurer and compensation and benefits have been paid and/or are payable from state funds for the same injury:

(a) The prosecution of such cause of action shall also be for the benefit of the department to the extent of compensation and benefits paid and payable from state funds;

(b) Any compromise or settlement of such cause of action which results in less than the entitlement under this title is void unless made with the written approval of the department;

(c) The department shall be reimbursed for compensation and benefits paid from state funds;

(d) The department shall bear its proportionate share of the costs and reasonable attorneys' fees incurred by the self-insurer in obtaining the award or settlement; and

(e) Any remaining balance under subsection (4)(d) of this section shall be applied, under subsection (5) of this section, to reduce the obligations of the department and self-
insurer to pay further compensation and benefits in proportion to which the obligations of each bear to the remaining entitlement of the worker or beneficiary. [1995 c 199 § 3; 1984 c 218 § 4; 1983 c 211 § 1; 1977 ex.s. c 85 § 3.]

Severability—1995 c 199: See note following RCW 51.12.120.

Applicability—1983 c 211: "Sections 1 and 2 of this act apply to all actions against third persons in which judgment or settlement of the underlying action has not taken place prior to July 24, 1983." [1983 c 211 § 3.] "Sections 1 and 2 of this act" consist of the 1983 amendments of RCW 51.24.050 and 51.24.060.

Severability—1983 c 211: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 211 § 4.]

51.24.060 Action against third person—Distribution of award or settlement recovered by injured worker or beneficiary—Liens—Enforcement. (1) If the injured worker or beneficiary elects to seek damages from the third person, any recovery made shall be distributed as follows:

   (a) The costs and reasonable attorneys’ fees shall be paid proportionately by the injured worker or beneficiary and the department and/or self-insurer: PROVIDED, That the department and/or self-insurer may require court approval of costs and attorneys’ fees or may petition a court for determination of the reasonableness of costs and attorneys’ fees;

   (b) The injured worker or beneficiary shall be paid twenty-five percent of the balance of the award: PROVIDED, That in the event of a compromise and settlement by the parties, the injured worker or beneficiary may agree to a sum less than twenty-five percent;

   (c) The department and/or self-insurer shall be paid the balance of the recovery made, but only to the extent necessary to reimburse the department and/or self-insurer for benefits paid;

   (i) The department and/or self-insurer shall bear its proportionate share of the costs and reasonable attorneys’ fees incurred by the worker or beneficiary to the extent of the benefits paid under this title: PROVIDED, That the department’s and/or self-insurer’s proportionate share shall not exceed one hundred percent of the costs and reasonable attorneys’ fees;

   (ii) The department’s and/or self-insurer’s proportionate share of the costs and reasonable attorneys’ fees shall be determined by dividing the gross recovery amount into the benefits paid amount and multiplying this percentage times the costs and reasonable attorneys’ fees incurred by the worker or beneficiary;

   (iii) The department’s and/or self-insurer’s reimbursement share shall be determined by subtracting their proportionate share of the costs and reasonable attorneys’ fees from the benefits paid amount;

   (d) Any remaining balance shall be paid to the injured worker or beneficiary; and

   (e) Thereafter no payment shall be made to or on behalf of a worker or beneficiary by the department and/or self-insurer for such injury until the amount of any further compensation and benefits shall equal any such remaining balance minus the department’s and/or self-insurer’s proportionate share of the costs and reasonable attorneys’ fees in regards to the remaining balance. This proportionate share shall be determined by dividing the gross recovery amount into the remaining balance amount and multiplying this percentage times the costs and reasonable attorneys’ fees incurred by the worker or beneficiary. Thereafter, such benefits shall be paid by the department and/or self-insurer to or on behalf of the worker or beneficiary as though no recovery had been made from a third person.

   (2) The recovery made shall be subject to a lien by the department and/or self-insurer for its share under this section.

   (3) The department or self-insurer has sole discretion to compromise the amount of its lien. In deciding whether or to what extent to compromise its lien, the department or self-insurer shall consider at least the following:

   (a) The likelihood of collection of the award or settlement as may be affected by insurance coverage, solvency, or other factors relating to the third person;

   (b) Factual and legal issues of liability as between the injured worker or beneficiary and the third person. Such issues include but are not limited to possible contributory negligence and novel theories of liability; and

   (c) Problems of proof faced in obtaining the award or settlement.

   (4) In an action under this section, the self-insurer may act on behalf and for the benefit of the department to the extent of any compensation and benefits paid or payable from state funds.

   (5) It shall be the duty of the person to whom any recovery is paid before distribution under this section to advise the department or self-insurer of the fact and amount of such recovery, the costs and reasonable attorneys’ fees associated with the recovery, and to distribute the recovery in compliance with this section.

   (6) The distribution of any recovery made by award or settlement of the third party action shall be confirmed by department order, served by registered or certified mail, and shall be subject to chapter 51.52 RCW. In the event the order of distribution becomes final under chapter 51.52 RCW, the director or the director’s designee may file with the clerk of any county within the state a warrant in the amount of the sum representing the unpaid lien plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of such worker or beneficiary mentioned in the warrant, the amount of the unpaid lien plus interest accrued and the date when the warrant was filed. The amount of such warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the injured worker or beneficiary against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee of five dollars, which shall be added to the amount of the warrant. A copy of such
warrant shall be mailed to the injured worker or beneficiary within three days of filing with the clerk.

(7) The director, or the director's designee, may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice and order to withhold and deliver property of any kind if he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property which is due, owing, or belonging to any worker or beneficiary upon whom a warrant has been served by the department for payments due to the state fund. The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff's deputy; by certified mail, return receipt requested; or by any authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or the director's authorized representative upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount claimed by the director in the notice together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer to all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled. [1995 c 199 § 4; 1993 c 496 § 2; 1987 c 442 § 1118; 1986 c 305 § 403; 1984 c 218 § 5; 1983 c 211 § 2; 1977 ex.s. c 85 § 4.]

Severability—1995 c 199: See note following RCW 51.12.120.

Effective date—Application—1993 c 496: See notes following RCW 4.22.070.

51.24.090 Action against third person—Compromise or settlement less than benefits—Approval by department or self-insurer—"Entitlement" defined—Assignment of action. (1) Any compromise or settlement of the third party cause of action by the injured worker or beneficiary which results in less than the entitlement under this title is void unless made with the written approval of the department or self-insurer: PROVIDED, That for the purposes of this chapter, "entitlement" means benefits and compensation paid and estimated by the department to be paid in the future.

(2) If a compromise or settlement is void because of subsection (1) of this section, the department or self-insurer may petition the court in which the action was filed for an order assigning the cause of action to the department or self-insurer. If an action has not been filed, the department or self-insurer may proceed as provided in chapter 7.24 RCW. [1995 c 199 § 5; 1984 c 218 § 7; 1977 ex.s. c 85 § 7.]

If injury or death results to a worker from the deliberate intention of a beneficiary of that worker to produce the injury or death, or if injury or death results to a worker as a consequence of a beneficiary of that worker engaging in the attempt to commit, or the commission of, a felony, the beneficiary shall not receive any payment under this title.

An invalid child, while being supported and cared for in a state institution, shall not receive compensation under this chapter.

Any such assignment or charge is void unless the transfer is to a

51.32.050 Death benefits. (1) Where death results from the injury the expenses of burial not to exceed two hundred percent of the average monthly wage in the state as defined in RCW 51.08.018 shall be paid.

(2)(a) Where death results from the injury, a surviving spouse of a deceased worker eligible for benefits under this title shall receive monthly for life or until remarriage payments according to the following schedule:

- (i) If there are no children of the deceased worker, sixty percent of the wages of the deceased worker but not less than one hundred eighty-five dollars;
- (ii) If there is one child of the deceased worker and in the legal custody of such spouse, sixty-two percent of the wages of the deceased worker but not less than two hundred fifty-three dollars;

(b) Where the surviving spouse does not have legal custody of any child or children of the deceased worker or where after the death of the worker legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children. The amount of such payments shall be five percent of the monthly benefits payable as a result of the worker's death for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such
surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for the benefit of or on account of any such child or children. If the surviving spouse does not have legal custody of any child or children of the deceased worker, or if after the death of the worker, legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children.

(d) In no event shall the monthly payments provided in subsection (2) of this section exceed the applicable percentage of the average monthly wage in the state as computed under RCW 51.08.018 as follows:

(e) In addition to the monthly payments provided for in subsection (2) (a) through (c) of this section, a surviving spouse or child or children of such worker if there is no surviving spouse, or dependent parent or parents, if there is no surviving spouse or child or children of any such deceased worker shall be forthwith paid a sum equal to one hundred percent of the average monthly wage in the state as defined in RCW 51.08.018, any such children, or parents to share and share alike in said sum.

(f) Upon remarriage of a surviving spouse the monthly payments for the child or children shall continue as provided in this section, but the monthly payments to such surviving spouse shall cease at the end of the month during which remarriage occurs. However, after September 8, 1975, an otherwise eligible surviving spouse of a worker who died at any time prior to or after September 8, 1975, shall have an option of:

(i) Receiving, once and for all, a lump sum of twenty-four times the monthly compensation rate in effect on the date of remarriage allocable to the spouse for himself or herself pursuant to subsection (2)(a)(i) of this section and subject to any modifications specified under subsection (2)(d) of this section and RCW 51.32.075(3) or fifty percent of the then remaining annuity value of his or her pension, whichever is the lesser: PROVIDED, That if the injury occurred prior to July 28, 1991, the remarriage benefit lump sum available shall be as provided in the remarriage benefit schedules then in effect; or

(ii) If a surviving spouse does not choose the option specified in subsection (2)(f)(i) of this section to accept the lump sum payment, the remarriage of the surviving spouse of a worker shall not bar him or her from claiming the lump sum payment authorized in subsection (2)(f)(i) of this section during the life of the remarriage, or shall not prevent subsequent monthly payments to him or to her if the remarriage has been terminated by death or has been dissolved or annulled by valid court decree provided he or she has not previously accepted the lump sum payment.

(g) If the surviving spouse during the remarriage should die without having previously received the lump sum payment provided in subsection (2)(f)(i) of this section, his or her estate shall be entitled to receive the sum specified under subsection (2)(f)(i) of this section or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser.

(h) The effective date of resumption of payments under subsection (2)(f)(ii) of this section to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death or the date the judicial decree of annulment or dissolution becomes final and when application for the payments has been received.

(i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) of this section shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018, as follows:

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018 as follows:
If any dependent is under the age of eighteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent reaches the age of eighteen years except such payments shall continue until the dependent reaches age twenty-three while permanently enrolled at a full time course in an accredited school. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

(6) For claims filed prior to July 1, 1986, if the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse, the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remaries.

The department shall promptly mail a copy of the application to the employer at the employer’s last known address as shown by the records of the department.

(b) “Closing order” as used in this section means an order based on factors which include medical recommendation, advice, or examination.

(c) Applications for benefits where the claim has been closed without medical recommendation, advice, or examination are not subject to the seven year limitation of this section. The preceding sentence shall not apply to any closing order issued prior to July 1, 1981. First closing orders issued between July 1, 1981, and July 1, 1983, shall, for the purposes of this section only, be deemed issued on July 1, 1985. The time limitation of this section shall be ten years in claims involving loss of vision or function of the eyes.

However, for good cause, the department may extend the time for making the final determination on the application for an additional sixty days.

(2) If a worker receiving a pension for total disability returns to gainful employment for wages, the director may suspend or terminate the rate of compensation established for the disability without producing medical evidence that shows that a diminution of the disability has occurred.

(1)(a) Except as otherwise specifically provided in this section, any worker, beneficiary, employer, health services provider, or other person aggrieved by an order, decision, or award of the department must, before he or she appeals to the courts, file with the board and the director, by mail or personally, within sixty days from the day on which a copy of the order, decision, or award was communicated to such person, a notice of appeal to the board. However, a health services provider or other person aggrieved by a department order or decision making demand, whether with or without penalty, solely for repayment of sums paid to a provider of medical, dental, vocational, or other health services rendered to an industrially injured worker must, before he or she appeals to the courts, file with the board and the director, by mail or personally, within twenty days from the day on which a copy of the order or decision was communicated to the health services provider upon whom the department order or decision was served, a notice of appeal to the board.

(b) Failure to file a notice of appeal with both the board and the department shall not be grounds for denying the appeal if the notice of appeal is filed with either the board or the department.

(2) Within ten days of the date on which an appeal has been granted by the board, the board shall notify the other interested parties to the appeal of the receipt of the appeal and shall forward a copy of the notice of appeal to the other interested parties. Within twenty days of the receipt of such notice of the board, the worker or the employer may file with the board a cross-appeal from the order of the department from which the original appeal was taken.

(3) If within the time limited for filing a notice of appeal to the board from an order, decision, or award of the department, the department directs the submission of further evidence or the investigation of any further fact, the time for filing the notice of appeal shall not commence to run until the person has been advised in writing of the final decision of the department in the matter. In the event the department directs the submission of further evidence or the investigation of any further fact, as provided in this section, the department shall render a final order, decision, or award within ninety days from the date further submission of evidence or investigation of further fact is ordered which time period may be extended by the department for good cause stated in writing to all interested parties for an additional ninety days.

(4) The department, either within the time limited for appeal, or within thirty days after receiving a notice of appeal, may:

(a) Modify, reverse, or change any order, decision, or award; or

(b)(i) Except as provided in (b)(ii) of this subsection, hold an order, decision, or award in abeyance for a period of ninety days which time period may be extended by the department for good cause stated in writing to all interested parties for an additional ninety days pending further investigation in light of the allegations of the notice of appeal; or

(ii) Hold an order, decision, or award issued under RCW 51.32.160 in abeyance for a period not to exceed ninety days from the date of receipt of an application under RCW 51.32.160. The department may extend the ninety-day time period for an additional sixty days for good cause.

For purposes of this subsection, good cause includes delay that results from conduct of the claimant that is subject to sanction under RCW 51.32.110.

The board shall deny the appeal upon the issuance of an order under (b) (i) or (ii) of this subsection holding an earlier order, decision, or award in abeyance, without prejudice to the appellant's right to appeal from any subsequent determinative order issued by the department.

This subsection (4)(b) does not apply to applications deemed granted under RCW 51.32.160.

(5) An employer shall have the right to appeal an application deemed granted under RCW 51.32.160 on the same basis as any other application adjudicated pursuant to that section.

POWERS

54.16.285 Limitations on termination of utility service for residential heating.

54.16.285 Limitations on termination of utility service for residential heating. (1) A district providing utility service for residential space heating shall not terminate such utility service between November 15 through March 15 if the customer:

(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;

(b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community, trade, and economic development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information provided in the self-certification;

(c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

(d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

(f) Agrees to pay the moneys owed even if he or she moves.

(2) The utility shall:

(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;
(b) Assist the customer in fulfilling the requirements under this section;
(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;
(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this section. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and
(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

(3) All districts providing utility service for residential space heating shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

(4) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter. [1995 c 399 § 144; 1991 c 165 § 3; 1990 1st ex.s. c 1 § 3; 1986 c 245 § 3; 1985 c 6 § 19; 1984 c 251 § 2.]

54.24.080 Rates and charges—Waiver of connection charges for low-income persons. (1) The commission of each district which shall have revenue obligations outstanding shall have the power and shall be required to establish, maintain, and collect rates or charges for electric energy and water and other services, facilities, and commodities sold, furnished, or supplied by the district. The rates and charges shall be fair and, except as authorized by RCW 74.38.070 and by subsections (2) and (3) of this section, nondiscriminatory, and shall be adequate to provide revenues sufficient for the payment of the principal of and interest on such revenue obligations for which the payment has not otherwise been provided and all payments which the district is obligated to set aside in any special fund or funds created for such purpose, and for the proper operation and maintenance of the public utility and all necessary repairs, replacements, and renewals thereof.

(2) The commission of a district may waive connection charges for properties purchased by low-income persons from organizations exempt from tax under section 501(c)(3) of the federal internal revenue code as amended prior to the July 23, 1995. Waivers of connection charges for the same class of electric or gas utility service must be uniformly applied to all qualified property. Nothing in this subsection (2) authorizes the impairment of a contract.

(3) In establishing rates or charges for water service, commissioners may in their discretion consider the achievement of water conservation goals and the discouragement of wasteful water use practices. [1995 c 140 § 3; 1991 c 347 § 21; 1959 c 218 § 9; 1941 c 182 § 7; Rem. Supp. 1941 § 11611-7.]

54.52.010 Voluntary contributions to assist low-income residential customers—Administration. A public utility district may include along with, or as part of its regular customer billings, a request for voluntary contributions to assist qualified low-income residential customers of the district in paying their electricity bills. All funds received by the district in response to such requests shall be transmitted to the grantee of the department of community, trade, and economic development which administers federally funded energy assistance programs for the state in the district's service area or to a charitable organization within the district's service area. All such funds shall be used solely to supplement assistance to low-income residential customers of the district in paying their electricity bills. The grantee or charitable organization shall be responsible to determine which of the district's customers are qualified for low-income assistance and the amount of assistance to be provided to those who are qualified. 54.52.020 Disbursal of contributions—Quarterly report. All assistance provided under this chapter shall be disbursed by the grantee or charitable organization. Where possible the public utility district will be paid on behalf of the customer by the grantee or the charitable organization. When direct vendor payment is not feasible, a check will be issued jointly payable to the customer and the public utility district. The availability of funds for assistance to a district's low-income customers as a result of voluntary contributions shall not reduce the amount of assistance for which the district's customers are eligible under the federally funded energy assistance programs administered by the grantee of the department of community, trade, and econom-
ic development within the district's service area. The grantee or charitable organization shall provide the district with a quarterly report on January 15th, April 15th, July 15th, and October 15th which includes information concerning the total amount of funds received from the district, the names of all recipients of assistance from these funds, the amount received by each recipient, and the amount of funds received from the district currently on hand and available for future low-income assistance. bodies. [1995 c 347 § 428; 1981 c 293 § 6; 1969 ex.s. c 271 § 10.]

58.17.110 Approval or disapproval of subdivision and dedication—Factors to be considered—Conditions for approval—Finding—Release from damages. (1) The city, town, or county legislative body shall inquire into the public use and interest proposed to be served by the establishment of the subdivision and dedication. It shall determine: (a) If appropriate provisions are made for, but not limited to, the public health, safety, and general welfare, for open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and schoolgrounds, and shall consider all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school; and (b) whether the public interest will be served by the subdivision and dedication.

(2) A proposed subdivision and dedication shall not be approved unless the city, town, or county legislative body makes written findings that: (a) Appropriate provisions are made for the public health, safety, and general welfare and for such open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and schoolgrounds and all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school; and (b) the public use and interest will be served by the platting of such subdivision and dedication. If it finds that the proposed subdivision and dedication make such appropriate provisions and that the public use and interest will be served, then the legislative body shall approve the proposed subdivision and dedication. Dedication of land to any public body, provision of public improvements to serve the subdivision, and/or impact fees imposed under RCW 82.02.050 through 82.02.090 may be required as a condition of subdivision approval. Dedications shall be clearly shown on the final plat. No dedication, provision of public improvements, or impact fees imposed under RCW 82.02.050 through 82.02.090 shall be allowed that constitutes an unconstitutional taking of private property. The legislative body shall not as a condition to the approval of any subdivision require a release from damages to be procured from other property owners.

(3) If the preliminary plat includes a dedication of a public park with an area of less than two acres and the donor has designated that the park be named in honor of a deceased individual of good character, the city, town, or county legislative body must adopt the designated name. [1995 c 32 § 3; 1990 1st ex.s. c 17 § 52; 1989 c 330 § 3; 1974 ex.s. c 134 § 5; 1969 ex.s. c 271 § 11.]

58.17.140 Time limitation for approval or disapproval of plats—Extensions. Preliminary plats of any proposed subdivision and dedication shall be approved, disapproved, or returned to the applicant for modification or correction within ninety days from date of filing thereof unless the applicant consents to an extension of such time period or the ninety day limitation is extended to include up to twenty-one days as specified under RCW 58.17.095(3): PROVIDED, That if an environmental impact statement is required as provided in RCW 43.21C.050, the ninety day period shall not include the time spent preparing and circulating the environmental impact statement by the local government agency. Final plats and short plats shall be approved, disapproved, or returned to the applicant within thirty days from the date of filing thereof, unless the applicant consents to an extension of such time period. A final plat meeting all requirements of this chapter shall be submitted to the legislative body of the city, town, or county for approval within five years of the date of preliminary plat approval. Nothing contained in this section shall act to prevent any city, town, or county from adopting by ordinance procedures which would allow extensions of time that may or may not contain additional or altered conditions and requirements. [1995 c 68 § 1; 1986 c 233 § 2; 1983 c 121 § 3; 1981 c 293 § 7; 1974 ex.s. c 134 § 8; 1969 ex.s. c 271 § 14.]

Applicability—1986 c 233: See note following RCW 58.17.095.
Severability—1981 c 293: See note following RCW 58.17.010.

58.17.180 Review of decision. Any decision approving or disapproving any plat shall be reviewable under chapter 36.70C RCW. [1995 c 347 § 717; 1983 c 121 § 5; 1969 ex.s. c 271 § 18.]

58.17.225 Easement over public open space—May be exempt from RCW 58.17.215—Hearing—Notice. The granting of an easement for ingress and egress or utilities over public property that is held as open space pursuant to a subdivision or plat, where the open space is already used as a utility right of way or corridor, where other access is not feasible, and where the granting of the easement will not impair public access or authorize construction of physical barriers of any type, may be authorized and exempted from the requirements of RCW 58.17.215 by the county, city, or town legislative authority following a public hearing with notice to the property owners in the affected plat. [1995 c 32 § 1.]

58.17.330 Hearing examiner system—Adoption authorized—Procedures—Decisions. (1) As an alternative to those provisions of this chapter requiring a planning commission to hear and issue recommendations for plat approval, the county or city legislative body may adopt a hearing examiner system and shall specify by ordinance the legal effect of the decisions made by the examiner. The legal effect of such decisions shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative body;
(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body; or
(c) The decision may be given the effect of a final decision of the legislative body.

The legislative authority shall prescribe procedures to be followed by a hearing examiner.

(2) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Each final decision of a hearing examiner, unless a longer period is mutually agreed to by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. RESIDENTIAL LANDLORD-TENANT ACT

Sections
59.18.440 Relocation assistance for low-income tenants—Certain cities, towns, counties, municipal corporations authorized to require.

59.18.440 Relocation assistance for low-income tenants—Certain cities, towns, counties, municipal corporations authorized to require. (1) Any city, town, county, or municipal corporation that is required to develop a comprehensive plan under RCW 36.70A.040(1) is authorized to require, after reasonable notice to the public and a public hearing, property owners to provide their portion of reasonable relocation assistance to low-income tenants upon the demolition, substantial rehabilitation whether due to code enforcement or any other reason, or change of use of residential property, or upon the removal of use restrictions in an assisted-housing development. No city, town, county, or municipal corporation may require property owners to provide relocation assistance to low-income tenants, as defined in this chapter, upon the demolition, substantial rehabilitation, upon the change of use of residential property, or upon the removal of use restrictions in an assisted-housing development, except as expressly authorized herein or when authorized or required by state or federal law. As used in this section, "assisted housing development" means a multifamily rental housing development that either receives government assistance and is defined as federally assisted housing in RCW 59.28.020, or that receives other federal, state, or local government assistance and is subject to use restrictions.

(2) As used in this section, "low-income tenants" means tenants whose combined total income per dwelling unit is at or below fifty percent of the median income, adjusted for family size, in the county where the tenants reside.

The department of community, trade, and economic development shall adopt rules defining county median income in accordance with the definitions promulgated by the federal department of housing and urban development.

(3) A requirement that property owners provide relocation assistance shall include the amounts of such assistance to be provided to low-income tenants. In determining such amounts, the jurisdiction imposing the requirement shall evaluate, and receive public testimony on, what relocation expenses displaced tenants would reasonably incur in that jurisdiction including:

(a) Actual physical moving costs and expenses;
(b) Advance payments required for moving into a new residence such as the cost of first and last month's rent and security and damage deposits;
(c) Utility connection fees and deposits; and
(d) Anticipated additional rent and utility costs in the residence for one year after relocation.

(4)(a) Relocation assistance provided to low-income tenants under this section shall not exceed two thousand dollars for each dwelling unit displaced by actions of the property owner under subsection (1) of this section. A city, town, county, or municipal corporation may make future annual adjustments to the maximum amount of relocation assistance required under this subsection in order to reflect any changes in the housing component of the consumer price index as published by the United States department of labor, bureau of labor statistics.

(b) The property owner's portion of any relocation assistance provided to low-income tenants under this section shall not exceed one-half of the required relocation assistance under (a) of this subsection in cash or services.

(c) The portion of relocation assistance not covered by the property owner under (b) of this subsection shall be paid by the city, town, county, or municipal corporation authorized to require relocation assistance under subsection (1) of this section. The relocation assistance may be paid from proceeds collected from the excise tax imposed under RCW 82.46.010.

(5) A city, town, county, or municipal corporation requiring the provision of relocation assistance under this section shall adopt policies, procedures, or regulations to implement such requirement. Such policies, procedures, or regulations shall include provisions for administrative hearings to resolve disputes between tenants and property owners relating to relocation assistance or unlawful detainer actions during relocation, and shall require a decision within thirty days of a request for a hearing by either a tenant or property owner.

Judicial review of an administrative hearing decision relating to relocation assistance may be had by filing a petition, within ten days of the decision, in the superior court in the county where the residential property is located.
Judicial review shall be confined to the record of the administrative hearing and the court may reverse the decision only if the administrative findings, inferences, conclusions, or decision is:

(a) In violation of constitutional provisions;
(b) In excess of the authority or jurisdiction of the administrative hearing officer;
(c) Made upon unlawful procedure or otherwise is contrary to law; or
(d) Arbitrary and capricious.
(6) Any city, town, county, or municipal corporation may require relocation assistance, under the terms of this section, for otherwise eligible tenants whose living arrangements are exempted from the provisions of this chapter under RCW 59.18.040(3) and if the living arrangement is considered to be a rental or lease pursuant to RCW 67.28.180(1).

(7)(a) Persons who move from a dwelling unit prior to the application by the owner of the dwelling unit for any governmental permit necessary for the demolition, substantial rehabilitation, or change of use of residential property or prior to any notification or filing required for condominium conversion shall not be entitled to the assistance authorized by this section.
(b) Persons who move into a dwelling unit after the application for any necessary governmental permit or after any required condominium conversion notification or filing shall not be entitled to the assistance authorized by this section if such persons receive written notice from the property owner prior to taking possession of the dwelling unit that specifically describes the activity or condition that may result in their temporary or permanent displacement and advises them of their ineligibility for relocation assistance. [1995 c 399 § 151; 1990 1st ex.s. c 17 § 49.]

MOBILE HOME RELOCATION ASSISTANCE

Chapter 59.21

59.21.005 Declaration—Purpose. The legislature recognizes that it is quite costly to move a mobile home. Many mobile home tenants need financial assistance in order to move their mobile homes from a mobile home park. The purpose of this chapter is to provide a mechanism for assisting mobile home tenants to relocate to suitable alternative sites when the mobile home park in which they reside is closed or converted to another use. [1995 c 122 § 2; 1991 c 327 § 8.]

59.21.006 Declaration—Intent—Purpose—1995 c 122. The legislature recognizes that, in the decision of Guimont et al. v. Clarke, 121 Wn.2d (1993), the Washington supreme court held the mobile home relocation assistance program of chapter 59.21 RCW invalid for its monetary burden on mobile home park-owners. However, during the program’s operation, substantial funds were validly collected from mobile home owners and accumulated in the mobile home park relocation fund, created under the program. The legislature intends to utilize those funds for the purposes for which they were collected. The legislature also recognizes that, for a period of almost three years since this state’s courts invalidated the program, no such assistance was available. The most needy tenants may have been forced to sell or abandon rather than relocate their homes in the face of park closures. Because the purpose of the program was to assist relocation, those persons should be compensated in a like manner to those who could afford to pay for relocation without assistance. To that end, the legislature has: (1) Repealed RCW 59.21.020, 59.21.035, 59.21.080, 59.21.085, 59.21.095, 59.21.900, 59.21.901, 59.21.902, and 59.21.903; (2) amended RCW 59.21.010, 59.21.030, 59.21.040, 59.21.050, 59.21.070, *59.21.100, 59.21.110, and 43.84.092; (3) reenacted without amendment RCW 59.21.005 and *59.21.105; and (4) added new sections to chapter 59.21 RCW. [1995 c 122 § 1.]

Reviser’s note: *(1) RCW 59.21.100 and 59.21.110 were not amended by 1995 c 122.
**(2) RCW 59.21.105 was reenacted and amended by 1995 c 122.

59.21.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Director" means the director of the department of community, trade, and economic development.
(2) "Department" means the department of community, trade, and economic development.
(3) "Fund" means the mobile home park relocation fund established under RCW 59.21.050.
(4) "Mobile home park" or "park" means real property that is rented or held out for rent to others for the placement of two or more mobile homes for the primary purpose of production of income, except where the real property is rented or held out for rent for seasonal recreational purpose only and is not intended for year-round occupancy.
(5) "Landlord" or "park-owner" means the owner of the mobile home park that is being closed at the time relocation assistance is provided.

[1995 RCW Supp—page 725]
(6) "Relocate" means to remove the mobile home from the mobile home park being closed.

(7) "Relocation assistance" means the monetary assistance provided under *RCW 59.21.020. [1995 c 122 § 3; 1991 c 327 § 10; 1990 c 171 § 1; 1989 c 201 § 1.]

*Reviser's note: RCW 59.21.020 was repealed by 1995 c 122 § 13.

59.21.015 Relocation assistance—Eligibility before January 1, 1996—Applications—Disbursement. (1) If a mobile home park is closed or converted to another use after June 30, 1991, and before January 1, 1996, each tenant therein owning their mobile home at the time of closure or conversion is entitled to relocation assistance from the fund as follows, upon sufficient proof of eligibility.

(2) Persons who maintained ownership of and relocated their mobile homes are entitled to their actual costs of relocation, up to a maximum of six thousand five hundred dollars for a double-wide mobile home and three thousand five hundred dollars for a single-wide mobile home.

(3) Persons who sold or abandoned their mobile homes without incurring relocation expenses are entitled to a flat reimbursement of three thousand five hundred dollars for a double-wide mobile home and one thousand five hundred dollars for a single-wide mobile home.

(4) The department will accept applications for this assistance from April 20, 1995, until December 31, 1995. At the end of that period, the department shall determine the validity of all claims.

(5) Upon determination of the number and amount of valid claims, the department shall disburse the funds in the mobile home park relocation fund as follows: (a) If sufficient funds exist to pay all the claims, the department shall pay each claim fully; and (b) if sufficient funds do not exist, the department shall pay each claim on a pro rata basis. [1995 c 122 § 4.]

59.21.020 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

59.21.021 Relocation assistance—Eligibility after December 31, 1995—First-come, first-serve basis. (1) If a mobile home park is closed or converted to another use after December 31, 1995, eligible tenants shall be entitled to assistance on a first-come, first-serve basis. Payments shall be made upon the department's verification of eligibility, subject to the availability of funds remaining after the distribution under RCW 59.21.015.

(2) Assistance for closures occurring after December 31, 1995, is limited to persons who maintain ownership of and relocate their mobile home.

(3) Except under subsection (4) of this section, assistance shall be subject to the levels set forth in RCW 59.21.015(2).

(4) Any organization may apply to receive funds from the mobile home park relocation fund, for use in combination with funds from public or private sources, toward relocation of tenants eligible under this section. Funds received from the mobile home park relocation fund shall only be used for relocation assistance. [1995 c 122 § 5.]

59.21.025 Relocation assistance—Sources other than fund—Reductions. If financial assistance for relocation is obtained from sources other than the mobile home park relocation fund established under this chapter, then the relocation assistance provided to any person under this chapter shall be reduced as necessary to ensure that no person receives more than: (1) That person's actual cost of relocation; or (2) the amounts provided under RCW 59.21.015(3), whichever applies. [1995 c 122 § 6.]

59.21.030 Notice—Requirements. Notice required by RCW 59.20.080 before park closure or conversion of the park, whether twelve months or longer, shall be given to the director and all tenants in writing, and posted at all park entrances. A copy of the closure notice must be provided with all month-to-month rental agreements signed after the original closure notice date. Notice to the director must include a good faith estimate of the timetable for removal of the mobile homes and the reason for closure. Notice must also be recorded in the office of the county auditor for the county where the mobile home park is located. [1995 c 122 § 7; 1990 c 171 § 3; 1989 c 201 § 3.]

59.21.035 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

59.21.040 Relocation assistance—Exemptions. A tenant is not entitled to relocation assistance under this chapter if: (1) The tenant has given notice to the landlord of his or her intent to vacate the park and terminate the tenancy before any written notice of closure pursuant to RCW 59.20.080(1)(e) has been given, or (2) the tenant purchased a mobile home already situated in the park or moved a mobile home into the park after a written notice of closure pursuant to RCW 59.20.090 has been given and the person received actual prior notice of the change or closure. However, no tenant may be denied relocation assistance under subsection (1) of this section if the tenant has remained on the premises and continued paying rent for a period of as [at] least six months after giving notice of intent to vacate and before receiving formal notice of a closure or change of use. [1995 c 122 § 8; 1989 c 201 § 4.]

59.21.050 Relocation fund—Administration—Tenant's application—Form. (1) The existence of the mobile home park relocation fund in the custody of the state treasurer is affirmed. Expenditures from the fund may be used only for relocation assistance under RCW 59.21.015 through 59.21.025. Only the director or the director's designee may authorize expenditures from the fund. All relocation payments to tenants shall be made from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(2) A park tenant is eligible for assistance under RCW 59.21.015 only after an application is submitted by that tenant or an organization acting on the tenant's account under RCW 59.21.021(4) on a form approved by the director which shall include:

(a) For those persons who maintained ownership of and relocated their homes: (i) A copy of the notice from the
Mobile Home Relocation Assistance

park-owner, or other adequate proof, that the tenancy is terminated due to closure of the park or its conversion to another use; (ii) a copy of the rental agreement then in force, or other proof that the applicant was a tenant at the time of notice of closure; (iii) a copy of the contract for relocating the home which includes the date of relocation, or other proof of actual relocation expenses incurred on a date certain; and (iv) a statement of any other available assistance;

(b) For those persons who sold their homes and incurred no relocation expenses: (i) A copy of the notice from the park-owner, or other adequate proof, that the tenancy is terminated due to closure of the park or its conversion to another use; (ii) a copy of the rental agreement then in force, or other proof that the applicant was a tenant at the time of notice of closure; and (iii) a copy of the record of title transfer issued by the department of licensing when the tenant sold the home rather than relocate it due to park closure or conversion. [1995 c 122 § 9; 1991 sp.s. c 13 § 74; 1991 c 327 § 12; 1990 c 171 § 5; 1989 c 201 § 5.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

59.21.070 Rental agreement—Covenants. If the rental agreement includes a covenant by the landlord as described in RCW 59.20.060(1)(g)(i), the covenant runs with the land and is binding upon the purchasers, successors, and assigns of the landlord. [1995 c 122 § 10; 1989 c 201 § 10.]

59.21.080 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

59.21.085 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

59.21.095 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

59.21.105 Existing older mobile homes—Forced relocation—Code waiver. (1) The legislature finds that existing older mobile homes provide affordable housing to many persons, and that requiring these homes that are legally located in mobile home parks to meet new fire, safety, and construction codes because they are relocating due to the closure or conversion of the mobile home park, compounds the economic burden facing these tenants.

(2) Mobile homes that are relocated due to either the closure or conversion of a mobile home park, may not be required by any city or county to comply with the requirements of any applicable fire, safety, or construction code for the sole reason of its relocation. This section shall only apply if the original occupancy classification of the building is not changed as a result of the move.

(3) This section shall not apply to mobile homes that are substantially remodeled or rehabilitated, nor to any work performed in compliance with installation requirements. For the purpose of determining whether a moved mobile home has been substantially remodeled or rebuilt, any cost relating to preparation for relocation or installation shall not be considered. [1995 c 122 § 11; 1991 c 327 § 16.]

59.21.904 Severability—1995 c 122. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1995 c 122 § 14.]

59.21.905 Effective date—1995 c 122. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 20, 1995]. [1995 c 122 § 15.]

Chapter 59.22
OFFICE OF MOBILE HOME AFFAIRS—RESIDENT-OWNED MOBILE HOME PARKS

Sections
59.22.010 Legislative findings. (1) The legislature finds:

(a) That manufactured housing and mobile home parks provide a source of low-cost housing to the low income, elderly, poor and infirmed, without which they could not afford private housing; but rising costs of mobile home park development and operation, as well as turnover in ownership, has resulted in mobile home park living becoming unaffordable to the low income, elderly, poor and infirmed, resulting in increased numbers of homeless persons, and persons who must look to public housing and public programs, increasing the burden on the state to meet the housing needs of its residents;

(b) That state government can play a vital role in addressing the problems confronted by mobile home park residents by providing assistance which makes it possible for mobile home park residents to acquire the mobile home parks in which they reside and convert them to resident ownership; and

(c) That to accomplish this purpose, information and technical support shall be made available through the department.

(2) Therefore, it is the intent of the legislature, in order to maintain low-cost housing in mobile home parks to benefit the low income, elderly, poor and infirmed, to encourage and facilitate the conversion of mobile home parks to resident ownership, to protect low-income mobile
for the purpose of acquiring the mobile home park in which they reside and converting the mobile home park to resident ownership. The membership of a resident organization shall include at least two-thirds of the households residing in the mobile home park at the time of application for assistance from the department.

(13) "Resident ownership" means, depending on the context, either the ownership, by a resident organization, as defined in this section, of an interest in a mobile home park which entitles the resident organization to control the operations of the mobile home park for a term of no less than fifteen years, or the ownership of individual interests in a mobile home park, or both.

(14) "Landlord" shall have the same meaning as it does in RCW 59.20.030.

(15) "Manufactured housing" means residences constructed on one or more chassis for transportation, and which bear an insignia issued by a state or federal regulatory agency indication compliance with all applicable construction standards of the United States department of housing and urban development.

(16) "Mobile home" shall have the same meaning as it does in RCW 46.04.302.

(17) "Mobile home lot" shall have the same meaning as it does in RCW 59.20.030.

(18) "Tenant" means a person who rents a mobile home lot for a term of one month or longer and owns the mobile home on the lot.

59.22.070 Mobile home affairs account. There is created in the custody of the state treasurer a special account known as the mobile home affairs account.

Disbursements from this special account shall be as follows:

(1) For the two-year period beginning July 1, 1988, forty thousand dollars, or so much thereof as may be necessary for costs incurred in registering landlords and collecting fees, and thereafter five thousand dollars per year for that purpose.

(2) All remaining amounts shall be remitted to the department for the purpose of implementing RCW 59.22.050 and 59.22.060.

Rental Security Deposit Guarantee Program 59.24.020

The department of community, trade, and economic development shall provide grants and technical assistance to local governments or nonprofit corporations, including local housing authorities as defined in RCW 35.82.030, who operate emergency housing shelters or transitional housing programs. The grants are to be used for the payment of residential rental security deposits under this chapter. The technical assistance is to help the local government or nonprofit corporation apply for grants and carry out the program. In order to be eligible for grants under this program, the recipient local government or nonprofit corporation shall provide fifteen percent of the total amount needed for the security deposit. The security deposit may include last month's rent where such rent is required as a normal practice by the landlord.

(2) The grants and matching funds shall be placed by the recipient local government or nonprofit corporation in a revolving loan fund and deposited in a bank or savings institution in an account that is separate from all other funds of the recipient. The funds and interest earned on these funds shall be utilized only as collateral to guarantee the payment of a security deposit required by a residential rental property owner as a condition for entering into a rental agreement with a prospective tenant.

(3) Prospective tenants who are eligible to participate in the rental security deposit guarantee program shall be limited to homeless persons or families who are residing in an emergency shelter or transitional housing operated by a local government or a nonprofit corporation, or to families who are temporarily residing in a park, car, or are otherwise without adequate shelter. The local government or nonprofit corporation shall make a determination regarding the person's or family's eligibility to participate in this program and a determination that a local rental unit is available for occupation. A determination of eligibility shall include, but is not limited to: (a) A determination that the person or family is homeless or is in transitional housing; (b) a verification of income and that the person or family can reasonably make the monthly rental payment; and (c) a determination that the person or family does not have the financial resources to make the rental security deposit.

The department of community, trade, and economic development may adopt rules to implement this chapter, including but not limited to: (1) The eligibility of and the application process for local governments and nonprofit corporations; (2) the criteria by which grants and technical assistance shall be provided to local governments and nonprofit corporations; and (3) the criteria local governments and nonprofit corporations shall use in entering into contracts with tenants and rental property owners. [1995 c 399 § 157; 1988 c 237 § 2.]

Funds from the housing trust fund, chapter 43.185 RCW, up to one hundred thousand dollars, may be used for the rental security deposit guarantee program by the department of community, trade, and economic development, local governments, and nonprofit organizations, provided all the requirements of this chapter and chapter 43.185 RCW are met. 60.10.020  Methods of foreclosure. Any lien upon personal property, excluded by RCW 62A.9-104 from the provisions of the Uniform Commercial Code (Title 62A RCW), may be foreclosed by: (1) An action in the district court having jurisdiction in the district in which the property is situated in accordance with RCW 60.10.023, if the value of the claim does not exceed the jurisdictional limit of the district court provided in RCW 3.66.020; or (2) an action in the superior court having jurisdiction in the county in which the property is situated in accordance with RCW 60.10.023, if the value of the claim exceeds the jurisdictional limit of the district court provided in RCW 3.66.020; or (3) summary procedure as provided in this chapter. [1995 c 62 § 5; 1991 c 33 § 3; 1969 c 82 § 3.]

Effective date—1991 c 33: See note following RCW 3.66.020.

60.10.023  Judicial foreclosure of personal property liens. The provisions of chapter 61.12 RCW, so far as they are applicable, govern in actions for the judicial foreclosure of liens on personal property excluded by RCW 62A.9-104 from the provisions of the Uniform Commercial Code, Title 62A RCW. The lien holder may proceed on the lien; and if there is a separate obligation secured by the lien, the lienholder may bring suit on the obligation. If the lienor proceeds on the obligation, the court shall, in addition to entering a decree foreclosing the lien, render judgment for the amount due on the obligation. The decree shall direct the sale of the lien property, and if there is a judgment on an obligation and the proceeds of the sale are insufficient to satisfy the judgment, the sheriff is authorized to proceed under the same execution and levy on and sell other property of the lien debtor, not exempt from execution, for the sum remaining unsatisfied.

Redemption rights and the rights and interest of a purchaser for value under this section are governed by RCW 60.10.040 and 60.10.050. [1995 c 62 § 1; 1969 c 82 § 1. Formerly RCW 61.12.162.]

60.10.027  Judicial foreclosure of a security interest. The provisions of chapter 61.12 RCW, so far as they are applicable, shall also be available to a secured party seeking to enforce a security interest by judicial proceedings as authorized by RCW 62A.9-501(1). In such a proceeding, the court shall enter a judgment foreclosing the security interest and shall render judgment for the amount due on the secured obligation. The decree shall direct the sale of property that is subject to the foreclosed security interest and is within the court’s jurisdiction, and if the proceeds of sale are insufficient to satisfy the judgment, the sheriff is authorized to proceed under the same execution and levy on other property of the judgment debtor, not exempt from execution, for the sum remaining unsatisfied.

The rights and interest of a purchaser for value are governed by RCW 60.10.040 except as otherwise provided in Title 62A RCW. [1995 c 62 § 2.]

60.10.040  Rights and interest of purchaser for value. When a lien is foreclosed in accordance with the provisions of this chapter, the disposition transfers to a purchaser for value all of the lien debtor’s rights therein,
discharges the lien under which it is made and any security interest or lien subordinate thereto. The purchaser takes free of all such rights and interests even though the lien holder fails to comply with the requirements of this chapter:

1. In the case of a public sale, if the purchaser has no knowledge of any defects in the sale and if he does not buy in collusion with the lien holder, other bidders or the person conducting the sale; or

2. In any other case, if the purchaser acts in good faith. [1995 c 62 § 6; 1969 c 82 § 5.]

60.10.050 Redemption. At any time before the lien holder has disposed of collateral or entered into a contract for its disposition under this chapter, the lien debtor or any other secured party may redeem the collateral by tendering fulfillment of all obligations to the holder that are secured by the collateral as well as the expenses reasonably incurred by the lien holder in holding and preparing the collateral for disposition, in arranging for the sale, and for reasonable attorneys' fees and legal expenses. 60.70.070 Claim of lien against a federal, state, or local official or employee—Performance of duties—Validity.

60.70.010 Intent—Definitions. (1) It is the intent of this chapter to limit the circumstances in which nonconsensual common law liens shall be recognized in this state.

(2) For the purposes of this chapter:

(a) "Lien" means an encumbrance on property as security for the payment of a debt;

(b) "Nonconsensual common law lien" is a lien that:
   (i) Is not provided for by a specific statute;
   (ii) Does not depend upon the consent of the owner of the property affected for its existence; and
   (iii) Is not a court-imposed equitable or constructive lien;

(c) "State or local official or employee" means an appointed or elected official or any employee of a state agency, board, commission, department in any branch of state government, or institution of higher education; or of a school district, political subdivision, or unit of local government of this state; and

(d) "Federal official or employee" means an employee of the government and federal agency as defined for purposes of the federal tort claims act, 28 U.S.C. Sec. 2671.

(3) Nothing in this chapter is intended to affect:

(a) Any lien provided for by statute;

(b) Any consensual liens now or hereafter recognized under the common law of this state; or

(c) The ability of courts to impose equitable or constructive liens. [1995 c 19 § 1; 1986 c 181 § 1.]

60.70.030 No duty to accept filing of common law lien—Filing of a notice of invalid lien. (1) No person has a duty to accept for filing or recording any claim of lien unless the lien is authorized by statute or imposed by a court having jurisdiction over property affected by the lien, nor does any person have a duty to reject for filing or recording any claim of lien, except as provided in subsection (2) of this section.

[1995 RCW Supp—page 731]
(2) No person shall be obligated to accept for filing any claim of lien against a federal, state, or local official or employee based on the performance or nonperformance of that official's or employee's duties unless accompanied by a specific order from a court of competent jurisdiction authorizing the filing of such lien.

(3) If a claim of lien as described in subsection (2) of this section has been accepted for filing, the recording officer shall accept for filing a notice of invalid lien signed and submitted by the assistant United States attorney representing the federal agency of which the individual is an official or employee; the assistant attorney general representing the state agency, board, commission, department, or institution of higher education of which the individual is an official or employee; or the attorney representing the school district, political subdivision, or unit of local government of this state of which the individual is an official or employee. A copy of the notice of invalid lien shall be mailed by the attorney to the person who filed the claim of lien at his or her last known address. No recording officer or county shall be liable for the acceptance for filing of a claim of lien as described in subsection (2) of this section, nor for the acceptance for filing of a notice of invalid lien pursuant to this subsection. [1995 c 19 § 4; 1986 c 181 § 3.]

60.70.060 Petition for order directing common law lien claimant to appear before court—Service of process—Filing fee—Costs and attorneys' fees. (1) Any person whose real or personal property is subject to a recorded claim of common law lien who believes the claim of lien is invalid, may petition the superior court of the county in which the claim of lien has been recorded for an order, which may be granted ex parte, directing the lien claimant to appear before the court at a time no earlier than six nor later than twenty-one days following the date of service of the petition and order on the lien claimant, and show cause, if any, why the claim of lien should not be stricken and other relief provided for by this section should not be granted. The petition shall state the grounds upon which relief is requested, and shall be supported by the affidavit of the petitioner or his or her attorney setting forth a concise statement of the facts upon which the motion is based. The order shall be served upon the lien claimant by personal service, or, where the court determines that service by mail is likely to give actual notice, the court may order that service be made by any person over eighteen years of age, who is competent to be a witness, other than a party, by mailing copies of the petition and order to the lien claimant at his or her last known address or any other address determined by the court to be appropriate. Two copies shall be mailed, postage prepaid, one by ordinary first class mail and the other by a form of mail requiring a signed receipt showing when and to whom it was delivered. The envelopes must bear the return address of the sender.

(2) The order shall clearly state that if the lien claimant fails to appear at the time and place noted, the claim of lien shall be stricken and released and that the lien claimant shall be ordered to pay the costs incurred by the petitioner, including reasonable attorneys' fees.

(3) The clerk of the court shall assign a cause number to the petition and obtain from the petitioner a filing fee of thirty-five dollars.

(4) If, following a hearing on the matter, the court determines that the claim of lien is invalid, the court shall issue an order striking and releasing the claim of lien and awarding costs and reasonable attorneys' fees to the petitioner to be paid by the lien claimant. If the court determines that the claim of lien is valid, the court shall issue an order so stating and may award costs and reasonable attorneys' fees to the lien claimant to be paid by the petitioner. [1995 c 19 § 2.]

60.70.070 Claim of lien against a federal, state, or local official or employee—Performance of duties—Validity. Any claim of lien against a federal, state, or local official or employee based on the performance or nonperformance of that official's or employee's duties shall be invalid unless accompanied by a specific order from a court of competent jurisdiction authorizing the filing of such lien or unless a specific statute authorizes the filing of such lien. [1995 c 19 § 3.]

Said instrument shall be duly acknowledged, and upon request shall be recorded in the county wherein the mortgaged property is situated. Every instrument of writing heretofore recorded and purporting to be a satisfaction of mortgage, which sufficiently describes the mortgage which it purports to satisfy so that the same may be readily identified, and which has been duly acknowledged before an officer authorized by law to take acknowledgments or oaths, is hereby declared legal and valid, and a certified copy of the record thereof is hereby constituted prima facie evidence of such satisfaction. (a) If a check as defined in RCW 62A.3-104 is dishonored by nonacceptance or nonpayment, the payee or holder of the check is entitled to collect a reasonable handling fee for each instrument. If the check is not paid within fifteen days and after the holder of the check sends a notice of dishonor as provided by RCW 62A.3-520 to the drawer at the drawer's last known address, and if the instrument does not provide for the payment of interest or collection costs and attorneys' fees, the drawer of the instrument is liable for payment of interest at the rate of twelve percent per annum from the date of dishonor, and cost of collection not to exceed forty dollars or the face amount of the check, whichever is less. In addition, in the event of court action on the check, the court, after notice and the expiration of the fifteen days, shall award reasonable attorneys' fees, and three times the face amount of the check or three hundred dollars, whichever is less, as part of the damages payable to the holder of the check. (d) In addition Article 1 contains general definitions and principles of construction and interpretation applicable throughout this Article. [1995 c 48 § 56; 1993 c 229 § 80; 1981 c 122 § 1; 1965 ex.s. c 157 § 4-104. Cf. former RCW 30.52.010; 1955 c 33 § 30.52.010; prior: 1929 c 203 § 1; RRS § 3292-1.]

Construction—1981 c 122: "Nothing in this 1981 amendatory act shall be construed to preclude any bank from being open to the public for carrying on its banking functions on Saturdays or Sundays." [1981 c 122 § 2.] "this 1981 amendatory act" consists of the 1981 amendment to RCW 62A.4-104.

62A.4-406 Customer's duty to discover and report unauthorized signature or alteration. (a) A bank that sends or makes available to a customer a statement of account showing payment of items for the account shall either return or make available to the customer the items paid, copies of the items paid, or provide information in the statement of account sufficient to allow the customer reasonably to identify the items paid. Until January 1, 1998, the statement of account provides sufficient information if the item is described by item number, amount, and date of payment. If the bank does not return the items paid or copies of the items paid, it shall provide in the statement of
account the telephone number that the customer may call to request an item or copy of an item pursuant to subsection (b) of this section.

(b) If the items are not returned to the customer, the person retaining the items shall either retain the items or, if the items are destroyed, maintain the capacity to furnish legible copies of the items until the expiration of seven years after receipt of the items. A customer may request an item from the bank that paid the item, and that bank must provide in a reasonable time either the item or, if the item has been destroyed or is not otherwise obtainable, a legible copy of the item. A bank shall provide, upon request and without charge to the customer, at least two items or copies of items with respect to each statement of account sent to the customer. A bank may charge fees for additional items or copies of items in accordance with RCW 30.22.230. Requests for ten items or less shall be processed and completed within ten business days.

(c) If a bank sends or makes available a statement of account or items pursuant to subsection (a), the customer must exercise reasonable promptness in examining the statement or the items to determine whether any payment was not authorized because of an alteration of an item or because a purported signature by or on behalf of the customer was not authorized. If, based on the statement or items provided, the customer should reasonably have discovered the unauthorized payment, the customer must promptly notify the bank of the relevant facts.

(d) If the bank proves that the customer, failed with respect to an item, to comply with the duties imposed on the customer by subsection (c) the customer is precluded from asserting against the bank:

(1) The customer's unauthorized signature or any alteration on the item, if the bank also proves that it suffered a loss by reason of the failure; and

(2) The customer's unauthorized signature or alteration by the same wrong-doer on any other item paid in good faith by the bank if the payment was made before the bank received notice from the customer of the unauthorized signature or alteration and after the customer had been afforded a reasonable period of time, not exceeding thirty days, in which to examine the item or statement of account and notify the bank.

(e) If subsection (d) applies and the customer proves that the bank failed to exercise ordinary care in paying the item and that the failure substantially contributed to loss, the loss is allocated between the customer precluded and the bank asserting the preclusion according to the extent to which the failure of the customer to comply with subsection (c) and the failure of the bank to exercise ordinary care contributed to the loss. If the customer proves that the bank did not pay the item in good faith, the preclusion under subsection (d) does not apply.

(f) Without regard to care or lack of care of either the customer or the bank, a natural person whose account is primarily for personal, family, or household purposes who does not within one year, and any other customer who does not within sixty days, from the time the statement and items are made available to the customer (subsection (a)) discover and report the customer's unauthorized signature or any alteration on the face or back of the item or does not within one year from that time discover and report any unauthorized indorsement is precluded from asserting against the bank such unauthorized signature or indorsement or such alteration. If there is a preclusion under this subsection, the payor bank may not recover for breach of warranty under RCW 62A.4-208 with respect to the unauthorized signature or alteration to which the preclusion applies. [1995 c 107 § 1; 1993 c 229 § 111; 1991 sps. c 19 § 1; 1967 c 114 § 1; 1965 ex.s. c 157 § 4-406. Cf. former RCW 30.16.020; 1955 c 33 § 30.16.020; prior: 1917 c 80 § 45; RRS § 3252.]

Effective date—1995 c 107: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995." [1995 c 107 § 2.]

Emergency—Effective date—1967 c 114. "This 1967 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and sections 1 through 11 and 13 through 16 shall take effect on June 30, 1967, and section 12 shall take effect immediately." 62A.5-114 Issuer's duty and privilege to honor, right to reimbursement.

62A.5-114 Issuer's duty and privilege to honor; right to reimbursement. (1) An issuer must honor a draft or demand for payment which complies with the terms of the relevant credit regardless of whether the goods or documents conform to the underlying contract for sale or other contract between the customer and the beneficiary. The issuer is not excused from honor of such a draft or demand by reason of an additional general term that all documents must be satisfactory to the issuer, but an issuer may require that specified documents must be satisfactory to it.

(2) Unless otherwise agreed when documents appear on their face to comply with the terms of a credit but a required document does not in fact conform to the warranties made on negotiation or transfer of a document of title (RCW 62A.7-507) or of a certificated security (RCW 62A.8-108) or is forged or fraudulent or there is fraud in the transaction:

(a) the issuer must honor the draft or demand for payment if honor is demanded by a negotiating bank or other holder of the draft or demand which has taken the draft or demand under the credit and under circumstances which would make it a holder in due course (RCW 62A.3-302) and in an appropriate case would make it a person to whom a document of title has been duly negotiated (RCW 62A.7-502) or a bona fide purchaser of a certificated security (RCW 62A.8-302); and

(b) in all other cases as against its customer, an issuer acting in good faith may honor the draft or demand for payment despite notification from the customer of fraud, forgery or other defect not apparent on the face of the
documents but a court of appropriate jurisdiction may enjoin such honor.

(3) Unless otherwise agreed an issuer which has duly honored a draft or demand for payment is entitled to immediate reimbursement of any payment made under the credit and to be put in effectively available funds not later than the day before maturity of any acceptance made under the credit.

(4) When a credit provides for payment by the issuer on receipt of notice that the required documents are in the possession of a correspondent or other agent of the issuer
(a) any payment made on receipt of such notice is conditional; and
(b) the issuer may reject documents which do not comply with the credit if it does so within three banking days following its receipt of the documents; and
(c) in the event of such rejection, the issuer is entitled by charge back or otherwise to return of the payment made.

(5) In the case covered by subsection (4) failure to reject documents within the time specified in sub-paragraph (b) constitutes acceptance of the documents and makes the payment final in favor of the beneficiary. [1995 c 48 § 57; 1986 c 35 § 54; 1965 ex.s. c 157 § 5-114.]

(f) "Communicate" means to:

(i) Send a signed writing; or

(ii) Transmit information by any mechanism agreed upon by the persons transmitting and receiving the information.

(g) "Entitlement holder" means a person identified in the records of a securities intermediary as the person having a security entitlement against the securities intermediary. If a person acquires a security entitlement by virtue of RCW 62A.8-501(2) (b) or (c), that person is the entitlement holder.

(h) "Entitlement order" means a notification communicated to a securities intermediary directing transfer or redemption of a financial asset to which the entitlement holder has a security entitlement.

(i) "Financial asset," except as otherwise provided in RCW 62A.8-103, means:

(iii) Any property that is held by a securities intermediary for another person in a securities account if the securities intermediary has expressly agreed with the other person that the property is to be treated as a financial asset under this Article.

As context requires, the term means either the interest itself or the means by which a person's claim to it is evidenced, including a certificated or uncertificated security, a security certificate, or a security entitlement.

(j) "Good faith," for purposes of the obligation of good faith in the performance or enforcement of contracts or duties within this Article, means honesty in fact and the observance of reasonable commercial standards of fair dealing.

(k) "Indorsement" means a signature that alone or accompanied by other words is made on a security certificate in registered form or on a separate document for the purpose of assigning, transferring, or redeeming the security or granting a power to assign, transfer, or redeem it.

(l) "Instruction" means a notification communicated to the issuer of an uncertificated security which directs that the transfer of the security be registered or that the security be redeemed.

(m) "Registered form," as applied to a certificated security, means a form in which:

(i) The security certificate specifies a person entitled to the security; and

(n) "Securities intermediary" means:

(i) A clearing corporation; or

(ii) A person, including a bank or broker, that in the ordinary course of its business maintains securities accounts for others and is acting in that capacity.

(3) In addition Article 1 contains general definitions and principles of construction and interpretation applicable throughout this Article.

(4) The characterization of a person, business, or transaction for purposes of this Article does not determine the characterization of the person, business, or transaction for purposes of any other law, regulation, or rule. [1995 c 48 § 2; 1986 c 35 § 1; 1973 c 98 § 1; 1965 ex.s. c 157 § 8-102. Cf. former RCW 62.01.001; 1955 c 35 § 62.01.001; prior: 1899 c 149 § 1; RRS § 3392.]

62A.8-103 Rules for determining whether certain obligations and interests are securities or financial assets.

(1) A share or similar equity interest issued by a corporation, business trust, joint stock company, or similar entity is a security.

(2) An "investment company security" is a security. "Investment company security" means a share or similar equity interest issued by an entity that is registered as an investment company under the federal investment company laws, an interest in a unit investment trust that is so registered, or a face-amount certificate issued by a face-amount certificate company that is so registered. Investment company security does not include an insurance policy or endowment policy or annuity contract issued by an insurance company.

(3) An interest in a partnership or limited liability company is not a security unless it is dealt in or traded on securities exchanges or in securities markets, its terms expressly provide that it is a security governed by this Article, or it is an investment company security. However, an interest in a partnership or limited liability company is a financial asset if it is held in a securities account.

(4) A writing that is a security certificate is governed by this Article and not by Article 3, even though it also meets the requirements of that Article. However, a negotiable instrument governed by Article 3 is a financial asset if it is held in a securities account.

(5) An option or similar obligation issued by a clearing corporation to its participants is not a security, but is a financial asset.

(6) A commodity contract, as defined in RCW 62A.9-115, is not a security or a financial asset. [1995 c 48 § 3; 1986 c 35 § 2; 1965 ex.s. c 157 § 8-103. Cf. former RCW 23.80.150; 1939 c 100 § 15; RRS § 3803-115; formerly RCW 23.20.140.]

62A.8-104 Acquisition of security or financial asset or interest therein.

(1) A person acquires a security or an interest therein, under this Article, if:

(a) The person is a purchaser to whom a security is delivered pursuant to RCW 62A.8-301; or

(b) The person acquires a security entitlement to the security pursuant to RCW 62A.8-501.

(2) A person acquires a financial asset, other than a security, or an interest therein, under this Article, if the person acquires a security entitlement to the financial asset.

(3) A person who acquires a security entitlement to a security or other financial asset has the rights specified in Part 5 of this Article, but is a purchaser of any security, security entitlement, or other financial asset held by the securities intermediary only to the extent provided in RCW 62A.8-503.

(4) Unless the context shows that a different meaning is intended, a person who is required by other law, regulation, rule, or agreement to transfer, deliver, present, surrender, exchange, or otherwise put in the possession of another person a security or financial asset satisfies that requirement by causing the other person to acquire an interest in the security or financial asset pursuant to subsection (1) or (2) of this section. [1995 c 48 § 4; 1986 c 35 § 3; 1965 ex.s. c 157 § 8-104.]

Corporations—Purchase of own shares: RCW 23B.06.030 and 23B.06.310.

62A.8-105 Notice of adverse claim.

(1) A person has notice of an adverse claim if:

(a) The person knows of the adverse claim;

(b) The person is aware of facts sufficient to indicate that there is a significant probability that the adverse claim exists and deliberately avoids information that would establish the existence of the adverse claim; or

(c) The person has a duty, imposed by statute or regulation, to investigate whether an adverse claim exists, and the investigation so required would establish the existence of the adverse claim.

(2) Having knowledge that a financial asset or interest therein is or has been transferred by a representative imposes no duty of inquiry into the rightfulness of a transaction and is not notice of an adverse claim. However, a person who knows that a representative has transferred a financial asset or interest therein in a transaction that is, or whose proceeds are being used, for the individual benefit of the representative or otherwise in breach of duty has notice of an adverse claim.

(3) An act or event that creates a right to immediate performance of the principal obligation represented by a security certificate or sets a date on or after which the certificate is to be presented or surrendered for redemption or exchange does not itself constitute notice of an adverse claim except in the case of a transfer more than:

(a) One year after a date set for presentment or surrender for redemption or exchange; or

(b) Six months after a date set for payment of money against presentation or surrender of the certificate, if money was available for payment on that date.

(4) A purchaser of a certificated security has notice of an adverse claim if the security certificate:

(a) Whether in bearer or registered form, has been indorsed "for collection" or "for surrender" for some other purpose not involving transfer; or

(b) Is in bearer form and has on it an unambiguous statement that it is the property of a person other than the transferor, but the mere writing of a name on the certificate is not such a statement.

(5) Filing of a financing statement under Article 9 is not notice of an adverse claim to a financial asset. [1995 c 48 § 5; 1986 c 35 § 4; 1965 ex.s. c 157 § 8-105. Cf. former RCW 62.01.001; 1955 c 35 § 62.01.001; prior: 1899 c 149 § 1; RRS § 3392.]

62A.8-106 Control.

(1) A purchaser has "control" of a certificated security in bearer form if the certificated security is delivered to the purchaser.

(2) A purchaser has "control" of a certificated security in registered form if the certificated security is delivered to the purchaser, and:

(a) The certificate is indorsed to the purchaser or in blank by an effective indorsement; or
(b) The certificate is registered in the name of the purchaser, upon original issue or registration of transfer by the issuer.

(3) A purchaser has "control" of an uncertificated security if:
   (a) The uncertificated security is delivered to the purchaser; or
   (b) The issuer has agreed that it will comply with instructions originated by the purchaser without further consent by the registered owner.

(4) A purchaser has "control" of a security entitlement if:
   (a) The purchaser becomes the entitlement holder; or
   (b) The securities intermediary has agreed that it will comply with entitlement orders originated by the purchaser without further consent by the entitlement holder.

(5) If an interest in a security entitlement is granted by the entitlement holder to the entitlement holder's own securities intermediary, the securities intermediary has control.

(6) A purchaser who has satisfied the requirements of subsection (3)(b) or (4)(b) of this section has control even if the registered owner in the case of subsection (3)(b) of this section or the entitlement holder in the case of subsection (4)(b) of this section retains the right to make substitutions for the uncertificated security or security entitlement, to originate instructions or entitlement orders to the issuer or securities intermediary, or otherwise to deal with the uncertificated security or security entitlement.

(7) An issuer or a securities intermediary may not enter into an agreement of the kind described in subsection (3)(b) or (4)(b) of this section without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party unless requested to do so by the registered owner or entitlement holder. [1995 c 48 § 6; 1986 c 35 § 5; 1965 ex.s. c 157 § 8-106.]

62A.8-107 Whether indorsement, instruction, or entitlement is effective. (1) "Appropriate person" means:
   (a) With respect to an indorsement, the person specified by a security certificate or by an effective special indorsement to be entitled to the security;
   (b) With respect to an instruction, the registered owner of an uncertificated security;
   (c) With respect to an entitlement order, the entitlement holder;
   (d) If the person designated in (a), (b), or (c) of this subsection is deceased, the designated person’s successor taking under other law or the designated person’s personal representative acting for the estate of the decedent; or
   (e) If the person designated in (a), (b), or (c) of this subsection lacks capacity, the designated person’s guardian, conservator, or other similar representative who has power under other law to transfer the security or financial asset.

   (2) An indorsement, instruction, or entitlement order is effective if:
   (a) It is made by the appropriate person;
   (b) It is made by a person who has power under the law of agency to transfer the security or financial asset on behalf of the appropriate person, including, in the case of an instruction or entitlement order, a person who has control under RCW 62A.8-106 (3)(b) or (4)(b); or
   (c) The appropriate person has ratified it or is otherwise precluded from asserting its ineffectiveness.

(3) An indorsement, instruction, or entitlement order made by a representative is effective even if:
   (a) The representative has failed to comply with a controlling instrument or with the law of the state having jurisdiction of the representative relationship, including any law requiring the representative to obtain court approval of the transaction; or
   (b) The representative’s action in making the indorsement, instruction, or entitlement order or using the proceeds of the transaction is otherwise a breach of duty.

(4) If a security is registered in the name of or specially indorsed to a person described as a representative, or if a securities account is maintained in the name of a person described as a representative, an indorsement, instruction, or entitlement order made by the person is effective even though the person is no longer serving in the described capacity.

(5) Effectiveness of an indorsement, instruction, or entitlement order is determined as of the date the indorsement, instruction, or entitlement order is made, and an indorsement, instruction, or entitlement order does not become ineffective by reason of any later change of circumstances. [1995 c 48 § 7; 1986 c 35 § 6; 1965 ex.s. c 157 § 8-107.]

62A.8-108 Warranties in direct holding. (1) A person who transfers a certificated security to a purchaser for value warrants to the purchaser, and an indorser, if the transfer is by indorsement, warrants to any subsequent purchaser, that:
   (a) The certificate is genuine and has not been materially altered;
   (b) The transferor or indorser does not know of any fact that might impair the validity of the security;
   (c) There is no adverse claim to the security;
   (d) The transfer does not violate any restriction on transfer;
   (e) If the transfer is by indorsement, the indorsement is made by an appropriate person, or if the indorsement is by an agent, the agent has actual authority to act on behalf of the appropriate person; and
   (f) The transfer is otherwise effective and rightful.

(2) A person who originates an instruction for registration of transfer of an uncertificated security to a purchaser for value warrants to the purchaser that:
   (a) The instruction is made by an appropriate person, or if the instruction is by an agent, the agent has actual authority to act on behalf of the appropriate person;
   (b) The security is valid;
   (c) There is no adverse claim to the security; and
   (d) At the time the instruction is presented to the issuer: [1995 RCW Supp—page 740]
(i) The purchaser will be entitled to the registration of transfer;
(ii) The transfer will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction;
(iii) The transfer will not violate any restriction on transfer; and
(iv) The requested transfer will otherwise be effective and rightful.

(3) A person who transfers an uncertificated security to a purchaser for value and does not originate an instruction in connection with the transfer warrants that:
(a) The uncertificated security is valid;
(b) There is no adverse claim to the security;
(c) The transfer does not violate any restriction on transfer;
(d) The transfer is otherwise effective and rightful.

(4) A person who indorses a security certificate warrants to the issuer that:
(a) There is no adverse claim to the security; and
(b) The indorsement is effective.

(5) A person who originates an instruction for registration of transfer of an uncertificated security warrants to the issuer that:
(a) The instruction is effective; and
(b) At the time the instruction is presented to the issuer the purchaser will be entitled to the registration of transfer.

(6) A person who presents a certificated security for registration of transfer or for payment or exchange warrants to the issuer that the person is entitled to the registration, payment, or exchange, but a purchaser for value and without notice of adverse claims to whom transfer is registered warrants only that the person has no knowledge of any unauthorized signature in a necessary indorsement.

(7) If a person acts as agent of another in delivering a certificated security to a purchaser, the identity of the principal was known to the person to whom the certificate was delivered, and the certificate delivered by the agent was received by the agent from the principal or received by the agent from another person at the direction of the principal, the person delivering the security certificate warrants only that the delivering person has authority to act for the principal and does not know of any adverse claim to the certificated security.

(8) A secured party who redeems a security certificate received, or after payment and on order of the debtor delivers the security certificate to another person, makes only the warranties of an agent under subsection (7) of this section.

(9) Except as otherwise provided in subsection (7) of this section, a broker acting for a customer makes to the issuer and a purchaser the warranties provided in subsections (1) through (6) of this section. A broker that delivers a security certificate to its customer, or causes its customer to be registered as the owner of an uncertificated security, makes to the customer the warranties provided in subsection (1) or (2) of this section, and has the rights and privileges of a purchaser under this section. The warranties of and in favor of the broker acting as an agent are in addition to applicable warranties given by and in favor of the customer.

62A.8-109 Warranties in indirect holding. (1) A person who originates an entitlement order to a securities intermediary warrants to the securities intermediary that:
(a) The entitlement order is made by an appropriate person, or if the entitlement order is by an agent, the agent has actual authority to act on behalf of the appropriate person; and
(b) There is no adverse claim to the security entitlement.
(2) A person who delivers a security certificate to a securities intermediary for credit to a securities account or originates an instruction with respect to an uncertificated security directing that the uncertificated security be credited to a securities account makes to the securities intermediary the warranties specified in RCW 62A.8-108 (1) or (2).
(3) If a securities intermediary delivers a security certificate to its entitlement holder or causes its entitlement holder to be registered as the owner of an uncertificated security, the securities intermediary makes to the entitlement holder the warranties specified in RCW 62A.8-108 (1) or (2).

62A.8-110 Applicability; choice of law. (1) The local law of the issuer’s jurisdiction, as specified in subsection (4) of this section, governs:
(a) The validity of a security;
(b) The rights and duties of the issuer with respect to registration of transfer;
(c) The effectiveness of registration of transfer by the issuer;
(d) Whether the issuer owes any duties to an adverse claimant to a security; and
(e) Whether an adverse claim can be asserted against a person to whom transfer of a certificated or uncertificated security is registered or a person who obtains control of an uncertificated security.
(2) The local law of the securities intermediary’s jurisdiction, as specified in subsection (5) of this section, governs:
(a) Acquisition of a security entitlement from the securities intermediary;
(b) The rights and duties of the securities intermediary and entitlement holder arising out of a security entitlement;
(c) Whether the securities intermediary owes any duties to an adverse claimant to a security entitlement; and
(d) Whether an adverse claim can be asserted against a person who acquires a security entitlement from the securities intermediary or a person who purchases a security entitlement or interest therein from an entitlement holder.
(3) The local law of the jurisdiction in which a security certificate is located at the time of delivery governs whether an adverse claim can be asserted against a person to whom the security certificate is delivered.
(4) "Issuer’s jurisdiction" means the jurisdiction under which the issuer of the security is organized or, if permitted by the law of that jurisdiction, the law of another jurisdiction specified by the issuer. An issuer organized under the law of this state may specify the law of another jurisdiction as
the law governing the matters specified in subsection (1) (b) through (e) of this section.

(5) The following rules determine a "securities intermediary's jurisdiction" for purposes of this section:

(a) If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(b) If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in (a) of this subsection, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(c) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in (a) or (b) of this subsection and an account statement does not identify an office serving the entitlement holder's account as the office serving the entitlement holder's account.

(d) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in (a) or (b) of this subsection and an account statement does not identify an office serving the entitlement holder's account as provided in (c) of this subsection, the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

(6) A securities intermediary's jurisdiction is not determined by the physical location of certificates representing financial assets, or by the jurisdiction in which is organized the issuer of the financial asset with respect to which an entitlement holder has a security entitlement, or by the location of facilities for data processing or other recordkeeping concerning the account. [1995 c 48 § 10.]

62A.8-111 Clearing corporation rules. A rule adopted by a clearing corporation governing rights and obligations among the clearing corporation and its participants in the clearing corporation is effective even if the rule conflicts with this Title and affects another party who does not consent to the rule. [1995 c 48 § 11.]

62A.8-112 Creditor's legal process. (1) The interest of a debtor in a certificated security may be reached by a creditor only by actual seizure of the security certificate by the officer making the attachment or levy, except as otherwise provided in subsection (4) of this section. However, a certificated security for which the certificate has been surrendered to the issuer may be reached by a creditor by legal process upon the issuer.

(2) The interest of a debtor in an uncertificated security may be reached by a creditor only by legal process upon the issuer at its chief executive office in the United States, except as otherwise provided in subsection (4) of this section.

(3) The interest of a debtor in a security entitlement may be reached by a creditor only by legal process upon the securities intermediary with whom the debtor's securities account is maintained, except as otherwise provided in subsection (4) of this section.

(4) The interest of a debtor in a certificated security for which the certificate is in the possession of a secured party, or in an uncertificated security registered in the name of a secured party, or a security entitlement maintained in the name of a secured party, may be reached by a creditor by legal process upon the secured party.

(5) A creditor whose debtor is the owner of a certificated security, uncertificated security, or security entitlement is entitled to aid from a court of competent jurisdiction, by injunction or otherwise, in reaching the certificated security, uncertificated security, or security entitlement or in satisfying the claim by means allowed at law or in equity in regard to property that cannot readily be reached by other legal process. [1995 c 48 § 12.]

62A.8-113 Statute of frauds inapplicable. A contract or modification of a contract for the sale or purchase of a security is enforceable whether or not there is a writing signed or record authenticated by a party against whom enforcement is sought, even if the contract or modification is not capable of performance within one year of its making. [1995 c 48 § 13.]

62A.8-114 Evidentiary rules concerning certificated securities. The following rules apply in an action on a certificated security against the issuer:

(1) Unless specifically denied in the pleadings, each signature on a security certificate or in a necessary indorsement is admitted.

(2) If the effectiveness of a signature is put in issue, the burden of establishing effectiveness is on the party claiming under the signature, but the signature is presumed to be genuine or authorized.

(3) If signatures on a security certificate are admitted or established, production of the certificate entitles a holder to recover on it unless the defendant establishes a defense or a defect going to the validity of the security.

(4) If it is shown that a defense or defect exists, the plaintiff has the burden of establishing that the plaintiff or some person under whom the plaintiff claims is a person against whom the defense or defect cannot be asserted. [1995 c 48 § 14.]

62A.8-115 Securities intermediary and others not liable to adverse claimant. A securities intermediary that has transferred a financial asset pursuant to an effective entitlement order, or a broker or other agent or bailee that has dealt with a financial asset at the direction of its customer or principal, is not liable to a person having an adverse claim to the financial asset, unless the securities intermediary, or broker or other agent or bailee:

(1) Took the action after it had been served with an injunction, restraining order, or other legal process enjoining it from doing so, issued by a court of competent jurisdiction, and had a reasonable opportunity to act on the injunction, restraining order, or other legal process; or
(2) Acted in collusion with the wrongdoer in violating the rights of the adverse claimant; or
(3) In the case of a security certificate that has been stolen, acted with notice of the adverse claim. [1995 c 48 § 15.]

62A.8-116 Securities intermediary as purchaser for value. A securities intermediary that receives a financial asset and establishes a security entitlement to the financial asset in favor of an entitlement holder is a purchaser for value of the financial asset. A securities intermediary that acquires a security entitlement to a financial asset from another securities intermediary acquires the security entitlement for value if the securities intermediary acquiring the security entitlement establishes a security entitlement to the financial asset in favor of an entitlement holder. [1995 c 48 § 16.]

PART 2
ISSUE AND ISSUER

62A.8-201 Issuer. (1) With respect to an obligation on or a defense to a security, an "issuer" includes a person that:
(a) Places or authorizes the placing of its name on a security certificate, other than as authenticating trustee, registrar, transfer agent, or the like, to evidence a share, participation, or other interest in its property or in an enterprise, or to evidence its duty to perform an obligation represented by the certificate;
(b) Creates a share, participation, or other interest in its property or in an enterprise, or undertakes an obligation, that is an uncertificated security;
(c) Directly or indirectly creates a fractional interest in its rights or property, if the fractional interest is represented by a security certificate; or
(d) Becomes responsible for, or in place of, another person described as an issuer in this section.
(2) With respect to an obligation on or defense to a security, a guarantor is an issuer to the extent of its guaranty, whether or not its obligation is noted on a security certificate.
(3) With respect to registration of a transfer, issuer means a person on whose behalf transfer books are maintained. [1995 c 48 § 17; 1986 c 35 § 8; 1965 ex.s. c 157 § 8-201. Cf. former RCW sections: RCW 62.01.029, and 62.01.060 through 62.01.062; 1955 c 35 §§ 62.01.029, and 62.01.060 through 62.01.062; prior: 1899 c 149 §§ 29, and 60 through 62; RRS §§ 3420, and 3451 through 3453.]

Corporations, effect of merger or consolidation: RCW 23B.11.060.
Securities Act, issuer: RCW 21.20.003(7).

62A.8-202 Issuer's responsibility and defenses; notice of defect or defense. (1) Even against a purchaser for value and without notice, the terms of a certificated security include terms stated on the certificate and terms made part of the security by reference on the certificate to another instrument, indenture, or document or to a constitution, statute, ordinance, rule, regulation, order, or the like, to the extent the terms referred to do not conflict with terms stated on the certificate. A reference under this subsection does not of itself charge a purchaser for value with notice of a defect going to the validity of the security, even if the certificate expressly states that a person accepting it admits notice. The terms of an uncertificated security include those stated in any instrument, indenture, or document or in a constitution, statute, ordinance, rule, regulation, order, or the like, pursuant to which the security is issued.
(2) The following rules apply if an issuer asserts that a security is not valid:
(a) A security other than one issued by a government or governmental subdivision, agency, or instrumentality, even though issued with a defect going to its validity, is valid in the hands of a purchaser for value and without notice of the particular defect unless the defect involves a violation of a constitutional provision. In that case, the security is valid in the hands of a purchaser for value and without notice of the defect, other than one who takes by original issue.
(b) Subsection (2)(a) of this section applies to an issuer that is a government or governmental subdivision, agency, or instrumentality only if there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.
(3) Except as otherwise provided in RCW 62A.8-205, lack of genuineness of a certificated security is a complete defense, even against a purchaser for value and without notice.
(4) All other defenses of the issuer of a security, including nondelivery and conditional delivery of a certificated security, are ineffective against a purchaser for value who has taken the certificated security without notice of the particular defense.
(5) This section does not affect the right of a party to cancel a contract for a security "when, as and if issued" or "when distributed" in the event of a material change in the character of the security that is the subject of the contract or in the plan or arrangement pursuant to which the security is to be issued or distributed.
(6) If a security is held by a securities intermediary against whom an entitlement holder has a security entitlement with respect to the security, the issuer may not assert any defense that the issuer could not assert if the entitlement holder held the security directly. [1995 c 48 § 18; 1986 c 35 § 9; 1965 ex.s. c 157 § 8-202. Cf. former RCW sections: RCW 62.01.016, 62.01.023, 62.01.028, 62.01.056, 62.01.057, and 62.01.060 through 62.01.062; 1955 c 35 §§ 62.01.016, 62.01.023, 62.01.028, 62.01.056, 62.01.057, and 62.01.060 through 62.01.062; prior: 1899 c 149 §§ 16, 23, 28, 56, 57, and 60 through 62; RRS §§ 3407, 3414, 3419, 3447, 3448, and 3451 through 3453.]

62A.8-203 Staleness as notice of defect or defense. After an act or event, other than a call that has been revoked, creating a right to immediate performance of the
principal obligation represented by a certificated security or setting a date on or after which the security is to be presented or surrendered for redemption or exchange, a purchaser is charged with notice of any defect in its issue or defense of the issuer, if the act or event:

(1) Requires the payment of money, the delivery of a certificated security, the registration of transfer of an uncertificated security, or any of them on presentation or surrender of the security certificate, the money or security is available on the date set for payment or exchange, and the purchaser takes the security more than one year after that date; or

(2) Is not covered by subsection (1) of this section and the purchaser takes the security more than two years after the date set for surrender or presentation or the date on which performance became due. [1995 c 48 § 19; 1986 c 35 § 10; 1965 ex.s. c 157 § 8-203. Cf. former RCW sections: RCW 62.01.052(2) and 62.01.053; 1955 c 35 §§ 62.01.052 and 62.01.053; prior: 1899 c 149 §§ 52 and 53; RRS §§ 3443 and 3444.]

62A.8-204 Effect of issuer's restrictions on transfer. A restriction on transfer of a security imposed by the issuer, even if otherwise lawful, is ineffective against a person without knowledge of the restriction unless:

(1) The security is certificated and the restriction is noted conspicuously on the security certificate; or

(2) The security is uncertificated and the registered owner has been notified by the restriction. [1995 c 48 § 20; 1986 c 35 § 11; 1965 ex.s. c 157 § 8-204. Cf. former RCW 23.80.150; 1939 c 100 § 15; RRS § 3803-115; formerly RCW 23.20.160.]

Corporations—Stock certificates—Limitations: RCW 23B.06.250.

62A.8-205 Effect of unauthorized signature on security certificate. An unauthorized signature placed on a security certificate before or in the course of issue is ineffective, but the signature is effective in favor of a purchaser for value of the certificated security if the purchaser is without notice of the lack of authority and the signing has been done by:

(1) An authenticating trustee, registrar, transfer agent, or other person entrusted by the issuer with the signing of the security certificate or of similar certificates, or the immediate preparation for signing of any of them; or

(2) An employee of the issuer, or of any of the persons listed in subsection (1) of this section, entrusted with responsible handling of the security certificate. [1995 c 48 § 21; 1986 c 35 § 12; 1965 ex.s. c 157 § 8-205. Cf. former RCW 62.01.023; 1955 c 35 §§ 62.01.023; prior: 1899 c 149 § 23; RRS § 3414.]

62A.8-206 Completion or alteration of security certificate. (1) If a security certificate contains the signatures necessary to its issue or transfer but is incomplete in any other respect:

(a) Any person may complete it by filling in the blanks as authorized; and

(b) Even though the blanks are incorrectly filled in, the security certificate as completed is enforceable by a purchaser who took it for value and without notice of the incorrectness.

(2) A complete security certificate that has been improperly altered, even if fraudulently, remains enforceable, but only according to its original terms. [1995 c 48 § 22; 1986 c 35 § 13; 1965 ex.s. c 157 § 8-206. Cf. former RCW sections: (i) RCW 23.80.160; 1939 c 100 § 16; RRS § 3803-116; formerly RCW 23.20.170. (ii) RCW 62.01.014, 62.01.015, and 62.01.124; 1955 c 35 §§ 62.01.014, 62.01.015, and 62.01.124; prior: 1899 c 149 §§ 14, 15, and 124; RRS §§ 3405, 3406, and 3514.]

62A.8-207 Rights and duties of issuer with respect to registered owners. (1) Before due presentment for registration of transfer of a certificated security in registered form or of an instruction requesting registration of transfer of an uncertificated security, the issuer or indenture trustee may treat the registered owner as the person exclusively entitled to vote, receive notifications, and otherwise exercise all the rights and powers of an owner.

(2) This Article does not affect the liability of the registered owner of a security for a call, assessment, or the like. [1995 c 48 § 23; 1986 c 35 § 14; 1965 ex.s. c 157 § 8-207. Cf. former RCW 23.80.020 and 23.80.030; 1939 c 100 §§ 2 and 3; RRS §§ 3803-102 and 3803-103; formerly RCW 23.20.030 and 23.20.040.]

62A.8-208 Effect of signature of authenticating trustee, registrar, or transfer agent. (1) A person signing a security certificate as authenticating trustee, registrar, transfer agent, or the like, warrants to a purchaser for value of the certificated security, if the purchaser is without notice of a particular defect, that:

(a) The certificate is genuine;

(b) The person's own participation in the issue of the security is within the person's capacity and within the scope of the authority received by the person from the issuer; and

(c) The person has reasonable grounds to believe that the certificated security is in the form and within the amount the issuer is authorized to issue.

(2) Unless otherwise agreed, a person signing under subsection (1) of this section does not assume responsibility for the validity of the security in other respects. [1995 c 48 § 24; 1986 c 35 § 15; 1965 ex.s. c 157 § 8-208.]

62A.8-209 Issuer's lien. A lien in favor of an issuer upon a certificated security is valid against a purchaser only if the right of the issuer to the lien is noted conspicuously on the security certificate. [1995 c 48 § 25.]

62A.8-210 Overissue. (1) In this section, "overissue" means the issue of securities in excess of the amount the issuer has corporate power to issue, but an overissue does not occur if appropriate action has cured the overissue.
TRANSFER OF CERTIFICATED AND UNCERTIFICATED SECURITIES

62A.8-301 Delivery. (1) Delivery of a certificated security to a purchaser occurs when:
   (a) The purchaser acquires possession of the security certificate;
   (b) Another person, other than a securities intermediary, either acquires possession of the security certificate on behalf of the purchaser or, having previously acquired possession of the certificate, acknowledges that it holds for the purchaser; or
   (c) A securities intermediary acting on behalf of the purchaser acquires possession of the security certificate, only if the certificate is in registered form and has been specially indorsed to the purchaser by an effective indorsement.

(2) Delivery of an uncertificated security to a purchaser occurs when:
   (a) The issuer registers the purchaser as the registered owner, upon original issue or registration of transfer; or
   (b) Another person, other than a securities intermediary, either becomes the registered owner of the uncertificated security or, having previously become the registered owner, acknowledges that it holds for the purchaser. [1995 c 48 § 27; 1986 c 35 § 16; 1965 ex.s. c 157 § 8-301. Cf. former RCW sections: (i) RCW 23.80.070; 1939 c 100 § 7; RRS § 3803-107; formerly RCW 23.20.080. (ii) RCW 62.01.052; 1955 c 35 § 62.01.052; prior: 1899 c 149 § 52; RRS § 3443. (iii) RCW 62.01.057 through 62.01.059; 1955 c 35 §§ 62.01.057 through 62.01.059; prior: 1899 c 149 §§ 52 through 59; RRS §§ 3448 through 3450.]

62A.8-302 Rights of purchaser. (1) Except as otherwise provided in subsections (2) and (3) of this section, the provisions of this Article which validate a security or compel its issue or reissue do not apply to the extent that validation, issue, or reissue would result in overissue.

(2) If an identical security not constituting an overissue is reasonably available for purchase, a person entitled to issue or validation may compel the issuer to purchase the security and deliver it if certificated or register its transfer if uncertificated, against surrender of any security certificate the person holds.

(4) If a security is not reasonably available for purchase, a person entitled to issue or validation may recover from the issuer the price the person or the last purchaser for value paid for it with interest from the date of the person's demand. [1995 c 48 § 26.]

62A.8-303 Protected purchaser. (1) "Protected purchaser" means a purchaser of a certificated or uncertificated security, or of an interest therein, who:
   (a) Gives value;
   (b) Does not have notice of any adverse claim to the security; and
   (c) Obtains control of the certificated or uncertificated security.

(2) In addition to acquiring the rights of a purchaser, a protected purchaser also acquires its interest in the security free of any adverse claim. [1995 c 48 § 29; 1986 c 35 § 18; 1965 ex.s. c 157 § 8-303.]

62A.8-304 Indorsement. (1) An indorsement may be in blank or special. An indorsement in blank includes an indorsement to bearer. A special indorsement specifies to whom a security is to be transferred or who has power to transfer it. A holder may convert a blank indorsement to a special indorsement.

(2) An indorsement purporting to be only of part of a security certificate representing units intended by the issuer to be separately transferable is effective to the extent of the indorsement.

(3) An indorsement, whether special or in blank, does not constitute a transfer until delivery of the certificate on which it appears or, if the indorsement is on a separate document, until delivery of both the document and the certificate.

(4) If a security certificate in registered form has been delivered to a purchaser without a necessary indorsement, the purchaser may become a protected purchaser only when the indorsement is supplied. However, against a transferor, a transfer is complete upon delivery and the purchaser has a specifically enforceable right to have any necessary indorsement supplied.

(5) An indorsement of a security certificate in bearer form may give notice of an adverse claim to the certificate, but it does not otherwise affect a right to registration that the holder possesses.

(6) Unless otherwise agreed, a person making an indorsement assumes only the obligations provided in RCW 62A.8-108 and not an obligation that the security will be honored by the issuer. [1995 c 48 § 30; 1986 c 35 § 19; 1965 ex.s. c 157 § 8-304. Cf. former RCW sections: RCW 62.01.037 and 62.01.056; 1955 c 35 §§ 62.01.037 and 62.01.056; prior: 1899 c 149 §§ 37 and 56; RRS §§ 3428 and 3447.]

62A.8-305 Instruction. (1) If an instruction has been originated by an appropriate person but is incomplete in any
other respect, any person may complete it as authorized and the issuer may rely on it as completed, even though it has been completed incorrectly.

(2) Unless otherwise agreed, a person initiating an instruction assumes only the obligations imposed by RCW 62A.8-108 and not an obligation that the security will be honored by the issuer. [1995 c 48 § 31; 1986 c 35 § 20; 1965 ex.s. c 157 § 8-305. Cf. former RCW sections: RCW 62.01.052(2) and 62.01.053; 1955 c 35 §§ 62.01.052 and 62.01.053; prior: 1899 c 149 §§ 52 and 53; RRS §§ 3443 and 3444.]

62A.8-306 Effect of guaranteeing signature, indorsement, or instruction. (1) A person who guarantees a signature of an indorser of a security certificate warrants that at the time of signing:

(a) The signature was genuine;
(b) The signer was an appropriate person to indorse, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person; and
(c) The signer had legal capacity to sign.

(2) A person who guarantees a signature of the originator of an instruction warrants that at the time of signing:

(a) The signature was genuine;
(b) The signer was an appropriate person to originate the instruction, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person, if the person specified in the instruction as the registered owner was, in fact, the registered owner, as to which fact the signature guarantor does not make a warranty; and
(c) The signer had legal capacity to sign.

(3) A person who specially guarantees the signature of an originator of an instruction makes the warranties of a signature guarantor under subsection (2) of this section and also warrants that at the time the instruction is presented to the issuer:

(a) The person specified in the instruction as the registered owner of the uncertificated security will be the registered owner; and
(b) The transfer of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(4) A guarantor under subsections (1) and (2) of this section or a special guarantor under subsection (3) of this section does not otherwise warrant the rightfulness of the transfer.

(5) A person who guarantees an indorsement of a security certificate makes the warranties of a signature guarantor under subsection (1) of this section and also warrants the rightfulness of the transfer in all respects.

(6) A person who guarantees an instruction requesting the transfer of an uncertificated security makes the warranties of a special signature guarantor under subsection (3) of this section and also warrants the rightfulness of the transfer in all respects.

(7) An issuer may not require a special guaranty of signature, a guaranty of indorsement, or a guaranty of instruction as a condition to registration of transfer.

(8) The warranties under this section are made to a person taking or dealing with the security in reliance on the guaranty, and the guarantor is liable to the person for loss resulting from their breach. An indorser or originator of an instruction whose signature, indorsement, or instruction has been guaranteed is liable to a guarantor for any loss suffered by the guarantor as a result of breach of the warranties of the guarantor. [1995 c 48 § 32; 1986 c 35 § 21; 1965 ex.s. c 157 § 8-306. Cf. former RCW sections: (i) RCW 23.80.110 and 23.80.120; 1939 c 100 §§ 11 and 12; RRS §§ 3803-111 and 3803-112; formerly RCW 23.20.120 and 23.20.130. (ii) RCW 62.01.065 through 62.01.067, and 62.01.069; 1955 c 35 §§ 62.01.065 through 62.01.067, and 62.01.069; prior: 1899 c 149 §§ 65 through 67, and 69; RRS §§ 3456 through 3458, and 3460.]

62A.8-307 Purchaser's right to requisites for registration of transfer. Unless otherwise agreed, the transferor of a security on due demand shall supply the purchaser with proof of authority to transfer or with any other requisite necessary to obtain registration of the transfer of the security, but if the transfer is not for value, a transferor or need not comply unless the purchaser pays the necessary expenses. If the transferor fails within a reasonable time to comply with the demand, the purchaser may reject or rescind the transfer. [1995 c 48 § 33; 1986 c 35 § 22; 1965 ex.s. c 157 § 8-307. PART 4
REGISTRATION

62A.8-401 Duty of issuer to register transfer. (1) If a certificated security in registered form is presented to the issuer with a request to register transfer or an instruction is presented to the issuer with a request to register transfer of an uncertificated security, the issuer shall register the transfer as requested if:

(a) Under the terms of the security the person seeking registration of transfer is eligible to have the security registered in its name;
(b) The indorsement or instruction is made by the appropriate person or by an agent who has actual authority to act on behalf of the appropriate person;
(c) Reasonable assurance is given that the indorsement or instruction is genuine and authorized (RCW 62A.8-402);
(d) Any applicable law relating to the collection of taxes has been complied with;
(e) The transfer does not violate any restriction on transfer imposed by the issuer in accordance with RCW 62A.8-204;
(f) A demand that the issuer not register transfer has not become effective under RCW 62A.8-403, or the issuer has
Complied with RCW 62A.8-403(2) but no legal process or indemnity bond is obtained as provided in RCW 62A.8-403(4); and

(g) The transfer is in fact rightful or is to a protected purchaser.

(2) If an issuer is under a duty to register a transfer of a security, the issuer is liable to a person presenting a certificated security or an instruction for registration to or to the person’s principal for loss resulting from unreasonable delay in registration or failure or refusal to register the transfer. [1995 c 48 § 34; 1986 c 35 § 37; 1965 ex.s. c 157 § 8-401.]

62A.8-402 Assurance that indorsement or instruction is effective. (1) An issuer may require the following assurance that each necessary indorsement or each instruction is genuine and authorized:

(a) In all cases, a guaranty of the signature of the person making an indorsement or originating an instruction including, in the case of an instruction, reasonable assurance of identity;

(b) If the indorsement is made or the instruction is originated by an agent, appropriate assurance of actual authority to sign;

(c) If the indorsement is made or the instruction is originated by a fiduciary pursuant to RCW 62A.8-107(1) (d) or (e), appropriate evidence of appointment or incumbency;

(d) If there is more than one fiduciary, reasonable assurance that all who are required to sign have done so; and

(e) If the indorsement is made or the instruction is originated by a person not covered by another provision of this subsection, assurance appropriate to the case corresponding as nearly as may be to the provisions of this subsection.

(2) An issuer may elect to require reasonable assurance beyond that specified in this section.

(3) In this section:

(a) "Guaranty of the signature" means a guaranty signed by or on behalf of a person reasonably believed by the issuer to be responsible. An issuer may adopt standards with respect to responsibility if they are not manifestly unreasonable.

(b) "Appropriate evidence of appointment or incumbency" [means]:

(i) In the case of a fiduciary appointed or qualified by a court, a certificate issued by or under the direction or supervision of the court or an officer thereof and dated within sixty days before the date of presentation for transfer, or

(ii) In any other case, a copy of a document showing the appointment or a certificate issued by or on behalf of a person reasonably believed by an issuer to be responsible or, in the absence of that document or certificate, other evidence the issuer reasonably considered appropriate. [1995 c 48 § 35; 1986 c 35 § 38; 1965 ex.s. c 157 § 8-402.]

62A.8-403 Demand that issuer not register transfer. (1) A person who is an appropriate person to make an indorsement or originate an instruction may demand that the issuer not register transfer of a security by communicating to the issuer a notification that identifies the registered owner and the issue of which the security is a part and provides an address for communications directed to the person making the demand. The demand is effective only if it is received by the issuer at a time and in a manner affording the issuer reasonable opportunity to act on it.

(2) If a certificated security in registered form is presented to an issuer with a request to register transfer or an instruction is presented to an issuer with a request to register transfer of an uncertificated security after a demand that the issuer not register transfer has become effective, the issuer shall promptly communicate to (a) the person who initiated the demand at the address provided in the demand and

(b) the person who presented the security for registration of transfer or initiated the instruction requesting registration of transfer a notification stating that:

(i) The certificated security has been presented for registration of transfer or instruction for registration of transfer of uncertificated security has been received;

(ii) A demand that the issuer not register transfer had previously been received; and

(iii) The issuer will withhold registration of transfer for a period of time stated in the notification in order to provide the person who initiated the demand an opportunity to obtain legal process or an indemnity bond.

(3) The period described in subsection (2)(b)(iii) of this section may not exceed thirty days after the date of communication of the notification. A shorter period may be specified by the issuer if it is not manifestly unreasonable.

(4) An issuer is not liable to a person who initiated a demand that the issuer not register transfer for any loss the person suffers as a result of registration of a transfer pursuant to an indorsement or instruction for registration of transfer.

5) This section does not relieve an issuer from liability for registering transfer pursuant to an indorsement or instruction that was not effective. [1995 c 48 § 36; 1986 c 35 § 39; 1965 ex.s. c 157 § 8-403.]

62A.8-404 Wrongful registration. (1) Except as otherwise provided in RCW 62A.8-406, an issuer is liable for wrongful registration of transfer if the issuer has registered a transfer of a security to a person not entitled to it, and the transfer was registered:

(a) Pursuant to an ineffective indorsement or instruction;

(b) After a demand that the issuer not register transfer became effective under RCW 62A.8-403(1) and the issuer did not comply with RCW 62A.8-403(2);

(c) After the issuer had been served with an injunction, restraining order, or other legal process enjoining it from registering the transfer, issued by a court of competent jurisdiction, and the issuer had a reasonable opportunity to
protected purchaser of the original certificate presents it for
that fact within a reasonable time after the owner has notice
of it and the issuer registers a transfer of the security before
registration of a transfer of its securities, in the issue of new
security certificates or uncertificated securities, or in the
cancellation of surrendered security certificates has the same
obligation to the holder or owner of a certificated or
uncertificated security with regard to the particular functions
performed as the issuer has in regard to those functions. [1995 c 48 § 40; 1986 c 35 § 43.]

PART 5
SECURITY ENTITLEMENTS

62A.8-501 Securities account; acquisition of security entitlement from securities intermediary. (1) "Securities account" means an account to which a financial asset is or may be credited in accordance with an agreement under which the person maintaining the account undertakes to treat the person for whom the account is maintained as entitled to exercise the rights that comprise the financial asset.

(2) Except as otherwise provided in subsections (4) and (5) of this section, a person acquires a security entitlement if a securities intermediary:

(a) Indicates by book entry that a financial asset has been credited to the person's securities account;

(b) Receives a financial asset from the person or acquires a financial asset for the person and, in either case, accepts it for credit to the person's securities account;

(c) Becomes obligated under other law, regulation, or rule to credit a financial asset to the person's securities account.

(3) If a condition of subsection (2) of this section has been met, a person has a security entitlement even though the securities intermediary does not itself hold the financial asset.

(4) If a securities intermediary holds a financial asset for another person, and the financial asset is registered in the name of, payable to the order of, or specially indorsed to the other person, and has not been indorsed to the securities intermediary or in blank, the other person is treated as holding the financial asset directly rather than as having a security entitlement with respect to the financial asset.

(5) Issuance of a security is not establishment of a security entitlement. [1995 c 48 § 41.]

62A.8-502 Assertion of adverse claim against entitlement holder. An action based on an adverse claim to a financial asset, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against a person who acquires a security entitlement under RCW 62A.8-501 for value and without notice of the adverse claim. [1995 c 48 § 42.]

62A.8-503 Property interest of entitlement holder in financial asset held by securities intermediary. (1) To the extent necessary for a securities intermediary to satisfy
all security entitlements with respect to a particular financial asset, all interests in that financial asset held by the securities intermediary are held by the securities intermediary for the entitlement holders, are not property of the securities intermediary, and are not subject to claims of creditors of the securities intermediary, except as otherwise provided in RCW 62A.8-511.

(2) A security entitlement holder’s property interest with respect to a particular financial asset under subsection (1) of this section is a pro rata property interest in all interests in that financial asset held by the securities intermediary, without regard to the time the entitlement holder acquired the security entitlement or the time the securities intermediary acquired the interest in that financial asset.

(3) An entitlement holder’s property interest with respect to a particular financial asset under subsection (1) of this section may be enforced against the securities intermediary only by exercise of the entitlement holder’s rights under RCW 62A.8-505 through 62A.8-508.

(4) An entitlement holder’s property interest with respect to a particular financial asset under subsection (1) of this section may be enforced against a purchaser of the financial asset or interest therein only if:

(a) Insolvency proceedings have been initiated by or against the securities intermediary;

(b) The securities intermediary does not have sufficient interests in the financial asset to satisfy the security entitlements of all of its entitlement holders to that financial asset;

(c) The securities intermediary violated its obligations under RCW 62A.8-504 by transferring the financial asset or interest therein to the purchaser; and

(d) The purchaser is not protected under subsection (5) of this section.

The trustee or other liquidator, acting on behalf of all entitlement holders having security entitlements with respect to a particular financial asset, may recover the financial asset, or interest therein, from the purchaser. If the trustee or other liquidator elects not to pursue that right, an entitlement holder whose security entitlement remains unsatisfied has the right to recover its interest in the financial asset from the purchaser.

(5) An action based on the entitlement holder’s property interest with respect to a particular financial asset under subsection (1) of this section, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against any purchaser of a financial asset or interest therein who gives value, obtains control, and does not act in collusion with the securities intermediary in violating the securities intermediary’s obligations under RCW 62A.8-504. [1995 c 48 § 43.]

62A.8-506 Duty of securities intermediary to exercise rights as directed by entitlement holder. A securities intermediary shall exercise rights with respect to a financial asset if directed to do so by an entitlement holder. A securities intermediary satisfies the duty if:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(2) In the absence of agreement, the securities intermediary either places the entitlement holder in a position to exercise the rights directly or exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder. [1995 c 48 § 46.]

62A.8-507 Duty of securities intermediary to comply with entitlement order. (1) A securities intermediary shall comply with an entitlement order if the entitlement order is originated by the appropriate person, the securities intermediary has had reasonable opportunity to assure itself that the entitlement order is genuine and authorized, and the securities intermediary has had reasonable opportunity to comply with the entitlement order. A securities intermediary satisfies the duty if:

[1995 RCW Supp—page 749]
62A.8-508 Duty of securities intermediary to change entitlement holder's position to other form of security holding. A securities intermediary shall act at the direction of an entitlement holder to change a security entitlement into another available form of holding for which the entitlement holder is eligible, or to cause the financial asset to be transferred to a securities account of the entitlement holder with another securities intermediary. A securities intermediary satisfies the duty if:

(a) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

(b) In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to comply with the entitlement order.

(2) If a securities intermediary transfers a financial asset pursuant to an ineffective entitlement order, the securities intermediary shall reestablish a security entitlement in favor of the person entitled to it, and pay or credit any payments or distributions that the person did not receive as a result of the wrongful transfer. If the securities intermediary does not reestablish a security entitlement, the securities intermediary is liable to the entitlement holder for damages. [1995 c 48 § 47.]

62A.8-510 Rights of purchaser of security entitlement from entitlement holder. (1) An action based on an adverse claim to a financial asset or security entitlement, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against a person who purchases a security entitlement, or an interest therein, from an entitlement holder if the purchaser gives value, does not have notice of the adverse claim, and obtains control.

(2) If an adverse claim could not have been asserted against an entitlement holder under RCW 62A.8-502, the adverse claim cannot be asserted against a person who purchases a security entitlement, or an interest therein, from the entitlement holder.

(3) In a case not covered by the priority rules in Article 9, a purchaser for value of a security entitlement, or an interest therein, who obtains control has priority over a purchaser of a security entitlement, or an interest therein, who does not obtain control. Purchasers who have control rank equally, except that a securities intermediary as purchaser has priority over a conflicting purchaser who has control unless otherwise agreed by the securities intermediary. [1995 c 48 § 50.]

62A.8-511 Priority among security interests and entitlement holders. (1) Except as otherwise provided in subsections (2) and (3) of this section, if a securities intermediary does not have sufficient interests in a particular financial asset to satisfy both its obligations to entitlement holders who have security entitlements to that financial asset and its obligation to a creditor of the securities intermediary who has a security interest in that financial asset, the claims of entitlement holders, other than the creditor, have priority over the claim of the creditor.

(2) A claim of a creditor of a securities intermediary who has a security interest in a financial asset held by a securities intermediary has priority over claims of the securities intermediary's entitlement holders who have security entitlements with respect to that financial asset if the creditor has control over the financial asset.

(3) If a clearing corporation does not have sufficient financial assets to satisfy both its obligations to entitlement holders who have security entitlements with respect to a financial asset and its obligation to a creditor of the clearing corporation who has a security interest in that financial asset, the claim of the creditor has priority over the claims of entitlement holders. [1995 c 48 § 51.]

TRANSITION PROVISIONS FOR REVISED ARTICLE 8 AND CONFORMING AMENDMENTS TO *ARTICLES 1, 5, 9, AND 10

*Reviser's note: See 1995 c 48 §§ 54 through 71.

(2) If a security interest in a security is perfected by April 17, 1995, and the action by which the security interest was perfected would suffice to perfect a security interest under chapter 48, Laws of 1995, no further action is required to continue perfection. If a security interest in a security is perfected by April 17, 1995, but the action by which the security interest was perfected would not suffice to perfect a security interest under chapter 48, Laws of 1995, the security interest remains perfected through December 31, 1995, and continues perfected thereafter if appropriate action to perfect under chapter 48, Laws of 1995 is taken by that date. If a security interest is perfected by April 17, 1995, and the security interest can be perfected by filing under chapter 48, Laws of 1995, a financing statement signed by the secured party instead of the debtor may be filed within that period to continue perfection or thereafter to perfect.

62A.9-103 Perfection of security interest in multiple state transactions. (1) Documents, instruments and ordinary goods.

(a) This subsection applies to documents and instruments and to goods other than those covered by a certificate of title described in subsection (2), mobile goods described in subsection (3), and minerals described in subsection (5).

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs the perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until thirty days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the thirty-day period.

(d) When collateral is brought into and kept in this state while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by Part 3 of this Article to perfect the security interest,

(i) if the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this state, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal;

(ii) if the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter;

(iii) for the purpose of priority over a buyer of consumer goods (subsection (2) of RCW 62A.9-307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(2) Certificate of title.

(a) This subsection applies to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection.

(b) Except as otherwise provided in this subsection, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this state and thereafter covered by a certificate of title issued by this state is subject to the rules stated in paragraph (d) of subsection (1).

(d) If goods are brought into this state while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this state and the certificate does not show that the goods are subject to the security
Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

(6) Investment property.

(a) This subsection applies to investment property.

(b) Except as otherwise provided in paragraph (f), during the time that a security certificate is located in a jurisdiction, perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in the certificated security represented thereby are governed by the local law of that jurisdiction.

(c) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in an uncertificated security are governed by the local law of the issuer's jurisdiction as specified in RCW 62A.8-110(4).

(d) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in a security entitlement or securities account are governed by the local law of the securities intermediary's jurisdiction as specified in RCW 62A.8-110(5).

(e) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or non-perfection, and the priority of a security interest in a commodity contract or commodity account are governed by the local law of the commodity intermediary's jurisdiction. The following rules determine a "commodity intermediary's jurisdiction" for purposes of this paragraph:

(i) if an agreement between the commodity intermediary and commodity customer specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(ii) if an agreement between the commodity intermediary and commodity customer does not specify the governing law as provided in subparagraph (i), but expressly specifies that the commodity account is maintained at an office in a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(iii) if an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraph (i) or (ii), the commodity intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the commodity customer's account.

(iv) if an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraph (i) or (ii) and an account statement does not identify an office serving the commodity customer's account as provided in subparagraph (iii), the commodity intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the commodity intermediary.

(f) Perfection of a security interest by filing, automatic perfection of a security interest in investment property granted by a broker or securities intermediary, and automatic perfection of a security interest in a commodity contract or...
commodity account granted by a commodity intermediary are governed by the local law of the jurisdiction in which the debtor is located. [1995 c 48 § 58; 1986 c 35 § 45; 1981 c 41 § 7; 1965 ex.s. c 157 § 9-103.]

62A.9-105 Definitions and index of definitions. (1) In this Article unless the context otherwise requires:
(a) "Account debtor" means the person who is obligated on an account, chattel paper or general intangible;
(b) "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper;
(c) "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold;
(d) "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not he owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term "debtor" means the owner of the collateral in any provision of the Article dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires;
(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a certificate of deposit;
(f) "Document" means document of title as defined in the general definitions of Article 1 (RCW 62A.1-201), and a receipt of the kind described in subsection (2) of RCW 62A.7-201;
(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests;
(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (RCW 62A.9-313), but does not include money, documents, instruments, investment property, commodity contracts, accounts, chattel paper, general intangibles, or minerals or the like (including oil and gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals and growing crops;
(i) "Instrument" means a negotiable instrument (defined in RCW 62A.3-104), or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary indorsement or assignment. The term does not include investment property;
(j) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like; (k) An advance is made "pursuant to commitment" if the secured party has bound himself to make it, whether or not a subsequent event of default or other event not within his control has relieved or may relieve him from his obligation;
(1) "Security agreement" means an agreement which creates or provides for a security interest;
(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. When the holders of obligations issued under an indenture of trust, equipment trust agreement or the like are represented by a trustee or other person, the representative is the secured party;
(n) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service.

62A.9-106 Definitions: "Account"; "general intangibles". "Account" means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by performance. "General intangibles" means any personal property (including things in action) other than goods, accounts, chattel paper, documents, instruments, investment property, and money. All rights to payment earned or unearned under a charter or other contract involving the use or hire of a vessel and all rights incident to the charter or contract are accounts. [1995 c 48 § 60; 1981 c 41 § 10; 1965 ex.s. c 157 § 9-106. Cf. former RCW 63.16.010; 1947 c 8 § 1; Rem. Supp. 1947 § 2721-1.]

62A.9-115 Investment property. (1) In this Article:
(a) "Commodity account" means an account maintained by a commodity intermediary in which a commodity contract is carried for a commodity customer.
(b) "Commodity contract" means a commodity futures contract, an option on a commodity futures contract, a commodity option, or other contract that, in each case, is:
(i) traded on or subject to the rules of a board of trade that has been designated as a contract market for such a contract pursuant to the federal commodities laws; or
(ii) traded on a foreign commodity board of trade, exchange, or market, and is carried on the books of a commodity intermediary for a commodity customer.
(c) "Commodity customer" means a person for whom a commodity intermediary carries a commodity contract on its books.
(d) "Commodity intermediary" means:
(i) a person who is registered as a futures commission merchant under the federal commodities laws; or
(ii) a person who in the ordinary course of its business provides clearance or settlement services for a board of trade that has been designated as a contract market pursuant to the federal commodities laws.

(e) "Control" with respect to a certificated security, uncertificated security, or security entitlement has the meaning specified in RCW 62A.8-106. A secured party has control over a commodity contract if by agreement among the commodity customer, the commodity intermediary, and the secured party, the commodity intermediary has agreed that it will apply any value distributed on account of the commodity contract as directed by the secured party without further consent by the commodity customer. If a commodity customer grants a security interest in a commodity contract to its own commodity intermediary, the commodity intermediary as secured party has control. A secured party has control over a securities account or commodity account if the secured party has control over all security entitlements or commodity contracts carried in the securities account or commodity account.

(2) Attachment or perfection of a security interest in a securities account is also attachment or perfection of a security interest in all security entitlements carried in the securities account. Attachment or perfection of a security interest in a commodity account is also attachment or perfection of a security interest in all commodity contracts carried in the commodity account. A description of collateral in a security agreement or financing statement is sufficient to create or perfect a security interest in a certificated security, uncertificated security, security entitlement, securities account, commodity contract, or commodity account whether it describes the collateral by those terms, or as investment property, or by description of the underlying security, financial asset, or commodity contract. A description of investment property collateral in a security agreement or financing statement is sufficient if it identifies the collateral by specific listing, by category, by quantity, by a computational or allocational formula or procedure, or by any other method, if the identity of the collateral is objectively determinable.

(4) Perfection of a security interest in investment property is governed by the following rules:
(a) A security interest in investment property may be perfected by control.

(b) Except as otherwise provided in paragraphs (c) and (d), a security interest in investment property may be perfected by filing.

(c) If the debtor is a broker or securities intermediary a security interest in investment property is perfected when it attaches. The filing of a financing statement with respect to a security interest in investment property granted by a broker or securities intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(d) If a debtor is a commodity intermediary, a security interest in a commodity contract or a commodity account is perfected when it attaches. The filing of a financing statement with respect to a security interest in a commodity contract or a commodity account granted by a commodity intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(5) Priority between conflicting security interests in the same investment property is governed by the following rules:
(a) A security interest of a secured party who has control over investment property has priority over a security interest of a secured party who does not have control over the investment property.

(b) Except as otherwise provided in paragraphs (c) and (d), conflicting security interests of secured parties each of whom has control rank equally.
Secured Transactions; Sales of Accounts, etc.  

62A.9-116 Security interest arising in purchase or delivery of financial asset. (1) If a person buys a financial asset through a securities intermediary in a transaction in which the buyer is obligated to pay the purchase price to the securities intermediary at the time of the purchase, and the securities intermediary credits the financial asset to the buyer's securities account before the buyer pays the securities intermediary, the securities intermediary has a security interest in the buyer's security entitlement securing the buyer's obligation to pay. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

(2) If a certificated security, or other financial asset represented by a writing which in the ordinary course of business is transferred by delivery with any necessary indorsement or assignment is delivered pursuant to an agreement between persons in the business of dealing with such securities or financial assets and the agreement calls for delivery versus payment, the person delivering the certificate or other financial asset has a security interest in the certificated security or other financial asset securing the seller's right to receive payment. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

62A.9-203 Attachment and enforceability of security interest; proceeds; formal requisites. (1) Subject to the provisions of RCW 62A.4-208 on the security interest of a collecting bank, RCW 62A.9-115 and 62A.9-116 on security interests in investment property, and RCW 62A.9-113 on a security interest arising under the Article on Sales, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless:

(a) the collateral is in the possession of the secured party pursuant to agreement, the collateral is investment property and the secured party has control pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned;

(b) value has been given; and

(c) the debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subsection (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed a security agreement gives the secured party the rights to proceeds provided by RCW 62A.9-306.

(4) A transaction, although subject to this Article, is also subject to chapters 31.04, 31.12, 31.16, 31.20, and 31.24 RCW, and in the case of conflict between the provisions of this Article and any such statute, the provisions of such statute control. Failure to comply with any applicable statute has only the effect which is specified therein.

62A.9-301 Persons who take priority over perfected security interests; rights of "lien creditor". (1) Except as otherwise provided in subsection (2), an unperfected security interest is subordinate to the rights of:

(a) persons entitled to priority under RCW 62A.9-312;

(b) a person who becomes a lien creditor before the security interest is perfected;

(c) in the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business, or is a buyer of farm products in ordinary course of business, to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) in the case of accounts, general intangibles, and investment property, a person who is not a secured party and
who is a transferee to the extent that he gives value without
knowledge of the security interest and before it is perfected.

(2) If the secured party sells with respect to a purchase
money security interest before or within twenty days after
the debtor receives possession of the collateral, he takes
priority over the rights of a transferee in bulk or of a lien
creditor which arise between the time the security interest
attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired
a lien on the property involved by attachment, levy or the
like and includes an assignee for benefit of creditors from
the time of assignment, and a trustee in bankruptcy from the
date of the filing of the petition or a receiver in equity from
the time of appointment.

(4) A person who becomes a lien creditor while a
security interest is perfected takes subject to the security
interest only to the extent that it secures advances made
before he becomes a lien creditor or within forty-five days
thereafter or made without knowledge of the lien or pursuant
to a commitment entered into without knowledge of the lien.

62A.9-302 When filing is required to perfect
security interest; security interests to which filing provi-
sions of this article do not apply. (1) A financing state-
ment must be filed to perfect all security interests except the
following:

(a) a security interest in collateral in possession of the
secured party under RCW 62A.9-305;
(b) a security interest temporarily perfected in instru-
ments, certificated securities, or documents without delivery
under RCW 62A.9-304 or in proceeds for a ten day period
under RCW 62A.9-306;
(c) a security interest created by an assignment of a
beneficial interest in a trust or a decedent's estate;
(d) a purchase money security interest in consumer
goods; but filing is required for a motor vehicle required to
be registered and other property subject to subsection (3) of
this section; and fixture filing is required for priority over
conflicting interests in fixtures to the extent provided in
RCW 62A.9-313;

(e) a security interest of a collecting bank (RCW 62A.4-
208) or arising under the Article on Sales (RCW 62A.9-113)
or covered in subsection (3) of this section;
(f) an assignment for the benefit of all the creditors of the
transferor, and subsequent transfers by the assignee
thereunder;

(g) a security interest in investment property which is
perfected without filing under RCW 62A.9-115 or 62A.9-
116.

(2) If a secured party assigns a perfected security
interest, no filing under this Article is required in order to
continue the perfected status of the security interest against
creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise
required by this Article is not necessary or effective to
perfect a security interest in property subject to

(a) a statute or treaty of the United States which
provides for a national or international registration or a
national or international certificate of title or which specifies
a place of filing different from that specified in this Article
for filing of the security interest; or

(b) the following statute of this state: RCW 46.12.095
or 88.02.070; but during any period in which collateral is
inventory held for sale by a person who is in the business of
selling goods of that kind, the filing provisions of this
Article (Part 4) apply to a security interest in that collateral
created by him as debtor; or

(c) a certificate of title statute of another jurisdiction
under the law of which indication of a security interest on the
certificate is required as a condition of perfection
(subsection (2) of RCW 62A.9-103).

(4) Compliance with a statute or treaty described in
subsection (3) is equivalent to the filing of a financing
statement under this Article, and a security interest in
property subject to the statute or treaty can be perfected only
by compliance therewith except as provided in RCW 62A.9-
103 on multiple state transactions. Duration and renewal of
perfection of a security interest perfected by compliance with
the statute or treaty are governed by the provisions of the
statute or treaty; in other respects the security interest is
subject to this Article.

(5) Part 4 of this Article does not apply to a security
interest in property of any description created by a deed of
trust or mortgage made by any corporation primarily
engaged in the railroad or street railway business, the
furnishing of telephone or telegraph service, the transmission
of oil, gas or petroleum products by pipe line, or the
production, transmission or distribution of electricity, steam,
gas or water, but such security interest may be perfected
under this Article by filing such deed of trust or mortgage
with the department of licensing. When so filed, such
instrument shall remain effective until terminated, without
the need for filing a continuation statement. Assignments
and releases of such instruments may also be filed with the
department of licensing. The director of licensing shall be
a filing officer for the foregoing purposes. [1995 c 48 § 65.

62A.9-304 Perfection of security interest in instruments, documents, and goods covered by documents; perfection by permissive filing; temporary perfection without filing or transfer of possession.

1. A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments (other than instruments which constitute part of chattel paper) can be perfected only by the secured party's taking possession of the collateral. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest.

2. A security interest in instruments, documents, and goods covered by documents is perfected by perfecting a security interest in the original documents, and any security interest in the goods otherwise perfected during such period is subject thereto.

3. A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.

4. A security interest in instruments, certificates of securities, or negotiable documents is perfected without filing or the taking of possession for a period of twenty-one days from the time it attaches to the extent that it arises for new value given under a written security agreement.

5. A security interest remains perfected for a period of twenty-one days without filing where a secured party having a perfected security interest in an instrument, a certified security, a negotiable document or goods in possession of a bailee other than one who has issued a negotiable document therefor

(a) makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner preliminary to their sale or exchange but priority between conflicting security interests in the goods is subject to subsection (3) of RCW 62A.9-312; or

(b) delivers the instrument or certificated security to the debtor for the purpose of ultimate sale or exchange or of presentation, collection, renewal, or registration of transfer.

6. After the twenty-one day period in subsections (4) and (5) perfection depends upon compliance with applicable provisions of this Article. 62A.9-305 When possession by secured party perfects security interest without filing.

A security interest in letters of credit and advices of credit (subsection (2)(a) of RCW 62A.5-116), goods, instruments, money, negotiable documents, or chattel paper may be perfected by the secured party's taking possession of the collateral. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this Article. The security interest may be otherwise perfected as provided in this Article before or after the period of possession by the secured party. [1995 c 48 § 67; 1986 c 35 § 50; 1981 c 41 § 18; 1965 ex.s. c 157 § 9-305.]

62A.9-306 "Proceeds"; secured party's rights on disposition of collateral.

1. "Proceeds" includes whatever is received upon the sale, exchange, collection or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is payable to a person other than a party to the security agreement. Any payments or distributions made with respect to investment property collateral are proceeds. Money, checks, deposit accounts, and the like are "cash proceeds". All other proceeds are "non-cash proceeds".

2. Except where this Article otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor.

3. The security interest in proceeds is a perfected security interest in the collateral to the extent that it arises for new value given under a written security agreement.

(a) a filed financing statement covers the original collateral and the proceeds are collateral in which a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor unless

[1995 RCW Supp—page 757]
interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds;

(b) a filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds or instruments;

(c) the original collateral was investment property and the proceeds are identifiable cash proceeds; or

(d) the security interest in the proceeds is perfected before the expiration of the ten day period.

Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this Article for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security interest only in the following proceeds:

(a) in identifiable non-cash proceeds and in separate deposit accounts containing only proceeds;

(b) in identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings;

(c) in identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings; and

(d) in all cash and deposit accounts of the debtor in which proceeds have been commingled with other funds, but the perfected security interest under this paragraph (d) is

(i) subject to any right of set-off; and

(ii) limited to an amount not greater than the amount of any cash proceeds received by the debtor within ten days before the institution of the insolvency proceedings less the sum of (I) the payments to the secured party on account of cash proceeds received by the debtor during such period and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under paragraphs (a) through (c) of this subsection (4).

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

(a) If the goods were collateral at the time of sale for an indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as a perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effective, nothing further is required to continue the perfected status; in any other case, the secured party must take possession of the returned or repossessed goods or must file.

(b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under RCW 62A.9-308.

(c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under paragraph (a).

(d) A security interest of an unpaid transferee asserted under paragraph (b) or (c) must be perfected for protection against creditors of the transferor and purchasers of the returned or repossessed goods. [1995 c 48 § 68; 1981 c 41 § 19; 1965 ex.s. c 157 § 9-306. Cf. former RCW sections: (i) RCW 61.20.090 and 61.20.100; 1943 c 71 §§ 9 and 10; Rem. Supp. 1943 §§ 11548-38 and 11548-39. 62A.9-309 Protection of purchasers of instruments, documents, and securities. Nothing in this Article limits the rights of a holder in due course of a negotiable instrument (RCW 62A.3-302) or a holder to whom a negotiable document of title has been duly negotiated (RCW 62A.7-501) or a protected purchaser of a security (RCW 62A.8-303) and such holders or purchasers take priority over an earlier security interest even though perfected. Filing under this Article does not constitute notice of the security interest to such holders or purchasers. [1995 c 48 § 69; 1986 c 35 § 51; 1965 ex.s. c 157 § 9-309. Cf. former RCW 61.20.090(1); 1943 c 71 § 9; Rem. Supp. 1943 § 11548-38.]

62A.9-312 Priorities among conflicting security interests in the same collateral. (1) The rules of priority stated in other sections of this Part and in the following sections shall govern when applicable: RCW 62A.4-208 with respect to the security interests of collecting banks in items being collected, accompanying documents and proceeds; RCW 62A.9-103 on security interests related to other jurisdictions; RCW 62A.9-114 on consignments; RCW 62A.9-115 on security interests in investment property.

(2) Conflicting priorities between security interests in crops shall be governed by chapter 60.11 RCW.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if

(a) the purchase money security interest is perfected at the time the debtor receives possession of the inventory; and

(b) the purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the twenty-one day period where the purchase money security interest is temporarily perfected without filing or possession (subsection (5) of RCW 62A.9-304); and

(c) the holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory; and
Secured Transactions; Sales of Accounts, etc. 62A.9-312

(d) the notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within twenty days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subsection (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under RCW 62A.9-115 or 62A.9-116 on investment property, the security interest has the same priority for the purposes of subsection (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to future advances as it does otherwise regulating bailees' businesses in respects not specifically dealt with herein; but the fact that such laws are violated does not affect the status of a document of title which otherwise complies with the definition of a document of title (RCW 62A.1-201). 63.10.020 Definitions. (Effective January 1, 1996.) As used in this chapter, unless the context otherwise requires:

(1) The term "adjusted capitalized cost" means the agreed-upon amount that serves as the basis for determining the periodic lease payment, computed by subtracting from the capitalized cost any capitalized cost reduction.

(2) The term "capitalized cost" means the amount ascribed by the lessor to the vehicle including optional equipment, plus taxes, title, license fees, lease acquisition [1995 RCW Supp—page 759]
and administrative fees, insurance premiums, warranty charges, and any other product, service, or amount amortized in the lease. However, any definition of capitalized cost adopted by the federal reserve board to be used in the context of mandatory disclosure of the capitalized cost to lessees in consumer motor vehicle lease transactions supersedes the definition of capitalized cost in this subsection.

(3) The term "capitalized cost reduction" means any payment made by cash, check, or similar means, any manufacturer rebate, and net trade in allowance granted by the lessor at the inception of the lease for the purpose of reducing the capitalized cost but does not include any periodic lease payments due at the inception of the lease or all of the periodic lease payments if they are paid at the inception of the lease.

(4) The term "consumer lease" means a contract of lease or bailment for the use of personal property by a natural person for a period of time exceeding four months, and for a total contractual obligation not exceeding twenty-five thousand dollars, primarily for personal, family, or household purposes, whether or not the lessee has the option to purchase or otherwise become the owner of the property at the expiration of the lease, except that such term shall not include any lease which meets the definition of a retail installment contract under RCW 63.14.010 or the definition of a lease-purchase agreement under chapter 63.14 RCW. The twenty-five thousand dollar total contractual obligation in this subsection shall not apply to consumer leases of motor vehicles. The inclusion in a lease of a provision whereby the lessee's or lessor's liability, at the end of the lease period or upon an earlier termination, is based on the estimated value of the leased property at that time, shall not be deemed to make the transaction other than a consumer lease. The term "consumer lease" does not include a lease for agricultural, business, or commercial purposes, or to a government or governmental agency or instrumentality, or to an organization.

(5) The term "lessee" means a natural person who leases or is offered a consumer lease.

(6) The term "lessor" means a person who is regularly engaged in leasing, offering to lease, or arranging to lease under a consumer lease. [1995 c 112 § 1; 1992 c 134 § 15; 1983 c 158 § 2.]

63.10.040 Lease contracts—Disclosure requirements. (Effective January 1, 1996.) (1) In any lease contract subject to this chapter, the following items, as applicable, shall be disclosed:

(a) A brief description of the leased property, sufficient to identify the property to the lessee and lessor.

(b) The total amount of any payment, such as a refundable security deposit paid by cash, check, or similar means, advance payment, capitalized cost reduction, or any trade-in allowance, appropriately identified, to be paid by the lessee at consummation of the lease.

(c) The number, amount, and due dates or periods of payments scheduled under the lease and the total amount of the periodic payments.

(d) The total amount paid or payable by the lessee during the lease term for official fees, registration, certificate of title, license fees, or taxes.

(e) The total amount of all other charges, individually itemized, payable by the lessee to the lessor, which are not included in the periodic payments. This total includes the amount of any liabilities the lease imposes upon the lessee at the end of the term, but excludes the potential difference between the estimated and realized values required to be disclosed under (m) of this subsection.

(f) A brief identification of insurance in connection with the lease including (i) if provided or paid for by the lessor, the types and amounts of coverages and cost to the lessee, or (ii) if not provided or paid for by the lessor, the types and amounts of coverages required of the lessee.

(g) A statement identifying any express warranties or guarantees available to the lessee made by the lessor or manufacturer with respect to the leased property.

(h) An identification of the party responsible for maintaining or servicing the leased property together with a brief description of the responsibility, and a statement of reasonable standards for wear and use, if the lessor sets such standards.

(i) A description of any security interest, other than a security deposit disclosed under (b) of this subsection, held or to be retained by the lessor in connection with the lease and a clear identification of the property to which the security interest relates.

(j) The amount or method of determining the amount of any penalty or other charge for delinquency, default, or late payments.

(k) A statement of whether or not the lessee has the option to purchase the leased property and, if at the end of the lease term, at what price, and, if prior to the end of the lease term, at what time, and the price or method of determining the price.

(l) A statement of the conditions under which the lessee or lessor may terminate the lease prior to the end of the lease term and the amount or method of determining the amount of any penalty or other charge for early termination.

(m) A statement that the lessee shall be liable for the difference between the estimated value of the property and its realized value at early termination or the end of the lease term, if such liability exists.

(n) Where the lessee's liability at early termination or at the end of the lease term is based on the estimated value of the leased property, a statement that the lessee may obtain at the end of the lease term or at early termination, at the lessee's expense, a professional appraisal of the value which could be realized at sale of the leased property by an independent third party agreed to by the lessee and the lessor, which appraisal shall be final and binding on the parties.

(o) Where the lessee's liability at the end of the lease term is based upon the estimated value of the leased property:

(i) The value of the property at consummation of the lease, the itemized total lease obligation at the end of the lease term, and the difference between them.

(ii) That there is a rebuttable presumption that the estimated value of the leased property at the end of the lease term is unreasonable and not in good faith to the extent that
it exceeds the realized value by more than three times the average payment allocable to a monthly period, and that the lessor cannot collect the amount of such excess liability unless the lessor brings a successful action in court in which the lessor pays the lessee's attorney's fees, and that this provision regarding the presumption and attorney's fees does not apply to the extent the excess of estimated value over realized value is due to unreasonable wear or use, or excessive use.

(iii) A statement that the requirements of (o)(ii) of this subsection do not preclude the right of a willing lessee to make any mutually agreeable final adjustment regarding such excess liability.

(p) In consumer leases of motor vehicles:

(i) The capitalized cost stated as a total and the identity of the components listed in the definition of capitalized cost and the respective amount of each component;

(ii) Any capitalized cost reduction stated as a total and the identity of the components and the respective amount of each component;

(iii) A statement of adjusted capitalized cost;

(iv) A disclosure, in proximity to the lessees signature, in not less than ten point bold type to the lessee: "WARNING: EARLY TERMINATION UNDER THIS LEASE MAY RESULT IN SIGNIFICANT COSTS TO YOU THE CONSUMER. READ THIS AGREEMENT CAREFULLY AND UNDERSTAND ALL PROVISIONS BEFORE SIGNING. GET ALL PROMISES IN WRITING. ORAL PROMISES ARE DIFFICULT TO ENFORCE."; and

(v) If the lessee trades in a motor vehicle, the amount of any sales tax exemption for the agreed value of the traded vehicle and any reduction in the periodic payments resulting from the application of the sales tax exemption shall be disclosed in the lease contract.

(2) Where disclosures required under this chapter are the same as those required under Title I of the federal consumer protection act (90 Stat. 257, 15 U.S.C. Sec. 1667 et seq.), which is also known as the federal consumer leasing act, as of the date upon which the consumer lease is executed, disclosures complying with the federal consumer leasing act shall be deemed to comply with the disclosure requirements of this chapter. [1995 c 112 § 2; 1983 c 158 § 4.]

63.10.045 Unlawful acts or practices—Consumer lease of a motor vehicle. (Effective January 1, 1996.) Each of the following acts or practices are unlawful in the context of offering a consumer lease of a motor vehicle:

(1) Advertising that is false, deceptive, misleading, or in violation of 12 C.F.R. Sec. 213.5 (a) through (d) and 15 U.S.C. 1667, Regulation M;

(2) Misrepresenting any of the following:

(a) The material terms or conditions of a lease agreement;

(b) That the transaction is a purchase agreement as opposed to a lease agreement; or

(c) The amount of any equity or value the leased vehicle will have at the end of the lease; and

(3) Failure to comply with the disclosure requirements of Title I of the federal consumer protection act (90 Stat. 257, 15 U.S.C. Sec. 1667 et seq.), which is also known as the federal consumer leasing act, including, but not limited to, failure to disclose all fees that will be due when a consumer exercises the option to purchase. [1995 c 112 § 3.]

63.10.050 Violations—Unfair acts under consumer protection act—Damages. (Effective January 1, 1996.) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Violations of this chapter are not reasonable in relation to the development and preservation of business. A violation of this chapter is an unfair or deceptive act or practice in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

Regarding damages awarded under this section, the court may award damages allowed under chapter 19.86 RCW or 15 U.S.C. Sec. 1667d (a) and 15 U.S.C. Sec. 1640, but not both. [1995 c 112 § 4; 1983 c 158 § 5.]

63.10.055 Remedies—Effect of chapter. (Effective January 1, 1996.) The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy available at law or in equity. [1995 c 112 § 5.]

63.10.901 Severability—1995 c 112. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1995 c 112 § 6.]

63.10.902 Effective date—1995 c 112. This act shall take effect January 1, 1996. [1995 c 112 § 7.]

(1) With respect to a retail installment transaction, as defined in RCW 63.14.010(8), if the court as a matter of law finds the agreement or contract, or any clause in the agreement or contract, to have been unconscionable at the time it was made, the court may refuse to enforce the agreement or contract, may enforce the remainder of the agreement or contract, or may limit the application of any unconscionable clause to avoid an unconscionable result.

[1995 RCW Supp—page 761]

(10) Impose and collect any payments, fees, or charges for the use, rental, or operation of the common areas;

(11) Impose and collect charges for late payments of assessments and, after notice and an opportunity to be heard by the board of directors or by the representative designated by the board of directors and in accordance with the procedures as provided in the bylaws or rules and regulations adopted by the board of directors and furnished to the owners for violation of the bylaws, rules, and regulations of the association;

(12) Exercise any other powers conferred by the bylaws;

(13) Exercise all other powers that may be exercised in this state by the same type of corporation as the association; and

(14) Exercise any other powers necessary and proper for the governance and operation of the association. [1995 c 283 § 4.]

64.38.025 Board of directors—Standard of care—Restrictions—Budget—Removal from board. (1) Except as provided in the association's governing documents or this chapter, the board of directors shall act in all instances on behalf of the association. In the performance of their duties, the officers and members of the board of directors shall exercise the degree of care and loyalty required of an officer or director of a corporation organized under chapter 24.03 RCW.

(2) The board of directors shall not act on behalf of the association to amend the articles of incorporation, to take any action that requires the vote or approval of the owners, to terminate the association, to elect members of the board of directors, or to determine the qualifications, powers, and duties, or terms of office of members of the board of directors; but the board of directors may fill vacancies in its membership of the unexempted portion of any term.

(3) Within thirty days after adoption by the board of directors of any proposed regular or special budget of the association, the board shall set a date for a meeting of the owners to consider ratification of the budget not less than fourteen nor more than sixty days after mailing of the summary. Unless at that meeting the owners of a majority of the votes in the association are allocated or any larger percentage specified in the governing documents reject the budget, in person or by proxy, the budget is ratified, whether or not a quorum is present. In the event the proposed budget is rejected or the required notice is not given, the periodic budget last ratified by the owners shall be continued until such time as the owners ratify a subsequent budget proposed by the board of directors.

(4) The owners by a majority vote of the voting power in the association present, in person or by proxy, and entitled to vote at any meeting of the owners at which a quorum is present, may remove any member of the board of directors with or without cause. [1995 c 283 § 5.]

64.38.030 Association bylaws. Unless provided for in the governing documents, the bylaws of the association shall provide for:

(1) The number, qualifications, powers and duties, terms of office, and manner of electing and removing the board of directors and officers and filling vacancies;

(2) Election by the board of directors of the officers of the association as the bylaws specify;

(4) Which of its officers may prepare, execute, certify, and record amendments to the governing documents on behalf of the association;

(5) The method of amending the bylaws; and

(6) Subject to the provisions of the governing documents, any other matters the association deems necessary and appropriate. [1995 c 283 § 6.]

64.38.035 Association meetings—Notice—Board of directors. (1) A meeting of the association must be held at least once each year. Special meetings of the association may be called by the president, a majority of the board of directors, or by owners having ten percent of the votes in the association. Not less than fourteen nor more than sixty days in advance of any meeting, the secretary or other officers specified in the bylaws shall cause notice to be hand-delivered or sent prepaid by first class United States mail to the mailing address of each owner or to any other mailing address designated in writing by the owner. The notice of any meeting shall state the time and place of the meeting and the business to be placed on the agenda by the board of directors for a vote by the owners, including the general nature of any proposed amendment to the articles of incorporation, bylaws, any budget or changes in the previously approved budget that result in a change in assessment obligation, and any proposal to remove a director.

(2) Except as provided in this subsection, all meetings of the board of directors shall be open for observation by all owners of record and their authorized agents. The board of directors shall keep minutes of all actions taken by the board, which shall be available to all owners. Upon the affirmative vote in open meeting to assemble in closed session, the board of directors may convene in closed executive session to consider personnel matters; consult with legal counsel or consider communications with legal counsel; and discuss likely or pending litigation, matters involving possible violations of the governing documents of the association, and matters involving the possible liability of an owner to the association. The motion shall state specifically the purpose for the closed session. Reference to the motion and the stated purpose for the closed session shall be included in the minutes. The board of directors shall restrict the consideration of matters during the closed portions of meetings only to those purposes specifically exempted and stated in the motion. No motion, or other action adopted, passed, or agreed to in closed session may become effective unless the board of directors, following the closed session, reconvenes in open meeting and votes in the open meeting on such motion, or other action which is reasonably identified. The requirements of this subsection shall not require

[1995 RCW Supp—page 763]
the disclosure of information in violation of law or which is otherwise exempt from disclosure. [1995 c 283 § 7.]

64.38.040  Quorum for meeting. Unless the governing documents specify a different percentage, a quorum is present throughout any meeting of the association if the owners to which thirty-four percent of the votes of the association are allocated are present in person or by proxy at the beginning of the meeting. [1995 c 283 § 8.]

64.38.045  Financial and other records—Property of association—Copies—Examination—Annual financial statement—Accounts. (1) The association or its managing agent shall keep financial and other records sufficiently detailed to enable the association to fully declare to each owner the true statement of its financial status. All financial and other records of the association, including but not limited to checks, bank records, and invoices, in whatever form they are kept, are the property of the association. Each association managing agent shall turn over all original books and records to the association immediately upon termination of the management relationship with the association, or upon such other demand as is made by the board of directors. An association managing agent is entitled to keep copies of association records. All records which the managing agent has turned over to the association shall be made reasonably available for the examination and copying by the managing agent.

(2) All records of the association, including the names and addresses of owners and other occupants of the lots, shall be available for examination by all owners, holders of mortgages on the lots, and their respective authorized agents on reasonable advance notice during normal working hours at the offices of the association or its managing agent. The association shall not release the unlisted telephone number of any owner. The association may impose and collect a reasonable charge for copies and any reasonable costs incurred by the association in providing access to records.

(3) At least annually, the association shall prepare, or cause to be prepared, a financial statement of the association. The financial statements of associations with annual assessments of fifty thousand dollars or more shall be audited at least annually by an independent certified public accountant, but the audit may be waived if sixty-seven percent of the votes cast by owners, in person or by proxy, at a meeting of the association at which a quorum is present, vote each year to waive the audit.

(4) The funds of the association shall be kept in accounts in the name of the association and shall not be commingled with the funds of any other association, nor with the funds of any manager of the association or any other person responsible for the custody of such funds. [1995 c 283 § 9.]

64.38.050  Violation—Remedy—Attorneys' fees. Any violation of the provisions of this chapter entitles an aggrieved party to any remedy provided by law or in equity. The court, in an appropriate case, may award reasonable attorneys' fees to the prevailing party. [1995 c 283 § 10.]

Regulation of Private Property

64.42.010 Definitions. (Effective if Initiative 164 is approved at the November 1995 election under Referendum Measure 48.) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Full compensation" means the reduction in the fair market value of the portion or parcel of property taken for general public use which is attributable to the regulation or restraint. Such reduction shall be measured as of the date of adoption of the regulation or imposition of restraint on the use of private property.

2. "Governmental entity" means Washington state, state agencies, agencies and commissions funded fully or partially by the state, counties, cities, and other political subdivisions.

3. "Private property" means:
   (a) Land;
   (b) Any interest in land or improvements thereon;
   (c) Any proprietary water right;
   (d) Any crops, forest products, or resources capable of being harvested or extracted that is owned by a nongovernmental entity and is protected by either the Fifth or Fourteenth Amendments to the U.S. Constitution or the Washington State Constitution.

4. "Restraint of land use" means any action, requirement, or restriction by a governmental entity, other than actions to prevent or abate public nuisances, that limits the use or development of [of] private property.  [1995 c 98 § 7 (Initiative Measure No. 164).]

64.42.015 Regulation or restraint prohibited without analysis of economic impact—Necessary public purpose—Least possible impact. (Effective if Initiative 164 is approved at the November 1995 election under Referendum Measure 48.) A regulation of private property or restraint of land use by a governmental entity is prohibited unless a statement containing a full analysis of the total economic impact in private property of such regulation or restraint is prepared by the entity and made available to the public at least thirty days prior to adoption of the regulation or imposition of the restraint. Such statement shall identify the manner in which the proposed action will substantially advance the purpose of protecting public health and safety against identified public health or safety risks created by the use of private property, and analyze the economic impact of all reasonable alternatives to the regulation or restraint. Should the governmental entity choose to adopt a proposed regulation or restraint on the use [of] private property, the governmental entity shall adopt the regulation or restraint that has the least possible impact on private property and still accomplishes the necessary public purpose.  [1995 c 98 § 3 (Initiative Measure No. 164).]

64.42.020 General public use—Taking—Compensation—Restrictions on governmental entity—State responsibility—Time limit. (Effective if Initiative 164 is approved at the November 1995 election under Referendum Measure 48.) (1) A portion or parcel of private property shall be considered to have been taken for general public use when:
   (a) A governmental entity regulates or imposes a restraint of land use on such portion or parcel of property for public benefit including wetlands, fish or wildlife habitat, buffer zone, or other public benefit designations; and
   (b) No public nuisance will be created absent the regulation; and[.]

(2) When private property is taken for general public use, the regulating agency or jurisdiction shall pay full compensation of reduction in value to the owner, or the use of the land by the owner may not be restricted because of the regulation or restraint. The jurisdiction may not require waiving this compensation as a condition of approval of use or another permit, nor as a condition for subdivision of land.

(3) Compensation must be paid to the owner of a private property within three months of the adoption of a regulation or restraint which results in a taking for general public use.

(4) A governmental entity may not devalue the value of property by suggesting or threatening a designation to avoid full compensation to the owner.

(5) A governmental entity that places restrictions on the use of public or private property which deprive a landowner of access to his or her property must also provide alternative access to the property at the governmental entity’s expense, or purchase the inaccessible property.

(6) The assessor shall adjust property valuation for tax purposes and notify the owner of the new tax valuation, which must be reflected and identified in the next tax assessment notice.

(7) The state is responsible for the compensation liability of other governmental entities for any action which restricts the use of property when such action is mandated by state law or any state agency.

(8) Claims for compensation as a result of a taking of private property under this chapter must be brought within the time period specified in RCW 4.16.020.  [1995 c 98 § 4 (Initiative Measure No. 164).]

64.42.025 Governmental entity pays for information. (Effective if Initiative 164 is approved at the November 1995 election under Referendum Measure 48.) No governmental entity may require any private property owner to provide or pay for any studies, maps, plans, or reports used in decisions to consider restricting the use of private property for public use.  [1995 c 98 § 6 (Initiative Measure No. 164).]

64.42.030 Judicial enforcement—Costs—Attorneys’ fees. (Effective if Initiative 164 is approved at the November 1995 election under Referendum Measure 48.) This chapter may be enforced in superior court against any governmental entity which fails to comply with the provisions of this chapter by any owner of property subject to the jurisdiction of such entity. Any prevailing plaintiff is entitled to recover the costs of litigation, including reasonable attorney's fees.  [1995 c 98 § 8 (Initiative Measure No. 164).]

64.42.900 Severability—1995 c 98 (Initiative Measure No. 164). (Effective if Initiative 164 is approved at the November 1995 election under Referendum Measure 48.) If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the
act or the application of the provision to other persons or circumstances is not affected. [1995 c 98 § 9 (Initiative Measure No. 164).]

It is the intent under this subsection that a retail license shall not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed licensee. It is unlawful for a person, firm, or corporation holding a certificate of approval issued under RCW 66.24.270 or 66.24.206, a beer wholesaler’s license, a brewer’s license, a beer importer’s license, a domestic winery license, a wine importer’s license, or a wine wholesaler’s license within the state of Washington to modify any prices without prior notification to and approval of the board.

(1) Intent. This section is enacted, pursuant to the authority of this state under the twenty-first amendment to the United States Constitution, to promote the public’s interest in fostering the orderly and responsible distribution of malt beverages and wine towards effective control of consumption; to promote the fair and efficient three-tier system of distribution of such beverages; and to confirm existing board rules as the clear expression of state policy to regulate the manner of selling and pricing of wine and malt beverages by licensed suppliers and wholesalers.

(2) Beer and wine wholesale price posting.

(a) Every beer or wine wholesaler shall file with the board at its office in Olympia a price posting showing the wholesale prices at which any and all brands of beer and wine sold by such beer and/or wine wholesaler shall be sold to retailers within the state.

(ii) Beer and wine sold as provided in this section shall be delivered by the wholesaler or an authorized employee either to the retailer’s licensed premises or directly to the retailer at the wholesaler’s licensed premises. A wholesaler’s prices to retail licensees shall be the same at both such places of delivery.

(3) Beer and wine suppliers’ price filings, contracts, and memoranda.

(a) Every brewery and winery offering beer and/or wine for sale within the state shall file with the board at its office in Olympia a copy of every written contract and a memorandum of every oral agreement which such brewery or winery may have with any beer or wine wholesaler, which contracts or memoranda shall contain a schedule of prices charged to wholesalers for all items and all terms of sale, including all regular and special discounts; all advertising, sales and trade allowances, and incentive programs; and all commissions, bonuses or gifts, and any and all other discounts or allowances. (2) Licensees of race meets that do not fall under subsection (1) of this section shall withhold and pay to the commission daily for each authorized day of racing the following applicable percentage of all daily gross receipts from all parimutuel machines at each race meet:

(a) If the daily gross receipts of all parimutuel machines are more than two hundred fifty thousand dollars, the licensee shall withhold and pay to the commission daily two and one-half percent of the daily gross receipts; and

(b) If the daily gross receipts of all parimutuel machines are two hundred fifty thousand dollars or less, the licensee shall withhold and pay to the commission daily one percent of the daily gross receipts.

(3) In addition to those amounts in subsections (1) and (2) of this section, all licensees shall forward one-tenth of one percent of the daily gross receipts of all parimutuel machines to the commission daily for payment to those nonprofit race meets as set forth in RCW 67.16.130 and subsection (1) of this section, but said percentage shall not be charged against the licensees. The total of such payments shall not exceed one hundred fifty thousand dollars in any one year and any amount in excess of one hundred fifty thousand dollars shall be remitted to the general fund. Payments to nonprofit race meets under this subsection shall be distributed on a pro rata per-race-day basis and used only for purses at race tracks that have been operating under RCW 67.16.130 and subsection (1) of this section for the five consecutive years immediately preceding the year of payment.

(4) In addition to those sums paid to the commission in subsection (2) of this section, licensees who are nonprofit corporations and have race meets of thirty days or more shall retain and dedicate: (a) An amount equal to one and one-quarter percent of the daily gross receipts of all parimutuel machines at each race meet to be used solely for the purpose of increasing purses; and (b) an amount equal to one and one-quarter percent of the daily gross receipts of all parimutuel machines at each race meet to be deposited in an escrow or trust account and used solely for construction of a new thoroughbred race track facility in western Washington. Said percentages shall come from that amount the licensee is authorized to retain under RCW 67.16.170(2). The commission shall adopt such rules as may be necessary to enforce this subsection.

(5) In the event the new race track is not constructed before January 1, 2001, all funds including interest, remaining in the escrow or trust account established in subsection (4) of this section, shall revert to the state general fund. [1995 c 173 § 2; 1994 c 159 § 2; 1993 c 170 § 2; 1991 c 270 § 6; 1987 c 347 § 4; 1985 c 146 § 7; 1982 c 32 § 3; 1979 c 31 § 6.]

Intent—1995 c 173: "It is the intent of the legislature that one-half of the money being paid into the Washington thoroughbred racing fund continue to be directed to enhanced purses, and that one-half of the money being paid into the fund continue to be deposited into an escrow or trust account and used for the construction of a new thoroughbred racing facility in western Washington." [1995 c 173 § 1.]

Effective date—1995 c 173: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 1, 1995]." [1995 c 173 § 3.]

Intent—1994 c 159: "It is the intent of the legislature to terminate payments into the Washington thoroughbred racing fund from licensees of nonprofit race meets from March 30, 1994, until June 1, 1995, and to provide that one-half of moneys that otherwise would have been paid into the fund be directed to enhanced purses and one-half of moneys be deposited in an escrow or trust account and used solely for construction of a new thoroughbred race track facility in western Washington." [1994 c 159 § 1.]

Effective date—1994 c 159: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 30, 1994]." [1994 c 159 § 4.]

Intent—1993 c 170: "It is the intent of the legislature that one-half of those moneys that would otherwise have been paid into the Washington thoroughbred racing fund be retained for the purpose of enhancing purses, excluding stakes purses, until that time as a permanent thoroughbred racing facility is built and operating in western Washington. It is recognized by the Washington legislature that the enhancement in purses provided in this legislation will not directly benefit all race tracks in Washington. It is the legislature's intent that the horse racing commission work with the horse racing community to ensure that this opportunity for increased purses will not inadvertently injure horse racing at tracks not directly benefiting from this legislation." [1993 c 170 § 1.]

Effective date—1993 c 170: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 30, 1993]." [1993 c 170 § 3.]

Washington State Horse Park

Chapter 67.18

67.18.005 Findings—Purpose. The legislature finds that:

(1) Horses are part of a large, highly diverse, and vital industry which provides significant economic, employment, recreational, and educational contributions to residents of and visitors to the state of Washington;

(2) Currently there is no adequate facility in the Pacific Northwest with the acreage, services, and capacity to host large regional horse shows, national championships, or Olympics-quality events to showcase and promote this important Washington industry;

(3) Establishing a first-class horse park facility in Washington would meet important needs of the state’s horse industry, attract investment, enhance recreational opportunities, and bring new exhibitors and tourists to the state from throughout the region and beyond; and

(4) A unique opportunity exists to form a partnership between state, county, and private interests to create a major horse park facility that will provide public recreational opportunities and state-wide economic and employment benefits.

It is the purpose of this legislation to create the framework for such a partnership to facilitate development of the Washington state horse park. It is further the intent of the legislature that the state horse park shall be developed in stages, based on factors such as the availability of funds, equipment, and other materials donated by private sources; the availability and willingness of volunteers to work on park development; and the availability of revenues generated by the state horse park as it is developed and utilized. [1995 c 200 § 1.]

67.18.010 Definitions. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Authority" means the Washington state horse park authority authorized to be created in RCW 67.18.030.

(2) "Commission" means the Washington state parks and recreation commission.

(3) "Horses" includes all domesticated members of the taxonomic family Equidae, including but not limited to horses, donkeys, and mules.

(4) "State horse park" means the Washington state horse park established in RCW 67.18.020. [1995 c 200 § 2.]

67.18.020 Park established—Site approval—Ownership of land—Development, promotion, operation, management, and maintenance. (1) The Washington state horse park is hereby established, to be located at a site approved by the commission. In approving a site for the state horse park, the commission shall consider areas with large blocks of land suitable for park development, the distance to various population centers in the state, the ease of transportation to the site for large vehicles traveling along either a north-south or an east-west corridor, and other factors deemed important by the commission.

(2) Ownership of land for the state horse park shall be as follows:

(a) The commission is vested with and shall retain ownership of land provided by the state for the state horse park. Any lands acquired by the commission after July 23, 1995, for the state horse park shall be purchased under chapter 43.98A RCW. The legislature encourages the commission to provide a long-term lease of the selected property to the Washington state horse park authority at a minimal charge. The lease shall contain provisions ensuring public access to and use of the horse park facilities, and generally maximizing public recreation opportunities at the horse park, provided that the facility remains available primarily for horse-related activities.

(b) Land provided for the state horse park by the county in which the park is located shall remain in the ownership of that county unless the county determines otherwise. The legislature encourages the county to provide a long-term lease of selected property to the Washington state horse park authority at a minimal charge.

(c) If the authority acquires additional lands through donations, grants, or other means, or with funds generated from the operation of the state horse park, the authority shall retain ownership of those lands. The authority shall also retain ownership of horse park site improvements paid for by or through donations or gifts to the authority.

(3) Development, promotion, operation, management, and maintenance of the state horse park is the responsibility of the authority created in RCW 67.18.030. [1995 c 200 § 3.]

67.18.030 Washington state horse park authority—Formation—Powers—Articles of incorporation—Board.

(1) A nonprofit corporation may be formed under the nonprofit corporation provisions of chapter 24.03 RCW to carry out the purposes of this chapter. Except as provided in RCW 67.18.040, the corporation shall have all the powers and be subject to the same restrictions as are permitted or prescribed to nonprofit corporations and shall exercise those powers only for carrying out the purposes of this chapter and those purposes necessarily implied therefrom. The nonprofit corporation shall be known as the Washington state horse park authority. The articles of incorporation shall provide that it is the responsibility of the authority to develop, promote, operate, manage, and maintain the Washington state horse park. The articles of incorporation shall provide for appointment of directors and other conduct of business consistent with the requirements of this chapter.

(2)(a) The articles of incorporation shall provide for a seven-member board of directors for the authority, all appointed by the governor. Board members shall serve three-year terms, except that two of the original appointees shall serve one-year terms, and two of the original appointees shall serve two-year terms. A board member may serve consecutive terms.

(b) The articles of incorporation shall provide that the governor appoint board members as follows:

(i) One board member shall represent the interests of the commission. In making this appointment, the governor shall solicit recommendations from the commission;
(ii) One board member shall represent the interests of
the county in which the park is located. In making this
appointment, the governor shall solicit recommendations
from the county legislative authority; and
(iii) Five board members shall represent the geographic
and sports discipline diversity of equestrian interests in the
state, and at least one of these members shall have business
experience relevant to the organization of horse shows or
operation of a horse show facility. In making these appoint­
ments, the governor shall solicit recommendations from a
variety of active horse-related organizations in the state.
(3) The articles of incorporation shall include a policy
that provides for the preferential use of a specific area of
the horse park facilities at nominal cost for horse groups
associated with youth groups and the disabled.
(4) The governor shall make appointments to fill board
vacancies for positions authorized under subsection (2) of
this section, upon additional solicitation of recommendations
from the board of directors.
(5) The board of directors shall perform their duties in
the best interests of the authority, consistent with the
standards applicable to directors of nonprofit corporations
under RCW 24.03.127. [1995 c 200 § 4.]

67.18.040 Washington state horse park authority—
Powers. To meet its responsibility for developing, promot­
ing, operating, managing, and maintaining the state horse
park, the authority is empowered to do the following:
(1) Exercise the general powers authorized for any
nonprofit corporation as specified in RCW 24.03.035. All
debs of the authority shall be in the name of the authority
and shall not be debts of the state of Washington for which
the state or any state agency shall have any obligation to
pay; and the authority may not issue bonds. Neither the full
faith and credit of the state nor the state’s taxing power is
pledged for any indebtedness of the authority;
(2) Employ and discharge at its discretion employees,
agents, advisors, and other personnel;
(3) Apply for or solicit, accept, administer, and dispose
of grants, gifts, and bequests of money, services, securities,
real estate, or other property. However, if the authority
accepts a donation designated for a specific purpose, the
authority shall use the donation for the designated purpose;
(4) Establish, revise, collect, manage, and expend such
fees and charges at the state horse park as the authority
deems necessary to accomplish its responsibilities;
(5) Make such expenditures as are appropriate for
paying the administrative costs and expenses of the authority
and the state horse park;
(6) Authorize use of the state horse park facilities by the
general public and by and for compatible nonequestrian
events as the authority deems reasonable, so long as the
primacy of the center for horse-related purposes is not
compromised;
(7) Insure its obligations and potential liability;
(8) Enter into cooperative agreements with and provide
for private nonprofit groups to use the state horse park
facilities and property to raise money to contribute gifts,
grants, and support to the authority for the purposes of this
chapter;
(9) Grant concessions or leases at the state horse park
upon such terms and conditions as the authority deems
appropriate, but in no event shall the term of a concession or
lease exceed twenty-five years. Concessions and leases shall
be consistent with the purposes of this chapter and may be
renegotiated at least every five years; and
(10) Generally undertake any and all lawful acts
necessary or appropriate to carry out the purposes for
which the authority and the state horse park are created. [1995 c
200 § 5.]

67.18.050 Collaboration by authority and state on
projects of shared interest—Cooperation with groups for
youth recreational activities. (1) If the authority and state
agencies find it mutually beneficial to do so, they are
authorized to collaborate and cooperate on projects of shared
interest. Agencies authorized to collaborate with the
authority include but are not limited to: The commission for
activities and projects related to public recreation; the
department of agriculture for projects related to the equine
agricultural industry; the department of community, trade,
and economic development with respect to community and
economic development and tourism issues associated with
development of the state horse park; Washington State
University with respect to opportunities for animal research,
education, and extension; the department of ecology with
respect to opportunities for making the state horse park’s
waste treatment facilities a demonstration model for the
handling of waste to protect water quality; and with local
community colleges with respect to programs related to
horses, economic development, business, and tourism.
(2) The authority shall cooperate with 4-H clubs, pony
clubs, youth groups, and local park departments to provide
youth recreational activities. The authority shall also provide
for preferential use of an area of the horse park facility for
youth and the disabled at nominal cost. [1995 c 200 § 6.]

67.18.900 Severability—1995 c 200. If any provision
of this act or its application to any person or circumstance is
held invalid, the remainder of the act or the application of
the provision to other persons or circumstances is not
affected. [1995 c 200 § 8.]
67.28.310  Special excise tax authorized—Certain cities—Hotel, rooming house, tourist court, motel, etc., charges—Tourism.

67.28.180  Special excise tax authorized—Hotel, motel, rooming house, trailer camp, etc., charges—Conditions imposed upon levies. (1) Subject to the conditions set forth in subsections (2) and (3) of this section, the legislative body of any county or any city, is authorized to levy and collect a special excise tax of not to exceed two percent on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property: PROVIDED, That it shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or to enjoy the same.

(2) Any levy authorized by this section shall be subject to the following:

(a) Any county ordinance or resolution adopted pursuant to this section shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax for the full amount of any city tax imposed pursuant to this section upon the same taxable event.

(b) In the event that any county has levied the tax authorized by this section and has, prior to June 26, 1975, either pledged the tax revenues for payment of principal and interest on city revenue or general obligation bonds authorized and issued pursuant to RCW 67.28.150 through 67.28.160 or has authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such county shall be exempt from the provisions of (a) of this subsection, to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through 67.28.160: PROVIDED, That so much of such pledged tax revenues, together with any investment earnings thereon, not immediately necessary for actual payment of principal and interest on such bonds may be used: (i) In any county with a population of one million or more, for repayment either of limited tax levy general obligation bonds or of any county fund or account from which a loan was made, the proceeds from the bonds or loan being used to pay for constructing, installing, improving, and equipping stadium capital improvement projects, and to pay for any engineering, planning, financial, legal and professional services incident to the development of such stadium capital improvement projects, regardless of the date the debt for such capital improvement projects was or may be incurred; or (ii) in other counties, for county-owned facilities for agricultural promotion. A county is exempt under this subsection in respect to city revenue or general obligation bonds issued after April 1, 1991, only if such bonds mature before January 1, 2013.

As used in this subsection (2)(b), “capital improvement projects” may include, but not be limited to a stadium restaurant facility, restroom facilities, artificial turf system, seating facilities, parking facilities and scoreboard and information system adjacent to or within a county owned stadium, together with equipment, utilities, accessories and appurtenances necessary thereto. The stadium restaurant authorized by this subsection (2)(b) shall be operated by a private concessionaire under a contract with the county.

(c) No city within a county exempt under subsection (2)(b) of this section may levy the tax authorized by this section so long as said county is so exempt: PROVIDED, That in the event that any city in such county has levied the tax authorized by this section and has, prior to June 26, 1975, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such city may levy the tax so long as the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through 67.28.160.

(3) Any levy authorized by this section by a county that has levied the tax authorized by this section and has, prior to June 26, 1975, either pledged the tax revenues for payment of principal and interest on city revenue or general obligation bonds authorized and issued pursuant to RCW 67.28.150 through 67.28.160 or has authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160 shall be subject to the following:

(a) Taxes collected under this section in any calendar year in excess of five million three hundred thousand dollars shall only be used as follows:

(i) Seventy-five percent from January 1, 1992, through December 31, 2000, and seventy percent from January 1, 2001, through December 31, 2012, for art museums, cultural museums, heritage museums, the arts, and the performing arts. Moneys spent under this subsection (3)(a)(i) shall be used for the purposes of this subsection (3)(a)(i) in all parts of the county.

(ii) Twenty-five percent from January 1, 1992, through December 31, 2000, and thirty percent from January 1, 2001, through December 31, 2012, for the following purposes and in a manner reflecting the following order of priority: Stadium capital improvements, as defined in subsection (2)(b) of this section; acquisition of open space lands; youth sports activities; and tourism promotion.

(b) At least seventy percent of moneys spent under (a)(i) of this subsection for the period January 1, 1992, through December 31, 2000, shall be used only for the purchase, design, construction, and remodeling of performing arts, visual arts, heritage, and cultural facilities, and for the purchase of fixed assets that will benefit art, heritage, and cultural organizations. For purposes of this subsection, fixed assets are tangible objects such as machinery and other equipment intended to be held or used for ten years or more. Moneys received under this subsection (3)(b) may be used for payment of principal and interest on bonds issued for capital projects. Qualifying organizations receiving moneys under this subsection (3)(b) must be financially stable and have at least the following:

(i) A legally constituted and working board of directors;

(ii) A record of artistic, heritage, or cultural accomplishments;

(iii) Been in existence and operating for at least two years;

(iv) Demonstrated ability to maintain net current liabilities at less than thirty percent of general operating expenses;

(v) Demonstrated ability to sustain operational capacity subsequent to completion of projects or purchase of machinery and equipment; and

(vi) Evidence that there has been independent financial review of the organization.

(c) At least forty percent of the revenues distributed pursuant to (a)(i) of this subsection for the period January 1, 2001, through December 31, 2012, shall be deposited in an account and shall be used to establish an endowment. Principal in the account shall remain permanent and irreducible. The earnings from investments of balances in the account may only be used for the purposes of (a)(i) of this subsection.

(d) School districts and schools shall not receive revenues distributed pursuant to (a)(i) of this subsection.

(e) Moneys distributed to art museums, cultural museums, heritage museums, the arts, and the performing arts, and moneys distributed for tourism promotion shall be in addition to and may not be used to replace or supplant any other funding by the legislative body of the county.

(f) As used in this section, "tourism promotion" includes activities intended to attract visitors for overnight stays, arts, heritage, and cultural events, and recreational, professional, and amateur sports events. Moneys allocated to tourism promotion in a class AA county shall be allocated to nonprofit organizations formed for the express purpose of tourism promotion in the county. Such organizations shall use moneys from the taxes to promote events in all parts of the class AA county.

(g) No taxes collected under this section may be used for the operation or maintenance of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged. Expenditures for operation or maintenance include all expenditures other than expenditures that directly result in new fixed assets or that directly increase the capacity, life span, or operating economy of existing fixed assets.

(h) No ad valorem property taxes may be used for debt service on bonds issued for a public stadium that is financed by bonds to which the tax is pledged, unless the taxes collected under this section are or are projected to be insufficient to meet debt service requirements on such bonds.

(i) If a substantial part of the operation and management of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged is performed by a nonpublic entity or if a public stadium is sold that is financed directly or indirectly by bonds to which the tax is pledged, any bonds to which the tax is pledged shall be retired. This subsection (3)(i) does not apply in respect to a public stadium transferred to, owned by, or constructed by a public facilities district under chapter 36.100 RCW.

(j) The county shall not lease a public stadium that is financed directly or indirectly by bonds to which the tax is pledged to, or authorize the use of the public stadium by, a professional major league sports franchise unless the sports franchise gives the right of first refusal to purchase the sports franchise, upon its sale, to local government. This subsection (3)(j) does not apply to contracts in existence on April 1, 1986.

If a court of competent jurisdiction declares any provision of this subsection (3) invalid, then that invalid provision shall be null and void and the remainder of this section is not affected. It is unlawful for any person to possess a commercial quantity of shellfish or to sell or offer to sell shellfish in the state which have not been grown, shucked, packed, or shipped in accordance with the provisions of this chapter. Failure of a shellfish grower to display immediately a certificate of approval issued under RCW 69.30.050 to an authorized representative of the department, a fish and wildlife enforcement officer, or an ex officio fish and wildlife enforcement officer subjects the grower to the penalty provisions of this chapter, as well as immediate seizure of the shellfish by the representative or officer.

Failure of a shellfish processor to display a certificate of approval issued under RCW 69.30.060 to an authorized representative of the department, a fish and wildlife enforcement officer, or an ex officio fish and wildlife enforcement officer subjects the processor to the penalty provisions of this chapter, as well as immediate seizure of the shellfish by the representative or officer.

Shellfish seized under this section shall be subject to prompt disposal by the representative or officer and may not be used for human consumption. The state board of health shall develop by rule procedures for the disposal of the seized shellfish. [1995 c 147 § 4; 1985 c 51 § 4; 1979 c 141 § 74; 1955 c 144 § 11.]

The department may enter and inspect any shellfish growing area or establishment for the purposes of determining compliance with this chapter and rules adopted under this chapter. The department may inspect all shellfish, all permits, all certificates of approval and all records.

During such inspections the department shall have free and unimpeded access to all buildings, yards, warehouses, storage and transportation facilities, vehicles, and other places reasonably considered to be or to have been part of the regulated business or entity, to all ledgers, books, accounts, memorandums, or records required to be compiled or maintained under this chapter or under rules adopted pursuant to this chapter, and to any products, components, or other materials reasonably believed to be or to have been used, processed, or produced by or in connection with the regulated business or activity. In connection with such inspections the department may take such samples or specimens as may be reasonably necessary to determine whether there exists a violation of this chapter or rules adopted under this chapter.

Inspection of establishments may be conducted between eight a.m. and five p.m. on any weekday that is not a legal holiday, during any time the regulated business or entity has established as its usual business hours, at any time the regulated business or entity is open for business or is otherwise in operation, and at any other time with the consent of the owner or authorized agent of the regulated business or entity.

The department may apply for an administrative inspection warrant to a court of competent jurisdiction and an administrative inspection warrant may issue where:

(1) The department has attempted an inspection under this chapter and access to all or part of the regulated business or entity has been actually or constructively denied; or

(2) There is reasonable cause to believe that a violation of this chapter or of rules adopted under this chapter is occurring or has occurred. [1995 c 147 § 5; 1985 c 51 § 5; 1955 c 144 § 12.]

69.30.140  Penalties. Any person convicted of violating any of the provisions of this chapter shall be guilty of a gross misdemeanor. A conviction is an unvacated forfeiture of bail or collateral deposited to secure the defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt on a violation of this chapter, regardless of whether imposition of sentence is deferred or the penalty is suspended, and shall be treated as a violation conviction for purposes of license forfeiture under RCW 75.10.120. 70.38.111 Certificates of need—Exemptions. (1) The department shall not require a certificate of need for the offering of an inpatient tertiary health service by:

(a) A health maintenance organization or a combination of health maintenance organizations if (i) the organization or combination of organizations has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (ii) the facility in which the service will be provided is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination;

(b) A health care facility if (i) the facility primarily provides or will provide inpatient health services, (ii) the facility is or will be controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations which has, in the service area of the organization or service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals, (iii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iv) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization or organizations in the combination; or

(c) A health care facility (or portion thereof) if (i) the facility is or will be leased by a health maintenance organization or combination of health maintenance organizations which has, in the service area of the organization or the service areas of the organizations in the combination, an enrollment of at least fifty thousand individuals and, on the date the application is submitted under subsection (2) of this section, at least fifteen years remain in the term of the lease, (ii) the facility is or will be geographically located so that the service will be reasonably accessible to such enrolled individuals, and (iii) at least seventy-five percent of the patients who can reasonably be expected to receive the tertiary health service will be individuals enrolled with such organization;

if, with respect to such offering or obligation by a nursing home, the department has, upon application under subsection (2) of this section, granted an exemption from such requirement to the organization, combination of organizations, or facility.
(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering a tertiary health service unless:

(a) It has submitted at least thirty days prior to the offering of services reviewable under RCW 70.38.105(4)(d) an application for such exemption; and

(b) The application contains such information respecting the organization, combination, or facility and the proposed offering or obligation by a nursing home as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements; and

c) The department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and (ii) with respect to such facility, meets the requirements of (1)(a) (ii) or (iii) or the requirements of (1)(b) (i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements only to the offering of inpatient tertiary health services and then only to the extent that such offering is not exempt under the provisions of this section.

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members.

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the
number of beds used for acute care or long-term care, the 

rural health care facility has been in continuous operation, 
and the rural health care facility has not been purchased or 

leased. 

(8)(a) A nursing home that voluntarily reduces the 

number of its licensed beds to provide assisted living, 
licensed boarding home care, adult day care, adult day 
health, respite care, hospice, outpatient therapy services, 
congregate meals, home health, or senior wellness clinic, or 
to reduce to one or two the number of beds per room or to 
otherwise enhance the quality of life for residents in the 
nursing home, may convert the original facility or portion of 
the facility back, and thereby increase the number of nursing 
home beds to no more than the previously licensed number 
of nursing home beds without obtaining a certificate of need 
under this chapter, provided the facility has been in continu-
ous operation and has not been purchased or leased. Any 
conversion to the original licensed bed capacity, or to any 
portion thereof, shall comply with the same life and safety 
code requirements as existed at the time the nursing home 
Voluntarily reduced its licensed beds; unless waivers from 
such requirements were issued, in which case the converted 
beds shall reflect the conditions or standards that then 
existed pursuant to the approved waivers. 

(b) To convert beds back to nursing home beds under 
this subsection, the nursing home must: 

(i) Give notice of its intent to preserve conversion 
options to the department of health no later than thirty 
days after the effective date of the license reduction; and 

(ii) Give notice to the department of health and to the 
department of social and health services of the intent to 
convert beds back. If construction is required for the 
conversion of beds back, the notice of intent to convert beds 
back must be given no later than two years prior to the 
effective date of license modification reflecting the restored 
beds; otherwise, the notice must be given no later than one 
year prior to the effective date of license modification 
reflecting the restored beds. 

(c) Conversion of beds back under this subsection must 
be completed no later than four years after the effective 
date of the license reduction. However, for good cause shown, 
the four-year period for conversion may be extended by the 
department of health for one additional four-year period. 

(d) Nursing home beds that have been voluntarily 
reduced under this section shall be counted as available 
nursing home beds for the purpose of evaluating need under 
RCW 70.38.115(2) (a) and (k) so long as the facility retains 
the ability to convert them back to nursing home use under 
the terms of this section. 

(e) When a building owner has secured an interest in the 
nursing home beds, which are intended to be voluntarily 
reduced by the licensee under (a) of this subsection, the 
applicant shall provide the department with a written 
statement indicating the building owner’s approval of the bed 
reduction. [1995 1st sp.s. c 18 § 71; 1993 c 508 § 5; 1992

controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility, or any part thereof, with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) Until the final expiration of the state health plan as provided under RCW 70.38.919, the decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the particular review being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or its designee, shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10)(a) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked has the right to an adjudicative proceeding. The proceeding is governed by chapter 34.05 RCW, the Administrative Procedure Act.

(b) Any health care facility or health maintenance organization that: (i) Provides services similar to the services provided by the applicant and under review pursuant to this subsection; (ii) is located within the applicant's health service area; and (iii) testified or submitted evidence at a public hearing held pursuant to subsection (9) of this section, shall be provided an opportunity to present oral or written testimony and argument in a proceeding under this subsection: PROVIDED, That the health care facility or health maintenance organization had, in writing, requested to be informed of the department's decisions.

(c) If the department desires to settle with the applicant prior to the conclusion of the adjudicative proceeding, the department shall so inform the health care facility or health maintenance organization and afford them an opportunity to comment, in advance, on the proposed settlement.

(11) An amended certificate of need shall be required for the following modifications of an approved project:

(a) A new service requiring review under this chapter;

(b) An expansion of a service subject to review beyond that originally approved;

(c) An increase in bed capacity;

(d) A significant reduction in the scope of a nursing home project without a commensurate reduction in the cost of the nursing home project, or a cost increase (as represented in bids on a nursing home construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the nursing home project with the review criteria pertaining to financial feasibility and cost containment.

(12) An application for a certificate of need for a nursing home capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved.
(13)(a) Replacement of existing nursing home beds in the same planning area by an existing licensee who has operated the beds for at least one year shall not require a certificate of need under this chapter. The licensee shall give written notice of its intent to replace the existing nursing home beds to the department and shall provide the department with information as may be required pursuant to certificate of need review under this chapter, except as otherwise permitted by subsection (14) of this section.

(b) When an entire nursing home ceases operation, the licensee or any other party who has secured an interest in the beds may reserve his or her interest in the beds for eight years or until a certificate of need to replace them is issued, whichever occurs first. However, the nursing home, licensee, or any other party who has secured an interest in the beds must give notice of its intent to retain the beds to the department of health no later than thirty days after the effective date of the facility's closure. Certificate of need review shall be required for any party who has reserved the nursing home beds except that the need criteria shall be deemed met when the applicant is the licensee who had operated the beds for at least one year, who has operated the beds for at least one year immediately preceding the reservation of the beds, and who is replacing the beds in the same planning area.

(14) In the event that a licensee, who has provided the department with notice of his or her intent to replace nursing home beds under subsection (13)(a) of this section, engages in unprofessional conduct or becomes unable to practice with reasonable skill and safety by reason of mental or physical condition, pursuant to chapter 18.130 RCW, or dies, the building owner shall be permitted to complete the nursing home bed replacement project, provided the building owner has secured an interest in the beds. (4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, who pays or on whose behalf is paid the premium, less any subsidy, if any, to the plan as consideration for enrollment in the plan as a subsidized enrollee.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who chooses to obtain basic health care coverage from a particular managed health care system, and who pays or on whose behalf is paid the full cost, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

(7) "Premium" means a periodic payment, based upon gross family income which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

70.47.030 Basic health plan trust account—Basic health plan subscription account. (1) The basic health plan trust account is hereby established in the state treasury. Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this
chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan.

During the 1995-97 fiscal biennium, the legislature may transfer funds from the basic health plan trust account to the state general fund.

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from assessments paid by or on behalf of nonsubsidized enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premium paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account. 70.47.060 Powers and duties of administrator—Schedule of services—Premiums, copayments, subsidies—Enrollment (as amended by 1995 c 2). The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. On and after ((December 31, 1995, the uniform benefits package adopted and from time to time revised by the Washington health services commission pursuant to RCW 43.72.130 shall be implemented by the administrator as the schedule of covered basic health care services. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums to be paid by the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.020.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed the total premiums due from the enrollee.

(3) To design and implement a structure of copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services. On and after July 1, 1995, the administrator shall endeavor to make the copayments structure of the plan consistent with enrollee point of service cost-sharing levels adopted by the Washington health services commission, giving consideration to funding available to the plan.

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or,
subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator shall require that a business owner pay at least fifty percent of the nonsubsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for Medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall bill the employer (or the amounts determined to be all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color. [1995 2 § 4; 1994 c 309 § 5; 1993 c 492 § 212; 1992 c 232 § 908. Prior: 1991 s.s.c. 4 § 2(b)(12)(f) and 2(b)(12)(g).]

*Reviser's note: RCW 43.72.130 was repealed by 1995 c 2 § 27, effective July 1, 1995.

Effective date—1995 c 2: See note following RCW 43.72.090.

70.47.060 Powers and duties of administrator—Schedule of services—Premiums, copayments, subsidies—Enrollment (as amended by 1995 c 266). The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care ("wholly). In addition, the administrator may offer as basic health plan services chemical dependent services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive payments to the extent such services are necessary over not more than one month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. (On and after July 1, 1995, the uniform benefits package adopted by the Washington health services commission pursuant to RCW 45.72.130 shall be submitted to the administrator as the schedule of services for this chapter). However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee. The administrator shall coordinate such payments with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed the total premiums due from the enrollee.

(d) To develop, as an offering by all health carriers providing coverage identical to the basic health plan, a model plan benefits package with uniformity in enrollee cost-sharing for enrollees.

(3) To design and implement a structure of (copayments) enrollee cost sharing due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services. (On and after July 1, 1995, the administrator shall endeavor to make the copayments structure of the plan consistent with enrollee cost sharing levels adopted by the Washington health services commission, giving consideration to funding available to the plan.)

(4) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to
the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of at least two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health care services will be available to enrollees of the plan who become eligible for medical assistance assistance at the option of the administrator, and to continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, or on behalf of or from all such enrollees when the enrollee's current gross family income exceeds an amount negotiated by the administrator with the participating managed health care system or systems if such providers have entered into provider agreements with the department of social and health services.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan in return for the provision of covered basic health care services to enrollees of the plan. To participate in or pay for services for reason of conscience or religion—Requirements. (1) The legislature recognizes that every individual possesses a fundamental right to exercise their religious beliefs and conscience. The legislature further recognizes that in developing public policy, conflicting religious and moral beliefs must be respected. Therefore, while recognizing the right of conscientious objection to participating in specific health services, the state shall also recognize the right of individuals enrolled with the basic health plan to receive the full range of services covered under the basic health plan.

(2)(a) No individual health care provider, religiously sponsored health care carrier, or health care facility may be required by law or contract in any circumstances to participate in or pay for services for reason of conscience or religion—Requirements. (1) The legislature recognizes that every individual possesses a fundamental right to exercise their religious beliefs and conscience. The legislature further recognizes that in developing public policy, conflicting religious and moral beliefs must be respected. Therefore, while recognizing the right of conscientious objection to participating in specific health services, the state shall also recognize the right of individuals enrolled with the basic health plan to receive the full range of services covered under the basic health plan.

(b) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the basic health plan. Each health carrier shall:
(i) Provide written notice to enrollees, upon enrollment with the plan, listing services that the carrier refuses to cover for reason of conscience or religion;

(ii) Provide written information describing how an enrollee may directly access services in an expeditious manner; and

(iii) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b)(ii) of this subsection.

(c) The administrator shall establish a mechanism or mechanisms to recognize the right to exercise conscience while ensuring enrollees timely access to services and to assure prompt payment to service providers.

(3)(a) No individual or organization with a religious or moral tenet opposed to a specific service may be required to purchase coverage for that service or services if they object to doing so for reason of conscience or religion.

(b) The provisions of this section shall not result in an enrollee being denied coverage of, and timely access to, any service or services excluded from their benefits package as a result of their employer's or another individual's exercise of the conscience clause in (a) of this subsection.

(c) The administrator shall define the process through which health carriers may offer the basic health plan to individuals and organizations identified in (a) and (b) of this subsection in accordance with the provisions of subsection (2)(c) of this section.

(4) Nothing in this section requires the health care authority, health carriers, health care facilities, or health care providers to provide any basic health plan service without payment of appropriate premium share or enrollee cost sharing. [1995 c 266 § 3.]

If violations or penalties are appealed, interest shall not begin to accrue until the thirty-first day following final resolution of the appeal.

The maximum penalty amounts established in this section may be increased annually to account for inflation as determined by the state office of the economic and revenue forecast council.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the air pollution control account established in RCW 70.94.015 or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds. If a
prior penalty for the same violation has been paid to a local authority, the penalty imposed by the department under subsection (1) of this section shall be reduced by the amount of the payment.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

(6) Public or private entities that are recipients or potential recipients of department grants, whether for air quality related activities or not, may have such grants rescinded or withheld by the department for failure to comply with provisions of this chapter.

(7) In addition to other penalties provided by this chapter, persons knowingly under-reporting emissions or other information used to set fees, or persons required to pay emission or permit fees who are more than ninety days late with such payments may be subject to a penalty equal to three times the amount of the original fee owed.

(8) By January 1, 1992, the department shall develop rules for excusing excess emissions from enforcement action if such excess emissions are unavoidable. The rules shall specify the criteria and procedures for the department and local air authorities to determine whether a period of excess emissions is excusable in accordance with the state implementation plan. Finding—1991 c 199: See note following RCW 70.94.011.

70.94.457 Solid fuel burning devices—Emission performance standards. The department of ecology shall establish by rule under chapter 34.05 RCW:

(1) State-wide emission performance standards for new solid fuel burning devices. Notwithstanding any other provision of this chapter which allows an authority to adopt more stringent emission standards, no authority shall adopt any emission standard for new solid fuel burning devices other than the state-wide standard adopted by the department under this section.

(a) After January 1, 1995, no solid fuel burning device shall be offered for sale in this state to residents of this state that does not meet the following particulate air contaminant emission standards under the test methodology of the United States environmental protection agency in effect on January 1, 1991, or an equivalent standard under any test methodology adopted by the United States environmental protection agency subsequent to such date: (i) Two and one-half grams per hour for catalytic wood stoves; and (ii) four and one-half grams per hour for all other solid fuel burning devices. For purposes of this subsection, "equivalent" shall mean the emissions limits specified in this subsection multiplied by a statistically reliable conversion factor determined by the department that compares the difference between the emission test methodology established by the United States environmental protection agency prior to May 15, 1991, with the test methodology adopted subsequently by the agency. Subsection (a) of this subsection does not apply to fireplaces.

(b) After January 1, 1997, no fireplace, except masonry fireplaces, shall be offered for sale unless such fireplace meets the 1990 United States environmental protection agency standards for wood stoves or equivalent standard that may be established by the state building code council by rule. Prior to January 1, 1997, the state building code council shall establish by rule a methodology for the testing of factory-built fireplaces. The methodology shall be designed to achieve a particulate air emission standard equivalent to the 1990 United States environmental protection agency standard for wood stoves. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers.

(c) Prior to January 1, 1997, the state building code council shall establish by rule design standards for the construction of new masonry fireplaces in Washington state. In developing the rules, the council shall include on the technical advisory committee at least one representative from the masonry fireplace builders and at least one representative of the factory-built fireplace manufacturers. It shall be the goal of the council to develop design standards that generally achieve reductions in particulate air contaminant emissions commensurate with the reductions being achieved by factory-built fireplaces at the time the standard is established.

(d) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by chapter 199, Laws of 1991.

(e) Subsection (1)(a) of this section shall not apply to fireplaces.

(f) Notwithstanding (a) of this subsection, the department is authorized to adopt, by rule, emission standards adopted by the United States environmental protection agency for new wood stoves sold at retail. For solid fuel burning devices for which the United States environmental protection agency has not established emission standards, the department may exempt or establish, by rule, state-wide standards including emission levels and test procedures for such devices and such emission levels and test procedures shall be equivalent to emission levels per pound per hour burned for other new wood stoves and fireplaces regulated under this subsection.

(2) A program to:

(a) Determine whether a new solid fuel burning device complies with the state-wide emission performance standards established in subsection (1) of this section; and

(b) Approve the sale of devices that comply with the state-wide emission performance standards. [1995 c 205 § 3; 1991 c 199 § 501; 1987 c 405 § 4.]
been approved by the department under the program established under RCW 70.94.457. [1995 c 205 § 4; 1987 c 405 § 7.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.473 Limitations on burning wood for heat.

(1) Any person in a residence or commercial establishment which has an adequate source of heat without burning wood shall:

(a) Not burn wood in any solid fuel burning device whenever the department has determined under RCW 70.94.715 that any air pollution episode exists in that area;

(b) Not burn wood in any solid fuel burning device except those which are either Oregon department of environmental quality phase II or United States environmental protection agency certified or certified by the department under RCW 70.94.457(1) or a pellet stove either certified or issued an exemption by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations, in the geographical area and for the period of time that a first stage of impaired air quality has been determined, by the department or any authority, for that area. A first stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of seventy-five micrograms per cubic meter measured on a twenty-four hour average or when carbon monoxide is at an ambient level of eight parts of contaminant per million parts of air by volume measured on an eight-hour average; and

(c) Not burn wood in any solid fuel burning device in a geographical area and for the period of time that a second stage of impaired air quality has been determined by the department or any authority, for that area. A second stage of impaired air quality is reached when particulates ten microns and smaller in diameter are at an ambient level of seventy-five micrograms per cubic meter measured on a twenty-four hour average or when carbon monoxide is at an ambient level of eight parts of contaminant per million parts of air by volume measured on a twenty-four hour average.

(2) Actions of the department and local air pollution control authorities under this section shall preempt actions of other state agencies and local governments for the purposes of controlling air pollution from solid fuel burning devices, except where authorized by chapter 199, Laws of 1991. [1995 c 205 § 1; 1991 c 199 § 504; 1990 c 128 § 2; 1987 c 405 § 6.]

Finding—1991 c 199: See note following RCW 70.94.011.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.477 Limitations on use of solid fuel burning devices.

(1) Unless allowed by rule, under chapter 34.05 RCW, a person shall not cause or allow any of the following materials to be burned in any residential solid fuel burning device:

(a) Garbage;

(b) Treated wood;

(c) Plastics;

(d) Rubber products;

(e) Animals;

(f) Asphalitic products;

(g) Waste petroleum products;

(h) Paints; or

(i) Any substance, other than properly seasoned fuel wood, which normally emits dense smoke or obnoxious odors.

(2) For the sole purpose of a contingency measure to meet the requirements of section 172(c)(9) of the federal clean air act, a local authority or the department may prohibit the use of solid fuel burning devices, except fireplaces as defined in RCW 70.94.453(3), wood stoves meeting the standards set forth in RCW 70.94.457 or pellet stoves either certified or issued an exemption by the United States environmental protection agency in accordance with Title 40, Part 60 of the code of federal regulations, if the United States environmental protection agency, in consultation with the department and the local authority makes written findings that:

(a) The area has failed to make reasonable further progress or attain or maintain a national ambient air quality standard; and

(b) Emissions from solid fuel burning devices from a particular geographic area are a contributing factor to such failure to make reasonable further progress or attain or maintain a national ambient air quality standard.

A prohibition issued by a local authority or the department under this subsection shall not apply to a person in a residence or commercial establishment that does not have an adequate source of heat without burning wood. [1995 c 205 § 2; 1990 c 128 § 3; 1987 c 405 § 9.]

Severability—1987 c 405: See note following RCW 70.94.450.

(a) The director of the state energy office or the director’s designee who shall serve as chair;
(b) The secretary of the department of transportation or the secretary’s designee;
(c) The director of the department of ecology or the director’s designee;
(d) The director of the department of community, trade, and economic development or the director’s designee;
(e) The director of the department of general administration or the director’s designee;
(f) Three representatives from counties appointed by the governor from a list of at least six recommended by the Washington state association of counties;
(g) Three representatives from cities and towns appointed by the governor from a list of at least six recommended by the association of Washington cities;

(i) Six representatives of employers at or owners of major worksites in Washington appointed by the governor from a list of at least twelve recommended by the association of Washington business; and
(j) Three citizens appointed by the governor.

Members of the commute trip reduction task force shall serve without compensation but shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Members appointed by the governor shall be compensated in accordance with RCW 43.03.220. The task force has all powers necessary to carry out its duties as prescribed by this chapter. The task force shall be dissolved on July 1, 2000.

(2) By March 1, 1992, the commute trip reduction task force shall establish guidelines for commute trip reduction plans. The guidelines are intended to ensure consistency in commute trip reduction plans and goals among jurisdictions while fairly taking into account differences in employment and housing density, employer size, existing and anticipated levels of transit service, special employer circumstances, and other factors the task force determines to be relevant. The guidelines shall include:
(a) Criteria for establishing commute trip reduction zones;
(b) Methods and information requirements for determining base year values of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee and progress toward meeting commute trip reduction plan goals;
(c) Model commute trip reduction ordinances;
(d) Methods for assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction;

(f) Methods to ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year;
(g) Alternative commute trip reduction goals for major employers which cannot meet the goals of this chapter because of the unique nature of their business; and
(h) Alternative commute trip reduction goals for major employers whose worksites change and who contribute substantially to traffic congestion in a trip reduction zone.

(3) The task force shall assess the commute trip reduction options available to employers other than major employers and make recommendations to the legislature by October 1, 1992. The recommendations shall include the minimum size of employer who shall be required to implement trip reduction programs and the appropriate methods those employers can use to accomplish trip reduction goals.
70.94.650  Burning permits for weed abatement, fire
fighting instruction, or agriculture activities—Issuance—
Agricultural burning practices and research task force—
Exemption for aircraft crash fire rescue training activi-
ties—Expiration of subsection. (1) Any person who
proposes to set fires in the course of:
(a) Weed abatement;
(b) Instruction in methods of fire fighting, except
training to fight structural fires as provided in RCW
52.12.150 or training to fight aircraft crash rescue fires
as provided in subsection (5) of this section, and except
forest fire training; or
(c) Agricultural activities,
shall obtain a permit from an air pollution control author-
ty, the department of ecology, or a local entity dele-

ted permitting authority under RCW 70.94.654. General permit
criteria of state-wide applicability shall be established by the
department, by rule, after consultation with the various air
pollution control authorities. Permits shall be issued under
this section based on seasonal operations or by individual
operations, or both. All permits shall be conditioned to
insure that the public interest in air, water, and land pollution
and safety to life and property is fully considered. In
addition to any other requirements established by the
department to protect air quality pursuant to other laws,
applicants for permits must show that the setting of fires as
requested is the most reasonable procedure to follow in
safeguarding life or property under all circumstances or is
otherwise reasonably necessary to successfully carry out the
enterprise in which the applicant is engaged, or both. All
burning permits will be designed to minimize air pollution
insofar as practical. Nothing in this section shall relieve the
applicant from obtaining permits, licenses, or other approvals
required by any other law. An application for a permit to
set fires in the course of agricultural burning for controlling
diseases, insects, weed abatement or development of physio-
logical conditions conducive to increased crop yield, shall be
acted upon within seven days from the date such application
is filed. The department of ecology and local air authorities
shall provide convenient methods for issuance and oversight
of agricultural burning permits. The department and local
air authorities shall, through agreement, work with counties
and cities to provide convenient methods for granting
permission for agricultural burning, including telephone,
facsimile transmission, issuance from local city or county
offices, or other methods. A local air authority administer-
ing the permit program under this subsection (1)(c) shall not
limit the number of days of allowable agricultural burning,
but may consider the time of year, meteorological conditions,
and other criteria specified in rules adopted by the depart-
ment to implement this subsection (1)(c).

(2) Permit fees shall be assessed for burning under this
section and shall be collected by the department of ecology,
the appropriate local air authority, or a local entity dele-
ted permitting authority pursuant to RCW 70.94.654 at the time
the permit is issued. All fees collected shall be deposited in
the air pollution control account created in RCW 70.94.015,
except for that portion of the fee necessary to cover local
costs of administering a permit issued under this section.
Fees shall be set by rule by the permitting agency at the
level determined by the task force created by subsection (4)
of this section, but shall not exceed two dollars and fifty
cents per acre to be burned. After fees are established by
rule, any increases in such fees shall be limited to annual
inflation adjustments as determined by the state office of the
economic and revenue forecast council.

(3) Conservation districts and the Washington State
University agricultural extension program in conjunction
with the department shall develop public education material
for the agricultural community identifying the health and
environmental effects of agricultural outdoor burning and
providing technical assistance in alternatives to agricultural
outdoor burning.

(4) An agricultural burning practices and research task
force shall be established under the direction of the depart-
ment. The task force shall be composed of a representa-
tive from the department who shall serve as chair; one represen-
tative of eastern Washington local air authorities; three
representatives of the agricultural community from different
agricultural pursuits; one representative of the department
of agriculture; two representatives from universities or colleges
knowledgeable in agricultural issues; one representative
of the public health or medical community; and one repre-
sentative of the conservation districts. The task force shall
identify best management practices for reducing air contami-
nant emissions from agricultural activities and provide such
information to the department and local air authorities. The
task force shall determine the level of fees to be assessed by
the permitting agency pursuant to subsection (2) of this
section, based upon the level necessary to cover the costs of
administering and enforcing the permit programs, to provide
funds for research into alternative methods to reduce
emissions from such burning, and to the extent possible be
consistent with fees charged for such burning permits in
neighboring states. The fee level shall provide, to the extent
possible, for lesser fees for permitees who use best manage-
ment practices to minimize air contaminant emissions. The
task force shall identify research needs related to minimizing
emissions from agricultural burning and alternatives to such
burning. Further, the task force shall make recommendations
to the department on priorities for spending funds provided
through this chapter for research into alternative methods to reduce emissions from agricultural burning.

(5) A permit is not required under this section, or under RCW 70.94.743 through 70.94.780, from an air pollution control authority, the department, or any local entity with delegated permit authority, for aircraft crash rescue fire training activities meeting the following conditions:

(a) Fire fighters participating in the training fires must be limited to those who provide fire fighting support to an airport that is either certified by the federal aviation administration or operated in support of military or governmental activities;

(b) The fire training may not be conducted during an air pollution episode or any stage of impaired air quality declared under RCW 70.94.715 for the area where training is to be conducted;

(c) The number of training fires allowed per year without a permit shall be the minimum number necessary to meet federal aviation administration or other federal safety requirements; and

(d) Prior to the commencement of the aircraft fire training, the organization conducting training shall notify both the: (i) Local fire district or fire department; and (ii) air pollution control authority, department of ecology, or local entity delegated permitting authority under RCW 70.94.654, having jurisdiction within the area where training is to be conducted.

Aircraft crash rescue fire training activities conducted in compliance with this subsection are not subject to the prohibition, in RCW 70.94.775(1), of outdoor fires containing petroleum products.

(6) Subsection (5) of this section shall expire on the earlier of the following dates: (a) July 1, 1998; or (b) the date upon which the North Bend fire training center is fully operational for aircraft crash rescue fire training activities.

Reviser's note: This section was amended by 1995 c 58 § 1 and by 1995 c 362 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

70.94.656 Open burning of grasses grown for seed—Alternatives—Studies—Deposit of permit fees in special grass seed burning account—Procedures—Limitations—Report to legislature. It is hereby declared to be the policy of this state that strong efforts should be made to minimize adverse effects on air quality from the open burning of field and turf grasses grown for seed. To such end this section is intended to promote the development of economical and practical alternate agricultural practices to such burning, and to provide for interim regulation of such burning until practical alternates are found.

(1) The department shall approve of a study or studies for the exploration and identification of economical and practical alternate agricultural practices to the open burning of field and turf grasses grown for seed. Any study conducted pursuant to this section shall be conducted by Washington State University. The university may not charge more than eight percent for administrative overhead. Prior to the issuance of any permit for such burning under RCW 70.94.650, there shall be collected a fee not to exceed one dollar per acre of crop to be burned. Any such fees received by any authority shall be transferred to the department of ecology. The department of ecology shall deposit all such acreage fees in a special grass seed burning research account, hereby created, in the state treasury.

(2) The department shall allocate moneys annually from this account for the support of any approved study or studies as provided for in subsection (1) of this section. Whenever the department of ecology shall conclude that sufficient reasonably available alternates to open burning have been developed, and at such time as all costs of any studies have been paid, the grass seed burning research account shall be dissolved, and any money remaining therein shall revert to the general fund. The fee collected under subsection (1) of this section shall constitute the research portion of fees required under RCW 70.94.650 for open burning of grass grown for seed.

(3) Whenever on the basis of information available to it, the department after public hearings have been conducted wherein testimony will be received and considered from interested parties wishing to testify shall conclude that any procedure, program, technique, or device constitutes a practical alternate agricultural practice to the open burning of field or turf grasses grown for seed, the department shall, by order, certify approval of such alternate. Thereafter, in any case which any such approved alternate is reasonably available, the open burning of field and turf grasses grown for seed shall be disallowed and no permit shall issue therefor.

(4) Until approved alternates become available, the department or the authority may limit the number of acres on a pro rata basis among those affected for which permits to burn will be issued in order to effectively control emissions from this source.

(5) Permits issued for burning of field and turf grasses may be conditioned to minimize emissions insofar as practical, including denial of permission to burn during periods of adverse meteorological conditions.

(6) By November 1, 1996, and every two years thereafter until grass seed burning is prohibited, Washington State University shall submit to the appropriate standing committees of the legislature a brief report assessing the potential of the university's research to result in economical and practical alternatives to grass seed burning. [1995 c 261 § 1; 1991 sp.s. c 13 § 28; 1991 c 199 § 413; 1990 c 113 § 1; 1985 c 57 § 69; 1973 1st ex.s. c 193 § 7.]

Grass burning research advisory committee: Chapter 43.21E RCW.

70.94.665 Silvicultural forest burning—Reduce state-wide emissions—Exemption—Monitoring program.

(1) The department of natural resources shall administer a program to reduce state-wide emissions from silvicultural forest burning so as to achieve the following minimum objectives:
(a) Twenty percent reduction by December 31, 1994 providing a ceiling for emissions until December 31, 2000; and

(b) Fifty percent reduction by December 31, 2000 providing a ceiling for emissions thereafter.

Reductions shall be calculated from the average annual emissions level from calendar years 1985 to 1989, using the same methodology for both reduction and base year calculations.

(2) The department of natural resources, within twelve months after May 15, 1991, shall develop a plan, based upon the existing smoke management agreement to carry out the programs as described in this section in the most efficient, cost-effective manner possible. The plan shall be developed in consultation with the department of ecology, public and private landowners engaged in silvicultural forest burning, and representatives of the public.

The plan shall recognize the variations in silvicultural forest burning including, but not limited to, a landowner’s responsibility to abate an extreme fire hazard under chapter 76.04 RCW and other objectives of burning, including abating and preventing a fire hazard, geographic region, climate, elevation and slope, proximity to populated areas, and diversity of land ownership. The plan shall establish priorities that the department of natural resources shall use to allocate allowable emissions, including but not limited to, silvicultural burning used to improve or maintain fire dependent ecosystems for rare plants or animals within state, federal, and private natural area preserves, natural resource conservation areas, parks, and other wildlife areas. The plan shall also recognize the real costs of the emissions program and recommend equitable fees to cover the costs of the program.

The emission reductions in this section are to apply to all forest lands including those owned and managed by the United States. If the United States does not participate in implementing the plan, the departments of natural resources and ecology shall use all appropriate and available methods or enforcement powers to ensure participation.

The plan shall include a tracking system designed to measure the degree of progress toward the emission reductions goals set in this section. The department of natural resources shall report annually to the department of ecology and the legislature on the status of the plan, emission reductions and progress toward meeting the objectives specified in this section, and the goals of this chapter and chapter 76.04 RCW.

(3) If the December 31, 1994, emission reductions targets in this section are not met, the department of natural resources, in consultation with the department of ecology, shall use its authority granted in this chapter and chapter 76.04 RCW to immediately limit emissions from such burning to the 1994 target levels and limit silvicultural forest burning in subsequent years to achieve equal annual incremental reductions so as to achieve the December 31, 2000, target level. If, as a result of the program established in this section, the emission reductions are met in 1994, but are not met by December 31, 2000, the department of natural resources in consultation with the department of ecology shall immediately limit silvicultural forest burning to reduce emissions from such burning to the December 31, 2000, target level in all subsequent years.

(4) Emissions from silvicultural burning in eastern Washington that is conducted for the purpose of restoring forest health or preventing the additional deterioration of forest health are exempt from the reduction targets and calculations in this section if the following conditions are met:

(a) The landowner submits a written request to the department identifying the location of the proposed burning and the nature of the forest health problem to be corrected. The request shall include a brief description of alternatives to silvicultural burning and reasons why the landowner believes the alternatives not to be appropriate.

(b) The department determines that the proposed silvicultural burning operation is being conducted to restore forest health or prevent additional deterioration to forest health; meets the requirements of the state smoke management plan to protect public health, visibility, and the environment; and will not be conducted during an air pollution episode or during periods of impaired air quality in the vicinity of the proposed burn.

(c) Upon approval of the request by the department and before burning, the landowner is encouraged to notify the public in the vicinity of the burn of the general location and approximate time of ignition.

(5) The department of ecology may conduct a limited, seasonal ambient air quality monitoring program to measure the effects of forest health burning conducted under subsection (4) of this section. Such burning shall not be conducted during an air pollution episode or any stage of impaired air quality declared under *RCW 70.94.714. This subsection (5) shall only apply within counties with a population less than two hundred fifty thousand.

[1995 RCW Supp—page 830]
(6) Burning shall be prohibited in an area when an alternate technology or method of disposing of the organic refuse is available, reasonably economical, and less harmful to the environment. It is the policy of this state to foster and encourage development of alternate methods or technology for disposing of or reducing the amount of organic refuse.

70.96A.090 Standards for treatment programs—Enforcement procedures—Penalties—Evaluation of treatment of children. (1) The department shall adopt rules establishing standards for approved treatment programs, the process for the review and inspection program applying to the department for certification as an approved treatment program, and fixing the fees to be charged by the department for the required inspections. The standards may concern the health standards to be met and standards of services and treatment to be afforded patients.

(2) The department may suspend, revoke, limit, restrict, or modify an approval, or refuse to grant approval, for failure to meet the provisions of this chapter, or the standards adopted under this chapter. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(3) No treatment program may advertise or represent itself as an approved treatment program if approval has not been granted, has been denied, suspended, revoked, or canceled.

(4) Certification as an approved treatment program is effective for one calendar year from the date of issuance of the certificate. The certification shall specify the types of services provided by the approved treatment program that meet the standards adopted under this chapter. Renewal of certification shall be made in accordance with this section for initial approval and in accordance with the standards set forth in rules adopted by the secretary.

(5) Approved treatment programs shall not provide alcoholism or other drug addiction treatment services for which the approved treatment program has not been certified. Approved treatment programs may provide services for which approval has been sought and is pending, if approval for the services has not been previously revoked or denied.

(6) The department periodically shall inspect approved public and private treatment programs at reasonable times and in a reasonable manner.

(7) The department shall maintain and periodically publish a current list of approved treatment programs.

(8) Each approved treatment program shall file with the department on request, data, statistics, schedules, and information the department reasonably requires. An approved treatment program that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may be removed from the list of approved treatment programs, and its certification revoked or suspended.

(9) The department shall use the data provided in subsection (8) of this section to evaluate each program that admits children to inpatient treatment upon application of their parents. The evaluation shall be done at least once every twelve months. In addition, the department shall randomly select and review the information on individual children who are admitted on application of the child’s parent for the purpose of determining whether the child was appropriately placed into treatment based on an objective evaluation of the child’s condition and the outcome of the child’s treatment.

(10) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him or her to enter and inspect at reasonable times, and examine the books and accounts of, any approved public or private treatment program refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter. [1995 c 312 § 46; 1990 c 151 § 5. Prior: 1989 c 270 § 19; 1989 c 175 § 131; 1972 e.x.s. c 122 § 9.]

provided in RCW 70.96A.120 or 70.96A.140. The parent, parents, or legal guardian of a person less than eighteen years of age are not liable for payment of care for such persons pursuant to this chapter, unless they have joined in the consent to the counseling, care, treatment, or rehabilitation.

(2) The parent of any minor child may apply to an approved treatment program for the admission of his or her minor child for purposes authorized in this chapter. The consent of the minor child shall not be required for the application or admission. The approved treatment program shall accept the application and evaluate the child for admission. The ability of a parent to apply to an approved treatment program for the involuntary admission of his or her minor child does not create a right to obtain or benefit from any funds or resources of the state. However, the state may provide services for indigent minors to the extent that funds are available therefor. [1995 c 312 § 47; 1991 c 364 § 9; 1989 c 270 § 24.]

70.96A.097 Review of admission and treatment of children—Medical assistance eligibility. (1) The admission of any child under RCW 70.96A.095 may be reviewed by the county-designated chemical dependency specialist between fifteen and thirty days following admission. The county-designated chemical dependency specialist may undertake the review on his or her own initiative and may seek reimbursement from the parents, their insurance, or medicaid for the expense of the review.

(2) The department shall ensure a review is conducted no later than sixty days following admission to determine whether it is medically appropriate to continue the child's treatment on an inpatient basis. The department may, subject to available funds, contract with a county for the conduct of the review conducted under this subsection and may seek reimbursement from the parents, their insurance, or medicaid for the expense of any review conducted by an agency under contract.

If the county-designated chemical dependency specialist determines that continued inpatient treatment of the child is no longer medically appropriate, the specialist shall notify the facility, the child, the child's parents, and the department of the finding within twenty-four hours of the determination.

(3) For purposes of eligibility for medical assistance under chapter 74.09 RCW, children in inpatient mental health or chemical dependency treatment shall be considered to be part of their parent's or legal guardian's household, unless the child has been assessed by the department of social and health services or its designee as likely to require such treatment for at least ninety consecutive days, or is in out-of-home care in accordance with chapter 13.34 RCW, or the child's parents are found to not be exercising responsibility for care and control of the child. Payment for such care by the department of social and health services shall be made only in accordance with rules, guidelines, and clinical criteria applicable to inpatient treatment of minors established by the department. [1995 c 312 § 48.]

Short title—1995 c 312: See note following RCW 13.32A.010.

70.96A.140 Involuntary commitment of persons incapacitated by chemical dependency. (1) When a designated chemical dependency specialist receives information alleging that a person is incapacitated as a result of chemical dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and is incapacitated by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for detoxification or chemical dependency treatment pursuant to RCW 70.96A.110, and is in need of a more sustained treatment program, or that the person is chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or 71.34.050, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the
court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is chemically dependent shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she is chemically dependent and likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a chemically dependent person committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person’s condition, or treatment is no longer adequate or appropriate.

(b) In case of a chemically dependent person committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.
(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

Purpose—Construction—1993 c 362: “The purpose of this act is solely to provide authority for the involuntary commitment of persons suffering from chemical dependency within available funds and current programs and facilities. Nothing in this act shall be construed to require the addition of new facilities nor affect the department of social and health services' authority for the uses of existing programs and facilities authorized by law.” [1993 c 362 § 2.]

Findings—Construction—Conflict with federal requirements—1991 c 364: See notes following RCW 70.96A.020.

70.96A.400 Opiate substitution treatment—Declaration of regulation by state. The state of Washington declares that there is no fundamental right to opiate substitution treatment. The state of Washington further declares that while methadone and other like pharmacological drugs, used in the treatment of opiate dependency are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the treatment of persons addicted to or habituated to opioids.

Because methadone and other like pharmacological drugs, used in the treatment of opiate dependency are addictive and are listed as a schedule II controlled substance in chapter 69.50 RCW, the state of Washington and authorizing counties on behalf of their citizens have the legal obligation and right to regulate the use of opiate substitution treatment. The state of Washington declares its authority to control and regulate carefully, in cooperation with the authorizing counties, all clinical uses of methadone and other pharmacological drugs used in the treatment of opiate addiction.

Further, the state declares that the primary goal of opiate substitution treatment is total abstinence from chemical dependency for the individuals who participate in the treatment program. The state recognizes that a small percentage of persons who participate in opiate substitute [substitution] treatment programs require treatment for an extended period of time. Opiate substitution treatment programs shall provide a comprehensive transition program to eliminate chemical dependency; including opiate and opiate substitute addiction of program participants. [1995 c 321 § 1; 1989 c 270 § 20.]

70.96A.410 Opiate substitution treatment—Counties may restrict or limit—Definition of opiate substitution treatment. (1) A county legislative authority may prohibit opiate substitution treatment in that county. The department shall not certify an opiate substitution treatment program in a county where the county legislative authority has prohibited opiate substitution treatment. If a county legislative authority authorizes opiate substitution treatment programs, it shall limit by ordinance the number of opiate substitution treatment programs operating in that county by limiting the number of licenses granted in that county. If a county has authorized opiate substitution treatment programs in that county, it shall only license opiate substitution treatment programs that comply with the department's operating and treatment standards under this section and RCW 70.96A.420. A county that authorizes opiate substitution treatment may operate the programs directly or through a local health department or health district or it may authorize certified opiate substitution treatment programs that the county licenses to provide the services within the county. Counties shall monitor opiate substitution treatment programs for compliance with the department's operating and treatment regulations under this section and RCW 70.96A.420.

(2) A county that authorizes opiate substitution treatment programs shall develop and enact by ordinance licensing
Treatment for Alcoholism, Intoxication, and Drug Addiction 70.96A.410

standards, consistent with this chapter and the operating and treatment standards adopted under this chapter, that govern the application for, issuance of, renewal of, and revocation of the licenses. Certified programs existing before May 18, 1987, applying for renewal of licensure in subsequent years, that maintain certification and meet all other requirements for licensure, shall be given preference.

(3) In certifying programs, the department shall not discriminate against an opiate substitution treatment program on the basis of its corporate structure. In licensing programs, the county shall not discriminate against an opiate substitution treatment program on the basis of its corporate structure.

(4) A program applying for certification from the department and a program applying for a contract from a state agency that has been denied the certification or contract shall be provided with a written notice specifying the rationale and reasons for the denial. A program applying for a license or a contract from a county that has been denied the license or contract shall be provided with a written notice specifying the rationale and reasons for the denial.

(5) A license is effective for one calendar year from the date of issuance. The license shall be renewed in accordance with the provisions of this section for initial approval; the goals for treatment programs under RCW 70.96A.400; the standards set forth in RCW 70.96A.420; and the rules adopted by the secretary.

(6) For the purpose of this chapter, opiate substitution treatment means dispensing an opiate substitution drug approved by the federal drug administration for the treatment of opiate addiction and providing a comprehensive range of medical and rehabilitative services. [1995 c 321 § 2; 1989 c 270 § 21.]

70.96A.420 State-wide treatment and operating standards for opiate substitution programs—Evaluation and reports. (1) The department, in consultation with opiate substitution treatment service providers and counties authorizing opiate substitution treatment programs, shall establish state-wide treatment standards for opiate substitution treatment programs. The department and counties that authorize opiate substitution treatment programs shall enforce these treatment standards. The treatment standards shall include, but not be limited to, reasonable provisions for all appropriate and necessary medical procedures, counseling requirements, urinalysis, and other suitable tests as needed to ensure compliance with this chapter. A opiate substitution treatment program shall not have a caseload in excess of three hundred fifty persons.

(2) The department, in consultation with opiate substitution treatment programs and counties authorizing opiate substitution treatment programs, shall establish state-wide operating standards for opiate substitution treatment programs. The department and counties that authorize opiate substitution treatment programs shall enforce these operating standards. The operating standards shall include, but not be limited to, reasonable provisions necessary to enable the department and authorizing counties to monitor certified and licensed opiate substitution treatment programs for compliance with this chapter and the treatment standards authorized by this chapter and to minimize the impact of the opiate substitution treatment programs upon the business and residential neighborhoods in which the program is located.

(3) The department shall establish criteria for evaluating the compliance of opiate substitute [substitution] treatment programs with the goals and standards established under this chapter. As a condition of certification, opiate substitution programs shall submit an annual report to the department and county legislative authority, including data as specified by the department necessary for outcome analysis. The department shall analyze and evaluate the data submitted by each treatment program and take corrective action where necessary to ensure compliance with the goals and standards enumerated under this chapter. Before January 1 of each year, the department shall submit an annual report to the legislature, including the outcome analysis of each treatment program. [1995 c 321 § 3; 1989 c 270 § 22.]

70.96A.500 Fetal alcohol screening and assessment services. (1) The department shall contract with the University of Washington fetal alcohol syndrome clinic to provide fetal alcohol exposure screening and assessment services. The University indirect charges shall not exceed ten percent of the total contract amount. The contract shall require the University of Washington fetal alcohol syndrome clinic to provide the following services:

(a) Training for health care staff in community-based fetal alcohol exposure clinics to ensure the accurate diagnosis of individuals with fetal alcohol exposure and the development and implementation of appropriate service referral plans;

(b) Development of written or visual educational materials for the individuals diagnosed with fetal alcohol exposure and their families or caregivers;

(c) Systematic information retrieval from each community clinic to (i) maintain diagnostic accuracy and reliability across all community clinics, (ii) facilitate the development of effective and efficient screening tools for population-based identification of individuals with fetal alcohol exposure, (iii) facilitate identification of the most clinically efficacious and cost-effective educational, social, vocational, and health service interventions for individuals with fetal alcohol exposure;

(d) Based on available funds, establishment of a network of community-based fetal alcohol exposure clinics across the state to meet the demand for fetal alcohol exposure diagnostic and referral services; and

(e) Preparation of an annual report for submission to the department of health, the department of social and health services, the department of corrections, and the office of the superintendent of public instruction which includes the information retrieved under subsection (1)(c) of this section.

(2) The department shall submit to the legislature, by January 1, 1996, a copy of the governor’s fetal alcohol syndrome advisory board report. [1995 c 54 § 2.]

Findings—Purpose—1995 c 54: “The legislature finds that fetal alcohol exposure is among the leading known causes of mental retardation in the children of our state. The legislature further finds that individuals with undiagnosed fetal alcohol exposure suffer substantially from secondary disabilities such as child abuse and neglect, separation from families, multiple foster placements, depression, aggression, school failure, juvenile detention, and job instability. These secondary disabilities come at a high cost to the individuals, their family, and society. The legislature finds that

[1995 RCW Supp—page 839]
these problems can be reduced substantially by early diagnosis and receipt of appropriate, effective intervention.

The purpose of this act is to support current public and private efforts directed at the early identification of and intervention into the problems associated with fetal alcohol exposure through the creation of a fetal alcohol exposure clinical network." [1995 c 54 § 1.]

70.96A.510 Interagency agreement on fetal alcohol exposure programs. The department of social and health services, the department of health, the department of corrections, and the office of the superintendent of public instruction shall execute an interagency agreement to ensure the coordination of identification, prevention, and intervention programs for children who have fetal alcohol exposure, and for women who are at high risk of having children with fetal alcohol exposure.

The interagency agreement shall provide a process for community advocacy groups to participate in the review and development of identification, prevention, and intervention programs administered or contracted for by the agencies executing this agreement. [1995 c 54 § 3.]

A holder can be a public or privately owned financial institution, receiver, conservator, loan guarantor, or other similar persons that loan money or guarantee repayment of a loan. Holders typically are banks or savings and loan institutions but may also include others such as insurance companies, pension funds, or private individuals that engage in loaning of money or credit.

(9) "Indicia of ownership" means evidence of a security interest, evidence of an interest in a security interest, or evidence of an interest in a facility securing a loan or other obligation, including any legal or equitable title to a facility acquired incident to foreclosure and its equivalents. Evidence of such interests include[s], mortgages, deeds of trust, sellers interest in a real estate contract, lien[s], surety bonds, and guarantees of obligations, title held pursuant to a lease financing transaction in which the lessor does not select initially the leased facility, or legal or equitable title obtained pursuant to foreclosure and their equivalents. Evidence of such interests also include[s] assignments, pledges, or other rights to or other forms of encumbrance against the facility that are held primarily to protect a security interest.

(10) "Operating a facility primarily to protect a security interest" occurs when all of the following are met: (a) Operating the facility where the borrower has defaulted on the loan or otherwise breached the security agreement; (b) operating the facility to preserve the value of the facility as an ongoing business; (c) the operation is being done in anticipation of a sale, transfer, or assignment of the facility; and (d) the operation is being done primarily to protect a security interest. Operating a facility for longer than one year prior to foreclosure or its equivalents shall be presumed to be operating the facility for other than to protect a security interest.

(11) "Owner or operator" means:
   (a) Any person with any ownership interest in the facility or who exercises any control over the facility; or
   (b) in the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment;

   The term does not include:
   (i) An agency of the state or unit of local government which acquired ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility; or
   (ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person’s security interest in the facility. Holders after foreclosure and its equivalent and holders who engage in any of the activities identified in subsection (12) (e) through (g) of this section shall not lose this exemption provided the holder complies with all of the following:
      (A) The holder properly maintains the environmental compliance measures already in place at the facility;
      (B) The holder complies with the reporting requirements in the rules adopted under this chapter;
      (C) The holder complies with any order issued to the holder by the department to abate an imminent or substantial endangerment;
      (D) The holder allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;
      (E) Any remedial actions conducted by the holder are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and
      (F) The holder does not exacerbate an existing release.

   The exemption in this subsection (11)(b)(ii) does not apply to holders who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided, however, that a holder shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release.

(12) "Participation in management" means exercising decision-making control over the borrower’s operation of the facility, environmental compliance, or assuming or manifesting responsibility for the overall management of the enterprise encompassing the day-to-day decision making of the enterprise.

The term does not include any of the following: (a) A holder with the mere capacity or ability to influence, or the unexercised right to control facility operations; (b) a holder who conducts or requires a borrower to conduct an environmental audit or an environmental site assessment at the facility for which indicia of ownership is held; (c) a holder who requires a borrower to come into compliance with any applicable laws or regulations at the facility for which indicia of ownership is held; (d) a holder who requires a borrower to conduct remedial actions including setting minimum requirements, but does not otherwise control or manage the borrower’s remedial actions or the scope of the borrower’s remedial actions except to prepare a facility for sale, transfer, or assignment; (e) a holder who engages in workout or policing activities primarily to protect the holder’s security interest in the facility; (f) a holder who prepares a facility for sale, transfer, or assignment or requires a borrower to prepare a facility for sale, transfer, or assignment; (g) a holder who operates a facility primarily to protect a security interest, or requires a borrower to continue to operate, a facility primarily to protect a security interest; and (h) a prospective holder who, as a condition of becoming a holder, requires an owner or operator to conduct an environmental audit, conduct an environmental site assessment, come into compliance with any applicable laws or regulations, or conduct remedial actions prior to holding a security interest is not participating in the management of the facility.

[1995 RCW Supp—page 841]
(13) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

(14) "Policing activities" means actions the holder takes to insure that the borrower complies with the terms of the loan or security interest or actions the holder takes or requires the borrower to take to maintain the value of the security. Policing activities include: Requiring the borrower to conduct remedial actions at the facility during the term of the security interest; requiring the borrower to comply or come into compliance with applicable federal, state, and local environmental and other laws, regulations, and permits during the term of the security interest; securing or exercising authority to monitor or inspect the facility including on-site inspections, or to monitor or inspect the borrower’s business or financial condition during the term of the security interest; or taking other actions necessary to adequately police the loan or security interest such as requiring a borrower to comply with any warranties, covenants, conditions, representations, or promises from the borrower.

(15) "Potentially liable person" means any person whom the department finds, based on credible evidence, to be liable under RCW 70.105D.040. The department shall give notice to any such person and allow an opportunity for comment before making the finding, unless an emergency requires otherwise.

(16) "Prepare a facility for sale, transfer, or assignment" means to secure access to the facility; perform routine maintenance on the facility; remove inventory, equipment, or structures; properly maintain environmental compliance measures already in place at the facility; conduct remedial actions to clean up releases at the facility; or to perform other similar activities intended to preserve the value of the facility where the borrower has defaulted on the loan or otherwise breached the security agreement or after foreclosure and its equivalents and in anticipation of a pending sale, transfer, or assignment, primarily to protect the holder’s security interest in the facility. A holder can prepare a facility for sale, transfer, or assignment for up to one year prior to foreclosure and its equivalents and still stay within the security interest exemption in subsection (11)(b)(ii) of this section.

(17) "Primarily to protect a security interest" means the indicia of ownership is held primarily for the purpose of securing payment or performance of an obligation. The term does not include indicia of ownership held primarily for investment purposes nor indicia of ownership held primarily for purposes other than as protection for a security interest. A holder may have other, secondary reasons, for maintaining indicia of ownership, but the primary reason must be for protection of a security interest. Holding indicia of ownership after foreclosure or its equivalents for longer than five years shall be considered to be holding the indicia of ownership for purposes other than primarily to protect a security interest. For facilities that have been acquired through foreclosure or its equivalents prior to July 23, 1995, this five-year period shall begin as of July 23, 1995.

(18) "Public notice" means, at a minimum, adequate notice mailed to all persons who have made timely request of the department and to persons residing in the potentially affected vicinity of the proposed action; mailed to appropriate news media; published in the newspaper of largest circulation in the city or county of the proposed action; and opportunity for interested persons to comment.

(19) "Release" means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances.

(20) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health.

(21) "Security interest" means an interest in a facility created or established for the purpose of securing a loan or other obligation. Security interests include deeds of trusts, sellers interest in a real estate contract, liens, legal, or equitable title to a facility acquired incident to foreclosure and its equivalents, and title pursuant to lease financing transactions. Security interests may also arise from transactions such as sale and leasebacks, conditional sales, installment sales, trust receipt transactions, certain assignments, factoring agreements, accounts receivable financing arrangements, easements, and consignments, if the transaction creates or establishes an interest in a facility for the purpose of securing a loan or other obligation.

(22) "Industrial properties" means properties that are or have been characterized by, or are to be committed to, traditional industrial uses such as processing or manufacturing of materials, marine terminal and transportation areas and facilities, fabrication, assembly, treatment, or distribution of manufactured products, or storage of bulk materials, that are either:

(a) Zoned for industrial use by a city or county conducting land use planning under chapter 36.70A RCW; or

(b) For counties not planning under chapter 36.70A RCW and the cities within them, zoned for industrial use and adjacent to properties currently used or designated for industrial purposes.

(23) "Workout activities" means those actions by which a holder, at any time prior to foreclosure and its equivalents, seeks to prevent, cure, or mitigate a default by the borrower or obligor; or to preserve, or prevent the diminution of, the value of the security. Workout activities include: Restructuring or renegotiating the terms of the security interest; requiring payment of additional rent or interest; exercising forbearance; requiring or exercising rights pursuant to an assignment of accounts or other amounts owed to an obligor; requiring or exercising rights pursuant to an escrow agreement pertaining to amounts owed to an obligor; providing specific or general financial or other advice, suggestions, counseling, or guidance; and exercising any right or remedy the holder is entitled to by law or under any warranties, covenants, conditions, representations, or promises from the borrower. [1995 c 70 § 1; 1994 c 254 § 2; 1989 c 2 § 2 (Initiative Measure No. 97, approved November 8, 1988).]
70.105D.030 Department’s powers and duties. (1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department’s authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department’s authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor’s reckless or willful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020(7) and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include deed restrictions where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing a deed restriction under this subsection, the department shall notify and seek comment from a city or county department with land use planning authority for real property subject to a deed restriction;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment;

(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(11)(b)(ii)(C); and

(i) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) the establishment of regional citizen’s advisory committees, (ii) public notice of the development of investigative plans or remedial plans for releases or threatened releases, and (iii) concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site;

(d) Publish and periodically update minimum cleanup standards for remedial actions at least as stringent as the cleanup standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

(e) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection shall ensure that industrial properties cleaned up to industrial standards cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) Before November 1st of each even-numbered year, the department shall develop, with public notice and hearing, and submit to the ways and means and appropriate standing environmental committees of the senate and house of representatives a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also provide the legislature and the public each year with an accounting of the department’s activities supported by appropriations from the state toxics control account, including a list of known hazardous waste sites and their hazard rankings, actions taken and planned at each site, how the department is meeting its top two management priorities under RCW 70.105.150, and all funds expended under this chapter.

(4) The department shall establish a scientific advisory board to render advice to the department with respect to the hazard ranking system, cleanup standards, remedial actions, deadlines for remedial actions, monitoring, the classification of substances as hazardous substances for purposes of RCW 70.105D.020(7) and the classification of substances or products as hazardous substances for purposes of RCW 82.21.020(1). The board shall consist of five independent members to serve staggered three-year terms. No members may be employees of the department. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

70.114A.901 Effective date—1995 c 220.

70.114A.010 Findings—Intent. The legislature finds that there is an inadequate supply of temporary and permanent housing for migrant and seasonal workers in this state. The legislature also finds that unclear, complex regulations related to the development, construction, and permitting of worker housing inhibit the development of this much needed housing. The legislature further finds that as a result, many workers are forced to obtain housing that is unsafe and unsanitary.

Therefore, it is the intent of the legislature to encourage the development of temporary and permanent housing for workers that is safe and sanitary by: Establishing a clear and concise set of regulations for temporary housing; establishing a streamlined permitting and administrative process that will be locally administered and encourage the development of such housing; and by providing technical assistance to organizations or individuals interested in the development of worker housing. [1995 c 220 § 1.]

70.114A.020 Definitions. The definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.
(2) "Dwelling unit" means a shelter, building, or portion of a building, that may include cooking and eating facilities, that is:
   (a) Provided and designated by the operator as either a sleeping area, living area, or both, for occupants; and
   (b) Physically separated from other sleeping and common-use areas.
(3) "Facility" means a sleeping place, drinking water, toilet, sewage disposal, food handling installation, or other installations required for compliance with this chapter.
(4) "Occupant" means a temporary worker or a person who resides with a temporary worker at the housing site.
(5) "Operator" means a person holding legal title to the land on which temporary worker housing is located. However, if the legal title and the right to possession are in different persons, "operator" means a person having the lawful control or supervision over the temporary worker housing under a lease or other arrangement.
(6) "Temporary worker" means a person employed intermittently and not residing year-round at the same site.
(7) "Temporary worker housing" means a place, area, or piece of land where sleeping places or housing sites are provided by an employer for his or her employees or by another person, including a temporary worker housing operator, who is providing such accommodations for employees, for temporary, seasonal occupancy, and includes "labor camps" under RCW 70.54.110. [1995 c 220 § 2.]

70.114A.030 Application of chapter. Chapter 220, Laws of 1995, applies to temporary worker housing that consists of five or more dwelling units, or any combination of dwelling units, dormitories, or spaces that house ten or more occupants. [1995 c 220 § 3.]

70.114A.040 Responsibilities of department. The department is designated the single state agency responsible for encouraging the development of additional temporary worker housing, and shall be responsible for coordinating the activities of the various state and local agencies to assure a seamless, nonduplicative system for the development and operation of temporary worker housing. [1995 c 220 § 4.]

70.114A.050 Housing on rural worksites. Temporary worker housing located on a rural worksite, and used for workers employed on the worksite, shall be considered a permitted use at the rural worksite for the purposes of zoning or other land use review processes, subject only to height, setback, and road access requirements of the underlying zone. [1995 c 220 § 5.]

70.114A.060 Inspection of housing. The secretary of the department or authorized representative may inspect housing covered by chapter 220, Laws of 1995, to enforce temporary worker housing rules adopted by the state board of health, or when the secretary or representative has reasonable cause to believe that a violation of temporary worker housing rules adopted by the state board of health is occurring or is being maintained. If the buildings or premises are occupied as a residence, a reasonable effort shall be made to obtain permission from the resident. If the premises or building is unoccupied, a reasonable effort shall be made to locate the owner or other person having charge or control of the building or premises and request entry. If consent for entry is not obtained, for whatever reason, the secretary or representative shall have recourse to every remedy provided by law to secure entry. [1995 c 220 § 6.]

70.114A.070 Technical assistance. The department of community, trade, and economic development shall contract with private, nonprofit corporations to provide technical assistance to any private individual or nonprofit organization wishing to construct temporary or permanent worker housing. The assistance may include information on state and local application and approval procedures, information or assistance in applying for federal, state, or local financial assistance, including tax incentives, information on cost-effective housing designs, or any other assistance the department of community, trade, and economic development may deem helpful in obtaining the active participation of private individuals or groups in constructing or operating temporary or permanent worker housing. [1995 c 220 § 7.]
70.114A.080  Temporary worker housing code. By December 1, 1996, the state building code council shall develop a temporary worker housing code, in conformance with the temporary worker housing standards developed under the Washington industrial safety and health act, chapter 49.17 RCW, the rules adopted by the state board of health under RCW 70.54.110, and the following guidelines:

1. The code shall provide construction standards for shelter and associated facilities that are safe, secure, and capable of withstanding the stresses and loads associated with their designated use, and to which they are likely to be subjected by the elements.

2. The code shall permit and facilitate designs and formats that allow for maximum affordability, consistent with the provision of decent, safe, and sanitary housing.

3. In developing the code the council shall consider:
   (a) The need for dormitory type housing for groups of unrelated individuals; and
   (b) The need for housing to accommodate families.

4. The code shall include construction standards for a variety of formats, including, but not limited to:
   (a) Tents and tent platforms; and
   (b) Hard-shell, single exterior wall structures.

5. The code shall include standards for temporary worker housing that is to be used only during periods when no auxiliary heat is required.

6. In developing the temporary worker housing code, it is the intent of the legislature that the building code council make exceptions to the codes listed in RCW 19.27.031, and chapter 19.27A RCW, in keeping with the guidelines set forth in this section.

The building code council shall appoint a technical advisory committee to assist in the development of the temporary worker housing code, which shall include representatives of industries that most frequently supply temporary housing to their employees. [1995 c 220 § 8.]

70.114A.090  Report to legislature. The department shall submit a report to the legislature containing short-term and long-term recommendations for the development of an adequate supply and continuous improvement of temporary worker housing. The report shall include recommendations for optimum roles for state and local administration of temporary worker housing, including strategies for the development of a locally administered application, permitting, and compliance system. The report shall identify incentives for the development of temporary worker housing, including but not limited to:

1. Facility design options that are economical and appropriate for the worksite and length of seasonal employment but do not compromise health and safety of workers;
2. Streamlined, single-service-point permit application and review process;
3. Utilization of manufactured shelter units;
4. Appropriate building standards;
5. Financial incentives for operators;
6. Community-financed temporary worker housing; and
7. Shared housing arrangements among operators.

The report shall include recommendations for appropriate compliance strategies.

A preliminary report shall be submitted by December 1, 1995, together with any recommendations for legislation necessary to implement the findings and recommendations of the department at that point.

A final report, including recommendations for legislation, shall be submitted by December 1, 1996. [1995 c 220 § 9.]

70.114A.100  Rules—Compliance with federal act. Any rules adopted under chapter 220, Laws of 1995, pertaining to an employer who is subject to the migrant and seasonal agricultural worker protection act (96 Stat. 2583; 29 U.S.C. Sec. 1801 et seq.), must comply with the housing provisions of that federal act. [1995 c 220 § 10.]

70.114A.090  Severability—1995 c 220. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1995 c 220 § 11.]

70.114A.090  Effective date—1995 c 220. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 3, 1995]. [1995 c 220 § 12.]

Chapter 70.116

PUBLIC WATER SYSTEM COORDINATION ACT OF 1977

Sections

70.116.010  Development of water system plans for critical water supply service areas. 

70.116.020  Approval of coordinated water system plan—Limitations following approval—Dispute resolution mechanism—Update or revision of plan.

70.116.030  Service area boundaries within critical water supply area.

70.116.050  Development of water system plans for critical water supply service areas. (1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: PROVIDED, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they have no plans for water service beyond their existing service area: PROVIDED FURTHER, That if any boundaries within service areas of existing public institutions, and shall take effect immediately [May 3, 1995]. [1995 c 220 § 14.]

70.116.050  Development of water system plans for critical water supply service areas. (1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: PROVIDED, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they have no plans for water service beyond their existing service area: PROVIDED FURTHER, That if the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW 70.116.040, the committee established in RCW 70.116.040 shall participate in the development of a coordinated water planning process for the critical water supply service area.
system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being. Decisions of the committee shall be by majority vote of those present at meetings of the committee.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.05 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or development policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(f) Include satellite system management requirements consistent with RCW 70.116.134.

(g) Include policies and procedures that generally address failing water systems for which counties may become responsible under RCW 43.70.195.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall constitute the coordinated water system plan for the applicable geographical area.

(6) The committee established in RCW 70.116.040 may develop and utilize a mechanism for addressing disputes that arise in the development of the coordinated water system plan.

(7) Prior to the submission of a coordinated water system plan to the secretary for approval pursuant to RCW 70.116.060, the legislative authorities of the counties in which the critical water supply service area is located shall hold a public hearing thereon and shall determine the plan's consistency with subsection (4) of this section. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency is resolved between the local government and the purveyor. If no comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval.

(8) Any county legislative authority may adopt an abbreviated plan for the provision of water supplies within its boundaries that includes provisions for service area boundaries, minimum design criteria, and review process. The elements of the abbreviated plan shall conform to the criteria established by the department under subsection (4) of this section and shall otherwise be consistent with other adopted land use and resource plans. The county legislative authority may, in lieu of the committee required under RCW 70.116.040, and the procedures authorized in this section, utilize an advisory committee that is representative of the water utilities and local governments within its jurisdiction to assist in the preparation of the abbreviated plan, which may be adopted by resolution and submitted to the secretary for approval. Purveyors within the boundaries covered by the abbreviated plan need not develop a water system plan, except to the extent required by the secretary or state board of health under other authority. Any abbreviated plan adopted by a county legislative authority pursuant to this subsection shall be subject to the same provisions contained in RCW 70.116.060 for coordinated water system plans that are approved by the secretary. [1995 c 376 § 7; 1977 ex.s. c 142 § 5.]

Findings—1995 c 376: See note following RCW 70.116.060.

70.116.060 Approval of coordinated water system plan—Limitations following approval—Dispute resolution mechanism—Update or revision of plan. (1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall review the coordinated water system plan and, to the extent the plan is consistent with the requirements of this chapter and regulations adopted hereunder, shall approve the plan, provided that the secretary shall not approve those portions of a coordinated water system plan that fail to meet the requirements for future service area boundaries until any boundary dispute is resolved as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the local legislative authority determines that existing purveyors are unable to provide the service in a timely and reasonable manner, pursuant to guidelines developed by the secretary. An existing purveyor is unable to provide the service in a timely manner if the water cannot be provided to an applicant for water within one hundred twenty days unless specified otherwise by the local legislative authority. If such
a determination is made, the local legislative authority shall require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area. The service area boundaries in the coordinated plan for the affected utilities shall be revised to reflect the decision of the local legislative authority.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: PROVIDED, That service connections shall not be considered expansions.

(5) The affected legislative authorities may develop and utilize a mechanism for addressing disputes that arise in the implementation of the coordinated water system plan after the plan has been approved by the secretary.

(6) After adoption of the initial coordinated water system plan, the local legislative authority or the secretary may determine that the plan should be updated or revised. The legislative authority may initiate an update at any time, but the secretary may initiate an update no more frequently than once every five years. The update may encompass all or a portion of the plan, with the scope of the update to be determined by the secretary and the legislative authority. The process for the update shall be the one prescribed in RCW 70.116.050.

(7) The provisions of subsection (3) of this section shall not apply in any county for which a coordinated water system plan has not been approved under subsection (2) of this section.

(8) If the secretary initiates an update or revision of a coordinated water system plan, the state shall pay for the cost of updating or revising the plan. [1995 c 376 § 2; 1977 ex.s. c 142 § 6.]

Findings—1995 c 376: "The legislature finds that:

(1) Protection of the state’s water resources, and utilization of such resources for provision of public water supplies, requires more efficient and effective management than is currently provided under state law;

(2) The provision of public water supplies to the people of the state should be undertaken in a manner that is consistent with the planning principles of the growth management act and the comprehensive plans adopted by local governments under the growth management act;

(3) Small water systems have inherent difficulties with proper planning, operation, financing, management and maintenance. The ability of such systems to provide safe and reliable supplies to their customers on a long-term basis needs to be assured through proper management and training of operators;

(4) New water quality standards and operational requirements for public water systems will soon generate higher rates for the customers of those systems, which may be difficult for customers to afford to pay. It is in the best interest of the people of this state that small systems maintain themselves in a financially viable condition;

(5) The drinking water 2000 task force has recommended maintaining a strong and properly funded state-wide drinking water program, retaining primary responsibility for administering the federal safe drinking water act in Washington. The task force has further recommended delegation of as many water system regulatory functions as possible to local governments, with provision of adequate resources and elimination of barriers to such delegation. In order to achieve these objectives, the state shall provide adequate funding from both general state funds and funding directly from the regulated water system;

(6) The public health services improvement plan recommends that the principal public health functions in Washington, including regulation of public water systems, should be fully funded by state revenues and undertaken by local jurisdictions with the capacity to perform them; and

(7) State government, local governments, water suppliers, and other interested parties should work for continuing economic growth of the state by maximizing the use of existing water supply management alternatives, including regional water systems, satellite management, and coordinated water system development." [1995 c 376 § 1.]

70.116.070 Service area boundaries within critical water supply area. (1) The proposed service area boundaries of public water systems within the critical water supply service area that are required to submit water system plans under this chapter shall be identified in the system's plan. The local legislative authority, or its planning department or other designee, shall review the proposed boundaries to determine whether the proposed boundaries of one or more systems overlap. The boundaries determined by the local legislative authority not to overlap shall be incorporated into the coordinated water system plan. Where any overlap exists, the local legislative authority may attempt to resolve the conflict through procedures established under RCW 70.116.060(5).

(2) Any final decision by a local legislative authority regarding overlapping service areas, or any unresolved disputes regarding service area boundaries, may be appealed or referred to the secretary in writing for resolution. After receipt of an appeal or referral, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor involved in the dispute, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being. [1995 c 376 § 13; 1977 ex.s. c 142 § 7.]

(2) The certified operators shall be in charge of the technical direction of a water system's operation, or an operating shift of such a system, or a major segment of a system necessary for monitoring or improving the quality of water. The operator shall be certified as provided in RCW 70.119.050.

(3) A certified operator may provide required services to more than one system or to a group of systems. The amount of time that a certified operator shall be required to be present at any given system shall be based upon the time required to properly operate and maintain the public water system as designed and constructed in accordance with RCW 43.20.050. The employing or appointing officials shall designate the position or positions requiring mandatory certification within their individual systems and shall assure that such certified operators are responsible for the system's technical operation.

(4) The department shall, in establishing by rule or otherwise the requirements for public water systems with fewer than one hundred connections, phase in such requirements in order to assure that (a) an adequate number of certified operators are available to serve the additional systems, (b) the systems have adequate notice and time to plan for securing the services of a certified operator, (c) the department has the additional data and other administrative capacity, (d) adequate training is available to certify additional operators as necessary, and (e) any additional requirements under federal law are satisfied. The department shall not require a certified operator for a system with fewer than one hundred connections unless that system is determined by the department to be in significant noncompliance with monitoring, or water quality standards which would put the public health at risk, as defined by the department by rule, or has, or is required to have, water treatment facilities other than simple disinfection.

(5) Any examination required by the department as a prerequisite for the issuance of a certificate under this chapter shall be offered in each region where the department has a regional office.

(6) Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis. [1995 c 376 § 6; 1991 c 305 § 3; 1983 c 292 § 3; 1977 ex.s. c 99 § 3.]

70.119A.170 Drinking water assistance account.

70.119A.040 Additional or alternative penalty—Informal resolution unless a public health emergency.

(1) (a) In addition to or as an alternative to any other penalty or action allowed by law, a person who violates a law or rule regulating public water systems and administered by the department of health is subject to a penalty of not more than five thousand dollars per day for every such violation, or, in the case of a violation that has been determined to be a public health emergency, a penalty of not more than ten thousand dollars per day for every such violation. Every such violation shall be a separate and distinct offense. The amount of fine shall reflect the health significance of the violation and the previous record of compliance on the part of the public water supplier. In case of continuing violation, every day's continuance shall be a separate and distinct violation.

(b) In addition, a person who constructs, modifies, or expands a public water system or who commences the construction, modification, or expansion of a public water system without first obtaining the required departmental approval is subject to penalties of not more than five thousand dollars per service connection, or, in the case of a system serving a transient population, a penalty of not more than four hundred dollars per person based on the highest average daily population the system serves or is anticipated to serve may be imposed. The total penalty that may be imposed pursuant to this subsection (1)(b) is five hundred thousand dollars. For the purpose of computing the penalty under this subsection, a service connection shall include any new service connection actually constructed, any anticipated service connection the system has been designed to serve, and, in the case of a system modification not involving expansions, each existing service connection that benefits or would benefit from the modification.

(c) Every person who, through an act of commission or omission, procures, aids, or abets a violation is considered to have violated the provisions of this section and is subject to the penalty provided in this section.

(2) The penalty provided for in this section shall be imposed by a notice in writing to the person against whom the civil penalty is assessed and shall describe the violation. The notice shall be personally served in the manner of service of a summons in a civil action or in a manner that shows proof of receipt. A penalty imposed by this section is due twenty-eight days after receipt of notice unless application for an adjudicative proceeding is filed as provided in subsection (3) of this section.

(3) Within twenty-eight days after notice is received, the person incurring the penalty may file an application for an adjudicative proceeding and may pursue subsequent review as provided in chapter 34.05 RCW and applicable rules of the department or board of health.

(4) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid, commencing with the month in which the notice of penalty was served and such reasonable attorney's fees as are incurred in securing the final administrative order.

(5) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest bearing account in the registry of the reviewing court. At the conclusion of the proceeding the

[1995 RCW Supp—page 850]
court shall, as appropriate, enter a judgment on behalf of the department and order that the judgment be satisfied to the extent possible from moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorney’s fees for the cost of the attorney general’s office in representing the department.

(6) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the department may file a certified copy of the final administrative order with the clerk of the superior court in which the public water system is located or in Thurston county, and the clerk shall enter judgment in the name of the department and in the amount of the penalty assessed in the final administrative order.

(7) A judgment entered under subsection (5) or (6) of this section shall have the same force and effect as, and is subject to all of the provisions of law relating to, a judgment in a civil action, and may be enforced in the same manner as any other judgment of the court in which it is entered.

(8) All penalties imposed under this section shall be payable to the state treasury and credited to the safe drinking water account, and shall be used by the department to provide training and technical assistance to system owners and operators.

(9) Except in cases of public health emergencies, the department may not impose monetary penalties under this section unless a prior effort has been made to resolve the violation informally. [1995 c 376 § 8; 1993 c 305 § 2; 1990 c 133 § 8; 1989 c 175 § 135; 1986 c 271 § 4.]

70.119A.060 Public water systems—Mandate—Conditions for approval or creation of new public water system—Department and local health jurisdiction duties.

(1) In order to assure safe and reliable public drinking water and to protect the public health, public water systems shall:
(a) Protect the water sources used for drinking water;
(b) Provide treatment adequate to assure that the public health is protected;
(c) Provide and effectively operate and maintain public water system facilities;
(d) Plan for future growth and assure the availability of safe and reliable drinking water;
(e) Provide the department with the current names, addresses, and telephone numbers of the owners, operators, and emergency contact persons for the system, including any changes to this information, and provide to users the name and twenty-four hour telephone number of an emergency contact person; and
(f) Take whatever investigative or corrective action is necessary to assure that a safe and reliable drinking water supply is continuously available to users.

(2) No new public water system may be approved or created unless: (a) It is owned or operated by a satellite system management agency established under RCW 70.116.134 and the satellite system management system complies with financial viability requirements of the department; or (b) a satellite management system is not available and it is determined that the new system has sufficient management and financial resources to provide safe and reliable service. The approval of any new system that is not owned by a satellite system management agency shall be conditioned upon future management or ownership by a satellite system management agency, if such management or ownership can be made with reasonable economy and efficiency, or upon periodic review of the system’s operational history to determine its ability to meet the department’s financial viability and other operating requirements. The department and local health jurisdictions shall enforce this requirement under authority provided under this chapter, chapter 70.116, or 70.05 RCW, or other authority governing the approval of new water systems by the department or a local jurisdiction.

(3) The department and local health jurisdictions shall carry out the rules and regulations of the state board of health adopted pursuant to RCW 43.20.050(2)(a) and other rules adopted by the department relating to public water systems. 70.119A.130 Local government authority. Local governments may establish separate operating permit requirements for public water systems provided the operating permit requirements have been approved by the department. The department shall not approve local operating permit requirements unless the local system will result in an increased level of service to the public water system. There shall not be duplicate operating permit requirements imposed by local governments and the department. [1995 c 376 § 9; 1991 c 304 § 7.]

Effective date—1995 c 376 § 9: “Section 9 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995.” [1995 c 376 § 17.]

Requirements effective upon adoption of rules—1991 c 304: See note following RCW 70.119A.100.

70.119A.160 Water supply advisory committee—Report to the legislature. The department shall create a water supply advisory committee. Membership on the committee shall reflect a broad range of interests in the regulation of public water supplies, including water utilities of all sizes, local governments, business groups, special purpose districts, local health jurisdictions, other state and federal agencies, financial institutions, environmental organizations, the legislature, and other groups substantially affected by the department’s role in implementing state and federal requirements for public water systems. Members shall be appointed for fixed terms of no less than two years, and may be reappointed. Any members of an existing advisory committee to the drinking water program may

The committee shall provide advice to the department on the remain as members of the water supply advisory committee. The committee shall also review the adequacy and necessity of the current and prospective funding for the drinking water program, and the results of the committee's review shall be forwarded to the department for inclusion in a report to the appropriate standing committees of the legislature no later than November 1, 1996. The report shall include a discussion of the extent to which the drinking water program has progressed toward achieving the objectives of the public health improvement plan, and an assessment of any changes to the program necessitated by modifications to the federal safe drinking water act. [1995 c 376 § 4.]

Findings—1995 c 376: See note following RCW 70.116.060.

70.119A.170 Drinking water assistance account. A drinking water assistance account is created in the state treasury. The purpose of the account is to allow the state to take advantage of any federal funds that become available for safe drinking water. Expenditures from the account may only be made by the secretary or the public works board after appropriation. Moneys in the account may only be used to assist water systems to provide safe drinking water through a program administered through the department of health and the public works board. Money may be placed in the account from the proceeds of bonds when authorized by the legislature, transfers from other state funds or accounts, federal capitalization grants or other financial assistance, all repayments of moneys borrowed from the account, all interest payments made by borrowers from the account or otherwise earned on the account, or any other lawful source. Expenditures from the account may only be made by the secretary or the public works board after appropriation. Moneys in the account may only be used to assist local governments and water systems to provide safe and reliable drinking water and to administer the program. [1995 c 376 § 10.]

Chapter 70.128

ADULT FAMILY HOMES

Findings—Intent. The legislature finds that adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents. Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. The legislature further finds that different populations living in adult family homes, such as the developmentally disabled and the elderly, often have significantly different needs and capacities from one another. It is the legislature's intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family homes that can provide quality personal care and special care services should be encouraged. [1995 c 260 § 1; 1989 c 427 § 14.]

Purpose. The purposes of this chapter are to:

(1) Encourage the establishment and maintenance of adult family homes that provide a humane, safe, and home-like environment for persons with functional limitations who need personal and special care;

(2) Establish standards for regulating adult family homes that adequately protect residents;

(3) Encourage consumers, families, providers, and the public to become active in assuring their full participation in development of adult family homes that provide high quality and cost-effective care;

(4) Provide for appropriate care of residents in adult family homes by requiring that each resident have a care plan that promotes the most appropriate level of physical, mental, and psychosocial well-being consistent with client choice; and

(5) Accord each resident the right to participate in the development of the care plan and in other major decisions involving the resident and their care. [1995 1st sp.s. c 18 § 19; 1989 c 427 § 15.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.008.

Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adult family home" means a regular family abode in which a person or persons provide personal care, special care, room, and board to more than one but not more than six adults who are not related by blood or marriage to the person or persons providing the services.
(2) "Provider" means any person who is licensed under this chapter to operate an adult family home. For the purposes of this section, "person" means any individual, partnership, corporation, association, or limited liability company.

(3) "Department" means the department of social and health services.

(4) "Resident" means an adult in need of personal or special care in an adult family home who is not related to the provider.

(5) "Adults" means persons who have attained the age of eighteen years.

(6) "Home" means an adult family home.

(7) "Imminent danger" means serious physical harm to or death of a resident has occurred, or there is a serious threat to resident life, health, or safety.

(8) "Special care" means care beyond personal care as defined by the department, in rule.

(9) "Capacity" means the maximum number of persons in need of personal or special care permitted in an adult family home at a given time. This number shall include related children or adults in the home and who received special care. [1995 c 260 § 2; 1989 c 427 § 16.]

70.128.040 Adoption of rules and standards. (1) The department shall adopt rules and standards with respect to adult family homes and the operators thereof to be licensed under this chapter to carry out the purposes and requirements of this chapter. The rules and standards relating to applicants and operators shall address the differences between individual providers and providers that are partnerships, corporations, associations, or companies. The rules and standards shall also recognize and be appropriate to the different needs and capacities of the various populations served by adult family homes such as but not limited to the developmentally disabled and the elderly. In developing rules and standards the department shall recognize the residential family-like nature of adult family homes and not develop rules and standards which by their complexity serve as an overly restrictive barrier to the development of the adult family homes in the state. Procedures and forms established by the department shall be developed so they are easy to understand and comply with. Paper work requirements shall be minimal. Easy to understand materials shall be developed for applicants and providers explaining licensure requirements and procedures.

(2) In developing the rules and standards, the department shall consult with all divisions and administrations within the department serving the various populations living in adult family homes, including the division of developmental disabilities and the aging and adult services administration. Involvement by the divisions and administration shall be for the purposes of assisting the department to develop rules and standards appropriate to the different needs and capacities of the various populations served by adult family homes. During the initial stages of development of proposed rules, the department shall provide notice of development of the rules to organizations representing adult family homes and their residents, and other groups that the department finds appropriate. The notice shall state the subject of the rules under consideration and solicit written recommendations regarding their form and content.

(3) Except where provided otherwise, chapter 34.05 RCW shall govern all department rule-making and adjudicative activities under this chapter. [1995 c 260 § 3; 1989 c 427 § 18.]

70.128.057 Operating without a license—Injunction or civil penalty. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law, upon the advice of the attorney general who shall represent the department in the proceedings, maintain an action in the name of the state for an injunction, civil penalty, or other process against a person to restrain or prevent the operation or maintenance of an adult family home without a license under this chapter. [1995 1st sp.s. c 18 § 20; 1991 c 40 § 2.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.008.

70.128.058 Operating without a license—Application of consumer protection act. The legislature finds that the operation of an adult family home without a license in violation of this chapter is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an adult family home without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [1995 1st sp.s. c 18 § 21.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.008.

70.128.060 License—Generally. (1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) The department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter, unless (a) the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past five years that resulted in revocation or nonrenewal of a license; or (b) the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children.

(3) The license fee shall be submitted with the application.

(4) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.
(5) The department shall not issue a license to a provider if the department finds that the provider or any partner, officer, director, managerial employee, or owner of five percent or more if the provider has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(6) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(7) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(8) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(9) The license fee shall be set at fifty dollars per year for each home. A fifty dollar processing fee shall also be charged each home when the home is initially licensed. [1995 c 260 § 4; 1989 c 427 § 20.]

70.128.070 License—Renewal—Inspections—Correction of violations. (1) A license shall be valid for one year.

(2) At least sixty days prior to expiration of the license, the provider shall submit an application for renewal of a license. The department shall send the provider an application for renewal prior to this time. The department shall have the authority to investigate any information included in the application for renewal of a license.

(4) To solicit bids from insurers and select an insurer to provide pollution liability insurance to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action.

(5) To monitor the activities of the insurer to ensure compliance with this chapter and protect the program from claims mismanagement by the insurer.

(8) To evaluate the effects of the program upon the private market for liability insurance for owners and operators of underground storage tanks and make recommendations to the legislature on the necessity for continuing the program to ensure availability of such coverage.

(9) To enter into contracts with public and private agencies to assist the director in his or her duties to design, revise, monitor, and evaluate the program and to provide technical or professional assistance to the director.

(10) To examine the affairs, transactions, accounts, records, documents, and assets of insurers as the director deems advisable. [1995 c 12 § 1; 1990 c 64 § 6; 1989 c 383 § 6.]

70.149.010 Intent—Findings. (Expires June 1, 2001.) It is the intent of the legislature to establish a temporary regulatory program to assist owners and operators of heating oil tanks. The legislature finds that it is in the best interests of all citizens for heating oil tanks to be operated safely and for tank leaks or spills to be dealt with expeditiously. The legislature further finds that it is necessary to protect tank owners from the financial hardship related to damaged heating oil tanks. The problem is especially acute because owners and operators of heating oil tanks used for space heating have been unable to obtain pollution liability insurance or insurance has been unaffordable. [1995 c 20 § 1.]

70.149.020 Short title. (Expires June 1, 2001.) This chapter may be known and cited as the Washington state heating oil pollution liability protection act. [1995 c 20 § 2.]

70.149.030 Definitions. (Expires June 1, 2001.) Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accidental release" means a sudden or nonsudden release of heating oil, occurring after July 23, 1995, from operating a heating oil tank that results in bodily injury, property damage, or a need for corrective action, neither expected nor intended by the owner or operator.

(2) "Bodily injury" means bodily injury, sickness, or disease sustained by a person, including death at any time, resulting from the injury, sickness, or disease.

of Washington, or a political subdivision of the United States
or the state of Washington. "Corrective action" includes,
where agreed to in writing, in advance by the insurer, action
to remove, treat, neutralize, contain, or clean up an acciden­tal
release to avert, reduce, or eliminate the liability of the
insured for corrective action, bodily injury, or property
damage. "Corrective action" also includes actions reasonably
necessary to monitor, assess, and evaluate an accidental
release.

(b) "Corrective action" does not include:
(i) Replacement or repair of heating oil tanks or other
receptacles; or
(ii) Replacement or repair of piping, connections, and

expert fees, and related costs and expenses incurred in
defending against claims or actions brought by or on behalf

require corrective action or to recover costs of
corrective action; or

caused by an accidental release.
(5) "Director" means the director of the Washington
state pollution liability insurance agency or the director’s

space heating in oil-fired furnaces, heaters, and boilers,
including stove oil, diesel fuel, or kerosene. "Heating oil"
does not include petroleum products used as fuels in motor
vehicles, marine vessels, trains, buses, aircraft, or any off-
highway equipment not used for space heating, or for
industrial processing or the generation of electrical energy.
(7) "Heating oil tank" means a tank and its connecting
pipes, whether above or below ground, or in a basement,
with pipes connected to the tank for space heating of human
living or working space on the premises where the tank is
located. "Heating oil tank" does not include a decommissioned
or abandoned heating oil tank, or a tank used solely
for industrial process heating purposes or generation of
electrical energy.
(8) "Occurrence" means an accident, including continu­ous
or repeated exposure to conditions, that results in a
release from a heating oil tank.
(9) "Owner or operator" means a person in control of,
or having responsibility for, the daily operation of a heating
oil tank.
(10) "Pollution liability insurance agency" means the
Washington state pollution liability insurance agency.
(11) "Property damage" means:
(a) Physical injury to, destruction of, or contamination
of tangible property, including the loss of use of the property
resulting from the injury, destruction, or contamination; or
(b) Loss of use of tangible property that has not been
physically injured, destroyed, or contaminated but has been

because of an accidental release.

leaching into the environment.

(13) "Remedial actions costs" means reasonable costs
that are attributable to or associated with a remedial action.

(15) "Third-party liability" means the liability of a
heating oil tank owner to another person due to property
damage or personal injury that results from a leak or spill.
[1995 c 20 § 3.]

70.149.040 Duties of director. (Expires June 1,
2001.) The director shall:
(1) Design a program for providing pollution liability
insurance for heating oil tanks that provides sixty thousand
dollars per occurrence coverage and aggregate limits, and
protects the state of Washington from unwanted or unantici­pated
liability for accidental release claims;
(2) Administer, implement, and enforce the provisions
of this chapter. To assist in administration of the program,
the director is authorized to appoint up to two employees
who are exempt from the civil service law, chapter 41.06

(3) Administer the heating oil pollution liability trust
account, as established under RCW 70.149.070;

(5) Adopt rules under chapter 34.05 RCW as necessary
to carry out the provisions of this chapter;
(6) Design and from time to time revise a reinsurance
contract providing coverage to an insurer or insurers meeting
the requirements of this chapter. The director is authorized
to provide reinsurance through the *pollution liability
insurance agency trust account;
(7) Solicit bids from insurers and select an insurer to
provide pollution liability insurance for third-party bodily
injury and property damage, and corrective action to owners
and operators of heating oil tanks;

insurance agency trust account" apparently should be to the "pollution liability
insurance program trust account" established in RCW 70.148.020.

70.149.050 Selection of insurer to provide pollution
liability insurance—Eligibility for coverage. (Expires
June 1, 2001.) (1) In selecting an insurer to provide
pollution liability insurance coverage to owners and opera­tors of heating oil tanks used for space heating, the director
shall evaluate bids based upon criteria established by the
director that shall include:

insurance;
(b) The insurer's ability to settle pollution liability
claims quickly and efficiently;
(c) The insurer's estimate of underwriting and claims
adjustment expenses;
(d) The insurer's estimate of premium rates for provid­ing
coverage;
(e) The insurer's ability to manage and invest premiums; and

(f) The insurer's ability to provide risk management guidance to insureds.

(2) The director shall select the bidder most qualified to provide insurance consistent with this chapter and need not select the bidder submitting the least expensive bid. (3) Owners and operators of heating oil tanks, or sites containing heating oil tanks where a preexisting release has been identified or where the owner or operator knows of a preexisting release are eligible for coverage under the program subject to the following conditions:

(a) The owner or operator must have a plan for proceeding with corrective action; and

(b) If the owner or operator files a claim with the insurer, the owner or operator has the burden of proving that the claim is not related to a preexisting release until the owner or operator demonstrates to the satisfaction of the director that corrective action has been completed. [1995 c 20 § 5.]

70.149.060 Exemptions from Title 48 RCW—Exceptions. (Expires June 1, 2001.) (1) The activities and operations of the program are exempt from the provisions and requirements of Title 48 RCW and to the extent of their participation in the program, the activities and operations of the insurer selected by the director to provide liability insurance coverage to owners and operators of heating oil tanks are exempt from the requirements of Title 48 RCW except for:

Effective date—1990 1st ex.s. c 12: See note following RCW 13.40.020.
71.09.040 Sexually violent predator petition—Probable cause hearing—Judicial determination—Transfer for evaluation. (1) Upon the filing of a petition under RCW 71.09.030, the judge shall determine whether probable cause exists to believe that the person named in the petition is a sexually violent predator. If such determination is made the judge shall direct that the person be taken into custody.

(2) Within seventy-two hours after a person is taken into custody pursuant to subsection (1) of this section, the court shall provide the person with notice of, and an opportunity to appear in person at, a hearing to contest probable cause as to whether the person is a sexually violent predator. At this hearing, the court shall (a) verify the person's identity, and (b) determine whether probable cause exists to believe that the person is a sexually violent predator. At the probable cause hearing, the state may rely upon the petition and certification for determination of probable cause filed pursuant to RCW 71.09.030. The state may supplement this with additional documentary evidence or live testimony.

(3) At the probable cause hearing, the person shall have the following rights in addition to the rights previously specified: (a) To be represented by counsel; (b) to present evidence on his or her behalf; (c) to cross-examine witnesses who testify against him or her; (d) to view and copy all petitions and reports in the court file.

(4) If the probable cause determination is made, the judge shall direct that the person be transferred to an appropriate facility for an evaluation as to whether the person is a sexually violent predator. The evaluation shall be conducted by a person deemed to be professionally qualified to conduct such an examination pursuant to rules developed by the department of social and health services. In adopting such rules, the department of social and health services shall consult with the department of health and the department of corrections. In no event shall the person be released from confinement prior to trial. [1995 c 216 § 4; 1990 c 3 § 1004.]

71.09.050 Trial—Rights of parties. (1) Within forty-five days after the completion of any hearing held pursuant to RCW 71.09.040, the court shall conduct a trial to determine whether the person is a sexually violent predator. The trial may be continued upon the request of either party and a showing of good cause, or by the court on its own motion in the due administration of justice, and when the respondent will not be substantially prejudiced. At all stages of the proceedings under this chapter, any person subject to this chapter shall be entitled to the assistance of counsel, and if the person is indigent, the court shall appoint counsel to assist him or her. The person shall be confined in a secure facility for the duration of the trial.

(2) Whenever any person is subjected to an examination under this chapter, he or she may retain experts or professional persons to perform an examination on their behalf. When the person wishes to be examined by a qualified expert or professional person of his or her own choice, such examiner shall be permitted to have reasonable access to the person for the purpose of such examination, as well as to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall, upon the person's request, assist the person in obtaining an expert or professional person to perform an examination or participate in the trial on the person's behalf.

(3) The person, the prosecuting attorney or attorney general, or the judge shall have the right to demand that the trial be before a twelve-person jury. If no demand is made, the trial shall be before the court. [1995 c 216 § 5; 1990 c 3 § 1005.]

71.09.060 Trial—Determination—Commitment procedures. (1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. When the determination is made by a jury, the verdict must be unanimous.

If, on the date that the petition is filed, the person was living in the community after release from custody, the state must also prove beyond a reasonable doubt that the person had committed a recent overt act. If the state alleges that the prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in RCW 71.09.020(6)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030. If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services for placement in a secure facility operated by the department of social and health services for control, care, and treatment until such time as the person's mental abnormality or personality disorder has so changed that the person is safe either (a) to be at large, or (b) to be released to a less restrictive alternative as set forth in RCW 71.09.092. If the court or jury is not satisfied beyond a reasonable doubt that the person is a sexually violent predator, the court shall direct the person's release.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to or has been released pursuant to RCW 10.77.090(3), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the court did not enter a finding prior to dismissal under RCW 10.77.090(3) that the person committed the act or acts charged. The hearing on this issue must comply with all the procedures specified in this section. In addition, the rules of evidence applicable in criminal cases shall apply, and all constitutional rights available to defendants at criminal trials, other than the right not to be tried while incompetent, shall apply. After hearing evidence on this issue, the court shall make specific findings on whether the person did commit the act or acts charged, the extent to which the person's incompetence or developmental disability affected the outcome of the hearing, including its effect on the person's ability to consult with and assist counsel and to testify on his or her own behalf, the extent to which the evidence could be reconstructed without the assistance of the person, and the strength of the prosecution's case. If, after the conclusion of the hearing on this issue, the court finds, beyond a reasonable doubt, that the person did commit the act or acts charged, it shall enter a final order, appealable by the person,
on that issue, and may proceed to consider whether the person should be committed pursuant to this section.

(3) The state shall comply with RCW 10.77.220 while confining the person pursuant to this chapter, except that during all court proceedings the person shall be detained in a secure facility. The facility shall not be located on the grounds of any state mental facility or regional habilitation center because these institutions are insufficiently secure for this population. [1995 c 216 § 6; 1990 1st ex.s. c 12 § 4; 1990 c 3 § 1006.]

Effective date—1990 1st ex.s. c 12: See note following RCW 13.40.020.

71.09.070 Annual examinations of persons committed under chapter. Each person committed under this chapter shall have a current examination of his or her mental condition made at least once every year. The annual report shall include consideration of whether conditional release to a less restrictive alternative is in the best interest of the person and will adequately protect the community. The person may retain, or if he or she is indigent and so requests, the court may appoint a qualified expert or a professional person to examine him or her, and such expert or professional person shall have access to all records concerning the person. The periodic report shall be provided to the court that committed the person under this chapter. [1995 c 216 § 7; 1990 c 3 § 1007.]

71.09.080 Rights of persons committed under this chapter. (1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter.

(2) Any person committed pursuant to this chapter has the right to adequate care and individualized treatment. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting attorney, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

(3) At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection by any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court.

(4) Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

(5) No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so. [1995 c 216 § 8; 1990 c 3 § 1008.]

71.09.090 Petition for conditional release to less restrictive alternative or unconditional discharge—Procedures. (1) If the secretary determines that the person's mental abnormality or personality disorder has so changed that the person is not likely to engage in predatory acts of sexual violence if conditionally released to a less restrictive alternative or unconditionally discharged, the secretary shall authorize the person to petition the court for conditional release to a less restrictive alternative or unconditional discharge. The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for conditional release to a less restrictive alternative or unconditional discharge, shall within forty-five days order a hearing. The prosecuting attorney or the attorney general, if requested by the county, shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of his or her choice. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney or attorney general. The burden of proof shall be upon the prosecuting attorney or attorney general to show beyond a reasonable doubt that the petitioner's mental abnormality or personality disorder remains such that the petitioner is not safe to be at large and that if conditionally released to a less restrictive alternative or unconditionally discharged is likely to engage in predatory acts of sexual violence.

(2) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for conditional release to a less restrictive alternative or unconditional discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for conditional release to a less restrictive alternative or unconditional discharge over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall forward the notice and waiver form to the court with the annual report. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether facts exist that warrant a hearing on whether the person's condition has so changed that he or she is safe to be conditionally released to a less restrictive alternative or unconditionally discharged. The committed person shall have a right to have an attorney represent him or her at the show cause hearing but the person is not entitled to be present at the show cause hearing. If the court at the show...
cause hearing determines that probable cause exists to believe that the person’s mental abnormality or personality disorder has so changed that the person is not likely to engage in predatory acts of sexual violence if conditionally released to a less restrictive alternative or unconditionally discharged, then the court shall set a hearing on the issue. At the hearing, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded to the person at the initial commitment proceeding. The prosecuting attorney or the attorney general if requested by the county shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The committed person shall also have the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment. The burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that the committed person’s mental abnormality or personality disorder remains such that the person is likely to engage in predatory acts of sexual violence if conditionally released to a less restrictive alternative or unconditionally discharged.

(3) The jurisdiction of the court over a person civilly committed pursuant to this chapter continues until such time as the person is unconditionally discharged. [1995 c 216 § 9; 1992 c 45 § 7; 1990 c 3 § 1009.]

71.09.092 Conditional release to less restrictive alternative—Findings. Before the court may enter an order directing conditional release to a less restrictive alternative, it must find the following: (1) The person will be treated by a treatment provider who is qualified to provide such treatment in the state of Washington under chapter 18.155 RCW; (2) the treatment provider has presented a specific course of treatment and has agreed to assume responsibility for such treatment and will report progress to the court on a regular basis, and will report violations immediately to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center; (3) housing exists that is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center if the person leaves the housing to which he or she has been assigned without authorization; (4) the person is willing to comply with the treatment provider and all requirements imposed by the treatment provider and by the court; and (5) the person is willing to comply with supervision requirements imposed by the department of corrections. [1995 c 216 § 10.]

71.09.094 Conditional release to less restrictive alternative—Verdict. (1) Upon the conclusion of the evidence in a hearing held pursuant to RCW 71.09.090, if the court finds that there is no legally sufficient evidentiary basis for a reasonable jury to find that the conditions set forth in RCW 71.09.092 have been met, the court shall grant a motion by the state for a judgment as a matter of law on the issue of conditional release to a less restrictive alternative.

(2) Whenever the issue of conditional release to a less restrictive alternative is submitted to the court, the court shall instruct the jury to return a verdict in substantially the following form: Has the state proved beyond a reasonable doubt that the proposed less restrictive alternative is not in the best interests of respondent or will not adequately protect the community? Answer: Yes or No. [1995 c 216 § 11.]

71.09.096 Conditional release to less restrictive environment—Judgment—Conditions—Annual review. (1) If the court or jury determines that conditional release to a less restrictive alternative is in the best interest of the person and will adequately protect the community, and the court determines that the minimum conditions set forth in *section 9 of this act are met, the court shall enter judgment and direct a conditional release.

(2) The court shall impose any additional conditions necessary to ensure compliance with treatment and to protect the community. If the court finds that conditions do not exist that will both ensure the person’s compliance with treatment and protect the community, then the person shall be remanded to the custody of the department of social and health services for control, care, and treatment in a secure facility as designated in RCW 71.09.060(1).

(3) If the service provider designated to provide inpatient or outpatient treatment or to monitor or supervise any other terms and conditions of a person’s placement in a less restrictive alternative is other than the department of social and health services or the department of corrections, then the service provider so designated must agree in writing to provide such treatment.

(4) Prior to authorizing any release to a less restrictive alternative, the court shall impose such conditions upon the person as are necessary to ensure the safety of the community. The court shall order the department of corrections to investigate the less restrictive alternative and recommend any additional conditions to the court. These conditions shall include, but are not limited to the following: Specification of residence, prohibition of contact with potential or past victims, prohibition of alcohol and other drug use, participation in a specific course of inpatient or outpatient treatment that may include monitoring by the use of polygraph and plethysmograph, supervision by a department of corrections community corrections officer, a requirement that the person remain within the state unless the person receives prior authorization by the court, and any other conditions that the court determines are in the best interest of the person or others. A copy of the conditions of release shall be given to the person and to any designated service providers.

(5) Any service provider designated to provide inpatient or outpatient treatment shall monthly, or as otherwise directed by the court, submit to the court, to the department of social and health services facility from which the person was released, to the prosecutor of the county in which the person was found to be a sexually violent predator, and to the supervising community corrections officer, a report stating whether the person is complying with the terms and
71.09.096 Title 71 RCW: Mental Illness

conditions of the conditional release to a less restrictive alternative.

(6) Each person released to a less restrictive alternative shall have his or her case reviewed by the court that released him or her no later than one year after such release and annually thereafter until the person is unconditionally discharged. Review may occur in a shorter time or more frequently, if the court, in its discretion on its own motion, or on motion of the person, the secretary, or the prosecuting attorney so determines. The sole question to be determined by the court is whether the person shall continue to be conditionally released to a less restrictive alternative. The court in making its determination shall be aided by the periodic reports filed pursuant to subsection (5) of this section and the opinions of the secretary and other experts or professional persons. [1995 c 216 § 12.]

*Reviser's note: The reference to "section 9 of this act" literally translates to the 1995 c 216 amendments to RCW 71.09.090, which appears to be an erroneous reference. Reference to RCW 71.09.092, "section 10 of this act," was apparently intended.

71.09.098 Conditional release to less restrictive alternative—Hearing on revocation or modification—Authority to apprehend conditionally released person. (1) Any service provider submitting reports pursuant to RCW 71.09.096(5), the supervising community corrections officer, the prosecuting attorney, or the attorney general may petition the court, or the court on its own motion may schedule an immediate hearing, for the purpose of revoking or modifying the terms of the person’s conditional release to a less restrictive alternative if the petitioner or the court believes the released person is not complying with the terms and conditions of his or her release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the supervising community corrections officer, or the court, based upon information received by them, reasonably believes that a conditionally released person is not complying with the terms and conditions of his or her conditional release to a less restrictive alternative, the court or community corrections officer may order that the conditionally released person be apprehended and taken into custody until such time as a hearing can be scheduled to determine the facts and whether or not the person’s conditional release should be revoked or modified. The court shall be notified before the close of the next judicial day of the person’s apprehension. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) The court, upon receiving notification of the person’s apprehension, shall promptly schedule a hearing. The issue to be determined is whether the state has proven by a preponderance of the evidence that the conditionally released person did not comply with the terms and conditions of his or her release. Hearsay evidence is admissible if the court finds it otherwise reliable. At the hearing, the court shall determine whether the person shall continue to be conditionally released on the same or modified conditions or whether his or her conditional release shall be revoked and he or she shall be committed to total confinement, subject to release only in accordance with provisions of this chapter. [1995 c 216 § 13.]

71.09.100 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

71.09.110 Department of social and health services—Duties—Reimbursement. The department of social and health services shall be responsible for all costs relating to the evaluation and treatment of persons committed to their custody whether in a secure facility or under a less restrictive alternative under any provision of this chapter. Reimbursement may be obtained by the department for the cost of care and treatment of persons committed to its custody whether in a secure facility or under a less restrictive alternative pursuant to RCW 43.20B.330 through 43.20B.370. [1995 c 216 § 14; 1990 c 3 § 1011.]

71.09.130 Notice of escape or disappearance. In the event of an escape by a person committed under this chapter from a state institution or the disappearance of such a person while on conditional release, the superintendent or community corrections officer shall notify the following as appropriate: Local law enforcement officers, other governmental agencies, the person’s relatives, and any other appropriate persons about information necessary for the public safety or to assist in the apprehension of the person. [1995 c 216 § 16.]

71.09.140 Notice of conditional release or unconditional discharge—Notice of escape and recapture. (1) At the earliest possible date, and in no event later than thirty days before conditional release or unconditional discharge, except in the event of escape, the department of social and health services shall send written notice of conditional release, unconditional discharge, or escape, to the following: (a) The chief of police of the city, if any, in which the person will reside or in which placement will be made under a less restrictive alternative;

(b) The sheriff of the county in which the person will reside or in which placement will be made under a less restrictive alternative; and

(c) The sheriff of the county where the person was last convicted of a sexually violent offense, if the department does not know where the person will reside.

The department shall notify the state patrol of the release of all sexually violent predators and that information shall be placed in the Washington crime information center for dissemination to all law enforcement.

(2) The same notice as required by subsection (1) of this section shall be sent to the following if such notice has been requested in writing about a specific person found to be a sexually violent predator under this chapter:

(a) The victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim’s next of kin if the crime was a homicide. "Next of kin" as used in this section means a person’s spouse, parents, siblings, and children;

(b) Any witnesses who testified against the person in his or her commitment trial under RCW 71.09.060; and
(c) Any person specified in writing by the prosecuting attorney.

Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting attorney to receive the notice, and the notice are confidential and shall not be available to the committed person.

(3) If a person committed as a sexually violent predator under this chapter escapes from a department of social and health services facility, the department shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the committed person resided immediately before his or her commitment as a sexually violent predator, or immediately before his or her incarceration for his or her most recent offense. If previously requested, the department shall also notify the witnesses and the victims of the sexually violent offenses for which the person was convicted in the past or the victim’s next of kin if the crime was a homicide. If the person is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(4) If the victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim’s next of kin, or any witness is under the age of sixteen, the notice required by this section shall be sent to the parents or legal guardian of the child.

(5) The department of social and health services shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(6) Nothing in this section shall impose any liability upon a chief of police of a city or sheriff of a county for failing to request in writing a notice as provided in subsection (1) of this section. [1995 c 216 § 17.]

(12) "Mental health services" means community services pursuant to RCW 71.24.035(5)(b) and other services provided by the state for the mentally ill. When regional support networks are established, or after July 1, 1995, "mental health services" shall include all services provided by regional support networks.

(13) "Mentally ill persons" and "the mentally ill" mean persons and conditions defined in subsections (1), (5), (6), and (17) of this section.

(14) "Regional support network" means a county authority or group of county authorities recognized by the secretary that enter into joint operating agreements to contract with the secretary pursuant to this chapter.

(15) "Residential services" means a facility or distinct part thereof which provides food and shelter, and may include treatment services.

When regional support networks are established, or after July 1, 1995, for adults and children "residential services" means a complete range of residences and supports authorized by resource management services and which may involve a facility, a distinct part thereof, or services which support community living, for acutely mentally ill persons, chronically mentally ill adults, severely emotionally disturbed children, or seriously disturbed adults determined by the regional support network to be at risk of becoming acutely or chronically mentally ill. The services shall include at least evaluation and treatment services as defined in chapter 71.05 RCW, acute crisis respite care, long-term adaptive and rehabilitative care, and supervised and supported living services, and shall also include any residential services developed to service mentally ill persons in nursing homes. Residential services for children in out-of-home placements related to their mental disorder shall not include the costs of food and shelter, except for children's long-term residential facilities existing prior to January 1, 1991.

(16) "Resource management services" mean the planning, coordination, and authorization of residential services and community support services administered pursuant to an individual service plan for acutely mentally ill adults and children, chronically mentally ill adults, severely emotionally disturbed children, or seriously disturbed adults determined by the regional support network at their sole discretion to be at risk of becoming acutely or chronically mentally ill. Such planning, coordination, and authorization shall include mental health screening for children eligible under the federal Title XIX early and periodic screening, diagnosis, and treatment program. Resource management services include seven day a week, twenty-four hour a day availability of information regarding mentally ill adults' and children's enrollment in services and their individual service plan to county-designated mental health professionals, evaluation and treatment facilities, and others as determined by the regional support network.

(17) "Seriously disturbed person" means a person who:

(a) Is gravely disabled or presents a likelihood of serious harm to oneself or others as a result of a mental disorder as defined in chapter 71.05 RCW;

(b) Has been on conditional release status at some time during the preceding two years from an evaluation and treatment facility or a state mental health hospital;

(c) Has a mental disorder which causes major impairment in several areas of daily living;

(d) Exhibits suicidal preoccupation or attempts; or

(e) Is a child diagnosed by a mental health professional, as defined in RCW 71.05.020, as experiencing a mental disorder which is clearly interfering with the child's functioning in family or school or with peers or is clearly interfering with the child's personality development and learning.
(18) "Secretary" means the secretary of social and health services.

(19) "State minimum standards" means: (a) Minimum requirements for delivery of mental health services as established by departmental rules and necessary to implement this chapter, including but not limited to licensing service providers and services; (b) minimum service requirements for licensed service providers for the provision of mental health services as established by departmental rules pursuant to chapter 34.05 RCW as necessary to implement this chapter, including, but not limited to: Qualifications for staff providing services directly to mentally ill persons; the intended result of each service; and the rights and responsibilities of persons receiving mental health services pursuant to this chapter; (c) minimum requirements for residential services as established by the department in rule based on clients' functional abilities and not solely on their diagnoses, limited to health and safety, staff qualifications, and program outcomes. Minimum requirements for residential services are those developed in collaboration with consumers, families, counties, regulators, and residential providers serving the mentally ill. Minimum requirements encourage the development of broad-range residential programs, including integrated housing and cross-systems programs where appropriate, and do not unnecessarily restrict programing flexibility; and (d) minimum standards for community support services and resource management services, including at least qualifications for resource management services, client tracking systems, and the transfer of patient information between service providers.

(20) "Tribal authority." for the purposes of this section and RCW 71.24.300 only, means: The federally recognized Indian tribes and the major Indian organizations recognized by the secretary insofar as these organizations do not have a financial relationship with any regional support network that would present a conflict of interest. [1995 c 96 § 4. Prior: 1994 sp.s. c 9 § 748; 1994 c 204 § 1; 1991 c 306 § 2; 1989 c 205 § 2; 1986 c 274 § 2; 1982 c 204 § 3.]

Effective date—1995 c 96: See note following RCW 71.21.400.

Severability—Headings and captions not law—Effective date—1994 sp.s. c 9: See RCW 18.79.900 through 18.79.902.

Effective date—1986 c 274 §§ 1, 2, 3, 5, 9: See note following RCW 71.24.015.

71.24.400 Streamlining delivery system—Finding.
The legislature finds that the current complex set of federal, state, and local rules and regulations, audited and administered at multiple levels, which affect the community mental health service delivery system, focus primarily on the process of providing mental health services and do not sufficiently address consumer and system outcomes. To this extent, the legislature finds that the intent of RCW 71.24.015 related to reduced administrative layering, duplication, and reduced administrative costs need much more aggressive action. [1995 c 96 § 1; 1994 c 259 § 1.]

Effective date—1995 c 96: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 18, 1995]." [1995 c 96 § 5.]

71.24.405 Streamlining delivery system—Project outcome.
The department of social and health services shall establish a single comprehensive and collaborative project within regional support networks and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The project must accomplish the following:
(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;
(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;
(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and regional support networks. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;
(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and regional support networks and mental health service providers that link financial incentives to the success or failure of mental health service providers and regional support networks to meet outcomes established for mental health service clients;
(5) The involvement of mental health consumers and their representatives in the pilot projects. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients and other related aspects of the pilot projects; and
(6) An independent evaluation component to measure the success of the projects. [1995 c 96 § 2; 1994 c 259 § 2.]

Effective date—1995 c 96: See note following RCW 71.21.400.

71.24.415 Streamlining delivery system—Department duties to achieve outcomes. To carry out the purposes specified in RCW 71.24.400, the department of social and health services is encouraged to utilize its authority to immediately eliminate any unnecessary rules, regulations, standards, or contracts, to immediately eliminate duplication of audits or any other unnecessarily duplicated functions, and to seek any waivers of federal or state rules or regulations necessary to achieve the purpose of streamlining the community mental health service delivery system and infusing it with incentives that reward efficiency, positive outcomes for clients, and quality services. [1995 c 96 § 3; 1994 c 259 § 4.]

71.34.025 Review of admission and treatment of minors—Medical assistance eligibility. (1) The admission of any child under RCW 71.34.030 may be reviewed by the county-designated mental health professional between fifteen and thirty days following admission. The county-designated mental health professional may undertake the review on his or her own initiative and may seek reimbursement from the parents, their insurance, or Medicaid for the expense of the review.

(2) The department shall ensure a review is conducted no later than sixty days following admission to determine whether it is medically appropriate to continue the child’s treatment on an inpatient basis. The department may, subject to available funds, contract with a county for the conduct of the review conducted under this subsection and may seek reimbursement from the parents, their insurance, or Medicaid for the expense of any review conducted by an agency under contract.

If the county-designated mental health professional determines that continued inpatient treatment of the child is no longer medically appropriate, the professional shall notify the facility, the child, the child’s parents, and the department of the finding within twenty-four hours of the determination.

(3) For purposes of eligibility for medical assistance under chapter 74.09 RCW, children in inpatient mental health or chemical dependency treatment shall be considered to be part of their parent’s or legal guardian’s household, unless the child has been assessed by the department of social and health services or its designee as likely to represent a threat to the minor’s health or safety.

(4) For purposes of voluntary admission under chapter 13.34 RCW, or the child’s parents are found to not be exercising responsibility for care and control of the child. Payment for such care by the department of social and health services shall be made only in accordance with rules, guidelines, and clinical criteria applicable to inpatient treatment of minors established by the department. [1995 c 312 § 56.]

71.34.030 Outpatient, inpatient treatment of minors—Involuntary, voluntary admission—Procedures—Release, exception—Renewal of consent—Review of need for treatment—Discharge, exception. (1) Any minor thirteen years or older may request and receive outpatient treatment without the consent of the minor’s parent. Parental authorization is required for outpatient treatment of a minor under the age of thirteen.

(2) When in the judgment of the professional person in charge of an evaluation and treatment facility there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor’s home, the minor may be admitted to an evaluation and treatment facility in accordance with the following requirements:

(a) A minor may be voluntarily admitted by application of the parent. The consent of the minor is not required for the minor to be evaluated and admitted as appropriate.

(b) A minor thirteen years or older may, with the concurrence of the professional person in charge of an evaluation and treatment facility, admit himself or herself without parental consent to the evaluation and treatment facility, provided that notice is given by the facility to the minor’s parent in accordance with the following requirements:

(i) Notice of the minor’s admission shall be in the form most likely to reach the parent within twenty-four hours of the minor’s voluntary admission and shall advise the parent that the minor has been admitted to inpatient treatment; the location and telephone number of the facility providing such treatment; and the name of a professional person on the staff of the facility providing treatment who is designated to discuss the minor’s need for inpatient treatment with the parent.

(ii) The minor shall be released to the parent at the parent’s request for release unless the facility files a petition with the superior court of the county in which treatment is being provided setting forth the basis for the facility’s belief that the minor is in need of inpatient treatment and that release would constitute a threat to the minor’s health or safety.

(iii) The petition shall be signed by the professional person in charge of the facility or that person’s designee.

(iv) The parent may apply to the court for separate counsel to represent the parent if the parent cannot afford counsel.

(v) There shall be a hearing on the petition, which shall be held within three judicial days from the filing of the petition.

(vi) The hearing shall be conducted by a judge, court commissioner, or licensed attorney designated by the superior court as a hearing officer for such hearing. The hearing may be held at the treatment facility.

(vii) At such hearing, the facility must demonstrate by a preponderance of the evidence presented at the hearing that the minor is in need of inpatient treatment and that release would constitute a threat to the minor’s health or safety. The hearing shall not be conducted using the rules of evidence, and the admission or exclusion of evidence sought to be presented shall be within the exercise of sound discretion by the judicial officer conducting the hearing.

(c) Written renewal of voluntary consent must be obtained from the applicant no less than once every twelve months.

[1995 RCW Supp—page 873]
(d) The minor’s need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

(3) A notice of intent to leave shall result in the following:
(a) Any minor under the age of thirteen must be discharged immediately upon written request of the parent.
(b) Any minor thirteen years or older voluntarily admitted may give notice of intent to leave at any time. The notice need not follow any specific form so long as it is written and the intent of the minor can be discerned.
(c) The staff member receiving the notice shall date it immediately, record its existence in the minor’s clinical record, and send copies of it to the minor’s attorney, if any, the county-designated mental health professional, and the parent.
(d) The professional person in charge of the evaluation and treatment facility shall discharge the minor, thirteen years or older, from the facility within twenty-four hours after receipt of the minor’s notice of intent to leave, unless the county-designated mental health professional or a parent or legal guardian files a petition or an application for initial detention within the time prescribed by this chapter.
(4) The ability of a parent to apply to a certified evaluation and treatment program for the involuntary admission of his or her minor child does not create a right to obtain or benefit from any funds or resources of the state. However, the state may provide services for indigent minors to the extent that funds are available therefor. [1995 c 312 § 52; 1985 c 354 § 3.]

Short title—1995 c 312: See note following RCW 13.32A.010.

71.34.035 Evaluation of treatment of minors. The department shall randomly select and review the information on children who are admitted to in-patient treatment on application of the child’s parent. The review shall determine whether the children reviewed were appropriately admitted into treatment based on an objective evaluation of the child’s condition and the outcome of the child’s treatment. [1995 c 312 § 58.]

Short title—1995 c 312: See note following RCW 13.32A.010.

71.34.050 Minor thirteen or older who presents likelihood of serious harm or is gravely disabled—Transport to inpatient facility—Petition for initial detention—Notice of commitment hearing—Facility to evaluate and admit or release minor. (1) When a county-designated mental health professional receives information that a minor, thirteen years or older, as a result of a mental disorder presents a likelihood of serious harm or is gravely disabled, has investigated the specific facts alleged and of the credibility of the person or persons providing the information, and has determined that voluntary admission for inpatient treatment is not possible, the county-designated mental health professional may take the minor, or cause the minor to be taken, into custody and transported to an evaluation and treatment facility providing inpatient treatment.

If the minor is not taken into custody for evaluation and treatment, the parent who has custody of the minor may seek review of that decision made by the county designated mental health professional in court. The parent shall file notice with the court and provide a copy of the county designated mental health professional’s report or notes.

(2) Within twelve hours of the minor’s arrival at the evaluation and treatment facility, the county-designated mental health professional shall serve on the minor a copy of the petition for initial detention, notice of initial detention, and statement of rights. The county-designated mental health professional shall file with the court the next judicial day following the initial detention the original petition for initial detention, notice of initial detention, and statement of rights along with an affidavit of service. The county-designated mental health professional shall commence service of the petition for initial detention and notice of the initial detention on the minor’s parent and the minor’s attorney as soon as possible following the initial detention.

(3) At the time of initial detention, the county-designated mental health professional shall advise the minor both orally and in writing that if admitted to the evaluation and treatment facility for inpatient treatment, a commitment hearing shall be held within seventy-two hours of the minor’s provisional acceptance to determine whether probable cause exists to commit the minor for further mental health treatment.

The minor shall be advised that he or she has a right to communicate immediately with an attorney and that he or she has a right to have an attorney appointed to represent him or her before and at the hearing if the minor is indigent.

(4) Whenever the county designated mental health professional petitions for detention of a minor under this chapter, an evaluation and treatment facility providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. Within twenty-four hours of the minor’s arrival, the facility must evaluate the minor’s condition and either admit or release the minor in accordance with this chapter.

(5) If a minor is not approved for admission by the inpatient evaluation and treatment facility, the facility shall make such recommendations and referrals for further care and treatment of the minor as necessary. [1995 c 312 § 53; 1985 c 354 § 5.]

Short title—1995 c 312: See note following RCW 13.32A.010.

71.34.070 Petition for fourteen-day commitment—Requirements. (1) The professional person in charge of an evaluation and treatment facility where a minor has been admitted involuntarily for the initial seventy-two hour treatment period under this chapter may petition to have a minor committed to an evaluation and treatment facility for fourteen-day diagnosis, evaluation, and treatment.

If the professional person in charge of the treatment and evaluation facility does not petition to have the minor committed, the parent who has custody of the minor may seek review of that decision in court. The parent shall file notice with the court and provide a copy of the treatment and evaluation facility’s report.

(2) A petition for commitment of a minor under this section shall be filed with the superior court in the county where the minor is residing or being detained.
(a) A petition for a fourteen-day commitment shall be signed either by two physicians or by one physician and a
mental health professional who have examined the minor and shall contain the following:
   (i) The name and address of the petitioner;
   (ii) The name of the minor alleged to meet the criteria for fourteen-day commitment;
   (iii) The name, telephone number, and address if known of every person believed by the petitioner to be legally responsible for the minor;
   (iv) A statement that the petitioner has examined the minor and finds that the minor's condition meets required criteria for fourteen-day commitment and the supporting facts therefor;
   (v) A statement that the minor has been advised of the need for voluntary treatment but has been unwilling or unable to consent to necessary treatment;
   (vi) A statement recommending the appropriate facility or facilities to provide the necessary treatment; and
   (vii) A statement concerning whether a less restrictive alternative to inpatient treatment is in the best interests of the minor.
(b) A copy of the petition shall be personally delivered to the minor by the petitioner or petitioner's designee. A copy of the petition shall be sent to the minor's attorney and the minor's parent. [1995 c 312 § 54; 1985 c 354 § 7.]

71A.10.011 Intent—1995 c 383. The legislature recognizes that the emphasis of state developmental disability services is shifting from institutional-based care to community services in an effort to increase the personal and social independence and fulfillment of persons with developmental disabilities, consistent with state policy as expressed in RCW 71A.10.015. It is the intent of the legislature that financial savings achieved from program reductions and efficiencies within the developmental disabilities program shall be redirected within the program to provide public or private community-based services for eligible persons who would otherwise be unidentified or unserved. 72.09.010 Legislative intent. It is the intent of the legislature to establish a comprehensive system of corrections for convicted law violators within the state of Washington to accomplish the following objectives.
(1) The system should ensure the public safety. The system should be designed and managed to provide the maximum feasible safety for the persons and property of the general public, the staff, and the inmates.
(2) The system should punish the offender for violating the laws of the state of Washington. This punishment should generally be limited to the denial of liberty of the offender.
(3) The system should positively impact offenders by stressing personal responsibility and accountability and by discouraging recidivism.
(4) The system should treat all offenders fairly and equitably without regard to race, religion, sex, national origin, residence, or social condition.
(5) The system, as much as possible, should reflect the values of the community including:
   (a) Avoiding idleness. Idleness is not only wasteful but destructive to the individual and to the community.
   (b) Adoption of the work ethic. It is the community expectation that all individuals should work and through their efforts benefit both themselves and the community.
(c) Providing opportunities for self improvement. All individuals should have opportunities to grow and expand their skills and abilities so as to fulfill their role in the community.

(d) Linking the receipt or denial of privileges to responsible behavior and accomplishments. The individual who works to improve himself or herself and the community should be rewarded for these efforts. As a corollary, there should be no rewards for no effort.

(e) Sharing in the obligations of the community. All citizens, the public and inmates alike, have a personal and fiscal obligation in the corrections system. All communities must share in the responsibility of the corrections system.

(6) The system should provide for prudent management of resources. The avoidance of unnecessary or inefficient public expenditures on the part of offenders and the department is essential. Offenders must be accountable to the department, and the department to the public and the legislature. The human and fiscal resources of the community are limited. The management and use of these resources can be enhanced by wise investment, productive programs, the reduction of duplication and waste, and the joining together of all involved parties in a common endeavor. Since most offenders return to the community, it is wise for the state and the communities to make an investment in effective rehabilitation programs for offenders and the wise use of resources.

(7) The system should provide for restitution. Those who have damaged others, persons or property, have a responsibility to make restitution for these damages.

(8) The system should be accountable to the citizens of the state. In return, the individual citizens and local units of government must meet their responsibilities to make the corrections system effective.

(9) The system should meet those national standards which the state determines to be appropriate. [1995 1st sp.s. c 19 § 2; 1981 c 136 § 2.]

(2) By November 1 of each year, beginning in 1994, the department shall purge the inventory of real property of sites that are no longer available for the development of affordable housing. The department shall include an updated listing of real property that has become available since the last update. As used in this section, "real property" means buildings, land, or buildings and land. [1995 c 399 § 202; 1993 c 461 § 12.]

Finding—1993 c 461: See note following RCW 43.63A.510.

72.09.057 Fees for reproduction, shipment, and certification of documents and records. The department may charge reasonable fees for the reproduction, shipment, and certification of documents, records, and other materials in the files of the department. [1995 c 189 § 2.]

72.09.059 Transfer of funds to department of labor and industries for crime victims' compensation. Each year the department shall transfer twenty-five percent of the total annual revenues and receipts received in each institutional betterment fund subaccount to the department of labor and industries for the purpose of providing direct benefits to crime victims through the crime victims' compensation program as outlined in chapter 7.68 RCW. This transfer takes priority over any expenditure of betterment funds and shall be reflected on the monthly financial statements of each institution's betterment fund subaccount.

Any funds so transferred to the department of labor and industries shall be in addition to the crime victims' compensation amount provided in an omnibus appropriation bill. It is the intent of the legislature that the funds forecasted or transferred pursuant to this section shall not reduce the funding levels provided by appropriation. [1995 c 234 § 2.]

Finding—1995 c 234: "The legislature finds that the responsibility for criminal activity should fall squarely on the criminal. To the greatest extent possible society should not be expected to have to pay the price for crimes twice, once for the criminal activity and again by feeding, clothing, and housing the criminal. The corrections system should be the first place criminals are given the opportunity to be responsible for paying for their criminal act, not just through the loss of their personal freedom, but by making financial contributions to alleviate the pain and suffering of victims of crime." [1995 c 234 § 1.]

72.09.100 Inmate work program—Classes of work programs—Participation—Benefits. It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES. The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers. The correctional industries board of directors shall review these proposed industries before the department contracts to provide such products or services. The review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community and labor market.

The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES. Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations. The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to public agencies, to nonprofit organizations, and to private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization. Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons. Correctional industries products and

[1995 RCW Supp—page 877]
services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors. The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

Security and custody services shall be provided without charge by the department of corrections.

Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries. Subject to approval of the correctional industries board, provisions of RCW 41.06.380 prohibiting contracting out work performed by classified employees shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(a) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(b) Whenever possible, to provide forty hours of work or work training per week.

(c) Whenever possible, to offset tax and other public support costs.

Supervising, management, and custody staff shall be employees of the department.

All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY SERVICE PROGRAMS. Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community service order as ordered by the sentencing court.

Employment shall be in a community service program operated by the state, local units of government, or a nonprofit agency.

To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs. 72.09.130 Incentive system for participation in education and work programs—Rules—Dissemination.

(1) The department shall adopt, by rule, a system that clearly links an inmate's behavior and participation in available education and work programs with the receipt or denial of earned early release days and other privileges. The system shall include increases or decreases in the degree of liberty granted the inmate within the programs operated by the department, access to or withholding of privileges available within correctional institutions, and recommended increases or decreases in the number of earned early release days that an inmate can earn for good conduct and good performance.

(2) Earned early release days shall be recommended by the department as a reward for accomplishment. The system shall be fair, measurable, and understandable to offenders, staff, and the public. At least once in each twelve-month period, the department shall inform the offender in writing as to his or her conduct and performance. This written evaluation shall include reasons for awarding or not awarding recommended earned early release days for good conduct and good performance. An inmate is not eligible to receive earned early release days during any time in which he or she refuses to participate in an available education or work program into which he or she has been placed under RCW 72.09.460.

(3) The department shall provide each offender in its custody a written description of the system created under this section. [1995 1st sp.s. c 19 § 6; 1981 c 136 § 17.]

Findings—Purpose—Short title—Severability—Effective date—
1995 1st sp.s. c 19: See notes following RCW 72.09.450.
72.09.450 Limitation on denial of access to services and supplies—Recoupment of assessments. (1) An inmate shall not be denied access to services or supplies required by state or federal law solely on the basis of his or her inability to pay for them.

(2) The department shall record all lawfully authorized assessments for services or supplies as a debt to the department and shall recoup the assessments when the inmate’s institutional account exceeds the indigency standard. [1995 1st sp.s. c 19 § 4.]

Findings—Purpose—1995 1st sp.s. c 19: "The legislature finds the increasing number of inmates incarcerated in state correctional institutions, and the expenses associated with their incarceration, require expanded efforts to contain corrections costs. Cost containment requires improved planning and oversight, and increased accountability and responsibility on the part of inmates and the department.

The legislature further finds motivating inmates to participate in meaningful education and work programs in order to learn transferable skills and earn basic privileges is an effective and efficient way to meet the penological objectives of the corrections system.

The purpose of this act is to assure that the department fulfills its mission to reduce offender recidivism, to mirror the values of the community by clearly linking inmate behavior to receipt of privileges, and to prudently manage the resources it receives through tax dollars. This purpose is accomplished through the implementation of specific cost-control measures and creation of a planning and oversight process that will improve the department’s effectiveness and efficiencies." [1995 1st sp.s. c 19 § 1.]

Short title—1995 1st sp.s. c 19: "This act shall be known as the department of corrections cost-efficiency and inmate responsibility omnibus act." [1995 1st sp.s. c 19 § 37.]

Severability—1995 1st sp.s. c 19: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1995 1st sp.s. c 19 § 38.]

Effective date—1995 1st sp.s. c 19: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [June 15, 1995]." [1995 1st sp.s. c 19 § 40.]

72.09.460 Inmate participation in education and work programs—Legislative intent—Priorities—Rules—Department coordination and plans. (1) The legislature intends that all inmates be required to participate in department-approved education programs, work programs, or both, unless exempted under subsection (3) of this section. Eligible inmates who refuse to participate in available education or work programs available at no charge to the inmates shall lose privileges according to the system established under RCW 72.09.130. Eligible inmates who are required to contribute financially to an education or work program and refuse to contribute shall be placed in another work program. Refusal to contribute shall not result in a loss of privileges. The legislature recognizes more inmates may agree to participate in education and work programs than are available. The department must make every effort to achieve maximum public benefit by placing inmates in available and appropriate education and work programs.

(2) The department shall, to the extent possible and considering all available funds, prioritize its resources to meet the following goals for inmates in the order listed:

(a) Achievement of basic academic skills through obtaining a high school diploma or its equivalent and achievement of vocational skills necessary for purposes of work programs and for an inmate to qualify for work upon release;

(b) Additional work and education programs based on assessments and placements under subsection (4) of this section; and

(c) Other work and education programs as appropriate.

(3) The department shall establish, by rule, objective medical standards to determine when an inmate is physically or mentally unable to participate in available education or work programs. When the department determines an inmate is permanently unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement under subsection (1) of this section. When the department determines an inmate is temporarily unable to participate in an education or work program due to a medical condition, the inmate is exempt from the requirement of subsection (1) of this section for the period of time he or she is temporarily disabled. The department shall periodically review the medical condition of all temporarily disabled inmates to ensure the earliest possible entry or reentry by inmates into available programming.

(4) The department shall establish, by rule, standards for participation in department-approved education and work programs. The standards shall address the following areas:

(a) Assessment. The department shall assess all inmates for their basic academic skill levels using a professionally accepted method of scoring reading, math, and language skills as grade level equivalents. The department shall determine an inmate’s education history, work history, and vocational or work skills. The initial assessment shall be conducted, whenever possible, within the first thirty days of an inmate’s entry into the correctional system, except that initial assessments are not required for inmates who are sentenced to life without the possibility of release, assigned to an intensive management unit within the first thirty days after entry into the correctional system, are returning to the correctional system within one year of a prior release, or whose physical or mental condition renders them unable to complete the assessment process. The department shall track and record changes in the basic academic skill levels of all inmates reflected in any testing or assessment performed as part of their education programming;

(b) Placement. The department shall follow the policies set forth in subsection (1) of this section in establishing criteria for placing inmates in education and work programs. The department shall, to the extent possible, place all inmates whose composite grade level score for basic academic skills is below the eighth grade level in a combined education and work program. The placement criteria shall include at least the following factors:

(i) An inmate’s release date and custody level, except an inmate shall not be precluded from participating in an education or work program solely on the basis of his or her release date;

(ii) An inmate’s education history and basic academic skills;

(iii) An inmate’s work history and vocational or work skills;

(iv) An inmate’s economic circumstances, including but not limited to an inmate’s family support obligations; and

(v) Where applicable, an inmate’s prior performance in department-approved education or work programs;

[1995 RCW Supp—page 879]
(c) Performance and goals. The department shall establish, and periodically review, inmate behavior standards and program goals for all education and work programs. Inmates shall be notified of applicable behavior standards and program goals prior to placement in an education or work program and shall be removed from the education or work program if they consistently fail to meet the standards or goals;

(d) Financial responsibility. (i) The department shall establish a formula by which inmates, based on their ability to pay, shall pay all or a portion of the costs or tuition of certain programs. Inmates shall, based on the formula, pay a portion of the costs or tuition of participation in:

(A) Second and subsequent vocational programs associated with an inmate's work programs; and

(B) An associate of arts or baccalaureate degree program when placement in a degree program is the result of a placement made under this subsection;

(ii) Inmates shall pay all costs and tuition for participation in:

(A) Any postsecondary academic degree program which is entered independently of a placement decision made under this subsection; and

(B) Second and subsequent vocational programs not associated with an inmate's work program.

Enrollment in any program specified in (d)(ii) of this subsection shall only be allowed by correspondence or if there is an opening in an education or work program at the institution where an inmate is incarcerated and no other inmate who is placed in a program under this subsection will be displaced; and

(e) Notwithstanding any other provision in this section, an inmate sentenced to life without the possibility of release:

(i) Shall not be required to participate in education programming; and

(ii) May receive not more than one postsecondary academic degree in a program offered by the department or its contracted providers.

If an inmate sentenced to life without the possibility of release requires prevocational or vocational training for a work program, he or she may participate in the training subject to this section.

(5) The department shall coordinate education and work programs among its institutions, to the greatest extent possible, to facilitate continuity of programming among inmates transferred between institutions. Before transferring an inmate enrolled in a program, the department shall consider the effect the transfer will have on the inmate's ability to continue or complete a program. This subsection shall not be used to delay or prohibit a transfer necessary for legitimate safety or security concerns.

(6) Before construction of a new correctional institution or expansion of an existing correctional institution, the department shall adopt a plan demonstrating how cable, closed-circuit, and satellite television will be used for education and training purposes in the institution. The plan shall specify how the use of television in the education and training programs will improve inmates' preparedness for available work programs and job opportunities for which inmates may qualify upon release.

(7) The department shall adopt a plan to reduce the per-pupil cost of instruction by, among other methods, increasing the use of volunteer instructors and implementing technological efficiencies. The plan shall be adopted by December 1996 and shall be transmitted to the legislature upon adoption. The department shall, in adoption of the plan, consider distance learning, satellite instruction, video tape usage, computer-aided instruction, and flexible scheduling of offender instruction.

(8) Following completion of the review required by section 27(3), chapter 19, Laws of 1995 1st sp. sess. the department shall take all necessary steps to assure the vocation and education programs are relevant to work programs and skills necessary to enhance the employability of inmates upon release. [1995 1st sp.s. c 19 § 5]

72.09.470 Inmate contributions for cost of privileges—Standards. To the greatest extent practical, all inmates shall contribute to the cost of privileges. The department shall establish standards by which inmates shall contribute a portion of the department’s capital costs of providing privileges, including television cable access, extended family visitation, weight lifting, and other recreational sports equipment and supplies. The standards shall also require inmates to contribute a significant portion of the department’s operating costs directly associated with providing privileges, including staff and supplies. Inmate contributions may be in the form of individual user fees assessed against an inmate’s institution account, deductions from an inmate’s gross wages or gratuities, or inmates’ collective contributions to the institutional welfare/betterment fund. The department shall make every effort to maximize individual inmate contributions to payment for privileges. The department shall not limit inmates’ financial support for privileges to contributions from the institutional welfare/betterment fund. The standards shall consider the assets available to the inmates, the cost of administering compliance with the contribution requirements, and shall promote a responsible work ethic. [1995 1st sp.s. c 19 § 7]

Findings—Purpose—Short title—Severability—Effective date—1995 1st sp.s. c 19: See notes following RCW 72.09.450.

72.09.480 Inmate funds subject to deductions. When an inmate receives any funds in addition to his or her wages or gratuities, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW. [1995 1st sp.s. c 19 § 8]

Findings—Purpose—Short title—Severability—Effective date—1995 1st sp.s. c 19: See notes following RCW 72.09.450.

(a) Notify the appropriate legislative committees of the proposed change; and

(b) Notify the committee created under RCW 72.09.570 of the proposed change. The department shall seek the advice of the committee established under RCW 72.09.570 and other appropriate committees on all proposed changes and shall, before the effective date of any change, offer the
committees an opportunity to provide input on proposed changes.

(2) In addition to its duties under chapter 34.05 RCW, the department shall provide the committee established under RCW 72.09.570 and other appropriate committees of the legislature a written copy of any proposed adoption, revision, or repeal of any rule relating to extended family visitation. Except for adoption, revision, or repeal of a rule on an emergency basis, the copy shall be provided not fewer than thirty days before any public hearing scheduled on the rule. 72.09.500 Prohibition on weight-lifting. An inmate found by the superintendent in the institution in which the inmate is incarcerated to have committed an aggravated assault against another person, under rules adopted by the department, is prohibited from participating in weight lifting for a period of two years from the date the finding is made. At the conclusion of the two-year period the superintendent shall review the inmate’s infraction record to determine if additional weight-lifting prohibitions are appropriate. If, based on the review, it is determined by the superintendent that the inmate poses a threat to the safety of others or the order of the facility, or otherwise does not meet requirements for the weight-lifting privilege, the superintendent may impose an additional reasonable restriction period. Purchases of recreational equipment following June 15, 1995, shall be cost-effective and, to the extent possible, minimize an inmate’s ability to substantially increase muscle mass. Dietary supplements made for the sole purpose of increasing muscle mass shall not be available for purchase by inmates unless prescribed by a physician for medical purposes or for inmates officially competing in department-sanctioned competitive weight lifting. 72.09.530 Prohibition on receipt or possession of contraband—Rules. The rule shall provide consistent maximum protection of legitimate penological interests, including prison security and order and deterrence of criminal activity. The rule shall protect the legitimate interests of the public and inmates in the exchange of ideas. The secretary shall establish a method of reviewing all incoming and outgoing material, consistent with constitutional constraints, for the purpose of confiscating anything determined to be contraband. The secretary shall consult regularly with the committee created under RCW 72.09.570 on the development of the policy and implementation of the rule. [1995 1st sp.s. c 19 § 13.]

1995 1st sp.s. c 19: See notes following RCW 72.09.450.

72.09.540 Inmate name change—Limitations on use—Penalty. The department may require an offender who obtains an order under RCW 42.44.130 to use the name under which he or she was committed to the department during all official communications with department personnel and in all matters relating to the offender’s incarceration or community supervision. An offender officially communicating with the department may also use his or her new name in addition to the name under which he or she was committed. Violation of this section is a misdemeanor. The plan shall include recommendations on meeting the following goals: (a) Expedited deportation of alien offenders; (b) reduced daily costs of incarceration; (c) enhanced public benefit through an emphasis on inmate work and exemption from education programs other than those programs necessary for offenders to understand and follow directions; (d) minimum access to privileges; and (e) maximized use of nonstate resources for the costs of incarceration.

(3) In preparing the plan, the secretary shall address at least the following: (a) Eligibility criteria for prompt admission to the camp; (b) whether to have a minimum and maximum length of stay in the camp; (c) operational elements including residential arrangements, inmate conduct and programming standards, and achieving maximum cooperation with the United States government to expedite deportation of alien offenders and reduce the likelihood that alien offenders who complete the camp will avoid deportation; (d) mitigating adverse impacts the camp may have on other offender programs; (e) meeting the goals set forth in this section; and (f) any state law and fiscal issues that are necessary for implementation of the camp.

(4) The department shall consult with all appropriate public safety organizations and the committee created under RCW 72.09.570 in developing the plan. [1995 1st sp.s. c 19 § 21.]

The department shall prepare a health profile for each offender that includes at least the following information: (a) An identification of the offender's serious medical and dental needs; (b) an evaluation of the offender's capacity for work and recreation; and (c) a financial assessment of the offender's ability to pay for all or a portion of his or her health care services from personal resources or private insurance.

(2)(a) The department may develop and implement a plan for the delivery of health care services and personal hygiene items to offenders in the department's correctional facilities, at the discretion of the secretary, and in conformity with federal law.

(b) To discourage unwarranted use of health care services caused by unnecessary visits to health care providers, offenders shall participate in the costs of their health care services by paying a nominal amount of no less than three dollars per visit, as determined by the secretary. Under the authority granted in RCW 72.01.050(2), the secretary may authorize the superintendent to collect this amount directly from an offender's institution account. All copayments collected from offenders' institution accounts shall be deposited into the general fund.

(c) Offenders are required to make copayments for initial health care visits that are offender initiated and, by rule adopted by the department, may be charged a copayment for subsequent visits related to the medical condition which caused the initial visit. Offenders are not required to pay for emergency treatment or for visits initiated by health care staff or treatment of those conditions that constitute a serious health care need.

(d) No offender may be refused any health care service because of indigence.

(e) At no time shall the withdrawal of funds for the payment of a medical service copayment result in reducing an offender's institution account to an amount less than the level of indigency as defined in chapter 72.09 RCW.

(3)(a) The department shall report annually to the legislature the following information for the fiscal year preceding the report: (i) The total number of health care visits made by offenders; (ii) the total number of copayments assessed; (iii) the total dollar amount of copayments collect-
ed; (iv) the total number of copayments not collected due to an offender's indigency; and (v) the total number of copayments not assessed due to the serious or emergent nature of the health care treatment or because the health care visit was not offender initiated.

(b) The first report required under this section shall be submitted not later than October 1, 1996, and shall include, at a minimum, all available information collected through the second half of fiscal year 1996. This subsection (3)(b) shall expire December 1, 1996.

(4)(a) The secretary shall adopt, by rule, a uniform policy relating to the distribution and replenishment of personal hygiene items for inmates incarcerated in all department institutions. The policy shall provide for the initial distribution of adequate personal hygiene items to inmates upon their arrival at an institution.

(b) The acquisition of replenishment personal hygiene items is the responsibility of inmates, except that indigent inmates shall not be denied adequate personal hygiene items based on their inability to pay for them.

(c) The policy shall provide that the replenishment personal hygiene items be distributed to inmates only in authorized quantities and at intervals that reflect prudent use and customary wear and consumption of the items.

(5) The following become a debt and are subject to RCW 72.09.450:

(a) All copayments under subsection (2) of this section that are not collected when the visit occurs; and

(b) All charges for replenishment personal hygiene items that are not collected when the item is distributed. [1995 1st sp.s. c 19 § 17; 1989 c 157 § 3.]

Title 74 RCW: Public Assistance

74.08.290 Suspension of payments—Need lapse—Imprisonment—Conviction under RCW 74.08.331. The department is hereby authorized to suspend temporarily the public assistance granted to any person for any period during which such person is not in need thereof.

If a recipient is convicted of any crime or offense, and punished by imprisonment, no payment shall be made during the period of imprisonment.

If a recipient is convicted of unlawful practices under RCW 74.08.331, no payment shall be made for a period to be determined by the court, but in no event less than six months upon the first conviction and no less than twelve months for a second or subsequent violation. This suspension of public assistance shall apply regardless of whether the recipient is subject to complete or partial confinement upon conviction, or incurs some lesser penalty. Finding—1995 c 79: "The legislature finds that welfare fraud damages the state's ability to use its limited resources to help those in need who legitimately qualify for assistance. In addition, it affects the credibility and integrity of the system, promoting disdain for the law.

Persons convicted of committing such fraud should be barred, for a period of time, from receiving additional public assistance." [1995 c 79 § 1.]

The responsibilities stated in RCW 13.32A.090 may, in any of the centers, be carried out by the department.

(5) The secure facilities located within crisis residential centers shall be operated to conform with the definition in RCW 13.32A.030. The facilities shall have an average of no more than three adult staff members to every eight children. The staffing ratio shall continue to ensure the safety of the children.

(6) A center with secure facilities created under this section may not be located within, or on the same grounds as, other secure structures including jails, juvenile detention facilities operated by the state, or units of local government. However, the secretary may, following consultation with the appropriate county legislative authority, make a written finding that location of a center with secure facilities on the same grounds as another secure structure is the only practical location for a secure facility. Upon the written finding a secure facility may be located on the same grounds as the secure structure. Where a center is located in or adjacent to a secure juvenile detention facility, the center shall be operated in a manner that prevents in-person contact between the residents of the center and the persons held in such center's secure facility for any service delivered or provided to the residents of the center and the persons held in such facility. If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 13.32A.130.

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. (2) Except as otherwise provided in this section, the persons from whom and about whom the record or information is sought shall be served with a summons and a petition at least seven calendar days prior to a hearing on the petition. At the time of such review and at other times when changed conditions, including variations in medical opinions, prognosis and costs, are deemed by the secretary to warrant such action, appropriate adjustments in payments shall be made based upon changes in the needs of the child, in the adoptive parents' income, resources, and expenses for the care of such child or other members of the family, including medical and/or hospitalization expense not otherwise covered by or subject to reimbursement from insurance or other sources of financial assistance.

In carrying on the review process authorized by RCW 26.33.320 and 74.13.100 through 74.13.145 the secretary may require the adoptive parent or parents to disclose such additional financial information, not privileged, as may enable him or her to make determinations and adjustments in support to the end that the purposes and policies of this state expressed in RCW 74.13.100 may be carried out, provided that no adoptive parent or parents shall be obliged, by virtue of this section, to sign any agreement or other writing waiving any constitutional right or privilege nor to admit to his or her home any agent, employee, or official of any department of this state, or of the United States government.

Such information shall be marked "confidential" by the secretary, shall be used by him or her solely for the purposes of RCW 26.33.320 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution, or agency, public or private, including agencies of the United States government other than a superior court judge or commission before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 is then pending. [1995 c 270 § 3; 1985 c 7 § 139; 1971 ex.s. c 63 § 8.]

74.13.280 Client information. (1) Except as provided in RCW 70.24.105, whenever a child is placed in out-of-home care by the department or a child-placing agency, the department or agency may share information about the child and the child's family with the care provider and may consult with the care provider regarding the child's case plan. If the child is dependent pursuant to a proceeding under chapter 13.34 RCW, the department or agency shall keep the care provider informed regarding the dates and location of dependency review and permanency planning hearings pertaining to the child.

(2) Any person who receives information about a child or a child's family pursuant to this section shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law.

(3) Nothing in this section shall be construed to limit the authority of the department or child-placing agencies to disclose client information or to maintain client confidentiality as provided by law. [1995 c 311 § 21; 1991 c 340 § 4; 1990 c 284 § 10.]

Chapter 74.14C  Title 74 RCW: Public Assistance

74.14C.005 Findings and intent. (1) The legislature believes that protecting the health and safety of children is paramount. The legislature recognizes that the number of children entering out-of-home care is increasing and that a number of children receive long-term foster care protection. Reasonable efforts by the department to shorten out-of-home placement or avoid it altogether should be a major focus of the child welfare system. It is intended that providing up-front services decrease the number of children entering out-of-home care and have the effect of eventually lowering foster care expenditures and strengthening the family unit.

Within available funds, the legislature directs the department to focus child welfare services on protecting the child, strengthening families and, to the extent possible, providing necessary services in the family setting, while drawing upon the strengths of the family. The legislature intends services be locally based and offered as early as possible to avoid disruption to the family, out-of-home placement of the child, and entry into the dependency system. The legislature also intends that these services be used for those families whose children are returning to the home from out-of-home care. These services are known as family preservation services and intensive family preservation services and are characterized by the following values, beliefs, and goals:

(a) Safety of the child is always the first concern;
(b) Children need their families and should be raised by their own families whenever possible;
(c) Interventions should focus on family strengths and be responsive to the individual family’s cultural values and needs;
(d) Participation should be voluntary; and
(e) Improvement of family functioning is essential in order to promote the child’s health, safety, and welfare and thereby allow the family to remain intact and allow children to remain at home.

(2) Subject to the availability of funds for such purposes, the legislature intends for these services to be made available to all eligible families on a state-wide basis through a phased-in process. Except as otherwise specified by statute, the department of social and health services shall have the authority and discretion to implement and expand these services as provided in this chapter. The department shall consult with the community public health and safety networks when assessing a community’s resources and need for services.

(3) It is the legislature’s intent that, within available funds, the department develop services in accordance with this chapter.

(4) Nothing in this chapter shall be construed to create an entitlement to services nor to create judicial authority to order the provision of preservation services to any person or family if the services are unavailable or unsuitable or that the child or family are not eligible for such services. [1995 c 311 § 1; 1992 c 214 § 1.]

[1995 RCW Supp—page 893]
(a) The child has been placed out-of-home or is at imminent risk of an out-of-home placement due to:
   (i) Child abuse or neglect;
   (ii) A serious threat of substantial harm to the child's health, safety, or welfare; or
   (iii) Family conflict; and
(b) There are no other reasonably available services including family preservation services that will prevent out-of-home placement of the child or make it possible to immediately return the child home.

(2) The department shall refer eligible families to intensive family preservation services on a twenty-four hour intake basis. The department need not refer otherwise eligible families, and intensive family preservation services need not be provided, if:
   (a) The services are not available in the community in which the family resides;
   (b) The services cannot be provided because the program is filled to capacity and there are no current service openings;
   (c) The family refuses the services;
   (d) The department, or the agency that is supervising the foster care placement, has developed a case plan that does not include reunification of the child and family; or
   (e) The department or the service provider determines that the safety of a child, a family member, or persons providing the service would be unduly threatened.

(3) Nothing in this chapter shall prevent provision of intensive family preservation services to nonfamily members when the department or the service provider deems it necessary or appropriate to do so in order to assist the family or child. [1995 c 311 § 6; 1992 c 214 § 5.]

74.14C.040 Family preservation services—Eligibility criteria. (1) Family preservation services may be provided to children and their families only when the department has determined that without intervention, the child faces a substantial likelihood of out-of-home placement due to:
   (a) Child abuse or neglect;
   (b) A serious threat of substantial harm to the child's health, safety, or welfare; or
   (c) Family conflict.
   (2) The department need not refer otherwise eligible families and intensive family preservation services need not be provided, if:
      (a) The services are not available in the community in which the family resides;
      (b) The services cannot be provided because the program is filled to capacity;
      (c) The family refuses the services; or
      (d) The department or the service provider determines that the safety of a child, a family member, or persons providing the services would be unduly threatened.

(3) Nothing in this chapter shall prevent provision of family preservation services to nonfamily members when the department or the service provider deems it necessary or appropriate to do so in order to assist the family or the child. [1995 c 311 § 7.]

74.14C.050 Implementation and evaluation plan. By December 1, 1995, the department, with the assistance of the family policy council, two urban and two rural public health and safety networks to be chosen by the family policy council, and two private, nonprofit agencies with expertise and experience in preservation services shall submit to the legislature an implementation and evaluation plan that identifies:

(1) A valid and reliable process that can be used by caseworkers for accurately identifying clients who are eligible for intensive family preservation services and family preservation services. The plan shall recognize the due process rights of families that receive preservation services and recognize that family preservation services are not intended to be investigative for purposes of chapter 13.34 RCW;

(2) Necessary data by which program success will be measured, projections of service needs, budget requests, and long-range planning;

(3) Regional and state-wide projections of service needs;

(4) A cost estimate for state-wide implementation and expansion of preservation services on a phased-in basis beginning no later than July 1, 1996;

(5) A plan and time frame for phased-in implementation of preservation services on a state-wide basis to be accomplished as soon as possible but no later than July 1, 1997;

(6) Data regarding the number of children in foster care, group care, institutional placements, and other out-of-home placements due to medical needs, mental health needs, developmental disabilities, and juvenile offenses, and an assessment of the feasibility of providing preservation services to include all of these children;

(7) Standards and outcome measures for the department when the department provides preservation services directly; and

(8) A process to assess outcome measures identified in RCW 74.14C.030 for contractors providing preservation services. [1995 c 311 § 9; 1992 c 214 § 6.]

74.14C.060 Funds, volunteer services. For the purpose of providing preservation services the department may:

(1) Solicit and use any available federal or private resources, which may include funds, in-kind resources, or volunteer services; and

(2) Use any available state resources, which may include in-kind resources or volunteer services. [1995 c 311 § 10; 1992 c 214 § 7.]

74.14C.065 Federal funds. Any federal funds made available under RCW 74.14C.060 shall be used to supplement and shall not supplant state funds to carry out the purposes of this chapter. However, during the 1995-97 fiscal biennium, federal funds made available under RCW 74.14C.060 may be used to supplant state funds to carry out the purposes of this chapter. [1995 2nd sp.s. c 18 § 922; 1992 c 214 § 11.]

Severability—Effective date—1995 2nd sp.s. c 18: See notes following RCW 19.118.110.

74.14C.070 Appropriations—Transfer of funds from foster care services to family preservation services—Annual report. The secretary of social and health
services, or the secretary's regional designee, may transfer funds appropriated for foster care services to purchase preservation services and other preventive services for children at imminent risk of out-of-home placement or who face a substantial likelihood of out-of-home placement. This transfer may be made in those regions that lower foster care expenditures through efficient use of preservation services and permanency planning efforts. The transfer shall be equivalent to the amount of reduced foster care expenditures and shall be made in accordance with the provisions of this chapter and with the approval of the office of financial management. The secretary shall present an annual report to the legislature regarding any transfers under this section. The secretary shall include caseload, expenditure, cost avoidance, identified improvements to the out-of-home care system, and outcome data related to the transfer in the report. The secretary shall also include in the report information regarding: (1) The percent of cases where a child is placed in out-of-home care after the provision of intensive family preservation services or family preservation services; (2) the average length of time before such child is placed out-of-home; (3) the average length of time such child is placed out-of-home; and (4) the number of families that refused the offer of either family preservation services or intensive family preservation services. [1995 c 311 § 9.]

Funds transfer review: "The juvenile issues task force established under chapter 234, Laws of 1991, shall review the advisability of transferring appropriated funds from foster care to purchase family preservation services for children at imminent risk of foster care placement and include findings and recommendations on the transfer of funds to the appropriate committees of the senate and house of representatives by December 15, 1992. The task force shall identify ways to improve the foster care system and expand family preservation services with the savings generated by avoiding the placement of children at imminent risk of foster care placement through the provision of family preservation services." [1992 c 214 § 10.]

74.14C.080 Data collection—Reports to the legislature. The department shall collect data regarding the rates at which intensive family preservation services prevent out-of-home placements over varying periods of time. The department shall make an initial report to the appropriate committees of the legislature of the data, and the proposed rules to implement this section, by December 1, 1995. The department shall present a report to the appropriate committees of the legislature on September 1st of each odd-numbered year, commencing on September 1, 1997. [1995 c 311 § 5.]

74.14C.090 Reports on referrals and services. Each department caseworker who refers a client for preservation services shall file a report with his or her direct supervisor stating the reasons for which the client was referred. The caseworker's supervisor shall verify in writing his or her belief that the family who is the subject of a referral for preservation services meets the eligibility criteria for services as provided in this chapter. The direct supervisor shall report monthly to the regional administrator on the provision of these services. The regional administrator shall report to the assistant secretary quarterly on the provision of these services for the entire region. The assistant secretary shall make a semiannual report to the secretary on the provision of these services on a state-wide basis. [1995 c 311 § 8.]

74.14C.100 Training and consultation for department personnel—Training for judges and service providers. (1) The department shall, within available funds, provide for ongoing training and consultation to department personnel to carry out their responsibilities effectively. Such training may:

(d) Address crisis intervention and other strategies for the management of depression, and suicidal, assaultive, and other high-risk behavior; and

(e) Address skills in collaborating with other disciplines and services in promoting the safety of children and other family members and promoting the preservation of the family.

(2) The department and the office of the administrator for the courts shall, within available funds, collaborate in providing training to judges, and others involved in the provision of services pursuant to this title, including service providers, on the function and use of preservation services. 74.15.030 Powers and duties of secretary. The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or
different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:
(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;
(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;
(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;
(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;
(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.060 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;
(4) On reports of child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;
(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;
(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;
(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;
(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with the child care coordinating committee and other affected groups for child day-care requirements and with the children's services advisory committee for requirements for other agencies; and

74.15.080 Access to agencies, records. All agencies subject to chapter 74.15 RCW and RCW 74.13.031 shall accord the department of social and health services, the secretary of health, the chief of the Washington state patrol, and the director of fire protection, or their designees, the right of entrance and the privilege of access to and inspection of records for the purpose of determining whether or not there is compliance with the provisions of chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted thereunder. [1995 c 369 § 63; 1989 1st ex.s. c 9 § 266; 1986 c 266 § 124; 1979 c 141 § 359; 1967 c 172 § 8.]

74.15.100 License application, issuance, duration—Reclassification. Each agency shall make application for a license or renewal of license to the department of social and health services on forms prescribed by the department. A licensed agency having foster-family homes under its supervision may make application for a license on behalf of any such foster-family home. Such a foster home license shall cease to be valid when the home is no longer under the supervision of that agency. Upon receipt of such application, the department shall either grant or deny a license within ninety days unless the application is for licensure as a foster-family home, in which case RCW 74.15.040 shall govern. A license shall be granted if the agency meets the minimum requirements set forth in chapter 74.15 RCW and RCW 74.13.031 and the departmental requirements consistent herewith, except that an initial license may be issued as provided in RCW 74.15.120. Licenses provided for in chapter 74.15 RCW and RCW 74.13.031 shall be issued for a period of three years. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed foster-family and family day-care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move, except that for the foster-family home this will apply only if the family remains intact. [1995 c 302 § 8; 1982 c 118 § 11; 1979 c 141 § 360; 1967 c 172 § 10.]

Intent—1995 c 302: See note following RCW 74.15.010.

74.15.120 Initial licenses. The secretary of social and health services may, at his or her discretion, issue an initial license instead of a full license, to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license. An initial license shall not be granted to any foster-family home except as specified in this section. An initial license may be granted to a foster-family home only if the following three conditions are met: (1) The license is limited so that the licensee is authorized to provide care only to a specific child or specific children; (2) the department has determined that the licensee has a relationship with the child, and the child is comfortable with the licensee, or that it would otherwise be in the child's best interest to remain or be placed in the licensee's home; and (3) the initial license is issued for a period not to exceed ninety days. [1995 c 311 § 22; 1979 c 141 § 361; 1967 c 172 § 12.]

74.15.125 Probationary licenses. (1) The department may issue a probationary license to a licensee who has had a license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(3) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(4) An existing license is invalidated when a probationary license is issued.

(5) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(6) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license. [1995 c 302 § 7.]

Intent—1995 c 302: See note following RCW 74.15.010.

74.15.130 Licenses—Denial, suspension, revocation, modification—Procedures—Adjudicative proceedings—
Penalties. (1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care;
(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or
(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding.

The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties. [1995 c 302 § 5; 1989 c 175 § 149; 1982 c 118 § 12; 1979 c 141 § 362; 1967 c 172 § 13.]

Intent—1995 c 302: See note following RCW 74.15.010.

Effective date—1989 c 175: See note following RCW 34.05.010.

74.15.132 Adjudicative proceedings—Training for administrative law judges. (1) The office of administrative hearings shall not assign nor allow an administrative law judge to preside over an adjudicative hearing regarding denial, modification, suspension, or revocation of any license to provide child care, including foster care, under this chapter, unless such judge has received training related to state and federal laws and department policies and procedures regarding:

(a) Child abuse, neglect, and maltreatment;
(b) Child protective services investigations and standards;
(c) Licensing activities and standards;
(d) Child development; and
(e) Parenting skills.

(2) The office of administrative hearings shall develop and implement a training program that carries out the requirements of this section. The office of administrative hearings shall consult and coordinate with the department in developing the training program. The department may assist the office of administrative hearings in developing and providing training to administrative law judges. [1995 c 302 § 6.]

Intent—1995 c 302: See note following RCW 74.15.010.

Chapter 74.34

ABUSE OF VULNERABLE ADULTS

Sections

74.34.010 Legislative findings—Intent. The legislature finds that frail elders and vulnerable adults may be subjected to abuse, neglect, exploitation, or abandonment. The legislature finds that there are a number of adults sixty years of age or older who lack the ability to perform or obtain those services necessary to maintain or establish their well-being. The legislature finds that many frail elders and vulnerable adults have health problems that place them in a dependent position. The legislature further finds that a significant number of frail elders and vulnerable adults have mental and verbal limitations that leave them vulnerable and incapable of asking for help and protection.

It is the intent of the legislature to prevent or remedy the abuse, neglect, exploitation, or abandonment of persons
sixty years of age or older who have a functional, mental, or physical inability to care for or protect themselves.

It is the intent of the legislature to assist frail elders and vulnerable adults by providing these persons with the protection of the courts and with the least-restrictive services, such as home care, and by preventing or reducing inappropriate institutional care. The legislature finds that it is in the interests of the public health, safety, and welfare of the people of the state to provide a procedure for identifying these vulnerable persons and providing them with services and remedies necessary for their well-being. [1995 1st sp.s. c 18 § 82; 1984 c 97 § 7.]

Abuse of Vulnerable Adults 74.34.010

74.34.015 Protection of frail elders and vulnerable adults—Legislative findings and intent. The legislature finds that frail elders and vulnerable adults who are abused, neglected, abandoned, or exploited may need the protection of the courts. The legislature further finds that many of these elderly or vulnerable persons may be homebound or otherwise may be unable to represent themselves in court or to retain legal counsel in order to obtain the relief available to them under this chapter.

It is the intent of the legislature to improve access to the courts for victims of abuse, neglect, exploitation, and abandonment in order to protect the state’s frail elderly and vulnerable adults. [1995 1st sp.s. c 18 § 83; 1986 c 187 § 4. Formerly RCW 74.34.100.]

74.34.200 Abuse, neglect, exploitation, or abandonment of frail elder or vulnerable adult—Cause of action for damages—Legislative intent. (1) In addition to other remedies available under the law, a frail elder or vulnerable adult or a person age eighteen or older who has been subjected to abuse, neglect, exploitation, or abandonment either while residing in a long-term care facility or in the case of a person in the care of a home health, hospice, or home care agency, residing at home, shall have a cause of action for damages on account of his or her injuries, pain and suffering, and loss of property sustained thereby. This action shall be available where the defendant is or was a corporation, trust, unincorporated association, partnership, administrator, employee, agent, officer, partner, or director of a long-term care facility, such as a nursing home or boarding home, that is licensed or required to be licensed under chapter 18.20, 18.51, 72.36, or 70.128 RCW, or of a home health, hospice, or home care agency licensed or required to be licensed under chapter 70.127 RCW, as now or subsequently designated.

(2) It is the intent of the legislature, however, that where there is a dispute about the care or treatment of a frail elder or vulnerable adult, the parties should use the least formal means available to try to resolve the dispute. Where feasible, parties are encouraged but not mandated to employ direct discussion with the health care provider, use of the long-term care ombudsman or other intermediaries, and, when necessary, recourse through licensing or other regulatory authorities.

(3) In an action brought under this section, a prevailing plaintiff shall be awarded his or her actual damages, together with the costs of the suit, including a reasonable attorney's fee. The term "costs" includes, but is not limited to, the reasonable fees for a guardian, guardian ad litem, and experts, if any, that may be necessary to the litigation of a claim brought under this section. A petition for an order for protection or an action for damages under this chapter may be brought by the plaintiff, or by necessity, by his or her family members and/or guardian or legal fiduciary, or as otherwise provided under this chapter. The death of the plaintiff shall not deprive the court of jurisdiction over a petition or claim brought under this chapter. Upon petition, after the death of the vulnerable person, the right to initiate or maintain the action shall be transferred to the executor or administrator of the deceased, for the benefit of the surviving spouse, child or children, or other heirs set forth in chapter 4.20 RCW. [1995 1st sp.s. c 18 § 86.]

Chapter 74.39
LONG-TERM CARE SERVICE OPTIONS—EXPANSION

74.39.005 Purpose. The purpose of this chapter is to:
(1) Establish a balanced range of health, social, and supportive services that deliver long-term care services to chronically, functionally disabled persons of all ages;
(2) Ensure that functional ability shall be the determining factor in defining long-term care service needs and that these needs will be determined by a uniform system for comprehensively assessing functional disability;
(3) Ensure that services are provided in the most independent living situation consistent with individual needs;
(4) Ensure that long-term care service options shall be developed and made available that enable functionally disabled persons to continue to live in their homes or other community residential facilities while in the care of their families or other volunteer support persons;
(5) Ensure that long-term care services are coordinated in a way that minimizes administrative cost, eliminates unnecessarily complex organization, minimizes program and service duplication, and maximizes the use of financial resources in directly meeting the needs of persons with functional limitations;
(6) Develop a systematic plan for the coordination, planning, budgeting, and administration of long-term care services now fragmented between the division of developmental disabilities, division of mental health, aging and adult services administration, division of children and family services, division of vocational rehabilitation, office on AIDS, division of health, and bureau of alcohol and substance abuse;
(7) Encourage the development of a state-wide long-term care case management system that effectively coordinates the plan of care and services provided to eligible clients;
(8) Ensure that individuals and organizations affected by or interested in long-term care programs have an opportunity to participate in identification of needs and priorities, policy development, planning, and development, implementation, and monitoring of state supported long-term care programs;
(9) Support educational institutions in Washington state to assist in the procurement of federal support for expanded research and training in long-term care; and
(10) Facilitate the development of a coordinated system of long-term care education that is clearly articulated between all levels of higher education and reflective of both in-home care needs and institutional care needs of functionally disabled persons. [1995 1st sp.s. c 18 § 10; 1989 c 427 § 2.]

waiver options, and state plan services; and (b) be authorized
to use funds available under its community options program
entry system waiver granted under section 1915(c) of the
federal social security act to expand the availability of in-
home, adult residential care, adult family homes, enhanced
adult residential care, and assisted living services. By June
30, 1997, the department shall undertake to reduce the
nursing home medicaid census by at least one thousand six
hundred by assisting individuals who would otherwise
require nursing facility services to obtain services of their
choice, including assisted living services, enhanced adult
residential care, and other home and community services. If
a resident, or his or her legal representative, objects to a
discharge decision initiated by the department, the resident
shall not be discharged if the resident has been assessed and
determined to require nursing facility services. In contract-
ing with nursing homes and boarding homes for enhanced
adult residential care placements, the department shall not
require, by contract or through other means, structural
modifications to existing building construction.
(3)(a) The department shall by rule establish payment
rates for home and community services that support the
provision of cost-effective care.
(b) The department may authorize an enhanced adult
residential care rate for nursing homes that temporarily or
permanently convert their bed use for the purpose of
providing enhanced adult residential care under chapter 70.38
RCW, when the department determines that payment of an
enhanced rate is cost-effective and necessary to foster
expansion of contracted enhanced adult residential care
services. As an incentive for nursing homes to permanently
convert a portion of its nursing home bed capacity for the
purpose of providing enhanced adult residential care, the
department may authorize a supplemental add-on to the
enhanced adult residential care rate.
(c) The department may authorize a supplemental
assisted living services rate for up to four years for facilities
that convert from nursing home use and do not retain rights
to the converted nursing home beds under chapter 70.38
RCW, if the department determines that payment of a
supplemental rate is cost-effective and necessary to foster
expansion of contracted assisted living services. [1995 1st

department shall work in partnership with hospitals in
assisting patients and their families to find long-term care
services of their choice. The department shall not delay
hospital discharges but shall assist and support the activities
of hospital discharge planners. The department also shall
coordinate with home health and hospice agencies whenever appropriate. (1) To the extent of available funds, the department shall assess individuals who:
(a) Are medicaid clients, medicaid applicants, or eligible for both medicare and medicaid; and
(b) Apply or are likely to apply for admission to a nursing facility.

(2) For individuals who are reasonably expected to become medicaid recipients within one hundred eighty days of admission to a nursing facility, the department shall, to the extent of available funds, offer an assessment and information regarding appropriate in-home and community services.

(3) When the department finds, based on assessment, that the individual prefers and could live appropriately and cost-effectively at home or in some other community-based setting, the department shall:
(a) Advise the individual that an in-home or other community service is appropriate;
(b) Develop, with the individual or the individual’s representative, a comprehensive community service plan;
(c) Inform the individual regarding the availability of services that could meet the applicant’s needs as set forth in the community service plan and explain the cost to the applicant of the available in-home and community services relative to nursing facility care; and
(d) Discuss and evaluate the need for ongoing involvement with the individual or the individual’s representative.

(4) When the department finds, based on assessment, that the individual prefers and needs nursing facility care, the department shall:
(a) Advise the individual that nursing facility care is appropriate and inform the individual of the available nursing facility vacancies;
(b) If appropriate, advise the individual that the stay in the nursing facility may be short term; and
(c) Describe the role of the department in providing nursing facility case management. [1995 1st sp.s. c 18 § 6.]

74.39A.050 Quality improvement principles. The department’s system of quality improvement for long-term care services shall be guided by the following principles, consistent with applicable federal laws and regulations:
(1) The system shall be consumer centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers.

(3) Providers should be supported in their efforts to improve quality through training, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints.

(6) Providers generally should be assisted in addressing identified problems initially through consultation and technical assistance. Enforcement remedies shall be available for problems that are serious, recurring, or that have been uncorrected. [1995 1st sp.s. c 18 § 12.]

74.39A.060 Toll-free telephone number for complaints—Investigation and referral—Discrimination or retaliation prohibited. (1) The aging and adult services administration of the department shall establish and maintain a toll-free telephone number for receiving complaints regarding a facility that the administration licenses or with which it contracts for long-term care services.

(2) All facilities that are licensed by, or that contract with the aging and adult services administration to provide long-term care services shall post in a place and manner clearly visible to residents and visitors the department’s toll-free complaint telephone number.

(3) The aging and adult services administration shall investigate complaints if the subject of the complaint is within its authority unless the department determines that:
(a) The complaint is intended to willfully harass a licensee or employee of the licensee; (b) there is no reasonable basis for investigation; or (c) corrective action has been taken.

(4) The aging and adult services administration shall refer complaints to appropriate state agencies, law enforcement agencies, the attorney general, the long-term care ombudsman, or other entities if the department lacks authority to investigate.

(5) The department may not provide the substance of the complaint to the licensee or contractor before the completion of the investigation by the department. Neither the substance of the complaint provided to the licensee or contractor nor any copy of the complaint or related report published, released, or made otherwise available shall disclose the name, title, or identity of any complainant, or other person mentioned in the complaint, except that the department may disclose the identity of the complainant if such disclosure is requested in writing by the complainant.

(6) A facility that provides long-term care services shall not discriminate or retaliate in any manner against a resident on the basis or for the reason that such resident or any other person made a complaint to the department or the long-term care ombudsman or cooperated with the investigation of such a complaint. The department may impose a civil penalty of not more than three thousand dollars for a violation of this subsection and require the facility to mitigate any damages incurred by the resident. residential care providers with whom the department contracts are capable of providing services consistent with this chapter. The rules shall apply only to residential capacity for which the state contracts.

(2) The department shall not contract for assisted living, enhanced adult residential care, or adult residential care services with a provider if the department finds that the provider or any partner, officer, director, managerial employee, or owner of five percent or more of the provider has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children. 74.39A.080 Department authority to take actions in response to noncompliance or violations. (1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that a provider of assisted living services or enhanced adult residential care services has:
(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;
(b) Operated without a license or under a revoked license;
(c) Knowingly, or with reason to know, made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(e) Suspend admissions to the facility by imposing stop placement on contracted services.

(3) When the department orders stop placement, the facility shall not admit any person admitted by contract until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement when: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain adequate care and service.

(4) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing contracts suspension, stop placement, or conditions for continuation of a contract are effective immediately upon notice and shall continue pending any hearing. 74.39A.090 Discharge planning—Contracts for case management services and reassessment and reauthorization. (1) The legislature intends that any staff reassigned by the department as a result of shifting of the reauthorization responsibilities by contract outlined in this section shall be dedicated for discharge planning and assisting with discharge planning and information on existing discharge planning cases. Discharge planning, as directed in this section, is intended for residents and patients identified for discharge to long-term care pursuant to RCW 70.41.320, 74.39A.040, and 74.42.058. The purpose of discharge planning is to protect residents and patients from the financial incentives inherent in keeping residents or patients in a more expensive higher level of care and shall focus on care options that are in the best interest of the patient or resident.

(2) The department shall contract with area agencies on aging:
(a) To provide case management services to individuals receiving home and community services in their own home; and
(b) To reassess and reauthorize home and community services in home or in other settings for individuals consistent with the intent of this section:
(i) Who have been initially authorized by the department to receive home and community services; and
(ii) Who, at the time of reassessment and reauthorization, are receiving home and community services in their own home.

(3) In the event that an area agency on aging is unwilling to enter into or satisfactorily fulfill a contract to provide these services, the department is authorized to:
(a) Obtain the services through competitive bid; and
(b) Provide the services directly until a qualified contractor can be found. [1995 1st sp.s. c 18 § 38.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.008.

74.39A.100 Chore services—Legislative finding, intent. The legislature finds that it is desirable to provide a coordinated and comprehensive program of in-home services for certain citizens in order that such persons may remain in their own homes, obtain employment if possible, and maintain a closer contact with the community. Such a program will seek to prevent mental and psychological deterioration which our citizens might otherwise experience. The legislature intends that the services will be provided in a fashion which promotes independent living. [1980 c 137 § 1; 1973 1st ex.s. c 51 § 1. Formerly RCW 74.08.530.]

74.39A.110 Chore services—Legislative policy and intent regarding available funds—Levels of service. It is the intent of the legislature that chore services be provided to eligible persons within the limits of funds appropriated for that purpose. Therefore, the department shall provide services only to those persons identified as at risk of being placed in a long-term care facility in the absence of such services. The department shall not provide chore services to any individual who is eligible for, and whose needs can be met by another community service administered by the department. Chore services shall be provided to the extent...
necessary to maintain a safe and healthful living environment. It is the policy of the state to encourage the development of volunteer chore services in local communities as a means of meeting chore care service needs and directing financial resources. In determining eligibility for chore services, the department shall consider the following:

1. The kind of services needed;
2. The degree of service need, and the extent to which an individual is dependent upon such services to remain in his or her home or return to his or her home;
3. The availability of personal or community resources which may be utilized to meet the individual's need; and
4. Such other factors as the department considers necessary to insure service is provided only to those persons whose chore service needs cannot be met by relatives, friends, nonprofit organizations, other persons, or by other programs or resources.

In determining the level of services to be provided under this chapter, the client shall be assessed using an instrument designed by the department to determine the level of functional disability, the need for service and the person's risk of long-term care facility placement. [1995 1st sp.s. c 18 § 36; 1989 c 427 § 5; 1981 1st ex.s. c 6 § 16. Formerly RCW 74.08.545.]

74.39A.120 Chore services—Expenditure limitation—Priorities—Rule on patient resource limit. (1) The department shall establish a monthly dollar lid for each region on chore services expenditures within the legislative appropriation. Priority for services shall be given to the following situations:

(a) People who were receiving chore personal care services as of June 30, 1995;
(b) People for whom chore personal care services are necessary to return to the community from a nursing home;
(c) People for whom chore personal care services are necessary to prevent unnecessary nursing home placement; and
(d) People for whom chore personal care services are necessary as a protective measure based on referrals resulting from an adult protective services investigation.

(2) The department shall require a client to participate in the cost of chore services as a necessary precondition to receiving chore services paid for by the state. The client shall retain an amount equal to one hundred percent of the federal poverty level, adjusted for household size, for maintenance needs. The department shall consider the remaining income as the client participation amount for chore services except for those persons whose participation is established under *RCW 74.08.570.

(3) The department shall establish, by rule, the maximum amount of resources a person may retain and be eligible for chore services. [1995 1st sp.s. c 18 § 37.]

74.39A.130 Chore services—Department to develop program. (1) The department is authorized to develop a program to provide for chore services under this chapter.

(2) The department may provide assistance in the recruiting of providers of the services enumerated in RCW 74.39A.120 and seek to assure the timely provision of services in emergency situations.

(3) The department shall assure that all providers of the chore services under this chapter are compensated for the delivery of the services on a prompt and regular basis. [1995 1st sp.s. c 18 § 40; 1989 c 427 § 6; 1983 c 3 § 189; 1980 c 137 § 2; 1973 1st ex.s. c 51 § 3. Formerly RCW 74.08.550.]

74.39A.140 Chore services—Employment of public assistance recipients. In developing the program set forth in RCW 74.08.550, the department shall, to the extent possible, and consistent with federal law, enlist the services of persons receiving grants under the provisions of chapter 74.08 RCW and chapter 74.12 RCW to carry out the services enumerated under RCW 74.08.541. To this end, the department shall establish appropriate rules and regulations designed to determine eligibility for employment under this section, as well as regulations designed to notify persons receiving such grants of eligibility for such employment. The department shall further establish a system of compensation to persons employed under the provisions of this section which provides that any grants they receive under chapter 74.08 RCW or chapter 74.12 RCW shall be diminished by such percentage of the compensation received under this section as the department shall establish by rules and regulations. [1983 c 3 § 190; 1973 1st ex.s. c 51 § 4. Formerly RCW 74.08.560.]

74.39A.150 Chore services for disabled persons—Eligibility. (1) An otherwise eligible disabled person shall not be deemed ineligible for chore services under this chapter if the person's gross income from employment, adjusted downward by the cost of the chore services to be provided and the disabled person's work expenses, does not exceed the maximum eligibility standard established by the department for such chore services. The department shall establish a methodology for client participation that allows such disabled persons to be employed.

(2) If a disabled person arranges for chore services through an individual provider arrangement, the client's contribution shall be counted as first dollar toward the total amount owed to the provider for chore services rendered.

(3) As used in this section:
(a) "Gross income" means total earned wages, commissions, salary, and any bonus;
(b) "Work expenses" includes:
(i) Payroll deductions required by law or as a condition of employment, in amounts actually withheld;

74.46.105 Departmental audits—Procedure. Cost reports and patient trust accounts of contractors shall be field audited by the department, either by department staff or by auditors under contract to the department, in accordance with the provisions of this chapter. The department when it deems necessary to assure the accuracy of cost reports may review any underlying financial statements or other records upon which the cost reports are based. The department shall have the authority to accept or reject audits which fail to satisfy the requirements of this section or which are performed by auditors who violate any of the rules of this section. Department audits of the cost reports and patient trust accounts shall be conducted as follows:

(1) Each year the department will provide for field audit of the cost report, statistical reports, and patient trust funds, as established by RCW 74.46.700, of all or a sample of reporting facilities selected by profiles of costs, exceptions, contract terminations, upon special requests or other factors determined by the department.

(2) Beginning with audits for calendar year 1993, contractors' cost reports and resident care trust fund accounts shall be audited periodically as determined necessary by the department.

(3) Facilities shall be informed of the department's intent to audit at least ten working days before the commencement of an audit of a facility's cost report or resident trust fund accounts.

(4) Where an audit for a recent reporting or trust fund period discloses material discrepancies, undocumented costs or mishandling of patient trust funds, auditors may examine prior unaudited periods, for indication of similar material discrepancies, undocumented costs or mishandling of patient trust funds for not more than two reporting periods preceding the facility reporting period selected in the sample.

(5) The audit will result in a schedule summarizing appropriate adjustments to the contractor's cost report. These adjustments will include an explanation for the adjustment, the general ledger account or account group, and the dollar amount. Patient trust fund audits shall be reported separately and in accordance with RCW 74.46.700.

(6) Audits shall meet generally accepted auditing standards as promulgated by the American institute of certified public accountants and the standards for audit of governmental organizations, programs, activities and functions as published by the comptroller general of the United States. Audits shall be supervised or reviewed by a certified public accountant.

(7) No auditor under contract with or employed by the department to perform audits in accordance with the provisions of this chapter shall:

(a) Have had direct or indirect financial interest in the ownership, financing or operation of a nursing home in this state during the period covered by the audits;

(b) Acquire or commit to acquire any direct or indirect financial interest in the ownership, financing or operation of a nursing home in this state during said auditor's employment or contract with the department;

(c) Accept as a client any nursing home in this state during or within two years of termination of said auditor's contract or employment with the department.

(8) Audits shall be conducted by auditors who are otherwise independent as determined by the standards of independence established by the American institute of certified public accountants.

74.46.160 Preliminary and final settlement reports. (1) Within one hundred twenty days after receipt of the proposed preliminary settlement, the department shall verify the accuracy of the proposal and shall issue a preliminary settlement report by cost center to the contractor which fully substantiates disallowed costs, refunds, underpayments, or adjustments to the proposed preliminary settlement.

(2) After completion of the audit process, including exhaustion or mutual termination of any administrative appeals or exception procedure used by the contractor to contest audit findings or determinations, but not including any judicial review available to and commenced by the contractor, the department will submit a final settlement report by cost center to the contractor which fully substantiates disallowed costs, refunds, underpayments, or adjustments to the contractor's cost report. [1995 1st sp.s. c 18 § 93; 1985 c 361 § 12; 1983 1st ex.s. c 67 § 9; 1980 c 177 § 16.]

74.46.170 Settlement—Contractor may contest. Date settlement becomes final. (1) A contractor shall have a period of days to be established by the department in rule, after the date the preliminary or final settlement report is submitted to the contractor to contest a settlement determination under the administrative appeals or exception procedure established by the department pursuant to RCW 74.46.780. Any such administrative review of a settlement shall be limited to calculation of the settlement or the application of settlement principles and rules, or both, and shall not examine or reexamine payment rate or audit issues. After the period established by the department in rule has expired, a preliminary or final settlement will not be subject to review.

(2) A preliminary settlement report as issued by the department will become the final settlement report if no audit has been scheduled within twelve calendar months.
following the department's issuance of a preliminary settlement report to the contractor.

(3) A settlement will be reopened if necessary to make adjustments for findings resulting from an audit performed pursuant to RCW 74.46.105(4). [1995 1st sp.s. c 18 § 94; 1983 1st e.x.s. c 67 § 10; 1980 c 177 § 17.]

74.46.180 Payment of underpayments—Refund of overpayments, erroneous payments—Allocation of savings. (1) The department shall make payment of any underpayments to which a contractor is entitled as determined by the department under the provisions of this chapter within sixty days after the date the preliminary or final settlement report is submitted to the contractor and the department shall pay interest at the rate of one percent per month on any unpaid preliminary or final settlement balance still due the contractor after such time, accruing from sixty days after the preliminary or final settlement report is submitted to the contractor, and no interest shall accrue or be paid for any period prior to this date: PROVIDED, That any increase in a preliminary or final settlement amount due the contractor resulting from a final administrative or judicial decision shall also bear interest until paid at the rate of one percent per month, accruing from sixty days after the preliminary or final settlement was submitted to the contractor. The department shall pay no interest on amounts due a contractor other than amounts determined by preliminary or final settlement as provided in this subsection.

(2) A contractor found, under a preliminary or final settlement issued by the department, to have received either overpayments or erroneous payments, to which the contractor is not entitled as determined by the department under the provisions of this chapter, shall refund such erroneous payments or overpayments to the department within sixty days after the date the preliminary or final settlement report is submitted to the contractor, subject to the provisions of subsections (3), (4), and (6) of this section: PROVIDED, That for all preliminary or final settlements issued on and after July 1, 1995, regardless of what period a settlement covers, neither a timely filed request to pursue the department's administrative appeals or exception procedure nor commencement of judicial review, as may be available to the contractor in law, contesting the settlement, erroneous payments or overpayments shall delay recovery. A contractor shall pay interest at the rate of one percent per month on any unpaid preliminary or final settlement balance still due the contractor after such time, accruing from sixty days after the preliminary or final settlement report is submitted to the contractor, accruing from this date: PROVIDED FURTHER, That the department shall refund interest collected for preliminary and settlement amounts the contractor was entitled to retain as subsequently determined by final administrative or judicial decision.

(3) Within the cost centers of nursing services and food, all savings resulting from the respective allowable costs being lower than the respective reimbursement rate paid to the contractor during the report period shall be refunded to the department. However, in computing a preliminary or final settlement, savings in a cost center may be shifted to cover a deficit in another cost center up to the amount of any savings. Not more than twenty percent of the rate in a cost center may be shifted into that cost center and no shifting may be made into the property cost center. There shall be no shifting out of nursing services, and savings in food shall be shifted only to cover deficits in the nursing services cost center. There shall be no shifting from the operational to the administrative cost center.

(4) Within the administrative and property cost centers, the contractor shall retain at least fifty percent, but not more than seventy-five percent, of any savings resulting from the respective audited allowable costs being lower than the respective reimbursement rates paid to the contractor during the report period multiplied by the number of authorized medical care client days in which said rates were in effect, except that no savings may be retained if reported costs in the administrative and property cost centers exceed audited allowable costs in these cost areas by a total of ten cents or more per patient day. The secretary, by rule, shall establish the basis for the specific percentages of savings to the contractors. Such rules may provide for differences in the percentages allowed for each cost center to individual facilities based on performance measures related to administrative efficiency.

(5) All return on investment rate payments provided by *RCW 74.46.530 shall be retained by the contractor to the extent net invested funds are substantiated by department field audit. Any industrial insurance dividend or premium discount under RCW 51.16.035 shall be retained by the contractor to the extent that such dividend or premium discount is attributable to the contractor's private patients.

(6) In the event the contractor fails to make repayment in the time provided in subsection (2) of this section, the department shall either:

(a) Deduct the amount of refund due the department, plus any interest accrued under subsection (2) of this section, from payment amounts due the contractor; or

(b) In the instance the contract has been terminated, (i) deduct the amount of refund due the department, plus interest assessed at the rate and in the manner provided in subsection (2) of this section, from any payments due; or (ii) recover the amount due, plus any interest assessed under subsection (2) of this section from security posted with or otherwise obtained by the department or by any other lawful means.

(7) For all erroneous payments and overpayments determined by preliminary or final settlements issued before July 1, 1995, and not yet recovered by the department because they are specifically disputed by the contractor in a timely filed administrative or judicial review, if the judicial or administrative remedy sought by the facility is not granted after all appeals are exhausted or mutually terminated, the facility shall make payment of such amounts due plus interest accrued from the date of filing of the appeal, as payable on judgments, within sixty days of the date such decision is made. [1995 1st sp.s. c 18 § 95; 1993 sp.s. c 13 § 2. Prior: 1987 c 476 § 1; 1987 c 283 § 9; 1985 c 361 § 1; 1985 c 7 § 147; 1983 1st ex.s. c 67 § 11; 1980 c 177 § 18.]

74.46.190 **Principles of allowable costs.** (1) The substance of a transaction will prevail over its form.

(2) All documented costs which are ordinary, necessary, related to care of medical care recipients, and not expressly unallowable, are to be allowable. Costs of providing ancillary care are allowable, subject to any applicable cost center limit contained in this chapter, provided documentation establishes the costs were incurred for medical care recipients and other sources of payment to which recipients may be legally entitled, such as private insurance or medicare, were first fully utilized.

(3) Costs applicable to services, facilities, and supplies furnished to the provider by related organizations are allowable but at the cost to the related organization, provided they do not exceed the price of comparable services, facilities, or supplies that could be purchased elsewhere.

(4) Beginning January 1, 1985, the payment for property usage is to be independent of ownership structure and financing arrangements.

(5) Beginning July 1, 1995, allowable costs shall not include costs reported by a nursing care provider for a prior period to the extent such costs, due to statutory exemption, will not be incurred by the nursing facility in the period to be covered by the rate. (2) Unallowable costs include, but are not limited to, the following:

(a) Costs of items or services not covered by the medical care program. Costs of such items or services will be unallowable even if they are indirectly reimbursed by the department as the result of an authorized reduction in patient contribution;

(b) Costs of services and items provided to recipients which are covered by the department's medical care program but not included in care services established by the department under this chapter;

(c) Costs associated with a capital expenditure subject to section 1122 approval (part 100, Title 42 C.F.R.) if the department found it was not consistent with applicable standards, criteria, or plans. If the department was not given timely notice of a proposed capital expenditure, all associated costs will be unallowable up to the date they are determined to be reimbursable under applicable federal regulations;

(d) Costs associated with a construction or acquisition project requiring certificate of need approval pursuant to chapter 70.38 RCW if such approval was not obtained;

(e) Interest costs other than those provided by RCW 74.46.290 on and after January 1, 1985;

(f) Salaries or other compensation of owners, officers, directors, stockholders, and others associated with the contractor or home office, except compensation paid for service related to patient care;

74.46.420 Principles of rate setting. (Effective until June 30, 1998.) The following principles are inherent in *RCW 74.46.430 through 74.46.590:

(1) Effective July 1, 1995, through June 30, 1998, nursing facility payment rates will be set or adjusted for economic trends and conditions annually and prospectively on a per resident day basis, in accordance with the principles and methods set forth in this chapter, to take effect July 1st of each year.

(2) July 1, 1995, component rates in the nursing services, food, administrative, and operational cost centers shall be cost-rebased utilizing desk-reviewed and adjusted costs reported for calendar year 1994, for all nursing facilities submitting at least six months of cost data. Such component rates for July 1, 1995, shall also be adjusted downward or upward for economic trends and conditions as provided in this section. Component rates in property and return on investment (ROI) shall be reset annually as provided in this chapter.

(3) The July 1, 1995, component rates in the nursing services, food, administrative, and operational cost centers shall be adjusted for economic trends and conditions by the change in the implicit price deflator for personal consumption expenditures index published by the bureau of labor statistics of the United States department of labor (IPD index). The period used to measure the IPD increase or decrease to be applied to these July 1, 1995, rate components shall be calendar year 1994.

(4) July 1, 1996, component rates in the nursing services, food, administrative, and operational cost centers shall not be cost-rebased, but shall be the component rates assigned to each nursing facility in effect on June 30, 1996, adjusted downward or upward for economic trends and conditions by the change in the nursing home input price index without capital costs published by the health care financing administration of the department of health and human services (HCFA index). The period to be used to measure the HCFA index increase or decrease to be applied to these July 30, 1996, component rates shall be calendar year 1994.

(5) July 1, 1997, component rates in the nursing services, food, administrative, and operational cost centers shall not be cost-rebased, but shall be the component rates assigned to each nursing facility in effect on June 30, 1997, adjusted downward or upward for economic trends and conditions by the change in the nursing home input price index without capital costs published by the health care financing administration of the department of health and human services (HCFA index), multiplied by a factor of 1.25. The period to be used to measure the HCFA increase or decrease to be applied to these rate components for July 1, 1997, rate setting shall be calendar year 1996.

(6) If either the implicit price deflator (IPD) index or the health care financing administration (HCFA) index specified in this section ceases to be published in the future, the department shall select and use in its place or their place one or more measures of change from the same or an alternate source or sources utilizing the same or comparable time periods specified in this section. 74.46.430 Prospective payment rates—Minimum hourly wages. (Effective until June 30, 1998.) (1) The department, as provided by this chapter, will determine prospective payment rates for services provided to medical care recipients. Each rate so determined shall represent the contractor's maximum compensation within each cost center and for return on investment for each resident day for such medical care recipient.
(2) The department may modify such maximum per resident day rates, consistent with this chapter, pursuant to the administrative appeals or exception procedure authorized by RCW 74.46.780.

(3) For July 1, 1995, and all following rates, the maximum prospective component payment rates for the nursing services, food, administrative, operational, and property cost centers, and the return on investment (ROI) component rate for each nursing facility shall be established based upon a minimum licensed bed facility occupancy level of ninety percent, except for rate adjustments as provided for in *RCW 74.46.460(6).

(4) The minimum ninety percent facility occupancy shall be used to calculate individual rates, to calculate the median cost limits (MCLs) for the metropolitan statistical area (MSA) and nonmetropolitan statistical area (non-MSA) peer groups, and to array facilities by costs in calculating the variable return portion of the return on investment rate component (ROI).

(5) All contractors shall be required to adjust and maintain wages for all employees to a minimum hourly wage of four dollars and seventy-six cents per hour beginning January 1, 1988, and five dollars and fifteen cents per hour beginning January 1, 1989. [1995 1st sp.s. c 18 § 100; 1993 sp.s. c 13 § 8; 1987 2nd ex.s. c 1 § 2; 1987 c 476 § 2; 1983 1st ex.s. c 67 § 19; 1980 c 177 § 43.]

74.46.450 Reimbursement rate for new contractor. (Effective until June 30, 1998.) (1) Prospective reimbursement rates for a new contractor, as defined by the department in rule, will be established within sixty days following receipt by the department of the properly completed projected budget required by RCW 74.46.670. Such reimbursement rates will become effective as of the effective date of the contract and shall remain in effect until the new contractor's rate in all cost areas can be reset effective July 1st using a cost report of that contractor containing at least six months' data from the prior calendar year, regardless of whether reported costs for other contractors for the prior calendar year in question will be used to rebase their July 1st rates.

(2) Such reimbursement rates will be based on payment rates of the prior contractor, if any, or of other contractors in comparable circumstances.

(3) For nursing facilities receiving original certificate of need approval prior to June 30, 1988, and commencing operations on or after January 1, 1995, the department shall base initial nursing services, food, administrative, and operational rate components on such component rates immediately above the median for facilities in the same county. Property and return on investment rate components shall be established as provided in this chapter.

(4) The department will establish a new contractor's initial component rates based on the factors specified in subsections (2) and (5) of this section. These initial rates will remain in effect until adjusted or reset as provided in this chapter.

(5) The department is authorized to develop policies and procedures in rule that comply with the policies and purposes of this chapter to establish factors by which a new contractor's rate will be set, for example, occupancy level or proration of rate adjustments for economic trends and conditions as authorized in *RCW 74.46.420. However, a new contractor, whose medicaid contract was effective in calendar year 1994; and whose nursing facility occupancy during calendar year 1994 increased by at least five percent over that of the prior owner, shall have its July 1995 rate for nursing services, food, administrative, operational, and property cost centers, and the return on investment (ROI) based upon a minimum facility occupancy of eighty-five percent. 74.46.460 Rate adjustments. (Effective until June 30, 1998.) (1) Each contractor's nursing services, food, administrative, and operational component payment rates will be adjusted for economic trends and conditions prospectively at least once during each calendar year, as provided in this chapter, to be effective July 1st: PROVIDED, That except for the rates of new contractors as defined by the department, a nursing facility's cost-rebased rate for July 1, 1995, must be established upon the facility's own cost report of at least six months of adjusted and/or audited cost data from the calendar year 1994.

(2) Subject to the provisions of subsections (3) through (6) of this section, rates may be adjusted by the department at the request of the nursing facility to cover the medicaid share of incremental costs necessary to address and take into account variations in the distribution of all medicaid and nonmedicaid patient classifications or changes in all medicaid or nonmedicaid patient characteristics from the prior reporting year, program changes required by the department, or changes in staffing levels at a facility required by the department. Rates may also be adjusted to cover costs associated with placing a nursing home in receivership which costs are not covered by the rate of the former contractor, including: Compensation of the receiver, reasonable expens-
es of receivership and transition of control, and costs incurred by the receiver in carrying out court instructions or rectifying deficiencies found. Rates shall be adjusted as provided in this section for any capitalized additions or replacements made as a condition for licensure or certification. Rates shall be adjusted as provided in this section for capitalized improvements done under *RCW 74.46.465.

(3) Except for rate adjustments granted for economic trends and conditions as authorized in this chapter to be effective each July 1st, all rate adjustments granted by the department for any other purpose, including those granted for capitalized additions or replacements or for staffing, whether made or not made as a condition of licensure or certification, shall be limited in total amount each fiscal year to the total current legislative appropriation, if any, specifically made to fund the medicaid share of such adjustments for the fiscal year.

(4) The department is authorized to adopt rules to ensure that funding granted for additional staffing will be cost-effective in providing increased quantity and quality of services to nursing facility residents and to ensure that spending limitations will not be exceeded.

(5) Funds disbursed representing rate adjustments granted under authority of this section and not spent by the contractor for the purposes granted are subject to immediate recovery by the department by means of recoupment from current contract payments or any other means authorized by law and contractors shall pay interest on such unused or misused funds at the rate of one percent per month from the date of disbursal to the date of recovery. If a contractor requests an administrative review of a department recovery action under rules established under RCW 74.46.780, such request shall not stay recoupment from current facility contract payments or other recovery.

(6) All rate component adjustments to fund the medicaid share of nursing facility new construction or refurbishing projects costing in excess of one million two hundred thousand dollars, or projects requiring state or federal approval, shall be based upon a minimum facility occupancy of eighty-five percent for the nursing services, food, administrative, operational, and property cost centers, and the return on investment (ROI), during the initial rate period in which the adjustment is granted, and shall be based upon a minimum facility occupancy of ninety percent for the nursing services, food, administrative, operational, and property cost centers, and the return on investment (ROI), for all rate periods thereafter. 74.46.470 Cost centers. (Effective until June 30, 1998.) (1) A contractor's nursing facility per resident day component rates for medical care recipients shall be determined as provided in this chapter utilizing net invested funds and desk-reviewed cost report data within the following cost centers:

(a) Nursing services;
(b) Food;
(c) Administrative;
(d) Operational; and
(e) Property.

(2) There shall be for the time period January 1988 through June 1990 only an enhancement cost center established to reimburse contractors for specific legislatively authorized enhancements for nonadministrative wages and benefits to ensure that such enhancements are used exclusively for the legislatively authorized purposes. For purposes of settlement, funds appropriated to this cost center shall only be used for expenditures for which the legislative authorization is granted. Such funds may be used only in the following circumstances:

(a) The contractor has increased expenditures for which legislative authorization is granted to at least the highest level paid in any of the last three cost years, plus, beginning July 1, 1987, any percentage inflation adjustment as was granted each year under *RCW 74.46.495; and
(b) All funds shifted from the enhancement cost center are shown to have been expended for legislatively authorized enhancements.

(3) If the contractor does not spend the amount appropriated to this cost center in the legislatively authorized manner, then the amounts not appropriately spent shall be recouped at preliminary or final settlement pursuant to RCW 74.46.160.

(4) For purposes of this section, "nonadministrative wages and benefits" means wages and payroll taxes paid with respect to, and the employer share of the cost of benefits provided to, employees in job classes specified in an appropriation, which may not include administrators, assistant administrators, or administrators in training.

(5) Amounts expended in the enhancement cost center in excess of the minimum wage established under **RCW 74.46.430 are subject to all provisions contained in this chapter. [1995 1st sp.s. c 18 § 103; 1993 sp.s. c 13 § 11; 1987 c 476 § 4; 1983 1st ex.s. c 67 § 22; 1980 c 177 § 47.]

[1995 RCW Supp—page 918]
74.46.481 Nursing services cost center reimbursement rate. (Effective until June 30, 1998.) (1) The nursing services cost center shall include for reporting and audit purposes all costs related to the direct provision of nursing and related care, including fringe benefits and payroll taxes for the nursing and related care personnel, and the cost of nursing supplies. The department shall adopt by administrative rule a definition of "related care". For rates effective after June 30, 1991, nursing services costs, as reimbursed within this chapter, shall not include costs of any purchased nursing care services, including registered nurse, licensed practical nurse, and nurse assistant services, obtained through service contract arrangement in excess of the amount of compensation paid for such hours of nursing care service had they been paid at the average hourly wage, including related taxes and benefits, for in-house nursing care staff of like classification at the same nursing facility, as reported in the most recent cost report period.

(2) The department shall adopt through administrative rules a method for establishing a nursing services cost center rate consistent with the principles stated in this section.

(3) Utilizing regression or other statistical technique, the department shall determine a reasonable limit on facility nursing staff taking into account facility patient characteristics. For purposes of this section, facility nursing staff refers to registered nurses, licensed practical nurses and nursing assistants employed by the facility or obtained through temporary labor contract arrangements. Effective January 1, 1988, the hours associated with the training of nursing assistants and the supervision of that training for nursing assistants shall not be included in the calculation of facility nursing staff. In selecting a measure of patient characteristics, the department shall take into account:

(a) The correlation between alternative measures and facility nursing staff; and

(b) The cost of collecting information for and computation of a measure.

If regression is used, the limit shall be set at predicted nursing staff plus 1.75 regression standard errors. If another statistical method is utilized, the limit shall be set at a level corresponding to 1.75 standard errors above predicted staffing computed according to a regression procedure. A regression calculated shall be effective for the entire biennium.

(4) No facility shall receive reimbursement for nursing staff levels in excess of the limit. However, nursing staff levels established under subsection (3) of this section shall not apply to the nursing services cost center reimbursement rate only for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan.

(5) For July 1, 1995, rate setting only, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office (MSA) and (b) those not located in such an area (non-MSA). The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per resident day desk-reviewed, adjusted nursing services cost from the 1994 calendar report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Nursing services component rates for facilities within each peer group shall be set at the lower of the facility's desk-reviewed, adjusted per resident day nursing services cost from the 1994 report period or the median cost for the facility's peer group, utilizing the same calendar year report data plus twenty-five percent. This rate shall be reduced or inflated as authorized by ***RCW 74.46.420. However, the per patient day peer group median cost plus twenty-five percent limit shall not apply to the nursing services cost center reimbursement rate only for the pilot facility especially designed to meet the needs of persons living with AIDS as defined by RCW 70.24.017 and specifically authorized for this purpose under the 1989 amendment to the Washington state health plan.

(6) For rates effective July 1, 1996, a nursing facility's noncost-rebased component rate in nursing services shall be that facility's nursing services component rate existing on June 30, 1996, reduced or inflated as authorized by ***RCW 74.46.420. The July 1, 1996, nursing services component rate used to calculate the return on investment (ROI) component rate shall be the inflated prospective nursing services rate as of June 30, 1996, excluding any rate increases granted pursuant to ***RCW 74.46.460.

(7) For rates effective July 1, 1997, a nursing facility's noncost-rebased component rate in nursing services shall be that facility's nursing services component rate existing on June 30, 1997, reduced or inflated as authorized by ***RCW 74.46.420. The July 1, 1997, nursing services component rate used to calculate the return on investment (ROI) component rate shall be the inflated prospective nursing services rate as of June 30, 1997, excluding any rate increases granted pursuant to ***RCW 74.46.460.

(8) Median cost limits for peer groups shall be calculated initially for July 1, 1995, rate setting as provided in this chapter on the basis of adjusted 1994 nursing services cost report information available to the department prior to the calculation of the new rates for July 1, 1995, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31, 1995, and shall apply retroactively to July 1, 1995, rates, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median cost limits, once calculated using October 31, 1995, adjusted cost information shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not.

(9) The department is authorized to determine on a systematic basis facilities with unmet patient care service needs. The department may increase the nursing services cost center prospective rate for a facility beyond the level determined in accordance with **subsection (6) of this section if the facility's actual and reported nursing staffing is one standard error or more below predicted staffing as determined according to the method selected pursuant to subsection (3) of this section and the facility has unmet...
patient care service needs: PROVIDED, That prospective rate increases authorized by this subsection shall be funded only from legislative appropriations made for this purpose during the periods authorized by such appropriations or other laws and the increases shall be conditioned on specified improvements in patient care at such facilities.

(10) The department shall establish a method for identifying patients with exceptional care requirements and a method for establishing or negotiating on a consistent basis rates for such patients.

(11) The department, in consultation with interested parties, shall adopt rules to establish the criteria the department will use in reviewing any requests by a contractor for a prospective rate adjustment to be used to increase the number of nursing staff. These rules shall also specify the time period for submission and review of staffing requests: PROVIDED, That a decision on a staffing request shall not take longer than sixty days from the date the department receives such a complete request. In establishing the criteria, the department may consider, but is not limited to, the following:

(a) Increases in debility levels of contractors' residents determined in accordance with the department's assessment and reporting procedures and requirements utilizing the minimum data set;
(b) Staffing patterns for similar facilities in the same peer group;
(c) Physical plant of contractor; and
(d) Survey, inspection of care, and department consultation results. [1995 1st sp.s. c 18 § 104; 1993 sp.s. c 13 § 12; 1991 sp.s. c 8 § 16; 1990 c 207 § 1; 1987 c 476 § 5; 1983 1st ex.s. c 67 § 24.]

74.46.490 Food cost center reimbursement rate. (Effective until June 30, 1998.) (1) The food cost center shall include for reporting purposes all costs for bulk and raw food and beverages purchased for the dietary needs of medical care recipients.

(2) For July 1, 1995, rate setting only, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office (MSA) and (b) those not located in such an area (non-MSA). The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per resident day food cost-reviewed, adjusted food cost from the

facility on-site or allocated in accordance with a department-approved joint-cost allocation methodology. Such costs shall be identical to the cost report line item costs categorized under "general and administrative" in the "administration and operations" combined cost center existing prior to January 1, 1993, except for nursing supplies and purchased medical records.

(2) For July 1, 1995, rate setting only, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to Medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office (MSA) and (b) those not located in such an area (non-MSA). The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per resident day desk-reviewed, adjusted administrative cost from the 1994 calendar report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Administrative component rates for facilities within each peer group shall be set at the lower of the facility's desk-reviewed, adjusted per resident day administrative cost from the 1994 report period or the median cost for the facility's peer group, utilizing the same calendar year report data, plus ten percent. This rate shall be reduced or inflated as authorized by *RCW 74.46.420.

(3) For rates effective July 1, 1996, a nursing facility's non-cost-rebased administrative component rate shall be that facility's administrative component rate existing on June 30, 1996, reduced or inflated as authorized by *RCW 74.46.420. The July 1, 1996, administrative component rate used to calculate the return on investment (ROI) component rate shall be the inflated prospective administrative component rate as of June 30, 1996, excluding any rate increases granted pursuant to *RCW 74.46.460.

(4) For rates effective July 1, 1997, a nursing facility's non-cost-rebased administrative component rate shall be that facility's administrative component rate existing on June 30, 1997, reduced or inflated as authorized by *RCW 74.46.420. The July 1, 1997, administrative component rate used to calculate the return on investment (ROI) component rate shall be the inflated prospective administrative component rate as of June 30, 1997, excluding any rate increases granted pursuant to *RCW 74.46.460.

(5) Median cost limits for peer groups shall be calculated initially for July 1, 1995, rate setting as provided in this chapter on the basis of adjusted 1994 administrative cost report information available to the department prior to the calculation of the new rates for July 1, 1995, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31, 1995, and shall apply retroactively to July 1, 1995, rates, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median cost limits, once calculated utilizing October 31, 1995, adjusted cost information, shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not. 74.46.505 Operational cost center. (Effective until June 30, 1998.) (1) The operational cost center shall include for cost reporting purposes all allowable costs of the daily operation of the facility not included in nursing services and related care, food, administrative, or property costs, whether such costs are facility on-site or allocated in accordance with a department-approved joint-cost allocation methodology.

(2) For July 1, 1995, rate setting only, the department shall divide into two peer groups nursing facilities located in the state of Washington providing services to Medicaid residents: (a) Those facilities located within a metropolitan statistical area as defined and determined by the United States office of management and budget or other applicable federal office (MSA) and (b) those not located in such an area (non-MSA). The facilities in each peer group shall then be arrayed from lowest to highest by magnitude of per resident day desk-reviewed, adjusted operational cost from the 1994 calendar report year, regardless of whether any such adjustments are contested by the nursing facility, and the median or fiftieth percentile cost for each peer group shall be determined. Operational component rates for facilities within each peer group shall be set at the lower of the facility's desk-reviewed, adjusted per resident day operational cost from the 1994 report period or the median cost for the facility's peer group, utilizing the same calendar year report data, plus twenty-five percent. This rate shall be reduced or inflated as authorized by *RCW 74.46.420.

(3) For rates effective July 1, 1996, a nursing facility's non-cost-rebased operational component rate shall be that facility's operational component rate existing on June 30, 1996, reduced or inflated as authorized by *RCW 74.46.420. The July 1, 1996, operational component rate used to calculate the return on investment (ROI) component rate shall be the inflated prospective operational component rate as of June 30, 1996, excluding any rate increases granted pursuant to *RCW 74.46.460.

(4) For rates effective July 1, 1997, a nursing facility's non-cost-rebased operational component rate shall be that facility's operational component rate existing on June 30, 1997, reduced or inflated as authorized by *RCW 74.46.420. The July 1, 1997, operational component rate used to calculate the return on investment (ROI) component rate shall be the inflated prospective operational component rate as of June 30, 1997, excluding any rate increases granted pursuant to *RCW 74.46.460.

(5) Median cost limits for peer groups shall be calculated initially for July 1, 1995, rate setting as provided in this chapter on the basis of adjusted 1994 operational cost report information available to the department prior to the calculation of the new rates for July 1, 1995, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median costs for peer groups shall be recalculated as provided in this chapter on the basis of the most recent adjusted cost information available to the department on October 31, 1995, and shall apply retroactively to July 1, 1995, rates, regardless of whether the adjustments are contested or subject to pending administrative or judicial review. Median cost limits, once calculated utilizing October 31, 1995, adjusted cost information, shall not be adjusted to reflect subsequent administrative or judicial rulings, whether final or not. 74.46.510 Property cost center. (Effective until
June 30, 1998.) (1) The property cost center rate for each
facility shall be determined by dividing the sum of the
reported allowable prior period actual depreciation, subject
to RCW 74.46.310 through 74.46.380, adjusted for any
capitalized additions or replacements approved by the
department, and the retained savings from such cost center,
as provided in RCW 74.46.180, by the greater of a facility's
total resident days for the facility in the prior period or
resident days as calculated on ninety or eighty-five percent
facility occupancy as applicable. If a capitalized addition or
retirement of an asset will result in a different licensed bed
capacity during the ensuing period, the prior period total resident days used in computing the property cost center rate
shall be adjusted to anticipated resident day level.
(2) A nursing facility's property rate shall be rebased
annually, effective July 1, in accordance with this section
and this chapter.
(3) When a certificate of need for a new facility is
requested, the department, in reaching its decision, shall take
into consideration per-bed land and building construction
costs for the facility which shall not exceed a maximum to
be established by the secretary. [1995 1st sp.s c 18 § 108;

74.46.520 Return on investment rate—Review.
(Effective until June 30, 1998.) (1) The department shall
establish for each medicaid nursing facility a return on
investment (ROI) rate composed of two parts: A financing
allowance and a variable return allowance. The financing
allowance part of a facility’s return on investment compo­
nent rate shall be rebased annually, effective July 1, in
accordance with the provisions of this section and this
chapter.
(a) The financing allowance shall be determined by
multiplying the net invested funds of each facility by .10,
and dividing by the greater of a nursing facility’s total
resident days from the most recent cost report period or
resident days calculated on ninety percent or eighty-five
percent facility occupancy as applicable. If a capitalized
addition or retirement of an asset will result in a different
licensed bed capacity during the ensuing period, the prior
period total resident days used in computing the financing
and variable return allowances shall be adjusted to the
anticipated resident day level.
(b) In computing the portion of net invested funds
representing the net book value of tangible fixed assets, the
same assets, depreciation bases, lives, and methods referred
to in RCW 74.46.330, 74.46.340, 74.46.350, 74.46.360, 74.46.370, and
74.46.380, including owned and leased assets, shall be
utilized, except that the capitalized cost of land upon which
the facility is located and such other contiguous land which
is reasonable and necessary for use in the regular course
of providing resident care shall also be included. Subject to
provisions and limitations contained in this chapter, for land
purchased by owners or lessors before July 18, 1984,
capitalized cost of land shall be the buyer’s capitalized cost.
For all partial or whole rate periods after July 17, 1984, if
the land is purchased after July 17, 1984, capitalized cost
shall be that of the owner of record on July 17, 1984, or
buyer’s capitalized cost, whichever is lower. In the case of
leased facilities where the net invested funds are unknown or
the contractor is unable to provide necessary information to
determine net invested funds, the secretary shall have the
authority to determine an amount for net invested funds
based on an appraisal conducted according to RCW
74.46.360(1).
(c) In determining the variable return allowance:
(i) For July 1, 1995, rate setting only, the department,
without utilizing peer groups, shall first rank all facilities in
numerical order from highest to lowest according to their per
resident day adjusted or audited, or both, allowable costs for
nursing services, food, administrative, and operational costs
combined for the 1994 calendar year cost report period.
(ii) The department shall then compute the variable
return allowance by multiplying the appropriate percentage
amounts, which shall not be less than one percent and not
greater than four percent, by the sum of the facility’s nursing
services, food, administrative, and operational rate compo­
nents. The percentage amounts will be based on groupings
of facilities according to the rankings prescribed in (i) of
this subsection (1)(c). The percentages calculated and assigned
will remain the same for the variable return allowance paid
in all July 1, 1996, and July 1, 1997, rates as well. Those
facilities with lower per diem costs shall receive higher percentage amounts than those with higher per diem
costs.
(d) The sum of the financing allowance and the variable
return allowance shall be the return on investment rate for
each facility, and shall be added to the prospective rates of

[1995 RCW Supp—page 922]
each contractor as determined in *RCW 74.46.450 through 74.46.510.

(e) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total resident days, minus the property cost center determined according to *RCW 74.46.510, is more than the return on investment rate determined according to subsection (1)(d) of this section, the following shall apply:

(i) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such determination is shown to be arbitrary and capricious.

(ii) The sum of the financing allowance computed under subsection (1)(e)(i) of this section and the variable allowance shall be compared to the annualized lease payment, plus any interest and depreciation associated with contractor-owned assets, for the period covered by the prospective rates, divided by the contractor's total resident days, minus the property cost center rate determined according to *RCW 74.46.510. The lesser of the two amounts shall be called the alternate return on investment rate.

(iii) The return on investment rate determined according to subsection (1)(d) of this section or the alternate return on investment rate, whichever is greater, shall be the return on investment rate for the facility and shall be added to the prospective rates of the contractor as determined in *RCW 74.46.450 through 74.46.510.

(f) In the case of a facility which was leased by the contractor as of January 1, 1980, in an arm's-length agreement, if the lease is renewed or extended pursuant to a provision of the lease, the treatment provided in subsection (1)(e) of this section shall be applied except that in the case of renewals or extensions made subsequent to April 1, 1985, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.

(2) Each biennium, beginning in 1985, the secretary shall review the adequacy of return on investment rates in relation to anticipated requirements for maintaining, reducing, or expanding nursing care capacity. The secretary shall report the results of such review to the legislature and make recommendations for adjustments in the return on investment rates utilized in this section, if appropriate. [1995 1st sp.s. c 18 § 109; 1993 sp.s. c 13 § 17; 1991 sp.s. c 8 § 17; 1985 c 361 § 17; 1983 1st ex.s. c 67 § 28; 1981 1st ex.s. c 2 § 7; 1980 c 177 § 53.]

Conflict with federal requirements—Severability—Effective date—1995 1st sp.s. c 18: See notes following RCW 74.39A.008.
(3) The contractor shall pay an amount owed the department resulting from an error or omission as determined by the department on or after July 1, 1995, or commence repayment in accordance with a schedule determined and agreed to in writing by the department, within sixty days after receipt of notification of the rate adjustment. If a refund as determined by the department is not paid when due, the amount thereof may be deducted from current payments by the department. However, neither a timely filed request to pursue the department’s administrative appeals or exception procedure nor commencement of judicial review, as may be available to the contractor in law, shall delay recovery.

(4) The department shall pay any amount owed the contractor as a result of a rate adjustment within thirty days after the contractor is notified of the rate adjustment.

(5) No adjustments will be made to a rate more than one hundred twenty days after the final audit narrative and summary for the period the rate was effective is sent to the contractor or, if no audit is held, more than one hundred twenty days after the preliminary settlement becomes the final settlement, except when a settlement is reopened as provided in RCW 74.46.170(3). 74.46.595 Development of new system for establishing nursing home payment rates—Repeal of RCW 74.46.420 through 74.46.590, effective June 30, 1998. The legislature intends to adopt a new system for establishing nursing home payment rates no later than July 1, 1998. Any payments to nursing homes for services provided after June 30, 1998, shall be based on the new system. The system shall include case-mix reimbursement methods for paying for nursing services and shall match payments to patient care needs, while providing incentives for cost control and efficiency. To that end:

(1) In consultation with nursing facility provider associations, consumer groups, and the legislative budget committee, the department of social and health services shall design and develop alternative methods for matching nursing facility payments to patient care needs, while providing incentives for cost control and efficiency.

(2) The department shall report to the fiscal and health care policy committees of the legislature on the projected benefits and costs of these alternative methods by October 15th of 1995, 1996, and 1997. The October 1996 report shall additionally include a recommended time line for implementing the new payment system no later than July 1, 1998.

(3) The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 1998:

74.46.640 Suspension of payments. (1) Payments to a contractor may be withheld by the department in each of the following circumstances:

(a) A required report is not properly completed and filed by the contractor within the appropriate time period, including any approved extension. Payments will be released as soon as a properly completed report is received;

(b) State auditors, department auditors, or authorized personnel in the course of their duties are refused access to a nursing facility or are not provided with existing access or records; Payments will be released as soon as such access or records are provided;

(c) A refund in connection with a preliminary or final settlement or rate adjustment is not paid by the contractor within the appropriate time period, including any approved extension. Payments will be released as soon as such settlement or rate adjustment is not paid by the contractor when due. The amount withheld will be limited to the
unpaid amount of the refund and any accumulated interest owed to the department as authorized by this chapter;
(d) Payment for the final sixty days of service under a contract will be held in the absence of adequate alternate security acceptable to the department pending final settlement when the contract is terminated; and
(e) Payment for services at any time during the contract period in the absence of adequate alternate security acceptable to the department, if a contractor's net medicaid overpayment liability for one or more nursing facilities or other debt to the department, as determined by preliminary settlement, final settlement, civil fines imposed by the department, third-party liabilities or other source, reaches or exceeds fifty thousand dollars, whether subject to good faith dispute or not, and for each subsequent increase in liability reaching or exceeding twenty-five thousand dollars. Payments will be released as soon as practicable after acceptable security is provided or refund to the department is made.
(2) No payment will be withheld until written notification of the suspension is provided to the contractor, stating the reason for the withholding, except that neither a request to pursue the administrative appeals or exception procedure established by the department in rule nor commencement of judicial review, as may be available to the contractor in law, shall delay suspension of payment. 74.46.690 Termination of contract—Settlement. (1) When a facility contract is terminated for any reason, the old contractor shall submit final reports as required by RCW 74.46.040.
(2) Upon notification of a contract termination, the department shall determine by preliminary or final settlement calculations the amount of any overpayments made to the contractor, including overpayments disputed by the contractor. If preliminary or final settlements are unavailable for any period up to the date of contract termination, the department shall make a reasonable estimate of any overpayment or underpayments for such periods. The reasonable estimate shall be based upon prior period settlements, available audit findings, the projected impact of prospective rates, and other information available to the department. The department shall also determine and add in the total of all other debts owed to the department regardless of source, including, but not limited to, interest owed to the department as authorized by this chapter, civil fines imposed by the department, or third-party liabilities.
(3) The old contractor shall provide security, in a form deemed adequate by the department, equal to the total amount of determined and estimated overpayments and all other debts from any source, whether or not the overpayments are the subject of good faith dispute. Security shall consist of:
(a) Withheld payments due the contractor; or
(b) A surety bond issued by a bonding company acceptable to the department; or
(c) An assignment of funds to the department; or
(d) Collateral acceptable to the department; or
(e) A purchaser's assumption of liability for the prior contractor's overpayment;
(f) A promissory note secured by a deed of trust; or
(g) Any combination of (a), (b), (c), (d), (e), or (f) of this subsection.
(4) A surety bond or assignment of funds shall:
(a) Be at least equal in amount to determined or estimated overpayments, whether or not the subject of good faith dispute, minus withheld payments;
(b) Be issued or accepted by a bonding company or financial institution licensed to transact business in Washington state;
(c) Be for a term, as determined by the department, sufficient to ensure effectiveness after final settlement and the exhaustion of any administrative appeals or exception procedure and judicial remedies, as may be available to and sought by the contractor, regarding payment, settlement, civil fine, interest assessment, or other debt issues: PROVIDED, That the bond or assignment shall initially be for a term of at least five years, and shall be forfeited if not renewed thereafter in an amount equal to any remaining combined overpayment and debt liability as determined by the department;
(d) Provide that the full amount of the bond or assignment, or both, shall be paid to the department if a properly completed final cost report is not filed in accordance with this chapter, or if financial records supporting this report are not preserved and made available to the auditor; and
(e) Provide that an amount equal to any recovery the department determines is due from the contractor from settlement or from any other source of debt to the department, but not exceeding the amount of the bond and assignment, shall be paid to the department if the contractor does not pay the refund and debt within sixty days following receipt of written demand for payment from the department to the contractor.
(5) The department shall release any payment withheld as security if alternate security is provided under subsection (3) of this section in an amount equivalent to determined and estimated overpayments.
(6) If the total of withheld payments, bonds, and assignments is less than the total of determined and estimated overpayments, the unsecured amount of such overpayments shall be a debt due the state and shall become a lien against the real and personal property of the contractor from the time of filing by the department with the county auditor of the county where the contractor resides or owns property, and the lien claim has preference over the claims of all unsecured creditors.
(7) The contractor shall file a properly completed final cost report in accordance with the requirements of this chapter, which shall be audited by the department. A final settlement shall be determined within ninety days following completion of the audit process, including completion of any administrative appeals or exception procedure review of the audit requested by the contractor, but not including completion of any judicial review available to and commenced by the contractor.
(8) Following determination of settlement for all periods, security held pursuant to this section shall be released to the contractor after all overpayments, erroneous
payments, and debts determined in connection with final settlement, or otherwise, including accumulated interest owed the department, have been paid by the contractor. 

(9) If, after calculation of settlements for any periods, it is determined that overpayments exist in excess of the value of security held by the state, the department may seek recovery of these additional overpayments as provided by law.

(10) Regardless of whether a contractor intends to terminate its medicaid contracts, if a contractor’s net medicaid overpayments and erroneous payments for one or more settlement periods, and for one or more nursing facilities, combined with debts due the department, reaches or exceeds a total of fifty thousand dollars, as determined by preliminary settlement, final settlement, civil fines imposed by the department, third-party liabilities or by any other source, whether such amounts are subject to good faith dispute or not, the department shall demand and obtain security equivalent to the total of such overpayments, erroneous payments, and debts and shall obtain security for each subsequent increase in liability reaching or exceeding twenty-five thousand dollars. Such security shall meet the criteria in subsections (3) and (4) of this section, except that the department shall not accept an assumption of liability. The department shall withhold all or portions of a contractor’s current contract payments or impose liens, or both, if security acceptable to the department is not forthcoming. The department shall release a contractor’s withheld payments or lift liens, or both, if the contractor subsequently provides security acceptable to the department. This subsection shall apply to all overpayments and erroneous payments determined by preliminary or final settlements issued on or after July 1, 1995, regardless of what payment periods the settlements may cover and shall apply to all debts owed the department from any source, including interest debts, which become due on or after July 1, 1995. (2) If a contractor wishes to challenge the legal validity of a statute, rule, or contract provision or wishes to bring a challenge based in whole or in part on federal law, including but not limited to issues of procedural or substantive compliance with the federal medicaid minimum payment standard for long-term care facility services, the appeals or exception procedure established by the department in rule may not be used for these purposes. This prohibition shall apply regardless of whether the contractor wishes to obtain a decision or ruling on an issue of validity or federal compliance or wishes only to make a record for the purpose of subsequent judicial review.

75.08.013 Findings and intent. (Effective December 7, 1995, if Referendum Bill No. 45 is approved by the electorate at the November 1995 general election.) The legislature supports the recommendations of the state fish and wildlife commission with regard to the commission's responsibilities in the merged department of fish and wildlife. It is the intent of the legislature that, beginning July 1, 1996, the commission assume regulatory authority for food fish and shellfish in addition to its existing authority for game fish and wildlife. It is also the intent of the legislature to provide to the commission the authority to review and approve department agreements, to review and approve the department's budget proposals, to adopt rules for the department, and to select commission staff and the director of the department.

The legislature finds that all fish, shellfish, and wildlife species should be managed under a single comprehensive set of goals, policies, and objectives, and that the decision-making authority should rest with the fish and wildlife commission. The commission acts in an open and deliberative process that encourages public involvement and increases public confidence in department decision making. [1995 1st sp.s. c 2 § 1.]

Referral to electorate—1995 1st sp.s. c 2: "This act shall be submitted to the people for their adoption and ratification, or rejection, at the next succeeding general election to be held in this state, in accordance with Article II, section 1 of the state Constitution, as amended, and the laws adopted to facilitate the operation thereof." The director may appoint and employ necessary personnel. The director may delegate, in writing, to department personnel the duties and powers necessary for efficient operation and administration of the department.

Only persons having general knowledge of the fisheries and wildlife resources and of the commercial and recreational fishing industry in this state are eligible for appointment as director. The director shall not have a financial interest in the fishing industry or a directly related industry. [1995 1st sp.s. c 2 § 22; 1993 sp.s. c 2 § 21; 1983 1st ex.s. c 46 § 6; 1953 c 207 § 10. (2) By November 1, 1990, and by November 1st each succeeding year a report shall provide the many specificities omitted from the recreational fishery enhancement plan. They include but are not limited to the following:

(a) The name of the person assigned the responsibility and accountability for over-all management of the recreational fishery enhancement plan.

(b) The name of the person responsible and accountable for management of each regional program.

(c) The anticipated yearly costs related to each regional program.

(d) The specific dates relative to attainment of the recreational fishery enhancement plan goals, including a time-line program by region.

(e) Criteria used for measurement of the successful attainment of the recreational fishery enhancement plan.

Referral to electorate—1995 1st sp.s. c 2: See note following RCW 75.08.013.

Effective date—1995 1st sp.s. c 2: See note following RCW 43.17.020.

Purpose of plan—1990 c 91: "The legislature is aware that the Washington state department of fisheries introduced a broad new program titled "The Recreational Fishery Enhancement Plan" in October of 1989. The declared purpose of the plan is to emphasize recreational opportunities and develop the plan with emphasis on recreational salmon fishing. The plan boldly adopts, as its chief goal, Governor Gardner's personal objective: Make Washington the recreational fishing capital of the nation. The director states this will be accomplished through a series of regional programs. The legislature commends the director for his recreational fishery enhancement plan and the various concepts it contains to meet the need for recreational emphasis.

The legislature recognizes that any plan such as the recreational fishery enhancement plan requires creative thinking, innovation, commitment, allocation of appropriate resources, and risk taking. Certain failures may occur in aspects of the programs but only through such far-sighted acceptance of risks will success be achieved.

Because of the importance of this effort to the state of Washington, the legislature and the thousands of Washington recreational fishers must be kept informed as to the progress and success of the recreational fishery enhancement plan." [1990 c 91 § 1.]

75.08.500 Chinook and coho salmon—External marking of hatchery-produced fish—Findings. The legislature declares that the state has a vital interest in the continuation of recreational fisheries for chinook salmon and coho salmon in mixed stock areas, and that the harvest of hatchery origin salmon should be encouraged while wild salmon should be afforded additional protection when required. A program of selective harvest shall be developed utilizing hatchery salmon that are externally marked in a conspicuous manner, regulations that promote the unharmed release of unmarked fish, when and where appropriate, and a public information program that educates the public about the need to protect depressed stocks of wild salmon.

The legislature further declares that the establishment of other incentives for commercial fishing and fish processing in Washington will complement the program of selective harvest in mixed stock fisheries anticipated by this legislation. [1995 c 372 § 1.]

75.08.510 Chinook and coho salmon—External marking of hatchery-produced fish—Program. The department shall mark appropriate coho salmon that are released from department operated hatcheries and rearing ponds in such a manner that the fish are externally recognizable as hatchery origin salmon by fishers for the purpose of maximized catch while sustaining wild and hatchery reproduction.

The department shall mark all appropriate chinook salmon targeted for contribution to the Washington catch that are released from department operated hatcheries and rearing ponds in such a manner that the fish are externally recognizable as hatchery origin salmon by fishers.

The goal of the marking program is the annual marking by June 30, 1997, of all appropriate hatchery origin chinook and coho salmon produced by the department with marking to begin with the 1994 Puget Sound coho brood. The department may experiment with different methods for marking hatchery salmon with the primary objective of maximum survival of hatchery marked fish, maximum contribution to fisheries, and minimum cost consistent with the other goals.

The department shall coordinate with other entities that are producing hatchery chinook and coho salmon for release into public waters to enable the broadest application of the marking program to all hatchery produced chinook and coho salmon. The ultimate goal of the program is the coast-wide marking of appropriate hatchery origin chinook and coho salmon, and the protection of all wild chinook and coho salmon, where appropriate. [1995 c 372 § 2.]

75.08.520 Chinook and coho salmon—External marking of hatchery-produced fish—Rules. The department shall adopt rules to control the mixed stock chinook and coho fisheries of the state so as to sustain healthy stocks of wild salmon, allow the maximum survival of wild salmon, allow for spatially separated fisheries that target on hatchery stocks, foster the best techniques for releasing wild chinook and coho salmon, and contribute to the economic viability of the fishing businesses of the state. [1995 c 372 § 3.]

(1) An activity conducted solely for the removal or control of spartina shall not require hydraulic project approval.

(2) An activity conducted solely for the removal or control of purple loosestrife and which is performed with hand-held tools, hand-held equipment, or equipment carried by a person when used shall not require hydraulic project approval.

(3) By June 30, 1997, the department of fish and wildlife shall develop rules for projects conducted solely for the removal or control of various aquatic noxious weeds other than spartina and purple loosestrife and for activities or projects for controlling purple loosestrife not covered by subsection (2) of this section, which projects will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state. Following the adoption of the rules, the department shall produce and distribute a pamphlet describing the methods of removing or controlling the aquatic noxious weeds that are approved under the rules. The pamphlet serves as the hydraulic project approval for any project that is conducted solely for the removal or control of such aquatic noxious weeds and that is conducted as described in the pamphlet; no further hydraulic project approval is required for such a project.

[1995 RCW Supp—page 933]
From time to time as information becomes available, the department shall adopt similar rules for additional aquatic noxious weeds or additional activities for removing or controlling aquatic noxious weeds not governed by subsection (1) or (2) of this section and shall produce and distribute one or more pamphlets describing these methods of removal or control. Such a pamphlet serves as the hydraulic project approval for any project that is conducted solely for the removal or control of such aquatic noxious weeds and that is conducted as described in the pamphlet; no further hydraulic project approval is required for such a project.

(3) The commission may acquire and abate a dam or other obstruction, or acquire any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers. Unlawful acts—Gear requirements. (Effective July 1,

1996, if Referendum Bill No. 45 is approved by the elec­
torate at the November 1995 general election.) (1) It is

unlawful to take geoduck clams for commercial purposes

outside the harvest area designated in a current department

of natural resources geoduck harvesting agreement issued

under RCW 79.96.080. It is unlawful to commercially

harvest geoduck clams from bottoms that are shallower than

eighteen feet below mean lower low water (0.0 ft.), or that

lie in an area bounded by the line of ordinary high tide

(mean high tide) and a line two hundred yards seaward from

and parallel to the line of ordinary high tide. This section
does not apply to the harvest of private sector cultured

aquatic products as defined in RCW 15.85.020.

(2) Commercial geoduck harvesting shall be done with

a hand-held, manually operated water jet or suction device

guided and controlled from under water by a diver. Periodi­
cally, the commission shall determine the effect of each type

or unit of gear upon the geoduck population or the substrate

they inhabit. The commission may require modification of

the gear or stop its use if it is being operated in a wasteful

or destructive manner or if its operation may cause perma­
nent damage to the bottom or adjacent shellfish populations.

(2) Except as provided in subsection (5) of this section, it is unlawful to operate a vessel as a charter boat from which salmon or salmon and other food fish or shellfish are taken without a salmon charter license designating the vessel. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 75.30.065.

(3) Except as provided in subsections (2) and (5) of this section, it is unlawful to operate a vessel as a charter boat from which food fish or shellfish are taken without a nonsalmon charter license. As used in this subsection, "food fish" does not include salmon.

(4) "Charter boat" means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use, and that brings food fish or shellfish into state ports or brings food fish or shellfish taken from state waters into United States ports. The director may specify by rule when a vessel is a "charter boat" within this definition. "Charter boat" does not mean a vessel used by a guide for clients fishing for food fish for personal use in freshwater rivers, streams, and lakes, other than Lake Washington or that part of the Columbia River below the bridge at Longview.

(5) A charter boat licensed in Oregon may fish without a Washington charter license under the same rules as Washington charter boat operators in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers. The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations. [1995 c 104 § 1; 1993 sp.s. c 17 § 41. 75.30.021 No harvest opportunity during year—License requirements waived—Effect on license limitation programs. (1) The department shall waive license requirements, including landing or poundage requirements, if, during the calendar year that a license issued pursuant to chapter 75.28 RCW is valid, no harvest opportunity occurs in the fishery corresponding to the license.

(2) For each license limitation program, where the person failed to hold the license and failed to make landing or poundage requirements because of a license waiver by the department during the previous year, the person shall qualify for a license by establishing that the person held the license during the last year in which the license was not waived. [1995 c 227 § 2.]

75.30.050 Advisory review boards. (1) The director shall appoint three-member advisory review boards to hear cases as provided in RCW 75.30.060. Members shall be from:

(a) The commercial crab fishing industry in cases involving Dungeness crab—Puget Sound fishery licenses;

(b) The commercial herring fishery in cases involving herring fishery licenses;

(c) The commercial sea urchin and sea cucumber fishery in cases involving sea urchin and sea cucumber dive fishery licenses;

75.30.060 Administrative review of department’s decision—Hearing—Procedures. (Effective July 1, 1996, if Referendum Bill No. 45 is approved by the electorate at the November 1995 general election.) A person aggrieved by a decision of the department under this chapter may request administrative review under the informal procedure established by this section.

In an informal hearing before a review board, the rules of evidence do not apply. A record of the proceeding shall be kept as provided by chapter 34.05 RCW. After hearing the case the review board shall notify in writing the commission and the initiating party whether the review board agrees or disagrees with the department’s decision and the reasons for the board’s findings. Upon receipt of the board’s findings the commission may order such relief as the commission deems appropriate under the circumstances.

75.30.120 Commercial salmon fishing licenses and delivery licenses—Limitations—Transfer. (1) Except as provided in subsection (2) of this section, after May 6, 1974, the director shall issue no new commercial salmon fishery licenses or salmon delivery licenses. A person may renew an existing license only if the person held the license sought to be renewed during the previous year or acquired the license by transfer from someone who held it during the previous year, and if the person has not subsequently transferred the license to another person.

(2) Where the person failed to obtain the license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

Legislative findings—Severability—1977 ex.s. c 106: See notes following RCW 75.30.065.

Legislative intent—1974 ex.s. c 184: "The legislature finds that the protection, welfare, and economic good of the commercial salmon fishing industry is of paramount importance to the people of this state. Scientific advancement has increased the efficiency of salmon fishing gear. There presently exists an overabundance of commercial salmon fishing gear in our state waters which causes great pressure on the salmon fishery resource. This situation results in great economic waste to the state and prohibits conservation programs from achieving their goals. The public welfare requires that the number of commercial salmon fishing licenses and salmon delivery permits issued by the state be limited to insure that sound conservation programs can be scientifically carried out. It is the intention of the legislature to preserve this valuable natural resource so that our food supplies from such resource can continue to meet the ever increasing demands placed on it by the people of this state." 75.30.350 Crab fishery—License required—Dungeness crab-coastal fishery license—Dungeness crab-coastal class B fishery license—Coastal crab and replacement vessel defined. (1) Effective January 1, 1995, it is unlawful to fish for coastal crab in Washington state waters without a Dungeness crab—coastal or a Dungeness crab—coastal class B fishery license. Gear used must consist of one buoy attached to each crab pot. Each crab pot must be fished individually.

(2) A Dungeness crab—coastal fishery license is transferable. Except as provided in subsection (3) of this section, such a license shall only be issued to a person who proved active historical participation in the coastal crab fishery by having designated, after December 31, 1993, a vessel or a replacement vessel on the qualifying license that singly or in combination meets the following criteria:

(a) Made a minimum of eight coastal crab landings totaling a minimum of five thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets; and showed historical and continuous participation in the coastal crab fishery by having held one of the following licenses or their equivalents each calendar year beginning 1990 through 1993, and was designated on the qualifying license of the person who held one of the following licenses in 1994:

(i) Crab pot—Non-Puget Sound license, issued under RCW 75.28.130(1)(b);
(ii) Nonsalmon delivery license, issued under RCW 75.28.125;
(iii) Salmon troll license, issued under RCW 75.28.110;
(iv) Salmon delivery license, issued under RCW 75.28.113;
(v) Food fish trawl license, issued under RCW 75.28.120; or
(vi) Shrimp trawl license, issued under RCW 75.28.130; or

(b) Made a minimum of four Washington landings of coastal crab totaling two thousand pounds during the period from December 1, 1991, to March 20, 1992, and made a minimum of eight crab landings totaling a minimum of five thousand pounds of coastal crab during each of the following periods: December 1, 1991, to September 15, 1992; December 1, 1992, to September 15, 1993; and December 1, 1993, to September 15, 1994. For landings made after December 31, 1993, the vessel shall have been designated on the qualifying license of the person making the landings; or

(c) Made any number of coastal crab landings totaling a minimum of twenty thousand pounds per season in at least two of the four qualifying seasons identified in subsection (5) of this section, as documented by valid Washington state shellfish receiving tickets, showed historical and continuous participation in the coastal crab fishery by having held one of the qualifying licenses each calendar year beginning 1990 through 1993, and the vessel was designated on the qualifying license of the person who held that license in 1994.

(3) A Dungeness crab-coastal fishery license shall be issued to a person who had a new vessel under construction between December 1, 1988, and September 15, 1992, if the vessel made coastal crab landings totaling a minimum of five thousand pounds by September 15, 1993, and the new vessel was designated on the qualifying license of the person who held that license in 1994. All landings shall be documented by valid Washington state shellfish receiving tickets. License applications under this subsection may be subject to review by the advisory review board in accordance with RCW 75.30.050. For purposes of this subsection, "under construction" means either:

(a)(i) A contract for any part of the work was signed before September 15, 1992; and

(ii) The contract for the vessel under construction was not transferred or otherwise alienated from the contract holder between the date of the contract and the issuance of the Dungeness crab-coastal fishery license; and

(iii) Construction had not been completed before December 1, 1988; or

(b)(i) The keel was laid before September 15, 1992; and

(ii) Vessel ownership was not transferred or otherwise alienated from the owner between the time the keel was laid and the issuance of the Dungeness crab-coastal fishery license; and

(iii) Construction had not been completed before December 1, 1988.

(4) A Dungeness crab—coastal class B fishery license is not transferable. Such a license shall be issued to persons who do not meet the qualification criteria for a Dungeness crab—coastal fishery license, if the person has designated on a qualifying license after December 31, 1993, a vessel or replacement vessel that, singly or in combination, made a minimum of four landings totaling a minimum of two thousand pounds of coastal crab, documented by valid Washington state shellfish receiving tickets, during at least one of the four qualifying seasons, and if the person has participated continuously in the coastal crab fishery by having held or by having owned a vessel that held one or more of the licenses listed in subsection (2) of this section in each calendar year subsequent to the qualifying season in which qualifying landings were made through 1994. Dungeness crab—coastal class B fishery licenses cease to

[1995 RCW Supp—page 938]
exist after December 31, 1999, and the continuing license provisions of RCW 34.05.422(3) are not applicable.

(5) The four qualifying seasons for purposes of this section are:

(a) December 1, 1988, through September 15, 1989;
(b) December 1, 1989, through September 15, 1990;
(c) December 1, 1990, through September 15, 1991; and

(6) For purposes of this section and RCW 75.30.420, "coastal crab" means Dungeness crab (Cancer magister) taken in all Washington territorial and offshore waters south of the United States-Canada boundary and west of the Bonilla-Tatoosh line (a line from the western end of Cape Flattery to Tatoosh Island lighthouse, then to the buoy adjacent to Duntz Rock, then in a straight line to Bonilla Point of Vancouver Island), Grays Harbor, Willapa Bay, and the Columbia river.

(7) For purposes of this section, "replacement vessel" means a vessel used in the coastal crab fishery in 1994, and that replaces a vessel used in the coastal crab fishery during any period from 1988 through 1993, and which vessel's licensing and catch history, together with the licensing and catch history of the vessel it replaces, qualifies a single applicant for a Dungeness crab—coastal or Dungeness crab—coastal class B fishery license. A Dungeness crab—coastal or Dungeness crab—coastal class B fishery license may only be issued to a person who designated a vessel in the 1994 coastal crab fishery and who designated the same vessel in 1995. [1995 c 252 § 1; 1994 c 260 § 2.]

Finding—1994 c 260: "The legislature finds that the commercial crab fishery in coastal and offshore waters is overcapitalized. The legislature further finds that this overcapitalization has led to the economic destabilization of the coastal crab industry, and can cause excessive harvesting pressures on the coastal crab resources of Washington state. In order to provide for the economic well-being of the Washington crab industry and to protect the livelihood of Washington crab fishers who have historically and continuously participated in the coastal crab industry, the legislature finds that it is in the best interests of the economic well-being of the coastal crab industry to reduce the number of fishers taking crab in offshore waters, to reduce the number of vessels landing crab taken in offshore waters, to limit the number of future licenses, and to limit fleet capacity by limiting vessel size." [1994 c 260 § 1.]

Severability—1994 c 260: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1994 c 260 § 24.]

75.50.010 Legislative findings. (Effective July 1, 1996, if Referendum Bill No. 45 is approved by the electorate at the November 1995 general election.) Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The commission is directed to dedicate its efforts and the efforts of the department to seek resolution to the many conflicts that involve the resource.

Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program. [1995 1st sp.s. c 2 § 33; 1993 sp.s. c 2 § 45; 1985 c 458 § 1.]

Joint or cooperative enhancement projects shall be considered for funding.

(2) The following criteria shall be used by the commission in formulating the project proposals:

75.50.070 Regional fisheries enhancement group authorized. (Effective July 1, 1996, if Referendum Bill No. 45 is approved by the electorate at the November 1995 general election.) The legislature finds that it is in the best interest of the salmon resource of the state to encourage the development of regional fisheries enhancement groups. The accomplishments of one existing group, the Grays Harbor fisheries enhancement task force, have been widely recognized as being exemplary. The legislature recognizes the potential benefits to the state that would occur if each region of the state had a similar group of dedicated citizens working to enhance the salmon resource.

The legislature authorizes the formation of regional fisheries enhancement groups. These groups shall be eligible for state financial support and shall be actively supported by the commission and the department. The regional groups shall be operated on a strictly nonprofit basis, and shall seek to maximize the efforts of volunteer and private donations to improve the salmon resource for all citizens of the state. 75.50.160 Impediments to anadromous fish passage-Identification and removal-Report to legislature. The department’s habitat division shall work with cities, counties, and regional fisheries enhancement groups to develop a program to identify and expedite the removal of human-made or caused impediments to anadromous fish passage. A priority shall be given to projects that immediately increase access to available and improved spawning and rearing habitat for depressed, threatened, and endangered stocks. The department may contract with cities and counties to assist in the identification and removal of impediments to anadromous fish passage.

A report on the progress of impedance identification and removal and the need for any additional legislative action shall be submitted to the senate and the house of representatives natural resources committees no later than January 1, 1996. [1995 c 367 § 2.]

1. The procedure for entering a cooperative agreement and the application forms for a permit to release fish or wildlife required by RCW 75.08.295 or 77.16.150. The procedure shall indicate the information required from the volunteer group as well as the process of review by the department. The process of review shall include the means to coordinate with other agencies and Indian tribes when appropriate and to coordinate the review of any necessary hydraulic permit approval applications.

2. The procedure for providing within forty-five days of receipt of a proposal a written response to the volunteer group indicating the date by which an acceptance or rejection of the proposal can be expected, the reason why the date was selected, and a written summary of the process of review. The response should also include any suggested modifications to the proposal which would increase its likelihood of approval and the date by which such modified proposal could be expected to be accepted. If the proposal is rejected, the department must provide in writing the reasons for rejection. The volunteer group may request the director or the director’s designee to review information provided in the response.

3. The priority of the uses to which eggs, seed, juveniles, or brood stock are put. Use by cooperative projects shall be second in priority only to the needs of programs of the department or of other public agencies within the territorial boundaries of the state. Sales of eggs, seed, juveniles, or brood stock have a lower priority than use for cooperative projects.

4. The procedure for notice in writing to a volunteer group of cause to revoke the agreement for the project and the procedure for revocation. Revocation shall be documented in writing to the volunteer group. Cause for revocation may include: (a) The unavailability of adequate biological or financial resources; (b) the development of unacceptable biological or resource management conflicts; or (c) a violation of agreement provisions. Notice of cause to revoke for a violation of agreement provisions may specify a
reason able period of time within which the volunteer group must comply with any violated provisions of the agreement.

76.04.177  Fire suppression equipment—Requirement to utilize private equipment.

76.04.165  Legislative declaration—Forest protection zones. (1) The legislature finds and declares that forest lands within the state are increasingly being used for residential purposes; that the risk to life and property is increasing from forest fires which may destroy developed property; that, based on the primary missions for the respective fire control agencies established in this chapter, adjustment of the geographic areas of responsibility has not kept pace with the increasing use of forest lands for residential purposes; and that the department should work with the state's other fire control agencies to define geographic areas of responsibility that are more consistent with their respective primary missions.

(2) To accomplish the purposes of subsection (1) of this section, the department shall establish a procedure to clarify its geographic areas of responsibility. The areas of department protection shall be called forest protection zones. The forest protection zones shall include all forest land which the department is obligated to protect but shall not include forest land within rural fire districts or municipal fire districts which affected local fire control agencies agree, by mutual consent with the department, is not appropriate for department protection. Forest land not included within a forest protection zone established by mutual agreement of the department and a rural fire district or a municipal fire district shall not be assessed under RCW 76.04.610 or 76.04.630.

(3) After the department and any affected local fire protection agencies have agreed on the boundary of a forest protection zone, the department shall establish the boundary by rule under chapter 34.05 RCW.

(4) Except by agreement of the affected parties, the establishment of forest protection zones shall not alter any mutual aid agreement. [1995 c 151 § 2; 1988 c 273 § 2.]

76.04.167  Legislative declaration—Coordinated forest fire protection and suppression. (1) The legislature hereby finds and declares that forest wild fires are a threat to public health and safety and can cause catastrophic damage to public and private resources, including clean air, clean water, fish and wildlife habitat, timber resources, forest soils, scenic beauty, recreational opportunities, structures, and other improvements; and that it is in the public interest to protect forests and forest resources by preventing and suppressing forest wild fires.

(2) The legislature hereby finds and declares that it is in the public interest to establish and maintain a complete, cooperative, and coordinated forest fire protection and suppression program for the state; that, second only to saving lives, the primary mission of the department is protecting forest resources and suppressing forest wild fires; that a primary mission of rural fire districts and municipal fire departments is protecting improved property and suppressing structural fires; and that the most effective way to protect structures is for the department to focus its efforts and resources on aggressively suppressing forest wild fires.

(3) The legislature also acknowledges the natural role of fire in forest ecosystems, and finds and declares it in the public interest to use fire under controlled conditions to prevent wild fires by maintaining healthy forests and eliminating sources of fuel. [1995 c 151 § 1.]

76.04.175  Fire suppression equipment—Comparison of costs. (1) The department shall, by June 1 of each year, establish a list of fire suppression equipment, such as portable showers, kitchens, water tanks, dozers, and hauling equipment, provided by the department so that the cost by unit or category can be determined and can be compared to the expense of utilizing private vendors.

(2) The department shall establish a roster of quotes by vendors who are able to provide equipment to respond to incidents involving wildfires on department-protected lands. The department shall use these quotes from private vendors to make a comparison with the costs established in subsection (1) of this section. The department shall utilize the most effective and efficient resource available for responding to wildfires. [1995 c 113 § 2.]

Finding—Intent—1995 c 113: "The legislature finds that it is frequently in the best interest of the state to utilize fire suppression equipment from private vendors whenever possible in responding to incidents involving wildfires on department-protected lands. It is the intent of the legislature to encourage the department of natural resources to utilize kitchen, shower, and other fire suppression equipment from private vendors as allowed in RCW 76.04.015(4)(b), when such utilization will be most effective and efficient." [1995 c 113 § 1.]

76.04.177  Fire suppression equipment—Requirement to utilize private equipment. Before constructing or purchasing any equipment listed in RCW 76.04.175(1) for wildfire suppression, the department shall compare the per use cost of the equipment to be purchased
or constructed with the per use cost of utilizing private equipment. If utilizing private equipment is more effective and efficient, the department may not construct or purchase the equipment but shall utilize the equipment from the lowest responsive bidder. [1995 c 113 § 3.]

These entities include the United States forest service, the bureau of land management, the department of natural resources, and local police departments, and other entities as decided upon by the county sheriffs' departments. An entity that contracts with a county sheriff to serve as an authorized agent to validate specialized forest product permits may make reasonable efforts to verify the information provided on the permit form such as the section, township, and range of the area where harvesting is to occur. [1995 c 366 § 15.]

A permit form shall be completed in triplicate for each permitor's property on which a permittee harvests specialized forest products. A properly completed permit form shall be mailed or presented for validation to the sheriff of the county in which the specialized forest products are to be harvested. Before a permit form is validated by the sheriff, sufficient personal identification may be required to reasonably identify the person mailing or presenting the permit form and the sheriff may conduct other investigations as deemed necessary to determine the validity of the information alleged on the form. When the sheriff is reasonably satisfied as to the truth of the information, the form shall be validated with the sheriff's validation stamp. Upon validation, the form shall become the specialized forest products permit authorizing the harvesting, possession, or transportation of specialized forest products, subject to any other conditions or limitations which the permittor may specify. Two copies of the permit shall be given or mailed to the permittee, or one copy shall be given or mailed to the permittee and the other copy given or mailed to the permittee. The original permit shall be retained in the office of the county sheriff validating the permit. In the event a single land ownership is situated in two or more counties, a specialized forest product permit shall be completed as to the land situated in each county. (5) A cedar processor shall comply with RCW 76.48.096 by requiring a person transporting specialized forest products into this state from any other state or province to display a specialized forest products permit, or true copy thereof, or other document indicating the true origin of the specialized forest products as being outside the state. The cedar processor shall make and maintain a record of the purchase, taking possession, or retention of cedar products and cedar salvage in compliance with RCW 76.48.094.

(6) If, under official inquiry, investigation, or other authorized proceeding regarding specialized forest products not covered by a valid specialized forest products permit or other acceptable document, the inspecting law enforcement officer has probable cause to believe that the specialized forest products were harvested in this state or wrongfully obtained in another state or province, the officer may take into custody and detain, for a reasonable time, the specialized forest products, all supporting documents, invoices, and bills of lading, and the vehicle in which the products were transported until the true origin of the specialized forest products can be determined. 77.12.265 Trapping or killing wildlife doing damage—Limitations—Procedures. The owner, the owner's immediate family member, the owner's documented employee, or tenant of real property may trap or kill on that property any deer, elk, or protected wildlife which is damaging crops, domestic animals, fowl, or other property. The regional administrator may delegate, in writing, a member of the regional staff to give the required permission in these emergency situations. Nothing in this section authorizes in any situation the trapping, hunting, or killing of an endangered species.

Exempt for coyotes and Columbian ground squirrels, wildlife trapped or killed under this section remain the property of the state, and the person trapping or killing the wildlife shall notify the department immediately. The director shall dispose of wildlife so taken within three working days of receiving such a notification.

If the department receives recurring complaints regarding property being damaged as described in this section from the owner or tenant of real property, or receives such complaints from several such owners or tenants in a locale, the commission shall consider conducting a special hunt or special hunts to reduce the potential for such damage.

For purposes of this section, "crop" means an agricultural or horticultural product growing or harvested and includes wild shrubs and range land vegetation on privately owned cattle ranching lands. On such lands, the land owner or lessee may declare an emergency when the department has not responded within forty-eight hours after having been contacted by the land owner or lessee regarding crop damage by wild animals or wild birds. However, the department shall not allow claims for damage to wild shrubs or range land vegetation on such lands.

Deer and elk shall not be killed under the authority of this section on privately owned cattle ranching lands that were closed to public hunting during the previous hunting season, except for land closures which are coordinated with the department to protect property and livestock.

The department shall work closely with landowners and tenants suffering game damage problems to control damage without killing the animals when practical, to increase the harvest of damage-causing animals in hunting seasons, or to kill the animals when no other practical means of damage control is feasible.

For the purposes of this section, "immediate family member" means spouse, brother, sister, grandparent, parent, child, or grandchild. 77.12.710 Game fish production—Double by year 2000. The legislature hereby directs the department to determine the feasibility and cost of doubling the state-wide game fish production by the year 2000. The department shall seek to equalize the effort and investment expended on anadromous and resident game fish programs. The department shall provide the legislature with a specific plan for legislative approval that will outline the feasibility of increasing game fish production by one hundred percent over current levels by the year 2000. The plan shall contain specific provisions to increase both hatchery and naturally
spawning game fish to a level that will support the production goal established in this section consistent with department policies. Steelhead trout, searun cutthroat trout, resident trout, and warmwater fish producing areas of the state shall be included in the plan. The department shall provide the plan to the house of representatives and senate ways and means, environment and natural resources, environmental affairs, fisheries and wildlife, and natural resources committees by December 31, 1990.

The plan shall include the following critical elements:

1. Methods of determining current catch and production, and catch and production in the year 2000;
2. Methods of involving fishing groups, including Indian tribes, in a cooperative manner;
3. Methods for using low capital cost projects to produce game fish as inexpensively as possible;
4. Methods for renovating and modernizing all existing hatcheries and rearing ponds to maximize production capability;
5. Methods for increasing the productivity of natural spawning game fish;
6. Application of new technology to increase hatchery and natural productivity;
7. Analysis of the potential for private contractors to produce game fish for public fisheries;
8. Methods to optimize public volunteer efforts and cooperative projects for maximum efficiency;
9. Methods for development of trophy game fish fisheries;
10. Elements of coordination with the Pacific Northwest Power Council programs to ensure maximum Columbia river benefits;
11. The role that should be played by private consulting companies in developing and implementing the plan;
12. Coordination with federal fish and wildlife agencies, Indian tribes, and department fish production programs;
13. Future needs for game fish predator control measures;
14. Development of disease control measures;
15. Methods for obtaining access to waters currently not available to anglers; and
16. Development of research programs to support game fish management and enhancement programs.

The department, in cooperation with the department of revenue, shall assess various funding mechanisms and make recommendations to the legislature in the plan. The department, in cooperation with the department of community, trade, and economic development, shall prepare an analysis of the economic benefits to the state that will occur when the game fish production is increased by one hundred percent in the year 2000. Finding—1990 c 110: "The legislature finds that the anadromous and resident game fish resource of the state can be greatly increased to benefit recreational fishermen and the economy of the state. Investments in the increase of anadromous and resident game fish stocks will provide benefits many times the cost of the program and will act as a catalyst for many additional benefits in the tourism and associated industries, while enhancing the livability of the state." #### 78.08(1) Staking of claim—Requisites—Right of person diligently engaged in search.

(1) Before filing such notice for record, the discoverer shall locate his or her claim by posting at the discovery at the time of discovery a notice containing the name of the lode, the name of the locator or locators, and the date of discovery, and marking the surface boundaries of the claim by placing substantial posts or stone monuments bearing the name of the lode and date of location; one post or monument must appear at each corner of such claim; such posts or monuments must be not less than four inches in diameter and shall be set in the ground in a substantial manner. If any such claim be located on ground that is covered wholly or in part with brush or trees, such brush shall be cut and trees be marked or blazed along the lines of such claim to indicate the location of such lines.

(2) Prior to valid discovery the actual possession and right of possession of one diligently engaged in the search for minerals shall be exclusive as regards prospecting during continuance of such possession and diligent search. As used in this section, "diligently engaged" shall mean performing not less than one hundred dollars worth of annual assessment work on or for the benefit of the claim or paying any fee or fees in lieu of assessment work in such year or years it is required under federal law, or any larger amount that may be designated now or later by the federal government for annual assessment work. 78.44.087 Performance security required—Department authority. (1) The department shall not issue a reclamation permit until the applicant has deposited with the department an acceptable performance security on forms prescribed and furnished by the department. A public or governmental agency shall not be required to post performance security nor shall a permit holder be required to post surface mining performance security with more than one state or local agency.

(2) This performance security may be:
   (a) Bank letters of credit acceptable to the department;
   (b) A cash deposit;
   (c) Negotiable securities acceptable to the department;
   (d) An assignment of a savings account;
   (e) A savings certificate in a Washington bank on an assignment form prescribed by the department;
   (f) Assignments of interests in real property within the state of Washington; or
   (g) A corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under Title 48 RCW and authorized by the department.

(3) The performance security shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules adopted under it.

(4) The department shall have the authority to determine the amount of the performance security using a standardized performance security formula developed by the department. The amount of the security shall be determined by the department and based on the estimated costs of completing reclamation according to the approved reclamation plan or minimum standards and related administrative overhead for the area to be surface mined during (a) the next twelve-month period, (b) the following twenty-four months, and (c) any previously disturbed areas on which the reclamation has not been satisfactorily completed and approved.

(5) The department may increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation. The department may, for any reason, refuse any performance security not deemed adequate.

(6) Liability under the performance security shall be maintained until reclamation is completed according to the approved reclamation plan to the satisfaction of the department unless released as hereinafter provided. Liability under the performance security may be released only upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security. The liability of the surety shall not exceed the amount of security required by this section and the department’s reasonable legal fees to recover the security.

(7) Any interest or appreciation on the performance security shall be held by the department until reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder; except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security.

(8) Except as provided in this section, no other state agency or local governmental agency shall require performance security for the purposes of surface mine reclamation and only one agency of government shall require and hold the performance security. The department may enter into written agreements with federal agencies in order to avoid redundant bonding of surface mines straddling boundaries between federally controlled and other lands within Washington state. 80.04.110 Complaints—Hearings—Water systems not meeting board of health standards—Drinking water standards—Nonmunicipal water systems audits. (1) Complaint may be made by the commission of its own motion or by any person or corporation, chamber of commerce, board of trade, or any commercial, mercantile, agricultural or manufacturing society, or any body politic or municipal corporation, or by the public counsel section of the office of the attorney general, or its successor, by petition or complaint in writing, setting forth any act or thing done or omitted to be done by any public service corporation in violation, or claimed to be in violation, of any provision of law or of any order or rule of the commission: PROVIDED, That no complaint shall be entertained by the commission except upon its own motion, as to the reasonableness of the schedule of the rates or charges of any gas company, electrical company, water company, or telecommunications company, unless the same be signed by the mayor, council or commission of the city or town in which the company complained of is engaged in business, or not less than twenty-five consumers or purchasers of such gas, electricity, water or telecommunications service, or at least twenty-five percent of the consumers or purchasers of the company's service: PROVIDED, FURTHER, That when two or more public service corporations, (meaning to exclude municipal and other public corporations) are engaged in competition in any locality or localities in the state, either may make complaint against the other or others that the rates, charges, rules, regulations or practices of such other or others with or in respect to which the complainant is in competition, are unreasonable, unremunerative, discriminatory, illegal, unfair or intending or tending to oppress the complainant, to stifle competition, or to create or encourage the creation of monopoly, and upon such complaint or upon complaint of the commission upon its own motion, the commission shall have power, after notice and hearing as in other cases, to, by its order, subject to appeal as in other cases, correct the abuse complained of by establishing such uniform rates, charges, rules, regulations or practices in lieu of those complained of, to be observed by all of such competing public service corporations in the locality or localities specified as shall be found reasonable, remunerative, nondiscriminatory, legal, and fair or tending to prevent oppression or monopoly or to encourage competition, and upon any such hearing it shall be proper for the commission to take into consideration the rates, charges, rules, regulations and practices of the public service corporation or corporations complained of in any other locality or localities in the state.

(2) All matters upon which complaint may be founded may be joined in one hearing, and no motion shall be entertained against a complaint for misjoinder of complaints or grievances or misjoinder of parties; and in any review of the courts of orders of the commission the same rule shall apply and pertain with regard to the joinder of complaints and parties as herein provided: PROVIDED, All grievances to be inquired into shall be plainly set forth in the complaint. No complaint shall be dismissed because of the absence of direct damage to the complainant.

(3) Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the person or corporation complained of, which shall be accompanied by a notice fixing the time when and place where a hearing will be had upon such complaint. The time fixed for such hearing shall not be less than ten days after the date of the service of such notice and complaint, excepting as herein provided. The commission shall enter its final order with respect to a complaint filed by any entity or person other

than the commission within ten months from the date of
filing of the complaint, unless the date is extended for cause.
Rules of practice and procedure not otherwise provided for
in this title may be prescribed by the commission. Such
rules may include the requirement that a complainant use
informal processes before filing a formal complaint.

(4) The commission shall, as appropriate, audit a
nonmunicipal water system upon receipt of an administrative
order from the department, or the city or county in which the
water system is located, finding that the water delivered by
a system does not meet state board of health standards
adopted under RCW 43.20.050(2)(a) or standards adopted
under chapters 70.116 and 70.119A RCW, and the results of
the audit shall be provided to the requesting department, city,
or county. However, the number of nonmunicipal water
systems referred to the commission in any one calendar year
shall not exceed twenty percent of the water companies
subject to commission regulation as defined in RCW
80.04.010.

Every nonmunicipal water system referred to the
commission for audit under this section shall pay to the
commission an audit fee in an amount, based on the
system’s twelve-month audited period, equal to the fee
required to be paid by regulated companies under RCW
80.24.010.

(5) Any customer or purchaser of service from a water
system or company that is subject to commission regulation
may file a complaint with the commission if he or she has
reason to believe that the water delivered by the system to
the customer does not meet state drinking water standards
under chapter 43.20 or 70.116 RCW. The commission shall
investigate such a complaint, and shall request that the state
department of health or local health department of the county
in which the system is located test the water for compliance
with state drinking water standards, and provide the results
of such testing to the commission. The commission may
decide not to investigate the complaint if it determines that
the complaint has been filed in bad faith, or for the purpose
of harassment of the water system or company, or for other
reasons has no substantial merit. The water system or
company shall bear the expense for the testing. After the
commission has received the complaint from the customer
and during the pendency of the commission investigation, the
water system or company shall not take any steps to termi­
nate service to the customer or to collect any amounts
alleged to be owed to the company by the customer. The
commission may issue an order or take any other action to
ensure that no such steps are taken by the system or
company. The customer may, at the customer’s option and
expense, obtain a water quality test by a licensed or other­
wise qualified water testing laboratory, of the water delivered
to the customer by the water system or company, and
provide the results of such a test to the commission. If the
commission determines that the water does not meet state
drinking water standards, it shall exercise its authority over
the system or company as provided in this title, and may,
where appropriate, order a refund to the customer on a pro
rata basis for the standard water delivered to the customer,
and shall order reimbursement to the customer for the
cost incurred by the customer, if any, in obtaining a water

provided in (b) of this subsection, the following do not apply

(c) For purposes of this subsection, the number of

the number of access lines served in this state by any
affiliate of that local exchange company.

consists of its annual balance sheet and results of operations,
both presented on a Washington state jurisdictional basis.
This requirement may be satisfied by the filing of informa­
tion or reports and underlying studies filed with exchange
carrier entities or regulatory agencies if the jurisdictionally
separated results of operations for Washington state can be
obtained from the information or reports. This subsection
shall not be applied to exempt a local exchange company
from an obligation to respond to data requests in an adjudic­
ative proceeding in which it is a party.

(3) The commission may, in response to customer
complaints or on its own motion and after notice and
hearing, establish additional reporting requirements for a
specific local exchange company. [1995 c 110 § 1.]

GAS, ELECTRICAL, AND WATER COMPANIES

Sections
80.28.010 Duties as to rates, services, and facilities—Limitations on termination of utility service for residential heating.
80.28.012 Safety rules—Civil penalty for violation of RCW 80.28.210 or regulations issued thereunder—Level of penalty—Compromise—Disposition of penalty.

80.28.010 Duties as to rates, services, and facilities—Limitations on termination of utility service for residential heating. (1) All charges made, demanded or received by any gas company, electrical company or water company for gas, electricity or water, or for any service rendered or to be rendered in connection therewith, shall be just, fair, reasonable and sufficient.
(2) Every gas company, electrical company and water company shall furnish and supply such service, instrumentalities and facilities as shall be safe, adequate and efficient, and in all respects just and reasonable.
(3) All rules and regulations issued by any gas company, electrical company or water company, affecting or pertaining to the sale or distribution of its product, shall be just and reasonable.
(4) Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:
(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;
(b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community, trade, and economic development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state’s plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information provided in the self-certification;
(c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;
(d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;
(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer’s monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and
(f) Agrees to pay the moneys owed even if he or she moves.
(5) The utility shall:
(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer’s duties in this section;
(b) Assist the customer in fulfilling the requirements under this section;
(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;
(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this subsection. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnexion charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and
(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer
contacts the utility and fulfills the other requirements of this section.

(6) A payment plan implemented under this section is consistent with RCW 80.28.080.

(7) Every gas company and electrical company shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

Sections
80.36.135 Alternative regulation of telecommunications companies.
80.36.555 Enhanced 911 service—Residential service required.
80.36.560 Enhanced 911 service—Business service required.

80.36.135 Alternative regulation of telecommunications companies. (1) The legislature declares that:
(a) Changes in technology and the structure of the telecommunications industry may produce conditions under which traditional rate of return, rate base regulation of telecommunications companies may not in all cases provide the most efficient and effective means of achieving the public policy goals of this state as declared in RCW 80.36.300, this section, and RCW 80.36.145. The commission should be authorized to employ an alternative form of regulation if that alternative is better suited to achieving those policy goals.
(b) Because of the great diversity in the scope and type of services provided by telecommunications companies, alternative regulatory arrangements that meet the varying circumstances of different companies and their ratepayers may be desirable.

(2) Subject to the conditions set forth in this chapter and RCW 80.04.130, the commission may regulate telecommunications companies subject before July 23, 1989, to traditional rate of return, rate base regulation by authorizing an alternative form of regulation. The commission may determine the manner and extent of any alternative forms of regulation as may in the public interest be appropriate. In addition to the public policy goals declared in RCW 80.36.300, the commission shall consider, in determining the appropriateness of any proposed alternative form of regulation, whether it will:
(a) Reduce regulatory delay and costs;
(b) Encourage innovation in services;
(c) Promote efficiency;
(d) Facilitate the broad dissemination of technological improvements to all classes of ratepayers;
(e) Enhance the ability of telecommunications companies to respond to competition;
(f) Ensure that telecommunications companies do not have the opportunity to exercise substantial market power absent effective competition or effective regulatory constraints; and
(g) Provide fair, just, and reasonable rates for all ratepayers.

The commission shall make written findings of fact as to each of the above-stated policy goals in ruling on any proposed alternative form of regulation.

(3) A telecommunications company or companies subject to traditional rate of return, rate base regulation may petition the commission to establish an alternative form of regulation. The company or companies shall submit with the petition a plan for an alternative form of regulation. The plan shall contain a proposal for transition to the alternative form of regulation. The commission shall review and may modify or reject the proposed plan. The commission also may initiate consideration of alternative forms of regulation for a company or companies on its own motion. The commission may approve the plan or modified plan and
enhanced 911 service becomes available or a private switch automatic location identification service approved by the Washington utilities and transportation commission is available from the serving local exchange telecommunications company, whichever is later, any private shared telecommunications services provider that provides service to residential customers shall assure that the telecommunications system is connected to the public switched network such that calls to 911 result in automatic location identification for each residential unit in a format that is compatible with the existing or planned county enhanced 911 system. [1995 c 243 § 3.]

Findings—1995 c 243: “The legislature finds that citizens of the state increasingly rely on the dependability of enhanced 911, a system that allows the person answering an emergency call to immediately determine the location of the emergency without the need of the caller to speak. The legislature further finds that in some cases, calls made from telephones connected to private telephone systems may not be precisely located by the answerer, eliminating some of the benefit of enhanced 911, and that this condition could additionally imperil citizens calling from these locations in an emergency. The legislature also finds that until national standards have been developed to address this condition, information-forwarding requirements should be mandated for only those settings with the most risk, including schools, residences, and some business settings.” [1995 c 243 § 1.]

Severability—1995 c 243: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1995 c 243 § 12.]

80.36.560 Enhanced 911 service—Business service required. By January 1, 1997, or one year after enhanced 911 service becomes available or a private switch automatic location identification service approved by the Washington utilities and transportation commission is available from the serving local exchange telecommunications company, whichever is later, any commercial shared services provider of private shared telecommunications services for hire or resale to the general public to multiple unaffiliated business users from a single system shall assure that such a system is connected to the public switched network such that calls to 911 result in automatic location identification for each telephone in a format that is compatible with the existing or planned county enhanced 911 system. This section shall apply only to providers of service to businesses containing a physical area exceeding twenty-five thousand square feet, or businesses on more than one floor of a building, or businesses in multiple buildings. [1995 c 243 § 5.]

Findings—Severability—1995 c 243: See notes following RCW 80.36.555.

An addition to an existing facility is not deemed to be a major energy project unless the addition itself is capable, or intended to be capable, of generating electricity in an amount greater than two hundred fifty megawatts. A project which is under construction on July 1, 1982, shall not be considered a major public energy project unless the official agency budget or estimate for total construction costs for the project as of July 1, 1982, is more than two hundred percent of the first official estimate of total construction costs as specified in the senate energy and utilities committee WPPSS inquiry report, volume one, January 12, 1981, and unless, as of July 1, 1982, the projected remaining cost of construction for that project exceeds two hundred million dollars.

81.48.010 Failure to ring bell—Penalty—Exception. Every engineer driving a locomotive on any railway who shall fail to ring the bell or sound the whistle upon such locomotive, or cause the same to be rung or sounded at least eighty rods from any place where such railway crosses a traveled road or street on the same level (except in cities, or in counties that enact ordinances applying only to crossings equipped with supplemental safety measures as provided in RCW 81.48.015), or to continue the ringing of such bell or sounding of such whistle until such locomotive shall have crossed such road or street, shall be guilty of a misdemeanor.

This section shall not apply to an engineer operating a locomotive within yard limits or when on track, which is not main line track, where crossing speed is restricted by published special instruction or bulletin to ten miles per hour or less. [1995 c 315 § 1; 1961 c 14 § 81.48.010. Prior: 1909 c 249 § 76; RRS § 2528.]

81.48.015 Limiting or prohibiting the sounding of locomotive horns—Supplemental safety measures—Notice. (1) The legislature hereby authorizes cities and counties to enact ordinances limiting or prohibiting the sounding of locomotive horns, provided the ordinance applies only at crossings equipped with supplemental safety measures. A supplemental safety measure is a safety device defined in P.L. 103-440, section 20153(a)(3), as that law existed on November 2, 1994. A supplemental safety measure that prevents careless movement over the crossing (e.g., as where adequate median barriers prevent movement around crossing gates extending over the full width of the lanes in a particular direction of travel), shall be deemed to conform to those standards required under P.L. 103-440 unless specifically rejected by emergency order issued by the United States secretary of the department of transportation.

(2) Prior to enacting the ordinance, the cities and counties shall provide written notification to the railroad companies affected by the proposed ordinance, and to the state utilities and transportation commission, for the purpose of providing an opportunity to comment on the proposed ordinance.

81.104.030 Policy development outside central Puget Sound—Voter approval. (1) In any county that has a population of one hundred seventy-five thousand or more and has an interstate highway within its borders, except for any county having a population of more than one million or a county that has a population more than four hundred thousand and is adjacent to a county with a population of more than one million, transit agencies may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation, or such agencies may use the designated metropolitan planning organization as the regional policy committee.

Transit agencies participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and financing plan. For transit agencies in counties adjoining state or international boundaries where the high capacity transportation system plan and financing plan propose a bi-state or international high capacity transportation system, such voter approval shall be required from only those voters residing within the service area in the state of Washington.

(2) Transit agencies in counties adjoining state or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or Canadian province. The department shall assemble and participate in a committee comprised of transit agencies eligible to receive funds from the high capacity transportation account for the purpose of reviewing fund applications.

(1) State high capacity transportation account funds may provide up to eighty percent matching assistance for high capacity transportation planning efforts.

(2) For purposes of this section and RCW 82.12.02565:
(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities. "Machinery and equipment" includes pollution control equipment installed and used in a manufacturing operation to prevent air pollution, water pollution, or contamination that might otherwise result from the manufacturing operation.

   (ii) Property with a useful life of less than one year;

Findings—1995 1st sp.s. c 3: "The legislature finds and declares that:
   (1) The health, safety, and welfare of the people of the state of Washington are heavily dependent upon the continued encouragement, development, and expansion of opportunities for family wage employment in our state’s private sector;
   (2) The state’s private sector must be encouraged to commit to continuous improvement of process, products, and services and to deliver high-quality, high-value products through technological innovations and high-performance work organizations;
   (3) The state’s opportunities for increased economic dealings with other states and nations of the world are dependent on supporting and attracting a diverse, stable, and competitive economic base of private sector employers;
   (4) The state’s current policy of applying its sales and use taxes to machinery, equipment, and installation labor used in manufacturing, research and development, and other activities has placed our state’s private sector at a competitive disadvantage with other states and serves as a significant disincentive to the continuous improvement of products, technology, and modernization necessary for the preservation, stabilization, and expansion of employment and to ensure a stable economy; and
   (5) It is vital to the continued development of economic opportunity in this state, including the development of new businesses and the expansion or modernization of existing businesses, that the state of Washington provide tax incentives to entities making a commitment to sites and operations in this state."

Effective date—1995 1st sp.s. c 3: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995."

82.08.02572 Exemptions—Bazaar or rummage sales by nonprofit organization. The tax levied by RCW 82.08.020 does not apply to sales made by a nonprofit organization if the gross income from the sales is exempt under RCW 82.04.365. [1995 2nd sp.s. c 11 § 2.]

Effective date—1995 2nd sp.s. c 11: See note following RCW 82.04.365.

82.08.0263 Exemptions—Sales of motor vehicles and trailers for use in transporting persons or property in interstate or foreign commerce. The tax levied by RCW 82.08.020 shall not apply to sales of motor vehicles and trailers to be used for the purpose of transporting therein persons or property for hire in interstate or foreign commerce whether such use is by the owner or whether such motor vehicles and trailers are leased to the user with or without drivers: PROVIDED, That the purchaser or user must be the holder of a carrier permit issued by the Interstate Commerce Commission. [1995 c 63 § 1; 1980 c 37 § 30. Formerly RCW 82.08.030(12).]

Effective date—1995 c 63: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995."

Intent—1980 c 37: See note following RCW 82.04.4281.
82.08.02085 Exemptions—Sales to blood, bone, or tissue bank—Exceptions. The tax levied by RCW 82.08.020 does not apply to the sale of medical supplies, chemicals, or materials to a blood, bone, or tissue bank. The definitions in RCW 82.04.324 apply to this section. The exemption in this section does not apply to the sale of construction materials, office equipment, building equipment, administrative supplies, or vehicles. [1995 2nd sp.s. c 9 § 4.]

Effective date—1995 2nd sp.s. c 9: See note following RCW 84.36.035.

82.08.0287 Exemptions—Sales of passenger motor vehicles as ride-sharing vehicles. The tax imposed by this chapter shall not apply to sales of passenger motor vehicles which are to be used as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not less than five persons, including the driver, with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing, as defined in RCW 46.74.010(1), or by not less than four persons including the driver when at least two of those persons are confined to wheelchairs when riding, or passenger motor vehicles where the primary usage is for ride-sharing for the elderly and the handicapped, as defined in RCW 46.74.010(2), if the ride-sharing vehicles are exempt under RCW 82.44.015 for thirty-six consecutive months beginning within thirty days of application for exemption under this section. If used as a ride-sharing vehicle for less than thirty-six consecutive months, the registered owner of one of these vehicles shall notify the department of revenue upon termination of primary use of the vehicle as a ride-sharing vehicle and is liable for the tax imposed by this chapter.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program. [1995 c 274 § 2; 1993 c 488 § 2; 1980 c 166 § 1.]

Finding—1993 c 488: "The legislature finds that ride sharing and vanpools are the fastest growing transportation choice because of their flexibility and cost-effectiveness. Ride sharing and vanpools represent an effective means for local jurisdictions, transit agencies, and the private sector to assist in addressing the requirements of the Commute Trip Reduction Act, the Growth Management Act, the Americans with Disabilities Act, and the Clean Air Act." [1993 c 488 § 1.]

Annual recertification rule—Report—1993 c 488: "The department shall adopt by rule a process requiring annual recertification upon renewal for vehicles registered under RCW 46.16.023 to discourage abuse of tax exemptions under RCW 82.08.0287, 82.12.0282, and 82.44.015. The department of licensing in consultation with the department of transportation shall submit a report to the legislative transportation committee and the house and senate standing committees on transportation by July 1, 1996, assessing the effectiveness of the department of licensing at limiting tax exemptions to bona fide ride-sharing vehicles." [1993 c 488 § 6.]

Severability—1980 c 166: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1980 c 166 § 4.]

82.14.300 Local government criminal justice assistance—Finding. The legislature finds and declares that local government criminal justice systems are in need of assistance. Many counties and cities are unable to provide sufficient funding for additional police protection, mitigation of congested court systems, public safety education, and relief of overcrowded jails.

In order to ensure public safety, it is necessary to provide fiscal assistance to help local governments to respond immediately to these criminal justice problems, while initiating a review of the criminal justice needs of cities and counties and the resources available to address those needs.

To provide for a more efficient and effective response to these problems, the legislature encourages cities and

(a) Twenty percent appropriated for distribution shall be distributed to cities with a three-year average violent crime rate for each one thousand in population in excess of one hundred fifty percent of the state-wide three-year average violent crime rate for each one thousand in population. The three-year average violent crime rate shall be calculated using the violent crime rates for each of the preceding three years from the annual reports on crime in Washington state as published by the Washington association of sheriffs and police chiefs. Moneys shall be distributed under this subsection (1)(a) ratably based on population as last determined by the office of financial management, but no city may receive more than one dollar per capita. Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

Moneys distributed under this subsection shall be distributed to those cities that submit funding requests under this subsection to the department of community, trade, and economic development based on criteria developed under RCW 82.14.335. Allocation of funds shall be in proportion to the population of qualified jurisdictions, but the distribution to a city shall not exceed the amount of funds requested. Cities shall submit requests for program funding to the department of community, trade, and economic development by November 1 of each year for funding the following year. The department shall certify to the state treasurer the cities eligible for funding under this subsection and the amount of each allocation.

The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection, less any moneys appropriated for purposes under RCW 82.44.110, shall be distributed at the times as distributions are made under RCW 82.44.150. Moneys remaining undistributed under this subsection at the end of each calendar year shall be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

82.14.335 Grant criteria for distributions under RCW 82.14.330(2). The department of community, trade, and economic development shall adopt criteria to be used in making grants to cities under RCW 82.14.330(2). In developing the criteria, the department shall create a temporary advisory committee consisting of the director of community, trade, and economic development, two representatives nominated by the association of Washington cities, and two representatives nominated by the Washington association of sheriffs and police chiefs. [1995 c 399 § 213; 1993 sp.s. c 21 § 4.]

82.14.340 Additional sales and use tax for criminal justice purposes—Referendum—Expenditures. The legislative authority of any county may fix and impose a sales and use tax in accordance with the terms of this chapter, provided that such sales and use tax is subject to repeal by referendum, using the procedures provided in RCW 82.14.036. The referendum procedure provided in RCW 82.14.036 is the exclusive method for subjecting any county sales and use tax ordinance or resolution to a referendum vote.

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within such county. The rate of tax shall equal one-tenth of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

When distributing moneys collected under this section, the state treasurer shall distribute ten percent of the moneys to the county in which the tax was collected. The remainder of the moneys collected under this section shall be distributed to the county and the cities within the county ratably based on population as last determined by the office of financial management. In making the distribution based on population, the county shall receive that proportion that the unincorporated population of the county bears to the total population of the county and each city shall receive that proportion that the city incorporated population bears to the total county population.

Moneys received from any tax imposed under this section shall be expended exclusively for criminal justice purposes and shall not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Local Retail Sales and Use Taxes 82.14.340

82.14.350 Sales and use tax for juvenile detention facilities and jails—Colocation. (1) A county legislative authority in a county with a population of less than one million may submit an authorizing proposition to the county legislative authority in a county with a population of less than one million to impose a special stadium sales and use tax by resolution following its approval by a majority of the voters in the county at a general or special election.

(2) The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county. The rate of tax shall equal one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used in the case of a use tax.

(3) Moneys received from any tax imposed under this section shall be used solely for the purpose of providing funds for costs associated with financing, design, acquisition, construction, equipping, operating, maintaining, remodeling, repairing, reequipping, and improvement of juvenile detention facilities and jails.

(4) Counties are authorized to develop joint ventures to collocate juvenile detention facilities and to collocate jails.

82.14.360 Special stadium sales and use tax. (1) The legislative authority of a county with a population of one million or more operating under a county charter may impose a special stadium sales and use tax by resolution adopted on or before December 31, 1995, for collection following its approval by a majority of the voters in the county at a general or special election.

(2) The rate of the tax shall equal one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used in the case of a use tax. The tax imposed under this section shall not be credited against any other tax imposed upon the same taxable event.

(3) The revenue from the tax imposed under this section shall be used for the purpose of principal and interest payments on bonds issued by a public facilities district, created within the county under chapter 36.100 RCW, to acquire, construct, own, remodel, maintain, equip, reequip, repair, and operate a baseball stadium with a retractable roof or canopy and natural turf. If the revenue from the tax imposed under this section exceeds the amount needed for such principal and interest payments in any year, the excess shall be used solely for either or both: (a) Early retirement of the bonds issued for the baseball stadium; or (b) retirement of bonds issued for expanding, remodelling, repairing, or reequipping of a multipurpose stadium that has a seating capacity over forty-five thousand.

(4) The tax authorized under this section may be collected only after the county executive has certified to the department of revenue that a professional major league baseball team has made a binding and legally enforceable contractual commitment to:

(a) Play at least ninety percent of its home games in the stadium for a period of time not shorter than the term of the bonds issued to finance the initial construction of the stadium;

(b) Contribute principal of forty-five million dollars toward the bonded cost of construction of the stadium, which contribution shall be made during a term not to exceed the term of the bonds issued to finance the initial construction of the stadium. If all or part of the contribution is made after the date of issuance of the bonds, the team shall contribute an additional amount equal to the accruing interest on the deferred portion of the contribution, calculated at the interest rate on the bonds maturing in the year in which the deferred contribution is made; and

(c) Share a portion of the profits generated by the baseball team from the operation of the professional franchise for a period of time equal to the term of the bonds issued to finance the initial construction of the stadium, after offsetting any losses incurred by the baseball team after *the effective date of chapter 14, Laws of 1995 1st sp. sess. Such profits and the portion to be shared shall be defined by agreement between the public facilities district and the baseball team. The shared profits shall be used to retire the bonds issued to finance the initial construction of the stadium. If the bonds are retired before the expiration of their term, the shared profits shall be paid to the public facilities district.

*Reviser’s note: 1995 1st sp.s. c 14 had two effective dates. Sections 1 through 9 and 11 took effect July 1, 1995, and sections 10 and 12 took effect June 14, 1995.

Chapter 82.23B

OIL SPILL RESPONSE TAX

Sections
82.23B.020 Oil spill response tax—Oil spill administration tax—Study of tax credits.

82.23B.020 Oil spill response tax—Oil spill administration tax—Study of tax credits. (1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of two cents per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of three cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or has collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person’s own acts or the result of acts or conditions beyond the person’s control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department’s judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this chapter are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than twenty-five million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than fifteen million dollars.

(11) The office of marine safety, the department of revenue, and the department of community, trade, and economic development shall study tax credits for taxpayers employing vessels with the best achievable technology and the best available protection to reduce the risk of oil spills to the navigable waters of the state and submit the study to the appropriate standing committees of the legislature by December 1, 1992. [1995 c 399 § 214; 1992 c 73 § 7; 1991 c 200 § 802.]

Sections
82.24.010 Definitions.
82.24.030 Stamps.

[1995 RCW Supp—page 986]
82.24.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Cigarette" means any roll for smoking made wholly or in part of tobacco, irrespective of size or shape and irrespective of the tobacco being flavored, adulterated, or mixed with any other ingredient, where such roll has a wrapper or cover made of paper or any material, except where such wrapper is wholly or in the greater part made of natural leaf tobacco in its natural state.

(2) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian wholesaler or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country. For purposes of this chapter "Indian country" is defined in the manner set forth in 18 U.S.C. Sec. 1151.

(3) "Precollection obligation" means the obligation of a seller otherwise exempt from the tax imposed by this chapter to collect the tax from that seller's buyer.

(4) "Retailer" means every person, other than a wholesaler, who purchases, sells, offers for sale or distributes any one or more of the articles taxed herein, irrespective of quantity or amount, or the number of sales, and all persons operating under a retailer's registration certificate.

(5) "Retail selling price" means the ordinary, customary or usual price paid by the consumer for each package of cigarettes, less the tax levied by this chapter and less any similar tax levied by this state.

(6) "Stamp" means the stamp or stamps by use of which the tax levy under this chapter is paid or identification is made of those cigarettes with respect to which no tax is imposed.

(7) "Wholesaler" means every person who purchases, sells, or distributes any one or more of the articles taxed herein to retailers for the purpose of resale only.

(8) The meaning attributed, in chapter 82.04 RCW, to the words "person," "sale," "business" and "successor" applies equally in this chapter. [1995 c 278 § 1; 1961 c 15 § 82.24.010. Prior: 1959 c 270 § 9; 1949 c 228 § 14; 1935 c 180 § 83; Rem. Supp. 1949 § 8370-83.]

Effective date—1995 c 278: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1995." [1995 c 278 § 17.]

Effective date—1995 c 278: See note following RCW 82.24.010.

82.24.050 Retailer—Possession of unstamped cigarettes. No retailer in this state may possess unstamped cigarettes within this state except as provided in this chapter. [1995 c 278 § 4; 1990 c 216 § 3; 1969 ex.s. c 214 § 2; 1961 c 15 § 82.24.050. Effective date—1995 c 278: See note following RCW 82.24.010.

82.24.080 Legislative intent—Taxable event—Tax liability. (1) It is the intent and purpose of this chapter to levy a tax on all of the articles taxed under this chapter, sold, used, consumed, handled, possessed, or distributed within this state and to collect the tax from the person who first sells, uses, consumes, handles, possesses (either physically or constructively, in accordance with RCW 82.24.020) or distributes them in the state. It is further the intent and purpose of this chapter that whenever any of the articles taxed under this chapter is given away for advertising or any other purpose, it shall be taxed in the same manner as if it were sold, used, consumed, handled, possessed, or distributed in this state.

(2) It is also the intent and purpose of this chapter that the tax shall be imposed at the time and place of the first taxable event and upon the first taxable person within this state. Any person whose activities would otherwise require payment of the tax imposed by subsection (1) of this section but who is exempt from the tax nevertheless has a precollection obligation for the tax that must be imposed on the first taxable event within this state. A precollection obligation may not be imposed upon a person exempt from the tax who sells, distributes, or transfers possession of cigarettes to another person who, by law, is exempt from the tax imposed by this chapter or upon whom the obligation for collection of the tax may not be imposed. Failure to pay the tax with respect to a taxable event shall not prevent tax liability from arising by reason of a subsequent taxable event.

(3) In the event of an increase in the rate of the tax imposed under this chapter, it is the intent of the legislature that the first person who sells, uses, consumes, handles, possesses, or distributes previously taxed articles after the effective date of the rate increase shall be liable for the additional tax, or its precollection obligation as required by this chapter, represented by the rate increase. The failure to pay the additional tax with respect to the first taxable event after the effective date of a rate increase shall not prevent tax liability for the additional tax from arising from a subsequent taxable event. [1995 c 278 § 5; 1993 c 492 § 308; 1972 ex.s. c 157 § 4; 1961 c 15 § 82.24.080. Prior: 1959 c 270 § 8; prior: 1949 c 228 § 13, part; 1943 c 156 § 11, part: 1941 c 178 § 13, part; 1939 c 225 § 23, part; 1935 c 180 § 82, part; Rem. Supp. 1949 § 8370-82, part.]
(j) For any person to make, use, or present or exhibit to the department of revenue or its duly authorized agent, any invoice for any of the articles herein taxed which bears an untrue date or falsely states the nature or quantity of the goods therein invoiced;

(k) For any wholesaler or retailer or his or her agents or employees to fail to produce on demand of the department of revenue all invoices of all the articles herein taxed or stamps bought by him or her or received in his or her place of business within five years prior to such demand unless he or she can show by satisfactory proof that the nonproduction of the invoices was due to causes beyond his or her control;

(1) For any person to receive in this state any shipment of any of the articles taxed herein, when the same are not stamped, for the purpose of avoiding payment of tax. It is presumed that persons other than dealers who purchase or receive shipments of unstamped cigarettes do so to avoid payment of the tax imposed herein;

(m) For any person to possess or transport in this state a quantity of sixty thousand cigarettes or less unless the proper stamps required by this chapter have been affixed or unless: (i) Notice of the possession or transportation has been given as required by RCW 82.24.250; (ii) the person transporting the cigarettes has in actual possession invoices or delivery tickets which show the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of the cigarettes so transported; and (iii) the cigarettes are consigned to or purchased by any person in this state who is authorized by this chapter to possess unstamped cigarettes in this state.

(2) It is unlawful for any person knowingly or intentionally to possess or to transport in this state a quantity in excess of sixty thousand cigarettes unless the proper stamps required by this chapter are affixed thereto or unless: (a) Proper notice as required by RCW 82.24.250 has been given; (b) the person transporting the cigarettes actually possesses invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of the cigarettes so transported; and (c) the cigarettes are consigned to or purchased by a person in this state who is authorized by this chapter to possess unstamped cigarettes in this state. Violation of this section shall be punished as a class C felony under Title 9A RCW.

(3) All agents, employees, and others who aid, abet, or otherwise participate in any way in the violation of the provisions of this chapter or any of the offenses described in this chapter shall be guilty and punishable as principals, to the same extent as any wholesaler or retailer or any other person violating this chapter. [1995 c 278 § 7; 1990 c 267 § 1; 1975 1st ex.s. c 278 § 64; 1961 c 15 § 82.24.110. Prior: 1941 c 178 § 15; 1935 c 180 § 86; Rem. Supp. 1941 § 8370-86.]

(1) If any person, subject to the provisions of this chapter or any rules adopted by the department of revenue under authority hereof, is found to have failed to affix the stamps required, or to have them affixed as herein provided, or to pay any tax due hereunder, or to have violated any of the provisions of this chapter or rules adopted by the department of revenue in the administration hereof, there shall be assessed and collected from such person, in addition to any tax that may be found due, a remedial penalty equal to the greater of ten dollars per package of unstamped cigarettes or two hundred fifty dollars, plus interest thereon at the rate as computed under RCW 82.32.050(2) from the date the tax became due, and upon notice mailed to the last known address of the person. The amount shall become due and payable in thirty days from the date of the notice. If the amount remains unpaid, the department or its duly authorized agent may make immediate demand upon such person for the payment of all such taxes, penalties, and interest.

(2) The department, for good reason shown, may remit all or any part of penalties imposed, but the taxpayer must pay all taxes due and interest thereon, at the rate as computed under RCW 82.32.050(2) from the date the tax became due.

(3) The keeping of any unstamped articles coming within the provisions of this chapter shall be prima facie evidence of intent to violate the provisions of this chapter.

(4) This section does not apply to taxes or tax increases due under RCW 82.24.270 and 82.24.280. [1995 c 278 § 8; 1990 c 267 § 1; 1975 1st ex.s. c 278 § 64; 1961 c 15 § 82.24.120. Prior: 1949 c 228 § 15; 1939 c 225 § 25; 1935 c 180 § 87; Rem. Supp. 1949 § 8370-87.]

82.24.230 Administration. All of the provisions contained in chapter 82.32 RCW shall have full force and application with respect to taxes imposed under the provisions of this chapter, except the following sections: RCW 82.32.050, 82.32.060, 82.32.070, 82.32.100, and 82.32.270, except as noted otherwise in RCW 82.24.270 and 82.24.280. [1995 c 278 § 9; 1961 c 15 § 82.24.230. Prior: 1935 c 180 § 95; RRS § 8370-95.]

(5) Transportation of cigarettes from a point outside this state to a point in some other state will not be considered a violation of this section provided that the person so transporting such cigarettes has in his possession adequate invoices or delivery tickets which give the true name and address of such out-of-state seller or consignor and such out-of-state purchaser or consignee.

(6) In any case where the department or its duly authorized agent, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting cigarettes in violation of this section, the department, such agent, or such police officer, is authorized to stop such vehicle and to inspect the same for contraband cigarettes.

Effective date—1987 c 174: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect June 1, 1987." [1987 c 174 § 8.]

Effective date—1981 c 342: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1981. This act shall only take effect upon the passage of Senate Bills No. 3669 and 3699, and if Senate Bills No. 3669 and 3699 are not both enacted by the 1981 regular session of the legislature this amendatory act shall be null and void in its entirety." [1981 c 342 § 12.] Senate Bills No. 3669 and 3699 became 1981 c 315 and 1981 c 316, respectively.

Severability—1981 c 342: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 342 § 13.]

Effective dates—1977 ex.s. c 317: "This 1977 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect on July 1, 1977, except for section 9, which shall take effect on September 1, 1977." [1977 ex.s.c 317 § 24] Section 9 was the amendment to RCW 46.68.100 by 1977 ex.s.c 317.

Severability—1977 ex.s. c 317: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s.c 317 § 23.]

82.36.2251 Repealed. (Effective unless section 1, chapter 225, Laws of 1994 is not upheld by order of the court of appeals or the supreme court of this state.) See Supplementary Table of Disposition of Former RCW Sections, this volume.

82.36.2251 Refund—Alcohol for use as fuel—Gallonage threshold—Tax credit, blended fuel—Expiration of section. (Effective if section 1, chapter 225, Laws of 1994 is not upheld by order of the court of appeals or the supreme court of this state.) (1) In lieu of the former tax exemption and credit, a distributor is eligible for a refund of the motor fuel tax paid under this chapter on alcohol of any proof that is sold in this state for use as fuel in motor vehicles, farm implements and machines, or implements of husbandry if such alcohol was manufactured by a company that has been verified by the department as having sold less than eight million gallons of alcohol for use as motor fuel in the prior calendar year.

(2) In addition, a tax refund of sixty percent of the tax rate imposed by RCW 82.36.025 shall be given for every gallon of alcohol receiving a refund under subsection (1) of this section and used in an alcohol-gasoline blend which contains at least nine and one-half percent or more by volume of alcohol: PROVIDED, That in no case may the tax refund claimed be greater than the tax due on the gasoline portion of the blended fuel: AND PROVIDED FURTHER, That no refunds may be issued to distributors who fail to remit taxes owed under this chapter.

(3) Any tax refunds provided under this section must be made from the gasohol exemption holding account, created under RCW 46.68.090(1)(i). The tax exemption refund will be based upon the difference between the amount of tax collected on the original taxable sale invoice and the rebilled taxable sale invoice that reflects the alcohol that is exempt from the motor fuel tax.
Motor Vehicle Fuel Tax 82.36.2251

(4) This section shall expire on December 31, 1999. [1995 c 364 § 3; 1993 c 268 § 2.]

Intent for 1994 c 225—Contingent—1995 c 364: "The gasohol exemption and credit was created in 1980 to help in-state producers of alcohol. The legislature finds that, for the following reasons, the gasohol exemption and credit granted to motor fuel distributors is not in the best interest of the citizens of the state of Washington:

1. The federal Clean Air Act requires the use of gasohol or other oxygenated fuels in King, Pierce, Snohomish, Clark, and Spokane counties during fall and winter months, thereby diminishing the need to provide incentives to alcohol producers;

2. The federal government also provides a fuel tax exemption of up to 5.4 cents per gallon of gasohol;

3. If continued, the state exemption will cost the state about thirty million dollars per year, the equivalent of a one-cent gasoline tax;

4. Only three of the seventeen alcohol producers certified to benefit from the exemption in 1993 are located in Washington;

5. Over ninety percent of the alcohol qualifying for the exemption is provided by out-of-state firms, including several from outside the country;

6. Gas tax revenue lost because of the exemption is badly needed for state, city, and county transportation projects." [1995 c 364 § 1.]

Legislature’s position—Intent—1995 c 364: "For the reasons enumerated in section 1, chapter 364, Laws of 1995, the legislature repealed the tax exemption and credit benefiting gasohol producers by passing ESHB 2326 in 1994. The legislature’s position is that section 1 of ESHB 2326, which is the portion of the bill that repealed the tax exemption enjoyed by foreign and domestic companies producing gasohol, is not subject to the requirements of section 13, chapter 2, Laws of 1994 (commonly known as section 13 of 1-601) because, among other reasons, existing law "RCW 43.135.020(2) excludes highway trust fund revenue from its provisions."

The legislature hereby provides a refund system to be used in lieu of the gasohol tax exemption and credit. Refunds will be disbursed only if an appellant or supreme court of this state invalidates section 1 of ESHB 2326 and the people reject the measure at the November general election." [1995 c 364 § 2.]

*Reviser's note: RCW 43.135.020(2) is a definition of state personal income. Refunds—Contingency—Deposit of funds—Authorization: "No refunds authorized under this act shall be provided until 1994 c 225 is rejected by the people at the next November general election. Any funds received as taxes paid subject to refunds authorized in section 3, chapter 364, Laws of 1995 shall be deposited in the gasohol exemption holding account. The department of licensing is authorized to issue refunds after 1994 c 225 has been rejected by the people at the next November general election." [1995 c 364 § 5.]

Contingency—1995 c 364: "If section 1, chapter 225, Laws of 1994 is upheld by order of the court of appeals or the supreme court of this state, this act is null and void." [1995 c 364 § 6.]

Severability—1995 c 364: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1995 c 364 § 7.]

Effective dates—1995 c 364: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 16, 1995], except for section 3 of this act, which takes effect July 1, 1995." [1995 c 364 § 8.]

82.36.310 Claim of refund. Any person claiming a refund for motor vehicle fuel used or exported as in this chapter provided shall not be entitled to receive such refund until he presents to the director a claim upon forms to be provided by the director with such information as the director shall require, which claim to be valid shall in all cases be accompanied by the original invoice or invoices issued to the claimant at the time of the purchases of the motor vehicle fuel, approved as to invoice form by the director: PROVIDED, That in the event of the loss or destruction of the original invoice or invoices, the person claiming a refund may submit in lieu thereof a duplicate copy of such invoice certified by the vendor, but no payment of refund based upon such duplicate invoice shall be made until after expiration of such statutory period specified in RCW 82.36.330 for filing of refund applications.

Any person claiming refund by reason of exportation of motor vehicle fuel shall in addition to the invoices required furnish to the director the export certificate therefor, and the signature on the exportation certificate shall be certified by a notary public. In all cases the claim shall be signed by the person claiming the refund, if it is a corporation, by some proper officer of the corporation, or if it is a limited liability company, by some proper manager or member of the limited liability company. [1995 c 318 § 3; 1965 ex.s. c 79 § 13; 1961 c 15 § 82.36.310. Prior: 1957 c 218 § 7; prior: 1945 c 38 § 1, part; 1943 c 84 § 5, part; 1937 c 219 § 2, part; 1935 c 109 § 2, part; 1933 c 58 § 18, part; Rem. Supp. 1945 § 8327-18, part; prior: 1923 c 81 § 4, part.]

Effective date—1995 c 318: See note following RCW 82.04.030.

82.36.380 Violations—Penalties. (1) It is unlawful for a person or corporation to evade a tax or fee imposed under this chapter.

(2) Evasion of taxes or fees under this chapter is a class C felony under chapter 9A.20 RCW. In addition to other penalties and remedies provided by law, the court shall order a person or corporation found guilty of violating subsection (1) of this section to:

(a) Pay the tax or fee evaded plus interest, commencing at the date the tax or fee was first due, at the rate of twelve percent per year, compounded monthly; and

(b) Pay a penalty of one hundred percent of the tax evaded, to the transportation fund of the state. [1995 c 287 § 2; 1961 c 15 § 82.36.380. Prior: 1949 c 234 § 2, part; 1933 c 58 § 19, part; Rem. Supp. 1949 § 8327-19, part; prior: 1921 c 173 § 12, part.]

82.36.450 Agreement with tribe for imposition, collection, use. The department of licensing may enter into an agreement with any federally recognized Indian tribe located on a reservation within this state regarding the imposition, collection, and use of this state’s motor vehicle fuel tax, or the budgeting or use of moneys in lieu thereof, upon terms substantially the same as those in the consent decree entered by the federal district court (Eastern District of Washington) in Confederated Tribes of the Colville Reservation v. DOL, et al., District Court No. CV-92-248-JLO. [1995 c 320 § 2.]

Legislative recognition, belief—1995 c 320: "The legislature recognizes that certain Indian tribes located on reservations within this state dispute the authority of the state to impose a tax upon the tribe, or upon tribal members, based upon the distribution, sale, or other transfer of motor vehicle and other fuels to the tribe or its members when that distribution, sale, or other transfer takes place upon that tribe’s reservation. While the legislature believes it has the authority to impose state motor vehicle and other fuel taxes under such circumstances, it also recognizes that all of the state citizens may benefit from resolution of these disputes between the respective governments." [1995 c 320 § 1.]

Severability—1995 c 320: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1995 c 320 § 4.]

Effective date—1995 c 320: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state
government and its existing public institutions, and shall take effect immediately [May 11, 1995].” [1995 c 320 § 5.]

fuel dealer may also deliver untaxed special fuel into bulk storage facilities of a licensed special fuel user or dealer without collecting the special fuel tax. Special fuel dealers, when making deliveries of special fuel into bulk storage to any person not holding a valid special fuel license, must collect the special fuel tax at time of delivery, unless the person to whom the delivery is made is specifically exempted from the tax as provided herein.

A special fuel user's license authorizes a person to purchase special fuel into bulk storage for use in motor vehicles either on or off the public highways of this state without payment of the special fuel tax at time of purchase. Holders of special fuel licenses are all subject to the bonding, reporting, tax payment, and record-keeping provisions of this chapter. All purchases of special fuel by a licensed special fuel user directly into the fuel supply tank of a motor vehicle are subject to the special fuel tax at time of purchase. Special authorization may be given to farmers, logging companies, and construction companies to purchase special fuel directly into the supply tanks of nonhighway equipment or into portable slip tanks for nonhighway use without payment of the special fuel tax.

Special fuel users operating motor vehicles in interstate commerce having two axles and a gross vehicle weight or registered gross vehicle weight not exceeding twenty-six thousand pounds are not required to be licensed. Special fuel users operating motor vehicles in interstate commerce having two axles and a gross vehicle weight or registered gross vehicle weight exceeding twenty-six thousand pounds, or having three or more axles regardless of weight, or a combination of vehicles, when the combination exceeds twenty-six thousand pounds gross vehicle weight, must comply with the licensing and reporting requirements of this chapter. A copy of the license must be carried in each motor vehicle entering this state from another state or province. [1995 c 20 § 13; 1994 c 262 § 23; 1993 c 54 § 6; 1991 c 339 § 6; 1990 c 250 § 84; 1986 c 29 § 2; 1979 c 40 § 5; 1971 ex.s. c 175 § 10.]

Severability—1995 c 20: See RCW 70.149.901.

Severability—1990 c 250: See note following RCW 46.16.301.

82.38.120 Issuance of license—Refusal—Posting—Display—Duration—Transferability. Upon receipt and approval of an application and bond, if required, the department shall issue to the applicant a license to act as a special fuel dealer or a special fuel user. However, the department may refuse to issue a special fuel dealer's license or a special fuel user's license to any person: (1) Who formerly held either type of license which, prior to the time of filing for application, has been revoked for cause; (2) who is a subterfuge for the real party in interest whose license prior to the time of filing for application, has been revoked for cause; (3) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a special fuel license revoked for cause; (4) who has an unsatisfied debt to the state assessed under either chapter 82.36, 82.38, or 46.87 RCW; or (5) upon other sufficient cause being shown. Before such refusal, the department shall grant the applicant a hearing and shall grant the applicant at least five days written notice of the time and place thereof.

The department shall determine from the information shown in the application or other investigation the kind and class of license to be issued.

All licenses shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. License holders shall reproduce the license by photostat or other method and keep a copy on display for ready inspection at each additional place of business or other place of storage from which special fuel is sold, delivered or used and in each motor vehicle used by the license holder to transport special fuel purchased by him or her for resale, delivery or use. Every licensed special fuel user operating a motor vehicle registered in a jurisdiction other than this state shall reproduce the license and carry a photocopy thereof with each motor vehicle being operated upon the highways of this state.

A special fuel dealer may use special fuel in motor vehicles owned or operated by the dealer without securing a license as a special fuel user but the dealer is subject to all other conditions, requirements, and liabilities imposed herein upon a special fuel user.

Each special fuel dealer's license and special fuel user's license shall be valid until the expiration date if shown on the license, or until suspended or revoked for cause or otherwise canceled.

No special fuel dealer's license or special fuel user's license shall be transferable. [1995 c 274 § 21; 1990 c 250 § 85; 1979 c 40 § 8; 1973 1st ex.s. c 156 § 5; 1971 ex.s. c 175 § 13.]

Severability—1990 c 250: See note following RCW 46.16.301.

82.38.140 Special fuel records. (1) Every special fuel dealer, special fuel user, and every person importing, manufacturing, refining, dealing in, transporting, or storing special fuel in this state shall keep for a period of not less than three years open to inspection at all times during the business hours of the day to the department or its authorized representatives, a complete record of all special fuel purchased or received and all of such products sold, delivered, or used by them. Such records shall show:

(a) The date of each receipt;
(b) The name and address of the person from whom purchased or received;
(c) The number of gallons received at each place of business or place of storage in the state of Washington;
(d) The date of each sale or delivery;
(e) The number of gallons sold, delivered, or used for taxable purposes;
(f) The number of gallons sold, delivered, or used for any purpose not subject to the tax imposed herein;
(g) The name, address, and special fuel license number of the purchaser if the special fuel tax is not collected on the sale or delivery;
(h) The inventories of special fuel on hand at each place of business at the end of each month.

(2)(a) All special fuel users using special fuel in vehicles licensed for highway operation shall maintain detailed mileage records on an individual vehicle basis.
(b) Such operating records shall show both on-highway and off-highway usage of special fuel on a daily basis for each vehicle.

[1995 RCW Supp—page 999]
82.38.140 Title 82 RCW: Excise Taxes

(3) Persons using special fuel for heating purposes only are not required to maintain records of fuel usage.

(4) Invoices shall be prepared for sales and deliveries of special fuel in the manner and containing such information as may be prescribed by the department.

Every special fuel dealer or special fuel user making such sales or deliveries of special fuel and every person so receiving and purchasing special fuel must each retain one copy of each such invoice as part of the dealer's or user's permanent records for the time and purposes above provided.

(5) Every special fuel user shall keep, in addition to the dealer's records of deliveries into motor vehicles, a complete record as prescribed by the department of the total gallons of special fuel used for other purposes during each month and the purposes for which said special fuel was used.

(6) Subsections (1)-(f), (2)(b), and (5) of this section do not apply to special fuel users when the special fuel is used off-highway in farming, construction, or logging operations.

Upon filing a special fuel user tax report, every such special fuel user shall certify and bear the burden of proof as to the number of gallons of special fuel used off-highway. [1995 c 274 § 22; 1988 c 51 § 1; 1979 c 40 § 10; 1971 ex.s. c 175 § 15.]

82.38.150 Periodic tax reports. For the purpose of determining the amount of liability for the tax herein imposed each special fuel dealer and each special fuel user shall file tax reports with the department, on forms prescribed by the department. Special fuel dealers shall file the reports at the intervals as shown in the following schedule:

<table>
<thead>
<tr>
<th>Estimated Yearly Tax Liability</th>
<th>Reporting Frequency</th>
</tr>
</thead>
<tbody>
<tr>
<td>$ 0 - $100</td>
<td>Yearly</td>
</tr>
<tr>
<td>$101 - 250</td>
<td>Semi-annually</td>
</tr>
<tr>
<td>$251 - 499</td>
<td>Quarterly</td>
</tr>
<tr>
<td>$500 and over</td>
<td>Monthly</td>
</tr>
</tbody>
</table>

Special fuel users whose estimated yearly tax liability is two hundred fifty dollars or less, shall file a report yearly, and special fuel users whose estimated yearly tax liability is more than two hundred fifty dollars, shall file reports quarterly.

The department shall establish the reporting frequency for each applicant at the time the special fuel license is issued. If it becomes apparent that any special fuel licensee is not reporting in accordance with the above schedule, the department shall change the licensee's reporting frequency by giving thirty days' notice to the licensee by mail to the licensee's address of record. A report shall be filed with the department even though no special fuel was used, or tax is due, for the reporting period. Each tax report shall contain a declaration by the person making the same, to the effect that the statements contained therein are true and are made under penalties of perjury, which declaration shall have the same force and effect as a verification of the report and is in lieu of such verification. The report shall show such information as the department may reasonably require for the proper administration and enforcement of this chapter. For counties within which an additional excise tax on special fuel has been levied by that jurisdiction under RCW 82.80.010, the report must show the quantities of special fuel sold, distributed, or withdrawn from bulk storage by the reporting dealer or user within the county's boundaries and the tax liability from its levy. The special fuel dealer or special fuel user shall file the report on or before the twenty-fifth day of the next succeeding calendar month following the period to which it relates.

Subject to the written approval of the department, tax reports may cover a period ending on a day other than the last day of the calendar month. Taxpayers granted approval to file reports in this manner will file such reports on or before the twenty-fifth day following the end of the reporting period. No change to this reporting period will be made without the written authorization of the department.

If the final filing date falls on a Saturday, Sunday, or legal holiday the next secular or business day shall be the final filing date. Such reports shall be considered filed or received on the date shown by the post office cancellation mark stamped upon an envelope containing such report properly addressed to the department, or on the date it was mailed if proof satisfactory to the department is available to establish the date it was mailed.

The department, if it deems it necessary in order to insure payment of the tax imposed by this chapter, or to facilitate the administration of this chapter, has the authority to require the filing of reports and tax remittances at shorter intervals than one month if, in its opinion, an existing bond has become insufficient.

The department may permit any special fuel user whose sole use of special fuel is in motor vehicles or equipment exempt from tax as provided in RCW 82.38.075 and 82.38.080 (1), (2), (3), (8), and (9), in lieu of the reports required in this section, to submit reports annually or as requested by the department, in such form as the department may require.

A special fuel user whose sole use of special fuel is for purposes other than the propulsion of motor vehicles upon the public highways of this state shall not be required to submit the reports required in this section. [1995 c 274 § 23; 1991 c 339 § 15; 1990 c 42 § 203; 1988 c 23 § 1; 1983 c 242 § 3; 1979 c 40 § 11; 1973 1st ex.s. c 156 § 6; 1971 ex.s. c 175 § 16.]

Effective date—1988 c 23: "This act shall take effect January 1, 1989." [1988 c 23 § 2.]

82.38.170 Civil and statutory penalties—Deficiency assessments—Interest—Mitigation of assessments—Cancellation of vehicle registrations. (1) If any special fuel dealer or special fuel user fails to pay any taxes collected or due the state of Washington by said dealer or user within the time prescribed by RCW 82.38.150 and 82.38.160, said dealer or user shall pay in addition to such tax a penalty of ten percent of the amount thereof.

(2) If it be determined by the department that the tax reported by any special fuel dealer or special fuel user is deficient it may proceed to assess the deficiency on the basis of information available to it and there shall be added to this deficiency a penalty of ten percent of the amount of the deficiency.

(3) If any special fuel dealer or special fuel user, whether or not he or she is licensed as such, fails, neglects,
or refuses to file a special fuel tax report, the department may, on the basis of information available to it, determine the tax liability of the special fuel dealer or the special fuel user for the period during which no report was filed, and to the tax as thus determined, the department shall add the penalty and interest provided in subsection (2) of this section. An assessment made by the department pursuant to this subsection or to subsection (2) of this section shall be presumed to be correct, and in any case where the validity of the assessment is drawn in question, the burden shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive as the case may be.

(4) If any special fuel dealer or special fuel user shall establish by a fair preponderance of evidence that his or her failure to file a report or pay the proper amount of tax within the time prescribed was due to reasonable cause and was not intentional or willful, the department may waive the penalty prescribed in subsections (1), (2), and (3) of this section.

(5) If any special fuel dealer or special fuel user shall file a false or fraudulent report with intent to evade the tax imposed by this chapter, there shall be added to the amount of deficiency determined by the department a penalty equal to twenty-five percent of the deficiency, in addition to the penalty provided in subsection (2) of this section and all other penalties prescribed by law.

(6) Any fuel tax, penalties, and interest payable under this chapter shall bear interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount or any portion thereof should have been paid until the date of payment: PROVIDED, That the department may waive the interest when it determines that the cost of processing the collection of the interest exceeds the amount of interest due.

(7) Except in the case of violations of filing a false or fraudulent report, if the department deems mitigation of penalties and interest to be reasonable and in the best interests of carrying out the purpose of this chapter, it may mitigate such assessments upon whatever terms the department deems proper, giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter.

(8) Except in the case of a fraudulent report or of neglect or refusal to make a report, every deficiency shall be assessed under subsection (2) of this section within three years from the twenty-fifth day of the next succeeding calendar month following the reporting period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later.

(9) Any special fuel dealer or special fuel user against whom an assessment is made under the provisions of subsections (2) or (3) of this section may petition for a reassessment thereof within thirty days after service upon the special fuel dealer or special fuel user of notice thereof. If such petition is not filed within thirty day period, the amount of the assessment becomes final at the expiration thereof.

If a petition for reassessment is filed within the thirty day period, the department shall reconsider the assessment and, if the special fuel dealer or special fuel user has so requested in his or her petition, shall grant such special fuel dealer or special fuel user an oral hearing and give the special fuel dealer or special fuel user ten days' notice of the time and place thereof. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment shall become final thirty days after service upon the special fuel dealer or special fuel user of notice thereof.

Every assessment made by the department shall become due and payable at the time it becomes final and if not paid to the department when due and payable, there shall be added thereto a penalty of ten percent of the amount of the tax.

(10) Any notice of assessment required by this section shall be served personally or by mail; if by mail, service shall be made by depositing such notice in the United States mail, postage prepaid addressed to the special fuel dealer or special fuel user at his or her address as the same appears in the records of the department.

(11) Any licensee who has had either their special fuel user license or special fuel dealer license, or both, revoked shall pay a one hundred dollar penalty prior to the issuance of a new license.

(12) Any person who, upon audit or investigation by the department, is found to have not paid special fuel taxes as required by this chapter shall be subject to cancellation of all vehicle registrations for vehicles utilizing special fuel as a means of propulsion. Any unexpired Washington tonnage on the vehicles in question may be transferred to a purchaser of the vehicles upon application to the department who shall hold such tonnage in its custody until a sale of the vehicle is made or the tonnage has expired. The department or its authorized representative is hereby empowered to examine the books, papers, records and equipment of any special fuel dealer, special fuel user, or any person dealing in, transporting, or storing special fuel as defined in this chapter and to investigate the character of the disposition which any person makes of such special fuel in order to ascertain and determine whether all taxes due hereunder are being properly reported and paid. The fact that such books, papers, records and equipment are not maintained in this state at the time of demand shall not cause

The department or its authorized representative is further empowered to investigate the disposition of special fuel by any person where the department has reason to believe that untaxed special fuel has been diverted to a use subject to the taxes imposed by this chapter without said taxes being paid in accordance with the requirements of this chapter.

For the purpose of enforcing the provisions of this chapter it shall be presumed that all special fuel delivered to service stations as well as all special fuel otherwise received by a special fuel dealer or a special fuel user into storage and dispensing equipment designed to fuel motor vehicles is delivered by the special fuel dealer or special fuel user into the fuel supply tanks of motor vehicles and consumed in the propulsion of motor vehicles on the highways of this state, unless the contrary is established by satisfactory evidence.

82.44.150 Apportionment and distribution of motor vehicle excise taxes generally. (1) The director of licensing shall, on the twenty-fifth day of February, May, August, and November of each year, advise the state treasurer of the total amount of motor vehicle excise taxes imposed by RCW 82.44.020 (1) and (2) remitted to the department during the preceding calendar quarter ending on the last day of March, June, September, and December, respectively, except for those payable under RCW 82.44.030, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(3) and 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based
upon information provided by the department shall, from motor vehicle excise taxes deposited in the general fund, under RCW 82.44.110(1)(g), make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within each county that has a population of one hundred seventy-five thousand or more and has an interstate highway within its borders; except that in a case of a municipality located in a county that has a population of one hundred seventy-five thousand or more that does not have an interstate highway located within its borders, that sum shall be deposited in the passenger ferry account;

(b) To the central Puget Sound public transportation account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within a county with a population of one million or more and a county with a population of from two hundred thousand to less than one million bordering a county with a population of one million or more, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero;

(c) To the public transportation systems account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero; and

(d) To the general fund, for revenues distributed after June 30, 1993, and to the transportation fund, for revenues distributed after June 30, 1995, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection and RCW 82.14.046.

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding (i) the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and (ii) the sales and use tax equalization distributions provided under RCW 82.14.046; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter, excluding the sales and use tax equalization distributions provided under RCW 82.14.046.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year’s budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year excluding the sales and use tax equalization distributions provided under RCW 82.14.046. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section and RCW 82.14.046 shall be remitted without legislative appropriation.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services
in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section. If a building is used partly for pilot scale manufacturing or qualified research and development, and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.

(13) "Qualified machinery and equipment" means fixtures, equipment, and support facilities that are an integral and necessary part of a pilot scale manufacturing or qualified research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment, instrumentation, and other devices used in a process of experimentation to develop a new or improved pilot model, plant process, product, formula, invention, or similar property; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; vats, tanks, and fermenters; operating structures; and all other equipment used to control, monitor, or operate the machinery. For purposes of this chapter, qualified machinery and equipment must be either new to the taxing jurisdiction of the state or new to the certificate holder, except that used machinery and equipment may be treated as qualified machinery and equipment if the certificate holder either brings the machinery and equipment into Washington or makes a retail purchase of the machinery and equipment in Washington or elsewhere.

(14) "Qualified research and development" means research and development performed within this state in the fields of advanced computing, advanced materials, biotechnology, electronic device technology, and environmental technology.
(15) "Recipient" means a person receiving a tax deferral under this chapter.

(16) "Research and development" means activities performed to discover technological information, and technical and nonroutine activities concerned with translating technological information into new or improved products, processes, techniques, formulas, inventions, or software. The term includes exploration of a new use for an existing drug, device, or biological product if the new use requires separate licensing by the federal food and drug administration under chapter 21, C.F.R., as amended. The term does not include adaptation or duplication of existing products where the products are not substantially improved by application of the technology, nor does the term include surveys and studies, social science and humanities research, market research or testing, quality control, sale promotion and service, computer software developed for internal use, and research in areas such as improved style, taste, and seasonal design. 82.63.045 Repayment not required—Repayment schedule for unqualified investment project—Exceptions.

(1) Except as provided in subsection (2) of this section, taxes deferred under this chapter need not be repaid.

(2) If, on the basis of a report under RCW 82.63.020 or other information, the department finds that an investment project is used for purposes other than qualified research and development or pilot scale manufacturing at any time during the calendar year in which the investment project is certified by the department as having been operationally completed, or at any time during any of the seven succeeding calendar years, a portion of deferred taxes shall be immediately due according to the following schedule:

The department shall assess interest at the rate provided for delinquent taxes, but not penalties, retroactively to the date of deferral.

(3) Notwithstanding subsection (2) of this section, deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

NEW AND REHABILITATED MULTIPLE-UNIT DWELLINGS IN URBAN CENTERS

84.14.050 Application—Procedures.

84.14.090 Filing requirements upon completion—Owner, city—Determination by city—Notice of intention of city not to file—Extension of deadline—Appeal.

84.14.005 Findings. The legislature finds:
(1) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, and livable places to live were available;
(2) That the development of additional and desirable residential units in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the
absence of a viable residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020; and

(3) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking sufficient residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities within urban centers through a tax incentive as provided by this chapter. [1995 c 375 § 1.]

84.14.007 Purpose. It is the purpose of this chapter to encourage increased residential opportunities in cities that are required to plan or choose to plan under the growth management act within urban centers where the legislative body of the affected city has found there is insufficient housing opportunities. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities within these urban centers. To achieve these purposes, this chapter provides for special valuations for eligible improvements associated with multiunit housing in residentially deficient urban centers. [1995 c 375 § 2.]

84.14.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means a city or town with a population of at least one hundred fifty thousand located in a county planning under the growth management act.

(2) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which an exemption may be applied for under this chapter.

(3) "Growth management act" means chapter 36.70A RCW.

(4) "Multiple-unit housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(5) "Owner" means the property owner of record.

(6) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(7) "Rehabilitation improvements" means modifications to existing structures, that are vacant for twelve months or longer, that are made to achieve a condition of substantial compliance with existing building codes or modification to existing occupied structures which increase the number of multifamily housing units.

(8) "Residential targeted area" means an area within an urban center that has been designated by the governing authority as a residential targeted area in accordance with this chapter.

(9) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(10) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use. [1995 c 375 § 3.]

84.14.020 Exemption—Duration—Valuation—Exceptions. (1) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, for ten successive years beginning January 1 of the year immediately following the calendar year after issuance of the certificate of tax exemption eligibility. However, the exemption does not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(2) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(3) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law. [1995 c 375 § 5.]

84.14.030 Application—Requirements. An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city;

(2) The multiple-unit housing must meet the guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, and other adopted requirements indicated necessary by the city. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy. In the case of existing occupied multifamily development, the multifamily housing must also provide for a minimum of four additional multifamily units. Existing multifamily vacant housing that
has been vacant for twelve months or more does not have to provide additional multifamily units;

(4) New construction multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application;

(5) Property proposed to be rehabilitated must be vacant at least twelve months before submitting an application and fail to comply with one or more standards of the applicable state or local building or housing codes on or after July 23, 1995; and

(6) The applicant must enter into a contract with the city approved by the governing body under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority. [1995 c 375 § 6.]

84.14.040 Designation of residential targeted area—Criteria—Local designation—Hearing—Standards, guidelines. (1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing to meet the needs of the public who would be likely to live in the urban center, if the desirable, attractive, and livable places to live were available; and

(c) The providing of additional housing opportunity in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority shall give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the community where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority shall adopt standards and guidelines to be utilized in considering applications and making the determinations required under RCW 84.14.060. The standards and guidelines must establish basic requirements for both new construction and rehabilitation including

application process and procedures. These guidelines may include the following:

(a) Requirements that address demolition of existing structures and site utilization; and

(b) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located. [1995 c 375 § 7.]

84.14.050 Application—Procedures. An owner of property seeking tax incentives under this chapter must complete the following procedures:

(1) In the case of rehabilitation or where demolition or new construction is required, the owner shall secure from the governing authority or duly authorized agent, before commencement of rehabilitation improvements or new construction, verification of property noncompliance with applicable building and housing codes;

(2) In the case of new and rehabilitated multifamily housing, the owner shall apply to the city on forms adopted by the governing authority. The application must contain the following:

(a) Information setting forth the grounds supporting the requested exemption including information indicated on the application form or in the guidelines;

(b) A description of the project and site plan, including the floor plan of units and other information requested;

(c) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(3) The applicant must verify the application by oath or affirmation; and

(4) The application must be made on or before April 1 of each year, and must be accompanied by the application fee, if any, required under *RCW 84.14.070. The governing authority may permit the applicant to revise an application before final action by the governing authority. [1995 c 375 § 8.]

*Reviser's note: "section 10 of this act" (1995 c 375), which became RCW 84.14.070, relates to application processing. Section 11, which became RCW 84.14.080, was apparently intended.

84.14.060 Approval—Required findings. The duly authorized administrative official or committee of the city may approve the application if it finds that:

(1) A minimum of four new units are being constructed or in the case of occupied rehabilitation or conversion a minimum of four additional multifamily units are being developed;

(2) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(3) The owner has complied with all standards and guidelines adopted by the city under this chapter; and

(4) The site is located in a residential targeted area of an urban center that has been designated by the governing authority in accordance with procedures and guidelines indicated in RCW 84.14.040. [1995 c 375 § 9.]

(1) The governing authority or an administrative official or commission authorized by the governing authority shall approve or deny an application filed under this chapter within ninety days after receipt of the application.

(2) If the application is approved, the city shall issue the owner of the property a conditional certificate of acceptance of tax exemption. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in RCW 84.14.050.

(3) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission shall state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority will be based upon the record made before the administrative official with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official’s decision. The decision of the governing body in denying or approving the application is final. [1995 c 375 § 10.]

84.14.080 Fees. The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee must be paid at the time the application for limited exemption is filed. If the application is approved, the governing authority shall pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority may retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant. [1995 c 375 § 11.]

84.14.090 Filing requirements upon completion—Owner, city—Determination by city—Notice of intention of city not to file—Extension of deadline—Appeal. (1) Upon completion of rehabilitation or new construction for which an application for limited exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner shall file with the city the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city shall determine whether the work completed is consistent with the application and the contract approved by the governing authority and is qualified for limited exemption under this chapter. The city shall also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for limited exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city determines that improvements were constructed consistent with the application and other applicable requirements and the owner's property is qualified for limited exemption under this chapter, the city shall file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section.

(4) The authorized representative of the city shall notify the applicant that a certificate of tax exemption is not going to be filed if the representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other applicable requirements; or

(c) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city to the owner of the decision being challenged. [1995 c 375 § 12.]

84.14.100 Report—Filing. Thirty days after the anniversary of the date of the certificate of tax exemption and each year for a period of ten years, the owner of the

(1) If improvements have been exempted under this chapter, the improvements continue to be exempted and not be converted to another use for at least ten years from date of issuance of the certificate of tax exemption. If the owner intends to convert the multifamily development to another use, the owner shall notify the assessor within sixty days of the change in use. If, after a certificate of tax exemption has been filed with the county assessor the city or assessor or agent discovers that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements as previously approved or agreed upon by contract between the governing authority and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty must be imposed amounting to twenty percent. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority shall notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer shall either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor shall make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

84.14.900 Severability—1995 c 375. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

84.33.170 Application of chapter to Christmas trees.

84.33.035 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Agricultural methods" means the cultivation of trees that are grown on land prepared by intensive cultivation and tilling, such as irrigating, plowing, or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising trees such as Christmas trees and short-rotation hardwoods.

(2) "Composite property tax rate" for a county means the total amount of property taxes levied upon forest lands by all taxing districts in the county other than the state, divided by the total assessed value of all forest land in the county.

(3) "Forest land" means forest land which is classified or designated forest land under this chapter.

(4) "Harvested" means the time when in the ordinary course of business the quantity of timber by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(5) "Harvester" means every person who from the person’s own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use: PROVIDED, That whenever the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, the harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in such timber. The term "harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(6) "Short-rotation hardwoods" means hardwood trees, such as but not limited to hybrid cottonwoods, cultivated by agricultural methods in growing cycles shorter than ten years.

(7) "Stumpage value of timber" means the appropriate stumpage value shown on tables prepared by the department of revenue under RCW 84.33.091, provided that for timber harvested from public land and sold under a competitive bidding process, stumpage value shall mean that actual amount paid to the seller in cash or other consideration. Whenever payment for the stumpage includes considerations other than cash, the value shall be the fair market value of the other consideration, provided that if the other consideration is permanent roads, the value of the roads shall be the appraised value as appraised by the seller.

(8) "Timber" means forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees and short-rotation hardwoods.

(9) "Timber assessed value" for a county means a value, calculated by the department of revenue before October 1 of each year, equal to the total stumpage value of timber harvested from privately owned land in the county during the most recent four calendar quarters for which the information is available multiplied by a ratio. The numerator of the ratio is the rate of tax imposed by the county under RCW 84.33.051 for the year of the calculation. The denominator of the ratio is the composite property tax rate for the county for taxes due in the year of the calculation, expressed as a percentage of assessed value.

(10) "Timber assessed value" for a taxing district means the timber assessed value for the county multiplied by a ratio. The numerator of the ratio is the total assessed value of forest land in the taxing district. The denominator is the total assessed value of forest land in the county. As used in this section, "assessed value of forest land" means the assessed value of forest land for taxes due in the year the timber assessed value for the county is calculated. [1995 c 165 § 1; 1986 c 315 § 1; 1984 c 204 § 1.]

Savings—1984 c 204: "This act shall not be construed as affecting any existing right acquired or liability or obligation incurred under the sections amended or repealed in this act or under any rule, regulation, or order adopted under those sections, nor as affecting any proceeding instituted under those sections." (1) "Small harvester" means every person who from his own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use, the harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in such timber. "Small harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester, and it does not include harvesters of Christmas trees.

(2) "Timber" means forest trees, standing or down, on privately or publicly owned land.

(3) "Harvesting and marketing costs" means only those costs directly associated with harvesting the timber from the land and delivering it to the buyer and may include the costs of disposing of logging residues but it does not include any other costs which are not directly and exclusively related to harvesting and marketing of the timber such as costs of permanent roads or costs of reforesting the land following harvest. [1995 c 325 § 1; 1987 c 166 § 2; 1986 c 315 § 2; 1982 2nd ex.s. c 4 § 3; 1981 c 146 § 1.]

(1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. Values for the several grades of bare forest land shall be as follows.

(2) On or before December 31, 1981, the department shall adjust, by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

(c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year’s adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter...
(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;

(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 as now or hereafter amended.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notification of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notification, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsections (5)(e) and (9) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognition, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of
delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes.

(10) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land. [1995 c 330 § 1; 1992 c 69 § 1; 1986 c 238 § 1; 1984 c 204 § 23; 1981 c 148 § 7; 1980 c 134 § 2; 1974 ex.s. c 187 § 5; 1972 ex.s. c 148 § 5; 1971 ex.s. c 294 § 12.]

84.33.140 Forest land valuation—Notation of forest land designation upon assessment and tax rolls—Notice of continuance—Removal of designation—Compensating tax. (1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor’s tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the-restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100 as now or hereafter amended.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing,
setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner;

84.36.381 Residences—Property tax exemptions—Qualifications. A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year
following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;
(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or
(c) The residence is rented for the purpose of paying nursing home or hospital costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotequals shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must be sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5) (a) A person who otherwise qualifies under this section and has a combined disposable income of twenty-eight thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less but greater than fifteen thousand dollars shall be exempt from all regular property taxes on the greater of thirty thousand dollars or thirty percent of the valuation of his or her residence, but not to exceed fifty thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of fifteen thousand dollars or less shall be exempt from all regular property taxes on the greater of thirty-four thousand dollars or fifty percent of the valuation of his or her residence.

(6) For a person who otherwise qualifies under this section and has a combined disposable income of twenty-eight thousand dollars or less, the valuation of the residence shall be the true and fair value of the residence on the later of January 1, 1995, or January 1st of the year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the true and fair value on January 1st of the year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the true and fair value of the different residence on January 1st of the year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property shall be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made. Intent—1983 1st ex.s. c 11: "The legislature finds that inflation has significant detrimental effects on the senior citizen property tax relief program. Inflation increases incomes without increasing real buying power. Inflation also raises the values of homes, and thus the taxes on those homes. This act addresses the problem of inflation in two ways. First, the assessed value exemption is tied to home value so it will increase as values rise. Secondly, though the income of most senior citizens does not keep pace with inflation, it is the legislature's intent that inflationary increases in incomes will not result in program disqualification. Therefore, the income levels are adjusted to reflect the forecasted increase in inflation. The legislature also recommends that similar adjustments be examined by future legislatures." Sections

84.38.020 Definitions.
84.38.030 Conditions and qualifications for claiming deferral.

84.38.020 Definitions. Unless a different meaning is plainely required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Claimant" means a person who either elects or is required under RCW 84.64.050 to defer payment of the special assessments and/or real property taxes accrued on the claimant's residence by filing a declaration to defer as provided by this chapter.

When two or more individuals of a household file or seek to file a declaration to defer, they may determine between them as to who the claimant shall be.

(2) "Department" means the state department of revenue.

(3) "Equity value" means the amount by which the fair market value of a residence as determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.

(4) "Real property taxes" means ad valorem property taxes levied on a residence in this state in the preceding calendar year.

(5) "Residence" has the meaning given in RCW 84.36.383, except that a residence includes any additional property up to a total of five acres that comprises the residential parcel if this larger parcel size is required under land use regulations.

(6) "Special assessment" means the charge or obligation imposed by a city, town, county, or other municipal corporation upon property specially benefited by a local improvement, including assessments under chapters 35.44, 36.88, 36.94, 53.08, 54.16, 56.20, 57.16, 86.09, and 87.03 RCW and any other relevant chapter. [1995 c 329 § 1; 1991 c 213 § 1; 1984 c 220 § 20; 1979 ex.s. c 214 § 5; 1975 1st ex.s. c 291 § 27.]

Applicability—1991 c 213: "Sections 1 and 2 of this act shall be effective for taxes levied for collection in 1991 and thereafter. Sections 3 and 4 of this act shall be effective for taxes levied for collection in 1992 and thereafter." [1991 c 213 § 6.]

84.38.030 Conditions and qualifications for claiming deferral. A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other
84.38.030 Title 84 RCW: Property Taxes

than the age and income limits under RCW 84.36.381 and the parcel size limit under RCW 84.36.383.

(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving a deferral at the time of the person’s death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section.

For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant’s equity value: PROVIDED, That if the claimant fails to keep fire and casualty insurance in force to the extent of the state’s interest in the claimant’s equity value, the amount deferred shall not exceed one hundred percent of the claimant’s equity value in the land or lot only.

84.40.080 Listing omitted property or improvements. An assessor shall enter on the assessment roll in any year any property shown to have been omitted from the assessment roll of any preceding year, at the value for the preceding year, or if not then valued, at such value as the assessor shall determine for the preceding year, and such value shall be stated separately from the value of any other year. No such assessment shall be made in any case where a bona fide purchaser, encumbrancer, or contract buyer has acquired any interest in said property prior to the time such improvements are assessed. When such an omitted assessment is made, the taxes levied thereon may be paid within one year of the due date of the taxes for the year in which the assessment is made without penalty or interest. In the assessment of personal property, the assessor shall assess the omitted value not reported by the taxpayer as evidenced by an inspection of either the property or the books and records of said taxpayer by the assessor. Upon a change in the true and fair value of the residence, the assessor shall notify the person qualifying for exemption under RCW 84.36.381 of the new true and fair value and that the new true and fair value will be used to compute property taxes if the property fails to qualify for exemption under RCW 84.36.381. 84.48.050 Abstract of rolls to state auditor—State action if assessor does not transmit, when. The county assessor shall, on or before the fifteenth day of January in each year, make out and transmit to the state auditor, in such form as may be prescribed, a complete abstract of the tax rolls of the county, showing the number of acres that have
been assessed and the total value of the real property, including the structures on the real property; the total value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized and the total amount of taxes levied in the county for state, county, city and other taxing districts purposes, for that year. Should the assessor of any county fail to transmit to the department of revenue the abstract provided for in RCW 84.48.010, and if, by reason of such failure to transmit such abstract, any county shall fail to collect and pay to the state its due proportion of the state tax for any year, the department of revenue shall ascertain what amount of state tax said county has failed to collect, and certify the same to the state auditor, who shall charge the amount to the proper county and notify the auditor of said county of the amount of said charge; said sum shall be due and payable immediately by warrant in favor of the state on the current expense fund of said county. [1995 c 134 § 15. Prior: 1994 c 301 § 42; 1994 c 124 § 31; 1961 c 15 § 84.48.050; prior: 1925 ex.s. c 130 § 69; RRS § 11221; prior: 1890 p 557 § 74. Formerly RCW 84.48.050 and 84.48.070.]

84.48.080  Equalization of assessments—Taxes for state purposes—Procedure—Levy and apportionment—Hypothetical levy for establishing consolidated levy—Rules—Record. (1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of such property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

In addition to computing a levy under this subsection that is reduced under RCW 84.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 84.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection. LEVY OF TAXES

Sections
84.52.010  Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations—Use of hypothetical levy.
84.52.043  Limitations upon regular property tax levies.
84.52.053  Levies by school districts—Maximum dollar amount for maintenance and operation support—Restrictions—Maximum levy percentage—Levy reduction funds—Rules.
84.52.069  Six-year regular tax levies for emergency medical care and services.
84.52.105  Affordable housing levies authorized—Declaration of emergency and plan required.
84.52.120  Metropolitan park districts—Protection of levy from prorationing—Ballot proposition.

84.52.010  Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations—Use of hypothetical levy. Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (c) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012. [1995 2nd sp.s. c 13 § 4; 1995 c 99 § 2; 1994 c 124 § 36; 1993 c 337 § 4; 1990 c 234 § 4; 1988 c 274 § 7; 1987 c 255 § 1; 1973 1st ex.s. c 195 § 101; 1973 1st ex.s. c 195 § 146; 1971 ex.s. c 243 § 6; 1970 ex.s. c 92 § 4; 1961 c 15 § 84.52.010. Intent—1995 2nd sps. c 13: See note following RCW 84.55.012.
Finding—1993 c 337: See note following RCW 84.52.105.

Purpose—1988 c 274: "The legislature finds that, due to statutory and constitutional limitations, the interdependence of the regular property
tax levies of the state, counties, county road districts, cities and towns, and junior taxing districts can cause significant reductions in the otherwise authorized levies of those taxing districts, resulting in serious disruptions to essential services provided by those taxing districts. The purpose of this act is to avoid unnecessary reductions in regular property tax revenue without exceeding existing statutory and constitutional tax limitations on cumulative regular property tax levy rates. The legislature declares that it is a purpose of the state, counties, county road districts, cities and towns, public hospital districts, library districts, fire protection districts, metropolitan park districts, and other taxing districts to participate in the methods provided by this act by which revenue levels supporting the services provided by all taxing districts might be maintained.” [1988 c 274 § 1.]

Severability—1988 c 274: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1988 c 274 § 13.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

Severability—1971 ex.s. c 243: See RCW 84.34.920.

Intent—1970 ex.s. c 92: “It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment reduction as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section.” [1970 ex.s. c 92 § 1.]

Effective date—Application—1970 ex.s. c 92: “This act shall take effect July 1, 1970 but shall not affect property taxes levied in 1969 or prior years.” [1970 ex.s. c 92 § 11.]

84.52.043 Limitations upon regular property tax levies. Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

(1) Levies of the senior taxing districts shall be as follows: (a) The levy by the state shall not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county shall not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district shall not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

(2) The aggregate levies of junior taxing districts and senior taxing districts, other than the state, shall not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. The limitations provided in this subsection shall not apply to: (a) Levies at the rates provided by existing law by or for any port or public utility district; (b) excess property tax levies authorized in Article VII, section 2 of the state Constitution; (c) levies for acquiring conservation futures as authorized under RCW 84.34.230; (d) levies for emergency medical care or emergency medical services imposed under RCW 84.52.069; (e) levies to finance affordable housing for very low-income housing imposed under RCW 84.52.105; and (f) the portions of levies by metropolitan park districts that are protected under RCW 84.52.120. [1995 c 99 § 3; 1993 c 337 § 3; 1990 c 234 § 1; 1989 c 378 § 36; 1988 c 274 § 5; 1973 1st ex.s. c 195 § 134.]

Purpose—Severability—1988 c 274: See notes following RCW 84.52.010.

Effective date—1973 2nd ex.s. c 4: “Sections 4 through 6 of this 1973 amendatory act shall be effective on and after January 1, 1974.” [1973 2nd ex.s. c 4 § 6.] Sections 4 and 5 consist of the 1973 2nd ex.s. c 4 amendments to RCW 70.12.010 and 73.08.080, and section 6 is the section quoted.

Emergency—1973 2nd ex.s. c 4: “Except as otherwise in this 1973 amendatory act provided, this 1973 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately.” [1973 2nd ex.s. c 4 § 7.]

Construction—1973 1st ex.s. c 195: “Sections 135 through 152 of this 1973 amendatory act shall apply to tax levies made in 1973 for collection in 1974, and sections 1 through 134 shall apply to tax levies made in 1974 and each year thereafter for collection in 1975 and each year thereafter.” [1973 1st ex.s. c 195 § 155.]

Severability—1973 1st ex.s. c 195: “If any provision of this 1973 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.” [1973 1st ex.s. c 195 § 153.]

Effective dates and termination dates—1973 1st ex.s. c 195 (as amended by 1973 2nd ex.s. c 4): “This 1973 amendatory act, chapter 195, Laws of 1973, is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect immediately: PROVIDED, That section 9 shall take effect January 1, 1975, and section 133(3) shall take effect on January 31, 1974: PROVIDED, FURTHER, That section 137 shall be effective until July 1, 1973, at which time section 136 shall be void and of no effect: PROVIDED, FURTHER, That section 138 shall not be effective until January 1, 1974, at which time section 137 shall be void and of no effect: PROVIDED, FURTHER, That section 139 shall not be effective until July 1, 1974 at which time section 138 shall be void of no effect, and section 139 shall be null and void and of no further effect on and after January 1, 1975: PROVIDED, FURTHER, That sections 1 through 8, sections 10 through 132, section 133(1), (2), (4), and (5), and section 134 shall not take effect until January 1, 1974, at which time sections 135, 136, and sections 140 through 151 shall be void of no effect: PROVIDED, FURTHER, That section 152 shall be void of no effect on and after January 1, 1975.” [1973 2nd ex.s. c 4 § 3; 1973 1st ex.s. c 195 § 154.]

84.52.0531 Levies by school districts—Maximum dollar amount for maintenance and operation support—Restrictions—Maximum levy percentage—Levy reduction funds—Rules. The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1992, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1991.
(2) For the purpose of this section, the basic education allocation shall be determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350: PROVIDED, That when determining the basic education allocation under subsection (4) of this section, nonresident full time equivalent pupils who are participating in a program provided for in chapter 28A.545 RCW or in any other program pursuant to an interdistrict agreement shall be included in the enrollment of the resident district and excluded from the enrollment of the serving district.

(3) For excess levies for collection in calendar year 1993 and thereafter, the maximum dollar amount shall be the sum of (a) and (b) of this subsection minus (c) of this subsection:

(a) The district’s levy base as defined in subsection (4) of this section multiplied by the district’s maximum levy percentage as defined in subsection (5) of this section;

(b) In the case of nonhigh school districts only, an amount equal to the total estimated amount due by the nonhigh school district to high school districts pursuant to chapter 28A.545 RCW for the school year during which collection of the levy is to commence, less the increase in the nonhigh school district’s basic education allocation as computed pursuant to subsection (1) of this section due to the inclusion of pupils participating in a program provided for in chapter 28A.545 RCW in such computation;

(c) The maximum amount of state matching funds under RCW 28A.500.010 for which the district is eligible in that tax collection year.

(4) For excess levies for collection in calendar year 1993 and thereafter, a district’s levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district’s levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district’s basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:
   (i) Pupil transportation;
   (ii) Handicapped education;
   (iii) Education of highly capable students;
   (iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;
   (v) Food services; and
   (vi) State-wide block grant programs; and
   (c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(5) For excess levies for collection in calendar year 1993 and thereafter, a district’s maximum levy percentage shall be determined as follows:

(a) Multiply the district’s maximum levy percentage for the prior year by the district’s levy base as determined in subsection (4) of this section;

(b) Reduce the amount in (a) of this subsection by the total estimated amount of any levy reduction funds as defined in subsection (6) of this section which are to be allocated to the district for the current school year;

(c) Divide the amount in (b) of this subsection by the district’s levy base to compute a new percentage;

(d) The percentage in (c) of this subsection or twenty percent, whichever is greater, shall be the district’s maximum levy percentage for levies collected in that calendar year; and

(e) For levies to be collected in calendar years 1994 through 1997, the maximum levy rate shall be the district’s maximum levy percentage for 1993 plus four percent reduced by any levy reduction funds. For levies collected in 1998, the prior year shall mean 1993.

(6) “Levy reduction funds” shall mean increases in state funds from the prior school year for programs included under subsection (4) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(7) For the purposes of this section, “prior school year” shall mean the most recent school year completed prior to the year in which the levies are to be collected.

(8) For the purposes of this section, “current school year” shall mean the year immediately following the prior school year.

84.52.069 Six-year regular tax levies for emergency medical care and services. (1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district in each year for six consecutive years when specifically authorized so to do by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election.

(3) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(4) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents.

(5) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section.

(6) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section. [1995 c 318 § 9; 1994 c 79 § 2; 1993 c 337 § 5; 1991 c 175 § 1; 1985 c 348 § 1; 1984 c 131 § 5; 1979 ex.s.c. c 200 § 1.]

Purpose—1984 c 131 §§ 3-9: See note following RCW 29.30.111.

84.52.105 Affordable housing levies authorized—Declaration of emergency and plan required. (1) A county, city, or town may impose additional regular property tax levies of up to fifty cents per thousand dollars of assessed value of property in each year for up to ten consecutive years to finance affordable housing for very low-income households when specifically authorized to do so by a majority of the voters of the taxing district voting on a ballot proposition authorizing the levies. If both a county, and a city or town within the county, impose levies authorized under this section, the levies of the last jurisdiction to
receive voter approval for the levies shall be reduced or eliminated so that the combined rates of these levies may not exceed fifty cents per thousand dollars of assessed valuation in any area within the county. A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.

(2) The additional property tax levies may not be imposed until:

(a) The governing body of the county, city, or town declares the existence of an emergency with respect to the availability of housing that is affordable to very low-income households in the taxing district; and

(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.

(3) For purposes of this section, the term "very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income, as determined by the United States department of housing and urban development, with adjustments for household size, for the county where the taxing district is located.

(4) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section. [1995 c 318 § 10; 1993 c 337 § 2.]

Effective date—1995 c 318: See note following RCW 82.04.030.

Finding—1993 c 337: "The legislature finds that:

(1) Many very low-income residents of the state of Washington are unable to afford housing that is decent, safe, and appropriate to their living needs;

(2) Recent federal housing legislation conditions funding for affordable housing on the availability of local matching funds;

(3) Current statutory debt limitations may impair the ability of counties, cities, and towns to meet federal matching requirements and, as a consequence, may impair the ability of such counties, cities, and towns to develop appropriate and effective strategies to increase the availability of safe, decent, and appropriate housing that is affordable to very low-income households; and

(4) It is in the public interest to encourage counties, cities, and towns to develop locally based affordable housing financing plans designed to expand the availability of housing that is decent, safe, affordable, and appropriate to the living needs of very low-income households of the counties, cities, and towns." [1993 c 337 § 1.]

84.52.120 Metropolitan park districts—Protection of levy from prorationing—Ballot proposition. A metropolitan park district with a population of one hundred fifty thousand or more may submit a ballot proposition to voters of the district authorizing the protection of the district's tax levy from prorationing under RCW 84.52.010(2) by imposing all or any portion of the district's twenty-five cent per thousand dollars of assessed valuation tax levy outside of the five dollar and ninety cent per thousand dollar of assessed valuation limitation established under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(2)(c), for taxes imposed in any year on or before the first day of January six years after the ballot proposition is approved. A simple majority vote of voters voting on the proposition is required for approval. [1995 c 99 § 1.]

pilotage account. Fees for initial applications and for renewals shall be established by rule, and shall not exceed one thousand five hundred dollars. The board shall report annually to the legislature on such exemptions. Every vessel not so exempt, shall while navigating the Puget Sound and Grays Harbor and Willapa Bay pilotage districts, employ a pilot licensed under the provisions of this chapter and shall be liable for and pay pilotage rates in accordance with the pilotage rates herein established or which may hereafter be established under the provisions of this chapter. PROVIDED, That any vessel inbound to or outbound from Canadian ports is exempt from the provisions of this section, if said vessel actually employs a pilot licensed by the Pacific pilotage authority (the pilot licensing authority for the western district of Canada), and if it is communicating with the vessel traffic system and has appropriate navigational charts, and if said vessel uses only those waters east of the international boundary line which are west of a line which begins at the southwestern edge of Point Roberts then to Alden Point (Patos Island), then to Skipjack Island light, then to Turn Point (Stuart Island), then to Kellet Bluff (Henry Island), then to Lime Kiln (San Juan Island) then to the intersection of one hundred twenty-three degrees seven minutes west longitude and forty-eight degrees twenty-five minutes north latitude then to the international boundary. Severability—1977 ex.s. c 337: See note following RCW 88.16.005.

88.16.090 Pilots’ licenses—Qualifications—Duration—Annual fee—Written and oral examinations—Physical examinations—Familiarization trips—Penalty—Reporting requirements. (1) A person may pilot any vessel subject to the provisions of this chapter on waters covered by this chapter only if appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) A person is eligible to be appointed a pilot if the person is a citizen of the United States, over the age of twenty-five years and under the age of seventy years, a resident of the state of Washington at the time of appointment and only if the pilot applicant holds as a minimum, a United States government license as a master of ocean or near coastal steam or motor vessels of not more than one thousand six hundred gross tons or as a master of inland steam or motor vessels of not more than one thousand six hundred gross tons, such license to have been held by the applicant for a period of at least two years prior to taking the Washington state pilotage examination and a first class United States endorsement without restrictions on that license to pilot in the pilotage districts for which the pilot applicant desires to be licensed, and if the pilot applicant meets such other qualifications as may be required by the board. A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee as follows: For the period beginning July 1, 1995, through June 30, 1999, the fee shall be two thousand five hundred dollars; and for the period beginning July 1, 1999, the fee shall be three thousand dollars. The fees shall be deposited in the state treasury to the credit of the pilotage account. The board may assess partially active or inactive pilots a reduced fee.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications. The board shall hold examinations at such times as will, in the judgment of the board, ensure the maintenance of an efficient and competent pilotage service. An examination shall be scheduled for the Puget Sound pilotage district if there are three or fewer successful candidates from the previous examination who are waiting to become pilots in that district.

(5) The board shall develop an examination and grading sheet for each pilotage district, for the testing and grading of pilot applicants. The examinations shall be administered to pilot applicants and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. If the board does appoint a special examination development committee it is authorized to pay the members of said committee the same compensation and travel expenses as received by members of the board. When grading examinations the board shall carefully follow the grading sheet prepared for that examination. The board shall develop a "sample examination" which would tend to indicate to an applicant the general types of questions on pilot examinations, but such sample questions shall not appear on any actual examinations. Any person who willfully gives advance knowledge of information contained on a pilot examination is guilty of a gross misdemeanor.
(6) All pilots and applicants are subject to an annual physical examination by a physician chosen by the board. The physician shall examine the applicant's heart, blood pressure, circulatory system, lungs and respiratory system, eyesight, hearing, and such other items as may be prescribed by the board. After consultation with a physician and the United States coast guard, the board shall establish minimum health standards to ensure that pilots licensed by the state are able to perform their duties. Within ninety days of the date of each annual physical examination, and after review of the physician's report, the board shall make a determination of whether the pilot or candidate is fully able to carry out the duties of a pilot under this chapter. The board may in its discretion check with the appropriate authority for any convictions of offenses involving drugs or the personal consumption of alcohol in the prior twelve months.

(7) The board shall prescribe, pursuant to chapter 34.05 RCW, a number of familiarization trips, between a minimum number of twenty-five and a maximum of one hundred, which pilot applicants must make in the pilotage district for which they desire to be licensed. Familiarization trips any particular applicant must make are to be based upon the applicant's vessel handling experience.

(8) The board may require vessel simulator training for a pilot applicant and shall require vessel simulator training for a pilot subject to RCW 88.16.105. The board shall also require vessel simulator training in the first year of active duty for a new pilot and at least once every five years for all active pilots.

(9) The board shall prescribe, pursuant to chapter 34.05 RCW, such reporting requirements and review procedures as may be necessary to assure the accuracy and validity of license and service claims, and records of familiarization trips of pilot candidates. Willful misrepresentation of such required information by a pilot candidate shall result in disqualification of the candidate.

(10) The board shall adopt rules to establish time periods and procedures for additional training trips and retesting as necessary for pilots who at the time of their licensing are unable to become active pilots. Vessel Oil Spill Prevention and Response

Chapter 88.46

88.46.060 Contingency plans. (1) Each covered vessel shall have a contingency plan for the containment and cleanup of oil spills from the covered vessel into the waters of the state and for the protection of fisheries and wildlife, natural resources, and public and private property from such spills. The office shall by rule adopt and periodically revise standards for the preparation of contingency plans. The office shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any vessel which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the office, removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

(d) Provide procedures for early detection of spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;

(e) State the number, training preparedness, and fitness of all dedicated, prepositioned personnel assigned to direct and implement the plan;

(f) Incorporate periodic training and drill programs to evaluate whether personnel and equipment provided under the plan are in a state of operational readiness at all times;

(g) Describe important features of the surrounding environment, including fish and wildlife habitat, environmentally and archaeologically sensitive areas, and public facilities. The departments of ecology, fish and wildlife, and natural resources, and the office of archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. If the office has adopted rules for contingency plans prior to July 1, 1992, the description of archaeologically sensitive areas shall only be required when the office revises the rules for contingency plans after July 1, 1992. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;

(h) State the means of protecting and mitigating effects on the environment, including fish, marine mammals, and other wildlife, and ensure that implementation of the plan does not pose unacceptable risks to the public or the environment;

(i) Establish guidelines for the use of equipment by the crew of a vessel to minimize vessel damage, stop or reduce any spilling from the vessel, and, only when appropriate and only when vessel safety is assured, contain and clean up the spilled oil;

(j) Provide arrangements for the prepositioning of spill containment and cleanup equipment and trained personnel at strategic locations from which they can be deployed to the spill site to promptly and properly remove the spilled oil;

(k) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan;

(l) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws;

(m) Until a spill prevention plan has been submitted pursuant to RCW 88.46.040, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a vessel, training of personnel, number of personnel, and backup systems designed to prevent a spill;

(n) State the amount and type of equipment available to respond to a spill, where the equipment is located, and the extent to which other contingency plans rely on the same equipment; and

(o) If the department of ecology has adopted rules permitting the use of dispersants, the circumstances, if any, and the manner for the application of the dispersants in conformance with the department's rules.

(2)(a) The owner or operator of a tank vessel of three thousand gross tons or more shall submit a contingency plan to the office within six months after the office adopts rules establishing standards for contingency plans under subsection (1) of this section.

(b) Contingency plans for all other covered vessels shall be submitted to the office within eighteen months after the office has adopted rules under subsection (1) of this section. The office may adopt a schedule for submission of plans within the eighteen-month period.

(3)(a) The owner or operator of a tank vessel or of the facilities at which the vessel will be unloading its cargo, or a Washington state nonprofit corporation established for the purpose of oil spill response and contingency plan coverage and of which the owner or operator is a member, shall submit the contingency plan for the tank vessel. Subject to conditions imposed by the office, the owner or operator of a facility may submit a single contingency plan for tank vessels of a particular class that will be unloading cargo at the facility.

(b) The contingency plan for a cargo vessel or passenger vessel may be submitted by the owner or operator of the cargo vessel or passenger vessel, by the agent for the vessel resident in this state, or by a Washington state nonprofit corporation established for the purpose of oil spill response and contingency plan coverage and of which the owner or operator is a member. Subject to conditions imposed by the office, the owner, operator, or agent may submit a single contingency plan for cargo vessels or passenger vessels of a particular class.

(c) A person who has contracted with a covered vessel to provide containment and cleanup services and who meets the standards established pursuant to RCW 90.56.240, may

[1995 RCW Supp—page 1037]
submit the plan for any covered vessel for which the person is contractually obligated to provide services. Subject to conditions imposed by the office, the person may submit a single plan for more than one covered vessel.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the office may be accepted by the office as a contingency plan under this section. The office shall assure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the office shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;

(c) The volume and type of oil being transported within the area covered by the plan;

(d) The existence of navigational hazards within the area covered by the plan;

(e) The history and circumstances surrounding prior spills of oil within the area covered by the plan;

(f) The sensitivity of fisheries and wildlife and other natural resources within the area covered by the plan;

(g) Relevant information on previous spills contained in on-scene coordinator reports prepared by the director; and

(h) The extent to which reasonable, cost-effective measures to prevent a likelihood that a spill will occur have been incorporated into the plan.

(6) The office shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(7) The approval of the contingency plan shall be valid for five years. Upon approval of a contingency plan, the office shall provide to the person submitting the plan a statement indicating that the plan has been approved, the vessels covered by the plan, and other information the office determines should be included.

(8) An owner or operator of a covered vessel shall notify the office in writing immediately of any significant change of which it is aware affecting its contingency plan, including changes in any factor set forth in this section or in rules adopted by the office. The office may require the owner or operator to update a contingency plan as a result of these changes.

(9) The office by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the office at least once every five years.

(10) Approval of a contingency plan by the office does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law. [1995 c 148 § 3; 1992 c 73 § 20; 1991 c 200 § 419.]

Effective date—1995 c 148 §§ 1-3: "Sections 1 through 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 27, 1995]." [1995 c 148 § 6.]

88.46.062 Nonprofit corporation providing contingency plan—Findings—Termination of maritime commission. (1) The legislature finds that there is a need to continue to provide oil spill response and contingency plan coverage for vessels that do not have their own contingency plans that transit the waters of this state. A nonprofit corporation shall be established for the sole purpose of providing oil spill response and contingency plan coverage in compliance with RCW 88.46.060.

(2) The maritime commission may conduct activities and make expenditures necessary for the transition of services presently provided by the commission and its contractors to the nonprofit corporation established pursuant to this section.

Funds transferred under this section shall be used for the sole purpose of providing oil spill response and contingency plan coverage and related activities in compliance with RCW 88.46.060. No funds may be transferred under this section until all liabilities of the maritime commission have been provided for or satisfied. All liabilities not provided for or satisfied by the maritime commission before cessation of its operations shall be transferred to the nonprofit corporation at the time the maritime commission's assets are transferred to the corporation. (b) Of a collision or a near miss incident within twelve miles of the shore of the state.

(2) The state military department and the office shall request the coast guard to notify the state military department as soon as possible after the coast guard receives notice of a disabled covered vessel or of a collision or near miss.
incident within twelve miles of the shore of the state. The office shall negotiate an agreement with the coast guard governing procedures for coast guard notification to the state regarding disabled covered vessels and collisions and near miss incidents.

(3) The office shall prepare a summary of the information collected under this section and provide the summary to the regional marine safety committees, the coast guard, and others in order to identify problems with the marine transportation system.

(4) For the purposes of this section:

(a) A tank vessel or cargo vessel is considered disabled if any of the following occur:

(i) Any accidental or intentional grounding;

(ii) The total or partial failure of the main propulsion or primary steering or any component or control system that causes a reduction in the maneuvering capabilities of the vessel;

(iii) An occurrence materially and adversely affecting the vessel's seaworthiness or fitness for service, including but not limited to, fire, flooding, or collision with another vessel;

(iv) Any other occurrence that creates the serious possibility of an oil spill or an occurrence that may result in such a spill.

(b) A barge is considered disabled if any of the following occur:

(i) The towing mechanism becomes disabled;

(ii) The towboat towing the barge becomes disabled through occurrences defined in (a) of this subsection.

(c) A near miss incident is an incident that requires the pilot or master of a covered vessel to take evasive actions or make significant course corrections in order to avoid a collision with another ship or to avoid a grounding as required by the international rules of the road.

(5) Failure of any person to make a report under this section shall not be used as the basis for the imposition of any fine or penalty. [1995 RCW Supp-page 1039]

89.08.450 Watershed restoration projects—Intent.
The legislature declares that it is the goal of the state of Washington to preserve and restore the natural resources of the state and, in particular, fish and wildlife and their habitat. It is further the policy of the state insofar as possible to utilize the volunteer organizations who have demonstrated their commitment to these goals.

To this end, it is the intent of the legislature to minimize the expense and delays caused by unnecessary bureaucratic process in securing permits for projects that preserve or restore native fish and wildlife habitat. [1995 c 378 § 1.]

89.08.460 Watershed restoration projects—Definitions. Unless the context clearly requires otherwise, the definitions in this section shall apply throughout RCW 89.08.450 through 89.08.510.

(1) "Watershed restoration plan" means a plan, developed or sponsored by the department of fish and wildlife, the department of ecology, the department of natural resources, the department of transportation, a federally recognized Indian tribe acting within and pursuant to its authority, a city, a county, or a conservation district, that provides a general program and implementation measures or actions for the preservation, restoration, re-creation, or enhancement of the natural resources, character, and ecology of a stream, stream segment, drainage area, or watershed, and for which agency and public review has been conducted pursuant to chapter 43.21C RCW, the state environmental policy act. If the implementation measures or actions would have a probable significant, adverse environmental impact, a detailed statement under RCW 43.21C.031 must be prepared on the plan.

(2) "Watershed restoration project" means a public or private project authorized by the sponsor of a watershed restoration plan that implements the plan or a part of the plan and consists of one or more of the following activities:

(a) A project that involves less than ten miles of streamreach, in which less than twenty-five cubic yards of sand, gravel, or soil is removed, imported, disturbed, or discharged, and in which no existing vegetation is removed except as minimally necessary to facilitate additional plantings;

(b) A project for the restoration of an eroded or unstable stream bank that employs the principles of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(c) A project primarily designed to improve fish and wildlife habitat, remove or reduce impediments to migration of fish, or enhance the fishery resource available for use by all of the citizens of the state, provided that any structure other than a bridge or culvert or instream habitat enhancement structure associated with the project is less than two hundred square feet in floor area and is located above the ordinary high water mark of the stream. [1995 c 378 § 2.]

89.08.470 Watershed restoration projects—Consolidated permit application process. By January 1, 1996, the Washington conservation commission shall develop, in consultation with other state agencies, tribes, and local governments, a consolidated application process for permits for a watershed restoration project developed by an agency or sponsored by an agency on behalf of a volunteer organization. The consolidated process shall include a single permit application form for use by all responsible state and local agencies. The commission shall encourage use of the consolidated permit application process by any federal agency responsible for issuance of related permits. The permit application forms to be consolidated shall include, at a minimum, applications for: (1) Approvals related to water quality; standards under chapter 90.48 RCW; (2) hydraulic project approvals under chapter 75.20 RCW; and (3) section 401 water quality certifications under 33 U.S.C. Sec. 1341 and chapter 90.48 RCW. [1995 c 378 § 3.]

89.08.480 Watershed restoration projects—Designated recipients of project applications—Notice to commission. Each agency of the state and unit of local government that claims jurisdiction or the right to require permits, other approvals, or fees as a condition of allowing a watershed restoration project to proceed shall designate an office or official as a designated recipient of project applications and shall inform the conservation commission of the designation. [1995 c 378 § 4.]

89.08.490 Watershed restoration projects—Acceptance of applications—Permit decisions. All agencies of the state and local governments shall accept the single application developed under RCW 89.08.470. Unless the procedures under RCW 89.08.500 are invoked, the application shall be processed without charge and permit decisions shall be issued within forty-five days of receipt of a complete application. [1995 c 378 § 5.]

89.08.500 Watershed restoration projects—Appointment of project facilitator by permit assistance center—Coordinated process for permit decisions. The applicant or any state agency, tribe, or local government with permit processing responsibility may request that the permit assistance center created by chapter 347, Laws of 1995 appoint a project facilitator to develop in consultation with the applicant and permit agencies a coordinated process for permit decisions on the application. The process may
incorporate procedures for coordinating state permits under chapter 347, Laws of 1995. The center shall adopt a target of completing permit decisions within forty-five days of receipt of a complete application.

If *House Bill No. 1724 is not enacted by June 30, 1995, this section shall be null and void. [1995 c 378 § 6.]

*Reviser's note: House Bill No. 1724 [1995 c 347] was enacted.

89.08.510 Watershed restoration projects—General permits—Cooperative permitting agreements. State agencies, tribes, and local governments responsible for permits or other approvals of watershed restoration projects as defined in RCW 89.08.460 may develop general permits or permits by rule to address some or all projects required by an approved watershed restoration plan, or for types of watershed restoration projects. Nothing in chapter 378, Laws of 1995 precludes local governments, state agencies, and tribes from working out other cooperative permitting agreements outside the procedures of chapter 378, Laws of 1995. [1995 c 378 § 7.]

Such plans and specifications shall be submitted in duplicate, one copy of which shall be retained as a public record, by the department, and the other returned with its approval or rejection endorsed thereon. No such dam or controlling works shall be constructed or modified until the same or any modification thereof shall have been approved as to its safety by the department. Any such dam or controlling works constructed or modified in any manner other than in accordance with plans and specifications approved by the department or which shall not be maintained in accordance with the order of the department shall be presumed to be a public nuisance and may be abated in the manner provided by law, and it shall be the duty of the attorney general or prosecuting attorney of the county wherein such dam or controlling works, or the major portion thereof, is situated to institute abatement proceedings against the owner or owners of such dam or controlling works, whenever he or she is requested to do so by the department.

A metals mining and milling operation regulated under chapter 323, Laws of 1994 is subject to additional dam safety inspection requirements due to the special hazards associated with failure of a tailings pond impoundment. The department shall inspect these impoundments at least quarterly during the project's operation and at least annually thereafter for the postclosure monitoring period in order to ensure the safety of the dam or controlling works. The department shall conduct additional inspections as needed during the construction phase of the mining operation in order to ensure the safe construction of the tailings impoundment. The procedures of RCW 90.48.144 shall be applicable to all phases of the levying of a penalty as well as review and appeal of the same. [1995 c 403 § 635; 1987 c 109 § 157; 1977 ex.s. c 1 § 8. [1995 RCW Supp—page 1041]
The legislature finds that other states, including California, Florida, and Arizona, have successfully used reclaimed water to supplement existing water supplies without threatening existing resources or public health.

It is the intent of the legislature that the department of ecology and the department of health undertake the necessary steps to encourage the development of water reclamation facilities so that reclaimed water may be made available to help meet the growing water requirements of the state.

The legislature further finds and declares that reclaimed water facilities are water pollution control facilities as defined in chapter 70.146 RCW and are eligible for financial assistance as provided in chapter 70.146 RCW. [1995 c 342 § 1; 1992 c 204 § 1.]

Effective date—1995 c 342: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 11, 1995].” [1995 c 342 § 11.]

90.46.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(9) "Direct recharge" means the controlled subsurface addition of water directly to the ground water basin that results in the replenishment of ground water.

(10) "Ground water recharge criteria" means the contaminant criteria found in the drinking water quality standards adopted by the state board of health pursuant to
chapter 43.20 RCW and the department of health pursuant to chapter 70.119A RCW.

90.46.042 Standards, procedures, and guidelines for direct recharge. The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before December 31, 1995, for direct recharge using reclaimed water. The standards shall address both water quality considerations and avoidance of property damage from excessive recharge. [1995 c 342 § 6.]

Construction—Effective date—1995 c 342: See notes following RCW 90.46.005.

90.46.044 Standards, procedures, and guidelines for discharge to wetlands. The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before June 30, 1996, for discharge of reclaimed water to wetlands. [1995 c 342 § 7.]

Construction—Effective date—1995 c 342: See notes following RCW 90.46.005.

90.46.050 Advisory committee—Development of standards, procedures, and guidelines. The department of health shall, before July 1, 1995, form an advisory committee, in coordination with the department of ecology and the department of agriculture, which will provide technical assistance in the development of standards, procedures, and guidelines required by this chapter. Such committee shall be composed of individuals from the public water and wastewater utilities, landscaping enhancement industry, commercial and industrial application community, and any other persons deemed technically helpful by the department of health. On or before December 31, 1995, the department of ecology and department of health shall, in consultation with local interested parties, jointly review and, if required, propose amendments to chapter 372-32 WAC to resolve conflicts between the development of reclaimed water projects in the Puget Sound region and chapter 372-32 RCW [WAC]. [1995 c 342 § 8.]

Construction—Effective date—1995 c 342: See notes following RCW 90.46.005.

90.46.080 Use of reclaimed water for surface spreading—Establishment of discharge limit for contaminants. (1) Reclaimed water may be beneficially used for surface spreading provided the reclaimed water meets the ground water recharge criteria as measured in ground water beneath or down gradient of the recharge project site, and has been incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) If the state ground water recharge criteria as defined by RCW 90.46.010 do not contain a standard for a constituent or contaminant, the department of ecology shall establish a discharge limit consistent with the goals of this chapter. [1995 c 342 § 3.]

(2) Reclaimed water that does not meet the class A reclaimed water standard may be beneficially used for discharge into created wetlands where the department of ecology has specifically authorized such use at such lower standard in conjunction with a pilot project designated pursuant to this chapter, the purpose of which is to test and implement the use of created wetlands for advanced treatment. [1995 c 342 § 4.]

Construction—Effective date—1995 c 342: See notes following RCW 90.46.005.

(1) The director shall issue or approve water quality permits for use by federal, state, or local governmental agencies and licensed applicators for the purpose of using, for aquatic noxious weed control, herbicides and surfactants registered under state or federal pesticide control laws. The issuance of the permits shall be subject only to compliance with: Federal and state pesticide label requirements, the requirements of the federal insecticide, fungicide, and rodenticide act, the Washington pesticide control act, the Washington pesticide application act, and the state environmental policy act; and applicable requirements established in an option or options recommended for controlling the noxious weed by a final environmental impact statement published under chapter 43.21C RCW by the department prior to May 5, 1995, by the department of agriculture, or by the department of agriculture jointly with other state agencies. This section may not be construed as requiring the preparation of a new environmental impact statement to replace a final environmental impact statement published before May 5, 1995.

(2) The director of ecology may not utilize this permit authority to otherwise condition or burden weed control efforts. The director's authority to issue water quality modification permits for activities other than the application
of surfactants and approved herbicides, to control aquatic noxious weeds, is unaffected by this section.  
(3) As used in this section, "aquatic noxious weed" means an aquatic weed on the state noxious weed list adopted under RCW 17.10.080. [1995 c 255 § 3.]

OIL AND HAZARDOUS SUBSTANCE SPILL PREVENTION AND RESPONSE

90.56.280 Duty to notify coast guard and division of emergency management of discharge. It shall be the duty of any person discharging oil or hazardous substances or otherwise causing, permitting, or allowing the same to enter the waters of the state, unless the discharge or entry was expressly authorized by the department prior thereto or authorized by operation of law under RCW 90.48.200, to immediately notify the coast guard and the division of emergency management. The notice to the division of emergency management within the department from the tax imposed by RCW 82.23B.020(2) shall be suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1997, the state treasurer may transfer up to $1,718,000 from the oil spill response account to the oil spill administration account to support appropriations made from the oil spill administration account in the omnibus and transportation appropriations acts adopted not later than June 30, 1997. (2) Expenditures from the oil spill administration account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill administration account. Costs of administration include the costs of:  
(a) Routine responses not covered under RCW 90.56.500;  
(b) Management and staff development activities;  
(c) Development of rules and policies and the state-wide plan provided for in RCW 90.56.060;

90.56.510 Oil spill administration account. (1) The oil spill administration account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. On July 1 of each odd-numbered year, if receipts deposited in the account from the tax imposed by RCW 82.23B.020(2) for the previous fiscal biennium exceed the amount appropriated from the account for the previous fiscal biennium, the state treasurer shall transfer the amount of receipts exceeding the appropriation to the oil spill response account. If, on the first day of any calendar month, the balance of the oil spill response account is greater than twenty-five million dollars and the balance of the oil spill administration account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1997, the state treasurer may transfer up to $1,718,000 from the oil spill response account to the oil spill administration account to support appropriations made from the oil spill administration account in the omnibus and transportation appropriations acts adopted not later than June 30, 1997.

90.58.020 Legislative findings—State policy enunciated—Use preference. The legislature finds that the shorelines of the state are among the most valuable and fragile of its natural resources and that there is great concern throughout the state relating to their utilization, protection, restoration, and preservation. In addition it finds that ever increasing pressures of additional uses are being placed on the shorelines necessitating increased coordination in the management and development of the shorelines of the state. The legislature further finds that much of the shorelines of the state and the uplands adjacent thereto are in private ownership; that unrestricted construction on the privately owned or publicly owned shorelines of the state is not in the best public interest; and therefore, coordinated planning is necessary in order to protect the public interest associated with the shorelines of the state while, at the same time, recognizing and protecting private property rights consistent with the public interest. There is, therefore, a clear and urgent demand for a planned, rational, and concerted effort, jointly performed by federal, state, and local governments, to prevent the inherent harm in an uncoordinated and piecemeal development of the state's shorelines.

It is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses. This policy is designed to insure the development of these shorelines in a manner which, while allowing for limited reduction of rights of the public in the navigable waters, will promote and enhance the public interest. This policy contemplates protecting against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incidental thereto.

The legislature declares that the interest of all of the people shall be paramount in the management of shorelines of state-wide significance. The department, in adopting guidelines for shorelines of state-wide significance, and local government, in developing master programs for shorelines of state-wide significance, shall give preference to uses in the following order of preference which:

1. Recognize and protect the state-wide interest over local interest;
2. Preserve the natural character of the shoreline;
3. Result in long term over short term benefit;
4. Protect the resources and ecology of the shoreline;
5. Increase public access to publicly owned areas of the shorelines;
6. Increase recreational opportunities for the public in the shoreline;
7. Provide for any other element as defined in RCW 90.58.100 deemed appropriate or necessary.

In the implementation of this policy the public's opportunity to enjoy the physical and aesthetic qualities of natural shorelines of the state shall be preserved to the greatest extent feasible consistent with the overall best interest of the state and the people generally. To this end uses shall be preferred which are consistent with control of pollution and prevention of damage to the natural environment, or are unique to or dependent upon use of the state's shoreline. Alterations of the natural condition of the shorelines of the state, in those limited instances when authorized, shall be given priority for single family residences and their appurtenant structures, ports, shoreline recreational uses including but not limited to parks, marinas, piers, and other improvements facilitating public access to shorelines of the state, industrial and commercial developments which are particularly dependent on their location on or use of the shorelines of the state and other development that will provide an opportunity for substantial numbers of the people to enjoy the shorelines of the state. Alterations of the natural condition of the shorelines and shorelands of the state shall be recognized by the department. Shorelines and shorelands of the state shall be appropriately classified and these classifications shall be revised when circumstances warrant regardless of whether the change in circumstances occurs through man-made causes or natural causes. Any areas resulting from alterations of the natural condition of the shorelines and shorelands of the state no longer meeting the definition of "shorelines of the state" shall not be subject to the provisions of chapter 90.58 RCW.
Permitted uses in the shorelines of the state shall be
designed and conducted in a manner to minimize, insofar as
practical, any resultant damage to the ecology and environ­
ment of the shoreline area and any interference with the
public's use of the water. [1995 c 347 § 301; 1992 c 105 §
1; 1982 1st ex.s. c 13 § 1; 1971 ex.s. c 286 § 2.]

Finding—Severability—Part headings and table of contents not
law—1995 c 347: See notes following RCW 36.70A.470.

90.58.030 Definitions and concepts. As used in this
chapter, unless the context otherwise requires, the following
definitions and concepts apply:

(1) Administration:
(a) "Department" means the department of ecology;
(b) "Director" means the director of the department of
ecology;
(c) "Local government" means any county, incorporated
city, or town which contains within its boundaries any lands
or waters subject to this chapter;
(d) "Person" means an individual, partnership, corpora­
tion, association, organization, cooperative, public or
municipal corporation, or agency of the state or local
governmental unit however designated;
(e) "Hearing board" means the shoreline hearings board
established by this chapter.

(2) Geographical:
(a) "Extreme low tide" means the lowest line on the
land reached by a receding tide;
(b) "Ordinary high water mark" on all lakes, streams,
tidal water is that mark that will be found by examining
the bed and banks and ascertaining where the presence and
action of waters are so common and usual, and so long
continued in all ordinary years, as to mark upon the soil a
character distinct from that of the abutting upland, in respect
to vegetation as that condition exists on June 1, 1971, as it
may naturally change thereafter, or as it may change
thereafter in accordance with permits issued by a local
government or the department: PROVIDED, That in any
area where the ordinary high water mark cannot be found,
the ordinary high water mark adjoining salt water shall be
the line of mean high water and the ordinary high water
mark adjoining fresh water shall be the line of mean high
water;
(c) "Shorelines of the state" are the total of all "shore­
lines" and "shorelines of state-wide significance" within the
state;
(d) "Shorelines" means all of the water areas of the
state, including reservoirs, and their associated shorelands,
together with the lands underlying them; except (i) shorelines
of state-wide significance; (ii) shorelines on segments of
streams upstream of a point where the mean annual flow is
twenty cubic feet per second or less and the wetlands
associated with such upstream segments; and (iii) shorelines
on lakes less than twenty acres in size and wetlands associat­
ed with such small lakes;
(e) "Shorelines of state-wide significance" means the
following shorelines of the state:
(i) The area between the ordinary high water mark and
the western boundary of the state from Cape Disappointment
on the south to Cape Flattery on the north, including harbors,
bays, estuaries, and inlets;
(ii) Those areas of Puget Sound and adjacent salt waters
and the Strait of Juan de Fuca between the ordinary high
water mark and the line of extreme low tide as follows:
(A) Nisqually Delta—from DeWolf Bight to Tatsolo
Point,
(B) Birch Bay—from Point Whitehorn to Birch Point,
(C) Hood Canal—from Tala Point to Foulweather Bluff,
(D) Skagit Bay and adjacent area—from Brown Point to
Yokeko Point, and
(E) Padilla Bay—from March Point to William Point;
(iii) Those areas of Puget Sound and the Strait of Juan
de Fuca and adjacent salt waters north to the Canadian line
and lying seaward from the line of extreme low tide;
(iv) Those lakes, whether natural, artificial, or a combina­
tion thereof, with a surface acreage of one thousand acres
or more measured at the ordinary high water mark;
(v) Those natural rivers or segments thereof as follows:
(A) Any west of the crest of the Cascade range down­
stream of a point where the mean annual flow is measured
at one thousand cubic feet per second or more,
(B) Any east of the crest of the Cascade range down­
stream of a point where the annual flow is measured at two
hundred cubic feet per second or more, or those portions of
rivers east of the crest of the Cascade range downstream
from the first three hundred square miles of drainage area,
whichever is longer;
(vi) Those shorelands associated with (i), (ii), (iv), and
(v) of this subsection (2)(e);
(f) "Shorelands" or "shoreland areas" means those lands
extending landward for two hundred feet in all directions as
measured on a horizontal plane from the ordinary high water
mark; floodways and contiguous floodplain areas landward
two hundred feet from such floodways; and all wetlands
and river deltas associated with the streams, lakes, and tidal
waters which are subject to the provisions of this chapter;
the same to be designated as to location by the department
of ecology. Any county or city may determine that portion
of a one-hundred-year-flood plain to be included in its
master program as long as such portion includes, as a
minimum, the floodway and the adjacent land extending
landward two hundred feet therefrom;
(g) "Floodway" means those portions of the area of a
river valley lying streamward from the outer limits of a
watercourse upon which flood waters are carried during
periods of flooding that occur with reasonable regularity,
although not necessarily annually, said floodway being
identified, under normal condition, by changes in surface soil
conditions or changes in types or quality of vegetative
ground cover condition. The floodway shall not include
those lands that can reasonably be expected to be protected
from flood waters by flood control devices maintained by or
maintained under license from the federal government, the
state, or a political subdivision of the state;
(h) "Wetlands" means areas that are inundated or
saturated by surface water or ground water at a frequency
and duration sufficient to support, and that under normal
circumstances do support, a prevalence of vegetation
typically adapted for life in saturated soil conditions.
Wetlands generally include swamps, marshes, bogs, and
similar areas. Wetlands do not include those artificial
wetlands intentionally created from nonwetland sites,
including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands.

(3) Procedural terms:
   (a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;
   (b) "Master program" shall mean the comprehensive use plan for a described area, and the use regulations together with maps, diagrams, charts, or other descriptive material and text, a statement of desired goals, and standards developed in accordance with the policies enunciated in RCW 90.58.020;
   (c) "State master program" is the cumulative total of all master programs approved or adopted by the department of ecology;
   (d) "Development" means a use consisting of the construction or exterior alteration of structures; dredging; drilling; dumping; filling; removal of any sand, gravel, or minerals; bulkheading; driving of piling; placing of obstructions; or any project of a permanent or temporary nature which interferes with the normal public use of the surface of the waters overlying lands subject to this chapter at any state of water level;
   (e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds two thousand five hundred dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state; except that the following shall not be considered substantial developments for the purpose of this chapter:
      (i) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;

Severability—1986 c 292: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1986 c 292 § 5.]

Intent—1980 c 2; 1979 ex.s. c 84: "The legislature finds that high tides and hurricane force winds on February 13, 1979, caused conditions resulting in the catastrophic destruction of the Hood Canal bridge on state route 104, a state highway on the federal-aid system; and, as a consequence, the state of Washington has sustained a sudden and complete failure of a major segment of highway system with a disastrous impact on transportation services between the counties of Washington's Olympic peninsula and the remainder of the state. The governor has by proclamation found that these conditions constitute an emergency. To minimize the economic loss and hardship to residents of the Puget Sound and Olympic peninsula regions, it is the intent of this act to authorize the department of transportation to undertake immediately all necessary actions to restore interim transportation services across Hood Canal and Puget Sound and upon the Kitsap and Olympic peninsulas and to design and reconstruct a permanent bridge at the site of the original Hood Canal bridge. The department of transportation is directed to proceed with such actions in an environmentally responsible manner that would meet the substantive objectives of the state environmental policy act and the shorelines management act, and shall consult with the department of ecology in the planning process. The exemptions from the state environmental policy act and the shorelines management act contained in RCW 43.21C.032 and 90.58.030 are intended to approve and ratify the timely actions of the department of transportation taken and to be taken to restore interim transportation services and to reconstruct a permanent Hood Canal bridge without procedural delays." [1980 c 2 § 1; 1979 ex.s. c 84 § 1.]

The reference to "this act" refers to 1979 ex.s. c 84 which consists of this section, the amendment to RCW 90.58.030 by 1979 ex.s. c 84, and to new sections RCW 43.21C.032 and 90.58.145.

90.58.050 Program as cooperative between local government and state—Responsibilities differentiated.

This chapter establishes a cooperative program of shoreline management between local government and the state. Local government shall have the primary responsibility for initiating the planning required by this chapter and administering the regulatory program consistent with the policy and provisions of this chapter. The department shall act primarily in a supportive and review capacity with an emphasis on providing assistance to local government and on ensuring compliance with the policy and provisions of this chapter. [1995 c 347 § 303; 1971 ex.s. c 286 § 5.]

90.58.060 Review and adoption of guidelines—Public hearings, notice of—Amendments. (1) The department shall periodically review and adopt guidelines consistent with RCW 90.58.020, containing the elements specified in RCW 90.58.100 for:

(a) Development of master programs for regulation of the uses of shorelines; and

(b) Development of master programs for regulation of the uses of shorelines of state-wide significance.

(2) Before adopting or amending guidelines under this section, the department shall provide an opportunity for public review and comment as follows:

(a) The department shall mail copies of the proposal to all cities, counties, and federally recognized Indian tribes, and to any other person who has requested a copy, and shall publish the proposed guidelines in the Washington state register. Comments shall be submitted in writing to the department within sixty days from the date the proposal has been published in the register.

(b) The department shall hold at least four public hearings on the proposal in different locations throughout the state to provide a reasonable opportunity for residents in all parts of the state to present statements and views on the proposed guidelines. Notice of the hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state. If an amendment to the guidelines addresses an issue limited to one geographic area, the number and location of hearings may be adjusted consistent with the intent of this subsection to assure all parties a reasonable opportunity to comment on the proposed amendment. The department shall accept written comments on the proposal during the sixty-day public comment period and for seven days after the final public hearing.

(c) At the conclusion of the public comment period, the department shall review the comments received and modify the proposal consistent with the provisions of this chapter. The proposal shall then be published for adoption pursuant to the provisions of chapter 34.05 RCW.

(3) The department may propose amendments to the guidelines not more than once each year. At least once every five years the department shall conduct a review of the guidelines pursuant to the procedures outlined in subsection (2) of this section. [1995 c 347 § 304; 1971 ex.s. c 286 § 6.]

90.58.080 Timetable for local governments to develop or amend master programs. Local governments shall develop or amend, within twenty-four months after the adoption of guidelines as provided in RCW 90.58.060, a master program for regulation of uses of the shorelines of the state consistent with the required elements of the guidelines adopted by the department. [1995 c 347 § 305; 1974 ex.s. c 61 § 1; 1971 ex.s. c 286 § 8.]

90.58.090 Approval of master program or segments or amendments thereof, when—Procedure—Departmental alternatives when shorelines of state-wide significance—Later adoption of master program supersedes departmental program. (1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments general-
ly or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department's discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide written notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve those segments of the master program relating to shorelines of state-wide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the state-wide interest. If the department does not approve a segment of a local government master program relating to a shoreline of state-wide significance, the department may develop and by rule adopt an alternative to the local government's proposal.

(5) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

(6) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department's action. The department's approved document of record constitutes the official master program. [1995 c 347 § 306; 1971 ex.s. c 286 § 9.]

90.58.100 Programs as constituting use regulations—Duties when preparing programs and amendments thereto—Program contents. (1) The master programs provided for in this chapter, when adopted or approved by the department shall constitute use regulations for the various shorelines of the state. In preparing the master programs, and any amendments thereto, the department and local governments shall to the extent feasible:

(a) Utilize a systematic interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts;

(b) Consult with and obtain the comments of any federal, state, regional, or local agency having any special expertise with respect to any environmental impact;

(c) Consider all plans, studies, surveys, inventories, and systems of classification made or being made by federal, state, regional, or local agencies, by private individuals, or by organizations dealing with pertinent shorelines of the state;

(d) Conduct or support such further research, studies, surveys, and interviews as are deemed necessary;

(e) Utilize all available information regarding hydrology, geography, topography, ecology, economics, and other pertinent data;

(f) Employ, when feasible, all appropriate, modern scientific data processing and computer techniques to store, index, analyze, and manage the information gathered.

(2) The master programs shall include, when appropriate, the following:

(a) An economic development element for the location and design of industries, transportation facilities, port facilities, tourist facilities, commerce and other developments that are particularly dependent on their location on or use of the shorelines of the state;

(b) A public access element making provision for public access to publicly owned areas;

(c) A recreational element for the preservation and enlargement of recreational opportunities, including but not limited to parks, tidelands, beaches, and recreational areas;

(d) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other public utilities and facilities, all correlated with the shoreline use element;

(e) A use element which considers the proposed general distribution and general location and extent of the use on
shoreslines and adjacent land areas for housing, business, industry, transportation, agriculture, natural resources, recreation, education, public buildings and grounds, and other categories of public and private uses of the land;

(f) A conservation element for the preservation of natural resources, including but not limited to scenic vistas, aesthetics, and vital estuarine areas for fisheries and wildlife protection;

(g) An historic, cultural, scientific, and educational element for the protection and restoration of buildings, sites, and areas having historic, cultural, scientific, or educational values;

(h) An element that gives consideration to the state-wide interest in the prevention and minimization of flood damages; and

(i) Any other element deemed appropriate or necessary to effectuate the policy of this chapter.

(3) The master programs shall include such map or maps, descriptive text, diagrams, or other descriptive material as are necessary to provide for ease of understanding.

(4) Master programs will reflect that state-owned shorelines of the state are particularly adapted to providing wilderness beaches, ecological study areas, and other recreational activities for the public and will give appropriate special consideration to same.

(5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in RCW 90.58.020. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detrimental effect. The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3).

(6) Each master program shall contain standards governing the protection of single family residences and appurtenant structures against damage or loss due to shoreline erosion. The standards shall govern the issuance of substantial development permits for shoreline protection, including structural methods such as construction of bulkheads, and nonstructural methods of protection. The standards shall provide for methods which achieve effective and timely protection against loss or damage to single family residences and appurtenant structures due to shoreline erosion. The standards shall provide a preference for permit issuance for measures to protect single family residences occupied prior to January 1, 1992, where the proposed measure is designed to minimize harm to the shoreline natural environment. [1995 c 347 § 307; 1992 c 105 § 2; 1991 c 322 § 32; 1971 ex.s. c 286 § 10.]

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits...
governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (1-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the date of filing the appeal, that the hearing be held within twenty-one days from the date of the filing, and the permits are valid until December 31, 1995;

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used herein means the date of actual receipt by the department. With regard to a permit for a variance or a conditional use, "date of filing" means the date a decision of the department rendered on the permit pursuant to subsection (10) of this section is transmitted by the department to the local government. The department shall notify in writing the local government and the applicant of the date of filing.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board.
90.58.140 Appeals from granting, denying, or rescinding permits—Board to act—Local government appeals to board—Grounds for declaring rule, regulation, or guideline invalid—Appeals to court. Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department and the office of the attorney general. The department and the attorney general may intervene to protect the public interest and insure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The shorelines hearings board shall schedule review proceedings on the petition for review without regard as to whether the period for the department or the attorney general to intervene has or has not expired.

(2) The department or the attorney general may obtain review of any final decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written petition with the shorelines hearings board and the appropriate local government within twenty-one days from the date the final decision was filed as provided in RCW 90.58.140(6).

The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing thereon.
(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:
   (a) Is clearly erroneous in light of the policy of this chapter; or
   (b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
   (c) Is arbitrary and capricious; or
   (d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or
   (e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5) (a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board. (3) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department or local government, describing the violation with reasonable particularity and ordering the act or acts constituting the violation to cease and desist or, in appropriate cases, requiring necessary corrective action to be taken within a specific and reasonable time.

(4) Within thirty days after the notice is received, the person incurring the penalty may apply in writing to the department for remission or mitigation of such penalty. Upon receipt of the application, the department or local government may remit or mitigate the penalty upon whatever terms the department or local government in its discretion deems proper. Any penalty imposed pursuant to this section by the department shall be subject to review by the shorelines hearings board. Any penalty imposed pursuant to this section by local government shall be subject to review by the local government legislative authority. Any penalty jointly imposed by the department and local government shall be appealed to the shorelines hearings board. [1995 c 403 § 637; 1986 c 292 § 4; 1971 ex.s. c 286 § 21.]

90.58.380 Adoption of wetland manual. The department by rule shall adopt a manual for the delineation of wetlands under this chapter that implements and is consistent with the 1987 manual in use on January 1, 1995, by the United States army corps of engineers and the United States environmental protection agency. If the corps of engineers and the environmental protection agency adopt changes to or a different manual, the department shall consider those changes and may adopt rules implementing those changes. [1995 c 382 § 11.]

90.58.515 Watershed restoration projects—Exemption. Watershed restoration projects as defined in RCW 89.08.460 are exempt from the requirement to obtain a substantial development permit. Local government shall review the projects for consistency with the locally adopted shoreline master program in an expeditious manner and shall issue its decision along with any conditions within forty-five days of receiving a complete consolidated application form from the applicant. No fee may be charged for accepting and processing applications for watershed restoration projects as used in this section. [1995 c 378 § 16.]

90.58.560 Oil or natural gas exploration—Violations of RCW 90.58.550—Penalty—Appeal. (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, a person who violates RCW 90.58.550, or any rule adopted thereunder, is subject to a penalty in an amount of up to five thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided for in this section.

(2) The penalty shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the director or the director's representative describing such violation with reasonable particularity. The director or the director's representative may, upon written application therefor received within fifteen days after notice imposing any penalty is received by the person incurring the penalty, and when deemed to carry out the purposes of this chapter, remit or mitigate any penalty provided for in this section upon such terms as he or she deems proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as he or she may deem proper.

(3) Any person incurring any penalty under this section may appeal the penalty to the hearings board as provided for in chapter 43.21B RCW. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the director or the director's representative setting forth the disposition of the application. Any penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made and is paid within thirty days of receipt of notice from the director or the director's representative setting forth the disposition of the application. Any penalty imposed under this section shall become due and payable thirty days after receipt of notice imposing any penalty, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation.

(4) If an appeal of any penalty incurred under this section is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.
action except as otherwise in this chapter provided. All penalties recovered under this section shall be paid into the state treasury and credited to the general fund. [1995 c 403 § 638; 1983 c 138 § 2.]

Reviser’s note—Sunset Act application: The permit assistance center is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.387. RCW 90.60.010 through 90.60.150 and 90.60.800 are scheduled for future repeal under RCW 43.131.388.

90.60.010 Findings and declaration. The legislature hereby finds and declares:

(1) Washington’s environmental protection programs have established strict standards to reduce pollution and protect the public health and safety and the environment. The single-purpose programs instituted to achieve these standards have been successful in many respects, and have produced significant gains in protecting Washington’s environment in the face of substantial population growth.

(2) Continued progress to achieve the environmental standards in the face of continued population growth will require greater coordination between the single-purpose environmental programs and more efficient operation of these programs overall. Pollution must be prevented and controlled and not simply transferred to another media or another place. This goal can only be achieved by maintaining the current environmental protection standards and by greater integration of the existing programs.

(3) As the number of environmental laws and regulations have grown in Washington, so have the number of permits required of business and government. This regulatory burden has significantly added to the cost and time needed to obtain essential permits in Washington. The increasing number of individual permits and permit authorities has generated the continuing potential for conflict, overlap, and duplication between the various state, local, and federal permits.

(4) The purpose of this chapter is to institute new, efficient procedures that will assist businesses and public agencies in complying with the environmental quality laws in an expedited fashion, without reducing protection of public health and safety and the environment.

(5) Those procedures need to provide a permit process that promotes effective dialogue and ensures ease in the transfer and clarification of technical information, while preventing duplication. It is necessary that the procedures establish a process for preliminary and ongoing meetings between the applicant, the coordinating permit agency, and the participating permit agencies, but do not preclude the applicant or participating permit agencies from individually coordinating with each other.

(6) It is necessary, to the maximum extent practicable, that the procedures established in this chapter ensure that the coordinated permit agency process and applicable permit requirements and criteria are integrated and run concurrently, rather than consecutively.

(7) It is necessary to provide a reliable and consolidated source of information concerning federal, state, and local environmental and land use laws and procedures that apply to any given proposal.

(8) It is the intent of this chapter to provide an optional process by which a project proponent may obtain active coordination of all applicable regulatory and land-use permitting procedures. This process is not to replace individual laws, or diminish the substantive decision-making role of individual jurisdictions. Rather it is to provide predictability, administrative consolidation, and, where possible, consolidation of appeal processes.

(9) It is also the intent of this chapter to provide consolidated, effective, and easier opportunities for members of the public to receive information and present their views about proposed projects. [1995 c 347 § 601.]

Sunset Act application: See note following chapter digest.

and upon the agency's agreement to be subject to this chapter.

Sunset Act application: See note following chapter digest.

90.60.030 Permit assistance center—Duties. The permit assistance center is established within the department. The center shall:

(1) Publish and keep current one or more handbooks containing lists and explanations of all permit laws. The center shall coordinate with the business assistance center in providing and maintaining this information to applicants and others. To the extent possible, the handbook shall include relevant federal and tribal laws. A state agency or local government shall provide a reasonable number of applications, statutes, ordinances, rules, handbooks, and other informational material requested by the center and shall otherwise fully cooperate with the center. The center shall seek the cooperation of relevant federal agencies and tribal governments;

(2) Establish, and make known, a point of contact for distribution of the handbook and advice to the public as to its interpretation in any given case;

(3) Work closely and cooperatively with the business license center and the business assistance center in providing efficient and nonduplicative service to the public;

(4) Seek the assignment of employees from the permit agencies listed under RCW 90.60.020(6)(a) to serve on a rotating basis in staffing the center; and

(5) Provide an annual report to the legislature on potential conflicts and perceived inconsistencies among existing statutes. The first report shall be submitted to the appropriate standing committees of the house of representatives and senate by December 1, 1996. [1995 c 347 § 603.]

Sunset Act application: See note following chapter digest.

90.60.040 Designation of coordinating permit agency—Process. (1) Not later than January 1, 1996, the center shall establish by rule an administrative process for the designation of a coordinating permit agency for a project.

(2) The administrative process shall consist of the establishment of guidelines for designating the coordinating permit agency for a project. If a permit agency is the lead agency for purposes of chapter 43.21C RCW, that permit agency shall be the coordinating permit agency. In other cases, the guidelines shall require that at least the following factors be considered in determining which permit agency has the greatest overall jurisdiction over the project:

(a) The types of facilities or activities that make up the project;

(b) The types of public health and safety and environmental concerns that should be considered in issuing permits for the project;

(c) The environmental medium that may be affected by the project, the extent of those potential effects, and the environmental protection measures that may be taken to prevent the occurrence of, or to mitigate, those potential effects;

(d) The regulatory activity that is of greatest importance in preventing or mitigating the effects that the project may have on public health and safety or the environment; and

(e) The statutory and regulatory requirements that apply to the project and the complexity of those requirements. [1995 c 347 § 604.]

Sunset Act application: See note following chapter digest.

90.60.050 Project facilitator. Upon the request of a project applicant, the center shall appoint a project facilitator to assist the applicant in determining which regulatory requirements, processes, and permits may be required for development and operation of the proposed project. The project facilitator shall provide the information to the applicant and explain the options available to the applicant in obtaining the required permits. If the applicant requests, the center shall designate a coordinating permit agency as provided in RCW 90.60.060. [1995 c 347 § 605.]

Sunset Act application: See note following chapter digest.

90.60.060 Coordinating permit agency—Designation—Duties. (1) A permit applicant who requests the designation of a coordinating permit agency shall provide the center with a description of the project, a preliminary list of the permits that the project may require, the identity of any public agency that has been designated the lead agency for the project pursuant to chapter 43.21C RCW, and the identity of the participating permit agencies. The center may request any information from the permit applicant that is necessary to make the designation under this section, and may convene a scoping meeting of the likely coordinating permit agency and participating permit agencies in order to make that designation.

(2) The coordinating permit agency shall serve as the main point of contact for the permit applicant with regard to the coordinated permit process for the project and shall manage the procedural aspects of that processing consistent with existing laws governing the coordinating permit agency and participating permit agencies, and with the procedures agreed to by those agencies in accordance with RCW 90.60.070. In carrying out these responsibilities, the coordinating permit agency shall ensure that the permit applicant has all the information needed to apply for all the component permits that are incorporated in the coordinated permit process for the project, coordinate the review of those permits by the respective participating permit agencies, ensure that timely permit decisions are made by the participating permit agencies, and assist in resolving any conflict or inconsistency among the permit requirements and conditions that are to be imposed by the participating permit agencies with regard to the project. The coordinating permit agency shall keep in contact with the applicant as well as other permit agencies in order to assure that the process is progressing as scheduled. The coordinating permit agency shall also make contact, at least once, with any local jurisdiction that is responsible for issuing a permit for the project if the local jurisdiction has not agreed to be a participating permit agency as provided in RCW 90.60.020(6).

(3) This chapter shall not be construed to limit or abridge the powers and duties granted to a participating

[1995 RCW Supp—page 1057]
permit agency under the law that authorizes or requires the agency to issue a permit for a project. Each participating permit agency shall retain its authority to make all decisions on all nonprocedural matters with regard to the respective component permit that is within its scope of its responsibility, including, but not limited to, the determination of permit application completeness, permit approval or approval with conditions, or permit denial. The coordinating permit agency may not substitute its judgment for that of a participating permit agency on any such nonprocedural matters. [1995 c 347 § 606.]

Sunset Act application: See note following chapter digest.

90.60.070 Coordinating permit agency—Meeting with permit applicant and participating permit agencies. (1) Within twenty-one days of the date that the coordinating permit agency is designated, it shall convene a meeting with the permit applicant for the project and the participating permit agencies. The meeting agenda shall include at least all of the following matters:

(a) A determination of the permits that are required for the project;

(b) A review of the permit application forms and other application requirements of the agencies that are participating in the coordinated permit process;

(c)(i) A determination of the timelines that will be used by the coordinating permit agency and each participating permit agency to make permit decisions, including the time periods required to determine if the permit applications are complete, to review the application or applications, and to process the component permits. In the development of this timeline, full attention shall be given to achieving the maximum efficiencies possible through concurrent studies, consolidated applications, hearings, and comment periods. Except as provided in (c)(ii) of this subsection, the timelines established under this subsection, with the assent of the coordinating permit agency and each participating permit agency, shall commit the coordinating permit agency and each participating permit agency to act on the component permit within time periods that are different than those required by other applicable provisions of law.

(ii) An accelerated time period for the consideration of a permit application may not be set if that accelerated time period would be inconsistent with, or in conflict with, any time period or series of time periods set by statute for that consideration, or with any statute, rule, or regulation, or adopted state policy, standard, or guideline that requires any of the following:

(A) Other agencies, interested persons, federally recognized Indian tribes, or the public to be given adequate notice of the application;

(B) Other agencies to be given a role in, or be allowed to participate in, the decision to approve or disapprove the application; or

(C) Interested persons or the public to be provided the opportunity to challenge, comment on, or otherwise voice their concerns regarding the application;

(d) The scheduling of any public hearings that are required to issue permits for the project and a determination of the feasibility of coordinating or consolidating any of those required public hearings; and

(e) A discussion of fee arrangements for the coordinated permit process, including an estimate of the costs allowed under RCW 90.60.100 and the billing schedule.

(2) Each agency shall send at least one representative qualified to make decisions concerning the applicability and timelines associated with all permits administered by that jurisdiction. At the request of the applicant, the coordinating permit agency shall notify any relevant federal agency or federally recognized tribe of the date of the meeting and invite that agency's participation in the process.

(3) If a permit agency or the applicant foresees, at any time, that it will be unable to meet its obligations under the agreement, it shall notify the coordinating permit agency of the problem. The coordinating permit agency shall notify the participating permit agencies and the applicant and, upon agreement of all parties, adjust the schedule, or, if necessary, schedule another work plan meeting.

(4) The coordinating permit agency may request any information from the applicant that is necessary to comply with its obligations under this section, consistent with the timelines set pursuant to this section.

(5) A summary of the decisions made under this section shall be made available for public review upon the filing of the coordinated permit process application or permit applications. [1995 c 347 § 607.]

Sunset Act application: See note following chapter digest.

90.60.080 Withdrawal from coordinated permit process. (1) The permit applicant may withdraw from the coordinated permit process by submitting to the coordinating permit agency a written request that the process be terminated. Upon receipt of the request, the coordinating permit agency shall notify the center and each participating permit agency that a coordinated permit process is no longer applicable to the project.

(2) The permit applicant may submit a written request to the coordinating permit agency that the permit applicant wishes a participating permit agency to withdraw from participation on the basis of a reasonable belief that the issuance of the coordinated permit process would be accelerated if the participating permit agency withdraws. In that event, the participating permit agency shall withdraw from participation if the coordinating permit agency approves the request. [1995 c 347 § 608.]

Sunset Act application: See note following chapter digest.

90.60.090 Coordinating permit agency to oversee participating permit agencies. The coordinating permit agency shall ensure that the participating permit agencies make all the permit decisions that are necessary for the incorporation of the permits into the coordinated permit process and act on the component permits within the time periods established pursuant to RCW 90.60.070. [1995 c 347 § 609.]

Sunset Act application: See note following chapter digest.

90.60.100 Recovery of costs by coordinating permit agency. (1) The coordinating permit agency may enter into a written agreement with the applicant to recover from the applicant the reasonable costs incurred by the coordinating
permis agency in carrying out the requirements of this chapter.

(2) The coordinating permit agency may recover only the costs of performing those coordinated permit services and shall be negotiated with the permit applicant in the meeting required pursuant to RCW 90.60.070. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. [1995 c 347 § 610.] Sunset Act application: See note following chapter digest.

90.60.110 Review of agency action—Petition. A petition by the permit applicant for review of an agency action in issuing, denying, or amending a permit, or any portion of a coordinating permit application, shall be submitted by the permit applicant to the coordinating permit agency or the participating permit agency having jurisdiction over that permit and shall be processed in accordance with the procedures of that permit agency. Within thirty days of receiving the petition, the coordinating permit agency shall notify the other environmental agencies participating in the original coordinated permit process. [1995 c 347 § 611.] Sunset Act application: See note following chapter digest.

90.60.120 Amendments or modifications—Procedure. If an applicant petitions for a significant amendment or modification to a coordinated permit process application or any of its component permit applications, the coordinating permit agency shall reconvene a meeting of the participating permit agencies, conducted in accordance with RCW 90.60.070. [1995 c 347 § 612.] Sunset Act application: See note following chapter digest.

90.60.130 Failure to provide information—Effect. If an applicant fails to provide information required for the processing of the component permit applications for a coordinated permit process or for the designation of a coordinating permit agency, the time requirements of this chapter shall be held in abeyance until such time as the information is provided. [1995 c 347 § 613.] Sunset Act application: See note following chapter digest.

90.60.140 Appeals. (1) The center, by rule, shall establish an expedited appeals process by which a petitioner or applicant may appeal any failure by a permit agency to take timely action on the issuance or denial of a permit in accordance with the time limits established under this chapter.

(2) If the center finds that the time limits under appeal have been violated without good cause, it shall establish a date certain by which the permit agency shall act on the permit application with adequate provision for the requirements of RCW 90.60.070(1)(c)(ii) (A) through (C), and provide for the full reimbursement of any filing or permit processing fees paid by the applicant to the permit agency for the permit application under appeal. [1995 c 347 § 614.] Sunset Act application: See note following chapter digest.

90.60.150 Jurisdiction of the energy facility site evaluation council not affected. Nothing in this chapter affects the jurisdiction of the energy facility site evaluation council as provided in chapter 80.50 RCW. [1995 c 347 § 615.] Sunset Act application: See note following chapter digest.

90.60.800 Report to legislature. By December 1, 1997, the center shall submit a report to the appropriate committees of both houses of the legislature detailing the following information:

(1) The number of instances in which a coordinating permit agency has been requested and used, and the disposition of those cases;

(2) The amount of time elapsed between an initial request by a permit applicant for a coordinated permit process and the ultimate approval or disapproval of the permits included in the process; and

(3) The number of instances in which the expedited appeals process was requested, and the disposition of those cases. [1995 c 347 § 616.] Sunset Act application: See note following chapter digest.

90.61.010 Commission established. (Expires June 30, 1998.) The land use study commission is hereby established. The commission's goal shall be the integration and consolidation of the state's land use and environmental laws into a single, manageable statute. In fulfilling its responsibilities, the commission shall evaluate the effectiveness of the growth management act, the state environmental policy act, the shoreline management act, and other state land use, planning, environmental, and permitting statutes in achieving their stated goals. [1995 c 347 § 801.]

90.61.020 Commission membership. (Expires June 30, 1998.) The commission shall consist of not more than fourteen members. Eleven members of the commission shall be appointed by the governor. Membership shall reflect the interests of business, agriculture, labor, the environment, neighborhood groups, other citizens, the legislature, cities, counties, and federally recognized Indian tribes. Members shall have substantial experience in matters relating to land use and environmental planning and regulation, and shall have the ability to work toward cooperative solutions among diverse interests. The director of the department of commu-
nity, trade, and economic development, or the director's designee, shall be a member and shall serve as chair of the commission. The director of the department of ecology, or the director's designee, and the secretary of the department of transportation, or the secretary's designee, shall also be members of the commission. Staff for the commission shall be provided by the department of community, trade, and economic development, with additional staff to be provided by other state agencies and the legislature, as may be required. State agencies shall provide the commission with information and assistance as needed. [1995 c 347 § 802.]

90.61.030 Time limits—Reports. (Expires June 30, 1998.) The commission shall convene commencing June 1, 1995, and shall complete its work by June 30, 1998. The commission shall submit a report to the governor and the legislature stating its findings, conclusions, and recommendations not later than November 1 of each year. The commission shall submit its final report to the governor and the legislature not later than November 1, 1997. [1995 c 347 § 803.]

90.61.040 Duties. (Expires June 30, 1998.) The commission shall:

(1) Consider the effectiveness of state and local government efforts to consolidate and integrate the growth management act, the state environmental policy act, the shoreline management act, and other land use, planning, environmental, and permitting laws.

(2) Identify the revisions and modifications needed in state land use, planning, and environmental law and practice to adequately plan for growth and achieve economically and environmentally sustainable development, to adequately assess environmental impacts of comprehensive plans, development regulations, and growth, and to reduce the time and cost of obtaining project permits.

(3) Draft a consolidated land use procedure, following these guidelines:

(a) Conduct land use planning through the comprehensive planning process under chapter 36.70A RCW rather than through review of individual projects;

(b) Involve diverse sectors of the public in the planning process. Early and informal environmental analysis should be incorporated into planning and decision making;

(c) Recognize that different questions need to be answered and differrent levels of detail applied at each planning phase, from the intial development of plan concepts or plan elements to implementation programs;

(d) Integrate and combine to the fullest extent possible the processes, analysis, and documents currently required under chapters 36.70A and 43.21C RCW, so that subsequent plan decisions and subsequent implementation will incorporate measures to promote the environmental, economic, and other goals and to mitigate undesirable or unintended adverse impacts on a community's quality of life;

(e) Focus environmental review and the level of detail needed for different stages of plan and project decisions on the environmental considerations most relevant to that stage of the process;

(f) Avoid duplicating review that has occurred for plan decisions when specific projects are proposed;

(g) Use environmental review on projects to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by agencies, tribes, and the public on compliance with applicable environmental laws and plans, including mitigation for site specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures;

(h) Maintain or improve the quality of environmental analysis both for plan and for project decisions, while integrating these analyses with improved state and local planning and permitting processes;

(i) Examine existing land use and environmental permits for necessity and utility. To the extent possible, existing permits should be combined into fewer permits, assuring that the values and principles intended to be protected by those permits remain protected; and

(j) Consolidate local government appeal processes to allow a single appeal of permits at local government levels, a single state level administrative appeal, and a final judicial appeal.

(4) Monitor instances state-wide of the vesting of project permit applications during the period that an appeal is pending before a growth management hearings board, as authorized under RCW 36.70A.300. The commission shall also review the extent to which such vesting results in the approval of projects that are inconsistent with a comprehensive plan or development regulation provision ultimately found to be in compliance with a board's order or remand. The commission shall analyze the impact of such approvals on ensuring the attainment of the goals and policies of chapter 36.70A RCW, and make recommendations to the governor and the legislature on statutory changes to address any adverse impacts from the provisions of RCW 36.70A.300. The commission shall provide an initial report on its findings and recommendations by November 1, 1995, and submit its further findings and recommendations subsequently in the reports required under RCW 90.61.030.

(5) Monitor local government consolidated permit procedures and the effectiveness of the timelines established by RCW 36.70B.090. The commission shall include in its report submitted to the governor and the legislature on November 1, 1997, its recommendation about what timelines, if any, should be imposed on the local government consolidated permit process required by chapter 36.70B RCW.

(6) Evaluate funding mechanisms that will enable local governments to pay for and recover the costs of conducting integrated planning and environmental analysis. The commission shall include its conclusions in its first report to the legislature on November 1, 1995, and include any recommended statutory changes.

(7) Study, in cooperation with the state board for registration of professional engineers and the state building code council, ways in which state agencies and local governments could authorize professionals with appropriate qualifications to certify a project's compliance with certain state and local land use and environmental requirements. The commission shall report to the legislature on measures necessary to implement such a system of professional certification.
