35.42.010 Purpose. It is the purpose of RCW 35.42.010 through 35.42.090 to supplement existing law for the leasing of space by cities and towns to provide for the leasing of such space through leases with an option to purchase and the acquisition of buildings erected upon land owned by a city or town upon the expiration of a lease of such land. [1965 c 7 § 35.42.010. Prior: 1959 c 80 § 1.]

35.42.020 Building defined. The term "building" as used in RCW 35.42.010 through 35.42.090 shall be construed to mean any building or buildings used as a part of, or in connection with, the operation of a city or town, and shall include the site and appurtenances, including but not limited to, heating facilities, water supply, sewage disposal, landscaping, walks, and drives. [1965 c 7 § 35.42.020. Prior: 1959 c 80 § 2.]

35.42.030 Authority to lease. Any city or town may, as lessee, lease a building for its use for a term of not to exceed fifty years. [1965 c 7 § 35.42.030. Prior: 1959 c 80 § 3.]

35.42.040 Renewals—Option to purchase. A lease of a building executed pursuant to RCW 35.42.010 through 35.42.090 may grant the lessee city or town an option to renew for a further term on like conditions, or an option to purchase the building covered by the lease at any time prior to the expiration of the term. A lease with an option to purchase shall provide that all sums paid as rent up to the time of exercising the option shall be credited toward the payment of the purchase price as of the date of payment. No lease shall provide, nor be construed to provide, that any city or town shall be under any obligation to purchase the leased building. [1965 c 7 § 35.42.040. Prior: 1959 c 80 § 4.]

35.42.050 Provisions to pay taxes, insurance, make repairs, improvements, etc. A lease of a building may provide that as a part of the rental, the lessee city or town may pay taxes and assessments on the leased building, maintain insurance thereon for the benefit of the lessor, and assume responsibilities for repair, replacement, alterations, and improvements during the term of the lease. [1965 c 7 § 35.42.050. Prior: 1959 c 80 § 5.]

35.42.060 Execution of lease prior to construction—Lessor's bond—City not obligated for construction costs. A city or town may, in anticipation of the acquisition of a site and the construction of a building, execute a lease, as lessee, prior to the actual acquisition of a site and the construction of a building, but the lease shall not require payment of rental by the lessee until the building is ready for occupancy. The lessor shall furnish a bond satisfactory to the lessee conditioned on the delivery of possession of the completed building to the lessee city or town at the time prescribed in the lease, unavoidable delay excepted. The lease shall provide that no part of the cost of construction of the building shall ever become an obligation of the lessee city or town. [1965 c 7 § 35.42.060. Prior: 1959 c 80 § 6.]

35.42.070 Lease of city land for building purposes and lease back of building by city. Any city or town desiring to have a building for its use erected on land owned, or to be acquired, by it, may, as lessor, lease the land for a reasonable rental for a term of not to exceed fifty years.
Provided, that the city or town shall lease back the building or a portion thereof for the same term. The leases shall contain terms as agreed upon between the parties, and shall include the following provisions:

1. No part of the cost of construction of the building shall ever be or become an obligation of the city or town.

2. The city or town shall have a prior right to occupy any or all of the building upon payment of rental as agreed upon by the parties, which rental shall not exceed prevailing rates for comparable space.

3. During any time that all or any portion of the building is not required for occupancy by the city or town, the lessee of the land may rent the unneeded portion to suitable tenants approved by the city or town.

4. Upon the expiration of the lease, all buildings and improvements on the land shall become the property of the city or town. [1965 c 7 § 35.42.070. Prior: 1959 c 80 § 7.]

35.42.080 Lease of city land for building purposes and lease back of building by city—Bids. A lease and lease back agreement requiring a lessee to build on city or town property shall be made pursuant to a call for bids upon terms most advantageous to the city or town. The call for bids shall be given by posting notice thereof in a public place in the city or town and by publication in the official newspaper of the city or town once each week for two consecutive weeks before the date fixed for opening the bids. The city council or commission of the city or town may by resolution reject all bids and make further calls for bids in the same manner as the original call. If no bid is received on the first call, the city council or commission may readvertise and make a second call, or may execute a lease without any further call for bids. [1985 c 469 § 28; 1965 c 7 § 35.42.080. Prior: 1959 c 80 § 8.]

35.42.090 Leases exempted from certain taxes. All leases executed pursuant to RCW 35.42.010 through 35.42.090 shall be exempt from the tax imposed by chapter 19, Laws of 1951 second extra session, as amended, and *chapter 82.45 RCW; section 5, chapter 389, Laws of 1955, and RCW 82.04.040; and section 9, chapter 178, Laws of 1941, and RCW 82.08.090, and by rules and regulations of the department of revenue issued pursuant thereto. Leases of Real or Personal Property or Property Rights with or without Option to Purchase—1963 Act

35.42.200 Leases authorized—Ballot proposition. Any city or town may execute leases for a period of years with or without an option to purchase with the state or any of its political subdivisions, with the government of the United States, or with any private party for the lease of any real or personal property, or property rights: PROVIDED, that with respect only to leases that finance the acquisition of property by the lessee, the aggregated portions of lease payments over the term of the lease which are allocable to principal shall constitute debt, which shall not result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town computed in accordance with RCW 39.36.030, unless a proposition in regard to whether or not such a lease may be executed is submitted to the voters for their approval or rejection in the same manner that bond issues for capital purposes are submitted, and the voters approve the same. [1990 c 205 § 1; 1965 c 7 § 35.42.200. Prior: 1963 c 170 § 1.]

35.42.210 Exercise of option to purchase. If at the time an option to purchase is exercised the remaining amount to be paid in order to purchase the real or personal property leased after crediting the rental payments toward the total purchase price therefor does not result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town, the city or town may exercise its option to purchase such property. If such remaining amount to be paid to purchase such leased property will result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town, a proposition in regard to whether or not to purchase the property shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. [1965 c 7 § 35.42.210. Prior: 1963 c 170 § 2.]

35.42.220 Budgeting rental payments—Bids—Construction of agreement where rental equals purchase price. The annual budget of a city shall provide for the payment of rental that falls due in the year for which the budget is applicable: PROVIDED, that if the cost of the real or personal property to be leased exceeds the amounts specified in RCW 35.23.352 prior to the execution of a lease with option to purchase therefor, the city or town shall call for bids in accordance with RCW 35.23.352: PROVIDED, that if at the expiration of a lease with option to purchase a city or town exercises such an option, the fact that the rental payments theretofore made equal the amount of the purchase price of the real or personal property involved in such lease shall not preclude the agreement from being a lease with option to purchase up to the date of the exercising of the option. [1965 c 7 § 35.42.220. Prior: 1963 c 170 § 3.]

When the legislative body of any city or town finds that all irrigation, drainage, or flood control canal or ditch rights of way within its limits for all purposes necessary to safeguard the public from the hazards of such open canals or ditches, and the right to cause to be constructed, installed, and maintained upon or adjacent to such rights of way safeguards as provided in RCW 35.43.040: PROVIDED, That such safeguards must not unreasonably interfere with maintenance of the canal or ditch or with the operation thereof. The city or town, at its option, notwithstanding any laws to the contrary, may require the irrigation, drainage, flood control, or other district, agency, person, corporation, or association maintaining the canal or ditch to supervise the installation and construction of such safeguards, or to maintain the same. If such option is exercised reimbursement must be made by the city or town for all actual costs thereof. [1965 c 7 § 35.43.045. Prior: 1959 c 75 § 2] Safeguarding open canals or ditches, assessments: RCW 35.43.040, 35.43.045, 36.88.015, 36.88.350, 36.88.380 through 36.88.400, 87.03.480, 87.03.526.

35.43.050 Authority—Noncontinuous improvements. When the legislative body of any city or town finds that all
of the property within a local improvement district or utility local improvement district will be benefited by the improvements as a whole, a local improvement district or utility local improvement district may include adjoining, vicinal, or neighboring streets, avenues, and alleys or other improvements even though the improvements thus made are not connected or continuous. The assessment rates may be ascertained on the basis of the special benefit of the improvements as a whole to the properties within the entire local improvement district or utility local improvement district, or on the basis of the benefit of each unit of the improvements to the properties specially benefited by that unit, or the assessment rates may be ascertained by a combination of the two bases. Where no finding is made by the legislative body as to the benefit of the improvements as a whole to all of the property within a local improvement district or utility local improvement district, the cost and expense of each continuous unit of the improvements shall be ascertained separately, as near as may be, and the assessment rates shall be computed on the basis of the cost and expense of each unit. In the event of the initiation of a local improvement district authorized by this section or a utility local improvement district authorized by this section, the legislative body may, in its discretion, eliminate from the district any unit of the improvement which is not connected or continuous and may proceed with the balance of the improvement within the local improvement district or utility local improvement district, as fully and completely as though the eliminated unit had not been included within the improvement district, without the giving of any notices to the property owners remaining within the district, other than such notices as are required by the provisions of this chapter to be given subsequent to such elimination. [1985 c 397 § 2; 1967 c 52 § 3; 1965 c 7 § 35.43.050. Prior: 1957 c 144 § 14; prior: 1947 c 155 § 1, part; 1941 c 90 § 1, part; 1915 c 168 § 2, part; 1911 c 98 § 13, part; Rem. Supp. 1947 § 9365, part.]

Authority supplemental—Severability—1985 c 397: See RCW 35.51.900 and 35.51.901.

Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.43.060 Consolidated cities—Procedure. The city council of any city which is composed of two or more cities or towns which have been or may hereafter be consolidated may make and pass all resolutions, orders and ordinances necessary for any assessment where the improvement was made or was being made by a component city or town prior to consolidation. [1965 c 7 § 35.43.060. Prior: 1911 c 98 § 64; RRS § 9417.]

35.43.070 Ordinance—Action on petition or resolution. A local improvement may be ordered only by an ordinance of the city or town council, pursuant to either a resolution or petition therefor. The ordinance must receive the affirmative vote of at least a majority of the members of the council.

Charters of cities of the first class may prescribe further limitations. In cities and towns other than cities of the first class, the ordinance must receive the affirmative vote of at least two-thirds of the members of the council if, prior to its passage, written objections to its enactment are filed with the city clerk by or on behalf of the owners of a majority of the lineal frontage of the improvement and of the area within the limits of the proposed improvement district. [1965 c 7 § 35.43.070. Prior: (i) 1911 c 98 § 8; RRS § 9359. (ii) 1911 c 98 § 66; RRS § 9419.]

35.43.075 Petition for district outside city may be denied. Whenever the formation of a local improvement district or utility local improvement district which lies entirely or in part outside of a city or town's corporate limits is initiated by petition the legislative authority of the city or town may by a majority vote deny the petition and refuse to form the local improvement district or utility local improvement district. 35.43.100 Ordinance—Finality—Limitation upon challenging jurisdiction or authority to proceed. The council may continue the hearing upon any petition or resolution provided for in this chapter and shall retain jurisdiction thereof until it is finally disposed of. The action and decision of the council as to all matters passed upon by it in relation to any petition or resolution shall be final and conclusive. No lawsuit whatsoever may be maintained challenging the jurisdiction or authority of the council to proceed with the improvement and creating the local improvement district or in any way challenging the validity thereof or any proceedings relating thereto unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1969 exs. c 258 § 4; 1965 c 7 § 35.43.100. Prior: 1911 c 98 § 19; RRS § 9371.]

Severability—1981 c 313: See note following RCW 36.94.020.

35.43.120 Petition—Requirements. Any local improvement may be initiated upon a petition signed by the owners of property aggregating a majority of the area within the proposed district. The petition must briefly describe: (1) The nature of the proposed improvement, (2) the territorial extent of the proposed improvement, (3) what proportion of the area within the proposed district is owned by the petitioners as shown by the records in the office of the county auditor, and (4) the fact that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement, or street lighting, adds to the property.

If any of the property within the area of the proposed district stands in the name of a deceased person, or of any person for whom a guardian has been appointed and not discharged, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property on the petition. The petition must be filed with the clerk or with such other officer as the city or town by charter or ordinance may require. [1989 c 243 § 1; 1981 c 323 § 1; 1969 ex.s.c. 258 § 5; 1965 c 7 § 35.43.120. Prior: 1957 c 144 § 6; prior: 1911 c 98 § 9, part; RRS § 9360, part.]

35.43.125 Petition—Notice and public hearing required. A public hearing shall be held on the creation of a proposed local improvement district or utility local improvement district that is initiated by petition. Notice requirements for this public hearing shall be the same as for the public hearing on the creation of a proposed local improvement district or utility local improvement district that is initiated by resolution. 35.43.130 Preliminary estimates and assessment roll. Upon the filing of a petition or upon the adoption of a resolution, as the case may be, initiating a proceeding for the formation of a local improvement district or utility local improvement district, the proper board, officer, or authority designated by charter or ordinance to make the preliminary estimates and assessment roll shall cause an estimate to be made of the cost and expense of the proposed improvement and certify it to the legislative authority of the city or town together with all papers and information in its possession touching the proposed improvement, a description of the boundaries of the district, and a statement of what portion of the cost and expense of the improvement should be borne by the property within the proposed district.

If the proceedings were initiated by petition the designated board, officer or authority shall also determine the sufficiency of the petition and whether the facts set forth therein are true. If the petition is found to be sufficient and in all proceedings initiated by resolution of the legislative authority of the city or town, the estimates must be accompanied by a diagram showing thereon the lots, tracts, and parcels of land and other property which will be specially benefited by the proposed improvement and the estimated amount of the cost and expense thereof to be borne by each lot, tract, or parcel of land or other property: PROVIDED, That no such diagram shall be required where such estimates are on file in the office of the city engineer, or other designated city office, together with a detailed copy of the preliminary assessment roll and the plans and assessment maps of the proposed improvement.

For the purpose of estimating and levying local improvement assessments, the value of property of the United States, of the state, or of any county, city, town, school district, or other public corporation whose property is not assessed for general taxes shall be computed according to the standards afforded by similarly situated property which is assessed for general taxes. channels the resolution must set forth the place of commencement and ending thereof and the route to be used.

In the case of auxiliary water systems, or extensions thereof or additions thereto for protection of the city or town or any part thereof from fire, the resolution must set forth the routes along which the auxiliary water system or extensions thereof or additions thereto are to be constructed and specifications of the structures or works necessary thereto or forming a part thereof.

The resolution shall be published in at least two consecutive issues of the official newspaper of the city or town, the first publication to be at least fifteen days before the day fixed for the hearing.

The hearing herein required may be held before the city or town council, or other legislative authority, or before a committee thereof. The legislative authority of a city or town may designate an officer to conduct the hearings. The committee or hearing officer shall report recommendations on the resolution to the legislative authority for final action.

35.43.180 Restraint by protest. The jurisdiction of the legislative authority of a city or town to proceed with any local improvement initiated by resolution shall be divested by a protest filed with the city or town council within thirty days from the date of passage of the ordinance ordering the improvement, signed by the owners of the property within the proposed local improvement district or utility local improvement district subject to sixty percent or more of the total cost of the improvement including federally-owned or other nonassessable property as shown and determined by the preliminary estimates and assessment roll of the proposed improvement district or, if all or part of the local improvement district or utility local improvement district lies outside of the city or town, such jurisdiction shall be divested by a protest filed in the same manner and signed by the owners of property which is within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, and which is subject to sixty percent or more of that part of the total cost of the improvement allocable to property within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, including federally-owned or other nonassessable property: PROVIDED, That such restraint by protest shall not apply to any of the following local improvements, if the legislative body finds and recites in the ordinance or resolution authorizing the improvement that such improvement is necessary for the protection of the public health and safety and such ordinance or resolution is passed by unanimous vote of all members present: (1) Sanitary sewers or water mains where the health officer of the city or town, or department of ecology, files with the legislative authority a report showing the necessity for such improvement; and (2) fire hydrants where the chief of the fire department files a report showing the necessity for such improvement. Construction—Severability—1967 c 52: See notes following RCW 35.43.042.

35.43.182 Waivers of protest—Recording—Limits on enforceability. If an owner of property enters into an agreement with a city or town waiving the property owner's right under RCW 35.43.180 to protest formation of a local improvement district, the agreement must specify the improvements to be financed by the district and shall set forth the effective term of the agreement, which shall not exceed ten years. The agreement must be recorded with the auditor of the county in which the property is located. It is against public policy and void for an owner, by agreement, as a condition imposed in connection with proposed property development, or otherwise, to waive rights to object to the property owner's individual assessment (including the determination of special benefits allocable to the property), or to appeal to the superior court the decision of the city or town council affirming the final assessment roll. [1988 c 179 § 8.]

35.43.184 Preformation expenditures. The city or town engineer or other designated official may contract with owners of real property to provide for payment by the owners of the cost of the preparation of engineering plans, surveys, studies, appraisals, legal services, and other expenses associated with improvements to be financed in whole or in part by a local improvement district (not including the cost of actual construction of such improvements), that the owners elect to undertake. The contract may provide for

reimbursement to the owner of such costs from the proceeds of
bonds issued by the district after formation of a district
under this chapter, from assessments paid to the district as
appropriate, or by a credit in the amount of such costs
against future assessments assessed against such property
under the district. Such reimbursement shall be made to the
owner of the property at the time of reimbursement. The
contract shall also provide that such costs shall not be reim-
bursed to the owner if a district to construct the specified
improvements (as the project may be amended) is not
formed within six years of the date of the contract. The
contract shall provide that any preformation work shall be
conducted only under the direction of the city or town
engineer or other appropriate city or town authority. [1988

35.43.186 Credits for other assessments. A city or
town ordering a local improvement upon which special
assessments on property specifically benefited by the
improvement are levied and collected, may provide as part
of the ordinance creating the local improvement district that
moneys paid or the cost of facilities constructed by a
property owner in the district in satisfaction of obligations
under chapter 39.92 RCW, shall be credited against assess-
ments due from the owner of such property at the time the
credit is made, if those moneys paid or facilities constructed
directly defray the cost of the specified improvements under
the district and if credit for such amounts is reflected in the
final assessment roll confirmed for the district. [1988 c
179 § 10.]

35.43.188 Assessment reimbursement accounts. A
city or town ordering a local improvement upon which special
assessments on property specifically benefited by the
improvement are levied and collected, may provide as part
of the ordinance creating the local improvement district that
the payment of an assessment levied for the district on
underdeveloped properties may be made by owners of other
properties within the district, if they so elect, subject to
terms of reimbursement set forth in the ordinance. The
terms for reimbursement shall require the owners of under-
developed properties on whose behalf payments of assess-
ments have been made to reimburse all such assessment
payments to the party who made them when those properties
are developed or redeveloped, together with interest at a rate
specified in the ordinance. The ordinance may provide that
reimbursement shall be made on a one-time, lump sum basis,
or may provide that reimbursement shall be made over a
period not to exceed five years. The ordinance may provide
that reimbursement shall be made no later than the time of
dissolution of the district, or may provide that no reimburse-
ment is due if the underdeveloped properties are not devel-
oped or redeveloped before the dissolution of the district.
Reimbursement amounts due from underdeveloped properties
under this section are liens upon the underdeveloped proper-
ties in the same manner and with like effect as assessments
made under this chapter. For the purposes of this section,
"underdeveloped properties" may include those properties
that, in the discretion of the legislative body of the city or
town, (1) are undeveloped or are not developed to their
highest and best use, and (2) are likely to be developed or
redeveloped before the dissolution of the district. [1988 c
179 § 11.]

35.43.190 Work—By contract or by city or public

contract on competitive bids whenever the estimated cost of
such improvement including the cost of materials, supplies,
labor, and equipment will exceed the sum of five thousand
dollars. The city, town, or public corporation may reject any
and all bids. The city, town, or public corporation itself may
make the local improvements if all the bids received exceed
by ten percent preliminary cost estimates prepared by an
independent consulting engineer or registered professional
engineer retained for that purpose by the city, town, or
public corporation. [1987 c 242 § 3; 1971 ex.s. c 116 § 6;

specially benefited thereby, for paying the cost and expense
of the same or any portion thereof, as hereinafter provided.

35.43.250 Deferral of collection of assessments for economically disadvantaged persons—Authorized. Any city of the first class in this state ordering any local improvement upon which shall be levied and collected special assessments on property specifically benefited thereby may provide as part of the ordinance creating any local improvement district that the collection of any assessment levied therefor may be deferred until a time previous to the dissolution of the district for those economically disadvantaged property owners or other persons who, under the terms of a recorded contract of purchase, recorded mortgage, recorded deed of trust transaction or recorded lease are responsible under penalty of forfeiture, foreclosure or default as between vendor/vendee, mortgagor/mortgagee, grantor and trustee/trustee and grantee, and beneficiary and lender, or lessor and lessee for the payment of local improvement district assessments, and in the manner specified in the ordinance qualify for such deferment, upon assurance of property security for the payment thereof. It is the intent of the legislature that the provisions of this section are procedural and remedial and shall have retroactive effect. [1977 c 72 § 3.]

35.43.270 Sanitary sewer or potable water facilities—Notice to certain property owners. Whenever it is proposed that a local improvement district or utility local improvement district finance sanitary sewers or potable water facilities, additional notice of the public hearing on the proposed improvement district shall be mailed to the owners of any property located outside of the proposed improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. The notice shall include information about this restriction. [1987 c 315 § 1.]

35.43.280 Settlement of Indian claims. (1) The settlement of Indian land and other claims against public and private property owners is declared to be in the interest of public health and safety, orderly government, environmental protection, economic development, and the social well-being of the citizens of this state, and to specifically benefit the properties released from those claims. It is the purpose of this act to encourage the settlement of such Indian land and other claims lawsuits by permitting the establishment and use of local improvement districts to finance all or a portion of the settlement costs of such lawsuits.

(2) A local improvement district may be established by a local government legislative authority to finance all or part of the settlement costs in an Indian land and other claims settlement related to public and private property located within the local government. After delinquency, penalties and interest may be charged as in cases of original assessment and if the original assessment was payable in installments, the new assessment may be divided into equal installments and made payable at such times as the city or town council may prescribe in the ordinance ordering the new assessment. (2) Notifying all persons who may desire to object thereto to appear at a meeting of the city or town council at a time specified in the resolution and present their objections thereto, and

(3) Directing the proper board, officer, or authority to report to the council at or prior to the date fixed for the hearing the amount which should be borne by each lot, tract, or parcel of land or other property so omitted. The resolution shall be published in all respects as provided for publishing the resolutions for an original assessment. [1965 c 7 § 35.44.370. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.380 Assessments on omitted property—Confirmation ordinance—Collection. At the conclusion of the hearing or any adjournment thereof upon proposed assessments on omitted property the council shall consider the matter as though the property were included in the original roll and may confirm the roll or any portion thereof by ordinance. Thereupon the roll of omitted property shall be certified to the treasurer for collection as other assessments. [1965 c 7 § 35.44.380. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]
35.44.390 Supplemental assessments—When authorized. If by reason of any mistake, inadvertence, or other cause, the amount assessed was not equal to the cost and expense of a local improvement or that portion thereof to be paid by assessment of the property benefited the city or town council shall make supplemental assessments on all the property in the district. The property found to be specially benefited shall not be limited to the property included in the original assessment district.

These assessments shall be made in accordance with the provisions of law, charter, and ordinances existing at the time of the levy. [1965 c 7 § 35.44.390. Prior: 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part.]

35.44.400 Supplemental assessments—Limitation of time for. No city or town shall have jurisdiction to proceed with any supplemental assessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time that it was finally determined that the total amount of valid assessments levied and assessed on account of a local improvement was insufficient to pay the whole or that portion of the cost and expense thereof to be paid by special assessment. [1965 c 7 § 35.44.400. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

35.44.410 Segregation of assessments. Whenever any land against which there has been levied any special assessment by any city or town shall have been sold in part or subdivided, the legislative authority of that city or town shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the city or town which levied the assessment. If the legislative authority thereof determines that a segregation should be made, it shall by resolution order the city or town treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the city or town treasurer who shall proceed to make the segregation ordered upon being tendered a fee of ten dollars for each tract of land for which a segregation is to be made. In addition to such charge the legislative authority of the city or town may require as a condition to the order of segregation that the person seeking it pay the city or town the reasonable engineering and clerical costs incident to making the segregation. No segregation need be made if the legislative authority of the city or town shall find that by such segregation the security of the lien for such assessment will be so jeopardized as to reduce the security for any outstanding local improvement district obligations payable from such assessment. [1969 ex.s. c 258 § 10.]

35.44.420 Property donations—Credit against assessments. A city legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a local improvement district. The credit granted is available against any assessment, charge, or other required financial contribution for any transportation purpose that uses the donated property. [1987 c 267 § 9.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.45.050 Call of bonds. Except when bonds have been issued with a fixed maturity schedule or with a fixed maximum annual retirement schedule as authorized in RCW 35.45.020, the city or town treasurer shall call in and pay the principal of one or more bonds of any issue in their numeri-
improvement assessments when due, the owner of the bonds may proceed in his own name to collect the assessment and foreclose the lien thereof in any court of competent jurisdiction and shall recover in addition to the amount of the bond and interest thereon, five percent, together with the cost of suit. Any number of holders of bonds for any single improvement may join as plaintiffs and any number of owners of property upon which the assessments are liens may be joined as defendants in the same suit.

The owners of local improvement bonds issued by a city or town after the creation of a local improvement guaranty fund therein, shall also have recourse against the local improvement guaranty fund of such city or town. 35.45.090 Excess to be refunded—Demand—Right of action. Any funds in the treasury of any municipal corporation belonging to the fund of any local improvement district after the payment of the whole cost and expense of such improvement, in excess of the total sum required to defray all the expenditures by such municipal corporation on account thereof, shall be refunded, on demand, to the payers into such fund. Each such payer shall be entitled to such proportion of such excess as his original assessment bears to the entire original assessment levied for such improvement. Such municipal corporation may, after one year from the date on which the last installment becomes due, transfer any balance remaining on hand to the general fund of such municipal corporation, but shall, notwithstanding such transfer remain liable for the refund herein provided for until such refund shall have been made, unless the actual cost involved in making such refund shall exceed the excess in such fund.

Such demand shall be made in writing to the treasurer of such municipal corporation. No action shall be commenced in any court to obtain any such refund, except upon such demand, and until ninety days after making such demand. No excess shall be recovered in any action where the excess in the fund does not average the sum of one dollar in favor of all payers into such fund.

This section shall not be deemed to require the refunding of any balance left in any local improvement fund after the payment of all outstanding obligations issued against such fund, where such balance accrues from any saving in interest or from penalties collected upon delinquent assessments, but any such balance, whether accruing heretofore or hereafter, may be turned into the general fund or otherwise disposed of, as the legislative authority of the city may direct.

The provisions of this chapter relating to the refund of excess local improvement district funds shall not apply to any district whose obligations are guaranteed by the local improvement guaranty fund. [1965 c 7 § 35.45.090. Prior: 1917 c 140 § 1; 1909 c 108 § 1; RRS § 9351.]

35.45.130 Warrants against local improvement fund authorized. Every city and town may provide by ordinance for the issuance of warrants in payment of the cost and expense of any local improvement, payable out of the local improvement district fund. The warrants shall bear interest at a rate or rates established by the issuing officer under the direction of the legislative authority of the city or town and shall be redeemed either in cash or by local improvement bonds for the same improvement authorized by ordinance.

All warrants against any local improvement fund sold by the city or town or issued to a contractor and by him sold or hypothecated for a valuable consideration shall be claims and liens against the improvement fund against which they are drawn prior and superior to any right, lien, or claim of any surety upon the bond or bonds given to the city or town by or for the contractor to secure the performance of his contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or provisions and supplies for the carrying on of the work. [1981 c 323 § 3; 1970 ex.s. c 56 § 36; 1965 c 7 § 35.45.130. Prior: 1953 c 117 § 1; prior: 1915 c 168 § 3; 1911 c 98 § 72; 1899 c 146 § 7; RRS 9425.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

35.45.140 Warrants acceptable in payment of assessments. Cities and towns may accept warrants drawn against any local improvement fund upon such conditions as they may by ordinance or resolution prescribe, in satisfaction of:

(1) Assessments levied to supply such fund, in due order of priority of right;

(2) Judgments rendered against property owners who have become delinquent in the payment of assessments levied to supply such fund; and

(3) In payment of certificates of purchase in cases where property of delinquents has been sold under execution or at tax sale for failure to pay assessments levied to supply such fund. [1965 c 7 § 35.45.140. Prior: (i) 1899 c 97 § 1; RRS § 9346. (ii) 1899 c 97 § 2; RRS § 9347. (iii) 1899 c 97 § 3; RRS § 9348. (iv) 1899 c 97 § 4; RRS § 9349. (v) 1899 c 97 § 5; RRS § 9350.]

35.45.150 Installment notes—Interest certificates. In addition to the issuance of bonds and warrants in payment of the cost and expense of any local improvement, any city or town may also issue and sell installment notes payable out of the local improvement district fund. Such installment notes may be issued any time after the thirty day period allowed by law for the payment of assessments of any district without penalty or interest, and may bear any denomination or denominations, the aggregate of which shall represent the balance of the cost and expense of the local improvement district which is to be borne by the property owners therein.

Application of local improvement district funds for the reduction of the principal and interest amounts due on any notes herein provided to finance said improvement shall be made not less than once each year beginning with the issue date thereof. Appropriate notification of such application of funds shall be made by the city or town treasurer to the registered payees of said notes, except those notes owned by funds of the issuing municipality. Such notes may be registered as provided in RCW 39.46.030. If more than one local improvement installment note is issued for a single district, said notes shall be numbered consecutively. All notes issued shall bear on the face thereof: (1) The name of
the payee; (2) the number of the local improvement district from whose funds the notes are payable; (3) the date of issue of each note; (4) the date on which the note, or the final installment thereon shall become due; (5) the rate or rates of interest, as provided by the city or town legislative authority, to be paid on the unpaid balance thereof, and; (6) such manual or facsimile signatures and attestations as are required by state statute or city charter to appear on the warrants of each issuing municipality.

The reverse side of each installment note issued pursuant to this section shall bear a tabular payment record which shall indicate at prescribed installment dates, the receipt of any local improvement district funds for the purpose of servicing the debt evidenced by said notes. Such receipts shall first be applied toward the interest due on the unpaid balance of the note, and any additional moneys shall thereafter apply as a reduction of the principal amount thereof. The tabular payment record shall, in addition to the above, show the unpaid principal balance due on each installment note, together with sufficient space opposite each transaction affecting said note for the manual signature of the city's or town's clerk, treasurer or other properly designated receiving officer of the municipality, or of any other registered payee presenting said note for such installment payments.

Whenever there are insufficient funds in a local improvement district to meet any payment of installment interest due on any note herein authorized, a noninterest-bearing defaulted installment interest certificate shall be issued by the city or town treasurer which shall consist of a written statement certifying the amount of such defaulted interest installment; the name of the payee of the note to whom the interest is due and the number of the local improvement district from whose funds the note and interest thereon is payable. Such certificates may be registered as provided in RCW 39.46.030. The certificate herein provided shall bear the manual signature of the city or town treasurer or his authorized agent. The defaulted installment interest certificate so issued shall be redeemed for the face amount thereof with any available funds in the local improvement guaranty fund.

Whenever at the date of maturity of any installment note issued pursuant to this section, there are insufficient funds in a local improvement district, due to delinquencies in the collection of assessments, to pay the final installment of the principal due thereon, the note shall be redeemed with any available funds in the local improvement guaranty fund for the amount of said final installment.

All certificates and notes issued pursuant to this section are to become subject to the same redemption privileges as apply to any local improvement district bonds and warrants now or hereafter may be authorized to be invested in the city's or town's local improvement districts' bonds or warrants and shall be considered legal investments for all national and state banks, savings and loan institutions, and any and all other commercial banking or financial institutions to the same extent that the local improvement district bonds and any coupons issued pursuant to the provisions of this chapter have been and are legal investments for such institutions. Any such local improvement installment notes may be transferred or sold by said city or town upon such terms or conditions and in such manner as the local governing body of said city or town may determine, or may be issued to another fund of the city or town: PROVIDED, HOWEVER, That the same shall not be sold at less than par plus accrued interest.

Notwithstanding the provisions of this section, such notes and certificates may be issued, and such notes may be sold, in accordance with chapter 39.46 RCW. [1983 c 167 § 44. Prior: 1981 c 323 § 4; 1981 c 156 § 2; prior: 1970 ex.s. c 93 § 2; 1970 ex.s. c 56 § 37; 1965 c 7 § 35.45.150; prior: 1961 c 165 § 1.]

Investment of public funds in notes, debentures: RCW 39.60.050.

35.45.155 Installment notes—Refunding. Any city or town having issued one or more installment notes pursuant to RCW 35.45.150 may refund all of such notes or the principal thereof then outstanding payable from any one local improvement district fund by the issuance of local improvement district bonds pursuant to chapter 35.45 RCW and by the payment into the city or town fund or funds holding such notes the then outstanding principal amount of such notes plus the interest thereon accrued to the date of such refunding. The bonds shall be payable from the same local improvement district fund from which such notes were payable; shall be payable no later than the final payment date of the notes being refunded; shall be in the same total principal amount as the outstanding principal amount of the notes being refunded less any sums in the local improvement district fund the city or town applies to the redemption of such notes; and shall be sold at not less than par plus accrued interest to date of delivery. Any interest payable on the bonds in excess of the interest payable on assessment installments payable into the local improvement district fund shall be paid from the general fund of the city or town in accordance with RCW 35.45.065. The principal proceeds and interest accrued to date of delivery of the bonds shall be paid into the local improvement district fund and the notes shall be redeemed on that date. The city or town shall pay all costs and expenses of such refunding from moneys available therefor. [1969 ex.s. c 258 § 12.]

The legislative authority of any city or town may issue and sell bonds to refund outstanding local improvement district or consolidated local improvement district bonds issued after June 7, 1984, on the earliest date such outstanding bonds may be redeemed following the date of issuance of such refunding bonds. Such refunding shall be subject to the following:

1. The refunding shall result in a net interest cost savings after paying the costs and expenses of the refunding, and the principal amount of the refunding bonds may not exceed the principal balance of the assessment roll or rolls pledged to pay the bonds being refunded at the time of the refunding.

2. The refunding bonds shall be paid from the same local improvement fund or bond redemption fund as the bonds being refunded.

3. The costs and expenses of the refunding shall be paid from the proceeds of the refunding bonds, or the same advance such costs and expenses to such fund pending the refunding.

4. The last maturity of the refunding bonds shall be no later than one year after the last maturity of bonds being refunded.

5. The refunding bonds may be exchanged for the bonds being refunded or may be sold in the same manner permitted at the time of sale for local improvement district bonds.

Local Improvements—Procedure for Cancellation of Nonguaranteed Bonds

35.47.030

Purpose—1943 c 244: "WHEREAS, there are many millions of dollars of delinquent and unpaid local improvement district and condemnation award bonds and warrants issued by various cities of the state and not protected by the Local Improvement Guaranty Fund, only a small part of which for the present at least can be paid and many of which will never be paid because of inability of property owners to pay the special assessments levied to provide funds for payment thereof and the depreciated value of the real estate which is the only security provided by present law from which the same are payable, but the city or town upon purchase thereof shall become subrogated to all the rights of the former owners thereof and may proceed to enforcement of said bonds or warrants as any owner thereof might do. The city or town may sell any property acquired by it in such proceedings upon such terms and for such prices as it sees fit, or it may resell any of the bonds or warrants for such prices as it shall fix.

Any excess in any local improvement district fund or condemnation award fund which will average a payment of one dollar to each payer into said fund shall, after payment, retirement, or cancellation of all bonds or warrants payable from said fund, be refunded and paid to the payers into the fund in the proportion that their respective assessments bear to the entire original assessment levied for such improvement, and any unpaid assessments, or portion thereof, shall be reduced in the same proportion. Any proceeds derived from the sale of any bonds or warrants, or from the sale of real estate, shall be placed in the revolving fund. [1965 c 7 § 35.48.030. Prior: 1943 c 244 § 4; Rem. Supp. 1943 § 9351-13.]

35.48.040 Refund to revolving fund. If there are funds in any local improvement district fund or condemnation award fund sufficient to pay or retire any bond or warrant issued and payable from said fund, and the city or town is the owner and holder of the bond or warrant next payable from the fund, the city or town treasurer shall from the moneys in the local improvement or condemnation award fund place in the revolving fund a sum of money equivalent to the amount paid by the city or town for such bond or warrant and shall thereupon cancel, mark paid and remove

(1996 Ed.)
35.48.040 Purchase of warrants on previous funds—Transfer of assets to revolving fund—Disposition. Whenever a city or town has heretofore created a fund for use in purchasing delinquent local improvement or condemnation award bonds or warrants not protected by the local improvement guaranty fund law, and has purchased any such bonds or warrants and issued warrants payable from said fund, which warrants are unpaid because of lack of funds and have remained unpaid for a period of less than thirty-two years from date of issue thereof, the city or town may use any funds available in the revolving fund to purchase said warrants at such price as it may determine, but in no event at more than fifty percent of the face value, without interest.

Commencement of actions: Chapter 4.28 RCW.

35.50.260 Procedure—Trial and judgment—Notice of sale. In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable costs, including the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080. [1983 c 303 § 21; 1982 c 91 § 7; 1971 c 81 § 93; 1965 c 7 § 35.50.260. Prior: 1933 c 9 § 2, part; RRS § 9386-1, part.]

LOCAL IMPROVEMENTS—CLASSIFICATION OF PROPERTY—RESERVE FUNDS

Sections
35.51.010 Definitions.
35.51.020 Joint planning, construction, and operation of improvements.
35.51.030 Alternative or additional method of assessment—Classification of property.
35.51.040 Reserve fund authorized—Use.
35.51.050 Authority supplemental—1985 c 397.
35.51.060 Severability—1985 c 397.

35.51.010 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Local improvement district" means any local improvement district, local utility district, or any other similar special assessment district.

(2) "Municipality" means any city, town, county, metropolitan municipal corporation, or any other municipal corporation or quasi-municipal corporation of the state of Washington authorized to order local improvements, to establish local improvement districts, and to levy special assessments on property specially benefited thereby to pay the expense of the improvements.

(3) "Permissible floor area" means the maximum total floor area, at grade and above and below grade, of a building or other structure that may lawfully be developed on a property.
35.51.010  Title 35 RCW: Cities and Towns

(4) "Private land use restriction" means any restriction on the use of property imposed by agreement and enforceable by a court of law and that the legislative authority of a municipality determines is useful in measuring special benefits to a property from an improvement. Such restrictions include but are not limited to easements, covenants, and equitable servitudes that are not mere personal obligations.

(5) "Public land use restriction" means any restriction on the use of property imposed by federal, state, or local laws, regulations, ordinances, or resolutions. Such restrictions include but are not limited to local zoning ordinances and historic preservation statutes. [1985 c 397 § 5.]

35.51.020 Joint planning, construction, and operation of improvements. A municipality may contract with any other municipality, with a public corporation, or with the state of Washington, for the following purposes:

(1) To have the acquisition or construction of the whole or any part of an improvement performed by another municipality, by a public corporation, or by the state of Washington;

(2) To pay, from assessments on property within a local improvement district or from the proceeds of local improvement district bonds, notes or warrants, the whole or any part of the expense of an improvement ordered, constructed, acquired, or owned by another municipality or a public corporation; or

(3) To integrate the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of one municipality or a public corporation with the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of another municipality or public corporation on such terms and conditions as may be mutually agreed upon including, but not limited to, the allocation of the costs of the improvements and the allocation of planning, financing, construction, management, operation, or other responsibilities. [1987 c 242 § 5; 1985 c 397 § 6.]

Policy—1987 c 242: See note following RCW 35.43.005.

35.51.030 Alternative or additional method of assessment—Classification of property. (1) As an alternative or in addition to other methods of ascertaining assessments for local improvements, the legislative authority of a municipality may develop and apply a system of classification of properties based upon some or all of the public land use restrictions or private land use restrictions to which such property may be put at the time the assessment roll is confirmed.

(2) The legislative authority of a municipality may classify property into office, retail, residential, public, or any other classifications the legislative authority finds reasonable, and may levy special assessments upon different classes of property at different rates, but in no case may a special assessment exceed the special benefit to a particular property. A municipality also may exempt certain classes of property from assessment if the legislative authority of the municipality determines that properties within such classes will not specially benefit from the improvement.

(3) For each property within a classification, the legislative authority of the municipality may determine the special assessment after consideration of any or all of the following:

(a) Square footage of the property;

(b) Permissible floor area;

(c) Distance from or proximity of access to the local improvement;

(d) Private land use restrictions and public land use restrictions;

(e) Existing facilities on the property at the time the assessment roll is confirmed; and

(f) Any other factor the legislative authority finds to be a reasonable measure of the special benefits to the properties being assessed.

(4) If after the assessment roll is confirmed, the legislative authority of a municipality finds that the lawful uses of any assessed property have changed and that the property no longer falls within its original classification, the legislative authority may, in its discretion, reclassify and reassess such property whether or not the bonds issued to pay any part of such costs remain outstanding. If such reassessment reduces the total outstanding assessments within the local improvement district, the legislative authority shall either reassess all other properties upward in an aggregate amount equal to such reduction, or shall pledge additional money, including money in a reserve fund, to the payment of principal of and interest on such bonds in an amount equal to such reduction.

(5) When the legislative authority of a municipality determines that it will use the alternative or additional method of assessment authorized by this section, it may select and describe the method or methods of assessment in the ordinance ordering a local improvement and creating a local improvement district if such method or methods of assessment have been described in the notice of hearing required under RCW 35.43.150. If the method or methods of assessment are so selected and described in the ordinance ordering a local improvement and creating a local improvement district if such method or methods of assessment shall be final and conclusive, and no lawsuit whatsoever may be maintained challenging such method or methods of assessment unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement, and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1985 c 397 § 7.]

35.51.040 Reserve fund authorized—Use. For the purpose of securing the payment of the principal of and interest on an issue of local improvement bonds, notes, warrants, or other short-term obligations, the legislative authority of a municipality may create a reserve fund in an amount not exceeding fifteen percent of the principal amount of the bonds, notes, or warrants issued. The cost of a reserve fund may be included in the cost and expense of any local improvement for assessment against the property in the local improvement district to pay the cost, or any part thereof. The reserve fund may be provided for from the proceeds of the bonds, notes, warrants, or other short-term bonds.
obligations, from special assessment payments, or from any other money legally available therefor. The legislative authority of a municipality shall provide that after payment of administrative costs a sum in proportion to the ratio between the part of the original assessment against a given lot, tract, or parcel of land in a local improvement district assessed to create a reserve fund, if any, and the total original amount of such assessment, plus a proportionate share of any interest accrued in the reserve fund, shall be credited and applied, respectively, to any nondelinquent portion of the principal of that assessment and any nondelinquent installment interest on that assessment paid by a property owner, but in no event may the principal amount of bonds outstanding exceed the principal amount of assessments outstanding. Whether the payment is made during the thirty-day prepayment period referred to in RCW 35.49.010 and 35.49.020 or thereafter and whenever all or part of a remaining nondelinquent assessment or any nondelinquent installment payment of principal and interest is paid, the reserve fund balance shall be reduced accordingly as each such sum is thus credited and applied to a nondelinquent principal payment and a nondelinquent interest payment. Each payment of a nondelinquent assessment or any nondelinquent installment payment of principal and interest shall be reduced by the amount of the credit. The balance of a reserve fund remaining after payment in full and retirement of all local improvement bonds, notes, warrants, or other short-term obligations secured by such fund shall be transferred to the municipality’s guaranty fund.

Where, before July 26, 1987, a municipality established a reserve fund under this section that did not provide for a credit or reimbursement of the money remaining in the reserve fund to the owners of the lots, tracts, or parcels of property subject to the assessments, the balance in the reserve fund shall be distributed, after payment in full and retirement of all local improvement district bonds and other obligations secured by the reserve fund, to those owners of the lots, tracts, or parcels of property subject to the assessments at the time the final installment or assessment payment on the lot, tract, or parcel was made. No owner is eligible to receive reimbursement for a lot, tract, or parcel if a lien on an unpaid assessment, or an installment thereon, that was imposed on such property remains in effect at the time the reimbursement is made or was foreclosed on the property. The amount to be distributed to the owners of each lot, tract, or parcel that is eligible for reimbursement shall be equal to the balance in the reserve fund, multiplied by the assessment imposed on the lot, tract, or parcel, divided by the total of all the assessments on the lots, tracts, or parcels eligible for reimbursement. [1987 c 340 § 1; 1985 c 397 § 8.]

**35.51.900 Authority supplemental—1985 c 397.** The authority granted by *sections 1 through 8 of this act is supplemental in addition to the authority granted by Title 35 RCW and to any other authority granted to cities, towns, or municipal corporations to levy special assessments. 35.54.060 Source—Taxation. For the purpose of maintaining the local improvement guaranty fund, every city and town shall, at the time of making its annual budget and tax levy, provide for the levy of a sum sufficient, with the other sources of the fund, to pay the warrants issued against the fund during the preceding fiscal year and to establish a balance therein: PROVIDED, That the levy in any one year shall not exceed the greater of: (1) Twelve percent of the outstanding obligations guaranteed by the fund, or (2) the total amount of delinquent assessments and interest accumulated on the delinquent assessments before the levy as of September 1.

35.54.080 Use of fund—Purchase of general tax certificates or property on or after foreclosure—Disposition. For the purpose of protecting the guaranty fund, so much of the guaranty fund as is necessary may be used to purchase certificates of delinquency for general taxes on property subject to local improvement assessments which underlie the bonds, coupons, or warrants guaranteed by the fund, or to purchase such property at county tax foreclosures, or from the county after foreclosure.

The city or town, as trustee of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at foreclosure sale; when doing so the court costs, costs of publication, expense for clerical work and other expenses incidental thereto shall be charged to and paid from the local improvement guaranty fund.

After acquiring title to property by purchase at general tax foreclosure sale or from the county after foreclosure, a city or town may lease it or sell it at public or private sale at such price on such terms as may be determined by resolution of the council. All proceeds shall belong to and be paid into the local improvement guaranty fund. [1965 c 7 § 35.54.080. 35.54.090 Warrants against fund. Warrants drawing interest at a rate established by the issuing officer under the direction of the legislative authority of the city or town shall be issued against the local improvement guaranty fund to meet any liability accruing against it. The warrants so issued shall at no time exceed five percent of the outstanding obligations guaranteed by the fund. [1981 c 323 § 8; 1965 c 7 § 35.54.090. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.095 Transfer of assets to general fund—When authorized—Payment of claims as general obligation, when. (1) Any city or town maintaining a local improvement guaranty fund under this chapter, upon certification by the city or town treasurer that the local improvement guaranty fund has sufficient funds currently on hand to meet...
all valid outstanding obligations of the fund and all other obligations of the fund reasonably expected to be incurred in the near future, may by ordinance transfer assets from such fund to its general fund. The net cash of the local improvement guaranty fund may be reduced by such transfer to an amount not less than ten percent of the net outstanding obligations guaranteed by such fund.

(2) If, at any time within five years of any transfer of assets from the local improvement guaranty fund to the general fund of a city or town, the net cash of the local improvement guaranty fund is reduced below the minimum amount specified in subsection (1) of this section, the city or town shall, to the extent of the amount transferred, pay valid claims against the local improvement guaranty fund as a general obligation of the city or town. In addition, such city or town shall pay all reasonable costs of collection necessarily incurred by the holders of valid claims against the local improvement guaranty fund. [1979 c 5 § 1.]

35.54.100 Deferral of collection of assessments for economically disadvantaged persons—Payment from guaranty fund—Lien—Payment dates for deferred obligations. Whenever payment of a local improvement district assessment is deferred pursuant to the provisions of RCW 35.43.250 the amount of the deferred assessment shall be paid out of the local improvement guaranty fund. The local improvement guaranty fund shall have a lien on the benefitted property in an amount equal to the deferral together with interest as provided for by the establishing ordinance.

The lien may accumulate up to an amount not to exceed the sum of two installments: PROVIDED, That the ordinance creating the local improvement district may provide for one or additional deferrals of up to two installments. Local improvement assessment obligations deferred under this 1972 amendatory act shall become payable upon the earliest of the following dates:

1. Upon the date and pursuant to conditions established by the political subdivision granting the deferral; or
2. Upon the sale of property which has a deferred assessment lien upon it from the purchase price; or
3. Upon the death of the person to whom the deferral was granted from the value of his estate; except a surviving spouse shall be allowed to continue the deferral which shall then be payable by that spouse as provided in this section. [1972 ex.s. c 137 § 3.]

Revisor's note: "this 1972 amendatory act" [1972 ex.s. c 137] consists of RCW 35.43.250 and 35.54.100 and the 1972 ex.s. amendments to RCW 35.49.010 and 35.50.050.

Assessments and charges against state lands: Chapter 79.44 RCW.

35.55.010 Authority—Second class cities. If the city council of any city of the second class deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade of any marshlands, swamplands, tidelands, shorelands, or lands commonly known as tideflats, or any other lowlands situated within the limits of the city, and to clear and prepare the lands for such filling, it may do so and assess the expense thereof, including the cost of making compensation for property taken or damaged, and all other costs and expense incidental to such improvement, to the property benefited, except such amount of such expense as the city council may direct to be paid out of the current or general expense fund.

If, in the judgment of the city council the special benefits for any such improvement shall extend beyond the boundaries of the filled area, the council may create an enlarged district which shall include, as near as may be, all the property, whether actually filled or not, which will be specially benefited by such improvement, and in such case the council shall specify and describe the boundaries of such enlarged district in the ordinance providing for such improvement and shall specify that such portion of the total cost and expense of such improvement as may not be borne by the current or general expense fund, shall be distributed and assessed against all the property of such enlarged district. [1994 c 81 § 57; 1965 c 7 § 35.55.010. Prior: 1917 c 63 § 1; 1909 c 147 § 1; RRS § 9432.]

35.55.020 Alternative methods of financing. If the city council desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon the property benefited, compensation therefor shall be made from any general funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of the special assessments shall be as hereinafter provided. [1965 c 7 § 35.55.020. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.

35.55.030 Boundaries—Excepted property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement. If any parcel of
land within the boundaries of such proposed improvement district has been wholly filled to the proposed grade elevation of the proposed fill, such parcel of land may be excluded from the lists of lands to be assessed, when in the opinion of the city council justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.55.030. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

35.55.040 Damages—Eminent domain. If an ordinance has been passed as in this chapter provided, and it appears that in making of the improvement so authorized, private property will be taken or damaged thereby, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation be made for the property to be taken or damaged for the improvement specified in the ordinance be ascertained, and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertaining of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.55.010 shall not be considered as damaging or taking of such lands. The damage if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled, shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall after the passage of such ordinance, proceed with said improvement with due diligence. If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.55.040. Prior: 1909 c 147 § 3; RRS § 9434.]

Eminent domain by cities: Chapter 8.12 RCW.

35.55.050 Estimates—Plans and specifications. At the time of the initiation of the proceedings for any improvement as contemplated by this chapter, or at any time afterward, the city council shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor's fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council. [1965 c 7 § 35.55.050. Prior: 1909 c 147 § 4; RRS § 9435.]

35.55.060 Assessment roll—Items—Assessment units—Installments. When such plans and specifications have been prepared and the estimates of the cost and expense of making the improvement have been adopted by the council and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council shall cause an assessment roll to be prepared containing a list of all of the property within the improvement district which it is proposed to assess for the improvement, together with the names of the owners, if known, and if unknown the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the council, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement, may be assessed against the property within the district subject to assessment, but the council may order any portion of the costs paid out of the current or general expense fund of the city.

The assessments shall be made according to and in proportion to surface area one square foot of surface to be the unit of assessment, except that the several parcels of land in any enlarged district not actually filled shall be assessed in accordance with special benefits: PROVIDED, That where any parcel of land was partially filled by the owner prior to the initiation of the improvement, an equitable deduction for such partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within such assessment district shall be borne by the private property within such district subject to assessment when so ordered by the council. When the assessments are payable in installments, the assessment roll when equalized, shall show the number of installments and the amounts thereof. The assessments may be made payable in any number of equal annual installments not exceeding ten in number. [1965 c 7 § 35.55.060. Prior: 1917 c 63 § 2; 1909 c 147 § 5; RRS § 9436.]

35.55.070 Hearing on assessment roll—Notice—Council's authority. When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his office and that at a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council as board of
equalization may hear, consider and determine objections and protests against any assessment and may make such alterations and modifications in the assessment roll as justice and equity may require. [1965 c 7 § 35.55.070. Prior: 1909 c 147 § 6; RRS § 9437.]

35.55.080 Hearings—Appellate review. Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff and the city as defendant. The cause shall then be set at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court’s decision may be sought as in other causes. [1988 c 202 § 38; 1971 c 81 § 94; 1965 c 7 § 35.55.080. Prior: 1909 c 147 § 7; RRS § 9438.]

35.55.090 Lien—Collection of assessments. From and after the equalization of the roll, the several assessments therein shall become a lien upon the real estate described therein and shall remain a lien until paid. The assessment lien shall take precedence of all other liens against such property, except the lien of general taxes. The assessments shall be collected by the same officers and enforced in the same manner as provided by law for the collection and enforcement of local assessments for street improvements. All of the provisions of laws and ordinances relative to the enforcement and collection of local assessments for street improvements shall be applicable to these assessments. [1965 c 7 § 35.55.090. Prior: 1909 c 147 § 8; RRS § 9439.]

Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.

35.55.100 Interest on assessments. The local assessments shall bear interest at such rate as may be fixed by the council after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 3; 1965 c 7 § 35.55.100. Prior: 1909 c 147 § 12, part; RRS § 9443, part.]

35.55.110 Payment of cost of improvement—Interest on warrants. If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council from date of issuance. If the improvement is ordered to be made upon the bond installment plan, the city council shall provide for the issuance of bonds against the improvement district. [1981 c 156 § 4; 1965 c 7 § 35.55.110. Prior: (i) 1909 c 147 § 12, part; RRS § 9443, part. (ii) 1909 c 147 § 9; RRS § 9440.]

35.55.120 Local improvement bonds—Terms. The city council shall have full authority to provide for the issuance of bonds against the improvement district fund in such denominations as the city council may provide which shall bear such rate of interest as the city council may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding ten years from the date thereof, as may be fixed by the council and shall be payable out of the local assessment district fund.

If so ordered by the council, the bonds may be issued in such a way that different numbers of the bonds may become due and payable at different intervals of time, or they may be so issued that all of the bonds against said district mature together. [1981 c 156 § 5; 1965 c 7 § 35.55.120. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

35.55.130 Local improvement bonds—Guarantees. The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guaranties on the part of the city, other than a city operating under the council-manager form or the commission form, shall be made only by ordinance passed by the vote of not less than nine councilmembers and the approval of the mayor in noncharter code cities that retained the old second class city plan of government with twelve council positions, and six councilmembers and approval of the mayor in cities of the second class. In a city under the council-manager form of government, such guaranties shall be made only in an ordinance passed by a vote of three out of five or five out of seven councilmembers, as the case may be, and approval of the mayor. In a city under the commission form of government, such guaranties shall be made only in an ordinance passed by a vote of two out of three of the commissioners. The mayor’s approval shall not be necessary in commission form cities. [1994 c 81 § 58; 1965 c 7 § 35.55.130. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

35.55.140 Local improvement bonds and warrants—Sale to pay damages, preliminary financing. The city council may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in the eminent domain proceedings including the costs of such proceedings. In lieu of doing, the city council may negotiate current or
that the warrants or bonds may be issued to the contractor at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.55.140. Prior: 1909 c 147 § 11; RRS § 9442.]

35.55.150 Local improvement fund—Investment. If money accumulates in an improvement fund and is likely to lie idle awaiting the maturity of the bonds against the district, the city council, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration to such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.55.150. Prior: 1909 c 147 § 15; RRS § 9446.]

35.55.160 Letting contract for improvement—Excess or deficiency of fund. The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants, or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council may best subserve the public interest.

If, after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council, after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included, except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.55.160. Prior: 1909 c 147 § 13; RRS § 9444.]

35.55.170 Payment of contractor—Bonds, warrants, cash. The city council may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.55.170. Prior: 1909 c 147 § 14; RRS § 9445.]

35.55.180 Reassessments. If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceeding, a reassessment may be made and all laws relative to the reassessment of local assessments, for street or other improvements, shall, as far as practicable, be applicable hereto. [1965 c 7 § 35.55.180. Prior: 1909 c 147 § 16; RRS § 9447.]

35.55.190 Provisions of chapter not exclusive. The provisions of this chapter shall not be construed as repealing or in any wise affecting any existing laws relative to the making of any such improvements, but shall be considered as concurrent therewith. [1965 c 7 § 35.55.190. Prior: 1909 c 147 § 17; RRS § 9448.]

Assessments and charges against state lands: Chapter 79.44 RCW.

35.56.010 Authority—First and second class cities. If the city council or commission of any city of the first or second class in this state deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade or elevation of any marshlands, swamplands, tidelands or lands commonly

(1996 Ed.)
known as tideflats, or any other lands situated within the limits of such city and to clear and prepare said lands for such filling it may do so by proceeding in accordance with the provisions of this chapter.

For the purpose of filling and raising the grade or elevation of such lands and to secure material therefor and to provide for the proper drainage thereof after such fill has been effected, the city council or commission may acquire rights of way (and where necessary or desirable, may vacate, use and appropriate streets and alleys for such purposes) and lay out, build, construct and maintain over and across such lowlands, canals or artificial waterways of at least sufficient width, depth and length to provide and afford the quantity of earth, dirt and material required to complete such fill, and with the earth, dirt and material removed in digging and constructing such canals and waterways, fill and raise the grade or elevation of such marshlands, swamplands, tide­

lands or tideflats; and such canals or waterways shall be constructed of such width and depth (provided that all the earth, dirt and other suitable material removed in constructing the same shall be used to fill the lowlands as herein provided) as will make them available, convenient and suitable to provide water frontage for landings, wharves and other conveniences of navigation and commerce for the use and benefit of the city and the public. If canals or waterways are to be constructed as herein provided, such city may construct and maintain the necessary bridges over and across the same; such canals or waterways shall be forever under the control of such city and shall be and become public thoroughfares and waterways for the use and benefit of commerce, shipping, the city and the public generally.

The expense of making such improvement and in doing, accomplishing and effecting all the work provided for in this chapter including the cost of making compensation for property taken or damaged, and all other cost and expense incidental to such improvement, shall be assessed to the property benefited, except such amount of such expense as the city council or commission, in its discretion, may direct to be paid out of the current or general expense fund. [1994 c 81 § 59; 1965 c 7 § 35.56.010. Prior: 1929 c 63 § 1; 1913 c 16 § 1; RRS § 9449.]

35.56.020 Alternative methods of financing. If the city council or commission desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessment upon the property benefited, compensation therefor shall be made from any general or special funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of such special assessment shall be as hereafter provided. [1965 c 7 § 35.56.020. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

35.56.030 Boundaries—Excepted property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement, and shall provide for the filling of such lowlands and shall outline the general scheme or plan of such fill. If any parcel of land within the boundaries of such proposed improvement district prior to the initiation of the improvement has been wholly filled to the proposed grade or elevation of the proposed fill, such parcel of land may be excluded from the lands to be assessed when in the opinion of the city council or commission justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.56.030. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

35.56.040 Conditions precedent to passage of ordinance—Protests. Upon the introduction of an ordinance providing for such fill, if the city council or commission desires to proceed, it shall fix a time, not less than ten days, in which protests against said fill may be filed in the office of the city clerk. Thereupon it shall be the duty of the clerk of said city to publish in the official newspaper of said city in at least two consecutive issues thereof before the time fixed for the filing of protests, a notice of the time fixed for the filing of protests together with a copy of the proposed ordinance as introduced.

Protests against the proposed fill to be effective must be filed by the owners of more than half of the area of land situated within the proposed filling district exclusive of streets, alleys and public places on or before the date fixed for such filing. If an effective protest is filed the council shall not proceed further unless two-thirds of the members of the city council vote to proceed with the work; if the city is operating under a commission form of government composed of three commissioners, the commission shall not proceed further except by a unanimous affirmative vote of all the members thereof, if the commission is composed of five members, at least four affirmative votes thereof shall be necessary before proceeding.

If no effective protest is filed or if an effective protest is filed and two-thirds of the councilmen vote to proceed with the work or in cases where cities are operating under the commission form of government, the commissioners vote unanimously or four out of five commissioners vote to proceed with the work, the city council or commission shall at such meeting or in a succeeding meeting proceed to pass the proposed ordinance for the work, with such amendments and modifications as to the said city council or commission of said city may seem proper. The local improvement district shall be called "filling district No. . . . ." [1965 c 7 § 35.56.040. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

35.56.050 Damages—Eminent domain. If an ordinance is passed as in this chapter provided, and it appears that in making of the improvements so authorized, private property will be taken or damaged thereby within or without the city, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation be made for the property to be taken or damaged for the improvement specified in the ordinance and conduct proceedings in
eminent domain in accordance with the statutes relating to
cities for the ascertainment of the compensation to be made
for the taking and damaging of property, except insofar as
the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of
the character mentioned in RCW 35.56.010 shall not be
considered as a damaging or taking of such lands. The
damage, if any, done to cultivated lands or growing crops
thereon, or to buildings and other improvements situated
within the district proposed to be filled shall be ascertained
and determined in the manner above provided; but no
damage shall be awarded to any property owner for build­
ings or improvements placed upon lands included within said
district after the publication of the ordinance defining
the boundaries of the proposed improvement district:
Provided, That the city shall, after the passage of such ordinance,
proceed with said improvement with due diligence.

If the improvement is to be made at the expense of the
property benefited, no account shall be taken of benefits by
the jury or court in assessing the amount of compensation to
be made to the owner of any property within such district,
but such compensation shall be assessed without regard to
benefits to the end that said property for which damages may
be so awarded, may be assessed the same as other property
within the district for its just share and proportion of the
expense of making said improvement, and the fact that
compensation has been awarded for the damaging or taking
of any parcel of land shall not preclude the assessment of
such parcel of land for its just proportion of said improve­
ment. [1965 c 7 § 35.56.050. Prior: (i) 1913 c 16 § 3; RRS § 9451. (ii) 1929 c 63 § 4; 1913 c 16 § 21; RRS § 9469.]

35.56.060 Estimates—Plans and specifications. At
the time of the initiation of the proceedings for any improve­
ment as contemplated by this chapter or at any time after­
ward, the city council or commission shall cause plans and
specifications for said improvement to be prepared and shall
cause an estimate to be made of the cost and expense of
making said improvement, including the cost of supervision
and engineering, abstractor's fees, interest and discounts and
all other expenses incidental to said improvement, including
an estimate of the amount of damages for property taken or
damaged, which plans, specifications and estimates shall be
approved by the city council or commission. [1965 c 7 §
35.56.060. Prior: 1913 c 16 § 4; RRS § 9452.]

35.56.070 Assessment roll—Items—Assessment
units—Installments. When such plans and specifications
shall have been prepared and the estimate of the cost and
expense of making the improvement has been adopted by the
council or commission and when an estimate has been made
of the compensation to be paid for property damaged or
taken, either before or after the compensation has been
ascertained in the eminent domain proceedings, the city
council or commission shall cause an assessment roll to be
prepared containing a list of all the property within the
improvement district which it is proposed to assess for the
improvements together with the names of the owners, if
known, and if unknown, the property shall be assessed to an
unknown owner, and opposite each description shall be set
the amount assessed to such description.

When so ordered by the city council or commission, the
entire amount of compensation paid or to be paid for
property damaged or taken, including all of the costs and
expenses incidental to the condemnation proceedings
with the entire cost and expense of making the
improvement may be assessed against the property within the
district subject to assessment, but the city council or com­
mision may order any portion of the costs paid out of the
current or general expense fund of the city. The assessments
shall be made according to and in proportion to surface area,
one square foot of surface to be the unit of assessment:
Provided, That where any parcel of land was wholly or
partially filled by the owner prior to the initiation of the
improvement an equitable deduction for such filling or par­
tial filling may be allowed.

The cost and expense incidental to the filling of the
streets, alleys and public places within said assessment
district shall be borne by the private property within such
district subject to assessment when so ordered by the city
council or commission. When the assessments are payable
in installments, the assessment roll when equalized shall
show the number of installments and the amounts thereof.

The assessment may be made payable in any number of
equal annual installments not exceeding fifteen in number.
[1965 c 7 § 35.56.070. Prior: 1913 c 16 § 5; RRS § 9453.]

35.56.080 Hearing on assessment roll—Notice—
Council's authority. When such assessment roll has been
prepared it shall be filed in the office of the city clerk and
thereupon the city clerk shall give notice by publication in
at least three issues of the official paper that such roll is on
file in his office and on a date mentioned in said notice,
which shall be at least twenty days after the date of the first
publication thereof, the city council or commission will sit
as a board of equalization to equalize said roll and to hear,
consider and determine protests and objections against the
same.

At the time specified in the notice, the city council or
commission shall sit as a board of equalization to equalize
the roll and they may adjourn the sitting from time to time
until the equalization of such roll is completed. The city
council or commission as such board of equalization may
hear, consider and determine objections and protests against
any assessment and make such alterations and modifications
in the assessment roll as justice and equity may require.
[1965 c 7 § 35.56.080. Prior: 1913 c 16 § 6; RRS § 9454.]

35.56.090 Hearing—Appellate review. Any person
who has made objections to the assessment as equalized,
shall have the right to appeal from the equalization as made
by the city council or commission to the superior court of
the county. The appeal shall be made by filing a written
notice of appeal with the city clerk within ten days after the
equalization of the assessments by the council or com­
mision. The notice of appeal shall describe the property
and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the
superior court within ten days from the time of taking the
appeal a copy of the notice of appeal together with a copy

(1996 Ed.)
of the assessment roll and proceedings thereon, certified by
the city clerk and a bond to the city conditioned to pay all
costs that may be awarded against appellant in such sum not
less than two hundred dollars, and with such security as shall
be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in
the name of the person taking the appeal as plaintiff, and the
city as defendant. The cause shall then be at issue and shall
be tried immediately by the court as in the case of equitable
causes; no further pleadings shall be necessary. The
judgment of the court shall be either to confirm, modify or
annul the assessment insofar as the same affects the property
of the appellant. Appellate review of the superior court's
decision may be sought as in other causes. [1988 c 202 §
39; 1971 c 81 § 95; 1965 c 7 § 35.56.090. Prior: 1913 c 16
§ 7; RRS § 9455.]

35.56.100 Lien—Collection of assessments. From
and after the equalization of the roll, the several assessments
therein shall become a lien upon the real estate described
therein and shall remain a lien until paid. The assessment
lien shall take precedence of all other liens against such
property, except the lien of general taxes. The assessments
shall be collected by the same officers and enforced in the
same manner as provided by law for the collection and
enforcement of local assessments for street improvements.
All of the provisions of laws and ordinances relative to the
guaranty, enforcement, and collection of local assessments
for street improvements, including foreclosure in case of
delinquency, shall be applicable to these assessments. [1965
c 7 § 35.56.100. Prior: 1929 c 63 § 2; 1913 c 16 § 8; RRS
§ 9456.]

Assessments for local improvements, collection and foreclosure: Chapters 35.49, 35.50 RCW.

35.56.110 Interest on assessments. The local
assessments shall bear interest at such rate as may be fixed
by the council or commission from and after the expiration
of thirty days after the equalization of the assessment roll
and shall bear such interest after delinquency as may be
provided by general ordinance of the city. [1981 c 156 § 6;
1965 c 7 § 35.56.110. Prior: 1929 c 63 § 3; 1913 c 16 § 12; RRS
§ 9460.]

12. Payment of cost of improvement—Interest on warrants. If the improvement contemplated by
this chapter is ordered to be made upon the immediate
payment plan, the city council or commission shall provide
for the payment thereof by the issuance of local improve­
ment fund warrants against the local improvement district,
which warrants shall be paid only out of the funds derived
from the local assessments in the district and shall bear
interest at a rate determined by the city council or commis­
sion from date of issuance. If the improvement is ordered
to be made upon the bond installation plan, the city council
or commission shall provide for the issuance of bonds
against the improvement district. [1981 c 156 § 7; 1965 c
7 § 35.56.120. Prior: 1913 c 16 § 9; RRS § 9457.]

35.56.130 Local improvement bonds—Terms. The
city council or commission shall have full authority to
provide for the issuance of such bonds against the improve­
dment district fund in such denominations as the city council
or commission may provide, which shall bear such rate of
interest as the city council or commission may fix. Interest
shall be paid annually and the bonds shall become due and
payable at such time, not exceeding fifteen years from the
date thereof, as may be fixed by the said council or commis­
sion and shall be payable out of the assessment district
funds.

If so ordered by the council or commission, the bonds
may be issued in such a way that different numbers of the
bonds may become due and payable at different intervals of
time, or they may be so issued that all of the bonds against
said district mature together. The city may reserve the right
to call or mature any bond on any interest paying date when
sufficient funds are on hand for its redemption; but bonds
shall be called in numerical order. [1981 c 156 § 8; 1965 c
7 § 35.56.130. Prior: 1913 c 16 § 10, part; RRS § 9458, part.]

35.56.140 Local improvement bonds—Guaranties.
The city may guarantee the payment of the whole or any
part of the bonds issued against a local improvement district,
but the guaranties on the part of the city shall be made only
by ordinance passed by the vote of not less than two-thirds
of the councilmen and the approval of the mayor, or three
commissioners in case the governing body consist of three
commissioners, or four where such city is governed by five
commissioners. [1965 c 7 § 35.56.140. Prior: 1913 c 16
§ 10, part; RRS § 9458, part.]

35.56.150 Local improvement bonds and war­
rants—Sale to pay damages—Preliminary financing. The
city council or commission may negotiate sufficient warrants
or bonds against any local improvement district at a price
not less than ninety-five percent of their par value to raise
sufficient money to pay any and all compensation which
may be awarded for property damaged or taken in the
eminent domain proceedings, including the costs of such
proceedings. In lieu of so doing, the city council or com­
mission may negotiate current or general expense fund
warrants at par to raise funds for the payment of such
compensation and expenses in the first instance, but in that
event the current or general expense fund shall be reim­
bursed out of the first moneys collected in any such local
assessment district or realized from the negotiation or sale of
local improvement warrants or bonds. [1965 c 7 §
35.56.150. Prior: 1913 c 16 § 11; RRS § 9459.]

35.56.160 Local improvement fund—Investment.
If money accumulates in an improvement fund and is likely
to lie idle waiting the maturity of the bonds against the
district, the city council or commission, under proper
safeguards, may invest it temporarily, or may borrow it
temporarily, at a reasonable rate of interest, but when so
invested or borrowed, the city shall be responsible and liable
for the restoration to such fund of the money so invested or
borrowed with interest thereon, whenever required for the
35.56.170 Letting contracts for improvement—Excess or deficiency of fund. The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council or commission may best subserve the public interest.

If after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council or commission after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.56.170. Prior: 1913 c 16 § 13; RRS § 9461.]

35.56.180 Payment of contractor—Bonds—Warrants—Cash. The city council or commission may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council or commission may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in the roll as in the judgment of the council or commission may best subserve the public interest.

If after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council or commission after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.56.170. Prior: 1913 c 16 § 13; RRS § 9461.]

35.56.190 Tax levy—General—Purposes—Limit. For the purpose of raising revenues to carry on any project under this chapter including funds for the payment for the lands taken, purchased, acquired or condemned and the expenses incident to the acquiring thereof, or any other cost or expenses incurred by the city under the provisions of this chapter but not including the cost of actually filling the lands for which the local improvement district was created, a city may levy an annual tax of not exceeding seventy-five cents per thousand dollars of assessed valuation of all property within the city. The city council or commission may create a fund into which all moneys so derived from taxation and moneys derived from rents and issues of the lands shall be paid and against which special fund warrants may be drawn or negotiable bonds issued to meet expenditures under this chapter. [1973 1st ex.s. c 195 § 22; 1965 c 7 § 35.56.190. Prior: 1913 c 16 § 19; RRS § 9467.]

Severability—Effective dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35.56.200 Waterways constructed—Requirements. In the filling of any marshland, swampland, tideland or tideflats no canal or waterway shall be constructed in connection therewith less than three hundred feet wide at the top between the shore lines and with sufficient slope to the sides or banks thereof to as nearly as practicable render bulkheadings or other protection against caving or falling in of said sides or banks unnecessary and of sufficient depth to meet all ordinary requirements of navigation and commerce. [1965 c 7 § 35.56.200. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.56.210 Waterways constructed—Control. The canal or waterway shall be and remain under the control of the city and immediately upon its completion the city shall establish outer dock lines lengthwise of said canal or waterway on both sides thereof in such manner and position that not less than two hundred feet of the width thereof shall always remain open between such lines and beyond and between which lines no right shall ever be granted to build wharves or other obstructions except bridges; nor shall any permanent obstruction to the free use of the channel so laid out between said wharf or dock lines excepting bridges, their approaches, piers, abutments and spans, ever be permitted but the same shall be kept open for navigation. [1965 c 7 § 35.56.210. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.56.220 Waterways constructed—Leasing facilities. The city shall have the right to lease the area so created between the said shore lines and the wharf lines so established or any part, parts or parcels thereof during times when the use thereof is not required by the city, for periods not exceeding thirty years, to private individuals or concerns for wharf, warehouse or manufacturing purposes at such annual rate or rental per lineal foot of frontage on the canal or waterway as it may deem reasonable.

The rates of wharfage, and other charges to the public which any lessee may impose shall be reasonable; and the city council or commission may regulate such rates. The lease so granted by the city shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of frontage of the area lying between the shore lines and the dock lines and no individual or concern shall ever hold or occupy by lease, sublease or otherwise more than the said four hundred lineal feet of frontage of such area: PROVIDED, That any individual or concern may acquire by lease or sublease whatever additional number of lineal feet of frontage of such area may in the judgment of the city council or commission be necessary for the use of such individual or concern, upon
petition therefor to the city council or commission signed by not less than five hundred resident freeholders of the city. [1965 c 7 § 35.56.220. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.56.230 Waterway shoreline front—Lessees must lease abutting property. If the city owns the land abutting upon any part of the area between the shore lines and dock lines, no portion of the area which has city owned property abutting upon it shall ever be leased unless an equal frontage of the abutting property immediately adjoining it is leased at the same time for the same period to the same individual or concern. [1965 c 7 § 35.56.230. Prior: 1913 c 16 § 17, part; RRS § 9465, part.]

35.56.240 Waterways constructed—Acquisition of abutting property. While acquiring the rights of way for such canals or waterways or at any time thereafter such city may acquire for its own use and public-use by purchase, gift, condemnation or otherwise, and pay therefor by any lawful means including but not restricted to payment out of the current expense fund of such city or by bonding the city or by pledging revenues to be derived from rents and issues therefrom, lands abutting upon the shore lines or right-of-way of such canals or waterways to a distance, depth or width of not more than three hundred feet back from the banks or shore lines of such canals or waterways on either side or both sides thereof, or not more than three hundred lineal feet back from and abutting on the outer lines of such rights-of-way on either side or both sides of such rights-of-way, and such area of such abutting lands as the council or commission may deem necessary for its use for public docks, bridges, wharves, streets and other conveniences of navigation and commerce and for its own use and benefit generally. [1965 c 7 § 35.56.240. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.56.250 Waterways—Abutting city owned lands—Lease of. If the city is not using the abutting lands so acquired it may lease any parcels thereof as may be deemed necessary for the best interest and convenience of navigation, commerce and the public interest and welfare to private individuals or concerns for terms not exceeding thirty years each at such annual rate or rental as the city council or commission of such city may deem just, proper and fair, for the purpose of erecting wharves for wholesale and retail warehouses and for general commercial purposes and manufacturing sites, but the said city shall never convey or part with title to the abutting lands above mentioned and so acquired nor with the control other than in the manner herein specified. Any lease or leases granted by the city on such abutting lands shall never be transferred or assigned without the consent of the city council or commission having been first obtained.

A city shall never lease to any individual or concern more than four hundred lineal feet of canal or waterway frontage of said land and no individual or concern shall ever hold or occupy by lease, sublease, or otherwise more than the said four hundred lineal feet of said frontage: PROVIDED, That any individual or concern may acquire by lease or sublease whatever additional frontage of such abutting land may be in the judgment of the city council or commission necessary for the use of such individual or concern, upon petition presented to the city council or commission therefor signed by not less than five hundred resident freeholders of such city. [1965 c 7 § 35.56.250. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.56.260 Waterways—Abutting lands—Lessees must lease shoreline property. At the time that the city leases to any individual or concern any of the land abutting on the area between the shore lines and the dock lines the same individual or concern must likewise for the same period of time lease all of the area between the shore line and dock line of such canal or waterway lying contiguous to and immediately in front of the abutting land so leased. [1965 c 7 § 35.56.260. Prior: 1913 c 16 § 18, part; RRS § 9466, part.]

35.56.270 Work by day labor. When a city undertakes any improvement authorized by this chapter and the expenditures required exceed the sum of five hundred dollars, it shall be done by contract and shall be let to the lowest responsible bidder, after due notice, under such regulation as may be prescribed by ordinance: PROVIDED, That the city council or commission may reject all bids presented and readvertise, or, if in the judgment of the city council or commission the work can be performed, or supplies or materials furnished by the city independent of contract, cheaper than under the bid submitted, it may after having so advertised and examined the bids, cause the work to be performed or supplies or materials to be furnished independent of contract. This section shall be construed as a concurrent and cumulative power conferred on cities and shall not be construed as in any wise repealing or affecting any law now in force relating to the performing, execution and construction of public works. [1965 c 7 § 35.56.270. Prior: 1913 c 16 § 20; RRS § 9468.]

35.56.280 Reassessments. If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceeding, a reassessment may be made and all laws then in force relative to the reassessment of local assessments, for street or other improvements, shall, as far as practical, be applicable hereto. [1965 c 7 § 35.56.280. Prior: 1913 c 16 § 16; RRS § 9464.]

Local improvements, assessments and reassessments: Chapter 35.44 RCW.

35.56.290 Provisions of chapter not exclusive. The provisions of this chapter shall not be construed as repealing or in any wise affecting other existing laws relative to the making of any such improvements but shall be considered as concurrent therewith. [1965 c 7 § 35.56.290. Prior: 1929 c 63 § 5; 1913 c 16 § 22; RRS § 9470.]

35.58.010 Declaration of policy and purpose. It is hereby declared to be the public policy of the state of Washington to provide for the people of the populous metropolitan areas in the state the means of obtaining essential services not adequately provided by existing agencies of local government. The growth of urban population and the movement of people into suburban areas has created problems of water pollution abatement, garbage disposal, water supply, transportation, planning, parks and
parkways which extend beyond the boundaries of cities, counties and special districts. For reasons of topography, location and movement of population, and land conditions and development, one or more of these problems cannot be adequately met by the individual cities, counties and districts of many metropolitan areas.

It is the purpose of this chapter to enable cities and counties to act jointly to meet these common problems in order that the proper growth and development of the metropolitan areas of the state may be assured and the health and welfare of the people residing therein may be secured. [1974 ex.s. c 70 § 1; 1965 c 7 § 35.58.010. Prior: 1957 c 213 § 1.]

Any contiguous metropolitan municipal corporations may be consolidated into a single metropolitan municipal corporation upon such terms, for the purpose of performing such metropolitan function or functions, and to be effective at such time as may be approved by resolutions of the re-
spective metropolitan councils. In the event of such consoli-

be the central city of such consolidated metropolitan munici-

35.58.070 Resolution, petition for election—
Requirements, procedure. A metropolitan municipal
corporation may be created by vote of the qualified electors
residing in a metropolitan area in the manner provided in
this chapter. An election to authorize the creation of a
metropolitan municipal corporation may be called pursuant
to resolution or petition in the following manner:

(1) A resolution or concurring resolutions calling for
such an election may be adopted by either:
(a) The city council of a central city; or
(b) The city councils of two or more component cities
other than a central city; or
(c) The board of commissioners of a central county.
A certified copy of such resolution or certified copies of
such concurring resolutions shall be transmitted to the board
of commissioners of the central county.

(2) A petition calling for such an election shall be
signed by at least four percent of the qualified voters
residing within the metropolitan area and shall be filed with
the auditor of the central county.

Any resolution or petition calling for such an election
shall describe the boundaries of the proposed metropolitan
area, name the metropolitan function or functions which the
metropolitan municipal corporation shall be authorized to
perform initially and state that the formation of the metropo-
litan municipal corporation will be conducive to the welfare
and benefit of the persons and property within the metropo-
litan area. After the filing of a first sufficient petition or
resolution with such county auditor or board of county
commissioners respectively, action by such auditor or board
shall be deferred on any subsequent petition or resolution
until after the election has been held pursuant to such first
petition or resolution.

Upon receipt of such a petition, the auditor shall
examine the same and certify to the sufficiency of the
signatures thereon. For the purpose of examining the
signatures on such petition, the auditor shall be permitted
access to the voter registration books of each component
county and each component city. No person may withdraw
his name from a petition after it has been filed with the
auditor. Within thirty days following the receipt of such
petition, the auditor shall transmit the same to the board of
commissioners of the central county, together with his
certificate as to the sufficiency thereof. [1965 c 7 §

35.58.080 Hearings on petition, resolution—
Inclusion, exclusion of territory—Boundaries—Calling
election. Upon receipt of a duly certified petition or a valid
resolution calling for an election on the formation of a
metropolitan municipal corporation, the board of commis-
sioners of the central county shall fix a date for a public
hearing thereon which shall be not more than sixty nor less
than forty days following the receipt of such resolution or
petition. Notice of such hearing shall be published once a
week for at least four consecutive weeks in one or more
newspapers of general circulation within the metropolitan
area. The notice shall contain a description of the bound-
aries of the proposed metropolitan area, shall name the initial
metropolitan function or functions and shall state the time
and place of the hearing and the fact that any changes in the
boundaries of the metropolitan area will be considered at
such time and place. At such hearing or any continuation
thereof, any interested person may appear and be heard on
all matters relating to the effect of the formation of the
proposed municipal metropolitan corporation. The commis-
sioners may make such changes in the boundaries of the
metropolitan area as they shall deem reasonable and proper,
but may not delete any portion of the proposed area which
will create an island of included or excluded lands, may not
delete a portion of any city, and may not delete any portion
of the proposed area which is contributing or may reasonably
be expected to contribute to the pollution of any water
course or body of water in the proposed area when the
petition or resolution names metropolitan water pollution
abatement as a function to be performed by the proposed
metropolitan municipal corporation. If the commissioners
shall determine that any additional territory should be
included in the metropolitan area, a second hearing shall be
held and notice given in the same manner as for the original
hearing. The commissioners may adjourn the hearing on
the formation of a metropolitan municipal corporation from
time to time not exceeding thirty days in all. At the next regular
meeting following the conclusion of such hearing the
commissioners shall adopt a resolution fixing the boundaries
of the proposed metropolitan municipal corporation, declar-
ing that the formation of the proposed metropolitan municip-
ical corporation will be conducive to the welfare and benefit
of the persons and property therein and providing for the
calling of a special election on the formation of the metro-

Such proposition to be effective must be approved by a majority of at least three-fifths of the persons voting on the proposition to levy such tax, with a forty percent validation requirement, in the manner set forth in Article VII, section 2(a) of the Constitution of this state. [1993 c 240 § 3; 1973 1st ex.s. c 195 § 23; 1965 c 7 § 35.58.090. Prior: 1957 c 213 § 9.]

Additional functions—Authorized by election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it has previously been authorized to perform, with the approval of the voters at an election, in the manner provided in this section.

An election to authorize a metropolitan municipal corporation to perform one or more additional metropolitan functions may be called pursuant to a resolution or a petition in the following manner:

(1) A resolution calling for such an election may be adopted by:

(a) The city council of the central city; or
(b) The city councils of at least one-half in number of the component cities other than the central city; or
(c) The board of commissioners of the central county.

Such resolution shall be transmitted to the metropolitan council.

(2) A petition calling for such an election shall be signed by at least four percent of the registered voters residing within the metropolitan area and shall be filed with the auditor of the central county.

Any resolution or petition calling for such an election shall name the additional metropolitan functions which the metropolitan municipal corporation shall be authorized to perform.

Upon receipt of such a petition, the auditor shall examine the signatures thereon and certify to the sufficiency thereof. For the purpose of examining the signatures on such petition, the auditor shall be permitted access to all voter registration books of any component county and of all component cities. No person may withdraw his name from

a petition after it has been filed with the auditor. Within thirty days following the receipt of such petition, the auditor shall transmit the same to the metropolitan council, together with his certificate as to the sufficiency of signatures thereon.

Upon receipt of a valid resolution or duly certified petition calling for an election on the authorization of the performance of one or more additional metropolitan functions, the metropolitan council shall cause to be called a special election to be held not more than one hundred and twenty days nor less than sixty days following such receipt. Such special election shall be conducted and canvassed as provided in this chapter for an election on the question of forming a metropolitan municipal corporation. The ballot proposition shall be in substantially the following form:

"Shall the ...... metropolitan municipal corporation be authorized to perform the additional metropolitan functions of ...... (here insert the title of each of the additional functions to be authorized as set forth in the petition or resolution)?

YES

NO

If a majority of the persons voting on the proposition shall vote in favor thereof, the metropolitan municipal corporation shall be authorized to perform such additional metropolitan function or functions. [1967 c 105 § 2; 1965 c 7 § 35.58.100. Prior: 1957 c 213 § 10.]

35.58.110 Additional functions—Authorized without election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it previously has been authorized to perform, without an election, in the manner provided in this section. A resolution providing for the performance of such additional metropolitan function or functions shall be adopted by the metropolitan council. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county. If, within ninety days after the date of such mailing, a concurrent resolution is adopted by the legislative body of each component county, of each component city of the first class, and of at least two-thirds of all other component cities, and such concurrent resolutions are transmitted to the metropolitan council, such council shall by resolution declare that the metropolitan municipal corporation has been authorized to perform such additional metropolitan function or functions. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county and of each special district which will be affected by the particular additional metropolitan function authorized. [1965 c 7 § 35.58.110. Prior: 1957 c 213 § 11.]

Election required to authorize public transportation function: RCW 35.58.245.

35.58.112 Recommended comprehensive plan for performance of additional function—Study and preparation. The metropolitan council of a metropolitan municipal corporation upon the affirmative vote of two-thirds of the members of such council may make planning, engineering, legal, financial and feasibility studies preliminary to or incident to the preparation of a recommended comprehensive plan for any metropolitan function, and may prepare such a recommended comprehensive plan before the metropolitan municipal corporation has been authorized to perform such function. The studies and plan may cover territory within and without the metropolitan municipal corporation. A recommended comprehensive plan prepared pursuant to this section for any metropolitan function may not be adopted by the metropolitan council unless the metropolitan municipal corporation shall have been authorized to perform such function. [1967 c 105 § 7.]

35.58.114 Recommended comprehensive plan for performance of additional function—Resolution for special election to authorize additional function—Contents—Hearings— Election procedure. Whenever a recommended comprehensive plan for the performance of any additional metropolitan function shall have been prepared and the metropolitan council shall have found the plan to be feasible the council may by resolution call a special election to authorize the performance of such additional function without the filing of the petitions or resolutions provided for in RCW 35.58.100.

If the metropolitan council shall determine that the performance of such function requires enlargement of the metropolitan area, such resolution shall contain a description of the boundaries of the proposed metropolitan area and may be adopted only after a public hearing thereon before the council. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the proposed metropolitan area. The notice shall contain a description of the boundaries of the proposed metropolitan area, shall name the additional function or functions to be performed and shall state the time and place of the hearing and the fact that any changes in the boundaries of the proposed metropolitan area will be considered at such time and place. At such hearing any interested person may appear and be heard. The council may make such changes in the proposed metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the existing metropolitan area and may not delete any portion of the proposed additional area which will create an island of included or excluded lands. If the council shall determine that the proposed additional area should be further enlarged, a second hearing shall be held and notice given in the same manner as for the original hearing. The council may adjourn the hearing or hearings from time to time.

Following the conclusion of such hearing or hearings the council may adopt a resolution fixing the boundaries of the proposed metropolitan area and calling a special election on the performance of such additional function. If the metropolitan municipal corporation is then authorized to perform the function of metropolitan sewage disposal the council may provide in such resolution that local governmental agencies collecting sewage from areas outside the metropolitan area as same is constituted on the date of adoption of such resolution will not thereafter be required to discharge such sewage into the metropolitan sewer system or to secure approval of local construction plans from the metropolitan municipal corporation unless such local agency

(1996 Ed.)
shall first have entered into a contract with the metropolitan municipal corporation for the disposal of such sewage. The metropolitan council may also provide in such resolution that the authorization to perform such additional function be effective only if the voters at such election also authorize the issuance of any general obligation bonds required to carry out the recommended comprehensive plan.

The resolution calling such election shall fix the form of the ballot proposition and the same may vary from that specified in RCW 35.58.100. If the metropolitan council shall find that the issuance of general obligation bonds is necessary to perform such additional function and to carry out such recommended comprehensive plan then the ballot proposition shall set forth the principal amount of such bonds and the maximum maturity thereof and the proposition shall be so worded that the voters may by a single yes or no vote authorize the performance of the designated function in the area described in the resolution and the issuance of such general obligation bonds.

The persons voting at such election shall be all of the qualified voters who have resided within the boundaries of the proposed metropolitan area for at least thirty days preceding the date of the election. The election shall be conducted and canvassed as provided in RCW 35.58.090.

If the resolution calling such election does not require the approval of general obligation bonds as a condition of the performance of such additional function and if a majority of the persons voting on the ballot proposition residing within the existing metropolitan municipal corporation shall vote in favor thereof and a majority of the persons residing within the area proposed to be added to the existing metropolitan municipal corporation shall vote in favor thereof the boundaries described in the resolution calling the election shall become the boundaries of the metropolitan municipal corporation and the metropolitan municipal corporation shall be authorized to perform the additional function described in the proposition.

If the resolution calling such election shall require the authorization of general obligation bonds as a condition of the performance of such additional function, then to be effective the ballot proposition must be approved as provided in the preceding paragraph and must also be approved by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition must constitute not less than forty percent of the total number of votes cast within such area at the last preceding state general election. [1967 c 105 § 9.]

35.58.120 Metropolitan council—Composition. Unless the rights, powers, functions, and obligations of a metropolitan municipal corporation have been assumed by a county as provided in chapter 36.56 RCW, a metropolitan municipal corporation shall be governed by a metropolitan council composed of elected officials of the component counties and component cities, and possibly other persons, as determined by agreement of each of the component counties and the component cities equal in number to at least twenty-five percent of the total number of component cities that have at least seventy-five percent of the combined component city populations. The agreement shall remain in effect until altered in the same manner as the initial composition is determined. [1993 c 240 § 4; 1983 c 92 § 1; 1981 c 190 § 3; 1974 ex.s. c 70 § 5; 1971 ex.s. c 303 § 5; 1969 ex.s. c 135 § 1; 1967 c 105 § 3; 1965 c 7 § 35.58.120. Prior: 1957 c 213 § 12.]

35.58.130 Metropolitan council—Organization, chairman, procedures. At the first meeting of the metropolitan council following the formation of a metropolitan municipal corporation, the mayor of the central city shall serve as temporary chairman. As its first official act the council shall elect a chairman. The chairman shall be a voting member of the council and shall preside at all meetings. In the event of his absence or inability to act the council shall select one of its members to act as chairman pro tempore. A majority of all members of the council shall constitute a quorum for the transaction of business. A smaller number of council members than a quorum may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as the council may provide. The council shall determine its own rules and order of business, shall provide by resolution for the manner and time of holding all regular and special meetings and shall keep a journal of its proceedings which shall be a public record. Every legislative act of the council of a general or permanent nature shall be by resolution. [1965 c 7 § 35.58.130. Prior: 1957 c 213 § 13.]

35.58.140 Metropolitan council—Terms. Each member of a metropolitan council except those selected under the provisions of *RCW 35.58.120(1)(a), (5), (7), and (8), shall hold office at the pleasure of the body which selected him. Each member, who shall hold office ex officio, may not hold office after he ceases to hold the position of elected county executive, mayor, commissioner, or councilman. The chairman shall hold office until the second Tuesday in July of each even-numbered year and may, if reelected, serve more than one term. Each member shall hold office until his successor has been selected as provided in this chapter. [1971 ex.s. c 303 § 6; 1969 ex.s. c 135 § 2;
35.58.150 Metropolitan council—Vacancies. A vacancy in the office of a member of the metropolitan council shall be filled in the same manner as provided for the original selection. The meeting of mayors to fill a vacancy of the member selected under the provisions of *RCW 35.58.120(4) or of special district representatives to fill a vacancy of a member selected under *RCW 35.58.120(7) shall be held at such time and place as shall be designated by the chairman of the metropolitan council after ten days' written notice mailed to the mayors of each of the cities specified in *RCW 35.58.120(4) or to the representatives of the special purpose districts specified in *RCW 35.58.120(7), whichever is applicable. [1984 c 44 § 1; 1967 c 105 § 5; 1965 c 7 § 35.58.150. Prior: 1957 c 213 § 15.]

*Reviser's note: RCW 35.58.120 was amended by 1993 c 240 § 4 which deleted subsections (4) and (7) of that section.

35.58.160 Metropolitan council—Compensation—Waiver of compensation. The chairman and committee chairmen of the metropolitan council except elected public officials serving on a full-time salaried basis may receive such compensation as the other members of the metropolitan council shall provide. Members of the council other than the chairman and committee chairmen shall receive compensation of fifty dollars per day or portion thereof for attendance at metropolitan council or committee meetings, or for performing other services on behalf of the metropolitan municipal corporation, but not exceeding a total of four thousand eight hundred dollars in any year, in addition to any compensation which they may receive as officers of component cities or counties: PROVIDED, That elected public officers serving in such capacities on a full-time basis shall not receive compensation for attendance at metropolitan, council, or committee meetings, or otherwise performing services on behalf of the metropolitan municipal corporation, but not exceeding a total of four thousand eight hundred dollars in any year, in addition to any compensation which they may receive as officers of component cities or counties:

*Reviser's note: RCW 35.58.120 was amended by 1993 c 240 § 4 which deleted subsections (4) and (7) of that section.

35.58.170 Corporation name and seal. The name of a metropolitan municipal corporation shall be established by its metropolitan council. Each metropolitan municipal corporation shall adopt a corporate seal containing the name of the corporation and the date of its formation. [1965 c 7 § 35.58.170. Prior: 1957 c 213 § 17.]

35.58.180 General powers of corporation. In addition to the powers specifically granted by this chapter a metropolitan municipal corporation shall have all powers which are necessary to carry out the purposes of the metropolitan municipal corporation and to perform authorized metropolitan functions. Counties, cities, and special districts are hereby authorized to convey or lease such facilities to metropolitan municipal corporations or to contract for their joint use on such terms as may be fixed by agreement between the legislative body of such county, city, or special district and the metropolitan council, without submitting the matter to the voters of such county, city, or district.

(4) To fix rates and charges for the use of metropolitan water pollution abatement facilities, and to expend the moneys so collected for authorized water pollution abatement activities.

(5) To establish minimum standards for the construction of local water pollution abatement facilities and to approve plans for construction of such facilities by component counties or cities or by special districts, which are connected to the facilities of the metropolitan municipal corporation. No such county, city, or special district shall construct such facilities without first securing such approval.

(6) To acquire by purchase, condemnation, gift, or grant, to lease, construct, add to, improve, replace, repair, maintain, operate and regulate the use of facilities for the local collection of sewage or storm water in portions of the metropolitan area not contained within any city or special district operating local public sewer facilities and, with the consent of the legislative body of any such city or special district, to exercise such powers within such city or special district and for such purpose to have all the powers conferred by law upon such city or special district with respect to such local collection facilities: PROVIDED, That such consent shall not be required if the department of ecology certifies that a water pollution problem exists within any such city or special district and notifies the city or special district to correct such problem and corrective construction of necessary local collection facilities shall not have been commenced within one year after notification. All costs of such local distribution facilities shall be paid for by the area served thereby. [1965 c 7 § 35.58.220. Prior: 1957 c 213 § 22.]

35.58.230 Metropolitan water advisory committee. If a metropolitan municipal corporation shall be authorized to perform the function of metropolitan water supply, the metropolitan council shall, prior to the effective date of the assumption of such function, cause a metropolitan water advisory committee to be formed by notifying the legislative body of each component city which operates a water system to appoint one person to serve on such advisory committee and the board of commissioners of each water district, any portion of which lies within the metropolitan area, to appoint one person to serve on such committee who shall be a water district commissioner. The facilities and properties of a metropolitan public transportation system whose vehicles will operate primarily within the rights of way of public streets, roads, or highways, may be acquired, developed and operated without the corridor and design hearings which are required by RCW 35.58.273 for mass transit facilities operating on a separate right of way.

Where a metropolitan municipal corporation employs a person theretofore employed by a component city, county, or by a special district, the metropolitan municipal corporation shall, during the first year of his employment by the metropolitan corporation, provide for such employee a vacation with pay equivalent to that which he would have been entitled if he had remained in the employment of the city, county, or special district. [1965 c 7 § 35.58.400. Prior: 1957 c 213 § 40.] Preservation of sick leave, vacation, and other benefits upon acquisition of transportation system: RCW 35.58.265.

35.58.410 Budget—Expenditures—Revenue estimates—Requirements for a county assuming the powers of a metropolitan municipal corporation. (1) On or before the third Monday in June of each year, each metropolitan municipal corporation shall adopt a budget for the following calendar year. Such budget shall include a separate section for each authorized metropolitan function. Expenditures shall be segregated as to operation and maintenance expenses and capital and betterment outlays. Administrative and other expense general to the corporation shall be allocated between the authorized metropolitan functions. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The metropolitan council shall not be required to confine capital or betterment expenditures made from bond proceeds or emergency expenditures to items provided in the budget. The affirmative vote of three-fourths of all members of the metropolitan council shall be required to authorize emergency expenditures.

(2) Subsection (1) of this section shall not apply to a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW. This subsection (2) shall apply only to each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW.

Each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall, on or before the third Monday in June of each year, prepare an estimate of all revenues to be collected during the following calendar year, including any surplus funds remaining unexpended from the preceding year for each authorized metropolitan function.

By June 30 of each year, the county shall adopt the rate for sewage disposal that will be charged to component cities and sewer districts during the following budget year.

As long as any general obligation indebtedness remains outstanding that was issued by the metropolitan municipal corporation prior to the assumption by the county, the county shall continue to impose the taxes authorized by RCW 82.14.045 and 35.58.273(5) at the maximum rates and on all of the taxable events authorized by law. If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county of the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and 35.58.273(5) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties in proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan function without the requirement of supplemental income shall receive all surplus funds remaining unexpended from each authorized metropolitan function.

(1996 Ed.) [Title 35 RCW—page 199]

### 35.58.420 Supplemental income payments by component city and county

Each component city shall pay such proportion of the supplemental income of the metropolitan municipal corporation as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the metropolitan area. Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the metropolitan area bears to the total assessed valuation of taxable property within the metropolitan area. In making such determination, the metropolitan council shall use the last available assessed valuations. The metropolitan council shall certify to each component city and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the metropolitan municipal corporation, in equal quarterly installments, the amount of its supplemental income share from whatever sources may be available to it. [1965 c 7 § 35.58.420. Prior: 1957 c 213 § 42.]

The treasurer of each component county shall create a separate fund into which shall be paid all money collected from taxes levied by the metropolitan municipal corporation on property in such county and such money shall be forwarded quarterly by the treasurer of each such county to the treasurer of the central county as directed by the metropolitan council. The treasurer of the central county shall act as the treasurer of the metropolitan municipal corporation and shall establish and maintain such funds as may be authorized by the metropolitan council. Money shall be disbursed from such funds upon warrants drawn by the auditor of the central county as authorized by the metropolitan council. The central county shall be reimbursed by the metropolitan municipal corporation for services rendered by the treasurer and auditor of the central county in connection with the receipt and disbursement of such funds. The expense of all special elections held pursuant to this chapter shall be paid by the metropolitan municipal corporation. [1965 c 7 § 35.58.430. Prior: 1957 c 213 § 43.]

### 35.58.450 General obligation bonds—Issuance, sale, form, term, election, payment

Notwithstanding the limitations of chapter 39.36 RCW and any other statutory limitations otherwise applicable and limiting municipal debt, a metropolitan municipal corporation shall have the power to contract indebtedness and issue general obligation bonds and to pledge the full faith and credit of the corporation to the payment thereof, for any authorized capital purpose of the metropolitan municipal corporation, not to exceed an amount, together with any outstanding nonvoter approved general indebtedness, equal to three-fourths of one percent of the value of the taxable property within the metropolitan municipal corporation, as the term "value of the taxable property" is defined in RCW 39.36.015. A metropolitan municipal corporation may additionally contract indebtedness and issue general obligation bonds, for any authorized capital purpose of a metropolitan municipal corporation, together with any other outstanding general indebtedness, not to exceed an amount equal to five percent of the value of the taxable property within the corporation, as the term "value of the taxable property" is defined in RCW 39.36.015, when a proposition authorizing the indebtedness has been approved by three-fifths of the persons voting on said proposition at said election at which such election the total number of persons voting on such bond proposition shall constitute not less than forty percent of the total number of voters voting in each of the county central counties, or city central counties, as the term "value of the taxable property" is defined in RCW 39.36.015, when a proposition authorizing the indebtedness has been approved by three-fifths of the persons voting on said proposition at said election at which such election the total number of persons voting on such bond proposition shall constitute not less than forty percent of the total number of voters voting in the area of said metropolitan municipal corporation at the last preceding state general election. Such general obligation bonds may be authorized in any total amount in one or more propositions and the amount of such authorization may exceed the amount of bonds which could then lawfully be issued. Such bonds may be issued in one or more series from time to time out of such authorization. The elections shall be held pursuant to RCW 39.36.050.

Whenever the voters of a metropolitan municipal corporation have, pursuant to RCW 84.52.056, approved excess property tax levies to retire such bond issues, both the principal of and interest on such general obligation bonds may be made payable from annual tax levies to be made upon all the taxable property within the metropolitan municipal corporation in excess of the constitutional and/or statutory tax limit. The principal of and interest on any general obligation bond may be made payable from any other taxes or any special assessments which the metropolitan municipal corporation may be authorized to levy or from any otherwise unpledged revenue which may be derived from the ownership or operation of properties or facilities incident to the performance of the authorized function for which such bonds are issued or may be made payable from any combination of the foregoing sources. The metropolitan council may include in the principal amount of such bond issue an amount for engineering, architectural, planning, financial, legal, urban design and other services incident to acquisition or construction solely for authorized capital purposes.

General obligation bonds shall be issued and sold by the metropolitan council as provided in chapter 39.46 RCW and shall mature in not to exceed forty years from the date of issue. (1) A metropolitan municipal corporation may issue revenue bonds to provide funds to carry out its authorized metropolitan water pollution abatement, water supply, garbage disposal or transportation purposes, without submitting the matter to the voters of the metropolitan municipal corporation. The metropolitan council shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the metropolitan council may obligate the metropolitan municipal corporation to pay such amounts of the gross revenue of the particular utility constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the metropolitan council shall determine and may obligate the metropolitan municipal corporation to pay such amounts out of otherwise unpledged revenue which may be derived from the ownership, use or operation of properties or facilities owned, used or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes or other sources of payment lawfully authorized for such purpose, as the metropolitan council shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such utility or any other revenue, fees, tolls, charges, tariffs, fares, special taxes or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the metropolitan municipal corporation.

Each such revenue bond shall state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter shall be negotiable securities within the provisions of the law of this state. Such revenue bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds; shall be in such denominations as the metropolitan council shall deem proper; shall be payable at such time or times and at such places as shall be determined by the metropolitan council; shall bear interest at such rate or rates as shall be determined by the metropolitan council; shall be signed by the chairman and attested by the secretary of the metropolitan council, any of which signatures may be facsimile signatures, and the seal of the metropolitan municipal corporation shall be impressed or imprinted thereon; any attached interest coupons shall be signed by the facsimile signatures of said officials.

The metropolitan council may at the time of the issuance of such revenue bonds make such covenants with the owners of said bonds as it may deem necessary to secure and guarantee the payment of the principal thereof and the interest thereon, including but not being limited to covenants to set aside adequate reserves to secure or guarantee the payment of such principal and interest, to maintain rates sufficient to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the metropolitan council may deem necessary to accomplish the most advantageous sale of such bonds. The metropolitan council may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

The metropolitan council may include in the principal amount of any such revenue bond issue an amount to establish necessary reserves, an amount for working capital and an amount necessary for interest during the period of construction of any such metropolitan facilities plus six months. The metropolitan council may, if it deems it to the best interest of the metropolitan municipal corporation, provide in any contract for the construction or acquisition of any metropolitan facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor shall be made only in such revenue bonds at the par value thereof.

If the metropolitan municipal corporation shall fail to carry out or perform any of its obligations or covenants made in the authorization, issuance and sale of such bonds, the owner of any such bond may bring action against the metropolitan municipal corporation and compel the performance of any or all of such covenants.

(2) The withdrawal of an area shall be authorized upon: (a) Adoption of a resolution by the park district commissioners requesting the withdrawal and finding that, in the opinion of the commissioners, inclusion of this area within the metropolitan park district will result in a reduction of the district’s tax levy rate under the provisions of RCW 84.52.010; and (b) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the withdrawal, if the area is located outside of a city or town. A withdrawal shall be effective at the end of the day on the thirty-first day of December in the year in which the resolutions are adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution.

(3) An area that has been withdrawn from the boundaries of a metropolitan park district under this section may be reannexed into the metropolitan park district upon: (a) Adoption of a resolution by the park district commissioners proposing the reannexation; and (b) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the reannexation, if the area is located outside of a city or town. The reannexation shall be effective at the end of the day on the thirty-first day of December in the year in which the adoption of the second resolution occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution. Referendum action on the proposed reannexation may be taken by the voters of the area proposed to be reannexed if a petition calling for a referendum is filed with the city or town council, or county legislative authority, within a thirty-day period after the adoption of the second resolution, which petition has been signed by registered voters of the area proposed to be reannexed equal in number to ten percent of the total number of the registered voters residing in that area.

If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in RCW 29.13.020 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation. [1987 c 138 § 2.]

Reviser's note: As enacted by 1987 c 138 § 2, this section contained an apparently erroneous reference to RCW 29.13.030, a section repealed in 1965. Pursuant to RCW 1.08.015, this reference has been changed to RCW 29.13.020, a later enactment of the section repealed.

Election—Petition or resolution. The question of whether the name of a city or town shall be changed shall be presented to the voters of the city or town upon either: (1) The adoption of a resolution by the city or town council proposing a specific name change; or (2) the submission of a petition proposing a specific name change that has been signed by voters of the city or town equal in number to at least ten percent of the total number of voters of the city or town who voted at the last municipal general election. However, for any newly incorporated city or town that has not had city officials elected at a normal general municipal election, the election that is used as the base for determining the number of required signatures shall be the election at which the initial elected officials were elected.

The election on changing the name of the city or town shall be held at the next general election occurring sixty or more days after the resolution was adopted, or the resolution [petition] was submitted that has been certified by the county auditor as having sufficient valid signatures. "If a name change is approved, which of the following should be the new name?

Voters may select a name change whether or not they vote in favor of changing the name of the city or town. If a majority of the votes cast on the first proposition favor changing the name, the name that receives at least a majority of the total number of votes cast for an alternative name shall become the new name of the city or town effective thirty days after the certification of the election results.

If no alternative name receives a simple majority vote, then an election shall be held at the next November special election date, at which voters shall be given the option of choosing which of the two alternative names that received the most votes shall become the new name of the city or town. This ballot proposition shall be worded substantially as follows:

"Which of the following names shall become the new name of the city (or town) of (insert name)?

(insert name)
(insert name)
Vote for one."

The name that receives the majority vote shall become the new name of the city or town effective thirty days after the certification of the election results. [1990 c 193 § 3.]

35.63.185 Family day-care provider's home facility—City may not prohibit in residential or commercial

(1996 Ed.)
A city may require that the facility: (1) Comply with all building, fire, safety, health code, and business licensing requirements; (2) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (3) is certified by the office of child care policy licensor as providing a safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider’s home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020. [1995 c 49 § 1; 1994 c 273 § 14.]

### 35.63.220 Treatment of residential structures occupied by persons with handicaps

The rates charged must be uniform for the same class of customers or service.

In classifying customers served or service furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: (1) The difference in cost of service to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the different character of the service furnished various customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) the achievement of water conservation goals and the discouragement of wasteful water use practices; (7) capital contributions made to the system, including but not limited to, assessments; (8) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (9) any other matters which present a reasonable difference as a ground for distinction. Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding. 35.67.215 Sewerage lien—Extension of coverage. Any city or town may, by resolution or ordinance, provide that the sewerage lien shall be effective for a total not to exceed one year's delinquent service charges without the necessity of any writing or recording of the lien with the county auditor, in lieu of the provisions provided for in RCW 35.67.210. [1991 c 36 § 3.]

35.67.220 Sewerage lien foreclosure—Parts—Tracts. The city or town may foreclose its sewerage lien in an action in the superior court. All or any of the tracts subject to the lien may be proceeded against in the same action, and all parties appearing of record as owning or claiming to own, having or claiming to have any interest in or lien upon the tracts involved in the action shall be impleaded in the action as parties defendant. [1965 c 7 § 35.67.220. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

35.67.230 Sewerage lien foreclosure—Limitation on time of commencement. An action to foreclose a sewerage lien pursuant to a lien notice filed as required by law must be commenced within two years from the date of the filing thereof.

An action to foreclose a six months' lien may be commenced at any time after six months subsequent to the furnishing of the sewerage service for which payment has not been made. [1965 c 7 § 35.67.230. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

35.67.240 Sewerage lien foreclosure—Procedure. The service of summons, and all other proceedings except as herein otherwise prescribed including appeal, order of sale, sale, redemption, and issuance of deed, shall be governed by the statutes now or hereafter in force relating to the foreclosure of mortgages on real property. The terms "judgment debtor" or "successor in interest" in the statutes governing redemption when applied herein shall include an owner or a vendee. [1965 c 7 § 35.67.240. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

35.67.250 Sewerage lien foreclosure—Trial. A sewerage lien foreclosure action shall be tried before the court without a jury. The court may allow in addition to interest on the service charges at a rate not exceeding eight percent per year from date of delinquency, costs and disbursements as provided by statute and such attorneys' fees as the court may adjudge reasonable.

If the owners and parties interested in any particular tract default, the court may enter judgment of foreclosure and sale as to such parties and tracts and the action may proceed as to the remaining defendants and tracts. The judgment shall specify separately the amount of the sewerage charges, with interest, penalty and costs chargeable to each tract. The judgment shall have the effect of a separate judgment as to each tract described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the tracts therein described sold at one general sale, and an order of sale shall issue pursuant thereto for the enforcement of the judgment. Judgment may be entered as to any one or more separate tracts involved in the action, and the court shall retain jurisdiction of other properties. [1965 c 7 § 35.67.250. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

35.67.260 Sewerage lien foreclosure—Redemption. All sales shall be subject to the right of redemption within one year from date of sale. [1965 c 7 § 35.67.260. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

35.67.270 Sewerage sale acquired property—Disposition. At any time after deed is issued to it pursuant to lien, a city or town may lease or sell or convey any property at public or private sale for such price and on such terms as may be determined by resolution of the city or town legislative body, any provision of law, charter or ordinance to the contrary notwithstanding. [1965 c 7 § 35.67.270. Prior: 1941 c 193 § 8; Rem. Supp. 1941 § 9354-11.]
35.67.280  Sewerage sale acquired property—Payment of delinquent taxes. After the entry of judgment of foreclosure against any tract, the city or town may pay delinquent general taxes or purchase certificates of delinquency for general taxes on the tract or purchase the tract at county tax foreclosure or from the county after foreclosure.

After entry of judgment of foreclosure against any premises the city or town may pay local or special assessments which are delinquent or are about to become delinquent and if the tract has been foreclosed upon for local or special assessments and the time for redemption has not expired, it may redeem it.

No moneys shall be expended for the purposes enumerated in this section except upon enactment by the city or town legislative body of a resolution determining the desirability or necessity of making the expenditure. [1965 c 7 § 35.67.280. Prior: 1941 c 193 § 9; Rem. Supp. 1941 § 9354-12.]

35.67.290  Sewerage lien—Enforcement—Alternative method. As an additional and concurrent method of enforcing the lien authorized in this chapter any city or town operating its own municipal water system may provide by ordinance for the enforcement of the lien by cutting off the water service from the premises to which such sewer service was furnished after the charges become delinquent and unpaid, until the charges are paid.

The right to enforce the lien by cutting off and refusing water service shall not be exercised after two years from the date of the recording of sewerage lien notice except to enforce payment of six months' charges for which no lien notice is required to be recorded. [1965 c 7 § 35.67.290. Prior: 1941 c 193 § 10; Rem. Supp. 1941 § 9354-13.]

35.67.300  Sewer districts and municipalities—Joint agreements. Any city, town, or organized and established sewer district owning or operating its own sewer system, whenever topographic conditions shall make it feasible and whenever such existing sewer system shall be adequate therefor in view of the sewerage and drainage requirements of the property in such city, town, or sewer district, served or to be served by such system, may contract with any other city, town, or organized and established sewer district for the discharge into its sewer system of sewage from all or any part or parts of such other city, town, or sewer district upon such terms and conditions and for such periods of time as may be deemed reasonable.

Any city, town, or organized and established sewer district may contract with any other city, town, or organized and established sewer district for the construction and/or operation of any sewer or sewage disposal facilities for the joint use and benefit of the contracting parties upon such terms and conditions and for such period of time as the governing bodies of the contracting parties may determine. Any such contract may provide that the responsibility for the management of the construction and/or maintenance and operation of any sewer disposal facilities or part thereof covered by such contract shall be vested solely in one of the contracting parties, with the other party or parties thereto paying to the managing party such portion of the expenses thereof as shall be agreed upon. [1965 c 7 § 35.67.300. Prior: 1947 c 212 § 3; 1941 c 193 § 11; Rem. Supp. 1947 § 9354-14.]

35.67.310  Sewers—Outside city connections. Every city or town may permit connections with any of its sewers, either directly or indirectly, from property beyond its limits, upon such terms, conditions and payments as may be prescribed by ordinance, which may be required by the city or town to be evidenced by a written agreement between the city or town and the owner of the property to be served by the connecting sewer.

If any such agreement is made and filed with the county auditor of the county in which said property is located, it shall constitute a covenant running with the land and the agreements and covenants therein shall be binding on the owner and all persons subsequently acquiring any right, title or interest in or to said property.

If the terms and conditions of the ordinance or of the agreement are not kept and performed, or the payments made, as required, the city or town may disconnect the sewer and for that purpose may at any time enter upon any public street or road or upon said property. [1965 c 7 § 35.67.310. Prior: 1941 c 75 § 1; Rem. Supp. 1941 § 9354-19.]

35.67.331  Water, sewerage, garbage systems—Combined facilities. A city or town may by ordinance provide that its water system, sewerage system, and garbage and refuse collection and disposal system may be acquired, constructed, maintained and operated jointly, either by combining any two of such systems or all three. All powers granted to cities and towns to acquire, construct, maintain and operate such systems may be exercised in the joint acquisition, construction, maintenance and operation of such combined systems: PROVIDED, That if a general indebtedness is to be incurred to pay a part or all of the cost of construction, maintenance, or operation of such a combined system, no such indebtedness shall be incurred without such indebtedness first being authorized by a vote of the people at a special or general election conducted in the manner prescribed by law: PROVIDED FURTHER, That nothing in *this amendatory act shall be construed to supersede charter provisions to the contrary. [1969 ex.s. c 51 § 1.]

35.67.340  Statutes governing combined facility. The operation by a city or town of a combined facility as provided for in RCW 35.67.331 shall be governed by the statutes relating to the establishment and maintenance of a city or town water system if the water system is one of the systems included in the combined acquisition, construction, or operation; otherwise the combined system shall be governed by the statutes relating to the establishment and maintenance of a city or town sewerage system. [1969 ex.s. c 51 § 2; 1965 c 7 § 35.67.340. Prior: 1941 c 193 § 12, part; Rem. Supp. 1941 § 9354-15, part.]

35.67.350  Penalty for sewer connection without permission. It is unlawful and a misdemeanor to make or cause to be made or to maintain any sewer connection with
any sewer of any city or town, or with any sewer which is connected directly or indirectly with any sewer of any city or town without having permission from the city or town. [1965 c 7 § 35.67.350. Prior: 1949 c 100 § 1; Rem. Supp. 1949 § 9354-20.]

35.68.010 Authority conferred. Any city or town, hereinafter referred to as city, is authorized to construct, reconstruct, and repair sidewalks, gutters and curbs along and driveways across sidewalks, which work is hereafter referred to as the improvement, and to pay the costs thereof from any available funds, or to require the abutting property owner to construct the improvement at the owner's own cost or expense, or, subject to the limitations in RCW 35.69.020 (2) and (3), to assess all or any portion of the costs thereof against the abutting property owner. [1996 c 19 § 1; 1965 c 7 § 35.68.010. Prior: 1949 c 177 § 1; Rem. Supp. 1949 § 9332a.]

35.68.020 Resolution—Contents. No such improvement shall be undertaken or required except pursuant to a resolution of the council or commission of the city or town, hereinafter referred to as the city council. The resolution shall state whether the cost of the improvement shall be borne by the city or whether all or a specified portion shall be borne by the city or whether all or a specified portion shall be borne by the abutting property owner; or whether the abutting owner is required to construct the improvement at his own cost and expense. If the abutting owner is required to construct the improvement the resolution shall specify the time within which the construction shall be commenced and completed; and further that if the improvement or construction is not undertaken and completed within the time specified that the city will perform or complete the improvement and assess the cost against the abutting owner. [1965 c 7 § 35.68.020. Prior: 1949 c 177 § 2; Rem. Supp. 1949 § 9332b.]

35.68.030 Resolution—Publication—Notice—Hearing. If all or any portion of the cost is to be assessed against the abutting property owner, or if the abutting property owner is required to construct the improvement, the resolution shall fix a time from and after its passage, and a place, for hearing on the resolution. The resolution shall be published for two consecutive weeks before the time of hearing in the official newspaper or regularly published official publication of the city or town and a notice of the date of the hearing shall be given each owner or reputed owner of the abutting property by mailing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer, at the address shown thereon a notice of the date of hearing, the mailing to be at least ten days before the date fixed for the hearing. If the publication and mailing is made as herein required, proof thereof by affidavit shall be filed with the city clerk, comptroller or auditor of the city before the hearing. The hearing may be postponed from time to time to a definite date until the hearing is held. At the time of hearing the council shall hear persons who appear for or against the improvement, and determine whether it will or will not proceed with the improvement and whether it will make any changes in the original plan, and what the changes shall be. This action may be taken by motion adopted in the usual manner. [1985 c 469 § 37; 1965 c 7 § 35.68.030. Prior: 1949 c 177 § 3; Rem. Supp. 1949 § 9332c.]

35.68.040 "Sidewalk construction fund." When all or any portion of the cost is to be assessed against the abutting property owner, the city council may create a "sidewalk construction fund No. . . . " to be numbered differently for each improvement; and with warrants drawn on this fund the cost of the respective improvements may be paid. The city may advance as a loan to the sidewalk construction fund from any available funds the amounts necessary to pay any costs of the improvement. When any assessments are made for the improvement, payments therefor shall be paid into the particular sidewalk improvement fund; and whenever any funds are available over the amounts necessary to pay outstanding warrants any advances or loans made to the fund shall be repaid. Whenever warrants are drawn on any such fund which are not paid for want of sufficient funds, they shall be so stamped and shall bear interest until called and paid at a rate established by the city council by resolution. [1965 c 7 § 35.68.040. Prior: 1949 c 177 § 4; Rem. Supp. 1949 § 9332d.]

35.68.050 Assessment roll—Hearing—Notice—Confirmation—Appeal. Where all or any portion of the costs are to be assessed against the abutting property, an assessment roll shall be prepared by the proper city official or by the city council which shall to the extent necessary be based on benefits and which shall describe the property assessed, the name of the owner, if known, otherwise stating that the owner is unknown and fixing the amount of the assessment. The assessment roll shall be filed with the city clerk, and when so filed the council shall by resolution fix a date for hearing thereon and direct the clerk to give notice of the hearing and the time and place thereof. The notice of hearing shall be mailed to the person whose name appears on the county treasurer's tax roll as the owner or reputed owner of the property, at the address shown thereon, and shall be published before the date fixed for the hearing for two consecutive weeks in the official newspaper or regular official publication of the city. The notice shall be mailed and first publication made at least ten days before the
35.68.060  Method of payment of assessments. The city council shall by resolution provide whether the full amount of the assessment shall be paid in one payment or whether it may be paid in installments and shall prescribe the time and amount of such payments; and if more than one payment is provided for, the city council may by resolution provide for interest on unpaid installments and fix the rate thereof. [1965 c 7 § 35.68.060. Prior: 1949 c 177 § 6; Rem. Supp. 1949 § 9332f.]

35.68.070  Collection of assessments. The assessment roll as affirmed or modified by the city council shall be filed with the city treasurer for collection, and the amount thereof including interest, if any, shall become a lien against the property described therein from the date of such filing. Whenever any payment on any assessment or installment is delinquent and unpaid for a period of thirty days or more the lien may be foreclosed in the same manner and with the same effect as is provided by chapters 35.43 to 35.54 RCW, inclusive, as now or hereafter amended. Whenever the deed is issued after the sale therein provided, the regularity, validity and correctness of the proceedings relating to such improvement and the assessment therefor shall be final and conclusive and no action shall thereafter be brought by or in behalf of any person to set aside said deed. [1965 c 7 § 35.68.070. Prior: 1949 c 177 § 7; Rem. Supp. 1949 § 9332g.]

35.68.075  Curb ramps for physically handicapped—Required—Standards and requirements. (1) The standard for construction on any county road, or city or town street, for which curbs in combination with sidewalks, paths, or other pedestrian access ways are to be constructed, shall be not less than two ramps per lineal block on or near the crosswalks at intersections. Such ramps shall be at least thirty-six inches wide and so constructed as to allow reasonable access to the crosswalk for physically handicapped persons, without uniquely endangering blind persons.

(2) Standards set for curb ramping under subsection (1) of this section shall not apply to any curb existing upon enactment of this section but shall apply to all new curb construction and to all replacement curbs constructed at any point in a block which gives reasonable access to a crosswalk.

(3) Upon September 21, 1977, every ramp thereafter constructed under subsection (1) of this section, which serves one end of a crosswalk, shall be matched by another ramp at the other end of the crosswalk. However, no ramp shall be required at the other end of the crosswalk if there is no curb nor sidewalk at the other end of the crosswalk. Nor shall any matching ramp constructed pursuant to this subsection require a subsequent matching ramp. [1989 c 173 § 1; 1977 ex.s.c 137 § 1; 1973 c 83 § 1.]

35.68.076  Curb ramps for physically handicapped—Model standards. The department of general administration shall, pursuant to chapter 34.05 RCW, the Administrative Procedure Act, adopt several suggested model design, construction, or location standards to aid counties, cities, and towns in constructing curb ramps to allow reasonable access to the crosswalk for physically handicapped persons without uniquely endangering blind persons. The department of general administration shall consult with handicapped persons, blind persons, counties, cities, and the state building code council in adopting the suggested standards. [1989 c 175 § 84; 1977 ex.s. c 137 § 2.]

Effective date—1989 c 175: See note following RCW 34.05.010.

35.68.080  Construction of chapter. This chapter is supplemental and additional to any and all other laws relating to construction, reconstruction, and repair of sidewalks, gutters, and curbs along driveways across sidewalks in cities and towns. 35.69.020 Resolution of necessity—Liability of abutting property—Reconstruction. (1) Whenever a portion, not longer than one block in length, of any street in any city is not improved by the construction of a sidewalk thereon, or the sidewalk thereon has become unfit or unsafe for purposes of public travel, and such street adjacent to both
ends of said portion is so improved and in good repair, and the city council of such city by resolution finds that the improvement of such portion of such street by the construction or reconstruction of a sidewalk thereon is necessary for the public safety and convenience, the duty, burden, and expense of constructing or reconstructing such sidewalk shall devolve upon the property directly abutting upon such portion except as provided in subsections (2) and (3) of this section.

(2) An abutting property shall not be charged with any costs of construction or reconstruction under this chapter, or under chapter 35.68 or 35.70 RCW, in excess of fifty percent of the valuation of such abutting property, exclusive of improvements thereon, according to the valuation last placed upon it for purposes of general taxation.

(3) An abutting property shall not be charged with any costs of reconstruction under this chapter, or under chapter 35.68 or 35.70 RCW, if the reconstruction is required to correct deterioration of or damage to the sidewalk that is the direct result of actions by the city or its agents or to correct deterioration of or damage to the sidewalk that is the direct result of the failure of the city to enforce its ordinances. [1996 c 19 § 3; 1965 c 7 § 35.69.020. Prior: 1927 c 203 § 2; RRS § 9332-2.]

The notice shall specify a reasonable time within which such construction or reconstruction shall be made, and shall state that in case the owner fails to make the same within such time, the city will proceed to make it through the officer or department thereof charged with the inspection of sidewalks and that such officer or department will report to the city council, at a subsequent date, to be definitely stated in the notice, an assessment roll showing the lot or parcel of land directly abutting on that portion of the street so improved, the cost of the work, and the name of the owner, if known. Nothing in this chapter shall be construed to limit or repeal any existing powers of cities with reference to the construction or reconstruction of sidewalks or the improvement or maintenance of streets, but the power and authority herein granted is to be exercised concurrent with or in extension of powers and authority now existing. The legislative authority of any city before exercising the powers and authority herein granted shall, by proper ordinance, provide for the application and enforcement of the same within the limitations herein specified. 35.71.010 Definitions. As used in this chapter, the following terms shall have the meaning herein given to each of them:

"City" means any city or town.
"Chief executive" means the mayor in a mayor-council or commission city and city manager in a council-manager city.
"Corporate authority" means the legislative body of any city.
"Project" means a pedestrian mall project.
"Right of way" means that area of land dedicated for public use or secured by the public for purposes of ingress and egress to abutting property and other public purposes.
"Mall" means an area of land, part of which may be surfaced, landscaped, and used entirely for pedestrian movements, except with respect to governmental functions, utilities, and loading and unloading of goods.
"Mall organization" means a group of property owners, lessors, or lessees in an area that has been organized to consider the establishment, maintenance, and operation of a mall in a given area and persons owning or having any legal or equitable interest in the real property affected by the establishment of the mall. [1965 c 7 § 35.71.010. Prior: 1961 c 111 § 1.]

35.71.020 Establishment declared public purpose—Authority to establish—General powers. The establishment of pedestrian malls is declared to be for a public purpose. Any corporate authority, by ordinance, may establish and regulate any street right of way as a mall, may prohibit, in whole or in part, vehicular traffic on a mall, and may provide for the acquisition of any interest in the right of way necessary to its establishment, and may provide for the determination of legal damages, if any, to abutting property. [1965 c 7 § 35.71.020. Prior: 1961 c 111 § 2.]

35.71.030 Resolution of intention—Traffic limitation—Property owner's right of ingress and egress. When the corporate authority determines that the public interest, safety, and convenience is best served by the establishment of a mall and that vehicular traffic will not be unduly inconvenienced thereby, it may adopt a resolution declaring its intention to do so, and announcing the intended extent of traffic limitation. Any corporate authority is authorized to limit the utilization of any right of way, except for utilities and governmental functions, provided adequate alternative routes for vehicular movement, and the loading and unloading of goods are established or are available. The abutting property owner's right of ingress and egress shall be considered to have been satisfied whenever the corporate authority has planned and constructed, or there is available, an alternate route, alleyway, and service driveway. [1965 c 7 § 35.71.030. Prior: 1961 c 111 § 3.]

35.71.040 Plan—Alternate vehicle routes—Off-street parking—Hearing, notice. Before a mall is established, a plan shall be formulated consistent with the city's comprehensive plan, including at least the area of the right of way between two intersecting streets and showing alternate routes outside the mall area upon which any vehicles excluded from using the mall may be accommodated; it may include a provision for on and off-street parking. After the plans have been prepared, the corporate authority shall hold a public hearing thereon, giving notice of time and place at least two weeks in advance of the hearing in a newspaper of general circulation in the city and as required by chapter 42.32 RCW. [1965 c 7 § 35.71.040. Prior: 1961 c 111 § 4.]

35.71.050 Real estate appraisers—Report. The corporate authority is authorized to engage duly qualified real estate appraisers, for the purpose of determining the value, or legal damages, if any, to any person, owning or having any legal or equitable interest in any real property who contends that he would suffer damage if a projected mall were established; in connection therewith the city shall take into account any increment in value that may result from the establishment of the mall. The appraisers shall submit their findings in writing to the chief executive of the city. [1965 c 7 § 35.71.050. Prior: 1961 c 111 § 5.]

35.71.060 Financing methods. The corporate authority may finance the establishment of a mall, including, but not limited to, right of way improvements, traffic control devices, and off-street parking facilities in the vicinity of the mall, by one or more of the following methods or by a combination of any two or more of them:

(1) By creating local improvement districts under the laws applicable thereto in Title 35 RCW.
(2) By issuing revenue bonds pursuant to chapter 35.41 RCW, *RCW 35.24.305, chapter 35.92 RCW, RCW 35.81.100, and by such other statutes that may authorize such bonds.
(3) By issuing general obligation bonds pursuant to chapter 39.52 RCW, RCW 35.81.115, and by such other statutes and applicable provisions of the state Constitution that may authorize such bonds.

(4) By use of gifts and donations.

(5) General fund and other available moneys: PROVIDED, That if any general fund moneys are expended for a mall, provision may be made for repayment thereof to the general fund from money received from the financing of the mall.

The corporate authority may include within the cost of any mall project the expense of moving utilities, or any facility located within a right of way. [1965 c 7 § 35.71.060. Prior: 1961 c 111 § 6.]

*Reviser's note: RCW 35.24.305 was recodified as RCW 35.23.454 pursuant to 1994 c 81 § 90.

35.71.070 Waivers and quitclaim deeds—Rights in right of way. The corporate authority may formulate, solicit, finance and acquire, purchase, or negotiate the acquisition of waivers and the execution of quitclaim deeds by persons owning or having any legal or equitable interest in the real property affected by the establishment of a mall, conveying the necessary rights to the city to prohibit through vehicular traffic and otherwise limit vehicular access to, and from, such right of way: PROVIDED, That the execution of such waivers and quitclaim deeds shall not operate to extinguish the rights of the abutting owner, lessor, or lessee in the right of way, not included in such waiver or quitclaim deed. [1965 c 7 § 35.71.070. Prior: 1961 c 111 § 7.]

35.71.080 Vacating, replatting right of way for mall purposes. The corporate authority, as an alternate to the preceding methods, may find that the right of way no longer is needed as a right of way. When persons owning or having any legal or equitable interest in the real property affected by a proposed mall, present a petition to the corporate authority for vacating the right of way pursuant to chapter 35.79 RCW, or the corporate authority initiates by resolution such a vacation proceeding, a right of way may be vacated and replatted for mall purposes, and closed to vehicular traffic except as provided in RCW 35.71.030, consistent with the subdivision standards allowed by Title 58 RCW, and chapter 35.63 RCW. [1965 c 7 § 35.71.080. Prior: 1961 c 111 § 8.]

35.71.090 "Mall organization"—Powers in general—Directors—Officers. The corporate authority may cause an organization of persons to be known as a "Mall organization" interested in creating a mall in a given area to be formed to provide for consultative assistance to the city with respect to the establishment and administration of a mall. This organization may elect a board of directors of not less than three nor more than twelve members. The board shall elect a president, a vice president, and a secretary from its membership. [1965 c 7 § 35.71.090. Prior: 1961 c 111 § 9.]

35.71.100 Special assessment. After the establishment of the mall, the corporate authority may levy a special assessment on the real property within the area specially benefited by the improvement. Such special levy, if any, shall be for operation and maintenance of the mall and appurtenances thereto, which may not exceed one percent of the aggregate actual valuation of the real property (including twenty-five percent of the actual valuation of the improvements thereon) according to the valuation last placed upon it for purposes of general taxation: PROVIDED, That if a mall organization board of directors exists as authorized by RCW 35.71.090, the corporate authority may entertain a recommendation from this organization with respect to such a levy by the corporate authority. [1965 c 7 § 35.71.100. Prior: 1961 c 111 § 10.]

35.71.110 Claims for damages. Following the public hearing on the ordinance to establish a mall any person owning or having any legal or equitable interest in property which might be affected by reason of the establishment of the proposed mall or the board of directors of a mall organization shall, within twenty days of such hearing, file with the city clerk a statement describing the real property as to which the claim is made, the nature of the claimant's interest therein, the nature of the alleged damage thereto and the amount of damages claimed. After the receipt thereof, the corporate authority may negotiate with the affected parties concerning them or deny them. [1965 c 7 § 35.71.110. Prior: 1961 c 111 § 11.]

35.71.120 Contracts with mall organization for administration—Conflicting charter provisions. If the corporate authority desires to have the mall administered by a mall organization rather than by one of its departments, the corporate authority may execute a contract with such an organization for the administration of the mall upon mutually satisfactory terms and conditions: PROVIDED, That if any provision of a city charter conflicts with this section, such provision of the city charter shall prevail. [1965 c 7 § 35.71.120. Prior: 1961 c 111 § 12.]

35.71.130 Election to discontinue mall—Ordinance—Outstanding obligations—Restoration to former status. The board of directors of a mall organization may call for an election, after the mall has been in operation for two years, at which the voting shall be by secret ballot, on the question: "Shall the mall be continued in operation?" If sixty percent of the membership of the organization vote to discontinue the mall, the results of the election shall be submitted to the corporate authority. The corporate authority may initiate proceedings by ordinance for the discontinuation of the mall, allocate the proportionate amount of the outstanding obligations of the mall to the abutting property of the mall or property specially benefited if a local improvement district is established, subject to the provisions of any applicable statutes and bond ordinances, resolutions, or agreements, and thereafter, at a time set by the corporate authority, the mall may be restored to its former right of way status. [1965 c 7 § 35.71.130. Prior: 1961 c 111 § 13.]

35.71.910 Chapter controls inconsistent laws. Insofar as the provisions of this chapter are inconsistent with a provision of any other law, the provisions of this chapter

(1965 Ed.)

[Title 35 RCW—page 231]
shall be controlling. [1965 c 7 § 35.71.910. Prior: 1961 c 111 § 15.]

CONTRACTS FOR STREET, ROAD, AND HIGHWAY PROJECTS

Sections
35.72.010 Contracts authorized for street projects.
35.72.020 Reimbursement by other property owners.
35.72.030 Reimbursement by other property owners—Reimbursement share.
35.72.040 Assessment reimbursement contracts.
35.72.050 Alternative financing method—Participation by county, city, town, or department of transportation—Eligibility for reimbursement.

35.72.010 Contracts authorized for street projects.
The legislative authority of any city, town, or county may contract with owners of real estate for the construction or improvement of street projects which the owners elect to install as a result of ordinances that require the projects as a prerequisite to further property development. [1983 c 126 § 1.]

35.72.020 Reimbursement by other property owners.
The contract may provide for the partial reimbursement to the owner or the owner's assigns for a period not to exceed fifteen years of a portion of the costs of the project by other property owners who:
(1) Are determined to be within the assessment reimbursement area pursuant to RCW 35.72.040;
(2) Are determined to have a reimbursement share based upon a benefit to the property owner pursuant to RCW 35.72.030;
(3) Did not contribute to the original cost of the street project; and
(4) Subsequently develop their property within the fifteen-year period and at the time of development were not required to install similar street projects because they were already provided for by the contract.
Street projects subject to reimbursement may include design, grading, paving, installation of curbs, gutters, storm drainage, sidewalks, street lighting, traffic controls, and other similar improvements, as required by the street standards of the city, town, or county. [1983 c 126 § 2.]

35.72.030 Reimbursement by other property owners—Reimbursement share.
The reimbursement shall be a pro rata share of construction and reimbursement of contract administration costs of the street project. A city, town, or county shall determine the reimbursement share by using a method of cost apportionment which is based on the benefit to the property owner from such project. [1983 c 126 § 3.]

35.72.040 Assessment reimbursement contracts.
The procedures for assessment reimbursement contracts shall be governed by the following:
(1) An assessment reimbursement area shall be formulated by the city, town, or county based upon a determination by the city, town, or county of which parcels adjacent to the improvements would require similar street improvements upon development.
(2) The preliminary determination of area boundaries and assessments, along with a description of the property owners' rights and options, shall be forwarded by certified mail to the property owners of record within the proposed assessment area. If any property owner requests a hearing in writing within twenty days of the mailing of the preliminary determination, a hearing shall be held before the legislative body, notice of which shall be given to all affected property owners. The legislative body's ruling is determinative and final.
(3) The contract must be recorded in the appropriate county auditor's office within thirty days of the final execution of the agreement.
(4) If the contract is so filed, it shall be binding on owners of record within the assessment area who are not party to the contract. [1988 c 179 § 16; 1983 c 126 § 4.]

35.72.050 Alternative financing method—Participation by county, city, town, or department of transportation—Eligibility for reimbursement.
(1) As an alternative to financing projects under this chapter solely by owners of real estate, a county, city, or town may join in the financing of improvement projects and may be reimbursed in the same manner as the owners of real estate who participate in the projects, if the county, city, or town has specified the conditions of its participation in an ordinance. A county, city, or town may be reimbursed only for the costs of improvements that benefit that portion of the public who will use the developments within the assessment reimbursement area established pursuant to RCW 35.72.040(1). No county, city, or town costs for improvements that benefit the general public may be reimbursed.
(2) The department of transportation may, for state highways, participate with the owners of real estate in the financing of improvement projects, in the same manner as provided for counties, cities, and towns, in subsection (1) of this section. The department shall enter into agreements whereby the appropriate county, city, or town shall act as an agent of the department in administering this chapter. [1987 c 261 § 1; 1986 c 252 § 1.]

35.73.070 Improvement district bonds—Payment—Remedies.
35.73.080 Provisions not exclusive.

35.73.010 Authority—First and second class cities.
If a city of the first or second class establishes the grade of any street or alley at a higher elevation than any private
property abutting thereon, thereby rendering the drainage of such private property or any part thereof impracticable without the raising of the surface of such private property, or if the surface of any private property in any such city is so low as to make sanitary drainage thereof impracticable and it is determined by resolution of the city council of such city that a fill of such private property is necessary as a sanitary measure, the city may provide therefor, and by general or special ordinance or both make provision for the necessary surveys, estimates, bids, contract, bond and supervision of the work and for making and approving the assessment roll of the local improvement district and for the collection of the assessments made thereby, and for the doing of everything which in their discretion may be necessary or be incidental thereto: PROVIDED, That before the approval of the assessment roll, notice shall be given and an opportunity offered for the owners of the property affected by the assessment roll to be heard before such city council in the same manner as in case of assessments for drainage or sewerage in the city. [1965 c 7 § 35.73.010. Prior: 1907 c 243 § 1; RRS § 9426. (ii) 1907 c 243 § 4; RRS § 9429.]

35.73.020 Estimates—Intention—Property included—Resolution. Before establishing a grade for property or providing for the fill of property, the city must adopt a resolution declaring its intention to do so.

The resolution shall:

1. Describe the property proposed to be improved by the fill,
2. State the estimated cost of making the improvement,
3. State that the cost thereof is to be assessed against the property improved thereby, and
4. Fix a time not less than thirty days after the first publication of the resolution within which protests against the proposed improvement may be filed with the city clerk.

The resolution may include as many separate parcels of property as may seem desirable whether or not they are contiguous so long as they lie in the same general neighborhood and may be included conveniently in one local improvement district. [1965 c 7 § 35.73.020. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

35.73.030 Hearing—Time of—Publication of resolution. Upon the passage of the resolution the city clerk shall cause it to be published in the official newspaper of the city in at least two successive issues before the time fixed in the resolution for filing protests. Proof of publication by affidavit shall be filed as part of the record of the proceedings. [1965 c 7 § 35.73.030. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

35.73.040 Ordinance—Assessments. If no protest is filed, or if protests are filed but the city council after full hearing determines that it is necessary to fill any portion of the private property it shall proceed to enact an ordinance for such improvement. By the provisions of the ordinance, a local improvement district shall be established to be called "local improvement district No. . . . .," which shall include all the property found by the said council to require the fill as a sanitary measure. The ordinance shall provide that such improvement shall be made and shall fix and establish the grades to which the said property and the different portions thereof shall be brought by such improvement, and that the cost and expense thereof shall be taxed and assessed upon all the property in such local improvement district, which cost shall be assessed in proportion to the number of cubic yards of earth and bulkheading required for the different portions of said property included in said improvement district and in proportion to the benefits derived by such improvement: PROVIDED, That the city council may expend from the general fund for such purposes such sums as in its judgment may seem fair and equitable in consideration of the benefits accruing to the general public by reason of such improvement. [1965 c 7 § 35.73.040. Prior: 1907 c 243 § 3, part; RRS § 9428, part.]

35.73.050 Lien of assessments. Whenever any expense or cost of work has been assessed the amount of such expense and cost shall become a lien upon said lands against which the same are so assessed and shall take precedence of all other liens, except general tax liens and special assessment liens theretofore assessed by the said city thereon and which may be foreclosed in accordance with law in the name of such city as plaintiff. And in any such proceeding if the court trying the same shall be satisfied that the work has been done or material furnished for the fill of such property, a recovery shall be permitted or charge enforced to the extent of the proper proportion of the value of the work or material which would be chargeable on such lot or land notwithstanding any informality, irregularity or defects in any of the proceedings of such municipal corporation or its officers. [1965 c 7 § 35.73.050. Prior: 1907 c 243 § 3, part; RRS § 9428, part.]

Collection and foreclosure of local improvement district assessments: Chapters 35.49, 35.50 RCW.

35.73.060 Improvement district bonds—Issuance. (1) The city may, in its discretion, by general or special ordinance, or both, instead of requiring immediate payment for the said work to be made by the owners of property included in the assessment roll, authorize the issuance of interest bearing bonds or warrants of the local improvement district, payable on or before a date not to exceed twelve years from and after their date. The bonds may be issued subject to call, the amount of the said assessment to be fixed and established, and the bonds to be of such terms as may be provided in the ordinances and to bear interest at such rate or rates as may be prescribed in the ordinances. Such bonds or warrants may be of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds or warrants may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 62; 1981 c 156 § 9, 1979 ex.s. c 30 § 1; 1965 c 7 § 35.73.060. Prior: 1915 c 87 § 1, part; 1907 c 243 § 5, part; RRS § 9430, part.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.73.070 Improvement district bonds—Payment—Remedies. The bonds or warrants shall be payable only
from the fund created by the special assessments upon the property in the local improvement district, and the owner of any bond or warrant shall look only to this fund for the payment of the principal and interest thereof and shall have no claim or lien therefor against the city by which the same was issued except from that fund. [1983 c 167 § 63; 1965 c 7 § 35.73.070. Prior: 1915 c 87 § 1, part; 1907 c 243 § 5, part; RRS § 9430, part.]

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

35.73.080 Provisions not exclusive. The provisions and remedies provided by this chapter for filling lowlands in connection with establishing street grades or for sanitary reasons are cumulative. [1965 c 7 § 35.73.080. Prior: 1907 c 243 § 6; RRS § 9431.]

Bridges across navigable waters: Chapter 79.01 RCW.

Counties may assist as to certain bridges on city streets: RCW 36.75.200.

35.74.010 Authority to construct or grant franchise to construct. Every city and town may erect and maintain drawbridges across navigable streams that flow through or penetrate the boundaries thereof, when the public necessity requires it, or it may grant franchises to persons or corporations to erect them and charge toll thereon. [1965 c 7 § 35.74.010. Prior: 1890 p 54 § 1; RRS § 9323.]

35.74.020 Initiation of proceedings—Notice to county commissioners. If the city or town council desires to erect a drawbridge across any navigable stream on any street, or to grant the privilege so to do to any corporation or individual, it shall notify the board of county commissioners to that effect stating the precise point where such bridge is proposed to be located. [1965 c 7 § 35.74.020. Prior: 1890 p 54 § 2, part; RRS § 9324, part.]

35.74.030 Determination of width of draw—Appeal. The board of county commissioners within ten days from the receipt of the notice, if in session, and if not in session, within five days after the first day of the next regular or special session, shall designate the width of the draw to be made in such bridge, and the length of span necessary to permit the free flow of water: PROVIDED, That if any persons deem themselves aggrieved by the determination of the matter by the board, they may appeal to the superior court which may hear and determine the matter upon such further notice and on such testimony as it shall direct to be produced. [1965 c 7 § 35.74.030. Prior: 1890 p 54 § 2, part; RRS § 9324, part.]

35.74.040 Required specifications. All bridges constructed under the provisions of this chapter must be so constructed as not to obstruct navigation, and must have a draw or swing of sufficient space or span to permit the safe, convenient, and expeditious passage at all times of any steamer or vessel or raft which may navigate the stream or waters bridged. [1965 c 7 § 35.74.040. Prior: 1890 p 55 § 5; RRS § 9327.]

35.74.050 City may operate as toll bridges. A city or town may build and maintain toll bridges and charge and collect tolls thereon, and to that end may provide a system and elect or appoint persons to operate the same, or the said bridges may be made free, as it may elect. [1965 c 7 § 35.74.050. Prior: 1890 p 55 § 6; RRS § 9328.]

35.74.060 Prerequisites of grant of franchise—Approval of bridge—Tolls. Before any franchise to build any bridge across any such navigable stream is granted by any city or town council it shall fix a license tax, not to exceed ten percent of the tolls collected annually. Upon the completion of the bridge the city or town council shall cause it to be inspected and if it is found to comply in all respects with the specifications previously made, and to be safe and convenient for the public, the council shall declare it open as a toll bridge, and shall immediately fix the rates of toll thereof. (1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, the inherent authority of a first class city derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan.

The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year plan for each city or town shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

(2) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for nonmotorized transportation purposes.

(3) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town shall act to preserve railroad right-of-way in the event the railroad ceases to operate in the city's or town's jurisdiction. 35.80.030 Permissible ordinances—Appeal. (1) Whenever the local governing body of a municipality finds that one or more conditions of the character described in RCW 35.80.010 exist within its territorial limits, said governing body may adopt ordinances relating to such dwellings, buildings, structures, or premises. Such ordinances may provide for the following:

(a) That an "improvement board" or officer be designated or appointed to exercise the powers assigned to such board or officer by the ordinance as specified herein. Said board or officer may be an existing municipal board or officer in the municipality, or may be a separate board or officer appointed solely for the purpose of exercising the powers assigned by said ordinance.
If a board is created, the ordinance shall specify the
terms, method of appointment, and type of membership of
said board, which may be limited, if the local governing
body chooses, to public officers as herein defined.

(b) If a board is created, a public officer, other than a
member of the improvement board, may be designated to
work with the board and carry out the duties and exercise
the powers assigned to said public officer by the ordinance.

(c) That if, after a preliminary investigation of any
dwelling, building, structure, or premises, the board or
officer finds that it is unfit for human habitation or other
use, he shall cause to be served either personally or by
certified mail, with return receipt requested, upon all persons
having any interest therein, as shown upon the records of the
auditor's office of the county in which such property is
located, and shall post in a conspicuous place on such
property, a complaint stating in what respects such dwelling,
building, structure, or premises is unfit for human habitation
or other use. If the whereabouts of any of such persons is
unknown and the same cannot be ascertained by the board
or officer in the exercise of reasonable diligence, and the
board or officer makes an affidavit to that effect, then the
serving of such complaint or order upon such persons may
be made either by personal service or by mailing a copy of
the complaint and order by certified mail, postage prepaid,
return receipt requested, to each such person at the address
of the building involved in the proceedings, and mailing a
copy of the complaint and order by first class mail to any
address of each such person in the records of the county
assessor or the county auditor for the county where the
property is located. Such complaint shall contain a notice
that a hearing will be held before the board or officer, at a
place therein fixed, not less than ten days nor more than
thirty days after the serving of said complaint; and that all
parties in interest shall be given the right to file an answer
to the complaint, to appear in person, or otherwise, and to
give testimony at the time and place in the complaint. The
rules of evidence prevailing in courts of law or equity shall
not be controlling in hearings before the board or officer. A
copy of such complaint shall also be filed with the auditor
of the county in which the dwelling, building, structure, or
premise [premises] is located, and such filing of the com¬
plaint or order shall have the same force and effect as other
lis pendens notices provided by law.

(d) That the board or officer may determine that a
dwelling, building, structure, or premises is unfit for human
habitation or other use if it finds that conditions exist in such
dwelling, building, structure, or premises which are danger¬
ous or injurious to the health or safety of the occupants of
such dwelling, building, structure, or premises, the occupants
of neighboring dwellings, or other residents of such munici¬
pality. Such conditions may include the following, without
limitations: Defects therein increasing the hazards of fire or
accident; inadequate ventilation, light, or sanitary facilities,
dilapidation, disrepair, structural defects, uncleanliness,
overcrowding, or inadequate drainage. The ordinance shall
state reasonable and minimum standards covering such
conditions, including those contained in ordinances adopted
in accordance with subdivision (7)(a) herein, to guide the
board or the public officer and the agents and employees of
either, in determining the fitness of a dwelling for human
habitation, or building, structure, or premises for other use.

(e) That the determination of whether a dwelling,
building, structure, or premises should be repaired or
demolished, shall be based on specific stated standards on (i)
the degree of structural deterioration of the dwelling,
building, structure, or premises, or (ii) the relationship that
the estimated cost of repair bears to the value of the dwell¬
building, structure, or premises, with the method of
determining this value to be specified in the ordinance.

(f) That if, after the required hearing, the board or offi¬
cer determines that the dwelling is unfit for human habita¬
tion, or building or structure or premises is unfit for other
use, it shall state in writing its findings of fact in support of
such determination, and shall issue and cause to be served
upon the owner or party in interest thereof, as is provided in
subdivision (1)(c), and shall post in a conspicuous place on
said property, an order which (i) requires the owner or party
in interest, within the time specified in the order, to repair,
alter, or improve such dwelling, building, structure, or
premises to render it fit for human habitation, or for other
use, or to vacate and close the dwelling, building, structure,
or premises, if such course of action is deemed proper on the
basis of the standards set forth as required in subdivision
(1)(c); and (ii) requires the owner or party in interest, within
the time specified in the order, to remove or demolish such
dwelling, building, structure, or premises, if this course of
action is deemed proper on the basis of said standards. If no
appeal is filed, a copy of such order shall be filed with the
auditor of the county in which the dwelling, building,
structure, or premises is located.

(g) The owner or any party in interest, within thirty days
from the date of service upon the owner and posting of an
order issued by the board under the provisions of subdivision
(c) of this subsection, may file an appeal with the appeals
commission.

The local governing body of the municipality shall
designate or establish a municipal agency to serve as the
appeals commission. The local governing body shall also
establish rules of procedure adequate to assure a prompt and
thorough review of matters submitted to the appeals commis¬
sion, and such rules of procedure shall include the following,
without being limited thereto: (i) All matters submitted to
the appeals commission must be resolved by the commission
within sixty days from the date of filing therewith and (ii) a
transcript of the findings of fact of the appeals commission
shall be made available to the owner or other party in
interest upon demand.

The findings and orders of the appeals commission shall
be reported in the same manner and shall bear the same legal
consequences as if issued by the board, and shall be subject
to review only in the manner and to the extent provided in
subdivision (2) of this section.

If the owner or party in interest, following exhaustion of
his rights to appeal, fails to comply with the final order to
repair, alter, improve, vacate, close, remove, or demolish
the dwelling, building, structure, or premises, the board or
officer may direct or cause such dwelling, building, struc¬
ture, or premises to be repaired, altered, improved, vacated,
and closed, removed, or demolished.

(h) That the amount of the cost of such repairs, altera¬
tions or improvements; or vacating and closing; or removal
or demolition by the board or officer, shall be assessed
against the real property upon which such cost was incurred
unless such amount is previously paid. Upon certification to him by the treasurer of the municipality in cases arising out of the city or town or by the county improvement board or officer, in cases arising out of the county, of the assessment amount being due and owing, the county treasurer shall enter the amount of such assessment upon the tax rolls against the property for the current year and the same shall become a part of the general taxes for that year to be collected at the same time and with interest at such rates and in such manner as provided for in RCW 84.56.020, as now or hereafter amended, for delinquent taxes, and when collected to be deposited to the credit of the general fund of the municipality. If the dwelling, building, structure, or premises is removed or demolished by the board or officer, the board or officer shall, if possible, sell the materials of such dwelling, building, structure, or premises in accordance with procedures set forth in said ordinance, and shall credit the proceeds of such sale against the cost of the removal or demolition and if there be any balance remaining, it shall be paid to the parties entitled thereto, as determined by the board or officer, after deducting the costs incident thereto.

The assessment shall constitute a lien against the property which shall be of equal rank with state, county and municipal taxes.

(2) Any person affected by an order issued by the appeals commission pursuant to subdivision (1)(f) hereof may, within thirty days after the posting and service of the order, petition to the superior court for an injunction restraining the public officer or members of the board from carrying out the provisions of the order. In all such proceedings the court is authorized to affirm, reverse, or modify the order and such trial shall be heard de novo.

(3) An ordinance adopted by the local governing body of the municipality may authorize the board or officer to exercise such powers as may be necessary or convenient to carry out and effectuate the purposes and provisions of this section. These powers shall include the following in addition to others herein granted: (a)(i) To determine which dwellings within the municipality are unfit for human habitation; (ii) to determine which buildings, structures, or premises are unfit for other use; (b) to administer oaths and affirmations, examine witnesses and receive evidence; and (c) to investigate the dwelling and other property conditions in the municipality or county and to enter upon premises for the purpose of making examinations when the board or officer has reasonable ground for believing they are unfit for human habitation, or for other use: PROVIDED, That such entries shall be made in such manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose after submitting evidence in support of an application which is adequate to justify such an order from a court of competent jurisdiction in the event entry is denied or resisted.

(4) The local governing body of any municipality adopting an ordinance pursuant to this chapter may appropriate the necessary funds to administer such ordinance.

(5) Nothing in this section shall be construed to abrogate or impair the powers of the courts or of any department of any municipality to enforce any provisions of its charter or its ordinances or regulations, nor to prevent or punish violations thereof; and the powers conferred by this section shall be in addition and supplemental to the powers conferred by any other law.

(6) Nothing in this section shall be construed to impair or limit in any way the power of the municipality to define and declare nuisances and to cause their removal or abatement, by summary proceedings or otherwise.

(7) Any municipality may (by ordinance adopted by its governing body) (a) prescribe minimum standards for the use and occupancy of dwellings throughout the municipality, or county, (b) prescribe minimum standards for the use or occupancy of any building, structure, or premises used for any other purpose, (c) prevent the use or occupancy of any dwelling, building, structure, or premises, which is injurious to the public health, safety, morals, or welfare, and (d) prescribe punishment for the violation of any provision of such ordinance. Every county, city, and town may acquire by condemnation, in accordance with the notice requirements and other procedures for condemnation provided in Title 8 RCW, any property, dwelling, building, or structure which constitutes a blight on the surrounding neighborhood. A "blight on the surrounding neighborhood" is any property, dwelling, building, or structure that meets any two of the following factors: (1) If a dwelling, building, or structure exists on the property, the dwelling, building, or structure has not been lawfully occupied for a period of one year or more; (2) the property, dwelling, building, or structure constitutes a threat to the public health, safety, or welfare as determined by the executive authority of the county, city, or town, or the designee of the executive authority; or (3) the property, dwelling, building, or structure is or has been associated with illegal drug activity during the previous twelve months. Prior to such condemnation, the local governing body shall adopt a resolution declaring that the acquisition of the real property described therein is necessary to eliminate neighborhood blight. Condemnation of property, dwellings, buildings, and structures for the purposes described in this chapter is declared to be for a public use. [1994 c 175 § 1; 1989 c 271 § 239.]

The purchasers or lessees and their successors and assigns shall be obligated to comply with such other requirements as the county, city, or town may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such property required to make the dwelling, building, or structure habitable. Such real property or interest shall be sold, leased, or otherwise transferred, at not less than its fair market value. In determining the fair market value of real property for uses in accordance with this section, a municipality shall take into account and give consideration to, the restrictions upon and the covenants, conditions, and obligations assumed by the purchaser or lessee. [1989 c 271 § 240.]

35.80A.030 Disposition of blighted property—Procedures. The county, city, or town may accept such proposals as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the county, city, or town may execute and deliver contracts, deeds, leases, and other instruments of transfer. [1989 c 271 § 241.]

35.80A.040 Authority to enter blighted buildings or property—Acceptance of financial assistance. Every county, city, or town may, in addition to any other authority granted by this chapter: (1) Upon entry of any building or property found to constitute a blight on the surrounding neighborhood in order to make surveys and appraisals, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; and (2) borrow money, apply for, and accept, advances, loans, grants, contributions, and any other form of financial assistance from the federal government, the state, a county, or other public body, or from any sources, public or private, for the purposes of this chapter, and enter into and carry out contracts in connection herewith. 35.81.030 Encouragement of private enterprise. A municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this chapter, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of the urban renewal area by private enterprise. [1965 c 7 § 35.81.050. Prior: 1957 c 42 § 5.]

35.81.060 Comprehensive plan—Preparation—Hearing—Approval—Modification—Effect. (1) A municipality shall not approve an urban renewal project for an urban renewal area unless the local governing body has, by resolution, determined such area to be a blighted area and designated such area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a comprehensive plan or parts of such plan for an area which would include an urban renewal area for the municipality have been prepared as provided in chapter 35.63 RCW. For this purpose and other municipal purposes, authority is hereby vested in every municipality to prepare, to adopt, and to revise from time to time, a comprehensive plan or parts thereof for the physical development of the municipality as a whole (giving due regard to the environs and metropolitan surroundings), to establish and maintain a planning commission for such purpose and related municipal planning activities, and to make available and to appropriate necessary funds therefor. A municipality shall not acquire real property for an urban renewal project unless the local governing body has approved the urban renewal project plan in accordance with subsection (4) hereof.

(2) The municipality may itself prepare or cause to be prepared an urban renewal plan, or any person or agency, public or private, may submit such a plan to the municipality. Prior to its approval of an urban renewal project, the local governing body shall submit such plan to the planning commission of the municipality for review and recommendations as to its conformity with the comprehensive plan or parts thereof for the development of the municipality as a whole. Upon receipt of the recommendations of the planning commission, or if no recommendations are received within sixty days, then without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal project plan prescribed by subsection (3) hereof.

(3) The local governing body shall hold a public hearing on an urban renewal plan after public notice thereof. Such notice shall be given by publication once each week for two consecutive weeks not less than ten nor more than thirty days prior to the date of the hearing in a newspaper having a general circulation in the urban renewal area of the municipality and by mailing a notice of such hearing not less than ten days prior to the date of the hearing to the persons whose names appear on the county treasurer's tax roll as the owner or reputed owner of the property, at the address shown on the tax roll. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the urban renewal area affected, and shall outline the general scope of the urban renewal plan under consideration.

(4) Following such hearing, the local governing body may approve an urban renewal project if it finds that (a) a workable and feasible plan exists for making available adequate housing for the persons who may be displaced by the project; (b) the urban renewal plan conforms to the comprehensive plan or parts thereof for the municipality as a whole; (c) the urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise; and (d) a sound and adequate financial program exists for the financing of the project. (e) Urban renewal project area is a blighted area as defined in RCW 35.81.010(2).

(5) An urban renewal project plan may be modified at any time by the local governing body. PROVIDED, That if
modified after the lease or sale by the municipality of real property in the urban renewal project area, such modification shall be subject to such rights at law or in equity as a lessee or purchaser, or his successor or successors in interest may be entitled to assert.

(6) Upon the approval of an urban renewal project by a municipality, the provisions of the urban renewal plan with respect to the future use and building requirements applicable to the property covered by said plan shall be controlling with respect thereto. [1965 c 7 § 35.81.060. Prior: 1957 c 42 § 6.]

35.81.070 Powers of municipality. Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

1. To undertake and carry out urban renewal projects within the municipality, to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this chapter, and to disseminate blight clearance and urban renewal information.

2. To provide or to arrange or contract for the furnishing or repair by any person or agency, public or private, of services, privileges, works, streets, roads, public utilities or other facilities for, or in connection with, an urban renewal project; to install, construct, and reconstruct streets, utilities, parks, playgrounds, and other public improvements; and to agree to any conditions that it may deem reasonable and appropriate attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of an urban renewal project, and to include in any contract let in connection with such a project, provisions to fulfill such of said conditions as it may deem reasonable and appropriate.

3. Within the municipality, to enter upon any building or property in any urban renewal area, in order to make surveys and appraisals, provided that such entries shall be made in such a manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain, or otherwise, any real property and such personal property as may be necessary for the administration of the provisions herein contained, together with any improvements thereon; to hold, improve, clear, or prepare for redevelopment any such property; to dispose of any real property; to insure or provide for the insurance of any real or personal property or operations of the municipality against any risks or hazards, including the power to pay premiums on any such insurance: PROVIDED, That no statutory provision with respect to the acquisition, clearance, or disposition of property by public bodies shall restrict a municipality in the exercise of such functions with respect to an urban renewal project.

4. To invest any urban renewal project funds held in reserves or sinking funds or any such funds which are not required for immediate disbursement, in property or securities in which mutual savings banks may legally invest funds subject to their control; to redeem such bonds as have been issued pursuant to RCW 35.81.100 at the redemption price established therein or to purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to be canceled.

5. 35.81.080 Eminent domain. A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for an urban renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for urban renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or his predecessor in interest by eminent domain may be condemned for the purposes of this chapter.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. Eminent domain by cities: Chapter 8.12 RCW.

35.81.090 Disposal of real property in urban renewal area. (1) A municipality may sell, lease, or otherwise transfer real property or any interest therein acquired by it for an urban renewal project, in an urban renewal area for residential, recreational, commercial, industrial, or other uses or for public use, and may enter into contracts with respect thereto, or may retain such property or interest only for parks and recreation, education, public utilities, public transportation, public safety, health, highways, streets, and alleys, administrative buildings, or civic centers, in accordance with the urban renewal project plan, subject to such covenants, conditions, and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of blighted areas or otherwise to carry out the purposes of this chapter: PROVIDED, That such sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the municipality may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, a municipality shall take into account, and give consideration to, the uses provided in such plan; the restrictions upon, and the covenants, conditions, and obligations assumed by, the purchaser or lessee or by the municipality retaining the property; and the objectives of such plan for the prevention of the recurrence of blighted areas. The municipality in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease, or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any and all improvements which he has obligated himself to construct thereon. Real property acquired by a municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible, in the public interest, consistent with the carrying out of the provisions of the urban renewal plan. The inclusion in any such contract or conveyance to a purchaser or lessee of any such covenants, restrictions, or conditions (including the incorporation by reference therein of the provisions of an urban renewal plan or any part thereof) shall not prevent the recording of such contract or conveyance in the land records of the auditor or the county in which such city or town is located, in such manner as to afford actual or constructive notice thereof.

(2) A municipality may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this subsection. A municipality may, by public notice by publication once each week for three consecutive weeks in a newspaper having a general circulation in the community, prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite bids from, and make available all pertinent information to, private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall state that such further information as is available may be obtained at such office as shall be designated in said notice. The municipality shall consider all redevelopment or rehabilitation bids and the financial and legal ability of the persons making such bids to carry them out. The municipality may accept such bids as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the municipality may execute, in accordance with the provisions of subsection (1), and deliver contracts, deeds, leases, and other instruments of transfer.

(3) A municipality may operate and maintain real property acquired in an urban renewal area for a period of three years pending the disposition of the property for redevelopment, without regard to the provisions of subsection (1) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan: PROVIDED, That the municipality may, after a public hearing, extend the time for a period not to exceed three years. [1965 c 7 § 35.81.090. Prior: 1957 c 42 § 9.]
35.81.100 Bonds—Issuance—Form, terms, payment, etc. (1) A municipality shall have the power to issue bonds from time to time in its discretion to finance the undertaking of any urban renewal project under this chapter, including, without limiting the generality thereof, the payment of principal and interest upon any advances for surveys and plans for urban renewal projects, and shall also have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds shall not pledge the general credit of the municipality and shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from, or held in connection with, its undertaking and carrying out of urban renewal projects under this chapter: PROVIDED, That payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the federal government or other source, in aid of any urban renewal projects of the municipality under this chapter.

(2) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under the provisions of this chapter are declared to be issued for an essential public and governmental purpose, and together with interest thereon and income therefrom, shall be exempted from all taxes.

(3) Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

(4) Such bonds may be sold at not less than ninety-eight percent of par at public or private sale, or may be exchanged for other bonds on the basis of par: PROVIDED, That such bonds may be sold to the federal government at private sale at not less than par and, in the event the less than all of the authorized principal amount of such bonds is sold to the federal government, the balance may be sold at public or private sale at not less than ninety-eight percent of par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the federal government.

(5) The municipality may annually pay into a fund to be established for the benefit of such bonds any and all excess of the taxes received by it from the same property over and above the average of the annual taxes authorized without vote for a five-year period immediately preceding the acquisition of the property by the municipality for renewal purposes, such payment to continue until such time as all bonds payable from the fund are paid in full. Any other taxing unit in a municipality is authorized to allocate a like amount of such excess taxes to the municipality or municipalities in which it is situated.

(6) In case any of the public officials of the municipality whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds, issued pursuant to this chapter shall be fully negotiable.

(7) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the provisions of this chapter.

(8) Notwithstanding subsections (1) through (7) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 44; 1969 ex.s. c 56 § 44; 1969 ex.s. c 232 § 21; 1965 c 7 § 35.81.100. Prior: 1957 c 42 § 10.]

35.82.010 Finding and declaration of necessity. It is hereby declared: (1) That there exist in the state insanitary or unsafe dwelling accommodations and that persons of low income are forced to reside in such insanitary or unsafe accommodations; that within the state there is a shortage of safe or sanitary dwelling accommodations available at rents which persons of low income can afford and that such persons are forced to occupy overcrowded and congested dwelling accommodations; that the aforesaid conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the residents of the state and impair economic values; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; (2) that these areas in the state cannot be cleared, nor can the shortage of safe and sanitary dwellings for persons of low income be relieved, through the operation of private enterprise, and that the construction of housing projects for persons of low income (as herein defined) would therefore not be competitive with private enterprise; (3) that the clearance, replanning and reconstruction of the areas in which insanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired and are governmental functions of state concern; (4) that it is in the public interest that work on projects for such purposes be commenced as soon as possible in order to relieve unemployment which now (1939) constitutes an emergency; and the necessity in the public interest for the provisions hereinafter enacted, is hereby declared as a matter of legislative determination. (9) "Housing project" shall mean any work or undertaking: (a) To demolish, clear or remove buildings from any slum area; such work or undertaking may embrace the adaptation of such area to public purposes, including parks or other recreational or community purposes; or (b) to provide decent, safe and sanitary urban or rural dwellings, apartments, mobile home parks, or other living accommodations for persons of low income; such work or undertaking may include the rehabilitation of dwellings owned by persons of low income, and also may include buildings, land, equipment, facilities and other real or personal property for necessary, convenient or desirable appurtenances, streets, sewers, water service, parks, site preparation, gardening, administrative, community, health, recreational, welfare or other purposes; or (c) without limitation by implication, to provide decent, safe, and sanitary urban and rural dwellings, apartments, mobile home parks, or other living accommodations for senior citizens; such work or undertaking may include buildings, land, equipment, facilities, and other real or personal property for necessary, convenient, or desirable appurtenances, streets, sewers, water service, parks, site preparation, gardening, administrative, community, health, recreational, welfare, or other purposes; or (d) to accomplish a combination of the foregoing. Formerly RCW 74.24.020.]

Severability—1983 c 225: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 225 § 4.]

Severability—1979 ex.s. c 187: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 187 § 4.]

35.82.030 Creation of housing authorities. In each city (as herein defined) and in each county of the state there is hereby created a public body corporate and politic to be known as the "Housing Authority" of the city or county: PROVIDED, HOWEVER, That such authority shall not transact any business or exercise its powers hereunder until or unless the governing body of the city or the county, as the case may be, by proper resolution shall declare at any time hereafter that there is need for an authority to function in such city or county. The determination as to whether or not there is such need for an authority to function (1) may be made by the governing body on its own motion or (2) shall be made by the governing body upon the filing of a petition signed by twenty-five residents of the city or county, as the case may be, asserting that there is need for an authority to function in such city or county and requesting that the governing body so declare.

The governing body shall adopt a resolution declaring that there is need for a housing authority in the city or county, as the case may be, if it shall find (1) that insanitary or unsafe inhabited dwelling accommodations exist in such city or county; (2) that there is a shortage of safe or sanitary dwelling accommodations in such city or county available to persons of low income at rentals they can afford; or (3) that there is a shortage of safe or sanitary dwellings, apartments, mobile home parks, or other living accommodations available for senior citizens. In determining whether dwelling accommodations are unsafe or insanitary said governing
body may take into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities, and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body declaring the need for the authority. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for an authority and finds in substantially the foregoing terms (no further detail being necessary) that either or both of the above enumerated conditions exist in the city or county, as the case may be. A copy of such resolution duly certified by the clerk shall be admissible in evidence in any suit, action or proceeding. [1979 ex.s. c 187 § 2; 1965 c 7 § 35.82.030. Prior: 1939 c 23 § 4; RRS § 6889-4. Formerly RCW 74.24.030.]

Severability—1979 ex.s. c 187: See note following RCW 35.82.020.

35.82.040 Appointment, qualifications, and tenure of commissioners. When the governing body of a city adopts a resolution declaring that there is a need for a housing authority, it shall promptly notify the mayor of such adoption. Upon receiving such notice, the mayor shall appoint five persons as commissioners of the authority created for the city. When the governing body of a county adopts a resolution declaring that there is a need for a housing authority, it shall appoint five persons as commissioners of the authority created for the county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed for a term of office of five years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer of the city or county for which the authority is created, unless the commissioner is an employee of a separately elected county official other than the county governing body in a county with a population of less than one hundred seventy-five thousand as of the federal census, and the total government employment in that county exceeds forty percent of total employment. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. [1995 c 293 § 1; 1965 c 7 § 35.82.040. Prior: 1939 c 23 § 5; RRS § 6889-5. Formerly RCW 74.24.040.]

35.82.050 Interested commissioners or employees. No commissioner or employee of an authority shall acquire any interest direct or indirect in any housing project or in any property included or planned to be included in any project, nor shall he have any interest direct or indirect in any contract or proposed contract for materials or services to be furnished or used in connection with any housing project. If any commissioner or employee of an authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure so to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner or employee shall not participate in any action by the authority affecting such property. [1965 c 7 § 35.82.050. Prior: 1939 c 23 § 6; RRS § 6889-6. Formerly RCW 74.24.050.]

35.82.060 Removal of commissioners. For inefficiency or neglect of duty or misconduct in office, a commissioner of an authority may be removed by the mayor (or in the case of an authority for a county, the governing body of said county), but a commissioner shall be removed only after he shall have been given a copy of the charges at least ten days prior to the hearing thereon and had an opportunity to be heard in person or by counsel. In the event of the removal of any commissioner, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the clerk. [1965 c 7 § 35.82.060. Prior: 1939 c 23 § 7; RRS § 6889-7. Formerly RCW 74.24.060.]

35.82.070 Powers of authority. An authority shall constitute a public body corporate and politic, exercising public and essential governmental functions, and having all the powers necessary or convenient to carry out and effec-
tuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(1) To sue and be sued; to have a seal and to alter the same at pleasure; to have perpetual succession; to make and execute contracts and other instruments, including but not limited to partnership agreements and joint venture agreements, necessary or convenient to the exercise of the powers of the authority; to participate in the organization or the operation of a nonprofit corporation which has as one of its purposes to provide or assist in the provision of housing for persons of low income; and to make and from time to time amend and repeal bylaws, rules and regulations, not inconsistent with this chapter, to carry into effect the powers and purposes of the authority.

(2) Within its area of operation: To prepare, carry out, acquire, lease and operate housing projects; to provide for the construction, reconstruction, improvement, alteration or repair of any housing project or any part thereof; to agree to rent or sell dwellings forming part of the projects to or for persons of low income. Where an agreement or option is made to sell a dwelling to a person of low income, the authority may convey the dwelling to the person upon fulfillment of the agreement irrespective of whether the person is at the time of the conveyance a person of low income. Leases, options, agreements, or conveyances may include such covenants as the authority deems appropriate to assure the achievement of the objectives of this chapter.

(3) To acquire, lease, rent, sell, or otherwise dispose of any commercial space located in buildings or structures containing a housing project or projects.

(4) To arrange or contract for the furnishing by any person or agency, public or private, of services, privileges, works, or facilities for, or in connection with, a housing project or the occupants thereof; and (notwithstanding anything to the contrary contained in this chapter or in any other provision of law) to include in any contract let in connection with a project, stipulations requiring that the contractor and any subcontractors comply with requirements as to minimum wages and maximum hours of labor, and comply with any conditions which the federal government may have attached to its financial aid of the project.

(5) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own or manage buildings containing a housing project or projects as well as commercial space or other dwelling units that do not constitute a housing project as that term is defined in this chapter: PROVIDED, That notwithstanding the provisions under subsection (1) of this section, dwelling units made available or sold to persons of low income, together with functionally related and subordinate facilities, shall occupy at least fifty percent of the interior space in the total development owned by the authority or at least fifty percent of the total number of units in the development owned by the authority, whichever produces the greater number of units for persons of low income, and for mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park owned by the authority; to own, hold, and improve real or personal property; to purchase, lease, obtain options upon, acquire by gift, grant, bequest, devise, or otherwise including financial assistance and other aid from the state or any public body, person or corporation, any real or personal property or any interest therein; to acquire by the exercise of the power of eminent domain any real property; to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein; to sell, lease, exchange, transfer, or dispose of any real or personal property or interest therein at less than fair market value to a governmental entity for any purpose when such action assists the housing authority in carrying out its powers and purposes under this chapter, to a low-income person or family for the purpose of providing housing for that person or family, or to a nonprofit corporation provided the nonprofit corporation agrees to sell the property to a low-income person or family or to use the property for the provision of housing for persons of low income for at least twenty years; to insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards; to procure or agree to the procurement of insurance or guarantees from the federal government of the payment of any bonds or parts thereof issued by an authority, including the power to pay premiums on any such insurance.

(6) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be canceled.

(7) Within its area of operation: To investigate into living, dwelling and housing conditions and into the means and methods of improving such conditions; to determine where slum areas exist or where there is a shortage of decent, safe and sanitary dwelling accommodations for persons of low income; to make studies and recommendations relating to the problem of clearing, replanning and reconstructing of slum areas, and the problem of providing dwelling accommodations for persons of low income, and to cooperate with the city, the county, the state or any political subdivision thereof in action taken in connection with such problems; and to engage in research, studies and experimentation on the subject of housing.

(8) Acting through one or more commissioners or other person or persons designated by the authority: To conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths, issue subpoenas requiring the attendance of witnesses or the production of books and papers and to issue commissions for the examination of witnesses who are outside of the state or unable to attend before the authority, or excused from attendance; to make available to appropriate agencies (including those charged with the duty of abating or requiring the correction of nuisances or like conditions, or of demolishing unsafe or insanitary structures within its area of operation) its findings and recommendations with regard to any building or property where conditions exist which are dangerous to the public health, morals, safety or welfare.

(9) To initiate eviction proceedings against any tenant as provided by law. Activity occurring in any housing authority unit that constitutes a violation of chapter 69.41,
35.82.070 Title 35 RCW: Cities and Towns

69.50 or 69.52 RCW shall constitute a nuisance for the purpose of RCW 59.12.030(5).

(10) To exercise all or any part or combination of powers herein granted.

No provisions of law with respect to the acquisition, operation or disposition of property by other public bodies shall be applicable to an authority unless the legislature shall specifically so state.

(11) To agree (notwithstanding the limitation contained in RCW 35.82.210) to make such payments in lieu of taxes as the authority finds consistent with the achievement of the purposes of this chapter.

(12) Upon the request of a county or city, to exercise any powers of an urban renewal agency under chapter 35.81 RCW or a public corporation, commission, or authority under chapter 35.21 RCW. However, in the exercise of any such powers the housing authority shall be subject to any express limitations contained in this chapter.

(13) To exercise the powers granted in this chapter within the boundaries of any city, town, or county not included in the area in which such housing authority is originally authorized to function: PROVIDED, HOWEVER, the governing or legislative body of such city, town, or county, as the case may be, adopts a resolution declaring that there is a need for the authority to function in such territory.

(14) To administer contracts for assistance payments to persons of low income in accordance with section 8 of the United States Housing Act of 1937, as amended by Title II, section 201 of the Housing and Community Development Act of 1974, P.L. 93-383.

(15) To sell at public or private sale, with or without public bidding, for fair market value, any mortgage or other obligation held by the authority.

(16) To the extent permitted under its contract with the holders of bonds, notes, and other obligations of the authority, to consent to any modification with respect to rate of interest, time and payment of any installment of principal or interest security, or any other term of any contract, mortgage, mortgage loan, mortgage loan commitment, contract or agreement of any kind to which the authority is a party.

(17) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans to persons of low income to enable them to acquire, construct, reconstruct, rehabilitate, improve, lease, or refinance their dwellings, and to take such security therefor as is deemed necessary and prudent by the authority.

(18) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans for the acquisition, construction, reconstruction, rehabilitation, improvement, leasing, or refinancing of land, buildings, or developments for housing for persons of low income. For purposes of this subsection, development shall include either land or buildings or both.

(a) Any development financed under this subsection shall be subject to an agreement that for at least twenty years the dwelling units made available to persons of low income together with functionally related and subordinate facilities shall occupy at least fifty percent of the interior space in the total development or at least fifty percent of the total number of units in the development, whichever produces the greater number of units for persons of low income. For mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park. During the term of the agreement, the owner shall use its best efforts in good faith to maintain the dwelling units or mobile home lots required to be made available to persons of low income at rents affordable to persons of low income. The twenty-year requirement under this subsection (18)(a) shall not apply when an authority finances the development by nonprofit corporations or governmental units of dwellings or mobile home lots intended for sale to persons of low and moderate income, and shall not apply to construction or other short-term financing provided to nonprofit corporations or governmental units when the financing has a repayment term of one year or less.

(b) In addition, if the development is owned by a for-profit entity, the dwelling units or mobile home lots required to be made available to persons of low income shall be rented to persons whose incomes do not exceed fifty percent of the area median income, adjusted for household size, and shall have unit or lot rents that do not exceed fifteen percent of area median income, adjusted for household size, unless rent subsidies are provided to make them affordable to persons of low income.

For purposes of this subsection (18)(b), if the development is owned directly or through a partnership by a governmental entity or a nonprofit organization, which nonprofit organization is itself not controlled by a for-profit entity and affiliated with any for-profit entity that a nonprofit organization itself does not control, it shall not be treated as being owned by a for-profit entity when the governmental entity or nonprofit organization exercises legal control of the ownership entity and in addition, (i) the dwelling units or mobile home lots required to be made available to persons of low income are rented to persons whose incomes do not exceed sixty percent of the area median income, adjusted for household size, and (ii) the development is subject to an agreement that transfers ownership to the governmental entity or nonprofit organization or extends an irrevocable right of first refusal to purchase the development under a formula for setting the acquisition price that is specified in the agreement.

(c) Commercial space in any building financed under this subsection that exceeds four stories in height shall not constitute more than twenty percent of the interior area of the building. Before financing any development under this subsection the authority shall make a written finding that financing is important for project feasibility or necessary to enable the authority to carry out its powers and purposes under this chapter.

(19) To contract with a public authority or corporation, created by a county, city, or town under RCW 35.21.730 through 35.21.755, to act as the developer for new housing projects or improvement of existing housing projects. [1993 c 478 § 17; 1991 c 167 § 1; 1989 c 363 § 2; 1985 c 386 § 1; 1983 c 225 § 2; 1977 ex.s.s. c 274 § 2; 1965 c 7 § 35.82.070. Prior: 1945 c 43 § 1; 1939 c 23 § 8; Rem. Supp. 1945 § 6889-8. Formerly RCW 74.24.070.]

Severability—1983 c 225: See note following RCW 35.82.020.

35.82.075 Small works roster. (1) In addition to any other powers authorized in RCW 35.82.070, an authority...
may establish a small works roster consisting of all qualified contractors who have requested to be included on the roster and are, where required by law, properly licensed or registered to perform such work in the state of Washington.

(2) The small works roster may make distinctions between contractors based on the nature of the work the contractor is qualified to perform. At least once every year, the authority shall advertise in a newspaper of general circulation, in the authority's area of operation, the existence of the small works roster and shall add to the roster those contractors who request to be included on the roster.

(3) The commissioners of the authority shall establish uniform procedures to prequalify contractors for inclusion on the small works roster and a procedure for securing telephone or written quotations from contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder.

(4) Construction, repair, or alteration projects estimated to cost less than forty thousand dollars are exempt from the requirement that contracts be awarded after advertisement and competitive bid as defined in RCW 39.04.010. In lieu of advertisement and competitive bid, the authority shall solicit at least five quotations, confirmed in writing, from contractors in a manner that will equitably distribute opportunities among contractors on the small works roster for the category of job type involved. Whenever possible, the authority shall invite at least one proposal from a minority or woman contractor, or from a contractor that employs, or commits to employ, residents of housing owned or managed by the authority, who shall otherwise qualify under this section. Such solicitations shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(5) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone request.

(6) The breaking-down of any public work or improvement into units, or accomplishing any public work or improvement by phases, for the purpose of avoiding the minimum dollar amount for bidding, is contrary to public policy and is prohibited.

(7) No authority under chapter 42.17 RCW shall be required to make financial information required to be provided by the prequalification procedure for inclusion on the small works roster available for public inspection or copying. [1989 c 363 § 6.]

35.82.080 Operation not for profit. It is hereby declared to be the policy of this state that every housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for low-income dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and that no housing authority shall construct or operate any such project for profit, or as a source of revenue to the city or the county. To this end, an authority shall fix the rentals for rental units for persons of low income in projects owned or leased by the authority at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds or other obligations of the authority issued or incurred to finance the projects; (2) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (3) to create (during not less than the six years immediately succeeding its issuance of any such bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. Nothing contained in this section shall be construed to limit an authority's power to rent commercial space located in buildings containing housing projects or non low-income units owned, acquired, financed, or constructed under *RCW 35.82.070(5), (16), or (17) at profitable rates and to use any profit realized from such rentals in carrying into effect the powers and purposes provided to housing authorities under this chapter. [1989 c 363 § 3; 1983 c 225 § 3; 1977 ex.s.c. 274 § 3; 1965 c 7 § 35.82.080. Prior: 1993 c 23 § 9; RRS § 6889-9. Formerly RCW 74.24.080.]

*Reviser's note: RCW 35.82.070 was amended by 1991 c 167 § 1, changing subsections (16) and (17) to subsections (17) and (18); and subsequently amended by 1993 c 478 § 17 changing subsections (17) and (18) to subsections (18) and (19).

Severability—1983 c 225: See note following RCW 35.82.020.

35.82.090 Rentals and tenant selection. In the operation and management of rental units which are rented to persons of low income in any housing project an authority shall at all times observe the following duties with respect to rentals and tenant selection: (1) It may rent or lease the dwelling accommodations therein to persons of low income and at rentals within the financial reach of such persons of low income; (2) it may rent or lease to a low-income tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding; and (3) it shall not accept any person as a low income tenant in any housing project designated for persons of low income if the person or persons who would occupy the dwelling accommodations have an annual net income in excess of five times the annual rental of the quarters to be furnished such person or persons, except that in the case of families with three or more minor dependents, such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to occupants of heat, water, electricity, gas, cooking range and other necessary services or facilities, whether or not the charge for such services and facilities is in fact included in the rental. This income limitation does not apply to housing projects designated for senior citizens.

Nothing contained in this section or RCW 35.82.080 shall be construed as limiting the power of an authority to vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof, free from all the restrictions imposed by this section or RCW 35.82.080. [1989 c 363 § 4; 1979 ex.s.c. 187 § 3; 1977 ex.s.c. 274 § 4;
35.82.100 Cooperation between authorities. Any two or more authorities may join or cooperate with one another in the exercise of any or all of the powers conferred hereby for the purpose of financing, planning, undertaking, constructing or operating a housing project or projects located within the area of operation of any one or more of said authorities. [1965 c 7 § 35.82.100. Prior: 1939 c 23 § 10; RRS § 6889-10. Formerly RCW 74.24.100.]

35.82.110 Eminent domain. An authority shall have the right to acquire by the exercise of the power of eminent domain any real property which it may deem necessary for its purposes under this chapter after the adoption by it of a resolution declaring that the acquisition of the real property described therein is necessary for such purposes. An authority may exercise the power of eminent domain in the same manner and under the same procedure as now is or may be hereafter provided by law in the case of other corporations authorized by the laws of the state to exercise the right of eminent domain; or it may exercise the power of eminent domain in the manner now or which may be hereafter provided by any other applicable statutory provisions for the exercise of the power of eminent domain. Property already devoted to a public use may be acquired in like manner: PROVIDED, That no real property belonging to the city, the county, the state or any political subdivision thereof may be acquired without its consent. Eminent domain: Title 8 RCW.

35.82.120 Planning, zoning and building laws. All housing projects of an authority shall be subject to the planning, zoning, sanitary and building laws, ordinances and regulations applicable to the locality in which the housing project is situated. In the planning and location of any housing project, an authority shall take into consideration the relationship of the project to any larger plan or long-range program for the development of the area in which the housing authority functions. [1965 c 7 § 35.82.120. Prior: 1939 c 23 § 13; RRS § 6889-13. Formerly RCW 74.24.120.]

Planning commissions: Chapter 35.63 RCW.

35.82.130 Bonds. An authority shall have power to issue bonds from time to time in its discretion, for any of its corporate purposes. An authority shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. An authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable: (1) Exclusively from the income and revenues of the housing project financed with the proceeds of such bonds; (2) exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds; or (3) from all or part of its revenues or assets generally. Any such bonds may be additionally secured by a pledge of any grant or contributions from the federal government or other source, or a pledge of any income or revenues of the authority, or a mortgage of any housing project, projects or other property of the authority. Any pledge made by the authority shall be valid and binding from the time when the pledge is made; the revenues, monies, or property so pledged and thereafter received by the authority shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective or whether the parties have notice thereof.

Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the city, the county, the state or any political subdivision thereof and neither the city or the county, nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of the authority. The bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. Nothing in this section shall prevent an authority issuing bonds the interest on which is included in gross income of the owners thereof for income tax purposes. [1995 c 293 § 2; 1991 c 167 § 2; 1977 ex.s.c 274 § 5; 1965 c 7 § 35.82.130. Prior: 1939 c 23 § 14; RRS § 6889-14. Formerly RCW 74.24.130.]

The bonds may be sold at public or private sale. In case any of the commissioners or officers of the authority whose signatures appear on any bond or any coupons shall cease to be such commissioners or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if they had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to this chapter shall be fully negotiable.

[Title 35 RCW—page 256]
In any suit, action or proceedings involving the validity or enforceability of any bond of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a housing project to provide dwelling accommodations for persons of low income shall be conclusively deemed to have been issued for a housing project of such character and said project shall be conclusively deemed to have been planned, located and constructed in accordance with the purposes and provisions of this chapter.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 65; 1977 ex.s. c 274 § 6; 1970 ex.s. c 56 § 45; 1969 ex.s. c 232 § 22; 1965 c 7 § 35.82.140. Prior: 1939 c 23 § 15; RRS § 6889-15. Formerly RCW 74.24.140.]

First class cities, generally: Chapter 35.22 RCW.

35.85.020 Assessment district—Resolution—Hearing—Ordinance ordering improvement. Any such improvement may be initiated by the city council, or other legislative body, by a resolution, declaring its intention to order such improvement, which resolution shall set forth the nature and territorial extent of such proposed improvement, shall specify and describe the boundaries of the proposed improvement district and notify all persons who may desire to object thereto to appear and present such objections at a meeting of the council specified in such resolution and directing the board of public works, or other proper board, officer, or authority of the city, to submit to such council at or prior to the date fixed for such hearing the estimated cost and expense of the improvement, and a statement of the proportionate amount thereof which should be borne by the property within the proposed improvement district, and a statement of the aggregate assessed valuation of the real property exclusive of improvements, within said district, according to the valuation last placed upon it for purposes of general taxation. Such resolution shall be published in at least two consecutive issues of the official newspaper of the city, the date of the first publication to be at least thirty days prior to the date fixed by the resolution for hearing before the council.

Upon such hearing, or upon any adjournment thereof, the council shall have power to amend, change, extend, or contract the boundaries of the proposed improvement district as specified in the resolution, and to consider and determine all matters in relation to the proposed improvement, and, upon the conclusion of the hearing, or any adjournment thereof, shall have power by ordinance to order the improvement to be made and to adopt, fix and establish the boundaries of the improvement district. The action of such council in ordering such improvement, or in abandoning it, and in fixing and establishing the boundaries of the improvement district shall be final and conclusive. Any such ordinance may be passed upon majority vote of the council or other legislative body of the city.

Such ordinance may provide for the construction of the improvement in sections, the letting of separate contracts for each such section, and, in case the same is made in sections, separate assessment rolls to defray the cost and expense of any such section of such improvement may be prepared, and the amounts thereon appearing as finally determined, may be levied and assessed against real property within the improvement district. The provisions of law, charter and ordinance of any such city, relating to supplemental assessments, reassessments and omitted property shall be applicable to any improvement authorized in this chapter.

The city council, or other legislative body of such city, shall by general ordinance, make provision for hearing any objections in writing, to any assessment roll for such improvement, filed with the city clerk or comptroller at a prior date to the hearing thereon. Any right of appeal to the superior court provided by law to be taken from any local improvement assessment levied and assessed by any such city, may be exercised, within the time and in the manner therein provided, by any person so objecting to any assessment levied and assessed for any improvement authorized in this chapter. [1965 c 7 § 35.85.020. Prior: 1911 c 103 § 2; 1909 ex.s.c 14 § 2; RRS § 9002.]

Appeal from local improvement district assessments: RCW 35.44.200 through 35.44.270.

35.85.030 Limit of assessment—Lien—Priority. The city council may prescribe by general ordinance, the mode and manner in which the charge upon property in such local improvement district shall be assessed and determined for the purpose of paying the cost and expense of establishing and constructing such improvement: PROVIDED, That no assessment shall be levied on any such district, the aggregate of which is a greater sum than twenty-five percent of the assessed value of all the real property in such district according to the last equalized assessment thereof for general taxation: PROVIDED FURTHER, That there shall be, in all cases, an opportunity for a hearing upon objections to the assessment roll by the parties affected thereby, before the council as a board of equalization, which hearing shall be after publication of a reasonable notice thereof, such notice to be published in such manner and for such time as may be prescribed by ordinance. At such hearing, or at legal adjournments thereof, such changes may be made in the assessment roll as the city council may find necessary to make the same just and equitable. Railroad rights-of-way shall be assessed for such benefits as shall inure or accrue to the owners, lessees, or operators of the same, resulting or to result from the construction and maintenance of any such improvement, whether such rights-of-way lie within the limits of any street or highway or not; such assessment to lie against the franchise rights when such right-of-way is within such street or highway.

When the assessment roll has been finally confirmed by the city council, the charges therein made shall be and become a lien against the property or franchise therein described, paramount to all other liens (except liens for assessments and taxes) upon the property assessed from the time the assessment roll shall be placed in the hands of the collector. [1965 c 7 § 35.85.030. Prior: 1909 ex.s.c 14 § 3; RRS § 9003.]

35.85.040 Operation by city—Leases—Use of income. As a part of the original construction of any
improvement herein authorized, or afterward as an alteration or renewal thereof, any such city, notwithstanding any charter provision to the contrary, may, at its own cost, construct, maintain and operate street railway tracks in the roadway thereof, and may provide electric power for the propulsion of cars, and may lease the use of such tracks and power for the operation of street cars or interurban railways; or such city may authorize any operator of the street or interurban railways to construct and furnish such street railway tracks and electric power and use the same for street or interurban purposes, under lease or franchise ordinance: PROVIDED, That no such lease or franchise shall be exclusive, but shall at all times reserve the right to the city to permit other lines of street or interurban railway to use such street railway tracks in common with any preceding lessee or grantee, upon equal terms. The rate of lease or use of such street railway tracks for streets or interurban cars shall be as fixed by the legislative authority of the city, but shall not be less than one mill for each passenger carried, or ten cents for each freight car moved over such improvement. The income from such charges, rental and leasing shall be used wholly for the maintenance, repair and betterment of said improvement and the extinguishment of any debt incurred by the city in constructing it. [1965 c 7 § 35.85.040. Prior: 1909 ex.s. c 14 § 4; RRS § 9004.]

Any city of the first class shall have power to provide for the construction, maintenance and operation within such city of tunnels, subways, or both, with or without roadways, sidewalks, street railway tracks or any combination thereof therein, together with all necessary approaches thereto; and to order any and all work to be done which shall be necessary to complete any such improvement. The word "approaches," as used in this section, shall include any arterial highway or highways or streets connecting with any such tunnel or subway which may be necessary to give convenient access thereto or therefrom from any portion of the improvement district which may be specially benefited by such improvement, and which is liable to assessment for such improvement.

Whenever it is desired to pay the whole or any portion of the cost and expense of any such improvement by special assessments, the council or other legislative body of such city shall, in the ordinance ordering such improvement, fix and establish the boundaries of the improvement district, the property in which is to bear such assessment, which district shall include as near as may be all the property specially benefited by such improvement. [1965 c 7 § 35.85.050. Prior: 1925 ex.s. c 168 § 1; RRS § 9005-1.]

35.85.060 Procedure. Any such improvement may be initiated and assessments therefor determined and levied as prescribed in RCW 35.85.020 to 35.85.040, inclusive. [1965 c 7 § 35.85.060. Prior: 1925 ex.s. c 168 § 2; RRS § 9005-2.]

35.85.070 Assessments—Bonds. Any assessments so levied shall be collected, and bonds may be issued for the payment of the whole or any part of the cost of such improvement, in the manner now or hereafter provided for the collection of assessments and the issuance of bonds for other local improvements. [1965 c 7 § 35.85.070. Prior: 1925 ex.s. c 168 § 3; RRS § 9005-3.]

35.85.080 Construction of chapter. The provisions and remedies provided by this chapter are cumulative of existing provisions and remedies, and nothing herein contained shall be held to repeal any provision of the existing law or of any charter of any city upon the subject matter thereof, but such existing law or charter provision shall continue in full force and effect, and it shall be optional with the city authorities to proceed under either such existing law, charter provision or this chapter. Any bonds issued by such cities pursuant to this section shall be

Chapter 35.86A  Title 35 RCW: Cities and Towns

35.86A.120 Operation of parking facilities—Bid requirements and procedure.

35.86A.010 Declaration. It is hereby determined and declared:

(1) The free circulation of traffic of all kinds through our cities is necessary to the health, safety and general welfare of the public, whether residing in, traveling to or through the cities of this state;

(2) The most efficient use of the street and highway system requires availability of strategically located parking for vehicles in localities where large numbers of persons congregate;

(3) An expanding suburban population has increased demands for further concentration of uses in central metropolitan areas, necessitating an increasing investment in streets and highways;

(4) On-street parking is now inadequate, and becomes increasingly an inefficient and uneconomical method for temporary storage of vehicles in commercial, industrial and high-density residential areas, causing such immediate adverse consequences as the following, among others:

(a) Serious traffic congestion from on-street parking, which interferes with use of streets for travel, disrupts public surface transportation at peak hours, impedes rapid and effective fighting of fires and disposition of police forces, slows emergency vehicles, and inflicts hardship upon handicapped persons and others dependent upon private vehicles for transportation;

(b) On-street parking absorbs right-of-way useful and usable for travel;

(c) On-street parking reduces the space available for truck and passenger loading for the abutting properties, hinders ready access, and impedes cleaning of streets;

(d) Inability to temporarily store automobiles has discouraged the public from travel to and within our cities, from congregating at public events, and from using public facilities.

(5) Insufficient off-street parking has had long-range results, as the following, among others:

(a) Metropolitan street and highway systems have lost efficiency and the free circulation of traffic and persons has been impaired;

(b) The growth and development of metropolitan areas has been retarded;

(c) Business, industry, and housing has become unnecessarily and uneconomically dispersed;

(d) Limited and valuable land area is under used.

All of which cause loss of payrolls, business and productivity, and property values, with resulting impairment of the public health, safety and welfare, the utility of our streets and highways, and tax revenues;

(6) Establishment of public off-street parking facilities will promote the public health, safety, convenience, and welfare, by:

(a) Expediting the movement of the public, and of goods in metropolitan areas, alleviating traffic congestion, and preserving the large investment in streets and highways;

(b) Permitting a greater use of public facilities, congregation of the public, and more intensive development of private property within the community;

(7) Establishment of public off-street parking is a necessary ancillary to and extension of an efficient street and highway system in metropolitan areas, as much so as a station or terminal is to a railroad or urban transit line;

(8) Public-off-street parking facilities, open to the public and owned by a city or town, are and remain a public use and a public function, irrespective of whether:

(a) Parking fees are charged to users;

(b) The management or operation of one or more parking facilities is conducted by a public agency, or under contract or lease by private enterprise; or

(c) A portion of the facilities is used for commercial, store or automobile accessory purposes;

(9) Public parking facilities under the control of a parking commission are appropriately treated differently from other parking facilities of a city. [1969 ex.s.c 204 § 1.]

Severability—1969 ex.s.c 204: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1969 ex.s.c 204 § 15.] This applies to chapter 35.86A RCW and RCW 35.86.020 and 35.86.040.

35.86A.020 Authority of cities of first and second class to establish parking facilities through parking commissions. Cities of the first and second class are authorized and empowered to establish and maintain public off-street parking facilities through a parking commission; the use of property and property rights for such purpose is declared to be a public use; and parking facilities under the control of such parking commission shall be governed by the provisions of this chapter. [1994 c 81 § 64; 1969 ex.s.c 204 § 2.]

35.86A.030 Definitions. (1) "Parking facilities" means lots, garages, parking terminals, buildings and structures and accommodations for parking of motor vehicles off the street or highway, open to public use, with or without charge.

(2) "Parking commission" shall mean the department or agency created by the legislative authority of the municipality as hereinafter provided.

(3) "City council" shall mean the city council or legislative authority of the municipality.

(4) "Mayor" shall mean the chief executive officer of the municipality. [1969 ex.s.c 204 § 3.]

35.86A.040 Ownership, control and use of parking facilities. Parking facilities established pursuant to this chapter shall be owned by the city, under the control of the parking commission (unless relinquished), and for the use of the public. The provisions of chapter 35.86 RCW as now or hereafter amended shall not apply to such parking facilities or other facilities under parking commission control. [1969 ex.s.c 204 § 4.]

35.86A.050 Parking commission—Creation authorized—Purpose—Membership—Terms—Vacancies—Expenses. Any city of the first or second class may by ordinance create a parking commission for the purpose of establishing and operating off-street parking facilities.
Such parking commission shall consist of five members appointed by the mayor and confirmed by the city council, who shall serve without compensation but may be reimbursed for necessary expenses. One member of the parking commission shall be selected from among persons actively engaged in the private parking industry, if available.

Three of those first appointed shall be designated to serve for one, two, and three years respectively, and two shall be designated to serve four years. The terms for all subsequently appointed members shall be four years. In event of any vacancy, the mayor, subject to confirmation of the city council, shall make appointments to fill the unexpired portion of the term.

A member may be reappointed, and shall hold office until his or her successor has been appointed and has qualified. Members may be removed by the mayor upon consent of the city council. [1969 ex.s. c 204 § 5.]

(2) Construct, maintain, and operate off-street parking facilities located on land dedicated for park or civic center purposes, or on other municipally-owned land where the primary purpose of such off-street parking facility is to provide parking for persons who use such park or civic center facilities, and undertake research, and prepare plans incidental thereto subject to applicable statutes and charter provisions for municipal purchases, expenditures, and improvements; and in addition may own other off-street parking facilities and operate them in accordance with RCW 35.86A.120: PROVIDED, That the provisions of chapter 35.86 RCW as now or hereafter amended shall not apply to such construction, operation or maintenance;

(3) Establish and collect parking fees, require that receipts be provided for parking fees, make exemption for handicapped persons, lease space for commercial, store, advertising or automobile accessory purposes, and regulate prices and service charges, for use of and within and the aerial space over parking facilities under its control; and services related thereto, including leasing of such facilities or portions thereof;

(6) Cause construction of parking facilities as a condition of an operating agreement or lease, derived through competitive bidding, or in the manner authorized by chapter 35.42 RCW;

(7) Execute and accept instruments, including deeds, necessary or convenient for the carrying on of its business; acquire rights to develop parking facilities over or under city property; and to contract to operate and manage parking facilities under the jurisdiction of other city departments or divisions and of other public bodies;

(8) Determine the need for and recommend to the city council:

(a) The establishment of local improvement districts to pay the cost of parking facilities or any part thereof;

(b) The issuance of bonds or other financing by the city for construction of parking facilities;

(c) The acquisition of property and property rights by condemnation from the public, or in street areas;

(9) Transfer its control of property to the city and liquidate its affairs, so long as such transfer does not contravene any covenant or agreement made with the holders of bonds or other creditors; and

(10) Require payment of the excise tax hereinafter provided.

Parking fees for parking facilities under the control of the parking commission shall be maintained commensurate with and neither higher nor lower than prevailing rates for parking charged by commercial operators in the general area. 35.86A.080 New off-street parking facilities—Powers of parking commission and city council. (1) Whenever the parking commission intends to construct new off-street parking facilities it shall:

(a) Prepare plans for such proposed development, which shall meet the approval of the planning commission, other appropriate city planning agency, or city council;

(b) Prepare a report to the city council stating the proposed method of financing and property acquisition;

(c) Specify the property rights, if any, to be secured from the public or of property devoted to public use; the uses of streets necessary therefor, or realignment or vacation of streets and alleys; the relocation of street utilities; and any street area to be occupied or closed during construction.

(2) In the event the proposed parking facility shall require:

(a) Creation of a local improvement district;

(b) Issuance of bonds, allocation or appropriation of municipal revenues from other sources, or guarantees of or use of the credit of the municipality;

(c) Exercise of the power of eminent domain; or

(d) Use of, or vacation, realignment of streets and alleys, or relocation of municipal utilities.

One or more public hearings shall be held thereon before the city council, or an assigned committee thereof, which shall report its recommendations to be approved, revised, or rejected by the city council. Such hearings may
be consolidated with any required hearings for street vacations, or creation of a local improvement district. Pursuant to such hearing, the city council may:

(1) Create a local improvement district to finance all or part of the parking facility, in accordance with Title 35 RCW, as now existing or hereinafter amended: PROVIDED, HOWEVER, That assessments against property within the district may be measured per lot, per square foot, by property valuation, or any other method as fairly reflects the special benefits derived therefrom, and credit in calculating the assessment may be allowed for property rights or services performed;

(2) Provide for issuance of revenue bonds payable from revenues of the proposed parking facility, from other off-street parking facilities, on-street meter collections, or allocations of other sources of funds; issue general obligation bonds; make reimbursable or nonrefundable appropriations from the general fund, or reserves; and/or guarantee bonds issued or otherwise pledge the city's credit, all in such combination, and under such terms and conditions as the city council shall specify;

(3) Authorize acquisition of the necessary property and property rights by eminent domain proceedings, in the manner authorized by law for cities in Title 8 RCW: PROVIDED, That the city council shall first determine that the proposed parking facility will promote the circulation of traffic or the more convenient or efficient use by the public of streets or public facilities in the immediate area than would exist if the proposed parking facility were not provided, or that the parking facility otherwise enhances the public health, safety and welfare; and

(4) Authorize and execute the necessary transfer or control of property rights; vacate or realign streets and alleys or permit uses within the same; and direct relocation of street utilities.

In event none of the four above powers need be exercised, the city council's approval of construction plans shall be deemed full authority to construct and complete the parking facility. [1969 ex.s. c 204 § 8.]

**35.86A.090 Powers of cities.** The city may:

(1) Transfer control of off-street parking facilities under other departments to the parking commission under such conditions as deemed appropriate;

(2) Issue revenue bonds pursuant to chapter 35.41 RCW, and RCW *35.24.305, and 35.81.100 as now or hereafter amended, and such other statutes as may authorize such bonds for parking facilities authorized herein;

(3) Issue general obligation bonds pursuant to chapters 39.44, 39.52 RCW, and RCW 35.81.115 as now or hereafter amended, and such other statutes and applicable provisions of the state Constitution that may authorize such bonds for parking facilities authorized herein;

(4) Appropriate funds for the parking commission; and

(5) Enact such ordinances as may be necessary to carry out the provisions of this chapter, notwithstanding any charter provisions to the contrary. [1969 ex.s. c 204 § 9.]

*Reviser's note: RCW 35.24.305 was recodified as RCW 35.23.454 pursuant to 1994 c 81 § 90.*

**35.86A.100 Disposition of revenues—Expenditure procedure.** All revenues received shall be paid to the municipal treasurer for the credit of the general fund, or such other funds as may be provided by ordinance.

Expenditures of the parking commission shall be made in accordance with the budget adopted by the municipality pursuant to chapter 35.32A RCW. [1969 ex.s. c 204 § 10.]

**35.86A.110 Excise tax to reimburse taxing authorities for loss of property tax revenue.** Such cities shall pay to the county treasurer an annual excise tax equal to the amount which would be paid upon real property devoted to the purpose of off-street parking, were it in private ownership. This section shall apply to parking facilities acquired and/or operated under this chapter. The proceeds of such excise tax shall be allocated by the county treasurer to the various taxing authorities in which such property is situated, in the same manner as though the property were in private ownership. [1969 ex.s. c 204 § 11.]

**35.86A.120 Operation of parking facilities—Bid requirements and procedure.** Except for off-street parking facilities situated on real property leased or rented to a city and not used for park and civic center parking, cities may operate off-street parking facilities with city forces. Leased or rented off-street parking facilities shall be operated by responsible, experienced private operators of such facilities. The call for bids shall specify the terms and conditions under which the facility will be leased for private operation. The call for bids shall specify the time and place at which the bids will be received and the time and when the same will be opened, and such call shall be advertised once a week for two successive weeks before the time fixed for the filing of bids in a newspaper of general circulation in the city. If no bid is received for the operation of such an off-street parking facility, or if the bids received are not satisfactory, the legislative body of the city may reject such bids and shall readvertise the facility for lease. In the event that no bids or no satisfactory bids shall have been received following the second advertising, the city may negotiate with a private operator for the operation of the facility without competitive bidding. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section. 35.87A.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Business" means all types of business, including professions.

(2) "Legislative authority" means the legislative authority of any city or town including unclassified cities or towns operating under special charters or the legislative authority of any county.

(3) "Multifamily residential or mixed-use project" means any building or buildings containing four or more residential units or a combination of residential and commercial units, whether title to the entire property is held in single or undivided ownership or title to individual units is held by owners who also, directly or indirectly through an association, own real property in common with the other unit owners.

(4) "Residential operator" means the owner or operator of a multifamily residential or mixed-use project if title is held in single or undivided ownership, or, if title is held in a form of common interest ownership, the association of unit owners, condominium association, homeowners' association, property owners' association, or residential cooperative corporation. [1993 c 429 § 2; 1971 ex.s. c 45 § 2.]

35.87A.030 Initiation petition or resolution—Contents. For the purpose of establishing a parking and business improvement area, an initiation petition may be presented to the legislative authority having jurisdiction of the area in which the proposed parking and business improvement area is to be located or the legislative authority may by resolution initiate a parking and business improvement area. The initiation petition or resolution shall contain the following:

(1) A description of the boundaries of the proposed area;

(2) The proposed uses and projects to which the proposed special assessment revenues shall be put and the total estimated cost thereof;

(3) The estimated rate of levy of special assessment with a proposed breakdown by class of business and multifamily residential or mixed-use project if such classification is to be used.

The initiating petition shall also contain the signatures of the persons who operate businesses and residential operators in the proposed area which would pay fifty percent of the proposed special assessments. [1993 c 429 § 3; 1971 ex.s. c 45 § 3.]

35.87A.040 Resolution of intention to establish—Contents—Hearing. The legislative authority, after receiving a valid initiation petition or after passage of an initiation resolution, shall adopt a resolution of intention to establish an area. The resolution shall state the time and place of a hearing to be held by the legislative authority to consider establishment of an area and shall restate all the information contained in the initiation petition or initiation resolution regarding boundaries, projects and uses, and estimated rates of assessment. [1971 ex.s. c 45 § 4.]

35.87A.050 Notice of hearing. Notice of a hearing held under the provisions of this chapter shall be given by:

(1) One publication of the resolution of intention in a newspaper of general circulation in the city; and

(2) Mailing a complete copy of the resolution of intention to each business and multifamily residential or mixed-use project in the proposed, or established, area. Publication and mailing shall be completed at least ten days prior to the time of the hearing. [1993 c 429 § 4; 1971 ex.s. c 45 § 5.]

35.87A.060 Hearings. Whenever a hearing is held under this chapter, the legislative authority shall hear all protests and receive evidence for or against the proposed action. The legislative authority may continue the hearing from time to time. Proceedings shall terminate if protest is made by businesses and residential operators in the proposed area which would pay a majority of the proposed special assessments. [1993 c 429 § 5; 1971 ex.s. c 45 § 6.]

35.87A.070 Change of boundaries. If the legislative authority decides to change the boundaries of the proposed area, the hearing shall be continued to a time at least fifteen days after such decision and notice shall be given as prescribed in RCW 35.87A.050, showing the boundary amendments, but no resolution of intention is required. [1971 ex.s. c 45 § 7.]

35.87A.080 Special assessments—Legislative authority may make reasonable classifications—Assessments for separate purposes. For purposes of the special assessments to be imposed pursuant to this chapter, the legislative authority may make a reasonable classification of businesses and multifamily residential or mixed-use projects, giving consideration to various factors such as business and occupation taxes imposed, square footage of the business, number of employees, gross sales, or any other reasonable factor relating to the benefit received, including the degree of benefit received from parking. Whenever it is proposed that a parking and business improvement area provide more than one of the purposes listed in RCW 35.87A.010, special assessments may be imposed in a manner that measures benefit from each of the separate purposes, or any combination of the separate purposes. Special assessments shall be imposed and collected annually, or on another basis specified in the ordinance establishing the parking and business improvement area. [1993 c 429 § 6; 1985 c 128 § 2; 1981 c 279 § 2; 1971 ex.s. c 45 § 8.]

35.87A.090 Special assessments—Same basis or rate for classes not required—Factors as to parking facilities. The special assessments need not be imposed on different classes of business and multifamily residential or mixed-use projects, as determined pursuant to RCW 35.87A.080, on the same basis or the same rate. The special assessments imposed for the purpose of the acquisition, construction or maintenance of parking facilities for the benefit of the area shall be imposed on the basis of benefit determined by the
legislative authority after giving consideration to the total cost to be recovered from the businesses and multifamily residential or mixed-use projects upon which the special assessment is to be imposed, the total area within the boundaries of the parking and business improvement area, the assessed value of the land and improvements within the area, the total business volume generated within the area and within each business, and such other factors as the legislative authority may find and determine to be a reasonable measure of such benefit. [1993 c 429 § 7; 1971 ex.s. c 45 § 9.]

35.87A.100 Ordinance to establish—Adoption—Contents. If the legislative authority, following the hearing, decides to establish the proposed area, it shall adopt an ordinance to that effect. This ordinance shall contain the following information:

(2) The time and place the hearing was held concerning the formation of such area;
(3) The description of the boundaries of such area;
(4) A statement that the businesses and multifamily residential or mixed-use projects in the area established by the ordinance shall be subject to the provisions of the special assessments authorized by RCW 35.87A.010;
(5) The initial or additional rate or levy of special assessment to be imposed with a breakdown by classification of business and multifamily residential or mixed-use project, if such classification is used; and
(6) A statement that a parking and business improvement area has been established.
(7) The uses to which the special assessment revenue shall be put. Uses shall conform to the uses as declared in the initiation petition presented pursuant to RCW 35.87A.030. [1993 c 429 § 8; 1971 ex.s. c 45 § 10.]

35.87A.110 Use of revenue—Contracts to administer operation of area. The legislative authority of each city or town or county shall have sole discretion as to how the revenue derived from the special assessments is to be used within the scope of the purposes; however, the legislative authority may appoint existing advisory boards or commissions to make recommendations as to its use, or the legislative authority may create a new advisory board or commission for the purpose.

The legislative authority may contract with a chamber of commerce or other similar business association operating primarily within the boundaries of the legislative authority to administer the operation of a parking and business improvement area, including any funds derived pursuant thereto: PROVIDED, That such administration must comply with all applicable provisions of law including this chapter, with all county, city, or town resolutions and ordinances, and with all regulations lawfully imposed by the state auditor or other state agencies. [1971 ex.s. c 45 § 11.]

35.87A.120 Use of assessment proceeds restricted. The special assessments levied hereunder must be for the purposes specified in the ordinances and the proceeds shall not be used for any other purpose. [1971 ex.s. c 45 § 12.]

35.87A.130 Collection of assessments. Collections of assessments imposed pursuant to this chapter shall be made at the same time and in the same manner as otherwise prescribed by Title 35 RCW or in such other manner as the legislative authority shall determine. [1971 ex.s. c 45 § 13.]

35.87A.140 Changes in assessment rates. Changes may be made in the rate or additional rate of special assessment as specified in the ordinance establishing the area, by ordinance adopted after a hearing before the legislative authority.

The legislative authority shall adopt a resolution of intention to change the rate or additional rate of special assessment at least fifteen days prior to the hearing required by this section. This resolution shall specify the proposed change and shall give the time and place of the hearing. Proceedings to change the rate or impose an additional rate of special assessments shall terminate if protest is made by businesses or multifamily residential or mixed-use projects in the proposed area which would pay a majority of the proposed increase or additional special assessments. [1993 c 429 § 9; 1971 ex.s. c 45 § 14.]

35.87A.150 Benefit zones—Authorized—Rates. The legislative authority may, for each of the purposes set out in RCW 35.87A.010, establish and modify one or more separate benefit zones based upon the degree of benefit derived from the purpose and may impose a different rate of special assessment within each such benefit zone. [1971 ex.s. c 45 § 15.]

35.87A.160 Benefit zones—Establishment, modification and disestablishment of area provisions and procedure to be followed. All provisions of this chapter applicable to establishment or disestablishment of an area also apply to the establishment, modification, or disestablishment of benefit zones pursuant to *RCW 35.87A.150. The establishment or the modification of any such zone shall follow the same procedure as provided for the establishment of a parking and business improvement area and the disestablishment shall follow the same procedure as provided for disestablishment of an area. [1971 ex.s. c 45 § 16.]

*Reviser's note: "RCW 35.87A.150" has been translated from "section 13 of this act," as the reference to section 13, herein codified as RCW 35.87A.130, was apparently erroneous.

35.87A.170 Exemption period for new businesses and projects. Businesses or multifamily residential or mixed-use projects established after the creation of an area within the area may be exempted from the special assessments imposed pursuant to this chapter for a period not exceeding one year from the date they commenced business in the area. [1993 c 429 § 10; 1971 ex.s. c 45 § 17.]

35.87A.180 Disestablishment of area—Hearing. The legislative authority may disestablish an area by ordinance after a hearing before the legislative authority. The legislative authority shall adopt a resolution of intention to disestablish the area at least fifteen days prior to the hearing required by this section. The resolution shall give the time and place of the hearing. [1971 ex.s. c 45 § 18.]
35.87A.190 Disestablishment of area—Assets and liabilities. Upon disestablishment of an area, any proceeds of the special assessments, or assets acquired with such proceeds, or liabilities incurred as a result of the formation of such area, shall be subject to disposition as the legislative authority shall determine: PROVIDED, HOWEVER, Any liabilities, either current or future, incurred as a result of action taken to accomplish the purposes of RCW 35.87A.010 shall not be an obligation of the general fund or any special fund of the city or town, but such liabilities shall be provided for entirely from available revenue generated from the projects or facilities authorized by RCW 35.87A.010 or from special assessments on the property specially benefited within the area. [1971 ex.s. c 45 § 19.]

35.87A.200 Bids required—Monetary amount. Any city or town or county authorized by this chapter to establish a parking improvement area shall call for competitive bids by appropriate public notice and award contracts, whenever the estimated cost of such work or improvement, including cost of materials, supplies and equipment, exceeds the sum of two thousand five hundred dollars. [1971 ex.s. c 45 § 20.]

35.87A.210 Computing cost of improvement for bid requirement. The cost of the improvement for the purposes of this chapter shall be aggregate of all amounts to be paid for the labor, materials and equipment on one continuous or inter-related project where work is to be performed simultaneously or in near sequence. Breaking an improvement into small units for the purposes of avoiding the minimum dollar amount prescribed in RCW 35.87A.200 is contrary to public policy and is prohibited. [1971 ex.s. c 45 § 21.]

35.87A.220 Existing laws not affected—Chapter supplemental—Purposes may be accomplished in conjunction with other methods. This chapter providing for parking and business improvement areas shall not be deemed or construed to affect any existing act, or any part thereof, relating to special assessments or other powers of counties, cities and towns, but shall be supplemental thereto and concurrent therewith.

The purposes and functions of parking and business improvement areas as set forth by the provisions of this chapter may be accomplished in part by the establishment of an area pursuant to this chapter and in part by any other method otherwise provided by law, including provisions for local improvements. [1971 ex.s. c 45 § 22.]

35.87A.900 Severability—1971 ex.s. c 45. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected. [1971 ex.s. c 45 § 23.]

Anything done, maintained, or suffered, in violation of any of the provisions of this section, shall be deemed to be a public nuisance, and may be summarily abated as such by any court of competent jurisdiction at the suit of the secretary of social and health services or any person whose supply of water for human or animal consumption or for domestic purposes is or may be affected. [1979 c 141 § 40; 1965 c 7 § 35.88.080. Prior: (i) 1941 c 186 § 1; Rem. Supp. 1941 § 9354-1. (ii) 1941 c 186 § 3; Rem. Supp. 1941 § 9354-3.]

The new bonds shall be called water redemption bonds. [1965 c 7 § 35.89.010. Prior: (i) 1929 c 85 § 1; 1923 c 52 § 1; RRS § 9154-1. (ii) 1923 c 52 § 2, part; RRS § 9154-2, part.]

Upon the exchange of the water redemption bonds authorized by this chapter for local improvement district bonds the city or town shall be subrogated to all the rights of the owners and holders of such local improvement district bonds against the property of the local improvement district and against any person or corporation liable thereon.

Any money derived by the city or town from the sale or enforcement of such local improvement district bonds shall be paid into the city's water redemption fund. [1965 c 7 § 35.89.030. Prior: 1923 c 52 § 3; RRS § 9154-3.]

The bonds shall be called and paid in their numerical order, and the call shall be made by publication in the official newspaper of the city or town. The call shall state the total amount and the serial number or numbers of the bonds called and that they will be paid on the date when the next semiannual payment of interest will be due, and that interest on the bonds called will cease from such date. [1965 c 7 § 35.89.080. Prior: 1923 c 52 § 7; RRS § 9154-7.]
Every ordinance, resolution, order, or action of the council, board, or officer of any city or town, and every warrant or other instrument made, issued, passed or done in violation of the provisions of this chapter shall be void.

Every officer, agent, employee, or member of the council of the city or town, and every person or corporation who shall knowingly commit any violation of the provisions of this chapter or knowingly aid in such violation, shall be liable to the city or town for all money transferred, diverted or paid out in violation thereof and such liability shall attach to and be enforceable against the official bond, if any, of such official agent, employee, or member of the council. [Title 35 RCW—page 276]
35.92.010 Authority to acquire and operate waterworks—Generation of electricity—Classification of services for rates. A city or town may construct, condemn and purchase, acquire, add to, alter, maintain and operate waterworks, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof; PROVIDED, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a byproduct and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes, and the city or town may acquire by purchase or condemnation and purchase any properties or privileges necessary to be had to protect its water supply from pollution. Should private property be necessary for any such purposes or for storing water above high water mark, the city or town may condemn and purchase, or purchase and acquire such private property. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a city or town that does not own or operate an electric utility system to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner. [1991 c 347 § 18. Prior: 1985 c 445 § 4; 1985 c 444 § 2; 1965 c 7 § 35.92.010; prior: 1959 c 90 § 6; 1957 c 209 § 2; prior: 1951 c 252 § 1; 1947 c 214 § 1, part; 1933 c 163 § 1, part; 1931 c 53 § 1, part; 1923 c 173 § 1, part; 1913 c 45 § 1, part; 1909 c 150 § 1, part; 1899 c 128 § 1, part; 1897 c 112 § 1, part; 1893 c 8 § 1, part; 1890 p 520 § 1, part; Rem. Supp. 1947 § 948B, part. Formerly RCW 80.40.010.]

Intent—1985 c 444: "For the purposes of this act, the legislature finds it is the policy of the state of Washington that:

(1) The quality of the natural environment shall be protected and, where possible, enhanced as follows: Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(2) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public." [1985 c 444 § 1.]

Construction—Economic feasibility study—1985 c 444: "(1) Nothing in this act exempts any city or town, water district, or sewer district from compliance with applicable state and federal statutes and regulations including, but not limited to, State environmental policy act, chapter 43.21C RCW; national environmental policy act, 42 U.S.C. Sec. 4321 et seq.; federal power act, 16 U.S.C. Sec. 791 et seq.; public utility regulatory policies act, 15 U.S.C. Sec. 1251 et seq.; the public water system coordination act, chapter 70.116 RCW; and the state clean water act, chapter 90.48 RCW.

(2) In addition, if the work proposed under this act involves a new water supply project combined with an electric generation facility with an installed capacity in excess of five megawatts which may produce electricity for sale in excess of present and future needs of the water system, then each of those with a greater than twenty-five percent ownership interest in the project shall jointly prepare an independent economic feasibility study evaluating the cost-effectiveness of the combined facility in the context of forecast regional water needs, alternate sources of water supply, and the potential impact of the combined facility on rates charged for water and electricity.

In addition to the economic feasibility study, the results of the environmental impact statement required by chapter 43.21C RCW and any review by the department of ecology made pursuant to chapter 90.54 RCW shall be made available to the public at least sixty days prior to any public vote on the new combined project.

(3) This act supplements the authority of cities and towns, water districts, and sewer districts and does not restrict or impose limits on any authority such municipal corporations may otherwise have under any laws of this state nor may the authority of such municipal corporations under other laws of this state be construed more narrowly on account of this act." [1985 c 444 § 7.]
Severability—1985 c 444: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 444 § 8.]

Validating—1917 c 12: "Whenever any city or town has heretofore issued or authorized to be issued by such vote of its electors as is required by law at any election duly and legally held to vote on such proposition, such utility bonds for the purpose of purchasing, paying for or acquiring any such utility as is described in this act, in every such case such utility bonds are hereby declared to be legal and valid, and such city or town is hereby authorized and empowered to proceed to issue and negotiate such bonds and to continue and conclude proceedings for the purchase or acquisition of such utility, and is hereby given full power to maintain and operate the same within all and every part of such contiguous territory whether incorporated or unincorporated." [1917 c 12 § 2.]

Validating—1909 c 150: "That in all cases where the qualified electors of any city or town have heretofore, at any election, ratified any plan or system of any public utility mentioned in section 1 of this act, and shall have authorized a general indebtedness of such city or town and the issuance of bonds therefor, or the creation of a special fund or funds out of the revenues of the public utility the plan or system of which was so ratified, and the issuance of bonds or warrants payable only out of such fund or funds; and pursuant to such authorization or ratification a general indebtedness shall have been incurred or authorized to be incurred, and bonds or other obligations issued or contracted to be issued or authorized to be issued, or a special fund or funds shall have been created out of the revenue of any such public utility by pledging or setting aside a fixed proportion of such revenues, or a fixed amount out of and not exceeding a fixed proportion or a fixed amount without regard to any fixed proportion, and bonds or warrants payable either upon the call of such city or town at a fixed date, but only out of such special fund or funds, issued or contracted to be issued or authorized to be issued, or a contract or contracts for the purchase, construction, acquisition, improvement, betterment, or addition to such public utility entered into; such general indebtedness, bonds or other obligations, contracts, special funds, and bonds or warrants, payable out of such special funds, and all proceedings relating thereto, are hereby ratified, confirmed and validated; and any bonds or other obligations constituting a general indebtedness, or bonds or warrants payable out of such special funds, heretofore so authorized, may be hereafter issued or sold as if all of said proceedings were taken pursuant to and under the authority of this act, and in full compliance therewith." 35.92.017 Authority to assist customers in the acquisition of water conservation equipment—Limitations. Any city or town engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the city or town if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the city or town to meet future demand. Except where otherwise authorized, assistance shall be limited to:

(1) Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

(2) Providing a list of businesses that sell and install the fixtures, systems, and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize the fixtures, systems, and equipment in accordance with the prevailing national standards;

(3) Arranging to have approved conservation fixtures, systems, and equipment installed by a private contractor whose bid is acceptable to the owner of the structure and verifying the installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation fixtures, systems, and equipment. The fixtures, systems, and equipment shall be purchased or installed by a private business, the owner, or the utility.

Payback shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [1989 c 421 § 3.]

Intend—Water conservation encouraged—1989 c 421: "The conservation and efficient use of water is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, public utility districts, water districts, and other political subdivisions of the state that are engaged in the sale or distribution of water should be granted the authority to develop and carry out programs
that will conserve resources, reduce waste, and encourage more efficient use of water by consumers.

In order to establish the most effective state-wide program for water conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water. [1989 c 421 § 1]

Contingent effective date—1989 c 421: "This act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of water, is validly submitted and is approved and ratified by the voters at a general election held in November 1989. If the proposed amendment is not so approved and ratified, this act shall be void in its entirety." [1989 c 421 § 6.] Senate Joint Resolution No. 8210 was approved and ratified by the voters at the November 7, 1989, general election.

35.92.020 Authority to acquire and operate sewerage and solid waste handling systems, plants, sites, or facilities—Classification of services for rates. A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage, or solid waste handling as defined by RCW 70.95.030, and shall have full authority to manage, regulate, operate, control, and to fix the price of service of those systems, plants, sites, or other facilities within and without the limits of the city or town. The rates charged shall be uniform for the same class of customers or service. In classifying customers served or service furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors: (1) The difference in cost of service to customers; (2) the location of customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the parts of the system; (4) the different character of the service furnished customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other factors that present a reasonable difference as a ground for distinction. Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for storm water control facilities to the same extent private persons and private property are subject to such rates and charges that are imposed by cities and towns pursuant to RCW 35.92.020. In setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property. [1986 c 278 § 56; 1983 c 315 § 2.]

(1) Cities of the first class which operate electric generating facilities and distribution systems shall have power and authority to participate and enter into agreements for the use or undivided ownership of high voltage transmission facilities and capacity rights in those facilities and for the undivided ownership of any type of electric generating plants and facilities, including, but not limited to, nuclear and other thermal power generating plants and facilities and transmission facilities including, but not limited to, related transmission facilities, to be called "common facilities"; and for the planning, financing, acquisition, construction, operation, and maintenance with: (a) Each other; (b) electrical companies which are subject to the jurisdiction of the Washington utilities and transportation commission or the regulatory commission of any other state, to be called "regulated utilities"; (c) rural electric cooperatives, including generation and transmission cooperatives in any state; (d) municipal corporations, utility districts, or other political subdivisions in any state; and (e) any agency of the United States authorized to generate or transmit electrical energy. A city using or owning common facilities under this section may issue revenue bonds or other obligations to finance the city's share of the use or ownership of the common facilities.

(2) The agreement must provide that each participant shall defray its own interest and other payments required to be made or deposited in connection with any financing undertaken by it to pay its percentage of the money furnished or value of property supplied by it for the planning, acquisition, and construction of any common facility, or any additions or betterments. The agreement shall provide a uniform method of determining and allocating operation and maintenance expenses of a common facility.

(3) Each city participating in the ownership, use, or operation of a common facility shall pay all taxes chargeable to its share of the common facility and the electric energy generated under any applicable statutes and may make payments during preliminary work and construction for any increased financial burden suffered by any county or other existing taxing district in the county in which the common facility is located, under agreement with such county or taxing district.

(4) In carrying out the powers granted in this section, each such city shall be severally liable only for its own acts and not jointly or severally liable for the acts, omissions, or obligations of others. No money or property supplied by any such city for the planning, financing, acquisition, construction, operation, or maintenance of, or addition or improvement to any common facility shall be credited or otherwise applied to the account of any other participant therein, nor shall the undivided share of any city in any common facility be charged, directly or indirectly, with any debt or obligation of any other participant or be subject to any lien as a result thereof. No action in connection with a common facility shall be binding upon any city unless authorized or approved by resolution or ordinance of its governing body.

(5) Any city acting jointly outside the state of Washington, by mutual agreement with any participant under authority of this section, shall not acquire properties owned or operated by any public utility district, by any regulated utility, or by any public utility owned by a municipality without the consent of the utility owning or operating the property, and shall not participate in any condemnation proceeding to acquire such properties. It may also fix, alter, regulate, and control the fares and rates to be charged therefor; and fares or rates may be adjusted or eliminated for any distinguishable class of users including, but not limited to, senior citizens, handicapped persons, and students. Without the payment of any license fee or tax, or the filing of a bond with, or the securing of a permit from, the state, or any department thereof, the city or town may engage in, carry on, and operate the business of transporting and carrying passengers or freight for hire by any method or combination of methods that the legislative authority of any city or town may by ordinance provide, with full authority to regulate and control the use and operation of vehicles or other agencies of transportation used for such business. (1) No submission shall be necessary:

(a) When the work proposed is an addition to, or betterment of, extension of, or an increased water supply for existing waterworks, or an addition, betterment, or extension of an existing system or plant of any other public utility;

(b) When in the charter of a city a provision has been adopted authorizing the corporate authorities thereof to provide by ordinance for acquiring, opening, or operating any of such public utilities; or

(c) When in the judgment of the corporate authority, the public health is being endangered by the discharge of raw or untreated sewage into any body of water and the danger to the public health may be abated by the construction and maintenance of a sewage disposal plant.

(2) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary if:

(a) The project or work may produce electricity for sale in excess of present or future needs of the water system;

(b) The city or town does not own or operate an electric utility system;

(c) The work involves an ownership greater than twenty-five percent in a new water supply project combined with an electric generation facility; and

(d) The combined facility has an installed capacity in excess of five megawatts.

(3) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary to make extensions to a public utility which would expand the previous service capacity by fifty percent or more, where such increased service capacity is financed by the issuance of general obligation bonds.

(4) Thirty days' notice of the election shall be given in the official newspaper of the city or town, by publication at least once each week in the paper during such time.

(5) When a proposition has been adopted, or in the cases where no submission is necessary, the corporate authorities of the city or town may proceed forthwith to purchase, construct, and acquire the public utility or make additions, betterments, and extensions thereto and to make payment therefor. Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding, and to the extent that revenues are insufficient to meet the debt service requirements on such bonds, the governing body of the municipality shall provide for the levy of taxes sufficient to meet such deficiency. The total general indebtedness incurred under this chapter, added to all other indebtedness of a city or town at any time outstanding, shall not exceed the amounts of indebtedness authorized by chapter 39.36 RCW, as now or hereafter amended, to be incurred without and with the assent of the voters: PROVIDED, That a city or town may become indebted to a larger amount, but not exceeding the amount authorized therefor by chapter 39.36 RCW, as now or hereafter amended, for supplying it with water, artificial light, and sewers when works for supplying such water, light, and sewers are owned and controlled by the city or town. Limitations upon indebtedness: State Constitution Art. 7 § 2 (Amendments 55, 59), Art. 8 § 6 (Amendment 27), RCW 84.52.050.

35.92.100 Revenue bonds or warrants. (1) When the voters of a city or town, or the corporate authorities thereof, have adopted a proposition for any public utility and either no general indebtedness has been authorized or the corporate authorities do not desire to incur a general indebtedness, and when the corporate authorities are authorized to exercise any of the powers conferred by this chapter without submitting the proposition to a vote, the corporate authorities may create a special fund for the sole purpose of defraying the cost of the public utility or addition, betterment, or extension thereto, into which special fund they may obligate and bind the city or town to set aside and pay a fixed proportion of the gross revenues of the utility, or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount without regard to any fixed proportion, and issue and sell bonds or warrants bearing interest at a rate or rates as authorized by the corporate authorities; payable semiannually, executed in such manner and payable at such times and places as the corporate authorities shall determine, but the bonds or warrants and the interest thereon shall be payable only out of the special fund and shall be a lien and charge against payments received from any utility local improvement district assessments pledged to secure such bonds. Such bonds shall be negotiable instruments within the meaning of the negotiable instruments law, Title 62A RCW, notwithstanding same are made payable out of a particular fund contrary to the provisions of RCW 62A.3-105. Such bonds and warrants may be of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.

When corporate authorities deem it necessary to construct any sewage disposal plant, it may be considered as a part of the waterworks department of the city or town and the cost of construction and maintenance thereof may be chargeable to the water fund of the municipality, or to any other special fund which the corporate authorities may by ordinance designate.

In creating a special fund, the corporate authorities shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to, and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Rates shall be maintained adequate to service such bonds and to maintain the utility in sound financial condition.

The bonds or warrants and interest thereon issued against any such fund shall be a valid claim of the owner thereof only as against the special fund and its fixed proportion or amount of the revenue pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional provisions and limitations. Each bond or warrant shall state upon its face that it is payable from a special fund, naming it and the ordinance creating it. The bonds and warrants shall be sold in such manner as the corporate authorities shall deem for the best interest of the city or town, and they may provide in any contract for the construction and acquisition of the proposed improvement that payment therefor shall be made only in such bonds and warrants at par value thereof.

When a special fund is created and any such obligation is issued against it, a fixed proportion, or a fixed amount out of and not exceeding such fixed proportion, or a fixed amount without regard to any fixed proportion, of revenue shall be set aside and paid into such fund as provided in the ordinance creating it, and in case the city or town fails to thus set aside and pay such fixed proportion or amount, the owner of any bond or warrant against the fund may bring action against the city or town and compel such setting aside and payment: PROVIDED, That whenever the corporate authorities of any city or town shall so provide by ordinance then all such bonds thereafter issued shall be on a parity, without regard to date of issuance or authorization and without preference or priority of right or lien with respect to participation of special funds in amounts from gross revenues for payment thereof.

(2) Notwithstanding subsection (1) of this section, such bonds and warrants may be issued and sold in accordance
35.92.105 Revenue bonds, warrants, or other evidences of indebtedness for energy or water conservation programs. A city or town engaged in the sale or distribution of water or energy may issue revenue bonds, warrants, or other evidences of indebtedness in the manner provided by this chapter for the purpose of defraying the cost of financing programs for the conservation or more efficient use of energy or water. The bonds, warrants, or other evidences of indebtedness shall be deemed to be for capital purposes within the meaning of the uniform system of accounts for municipal corporations. 35.92.110 Funding or refunding bonds. The legislative authority of a city or town which has any outstanding warrants or bonds issued for the purpose of purchasing, acquiring, or constructing any such public utility or for making any additions or betterments thereto or extensions thereof, whether the warrants or bonds are general obligation warrants or bonds of the municipality or are payable solely from a special fund, into which fund the city or town is bound and obligated to set aside and pay any proportion or part of the revenue of the public utility, for the purchase, acquisition, or construction of which utility or the making of any additions and betterments thereto or extensions thereof such outstanding warrants or bonds were issued, may, without submitting the matter to the voters, provide for the issuance of funding or refunding bonds with which to take up, cancel, retire, and refund such outstanding warrants or bonds, or any part thereof, at maturity thereof, or before the maturity thereof, if they are subject to call for prior redemption. [1965 c 7 § 35.92.110. Prior: 1935 c 81 § 1; RRS § 9492-1. Formerly RCW 80.40.110.]

35.92.120 Funding or refunding bonds—Bonds not general obligation. Such funding or refunding bonds shall not be a general indebtedness of the city or town, but shall be payable solely from a special fund created therefor by ordinance. Each bond shall state upon its face that it is payable from a special fund, naming the fund and the ordinance creating it. [1965 c 7 § 35.92.120. Prior: 1935 c 81 § 2; RRS § 9492-2. Formerly RCW 80.40.120.]

35.92.130 Funding or refunding bonds—Single issue may refund multiple series. At the option of the legislative authority of the city or town various series and issues of outstanding warrants or bonds, or parts thereof, issued for the purpose of acquiring or constructing any public utility, or for making any additions or betterments thereto or extensions thereof, may be funded or refunded by a single issue of funding or refunding bonds. No proportion or part of the revenue of any one such public utility shall be pledged for the payment of funding or refunding bonds issued to fund or refund warrants or bonds issued for the acquisition or construction, or the making of additions or betterments to or extensions of, any other public utility. [1965 c 7 § 35.92.130. Prior: 1935 c 81 § 3; RRS § 9492-3. Formerly RCW 80.40.130.]

35.92.140 Funding or refunding bonds—Issue of bonds—Ordinance. When the legislative authority of a city or town determines to issue such funding or refunding bonds, it shall provide therefor by ordinance, which shall create a special fund for the sole purpose of paying the bonds and the interest thereon, into which fund the ordinance shall bind and obligate the city or town to set aside and pay a fixed amount without regard to any fixed proportion out of the gross revenue of the public utility as provided therein. In creating such special fund, the legislative authority shall have due regard to the cost of operation and maintenance of the utility as constructed or added to, and to any proportion or part of the revenue thereof previously pledged for the payment of bonds, warrants, or other indebtedness, and shall not bind and obligate the city or town to set aside into the fund a greater amount of the revenue of the utility than in its judgment will be available above the cost of maintenance and operation and the amount or proportion of the revenue thereof so previously pledged. [1965 c 7 § 35.92.140. Prior: 1935 c 81 § 4, part; RRS § 9492-4, part. Formerly RCW 80.40.140.]

35.92.150 Funding or refunding bonds—Terms of bonds. (1) Such funding or refunding bonds, together with the interest thereon, issued against the special fund shall be a valid claim of the owner thereof only as against such fund, and the amount of the revenue of the utility pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional or statutory provisions and limitations. They shall be sold in such manner as the corporate authorities shall deem for the best interest of the municipality. The effective rate of interest on the bonds shall not exceed the effective rate of interest on warrants or bonds to be funded or refunded thereby. Interest on the bonds shall be paid semiannually. The bonds shall be executed in such manner and payable at such time and place as the legislative authority shall by ordinance determine. Nothing in this chapter shall prevent a city or town from funding or refunding any of its indebtedness in any other manner provided by law. Such bonds may be of any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 69; 1965 c 7 § 35.92.150.]

35.92.220 Acquisition of water rights—Consolidation of irrigation assessment districts. (1) A city or town, situated within or served by, an irrigation project, or projects, owned or operated by the United States government, a water users' association, associations, corporation, or corporations or another city or town or towns, where the legislative authority deems it feasible to furnish water for irrigation and domestic purposes, or either, and where the water used for irrigation and domestic purposes or either, is appurtenant or may become appurtenant to the land located within such city or town, may purchase, lease, or otherwise acquire water or water rights for the purpose of furnishing the city or town and the inhabitants thereof with a supply of water for irrigation and domestic purposes, or either; purchase, construct, or otherwise acquire systems and means of distribution and delivery of water within and without the limits of the city or town, or for the delivery of water where the owner of land within the city or town owns a water right appurtenant to his or her land, with full power to maintain, repair, reconstruct, regulate, and control the same, and if private property is necessary for such purposes, the city or town may condemn and purchase or purchase and acquire property, enter into any contract, and order any and all work to be done that is necessary to carry out such purposes, and it may do so either by the entire city or town or by assessment districts, consisting of the whole or any portion thereof, as the legislative authority of the city or town may determine.

The separate irrigation assessment districts to be consolidated need not be adjoining, vicinal, or neighboring. assessments. All such assessments shall be levied upon
the several parcels of land located within the local improve-
ment district in accordance to the special benefits conferred
on such property in proportion to the surface area, one square
foot of surface to be the unit of assessment: PROVIDED,
That where the water right is acquired or a special improve-
ment is made for a portion of any district, the cost of the
water right or the cost of such special improvement shall be
levied in the same manner upon such portion of the district
as shall be specially benefited thereby: PROVIDED FUR-

That whenever the legislative body of the city or town
decides to construct a special improvement in a distribution
system, a separate local improvement district may be formed

35.92.260 Acquisition of water rights—Mode of
assessment. When a city or town makes local improve-

and RCW 35.92.230, as now or hereafter amended, the
proceedings relative to the creation of districts, financing of
improvements, levying and collecting assessments and all
other procedure shall be had, and the legislative authority
shall proceed in accordance with the provisions of the laws
relating to local improvement districts in cities of the first
class: PROVIDED, That when the improvement is initiated
upon petition, the petition shall set forth the fact that the
signers are the owners according to the records in the office
of the county auditor, of property to an aggregate amount of
a majority of the surface area within the limits of the
assessment district to be created: PROVIDED FURTHER,
That when an assessment is made for any purpose other than
the construction or reconstruction of any system or means of
distribution or delivery of water, it shall not be necessary for
the legislative authority to be furnished with a statement of
the aggregate assessed valuation of the real estate exclusive
of improvements in the district according to the valuation
last placed upon it for purposes of general taxation, or the
estimated amount of the cost of the improvement to be borne
by each tract of land or other property, but a statement by
the engineer or other officer, showing the estimated cost of
the improvement per square foot, shall be sufficient: PROV
ED FURTHER, That when the legislative authority
of a city or town shall deem it necessary to levy special
assessments for the purposes specified in RCW 35.92.230,
as now or hereafter amended, other than for the purpose of
paying the costs of acquiring, constructing or reconstructing
any system or means of distribution or delivery of water for
irrigation or domestic purposes, the legislative authority for
such city or town may hold a single hearing on the assess-
ment rolls for all irrigation local improvement districts
within the city or town. Such legislative authority shall fix
the date of such hearing and shall direct the city or town
clerk to give notice thereof, in the form prescribed by RCW
35.44.080, by publication thereof in a legal newspaper of
general circulation in the city or town, once, not less than

mailing, not less than fifteen days prior to the date fixed for
hearing, notice thereof to the owner or reputed owner of
each item of property described on the assessment roll whose
name appears on such roll at the address of such owner or
reputed owner shown on the tax rolls of the county treasurer
for each such item of property: PROVIDED FURTHER,
That when an assessment roll is once prepared and does not
include the cost of purchase, construction, or reconstruction
of works of delivery or distribution and the legislative
authority of such city or town decides to raise a similar
amount the ensuing year, it shall not be necessary to prepare
a new assessment roll, but the legislative authority may pass
a resolution of intention estimating the cost for the ensuing
year to be the same as the preceding year, and directing the
clerk to give notice stating the estimated cost per square foot
of all land within the district and refer persons interested to
the books of the treasurer, and fixing the date for a hearing
on such assessment roll. Notice of such hearing shall be
given by the city or town clerk in the form and manner
required in the preceding proviso. The treasurer shall
be present at the hearing and shall note any changes on his
books. The legislative authority shall have the same right to
make changes in the assessment roll as in an original

35.92.280 Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—"Electric utility properties" defined. As used in RCW 35.92.280 through 35.92.310 "electric utility properties" shall mean any and all permits, licenses, property rights, water rights and any and all works, plants, dams, powerhouses, transmission lines, switchyards, substations, property and facilities of every kind and character which may be used, or may be useful, in the generation and transmission of electric power and energy, produced by water power, steam or any other methods. 35.92.290 Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—Agreements. Any city or town with a population over one hundred fifty thousand within the state of Washington owning an electric public utility is authorized to cooperate with any public utility district within this state in the joint acquisition, purchase, construction, ownership, maintenance and operation, within or without the respective limits of any such city or town or public utility district, of electric utility properties. The respective governing bodies of any such city or town and of any such public utility district desiring to cooperate in the joint ownership, maintenance and operation of electric utility properties pursuant to the authority contained in RCW 35.92.280 through 35.92.310, shall by mutual agreement provide for such joint ownership, maintenance and operation. Such agreement shall prescribe the rights and property interest which the parties thereto shall have in such electric utility properties, which property interest may be either divided or undivided; and shall further provide for the rights of the parties thereto in the ownership and disposition of the power and energy produced by such electric utility properties, and for the operation and management thereof. [1965 c 7 § 35.92.290. Prior: 1957 c 287 § 2. Formerly RCW 80.40.290.]

35.92.300 Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—Financing. 35.92.310 Cities over 150,000, joint undertaking with P.U.D. as to electric utility properties—Authority granted is additional power. The authority and power granted by RCW 35.92.280 through 35.92.310 is an additional grant of power to cities, towns, and public utility districts to acquire and operate electric public utilities, and the
provisions hereof shall be construed liberally to effectuate the authority herein conferred, and no restriction or limitation prescribed in any other law shall prohibit the cities, towns and public utility districts of this state from exercising the authority herein conferred: PROVIDED, That nothing in RCW 35.92.280 through 35.92.310 shall authorize any public utility district or city cooperating under the provisions of RCW 35.92.280 through 35.92.310 to condemn any property owned or operated by any privately owned utility. [1965 c 7 § 35.92.310. Prior: 1957 c 287 § 4. Formerly RCW 80.40.310.]

35.92.350 Electrical construction or improvement—Bid proposals—Contract proposal forms—Conditions for issuance—Refusal—Appeal. Any city or town owning an electrical utility shall require that bid proposals upon any electrical construction or improvement be made upon contract proposal form supplied by the governing authority of such utility, and in no other manner. The governing authority shall, before furnishing any person, firm or corporation desiring to bid upon any electrical work with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing electrical work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the governing authority may require. Whenever the governing authority is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the governing authority determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

[1971 ex.s. c 220 § 1.1]

35.92.355 Energy conservation—Legislative findings. The conservation of energy in all forms and by every possible means is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, quasi municipal corporations, and other political subdivisions of the state which are engaged in the generation, sale, or distribution of energy should be granted the authority to develop and carry out programs which will conserve resources, reduce waste, and encourage more efficient use of energy by consumers. In order to establish the most effective state-wide program for energy conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy. The use of appropriate tree plantings for energy conservation is encouraged as part of these programs. [1993 c 204 § 5; 1979 ex.s. c 239 § 1.]

Findings—1993 c 204: See note following RCW 35.92.390.

Effective date—Contingency—1979 ex.s. c 239: See note following RCW 35.92.360.

35.92.360 Energy conservation plan—Financing authorized for energy conservation projects in structures or equipment—Limitations. Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment, for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

(3) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation; and

(1996 Ed.)
(4) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length. [1989 c 268 § 1; 1979 ex.s. c 239 § 2.]

Effective date—Contingency—1979 ex.s. c 239: “This 1979 act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of energy, is validly submitted and is approved and ratified by the voters at a general election held in November, 1979. If the proposed amendment is not so approved and ratified, this 1979 act shall be null and void in its entirety.” [1979 ex.s. c 239 § 4.]

The referenced constitutional amendment (1979 Substitute Senate Joint Resolution No. 120) was approved by the voters on November 6, 1979. See Article VIII, section 10 of the state Constitution.

35.92.370 Lease of real property under electrical transmission lines for private gardening purposes. A city or town owning facilities for the purpose of furnishing the city or town and its inhabitants with electricity may lease for private gardening purposes the real property under its electrical transmission and distribution lines for a nominal rent to any person who has an income of less than ten thousand dollars per year. [1981 c 100 § 1.]

35.92.380 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons. Whenever a city or town waives or delays collection of tap-in charges, connection fees, or hookup fees for low income persons, or class of low income persons, to connect to lines or pipes used by the city or town to provide utility service, the waiver or delay shall be pursuant to a program established by ordinance. As used in this section, the provision of “utility service” includes, but is not limited to, water, sanitary or storm sewer service, electricity, gas, other means of power, and heat. [1980 c 150 § 1.]

35.92.390 Municipal utilities encouraged to provide customers with landscaping information and to request voluntary donations for urban forestry. (1) Municipal utilities under this chapter are encouraged to provide information to their customers regarding landscaping that includes tree planting for energy conservation.

(2) Municipal utilities under this chapter are encouraged to request voluntary donations from their customers for the purposes of urban forestry. The request may be in the form of a check-off on the billing statement or other form of request for a voluntary donation. [1993 c 204 § 2.]

Findings—1993 c 204: "The legislature finds that large-scale reduction of tree cover increases the temperature of urban areas, known as the "heat island effect." Planting trees in urban areas for shading and cooling mitigates the urban heat island effect and reduces energy consumption. Tree planting also can benefit the environment by combating global climate change, reducing soil erosion, and improving air quality. Urban forestry programs can improve urban aesthetics that will improve public and private property values.

The legislature also finds that urban forestry programs should consider the relationship between urban forests and public service facilities such as water, sewer, natural gas, telephone, and electric power lines. Urban forestry programs should promote the use of appropriate tree species that will not interfere with or cause damage to such public service facilities.” [1993 c 204 § 1.]

SALE OR LEASE OF MUNICIPAL UTILITIES

Sections
35.94.010 Authority to sell or let. 35.94.020 Procedure. 35.94.030 Execution of lease or conveyance. 35.94.040 Lease or sale of land or property originally acquired for public utility purposes. 35.94.050 Application of chapter to certain service provider agreements under chapter 70.150 RCW.

35.94.010 Authority to sell or let. A city may lease for any term of years or sell and convey any public utility works, plant, or system owned by it or any part thereof, together with all or any equipment and appurtenances thereof. [1965 c 7 § 35.94.010. Prior: 1917 c 137 § 1; RRS § 9512. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. Formerly RCW 80.48.010.]

35.94.020 Procedure. The legislative authority of the city, if it deems it advisable to lease or sell the works, plant, or system, or any part thereof, shall adopt a resolution stating whether it desires to lease or sell. If it desires to lease, the resolution shall state the general terms and conditions of the lease, but not the rent. If it desires to sell the general terms of sale shall be stated, but not the price. The resolution shall direct the city clerk, or other proper official, to publish the resolution not less than once a week for four weeks in the official newspaper of the city, together with a notice calling for sealed bids to be filed with the clerk or other proper official not later than a certain time, accompanied by a certified check payable to the order of the city, for such amount as the resolution shall require, or a deposit of a like sum in money. Each bid shall state that the bidder agrees that if his bid is accepted and he fails to comply therewith within the time hereinafter specified, the check or deposit shall be forfeited to the city. If bids for a lease are called for, bidders shall bid the amount to be paid as the rent for each year of the term of the lease. If bids for a sale are called for, the bids shall state the price offered. The legislative authority of the city may reject any or all bids and accept any bid which it deems best. At the first meeting of the legislative authority of the city held after the expiration of the time fixed for receiving bids, or at some later meeting, the bids shall be considered. In order for the legislative authority to declare it advisable to accept any bid it shall be necessary for two-thirds of all the members elected to the legislative authority to vote in favor of a resolution making the declaration. If the resolution is adopted it shall be necessary, in order that the bid be accepted, to enact an ordinance accepting it and directing the execution of a lease or conveyance by the mayor and city clerk or other proper official. Public transportation systems: RCW 35.58.272 through 35.58.2794.

### 35.95.010 Declaration of intent and purpose. We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the urban areas of the state of Washington, as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.

All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to protect the health and welfare of the residents of such municipalities and the public in general.

We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this chapter is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used. [1969 ex.s. c 255 § 1; 1965 ex.s. c 111 § 1.]

Construction—Severability—1969 ex.s. c 255: See notes following RCW 35.58.272.

35.96.010 Declaration of public interest and purpose. It is hereby found and declared that the conversion of overhead electric and communication facilities to underground facilities is substantially beneficial to the public safety and welfare, is in the public interest and is a public purpose, notwithstanding any resulting incidental private benefit to any electric or communication utility affected by such conversion. [1967 c 119 § 2.]

35.96.020 Definitions. As used in this chapter, unless specifically defined otherwise, or unless the context indicates otherwise:

"Conversion area" means that area in which existing overhead electric and communication facilities are to be converted to underground facilities pursuant to the provisions of this chapter.

35.96.030 Conversion of electric and communication facilities to underground facilities authorized—Local improvement districts—Special assessments. Every city or town shall have the power to convert existing overhead electric and communication facilities to underground facilities pursuant to RCW 35.43.190 where such facilities are owned or operated by the city or town. Where such facilities are not so owned or operated, every city or town shall have the power to contract with electric and communication utilities, as hereinafter provided, for the conversion of existing overhead electric and communication facilities to underground facilities. To provide funds to pay the whole or any part of the cost of any such conversion, either where the existing overhead electric and communication facilities are owned or operated by the city or town or where they are not so owned or operated, every city or town shall have the power to create local improvement districts and to levy and collect special assessments against the real property specially benefited by such conversion. (1) Service from the underground facilities is available;
(2) All electric and communication service lines from the existing overhead facilities within the area to any
structure or improvement must be disconnected and removed within ninety days after the date of the mailing of the notice;

(3) Should such owner fail to convert such service lines from overhead to underground within ninety days after the date of the mailing of the notice, the city or town will order the electric and communication utilities to disconnect and remove the service lines;

(4) Should the owner object to the disconnection and removal of the service lines he may file his written objections thereto with the city or town clerk within thirty days after the date of the mailing of the notice and failure to so object within such time will constitute a waiver of his right thereafter to object to such disconnection and removal.

If the owner of any structure or improvement served from the existing overhead electric and communication facilities within a conversion area shall fail to convert to underground the service lines from such overhead facilities to such structure or improvement within ninety days after the mailing to him of the notice, the city or town shall order the electric and communication utilities to disconnect and remove all such service lines: PROVIDED, That if the owner has filed his written objections to such disconnection and removal with the city or town clerk within thirty days after the mailing of the notice then the city or town shall not order such disconnection and removal until after the hearing on such objections.

Upon the timely filing by the owner of objections to the disconnection and removal of the service lines, the legislative authority of such city or town, or a committee thereof, shall conduct a hearing to determine whether the removal of all or any part of the service lines is in the public benefit. The hearing shall be held at such time as the legislative authority of such city or town may establish for hearings on the objections and shall be held in accordance with the regularly established procedure set by the legislative authority of the city or town. If the hearing is before a committee, the committee shall following the hearing report its recommendation to the legislative authority of the city or town for final action. The determination reached by the legislative authority shall be final in the absence of an abuse of discretion. [1967 c 119 § 6.]

35.97.030 Heating systems—General powers of municipalities. A municipality may construct, purchase, acquire, add to, extend, maintain, and operate a system of heating facilities, within or without its limits, for the purpose of supplying its inhabitants and other persons with heat, with full power to regulate and control the use, distribution, and price of supplying heat, and to enter into agreements for the maintenance and operation of heating facilities under terms and conditions determined by the legislative authority of the municipality. (3) To acquire, install, add to, maintain, and operate heating facilities at a heat source or to serve particular consumers of heat, whether such facilities are located on property owned by the municipality, by the consumer of heat, or otherwise;

(4) To sell, lease, or otherwise dispose of heating facilities;

(9) To the extent permitted by the state Constitution, to make loans for the purpose of enabling suppliers or consumers of heat to finance heating facilities;

(10) To enter into cooperative agreements providing for the acquisition, construction, ownership, financing, use, control, and regulation of heating systems and heating facilities by more than one municipality or by one or more municipalities on behalf of other municipalities. [1983 c 216 § 4.]

A municipality may impose rates, charges, or rentals for heat, service, and facilities provided to customers of the system if the rates charged are uniform for the same class of customers or service. In classifying customers served or service furnished, the legislative authority may consider: The difference in cost of service to the various customers; location of the various customers within or without the municipality; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different characteristic of the service furnished various customers; the quantity and quality of the heat furnished; the time heat is used; the demand on the system; capital contributions made to the system including, but not limited to, assessments or the amount of capital facilities provided for use by the customer; and any other matters which present a reasonable difference as a ground for distinction. [1983 c 216 § 6.]

35.97.080 Connection charges authorized. A municipality may charge property owners seeking to connect to the heating system, as a condition to granting the right to connect and in addition to the cost of the connection, such reasonable connection charge as the legislative authority determines to be proper in order that the property owners bear their pro rata share of the cost of the system. Potential customers shall not be compelled to subscribe or connect to the heating system. The cost of connection to the system shall include the cost of acquisition and installation of heating facilities necessary or useful for the connection, including any heating facilities located or installed on the property being served. Connection charges may, in the discretion of the municipality, be made payable in installments over a period of not more than thirty years or the estimated life of the facilities installed, whichever is less. 35.97.090 Local improvement district—Assessments—Bonds and warrants. For the purpose of paying all or a portion of the cost of heating facilities, a municipality may form local improvement districts or utility local improvement districts, foreclose on, levy, and collect assessments, reassessments, and supplemental assessments; and issue local improvement district bonds and warrants in the manner provided by law for cities or towns. [1983 c 216 § 9.]

For the purpose of providing funds for defraying all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers in RCW 35.97.030 and 35.97.040, a municipality may authorize, by ordinance or resolution, the creation of a special fund or funds into which the municipality shall be obligated to set aside and pay all or any designated proportion or amount of any or all revenues derived from the heating system, including any utility local improvement district assessments, any grants received to pay the cost of the heating system, and any municipal license fees specified in the ordinance or resolution creating such special fund. [1983 c 216 § 10.]

35.97.110 Revenue bonds—Form, terms, etc. If the legislative authority of a municipality deems it advisable to finance all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, and extension of a heating system, or for the implementation of the powers in RCW 35.97.030 and 35.97.040, or for working capital, interest during construction and for a period of up to one year thereafter, debt service and other reserves, and the costs of issuing revenue obligations, a municipality may issue revenue bonds against the special fund or fund created from revenues or assessments. The revenue bonds so issued may be issued in one or more series and shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the legislative authority of the municipality, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the legislative authority of the municipality prior to the issuance of the bonds. The legislative authority of the municipality shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest. If an officer whose signature or a facsimile of

[Title 35 RCW—page 294] (1996 Ed.)
 whose signature appears on any bonds or coupons ceases to be such officer before the delivery of the bonds, the signature shall for all purposes have the same effect as if the officer had remained in office until the delivery. The bonds may be issued in coupon or in registered form or both, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. Bonds may be sold at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the legislative authority of the municipality.

The principal of and interest on any revenue bonds shall be secured by a pledge of the revenues and receipts derived from the heating system, including any amounts pledged to be paid into a special fund under RCW 35.97.100, and may be secured by a mortgage covering all or any part of the system, including any enlargements of and additions to such system thereafter made. The revenue bonds shall state upon their face that they are payable from a special fund, naming it and the ordinance creating it, and that they do not constitute a general indebtedness of the municipality. The ordinance or resolution under which the bonds are authorized to be issued and any such mortgage may contain agreements and provisions respecting the maintenance of the system, the fixing and collection of rates and charges, the creation and maintenance of special funds from such revenues, the rights and remedies available in the event of default, and other matters improving the marketability of the revenue bonds, all as the legislative authority of the municipality deems advisable. Any revenue bonds issued under this chapter may be secured by a trust agreement by and between the municipality and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the state. Any such trust agreement or ordinance or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and proper and not in violation of law. Any such trust agreement may set forth the rights and remedies of the bond owners and of the trustee and may restrict the individual right of action by bond owners as is customary in trust agreements or trust indentures. [1983 c 216 § 11.]

35.97.120 Revenue warrants. Revenue warrants may be issued and such warrants and interest thereon may be payable out of the special fund or refunded through the proceeds of the sale of refunding revenue warrants or revenue bonds. Every revenue warrant and the interest thereon issued against the special fund is a valid claim of the owner thereof only as against that fund and the amount of revenue pledged to the fund, and does not constitute an indebtedness of the authorized municipality. Every revenue warrant shall state on its face that it is payable from a special fund, naming it and the ordinance or resolution creating it. [1983 c 216 § 12.]

35.97.130 Revenue bonds and warrants—Holder may enforce. If a municipality fails to set aside and pay into the special fund created for the payment of revenue bonds and warrants the amount which it has obligated itself in the ordinance or resolution creating the fund to set aside and pay therein, the holder of any bond or warrant issued against the bond may bring suit against the municipality to compel it to do so. [1983 c 216 § 13.]

35.97.900 Severability—1983 c 216. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 216 § 15.]

35A.01.010 Purpose and policy of this title—Interpretation. The purpose and policy of this title is to confer upon two optional classes of cities created hereby the broadest powers of local self-government consistent with the Constitution of this state. Any specific enumeration of municipal powers contained in this title or in any other general law shall not be construed in any way to limit the general description of power contained in this title, and any
such specifically enumerated powers shall be construed as in addition and supplementary to the powers conferred in general terms by this title. All grants of municipal power to municipalities electing to be governed under the provisions of this title, whether the grant is in specific terms or in general terms, shall be liberally construed in favor of the municipality. [1967 ex.s. c 119 § 35A.01.010.]

35A.01.020 Noncharter code city. A noncharter code city is one, regardless of population, which has initially incorporated as a noncharter code city, subject to the provisions of this title, or is an incorporated municipality which has elected, under the procedure prescribed in this title, to be classified as a noncharter code city and to be governed according to the provisions of this title under one of the optional forms of government provided for noncharter code cities. [1967 ex.s. c 119 § 35A.01.020.]

35A.01.030 Charter code city. A charter code city is one having at least ten thousand inhabitants at the time of its organization or reorganization which has either initially incorporated as a charter code city and has adopted a charter under the procedure prescribed in this title; or which, as an incorporated municipality, has elected to be classified as a charter code city and to be governed according to the provisions of this title and of its adopted charter. [1967 ex.s. c 119 § 35A.01.030.]

35A.01.035 Code city. The term "code city" means any noncharter code city or charter code city. [1967 ex.s. c 119 § 35A.01.035.]

35A.01.040 Sufficiency of petitions. Wherever in this title petitions are required to be signed and filed, the following rules shall govern the sufficiency thereof:

(1) A petition may include any page or group of pages containing an identical text or prayer intended by the circulators, signers or sponsors to be presented and considered as one petition and containing the following essential elements when applicable, except that the elements referred to in (d) and (e) of this subsection are essential for petitions referring or initiating legislative matters to the voters, but are directory as to other petitions:

(a) The text or prayer of the petition which shall be a concise statement of the action or relief sought by petitioners and shall include a reference to the applicable state statute or city ordinance, if any;

(b) If the petition initiates or refers an ordinance, a true copy thereof;

(c) If the petition seeks the annexation, incorporation, withdrawal, or reduction of an area for any purpose, an accurate legal description of the area proposed for such action and if practical, a map of the area;

(d) Numbered lines for signatures with space provided beside each signature for the name and address of the signer and the date of signing;

(e) The warning statement prescribed in subsection (2) of this section.

(2) Petitions shall be printed or typed on single sheets of white paper of good quality and each sheet of petition paper having a space thereon for signatures shall contain the text or prayer of the petition and the following warning:

WARNING

Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal voter, or signs a petition when he or she is otherwise not qualified to sign, or who makes herein any false statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pencil and shall be followed by the name and address of the signer and the date of signing.

(3) The term "signer" means any person who signs his or her own name to the petition.

(4) To be sufficient a petition must contain valid signatures of qualified registered voters or property owners, as the case may be, in the number required by the applicable statute or ordinance. Within three working days after the filing of a petition, the officer with whom the petition is filed shall transmit the petition to the county auditor for petitions signed by registered voters, or to the county assessor for petitions signed by property owners for determination of sufficiency. The officer whose duty it is to determine the sufficiency of the petition shall proceed to make such a determination with reasonable promptness and shall file with the officer receiving the petition for filing a certificate stating the date upon which such determination was begun, which date shall be referred to as the terminal date. Additional pages of one or more signatures may be added to the petition by filing the same with the appropriate filing officer prior to such terminal date. Any signer of a filed petition may withdraw his or her signature by a written request for withdrawal filed with the receiving officer prior to such terminal date. Such written request shall so sufficiently describe the petition as to make identification of the person and the petition certain. The name of any person seeking to withdraw shall be signed exactly the same as contained on the petition and, after the filing of such request for withdrawal, prior to the terminal date, the signature of any person seeking such withdrawal shall be deemed withdrawn.

(5) Petitions containing the required number of signatures shall be accepted as prima facie valid until their invalidity has been proved.

(6) A variation on petitions between the signatures on the petition and that on the voter’s permanent registration caused by the substitution of initials instead of the first or middle names, or both, shall not invalidate the signature on the petition if the surname and handwriting are the same.

(7) Signatures, including the original, of any person who has signed a petition two or more times shall be stricken.

(8) Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.

(9) When petitions are required to be signed by the owners of property, the determination shall be made by the county assessor. Where validation of signatures to the petition is required, the following shall apply:
(a) The signature of a record owner, as determined by the records of the county auditor, shall be sufficient without the signature of his or her spouse;

(b) In the case of mortgaged property, the signature of the mortgagor shall be sufficient, without the signature of his or her spouse;

(c) In the case of property purchased on contract, the signature of the contract purchaser, as shown by the records of the county auditor, shall be deemed sufficient, without the signature of his or her spouse;

(d) Any officer of a corporation owning land within the area involved who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign on behalf of such corporation, and shall attach to the petition a certified excerpt from the bylaws of such corporation showing such authority;

(e) When property stands in the name of a deceased person or any person for whom a guardian has been appointed, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property.

(10) The officer who is responsible for determining the sufficiency of the petition shall do so in writing and transmit the written certificate to the officer with whom the petition was originally filed. [1996 c 286 § 7; 1985 c 281 § 26; 1967 ex.s. c 119 § 35A.01.040.]

Severability—1985 c 281: See RCW 35.10.905.

35A.01.050 The general law. For the purposes of this optional municipal code, "the general law" means any provision of state law, not inconsistent with this title, enacted before or after the enactment of this title, which is by its terms applicable or available to all cities or towns. Except when expressly provided to the contrary, whenever in this optional municipal code reference is made to "the general law", or to specific provisions of the Revised Code of Washington, it shall mean "the general law, or such specific provisions of the Revised Code of Washington as now enacted or as the same may hereafter be amended". [1967 ex.s. c 119 § 35A.01.050.]

35A.01.060 Optional municipal code—This title. References contained in this title to "Optional Municipal Code", "this title", "this code" or to any specific chapter, section, or provision thereof shall refer to the whole or appropriate part of Title 35A RCW, as now or hereafter amended. [1967 ex.s. c 119 § 35A.01.060.]

35A.01.070 Definitions—Change of plan or classification of municipal government. Where used in this title with reference to procedures established by this title in regard to a change of plan or classification of government, unless a different meaning is plainly required by the context:

(1) "Classify" means a change from a city of the first or second class, an unclassified city, or a town, to a code city.

(2) "Classification" means either that portion of the general law under which a city or a town operates under Title 35 RCW as a first or second class city, unclassified city, or town, or otherwise as a code city.

(3) "Organize" means to provide for officers after becoming a code city, under the same general plan of government under which the city operated prior to becoming a code city, pursuant to RCW 35A.02.055.

(4) "Organization" means the general plan of government under which a city operates.

(5) "Plan of government" means a mayor-council form of government under chapter 35A.12 RCW, council-manager form of government under chapter 35A.13 RCW, or a mayor-council, council-manager, or commission form of government in general that is retained by a noncharter code city as provided in RCW 35A.02.130, without regard to variations in the number of elective offices or whether officers are elective or appointive.

(6) "Reclassify" means changing from a code city to the classification, if any, held by such a city immediately prior to becoming a code city.

(7) "Reclassification" means changing from city or town operating under Title 35 RCW to a city operating under Title 35A RCW, or vice versa; a change in classification.

(8) "Reorganize" means changing the plan of government under which a city or town operates to a different general plan of government, for which an election of new officers under RCW 35A.02.050 is required. A city or town shall not be deemed to have reorganized simply by increasing or decreasing the number of members of its legislative body.

(9) "Reorganization" means a change in general plan of government where an election of all new officers is required in order to accomplish this change, but an increase or decrease in the number of members of its legislative body shall not be deemed to constitute a reorganization. [1994 c 223 § 24; 1994 c 81 § 66; 1979 ex.s. c 18 § 1.]

Reviser's note: This section was amended by 1994 c 81 § 66 and by 1994 c 223 § 24, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—1979 ex.s. c 18: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 18 § 36.]

35A.01.080 "Councilman" defined. As used in this title, the term "councilman" or "councilmen" means councilmember or councilmembers. [1981 c 213 § 2.]

Incorporation subject to approval by boundary review board: RCW 36.53.090.

35A.02.010 Adoption of noncharter code city classification authorized. Any incorporated city or town may become a noncharter code city in accordance with, and be governed by, the provisions of this title relating to noncharter code cities and may select one of the plans of government authorized by this title. A city or town adopting and organizing under the optional municipal code shall not be deemed to have reorganized and to have abandoned its existing general plan of government, upon changing classification and becoming a noncharter code city, solely because organizing under a plan of government authorized in this title changes the number of elective offices or changes the terms thereof, or because an office becomes appointive rather than elective, or because that city or town has come under the optional municipal code, or because of any combination of these factors. [1979 ex.s. c 18 § 2; 1967 ex.s. c 119 § 35A.02.010.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.020 Petition method—Direct. When a petition is filed, signed by registered voters of an incorporated city or town, in number equal to not less than fifty percent of the votes cast at the last general municipal election, seeking the adoption by the city or town of the classification of noncharter code city, either under its existing authorized plan of government or naming one of the plans of government authorized for noncharter code cities, the county auditor shall promptly proceed to determine the sufficiency of the petition under the rules set forth in RCW 35A.01.040. If the petition is found to be sufficient, the county auditor shall file with the legislative body a certificate of sufficiency of the petition. Thereupon the legislative body of such city or town shall, by resolution, declare that the inhabitants of the city or town have decided to adopt the classification of noncharter code city and to be governed under the provisions of this title. If a prayer for reorganization is included in the petition such resolution shall also declare that the inhabitants of the city or town have decided to reorganize under the plan of government specified in the petition. The legislative body shall cause such resolution to be published at least once in a newspaper of general circulation within the city or town not later than ten days after the passage of the resolution. Upon the expiration of the ninetieth day from, but excluding the date of, first publication of the resolution, if no timely and sufficient referendum petition has been filed pursuant to RCW 35A.02.025, as now or hereafter amended, as determined by RCW 35A.29.170, the legislative body at its next regular meeting shall effect the decision of the inhabitants, as expressed in the petition, by passage of an ordinance adopting for the city the classification of noncharter code city, and if the petition also sought governmental reorganization by adoption of one of the plans of government authorized for noncharter code cities involving a different general plan of government from that under which the city is operating, then the legislative body shall provide at that time for such reorganization by ordinance and for election of all new officers pursuant to RCW 35A.02.050, as now or hereafter amended. [1990 c 259 § 2; 1979 ex.s. c 18 § 3; 1967 ex.s. c 119 § 35A.02.020.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.025 Referendum. Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170 signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general municipal election, such resolution as authorized by RCW 35A.02.020 shall be referred to the voters for confirmation or rejection in the next general municipal election if one is to be held within one hundred and eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29.13.020. [1979 ex.s. c 18 § 4; 1967 ex.s. c 119 § 35A.02.025.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.030 Resolution method. When a majority of the legislative body of an incorporated city or town determines that it would serve the best interests and general welfare of such municipality to change the classification of such city or town to that of noncharter code city, such legislative body may, by resolution, declare its intention to adopt for the city or town the classification of noncharter code city. If the legislative body so determines, such resolution may also contain a declaration of intention to reorganize the municipal government under one of the plans of government authorized in this title, naming such plan; but it shall also be lawful for the legislative body of any incorporated city or town which is governed under a plan of government authorized prior to the time this title takes effect to adopt for the city or town the classification of noncharter code city while retaining the same general plan of government under which such city or town is then operating. Within ten days after the passage of the resolution, the legislative body shall cause it to be published at least once in a newspaper of general circulation within the city or town. Upon the expiration of the ninetieth day from, but excluding the date of first publication of the resolution, if no timely and sufficient referendum petition has been filed pursuant to RCW 35A.02.035, as determined by RCW 35A.29.170, the intent expressed in such resolution shall at the next regular meeting of the legislative body be effected by an ordinance adopting for the city or town the classification of noncharter code city; and, if the resolution includes a declaration of intention to reorganize, the legislative body shall provide at that time for such reorganization by ordinance. [1979 ex.s. c 18 § 5; 1967 ex.s. c 119 § 35A.02.030.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.02.035 Referendum. Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170 signed by qualified electors of an incorporated city or town in number equal to not less than ten percent of the votes cast in the last general municipal election, such resolution shall be referred for approval or rejection by the
voters at an election as specified in RCW 35A.02.025. [1967 ex.s. c 119 § 35A.02.035.]

**35A.02.040 Certification of ordinance—Transcript of record to secretary of state.** When one or more ordinances are passed under RCW 35A.02.020 or 35A.02.030, as now or hereafter amended, the clerk of the city or town shall forward to the secretary of state a certified copy of any such ordinance. Upon the filing in the office of the secretary of state of a certified copy of an ordinance adopting the classification of noncharter code city, such city or town shall thereafter be classified as a noncharter code city; except that if there is also filed with the secretary of state a certified copy of an ordinance providing for reorganization of the municipal government of such city or town under a different general plan of government, such reclassification and reorganization shall not be effective until the election, qualification, and assumption of office under RCW 35A.02.050 as now or hereafter amended of at least a quorum of all new officers under the plan of government so adopted. [1979 ex.s. c 18 § 6; 1970 ex.s. c 52 § 1; 1967 ex.s. c 119 § 35A.02.040.]

**35A.02.050 Election of new officers.** The first election of officers where required for reorganization under a different general plan of government newly adopted in a manner provided in RCW 35A.02.020, 35A.02.030, 35A.06.030, or 35A.06.060, as now or hereafter amended, shall be at the next general municipal election if one is to be held more than ninety days but not more than one hundred and eighty days after certification of a reorganization ordinance or resolution, or otherwise at a special election to be held for that purpose in accordance with RCW 29.13.020. In the event that the first election of officers is to be held at a general municipal election, such election shall be preceded by a primary election pursuant to RCW 29.21.010 and 29.13.070. In the event that the first election of all officers is to be held at a special election rather than at a general election, and notwithstanding any provisions of any other law to the contrary, such special election shall be preceded by a primary election to be held on a date authorized by RCW 29.13.010, and the persons nominated at that primary election shall be voted upon at the next succeeding special election that is authorized by RCW 29.13.010: PROVIDED, That in the event the ordinances calling for reclassification or reorganization and reorganization under the provisions of Title 35A RCW have been filed with the secretary of state pursuant to RCW 35A.02.040 in an even-numbered year at least ninety days prior to a state general election then the election of new officers shall be concurrent with the state primary and general election and shall be conducted as set forth in general election law.

Upon reorganization, candidates for all offices shall file or be nominated for and successful candidates shall be elected to specific council positions. The initial terms of office for those elected at a first election of officers shall be as follows: (1) A simple majority of the persons who are elected as councilmembers receiving the greatest numbers of votes and the mayor in a city with a mayor-council plan of government shall be elected to four-year terms of office, if the election is held in an odd-numbered year, or three-year terms of office, if the election is held in an even-numbered year; and (2) the other persons who are elected as councilmembers shall be elected to two-year terms of office, if the election is held in an odd-numbered year, or one-year terms of office, if the election is held in an even-numbered year. The newly elected officials shall take office immediately when they are elected and qualified, but the length of their terms of office shall be calculated from the first day of January in the year following the election. Thereafter, each person elected as a councilmember or mayor in a city with a mayor-council plan of government shall be elected to a four-year term of office. Each councilmember and mayor in a city with a mayor-council plan of government shall serve until a successor is elected and qualified and assumes office as provided in RCW 29.04.170.

The former officers shall, upon the election and qualification of new officers, deliver to the proper officers of the reorganized noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before the reorganization thereof. [1994 c 223 § 25; 1979 ex.s. c 18 § 7; 1971 ex.s. c 251 § 1; 1970 ex.s. c 52 § 2; 1967 ex.s. c 119 § 35A.02.050.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

**35A.02.055 Election of new officers—Exception where same general plan of government is retained.** Where a city elects to become a noncharter code city under one of the optional plans of government provided in Title 35A RCW for code cities which involves the same general plan of government as that under which the city operated prior to the choice and where with the change in classification the number of councilmanic positions in a city remains the same or increases from five to seven, the procedures for the first election of officers which appear in RCW 35A.02.050 shall not be followed. When membership in a city council remains the same or is increased upon becoming a noncharter code city, the terms of incumbent council members shall not be affected. If the number of council members is increased from five to seven, the city council shall, by majority vote, pursuant to RCW 35A.12.050 and 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term.

A first election of all officers upon a change in classification to a noncharter code city is also not required where the change in classification otherwise retains the same general or specific plan of government and where the change in classification results in a decrease in the number of councilmanic positions in a city.

If the membership in a city council is decreased from seven to five members upon adopting the classification of noncharter code city, this decrease in the number of council members shall be determined in the following manner: The council members shall determine by lot which two councilmanic positions shall be eliminated upon the expiration of their terms of office. The terms of the remaining council members shall not be affected. [1979 ex.s. c 18 § 8.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.
35A.02.060  Petition for election. When a petition which is sufficient under the rules set forth in RCW 35A.01.040 is filed with the legislative body of an incorporated city or town, signed by qualified electors of such municipality in number equal to not less than ten percent of the votes cast at the last general municipal election, seeking adoption by the city or town of the classification of noncharter code city and the reorganization of the city or town under one of the plans of government authorized in this title, the county auditor shall file with the legislative body thereof a certificate of sufficiency of such petition. Thereupon, the legislative body shall cause such petition to be submitted to the voters at the next general municipal election if one is to be held within one hundred eighty days after certification of the sufficiency of the petition, or at a special election to be held for that purpose not less than ninety days nor more than one hundred and eighty days from such certification of sufficiency. Ballot titles for elections under this chapter shall be prepared by the city attorney as provided in *RCW 35A.29.120.  [1990 c 259 § 3; 1967 ex.s. c 119 § 35A.02.060.]

*Reviser's note: RCW 35A.29.120 was repealed by 1994 c 223 § 92.

35A.02.070  Resolution for election. The legislative body of an incorporated city or town may, by resolution, submit to the voters in the next general municipal election if one is to be held within one hundred and eighty days after passage of the resolution, or in a special election to be called for that purpose not less than ninety days nor more than one hundred and eighty days after passage of the resolution, a proposal that the city or town adopt the classification of noncharter code city and organize under one of the plans of government authorized in this title, naming such plan. [1967 ex.s. c 119 § 35A.02.070.]

35A.02.080  Election of officers upon approval of plan of government by voters. If the majority of votes cast at an election for organization under a plan provided in this title favor the plan, the city or town shall elect in accordance with RCW 35A.02.050 the officers for the positions created. The former officers of the municipality shall, upon the election and qualification of the new officers, deliver to the proper officers of the new noncharter code city all books of record, documents and papers in their possession belonging to such municipal corporation before reorganization. [1971 ex.s. c 251 § 2; 1967 ex.s. c 119 § 35A.02.080.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.02.090  Alternative plan of government. Proposals for each of the plans of government authorized by this title may be placed on the ballots in the same election by timely petition as provided in this chapter. When the ballot contains alternative proposals for each of the plans of government the ballot shall clearly state that voters may vote for only one of the plans of government. [1971 ex.s. c 251 § 3; 1967 ex.s. c 119 § 35A.02.090.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.02.120  Effective date of reclassification and reorganization. Upon the filing of the certified copy of the resolution with the secretary of state, the county auditor shall issue certificates of election to the successful candidates for the offices under the plan of government for which a majority of the votes were cast, and upon the issuance of such certificates, such city or town shall become a noncharter code city governed under the plan of government chosen by the voters, under the provisions of this title and with the powers conferred by this title. [1967 ex.s. c 119 § 35A.02.120.]

35A.02.130  Adoption of classification of noncharter code city without change of governmental plan. Any incorporated city or town governed under a plan of government authorized prior to the time this title takes effect may become a noncharter code city without changing such plan of government by the use of the petition-for-election or resolution-for-election procedures provided in RCW 35A.02.060 and 35A.02.070 to submit to the voters a proposal that such municipality adopt the classification of noncharter code city while retaining its existing plan of government, and upon a favorable vote on the proposal, such municipality shall be classified as a noncharter code city and retain its old plan of government, such reclassification to be effective upon the filing of the record of such election with the office of the secretary of state. Insofar as the provisions of *RCW 35A.02.100 and 35A.02.110 are applicable to an election on such a reclassification proposal they shall apply to such election. [1994 c 223 § 26; 1994 c 81 § 67; 1967 ex.s. c 119 § 35A.02.130.]

*Reviser's note: RCW 35A.02.100 and 35A.02.110 were repealed by 1994 c 223 § 92.

35A.02.140  Petition or resolution pending—Restriction—Exception. While proceedings are pending under any petition or resolution relating to reclassification of a municipality or reorganization of the government thereof pursuant to this chapter, no resolution shall be passed for the purpose of initiating other such proceedings or submitting other such proposals to the voters at an election thereunder; and no petition for reclassification or reorganization of such municipality shall be accepted for filing pending such proceedings, except that a timely and sufficient petition seeking to place on the ballot for such election a proposal for an alternative plan of government authorized by this title, as provided in RCW 35A.02.090, may be filed and acted upon. [1967 ex.s. c 119 § 35A.02.140.]

35A.06.020 Laws applicable to noncharter code cities.
35A.06.030 Abandonment of plan of government of a noncharter code city.
35A.06.040 Abandonment—Resolution or petition for election.

35A.06.060 Abandonment—Reorganization under plan adopted—Effective date.
35A.06.070 Abandonment of noncharter code city classification without reorganization.

35A.06.010 Each optional plan of government declared complete form of government. Each of the optional plans of government authorized by chapter 35A.12 RCW and chapter 35A.13 RCW, with any amendments thereto, is declared to be a complete and separate plan of government authorized by the legislature for submission to the voters of a municipality or for adoption by resolution of the legislative body thereof in the manner provided herein, and is additional to the plans of government existing prior to the time this title takes effect. [1967 ex.s. c 119 § 35A.06.010.]

35A.06.020 Laws applicable to noncharter code cities. The classifications of municipalities which existed prior to the time this title goes into effect—first class cities, second class cities, unclassified cities, and towns—and the restrictions, limitations, duties, and obligations specifically imposed by law upon such classes of cities and towns, shall have no application to noncharter code cities, but every noncharter code city, by adopting such classification, has elected to be governed by the provisions of this title, with the powers granted hereby. However, any code city that retains its old plan of government is subject to the laws applicable to that old plan of government until the city abandons its old plan of government and reorganizes and adopts a plan of government under chapter 35A.12 or 35A.13 RCW. [1995 c 134 § 11. Prior: 1994 c 223 § 27; 1994 c 81 § 68; 1967 ex.s. c 119 § 35A.06.020.]

35A.06.030 Abandonment of plan of government of a noncharter code city. By use of the resolution for election or petition for election methods described in RCW 35A.06.040, any noncharter code city which has operated for more than six consecutive years under one of the optional plans of government authorized by this title, or for more than a combined total of six consecutive years under a particular plan of government both as a code city and under the same general plan under Title 35 RCW immediately prior to becoming a code city, may abandon such organization and may reorganize and adopt another plan of government authorized for noncharter code cities, but only after having been a noncharter code city for more than one year or a city after operating for more than six consecutive years under a particular plan of government as a noncharter code city: PROVIDED, That these limitations shall not apply to a city seeking to adopt a charter.

In reorganization under a different general plan of government as a noncharter code city, officers shall all be elected as provided in RCW 35A.02.050: When a noncharter code city adopts a plan of government other than those authorized under Title 35 RCW, such city ceases to be governed under this optional municipal code and shall be classified as a city or town of the class selected in the proceeding for adoption of such new plan, with the powers granted to such class under the general law. [1994 c 223 § 28; 1994 c 81 § 69; 1979 ex.s. c 18 § 14; 1971 ex.s. c 251 § 13; 1967 ex.s. c 119 § 35A.06.030.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.06.040 Abandonment—Resolution or petition for election. Upon the passage of a resolution of the legislative body of a noncharter code city, or upon the filing of a sufficient petition with the county auditor signed by registered voters in number equal to not less than ten percent of the votes cast at the last general municipal election therein, proposing abandonment by the city of the plan of government under which it is then operating and adoption of another plan, naming such plan, the sufficiency of the petition for abandonment shall be determined, an election ordered and conducted, and the results declared generally as provided in chapter 35A.02 RCW insofar as such provisions are applicable. If the resolution or petition proposes a plan of government other than those authorized in chapters 35A.12 RCW and 35A.13 RCW of this title, the resolution or petition shall specify the class under which such city will be classified upon adoption of such plan. [1990 c 259 § 4; 1967 ex.s. c 119 § 35A.06.040.]

Sufficiency of petition in code city: RCW 35A.01.040.

35A.06.050 Abandonment—Election. The proposal for abandonment of a plan of government as authorized in RCW 35A.06.030 and for adoption of the plan named in the resolution or petition shall be voted upon at the next general
municipal election if one is to be held within one hundred and eighty days or otherwise at a special election called for that purpose in accordance with RCW 29.13.020. The ballot title and statement of the proposition shall be prepared by the city attorney as provided in RCW 29.27.060 and 35A.29.120. [1994 c 223 § 29; 1979 ex.s. c 18 § 15; 1967 ex.s. c 119 § 35A.06.050.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.06.060 Abandonment—Reorganization under plan adopted—Effective date. If a majority of votes cast at the election favor abandonment of the general plan of government under which the noncharter code city is then organized and reorganization under the different general plan proposed in the resolution or petition, the officers to be elected shall be those prescribed by the plan of government so adopted, and they shall be elected as provided in RCW 35A.02.050 if the city is to remain a noncharter code city, or if the city is abandoning optional municipal code status, they shall be elected at the next succeeding general municipal election. Upon the election, qualification, and assumption of office by such officers the reorganization of the government of such municipality shall be complete and such municipality shall thereafter be governed under such plan. If the plan so adopted is not a plan authorized for noncharter code cities, upon the election, qualification, and assumption of office by such officers the municipality shall cease to be a noncharter code city governed under the provisions of this optional municipal code and shall revert to the classification selected and shall be governed by the general laws relating to municipalities of such class with the powers conferred by law upon municipalities of such class. Such change of classification shall not affect the then existing property rights or liabilities of the municipal corporation. [1979 ex.s. c 18 § 16; 1967 ex.s. c 119 § 35A.06.060.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.06.070 Abandonment of noncharter code city classification without reorganization. By means of the procedures set forth in this chapter, insofar as they apply, any noncharter code city which has been governed under the provisions of this title for more than six years may abandon the classification of noncharter code city and elect to be governed under the general law relating to cities or towns of the classification held by such city immediately prior to becoming a noncharter code city, if any, or relating to cities or towns of the highest class for which it is qualified by population, with the powers conferred by law upon such class, while retaining the plan of government under which it is then organized. A change of classification approved by a majority of the voters voting on such proposition shall become effective upon the filing of the record of such election with the office of the secretary of state. [1967 ex.s. c 119 § 35A.06.070.]

35A.07.010 Adoption of charter code city classification authorized. Any city having ten thousand inhabitants which is governed under a charter may become a charter code city by a procedure prescribed in this chapter and be governed under this title, with the powers conferred hereby. [1967 ex.s. c 119 § 35A.07.010.]

35A.07.020 Petition method—Direct. When a petition is filed, signed by registered voters of a charter city in number equal to not less than fifty percent of the votes cast at the last general municipal election, seeking the adoption by the charter city of the classification of charter code city the legislative body of such city shall direct the county auditor to determine the sufficiency of the petition under the rules set forth in RCW 35A.01.040. If the petition is found to be sufficient, the county auditor shall file with the legislative body a certificate of sufficiency of the petition. Thereupon the legislative body of the charter city shall, by resolution, declare that the inhabitants of such city have decided to adopt the classification of charter code city and to be governed under this title. The legislative body shall cause such resolution to be published at least once in a newspaper of general circulation within the city not later than ten days after the passage of the resolution. Upon the expiration of the ninety days from, but excluding the date of first publication of the resolution, if no timely and sufficient referendum petition has been filed, as determined by RCW 35A.29.170, the legislative body shall effect the decision of the inhabitants, as expressed in the petition, by passage of an ordinance adopting for the city the classification of charter code city. [1990 c 259 § 5; 1967 ex.s. c 119 § 35A.07.020.]

35A.07.025 Referendum. Upon the filing of a referendum petition in the manner provided in RCW 35A.29.170 signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general municipal election, the resolution authorized by RCW 35A.07.020 shall be referred to the voters for confirmation or rejection in the next general municipal election, if one is to be held within one hundred and eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose not less than ninety days nor more than one hundred and eighty days from the filing of such referendum petition. [1967 ex.s. c 119 § 35A.07.025.]

Within ten days after the passage of the resolution, the legislative body shall cause it to be published at least once in a newspaper of general circulation within the city. Upon the expiration of the ninetieth day from, but excluding the date of first publication of the resolution, if no timely and sufficient referendum petition has been filed, as determined by RCW 35A.29.170, the intent expressed in such resolution shall be effected by passage of an ordinance adopting for the city the classification of charter code city. [1967 ex.s. c 119 § 35A.07.035.]

**35A.07.040 Certification of ordinance—Transcript of record to secretary of state.** When an ordinance is passed as provided in RCW 35A.07.020 or 35A.07.030, the clerk of the charter city shall forward to the secretary of state a certified copy thereof. Upon the filing of the certified copy of the ordinance in the office of the secretary of state, such city shall be classified as a charter code city and shall thereafter be governed under the provisions of this optional municipal code and have the powers conferred hereby. [1967 ex.s. c 119 § 35A.07.040.]

**35A.07.050 Petition for election.** When a petition which is sufficient under the rules set forth in RCW 35A.01.040 is filed with the legislative body of a charter city, signed by registered voters of such city in number equal to not less than ten percent of the votes cast at the last general municipal election, seeking adoption by the city of the classification of charter code city, the county auditor shall file with the legislative body thereof a certificate of sufficiency of such petition. Thereupon the legislative body shall cause such proposal to be submitted to the voters at the next general municipal election if one is to be held within one hundred eighty days, or at a special election to be held for that purpose not less than ninety days nor more than one hundred and eighty days after the filing of such petition. Ballot titles for such election shall be prepared by the city clerk as provided in *RCW 35A.29.120.* [1990 c 259 § 6; 1967 ex.s. c 119 § 35A.07.050.]

If a majority of votes cast on the proposition are in favor of adoption of the classification of charter code city, upon the certification of the record of election to the office of the secretary of state, such city shall become a charter code city and shall be governed under the provisions of this title and have the powers conferred on charter code cities. Notwithstanding any other provision of law, the legislative body of any code city, by resolution adopted by a two-thirds vote of the full legislative body, may authorize any of its members to serve as volunteer fire fighters or reserve law enforcement officers, or both, and to receive the same compensation, insurance and other benefits as are applicable to other volunteer fire fighters or reserve law enforcement officers employed by the code city. [1993 c 303 § 2; 1974 ex.s. c 60 § 2.]

35A.11.200 Criminal code repeal by city operating municipal court—Agreement covering costs of handling resulting criminal cases—Arbitration. A code city operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter 7.04 RCW. Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter 7.04 RCW. [1984 c 258 § 209.]

35A.12.101 Elective city officers—Size of council.
The government of any noncharter code city or charter code city electing to adopt the mayor-council plan of government authorized by this chapter shall be vested in an elected mayor and an elected council. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants, the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a mayor-council code city, its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a mayor-council code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.12.050, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the mayor-council plan of government set forth in this chapter, may provide for an uneven number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the mayor-council plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renumbering of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

However, a noncharter code city that has retained its old mayor-council plan of government, as provided in RCW 35A.02.130, is subject to the laws applicable to that old plan of government. [1994 c 223 § 30; 1994 c 81 § 71; 1985 c 106 § 1; 1983 c 128 § 1; 1979 ex.s. c 18 § 19; 1979 c 151 § 33; 1967 ex.s. c 119 § 35A.12.010.]

The office of city clerk may be merged with that of a city treasurer, if any, with an appropriate title designated therefor. Provision shall be made for obtaining legal counsel for the city, either by appointment of a city attorney on a full-time or part-time basis, or by any reasonable contractual arrangement for such professional services. The authority, duties and qualifications of all appointive officers shall be prescribed by charter or ordinance, consistent with the provisions of this title, and any amendments thereto, and the compensation of appointive officers shall be prescribed by ordinance: PROVIDED, That the compensation of an appointed municipal judge shall be within applicable statutory limits. [1987 c 3 § 14; 1967 ex.s. c 119 § 35A.12.020.]

Severability—1987 c 3: See note following RCW 3.46.020.

35A.12.030 Eligibility to hold elective office. No person shall be eligible to hold elective office under the mayor-council plan unless the person is a registered voter of the city at the time of filing his declaration of candidacy and has been a resident of the city for a period of at least one year next preceding his election. Residence and voting within the limits of any territory which has been included in, annexed to, or consolidated with such city is construed to have been residence within the city. A mayor or councilman shall hold within the city government no other public office or employment except as permitted under the provisions of chapter 42.23 RCW. [1979 ex.s. c 18 § 20; 1967 ex.s. c 119 § 35A.12.030.]

At any first election upon reorganization, councilmembers shall be elected as provided in RCW 35A.02.050. Thereafter the requisite number of councilmembers shall be elected biennially as the terms of their predecessors expire and shall serve for terms of four years. The positions to be filled on the city council shall be designated by consecutive numbers and shall be dealt with as separate offices for all election purposes. Election to positions on the council shall be by majority vote from the city at large, unless provision is made by charter or ordinance for election by wards. The mayor and councilmembers shall qualify by taking an oath or affirmation of office and as may be provided by law, charter, or ordinance. [1994 c 223 § 31; 1979 ex.s. c 18 § 21; 1970 ex.s. c 52 § 3; 1967 ex.s. c 119 § 35A.12.040.]

[Title 35A RCW—page 16] (1996 Ed.)
35A.12.050 Vacancies. The office of a mayor or councilmember shall become vacant if the person who is elected or appointed to that position fails to qualify as provided by law, fails to enter upon the duties of that office at the time fixed by law without a justifiable reason, or as provided in RCW 35A.12.060 or 42.12.010. A vacancy in the office of mayor or in the council shall be filled as provided in chapter 42.12 RCW. [1994 c 223 § 32; 1967 ex.s. c 119 § 35A.12.050.]

35A.12.060 Vacancy for nonattendance. In addition a council position shall become vacant if the councilmember fails to attend three consecutive regular meetings of the council without being excused by the council. [1994 c 223 § 33; 1967 ex.s. c 119 § 35A.12.060.]

35A.12.065 Pro tempore appointments. Biennially at the first meeting of a new council, or periodically, the members thereof, by majority vote, may designate one of their number as mayor pro tempore or deputy mayor for such period as the council may specify, to serve in the absence or temporary disability of the mayor; or, in lieu thereof, the council may, as the need may arise, appoint any qualified person to serve as mayor pro tempore in the absence or temporary disability of the mayor. In the event of the extended absence or disability of a councilman, the remaining members by majority vote may appoint a councilman pro tempore to serve during the absence or disability. [1967 ex.s. c 119 § 35A.12.065.]

35A.12.070 Compensation of elective officers—Expenes. The salaries of the mayor and the councilmen shall be fixed by ordinance and may be revised from time to time by ordinance, but any increase in the compensation attaching to an office shall not be applicable to the term then being served by the incumbent if such incumbent is a member of the city legislative body fixing his own compensation or as mayor in a mayor-council code city casts a tie-breaking vote relating to such ordinance: PROVIDED, That if the mayor of such a city does not cast such a vote, his salary may be increased during his term of office.

Until the first elective officers under this mayor-council plan of government may lawfully be paid the compensation provided by such salary ordinance, such officers shall be entitled to be compensated in the same manner and in the same amount as the compensation paid to officers of such city performing comparable services immediately prior to adoption of this mayor-council plan.

Until a salary ordinance can be passed and become effective as to elective officers of a newly incorporated code city, such first officers shall be entitled to compensation as follows: In cities having less than five thousand inhabitants, the mayor shall be entitled to a salary of one hundred and fifty dollars per calendar month and a councilman shall be entitled to twenty dollars per meeting for not more than two meetings per month; in cities having more than five thousand but less than fifteen thousand inhabitants, the mayor shall be entitled to a salary of three hundred and fifty dollars per calendar month and a councilman shall be entitled to one hundred and fifty dollars per calendar month; in cities having more than fifteen thousand inhabitants, the mayor shall be entitled to a salary of twelve hundred and fifty dollars per calendar month and a councilman shall be entitled to four hundred dollars per calendar month: PROVIDED, That such interim compensation shall remain in effect only until a salary ordinance is passed and becomes effective as to such officers, and the amounts herein provided shall not be construed as fixing the usual salary of such officers. The mayor and councilmen shall receive reimbursement for their actual and necessary expenses incurred in the performance of the duties of their office, or the council by ordinance may provide for a per diem allowance. Procedure for approval of claims for expenses shall be as provided by ordinance.

35A.12.080 Oath and bond of officers. Any officer before entering upon the performance of his duties may be required to take an oath or affirmation as prescribed by charter or by ordinance for the faithful performance of his duties. The oath or affirmation shall be filed with the county auditor. The clerk, treasurer, if any, chief of police, and such other officers or employees as may be designated by ordinance or by charter shall be required to furnish annually an official bond conditioned on the honest and faithful performance of their official duties. The terms and penalty of official bonds and the surety therefor shall be prescribed by ordinance or charter and the bond shall be approved by the chief administrative officer of the city. The premiums on such bonds shall be paid by the city. When the furnishing of an official bond is required of an officer or employee, compliance with such provisions shall be an essential part of qualification for office. [1986 c 167 § 20; 1967 ex.s. c 119 § 35A.12.080.]

Severability—1986 c 167: See note following RCW 29.01.055.

35A.12.090 Appointment and removal of officers—Terms. The mayor shall have the power of appointment and removal of all appointive officers and employees subject to any applicable law, rule, or regulation relating to civil service. The head of a department or office of the city government may be authorized by the mayor to appoint and remove subordinates in such department or office, subject to any applicable civil service provisions. All appointments of city officers and employees shall be made on the basis of ability and training or experience of the appointees in the duties they are to perform, from among persons having such qualifications as may be prescribed by ordinance or by charter, and in compliance with provisions of any merit system applicable to such city. Confirmation by the city council of appointments of officers and employees shall be required only when the city charter, or the council by ordinance, provides for confirmation of such appointments. Confirmation of mayoral appointments by the council may be required by the council in any instance where qualifications for the office or position have not been established by ordinance or charter provision. Appointive offices shall be without definite term unless a term is established for such
office by law, charter or ordinance. [1987 c 3 § 15; 1967 ex.s. c 119 § 35A.12.090.]

Severability—1987 c 3: See note following RCW 3.46.020.

35A.12.100 Duties and authority of the mayor—Veto—Tie-breaking vote. The mayor shall be the chief executive and administrative officer of the city, in charge of all departments and employees, with authority to designate assistants and department heads. The mayor may appoint and remove a chief administrative officer or assistant administrative officer, if so provided by ordinance or charter. He shall see that all laws and ordinances are faithfully enforced that law and order is maintained in the city, and shall have general supervision of the administration of city government and all city interests. All official bonds and bonds of contractors with the city shall be submitted to the mayor or such person as he may designate for approval or disapproval. He shall see that all contracts and agreements made with the city or for its use and benefit are faithfully kept and performed, and to this end he may cause any legal proceedings to be instituted and prosecuted in the name of the city, subject to approval by majority vote of all members of the council. The mayor shall preside over all meetings of the city council, when present, but shall have a vote only in the case of a tie in the votes of the councilmen with respect to matters other than the passage of any ordinance, grant, or revocation of franchise or license, or any resolution for the payment of money. He shall report to the council concerning the affairs of the city and its financial and other needs, and shall make recommendations for council consideration and action. He shall prepare and submit to the council a proposed budget, as required by chapter 35A.33 RCW. The mayor shall have the power to veto ordinances passed by the council and submitted to him as provided in RCW 35A.12.130 but such veto may be overridden by the vote of a majority of all council members plus one more vote. The mayor shall be the official and ceremonial head of the city and shall represent the city on ceremonial occasions, except that when illness or other duties prevent the mayor’s attendance at an official function and no mayor pro tempore has been appointed by the council, a member of the council or some other suitable person may be designated by the mayor to represent the city on such occasion. [1979 ex.s. c 18 § 22; 1967 ex.s. c 119 § 35A.12.100.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.110 Council meetings. The city council and mayor shall meet regularly, at least once a month, at a place and at such times as may be designated by the city council. All final actions on resolutions and ordinances must take place within the corporate limits of the city. Special meetings may be called by the mayor or any three members of the council by written notice delivered to each member of the council at least twenty-four hours before the time specified for the proposed meeting. All actions that have heretofore been taken at special council meetings held pursuant to this section, but for which the number of hours of notice given has been at variance with requirements of RCW 42.30.080, are hereby validated. All council meetings shall be open to the public except as permitted by chapter 42.30 RCW. No ordinance or resolution shall be passed, or contract let or entered into, or bill for the payment of money allowed at any meeting not open to the public, nor at any public meeting the date of which is not fixed by ordinance, resolution, or rule, unless public notice of such meeting has been given by such notice to each local newspaper of general circulation and to each local radio or television station, as provided in RCW 42.30.080 as now or hereafter amended. Meetings of the council shall be presided over by the mayor, if present, or otherwise by the mayor pro tempore, or deputy mayor if one has been appointed, or by a member of the council selected by a majority of the council members at such meeting. Appointment of a council member to preside over the meeting shall not in any way abridge his right to vote on matters coming before the council at such meeting. In the absence of the clerk, a deputy clerk or other qualified person appointed by the clerk, the mayor, or the council, may perform the duties of clerk at such meeting. A journal of all proceedings shall be kept, which shall be a public record. [1993 c 199 § 3; 1979 ex.s. c 18 § 23; 1967 ex.s. c 119 § 35A.12.110.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.12.120 Council—Quorum—Rules—Voting. At all meetings of the council a majority of the councilmen shall constitute a quorum for the transaction of business, but a less number may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as may be prescribed by ordinance. The council shall determine its own rules and order of business, and may establish rules for the conduct of council meetings and the maintenance of order. At the desire of any member, any question shall be voted upon by roll call and the ayes and nays shall be recorded in the journal.

The passage of any ordinance, grant or revocation of franchise or license, and any resolution for the payment of money shall require the affirmative vote of at least a majority of the whole membership of the council. [1967 ex.s. c 119 § 35A.12.120.]

35A.12.130 Ordinances—Style—Requisites—Veto. The enacting clause of all ordinances shall be as follows: "The city council of the city of . . . . . . do ordain as follows:" No ordinance shall contain more than one subject and that must be clearly expressed in its title.

No ordinance or any section or subsection thereof shall be revised or amended unless the new ordinance sets forth the revised ordinance or the amended section or subsection at full length.

No ordinance shall take effect until five days after the date of its publication unless otherwise provided by statute or charter, except that an ordinance passed by a majority plus one of the whole membership of the council, designated therein as a public emergency ordinance necessary for the protection of public health, public safety, public property or the public peace, may be made effective upon adoption, but such ordinance may not levy taxes, grant, renew, or extend a franchise, or authorize the borrowing of money.

Every ordinance which passes the council in order to become valid must be presented to the mayor; if he approves it, he shall sign it, but if not, he shall return it with his written objections to the council and the council shall cause
his objections to be entered at large upon the journal and proceed to a reconsideration thereof. If upon reconsideration a majority plus one of the whole membership, voting upon a call of ayes and nays, favor its passage, the ordinance shall become valid notwithstanding the mayor’s veto. If the mayor fails for ten days to either approve or veto an ordinance, it shall become valid without his approval. Ordinances shall be signed by the mayor and attested by the clerk. [1967 ex.s. c 119 § 35A.12.130.]

35A.12.140 Adoption of codes by reference. Ordinances may by reference adopt Washington state statutes and state, county, or city codes, regulations, or ordinances or any standard code of technical regulations, or portions thereof, including, for illustrative purposes but not limited to, fire codes and codes or ordinances relating to the construction of buildings, the installation of plumbing, the installation of electric wiring, health and sanitation, the slaughtering, processing, and selling of meats and meat products for human consumption, the production, pasteurizing, and sale of milk and milk products, or other subjects, together with amendments thereof or additions thereto, on the subject of the ordinance. Such Washington state statutes or codes or other codes or compilations so adopted need not be published in a newspaper as provided in RCW 35A.12.160, but the adopting ordinance shall be so published and a copy of any such adopted statute, ordinance, or code, or portion thereof, with amendments or additions, if any, in the form in which it was adopted, shall be filed in the office of the city clerk for use and examination by the public. While any such statute, code, or compilation is under consideration by the council prior to adoption, not less than one copy thereof shall be filed in the office of the city clerk for examination by the public. [1995 c 71 § 1; 1982 c 226 § 2; 1967 ex.s. c 119 § 35A.12.140.]

35A.12.150 Ordinances—Authentication and recording. The city clerk shall authenticate by his signature and record in full in a properly indexed book kept for the purpose all ordinances and resolutions adopted by the council. Such book, or copies of ordinances and resolutions, shall be available for inspection by the public at reasonable times and under reasonable conditions. [1967 ex.s. c 119 § 35A.12.150.]

35A.12.160 Publication of ordinances or summary—Public notice of hearings and meeting agendas. Promptly after adoption, the text of each ordinance or a summary of the content of each ordinance shall be published at least once in the city’s official newspaper.

For purposes of this section, a summary shall mean a brief description which succinctly describes the main points of the ordinance. Publication of the title of an ordinance authorizing the issuance of bonds, notes, or other evidences of indebtedness shall constitute publication of a summary of that ordinance. When the city publishes a summary, the publication shall include a statement that the full text of the ordinance will be mailed upon request.

An inadvertent mistake or omission in publishing the text or a summary of the content of an ordinance shall not render the ordinance invalid.

In addition to the requirement that a city publish the text or a summary of the content of each adopted ordinance, every city shall establish a procedure for notifying the public of upcoming hearings and the preliminary agenda for the forthcoming council meeting. Such procedure may include, but not be limited to, written notification to the city’s official newspaper, publication of a notice in the official newspaper, posting of upcoming council meeting agendas, or such other processes as the city determines will satisfy the intent of this requirement. [1994 c 273 § 15; 1988 c 168 § 7; 1987 c 400 § 3; 1985 c 469 § 42; 1967 ex.s. c 119 § 35A.12.160.]

35A.12.170 Audit and allowance of demands against city. All demands against a code city shall be presented and audited in accordance with such regulations as may be prescribed by charter or ordinance; and upon the allowance of a demand, the clerk shall draw a warrant upon the treasurer for it, which warrant shall be countersigned by the mayor, or such person as he may designate, and shall specify the fund from which it is to be paid; or, payment may be made by a bank check when authorized by the legislative body of the code city under authority granted by RCW 35A.40.020, which check shall bear the signatures of the officers designated by the legislative body as required signatories of checks of such city, and shall specify the fund from which it is to be paid. [1967 ex.s. c 119 § 35A.12.170.]

35A.12.180 Optional division of city into wards. At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any councilmember, and councilmembers shall serve out their terms in the wards of their residences at the time of their elections: PROVIDED, That if this results in one ward being represented by more councilmembers than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of each ward in the city council shall be in proportion to the population as nearly as is practicable.

Wards shall be redrawn as provided in chapter 29.70 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within...
the ward, then the city shall be authorized to continue to do so. [1994 c 223 § 34; 1967 ex.s. c 119 § 35A.12.180.]

35A.12.190 Powers of council. The council of any code city organized under the mayor-council plan of government provided in this chapter shall have the powers and authority granted to the legislative bodies of cities governed by this title, as more particularly described in chapter 35A.11 RCW. [1967 ex.s. c 119 § 35A.12.190.]

35A.13.010 City officers—Size of council. The councilmembers shall be the only elective officers of a code city electing to adopt the council-manager plan of government authorized by this chapter, except where statutes provide for an elective municipal judge. The council shall appoint an officer whose title shall be "city manager" who shall be the chief executive officer and head of the administrative branch of the city government. The city manager shall be responsible to the council for the proper administration of all affairs of the code city. The council of a noncharter code city having less than twenty-five hundred inhabitants shall consist of five members; when there are twenty-five hundred or more inhabitants the council shall consist of seven members: PROVIDED, That if the population of a city after having become a code city decreases from twenty-five hundred or more to less than twenty-five hundred, it shall continue to have a seven member council. If, after a city has become a council-manager code city its population increases to twenty-five hundred or more inhabitants, the number of councilmanic offices in such city may increase from five to seven members upon the affirmative vote of a majority of the existing council to increase the number of councilmanic offices in the city. When the population of a council-manager code city having five councilmanic offices increases to five thousand or more inhabitants, the number of councilmanic offices in the city shall increase from five to seven members. In the event of an increase in the number of councilmanic offices, the city council shall, by majority vote, pursuant to RCW 35A.13.020, appoint two persons to serve in these offices until the next municipal general election, at which election one person shall be elected for a two-year term and one person shall be elected for a four-year term. The number of inhabitants shall be determined by the most recent official state or federal census or determination by the state office of financial management. A charter adopted under the provisions of this title, incorporating the council-manager plan of government set forth in this chapter may provide for an even number of councilmembers not exceeding eleven.

A noncharter code city of less than five thousand inhabitants which has elected the council-manager plan of government and which has seven councilmanic offices may establish a five-member council in accordance with the following procedure. At least six months prior to a municipal general election, the city council shall adopt an ordinance providing for reduction in the number of councilmanic offices to five. The ordinance shall specify which two councilmanic offices, the terms of which expire at the next general election, are to be terminated. The ordinance shall provide for the renaming of council positions and shall also provide for a two-year extension of the term of office of a retained councilmanic office, if necessary, in order to comply with RCW 35A.12.040.

Until councilmen of a newly-organized council-manager code city may lawfully be paid as provided by salary ordinance, such councilmen shall be entitled to compensation in the same manner and in the same amount as councilmen of such city prior to the adoption of this council-manager plan.

[1967 ex.s. c 119 § 35A.14.010.]

Election method—Resolution for election—Contents of resolution. When the legislative body of a charter code city or noncharter code city shall determine that the best interests and general welfare of such city would be served by the annexation of unincorporated territory contiguous to such city, such legislative body may, by resolution, call for an election to be held to submit to the voters of such territory the proposal for annexation. The resolution shall, subject to RCW 35.02.170, describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and shall provide that said city will pay the cost of the annexation election. The resolution may require that there also be submitted to the electorate of the territory sought to be annexed a proposition that all property within the area annexed shall, upon annexation, be assessed and taxed at the same rate and on the same basis as the property of such annexing city is assessed and taxed to pay for all or any portion of the then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior, to, or existing at, the date of annexation. Whenever such city has prepared and filed a proposed zoning regulation for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, the resolution initiating the election may also provide for the simultaneous adoption of the proposed zoning regulation upon approval of annexation by the electorate of the area to be annexed. Election method—Contents of petition—Certification by auditor—Approval or rejection by legislative body—Costs. When a petition is sufficient under the rules set forth in RCW 35A.01.040, calling for an election to vote upon the annexation of unincorporated territory contiguous to a code city, describing the boundaries of the area proposed to be annexed, stating the number of voters therein as nearly as may be, and signed by qualified electors resident in such territory equal in number to ten percent of the votes cast at the last state general election therein, it shall be filed with the auditor of the county in which all, or the greatest portion, of the territory is located, and a copy of the petition shall be filed with the legislative body of the code city. If the territory is located in more than a single county, the auditor of the county with whom the petition is filed shall act as the lead auditor and transmit a copy of the petition to the auditor of each other county within which a portion of the territory is located. The auditor or auditors shall examine the petition, and the auditor or lead auditor shall certify the sufficiency of the petition to the legislative authority of the code city.

The approval of the legislative body shall be a condition precedent to further proceedings upon the petition. The costs of conducting the election called for in the petition shall be a charge against the city concerned. The proposition or questions provided for in this section may be submitted to the voter either separately or as a single proposition. [1989 c 351 § 4; 1981 c 332 § 6; 1979 ex.s. c 124 § 2; 1967 ex.s. c 119 § 35A.14.020.]

If the petition so provides for the creation of a community municipal corporation and election of community council members, the petition shall describe the boundaries of the proposed service area, state the number of voters residing therein as nearly as may be, and pray for the election of community council members by the voters residing in the service area.

The ballots shall contain the words "For annexation and creation of community municipal corporation" and "Against annexation and creation of community municipal corporation," or "For creation of community municipal corporation" and "Against creation of community municipal corporation," as the case may be. Approval of either optional ballot proposition shall be by simple majority vote of the voters voting on the proposition, but the annexation must be authorized before a community municipal corporation is created. [1993 c 75 § 3.]

35A.14.030 Filing of petition as approved by city. Upon approval of the petition for election by the legislative body of the code city to which such territory is proposed to be annexed, the petition shall be filed with the legislative authority of the county in which such territory is located, along with a statement, in the form required by the city, of the provisions, if any there be, relating to assumption of the portion of the debt that the city requires to be assumed by the owners of property of the area proposed to be annexed, and/or the simultaneous adoption of a proposed zoning regulation for the area. A copy of the petition and the statement, if any, shall also be filed with the boundary review board as provided for in chapter 36.93 RCW or the county annexation review board established by RCW 35A.14.160, unless such proposed annexation is within the provisions of RCW 35A.14.220. The hearing shall be held within the city to which the territory is proposed to be annexed, at a time and place to be designated by the board. Upon the day fixed, the board shall conduct a hearing upon the petition or resolution, at which hearing a representative of the city shall make a brief presentation to the board in explanation of the annexation and the benefits to be derived therefrom, and the petitioners and any resident of the city or the area proposed to be annexed shall be afforded a reasonable opportunity to be heard. The hearing may be adjourned from time to time in the board's discretion, not to exceed thirty days in all from the commencement of the hearing. [1967 ex.s. c 119 § 35A.14.040.]

35A.14.050 Decision of the county annexation review board—Filing—Date for election. After consideration of the proposed annexation as provided in RCW 35A.14.200, the county annexation review board, within thirty days after the final day of hearing, shall take one of the following actions:

(1) Approval of the proposal as submitted.

(2) Subject to RCW 35.02.170, modification of the proposal by adjusting boundaries to include or exclude territory; except that any such inclusion of territory shall not increase the total area of territory proposed for annexation by
an amount exceeding the original proposal by more than five percent: PROVIDED, That the county annexation review board shall not adjust boundaries to include territory not included in the original proposal without first affording to residents and property owners of the area affected by such adjustment of boundaries an opportunity to be heard as to the proposal.

(3) Disapproval of the proposal.

The written decision of the county annexation review board shall be filed with the board of county commissioners and with the legislative body of the city concerned. If the annexation proposal is modified by the county annexation review board, such modification shall be fully set forth in the written decision. If the decision of the boundary review board or the county annexation review board is favorable to the annexation proposal, or the proposal as modified by the review board, the legislative body of the city at its next regular meeting if to be held within thirty days after receipt of the decision of the boundary review board or the county annexation review board, or at a special meeting to be held within that period, shall indicate to the county auditor its preference for a special election date for submission of such annexation proposal, with any modifications made by the review board, to the voters of the territory proposed to be annexed. The special election date that is so indicated shall be one of the dates for special elections provided under RCW 29.13.020 that is sixty or more days after the date the preference is indicated. The county legislative authority shall call the special election at the special election date so indicated by the city. If the boundary review board or the county annexation review board disapproves the annexation proposal, no further action shall be taken thereon, and no proposal for annexation of the same territory, or substantially the same as determined by the board, shall be initiated or considered for twelve months thereafter. [1986 c 234 § 19; 1985 c 234 § 30; 1975 1st ex.s. c 220 § 15; 1971 ex.s. c 251 § 7; 1967 ex.s. c 119 § 35A.14.050.]

Notice of an annexation election shall particularly describe the boundaries of the area proposed to be annexed, as the same may have been modified by the boundary review board or the county annexation review board, state the objects of the election as prayed in the petition or as stated in the resolution, and require the voters to cast ballots which shall contain the words "For Annexation" or "Against Annexation" or words equivalent thereto, or contain the words "For Annexation and Adoption of Proposed Zoning Regulation", and "Against Annexation and Adoption of Proposed Zoning Regulation", or words equivalent thereto in case the simultaneous adoption of a proposed zoning regulation is proposed, and in case the assumption of all or a portion of indebtedness is proposed, shall contain an appropriate, separate proposition for or against the portion of indebtedness that the city requires to be assumed. The notice shall be posted for at least two weeks prior to the date of election in four public places within the area proposed to be annexed and published at least once a week for two weeks prior to the date of election in a newspaper of general circulation within the limits of the territory proposed to be annexed. Such notice shall be in addition to the notice required by general election law. [1994 c 223 § 38; 1979 ex.s. c 124 § 4; 1967 ex.s. c 119 § 35A.14.070.]

35A.14.080 Election method—Vote required for annexation—Proposition for assumption of indebtedness—Certification. On the Monday next succeeding the annexation election, the county canvassing board shall proceed to canvass the returns thereof and shall submit the statement of canvass to the county legislative authority.

The proposition for or against annexation or for or against annexation and adoption of the proposed zoning regulation, as the case may be, shall be deemed approved if a majority of the votes cast on that proposition are cast in favor of annexation or in favor of annexation and adoption of the proposed zoning regulation, as the case may be. If a proposition for or against assumption of all or any portion of indebtedness was submitted to the electorate, it shall be deemed approved if a majority of at least three-fifths of the electors of the territory proposed to be annexed voting on such proposition vote in favor thereof, and the number of persons voting on such proposition constitutes not less than forty percent of the total number of votes cast in such territory at the last preceding general election. If either or both propositions were approved by the electors, the county legislative authority shall enter a finding to that effect on its minutes, a certified copy of which shall be forthwith transmitted to and filed with the clerk of the city to which annexation is proposed, together with a certified abstract of the vote showing the whole number who voted at the election, the number of votes cast for annexation and the number cast against annexation or for annexation and adoption of the proposed zoning regulation and the number cast against annexation and adoption of the proposed zoning regulation, as the case may be, and if a proposition for assumption of all or any portion of indebtedness was submitted to the electorate, the abstract shall include the number of votes cast for assumption of indebtedness and the number of votes cast against assumption of indebtedness, together with a statement of the total number of votes cast in such territory at the last preceding general election. [1979 ex.s. c 124 § 5; 1967 ex.s. c 119 § 35A.14.080.]

35A.14.085 Election method—Vote required for annexation with assumption of indebtedness—Without assumption of indebtedness. A code city may cause a proposition authorizing an area to be annexed to the city to be submitted to the qualified voters of the area proposed to be annexed in the same ballot proposition as the question to authorize an assumption of indebtedness. If the measures are combined, the annexation and the assumption of indebtedness shall be authorized only if the proposition is approved by at least three-fifths of the voters of the area proposed to be annexed voting on the proposition, and the number of persons voting on the proposition constitutes not less than...
forty percent of the total number of votes cast in the area at
the last preceding general election.

However, the code city council may adopt a resolution
accepting the annexation, without the assumption of indebt-
edness, where the combined ballot proposition is approved
by a simple majority vote of the voters voting on the propo-
sition. [1989 c 84 § 23.]

35A.14.090 Election method—Ordinance providing
for annexation, assumption of indebtedness. Upon filing
of the certified copy of the finding of the county legislative
authority, the clerk shall transmit it to the legislative body of
the city at the next regular meeting or as soon thereafter as
practicable. If only a proposition relating to annexation or
to annexation and adoption of a proposed zoning regulation
was submitted to the voters and such proposition was
approved, the legislative body shall adopt an ordinance
providing for the annexation or adopt ordinances providing
for the annexation and adoption of a proposed zoning
regulation, as the case may be. If a proposition for annexa-
tion or for annexation and adoption of a proposed zoning
regulation, and a proposition for assumption of all or any
portion of indebtedness were both submitted, and both were
approved, the legislative body shall adopt an ordinance
providing for the annexation or for annexation and adoption
of the proposed zoning regulation, including the assumption
of the portion of indebtedness that was approved by the
voters. If both propositions were submitted and only the
annexation or the annexation and adoption of the proposed
zoning regulation was approved, the legislative body may
adopt an ordinance providing for the annexation or adopt ordinances providing for the annexation and adoption of the proposed zoning regulation, as the case may be, or the legislative body may refuse to annex when a proposal for assumption of the portion of indebtedness has been disap-
proved by the voters. [1979 ex.s. c 124 § 6; 1967 ex.s. c
119 § 35A.14.090.]

Severability—1979 ex.s. c 124: See note following RCW
35A.14.015.

35A.14.100 Election method—Effective date of
annexation. Upon the date fixed in the ordinance of
annexation, the area annexed shall become a part of the city.
Upon the date fixed in the ordinances of annexation and
adoption of the proposed zoning regulation, the area annexed
shall become a part of the city, and property in the annexed
area shall be subject to the proposed zoning regulation, as
prepared and filed as provided for in RCW 35A.14.330 and
35A.14.340. All property within the territory hereafter
annexed shall, if the proposition approved by the people so
provides, be assessed and taxed at the same rate and on
the same basis as the property of such annexing city is assessed
and taxed to pay for the portion of indebtedness of the city
that was approved by the voters. [1979 ex.s. c 124 § 7;
1967 ex.s. c 119 § 35A.14.100.]

Severability—1979 ex.s. c 124: See note following RCW
35A.14.015.

35A.14.110 Election method is alternative. The
method of annexation provided for in RCW 35A.14.015
through 35A.14.100 is an alternative method and is addition-
al to the other methods provided for in this chapter. [1967
ex.s. c 119 § 35A.14.110.]

35A.14.120 Direct petition method—Notice to
legislative body—Meeting—Assumption of indebted-
ness—Proposed zoning regulation—Contents of petition.
Proceedings for initiating annexation of unincorporated
territory to a charter code city or noncharter code city may
be commenced by the filing of a petition of property owners
of the territory proposed to be annexed, in the following
manner. This method of annexation shall be alternative to
other methods provided in this chapter. Prior to the circula-

parties, who shall be the owners of not less than ten percent
in value, according to the assessed valuation for general
taxation of the property for which annexation is sought, shall
notify the legislative body of the code city in writing of their
intention to commence annexation proceedings. The
legislative body shall set a date, not later than sixty days
after the filing of the request, for a meeting with the initiat-

reject, or geographically modify the proposed annexation,
whether it shall require the simultaneous adoption of a
proposed zoning regulation, if such a proposal has been
prepared and filed for the area to be annexed as provided for
require the assumption of all or any portion of existing
city indebtedness by the area to be annexed. If the legisla-
tive body requires the assumption of all or of any portion of
indebtedness and/or the adoption of a proposed zoning
regulation, it shall record this action in its minutes and the
petition for annexation shall be so drawn as to clearly
indicate these facts. Approval by the legislative body shall
be a condition precedent to circulation of the petition. There
shall be no appeal from the decision of the legislative body.
A petition for annexation of an area contiguous to a code
city may be filed with the legislative body of the municipali-
ty to which annexation is desired. It must be signed by the
owners, as defined by RCW 35A.01.040(9) (a) through (d),
of not less than sixty percent in value, according to the
assessed valuation for general taxation of the property for
which annexation is petitioned: PROVIDED, That a petition
for annexation of an area having at least eighty percent of
the boundaries of such area contiguous with a portion of the
boundaries of the code city, not including that portion of the
boundary of the area proposed to be annexed that is cotermin-
ous with a portion of the boundary between two counties in
this state, need be signed by only the owners of not less than
fifty percent in value according to the assessed valuation
for general taxation of the property for which the annexation
is petitioned. Such petition shall set forth a description of
the property according to government legal subdivisions or legal
plats and shall be accompanied by a map which outlines the
boundaries of the property sought to be annexed. If the
legislative body has required the assumption of all or any
portion of city indebtedness by the area annexed or the
adoption of a proposed zoning regulation, these facts,
together with a quotation of the minute entry of such
requirement, or requirements, shall also be set forth in the
petition. [1989 c 351 § 6; 1979 ex.s. c 124 § 8; 1967 ex.s.

35A.14.120

Title 35A RCW: Optional Municipal Code

Sufficiency of petition in code city: RCW 35A.01.040.

35A.14.130 Direct petition method—Notice of hearing. Whenever such a petition for annexation is filed with the legislative body of a code city, which petition meets the requirements herein specified and is sufficient according to the rules set forth in RCW 35A.01.040, the legislative body may entertain the same, fix a date for a public hearing thereon and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The notice shall also be posted in three public places within the territory proposed for annexation, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation. [1967 ex.s. c 119 § 35A.14.130.]

35A.14.140 Direct petition method—Ordinance providing for annexation. Following the hearing, if the legislative body determines to effect the annexation, they shall do so by ordinance. Subject to RCW 35.02.170, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the annexation ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located. [1986 c 234 § 31; 1975 1st ex.s. c 220 § 16; 1967 ex.s. c 119 § 35A.14.140.]

Legislative finding, intent—1975 1st ex.s. c 220: See note following RCW 35.02.170.

35A.14.150 Direct petition method—Effective date of annexation. Upon the date fixed in the ordinance of annexation the area annexed shall become part of the city. All property within the territory hereafter annexed shall, if the annexation petition so provided, be assessed and taxed at the same rate and on the same basis as the property of such annexing code city is assessed and taxed to pay the portion of any then-outstanding indebtedness of the city to which said area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred prior to, or existing at, the date of annexation and that the city has required to be assumed. If the annexation petition so provided, all property in the annexed area shall be subject to and a part of the proposed zoning regulation as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. [1979 ex.s. c 124 § 9; 1967 ex.s. c 119 § 35A.14.150.]

35A.14.160 Annexation review board—Composition.

There is hereby established in each county of the state, other than counties having a boundary review board as provided for in chapter 189, Laws of 1967 [chapter 36.93 RCW], a board to be known as the "annexation review board for the county of . . . . . . (naming the county)" which shall be charged with the duty of reviewing proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within its respective county; except that proposals within the provisions of RCW 35A.14.220 shall not be subject to the jurisdiction of such board.

In all counties in which a boundary review board is established pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] review of proposals for annexation of unincorporated territory to charter code cities and noncharter code cities within such counties shall be subject to chapter 189, Laws of 1967 [chapter 36.93 RCW]. Whenever any county establishes a boundary review board pursuant to chapter 189, Laws of 1967 [chapter 36.93 RCW] the provisions of this act relating to annexation review boards shall not be applicable.

Except as provided above in this section, whenever one or more cities of a county shall have elected to be governed by this title by becoming a charter code city or noncharter code city, the governor shall, within forty-five days thereafter, appoint an annexation review board for such county consisting of five members appointed in the following manner:

Two members shall be selected independently by the governor. Three members shall be selected by the governor from the following sources: (1) One member shall be appointed from nominees of the individual members of the board of county commissioners; (2) one member shall be appointed from nominees of the individual mayors of charter code cities within such county; (3) one member shall be appointed from nominees of the individual mayors of noncharter code cities within such county.

Each source shall nominate at least two persons for an available position. In the event there are less than two nominees for any position, the governor may appoint the member for that position independently. If, at the time of appointment, there are within the county no cities of one of the classes named above as a nominating source, a position which would otherwise have been filled by nomination from such source shall be filled by independent appointment of the governor.

In making appointments independently and in making appointments from among nominees, the governor shall strive to appoint persons familiar with municipal government and administration by experience and/or training. [1971 ex.s. c 251 § 8; 1967 ex.s. c 119 § 35A.14.160.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

Upon the initial formation of a county annexation review board the governor shall give written notice of such formation to all the nominating sources designated therein and nominations must be filed with the office of the governor within fifteen days after receipt of such notice. Nominations to fill vacancies caused by expiration of terms must be filed at least thirty days preceding the expiration of the terms. When vacancies occur in the membership of the board, the governor shall solicit nominations from the appropriate source and if none are filed within fifteen days thereafter, the governor shall fill the vacancy by an independent appointment. [1967 ex.s. c 119 § 35A.14.170.]

35A.14.180 Terms of members. The members of the annexation review board shall be appointed for five year terms. Upon the initial formation of a board, one member
appointed by the governor independently shall be appointed for a four year term, the member appointed from among nominees of the board of county commissioners shall be appointed for a three year term, the member appointed from among nominees of the mayors of noncharter code cities shall be appointed for a three year term, and the remaining members shall be appointed for five year terms. Thereafter board members shall be appointed for five year terms as the terms of their predecessors expire. Members shall be eligible for reappointment to the board for successive terms. [1967 ex.s. c 119 § 35A.14.180.]

35A.14.190 Organization of annexation review board—Rules—Journal—Authority. The members of each annexation review board shall elect from among the members a chairman and a vice chairman, and may employ a nonmember as chief clerk, who shall be the secretary of the board. The board shall determine its own rules and order of business, shall provide by resolution for the time and manner of holding regular or special meetings, and shall keep a journal of its proceedings which shall be a public record. A majority of all the members shall constitute a quorum for the transaction of business.

The chief clerk of the board, the chairman, or the vice chairman shall have the power to administer oaths and affirmations, certify to all official acts, issue subpoenas to any public officer or employee ordering him to testify before the board and produce public records, papers, books or documents. The chief clerk, the chairman or the vice chairman may invoke the aid of any court of competent jurisdiction to carry out such powers.

The planning departments of the county, other counties, and any city, and any state or regional planning agency shall furnish such information to the board at its request as may be reasonably necessary for the performance of its duties.

At the request of the board, the state attorney general shall provide counsel for the board. [1967 ex.s. c 119 § 35A.14.190.]

35A.14.200 Determination by county annexation review board—Factors considered—Filing of findings and decision. The jurisdiction of the county annexation review board shall be invoked upon the filing with the board of a resolution for an annexation election as provided in RCW 35A.14.015, or of a petition for an annexation election as provided in RCW 35A.14.030, and the board shall proceed to hold a hearing, upon notice, all as provided in RCW 35A.14.040. A verbatim record shall be made of all testimony presented at the hearing and upon request and payment of the reasonable costs thereof, a copy of the transcript of such testimony shall be provided to any person or governmental unit. The board shall make and file its decision, all as provided in RCW 35A.14.050, insofar as said section is applicable to the matter before the board. Dissenting members of the board shall have the right to have their written dissents included as part of the decision. In reaching a decision on an annexation proposal, the county annexation review board shall consider the factors affecting such proposal, which shall include but not be limited to the following:

(1) The immediate and prospective population of the area proposed to be annexed, the configuration of the area, land use and land uses, comprehensive use plans and zoning, per capita assessed valuation, topography, natural boundaries and drainage basins, the likelihood of significant growth in the area and in adjacent incorporated and unincorporated areas during the next ten years, location and coordination of community facilities and services; and

(2) The need for municipal services and the available municipal services, effect of ordinances and governmental codes, regulations and resolutions on existing uses, present cost and adequacy of governmental services and controls, the probable future needs for such services and controls, the probable effect of the annexation proposal or alternatives on cost and adequacy of services and controls in area and adjacent area, the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the annexation proposal or alternatives on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The county annexation review board shall determine whether the proposed annexation would be in the public interest and for the public welfare. The decision of the board shall be accompanied by the findings of the board. Such findings need not include specific data on all the factors listed in this section, but shall indicate that all such factors were considered. [1971 ex.s. c 251 § 11; 1967 ex.s. c 119 § 35A.14.200.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.14.210 Court review of decisions of the county annexation review board. Decisions of the county annexation review board shall be final unless within ten days from the date of said action a governmental unit affected by the decision or any person owning real property in or residing in the area proposed to be annexed files in the superior court a notice of appeal. The filing of such notice of appeal within such time limit shall stay the effective date of the decision of the board until such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board. The superior court may affirm the decision of the county annexation review board or remand the case for further proceedings; or the court may reverse the decision and remand if it finds that substantial rights have been prejudiced because the findings, conclusions, or decision of the board are:

(1) In violation of constitutional provisions; or
(2) In excess of the statutory authority or jurisdiction of the board; or
(3) Made upon unlawful procedure; or
(4) Affected by other error of law; or
(5) Unsupported by material and substantial evidence in view of the entire record as submitted; or
(6) Arbitrary or capricious. [1971 ex.s. c 251 § 12; 1967 ex.s. c 119 § 35A.14.210.]

Severability—1971 ex.s. c 251: See RCW 35A.90.050.

35A.14.220 When review procedure may be dispensed with. Annexations under the provisions of RCW
35A.14.295, 35A.14.297, 35A.14.300, and 35A.14.310 shall not be subject to review by the annexation review board: PROVIDED, That in any county in which a boundary review board is established under chapter 36.93 RCW all annexations shall be subject to review except as provided for in RCW 36.93.110. When the area proposed for annexation in a petition or resolution, initiated and filed under any of the methods of initiating annexation authorized by this chapter, is less than fifty acres or less than two million dollars in assessed valuation, review procedures shall not be required as to such annexation proposal, except as provided in chapter 36.93 RCW in those counties with a review board established pursuant to chapter 36.93 RCW: PROVIDED, That when an annexation proposal is initiated by the direct petition method authorized by RCW 35A.14.120, review procedures shall not be required without regard to acreage or assessed valuation, except as provided in chapter 36.93 RCW in those counties with a boundary review board established pursuant to chapter 36.93 RCW. [1979 ex.s. c 18 § 27; 1973 1st ex.s. c 195 § 26; 1967 ex.s. c 119 § 35A.14.220.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

35A.14.231 Territory subject to annexation proposal—When annexation by another city or incorporation allowed. After a petition proposing an annexation by a code city has been filed with the city or the city legislative authority, or after a resolution proposing the annexation by a code city has been adopted by the city legislative authority, no territory included in the proposed annexation may be annexed by another city or town or incorporated into a city or town unless: (1) The boundary review board or county annexation review board created under RCW 35A.14.160 modifies the boundaries of the proposed annexation and removes the territory; (2) the boundary review board or county annexation review board created under RCW 35A.14.160 rejects the proposed annexation; or (3) the city legislative authority rejects the proposed annexation or voters defeat the ballot proposition authorizing the annexation. [1994 c 216 § 8.]

Effective date—1994 c 216: See note following RCW 35.02.015.

35A.14.295 Annexation of unincorporated island of territory within code city—Notice of hearing. When there is, within a code city, unincorporated territory containing less than one hundred acres and having at least eighty percent of the boundaries of such area contiguous to the code city, the legislative body may resolve to annex such territory to the code city. The resolution shall describe the boundaries of the area to be annexed, state the number of voters residing therein as nearly as may be, and set a date for a public hearing on such resolution for annexation. Notice of the hearing shall be given by publication of the resolution at least once a week for two weeks prior to the date of the hearing, in one or more newspapers of general circulation within the code city and one or more newspapers of general circulation within the area to be annexed. [1967 ex.s. c 119 § 35A.14.295.]

On the date set for hearing as provided in RCW 35A.14.295, residents or property owners of the area included in the resolution for annexation shall be afforded an opportunity to be heard. The legislative body may provide by ordinance for annexation of the territory described in the resolution, but the effective date of the ordinance shall be not less than forty-five days after the passage thereof. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the area to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of such requirements. Such annexation ordinance shall be subject to referendum for forty-five days after the passage thereof. Upon the filing of a timely and sufficient referendum petition as provided in RCW 35A.14.299 below, a referendum election shall be held as provided in RCW 35A.14.299, and the annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto. After the expiration of the forty-fifth day from, but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, as provided by RCW 35A.14.299 below, the area annexed shall become a part of the code city upon the date fixed in the ordinance of annexation. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by qualified electors in number equal to not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of such area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of such election shall be given as provided in RCW 35A.14.070 and the election shall be conducted as provided in *RCW 35A.14.060. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the code city upon the date fixed in the ordinance of annexation. From and after such date, if the ordinance so provided, property in the annexed area shall be subject to the proposed zoning regulation prepared and filed for such area as provided in RCW 35A.14.330 and 35A.14.340. If the ordinance so
provided, all property within the area annexed shall be assessed and taxed at the same rate and on the same basis as the property of such annexing code city is assessed and taxed to pay for any then outstanding indebtedness of such city contracted prior to, or existing at, the date of annexation. [1967 ex.s. c 119 § 35A.14.299.]

[1981 c 332 § 7; 1967 ex.s. c 119 § 35A.14.300.]

Severability—1981 c 332: See note following RCW 35.13.165.

35A.14.310 Annexation of federal areas. A code city may annex an unincorporated area contiguous to the city that is owned by the federal government by adopting an ordinance providing for the annexation and which ordinance either acknowledges an agreement of the annexation by the government of the United States, or accepts a gift, grant, or lease from the government of the United States of the right to occupy, control, improve or sublet it for commercial, manufacturing, or industrial purposes; PROVIDED, That this right of annexation shall not apply to any territory more than four miles from the corporate limits existing before such annexation. Whenever a code city proposes to annex territory under this section, the city shall provide written notice of the proposed annexation to the legislative authority of the county within which such territory is located. The notice shall be provided at least thirty days before the city proposes to adopt the annexation ordinance. The city shall not adopt the annexation ordinance, and the annexation shall not occur under this section, if within twenty-five days of receipt of the notice, the county legislative body adopts a resolution opposing the annexation, which resolution makes a finding that the proposed annexation will have an adverse fiscal impact on the county or road district. In the ordinance annexing territory pursuant to a gift, grant, or lease from the government of the United States, a code city may include such tide and shorelands as may be necessary or convenient for the use thereof, and may include in the ordinance an acceptance of the terms and conditions attached to the gift, grant, or lease. A code city may cause territory annexed pursuant to a gift, grant, or lease of the government of the United States to be surveyed, subdivided and platted into lots, blocks, or tracts and lay out, reserve for public use, and improve streets, roads, alleys, slips, and other public places. It may grant or sublet any lot, block, or tract therein for commercial, manufacturing, or industrial purposes and reserve, receive and collect rents therefrom. It may expend the rents received therefrom in making and maintaining public improvements therein, and if any surplus remains at the end of any fiscal year, may transfer it to the city’s current expense fund. [1967 ex.s. c 119 § 35A.14.320.]

35A.14.330 Proposed zoning regulation—Purposes of regulations and restrictions. The legislative body of any code city acting through a planning agency created pursuant to chapter 35A.63 RCW, or pursuant to its granted powers, may prepare a proposed zoning regulation to become effective upon the annexation of any area which might reasonably be expected to be annexed by the code city at any future time. Such proposed zoning regulation, to the extent deemed reasonably necessary by the legislative body to be in the interest of health, safety, morals and the general welfare may provide, among other things, for:

(1) The regulation and restriction within the area to be annexed of the location and the use of buildings, structures and land for residence, trade, industrial and other purposes; the height, number of stories, size, construction and design of buildings and other structures; the size of yards, courts and other open spaces on the lot or tract; the density of population; the set-back of buildings and structures along highways, parks or public water frontages; and the subdivision and development of land;

(2) The division of the area to be annexed into districts or zones of any size or shape, and within such districts or zones regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land;

(3) The appointment of a board of adjustment, to make, in appropriate cases and subject to appropriate conditions and safeguards established by ordinance, special exceptions in harmony with the general purposes and intent of the proposed zoning regulation; and

(4) The time interval following an annexation during which the ordinance or resolution adopting any such proposed regulation, or any part thereof, must remain in effect before it may be amended, supplemented or modified by subsequent ordinance or resolution adopted by the annexing city or town.

All such regulations and restrictions shall be designed, among other things, to encourage the most appropriate use of land throughout the area to be annexed; to lessen traffic congestion and accidents; to secure safety from fire; to provide adequate light and air; to prevent overcrowding of land; to avoid undue concentration of population; to promote a coordinated development of the unbuilt areas; to encourage the formation of neighborhood or community units; to secure an appropriate allotment of land area in new developments for all the requirements of community life; to conserve and restore natural beauty and other natural resources; to facilitate the adequate provision of transportation, water, sewerage and other public uses and requirements. [1967 ex.s. c 119 § 35A.14.330.]

35A.14.340 Notice and hearing—Filings and recordings. The fire protection district may elect, by a vote of a majority of the persons residing outside the annexed area who vote on the proposition, to require the annexing code city to assume responsibility for the provision of fire protection, and for the operation and maintenance of the district's property, facilities, and equipment throughout the district and to pay the code city a reasonable fee for such fire protection, operation, and maintenance. [1981 c 332 § 8; 1967 ex.s. c 119 § 35A.14.380.]

The fire protection district shall provide fire protection to the incorporated or annexed area for such period as the district continues to collect taxes in such incorporated or annexed areas, in cash, properties or contracts for fire protection services, a percentage of the value of said assets equal to the percentage of the value of the real property in the entire district lying within the area so incorporated or annexed. [1989 c 351 § 9.]

Upon approval of the annexation certificate, the office of financial management shall forward to each state official or department responsible for making allocations or payments to cities or towns, a revised certificate reflecting the increase in population due to such annexation. Upon and after the date of the commencement of the next quarterly period, the population determination indicated in such revised certificate shall be used as the basis for the allocation and payment of state funds to such city or town.

For the purposes of this section, each quarterly period shall commence on the first day of the months of January, April, July, and October. Whenever a revised certificate is forwarded by the office of financial management thirty days or less prior to the commencement of the next quarterly period, the population of the annexed territory shall not be considered until the commencement of the following quarterly period.

The resident population of the annexed territory shall be determined by, or under the direction of, the mayor of the code city. Such population determination shall consist of an actual enumeration of the population which shall be made in accordance with practices and policies, and subject to the approval of the office of financial management. The population shall be determined as of the effective date of annexation as specified in the relevant ordinance.

In the event that any person, firm or corporation whose franchise or permit has been canceled by the terms of this section shall suffer any measurable damages as a result of any annexation pursuant to the provisions of the laws above-mentioned, such person, firm or corporation shall have a right of action against any code city causing such damages. [1967 ex.s. c 119 § 35A.33.080.]

35A.33.090 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the annual budget, and if it is not one of the emergencies specifically enumerated in RCW 35A.33.080, the city council before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

Such ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the code city.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1967 ex.s. c 119 § 35A.33.090.]

35A.33.100 Emergency expenditures—Warrants—Payments. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest and be called in the same manner as other registered warrants as prescribed in RCW 35A.21.110. [1967 ex.s. c 119 § 35A.33.100.]

In adopting the final budget for any fiscal year, the council shall provide for from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made: PROVIDED, That no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature: PROVIDED FURTHER, That all or any portion of the city’s outstanding registered warrants may be funded into bonds in any manner authorized by law. [1967 ex.s. c 119 § 35A.33.102.]

35A.33.120 Funds—Limitations on expenditures—Transfers and adjustments. The expenditures as classified and itemized in the final budget shall constitute the city’s appropriations for the ensuing fiscal year. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the code city, the expenditure of city funds or the incurring of current liabilities on behalf of the city shall be limited to the following:

(1) The total amount appropriated for each fund in the budget for the current fiscal year, without regard to the individual items contained therein, except that this limitation shall not apply to wage adjustments authorized by RCW 35A.33.105; and

(2) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal years pursuant to RCW 35A.33.150; and

(3) Funds received from the sale of bonds or warrants which have been duly authorized according to law; and

(4) Funds received in excess of estimated revenues during the current fiscal year, when authorized by an ordinance amending the original budget; and

(1996 Ed.)
Transfers between individual appropriations within any one fund may be made during the current fiscal year by order of the city’s chief administrative officer subject to such regulations, if any, as may be imposed by the city council. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as herein authorized, may be made within the same fund regardless of the various offices, departments or divisions of the city which may be affected.

The city council, upon a finding that it is to the best interests of the code city to decrease, revoke or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1967 ex.s. c 119 § 35A.33.120.]

### 35A.33.122 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized.

Whenever any code city apportions a percentage of the city manager’s, administrator’s, or supervisor’s time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city’s current expense fund for the value of such services. [1991 c 152 § 3.]

### 35A.33.125 Limitation on expenditures—Void.

Liabilities incurred by any officer or employee of the city in excess of any budget appropriations shall not be a liability of the city. The clerk shall issue no warrant and the city council or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1969 ex.s. c 81 § 4; 1967 ex.s. c 119 § 35A.33.125.]

Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1967 ex.s. c 119 § 35A.33.130.]

### 35A.33.135 Levy for ad valorem tax.

The city’s legislative body and the city’s administrative officer or his designated representative shall consider the city’s total anticipated financial requirements for the ensuing fiscal year, and the legislative body shall determine and fix by ordinance the amount to be raised by ad valorem taxes. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the board of county commissioners as required by RCW 84.52.020. [1967 ex.s. c 119 § 35A.33.135.]

### 35A.33.140 Funds—Quarterly report of status.

At such intervals as may be required by city charter or ordinance, however, being not less than quarterly, the clerk shall submit to the city’s legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal year to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1967 ex.s. c 119 § 35A.33.140.]

### 35A.33.145 Contingency fund—Creation.

Every code city may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35A.33.080 and 35A.33.090. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35A.33.120: PROVIDED, That the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city at such time. Any moneys in the contingency fund at the end of the fiscal year shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1973 1st ex.s. c 195 § 28; 1967 ex.s. c 119 § 35A.33.145.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

### 35A.33.146 Contingency fund—Withdrawals.

No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the council, adopted by a vote of the majority of the entire council, clearly stating the facts constituting the reason for the withdrawal or the emergency
as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1967 ex.s. c 119 § 35A.33.146.]

35A.33.150 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal year: PROVIDED, That this shall not prevent payments in the following year upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment and supplies or for personal or contractual services not completed or furnished by the end of the fiscal year, all of which have been properly budgeted and contracted for prior to the close of such fiscal year but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35A.33.145, shall not lapse, but shall be carried forward from year to year until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal year shall be kept open for twenty days after the close of such fiscal year for the purpose of paying and recording claims for indebtedness incurred during such fiscal year; any claim presented after the twentieth day following the close of the fiscal year shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal year. [1967 ex.s. c 119 § 35A.33.150.]

35A.33.160 Violations and penalties. Upon the conviction of any city official, department head or other city employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city ordinance or charter, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, he shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. (8) Except as otherwise defined in this chapter, municipal accounting terms used in this chapter have the meaning prescribed by the state auditor pursuant to RCW 43.09.200. [1985 c 175 § 35.]

"Fiscal biennium" defined: RCW 1.16.020.

35A.34.040 Biennial budget authorized—Limitations. All code cities are authorized to establish by ordinance a two-year fiscal biennium budget. The ordinance shall be enacted at least six months prior to commencement of the fiscal biennium and this chapter applies to all code cities which utilize a fiscal biennium budget. Code cities which establish a fiscal biennium budget are authorized to repeal such ordinance and provide for reversion to a fiscal year budget. The ordinance may only be repealed effective as of the conclusion of a fiscal biennium. However, the city shall comply with chapter 35A.33 RCW in developing and adopting the budget for the first fiscal year following repeal of the ordinance. [1985 c 175 § 36.]

35A.34.050 Budget estimates—Submittal. On or before the second Monday of the fourth month prior to the beginning of the city's next fiscal biennium, or at such other time as the city may provide by ordinance or charter, the clerk shall notify in writing the head of each department of a city to file with the clerk within fourteen days of the receipt of such notification, detailed estimates of the probable revenue from sources other than ad valorem taxation and of all expenditures required by the department for the ensuing fiscal biennium. The notice shall be accompanied by the proper forms provided by the clerk, prepared in accordance with the requirements and classification established by the state auditor. The clerk shall prepare the estimates for interest and debt redemption requirements and all other estimates, the preparation of which falls properly within the duties of the clerk's office. The chief administrative officers of the city shall submit to the clerk detailed estimates of all expenditures proposed to be financed from the proceeds of bonds or warrants not yet authorized, together with a statement of the proposed method of financing them. In the absence or disability of the official or person regularly in charge of a department, the duties required by this section shall devolve upon the person next in charge of such department. [1995 c 301 § 55; 1985 c 175 § 37.]

All estimates of receipts and expenditures for the ensuing fiscal biennium shall be fully detailed in the biennial budget and shall be classified and segregated according to a standard classification of accounts to be adopted and prescribed by the state auditor after consultation with the Washington finance officers association, the association of Washington cities, and the association of Washington city managers. [1995 c 301 § 56; 1985 c 175 § 38.]

35A.34.070 Proposed preliminary budget. On or before the first business day in the third month prior to the beginning of the biennium of a city or at such other time as the city may provide by ordinance or charter, the clerk or other person designated by the charter, by ordinances, or by the chief administrative officer of the city shall submit to the chief administrative officer a proposed preliminary budget which shall set forth the complete financial program of the city for the ensuing fiscal biennium, showing the expenditure program requested by each department and the sources of revenue by which each such program is proposed to be financed.

The revenue section shall set forth in comparative and tabular form for each fund the actual receipts for the last completed fiscal biennium, the estimated receipts for the current fiscal biennium, and the estimated receipts for the ensuing fiscal biennium, which shall include the amount to be raised from ad valorem taxes and unencumbered fund balances estimated to be available at the close of the current fiscal biennium. However, if the city was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years' revenues to reflect actual and estimated receipts as if it had previously utilized a biennial budgetary process.

The expenditure section shall set forth in comparative and tabular form for each fund and every-department operating within each fund the actual expenditures for the last completed fiscal biennium, the appropriations for the current fiscal biennium, and the estimated expenditures for the ensuing fiscal biennium. However, if the city was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years' expenditures to reflect actual and estimated levels as if it had previously utilized a biennial budgetary process. The expenditure section shall further set forth separately the salary or salary range for each office, position, or job classification together with the title or position designation thereof. However, salaries may be set out in total amounts under each department if a detailed schedule of such salaries and positions be attached and made a part of the budget document. [1985 c 175 § 39.]

35A.34.080 Preliminary budget. The chief administrative officer shall prepare the preliminary budget in detail, making any revisions or additions to the reports of the department heads deemed advisable by such chief administrative officer. At least sixty days before the beginning of the city's next fiscal biennium the chief administrative officer shall file it with the clerk as the recommendation of the chief administrative officer for the final budget. The clerk shall provide a sufficient number of copies of such preliminary budget and budget message to meet the reasonable demands of taxpayers therefor and have them available for distribution not later than six weeks before the beginning of the city's next fiscal biennium. [1985 c 175 § 40.]

35A.34.090 Budget message—Hearings. (1) In every city, a budget message prepared by or under the direction of the city's chief administrative officer shall be submitted as a part of the preliminary budget to the city's legislative body at least sixty days before the beginning of the city's next fiscal biennium and shall contain the following:

(a) An explanation of the budget document;

(b) An outline of the recommended financial policies and programs of the city for the ensuing fiscal biennium;
(c) A statement of the relation of the recommended appropriation to such policies and programs;
(d) A statement of the reason for salient changes from the previous biennium in appropriation and revenue items; and
(e) An explanation for any recommended major changes in financial policy.

(2) Prior to the final hearing on the budget, the legislative body or a committee thereof shall schedule hearings on the budget or parts thereof, and may require the presence of department heads to give information regarding estimates and programs. [1985 c 175 § 41.]

35A.34.100 Budget—Notice of hearing. Immediately following the filing of the preliminary budget with the clerk, the clerk shall publish a notice once a week for two consecutive weeks stating that the preliminary budget for the ensuing fiscal biennium has been filed with the clerk, that a copy thereof will be made available to any taxpayer who will call at the clerk’s office therefor, that the legislative body of the city will meet on or before the first Monday of the month next preceding the beginning of the ensuing fiscal biennium for the purpose of fixing the final budget, designating the date, time, and place of the legislative budget meeting, and that any taxpayer may appear therein and be heard for or against any part of the budget. The publication of the notice shall be made in the official newspaper of the city if there is one, otherwise in a newspaper of general circulation in the city. If there is no newspaper of general circulation in the city, then notice may be made by posting in three public places fixed by ordinance as the official places for posting the city’s official notices. [1985 c 175 § 42.]

35A.34.110 Budget—Hearing. The legislative body shall meet on the day fixed by RCW 35A.34.100 for the purpose of fixing the final budget of the city at the time and place designated in the notice thereof. Any taxpayer may appear and be heard for or against any part of the budget. The hearing may be continued from day to day but not later than the twenty-fifth day prior to commencement of the city’s fiscal biennium. [1985 c 175 § 43.]

35A.34.120 Budget—Adoption. Following conclusion of the hearing, and prior to the beginning of the fiscal biennium, the legislative body shall make such adjustments and changes as it deems necessary or proper and, after determining the allowance in each item, department, classification, and fund, shall by ordinance adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be available at the close of the current fiscal biennium. Such ordinances may adopt the final budget by reference. However, the ordinance adopting the budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

A complete copy of the final budget as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 57; 1985 c 175 § 44.]

35A.34.130 Budget—Mid-biennial review and modification. The legislative authority of a city having adopted the provisions of this chapter shall provide by ordinance for a mid-biennial review and modification of the biennial budget. The ordinance shall provide that such review and modification shall occur no sooner than eight months after the start nor later than conclusion of the first year of the fiscal biennium. The chief administrative officer shall prepare the proposed budget modification and shall provide for publication of notice of hearings consistent with publication of notices for adoption of other city ordinances. City ordinances providing for a mid-biennium review and modification shall establish procedures for distribution of the proposed modification to members of the city legislative authority, procedures for making copies available to the public, and shall provide for public hearings on the proposed budget modification. The budget modification shall be by ordinance approved in the same manner as are other ordinances of the city.

A complete copy of the budget modification as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 58; 1985 c 175 § 45.]

35A.34.140 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by law enacted since the last budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1985 c 175 § 46.]

35A.34.150 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the budget, and if it is not one of the emergencies specifically enumerated in RCW 35A.34.140, the city legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

The ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1985 c 175 § 47.]
35A.34.160 Emergency expenditures—Warrants—Payment. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund which to pay such warrants as presented, the warrants shall be registered, bear interest, and be called in the same manner as other registered warrants as prescribed in RCW 35A.21.110. [1985 c 175 § 48.]

35A.34.170 Registered warrants—Payment. In adopting the final budget for any fiscal biennium, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made. However, no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature. In addition, all or any portion of the city's outstanding registered warrants may be funded into bonds in any manner authorized by law. [1985 c 175 § 49.]

35A.34.180 Adjustment of wages, hours and conditions of employment. Notwithstanding the appropriations for any salary or salary range of any employee or employees adopted in a final budget, the legislative body of any city may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1985 c 175 § 50.]

35A.34.190 Forms—Accounting—Supervision by state. The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1995 c 301 § 59; 1985 c 175 § 51.]

35A.34.200 Funds—Limitations on expenditures—Transfers and adjustments. (1) The expenditures as classified and itemized in the final budget shall constitute the city's appropriations for the ensuing fiscal biennium. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city, the expenditure of city funds or the incurring of current liabilities on behalf of the city shall be limited to the following:
   (a) The total amount appropriated for each fund in the budget for the current fiscal biennium, without regard to the individual items contained therein, except that this limitation does not apply to wage adjustments authorized by RCW 35A.34.180;
   (b) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal periods pursuant to RCW 35A.34.270;
   (c) Funds received from the sale of bonds or warrants which have been duly authorized according to law;
   (d) Funds received in excess of estimated revenues during the current fiscal biennium, when authorized by an ordinance amending the original budget; and
   (e) Expenditures authorized by budget modification as provided by RCW 35A.34.130 and those required for emergencies, as authorized by RCW 35A.34.140 and 35A.34.150.

   (2) Transfers between individual appropriations within any one fund may be made during the current fiscal biennium by order of the city's chief administrative officer subject to such regulations, if any, as may be imposed by the city legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as authorized in this section, may be made within the same fund regardless of the various offices, departments, or divisions of the city which may be affected.

   (3) The city legislative body, upon a finding that it is to the best interests of the city to decrease, revoke, or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke, or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division, or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1985 c 175 § 52.]

35A.34.205 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any code city apportions a percentage of the city manager's, administrator's, or supervisor's time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city's current expense fund for the value of such services. [1991 c 152 § 4.]

35A.34.210 Liabilities incurred in excess of budget. Liabilities incurred by any officer or employee of the city in excess of any budget appropriations shall not be a liability of the city. The clerk shall issue no warrant and the city legislative body or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1985 c 175 § 53.]

35A.34.220 Funds received from sales of bonds and warrants—Expenditures. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued, it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure
program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1985 c 175 § 54.]

35A.34.230 Revenue estimates—Amount to be raised by ad valorem taxes. At a time fixed by the city's ordinance or city charter, not later than the first Monday in October of the second year of each fiscal biennium, the chief administrative officer shall provide the city's legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current biennium, together with estimates submitted by the clerk under RCW 35A.34.070. The city's legislative body and the city's administrative officer or the officer's designated representative shall consider the city's total anticipated financial requirements for the ensuing fiscal biennium, and the legislative body shall determine and fix by ordinance the amount to be raised the first year of the biennium by ad valorem taxes. The legislative body shall review such information as is provided by the chief administrative officer and shall adopt an ordinance establishing the amount to be raised by ad valorem taxes during the second year of the biennium. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the county legislative authority as required by RCW 84.52.020. [1985 c 175 § 55.]

35A.34.240 Funds—Quarterly report of status. At such intervals as may be required by city charter or city ordinance, however, being not less than quarterly, the clerk shall submit to the city's legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal biennium to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1985 c 175 § 56.]

35A.34.250 Contingency fund—Creation. Every city may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35A.34.140 and 35A.34.150. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35A.34.200. However, the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city at such time. Any moneys in the emergency fund at the end of the fiscal biennium shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1985 c 175 § 57.]

35A.34.260 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1985 c 175 § 58.]

35A.34.270 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal biennium. However, this shall not prevent payments in the following biennium upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment, and supplies or for personal or contractual services not completed or furnished by the end of the fiscal biennium, all of which have been properly budgeted and contracted for prior to the close of such fiscal biennium, but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35A.34.250, shall not lapse, but shall be carried forward from biennium to biennium until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal biennium shall be kept open for twenty days after the close of such fiscal biennium for the purpose of paying and recording claims for indebtedness incurred during such fiscal biennium; any claim presented after the twentieth day following the close of the fiscal biennium shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal biennium. [1985 c 175 § 59.]

35A.34.280 Violations and penalties. Upon the conviction of any city official, department head, or other city employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, the official or employee shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. If the signature of one of these officers is affixed to a bond during his continuance in office by a proxy designated by him whose authority has not been revoked, the bond shall be as binding upon the city and all concerned as though the officer had signed the bond in person. This chapter shall apply to all bonds, whether they constitute obligations of the city as a whole or of any local improvement or other district or subdivision thereof, whether they call for payment from the general funds of the city or from a local, special or other fund, and whether negotiable or otherwise. [1967 ex.s. c 119 § 35A.36.030.]

35A.36.040 Designation of bonds to be signed. Every printer, engraver, or lithographer who knowingly prints, engraves, or lithographs a greater number of bonds than that specified or who knowingly prints, engraves, or lithographs more than one bond bearing the same number shall be guilty of a felony. 35A.36.050 Liability of officer. A code city officer authorizing the affixing of his signature to a bond by a proxy shall be subject to the same liability personally and on his bond for any signature so affixed and to the same extent as if he had affixed his signature in person. [1967 ex.s. c 119 § 35A.36.050.]

35A.36.060 Notice to council. In order to designate a proxy to affix his signature to bonds, a code city officer shall address a written notice to the legislative body of the city giving the name of the person whom he has selected therefor and stating generally or specifically what bonds are to be so signed.

Attested to or included in the notice shall be a written signature of the officer making the designation executed by the proposed proxy followed by the word "by" and his own signature; or, if the notice so states, the specimen signatures may consist of a facsimile reproduction of the officer's signature impressed by some mechanical process followed by the word "by" and the proxy's own signature.

If the authority is intended to include the signature upon bonds bearing an earlier date than the effective date of the notice, the prior dated bonds must be specifically described by reasonable reference thereto.

The notice designating a proxy shall be filed with the city finance officer or city clerk, together with the specimen signatures attached thereto and a record of the filing shall be made in the journal of the legislative body. This record shall note the date and hour of filing and may be made by the official who keeps the journal at any time after the filing of the notice, even during a period of recess or adjournment of the legislative body. The notice shall be effective from the time of its recording. [1967 ex.s. c 119 § 35A.36.060.]

35A.36.070 Revocation of proxy. Any designation of a proxy may be revoked by written notice addressed to the legislative body of the code city signed by the officer who made the designation and filed and recorded in the same manner as the notice of designation. It shall be effective from the time of its recording but shall not affect the validity
of any signatures theretofore made. [1967 ex.s. c 119 § 35A.36.070.]

(2) "City" means an incorporated city or town.

(3) "Code city" is used where the application of this chapter is limited to a code city; where joint, regional, or cooperative action is intended, a code city may be included in the unrestricted terms "city" or "municipalit".

(4) "Comprehensive plan" means the policies and proposals approved by the legislative body as set forth in RCW 35A.63.060 through 35A.63.072 of this chapter and containing, at least, the elements set forth in RCW 35A.63.061.

(5) "Legislative body" means a code city council, a code city commission, and, in cases involving regional or cooperative planning or action, the governing body of a municipality.

(6) "Municipality" includes any code city and, in cases of regional or cooperative planning or action, any city, town, township, county, or special district.

(7) "Ordinance" means a legislative enactment by the legislative body of a municipality; in this chapter "ordinance" is synonymous with the term "resolution" when "resolution" is used as representing a legislative enactment.

(8) "Planning agency" means any person, body, or organization designated by the legislative body to perform a planning function or portion thereof for a municipality, and includes, without limitation, any commission, committee, department, or board together with its staff members, employees, agents, and consultants.

(9) "Special district" means that portion of the state, county, or other political subdivision created under general law for rendering of one or more local public services or for administrative, educational, judicial, or political purposes. [1967 ex.s. c 119 § 35A.63.010.]

35A.63.015 "Solar energy system" defined. As used in this chapter, "solar energy system" means any device or combination of devices or elements which rely upon direct sunlight as an energy source, including but not limited to any substance or device which collects sunlight for use in:

(1) The heating or cooling of a structure or building;

(4) The generation of electricity.

A solar energy system may be used for purposes in addition to the collection of solar energy. These uses include, but are not limited to, serving as a structural member or part of a roof of a building or structure and serving as a window or wall. [1979 ex.s. c 170 § 6.]

Severability—1979 ex.s. c 170: See note following RCW 64.04.140. Local governments authorized to encourage and protect solar energy systems: RCW 64.04.140.

35A.63.020 Planning agency—Creation—Powers and duties—Conflicts of interest. By ordinance a code city
may create a planning agency and provide for its membership, organization, and expenses. The planning agency shall serve in an advisory capacity to the chief administrative officer or the legislative body, or both, as may be provided by ordinance and shall have such other powers and duties as shall be provided by ordinance. If any person or persons on a planning agency concludes that he has a conflict of interest or an appearance of fairness problem with respect to a matter pending before the agency so that he cannot discharge his duties on such an agency, he shall disqualify himself from participating in the deliberations and the decision-making process with respect to the matter. If this occurs, the appointing authority that appoints such a person may appoint a person to serve as an alternate on the agency to serve in his stead in regard to such a matter. [1979 ex.s. c 18 § 33; 1967 ex.s. c 119 § 35A.63.020.]

Severability—1979 ex.s. c 18: See note following RCW 35A.01.070.

35A.63.030 Joint meetings and cooperative action. Pursuant to the authorization of the legislative body, a code city planning agency may hold joint meetings with one or more city or county planning agencies (including city or county planning agencies in adjoining states) in any combination and may contract with another municipality for planning services. A code city may enter into cooperative arrangements with one or more municipalities and with any regional planning council organized under this chapter for jointly engaging a planning director and such other employees as may be required to operate a joint planning staff. [1969 ex.s. c 81 § 5; 1967 ex.s. c 119 § 35A.63.030.]

Effective date—1969 ex.s. c 81: See note following RCW 35A.13.035.

35A.63.040 Regional planning. A code city with one or more municipalities within a region, otherwise authorized by law to plan, including municipalities of adjoining states, when empowered by ordinances of their respective legislative bodies, may cooperate to form, organize, and administer a regional planning commission to prepare a comprehensive plan and perform other planning functions for the region defined by agreement of the respective municipalities. The various agencies may cooperate in all phases of planning, and professional staff may be engaged to assist in such planning. All costs shall be shared on a pro rata basis as agreed among the various entities. A code city may also cooperate with any department or agency of a state government having planning functions. [1969 ex.s. c 81 § 6; 1967 ex.s. c 119 § 35A.63.040.]

Effective date—1969 ex.s. c 81: See note following RCW 35A.13.035.

35A.63.050 Receipt and expenditure of funds. Any code city or any regional planning commission that includes a code city, when authorized by the legislative bodies of the municipalities represented by the regional planning commission, may enter into an agreement with any department or agency of the government of the United States or the state of Washington, or its agencies or political subdivisions, or any other public or private agency, to arrange for the receipt and expenditure of funds for planning in the interest of furthering the planning program. [1967 ex.s. c 119 § 35A.63.050.]

35A.63.060 Comprehensive plan—General. Every code city, by ordinance, shall direct the planning agency to prepare a comprehensive plan for anticipating and influencing the orderly and coordinated development of land and building uses of the code city and its environs. The comprehensive plan may be prepared as a whole or in successive parts. [1967 ex.s. c 119 § 35A.63.060.]

35A.63.061 Comprehensive plan—Required elements. The comprehensive plan shall be in such form and of such scope as the code city's ordinance or charter may require. It may consist of a map or maps, diagrams, charts, reports and descriptive and explanatory text or other devices and materials to express, explain, or depict the elements of the plan; and it shall include a recommended plan, scheme, or design for each of the following elements:

1. A land-use element that designates the proposed general distribution, general location, and extent of the uses of land. These uses may include, but are not limited to, agricultural, residential, commercial, industrial, recreational, educational, public, and other categories of public and private uses of land. The land-use element shall also include estimates of future population growth in, and statements of recommended standards of population density and building intensity for, the area covered by the comprehensive plan. The land use element shall also provide for protection of the quality and quantity of ground water used for public water supplies and shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute Puget Sound or waters entering Puget Sound.

2. A circulation element consisting of the general location, alignment, and extent of existing and proposed major thoroughfares, major transportation routes, and major terminal facilities, all of which shall be correlated with the land-use element of the comprehensive plan. [1985 c 126 § 2; 1984 c 253 § 2; 1967 ex.s. c 119 § 35A.63.061.]

35A.63.062 Comprehensive plan—Optional elements. The comprehensive plan may include also any or all of the following optional elements:

1. A conservation element for the conservation, development, and utilization of natural resources.

2. An open space, park, and recreation element.

4. A public-use element showing general locations, designs, and arrangements of public buildings and uses.

5. A public utilities element showing general plans for public and franchised services and facilities.

6. A redevelopment or renewal element showing plans for the redevelopment or renewal of slum and blighted areas.

7. An urban design element for general organization of the physical parts of the urban landscape.

8. Other elements dealing with subjects that, in the opinion of the legislative body, relate to the development of
the municipality, or are essential or desirable to coordinate public services and programs with such development.

(9) A solar energy element for encouragement and protection of access to direct sunlight for solar energy systems. [1979 ex.s.c 170 § 7; 1967 ex.s.c 119 § 35A.63.062.]

Severability—1979 ex.s.c 170: See note following RCW 64.04.140.

35A.63.070 Comprehensive plan—Notice and hearing. After preparing the comprehensive plan, or successive parts thereof, as the case may be, the planning agency shall hold at least one public hearing on the comprehensive plan or successive part. Notice of the time, place, and purpose of such public hearing shall be given as provided by ordinance and including at least one publication in a newspaper of general circulation delivered in the code city and in the official gazette, if any, of the code city, at least ten days prior to the date of the hearing. Continued hearings may be held at the discretion of the planning agency but no additional notices need be published. [1967 ex.s.c 119 § 35A.63.070.]

35A.63.071 Comprehensive plan—Forwarding to legislative body. Upon completion of the hearing or hearings on the comprehensive plan or successive parts thereof, the planning agency, after making such changes as it deems necessary following such hearing, shall transmit a copy of its recommendations for the comprehensive plan, or successive parts thereof, to the legislative body through the chief administrative officer, who shall acknowledge receipt thereof and direct the clerk to certify thereon the date of receipt. [1967 ex.s.c 119 § 35A.63.071.]

35A.63.072 Comprehensive plan—Approval by legislative body. Within sixty days from its receipt of the recommendation for the comprehensive plan, as above set forth, the legislative body at a public meeting shall consider the same. The legislative body within such period as it may by ordinance provide, shall vote to approve or disapprove or to modify and approve, as modified, the comprehensive plan or to refer it back to the planning agency for further proceedings, in which case the legislative body shall specify the time within which the planning agency shall report back to the legislative body its findings and recommendations on the matters referred to it. The final form and content of the comprehensive plan shall be determined by the legislative body. An affirmative vote of not less than a majority of total members of the legislative body shall be required for adoption of a resolution to approve the plan or its parts. The comprehensive plan, or its successive parts, as approved by the legislative body, shall be filed with an appropriate official of the code city and shall be available for public inspection. [1967 ex.s.c 119 § 35A.63.072.]

35A.63.073 Comprehensive plan—Amendments and modifications. All amendments, modifications, or alterations in the comprehensive plan or any part thereof shall be processed in the same manner as set forth in RCW 35A.63.070 through 35A.63.072. [1967 ex.s.c 119 § 35A.63.073.]

35A.63.080 Comprehensive plan—Effect. From the date of approval by the legislative body the comprehensive plan, its parts and modifications thereof, shall serve as a basic source of reference for future legislative and administrative action: PROVIDED, That the comprehensive plan shall not be construed as a regulation of property rights or land uses: PROVIDED, FURTHER, That no procedural irregularity or informality in the consideration, hearing, and development of the comprehensive plan or a part thereof, or any of its elements, shall affect the validity of any zoning ordinance or amendment thereto enacted by the code city after the approval of the comprehensive plan.

The comprehensive plan shall be consulted as a preliminary to the establishment, improvement, abandonment, or vacation of any street, park, public way, public building, or public structure, and no dedication of any street or other area for public use shall be accepted by the legislative body until the location, character, extent, and effect thereof shall have been considered by the planning agency with reference to the comprehensive plan. The legislative body shall specify the time within which the planning agency shall report and make a recommendation with respect thereto. Recommendations of the planning agency shall be advisory only. [1967 ex.s.c 119 § 35A.63.080.]

35A.63.100 Municipal authority. After approval of the comprehensive plan, as set forth above, the legislative body, in developing the municipality and in regulating the use of land, may implement or give effect to the comprehensive plan or parts thereof by ordinance or other action to such extent as the legislative body deems necessary or appropriate. Such ordinances or other action may provide for:

(1) Adoption of an official map and regulations relating thereto designating locations and requirements for one or more of the following: Streets, parks, public buildings, and other public facilities, and protecting such sites against encroachment by buildings and other physical structures.

(2) Dividing the municipality, or portions thereof, into appropriate zones within which specific standards, requirements, and conditions may be provided for regulating the use of public and private land, buildings, and structures, and the location, height, bulk, number of stories, and size of buildings and structures, size of yards, courts, open spaces, density of population, ratio of land area to the area of buildings and structures, setbacks, area required for off-street parking, protection of access to direct sunlight for solar energy systems, and such other standards, requirements, regulations, and procedures as are appropriately related thereto. The ordinance encompassing the matters of this subsection is hereinafter called the "zoning ordinance". No zoning ordinance, or amendment thereto, shall be enacted by the legislative body without at least one public hearing, notice of which shall be given as set forth in RCW 35A.63.070. Such hearing may be held before the planning agency or the board of adjustment or such other body as the legislative body shall designate.

(3) Adoption of design standards, requirements, regulations, and procedures for the subdivision of land into two or more parcels, including, but not limited to, the approval of
plats, dedications, acquisitions, improvements; and reservation of sites for public use.

(4) Scheduling public improvements on the basis of recommended priorities over a period of years, subject to periodic review.

(5) Such other matters as may be otherwise authorized by law or as the legislative body deems necessary or appropriate to effectuate the goals and objectives of the comprehensive plan or parts thereof and the purposes of this chapter. [1979 ex.s.c 170 § 8; 1967 ex.s.c 119 § 35A.63.100.]

Severability—1979 ex.s.c 170: See note following RCW 64.04.140.

35A.63.105 Development regulations—Consistency with comprehensive plan. Beginning July 1, 1992, the development regulations of each code city that does not plan under RCW 36.70A.040 shall not be inconsistent with the city's comprehensive plan. For the purposes of this section, "development regulations" has the same meaning as set forth in RCW 36.70A.030. [1990 1st ex.s.c 17 § 23.]

Severability—Part, section headings not law—1990 1st ex.s.c 17: See RCW 36.70A.900 and 36.70A.901.

35A.63.110 Board of adjustment—Creation—Powers and duties. A code city which pursuant to this chapter creates a planning agency and which has twenty-five hundred or more inhabitants, by ordinance, shall create a board of adjustment and provide for its membership, terms of office, organization, jurisdiction. A code city which pursuant to this chapter creates a planning agency and which has a population of less than twenty-five hundred may, by ordinance, similarly create a board of adjustment. In the event a code city with a population of less than twenty-five hundred creates a planning agency, but does not create a board of adjustment, the code city shall provide that the city legislative authority shall itself hear and decide the items listed in subdivisions (1), (2), and (3) of this section. The action of the board of adjustment shall be final and conclusive, unless, within ten days from the date of the action, the original applicant or an adverse party makes application to the superior court for the county in which that city is located for a writ of certiorari, a writ of prohibition, or a writ of mandamus. No member of the board of adjustment shall be a member of the planning agency or the legislative body. Subject to conditions, safeguards, and procedures provided by ordinance, the board of adjustment may be empowered to hear and decide:

(1) Appeals from orders, recommendations, permits, decisions, or determinations made by a code city official in the administration or enforcement of the provisions of this chapter or any ordinances adopted pursuant to it.

(2) Applications for variances from the terms of the zoning ordinance, the official map ordinance or other land-use regulatory ordinances under procedures and conditions prescribed by city ordinance, which among other things shall provide that no application for a variance shall be granted unless the board of adjustment finds:

(a) the variance shall not constitute a grant of special privilege inconsistent with the limitation upon uses of other properties in the vicinity and zone in which the property on behalf of which the application was filed is located; and

(b) that such variance is necessary, because of special circumstances relating to the size, shape, topography, location, or surroundings of the subject property, to provide it with use rights and privileges permitted to other properties in the vicinity and in the zone in which the subject property is located; and

(c) that the granting of such variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which the subject property is situated.

(3) Applications for conditional-use permits, unless such applications are to be heard and decided by the planning agency. A conditional use means a use listed among those classified in any given zone but permitted to locate only after review as herein provided in accordance with standards and criteria set forth in the zoning ordinance.

(4) Such other quasi judicial and administrative determinations as may be delegated by ordinance.

In deciding any of the matters referred to in subsections (1), (2), (3), and (4) of this section, the board of adjustment shall issue a written report giving the reasons for its decision. If a code city provides for a hearing examiner and vests in him the authority to hear and decide the items listed in subdivisions (1), (2), and (3) of this section pursuant to RCW 35A.63.170, then the provisions of this section shall not apply to such a city. [1979 ex.s.c 18 § 34; 1967 ex.s.c 119 § 35A.63.110.]

Severability—1979 ex.s.c 18: See note following RCW 35A.01.070.

35A.63.120 Administration and enforcement. In order to carry into effect the purposes of this chapter, administrative and enforcement responsibilities, other than those set forth in RCW 35A.63.110, may be assigned by ordinance to such departments, boards, officials, employees, or agents as the legislative body deems appropriate. [1967 ex.s.c 119 § 35A.63.120.]

35A.63.130 Provisions inconsistent with charters. Insofar as the provisions of an existing charter of a municipality are inconsistent with this chapter, a municipality may exercise the authority, or any part thereof, granted by this chapter notwithstanding the inconsistent provision of an existing charter. [1967 ex.s.c 119 § 35A.63.130.]

35A.63.140 Duties and responsibilities imposed by other acts. Any duties and responsibilities which by other statutes are imposed upon a planning commission may, in a code city, be performed by a planning agency, as provided in this chapter. [1967 ex.s.c 119 § 35A.63.140.]

35A.63.145 Prohibitions on manufactured homes—Review required—"Designated manufactured home" defined. (1) Each comprehensive plan which does not allow for the siting of manufactured homes on individual lots shall be subject to a review by the city of the need and demand for such homes. The review shall be completed by December 31, 1990.

(2) For the purpose of providing an optional reference for cities which choose to allow manufactured homes on individual lots, a "designated manufactured home" is a manufactured home constructed after June 15, 1976, in

(1996 Ed.)
accordance with state and federal requirements for manufactured homes, which:

(a) Is comprised of at least two fully enclosed parallel sections each of not less than twelve feet wide by thirty-six feet long;

(b) Was originally constructed with and now has a composition or wood shake or shingle, coated metal, or similar roof of not less than 3:12 pitch; and

(c) Has exterior siding similar in appearance to siding materials commonly used on conventional site-built uniform building code single-family residences.

(3) Nothing in this section precludes cities from allowing any manufactured home from being sited on individual lots through local standards which differ from the designated manufactured home as described in this section, except that the term "designated manufactured home" shall not be used except as defined in subsection (2) of this section. [1988 c 239 § 2.]

35A.63.149 Residential care facilities—Review of need and demand—Adoption of ordinances. Each municipality that does not provide for the siting of residential care facilities in zones or areas that are designated for single family or other residential uses, shall conduct a review of the need and demand for the facilities, including the cost of any conditional or special use permit that may be required. The review shall be completed by August 31, 1990.

A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the *department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the *department of community development as to why such implementing ordinances were not adopted. [1989 c 427 § 37.]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

35A.63.150 Public hearings. The legislative body may provide by ordinance for such additional public hearings and notice thereof as it deems to be appropriate in connection with any action contemplated under this chapter. [1967 ex.s. c 119 § 35A.63.150.]

35A.63.152 Public notice—Identification of affected property. Any notice made under chapter 35A.63 RCW that identifies affected property may identify this affected property without using a legal description of the property including, but not limited to, identification by an address, written description, vicinity sketch, or other reasonable means. [1988 c 168 § 10.]

35A.63.160 Construction—1967 ex.s. c 119. This title is intended to implement and preserve to code cities all powers authorized by Article XI, section 11 of the Constitution of the state of Washington and the provision of this title shall not limit any code city from exercising its constitutionally granted power to plan for and to make and enforce within its limits all such local police, sanitary, and other regulations in the manner that its charter or ordinances may provide. [1967 ex.s. c 119 § 35A.63.160.]

35A.63.170 Hearing examiner system—Adoption authorized—Alternative—Functions—Procedures. (1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and decide applications for amending the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative body may vest in a hearing examiner the power to hear and decide those issues it believes should be reviewed and decided by a hearing examiner, including but not limited to:

(a) Applications for conditional uses, variances, subdivisions, shoreline permits, or any other class of applications for or pertaining to development of land or land use;

(b) Appeals of administrative decisions or determinations; and

(c) Appeals of administrative decisions or determinations pursuant to chapter 43.21C RCW.

The legislative body shall prescribe procedures to be followed by a hearing examiner. If the legislative authority vests in a hearing examiner the authority to hear and decide variances, then the provisions of RCW 35A.63.110 shall not apply to the city.

(2) Each city legislative body electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. The legal effect of such decisions may vary for the different classes of applications decided by the examiner but shall include one of the following:

(a) The decision may be given the effect of a recommendation to the legislative body;

(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body; or

(c) Except in the case of a rezone, the decision may be given the effect of a final decision of the legislative body.

(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the city's comprehensive plan and the city's development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. 35A.63.215 Family day-care provider’s home facility—City may not prohibit in residential or commercial area. No city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the facility: (1) Comply with all building, fire, safety, health code, and business licensing requirements; (2) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (3) is certified by the office of child care policy licensor as providing a safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider’s home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, “family day-care provider” is as defined in RCW 74.15.020. [1995 c 49 § 2; 1994 c 273 § 16.]

A legislative body that adopts a moratorium or interim zoning ordinance, without holding a public hearing on the proposed moratorium or interim zoning ordinance, shall hold a public hearing on the adopted moratorium or interim zoning ordinance within at least sixty days of its adoption, whether or not the legislative body received a recommendation on the matter from the planning agency. If the legislative body does not adopt findings of fact justifying its action before this hearing, then the legislative body shall do so immediately after this public hearing. A moratorium or interim zoning ordinance adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium of interim zoning ordinance may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 3.]

35A.63.240 Treatment of residential structures occupied by persons with handicaps. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 21.]

If a harbor, inlet, bay, or mouth of river is embraced within two adjoining counties, and an incorporated city is located upon the shore of such harbor, bay, inlet, or mouth of river and it is desired to embrace within the limits of one county, the full extent of the shore line of the harbor, port, or bay, and the waters thereof, together with a strip of the adjacent and contiguous upland territory not exceeding three miles in width, to be measured back from highwater mark, and six miles in length, and not being at a greater distance in any part of said strip from the courthouse in the county seat of the county to which the territory is proposed to be annexed, as such county seat and courthouse are now situated, than ten miles, a majority of the qualified electors living in such territory may petition to have the territory stricken from the county of which it shall then be a part, and added to and made a part of the county contiguous thereto.

The petition shall describe with certainty the bounds and area of the territory, with the reasons for making the change and shall be presented to the board of county commissioners of the county in which the territory is located, which shall proceed to ascertain if the petition contains the requisite number of petitioners, who must be bona fide residents of the territory sought to be stricken off and transferred to the contiguous county.

If satisfied that the petition is signed by a majority of the bona fide electors of the territory, and that there will remain in the county from which it is taken more than four thousand inhabitants, the board shall make an order that a special election be held within the limits of the territory described in the petition, on a date to be named in the order.

Notices of the election shall contain a description of the territory proposed to be transferred and the names of the counties from and to which the transfer is intended to be made, and shall be posted and published as required for general elections. [1963 c 4 § 36.08.010. Prior: 1891 c 144 § 1; RRS § 3972.]

36.08.020 Conduct of election—Proclamation of change. The election shall be conducted in all respects as general elections are conducted under the laws governing general elections, in so far as they may be applicable, except that there shall be triplicate returns made, one to each of the respective county auditors and another to the office of the secretary of state. The ballots used at such election shall contain the words "for transferring territory," or "against transferring territory." The votes shall be canvassed, as by law required, within twenty days, and if three-fifths of the votes cast in the territory at such election are "for transferring territory," the territory described in the petition shall become a part of and be added to and made a part of the county contiguous thereto, and within thirty days after the canvass of the returns of the election, the governor shall issue his proclamation of the change of county lines. [1963 c 4 § 36.08.020. Prior: 1891 c 144 § 2; RRS § 3973.]

36.08.030 Official proceedings not disturbed by transfer. All assessments and collection of taxes, and all judicial or other official proceedings commenced prior to the governor’s proclamation transferring territory to a contiguous county, shall be continued, prosecuted, and completed in the same manner as if no such transfer had been made. [1963 c 4 § 36.08.030. Prior: 1891 c 144 § 3; RRS § 3974.]

36.08.040 Local officers to serve out terms. All township, precinct, school, and road district officers within the transferred territory shall continue to hold their respective offices within the county to which they may be transferred until their respective terms of office expire, and until their successors are elected and qualified. [1963 c 4 § 36.08.040. Prior: 1891 c 144 § 4; RRS § 3975.]

36.08.050 Transferee county liable for existing debts—Exception. Every county which is thus enlarged by territory taken from another county shall be liable for a just proportion of the existing debts of the county from which such territory is stricken, which proportion shall be paid by the county to which such territory is transferred at such time and in such manner as may be agreed upon by the boards of county commissioners of both counties: PROVIDED, That the county to which the territory is transferred shall not be liable for any portion of the debt of the county from which the territory is taken, incurred in the purchase of any county
property, or the construction of any county building then in use or under construction, which shall fall within and be retained by the county from which the territory is taken. [1963 c 4 § 36.08.050. Prior: 1891 c 144 § 5; RRS § 3976.]

**36.08.060 Adjustment of indebtedness.** The county auditors of the respective counties interested in the transfer of territory, as in this chapter provided, are constituted a board of appraisers and adjusters, to appraise the property, both real and personal, owned by the county from which the territory is taken, and to adjust the indebtedness of such county with the county to which such territory is transferred, in proportion to the amount of taxable property within the territory taken from the one county and transferred to the other. [1963 c 4 § 36.08.060. Prior: 1891 c 144 § 6; RRS § 3977.]

**36.08.070 Arbitration of differences.** If the board of appraisers and adjusters do not agree on any subject, value, or settlement, they shall choose a third man from an adjoining county to settle their differences, and the decision thus arrived at shall be final. [1963 c 4 § 36.08.070. Prior: 1891 c 144 § 7; RRS § 3978.]

**36.08.080 Expense of proceedings.** The expense of the proceedings and election provided for in this chapter shall be paid by the county to which the territory is attached. [1963 c 4 § 36.08.080. Prior: 1891 c 144 § 8; RRS § 3979.]

**36.08.090 Transcript of records by county auditor.**

The county auditor of the county to which any territory may be transferred may take transcripts of all records, books, papers, etc., on file in the office of the county auditor of the county from which the territory has been transferred, which may be necessary to perfect the records of his county, and for this purpose he shall have access to the records of the county from which such territory is stricken, free of cost. [1963 c 4 § 36.08.090. Prior: 1891 c 144 § 9; RRS § 3980.]

**36.08.100 Construction—Limitations.** Nothing in this chapter shall be construed to authorize the annexing of territory of one county to a neighboring county, where the territory proposed to be annexed, or any part thereof, is at a greater distance than ten miles from the courthouse in the county seat of the county to which said territory is proposed to be annexed, as said courthouse is now located, nor to authorize the annexation of any territory at a greater distance than three miles from high water mark of tide water, but such annexation shall be strictly confined within said limits. In doing so, they shall not charge either county with any share of debts arising from the erection of public buildings, or out of the construction of roads or bridges which shall be and remain, after the division, within the limits of the other county, and of the other debts they shall apportion to each county such a share of the indebtedness as may be just and equitable, taking into consideration the population of such portion of territory so forming a part of the said counties while so united, and also the relative advantages, derived from the old county organization. In case the auditors of the interested counties are not able to agree upon the proportion to be awarded to each county, the same shall be determined by the judge of the superior court of the district in which all of the interested counties are situated, if they be in one district, and have one common judge, and if not, by the judges sitting en banc of the superior courts of the counties involved. Said auditors shall make said apportionment within sixty days after the creation of any new county or the changing of boundaries of any old county, and if they do not, within said time, agree upon said apportionment, thereafter either or any county affected may petition the judge or judges of any court given jurisdiction by this section, and upon ten days' notice to any other county affected, the same may be brought on for hearing and summarily disposed of by said judge or judges, after allowing each side an opportunity to be heard. By agreement, clerks may authorize collection agencies to retain all or any portion of the interest collected on these accounts. Collection may not be initiated with respect to a criminal offender who is under the supervision of the department of corrections without the prior agreement of the department. Superior court clerks are encouraged to initiate collection actions with respect to a criminal offender who is under the supervision of the department of corrections, with the department's approval.

Any assessor who deems it necessary in order to complete the listing and the valuation of the property of the county within the time prescribed by law, (1) may appoint one or more well qualified persons to act as assistants or deputies who shall not engage in the private practice of appraising within the county in which he or she is employed without the written permission of the assessor filed with the auditor; and each such assistant or deputy so appointed shall, under the direction of the assessor, after taking the required oath, perform all the duties enjoined upon, vested in or imposed upon assessors, and (2) may contract with any persons, firms or corporations, who are expert appraisers, to assist in the valuation of property.

To assist each assessor in obtaining adequate and well qualified assistants or deputies, the state department of personnel, after consultation with the Washington state association of county assessors, the Washington state association of counties, and the department of revenue, shall establish by July 1, 1967, and shall thereafter maintain, a classification and salary plan for those employees of an assessor who act as appraisers. The plan shall recommend the salary range and employment qualifications for each position encompassed by it, and shall, to the fullest extent practicable, conform to the classification plan, salary schedules and employment qualifications for state employees performing similar appraisal functions.

An assessor who intends to put such plan into effect shall inform the department of revenue and the county legislative authority of this intent in writing. The department of revenue and the county legislative authority may thereupon on each designate a representative, and such representative or representatives as may be designated by the department of revenue or the county legislative authority, or both, shall form with the assessor a committee. The committee so formed may, by unanimous vote only, determine the required number of certified appraiser positions and their salaries necessary to enable the assessor to carry out the requirements relating to revaluation of property in chapter 84.41 RCW. The determination of the committee shall be certified to the county legislative authority. The committee may be formed only once in a period of four calendar years.

After such determination, the assessor may provide, in each of the four next succeeding annual budget estimates, for as many positions as are established in such determination. Each county legislative authority to which such a budget estimate is submitted shall allow sufficient funds for such positions. An employee may be appointed to a position covered by the plan only if the employee meets the employment qualifications established by the plan. [1995 c 134 § 12. County Commissioners

Chapter 36.32

"County commissioners" defined. The term "county commissioners" when used in this title or any other provision of law shall include the governmental authority empowered to so act under the provisions of a charter adopted by any county of the state. [1971 ex.s. c 117 § 1.]

Board of commissioners established—Quorum. There is established in each county in this state a board of county commissioners. Except as provided in RCW 36.32.055 and 36.32.0552, each board of county commissioners shall consist of three qualified electors, two of whom shall constitute a quorum to do business. [1990 c 252 § 1; 1963 c 4 § 36.32.010. Prior: Code 1881 § 2663; 1869 p 303 § 1; 1867 p 52 § 1; 1863 p 540 § 1; 1854 p 420 § 1; RRS § 4036.]

Commissioner districts. The board of county commissioners of each county shall divide their county into three commissioner districts so that each district shall comprise as nearly as possible one-third of the population of the county: PROVIDED, That the territory comprised in any voting precincts of such districts shall remain compact, and shall not be divided by the lines of said districts.

However, the commissioners of any county composed entirely of islands and with a population of less than thirty-five thousand may divide their county into three commissioner districts without regard to population, except that if any single island is included in more than one district, the districts on such island shall comprise, as nearly as possible, equal populations.

The lines of the districts shall not be changed oftener than once in four years and only when a full board of commissioners is present. The districts shall be designated as districts numbered one, two and three. [1982 c 226 § 4; 1970 ex.s. c 58 § 1; 1963 c 4 § 36.32.020. Prior: 1893 c 39 § 2; 1890 p 317 §§ 1, 2; RRS § 4037.]

Terms of commissioners. The terms of office of county commissioners shall be four years and until their successors are elected and qualified and assume office in accordance with RCW 29.04.170: PROVIDED, That the terms shall be staggered so that either one or two commissioners are elected at a general election held in an even-numbered year. [1979 ex.s. c 126 § 27; 1963 c 4 § 36.32.030. Prior: 1951 c 89 § 1. Formerly: (i) 1891 c 97 §§ 1, 2; RRS § 4038. (ii) 1891 c 67 § 3; RRS § 4039. (iii) 1891 c 89 § 4; RRS § 4040. (iv) 1891 c 67 § 5; RRS § 4041.]

Purpose—1979 ex.s. c 126: See RCW 29.04.170(1).

(1996 Ed.)

[Title 36 RCW—page 57]
36.32.040  Nomination by districts.  (1) Except as provided in subsection (2) of this section, the qualified electors of each county commissioner district, and they only, shall nominate from among their own number, candidates for the office of county commissioner of such commissioner district to be voted for at the following general election.  Such candidates shall be nominated in the same manner as candidates for other county and district offices are nominated in all other respects.

(2) Where the commissioners of a county composed entirely of islands with a population of less than thirty-five thousand have chosen to divide the county into unequal-sized commissioner districts pursuant to the exception provided in RCW 36.32.020, the qualified electors of the entire county shall nominate from among their own number who reside within a commissioner district, candidates for the office of county commissioner of such commissioner district to be voted for at the following general election.  Such candidates shall be nominated in the same manner as candidates for other county offices are nominated in all other respects.  [1982 c 226 § 5; 1963 c 4 § 36.32.040.  Prior: 1909 c 232 § 1; RRS § 4043.]

36.32.050  Elected by entire county.  County commissioners shall be elected by the qualified voters of the county and the person receiving the highest number of votes for the office of commissioner for the district in which he resides shall be declared duly elected from that district.  [1963 c 4 § 36.32.050.  Prior: 1895 c 110 § 1; 1893 c 39 § 1; 1891 c 67 § 6; 1890 p 317 § 3; RRS § 4042.]

36.32.055  Five-member commission—When authorized—Ballot proposition—Petition—Procedures.  (1) The board of commissioners of any noncharter county with a population of three hundred thousand or more may cause a ballot proposition to be submitted at a general election to the voters of the county authorizing the board of commissioners to be increased to five members.

(2) As an alternative procedure, a ballot proposition shall be submitted to the voters of a noncharter county authorizing the board of commissioners to be increased to five members, upon petition of the county voters equal to at least ten percent of the voters voting at the last county general election.  At least twenty percent of the signatures on the petition shall come from each of the existing commissioner districts.

Any petition requesting that such an election be held shall be submitted to the county auditor for verification of the signatures thereon.  Within no more than thirty days after the submission of the petition, the auditor shall determine if the petition contains the requisite number of valid signatures.  The auditor shall certify whether or not the petition has been signed by the requisite number of county voters and forward such petition to the board of county commissioners.  If the petition has been signed by the requisite number of county voters, the board of county commissioners shall submit such a proposition to the voters for their approval or rejection at the next general election held at least sixty days after the proposition has been certified by the auditor.  [1990 c 252 § 2.]

36.32.0552  Five-member commission—Newly created positions—How filled—County divided into five districts.  If the ballot proposition receives majority voter approval, the size of the board of county commissioners shall be increased to five members as provided in this section.

The two newly created positions shall be filled at elections to be held in the next year.  The county shall, as provided in this section, be divided into five commissioner districts, so that each district shall comprise as nearly as possible one-fifth of the population of the county.  No two members of the existing board of county commissioners may, at the time of the designation of such districts, permanently reside in one of the five districts.  The division of the county into five districts shall be accomplished as follows:

(1) The board of county commissioners shall, by the second Monday of March of the year following the election, adopt a resolution creating the districts;

(2) If by the second Tuesday of March of the year following the election the board of county commissioners has failed to create the districts, the prosecuting attorney of the county shall petition the superior court of the county to appoint a referee to designate the five commissioner districts.  The referee shall designate such districts by no later than June 1st of the year following the election.  The two commissioner districts within which no existing member of the board of county commissioners permanently resides shall be designated as districts four and five.  [1990 c 252 § 3.]

36.32.0554  Five-member commission—Newly created positions—Terms of initially elected commissioners.  The terms of the persons who are initially elected to positions four and five under RCW 36.32.0552 shall be as follows:

(1) If the year in which the primary and general elections are held is an even-numbered year, the person elected to position four shall be elected for a two-year term, and the person elected to position five shall be elected for a four-year term; or

(2) If the year in which the primary and general elections are held is an odd-numbered year, the person elected to position four shall be elected for a one-year term, and the person elected to position five shall be elected for a three-year term.

The length of the terms shall be calculated from the first day of January in the year following the election.  Each person elected pursuant to subsection (1) or (2) of this section shall take office immediately upon the issuance of a certificate of his or her election.

Thereafter, persons elected to commissioner positions four and five shall be elected for four-year terms and shall take office at the same time the other members of the board of county commissioners take office.  [1990 c 252 § 4.]

36.32.0556  Five-member commissions—Four-year terms—Nominations by districts—Elected by entire county—Quorum.  The commissioners in a five-member board of county commissioners shall be elected to four-year staggered terms.  Each commissioner shall reside in a separate commissioner district.  Each commissioner shall be nominated from a separate commissioner district by the
voters of that district. Each shall be elected by the voters of the entire county. Three members of a five-member board of commissioners shall constitute a quorum to do business. [1990 c 252 § 5.]

36.32.0558 Five-member commissions—Vacancies. Vacancies on a board of county commissioners consisting of five members shall be filled as provided in RCW 36.32.070, except that:

(1) Whenever there are three or more vacancies, the governor shall appoint one or more commissioners until there are a total of three commissioners;

(2) Whenever there are two vacancies, the three commissioners shall fill one of the vacancies; and

(3) Whenever there is one vacancy, the four commissioners shall fill the single vacancy. [1990 c 252 § 6.]

The bond of each county commissioner shall be payable to the county, and it shall be conditioned that the commissioner shall well and faithfully discharge the duties of his office, and not approve, audit, or order paid any illegal, unwarranted, or unjust claim against the county for personal services. [1963 c 4 § 36.32.060. Prior: 1955 c 157 § 10; prior: 1921 c 132 § 1, part; 1893 c 75 § 7, part; RRS § 4046, part.]

36.32.070 Vacancies on board. Whenever there is a vacancy in the board of county commissioners, except as provided in RCW 36.32.0558, it shall be filled as follows:

(1) If there are three vacancies, the governor of the state shall appoint two of the officers. The two commissioners thus appointed shall then meet and select the third commissioner. If the two appointed commissioners fail to agree upon selection of the third after the expiration of five days from the day they were appointed, the governor shall appoint the remaining commissioner.

(2) Whenever there are two vacancies in the office of county commissioner, the governor shall appoint one commissioner, and the two commissioners then in office shall appoint the third commissioner. If they fail to agree upon a selection after the expiration of five days from the day of the governor’s appointment, the governor shall appoint the third commissioner.

(3) Whenever there is one vacancy in the office of county commissioner, the two remaining commissioners shall fill the vacancy. If the two commissioners fail to agree upon a selection after the expiration of five days from the day the vacancy occurred, the governor shall appoint the third commissioner. [1990 c 252 § 7; 1963 c 4 § 36.32.070. Prior: 1933 c 100 § 1; RRS § 4038-1.]

36.32.080 Regular meetings. The county legislative authority of each county shall hold regular meetings at the county seat to transact any business required or permitted by law. [1989 c 16 § 1; 1963 c 4 § 36.32.080. Prior: 1893 c 105 § 1; Code 1881 § 2667; 1869 p 303 § 5; 1867 p 53 § 5; 1863 p 541 § 5; 1854 p 420 § 5; RRS § 4047. Cf. 1893 c 75 § 1; RRS § 4048.]
(7) Make and enforce, by appropriate resolutions or ordinances, all such police and sanitary regulations as are not in conflict with state law, and within the unincorporated area of the county may adopt by reference Washington state statutes and recognized codes and/or compilations printed in book form relating to the construction of buildings, the installation of plumbing, the installation of electric wiring, health, or other subjects, and may adopt such codes and/or compilations or portions thereof, together with amendments thereto, or additions thereto: PROVIDED, That except for Washington state statutes, there shall be filed in the county auditor's office one copy of such codes and compilations ten days prior to their adoption by reference, and additional copies may also be filed in library or city offices within the county as deemed necessary by the county legislative authority: PROVIDED FURTHER, That no such regulation, code, compilation, and/or statute shall be effective unless before its adoption, a public hearing has been held thereon by the county legislative authority of which at least ten days' notice has been given. Any violation of such regulations, ordinances, codes, compilations, and/or statutes or resolutions shall constitute a misdemeanor or a civil violation subject to a monetary penalty: PROVIDED FURTHER, That violation of a regulation, ordinance, code, compilation, and/or statute relating to traffic including parking, standing, stopping, and pedestrian offenses is a traffic infraction, except that violation of a regulation, ordinance, code, compilation, and/or statute equivalent to those provisions of Title 46 RCW set forth in RCW 46.63.020 remains a misdemeanor. However, the punishment for any criminal ordinance shall be the same as the punishment provided in state law for the same crime and no act that is a state crime may be made a civil violation. The notice must set out a copy of the proposed regulations or summarize the content of each proposed regulation; or if a code is adopted by reference the notice shall set forth the full official title and a statement describing the general purpose of such code. For purposes of this subsection, a summary shall mean a brief description which succinctly describes the main points of the proposed regulation. When the county publishes a summary, the publication shall include a statement that the full text of the proposed regulation will be mailed upon request. An inadvertent mistake or omission in publishing the text or a summary of the content of a proposed regulation shall not render the regulation invalid if it is adopted. The notice shall also include the day, hour, and place of hearing and must be given by publication in the newspaper in which legal notices of the county are printed.

Competitive bids—Purchasing department—Counties with a population of one million or more—Public works procedures. (1) In each county with a population of one million or more which by resolution establishes a county purchasing department, the purchasing department shall enter into leases of personal property on a competitive basis and purchase all supplies, materials, and equipment on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases that are paid from the county road fund or equipment rental and revolving fund.

(2) As used in this section, "public works" has the same definition as in RCW 39.04.010.

(3) Except as otherwise specified in this chapter or in chapter 36.77 RCW, all counties subject to these provisions shall contract on a competitive basis for all public works after bids have been submitted to the county upon specifications thereof. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection.

(4) An advertisement shall be published in the county official newspaper stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or as near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper is sufficient. Such advertisements shall be published at least once at least thirteen days prior to the last date upon which bids will be received.

(5) The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed.

(6) The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law.

(7) If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

(8) As limited by subsection (10) of this section, a county subject to these provisions may have public works performed by county employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period.

Whenever a county subject to these provisions has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works except emergency work under subsection (12) of this section within that budget period shall be done by contract pursuant to public notice and call for competitive bids as specified in subsection (3) of this section. The state auditor shall report to the state treasurer any county subject to these provisions that exceeds this amount and the extent to which the county has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(9) If a county subject to these provisions has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that county in its next budget period. Ten percent of the motor vehicle fuel tax distributions to that county shall be withheld if two years after the year in which the excess amount of work occurred, the county has failed to so reduce the amount of public works that it has performed by public employees. The amount withheld shall be distributed to the county when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been reduced as required.

(10) In addition to the percentage limitation provided in subsection (8) of this section, counties subject to these provisions containing a population of one million or more shall not have public employees perform a public works project in excess of seventy thousand dollars if more than a single craft or trade is involved with the public works project, or a public works project in excess of twenty-five thousand dollars if only a single craft or trade is involved with the
public works project. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by public employees on a single project.

The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(11) In addition to the accounting and recordkeeping requirements contained in chapter 39.04 RCW, any county which uses public employees to perform public works projects under RCW 36.32.240(1) shall prepare a year-end report to be submitted to the state auditor indicating the total dollar amount of the county's public works construction budget and the total dollar amount for public works projects performed by public employees for that year.

The year-end report submitted pursuant to this subsection to the state auditor shall be in accordance with the standard form required by RCW 43.09.205.

(12) Notwithstanding any other provision in this section, counties may use public employees without any limitation for emergency work performed under an emergency declared pursuant to RCW 36.32.270, and any such emergency work shall not be subject to the limitations of this section. Publication of the description and estimate of costs relating to correcting the emergency may be made within seven days after the commencement of the work. Within two weeks of the finding that such an emergency existed, the county legislative authority shall adopt a resolution certifying the damage to public facilities and costs incurred or anticipated relating to correcting the emergency. Additionally, this section shall not apply to architectural and engineering or other technical or professional services performed by public employees in connection with a public works project.

(13) In lieu of the procedures of subsections (3) through (11) of this section, a county may use a small works roster process and award contracts for public works projects with an estimated value of ten thousand dollars up to one hundred thousand dollars as provided in RCW 39.04.155.

Whenever possible, the county shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(14) The allocation of public works projects to be performed by county employees shall not be subject to a collective bargaining agreement.

(15) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW.

(16) Nothing in this section prohibits any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

36.32.240 Competitive bids—Purchasing department—Counties with a population of less than one million. (1) In any county the county legislative authority may by resolution establish a county purchasing department.

(2) In each county with a population of less than one million which exercises this option, the purchasing department shall contract on a competitive basis for all public works, enter into leases of personal property on a competitive basis, and purchase all supplies, materials, and equipment, on a competitive basis, for all departments of the county, as provided in this chapter and chapter 39.04 RCW, except that the county purchasing department is not required to make purchases for the county hospital, or make purchases that are paid from the county road fund or equipment rental and revolving fund. 36.32.245 Competitive bids—Requirements—Advertisements—Exceptions—Recycled materials. (1) No contract for the purchase of materials, equipment, or supplies may be entered into by the county legislative authority or by any elected or appointed officer of the county until after bids have been submitted to the county. Bid specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the official newspaper of the county stating the time and place where bids will be opened, the time after which bids will not be received, the materials, equipment, supplies, or services to be purchased, and that the specifications may be seen at the office of the clerk of the county legislative authority. The advertisement shall be published at least once at least thirteen days prior to the last date upon which bids will be received.

(2) The bids shall be in writing and filed with the clerk. The bids shall be opened and read in public at the time and place named in the advertisement. Contracts requiring competitive bidding under this section may be awarded only to the lowest responsible bidder. Immediately after the award is made, the bid quotations shall be recorded and open to public inspection and shall be available by telephone inquiry. Any or all bids may be rejected for good cause.

(3) For advertisement and formal sealed bidding to be dispensed with as to purchases between two thousand five hundred and twenty-five thousand dollars, the county legislative authority must use the uniform process to award contracts as provided in RCW 39.04.190. Advertisements and formal bidding may be dispensed with as to purchases of less than two thousand five hundred dollars upon the order of the county legislative authority.

(4) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020(3), that are negotiated under chapter 39.35A RCW; or contracts and purchases for the printing of election ballots, voting machine labels, and all other election material containing the names of candidates and ballot titles.

(5) Nothing in this section shall prohibit the legislative authority of any county from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.
(6) This section does not apply to contracting for public defender services by a county. [1993 c 233 § 1; 1993 c 198 § 7; 1991 c 363 § 62.]

Reviser's note: This section was amended by 1993 c 198 § 7 and by 1993 c 233 § 1, each without reference to the other. Both amendments are incorporated in the publication of the section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.32.250 Competitive bids—Contract procedure—Contracts under ten thousand dollars—Small works roster process. No contract for public works may be entered into by the county legislative authority or by any elected or appointed officer of the county until after bids have been submitted to the county upon specifications therefor. Such specifications shall be in writing and shall be filed with the clerk of the county legislative authority for public inspection. An advertisement shall be published in the county official newspaper stating the time and place where bids will be opened, the time after which bids will not be received, the character of the work to be done, the materials and equipment to be furnished, and that specifications therefor may be seen at the office of the clerk of the county legislative authority. An advertisement shall also be published in a legal newspaper of general circulation in or near as possible to that part of the county in which such work is to be done. If the county official newspaper is a newspaper of general circulation covering at least forty percent of the residences in that part of the county in which such public works are to be done, then the publication of an advertisement of the applicable specifications in the county official newspaper shall be sufficient. Such advertisements shall be published at least once at least thirteen days prior to the last date upon which bids will be received. The bids shall be in writing, shall be filed with the clerk, shall be opened and read in public at the time and place named therefor in the advertisements, and after being opened, shall be filed for public inspection. No bid may be considered for public work unless it is accompanied by a bid deposit in the form of a surety bond, postal money order, cash, cashier's check, or certified check in an amount equal to five percent of the amount of the bid proposed. The contract for the public work shall be awarded to the lowest responsible bidder. Any or all bids may be rejected for good cause. The county legislative authority shall require from the successful bidder for such public work a contractor's bond in the amount and with the conditions imposed by law. If the bidder to whom the contract is awarded fails to enter into the contract and furnish the contractor's bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and the contract awarded to the next lowest and best bidder. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor's bond given by the successful bidder is accepted by the county legislative authority. In the letting of any contract for public works involving less than ten thousand dollars, advertisement and competitive bidding may be dispensed with on order of the county legislative authority. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry.

For advertisement and competitive bidding to be dispensed with as to public works projects with an estimated value of ten thousand dollars up to one hundred thousand dollars, a county must use a small works roster process as provided in RCW 39.04.155.

Whenever it appears to the board of county commissioners that it is for the best interests of the county and the taxing districts and the people thereof that any part or parcel, or portion of such part or parcel, of property, whether real, personal, or mixed, belonging to the county, including tax title land, should be sold, the board shall sell and convey such property, under the limitations and restrictions and in the manner hereinafter provided.

In making such sales the board of county commissioners may sell any timber, mineral, or other resources on any land owned by the county separate and apart from the land in the same manner and upon the same terms and conditions as provided in this chapter for the sale of real property.

The board of county commissioners may reserve mineral rights in such land and, if such reservation is made, any conveyance of the land shall contain the following reservation:

"The party of the first part hereby expressly saves, excepts, and reserves out of the grant hereby made, unto itself, its successors, and assigns, forever, all oils, gases, coals, ores, minerals, gravel, timber, and fossils of every name, kind, or description, and which may be in or upon

No rights shall be exercised under the foregoing reservation until provision has been made to pay to the owner of the land upon which the rights reserved are sought to be exercised, full payment for all damages sustained by reason of entering upon the land: PROVIDED, That if the owner for any cause refuses or neglects to settle the damages, the county, its successors, or assigns, or any applicant for a lease or contract from the county for the purpose of prospecting for or mining valuable minerals, or operation contract, or lease, for mining coal, or lease for extracting petroleum or natural gas, shall have the right to institute such legal proceedings in the superior court of the county wherein the land is situated, as may be necessary to determine the damages which the owner of the land may suffer. Any of the reserved minerals or other resources not exceeding two hundred dollars in value may be sold, when the board deems it advisable, either with or without publication of notice of sale, and in such manner as the board may determine will be most beneficial to the county. 36.34.030 Requirements of notice—Posting. The notice of hearing on the proposal to dispose of any county property must particularly describe the property or portion thereof proposed to be sold and designate the place where and the day and hour when a hearing will be held thereon and be posted in a conspicuous place in the courthouse. Both posting and the date of first publication must be at least ten days before the day set for the hearing. [1963 c 4 § 36.34.030. Prior: 1945 c 254 § 2; Rem. 36.34.050 Findings and determination—Minimum price. Within three days after the hearing upon a proposal to dispose of county property, the county legislative authority shall make its findings and determination thereon and cause them to be spread upon its minutes and made a matter of record. The county legislative authority may set a minimum sale price on property that is proposed for sale: [1991 c 363 § 67; 1963 c 4 § 36.34.050. Prior: 1945 c 254 § 4; Rem. If the board elects to trade in the used equipment it shall include in its call for bids on the new equipment a notice that the county has for
sale or trade-in used equipment of a specified type and description which will be sold or traded in on the same day and hour that the bids on the new equipment are opened. Any bidder on the new equipment may include in his offer to sell, an offer to accept the used equipment as a part payment of the new equipment purchase price, setting forth the amount of such allowance.

In determining the lowest and best bid on the new equipment the board shall consider the net cost to the county of such new equipment after trade-in allowances have been deducted. The board may accept the new equipment bid of any bidder without trading in the used equipment but may not require any such bidder to purchase the used equipment without awarding the bidder the new equipment contract. Nothing in this section shall bar anyone from making an offer for the purchase of the used equipment independent of a bid on the new equipment and the board shall consider such offers in relation to the trade-in allowances offered to determine the net best sale and purchase combination for the county. [1991 c 363 § 69; 1985 c 469 § 46; 1963 c 4 § 36.34.090. Prior: 1945 c 254 § 8; Rem. Supp. 1945 § 4014-8; prior: 1891 c 76 § 4, part; RRS § 4010, part.]

36.34.135 Leases of county property—Affordable housing. If a county owns property that is located anywhere within the county, including within the limits of a city or town, and that is suitable for affordable housing, the legislative authority of the county may, by negotiation, lease the property for affordable housing for a term not to exceed seventy-five years to any public housing authority or nonprofit organization that has demonstrated its ability to construct or operate housing for very low-income, low-income, or moderate-income households as defined in RCW 43.63A.510 and special needs populations. Leases for housing for very low-income, low-income, or moderate-income households and special needs populations shall not be subject to any requirement of periodic rental adjustments, as provided in RCW 36.34.180, but shall provide for such fixed annual rents as appear reasonable considering the public, social, and health benefits to be derived by providing an adequate supply of safe and sanitary housing for very low-income, low-income, or moderate-income households and special needs populations. [1993 c 461 § 6; 1990 c 253 § 7.]

its purposes and is suitable for the development of affordable housing for very low-income, low-income, and moderate-income households as defined in RCW 43.63A.510. The inventory shall include the location, approximate size, and current zoning classification of the property. Every county shall provide a copy of the inventory to the "department of community development by November 1, 1993, with inventory revisions each November 1 thereafter.

(2) By November 1 of each year, beginning in 1994, every county shall purge the inventory of real property of sites that are no longer available for the development of affordable housing. The inventory revision shall include an updated listing of real property that has become available since the last update. As used in this section, "real property" means buildings, land, or buildings and land. [1993 c 461 § 5.]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

Finding—1993 c 461: See note following RCW 43.63A.510.

36.34.140 Leases of county property—Airports. The board of county commissioners, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances should be leased for a year or a term of years, may lease such property under the limitations and restrictions and in the manner provided in this chapter, and, if it appears that it is for the best interests of the county and the people thereof, that any county real property and its appurtenances which is now being, or is to be devoted to airport or aeronautical purposes or purposes incidental thereto, should be leased for a year or a term of years, said board of county commissioners may lease such property under the limitations and restrictions and in the manner provided in this chapter, and said board of county commissioners shall have power to lease such county real property and its appurtenances whether such property was heretofore or hereafter acquired or whether heretofore or hereafter acquired by tax deed under tax foreclosure proceedings for nonpayment of taxes or whether held or acquired in any other manner. Any lease executed under the authority of the provisions hereof creates a vested interest that has demonstrated its qualification to conduct agricultural fairs. Such agricultural fair leases shall not be subject to any requirement of periodic rental adjustments, as provided in RCW 36.34.180, but shall provide for such fixed annual rental as shall appear reasonable, considering the benefit to be derived by the county in the promotion of the fair and in the improvement of the property. The lessee may utilize or rent out such property at times other than during the fair season for nonfair purposes in order to obtain income for fair purposes, and during the fair season may sublease portions of the property for purposes and activities associated with such fair. No sublease shall be valid unless the same shall be approved in writing by the county legislative authority: PROVIDED, That failure of such lessee, except by act of God, war or other emergency beyond its control, to conduct an annual agricultural fair or exhibition, shall cause said lease to be subject to cancellation by the county legislative authority. A county legislative authority entering into an agreement with a nonprofit association to lease property for agricultural fair purposes shall, when requested to do so, file a copy of the lease agreement with the department of agriculture or the state fair commission in order to assure compliance with the provisions of RCW 15.76.165. [1986 c 171 § 2; 1963 c 4 § 36.34.145. Prior: 1957 c 134 § 1.]

36.34.150 Application to lease—Deposit. Any person desiring to lease county lands shall make application in writing to the board of county commissioners. Each application shall be accompanied by a deposit of not less than ten dollars or such other sum as the county commissioners may require, not to exceed twenty-five dollars. The deposit shall be in the form of a certified check or certificate of deposit on some bank in the county, or may be paid in cash. In case the lands applied for are leased at the time they are offered, the deposit shall be returned to the applicant, but if the party making application fails or refuses to comply with the terms of his application and to execute the lease, the deposit shall be forfeited to the county, and the board of county commissioners shall pay the deposit over to the county treasurer, who shall place it to the credit of the current expense fund. [1963 c 4 § 36.34.150. Prior: 1901 c 87 § 2; RRS § 4020.]

36.34.160 Notice of intention to lease. When, in the judgment of the board of county commissioners, it is found desirable to lease the land applied for, it shall first give notice of its intention to make such lease by publishing a notice in a legal newspaper at least once a week for the term of three weeks, and shall also post a notice of such intention in a conspicuous place in the courthouse for the same length of time. The notice so published and posted shall designate and describe the property which is proposed to be leased, together with the improvements thereon and appurtenances thereto, and shall contain a notice that the board of county commissioners will meet at the county courthouse on a day and at an hour designated in the notice, for the purpose of leasing the property which day and hour shall be at a time not more than a week after the expiration of the time required for the publication of the notice. [1963 c 4 § 36.34.160. Prior: 1901 c 87 § 3; RRS § 4021.]

36.34.170 Objections to leasing. Any person may appear at the meeting of the county commissioners or any adjourned meeting thereof, and make objection to the leasing of the property, which objection shall be stated in writing. In passing upon objections the board of county commissioners shall, in writing, briefly give its reasons for accepting or
rejecting the same, and such objections, and the reasons for accepting or refusing the application, shall be published by the board in the next subsequent weekly issue of the newspaper in which the notice of hearing was published. [1963 c 4 § 36.34.170. Prior: 1901 c 87 § 5; RRS § 4023.]

36.34.180 Lease terms. At the day and hour designated in the notice or at any subsequent time to which the meeting may be adjourned by the board of county commissioners, but not more than thirty days after the day and hour designated for the meeting in the published notice, the board may lease the property in such notice described for a term of years and upon such terms and conditions as to the board may seem just and right in the premises. No lease shall be for a longer term in any one instance than ten years, and no renewal of a lease once executed and delivered shall be had, except by a re-leasing and re-letting of the property according to the terms and conditions of this chapter. PROVIDED, That if a county owns property within or outside the corporate limits of any city or town or anywhere in the county suitable for municipal purposes, or for commercial buildings, or owns property suitable for manufacturing or industrial purposes or sites, or for military purposes, or for temporary or emergency housing, or for any requirement incidental to manufacturing, commercial, agricultural, housing, military, or governmental purposes, the board of county commissioners may lease it for such purposes for any period not to exceed thirty-five years: PROVIDED FURTHER, Where the property involved is or is to be devoted to airport purposes and construction work or the installation of new facilities is contemplated, the board may lease said property for such period as may equal the estimated useful life of such work or facilities but not to exceed seventy-five years.

If property is leased for municipal purposes or for commercial buildings or manufacturing or industrial purposes the lessee shall prior to the execution of the lease file with the board of county commissioners general plans and specifications of the building or buildings to be erected thereon for such purposes. All leases when executed shall provide that they shall be canceled by failure of the lessee to construct such building or buildings or other improvements for such purposes within three years from date of the lease, and in case of failure so to do the lease and all improvements thereon including the rentals paid, shall thereby be forfeited to the county unless otherwise stipulated. No change or modification of the plans shall be made unless first approved by the board of county commissioners. If at any time during the life of the lease the lessee fails to use the property for the purposes leased, without first obtaining permission in writing from the board of county commissioners so to do, the lease shall be forfeited.

Any lease made for a longer period than ten years shall contain provisions requiring the lessee to permit the rentals for every five year period thereafter, or part thereof, at the commencement of such period, to be readjusted and fixed by the board of county commissioners. In the event that the lessee and the board cannot agree upon the rentals for said five year period, the lessee shall submit to have the disputed rentals for the subsequent period adjusted by arbitration. The lessee shall pick one arbitrator and the board one, and the two so chosen shall select a third. No board of arbitra-
tors shall reduce the rentals below the sum fixed or agreed upon for the last preceding period. All buildings, factories, or other improvements made upon property leased shall belong to and become property of such county, unless otherwise stipulated, at the expiration of the lease.

No lease shall be assigned without the assignment being first authorized by resolution of the board of county commissioners and the consent in writing of at least two members of the board endorsed on the lease. All leases when drawn shall contain this provision.

This section shall not be construed to limit the power of the board of county commissioners to sell, lease, or by gift convey any property of the county to the United States or any of its governmental agencies to be used for federal government purposes. [1963 c 4 § 36.34.180. Prior: 1951 c 41 § 1; 1941 c 110 § 2; 1913 c 162 § 1; 1903 c 57 § 1; 1901 c 87 § 4; RRS § 4022.]

36.34.190 Lease to highest responsible bidder. No lease shall be made by the county except to the highest responsible bidder at the time of the hearing set forth in the notice of intention to lease. [1963 c 4 § 36.34.190. Prior: 1901 c 87 § 6, part; RRS § 4024, part.]

RCW 36.34.150 through 36.34.190 shall not apply to agreements entered into pursuant to chapter 70.150 RCW provided there is compliance with the procurement procedure under RCW 70.150.040. [1986 c 244 § 12.]

Severability—1986 c 244: See RCW 70.150.905.

36.34.200 Execution of lease agreement. Upon the decision of the board of county commissioners to lease the lands applied for, a lease shall be executed in duplicate to the lessee by the chairman of the board and the county auditor, attested by his seal of office, which lease shall also be signed by the lessee. The lease shall refer to the order of the board directing the lease, with a description of the lands conveyed, the periods of payment, and the amounts to be paid for each period. [1963 c 4 § 36.34.200. Prior: 1901 c 87 § 7; RRS § 4025.]

This property may be conveyed or leased by deed or other instrument of conveyance or lease without notice and upon such consideration, if any, as shall be determined by the board and the deed or lease may be signed by the county treasurer when authorized to do so by resolution of the board. Any proceeds received from the rental of such lands by the legislative authority shall first be used to reimburse the legislative authority for costs of management and costs of rental, and costs of any improvements to such lands paid for by the county and after such reimbursements have been made the balance shall be distributed in the same manner as general taxes collected in the year in which such proceeds are received by the county. [1972 ex.s. c 150 § 5.]

36.35.050 Exchange of tax title lands with other entities—Appraisal. The legislative authority of a county shall have authority to exchange parcels of tax title lands for lands of substantially the same market value with other governmental or municipal agencies or private parties or corporations by private negotiation and such lands received by the county in exchange may be held and managed in the same manner as the lands conveyed in exchange by the county, and the proceeds from any subsequent sales or rentals of such land by the county shall be applied and distributed in the same manner as would have been done had such proceeds and income been received by the county for the lands conveyed in exchange by the county: PROVIDED, That before any such exchange is made the lands to be exchanged by the county and the lands to be received by the county shall be appraised by two appraisers appointed by the court for such purpose: PROVIDED FURTHER, That both appraisers agree that the land to be received by the county in such exchange is worth at least ninety percent of the value of the land to be given by the county in such exchange. [1972 ex.s. c 150 § 6.]

36.35.060 Lease—Approval of terms by school directors. The legislative authority of a county shall have authority to lease tax title lands to public or private agencies or persons. The procedures and regulations of RCW 36.34.150 through 36.34.200 shall be followed: PROVIDED, That before any such lease agreement is executed the terms of the lease are approved by resolution of the board of directors of the school district which would be entitled to share in the proceeds of the income received therefrom at the time the lease is executed. [1972 ex.s. c 150 § 7.]

36.35.070 Chapter as alternative. The provisions of this chapter shall be deemed as alternatives to, and not be limited by, the provisions of RCW 39.33.010, 36.34.130, and 84.64.310, nor shall the authority granted in this chapter be held to be subjected to or qualified by the terms of such statutory provisions. [1972 ex.s. c 150 § 8.]

Assessments and charges against state lands: Chapter 79.44 RCW.

36.36.010 Purpose. The protection of subterranean water from pollution or degradation is of great concern. The depletion of subterranean water is of great concern. The purpose of this chapter is to allow the creation of aquifer protection areas to finance the protection, preservation, and rehabilitation of subterranean water, and to reduce special assessments imposed upon households to finance facilities for such purposes. Pollution and degradation of subterranean drinking water supplies, and the depletion of subterranean

(1996 Ed.)
drinking water supplies, pose immediate threats to the safety and welfare of the citizens of this state. [1991 c 151 § 1; 1985 c 425 § 1.]

36.36.020 Creation of aquifer protection area—Public hearing—Ballot proposition. The county legislative authority of a county may create one or more aquifer protection areas for the purpose of funding the protection, preservation, and rehabilitation of subterranean water.

When a county legislative authority proposes to create an aquifer protection area it shall conduct a public hearing on the proposal. Notice of the public hearing shall be published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed aquifer protection area. The public hearing may be continued to other times, dates, and places announced at the public hearing, without publication of the notice. At the public hearing, the county legislative authority shall hear objections and comments from anyone interested in the proposed aquifer protection area.

After the public hearing, the county legislative authority may adopt a resolution causing a ballot proposition to be submitted to the registered voters residing within the proposed aquifer protection area to authorize the creation of the aquifer protection area, if the county legislative authority finds that the creation of the aquifer protection area would be in the public interest. The resolution shall: (1) Describe the boundaries of the proposed aquifer protection area; (2) find that its creation is in the public interest; (3) state the maximum level of fees for the withdrawal of water, or on-site sewage disposal, occurring in the aquifer protection area, or both; and (4) describe the uses for the fees.

An aquifer protection area shall be created by ordinances of the county if the voters residing in the proposed aquifer protection area approve the ballot proposition by a simple majority vote. The ballot proposition shall be in substantially the following form:

"Shall the . . . (insert the name) aquifer protection area be created and authorized to impose monthly fees on . . . (insert "the withdrawal of water" or "on-site sewage disposal") of not to exceed . . . (insert a dollar amount) per household unit for up to . . . (insert a number of years) to finance . . . (insert the type of activities proposed to be financed)?

Yes . . . . . . . .
No . . . . . . . ."

If both types of monthly fees are proposed to be imposed, maximum rates for each shall be included in the ballot proposition.

An aquifer protection area may not include territory located within a city or town without the approval of the city or town governing body, nor may it include territory located in the unincorporated area of another county without the approval of the county legislative authority of that county. [1985 c 425 § 2.]

36.36.030 Imposition of fees—Ballot proposition to authorize increased fees or additional purposes. Aquifer protection areas are authorized to impose fees on the withdrawal of subterranean water and on on-site sewage disposal. The fees shall be expressed as a dollar amount per household unit. Fees imposed for the withdrawal of water, or on-site sewage disposal, other than by households shall be expressed and imposed in equivalents of household units. If both types of fees are imposed, the rate imposed on on-site sewage disposal shall not exceed the rate imposed for the withdrawal of water.

No fees shall be imposed in excess of the amount authorized by the voters of the aquifer protection area. Fees shall only be used for the activity or activities authorized by the voters of the aquifer protection area. Ballot propositions may be submitted to the voters of an aquifer protection area to authorize a higher maximum level of such fees or to authorize additional activities for which the fees may be used. Such a ballot proposition shall be substantially in the form of that portion of the proposition to authorize the creation of an aquifer protection district that relates to fees or activities, as provided in RCW 36.36.020. Approval of the ballot proposition by simple majority vote shall authorize the higher maximum level of fees or additional activities for which the fees may be used.

A county may contract with existing public utilities to collect the fees, or collect the fees itself. [1985 c 425 § 3.]

36.36.035 Reduced fees for low-income persons. A county may adopt an ordinance reducing the level of fees, for the withdrawal of subterranean water or for on-site sewage disposal, that are imposed upon the residential property of a class or classes of low-income persons. [1987 c 381 § 1.]

36.36.040 Use of fee revenues. Aquifer protection areas may impose fees to fund:

(1) The preparation of a comprehensive plan to protect, preserve, and rehabilitate subterranean water, including ground water management programs adopted under chapter 90.44 RCW. This plan may be prepared as a portion of a county sewerage and/or water general plan pursuant to RCW 36.94.030;

(2) The construction of facilities for: (a) The removal of water-borne pollution; (b) water quality improvement; (c) sanitary sewage collection, disposal, and treatment; (d) storm water or surface water drainage collection, disposal, and treatment; and (e) the construction of public water systems;

(3) The proportionate reduction of special assessments imposed by a county, city, town, or special district in the aquifer protection area for any of the facilities described in subsection (2) of this section;

(4) The costs of monitoring and inspecting on-site sewage disposal systems or community sewage disposal systems for compliance with applicable standards and rules, and for enforcing compliance with these applicable standards and rules in aquifer protection areas created after June 9, 1988; and

(5) The costs of: (a) Monitoring the quality and quantity of subterranean water and analyzing data that is collected; (b) ongoing implementation of the comprehensive plan developed under subsection (1) of this section; (c) enforcing compliance with standards and rules relating to the quality and quantity of subterranean waters; and (d) public
education relating to protecting, preserving, and enhancing subterranean waters. [1991 c 151 § 2; 1988 c 258 § 1; 1985 c 425 § 4.]

36.36.045 Lien for delinquent fees. The county shall have a lien for any delinquent fees imposed for the withdrawal of subterranean water or on-site sewage disposal, which shall attach to the property to which the fees were imposed, if the following conditions are met:

(1) At least eighteen months have passed since the first billing for a delinquent fee installment; and

(2) At least three billing notices and a letter have been mailed to the property owner, within the period specified in subsection (1) of this section, explaining that a lien may be imposed for any delinquent fee installment that has not been paid in that period.

The lien shall otherwise be subject to the provisions of chapter 36.94 RCW related to liens for delinquent charges. [1987 c 381 § 2.]

36.36.050 Dissolution of aquifer protection area—Petition—Ballot proposition. A county legislative authority may dissolve an aquifer protection area upon a finding that such dissolution is in the public interest.

A ballot proposition to dissolve an aquifer protection district shall be placed on the ballot for the approval or rejection of the voters residing in an aquifer protection area, when a petition requesting such a ballot proposition is signed by at least twenty percent of the voters residing in the aquifer protection area and is filed with the county legislative authority of the county originally creating the aquifer protection area. The ballot proposition shall be placed on the ballot at the next general election occurring sixty or more days after the petition has been filed. Approval of the ballot proposition by a simple majority vote shall cause the dissolution of the aquifer protection area. [1985 c 425 § 5.]

36.36.900 Severability—1985 c 425. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 425 § 7.]

Where counties participate in the holding of a district fair, the boards of county commissioners of each of participating counties may enter into mutual agreements setting forth the manner and extent of the participation by each county in the management and support of the district fair, subject to the limitations imposed on each respective county by the provisions of this chapter. [1963 c 4 § 36.37.050. Prior: 1947 c 184 § 4; Rem. Supp. 1947 § 2753a.]

36.37.090 Poultry shows—Petition—Appropriation. Notwithstanding chapter 178, Laws of 1974 ex. sess., the department shall charge the county the sum of one thousand dollars per year for the lease of such lands and this sum may be periodically adjusted to compensate the department for any increased costs in administration of the lease. (2) As used in this chapter, the term "admission charge" includes a charge made for season tickets or subscriptions, a cover charge, or a charge made for use of seats and tables, reserved or otherwise, and other similar accommodations; a charge made for food and refreshments in any place where any free entertainment, recreation, or amusement is provided; a charge made for rental or use of equipment or facilities for purpose of recreation or amusement, and where the rental of the equipment or facilities is necessary to the enjoyment of a privilege for which a general admission is charged, the combined charges shall be considered as the admission charge. It shall also include any automobile parking charge where the amount of such charge is determined according to the number of passengers in any automobile.  

(3) The tax herein authorized shall not be exclusive and shall not prevent any city or town within the taxing county, when authorized by law, from imposing within its corporate limits a tax of the same or similar kind: PROVIDED, That whenever the same or similar kind of tax is imposed by any such city or town, no such tax shall be levied within the corporate limits of such city or town by the county, except that the legislative authority of a county with a population of one million or more may exclusively levy taxes on events in stadiums constructed on or after January 1, 1995, that are owned by a public facilities district under chapter 36.100 RCW and that have seating capacities over forty thousand at the rates of:  

(a) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium as defined in RCW 82.14.0485. If the revenue from the tax exceeds the amount needed for that purpose, the excess shall be placed in a contingency fund which may only be used to pay unanticipated capital costs on the baseball stadium, excluding any cost overruns on initial construction; and  

(b) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to
construct a baseball stadium as defined in RCW 82.14.0485. The tax imposed under this subsection (3)(b) shall expire when the bonds issued for the construction of the baseball stadium are retired, but not later than twenty years after the tax is first collected. The county shall assume the obligation of causing the payment of such indebtedness, collecting such taxes, assessments, and charges and observing and performing the other contractual obligations of the metropolitan municipal corporation. The legislative authority of the county shall act in the same manner as the governing body of the metropolitan municipal corporation for the purpose of certifying the amount of any property tax to be levied and collected therein, and may cause service and other charges and assessments to be collected from such property or owners or occupants thereof, enforce such collection and perform all acts necessary to ensure performance of the contractual obligations of the metropolitan municipal corporation in the same manner and by the same means as if the property of the metropolitan municipal corporation had not been acquired by the county.

When a county assumes the obligation of paying indebtedness of a metropolitan municipal corporation and if property taxes or assessments have been levied and service and other charges have accrued for such purpose but have not been collected by the metropolitan municipal corporation prior to such assumption, the same when collected shall belong and be paid to the county and be used by such county so far as necessary for payment of the indebtedness of the metropolitan municipal corporation existing and unpaid on the date such county assumed that indebtedness. Any funds received by the county which have been collected for the purpose of paying any bonded or other indebtedness of the metropolitan municipal corporation shall be used for the purpose for which they were collected and for no other purpose until such indebtedness has been paid and retired or adequate provision has been made for such payment and retirement. No transfer of property as provided in *this act shall derogate from the claims or rights of the creditors of the metropolitan municipal corporation or impair the ability of the metropolitan municipal corporation to respond to its debts and obligations. [1977 ex.s. c 277 § 11.]

*Reviser's note: "this act," see note following RCW 36.56.010.

The chair of the conference shall be elected from the members at large. [1991 c 363 § 73; 1975 1st ex.s. c 270 § 12.]

### 36.57A.030 Establishment or change in boundaries of public transportation benefit area—Hearing—Notice—Procedure—Authority of county to terminate public transportation benefit area.

Any conference which finds it desirable to establish a public transportation benefit area or change the boundaries of any existing public transportation benefit area shall fix a date for a public hearing thereon, or the legislative bodies of any two or more component cities or the county legislative body by resolution may require the public transportation improvement conference to fix a date for a public hearing thereon. Prior to the convening of the public hearing, the county governing body shall delineate the area of the county proposed to be included within the transportation benefit area, and shall furnish a copy of such delineation to each incorporated city within such area. Each city shall advise the county governing body, on a preliminary basis, of its desire to be included or excluded from the transportation benefit area. The county governing body shall cause the delineations to be revised to reflect the wishes of such incorporated cities. This delineation shall be considered by the conference at the public hearing for inclusion in the public transportation benefit area.

Notice of such hearing shall be published once a week for at least four consecutive weeks in one or more newspapers of general circulation within the area. The notice shall contain a description and map of the boundaries of the proposed public transportation benefit area and shall state the time and place of the hearing and the fact that any changes in the boundaries of the public transportation benefit area will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the effect of the formation of the proposed public transportation benefit area.

The conference may make such changes in the boundaries of the public transportation benefit area as they shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands, and may not delete a portion of any city. If the conference shall determine that any additional territory should be included in the public transportation benefit area, a second hearing shall be held and notice given in the same manner as for the original hearing. The conference may adjourn the hearing on the formation of a public transportation benefit area from time to time not exceeding thirty days in all.

Following the conclusion of such hearing the conference shall adopt a resolution fixing the boundaries of the proposed public transportation benefit area, declaring that the formation of the proposed public transportation benefit area will be conducive to the welfare and benefit of the persons and property therein.

Within thirty days of the adoption of such conference resolution, the county legislative authority of each county wherein a conference has established proposed boundaries of a public transportation benefit area, may by resolution, upon making a legislative finding that the proposed benefit area includes portions of the county which could not be reasonably expected to benefit from such benefit area or excludes portions of the county which could be reasonably expected to benefit from its creation, disapprove and terminate the establishment of such public transportation benefit area within such county. [1977 ex.s. c 44 § 1; 1975 1st ex.s. c 270 § 13.]

**Severability—1977 ex.s. c 44:** "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 44 § 7.]

**Effective date—1977 ex.s. c 44:** "This 1977 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1977." [1977 ex.s. c 44 § 8.]

**Severability—Effective date—1975 1st ex.s. c 270:** See notes following RCW 35.58.272.

### 36.57A.040 Cities included or excluded—Boundaries—Only benefited areas included—One area per county, exception.

At the time of its formation no public transportation benefit area may include only a part of any city, and every city shall be either wholly included or wholly excluded from the boundaries of such area. Notwithstanding any other provision of law, if subsequent to the formation of a public transportation benefit area additional area became or will become a part of a component city by annexation, merger, or otherwise, the additional area shall be included within the boundaries of the transportation benefit area and be subject to all taxes and other liabilities and obligations of the public transportation benefit area. The component city shall be required to notify the public transportation benefit area at the time the city has added the additional area. Furthermore, notwithstanding any other provisions of law except as specifically provided in this section, if a city that is not a component city of the public transportation benefit area adds area to its boundaries that is within the boundaries of the public transportation benefit area, the area so added shall be deemed to be excluded from the public transportation benefit area: PROVIDED, That the public transportation benefit area shall be given notice of the city's intention to add such area. If a city extends its boundaries through annexation across a county boundary line and such extended boundaries include areas within the public transportation benefit area, then the entire area of the city within the county that is within the public transportation benefit area shall be included within the public transportation benefit area boundaries. Such area of the city in the public transportation benefit area shall be considered a component city of the public transportation benefit area corporation.

The boundaries of any public transportation benefit area shall follow school district lines or election precinct lines, as far as practicable. Only such areas shall be included which the conference determines could reasonably benefit from the provision of public transportation services. Except as provided in RCW 36.57A.140(2), only one public transporta-

section benefit area may be created in any county. [1992 c 16 § 1; 1991 c 318 § 15; 1983 c 65 § 2; 1975 1st ex.s. c 270 § 14.]

Intent—1991 c 318: "The legislature recognizes that certain communities have important cultural, economic, or transportation linkages to communities in other counties. Many public services can most efficiently be delivered from public agencies located in counties other than the county within which the community is located. It is the intent of the legislature by enacting sections 15 through 17 of this act to further more public transportation linkages between communities, regardless of county association, in order to better serve state citizen needs." [1991 c 318 § 14.]

Sections 15 through 17 of this act are the 1991 c 318 amendments to RCW 36.57A.040, 36.57A.055, and 36.57A.140.

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.050 Governing body—Selection, qualification, number of members—Travel expenses, compensation. Within sixty days of the establishment of the boundaries of the public transportation benefit area the members of the county legislative authority and the elected representative of each city within the area shall provide for the selection of the governing body of such area, the public transportation benefit area authority, which shall consist of elected officials selected by and serving at the pleasure of the governing bodies of component cities within the area and the county legislative authority of each county within the area. If at the time a public transportation benefit area authority assumes the public transportation functions previously provided under the Intercity Cooperation Act (chapter 39.34 RCW) there are citizen positions on the governing board of the transit system, those positions may be retained as positions on the governing board of the public transportation benefit area authority.

Within such sixty-day period, any city may by resolution of its legislative body withdraw from participation in the public transportation benefit area. The county legislative authority and each city remaining in the public transportation benefit area may disapprove and prevent the establishment of any governing body of a public transportation benefit area if the composition thereof does not meet its approval.

In no case shall the governing body of a single county public transportation benefit area be greater than nine members and in the case of a multicounty area, fifteen members. Those cities within the transportation benefit area and excluded from direct membership on the authority are hereby authorized to designate a member of the authority who shall be entitled to represent the interests of such city which is excluded from direct membership on the authority. The legislative body of such city shall notify the authority as to the determination of its authorized representative on the authority.

Each member of the authority is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation, as set by the authority, in an amount not to exceed forty-four dollars for each day during which the member attends official meetings of the authority or performs prescribed duties approved by the chairman of the authority. In no event may a member be compensated in any year for more than seventy-five days, except the chairman who may be paid compensation for not more than one hundred days: PROVIDED, That compensation shall not be paid to an elected official or employee of federal, state, or local government who is receiving regular full-time compensation from such government for attending meetings and performing prescribed duties of the authority. [1983 c 65 § 3; 1977 ex.s. c 44 § 2; 1975 1st ex.s. c 270 § 15.]

Severability—Effective date—1977 ex.s. c 44: See notes following RCW 36.57A.030.

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.055 Governing body—Periodic review of composition. After a public transportation benefit area has been in existence for four years, members of the county legislative authority and the elected representative of each city within the boundaries of the public transportation benefit area shall review the composition of the governing body of the benefit area and change the composition of the governing body if the change is deemed appropriate. The review shall be at a meeting of the designated representatives of the component county and cities, and the majority of those present shall constitute a quorum at such meeting. Twenty days notice of the meeting shall be given by the chief administrative officer of the public transportation benefit area authority. After the initial review, a review shall be held every four years.

If an area having a population greater than fifteen percent, or areas with a combined population of greater than twenty-five percent of the population of the existing public transportation benefit area as constituted at the last review meeting, annex to the public transportation benefit area, or if an area is added under RCW 36.57A.140(2), the representatives of the component county and cities shall meet within ninety days to review and change the composition of the governing body, if the change is deemed appropriate. This meeting is in addition to the regular four-year review meeting and shall be conducted pursuant to the same notice requirement and quorum provisions of the regular review. [1991 c 318 § 16; 1983 c 65 § 4.]

36.57A.060 Comprehensive plan—Development—Elements. The public transportation benefit area authority authorized pursuant to RCW 36.57A.050 shall develop a comprehensive transit plan for the area. Such plan shall include, but not be limited to the following elements:

(1) The levels of transit service that can be reasonably provided for various portions of the benefit area.

(2) The funding requirements, including local tax sources, state and federal funds, necessary to provide various levels of service within the area.

(3) The impact of such a transportation program on other transit systems operating within that county or adjacent counties.

(4) The future enlargement of the benefit area or the consolidation of such benefit area with other transit systems. [1975 1st ex.s. c 270 § 16.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

sive transit plan adopted by the authority shall be reviewed by the state transportation commission to determine:

(1) The completeness of service to be offered and the economic viability of the transit system proposed in such comprehensive transit plan;

(2) Whether such plan integrates the proposed transportation system with existing transportation modes and systems that serve the benefit area;

(3) Whether such plan coordinates that area's system and service with nearby public transportation systems;

(4) Whether such plan is eligible for matching state or federal funds;

After reviewing the comprehensive transit plan, the state transportation commission shall have sixty days in which to approve such plan and to certify to the state treasurer that such public transportation benefit area shall be eligible to receive the motor vehicle excise tax proceeds authorized pursuant to RCW 35.58.273, as now or hereafter amended in the manner prescribed by chapter 82.44 RCW, as now or hereafter amended. To be approved a plan shall provide for coordinated transportation planning, the integration of such proposed transportation program with other transportation systems operating in areas adjacent to, or in the vicinity of the proposed public transportation benefit area, and be consistent with the public transportation coordination criteria adopted pursuant to the urban mass transportation act of 1964 as amended as of July 1, 1975. In the event such comprehensive plan is disapproved and ruled ineligible to receive motor vehicle tax proceeds, the state transportation commission shall provide written notice to the authority within thirty days as to the reasons for such plan's disapproval and such ineligibility. The authority may resubmit such plan upon reconsideration and correction of such deficiencies in the plan cited in such notice of disapproval. [1985 c 6 § 5; 1975 1st ex.s. c 270 § 17.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.080 General powers. In addition to the powers specifically granted by this chapter a public transportation benefit area shall have all powers which are necessary to carry out the purposes of the public transportation benefit area. A public transportation benefit area may contract with the United States or any agency thereof, any state or agency thereof, any other public transportation benefit area, any county, city, metropolitan municipal corporation, special district, or governmental agency, within or without the state, and any private person, firm or corporation for the purpose of receiving gifts or grants or securing loans or advances for preliminary planning and feasibility studies, or for the design, construction or operation of transportation facilities. In addition a public transportation benefit area may contract with any governmental agency or with any private person, firm or corporation for the purpose of cooperating in the operation of the entire area. Any agreement for the joint operation of the entire area shall be considered to be a part of the business of the public transportation benefit area. Such agreement may provide for the payment of cash consideration by the public transportation benefit area for the operation of such service, or for the remittance by such service to the public transportation benefit area of a percentage of the gross revenue derived therefrom. Such agreement shall provide for the dismissal of any employee of the public transportation benefit area who is also an employee of the service operated under such agreement. [1996 Ed.]

Except in accordance with an agreement made as provided in this section or in accordance with the provisions of RCW 36.57A.090(3) as now or hereafter amended, upon the effective date on which the public transportation benefit area commences to perform the public transportation service, no person or private corporation shall operate a local public passenger transportation service within the public transportation benefit area with the exception of taxis, buses owned or operated by a school district or private school, and buses owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fee or fare is charged.

An agreement may be entered into between the public transportation benefit area authority and any person or corporation legally operating a local public passenger transportation service wholly within or partly within and partly without the public transportation benefit area and on said effective date under which such person or corporation may continue to operate such service or any part thereof for such time and upon such terms and conditions as provided in such agreement. Such agreement shall provide for a periodic review of the terms and conditions contained therein. Where any such local public passenger transportation service will be required to cease to operate within the public transportation benefit area, the public transportation benefit area authority may agree with the owner of such service to purchase the assets used in providing such service, or if no agreement can be reached, the public transportation benefit area authority shall condemn such assets in the manner and by the same procedure as is or may be provided by law for the condemnation of other properties for cities of the first class, except insofar as such laws may be inconsistent with the provisions of this chapter.

Wherever a privately owned public carrier operates wholly or partly within a public transportation benefit area, the Washington utilities and transportation commission shall continue to exercise jurisdiction over such operation as provided by law. [1977 ex.s. c 44 § 4; 1975 1st ex.s. c 270 § 20.]

Severability—Effective date—1977 ex.s. c 44: See notes following RCW 36.57A.030.

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.110 Powers of component city concerning passenger transportation transferred to benefit area—Operation of system by city until acquired by benefit area—Consent. The public transportation benefit area shall have and exercise all rights with respect to the construction, acquisition, maintenance, operation, extension, alteration, repair, control and management of passenger transportation which any component city shall have been previously empowered to exercise and such powers shall not thereafter be exercised by such component cities without the consent of the public transportation benefit area: PROVIDED, That any city owning and operating a public transportation system on July 1, 1975 may continue to operate such system within such city until such system shall have been acquired by the public transportation benefit area and a public transportation benefit area may not acquire such system without the consent of the city council of such city. [1975 1st ex.s. c 270 § 21.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.120 Acquisition of existing system—Labor contracts, employee rights preserved—Collective bargaining. If a public transportation benefit area shall acquire any existing transportation system, it shall assume and observe all existing labor contracts relating to such system and, to the extent necessary for operation of facilities, all of the employees of such acquired transportation system whose duties are necessary to operate efficiently the facilities acquired shall be appointed to comparable positions to those which they held at the time of such transfer, and no employee or retired or pensioned employee of such systems shall be placed in any worse position with respect to pension seniority, wages, sick leave, vacation or other benefits that he enjoyed as an employee of such system prior to such acquisition. The public transportation benefit area authority shall engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired transportation system and may enter into labor contracts with such employee labor organization. [1975 1st ex.s. c 270 § 22.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.130 Treasurer and auditor—Powers and duties—Transportation fund—Contribution of sums for expenses. The treasurer of the county in which a public transportation benefit area authority is located shall be ex officio treasurer of the authority. In the case of a multicounty public transportation benefit area the county treasurer of the largest component county, by population, shall be the treasurer of the authority. However, the authority, by resolution, and upon the approval of the county treasurer, may designate some other person having experience in financial or fiscal matters as treasurer of the authori-
Such a treasurer shall possess all of the powers, responsibilities, and duties the county treasurer possesses for a public transportation benefit area authority related to investing surplus authority funds. The authority may (and if the treasurer is not a county treasurer, it shall) require a bond with a surety company authorized to do business in the state of Washington in an amount and under the terms and conditions the authority, by resolution, from time to time finds will protect the authority against loss. The premium on any such bond shall be paid by the authority.

All authority funds shall be paid to the treasurer and shall be disbursed by the treasurer only on warrants issued by the county auditor, upon orders or vouchers approved by the authority. However, the authority may, by resolution, designate some person having experience in financial or fiscal matters, other than the county auditor, as the auditor of the authority. Such an auditor shall possess all of the powers, responsibilities, and duties that the county auditor possesses for a public transportation benefit area authority related to creating and maintaining funds, issuing warrants, and maintaining a record of receipts and disbursements.

The treasurer shall establish a "transportation fund," into which shall be paid all authority funds, and the treasurer shall maintain such special accounts as may be created by the authority into which shall be placed all money as the authority may, by resolution, direct.

If the treasurer of the authority is a treasurer of the county, all authority funds shall be deposited with the county depositary under the same restrictions, contracts, and security as provided for county depositaries. If the treasurer of the authority is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state that have qualified for insured deposits under any federal deposit insurance act as the authority, by resolution, shall designate.

An authority may provide and require a reasonable bond of any other person handling moneys or securities of the authority, but the authority shall pay the premium on the bond.

The county or counties and each city or town which is included in the authority shall contribute such sums towards the expense for maintaining and operating the public transportation system as shall be agreed upon between them. [1983 c 151 § 1; 1975 1st ex.s. c 270 § 23.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.140 Annexation of additional area. (1) An election to authorize the annexation of territory contiguous to a public transportation benefit area may be called within the area to be annexed pursuant to resolution or petition in the following manner:

(a) By resolution of a public transportation benefit area authority when it determines that the best interests and general welfare of the public transportation benefit area would be served. The authority shall consider the question of areas to be annexed to the public transportation benefit area at least once every two years.

(b) By petition calling for such an election signed by at least four percent of the qualified voters residing within the area to be annexed and filed with the auditor of the county wherein the largest portion of the public transportation benefit area is located, and notice thereof shall be given to the authority. Upon receipt of such a petition, the auditor shall examine it and certify to the sufficiency of the signatures thereon.

(c) By resolution of a public transportation benefit area authority upon request of any city for annexation thereto.

(2) If the area proposed to be annexed is located within another county, the petition or resolution for annexation as set forth in subsection (1) of this section must be approved by the legislative authority of the county if the area is unincorporated or by the legislative authority of the city or town if the area is incorporated. Any annexation under this subsection must involve contiguous areas.

(3) The resolution or petition shall describe the boundaries of the area to be annexed. It shall require that there also be submitted to the electorate of the territory sought to be annexed a proposition authorizing the inclusion of the area within the public transportation benefit area and authorizing the imposition of such taxes authorized by law to be collected by the authority. [1991 c 318 § 17; 1983 c 65 § 5; 1975 1st ex.s. c 270 § 24.]

Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.150 Advanced financial support payments. Counties that have established a county transportation authority pursuant to chapter 36.57 RCW and public transportation benefit areas that have been established pursuant to this chapter are eligible to receive a one-time advanced financial support payment from the state to assist in the development of the initial comprehensive transit plan required by RCW 36.57.070 and 36.57A.060. The amount of this support payment is established at one dollar per person residing within each county or public transportation benefit area, as determined by the office of financial management, but no single payment shall exceed fifty thousand dollars. Repayment of an advanced financial support payment shall be made to the public transportation account in the general fund or, if such account does not exist, to the general fund by each agency within two years of the date such advanced payment was received. Such repayment shall be waived within two years of the date such advanced payment was received if the voters in the appropriate counties or public transportation benefit areas do not elect to levy and collect taxes enabled under authority of this chapter and RCW 35.95.040 and 82.14.045. The state department of transportation shall provide technical assistance in the preparation of local transit plans, and administer the advanced financial support payments authorized by this section. Severability—Effective date—1975 1st ex.s. c 270: See notes following RCW 35.58.272.

36.57A.160 Dissolution and liquidation. A public transportation benefit area established pursuant to this chapter may be dissolved and its affairs liquidated when so directed by a majority of persons in the benefit area voting on such question. An election placing such question before the voters may be called in the following manner:
(1) By resolution of the public transportation benefit area authority;

(2) By resolution of the county legislative body or bodies with the concurrence therein by resolution of the city council of a component city; or

(3) By petition calling for such election signed by at least ten percent of the qualified voters residing within the area filed with the auditor of the county wherein the largest portion of the public transportation benefit area is located. The auditor shall examine the same and certify to the sufficiency of the signatures thereon. PROVIDED, That to be validated, signatures must have been collected within a ninety day period as designated by the petition sponsors.

Any dissolution of a public transportation benefit area authority shall be carried out in accordance with the procedures in chapter 53.48 RCW. Any remaining deficit of the authority determined pursuant to RCW 53.48.080 shall be paid from the moneys collected from the tax source under which the authority operated. 36.58.010 Acquisition of solid waste or recyclable materials sites authorized. Any county legislative authority may acquire by purchase or by gift, dedication, or donation, sites for the use of the public in disposing of solid waste or recyclable materials. However, no county legislative authority shall be authorized to require any retail enterprise engaged in the sale of consumer-packaged products to locate or place a public solid waste collection site or buy-back center upon or within a certain distance of the retail establishment as a condition of engaging in the sale of consumer-packaged products. [1989 c 431 § 52; 1963 c 4 § 36.58.010. Prior: 1943 c 87 § 1; Rem. Supp. 1943 § 6294-150.]

Severability—1989 c 431: See RCW 70.95.901.

36.58.020 Rules and regulations as to use—Penalty. Any board of county commissioners may make such rules and regulations as may be deemed necessary for the use and occupation of such sites, and may provide for the maintenance and care thereof. Any person violating any of the rules and regulations made by the board relating to the use or occupation of any site owned or occupied by the county for garbage disposal purposes shall be guilty of a misdemeanor. [1963 c 4 § 36.58.020. Prior: 1943 c 87 § 2; Rem. Supp. 1943 § 6294-151.]

36.58.030 "Transfer station" defined. As used in RCW 36.58.030 through 36.58.060, the term "transfer station" means a staffed, fixed supplemental facility used by persons and route collection vehicles to deposit solid wastes into transfer trailers for transportation to a disposal site. This does not include detachable containers, except in counties with a population of less than seventy thousand, and in any county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand that is located east of the crest of the Cascade mountain range, where detachable containers shall be securely fenced, staffed by an attendant during all hours when the detachable container is open to the public, charge a tipping fee that shall cover the cost of providing and for use of the service, and shall be operated as a transfer station. [1991 c 363 § 74; 1989 c 431 § 27; 1975-76 2nd ex.s. c 58 § 1.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

Severability—1989 c 431: See RCW 70.95.901.

36.58.040 Solid waste handling systems authorized—Disposal sites—Contracts for solid waste handling and collection of source separated recyclable material—Waste reduction and recycling. The legislative authority of a county may by ordinance provide for the establishment of a system or systems of solid waste handling for all unincorporated areas of the county or for portions thereof. A county may designate a disposal site or sites for all solid waste collected in the unincorporated areas pursuant to the provisions of a comprehensive solid waste plan adopted pursuant to chapter 70.95 RCW. However for any solid waste collected by a private hauler operating under a certificate granted by the Washington utilities and transportation commission under the provisions of chapter 81.77 RCW and which certificate is for collection in a geographic area lying in more than one county, such designation of disposal sites shall be pursuant to an interlocal agreement between the involved counties.
A county may construct, lease, purchase, acquire, add to, alter, or extend solid waste handling systems, plants, sites, or other facilities and shall have full jurisdiction and authority to manage, regulate, maintain, utilize, operate, control, and establish the rates and charges for those solid waste handling systems, plants, sites, or other facilities. A county may enter into agreements with public or private parties to: (1) Construct, purchase, acquire, lease, add to, alter, extend, maintain, manage, utilize, or operate publicly or privately owned or operated solid waste handling systems, plants, sites, or other facilities; (2) establish rates and charges for those systems, plants, sites, or other facilities; (3) designate particular publicly or privately owned or operated systems, plants, sites, or other facilities as disposal sites; (4) process, treat, or convert solid waste into other valuable or useful materials or products; and (5) sell the material or products of those systems, plants, or other facilities.

The legislative authority of a county may award contracts for solid waste handling that provide that a county provide for a minimum periodic fee or other method of compensation in consideration of the operational availability of those solid waste handling systems, plants, sites, or other facilities at a specified minimum level, without regard to the ownership of the systems, plants, sites or other facilities, or the amount of solid waste actually handled during all or any part of the contract. When a minimum level of solid waste is specified in a contract entered into under this section, there shall be a specific allocation of financial responsibility in the event the amount of solid waste handled falls below the minimum level provided in the contract. Solid waste handling systems, plants, sites, or other facilities constructed, purchased, acquired, leased, added to, altered, extended, maintained, managed, utilized, or operated pursuant to this section, whether publicly or privately owned, shall be in substantial compliance with the solid waste management plan applicable to the county adopted pursuant to chapter 70.95 RCW. Agreements relating to such solid waste handling systems, plans, sites, or other facilities may be for such term and may contain such covenants, conditions, and remedies as the legislative authority of the county may deem necessary or appropriate.

As used in this chapter, the terms "solid waste" and "solid waste handling" shall be as defined in RCW 70.95.030.

The legislative authority of a county may:
(1) By ordinance award a contract to collect source separated recyclable materials from residences within unincorporated areas. The legislative authority has complete authority to manage, regulate, and fix the price of the source separated recyclable collection service. The contracts may provide that the county pay minimum periodic fees to a municipal entity or permit holder; or
(2) Notify the commission in writing to carry out and implement the provisions of the waste reduction and recycling element of the comprehensive solid waste management plan.

This election may be made by counties at any time after July 23, 1989. An initial election must be made no later than ninety days following approval of the local comprehensive waste management plan required by RCW 70.95.090.

Nothing in this section shall be construed to authorize the operation of a solid waste collection system by counties or to authorize counties to affect the authority of the utilities and transportation commission under RCW 81.77.020. [1992 c 131 § 3. Prior: 1989 c 431 § 28; 1989 c 399 § 9; 1986 c 282 § 20; 1975-76 2nd ex.s. c 58 § 2.]

Severability—1989 c 431: See RCW 70.95.901.

Severability—Legislative findings—Construction—Liberal construction—Supplemental powers—1986 c 282: See notes following RCW 35.21.156.

36.58.045 County may impose fee upon solid waste collection services—Revenue to fund compliance with comprehensive solid waste management plan. (1) The legislative authority of any county may impose a fee upon the solid waste collection services of a solid waste collection company operating within the unincorporated areas of the county, to fund the administration and planning expenses that may be incurred by the county in complying with the requirements in RCW 70.95.090. The fee may be in addition to any other solid waste services fees and charges a county may legally impose.

(2) Each county imposing the fee authorized by this section shall notify the Washington utilities and transportation commission and the affected solid waste collection companies of the amount of the fee ninety days prior to its implementation. [1989 c 431 § 15.]

Severability—Sections captions not law—1989 c 431: See RCW 70.95.901 and 70.95.902.

36.58.050 Solid waste disposal—Transfer stations. When a comprehensive solid waste plan, as provided in RCW 70.95.080, incorporates the use of transfer stations, such stations shall be considered part of the disposal site and as such, along with the transportation of solid wastes between disposal sites, shall be exempt from regulation by the Washington utilities and transportation commission as provided in chapter 81.77 RCW.

Each county may enter into contracts for the hauling of trailers of solid wastes from these transfer stations to disposal sites and return either by (1) the normal bidding process, or (2) negotiation with the qualified collection company servicing the area under authority of chapter 81.77 RCW. [1975-76 2nd ex.s. c 58 § 3.]

36.58.060 Solid waste disposal—Ownership of solid wastes—Responsibility for handling. Ownership of solid wastes shall be vested in the person or local jurisdiction managing disposal and/or resource recovery facilities upon the arrival of said solid wastes at said facility: PROVIDED, That the original owner retains ownership of the solid wastes until they arrive at the disposal site or transfer station or detachable container, and the original owner has the right of recovery to any valuable items inadvertently discarded: PROVIDED FURTHER, That the person or agency providing the collection service shall be responsible for the proper handling of the solid wastes from the point of collection to the disposal or recovery facility. [1975-76 2nd ex.s. c 58 § 4.]

36.58.080 County solid waste facilities—Exempt from municipal taxes—Charges to mitigate impacts—Negotiation and arbitration. County-owned solid waste facilities.
facilities shall not be subject to any tax or excise imposed by any city or town. Cities or towns may charge counties to mitigate impacts directly attributable to the solid waste facility: PROVIDED, That any city or town establishes that such charges are reasonably necessary to mitigate such impacts and that revenue generated from such charges is expended only to mitigate such impacts. Impacts resulting from commercial and residential solid waste collection within any city or town shall not be considered to be directly attributable to the solid waste facility. In the event that no agreement can be reached between the city or town and the county following a reasonable period of good faith negotiations, including mediation where appropriate, the matter shall be resolved by a board of arbitrators, to be convened at the request of either party, such board of arbitrators to consist of a representative from the city or town involved, a representative of the county, and a third representative to be appointed by the other two representatives. If no agreement can be reached with regard to said third representative, the third representative shall be appointed by a judge of the superior court of the county of the jurisdiction owning the solid waste facility. The determination by the board of arbitrators of the sum to be paid by the county shall be binding on all parties. Each party shall pay the costs of their individual representatives on the board of arbitrators and they shall pay one-half of the cost of the third representative. [1983 c 171 § 1; 1982 c 175 § 8.]

Severability—1982 c 175: See note following RCW 36.58.100.

36.58.090 Contracts with vendors for solid waste handling systems, plants, sites, or facilities—Requirements—Vendor selection procedures. (1) Notwithstanding the provisions of any county charter or any law to the contrary, and in addition to any other authority provided by law, the legislative authority of a county may contract with one or more vendors for one or more of the design, construction, or operation of, or other service related to, the solid waste handling systems, plants, sites, or other facilities in accordance with the procedures set forth in this section. When a contract for design services is entered into separately from other services permitted under this section, procurement shall be in accord with chapter 39.80 RCW. For the purpose of this chapter, the term "legislative authority" shall mean the board of county commissioners or, in the case of a home rule charter county, the official, officials, or public body designated by the charter to perform the functions authorized therein.

(2) If the legislative authority of the county decides to proceed with the consideration of qualifications or proposals for services from vendors, the county shall publish notice of its requirements and request submission of qualifications statements or proposals. The notice shall be published in the official newspaper of the county at least once a week for two weeks not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice shall state in summary form (a) the general scope and nature of the design, construction, operation, or other service, (b) the name and address of a representative of the county who can provide further details, (c) the final date for the submission of qualifications statements or proposals, (d) an estimated schedule for the consideration of qualifications, the selection of vendors, and the negotiation of a contract or contracts for services, (e) the location at which a copy of any request for qualifications or request for proposals will be made available, and (f) the criteria established by the legislative authority to select a vendor or vendors, which may include but shall not be limited to the vendor's prior experience, including design, construction, or operation of other similar facilities; respondent's management capability, schedule availability and financial resources; cost of the services, nature of facility design proposed by the vendor; system reliability; performance standards required for the facilities; compatibility with existing service facilities operated by the public body or other providers of service to the public; project performance guarantees; penalty and other enforcement provisions; environmental protection measures to be used; consistency with the applicable comprehensive solid waste management plan; and allocation of project risks.

(3) If the legislative authority of the county decides to proceed with the consideration of qualifications or proposals, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The legislative authority or representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or the representative may request detailed proposals without having first received and evaluated qualifications statements. The representative shall evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the legislative authority of the county, discussions and interviews shall be held with at least two vendors. Any revisions to a request for qualifications or request for proposals shall be made available to all vendors then under consideration by the city or town and shall be made available to any other person who has requested receipt of that information.

(4) Based on criteria established by the legislative authority of the county, the representative shall recommend to the legislative authority a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction, or operation of, or other service related to, the proposed project or services. The legislative authority may select one or more qualified vendors for one or more of the design, construction, or operation of, or other service related to, the proposed project or services.

(5) The legislative authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, or operation of, or other service related to, the proposed project or services on terms that the legislative authority determines to be fair and reasonable and in the best interest of the county. If the legislative authority or its representative is unable to negotiate such a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the county, negotiations with any one or more of the vendors shall be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the legislative authority decides...
to continue the process of selection, negotiations shall continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the legislative authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the legislative authority. The process may be repeated until an agreement is reached.

(6) Prior to entering into a contract with a vendor, the legislative authority of the county shall make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the county to use this method for awarding contracts compared to other methods.

(7) Each contract shall include a project performance bond or bonds or other security by the vendor that in the judgment of the legislative authority of the county is sufficient to secure adequate performance by the vendor.

(8) The provisions of chapters 39.12, 39.19, and *39.25 RCW shall apply to a contract entered into under this section to the same extent as if the systems and plants were owned by a public body.

(9) The vendor selection process permitted by this section shall be supplemental to and shall not be construed as a repeal of or limitation on any other authority granted by law.

(10) The alternative selection process provided by this section may not be used in the selection of a person or entity to construct a publicly owned facility for the storage or transfer of solid waste or solid waste handling equipment unless the facility is either (a) privately operated pursuant to a contract greater than five years, or (b) an integral part of a solid waste processing facility located on the same site. Instead, the applicable provisions of RCW 36.32.250 and chapters 39.04 and 39.30 RCW shall be followed. [1992 c 131 § 4; 1989 c 399 § 10; 1986 c 282 § 19.]

*Reviser’s note: Chapter 39.25 RCW was repealed by 1994 c 138 § 2.

Construction of 1986 c 282 § 19—1990 c 279: “Section 19, chapter 282, Laws of 1986, codified as RCW 36.58.090, established an alternate procedure by which a county was authorized to procure systems and plants for solid waste handling and to contract with private vendors for the design, construction, or operation thereof. Any county with a population of over one hundred thousand that, prior to the effective date of chapter 399, Laws of 1989 (July 23, 1989), complied with the requirements of either (1) section 10 (3), (4), and (5), chapter 399, Laws of 1989, or (2) section 19(3), chapter 282, Laws of 1986, shall be deemed to have complied with the requirements of section 19(3), chapter 282, Laws of 1986.” [1990 c 279 § 1.]

Severability—Legislative findings—Construction—Liberal construction—Supplemental powers—1986 c 282: See notes following RCW 35.21.156.

36.58.100 Solid waste disposal district—Establishment, modification, or dissolution—Hearing—Notice. A county legislative authority proposing to establish a solid waste disposal district or to modify or dissolve an existing solid waste disposal district shall conduct a hearing at the time and place specified in a notice published at least once not less than ten days prior to the hearing in a newspaper of general circulation within the proposed solid waste disposal district. This notice shall be in addition to any other notice required by law to be published. Additional notice of such hearing may be given by mail, posting within the proposed solid waste disposal district, or in any manner local authorities deem necessary to notify affected persons.

All hearings shall be public and the county legislative authority shall hear objections from any person affected by the formation, modification, or dissolution of the solid waste disposal district and make such changes in the boundaries of the district or any other modifications that the county legislative authority deems necessary. [1982 c 175 § 2.]

Severability—1982 c 175: See note following RCW 36.58.100.

36.58.120 Solid waste disposal district—Establishment—Ordinance. No solid waste disposal district shall be established within a county unless the county legislative authority determines, following a hearing held pursuant to RCW 36.58.110, that it is in the public interest to form the district and the county legislative authority adopts an ordinance creating the solid waste disposal district and establishing its boundaries. The lien shall be attached to each parcel of property in the district that is occupied by the person so taxed and shall be superior to all other liens and encumbrances except liens for property taxes.

The solid waste disposal district shall periodically certify the delinquencies to the county treasurer at which time the lien shall be attached. The lien shall be foreclosed in the same manner as the foreclosure of real property taxes. [1982 c 175 § 5.]

Additional notice of such hearing may be given by mail, posting on the property, or in any manner local authorities deem necessary to notify adjacent landowners and the public. 36.58A.030

County legislative authority determination required to establish district—Commission findings as to present services. No solid waste collection district shall be established in an area within the county boundaries unless the county legislative authority, after the hearing regarding formation of such district, determines from that hearing that mandatory solid waste collection is in the public interest and necessary for the preservation of public health. Such determination by the county legislative authority shall require the utilities and transportation commission to investigate and make a finding as to the ability and willingness of the existing garbage and refuse collection companies servicing the area to provide the required service. If the utilities and transportation commission finds that the existing garbage and refuse collection company or companies are unable or unwilling to provide the required service it shall proceed to issue a certificate of public need and necessity to any qualified person or corporation in accordance with the provisions of RCW 81.77.040.

The utilities and transportation commission shall notify the county legislative authority within sixty days of its findings and actions and if no qualified garbage and refuse collection company or companies are available in the proposed solid waste collection district, the county legislative authority may provide county garbage and refuse collection services in the area and charge and collect reasonable fees therefor. Upon the collection of such fees, the county shall pay one-half of the fees actually collected to the garbage and refuse collection company entitled to receive such and shall deposit the remaining one-half in the county general fund.

When the county undertakes to collect such fees as requested by the garbage and refuse collection companies, the county shall be subrogated to all of the rights of such companies. Any such fees which the county fails to collect shall become liens on the real or personal property of the persons owing such fees and the county may take all appropriate legal action to enforce such liens. [1971 ex.s. c 293 § 6.]

36.60.010 Establishment of district—Boundaries—Powers. Subject to RCW 36.60.020, the legislative authority of a county may establish one or more county rail districts within the county for the purpose of providing and funding improved rail freight service. The boundaries of county rail districts shall be drawn to include contiguous property in an area from which agricultural or other goods could be shipped by the rail service provided. The district shall not include property outside this area which does not, or, in the judgment of the county legislative authority, is not expected to produce goods which can be shipped by rail, or property substantially devoted to fruit crops or producing goods that are shipped in a direction away from the district. A county rail district is a quasi municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution. A county rail district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and ser-
services, to enter into contracts, to accept and expend or use gifts, grants, and donations, and to sue and be sued.

The county legislative authority shall be the governing body of a county rail district. The county treasurer shall act as the ex officio treasurer of the county rail district. The electors of a district are all registered voters residing within the district.

This authority and that provided in RCW 36.60.030 may only be exercised outside the boundaries of the county rail district if such extraterritorial rail services, equipment, or facilities are found, by resolution of the county legislative authority exercising such authority, to be reasonably necessary to link the rail services, equipment, and facilities within the rail district to an interstate railroad system; however, if such extraterritorial rail services, equipment, or facilities are in or are to be located in one or more other counties, the legislative authority of such other county must consent by resolution to the proposed plan of the originating county which consent shall not be unreasonably withheld. [1985 c 187 § 1; 1983 c 303 § 8.]

36.60.020 Establishment, modification, or dissolution of district—Public notice and hearing— Election. (1) A county legislative authority proposing to establish a county rail district, or to modify the boundaries of an existing county rail district, or to dissolve an existing county rail district, shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days prior to the hearing, in a newspaper of general circulation within the proposed county rail district. This notice shall be in addition to any other notice required by law to be published. Additional notice of the hearing may be given by mail, posting within the proposed county rail district, or in any manner the county legislative authority deems necessary to notify affected persons. All hearings shall be public and the county legislative authority shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the county rail district.

(2) Following the hearing held under subsection (1) of this section, the county legislative authority may adopt a resolution providing for the submission of a proposal to establish a county rail district, modify the boundaries of an existing county rail district, or dissolve an existing county rail district, if the county legislative authority finds the proposal to be in the public interest. The resolution shall contain the boundaries of the district if applicable.

A proposition to create a county rail district, modify the boundaries of an existing county rail district, or dissolve an existing rail district shall be submitted to the affected voters at the next general election held sixty or more days after the adoption of the resolution providing for the submittal by the county legislative authority. The resolution shall establish the boundaries of the district and include a finding that the creation of the district is in the public interest and that the area included within the district can reasonably be expected to benefit from its creation. No portion of a city may be included in such a district unless the entire city is included.

The district shall be created upon approval of the proposition by simple majority vote. The ballot proposition submitted to the voters shall be in substantially the following form:

FORMATION OF COUNTY RAIL DISTRICT

Shall a county rail district be established for the area described in a resolution of the legislative authority of county, adopted on the day of , 19 . . ?

[1983 c 303 § 9.]

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.

36.60.030 Authority of district to provide rail service. A county rail district is authorized to contract with a person, partnership, or corporation to provide rail service along a light-density essential-service rail line for the purpose of carrying commodities. The district shall also have the power to acquire, maintain, improve, or extend rail facilities within the district that are necessary for the safe and efficient operation of the contracted rail service. A county rail district may receive state rail assistance under chapter 47.76 RCW. Two or more county rail districts may enter into interlocal cooperation agreements under chapter 39.34 RCW to carry out the purposes of this chapter. [1983 c 303 § 10.]

36.60.040 Excess property tax levies authorized. A county rail district is not authorized to impose a regular ad valorem property tax levy but may:

(1) Levy an ad valorem property tax, in excess of the one percent limitation, upon the property within the district for a one-year period to be used for operating or capital purposes whenever authorized by the voters of the district pursuant to RCW 84.52.052 and Article VII, section 2(a) of the state Constitution.

(2) Provide for the retirement of voter approved general obligation bonds, issued for capital purposes only, by levying bond retirement ad valorem property tax levies, in excess of the one percent limitation, whenever authorized by the voters of the district pursuant to Article VII, section 2(b) of the state Constitution and RCW 84.52.056. [1983 c 303 § 11.]

36.60.050 General obligation bonds authorized—Limitations—Terms. (1) To carry out the purpose of this chapter, a county rail district may issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A county rail district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, as prescribed in Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in RCW 36.60.040(2). The county rail district may submit a single proposition to the voters which, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the county rail district shall by resolution determine for each
general obligation bond issue the amount, date or dates, terms, conditions, denominations, interest rate or rates, which may be fixed or variable, maturity or maturities, redemption rights, registration privileges, manner of execution, price, manner of sale, and covenants. The bonds may be in any form, including bearer bonds or registered bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the county rail district which issues the bonds may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. [1983 c 303 § 12.]

36.60.060 Revenue bonds authorized—Limitations—Terms. (1) A county rail district may issue revenue bonds to fund revenue generating facilities which it is authorized to provide or operate. Whenever revenue bonds are to be issued, the governing body of the district shall create or have created a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the governing body may obligate the district to pay such amounts of the gross revenue of all or any part of the facilities constructed, acquired, improved, repaired, or replaced pursuant to this chapter as the governing body determines.

(2) The governing body of a county rail district issuing revenue bonds shall create a special fund or funds from which, along with any reserves created under RCW 39.44.140, the principal and interest on the revenue bonds shall exclusively be payable. The governing body may obligate the county rail district to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements, projects, facilities, and all related additions funded by the revenue bonds. This amount or proportion shall be a lien and charge against these revenues, subject only to operating and maintenance expenses. The governing body shall consider the cost of operation and maintenance of the public improvements, project, facility, or additions funded by the revenue bonds and shall not place into the special fund or funds a greater amount or proportion of the revenues than it thinks will be available after maintenance and operation expenses have been paid and after the payment of revenue previously pledged. The governing body may also provide that revenue bonds payable from the same source or sources of revenue may later be issued on parity with any revenue bonds issued and sold.

(3) Revenue bonds issued pursuant to this section shall not be an indebtedness of the county rail district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(4) Revenue bonds with a maturity in excess of thirty years shall not be issued. The governing body of the county rail district shall by resolution determine for each revenue bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. The bonds may be in any form, including bearer bonds or registered bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued. [1983 c 303 § 13.]

36.60.070 Power of eminent domain. A county rail district may exercise the power of eminent domain to obtain property for its authorized purposes in the manner counties exercise the powers of eminent domain. [1983 c 303 § 14.] Eminent domain by counties: Chapter 8.08 RCW.

36.60.100 Establishment, modification, or dissolution of district—Alternate method. The method of establishing, modifying, or dissolving a county rail district in RCW 36.60.110 through 36.60.130 is an alternate method to that specified in RCW 36.60.020. [1986 c 26 § 1.]

36.60.110 Establishment, modification, or dissolution of district—Alternate method—Petition. A petition to establish, modify the boundaries, or dissolve a county rail district shall be filed with the county legislative authority. The petition shall be signed by the owners of property valued at not less than seventy-five percent according to the assessed valuation for general taxation of the property for which establishment, modification or dissolution is petitioned. The petition shall set forth a legal description of the property and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. [1986 c 26 § 2.]

36.60.120 Establishment, modification, or dissolution of district—Alternate method—Public hearing. If a petition to establish, modify the boundaries, or dissolve a county rail district is filed with the county legislative authority that complies with the requirements specified in RCW 36.60.110, the legislative authority may accept the petition, fix a date for a public hearing, and publish notice of the hearing in one issue of the official county newspaper. The notice shall also be posted in three public places within the area proposed for establishment, modification, or dissolution, and shall specify the time and place of hearing. The expense of publication and posting of the notice shall be paid by the signers of the petition. [1986 c 26 § 3.]

36.60.130 Establishment, modification, or dissolution of district—Alternate method—Determination by county legislative authority. Following the hearing, the
county legislative authority shall determine by resolution whether the area proposed shall establish, modify the boundaries, or dissolve the county rail district. They may include all or any portion of the proposed area but may not include any property not described in the petition. [1986 c 26 § 4.]

36.60.140 Annexation by boundary modification—Assumption of outstanding indebtedness. All property annexed to a county rail district by a boundary modification under RCW 36.60.110 through 36.60.130 shall assume all or any portion of the outstanding indebtedness of the county rail district existing at the date of modification. [1986 c 26 § 5.]

36.60.900 Liberal construction. The rule of strict construction does not apply to this chapter, and this chapter shall be liberally construed to permit the accomplishment of its purposes. [1983 c 303 § 15.]

36.60.905 Severability—1983 c 303. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 303 § 23.]

Assessments and charges against state lands: Chapter 79.44 RCW.
Boat trailer fee: RCW 46.16.670.

36.61.010 Purpose. The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property shall not be considered to be benefited, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter. [1987 c 432 § 1; 1985 c 398 § 1.]

36.61.020 Creation of district—Special assessments or rates and charges. Any county may create lake management districts to finance the improvement and maintenance of lakes located within or partially within the boundaries of the county. All or a portion of a lake and the adjacent land areas may be included within one or more lake management districts. More than one lake, or portions of lakes, and the adjacent land areas may be included in a single lake management district. A lake management district may be created for a period of up to ten years.

Special assessments or rates and charges may be imposed on the property included within a lake management district to finance lake improvement and maintenance activities, including: (1) The control or removal of aquatic plants and vegetation; (2) water quality; (3) the control of water levels; (4) storm water diversion and treatment; (5) agricultural waste control; (6) studying lake water quality problems and solutions; (7) cleaning and maintaining ditches and streams entering or leaving the lake; and (8) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake management district.

Special assessments or rates and charges may be imposed annually on all the land in a lake management district for the duration of the lake management district without a related issuance of lake management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake management district bonds. [1987 c 432 § 2; 1985 c 398 § 2.]

Cities and towns authorized to establish lake management districts: RCW 35.21.403.
Flood control districts authorized to engage in activities under RCW 36.61.020: RCW 86.09.151.
36.61.030 Creation of district—Resolution or petition—Contents. A lake management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least fifteen percent of the acreage contained within the proposed lake management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake management district; and (6) the proposed boundaries of the lake management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake management district if the proposed lake management district is not created.

A resolution of intention shall also designate the number of the proposed lake management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake management district appears to be in the public interest and the financing of the lake improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority. [1994 c 264 § 9; 1988 c 36 § 9; 1987 c 432 § 4; 1985 c 398 § 4.]

In the case of the notice sent to each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost of the lake improvement or maintenance activities to be borne by special assessment, or annual special assessments, or rates and charges on the lot, tract, parcel of land, or other property owned by the owner or reputed owner.

If the county legislative authority has designated a committee of itself or an officer to hear complaints and make recommendations to the full county legislative authority, as provided in RCW 36.61.060, the notice shall also describe this additional step before the full county legislative authority may adopt a resolution creating the lake management district. [1994 c 264 § 9; 1988 c 36 § 9; 1987 c 432 § 4; 1985 c 398 § 4.]

Lake Management Districts

36.61.050

Lake management district or such modification in plans for the proposed lake improvement or maintenance activities as it deems necessary. The county legislative authority may not change boundaries of the lake management district to include property that was not included previously without first passing an amended resolution of intention and giving new notice to the owners or reputed owners of property newly included in the proposed lake management district in the manner and form and within the time provided for the original notice. The county legislative authority shall not alter the plans for the proposed lake improvement or maintenance activities to result in an increase in the amount of money proposed to be raised, and shall not increase the amount of money proposed to be raised, without first passing an amended resolution of intention and giving new notice to property owners in the manner and form and within the time provided for the original notice. [1994 c 264 § 10; 1988 c 36 § 10; 1985 c 398 § 5.]

36.61.060 Creation of district—Public hearing—Legislative authority may delegate responsibility. A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hold public hearings on the proposed formation of a lake management district and hear objections to the proposed formation as provided in RCW 36.61.050. The committee or officer shall make a recommendation to the full legislative authority, which need not hold a public hearing on the proposed creation of the lake management district. The full county legislative authority by resolution may approve or disapprove the recommendation and submit the question of creating the lake management district to the property owners as provided in RCW 36.61.070 through 36.61.100. [1985 c 398 § 10.]

36.61.070 Creation of district—Submittal of question to landowners. After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake management district to the owners of land within the proposed lake management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake management district and the financing of the lake improvement and maintenance activities is feasible. The resolution shall also include: (1) A plan describing the proposed lake improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; (2) the number of years the lake management district will exist; (3) the amount to be raised by special assessments or rates and charges; (4) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake management district or only once with the possibility of installments being imposed and lake management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake improvement or maintenance activities proposed to be financed by each type of special assessment; (5) if rates and charges are to be imposed, a description of the rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and (6) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake management district.

No lake management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county. [1987 c 432 § 5; 1985 c 398 § 6.]

36.61.080 Creation of district—Submittal of question to landowners—Mail ballot. A ballot shall be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed lake management district, including publicly owned land, which ballot shall contain the following proposition:

"Shall lake management district No. . . . . be formed? Yes . . . . . . . . . No . . . . . . . ."

In addition, the ballot shall contain appropriate spaces for the signatures of the landowner or landowners, or officer authorized to cast such a ballot. Each ballot shall include a description of the property owner's property and the estimated special assessment, or rate and charge, proposed to be imposed upon the property. A copy of the instructions and the resolution submitting the question to the landowners shall also be included. [1987 c 432 § 6; 1985 c 398 § 7.]

36.61.090 Creation of district—Submittal of question to landowners—Balloting—Conditions. The balloting shall be subject to the following conditions, which shall be included in the instructions mailed with each ballot, as provided in RCW 36.61.080: (1) All ballots must be signed by the owner or reputed owner of property according to the assessor's tax rolls; (2) each ballot must be returned to the county legislative authority not later than five o'clock p.m. of a specified day, which shall be at least twenty but not more than thirty days after the ballots are mailed; (3) each property owner shall mark his or her ballot for or against the creation of the proposed lake management district, with the ballot weighted so that the property owner has one vote for each dollar of estimated special assessment or rate and charge proposed to be imposed on his or her property; and (4) the valid ballots shall be tabulated and a simple majority of the votes cast shall determine whether the proposed lake management district shall be approved or rejected. [1987 c 432 § 7; 1985 c 398 § 8.]

36.61.100 Creation of district—Submittal of question to landowners—Majority vote required—Adoption of ordinance. If the proposal receives a simple majority vote in favor of creating the lake management district, the county legislative authority shall adopt an ordinance creating the lake management district and may proceed with establishing the special assessments or rates and charges, collecting the special assessments or rates and charges, and performing the lake improvement or maintenance activities. If a proposed lake management district includes more than one lake and its adjacent areas, the lake management district may only be established if the proposal receives a simple majority vote in favor of creating it by the voters on each lake and its adjacent areas. The county legislative authority shall publish a notice in a newspaper of general circulation.
in a lake management district indicating that such an ordinance has been adopted within ten days of the adoption of the ordinance.

The ballots shall be available for public inspection after they are counted. [1987 c 432 § 8; 1985 c 398 § 9.]

36.61.110 Creation of district—Limitations on appeals. No lawsuit may be maintained challenging the jurisdiction or authority of the county legislative authority to proceed with the lake improvement and maintenance activities and creating the lake management district or in any way challenging the validity of the actions or decisions or any proceedings relating to the actions or decisions unless the lawsuit is served and filed no later than forty days after publication of a notice that the ordinance has been adopted ordering the lake improvement and maintenance activities and creating the lake management district. Written notice of the appeal shall be filed with the county legislative authority and clerk of the superior court in the county in which the property is situated. [1985 c 398 § 11.]

36.61.115 Limitation on special assessments, rates and charges. A special assessment, or rate and charge, on any lot, tract, parcel of land, or other property shall not be increased beyond one hundred ten percent of the estimated special assessment, or rate and charge, proposed to be imposed as provided in the resolution adopted in RCW 36.61.070, unless the creation of a lake management district is approved under another mailed ballot election that reflects the weighted voting arising from such increases. [1987 c 432 § 9.]

36.61.120 Special assessment roll—Adoption—Public hearing. After a lake management district is created, the county shall prepare a proposed special assessment roll. A separate special assessment roll shall be prepared for annual special assessments if both annual special assessments and special assessments paid at one time are imposed. The proposed special assessment roll shall list: (1) Each separate lot, tract, parcel of land, or other property in the lake management district; (2) the acreage of such property, and the number of feet of lake frontage, if any; (3) the name and address of the owner or reputed owner of each lot, tract, parcel of land, or other property as shown on the tax rolls of the county assessor; and (4) the special assessment proposed to be imposed on each lot, tract, parcel of land, or other property, or the annual special assessments proposed to be imposed on each lot, tract, parcel of land, or other property.

At the time, date, and place fixed for a public hearing, the county legislative authority shall act as a board of equalization and hear objections to the special assessment roll, and at the times to which the public hearing may be adjourned, the county legislative authority may correct, revise, raise, lower, change, or modify the special assessment roll or any part thereof, or set the proposed special assessment roll aside and order a new proposed special assessment roll to be prepared. The county legislative authority shall confirm and approve a special assessment roll by adoption of a resolution.

If a proposed special assessment roll is amended to raise any special assessment appearing thereon or to include omitted property, a new public hearing shall be held. The new public hearing shall be limited to considering the increased special assessments or omitted property. Notices shall be sent to the owners or reputed owners of the affected property in the same manner and form and within the time provided for the original notice.

Objections to a proposed special assessment roll must be made in writing, shall clearly state the grounds for objections, and shall be filed with the governing body prior to the public hearing. Objections to a special assessment or annual special assessments that are not made as provided in this section shall be deemed waived and shall not be considered by the governing body or a court on appeal. [1985 c 398 § 12.]

36.61.130 Special assessment roll—Public hearing—Legislative authority may delegate responsibility—Appeals. A county legislative authority may adopt an ordinance providing for a committee of itself, or an officer, to hear objections to the special assessment roll, act as a board of equalization, and make recommendations to the full county legislative authority, which need not hold a public hearing on the special assessment roll. The ordinance shall provide a process by which an appeal may be made in writing to the full county legislative authority by a person protesting his or her special assessment or annual special assessments as confirmed by the committee or officer. The full county legislative authority by resolution shall approve the special assessment roll, modify and approve the special assessment roll as a result of hearing objections, or reject the special assessment roll and return it to the committee or officer for further work and recommendations. No objection to the decision of the full county legislative authority approving the special assessment roll may be considered by a court unless an objection to the decision has been timely filed with the county legislative authority as provided in this section. [1985 c 398 § 13.]

36.61.140 Special assessment roll—Public hearing—Notice—Contents. Notice of the original public hearing on the proposed special assessment roll, and any public hearing held as a result of raising special assessments or including omitted property, shall be published and mailed to the owner or reputed owner of the property as provided in RCW 36.61.040 for the public hearing on the formation of the lake management district. However, the notice need only provide the total amount to be collected by the special assessment roll and shall state that: (1) A public hearing on the proposed special assessment roll will be held, giving the time, date, and place of the public hearing; (2) the proposed special assessment roll is available for public perusal, giving the times and location where the proposed special assessment roll is available for public perusal; (3) objections to the proposed special assessment must be in writing, include clear grounds for objections, and must be filed prior to the public hearing; and (4) failure to so object shall be deemed to waive an objection.

Notices mailed to the owners or reputed owners shall additionally indicate the amount of special assessment ascribed to the particular lot, tract, parcel of land, or other
property owned by the person so notified. [1985 c 398 § 14.]

36.61.150 Special assessment roll—Appeal to superior and appellate courts—Procedure. The decision of a county legislative authority upon any objection to the special assessment roll may be appealed to the superior court only if the objection had been timely made in the manner prescribed in this chapter. The appeal shall be made within ten days after publication of a notice that the resolution confirming the special assessment roll has been adopted by filing written notice of the appeal with the county legislative authority and the clerk of the superior court in the county in which the real property is situated. The notice of appeal shall describe the property and set forth the objections of the appellant to the special assessment. Within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of the court a transcript consisting of the special assessment roll and his or her objections thereto, together with the resolution confirming such special assessment roll and the record of the county legislative authority with reference to the special assessment or annual special assessments, which transcript, upon payment of the necessary fees therefor, shall be furnished by an officer of the county and by him or her certified to contain full, true, and correct copies of all matters and proceedings required to be included in the transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions.

At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with a surety or sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs incurred by the county because of the appeal. The court may order the appellant, upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require.

Within three days after such transcript is filed in the superior court, the appellant shall give written notice to the county legislative authority that such transcript is filed. The notice shall state a time, not less than three days from the service thereof, when the appellant will call up the cause for hearing.

The superior court shall, at this time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in the court, except proceedings under an act relating to eminent domain in such county and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify, or annul the special assessment or annual special assessments insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer having custody of the special assessment roll, and he or she shall modify and correct such special assessment roll in accordance with the decision.

An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, however, such appeal must be taken within fifteen days after the date of the entry of the judgment of the superior court, and the record and opening brief of the appellant in the cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal is taken by notice as provided in this section. The time for filing the record and serving and filing of briefs may be extended by order of the superior court, or by stipulation of the parties concerned. The supreme court or the court of appeals on such appeal may correct, modify, confirm, or annul the special assessment or annual special assessments insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such special assessment roll, who shall thereupon modify and correct such special assessment roll in accordance with such decision. [1985 c 398 § 15.]

36.61.160 Special assessments—Calculation. Whenever special assessments are imposed, all property included within a lake management district shall be considered to be the property specially benefited by the lake improvement or maintenance activities and shall be the property upon which special assessments are imposed to pay the costs and expenses of the lake improvement or maintenance activities, or such part of the costs and expenses as may be chargeable against the property specially benefited. The special assessments shall be imposed on property in accordance with the special benefits conferred on the property up to but not in excess of the total costs and expenses of the lake improvement or maintenance activities as provided in the special assessment roll.

Special assessments may be measured by front footage, acreage, the extent of improvements on the property, or any other factors that are deemed to fairly reflect special benefits, including those authorized under RCW 35.51.030. Special assessments may be calculated by using more than one factor. Zones around the public improvement may be used that reflect different levels of benefit in each zone that are measured by a front footage, acreage, the extent of improvements, or other factors.

Public property, including property owned by the state of Washington, shall be subject to special assessments to the same extent that private property is subject to the special assessments, except no lien shall extend to public property. [1987 c 432 § 10; 1985 c 398 § 16.]

36.61.170 Special assessments—Limitations. The total annual special assessments may not exceed the estimated cost of the lake improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special assessments imposed in a lake management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated total cost of the lake improvement or maintenance activities that are proposed to be financed by the lake management district as specified in the resolution of intention. After a lake management district has been created, the resolution of intention may be amended to increase the amount to be financed by the lake management district by
using the same procedure in which a lake management district is created. [1985 c 398 § 17.]

36.61.180 Special assessments—Modification. Whenever annual special assessments are being imposed, the county legislative authority may modify the level of annual special assessments imposed by conforming with the procedures and subject to the limitations included in RCW 36.61.120 through 36.61.170. [1985 c 398 § 18.]

36.61.190 Special assessments—Collection—Notice. Special assessments and installments on any special assessment shall be collected by the county treasurer.

The county treasurer shall publish a notice indicating that the special assessment roll has been confirmed and that the special assessments are to be collected. The notice shall indicate the duration of the lake management district and shall describe whether the special assessments will be paid in annual payments for the duration of the lake management district, or whether the full special assessments will be payable at one time, with the possibility of periodic installments being paid and lake management bonds being issued, or both.

If the special assessments are to be payable at one time, the notice additionally shall indicate that all or any portion of the special assessments may be paid within thirty days from the date of publication of the first notice without penalty or interest. This notice shall be published in a newspaper of general circulation in the lake management district.

Within ten days of the first newspaper publication, the county treasurer shall notify each owner or reputed owner of property whose name appears on the special assessment roll, at the address shown on the special assessment roll, for each item of property described on the list: (1) Whether one special assessment payable at one time or special assessments payable annually have been imposed; (2) the amount of the property subject to the special assessment or annual special assessments; and (3) the total amount of the special assessment due at one time, or annual amount of special assessments due. If the special assessment is due at one time, the notice shall also describe the thirty-day period during which the special assessment may be paid without penalty, interest, or cost. [1985 c 398 § 19.]

36.61.200 Special assessments—Payment period—Interest and penalty. If the special assessments are to be payable at one time, all or any portion of any special assessment may be paid without interest, penalty, or costs during this thirty-day period and placed into a special fund payable at one time, all or any portion of any special assessment payable annually have been imposed; and

whether one special assessment payable at one time or special assessments payable annually have been imposed; (2) the amount of the property subject to the special assessment or annual special assessments; and (3) the total amount of the special assessment due at one time, or annual amount of special assessments due. If the special assessment is due at one time, the notice shall also describe the thirty-day period during which the special assessment may be paid without penalty, interest, or cost. [1985 c 398 § 19.]

36.61.210 Special assessments—Subdivision of land—Segregation of assessment. Whenever any land against which there has been levied any special assessment or annual special assessments by any county has been sold in part, subdivided, or short subdivided, the county legislative authority may order a segregation of the special assessment or annual special assessments. If an installment has been made, the segregation shall apportion the remaining installments on the parts or lots created.

Any person desiring to have such a special assessment or annual special assessments against a tract of land segregated to apply to smaller parts thereof shall apply to the county legislative authority which levied the special assessment or annual special assessments. If the county legislative authority determines that a segregation should be made, it shall by resolution order the county treasurer to segregate the special assessment or annual special assessments on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original special assessment or annual special assessments were levied, and the total of the segregated parts of the special assessment or annual special assessments shall equal the amount of the special assessment or annual special assessments unpaid before segregation. The resolution shall describe the original tract and the amount and date of the original special assessment or annual special assessments and shall define the boundaries of the divided parts and the amount of the special assessment or annual special assessments chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to segregate the special assessment or annual special assessments upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the county legislative authority may require as a condition to the order of segregation that the person seeking it pay the local government the reasonable engineering and clerical costs incident to making the segregation. [1985 c 398 § 20.]

36.61.220 Special assessments—Filing with county treasurer. Within fifteen days after a county creates a lake management district, the county shall cause to be filed with the county treasurer, a description of the lake improvement and maintenance activities proposed that the lake management district finances, the lake management district number, and a copy of the diagram or print showing the boundaries

[Title 36 RCW—page 122] (1996 Ed.)
Lake management district bonds may be issued to obtain payments that are not paid within the thirty-day period provided the public interest will be served by such action. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake improvement or maintenance activities. [1985 c 398 § 22.]

36.61.230 Special assessments—Lien created. The special assessment or annual special assessments imposed upon the respective lots, tracts, parcels of land, and other property in the special assessment roll or annual special assessment roll confirmed by resolution of the county legislative authority for the purpose of paying the cost and expense in whole or in part of any lake improvement or maintenance activities shall be a lien upon the property assessed from the time the special assessment roll is placed in the hands of the county treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the special assessments against the real property, the lien of such special assessments shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such lake improvement or maintenance activities to be borne by each lot, tract, parcel of land, or other property, as provided in RCW 36.61.220. Interest and penalty shall be included in and shall be a part of the special assessment lien. No lien shall extend to public property subjected to special assessments.

The special assessment lien shall be paramount and superior to any other lien or encumbrance theretofore or thereafter created except a lien for general taxes. [1985 c 398 § 23.]

36.61.240 Special assessments—Lien—Validity—Foreclosure. Special assessments shall be valid and enforceable as such and the lien thereof on the property assessed shall be valid if the county legislative authority in making the special assessments acted in good faith and without fraud. Delinquent special assessments or installments shall be foreclosed in the same manner as special assessments are foreclosed under chapter 36.94 RCW. Public property subject to special assessments shall not be subject to liens. [1985 c 398 § 24.]

36.61.250 Special assessments—Legislative authority may stop. The county legislative authority may stop the imposition of annual special assessments if, in its opinion, the public interest will be served by such action. [1985 c 398 § 25.]

36.61.260 Bonds. (1) Counties may issue lake management district bonds in accordance with this section. Lake management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190. The maximum term of lake management district bonds shall be ten years.

Whenever lake management district bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake management district from which all or a portion of the costs of the lake improvement and maintenance activities shall be paid. Lake management district bonds shall not be issued in excess of the costs and expenses of the lake improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

Lake management district bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake management district bonds.

(2) Lake management district bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake management district bond shall not have any claim for the payment thereof against the county that issues the bonds except for payment from the special assessments made for the lake improvement or maintenance activities for which the lake management district bond was issued and from a lake management district guaranty fund that may have been created. The county shall not be liable to the owner of any lake management district bond for any loss to the lake management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake management district bond shall not have any claim against the state arising from the lake management district bond, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal or interest on lake management district bonds.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each lake management district bond that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the lake management district bonds.

(3) If the county fails to make any principal or interest payments on any lake management district bond or to promptly collect any special assessment securing the bonds when due, the owner of the lake management district bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake management districts may join as plaintiffs.

(4) A county may create a lake management district bond guaranty fund for each issue of lake management district bonds. The guaranty fund shall only exist for the life of the lake management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed.

(5) Lake management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority
to create a special fund or funds shall include the authority to create accounts within a fund. [1985 c 398 § 26.]

36.61.260 Authority to establish. The legislative authority of any county may establish, provide, and maintain hospitals for the care and treatment of the indigent, sick, injured, or infirm, and for this purpose the county legislative authority may:

(1) Purchase or lease real property or use lands already owned by the county;

(2) Erect all necessary buildings, make all necessary improvements and repairs and alter any existing building for the use of said hospitals;

(3) Use county moneys, levy taxes, and issue bonds as authorized by law, to raise a sufficient amount of money to cover the cost of procuring the site, constructing and operating hospitals, and for the maintenance thereof and all other necessary and proper expenses; and

(4) Accept and hold in trust for the county any grant of land, gift or bequest of money, or any donation for the benefit of the purposes of this chapter, and apply the same in accordance with the terms of the gift. 36.62.030 Hospital may be jointly owned and operated. Any number of counties or any county and any city in which the county seat of the county is situated may contract one with the other for the joint purchase, acquisition, ownership, control, and disposition of land and other property suitable as a site for a county hospital. [1963 c 4 § 36.62.030. Prior: 1947 c 228 § 1, part; 1925 ex.s. c 174 § 1, part; Rem. Supp. 1947 § 6090-1, part.]

36.62.040 Contract for joint hospital. All contracts made in pursuance hereof shall be for such period of time and upon such terms and conditions as shall be agreed upon. The contract shall fully set forth the amount of money to be contributed by the county and city for the upkeep and maintenance of the property and the building or buildings thereon. It may provide for the amount of money to be contributed annually by the county and city for the upkeep and maintenance of the property and the building or buildings thereon, or it may provide for the relative proportion of such expense, which the county and city shall annually pay. The board may also provide that revenue bonds payable out of the same source or sources may later be sold on a parity with any revenue bonds being issued and sold. The provisions of this chapter and any resolution or resolutions providing for the authorization, issuance, and sale of such bonds shall constitute a contract with the holder of such bonds, and the provisions thereof shall be enforceable by any owner or holder of such bonds by mandamus or any appropriate suit, action or proceeding at law or in equity in any court of competent jurisdiction. [1965 c 142 § 5.]

The county may exchange such funding or refunding bonds for the bonds, and any coupons being funded or refunded, or it may sell such funding or refunding bonds in the manner, at such price and at such rate or rates of interest as the legislative authority shall deem to be for the best interest of the county and its inhabitants, either at public or private sale.

Intent—1994 c 156: "The intent of the legislature by enacting sections 2 through 5, chapter 156, Laws of 1994 is:

(1) To allow park and recreation districts and park and recreation service areas to place more than one excess levy on the same ballot, allowing districts and service areas to give voters the opportunity to vote on separate issues, such as for operating and capital funds, at the same election, thereby reducing election costs; and

(2) To increase the amount a park and recreation district or park and recreation service area may collect through a six-year property tax levy from a maximum of fifteen cents per thousand dollars of assessed value to a maximum of sixty cents per thousand dollars of assessed value. This would allow for a more stable funding source for park and recreation districts and park and recreation service areas at a realistic tax rate and reduce the need for holding excess levy elections on an annual or biannual basis. In addition, it would level out the collection of taxes over each of six years rather than the practice now of collecting in one year to fund two years." [1994 c 156 § 1.]

At the hearing, or any adjournment thereof, the commissioners may correct, change or modify the roll, or any part thereof, or set aside the roll and order a new assessment, and may then by resolution approve it. If an assessment is raised a new notice similar to the first shall be given, after which final approval of the roll may be made. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board may require as a condition to the order of segregation that the person seeking it pay the district the reasonable engineering and clerical costs incident to making the segregation. The report and recommendation by the planning agency, whether on a proposed control initiated by it, whether on a matter referred back to it by the board for further report, or whether on a matter initiated by the board, shall be advisory only and the final determination shall rest with the board. [1963 c 4 § 36.70.650. Prior: 1959 c 201 § 65.]

36.70.660 Procedures for adoption of controls limited to planning matters. The provisions of this chapter with references to the procedures to be followed in the adoption of official controls shall apply only to establishing
official controls pertaining to subjects set forth in RCW 36.70.560. [1963 c 4 § 36.70.660. Prior: 1959 c 201 § 66.]

36.70.670 Enforcement—Official controls. The board may determine and establish administrative rules and procedures for the application and enforcement of official controls, and may assign or delegate such administrative functions, powers and duties to such department or official as may be appropriate. [1963 c 4 § 36.70.670. Prior: 1959 c 201 § 67.]

36.70.675 Child care facilities—Review of need and demand—Adoption of ordinances. Each county that does not provide for the siting of family day care homes in zones that are designated for single family or other residential uses, and for the siting of mini-day care centers and day care centers in zones that are designated for any residential or commercial uses, shall conduct a review of the need and demand for child care facilities, including the cost of any conditional or special use permit that may be required. The review shall be completed by August 30, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the department of community development as to why such implementing ordinances were not adopted. [1989 c 335 § 6.]

*Reviser’s note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.*

Definitions for RCW 36.70.675: See RCW 35.63.170.

36.70.677 Accessory apartments. Any local government, as defined in RCW 43.63A.215, that is planning under this chapter shall comply with RCW 43.63A.215(3). [1993 c 478 § 10.]

36.70.680 Subdividing and platting. The planning agency shall review all proposed land plats and subdivisions and make recommendations to the board thereon with reference to approving, or recommending any modifications necessary to assure conformance to the general purposes of the comprehensive plan and to standards and specifications established by state law or local controls. [1963 c 4 § 36.70.680. Prior: 1959 c 201 § 68.]

36.70.690 County improvements. No county shall improve any street or lay or authorize the laying of sewers or connections or other improvements to be laid in any street within any territory for which the board has adopted an official control in the form of precise street map or maps, until the matter has been referred to the planning agency by the department or official having jurisdiction for a report thereon and a copy of the report has been filed with the department or official making the reference unless one of the following conditions apply:

1. The street has been accepted, opened, or has otherwise received legal status of a public street;
2. It corresponds with and conforms to streets shown on the official controls applicable to the subject;
3. It corresponds with and conforms to streets shown on a subdivision (land plat) approved by the board. [1963 c 4 § 36.70.690. Prior: 1959 c 201 § 69.]

36.70.700 Planning agency—Time limit for report. Failure of the planning agency to report on the matters referred to in RCW 36.70.690 within forty days after the reference, or such longer period as may be designated by the board, department or official making the reference, shall be deemed to be approval of such matter. [1963 c 4 § 36.70.700. Prior: 1959 c 201 § 70.]

36.70.710 Final authority. Reports and recommendations by the planning agency on all matters shall be advisory only, and final determination shall rest with the administrative body, official, or the board whichever has authority to decide under applicable law. [1963 c 4 § 36.70.710. Prior: 1959 c 201 § 71.]

36.70.720 Prerequisite for zoning. Zoning maps as an official control may be adopted only for areas covered by a comprehensive plan containing not less than a land use element and a circulation element. Zoning ordinances and maps adopted prior to June 10, 1959, are hereby validated, provided only that at the time of their enactment the comprehensive plan for the county existed according to law applicable at that time. [1963 c 4 § 36.70.720. Prior: 1959 c 201 § 72.]

36.70.730 Text without map. The text of a zoning ordinance may be prepared and adopted in the absence of a comprehensive plan providing no zoning map or portion of a zoning map may be adopted thereunder until there has been compliance with the provisions of RCW 36.70.720. [1963 c 4 § 36.70.730. Prior: 1959 c 201 § 73.]

36.70.740 Zoning map—Progressive adoption. Because of practical considerations, the total area of a county to be brought under the control of zoning may be divided into areas possessing geographical, topographical or urban identity and such divisions may be progressively and separately officially mapped. [1963 c 4 § 36.70.740. Prior: 1959 c 201 § 74.]

36.70.750 Zoning—Types of regulations. Any board, by ordinance, may establish classifications, within each of which, specific controls are identified, and which will:

1. Regulate the use of buildings, structures, and land as between agriculture, industry, business, residence, and other purposes;
2. Regulate location, height, bulk, number of stories and size of buildings and structures; the size of yards, courts, and other open spaces; the density of population; the percentage of a lot which may be occupied by buildings and

[Title 36 RCW—page 156]
structures; and the area required to provide off-street facilities for the parking of motor vehicles. [1963 c 4 § 36.70.750. Prior: 1959 c 201 § 75.]

36.70.750 Residential care facilities—Review of need and demand—Adoption of ordinances. Each county that does not provide for the siting of residential care facilities in zones that are designated for single family or other residential uses, shall conduct a review of the need and demand for the facilities, including the cost of any conditional or special use permit that may be required. The review shall be completed by August 30, 1990. A copy of the findings, conclusions, and recommendations resulting from the review shall be sent to the department of community development by September 30, 1990.

On or before June 30, 1991, each municipality that plans and zones under this chapter shall have adopted an ordinance or ordinances that are necessary to implement the findings of this review, if the findings indicate that such changes are necessary, or shall notify the department of community development as to why such implementing ordinances were not adopted. [1989 c 427 § 38.]

*Reviser's note: Powers, duties, and functions of the department of community development and the department of trade and economic development were transferred to the department of community, trade, and economic development by 1993 c 280, effective July 1, 1994.

36.70.760 Establishing zones. For the purpose set forth in RCW 36.70.750 the county may divide a county, or portions thereof, into zones which, by number, shape, area and classification are deemed to be best suited to carry out the purposes of this chapter. [1963 c 4 § 36.70.760. Prior: 1959 c 201 § 76.]

36.70.770 All regulations shall be uniform in each zone. All regulations shall be uniform in each zone, but the regulations in one zone may differ from those in other zones. [1963 c 4 § 36.70.770. Prior: 1959 c 201 § 77.]

36.70.780 Classifying unmapped areas. After the adoption of the first map provided for in RCW 36.70.740, and pending the time that all property within a county can be precisely zoned through the medium of a zoning map, all properties not so precisely zoned by map shall be given a classification affording said properties such broad protective controls as may be deemed appropriate and necessary to serve public and private interests. Such controls shall be clearly set forth in the zoning ordinance in the form of a zone classification, and such classification shall apply to such areas until they shall have been included in the detailed zoning map in the manner provided for the adoption of a zoning map. [1963 c 4 § 36.70.780. Prior: 1959 c 201 § 78.]

36.70.790 Interim zoning. If the planning agency in good faith, is conducting or intends to conduct studies within a reasonable time for the purpose of, or is holding a hearing for the purpose of, or has held a hearing and has recommended to the board the adoption of any zoning map or amendment or addition thereto, or in the event that new territory for which no zoning may have been adopted as set forth in RCW 36.70.800 may be annexed to a county, the board, in order to protect the public safety, health and general welfare may, after report from the commission, adopt as an emergency measure a temporary interim zoning map the purpose of which shall be to so classify or regulate uses and related matters as constitute the emergency. [1963 c 4 § 36.70.790. Prior: 1959 c 201 § 79.]

36.70.795 Moratoria, interim zoning controls—Public hearing—Limitation on length. A board that adopts a moratorium, interim zoning map, interim zoning ordinance, or interim official control without holding a public hearing on the proposed moratorium, interim zoning map, interim zoning ordinance, or interim official control, shall hold a public hearing on the adopted moratorium, interim zoning map, interim zoning ordinance, or interim official control within at least sixty days of its adoption, whether or not the board received a recommendation on the matter from the commission or department. If the board does not adopt findings of fact justifying its action before this hearing, then the board shall do so immediately after this public hearing. A moratorium, interim zoning map, interim zoning ordinance, or interim official control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium, interim zoning map, interim zoning ordinance, or interim official control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 4.]

36.70.800 Procedural amendments—Zoning ordinance. An amendment to the text of a zoning ordinance which does not impose, remove or modify any regulation theretofore existing and affecting the zoning status of land shall be processed in the same manner prescribed by this chapter for the adoption of an official control except that no public hearing shall be required either by the commission or the board. [1963 c 4 § 36.70.800. Prior: 1959 c 201 § 80.]

36.70.810 Board of adjustment—Authority. The board of adjustment, subject to appropriate conditions and safeguards as provided by the zoning ordinance or the ordinance establishing the board of adjustment, if there be such, shall hear and decide:

(1) Applications for conditional uses or other permits when the zoning ordinance sets forth the specific uses to be made subject to conditional use permits and establishes criteria for determining the conditions to be imposed;

(2) Application for variances from the terms of the zoning ordinance: PROVIDED, That any variance granted shall be subject to such conditions as will assure that the adjustment thereby authorized shall not constitute a grant of special privilege inconsistent with the limitations upon other properties in the vicinity and zone in which subject property is situated, and that the following circumstances are found to apply;

(a) because of special circumstances applicable to subject property, including size, shape, topography, location
or surroundings, the strict application of the zoning ordinance is found to deprive subject property of rights and privileges enjoyed by other properties in the vicinity and under identical zone classification;

(b) that the granting of the variance will not be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity and zone in which subject property is situated.

(3) Appeals, where it is alleged by the applicant that there is error in any order, requirement, permit, decision, or determination made by an administrative official in the administration or enforcement of this chapter or any ordinance adopted pursuant to it. [1963 c 4 § 36.70.810. Prior: 1959 c 201 § 81.]

36.70.820 Board of adjustment—Quasi judicial powers. The board of adjustment may also exercise other quasi judicial powers as may be granted by county ordinance. [1963 c 4 § 36.70.820. Prior: 1959 c 201 § 82.]

36.70.830 Board of adjustment—Appeals—Time limit. Appeals may be taken to the board of adjustment by any person aggrieved, or by any officer, department, board or bureau of the county affected by any decision of an administrative official. Such appeals shall be filed in writing in duplicate with the board of adjustment within twenty days of the date of the action being appealed. [1963 c 4 § 36.70.830. Prior: 1959 c 201 § 83.]

36.70.840 Board of adjustment—Notice of time and place of hearing on conditional permit. Upon the filing of an application for a conditional use permit or a variance as set forth in RCW 36.70.810, the board of adjustment shall set the time and place for a public hearing on such matter, and written notice thereof shall be addressed through the United States mail to all property owners of record within a radius of three hundred feet of the exterior boundaries of subject property. The written notice shall be mailed not less than twelve days prior to the hearing. [1963 c 4 § 36.70.840. Prior: 1959 c 201 § 84.]

36.70.850 Board of adjustment—Appeal—Notice of time and place. Upon the filing of an appeal from an administrative determination, or from the action of the zoning adjustor, the board of adjustment shall set the time and place at which the matter will be considered. At least a ten day notice of such time and place with one copy of the written appeal, shall be given to the official whose decision is being appealed. At least ten days notice of the time and place shall also be given to the adverse parties of record in the case. The officer from whom the appeal is being taken shall forthwith transmit to the board of adjustment all of the records pertaining to the decision being appealed from, together with such additional written report as he deems pertinent. [1963 c 4 § 36.70.850. Prior: 1959 c 201 § 85.]

36.70.860 Board of adjustment—Scope of authority on appeal. In exercising the powers granted by RCW 36.70.810 and 36.70.820, the board of adjustment may, in conformity with this chapter, reverse or affirm, wholly or in part, or may modify the order, requirement, decision or determination appealed from, and may make such order, requirement, decision or determination as should be made and, to that end, shall have all the powers of the officer from whom the appeal is taken, insofar as the decision on the particular issue is concerned. [1963 c 4 § 36.70.860. Prior: 1959 c 201 § 86.]

36.70.870 Zoning adjustor—Powers and duties. If the office of zoning adjustor is established as provided in this chapter, all of the provisions of this chapter defining the powers, duties, and procedures of the board of adjustment shall also apply to the zoning adjustor. [1963 c 4 § 36.70.870. Prior: 1959 c 201 § 87.]

36.70.880 Zoning adjustor—Action final unless appealed. The action by the zoning adjustor on all matters coming before him shall be final and conclusive unless within ten days after the zoning adjustor has made his order, requirement, decision or determination, an appeal in writing is filed with the board of adjustment. Such an appeal may be taken by the original applicant, or by opponents of record in the case. [1963 c 4 § 36.70.880. Prior: 1959 c 201 § 88.]

36.70.890 Board of adjustment—Action final—Writs. The action by the board of adjustment on an application for a conditional use permit or a variance, or on an appeal from the decision of the zoning adjustor or an administrative officer shall be final and conclusive unless within ten days from the date of said action the original applicant or an adverse party makes application to a court of competent jurisdiction for a writ of certiorari, a writ of prohibition or a writ of mandamus. [1963 c 4 § 36.70.890. Prior: 1959 c 201 § 89.]

36.70.900 Inclusion of findings of fact. Both the board of adjustment and the zoning adjustor shall, in making an order, requirement, decision or determination, include in a written record of the case the findings of fact upon which the action is based. [1963 c 4 § 36.70.900. Prior: 1959 c 201 § 90.]

36.70.910 Short title. This chapter shall be known as the "Planning Enabling Act of the State of Washington". [1963 c 4 § 36.70.910. Prior: 1959 c 201 § 91.]

36.70.920 Duties and responsibilities imposed by other acts. Any duties and responsibilities which by other acts are imposed upon a planning commission shall, after June 10, 1959, be performed by a planning agency however constituted. [1963 c 4 § 36.70.920. Prior: 1959 c 201 § 92.]

36.70.930 Chapter alternative method. This chapter shall not repeal, amend, or modify any other law providing for planning methods but shall be deemed an alternative method providing for such purpose. [1963 c 4 § 36.70.930. Prior: 1959 c 201 § 93.]
36.70.940 Elective adoption. Any county or counties presently operating under the provisions of chapter 35.63 RCW may elect to operate henceforth under the provisions of this chapter. Prior: 1959 c 201 § 94.]

36.70.970 Hearing examiner system—Adoption authorized—Alternative—Functions—Procedures. (1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and issue recommendations on applications for plat approval and applications for amendments to the zoning ordinance, the county legislative authority may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and issue decisions on proposals for plat approval and for amendments to the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative authority may vest in a hearing examiner the power to hear and decide those issues it believes should be reviewed and decided by a hearing examiner, including but not limited to:
   (a) Applications for conditional uses, variances, shoreline permits, or any other class of applications for or pertaining to development of land or land use;
   (b) Appeals of administrative decisions or determinations; and
   (c) Appeals of administrative decisions or determinations pursuant to chapter 43.21C RCW.

The legislative authority shall prescribe procedures to be followed by a hearing examiner.

Any county which vests in a hearing examiner the authority to hear and decide conditional uses and variances shall not be required to have a zoning adjuster or board of adjustment.

(2) Each county legislative authority electing to use a hearing examiner pursuant to this section shall by ordinance specify the legal effect of the decisions made by the examiner. Such legal effect may vary for the different classes of applications decided by the examiner but shall include one of the following:
   (a) The decision may be given the effect of a recommendation to the legislative authority;
   (b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative authority; or
   (c) Except in the case of a rezone, the decision may be given the effect of a final decision of the legislative authority.

(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the county’s comprehensive plan and the county’s development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. [1995 c 347 § 425; 1994 c 257 § 9; 1977 ex.s. c 213 § 3.]

36.70.980 Conformance with chapter 43.97 RCW required. With respect to the National Scenic Area, as defined in the Columbia River Gorge National Scenic Area Act, P.L. 99-663, the exercise of any power or authority by a county or city pursuant to this chapter shall be subject to and in conformity with the requirements of chapter 43.97 RCW, including the Interstate Compact adopted by RCW 43.97.015, and with the management plan regulations and ordinances adopted by the Columbia River Gorge commission pursuant to the Compact. [1987 c 499 § 9.]

36.70.990 Treatment of residential structures occupied by persons with handicaps. No county may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 22.]

36.70.992 Watershed restoration projects—Permit processing. A permit required under this chapter for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510. [1995 c 378 § 10.]

36.70A.010 Legislative findings. The legislature finds that uncoordinated and unplanned growth, together with a lack of common goals expressing the public's interest in the conservation and the wise use of our lands, pose a threat to the environment, sustainable economic development, and the health, safety, and high quality of life enjoyed by residents of this state. It is in the public interest that citizens, communities, local governments, and the private sector cooperate and coordinate with one another in comprehensive land use planning. Further, the legislature finds that it is in the public interest that economic development programs be shared with communities experiencing insufficient economic growth. [1990 1st ex.s. c 17 § 1.]

36.70A.020 Planning goals. The following goals are adopted to guide the development and adoption of comprehensive plans and development regulations of those counties and cities that are required or choose to plan under RCW 36.70A.040. The following goals are not listed in order of priority and shall be used exclusively for the purpose of guiding the development of comprehensive plans and development regulations:

1. Urban growth. Encourage development in urban areas where adequate public facilities and services exist or can be provided in an efficient manner.

2. Reduce sprawl. Reduce the inappropriate conversion of undeveloped land into sprawling, low-density development.

3. Transportation. Encourage efficient multimodal transportation systems that are based on regional priorities and coordinated with county and city comprehensive plans.

4. Housing. Encourage the availability of affordable housing to all economic segments of the population of this state, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.

5. Economic development. Encourage economic development throughout the state that is consistent with adopted comprehensive plans, promote economic opportunity for all citizens of this state, especially for unemployed and disadvantaged persons, and encourage growth in areas experiencing insufficient economic growth, all within the capacities of the state's natural resources, public services, and public facilities.

6. Property rights. Private property shall not be taken for public use without just compensation having been made. The property rights of landowners shall be protected from arbitrary and discriminatory actions.

7. Permits. Applications for both state and local government permits should be processed in a timely and fair manner to ensure predictability.

8. Natural resource industries. Maintain and enhance natural resource-based industries, including productive timber, agricultural, and fisheries industries. Encourage the conservation of productive forest lands and productive agricultural lands, and discourage incompatible uses.

9. Open space and recreation. Encourage the retention of open space and development of recreational opportunities, conserve fish and wildlife habitat, increase access to natural resource lands and water, and develop parks.

10. Environment. Protect the environment and enhance the state's high quality of life, including air and water quality, and the availability of water.

11. Citizen participation and coordination. Encourage the involvement of citizens in the planning process and ensure coordination between communities and jurisdictions to reconcile conflicts.

12. Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

[Title 36 RCW—page 160]
(13) Historic preservation. Identify and encourage the preservation of lands, sites, and structures, that have historical or archaeological significance. [1990 1st ex.s. c 17 § 2.]

36.70A.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.

(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production.

(3) "City" means any city or town including a code city.

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter.

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas.

(6) "Department" means the department of community, trade, and economic development.

(7) "Development regulations" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city.

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forest land to other uses.

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns.

(10) "Long-term commercial significance" includes the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intense uses of the land.

(11) "Minerals" include gravel, sand, and valuable metallic substances.

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools.

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services.

(14) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of such land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

(15) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110.

(16) "Urban governmental services" include those governmental services historically and typically delivered by cities, and include storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with nonurban areas.

(17) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands. [1995 c 382 § 9. Prior: 1994 c 307 § 2; 1994 c 257 § 5; 1990 1st ex.s. c 17 § 3.]

Finding—Intent—1994 c 307: "The legislature finds that it is in the public interest to identify and provide long-term conservation of those productive natural resource lands that are critical to and can be managed economically and practically for long-term commercial production of food, fiber, and minerals. Successful achievement of the natural resource industries' goal set forth in RCW 36.70A.020 requires the conservation of a land base sufficient in size and quality to maintain and enhance those industries and the development and use of land use techniques that
who must plan—Summary of requirements—Development regulations must implement comprehensive plans. (1) Each county that has a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

Effective date—1994 c 257 § 5: "Section 5 of this act shall take effect July 1, 1994." [1994 c 257 § 25.]

Severability—1994 c 257: See note following RCW 36.70A.270.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption. [1995 c 400 § 1; 1993 sp.s. c 6 § 1; 1990 1st ex.s. c 17 § 4.]

Effective date—1995 c 400: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 16, 1995]." [1995 c 400 § 6.]

36.70A.045 Phasing of comprehensive plan submit­tal. The department may adopt a schedule to permit phasing of comprehensive plan submittal for counties and cities planning under RCW 36.70A.040. This schedule shall not permit a comprehensive plan to be submitted greater than one hundred eighty days past the date that the plan was required to be submitted and shall be used to facilitate expeditious review and interjurisdictional coordination of comprehensive plans and development regulations. [1991 sp.s. c 32 § 15.]

36.70A.050 Guidelines to classify agriculture, forest, and mineral lands and critical areas. (1) Subject to the definitions provided in RCW 36.70A.030, the department shall adopt guidelines, under chapter 34.05 RCW, no later than September 1, 1990, to guide the classification of: (a) Agricultural lands; (b) forest lands; (c) mineral resource lands; and (d) critical areas. The department shall consult with the department of agriculture regarding guidelines for agricultural lands, the department of natural resources regarding forest lands and mineral resource lands, and the department of ecology regarding critical areas.

(2) In carrying out its duties under this section, the department shall consult with interested parties, including but not limited to: (a) Representatives of cities; (b) representatives of counties; (c) representatives of developers; (d) representatives of builders; (e) representatives of owners of agricultural lands, forest lands, and mining lands; (f) representatives of local economic development officials; (g) representatives of environmental organizations; (h) representatives of special districts; (i) representatives of the governor's office and federal and state agencies; and (j) representatives of Indian tribes. In addition to the consultation required under this subsection, the department shall conduct public hearings in the various regions of the state. The department shall consider the public input obtained at such public hearings when adopting the guidelines.

(3) The guidelines under subsection (1) of this section shall be minimum guidelines that apply to all jurisdictions, but also shall allow for regional differences that exist in Washington state. The intent of these guidelines is to assist counties and cities in designating the classification of agricultural lands, forest lands, mineral resource lands, and critical areas under RCW 36.70A.170.

(4) The guidelines established by the department under this section regarding classification of forest lands shall not be inconsistent with guidelines adopted by the department of natural resources. [1990 1st ex.s. c 17 § 5.]

36.70A.060 Natural resource lands and critical areas—Development regulations. (1) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.120. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals. Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within three hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights. [1991 sp.s. c 32 § 21; 1990 1st ex.s. c 17 § 6.]
36.70A.070 Comprehensive plans—Mandatory elements. The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

1. A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

2. A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

3. A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent.

4. A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

5. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The rural element shall permit appropriate land uses that are compatible with the rural character of such lands and provide for a variety of rural densities and uses and may also provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural uses not characterized by urban growth.

6. A transportation element that implements, and is consistent with, the land use element. The transportation element shall include the following subelements:

(a) Land use assumptions used in estimating travel;
(b) Facilities and services needs, including:
(i) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning;
(ii) Level of service standards for all arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;
(iii) Specific actions and requirements for bringing into compliance any facilities or services that are below an established level of service standard;
(iv) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;
(v) Identification of system expansion needs and transportation system management needs to meet current and future demands;
(c) Finance, including:
(i) An analysis of funding capability to judge needs against probable funding resources;
(ii) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems;
(iii) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;
(d) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;
(e) Demand-management strategies.

After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

The transportation element described in this subsection, and the six-year plans required by RCW 35.77.010 for cities,
RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, must be consistent. [1996 c 239 § 1. Prior: 1995 c 400 § 3; 1995 c 377 § 1; 1990 1st ex.s. c 17 § 7.]

Construction—Application—1995 c 400: "A comprehensive plan adopted or amended before May 16, 1995, shall be considered to be in compliance with RCW 36.70A.070 or 36.70A.110, as in effect before their amendment by this act, if the comprehensive plan is in compliance with RCW 36.70A.070 and 36.70A.110 as amended by this act. This section shall not be construed to alter the relationship between a county-wide planning policy and comprehensive plans as specified under RCW 36.70A.210.

As to any appeal relating to compliance with RCW 36.70A.070 or 36.70A.110 pending before a growth management hearings board on May 16, 1995, the board may take up an additional ninety days to resolve such appeal. By mutual agreement of all parties to the appeal, this additional ninety-day period may be extended." [1995 c 400 § 4.]

Effective date—1995 c 400: See note following RCW 36.70A.040.

36.70A.080 Comprehensive plans—Optional elements. (1) A comprehensive plan may include additional elements, items, or studies dealing with other subjects relating to the physical development within its jurisdiction, including, but not limited to:
   (a) Conservation;
   (b) Solar energy; and
   (c) Recreation.

(2) A comprehensive plan may include, where appropriate, subarea plans, each of which is consistent with the comprehensive plan. [1990 1st ex.s. c 17 § 8.]

36.70A.090 Comprehensive plans—Innovative techniques. A comprehensive plan should provide for innovative land use management techniques, including, but not limited to, density bonuses, cluster housing, planned unit developments, and the transfer of development rights. [1990 1st ex.s. c 17 § 9.]

36.70A.100 Comprehensive plans—Must be coordinated. The comprehensive plan of each county or city that is adopted pursuant to RCW 36.70A.040 shall be coordinated with, and consistent with, the comprehensive plans adopted pursuant to RCW 36.70A.040 of other counties or cities with which the county or city has, in part, common borders or related regional issues. [1990 1st ex.s. c 17 § 10.]

36.70A.103 State agencies required to comply with comprehensive plans. State agencies shall comply with the local comprehensive plans and development regulations and amendments thereto adopted pursuant to this chapter. [1991 sp.s. c 32 § 4.]

36.70A.106 Comprehensive plans—Development regulations—Transmittal to state. (1) Each county and city proposing adoption of a comprehensive plan or development regulations under this chapter shall notify the department of its intent to adopt such plan or regulations at least sixty days prior to final adoption. State agencies including the department may provide comments to the county or city on the proposed comprehensive plan, or proposed development regulations, during the public review process prior to adoption.

located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan. [1995 c 400 § 2; 1994 c 249 § 27; 1993 sps. c 6 § 2; 1991 sps. c 32 § 29; 1990 1st ex.s. c 17 § 11.]

Construction—Application—1995 c 400: See note following RCW 36.70A.070.

Effective date—1995 c 400: See note following RCW 36.70A.040.

Severability—Application—1994 c 249: See notes following RCW 36.70A.040.

Effective date—1993 sps. c 6: See note following RCW 36.70A.040.

Planning activities and capital budget decisions—Implementation in conformity with comprehensive plan. Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform its activities and make capital budget decisions in conformity with its comprehensive plan. [1993 sps. c 6 § 3; 1990 1st ex.s. c 17 § 12.]

Effective date—1993 sps. c 6: See note following RCW 36.70A.040.

Comprehensive plans—Amendments. (1) Each comprehensive land use plan and development regulations shall be subject to continuing evaluation and review by the county or city that adopted them.

Any amendment or revision to a comprehensive land use plan shall conform to this chapter, and any change to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program identifying procedures whereby proposed amendments or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year except that amendments may be considered more frequently under the following circumstances:

(i) The initial adoption of a subarea plan; and

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW.

(b) All proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas. The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. [1995 c 347 § 106; 1990 1st ex.s. c 17 § 13.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

Comprehensive plans—Ensure public participation. Each county and city that is required or chooses to plan under RCW 36.70A.040 shall establish and broadly disseminate to the public a public participation program identifying procedures providing for early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and response to public comments. In enacting legislation in response to the board’s decision pursuant to RCW 36.70A.300 declaring part or all of a comprehensive plan or development regulation invalid, the county or city shall
36.70A.150 Identification of lands useful for public purposes. Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify lands useful for public purposes such as utility corridors, transportation corridors, landfills, sewage treatment facilities, storm water management facilities, recreation, schools, and other public uses. The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule. [1991 c 322 § 23; 1990 1st ex.s. c 17 § 15.]

36.70A.160 Identification of open space corridors—Purchase authorized. Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify open space corridors within and between urban growth areas. They shall include lands useful for recreation, wildlife habitat, trails, and connection of critical areas as defined in RCW 36.70A.030. Identification of a corridor under this section by a county or city shall not restrict the use or management of lands within the corridor for agricultural or forest purposes. Restrictions on the use or management of such lands for agricultural or forest purposes imposed after identification solely to maintain or enhance the value of such lands as a corridor may occur only if the county or city acquires sufficient interest to prevent development of the lands or to control the resource development of the lands. The requirement for acquisition of sufficient interest does not include those corridors regulated by the interstate commerce commission, under provisions of 16 U.S.C. Sec. 1247(d), 16 U.S.C. Sec. 1248, or 43 U.S.C. Sec. 912. Nothing in this section shall be interpreted to alter the authority of the state, or a county or city, to regulate land use activities.

The city or county may acquire by donation or purchase the fee simple or lesser interests in these open space corridors using funds authorized by RCW 84.34.230 or other sources. [1992 c 227 § 1; 1990 1st ex.s. c 17 § 16.]

It is also the intent of the legislature that funds be made available to counties and cities beginning July 1, 1990, to assist them in meeting the requirements of this chapter.

(2) Each county and city that adopts a plan under RCW 36.70A.040 (1) or (2) shall report to the department annually for a period of five years, beginning on January 1, 1991, and each five years thereafter, on the progress made by that county or city in implementing this chapter. (1996 Ed.)
36.70A.190 Title 36 RCW: Counties

(2) The department shall develop a priority list and establish funding levels for planning and technical assistance grants both for counties and cities that plan under RCW 36.70A.040. Priority for assistance shall be based on a county’s or city’s population growth rates, commercial and industrial development rates, the existence and quality of a comprehensive plan and development regulations, and other relevant factors.

(3) The department shall develop and administer a grant program to provide direct financial assistance to counties and cities for the preparation of comprehensive plans under this chapter. The department may establish provisions for county and city matching funds to conduct activities under this subsection. Grants may be expended for any purpose directly related to the preparation of a county or city comprehensive plan as the county or city and the department may agree, including, without limitation, the conducting of surveys, inventories and other data gathering and management activities, the retention of planning consultants, contracts with regional councils for planning and related services, and other related purposes.

(4) The department shall establish a program of technical assistance:

(a) Utilizing department staff, the staff of other state agencies, and the technical resources of counties and cities to help in the development of comprehensive plans required under this chapter. The technical assistance may include, but not be limited to, model land use ordinances, regional education and training programs, and information for local and regional inventories; and

(b) Adopting by rule procedural criteria to assist counties and cities in adopting comprehensive plans and development regulations that meet the goals and requirements of this chapter. These criteria shall reflect regional and local variations and the diversity that exists among different counties and cities that plan under this chapter.

(5) The department shall provide mediation services to resolve disputes between counties and cities regarding, among other things, coordination of regional issues and designation of urban growth areas.

(6) The department shall provide planning grants to enhance citizen participation under RCW 36.70A.140. [1991 sp.s. c 32 § 3; 1990 1st ex.s. c 17 § 20.]

Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities, state and local correctional facilities, solid waste handling facilities, and inpatient facilities including substance abuse facilities, mental health facilities, and group homes.

(2) The office of financial management shall maintain a list of those essential state public facilities that are required or likely to be built within the next six years. The office of financial management may at any time add facilities to the list. No local comprehensive plan or development regulation may preclude the siting of essential public facilities. [1991 sp.s. c 32 § 1.]

36.70A.210 County-wide planning policies. (1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "county-wide planning policy" is a written policy statement or statements used solely for establishing a county-wide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a county-wide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a county-wide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a county-wide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department of community, trade, and economic development to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than
fourteen months after the date the county adopted its
resolution of intention or was certified by the office of
financial management the county legislative authority of any
other county that is required or chooses to plan under RCW
36.70A.040, shall adopt a county-wide planning policy
according to the process provided under this section and that
is consistent with the agreement pursuant to (b) of this
subsection, and after holding a public hearing or hearings on
the proposed county-wide planning policy. 
(3) A county-wide planning policy shall at a minimum,
address the following:
(a) Policies to implement RCW 36.70A.110;
(b) Policies for promotion of contiguous and orderly
development and provision of urban services to such
development;
(c) Policies for siting public capital facilities of a
county-wide or state-wide nature;
(d) Policies for county-wide transportation facilities and
strategies;
(e) Policies that consider the need for affordable
housing, such as housing for all economic segments of the
population and parameters for its distribution;
(f) Policies for joint county and city planning within
urban growth areas;
(g) Policies for county-wide economic development and
employment; and
(h) An analysis of the fiscal impact.
(4) Federal agencies and Indian tribes may participate in
and cooperate with the county-wide planning policy adoption
process. Adopted county-wide planning policies shall be
adhered to by state agencies.
(5) Failure to adopt a county-wide planning policy that
meets the requirements of this section may result in the
imposition of a sanction or sanctions on a county or city
within the county, as specified in RCW 36.70A.340. In
imposing a sanction or sanctions, the governor shall specify
the reasons for failure to adopt a county-wide planning
policy in order that any imposed sanction or sanctions are
fairly and equitably related to the failure to adopt a county­
wide planning policy.
(6) Cities and the governor may appeal an adopted
county-wide planning policy to the growth management
hearings board within sixty days of the adoption of the
county-wide planning policy.
(7) Multicounty planning policies shall be adopted by
two or more counties, each with a population of four
hundred fifty thousand or more, with contiguous urban areas
and may be adopted by other counties, according to the
process established under this section or other processes
agreed to among the counties and cities within the affected
counties throughout the multicounty region. [1994 c 249 §

36.70A.260 Growth management hearings boards—
Qualifications. (1) Each growth management hearings
board shall consist of three members qualified by experience
or training in matters pertaining to land use planning and
residing within the jurisdictional boundaries of the applicable
board. At least one member of each board must be admitted
to practice law in this state and at least one member must
have been a city or county elected official. Each board shall
be appointed by the governor and not more than two
members at the time of appointment or during their term
shall be members of the same political party. No more than
two members at the time of appointment or during their term

by the governor for the unexpired portion of the term in
which the vacancy occurs. The terms of the first three

[Title 36 RCW—page 169]
in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of each board shall constitute a quorum for making orders or decisions, adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board’s principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter. [1996 c 325 § 1; 1994 c 257 § 1; 1991 sp.s. c 32 § 7.]

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, a board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by a board shall be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by a board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as a "board adjusted population projection".
these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes. [1996 c 325 § 2; 1995 c 347 § 108; 1994 c 249 § 31; 1991 sps. c 32 § 9.]

36.70A.290 Petitions to growth management hearings boards—Evidence. (1) All requests for review to a growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

(b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the local government publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

36.70A.300 Final orders. (1) The board shall issue a final order within one hundred eighty days of receipt of the petition for review, or, when multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated. Such a final order shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to plans, development regulations, and amendments thereto, adopted under RCW 36.70A.040 or chapter 90.58 RCW. (2) A finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand, unless the board's final order also:

(a) Includes a determination, supported by findings of fact and conclusions of law, that the continued validity of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(b) Specifies the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(3) A determination of invalidity shall:

(a) Be prospective in effect and shall not extinguish rights that vested under state or local law before the date of the board's order; and

(b) Subject any development application that would otherwise vest after the date of the board's order to the local ordinance or resolution that both is enacted in response to the order of remand and determined by the board pursuant to RCW 36.70A.330 to comply with the requirements of this chapter.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (2) of this section whether the prior policies or regulations are valid during the period of remand.

The matter must be set for hearing within sixty days of the date set for submitting the board's record, absent a showing of good cause for a different date or a stipulation of the parties. The board shall find compliance unless it finds by a preponderance of the evidence that the state agency, county, or city erroneously interpreted or applied this chapter.

(2) The shoreline element of a comprehensive plan and the applicable development regulations adopted by a county or city shall take effect as provided in chapter 90.58 RCW. [1995 c 347 § 111; 1991 sps. c 32 § 13.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

36.70A.330 Noncompliance. (1) After the time set for complying with the requirements of this chapter under RCW 36.70A.300(1)(b) has expired, or at an earlier time upon the motion of a county or city subject to a determination of invalidity under RCW 36.70A.300, the board shall set a hearing for the purpose of determining whether the state agency, county, or city is in compliance with the requirements of this chapter.

(2) The board shall conduct a hearing and issue a finding of compliance or noncompliance with the requirements of this chapter. A person with standing to challenge the legislation enacted in response to the board's final order may participate in the hearing along with the petitioner and the state agency, city, or county. A hearing under this subsection shall be given the highest priority of business to be conducted by the board, and a finding shall be issued within forty-five days of the filing of the motion under subsection (1) of this section with the board.

(3) If the board finds that the state agency, county, or city is not in compliance, the board shall transmit its finding to the governor. The board may recommend to the governor that the sanctions authorized by this chapter be imposed.

(4) The board shall also reconsider its final order and decide:

(a) If a determination of invalidity has been made, whether such a determination should be rescinded or modified under the standards in RCW 36.70A.300(2); or

(b) If no determination of invalidity has been made, whether one now should be made under the standards in RCW 36.70A.300(2).

The board shall schedule additional hearings as appropriate pursuant to subsections (1) and (2) of this section. [1995 c 347 § 112; 1991 sps. c 32 § 14.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

36.70A.340 Noncompliance and sanctions. Upon receipt from the board of a finding that a state agency, county, or city is in noncompliance under RCW 36.70A.330, or as a result of failure to meet the requirements of RCW 36.70A.210, the governor may either:

(1) Notify and direct the director of the office of financial management to revise allotments in appropriation levels;

(2) Notify and direct the state treasurer to withhold the portion of revenues to which the county or city is entitled under one or more of the following: The motor vehicle fuel tax, as provided in chapter 82.36 RCW; the transportation improvement account, as provided in RCW 47.26.084; the urban arterial trust account, as provided in RCW 47.26.080; the rural arterial trust account, as provided in RCW 36.79.150; the sales and use tax, as provided in chapter 82.14 RCW; the liquor profit tax, as provided in RCW 66.08.190; and the liquor excise tax, as provided in RCW 82.08.170; or

(3) File a notice of noncompliance with the secretary of state and the county or city, which shall temporarily rescind the county or city's authority to collect the real estate excise tax under RCW 82.46.030 until the governor files a notice rescinding the notice of noncompliance. [1991 sps. c 32 § 26.]

36.70A.345 Sanctions. The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on:

(1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was
required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act; or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the appropriate growth management hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided. [1994 c 249 § 33; 1993 sp.s. c 6 § 5.]

Severability—Application—1994 c 249: See notes following RCW 34.05.310.

Effective date—1993 sp.s. c 6: See note following RCW 36.70A.040.

36.70A.350 New fully contained communities. A county required or choosing to plan under RCW 36.70A.040 may establish a process as part of its urban growth areas, that are designated under RCW 36.70A.110, for reviewing proposals to authorize new fully contained communities located outside of the initially designated urban growth areas.

(1) A new fully contained community may be approved in a county planning under this chapter if criteria including but not limited to the following are met:

(a) New infrastructure is provided for and impact fees are established consistent with the requirements of RCW 82.02.050;
(b) Transit-oriented site planning and traffic demand management programs are implemented;
(c) Buffers are provided between the new fully contained communities and adjacent urban development;
(d) A mix of uses is provided to offer jobs, housing, and services to the residents of the new community;
(e) Affordable housing is provided within the new community for a broad range of income levels;
(f) Environmental protection has been addressed and provided for;
(g) Development regulations are established to ensure urban growth will not occur in adjacent nonurban areas;
(h) Provision is made to mitigate impacts on designated agricultural lands, forest lands, and mineral resource lands;
(i) The plan for the new fully contained community is consistent with the development regulations established for the protection of critical areas by the county pursuant to RCW 36.70A.170.

(2) New fully contained communities may be approved outside established urban growth areas only if a county reserves a portion of the twenty-year population projection and offsets the urban growth area accordingly for allocation to new fully contained communities that meet the requirements of this chapter. Any county electing to establish a new community reserve shall do so no more often than once every five years as a part of the designation or review of urban growth areas required by this chapter. The new community reserve shall be allocated on a project-by-project basis, only after specific project approval procedures have been adopted pursuant to this chapter as a development regulation. When a new community reserve is established, urban growth areas designated pursuant to this chapter shall accommodate the unreserved portion of the twenty-year population projection.

Final approval of an application for a new fully contained community shall be considered an adopted amendment to the comprehensive plan prepared pursuant to RCW 36.70A.070 designating the new fully contained community as an urban growth area. [1991 sp.s. c 32 § 16.]

36.70A.360 Master planned resorts. Counties that are required or choose to plan under RCW 36.70A.040 may permit master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. A master planned resort means a self-contained and fully integrated planned unit development, in a setting of significant natural amenities, with primary focus on destination resort facilities consisting of short-term visitor accommodations associated with a range of developed on-site indoor or outdoor recreational facilities. A master planned resort may include other residential uses within its boundaries, but only if the residential uses are integrated into and support the on-site recreational nature of the resort.

A master planned resort may be authorized by a county only if:

(1) The comprehensive plan specifically identifies policies to guide the development of master planned resorts;
(2) The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the master planned resort, except in areas otherwise designated for urban growth under RCW 36.70A.110;
(3) The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the master planned resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forest land or agricultural land under RCW 36.70A.170;
(4) The county ensures that the resort plan is consistent with the development regulations established for critical areas; and
(5) On-site and off-site infrastructure impacts are fully considered and mitigated. [1991 sp.s. c 32 § 17.]

36.70A.365 Major industrial developments. A county required or choosing to plan under RCW 36.70A.040 may establish, in consultation with cities consistent with provisions of RCW 36.70A.210, a process for reviewing and approving proposals to authorize siting of specific major industrial developments outside urban growth areas.

(1) "Major industrial development" means a master planned location for a specific manufacturing, industrial, or commercial business that:

(a) Requires a parcel of land so
large that no suitable parcels are available within an urban growth area; or (b) is a natural resource-based industry requiring a location near agricultural land, forest land, or mineral resource land upon which it is dependent. The major industrial development shall not be for the purpose of retail commercial development or multitenant office parks.

(2) A major industrial development may be approved outside an urban growth area in a county planning under this chapter if criteria including, but not limited to the following, are met:
(a) New infrastructure is provided for and/or applicable impact fees are paid;
(b) Transit-oriented site planning and traffic demand management programs are implemented;
(c) Buffers are provided between the major industrial development and adjacent nonurban areas;
(d) Environmental protection including air and water quality has been addressed and provided for;
(e) Development regulations are established to ensure that urban growth will not occur in adjacent nonurban areas;
(f) Provision is made to mitigate adverse impacts on designated agricultural lands, forest lands, and mineral resource lands;
(g) The plan for the major industrial development is consistent with the county’s development regulations established for protection of critical areas; and
(h) An inventory of developable land has been conducted as provided in RCW 36.70A.365.

(2) A major industrial development shall be considered an adopted amendment to the comprehensive plan adopted pursuant to RCW 36.70A.070, except that RCW 36.70A.130(2) does not apply so that inclusion or exclusion of master planned locations may be considered at any time.

(3) In selecting master planned locations for inclusion in the urban industrial land bank, priority shall be given to locations that are adjacent to, or in close proximity to, an urban growth area.

(4) Final approval of inclusion of a master planned location in the urban industrial land bank shall be considered an adopted amendment to the comprehensive plan adopted pursuant to RCW 36.70A.070, but except that RCW 36.70A.130(2) does not apply so that inclusion or exclusion of master planned locations may be considered at any time.

(5) Once a master planned location has been included in the urban industrial land bank, manufacturing and industrial businesses that qualify as major industrial development under RCW 36.70A.365 may be located there.

(6) Nothing in this section may be construed to alter the requirements for a county to comply with chapter 43.21C RCW.

The authority of a county to engage in the process of including or excluding master planned locations from the urban industrial land bank shall terminate on December 31, 1998. However, any location included in the urban industrial land bank on December 31, 1998, shall remain available for major industrial development as long as the criteria of subsection (2) of this section continue to be met.

(8) For the purposes of this section, "major industrial development" means a master planned location suitable for manufacturing or industrial businesses that: (a) Requires a parcel of land so large that no suitable parcels are available within an urban growth area; or (b) is a natural resource-based industry requiring a location near agricultural land, forest land, or mineral resource land upon which it is dependent. The major industrial development may not be for the purpose of retail commercial development or multitenant office parks. [1996 c 167 § 2.]

Findings—purpose—1996 c 167: "In 1995 the legislature addressed the demand for siting of major industrial facilities by passage of Engrossed Senate Bill No. 5019, implementing a process for siting such activities outside urban growth areas. The legislature recognizes that the 1995 act requires consideration of numerous factors necessary to ensure that the community can reasonably accommodate a major industrial development outside an urban growth area. The legislature finds that the existing case-by-case procedure for evaluating and approving such a site under the 1995 act may operate to a community’s economic disadvantage when a firm, for business reasons, must make a business location decision expeditiously. The legislature therefore finds that it would be useful to authorize, on a limited basis, and evaluate a process for identifying locations for major industrial activity in advance of specific proposals by an applicant.
It is the purpose of this act (1) to authorize a pilot project under which
a bank of major industrial development locations outside urban growth areas
is created for use in expeditiously siting such a development; (2) to evaluate
the impact of this process on the county's compliance with chapter 36.70A
RCW; and (3) to encourage consolidation and planning, and environmental
review procedures under chapter 36.70B RCW." [1996 c 167 § 1.]

Effective date—1996 c 167: "This act is necessary for the immediate
preservation of the public peace, health, or safety, or support of the state
government and its existing public institutions, and shall take effect
immediately [March 28, 1996]." [1996 c 167 § 3.]

36.70A.370 Protection of private property. (1) The
state attorney general shall establish by October 1, 1991, an
orderly, consistent process, including a checklist if appropriate,
that better enables state agencies and local governments to
evaluate proposed regulatory or administrative actions to
ensure that such actions do not result in an unconstitutional
taking of private property. It is not the purpose of this
section to expand or reduce the scope of private property
protections provided in the state and federal Constitutions.
The attorney general shall review and update the process at
least on an annual basis to maintain consistency with changes
in case law.

(2) Local governments that are required or choose to
plan under RCW 36.70A.040 and state agencies shall utilize
the process established by subsection (1) of this section to
assure that proposed regulatory or administrative actions do not result in an unconstitutional taking of private property.

(3) The attorney general, in consultation with the
Washington state bar association, shall develop a continuing
education course to implement this section.

(4) The process used by government agencies shall be
protected by attorney client privilege. Nothing in this
section grants a private party the right to seek judicial relief
requiring compliance with the provisions of this section.
[1991 sp.s. c 32 § 18.]

36.70A.380 Extension of designation date. The
department may extend the date by which a county or city
is required to designate agricultural lands, forest lands,
mineral resource lands, and critical areas under RCW
36.70A.170, or the date by which a county or city is required
to protect such lands and critical areas under RCW
36.70A.060, if the county or city demonstrates that it is
proceeding in an orderly fashion, and is making a good faith
effort, to meet these requirements. An extension may be for
up to an additional one hundred eighty days. The length of
an extension shall be based on the difficulty of the effort to
conform with these requirements. [1991 sp.s. c 32 § 39.]

36.70A.385 Environmental planning pilot projects.
(1) The legislature intends to determine whether the environ-
mental review process mandated under chapter 43.21C RCW
may be enhanced and simplified, and coordination improved,
when applied to comprehensive plans mandated by this
chapter. The department shall undertake pilot projects on
environmental review to determine if the review process can
be improved by fostering more coordination and eliminating
duplicative environmental analysis which is made to assist
decision makers approving comprehensive plans pursuant to
this chapter. Such pilot projects should be designed and
scoped to consider cumulative impacts resulting from plan
decisions, plan impacts on environmental quality, impacts on
adjacent jurisdictions, and similar factors in sufficient depth
to simplify the analysis of subsequent specific projects being
carried out pursuant to the approved plan.

(2) The legislature hereby authorizes the department to
establish, in cooperation with business, industry, cities,
counties, and other interested parties, at least two but not
more than four pilot projects, one of which shall be with a
county, on enhanced draft and final nonproject environmental
analysis of comprehensive plans prepared pursuant to this
chapter, for the purposes outlined in subsection (1) of this
section. The department may select appropriate geographic
subareas within a comprehensive plan if that will best serve
the purposes of this section and meet the requirements of
chapter 43.21C RCW.

(3) An enhanced draft and final nonproject environmental
analysis prepared pursuant to this section shall follow the
rules adopted pursuant to chapter 43.21C RCW.

(4) Not later than December 31, 1993, the department
shall evaluate the overall effectiveness of the pilot projects
under this section regarding preparing enhanced nonproject
environmental analysis for the approval process of compre-
sensive plans and shall:

(a) Provide an interim report of its findings to the
legislature with such recommendations as may be appro-
piate, including the need, if any, for further legislation;

(b) Consider adoption of any further rules or guidelines
as may be appropriate to assist counties and cities in meeting
requirements of chapter 43.21C RCW when considering
comprehensive plans; and

(c) Prepare and circulate to counties and cities such
instructional manuals or other information derived from the
pilot projects as will assist all counties and cities in meeting
the requirements and objectives of chapter 43.21C RCW in
the most expeditious and efficient manner in the process of
considering comprehensive plans pursuant to this chapter.

(5) The department shall submit a final report to the
legislature no later than December 31, 1995. [1995 c 399 §
43; 1991 sp.s. c 32 § 20.]

36.70A.390 Moratoria, interim zoning controls—
Public hearing—Limitation on length—Exceptions. A
county or city governing body that adopts a moratorium,
interim zoning map, interim zoning ordinance, or interim
official control without holding a public hearing on the
proposed moratorium, interim zoning map, or interim zoning
ordinance, or interim official control, shall hold a public
hearing on the adopted moratorium, interim zoning map,
interim zoning ordinance, or interim official control within
at least sixty days of its adoption, whether or not the
governing body received a recommendation on the matter
from the planning commission or department. If the
governing body does not adopt findings of fact justifying its
action before this hearing, then the governing body shall do
so immediately after this public hearing. A moratorium,
interim zoning map, interim zoning ordinance, or interim
official control adopted under this section may be effective
for not longer than six months, but may be effective for up
to one year if a work plan is developed for related studies
providing for such a longer period. A moratorium, interim
zoning map, interim zoning ordinance, or interim official
control may be renewed for one or more six-month periods

(1996 Ed.)
if a subsequent public hearing is held and findings of fact are made prior to each renewal.

This section does not apply to the designation of critical areas, agricultural lands, forest lands, and mineral resource lands, under RCW 36.70A.170, and the conservation of these lands and protection of these areas under RCW 36.70A.060, prior to such actions being taken in a comprehensive plan adopted under RCW 36.70A.070 and implementing development regulations adopted under RCW 36.70A.120, if a public hearing is held on such proposed actions. [1992 c 207 § 6.]

36.70A.400 Accessory apartments. Any local government, as defined in RCW 43.63A.215, that is planning under this chapter shall comply with RCW 43.63A.215(3). [1993 c 478 § 11.]

36.70A.410 Treatment of residential structures occupied by persons with handicaps. No county or city that plans or elects to plan under this chapter may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602). [1993 c 478 § 23.]

36.70A.420 Transportation projects—Findings—Intent. The legislature recognizes that there are major transportation projects that affect multiple jurisdictions as to economic development, fiscal influence, environmental consequences, land use implications, and mobility of people and goods. The legislature further recognizes that affected jurisdictions have important interests that must be addressed, and that these jurisdictions' present environmental planning and permitting authority may result in multiple local permits and other requirements being specified for the projects.

The legislature finds that the present permitting system may result in segmented and sequential decisions by local governments that do not optimally serve all the parties with an interest in the decisions. The present system may also make more difficult achieving the consistency among plans and actions that are an important aspect of this chapter.

It is the intent of the legislature to provide for more efficiency and equity in the decisions of local governments regarding major transportation projects by encouraging coordination or consolidation of the processes for reviewing environmental planning and permitting requirements for those projects. The legislature intends that local governments coordinate their regulatory decisions by considering together the range of local, state, and federal requirements for major transportation projects. Nothing in RCW 36.70A.420 or 36.70A.430 alters the authority of cities or counties under any other planning or permitting statute. [1994 c 258 § 1.]

Captions not law—1994 c 258: "Section captions used in this act constitute no part of the law." [1994 c 258 § 6.]

36.70A.430 Transportation projects—Collaborative review process. For counties engaged in planning under this chapter, there shall be established by December 31, 1994, a collaborative process to review and coordinate state and local permits for all transportation projects that cross more than one city or county boundary. This process shall at a minimum, establish a mechanism among affected cities and counties to designate a permit coordinating agency to facilitate multijurisdictional review and approval of such transportation projects. [1994 c 258 § 2.]

Captions not law—1994 c 258: See note following RCW 36.70A.420.

36.70A.450 Family day-care provider's home facility—City may not prohibit in residential or commercial area. No city that plans or elects to plan under this chapter may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city that plans or elects to plan under this chapter from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020. [1995 c 49 § 3; 1994 c 273 § 17.]

36.70A.460 Watershed restoration projects—Permit processing. A permit required under this chapter for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510. [1995 c 378 § 11.]

36.70A.470 Project review—Amendment suggestion procedure—Definitions. (1) Project review, which shall be conducted pursuant to the provisions of chapter 36.70B
RCW, shall be used to make individual project decisions, not land use planning decisions. If, during project review, a county or city planning under RCW 36.70A.040 identifies deficiencies in plans or regulations:

(a) The permitting process shall not be used as a comprehensive planning process;
(b) Project review shall continue; and
(c) The identified deficiencies shall be docketed for possible future plan or development regulation amendments.

(2) Each county and city planning under RCW 36.70A.040 shall include in its development regulations a procedure for any interested person, including applicants, citizens, hearing examiners, and staff of other agencies, to suggest plan or development regulation amendments. The suggested amendments shall be docketed and considered on at least an annual basis, consistent with the provisions of RCW 36.70A.130.

(3) For purposes of this section, a deficiency in a comprehensive plan or development regulation refers to the absence of required or potentially desirable contents of a comprehensive plan or development regulation. It does not refer to whether a development regulation addresses a project's probable specific adverse environmental impacts which the permitting agency could mitigate in the normal project review process.

(4) For purposes of this section, docketing refers to compiling and maintaining a list of suggested changes to the comprehensive plan or development regulations in a manner that will ensure such suggested changes will be considered by the county or city and will be available for review by the public. [1995 c 347 § 102.]

Findings—Intent—1995 c 347 § 102: "The legislature finds that during project review, a county or city planning under RCW 36.70A.040 is likely to discover the need to make various improvements in comprehensive plans and development regulations. There is no current requirement or process for applicants, citizens, or agency staff to ensure that these improvements are considered in the plan review process. The legislature also finds that in the past environmental review and permitting of proposed projects have been used to reopen and make land use planning decisions that should have been made through the comprehensive planning process, in part because agency staff and hearing examiners have not been able to ensure consideration of all issues in the local planning process. The legislature further finds that, while plans and regulations should be made through the comprehensive planning process, the legislature recognizes by this act that:

(a) As of July 23, 1995, twenty-nine counties and two hundred eight cities are conducting comprehensive planning under the growth management act, chapter 36.70A RCW, which together comprise one hundred thirty counties and cities and over ninety percent of the state's population;
(b) Comprehensive plans for many of the jurisdictions were due by July 1, 1994, and the remaining jurisdictions must complete plans under due dates ranging from October 1994 to September 1997; and
(c) Concurrently with these comprehensive planning activities, local governments must conduct several other planning requirements under the growth management act, such as the adoption of capital facilities plans, urban growth areas, and development regulations;

(1) The legislature finds that:

(a) Detailed environmental analysis integrated with comprehensive plans, subarea plans, and development regulations will facilitate planning for and managing growth, allow greater protection of the environment, and benefit both the general public and private property owners.

(2) In order to provide financial assistance to cities and counties planning under chapter 36.70A RCW and to improve the usefulness of plans and integrated environmental analyses, the legislature has created the fund described in RCW 36.70A.490. [1995 c 347 § 114.]

Findings—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.
36.70A.500 Growth management planning and environmental review fund—Awarding of grants—Procedures. (1) The department of community, trade, and economic development shall provide management services for the fund created by RCW 36.70A.490. The department by rule shall establish procedures for fund management.

(2) A grant may be awarded to a county or city that is required to or has chosen to plan under RCW 36.70A.040 and that is qualified pursuant to this section. The grant shall be provided to assist a county or city in paying for the cost of preparing a detailed environmental impact statement that is integrated with a comprehensive plan or subarea plan and development regulations.

(3) In order to qualify for a grant, a county or city shall:

(a) Demonstrate that it will prepare an environmental analysis pursuant to chapter 43.21C RCW that is integrated with a comprehensive plan or subarea plan and development regulations;

(b) Address environmental impacts and consequences, alternatives, and mitigation measures in sufficient detail to allow the analysis to be adopted in whole or in part by subsequent applicants for development permits within the geographic area analyzed in the plan;

(c) Include mechanisms in the plan to monitor the consequences of growth as it occurs in the plan area and provide ongoing data to update the plan and environmental analysis;

(d) Be making substantial progress towards compliance with the requirements of this chapter. A county or city that is more than six months out of compliance with a requirement of this chapter is deemed not to be making substantial progress towards compliance; and

(e) Provide local funding, which may include financial participation by the private sector.

(4) In awarding grants, the department shall give preference to proposals that include one or more of the following elements:

(a) Financial participation by the private sector, or a public/private partnering approach;

(b) Comprehensive and subarea plan proposals that are designed to identify and monitor system capacities for elements of the built environment, and to the extent appropriate, of the natural environment;

(c) Programs to improve the efficiency and effectiveness of the permitting process by greater reliance on integrated plans;

(d) Programs for effective citizen and neighborhood involvement that contribute to greater certainty that planning decisions will be implemented; and

(e) Plans that identify environmental impacts and establish mitigation measures that provide effective means to satisfy concurrency requirements and establish project consistency with the plans.

(5) If the local funding includes funding provided by other state functional planning programs, including open space planning and watershed or basin planning, the functional plan shall be integrated into and be consistent with the comprehensive plan. [1995 c 347 § 116.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

36.70A.510 General aviation airports. Adoption and amendment of comprehensive plan provisions and development regulations under this chapter affecting a general aviation airport are subject to RCW 36.70.547. [1996 c 239 § 5.]

36.70A.800 Role of growth strategies commission. The growth strategies commission created by executive order shall:

(1) Analyze different methods for assuring that county and city comprehensive plans adopted under chapter 36.70A RCW are consistent with the planning goals under RCW 36.70A.020 and with other requirements of chapter 36.70A RCW;

36.70B.010 Findings and declaration. The legislature finds and declares the following:

(1) As the number of environmental laws and development regulations has increased for land uses and development, so has the number of required local land use permits, each with its own separate approval process.

(2) The increasing number of local and state land use permits and separate environmental review processes required by agencies has generated continuing potential for conflict, overlap, and duplication between the various permit and review processes.

(3) This regulatory burden has significantly added to the cost and time needed to obtain local and state land use permits and has made it difficult for the public to know how and when to provide timely comments on land use proposals that require multiple permits and have separate environmental review processes. [1995 c 347 § 401.]

36.70B.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Closed record appeal" means an administrative appeal on the record to a local government body or officer, including the legislative body, following an open record hearing on a project permit application when the appeal is on the record with no or limited new evidence or information allowed to be submitted and only appeal argument allowed.

(2) "Local government" means a county, city, or town.

(3) "Open record hearing" means a hearing, conducted by a single hearing body or officer authorized by the local government to conduct such hearings, that creates the local government's record through testimony and submission of evidence and information, under procedures prescribed by the local government by ordinance or resolution. An open record hearing may be held prior to a local government's decision on a project permit to be known as an "open record predecision hearing." An open record hearing may be held on an appeal, to be known as an "open record appeal hearing," if no open record predecision hearing has been held on the project permit.

(4) "Project permit" or "project permit application" means any land use or environmental permit or license required from a local government for a project action, including but not limited to building permits, subdivisions, binding site plans, planned unit developments, conditional uses, shoreline substantial development permits, site plan review, permits or approvals required by critical area ordinances, site-specific rezones authorized by a comprehensive plan or subarea plan, but excluding the adoption or amendment of a comprehensive plan, subarea plan, or development regulations except as otherwise specifically included in this subsection.

(5) "Public meeting" means an informal meeting, hearing, workshop, or other public gathering of people to obtain comments from the public or other agencies on a proposed project permit prior to the local government's decision. A public meeting may include, but is not limited to, a design review or architectural control board meeting, a special review district or community council meeting, or a scoping meeting on a draft environmental impact statement. A public meeting does not include an open record hearing. The proceedings at a public meeting may be recorded and a report or recommendation may be included in the local government's project permit application file. [1995 c 347 § 402.]
planned unit developments and conditional and special uses, if the criteria for their approval have been satisfied;

(b) Density of residential development in urban growth areas; and

(c) Availability and adequacy of public facilities identified in the comprehensive plan, if the plan or development regulations provide for funding of these facilities as required by chapter 36.70A RCW.

(3) During project review, the local government or any subsequent reviewing body shall not reexamine alternatives to or hear appeals on the items identified in subsection (2) of this section, except for issues of code interpretation. As part of its project review process, a local government shall provide a procedure for obtaining a code interpretation as provided in RCW 36.70B.110.

(4) Pursuant to RCW 43.21C.240, a local government may determine that the requirements for environmental analysis and mitigation measures in development regulations and other applicable laws provide adequate mitigation for some or all of the project's specific adverse environmental impacts to which the requirements apply.

(5) Nothing in this section limits the authority of a permitting agency to approve, condition, or deny a project as provided in its development regulations adopted under chapter 36.70A RCW and in its policies adopted under RCW 43.21C.060. Project review shall be used to identify specific project design and conditions relating to the character of development, such as the details of site plans, curb cuts, drainage swales, transportation demand management, the payment of impact fees, or other measures to mitigate a proposal's probable adverse environmental impacts, if applicable.

(6) Subsections (1) through (4) of this section apply only to local governments planning under RCW 36.70A.040. [1995 c 347 § 404.]

Intent—Findings—1995 c 347 §§ 404 and 405: "In enacting RCW 36.70B.030 and 36.70B.040, the legislature intends to establish a mechanism for implementing the provisions of chapter 36.70A RCW regarding compliance, conformity, and consistency of proposed projects with adopted comprehensive plans and development regulations. In order to achieve this purpose the legislature finds that:

(1) Given the extensive investment that public agencies and a broad spectrum of the public are making and will continue to make in comprehensive plans and development regulations for their communities, it is essential that project review start from the fundamental land use planning choices made in these plans and regulations. If the applicable regulations or plans identify the type of land use, specify residential density in urban growth areas, and identify and provide for funding of public facilities needed to serve the proposed development and site, these decisions at a minimum provide the foundation for further project review unless there is a question of code interpretation. The project review process, including the environmental review process under chapter 43.21C RCW and the consideration of consistency, should start from this point and should not reanalyze these land use planning decisions in making a permit decision. (2) Comprehensive plans and development regulations adopted by local governments under chapter 36.70A RCW and environmental laws and rules adopted by the state and federal government have addressed a wide range of environmental subjects and impacts. These provisions typically require environmental studies and contain specific standards to address various impacts associated with a proposed development, such as building size and location, drainage, transportation requirements, and protection of critical areas. When a permitting agency applies these existing requirements to a proposed project, some or all of a project's potential environmental impacts will be avoided or otherwise mitigated. Through the integrated project review process described in subsection (1) of this section, the local government will determine whether existing requirements, including the applicable regulations or plans, adequately analyze and address a project's environmental impacts. RCW 43.21C.240 provides that project review should not require additional studies or mitigation under chapter 43.21C RCW where existing regulations have adequately addressed a proposed project's probable specific adverse environmental impacts.

(3) Given the hundreds of jurisdictions and agencies in the state and the numerous communities and applicants affected by development regulations and comprehensive plans adopted under chapter 36.70A RCW, it is essential to establish a uniform framework for considering the consistency of a proposed project with the applicable regulations or plan. Consistency should be determined in the project review process by considering four factors found in applicable regulations or plans: The type of land use allowed; the level of development allowed, such as units per acre or other measures of density; infrastructure, such as the adequacy of public facilities and services to serve the proposed project; and the character of the proposed development, such as compliance with specific development standards. This uniform approach corresponds to existing project review practices and will not place a burden on applicants or local government. The legislature intends that this approach should be largely a matter of checking compliance with existing requirements for most projects, which are simple or routine, while more complex projects may require more analysis. RCW 43.21C.240 and 36.70B.030 establish this uniform framework and also direct state agencies to consult with local government and the public to develop a better format than the current environmental checklist to meet this objective.

(4) When an applicant applies for a project permit, consistency between the proposed project and applicable regulations or plan should be determined through a project review process that integrates land use and environmental impact analysis, so that governmental and public review of the proposed project as required by this chapter, by development regulations under chapter 36.70A RCW, and by the environmental process under chapter 43.21C RCW run concurrently and not separately.

(5) RCW 36.70B.030 and 36.70B.040 address three related needs with respect to how the project review process should address consistency between a proposed project and the applicable regulations or plan:

(a) A uniform framework for the meaning of consistency;

(b) An emphasis on relying on existing requirements and adopted standards, with the use of supplemental authority as specified by chapter 43.21C RCW to the extent that existing requirements do not adequately address a project's specific probable adverse environmental impacts; and

(c) The identification of three basic land use planning choices made in applicable regulations or plans that, at a minimum, serve as a foundation for project review and that should not be reanalyzed during project permitting." [1995 c 347 § 403.]

36.70B.040 Determination of consistency. (1) A proposed project's consistency with a local government's development regulations adopted under chapter 36.70A RCW, or, in the absence of applicable development regulations, the appropriate elements of the comprehensive plan or subarea plan adopted under chapter 36.70A RCW shall be determined by consideration of:

(a) The type of land use;

(b) The level of development, such as units per acre or other measures of density;

(c) Infrastructure, including public facilities and services needed to serve the development; and

(d) The character of the development, such as development standards.

(2) In determining consistency, the determinations made pursuant to RCW 36.70B.030(2) shall be controlling.

(3) For purposes of this section, the term "consistency" shall include all terms used in this chapter and chapter 36.70A RCW to refer to performance in accordance with this chapter and chapter 36.70A RCW, including but not limited to compliance, conformity, and consistency.

(4) Nothing in this section requires documentation, dictates an agency's procedures for considering consistency, or limits a unit of government from asking more specific or related questions with respect to any of the four main cate-
36.70B.050 Local government review of project permit applications—Objectives. Not later than March 31, 1996, each local government shall provide by ordinance or resolution for review of project permit applications to achieve the following objectives:

(1) Combine the environmental review process, both procedural and substantive, with the procedure for review of project permits; and

(2) Except for the appeal of a determination of significance as provided in RCW 43.21C.075, provide for no more than one open record hearing and one closed record appeal. [1995 c 347 § 406.]

36.70B.060 Local governments planning under the growth management act to establish integrated and consolidated project permit process—Required elements. Not later than March 31, 1996, each local government planning under RCW 36.70A.040 shall establish by ordinance or resolution an integrated and consolidated project permit process that may be included in its development regulations. In addition to the elements required by RCW 36.70B.050, the process shall include the following elements:

(1) A determination of completeness to the applicant as required by RCW 36.70B.070;

(2) A notice of application to the public and agencies with jurisdiction as required by RCW 36.70B.110;

(3) Except as provided in RCW 36.70B.140, an optional consolidated project permit review process as provided in RCW 36.70B.120. The review process shall provide for no more than one consolidated open record hearing and one closed record appeal. If an open record predecision hearing is provided prior to the decision on a project permit, the process shall not allow a subsequent open record appeal hearing;

(4) Provision allowing for any public meeting or required open record hearing to be combined with any public meeting or open record hearing that may be held on the project by another local, state, regional, federal, or other agency, in accordance with provisions of RCW 36.70B.090 and 36.70B.110;

(5) A single report stating all the decisions made as of the date of the report on all project permits included in the consolidated permit process that do not require an open record predecision hearing and any recommendations on project permits that do not require an open record predecision hearing. The report shall state any mitigation required or proposed under the development regulations or the agency's authority under RCW 43.21C.060. The report may be the local permit. If a threshold determination other than a determination of significance has not been issued previously by the local government, the report shall include or append this determination;

(6) Except for the appeal of a determination of significance as provided in RCW 43.21C.075, if a local government elects to provide an appeal of its threshold determinations or project permit decisions, the local government shall provide for no more than one consolidated open record hearing on such appeal. The local government need not provide for any further appeal and may provide an appeal for some but not all project permit decisions. If an appeal is provided after the open record hearing, it shall be a closed record appeal before a single decision-making body or officer;

(7) A notice of decision as required by RCW 36.70B.130 and issued within the time period provided in RCW 36.70B.080 and 36.70B.090;

(8) Completion of project review by the local government, including environmental review and public review and any appeals to the local government, within any applicable time periods under RCW 36.70B.090; and

(9) Any other provisions not inconsistent with the requirements of this chapter or chapter 43.21C RCW. [1995 c 347 § 407.]

36.70B.070 Project permit applications—Determination of completeness—Notice to applicant. (1) Within twenty-eight days after receiving a project permit application, a local government planning pursuant to RCW 36.70A.040 shall mail or provide in person a written determination to the applicant, stating either:

(a) That the application is complete; or

(b) That the application is incomplete and what is necessary to make the application complete.

To the extent known by the local government, the local government shall identify other agencies of local, state, or federal governments that may have jurisdiction over some aspect of the application.

(2) A project permit application is complete for purposes of this section when it meets the procedural submission requirements of the local government and is sufficient for continued processing even though additional information may be required or project modifications may be undertaken subsequently. The determination of completeness shall not preclude the local government from requesting additional information or studies either at the time of the notice of completeness or subsequently if new information is required or substantial changes in the proposed action occur.

(3) The determination of completeness may include the following as optional information:

(a) A preliminary determination of those development regulations that will be used for project mitigation;

(b) A preliminary determination of consistency, as provided under RCW 36.70B.040; or

(c) Other information the local government chooses to include.

(4)(a) An application shall be deemed complete under this section if the local government does not provide a written determination to the applicant that the application is incomplete as provided in subsection (1)(b) of this section.

(b) Within fourteen days after an application has submitted to a local government additional information identified by the local government as being necessary for a complete application, the local government shall notify the applicant whether the application is complete or what additional information is necessary. Such development regulations shall specify the contents of a completed project permit application necessary for the application of such time periods and procedures. [1995 c 347 § 409; 1994 c 257 § 3. 36.70B.090 Notice of final decision—Time limits—Exceptions. (Expires June 30, 1998.) (1) Except as otherwise provided in subsection (2) of this section, a local government planning under RCW 36.70A.040 shall issue its notice of final decision on a project permit application within one hundred twenty days after the local government notifies the applicant that the application is complete, as provided in RCW 36.70B.070. In determining the number of days that have elapsed after the local government has notified the applicant that the application is complete, the following periods shall be excluded:

(a)(i) Any period during which the applicant has been requested by the local government to correct plans, perform required studies, or provide additional required information. The period shall be calculated from the date the local government notifies the applicant of the need for additional information until the earlier of the date the local government determines whether the additional information satisfies the request for information or fourteen days after the date the information has been provided to the local government.

(ii) If the local government determines that the information submitted by the applicant under (a)(i) of this subsection is insufficient, it shall notify the applicant of the deficiencies and the procedures under (a)(i) of this subsection shall apply as if a new request for studies had been made;

(b) Any period during which an environmental impact statement is being prepared following a determination of significance pursuant to chapter 43.21C RCW, if the local government by ordinance or resolution has established time periods for completion of environmental impact statements, or if the local government and the applicant in writing agree to a time period for completion of an environmental impact statement;

(c) Any period for administrative appeals of project permits, if an open record appeal hearing or a closed record appeal, or both, are allowed. The local government by ordinance or resolution shall establish a time period to consider and decide such appeals. The time period shall not exceed: (i) Ninety days for an open record appeal hearing; and (ii) sixty days for a closed record appeal. The parties to an appeal may agree to extend these time periods; and

(d) Any extension of time mutually agreed upon by the applicant and the local government.

(2) The time limits established by subsection (1) of this section do not apply if a project permit application:

(a) Requires an amendment to the comprehensive plan or a development regulation;

(b) Requires approval of a new fully contained community as provided in RCW 36.70A.350, a master planned resort as provided in RCW 36.70A.360, or the siting of an essential public facility as provided in RCW 36.70A.200; or

(c) Is substantially revised by the applicant, in which case the time period shall start from the date at which the revised project application is determined to be complete under RCW 36.70B.070.

(3) If the local government is unable to issue its final decision within the time limits provided for in this section, it shall provide written notice of this fact to the project applicant. The notice shall include a statement of reasons why the time limits have not been met and an estimated date for issuance of the notice of final decision.

(4) This section shall apply to project permit applications filed on or after April 1, 1996. [1995 c 347 § 413.]

Expiration date—Application—1995 c 347 §§ 413 and 421: "Sections 413 and 421 of this act shall expire June 30, 1998. The provisions of sections 413 and 421 of this act shall apply to project permit applications determined to be complete pursuant to RCW 36.70B.070 on or before June 30, 1998." [1995 c 347 § 433.]

36.70B.100 Designation of person or entity to receive determinations and notices. A local government may require the applicant for a project permit to designate a single person or entity to receive determinations and notices required by this chapter. [1995 c 347 § 414.]

36.70B.110 Notice of application—Required elements—Integration with other review procedures—Administrative appeals. (1) Not later than April 1, 1996, a local government planning under RCW 36.70A.040 shall provide a notice of application to the public and the departments and agencies with jurisdiction as provided in this section. If a local government has made a determination of significance under chapter 43.21C RCW concurrently with the notice of application, the notice of application shall be combined with the determination of significance and scoping notice. Nothing in this section prevents a determination of significance and scoping notice from being issued prior to the notice of application.
(2) The notice of application shall be provided within fourteen days after the determination of completeness as provided in RCW 36.70B.070 and include the following in whatever sequence or format the local government deems appropriate:

(a) The date of application, the date of the notice of completion for the application, and the date of the notice of application;

(b) A description of the proposed project action and a list of the project permits included in the application and, if applicable, a list of any studies requested under RCW 36.70B.070 or 36.70B.090;

(c) The identification of other permits not included in the application to the extent known by the local government;

(d) The identification of existing environmental documents that evaluate the proposed project, and, if not otherwise stated on the document providing the notice of application, such as a city land use bulletin, the location where the application and any studies can be reviewed;

(e) A statement of the public comment period, which shall be not less than fourteen nor more than thirty days following the date of notice of application, and statements of the right of any person to comment on the application, receive notice of and participate in any hearings, request a copy of the decision once made, and any appeal rights. A local government may accept public comments at any time prior to the closing of the record of an open record predecision hearing, if any, or, if no open record predecision hearing is provided, prior to the decision on the project permit;

(f) The date, time, place, and type of hearing, if applicable and scheduled at the date of notice of the application;

(g) A statement of the preliminary determination, if one has been made at the time of notice, of those development regulations that will be used for project mitigation and of consistency as provided in RCW 36.70B.040; and

(h) Any other information determined appropriate by the local government.

(3) If an open record predecision hearing is required for the requested project permits, the notice of application shall be provided at least fifteen days prior to the open record hearing.

(4) A local government shall use reasonable methods to give the notice of application to the public and agencies with jurisdiction and may use its existing notice procedures. A local government may use different types of notice for different categories of project permits or types of project actions. If a local government by resolution or ordinance does not specify its method of public notice, the local government shall use the methods provided for in (a) and (b) of this subsection. Examples of reasonable methods to inform the public are:

(a) Posting the property for site-specific proposals;

(b) Publishing notice, including at least the project location, description, type of permit(s) required, comment period dates, and location where the complete application may be reviewed, in the newspaper of general circulation in the general area where the proposal is located or in a local land use newsletter published by the local government;

(c) Notifying public or private groups with known interest in a certain proposal or in the type of proposal being considered;

(d) Notifying the news media;

(e) Placing notices in appropriate regional or neighborhood newspapers or trade journals;

(f) Publishing notice in agency newsletters or sending notice to agency mailing lists, either general lists or lists for specific proposals or subject areas; and

(g) Mailing to neighboring property owners.

(5) A notice of application shall not be required for project permits that are categorically exempt under chapter 43.21C RCW, unless a public comment period or an open record predecision hearing is required.

(6) A local government shall integrate the permit procedures in this section with environmental review under chapter 43.21C RCW as follows:

(a) Except for a determination of significance, the local government may not issue its threshold determination, or issue a decision or a recommendation on a project permit until the expiration of the public comment period on the notice of application.

(b) If an open record predecision hearing is required and the local government's threshold determination requires public notice under chapter 43.21C RCW, the local government shall issue its threshold determination at least fifteen days prior to the open record predecision hearing.

(c) Comments shall be as specific as possible.

(7) A local government may combine any hearing on a project permit with any hearing that may be held by another local, state, regional, federal, or other agency provided that the hearing is held within the geographic boundary of the local government. Hearings shall be combined if requested by an applicant, as long as the joint hearing can be held within the time periods specified in RCW 36.70B.090 or the applicant agrees to the schedule in the event that additional time is needed in order to combine the hearings. All agencies of the state of Washington, including municipal corporations and counties participating in a combined hearing, are hereby authorized to issue joint hearing notices and develop a joint format, select a mutually acceptable hearing body or officer, and take such other actions as may be necessary to hold joint hearings consistent with each of their respective statutory obligations.

(8) All state and local agencies shall cooperate to the fullest extent possible with the local government in holding a joint hearing if requested to do so, as long as:

(a) The agency is not expressly prohibited by statute from doing so;

(b) Sufficient notice of the hearing is given to meet each of the agencies' adopted notice requirements as set forth in statute, ordinance, or rule; and

(c) The agency has received the necessary information about the proposed project from the applicant to hold its hearing at the same time as the local government hearing.

(9) A local government is not required to provide for administrative appeals. If provided, an administrative appeal of the project decision, combined with any environmental determinations, shall be filed within fourteen days after the notice of the decision or after other notice that the decision has been made and is appealable. The local government shall extend the appeal period for an additional seven days, if state or local rules adopted pursuant to chapter 43.21C RCW allow public comment on a determination of
nonsignificance issued as part of the appealable project permit decision.

(10) The applicant for a project permit is deemed to be a participant in any comment period, open record hearing, or closed record appeal.

(11) Each local government planning under RCW 36.70A.040 shall adopt procedures for administrative interpretation of its development regulations. [1995 c 347 § 415.]

36.70B.120 Permit review process. (1) Each local government planning under RCW 36.70A.040 shall establish a permit review process that provides for the integrated and consolidated review and decision on two or more project permits relating to a proposed project action, including a single application review and approval process covering all project permits requested by an applicant for all or part of a project action and a designated permit coordinator. If an applicant elects the consolidated permit review process, the determination of completeness, notice of application, and notice of final decision must include all project permits being reviewed through the consolidated permit review process.

(2) Consolidated permit review may provide different procedures for different categories of project permits, but if a project action requires project permits from more than one category, the local government shall provide for consolidated permit review with a single open record hearing and no more than one closed record appeal as provided in RCW 36.70B.060. Each local government shall determine which project permits are subject to an open record hearing and a closed record appeal. Examples of categories of project permits include but are not limited to:

(a) Proposals that are categorically exempt from chapter 43.21C RCW, such as construction permits, that do not require environmental review or public notice;
(b) Permits that require environmental review, but no open record predetermination hearing; and
(c) Permits that require a threshold determination and an open record predetermination hearing and may provide for a closed record appeal to a hearing body or officer or to the local government legislative body.

(3) A local government may provide by ordinance or resolution for the same or a different decision maker or hearing body or officer for different categories of project permits. In the case of consolidated project permit review, the local government shall specify which decision makers shall make the decision or recommendation, conduct the hearing, or decide the appeal to ensure that consolidated permit review occurs as provided in this section. The consolidated permit review may combine an open record predetermination hearing on one or more permits with an open record appeal hearing on other permits. In such cases, the local government by ordinance or resolution shall specify which project permits, if any, shall be subject to a closed record appeal. [1995 c 347 § 416.]

36.70B.130 Notice of decision—Distribution. A local government planning under RCW 36.70A.040 shall provide a notice of decision that also includes a statement of any threshold determination made under chapter 43.21C RCW and the procedures for administrative appeal, if any. The notice of decision may be a copy of the report or decision on the project permit application. The notice shall be provided to the applicant and to any person who, prior to the rendering of the decision, requested notice of the decision or submitted substantive comments on the application. The local government shall provide for notice of its decision as provided in RCW 36.70B.110(4), which shall also state that affected property owners may request a change in valuation for property tax purposes notwithstanding any program of revaluation. The local government shall provide notice of decision to the county assessor's office of the county or counties in which the property is situated. [1996 c 254 § 1; 1995 c 347 § 417.]

36.70B.140 Project permits that may be excluded from review. (1) A local government by ordinance or resolution may exclude the following project permits from the provisions of RCW 36.70B.060 through 36.70B.090 and 36.70B.110 through 36.70B.130: Landmark designations, street vacations, or other approvals relating to the use of public areas or facilities, or other project permits, whether administrative or quasi-judicial, that the local government by ordinance or resolution has determined present special circumstances that warrant a review process different from that provided in RCW 36.70B.060 through 36.70B.090 and 36.70B.110 through 36.70B.130.

(2) A local government by ordinance or resolution also may exclude the following project permits from the provisions of RCW 36.70B.060 and 36.70B.110 through 36.70B.130: Lot line or boundary adjustments and building and other construction permits, or similar administrative approvals, categorically exempt from environmental review under chapter 43.21C RCW, or for which environmental review has been completed in connection with other project permits. [1995 c 347 § 418.]

36.70B.150 Local governments not planning under the growth management act may use provisions. A local government not planning under RCW 36.70A.040 may incorporate some or all of the provisions of RCW 36.70B.060 through 36.70B.090 and 36.70B.110 through 36.70B.130 into its procedures for review of project permits or other project actions. [1995 c 347 § 419.]

36.70B.160 Additional project review encouraged—Construction. (1) Each local government is encouraged to adopt further project review provisions to provide prompt, coordinated review and ensure accountability to applicants and the public, including expedited review for project permit applications for projects that are consistent with adopted development regulations and within the capacity of systemwide infrastructure improvements.

(2) Nothing in this chapter is intended or shall be construed to prevent a local government from requiring a preapplication conference or a public meeting by rule, ordinance, or resolution.

(3) Each local government shall adopt procedures to monitor and enforce permit decisions and conditions.

(4) Nothing in this chapter modifies any independent statutory authority for a government agency to appeal a

(1) A local government may enter into a development agreement with a person having ownership or control of real property within its jurisdiction. A city may enter into a development agreement for real property outside its boundaries as part of a proposed annexation or a service agreement. A development agreement must set forth the development standards and other provisions that shall apply to and govern and vest the development, use, and mitigation of the development of the real property for the duration specified in the agreement. A development agreement shall be consistent with applicable development regulations adopted by a local government planning under chapter 36.70A RCW.

(2) RCW 36.70B.170 through 36.70B.190 and section 501, chapter 347, Laws of 1995 do not affect the validity of a contract rezone, concomitant agreement, annexation agreement, or other agreement in existence on July 23, 1995, or adopted under separate authority, that includes some or all of the development standards provided in subsection (3) of this section.

(3) For the purposes of this section, "development standards" includes, but is not limited to:

(a) Project elements such as permitted uses, residential densities, and nonresidential densities and intensities or building sizes;

(b) The amount and payment of impact fees imposed or agreed to in accordance with any applicable provisions of state law, any reimbursement provisions, other financial contributions by the property owner, inspection fees, or dedications;

(c) Mitigation measures, development conditions, and other requirements under chapter 43.21C RCW;

(d) Design standards such as maximum heights, setbacks, drainage and water quality requirements, landscaping, and other development features;

(e) Affordable housing;

(f) Parks and open space preservation;

(g) Phasing;

(h) Review procedures and standards for implementing decisions;

(i) A build-out or vesting period for applicable standards; and

(j) Any other appropriate development requirement or procedure.

(4) The execution of a development agreement is a proper exercise of county and city police power and contract authority. A development agreement may obligate a party to fund or provide services, infrastructure, or other facilities. A development agreement shall reserve authority to impose new or different regulations to the extent required by a serious threat to public health and safety. [1995 c 347 § 502.]

Findings—Intent—1995 c 347 §§ 502-506: "The legislature finds that the lack of certainty in the approval of development projects can result in a waste of public and private resources, escalate housing costs for consumers and discourage the commitment to comprehensive planning which would make maximum efficient use of resources at the least economic cost to the public. Assurance to a development project applicant that upon government approval the project may proceed in accordance with existing policies and regulations, and subject to conditions of approval, all as set forth in a development agreement, will strengthen the public planning process, encourage private participation and comprehensive planning, and reduce the economic costs of development. Further, the lack of public facilities and services is a serious impediment to development of new housing and commercial uses. Project applicants and local governments may include provisions and agreements whereby applicants are reimbursed over time for financing public facilities. It is the intent of the legislature by RCW 36.70B.170 through 36.70B.210 to allow local governments and owners and developers of real property to enter into development agreements." [1995 c 347 § 501.]

36.70B.180 Development agreements—Effect.

Unless amended or terminated, a development agreement is enforceable during its term by a party to the agreement. A development agreement and the development standards in the agreement govern during the term of the agreement, or for all or that part of the build-out period specified in the agreement, and may not be subject to an amendment to a zoning ordinance or development standard or regulation or a new zoning ordinance or development standard or regulation adopted after the effective date of the agreement. A permit or approval issued by the county or city after the execution of the development agreement must be consistent with the development agreement. [1995 c 347 § 503.]

36.70B.190 Development agreements—Recording—Parties and successors bound. A development agreement shall be recorded with the real property records of the county in which the property is located. During the term of the development agreement, the agreement is binding on the parties and their successors, including a city that assumes jurisdiction through incorporation or annexation of the area covering the property covered by the development agreement. [1995 c 347 § 504.]

36.70B.200 Development agreements—Public hearing. A county or city shall only approve a development agreement by ordinance or resolution after a public hearing. The county or city legislative body or a planning commission, hearing examiner, or other body designated by the legislative body to conduct the public hearing may conduct the hearing. If the development agreement relates to a project permit application, the provisions of chapter 36.70C RCW shall apply to the appeal of the decision on the development agreement. [1995 c 347 § 505.]

36.70B.210 Development agreements—Authority to impose fees not extended. Nothing in RCW 36.70B.170 through 36.70B.200 and section 501, chapter 347, Laws of 1995 is intended to authorize local governments to impose impact fees, inspection fees, or dedications or to require any other financial contributions or mitigation measures except as expressly authorized by other applicable provisions of state law. [1995 c 347 § 506.]

36.70B.220 Permit assistance staff. (1) Each county and city having populations of ten thousand or more that plan under RCW 36.70A.040 shall designate permit assistance staff whose function it is to assist permit applicants. An existing employee may be designated as the permit assistance staff.

(2) Permit assistance staff designated under this section shall:
   (a) Make available to permit applicants all current local government regulations and adopted policies that apply to the subject application. The local government shall provide counter copies thereof and, upon request, provide copies according to chapter 42.17 RCW. The staff shall also publish and keep current one or more handouts containing lists and explanations of all local government regulations and adopted policies;
   (b) Establish and make known to the public the means of obtaining the handouts and related information; and
   (c) Provide assistance regarding the application of the local government’s regulations in particular cases.

(3) Permit assistance staff designated under this section may obtain technical assistance and support in the compilation and production of the handouts under subsection (2) of this section from the municipal research council and the department of community, trade, and economic development. [1996 c 206 § 6.]

Chapter 36.70C

JUDICIAL REVIEW OF LAND USE DECISIONS

Sections
36.70C.005 Short title. This chapter may be known and cited as the land use petition act. [1995 c 347 § 701.]

36.70C.010 Purpose. The purpose of this chapter is to reform the process for judicial review of land use decisions made by local jurisdictions, by establishing uniform, expedited appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely judicial review. [1995 c 347 § 702.]

36.70C.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Land use decision" means a final determination by a local jurisdiction’s body or officer with the highest level of authority to make the determination, including those with authority to hear appeals, on:
   (a) An application for a project permit or other governmental approval required by law before real property may be improved, developed, modified, sold, transferred, or used, but excluding applications for permits or approvals to use, vacate, or transfer streets, parks, and similar types of public property; excluding applications for legislative approvals such as area-wide rezones and annexations; and excluding applications for business licenses;
   (b) An interpretative or declaratory decision regarding the application to a specific property of zoning or other ordinances or rules regulating the improvement, development, modification, maintenance, or use of real property; and
   (c) The enforcement by a local jurisdiction of ordinances regulating the improvement, development, modification, maintenance, or use of real property. However, when a local jurisdiction is required by law to enforce the ordinances in a court of limited jurisdiction, a petition may not be brought under this chapter.

(2) "Local jurisdiction" means a county, city, or incorporated town.

(3) "Person" means an individual, partnership, corporation, association, public or private organization, or governmental entity or agency. [1995 c 347 § 703.]

36.70C.030 Chapter exclusive means of judicial review of land use decisions—Exceptions. (1) This chapter replaces the writ of certiorari for appeal of land use decisions and shall be the exclusive means of judicial review of land use decisions, except that this chapter does not apply to:
   (a) Judicial review of:
      (i) Land use decisions made by bodies that are not part of a local jurisdiction;
      (ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board or the growth management hearings board;
   (b) Judicial review of applications for a writ of mandamus or prohibition;
   (c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The
36.70C.040 Commencement of review—Land use petition—Procedure. (1) Proceedings for review under this chapter shall be commenced by filing a land use petition in superior court.

(2) A land use petition is barred, and the court may not grant review, unless the petition is timely filed with the court and timely served on the following persons who shall be parties to the review of the land use petition:

(a) The local jurisdiction, which for purposes of the petition shall be the jurisdiction's corporate entity and not an individual decision maker or department;

(b) Each of the following persons if the person is not the petitioner:
   (i) Each person identified by name and address in the local jurisdiction's written decision as an applicant for the permit or approval at issue; and
   (ii) Each person identified by name and address in the local jurisdiction's written decision as an owner of the property at issue;

(c) If no person is identified in a written decision as provided in (b) of this subsection, each person identified by name and address as a taxpayer for the property at issue in the records of the county assessor, based upon the description of the property in the application; and

(d) Each person named in the written decision who filed an appeal to a local jurisdiction quasi-judicial decision maker regarding the land use decision at issue, unless the person has abandoned the appeal or the person's claims were dismissed before the quasi-judicial decision was rendered. Persons who later intervened or joined in the appeal are not required to be made parties under this subsection.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance of the land use decision.

(4) For the purposes of this section, the date on which a land use decision is issued is:

(a) Three days after a written decision is mailed by the local jurisdiction or, if not mailed, the date on which the local jurisdiction provides notice that a written decision is publicly available;

(b) If the land use decision is made by ordinance or resolution by a legislative body sitting in a quasi-judicial capacity, the date the body passes the ordinance or resolution; or

(c) If neither (a) nor (b) of this subsection applies, the date the decision is entered into the public record.

(5) Service on the local jurisdiction must be by delivery of a copy of the petition to the persons identified by or pursuant to RCW 4.28.080 to receive service of process. Service on other parties must be in accordance with the superior court civil rules or by first class mail to:

(a) The address stated in the written decision of the local jurisdiction for each person made a party under subsection (2)(b) of this section;

(b) The address stated in the records of the county assessor for each person made a party under subsection (2)(c) of this section; and

(c) The address stated in the appeal to the quasi-judicial decision maker for each person made a party under subsection (2)(d) of this section.

(6) Service by mail is effective on the date of mailing and proof of service shall be by affidavit or declaration under penalty of perjury. [1995 c 347 § 705.]

36.70C.050 Joinder of parties. If the applicant for the land use approval is not the owner of the real property at issue, and if the owner is not accurately identified in the records referred to in RCW 36.70C.040(2) (b) and (c), the applicant shall be responsible for promptly securing the joinder of the owners. In addition, within fourteen days after service each party initially named by the petitioner shall disclose to the other parties the name and address of any person whom such party knows may be needed for just adjudication of the petition, and the petitioner shall promptly name and serve any such person whom the petitioner agrees may be needed for just adjudication. If such a person is named and served before the initial hearing, leave of court for the joinder is not required, and the petitioner shall provide the newly joined party with copies of the pleadings filed before the party's joinder. Failure by the petitioner to name or serve, within the time required by RCW 36.70C.040(3), persons who are needed for just adjudication but who are not identified in the records referred to in RCW 36.70C.040(2)(b), or in RCW 36.70C.040(2)(c) if applicable, shall not deprive the court of jurisdiction to hear the land use petition. [1995 c 347 § 706.]

36.70C.060 Standing. Standing to bring a land use petition under this chapter is limited to the following persons:

(1) The applicant and the owner of property to which the land use decision is directed;

(2) Another person aggrieved or adversely affected by the land use decision, or who would be aggrieved or adversely affected by a reversal or modification of the land use decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(a) The land use decision has prejudiced or is likely to prejudice that person;

(b) That person's asserted interests are among those that the local jurisdiction was required to consider when it made the land use decision;

(c) A judgment in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the land use decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law. [1995 c 347 § 707.]

36.70C.070 Land use petition—Required elements. A land use petition must set forth:

(1) The name and mailing address of the petitioner;

(2) The name and mailing address of the petitioner's attorney, if any;
(3) The name and mailing address of the local jurisdiction whose land use decision is at issue;

(4) Identification of the decision-making body or officer, together with a duplicate copy of the decision, or, if not a written decision, a summary or brief description of it;

(5) Identification of each person to be made a party under RCW 36.70C.040(2) (b) through (d);

(6) Facts demonstrating that the petitioner has standing to seek judicial review under RCW 36.70C.060;

(7) A separate and concise statement of each error alleged to have been committed;

(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and

(9) A request for relief, specifying the type and extent of relief requested. [1995 c 347 § 708.]

36.70C.080 Initial hearing. (1) Within seven days after the petition is served on the parties identified in RCW 36.70C.040(2), the petitioner shall note, according to the local rules of superior court, an initial hearing on jurisdictional and preliminary matters. This initial hearing shall be set no sooner than thirty-five days and no later than fifty days after the petition is served on the parties identified in RCW 36.70C.040(2).

(2) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner. Where confirmation of motions is required, each party shall be responsible for confirming its own motions.

(3) The defenses of lack of standing, untimely filing or service of the petition, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the court allows discovery on such issues.

(4) The petitioner shall move the court for an order at the initial hearing that sets the date on which the record must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and sets a date for the hearing or trial on the merits.

(5) The parties may waive the initial hearing by scheduling with the court a date for the hearing or trial on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (3) and (4) of this section.

(6) A party need not file an answer to the petition. [1995 c 347 § 709.]

36.70C.090 Expedited review. The court shall provide expedited review of petitions filed under this chapter. The matter must be set for hearing within sixty days of the date set for submitting the local jurisdiction’s record, absent a showing of good cause for a different date or a stipulation of the parties. [1995 c 347 § 710.]

36.70C.100 Stay of action pending review. (1) A petitioner or other party may request the court to stay or suspend an action by the local jurisdiction or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) A court may grant a stay only if the court finds that:

(a) The party requesting the stay is likely to prevail on the merits;

(b) Without the stay the party requesting it will suffer irreparable harm;

(c) The grant of a stay will not substantially harm other parties to the proceedings; and

(d) The request for the stay is timely in light of the circumstances of the case.

(3) The court may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay. [1995 c 347 § 711.]

36.70C.110 Record for judicial review—Costs. (1) Within forty-five days after entry of an order to submit the record, or within such a further time as the court allows or as the parties agree, the local jurisdiction shall submit to the court a certified copy of the record for judicial review of the land use decision, except that the petitioner shall prepare at the petitioner’s expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the court, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the court.

(3) The petitioner shall pay the local jurisdiction the cost of preparing the record before the local jurisdiction submits the record to the court. Failure by the petitioner to timely pay the local jurisdiction relieves the local jurisdiction of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the court shall equitably assess the cost of preparing the record among the parties. In assessing costs the court shall take into account the extent to which each party prevailed and the reasonableness of the parties’ conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section. [1995 c 347 § 712.]

36.70C.120 Scope of review—Discovery. (1) When the land use decision being reviewed was made by a quasi-judicial body or officer who made factual determinations in support of the decision and the parties to the quasi-judicial proceeding had an opportunity consistent with due process to make a record on the factual issues, judicial review of factual issues and the conclusions drawn from the factual issues shall be confined to the record created by the quasi-judicial body or officer, except as provided in subsections (2) through (4) of this section.

(2) For decisions described in subsection (1) of this section, the record may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the body or of the officer that made the land use decision, when such grounds were unknown by the petitioner at the time the record was created;
Judicial Review of Land Use Decisions

36.70C.130 Standards for granting relief. (1) The superior court, acting without a jury, shall review the record and such supplemental evidence as is permitted under RCW 36.70C.120. The court may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the land use decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;
(b) The land use decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by a local jurisdiction with expertise;
(c) The land use decision is not supported by evidence that is substantial when viewed in light of the whole record before the court;
(d) The land use decision is a clearly erroneous application of the law to the facts;
(e) The land use decision is outside the authority or jurisdiction of the body or officer making the decision; or
(f) The land use decision violates the constitutional rights of the party seeking relief.

(2) In order to grant relief under this chapter, it is not necessary for the court to find that the local jurisdiction engaged in arbitrary and capricious conduct. A grant of relief by itself may not be deemed to establish liability for monetary damages or compensation. [1995 c 347 § 714.]

36.70C.140 Decision of the court. The court may affirm or reverse the land use decision under review or remand it for modification or further proceedings. If the decision is remanded for modification or further proceedings, the court may make such an order as it finds necessary to preserve the interests of the parties and the public, pending further proceedings or action by the local jurisdiction. [1995 c 347 § 715.]

36.70C.900 Finding—Severability—Part headings and table of contents not law—1995 c 347. See notes following RCW 36.70A.470.

Roads and bridges, service districts: Chapter 36.83 RCW.

36.73.010 Intent. The legislature finds that the citizens of the state can benefit by cooperation of the public and private sectors in addressing transportation needs. This cooperation can be fostered through enhanced capability for cities, towns, and counties to make and fund transportation improvements necessitated by economic development.

It is the intent of the legislature to encourage joint efforts by the state, local governments, and the private sector to respond to the need for those transportation improvements on state highways, county roads, and city streets. This goal can be better achieved by allowing cities, towns, and counties to establish transportation benefit districts in order to respond to the special transportation needs and economic opportunities resulting from private sector development for the public good. The legislature also seeks to facilitate the equitable participation of private developers whose developments may generate the need for those improvements in the improvement costs. [1987 c 327 § 1.]

36.73.020 Establishment of district by county. The legislative authority of a county may establish one or more transportation benefit districts within the county for the purpose of acquiring, constructing, improving, providing, and funding any city street, county road, or state highway improvement within the district that is (1) consistent with state, regional, and local transportation plans, (2) necessitated by existing or reasonably foreseeable congestion levels attributable to economic growth, and (3) partially funded by local government or private developer contributions, or a combination of such contributions. Such transportation improvements shall be owned by the county of jurisdiction if located in an unincorporated area, by the city of jurisdiction if located in an incorporated area, or by the state in cases where the transportation improvement is or becomes a state highway; and all such transportation improvements shall be administered and maintained as other public streets, roads, and highways. The district may not include any area within the corporate limits of a city unless the city legislative authority has agreed to the inclusion pursuant to chapter 39.34 RCW. The agreement shall specify the area and such powers as may be granted to the benefit district.

The members of the county legislative authority, acting ex officio and independently, shall compose the governing body of the district: PROVIDED, That where a transportation benefit district includes any portion of an incorporated city, town, or another county, the district may be governed as provided in an interlocal agreement adopted pursuant to chapter 39.34 RCW. The county treasurer shall act as the ex officio treasurer of the district. The electors of the district shall all be registered voters residing within the district. For purposes of this section, the term "city" means both cities and towns. [1989 c 53 § 1; 1987 c 327 § 2.]

Severability—1989 c 53: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 53 § 5.]

36.73.030 Establishment of district by city. See RCW 35.21.225.

36.73.040 General powers of district. A transportation benefit district is a quasi-municipal corporation, an independent taxing "authority" within the meaning of Article

(1996 Ed.)
VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

A transportation benefit district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. Public works contract limits applicable to the jurisdiction that established the district shall apply to the district. [1987 c 327 § 5.]

Severability—1989 c 53: See note following RCW 36.73.020.

36.73.050 Establishment of district—Public hearing. (1) A city or county legislative authority proposing to establish a transportation benefit district, or to modify the boundaries of an existing district, or to dissolve an existing district, shall conduct a hearing at the time and place specified in a notice published at least once, not less than ten days before the hearing, in a newspaper of general circulation within the proposed district. The legislative authority shall make provision for a district to be automatically dissolved when all indebtedness of the district has been retired and anticipated responsibilities have been satisfied. This notice shall be in addition to any other notice required by law to be published. The notice shall, where applicable, specify the functions or activities proposed to be provided or funded, or the additional functions or activities proposed to be provided or funded, by the district. Additional notice of the hearing may be given by mail, by posting within the proposed district, or in any manner the city or county legislative authority deems necessary to notify affected persons. All hearings shall be public and the city or county legislative authority shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the district.

(2) Following the hearing held pursuant to subsection (1) of this section, the city or county legislative authority may establish a transportation benefit district, modify the boundaries or functions of an existing district, or dissolve an existing district, if the city or county legislative authority finds the action to be in the public interest and adopts an ordinance providing for the action. The ordinance establishing a district shall specify the functions or activities to be exercised or funded and establish the boundaries of the district. A district shall include only those areas which can reasonably be expected to benefit from improvements to be funded by the district. Functions or activities proposed to be provided or funded by the district may not be expanded beyond those specified in the notice of hearing, unless additional notices are made, further hearings on the expansion are held, and further determinations are made that it is in the public interest to so expand the functions or activities proposed to be provided or funded.

(3) At any time before the city or county legislative authority establishes a transportation benefit district pursuant to this section, all further proceedings shall be terminated upon the filing of a verified declaration of termination signed by the owners of real property consisting of at least sixty percent of the assessed valuation in the proposed district. [1987 c 327 § 5.]

36.73.060 Authority to levy property tax. (1) A transportation benefit district may levy an ad valorem property tax in excess of the one percent limitation upon the property within the district for a one-year period whenever authorized by the voters of the district pursuant to RCW 84.52.052 and Article VII, section 2(a) of the state Constitution.

(2) A district may provide for the retirement of voter-approved general obligation bonds, issued for capital purposes only, by levying bond retirement ad valorem property tax levies in excess of the one percent limitation whenever authorized by the voters of the district pursuant to Article VII, section 2(b) of the state Constitution and RCW 84.52.056. [1987 c 327 § 6.]

36.73.070 Authority to issue general obligation bonds. (1) To carry out the purpose of this chapter, a transportation benefit district may issue general obligation bonds, not to exceed an amount, together with any other outstanding nonvoter-approved general obligation indebtedness, equal to three-eighths of one percent of the value of taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015. A district may additionally issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to one and one-fourth percent of the value of the taxable property within the district, as the term "value of taxable property" is defined in RCW 39.36.015, when authorized by the voters of the district pursuant to Article VIII, section 6 of the state Constitution, and to provide for the retirement thereof by excess property tax levies as provided in RCW 36.73.060(2). The district may submit a single proposition to the voters that, if approved, authorizes both the issuance of the bonds and the bond retirement property tax levies.

(2) General obligation bonds with a maturity in excess of forty years shall not be issued. The governing body of the transportation benefit district shall by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the transportation
benefit district which issues the bonds may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. The district may also pledge any other revenues that may be available to the district. [1987 c 327 § 7.]

36.73.080 Local improvement districts authorized—Special assessments—Bonds. (1) A transportation benefit district may form a local improvement district to provide any transportation improvement it has the authority to provide, impose special assessments on all property specially benefited by the transportation improvements, and issue special assessment bonds or revenue bonds to fund the costs of the transportation improvement. Local improvement districts shall be created and assessments shall be made and collected pursuant to chapters 35.43, 35.44, 35.49, 35.50, 35.51, 35.53, and 35.54 RCW.

(2) The governing body of a transportation benefit district shall by resolution establish for each special assessment bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. The maximum term of any special assessment bonds shall not exceed thirty years beyond the date of issue. Special assessment bonds issued pursuant to this section shall not be an indebtedness of the transportation benefit district issuing the bonds, and the interest and principal on the bonds shall only be payable from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund that the transportation benefit district has created. The owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section shall not have any claim against the transportation benefit district arising from the bond or coupon except for the payment from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the transportation benefit district has created. The district issuing the special assessment bonds is not liable to the owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section for any loss occurring in the lawful operation of its local improvement guaranty fund. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each special assessment bond issued pursuant to this section.

(3) Assessments shall reflect any credits given by a transportation benefit district for real property or property right donations made pursuant to RCW 47.14.030.

(4) The governing body may establish and pay moneys into a local improvement guaranty fund to guarantee special assessment bonds issued by the transportation benefit district. [1987 c 327 § 8.]

36.73.090 Printing of bonds. Where physical bonds are issued pursuant to RCW 36.73.070 or 36.73.080, the bonds shall be printed, engraved, or lithographed on good bond paper and the manual or facsimile signatures of both the treasurer and chairperson of the governing body shall be included on each bond. [1987 c 327 § 9.]

36.73.100 Use of bond proceeds. (1) The proceeds of any bond issued pursuant to RCW 36.73.070 or 36.73.080 may be used to pay costs incurred on such bond issue related to the sale and issuance of the bonds. Such costs include payments for fiscal and legal expenses, obtaining bond ratings, printing, engraving, advertising, and other similar activities.

(2) In addition, proceeds of bonds used to fund capital projects may be used to pay the necessary and related engineering, architectural, planning, and inspection costs. [1987 c 327 § 10.]

36.73.110 Acceptance and use of gifts and grants. A transportation benefit district may accept and expend or use gifts, grants, and donations. [1987 c 327 § 11.]

36.73.120 Imposition of fees on building construction or land development—Limitations. (1) A transportation benefit district may impose a fee or charge on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land only if done in accordance with chapter 39.92 RCW.

(2) Any fee or charge imposed under this section shall be used exclusively for transportation improvements constructed by a transportation benefit district. The fees or charges so imposed must be reasonably necessary as a result of the impact of development, construction, or classification or reclassification of land on identified transportation needs.

(3) When fees or charges are imposed by a district within which there is more than one city or both incorporated and unincorporated areas, the legislative authority for each city in the district and the county legislative authority for the unincorporated area must approve the imposition of such fees or charges before they take effect. [1988 c 179 § 7; 1987 c 327 § 12.]

36.73.130 Power of eminent domain. A transportation benefit district may exercise the power of eminent domain to obtain property for its authorized purposes in the manner as the city or county legislative authority that established the district. [1987 c 327 § 13.]

36.73.140 Authority to contract for street and highway improvements. A transportation benefit district has the same powers as a county or city to contract for street, road, or state highway improvement projects and to

(1996 Ed.)
enter into reimbursement contracts provided for in chapter
35.72 RCW. [1987 c 327 § 14.]

36.73.150 Department of transportation may fund
improvement projects. The department of transportation,
counties, and cities may give funds to transportation benefit
districts for the purposes of financing street, road, or
highway improvement projects. [1987 c 327 § 15.]

36.73.900 Liberal construction. The rule of strict
construction does not apply to this chapter, and this chapter
shall be liberally construed to permit the accomplishment
of its purposes. [1987 c 327 § 16.]

The construction of approaches, culverts, fills, or such other drainage facilities as may be required, shall be under the supervision of the county road engineer, and all such construction shall be at the expense of the person benefited by the construction. The board of county commissioners of any county may erect and construct or acquire by purchase, gift, or condemnation, any bridge, trestle, or any other structure which crosses any stream, body of water, gulch, navigable water, swamp or other topographical formation requiring such structure for the continuation or connection of any county road if such topographical formation constitutes the boundary of a city, town, another county or the state of Washington or another state or a county, city or town of such other state.

The board of such county may join with such city, town, other county, the state of Washington, or other state, or a county, city or town of such other state in paying for, erecting, constructing, acquiring by purchase, gift, or condemnation any such bridge, trestle, or other structure, and the purchase or condemnation of right of way therefor.

The board of any county may construct, maintain, and operate any county road which forms the boundary line between another county within the state or another county in any other state or which through its meandering crosses and recrosses such boundary; and acquire by purchase or condemnation any lands or rights within this state, either within or without its county, necessary for such boundary road; and enter into joint contracts with authorities of adjoining counties for the construction, operation, and maintenance of such boundary roads. The power of condemnation herein granted may be exercised jointly by two counties in the manner provided in RCW 36.75.170 for bridges, or it may be exercised by a single county in the manner authorized by law. [1963 c 4 § 36.75.160. Prior: 1943 c 82 § 3; 1937 c 187 § 26; Rem. Supp. 1943 § 6450-26.]

In the event two counties or any county and any city wish to join in paying for the erection or acquisition of any such structure, the resolution provided in this section shall be a joint resolution of the governing authorities of the counties and cities and they shall further, by such resolution, designate an engineer employed by one county to report upon the proposed erection or acquisition. [1963 c 4 § 36.75.170. Prior: 1937 c 187 § 27; RRS § 6450-27.]

The petition shall be accompanied by a bond with the same requirements, conditions, and amount and in the same manner as in case of a freeholders' petition for the establishing of a county road. Upon the filing of
such petition and bond and being satisfied that the petition has been signed by freeholders residing in the vicinity of such proposed bridge, trestle, or other structure, the board shall direct the county road engineer to report upon the project, dividing any just proportional cost thereof.

In the event two counties or any county and any city or town are petitioned to join in paying for the erection or acquisition of such structure, the board of county commissioners of the counties or the board of county commissioners of the county and governing authorities of the city or town shall act jointly in the selection of the engineer who shall report upon such acquisition or erection. If upon the hearing the governing authorities jointly order the erection and construction or acquisition of such bridge, trestle, or other structure, they may jointly acquire land necessary therefor by purchase, gift, or condemnation in the manner as provided for acquiring land for county roads, and shall advertise calls for bids, require contractor's deposit and bond, award contracts, and supervise construction as by law provided and in the same manner as required in the case of the construction of county roads.

Any such bridges, trestles or other structures may be operated free, or may be operated as toll bridges, trestles, or other structures under the provisions of the laws of this state relating thereto. [1963 c 4 § 36.75.190. Prior: 1937 c 187 § 29; RRS § 6450-29.]

The legislative authority of any county may, whenever a majority thereof so decides, submit to the voters of their county the question whether the legislative authority shall be authorized to issue negotiable road bonds of the county in an amount subject to the limitations on indebtedness provided for in RCW 39.36.020(2), for the purpose of constructing a new road or roads, or improving established roads within the county, or for aiding in so doing, as herein prescribed.

The word "improvement" wherever used in this section and RCW 36.76.090, 36.76.100, 36.76.110, 36.76.120, and 36.76.130 shall embrace any undertaking for any or all of such purposes. The word "road" shall embrace all highways, roads, streets, avenues, bridges, and other public ways.

The provisions of this section and RCW 36.76.090, 36.76.100, 36.76.110, 36.76.120, and 36.76.130 shall apply not only to roads which are or shall be under the general control of the county, but also to all parts of state roads in such county and to all roads which are situated or are to be constructed wholly or partly within the limits of any incorporated city or town therein, provided the county legislative authority finds that they form or will become a part of the public highway system of the county, and will connect the existing roads therein. Such finding may be made by the county legislative authority at any stage of the proceedings before the actual delivery of the bonds.

The constructing or improving of any and all such roads, or the aiding therein, is declared to be a county purpose.

The question of the issuance of bonds for any undertaking which relates to a number of different roads or parts thereof, whether intended to supply the whole expenditure or to aid therein, may be submitted to the voters as a single proposition in all cases where such course is consistent with the provisions of the state Constitution. If the county legislative authority, in submitting a proposition relating to different roads or parts thereof, finds that such proposition has for its object the furtherance and accomplishment of the construction of a system of public and county highways in such county, and constitutes and has for its object a single purpose, such finding shall be presumed to be correct, and upon the issuance of the bonds the presumption shall become conclusive.

No proposition for bonds shall be submitted which proposes that more than forty percent of the proceeds thereof shall be expended within any city or town or within any number of cities and towns. [1983 c 167 § 90; 1971 c 76 § 2; 1970 ex.s. c 42 § 22; 1963 c 4 § 36.76.080. Prior: 1913 c 25 § 1; RRS § 5592.]

36.76.090 How to be held—Issuance of bonds. The election shall be held as provided in RCW 39.36.050. If three-fifths of the legal ballots cast on the question of issuing bonds for the improvement contemplated in RCW 36.76.080 are in favor of the bond issue, the county legislative authority must issue the general obligation bonds. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW. [1984 c 186 § 31; 1983 c 167 § 91; 1970 ex.s. c 56 § 53; 1969 ex.s. c 232 § 29; 1963 c 4 § 36.76.090. Prior: 1913 c 25 § 2; RRS § 5593.]

Purpose—1984 c 186: See note following RCW 39.46.110.

Liberal construction—Severability—1983 c 167: See RCW 39.46.010 and note following.

Validation—Saving—Severability—1969 ex.s. c 232: See notes following RCW 39.52.020.

36.76.100 Notice of election. The notice of this election shall state which road or roads are to be built or improved. The notice need not describe the road or roads with particularity, but it shall be sufficient either to describe them by termini and with a general statement as to their course, or to use any other appropriate language sufficient to show the purpose intended to be accomplished. The county legislative authority may, at its option, give such other or further notice as it may deem advisable. [1984 c 186 § 32; 1963 c 4 § 36.76.100. Prior: 1913 c 25 § 4; RRS § 5595.]

Purpose—1984 c 186: See note following RCW 39.46.110.

36.76.110 Disposition of proceeds—City assistance. When the bonds are sold, the money arising therefrom shall be immediately paid into the treasury of the county, and shall be drawn only for the improvement for which they were issued, under the general direction of the board: PROVIDED, That if the improvement includes in whole or in part the constructing or improving of one or more roads, or any part or parts thereof, within the limits of an incorporated city or town, and if the county commissioners find that
the amount of the proceeds of the bonds intended to be
expended for the improvements within such corporate limits
will probably not be sufficient to defray the entire expense
of the improvement therein, and if they further find it to be
equitable that the city or town should bear the remainder of
the expense, they may postpone any expenditure therefor
from the proceeds of the bonds until the city or town makes
provision by ordinance for proceeding with the improvement
within its corporate limits at its own expense insofar as
concerns the cost thereof and above the amount of bond
proceeds available therefor.

In such case it shall be lawful for the county commis-
sioners to consent, under such general directions as they
shall impose, that the proper authorities of the city or town
shall have actual charge of making the proposed improve-
ment within the corporate limits. The city or town shall
acquire any needed property or rights and do the work by
contract or otherwise in accordance with its charter or
ordinances, but the same shall be subject to the approval of
the county commissioners insofar as concerns any payment
therefor from the proceeds of the bonds.

In such case, as the work progresses and money is
needed to pay therefor, the county commissioners shall, from
time to time, by proper order, specifying the amount and
purpose, direct the county treasurer to turn over to the city
or town treasurer such part or parts of the proceeds of the
bonds as may be justly applicable to such improvement or
part thereof within such city or town, and any money so
received by the city or town treasurer shall be inviolably
applied to the purpose specified. When that portion of the
entire improvement which lies within any such city or town
can readily be separated into parts, the procedure authorized
by this section may be pursued separately as to any one or
more of such parts of the general improvement.

Nothing contained in this section shall be construed to
render the county liable for any greater part of the expense
of any improvement or part thereof within any city or town
than the proper amount of the proceeds of such bonds, or to
prevent the city or town from raising any part of the cost of
any such improvement or part thereof, over and above the
amount arising from the proceeds of the bonds, by assess-
ment upon property benefited, or by contribution from any
of its general or special funds in accordance with the provi-
sions of the charter or laws governing such city or town.
The provisions of this section, other than the direction for
the payment into the county treasury of the money arising
from the sale of the bonds, need not be complied with until
after the issuance of the bonds and the validity of the bonds
shall not be dependent upon such compliance. [1963 c 4 §
36.76.110. Prior: 1913 c 25 § 5; RRS § 5596.]

36.76.120 Payment of principal and interest. The county legislative authority must ascertain and levy annually
a tax sufficient to pay the interest on all such bonds when-
evitably becomes due and to meet the annual maturities of
principal. The county treasurer must pay out of any money
accumulated from the taxes levied to pay the interest as
aforesaid, the interest upon all such bonds when it becomes
due as provided on the bond or, if coupons are attached to
a bond, upon presentation at the place of payment of the
proper coupon. Any interest payments or coupons so paid
must be reported to the county legislative authority at its first
meeting thereafter. Whenever interest is payable at any
place other than the city in which the county treasurer keeps
his office, the county treasurer shall seasonably remit to the
state fiscal agent the amount of money required for the
payment of any interest which is about to fall due. When
any such bonds or any interest is paid, the county treasurer
shall suitably and indelibly cancel them. [1984 c 186 § 33;

vote, and by submission to the voters under the same pro-
dure required in RCW 36.76.090 and 36.76.100, issue
general obligation bonds for the purpose of contributing
money, or the bonds themselves, to the department to help
finance the construction of toll bridges across topographical
formations constituting boundaries between the county and
an adjoining county, or a toll bridge across topographical
formation located wholly within an adjoining county, which
in the discretion of the county legislative authority, directly
or indirectly benefits the county. The bonds may be

Upon approval of such maps, plans, and specifications and the filing thereof the board shall, if it determines that the work shall be done by contract, advertise a call for bids upon such construction work by publication in the official county paper and also one trade paper of general circulation in the county, in one issue of each such paper at least once in each week for two consecutive weeks prior to the time set in the call for bids for the opening of bids. Should the bidder to whom the contract is awarded fail to enter into the contract and furnish the contractor’s bond as required within ten days after notice of the award, exclusive of the day of notice, the amount of the bid deposit shall be forfeited to the county and placed in the county road fund and the contract awarded to the next lowest and best bidder. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. The bid deposit of all unsuccessful bidders shall be returned after the contract is awarded and the required contractor’s bond given by the successful bidder is accepted by the board. 36.77.065 Day labor construction projects or programs—"County road construction budget" defined—Amounts—Violations. The board may cause any county road to be constructed or improved by day labor as provided in this section.

(1) As used in this section, "county road construction budget" means the aggregate total of those costs as defined by the budgeting, accounting, and reporting system for counties and cities and other local governments authorized under RCW 43.09.200 and 43.09.230 as prescribed in the state auditor’s budget, accounting, and reporting manual’s (BARS) road and street construction accounts $41.00 through $41.90 in effect April 1, 1975: PROVIDED, That such costs shall not include those costs assigned to the preliminary engineering account $41.11, right of way accounts $41.20 through $41.25, ancillary operations account $41.80, and ferries account $41.81 in the budget, accounting, and reporting manual.

(2) The total amount of day labor construction programs one county may perform annually shall total no more than the amounts determined in the following manner:

(a) Any county with a total annual county road construction budget of four million dollars or more may accumulate a day labor road construction budget equal to no more than eight hundred thousand dollars or fifteen percent of the county’s total annual county road construction budget, whichever is greater.

(b) Any county with a total annual county road construction budget over one million five hundred thousand dollars and less than four million dollars may accumulate a day labor road construction budget equal to no more than five hundred twenty-five thousand dollars or twenty percent of the county’s total annual county road construction budget, whichever is greater.

(c) Any county with a total annual county road construction budget over five hundred thousand dollars and less than one million five hundred thousand dollars may accumulate a day labor road construction budget equal to two hundred fifty thousand dollars or thirty-five percent of the county’s total annual county road construction budget, whichever is greater.

(d) Any county with a total annual county road construction budget less than five hundred thousand dollars may accumulate a day labor road construction budget equal to two hundred fifty thousand dollars: PROVIDED, That any county with a total annual road construction budget of less than five hundred thousand dollars may, by resolution of the board at the time the county road construction budget is adopted, elect to construct or improve county roads by day labor in an amount not to exceed thirty-five thousand dollars on any one project, including labor, equipment, and materials; such election to be in lieu of the two hundred fifty thousand dollar limit provided for in this section, except that any project means a complete project and the division of any project into units of work or classes of work so as to permit construction by day labor is not authorized.

Any county that adopts a county road construction budget unreasonably exceeding that county’s actual road construction expenditures for the same budget year which has the effect of permitting the county to exceed the day labor amounts established in this section is in violation of the county road administration board’s standards of good practice under RCW 36.78.020 and is in violation of this section. Any county, whose expenditure for day labor for road construction projects unreasonably exceeds the limits specified in this section, is in violation of the county road
administration board's standards of good practice under RCW 36.78.020 and is in violation of this section.

(3) Notwithstanding any other provision in this section, whenever the construction work or improvement is the installation of electrical traffic control devices, highway illumination equipment, electrical equipment, wires, or equipment to convey electrical current, in an amount exceeding ten thousand dollars for any one project including labor, equipment, and materials, such work shall be performed by contract as in this chapter provided. This section means a complete project and does not permit the construction of any project by day labor by division of the project into units of work or classes of work. [1980 c 40 § 1.]

Effective date—1980 c 40: "This act shall take effect on January 1, 1981." [1980 c 40 § 3.] For codification of 1980 c 40, see Codification Tables, Volume 0.

36.77.070 Publication of information on day labor projects—Penalty—Prosecution. If the board determines that any construction should be performed by day labor, and the estimated cost of the work exceeds twenty-five hundred dollars, it shall cause to be published in one issue of a newspaper of general circulation in the county, a brief description of the work to be done and the county road engineer's estimate of the cost thereof. At the completion of such construction, the board shall cause to be published in one issue of such a newspaper a similar brief description of the work together with an accurate statement of the true and complete cost of performing such construction by day labor.

Failure to make the required publication shall subject each county commissioner to a fine of one hundred dollars for which he shall be liable individually and upon his official bond and the prosecuting attorney shall prosecute for violation of the provisions of this section and RCW 36.77.065. [1983 c 3 § 81; 1963 c 4 § 36.77.070. Prior: 1949 c 156 § 9, part; 1943 c 82 § 4, part; 1937 c 187 § 34, part; Rem. Supp. 1949 § 6450-34, part.]

36.77.075 County roads—Small works roster. In lieu of the procedure for awarding contracts that is provided in RCW 36.77.020 through 36.77.040, a county may award contracts for public works projects on county roads with an estimated value of one hundred thousand dollars or less using a small works roster process as provided in RCW 39.04.155. [1991 c 363 § 81.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

(a) Have submitted to the state department of transportation or to the board all reports required by law or regulation of the board; and

(b) Have reasonably complied with provisions of law relating to county road administration and with the standards of good practice as formulated and adopted by the board.

(2) The board shall not transmit to the state treasurer a certificate of good practice on behalf of any county failing to meet the requirements of subsection (1) of this section, but the board shall in such case and before May 1st, notify the county and the state treasurer of its reasons for withholding the certificate.

(3) The state treasurer, upon receiving a notice that a certificate of good practice will not be issued on behalf of a county, or that a previously issued certificate of good practice has been revoked, shall, effective the first day of the month after that in which notice is received, withhold from such county its share of motor vehicle fuel taxes distributable pursuant to RCW 46.68.120 until the board thereafter issues on behalf of such county a certificate of good practice or a conditional certificate. After withholding or revoking a certificate of good practice with respect to any county, the board may thereafter at any time issue such a certificate or a conditional certificate when the board is satisfied that the county has complied or is diligently attempting to comply with the requirements of subsection (1) of this section.

(4) The board may, upon notice and a hearing, revoke a previously issued certificate of good practice or substitute a conditional certificate therefor when, after issuance of a certificate of good practice, any county fails to meet the requirements of subsection (1) (a) and (b) of this section, but the board shall in such case notify the county and the state treasurer of its reasons for the revocation or substitution.

(5) Motor vehicle fuel taxes withheld from any county pursuant to this section shall not be distributed to any other county, but shall be retained in the motor vehicle fund to the credit of the county originally entitled thereto. 36.78.100 Conditional certificates. Whenever the board finds that a county has failed to submit the reports required by RCW 36.78.090, or has failed to comply with provisions of law relating to county road administration or has failed to meet the standards of good practice as formulated and adopted by the board, the board may in lieu of withholding or revoking a certificate of good practice issue and transmit to the state treasurer on behalf of such county a conditional certificate which will authorize the continued distribution to such county all or a designated portion of its share of motor vehicle fuel taxes. The issuance of such a conditional certificate shall be upon terms and conditions as shall be deemed by the board to be appropriate. In the event a county on whose behalf a conditional certificate is issued fails to comply with the terms and conditions of such certificate, the board may forthwith cancel or modify such certificate notifying the state treasurer thereof. In such case the state treasurer shall thereafter withhold from such county all or the designated portion of its share of the motor vehicle fuel taxes as provided in RCW 36.78.090. 36.79.010 Definitions. The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Rural arterial program" means improvement projects on those two systems of county roads in rural areas classified as major collectors and minor collectors in accordance with the federal functional classification system and the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas.

(2) "Rural area" means every area of the state outside of areas designated as urban areas by the state transportation commission with the approval of the secretary of the United States department of transportation in accordance with federal law.

(3) "Board" means the county road administration board created by RCW 36.78.030. [1988 c 26 § 1; 1983 1st ex.s. c 49 § 1.]

36.79.020 Rural arterial trust account. There is created in the motor vehicle fund the rural arterial trust account. All moneys deposited in the motor vehicle fund to be credited to the rural arterial trust account shall be expended for (1) the construction and improvement of county major and minor collectors in rural areas, (2) the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas, and (3) for those expenses of the board associated with the administration of the rural arterial program. [1988 c 26 § 2; 1983 1st ex.s. c 49 § 2.]

Certain motor vehicle fuel tax revenues to be deposited in rural arterial trust account: RCW 82.36.025.

36.79.030 Apportionment of rural arterial trust account funds—Regions established. For the purpose of apportioning rural arterial trust account funds, the state is divided into five regions as follows:

(1) The Puget Sound region includes those areas within the counties of King, Pierce, and Snohomish.

(2) The northwest region includes those areas within the counties of Clallam, Jefferson, Island, Kitsap, San Juan, Skagit, and Whatcom.

(3) The northeast region includes those areas within the counties of Adams, Chelan, Douglas, Ferry, Grant, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, and Whitman.

(4) The southeast region includes those areas within the counties of Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Klickitat, Walla Walla, and Yakima.

(5) The southwest region includes those areas within the counties of Clark, Cowitz, Grays Harbor, Lewis, Mason, Pacific, Skamania, Thurston, and Wahkiakum. [1983 1st ex.s. c 49 § 3.]
36.79.040 Apportionment of rural arterial trust account funds—Apportionment formula. Funds available for expenditure by the board pursuant to RCW 36.79.020 shall be apportioned to the five regions for expenditure upon county arterials in rural areas in the following manner:

1. One-third in the ratio which the land area of the rural areas of each region bears to the total land area of all rural areas of the state;

2. Two-thirds in the ratio which the mileage of county major and minor collectors in rural areas of each region bears to the total mileage of county major and minor collectors in all rural areas of the state.

The board shall adjust the schedule for apportionment of such funds to the five regions in the manner provided in this section before the commencement of each fiscal biennium. [1983 1st ex.s. c 49 § 4.]

36.79.050 Apportionment of rural arterial trust account funds—Establishment of apportionment percentages. At the beginning of each fiscal biennium, the board shall establish apportionment percentages for the five regions defined in RCW 36.79.030 in the manner prescribed in RCW 36.79.040 for that biennium. The apportionment percentages shall be used once each calendar quarter by the board to apportion funds credited to the rural arterial trust account that are available for expenditure for rural major and minor collector projects and for construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas. The funds so apportioned shall remain apportioned until expended on construction projects in accordance with rules of the board. Within each region, funds shall be allocated by the board to counties for the construction of specific rural arterial projects on major and minor collectors and construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas in accordance with the procedures set forth in this chapter. [1988 c 26 § 3; 1983 1st ex.s. c 49 § 5.]

36.79.060 Powers and duties of board. The board shall:

1. Adopt rules necessary to implement the provisions of this chapter relating to the allocation of funds in the rural arterial trust account to counties;

2. Adopt reasonably uniform design standards for county major and minor collectors that meet the requirements for trucks transporting commodities;

3. Report biennially on the first day of November of the even-numbered years to the legislative transportation committee and the house and senate transportation committees regarding the progress of counties in developing plans for their rural major and minor collector construction programs and the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas and the allocation of rural arterial trust funds to the counties. [1988 c 26 § 4; 1983 1st ex.s. c 49 § 6.]

36.79.070 Board may contract with department of transportation for staff services and facilities. The board may contract with the department of transportation to furnish any necessary staff services and facilities required in the administration of the rural arterial program. The cost of such services that are attributable to the rural arterial program, together with travel expenses in accordance with RCW 43.03.050 and 43.03.060 of the members and all other lawful expenses of the board that are attributable to the rural arterial program, shall be paid from the rural arterial trust account in the motor vehicle fund. [1983 1st ex.s. c 49 § 7.]

36.79.080 Six-year program for rural arterial improvements—Selection of priority improvement projects. In preparing their respective six-year programs relating to rural arterial improvements, counties shall select specific priority improvement projects for each functional class of arterial based on the rating of each arterial section proposed to be improved in relation to other arterial sections within the same functional class, taking into account the following:

1. Its structural ability to carry loads imposed upon it;

2. Its capacity to move traffic at reasonable speeds;

3. Its adequacy of alignment and related geometrics;

4. Its accident experience; and

5. Its fatal accident experience.

The six-year construction programs shall remain flexible and subject to annual revision as provided in RCW 36.81.121. [1983 1st ex.s. c 49 § 8.]

36.79.090 Six-year program for rural arterial improvements—Review and revision by board. Upon receipt of a county’s revised six-year program, the board as soon as practicable shall review and may revise the construction program as it relates to rural arterials and the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas for which rural arterial trust account moneys are requested as necessary to conform to (1) the priority rating of the proposed project, based upon the factors in RCW 36.79.080, in relation to proposed projects in all other rural arterial construction programs submitted by the counties and within each region; and (2) the amount of rural arterial trust account funds that the board estimates will be apportioned to the region. [1988 c 26 § 5; 1983 1st ex.s. c 49 § 10.]

36.79.100 Rural arterial improvements—Coordination with municipal and state projects. Whenever a rural arterial enters a city or town, the proper city or town and county officials shall jointly plan the improvement of the arterial in their respective long-range plans. Whenever a rural arterial connects with and will be substantially affected by a programmed construction project on a state highway, the proper county officials shall jointly plan the development of such arterial with the department of transportation district administrator. The board shall adopt rules encouraging the system development of county-city arterials in rural areas and rural arterials with state highways. [1983 1st ex.s. c 49 § 9.]

36.79.110 Coordination of transportation improvement board and county road administration board. The county road administration board and the transportation improvement board shall jointly adopt rules to assure coordination of their respective programs especially with respect to projects proposed by the group of incorporated

[Title 36 RCW—page 206]
cities outside the boundaries of federally approved urban areas, and to encourage the system development of county-city arterials in rural areas. [1988 c 167 § 7; 1983 1st ex.s. c 49 § 11.]

Savings—Severability—1988 c 167: See notes following RCW 47.26.121.

36.79.120 Rural arterial trust account—Matching funds. Counties receiving funds from the rural arterial trust account for construction of arterials and the construction of replacement bridges funded by the federal bridge replacement program on access roads in rural areas shall provide such matching funds as established by rules recommended by the board, subject to review, revision, and final approval by the state transportation commission. Matching requirements shall be established after appropriate studies by the board, taking into account financial resources available to counties to meet arterial needs. [1988 c 26 § 6; 1983 1st ex.s. c 49 § 12.]

36.79.130 Recommended budget for expenditures from rural arterial trust account—Inclusion in transportation budget. Not later than November 1st of each even-numbered year the board shall prepare and present to the state transportation commission a recommended budget for expenditures from the rural arterial trust account during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the rural arterial trust account.

The state transportation commission shall review the budget as recommended, revise the budget as it deems proper, and include the budget as revised as a separate section of the transportation budget which it shall submit to the governor pursuant to chapter 43.88 RCW. [1983 1st ex.s. c 49 § 13.]

36.79.140 Expenditures from rural arterial trust account—Approval by board. At the time the board reviews the six-year program of each county each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 36.79.130, the portion of the rural arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve rural arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 36.79.090. Only those counties that during the preceding twelve months have spent all revenues collected for road purposes only for such purposes, including traffic law enforcement, as are allowed to the state by Article II, section 40 of the state Constitution are eligible to receive funds from the rural arterial trust account: PROVIDED HOWEVER, That counties with a population of from five thousand to less than eight thousand are exempt from this eligibility restriction: AND PROVIDED FURTHER, That counties expending revenues collected for road purposes only on other governmental services after authorization from the voters of that county under RCW 84.55.050 are also exempt from this eligibility restriction. The board shall authorize rural arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve rural arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The board may, within the constraints of available rural arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting county that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the county was developed. The proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW 36.79.080. [1991 c 363 § 84; 1990 c 42 § 104; 1984 c 113 § 1; 1983 1st ex.s. c 49 § 14.]

36.79.150 Allocation of funds to rural arterial projects—Subsequent application for increased allocation—Withholding of funds for noncompliance. (1) Whenever the board approves a rural arterial project it shall determine the amount of rural arterial trust account funds to be allocated for such project. The allocation shall be based upon information contained in the six-year plan submitted by the county seeking approval of the project and upon such further investigation as the board deems necessary. The board shall adopt reasonable rules pursuant to which rural arterial trust account funds allocated to a project may be increased upon a subsequent application of the county constructing the project. The rules adopted by the board shall take into account, but shall not be limited to, the following factors: (a) The financial effect of increasing the original allocation for the project upon other rural arterial projects either approved or requested; (b) whether the project for which an additional allocation is requested can be reduced in scope while retaining a usable segment; (c) whether the original cost of the project shown in the applicant’s six-year program was based upon reasonable engineering estimates; and (d) whether the requested additional allocation is to pay for an expansion in the scope of work originally approved.

(2) The board shall not allocate funds, nor make payments under RCW 36.79.160, to any county or city identified by the governor under RCW 36.70A.340. [1991 sp.s. c 32 § 31; 1983 1st ex.s. c 49 § 15.]

Section headings not law—1991 sp.s. c 32: See RCW 36.70A.902.

36.79.160 Payment of rural arterial trust account funds. (1) Upon completion of a preliminary proposal, the county submitting the proposal shall submit to the board its voucher for payment of the trust account share of the cost. Upon the completion of an approved rural arterial construction project, the county constructing the project shall submit to the board its voucher for the payment of the trust account share of the cost. The chairman of the board or his desig-
nated agent shall approve such voucher when proper to do so, for payment from the rural arterial trust account to the county submitting the voucher.

(2) The board may adopt rules providing for the approval of payments of funds in the rural arterial trust account to a county for costs of preliminary proposal, and costs of construction of an approved project from time to time as work progresses. These payments shall at no time exceed the rural arterial trust account share of the costs of construction incurred to the date of the voucher covering the payment. [1983 1st ex.s. c 49 § 17.]

36.79.170 County may appeal decision of board—Hearing. The legislative body of any county feeling aggrieved by any action or decision of the board with respect to this chapter may appeal to the secretary of transportation by filing a notice of appeal within ninety days after the action or decision of the board. The notice shall specify the action or decision of which complaint is made. The secretary shall fix a time for a hearing on the appeal at the earliest convenient time and shall notify the county auditor and the chairman of the board by certified mail at least twenty days before the date of the hearing. At the hearing the secretary shall receive evidence from the county filing the appeal and from the board. After the hearing the secretary shall make such order as in the secretary's judgment is just and proper. [1983 1st ex.s. c 49 § 18.]

36.79.900 Severability—1983 1st ex.s. c 49. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 49 § 32.]

36.79.901 Effective date—1983 1st ex.s. c 49. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect on July 1, 1983. [1983 1st ex.s. c 49 § 33.]

36.81.121 Perpetual advanced six-year plans for coordinated transportation program, expenditures—Nonmotorized transportation—Railroad right-of-way. (1) Before July 1st of each year, the legislative authority of each county, after one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the county has adopted a comprehensive plan pursuant to chapter 35.63 or 36.70 RCW, the inherent authority of a charter county derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan.

The program shall include proposed road and bridge construction work and other transportation facilities and programs deemed appropriate, and for those counties operating ferries shall also include a separate section showing proposed capital expenditures for ferries, docks, and related facilities. Copies of the program shall be filed with the county road administration board and with the state secretary of transportation not more than thirty days after its adoption by the legislative authority. The purpose of this section is to assure that each county shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative authority but only after a public hearing thereon.

(2) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this
section shall contain information as to how a county will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for nonmotorized transportation purposes.

(3) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county shall act to preserve railroad right-of-way in the event the railroad ceases to operate in the county's jurisdiction.

(4) The six-year plan for each county shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region. 36.81.122 Provisions for bicycle paths, lanes, routes, roadways and improvements to be included in annual revision or extension of comprehensive road programs—Exception. The annual revision and extension of comprehensive road programs pursuant to RCW 36.81.121 shall include consideration of and, wherever reasonably practicable, provisions for bicycle paths, lanes, routes, and roadways: PROVIDED, That no provision need be made for such a path, lane, route, or roadway where the cost of establishing it would be excessively disproportionate to the need or probable use. [1974 ex.s. c 141 § 9.]

36.81.130 Procedure specified for establishment, construction, and maintenance. The laying out, construction, and maintenance of all county roads shall hereafter be in accordance with the following procedure: On or before the first Monday in October of each year each county road engineer shall file with the county legislative authority a recommended plan for the laying out, construction, maintenance, and special maintenance of county roads for the ensuing fiscal year. Such recommended plan need not be limited to but shall include the following items: Recommended projects, including capital expenditures for ferries, docks, and related facilities, and their priority; the estimated cost of all work, including labor and materials for each project recommended; a statement as to whether such work is to be done by the county forces or by publicly advertised contract; a list of all recommended repairs to and purchases of road equipment, together with the estimated costs thereof. Within ten days of the filing of a petition, the county auditor shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be...
posed as a question: "Shall (name of commissioner) be retained as a road and bridge service district commissioner?" and the question shall be posed separately for each commissioner. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than twenty-five percent of the registered voters residing within the boundaries of the service district and file the signed petitions with the county auditor. Each petition form shall contain the ballot title. The county auditor shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the county auditor shall submit the referendum measure to the registered voters residing in the service district in a special election no later than one hundred twenty days after the signed petition has been filed with the county auditor. Such rights-of-way shall henceforward not be less than sixty feet in width unless a lesser width is specified by the United States. Acceptance shall be by resolution of the board spread upon the records of its proceedings: PROVIDED, That nothing herein contained shall be construed to invalidate the acceptance of such grant by general public use and enjoyment, heretofore or hereafter had. [1963 c 4 § 36.86.050. Prior: 1937 c 187 § 36; RRS § 6450-36.]

No deviation from such design standards as to such primary system may be made without the approval of the state aid engineer for the department of transportation. [1982 c 145 § 3; 1963 c 4 § 36.86.080. Prior: 1949 c 165 § 4; Rem. Supp. 1949 § 6450-8k.]

Confiscated logs may be sold by the county commissioners and the proceeds thereof shall be deposited in the county road fund. [1963 c 4 § 36.86.090. Prior: 1951 c 143 § 1.]

36.86.100 Railroad grade crossings—Obstructions. Each railroad company shall keep its right of way clear of all brush and timber in the vicinity of a railroad grade crossing with a county road for a distance of one hundred feet from the crossing in such a manner as to permit a person upon the road to obtain an unobstructed view in both directions of an approaching train. The county legislative authority shall cause brush and timber to be cleared from the right of way of county roads in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such a manner as to permit a person traveling upon the road to obtain an unobstructed view in both directions of an approaching train. It is unlawful to erect or maintain a sign, signboard, or billboard within a distance of one hundred feet from the point of intersection of the road and railroad grade crossing located outside the corporate limits of any city or town unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the county legislative authority determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a county road or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the county legislative authority or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing. Nothing in this section prevents the posting or maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs conform to the "Manual for Uniform Traffic Control Devices" issued by the state department of transportation. The county legislative authority shall inspect highway grade crossings and make complaint of the violation of any provisions of this section. [1983 c 19 § 1; 1963 c 4 § 36.86.100. Title 36 RCW: Counties

36.88.010 Districts authorized—Purposes. 36.88.015 Additional purposes. All counties have the power to create county road improvement districts for the construction, installation, improvement, operation, and maintenance of street and road lighting systems for any county roads, and subject to the approval of the state department of transportation, for state highways; for safeguards to protect the public from hazards of open canals, flumes, or ditches, and the counties have the power to levy and collect special assessments against the real property specially benefited thereby for the purpose of paying the whole or any part of the cost of the construction, installation, or improvement together with the expense of furnishing electric energy, maintenance, and operation. [1984 c 7 § 41; 1965 c 60 § 2; 1963 c 84 § 2; 1963 c 4 § 36.88.015. Prior: 1959 c 75 § 4; 1953 c 152 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

36.88.020 Formation of district—How initiated. County road improvement districts may be initiated either by resolution of the board of county commissioners or by petition signed by the owners according to the records of the office of the county auditor of property to an aggregate amount of the majority of the lineal frontage upon the contemplated improvement and of the area within the limits of the county road improvement district to be created therefor. [1963 c 4 § 36.88.020. Prior: 1951 c 192 § 2.]

36.88.030 Formation of district—By resolution of intention—Procedure. In case the board of county commissioners shall desire to initiate the formation of a county road improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed road improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, notifying the owners of property therein to appear at a meeting of the board at the time specified in such resolution, and directing the county road engineer to submit to the board at or prior to the date fixed for such hearing a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby and the estimated amount of the cost and expense of such improvement to be borne by each lot, tract or parcel of land or other property, and also designating thereon all property which is being purchased under contract from the county. The resolution of intention shall be published in at least two consecutive issues of a newspaper of general circulation in such county, the date of the first publication to be at least fifteen days prior to the date fixed for such resolution for hearing before the board of county commissioners.

Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract or parcel of land or other property within the proposed improvement district by mailing said notice to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon at least fifteen days before the date fixed for the public hearing. The notice shall refer to the resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date and place of the hearing before the board of county commissioners, and shall contain the directions hereinafter provided for voting upon the formation of the proposed improvement district.

The clerk of the board shall prepare and mail, together with the notice above referred to, a ballot for each owner or reputed owner of any lot, tract or parcel of land within the proposed improvement district. This ballot shall contain the following proposition:

"Shall ...... county road improvement district No. ...... be formed? |
Yes ........................................... □
No ........................................... □"

and, in addition, shall contain appropriate spaces for the signatures of the property owners, and a description of their property, and shall have printed thereon the direction that all ballots must be signed to be valid and must be returned to...
the clerk of the board of county commissioners not later than five o'clock p.m. of a day which shall be one week after the date of the public hearing.

The notice of adoption of the resolution of intention shall also contain the above directions, and, in addition thereto, shall state the rules by which the election shall be governed. [1970 ex.s. c 66 § 2; 1963 c 84 § 3; 1963 c 4 § 36.88.030. Prior: 1951 c 192 § 3.]

36.88.035 Notice must contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a county road improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 5.]

36.88.040 Formation of district—By resolution of intention—Election—Rules. The election provided herein for cases where the improvement is initiated by resolution shall be governed by the following rules: (1) All ballots must be signed by the owner or reputed owner of property within the proposed district according to the records of the county auditor; (2) each ballot must be returned to the clerk of the board not later than one week after the public hearing; (3) each property owner shall have one vote for each full dollar of estimated assessment against his property as determined by the preliminary estimates and assessment roll; (4) the valid ballots shall be tabulated and a majority of the votes cast shall determine whether the formation of the district shall be approved or rejected. [1963 c 4 § 36.88.040. Prior: 1951 c 192 § 4.]

36.88.050 Formation of district—By petition—Procedure. In case any such road improvement shall be initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement, and the fact that the signers thereof are the owners, according to the records of the county auditor of property to an aggregate amount of a majority of the lineal frontage upon the improvement to be made and of the area within the limits of the assessment district to be created therefor.

Upon the filing of such petition the board shall determine whether the same shall be sufficient and whether the property within the proposed district shall be sufficiently developed and if the board shall find the district to be sufficiently developed and the petition to be sufficient, it shall proceed to adopt a resolution setting forth the nature and territorial extent of the improvement petitioned for, designating the number of the proposed improvement district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, notifying the owners of property therein to appear at a meeting of the board at the time specified in such resolution, and directing the county road engineer to submit to the board at or prior to the date fixed for such hearing a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby and the estimated amount of the cost and expense of such improvement to be borne by each lot, tract or parcel of land or other property, and also designating thereon all property which is being purchased under contract from the county. The resolution of intention shall be published in at least two consecutive issues of a newspaper of general circulation in such county, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of county commissioners.

Notice of the adoption of the resolution of intention shall be given each owner or reputed owner of any lot, tract or parcel of land or other property within the proposed improvement district by mailing said notice to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon at least fifteen days before the date fixed for the public hearing. The notice shall refer to the resolution of intention and designate the proposed improvement district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract or parcel, the date and place of the hearing before the board of county commissioners, and the fact that property owners may withdraw their names from the petition or add their names thereto at any time prior to five o'clock p.m. of the day before the hearing. [1963 c 4 § 36.88.050. Prior: 1951 c 192 § 5.]

36.88.060 Formation of district—Hearing—Resolution creating district. Whether the improvement is initiated by petition or resolution the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing, the board may make such changes in the boundaries of the district or such modifications in the plans for the proposed improvement as shall be deemed necessary: PROVIDED, That the board may neither so alter the improvement as to increase the estimated cost by an amount greater than ten percent above that stated in the notice, nor increase the proportionate share of the cost to be borne by assessments from the proportion stated in the notice, nor change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners, in the manner and form and within the time herein provided for the original notice.

At said hearing, the board shall select the method of assessment, ascertain whether the plan of improvement or construction is feasible and whether the benefits to be derived therefrom by the property within the proposed district, together with the amount of any county road fund participation, exceed the costs and expense of the formation of the proposed district and the contemplated construction or improvement and shall make a written finding thereon. In case the proceedings have been initiated by petition, the board shall find whether the petition including all additions thereto or withdrawals therefrom made prior to five o'clock p.m. of the day before the hearing is sufficient within the boundaries of the district so established at said hearing by the board. If said petition shall be found insufficient the
board shall by resolution declare the proceedings terminated. In case the proceedings have been initiated by resolution if the board shall find the improvement to be feasible, it shall continue the hearing until a day not more than fifteen days after the date for returning ballots for the purpose of determining the results of said balloting.

After the hearing the board may proceed to adopt a resolution creating the district and ordering the improvement. Such resolution shall establish such district as the "...... county road improvement district No. ......" Such resolution shall describe the nature and territorial extent of the improvement to be made and the boundaries of the improvement district, shall describe the method of assessment to be used, shall declare the estimated cost and the proportion thereof to be borne by assessments, and shall contain a finding as to the result of the balloting by property owners in case the improvement shall have been initiated by resolution.

Upon the adoption of the resolution establishing the district, the board shall have jurisdiction to proceed with the improvement. The board's findings on the sufficiency of petitions or on the results of the balloting shall be conclusive upon all persons. [1963 c 84 § 4; 1963 c 4 § 36.88.060. Prior: 1951 c 192 § 6.]

36.88.062 Formation of district—Committee or hearing officer may conduct hearings—Report to legislative authority. In lieu of the county legislative authority holding the hearing under RCW 36.88.060 to create the road improvement district, the county legislative authority may adopt an ordinance providing for a committee of the county legislative authority or an officer to conduct the hearings. The committee or hearing officer shall report recommendations on the resolution to the full county legislative authority for final action, which need not hold a hearing on the proposed assessment role and shall either adopt or reject the recommendations. [1994 c 71 § 3.]

36.88.065 Formation of district—Alternative method. If the county legislative authority desires to initiate the formation of a county road improvement district by resolution, it may elect to follow either the procedure set forth in chapter 35.43 RCW or the procedure set forth in RCW 36.88.030, and shall indicate the procedure selected in the resolution of intention. [1985 c 369 § 10.]

36.88.070 Diagram only preliminary determination. The diagram or print herein directed to be submitted to the board shall be in the nature of a preliminary determination upon the method, and estimated amounts, of assessments to be levied upon the property specially benefited by such improvement and shall in no case be construed as being binding or conclusive as to the amount of any assessments which may ultimately be levied. [1963 c 4 § 36.88.070. Prior: 1951 c 192 § 7.]

36.88.072 Waivers of protest—Recording—Limits on enforceability. If an owner of property enters into an agreement with a county waiving the property owner's right under RCW 36.88.030, 36.88.040, 36.88.050, 36.88.060, and 36.88.065 to protest formation of a road improvement district, the agreement must specify the improvements to be financed by the district and shall set forth the effective term of the agreement, which shall not exceed ten years. The agreement must be recorded with the auditor of the county in which the property is located. It is against public policy and void for an owner, by agreement, as a condition imposed in connection with proposed property development, or otherwise, to waive rights to object to the property owner's individual assessment (including the determination of special benefits allocable to the property), or to appeal to the superior court the decision of the county council affirming the final assessment roll. [1988 c 179 § 12.]

36.88.074 Preformation expenditures. The county engineer or other designated official may contract with owners of real property to provide for payment by the owners of the cost of the preparation of engineering plans, surveys, studies, appraisals, legal services, and other expenses associated with improvements to be financed in whole or in part by a local improvement district (not including the cost of actual construction of such improvements), that the owners elect to undertake. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. The contract shall provide that any preformation work shall be conducted only under the direction of the county engineer or other appropriate county authority. [1988 c 179 § 13.]

36.88.076 Credits for other assessments. A county ordering a road improvement upon which special assessments on property specifically benefited by the improvements are levied and collected, may provide as part of the ordinance creating the road improvement district that moneys paid or the cost of facilities constructed by a property owner in the district in satisfaction of obligations under chapter 39.92 RCW, shall be credited against assessments due from the owner of such property at the time the credit is made, if those moneys paid or facilities constructed directly defray the cost of the specified improvements under the district and if credit for such amounts is reflected in the final assessment roll confirmed for the district. [1988 c 179 § 14.]

36.88.078 Assessment reimbursement accounts. A county ordering a road improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part
of the ordinance creating the road improvement district that the payment of an assessment levied for the district on underdeveloped properties may be made by owners of other properties within the district if they so elect, subject to terms of reimbursement set forth in the ordinance. The terms for reimbursement shall require the owners of underdeveloped properties on whose behalf payments of assessments have been made to reimburse all such assessment payments to the party who made them when those properties are developed or redeveloped, together with interest at a rate specified in the ordinance. The ordinance may provide that reimbursement shall be made on a one-time, lump sum basis, or may provide that reimbursement shall be made over a period not to exceed five years. The ordinance may provide that reimbursement shall be made no later than the time of dissolution of the district, or may provide that no reimbursement is due if the underdeveloped properties are not developed or redeveloped before the dissolution of the district.

Reimbursement amounts due from underdeveloped properties under this section are liens upon the underdeveloped properties in the same manner and with like effect as assessments made under this chapter. For the purposes of this section, "underdeveloped properties" may include those properties that, in the discretion of the county legislative authority, (1) are undeveloped or are not developed to their highest and best use, and (2) are likely to be developed or redeveloped before the dissolution of the district. [1988 c 179 § 15.]

36.88.080 Property included in district—Method of assessment—Assessment limited by benefit. Every resolution ordering any improvement mentioned in this chapter, payment for which shall be in whole or in part by special assessments shall establish a road improvement district which shall embrace as near as may be all the property specially benefited by such improvement and the board shall apply thereto such method of assessment as shall be deemed most practical and equitable under the conditions prevailing: PROVIDED, That no assessment as determined by the board of commissioners shall be levied which shall be greater than the special benefits derived from the improvements. [1963 c 84 § 5; 1963 c 4 § 36.88.080. Prior: 1951 c 192 § 8.]

36.88.085 Exemption of farm and agricultural land from special benefit assessments. See RCW 84.34.300 through 84.34.380 and 84.34.922.

36.88.090 Assessment roll—Hearing—Notice—Objections—New hearing. Whenever the assessment roll for any county road improvement district has been prepared, such roll shall be filed with the clerk of the county legislative authority. The county legislative authority shall thereupon by resolution set the date for hearing upon such roll before a board of equalization and direct the clerk to give notice of such hearing and the time and place thereof.

Such notice shall specify such time and place of hearing on such roll and shall notify all persons who may desire to object thereto to make such objection in writing and to file the same with the clerk of the county legislative authority at or prior to the date fixed for such hearing; and that at the time and place fixed and at such other times as the hearing may be continued to, the county legislative authority will sit as a board of equalization for the purpose of considering such roll and at such hearing will consider such objections made thereto, or any part thereof, and will correct, revise, raise, lower, change, or modify such roll or any part thereof, or set aside such roll in order that such assessment be made de novo as to such body shall appear just and equitable and then proceed to confirm the same by resolution.

Notice of the time and place of hearing under such assessment roll shall be given to the owner or reputed owner of the property whose name appears thereon, by mailing a notice thereof at least fifteen days before the date fixed for the hearing to such owner or reputed owner at the address of such owner as shown on the tax rolls of the county treasurer; and in addition thereto such notice shall be published at least two times in a newspaper of general circulation in the county. At least fifteen days must elapse between the date of the first publication of the notice and the date fixed for such hearing. However, mosquito control districts are only required to give notice by publication.

The board of equalization, at the time fixed for hearing objections to the confirmation of the roll, or at such time or times as the hearing may be adjourned to, has power to correct, revise, raise, lower, change, or modify the roll or any part thereof, and to set aside the roll in order that the assessment be made de novo as to the board appears equitable and just, and then shall confirm the same by resolution. All objections shall be in writing and filed with the board and shall state clearly the grounds objected to, and objections not made within the time and in the manner described in this section shall be conclusively presumed to have been waived.

Whenever any such roll is amended so as to raise any assessments appearing thereon, or to include property subject to assessment which has been omitted from the assessment roll for any reason, a new hearing, and a new notice of hearing upon such roll, as amended, shall be given as in the case of an original hearing. At the conclusion of such hearing the board may confirm the same or any portion thereof by resolution and certify the same to the treasurer for collection. Whenever any property has been entered originally on such roll, and the assessment upon such property shall not be raised, no objections to it may be considered by the board or by any court on appeal, unless such objections are made in writing and filed with the board or by any court on appeal, unless such objections are made in writing at or prior to the date fixed for the original hearing upon such roll. [1985 c 369 § 8; 1972 ex.s. c 62 § 1; 1963 c 4 § 36.88.090. Prior: 1951 c 192 § 9.]

36.88.095 Assessment roll—Committee or officer may conduct hearing—Recommendations to legislative authority—Appeals. In lieu of the county legislative authority holding the hearing on assessment roll under RCW 36.88.090 as the board of equalization, the county legislative authority may adopt an ordinance providing for a committee of the county legislative authority or an officer to conduct the hearing on the assessment roll as the board of equalization.

A committee or an officer that sits as a board of adjustment [equalization] shall conduct a hearing on the
proposed assessment roll and shall make recommendations to the full county legislative authority, which need not hold a hearing on the proposed assessment roll and shall either adopt or reject the recommendations. The ordinance shall provide for an appeal procedure by which a property owner may protest his or her assessment that is proposed by the committee or officer to the full county legislative authority and the full county legislative authority may reject or accept any appealed protested assessment and if accepted shall modify the assessment roll accordingly. [1994 c 71 § 4.]

36.88.100 Appeal—Reassessment. The decision of the board upon any objections made within the time and in the manner herein prescribed may be reviewed by the superior court upon an appeal taken thereto in the manner provided for taking appeals from objections in local improvement districts of cities and towns.

The board shall have the same powers of reappraisal and shall proceed to make such reappraisals in the same manner and subject to the same limitations as are provided by law for the making of reappraisals in local improvement districts of cities and towns. [1963 c 4 § 36.88.100. Prior: 1951 c 192 § 10.]

36.88.110 Assessment roll—Conclusive. Whenever any assessment roll for construction or improvements shall have been confirmed by the board, as provided in this chapter, the regularity, validity and correctness of the proceedings relating to such construction or improvement and to the assessment therefor, including the action of the board on such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objection to such roll in the manner and within the time provided in this chapter, and not appealing from the action of the board in confirming such assessment roll in the manner and within the time provided in this chapter. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment or for the sale of any property to pay such assessment or any certificate of delinquency issued therefor or the foreclosure of any lien issued therefor, but this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds that the property about to be sold does not appear upon the assessment roll, or that the assessment has been paid. [1963 c 4 § 36.88.110. Prior: 1951 c 192 § 11.]

36.88.120 Assessment is lien on property—Superiority. The charge on the respective lots, tracts, parcels of land and other property for the purpose of special assessment to pay the cost and expense in whole or in part of any construction or improvement authorized in this chapter, when assessed, and the assessment roll confirmed by the board shall be a lien upon the property assessed from the time said assessment rolls shall be placed in the hands of the county treasurer for collection. Said liens shall be paramount and superior to any other lien or encumbrance whatsoever, theretofore or thereafter created, except a lien for general taxes. [1963 c 4 § 36.88.120. Prior: 1951 c 192 § 12.]

36.88.130 County treasurer—Duties. The county treasurer is hereby designated as the treasurer of all county road improvement districts created hereunder, and shall collect all road improvement district assessments, and the duties and responsibilities herein imposed upon him shall be among the duties and responsibilities of his office for which his bond is given as county treasurer. [1963 c 4 § 36.88.130. Prior: 1951 c 192 § 13.]

36.88.140 Payment of assessment—Delinquent assessments—Penalties—Lien foreclosure. The county legislative authority shall prescribe by resolution within what time such assessment or installments thereof shall be paid, and shall provide for the payment and collection of interest and the rate of interest to be charged on that portion of any assessment which remains unpaid over thirty days after such date. Assessments or installments thereof which are delinquent, shall bear, in addition to such interest, such penalty not less than five percent as shall be prescribed by resolution. Interest and penalty shall be included in and shall be a part of the assessment lien. All liens acquired by the county hereunder shall be foreclosed by the appropriate county officers in the same manner and subject to the same rights of redemption provided by law for the foreclosure of liens held by cities or towns against property in local improvement districts. [1981 c 156 § 11; 1970 ex.s. c 66 § 3; 1963 c 4 § 36.88.140. Prior: 1951 c 192 § 14.]

36.88.145 Property donations—Credit against assessments. The county legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a county road improvement district. The credit granted is available against any assessment, charge, or other required financial contribution for any transportation purpose that uses the donated property. [1987 c 267 § 11.]

Right of way donations: Chapter 47.14 RCW.

36.88.150 Payment of assessment—Record of. Whenever before the sale of any property the amount of any assessment thereon, with interest, penalty, costs and charges accrued thereon, shall be paid to the treasurer, he shall thereon mark the same paid with the date of payment thereof on the assessment roll. [1963 c 4 § 36.88.150. Prior: 1951 c 192 § 15.]

36.88.160 District fund—Purposes—Bond redemptions. All moneys collected by the treasurer upon any assessments under this chapter shall be kept as a separate fund known as "...... , county road improvement district No. ,..... fund." Such funds shall be used for no other purpose than the payment of costs and expense of construction and improvement in such district and the payment of interest or principal of warrants and bonds drawn or issued upon or against said fund for said purposes. Whenever after
payment of the costs and expenses of the improvement there shall be available in the local improvement district fund a sum, over and above the amount necessary to meet the interest payments next accruing on outstanding bonds, sufficient to retire one or more outstanding bonds the treasurer shall forthwith call such bond or bonds for redemption. [1963 c 4 § 36.88.160. Prior: 1951 c 192 § 16.]

36.88.170 Foreclosed property—Held in trust for district. Whenever any property shall be bid in by any county or be stricken off to any county under and by virtue of any proceeding for enforcement of the assessment provided in this chapter said property shall be held in trust by said county for the fund of the improvement district for the creation of which fund said assessment was levied and for the collection of which assessment said property was sold: PROVIDED, Such county may at any time after the procuring of a deed pay in to such fund the amount of the delinquent assessment for which said property was sold and all accrued interest and interest to the time of the next call for bonds or warrants issued against such assessment fund at the rate provided thereon, and thereupon shall take and hold said property disqualified of such trust: PROVIDED FURTHER, That property deeded to any county and which shall become a part of the trust being exercised by the said county for the benefit of any local improvement district fund of the said county, shall be exempt from taxation for general, state, county and municipal purposes during the period that it is so held. [1963 c 4 § 36.88.170. Prior: 1951 c 192 § 17.]

36.88.180 Foreclosed property—Sale or lease—Disposition of proceeds. Any county may at any time after a deed is issued to it under and by virtue of any proceeding mentioned in this chapter, lease or sell or convey any such property at public or private sale for such price and on such terms as may be determined by resolution of the board, and all proceeds resulting from such sale shall ratably belong to and be paid into the fund of the county road improvement district or districts concerned after first reimbursing any fund or funds having advanced any money on account of said property. [1963 c 4 § 36.88.180. Prior: 1951 c 192 § 18.]

36.88.190 Improvement bonds, warrants authorized. (1) The county legislative authority may provide for the payment of the whole or any portion of the cost and expense of any duly authorized road improvement by bonds and/or warrants of the improvement district which bonds shall be issued and sold as herein provided, but no bonds shall be issued in excess of the cost and expense of the project nor shall they be issued prior to twenty days after the thirty days allowed for the payment of assessments without penalty or interest.

(1) The bonds issued under the provisions of this chapter may be issued to the contractor or sold by the county legislative authority as authorized by the resolution directing their issuance at not less than their par value and accrued interest to the date of delivery. No bonds shall be sold except at public sale upon competitive bids and a notice calling for bids shall be published once a week for two consecutive weeks in the official newspaper of the county. Such notice shall specify a place and designate a day and hour subsequent to the date of last publication thereof when sealed bids will be received and publicly opened for the purchase of said bonds. The proceeds of all sales of bonds shall be deposited in the county road improvement district fund and applied to the cost and expense of the district.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 95; 1963 c 4 § 36.88.210. Prior: 1951 c 192 § 21.]

36.88.220 Improvement bonds—Guaranty fund. All counties may establish a fund for the purpose of guaranteeing to the extent of such fund and in the manner hereinafter provided, the payment of its road improvement district bonds and warrants issued to pay for any road improvement ordered under this chapter. If the board of county commissioners shall determine to establish such fund it shall be designated " . . . . . county road improvement guaranty fund" and from moneys available for road purposes such

county shall deposit annually in said guaranty fund such sums as may be necessary to establish and maintain a balance therein equal to at least five percent of the outstanding obligations guaranteed thereby and to make necessary provision in its annual budget therefor. The moneys held in the guaranty fund may be invested in obligations of the government of the United States or of this state. [1967 ex.s. c 145 § 63; 1963 c 4 § 36.88.220. Prior: 1959 c 134 § 2; 1951 c 192 § 22.]

Severability—1967 ex.s. c 145: See RCW 47.98.043.

36.88.230 Improvement bonds—Guaranty fund in certain counties—Operation. Whenever there shall be paid out of a guaranty fund any sum on account of principal or interest of a road improvement district bond or warrant, the county, as trustee for the fund, shall be subrogated to all the rights of the owner of the bond or any interest coupon or warrant so paid, and the proceeds thereof, or of the assessment underlying the same, shall become part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from bank deposits or government securities of the fund, as well as any surplus remaining in any local improvement fund guaranteed hereunder after the payment of all outstanding bonds or warrants payable primarily out of such road improvement fund. Warrants drawing interest at a rate or rates not to exceed the rate determined by the county legislative authority shall be issued, as other warrants are issued by the county, against a guaranty fund to meet any liability accruing against it, and at the time of making its annual budget and tax levy the county shall provide from funds available for road purposes for the deposit in the guaranty fund of a sum sufficient with other resources of such fund to pay warrants so issued during the preceding fiscal year. As among the several issues of bonds or warrants guaranteed by the fund no preference shall exist, but defaulted bonds, interest payments, and warrants shall be purchased out of the fund in the order of their presentation.

Every county establishing a guaranty fund for road improvement district bonds or warrants shall prescribe by resolution appropriate rules and regulations for the maintenance and operation of the guaranty fund not inconsistent herewith. So much of the money of a guaranty fund as is necessary may be used to purchase underlying bonds or warrants guaranteed by the fund, or to purchase certificates of delinquency for general taxes on property subject to local improvement assessments, or to purchase such property at tax foreclosures, for the purpose of protecting the guaranty fund. Said fund shall be subrogated to the rights of the county, and the county, acting on behalf of said fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at the foreclosure sale for the account of said fund. Whenever the legislative authority of any county shall so cause a lien of general tax certificates of delinquency to be foreclosed and the property to be so purchased at a foreclosure sale, the court costs and costs of publication and expenses for clerical work and/or other expense incidental thereto, shall be chargeable to and payable from the guaranty fund. After so acquiring title to real property, a county may lease or sell and convey the same at public or private sale for such price and on such terms as may be determined by resolution of the county legislative body, and all proceeds resulting from such sales shall belong to and be paid into the guaranty fund. [1983 c 167 § 96; 1981 c 156 § 12; 1963 c 4 § 36.88.230. Prior: 1951 c 192 § 23.]

36.88.235 Improvement bonds—Guaranty fund assets may be transferred to county general fund—When. (1) Any county maintaining a local improvement guaranty fund under this chapter, upon certification by the county treasurer that the local improvement guaranty fund has sufficient funds currently on hand to meet all valid outstanding obligations of the fund and all other obligations of the fund reasonably expected to be incurred in the near future, may by ordinance transfer assets from such fund to its general fund. The net cash of the local improvement guaranty fund may be reduced by such transfer to an amount not less than five percent of the net outstanding obligations guaranteed by such fund.

(2) If, at any time within five years of any transfer of assets from the local improvement guaranty fund to the general fund of the county, the net cash of the local improvement guaranty fund is reduced below the minimum amount specified in subsection (1) of this section, the county shall, to the extent of the amount transferred, pay valid claims against the local improvement guaranty fund as a general obligation of the county. In addition, such county shall pay all reasonable costs of collection necessarily incurred by the holders of valid claims against the local improvement guaranty fund. [1991 c 245 § 12.]

36.88.240 Improvement bonds—Repayment restricted to special funds—Remedies of bond owner—Notice of restrictions. The owner of any bond or warrant issued under the provisions of this chapter shall not have any claim therefor against the county by which the same is issued, except for payment from the special assessments made for the improvement for which said bond or warrant was issued and except as against the improvement guaranty fund of such county, and the county shall not be liable to any owner of such bond or warrant for any loss to the guaranty fund occurring in the lawful operation thereof by the county. The remedy of the owner of a bond, or warrant in case of nonpayment, shall be confined to the enforcement of any assessments made in such road improvement district and to the guaranty fund. In case the bonds are guaranteed in accordance herewith a copy of the foregoing part of this section shall be plainly written, printed or engraved on each bond issued and guaranteed hereunder. Interest upon all unpaid installments shall be charged at a rate fixed by said resolution. Each year such installments together with interest due thereon shall be collected in the manner provided in the resolution for the collection of the assessments. [1963 c 4 § 36.88.260. All such payments shall be made to the county treasurer whose duty it shall be to collect all assessments under this chapter and all sums so paid or collected shall be applied solely to the payment of the cost and expense of the district and payment of principal and/or interest of any bonds issued. [1963 c 4 § 36.88.280. Prior: 1951 c 192 § 28.]

36.88.290 Limitation of actions. An action to collect any special assessment or installment thereof for road improvements, or to enforce the lien of any such assessment or installment, whether such action be brought by the county or by the holder of any certificate of delinquency, or by any other person having the right to bring such action, shall be commenced within ten years after such assessment shall have become delinquent or within ten years after the last installment of any such assessment shall have become delinquent, when said special assessment is payable in installments.

[1963 c 4 § 36.88.290. Prior: 1951 c 192 § 29.]

(2) The refunding bonds shall be paid from the same local improvement fund or bond redemption fund as the bonds being refunded.

(3) The costs and expenses of the refunding shall be paid from the proceeds of the refunding bonds, or the same road improvement district fund or bond redemption fund for the bonds being refunded, except the county may advance such costs and expenses to such fund pending the receipt of assessment payments available to reimburse such advances.

Every county may establish a fund for the purpose of guaranteeing to the extent of such fund and in the manner hereinafter provided, the payment of its county road improvement district bonds and warrants issued to pay for the underground conversion of electric and communication facilities and the underground conversion or installation of ornamental road and street lighting facilities ordered under this chapter. If the board of county commissioners shall determine to establish such fund it shall be designated " . . . . . utility conversion guaranty fund" and from moneys available such county shall deposit annually in said guaranty fund such sums as may be necessary to establish and maintain a balance therein equal to at least five percent of the outstanding obligations guaranteed thereby and to make necessary provision in its annual budget therefor. The moneys held in the guaranty fund may be invested in certificates, notes, or bonds of the United States of America, or in state, county, municipal or school district bonds, or in warrants of taxing districts of the state; provided, only, that such bonds and warrants shall be general obligations. [1967 c 194 § 6.]

36.88.470 Underground electric and communication facilities, installation or conversion to—Utility conversion guaranty fund—Operation. Whenever there shall be paid out of the guaranty fund any sum on account of principal or interest of a county road improvement district bond or warrant, the county, as trustee for the fund, shall be subrogated to all the rights of the owner of the bond or any interest coupon or warrant so paid, and the proceeds thereof, or of the assessment underlying the same, shall become part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from investments of the fund, as well as any surplus remaining in any county road improvement fund guaranteed hereunder after the payment of all outstanding bonds or warrants payable primarily out of such utility conversion county road improvement district fund. Warrants drawing interest at a rate or rates not to exceed the rate determined by the county legislative authority shall be issued, as other warrants are issued by the county, against the guaranty fund to meet any liability accruing against it, and at the time of making its annual budget and tax levy the county shall provide from funds available for the deposit in the guaranty fund of a sum sufficient with other resources of such fund to pay warrants so issued during the preceding fiscal year. As among the several issues of bonds or warrants guaranteed by the fund no preference shall exist, but defaulted bonds, interest payments, and warrants shall be purchased out of the fund in the order of their presentation.

Every county establishing a guaranty fund for utility conversion road improvement district bonds or warrants shall prescribe by resolution appropriate rules and regulations for the maintenance and operation of such guaranty fund not inconsistent herewith. So much of the money of a guaranty fund as is necessary may be used to purchase underlying bonds or warrants guaranteed by the fund, or to purchase certificates of delinquency for general taxes on property subject to local improvement assessments, or to purchase such property at tax foreclosures, for the purpose of protecting the guaranty fund. The fund shall be subrogated to the rights of the county and the county, acting on behalf of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at the foreclosure sale for the account of said fund. Whenever the legislative authority of any county shall so cause a lien of general tax certificates of delinquency to be foreclosed and the property to be so purchased at a foreclosure sale, the court costs and costs of publication and expenses for clerical work and/or other expense incidental thereto, shall be chargeable to and payable from the guaranty fund. After so acquiring title to real property, a county may lease or sell and convey the same at public or private sale for such price and on such terms as may be determined by resolution of the county legislative authority, and all proceeds resulting from such sales shall belong to and be paid into the guaranty fund. The legislature finds that the open spaces, park, recreation and community facilities, public health and safety facilities, storm water control facilities and highways within any county of this state, whether located partly or wholly within or without the cities and towns of such county are of general benefit to all of the residents of such county. The open spaces, park, recreation and community facilities within such county provide public recreation, aesthetic, conservation and educational opportunities and other services and benefits accessible to all of the residents of such county. The public health and safety facilities within such county provide protection to life and property throughout the county, are functionally inter-related and affect the health, safety and welfare of all the residents of such county. The storm water control facilities within such county provide protection from storm water damage for life and property throughout the county, generally require planning and development over the entire drainage basins, and affect the prosperity, interests and welfare of all the residents of such county. The highways within such county, whether under the general control of the county or the state or within the limits of any incorporated city or town, provide an inter-connected system for the convenient and efficient movement of people and goods within such county. The use of general county funds for the purpose of acquisition, development, construction, or improvement of open space, park, recreation and community facilities, public health and safety facilities, storm water control facilities, or highways or to participate with any governmental agency to perform such purposes within such county pursuant to this chapter is hereby declared to be a strictly county purpose. The approval of the state department of transportation shall be first secured for such use and development of any state highway. For visual or sound buffer purposes the county shall not acquire by condemnation less than an owner’s entire interest or right in the particular real property to be so acquired if the owner objects to the taking of a lesser interest or right. [1984 c 7 § 42; 1970 ex.s. c 30 § 3; 1967 c 109 § 3.]

36.93.010 Purpose. The legislature finds that in metropolitan areas of this state, experiencing heavy population growth, increased problems arise from rapid proliferation of municipalities and haphazard extension of and competition to extend municipal boundaries. These problems affect adversely the quality and quantity and cost of municipal services furnished, the financial integrity of certain municipalities, the consistency of local regulations, and many other incidents of local government. Further, the competition among municipalities for unincorporated territory and the disorganizing effect thereof on land use, the preservation of property values and the desired objective of a consistent comprehensive land use plan for populated areas, makes it appropriate that the legislature provide a method of guiding and controlling the creation and growth of municipalities in metropolitan areas so that such problems may be avoided and that residents and businesses in those areas may rely on the logical growth of local government affecting them. [1967 c 189 § 1.]

36.93.020 Definitions. As used herein:
(1) "Governmental unit" means any incorporated city or town, metropolitan municipal corporation, or any special purpose district as defined in this section.

(3) "Board" means a boundary review board created by petition or pursuant to this chapter. [1979 ex.s.c 30 § 5; 1967 c 189 § 2.]

36.93.030 Creation of boundary review boards in counties with populations of two hundred ten thousand or more—Creation in other counties. (1) There is hereby created and established in each county with a population of two hundred ten thousand or more a board to be known and designated as a "boundary review board".
(2) A boundary review board may be created and established in any other county in the following manner:
(a) The county legislative authority may, by majority vote, adopt a resolution establishing a boundary review board; or
(b) A petition seeking establishment of a boundary review board signed by qualified electors residing in the county equal in number to at least five percent of the votes cast in the county at the last county general election may be filed with the county auditor.

Upon the filing of such a petition, the county auditor shall examine the same and certify to the sufficiency of the signatures thereon. No person may withdraw his or her name from a petition after it has been filed with the auditor. Within thirty days after the filing of such petition, the county auditor shall transmit the same to the county legislative authority, together with his or her certificate of sufficiency.

After receipt of a valid petition for the establishment of a boundary review board, the county legislative authority shall submit the question of whether a boundary review board should be established to the electorate at the next county primary or county general election which occurs more than forty-five days from the date of receipt of the petition. Notice of the election shall be given as provided in RCW 29.27.080 and shall include a clear statement of the proposal to be submitted.

If a majority of the persons voting on the proposition shall vote in favor of the establishment of the boundary review board, such board shall thereupon be deemed
36.93.040  Dates upon which boards in counties with populations of less than two hundred ten thousand deemed established. Legislative declaration—"District" defined—1981 c 45: "It is declared to be the public policy of the state of Washington to provide for the orderly growth and development of those areas of the state requiring public water service or sewer service and to secure the health and welfare of the people residing therein. The growth of urban population and the movement of people into suburban areas has required the performance of such services by water districts and sewer districts and the development of such districts has created problems of conflicting jurisdiction and potential double taxation.

It is the purpose of this act to reduce the duplication of service and the conflict among jurisdictions by establishing the principle that the first in time is the first in right where districts overlap and by encouraging the consolidation of districts. It is also the purpose of this act to prevent the imposition of double taxation upon the same property by establishing a general classification of property which will be exempt from property taxation by a district when such property is within the jurisdiction of an established district duly authorized to provide service of like character. Unless the context clearly requires otherwise, as used in this act, the term "district" means either a water district organized under Title 57 RCW or a sewer district organized under Title 56 RCW or a merged water and sewer district organized pursuant to chapter 57.40 or 56.36 RCW." [1981 c 45 § 1.]

Severability—1981 c 45: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 45 § 14.]

[1971 ex.s. c 127 § 2.]

36.93.100 Review of proposed actions by board—Procedure. The board shall review and approve, disapprove, or modify any of the actions set forth in RCW 36.93.090 when any of the following shall occur within forty-five days of the filing of a notice of intention:

(a) The incorporation of any special district or change in the boundary of any city, town, or special purpose district;

(b) The extension of permanent water service outside of its existing corporate boundaries by a city, town, or special purpose district if (i) the extension is through the installation of water mains of six inches or less in diameter or (ii) the county legislative authority for the county in which the proposed extension is to be built is required or chooses to plan under RCW 36.70A.040 and has by a majority vote waived the authority of the board to initiate review of all other extensions; or

(c) The extension of permanent sewer service outside of its existing corporate boundaries by a city, town, or special purpose district if (i) the extension is through the installation of sewer mains of eight inches or less in diameter or (ii) the county legislative authority for the county in which the proposed extension is to be built is required or chooses to plan under RCW 36.70A.040 and has by a majority vote waived the authority of the board to initiate review of all other extensions;

(2) Any governmental unit affected, including the governmental unit for which the boundary change or extension of permanent water or sewer service is proposed, or the county within which the area of the proposed action is located, files a request for review of the specific action;

(3) A petition requesting review is filed and is signed by:

(a) Five percent of the registered voters residing within the area which is being considered for the proposed action (as determined by the boundary review board in its discretion subject to immediate review by writ of certiorari to the superior court); or

(b) An owner or owners of property consisting of five percent of the assessed valuation within such area;

(4) The majority of the members of boundary review boards concur with a request for review when a petition requesting the review is filed by five percent of the registered voters who deem themselves affected by the action and reside within one-quarter mile of the proposed action but not within the jurisdiction proposing the action.

If a period of forty-five days shall elapse without the board's jurisdiction having been invoked as set forth in this section, the proposed action shall be deemed approved.

If a review of a proposal is requested, the board shall make a finding as prescribed in RCW 36.93.150 within one hundred twenty days after the filing of such a request for review. If this period of one hundred twenty days shall elapse without the board making a finding as prescribed in RCW 36.93.150, the proposal shall be deemed approved unless the board and the person who submitted the proposal agree to an extension of the one hundred twenty day period.

36.93.110 When review not necessary. Where an area proposed for annexation is less than ten acres and less than two million dollars in assessed valuation, the chairman of the review board may by written statement declare that review by the board is not necessary for the protection of the interest of the various parties, in which case the board shall not review such annexation. 36.93.130 Notice of intention—Contents. The notice of intention shall contain the following information:
(1) The nature of the action sought;
(2) A brief statement of the reasons for the proposed action;
(3) The legal description of the boundaries proposed to be created, abolished or changed by such action: PROVIDED, That the legal description may be altered, with concurrence of the initiators of the proposed action, if a person designated by the county legislative authority as one who has expertise in legal descriptions makes a determination that the legal description is erroneous; and
(4) A county assessor’s map on which the boundaries proposed to be created, abolished or changed by such action are designated: PROVIDED, That at the discretion of the boundary review board a map other than the county assessor’s map may be accepted. [1987 c 477 § 6; 1969 ex.s. c 111 § 7; 1967 c 189 § 13.]

36.93.140 Pending actions not affected. Actions described in RCW 36.93.090 which are pending July 1, 1967, or actions in counties with populations of less than two hundred ten thousand which are pending on the date of the creation of a boundary review board therein, shall not be affected by the provisions of this chapter. Actions shall be deemed pending on and after the filing of sufficient petitions initiating the same with the appropriate public officer, of the performance of an official act initiating the same. [1991 c 363 § 97; 1967 c 189 § 14.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.93.150 Review of proposed actions—Actions and determinations of board—Disapproval, effect. The board, upon review of any proposed action, shall take such of the following actions as it deems necessary to best carry out the intent of this chapter:
(1) Approve the proposal as submitted.
(2) Subject to RCW 35.02.170, modify the proposal by adjusting boundaries to add or delete territory. However, any proposal for annexation of territory to a town shall be subject to RCW 35.21.010 and the board shall not add additional territory, the amount of which is greater than that included in the original proposal. Any modifications shall not interfere with the authority of a city, town, or special purpose district to require or not require preannexation agreements, covenants, or petitions. A board shall not modify the proposed incorporation of a city with an estimated population of seven thousand five hundred or more by removing territory from the proposal, or adding territory to the proposal, that constitutes ten percent or more of the total area included within the proposal before the board. However, a board shall remove territory in the proposed incorporation that is located outside of an urban growth area or is annexed by a city or town, and may remove territory in the proposed incorporation if a petition or resolution proposing the annexation is filed or adopted that has priority over the proposed incorporation, before the area is established that is subject to this ten percent restriction on removing or adding territory. A board shall not modify the proposed incorporation of a city with a population of seven thousand five hundred or more to reduce the territory in such a manner as to reduce the population below seven thousand five hundred.
(3) Determine a division of assets and liabilities between two or more governmental units where relevant.
(4) Determine whether, or the extent to which, functions of a special purpose district are to be assumed by an incorporated city or town, metropolitan municipal corporation, or another existing special purpose district.
(5) Disapprove the proposal except that the board shall not have jurisdiction: (a) To disapprove the dissolution or disincorporation of a special purpose district which is not providing services but shall have jurisdiction over the determination of a division of the assets and liabilities of a dissolved or disincorporated special purpose district; (b) over the division of assets and liabilities of a special purpose district that is dissolved or disincorporated pursuant to chapter 36.96 RCW; nor (c) to disapprove the incorporation of a city with an estimated population of seven thousand five hundred or more, but the board may recommend against the proposed incorporation of a city with such an estimated population.

Unless the board disapproves a proposal, it shall be presented under the appropriate statute for approval of a public body and, if required, a vote of the people. A proposal that has been modified shall be presented under the appropriate statute for approval of a public body and if required, a vote of the people. If a proposal, other than that
for a city, town, or special purpose district annexation, after
modification does not contain enough signatures of persons
within the modified area, as are required by law, then the
initiating party, parties or governmental unit has thirty days
after the modification decision to secure enough signatures
to satisfy the legal requirement. If the signatures cannot be
secured then the proposal may be submitted to a vote of the
people, as required by law.

The addition or deletion of property by the board shall not
invalidate a petition which had previously satisfied the
sufficiency of signature provisions of RCW 35.13.130 or
35A.14.120. When the board, after due proceedings held,
disapproves a proposed action, such proposed action shall be
unavailable, the proposing agency shall be without power to
initiate the same or substantially the same as determined by
the board, and any succeeding acts intended to or tending to
effectuate that action shall be void, but such action may be
reinitiated after a period of twelve months from date of
disapproval and shall again be subject to the same considera-
tions.

The board shall not modify or deny a proposed action
unless there is evidence on the record to support a conclu-
sion that the action is inconsistent with one or more of the
objectives under RCW 36.93.180. Every such determination
to modify or deny a proposed action shall be made in
writing pursuant to a motion, and shall be supported by
appropriate written findings and conclusions, based on the
record. [1994 c 216 § 15; 1990 c 273 § 1; 1987 c 477 § 7;

application to any person or circumstance is held invalid, the remainder
of the act or the application of the provision to other persons or circumstances
is not affected." [1990 c 273 § 3.]

located in a county in which a boundary review board exists
shall be reviewed by the boundary review board and action
taken as described under RCW 36.93.150. [1994 c 216 §
10.]

Effective date—1994 c 216: See note following RCW 35.02.015.

36.93.155 Annexation approval—Other action not
authorized. Boundary review board approval, or modifica-
tion and approval, of a proposed annexation by a city, town,
or special purpose district shall authorize annexation as ap-
proved and shall not authorize any other annexation action.
[1989 c 84 § 16.]

36.93.157 Decisions to be consistent with growth
management act. The decisions of a boundary review
board located in a county that is required or chooses to plan
under RCW 36.70A.040 must be consistent with RCW
36.70A.020, 36.70A.110, and 36.70A.210. [1992 c 162 § 2.]

36.93.160 Hearings—Notice—Record—Subpoenas—
Decision of board—Appellate review. (1) When the
jurisdiction of the boundary review board has been invoked,
the board shall set the date, time and place for a public
hearing on the proposal. The board shall give at least thirty
days' advance written notice of the date, time and place of
the hearing to the governing body of each governmental unit
having jurisdiction within the boundaries of the territory
proposed to be annexed, formed, incorporated, disincorporat-
ed, dissolved or consolidated, or within the boundaries of a
special district whose assets and facilities are proposed to be
assumed by a city or town, and to the governing body of
each city within three miles of the exterior boundaries of
the area and to the proponent of the change. Notice shall also
be given by publication in any newspaper of general circula-
tion in the area of the proposed boundary change at least
three times, the last publication of which shall be not less
than five days prior to the date set for the public hearing.
Notice shall also be posted in ten public places in the area
affected for five days when the area is ten acres or more.
When the area affected is less than ten acres, five notices
shall be posted in five public places for five days. Notice as
provided in this subsection shall include any territory which
the board has determined to consider adding in accordance
with RCW 36.93.150(2).

(2) A verbatim record shall be made of all testimony
presented at the hearing and upon request and payment of
the reasonable costs thereof, a copy of the transcript of
the testimony shall be provided to any person or governmental
unit.

(3) The chairman upon majority vote of the board or a
panel may direct the chief clerk of the boundary review
board to issue subpoenas to any public officer to testify, and
to compel the production by him of any records, books,
documents, public records or public papers.

(4) Within forty days after the conclusion of the final
hearing on the proposal, the board shall file its written
decision, setting forth the reasons therefor, with the board of
county commissioners and the clerk of each governmental
unit directly affected. The written decision shall indicate
whether the proposed change is approved, rejected or
modified and, if modified, the terms of the modification.
The written decision need not include specific data on every
factor required to be considered by the board, but shall
indicate that all standards were given consideration. Dissent-
ing members of the board shall have the right to have their
written dissents included as part of the decision.

(5) Unanimous decisions of the hearing panel or a
decision of a majority of the members of the board shall
constitute the decision of the board and shall not be ap-
pealable to the whole board. Any other decision shall be
appealable to the entire board within ten days. Appeals shall
be on the record, which shall be furnished by the appellant,
but the board may, in its sole discretion, permit the introduc-
tion of additional evidence and argument. Decisions shall be
final and conclusive unless within thirty days from the date
of the action a governmental unit affected by the decision or
any person owning real property or residing in the area
affected by the decision files in the superior court a notice
of appeal.

The filing of the notice of appeal within the time limit
shall stay the effective date of the decision of the board until
such time as the appeal shall have been adjudicated or withdrawn. On appeal the superior court shall not take any evidence other than that contained in the record of the hearing before the board.

(6) The superior court may affirm the decision of the board or remand the case for further proceedings; or it may reverse the decision if any substantial rights may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:

(a) In violation of constitutional provisions, or
(b) In excess of the statutory authority or jurisdiction of the board,
(c) Made upon unlawful procedure, or
(d) Affected by other error of law, or
(e) Unsupported by material and substantial evidence in view of the entire record as submitted, or
(f) Clearly erroneous.

An aggrieved party may seek appellate review of any final judgment of the superior court in the manner provided by law as in other civil cases. [1994 c 216 § 16; 1988 c 202 § 40; 1987 c 477 § 8; 1971 c 81 § 97; 1969 ex.s. c 111 § 9; 1967 c 189 § 16.]

(2) Municipal services; need for municipal services; effect of ordinances, governmental codes, regulations and resolutions on existing uses; present cost and adequacy of governmental services and controls in area; prospects of governmental services from other sources; probable future needs for such services and controls; probable effect of proposal or alternative on cost and adequacy of services and controls in area and adjacent area; the effect on the finances, debt structure, and contractual obligations and rights of all affected governmental units; and

(3) The effect of the proposal or alternative on adjacent areas, on mutual economic and social interests, and on the local governmental structure of the county.

The provisions of chapter 43.21C RCW, State Environmental Policy, shall not apply to incorporation proceedings covered by chapter 35.02 RCW. [1989 c 84 § 5; 1986 c 234 § 33; 1982 c 220 § 2; 1979 ex.s. c 142 § 1; 1967 c 189 § 17.]

36.93.185 Objectives of boundary review board—Water, sewer district annexations, mergers—Territory not adjacent to district. The proposal by a water district or sewer district to annex territory that is not adjacent to the district shall not be deemed to be violative of the objectives of a boundary review board solely due to the fact that the territory is not adjacent to the water district or sewer district. The proposed consolidation or merger of two or more water districts or two or more sewer districts that are not adjacent to each other shall not be deemed to be violative of the objectives of a boundary review board solely due to the fact that the districts are not adjacent. include rules of practice before the board, together with forms and instructions.

To assist interested persons dealing with it, each board shall so far as deemed practicable supplement its rules with descriptive statements of its procedures.

Prior to the adoption of any rule authorized by law, or the amendment or repeal thereof, the board shall file notice thereof with the clerk of the court of the county in which the board is located. So far as practicable, the board shall also publish or otherwise circulate notice of its intended action and afford interested persons opportunity to submit data or views either orally or in writing. Such notice shall include (1) a statement of the time, place, and nature of public rule-making proceedings, (2) reference to the authority under which the rule is proposed, and (3) either the terms or substance of the proposed rule or a description of the subjects and issues involved.

(1) A "system of sewerage" means and includes:

(a) Sanitary sewage disposal sewers and facilities, including without limitation on-site or off-site sanitary sewerage facilities consisting of an approved septic tank or septic tank systems, or any other means of sewage treatment and disposal approved by the county;

(b) Combined sanitary sewage disposal and storm or surface water drains and facilities;

(c) Storm or surface water drains, channels, and facilities;

(d) Outfalls for storm drainage or sanitary sewage and works, plants, and facilities for storm drainage or sanitary sewage treatment and disposal, and rights and interests in property relating to the system;

(e) Combined water and sewerage systems;

(f) Any combination of or part of any or all of such facilities.

(2) A "system of water" means and includes:

(a) A water distribution system, including dams, reservoirs, aqueducts, plants, pumping stations, transmission and lateral distribution lines and other facilities for distribution of water;

(b) A combined water and sewerage system;

(c) Any combination of or any part of any or all of such facilities.

(3) A "sewerage and/or water general plan" means a general plan for a system of sewerage and/or water for the county which shall be an element of the comprehensive plan established by the county pursuant to RCW 36.70.350(6) and/or chapter 35.63 RCW, if there is such a comprehensive plan.

(a) A sewerage general plan shall include the general location and description of treatment and disposal facilities, trunk and interceptor sewers, pumping stations, monitoring and control facilities, channels, local service areas and a general description of the collection system to serve those areas, and other facilities as may be required to provide a functional and implementable plan, including preliminary engineering to assure feasibility. The plan may also include a description of the regulations deemed appropriate to carrying out surface drainage plans.

(b) A water general plan shall include the general location and description of water resources to be utilized, wells, treatment facilities, transmission lines, storage reservoirs, pumping stations, and monitoring and control facilities as may be required to provide a functional and implementable plan.

(c) Water and/or sewerage general plans shall include preliminary engineering in adequate detail to assure technical feasibility and, to the extent then known, shall further discuss the methods of distributing the cost and expense of the system and shall indicate the economic feasibility of plan implementation. The plans may also specify local or lateral facilities. The sewerage and/or water general plan does not mean the final engineering construction or financing plans for the system.

(4) "Municipal corporation" means and includes any city, town, metropolitan municipal corporation, any public utility district which operates and maintains a sewer or water system, any sewer, water, diking, or drainage district, any diking, drainage, and sewerage improvement district, and any irrigation district.

36.94.010 Title 36 RCW: Counties

36.94.020 Purpose—Powers. The construction, operation, and maintenance of a system of sewerage and/or water is a county purpose. Subject to the provisions of this chapter, every county has the power, individually or in conjunction with another county or counties to adopt, provide for, accept, establish, condemn, purchase, construct, add to, and maintain a system or systems of sanitary and storm sewers, including outfalls, interceptors, plans, and facilities necessary for sewerage treatment and disposal, and/or system or systems of water supply within all or a portion of the county: PROVIDED, That counties shall not have power to condemn sewerage and/or water systems of any municipal corporation or private utility.

Such county or counties shall have the authority to control, regulate, and manage such system or systems and to provide funds therefor by general obligation bonds, revenue bonds, local improvement district bonds, utility local improvement district or local improvement district assessments, and in any other lawful fiscal manner. [1981 c 313 § 1; 1967 c 72 § 2.]

Severability—1981 c 313: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 313 § 23.]

36.94.030 Adoption of sewerage and/or water general plan as element of comprehensive plan. Whenever the county legislative authority deems it advisable and necessary for the public health and welfare of the inhabitants of the county to establish, purchase, acquire, and construct a system of sewerage and/or water, or make any additions and betterments thereto, or extensions thereof, the board shall adopt a sewerage and/or water general plan for a system of sewerage and/or water for all or a portion of the county as deemed necessary by the board. If the county has adopted a comprehensive plan for a physical development of the county pursuant to chapter 36.70 RCW and/or chapter 35.63 RCW, then the sewerage and/or water general plan shall be adopted as an element of that comprehensive plan pursuant to the applicable statute. [1981 c 313 § 15; 1967 c 72 § 3.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.040 Incorporation of provisions of comprehensive plan in general plan. The sewerage and/or water general plan must incorporate the provisions of existing comprehensive plans relating to sewerage and water systems of cities, towns, municipalities, and private utilities, to the extent they have been implemented. [1990 1st ex.s. c 17 § 33; 1967 c 72 § 4.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

36.94.050 Review committee—Composition—Submission of plan or amendment to. Prior to the adoption of or amendment of the sewerage and/or water general plan, the county legislative authority (or authorities) shall submit the plan or amendment to a review committee. The review committee shall consist of:

(1) A representative of each city with a population of ten thousand or more within or adjoining the area selected by the mayor thereof (if there are no such cities within the plan area, then one representative chosen by the mayor of the city with the largest population within the plan area);

(2) One representative chosen at large by a majority vote of the executive officers of the other cities or towns within or adjoining the area;

(3) A representative chosen by the executive officer or the chair of the board, as the case may be, of each of the other municipal corporations and private utilities serving one thousand or more sewer and/or water customers located within the area;

(4) One representative chosen at large by a majority vote of the executive officers and chairs of the boards, as the case may be, of the other remaining municipal corporations within the area;

(5) A representative of each county legislative authority within the planned area, selected by the chair of each board or county executive, as the case may be; and

(6) In counties where there is a metropolitan municipal corporation operating a sewerage and/or water system in the area, the chair of its council or such person as the chair designates.

If the legislative authority rejects the plan pursuant to RCW 36.94.090, the review committee shall be deemed to be dissolved; otherwise the review committee shall continue in existence to review amendments to the plan. Vacancies on the committee shall be filled in the same manner as the original appointment to that position.

Instead of a review committee for each plan area, the county legislative authority or authorities may create a review committee for the entire county or counties, and the review committee shall continue in existence until dissolved by the county legislative authority or authorities. [1994 c 81 § 74; 1981 c 313 § 16; 1971 ex.s. c 96 § 2; 1967 c 72 § 5.]

A majority of all the members shall constitute a quorum for the transaction of business.

Each member of the committee shall be compensated from the county current expense fund at the rate of twenty-five dollars per day, or a major portion thereof, for time actually devoted to the work of the committee in reviewing any proposed sewerage and/or water general plan or amendments to a plan. Each board of county commissioners shall provide such funds as shall be necessary to pay the compensation of the members and such other expenses as shall be
reasonably necessary. Such payments shall be reimbursed to the counties advancing the funds from moneys acquired from the construction or operation of a sewerage and/or water system. [1971 ex.s. c 96 § 3; 1967 c 72 § 6.]

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.070 Review committee—Review of plan or amendments thereto—Report. The committee shall review the sewerage and/or water general plan or amendments thereto and shall report to the board or boards of county commissioners within ninety days their approval or any suggested amendments, deletions, or additions. If the committee shall fail to report within the time, the plan or amendments thereto shall be deemed approved. If the committee submits a report, the board shall consider and review the committee’s report and may adopt any recommendations suggested therein. [1971 ex.s. c 96 § 4; 1967 c 72 § 7.]

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.080 Hearing by board—Notice—Filing general plan. Before final action thereon the board shall conduct a public hearing on the plan after ten days published notice of hearing is given pursuant to RCW 36.32.120(7). The notice must set out the full official title of the proposed resolution adopting the plan and a statement describing the general intent and purpose of the plan. The notice shall also include the day, hour and place of hearing and must be given by publication in the newspaper in which legal notices of the county are printed. Ten days prior to the hearing, three copies of the sewerage and/or water general plan shall be filed with the clerk of the board. The copies shall be open to public inspection. [1967 c 72 § 8.]

36.94.090 Adoption, amendment or rejection of plan. At the hearing, the board may adopt the plan, or amend and adopt the plan, or reject any part or all of the plan. [1967 c 72 § 9.]

Prior to the commencement of actual work on any plan or amendment thereto approved by the board, it must be submitted for written approval to the Washington Department of social and health services and to the Washington department of ecology. [1971 ex.s. c 96 § 5; 1967 c 72 § 10.]

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.110 Adherence to plan—Procedure for amendment. After adoption of the sewerage and/or water general plan, all municipal corporations and private utilities within the plan area shall abide by and adhere to the plan for the future development of their systems. Whenever the governing authority of any county or counties or any municipal corporation deems it to be for the public interest to amend the sewerage and/or water general plan for such county or counties, notice shall be filed with the board or boards of county commissioners. Upon such notice, the board or boards shall initiate consideration of any amendment requested relating to the plan and proceed as provided in this chapter for the adoption of an original plan. [1967 c 72 § 11.]

36.94.120 Establishment of department for administration of system—Personnel merit system. The board shall establish a department in county government for the purpose of establishing, operating and maintaining the system or systems of sewerage and/or water. In the department, the board shall establish and provide for the operation and maintenance of a personnel merit system for the employment, classification, promotion, demotion, suspension, transfer, layoff and discharge of its appointive officers and employees, solely on the basis of merit and fitness, without regard to political influence or affiliation. Such merit system shall not apply to the chief administrative officer of the department and, if the sewer and/or water utility is a division of a department having other functions, the chief administrative officer of such utility. [1971 ex.s. c 96 § 6; 1967 c 72 § 12.]

Construction—Severability—1971 ex.s. c 96: See notes following RCW 36.94.010.

36.94.130 Adoption of rules and regulations. The board of county commissioners may adopt by resolution reasonable rules and regulations governing the construction, maintenance, operation, use, connection and service of the system of sewerage and/or water. [1967 c 72 § 13.]

36.94.140 Authority of county to operate system—Rates and charges, fixing of—Factors to be considered. Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it and to fix, alter, regulate, and control the rates and charges for the service to those to whom such county service is available, and to levy charges for connection to the system. The rates for availability of service and connection charges so charged must be uniform for the same class of customers or service.

In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

1. The difference in cost of service to the various customers within or without the area;
2. The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;
3. The different character of the service furnished various customers;
4. The quantity and quality of the sewage and/or water delivered and the time of its delivery;
5. Capital contributions made to the system or systems, including, but not limited to, assessments;
6. The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;
7. The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and
8. Any other matters which present a reasonable difference as a ground for distinction.
The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system. [1995 c 124 § 2; 1990 c 133 § 2; 1975 1st ex.s. c 188 § 2; 1967 c 72 § 14.]

Findings—1990 c 133: "The legislature finds the best interests of the citizens of the state are served if:
(1) Customers served by public water systems are assured of an adequate quality and quantity of water supply at reasonable rates;
(2) There is improved coordination between state agencies engaged in water system planning and public health regulation and local governments responsible for land use regulation and public health and safety;
(3) Public water systems in violation of health and safety standards adopted under RCW 43.20.050 remain in operation and continue providing water service providing that public health is not compromised, assuming a suitable replacement purveyor is found and deficiencies are corrected in an expeditious manner consistent with public health and safety; and
(4) The state address[es], in a systematic and comprehensive fashion, new operating requirements which will be imposed on public water systems under the federal Safe Drinking Water Act." [1990 c 133 § 1.]

Severability—1990 c 133: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 133 § 12.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.145 Public property subject to rates and charges for storm water control facilities. Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for storm water control facilities to the same extent private persons and private property are subject to such rates and charges that are imposed by counties pursuant to RCW 36.94.140. In setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property. [1986 c 278 § 58; 1983 c 315 § 4.]

Severability—1986 c 278: See note following RCW 36.01.010.

Severability—1983 c 315: See note following RCW 90.03.500.

36.94.150 Lien for delinquent charges. All counties operating a system of sewerage and/or water shall have a lien for delinquent connection charges and charges for the availability of sewerage and/or water service, together with interest fixed by resolution at eight percent per annum from the date due until paid. Penalties of not more than ten percent of the amount due may be imposed in case of failure to pay the charges at times fixed by resolution. The lien shall be for all charges, interest, and penalties and shall attach to the premises to which the services were available. The lien shall be superior to all other liens and encumbrances, except general taxes and local and special assessments of the county.

The county department established in RCW 36.94.120 shall certify periodically the delinquencies to the treasurer of the county at which time the lien shall attach.

Upon the expiration of sixty days after the attachment of the lien, the county may bring suit in foreclosure by civil action in the superior court of the county where the property is located. In addition to the costs and disbursements provided by statute, the court may allow the county a reasonable attorney's fee. The lien shall be foreclosed in the same manner as the foreclosure of real property tax liens. [1975 1st ex.s. c 188 § 3; 1967 c 72 § 15.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.160 Tax on gross revenues authorized. The county shall have the power to levy a tax on the system of sewerage and/or water operated by the county or counties as authorized by this chapter, not to exceed eight percent per annum, on the gross revenues, to be paid to the county's general fund for payment of all costs of planning, financing, construction and operation of the system. [1967 c 72 § 16.]

36.94.170 Authority of municipal corporations—Relinquishment of. The primary authority to construct, operate and maintain a system of sewerage and/or water within the boundaries of a municipal corporation which lies within the area of the county's sewerage and/or water general plan shall remain with such municipal corporation. A county, after it has adopted and received the necessary approvals of its sewer and/or water general plan under the provisions of chapter 36.94 RCW may construct, own, operate and maintain a system of sewerage and/or water within the boundaries of a city or town with the written consent of such city or town and within any other municipal corporation provided such municipal corporation (1) has the legislative authority to operate such a utility; and (2)(a) has given its written consent to the county to operate therein; or (b) after adoption of a comprehensive plan or an amendment thereto for the area involved, the municipal corporation has not within twelve months after receiving notice by the county of its intention to serve that area held a formation hearing for a utility local improvement district.

Prior to exercising any authority granted in this section, the county shall compensate such municipal corporation for its reasonable costs, expenses and obligations actually incurred or contracted which are directly related to and which benefit the area which the county proposes to serve. The county may contract with a municipal corporation to furnish such utility service within any municipal corporation.

Except in the case of annexations provided for in RCW 36.94.180, once a county qualifies under this section to serve within a municipal corporation, no municipal corporation may construct or operate a competing utility in the same territory to be served by the county if the county proceeds within a reasonable period of time with the construction of its proposed facilities including the sale of any bonds to finance the same.

As may be permitted by other statutes, a city or town may provide water or sewer service outside of its corporate limits, but such service may not conflict with the county plan or any county, sewer or water facilities installed or being installed.

A county proposing to exercise any authority granted in this section shall give written notice of such intention to the municipal corporation involved and to the boundary review board, if any, of such county. Within sixty days of the filing of such notice of intention, review by the boundary review
board of the proposed action may be requested as provided by the provisions of RCW 36.93.100 through 36.93.180. In the event of such review, the board shall consider the factors set forth in this section in addition to the factors and objectives set forth in RCW 36.93.170 and 36.93.180. [1971 ex.s.c 96 § 7; 1967 c 72 § 17.]

Construction—Severability—1971 ex.s.c 96: See notes following RCW 36.94.010.

36.94.180 Transfer of system upon annexation or incorporation of area. In the event of the annexation to a city or town of an area, or incorporation of an area, in which a county is operating a sewerage and/or water system, the property, facilities, and equipment of such sewerage and/or water system lying within the annexed or incorporated area may be transferred to the city or town if such transfer will not materially affect the operation of any of the remaining county system, subject to the assumption by the city or town of the county’s obligations relating to such property, facilities, and equipment, under the procedures specified in, and pursuant to the authority contained in, chapter 35.13A RCW. [1986 c 234 § 34; 1983 c 3 § 82; 1971 ex.s.c 96 § 8; 1967 c 72 § 18.]

The state and such city, town, person, firm, corporation, municipal corporation and any other municipal corporation created under the laws of the state of Washington and not limited as defined in RCW 36.94.010, and political subdivision, is authorized to contract with a county or counties for such purposes. [1967 c 72 § 19.]

36.94.200 Indebtedness—Bonds. No person may withdraw his name from said petition after the filing thereof with the clerk of such petition with the clerk of the county legislative authority, the authority shall determine whether the same is sufficient, and the authority's determination thereof shall be conclusive upon all persons. No person may withdraw his name from said petition after the filing thereof with the clerk of the county legislative authority. If the county legislative authority finds the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the county legislative authority. The notice shall refer to the resolution of intention and designate the proposed local district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, or parcel, the date, time, and place of the hearing before the county legislative authority; and in the case of improvements initiated by resolution, said notice shall also state that all persons desiring to object to the formation of the proposed district must file their written protests with the clerk of the county legislative authority before the time fixed for said public hearing. Utility local improvement districts and local improvement districts to carry out all or any portion of the general plan, or additions and betterments thereof, may be initiated either by resolution of the county legislative authority or by petition signed by the owners according to the records of the office of the county auditor of at least fifty-one percent of the area of land within the limits of the local district to be created.

In case the county legislative authority desires to initiate the formation of a local district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

In case any such local district is initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement and the fact that the signers thereof are the owners according to the records of the county auditor of at least fifty-one percent of the area of land within the limits of the local district to be created. Upon the filing of such petition with the clerk of the county legislative authority, the authority shall determine whether the same is sufficient, and the authority's determination thereof shall be conclusive upon all persons. No person may withdraw his name from said petition after the filing thereof with the clerk of the county legislative authority. If the county legislative authority finds the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time, and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the county legislative authority. Notice of the adoption of the resolution of intention shall also be given each owner or reputed owner of any lot, tract, parcel of land, or other property within the proposed local district by mailing said notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon.

The notice shall refer to the resolution of intention and designate the proposed local district by number. Said notice shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, or parcel, the date, time, and place of the hearing before the county legislative authority; and in the case of improvements initiated by resolution, said notice shall also state that all persons desiring to object to the formation of the proposed district must file their written protests with the clerk of the county legislative authority before the time fixed for said public hearing. 36.94.232 Local improvement districts and utility local improvement districts—Notice must contain statement that assessments may vary from estimates. Any notice given to the public or to the owners of specific lots, tracts, or parcels of land relating to the formation of a local improvement district or utility local improvement district shall contain a statement that actual assessments may vary from assessment estimates so long as they do not exceed a figure equal to the increased true and fair value the improvement adds to the property. [1989 c 243 § 6.]
to the owners of any property located outside of the proposed improvement district that would be required as a condition of federal housing administration loan qualification, at the time of notice, to be connected to the specific sewer or water facilities installed by the local improvement district. The notice shall include information about this restriction. [1987 c 315 § 3.]

36.94.240 Local improvement districts and utility local improvement districts—Hearing—Improvement ordered—Divestment of power to order, time limitation—Assessment roll. Whether the improvement is initiated by petition or resolution, the county legislative authority shall conduct a public hearing at the time and place designated in the notice to the property owners. At this hearing the authority shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as are deemed necessary: PROVIDED, That the authority may not change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

After said hearing the county legislative authority has jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: PROVIDED, That the jurisdiction of the authority to proceed with any improvement initiated by resolution shall be divested by protests filed with the clerk of the authority prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district. No action whatsoever may be maintained challenging the jurisdiction or authority of the county to proceed with the improvement and creating the local district or in any way challenging the validity thereof or any proceedings relating thereto unless that action is served and filed no later than thirty days after the date of passage of the resolution ordering the improvement and creating the local district.

If the county legislative authority finds that the district should be formed, it shall by resolution order the improvement, adopt detailed plans of the local district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the county such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the county to proceed with the work. The county legislative authority shall proceed with the work and file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local district in proportion to the special benefits to be derived by the property therein from the improvement. [1981 c 313 § 5; 1971 ex.s. c 96 § 11; 1967 c 72 § 24.]

36.94.250 Local improvement districts and utility local improvement districts—Notice of filing roll—Hearing on protests. Before the approval of the roll a notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the local district, stating that the roll is on file and open to inspection in the office of the county legislative authority, and fixing the time, not less than fifteen or more than forty-five days from the date of the first publication of the notice, within which protests must be filed with the clerk against any assessments shown thereon, and fixing a time when a hearing will be held on the protests. The hearing shall be held before the county legislative authority, or the county legislative authority may direct that the hearing shall be held before either a committee of the legislative authority or a designated officer. The notice shall also be given by mailing at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district as they appear on the books of the treasurer of the county. [1981 c 313 § 17; 1967 c 72 § 25.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.260 Local improvement districts and utility local improvement districts—Hearing on protests—Order—Appeal. (1) At such hearing on a protest to an assessment, or any adjournment thereof, the county legislative authority or committee or officer shall sit as a board of equalization. If the protest is heard by the county legislative authority, it shall have power to correct, revise, raise, lower, change, or modify such roll, or any part thereof, and to set aside such roll, and order that such assessment be made de novo, as shall appear equitable and just. If the protest is heard by a committee or officer, the committee or officer shall make recommendations to the county legislative authority which shall either adopt or reject the recommendations of the committee or officer. If a hearing is held before such a committee or officer, it shall not be necessary to hold a hearing on the assessment roll before such legislative authority: PROVIDED, That any county providing for an officer to hear such protests shall adopt an ordinance providing for an appeal from a decision made by the officer that any person protesting his or her assessment may make to the legislative authority. The county legislative authority shall, in all instances, approve the assessment roll by ordinance or resolution.

(2) In the event of any assessment being raised a new notice similar to such first notice shall be given, after which final approval of such roll may be made by the county legislative authority or committee or officer. Whenever any property has been entered originally upon such roll and the assessment upon any such property shall not be raised, no objection thereto may be considered by the county legislative authority or committee or officer or by any court on appeal unless such objection be made in writing at, or prior, to the date fixed for the original hearing upon such roll. [1981 c 313 § 18; 1967 c 72 § 26.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.270 Local improvement districts and utility local improvement districts—Enlarged local district may be formed. If any portion of the system after its installation
in such local district is not adequate for the purpose for which it was intended, or that for any reason changes, alterations, or betterments are necessary in any portion of the system after its installation, then such district, with boundaries which may include one or more existing local districts, may be created in the same manner as is provided herein for the creation of local districts. Upon the organization of such local district as provided for in this section the plan of the improvement and the payment of the cost of the improvement shall be carried out in the same manner as is provided herein for the carrying out of and the paying for the improvement in the utility local improvement districts or local improvement districts previously provided for in this chapter. [1981 c 313 § 6; 1967 c 72 § 27.]

Severability—1981 c 313: See note following RCW 36.94.020.

36.94.280 Local improvement districts and utility local improvement districts—Conclusiveness of roll when approved—Adjustments to assessments if other funds become available. Whenever any assessment roll for local improvements has been confirmed by the county legislative authority, the regularity, validity and correctness of the proceedings relating to the improvement and to the assessment thereof, including the action of the county legislative authority upon the assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding by any person not filing written objections to the assessment roll in the manner and within the time provided in this chapter, and not appealing from the action of the county legislative authority in confirming the assessment roll in the manner and within the time in this chapter provided. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any assessment, or the sale of any property to pay an assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: PROVIDED, That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That the assessment has been paid.

If federal, local, or state funds become available for a local improvement after the assessment roll has been confirmed by the county legislative authority, the funds may be used to lower the assessments on a uniform basis. Any adjustments to the assessments because of the availability of federal or state funds may be made on the next annual payment. [1985 c 397 § 10; 1967 c 72 § 28.]

Severability—1985 c 397: See RCW 35.51.901.

36.94.290 Local improvement districts and utility local improvement districts—Appellate review. The decision of the board of county commissioners upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of the board of county commissioners and with the clerk of the superior court within ten days after the resolution confirming such assessment roll shall have become published, and such notice shall describe the property and set forth the objections of such appellant to such assessment. Within the ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment roll and his objections thereto, together with the resolution confirming such assessment roll and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such county and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the supreme court may be sought as in other cases. However, review must be sought within fifteen days after the date of the entry of the judgment of such superior court. The supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. [1988 c 202 § 41; 1971 c 81 § 98; 1967 c 72 § 29.]

36.94.300 Local improvement districts and utility local improvement districts—Segregation of special assessment—Fee—Costs. Whenever any land against
which there has been levied any special assessment by a county shall have been sold in part or subdivided, the board of county commissioners of such county shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the board of county commissioners which levied the assessment. If the board determines that a segregation should be made, they shall by resolution order the county treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board of county commissioners may require as a condition to the order of segregation that the person seeking it pay the county the reasonable engineering and clerical costs incident to making the segregation. 36.94.310 Transfer of system from municipal corporation to county—Authorized. Subject to the provisions of RCW 36.94.310 through 36.94.350 a municipal corporation may transfer to the county within which all of its territory lies, all or part of the property constituting its system of sewerage, system of water or combined water and sewerage system, together with any of its other real or personal property used or useful in connection with the operation, maintenance, repair, replacement, extension, or financing of that system, and the county may acquire such property on such terms as may be mutually agreed upon by the governing body of the municipal corporation and the legislative authority of the county, and approved by the superior court for such county. [1975 1st ex.s. c 188 § 7.]

Severability—1975 1st ex.s. c 188: See RCW 36.94.921.

36.94.320 Transfer of system from municipal corporation to county—Assumption of indebtedness. In consideration of a transfer of property by a municipal corporation to a county in the manner provided in RCW 36.94.310 through 36.94.350, a county may assume and agree to pay or provide for the payment of all or part of the indebtedness of a municipal corporation including the payment and retirement of outstanding general obligation and revenue bonds issued by a municipal corporation. Until the indebtedness of a municipal corporation thus assumed by a county has been discharged, all property within the municipal corporation and the owners and occupants of that property, shall continue to be liable for taxes, special assessments, and other charges legally pledged to pay such indebtedness. The county may assume the obligation of causing the payment of such indebtedness, collecting such taxes, assessments, and charges and observing and performing the other contractual obligations of the municipal corporation. The legislative authority of the county may act in the same manner as the governing body of the municipal corporation for the purpose of certifying the amount of any property tax to be levied and collected therein, and may cause service and other charges and assessments to be collected from such property or owners or occupants thereof, enforce such collection and perform all other acts necessary to insure performance of the contractual obligations of the municipal corporation in the same manner and by the same means as if the property of the municipal corporation had not been acquired by the county.

When a county assumes the obligation of paying indebtedness of a municipal corporation and if property taxes or assessments have been levied and service and other charges have accrued for such purpose but have not been collected by the municipal corporation prior to such assumption, the same when collected shall belong and be paid to the county and be used by such county so far as necessary for payment of the indebtedness of the municipal corporation existing and unpaid on the date such county assumed that indebtedness. Any funds received by the county which have been collected for the purpose of paying any bonded or other indebtedness of the municipal corporation shall be used for the purpose for which they were collected and for no other purpose until such indebtedness has been paid and retired or adequate provision has been made for such payment and retirement. No transfer of property as provided in *this amendatory act shall derogate from the claims or rights of the creditors of the municipal corporation or impair the ability of the municipal corporation to respond to its debts and obligations. [1975 1st ex.s. c 188 § 8.]

*Reviser's note: "this amendatory act" [1975 1st ex.s. c 188] consists of RCW 36.94.310 through 36.94.360, 36.94.921, 57.06.140 through 57.06.170, and amendments to RCW 36.67.060, 36.94.140, 36.94.150, 36.94.210, 36.94.220, 39.44.020, and 57.12.020.

Such written agreement may include provisions, by way of description and not by way of limitation, for the rights, powers, duties, and obligations of such municipal corporation and county with regard to the use and ownership of property, the providing of services, the maintenance and operation of facilities, the allocation of costs, the financing and construction of new
facilities, the application and use of assets, the disposition of liabilities and indebtedness, the performance of contractual obligations, and any other matters relating to the proposed transfer of property, which may be preceded by an interim period of operation by the county of the property and facilities subsequently to be transferred to that county. The agreement may provide for a period of time during which the municipal corporation may continue to exercise certain rights, privileges, powers, and functions authorized to it by law including the ability to promulgate rules and regulations, to levy and collect special assessments, rates, charges, service charges and connection fees, and to adopt and carry out the provisions of a comprehensive plan, and amendments thereto, for a system of improvements and to issue general obligation bonds or revenue bonds in the manner provided by law, or the agreement may provide for the exercise for a period of time of all or some of such rights, privileges, powers, and functions by the county. The agreement may provide that either party thereto may authorize, issue and sell, in the manner provided by law, revenue bonds to provide funds for new water or sewer improvements or to refund or advance refund any water revenue, sewer revenue or combined water and sewer revenue bonds outstanding of either or both such parties. The agreement may provide that either party thereto may authorize and issue, in the manner provided by law, general obligation or revenue bonds of like amounts, terms, conditions and covenants as the outstanding bonds of either or both such parties and such new bonds may be substituted or exchanged for such outstanding bonds to the extent permitted by law. [1975 1st ex.s. c 188 § 9.]

Notice of such hearing to be given. After considering the petition and such evidence as may be presented at the hearing thereon, the court may determine by decree that the proposed transfer of property is in the public interest and conducive to the public health, safety, welfare, or convenience, approve the agreement of the parties and direct that such transfer be accomplished in accordance with that agreement at the time and in the manner prescribed by the court decree. 36.94.370 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons. Whenever a county waives or delays collection of tap-in charges, connection fees or hookup fees for low income persons, or class of low income persons, to connect to a system of sewerage or a system of water, the waiver or delay shall be pursuant to a program established by ordinance. [1980 c 150 § 2.]

36.94.380 Local improvement bonds—Local improvement guaranty fund—Payments—Assessments—Certificates of delinquency. Every county adopting a water and/or sewerage general plan is hereby authorized to create a fund for the purpose of guaranteeing, to the extent of such fund, and in the manner hereinafter provided, the payment of all of its local improvement bonds issued, subsequent to May 19, 1981, to pay for any water or sewerage local improvement within its confines. Such fund shall be designated " . . . . County Local Improvement Guaranty Fund" and shall be established by resolution of the county legislative
authority. For the purpose of maintaining such fund, every county, after the establishment thereof, shall at all times set aside and pay into such a fund such proportion of the monthly gross revenues of the water and/or sewerage system of such county as the legislative authority thereof may direct by resolution. This proportion may be varied from time to time as the county legislative authority deems expedient or necessary, except that under the existence of the conditions set forth in subsections (1) and (2) of this section, the proportion must be as therein specified.

(1) Whenever any bonds of any local improvement district have been guaranteed under RCW 36.94.380 through 36.94.400 and the guaranty fund does not have a cash balance equal to five percent of all bonds originally guaranteed under this chapter (excluding issues which have been retired in full), then five percent of the gross monthly revenues derived from all water and sewer users in the territory included in that local improvement district (but not necessarily from users in other parts of the county as a whole) may be set aside and paid into the guaranty fund. Whenever, under the requirements of this subsection, the cash balance accumulates so that it is equal to five percent of all bonds guaranteed, or to the full amount of all bonds guaranteed, outstanding and unpaid (which amount might be less than five percent of the original total guaranteed), then no further moneys need be set aside and paid into the guaranty fund so long as that condition continues.

(2) Whenever any warrants issued against the guaranty fund, as provided in this section, remain outstanding and uncalled for lack of funds for six months from the date of issuance thereof; or whenever any coupons or bonds guaranteed under this chapter have been matured for six months and have not been redeemed either in cash or by issuance and delivery of warrants upon the guaranty fund, then five percent of the gross monthly revenues (or such portion thereof as the county legislative authority determines will be sufficient to retire those warrants or redeem those coupons or bonds in the ensuing six months) derived from all water and/or sewer users in the county shall be set aside and paid into the guaranty fund. Whenever under the requirements of this subsection all such warrants, coupons, or bonds have been redeemed, no further income need be set aside and paid into the guaranty fund under the requirements of this subsection until and unless other warrants remain outstanding and unpaid for six months or other coupons or bonds default.

(3) For the purpose of complying with the requirements of setting aside and paying into the local improvement guaranty fund a proportion of the monthly gross revenues of the water supply and/or sewerage system of any county, that county shall bind and obligate itself to maintain and operate such system and further bind and obligate itself to establish, maintain, and collect such rates for water as will provide gross revenues sufficient to maintain and operate such systems and to make necessary provision for the local improvement guaranty fund as specified by this section, and the county shall alter its rates for water or sewer service from time to time and shall vary the same in different portions of its territory to comply with those requirements.

(4) Whenever any coupon or bond guaranteed by RCW 36.94.380 through 36.94.400 matures and there is not sufficient funds in the appropriate local improvement district bond redemption fund to pay the coupon or bond, then the county treasurer shall pay the coupon or bond from the local improvement guaranty fund of the county; if there is not sufficient funds in the guaranty fund to pay the coupon or bond, then it may be paid by issuance and delivery of a warrant upon the local improvement guaranty fund.

(5) Whenever the cash balance in the local improvement guaranty fund is insufficient for the required purposes, warrants drawing interest of a rate fixed by the county legislative authority may be issued by the county auditor against the fund to meet any liability accrued against it and must be issued upon demand of the holders of any maturing coupons and/or bonds guaranteed by RCW 36.94.380 through 36.94.400, or to pay for any certificates of delinquency for delinquent installments of assessments as provided in subsection (6) of this section. Guaranty fund warrants shall be a first lien in their order of issuance upon the gross revenues set aside and paid into the guaranty fund.

(6) Within twenty days after the date of delinquency of any annual installment of assessments levied for the purpose of paying the local improvement bonds of any county guaranteed under the provisions of this chapter, the county treasurer shall compile a statement of all installments delinquent, together with the amount of accrued interest and penalty appurtenant to each of those installments. Thereupon the county treasurer shall forthwith purchase certificates of delinquency for all such delinquent installments. Payment for all such certificates of delinquency shall be made from the local improvement guaranty fund, and if there is not sufficient moneys in the fund to pay for such certificates of delinquency, the county treasurer shall accept the local improvement guaranty fund warrants in payment therefor. All such certificates of delinquency shall be issued in the name of the local improvement guaranty fund, and all guaranty fund warrants issued in payment therefor shall be issued in the name of the appropriate local improvement district fund. Whenever any market is available and the county legislative authority so directs, the county treasurer shall sell any certificates of delinquency belonging to the local improvement guaranty fund, but any such sale may not be for less than face value thereof plus accrued interest from the date of issuance to date of sale.

Such certificates of delinquency, as above provided, shall be issued by the county treasurer, shall bear interest at the rate of eight percent per annum, shall be in each instance for the face value of the delinquent installment, plus accrued interest to date of issuance of certificate of delinquency, plus a penalty of five percent of such face value, and shall set forth the:

(a) Description of the property assessed;
(b) Date the installment of the assessment became delinquent; and
(c) Name of the owner or reputed owner, if known.

Such certificates of delinquency may be redeemed by the owners of the property assessed at any time up to two years from the date of foreclosure of such certificate of delinquency.

If any certificate of delinquency is not redeemed by the second occurring first day of January subsequent to its issuance, the county treasurer shall then proceed to foreclose such certificate of delinquency in the manner specified for the foreclosure of the lien of local improvement assessments, pursuant to the laws applicable to cities or towns; and if no

If any local improvement guaranty fund authorized under RCW 36.94.380 through 36.94.400 at any time has a cash balance, and the obligations guaranteed thereby have all been paid off, then such balance shall be transferred to the water and/or sewer maintenance fund of the county. [1981 c 313 § 9.]

Severability—1981 c 313: See note following RCW 36.94.020.

[1996 c 230 § 1609; 1985 c 141 § 1; 1984 c 147 § 2.]

Part headings not law—Effective date—1996 c 230: See notes following RCW 57.02.001.

36.94.430 Transfer of system from county to water or sewer district—Alternative method. The provisions of RCW 36.94.410 and 36.94.420 provide an alternative method of accomplishing the transfer permitted by those sections and do not impose additional conditions upon the exercise of powers vested in water and sewer districts and counties. [1984 c 147 § 3.]

36.94.440 Transfer of system from county to water or sewer district—Decree by superior court. If the superior court finds that the transfer agreement authorized by RCW 36.94.410 is legally correct and that the interests of the owners of related indebtedness are protected, then the court by decree shall direct that the transfer be accomplished in accordance with the agreement. [1984 c 147 § 4.]

36.94.450 Water conservation programs—Issuance of revenue bonds. 36.94.460 Water conservation programs—Counties authorized to provide assistance to water customers. Any county engaged in the sale or distribution of water is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures that are provided water service by the county in financing the acquisition and installation of fixtures, systems, and equipment, for compensation or otherwise, for the conservation or more efficient use of water in the structures under a water conservation plan adopted by the county if the cost per unit of water saved or conserved by the use of the fixtures, systems, and equipment is less than the cost per unit of water supplied by the next least costly new water source available to the county to meet future demand. Except where otherwise authorized, assistance shall be limited to:

1. Providing an inspection of the structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation fixtures, systems, and equipment for which financial assistance will be approved and the estimated life cycle savings to the water system and the consumer that are likely to result from the installation of the fixtures, systems, or equipment;

The county shall construct all facilities included in the storm water plan intended to be financed by the proceeds of such bonds. If the county provides storm water management services to the city or town by contract, the contract shall consider the value of payments made by property owners to the county for the payment of debt service.

The provisions of this section apply whether or not the bonds finance facilities that are geographically located within the area that is annexed or incorporated. [1993 c 361 § 2.]

This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 7.]

Each member shall reside within the boundaries of the district and shall be appointed by the board of county commissioners for a term of three years, or until his or her successor has qualified, except that the board of county commissioners shall appoint one of the members of the first board to a one-year term and two to two-year terms. There is no limit upon the number of terms to which a member may be reappointed after his or her first appointment. A majority of the members of the board shall constitute a quorum for the transaction of business, but the majority vote of the board members shall be necessary for any action taken by the board. Dissolution of Inactive Special Purpose Districts

Chapter 36.96

36.96.010 Definitions. As used in this chapter, unless the context requires otherwise:

(1) "Special purpose district" means every municipal and quasi-municipal corporation other than counties, cities, and towns. Such special purpose districts shall include, but are not limited to, water districts, fire protection districts, port districts, public utility districts, county park and recreation service areas, flood control zone districts, diking districts, drainage improvement districts, and solid waste collection districts, but shall not include industrial development districts created by port districts, and shall not include local improvement districts, utility local improvement districts, and road improvement districts;

(2) "Governing authority" means the commission, council, or other body which directs the affairs of a special purpose district;

(3) "Inactive" means that a special purpose district, other than a public utility district, is characterized by either of the following criteria:

(a) Has not carried out any of the special purposes or functions for which it was formed within the preceding consecutive five-year period; or

(b) No election has been held for the purpose of electing a member of the governing body within the preceding consecutive seven-year period or, in those instances where members of the governing body are appointed and not elected, where no member of the governing body has been appointed within the preceding seven-year period.

A public utility district is inactive when it is characterized by both criteria (a) and (b) of this subsection. [1979 ex.s. c 5 § 1.]

36.96.020 County auditor to notify county legislative authority of inactive special purpose districts. On or before June 1st of 1980, and on or before June 1st of every year thereafter, each county auditor shall search available records and notify the county legislative authority if any special purpose districts located wholly or partially within the county appear to be inactive. Each county auditor shall also provide in the notifications made in 1982 and thereafter a list of all special purpose districts located wholly or partially within the county which, for three consecutive years before the notification, have failed to file statements with the county auditor as required in RCW 36.96.090. If the territory of any special purpose district is located within more than one county, the legislative authorities of all other counties within whose boundaries such a special purpose district lies shall also be notified by the county auditor. However, the authority to dissolve such a special purpose district as provided by this chapter shall rest solely with the legislative authority of the county which contains the greatest geographic portion of such special purpose district. [1979 ex.s. c 5 § 2.]

36.96.030 Determination of inactive special purpose districts—Public hearing—Notice. (1) Upon receipt of notice from the county auditor as provided in RCW 36.96.020, the county legislative authority within whose boundaries all or the greatest portion of such special purpose district lies shall hold one or more public hearings on or before September 1st of the same year to determine whether or not such special purpose district or districts meet either of the criteria for being "inactive" as provided in RCW 36.96.010: PROVIDED, That if such a special purpose district is a public utility district, the county legislative authority shall determine whether or not the public utility district meets both criteria of being "inactive" as provided in RCW 36.96.010. In addition, at any time a county legislative authority may hold hearings on the dissolution of any special purpose district that appears to meet the criteria of being "inactive" and dissolve such a district pursuant to the proceedings provided for in RCW 36.96.030 through 36.96.080.

(2) Notice of such public hearings shall be given by publication at least once each week for not less than three successive weeks in a newspaper that is in general circulation within the boundaries of the special purpose district or districts. Notice of such hearings shall also be mailed to each member of the governing authority of such special purpose districts, if such members are known, and to all persons known to have claims against any of the special purpose districts. Notice of such public hearings shall be posted in at least three conspicuous places within the boundaries of each special purpose district that is a subject of such hearings. Whenever a county legislative authority that is conducting such a public hearing on the dissolution of one or more of a particular kind of special purpose district is aware of the existence of an association of such special purpose districts, it shall also mail notice of the hearing to the association. In addition, whenever a special purpose district that lies in more than one county is a subject of such a public hearing, notice shall also be mailed to the legislative authorities of all other counties within whose boundaries the special purpose district lies. All notices shall state the purpose, time, and place of such hearings, and that all interested persons may appear and be heard. [1979 ex.s. c 5 § 3.]

36.96.040 Dissolution of inactive special purpose district by county legislative authority—Written findings. After such hearings, the county legislative authority shall make written findings whether each of the special purpose districts that was a subject of the hearings meets each of the criteria of being "inactive." Whenever a special purpose district other than a public utility district has been found to meet a criterion of being inactive, or a public utility district has been found to meet both criteria of being inactive, the county legislative authority shall adopt an ordinance dissolving the special purpose district if it also makes additional written findings detailing why it is in the public interest that the special purpose district be dissolved. Except for the

Title 36 RCW: Counties

purpose of winding up its affairs as provided by this chapter, a special purpose district that is so dissolved shall cease to exist thirty-one days after adoption of the dissolution ordinance. [1979 ex.s. c 5 § 4.]

36.96.050 Application for writ of prohibition or mandamus by interested party—Procedure. The action of the county legislative authority dissolving a special purpose district pursuant to RCW 36.96.040 shall be final and conclusive unless within thirty days of the adoption of the ordinance an interested party makes application to a court of competent jurisdiction for a writ of prohibition or writ of mandamus. At the hearing upon such a writ, the applicant shall have the full burden of demonstrating that the particular special purpose district, other than a public utility district, does not meet either of the criteria of being inactive or that it is not in the public interest that the special purpose district be dissolved: PROVIDED, That where the particular special purpose district subject to the dissolution proceedings is a public utility district, the applicant shall have the full burden of demonstrating that the public utility district either does not meet both the criteria of being inactive or that it is not in the public interest to dissolve the public utility district. [1979 ex.s. c 5 § 5.]

36.96.060 Dissolution of inactive special purpose district by county legislative authority—Powers and duties. For the sole and exclusive purpose of winding up the affairs of a dissolved special purpose district, the county legislative authority, acting as a board of trustees, shall have the same powers and duties as the governing authority of the dissolved special purpose district including the following:

(1) To exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved special purpose district; and

(2) To settle all obligations of such special purpose district. Such powers and duties shall commence upon the effective date of dissolution and shall continue thereafter until such time as the affairs of the dissolved special purpose district have been completely wound up. [1979 ex.s. c 5 § 6.]

36.96.070 Dissolved special purpose district—Disposition of property. Any moneys or funds of the dissolved special purpose district and any moneys or funds received by the board of trustees from the sale or other disposition of any property of the dissolved special purpose district shall be used, to the extent necessary, for the payment or settlement of any outstanding obligations of the dissolved special purpose district. Any remaining moneys or funds shall be used to pay the county legislative authority for all costs and expenses incurred in the dissolution and liquidation of the dissolved special purpose district. Thereafter, any remaining moneys, funds, or property shall become that of the county in which the dissolved special purpose district was located: PROVIDED, That if the territory of the dissolved special purpose district was located within more than one county, the remaining moneys, funds, and personal property shall be apportioned and distributed to each county in the proportion that the geographical area of the dissolved special purpose district within the county bears to the total geographical area of the dissolved special purpose district, and any remaining real property or improvements to real property shall be transferred to the county within whose boundaries it lies. [1979 ex.s. c 5 § 7.]

36.96.080 Dissolved special purpose district—Satisfaction of outstanding obligations. If the proceeds from the sale of any property of the special purpose district together with any moneys or funds of the special purpose district are insufficient to satisfy the outstanding obligations of the special purpose district, the county legislative authority, acting as a board of trustees, shall exercise any and all powers conferred upon it to satisfy such outstanding obligations: PROVIDED, That in no case shall the board of trustees be obligated to satisfy such outstanding obligations from county moneys, funds, or other sources of revenue unless it would have been so obligated before initiation of the dissolution proceedings under this chapter. [1979 ex.s. c 5 § 8.]

36.96.090 Filing of annual statement by special purpose districts—Duties of county auditor. (1) Every special purpose district shall file a statement with the auditor of each county in which it lies on or before December 31st of every year, beginning in the year 1979. The initial statement filed by each special purpose district shall contain the following information:

(a) The name of the special purpose district and a general description of its location and geographical area within the county and within any other county;

(b) The statutes under which the special purpose district operates;

(c) The name, address, telephone number, and remaining term of office of each member of its governing authority; and

(d) The functions that the special purpose district is then presently performing and the purposes for which it was created.

Subsequent annual statements need only identify the special purpose district and any of the above detailed information that has changed in the last year.

(2) Each county auditor, on or before January 31, 1980, and on or before January 31st each year thereafter, shall forward to the state auditor a summation of the information contained in the statements required to be filed in subsection (1) of this section together with information of each special purpose district located wholly or partially within the county that has been dissolved during the preceding year. [1979 ex.s. c 5 § 9.]

36.96.800 Alternative dissolution procedure—Drainage and drainage improvement districts—Conditions. As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:

(1) The county storm drainage and surface water management utility shall assume responsibility for payment...
or settlement of outstanding debts of the dissolved drainage district or drainage improvement district.

(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.

(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district. [1991 c 28 § 1.]

36.96.900 Chapter not exclusive. The provisions of this chapter to dissolve inactive special purpose districts shall not be exclusive, and shall be in addition to any other method or methods provided by law to dissolve a special purpose district. [1979 ex.s. c 5 § 10.]

36.96.910 Savings—1979 ex.s. c 5. The enactment of *this act shall not have the effect of terminating, or in any way modifying, any liability, civil or criminal, which shall already be in existence on September 1, 1979. [1979 ex.s. c 5 § 11.]

36.96.920 Severability—1979 ex.s. c 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 5 § 15.]

36.100.010 Public facilities districts—Creation—Approval of taxes by election—Corporate powers—Property transfer. (1) A public facilities district may be created in any county and shall be coextensive with the boundaries of the county.

(2) A public facilities district shall be created upon adoption of a resolution providing for the creation of such a district by the county legislative authority in which the proposed district is located.

(3) A public facilities district is a municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(4) No taxes authorized under this chapter may be assessed or levied unless a majority of the voters of the public facilities district has approved such tax at a general or special election. A single ballot proposition may both validate the imposition of the sales and use tax under RCW 82.14.048 and the excise tax under RCW 36.100.040.

(5) A public facilities district shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, and to sue and be sued.

(6) The county legislative authority or the city council may transfer property to the public facilities district created under this chapter. No property that is encumbered with debt or that is in need of major capital renovation may be transferred to the district without the agreement of the district and revenues adequate to retire the existing indebtedness. members appointed by the county legislative authority to serve for four-year staggered terms; (b) two members appointed by the city council of the largest city in the county to serve for four-year staggered terms; and (c) one person to serve for a four-year term who is selected by the other directors. If the largest city in the county has a population of less than forty percent of the total county population, the county legislative authority shall establish in the resolution creating the public facilities district whether the board of directors of the public facilities district has either five or seven members, and the county legislative authority shall appoint the members of the board of directors to reflect the interests of cities and towns in the county, as well as the unincorporated area of the county. However, if the county has a population of one million or more, the largest city in the county has a population of less than forty percent of the total county population, and the county operates under a county charter, which provides for an elected county executive, three members shall be appointed by the governor and the remaining members shall be appointed by the county executive subject to confirmation by the county legislative authority. Of the members appointed by the governor, the speaker of the house of representatives and the majority leader of the senate shall each recommend to the governor a person to be appointed to the board.

(1) The public facilities district, in consultation with the professional baseball team that will use the stadium, shall have the authority to determine the stadium site;

(2) The public facilities district, in consultation with the professional baseball team that will use the stadium, shall have the authority to establish the overall scope of the stadium project, including, but not limited to, the stadium itself, associated parking facilities, associated retail and office development that are part of the stadium facility, and ancillary services or facilities;

36.100.030 Donated moneys for baseball stadium. A public facilities district may accept and expend moneys that may be donated for the purpose of a baseball stadium as defined in RCW 82.14.0485. [1995 3rd sp.s. c 1 § 304.]

A public facilities district may impose an excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than forty lodging units. However, if a public facilities district has not imposed such an excise tax prior to December 31, 1995, the public facilities district may only impose the excise tax if a ballot proposition authorizing the imposition of the tax has been approved by a simple majority vote of voters of the public facilities district voting on the proposition.

The rate of the tax shall not exceed two percent and the proceeds of the tax shall only be used for the acquisition, design, construction, remodeling, maintenance, equipping, reequipping, repairing, and operation of its public facilities. This excise tax shall not be imposed until the district has approved the proposal to acquire, design, and construct the public facilities.

A public facilities district may not impose the tax authorized in this section if, after the tax authorized in this section was imposed, the effective combined rate of state and local excise taxes, including sales and use taxes and excise taxes on lodging, imposed on the sale of or charge made for furnishing of lodging in any jurisdiction in the public facilities district exceeds eleven and one-half percent. [1995 c 396 § 4; 1989 1st ex.s. c 8 § 4; 1988 ex.s. c 1 § 14.]

36.105.010 Purpose. Voters of the unincorporated areas of the state are authorized to establish community councils as provided in this chapter. It is the purpose of this chapter to provide voters of unincorporated areas in counties with a population of over thirty thousand that are made up entirely of islands with direct input on the planning and zoning of their community by establishing a governmental mechanism to adopt proposed community comprehensive plans and proposed community zoning ordinances that are consistent with an overall guide and framework adopted by the county legislative authority. In addition, it is the purpose of this chapter to have community councils serve as forums for the discussion of local issues. [1991 c 363 § 99.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(2) "Community comprehensive plan" means a comprehensive plan adopted by a community council.

(3) "Community council" means the governing body established under this chapter to adopt community comprehensive plans and community zoning ordinances for a community.

(4) "Community zoning ordinances" means the zoning ordinances adopted by a community council to implement a community comprehensive plan. [1991 c 363 § 100.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.030 Minimum requirements. A community for which a community council is created may include only unincorporated territory located in a single county with a population of over thirty thousand that is made up entirely of islands and not included within a city or town. A community council must have at least one thousand persons residing within the community when the community council is created or, where the community only includes an entire island, at least three hundred persons must reside on the island when the community council is created. Any portion of such a community that is annexed by a city or town, or is incorporated as a city or town, shall be removed from the community upon the effective date of the annexation or the official date of the incorporation. [1991 c 363 § 101.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.040 Creation. (1) The process to create a community council shall be initiated by the filing of petitions with the county auditor of the county in which the community is located which: (a) Call for the creation of a community council; (b) set forth the boundaries for the community; (c) indicate the number of community councilmembers, which shall be five, seven, nine, or eleven; and (d) contain signatures of voters residing within the community equal in number to at least ten percent of the voters residing in the community who voted at the last state general election. The county auditor shall determine if the petitions contain a sufficient number of valid signatures and certify the sufficiency of the petitions within fifteen days of when the petitions were filed. If the petitions are certified as having sufficient valid signatures, the county auditor shall transmit the petitions and certificate to the county legislative authority.

(2) The county legislative authority shall hold a public hearing within the community on the creation of the proposed community council no later than sixty days after the petitions and certificate of sufficiency were transmitted to the county legislative authority. Notice of the public hearing shall be published in a newspaper of general circulation in the community for at least once a week for two consecutive weeks, with the last date of publication no more than ten days prior to the date of the public hearing. At least ten days before the public hearing, additional notice shall be posted conspicuously in at least five places within the proposed community in a manner designed to attract public attention.

(3) After receiving testimony on the creation of the proposed community council, the county legislative authority may alter the boundaries of the community, but the boundaries may not be altered to reduce the number of persons living within the community by more than ten percent or below the minimum number of residents who must reside within the community at the time of the creation of the community council. If territory is added to the community, another public hearing on the proposal shall be held.

(4) The county legislative authority shall call a special election within the community to determine whether the proposed community council shall be created, and to elect the initial community councilmembers, at the next state general election occurring seventy-five or more days after the initial public hearing on the creation of the proposed community council. The community council shall be created if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. [1991 c 363 § 102.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.050 Election of initial community councilmembers. The initial members of the community council shall be elected at the same election as the ballot proposition is submitted authorizing the creation of the community council. However, the election of the initial community councilmembers shall be null and void if the ballot proposition authorizing the creation of the community council is not approved.

No primary election shall be held to nominate candidates for initial council positions. The initial community council shall consist of the candidate for each council position who receives the greatest number of votes for that council position. Staggering of terms of office shall be accomplished by having the majority of the winning candidates who receive the greatest number of votes being elected to four-year terms of office, and the remaining winning
candidates being elected to two-year terms of office, if the election was held in an even-numbered year, or the majority of the winning candidates who receive the greatest number of votes being elected to three-year terms of office, and the remaining winning candidates being elected to one-year terms of office, if the election was held in an odd-numbered year, with the term computed from the first day of January in the year following the election. Initial councilmembers shall take office immediately when qualified in accordance with RCW 29.01.135.

However, where the county operates under a charter providing for the election of members of the county legislative authority in odd-numbered years, the terms of office of the initial councilmembers shall be four years and two years, if the election of the initial councilmembers was held on an odd-numbered year, or three years and one year, if the election of the initial councilmembers was held on an even-numbered year. [1991 c 363 § 103.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.060 Community councilmembers—Election—Terms. Community councilmembers shall be elected to staggered four-year terms until their successors are elected and qualified. Each council position shall be numbered separately. Candidates shall run for specific council positions. The number of council positions shall be five, seven, nine, or eleven, as specified in the petition calling for the creation of the community council. Community councilmembers shall be nominated and elected at nonpartisan elections pursuant to general election laws, except the elections shall be held in even-numbered years, unless the county operates under a charter and members of the county legislative authority are elected in odd-numbered years in which case, community councilmembers shall be elected in odd-numbered years.

The provisions of this section apply to the election and terms of office of the initial community councilmembers, except as provided in RCW 36.105.050. A councilmember shall lose his or her council position if his or her primary residence no longer is located within the community. Vacancies on a community council shall be filled by action of the remaining councilmembers. [1991 c 363 § 104.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.070 Responsibility of county legislative authority. (1) Within ninety days of the election at which a community council is created, the county legislative authority shall adopt an ordinance establishing policies and conditions and designating portions or components of the county comprehensive plan and zoning ordinances that serve as an overall guide and framework for the development of proposed community comprehensive plans and proposed community zoning ordinances. The conditions and policies shall conform with the requirements of chapter 36.70A RCW.

(2) Proposed community comprehensive plans and proposed community zoning ordinances that are adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the proposed plans and proposed ordinances with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed plans and proposed ordinances as adopted, or refer the proposed plans and proposed ordinances back to the community council with written findings specifying the inconsistencies, within ninety days after they were submitted. The county comprehensive plan, or subarea plan and comprehensive plan, and zoning ordinances shall remain in effect in the community until the proposed community comprehensive plans and proposed community zoning ordinances have been approved as provided in this subsection.

(3) Each proposed amendment to approved community comprehensive plans or approved community zoning ordinances that is adopted by a community council shall be submitted to the county legislative authority for its review of the consistency of the amendment with the ordinance adopted under subsection (1) of this section. The county legislative authority shall either approve the proposed amendment as adopted or refer the proposed amendment back to the community council with written findings specifying the inconsistencies within ninety days after the proposed amendment was submitted. The unamended community comprehensive plans and unamended community zoning ordinances shall remain in effect in the community until the proposed amendment has been approved as provided in this subsection.

(4) If the county legislative authority amends the ordinance it adopted under subsection (1) of this section, a community council shall be given at least one hundred twenty days to amend its community comprehensive plans and community zoning ordinances to be consistent with this amended ordinance. However, the county legislative authority may amend the community comprehensive plans and community zoning ordinances to achieve consistency with this amended ordinance. Nothing in this subsection shall preclude a community council from subsequently obtaining approval of its proposed community comprehensive plans and proposed community zoning ordinances.

(5) Approved community comprehensive plans and approved community zoning ordinances shall be enforced by the county as if they had been adopted by the county legislative authority. All quasi-judicial actions and permits relating to these plans and ordinances shall be made and decided by the county legislative authority or otherwise as provided by the county legislative authority.

(6) The county shall provide administrative and staff support for each community council within its boundaries. [1991 c 363 § 105.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.105.080 Powers. A community council shall adopt proposed community comprehensive plans and proposed community zoning ordinances as provided in RCW 36.105.070. Community councils shall not have the authority to take quasi-judicial actions nor to decide permit applications. In addition, a community council shall serve as a forum for the discussion of local issues.

Community councils are subject to chapter 42.30 RCW, the open public meetings act. [1991 c 363 § 106.]
36.105.090 Annexation. A community council may provide for the annexation of adjacent unincorporated areas to the community that are not included within another community for which a community council has been established. Annexations shall be initiated by either resolution of the community council proposing the annexation or petition of voters residing in the adjacent area, which petition: (a) Requests the annexation; (b) sets forth the boundaries of the area proposed to be annexed; and (c) contains signatures of voters residing within the area that is proposed to be annexed equal in number to at least ten percent of the voters residing in that area who voted at the last state general election. Annexation petitions shall be filed with the county auditor who shall determine if the petitions contain a sufficient number of valid signatures, certify the sufficiency of the petitions, and notify the community council of the sufficiency of the petitions within fifteen days of when the petitions are submitted.

A ballot proposition authorizing the annexation shall be submitted to the voters of the area that is proposed to be annexed at a primary or general election in either an odd-numbered or even-numbered year, if the community council initiated the annexation by resolution or if the community council concurs in an annexation that was initiated by the submission of annexation petitions containing sufficient valid signatures. The annexation shall occur if the ballot proposition authorizing the creation of the community is approved by a simple majority vote of the voters voting on the proposition. The county’s comprehensive plan, and where applicable to the county’s subarea plan, and zoning ordinances shall continue in effect in the annexed area until proposed amendments to the approved community comprehensive plans and approved community zoning ordinance have been approved that apply to the annexed area. [1991 c 363 § 107.]

36.105.100 Dissolution. A community council shall be dissolved if the population of the community is reduced to less than five hundred persons, or less than two hundred persons if the community only includes an entire island.

At the next general election at which community councilmembers would be elected, occurring at least four years after the creation or reestablishment of a community, a ballot proposition shall be submitted to the voters of the community on whether the community shall be reestablished. If reestablished, the newly elected members of the community council and the retained members of the community council shall constitute the members of the community council. [1991 c 363 § 108.]

36.110.010 Finding—Purpose, intent. Cities and counties have a significant interest in ensuring that inmates in their jails are productive citizens after their release in the community. The legislature finds that there is an expressed need for cities and counties to uniformly develop and coordinate jail industries technical information and program and public safety standards state-wide. It further finds that meaningful jail work industries programs that are linked to formal education and adult literacy training can significantly reduce recidivism, the rising costs of corrections, and criminal activities. It is the purpose and intent of the legislature, through this chapter, to establish a state-wide jail industries program designed to promote inmate rehabilitation through meaningful work experience and reduce the costs of incarceration. The legislature recognizes that inmates should have the responsibility for contributing to the cost of their crime through the wages earned while working in jail industries programs and that such income shall be used to offset the costs of implementing and maintaining local jail industries programs and the costs of incarceration. [1993 c 285 § 1.]

In the event a conflict arises between the local business community or labor organizations concerning new jail industries programs, products, services, or wages, the city or county must use the arbitration process established pursuant to RCW 36.110.060. [1993 c 285 § 5.]

Upon request of the offender, family support may also be deducted and disbursed to a designated family member. [1993 c 285 § 11.]

36.110.120 Free venture industries, tax reduction industries—Employment status of inmates—Insurance coverage. (1) A jail inmate who works in a free venture industry or a tax reduction industry shall be considered an employee of that industry only for the purpose of the Washington industrial safety and health act, chapter 49.17 RCW, as long as the public safety is not compromised, and for eligibility for industrial insurance benefits under Title 51 RCW, as provided in this section.

(2) For jail inmates participating in free venture employer model industries, the private sector business or industry or the nonprofit organization that is party to the agreement, shall provide industrial insurance coverage under Title 51 RCW. Local jurisdictions shall not be responsible for obligations under Title 51 RCW in a free venture employer model industry except as provided in RCW 36.110.130.

(3) For jail inmates participating in free venture customer model industries, the incarcerating entity or jurisdiction, the private sector business or industry, or the nonprofit organization that is party to the agreement, shall provide industrial insurance coverage under Title 51 RCW dependent upon how the parties to the agreement choose to finalize the agreement.

(4) For jail inmates incarcerated and participating in tax reduction industries:

(a) Local jurisdictions that are self-insured may elect to provide medical aid benefits coverage only under chapter 51.36 RCW through the state fund.

(b) Local jurisdictions, to include self-insured jurisdictions, may elect to provide industrial insurance coverage under Title 51 RCW through the state fund.

(5) If industrial insurance coverage under Title 51 RCW is provided for inmates under this section, eligibility for benefits for either the inmate or the inmate’s dependents or beneficiaries for temporary total disability or permanent total disability under RCW 51.32.090 or 51.32.060, respectively, shall not take effect until the inmate is discharged from custody by order of a court of appropriate jurisdiction. Nothing in this section shall be construed to confer eligibility for any industrial insurance benefits to any jail inmate who is not employed in a free venture industry or a tax reduction industry. [1995 c 154 § 2; 1993 c 285 § 12.]
36.110.130 Free venture industry agreements—Effect of failure. In the event of a failure such as a bankruptcy or dissolution, of a private sector business, industry, or nonprofit organization engaged in a free venture industry agreement, responsibility for obligations under Title 51 RCW shall be borne by the city or county responsible for establishment of the free venture industry agreement, as if the city or county had been the employing agency. To ensure that this obligation can be clearly identified and accomplished, and to provide accountability for purposes of the department of labor and industries, a free venture jail industry agreement entered into by a city or county and private sector business, industry, or nonprofit organization should be filed under a separate master business application, establishing a new and separate account with the department of labor and industries, and not be reported under an existing account for parties to the agreement. [1995 c 154 § 3; 1993 c 285 § 13.]

36.110.140 Education and training. To the extent possible, jail industries programs shall be augmented by education and training to improve worker literacy and employability skills. Such education and training may include, but is not limited to, basic adult education, work towards a certificate of educational competence following successful completion of the general educational development test, vocational and preemployment work maturity skills training, and apprenticeship classes. [1993 c 285 § 14.]

36.110.150 Department of corrections to provide staff assistance. Until sufficient funding is secured by the board to adequately provide staffing, basic staff assistance shall be provided, to the extent possible, by the department of corrections. [1993 c 285 § 15.]

36.110.160 Technical training assistance. Technical training assistance shall be provided to local jurisdictions by the board at the jurisdiction's request. To facilitate and promote the development of local jail industries programs, this training and technical assistance may include the following: (1) Delivery of state-wide jail industry implementation workshops for administrators of jail industries programs; (2) development of recruitment and education programs for local business and labor to gain their participation; (3) ongoing staff assistance regarding local jail industries issues, such as sound business management skills, development of a professional business plan, responding to questions regarding risk management, industrial insurance, and similar matters; and (4) provision of guidelines and assistance for the coordination of basic educational programs and jail industries as well as other technical skills required by local jails in the implementation of safe, productive, and effective jail industries programs. [1995 c 154 § 4.]

36.110.900 Severability—1993 c 285. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 285 § 17.]
(2) A service agreement must describe: (a) The governmental service or services addressed by the agreement; (b) the geographic area covered by the agreement; (c) which local government or local governments are to provide each of the governmental services addressed by the agreement within the geographic area covered by the agreement; and (d) the term of the agreement, if any.

(3) A service agreement becomes effective when approved by: (a) The county legislative authority of each county that includes territory located within the geographic area covered by the agreement; (b) the governing body or bodies of at least a simple majority of the total number of cities that includes territory located within the geographic area covered by the agreement, which cities include at least seventy-five percent of the total population of all cities that includes territory located within the geographic area covered by the agreement; and (c) for each governmental service addressed by the agreement, the governing body or bodies of at least a simple majority of the special districts that include territory located within the geographic area covered by the agreement and which provide the governmental service within such territory. The participants may agree to use another formula. An agreement pursuant to this section shall be effective upon adoption by the county legislative authority following a public hearing.

(4) A service agreement may cover a geographic area that includes territory located in more than one single county. [1994 c 266 § 4.]

36.115.050 Matters included. A service agreement may include, but is not limited to, any or all of the following matters:

(1) A dispute resolution arrangement;

(2) How joint land-use planning and development regulations by the county and a city or cities, or by two or more cities, may be established, made binding, and enforced;

(3) How common development standards between the county and a city or cities, or between two or more cities, may be established, made binding, and enforced;

(4) How capital improvement plans of the county, cities, and special districts shall be coordinated;

(5) How plans and policies adopted under chapter 36.70A RCW will be implemented by the service agreement;

(6) A transfer of revenues between local governments in relationship to their obligations for providing governmental services;

(7) The designation of additional area-wide governmental services to be provided by the county. [1994 c 266 § 5.]

36.115.060 Procedure for establishment—Counties affected. (1) The county legislative authority of every county with a population of one hundred fifty thousand or more shall convene a meeting on or before March 1, 1995, to develop a process for the establishment of service agreements. Invitations to attend this meeting shall be sent to the governing body of each city located in the county, and to the governing body of each special district located in the county that provides one or more of the governmental services as defined in RCW 36.115.020(2).

The legislative authorities of counties of less than one hundred fifty thousand population may utilize this chapter by adopting a resolution stating their intent to do so. In that case or in the case of counties whose populations reach one hundred fifty thousand after March 1, 1995, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management as having a population of one hundred fifty thousand or more.

(2) On or before January 1, 1997, a service agreement must be adopted in each county under this chapter or a progress report must be submitted to the appropriate committees of the legislature.

(3) In other counties that choose to utilize this chapter or whose population reaches one hundred fifty thousand, the service agreement must be adopted two years after the initial meeting provided for in subsection (1) of this section is convened or a progress report must be submitted to the appropriate committees of the legislature. [1994 c 266 § 6.]

36.115.070 Legislative intent. It is the intent of the legislature to permit the creation of a flexible process to establish service agreements and to recognize that local governments possess broad authority to shape a variety of government service agreements to meet their local needs and circumstances. However, it is noted that in general, cities are the unit of local government most appropriate to provide urban governmental services and counties are the unit of local government most appropriate to provide regional governmental services.

The process to establish service agreements should assure that all directly affected local governments, and Indian tribes at their option, are allowed to be heard on issues relevant to them. [1994 c 266 § 7.]

36.115.080 Duties, requirements, authorities under growth management act not altered. Nothing contained in this chapter alters the duties, requirements, and authorities of cities and counties contained in chapter 36.70A RCW. [1994 c 266 § 8.]
