The lessor shall furnish a bond satisfactory to the lessee conditioned on the delivery of possession of the completed building to the lessee city or town at the time prescribed in the lease, unavoidable delay excepted. The lease shall provide that no part of the cost of construction of the building shall ever become an obligation of the lessee city or town.

RCW 35.42.080 Lease of city land for building purposes and lease back of building by city--Bids.

[1990 c 205 § 1; 1965 c 7 § 35.42.200. Prior: 1963 c 170 § 1.]

RCW 35.42.210 Exercise of option to purchase.
Applicable Cases

If at the time an option to purchase is exercised the remaining amount to be paid in order to purchase the real or personal property leased after crediting the rental payments toward the total purchase price therefor does not result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town computed in accordance with RCW 39.36.030, such a city or town may exercise its option to purchase such property. If such remaining amount to be paid to purchase such leased property will result in a total indebtedness in excess of one and one-half percent of the taxable property of such city or town, a proposition in regard to whether or not to purchase the property shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters.

Applicable Cases

Every city or town shall have the right of entry upon all irrigation, drainage, or flood control canal or ditch rights of way within its limits for all purposes necessary to safeguard the public from the hazards of such open canals or ditches, and the right to cause to be constructed, installed, and maintained upon or adjacent to such rights of way safeguards as provided in RCW 35.43.040: PROVIDED, That such safeguards must not unreasonably interfere with maintenance of the canal or ditch or with the operation thereof. The city or town, at its option, notwithstanding any laws to the contrary, may require the irrigation, drainage, flood control, or other district, agency, person, corporation, or association maintaining the canal or ditch to supervise the installation and construction of such safeguards, or to maintain the same. If such option is exercised reimbursement must be made by the city or town for all actual costs thereof.

RCW 35.43.050 Authority--Noncontinuous improvements.
Applicable Cases

When the legislative body of any city or town finds that all of the property within a local improvement district or utility local improvement district will be benefited by the improvements as a whole, a local improvement district or utility local improvement district may include adjoining, vicinal, or neighboring streets, avenues, and alleys or other improvements even though the improvements thus made are not connected or continuous. The assessment rates may be ascertained on the basis of the special benefit of the improvements as a whole to the properties within the entire local improvement district or utility local improvement district, or on the basis of the benefit of each unit of the improvements to the properties specially benefited by that unit, or the assessment rates may be ascertained by a combination of the two bases. Where no finding is made by the legislative body as to the benefit of the improvements as a whole to all of the property within a local improvement district or utility local improvement district, the cost and expense of each continuous unit of the improvements shall be ascertained separately, as near as may be, and the assessment rates shall be computed on the basis of the cost and expense of each unit. In the event of the initiation of a local improvement district authorized by this section or a utility local improvement district authorized by this section, the legislative body may, in its discretion, eliminate from the district any unit of the improvement which is not connected or continuous and may proceed with the balance of the improvement within the local improvement district or utility local improvement district, as fully and completely as though the eliminated unit had not been included within the improvement district, without the giving of any notices to the
property owners remaining within the district, other than such notices as are required by the provisions of this chapter to be given subsequent to such elimination.

If the proceedings were initiated by petition the designated board, officer or authority...
shall also determine the sufficiency of the petition and whether the facts set forth therein are true. If the petition is found to be sufficient and in all proceedings initiated by resolution of the legislative authority of the city or town, the estimates must be accompanied by a diagram showing thereon the lots, tracts, and parcels of land and other property which will be specially benefited by the proposed improvement and the estimated amount of the cost and expense thereof to be borne by each lot, tract, or parcel of land or other property: PROVIDED, That no such diagram shall be required where such estimates are on file in the office of the city engineer, or other designated city office, together with a detailed copy of the preliminary assessment roll and the plans and assessment maps of the proposed improvement.

For the purpose of estimating and levying local improvement assessments, the value of property of the United States, of the state, or of any county, city, town, school district, or other public corporation whose property is not assessed for general taxes shall be computed according to the standards afforded by similarly situated property which is assessed for general taxes.

RCW 35.43.182 Waivers of protest--Recording--Limits on enforceability.
Applicable Cases
If an owner of property enters into an agreement with a city or town waiving the property
owner's right under RCW 35.43.180 to protest formation of a local improvement district, the
agreement must specify the improvements to be financed by the district and shall set forth the
effective term of the agreement, which shall not exceed ten years. The agreement must be
recorded with the auditor of the county in which the property is located. It is against public policy
and void for an owner, by agreement, as a condition imposed in connection with proposed
property development, or otherwise, to waive rights to object to the property owner's individual
assessment (including the determination of special benefits allocable to the property), or to
appeal to the superior court the decision of the city or town council affirming the final
assessment roll.

RCW 35.43.184 Preformation expenditures.
Applicable Cases

The city or town engineer or other designated official may contract with owners of real property to provide for payment by the owners of the cost of the preparation of engineering plans, surveys, studies, appraisals, legal services, and other expenses associated with improvements to be financed in whole or in part by a local improvement district (not including the cost of actual construction of such improvements), that the owners elect to undertake. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property under the district. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. The contract shall provide that any preformation work shall be conducted only under the direction of the city or town engineer or other appropriate city or town authority.

[1988 c 179 § 9.]

Notes:

RCW 35.43.186 Credits for other assessments.

Applicable Cases

A city or town ordering a local improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the local improvement district that moneys paid or the cost of facilities constructed by a property owner in the district in satisfaction of obligations under chapter 39.92 RCW, shall be credited against assessments due from the owner of such property at the time the credit is made, if those moneys paid or facilities constructed directly defray the cost of the specified improvements under the district and if credit for such amounts is reflected in the final assessment roll confirmed for the district.

[1988 c 179 § 10.]

Notes:

RCW 35.43.188 Assessment reimbursement accounts.

Applicable Cases

A city or town ordering a local improvement upon which special assessments on property specifically benefited by the improvement are levied and collected, may provide as part of the ordinance creating the local improvement district that the payment of an assessment levied for the district on underdeveloped properties may be made by owners of other properties within the
district, if they so elect, subject to terms of reimbursement set forth in the ordinance. The terms for reimbursement shall require the owners of underdeveloped properties on whose behalf payments of assessments have been made to reimburse all such assessment payments to the party who made them when those properties are developed or redeveloped, together with interest at a rate specified in the ordinance. The ordinance may provide that reimbursement shall be made on a one-time, lump sum basis, or may provide that reimbursement shall be made over a period not to exceed five years. The ordinance may provide that reimbursement shall be made no later than the time of dissolution of the district, or may provide that no reimbursement is due if the underdeveloped properties are not developed or redeveloped before the dissolution of the district. Reimbursement amounts due from underdeveloped properties under this section are liens upon the underdeveloped properties in the same manner and with like effect as assessments made under this chapter. For the purposes of this section, "underdeveloped properties" may include those properties that, in the discretion of the legislative body of the city or town, (1) are undeveloped or are not developed to their highest and best use, and (2) are likely to be developed or redeveloped before the dissolution of the district.

The city, town, or public corporation may reject any and all bids. (3) The resultant quotient multiplied by forty-five, twenty-five, twenty, ten, and five, respectively, shall be the respective rate of assessment per square foot for subdivisions first, second, third, fourth and fifth: PROVIDED, That in lieu of the above formula the rate of assessment per square foot in each subdivision of an improvement district may be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, fourth and fifth, respectively, are related to each other as are the numbers 0.015000, 0.008333, 0.006666, 0.003333 and 0.001666, respectively; and the method of determining the assessment on each lot, tract, or parcel of land in the improvement district may be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, fourth and fifth, respectively, for each lot, tract or parcel of land in the improvement district and the numbers 0.015000, 0.008333, 0.006666, 0.003333 and 0.001666, respectively, shall be ascertained. The sum of all such products for each such lot, tract or parcel of land shall be the number of "assessable units of frontage" therein;

(2) The rate for each assessable unit of frontage shall be determined by dividing that portion of the total cost of the improvement representing special benefits by the aggregate sum of all assessable units of frontage;

(3) The assessment for each lot, tract or parcel of land in the improvement district shall be the product of the assessable units of frontage therefor, multiplied by the rate per assessable unit of frontage.

The rate of assessment per square foot in each subdivision so formed shall be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, and fourth, respectively, are related to each other as are the numbers, forty, thirty, twenty, and ten, respectively, and shall be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, and
fourth, respectively, and the numbers forty, thirty, twenty, and ten, respectively, shall be ascertained;

(2) The aggregate sum thereof shall be divided into the total cost and expense of the local improvement;

Notes:  

RCW 35.44.280 Reassessments--When authorized.

Applicable Cases

In all cases of special assessments for local improvements wherein the assessments are not valid in whole or in part for want of form, or insufficiency, informality, irregularity, or nonconformance with the provisions of law, charter, or ordinance, the city or town council may reassess the assessments and enforce their collection in accordance with the provisions of law and ordinance existing at the time the reassessment is made. This shall apply not only to an original assessment but also to any reassessment, to any assessment upon omitted property and to any supplemental assessment which is declared void and its enforcement refused by any court or which for any cause has been set aside, annulled or declared void by any court either directly or by virtue of any decision thereof.
RCW 35.44.290 Reassessments--Basis--Property included.
Applicable Cases
Every reassessment shall be made upon the property which has been or will be specially benefited by the local improvement and may be made upon property whether or not it abuts upon, is adjacent to, or proximate to the improvement or was included in the original assessment district.

Property not included in the original improvement district when so assessed shall become a part of the improvement district and all payments of assessments shall be paid into and become part of the local improvement fund to pay for the improvement.

Property in the original local improvement district which is excluded in reassessment need not be entered upon the assessment roll.

Every reassessment must be based upon the actual cost of the improvement at the time of its completion.

RCW 35.44.300 Reassessments--Irregularities not fatal.
Applicable Cases
The fact that the contract has been let or that the improvement has been made and completed in whole or in part shall not prevent the reassessment from being made, nor shall the omission or neglect of any office or officers to comply with the law, the charter, or ordinances governing the city or town as to petition, notice, resolution to improve, estimate, survey, diagram, manner of letting contract, or execution of work or any other matter connected with the improvement and the first assessment thereof operate to invalidate or in any way affect the making of a reassessment.

RCW 35.44.310 Reassessments--Amount thereof.
Applicable Cases
The reassessment shall be for an amount which shall not exceed the actual cost and expense of the improvement, together with the accrued interest thereon, it being the true intent and meaning of the statutes relating to local improvements to make the cost and expense of local improvements payable by the property specially benefited thereby, notwithstanding the proceedings of the council, board of public works or other board, officer, or authority may be found to be irregular or defective, whether jurisdictional or otherwise.

RCW 35.44.320 Reassessments--Credit for prior payments.
Applicable Cases
In case of reassessment, all sums paid on the former attempted assessments shall be credited to the property on account of which they were paid.

RCW 35.44.330 Reassessments--Payment.
Applicable Cases
In case of reassessment after the certification of the assessment roll to the city or town treasurer for collection, the same length of time for payment of the assessment thereon without the imposition of any penalties or interest and the notice that the assessments are in the hands of the treasurer for collection shall be given as in case of an original assessment. After delinquency, penalties and interest may be charged as in cases of original assessment and if the original assessment was payable in installments, the new assessment may be divided into equal installments and made payable at such times as the city or town council may prescribe in the ordinance ordering the new assessment.

RCW 35.44.340 Reassessments--Limitation of time for.
Applicable Cases
No city or town shall have jurisdiction to proceed with any reassessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time the original assessment for the same improvement was finally held to be invalid, insufficient or for any cause set aside, in whole or in part or its enforcement denied directly or indirectly by the courts.

RCW 35.44.350 Reassessments, assessments on omitted property, supplemental assessments--Provisions governing.
Applicable Cases
All of the provisions of law relating to the filing of assessment rolls, time and place for hearing thereon, notice of hearing, the hearing upon the roll, the confirmation of the assessment roll, the time when the assessments become a lien upon the property assessed, the proceedings on appeal from any such assessment, the method of collecting the assessment and all proceedings for enforcing the lien thereof shall be had and conducted the same in the case of reassessments, assessments on omitted property, or supplemental assessments as in the case of an original assessment.

RCW 35.44.360 Assessments on omitted property--Authority.
Applicable Cases
If by reason of mistake, inadvertence, or for any cause, property in a local improvement district or utility local improvement district which except for its omission would have been
subject to assessment has been omitted from the assessment roll, the city or town council, upon
its own motion, or upon the application of the owner of any property in the district which has
been assessed for the improvement, may proceed to assess the property so omitted in accordance
with the benefits accruing to it by reason of the improvement in proportion to the assessments
levied upon other property in the district.

RCW 35.44.370 Assessments on omitted property--Resolution--Notice.
Applicable Cases
In case of assessments on omitted property the city or town council shall pass a resolution:
(1) Setting forth that the property therein described was omitted from the assessment;
(2) Notifying all persons who may desire to object thereto to appear at a meeting of the
city or town council at a time specified in the resolution and present their objections thereto, and
(3) Directing the proper board, officer, or authority to report to the council at or prior to
the date fixed for the hearing the amount which should be borne by each lot, tract, or parcel of
land or other property so omitted. The resolution shall be published in all respects as provided for
publishing the resolutions for an original assessment.

[1965 c 7 § 35.44.370. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

RCW 35.44.380 Assessments on omitted property--Confirmation ordinance--Collection.
Applicable Cases
At the conclusion of the hearing or any adjournment thereof upon proposed assessments
on omitted property the council shall consider the matter as though the property were included in
the original roll and may confirm the roll or any portion thereof by ordinance. Thereupon the roll
of omitted property shall be certified to the treasurer for collection as other assessments.

[1965 c 7 § 35.44.380. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

RCW 35.44.390 Supplemental assessments--When authorized.
Applicable Cases
If by reason of any mistake, inadvertence, or other cause, the amount assessed was not
equal to the cost and expense of a local improvement or that portion thereof to be paid by
assessment of the property benefited the city or town council shall make supplemental
assessments on all the property in the district. The property found to be specially benefited shall
not be limited to the property included in the original assessment district.

These assessments shall be made in accordance with the provisions of law, charter, and
ordinances existing at the time of the levy.

[1965 c 7 § 35.44.390. Prior: 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part.]
RCW 35.44.400 Supplemental assessments--Limitation of time for.
Applicable Cases
No city or town shall have jurisdiction to proceed with any supplemental assessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time that it was finally determined that the total amount of valid assessments levied and assessed on account of a local improvement was insufficient to pay the whole or that portion of the cost and expense thereof to be paid by special assessment.

[1965 c 7 § 35.44.400. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

RCW 35.44.410 Segregation of assessments.
Applicable Cases
Whenever any land against which there has been levied any special assessment by any city or town shall have been sold in part or subdivided, the legislative authority of that city or town shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the city or town which levied the assessment. If the legislative authority thereof determines that a segregation should be made, it shall by resolution order the city or town treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the city or town treasurer who shall proceed to make the segregation ordered upon being tendered a fee of ten dollars for each tract of land for which a segregation is to be made. In addition to such charge the legislative authority of the city or town may require as a condition to the order of segregation that the person seeking it pay the city or town the reasonable engineering and clerical costs incident to making the segregation. No segregation need be made if the legislative authority of the city or town shall find that by such segregation the security of the lien for such assessment will be so jeopardized as to reduce the security for any outstanding local improvement district obligations payable from such assessment.

[1969 ex.s. c 258 § 10.]

RCW 35.44.420 Property donations--Credit against assessments.
Applicable Cases
A city legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a local improvement district. The credit granted is available against any assessment, charge, or other required financial contribution for any transportation purpose that uses the donated property.

RCW 35.45.020 Bond issue--Due date--Interest.
Applicable Cases

The call shall be made for publication in the city or town official newspaper in its first publication following the date of delinquency of any installment of the assessment or as soon thereafter as practicable. **RCW 35.45.090 Excess to be refunded--Demand--Right of action.**

Applicable Cases

Any funds in the treasury of any municipal corporation belonging to the fund of any local improvement district after the payment of the whole cost and expense of such improvement, in excess of the total sum required to defray all the expenditures by such municipal corporation on account thereof, shall be refunded, on demand, to the payers into such fund. Each such payer shall be entitled to such proportion of such excess as his original assessment bears to the entire original assessment levied for such improvement. Such municipal corporation may, after one year from the date on which the last installment becomes due, transfer any balance remaining on
hand to the general fund of such municipal corporation, but shall, notwithstanding such transfer remain liable for the refund herein provided for until such refund shall have been made, unless the actual cost involved in making such refund shall exceed the excess in such fund.

Such demand shall be made in writing to the treasurer of such municipal corporation. No action shall be commenced in any court to obtain any such refund, except upon such demand, and until ninety days after making such demand. No excess shall be recovered in any action where the excess in the fund does not average the sum of one dollar in favor of all payers into such fund.

This section shall not be deemed to require the refunding of any balance left in any local improvement fund after the payment of all outstanding obligations issued against such fund, where such balance accrues from any saving in interest or from penalties collected upon delinquent assessments, but any such balance, whether accruing heretofore or hereafter, may be turned into the general fund or otherwise disposed of, as the legislative authority of the city may direct.

The provisions of this chapter relating to the refund of excess local improvement district funds shall not apply to any district whose obligations are guaranteed by the local improvement guaranty fund.

Every city and town may provide by ordinance for the issuance of warrants in payment of the cost and expense of any local improvement, payable out of the local improvement district fund. The warrants shall bear interest at a rate or rates established by the issuing officer under the direction of the legislative authority of the city or town and shall be redeemed either in cash or by local improvement bonds for the same improvement authorized by ordinance.

All warrants against any local improvement fund sold by the city or town or issued to a contractor and by him sold or hypothecated for a valuable consideration shall be claims and liens against the improvement fund against which they are drawn prior and superior to any right, lien, or claim of any surety upon the bond or bonds given to the city or town by or for the contractor to secure the performance of his contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or provisions and supplies for the carrying on of the work.

**Notes:**

**Purpose--1970 ex.s. c 56:** See note following RCW 39.52.020.

**RCW 35.45.140 Warrants acceptable in payment of assessments.**

**Applicable Cases**

Cities and towns may accept warrants drawn against any local improvement fund upon
such conditions as they may by ordinance or resolution prescribe, in satisfaction of:

1. Assessments levied to supply such fund, in due order of priority of right;
2. Judgments rendered against property owners who have become delinquent in the payment of assessments levied to supply such fund; and
3. In payment of certificates of purchase in cases where property of delinquents has been sold under execution or at tax sale for failure to pay assessments levied to supply such fund.

RCW 35.45.150 Installment notes--Interest certificates.
Applicable Cases
In addition to the issuance of bonds and warrants in payment of the cost and expense of any local improvement, any city or town may also issue and sell installment notes payable out of the local improvement district fund. Such installment notes may be issued any time after the thirty day period allowed by law for the payment of assessments of any district without penalty or interest, and may bear any denomination or denominations, the aggregate of which shall represent the balance of the cost and expense of the local improvement district which is to be borne by the property owners therein.

Application of local improvement district funds for the reduction of the principal and interest amounts due on any notes herein provided to finance said improvement shall be made not less than once each year beginning with the issue date thereof. Appropriate notification of such application of funds shall be made by the city or town treasurer to the registered payees of said notes, except those notes owned by funds of the issuing municipality. Such notes may be registered as provided in RCW 39.46.030. If more than one local improvement installment note is issued for a single district, said notes shall be numbered consecutively. All notes issued shall bear on the face thereof: (1) The name of the payee; (2) the number of the local improvement district from whose funds the notes are payable; (3) the date of issue of each note; (4) the date on which the note, or the final installment thereon shall become due; (5) the rate or rates of interest, as provided by the city or town legislative authority, to be paid on the unpaid balance thereof, and; (6) such manual or facsimile signatures and attestations as are required by state statute or city charter to appear on the warrants of each issuing municipality.

The reverse side of each installment note issued pursuant to this section shall bear a tabular payment record which shall indicate at prescribed installment dates, the receipt of any local improvement district funds for the purpose of servicing the debt evidenced by said notes. Such receipts shall first be applied toward the interest due on the unpaid balance of the note, and any additional moneys shall thereafter apply as a reduction of the principal amount thereof. The tabular payment record shall, in addition to the above, show the unpaid principal balance due on each installment note, together with sufficient space opposite each transaction affecting said note for the manual signature of the city's or town's clerk, treasurer or other properly designated receiving officer of the municipality, or of any other registered payee presenting said note for such installment payments.
Whenever there are insufficient funds in a local improvement district to meet any payment of installment interest due on any note herein authorized, a noninterest-bearing defaulted installment interest certificate shall be issued by the city or town treasurer which shall consist of a written statement certifying the amount of such defaulted interest installment; the name of the payee of the note to whom the interest is due and the number of the local improvement district from whose funds the note and interest thereon is payable. Such certificates may be registered as provided in RCW 39.46.030. The certificate herein provided shall bear the manual signature of the city or town treasurer or his authorized agent. The defaulted installment interest certificate so issued shall be redeemed for the face amount thereof with any available funds in the local improvement guaranty fund.

Whenever at the date of maturity of any installment note issued pursuant to this section, there are insufficient funds in a local improvement district, due to delinquencies in the collection of assessments, to pay the final installment of the principal due thereon, the note shall be redeemed with any available funds in the local improvement guaranty fund for the amount of said final installment.

All certificates and notes issued pursuant to this section are to become subject to the same redemption privileges as apply to any local improvement district bonds and warrants now accorded the protection of the local improvement guaranty fund as provided in chapter 35.54 RCW, and whenever the certificates or notes issued as herein provided are redeemed by said local improvement guaranty fund, they shall be held therein as investments thereof in the same manner as prescribed for other defaulted local improvement district obligations.

Notwithstanding any other statutory provisions, local improvement installment notes authorized by this section which are within the protection of the local improvement guaranty fund law shall be considered legal investments for any available surplus funds of the issuing municipality which now or hereafter may be authorized to be invested in the city's or town's local improvement districts' bonds or warrants and shall be considered legal investments for all national and state banks, savings and loan institutions, and any and all other commercial banking or financial institutions to the same extent that the local improvement district bonds and any coupons issued pursuant to the provisions of this chapter have been and are legal investments for such institutions. Any such local improvement installment notes may be transferred or sold by said city or town upon such terms or conditions and in such manner as the local governing body of said city or town may determine, or may be issued to another fund of the city or town: PROVIDED, HOWEVER, That the same shall not be sold at less than par plus accrued interest.

Notwithstanding the provisions of this section, such notes and certificates may be issued, and such notes may be sold, in accordance with chapter 39.46 RCW.

*Investment of public funds in notes, debentures: RCW 39.60.050.*

**RCW 35.45.155 Installment notes--Refunding.**

Applicable Cases

Any city or town having issued one or more installment notes pursuant to RCW 35.45.150 may refund all of such notes or the principal thereof then outstanding payable from any one local improvement district fund by the issuance of local improvement district bonds pursuant to chapter 35.45 RCW and by the payment into the city or town fund or funds holding such notes the then outstanding principal amount of such notes plus the interest thereon accrued to the date of such refunding. The bonds shall be payable from the same local improvement district fund from which such notes were payable; shall be payable no later than the final payment date of the notes being refunded; shall be in the same total principal amount as the outstanding principal amount of the notes being refunded less any sums in the local improvement district fund the city or town applies to the redemption of such notes; and shall be sold at not less than par plus accrued interest to date of delivery. Any interest payable on the bonds in excess of the interest payable on assessment installments payable into the local improvement district fund shall be paid from the general fund of the city or town in accordance with RCW 35.45.065. The principal proceeds and interest accrued to date of delivery of the bonds shall be paid into the local improvement district fund and the notes shall be redeemed on that date. RCW 35.48.010 Special revolving fund for delinquent nonguaranteed bonds and warrants--Composition.
Applicable Cases

If any city or town has issued bonds or warrants payable from a local improvement or condemnation award fund, to which the local improvement guaranty fund law is not applicable, and if the assessment, or last installment thereof, against which the bonds or warrants were issued has been delinquent not more than thirty-two years, the city or town may create a special revolving fund and may provide moneys therefor by general tax levy, if the levy, together with other levies made or authorized by such city or town, will not exceed the levy which is legally allowed; or such city or town may place in said fund or advance or loan to said fund any money which it is not prohibited by law from advancing, loaning to or placing in said fund.

[1965 c 7 § 35.48.010. Prior: 1961 c 46 § 1; 1943 c 244 § 2; Rem. Supp. 1943 § 9351-11.]

Notes:

Purpose--1943 c 244: "WHEREAS, there are many millions of dollars of delinquent and unpaid local improvement district and condemnation award bonds and warrants issued by various cities of the state and not protected by the Local Improvement Guaranty Fund, only a small part of which for the present at least can be paid and many of which will never be paid because of inability of property owners to pay the special assessments levied to provide funds for payment thereof and the depreciated value of the real estate which is the only security provided by present law from which payment of the assessments may be enforced; and, WHEREAS, the cities are not legally liable under existing law for payment of such bonds and warrants except as there are moneys available in the special fund from which the same are payable; and, WHEREAS, such cities and its citizens as a whole have derived benefit from the improvements installed with the proceeds or as a result of the issuance of such bonds and warrants; and, WHEREAS, the nonpayment of such unpaid and delinquent bonds and warrants not only causes great hardship and
suffering on those who have invested money in such bonds and warrants, but also reflects discredit on the financial structure of the various cities involved, to the detriment of the cities as a whole and also the entire state; NOW, THEREFORE, this law is enacted to enable cities to provide some relief from the hardship imposed by such conditions.” [1943 c 244 § 1.]

**RCW 35.48.020 Use of revolving fund--Maximum bond price.**

**Applicable Cases**

Any moneys in such revolving fund may be used for the purchase of unpaid delinquent local improvement warrants, or bonds and interest payments, or bonds and interest coupons thereon, issued by the city or town, payable from a local improvement district fund or condemnation award fund, to which the local improvement guaranty fund law is not applicable, if the assessment, or last installment thereof, against which the bonds or warrants have been issued, has been delinquent not more than thirty-two years. The maximum purchase price to be paid for said bonds or warrants shall be fixed by the municipality, and may from time to time be changed but shall never exceed fifty percent of the face value of the bonds, interest payments, interest coupons, or warrants: PROVIDED, That no warrants shall be issued payable from the revolving fund unless there is sufficient cash in said fund available for payment of such warrants.

[1983 c 167 § 45; 1965 c 7 § 35.48.020. Prior: 1961 c 46 § 2; 1943 c 244 § 3; Rem. Supp. 1943 § 9351-12.]

**Notes:**

Liberal construction--Severability--1983 c 167: See RCW 39.46.010 and note following.

**RCW 35.48.030 Subrogation--Refund of surplus.**

**Applicable Cases**

The purchase of any such bonds or warrants shall not relieve the local improvement or condemnation award fund from which the same are payable from liability for payment of the same, but the city or town upon purchase thereof shall become subrogated to all the rights of the former owners thereof and may proceed to enforcement of said bonds or warrants as any owner thereof might do. The city or town may sell any property acquired by it in such proceedings upon such terms and for such prices as it sees fit, or it may resell any of the bonds or warrants for such prices as it shall fix.

Any excess in any local improvement district fund or condemnation award fund which will average a payment of one dollar to each payer into said fund shall, after payment, retirement, or cancellation of all bonds or warrants payable from said fund, be refunded and paid to the payers into the fund in the proportion that their respective assessments bear to the entire original assessment levied for such improvement, and any unpaid assessments, or portion thereof, shall be reduced in the same proportion. Any proceeds derived from the sale of any bonds or warrants, or from the sale of real estate, shall be placed in the revolving fund.

**RCW 35.48.040 Refund to revolving fund.**

**Applicable Cases**

If there are funds in any local improvement district fund or condemnation award fund
sufficient to pay or retire any bond or warrant issued and payable from said fund, and the city or
town is the owner and holder of the bond or warrant next payable from the fund, the city or town
treasurer shall from the moneys in the local improvement or condemnation award fund place in
the revolving fund a sum of money equivalent to the amount paid by the city or town for such
bond or warrant and shall thereupon cancel, mark paid and remove from said revolving fund such
bond or warrant.

RCW 35.48.050 Purchase of warrants on previous funds--Transfer of assets to revolving
fund--Disposition.
Applicable Cases

Whenever a city or town has heretofore by ordinance created a fund for use in purchasing
delinquent local improvement or condemnation award bonds or warrants not protected by the
local improvement guaranty fund law, and has purchased any such bonds or warrants and issued
warrants payable from said fund, which warrants are unpaid because of lack of funds and have
remained unpaid for a period of less than thirty-two years from date of issue thereof, the city or
town may use any funds available in the revolving fund to purchase said warrants at such price as
it may determine, but in no event at more than fifty percent of the face value, without interest.

Whenever all such warrants have been purchased or paid, the city or town may transfer to
the revolving fund any bonds, warrants or other assets belonging to said fund first above
mentioned, and thereafter such bonds, warrants or other assets shall be held and disposed of for
the benefit of said revolving fund in the same manner as other funds and assets therein:
PROVIDED, That nothing contained in this chapter shall legalize any warrants heretofore issued
or render any city or town liable thereunder.

Applicable Cases

The charge assessed upon the respective lots, tracts, or parcels of land and other property in the assessment roll confirmed by ordinance of the city or town council for the purpose of paying the cost and expense in whole or in part of any local improvement, shall be a lien upon the property assessed from the time the assessment roll is placed in the hands of the city or town treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the local improvement assessments against the real property, the lien of such assessment shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such improvement to be borne by each lot, tract, or parcel of land, as provided in RCW 35.50.005. It shall be no objection to the validity of the assessment, or the lien thereof:
(1) That the contract for the improvement was not awarded in the manner or at the time required by law; or
(2) That the assessment was made by an unauthorized officer or person if the assessment roll was confirmed by the city or town authorities; or
(3) That the assessment is based upon a front foot basis, or upon a basis of benefits to the property within the improvement district unless it is made to appear that the city or town authorities did not act in good faith and did not attempt to act fairly in regard thereto or unless it is made to appear that the city or town authorities acted fraudulently or oppressively in making the assessment.

All local improvement assessments heretofore or hereafter made by city or town authorities in good faith are valid and in full force and effect.

The proceedings shall be commenced on or before March 1st of that year or on or before such other date in such year as may be fixed by general ordinance, but not before the city or town treasurer has notified by certified mail the persons whose names appear on the assessment roll as owners of the property charged with the assessments or installments which are delinquent, at the address last known to the treasurer, a notice thirty days before the commencement of the proceedings. If the person whose name appears on the tax rolls of the county assessor as owner of the property, or the address shown for the owner, differs from that appearing on the city or town assessment roll, then the treasurer shall also mail a copy of the notice to that person or that address.

The notice shall state the amount due, including foreclosure costs, upon each separate lot, tract, or parcel of land and the date after which the proceedings will be commenced. The city or town treasurer shall file with the clerk of the superior court at the time of commencement of the foreclosure proceeding the affidavit of the person who mailed the notices. Where foreclosure of two installments of the same assessment on any lot, tract, or parcel is sought, the city or town treasurer shall cause such lot, tract, or parcel to be dismissed from the action, if the installment first delinquent together with interest, penalty, administrative costs, and charges is paid at any time before sale.

RCW 35.50.230 Procedure--Parties and property included.

Applicable Cases

In foreclosing local improvement assessment liens, it is not necessary to bring a separate suit for each of the lots, tracts, or parcels of land or other property or for each separate local improvement district or utility local improvement district. All or any of the lots, tracts, or parcels of land or other property upon which local improvement assessments are delinquent under any and all local improvement assessment rolls in the city or town may be proceeded against in the same action. For all lots, tracts, or parcels which contain a residential structure with an assessed value of at least two thousand dollars, all persons owning or claiming to own the property shall be made defendants thereto. For all other lots, tracts, or parcels, the persons whose names appear on the assessment roll and property tax rolls as owners of the property charged with the assessments or taxes shall be made defendants thereto.
RCW 35.50.240 Procedure--Pleadings and evidence.

Notes:
Severability--1982 c 91: See note following RCW 35.50.030.

RCW 35.50.260 Procedure--Trial and judgment--Notice of sale.

Applicable Cases

In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable administrative costs, including, but not limited to, the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment
as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property. Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080.

Applicable Cases

The definitions set forth in this section apply throughout this chapter.

(1) "Local improvement district" means any local improvement district, local utility district, or any other similar special assessment district.

(2) "Municipality" means any city, town, county, metropolitan municipal corporation, or any other municipal corporation or quasi-municipal corporation of the state of Washington authorized to order local improvements, to establish local improvement districts, and to levy special assessments on property specially benefited thereby to pay the expense of the improvements.

(3) "Permissible floor area" means the maximum total floor area, at grade and above and below grade, of a building or other structure that may lawfully be developed on a property.

(4) "Private land use restriction" means any restriction on the use of property imposed by agreement and enforceable by a court of law and that the legislative authority of a municipality determines is useful in measuring special benefits to a property from an improvement. Such restrictions include but are not limited to easements, covenants, and equitable servitudes that are not mere personal obligations.

(5) "Public land use restriction" means any restriction on the use of property imposed by federal, state, or local laws, regulations, ordinances, or resolutions. Such restrictions include but are not limited to local zoning ordinances and historic preservation statutes.

RCW 35.51.020 Joint planning, construction, and operation of improvements.
Applicable Cases

A municipality may contract with any other municipality, with a public corporation, or with the state of Washington, for the following purposes:

(1) To have the acquisition or construction of the whole or any part of an improvement performed by another municipality, by a public corporation, or by the state of Washington;

Notes:
Policy--1987 c 242: See note following RCW 35.43.005.

RCW 35.51.030 Alternative or additional method of assessment--Classification of property.
Applicable Cases

(1) As an alternative or in addition to other methods of ascertaining assessments for local
improvements, the legislative authority of a municipality may develop and apply a system of
classification of properties based upon some or all of the public land use restrictions or private
land use restrictions to which such property may be put at the time the assessment roll is
confirmed.

(2) The legislative authority of a municipality may classify property into office, retail,
residential, public, or any other classifications the legislative authority finds reasonable, and may
levy special assessments upon different classes of property at different rates, but in no case may a
special assessment exceed the special benefit to a particular property. A municipality also may
exempt certain classes of property from assessment if the legislative authority of the municipality
determines that properties within such classes will not specially benefit from the improvement.

(3) For each property within a classification, the legislative authority of the municipality
may determine the special assessment after consideration of any or all of the following:

(a) Square footage of the property;
(b) Permissible floor area;
(c) Distance from or proximity of access to the local improvement;
(d) Private land use restrictions and public land use restrictions;
(e) Existing facilities on the property at the time the assessment roll is confirmed; and
(f) Any other factor the legislative authority finds to be a reasonable measure of the
special benefits to the properties being assessed.

(4) If after the assessment roll is confirmed, the legislative authority of a municipality
finds that the lawful uses of any assessed property have changed and that the property no longer
falls within its original classification, the legislative authority may, in its discretion, reclassify
and reassess such property whether or not the bonds issued to pay any part of such costs remain
outstanding. If such reassessment reduces the total outstanding assessments within the local
improvement district, the legislative authority shall either reassess all other properties upward in
an aggregate amount equal to such reduction, or shall pledge additional money, including money
in a reserve fund, to the payment of principal of and interest on such bonds in an amount equal to
such reduction.

(5) When the legislative authority of a municipality determines that it will use the
alternative or additional method of assessment authorized by this section, it may select and

Revised Code of Washington, 1999
describe the method or methods of assessment in the ordinance ordering a local improvement and creating a local improvement district if such method or methods of assessment have been described in the notice of hearing required under RCW 35.43.150. If the method or methods of assessment are so selected and described in the ordinance ordering a local improvement and creating a local improvement district, the action and decision of the legislative authority as to such method or methods of assessment shall be final and conclusive, and no lawsuit whatsoever may be maintained challenging such method or methods of assessment unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement, and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180.

[1985 c 397 § 7.]

**RCW 35.51.040 Reserve fund authorized--Use.**

**Applicable Cases**

For the purpose of securing the payment of the principal of and interest on an issue of local improvement bonds, notes, warrants, or other short-term obligations, the legislative authority of a municipality may create a reserve fund in an amount not exceeding fifteen percent of the principal amount of the bonds, notes, or warrants issued. The cost of a reserve fund may be included in the cost and expense of any local improvement for assessment against the property in the local improvement district to pay the cost, or any part thereof. The reserve fund may be provided for from the proceeds of the bonds, notes, warrants, or other short-term obligations, from special assessment payments, or from any other money legally available therefor. The legislative authority of a municipality shall provide that after payment of administrative costs a sum in proportion to the ratio between the part of the original assessment against a given lot, tract, or parcel of land in a local improvement district assessed to create a reserve fund, if any, and the total original amount of such assessment, plus a proportionate share of any interest accrued in the reserve fund, shall be credited and applied, respectively, to any nondelinquent portion of the principal of that assessment and any nondelinquent installment interest on that assessment paid by a property owner, but in no event may the principal amount of bonds outstanding exceed the principal amount of assessments outstanding. Whether the payment is made during the thirty-day prepayment period referred to in RCW 35.49.010 and 35.49.020 or thereafter and whenever all or part of a remaining nondelinquent assessment or any nondelinquent installment payment of principal and interest is paid, the reserve fund balance shall be reduced accordingly as each such sum is thus credited and applied to a nondelinquent principal payment and a nondelinquent interest payment. Each payment of a nondelinquent assessment or any nondelinquent installment payment of principal and interest shall be reduced by the amount of the credit. The balance of a reserve fund remaining after payment in full and retirement of all local improvement bonds, notes, warrants, or other short-term obligations secured by such fund shall be transferred to the municipality's guaranty fund.

Where, before July 26, 1987, a municipality established a reserve fund under this section that did not provide for a credit or reimbursement of the money remaining in the reserve fund to
the owners of the lots, tracts, or parcels of property subject to the assessments, the balance in the reserve fund shall be distributed, after payment in full and retirement of all local improvement district bonds and other obligations secured by the reserve fund, to those owners of the lots, tracts, or parcels of property subject to the assessments at the time the final installment or assessment payment on the lot, tract, or parcel was made. No owner is eligible to receive reimbursement for a lot, tract, or parcel if a lien on an unpaid assessment, or an installment thereon, that was imposed on such property remains in effect at the time the reimbursement is made or was foreclosed on the property. The amount to be distributed to the owners of each lot, tract, or parcel that is eligible for reimbursement shall be equal to the balance in the reserve fund, multiplied by the assessment imposed on the lot, tract, or parcel, divided by the total of all the assessments on the lots, tracts, or parcels eligible for reimbursement.

Applicable Cases

Whenever any sum is paid out of the local improvement guaranty fund on account of principal or interest of a local improvement bond or warrant, the city or town as trustee of the fund shall be subrogated to all the rights of the holder of the bond or interest coupon or warrant so paid, and the proceeds thereof, or of the underlying assessment, shall become part of the guaranty fund.

RCW 35.54.050 Source--Surplus from improvement funds.

Applicable Cases

For the purpose of maintaining the local improvement guaranty fund, every city and town shall, at the time of making its annual budget and tax levy, provide for the levy of a sum sufficient, with the other sources of the fund, to pay the warrants issued against the fund during the preceding fiscal year and to establish a balance therein: PROVIDED, That the levy in any one year shall not exceed the greater of: (1) Twelve percent of the outstanding obligations guaranteed by the fund, or (2) the total amount of delinquent assessments and interest accumulated on the delinquent assessments before the levy as of September 1.

The taxes levied for the maintenance of the local improvement guaranty fund shall be additional to and, if need be, in excess of all statutory and charter limitations applicable to tax levies in any city or town.

The city or town, as trustee of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at foreclosure sale; when doing so the court costs, costs of publication, expense for clerical work and other expenses incidental thereto shall be charged to and paid from the local improvement guaranty fund.

After acquiring title to property by purchase at general tax foreclosure sale or from the county after foreclosure, a city or town may lease it or sell it at public or private sale at such price on such terms as may be determined by resolution of the council. All proceeds shall belong to and be paid into the local improvement guaranty fund.

Applicable Cases
(1) Any city or town maintaining a local improvement guaranty fund under this chapter, upon certification by the city or town treasurer that the local improvement guaranty fund has sufficient funds currently on hand to meet all valid outstanding obligations of the fund and all other obligations of the fund reasonably expected to be incurred in the near future, may by
ordinance transfer assets from such fund to its general fund. The net cash of the local improvement guaranty fund may be reduced by such transfer to an amount not less than ten percent of the net outstanding obligations guaranteed by such fund.

(2) If, at any time within five years of any transfer of assets from the local improvement guaranty fund to the general fund of a city or town, the net cash of the local improvement guaranty fund is reduced below the minimum amount specified in subsection (1) of this section, the city or town shall, to the extent of the amount transferred, pay valid claims against the local improvement guaranty fund as a general obligation of the city or town. Local improvement assessment obligations deferred under *this 1972 amendatory act shall become payable upon the earliest of the following dates:

(1) Upon the date and pursuant to conditions established by the political subdivision granting the deferral; or
(2) Upon the sale of property which has a deferred assessment lien upon it from the purchase price; or
(3) Upon the death of the person to whom the deferral was granted from the value of his estate; except a surviving spouse shall be allowed to continue the deferral which shall then be payable by that spouse as provided in this section.

Severability--1972 ex.s. c 137: See note following RCW 35.49.010.
RCW 35.55.010 Authority--Second class cities.

Applicable Cases

If the city council of any city of the second class deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade of any marshlands, swamplands, tidelands, shorelands, or lands commonly known as tideflats, or any other lowlands situated within the limits of the city, and to clear and prepare the lands for such filling, it may do so and assess the expense thereof, including the cost of making compensation for property taken or damaged, and all other costs and expense incidental to such improvement, to the property benefited, except such amount of such expense as the city council may direct to be paid out of the current or general expense fund.

If, in the judgment of the city council the special benefits for any such improvement shall extend beyond the boundaries of the filled area, the council may create an enlarged district which shall include, as near as may be, all the property, whether actually filled or not, which will be specially benefited by such improvement, and in such case the council shall specify and describe the boundaries of such enlarged district in the ordinance providing for such improvement and shall specify that such portion of the total cost and expense of such improvement as may not be borne by the current or general expense fund, shall be distributed and assessed against all the property of such enlarged district.

[1994 c 81 § 57; 1965 c 7 § 35.55.010. Prior: 1917 c 63 § 1; 1909 c 147 § 1; RRS § 9432.]
RCW 35.55.020 Alternative methods of financing.
Applicable Cases

If the city council desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon the property benefited, compensation therefor shall be made from any general funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of the special assessments shall be as hereinafter provided.

[1965 c 7 § 35.55.020. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

Notes:
Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.

RCW 35.55.030 Boundaries--Excepted property.
Applicable Cases

Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement. If any parcel of land within the boundaries of such proposed improvement district has been wholly filled to the proposed grade elevation of the proposed fill, such parcel of land may be excluded from the lists of lands to be assessed, when in the opinion of the city council justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance.

[1965 c 7 § 35.55.030. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

RCW 35.55.040 Damages--Eminent domain.
Applicable Cases

If an ordinance has been passed as in this chapter provided, and it appears that in making of the improvement so authorized, private property will be taken or damaged thereby, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation to be made for the property to be taken or damaged for the improvement specified in the ordinance be ascertained, and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.55.010 shall not be considered as damaging or taking of such lands. The damage if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled, shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements
placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall after the passage of such ordinance, proceed with said improvement with due diligence. If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement.

[1965 c 7 § 35.55.040. Prior: 1909 c 147 § 3; RRS § 9434.]

Applicable Cases

At the time of the initiation of the proceedings for any improvement as contemplated by this chapter, or at any time afterward, the city council shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor's fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council.

[1965 c 7 § 35.55.050. Prior: 1909 c 147 § 4; RRS § 9435.]

RCW 35.55.060 Assessment roll--Items--Assessment units--Installments.
Applicable Cases

When such plans and specifications have been prepared and the estimates of the cost and expense of making the improvement have been adopted by the council and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council shall cause an assessment roll to be prepared containing a list of all of the property within the improvement district which it is proposed to assess for the improvement, together with the names of the owners, if known, and if unknown the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the council, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement, may be assessed against the property within the district subject to assessment, but the council may order any portion of the costs paid out of the current or general expense fund of the city.
The assessments shall be made according to and in proportion to surface area one square foot of surface to be the unit of assessment, except that the several parcels of land in any enlarged district not actually filled shall be assessed in accordance with special benefits: PROVIDED, That where any parcel of land was partially filled by the owner prior to the initiation of the improvement, an equitable deduction for such partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within such assessment district shall be borne by the private property within such district subject to assessment when so ordered by the council. When the assessments are payable in installments, the assessment roll when equalized, shall show the number of installments and the amounts thereof. The assessments may be made payable in any number of equal annual installments not exceeding ten in number.

At the time specified in the notice, the city council shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council as board of equalization may hear, consider and determine objections and protests against any assessment and may make such alterations and modifications in the assessment roll as justice and equity may require.

[1965 c 7 § 35.55.070. Prior: 1909 c 147 § 6; RRS § 9437.]

**RCW 35.55.080 Hearings--Appellate review.**

The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the

RCW 35.56.030 Boundaries--Excepted property.
Applicable Cases

Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement, and shall provide for the filling of such lowlands and shall outline the general scheme or plan of such fill. If any parcel of land within the boundaries of such proposed improvement district prior to the initiation of the improvement has been wholly filled to the proposed grade or elevation of the proposed fill, such parcel of land may be excluded from the lands to be assessed when in the opinion of the city council or commission justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance.

[1965 c 7 § 35.56.030. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

RCW 35.56.040 Conditions precedent to passage of ordinance--Protests.
Applicable Cases

Upon the introduction of an ordinance providing for such fill, if the city council or commission desires to proceed, it shall fix a time, not less than ten days, in which protests against said fill may be filed in the office of the city clerk. Thereupon it shall be the duty of the clerk of said city to publish in the official newspaper of said city in at least two consecutive issues thereof before the time fixed for the filing of protests, a notice of the time fixed for the filing of protests together with a copy of the proposed ordinance as introduced.

Protests against the proposed fill to be effective must be filed by the owners of more than half of the area of land situated within the proposed filling district exclusive of streets, alleys and public places on or before the date fixed for such filling. If an effective protest is filed the council shall not proceed further unless two-thirds of the members of the city council vote to proceed with the work; if the city is operating under a commission form of government composed of three commissioners, the commission shall not proceed further except by a unanimous
affirmative vote of all the members thereof, if the commission is composed of five members, at least four affirmative votes thereof shall be necessary before proceeding.

If no effective protest is filed or if an effective protest is filed and two-thirds of the councilmen vote to proceed with the work or in cases where cities are operating under the commission form of government, the commissioners vote unanimously or four out of five commissioners vote to proceed with the work, the city council or commission shall at such meeting or in a succeeding meeting proceed to pass the proposed ordinance for the work, with such amendments and modifications as to the said city council or commission of said city may seem proper. The local improvement district shall be called “filling district No. . . . .”

**RCW 35.56.050 Damages--Eminent domain.**

**Applicable Cases**

If an ordinance is passed as in this chapter provided, and it appears that in making of the improvements so authorized, private property will be taken or damaged thereby within or without the city, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation be made for the property to be taken or damaged for the improvement specified in the ordinance and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertaining of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.56.010 shall not be considered as a damaging or taking of such lands. The damage, if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall, after the passage of such ordinance, proceed with said improvement with due diligence.

If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement.

When so ordered by the city council or commission, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement may be assessed against the property within the district subject to assessment, but the city council or commission may order any portion of the costs paid out of the current or general expense fund of the city. The assessments shall be made according to and in proportion to surface area, one square foot of surface to be the unit of assessment: PROVIDED, That where any parcel of land was wholly or partially filled by the owner prior to the initiation of the improvement an equitable deduction for such filling or partial filling may be allowed.

When the assessments are payable in installments, the assessment roll when equalized shall show the number of installments and the amounts thereof. The assessment may be made payable in any number of equal annual installments not exceeding fifteen in number.

RCW 35.58.010 Declaration of policy and purpose.

Applicable Cases

It is hereby declared to be the public policy of the state of Washington to provide for the people of the populous metropolitan areas in the state the means of obtaining essential services not adequately provided by existing agencies of local government. The growth of urban population and the movement of people into suburban areas has created problems of water pollution abatement, garbage disposal, water supply, transportation, planning, parks and parkways which extend beyond the boundaries of cities, counties and special districts. For reasons of topography, location and movement of population, and land conditions and development, one or more of these problems cannot be adequately met by the individual cities, counties and districts of many metropolitan areas.

It is the purpose of this chapter to enable cities and counties to act jointly to meet these common problems in order that the proper growth and development of the metropolitan areas of the state may be assured and the health and welfare of the people residing therein may be secured.

A resolution providing for the performance of such additional metropolitan function or functions shall be adopted by the metropolitan council. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county. If, within ninety days after the date of such mailing, a concurring resolution is adopted by the legislative body of each component county, of each component city of the first class, and of at least two-thirds of all other component cities, and
such concurring resolutions are transmitted to the metropolitan council, such council shall by
resolution declare that the metropolitan municipal corporation has been authorized to perform
such additional metropolitan function or functions. A copy of such resolution shall be transmitted
by registered mail to the legislative body of each component city and county and of each special

RCW 35.58.112 Recommended comprehensive plan for performance of additional
function--Study and preparation.
Applicable Cases

The metropolitan council of a metropolitan municipal corporation upon the affirmative
vote of two-thirds of the members of such council may make planning, engineering, legal,
financial and feasibility studies preliminary to or incident to the preparation of a recommended
comprehensive plan for any metropolitan function, and may prepare such a recommended
comprehensive plan before the metropolitan municipal corporation has been authorized to
perform such function. The studies and plan may cover territory within and without the
metropolitan municipal corporation. A recommended comprehensive plan prepared pursuant to
this section for any metropolitan function may not be adopted by the metropolitan council unless
the metropolitan municipal corporation shall have been authorized to perform such function.

[1967 c 105 § 7.]

RCW 35.58.114 Recommended comprehensive plan for performance of additional
function--Resolution for special election to authorize additional
function--Contents--Hearings--Election procedure.
Applicable Cases

Whenever a recommended comprehensive plan for the performance of any additional
metropolitan function shall have been prepared and the metropolitan council shall have found the
plan to be feasible the council may by resolution call a special election to authorize the
performance of such additional function without the filing of the petitions or resolutions provided
for in RCW 35.58.100.

If the metropolitan council shall determine that the performance of such function requires
enlargement of the metropolitan area, such resolution shall contain a description of the
boundaries of the proposed metropolitan area and may be adopted only after a public hearing
thereon before the council. Notice of such hearing shall be published once a week for at least two
consecutive weeks in one or more newspapers of general circulation within the proposed
metropolitan area. The notice shall contain a description of the boundaries of the proposed
metropolitan area, shall name the additional function or functions to be performed and shall state
the time and place of the hearing and the fact that any changes in the boundaries of the proposed
metropolitan area will be considered at such time and place. At such hearing any interested
person may appear and be heard. The council may make such changes in the proposed metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the existing metropolitan area and may not delete any portion of the proposed additional area which will create an island of included or excluded lands. If the council shall determine that the proposed additional area should be further enlarged, a second hearing shall be held and notice given in the same manner as for the original hearing. The council may adjourn the hearing or hearings from time to time.

Following the conclusion of such hearing or hearings the council may adopt a resolution fixing the boundaries of the proposed metropolitan area and calling a special election on the performance of such additional function. If the metropolitan municipal corporation is then authorized to perform the function of metropolitan sewage disposal the council may provide in such resolution that local governmental agencies collecting sewage from areas outside the metropolitan area as same is constituted on the date of adoption of such resolution will not thereafter be required to discharge such sewage into the metropolitan sewer system or to secure approval of local construction plans from the metropolitan municipal corporation unless such local agency shall first have entered into a contract with the metropolitan municipal corporation for the disposal of such sewage. The metropolitan council may also provide in such resolution that the authorization to perform such additional function be effective only if the voters at such election also authorize the issuance of any general obligation bonds required to carry out the recommended comprehensive plan.

The resolution calling such election shall fix the form of the ballot proposition and the same may vary from that specified in RCW 35.58.100. If the metropolitan council shall find that the issuance of general obligation bonds is necessary to perform such additional function and to carry out such recommended comprehensive plan then the ballot proposition shall set forth the principal amount of such bonds and the maximum maturity thereof and the proposition shall be so worded that the voters may by a single yes or no vote authorize the performance of the designated function in the area described in the resolution and the issuance of such general obligation bonds.

The persons voting at such election shall be all of the qualified voters who have resided within the boundaries of the proposed metropolitan area for at least thirty days preceding the date of the election. The election shall be conducted and canvassed as provided in RCW 35.58.090.

If the resolution calling such election does not require the approval of general obligation bonds as a condition of the performance of such additional function and if a majority of the persons voting on the ballot proposition residing within the existing metropolitan municipal corporation shall vote in favor thereof and a majority of the persons residing within the area proposed to be added to the existing metropolitan municipal corporation shall vote in favor thereof the boundaries described in the resolution calling the election shall become the boundaries of the metropolitan municipal corporation and the metropolitan municipal corporation shall be authorized to perform the additional function described in the proposition.

If the resolution calling such election shall require the authorization of general obligation bonds as a condition of the performance of such additional function, then to be effective the
ballot proposition must be approved as provided in the preceding paragraph and must also be
approved by at least three-fifths of the persons voting thereon and the number of persons voting
on such proposition must constitute not less than forty percent of the total number of votes cast
within such area at the last preceding state general election.

[1967 c 105 § 8.]

**RCW 35.58.116 Proposition for issuance of general obligation bonds or levy of general
tax--Submission at same election or special election.**

Applicable Cases

The metropolitan council may at the same election called to authorize the performance of
an additional function or at a special election called by the council after it has been authorized to
perform any metropolitan function submit a proposition for the issuance of general obligation
bonds for capital purposes as provided in RCW 35.58.450 or a proposition for the levy of a
general tax for any authorized purpose for one year in such total dollar amount as the
metropolitan council may determine and specify in such proposition. Any such proposition to be
effective must be assented to by at least three-fifths of the persons voting thereon and the number
of persons voting on such proposition shall constitute not less than forty percent of the total
number of votes cast within the metropolitan area at the last preceding state general election. Any
such proposition shall only be effective if the performance of the additional function shall be
authorized at such election or shall have been authorized prior thereto.

[1967 c 105 § 9.]

**RCW 35.58.120 Metropolitan council--Composition.**

Applicable Cases

Unless the rights, powers, functions, and obligations of a metropolitan municipal
corporation have been assumed by a county as provided in chapter 36.56 RCW, a metropolitan
municipal corporation shall be governed by a metropolitan council composed of elected officials
of the component counties and component cities, and possibly other persons, as determined by
agreement of each of the component counties and the component cities equal in number to at
least twenty-five percent of the total number of component cities that have at least seventy-five
percent of the combined component city populations. The agreement shall remain in effect until
altered in the same manner as the initial composition is determined.

the council and shall preside at all meetings. In the event of his absence or inability to act the council
shall select one of its members to act as chairman pro tempore. A majority of all members of the
council shall constitute a quorum for the transaction of business. A smaller number of council
members than a quorum may adjourn from time to time and may compel the attendance of absent
members in such manner and under such penalties as the council may provide. The council shall
determine its own rules and order of business, shall provide by resolution for the manner and
time of holding all regular and special meetings and shall keep a journal of its proceedings which
shall be a public record. Every legislative act of the council of a general or permanent nature
shall be by resolution.

(2) To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of metropolitan transportation facilities and properties within or without the metropolitan area, including systems of surface, underground, or overhead railways, tramways, buses, or any other means of local transportation except taxis, and including escalators, moving sidewalks, or other people-moving systems, passenger terminal and parking facilities and properties, and such other facilities and properties as may be necessary for passenger and vehicular access to and from such people-moving systems, terminal and parking facilities and properties, together with all lands, rights of way, property, equipment, and accessories necessary for such systems and facilities. Applicable Cases

(1) A municipality is authorized to levy and collect a special excise tax not exceeding .725 percent on the value, as determined under chapter 82.44 RCW, of every motor vehicle owned by a resident of such municipality for the privilege of using such motor vehicle provided that in no event shall the tax be less than one dollar and, subject to RCW 82.44.150 (3) and (4), the amount of such tax shall be credited against the amount of the excise tax levied by the state under RCW 82.44.020(1). Before utilization of any excise tax moneys collected under authorization of this section for acquisition of right of way or construction of a mass transit facility on a separate right of way the municipality shall adopt rules affording the public an opportunity for "corridor public hearings" and "design public hearings" as herein defined, which rule shall provide in detail the procedures necessary for public participation in the following instances: (a) Prior to adoption of location and design plans having a substantial social, economic or environmental effect upon the locality upon which they are to be constructed or (b) on such mass rapid transit systems operating on a separate right of way whenever a substantial change is proposed relating to location or design in the adopted plan. In adopting rules the municipality shall adhere to the provisions of the Administrative Procedure Act.

(2) A "corridor public hearing" is a public hearing that: (a) Is held before the municipality is committed to a specific mass transit route proposal, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the mass rapid transit system; (c) provides a public forum that affords a full opportunity for presenting views on the mass rapid transit system route location, and the social, economic and environmental effects on that location and alternate locations: PROVIDED, That such hearing shall not be deemed to be necessary before adoption of an overall mass rapid transit system plan by a vote of the electorate of the municipality.

Applicable Cases

(1) On or before the third Monday in June of each year, each metropolitan municipal corporation shall adopt a budget for the following calendar year. Such budget shall include a separate section for each authorized metropolitan function. Expenditures shall be segregated as to operation and maintenance expenses and capital and betterment outlays. Administrative and other expense general to the corporation shall be allocated between the authorized metropolitan functions. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The metropolitan council shall not be required to confine capital or betterment expenditures
made from bond proceeds or emergency expenditures to items provided in the budget. The affirmative vote of three-fourths of all members of the metropolitan council shall be required to authorize emergency expenditures.

(2) Subsection (1) of this section shall not apply to a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW. This subsection (2) shall apply only to each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW.

Each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall, on or before the third Monday in June of each year, prepare an estimate of all revenues to be collected during the following calendar year, including any surplus funds remaining unexpended from the preceding year for each authorized metropolitan function.

If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county of the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and 35.58.273(4) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties in proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall not be required to confine capital or betterment expenditures for authorized metropolitan functions from bond proceeds or emergency expenditures to items provided in the budget.

In making such determination, the metropolitan council shall use the last available assessed valuations. The metropolitan council shall certify to each component city and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the metropolitan municipal corporation, in equal quarterly installments, the amount of its supplemental income share from whatever sources may be available to it.

Applicable Cases

Notwithstanding the limitations of chapter 39.36 RCW and any other statutory limitations otherwise applicable and limiting municipal debt, a metropolitan municipal corporation shall have the power to contract indebtedness and issue general obligation bonds and to pledge the full faith and credit of the corporation to the payment thereof, for any authorized capital purpose of
the metropolitan municipal corporation, not to exceed an amount, together with any outstanding nonvoter approved general indebtedness, equal to three-fourths of one percent of the value of the taxable property within the metropolitan municipal corporation, as the term "value of the taxable property" is defined in RCW 39.36.015. A metropolitan municipal corporation may additionally contract indebtedness and issue general obligation bonds, for any authorized capital purpose of a metropolitan municipal corporation, together with any other outstanding general indebtedness, not to exceed an amount equal to five percent of the value of the taxable property within the corporation, as the term "value of the taxable property" is defined in RCW 39.36.015, when a proposition authorizing the indebtedness has been approved by three-fifths of the persons voting on said proposition at said election at which such election the total number of persons voting on such bond proposition shall constitute not less than forty percent of the total number of voters voting within the area of said metropolitan municipal corporation at the last preceding state general election. Such general obligation bonds may be authorized in any total amount in one or more propositions and the amount of such authorization may exceed the amount of bonds which could then lawfully be issued. Such bonds may be issued in one or more series from time to time out of such authorization. The elections shall be held pursuant to RCW 39.36.050.

Whenever the voters of a metropolitan municipal corporation have, pursuant to RCW 84.52.056, approved excess property tax levies to retire such bond issues, both the principal of and interest on such general obligation bonds may be made payable from annual tax levies to be made upon all the taxable property within the metropolitan municipal corporation in excess of the constitutional and/or statutory tax limit. The principal of and interest on any general obligation bond may be made payable from any other taxes or any special assessments which the metropolitan municipal corporation may be authorized to levy or from any otherwise unpledged revenue which may be derived from the ownership or operation of properties or facilities incident to the performance of the authorized function for which such bonds are issued or may be made payable from any combination of the foregoing sources. The metropolitan council may include in the principal amount of such bond issue an amount for engineering, architectural, planning, financial, legal, urban design and other services incident to acquisition or construction solely for authorized capital purposes.

General obligation bonds shall be issued and sold by the metropolitan council as provided in chapter 39.46 RCW and shall mature in not to exceed forty years from the date of issue.

RCW 35.58.460 Revenue bonds--Issuance, sale, form, term, payment, reserves, actions.

Applicable Cases

(1) A metropolitan municipal corporation may issue revenue bonds to provide funds to carry out its authorized metropolitan water pollution abatement, water supply, garbage disposal or transportation purposes, without submitting the matter to the voters of the metropolitan municipal corporation. The metropolitan council shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the metropolitan council may obligate the metropolitan municipal corporation to pay such amounts of the gross revenue of the particular utility constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the metropolitan council shall determine and may obligate the metropolitan municipal corporation to pay such amounts out of otherwise unpledged revenue which may be derived from the ownership, use or operation of properties or facilities owned, used or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes or other sources of payment lawfully authorized for such purpose, as the metropolitan council shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such utility or any other revenue, fees, tolls, charges, tariffs, fares, special taxes or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the metropolitan municipal corporation.

Each such revenue bond shall state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter shall be negotiable securities within the provisions of the law of this state. Such revenue bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds; shall be in such denominations as the metropolitan council shall deem proper; shall be payable at such time or times and at such places as shall be determined by the metropolitan council; shall bear interest at such rate or rates as shall be determined by the metropolitan council; shall be signed by the chairman and attested by the secretary of the metropolitan council, any of which signatures may be facsimile signatures, and the seal of the metropolitan municipal corporation shall be impressed or imprinted thereon; any attached interest coupons shall be signed by the facsimile signatures of said officials.

Such revenue bonds shall be sold in such manner, at such price and at such rate or rates of interest as the metropolitan council shall deem to be for the best interests of the metropolitan municipal corporation, either at public or private sale.

The metropolitan council may at the time of the issuance of such revenue bonds make such covenants with the owners of said bonds as it may deem necessary to secure and guarantee
the payment of the principal thereof and the interest thereon, including but not being limited to covenants to set aside adequate reserves to secure or guarantee the payment of such principal and interest, to maintain rates sufficient to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the metropolitan council may deem necessary to accomplish the most advantageous sale of such bonds. The metropolitan council may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

The metropolitan council may include in the principal amount of any such revenue bond issue an amount to establish necessary reserves, an amount for working capital and an amount necessary for interest during the period of construction of any such metropolitan facilities plus six months. The metropolitan council may, if it deems it to the best interest of the metropolitan municipal corporation, provide in any contract for the construction or acquisition of any metropolitan facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor shall be made only in such revenue bonds at the par value thereof.

If the metropolitan municipal corporation shall fail to carry out or perform any of its obligations or covenants made in the authorization, issuance and sale of such bonds, the owner of any such bond may bring action against the metropolitan municipal corporation and compel the performance of any or all of such covenants.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.

In addition, the board of park commissioners may levy or cause to be levied a general tax on all property located in said park district each year not to exceed twenty-five cents per thousand dollars of assessed valuation. The board is hereby authorized to levy a general tax in excess of its regular property tax levy or levies when authorized so to do at a special election conducted in accordance with and subject to all the requirements of the Constitution and laws of the state now in force or hereafter enacted governing the limitation of tax levies. The board is hereby authorized to call a special election for the purpose of submitting to the qualified voters of the park district a proposition to levy a tax in excess of the seventy-five cents per thousand dollars of assessed value herein specifically authorized. The manner of submitting any such proposition, of certifying the same, and of giving or publishing notice thereof, shall be as provided by law for the submission of propositions by cities or towns.

The board shall include in its general tax levy for each year a sufficient sum to pay the interest on all outstanding bonds and may include a sufficient amount to create a sinking fund for the retirement of all outstanding bonds. The levy shall be certified to the proper county officials for collection the same as other general taxes and when collected, the general tax shall be placed in a separate fund in the office of the county treasurer to be known as the "metropolitan park district fund" and paid out on warrants.

(1) As provided in this section, a metropolitan park district may withdraw areas from its boundaries, or reannex areas into the metropolitan park district that previously had been withdrawn from the metropolitan park district under this section.

(2) The withdrawal of an area shall be authorized upon: (a) Adoption of a resolution by the park district commissioners requesting the withdrawal and finding that, in the opinion of the commissioners, inclusion of this area within the metropolitan park district will result in a reduction of the district's tax levy rate under the provisions of RCW 84.52.010; and (b) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the withdrawal, if the area is located outside of a city or town. A withdrawal shall be effective at the end of the day on the thirty-first day of December in the year in which the resolutions are adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution.

(3) An area that has been withdrawn from the boundaries of a metropolitan park district under this section may be reannexed into the metropolitan park district upon: (a) Adoption of a resolution by the park district commissioners proposing the reannexation; and (b) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the reannexation, if the area is located outside of a city or town. The reannexation shall be effective at the end of the day on the thirty-first day of December in the year in which the adoption of the second resolution occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution. Referendum action on the proposed reannexation may be taken by the voters of the area proposed to be reannexed if a petition calling for a referendum is
filed with the city or town council, or county legislative authority, within a thirty-day period after the adoption of the second resolution, which petition has been signed by registered voters of the area proposed to be reannexed equal in number to ten percent of the total number of the registered voters residing in that area.

If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in *RCW 29.13.020 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation.

council proposing a specific name change; or (2) the submission of a petition proposing a
specific name change that has been signed by voters of the city or town equal in number to at
least ten percent of the total number of voters of the city or town who voted at the last municipal
general election. However, for any newly incorporated city or town that has not had city officials
elected at a normal general municipal election, the election that is used as the base for
determining the number of required signatures shall be the election at which the initial elected
officials were elected.

The election on changing the name of the city or town shall be held at the next general
election occurring sixty or more days after the resolution was adopted, or the resolution [petition]

be separated into two separate parts and shall be in substantially the following form:

Yes . . .
No . . ."
"If a name change is approved, which of the following should be the new name?

(insert name)
(insert name)
Vote for one."

Voters may select a name change whether or not they vote in favor of changing the name of the city or town. If a majority of the votes cast on the first proposition favor changing the name, the name that receives at least a majority of the total number of votes cast for an alternative name shall become the new name of the city or town effective thirty days after the certification of the election results.

If no alternative name receives a simple majority vote, then an election shall be held at the next November special election date, at which voters shall be given the option of choosing which of the two alternative names that received the most votes shall become the new name of the city or town. This ballot proposition shall be worded substantially as follows:

"Which of the following names shall become the new name of the city (or town) of (insert name)?

(insert name)
(insert name)
Vote for one."

The name that receives the majority vote shall become the new name of the city or town effective thirty days after the certification of the election results.

RCW 35.63.185 Family day-care provider's home facility--City may not prohibit in residential or commercial area.

Applicable Cases

No city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice which prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's home facility.

A city may require that the facility: (1) Comply with all building, fire, safety, health code, and business licensing requirements; (2) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (3) is certified by the office of child care policy licensor as providing a
safe passenger loading area; (4) include signage, if any, that conforms to applicable regulations; and (5) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, "family day-care provider" is as defined in RCW 74.15.020.

If the council or board does not adopt findings of fact justifying its action before this hearing, then the council or board shall do so immediately after this public hearing. A moratorium or interim zoning control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium or interim zoning control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal.

agreement of the parties. The agreement to mediate shall be in writing and subject to RCW 5.60.070. If the parties are unable to agree on a mediator, each party shall nominate a mediator and the mediator shall be selected by lot from among the nominees. RCW 35.67.020 Authority to construct system and fix rates and charges--Classification of services and facilities--Assistance for low-income persons.

Applicable Cases

Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits, with full jurisdiction and authority to manage, regulate, and control them and to fix, alter, regulate, and control the rates and charges for their use. The rates charged must be uniform for the same class of customers or service and facilities furnished.

In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the different character of the service and facilities furnished various customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) the achievement of water conservation goals and the discouragement of wasteful water use practices; (7) capital contributions made to the system, including but not limited to, assessments; (8) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (9) any other matters which present a reasonable difference as a ground for distinction. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage
system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding. If the rates and charges are sufficient to meet the debt service requirements on such bonds no general tax need be levied.

RCW 35.67.120 Revenue bond fund--Authority to establish.
Applicable Cases
After the city or town legislative body adopts a proposition for any such public utility, and either (1) no general indebtedness has been authorized, or (2) the city or town legislative body does not desire to incur a general indebtedness, and the legislative body can lawfully proceed without submitting the proposition to a vote of the people, it may create a special fund or funds for the sole purpose of defraying the cost of the proposed system, or additions, betterments or extensions thereto.

The city or town legislative body may obligate the city or town to set aside and pay into this special fund: (1) A fixed proportion of the gross revenues of the system, or (2) a fixed amount out of and not exceeding a fixed proportion of the gross revenues, or (3) a fixed amount without regard to any fixed proportion, and (4) amounts received from any utility local

RCW 35.67.190 Revenues from system--Classification of services--Minimum rates--Compulsory use.

Applicable Cases

The legislative body of such city or town may provide by ordinance for revenues by fixing rates and charges for the furnishing of service to those served by its system of sewerage or system for refuse collection and disposal, which rates and charges shall be uniform for the same class of customer or service. In classifying customers served or service furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the
following factors: (1) The difference in cost of service to the various customers; (2) the location of the various customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; (4) the different character of the service furnished various customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the system, including but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other matters which present a reasonable difference as a ground for distinction.

If special indebtedness bonds or warrants are issued against the revenues, the legislative body shall by ordinance fix charges at rates which will be sufficient to take care of the costs of maintenance and operation, bond and warrant principal and interest, sinking fund requirements, and all other expenses necessary for efficient and proper operation of the system.

All property owners within the area served by such sewerage system shall be compelled to connect their private drains and sewers with such city or town system, under such penalty as the legislative body of such city or town may by ordinance direct. Such penalty may in the discretion of such legislative body be an amount equal to the charge that would be made for sewer service if the property was connected to such system. All penalties collected shall be considered revenue of the system.

If the owners and parties interested in any particular tract default, the court may enter judgment of foreclosure and sale as to such parties and tracts and the action may proceed as to the remaining defendants and tracts. The judgment shall specify separately the amount of the sewerage charges, with interest, penalty and costs chargeable to each tract. The judgment shall have the effect of a separate judgment as to each tract described in the judgment, and any appeal
shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the tracts therein described sold at one general sale, and an order of sale shall issue pursuant thereto for the enforcement of the judgment. Judgment may be entered as to any one or more separate tracts involved in the action, and the court shall retain jurisdiction of other properties.

No moneys shall be expended for the purposes enumerated in this section except upon enactment by the city or town legislative body of a resolution determining the desirability or necessity of making the expenditure.

RCW 35.67.290 Sewerage lien--Enforcement--Alternative method.

Applicable Cases

As an additional and concurrent method of enforcing the lien authorized in this chapter any city or town operating its own municipal water system may provide by ordinance for the enforcement of the lien by cutting off the water service from the premises to which such sewer service was furnished after the charges become delinquent and unpaid, until the charges are paid.

The right to enforce the lien by cutting off and refusing water service shall not be
exercised after two years from the date of the recording of sewerage lien notice except to enforce payment of six months' charges for which no lien notice is required to be recorded.

Notes:

Findings--Intent--1998 c 31: "The legislature finds that the voters approved an amendment to Article VIII, section 10 of the state Constitution in 1997. The legislature finds that this amendment to the state Constitution will allow necessary improvements to be made to storm water and sewer services so that less pollution is discharged into the waters of the state, less treatment will be needed, and capacity for existing treatment systems will be saved. It is the intent of the legislature to enact legislation that grants specific authority to units of local government that provide storm water and sewer services to operate programs that are consistent with the authority granted in House Joint Resolution No. 4209." Applicable Cases

Any city or town, hereinafter referred to as city, is authorized to construct, reconstruct, and repair sidewalks, gutters and curbs along and driveways across sidewalks, which work is hereafter referred to as the improvement, and to pay the costs thereof from any available funds, or to require the abutting property owner to construct the improvement at the owner's own cost or expense, or, subject to the limitations in RCW 35.69.020 (2) and (3), to assess all or any portion of the costs thereof against the abutting property owner.

[1996 c 19 § 1; 1965 c 7 § 35.68.010. Prior: 1949 c 177 § 1; Rem. Supp. 1949 § 9332a.]

**RCW 35.68.020 Resolution--Contents.**

Applicable Cases

No such improvement shall be undertaken or required except pursuant to a resolution of the council or commission of the city or town, hereinafter referred to as the city council. The resolution shall state whether the cost of the improvement shall be borne by the city or whether all or a specified portion shall be borne by the city or whether all or a specified portion shall be borne by the abutting property owner; or whether the abutting owner is required to construct the improvement at his own cost and expense. If the abutting owner is required to construct the improvement the resolution shall specify the time within which the construction shall be commenced and completed; and further that if the improvement or construction is not undertaken and completed within the time specified that the city will perform or complete the improvement and assess the cost against the abutting owner.

**RCW 35.68.030 Resolution--Publication--Notice--Hearing.**

Applicable Cases

If all or any portion of the cost is to be assessed against the abutting property owner, or if the abutting property owner is required to construct the improvement, the resolution shall fix a time from and after its passage, and a place, for hearing on the resolution. The resolution shall be published for two consecutive weeks before the time of hearing in the official newspaper or regularly published official publication of the city or town and a notice of the date of the hearing shall be given each owner or reputed owner of the abutting property by mailing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer, at the address shown thereon a notice of the date of hearing, the mailing to be at least ten days before the date fixed for the hearing. If the publication and mailing is made as herein required, proof thereof by affidavit shall be filed with the city clerk, comptroller or auditor of the city before the hearing. The hearing may be postponed from time to time to a definite date until the hearing is held. At the time of hearing the council shall hear persons who appear for or against the improvement, and determine whether it will or will not proceed with the improvement and whether it will make any changes in the original plan, and what the changes shall be. This action may be taken by
motion adopted in the usual manner.

When all or any portion of the cost is to be assessed against the abutting property owner, the city council may create a "sidewalk construction fund No. . . ." to be numbered differently for each improvement; and with warrants drawn on this fund the cost of the respective improvements may be paid. The city may advance as a loan to the sidewalk construction fund from any available funds the amounts necessary to pay any costs of the improvement. When any assessments are made for the improvement, payments therefor shall be paid into the particular sidewalk improvement fund; and whenever any funds are available over the amounts necessary to pay outstanding warrants any advances or loans made to the fund shall be repaid. Whenever warrants are drawn on any such fund which are not paid for want of sufficient funds, they shall be so stamped and shall bear interest until called and paid at a rate established by the city council by resolution.

**RCW 35.68.050 Assessment roll--Hearing--Notice--Confirmation--Appeal.**

**Applicable Cases**

Where all or any portion of the costs are to be assessed against the abutting property, an assessment roll shall be prepared by the proper city official or by the city council which shall to the extent necessary be based on benefits and which shall describe the property assessed, the name of the owner, if known, otherwise stating that the owner is unknown and fixing the amount of the assessment. The assessment roll shall be filed with the city clerk, and when so filed the council shall by resolution fix a date for hearing thereon and direct the clerk to give notice of the hearing and the time and place thereof. The notice of hearing shall be mailed to the person whose name appears on the county treasurer's tax roll as the owner or reputed owner of the property, at the address shown thereon, and shall be published before the date fixed for the hearing for two consecutive weeks in the official newspaper or regular official publication of the city. The notice shall be mailed and first publication made at least ten days before the hearing date. Proof of mailing and publication shall be made by affidavit and shall be filed with the city clerk before the date fixed for the hearing. Following the hearing the city council shall by ordinance affirm, modify, or reject or order recasting of the assessment roll. **RCW 35.68.070 Collection of assessments.**

Applicable Cases

The assessment roll as affirmed or modified by the city council shall be filed with the city treasurer for collection, and the amount thereof including interest, if any, shall become a lien against the property described therein from the date of such filing. Whenever any payment on any assessment or installment is delinquent and unpaid for a period of thirty days or more the lien may be foreclosed in the same manner and with the same effect as is provided by chapters 35.43 to 35.54 RCW, inclusive; as now or hereafter amended. Whenever the deed is issued after the sale therein provided, the regularity, validity and correctness of the proceedings relating to such improvement and the assessment therefor shall be final and conclusive and no action shall thereafter be brought by or in behalf of any person to set aside said deed.

**RCW 35.71.080 Vacating, replatting right of way for mall purposes.**

Applicable Cases

The corporate authority, as an alternate to the preceding methods, may find that the right of way no longer is needed as a right of way. When persons owning or having any legal or equitable interest in the real property affected by a proposed mall, present a petition to the corporate authority for vacating the right of way pursuant to chapter 35.79 RCW, or the corporate authority initiates by resolution such a vacation proceeding, a right of way may be vacated and replatted for mall purposes, and closed to vehicular traffic except as provided in RCW 35.71.030, consistent with the subdivision standards allowed by Title 58 RCW, and chapter 35.63 RCW.

Applicable Cases

The corporate authority may cause an organization of persons to be known as a "Mall organization" interested in creating a mall in a given area to be formed to provide for consultative assistance to the city with respect to the establishment and administration of a mall. This organization may elect a board of directors of not less than three nor more than twelve members. The board shall elect a president, a vice president, and a secretary from its membership.

Such special levy, if any, shall be for operation and maintenance of the mall and appurtenances thereto, which may not exceed one percent of the aggregate actual valuation of the real property (including twenty-five percent of the actual valuation of the improvements thereon) according to the valuation last placed upon it for purposes of general taxation: PROVIDED, That if a mall organization board of directors exists as authorized by RCW 35.71.090, the corporate authority may entertain a recommendation from this organization with respect to such a levy by the corporate authority.

the city charter shall prevail.

Applicable Cases

The board of directors of a mall organization may call for an election, after the mall has been in operation for two years, at which the voting shall be by secret ballot, on the question: "Shall the mall be continued in operation?" If sixty percent of the membership of the organization vote to discontinue the mall, the results of the election shall be submitted to the corporate authority. The corporate authority may initiate proceedings by ordinance for the discontinuation of the mall, allocate the proportionate amount of the outstanding obligations of the mall to the abutting property of the mall or property specially benefited if a local improvement district is established, subject to the provisions of any applicable statutes and bond ordinances, resolutions, or agreements, and thereafter, at a time set by the corporate authority, the mall may be restored to its former right of way status.

**RCW 35.72.010 Contracts authorized for street projects.**

Applicable Cases

The legislative authority of any city, town, or county may contract with owners of real estate for the construction or improvement of street projects which the owners elect to install as a result of ordinances that require the projects as a prerequisite to further property development.

[1983 c 126 § 1.]
RCW 35.72.020 Reimbursement by other property owners.
Applicable Cases
The contract may provide for the partial reimbursement to the owner or the owner's assigns for a period not to exceed fifteen years of a portion of the costs of the project by other property owners who:
(1) Are determined to be within the assessment reimbursement area pursuant to RCW 35.72.040;
(2) Are determined to have a reimbursement share based upon a benefit to the property owner pursuant to RCW 35.72.030;
(3) Did not contribute to the original cost of the street project; and
(4) Subsequently develop their property within the fifteen-year period and at the time of development were not required to install similar street projects because they were already provided for by the contract.
Street projects subject to reimbursement may include design, grading, paving, installation of curbs, gutters, storm drainage, sidewalks, street lighting, traffic controls, and other similar improvements, as required by the street standards of the city, town, or county.

[1983 c 126 § 2.]

RCW 35.72.030 Reimbursement by other property owners—Reimbursement share.
Applicable Cases
The reimbursement shall be a pro rata share of construction and reimbursement of contract administration costs of the street project. A city, town, or county shall determine the reimbursement share by using a method of cost apportionment which is based on the benefit to the property owner from such project.

[1983 c 126 § 3.]

RCW 35.72.040 Assessment reimbursement contracts.
Applicable Cases
The procedures for assessment reimbursement contracts shall be governed by the following:
(1) An assessment reimbursement area shall be formulated by the city, town, or county based upon a determination by the city, town, or county of which parcels adjacent to the improvements would require similar street improvements upon development.
(2) The preliminary determination of area boundaries and assessments, along with a description of the property owners' rights and options, shall be forwarded by certified mail to the property owners of record within the proposed assessment area. If any property owner requests a hearing in writing within twenty days of the mailing of the preliminary determination, a hearing shall be held before the legislative body, notice of which shall be given to all affected property owners. The legislative body's ruling is determinative and final.
(3) The contract must be recorded in the appropriate county auditor's office within thirty
days of the final execution of the agreement.

(4) If the contract is so filed, it shall be binding on owners of record within the assessment area who are not party to the contract.

[1988 c 179 § 16; 1983 c 126 § 4.]

Notes:

RCW 35.72.050 Alternative financing methods--Participation in or creation of assessment reimbursement area by county, city, town, or department of transportation--Eligibility for reimbursement.

Applicable Cases

(1) As an alternative to financing projects under this chapter solely by owners of real estate, a county, city, or town may join in the financing of improvement projects and may be reimbursed in the same manner as the owners of real estate who participate in the projects, if the county, city, or town has specified the conditions of its participation in an ordinance. As another alternative, a county, city, or town may create an assessment reimbursement area on its own initiative, without the participation of a private property owner, finance the costs of the road or street improvements, and become the sole beneficiary of the reimbursements that are contributed. A county, city, or town may be reimbursed only for the costs of improvements that benefit that portion of the public who will use the developments within the assessment reimbursement area established pursuant to RCW 35.72.040(1). No county, city, or town costs for improvements that benefit the general public may be reimbursed.

(2) The department of transportation may, for state highways, participate with the owners of real estate or may be the sole participant in the financing of improvement projects, in the same manner and subject to the same restrictions as provided for counties, cities, and towns, in subsection (1) of this section. The department shall enter into agreements whereby the appropriate county, city, or town shall act as an agent of the department in administering this chapter.

35.73.060 Improvement district bonds--Issuance.
35.73.070 Improvement district bonds--Payment--Remedies.
RCW 35.73.010 Authority--First and second class cities.
Applicable Cases

If a city of the first or second class establishes the grade of any street or alley at a higher
elevation than any private property abutting thereon, thereby rendering the drainage of such
private property or any part thereof impracticable without the raising of the surface of such
private property, or if the surface of any private property in any such city is so low as to make
sanitary drainage thereof impracticable and it is determined by resolution of the city council of
such city that a fill of such private property is necessary as a sanitary measure, the city may
provide therefor, and by general or special ordinance or both make provision for the necessary
surveys, estimates, bids, contract, bond and supervision of the work and for making and
approving the assessment roll of the local improvement district and for the collection of the
assessments made thereby, and for the doing of everything which in their discretion may be
necessary or be incidental thereto: PROVIDED, That before the approval of the assessment roll,
notice shall be given and an opportunity offered for the owners of the property affected by the
assessment roll to be heard before such city council in the same manner as in case of assessments
for drainage or sewerage in the city.

[1965 c 7 § 35.73.010. Prior: (i) 1907 c 243 § 1; RRS § 9426. (ii) 1907 c 243 § 4; RRS § 9429.]

RCW 35.73.020 Estimates--Intention--Property included--Resolution.
Applicable Cases

Before establishing a grade for property or providing for the fill of property, the city must
adopt a resolution declaring its intention to do so.

The resolution shall:
(1) Describe the property proposed to be improved by the fill,
(2) State the estimated cost of making the improvement,
(3) State that the cost thereof is to be assessed against the property improved thereby, and
(4) Fix a time not less than thirty days after the first publication of the resolution within
which protests against the proposed improvement may be filed with the city clerk.

The resolution may include as many separate parcels of property as may seem desirable
whether or not they are contiguous so long as they lie in the same general neighborhood and may
be included conveniently in one local improvement district.

[1965 c 7 § 35.73.020. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

RCW 35.73.030 Hearing--Time of--Publication of resolution.
Applicable Cases

Upon the passage of the resolution the city clerk shall cause it to be published in the
official newspaper of the city in at least two successive issues before the time fixed in the
resolution for filing protests. Proof of publication by affidavit shall be filed as part of the record
of the proceedings.
RCW 35.73.040 Ordinance--Assessments.
Applicable Cases
If no protest is filed, or if protests are filed but the city council after full hearing
determines that it is necessary to fill any portion of the private property it shall proceed to enact
an ordinance for such improvement. By the provisions of the ordinance, a local improvement
district shall be established to be called "local improvement district No. . . . ., " which shall
include all the property found by the said council to require the fill as a sanitary measure. The
ordinance shall provide that such improvement shall be made and shall fix and establish the
grades to which the said property and the different portions thereof shall be brought by such
improvement, and that the cost and expense thereof shall be taxed and assessed upon all the
property in such local improvement district, which cost shall be assessed in proportion to the
number of cubic yards of earth and bulkheading required for the different portions of said
property included in said improvement district and in proportion to the benefits derived by such
improvement: PROVIDED, That the city council may expend from the general fund for such
purposes such sums as in its judgment may seem fair and equitable in consideration of the
benefits accruing to the general public by reason of such improvement.

RCW 35.73.050 Lien of assessments.
Applicable Cases
Whenever any expense or cost of work has been assessed the amount of such expense and
cost shall become a lien upon said lands against which the same are so assessed and shall take
precedence of all other liens, except general tax liens and special assessment liens theretofore
assessed by the said city thereon and which may be foreclosed in accordance with law in the
name of such city as plaintiff. And in any such proceeding if the court trying the same shall be
satisfied that the work has been done or material furnished for the fill of such property, a
recovery shall be permitted or charge enforced to the extent of the proper proportion of the value
of the work or material which would be chargeable on such lot or land notwithstanding any
informality, irregularity or defects in any of the proceedings of such municipal corporation or its
officers.

RCW 35.73.060 Improvement district bonds--Issuance.
Applicable Cases
(1) The city may, in its discretion, by general or special ordinance, or both, instead of
requiring immediate payment for the said work to be made by the owners of property included in
the assessment roll, authorize the issuance of interest bearing bonds or warrants of the local
improvement district, payable on or before a date not to exceed twelve years from and after their date. The bonds may be issued subject to call, the amount of the said assessment to be payable in installments or otherwise, and the bonds to be of such terms as may be provided in the ordinances and to bear interest at such rate or rates as may be prescribed in the ordinances. Such bonds or warrants may be of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds or warrants may be issued and sold in accordance with chapter 39.46 RCW.

county on city streets pursuant to RCW 35.77.020 through 35.77.040, which exceeds ten thousand dollars, shall be done by contract, unless after advertisement and solicitation of competitive bids it appears that bids are unobtainable or that the lowest bid exceeds the amount for which such construction can be done by means other than contract. No street construction project shall be divided into lesser component parts for the purpose of avoiding the requirements for competitive bidding.

proposed vacation should attend the public hearing or send a letter to a particular official
indicating his or her objection; and

RCW 35.80.030 Permissible ordinances--Appeal.

Applicable Cases

(1) Whenever the local governing body of a municipality finds that one or more
conditions of the character described in RCW 35.80.010 exist within its territorial limits, said
governing body may adopt ordinances relating to such dwellings, buildings, structures, or
premises. Such ordinances may provide for the following:

(a) That an "improvement board" or officer be designated or appointed to exercise the
powers assigned to such board or officer by the ordinance as specified herein. Said board or
officer may be an existing municipal board or officer in the municipality, or may be a separate
board or officer appointed solely for the purpose of exercising the powers assigned by said
ordinance.

If a board is created, the ordinance shall specify the terms, method of appointment, and
type of membership of said board, which may be limited, if the local governing body chooses, to
public officers as herein defined.

(b) If a board is created, a public officer, other than a member of the improvement board,
may be designated to work with the board and carry out the duties and exercise the powers
assigned to said public officer by the ordinance.

(c) That if, after a preliminary investigation of any dwelling, building, structure, or
premises, the board or officer finds that it is unfit for human habitation or other use, he shall
cause to be served either personally or by certified mail, with return receipt requested, upon all
persons having any interest therein, as shown upon the records of the auditor's office of the
county in which such property is located, and shall post in a conspicuous place on such property,
a complaint stating in what respects such dwelling, building, structure, or premises is unfit for human habitation or other use. If the whereabouts of any of such persons is unknown and the same cannot be ascertained by the board or officer in the exercise of reasonable diligence, and the board or officer makes an affidavit to that effect, then the serving of such complaint or order upon such persons may be made either by personal service or by mailing a copy of the complaint and order by certified mail, postage prepaid, return receipt requested, to each such person at the address of the building involved in the proceedings, and mailing a copy of the complaint and order by first class mail to any address of each such person in the records of the county assessor or the county auditor for the county where the property is located. Such complaint shall contain a notice that a hearing will be held before the board or officer, at a place therein fixed, not less than ten days nor more than thirty days after the serving of said complaint; and that all parties in interest shall be given the right to file an answer to the complaint, to appear in person, or otherwise, and to give testimony at the time and place in the complaint. The rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the board or officer. A copy of such complaint shall also be filed with the auditor of the county in which the dwelling, building, structure, or premises is located, and such filing of the complaint or order shall have the same force and effect as other lis pendens notices provided by law.

(d) That the board or officer may determine that a dwelling, building, structure, or premises is unfit for human habitation or other use if it finds that conditions exist in such dwelling, building, structure, or premises which are dangerous or injurious to the health or safety of the occupants of such dwelling, building, structure, or premises, the occupants of neighboring dwellings, or other residents of such municipality. Such conditions may include the following, without limitations: Defects therein increasing the hazards of fire or accident; inadequate ventilation, light, or sanitary facilities, dilapidation, disrepair, structural defects, uncleanliness, overcrowding, or inadequate drainage. The ordinance shall state reasonable and minimum standards covering such conditions, including those contained in ordinances adopted in accordance with subdivision (7)(a) herein, to guide the board or the public officer and the agents and employees of either, in determining the fitness of a dwelling for human habitation, or building, structure, or premises for other use.

(e) That the determination of whether a dwelling, building, structure, or premises should be repaired or demolished, shall be based on specific stated standards on (i) the degree of structural deterioration of the dwelling, building, structure, or premises, or (ii) the relationship that the estimated cost of repair bears to the value of the dwelling, building, structure, or premises, with the method of determining this value to be specified in the ordinance.

(f) That if, after the required hearing, the board or officer determines that the dwelling is unfit for human habitation, or building or structure or premises is unfit for other use, it shall state in writing its findings of fact in support of such determination, and shall issue and cause to be served upon the owner or party in interest thereof, as is provided in subdivision (1)(c), and shall post in a conspicuous place on said property, an order which (i) requires the owner or party in interest, within the time specified in the order, to repair, alter, or improve such dwelling, building, structure, or premises to render it fit for human habitation, or for other use, or to vacate
and close the dwelling, building, structure, or premises, if such course of action is deemed proper on the basis of the standards set forth as required in subdivision (1)(e); or (ii) requires the owner or party in interest, within the time specified in the order, to remove or demolish such dwelling, building, structure, or premises, if this course of action is deemed proper on the basis of said standards. If no appeal is filed, a copy of such order shall be filed with the auditor of the county in which the dwelling, building, structure, or premises is located.

(g) The owner or any party in interest, within thirty days from the date of service upon the owner and posting of an order issued by the board under the provisions of subdivision (c) of this subsection, may file an appeal with the appeals commission.

The local governing body of the municipality shall designate or establish a municipal agency to serve as the appeals commission. The local governing body shall also establish rules of procedure adequate to assure a prompt and thorough review of matters submitted to the appeals commission, and such rules of procedure shall include the following, without being limited thereto: (i) All matters submitted to the appeals commission must be resolved by the commission within sixty days from the date of filing therewith and (ii) a transcript of the findings of fact of the appeals commission shall be made available to the owner or other party in interest upon demand.

The findings and orders of the appeals commission shall be reported in the same manner and shall bear the same legal consequences as if issued by the board, and shall be subject to review only in the manner and to the extent provided in subdivision (2) of this section.

If the owner or party in interest, following exhaustion of his rights to appeal, fails to comply with the final order to repair, alter, improve, vacate, close, remove, or demolish the dwelling, building, structure, or premises, the board or officer may direct or cause such dwelling, building, structure, or premises to be repaired, altered, improved, vacated, and closed, removed, or demolished.

(h) That the amount of the cost of such repairs, alterations or improvements; or vacating and closing; or removal or demolition by the board or officer, shall be assessed against the real property upon which such cost was incurred unless such amount is previously paid. Upon certification to him by the treasurer of the municipality in cases arising out of the city or town or by the county improvement board or officer, in cases arising out of the county, of the assessment amount being due and owing, the county treasurer shall enter the amount of such assessment upon the tax rolls against the property for the current year and the same shall become a part of the general taxes for that year to be collected at the same time and with interest at such rates and in such manner as provided for in RCW 84.56.020, as now or hereafter amended, for delinquent taxes, and when collected to be deposited to the credit of the general fund of the municipality. If the dwelling, building, structure, or premises is removed or demolished by the board or officer, the board or officer shall, if possible, sell the materials of such dwelling, building, structure, [or] premises in accordance with procedures set forth in said ordinance, and shall credit the proceeds of such sale against the cost of the removal or demolition and if there be any balance remaining, it shall be paid to the parties entitled thereto, as determined by the board or officer, after deducting the costs incident thereto.
The assessment shall constitute a lien against the property which shall be of equal rank with state, county and municipal taxes.

(2) Any person affected by an order issued by the appeals commission pursuant to subdivision (1)(f) hereof may, within thirty days after the posting and service of the order, petition to the superior court for an injunction restraining the public officer or members of the board from carrying out the provisions of the order. In all such proceedings the court is authorized to affirm, reverse, or modify the order and such trial shall be heard de novo.

(3) An ordinance adopted by the local governing body of the municipality may authorize the board or officer to exercise such powers as may be necessary or convenient to carry out and effectuate the purposes and provisions of this section. These powers shall include the following in addition to others herein granted: (a)(i) To determine which dwellings within the municipality are unfit for human habitation; (ii) to determine which buildings, structures, or premises are unfit for other use; (b) to administer oaths and affirmations, examine witnesses and receive evidence; and (c) to investigate the dwelling and other property conditions in the municipality or county and to enter upon premises for the purpose of making examinations when the board or officer has reasonable ground for believing they are unfit for human habitation, or for other use: PROVIDED, That such entries shall be made in such manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose after submitting evidence in support of an application which is adequate to justify such an order from a court of competent jurisdiction in the event entry is denied or resisted.

(4) The local governing body of any municipality adopting an ordinance pursuant to this chapter may appropriate the necessary funds to administer such ordinance.

(5) Nothing in this section shall be construed to abrogate or impair the powers of the courts or of any department of any municipality to enforce any provisions of its charter or its ordinances or regulations, nor to prevent or punish violations thereof; and the powers conferred by this section shall be in addition and supplemental to the powers conferred by any other law.

(6) Nothing in this section shall be construed to impair or limit in any way the power of the municipality to define and declare nuisances and to cause their removal or abatement, by summary proceedings or otherwise.

(7) Any municipality may (by ordinance adopted by its governing body) (a) prescribe minimum standards for the use and occupancy of dwellings throughout the municipality, or county, (b) prescribe minimum standards for the use or occupancy of any building, structure, or premises used for any other purpose, (c) prevent the use or occupancy of any dwelling, building, structure, or premises, which is injurious to the public health, safety, morals, or welfare, and (d) prescribe punishment for the violation of any provision of such ordinance.

Notes:

Purpose--Captions not law--1991 c 363: See notes following RCW 2.32.180.

RCW 35.81.020 Declaration of purpose and necessity.

Applicable Cases

It is hereby found and declared that blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state exist in municipalities of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime and depreciation of property values, constitutes an economic and social liability, substantially impairs or arrests the sound growth of municipalities, retards the provision of housing accommodations, aggravates traffic problems and substantially impairs or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of such areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, are conducive to fires, are difficult to police and to provide police protection for, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services, and facilities.

It is further found and declared that certain of such areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of rehabilitation in such a manner that the conditions and evils
hereinbefore enumerated may be eliminated, remedied or prevented; and that to the extent feasible salvageable blighted areas should be rehabilitated through voluntary action and the regulatory process.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination.

**RCW 35.81.030 Encouragement of private enterprise.**

Applicable Cases

A municipality, to the greatest extent it determines to be feasible in carrying out the provisions of this chapter, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of the urban renewal area by private enterprise. A municipality shall give consideration to this objective in exercising its powers under this chapter, including the formulation of a workable program, the approval of urban renewal plans (consistent with the comprehensive plan or parts thereof for the municipality), the exercise of its zoning powers, the enforcement of other laws, codes and regulations relating to the use of land and the use and occupancy of buildings and improvements, the disposition of any property acquired, and the provision of necessary public improvements.

[1965 c 7 § 35.81.030. Prior: 1957 c 42 § 3.]

**RCW 35.81.040 Formulation of workable program.**

Applicable Cases

A municipality for the purposes of this chapter may formulate a workable program for utilizing appropriate private and public resources to eliminate, and prevent the development or spread of, blighted areas, to encourage needed urban rehabilitation, to provide for the redevelopment of such areas, or to undertake such of the aforesaid activities, or other feasible municipal activities as may be suitably employed to achieve the objectives of such workable program. Such workable program may include, without limitation, provision for: The prevention of the spread of blight into areas of the municipality which are free from blight through diligent enforcement of housing, zoning, and occupancy controls and standards; the rehabilitation of blighted areas or portions thereof by replanning, removing congestion, providing parks, playgrounds and other public improvements, by encouraging voluntary rehabilitation and by compelling the repair and rehabilitation of deteriorated or deteriorating structures; and the clearance and redevelopment of blighted areas or portions thereof.

[1965 c 7 § 35.81.040. Prior: 1957 c 42 § 4.]

**RCW 35.81.050 Findings by local governing body required.**

Applicable Cases

No municipality shall exercise any of the powers hereafter conferred upon municipalities
Revised Code of Washington, 1999

by this chapter until after its local governing body shall have adopted a resolution finding that: (1) One or more blighted areas exist in such municipality; and (2) the rehabilitation, redevelopment, or a combination thereof, of such area or areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of such municipality.

[1965 c 7 § 35.81.050. Prior: 1957 c 42 § 5.]

RCW 35.81.060 Comprehensive plan--Preparation--Hearing--Approval--Modification--Effect.

Applicable Cases

(1) A municipality shall not approve an urban renewal project for an urban renewal area unless the local governing body has, by resolution, determined such area to be a blighted area and designated such area as appropriate for an urban renewal project. The local governing body shall not approve an urban renewal plan until a comprehensive plan or parts of such plan for an area which would include an urban renewal area for the municipality have been prepared as provided in chapter 35.63 RCW. For this purpose and other municipal purposes, authority is hereby vested in every municipality to prepare, to adopt, and to revise from time to time, a comprehensive plan or parts thereof for the physical development of the municipality as a whole (giving due regard to the environs and metropolitan surroundings), to establish and maintain a planning commission for such purpose and related municipal planning activities, and to make available and to appropriate necessary funds therefor. A municipality shall not acquire real property for an urban renewal project unless the local governing body has approved the urban renewal project plan in accordance with subsection (4) hereof.

(2) The municipality may itself prepare or cause to be prepared an urban renewal plan, or any person or agency, public or private, may submit such a plan to the municipality. Prior to its approval of an urban renewal project, the local governing body shall submit such plan to the planning commission of the municipality for review and recommendations as to its conformity with the comprehensive plan or parts thereof for the development of the municipality as a whole. The planning commission shall submit its written recommendations with respect to the proposed urban renewal plan to the local governing body within sixty days after receipt of it. Upon receipt of the recommendations of the planning commission, or if no recommendations are received within sixty days, then without such recommendations, the local governing body may proceed with the hearing on the proposed urban renewal project plan prescribed by subsection (3) hereof.

(3) The local governing body shall hold a public hearing on an urban renewal plan after public notice thereof. Such notice shall be given by publication once each week for two consecutive weeks not less than ten nor more than thirty days prior to the date of the hearing in a newspaper having a general circulation in the urban renewal area of the municipality and by mailing a notice of such hearing not less than ten days prior to the date of the hearing to the persons whose names appear on the county treasurer's tax roll as the owner or reputed owner of the property, at the address shown on the tax roll. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the urban renewal area affected, and shall outline the general scope of the urban renewal plan under consideration.
(4) Following such hearing, the local governing body may approve an urban renewal project if it finds that (a) a workable and feasible plan exists for making available adequate housing for the persons who may be displaced by the project; (b) the urban renewal plan conforms to the comprehensive plan or parts thereof for the municipality as a whole; (c) the urban renewal plan will afford maximum opportunity, consistent with the sound needs of the municipality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise; and (d) a sound and adequate financial program exists for the financing of said project; (e) the urban renewal project area is a blighted area as defined in RCW 35.81.010(2).

(5) An urban renewal project plan may be modified at any time by the local governing body: PROVIDED, That if modified after the lease or sale by the municipality of real property in the urban renewal project area, such modification shall be subject to such rights at law or in equity as a lessee or purchaser, or his successor or successors in interest may be entitled to assert.

(6) Upon the approval of an urban renewal project by a municipality, the provisions of the urban renewal plan with respect to the future use and building requirements applicable to the property covered by said plan shall be controlling with respect thereto.

[1965 c 7 § 35.81.060. Prior: 1957 c 42 § 6.]

**RCW 35.81.070 Powers of municipality.**

**Applicable Cases**

Every municipality shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of this chapter, including the following powers in addition to others herein granted:

(1) To undertake and carry out urban renewal projects within the municipality, to make and execute contracts and other instruments necessary or convenient to the exercise of its powers under this chapter, and to disseminate blight clearance and urban renewal information.

(2) To provide or to arrange or contract for the furnishing or repair by any person or agency, public or private, of services, privileges, works, streets, roads, public utilities or other facilities for, or in connection with, an urban renewal project; to install, construct, and reconstruct streets, utilities, parks, playgrounds, and other public improvements; and to agree to any conditions that it may deem reasonable and appropriate attached to federal financial assistance and imposed pursuant to federal law relating to the determination of prevailing salaries or wages or compliance with labor standards, in the undertaking or carrying out of an urban renewal project, and to include in any contract let in connection with such a project, provisions to fulfill such of said conditions as it may deem reasonable and appropriate.

(3) Within the municipality, to enter upon any building or property in any urban renewal area, in order to make surveys and appraisals, provided that such entries shall be made in such a manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; to acquire by purchase, lease, option, gift, grant, bequest, devise, eminent domain, or otherwise, any real property and such personal property as may be necessary for the administration of the provisions herein contained, together with any improvements thereon; to
hold, improve, clear, or prepare for redevelopment any such property; to dispose of any real
property; to insure or provide for the insurance of any real or personal property or operations of
the municipality against any risks or hazards, including the power to pay premiums on any such
insurance: PROVIDED, That no statutory provision with respect to the acquisition, clearance, or
disposition of property by public bodies shall restrict a municipality in the exercise of such
functions with respect to an urban renewal project.

(4) To invest any urban renewal project funds held in reserves or sinking funds or any
such funds which are not required for immediate disbursement, in property or securities in which
mutual savings banks may legally invest funds subject to their control; to redeem such bonds as
have been issued pursuant to RCW 35.81.100 at the redemption price established therein or to
purchase such bonds at less than redemption price, all such bonds so redeemed or purchased to
be canceled.

(5) To borrow money and to apply for, and accept, advances, loans, grants, contributions
and any other form of financial assistance from the federal government, the state, county, or other
public body, or from any sources, public or private, for the purposes of this chapter, and to enter
into and carry out contracts in connection therewith. A municipality may include in any
application or contract for financial assistance with the federal government for an urban renewal
project such conditions imposed pursuant to federal laws as the municipality may deem
reasonable and appropriate and which are not inconsistent with the purposes of this chapter.

(6) Within the municipality, to make or have made all plans necessary to the carrying out
of the purposes of this chapter and to contract with any person, public or private, in making and
carrying out such plans and to adopt or approve, modify, and amend such plans. Such plans may
include, without limitation: (a) A comprehensive plan or parts thereof for the locality as a whole,
(b) urban renewal plans, (c) plans for carrying out a program of voluntary or compulsory repair
and rehabilitation of buildings and improvements, (d) plans for the enforcement of state and local
laws, codes, and regulations relating to the use of land and the use and occupancy of buildings
and improvements and to the compulsory repair, rehabilitation, demolition, or removal of
buildings and improvements, and (e) appraisals, title searches, surveys, studies, and other
preliminary plans and work necessary to prepare for the undertaking of urban renewal projects.
The municipality is authorized to develop, test, and report methods and techniques, and carry out
demonstrations and other activities, for the prevention and the elimination of urban blight and to
apply for, accept, and utilize grants of, funds from the federal government for such purposes.

(7) To prepare plans for the relocation of families displaced from an urban renewal area,
and to coordinate public and private agencies in such relocation, including requesting such
assistance for this purpose as is available from other private and governmental agencies, both for
the municipality and other parties.

(8) To appropriate such funds and make such expenditures as may be necessary to carry
out the purposes of this chapter, and in accordance with state law: (a) Levy taxes and
assessments for such purposes; (b) acquire land by negotiation and/or eminent domain; (c) close,
vacate, plan, or replan streets, roads, sidewalks, ways, or other places; (d) plan or replan, zone or
rezone any part of the municipality; (e) adopt annual budgets for the operation of an urban
renewal agency, department, or offices vested with urban renewal project powers under RCW 35.81.150; (f) enter into agreements with such agencies or departments (which agreements may extend over any period) respecting action to be taken by such municipality pursuant to any of the powers granted by this chapter.

(9) Within the municipality, to organize, coordinate, and direct the administration of the provisions of this chapter as they apply to such municipality in order that the objective of remediying blighted areas and preventing the causes thereof within such municipality may be most effectively promoted and achieved, and to establish such new office or offices of the municipality or to reorganize existing offices in order to carry out such purpose most effectively.

(10) To exercise all or any part or combination of powers herein granted.

[1965 c 7 § 35.81.070. Prior: 1957 c 42 § 7.]

RCW 35.81.080 Eminent domain.

Applicable Cases

A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for an urban renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for urban renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or his predecessor in interest by eminent domain may be condemned for the purposes of this chapter.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. Evidence shall be admissible bearing upon the insanitary, unsafe, or substandard condition of the premises, or the unlawful use thereof.

Applicable Cases

(1) A municipality may sell, lease, or otherwise transfer real property or any interest therein acquired by it for an urban renewal project, in an urban renewal area for residential, recreational, commercial, industrial, or other uses or for public use, and may enter into contracts with respect thereto, or may retain such property or interest only for parks and recreation, education, public utilities, public transportation, public safety, health, highways, streets, and alleys, administrative buildings, or civic centers, in accordance with the urban renewal project
plan, subject to such covenants, conditions, and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of blighted areas or otherwise to carry out the purposes of this chapter: PROVIDED, That such sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the urban renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote such real property only to the uses specified in the urban renewal plan, and may be obligated to comply with such other requirements as the municipality may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such real property required by the urban renewal plan. Such real property or interest shall be sold, leased, otherwise transferred, or retained at not less than its fair value for uses in accordance with the urban renewal plan. In determining the fair value of real property for uses in accordance with the urban renewal plan, a municipality shall take into account, and give consideration to, the uses provided in such plan; the restrictions upon, and the covenants, conditions, and obligations assumed by, the purchaser or lessee or by the municipality retaining the property; and the objectives of such plan for the prevention of the recurrence of blighted areas. The municipality in any instrument of conveyance to a private purchaser or lessee may provide that such purchaser or lessee shall be without power to sell, lease, or otherwise transfer the real property without the prior written consent of the municipality until he has completed the construction of any and all improvements which he has obligated himself to construct thereon. Real property acquired by a municipality which, in accordance with the provisions of the urban renewal plan, is to be transferred, shall be transferred as rapidly as feasible, in the public interest, consistent with the carrying out of the provisions of the urban renewal plan. The inclusion in any such contract or conveyance to a purchaser or lessee of any such covenants, restrictions, or conditions (including the incorporation by reference therein of the provisions of an urban renewal plan or any part thereof) shall not prevent the recording of such contract or conveyance in the land records of the auditor or the county in which such city or town is located, in such manner as to afford actual or constructive notice thereof.

(2) A municipality may dispose of real property in an urban renewal area to private persons only under such reasonable competitive bidding procedures as it shall prescribe or as hereinafter provided in this subsection. A municipality may, by public notice by publication once each week for three consecutive weeks in a newspaper having a general circulation in the community, prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite bids from, and make available all pertinent information to, private redevelopers or any persons interested in undertaking to redevelop or rehabilitate an urban renewal area, or any part thereof. Such notice shall identify the area, or portion thereof, and shall state that such further information as is available may be obtained at such office as shall be designated in said notice. The municipality shall consider all redevelopment or rehabilitation bids and the financial and legal ability of the persons making such bids to carry them out. The municipality may accept such bids as it deems to be in the public interest and in furtherance of
the purposes of this chapter. Thereafter, the municipality may execute, in accordance with the provisions of subsection (1), and deliver contracts, deeds, leases, and other instruments of transfer.

(3) A municipality may operate and maintain real property acquired in an urban renewal area for a period of three years pending the disposition of the property for redevelopment, without regard to the provisions of subsection (1) above, for such uses and purposes as may be deemed desirable even though not in conformity with the urban renewal plan: PROVIDED, That the municipality may, after a public hearing, extend the time for a period not to exceed three years.

Any other taxing unit in a municipality is authorized to allocate a like amount of such excess taxes to the municipality or municipalities in which it is situated.

(6) In case any of the public officials of the municipality whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds, issued pursuant to this chapter shall be fully negotiable.

(7) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with an urban renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the provisions of this chapter.

Applicable Cases

It is hereby declared: (1) That there exist in the state insanitary or unsafe dwelling accommodations and that persons of low income are forced to reside in such insanitary or unsafe accommodations; that within the state there is a shortage of safe or sanitary dwelling accommodations available at rents which persons of low income can afford and that such persons are forced to occupy overcrowded and congested dwelling accommodations; that the aforesaid conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the residents of the state and impair economic values; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; (2) that these areas in the state cannot be cleared, nor can the shortage of safe and sanitary dwellings for persons of low income be relieved, through the operation of private enterprise, and that the construction of housing projects for persons of low income (as herein defined) would therefore not be competitive with private enterprise; (3) that the clearance, replanning and reconstruction of the areas in which insanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired and are governmental functions of state concern; (4) that it is in the public interest that work on projects for such purposes be commenced as soon as possible in order to relieve unemployment which now (1939) constitutes an emergency; and the necessity in the public interest for the provisions hereinafter enacted, is hereby declared as a matter of legislative determination.

(16) "Senior citizen" means a person age sixty-two or older who is determined by the authority to be poor or infirm but who is otherwise in some manner able to provide the authority with revenue which (together with all other available moneys, revenues, income, and receipts of the authority, from whatever sources derived) will be sufficient: (a) To pay, as the same become due, the principal and interest on bonds of the authority; (b) to meet the cost of, and to provide for, maintaining and operating projects (including the cost of insurance) and administrative expenses of the authority; and (c) to create (by not less than the six years immediately succeeding the issuance of any bonds) a reserve sufficient to meet the principal and interest payments which will be due on the bonds in any one year thereafter and to maintain such reserve.

RCW 35.82.030 Creation of housing authorities.

Applicable Cases

In each city (as herein defined) and in each county of the state there is hereby created a public body corporate and politic to be known as the "Housing Authority" of the city or county: PROVIDED, HOWEVER, That such authority shall not transact any business or exercise its powers hereunder until or unless the governing body of the city or the county, as the case may be, by proper resolution shall declare at any time hereafter that there is need for an authority to function in such city or county. The determination as to whether or not there is such need for an authority to function (1) may be made by the governing body on its own motion or (2) shall be made by the governing body upon the filing of a petition signed by twenty-five residents of the city or county, as the case may be, asserting that there is need for an authority to function in such
city or county and requesting that the governing body so declare.

The governing body shall adopt a resolution declaring that there is need for a housing authority in the city or county, as the case may be, if it shall find (1) that insanitary or unsafe inhabited dwelling accommodations exist in such city or county; (2) that there is a shortage of safe or sanitary dwelling accommodations in such city or county available to persons of low income at rentals they can afford; or (3) that there is a shortage of safe or sanitary dwellings, apartments, mobile home parks, or other living accommodations available for senior citizens. In determining whether dwelling accommodations are unsafe or insanitary said governing body may take into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space and access available to the inhabitants of such dwelling accommodations, the size and arrangement of the rooms, the sanitary facilities, and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

In any suit, action or proceeding involving the validity or enforcement of or relating to any contract of the authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers hereunder upon proof of the adoption of a resolution by the governing body declaring the need for the authority. Such resolution or resolutions shall be deemed sufficient if it declares that there is such need for an authority and finds in substantially the foregoing terms (no further detail being necessary) that either or both of the above enumerated conditions exist in the city or county, as the case may be. A copy of such resolution duly certified by the clerk shall be admissible in evidence in any suit, action or proceeding.

Severability--1979 ex.s. c 187: See note following RCW 35.82.020.

RCW 35.82.040 Appointment, qualifications, and tenure of commissioners.
Applicable Cases

Except as provided in RCW 35.82.045, when the governing body of a city adopts a resolution declaring that there is a need for a housing authority, it shall promptly notify the mayor of such adoption. Upon receiving such notice, the mayor shall appoint five persons as commissioners of the authority created for the city. When the governing body of a county adopts a resolution declaring that there is a need for a housing authority, it shall appoint five persons as commissioners of the authority created for the county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed for a term of office of five years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city or county for which the authority is created, unless the commissioner is an employee of a separately elected county official other than the county governing body in a county with a population of less than one hundred seventy-five thousand as of the 1990 federal census, and the total government employment in that county exceeds forty percent of total employment. A commissioner shall
hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Except as provided in RCW 35.82.045, three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

If federal law requires that the membership of the board of commissioners of a local authority contains one member who is directly assisted by the authority, the board may by resolution temporarily or permanently increase its size to six members. The board may determine the length of the term of the position filled by a directly assisted member. A person appointed to such a position may serve in that position only as long as he or she is directly assisted by the authority.

Upon receiving the notice, the mayor, with approval of the city council, shall appoint additional persons as commissioners of the authority created for the city.

(2) In appointing commissioners, the mayor shall consider persons that represent the community, provided that two commissioners shall consist of tenants that reside in a housing
project that is owned by the housing authority.

(3) After June 11, 1998, all commissioners shall be appointed to serve four-year terms, except that all vacancies shall be filled for the remainder of the unexpired term. A commissioner of an authority may not be an officer or employee of the city for which the authority is created. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter.

(4) A commissioner may be reappointed only after review and approval by the city council.

(5) A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and the certificate is conclusive evidence of the due and proper appointment of the commissioner.

(6) A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

(7) The powers of each authority vest in the commissioners of the authority in office from time to time. Four commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number.

An authority shall select from among its commissioners a vice-chair, and the authority may employ a secretary, who shall be executive director, technical experts and such other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation.

(9) For such legal services as it may require, an authority may call upon the chief law officer of the city or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

Applicable Cases

(1) No commissioner, employee, or appointee to any decision-making body for the housing authority shall own or hold an interest in any contract or property or engage in any business, transaction, or professional or personal activity, that would:

   (a) Be, or appear to be, in conflict with the commissioner's, employee's, or appointee's official duties to any decision-making body for the housing authority duties relating to the housing authority served by or subject to the authority of such commissioner, employee, or appointee to any decision-making body for the housing authority;

(3) No commissioner, employee, or appointee to any decision-making body for the housing authority shall use his or her public office or employment to secure financial gain to such commissioner, employee, or appointee to any decision-making body for the housing authority.

(4) If any commissioner or employee of an authority or any appointee to any decision-making body for the housing authority owns or controls an interest direct or indirect in any property included or planned to be included in any housing project, he immediately shall disclose the same in writing to the authority and such disclosure shall be entered upon the minutes of the authority. Failure to disclose such interest shall constitute misconduct in office. Upon such disclosure such commissioner, employee, or appointee to any decision-making body for the housing authority shall not participate in any action by the authority affecting such property.

(5) No provision of this section shall preclude a tenant of the public housing authority from serving as a commissioner, employee, or appointee to any decision-making body of the housing authority. No provision of this section shall preclude a tenant of the public housing authority who is serving as a commissioner, employee, or appointee to any decision-making body of the housing authority from voting on any issue or decision, or participating in any action by the authority, unless a conflict of interest, as set forth in subsections (1) through (4) of this section, exists as to that particular tenant and the particular property or interest at issue before, or subject to action by the housing authority.

Leases, options, agreements, or conveyances may include such covenants as the authority deems appropriate to assure the achievement of the objectives of this chapter.

(5) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own or manage buildings containing a housing project or projects as well as commercial space or other dwelling units that do not constitute a housing project as that term is defined in this chapter: PROVIDED, That notwithstanding the provisions under subsection (1) of this section, dwelling units made available or sold to persons of low income, together with functionally related and subordinate facilities, shall occupy at least fifty percent of the interior space in the total development owned.

the authority, whichever produces the greater number of units for persons of low income, and for
mobile home parks, the mobile home lots made available to persons of low income shall be at

low income for at least twenty years; to insure or provide for the insurance of any real or personal
property or operations of the authority against any risks or hazards; to procure or agree to the
procurement of insurance or guarantees from the federal government of the payment of any
bonds or parts thereof issued by an authority, including the power to pay premiums on any such

immediate disbursement, in property or securities in which savings banks may legally invest

slum areas exist or where there is a shortage of decent, safe and sanitary dwelling
accommodations for persons of low income; to make studies and recommendations relating to
the problem of clearing, replanning and reconstructing of slum areas, and the problem of
providing dwelling accommodations for persons of low income, and to cooperate with the city,
the county, the state or any political subdivision thereof in action taken in connection with such
problems; and to engage in research, studies and experimentation on the subject of housing.

(8) Acting through one or more commissioners or other person or persons designated by
the authority: To conduct examinations and investigations and to hear testimony and take proof

of operation) its findings and recommendations with regard to any building or property where
conditions exist which are dangerous to the public health, morals, safety or welfare.

(9) To initiate eviction proceedings against any tenant as provided by law. Activity occurring in any housing authority unit that constitutes a violation of chapter 69.41, 69.50 or 69.52 RCW shall constitute a nuisance for the purpose of RCW 59.12.030(5).

(10) To exercise all or any part or combination of powers herein granted.

No provisions of law with respect to the acquisition, operation or disposition of property by other public bodies shall be applicable to an authority unless the legislature shall specifically so state.

(11) To agree (notwithstanding the limitation contained in RCW 35.82.210) to make such payments in lieu of taxes as the authority finds consistent with the achievement of the purposes of this chapter.

(12) Upon the request of a county or city, to exercise any powers of an urban renewal agency under chapter 35.81 RCW or a public corporation, commission, or authority under chapter 35.21 RCW. However, in the exercise of any such powers the housing authority shall be subject to any express limitations contained in this chapter.

(13) To exercise the powers granted in this chapter within the boundaries of any city, town, or county not included in the area in which such housing authority is originally authorized to function: PROVIDED, HOWEVER, The governing or legislative body of such city, town, or county, as the case may be, adopts a resolution declaring that there is a need for the authority to function in such territory.

(14) To administer contracts for assistance payments to persons of low income in accordance with section 8 of the United States Housing Act of 1937, as amended by Title II, section 201 of the Housing and Community Development Act of 1974, P.L. 93-383.

(15) To sell at public or private sale, with or without public bidding, for fair market value, any mortgage or other obligation held by the authority.

(16) To the extent permitted under its contract with the holders of bonds, notes, and other obligations of the authority, to consent to any modification with respect to rate of interest, time and payment of any installment of principal or interest security, or any other term of any contract, mortgage, mortgage loan, mortgage loan commitment, contract or agreement of any kind to which the authority is a party.

(17) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans to persons of low income to enable them to acquire, construct, reconstruct, rehabilitate, improve, lease, or refinance their dwellings, and to take such security therefor as is deemed necessary and prudent by the authority.

(18) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans for the acquisition, construction, reconstruction, rehabilitation, improvement, leasing, or refinancing of land, buildings, or developments for housing for persons of low income. For purposes of this subsection, development shall include either land or buildings or both.

(a) Any development financed under this subsection shall be subject to an agreement that for at least twenty years the dwelling units made available to persons of low income together
with functionally related and subordinate facilities shall occupy at least fifty percent of the interior space in the total development or at least fifty percent of the total number of units in the development, whichever produces the greater number of units for persons of low income. For mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park. During the term of the agreement, the owner shall use its best efforts in good faith to maintain the dwelling units or mobile home lots required to be made available to persons of low income at rents affordable to persons of low income. The twenty-year requirement under this subsection (18)(a) shall not apply when an authority finances the development by nonprofit corporations or governmental units of dwellings or mobile home lots intended for sale to persons of low and moderate income, and shall not apply to construction or other short-term financing provided to nonprofit corporations or governmental units when the financing has a repayment term of one year or less.

(b) In addition, if the development is owned by a for-profit entity, the dwelling units or mobile home lots required to be made available to persons of low income shall be rented to persons whose incomes do not exceed fifty percent of the area median income, adjusted for household size, and shall have unit or lot rents that do not exceed fifteen percent of area median income, adjusted for household size, unless rent subsidies are provided to make them affordable to persons of low income.

For purposes of this subsection (18)(b), if the development is owned directly or through a partnership by a governmental entity or a nonprofit organization, which nonprofit organization is itself not controlled by a for-profit entity or affiliated with any for-profit entity that a nonprofit organization itself does not control, it shall not be treated as being owned by a for-profit entity when the governmental entity or nonprofit organization exercises legal control of the ownership entity and in addition, (i) the dwelling units or mobile home lots required to be made available to persons of low income are rented to persons whose incomes do not exceed sixty percent of the area median income, adjusted for household size, and (ii) the development is subject to an agreement that transfers ownership to the governmental entity or nonprofit organization or extends an irrevocable right of first refusal to purchase the development under a formula for setting the acquisition price that is specified in the agreement.

(c) Commercial space in any building financed under this subsection that exceeds four stories in height shall not constitute more than twenty percent of the interior area of the building. Before financing any development under this subsection the authority shall make a written finding that financing is important for project feasibility or necessary to enable the authority to carry out its powers and purposes under this chapter.

(19) To contract with a public authority or corporation, created by a county, city, or town under RCW 35.21.730 through 35.21.755, to act as the developer for new housing projects or improvement of existing housing projects.

RCW 35.82.075 Small works roster.
Applicable Cases

(1) In addition to any other powers authorized in RCW 35.82.070, an authority may establish a small works roster consisting of all qualified contractors who have requested to be included on the roster and are, where required by law, properly licensed or registered to perform such work in the state of Washington.

(2) The small works roster may make distinctions between contractors based on the nature of the work the contractor is qualified to perform. At least once every year, the authority shall advertise in a newspaper of general circulation, in the authority's area of operation, the existence of the small works roster and shall add to the roster those contractors who request to be included on the roster.

(3) The commissioners of the authority shall establish uniform procedures to prequalify contractors for inclusion on the small works roster and a procedure for securing telephone or written quotations from contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder.

(4) Construction, repair, or alteration projects estimated to cost less than forty thousand dollars are exempt from the requirement that contracts be awarded after advertisement and competitive bid as defined in RCW 39.04.010. In lieu of advertisement and competitive bid, the authority shall solicit at least five quotations, confirmed in writing, from contractors in a manner that will equitably distribute opportunities among contractors on the small works roster for the category of job type involved. Whenever possible, the authority shall invite at least one proposal from a minority or woman contractor, or from a contractor that employs, or commits to employ, residents of housing owned or managed by the authority, who shall otherwise qualify under this section. Such solicitations shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

(5) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone request.

(6) The breaking-down of any public work or improvement into units, or accomplishing any public work or improvement by phases, for the purpose of avoiding the minimum dollar amount for bidding, is contrary to public policy and is prohibited.

(7) No authority under chapter 42.17 RCW shall be required to make financial information required to be provided by the prequalification procedure for inclusion on the small works roster available for public inspection or copying.

To this end, an authority shall fix the rentals for rental units for persons of low income in projects owned or leased by the authority at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds or other obligations of the authority issued or incurred to finance the projects; (2) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (3) to create (during not less than the six years immediately succeeding its issuance of any such bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. Nothing contained in this section shall be construed to limit an authority's power to rent commercial space located in buildings containing housing projects or non low-income units owned, acquired, financed, or constructed under *RCW 35.82.070(5), (16), or (17) at profitable rates and to use any profit realized from such rentals in carrying into effect the powers and purposes provided to housing authorities under this chapter.

RCW 35.82.090 Rentals and tenant selection.

Applicable Cases

In the operation and management of rental units which are rented to persons of low income in any housing project an authority shall at all times observe the following duties with respect to rentals and tenant selection:  (1) It may rent or lease the dwelling accommodations therein to persons of low income and at rentals within the financial reach of such persons of low income; (2) it may rent or lease to a low-income tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding; and (3) it shall not accept any person as a low income tenant in any housing project designated for persons of low income if the person or persons who would occupy the dwelling accommodations have an annual net income in excess of five times the annual rental of the quarters to be furnished such person or persons, except that in the case of families with three or more minor dependents, such ratio shall not exceed six to one; in computing the rental for this purpose of selecting tenants, there shall be included in the rental the average annual cost (as determined by the authority) to occupants of heat, water, electricity, gas, cooking range and other necessary services or facilities,
whether or not the charge for such services and facilities is in fact included in the rental. This income limitation does not apply to housing projects designated for senior citizens.

Applicable Cases

An authority shall have power to issue bonds from time to time in its discretion, for any of its corporate purposes. An authority shall also have power to issue refunding bonds for the purpose of paying or retiring bonds previously issued by it. An authority may issue such types of bonds as it may determine, including (without limiting the generality of the foregoing) bonds on which the principal and interest are payable: (1) Exclusively from the income and revenues of the housing project financed with the proceeds of such bonds; (2) exclusively from the income and revenues of certain designated housing projects whether or not they are financed in whole or in part with the proceeds of such bonds; or (3) from all or part of its revenues or assets generally. Any such bonds may be additionally secured by a pledge of any grant or contributions from the federal government or other source, or a pledge of any income or revenues of the authority, or a mortgage of any housing project, projects or other property of the authority. Any pledge made by the authority shall be valid and binding from the time when the pledge is made; the revenues, moneys, or property so pledged and thereafter received by the authority shall immediately be subject to the lien of the pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective or whether the parties have notice thereof.

Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the city, the county, the state or any political subdivision thereof and neither the city or the county, nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of the authority. The bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. Nothing in this section shall prevent an authority from issuing bonds the interest on which is included in gross income of the owners thereof for income tax purposes.

**RCW 35.83.010 Finding and declaration of necessity.**

Applicable Cases

It has been found and declared in the housing authorities law that there exist in the state unsafe and insanitary housing conditions and a shortage of safe and sanitary dwelling accommodations for persons of low income; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health
and safety, fire and accident protection, and other public services and facilities; and that the public interest requires the remedying of these conditions. It is hereby found and declared that the assistance herein provided for the remedying of the conditions set forth in the housing authorities law constitutes a public use and purpose and an essential governmental function for which public moneys may be spent, and other aid given; that it is a proper public purpose for any state public body to aid any housing authority operating within its boundaries or jurisdiction or any housing project located therein, as the state public body derives immediate benefits and advantages from such an authority or project; and that the provisions hereinafter enacted are necessary in the public interest.

**RCW 35.85.020 Assessment district--Resolution--Hearing--Ordinance ordering improvement.**

Applicable Cases

Any such improvement may be initiated by the city council, or other legislative body, by a resolution, declaring its intention to order such improvement, which resolution shall set forth the nature and territorial extent of such proposed improvement, shall specify and describe the boundaries of the proposed improvement district and notify all persons who may desire to object thereto to appear and present such objections at a meeting of the council specified in such resolution and directing the board of public works, or other proper board, officer, or authority of the city, to submit to such council at or prior to the date fixed for such hearing the estimated cost and expense of the improvement, and a statement of the proportionate amount thereof which should be borne by the property within the proposed improvement district, and a statement of the aggregate assessed valuation of the real property exclusive of improvements, within said district, according to the valuation last placed upon it for purposes of general taxation. Such resolution shall be published in at least two consecutive issues of the official newspaper of the city, the date of the first publication to be at least thirty days prior to the date fixed by the resolution for hearing before the council.

Upon such hearing, or upon any adjournment thereof, the council shall have power to amend, change, extend, or contract the boundaries of the proposed improvement district as specified in the resolution, and to consider and determine all matters in relation to the proposed improvement, and, upon the conclusion of the hearing, or any adjournment thereof, shall have power by ordinance to order the improvement to be made and to adopt, fix and establish the boundaries of the improvement district. The action of such council in ordering such improvement, or in abandoning it, and in fixing and establishing the boundaries of the improvement district shall be final and conclusive. Any such ordinance may be passed upon majority vote of the council or other legislative body of the city.

Such ordinance may provide for the construction of the improvement in sections, the letting of separate contracts for each such section, and, in case the same is made in sections, separate assessment rolls to defray the cost and expense of any such section of such improvement may be prepared, and the amounts thereon appearing as finally determined, may be levied and
assessed against real property within the improvement district. The provisions of law, charter and ordinance of any such city, relating to supplemental assessments, reassessments and omitted property shall be applicable to any improvement authorized in this chapter.

The city council, or other legislative body of such city, shall by general ordinance, make provision for hearing any objections in writing, to any assessment roll for such improvement, filed with the city clerk or comptroller at a prior date to the hearing thereon. Any right of appeal to the superior court provided by law to be taken from any local improvement assessment levied and assessed by any such city, may be exercised, within the time and in the manner therein provided, by any person so objecting to any assessment levied and assessed for any improvement authorized in this chapter.

RCW 35.85.030 Limit of assessment--Lien--Priority.
Applicable Cases

The city council may prescribe by general ordinance, the mode and manner in which the charge upon property in such local improvement district shall be assessed and determined for the purpose of paying the cost and expense of establishing and constructing such improvement: PROVIDED, That no assessment shall be levied on any such district, the aggregate of which is a greater sum than twenty-five percent of the assessed value of all the real property in such district according to the last equalized assessment thereof for general taxation: PROVIDED FURTHER, That there shall be, in all cases, an opportunity for a hearing upon objections to the assessment roll by the parties affected thereby, before the council as a board of equalization, which hearing shall be after publication of a reasonable notice thereof, such notice to be published in such manner and for such time as may be prescribed by ordinance. At such hearing, or at legal adjournments thereof, such changes may be made in the assessment roll as the city council may find necessary to make the same just and equitable. Railroad rights-of-way shall be assessed for such benefits as shall inure or accrue to the owners, lessees, or operators of the same, resulting or to result from the construction and maintenance of any such improvement, whether such rights-of-way lie within the limits of any street or highway or not; such assessment to lie against the franchise rights when such right-of-way is within such street or highway.

When the assessment roll has been finally confirmed by the city council, the charges therein made shall be and become a lien against the property or franchise therein described, paramount to all other liens (except liens for assessments and taxes) upon the property assessed from the time the assessment roll shall be placed in the hands of the collector.

RCW 35.85.040 Operation by city--Leases--Use of income.

The rate of lease or use of such street railway tracks for streets or interurban cars shall be as fixed by the legislative authority of the city, but shall not be less than one mill for each passenger carried, or ten cents for each freight car moved over such improvement. The income from such charges, rental and leasing shall be used wholly for the maintenance, repair and betterment of said improvement and the extinguishment of any debt incurred by the city in constructing it.

RCW 35.86A.010 Declaration.
Applicable Cases

It is hereby determined and declared:

(1) The free circulation of traffic of all kinds through our cities is necessary to the health, safety and general welfare of the public, whether residing in, traveling to or through the cities of this state;

(2) The most efficient use of the street and highway system requires availability of strategically located parking for vehicles in localities where large numbers of persons congregate;

(3) An expanding suburban population has increased demands for further concentration of uses in central metropolitan areas, necessitating an increasing investment in streets and highways;

(4) On-street parking is now inadequate, and becomes increasingly an inefficient and uneconomical method for temporary storage of vehicles in commercial, industrial and high-density residential areas, causing such immediate adverse consequences as the following,
among others:

(a) Serious traffic congestion from on-street parking, which interferes with use of streets for travel, disrupts public surface transportation at peak hours, impedes rapid and effective fighting of fires and disposition of police forces, slows emergency vehicles, and inflicts hardship upon handicapped persons and others dependent upon private vehicles for transportation;

(b) On-street parking absorbs right-of-way useful and usable for travel;

(c) On-street parking reduces the space available for truck and passenger loading for the abutting properties, hinders ready access, and impedes cleaning of streets;

(d) Inability to temporarily store automobiles has discouraged the public from travel to and within our cities, from congregating at public events, and from using public facilities.

(5) Insufficient off-street parking has had long-range results, as the following, among others:

(a) Metropolitan street and highway systems have lost efficiency and the free circulation of traffic and persons has been impaired;

(b) The growth and development of metropolitan areas has been retarded;

(c) Business, industry, and housing has become unnecessarily and uneconomically dispersed;

(d) Limited and valuable land area is under used.

All of which cause loss of payrolls, business and productivity, and property values, with resulting impairment of the public health, safety and welfare, the utility of our streets and highways, and tax revenues;

(6) Establishment of public off-street parking facilities will promote the public health, safety, convenience, and welfare, by:

(a) Expediting the movement of the public, and of goods in metropolitan areas, alleviating traffic congestion, and preserving the large investment in streets and highways;

(b) Permitting a greater use of public facilities, congregation of the public, and more intensive development of private property within the community;

(7) Establishment of public off-street parking is a necessary ancillary to and extension of an efficient street and highway system in metropolitan areas, as much so as a station or terminal is to a railroad or urban transit line;

(8) Public off-street parking facilities, open to the public and owned by a city or town, are and remain a public use and a public function, irrespective of whether:

(a) Parking fees are charged to users;

(b) The management or operation of one or more parking facilities is conducted by a public agency, or under contract or lease by private enterprise; or

(c) A portion of the facilities is used for commercial, store or automobile accessory purposes;

(9) Public parking facilities under the control of a parking commission are appropriately treated differently from other parking facilities of a city.

RCW 35.92.010 Authority to acquire and operate waterworks--Generation of electricity--Classification of services for rates.

Applicable Cases

A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain and operate waterworks, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a byproduct and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes,
and the city or town may acquire by purchase or condemnation and purchase any properties or
privileges necessary to be had to protect its water supply from pollution. Should private property
be necessary for any such purposes or for storing water above high water mark, the city or town
may condemn and purchase, or purchase and acquire such private property. For the purposes of
waterworks which include facilities for the generation of electricity as a byproduct, nothing in
this section may be construed to authorize a city or town that does not own or operate an electric
utility system to condemn electric generating, transmission, or distribution rights or facilities of
entities authorized by law to distribute electricity, or to acquire such rights or facilities without
the consent of the owner.

   Washington that:

   (1) The quality of the natural environment shall be protected and, where possible, enhanced as follows:
   Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of
   wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be
   retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be
   authorized only in those situations where it is clear that overriding considerations of the public interest will be
   served.

   (2) Development of water supply systems, whether publicly or privately owned, which provide water to the
   public generally in regional areas within the state shall be encouraged. Development of water supply systems for
   multiple domestic use which will not serve the public generally shall be discouraged where water supplies are
   available from water systems serving the public." [1985 c 444 § 1.]

   Construction--Economic feasibility study--1985 c 444: "(1) Nothing in this act exempts any city or town,

   water act, chapter 90.48 RCW.

   (2) In addition, if the work proposed under this act involves a new water supply project combined with an
   electric generation facility with an installed capacity in excess of five megawatts which may produce electricity for
   sale in excess of present and future needs of the water system, then each of those with a greater than twenty-five
   percent ownership interest in the project shall jointly prepare an independent economic feasibility study evaluating
   the cost-effectiveness of the combined facility in the context of forecast regional water needs, alternate sources of
   water supply, and the potential impact of the combined facility on rates charged for water and electricity.

   In addition to the economic feasibility study, the results of the environmental impact statement required by
   chapter 43.21C RCW and any review by the department of ecology made pursuant to chapter 90.54 RCW shall be
   made available to the public at least sixty days prior to any public vote on the new combined project.

   (3) This act supplements the authority of cities and towns, water districts, and sewer districts and does not
restrict or impose limits on any authority such municipal corporations may otherwise have under any laws of this state nor may the authority of such municipal corporations under other laws of this state be construed more narrowly on account of this act." [1985 c 444 § 7.]

Severability--1985 c 444: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 444 § 8.]

RCW 35.92.020 Authority to acquire and operate sewerage and solid waste handling systems, plants, sites, or facilities--Classification of services and facilities for rates--Assistance for low-income persons.

Applicable Cases

A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030, and shall have full authority to manage, regulate, operate, control, and to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town. The rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors: (1) The difference in cost of service and facilities to customers; (2) the location of customers within and without the city or town; (3) the difference in cost of maintenance, operation, repair, and replacement of the parts of the system; (4) the different character of the service and facilities furnished to customers; (5) the quantity and quality of the sewage delivered and the time of its delivery; (6) capital contributions made to the systems, plants, sites, or other facilities, including
but not limited to, assessments; (7) the nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and (8) any other factors that present a reasonable difference as a ground for distinction. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

(3) Cities of the first class shall have the power and authority to participate and enter into agreements for the use or undivided ownership of a coal-fired thermal electric generating plant and facility placed in operation before July 1, 1975, including related common facilities, and for the planning, financing, acquisition, construction, operation, and maintenance of the plant and facility. It shall be provided in such agreements that each city shall use or own a percentage of any common facility equal to the percentage of the money furnished or the value of property supplied by the city for the acquisition and construction of or additions or improvements to the facility and shall own and control or provide for the use of a like percentage of the electrical transmission or output of the facility. Cities may enter into agreements under this subsection with each other, with regulated utilities, with rural electric cooperatives, with utility districts, with electric companies subject to the jurisdiction of the regulatory commission of any other state, and with any power marketer subject to the jurisdiction of the federal energy regulatory commission.

(4) The agreement must provide that each participant shall defray its own interest and other payments required to be made or deposited in connection with any financing undertaken by it to pay its percentage of the money furnished or value of property supplied by it for the planning, acquisition, and construction of any common facility, or any additions or betterments.
The agreement shall provide a uniform method of determining and allocating operation and maintenance expenses of a common facility.

(5) Each city participating in the ownership, use, or operation of a common facility shall pay all taxes chargeable to its share of the common facility and the electric energy generated under any applicable statutes and may make payments during preliminary work and construction for any increased financial burden suffered by any county or other existing taxing district in the county in which the common facility is located, under agreement with such county or taxing district.

(6) In carrying out the powers granted in this section, each such city shall be severally liable only for its own acts and not jointly or severally liable for the acts, omissions, or obligations of others. No money or property supplied by any such city for the planning, financing, acquisition, construction, operation, or maintenance of, or addition or improvement to any common facility shall be credited or otherwise applied to the account of any other participant therein, nor shall the undivided share of any city in any common facility be charged, directly or indirectly, with any debt or obligation of any other participant or be subject to any lien as a result thereof. No action in connection with a common facility shall be binding upon any city unless authorized or approved by resolution or ordinance of its governing body.

(7) Any city acting jointly outside the state of Washington, by mutual agreement with any participant under authority of this section, shall not acquire properties owned or operated by any public utility district, by any regulated utility, or by any public utility owned by a municipality without the consent of the utility owning or operating the property, and shall not participate in any condemnation proceeding to acquire such properties.

Applicable Cases
When the governing body of a city or town deems it advisable that the city or town purchase, acquire, or construct any such public utility, or make any additions and betterments thereto or extensions thereof, it shall provide therefor by ordinance, which shall specify and adopt the system or plan proposed, and declare the estimated cost thereof, as near as may be, and the ordinance shall be submitted for ratification or rejection by majority vote of the voters of the city or town at a general or special election.

(1) No submission shall be necessary:
(a) When the work proposed is an addition to, or betterment of, extension of, or an increased water supply for existing waterworks, or an addition, betterment, or extension of an existing system or plant of any other public utility;
(b) When in the charter of a city a provision has been adopted authorizing the corporate authorities thereof to provide by ordinance for acquiring, opening, or operating any of such public utilities; or
(c) When in the judgment of the corporate authority, the public health is being endangered by the discharge of raw or untreated sewage into any body of water and the danger to the public health may be abated by the construction and maintenance of a sewage disposal plant.

(2) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary if:
(a) The project or work may produce electricity for sale in excess of present or future
needs of the water system;
   (b) The city or town does not own or operate an electric utility system;
   (c) The work involves an ownership greater than twenty-five percent in a new water
       supply project combined with an electric generation facility; and
   (d) The combined facility has an installed capacity in excess of five megawatts.

(3) Notwithstanding subsection (1) of this section, submission to the voters shall be
   necessary to make extensions to a public utility which would expand the previous service
   capacity by fifty percent or more, where such increased service capacity is financed by the
   issuance of general obligation bonds.

(4) Thirty days' notice of the election shall be given in the official newspaper of the city
   or town, by publication at least once each week in the paper during such time.

(5) When a proposition has been adopted, or in the cases where no submission is

authorized by chapter 39.36 RCW, as now or hereafter amended, to be incurred without and with
the assent of the voters: PROVIDED, That a city or town may become indebted to a larger
amount, but not exceeding the amount authorized therefor by chapter 39.36 RCW, as now or

RCW 35.92.100 Revenue bonds or warrants.
Applicable Cases

(1) When the voters of a city or town, or the corporate authorities thereof, have adopted a
proposition for any public utility and either no general indebtedness has been authorized or the
corporate authorities do not desire to incur a general indebtedness, and when the corporate
authorities are authorized to exercise any of the powers conferred by this chapter without
submitting the proposition to a vote, the corporate authorities may create a special fund for the
sole purpose of defraying the cost of the public utility or addition, betterment, or extension
thereof, into which special fund they may obligate and bind the city or town to set aside and pay a
fixed proportion of the gross revenues of the utility, or any fixed amount out of and not
exceeding a fixed proportion of such revenues, or a fixed amount without regard to any fixed
proportion, and issue and sell bonds or warrants bearing interest at a rate or rates as authorized by
the corporate authorities; payable semiannually, executed in such manner and payable at such
times and places as the corporate authorities shall determine, but the bonds or warrants and the
interest thereon shall be payable only out of the special fund and shall be a lien and charge
against payments received from any utility local improvement district assessments pledged to
secure such bonds. Such bonds shall be negotiable instruments within the meaning of the
negotiable instruments law, Title 62A RCW, notwithstanding same are made payable out of a
particular fund contrary to the provisions of RCW 62A.3-105. Such bonds and warrants may be
of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants
as provided in RCW 39.46.030.

When corporate authorities deem it necessary to construct any sewage disposal plant, it
may be considered as a part of the waterworks department of the city or town and the cost of
construction and maintenance thereof may be chargeable to the water fund of the municipality, or
to any other special fund which the corporate authorities may by ordinance designate.

In creating a special fund, the corporate authorities shall have due regard to the cost of
operation and maintenance of the plant or system as constructed or added to, and to any
proportion or part of the revenue previously pledged as a fund for the payment of bonds,
warrants, or other indebtedness, and shall not set aside into such special fund a greater amount or
proportion of the revenue and proceeds than in their judgment will be available above such cost
of maintenance and operation and the amount or proportion, if any, of the revenue so previously
pledged. Rates shall be maintained adequate to service such bonds and to maintain the utility in
sound financial condition.

The bonds or warrants and interest thereon issued against any such fund shall be a valid
claim of the owner thereof only as against the special fund and its fixed proportion or amount of
the revenue pledged thereto, and shall not constitute an indebtedness of the city or town within
the meaning of constitutional provisions and limitations. Each bond or warrant shall state upon
its face that it is payable from a special fund, naming it and the ordinance creating it. The bonds
and warrants shall be sold in such manner as the corporate authorities shall deem for the best
interest of the city or town, and they may provide in any contract for the construction and
acquisition of the proposed improvement that payment therefor shall be made only in such
bonds and warrants at par value thereof.

When a special fund is created and any such obligation is issued against it, a fixed
proportion, or a fixed amount out of and not exceeding such fixed proportion, or a fixed amount
without regard to any fixed proportion, of revenue shall be set aside and paid into such fund as
provided in the ordinance creating it, and in case the city or town fails to thus set aside and pay
such fixed proportion or amount, the owner of any bond or warrant against the fund may bring
action against the city or town and compel such setting aside and payment: PROVIDED, That
whenever the corporate authorities of any city or town shall so provide by ordinance then all such
bonds thereafter issued shall be on a parity, without regard to date of issuance or authorization
and without preference or priority of right or lien with respect to participation of special funds in
amounts from gross revenues for payment thereof.

(2) Notwithstanding subsection (1) of this section, such bonds and warrants may be
issued and sold in accordance with chapter 39.46 RCW.

In creating such special fund, the legislative authority shall have due regard to the cost of operation and maintenance of the utility as constructed or added to, and to any proportion or part of the revenue thereof previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not bind and obligate the city or town to set aside into the fund a greater amount of the revenue of the utility than in its judgment will be available above the cost of maintenance and operation and the amount or proportion of the revenue thereof so previously pledged.

They shall be sold in such manner as the corporate authorities shall deem for the best interest of the municipality. The effective rate of interest on the bonds shall not exceed the effective rate of interest on warrants or bonds to be funded or refunded thereby. Interest on the bonds shall be paid semiannually. The bonds shall be executed in such manner and payable at such time and place as the legislative authority shall by ordinance determine. Nothing in this chapter shall

35.92.220 and RCW 35.92.230, as now or hereafter amended, the proceedings relative to the
creation of districts, financing of improvements, levying and collecting assessments and all other

the improvement per square foot, shall be sufficient: PROVIDED FURTHER, That when the
legislative authority of a city or town shall deem it necessary to levy special assessments for
the purposes specified in RCW 35.92.230, as now or hereafter amended, other than for the purpose
of paying the costs of acquiring, constructing or reconstructing any system or means of

Notice of such hearing shall be given by the city or town clerk in the form and manner required in the preceding proviso. The treasurer shall be present at the hearing and shall note any changes on his books. The legislative authority shall have the same right to make changes in the assessment roll as in an original assessment, and after all changes have been made it shall, by ordinance, confirm the assessment and direct the treasurer to extend it on the books of his office.

RCW 35.92.355 Energy conservation--Legislative findings.

Applicable Cases

The conservation of energy in all forms and by every possible means is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, quasi municipal corporations, and other political subdivisions of the state which are engaged in the generation, sale, or distribution of energy should be granted the authority to develop and carry out programs which will conserve resources, reduce waste, and encourage more efficient use of energy by consumers.

In order to establish the most effective state-wide program for energy conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy. The use of appropriate tree plantings for energy conservation is encouraged as part of these programs.

RCW 35.92.360 Energy conservation plan--Financing authorized for energy conservation projects in structures or equipment--Limitations.

Applicable Cases

Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the city or town, each of which businesses shall
have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

(3) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation; and

(4) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed one hundred twenty months in length.

Notes:

Effective date--Contingency--1979 ex.s. c 239: "This 1979 act shall take effect on the same date as the proposed amendment to Article VIII of the state Constitution, authorizing the use of public moneys or credit to promote conservation or more efficient use of energy, is validly submitted and is approved and ratified by the voters at a general election held in November, 1979. If the proposed amendment is not so approved and ratified, this 1979 act shall be null and void in its entirety." RCW 35.92.370 Lease of real property under electrical transmission lines for private gardening purposes.
Applicable Cases

A city or town owning facilities for the purpose of furnishing the city or town and its inhabitants with electricity may lease for private gardening purposes the real property under its electrical transmission and distribution lines for a nominal rent to any person who has an income of less than ten thousand dollars per year.

RCW 35.92.380 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons.
Applicable Cases

Whenever a city or town waives or delays collection of tap-in charges, connection fees, or hookup fees for low income persons, or class of low income persons, to connect to lines or pipes used by the city or town to provide utility service, the waiver or delay shall be pursuant to a program established by ordinance. As used in this section, the provision of "utility service" includes, but is not limited to, water, sanitary or storm sewer service, electricity, gas, other means of power, and heat.

RCW 35.92.390 Municipal utilities encouraged to provide customers with landscaping
information and to request voluntary donations for urban forestry.

Applicable Cases

(1) Municipal utilities under this chapter are encouraged to provide information to their customers regarding landscaping that includes tree planting for energy conservation.

(2) Municipal utilities under this chapter are encouraged to request voluntary donations from their customers for the purposes of urban forestry. The request may be in the form of a check-off on the billing statement or other form of request for a voluntary donation.

[1993 c 204 § 2.]

Notes:

Findings--1993 c 204: "The legislature finds that large-scale reduction of tree cover increases the temperature of urban areas, known as the "heat island effect." Planting trees in urban areas for shading and cooling mitigates the urban heat island effect and reduces energy consumption. Tree planting also can benefit the environment by combating global climate change, reducing soil erosion, and improving air quality. Urban forestry programs can improve urban aesthetics that will improve public and private property values.

The legislature also finds that urban forestry programs should consider the relationship between urban forests and public service facilities such as water, sewer, natural gas, telephone, and electric power lines. Urban forestry programs should promote the use of appropriate tree species that will not interfere with or cause damage to such public service facilities." [1993 c 204 § 1.]

RCW 35.95.010 Declaration of intent and purpose.

Applicable Cases

We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the urban areas of the state of Washington, as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.

All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to
protect the health and welfare of the residents of such municipalities and the public in general.

We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this chapter is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used.

Applicable Cases
It is hereby found and declared that the conversion of overhead electric and
communication facilities to underground facilities is substantially beneficial to the public safety and welfare, is in the public interest and is a public purpose, notwithstanding any resulting incidental private benefit to any electric or communication utility affected by such conversion.

[1967 c 119 § 2.]

**RCW 35.96.020 Definitions.**

Applicable Cases

As used in this chapter, unless specifically defined otherwise, or unless the context indicates otherwise:

"Conversion area" means that area in which existing overhead electric and communication facilities are to be converted to underground facilities pursuant to the provisions of this chapter.

Applicable Cases

Every city or town shall have the power to convert existing overhead electric and communication facilities to underground facilities pursuant to RCW 35.43.190 where such facilities are owned or operated by the city or town. Where such facilities are not so owned or operated, every city or town shall have the power to contract with electric and communication utilities, as hereinafter provided, for the conversion of existing overhead electric and communication facilities to underground facilities. (1) Service from the underground facilities is available;

(2) All electric and communication service lines from the existing overhead facilities within the area to any structure or improvement must be disconnected and removed within ninety days after the date of the mailing of the notice;

(3) Should such owner fail to convert such service lines from overhead to underground within ninety days after the date of the mailing of the notice, the city or town will order the electric and communication utilities to disconnect and remove the service lines;

(4) Should the owner object to the disconnection and removal of the service lines he may file his written objections thereto with the city or town clerk within thirty days after the date of the mailing of the notice and failure to so object within such time will constitute a waiver of his right thereafter to object to such disconnection and removal.

If the owner of any structure or improvement served from the existing overhead electric and communication facilities within a conversion area shall fail to convert to underground the service lines from such overhead facilities to such structure or improvement within ninety days after the mailing to him of the notice, the city or town shall order the electric and communication utilities to disconnect and remove all such service lines: PROVIDED, That if the owner has filed his written objections to such disconnection and removal with the city or town clerk within thirty

benefit. The hearing shall be held at such time as the legislative authority of such city or town
may establish for hearings on the objections and shall be held in accordance with the regularly
established procedure set by the legislative authority of the city or town. If the hearing is before a
committee, the committee shall following the hearing report its recommendation to the

Notes:

RCW 35.97.030 Heating systems--General powers of municipalities.

Applicable Cases

A municipality may construct, purchase, acquire, add to, extend, maintain, and operate a system of heating facilities, within or without its limits, for the purpose of supplying its inhabitants and other persons with heat, with full power to regulate and control the use, distribution, and price of supplying heat, and to enter into agreements for the maintenance and operation of heating facilities under terms and conditions determined by the legislative authority
of the municipality. The provision of heat and heating facilities and the establishment and
operation of heating systems by a municipality under this chapter are hereby declared to be a
public use and a public and strictly municipal purpose. However, nothing in this chapter shall be

utility from establishing and operating heating systems.

[1983 c 216 § 3.]

**RCW 35.97.040 Heating systems—Specific powers of municipalities.**

Applicable Cases

In addition to the general powers under RCW 35.97.030, and not by way of limitation,
municipalities have the following specific powers:

(1) The usual powers of a corporation, to be exercised for public purposes;

(2) To acquire by purchase, gift, or condemnation property or interests in property within
and without the municipality, necessary for the construction and operation of heating systems,
including additions and extensions of heating systems. No municipality may acquire any heat
source by condemnation. To the extent judged economically feasible by the municipality, public
property and rights of way shall be utilized in lieu of private property acquired by condemnation.
The municipality shall determine in cooperation with existing users that addition of district
heating facilities to any public property or rights of way shall not be a hazard or interference with
existing uses or, if so, that the cost for any relocation of facilities of existing users shall be a cost
and expense of installing the heating facility;

(3) To acquire, install, add to, maintain, and operate heating facilities at a heat source or
to serve particular consumers of heat, whether such facilities are located on property owned by
the municipality, by the consumer of heat, or otherwise;

(4) To sell, lease, or otherwise dispose of heating facilities;

(5) To contract for the operation of heating facilities;

(6) To apply and qualify for and receive any private or federal grants, loans, or other
funds available for carrying out the objects of the municipality under this chapter;

(7) Full and exclusive authority to sell and regulate and control the use, distribution, rates,
service, charges, and price of all heat supplied by the municipality and to carry out any other
powers and duties under this chapter free from the jurisdiction and control of the utilities and
transportation commission;

(8) To utilize fuels other than the heat sources described in RCW 35.97.020 on a standby
basis, to meet start up and emergency requirements, to meet peak demands, or to supplement
those heat sources as necessary to provide a reliable and economically feasible supply of heat;

(9) To the extent permitted by the state Constitution, to make loans for the purpose of
enabling suppliers or consumers of heat to finance heating facilities;

(10) To enter into cooperative agreements providing for the acquisition, construction,
ownership, financing, use, control, and regulation of heating systems and heating facilities by
more than one municipality or by one or more municipalities on behalf of other municipalities.

[1983 c 216 § 4.]
RCW 35.97.050 Heating systems--Authorized by legislative authority of municipality--Competitive bidding.

Applicable Cases

If the legislative authority of a municipality deems it advisable that the municipality purchase, acquire, or construct a heating system, or make any additions or extensions to a heating system, the legislative authority shall so provide by an ordinance or a resolution specifying and adopting the system or plan proposed, declaring the estimated cost thereof, as near as may be, and specifying the method of financing and source of funds. Any construction, alteration, or improvement of a heating system by any municipality shall be in compliance with the appropriate competitive bidding requirements in Titles 35, 36, 53, 57, or 87 RCW.

RCW 35.97.060 Municipality may impose rates and charges--Classification of customers.

Applicable Cases

A municipality may impose rates, charges, or rentals for heat, service, and facilities provided to customers of the system if the rates charged are uniform for the same class of customers or service. In classifying customers served or service furnished, the legislative authority may consider: The difference in cost of service to the various customers; location of the various customers within or without the municipality; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the heat furnished; the time heat is used; the demand on the system; capital contributions made to the system including, but not limited to, assessments or the amount of capital facilities provided for use by the customer; and any other matters which present a reasonable difference as a ground for distinction.

[1983 c 216 § 6.]

RCW 35.97.070 Municipality may shut off heat for nonpayment--Late payment charges authorized.

Applicable Cases

If prompt payment of a heating rate, charge, or rental is not made, a municipality after reasonable notice may shut off the heating supply to the building, place, or premises to which the municipality supplied the heating. A municipality may also make an additional charge for late payment.

[1983 c 216 § 7.]

RCW 35.97.080 Connection charges authorized.

Applicable Cases
A municipality may charge property owners seeking to connect to the heating system, as a condition to granting the right to connect and in addition to the cost of the connection, such reasonable connection charge as the legislative authority determines to be proper in order that the property owners bear their pro rata share of the cost of the system. Potential customers shall not be compelled to subscribe or connect to the heating system. The cost of connection to the system shall include the cost of acquisition and installation of heating facilities necessary or useful for the connection, including any heating facilities located or installed on the property being served. Connection charges may, in the discretion of the municipality, be made payable in installments over a period of not more than thirty years or the estimated life of the facilities installed, whichever is less. Installments, if any, shall bear interest and penalties at such rates and be payable at such times and in such manner as the legislative authority of the municipality may provide.

[1983 c 216 § 8.]

RCW 35.97.090 Local improvement district--Assessments--Bonds and warrants.
Applicable Cases

For the purpose of paying all or a portion of the cost of heating facilities, a municipality may form local improvement districts or utility local improvement districts, foreclose on, levy, and collect assessments, reassessments, and supplemental assessments; and issue local improvement district bonds and warrants in the manner provided by law for cities or towns.

[1983 c 216 § 9.]

RCW 35.97.100 Special funds authorized.
Applicable Cases

For the purpose of providing funds for defraying all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers in RCW 35.97.030 and 35.97.040, a municipality may authorize, by ordinance or resolution, the creation of a special fund or funds into which the municipality shall be obligated to set aside and pay all or any designated proportion or amount of any or all revenues derived from the heating system, including any utility local improvement district assessments, any grants received to pay the cost of the heating system, and any municipal license fees specified in the ordinance or resolution creating such special fund.

[1983 c 216 § 10.]

RCW 35.97.110 Revenue bonds--Form, terms, etc.
Applicable Cases

If the legislative authority of a municipality deems it advisable to finance all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, and extension of a heating system, or for the implementation of the powers in RCW 35.97.030 and 35.97.040, or for working capital, interest
during construction and for a period of up to one year thereafter, debt service and other reserves, and the costs of issuing revenue obligations, a municipality may issue revenue bonds against the special fund or fund created from revenues or assessments. The revenue bonds so issued may be issued in one or more series and shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the legislative authority of the municipality, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the legislative authority of the municipality prior to the issuance of the bonds. The legislative authority of the municipality shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest. If an officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of the bonds, the signature shall for all purposes have the same effect as if the officer had remained in office until the delivery. The bonds may be issued in coupon or in registered form or both, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. Bonds may be sold at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the legislative authority of the municipality.

The principal of and interest on any revenue bonds shall be secured by a pledge of the revenues and receipts derived from the heating system, including any amounts pledged to be paid into a special fund under RCW 35.97.100, and may be secured by a mortgage covering all or any part of the system, including any enlargements of and additions to such system thereafter made. The revenue bonds shall state upon their face that they are payable from a special fund, naming it and the ordinance creating it, and that they do not constitute a general indebtedness of the municipality. The ordinance or resolution under which the bonds are authorized to be issued and any such mortgage may contain agreements and provisions respecting the maintenance of the system, the fixing and collection of rates and charges, the creation and maintenance of special funds from such revenues, the rights and remedies available in the event of default, and other matters improving the marketability of the revenue bonds, all as the legislative authority of the municipality deems advisable. Any revenue bonds issued under this chapter may be secured by a trust agreement by and between the municipality and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the state. Any such trust agreement or ordinance or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and proper and not in violation of law. Any such trust agreement may set forth the rights and remedies of the bond owners and of the trustee and may restrict the individual right of action by bond owners as is customary in trust agreements or trust indentures.

[1983 c 216 § 11.]

**RCW 35.97.120 Revenue warrants.**

Applicable Cases
Revenue warrants may be issued and such warrants and interest thereon may be payable out of the special fund or refunded through the proceeds of the sale of refunding revenue warrants or revenue bonds. Every revenue warrant and the interest thereon issued against the special fund is a valid claim of the owner thereof only as against that fund and the amount of revenue pledged to the fund, and does not constitute an indebtedness of the authorized municipality. Every revenue warrant shall state on its face that it is payable from a special fund, naming it and the ordinance or resolution creating it.

[1983 c 216 § 12.]

**RCW 35.97.130 Revenue bonds and warrants--Holder may enforce.**

Applicable Cases

If a municipality fails to set aside and pay into the special fund created for the payment of revenue bonds and warrants the amount which it has obligated itself in the ordinance or resolution creating the fund to set aside and pay therein, the holder of any bond or warrant issued against the bond may bring suit against the municipality to compel it to do so.
