82.45.900  Chapter 82.46 RCW ordinances in effect on July 1, 1993--Application under chapter 82.45 RCW.

Notes:

Savings--Audits, assessments, and refunds--Disposition of certain funds--1982 c 176; 1980 c 154:
"Chapter 154, Laws of 1980 shall not be construed as invalidating, abating, or otherwise affecting any existing right acquired or any liability or obligation incurred under the provisions of the statutes amended or repealed, nor any process, proceeding, or judgment involving the assessment of any property or the levy or collection of any tax thereunder, nor the validity of any certificate of delinquency, tax deed or other instrument of sale or other proceeding
thereunder, nor any criminal or civil proceeding instituted thereunder, nor any rule, regulation or order promulgated thereunder, nor any administrative action taken thereunder: PROVIDED, That the department of revenue may conduct audits, make assessments, and grant refunds under RCW 82.45.100 and 82.45.150 with respect to any sale. Funds received by the county treasurer as payment of a tax liability incurred under a statute repealed by chapter 154, Laws of 1980 shall be paid and accounted for as provided in RCW 82.45.180." [1982 c 176 § 3; 1980 c 154 § 15.]

Purpose--1980 c 154: "It is the intent of this 1980 act to simplify the bookkeeping procedures for the state treasurer's office and for the school districts but not to impact the amount of revenues covered by this 1980 act to the various counties and other taxing districts." [1980 c 154 § 16.]

Effective dates--1980 c 154: "Sections 17, 18, and 19 of this act are necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately. The remainder of this act shall take effect on September 1, 1981." [1980 c 154 § 20.] Sections 17, 18, and 19, respectively, of 1980 c 154 are amendments of RCW 28A.47.073 and 28A.47.801 and an appropriation section, which being of a temporary nature, is not codified; for RCW disposition of remaining sections see below.

Severability--1980 c 154: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1980 c 154 § 21.]

RCW 82.45.010 "Sale" defined.
Applicable Cases
(1) As used in this chapter, the term "sale" shall have its ordinary meaning and shall include any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration. For purposes of this subsection, all acquisitions of persons acting in concert shall be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department of revenue shall adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department shall consider the following:
   (a) Persons shall be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and
   (b) When persons are not commonly owned or controlled, they shall be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the
acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions shall be considered separate acquisitions.

(3) The term "sale" shall not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer of any leasehold interest other than of the type mentioned above.

(c) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(d) The partition of property by tenants in common by agreement or as the result of a court decree.

(e) The assignment of property or interest in property from one spouse to the other in accordance with the terms of a decree of divorce or in fulfillment of a property settlement agreement.

(f) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(g) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(h) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(i) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.

(j) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(k) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.

(l) The sale of any grave or lot in an established cemetery.

(m) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(n) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or children: PROVIDED, That if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse, or children voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (1) the transferor and/or the transferor's spouse or children, (2) a trust having the transferor and/or the transferor's spouse or children as the only beneficiaries at the time of the transfer to the trust, or (3) a corporation or partnership wholly
owned by the original transferor and/or the transferor's spouse or children, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes shall become due and payable on the original transfer as otherwise provided by law.

(o)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not limited to nonrecognition of gain or loss because of application of section 332, 337, 351, 368(a)(1), 721, or 731 of the Internal Revenue Code of 1986, as amended.

(ii) However, the transfer described in (o)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (o)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(o)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(o)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

Notes:

Intent--1999 c 209: "In chapter 25, Laws of 1993 sp. sess., the legislature found that transfer of ownership of entities can be equivalent to the sale of real property held by the entity. The legislature further found that all transfers of possession or use of real property should be subject to the same excise tax burdens. The legislature intended to apply the real estate excise tax of chapter 82.45 RCW to transfers of entity ownership when the transfer of entity ownership is comparable to the sale of real property. The legislature intends to equate the excise tax burdens on all sales of real property and transfers of entity ownership essentially equivalent to a sale of real property under chapter 82.45 RCW." [1999 c 209 § 1.]

Findings--Intent--1993 sp.s. c 25: "(1) The legislature finds that transfers of ownership of entities may be essentially equivalent to the sale of real property held by the entity. The legislature further finds that all transfers of possession or use of real property should be subject to the same excise tax burdens. RCW 82.45.020 "Seller" defined.

Applicable Cases

As used in this chapter the term "seller," unless otherwise indicated by the context, shall mean any individual, receiver, assignee, trustee in bankruptcy, trust, estate, firm, copartnership, joint venture, club, company, joint stock company, business trust, municipal corporation, quasi municipal corporation, corporation, association, society, or any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit or otherwise; but it shall not include the United States or the state of Washington.

RCW 82.45.030 "Selling price," "total consideration paid or contracted to be paid," defined.

Applicable Cases

(1) As used in this chapter, the term "selling price" means the true and fair value of the property conveyed. If property has been conveyed in an arm's length transaction between unrelated persons for a valuable consideration, a rebuttable presumption exists that the selling price is equal to the total consideration paid or contracted to be paid to the transferor, or to another for the transferor's benefit.

(2) If the sale is a transfer of a controlling interest in an entity with an interest in real property located in this state, the selling price shall be the true and fair value of the real property owned by the entity and located in this state. If the true and fair value of the real property located in this state cannot reasonably be determined, the selling price shall be determined according to subsection (4) of this section.

(3) As used in this section, "total consideration paid or contracted to be paid" includes money or anything of value, paid or delivered or contracted to be paid or delivered in return for the sale, and shall include the amount of any lien, mortgage, contract indebtedness, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.

Total consideration shall not include the amount of any outstanding lien or incumbrance in favor of the United States, the state, or a municipal corporation for taxes, special benefits, or improvements.
(4) If the total consideration for the sale cannot be ascertained or the true and fair value of
the property to be valued at the time of the sale cannot reasonably be determined, the market
value assessment for the property maintained on the county property tax rolls at the time of the
sale shall be used as the selling price.

which itself owns land or anything affixed to land. The term includes used mobile homes, used
floating homes, and improvements constructed upon leased land.

(2) "Used mobile home" means a mobile home which has been previously sold at retail
and has been subjected to tax under chapter 82.08 RCW, or which has been previously used and
has been subjected to tax under chapter 82.12 RCW, and which has substantially lost its identity
as a mobile unit at the time of sale by virtue of its being fixed in location upon land owned or
leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed
pipe connections with sewer, water, and other utilities.

(3) "Mobile home" means a mobile home as defined by RCW 46.04.302, as now or

means or for propulsion by means of wind, and which is on the property tax rolls of the county in
which it is located.

RCW 82.45.035 Determining selling price of leases with option to purchase--Mining property--Payment, security when selling price not separately stated.

Applicable Cases

The state department of revenue shall provide by rule for the determination of the selling price in the case of leases with option to purchase, and shall further provide that the tax shall not be payable, where inequity will otherwise result, until and unless the option is exercised and accepted. A conditional sale of mining property in which the buyer has the right to terminate the contract at any time, and a lease and option to buy mining property in which the lessee-buyer has the right to terminate the lease and option at any time, shall be taxable at the time of execution only on the consideration received by the seller or lessor for execution of such contract, but the rule shall further provide that the tax due on any additional consideration paid by the buyer and received by the seller shall be paid to the county treasurer (1) at the time of termination, or (2) at the time that all of the consideration due to the seller has been paid and the transaction is completed except for the delivery of the deed to the buyer, or (3) at the time when the buyer unequivocally exercises an option to purchase the property, whichever of the three events occurs first.

The term "mining property" means property containing or believed to contain metallic minerals and sold or leased under terms which require the purchaser or lessor to conduct exploration or mining work thereon and for no other use. The term "metallic minerals" does not include clays, coal, sand and gravel, peat, gypsite, or stone, including limestone.

The state department of revenue shall further provide by rule for cases where the selling price is not separately stated or is not ascertainable at the time of sale, for the payment of the tax at a time when the selling price is ascertained, in which case suitable security may be required for payment of the tax, and may further provide for the determination of the selling price by an appraisal by the county assessor, based on the full and true market value, which appraisal shall be prima facie evidence of the selling price of the real property.

beneficial interest.
Applicable Cases

(1) Except for a sale of a beneficial interest in real property where no instrument evidencing the sale is recorded in the official real property records of the county in which the property is located, the tax imposed by this chapter shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. In collecting the tax the treasurer shall act as agent for the state. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. A receipt issued by the county treasurer for the payment of the tax imposed under this chapter shall be evidence of the satisfaction of the lien imposed hereunder and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax shall be accepted by the county auditor for filing or recording until the tax shall have been paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer.

(2) For a sale of a beneficial interest in real property where a tax is due under this chapter and where no instrument is recorded in the official real property records of the county in which the property is located, the sale shall be reported to the department of revenue within five days from the date of the sale on such returns or forms and according to such procedures as the department may prescribe. Such forms or returns shall be signed by both the transferor and the transferee and shall be accompanied by payment of the tax due. Any person who intentionally makes a false statement on any return or form required to be filed with the department under this chapter shall be guilty of perjury.

RCW 82.45.100 Tax payable at time of sale--Interest, penalties on unpaid or delinquent taxes--Notice--Prohibition on certain assessments or refunds--Deposit of penalties.
Applicable Cases

(1) Payment of the tax imposed under this chapter is due and payable immediately at the time of sale, and if not paid within one month thereafter shall bear interest from the time of sale until the date of payment.
(a) Interest imposed before January 1, 1999, shall be computed at the rate of one percent per month.

(b) Interest imposed after December 31, 1998, shall be computed on a monthly basis at the rate as computed under RCW 82.32.050(2). The rate so computed shall be adjusted on the first day of January of each year for use in computing interest for that calendar year. The department of revenue shall provide written notification to the county treasurers of the variable rate on or before December 1 of the year preceding the calendar year in which the rate applies.

(2) In addition to the interest described in subsection (1) of this section, if the payment of any tax is not received by the county treasurer or the department of revenue, as the case may be, within one month of the date due, there shall be assessed a penalty of five percent of the amount of the tax; if the tax is not received within two months of the date due, there shall be assessed a total penalty of ten percent of the amount of the tax; and if the tax is not received within three months of the date due, there shall be assessed a total penalty of twenty percent of the amount of the tax. The payment of the penalty described in this subsection shall be collectible from the seller only, and RCW 82.45.070 does not apply to the penalties described in this subsection.

(3) If the tax imposed under this chapter is not received by the due date, the transferee shall be personally liable for the tax, along with any interest as provided in subsection (1) of this section, unless:

(a) An instrument evidencing the sale is recorded in the official real property records of the county in which the property conveyed is located; or

(b) Either the transferor or transferee notifies the department of revenue in writing of the occurrence of the sale within thirty days following the date of the sale.

(4) If upon examination of any affidavits or from other information obtained by the department or its agents it appears that all or a portion of the tax is unpaid, the department shall assess against the taxpayer the additional amount found to be due plus interest and penalties as provided in subsections (1) and (2) of this section. The department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within thirty days from the date of the notice, or within such further time as the department may provide.

(5) No assessment or refund may be made by the department more than four years after the date of sale except upon a showing of:

(a) Fraud or misrepresentation of a material fact by the taxpayer;

(b) A failure by the taxpayer to record documentation of a sale or otherwise report the sale to the county treasurer; or

(c) A failure of the transferor or transferee to report the sale under RCW 82.45.090(2).

(6) Penalties collected on taxes due under this chapter under subsection (2) of this section and RCW 82.32.090 (2) through (6) shall be deposited in the housing trust fund as described in chapter 43.185 RCW.

However, revenues (a) pledged by such counties and cities to debt retirement prior to April 30, 1992, may continue to be used for that purpose until the original debt for which the revenues were pledged is retired, or (b) committed prior to April 30, 1992, by such counties or cities to a project may continue to be used for that purpose until the project is completed.

(3) In lieu of imposing the tax authorized in RCW 82.14.030(2), the legislative authority of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(4) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

Notes:

Legislative declaration--1994 c 272: "The legislature declares that, in section 13, chapter 49, Laws of 1982 1st ex. sess., effective July 1, 1982, its original intent in limiting the use of the proceeds of the tax authorized in RCW 82.46.010(2) to "local capital improvements" was to include in such expenditures the acquisition of real and personal property associated with such local capital improvements. RCW 82.46.021 Imposition or alteration of additional tax--Referendum petition to repeal--Procedure--Exclusive method.

Applicable Cases

Any referendum petition to repeal a county or city ordinance imposing a tax or altering the rate of the tax authorized under *RCW 82.46.010(2) shall be filed with a filing officer, as identified in the ordinance, within seven days of passage of the ordinance. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in the tax or tax rate increase being imposed and a negative answer to the question and a negative vote on the measure results in the tax or tax rate increase not being imposed. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than fifteen percent of the registered voters of the county for county measures, or not less than fifteen percent of the registered voters of the city for city measures, and to file the signed petitions with the filing officer. Each petition form shall contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the referendum measure to the county or city voters at a general or special election held on one of the dates provided in RCW 29.13.010 as determined by the county legislative authority or city council, which election shall not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

After April 22, 1983, the referendum procedure provided for in this section shall be the exclusive method for subjecting any county or city ordinance imposing a tax or increasing the rate under *RCW 82.46.010(2) to a referendum vote.

Any county or city tax authorized under *RCW 82.46.010(2) that has been imposed prior to April 22, 1983, is not subject to the referendum procedure provided for in this section.

Applicable Cases

(1) An annual excise tax is hereby imposed for the privilege of using any aircraft in the state. A current certificate of air worthiness with a current inspection date from the appropriate federal agency and/or the purchase of aviation fuel shall constitute the necessary evidence of aircraft use or intended use. The tax shall be collected annually or under a staggered collection schedule as required by the secretary by rule. No additional tax shall be imposed under this chapter upon any aircraft upon the transfer of ownership thereof, if the tax imposed by this chapter with respect to such aircraft has already been paid for the year in which transfer of ownership occurs. A violation of this subsection is a misdemeanor punishable as provided under chapter 9A.20 RCW.

(2)(a) Persons who are required to register aircraft under chapter 47.68 RCW and who register aircraft in another state or foreign country and avoid the Washington aircraft taxes, violate this section and are liable for a monetary penalty of not less than one thousand dollars but not more than ten thousand dollars for each violation.

(b) The penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the state patrol describing the violation and advising the person that the penalty is due. The state patrol may, upon written application for review, received within fifteen days, remit or mitigate a penalty provided for in this section or discontinue an action to recover the penalty upon such terms it deems proper and may ascertain the facts in a manner and under rules it deems proper. If the amount of the penalty is not paid to the state patrol within fifteen days after receipt of the notice imposing the penalty, or application for remission or mitigation has not been made within fifteen days after the violator has received notice of the disposition of the application, the attorney general shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any other county in which the violator resides or does business, to recover the penalty, administrative fees, and attorneys’ fees. In all such actions, the procedure and rules of evidence are the same as an ordinary civil action except as otherwise provided in this chapter. All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund for the license fraud task force.

(3) The department of revenue may assess and collect the unpaid excise tax under chapter 82.32 RCW, including the penalties and interest provided in chapter 82.32 RCW.

RCW 82.49.040 Depreciation schedule for use in determining fair market value.

Applicable Cases
The department of revenue shall prepare at least once each year a depreciation schedule for use in the determination of fair market value for the purposes of this chapter. The schedule shall be based upon information available to the department of revenue pertaining to the current fair market value of vessels. The fair market value of a vessel for the purposes of this chapter shall be based on the most recent purchase price depreciated according to the year of the most recent purchase of the vessel. The most recent purchase price is the consideration, whether money, credit, rights, or other property expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the vessel.

RCW 82.49.050 Appraisal of vessel by department of revenue.

Applicable Cases
(1) If a vessel has been acquired by lease or gift, or the most recent purchase price of a vessel is not known to the owner, the department of revenue shall appraise the vessel before registration.

(2) If after registration the department of revenue determines that the purchase price stated by the owner is not a reasonable representation of the true fair market value of a vessel at the time of purchase, the department of revenue shall appraise the vessel.

(3) If a vessel is homemade, the owner shall make a notarized declaration of fair market value. The fair market value of the vessel for the purposes of this chapter shall be the declared value, unless after registration the department of revenue determines that the declared value is not a reasonable representation of the true fair market value of the vessel in which case the
Revised Code of Washington, 1999

department of revenue shall appraise the vessel.

(4) If the department of revenue appraises a vessel, the fair market value of the vessel for the purposes of this chapter shall be the appraised value. If the vessel has been registered before appraisal, the department of revenue shall refund any overpayment of tax to the owner or notify the owner of any additional tax due. The owner shall pay any additional tax due within thirty days after notification by the department.

(2) Any vessel owner having received a notice of denial of a petition or a notice of determination made for the owner's vessel under RCW 82.32.160 or 82.32.170 may appeal to the board of tax appeals as provided under RCW 82.03.190. In deciding a case appealed under this section, the board of tax appeals may require an independent appraisal of the vessel. The cost of the independent appraisal shall be apportioned between the department and the vessel owner as provided by the board.

[1993 c 33 § 1; 1983 c 7 § 13.]

Notes:

Effective date--1993 c 33: "This act shall take effect January 1, 1994." [1993 c 33 § 8.]

RCW 82.49.065 Refunds, collections of erroneous amounts--Claims--Penalty for false statement.

Applicable Cases

Whenever any person has paid a vessel license fee, and with the fee has paid an excise tax imposed under this chapter, and the director of licensing determines that the payor is entitled to a refund of the entire amount of the license fee as provided by law, then the payor shall also be entitled to a refund of the entire excise tax collected under this chapter together with interest at the rate specified in RCW 82.32.060. If the director determines that any person is entitled to a refund of only a part of the license fee paid, the payor shall be entitled to a refund of the difference, if any, between the excise tax collected and that which should have been collected together with interest at the rate specified in RCW 82.32.060. The state treasurer shall determine the amount of such refund by reference to the applicable excise tax schedule prepared by the department of revenue in cooperation with the department of licensing.

If no claim is to be made for the refund of the license fee, or any part of the fee, but claim is made by any person that he or she has paid an erroneously excessive amount of excise tax, the department of licensing shall determine in the manner generally provided in this chapter the amount of such excess, if any, that has been paid and shall certify to the state treasurer that the
person is entitled to a refund in that amount together with interest at the rate specified in RCW 82.32.060.

If due to error a person has been required to pay an excise tax pursuant to this chapter and a license fee under chapter 88.02 RCW which amounts to an overpayment of ten dollars or more, such person shall be entitled to a refund of the entire amount of such overpayment, together with interest at the rate specified in RCW 82.32.060, regardless of whether a refund of the overpayment has been requested. If due to error the department or its agents has failed to collect the full amount of the license fee and excise tax due, which underpayment in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax and any penalties or interest at the rate specified in RCW 82.32.050.

If the department approves the claim, it shall notify the state treasurer to that effect and the treasurer shall make such approved refunds and the other refunds provided for in this section from the general fund and shall mail or deliver the same to the person entitled to the refund.

Any person who makes a false statement under which he or she obtains a refund to which he or she is not entitled under this section is guilty of a gross misdemeanor.

RCW 82.50.425 Valuation of travel trailers and campers.

Applicable Cases

For the purpose of determining the tax under this chapter, the value of a travel trailer or camper is the manufacturer’s base suggested retail price of the travel trailer or camper when first offered for sale as new, excluding any optional equipment, applicable federal excise taxes, state and local sales or use taxes, transportation or shipping costs, or preparatory or delivery costs, multiplied by the applicable percentage listed in this section based on the year of service.

If the manufacturer’s base suggested retail price is unavailable or otherwise unascertainable at the time of initial registration in this state, the department shall determine a value equivalent to a manufacturer’s base suggested retail price as follows:

(1) The department shall determine a value using any information that may be available, including any guidebook, report, or compendium of recognized standing in the automotive industry or the selling price and year of sale of the travel trailer or camper. The department may use an appraisal by the county assessor. In valuing a travel trailer or camper for which the current value or selling price is not indicative of the value of similar travel trailers or campers of the same year and model, the department shall establish a value that more closely represents the average value of similar travel trailers or campers of the same year and model. If the travel trailer or camper is home-built, the value shall not be less than the cost of construction.

(2) The value determined in subsection (1) of this section shall be divided by the applicable percentage listed in this section to establish a value equivalent to a manufacturer’s base suggested retail price. The applicable percentage shall be based on the year of service of the travel trailer or camper for which the value is determined.

MULTISTATE TAX COMPACT
Article I. Purposes.

The purposes of this compact are to:
1. Facilitate proper determination of state and local tax liability of multistate taxpayers, including the equitable apportionment of tax bases and settlement of apportionment disputes.
2. Promote uniformity or compatibility in significant components of tax systems.
3. Facilitate taxpayer convenience and compliance in the filing of tax returns and in other phases of tax administration.
4. Avoid duplicative taxation.

Article II. Definitions.

As used in this compact:
1. "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States.
2. "Subdivision" means any governmental unit or special district of a state.
3. "Taxpayer" means any corporation, partnership, firm, association, governmental unit or agency or person acting as a business entity in more than one state.
4. "Income tax" means a tax imposed on or measured by net income including any tax imposed on or measured by an amount arrived at by deducting expenses from gross income, one or more forms of which expenses are not specifically and directly related to particular transactions.
5. "Capital stock tax" means a tax measured in any way by the capital of a corporation considered in its entirety.
6. "Gross receipts tax" means a tax, other than a sales tax, which is imposed on or measured by the gross volume of business, in terms of gross receipts or in other terms, and in the
determination of which no deduction is allowed which would constitute the tax an income tax.

7. "Sales tax" means a tax imposed with respect to the transfer for a consideration of ownership, possession or custody of tangible personal property or the rendering of services measured by the price of the tangible personal property transferred or services rendered and which is required by state or local law to be separately stated from the sales price by the seller, or which is customarily separately stated from the sales price, but does not include a tax imposed exclusively on the sale of a specifically identified commodity or article or class of commodities or articles.

8. "Use tax" means a nonrecurring tax, other than a sales tax, which (a) is imposed on or with respect to the exercise or enjoyment of any right or power over tangible personal property incident to the ownership, possession or custody of that property or the leasing of that property from another including any consumption, keeping, retention, or other use of tangible personal property and (b) is complementary to a sales tax.

9. Article III. Elements of Income Tax Laws.

Taxpayer Option, State and Local Taxes.

1. Any taxpayer subject to an income tax whose income is subject to apportionment and allocation for tax purposes pursuant to the laws of a party state or pursuant to the laws of subdivisions in two or more party states may elect to apportion and allocate his income in the manner provided by the laws of such state or by the laws of such states and subdivisions without reference to this compact, or may elect to apportion and allocate in accordance with Article IV. This election for any tax year may be made in all party states or subdivisions thereof or in any one or more of the party states or subdivisions thereof without reference to the election made in the others. For the purposes of this paragraph, taxes imposed by subdivisions shall be considered separately from state taxes and the apportionment and allocation also may be applied to the entire tax base. In no instance wherein Article IV is employed for all subdivisions of a state may the sum of all apportionments and allocations to subdivisions within a state be greater than the apportionment and allocation that would be assignable to that state if the apportionment or allocation were being made with respect to a state income tax.

Taxpayer Option, Short Form.

2. Each party state or any subdivision thereof which imposes an income tax shall provide by law that any taxpayer required to file a return, whose only activities within the taxing jurisdiction consist of sales and do not include owning or renting real estate or tangible personal property, and whose dollar volume of gross sales made during the tax year within the state or
subdivision, as the case may be, is not in excess of $100,000 may elect to report and pay any tax due on the basis of a percentage of such volume, and shall adopt rates which shall produce a tax which reasonably approximates the tax otherwise due. The multistate tax commission, not more than once in five years, may adjust the $100,000 figure in order to reflect such changes as may occur in the real value of the dollar, and such adjusted figure, upon adoption by the commission, shall replace the $100,000 figure specifically provided herein. Each party state and subdivision thereof may make the same election available to taxpayers additional to those specified in this paragraph.

Coverage.

3. Nothing in this article relates to the reporting or payment of any tax other than an income tax.

Article IV. Division of Income.

1. As used in this article, unless the context otherwise requires:
   (a) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations.
   (b) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.
   (c) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.
   (d) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company.
   (e) "Nonbusiness income" means all income other than business income.
   (f) "Public utility" means any business entity (1) which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipe line, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and (2) whose rates of charges for goods or services have been established or approved by a federal, state or local government or governmental agency.
   (g) "Sales" means all gross receipts of the taxpayer not allocated under paragraphs of this article.
   (h) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.
(i) "This state" means the state in which the relevant tax return is filed or, in the case of application of this article to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing district in which the relevant tax return is filed.

2. Any taxpayer having income from business activity which is taxable both within and without this state, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of his income from activities subject to this article, the taxpayer may elect to allocate and apportion his entire net income as provided in this article.

3. For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in another state if (1) in that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or (2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

4. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in paragraphs 5 through 8 of this article.

5.(a) Net rents and royalties from real property located in this state are allocable to this state.

(b) Net rents and royalties from tangible personal property are allocable to this state: (1) If and to the extent that the property is utilized in this state, or (2) in their entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(c) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

6.(a) Capital gains and losses from sales of real property located in this state are allocable to this state.

(b) Capital gains and losses from sales of tangible personal property are allocable to this state if (1) the property had a situs in this state at the time of the sale, or (2) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(c) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

7. Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.
8. (a) Patent and copyright royalties are allocable to this state: (1) If and to the extent that the patent or copyright is utilized by the payer in this state, or (2) if and to the extent that the patent copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(b) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

9. All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

12. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

14. Compensation is paid in this state if:
   (a) The individual's service is performed entirely within the state;
   (b) The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or
   (c) Some of the service is performed in the state and (1) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or (2) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

15. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer
in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

16. Sales of tangible personal property are in this state if:
   (a) The property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or
   (b) The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and (1) the purchaser is the United States government or (2) the taxpayer is not taxable in the state of the purchaser.

17. Sales, other than sales of tangible personal property, are in this state if:
   (a) The income-producing activity is performed in this state; or
   (b) The income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

18. If the allocation and apportionment provisions of this article do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:
   (a) Separate accounting;
   (b) The exclusion of any one or more of the factors;
   (c) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or
   (d) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

Article V. Elements of Sales and Use Tax Laws.

Tax Credit.

1. Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by him with respect to the same property to another state and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the state, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

Exemption Certificates, Vendors May Rely.

2. Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other written evidence of exemption authorized by the appropriate state or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

Article VI. The Commission.
Organization and Management.

1. (a) The multistate tax commission is hereby established. It shall be composed of one "member" from each party state who shall be the head of the state agency charged with the administration of the types of taxes to which this compact applies. If there is more than one such agency the state shall provide by law for the selection of the commission member from the heads of the relevant agencies. State law may provide that a member of the commission be represented by an alternate but only if there is on file with the commission written notification of the designation and identity of the alternate. The attorney general of each party state or his designee, or other counsel if the laws of the party state specifically provide, shall be entitled to attend the meetings of the commission, but shall not vote. Such attorneys general, designees, or other counsel shall receive all notices of meetings required under paragraph 1(e) of this article.

   (b) Each party state shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the commission member from that state.

   (c) Each member shall be entitled to one vote. The commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

   (d) The commission shall adopt an official seal to be used as it may provide.

   (e) The commission shall hold an annual meeting and such other regular meetings as its bylaws may provide and such special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

   (f) The commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and it shall fix his duties and compensation. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

   (g) Irrespective of the civil service, personnel or other merit system laws of any party state, the executive director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the commission and shall fix their duties and compensation. The commission bylaws shall provide for personnel policies and programs.

   (h) The commission may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental entity.

   (i) The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

   (j) The commission may establish one or more offices for the transacting of its business.
(k) The commission shall adopt bylaws for the conduct of its business. The commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the party states.

(l) The commission annually shall make to the governor and legislature of each party state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission, and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

Committees.

2. (a) To assist in the conduct of its business when the full commission is not meeting, the commission shall have an executive committee of seven members, including the chairman, vice chairman, treasurer and four other members elected annually by the commission. The executive committee, subject to the provisions of this compact and consistent with the policies of the commission, shall function as provided in the bylaws of the commission.

(b) The commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the commission, including problems of special interest to any party state and problems dealing with particular types of taxes.

(c) The commission may establish such additional committees as its bylaws may provide.

Powers.

3. In addition to powers conferred elsewhere in this compact, the commission shall have power to:

(a) Study state and local tax systems and particular types of state and local taxes.

(b) Develop and recommend proposals for an increase in uniformity or compatibility of state and local tax laws with a view toward encouraging the simplification and improvement of state and local tax law and administration.

(c) Compile and publish information as in its judgment would assist the party states in implementation of the compact and taxpayers in complying with state and local tax laws.

(d) Do all things necessary and incidental to the administration of its functions pursuant to this compact.

Finance.

4. (a) The commission shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that state for presentation to the legislature thereof.
(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget shall be apportioned among the party states as follows: one-tenth in equal shares; and the remainder in proportion to the amount of revenue collected by each party state and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this paragraph.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under paragraph (1)(i) of this article: PROVIDED, That the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under paragraph 1(i), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained in this article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VII. Uniform Regulations and Forms.

1. Whenever any two or more party states, or subdivisions of party states, have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax, or prescribing uniform tax forms. The commission may also act with respect to the provisions of Article IV of this compact.

2. Prior to the adoption of any regulation, the commission shall:

(a) As provided in its bylaws, hold at least one public hearing on due notice to all affected party states and subdivisions thereof and to all taxpayers and other persons who have made timely request of the commission for advance notice of its regulation-making proceedings.

(b) Afford all affected party states and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the commission.

3. The commission shall submit any regulations adopted by it to the appropriate officials
of all party states and subdivisions to which they might apply. Each such state and subdivision shall consider any such regulation for adoption in accordance with its own laws and procedures.

Article VIII. Interstate Audits.

1. This article shall be in force only in those party states that specifically provide therefor by statute.

2. Any party state or subdivision thereof desiring to make or participate in an audit of any accounts, books, papers, records or other documents may request the commission to perform the audit on its behalf. In responding to the request, the commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The commission may enter into agreements with party states or their subdivisions for assistance in performance of the audit. The commission shall make charges, to be paid by the state or local government or governments for which it performs the service, for any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

3. The commission may require the attendance of any person within the state where it is conducting an audit or part thereof at a time and place fixed by it within such state for the purpose of giving testimony with respect to any account, book, paper, document, other record, property or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, he may be required to attend for such purpose at any time and place fixed by the commission within the state of which he is a resident: PROVIDED, That such state has adopted this article.

4. The commission may apply to any court having power to issue compulsory process for orders in aid of its powers and responsibilities pursuant to this article and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the state or subdivision on behalf of which the audit is being made or a court in the state in which the object of the order being sought is situated. The provisions of this paragraph apply only to courts in a state that has adopted this article.

5. The commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable of satisfactory performance. If the commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party states or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the commission.

6. Information obtained by any audit pursuant to this article shall be confidential and available only for tax purposes to party states, their subdivisions or the United States. Availability of information shall be in accordance with the laws of the states or subdivisions on
whose account the commission performs the audit, and only through the appropriate agencies or officers of such states or subdivisions. Nothing in this article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

7. Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party states or any of their subdivisions are not superseded or invalidated by this article.

8. In no event shall the commission make any charge against a taxpayer for an audit.

9. As used in this article, "tax," in addition to the meaning ascribed to it in Article II, means any tax or license fee imposed in whole or in part for revenue purposes.

Article IX. Arbitration.

1. Whenever the commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this article in effect, notwithstanding the provisions of Article VII.

2. The commission shall select and maintain an arbitration panel composed of officers and employees of state and local governments and private persons who shall be knowledgeable and experienced in matters of tax law and administration.

3. Whenever a taxpayer who has elected to employ Article IV, or whenever the laws of the party state or subdivision thereof are substantially identical with the relevant provisions of Article IV, the taxpayer, by written notice to the commission and to each party state or subdivision thereof that would be affected, may secure arbitration of an apportionment or allocation, if he is dissatisfied with the final administrative determination of the tax agency of the state or subdivision with respect thereto on the ground that it would subject him to double or multiple taxation by two or more party states or subdivisions thereof. Each party state and subdivision thereof hereby consents to the arbitration as provided herein, and agrees to be bound thereby.

4. The arbitration board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the commission's arbitration panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the arbitration panel. The two persons selected for the board in the manner provided by the foregoing provisions of this paragraph shall jointly select the third member of the board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the arbitration panel. No member of a board selected by lot shall be qualified to serve if he is an officer or employee or is otherwise affiliated with any party to the arbitration proceeding. Residence within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this paragraph.

5. The board may sit in any state or subdivision party to the proceeding, in the state of the taxpayer's incorporation, residence or domicile, in any state where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.
6. The board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The board shall act by majority vote.

7. The board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the board. In case of failure to obey a subpoena, and upon application by the board, any judge of a court of competent jurisdiction of the state in which the board is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt. The provisions of this paragraph apply only in states that have adopted this article.

8. Unless the parties otherwise agree the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the board in such manner as it may determine. The commission shall fix a schedule of compensation for members of arbitration boards and of other allowable expenses and costs. No officer or employee of a state or local government who serves as a member of a board shall be entitled to compensation therefor unless he is required on account of his service to forego the regular compensation attaching to his public employment, but any such board member shall be entitled to expenses.

9. The board shall determine the disputed apportionment or allocation and any matters necessary thereto. The determinations of the board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

10. The board shall file with the commission and with each tax agency represented in the proceeding: the determination of the board; the board's written statement of its reasons therefor; the record of the board's proceedings; and any other documents required by the arbitration rules of the commission to be filed.

11. The commission shall publish the determinations of boards together with the statements of the reasons therefor.

12. The commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party states.

13. Nothing contained herein shall prevent at any time a written compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceeding.

Article X. Entry into Force and Withdrawal.

1. This compact shall enter into force when enacted into law by any seven states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof. The commission shall arrange for notification of all party states whenever there is a new enactment of the compact.

2. Any party state may withdraw from this compact by enacting a statute repealing the
same. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

3. No proceeding commenced before an arbitration board prior to the withdrawal of a state and to which the withdrawing state or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

Article XI. Effect on Other Laws and Jurisdiction.

Nothing in this compact shall be construed to:
(a) Affect the power of any state or subdivision thereof to fix rates of taxation, except that a party state shall be obligated to implement Article III 2 of this compact.
(b) Apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor fuel, other than a sales tax: PROVIDED, That the definition of "tax" in Article VIII 9 may apply for the purposes of that article and the commission's powers of study and recommendation pursuant to Article VI 3 may apply.
(c) Withdraw or limit the jurisdiction of any state or local court or administrative officer or body with respect to any person, corporation or other entity or subject matter, except to the extent that such jurisdiction is expressly conferred by or pursuant to this compact upon another agency or body.
(d) Supersede or limit the jurisdiction of any court of the United States.

Article XII. Construction and Severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

RCW 82.60.010 Legislative findings and declaration.

Applicable Cases

The legislature finds that there are several areas in the state that are characterized by very high levels of unemployment and poverty. The legislative further finds that economic stagnation is the primary cause of this high unemployment rate and poverty; that new state policies are necessary in order to promote economic stimulation and new employment opportunities in these distressed areas; and that policies providing incentives for economic growth in these distressed areas are essential. For these reasons, the legislature hereby establishes a tax deferral program to be effective solely in distressed areas and under circumstances where the deferred tax payments are for investments or costs that result in the creation of a specified number of jobs. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and reducing poverty in the distressed areas of the state.

(2) In addition to the provisions of RCW 82.60.040, the department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW, on each eligible investment project that is located in an eligible area, if the applicant establishes that at the time the project is operationally complete:

(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment on which a deferral is requested; and
(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone in which the project is located. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.

(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.

(4) If a person does not meet the requirements of this section by the end of the calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

TAX DEFERRALS FOR MANUFACTURING, RESEARCH, AND DEVELOPMENT PROJECTS

RCW 82.61.010 Definitions.
Applicable Cases
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax deferral under this chapter.
(2) "Person" has the meaning given in RCW 82.04.030.
(3) "Department" means the department of revenue.
(4) "Eligible investment project" means:
(a) Construction of new buildings and the acquisition of new related machinery and equipment when the buildings, machinery, and equipment are to be used for either manufacturing or research and development activities, which construction is commenced prior to December 31,
1995; or

(b) Acquisition prior to December 31, 1995, of new machinery and equipment to be used for either manufacturing or research and development if the machinery and equipment is housed in a new leased structure. The lessor/owner of the structure is not eligible for a deferral unless the underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person; or

(c) Acquisition of all new or used machinery, equipment, or other personal property for use in the production or casting of aluminum at an aluminum smelter or at facilities related to an aluminum smelter, if the plant was in operation prior to 1975 and has ceased operations or is in imminent danger of ceasing operations for economic reasons, as determined by the department, and if the person applying for a deferral (i) has consulted with any collective bargaining unit that represented employees of the plant pursuant to a collective bargaining agreement that was in effect either immediately prior to the time the plant ceased operations or during the period when the plant was in imminent danger of ceasing operations, on the proposed operation of the plant and the terms and conditions of employment for wage and salaried employees and (ii) has obtained a written concurrence from the bargaining unit on the decision to apply for a deferral under this chapter; or

(d) Modernization projects involving construction, acquisition, or upgrading of equipment or machinery, including services and labor, which are commenced after May 19, 1987, and are intended to increase the operating efficiency of existing plants which are either aluminum smelters or aluminum rolling mills or of facilities related to such plants, if the plant was in operation prior to 1975, and if the person applying for a deferral (i) has consulted with any collective bargaining unit that represents employees of the plant on the proposed operation of the plant and the terms and conditions of employment for wage and salaried employees and (ii) has obtained a written concurrence from the bargaining unit on the decision to apply for a deferral under this chapter.

(5) "Manufacturing" means all activities of a commercial or industrial nature wherein labor or skill is applied, by hand or machinery, to materials so that as a result thereof a new, different, or useful substance or article of tangible personal property is produced for sale or commercial or industrial use and includes the production or fabrication of specially made or custom-made articles.

(6) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun.

(7) "Buildings" means only those new structures used for either manufacturing or research and development activities, including plant offices and warehouses or other facilities for the storage of raw materials or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development purposes. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.

(8) "Machinery and equipment" means all industrial and research fixtures, equipment, and
support facilities that are an integral and necessary part of a manufacturing or research and development operation. "Qualified machinery and equipment" includes computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery. For purposes of this chapter, new machinery and equipment means either new to the taxing jurisdiction of the state or new to the certificate holder. Used machinery and equipment may be treated as new equipment and machinery if the certificate holder either brings the machinery and equipment into Washington or makes a retail purchase of the machinery and equipment in Washington or elsewhere.

(9) "Qualified employment position" means a permanent full-time employee employed in the eligible investment project during the entire tax year.

(10) "Recipient" means a person receiving a tax deferral under this chapter.

(11) "Certificate holder" means an applicant to whom a tax deferral certificate has been issued.

(12) "Operationally complete" means constructed or improved to the point of being functionally useable for the intended purpose.

(13) "Initiation of construction" means that date upon which on-site construction commences.

Applicable Cases

Application for tax credits under this chapter must be made before the actual hiring of qualified employment positions. The application shall be made to the department in a form and manner prescribed by the department. The department shall rule on the application within sixty days.

RCW 82.62.030 Allowance of tax credits--Limitations.
Applicable Cases

(1) A person shall be allowed a credit against the tax due under chapter 82.04 RCW as provided in this section. The credit shall equal: (a) Four thousand dollars for each qualified employment position with wages and benefits greater than forty thousand dollars annually that is directly created in an eligible business and (b) two thousand dollars for each qualified employment position with wages and benefits less than or equal to forty thousand dollars annually that is directly created in an eligible business.

(2) The department shall keep a running total of all credits granted under this chapter during each fiscal year. The department shall not allow any credits which would cause the tabulation to exceed seven million five hundred thousand dollars in any fiscal year. If all or part of an application for credit is disallowed under this subsection, the disallowed portion shall be carried over for approval the next fiscal year. However, the applicant's carryover into the next fiscal year is only permitted if the tabulation for the next fiscal year does not exceed the cap for that fiscal year as of the date on which the department has disallowed the application.

(3) No recipient may use the tax credits to decertify a union or to displace existing jobs in any community in the state.

(4) No recipient may receive a tax credit on taxes which have not been paid during the taxable year.

(2) If, on the basis of a report under this section or other information, the department finds that a business project is not eligible for tax credit under this chapter for reasons other than failure to create the required number of qualified employment positions, the amount of taxes for which a credit has been used for the project shall be immediately due.

(3) If, on the basis of a report under this section or other information, the department finds that a business project has failed to create the specified number of qualified employment positions, the department shall assess interest, but not penalties, on the credited taxes for which a credit has been used for the project. The interest shall be assessed at the rate provided for delinquent excise taxes, shall be assessed retroactively to the date of the tax credit, and shall accrue until the taxes for which a credit has been used are repaid.

**RCW 82.63.005 Findings--Intent to create a contract.**

**Applicable Cases**
The legislature finds that high-wage, high-skilled jobs are vital to the economic health of the state's citizens, and that targeted tax incentives will encourage the formation of high-wage, high-skilled jobs. The legislature also finds that tax incentives should be subject to the same rigorous requirements for efficiency and accountability as are other expenditure programs, and that tax incentives should therefore be focused to provide the greatest possible return on the state's investment.

The legislature also finds that high-technology businesses are a vital and growing source of high-wage, high-skilled jobs in this state, and that the high-technology sector is a key component of the state's effort to encourage economic diversification. However, the legislature finds that many high-technology businesses incur significant costs associated with research and development and pilot scale manufacturing many years before a marketable product can be produced, and that current state tax policy discourages the growth of these companies by taxing them long before they become profitable.

The legislature further finds that stimulating growth of high-technology businesses early in their development cycle, when they are turning ideas into marketable products, will build upon the state's established high-technology base, creating additional research and development jobs and subsequent manufacturing facilities.

For these reasons, the legislature hereby establishes a program of business and occupation tax credits for qualified research and development expenditures. The legislature also hereby establishes a tax deferral program for high-technology research and development and pilot scale manufacturing facilities. The legislature declares that these limited programs serve the vital public purpose of creating employment opportunities in this state. The legislature further declares its intent to create a contract within the meaning of Article I, section 23 of the state Constitution as to those businesses that make capital investments in consideration of the tax deferral program established in this chapter.

1. "Advanced computing" means technologies used in the designing and developing of computing hardware and software, including innovations in designing the full spectrum of hardware from hand-held calculators to super computers, and peripheral equipment.

2. "Advanced materials" means materials with engineered properties created through the development of specialized processing and synthesis technology, including ceramics, high value-added metals, electronic materials, composites, polymers, and biomaterials.

3. "Applicant" means a person applying for a tax deferral under this chapter.

4. "Biotechnology" means the application of technologies, such as recombinant DNA techniques, biochemistry, molecular and cellular biology, genetics and genetic engineering, cell fusion techniques, and new bioprocesses, using living organisms, or parts of organisms, to
produce or modify products, to improve plants or animals, to develop microorganisms for specific uses, to identify targets for small molecule pharmaceutical development, or to transform biological systems into useful processes and products or to develop microorganisms for specific uses.

(5) "Department" means the department of revenue.

(6) "Electronic device technology" means technologies involving microelectronics; semiconductors; electronic equipment and instrumentation; radio frequency, microwave, and millimeter electronics; optical and optic-electrical devices; and data and digital communications and imaging devices.

(7) "Eligible investment project" means an investment project which either initiates a new operation, or expands or diversifies a current operation by expanding, renovating, or equipping an existing facility. The lessor or owner of the qualified building is not eligible for a deferral unless the underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person, or unless the lessor by written contract agrees to pass the economic benefit of the deferral to the lessee in the form of reduced rent payments.

(8) "Environmental technology" means assessment and prevention of threats or damage to human health or the environment, environmental cleanup, and the development of alternative energy sources.

(9) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction or improvement of the project.

(10) "Person" has the meaning given in RCW 82.04.030.

(11) "Pilot scale manufacturing" means design, construction, and testing of preproduction prototypes and models in the fields of biotechnology, advanced computing, electronic device technology, advanced materials, and environmental technology other than for commercial sale. As used in this subsection, "commercial sale" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

(12) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing floor space or production capacity used for pilot scale manufacturing or qualified research and development, including plant offices and other facilities that are an essential or an integral part of a structure used for pilot scale manufacturing or qualified research and development. If a building is used partly for pilot scale manufacturing or qualified research and development, and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.

(13) "Qualified machinery and equipment" means fixtures, equipment, and support facilities that are an integral and necessary part of a pilot scale manufacturing or qualified research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment, instrumentation, and other devices used in a process of experimentation to develop a new or improved pilot model,
plant process, product, formula, invention, or similar property; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; vats, tanks, and fermenters; operating structures; and all other equipment used to control, monitor, or operate the machinery. For purposes of this chapter, qualified machinery and equipment must be either new to the taxing jurisdiction of the state or new to the certificate holder, except that used machinery and equipment may be treated as qualified machinery and equipment if the certificate holder either brings the machinery and equipment into Washington or makes a retail purchase of the machinery and equipment in Washington or elsewhere.

(14) "Qualified research and development" means research and development performed within this state in the fields of advanced computing, advanced materials, biotechnology, electronic device technology, and environmental technology.

(15) "Recipient" means a person receiving a tax deferral under this chapter.

(16) "Research and development" means activities performed to discover technological information, and technical and nonroutine activities concerned with translating technological information into new or improved products, processes, techniques, formulas, inventions, or software. The term includes exploration of a new use for an existing drug, device, or biological product if the new use requires separate licensing by the federal food and drug administration under chapter 21, C.F.R., as amended. The term does not include adaptation or duplication of existing products where the products are not substantially improved by application of the technology, nor does the term include surveys and studies, social science and humanities research, market research or testing, quality control, sale promotion and service, computer software developed for internal use, and research in areas such as improved style, taste, and seasonal design.

Applicable Cases

Application for deferral of taxes under this chapter must be made before initiation of construction of, or acquisition of equipment or machinery for the investment project. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department. The department shall rule on the application within sixty days.

Applicants for deferral of taxes under this chapter shall agree to supply the department with nonproprietary information necessary to measure the results of the tax deferral program for high-technology research and development and pilot scale manufacturing facilities. The department shall use the information to perform three assessments on the tax deferral program.
authorized under this chapter. The assessments will take place in 1997, 2000, and 2003. The department shall prepare reports on each assessment and deliver their reports by September 1, 1997, September 1, 2000, and September 1, 2003. The assessments shall measure the effect of the program on job creation, the number of jobs created for Washington residents, company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

Applicable Cases

(1) Subject to the conditions of this section, any county may levy, by approval of its legislative body and a majority of the registered voters of the county voting on the proposition at a general or special election, additional excise taxes equal to ten percent of the state-wide motor vehicle fuel tax rate under RCW 82.36.025 on each gallon of motor vehicle fuel as defined in RCW 82.36.010 and on each gallon of special fuel as defined in RCW 82.38.020 sold within the boundaries of the county. Vehicles paying an annual license fee under RCW 82.38.075 are exempt from the county fuel excise tax. An election held under this section must be held not more than twelve months before the date on which the proposed tax is to be levied. The ballot setting forth the proposition shall state the tax rate that is proposed. The county's authority to levy additional excise taxes under this section includes the incorporated and unincorporated areas of the county. The additional excise taxes are subject to the same exceptions and rights of refund as applicable to other motor vehicle fuel and special fuel excise taxes levied under chapters 82.36 and 82.38 RCW. The proposed tax shall not be levied less than one month from the date the election results are certified by the county election officer. The commencement date for the levy of any tax under this section shall be the first day of January, April, July, or October.

(2) Every person subject to the tax shall pay, in addition to any other taxes provided by law, an additional excise tax to the director of licensing at the rate levied by a county exercising its authority under this section.

(3) The state treasurer shall distribute monthly to the levying county and cities contained therein the proceeds of the additional excise taxes collected under this section, after the deductions for payments and expenditures as provided in *RCW 46.68.090 (1) and (2) and under the conditions and limitations provided in RCW 82.80.080.

(4) The proceeds of the additional excise taxes levied under this section shall be used strictly for transportation purposes in accordance with RCW 82.80.070.

(5) The department of licensing shall administer and collect the county fuel taxes. The department shall deduct a percentage amount, as provided by contract, for administrative, collection, refund, and audit expenses incurred. The remaining proceeds shall be remitted to the custody of the state treasurer for monthly distribution under RCW 82.80.080.

RCW 82.80.020 Vehicle license fee--Exemptions--Limitations.

Applicable Cases

(1) The legislative authority of a county, or subject to subsection (7) of this section, a
qualifying city or town located in a county that has not imposed a fifteen-dollar fee under this section, may fix and impose an additional fee, not to exceed fifteen dollars per vehicle, for each vehicle that is subject to license fees under RCW 46.16.060 and for each vehicle that is subject to RCW 46.16.070 with an unladen weight of six thousand pounds or less, and that is determined by the department of licensing to be registered within the boundaries of the county.

(2) The department of licensing shall administer and collect the fee. The department shall deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by it. The remaining proceeds shall be remitted to the custody of the state treasurer for monthly distribution under RCW 82.80.080.

(3) The proceeds of this fee shall be used strictly for transportation purposes in accordance with RCW 82.80.070.

(4) A county or qualifying city or town imposing this fee or initiating an exemption process shall delay the effective date at least six months from the date the ordinance is enacted to allow the department of licensing to implement administration and collection of or exemption from the fee.

(5) The legislative authority of a county or qualifying city or town may develop and initiate an exemption process of the fifteen dollar fee for the registered owners of vehicles residing within the boundaries of the county or qualifying city or town: (a) Who are sixty-one years old or older at the time payment of the fee is due and whose household income for the previous calendar year is less than an amount prescribed by the county or qualifying city or town legislative authority; or (b) who have a physical disability.

(6) The legislative authority of a county or qualifying city or town shall develop and initiate an exemption process of the fifteen-dollar fee for vehicles registered within the boundaries of the county that are licensed under RCW 46.16.374.

(7) For purposes of this section, a "qualifying city or town" means a city or town residing within a county having a population of greater than seventy-five thousand in which is located all or part of a national monument. A qualifying city or town may impose the fee authorized in subsection (1) of this section subject to the following conditions and limitations:

(a) The city or town may impose the fee only if authorized to do so by a majority of voters voting at a general or special election on a proposition for that purpose. At a minimum, the ballot measure shall contain: (i) A description of the transportation project proposed for funding, properly identified by mileposts or other designations that specify the project parameters; (ii) the proposed number of months or years necessary to fund the city or town's share of the project cost; and (iii) the amount of fee to be imposed for the project.

(b) The city or town may not impose a fee that, if combined with the county fee, exceeds fifteen dollars. If a county imposes or increases a fee under this section that, if combined with the fee imposed by a city or town, exceeds fifteen dollars, the city or town fee shall be reduced or eliminated as needed so that in no city or town does the combined fee exceed fifteen dollars. All revenues from county-imposed fees shall be distributed as called for in *RCW 82.80.020.

(c) Any fee imposed by a city or town under this section shall expire at the end of the term of months or years provided in the ballot measure, or when the city or town's bonded
indebtedness on the project is retired, whichever is sooner.

(8) The fee imposed under subsection (7) of this section shall apply only to renewals and shall not apply to ownership transfer transactions.

[1998 c 281 § 1; 1996 c 139 § 4; 1993 c 60 § 1; 1991 c 318 § 13; 1990 c 42 § 206.]

Notes:

*Reviser's note: RCW 82.80.080 refers to the distribution of taxes and was apparently intended.

**RCW 82.80.030 Commercial parking tax.**

Applicable Cases

(1) Subject to the conditions of this section, the legislative authority of a county or city may fix and impose a parking tax on all persons engaged in a commercial parking business within its respective jurisdiction. The jurisdiction of a county, for purposes of this section, includes only the unincorporated area of the county. The jurisdiction of a city includes only the area within its incorporated boundaries.

(2) In lieu of the tax in subsection (1) of this section, a city or a county in its unincorporated area may fix and impose a tax for the act or privilege of parking a motor vehicle in a facility operated by a commercial parking business.

The city or county may provide that:

(a) The tax is paid by the operator or owner of the motor vehicle;
(b) The tax applies to all parking for which a fee is paid, whether paid or leased, including parking supplied with a lease of nonresidential space;
(c) The tax is collected by the operator of the facility and remitted to the city or county;
(d) The tax is a fee per vehicle or is measured by the parking charge;
(e) The tax rate varies with zoning or location of the facility, the duration of the parking, the time of entry or exit, the type or use of the vehicle, or other reasonable factors; and
(f) Tax exempt carpools, vehicles with handicapped decals, or government vehicles are exempt from the tax.

(3) "Commercial parking business" as used in this section, means the ownership, lease, operation, or management of a commercial parking lot in which fees are charged. "Commercial parking lot" means a covered or uncovered area with stalls for the purpose of parking motor vehicles.

(4) The rate of the tax under subsection (1) of this section may be based either upon gross proceeds or the number of vehicle stalls available for commercial parking use. The rates charged must be uniform for the same class or type of commercial parking business.

(5) The county or city levying the tax provided for in subsection (1) or (2) of this section may provide for its payment on a monthly, quarterly, or annual basis. Each local government may develop by ordinance or resolution rules for administering the tax, including provisions for reporting by commercial parking businesses, collection, and enforcement.

(6) The proceeds of the commercial parking tax fixed and imposed under subsection (1) or (2) of this section shall be used strictly for transportation purposes in accordance with RCW
RCW 82.80.040 Street utility--Establishment.
Applicable Cases

A city or town may elect by action of its legislative authority to own, construct, maintain, operate, and preserve all or any described portion of its streets as a separate enterprise and facility, known as a street utility, and from time to time add other existing or new streets to that street utility, with full power to own, construct, maintain, operate, and preserve such streets. The legislative authority of the city or town may include as a part of the street utility, street lighting, traffic control devices, sidewalks, curbs, gutters, parking facilities, and drainage facilities. The legislative authority of the city or town is the governing body of the street utility.

RCW 82.80.050 Street utility--Charges, credits.
Applicable Cases

A city or town electing to own, construct, maintain, operate, and preserve its streets as a separate street utility may levy periodic charges for the use or availability of the streets in a total annual amount of up to fifty percent of the actual costs for maintenance, operation, and preservation of facilities under the jurisdiction of the street utility. The rates charged for the use must be uniform for the same class of service and all business and residential properties must be subject to the utility charge. Charges imposed on businesses shall be measured solely by the number of employees and shall not exceed the equivalent of two dollars per full-time equivalent employee per month. Charges imposed against owners or occupants of residential property shall not exceed two dollars per month per housing unit as defined in RCW 35.95.040. Charges authorized in this section shall not be imposed against owners of property: (1) Exempt under RCW 84.36.010; (2) exempt from the leasehold tax under chapter 82.29A RCW; or (3) used for nonprofit or sectarian purposes, which if said property were owned by such organization would qualify for exemption under chapter 84.36 RCW. The charges shall not be computed on the basis of an ad valorem charge on the underlying real property and improvements. This section shall not be used as a basis to directly or indirectly charge transportation impact fees or mitigation fees of any kind against new development. A city or town may contract with any other utility or local government to provide for billing and collection of the street utility charges.

In classifying service furnished within the general categories of business and residential, the city or town legislative authority may in its discretion consider any or all of the following factors: The difference in cost of service to the various users or traffic generators; location of the various users or traffic generators within the city or town; the difference in cost of maintenance, operation, construction, repair, and replacement of the various parts of the enterprise and facility; the different character of the service furnished to various users or traffic generators within the city or town; the size and quality of the street service furnished; the time of use or traffic generation; capital contributions made to the facility including but not limited to special
assessments; and any other matters that present a reasonable difference as a ground for distinction, or the entire category of business or residential may be established as a single class. The city or town may reduce or exempt charges on residential properties to the extent of their occupancy by low-income senior citizens and low-income disabled citizens as provided in *RCW 74.38.070(1), or to the extent of their occupancy by the needy or infirm.

The charges shall be charges against the property and the use thereof and shall become liens and be enforced in the same manner as rates and charges for the use of systems of sewerage under chapter 35.67 RCW.

Any city or town ordinance or resolution creating a street utility must contain a provision granting to any business a credit against any street utility charge the full amount of any commuter or employer tax paid for transportation purposes by that business.

Notes:

*Reviser's note: RCW 74.38.070 was amended by 1998 c 300 § 8, changing the term "low-income disabled citizens" to "other low-income citizens."

**RCW 82.80.060 Use of other proceeds by utility.**

Applicable Cases

The city or town electing to own, construct, maintain, operate, and preserve its streets and related facilities as a utility under this chapter may finance the construction, operation, maintenance, and preservation through local improvement districts, utility local improvement districts, or with proceeds from general obligation bonds and revenue bonds payable from the charges issued in accordance with chapter 35.41, 35.92, or 39.46 RCW, or any combination thereof. The city or town may use, in addition to the charges authorized by RCW 82.80.050, funds from general taxation, money received from the federal, state, or other local governments, and other funds made available to it. The proceeds of the charges authorized by RCW 82.80.050 shall be used strictly for transportation purposes in accordance with this chapter and RCW 82.80.070.

[1991 c 141 § 3. Prior: 1990 c 42 § 211.]

**RCW 82.80.070 Use of revenues.**

Applicable Cases

(1) The proceeds collected pursuant to the exercise of the local option authority of RCW 82.80.010, 82.80.020, 82.80.030, and 82.80.050 (hereafter called "local option transportation revenues") shall be used for transportation purposes only, including but not limited to the following: The operation and preservation of roads, streets, and other transportation improvements; new construction, reconstruction, and expansion of city streets, county roads, and state highways and other transportation improvements; development and implementation of public transportation and high-capacity transit improvements and programs; and planning, design, and acquisition of right of way and sites for such transportation purposes. The proceeds
collected from excise taxes on the sale, distribution, or use of motor vehicle fuel and special fuel under RCW 82.80.010 shall be used exclusively for "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(2) The local option transportation revenues shall be expended for transportation uses consistent with the adopted transportation and land use plans of the jurisdiction expending the funds and consistent with any applicable and adopted regional transportation plan for metropolitan planning areas.

(3) Each local government with a population greater than eight thousand that levies or expends local option transportation funds, is also required to develop and adopt a specific transportation program that contains the following elements:

(a) The program shall identify the geographic boundaries of the entire area or areas within which local option transportation revenues will be levied and expended.

(b) The program shall be based on an adopted transportation plan for the geographic areas covered and shall identify the proposed operation and construction of transportation improvements and services in the designated plan area intended to be funded in whole or in part by local option transportation revenues and shall identify the annual costs applicable to the program.

(c) The program shall indicate how the local transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions.

(d) The program shall include at least a six-year funding plan, updated annually, identifying the specific public and private sources and amounts of revenue necessary to fund the program. The program shall include a proposed schedule for construction of projects and expenditure of revenues. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for transportation improvements in the program.

(4) Local governments with a population greater than eight thousand exercising the authority for local option transportation funds shall periodically review and update their transportation program to ensure that it is consistent with applicable local and regional transportation and land use plans and within the means of estimated public and private revenue available.

(5) In the case of expenditure for new or expanded transportation facilities, improvements, and services, priorities in the use of local option transportation revenues shall be identified in the transportation program and expenditures shall be made based upon the following criteria, which are stated in descending order of weight to be attributed:

(a) First, the project serves a multijurisdictional function;

(b) Second, it is necessitated by existing or reasonably foreseeable congestion;

(c) Third, it has the greatest person-carrying capacity;

(d) Fourth, it is partially funded by other government funds, such as from the state transportation improvement board, or by private sector contributions, such as those from the local transportation act, chapter 39.92 RCW; and
(e) Fifth, it meets such other criteria as the local government determines is appropriate.

(6) It is the intent of the legislature that as a condition of levying, receiving, and expending local option transportation revenues, no local government agency use the revenues to replace, divert, or loan any revenues currently being used for transportation purposes to nontransportation purposes. The association of Washington cities and the Washington state association of counties, in consultation with the legislative transportation committee, shall study the issue of nondiversion and make recommendations to the legislative transportation committee for language implementing the intent of this section by December 1, 1990.

(7) Local governments are encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs required by this section for the purpose of accomplishing regional transportation planning and development.

(8) Local governments may use all or a part of the local option transportation revenues for the amortization of local government general obligation and revenue bonds issued for transportation purposes consistent with the requirements of this section.

RCW 82.80.080 Distribution of taxes.
Applicable Cases

(1) The state treasurer shall distribute revenues, less authorized deductions, generated by the local option taxes authorized in RCW 82.80.010 and 82.80.020, levied by counties to the levying counties, and cities contained in those counties, based on the relative per capita population. County population for purposes of this section is equal to one and one-half of the unincorporated population of the county. In calculating the distributions, the state treasurer shall use the population estimates prepared by the state office of financial management and shall further calculate the distribution based on information supplied by the departments of licensing and revenue, as appropriate.

(2) The state treasurer shall distribute revenues, less authorized deductions, generated by the local option taxes authorized in RCW 82.80.010 and 82.80.020 levied by qualifying cities and towns to the levying cities and towns.

[1998 c 281 § 2; 1990 c 42 § 213.]

RCW 82.80.090 Referendum.
Applicable Cases

A referendum petition to repeal a county or city ordinance imposing a tax or fee authorized under RCW 82.80.020 and 82.80.030 must be filed with a filing officer, as identified in the ordinance, within seven days of passage of the ordinance. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in the tax or fee being imposed and a negative answer to the question and a negative vote on the measure results in the tax or fee not being imposed. The petitioner shall be
notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has thirty days in which to secure on petition forms the signatures of not less than fifteen percent of the registered voters of the county for county measures, or not less than fifteen percent of the registered voters of the city for city measures, and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the referendum measure to the county or city voters at a general or special election held on one of the dates provided in RCW 29.13.010 as determined by the county or city legislative authority, which election shall not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

The referendum procedure provided in this section is the exclusive method for subjecting any county or city ordinance imposing a tax or fee under RCW 82.80.020 and 82.80.030 to a referendum vote.

(2) The amendments made in this act regarding apportionment of the tax with respect to qualified real property, and regarding extensions to pay tax, shall be effective with respect to the tax attributable to deaths occurring after April 18, 1989.

(3) The amendment to RCW 11.98.070(13) shall be effective with respect to loans described in RCW 83.110.020(2) made or committed to be made after April 18, 1989."

Severability--1989 c 40: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 40 § 9.]

RCW 83.110.020 Apportionment of tax.

Applicable Cases

(1) Tax other than excise tax. Except as provided in RCW 83.110.090 or subsection (2) of this section, and unless the will, trust, or other dispositive instrument otherwise provides, the tax, but not the excise tax, shall be apportioned among all persons interested in the estate. Except as provided in RCW 83.110.050, the apportionment shall be made in the proportion that the value of the interest of each person interested in the estate bears to the total value of the interests of all persons interested in the estate. Except as provided in RCW 83.110.050, the values used in determining the tax shall be used for that purpose.

(2) Excise tax. Except as provided in RCW 83.110.030(6) and unless the will, beneficiary
designation, trust, or other instrument governing the disposition of property subject to the excise tax otherwise provides, the excise tax shall be apportioned among and charged to the persons interested in retirement distributions on which the excise tax is actually imposed. Each person shall be severally liable for the timely payment of the portion of the excise tax so apportioned to the person. The apportionment shall be made in the proportion that the value of the interest of each person interested in the retirement distributions bears to the total value of the interests of all persons interested in the retirement distributions. The values used in determining the excise tax shall be used for that purpose. In order to facilitate timely payment of the excise tax, the fiduciary shall have the right, but not the obligation, in addition to any other power and consistent with the power granted by RCW 11.98.070(13), to make loans, either secured or unsecured at such interest as the fiduciary may determine, not exceeding the amount of the excise tax so apportioned to the persons liable for payment of the excise tax. If the fiduciary or other person is required to pay the excise tax, the fiduciary or other person shall have the rights of recovery provided in RCW 83.110.040 or otherwise.

RCW 83.110.030 Apportionment procedure.
Applicable Cases
(1) The court having jurisdiction over the administration of the estate of a decedent shall determine the apportionment of the tax. If there are no probate proceedings, the court of the county wherein the decedent was domiciled at death shall determine the apportionment of the tax upon the application of the person required to pay the tax.

(2) If the court finds that it is inequitable to apportion interest and penalties in the manner provided in this chapter because of special circumstances, it may direct apportionment thereon in the manner it finds equitable.

(3) The expenses reasonably incurred by any fiduciary and by other persons interested in the estate in connection with the determination of the amount and apportionment of the tax shall be apportioned as provided in RCW 83.110.020 and charged and collected as a part of the tax apportioned. If the court finds it is inequitable to apportion the expenses as provided in RCW 83.110.020, it may direct apportionment thereof equitably.

(4) If the court finds that the assessment of penalties and interest is due to delay caused by the negligence of the fiduciary, the court may charge the fiduciary with the amount of the assessed penalties and interest.

(5) In any suit or judicial proceeding to recover from any person interested in the estate the amount of the tax apportioned to the person in accordance with this chapter, the determination of the court in respect thereto is prima facie correct.

(6) In the case where there are successive interests with respect to retirement distributions, the excise tax shall be equitably apportioned by the court having jurisdiction over the administration of the estate among the persons interested in the retirement distributions as
Revised Code of Washington, 1999

defined in RCW 83.110.010(6).

Construction--Severability--1989 c 40: See note following RCW 83.110.010.

RCW 83.110.040 Collection of tax from persons interested in the estate--Security.
Applicable Cases

(1) The fiduciary or other person required to pay the tax may withhold from any property of the decedent in his or her possession, distributable to any person interested in the estate, the amount of tax attributable to his or her interest. If the property in possession of the fiduciary or other person required to pay the tax and distributable to any person interested in the estate is insufficient to satisfy the proportionate amount of the tax determined to be due from the person, the fiduciary or other person required to pay the tax may recover the deficiency from the person interested in the estate. If the property is not in the possession of the fiduciary or other person required to pay the tax, the fiduciary or the other person required to pay the tax may recover from any person interested in the estate the amount of the tax apportioned to the person in accordance with this chapter.

(2) If property held by the fiduciary or other person is distributed prior to final apportionment of the tax, the fiduciary or other person may require the distributee to provide a bond or other security for the apportionment liability in the form and amount prescribed by the fiduciary, with the approval of the court having jurisdiction of the administration of the estate.

[1986 c 63 § 4.]

RCW 83.110.050 Allowance for exemptions, deductions, and credits.
Applicable Cases

(1) In making an apportionment, allowances shall be made for any exemptions granted, any classification made of persons interested in the estate, and any deductions and credits allowed by the law imposing the tax.

(2) Any exemption or deduction allowed by reason of the relationship of any person to the decedent or by reason of the purposes of the gift inures to the benefit of the person bearing that relationship or receiving the gift. When an interest is subject to a prior present interest which is not allowable as a deduction, the tax apportionable against the present interest shall be paid from principal.

(3) Any deduction for property previously taxed and any credit for gift taxes or death taxes of a foreign country paid by the decedent or the decedent's estate inures to the proportionate benefit of all persons liable to apportionment.

(4) Any credit for inheritance, succession, or estate taxes or taxes in the nature thereof in respect to property or interests includable in the estate inures to the benefit of the persons or interests chargeable with the payment thereof to the extent that or in proportion that the credit reduces the tax.

(5) To the extent that property passing to or in trust for a surviving spouse or any
charitable, public, or similar gift or bequest does not constitute an allowable deduction for purposes of the tax solely by reason of an inheritance tax or other death tax imposed upon and deductible from the property, the property shall not be included in the computation provided for in this chapter, and to that extent no apportionment shall be made against the property. This does not apply in any instance where the result under section 2053(d) of the Internal Revenue Code relates to deduction for state death taxes on transfers for public, charitable, or religious uses.

(6) In the case of qualified real property, the apportionment of the tax shall be based on the values that would have been used to determine the tax without regard to section 2032A of the Internal Revenue Code. The reduction in the tax attributable to the application of section 2032A shall inure as follows:

(a) First to the benefit of the qualified heirs in proportion to their relative interests in the qualified real property, until the tax attributable to the qualified real property is reduced to zero;

(b) Then to the qualified heirs in proportion to their relative interests in other property of the estate, until the tax attributable to the property is reduced to zero; and

(c) Then to other persons interested in the estate in proportion to their relative interests in other property of the estate.

(7) Any extension in the payment of a part of the tax under any provision of the Internal Revenue Code shall inure to the benefit of, and the tax subject to the extension shall be equitably apportioned among, the persons receiving the property relating to the extension. Any tax benefit derived from the interest paid with respect to the tax shall be equitably apportioned among the persons receiving the property.

Construction--Severability--1989 c 40: See note following RCW 83.110.010.

RCW 83.110.060 Apportionment between temporary and remainder interests.
Applicable Cases
Except as otherwise provided in RCW 83.110.030(6), no interest in income and no estate for years or for life or other temporary interest in any property or fund is subject to apportionment as between the temporary interest and the remainder. The tax on the temporary interest and the tax, if any, on the remainder is chargeable against the corpus of the property or funds subject to the temporary interest and remainder.

RCW 83.110.070 Time for recovery of tax from persons interested in the estate--Exoneration of fiduciary--Recovery of uncollectible taxes.
Applicable Cases
Neither the fiduciary nor other person required to pay the tax is under any duty to institute
any suit or proceeding to recover from any person interested in the estate the amount of the tax apportioned to that person until the expiration of the three months next following final determination of the tax. A fiduciary or other person required to pay the tax who institutes the suit or proceeding within a reasonable time after the three months' period is not subject to any liability or surcharge because any portion of the tax apportioned to any person interested in the estate was collectible at a time following the death of the decedent but thereafter became uncollectible. If the fiduciary or other person required to pay the tax cannot collect from any person interested in the estate the amount of the tax apportioned to the person, the amount not recoverable shall be paid from the residuary estate. To the extent that the residuary estate is not adequate, the balance shall be equitably apportioned among the other persons interested in the estate who are subject to apportionment.

[1986 c 63 § 7.]

**RCW 83.110.080 Action by nonresident--Reciprocity.**

Applicable Cases

Subject to this section a fiduciary acting in another state or a person required to pay the tax who is domiciled in another state may institute an action in the courts of this state and may recover a proportionate amount of the federal estate tax or an estate tax payable to another state or of a death duty due by a decedent's estate to another state from a person interested in the estate who is either domiciled in this state or who owns property in this state subject to attachment or execution. For the purposes of the action the determination of apportionment by the court having jurisdiction of the administration of the decedent's estate in the other state is prima facie correct. The provisions of this section apply only if the state in which the determination of apportionment was made affords a substantially similar remedy.

[1986 c 63 § 8.]

**RCW 83.110.090 Coordination with federal law.**

Applicable Cases

If the liabilities of persons interested in the estate as prescribed by this chapter differ from those which result under the federal estate tax law, the liabilities imposed by the federal law will control and the balance of this chapter shall apply as if the resulting liabilities had been prescribed in this chapter. Nothing in this chapter affects the right of a personal representative to recover payments due an estate pursuant to the provisions of section 2207A of the Internal Revenue Code.

RCW 84.04.150 "Computer software" and allied terms.
Applicable Cases

(1) "Computer software" is a set of directions or instructions that exist in the form of machine-readable or human-readable code, is recorded on physical or electronic medium, and directs the operation of a computer system or other machinery or equipment. "Computer software" includes the associated documentation that describes the code and its use, operation, and maintenance and typically is delivered with the code to the user. "Computer software" does not include data bases.

A "data base" is text, data, or other information that may be accessed or managed with the aid of computer software but that does not itself have the capacity to direct the operation of a computer system or other machinery or equipment.

(2) "Custom computer software" is computer software that is designed for a single person's or a small group of persons' specific needs. "Custom computer software" includes modifications to canned computer software and can be developed in-house by the user, by outside developers, or by both.

A group of four or more persons is presumed not to be a small group of persons for the purposes of this subsection unless each of the persons is affiliated through common control and ownership. The department may by rule provide a definition of small group and affiliates.
consistent with this subsection.

For purposes of this subsection, "person" has the meaning given in RCW 82.04.030.

(3) "Canned computer software," occasionally known as prewritten or standard software, is computer software that is designed for and distributed "as is" for multiple persons who can use it without modifying its code and that is not otherwise considered custom computer software.

(4) "Embedded software" is computer software that resides permanently on some internal memory device in a computer system or other machinery or equipment, that is not removable in the ordinary course of operation, and that is of a type necessary for the routine operation of the computer system or other machinery or equipment. "Embedded software" may be either canned or custom computer software.

(5) "Retained rights" are any and all rights, including intellectual property rights such as those rights arising from copyrights, patents, and trade secret laws, that are owned or are held under contract or license by a computer software developer, author, inventor, publisher, licensor, sublicensor, or distributor.

(6) A "golden" or "master" copy of computer software is a copy of computer software from which a computer software developer, author, inventor, publisher, licensor, sublicensor, or distributor makes copies for sale or license.

[1991 sp.s. c 29 § 2.]

Notes:

Findings--Intent--1991 sp.s. c 29: "(1) The legislature finds that:
(a) Computer software is a class of personal property that is itself comprised of several different subclasses of personal property which can be distinguished by their use, development, distribution, and relationship to hardware, and includes custom software, canned software, and embedded software;
(b) Because different classes of software serve different needs, may be used by different taxpayers, and present different administrative burdens on both the state and the citizens of the state of Washington, the different classes of software should be treated differently for tax purposes;
(c) Canned software should continue to be subject to property tax, but, because of its rapid obsolescence, should be subject to tax for only two years; and the taxable interest should reside with the end user;
(d) Canned software that has been modified should continue to be taxable on the canned portion of the software;
(e) Embedded software should continue to be taxed as part of the machinery or equipment of which it is a part;
(f) Custom software should be exempt from taxation, in part because of the difficulty in accurately and uniformly determining the value of such software;
(g) Retained rights in computer software should be exempt from the property tax in part because of the difficulty in accurately and uniformly determining the value of such software, the difficulty in determining the scope and situs of such rights, and the adverse economic consequences to the state of taxing such rights; and
(h) So-called "golden" or "master" copies of software should be exempt from property tax like business inventory.

(2) It is the intent of the legislature that:
(a) The voluntary compliance nature of the personal property tax system should be preserved and nothing in this act shall be construed to reduce the taxpayer's obligation to fully and accurately list all taxable computer software;
(b) Computer software should be listed and assessed for property taxes payable in 1991 and 1992 in the
same manner and to the same extent as computer software was listed and assessed for taxes due in 1989;
(c) The definition of custom software, golden or master copies, and retained rights shall be liberally
construed in accordance with the purposes of this act;
(d) This act shall provide fairness, equity, and uniformity in the property tax treatment of each class of
computer software in the state of Washington; and
(e) No inference should be taken from this act regarding the application of the property tax to data bases."

Severability--1991 sp.s. c 29: "If any provision of this act or its application to any person or circumstance
is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not
affected." [1991 sp.s. c 29 § 8.]

Application--Taxes collected in 1993--1991 sp.s. c 29: "Sections 2 through 4 and 6 of this act apply to
taxes levied for collection in 1993, and thereafter." [1991 sp.s. c 29 § 9.]

RCW 84.08.010 Powers of department of revenue--General supervision--Rules and processes--Visitation of counties.

Applicable Cases

The department of revenue shall:

(1) Exercise general supervision and control over the administration of the assessment and tax laws of the state, over county assessors, and county boards of equalization, and over boards of county commissioners, county treasurers and county auditors and all other county officers, in the performance of their duties relating to taxation, and perform any act or give any order or direction to any county board of equalization or to any county assessor or to any other county officer as to the valuation of any property, or class or classes of property in any county, township, city or town, or as to any other matter relating to the administration of the assessment and taxation laws of the state, which, in the department's judgment may seem just and necessary, to the end that all taxable property in this state shall be listed upon the assessment rolls and valued and assessed according to the provisions of law, and equalized between persons, firms, companies and corporations, and between the different counties of this state, and between the different taxing units and townships, so that equality of taxation and uniformity of administration shall be secured and all taxes shall be collected according to the provisions of law.

(2) Formulate such rules and processes for the assessment of both real and personal property for purposes of taxation as are best calculated to secure uniform assessment of property of like kind and value in the various taxing units of the state, and relative uniformity between properties of different kinds and values in the same taxing unit. The department of revenue shall furnish to each county assessor a copy of the rules and processes so formulated. The department of revenue may, from time to time, make such changes in the rules and processes so formulated as it deems advisable to accomplish the purpose thereof, and it shall inform all county assessors of such changes.

(3) Visit the counties in the state, unless prevented by necessary official duties, for the investigation of the methods adopted by the county assessors and county boards of commissioners in the assessment and equalization of taxation of real and personal property; carefully examine into all cases where evasion of property taxation is alleged, and ascertain where existing laws are defective, or improperly or negligently administered.

The department of revenue may require any such board of equalization to reconvene after its adjournment for the purpose of performing any order or requirement made by the department of revenue and may make such orders as it shall determine to be just and necessary. The department may require any county board of equalization to reconvene at any time for the purpose of performing or completing any duty or taking any action it might lawfully have performed or taken at any of its previous meetings. RCW 84.08.210 Confidentiality and privilege of tax information--Exceptions--Penalty.

Applicable Cases

(1) For purposes of this section, "tax information" means confidential income data and proprietary business information obtained by the department in the course of carrying out the duties now or hereafter imposed upon it in this title that has been communicated in confidence in connection with the assessment of property and that has not been publicly disseminated by the taxpayer, the disclosure of which would be either highly offensive to a reasonable person and not a legitimate concern to the public or would result in an unfair competitive disadvantage to the taxpayer.

(2) Tax information is confidential and privileged, and except as authorized by this section, neither the department nor any other person may disclose tax information.

(3) Subsection (2) of this section, however, does not prohibit the department from:

(a) Disclosing tax information to any county assessor or county treasurer;

(b) Disclosing tax information in a civil or criminal judicial proceeding or an administrative proceeding in respect to taxes or penalties imposed under this title or Title 82 RCW or in respect to assessment or valuation for tax purposes of the property to which the information or facts relate;

(c) Disclosing tax information with the written permission of the taxpayer;

(d) Disclosing tax information to the proper officer of the tax department of any state responsible for the imposition or collection of property taxes, or for the valuation of property for tax purposes, if the other state grants substantially similar privileges to the proper officers of this state;

(e) Disclosing tax information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under chapter 42.17 RCW or is a document maintained by a court of record not otherwise prohibited from disclosure;

(f) Disclosing tax information to a peace officer as defined in RCW 9A.04.110 or county prosecutor, for official purposes. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax enforcement. A peace officer or county prosecutor who receives the tax information may disclose the tax information only for use in the investigation and a related court proceeding, or in the court proceeding for which the tax information originally was sought; or

(g) Disclosing information otherwise available under chapter 42.17 RCW.

(1) Property of all railroad companies other than street railroad companies, telegraph companies and pipe line companies--upon the basis of that proportion of the value of the total operating property within the state which the mileage of track, as classified by the department of revenue (in case of railroads), mileage of wire (in the case of telegraph companies), and mileage of pipe line (in the case of pipe line companies) within each county or taxing district bears to the total mileage thereof within the state, at the end of the calendar year last past. For the purpose of such apportionment the department may classify railroad track.

NEW AND REHABILITATED MULTIPLE-UNIT DWELLINGS IN URBAN CENTERS

Notes:
New and rehabilitated multiple-unit dwellings in urban centers: RCW 84.14.020.

RCW 84.14.005 Findings.

Applicable Cases

The legislature finds:

(1) That in many of Washington’s urban centers there is insufficient availability of desirable and convenient residential units to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, and livable places to live were available;

(2) That the development of additional and desirable residential units in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020; and

(3) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking sufficient residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities within urban centers through a tax incentive as provided by this chapter.
It is the purpose of this chapter to encourage increased residential opportunities in cities that are required to plan or choose to plan under the growth management act within urban centers where the legislative body of the affected city has found there is insufficient housing opportunities. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities within these urban centers. To achieve these purposes, this chapter provides for special valuations for eligible improvements associated with multiunit housing in residentially deficient urban centers.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "City" means either (a) a city or town with a population of at least one hundred thousand or (b) the largest city or town, if there is no city or town with a population of at least one hundred thousand, located in a county planning under the growth management act.

(2) "Governing authority" means the local legislative authority of a city having jurisdiction over the property for which an exemption may be applied for under this chapter.

(3) "Growth management act" means chapter 36.70A RCW.

(4) "Multiple-unit housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(5) "Owner" means the property owner of record.

(6) "Permanent residential occupancy" means multiunit housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(7) "Rehabilitation improvements" means modifications to existing structures, that are vacant for twelve months or longer, that are made to achieve a condition of substantial compliance with existing building codes or modification to existing occupied structures which increase the number of multifamily housing units.

(8) "Residential targeted area" means an area within an urban center that has been designated by the governing authority as a residential targeted area in accordance with this chapter.
(9) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(10) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center must contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies;

(b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

RCW 84.14.020 Exemption--Duration--Valuation--Exceptions.

Applicable Cases

(1) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, for ten successive years beginning January 1 of the year immediately following the calendar year of issuance of the certificate of tax exemption eligibility. However, the exemption does not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(2) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(3) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

[1999 c 132 § 1; 1995 c 375 § 5.]

RCW 84.14.030 Application--Requirements.

Applicable Cases

An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city;

(2) The multiple-unit housing must meet the guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, low-income or moderate-income occupancy requirements, and other
adopted requirements indicated necessary by the city. The required amenities should be relative to
the size of the project and tax benefit to be obtained;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a
minimum of fifty percent of the space for permanent residential occupancy. In the case of
existing occupied multifamily development, the multifamily housing must also provide for a
minimum of four additional multifamily units. Existing multifamily vacant housing that has been
vacant for twelve months or more does not have to provide additional multifamily units;

(4) New construction multifamily housing and rehabilitation improvements must be
completed within three years from the date of approval of the application;

(5) Property proposed to be rehabilitated must be vacant at least twelve months before
submitting an application and fail to comply with one or more standards of the applicable state or
local building or housing codes on or after July 23, 1995; and

(6) The applicant must enter into a contract with the city approved by the governing body
under which the applicant has agreed to the implementation of the development on terms and
conditions satisfactory to the governing authority.

RCW 84.14.040 Designation of residential targeted area--Criteria--Local
designation--Hearing--Standards, guidelines.
Applicable Cases

(1) The following criteria must be met before an area may be designated as a residential
targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available,
desirable, and convenient residential housing to meet the needs of the public who would be likely
to live in the urban center, if the desirable, attractive, and livable places to live were available; and

(c) The providing of additional housing opportunity in the area, as determined by the
governing authority, will assist in achieving one or more of the stated purposes of this chapter.

(2) For the purpose of designating a residential targeted area or areas, the governing
authority may adopt a resolution of intention to so designate an area as generally described in the
resolution. The resolution must state the time and place of a hearing to be held by the governing
authority to consider the designation of the area and may include such other information
pertaining to the designation of the area as the governing authority determines to be appropriate
to apprise the public of the action intended.

(3) The governing authority shall give notice of a hearing held under this chapter by
publication of the notice once each week for two consecutive weeks, not less than seven days,
nor more than thirty days before the date of the hearing in a paper having a general circulation in
the city where the proposed residential targeted area is located. The notice must state the time,
date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority shall adopt standards and guidelines to be utilized in considering applications and making the determinations required under RCW 84.14.060. The standards and guidelines must establish basic requirements for both new construction and rehabilitation including application process and procedures. These guidelines may include the following:
   (a) Requirements that address demolition of existing structures and site utilization; and
   (b) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located.

(2) If the application is approved, the city shall issue the owner of the property a conditional certificate of acceptance of tax exemption. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in RCW 84.14.050.

(3) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission shall state in writing the reasons for denial and send the notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority will be based upon the record made before the administrative official with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official's decision. The decision of the governing body in denying or approving the application is final.

[1995 c 375 § 10.]

RCW 84.14.080 Fees.
Applicable Cases

The governing authority may establish an application fee. This fee may not exceed an
amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee must be paid at the time the application for limited exemption is filed. If the application is approved, the governing authority shall pay the application fee to the county assessor for deposit in the county current expense fund, after first deducting that portion of the fee attributable to its own administrative costs in processing the application. If the application is denied, the governing authority may retain that portion of the application fee attributable to its own administrative costs and refund the balance to the applicant.

[1995 c 375 § 11.]

RCW 84.14.090 Filing requirements upon completion--Owner, city--Determination by city--Notice of intention of city not to file--Extension of deadline--Appeal.

Applicable Cases

(1) Upon completion of rehabilitation or new construction for which an application for limited exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner shall file with the city the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter; and

(c) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city shall determine whether the work completed is consistent with the application and the contract approved by the governing authority and is qualified for limited exemption under this chapter. The city shall also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for limited exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city determines that improvements were constructed consistent with the application and other applicable requirements and the owner's property is qualified for limited exemption under this chapter, the city shall file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section.

(4) The authorized representative of the city shall notify the applicant that a certificate of tax exemption is not going to be filed if the representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other
applicable requirements; or

(c) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city to the owner of the decision being challenged.

[1995 c 375 § 12.]

RCW 84.14.100 Report--Filing.
Applicable Cases

Thirty days after the anniversary of the date of the certificate of tax exemption and each year for a period of ten years, the owner of the rehabilitated or newly constructed property shall file with a designated agent of the city an annual report indicating the following:

(1) A statement of occupancy and vacancy of the rehabilitated or newly constructed property during the twelve months ending with the anniversary date;

(2) A certification by the owner that the property has not changed use since the date of the certificate approved by the city; and

(3) A description of changes or improvements constructed after issuance of the certificate of tax exemption.

[1995 c 375 § 13.]

Applicable Cases

(1) If improvements have been exempted under this chapter, the improvements continue to be exempted and not be converted to another use for at least ten years from date of issuance of the certificate of tax exemption. If the owner intends to convert the multifamily development to another use, the owner shall notify the assessor within sixty days of the change in use. If, after a certificate of tax exemption has been filed with the county assessor the city or assessor or agent
discovering that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements as previously approved or agreed upon by contract between the governing authority and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty must be imposed amounting to twenty percent. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority shall notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer shall either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls shall correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor shall make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The owner may appeal the valuation to the county board of
equalization under chapter 84.48 RCW. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the failure to comply was discovered.

[1995 c 375 § 14.]

Applicable Cases
If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

RCW 84.16.050 Basis of valuation--Apportionment of system value to state.
Applicable Cases

The department of revenue may, in determining the assessed value of the operating
property to be placed on the assessment roll value the entire property as a unit. If the company
owns, leases, operates or uses property partly within and partly without the state, the department
of revenue may determine the value of the operating property within this state by the proportion
that the value of such property bears to the value of the entire operating property of the company,
both within and without this state. In determining the operating property which is located within
this state the department of revenue may consider and base such determination on the proportion
which the number of car miles of the various classes of cars made in this state bears to the total
number of car miles made by the same cars within and without this state, or to the total number
of car miles made by all cars of the various classes within and without this state. If the value of
the operating property of the company cannot be fairly determined in such manner the
department of revenue may use any other reasonable and fair method to determine the value of
the operating property of the company within this state.

RCW 84.16.090 Assessment roll--Notice of valuation.
Applicable Cases

No assessment shall be invalid by a mistake in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the assessed value of the operating property of the company, as required, it shall notify the company by mail of the valuation determined by it and entered upon the roll; and thereupon such assessed valuation shall become the assessed value of the operating property of the company, subject to revision or correction by the department of revenue as hereinafter provided; and shall be the valuation upon which, after equalization by the department of revenue as hereinafter provided, the taxes of such company shall be based and computed.

Applicable Cases

Upon determination by the department of revenue of the true and correct assessed value of the property appearing on such rolls the department shall apportion such value to the respective counties entitled thereto as hereinafter provided, and shall determine the equalized or assessed valuation of such property in such counties by applying to such actual apportioned value the same ratio as the ratio of assessed to the correct assessed value of the general property of the respective counties: PROVIDED, That, whenever the amount of the true and correct assessed value of the operating property of any company otherwise apportionable to any county shall be less than two hundred fifty dollars, such amount need not be apportioned to such county but may be added to the amount apportioned to an adjacent county.

RCW 84.16.120 Basis of apportionment.

Applicable Cases

The assessed value of the property of each company as fixed and determined by the department of revenue as herein provided shall be apportioned to the respective counties in the following manner:

(1) If all the operating property of the company is situated entirely within a county and none of such property is located within, extends into, or through or is operated into or through any other county, the entire value thereof shall be apportioned to the county within which such property is situated, located, and operated.

(2) If the operating property of any company is situated or located within, extends into or is operated into or through more than one county, the value thereof shall be apportioned to the respective counties into or through which its cars are operated in the proportion that the length of main line track of the respective railroads moving such cars in such counties bears to the total length of main line track of such respective railroads in this state.

(3) If the property of any company is of such character that it will not be reasonable, feasible or fair to apportion the value as hereinabove provided, the value thereof shall be apportioned between the respective counties into or through which such property extends or is operated or in which the same is located in such manner as may be reasonable, feasible and fair.

Notes:
RCW 84.16.130 Certification to county assessors--Apportionment to taxing districts--Entry upon tax rolls.

Applicable Cases

When the department of revenue shall have determined the equalized or assessed value of the operating property of each company in the respective counties as hereinabove provided, the department of revenue shall certify such equalized or assessed value to the county assessor of the proper county; and the county assessor shall apportion and distribute such assessed or equalized valuation to and between the several taxing districts of the county entitled to a proportionate value thereof in the manner prescribed in RCW 84.16.120 for apportionment of values between counties. The county assessor shall enter such assessment upon the personal property tax rolls of the county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating company in such county for that year, upon which taxes shall be levied and collected the same as on general property of the county.

**RCW 84.26.010 Legislative findings.**

Applicable Cases

The legislature finds and declares that it is in the public interest of the people of the state of Washington to encourage maintenance, improvement, and preservation of privately owned historic landmarks as the state approaches its Centennial year of 1989. To achieve this purpose, this chapter provides special valuation for improvements to historic property.

[1985 c 449 § 1.]

**RCW 84.26.020 Definitions.**

Applicable Cases

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Historic property" means real property together with improvements thereon, except property listed in a register primarily for objects buried below ground, which is:
   (a) Listed in a local register of historic places created by comprehensive ordinance, certified by the secretary of the interior as provided in P.L. 96-515; or
   (b) Listed in the national register of historic places.

(2) "Cost" means the actual cost of rehabilitation, which cost shall be at least twenty-five percent of the assessed valuation of the historic property, exclusive of the assessed value attributable to the land, prior to rehabilitation.

(3) "Special valuation" means the determination of the assessed value of the historic property subtracting, for up to ten years, such cost as is approved by the local review board.

(4) "State review board" means the advisory council on historic preservation established under chapter 27.34 RCW, or any successor agency designated by the state to act as the state historic preservation review board under federal law.

(5) "Local review board" means a local body designated by the local legislative authority.

(6) "Owner" means the owner of record.

(7) "Rehabilitation" is the process of returning a property to a state of utility through repair or alteration, which makes possible an efficient contemporary use while preserving those portions and features of the property which are significant to its architectural and cultural values.

[1986 c 221 § 1; 1985 c 449 § 2.]

**RCW 84.26.030 Special valuation criteria.**

Applicable Cases

Four criteria must be met for special valuation under this chapter. The property must:

(1) Be an historic property;

(2) Fall within a class of historic property determined eligible for special valuation by the local legislative authority;

(3) Be rehabilitated at a cost which meets the definition set forth in RCW 84.26.020(2)
within twenty-four months prior to the application for special valuation; and

(4) Be protected by an agreement between the owner and the local review board as described in RCW 84.26.050(2).

[1986 c 221 § 2; 1985 c 449 § 3.]

**RCW 84.26.040 Application--Fees.**

Applicable Cases

An owner of property desiring special valuation under this chapter shall apply to the assessor of the county in which the property is located upon forms prescribed by the department of revenue and supplied by the county assessor. The application form shall include a statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for special valuation. Applications shall be made no later than October 1 of the calendar year preceding the first assessment year for which classification is requested. The assessor may charge only such fees as are necessary to process and record documents pursuant to this chapter.

[1986 c 221 § 3; 1985 c 449 § 4.]

**RCW 84.26.050 Referral of application to local review board--Agreement--Approval or denial.**

Applicable Cases

(1) Within ten days after the filing of the application in the county assessor's office, the county assessor shall refer each application for classification to the local review board.

(2) The review board shall approve the application if the property meets the criterion of RCW 84.26.030 and is not altered in a way which adversely affects those elements which qualify it as historically significant, and the owner enters into an agreement with the review board which requires the owner for the ten-year period of the classification to:

(a) Monitor the property for its continued qualification for the special valuation;

(b) Comply with rehabilitation plans and minimum standards of maintenance as defined in the agreement;

(c) Make the historic aspects of the property accessible to public view one day a year, if the property is not visible from the public right of way;

(d) Apply to the local review board for approval or denial of any demolition or alteration; and

(e) Comply with any other provisions in the original agreement as may be appropriate.

(3) Once an agreement between an owner and a review board has become effective pursuant to this chapter, there shall be no changes in standards of maintenance, public access, alteration, or report requirements, or any other provisions of the agreement, during the period of the classification without the approval of all parties to the agreement.

(4) An application for classification as an eligible historic property shall be approved or denied by the local review board before December 31 of the calendar year in which the application is made.

(5) The local review board is authorized to examine the records of applicants.
RCW 84.26.060 Notice to assessor of approval--Certification and filing--Notation of special valuation.

Applicable Cases

(1) The review board shall notify the county assessor and the applicant of the approval or denial of the application.

(2) If the local review board determines that the property qualifies as eligible historic property, the review board shall certify the fact in writing and shall file a copy of the certificate with the county assessor within ten days. The certificate shall state the facts upon which the approval is based.

(3) The assessor shall record the certificate with the county auditor.

(4) The assessor, as to any historic property, shall value the property under RCW 84.26.070 and, each year the historic property is classified and so valued, shall enter on the assessment list and tax roll that the property is being specially valued as historic property.

RCW 84.26.070 Valuation.

Applicable Cases

(1) The county assessor shall, for ten consecutive assessment years following the calendar year in which application is made, place a special valuation on property classified as eligible historic property.

(2) The entitlement of property to the special valuation provisions of this section shall be determined as of January 1. If property becomes disqualified for the special valuation for any reason, the property shall receive the special valuation for that part of any year during which it remained qualified or the owner was acting in the good faith belief that the property was qualified.

(3) At the conclusion of special valuation, the cost shall be considered as new construction.

RCW 84.26.080 Duration of special valuation--Notice of disqualification.

Applicable Cases

(1) When property has once been classified and valued as eligible historic property, it shall remain so classified and be granted the special valuation provided by RCW 84.26.070 for ten years or until the property is disqualified by:

   (a) Notice by the owner to the assessor to remove the special valuation;
   (b) Sale or transfer to an ownership making it exempt from property taxation; or
   (c) Removal of the special valuation by the assessor upon determination by the local review board that the property no longer qualifies as historic property or that the owner has failed to comply with the conditions established under RCW 84.26.050.
(2) The sale or transfer to a new owner or transfer by reason of death of a former owner to a new owner does not disqualify the property from the special valuation provided by RCW 84.26.070 if:

(a) The property continues to qualify as historic property; and

(b) The new owner files a notice of compliance with the assessor of the county in which the property is located. Notice of compliance forms shall be prescribed by the state department of revenue and supplied by the county assessor. The notice shall contain a statement that the new owner is aware of the special valuation and of the potential tax liability involved when the property ceases to be valued as historic property under this chapter. The signed notice of compliance shall be attached to the real estate excise tax affidavit provided for in *RCW 82.45.120. If the notice of compliance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to RCW 84.26.090 shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of specially valued historic property for filing or recording unless the new owner has signed the notice of compliance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer.

(3) When the property ceases to qualify for the special valuation the owner shall immediately notify the state or local review board.

(4) Before the additional tax or penalty imposed by RCW 84.26.090 is levied, in the case of disqualification, the assessor shall notify the taxpayer by mail, return receipt requested, of the disqualification.

[1999 c 233 § 19; 1986 c 221 § 6; 1985 c 449 § 8.]

Notes:
*Reviser's note: RCW 82.45.120 was repealed by 1993 sp.s. c 25 § 512, effective July 1, 1993.
Effective date--1999 c 233: See note following RCW 4.28.320.

**RCW 84.26.090 Disqualification for valuation--Additional tax--Lien--Exceptions from additional tax.**

Applicable Cases

(1) Except as provided in subsection (3) of this section, whenever property classified and valued as eligible historic property under RCW 84.26.070 becomes disqualified for the valuation, there shall be added to the tax an additional tax equal to:

(a) The cost multiplied by the levy rate in each year the property was subject to special valuation; plus

(b) Interest on the amounts of the additional tax at the statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the property had not been valued as historic property under this chapter; plus

(c) A penalty equal to twelve percent of the amount determined in (a) and (b) of this subsection.

(2) The additional tax and penalties, together with applicable interest thereon, shall become a lien on the property which shall have priority to and shall be fully paid and satisfied
before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the property may become charged or liable.

(3) The additional tax, interest, and penalty shall not be imposed if the disqualification resulted solely from:
   (a) Sale or transfer of the property to an ownership making it exempt from taxation;
   (b) Alteration or destruction through no fault of the owner; or
   (c) A taking through the exercise of the power of eminent domain.

[1986 c 221 § 7; 1985 c 449 § 9.]

**RCW 84.26.100 Payment of additional tax--Distribution.**

Applicable Cases

The additional tax, penalties, and/or interest provided by RCW 84.26.090 shall be payable in full thirty days after the date which the treasurer's statement therefor is rendered. Such additional tax when collected shall be distributed by the county treasurer in the same manner in which current taxes applicable to the subject land are distributed.

[1985 c 449 § 10.]

**RCW 84.26.110 Special valuation--Request for assistance from state historic preservation officer authorized.**

Applicable Cases

The local legislative authority and the local review board may request the assistance of the state historic preservation officer in conducting special valuation activities.

[1985 c 449 § 11.]

**RCW 84.26.120 Rules.**

Applicable Cases

The state review board shall adopt rules necessary to carry out the purposes of this chapter. The rules shall include rehabilitation and maintenance standards for historic properties to be used as minimum requirements by local review boards to ensure that the historic property is safe and habitable, including but not limited to:

(1) Elimination of visual blight due to past neglect of maintenance and repair to the exterior of the building, including replacement of broken or missing doors and windows, repair of deteriorated architectural features, and painting of exterior surfaces;

(2) Correction of structural defects and hazards;

(3) Protection from weather damage due to defective roofing, flashings, glazing, caulking, or lack of heat; and

(4) Elimination of any condition on the premises which could cause or augment fire or explosion.

[1985 c 449 § 12.]

**RCW 84.26.130 Appeals from decisions on applications.**
Applicable Cases

Any decision by a local review board on an application for classification as historic property eligible for special valuation may be appealed to superior court under RCW 34.05.510 through 34.05.598 in addition to any other remedy at law. Any decision on the disqualification of historic property eligible for special valuation, or any other dispute, may be appealed to the county board of equalization.

### RCW 84.33.010 Legislative findings.

#### Applicable Cases

As a result of the study and analysis of systems of taxation of standing timber and forest lands by the forest tax committee pursuant to Senate Concurrent Resolution No. 30 of the 41st session of the legislature, and the recommendations of the committee based thereon, the legislature hereby finds that:

1. The public welfare requires that this state's system for taxation of timber and forest lands be modernized to assure the citizens of this state and its future generations the advantages...
to be derived from the continuous production of timber and forest products from the significant area of privately owned forests in this state. It is this state's policy to encourage forestry and restocking and reforesting of such forests so that present and future generations will enjoy the benefits which forest areas provide in enhancing water supply, in minimizing soil erosion, storm and flood damage to persons or property, in providing a habitat for wild game, in providing scenic and recreational spaces, in maintaining land areas whose forests contribute to the natural ecological equilibrium, and in providing employment and profits to its citizens and raw materials for products needed by everyone.

(2) The combination of variations in quantities, qualities and locations of timber and forest lands, the fact that market areas for timber products are nation-wide and world-wide and the unique long term nature of investment costs and risks associated with growing timber, all make exceedingly difficult the function of valuing and assessing timber and forest lands.

(3) The existing ad valorem property tax system is unsatisfactory for taxation of standing timber and forest land and will significantly frustrate, to an ever increasing degree with the passage of time, the perpetual enjoyment of the benefits enumerated above.

(4) For these reasons it is desirable, in exercise of the powers to promote the general welfare and to impose taxes; that

(a) the ad valorem system for taxing timber be modified and discontinued in stages over a three year period during which such system will be replaced by one under which timber will be taxed on the basis of stumpage value at the time of harvest, and

(b) forest land remain under the ad valorem taxation system but be taxed only as provided in this chapter and RCW 28A.150.250.

RCW 84.33.020 Classification of timberlands.
Applicable Cases
Lands not heretofore so classified, which are primarily devoted to and used for growing and harvesting timber are hereby classified as lands devoted to reforestation and such lands and timber shall be taxed in accordance with the provisions of this chapter and RCW 28A.150.250.

[1990 c 33 § 599; 1984 c 204 § 17; 1971 ex.s. c 294 § 2.]

Notes:
Savings--Effective date--1984 c 204: See notes following RCW 84.33.035.

RCW 84.33.035 Definitions.
Applicable Cases
Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.
(1) "Agricultural methods" means the cultivation of trees that are grown on land prepared by intensive cultivation and tilling, such as irrigating, plowing, or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising trees such as Christmas trees and short-rotation hardwoods.

(2) "Composite property tax rate" for a county means the total amount of property taxes levied upon forest lands by all taxing districts in the county other than the state, divided by the total assessed value of all forest land in the county.

(3) "Forest land" means forest land which is classified or designated forest land under this chapter.

(4) "Harvested" means the time when in the ordinary course of business the quantity of timber by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(5) "Harvester" means every person who from the person's own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use: PROVIDED, That whenever the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, the harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in such timber. The term "harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(6) "Short-rotation hardwoods" means hardwood trees, such as but not limited to hybrid cottonwoods, cultivated by agricultural methods in growing cycles shorter than ten years.

(7) "Stumpage value of timber" means the appropriate stumpage value shown on tables prepared by the department of revenue under RCW 84.33.091, provided that for timber harvested from public land and sold under a competitive bidding process, stumpage value shall mean that actual amount paid to the seller in cash or other consideration. Whenever payment for the stumpage includes considerations other than cash, the value shall be the fair market value of the other consideration, provided that if the other consideration is permanent roads, the value of the roads shall be the appraised value as appraised by the seller.

(8) "Timber" means forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees and short-rotation hardwoods.

(9) "Timber assessed value" for a county means a value, calculated by the department of revenue before October 1 of each year, equal to the total stumpage value of timber harvested from privately owned land in the county during the most recent four calendar quarters for which the information is available multiplied by a ratio. The numerator of the ratio is the rate of tax imposed by the county under RCW 84.33.051 for the year of the calculation. The denominator of
the ratio is the composite property tax rate for the county for taxes due in the year of the
calculation, expressed as a percentage of assessed value.

(10) "Timber assessed value" for a taxing district means the timber assessed value for the
county multiplied by a ratio. The numerator of the ratio is the total assessed value of forest land
in the taxing district. The denominator is the total assessed value of forest land in the county. As
used in this section, "assessed value of forest land" means the assessed value of forest land for
taxes due in the year the timber assessed value for the county is calculated.

RCW 84.33.073 Definitions.

Applicable Cases

As used in RCW 84.33.073 and 84.33.074, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Small harvester" means every person who from his own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use in an amount not exceeding two million board feet in a calendar year: PROVIDED, That whenever the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, not exceeding these amounts, the small harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in such timber. "Small harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester, and it does not include harvesters of Christmas trees.

(2) "Timber" means forest trees, standing or down, on privately or publicly owned land.

(3) "Harvesting and marketing costs" means only those costs directly associated with harvesting the timber from the land and delivering it to the buyer and may include the costs of
disposing of logging residues but it does not include any other costs which are not directly and exclusively related to harvesting and marketing of the timber such as costs of permanent roads or costs of reforestering the land following harvest.

RCW 84.33.074 Excise tax on harvesters of timber--Calculation of tax by small harvesters--Election--Filing form.

Applicable Cases

(1) A small harvester may elect to calculate the tax imposed by this chapter in the manner provided in this section.

(2) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) Timber values shall be determined by either of the following methods, whichever is most appropriate to the circumstances of the harvest:

(a) When standing timber is sold on the stump, the taxable value is the actual gross receipts received by the landowner from the sale of the standing timber.

(b) When timber is sold after it has been harvested, the taxable value is the actual gross receipts from sale of the harvested timber minus the costs of harvesting and marketing the timber. When the taxpayer is unable to provide documented proof of harvesting and marketing costs, this deduction for harvesting and marketing costs shall be a percentage of the gross receipts from sale of the harvested timber as determined by the department of revenue but in no case less than twenty-five percent.

(4) The department of revenue shall prescribe a short filing form which shall be as simple as possible.

RCW 84.33.075 Excise tax on harvesters of timber—Exemption for certain nonprofit organizations, associations, or corporations.

Applicable Cases

The excise tax imposed by this chapter shall not apply to any timber harvested by a nonprofit organization, association, or corporation from forest lands owned by it, where such lands are exempt from property taxes under RCW 84.36.030, and where all of the income and receipts of the nonprofit organization, association, or corporation derived from such timber sales are used solely for the expense of promoting, operating, and maintaining youth programs which are equally available to all, regardless of race, color, national origin, ancestry, or religious belief.

In order to determine whether the harvesting of timber by a nonprofit organization, association, or corporation is exempt, the director of the department of revenue shall have access to its books.

For the purposes of this section, a "nonprofit" organization, association, or corporation is one: (1) Which pays no part of its income directly or indirectly to its members, stockholders, officers, directors, or trustees except in the form of services rendered by the organization, association, or corporation in accordance with its purposes and bylaws; and (2) which pays salary or compensation to its officers only for actual services rendered, and at levels comparable to the salary or compensation of like positions within the public services of the state.

RCW 84.33.0775 Timber harvest tax credit.

Applicable Cases

(1) A taxpayer is allowed a credit against the tax imposed under RCW 84.33.041 for timber harvested on and after January 1, 2000, under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources
(2)(a) For a person other than a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by eight-tenths of one percent.

(b) For a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to sixteen percent of the tax imposed under this chapter.

(c) The amount of credit claimed by a taxpayer under this section shall be reduced by the amount of any compensation received from the federal government for reduced timber harvest due to enhanced aquatic resource requirements. If the amount of compensation from the federal government exceeds the amount of credit available to a taxpayer in any reporting period, the excess shall be carried forward and applied against credits in future reporting periods. This subsection does not apply to small harvesters as defined in RCW 84.33.073.

(d) Refunds may not be given in place of credits. Credit may not be claimed in excess of tax owed. The department of revenue shall disallow any credits, used or unused, upon written notification from the department of natural resources of a final decision that timber for which credit was claimed was not harvested under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(3) As used in this section, a forest practices notification or application is subject to enhanced aquatic resource requirements if it includes, in whole or in part, riparian area, wetland, or steep or unstable slope from which the operator is limited, by rule adopted under RCW 76.09.055, 34.05.090, 43.21C.250, and 76.09.370, or any federally approved habitat conservation plan or department of natural resources approved watershed analysis, from harvesting timber, or if a road is included within or adjacent to the area covered by such notification or application and the road is covered by a road maintenance plan approved by the department of natural resources under rules adopted under chapter 76.09 RCW, the forest practices act, or a federally approved habitat conservation plan.

(4) For forest practices notification or applications submitted after January 1, 2000, the department of natural resources shall indicate whether the notification or application is subject to enhanced aquatic resource requirements and, unless notified of a contrary determination by the forest practices appeals board, the department of revenue shall use such indication in determining the credit to be allowed against the tax assessed under RCW 84.33.041. The department of natural resources shall develop revisions to the form of the forest practices notifications and applications to provide a space for the applicant to indicate and the department of natural resources to confirm or not confirm, whether the notification or application is subject to enhanced aquatic resource requirements. For forest practices notifications or applications submitted before January 1, 2000, the applicant may submit the approved notification or application to the department of natural resources for confirmation that the notification or application is subject to enhanced aquatic resource requirements. Upon any such submission, the department of natural resources will within thirty days confirm or deny that the notification or application is subject to enhanced aquatic resource requirements and will forward separate evidence of each confirmation to the department of revenue. Unless notified of a contrary ruling
by the forest practices appeals board, the department of revenue shall use the separate confirmations in determining the credit to be allowed against the tax assessed under RCW 84.33.041.

(5) A refusal by the department of natural resources to confirm that a notification or application is subject to enhanced aquatic resources requirements may be appealed to the forest practices appeals board under RCW 76.09.220.

(6) A person receiving approval of credit must keep records necessary for the department of revenue to verify eligibility under this section.

RCW 84.33.081 Distributions from timber tax distribution account--Distributions from county timber tax account.
Applicable Cases

(1) On the last business day of the second month of each calendar quarter, the state treasurer shall distribute from the timber tax distribution account to each county the amount of tax collected on behalf of each county under RCW 84.33.051, less each county's proportionate share of appropriations for collection and administration activities under RCW 84.33.051, and shall transfer to the state general fund the amount of tax collected on behalf of the state under RCW 84.33.041, less the state's proportionate share of appropriations for collection and administration activities under RCW 84.33.041. The county treasurer shall deposit moneys received under this section in a county timber tax account which shall be established by each county. Following receipt of moneys under this section, the county treasurer shall make distributions from any moneys available in the county timber tax account to taxing districts in the county, except the state, under subsections (2) through (4) of this section.
(2) From moneys available, there first shall be a distribution to each taxing district having debt service payments due during the calendar year, based upon bonds issued under authority of a vote of the people conducted pursuant to RCW 84.52.056 and based upon excess levies for a capital project fund authorized pursuant to RCW 84.52.053, of an amount equal to the timber assessed value of the district multiplied by the tax rate levied for payment of the debt service and capital projects: PROVIDED, That in respect to levies for a debt service or capital project fund authorized before July 1, 1984, the amount allocated shall not be less than an amount equal to the same percentage of such debt service or capital project fund represented by timber tax allocations to such payments in calendar year 1984. Distribution under this subsection (2) shall be used only for debt service and capital projects payments. The distribution under this subsection shall be made as follows: One-half of such amount shall be distributed in the first quarter of the year and one-half shall be distributed in the third quarter of the year.

(3) From the moneys remaining after the distributions under subsection (2) of this section, the county treasurer shall distribute to each school district an amount equal to one-half of the timber assessed value of the district or eighty percent of the timber roll of such district in calendar year 1983 as determined under this chapter, whichever is greater, multiplied by the tax rate, if any, levied by the district under RCW 84.52.052 or 84.52.053 for purposes other than debt service payments and capital projects supported under subsection (2) of this section. The distribution under this subsection shall be made as follows: One-half of such amount shall be distributed in the first quarter of the year and one-half shall be distributed in the third quarter of the year.

(4) After the distributions directed under subsections (2) and (3) of this section, if any, each taxing district shall receive an amount equal to the timber assessed value of the district multiplied by the tax rate, if any, levied as a regular levy of the district or as a special levy not included in subsection (2) or (3) of this section.

(5) If there are insufficient moneys in the county timber tax account to make full distribution under subsection (4) of this section, the county treasurer shall multiply the amount to be distributed to each taxing district under that subsection by a fraction. The numerator of the fraction is the county timber tax account balance before making the distribution under that subsection. The denominator of the fraction is the account balance which would be required to make full distribution under that subsection.

(6) After making the distributions under subsections (2) through (4) of this section in the full amount indicated for the calendar year, the county treasurer shall place any excess revenue up to twenty percent of the total distributions made for the year under subsections (2) through (4) of this section in a reserve status until the beginning of the next calendar year. Any moneys remaining in the county timber tax account after this amount is placed in reserve shall be distributed to each taxing district in the county in the same proportions as the distributions made under subsection (4) of this section.

**Applicable Cases**

(1) The department of revenue shall designate areas containing timber having similar growing, harvesting, and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within these units. The stumpage value shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. These stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions, and all other relevant factors from:

(a) Gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities;

(b) Gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest; or

(c) A combination of (a) and (b) of this subsection.

(2) Upon application from any person who plans to harvest damaged timber, the
stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood, or other sudden unforeseen cause, the department shall revise the stumpage value tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying the tax.

(3) The preliminary area designations and stumpage value tables and any revisions thereof are subject to review by the ways and means committees of the house of representatives and senate prior to finalization. Tables of stumpage values shall be signed by the director or the director's designee. A copy thereof shall be mailed to anyone who has submitted to the department a written request for a copy.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

*Reviser's note: Chapter 84.28 RCW was decodified pursuant to 1991 c 245 § 41; and subsequently repealed by 1994 c 122 § 1.

Purpose--1981 c 148: "(1) One of the purposes of this act is to establish the values for ad valorem tax purposes of bare forest land which is primarily devoted to and used for growing and harvesting timber without consideration of other potential uses of the land and to provide a procedure for adjusting the values in future years to reflect economic changes which may affect the value established in this act.

(2) Chapter 294, Laws of 1971 ex. sess., as originally enacted, required the department of revenue annually to analyze forest land transactions to ascertain the market value of bare forest land purchased and used exclusively for growing and harvesting timber. Most transactions involving forest land include mature and immature timber with no segregation by the parties between the amounts paid for timber and bare land. The examination of these transactions by the department to ascertain the prices being paid for only the bare land has proven to be very difficult, time consuming, and subject to recurring legal challenge. Samples are small in relation to the total acreage of forest land involved and the administrative time and costs required for the annual analyses are excessive in relation to the changes from year to year which have been observed in the value of bare forest land. This act eliminates most of these administrative costs by establishing the current bare forest land values and by providing a procedure for periodic adjustment of the values which does not require continuing and costly analysis of the numerous forest land transactions throughout the state." [1981 c 148 § 11.]

Severability--1981 c 148: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 148 § 15.]

Effective dates--1981 c 148: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately [May 14, 1981], except for section 13 of this act which shall take effect September 1, 1981." [1981 c 148 § 16.]

Severability--1974 ex.s. c 187: "If any provision of this 1974 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 187 § 20.]

The department shall conduct such review in the county where the land is located. The forest land owner shall have the right to reasonably present testimony and data in support of his contentions. Following such review, except as provided below in RCW 84.33.116 and 84.33.118, the decision of the department shall be final.
RCW 84.33.114 Forest land valuation--Grading forest land--Certification of grades to department of revenue by department of natural resources.

Within three months following the hearing in each county held pursuant to RCW 84.33.112, the department of natural resources shall certify to the department of revenue the grades of all forest land in such county. If at that time the grade of any specific forest land is under review or has not been determined following such review, its grade shall be certified when the review is completed. If any privately owned land not initially determined to be forest land is determined to be forest land subsequent to 1980, the grade of such land shall be certified to the department of revenue promptly after such determination.

Applicable Cases
(1) On or before May 31, 1982, and on or before May 31 next succeeding the certification of forest land grades with respect to land determined to be forest land after 1980, the assessor shall mail a notice to each owner of forest land stating the number of acres of each grade of forest land included in any tax parcel to which the notice applies. Any such notice mailed prior to 1982 shall plainly advise the forest land owner that the grades established for his forest land will not be used as a basis for assessment of such forest land until the assessment year 1982 for taxes payable in 1983.

(2) In addition to any other remedies provided by law, any owner who feels aggrieved by the forest land grade determined for any forest land owned by him may petition the county board of equalization for correction of such grade. The department of revenue shall appear before the board and defend the determination of such grade. The board shall have jurisdiction to review such petition and may grant or deny the relief requested. The decision of the board may be appealed to the board of tax appeals under RCW 84.08.130.

Applicable Cases

(1) In preparing the assessment rolls as of January 1, 1982, for taxes payable in 1983 and each January 1st thereafter, the assessor shall list each parcel of forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (2) of this section and shall compute the assessed value of the land by using the same assessment ratio

(2) On or before December 31, 1981, the department shall adjust, by rule under chapter 34.05 RCW, the forest land values contained in subsection (1) of this section in accordance with this subsection, and shall certify these adjusted values to the county assessor for his or her use in preparing the assessment rolls as of January 1, 1982. For the adjustment to be made on or before December 31, 1981, for use in the 1982 assessment year, the department shall:

   (a) Divide the aggregate value of all timber harvested within the state between July 1, 1976, and June 30, 1981, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

   (b) Divide the aggregate value of all timber harvested within the state between July 1, 1975, and June 30, 1980, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 82.04.291 and 84.33.071; and

   (c) Adjust the forest land values contained in subsection (1) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

For the adjustments to be made on or before December 31, 1982, and each succeeding year thereafter, the same procedure shall be followed as described in this subsection utilizing harvester excise tax returns filed under RCW 82.04.291 and this chapter except that this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(3) In preparing the assessment roll for 1972 and each year thereafter, the assessor shall enter as the true and fair value of each parcel of forest land the appropriate grade value certified
to him or her by the department of revenue, and he or she shall compute the assessed value of such land by using the same assessment ratio he or she applies generally in computing the assessed value of other property in his or her county. In preparing the assessment roll for 1975 and each year thereafter, the assessor shall assess and value as classified forest land all forest land that is not then designated pursuant to RCW 84.33.120(4) or 84.33.130 and shall make a notation of such classification upon the assessment and tax rolls. On or before January 15 of the first year in which such notation is made, the assessor shall mail notice by certified mail to the owner that such land has been classified as forest land and is subject to the compensating tax imposed by this section. If the owner desires not to have such land assessed and valued as classified forest land, he or she shall give the assessor written notice thereof on or before March 31 of such year and the assessor shall remove from the assessment and tax rolls the classification notation entered pursuant to this subsection, and shall thereafter assess and value such land in the manner provided by law other than this chapter 84.33 RCW.

(4) In any year commencing with 1972, an owner of land which is assessed and valued by the assessor other than pursuant to the procedures set forth in RCW 84.33.110 and this section, and which has, in the immediately preceding year, been assessed and valued by the assessor as forest land, may appeal to the county board of equalization by filing an application with the board in the manner prescribed in subsection (2) of RCW 84.33.130. The county board shall afford the applicant an opportunity to be heard if the application so requests and shall act upon the application in the manner prescribed in subsection (3) of RCW 84.33.130.

(5) Land that has been assessed and valued as classified forest land as of any year commencing with 1975 assessment year or earlier shall continue to be so assessed and valued until removal of classification by the assessor only upon the occurrence of one of the following events:

(a) Receipt of notice from the owner to remove such land from classification as forest land;

(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;

(c) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that, because of actions taken by the owner, such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from classification if a governmental agency, organization, or other recipient identified in subsection (9) or (10) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in classified forest land by means of a transaction that qualifies for an exemption under subsection (9) or (10) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the classified land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(d) Determination that a higher and better use exists for such land than growing and harvesting timber after giving the owner written notice and an opportunity to be heard;
(e) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (7) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (7) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals.

The assessor shall remove classification pursuant to (c) or (d) of this subsection prior to September 30 of the year prior to the assessment year for which termination of classification is to be effective. Removal of classification as forest land upon occurrence of (a), (b), (d), or (e) of this subsection shall apply only to the land affected, and upon occurrence of (c) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber: PROVIDED, That any remaining classified forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(6) Within thirty days after such removal of classification as forest land, the assessor shall notify the owner in writing setting forth the reasons for such removal. The owner of such land shall thereupon have the right to apply for designation of such land as forest land pursuant to subsection (4) of this section or RCW 84.33.130. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(7) Unless the owner successfully applies for designation of such land or unless the removal is reversed on appeal, notation of removal from classification shall immediately be made upon the assessment and tax rolls, and commencing on January 1 of the year following the year in which the assessor made such notation, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (5)(e), (9), or (10) of this section and unless the assessor shall not have mailed notice of classification pursuant to subsection (3) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference, if any, between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years, commencing with assessment year 1975, for which such land was assessed and valued as forest
land.

(8) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from classification as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(9) The compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (7) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(10) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (7) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (5) of this section resulted solely from:

(a) An action described in subsection (9) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest
being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

(11) With respect to any land that has been designated prior to May 6, 1974, pursuant to RCW 84.33.120(4) or 84.33.130, the assessor may, prior to January 1, 1975, on his or her own motion or pursuant to petition by the owner, change, without imposition of the compensating tax provided under RCW 84.33.140, the status of such designated land to classified forest land.

   (i) Whether such land is subject to forest fire protection assessments pursuant to RCW
76.04.610;

(j) Whether such land is subject to a lease, option or other right which permits it to be used for any purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as forest land;

(n) An affirmation that the statements contained in the application are true and that the land described in the application is, by itself or with other forest land not included in the application, in contiguous ownership of twenty or more acres which is primarily devoted to and used for growing and harvesting timber.

The assessor shall afford the applicant an opportunity to be heard if the application so requests.

(3) The assessor shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain either a "merchantable stand of timber" or an "adequate stocking" as defined by rule adopted by the forest practices board, except this reason (a) shall not alone be sufficient for denial of the application (i) if such land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or such longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within such land do not meet such minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;

(b) The applicant, with respect to such land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling such ordinary high tide line and two hundred feet horizontally landward therefrom, except that if the higher and better use determined by the assessor to exist for such land would not be permitted or economically feasible by virtue of any federal, state or local law or regulation such land shall be assessed and valued pursuant to the procedures set forth in RCW 84.33.110 and 84.33.120 without being designated. The application shall be deemed to have been approved unless, prior to May 1, of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied.

(4) An owner who receives notice pursuant to subsection (3) of this section that his or her application has been denied may appeal such denial to the county board of equalization.

RCW 84.33.140 Forest land valuation--Notation of forest land designation upon assessment and tax rolls--Notice of continuance--Removal of designation--Compensating tax.

Applicable Cases

(1) When land has been designated as forest land pursuant to RCW 84.33.120(4) or 84.33.130, a notation of such designation shall be made each year upon the assessment and tax rolls, a copy of the notice of approval together with the legal description or assessor's tax lot numbers for such land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and such land shall be graded and valued pursuant to RCW 84.33.110 and 84.33.120 until removal of such designation by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove such designation;
(b) Sale or transfer to an ownership making such land exempt from ad valorem taxation;
(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of classification. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated pursuant to subsection (3) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (3) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;
(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:
   (i) Such land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (5) or (6) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in designated forest land by means of a transaction that qualifies for an exemption under subsection (5) or (6) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more.
than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control and forest debris provisions of Title 76 RCW or any applicable regulations thereunder; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

Removal of designation upon occurrence of any of (a) through (c) of this subsection shall apply only to the land affected, and upon occurrence of (d) of this subsection shall apply only to the actual area of land no longer primarily devoted to and used for growing and harvesting timber, without regard to other land that may have been included in the same application and approval for designation: PROVIDED, That any remaining designated forest land meets necessary definitions of forest land pursuant to RCW 84.33.100.

(2) Within thirty days after such removal of designation of forest land, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(3) Unless the removal is reversed on appeal a copy of the notice of removal with notation of the action, if any, upon appeal, together with the legal description or assessor's tax lot numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded, and commencing on January 1 of the year following the year in which the assessor mailed such notice, such land shall be assessed on the same basis as real property is assessed generally in that county. Except as provided in subsection (1)(c), (5), or (6) of this section, a compensating tax shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the compensating tax. As soon as possible, the assessor shall compute the amount of such compensating tax and mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such compensating tax shall be equal to the difference between the amount of tax last levied on such land as forest land and an amount equal to the new assessed valuation of such land multiplied by the dollar rate of the last levy extended against such land, multiplied by a number, in no event greater than ten, equal to the number of years for which such land was designated as forest land.

(4) Compensating tax, together with applicable interest thereon, shall become a lien on such land which shall attach at the time such land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereafter become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(5) The compensating tax specified in subsection (3) of this section shall not be imposed if the removal of designation pursuant to subsection (1) of this section resulted solely from:
(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW: PROVIDED, That at such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (3) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of such land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(g) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(6) In a county with a population of more than one million inhabitants, the compensating tax specified in subsection (3) of this section shall not be imposed if the removal of classification as forest land pursuant to subsection (1) of this section resulted solely from:

(a) An action described in subsection (5) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

RCW 84.33.145 Compensating tax--Deferral upon application for classification under
RCW 84.34.020--Computation of tax--Exemption.

Applicable Cases

(1) If no later than thirty days after removal of classification or designation the owner
applies for classification under RCW 84.34.020 (1), (2), or (3), then the classified or designated
forest land shall not be considered removed from classification or designation for purposes of the
compensating tax under RCW 84.33.120 or 84.33.140 until the application for current use
classification under RCW 84.34.030 is denied or the property is removed from designation under
RCW 84.34.108. Upon removal from designation under RCW 84.34.108, the amount of
compensating tax due under this chapter shall be equal to:

(a) The difference, if any, between the amount of tax last levied on such land as forest
land and an amount equal to the new assessed valuation of such land when removed from
designation under RCW 84.34.108 multiplied by the dollar rate of the last levy extended against
such land, multiplied by

(b) A number equal to:

   (i) The number of years the land was classified or designated under this chapter, if the
total number of years the land was classified or designated under this chapter and classified under
chapter 84.34 RCW is less than ten; or

   (ii) Ten minus the number of years the land was classified under chapter 84.34 RCW, if
the total number of years the land was classified or designated under this chapter and classified
under chapter 84.34 RCW is at least ten.

(2) Nothing in this section authorizes the continued classification or designation under
this chapter or defers or reduces the compensating tax imposed upon forest land not transferred to
classification under subsection (1) of this section which does not meet the necessary definitions
of forest land under RCW 84.33.100. Nothing in this section affects the additional tax imposed
under RCW 84.34.108.

(3) In a county with a population of more than one million inhabitants, no amount of
compensating tax is due under this section if the removal from classification under RCW
84.34.108 results from a transfer of property described in RCW 84.34.108(6).

RCW 84.33.200 Legislative review of timber tax system--Information and data to be furnished.

Applicable Cases

(1) The legislature shall review the system of distribution and allocation of all timber excise tax revenues in January 1975 and each year thereafter to provide a uniform and equitable distribution and allocation of such revenues to the state and local taxing districts.

(2) In order to allow legislative review of the rules to be adopted by the department of revenue establishing the stumpage values provided for in RCW 84.33.091, such rules shall be effective not less than sixty days after transmitting to the staffs of the senate and house ways and means committees (or their successor committees) the same proposed rules as have been previously filed with the office of the code reviser pursuant to RCW 34.05.320.

(3) The department of revenue and the department of natural resources shall make available to the revenue committees of the senate and house of representatives of the state legislature information and data, as it may be available, pertaining to the status of forest land grading throughout the state, the collection of timber excise tax revenues, the distribution and allocation of timber excise tax revenues to the state and local taxing districts, and any other information as may be necessary for the proper legislative review and implementation of the timber excise tax system, and in addition, the departments shall provide an annual report of such matters in January of each year to such committees.
RCW 84.33.210 Forest land valuation--Special benefit assessments or charges--Exemption--Levy, collection, and enforcement--Notice--Financed services.

Applicable Cases

(1) Any forest land that is designated for classification pursuant to chapter 84.33 RCW at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (a) to create a local improvement district, in which such land is included or would have been included but for such classification designation, or (b) to approve or confirm a final special benefit assessment roll relating to a sanitary or storm sewerage system, domestic water supply or distribution system, or road construction or improvement, which roll would have included such land but for such classification designation, shall be exempt from special benefit assessments or charges in lieu of assessment for such purposes as long as that land remains in such classification, except as otherwise provided in RCW 84.33.250.

(2) Whenever a local government creates a local improvement district, the levying, collection, and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided pursuant to the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes forest land shall be filed with the county assessor and the legislative authority of the county in which such land is located. The county assessor, upon receiving notice of the creation of such a local improvement district, shall send a notice to the owner of the forest lands listed on the tax rolls of the applicable county treasurer of:

(a) The creation of the local improvement district;
(b) The exemption of that land from special benefit assessments;
(c) The fact that the forest land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and
(d) The potential liability, pursuant to RCW 84.33.220, if the exemption is not waived and the land is subsequently removed from the forest land status.

(3) When a local government approves and confirms a special benefit assessment roll, from which forest land has been exempted pursuant to this section, it shall file a notice of such action with the county assessor and the legislative authority of the county in which such land is located and with the treasurer of that local government, which notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment that would have been levied against the land if it had not been exempted. The filing of such notice with the county assessor and the treasurer of that local government shall
constitute constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that such exempt land is subject to the charges provided in RCW 84.33.220 and 84.33.230, if such land is withdrawn or removed from its classification as forest land.

(4) The owner of the land exempted from special benefit assessments pursuant to this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the county assessor, but the failure of such filing shall not affect the waiver.

(5) Except to the extent provided in RCW 84.33.250, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to such exempted land.

[1992 c 52 § 7.]

**RCW 84.33.220 Forest land valuation--Withdrawal from classification or change in use--Liability.**

Applicable Cases

Whenever forest land has once been exempted from special benefit assessments pursuant to RCW 84.33.210, any withdrawal from classification or change in use from forest land under chapter 84.33 RCW shall result in the following:

(1) If the bonds used to fund the improvement in the local improvement district have not been completely retired, such land shall immediately become liable for:

   (a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.33.210; plus

   (b) Interest on the amount determined in (a) of this subsection, compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.33.210 to the time the owner withdraws such land from the exemption category provided by this chapter; or

(2) If the bonds used to fund the improvement in the local improvement district have been completely retired, such land shall immediately become liable for:

   (a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.33.210; plus

   (b) Interest on the amount determined in (a) of this subsection compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.33.210, to the time the bonds used to fund the improvement have been retired; plus

   (c) Interest on the total amount determined in (a) and (b) of this subsection at a simple per annum rate equal to the average rate of inflation from the time the bonds used to fund the improvement have been retired to the time the owner withdraws such lands from the exemption category provided by this chapter;
(3) The amount payable pursuant to this section shall become due on the date such land is withdrawn or removed from its forest land classification and shall be a lien on the land prior and superior to any other lien whatsoever except for the lien for general taxes, and shall be enforceable in the same manner as the collection of special benefit assessments are enforced by that local government.

[1992 c 52 § 8.]

**RCW 84.33.230 Forest land valuation--Change in classification--Notice.**

Applicable Cases

Whenever forest land is withdrawn or removed from its forest land classification, the county assessor of the county in which such land is located shall forthwith give written notice of such withdrawal or removal to the local government or its successor that had filed with the assessor the notice required by RCW 84.33.210. Upon receipt of the notice from the assessor, the local government shall mail a written statement to the owner of such land for the amounts payable as provided in RCW 84.33.220. Such amounts due shall be delinquent if not paid within one hundred eighty days after the date of mailing of the statement, and shall be subject to the same interest, penalties, lien priority, and enforcement procedures that are applicable to delinquent assessments on the assessment roll from which that land had been exempted, except that the rate of interest charged shall not exceed the rate provided in RCW 84.33.220.

[1992 c 52 § 9.]

**RCW 84.33.240 Forest land valuation--Change in classification or use--Application of payments.**

Applicable Cases

Payments collected pursuant to RCW 84.33.220 and 84.33.230, or by enforcement procedures referred to therein, after the payment of the expenses of their collection, shall first be applied to the payment of general or special debt incurred to finance the improvements related to the special benefit assessments, and, if such debt is retired, then into the maintenance fund or general fund of the governmental entity that created the local improvement district, or its successor, for any of the following purposes: (1) Redemption or servicing of outstanding obligations of the district; (2) maintenance expenses of the district; or (3) construction or acquisition of any facilities necessary to carry out the purpose of the district.

[1992 c 52 § 10.]

**RCW 84.33.250 Forest land valuation--Special benefit assessments.**

Applicable Cases

The department of revenue shall adopt rules it shall deem necessary to implement RCW 84.33.100 and 84.33.210 through 84.33.270, which shall include, but not be limited to, procedures to determine the extent to which a portion of the land otherwise exempt may be subject to a special benefit assessment for: (1) The actual connection to the domestic water system or sewerage facilities; (2) for access to the road improvement in relation to its value as
forest land as distinguished from its value under more intensive uses; and (3) for such lands that benefit from or cause the need for a local improvement district. The provision for limited special benefit assessments shall not relieve such land from liability for the amounts provided in RCW 84.33.220 and 84.33.230 when such land is withdrawn or removed from its forest land classification.

[1992 c 52 § 11.]

**RCW 84.33.260 Forest land valuation--Withdrawal from classification or change in use--Benefit assessments.**

Applicable Cases

Whenever a portion of a parcel of land that was classified as forest land pursuant to this chapter is withdrawn from classification or there is a change in use, and such land has been exempted from any benefit assessments pursuant to *RCW 84.33.210*, the previously exempt benefit assessments shall become due on only that portion of the land that is withdrawn or changed.

[1992 c 52 § 12.]

Notes:

*Reviser's note: 1992 c 52 § 12 references "section 6 of this act," which is RCW 84.33.100, a definition section. Section 7, codified as RCW 84.33.210, was apparently intended.*

**RCW 84.33.270 Forest land valuation--Government future development right--Conserving forest land--Exemptions.**

Applicable Cases

(1) Forest land on which the right to future development has been acquired by any local government, the state of Washington, or the United States government shall be exempt from special benefit assessments in lieu of assessment for such purposes in the same manner, and under the same liabilities for payment and interest, as land classified under this chapter as forest land, for as long as such classification applies.

(2) Any interest, development right, easement, covenant, or other contractual right that effectively protects, preserves, maintains, improves, restores, prevents the future nonforest use of, or otherwise conserves forest land shall be exempt from special benefit assessments as long as such development right or other such interest effectively serves to prevent nonforest development of such land.

RCW 84.34.010 Legislative declaration.
Applicable Cases
The legislature hereby declares that it is in the best interest of the state to maintain, preserve, conserve and otherwise continue in existence adequate open space lands for the production of food, fiber and forest crops, and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of the state and its citizens. The legislature further declares that assessment practices must be so designed as to permit the continued availability of open space lands for these purposes, and it is the intent of this chapter so to provide. The legislature further declares its intent that farm and agricultural lands shall be valued on the basis of their value for use as authorized by section 11 of Article VII of the Constitution of the state of Washington.

(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter.

Parcels of land described in (b)(i) and (c)(i) of this subsection shall, upon any transfer of the property excluding a transfer to a surviving spouse, be subject to the limits of (b)(ii) and (c)(ii) of this subsection.

Agricultural lands shall also include such incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands shall also include any parcel of land of one to
five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands"; or

(d) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of forest crops for commercial purposes. A timber management plan shall be filed with the county legislative authority at the time (a) an application is made for classification as timber land pursuant to this chapter or (b) when a sale or transfer of timber land occurs and a notice of classification continuance is signed. Timber land means the land only.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" shall mean the contract vendee.

(6) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, shall be considered contiguous.

(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture.

RCW 84.34.030 Applications for current use classification--Forms--Fee--Times for making. Applicable Cases

An owner of agricultural land desiring current use classification under subsection (2) of RCW 84.34.020 shall make application to the county assessor upon forms prepared by the state department of revenue and supplied by the county assessor. An owner of open space or timber land desiring current use classification under subsections (1) and (3) of RCW 84.34.020 shall make application to the county legislative authority upon forms prepared by the state department
of revenue and supplied by the county assessor. The application shall be accompanied by a reasonable processing fee if such processing fee is established by the city or county legislative authority. Said application shall require only such information reasonably necessary to properly classify an area of land under this chapter with a notarized verification of the truth thereof and shall include a statement that the applicant is aware of the potential tax liability involved when such land ceases to be designated as open space, farm and agricultural or timber land. Applications must be made during the calendar year preceding that in which such classification is to begin. The assessor shall make necessary information, including copies of this chapter and applicable regulations, readily available to interested parties, and shall render reasonable assistance to such parties upon request.

**RCW 84.34.035 Applications for current use classification--Approval or denial--Appeal--Duties of assessor upon approval.**

Applicable Cases

The assessor shall act upon the application for current use classification of farm and agricultural lands under RCW 84.34.020(2), with due regard to all relevant evidence. The application shall be deemed to have been approved unless, prior to the first day of May of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied. An owner who receives notice that his or her application has been denied may appeal such denial to the board of equalization in the county where the property is located. The appeal shall be filed in accordance with RCW 84.40.038, within thirty days after the mailing of the notice of denial. Within ten days following approval of the application, the assessor shall submit notification of such approval to the county auditor for recording in the place and manner provided for the public recording of state tax liens on real property. The assessor shall retain a copy of all applications.

The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified.

**RCW 84.34.037 Applications for current use classification--To whom made--Factors--Review.**

Applicable Cases

(1) Applications for classification or reclassification under RCW 84.34.020(1) shall be made to the county legislative authority. An application made for classification or reclassification of land under RCW 84.34.020(1) (b) and (c) which is in an area subject to a comprehensive plan shall be acted upon in the same manner in which an amendment to the comprehensive plan is processed. Application made for classification of land which is in an area not subject to a comprehensive plan shall be acted upon after a public hearing and after notice of the hearing shall have been given by one publication in a newspaper of general circulation in the area at least
ten days before the hearing: PROVIDED, That applications for classification of land in an incorporated area shall be acted upon by a granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located.

(2) In determining whether an application made for classification or reclassification under RCW 84.34.020(1) (b) and (c) should be approved or disapproved, the granting authority may take cognizance of the benefits to the general welfare of preserving the current use of the property which is the subject of application, and shall consider:

(a) The resulting revenue loss or tax shift;

(b) Whether granting the application for land applying under RCW 84.34.020(1)(b) will (i) conserve or enhance natural, cultural, or scenic resources, (ii) protect streams, stream corridors, wetlands, natural shorelines and aquifers, (iii) protect soil resources and unique or critical wildlife and native plant habitat, (iv) promote conservation principles by example or by offering educational opportunities, (v) enhance the value of abutting or neighboring parks, forests, wildlife preserves, nature reservations, sanctuaries, or other open spaces, (vi) enhance recreation opportunities, (vii) preserve historic and archaeological sites, (viii) preserve visual quality along highway, road, and street corridors or scenic vistas, (ix) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of the property; and

(c) Whether granting the application for land applying under RCW 84.34.020(1)(c) will (i) either preserve land previously classified under RCW 84.34.020(2) or preserve land that is traditional farmland and not classified under chapter 84.33 or 84.34 RCW, (ii) preserve land with a potential for returning to commercial agriculture, and (iii) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of property.

(3) If a public benefit rating system is adopted under RCW 84.34.055, the county legislative authority shall rate property for which application for classification has been made under RCW 84.34.020(1) (b) and (c) according to the public benefit rating system in determining whether an application should be approved or disapproved, but when such a system is adopted, open space properties then classified under this chapter which do not qualify under the system shall not be removed from classification but may be rated according to the public benefit rating system.

(4) The granting authority may approve the application with respect to only part of the land which is the subject of the application. If any part of the application is denied, the applicant may withdraw the entire application. The granting authority in approving in part or whole an application for land classified or reclassified pursuant to RCW 84.34.020(1) may also require that certain conditions be met, including but not limited to the granting of easements. As a condition of granting open space classification, the legislative body may not require public access on land classified under RCW 84.34.020(1)(b)(iii) for the purpose of promoting conservation of wetlands.

(5) The granting or denial of the application for current use classification or reclassification is a legislative determination and shall be reviewable only for arbitrary and
capricious actions.

RCW 84.34.041 Application for current use classification--Forms--Public hearing--Approval or denial.

Applicable Cases

An application for current use classification under RCW 84.34.020(3) shall be made to the county legislative authority.

(1) The application shall be made upon forms prepared by the department of revenue and supplied by the granting authority and shall include the following:

(a) A legal description of, or assessor's parcel numbers for, all land the applicant desires to be classified as timber land;
(b) The date or dates of acquisition of the land;
(c) A brief description of the timber on the land, or if the timber has been harvested, the owner's plan for restocking;
(d) Whether there is a forest management plan for the land;
(e) If so, the nature and extent of implementation of the plan;
(f) Whether the land is used for grazing;
(g) Whether the land has been subdivided or a plat filed with respect to the land;
(h) Whether the land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;
(i) Whether the land is subject to forest fire protection assessments pursuant to RCW 76.04.610;
(j) Whether the land is subject to a lease, option, or other right that permits it to be used for a purpose other than growing and harvesting timber;
(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;
(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;
(m) A statement that the applicant is aware of the potential tax liability involved when the land ceases to be classified as timber land.

(2) An application made for classification of land under RCW 84.34.020(3) shall be acted upon after a public hearing and after notice of the hearing is given by one publication in a newspaper of general circulation in the area at least ten days before the hearing. Application for classification of land in an incorporated area shall be acted upon by a granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located.

(3) The granting authority shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other
items:

(a) The land does not contain a stand of timber as defined in chapter 76.09 RCW and applicable rules, except this reason shall not alone be sufficient to deny the application (i) if the land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or the longer period necessitated by unavailability of seed or seedlings [seedlings], or (ii) if only isolated areas within the land do not meet minimum standards due to rock outcroppings, swamps, unproductive soil, or other natural conditions;

(b) The applicant, with respect to the land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling the ordinary high tide line and two hundred feet horizontally landward from the high tide line.

The granting authority may approve the application with respect to only part of the land that is described in the application, and if any part of the application is denied, the applicant may withdraw the entire application. The granting authority, in approving in part or whole an application for land classified pursuant to RCW 84.34.020(3), may also require that certain conditions be met.

Granting or denial of an application for current use classification is a legislative determination and shall be reviewable only for arbitrary and capricious actions. The granting authority may not require the granting of easements for land classified pursuant to RCW 84.34.020(3).

The granting authority shall approve or disapprove an application made under this section within six months following the date the application is received.

[1992 c 69 § 20.]

RCW 84.34.050 Notice of approval or disapproval--Procedure when approval granted.

Applicable Cases

(1) The granting authority shall immediately notify the assessor and the applicant of its approval or disapproval which shall in no event be more than six months from the receipt of said application. No land other than farm and agricultural land shall be classified under this chapter until an application in regard thereto has been approved by the appropriate legislative authority.

(2) When the granting authority classifies land under this chapter, it shall file notice of the same with the assessor within ten days. The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified.

(3) Within ten days following receipt of the notice from the granting authority of classification of such land under this chapter, the assessor shall submit such notice to the county auditor for recording in the place and manner provided for the public recording of state tax liens.

**RCW 84.34.055 Open space priorities--Open space plan and public benefit rating system.**

Applicable Cases

(1) The county legislative authority may direct the county planning commission to set open space priorities and adopt, after a public hearing, an open space plan and public benefit rating system for the county. The plan shall consist of criteria for determining eligibility of lands, the process for establishing a public benefit rating system, and an assessed valuation schedule. The assessed valuation schedule shall be developed by the county assessor and shall be a percentage of market value based upon the public benefit rating system. The open space plan, the public benefit rating system, and the assessed valuations schedule shall not be effective until approved by the county legislative authority after at least one public hearing: PROVIDED, That any county which has complied with the procedural requisites of chapter 393, Laws of 1985, prior to July 28, 1985, need not repeat those procedures in order to adopt an open space plan pursuant to chapter 393, Laws of 1985.

(2) In adopting an open space plan, recognized sources shall be used unless the county does its own survey of important open space priorities or features, or both. Recognized sources include but are not limited to the natural heritage database; the state office of historic preservation; the interagency committee for outdoor recreation inventory of dry accretion beach and shoreline features; state, national, county, or city registers of historic places; the shoreline master program; or studies by the parks and recreation commission and by the departments of fish and wildlife and natural resources. Features and sites may be verified by an outside expert in the field and approved by the appropriate state or local agency to be sent to the county legislative authority for final approval as open space.

(3) When the county open space plan is adopted, owners of open space lands then classified under this chapter shall be notified in the same manner as is provided in RCW 84.40.045 of their new assessed value. These lands may be removed from classification, upon request of owner, without penalty within thirty days of notification of value.

(4) The open space plan and public benefit rating system under this section may be adopted for taxes payable in 1986 and thereafter.

**RCW 84.34.060 Determination of true and fair value of classified land--Computation of assessed value.**

Applicable Cases

In determining the true and fair value of open space land and timber land, which has been classified as such under the provisions of this chapter, the assessor shall consider only the use to which such property and improvements is currently applied and shall not consider potential uses of such property. The assessed valuation of open space land shall not be less than the minimum value per acre of classified farm and agricultural land except that the assessed valuation of open
space land may be valued based on the public benefit rating system adopted under RCW 84.34.055: PROVIDED FURTHER, That timber land shall be valued according to chapter 84.33 RCW. In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or nonopen-space uses within five years after the sale.

RCW 84.34.065 Determination of true and fair value of farm and agricultural land--Computation--Definitions.

Applicable Cases

The true and fair value of farm and agricultural land, including land classified under *section 2, chapter 320, Laws of 1998, shall be determined by consideration of the earning or productive capacity of comparable lands from crops grown most typically in the area averaged over not less than five years, capitalized at indicative rates. The earning or productive capacity of farm and agricultural lands shall be the "net cash rental", capitalized at a "rate of interest" charged on long term loans secured by a mortgage on farm or agricultural land plus a component for property taxes. The current use value of land under RCW 84.34.020(2)(d) shall be established as: The prior year's average value of open space farm and agricultural land used in the county plus the value of land improvements such as septic, water, and power used to serve the residence. This shall not be interpreted to require the assessor to list improvements to the land with the value of the land.

For the purposes of the above computation:
(1) The term "net cash rental" shall mean the average rental paid on an annual basis, in cash, for the land being appraised and other farm and agricultural land of similar quality and similarly situated that is available for lease for a period of at least three years to any reliable person without unreasonable restrictions on its use for production of agricultural crops. There shall be allowed as a deduction from the rental received or computed any costs of crop production charged against the landlord if the costs are such as are customarily paid by a landlord. If "net cash rental" data is not available, the earning or productive capacity of farm and agricultural lands shall be determined by the cash value of typical or usual crops grown on land of similar quality and similarly situated averaged over not less than five years. Standard costs of production shall be allowed as a deduction from the cash value of the crops.

The current "net cash rental" or "earning capacity" shall be determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing internal study, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.
(2) The term "rate of interest" shall mean the rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, averaged over the immediate past five years.

The "rate of interest" shall be determined annually by a rule adopted by the department of revenue and such rule shall be published in the state register not later than January 1 of each year for use in that assessment year. The department of revenue determination may be appealed to the state board of tax appeals within thirty days after the date of publication by any owner of farm or agricultural land or the assessor of any county containing farm and agricultural land.

(3) The "component for property taxes" shall be a figure obtained by dividing the assessed value of all property in the county into the property taxes levied within the county in the year preceding the assessment and multiplying the quotient obtained by one hundred.

[1998 c 320 § 8; 1997 c 429 § 33; 1992 c 69 § 9; 1989 c 378 § 11; 1973 1st ex.s. c 212 § 10.]

**RCW 84.34.070 Withdrawal from classification.**

Applicable Cases

(1) When land has once been classified under this chapter, it shall remain under such classification and shall not be applied to other use except as provided by subsection (2) of this section for at least ten years from the date of classification and shall continue under such classification until and unless withdrawn from classification after notice of request for withdrawal shall be made by the owner. During any year after eight years of the initial ten-year classification period have elapsed, notice of request for withdrawal of all or a portion of the land may be given by the owner to the assessor or assessors of the county or counties in which such land is situated. In the event that a portion of a parcel is removed from classification, the remaining portion must meet the same requirements as did the entire parcel when such land was originally granted classification pursuant to this chapter unless the remaining parcel has different income criteria. Within seven days the assessor shall transmit one copy of such notice to the legislative body which originally approved the application. The assessor or assessors, as the case may be, when two assessment years have elapsed following the date of receipt of such notice, withdraw such land from such classification and the land shall be subject to the additional tax and applicable interest due under RCW 84.34.108. Agreement to tax according to use shall not be considered to be a contract and can be abrogated at any time by the legislature in which event no additional tax or penalty shall be imposed.

(2) The following reclassifications are not considered withdrawals or removals and are not subject to additional tax under RCW 84.34.108:

(a) Reclassification between lands under RCW 84.34.020 (2) and (3);

(b) Reclassification of land classified under RCW 84.34.020 (2) or (3) or chapter 84.33 RCW to open space land under RCW 84.34.020(1);
(c) Reclassification of land classified under RCW 84.34.020 (2) or (3) to forest land classified under chapter 84.33 RCW; and

(d) Reclassification of land classified as open space land under RCW 84.34.020(1)(c) and reclassified to farm and agricultural land under RCW 84.34.020(2) if the land had been previously classified as farm and agricultural land under RCW 84.34.020(2).

(3) Applications for reclassification shall be subject to applicable provisions of RCW 84.34.037, 84.34.035, 84.34.041, and chapter 84.33 RCW.

(4) The income criteria for land classified under RCW 84.34.020(2) (b) and (c) may be deferred for land being reclassified from land classified under RCW 84.34.020 (1)(c) or (3), or chapter 84.33 RCW into RCW 84.34.020(2) (b) or (c) for a period of up to five years from the date of reclassification.

RCW 84.34.080 Change in use.
Applicable Cases

When land which has been classified under this chapter as open space land, farm and agricultural land, or timber land is applied to some other use, except through compliance with RCW 84.34.070, or except as a result solely from any one of the conditions listed in RCW 84.34.108(6), the owner shall within sixty days notify the county assessor of such change in use and additional real property tax shall be imposed upon such land in an amount equal to the sum of the following:

(1) The total amount of the additional tax and applicable interest due under RCW 84.34.108; plus

(2) A penalty amounting to twenty percent of the amount determined in subsection (1) of this section.

RCW 84.34.090 Extension of additional tax and penalties on tax roll--Lien.
Applicable Cases

The additional tax and penalties, if any, provided by RCW 84.34.070 and 84.34.080 shall be extended on the tax roll and shall be, together with the interest thereon, a lien on the land to which such tax applies as of January 1st of the year for which such additional tax is imposed. Such lien shall have priority as provided in chapter 84.60 RCW: PROVIDED, That for purposes of all periods of limitation of actions specified in Title 84 RCW, the year in which the tax became payable shall be as specified in RCW 84.34.100.

Applicable Cases
Revised Code of Washington, 1999

The additional tax, penalties, and/or interest provided by RCW 84.34.070 and 84.34.080 shall be payable in full thirty days after the date which the treasurer's statement therefor is rendered. Such additional tax when collected shall be distributed by the county treasurer in the same manner in which current taxes applicable to the subject land are distributed.

RCW 84.34.108 Removal of classification--Factors--Notice of continuance--Additional tax--Lien--Delinquencies--Exemptions.

Applicable Cases

(1) When land has once been classified under this chapter, a notation of such classification shall be made each year upon the assessment and tax rolls and such land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of such classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of such classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of such land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of such land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not, by itself, result in removal of classification. The notice of continuance shall be on a form prepared by the department of revenue. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of such land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in making a determination whether such land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or
(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after such removal of all or a portion of such land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for such removal. The seller, transferor, or owner may appeal such removal to the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to full market value on the date of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the county treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of such an additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of such additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land", "farm and agricultural land", or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of such additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which such additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty, shall become a lien on such land which shall attach at the time such land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which such land may become charged or liable. Such lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050 now or as hereafter amended. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or
transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of such property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of such land;

(e) Transfer of land to a church when such land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section shall be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(d);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(j) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

**RCW 84.34.200 Acquisition of open space, etc., land or rights to future development by counties, cities, or metropolitan municipal corporations--Legislative declaration--Purposes.**

**Applicable Cases**

The legislature finds that the haphazard growth and spread of urban development is encroaching upon, or eliminating, numerous open areas and spaces of varied size and character, including many devoted to agriculture, the cultivation of timber, and other productive activities, and many others having significant recreational, social, scenic, or esthetic values. Such areas and spaces, if preserved and maintained in their present open state, would constitute important assets to existing and impending urban and metropolitan development, at the same time that they would continue to contribute to the welfare and well-being of the citizens of the state as a whole. The acquisition of interests or rights in real property for the preservation of such open spaces and areas constitutes a public purpose for which public funds may properly be expended or advanced.

Among interests that may be so acquired are mineral rights. [1975-'76 2nd ex.s. c 22 § 4.]

RCW 84.34.300 Special benefit assessments for farm and agricultural land or timber land--Legislative findings--Purpose.

Applicable Cases

The legislature finds that farming, timber production, and the related agricultural and forest industries have historically been and currently are central factors in the economic and
social lifeblood of the state; that it is a fundamental policy of the state to protect agricultural and timber lands as a major natural resource in order to maintain a source to supply a wide range of agricultural and forest products; and that the public interest in the protection and stimulation of farming, timber production, and the agricultural and forest industries is a basic element of enhancing the economic viability of this state. The legislature further finds that farm land and timber land in urbanizing areas are often subjected to high levels of property taxation and benefit assessment, and that such levels of taxation and assessment encourage and even force the removal of such lands from agricultural and forest uses. The legislature further finds that because of this level of taxation and assessment, such farm land and timber land in urbanizing areas are either converted to nonagricultural and nonforest uses when significant amounts of nearby nonagricultural and nonforest area could be suitably used for such nonagricultural and nonforest uses, or, much of this farm land and timber land is left in an unused state. The legislature further finds that with the approval by the voters of the Fifty-third Amendment to the state Constitution, and with the enactment of chapter 84.34 RCW, the owners of farm lands and timber lands were provided with an opportunity to have such land valued on the basis of its current use and not its "highest and best use" and that such current use valuation is one mechanism to protect agricultural and timber lands. The legislature further finds that despite this potential property tax reduction, farm lands and timber lands in urbanized areas are still subject to high levels of benefit assessments and continue to be removed from farm and forest uses.

It is therefore the purpose of the legislature to establish, with the enactment of RCW 84.34.300 through 84.34.380, another mechanism to protect agricultural and timber land which creates an analogous system of relief from certain benefit assessments for farm and agricultural land and timber land. It is the intent of the legislature that special benefit assessments not be imposed for the availability of sanitary and/or storm sewerage service, or domestic water service, or for road construction and/or improvement purposes on farm and agricultural lands and timber lands which have been designated for current use classification as farm and agricultural lands or timber lands until such lands are withdrawn or removed from such classification or unless such lands benefit from or cause the need for the local improvement district.

The legislature finds, and it is the intent of RCW 84.34.300 through 84.34.380 and 84.34.922, that special benefit assessments for the improvement or construction of sanitary and/or storm sewerage service, or domestic water service, or certain road construction do not generally benefit land which has been classified as open space farm and agricultural land or timber land under the open space act, chapter 84.34 RCW, until such land is withdrawn from such classification or such land is used for a more intense and nonagricultural use, or the land is no longer used as timber land. The purpose of RCW 84.34.300 through 84.34.380 and 84.34.922 is to provide an exemption from certain special benefit assessments which do not benefit timber land or open space farm and agricultural land, and to provide the means for local governmental entities to recover such assessments in current dollar value in the event such land is no longer devoted to farming or timber production under chapter 84.34 RCW. Where the owner of such land chooses to make limited use of improvements related to special benefit assessments, RCW 84.34.300 through 84.34.380 provides the means for the partial assessment on open space timber
and farm land to the extent the land is directly benefited by the improvement.

**RCW 84.34.320 Special benefit assessments for farm and agricultural land or timber land--Exemption from assessment--Procedures relating to exemption--Constructive notice of potential liability--Waiver of exemption.**

Applicable Cases

Any land classified as farm and agricultural land or timber land pursuant to chapter 84.34 RCW at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (1) to create a local improvement district, in which such
land is included or would have been included but for such classification, or (2) to approve or confirm a final special benefit assessment roll relating to a sanitary and/or storm sewerage system, domestic water supply and/or distribution system, or road construction and/or improvement, which roll would have included such land but for such classification, shall be exempt from special benefit assessments or charges in lieu of assessment for such purposes as long as that land remains in such classification, except as otherwise provided in RCW 84.34.360.

Whenever a local government creates a local improvement district, the levying, collection and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided pursuant to the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes farm and agricultural land or timber land shall be filed with the county assessor and the legislative authority of the county in which such land is located. The assessor, upon receiving notice of the creation of such a local improvement district, shall send a notice to the owner of the farm and agricultural land or timber land listed on the tax rolls of the applicable county treasurer of: (1) The creation of the local improvement district; (2) the exemption of that land from special benefit assessments; (3) the fact that the farm and agricultural land or timber land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and (4) the potential liability, pursuant to RCW 84.34.330, if the exemption is not waived and the land is subsequently removed from the farm and agricultural land or timber land status. When a local government approves and confirms a special benefit assessment roll, from which farm and agricultural land or timber land has been exempted pursuant to this section, it shall file a notice of such action with the assessor and the legislative authority of the county in which such land is located and with the treasurer of that local government, which notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment which would have been levied against the land if it had not been exempted. The filing of such notice with the assessor and the treasurer of that local government shall constitute constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that such exempt land is subject to the charges provided in RCW 84.34.330 and 84.34.340 if such land is withdrawn or removed from its current use classification as farm and agricultural land or timber land.

The owner of the land exempted from special benefit assessments pursuant to this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the assessor, but the failure of such filing shall not affect the waiver.

Except to the extent provided in RCW 84.34.360, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to such
exempted land.

RCW 84.34.330 Special benefit assessments for farm and agricultural land or timber land--Withdrawal from classification or change in use--Liability--Amount--Due date--Lien. Applicable Cases

Whenever farm and agricultural land or timber land has once been exempted from special benefit assessments pursuant to RCW 84.34.320, any withdrawal from classification or change in use from farm and agricultural land or timber land under chapter 84.34 RCW shall result in the following:

(1) If the bonds used to fund the improvement in the local improvement district have not been completely retired, such land shall immediately become liable for: (a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.34.320; plus (b) interest on the amount determined in (1)(a) of this section, compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity which created the local improvement district as provided in RCW 84.34.320 to the time the owner withdraws such land from the exemption category provided by this chapter; or

(2) If the bonds used to fund the improvement in the local improvement district have been completely retired, such land shall immediately become liable for: (a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.34.320; plus (b) interest on the amount determined in (2)(a) of this section compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity which created the local improvement district as provided in RCW 84.34.320, to the time the bonds used to fund the improvement have been retired; plus (c) interest on the total amount determined in (2)(a) and (b) of this section at a simple per annum rate equal to the average rate of inflation from the time the bonds used to fund the improvement have been retired to the time the owner withdraws such lands from the exemption category provided by this chapter.

(3) The amount payable pursuant to this section shall become due on the date such land is withdrawn or removed from its current use or timber land classification and shall be a lien on the land prior and superior to any other lien whatsoever except for the lien for general taxes, and shall be enforceable in the same manner as the collection of special benefit assessments are enforced by that local government.

Upon receipt of the notice from the assessor, the local government shall mail a written statement to the owner of such land for the amounts payable as provided in RCW 84.34.330. Such amounts due shall be delinquent if not paid within one hundred and eighty days after the date of mailing of the statement, and shall be subject to the same interest, penalties, lien priority, and enforcement procedures that are applicable to delinquent assessments on the assessment roll from which that land had been exempted, except that the rate of interest charged shall not exceed the rate provided in RCW 84.34.330.

The provision for limited special benefit assessments shall not relieve such land from liability for the amounts provided in RCW 84.34.330 and 84.34.340 when such land is withdrawn or removed from its current use classification as farm and agricultural land or timber land.

(2) To qualify for this exemption the property must be used exclusively for public gatherings and be available to all organizations or persons desiring to use the property, but the owner may impose conditions and restrictions which are necessary for the safekeeping of the property and promote the purposes of this exemption. Membership shall not be a prerequisite for the use of the property.

(3) The use of the property for pecuniary gain or to promote business activities, except as provided in this section, nullifies the exemption otherwise available for the property for the assessment year. The exemption is not nullified by:

(a) The collection of rent or donations if the amount is reasonable and does not exceed maintenance and operation expenses created by the user.

(b) Fund-raising activities conducted by a nonprofit organization.
(c) The use of the property for pecuniary gain or to promote business activities for periods of not more than seven days in a year.

(d) In a county with a population of less than ten thousand, the use of the property to promote the following business activities: Dance lessons, art classes, or music lessons.

(e) An inadvertent use of the property in a manner inconsistent with the purpose for which exemption is granted, if the inadvertent use is not part of a pattern of use. A pattern of use is presumed when an inadvertent use is repeated in the same assessment year or in two or more successive assessment years.

(4) The department of revenue shall narrowly construe this exemption.

RCW 84.36.041 Nonprofit homes for the aging (as amended by 1999 c 356).

Applicable Cases

(1) All real and personal property used by a nonprofit home for the aging that is
reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and:

(a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents; or

(b) The home is subsidized under a federal department of housing and urban development program. The department of revenue shall provide by rule a definition of homes eligible for exemption under this subsection (1)(b), consistent with the purposes of this section.

(2) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and the construction, rehabilitation, acquisition, or refinancing of the home is financed under a program using bonds exempt from federal income tax if at least seventy-five percent of the total amount financed uses the tax exempt bonds and the financing program requires the home to reserve a percentage of all dwelling units so financed for low-income residents. The initial term of the exemption under this subsection shall equal the term of the tax exempt bond used in connection with the financing program, or the term of the requirement to reserve dwelling units for low-income residents, whichever is shorter. If the financing program involves less than the entire home, only those dwelling units included in the financing program are eligible for total exemption. The department of revenue shall provide by rule the requirements for monitoring compliance with the provisions of this subsection and the requirements for exemption including:

(a) The number or percentage of dwelling units required to be occupied by low-income residents, and a definition of low income;

(b) The type and character of the dwelling units, whether independent units or otherwise; and

(c) Any particular requirements for continuing care retirement communities.

(3) A home for the aging is eligible for a partial exemption on the real property and a total exemption for the home's personal property if the home does not meet the requirements of subsection (1) of this section because fewer than fifty percent of the occupied dwelling units are occupied by eligible residents, as follows:

(a) A partial exemption shall be allowed for each dwelling unit in a home occupied by a resident requiring assistance with activities of daily living.

(b) A partial exemption shall be allowed for each dwelling unit in a home occupied by an eligible resident.

(c) A partial exemption shall be allowed for an area jointly used by a home for the aging and by a nonprofit organization, association, or corporation currently exempt from property taxation under one of the other provisions of this chapter. The shared area must be reasonably necessary for the purposes of the nonprofit organization, association, or corporation exempt from property taxation under one of the other provisions of this chapter, such as kitchen, dining, and laundry areas.

(d) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary for the purposes of the home, less the assessed value of any area
exempt under (c) of this subsection, by a fraction. The numerator of the fraction is the number of dwelling units occupied by eligible residents and by residents requiring assistance with activities of daily living. The denominator of the fraction is the total number of occupied dwelling units as of December 31st of the first assessment year the home becomes operational for which exemption is claimed and January 1st of each subsequent assessment year for which exemption is claimed.

(4) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(5) A home for the aging is exempt from taxation only if the organization operating the home is exempt from income tax under section 501(c) of the federal internal revenue code as existing on January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purposes of this section.

(6) In order for the home to be eligible for exemption under subsections (1)(a) and (2)(b) of this section, each eligible resident of a home for the aging shall submit an income verification form to the county assessor by July 1st of the assessment year in which the application for exemption is made for which exemption is claimed. However, during the first year a home becomes operational, the county assessor shall accept income verification forms from eligible residents up to December 31st of the assessment year. The income verification form shall be prescribed and furnished by the department of revenue. An eligible resident who has filed a form for a previous year need not file a new form until there is a change in status affecting the person's eligibility.

(7) In determining the true and fair value of a home for the aging for purposes of the partial exemption provided by subsection (3) of this section, the assessor shall apply the computation method provided by RCW 84.34.060 and shall consider only the use to which such property is applied during the years for which such partial exemptions are available and shall not consider potential uses of such property.

(8) As used in this section:

(a) "Eligible resident" means a person who:

(i) Occupied the dwelling unit as a principal place of residence as of December 31st of the first assessment year the home becomes operational. In each subsequent year, the eligible resident must occupy the dwelling unit as a principal place of residence as of January 1st of the assessment year for which the exemption is claimed. Confinement of the person to a hospital or nursing home does not disqualify the claim of exemption if the dwelling unit is temporarily unoccupied or if the dwelling unit is occupied by a spouse, a person financially dependent on the claimant for support, or both; and

(ii) Is sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or is, at the time of filing, retired from regular gainful employment by reason of physical disability. Any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this subsection; and

(iii) Has a combined disposable income of no more than the greater of twenty-two
thousand dollars or eighty percent of the median income adjusted for family size as most recently
determined by the federal department of housing and urban development for the county in which
the person resides. For the purposes of determining eligibility under this section, a "cotenant"
means a person who resides with an eligible resident and who shares personal financial resources
with the eligible resident.

(b) "Combined disposable income" means the disposable income of the person submitting
the income verification form, plus the disposable income of his or her spouse, and the disposable
income of each cotenant occupying the dwelling unit for the preceding calendar year, less
amounts paid by the person submitting the income verification form or his or her spouse or
cotenant during the previous year for the treatment or care of either person received in the
dwelling unit or in a nursing home. If the person submitting the income verification form was
retired for two months or more of the preceding year, the combined disposable income of such
person shall be calculated by multiplying the average monthly combined disposable income of
such person during the months such person was retired by twelve. If the income of the person
submitting the income verification form is reduced for two or more months of the preceding year
by reason of the death of the person's spouse, the combined disposable income of such person
shall be calculated by multiplying the average monthly combined disposable income of such
person after the death of the spouse by twelve.

(c) "Disposable income" means adjusted gross income as defined in the federal internal
revenue code, as amended prior to January 1, 1989, or such subsequent date as the director may
provide by rule consistent with the purpose of this section, plus all of the following items to the
extent they are not included in or have been deducted from adjusted gross income:

(i) Capital gains, other than nonrecognized gain on the sale of a principal residence
under section 1034 of the federal internal revenue code, or gain excluded from income under
section 121 of the federal internal revenue code to the extent it is reinvested in a new principal
residence;

(ii) Amounts deducted for loss;
(iii) Amounts deducted for depreciation;
(iv) Pension and annuity receipts;
(v) Military pay and benefits other than attendant-care and medical-aid payments;
(vi) Veterans benefits other than attendant-care and medical-aid payments;
(vii) Federal social security act and railroad retirement benefits;
(viii) Dividend receipts; and
(ix) Interest received on state and municipal bonds.

(d) "Resident requiring assistance with activities of daily living" means a person who
requires significant assistance with the activities of daily living and who would be at risk of
nursing home placement without this assistance.

(e) "Home for the aging" means a residential housing facility that (i) provides a housing
arrangement chosen voluntarily by the resident, the resident's guardian or conservator, or another
responsible person; (ii) has only residents who are at least sixty-one years of age or who have
needs for care generally compatible with persons who are at least sixty-one years of age; and (iii)
provides varying levels of care and supervision, as agreed to at the time of admission or as determined necessary at subsequent times of reappraisal.

(9) A for-profit home for the aging that converts to nonprofit status after June 11, 1992, and would otherwise be eligible for tax exemption under this section may not receive the tax exemption until five years have elapsed since the conversion. The exemption shall then be ratably granted over the next five years.

RCW 84.36.041 Nonprofit homes for the aging (as amended by 1999 c 358).

Applicable Cases

(1) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and:

(a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents; or

(b) The home is subsidized under a federal department of housing and urban development program. The department of revenue shall provide by rule a definition of homes eligible for exemption under this subsection (b), consistent with the purposes of this section.

(2) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and the construction, rehabilitation, acquisition, or refinancing of the home is financed under a program using bonds exempt from federal income tax if at least seventy-five percent of the total amount financed uses the tax exempt bonds and the financing program requires the home to reserve a percentage of all dwelling units so financed for low-income residents. The initial term of the exemption under this subsection shall equal the term of the tax exempt bond used in connection with the financing program, or the term of the requirement to reserve dwelling units for low-income residents, whichever is shorter. If the financing program involves less than the entire home, only those dwelling units included in the financing program are eligible for total exemption. The department of revenue shall provide by rule the requirements for monitoring compliance with the provisions of this subsection and the requirements for exemption including:

(a) The number or percentage of dwelling units required to be occupied by low-income residents, and a definition of low income;

(b) The type and character of the dwelling units, whether independent units or otherwise; and
(c) Any particular requirements for continuing care retirement communities.

(3) A home for the aging is eligible for a partial exemption on the real property and a total exemption for the home's personal property if the home does not meet the requirements of subsection (1) of this section because fewer than fifty percent of the occupied dwelling units are occupied by eligible residents, as follows:

(a) A partial exemption shall be allowed for each dwelling unit in a home occupied by a resident requiring assistance with activities of daily living.

(b) A partial exemption shall be allowed for each dwelling unit in a home occupied by an eligible resident.

(c) A partial exemption shall be allowed for an area jointly used by a home for the aging and by a nonprofit organization, association, or corporation currently exempt from property taxation under one of the other provisions of this chapter. The shared area must be reasonably necessary for the purposes of the nonprofit organization, association, or corporation exempt from property taxation under one of the other provisions of this chapter, such as kitchen, dining, and laundry areas.

(d) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary for the purposes of the home, less the assessed value of any area exempt under (c) of this subsection, by a fraction. The numerator of the fraction is the number of dwelling units occupied by eligible residents and by residents requiring assistance with activities of daily living. The denominator of the fraction is the total number of occupied dwelling units as of January 1st of the year for which exemption is claimed.

(4) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(5) A home for the aging is exempt from taxation only if the organization operating the home is exempt from income tax under section 501(c) of the federal internal revenue code as existing on January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purposes of this section.

(6) In order for the home to be eligible for exemption under subsections (1)(a) and ((2)) (3)(b) of this section, each eligible resident of a home for the aging shall submit an income verification form to the county assessor by July 1st of the assessment year in which the application for exemption is ((made)) filed. The income verification form shall be prescribed and furnished by the department of revenue. An eligible resident who has filed a form for a previous year need not file a new form until there is a change in status affecting the person's eligibility.

(7) In determining the assessed value of a home for the aging for purposes of the partial exemption provided by subsection (3) of this section, the assessor shall apply the computation method provided by RCW 84.34.060 and shall consider only the use to which such property is applied during the years for which such partial exemptions are available and shall not consider potential uses of such property.

(8) As used in this section:

(a) "Eligible resident" means a person who:

(i) Occupied the dwelling unit as a principal place of residence as of January 1st of the
year for which the exemption is ((claimed)) filed. Confinement of the person to a hospital or nursing home does not disqualify the claim of exemption if the dwelling unit is temporarily unoccupied or if the dwelling unit is occupied by a spouse, a person financially dependent on the claimant for support, or both; and

(ii) Is sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or is, at the time of filing, retired from regular gainful employment by reason of physical disability. Any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this subsection; and

(iii) Has a combined disposable income of no more than the greater of twenty-two thousand dollars or eighty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the person resides. For the purposes of determining eligibility under this section, a "cotenant" means a person who resides with an eligible resident and who shares personal financial resources with the eligible resident.

(b) "Combined disposable income" means the disposable income of the person submitting the income verification form, plus the disposable income of his or her spouse, and the disposable income of each cotenant occupying the dwelling unit for the preceding calendar year, less amounts paid by the person submitting the income verification form or his or her spouse or cotenant during the previous year for the treatment or care of either person received in the dwelling unit or in a nursing home. If the person submitting the income verification form was retired for two months or more of the preceding year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person submitting the income verification form is reduced for two or more months of the preceding year by reason of the death of the person's spouse, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after the death of the spouse by twelve.

(c) "Disposable income" means adjusted gross income as defined in the federal internal revenue code, as amended prior to January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purpose of this section, plus all of the following items to the extent they are not included in or have been deducted from adjusted gross income:

(i) Capital gains, other than (nonrecognized gain on the sale of a principal residence under section 1034 of the federal internal revenue code, or) gain excluded from income under section 121 of the federal internal revenue code to the extent it is reinvested in a new principal residence;

(ii) Amounts deducted for loss;

(iii) Amounts deducted for depreciation;

(iv) Pension and annuity receipts;

(v) Military pay and benefits other than attendant-care and medical-aid payments;

(vi) Veterans benefits other than attendant-care and medical-aid payments;

(e) "Home for the aging" means a residential housing facility that (i) provides a housing arrangement chosen voluntarily by the resident, the resident's guardian or conservator, or another responsible person; (ii) has only residents who are at least sixty-one years of age or who have needs for care generally compatible with persons who are at least sixty-one years of age; and (iii) provides varying levels of care and supervision, as agreed to at the time of admission or as determined necessary at subsequent times of reappraisal.

(9) A for-profit home for the aging that converts to nonprofit status after June 11, 1992, and would otherwise be eligible for tax exemption under this section may not receive the tax exemption until five years have elapsed since the conversion. The exemption shall then be ratably granted over the next five years.

RCW 84.36.255 Improvements to benefit fish and wildlife habitat, water quality, and water quantity--Cooperative assistance to landowners--Certification of best management practice--Limitation--Landowner claim and certification.
Applicable Cases
(1) All improvements to real and personal property that benefit fish and wildlife habitat, water quality, or water quantity are exempt from taxation if the improvements are included under a written conservation plan approved by a conservation district. The conservation districts shall cooperate with the federal natural resource conservation service, other conservation districts, the department of ecology, the department of fish and wildlife, and nonprofit organizations to assist landowners by working with them to obtain approved conservation plans so as to qualify for the exemption provided for in this section. As provided in subsection (3) of this section and RCW 89.08.440(2), a conservation district shall certify that the best management practice benefits fish
and wildlife habitat, water quality, or water quantity. A habitat conservation plan under the terms of the federal endangered species act shall not be considered a conservation plan for purposes of this exemption.

(2) The exemption shall remain in effect only if improvements identified in the written best management practices agreement are maintained as originally approved or amended. Improvements made as a requirement to mitigate for impacts to fish and wildlife habitat, water quality, or water quantity are not eligible for exemption under this section.

(3) A claim for exemption under this section may be filed annually with the county assessor at any time during the year for exemption from taxes levied for collection in the following year when submitted on forms prescribed by the department of revenue developed in consultation with the conservation district. The landowner shall certify each year that the improvements for which exemption is sought are maintained as originally approved or amended in the written conservation plan. The claim must contain the certification by the conservation district that the improvements for which exemption is sought were included under a written conservation plan approved by the conservation district including best management practices that benefit fish and wildlife habitat, water quality, or water quantity.

RCW 84.36.300 Stocks of merchandise, goods, wares or material--Aircraft parts,
etc.--When eligible for exemption.
Applicable Cases

There shall be exempt from taxation a portion of each separately assessed stock of
merchandise, as that word is defined in this section, owned or held by any taxpayer on the first
day of January of any year computed by first multiplying the total amount of that stock of such
merchandise, as determined in accordance with RCW 84.40.020, by a percentage determined by
dividing the amount of such merchandise brought into this state by the taxpayer during the
preceding year for that stock by the total additions to that stock by the taxpayer during that year,
and then multiplying the result of the latter computation by a percentage determined by dividing the total out-of-state shipments of such merchandise by the taxpayer during the preceding year from that stock (and regardless of whether or not any such shipments involved a sale of, or a transfer of title to, the merchandise within this state) by the total shipments of such merchandise by the taxpayer during the preceding year from that stock. As used in this section, the word "merchandise" means goods, wares, merchandise or material which were not manufactured in this state by the taxpayer and which were acquired by him (in any other manner whatsoever, including manufacture by him outside of this state) for the purpose of sale or shipment in substantially the same form in which they were acquired by him within this state or were brought into this state by him. Breaking of packages or of bulk shipments, packaging, repackaging, labeling or relabeling shall not be considered as a change in form within the meaning of this section. A taxpayer who has made no shipments of merchandise, either out-of-state or in-state, during the preceding year, may compute the percentage to be applied to the stock of merchandise on the basis of his experience from March 1 of the preceding year to the last day of February of the current year, in lieu of computing the percentage on the basis of his experience during the preceding year. The rule of strict construction shall not apply to this section.

All rights, title or interest in or to any aircraft parts, equipment, furnishings, or accessories (but not engines or major structural components) which are manufactured outside of the state of Washington and are owned by purchasers of the aircraft constructed, under construction or to be constructed in the state of Washington, and are shipped into the state of Washington for installation in or use in connection with the operation of such aircraft shall be exempt from taxation prior to and during construction of such aircraft and while held in this state for periods preliminary to and during the transportation of such aircraft from the state of Washington.

RCW 84.36.301 Legislative finding and declaration.

Applicable Cases

The legislature hereby finds and declares that to promote the policy of a free and uninhibited flow of commerce as established by federal constitutional and legislative dictate, it is desirable to exempt from property taxation, according to the provisions of RCW 84.36.300, certain parts and equipment coming into the state of Washington to be placed in vehicles which are then transferred to the possession of out-of-state owners. The legislature further recognizes that the temporary existence of these parts and equipment within the state justifies a tax exempt status which serves to encourage the manufacture and assemblage of vehicles within the state thereby promoting increased economic activity and jobs for our residents.

RCW 84.36.379 Residences--Property tax exemption--Findings.

Applicable Cases

The legislature finds that the property tax exemption authorized by Article VII, section 10 of the state Constitution should be made available on the basis of a retired person's ability to pay property taxes. The legislature further finds that the best measure of a retired person's ability to pay taxes is that person's disposable income as defined in *RCW 84.36.383(6).

[1980 c 185 § 3.]

Notes:

*Reviser's note: RCW 84.36.383 was amended by 1994 sp.s. c 8 § 2, changing subsection (6) to subsection (5).

Applicability--1980 c 185: "Except for the amendment to RCW 84.36.381(2) by this 1980 act, sections 3 through 5 of this 1980 act are effective for property taxes due in 1982 and thereafter." [1980 c 185 § 7.]

RCW 84.36.381 Residences--Property tax exemptions--Qualifications.

Applicable Cases

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital or nursing home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home or hospital costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed
or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or owned by cotenants shall be deemed to be owned by each spouse or cotenant, and any lease for life shall be deemed a life estate;

(3) The person claiming the exemption must be sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of thirty thousand dollars or less shall be exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of twenty-four thousand dollars or less but greater than eighteen thousand dollars shall be exempt from all regular property taxes on the greater of forty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed sixty thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of eighteen thousand dollars or less shall be exempt from all regular property taxes on the greater of fifty thousand dollars or sixty percent of the valuation of his or her residence; and

(6) For a person who otherwise qualifies under this section and has a combined disposable income of thirty thousand dollars or less, the valuation of the residence shall be the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the assessed value on January 1st of the assessment year in which the person requalifies. If the
person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property shall be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Intent--1983 1st ex.s. c 11: "The legislature finds that inflation has significant detrimental effects on the senior citizen property tax relief program. Inflation increases incomes without increasing real buying power. Inflation also raises the values of homes, and thus the taxes on those homes. This act addresses the problem of inflation in two ways. First, the assessed value exemption is tied to home value so it will increase as values rise. Secondly, though the income of most senior citizens does not keep pace with inflation, it is the legislature's intent that inflationary
increases in incomes will not result in program disqualification. Therefore, the income levels are adjusted to reflect
the forecasted increase in inflation. The legislature also recommends that similar adjustments be examined by future
legislatures." [1983 1st ex.s. c 11 § 1.]

association, corporation, or partnership if the person claiming exemption can establish that his or
her share represents the specific unit or portion of such structure in which he or she resides. The
term shall also include a single family dwelling situated upon lands the fee of which is vested in

Chapter 84.38 RCW

DEFERRAL OF SPECIAL ASSESSMENTS AND/OR PROPERTY TAXES

RCW

Legislative finding and purpose.

Definitions.
RCW 84.38.010 Legislative finding and purpose.

Savings once deemed adequate for retirement living have been rendered inadequate by increased tax rates, increased property values, and the failure of pension systems to adequately reflect such factors. It is therefore deemed necessary that the legislature, in addition to that tax exemption as provided for in RCW 84.36.381 through 84.36.389 as now or hereafter amended, allow retired persons to defer payment of special assessments on their residences, and to defer their real property tax obligations on their residences, an amount of up to eighty percent of their equity in said property. This deferral program is intended to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs.

[1975 1st ex.s. c 291 § 26.]

(2) "Department" means the state department of revenue.

(3) "Equity value" means the amount by which the fair market value of a residence as
determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.

(4) "Local government" means any city, town, county, water-sewer district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special assessments.

(6) "Residence" has the meaning given in RCW 84.36.383, except that a residence includes any additional property up to a total of five acres that comprises the residential parcel if this larger parcel size is required under land use regulations.

(7) "Special assessment" means the charge or obligation imposed by a local government upon property specially benefited.

Notes:

Effective date--1997 c 93: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 21, 1997]." [1997 c 93 § 2.]

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381 and the parcel size limit under RCW 84.36.383.

(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse of a person who was receiving a deferral at the time of the person's death shall qualify if the surviving spouse is fifty-seven years of age or older and otherwise meets the requirements of this section.

(3) The claimant must have a combined disposable income, as defined in RCW 84.36.383, of thirty-four thousand dollars or less.

RCW 84.38.100 Lien of state, mortgage or purchase contract holder--Priority--Amount--Interest.

Applicable Cases

Whenever a person's special assessment and/or real property tax obligation is deferred under the provisions of this chapter, the amount deferred and required to be paid pursuant to RCW 84.38.120 shall become a lien in favor of the state upon his or her property and shall have priority as provided in chapters 35.50 and 84.60 RCW: PROVIDED, That the interest of a mortgage or purchase contract holder who is required to cosign a declaration of deferral under RCW 84.38.090, shall have priority to said deferred lien. This lien may accumulate up to eighty percent of the amount of the claimant's equity value in said property and shall bear interest at the rate of eight percent per year from the time it could have been paid before delinquency until said obligation is paid: PROVIDED, That when taxes are deferred as provided in RCW *84.64.030 or 84.64.050, the amount shall bear interest at the rate of eight percent per year from the date the declaration is filed until the obligation is paid. In the case of a mobile home, the department of licensing shall show the state's lien on the certificate of ownership for the mobile home. In the case of all other property, the department of revenue shall file a notice of the deferral with the county recorder or auditor.

(2) Transmit one copy of each declaration to defer a special assessment to the local improvement district which imposed such assessment.

(3) Compute the dollar tax rate for the county as if any deferrals provided by this chapter did not exist.

(4) As soon as possible notify the department of revenue and the county treasurer of the amount of real property taxes deferred for that year and notify the department of revenue and the respective treasurers of municipal corporations of the amount of special assessments deferred for each local improvement district within such unit.

RCW 84.38.120 Payments to local improvement or taxing districts.
Applicable Cases

RCW 84.40.025 Access to property required.

Applicable Cases

For the purpose of assessment and valuation of all taxable property in each county, any real or personal property in each county shall be subject to visitation, investigation, examination, discovery, and listing at any reasonable time by the county assessor of the county or by any employee thereof designated for this purpose by the assessor.

In any case of refusal to such access, the assessor shall request assistance from the department of revenue which may invoke the power granted by chapter 84.08 RCW.

RCW 84.40.030 Basis of valuation, assessment, appraisal--One hundred percent of true and fair value--Exceptions--Leasehold estates--Real property--Appraisal--Comparable sales.

Applicable Cases

All personal property shall be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

All real property shall be appraised at one hundred percent of its true and fair value in money and assessed as provided in RCW 84.40.0305 unless specifically provided otherwise by law.

Taxable leasehold estates shall be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) shall be based upon the following criteria:

(1) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal shall be consistent with the comprehensive land
use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. An assessment may not be determined by a method that assumes a land usage not permitted, for that property being appraised, under existing zoning or land use planning ordinances or statutes. The appraisal shall also take into account: (a) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (b) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements shall not be used as sales of similar property.

(2) In addition to sales as defined in subsection (1) of this section, consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection shall be the dominant factors in valuation. When provisions of this subsection are relied upon for establishing values the property owner shall be advised upon request of the factors used in arriving at such value.

(3) In valuing any tract or parcel of real property, the true and fair value of the land, exclusive of structures thereon shall be determined; also the true and fair value of structures thereon, but the appraised valuation shall not exceed the true and fair value of the total property as it exists. In valuing agricultural land, growing crops shall be excluded.

RCW 84.40.031 Valuation of timber and timberlands--Criteria established.
Applicable Cases
Based upon the study as directed by house concurrent resolution No. 10 of the thirty-seventh session of the legislature relating to the taxation of timber and timberlands, the legislature hereby establishes the criteria set forth in RCW 84.40.031 through 84.40.033 as standards for the valuation of timber and timberlands for tax purposes.

RCW 84.40.032 Valuation of timber and timberlands--"Timberlands" defined and declared lands devoted to reforestation.
Applicable Cases
As used in RCW 84.40.031 through 84.40.033 "timberlands" means land primarily suitable and used for growing a continuous supply of forest products, whether such lands be cutover, selectively harvested, or contain merchantable or immature timber, and includes the
timber thereon. Timberlands are lands devoted to reforestation within the meaning of Article VII, section 1 of the state Constitution as amended.

[1983 c 3 § 229; 1963 c 249 § 2.]

Notes:
Severability--1963 c 249: See note following RCW 84.40.031.

RCW 84.40.033 Valuation of timber and timberlands--Legislative findings.
Applicable Cases

It is hereby found and declared that:

(1) Timber constitutes the primary renewable resource of this state.

(2) It is the public policy of this state that timberlands be managed in such a way as to assure a continuous supply of forest products.

(3) It is in the public interest that forest valuation and taxation policy encourage and permit timberland owners to manage their lands to sustain maximum production of raw materials for the forest industry, to maintain other public benefits, and to maintain a stable and equitable tax base.

(4) Forest management entails continuous and accumulative burdens of taxes, protection, management costs, interest on investment, and risks of loss from fire, insects, disease and the elements over long periods of time prior to harvest and realization of income.

(5) Existing timberland valuation and taxation procedures under the general property tax system are consistent with the public interest and the public policy herein set forth only when due consideration and recognition is given to all relevant factors in determining the true and fair value in money of each tract or lot of timberland.

(6) To assure equality and uniformity of taxation of timberland, uniform principles should be applied for determining the true and fair value in money of such timberlands, taking into account all pertinent factors such as regional differences in species and growing conditions.

(7) The true and fair value in money of timberlands must be determined through application of sound valuation principles based upon the highest and best use of such properties. The highest and best use of timberlands, whether cut-over, selectively harvested, or containing merchantable or immature timber, is to manage, protect and harvest them in a manner which will realize the greatest economic value and assure the maximum continuous supply of forest products. This requires that merchantable timber originally on timberlands be harvested gradually to maintain a continuous supply until immature timber reaches the optimum age or size for harvesting, that immature timber on timberlands be managed and protected for extensive periods until it reaches such optimum age or size and that such timberlands be continually restocked as harvested.

(8) Reforestation entails an integrated forest management program which includes gradual harvesting of existing merchantable timber, management and protection of immature timber during its growth cycle until it reaches the optimum size or age for harvesting and a continual preparation and restocking of areas after harvest. Such management of timberlands is now generally followed and practiced in this state and it is in the public interest that such
management be continued and encouraged.

(9) The prices at which merchantable timber is sold generally reflect values based upon immediate harvesting, and the prices at which both merchantable and immature timber are sold frequently reflect circumstances peculiar to the particular purchaser. Such prices generally make little or no allowance for the continuous and accumulative burdens of taxes, protection, management costs, interest on investment, and risks of loss from fire, insects, disease, and the elements which must be borne by the owner of timberlands over long periods of time prior to the time timber is harvested and income is realized. Such prices do not, therefore, provide a reliable measure of the true and fair value in money. Accordingly, both the public policy and the public interest of this state and sound principles of timber valuation require that in the determination of the true and fair value in money of such properties appropriate and full allowance be made for such continuous and accumulative burdens over the period of time between assessment and harvest.

RCW 84.40.036 Valuation of vessels--Apportionment.
Applicable Cases
(1) As used in this section, "apportionable vessel" means a ship or vessel which is:
   (a) Engaged in interstate commerce;
   (b) Engaged in foreign commerce; and/or
   (c) Engaged exclusively in fishing, tendering, harvesting, and/or processing seafood products on the high seas or waters under the jurisdiction of other states.

(2) The value of each apportionable vessel shall be apportioned to this state based on the number of days or fractions of days that the vessel is within this state during the preceding calendar year: PROVIDED, That if the total number of days the vessel is within the limits of the state does not exceed one hundred twenty for the preceding calendar year, no value shall be apportioned to this state. For the purposes of this subsection (2), a fraction of a day means more than sixteen hours in a calendar day.

**RCW 84.40.038 Petition county board of equalization for change in assessed valuation--Limitation on changes to time limit--Waiver of filing deadline--Direct appeal to state board of tax appeals.**  
**Applicable Cases**  
(1) The owner or person responsible for payment of taxes on any property may petition the county board of equalization for a change in the assessed valuation placed upon such property by the county assessor. Such petition must be made on forms prescribed or approved by the department of revenue and any petition not conforming to those requirements or not properly completed shall not be considered by the board. The petition must be filed with the board on or before July 1st of the year of the assessment, within thirty days after the date an assessment or value change notice has been mailed, or within a time limit of up to sixty days adopted by the county legislative authority, whichever is later. If a county legislative authority sets a time limit, the authority may not change the limit for three years from the adoption of the limit.  
(2) The board of equalization may waive the filing deadline if the petition is filed within a reasonable time after the filing deadline and the petitioner shows good cause for the late filing. The decision of the board of equalization regarding a waiver of the filing deadline is final and not appealable under RCW 84.08.130. Good cause may be shown by one or more of the following events or circumstances:  
(a) Death or serious illness of the taxpayer or his or her immediate family;  
(b) The taxpayer was absent from the address where the taxpayer normally receives the assessment or value change notice, was absent for more than fifteen days of the days allowed in subsection (1) of this section before the filing deadline, and the filing deadline is after July 1;  
(c) Incorrect written advice regarding filing requirements received from board of
equalization staff, county assessor’s staff, or staff of the property tax advisor designated under RCW 84.48.140;

(d) Natural disaster such as flood or earthquake;
(e) Delay or loss related to the delivery of the petition by the postal service, and documented by the postal service; or

(f) Other circumstances as the department may provide by rule.

(3) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization shall consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board.

Applicable Cases

(1) The owner or person responsible for payment of taxes on any real property may petition the assessor for a reduction in the assessed value of the real property at any time within three years of adoption of a restriction by a government entity.

(2) Notwithstanding the revaluation cycle for the county, the assessor shall reconsider the valuation of the real property within one hundred twenty days of the filing of a petition under subsection (1) of this section. If the new valuation is established for the real property after this review, the assessor shall notify the property owner in the manner provided in RCW 84.40.045. Unless the real property would otherwise be revalued that year as a result of the revaluation cycle or new construction, the valuation of the real property shall not be increased as a result of this revaluation. If the new valuation is established after June 1st in any year, the new valuation shall be used for purposes of imposing property taxes in the following year, but the property owner shall be eligible for a refund under RCW 84.69.020.

(3) A new valuation established under this section may be appealed under RCW 84.40.038.

(4) If the assessor reduces the valuation of real property using the process under this section, the property owner shall be entitled to a refund on property taxes paid on this property calculated as follows:
(a) A property owner is entitled to receive a refund for each year after the restriction was adopted, but not to exceed three years, that the taxpayer paid property taxes on the real property based upon the prior higher valuation; and

(b) The amount of the refund in each year shall be the amount of reduced valuation on the real property for that year, multiplied by the rate of property taxes imposed on the property in that year.

(5) As used in this section, "restriction" means a limitation, requirement, regulation, or restriction that limits the use of the property, including those imposed by the application of ordinances, resolutions, rules, regulations, policies, statutes, and conditions of land use approval.

**RCW 84.40.040 Time and manner of listing.**

Applicable Cases

The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. The assessor shall also complete the duties of listing and placing valuations on all property by May 31st of each year, except that the listing and valuation of construction and mobile homes under RCW 36.21.080 and 36.21.090 shall be completed by August 31st of each year, and in the following manner, to wit:

The assessor shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter as the appraised value one hundred percent of the true and fair value of such land and of the total true and fair value of such improvements, together with the total of such one hundred percent valuations, opposite each description of property on the assessment list and tax roll.

The assessor shall determine the assessed value, under RCW 84.40.0305, for each tract or lot of land listed for taxation, including improvements located thereon, and shall also enter this value opposite each description of property on the assessment list and tax roll.

The assessor shall make an alphabetical list of the names of all persons in the county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form, and shall be signed and verified under penalty of perjury by the person listing the property: PROVIDED, That the assessor may list and value improvements on publicly owned land in the same manner as real property is listed and valued, including conformance with the revaluation program required under chapter 84.41 RCW. Such list and statement shall be filed on or before the last day of April. The assessor shall on or before the 1st day of January of each year mail a notice to all such persons at their last known address that such statement and list is required, such notice to be accompanied by the form on which the statement or list is to be made: PROVIDED, That the notice mailed by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the
property included in such statement and enter one hundred percent of the same on the assessment roll opposite the name of the party assessed; and in making such entry in the assessment list, the assessor shall give the name and post office address of the party listing the property, and if the party resides in a city the assessor shall give the street and number or other brief description of the party's residence or place of business. The assessor may, after giving written notice of the action to the person to be assessed, add to the assessment list any taxable property which should be included in such list.

RCW 84.40.042 Valuation and assessment of divided or combined property.
Applicable Cases

(1) When real property is divided in accordance with chapter 58.17 RCW, the assessor shall carefully investigate and ascertain the true and fair value of each lot and assess each lot on that same basis, unless specifically provided otherwise by law. For purposes of this section, "lot" has the same definition as in RCW 58.17.020.

(a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30 of the year following the recording of the plat, replat, altered plat, or binding site plan. The value established shall be the value of the lot as of January 1 of the year the original parcel of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030. For purposes of this section, "current year taxes" means taxes that are collectible under RCW 84.56.010.

The plat shall be given a designated name by the surveyor thereof. When the survey, plat, field notes and name of plat, shall have been approved by the county legislative authority, the plat and field notes shall be filed and recorded in the office of the county auditor, and the description of any tract or lot of land described in said plats by number (or letter), section, township and range, shall be a sufficient and legal description for revenue and all other purposes.

RCW 84.41.010 Declaration of policy.

Applicable Cases

Recent comprehensive studies by the legislative council have disclosed gross inequality and nonuniformity in valuation of real property for tax purposes throughout the state. Serious nonuniformity in valuations exists both between similar property within the various taxing districts and between general levels of valuation of the various counties. Such nonuniformity results in inequality in taxation contrary to standards of fairness and uniformity required and established by the Constitution and is of such flagrant and widespread occurrence as to constitute a grave emergency adversely affecting state and local government and the welfare of all the people.

Traditional public policy of the state has vested large measure of control in matters of property valuation in county government, and the state hereby declares its purpose to continue such policy. However, present statutes and practices thereunder have failed to achieve the measure of uniformity required by the Constitution; the resultant widespread inequality and nonuniformity in valuation of property can and should no longer be tolerated. It thus becomes necessary to require general revaluation of property throughout the state.

RCW 84.41.020 Scope of chapter.

Applicable Cases

This chapter does not, and is not intended to affect procedures whereby taxes are imposed either for local or state purposes. This chapter concerns solely the administrative procedures by which the true and fair value in money of property is determined. The process of valuation, which is distinct and separate from the process of levying and imposing a tax, does not result either in the imposition of a tax or the determination of the amount of a tax. This chapter is intended to, and applies only to procedures and methods whereby the value of property is ascertained.

RCW 84.41.030 Revaluation program to be on continuous basis--Revaluation schedule--Effect of other proceedings on valuation.

Applicable Cases
Each county assessor shall maintain an active and systematic program of revaluation on a continuous basis, and shall establish a revaluation schedule which will result in revaluation of all taxable real property within the county at least once each four years and physical inspection of all taxable real property within the county at least once each six years. Each county assessor may disregard any program of revaluation, if requested by a property owner, and change, as appropriate, the valuation of real property upon the receipt of a notice of decision received under RCW 36.70B.130, 90.60.160, or chapter 35.22, 35.63, 35A.63, or 36.70 RCW pertaining to the value of the real property.

RCW 84.41.041 Physical inspection and valuation of taxable property required--Adjustments during intervals based on statistical data.

Applicable Cases
Each county assessor shall cause taxable real property to be physically inspected and valued at least once every six years in accordance with RCW 84.41.030, and in accordance with a plan filed with and approved by the department of revenue. Such revaluation plan shall provide that a reasonable portion of all taxable real property within a county shall be revalued and these newly-determined values placed on the assessment rolls each year. The department may approve a plan that provides that all property in the county be revalued every two years. If the revaluation plan provides for physical inspection at least once each four years, during the intervals between each physical inspection of real property, the appraised valuation of such property may be adjusted to its current true and fair value, such adjustments to be based upon appropriate statistical data. If the revaluation plan provides for physical inspection less frequently than once each four years, during the intervals between each physical inspection of real property, the appraised valuation of such property shall be adjusted to its current true and fair value, such adjustments to be made once each year and to be based upon appropriate statistical data. If the appraised valuation is changed, the assessed value shall be recalculated under RCW 84.40.0305.

The assessor may require property owners to submit pertinent data respecting taxable property in their control including data respecting any sale or purchase of said property within the past five years, the cost and characteristics of any improvement on the property and other facts necessary for appraisal of the property.

**RCW 84.48.065 Cancellation and correction of erroneous assessments and assessments on property on which land use designation is changed.**
Applicable Cases

(1) The county assessor or treasurer may cancel or correct assessments on the assessment or tax rolls which are erroneous due to manifest errors in description, double assessments, clerical errors in extending the rolls, clerical errors in calculating the assessed value under RCW 84.40.0305, and such manifest errors in the listing of the property which do not involve a revaluation of property, except in the case that a taxpayer produces proof that an authorized land use authority has made a definitive change in the property's land use designation. In such a case, correction of the assessment or tax rolls may be made notwithstanding the fact that the action involves a revaluation of property. Manifest errors that do not involve a revaluation of property include the assessment of property exempted by law from taxation or the failure to deduct the exemption allowed by law to the head of a family. When the county assessor cancels or corrects an assessment, the assessor shall send a notice to the taxpayer in accordance with RCW 84.40.045, advising the taxpayer that the action has been taken and notifying the taxpayer of the right to appeal the cancellation or correction to the county board of equalization, in accordance with RCW 84.40.038. When the county assessor or treasurer cancels or corrects an assessment, a record of such action shall be prepared, setting forth therein the facts relating to the error. The record shall also set forth by legal description all property belonging exclusively to the state, any county, or any municipal corporation whose property is exempt from taxation, upon which there remains, according to the tax roll, any unpaid taxes. No manifest error cancellation or correction, including a cancellation or correction made due to a definitive change of land use designation, shall be made for any period more than three years preceding the year in which the error is discovered.

(2)(a) In the case of a definitive change of land use designation, an assessor shall make corrections that involve a revaluation of property to the assessment roll when:
(i) The assessor and taxpayer have signed an agreement as to the true and fair value of the taxpayer's property setting forth in the agreement the valuation information upon which the agreement is based; and
(ii) The assessment roll has previously been certified in accordance with RCW 84.40.320.

(b) In all other cases, an assessor shall make corrections that involve a revaluation of property to the assessment roll when:
(i) The assessor and taxpayer have signed an agreement as to the true and fair value of the taxpayer's property setting forth in the agreement the valuation information upon which the agreement is based; and
(ii) The following conditions are met:
(A) The assessment roll has previously been certified in accordance with RCW 84.40.320;
(B) The taxpayer has timely filed a petition with the county board of equalization pursuant to RCW 84.40.038 for the current assessment year;
(C) The county board of equalization has not yet held a hearing on the merits of the taxpayer's petition.

(3) The assessor shall issue a supplementary roll or rolls including such cancellations and
corrections, and the assessment and levy shall have the same force and effect as if made in the first instance, and the county treasurer shall proceed to collect the taxes due on the rolls as modified.

Applicable Cases

(1) The department of revenue shall annually, prior to the first Monday in September, determine and submit to each assessor a preliminary indicated ratio for each county: PROVIDED, That the department shall establish rules and regulations pertinent to the determination of the indicated ratio, the indicated real property ratio and the indicated personal property ratio: PROVIDED FURTHER, That these rules and regulations may provide that data, as is necessary for said determination, which is available from the county assessor of any county and which has been audited as to its validity by the department, shall be utilized by the department in determining the indicated ratio.

(2) To such extent as is reasonable, the department may define use classes of property for the purposes of determination of the indicated ratio. Such use classes may be defined with respect to property use and may include agricultural, open space, timber and forest lands.

(3) The department shall review each county's preliminary ratio with the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, if requested by the assessor, a landowner, or an owner of an intercounty public utility or private car company of that county, respectively, between the first and third Mondays of September. Prior to equalization of assessments pursuant to RCW 84.48.080 and after the third Monday of September, the department shall certify to each county assessor the real and personal property ratio for that county.

(4) The department of revenue shall also examine procedures used by the assessor to assess real and personal property in the county, including calculations, use of prescribed value schedules, and efforts to locate all taxable property in the county. If any examination by the department discloses other than market value is being listed as appraised value on the county assessment rolls of the county by the assessor and, after due notification by the department, is not corrected, the department of revenue shall, in accordance with rules adopted by the department, adjust the ratio of that type of property, which adjustment shall be used for determining the county's indicated ratio.

RCW 84.48.080 Equalization of assessments--Taxes for state purposes--Procedure--Levy and apportionment--Hypothetical levy for establishing consolidated levy--Rules--Record.

Applicable Cases

(1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the assessed valuation of the property in each county bears to the correct total assessed valuation of all property in the state.

First. The department shall classify all property, real and personal, and shall raise and lower the assessed valuation of any class of property in any county to a value that shall be equal, so far as possible, to the correct assessed value of such class as of January 1st of the current year, after determining the correct appraised value, and any adjustment applicable under RCW 84.40.0305 for the property, for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use the assessment level of the preceding year. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

Second. The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state as equalized under this section. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the assessed valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by
the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

In addition to computing a levy under this subsection that is reduced under RCW 84.55.012, the department shall compute a hypothetical levy without regard to the reduction under RCW 84.55.012. This hypothetical levy shall also be apportioned among the several counties in proportion to the valuation of the taxable property of the county for the year, as equalized by the department, in the same manner as the actual levy and shall be used by the county assessors for the purpose of recomputing and establishing a consolidated levy under RCW 84.52.010.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection.

**RCW 84.52.010** Taxes levied or voted in specific amounts--Effect of constitutional and statutory limitations--Use of hypothetical levy.

Applicable Cases

Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows: (a) The portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; (b) if the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and (c) if the combined rate of regular property
tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, library districts, metropolitan park districts under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated.

In determining whether the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.050, exceeds the limitations provided in that section, the assessor shall use the hypothetical state levy, as apportioned to the county under RCW 84.48.080, that was computed under RCW 84.48.080 without regard to the reduction under RCW 84.55.012.

Notes:

Intent--1995 2nd sp.s. c 13: See note following RCW 84.55.012.
Finding--1993 c 337: See note following RCW 84.52.105.
Purpose--1988 c 274: "The legislature finds that, due to statutory and constitutional limitations, the interdependence of the regular property tax levies of the state, counties, county road districts, cities and towns, and junior taxing districts can cause significant reductions in the otherwise authorized levies of those taxing districts, resulting in serious disruptions to essential services provided by those taxing districts. The purpose of this act is to avoid unnecessary reductions in regular property tax revenue without exceeding existing statutory and constitutional
tax limitations on cumulative regular property tax levy rates. The legislature declares that it is a purpose of the state, counties, county road districts, cities and towns, public hospital districts, library districts, fire protection districts, metropolitan park districts, and other taxing districts to participate in the methods provided by this act by which revenue levels supporting the services provided by all taxing districts might be maintained." [1988 c 274 § 1.]

Severability--1988 c 274: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 274 § 13.]

Severability--Effective dates and termination dates--Construction--1973 1st ex.s. c 195: See notes following RCW 84.52.043.

Severability--1971 ex.s. c 243: See RCW 84.34.920.

Intent--1970 ex.s. c 92: "It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment ratio as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section." [1970 ex.s. c 92 § 1.]

Effective date--Application--1970 ex.s. c 92: "This act shall take effect July 1, 1970 but shall not affect property taxes levied in 1969 or prior years." [1970 ex.s. c 92 § 11.]

RCW 84.52.018 Calculation of tax levy rates when the assessment of highly valued property is in dispute.
Applicable Cases

Whenever any property value or claim for exemption or cancellation of a property assessment is appealed to the state board of tax appeals or court of competent jurisdiction and the dollar difference between the total value asserted by the taxpayer and the total value asserted by the opposing party exceeds one-fourth of one percent of the total assessed value of property in the county, the assessor shall use only that portion of the total value which is not in controversy for purposes of computing the levy rates and extending the tax on the tax roll in accordance with this chapter, unless the state board of tax appeals has issued its determination at the time of extending the tax.

When the state board of tax appeals or court of competent jurisdiction makes its final determination, the proper amount of tax shall be extended and collected for each taxing district if this has not already been done. The amount of tax collected and extended shall include interest at the rate of nine percent per year on the amount of the board's final determination minus the amount not in controversy. The interest shall accrue from the date the taxes on the amount not in controversy were first due and payable. Any amount extended in excess of that permitted by chapter 84.55 RCW shall be held in abeyance and used to reduce the levy rates of the next succeeding levy.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

Applicable Cases

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

1. For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.

   b. For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;
   c. For districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:
      i. The number of full-time equivalent students served from the resident district in the

prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection (4) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(3) For excess levies for collection in calendar year 1998 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:

(a) For 1997, the difference between the district's 1993 maximum levy percentage and twenty percent; and

(b) For 1998 and thereafter, the percentage calculated as follows:

(i) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;

(ii) Reduce the result of (b)(i) of this subsection by any levy reduction funds as defined in subsection (5) of this section that are to be allocated to the district for the current school year;

(iii) Divide the result of (b)(ii) of this subsection by the district's levy base; and

(iv) Take the greater of zero or the percentage calculated in (b)(iii) of this subsection.

(5) "Levy reduction funds" shall mean increases in state funds from the prior school year
for programs included under subsection (3) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

RCW 84.52.069 Emergency medical care and service levies.
Applicable Cases
(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, or fire protection district.

(2) A taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. Ballot propositions shall conform with RCW 29.30.111. A taxing district shall not submit to the
voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district shall maintain a statement of the accounting which shall be updated at least every two years and shall be available to the public upon request at no charge.

(4) A taxing district imposing a permanent levy under this section shall provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure shall specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner shall have thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, shall certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29.13.020.

The referendum procedure provided in this subsection shall be exclusive in all instances for any taxing district imposing the tax under this section and shall supersede the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section shall be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county shall be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied county-wide, the service shall, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no county-wide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county
proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed:  AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, shall expire concurrently with the county emergency medical service levy.

(7) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 shall not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.

(2) The additional property tax levies may not be imposed until:

(a) The governing body of the county, city, or town declares the existence of an emergency with respect to the availability of housing that is affordable to very low-income households in the taxing district; and

(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.

(3) For purposes of this section, the term "very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income, as determined by the United States department of housing and urban development, with adjustments for household size, for the county where the taxing district is located.

(4) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section.

[1995 c 318 § 10; 1993 c 337 § 2.]

Notes:
Effective date--1995 c 318: See note following RCW 82.04.030.
Finding--1993 c 337: "The legislature finds that:
(1) Many very low-income residents of the state of Washington are unable to afford housing that is decent, safe, and appropriate to their living needs;
(2) Recent federal housing legislation conditions funding for affordable housing on the availability of local matching funds;
(3) Current statutory debt limitations may impair the ability of counties, cities, and towns to meet federal matching requirements and, as a consequence, may impair the ability of such counties, cities, and towns to develop appropriate and effective strategies to increase the availability of safe, decent, and appropriate housing that is affordable to very low-income households; and
(4) It is in the public interest to encourage counties, cities, and towns to develop locally based affordable housing financing plans designed to expand the availability of housing that is decent, safe, affordable, and appropriate to the living needs of very low-income households of the counties, cities, and towns." [1993 c 337 § 1.]

Applicable Cases
A metropolitan park district with a population of one hundred fifty thousand or more may submit a ballot proposition to voters of the district authorizing the protection of the district's tax levy from prorationing under RCW 84.52.010(2) by imposing all or any portion of the district's twenty-five cent per thousand dollars of assessed valuation tax levy outside of the five dollar and ninety cent per thousand dollar of assessed valuation limitation established under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(2)(c), for taxes imposed in any year on or before the first day of January six years after the ballot proposition is approved. Applicable Cases

As used in this chapter:

(1) "Inflation" means the percentage change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent twelve-month period by the bureau of economic analysis of the federal department of commerce in September of the year before the taxes are payable;

(2) "Limit factor" means:
   (a) For taxing districts with a population of less than ten thousand in the calendar year prior to the assessment year, one hundred six percent;
   (b) For taxing districts for which a limit factor is authorized under RCW 84.55.0101, the lesser of the limit factor authorized under that section or one hundred six percent;
   (c) For all other districts, the lesser of one hundred six percent or one hundred percent plus inflation; and

(3) "Regular property taxes" has the meaning given it in RCW 84.04.140.

Notes:
Reviser's note: This section was amended by 1997 c 3 § 201 (Referendum Bill No. 47, approved November 4, 1997) and by 1997 c 393 § 20, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

RCW 84.55.010 Limitations prescribed.
Applicable Cases

Except as provided in this chapter, the levy for a taxing district in any year shall be set so that the regular property taxes payable in the following year shall not exceed the limit factor multiplied by the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the increase in assessed value in that district resulting from new construction, improvements to property, and any increase in the assessed value of state-assessed property by the regular property tax levy rate of that district for the preceding year.

[1997 c 3 § 202 (Referendum Bill No. 47, approved November 4, 1997); 1979 ex.s. c 218 § 2; 1973 1st ex.s. c 67 § 1; 1971 ex.s. c 288 § 20.]

Notes:
Reviser's note: Throughout chapter 84.55 RCW the phrase "this 1971 amendatory act" has been changed to "this chapter." "This 1971 amendatory act" [1971 ex.s. c 288] consists of this chapter and RCW 36.21.015,
Revised Code of Washington, 1999

36.29.015, 84.04.140, 84.10.010, 84.36.370, 84.36.380, 84.40.030, 84.40.0301, 84.40.045, 84.41.030, 84.41.040,
84.48.080, 84.48.085, 84.48.140, 84.52.052, 84.56.020, and 84.69.020, and the repeal of RCW 84.36.128,
84.36.129, and 84.54.010.

Intent--1997 c 3 §§ 201-207: "It is the intent of sections 201 through 207 of this act to lower the one
hundred six percent limit while still allowing taxing districts to raise revenues in excess of the limit if approved by a
majority of the voters as provided in RCW 84.55.050." [1997 c 3 § 208 (Referendum Bill No. 47, approved
November 4, 1997).]

Application--Severability--Part headings not law--Referral to electorate--1997 c 3: See notes
following RCW 84.40.030.

Effective date--Applicability--1979 ex.s.s. c 218: "This act is necessary for the immediate preservation of
the public peace, health, and safety, the support of the state government and its existing public institutions, and shall
take effect immediately: PROVIDED, That the amendment to RCW 84.55.010 by section 2 of this act shall be
effective for 1979 levies for taxes collected in 1980, and for subsequent years." [1979 ex.s.s. c 218 § 8.]

RCW 84.55.0101 Limit factor--Authorization for taxing district to use one hundred six
percent or less--Ordinance or resolution.

Applicable Cases

Upon a finding of substantial need, the legislative authority of a taxing district other than
the state may provide for the use of a limit factor under this chapter of one hundred six percent or
less. In districts with legislative authorities of four members or less, two-thirds of the members
must approve an ordinance or resolution under this section. In districts with more than four
members, a majority plus one vote must approve an ordinance or resolution under this section.
The new limit factor shall be effective for taxes collected in the following year only.

[1997 c 3 § 204 (Referendum Bill No. 47, approved November 4, 1997).]

Notes:

Intent--1997 c 3 §§ 201-207: See note following RCW 84.55.010.

Application--Severability--Part headings not law--Referral to electorate--1997 c 3: See notes
following RCW 84.40.030.

RCW 84.55.012 Reduction of property tax levy--Setting amount of future levies.

Applicable Cases

(1) The state property tax levy for collection in 1996 shall be reduced by 4.7187 percent
of the levy amount that would otherwise be allowed under this chapter without regard to this
section or any other tax reduction legislation enacted in 1995.

(2) State levies for collection after 1997 shall be set at the amount that would be allowed
otherwise under this chapter if the state levies for collection in 1996 and 1997 had been set
without the reduction under subsection (1) of this section.

[1997 c 2 § 1; 1995 2nd sp.s. c 13 § 2.]

Notes:

Application--1997 c 2: "Section 1 of this act applies to taxes levied for collection in 1997." [1997 c 2 §
3.]

Effective date--1997 c 2: "Section 1 of this act is necessary for the immediate preservation of the public
peace, health, or safety, or support of the state government and its existing public institutions, and takes effect
immediately [January 30, 1997]." [1997 c 2 § 4.]

**Intent--1995 2nd sp.s. c 13:** "With property valuations continuing to increase, property taxes have been steadily increasing. At the same time, personal incomes have not continued to rise at the same rate. Property taxes are becoming increasingly more difficult to pay. Many residential property owners complain about the overall level of taxes and about the continuing increase in tax from year to year. Taxpayers want property tax relief. The legislature intends to establish an on-going program of state property tax reductions the amount of which is to be determined by the legislature on a yearly basis based on the level of general fund tax revenues." [1995 2nd sp.s. c 13 § 1.]

**RCW 84.55.0121 Reduction of property tax levy for collection in 1998.**

Applicable Cases

The state property tax levy for collection in 1998 shall be reduced by 4.7187 percent of the levy amount that would otherwise be allowed under this chapter without regard to this section.

[1997 c 3 § 301 (Referendum Bill No. 47, approved November 4, 1997).]

Notes:

Severability--Part headings not law--Referral to electorate--1997 c 3: See notes following RCW 84.40.030.

**RCW 84.55.015 Restoration of regular levy.**

Applicable Cases

If a taxing district has not levied since 1985 and elects to restore a regular property tax levy subject to applicable statutory limitations then such first restored levy shall be set so that the regular property tax payable shall not exceed the amount which was last levied, plus an additional dollar amount calculated by multiplying the increase in assessed value in the district since the last levy resulting from new construction and improvements to property by the property tax rate which is proposed to be restored, or the maximum amount which could be lawfully levied in the year such a restored levy is proposed.

[1999 c 96 § 1; 1979 ex.s. c 218 § 4.]

**RCW 84.55.020 Limitation upon first levy for district created from consolidation.**

Applicable Cases

Notwithstanding the limitation set forth in RCW 84.55.010, the first levy for a taxing district created from consolidation of similar taxing districts shall be set so that the regular property taxes payable in the following year shall not exceed the limit factor multiplied by the sum of the amount of regular property taxes lawfully levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the increase in assessed value in each component district resulting from new construction and improvements to property by the regular property tax rate of each component district for the preceding year.

[1997 c 3 § 203 (Referendum Bill No. 47, approved November 4, 1997); 1971 ex.s. c 288 § 21.]
RCW 84.55.030 Limitation upon first levy following annexation.
Applicable Cases
   For the first levy for a taxing district following annexation of additional property, the
limitation set forth in RCW 84.55.010 shall be increased by an amount equal to (1) the aggregate
assessed valuation of the newly annexed property as shown by the current completed and
balanced tax rolls of the county or counties within which such property lies, multiplied by (2) the
dollar rate that would have been used by the annexing unit in the absence of such annexation,
plus (3) the additional dollar amount calculated by multiplying the increase in assessed value in
the annexing district resulting from new constructions and improvements to property by the
regular property tax levy rate of that annexing taxing district for the preceding year.

RCW 84.55.035 Inapplicability of limitation to newly-formed taxing district created other
than by consolidation or annexation.
Applicable Cases
   RCW 84.55.010 shall not apply to the first levy by or for a newly-formed taxing district
created other than by consolidation or annexation.
   This section shall be retroactive in effect and shall be deemed to validate any levy within
its scope, even though the levy has been made prior to June 4, 1979.

[1979 ex.s. c 218 § 5.]

RCW 84.55.040 Increase in statutory dollar rate limitation.
Applicable Cases
   If by reason of the operation of RCW 84.52.043 and 84.52.050, as now or hereafter
amended the statutory dollar rate limitation applicable to the levy by a taxing district has been
increased over the statutory millage limitation applicable to such taxing district's levy in the
preceding year, the limitation on the dollar rate amount of a levy provided for in this chapter shall
be increased by multiplying the otherwise dollar limitation by a fraction, the numerator of which
is the increased dollar limitation and the denominator of which is the dollar limitation for the
prior year.

[1973 1st ex.s. c 195 § 108; 1973 1st ex.s. c 195 § 151; 1971 ex.s. c 288 § 23.]

**RCW 84.55.045 Applicability of chapter to levy by port district for industrial development district purposes.**

Applicable Cases

For purposes of applying the provisions of this chapter:

1. A levy by or for a port district pursuant to RCW 53.36.100 shall be treated in the same manner as a separate regular property tax levy made by or for a separate taxing district; and

2. The first levy by or for a port district pursuant to RCW 53.36.100 after April 1, 1982, shall not be subject to RCW 84.55.010.

[1982 1st ex.s. c 3 § 2.]

Notes:

Effective date--1982 1st ex.s. c 3: See note following RCW 53.36.100.

**RCW 84.55.050 Election to authorize increase in regular property tax levy--Limited propositions--Procedure.**

Applicable Cases

1. Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a taxing district in an amount exceeding the limitations provided for in this chapter if such levy is authorized by a proposition approved by a majority of the voters of the taxing district voting on the proposition at a general election held within the district or at a special election within the taxing district called by the district for the purpose of submitting such proposition to the voters. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the proposed levy is to be made. The ballot of the proposition shall state the dollar rate proposed and shall clearly state any conditions which are applicable under subsection (3) of this section.

2. After a levy authorized pursuant to this section is made, the dollar amount of such levy shall be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, except as provided in subsection (4) of this section.

3. A proposition placed before the voters under this section may:

   a. Limit the period for which the increased levy is to be made;

   b. Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

   c. Set the levy at a rate less than the maximum rate allowed for the district; or

   d. Include any combination of the conditions in this subsection.

4. After the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

   a. The limited proposition under subsection (3) of this section had not been approved; and
Revised Code of Washington, 1999

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition.

RCW 84.55.080 Adjustment to tax limitation.

Applicable Cases

Pursuant to chapter 39.88 RCW, any increase in the assessed value of real property within an apportionment district resulting from new construction, improvements to property, or any increase in the assessed value of state-assessed property shall not be included in the increase in assessed value resulting from new construction, improvements, or any increase in the assessed value of state-assessed property for purposes of calculating any limitations upon regular property taxes under this chapter until the termination of apportionment as set forth in RCW 39.88.070(4), as now or hereafter amended, except to the extent a taxing district actually will receive the taxes levied upon this value. Tax allocation revenues, as defined in RCW 39.88.020, as now or hereafter amended, shall not be deemed to be "regular property taxes" for purposes of this chapter.
RCW 84.55.092 Protection of future levy capacity.
Applicable Cases
The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 that would have been imposed but for the limitation in RCW 52.18.065, applicable upon imposition of the benefit charge under chapter 52.18 RCW.

The purpose of this section is to remove the incentive for a taxing district to maintain its tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions.

RCW 84.55.100 Determination of limitations.
Applicable Cases
The property tax limitation contained in this chapter shall be determined by the county assessors of the respective counties in accordance with the provisions of this chapter: PROVIDED, That the limitation for any state levy shall be determined by the department of revenue and the limitation for any intercounty rural library district shall be determined by the library district in consultation with the respective county assessors.

[1983 c 223 § 1.]

RCW 84.55.110 Withdrawal of certain areas of a library district, metropolitan park district, fire protection district, or public hospital district--Calculation of taxes due.
Applicable Cases
Whenever a withdrawal occurs under RCW 27.12.355, 35.61.360, 52.04.056, or 70.44.235, restrictions under chapter 84.55 RCW on the taxes due for the library district, metropolitan park district, fire protection district, or public hospital district, and restrictions under chapter 84.55 RCW on the taxes due for the city or town if an entire city or town area is withdrawn from a library district or fire protection district, shall be calculated as if the withdrawn area had not been part of the library district, metropolitan park district, fire protection district, or

public hospital district, and as if the library district or fire protection district had not been part of
the city or town.

[1987 c 138 § 6.]

RCW 84.55.120 Public hearing--Taxing district's revenue sources--Adoption of tax increase
by ordinance or resolution.

Applicable Cases

A taxing district, other than the state, that collects regular levies shall hold a public
hearing on revenue sources for the district's following year's current expense budget. The hearing
must include consideration of possible increases in property tax revenues and shall be held prior
to the time the taxing district levies the taxes or makes the request to have the taxes levied. The
county legislative authority, or the taxing district's governing body if the district is a city, town,
or other type of district, shall hold the hearing. For purposes of this section, "current expense
budget" means that budget which is primarily funded by taxes and charges and reflects the
provision of ongoing services. It does not mean the capital, enterprise, or special assessment
budgets of cities, towns, counties, or special purpose districts.

If the taxing district is otherwise required to hold a public hearing on its proposed regular
tax levy, a single public hearing may be held on this matter.

No increase in property tax revenue, other than that resulting from the addition of new
construction and improvements to property and any increase in the value of state-assessed
property, may be authorized by a taxing district, other than the state, except by adoption of a
separate ordinance or resolution, pursuant to notice, specifically authorizing the increase in terms
of both dollars and percentage. The ordinance or resolution may cover a period of up to two
years, but the ordinance shall specifically state for each year the dollar increase and percentage
change in the levy from the previous year.

Reviser's note: This section appears as it did before its amendment by 1975-'76 2nd ex.s. c 10 because of 1975-'76 2nd ex.s. c 10 § 3 which states "This 1976 amendatory act shall be effective with respect to 1976 collections of all real and personal property taxes, and shall expire on December 31, 1976."

**RCW 84.56.020 Taxes collected by treasurer--Dates of delinquency--Tax statement notice concerning payment by check--Interest--Penalties.**

Applicable Cases

(1) The county treasurer shall be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. All taxes upon real and personal property made payable by the provisions of this title shall be due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement shall include a notice that checks for payment of taxes may be made payable to "Treasurer of . . . . . . County" or other appropriate office, but tax statements shall not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(5) Delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest shall be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under
this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid shall be assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent shall be assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(6) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed for the period April 30, 1996, through December 31, 1996, on delinquent taxes imposed in 1995 for collection in 1996 which are imposed on the personal residences owned by military personnel who participated in the situation known as "Joint Endeavor."

(7) For purposes of this chapter, "interest" means both interest and penalties.

(8) All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

If such a contract is entered into, notice of the special assessments, excise taxes, or rates or charges due may be included on the notice of property taxes due, may be included on a separate notice that is mailed with the notice of property taxes due, or may be sent separately from the notice of property taxes due. County treasurers may impose an annual fee for collecting special assessments, excise taxes, or rates or charges not to exceed one percent of the dollar value of special assessments, excise taxes, or rates or charges collected.
RCW 84.56.050 Treasurer's duties on receiving rolls--Notice of taxes due.

Applicable Cases

On receiving the tax rolls the treasurer shall post all real and personal property taxes from the rolls to the treasurer's tax roll, and shall carry forward to the current tax rolls a memorandum of all delinquent taxes on each and every description of property, and enter the same on the property upon which the taxes are delinquent showing the amounts for each year. The treasurer shall notify each taxpayer in the county, at the expense of the county, of the amount of the real and personal property, and the current and delinquent amount of tax due on the same; and the treasurer shall have printed on the notice the name of each tax and the levy made on the same. The county treasurer shall be the sole collector of all delinquent taxes and all other taxes due and collectible on the tax rolls of the county: PROVIDED, That the term "taxpayer" as used in this section shall mean any person charged, or whose property is charged, with property tax; and the person to be notified is that person whose name appears on the tax roll herein mentioned: PROVIDED, FURTHER, That if no name so appears the person to be notified is that person shown by the treasurer's tax rolls or duplicate tax receipts of any preceding year as the payer of the tax last paid on the property in question.

RCW 84.56.060 Tax receipts--Current tax only may be paid.

Applicable Cases

The county treasurer upon receiving any tax paid in cash, shall give to the person paying the same a receipt. The treasurer shall record the payment of all taxes in the treasurer's records by parcel. The owner or owners of property against which there are delinquent taxes, shall have the right to pay the current tax without paying any delinquent taxes there may be against the property.

RCW 84.56.070 Personal property--Distrain and sale, notice, property incapable of manual delivery, property about to be removed or disposed of.

Applicable Cases

On the fifteenth day of February succeeding the levy of taxes, the county treasurer shall proceed to collect all personal property taxes. The treasurer shall give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer shall forthwith proceed to collect the same. In the event that he or she is unable to collect the same when due, the treasurer shall prepare papers in distrain, which shall contain a description of the personal property, the amount of taxes, the amount of the accrued
interest at the rate provided by law from the date of delinquency, and the name of the owner or
reputed owner. The treasurer shall without demand or notice, if sufficient goods and
chattels belonging to the person charged with such taxes to pay the same, with interest at the rate
provided by law from the date of delinquency, together with all accruing costs, and shall proceed
to advertise the same by posting written notices in three public places in the county in which such
property has been distrained, one of which places shall be at the county court house, such notice
to state the time when and place where such property will be sold. The county treasurer, or the
treasurer's deputy, shall tax the same fees for making the distraint and sale of goods and chattels
for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on
execution; traveling fees to be computed from the county seat of the county to the place of
making distraint. If the taxes for which such property is distrained, and the interest and costs
accruing thereon, are not paid before the date appointed for such sale, which shall be not less
than ten days after the taking of such property, such treasurer or treasurer's designee shall proceed
to sell such property at public auction, or so much thereof as shall be sufficient to pay such taxes,
with interest and costs, and if there be any excess of money arising from the sale of any personal
property, the treasurer shall pay such excess less any cost of the auction to the owner of the
property so sold or to his or her legal representative: PROVIDED, That whenever it shall
become necessary to distrain any standing timber owned separately from the ownership of the
land upon which the same may stand, or any fish trap, pound net, reef net, set net or drag seine
fishing location, or any other personal property as the treasurer shall determine to be incapable or
reasonably impracticable of manual delivery, it shall be deemed to have been distrained and
taken into possession when the treasurer shall have, at least thirty days before the date fixed for
the sale thereof, filed with the auditor of the county wherein such property is located a notice in
writing reciting that the treasurer has distrained such property, describing it, giving the name of
the owner or reputed owner, the amount of the tax due, with interest, and the time and place of
sale; a copy of the notice shall also be sent to the owner or reputed owner at his last known
address, by registered letter at least thirty days prior to the date of sale: AND PROVIDED
FURTHER, That if the county treasurer has reasonable grounds to believe that any personal
property upon which taxes have been levied, but not paid, is about to be removed from the
county where the same has been assessed, or is about to be destroyed, sold or disposed of, the
county treasurer may demand such taxes, without the notice provided for in this section, and if
necessary may forthwith distrain sufficient goods and chattels to pay the same.

RCW 84.56.090 Distraint and sale of property about to be removed, dissipated, sold, or

Applicable Cases
Whenever in the judgment of the assessor or the county treasurer personal property is
being removed or is about to be removed without the limits of the state, or is being dissipated

about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the treasurer shall immediately prepare papers in distraint, which shall contain a description of the personal property being or about to be removed, dissipated, sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the amount of the tax, the amount of accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner, and he shall without demand or notice distain sufficient goods and chattels belonging to the person charged with such taxes to pay the same with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall advertise and sell said property as provided in RCW 84.56.070.

If said personal property is being removed or is about to be removed from the limits of the state, is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, at any time subsequent to the first day of January in any year, and prior to the levy of taxes thereon, the taxes upon such property so distraint shall be computed upon the rate of levy for state, county and local purposes for the preceding year; and all taxes collected in advance of levy under this section and RCW 84.56.120, together with the name of the owner and a brief description of the property assessed shall be entered forthwith by the county treasurer upon the personal property tax rolls of such preceding year, and all collections thereon shall be considered and treated in all respects, and without recourse by either the owner or any taxing unit, as collections for such preceding year. Property on which taxes are thus collected shall thereupon become discharged from the lien of any taxes that may thereafter be levied in the year in which payment or collection is made.

Whenever property has been removed from the county wherein it has been assessed, on which the taxes have not been paid, then the county treasurer, or his deputy, shall have the same power to distraint and sell said property for the satisfaction of said taxes as he would have if said property were situated in the county in which the property was taxed, and in addition thereto said treasurer, or his deputy, in the distraint and sale of property for the payment of taxes, shall have the same powers as are now by law given to the sheriff in making levy and sale of property on execution.

**RCW 84.64.050 Certificate to county--Foreclosure--Notice--Sale of certain residential property eligible for deferral prohibited.**

Applicable Cases

After the expiration of three years from the date of delinquency, when any property remains on the tax rolls for which no certificate of delinquency has been issued, the county treasurer shall proceed to issue certificates of delinquency on the property to the county for all years' taxes, interest, and costs: PROVIDED, That the county treasurer, with the consent of the county legislative authority, may elect to issue a certificate for fewer than all years' taxes, interest, and costs to a minimum of the taxes, interest, and costs for the earliest year.

Certificates of delinquency shall be prima facie evidence that:

1. The property described was subject to taxation at the time the same was assessed;
2. The property was assessed as required by law;
3. The taxes or assessments were not paid at any time before the issuance of the certificate;
4. Such certificate shall have the same force and effect as a lis pendens required under chapter 4.28 RCW.

The county treasurer may include in the certificate of delinquency any assessments which are due on the property and are the responsibility of the county treasurer to collect. For purposes of this chapter, "taxes, interest, and costs" include any assessments which are so included by the county treasurer, and "interest" means interest and penalties unless the context requires otherwise.

The treasurer shall file the certificates when completed with the clerk of the court at no cost to the treasurer, and the treasurer shall thereupon, with legal assistance from the county prosecuting attorney, proceed to foreclose in the name of the county, the tax liens embraced in
such certificates. Notice and summons must be served or notice given in a manner reasonably calculated to inform the owner or owners, and any person having a recorded interest in or lien of record upon the property, of the foreclosure action to appear within thirty days after service of such notice and defend such action or pay the amount due. Either (a) personal service upon the owner or owners and any person having a recorded interest in or lien of record upon the property, or (b) publication once in a newspaper of general circulation, which is circulated in the area of the property and mailing of notice by certified mail to the owner or owners and any person having a recorded interest in or lien of record upon the property, or, if a mailing address is unavailable, personal service upon the occupant of the property, if any, is sufficient. If such notice is returned as unclaimed, the treasurer shall send notice by regular first class mail. The notice shall include the legal description on the tax rolls, the year or years for which assessed, the amount of tax and interest due, and the name of owner, or reputed owner, if known, and the notice must include the local street address, if any, for informational purposes only. The certificates of delinquency issued to the county may be issued in one general certificate in book form including all property, and the proceedings to foreclose the liens against the property may be brought in one action and all persons interested in any of the property involved in the proceedings may be made codefendants in the action, and if unknown may be therein named as unknown owners, and the publication of such notice shall be sufficient service thereof on all persons interested in the property described therein, except as provided above. The person or persons whose name or names appear on the treasurer's rolls as the owner or owners of the property shall be considered and treated as the owner or owners of the property for the purpose of this section, and if upon the treasurer's rolls it appears that the owner or owners of the property are unknown, then the property shall be proceeded against, as belonging to an unknown owner or owners, as the case may be, and all persons owning or claiming to own, or having or claiming to have an interest therein, are hereby required to take notice of the proceedings and of any and all steps thereunder: PROVIDED, That prior to the sale of the property, the treasurer shall order or conduct a title search of the property to be sold to determine the legal description of the property to be sold and the record title holder, and if the record title holder or holders differ from the person or persons whose name or names appear on the treasurer's rolls as the owner or owners, the record title holder or holders shall be considered and treated as the owner or owners of the property for the purpose of this section, and shall be entitled to the notice provided for in this section. Such title search shall be included in the costs of foreclosure.

The county treasurer shall not sell property which is eligible for deferral of taxes under chapter 84.38 RCW but shall require the owner of the property to file a declaration to defer taxes under chapter 84.38 RCW.

**RCW 84.64.120 Appellate review--Deposit.**

Applicable Cases

Appellate review of the judgment of the superior court may be sought as in other civil cases. However, review must be sought within thirty days after the entry of the judgment and the party taking such appeal shall deposit a sum equal to all taxes, interest, and costs with the clerk of the court, conditioned that the appellant shall prosecute the appeal with effect, and will pay the amount of any taxes, interest and costs which may be finally adjudged against the real property involved in the appeal by any court having jurisdiction of the cause. No appeal shall be allowed from any judgment for the sale of land or lot for taxes unless the party taking such appeal shall before the time of giving notice of such appeal, and within thirty days herein allowed within which to appeal, deposit with the clerk of the court of the county in which the land or lots are situated, an amount of money equal to the amount of the judgment and costs rendered in such cause by the trial court. If, in case of an appeal, the judgment of the lower court shall be affirmed, in whole or in part, the supreme court or the court of appeals shall enter judgment for the amount of taxes, interest and costs, with damages not to exceed twenty percent, and shall order that the amount deposited with the clerk of the court, or so much thereof as may be necessary, be credited upon the judgment so rendered, and execution shall issue for the balance of the judgment, damages and costs. The clerk of the supreme court or the clerk of the division of the court of appeals in which the appeal is pending shall transmit to the county treasurer of the county in which the land or lots are situated a certified copy of the order of affirmance, and it shall be the duty of such county treasurer upon receiving the same to apply so much of the amount deposited with the clerk of the court, as shall be necessary to satisfy the amount of the judgment of the supreme court, and to account for the same as collected taxes. If the judgment of the superior court shall be reversed and the cause remanded for a rehearing, and if, upon a rehearing, judgment shall be rendered for the sale of the land or lots for taxes, or any part thereof, and such judgment be not appealed from, as herein provided, the clerk of such superior court shall certify to the county treasurer the amount of such judgment, and thereupon it shall be the duty of the county treasurer to certify to the county clerk the amount deposited with the clerk of the court, and the county clerk shall credit such judgment with the amount of such deposit, or so much thereof as will satisfy the judgment, and the county treasurer shall be chargeable and accountable for the amount so credited as collected taxes. Nothing herein shall be construed as requiring an additional deposit in case of more than one appeal being prosecuted in the proceeding. If, upon a final hearing, judgment shall be refused for the sale of the land or lots for the taxes, interest, and costs, or any part thereof, in the proceedings, the county treasurer shall pay over to the party who shall have made such deposit, or his or her legally authorized agent or representative, the amount of the deposit, or so much thereof as shall remain after the satisfaction of the judgment against the land or lots in respect to which such deposit shall have been made.

Upon the filing of the petition with the county assessor that officer shall proceed forthwith to conduct such investigation as may be necessary to ascertain and determine whether or not the assessment in question was erroneous or whether or not the tax was incorrectly extended upon the tax rolls and if he finds there is probable cause to believe that the property was erroneously assessed, and that such erroneous assessment was due to an error in description, double assessment or manifest error in assessment which does not involve a revaluation of the property, or that the tax was incorrectly extended upon the tax rolls, he shall endorse his findings upon the petition, and thereupon within ten days after the filing of the petition by the taxpayer forward the same to the county treasurer. RCW 84.69.020 Grounds for refunds--Determination--Payment--Report.
Applicable Cases

On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:

(1) Paid more than once;
(2) Paid as a result of manifest error in description;
(3) Paid as a result of a clerical error in extending the tax rolls;
(4) Paid as a result of other clerical errors in listing property;
(5) Paid with respect to improvements which did not exist on assessment date;
(6) Paid under levies or statutes adjudicated to be illegal or unconstitutional;
(7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person
exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended;

(8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest;

(9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board;

(10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order;

(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;

(12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding;

(13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2);

(14) Paid on the basis of an assessed valuation that was reduced under RCW 84.48.065;

(15) Paid on the basis of an assessed valuation that was reduced under RCW 84.40.039; or

(16) Abated under RCW 84.70.010.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. The county treasurer may deduct from moneys collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in February of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for

**RCW 84.69.070 Refunds with respect to taxing districts--Administrative expenses--Disposition of funds upon expiration of refund orders.**

Applicable Cases

Refunds ordered with respect to taxing districts shall be paid by checks drawn by the county treasurer upon such available funds, if any, as the taxing districts may have on deposit in the county treasury, or in the event such funds are insufficient, then out of funds subsequently accruing to such taxing district and on deposit in the county treasury. When such refunds are made as a result of taxes paid under levies or statutes adjudicated to be illegal or unconstitutional all administrative costs including interest paid on the refunds incurred by the county treasurer in making such refunds shall be a charge against the funds of such districts and/or the state on a pro rata basis until the county current expense fund is fully reimbursed for the administrative expenses incurred in making such refund: PROVIDED, That whenever orders for refunds of ad valorem taxes promulgated by the county treasurer or county legislative authority and unpaid checks shall expire and become void as provided in RCW 84.69.110, then any moneys remaining in a refund account established by the county treasurer for any taxing district may be transferred by the county treasurer from such refund account to the county current expense fund to reimburse the county for the administrative expense incurred in making refunds as prescribed herein. Any excess then remaining in the taxing district refund account may then be transferred by the county treasurer to the current expense fund of the taxing district for which the tax was originally levied and collected.

RCW 84.70.040 Arson destroyed property.

Applicable Cases

(1) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster, the assessed value of such property shall be reduced for that assessment year by an amount determined by taking the assessed value of such taxable property before destruction or reduction in value and deduct therefrom the true and fair value of the remaining property after destruction or reduction in value.

(2) Taxes levied for collection in the year in which the assessed value has been reduced under subsection (1) of this section shall be abated in whole or in part as provided in this subsection. The amount of taxes to be abated shall be determined by first multiplying the amount deducted from assessed value under subsection (1) of this section by the rate of levy applicable to the property in the tax year. Then divide the product by the number of days in the year and multiply the quotient by the number of days remaining in the calendar year after the date of the destruction or reduction in value of the property. If taxes abated under this section have been paid, the amount paid shall be refunded under RCW 84.69.020. For taxes levied for collection in 1998 and 1999, this subsection (2) applies to property that is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor and has been reduced in value by more than twenty percent as a result of a natural disaster. For taxes levied for collection in 2000 through 2004, this subsection (2) applies to property that is destroyed in whole or in part, or is in an area that has been declared a federal disaster area and has been reduced in value by more than twenty percent as a result of a natural disaster. This subsection (2) does not apply to taxes levied for collection in 2005 and thereafter.

(3) No reduction in the assessed value or abatements shall be made more than three years after the date of destruction or reduction in value.

(4) The assessor shall make such reduction on his or her own motion; however, the taxpayer may make application for reduction on forms prepared by the department and provided by the assessor. The assessor shall notify the taxpayer of the amount of reduction.

(5) If destroyed property is replaced prior to the valuation dates contained in RCW 36.21.080 and 36.21.090, the total taxable value for that assessment year shall not exceed the value as of the appropriate valuation date in RCW 36.21.080 or 36.21.090, whichever is appropriate.

(6) The taxpayer may appeal the amount of reduction to the county board of equalization within thirty days of notification or July 1st of the year of reduction, whichever is later. The board shall reconvene, if necessary, to hear the appeal.

Notes:

Reviser's note: The language "this act," "this chapter," and words of similar import appear throughout chapter 85.05 RCW. This chapter is almost entirely comprised of the basic diking district act of chapter 117, Laws of 1895, as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in pari materia being also codified herein. Some sections were expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly some sections were amended by reference to the compilation number only. Some of these sections contain the language "this act," "this chapter," or both which appear in the session law either as original language or as reenactments of the compiler's translation. Therefore, throughout chapter 85.05 RCW such language is retained, wherever it appears, in the most recent session law reenactment. Situations concerning effective dates of particular acts or having express restrictive applications are

RCW 85.05.120 Appearance of defendants--Jury--Verdict--Decree.
Applicable Cases

Any or all of said defendants may appear jointly or separately, and admit or deny the allegations of said petition, and plead any affirmative matter in defense thereof, at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable, and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits as herein provided, if in attendance upon his court; and if not, he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summon from the citizens of the county in which said petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceeding consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary to complete the jury in any case, the sheriff, under direction of the court or judge thereof, shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned, the cost thereof shall be taxed as part of the costs in the proceeding, and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvement, and shall ascertain,
determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, incumbrancers and others interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find the maximum amount of benefits, per acre, to be derived by each of the landowners from the construction of said improvement. And upon a return of the verdict into court, the same shall be recorded as in other cases; whereupon a decree shall be entered in accordance with the verdict so rendered, setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said dike district to draw their warrant on the county treasurer for the amount awarded by the jury to each person, for damages sustained by reason of the establishment of said improvement, payable out of the funds of said dike district.

**RCW 85.05.130 Assessment of benefited lands formerly omitted--Procedure--Appeals.**

**Applicable Cases**

If at any time it shall appear to the board of dike commissioners that any lands within or without said district as originally established are being benefited by the dike system of said district and that said lands are not being assessed for the benefits received, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the dike system of said district, and said board of dike commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the dike system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessments on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land, and praying that such original cause be opened for further proceedings for the purpose of subjecting new lands to assessment or equalizing the assessments upon lands already assessed, or both.

Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other dike district, said summons shall also be served upon the commissioners of such other dike district.

In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other dike district, and the dike commissioners of such other district believe that the maintenance of the dike or dikes of such other district is benefiting lands within the district instituting the proceedings, said dike commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the
district instituting the proceeding which they believe are being benefited by the maintenance of the diking system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the diking system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the diking district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention.

In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private dike against salt or fresh water for the benefit of said lands, and shall believe that the maintenance of such private dike is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other diking district and are being assessed for the maintenance of the dikes of such other district, and the owner of such lands believes that the maintenance of the dike or dikes of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective dikes may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various dikes benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such dikes, and may interplead in said proceeding such other diking district in which his lands sought to be assessed in said proceeding are being assessed for the maintenance of the dike or dikes of such other district.

No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence.

Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the dike or dikes to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any dike, structure, or improvement, and to credit, or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvements or structures thereon or easements granted in connection therewith affecting any other tract or tracts included in such proceedings and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the diking commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all
such original decrees, and thereafter, all assessments and levies for the future maintenance of any dike or dikes described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be allowed on such appeals. Nothing in this section contained shall be construed as affecting the right of diking districts to consolidation in any manner provided by law.

1901 c 111 § 1. *"If the board of diking commissioners shall, at any time, discover that any lands within said district are being benefited by the diking system and the same were by mistake, inadvertence or other cause omitted from the assessment of benefits as provided for in the last preceding section, or which were omitted for the reason that they were not at the time of assessing the benefits as provided for in said preceding section, for any cause, subject to a legal assessment, said commissioners shall file a petition in the Superior Court in the original cause setting forth the fact of such benefits, describing the lands omitted, the reason the same were omitted in said original proceedings and giving the name of the owners or reputed owners thereof and praying that said original cause, as to such lands, be opened up for further proceedings for the assessment of the alleged benefits, and upon the filing of said petition summons shall issue thereon and be served on the defendants named in said petition the same as summons is served and issued in original proceedings, as near as may be, except the court may, to avoid costs, and in its discretion, call a jury of not less than three jurors, and the jury, in assessing the benefits, shall take into consideration the length of time said lands are to receive the benefits from said improvement and its future maintenance, estimating said time from the date when said lands first became legally assessable, which date must be found by the jury in their verdict as to each tract or parcel found to be benefited: AND PROVIDED FURTHER, that in case the expense and costs of the improvement have been paid for by assessments levied against the lands assessed in the original proceeding before the lands provided for in this section are assessed, as provided for herein, then, in such case, the assessments levied from time to time on said last mentioned land shall be paid into the maintenance fund of said district. Every person or corporation feeling himself or itself aggrieved by any judgment for damages or any assessment of benefits provided in this act, may appeal to the Supreme Court of the state within thirty days after the entry of the judgment, and such appeal shall bring before the Supreme Court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."*

*Revisor's note: The language "the last preceding section" which appears in the foregoing quotation of 1901 c 111 § 1, refers to 1895 c 117 § 12 codified as RCW 85.05.120.

*Reviser's note:* The case of *Paine v. State*, 156 Wash. 31 states that the provisions of this section relating to the service of summons on the county auditor were repealed by implication by 1909 c 154 § 6 which provided for such service upon the commissioner of public lands. Subsequently 1919 c 164 was enacted containing similar provisions and providing for service upon the commissioner of public lands, and was amended by 1963 c 20 §§ 4 and 5 to provide for service upon the budget director and the chief administrative officer of the agency having jurisdiction over such land. Those sections, codified as RCW 47.20.020 and 47.20.030, were repealed by 1970 ex.s. c 51 § 178.

**RCW 85.06.120 Appearance of defendants--Jury--Verdict--Assessment of damages and benefits--Decree.**

Applicable Cases

Any or all of said defendants may appear jointly or separately and admit or deny the allegations of said petition and plead any affirmative matter in defense thereof at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable and conducive to the public health, welfare and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises or other property sought to be appropriated is really a public use, and that the land, real estate, premises or other property sought to be appropriated are required and necessary for the establishment of said improvement, and that said improvement has a good and sufficient outlet, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits, as herein provided, if in attendance upon his court; and if not he may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his county to summon from the citizens of the county in which petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary, to complete the jury in any case, the sheriff, under the directions of the court or the judge thereof shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned the cost thereof shall be taxed as part of the cost in the proceedings and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises or other property for said improvements and shall ascertain, determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, incumbrancers and others.
interested, for the taking or injuriously affecting such land, real estate, premises or other property for the establishment of said improvement; and shall further find a maximum amount of benefits per acre to be derived by each of the landowners, and also the maximum amount of benefits resulting to any municipality, public highway, corporate road, or district from construction of said improvement. And upon a return of the verdict into court the same shall be reported as in other cases; whereupon, a decree shall be entered in accordance with the verdict so rendered setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said drainage district to draw their warrant on the county treasurer for the amount awarded by the jury to each person for damages sustained by reason of the establishment of said improvement, payable out of the funds of said drainage district.

**RCW 85.06.130 Assessment of benefited lands formerly omitted--Procedure--Appeals.**

**Applicable Cases**

If at any time it shall appear to the board of drainage commissioners that any lands within or without said district as originally established are being benefited by the drainage system of said district and that said lands are not being assessed for the benefits received, or if after the construction of any drainage system, it appears that lands embraced therein have in fact received or are receiving benefits different from those found in the original proceedings, and which could not reasonably have been foreseen before the final completion of the improvement, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the drainage system of said district, and said board of drainage commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the drainage system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessment on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the
name of the owner or reputed owner of each such tract of land and praying that such original
cause be opened for further proceedings for the purpose of subjecting new lands to assessments
or equalizing the assessments upon lands already assessed, or both. Upon the filing of such
petition, summons shall issue thereon and be served on the owners of all lands affected, in the
same manner as summons is issued and served in original proceedings, as near as may be, and if
such new lands lie within the boundaries of any other drainage district, said summons shall also
be served upon the commissioners of such other drainage district. In case any of the new lands
sought to be assessed in said proceeding lie within the boundaries of any other drainage district,
and the drainage commissioners of such other district believe that the maintenance of the drain or
drains of such other district is benefiting lands within the district instituting the proceeding, said
drainage commissioners of such other districts shall intervene in such proceedings by petition,
setting forth the facts, describing the lands in the district instituting the proceeding which they
believe are being benefited by the maintenance of the drainage system of their district, and
praying that the benefits to such lands may be determined and such lands subjected to assessment
for the further maintenance of the drainage system of their district, to the end that all questions of
benefits to lands in the respective districts may be settled and determined in one proceeding, and
such petitioners in intervention shall cause summons to be issued upon such petition in
intervention and served upon the commissioners of the drainage district instituting the
proceeding and upon the owners of all lands sought to be affected by such petition in
intervention. In case the owner of any such new lands sought to be assessed in said proceedings
shall be maintaining a private drain against salt or fresh water for the benefit of said lands, and
shall believe that the maintenance of such private drain is benefiting any lands within or without
the district instituting the proceedings, or in case any such new lands sought to be assessed are
included within the boundaries of some other drainage district and are being assessed for the
maintenance of the drains of such other district, and the owner of such lands believes that the
maintenance of the drain or drains of such other district is benefiting lands included within the
district instituting said proceedings, such owner or owners may by answer and cross-petition set
forth the facts and pray that at the hearing upon said petition and cross-petition the benefits
accruing from the maintenance of the respective drains may be considered, to the end that a fair
and equitable adjustment of the benefits being received by any lands from the maintenance of the
various drains benefiting the same, may be determined for the purpose of fixing the assessments
for the future maintenance of such drains, and may interplead in said proceeding such other
drainage district in which his lands sought to be assessed in said proceeding are being assessed
for the maintenance of the drain or drains of such other district. No answer to any petition or
petition in intervention shall be required, unless the party served with summons desires to offset
benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to
answer any petition or petition in intervention, but the petitioners or petitioners in intervention
shall be required to establish the facts alleged by competent evidence. Upon the issues being
made up, or upon the lapse of time within which the parties served are required to appear by any
summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury
shall determine and assess the benefits, if any, which the respective tracts of land are receiving or
will receive from the maintenance of the drain or drains to be maintained, taking into
consideration any and all matters relating to the benefits, if any, received or to be received from
any drain, structure or improvement, and to credit or charge, as the case may be, to each tract so
situated as to affect any other tract or tracts, or having improvement or structures thereon or
easements granted in connection therewith, affecting any other tract or tracts included in such
proceedings, and shall specify in their verdict the respective amount of benefits per acre, if any,
assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of
the jury, the court shall enter its judgment in accordance therewith, as supplemental to the
original decree, or in case a petition in intervention be filed by the drainage commissioners of
some other district than that instituting the proceeding, such judgment to be supplemental to all
such original decrees, and thereafter, all assessments and levies for the cost of construction or
future maintenance of any drain or drains described in said judgment shall be based upon the
respective benefits determined and assessed against the respective tracts of land as specified in
said judgment. Every person or corporation feeling himself or itself aggrieved by any such
judgment may appeal to the supreme court or the court of appeals within thirty days after the
entry thereof, and such appeal shall bring before the supreme court or the court of appeals the
propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds
shall be required on such appeals. Nothing in this section contained shall be construed as
affecting the right of drainage districts to consolidation in any manner provided by law.

And in case any substantial changes in said system of improvement or the manner of the construction thereof shall be deemed necessary by said board of commissioners at
any time during the progress thereof, and if the written consent to such changes cannot be procured from said landowners, then said commissioners, for and on behalf of said district, shall file a petition in the superior court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plan or manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof, the commissioners shall cause a summons to be served, setting forth the prayer of said petition, under the seal of said court, which summons shall be served in the same manner as the service of summons in the case of the original petition, upon all the landowners or others claiming any lien or interest therein appearing of record in said district, and any or all of said parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of all of said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of said proceedings that the property rights of any of said landowners will be affected by such proposed change in said improvements, then the court, after having passed upon all preliminary questions as in the original proceedings may call a jury to be impaneled as in the case of the original proceeding for the establishment of said improvements, and upon the final hearing of said cause, the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations, the same as upon the original petition, by reason of such proposed change, and shall readjust the amount of benefits claimed to have been increased or diminished by any of said landowners by reason of said proposed change in said improvements, and the proceedings thereafter shall be the same as to rendering judgment, appeal therefrom, payment of compensation and damages and filing of the certificate with the auditor, as hereinbefore provided for in the proceedings upon the original petition, and said commissioners shall have a right thereafter to proceed with the construction of said improvements according to the changes made therein.

RCW 85.06.220 Connecting with lower districts--Procedure.

Applicable Cases

In case of the establishment of a drainage district and system of drainage under the provisions of this chapter above any other district that may have theretofore been established and above any other system of drainage that may have theretofore been constructed in said district, and in case said district to be established above may desire to connect its drainage system with the lower or servient district, shall be made a party to the proceedings for the establishment of such system, and the petition to be filed in the superior court for the establishment of the system
of drainage in said upper district shall, in addition to the facts hereinbefore provided and required to be set forth therein, set forth the fact that said lower system in said lower district is necessary to be used as an outlet for the system of drainage of said upper district, and that the same will be a sufficient outlet and will afford sufficient capacity to carry the drainage of both said upper and lower districts; and in case said system of said lower district will be required to be enlarged by widening or deepening the same, or both, in order to give sufficient outlet to said upper district and afford sufficient drainage for said upper and lower districts, then the plans and specifications for enlarging the system of said lower district shall be filed with said petition in addition to the other data hereinbefore provided for in this chapter. All the landowners in said lower district, or any person claiming any interest therein as mortgagee or otherwise, shall be made parties defendant in said petition, and the proceedings therein as to the assessment of damages and compensation for land taken, if any be necessary to be taken in enlarging said lower system, shall be the same as in the establishment of systems of drainage in the lower or servient district as hereinbefore provided for; but the jury, in addition to the facts to be found by them as provided for in the establishment of a drainage system in the lower district, shall find and determine whether said lower system, when improved according to the plans and specifications filed with the said petition, will afford sufficient drainage for both said upper and lower districts, which finding shall be made by the jury before considering any other question at issue in said proceeding; and in case said jury should find that the system of said lower district when improved as proposed in said petition would not be sufficient, then, in that case, said finding shall terminate the proceedings, and no further proceedings in said case shall be had, and the costs of said proceeding shall be paid as costs in other proceedings, as hereinbefore provided for; but in such case the finding of said jury shall not terminate the objects of said upper district or operate to disorganize the same, but said upper district may begin new proceedings for the establishment of a system of drainage with some new outlet provided therein. All costs for the enlarging or improving of said lower system that may be required shall be assessed to the landowners in the upper district according to the benefits to be derived from the construction of said entire system, and no additional cost shall be thrown upon the lower district, and all compensation for taking any right-of-way that may be necessary to be taken in enlarging said lower system, and all damages occurring therefrom, if any, to the landowners of said lower district, shall be ascertained and paid in the same manner as hereinbefore provided for for the adjustment of compensation and damages in the establishment of drainage systems in lower districts. Said lower district, by and through its board of commissioners, may appear in said cause and show therein any injury it may sustain as a district by reason of the additional cost of maintenance of said lower system as improved and enlarged, and such fact shall be determined in said cause and the jury shall find the amount of the increased costs of maintenance per annum, which will be sustained by said lower district by reason of said enlarging or improving of the same, and judgment shall be rendered in favor of said lower district against said upper district for such amount so found, and the same shall be paid each year as the cost of construction is paid as provided for in this chapter, and the amount so paid shall be held by said lower district as an additional fund for the maintenance of its said system as improved and enlarged by said upper

Whenever any drainage district has been organized, established and created since January 1st, 1911, and extending to January 1st, 1921, in the manner provided by law, and the board of commissioners of such district have been authorized to proceed with the work of constructing a system of drainage for such district in the manner provided by law and have begun such work and expended the whole, or the major portion of the estimated cost of such improvement, and it shall have appeared to such board of commissioners that such improvement could not be completed within the estimated cost thereof so as to produce the benefits to the lands of the district found by the jury to be benefited by the proposed improvement without expending a greater sum than the estimated cost of such improvement and that the benefits which would actually accrue to the lands of the district would be sufficient to warrant the increased expenditure necessary to complete the improvement, and such board of commissioners shall have
incurred indebtedness in the name of the district to such an amount as would complete the
authorized system of drainage for the benefit of the lands of the district found by the jury to be
benefited by the proposed improvement, and issued the warrants of the district to cover the

district so as to produce the benefits to the lands of the district found by the jury to be benefited
by the proposed improvement as provided in the preceding section, and the total estimated
maximum benefits found by the jury that would accrue to the lands of the district by reason of
such proposed improvement are not sufficient to cover the actual cost of such improvement,
including the cost of completing the same as hereinabove provided, the board of commissioners
of such district shall file a petition in the superior court in the original proceeding for the
determination of the damages and benefits to accrue from the proposed improvement, setting
forth the facts, describing the lands that have been, in the judgment of the commissioners,
actually benefited by the completed improvement, stating the estimated amount of benefits per
acre that have accrued to each tract of land respectively, giving the name of the owner or reputed
owner of such tract of land, and praying that the original proceeding be opened for further
proceedings for the purpose of determining the benefits which have accrued to each tract of land
actually benefited by the completed improvement. If the said board of commissioners fail or
refuse to file such petition within sixty days after receipt of a written request so to do, signed by
any warrant-holder, then the said warrant-holder shall have the right to file same.

[1921 c 187 § 2; RRS § 4461.]

**RCW 85.06.730 Costs in excess of estimate--Summons on
petition--Contents--Service--Answer.**

Applicable Cases

Upon the filing of the petition provided for in the preceding section, summons shall issue
thereon and be served on the owners of all lands described in the petition as having been
benefited, in the same manner as summons is issued and served in the original proceedings for
the determination of damages and benefits by reason of a proposed drainage improvement, as

summons desires to offset damages claimed to have been actually sustained by reason of the
completed improvement in addition to the damages found by the jury in the original proceeding,
and no default judgment shall be taken for failure to answer any such petition.

[1921 c 187 § 3; RRS § 4462.]

[1921 c 187 § 4; RRS § 4463.]

RCW 85.06.750 Costs in excess of estimate--Judgment--Appellate review.

Applicable Cases

Upon the return of the verdict of the jury as provided in the preceding section, if it shall appear to the court that the total benefits found by the jury to have accrued to the lands of the district is equal to or exceeds the actual cost of the improvement including the increased cost of completing the same, the court shall enter its judgment in accordance therewith, as supplemental to and in lieu of the original decree fixing the benefits to the respective tracts of land, and thereafter the assessment and levy for the original cost of the construction of the improvement, including the indebtedness incurred for completing the improvement together with interest at the legal rate on the warrants issued therefor, and all assessments and levies if any, for the future maintenance of the drainage system described in the judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in the judgment. Every person or corporation feeling himself or itself aggrieved by any such judgment may seek appellate review within thirty days after the entry thereof, and such review shall bring before the appellate court the propriety and justness of the verdict of the jury in respect to the parties to the proceeding.

Notes:

Reviser's note: Chapter 85.08 RCW is almost entirely composed of chapter 176, Laws of 1913, the basic drainage improvement district act, as it has been amended and added to by subsequent legislation. Chapter 130, Laws of 1917 and chapter 157, Laws of 1921 are primarily express amendments to such basic act, however, also contained in such acts were several sections not expressly amendatory of the basic act but which are in pari materia
therewith; therefore, such other sections are also codified in this chapter. Further, RCW 85.08.820 contains an
independent session law which is in pari materia and so closely connected with the subject matter of this chapter that
it has been codified herein. Thus, throughout chapter 85.08 RCW the term "this act" has been translated to read "this
chapter" unless because of peculiar circumstances other treatment is required in which case it is specially noted.

Repeal and saving (1913 c 176 § 39): "Sec. 39. Chapter LXVI of the Laws of 1901 is hereby repealed,
saving and excepting, however, that the provisions of said act shall continue in force and effect and shall be
applicable to and shall govern all proceedings, rights and powers, in the case of ditches already contracted for, or
under construction under said act, and in the case of the maintenance of the same for the current year 1913; and the
method of supervision, construction, payment for the work, apportionment of costs, and assessment and collection
thereof, delinquency and foreclosing thereof and penalties therefor, and all other proceedings in regard to the same,
shall be as in said chapter LXVI of Laws of 1901 prescribed: PROVIDED, HOWEVER, That with the consent of
the holders of warrants heretofore issued or hereafter issued for work already begun or contracted for under said act,
or with the consent of the contractor engaged in constructing any ditch or drainage system under said act, the
provisions of this act in regard to the funding of such warrants with bonds, or the payment for work with bonds and
and the issuance and sale thereof, and all provisions in regard to such issuing of bonds, shall be applicable to such
outstanding warrants or work already begun or contracts let for work. And in such event and to the extent of the costs
so acquiesced in by warrant holders or contractors, all the provisions of this act in regard to the method of payment,
form, issuing and sale, of bonds and warrants, extension of the assessment over a term of years, collecting,
delinquency, interest and foreclosure of the assessments, and all other proceedings in regard thereto shall be as in
this act provided. In such event the county commissioners shall prescribe the method and time of payment of the
assessments and whether bonds shall be issued and perform any other proper act in regard to the same, at a special
meeting called for that purpose, or at the hearing on the apportionment of costs provided for in section 30 hereof.

PROVIDED, ALSO, That in case any of the provisions of this act shall be applied to any proceedings in
regard to any ditch begun under said chapter LXVI of the Laws of 1901 and the same shall be held not to be legally
applicable thereto by a court of competent jurisdiction, then appropriate and proper proceedings for the performance
of said acts or duties shall be had and done in regard thereto, as in said chapter LXVI of the Laws of 1901 provided.
And from the time any such drainage district organized and existing under the provisions of said chapter LXVI of the
Laws of 1901, shall be brought under the provisions of this act, said district shall be known and designated in all
proceedings and records relating thereto, as Drainage Improvement District No. . . . of . . . . County, retaining its
original serial number.

Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions
of chapter CXV of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any
proceeding heretofore or that may hereafter be had under the provisions of said act."

Applicability of prior laws (1913 c 176 § 40): "Sec. 40. Except as specified in the foregoing section, all
of the provisions of this act, instead of said chapter LXVI of the Laws of 1901, shall be applicable to and shall
govern and be the law in all respects, in regard to all ditches and drainage systems now existing, initiated or applied
for under said chapter LXVI of the Laws of 1901, and all powers hereby vested in or granted to all boards and
officers under this act shall be vested in such boards and officers that shall hereafter have charge of the work, or
administering of the affairs of such ditches and drainage systems, and the districts in which they lie."

Severability (1913 c 176 § 41): "Sec. 41. An adjudication that any section, paragraph, or portion of this
act, or any provision thereof, or proceeding provided for therein, is unconstitutional or invalid shall not affect or
determine the constitutionality, or validity, of this act as a whole or of any other portion or provisions thereof, and all
provisions of this act not adjudicated to be unconstitutional shall be and remain in full force and effect and shall be
operative until specifically adjudicated to be unconstitutional or invalid."

36.93 RCW.

RCW 85.08.010 Definitions.

Applicable Cases

"System", "improvement", and "system of improvement", as used in this chapter, shall be held to include a dike, ditch, drain or watercourse, or sewer, and any side, lateral, spur or branch dike, ditch, drain or watercourse, or sewer, or other structure, necessary to secure the object of the improvement. Any number of dikes, ditches, drains or watercourses, or sewers, with their laterals, spurs, and branches with separate outlets, or in the case of sewers with one or more septic tanks, may constitute one system for the protection or reclamation of the land included in any district. But no system shall be established or constructed unless sufficient outlet or outlets, or in the case of sewers, sufficient septic tank or tanks, are provided for any drainage or sewerage of such district. Such outlet or outlets, or septic tank or tanks, may be either within or without the boundaries of the improvement district hereinafter provided for. Any natural watercourse may be improved in accordance with the provisions of this chapter.

"Damages", as used in this chapter, shall be held to include the value of the property taken and injury to property not taken, or either, as the case may be. "Property benefited" and "property damaged", as used in this chapter, shall be held to include land, platted or unplatted, whether subject to or exempt from general taxation, and roads other than public roads. "Public roads", as used in this chapter, shall be held to include state and county roads, streets, alleys and other public places; and "other roads", as used in this chapter shall be held to include railroads, street railroads, interurban railroads, logging roads, tramways and private roads and the right-of-way, roadbeds and tracks thereof.

"County engineer", as used in this chapter, shall be held to include any engineer specially employed by the board of county commissioners or the board of supervisors to report upon and prepare plans for or to superintend the construction of a system or the maintenance thereof under the provisions of this chapter. "Prosecuting attorney", as used in this chapter, shall be held to include any attorney specially employed by the board of county commissioners in connection with the carrying out of the provisions of this chapter to advise or carry on proceedings in court with reference to a system of improvement initiated and constructed under the provisions of this chapter.

Notes:

Reviser's note: The term "county engineer" is defined in the last paragraph of this section. Throughout this chapter the terms "engineer", "district engineer" and "county engineer" appear to have been used interchangeably in the session laws and the usage of the latest session law language has been retained herein.

Inapplicability of prior laws (1917 c 130 § 39): "Sec. 39. Nothing in this act contained shall be construed
as in anywise modifying or repealing any of the provisions of chapter 115 or of chapter 117 of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceedings heretofore or that may hereafter be had under the provisions of said acts."

If it shall appear by the verdict of the jury that the gross damages exceed the gross benefits, judgment shall be entered against the county, and in favor of the owner or owners of the property damaged, in the amount of the excess of damages over the benefits, and for the costs of the proceedings, and upon payment of the judgment into the registry of the court for the owner or owners, a decree of appropriation shall be entered, vesting the title to the property appropriated in the county for the benefit of the improvement district. If it shall appear by the verdict that the gross benefits as found by the jury equal or exceed the gross damages, judgment shall be entered against the county and in favor of the owner or owners for the costs only, and upon payment of the judgment for costs a decree of appropriation shall be entered, vesting the title to the property appropriated in the county for the benefit of the improvement district. The verdict and findings of the jury as to damages and benefits shall be binding upon the board appointed to apportion the cost of the improvement upon the property benefited as hereinafter provided.

RCW 85.08.230 Levy for preliminary expenses--Collection--"Preliminary expenses" defined.

Applicable Cases

Whenever the board of county commissioners has passed a resolution establishing a district, the county commissioners may at their meeting on the first Monday in October next ensuing and at the same time in each year thereafter until the improvement has been completed and a statement of total costs has been filed, levy an assessment against the property within the district to defray the preliminary expenses of the district, the levy to be based upon the estimated benefits as shown by the report of the county engineer on file in the auditor's office. The said board of supervisors shall, immediately upon their election and qualification, begin the construction of such system of improvement and shall proceed with the construction thereof in accordance with the plans adopted therefor. In the construction of any system of drainage, construction shall be begun at the outlet or outlets thereof and at such other points as may be deemed advisable from time to time. In the construction of any system of improvement the board of supervisors with the approval of the board of county commissioners may modify, curtail, enlarge or add to the original plans wherever the same may be found necessary or advisable in the course of actual construction. But such changes shall not in the aggregate increase the estimated cost of the entire system by more than one-fifth, and all additional or different rights of way required shall be obtained as hereinbefore prescribed. The board of county commissioners may in its discretion let the construction of said system or any portion thereof by contract, in the manner provided for letting contracts for the construction of county roads and bridges. The board of county commissioners may, upon such terms as may be agreed upon by the United States acting in pursuance of the National Reclamation Act approved June 17, 1902 (32 Statutes at Large 388), and the acts amendatory thereof and supplemental thereto, or in pursuance to any other act of congress appropriate to the purpose, contract for the construction of the system of improvement or any part thereof, by the United States, or in cooperation with the United States therein. In such case, no bond shall be required, and the work shall be done under the supervision and control of the proper officers of the United States.

Unless the work of construction is let by contract as hereinbefore provided, or for such
part of such work as is not covered by contract, the board of supervisors shall employ such number of men as shall be necessary to successfully carry on the work of such construction, and shall give preference in such employment to persons owning land to be benefited by the improvement.

The provisions of this section shall not be construed as denying to the supervisors, in case the construction work is left in their hands, the power to enter into an agreement with any contractor to furnish labor, material, equipment and skilled supervision, the contractor to be compensated upon the basis of a specific sum, or upon a percentage of the cost of the work, the services of the contractor to cover the use of equipment and the value of skilled supervision: PROVIDED, HOWEVER, That there is retained in the said board by the contract the right of termination thereof at any time, on reasonable notice, and fixing in the said contract, or reserving in said board, the right to fix the rates of wages to be paid to the men employed in said work. The board of supervisors may also let contracts in such manner and on such notice as they deem advisable for items of construction not exceeding one thousand dollars in amount of expenditures.

As soon as convenient, within the time fixed in the notice, the public officers, corporation or person shall, if they desire to construct such crossing, prepare and submit to the county engineer for approval duplicate detailed plans and specifications for such crossing. Upon submission of such plans, the county engineer shall examine and may modify the same to meet the requirements of the system of improvement, and when such plans or modified plans are satisfactory to the county engineer he shall approve the same and return one thereof to the public officers, corporation or person submitting the same, and file the duplicate in his office, and shall notify such public officers, corporation or person of the time within which said crossing must be constructed. Upon the return of such approved plans, the public officers, corporation or person controlling such road or public utility shall, within the time fixed by the county engineer, construct such crossing in accordance with the approved plans, and shall thereafter maintain the same. In case such public officers, corporation or person controlling or owning such road or public utility shall fail to file plans for such crossing within the time prescribed in the notice, the board of supervisors or of county commissioners, as the case may be, shall proceed with the construction of such crossing in such manner as will cause no unnecessary injury to or interference with such road or public utility. The cost of construction and maintenance of only such crossings or such portion of such cost as would not have been necessary but for the construction of the system of improvement shall be a proper charge against the improvement district, and only so much of such cost as the board of county commissioners shall deem reasonable shall be allowed as a charge against the district in the case of crossings constructed by others than the district. The amount of costs of construction allowed as a charge against the district by the board of county commissioners shall be credited on the assessments against the property on which the crossing is constructed, and any excess over such assessment shall be paid
out of the funds of the district.

Such appeal shall be made by filing written notice of appeal with the clerk of such board and with the clerk of the superior court of the county in which such drainage or diking improvement district is situated, or in case of joint drainage or diking improvement districts with the clerk of the court of the county in which the greater length of such drainage or diking improvement system lies, within ten days after the order confirming such assessment roll shall have become effective, and such notice shall describe the property and set forth the objections of such appellant to such assessment; and, within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court a transcript consisting of the assessment roll and his objections thereto, together with the order confirming such assessment roll, and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners, and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court, the appellant shall execute and file with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with good and sufficient surety, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county or the drainage or diking improvement district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require; within three days after such transcript is filed in the superior court as aforesaid, the
appellant shall give written notice to the prosecuting attorney of the county, and to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time (not less than three days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court of said county shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision.

**Notes:**

*Reviser's note:* The language "chapter 66 of the Laws of 1901" refers to a prior drainage district law which was repealed by the basic act, 1913 c 176, codified in this chapter; see 1913 c 176 §§ 39, 40; see notes following chapter digest.

The language "subsequent sections of this act" first appears in 1917 c 130 § 33 amending 1913 c 176 § 31. The 1917 amendatory act was a 39 section act with sections 34 through 39 being codified as RCW 85.08.530, 85.08.540, 85.08.560, and 85.08.680. Section 34 thereof was repealed by 1949 c 26 § 18 and new subject matter thereof is in chapter 85.16 RCW. Section 39 was a construction section. The basic act in chapter 176, Laws of 1913 was a 42 section act with sections 32 through 41 being codified as RCW 85.08.530, 85.08.540, 85.08.560, 85.08.570, 85.08.670, and 85.08.680. Section 32 was repealed in the 1949 act and the new subject matter is in
chapter 85.16 RCW. The other sections being construction sections are footnoted herein following the chapter digest. Notice that this section itself was a single section in the basic act of 1913 but it was divided into separate sections in 1923 c 46 § 11 codified herein as RCW 85.08.470 through 85.08.520.

**RCW 85.08.520 Supplemental assessments.**

Applicable Cases

If upon the foreclosure of the assessment upon any property the same shall not sell for enough to pay the assessment against it, or if any property assessed was not subject to assessment, or if any assessment made shall have been eliminated by foreclosure of a tax lien or made void in any other manner, the board of county commissioners shall cause a supplemental assessment to be made on the property benefited by the improvement, including property upon which any assessment shall have been so eliminated or made void, and against the county, cities and towns chargeable therewith in the manner provided for the original assessment, to cover the deficiency so caused in the original assessment.

If by inadvertence or for any cause the assessment levied shall be found to be insufficient to meet the entire cost of construction, a supplemental assessment shall be made by the board of county commissioners upon the lands of the district in the same proportion as the original assessment is levied, same being spread over not to exceed three years as the commissioners may determine.

Duplicate assessments or other errors that may by inadvertence be found to have been incorporated in the assessment roll may be corrected by order of the county commissioners upon same being certified to them by the treasurer and the engineer.

[1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-6.]

**RCW 85.08.530 Levies against county, city or town, how paid.**

Applicable Cases

The amount of the costs of construction or maintenance of any system of improvement assessed against any city, town or county may be met by levies to be paid in similar installments and extending over a like period of time as the assessments against property benefited are spread, or such amounts may be met by the issue and sale of the bonds of such city, town or county in the manner in which bonds to meet general indebtedness of such city, town or county are issued. The proper authorities of such city, town or county shall make the necessary levies to meet such amounts thus apportioned thereto as a general levy on all property therein.

[1917 c 130 § 35; 1913 c 176 § 33; RRS § 4441.]

**RCW 85.08.540 Abandonment or change in system--Subdistricts.**

Applicable Cases

Upon a petition and bond being filed by one or more landowners, either within or without the boundaries of a district, and like proceedings being had as in the case of the original establishment and construction of a system of improvement, the county commissioners may declare any system of improvement or any part thereof, abandoned or may strike from the district
lands no longer benefited or served thereby, or they may cause any system of improvement to be altered, reduced, enlarged, added to or in any other manner bettered or improved, either within or without the district, and to effect such subsequent improvements, may exercise any of the powers which are in this chapter, or may be hereafter conferred upon such districts. But the striking of any lands from a district shall not in any way affect any assessment theretofore levied against such lands. When such improvements shall have been completed the costs thereof shall be apportioned and assessed against the lands benefited thereby in the manner hereinbefore provided for such apportionment and assessment in the case of original proceedings. New lands assessed for any such improvement shall become a part of such district. The construction and maintenance of any such new improvement, unless let by contract by the board of county commissioners, shall be under the direction of the board of supervisors of the district in which they are made or to which said improvement is added. The lands assessed for such new improvements, of less than the entire district, shall be designated, alphabetically, "subdistrict ...... of ...... improvement district No. . . . . . ." [1917 c 130 § 36; 1913 c 176 § 34; RRS § 4442.]

**RCW 85.08.560 Extension of existing system--Apportionment of cost.**

**Applicable Cases**

When any extension of or addition to any existing system of improvement shall be thus constructed, the cost thereof shall be assessed to all the property, counties, cities and towns in the enlarged district benefited thereby in proportion to the benefits received therefrom. Any new lands thus brought into the district shall be assessed in addition a proper and equitable share of the then value of the original system of improvement in proportion to the benefits which such new lands derive therefrom. In determining the value to be so assessed the board of appraisers shall take into consideration the amount, if any, which the property to be assessed has already paid toward the construction of the original system and all other matters that may be pertinent. If at any time it shall appear to the board of supervisors of any drainage or diking improvement district that any lands without the boundaries of such district are being benefited by the improvements of the district and are not being assessed for the benefits received, they shall file a petition with the board of county commissioners praying the benefits received by such lands be determined and an assessment made upon such lands for the benefits so received. Thereupon, the board of county commissioners shall appoint a board of appraisers as provided in RCW 85.08.360 for the apportionment of the cost of construction of the original system of improvement, and an apportionment of the then value of the improvements of the district shall be made to such lands in proportion to the benefits received therefrom as nearly as may be in the manner provided for the apportionment of the cost of the original system of improvement. In determining what share of the value of the improvements of the district shall be apportioned to such lands the board of appraisers shall take into consideration the benefits already received by such lands and all other matters that may be pertinent. The amount of the value of the original system assessed upon any new property brought within the district shall be rebated pro rata upon the assessments, if any, outstanding against the lands of the district on account of the
construction of such original system. If the assessment against any land has been paid in full, or if the assessment remaining outstanding against such land is less than the rebate apportioned to such land, the amount so rebated or excess of rebate over assessment shall be paid into the maintenance fund of the district and a proper credit on any existing or future assessment for maintenance shall be entered in favor of the land entitled thereto. The lands in the original district shall remain bound for the whole of the original unpaid assessment thereon for the payment of any outstanding unpaid warrants or bonds secured to be paid by such assessments.

RCW 85.38.150 through 85.38.170 constitute the exclusive method by which diking, drainage, or sewerage improvement districts created after July 28, 1985, may measure and impose special assessments and adopt budgets.

All proceedings in regard to joint drainage, diking improvement districts, which have heretofore been had and done substantially in accordance with the amendatory provisions of this chapter are hereby approved and declared to be valid.

Applicable Cases
The maintenance, enlargement and extension of diking, drainage and sewerage improvement districts formed under chapter 85.08 RCW is essential to the public welfare and economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete, expensive and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of their systems of improvement.

[1967 c 184 § 2.]

Notes:
Severability--1967 c 184: See note following RCW 85.05.610.

RCW 85.15.020 Definitions.
Applicable Cases
As used in this chapter:
"District" means a diking, drainage or sewerage improvement district organized under chapter 85.08 RCW.
"Maintenance" means and includes not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's systems of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also the making of such changes in and betterments to the original works, improvements and installations as shall, subject to approval of the board of county commissioners, be by the board deemed necessary to put the systems of improvements into such condition as will provide protection and services as contemplated and intended by the original construction and any enlargement and extensions thereof thereafter made.
RCW 85.15.030 Property roll--Basis and requisites--Separate levies for prior indebtedness.

Applicable Cases

To operate under this chapter, the board of commissioners of the improvement district shall cause to be prepared and filed with the board of county commissioners a property roll. The roll shall contain: (1) A description of all properties benefited and improvements thereon which receive protection and service from the systems of the district with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located and (2) the determined value of such land and improvements thereon as last assessed and equalized by the assessor of such county or counties. Such assessed and equalized values shall be deemed prima facie to be just, fair and correct valuations against which annual taxes shall be levied for the operation of the district and the maintenance and expansion of its facilities.

If property outside of the limits of the original district are upon the roll as adopted ultimately, and the original district has outstanding bonds or long-term warrants, the board of county commissioners shall set up separate dollar rate levies for the full retirement thereof.

Notes:

Severability--Effective dates and termination dates--Construction--1973 1st ex.s. c 195: See notes following RCW 84.52.043.

RCW 85.15.040 Public hearing--Notice, publication.

Applicable Cases

When a property roll is filed with the county legislative authority, the county legislative authority shall hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and shall give notice of hearing as follows:

The notice shall be published at least once a week for three consecutive weeks in a newspaper having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing.

[1985 c 469 § 75; 1967 c 184 § 5.]

RCW 85.15.050 Written objections--Filing--Grounds--Waiver.

Applicable Cases

Any person, owner or reputed owner having any interest in any property against which the board of county commissioners seeks to make a protection and service charge under this chapter, may object thereto. All such objections must be in writing and filed with the board of county commissioners before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived.
RCW 85.15.060 Reexamination of properties on roll--Adjustment, periodic revision, of valuations.

Applicable Cases

The board of county commissioners may at any time reexamine the properties on any roll, and upon receipt of a petition from the board of supervisors of the district or the written request of a property owner shall do so. If it is found that the condition of such property or properties has changed so that such property should be eliminated from any rolls on file, or the valuation against which dollar rate is levied should be lowered, it shall so determine and enter an order adjusting the valuation as to such properties and shall certify and file a copy thereof with the treasurer of the county wherein the property is situated, and the treasurer shall alter and change the existing rolls accordingly. Valuations may be revised periodically to reflect changes in real property valuations by the county assessor.

Notes:

Severability--Effective dates and termination dates--Construction--1973 1st ex.s. c 195: See notes following RCW 84.52.043.

RCW 85.15.070 Roll constitutes valuations against which levy made and collected--Hearing on adjustments.

Applicable Cases

The roll approved and certified to the county officers by the board of county commissioners as in this chapter provided shall constitute the valuations of land, buildings and improvements furnished protection and services by the systems of the district against which valuation taxes shall be levied and collected annually in the same manner as general taxes for the continuing operations of the district and its systems. The valuations on said roll shall be subject to adjustment from time to time in the manner provided in RCW 85.15.060.

The board of county commissioners shall hold a hearing on such adjustments at the county seat at the time of equalization of real property assessments for the purpose of considering written objections to any revision of valuations filed at least ten days prior to the hearing and shall give published notice only of such hearing as provided in RCW 85.15.040.

Notes:

Severability--Effective dates and termination dates--Construction--1973 1st ex.s. c 195: See notes following RCW 84.52.043.

RCW 85.15.080 Roll and proceedings conclusive--Remedies.

Applicable Cases

Wherever any roll shall have been adopted by the board of county commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon
all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to the roll as provided in RCW 85.15.050 and appealing from the action of said board in confirming the roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had throughout the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

The petition shall describe the property in question, shall set forth the written objections which were made to the decision, and the date of filing of such objections, and shall be signed by such party or someone in his behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter.

[1967 c 184 § 10.]

RCW 85.15.100 Review by superior court--Transcript--Contents--Filing.

Applicable Cases

Within ten days from the filing of such petition for review, the county treasurer, unless the court shall grant additional time, shall file with the clerk of the superior court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before the roll was adopted, and a copy of the resolution adopting the roll.

[1967 c 184 § 11.]

RCW 85.15.110 Review by superior court--Filing fees--Bond--Priority of cause.

Applicable Cases

the judge of the court, conditioned upon his prosecuting his appeal without delay and to
guarantee all costs which may be assessed against him by reason of such review. The court shall,
on motion of either party to the cause, with notice to the other party, set the cause for trial at the
earliest time available to the court, fixing a date for hearing and trial without a jury. The cause
shall have preference over all civil actions pending in the court except eminent domain and

be sought within fifteen days after the date of entry of the judgment of the superior court. The
supreme court or the court of appeals may change, conform, correct, or modify the values of the
property in question as shown upon the roll. A certified copy of any judgment of the supreme
court or the court of appeals shall be filed with the county treasurer having custody of such roll,
who shall thereupon change, modify, or correct such roll in accordance with such judgment as
and if required.

The board of county commissioners shall, on or before the first Monday in October next ensuing, certify the amount of the district's estimate, or such amount as it shall deem advisable, to the county treasurer. The amount so certified shall be applied by the regular taxing agencies against the benefit valuation of lands, buildings and improvements as shown by the then current complete roll of such properties certified to and filed with such county treasurer by the board of county commissioners. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of the district.

[1967 c 184 § 16.]

**RCW 85.15.160 Emergency expenditures--Warrants.**

Applicable Cases

In the case of an emergency or disaster occurring after the time of making the annual estimate of costs, declared to be such by resolution of the board, the board of the district may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by districts and the servicing thereof. All such warrants so issued shall be valid and legal obligations of the district and its taxable lands and improvements as shown upon the then current roll of the district filed with the county treasurer.

[1967 c 184 § 17.]

RCW 85.18.005 Declaration of purpose.
Applicable Cases

The state declares that it has an interest in protecting and preserving productive land and buildings needed to make business function continuously. Where organized diking districts, through their improvements, have reclaimed land or protected it from overflow and have enabled erection of improvements thereon or have furnished such land and buildings protection against flood water, it is necessary to provide a just and equitable method to enable such diking districts continuously to function effectively. It is declared that there is a direct relationship, where such conditions exist, between the continuous functioning of such districts and the fair value of the lands and buildings thereon, or to be erected thereon, thus afforded protection.

[1951 c 45 § 1.]

RCW 85.18.010 Levy for continuous benefits authorized--Base benefits.
Applicable Cases

When any diking district has been organized and the improvements made afford protection to land and buildings within such district against damage or destruction from overflow waters in that the level of the land and of the foundational structures of buildings thereon is below the water level at flood or high tide stages of the waters, fresh or salt, against which such district improvements furnished protection, the board of diking commissioners of such district may, under the procedure established in this chapter, determine such fact and by resolution so declare; and may provide that the cost of continued functioning of the district shall be paid through levies of dollar rates made and collected according to this chapter against the land and buildings thus protected, based upon the determined base benefits received by such land and buildings.

Severability--Effective dates and termination dates--Construction--1973 1st ex.s. c 195: See notes following RCW 84.52.043.

RCW 85.18.020 Roll of protected property.
Applicable Cases

To operate under this chapter, the board shall cause to be prepared and filed with it a roll containing descriptions of the land and buildings thereon within the district to which its improvements furnish the nature of protection set forth in RCW 85.18.010. The roll shall show descriptions of the land and the name of its owner, or reputed owner, and such owner's address, as shown upon the tax roll of the treasurer of the county wherein the property is located, and the determined value of such land and any buildings thereon as last assessed and equalized by the taxing agencies of such county.

[1951 c 45 § 3.]
RCW 85.18.030 Hearing on roll--Determining continuous base benefit.

Applicable Cases

After the roll is prepared the board shall give notice of a time and place at which the board will hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and if so found to exist by said board at said hearing, then the board shall by resolution so declare. The notice shall also state that at said hearing, or any continuance thereof, the board will sit to consider said roll and to determine the continuous base benefits which each of the properties thereon are receiving and will receive from the continued operation and functioning of such district, which shall in no instance exceed one hundred percent of the true and fair value of such property in money, will consider all objections made thereto or to any part thereof, and will correct, revise, lower, change, or modify such roll as shall appear just and equitable; that when correct benefits are fixed upon said roll by said board, it will adopt said roll by resolution as establishing, until modified as hereinafter provided, the continuous base benefit to said protected lands and buildings against which will be levied and collected dollar rates to provide funds for the continuous functioning of said district.

All objections to this or any subsequent roll must be in writing and filed with the board during the hearing before the roll is adopted and must state

[1951 c 45 § 6.]

**RCW 85.18.060 Additional roll as to particular property--Procedure.**

Applicable Cases

The board shall, from time to time, examine the properties within said district, and if it finds that any protected land or buildings thereon have been omitted from the existing roll, or new buildings have been added to lands, or the condition of land or buildings has changed, and in the initial judgment of the board such land or the buildings thereon was such that it was furnished the protective benefits of the improvements of the district, the board shall cause at each such time an additional roll of such property to be filed with it, and hold a hearing to determine and make such corrections, additions, alterations and modifications of the benefits to such property only, and to hear any objections filed as to such property only. The board shall give notice of such hearing to the owner, or reputed owner, of the property involved, at the address of such owner as then shown on the tax rolls of the treasurer of the county wherein the property is located, in the same way and manner as herein provided for consideration of the original roll, but such notice need not be published.

At the hearing, or any adjournment thereof, the board shall have power to correct, revise, change, modify, or set aside such roll, or any part thereof, as shall be deemed just and equitable, and then adopt the same by resolution.

[1951 c 45 § 7.]

**RCW 85.18.070 Roll to be certified and filed.**

**RCW 85.18.080 Roll to provide basis for levy.**

No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, HOWEVER, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

County of . . . . . . . . . .

I, the undersigned, a member of the board of commissioners of the diking and drainage district No. . . . . , in . . . . . . and . . . . . . counties, do solemnly swear (or affirm) that I will faithfully discharge my duties as a member of the commission.

Upon the taking of such oath and the entering into a bond, as provided in RCW 85.38.080, the county legislative authority shall enter an order upon its records that the three persons named have qualified as the board of commissioners for diking and drainage district No. . . . . , in . . . . . . and . . . . . . counties, and that those persons and their successors do and shall constitute a board of commissioners for the diking and drainage district. The order when made shall be conclusive of the regularity of the election and qualification of the board of diking and drainage commissioners for the particular district, and the persons named therein shall constitute the board of diking and drainage commissioners.

The board of diking and drainage commissioners shall thereupon immediately organize and elect one of their number as chairman and may either appoint a voter of the district or another diking and drainage commissioner to act as secretary. The board shall then proceed to make and cause to be made specifications and details of a system which may be adopted by the board for the improvements to be made, together with an estimate of the total cost thereof; and shall, upon the adoption of the plan of improvement of the district, proceed to acquire the necessary property and property rights for the construction, establishment and maintenance of the system either by purchase or by power of eminent domain as hereinafter provided. Upon such acquisition being had, the board shall then proceed with the construction of the diking and drainage system and in doing so shall have the power to do the work directly or in its discretion to have all or any part of the work done by contract. In case the board shall decide upon doing the
same by contract, it shall advertise for bids for the construction work, or such part thereof as they
may determine to have done by contract, and shall have the authority to let a contract to the
lowest responsible bidder after advertising for bids.

Any contractor doing work hereunder shall be required to furnish a bond as provided by
the laws of the state of Washington relating to contractors of public work.

The board shall have the right, power and authority to issue vouchers or warrants in
payment or evidence of payment of any and all expenses incurred under this chapter, and shall
have the power to issue the same to any contractor as the work progresses, the same to be based
upon the partial estimates furnished from time to time by engineers of the district. All warrants
issued hereunder shall draw interest at a rate determined by the board.

Upon the completion of the construction of the system, and ascertainment of the total cost
thereof including all compensation and damages and costs and expenses incident to the acquiring
of the necessary property and property right, the board shall then proceed to levy an assessment
upon the taxable real property within the district which the board may find to be specially
benefited by the proposed improvements; and shall make and levy such assessment upon each
piece, lot, parcel and separate tract of real estate in proportion to the particular and special
benefits thereto. Upon determining the amount of the assessment against each particular tract of
real estate as aforesaid, the commissioners shall make or cause to be made an assessment roll, in
which shall appear the names of the owners of the property assessed, so far as known, and a
general description of each lot, block, parcel or tract of land within the district, and the amount
assessed against the same, as separate, special or particular benefits. The board shall thereupon
make an order setting and fixing a day for hearing any objections to the assessment roll by any
one affected thereby, which day shall be at least twenty days after the mailing of notices thereof,
postage prepaid, as herein provided. The board shall send or cause to be sent by mail to each
owner of the premises assessed, whose name and place of residence is known, a notice,
substantially in the following form:

To . . . . . : Your property (here describe the property) is assessed $ . . . . . A hearing on
the assessment roll will be had before the undersigned at the office of the board at . . . . . on the .
. . . day of . . . . . at which time you are notified to be and appear and to make any and all
objections which you may have as to the amount of the assessment against your property, or as to
whether it should be assessed at all; and to make any and all objections which you may have to
the assessment against your lands, or any part or portion thereof.

The failure to send or cause to be sent such notice shall not be fatal to the proceedings
herein described. The secretary of the board on the mailing of the notices shall certify generally
that he has mailed such notices to the known address of all owners, and such certificate shall be
prima facie evidence of the mailing of all such notices at the date mentioned in the certificate.

The board shall cause at least ten days' notice of the hearing to be given by posting notice
in at least ten public places within the boundaries of the district, and by publishing the same at
least five successive times in a daily newspaper published in each of the counties affected; and
for at least two successive weeks in one or more weekly newspapers within the boundaries of the
district, in each county if there are such newspapers published therein, and if there is no such
newspaper published, then in one or more weekly newspapers, having a circulation in the district, for two successive weeks. The notice shall be signed by the chairman or secretary of the board of commissioners, and shall state the date and place of hearing of objections to the assessment roll and levy, and of all other objections; and that all interested parties will be heard as to any objection to the assessment roll and the levies as therein made.

RCW 85.32.010 Declaration of necessity and purpose.
Applicable Cases

The maintenance of drainage districts is essential to the economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of its drainage systems. Also, in many instances, properties lying outside of the territorial limits of such districts, have been and are being developed in such a manner that waters therefrom, through artificial rather than natural processes, are accumulated and discharged for outlet upon lands within such districts, and the facilities of such district are used without charge to furnish service and benefit to such lands. To furnish remedy for such situations where they are found to exist the state declares that it has an interest therein and this chapter is passed.

[1961 c 131 § 2.]

RCW 85.32.020 Definitions.
Applicable Cases

As used in this chapter:

"District" means a regularly formed and established drainage district under the provisions of this title.

"Board" means the board of commissioners of a regularly formed and established drainage district under the provisions of this title.

[1961 c 131 § 3.]

RCW 85.32.030 Powers of board in general.
Applicable Cases

The board may: (1) Make initial determination that the district's facilities furnish benefit to improvements upon land as well as land alone within the district in protecting against and furnishing run-off for surface and/or flood waters; (2) make initial determination that lands and improvements thereon outside of the territorial limits of the district are receiving a service from the facilities of the district, and are benefited thereby in that waters from such lands through ditches, drains, or other artificial methods, other than by natural flow or seepage, are so cast as to have outlet through the district's facilities; (3) determine that properties so found to be served should pay a just proportion of the operational and maintenance costs of the district; (4) in
connection with so finding, cause a roll of property thus served and benefited by the district's facilities to be prepared and filed with it, and give notice of a hearing thereon as provided in this chapter; (5) hold public hearings to determine the ultimate facts and approve an ultimate roll of properties served and benefited by the facilities of the district and valuations thereof to serve as a basis against which annual dollar rate levy may be assessed for continuous benefits furnished such properties; make revision thereof as the facts warrant from time to time; provide for the levying of such dollar rate levy; and make return of such roll finally adopted by certifying and filing a copy thereof with the auditor, assessor and treasurer of the county wherein the properties involved are located.

[1973 1st ex.s. c 195 § 120; 1961 c 131 § 4.]

Notes:
Severability--Effective dates and termination dates--Construction--1973 1st ex.s. c 195: See notes following RCW 84.52.043.

RCW 85.32.040 Initial determination--Roll--Resolution, contents.
Applicable Cases
In the initial instance, when the board of any district, desires to use the method and procedure provided in this chapter, and in order that uniformity may be had, it may cause a roll of all properties within the district claimed to be benefited by its drainage system, and in addition or as a part thereof, a roll of all properties outside of the territorial limits of said district claimed to be served and benefited by the drainage systems of said district, to be prepared and filed with it. Thereupon, the board shall by resolution declare:

(1) That it has made initial determination that the district's facilities are furnishing and will furnish service and benefit to the properties, including improvements thereon, described in such roll;

(2) That such roll has been filed with it and will remain so filed and open to inspection by any party interested therein at all reasonable times;

(3) That a public hearing will be held by the board at a time and place stated to give consideration to the facts and make ultimate determination of the same and to said roll;

(4) That when said roll is finally adopted, annual dollar rate levies will be made by the district against said properties based upon the valuation thereof as shown on said roll when ultimately adopted to raise money based on benefit and service for the continuous operation and maintenance of said district;

(5) That at the time of hearing, it will hear all objections filed and will review, adopt, modify, or revise said roll consistent with existing facts to the end that property receiving service and benefit from the facilities of the district shall pay justly and equitably therefor in proportion to benefit received and;

(6) That upon said hearing or adjournments thereof, the board will determine the ultimate facts concerning service and benefit received by all properties ultimately contained in said roll and as to such properties it will adopt the roll in final form and proceed as in this chapter provided.
RCW 85.32.050 Contents of roll--Assessed, equalized value prima facie correct--Separate levies for prior indebtedness--Adjustment of roll.
Applicable Cases

The roll of properties referred to in this chapter shall contain (1) a description of all properties and improvements thereon, with the name of the owner or the reputed owner thereof and his address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located, and (2) the determined value of such land and improvements thereon as last assessed and equalized by the taxing agencies of such county. Such assessed and equalized values shall be deemed prima facie as a just, fair and correct base of value for consideration by the board in its determination ultimately of the just and correct base of value in each instance against which annual dollar rates shall be levied by the district for the operation of the district and the expansion and maintenance of its facilities.

If property outside of the territorial limits of the district are upon the roll as adopted ultimately, and the district has prior indebtedness existing, the board shall set up separate dollar rate levies for the retirement thereof until it is extinguished, which levies shall be applied solely against the properties within the territorial limits of the district. Adjustments of the roll shall be made before final adoption in such a manner that the money raised through annual dollar rate levies for maintenance, expansion and operational costs of the district in no instance shall exceed the value of the service rendered or to be rendered and the benefit received and to be received by the property involved.

RCW 85.32.060 Notice of hearing--Contents.
Applicable Cases

When the board causes a property roll to be filed with it and a hearing to be held thereon as provided in this chapter, it shall give notice of the hearing in the following manner:

The notice shall be published at least three times in consecutive issues in a weekly newspaper, or once a week for three consecutive weeks in a daily newspaper having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. The board also shall cause a copy of the notice to be mailed in regular course of the federal mail at least thirty days prior to the date of the hearing to the owner or reputed owner of the property at his address, all as shown on the tax rolls or records of the county taxing agencies of the county wherein the property is situated, such notice being deemed adequate and sufficient.
The sworn affidavit of the one doing such mailing shall be deemed conclusive of the fact that the notice was mailed.

The notice shall state the following:

(1) That the board has tentatively determined that the property of the owner or reputed owner named is receiving and will receive service and benefit from the facilities of the district;

(2) That the board has caused a tentative roll of the properties with any improvements thereon which are receiving and will receive service and benefit to be filed with it; and that the roll shows a base of valuation thereon for the properties against which annual dollar rates will be levied and collected in the same manner as general taxes to pay the fair value of the benefit and service received and to be received by the property through use of the facilities of the district, and to pay the annual cost of operation, development and maintenance of the district and its facilities;

(3) That on a date, time and place stated, the board will give consideration to the facts and the roll, will hear all objections filed, will review the roll and alter, modify, or change the same consistent with facts established and with equity and fair dealing concerning the properties involved to the end that just levies will be made for service and benefits received and to be received against each property for the purposes mentioned; and at the hearing or continuance thereof, it will adopt the roll in final form and certify and file a copy thereof with the assessor and treasurer of the county wherein the property is located; and will cause annual millage to be levied against such established valuations for the purposes stated;

(4) That all persons desiring to object to the proceedings, to the proposed base valuations, or to any other thing or matter in connection with the proceedings, must file written objections with the board stating clearly the basis of the objection before the time of the hearing, or all objections will be deemed waived.

All such objections must be in writing and filed with the board before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived.

[1961 c 131 § 8.]

RCW 85.32.080 Additional roll due to omitted property or changed conditions.

Applicable Cases

The board shall from time to time examine the properties within and without said district, and if it finds tentatively that property, including improvements thereon, has been omitted from
the existing roll, or conditions have changed so that there are new properties or additional properties receiving benefit and service from the facilities of the district without charge, it shall cause from time to time an additional roll of such property to be filed with it and shall proceed in the same manner as provided in this chapter where the board causes property roll to be filed with it.

**RCW 85.32.100 Reexamination of properties--Supplemental roll--Certification and filing.**

Applicable Cases

The board may at any time reexamine the properties on any roll, and upon request of an owner shall do so, and if it is found that the condition of such property or properties has changed so that justly such property should be eliminated from any rolls on file, or the base against which dollar rate is levied should be lowered, it shall so determine and make a supplemental roll with reference to such property or properties. When adopted by it, the board shall certify and file a copy thereof with the auditor, assessor and treasurer of the county wherein the property is situated, and such officer shall alter and change the existing rolls accordingly.

When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings according to the provisions of law with relation to such foreclosures. RCW 85.38.020 Establishment of special districts--Petition or resolution--Contents.

Applicable Cases

The establishment of a special district may be initiated by either petition of the owners of property located within the proposed special district, or by resolution of the county legislative authority or authorities within which the proposed special district is located.

A petition calling for the creation of a special district, which is signed by at least ten owners of land located within the proposed district, shall be filed with the county legislative authority within which a proposed special district, or the largest portion of a special district, is located. If the proposed special district is proposed to be located within more than one county, the county legislative authority receiving the petitions shall notify the other county legislative authorities of the proposal. The petition shall set forth in general terms: (1) The objects sought by the creation of the special district; (2) the projects proposed to be completed by the special district that will accomplish these objects; (3) the boundaries of the proposed special district, which may be stated in terms of sections, townships, and ranges; and (4) any other matters deemed material by the petitioners. The jurisdiction of the county legislative authority to proceed with consideration of the creation of the proposed special district shall not be affected by the form of the petition or allegations on the petition. The petition shall be accompanied by proof of land ownership that is sufficient in the opinion of the county legislative authority to evidence the ownership of land by the petitioners within the proposed special district. A petition calling for the creation of a special district shall be accompanied by a bond of five thousand dollars to defray the costs incurred by the county, or counties, in considering the creation of the special district.

A resolution proposing the creation of a special district shall contain the same items as
are required and permitted to be contained in a petition to create a special district.

[1985 c 396 § 3.]

**RCW 85.38.030 Investigation of proposed boundaries and districts--Report.**

Applicable Cases

Upon the filing of a valid petition or upon the adoption of the resolution, the county legislative authority shall direct the county engineer to investigate the proposed boundaries of the special district and the feasibility of the projects located in the county as proposed in the petition or resolution. The engineer shall report to the county legislative authority within ninety days of such direction on the proposed boundaries of the special district within the county and feasibility of that portion of the proposed project. If the proposed special district is located in more than one county, the county legislative authority of each county shall direct its county engineer to investigate and report on the proposal within its boundaries.

[1985 c 396 § 4.]

**RCW 85.38.040 Proposed special districts--Public hearing--Notice.**

Applicable Cases

The county legislative authority shall schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are feasible. If the engineers of each of the counties within which a proposed special district is located indicate that the proposed projects are feasible, the county legislative authorities shall schedule a joint public hearing on the proposed special district. The county legislative authority may, on its own initiative, schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are not feasible. The county legislative authorities of counties within which a proposed special district is located may, on their own initiative, schedule a joint public hearing on the proposed special district if one or more of the county engineers' reports indicate that the proposed projects are not feasible.

Notice of the public hearing shall be published in a newspaper of general circulation within the proposed special district, which notice shall be purchased in the manner of a general advertisement, not to be included with legal advertisements or with classified advertisements. This notice shall be published at least twice, not more than twenty nor less than three days before public hearing. Additional notice shall be made as required in RCW 79.44.040.

The notice must contain the following: (1) The date, time, and place of the public hearing; (2) a statement that a particular special district is proposed to be created; (3) a general description of the proposed projects to be completed by the special district; (4) a general description of the proposed special district boundaries; and (5) a statement that all affected persons may appear and present their comments in favor of or against the creation of the proposed special district.

[1991 c 349 § 8; 1985 c 396 § 5.]

**RCW 85.38.050 Public hearing--Elections.**
Applicable Cases

The county legislative authority or authorities shall conduct the public hearing at the date, time, and place indicated in the notice. Public hearings may be continued to other dates, times, and places specified by the county legislative authority or authorities before the adjournment of the public hearing. Each county legislative authority may alter those portions of boundaries of the proposed special district that are located within the county, but if territory is added that was not described in the original proposed boundaries, an additional hearing on the proposal shall be held with notice being published as provided in RCW 85.38.040.

After receiving the public testimony, the county legislative authority may cause an election to be held to authorize the creation of a special district if it finds:

(1) That creation of the special district will be conducive to the public health, convenience and welfare;
(2) That the creation of the special district will be of special benefit to a majority of the lands included within the special district; and
(3) That the proposed improvements are feasible and economical, and that the benefits of these improvements exceed costs for the improvements.

If the proposed special district is located within two or more counties, the county legislative authorities may cause an election to be held to authorize the creation of the special district upon making the findings set forth in subsections (1) through (3) of this section.

The county legislative authority or authorities may also choose not to allow such an election to be held by either failing to act or finding that one or more of these factors are not met.

[1991 c 349 § 9; 1985 c 396 § 6.]

RCW 85.38.060 Elections--Notice--Costs.

Applicable Cases

The county legislative authority or authorities shall cause an election on the question of creating the special district to be held if findings as provided in RCW 85.38.050 are made. The county legislative authority or authorities shall designate a time and date for such election, which shall be one of the special election dates provided for in RCW 29.13.020, together with the site or sites at which votes may be cast. The persons allowed to vote on the creation of a special district shall be those persons who, if the special district were created, would be qualified voters of the special district as described in RCW 85.38.010. The county auditor or auditors of the counties within which the proposed special district is located shall conduct the election and prepare a list of presumed eligible voters.

Notices for the election shall be published as provided in RCW 85.38.040. The special district shall be created if the proposition to create the special district is approved by a simple majority vote of the voters voting on the proposition and the special district may assume operations whenever the initial members of the governing body are appointed as provided in RCW 85.38.070.

Any special district created after July 28, 1985, may only have special assessments measured and imposed, and budgets adopted, as provided in RCW 85.38.140 through 85.38.170.
If the special district is created, the county or counties may charge the special district for the costs incurred by the county engineer or engineers pursuant to RCW 85.38.030 and the costs of the auditor or auditors related to the election to authorize the creation of the special district pursuant to this section. Such county actions shall be deemed to be special benefits of the property located within the special district that are paid through the imposition of special assessments.

[1991 c 349 § 10; 1985 c 396 § 7.]

**RCW 85.38.070 Governing board--Terms of office--Election--Appointment--Vacancies--Qualifications.**

Applicable Cases

(1) Except as provided in RCW 85.38.090, each special district shall be governed by a three-member governing body. The term of office for each member of a special district governing body shall be six years and until his or her successor is elected and qualified. One member of the governing body shall be elected at the time of special district general elections in each even-numbered year for a term of six years beginning as soon as the election returns have been certified for assumption of office by elected officials of cities.

(2) The terms of office of members of the governing bodies of special districts, who are holding office on July 28, 1985, shall be altered to provide staggered six-year terms as provided in this subsection. The member who on July 28, 1985, has the longest term remaining shall have his or her term altered so that the position will be filled at the February 1992, special district general election; the member with the second longest term remaining shall have his or her term altered so that the position will be filled at the December, 1989, special district general election; and the member with the third longest term of office shall have his or her term altered so that the position will be filled at the December, 1987, special district general election.

(3) The initial members of the governing body of a newly created special district shall be appointed by the legislative authority of the county within which the special district, or the largest portion of the special district, is located. These initial governing body members shall serve until their successors are elected and qualified at the next special district general election held at least ninety days after the special district is established. At that election the first elected members of the governing body shall be elected. No primary elections may be held. Any voter of a special district may become a candidate for such a position by filing written notice of this intention with the county auditor at least thirty, but not more than sixty, days before a special district general election. The county auditor in consultation with the special district shall establish the filing period. The names of all candidates for such positions shall be listed alphabetically. At this first election, the candidate receiving the greatest number of votes shall have a six-year term, the candidate receiving the second greatest number of votes shall have a four-year term, and the candidate receiving the third greatest number of votes shall have a two-year term of office. The initially elected members of a governing body shall take office immediately when qualified as defined in RCW 29.01.135. Thereafter the candidate receiving the greatest number of votes shall be elected for a six-year term of office. Members of a governing
body shall hold their office until their successors are elected and qualified, and assume office as soon as the election returns have been certified.

(4) The requirements for the filing period and method for filing declarations of candidacy for the governing body of the district and the arrangement of candidate names on the ballot for all special district elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a special district.

(5) Whenever a vacancy occurs in the governing body of a special district, the legislative authority of the county within which the special district, or the largest portion of the special district, is located, shall appoint a district voter to serve until a person is elected, at the next special district general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in RCW 29.01.135.

If an election for the position which became vacant would otherwise have been held at this special district election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in RCW 29.01.135 and shall serve both the remainder of the unexpired term and the succeeding term. A vacancy occurs upon the death, resignation, or incapacity of a governing body member or whenever the governing body member ceases being a qualified voter of the special district.

(6) An elected or appointed member of a special district governing body, or a candidate for a special district governing body, must be a qualified voter of the special district: PROVIDED, That the state, its agencies and political subdivisions, or their designees under RCW 85.38.010(3) shall not be eligible for election or appointment.

The governing body shall fix the compensation to be paid to the members, secretary, and all other agents and employees of the district. Compensation for the members shall not exceed six thousand seven hundred twenty dollars in one calendar year. A member is entitled to reimbursement for reasonable expenses actually incurred in connection with such business, including subsistence and lodging, while away from the member's place of residence, and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW.

Any member may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after
the member's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

[1998 c 121 § 12.]

**RCW 85.38.080 Governing body--Bond.**

Applicable Cases

Each member of a governing body of a special district, whether elected or appointed, shall enter into a bond, payable to the special district. The bond shall be conditioned on the faithful performance of his or her duties as a member of the governing body of the special district and shall be filed with the county clerk of the county within which the special district, or the largest portion of the special district, is located.

[1987 c 298 § 3; 1985 c 396 § 9.]

**RCW 85.38.090 Governing body--Reduction in size.**

Applicable Cases

(1) Whenever the governing body of a special district has more than three members, the governing body shall be reduced to three members as of January 1, 1986, by eliminating the positions of those district governing body members with the shortest remaining terms of office. The remaining three governing body members shall have staggered terms with the one having the shortest remaining term having his or her position filled at the 1987 special district general election, the one with the next shortest remaining term having his or her position filled at the 1989 special district general election, and the one with the longest remaining term having his or her position filled at the 1992 special district general election. If any of these remaining three governing body members have identical remaining terms of office, the newly calculated remaining terms of these persons shall be determined by lot with the county auditor who assists the special district in its elections managing such lot procedure. The newly established terms shall be recorded by the county auditor.

(2) However, whenever five or more special districts have consolidated under chapter 85.36 RCW and the consolidated district has five members in its governing body on July 28, 1985, the consolidated district may adopt a resolution retaining a five-member governing body. At any time thereafter, such a district may adopt a resolution and reduce the size of the governing body to three members with the reduction occurring as provided in subsection (1) of this section, but the years of the effective dates shall be extended so that the reduction occurs at the next January 1st occurring after the date of the adoption of the resolution. Whenever a special district is so governed by a five-member governing body, two members shall be elected at each of two consecutive special district general elections, and one member shall be elected at the following special district general election, each to serve a six-year staggered term.

[1991 c 349 § 12; 1985 c 396 § 10.]
RCW 85.38.100 General elections.
Applicable Cases
General elections shall be held in each special district on the first Tuesday after the first

least equal to a majority interest may designate in writing:
   (a) Which owner is eligible to vote and may cast two votes; or
   (b) Which two owners are eligible to vote and may cast one vote each.
(3) If land is owned as community property, each spouse is entitled to one vote if both

   (4) A corporation, partnership, or governmental entity shall designate:
      (a) A natural person to cast its two votes; or
      (b) Two natural persons to each cast one of its votes.

[1991 c 349 § 2.]

RCW 85.38.110 Presumed eligible voters' list--Notice of requirements of voting
authority--Copy of voter's list to county auditor.
Applicable Cases
A list of presumed eligible voters shall be prepared and maintained by each special
district. The list shall include the assessor's tax number for each lot or parcel in the district, the
name or the names of the owners of such lots and parcels and their mailing address, the extent of
the ownership interest of such persons, and if such persons are natural persons, whether they are
known to be registered voters in the state of Washington. Whenever such a list is prepared, the
district shall attempt to notify each owner of the requirements necessary to establish voting
authority to vote. Whenever lots or parcels in the district are sold, the district shall attempt to
notify the purchasers of the requirements necessary to establish voting authority. Each special
district shall provide a copy of this list, and any revised list, to the auditor of the county within
which all or the largest portion of the special district is located. The special district must compile
the list of eligible voters and provide it to the county auditor by the first day of November
preceding the special district general election. In the event the special district does not provide
the list and charge the special district for the costs required for its preparation. The county auditor
shall not be held responsible for any errors in the list.

[1991 c 349 § 13; 1985 c 396 § 12.]

**RCW 85.38.115 Elections--When not required.**

Applicable Cases

No election shall be held to elect a member of a special district governing body, or to fill
the remainder of an unexpired term which arose from a vacancy on the governing body, if no one
or only one person files for the position.

If only one person files for the position, he or she shall be considered to have been elected
to the position at the election that otherwise would have taken place for such position.

If no one files for the position and the upcoming election is one at which someone would
have been elected to fill the expired term, the position shall be treated as vacant at the expiration
of the term.

If no one files for the position and the upcoming election is one at which someone would
have been elected to fill the remaining term of office, the person appointed to fill the vacancy
shall be considered to have been elected to the position at the election and shall serve for the
remainder of the unexpired term.

[1991 c 349 § 6.]

**RCW 85.38.120 Elections--Auditor's assistance--Notice--Auditor's costs.**

Applicable Cases

The auditor of the county within which a special district, or the largest portion of a special
district, is located shall assist such special district with its elections as provided in this section.

(1) The county auditor shall publish notice of an election to create a special district and
notice of all special district elections not conducted by mail in a newspaper of general circulation
in the special district at least once not more than ten nor less than three days before the election.
The notices shall describe the election, give its date and times to be held, and indicate the
election site or sites in the special district where ballots may be cast.

(2) If a special district has at least five hundred qualified voters, then the county auditor
shall publish in a newspaper of general circulation in the special district a notice of the filing
period and place for filing a declaration of candidacy to become a member of the governing
body. This notice shall be published at least seven days prior to the closing of the filing period. If
the special district has less than five hundred qualified voters, then the special district shall mail
or deliver this notice to each qualified voter of the special district at least seven days prior to the
closing of the filing period.

(3) All costs of the county auditor incurred related to such elections shall be reimbursed
by the special district.
RCW 85.38.125 Elections--Auditor to conduct--Election by mail.

Applicable Cases

(1) If a special district has less than five hundred qualified voters, then the special district must contract with the county auditor to conduct the special district elections. The county auditor has the discretion as to whether to conduct the election by mail.

(2) If a special district has at least five hundred qualified voters, the special district may contract with the county auditor to staff the voting site during the election or contract with the county auditor to conduct the election by mail. A special district with at least five hundred qualified voters may also choose to conduct its own elections. A special district that conducts its own elections must enter into an agreement with the county auditor that specifies the responsibilities of both parties.

(3) If the county auditor conducts a special district election by mail, then the provisions of chapter 29.36 RCW which govern elections by mail, except for the requirements of RCW 29.36.120, shall apply.

RCW 85.38.130 Election officials--Duties--Voting hours--Challenged ballots--Absentee ballots.

Applicable Cases

For special district elections that are not conducted by mail, the governing body of each special district shall appoint three voters of the special district, who may be members of the governing body, to act as election officials, unless the special district contracts with the county auditor to staff the election site. The election officials shall distribute a ballot or ballots to each voter of the special district who arrives at the voting place during the hours for the election on the day of the election and requests a ballot. Ballots shall also be provided to those persons arriving at the polling place during the hours for the election on the day of the election who present documents or evidence sufficient to establish their eligibility to vote. A person arriving at the polling place at such times who demands a ballot, but who fails to present documents or evidence which in the opinion of the election officials is sufficient to establish eligibility to vote, shall be given a ballot clearly marked as "challenged" and shall be allowed to vote. Each challenged ballot shall be numbered consecutively and a list of such persons and their ballot numbers shall be made.

The governing body of each special district shall designate those hours from 7 a.m. to 8 p.m. during which the election shall be held: PROVIDED, That at least six consecutive hours must be designated. When the election is over, the election officials shall secure the ballots and transport the ballots to the county auditor's office by noon of the day following the election. The auditor may, at his or her discretion, station a deputy auditor or auditors at the election site who shall observe the election and transport the ballots to the auditor's office. The auditor shall count the ballots and certify the count of votes for and against each measure and for each candidate.
appearing on the ballot. A separate count shall be made of any challenged ballots. A challenged ballot shall be counted as a normal ballot if documents or evidence are supplied to the auditor before 4:00 p.m. on the day after the election that, in the opinion of the auditor, are sufficient to establish the person's eligibility to vote.

Additionally, voting by absentee ballot shall be allowed in every special district. A request for an absentee ballot may be made by an eligible voter by mail or in person to the county auditor who supervises the special district elections. An absentee ballot shall be provided to each voter of a special district requesting such a ballot under this section. A person requesting such a ballot may present information establishing his or her eligibility to vote in such a special district. The auditor shall provide an absentee ballot to each person requesting an absentee ballot who is either included on the list of presumed eligible voters or who submits information which, in the auditor's opinion, establishes his or her eligibility to vote. The names of these persons so determined to be eligible to vote shall be added to the list of presumed eligible voters for the appropriate special district. The request for an absentee ballot must be made no more than forty-five days before the election. To be valid, absentee ballots must be postmarked on or before the day of the election and mailed to the county auditor.

[1991 c 349 § 16; 1985 c 396 § 14.]

**RCW 85.38.140 Special district financing--Alternative method.**

**Applicable Cases**

The process by which budgets are adopted, special assessments are measured and imposed, rates and charges are fixed, and assessment zones are established, as provided in RCW 85.38.140 through 85.38.170, shall constitute an alternative optional method of financing special districts. A special district in existence prior to July 28, 1985, may conform with RCW 85.38.140 through 85.38.170 when its governing body adopts a resolution indicating its intention to conform with such laws. Whenever such a resolution is adopted, or a new special district is created on or after July 28, 1985, RCW 85.38.140 through 85.38.170 shall be the exclusive method by which the special district measures and imposes special assessments and adopts its budget. The governing body of a special district that was created before July 28, 1985, and which operates under RCW 85.38.140 through 85.38.170, may adopt a resolution removing the special district from operating under RCW 85.38.140 through 85.38.170, and operate under alternative procedures available to the special district. A county may charge a special district for costs the county incurs in establishing a system or systems of assessment for the special district pursuant to RCW 85.38.140 through 85.38.170.

[1993 c 464 § 3; 1985 c 396 § 15.]

**RCW 85.38.145 Rates and charges.**

**Applicable Cases**

Regardless of whether any special assessments have been or may be imposed on a particular parcel of real property pursuant to this chapter, in order to implement the authority granted under RCW 85.38.180(3), a special district may fix rates and charges payable by owners
or occupiers of real estate within the special district. When fixing rates and charges, the district may consider the degree to which activities on a parcel of real property, including on-site septic systems, contribute to the problems that the special district is authorized to address under RCW 85.38.180(3).

[1993 c 464 § 4.]

**RCW 85.38.150 Special assessments—Valuation—Assessment zones—Criteria for assessments.**

Applicable Cases

(1) Special district special assessments shall be imposed only on real property within the district that uses or will use the special district's facilities or receives or will receive special benefits from the special district's operations and facilities. Both privately owned and publicly owned real property, including real property owned by the state, is subject to these special assessments. Mobile homes located on real property within a special district shall be considered an improvement to the real property for purposes of imposing special assessments.

(2) Special assessments imposed upon real property, other than improvements, shall be a function of the dollar value of benefit or use per acre and the assessment zone in which the real property is located. Special assessments imposed upon an improvement shall be a function of the dollar value of benefit or use assigned to the type or class of improvements and the assessment zone in which the improvement is located.

(3) Assessment zones shall be established in which each zone reflects a different relative ratio of benefit or use that the real property within such a zone receives, or will receive, from the special district's operations and facilities. That real property receiving the greatest benefits, or which uses the special district's facilities to the greatest extent, shall be placed into class No. 1 and assigned a value of one hundred percent; that real property receiving the next greatest benefits, or which uses the special district's facilities to the next greatest extent, shall be placed into class No. 2 and assigned a lower percentage value; and so on, extending to the class of least benefits or use. That real property receiving no benefits or use shall be designated "nonbenefit." If all real property in the special district is found to have the same relative ratio of benefit or use, a single assessment zone may be established.

(4) Any one or more of the following criteria shall be used in measuring the manifest degrees or ratios of benefit or use: (a) Proximity to the special district's facilities; (b) height above or below dikes and levees; (c) easier accessibility; (d) facility of drainage; (e) minimization of flood or inundation damage; (f) actual flood protection; (g) use of the special district's facilities; and (h) any other criteria established by the county under RCW 85.38.160 that measure manifest degrees of benefit or use from the special district's facilities and operations.

(5) Special assessments may be imposed to pay for the construction, repair, and maintenance of special district facilities and for special district operations. Administrative and operational costs of the special district shall be proportionally included in these special assessments.

[1985 c 396 § 16.]

Applicable Cases

(1) The county within which each special district is located shall establish a system or systems of assessment for the special district as provided in this section. A differing system of assessment shall be established for different classes of facilities that a special district provides or will provide, including a separate system of assessment for diking and drainage facilities if both classes of facilities are provided. Whenever a special district is located in more than one county, the county within which the largest portion of the special district is located shall establish the system or systems of assessment for the entire special district. A system of assessment shall include assessment zones, the acreage included in each assessment zone, a dollar value of benefit or use per acre, and various classes or types of improvements together with a dollar value of benefit or use for an improvement included in each of the classes or types of improvements. The county shall establish which improvements shall be subject to special assessments and shall establish one or more types or classes of such improvements.

(2) The engineer of the county shall prepare a preliminary system or systems of assessment for each special district. Each system of assessment that is prepared for a special district shall be designed to generate a total of one thousand dollars in revenue for the special district.

The preliminary system or systems of assessment shall be filed with the county legislative authority. A public hearing on the preliminary system or systems of assessment shall be held by the county legislative authority. Notice of the public hearing shall be published in a newspaper, in general circulation in the special district, for two consecutive weeks with the final notice being published not less than fourteen, nor more than twenty-one days, before the public hearing. Notice shall also be mailed to each owner or reputed owner, as shown on the assessor's tax rolls, of each lot or parcel subject to such assessments. The mailed notice shall indicate the amount of assessment on the lot or parcel that, together with all other assessments in the system of assessment, would raise one thousand dollars. The mailed notice shall indicate that this assessment amount is not being imposed, but is a hypothetical assessment that, if combined with all other hypothetical assessments in the system of assessment, would generate one thousand dollars, and that this hypothetical assessment is proposed to be used to establish a system or systems of assessment for the special district. Where a special district currently is imposing special assessments and a property owner's property is subject to these special assessments, the mailed notice to this property owner also shall use the hypothetical special assessment in conjunction with the total special assessments imposed by the special district in that year to provide a comparison special assessment value to the property owner. This notice shall indicate that the comparison special assessment value is not being imposed, and should be considered for comparative purposes only. Where a special district is not currently imposing special assessments, the mailed notice may include, if deemed appropriate by the county engineer and if such figures are available, an estimated special assessment value for the property owner's
property using this hypothetical special assessment in conjunction with special district-wide level of special assessments that possibly would be imposed in the following year. Where a county is imposing rates and charges for storm water or surface water control facilities pursuant to chapters 36.89 or 36.94 RCW, the county shall credit such rates and charges with assessments imposed under this section by a special district to fund drainage facilities and the maintenance of drainage facilities.

(3) The county legislative authority shall hold a public hearing on the preliminary system or systems of assessment on the day specified in the notices. Persons objecting to the preliminary system or systems of assessment may present their objections at this public hearing, which may be continued if necessary. The county legislative authority shall adopt an ordinance finalizing the system or systems of assessment after making any changes that in its discretion are necessary. The county legislative authority shall have broad discretion in establishing systems of assessment. The decision of the county legislative authority shall be final, except for appeals. Any person objecting to the system or systems of assessment must appeal such decision to the superior court of the county within which all, or the largest portion, of the special district is located within twenty days of the adoption of the ordinance.

(4) The system or systems of assessment of each special district shall be reviewed by the county engineer and finalized by the county legislative authority at least once every four years. A system or systems of assessment shall be finalized on or before the first of September in the year that it is finalized. The legislative authority of a county that is responsible for establishing a system or systems of assessment for more than one special district may, at its option, stagger the initial finalization of such systems of assessment for different special districts over a period of up to four years. Assessments shall be collected in special districts pursuant to the district's previous system of assessment until the system or systems of assessment under this chapter is finalized under this section.

(5) New improvements shall be noted by the special district as they are made and shall be subject to special assessments in the year after the improvement is made.

(6) The county legislative authority, upon request by a special district, may authorize the special district to impose and collect emergency assessments pursuant to the special district's system or systems of assessment whenever the emergent protection of life or property is necessary.

[1985 c 396 § 17.]

**RCW 85.38.170 Budgets--Special assessments--Notice--Delinquent special assessments--Collection fee.**

Applicable Cases

Budgets for each special district shall be adopted, and special assessments imposed, annually for the succeeding calendar year. On or before December 1st of each year, the governing body of the special district shall adopt a resolution approving a budget for the succeeding year and special assessments sufficient to finance the budget. A copy of the resolution and the budget shall be forwarded immediately to the county legislative authority of the county or counties.
within which the special district is located and to the treasurer of the county or counties in which the special district is located. Special assessments necessary to generate funds for this budget shall be imposed pursuant to the system or systems of assessment established by the county. Special assessments shall be collected by the county treasurer or treasurers within which the special district is located. Notice of the special assessments due may be included on the notice of property taxes due, may be included on a separate notice that is mailed with the notice of property taxes due, or may be sent separately from the notice of property taxes due. Special assessments shall be due at the same time property taxes are due and shall constitute liens on the land or improvements upon which they are imposed. Delinquent special assessments shall be foreclosed in the same manner, and subject to the same time schedules, interest, and penalties as delinquent property taxes. County treasurers may impose a fee for collecting special assessments not to exceed one percent of the dollar value of special assessments collected.

[1985 c 396 § 18.]

RCW 85.38.200 Annexation of contiguous territory--Procedures.

Applicable Cases

(1) Territory that is contiguously located to a special district may be annexed by the special district as provided in this section under the petition and election, resolution and election, or direct petition method of annexation.

(2) An annexation under the election method may be initiated by the filing of a petition requesting the action that is signed by at least ten owners of property in the area proposed to be annexed or the adoption of a resolution requesting such action by the governing body of the special district. The petitions shall be filed with the governing body of the special district that is requested to annex the territory. An election to authorize an annexation initiated under the petition and election method may be held only if the governing body approves the annexation. An annexation under either election method shall be authorized if the voters of the area proposed to be annexed approve a ballot proposition favoring the annexation by a simple majority vote. The annexation shall be effective when results of an election so favoring the annexation are certified by the county auditor or auditors. The election, notice of the election, and eligibility to vote at the election shall be as provided for the creation of a special district.

(3) An annexation under the direct petition method of annexation may be accomplished if the owners of a majority of the acreage proposed to be annexed sign a petition requesting the annexation, and the governing body of the special district approves the annexation. The petition shall be filed with the governing body of the special district. The annexation shall be effective when the governing body approves the annexation.

(4) Whenever a special district annexes territory under this section, the exclusive method by which the special district measures and imposes special assessments upon real property within the entire enlarged area shall be as set forth in RCW 85.38.150 through 85.38.170.
Notes:

Severability--1986 c 278: See note following RCW 36.01.010.

RCW 85.38.210 Consolidation of contiguous districts--Procedures.

Applicable Cases

Two or more special districts that are contiguously located with each other, or which occupy all or part of the same territory, may consolidate as provided in this section. The consolidation shall result in the creation of a flood control district.

A consolidation may be initiated by: (1) The filing of a petition requesting the action that is signed by eligible voters of each special district who constitute at least ten percent of the eligible voters of the special district, or who own at least a majority of the acreage in the special district; or (2) the adoption of a resolution requesting such action by the governing body of each special district. The petitions shall be filed with, and the resolutions shall be submitted to, the county legislative authority of the county within which all or the largest portion of the special districts is located. The auditor of the county, or auditors of the counties, within which these districts are located shall authenticate the signatures on the petitions and certify the results. An election to authorize the consolidation shall be held not more than one hundred eighty days after the date of the filing of the resolutions, or the determination that sufficient valid signatures are included on the petition from the voters of each of the special districts.

The consolidation shall be authorized if voters in each of the special districts approve a ballot proposition favoring the consolidation by a simple majority vote. Members of the governing body of the consolidated special district shall be selected as provided in RCW 85.38.070 for a newly created special district and the consolidation shall be effective when these initial members of the governing body are so appointed.

All moneys, rights, property, assets and liabilities of the consolidating special districts shall vest in and become the obligation of the new consolidated special district, except that any indebtedness of a consolidating special district shall remain an indebtedness of the original consolidating special district and lands within the original consolidating special district. The governing body of the new consolidated special district shall impose special assessments on lands in the original consolidating special district to redeem this indebtedness. However, the new consolidated special district may issue funding or refunding bonds or notes and fund or refund such indebtedness. The new consolidated special district may continue imposing special assessments pursuant to the various systems of assessment used by the original consolidating special districts, or may establish a new system or systems of assessment in all or part of the new consolidated special district to finance its operations.

RCW 85.38.213 Withdrawal of area within city or town.

Applicable Cases
A special district may withdraw area from its boundaries that is located within the boundaries of a city or town, or area that includes area both within and adjacent to the boundaries of any city or town, under this section.

(1) The withdrawal of area is authorized upon the following conditions being met: (a) Adoption of a resolution by the special district requesting withdrawal of the area from the district; (b) adoption of a resolution by the city or town council approving the withdrawal of the special district from the area; (c) assumption by the city or town of full responsibility for the maintenance, improvements, and collection of payment for the operation of the system previously operated by the special district in the area; (d) transfer by the special district of all rights-of-way or easements in the area to the city or town by quit claim or deed; and (e) adoption of an interlocal agreement between the special district and the city or town that reimburses the special district for lost assessment revenue from the withdrawn area, that transfers any facilities or improvements owned by the special district to the city or town as agreed between the parties, and that requires the city or town to maintain existing water run-off and water quality levels in the area.

(2) Property in the territory withdrawn from the boundaries of a special district under this section shall remain liable for any special assessments of the special district from which it was withdrawn, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the withdrawal of property had not occurred.

[1993 c 464 § 2.]

**RCW 85.38.215 Transfer of territory from one special district to another.**

Applicable Cases

Territory that is located in one special district may be transferred from that special district to another special district as provided in this section, if a portion of this territory is coterminous with a portion of the boundaries of the special district to which it is transferred. Such a transfer shall be accomplished using the procedures in RCW 85.38.200 for annexing territory, except that the governing body of both special districts must approve the transfer and make findings that the transfer is in the public interest and that the special district to which the territory is transferred is better able to provide the activities and facilities serving the territory than the special district from which the territory is transferred.

Property in the territory so transferred shall remain liable for any special assessments of the special district from which it was transferred, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the transfer had not occurred.

A transfer of territory also may include the transfer of property, facilities, and improvements owned by one special district to the other special district, with or without consideration being paid.

[1987 c 298 § 1.]

**RCW 85.38.217 Drainage and drainage improvement districts--Removal of area by first**
class city--Notice.
Applicable Cases

Any portion of a drainage district or drainage improvement district located within the boundaries of a first class city operating a storm drain utility pursuant to RCW 35.67.030 may be removed from the drainage district or drainage improvement district by ordinance of the city. The removal of an area shall not result in the impairment of any contract nor remove the liability or obligation to finance district improvements that serve the area so removed as of the effective date of the ordinance. Residents of the district to be removed shall be given substantial notice of the impending action and the opportunity to respond to the action.

[1991 c 28 § 3.]

RCW 85.38.220 Suspension of operations--Procedure--Reactivation.
Applicable Cases

Any special district may have its operations suspended as provided in this section. The process of suspending a special district's operations may be initiated by: (1) The adoption of a resolution proposing such action by the governing body of the special district; (2) the filing of a petition proposing such action with the county legislative authority of the county in which all or the largest portion of the special district is located, which petition is signed by voters of the special district who own at least ten percent of the acreage in the special district or is signed by ten or more voters of the special district; or (3) the adoption of a resolution proposing such action by the county legislative authority of the county in which all or the largest portion of the special district is located.

A public hearing on the proposed action shall be held by the county legislative authority at which it shall inquire into whether such action is in the public interest. Notice of the public hearing shall be published in a newspaper of general circulation in the special district, posted in at least four locations in the special district to attract the attention of the public, and mailed to the members of the governing body of the special district, if there are any. After the public hearing, the county legislative authority may adopt a resolution suspending the operations of the special district if it finds such suspension to be in the public interest. When a special district is located in more than one county, the legislative authority of each of such counties must so act before the operations of the special district are suspended.

After holding a public hearing on the proposed reactivation of a special district that has had its operations suspended, the legislative authority or authorities of the county or counties in which the special district is located may reactivate the special district by adopting a resolution finding such action to be in the public interest. Notice of the public hearing shall be posted and published as provided for the public hearing on a proposed suspension of a special district's operations. The governing body of a reactivated special district shall be appointed as in a newly created special district.

No special district that owns drainage or flood control improvements may be dissolved unless the legislative authority of a county accepts responsibility for operation and maintenance of the improvements.
RCW 85.38.225 Alternative dissolution procedure--Drainage and drainage improvement districts--Conditions.
Applicable Cases

As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:

(1) The county storm drainage and surface water management utility shall assume responsibility for payment or settlement of outstanding debts of the dissolved drainage district or drainage improvement district.

(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.

(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district.

RCW 85.38.230 Special assessment bonds authorized.
Applicable Cases

A special district may issue special assessment bonds or notes to finance costs related to providing, improving, expanding, or enlarging improvements and facilities if the county legislative authority within which all or the major part of the special district is located authorizes the issuance of such bonds or notes. The decision of a county legislative authority authorizing or failing to authorize a proposed issue of special assessment bonds or notes constitutes a discretionary function, and shall not give rise to a cause of action against the county, county legislative authority, or any member of the county legislative authority.

Notes:
Severability--1986 c 278: See note following RCW 36.01.010.

RCW 85.38.240 Special assessment bonds--Issuance--Terms.

(1) Special assessment bonds and notes issued by special districts shall be issued and sold
in accordance with chapter 39.46 RCW, except as otherwise provided in this chapter. The maximum term of any special assessment bond issued by a special district shall be twenty years. The maximum term of any special assessment note issued by a special district shall be five years.

(2) The governing body of a special district issuing special assessment bonds or notes shall create a special fund or funds, or use an existing special fund or funds, from which, along with any special assessment bond guaranty fund the special district has created, the principal of and interest on the bonds or notes exclusively are payable.

(3) The governing body of a special district may provide such covenants as it may deem necessary to secure the payment of the principal of and interest on special assessment bonds or notes, and premiums on special assessment bonds or notes, if any. Such covenants may include, but are not limited to, depositing certain special assessments into a special fund or funds, and establishing, maintaining, and collecting special assessments which are to be placed into the special fund or funds. The special assessments covenanted to be placed into such a special fund or funds after June 11, 1986, only may include all or part of the new system of special assessments imposed for such purposes, pursuant to RCW 85.38.150 and 85.38.160. A special assessment bond or note shall not constitute a general indebtedness of the special district issuing the bond or note, but is a special obligation of the special district and the interest on and principal of the bond or note shall be payable only from special assessments covenanted to be placed into the special fund or funds, and any special assessment bond guaranty fund the special district has created.

The owner of a special assessment bond or note, or the owner of an interest coupon, shall not have any claim for the payment thereof against the special district arising from the special assessment bond or note, or interest coupon, except for payment from the special fund or funds, the special assessments covenanted to be placed into the special fund or funds, and any special assessment bond guaranty fund the special district has created. The owner of a special assessment bond or note, or the owner of an interest coupon, issued by a special district shall not have any claim against the state, or any county within which all or part of the special district is located, arising from the special assessment bond, note, or interest coupon. The special district issuing the special assessment bond or note shall not be liable to the owner of any special assessment bond or note, or owner of any interest coupon, for any loss occurring in the lawful operation of its special assessment bond guaranty fund.

Applicable Cases

The owner or person in possession of any real estate offered for sale for assessments due
thereon may designate in writing to the county treasurer, by whom the sale is to be made, and
prior to the sale, what portion of the property he wishes sold, if less than the whole; but if the
owner or possessor does not, then the treasurer may designate it, and the person who will take the
least quantity of the land, or in case an undivided interest is assessed, then the smallest portion of
the interest, and pay the assessment and costs due, including one dollar to the treasurer for
duplicate of the certificate of sale, is the purchaser. The treasurer shall account to the district for
said one dollar. If the purchaser does not pay the assessment and costs before ten o'clock a.m. the
following day, the property must be resold on the next sale day for the assessments and costs. In
case there is no purchaser in good faith for the same on the first day that the property is offered
for sale, and if there is no purchaser in good faith when the property is offered thereafter for sale,
the whole amount of the property assessed shall be struck off to the district as the purchaser, and
the duplicate certificate shall be delivered to the secretary of the district, and filed by him in the
office of the district. No charge shall be made for the duplicate certificate where the district is the
purchaser, and in such case the treasurer shall make an entry, "Sold to the district", and he will be
credited with the amount thereof in settlement. The district, as a purchaser at said sale, shall be
titled to the same rights as a private purchaser, and may assign or transfer the certificate of sale
upon the payment of the amount which would be due if redemption were being made by the
owner. If no redemption is made of land for which the district holds a certificate of purchase, the
district will be entitled to receive the treasurer's deed therefor in the same manner as a private
person would be entitled thereto.

After receiving the amount of assessments and costs, the county treasurer must make out
in duplicate a certificate, dated on the day of sale, stating (when known) the names of the persons
assessed, a description of the land sold, the amount paid therefor, that it was sold for
assessments, giving the amount and the year of assessment, and specifying the time when the
purchaser will be entitled to a deed. The certificate must be signed by the treasurer making the
sale and one copy delivered to the purchaser, and the other filed in the office of the county
treasurer of the county in which the land is situated: PROVIDED, That upon the sale of any lot,
parcel or tract of land not larger than an acre, the fee for a duplicate certificate shall be
twenty-five cents and in case of a sale to a person or a district, of more than one parcel or tract of
land, the several parcels or tracts may be included in one certificate.

COMPREHENSIVE FLOOD CONTROL MANAGEMENT PLANS

RCW 86.12.200 Comprehensive flood control management plan--Elements.
Applicable Cases

The county legislative authority of any county may adopt a comprehensive flood control
management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:

1. Designation of areas that are susceptible to periodic flooding, from inundation by
bodies of water or surface water runoff, or both, including the river's meander belt or floodway;

2. Establishment of a comprehensive scheme of flood control protection and
improvements for the areas that are subject to such periodic flooding, that includes: (a)
Determining the need for, and desirable location of, flood control improvements to protect or
preclude flood damage to structures, works, and improvements, based upon a cost/benefit ratio
between the expense of providing and maintaining these improvements and the benefits arising
from these improvements; (b) establishing the level of flood protection that each portion of the
system of flood control improvements will be permitted; (c) identifying alternatives to in-stream
flood control work; (d) identifying areas where flood waters could be directed during a flood to
avoid damage to buildings and other structures; and (e) identifying sources of revenue that will
be sufficient to finance the comprehensive scheme of flood control protection and improvements;

3. Establishing land use regulations that preclude the location of structures, works, or
improvements in critical portions of such areas subject to periodic flooding, including a river's
meander belt or floodway, and permitting only flood-compatible land uses in such areas;

4. Establishing restrictions on construction activities in areas subject to periodic floods
that require the flood proofing of those structures that are permitted to be constructed or
remodeled; and

5. Establishing restrictions on land clearing activities and development practices that
exacerbate flood problems by increasing the flow or accumulation of flood waters, or the
intensity of drainage, on low-lying areas. Land clearing activities do not include forest practices
as defined in chapter 76.09 RCW.

A comprehensive flood control management plan shall be subject to the minimum
requirements for participation in the national flood insurance program, requirements exceeding
the minimum national flood insurance program that have been adopted by the department of
ecology for a specific flood plain pursuant to RCW 86.16.031, and rules adopted by the
department of ecology pursuant to RCW 86.26.050 relating to flood plain management activities.
When a county plans under chapter 36.70A RCW, it may incorporate the portion of its
comprehensive flood control management plan relating to land use restrictions in its comprehensive plan and development regulations adopted pursuant to chapter 36.70A RCW.

[1991 c 322 § 3.]

Notes:

Findings--Intent--1991 c 322: "(1) The legislature finds that:
(a) Floods pose threats to public health and safety including loss or endangerment to human life; damage to homes; damage to public roads, highways, bridges, and utilities; interruption of travel, communication, and commerce; damage to private and public property; degradation of water quality; damage to fisheries, fish hatcheries, and fish habitat; harm to livestock; destruction or degradation of environmentally sensitive areas; erosion of soil, stream banks, and beds; and harmful accumulation of soil and debris in the beds of streams or other bodies of water and on public and private lands;
(b) Alleviation of flood damage to property and to public health and safety is a matter of public concern;
(c) Many land uses alter the pattern of runoff by decreasing the ability of upstream lands to store waters, thus increasing the rate of runoff and attendant downstream impacts; and
(d) Prevention of flood damage requires a comprehensive approach, incorporating storm water management and basin-wide flood damage protection planning.
(2) County legislative authorities are encouraged to use and coordinate all the regulatory, planning, and financing mechanisms available to those jurisdictions to address the problems of flooding in an equitable and comprehensive manner.
(3) It is the intent of the legislature to develop a coordinated and comprehensive state policy to address the problems of flooding and the minimization of flood damage." [1991 c 322 § 1.]

Purpose--1991 c 322: "The purpose of sections 3 through 13 of this act is to permit counties in cooperation and consultation with cities and towns to adopt a comprehensive system of flood control management and protection within drainage basins and to coordinate the flood control activities of the state, counties, cities, towns, and special districts within such drainage basins." Applicable Cases

A comprehensive flood control management plan that includes an area within which a city or town, or a special district subject to chapter 85.38 RCW, is located shall be developed by the county with the full participation of officials from the city, town, or special district, including conservation districts, and appropriate state and federal agencies. Where a comprehensive flood control management plan is being prepared for a river basin that is part of the common boundary between two counties, the county legislative authority of the county preparing the plan may allow participation by officials of the adjacently located county.

Following adoption by the county, city, or town, a comprehensive flood control management plan shall be binding on each jurisdiction and special district that is located within an area included in the plan. If within one hundred twenty days of the county's adoption, a city or town does not adopt the comprehensive flood control management plan, the city or county shall request arbitration on the issue or issues in dispute. If parties cannot agree to the selection of an arbitrator, the arbitrator shall be selected according to the process described in RCW 7.04.050. The cost of the arbitrator shall be shared equally by the participating parties and the arbitrator's decision shall be binding. Any land use regulations and restrictions on construction activities
contained in a comprehensive flood control management plan applicable to a city or town shall be minimum standards that the city or town may exceed. A city or town undertaking flood or storm water control activities consistent with the comprehensive flood control management plan shall retain authority over such activities.

[1991 c 322 § 4.]

Notes:

RCW 86.12.220 Advisory committees.

RCW 86.13.010 Boundary line rivers--Contract to control.

Applicable Cases

Wherever and whenever a river is or shall be the boundary line or part of the boundary line between two counties, or it, or its tributaries or outlet or part thereof, flows through parts of two counties, and the waters thereof have in the past been the cause of damage, by inundation or otherwise, to the roads, bridges or other public property situate in or to other public interests of both such counties, or the flow of such waters shall have alternated between the said counties so at one time or times such waters shall have caused damage to one county and at another time or times to the other county, and it shall be deemed by the boards of county commissioners of both counties to be for the public interests of their respective counties that the flow of such waters be definitely confined to a particular channel, situate in whole or in part in either county, in a manner calculated to prevent such alternation or to prevent or lessen damage in the future, it shall be lawful for the two counties, and their boards of county commissioners are hereby empowered, pursuant to resolution, to enter into a contract in writing in the names of the respective counties for the purpose of settling all disputes in relation to any such situation, and providing ways and means for the control and disposition of such waters. Any such contract may provide:

(1) That it shall be operative in perpetuity, or only for a term of years or other measure of time to be specified therein.

(2) The amount of money to be expended by each county during each year of the life of said contract, or such other method of determining the amount of expenditure or dividing the financial burden as may be agreed upon.

(3) That an annual tax shall be levied, at the same time and in the same manner as other county taxes are levied, each year during the life of the contract, by the county commissioners of each county. The annual tax herein provided for need not be levied at the same rate for each county, but shall be at such rate in each county as will produce annually the amount of money for each county as is required for the fulfillment of the contract on its part: PROVIDED, HOWEVER, That in no event shall any such tax levy by either county exceed twenty-five cents per thousand dollars of assessed value for any one year.

(4) That the general scheme for the improvement of such river shall be as stated in such contract, but by consent of the contracting parties, pursuant to resolution of each board of county commissioners, such scheme may be modified from time to time during the life of the contract. The contract may but need not provide the details of such scheme, but must designate the general purpose to be accomplished. So far as details are not specified in the contract, same shall be for future determination by joint action of the two boards of county commissioners. Any such contract may be subsequently modified or abrogated by mutual consent evidenced by separate resolution of both boards of county commissioners.

RCW 86.13.020 Expenditure of funds--Joint action generally.
Applicable Cases
When such a contract shall have been entered into the prosecution of the work of improvement and the expenditure of funds thereof shall be determined upon, controlled and provided for by joint action of the boards of county commissioners of the two counties. So acting jointly, they shall have power to employ subordinates, purchase material or equipment in open market or by contract, let contracts for work, or cause work to be done by day labor, and to reject any and all bids received for work or material. All vouchers, pay rolls, reports, contracts and bonds on contracts shall be in duplicate, one copy to be filed in the office of the county auditor of each county: PROVIDED, HOWEVER, That the expenditure of said funds must be made in such manner so that the fund from each county is drawn on or expended alternately and such alternate expenditure shall be in proportion to the amount contributed by each county as nearly as may be practicable.

RCW 86.13.030 Tax levy in each county--Intercounty river improvement fund.
Applicable Cases
When such a contract shall have been entered into it shall be the duty of each of the boards of county commissioners to make for their respective counties, each year, a tax levy at a rate sufficient to meet the requirements of the contract to be performed by the county, or sufficient to provide such lesser amount as the boards of county commissioners shall agree upon for such year, to be evidenced by separate resolution of each board, and when such levy shall be made the same shall be extended upon the tax rolls of the county levying the same as other taxes shall be extended, and shall be collected in the same manner and shall be a lien upon the property as in the case of other taxes. The fund realized in each county by such tax levy shall go into a separate fund in the treasury of the county collecting the same, to be designated intercounty river improvement fund, and the entire fund so collected in the two counties shall be devoted to and be disbursed for the purposes specified in such contract and as in this chapter provided, and for no other purpose, but without regard to the particular county in which the work is performed, material required or expenditure made, it being the intent that the entire fund realized in the two counties shall be devoted to the one common purpose as if the two counties were one county and the two funds one fund. The fund in each county shall be disbursed by the county treasurer of such county upon warrants signed by the county auditor of that county. Such warrants shall be issued by order of the board of county commissioners of such county, or a majority thereof. Each county auditor shall, whenever requested by the county auditor of the other county, furnish the county auditor of the other county a statement of payments into and warrants drawn upon the fund of his county from time to time, and in addition thereto, each county auditor shall on the
first Monday of January, April, July and October each year during the life of the contract furnish
the other a complete statement thereof. Obligations incurred in the prosecution of such
improvement and warrants issued shall be payable only out of said special funds, and no general
obligation against or debt of either county shall be created thereby or by any contract entered into
by virtue of this chapter, but it is not the intent of this chapter to deny to either county the right to
have in the courts any proper proceeding to compel compliance with such contract on the part of
the other county.

RCW 86.13.040 Eminent domain--Procedure--Acquisition by purchase authorized.
Applicable Cases

When such a contract shall have been entered into the power of eminent domain is hereby
vested in each of such counties, to acquire any lands necessary to straighten, widen, deepen, dike
or otherwise improve any such river, its tributaries or outlet or to strengthen the banks thereof, or
to acquire any land adjacent to such river, or its tributaries, or the right to cut and remove timber
upon the same for the purpose of preventing or lessening the falling of timber or brush into the
waters of such river or tributaries, or to acquire any rock quarry, gravel deposit or timber for
material for the prosecution of such improvement, together with the necessary rights of way for
the same, or to acquire any dam site or other property necessary for flood control purposes. Any
such land, property or rights may be acquired by purchase instead of by condemnation
proceedings. Said right of eminent domain shall extend to lands or other property owned by the
state or any municipality thereof. The title to any such lands, property or rights so acquired shall
vest in the county in which situate for the benefit of such enterprise and said fund, but when said
contract shall have terminated by lapse of time or for any other reason, then such title shall be
held by such county independent of any claims whatsoever of the other county, but any material,
equipment or other chattel property on hand shall be converted into money and the money
divided between the two counties in the ratio of their respective contributions to the fund. The
exercise of such rights of eminent domain or purchase shall rest in the joint control of the two
boards of county commissioners. Such eminent domain proceedings shall be in the name of and
had in the county where the property to be acquired is situate: PROVIDED, If either county shall
fail or refuse to institute and prosecute any condemnation proceedings when directed so to do by
any legal meeting provided for in RCW 86.13.050, such proceeding may be instituted and
prosecuted by and in the name of the other county. The proceedings may conform to the
provisions of *sections 921 to 926, inclusive, of Remington & Ballinger's Annotated Codes and
Statutes of Washington, or to any general law now or hereafter enacted governing eminent
domain proceedings by counties. The awards in and costs of such proceedings shall be payable

each and both of such counties.

RCW 86.13.050 Joint county meeting--Procedure.

Applicable Cases

When such a contract shall have been entered into and occasion shall arise for the joint action of the two boards of county commissioners whether such joint action is provided for in this chapter or otherwise desired upon any matter having relation to such contract or the prosecution of such improvement, such joint action may be secured by a notice calling a joint meeting signed by two county commissioners, designating the time and place in either county of such meeting, served by one of the two county auditors upon the remaining county commissioners at least seven days (exclusive of the date of service or mailing) prior to the time so designated. If the notice is signed by two county commissioners of the same county the place of meeting shall be at some place in the other county designated in the notice. Such service may be personal or by mail addressed to the member in care of the county auditor of his county. The six county commissioners may constitute a legal meeting without notice by being present together for that purpose. The auditor's certificate of such personal service or mailing, attached to a copy of the notice, shall be made a part of the records of the meeting and be competent proof of the fact. Except in the case hereinafter provided for, the presence of four of the county commissioners shall be necessary to constitute a legal meeting. Each meeting shall be presided over by one of those present selected by vote. The county auditor of the county wherein the meeting is held shall be secretary of the meeting, and shall make duplicate record of its proceedings, one of which, with his certificate thereon, shall be forwarded to the county auditor of the other county, and such record shall be a part of the record of the board of county commissioners of each county. A majority vote of those present at any legal meeting shall be determinative upon any question properly considered at the meeting, and shall be binding upon each county as if enacted or adopted by its own board of county commissioners separately, but no joint meeting whatsoever shall in any manner continue, extend, change, alter, modify or abrogate the contract when made or any of the terms and conditions contained therein. Each county commissioner shall be paid out of said fund in his own county all disbursements made by him for traveling and other expenses incurred in attending any joint meeting or in any way connected with the prosecution of the improvement. Any legal meeting shall have power to adjourn to another time and place. An adjourned meeting shall have all the powers of the meeting of which it is an adjournment, but shall have no power after the end of the thirtieth day following the date of the original meeting of which it is an adjournment. If the three county commissioners of either county shall fail to attend any two meetings consecutively called, the notice for the next
succeeding meeting may be also served upon the special commissioner hereinafter provided for, and if he and three county commissioners attend pursuant to such notice the four shall constitute a legal meeting, but if he does not so attend and three county commissioners do attend, the same shall constitute a legal meeting: PROVIDED, All notices calling a joint meeting shall specify distinctly and separately each question to be considered at said meeting; and it shall be unlawful to consider any question at such meeting or at any adjourned meeting thereof except those which have been distinctly and separately specified, except in cases where all six county commissioners are present or five county commissioners present are unanimous on the question, and in any action which may be taken on any question other than those specified in the notice shall be void and shall not be binding on either county, except in cases where all six county commissioners are present or the action was by unanimous vote of five county commissioners present at such meeting.

[1913 c 54 § 5; RRS § 9655. Formerly RCW 86.12.060, part, and 86.12.120 through 86.12.140.]

**RCW 86.13.060 Special commissioner--Powers and duties--Compensation.**

**Applicable Cases**

When such a contract shall have been entered into there shall be designated at the first legal joint meeting, or adjournment thereof, held in each calendar year a special commissioner to serve as such until the first joint meeting held in the ensuing year. If such designation shall not be made at any such first annual meeting, the United States engineer in charge of the district in which such improvement is located shall be such special commissioner until the next succeeding first annual meeting. If a special commissioner shall for any reason fail to serve as such officer, or be removed by unanimous vote of any legal meeting, a successor to him may be chosen at any subsequent legal joint meeting during his term. Such special commissioner shall have power to attend and vote at any joint meeting in the following cases and none other, to wit: (1) In cases specially so provided in RCW 86.13.050 hereof; (2) in any case where the vote of any such joint meeting shall stand equally divided upon any question arising under this chapter or such contract or in the prosecution of the work of improvement. The special commissioner shall have no voice or vote except upon questions on which the vote of the county commissioners is equally divided. The procedure in cases covered by the foregoing subdivision (2) of this section shall be substantially as follows: It shall be the duty of the secretary of the meeting at which the division shall occur, if the attendance of the special commissioner at that meeting is not secured, to forthwith transmit to the special commissioner written notice of the fact of disagreement and the question involved, and of the time and place to which the meeting shall have been adjourned or at which the question will recur. If there shall be no such adjournment of the meeting, or if the secretary shall not give such notice, any two commissioners may in the manner provided in RCW 86.13.050 call a joint meeting for the consideration of the question in dispute, and in such event either county auditor may give such notice to the special commissioner. No informality in the mode of securing the attendance of the special commissioner shall invalidate the proceedings of or any vote taken at any meeting which he shall attend and which he is empowered to attend by the provisions of this chapter. The special commissioner shall receive, to be paid equally out of
the two funds, his traveling and other expenses incurred in attending meetings or otherwise in connection with the work of improvement, and such compensation for his services as shall be fixed by the joint meeting which shall have selected him, or failing to be so fixed, his compensation shall be ten dollars per day of actual service.

**RCW 86.13.070 Chapter not exclusive.**

**Applicable Cases**

Nothing in this chapter contained shall be construed to prevent any county which may be a party to such contract from further caring for any such river or the banks thereof, as authorized so to do by existing laws or by such laws as may be hereafter enacted, provided the rights of neither county, as fixed by contract, shall be impaired thereby.

[1913 c 54 § 7; RRS § 9657. Formerly RCW 86.12.190.]

**RCW 86.13.080 Liability as between counties.**

**Applicable Cases**

No legal claim of any kind or character whatsoever in favor of one county and against the other shall be based upon or created by the enactment hereof, except such as may arise when the contract herein provided for shall have been entered into. After such contract shall have been entered into, should any loss or damage be sustained by either county occasioned by the overflow of any such river, if caused by any act or omission to act of the other county, its officers or agents, or any other cause whatsoever, then such county so suffering or sustaining said loss shall not be entitled to recover therefor from the other county, nor shall any cause of action, legal or equitable be based thereon: PROVIDED, HOWEVER, That if either county shall suffer loss or damage because of the failure or refusal of the other county to perform any such contract on its part to be performed, the injured county shall have a cause of action against the defaulting county to recover the same, but the limit of recovery for any loss or damage suffered in any one year shall not exceed the sum of ten thousand dollars, and any such recovery shall be limited to such special fund, and in no event be recoverable out of the general fund of such defaulting county. If any such loss or damage shall be liquidated in an amount by agreement or by judgment, the defaulting county shall increase its tax levy for said special fund for the ensuing year sufficiently to provide for such liquidated amount: AND PROVIDED FURTHER, That either county may have any proper action in the courts to compel the performance of the contract or any duty imposed thereby or by this chapter.

[1913 c 54 § 8; RRS § 9658. Formerly RCW 86.12.170.]

**RCW 86.13.090 Issuance of warrants.**

**Applicable Cases**

When such a contract shall have been entered into, it shall be lawful to issue warrants upon said fund though there be at the time of such issuance no money in the fund, but in such cases the aggregate of such warrants so issued in any year shall not exceed one-half the amount
of the next annual tax levy required by such contract. Such warrants shall be stamped by the county treasurer when presented to him for payment, to bear interest at a certain rate thereafter until paid, such rate to be the then current rate as determined by the county auditor.

(7) Assist counties, cities, and towns in identifying the location of the one hundred year
flood plain, and petitioning the federal government to alter its designations of where the one hundred year flood plain is located if the federally recognized location of the one hundred year flood plain is found to be inaccurate; and

(8) Establish minimum state requirements for specific flood plains that exceed the minimum federal requirements for the national flood insurance program, but only if: (a) The location of the one hundred year flood plain has been reexamined and is certified by the department as being accurate; (b) negotiations have been held with the affected county, city, or town over these regulations; (c) public input from the affected community has been obtained; and (d) the department makes a finding that these increased requirements are necessary due to local circumstances and general public safety.

**RCW 86.16.035 Department of ecology--Control of dams and obstructions.**

Applicable Cases

Subject to RCW 43.21A.068, the department of ecology shall have supervision and control over all dams and obstructions in streams, and may make reasonable regulations with respect thereto concerning the flow of water which he deems necessary for the protection to life and property below such works from flood waters.

**RCW 86.16.041 Flood plain management ordinances and amendments--Filing with the department of ecology--Disapproval by the department--Adoption of rules for repair or replacement of existing residential structures.**

Applicable Cases

(1) Beginning July 26, 1987, every county and incorporated city and town shall submit to the department of ecology any new flood plain management ordinance or amendment to any existing flood plain management ordinance. Such ordinance or amendment shall take effect thirty days from filing with the department unless the department disapproves such ordinance or amendment within that time period.

(2) The department may disapprove any ordinance or amendment submitted to it under subsection (1) of this section if it finds that an ordinance or amendment does not comply with any of the following:

(a) Restriction of land uses within designated floodways including the prohibition of construction or reconstruction, repair, or replacement of residential structures, except for: (i) Repairs, reconstruction, or improvements to a structure which do not increase the ground floor area; and (ii) repairs, reconstruction, or improvements to a structure the cost of which does not
exceed fifty percent of the market value of the structure either, (A) before the repair, reconstruction, or repair is started, or (B) if the structure has been damaged, and is being restored, before the damage occurred. Work done on structures to comply with existing health, sanitary, or safety codes or to structures identified as historic places shall not be included in the fifty percent determination. However, the floodway prohibition in this subsection does not apply to existing farmhouses in designated floodways that meet the provisions of subsection (3) of this section;

(b) The minimum requirements of the national flood insurance program; and

(c) The minimum state requirements adopted pursuant to RCW 86.16.031(8) that are applicable to the particular county, city, or town.

(3) Repairs, reconstruction, replacement, or improvements to existing farmhouse structures located in designated floodways and which are located on lands designated as agricultural lands of long-term commercial significance under RCW 36.70A.170 shall be permitted subject to the following:

(a) The new farmhouse is a replacement for an existing farmhouse on the same farm site;

(b) There is no potential building site for a replacement farmhouse on the same farm outside the designated floodway;

(c) Repairs, reconstruction, or improvements to a farmhouse shall not increase the total square footage of encroachment of the existing farmhouse;

(d) A replacement farmhouse shall not exceed the total square footage of encroachment of the structure it is replacing;

(e) A farmhouse being replaced shall be removed, in its entirety, including foundation, from the floodway within ninety days after occupancy of a new farmhouse;

(f) For substantial improvements, and replacement farmhouses, the elevation of the lowest floor of the improvement and farmhouse respectively, including basement, is one foot higher than the base flood elevation;

(g) New and replacement water supply systems are designed to eliminate or minimize infiltration of flood waters into the system;

(h) New and replacement sanitary sewerage systems are designed and located to eliminate or minimize infiltration of flood water into the system and discharge from the system into the flood waters; and

(i) All other utilities and connections to public utilities are designed, constructed, and located to eliminate or minimize flood damage.

(4) Replacement home siting other than farmhouses must evaluate flood depth, flood velocity, and flood-related erosion, in order to identify a building site that offers the least risk of harm to life and property.

(5) For all other residential structures located in a designated floodway and damaged by flooding or flood-related erosion, the department is authorized to assess the risk of harm to life and property posed by the specific conditions of the floodway, and, based upon scientific analysis of depth, velocity, and flood-related erosion, may exercise best professional judgment in recommending to the permitting authority, repair, replacement, or relocation of such damaged structures. The effect of the department's recommendation to allow repair or replacement of a
flood-damaged residence within the designated floodway is a waiver of the floodway prohibition.

(6) The department shall develop a rule or rule amendment guiding the assessment procedures and criteria described in subsections (3), (4), and (5) of this section no later than December 31, 1999.

(7) For the purposes of this section, "farmhouse" means a single-family dwelling located on a farm site where resulting agricultural products are not produced for the primary consumption or use by the occupants and the farm owner.

86.18.910 Severability--1967 ex.s. c 136.

RCW 86.18.010 Declaration of purpose.
Applicable Cases

Economic development and growth of the state is dependent on the control of flood waters. The legislature declares, in the exercise of its sovereign and police powers, that the purpose of this chapter is to provide for contributions of funds for assisting political subdivisions of the state in the protection of lands from inundation; the protection of public highways; the control of storm drainage; the maintenance of stream channels and water courses; and the protection of life and property.

It is the intent of the legislature that funds be provided to political subdivisions of the state to assist in the development of those flood control improvements and projects, which cannot be reasonably and practicably financed through the normal methods of financing available to such political subdivisions.
RCW 86.18.030 Conditions and limitations on expenditures and contributions from appropriations--Warrants.

Applicable Cases

Funds shall be expended and contributions made to a political subdivision of the state from flood control appropriations only after:

1. The project for which the funds are to be used has been approved by the department of ecology in accordance with the regulatory provisions of chapter 86.16 RCW.
2. Engineering studies and plans have been made and filed with the county engineer of the county in which the project is located, or the county engineers of all counties in which the project is located, if it is located in more than one county.
3. The estimate of cost of acquisition of necessary lands, rights of way and construction of the project or improvements, together with adequate supporting data have been completed and filed with the department of ecology.
4. A comprehensive plan for the area involved has been completed and filed with the department.
5. The political subdivision desiring a contribution has made an application for a contribution to the department showing the estimated cost of the project and the requested contribution.
6. Federal funds are available for contribution for payment of a portion of the cost of the project.

The director of ecology is authorized to determine when these conditions have been met and to request the proper warrant for the state's contribution. Contributions to a political subdivision for a specific project shall not exceed fifty percent of the cost of acquisition of necessary lands and rights of way, and construction of the project or works of improvement.

Applicable Cases

Whenever state grants under this chapter are used in a flood control maintenance project, the engineer of the county within which the project is located shall approve all plans for the specific project and shall supervise the work. The approval of such plans, construction and expenditures by the department of ecology, in consultation with the department of fish and wildlife, shall be a condition precedent to state participation in the cost of any project beyond planning and designing the specific project.

Additionally, state grants may be made to counties for preparation of a comprehensive flood control management plan required to be prepared under RCW 86.26.050.

[1994 c 264 § 77; 1988 c 36 § 63; 1986 c 46 § 2; 1984 c 212 § 3; 1951 c 240 § 6.]
RCW 86.26.050 Projects in which state will participate—Allocation of funds.

Applicable Cases

(1) State participation shall be in such preparation of comprehensive flood control management plans under this chapter and chapter 86.12 RCW, cost sharing feasibility studies for new flood control projects, projects pursuant to section 33, chapter 322, Laws of 1991, and flood control maintenance projects as are affected with a general public and state interest, as differentiated from a private interest, and as are likely to bring about public benefits commensurate with the amount of state funds allocated thereto.

(2) No participation for flood control maintenance projects may occur with a county or other municipal corporation unless the director of ecology has approved the flood plain management activities of the county, city, or town having planning jurisdiction over the area where the flood control maintenance project will be, on the one hundred year flood plain surrounding such area.

The department of ecology shall adopt rules concerning the flood plain management activities of a county, city, or town that are adequate to protect or preclude flood damage to structures, works, and improvements, including the restriction of land uses within a river's meander belt or floodway to only flood-compatible uses. Whenever the department has approved county, city, and town flood plain management activities, as a condition of receiving an allocation of funds under this chapter, each revision to the flood plain management activities must be approved by the department of ecology, in consultation with the department of fish and wildlife.

No participation with a county or other municipal corporation for flood control maintenance projects may occur unless the county engineer of the county within which the flood control maintenance project is located certifies that a comprehensive flood control management plan has been completed and adopted by the appropriate local authority, or is being prepared for all portions of the river basin or other area, within which the project is located in that county, that are subject to flooding with a frequency of one hundred years or less.

(3) Participation for flood control maintenance projects and preparation of comprehensive flood control management plans shall be made from grants made by the department of ecology from the flood control assistance account. Comprehensive flood control management plans, and any revisions to the plans, must be approved by the department of ecology, in consultation with the department of fish and wildlife. The department may only grant financial assistance to local governments that, in the opinion of the department, are making good faith efforts to take advantage of, or comply with, federal and state flood control programs.

Notes:

RCW 86.26.060 Allocation of funds.

Applicable Cases
Grants for flood control maintenance shall be so employed that as far as possible, funds will be on hand to meet unusual, unforeseeable and emergent flood conditions. Allocations by the department of ecology, for emergency purposes, shall in each instance be in amounts which together with funds provided by local authority, if any, under reasonable exercise of its emergency powers, shall be adequate for the preservation of life and property, and with due regard to similar needs elsewhere in the state.

**RCW 86.26.070 Flood control maintenance fund of municipal corporation--Composition--Use.**

Applicable Cases

Any municipal corporation subject to flood conditions, may establish in its treasury a flood control maintenance fund. Such fund may be maintained by transfer thereto of moneys derived from regular or special lawful levies for flood control purposes, moneys which may be lawfully transferred to it from any other municipal fund; and gifts and contributions received for flood control purposes. All costs and expenses for flood control maintenance purposes shall be paid out of said flood control maintenance fund, which fund shall not be used for any other purpose.

[1951 c 240 § 9.]

**RCW 86.26.080 Annual budget reports of municipal corporations--Allocation of funds.**

Applicable Cases

Any municipal corporation intending to seek state participating funds shall, within thirty days after final adoption of its annual budget for flood control purposes, report the amount thereof, to the engineer of the county within whose boundaries the municipal corporation lies. The county engineer shall submit such reports, together with reports from the county itself, to the department of ecology. On the basis of all such budget reports received, the department may thereupon prepare a tentative and preliminary plan for the orderly and most beneficial allocation of funds from the flood control assistance account for the ensuing calendar year. Soil conservation districts shall be exempted from the provisions of this section.

[1984 c 212 § 6; 1951 c 240 § 10.]

**RCW 86.26.090 Scope of maintenance in which state will participate.**

Applicable Cases

The state shall participate with eligible local authorities in maintaining and restoring the normal and reasonably stable river and stream channel alignment and the normal and reasonably stable river and stream channel capacity for carrying off flood waters with a minimum of damage from bank erosion or overflow of adjacent lands and property; and in restoring, maintaining and repairing natural conditions, works and structures for the maintenance of such conditions. State participation in the repair of flood control facilities may include the enhancement of such facilities. The state shall likewise participate in the restoration and maintenance of natural
conditions, works or structures for the protection of lands and other property from inundation or other damage by the sea or other bodies of water. Notes:

RCW 86.26.100 Agreement as to participation--Limit on amount.

Applicable Cases

State participation in the cost of any flood control maintenance project shall be provided for by a written memorandum agreement between the director of ecology and the legislative authority of the county submitting the request, which agreement, among other things, shall state the estimated cost and the percentage thereof to be borne by the state. In no instance, except on emergency projects, shall the state's share exceed one-half the cost of the project, to include project planning and design. Grants for cost sharing feasibility studies for new flood control projects shall not exceed fifty percent of the matching funds that are required by the federal government, and shall not exceed twenty-five percent of the total costs of the feasibility study. However, grants to prepare a comprehensive flood control management plan required under RCW 86.26.050 shall not exceed seventy-five percent of the full planning costs, but not to exceed amounts for either purpose specified in rule and regulation by the department of ecology.

[1991 c 322 § 8; 1986 c 46 § 4; 1984 c 212 § 8; 1951 c 240 § 12.]

Notes:

RCW 86.26.105 Comprehensive flood control management plan--Requirements--Time for completion.

Applicable Cases

A comprehensive flood control management plan shall determine the need for flood control work, consider alternatives to in-stream flood control work, identify and consider potential impacts of in-stream flood control work on the state's in-stream resources, and identify the river's meander belt or floodway. A comprehensive flood control management plan shall be completed and adopted within at least three years of the certification that it is being prepared, as provided in RCW 86.26.050.

If after this three-year period has elapsed such a comprehensive flood control plan has not been completed and adopted, grants for flood control maintenance projects shall not be made to the county or municipal corporations in the county until a comprehensive flood control plan is completed and adopted by the appropriate local authority. These limitations on grants shall not preclude allocations for emergency purposes made pursuant to RCW 86.26.060.

Notes:
Reviser's note: The language "this act," "this chapter," and words of similar import appear throughout chapter 87.03 RCW. This chapter is almost entirely comprised of the basic irrigation act of 1889-90 p 671 et seq. as amended and as expressly added thereto by subsequent enactments. The chapter is codified in the session law order of the basic act with a few independent sections which are in pari materia being also codified herein. Many sections were added to the basic law by being expressly added to the chapter of the code or compilation in which the basic act was currently published at the time of the particular enactment. Similarly many sections have been amended by reference to the compilation number only. Some of these sections contain legislative language "this act," "this chapter," or both, which appear in the session law either as original legislative language or reenactments by the legislature of a compiler's translation. Therefore, throughout chapter 87.03 RCW such language is retained wherever it appears in the most recent session law enactment. Situations concerning effective dates of particular acts or having express restrictive application are otherwise specially noted.

Washington, furthers a state purpose and policy, and is in the public interest. The legislature further finds that it is necessary to revise and add to the authority of irrigation districts to obtain the most favorable interest rates possible in the financing of irrigation district projects which serve the agricultural community and hydroelectric facilities. It is the intent of the legislature to provide irrigation districts with the authority to develop these hydroelectric generation capabilities in connection with irrigation facilities. Further, it is the intent of the legislature that the development of hydroelectric generation capabilities pursuant to *this 1979 act* not become the sole purpose or function of irrigation districts in existence on May 14, 1979, nor become a major function of irrigation districts created after that date. Nothing herein shall authorize an irrigation district to sell electric power or energy to any municipal corporation not engaged in the distribution of electric power or energy.

**RCW 87.03.017 District may assist residential owners in financing for conservation of energy--When--Plan--Limitations.**

Applicable Cases

Any irrigation district engaged in the distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of residential structures in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures pursuant to an energy conservation plan adopted by the irrigation district if the cost per
unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the irrigation district could acquire to meet future demand. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the residential structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment.

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the irrigation district, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

**RCW 87.03.0175 District assistance for conservation, improvement, preservation, and efficient use.**

Applicable Cases

(1) Any irrigation district organized under this chapter may, for compensation, reimbursement, or otherwise, within limits established by the state Constitution, assist the owners of land receiving water distributed by the irrigation district or discharging, with the district's approval, water from the land into irrigation district-maintained facilities to finance, acquire, install, lease, and use equipment, fixtures, programs, and systems to conserve, improve, preserve, and efficiently use the land, water delivered by the irrigation district, or water discharged from the land into irrigation district-maintained facilities. Assistance may include, but is not limited to, grants, loans, and financing to purchase, lease, install, and use approved conservation, improvement, and preservation equipment, fixtures, programs, and systems. The equipment, fixtures, programs, and systems may be leased, purchased, or installed by a private business, the owner of the land, or the irrigation district. "Conserve," "improve," and "preserve" as used in this section, include enhancing the quality of water delivered by the irrigation district or discharged from the land into irrigation district-maintained facilities.
(2) The district may charge the owner and the land if district money or credit is used or extended to provide the assistance in subsection (1) of this section. The district's board of directors may also levy and fix assessments, rates, tolls, and charges and collect them from all persons for whom, and all land on which, district money or credit is provided, or the board may require landowner repayment for landowner assistance by assessments, charges, rates, or tolls in the same manner as provided by RCW 87.03.445.

[1999 c 234 § 1.]

**RCW 87.03.018 Creation of legal authority to carry out powers--Method--Indebtedness.**

Applicable Cases

Two or more irrigation districts may create a separate legal authority to carry out any or all of the powers described in RCW 87.03.015. To enable such a legal authority to carry out its delegated powers, the irrigation districts creating the authority may assign, convey, or otherwise transfer to it any or all of their respective property, rights, or obligations, including, without limitation, the power to issue revenue obligations and the power of condemnation. Such a legal authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity.

A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority; and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority.

**RCW 87.03.020 Organization of district--Petition--Bond--Notice--Hearing--Order--Notice of election.**

Applicable Cases

For the purpose of organizing an irrigation district, a petition, signed by the required number of holders of title or evidence of title to land within the proposed district, shall be presented to the board of county commissioners of the county in which the lands, or the greater portion thereof, are situated, which petition shall contain the following:

(1) A description of the lands to be included in the operation of the district, in legal subdivisions or fractions thereof, and the name of the county or counties in which said lands are situated.

(2) The signature and post office address of each petitioner, together with the legal description of the particular lands within the proposed district owned by said respective
petitioners.

(3) A general statement of the probable source or sources of water supply and a brief outline of the plan of improvement, which may be in the alternative, contemplated by the organization of the district.

(4) A statement of the number of directors, either three or five, desired for the administration of the district and of the name by which the petitioners desire the district to be designated.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the bondsmen will pay all of the cost in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published once a week, for at least two weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at which the same will be presented. There shall also be published a notice of the hearing on said petition in a newspaper published at Olympia, Washington, to be designated by the director of ecology from year to year, which said notice shall be published for at least two weeks (three issues) prior to the date of said meeting and shall contain the name of the county or counties and the number of each township and range in which the lands embraced within the boundaries of the proposed district are situated, also the time, place and purpose for said meeting, which said notice shall be signed by the petitioner whose name first appears upon the said petition. If any portion of the lands within said proposed district lie within another county or counties, then the said petition and notice shall be published for the time above provided in one newspaper printed and published in each of said counties. The said notice, together with a map of the district, shall also be served by registered mail at least thirty days before the said hearing upon the state director of ecology at Olympia, Washington, who shall, at the expense of the petitioners' bondsmen, make such investigation of the sufficiency of the source and supply of water for the purposes of the proposed district, as he may deem necessary, and file a report of his findings, together with a statement of his costs, with the board of county commissioners at or prior to the time set for said hearing. When the petition is presented, the board of county commissioners shall hear the same, shall receive such evidence as it may deem material, and may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing shall establish and define the boundaries of the district along such lines as in the judgment of the board will best reclaim the lands involved and enter an order to that effect: PROVIDED, That said board shall not modify the boundaries so as to except from the operation of the district any territory within the boundaries outlined in the petition, which is susceptible of irrigation by the same system of works applicable to other lands in such proposed district and for which a water
supply is available; nor shall any lands which, in the judgment of said board, will not be
benefited, be included within such district; any lands included within any district, which have a
partial or full water right shall be given equitable credit therefor in the apportionment of the
assessments in this act provided for: AND PROVIDED FURTHER, That any owner, whose
lands are susceptible of irrigation from the same source, and in the judgment of the board it is
practicable to irrigate the same by the proposed district system, shall, upon application to the
board at the time of the hearing, be entitled to have such lands included in the district.

At said hearing the board shall also give the district a name and shall order that an
election be held therein for the purpose of determining whether or not the district shall be
organized under the provisions of this act and for the purpose of electing directors.

The clerk of the board of county commissioners shall then give notice of the election
ordered to be held as aforesaid, which notice shall describe the district boundaries as established,
and shall give the name by which said proposed district has been designated, and shall state the
purposes and objects of said election, and shall be published once a week, for at least two weeks
(three issues) prior to said election, in a newspaper of general circulation published in the county
where the petition aforesaid was presented; and if any portion of said proposed district lies within
another county or counties, then said notice shall be published in like manner in a newspaper
within each of said counties. Said election notice shall also require the electors to cast ballots
which shall contain the words "Irrigation District--Yes," and "Irrigation District--No," and also
the names of persons to be voted for as directors of the district: PROVIDED, That where in this
act publication is required to be made in a newspaper of any county, the same may be made in a
newspaper of general circulation in such county, selected by the person or body charged with
making the publication and such newspaper shall be the official paper for such purpose.

public lands shall be served with a copy of the petition proposing to include such lands, together
with a map of the district and notice of the time and place of hearing thereon, at least thirty days

included after a hearing as herein provided.

Whenever the commissioner or any interested person desires to have state public lands
included in an existing district, he shall file a request to that effect in writing with the district
board, which shall thereupon fix a time and place for hearing the request and post notice thereof in three public conspicuous places in the district, one of which shall be at the place of hearing, at least twenty days before the hearing, and send by registered mail a copy of the notice to the commissioner. The notice shall describe the lands to be included and direct all persons objecting to such inclusion to appear at the time and place stated and present their objections. At the hearing the district board shall consider all objections and may adjourn to a later date, and by resolution determine the matter, and its determination shall be final: PROVIDED, That no such lands shall be included in a district without the written consent of the commissioner of public lands.

Any public lands of the state situated in any irrigation district shall be subject to the provisions of the laws of this state relating to the collection of irrigation district assessments to the same extent and in the same manner in which lands of like character held under private ownership are subject thereto, but collection and payment of the assessments shall be governed solely by the provisions of chapter 79.44 RCW.

The secretary shall immediately make and deliver to such person a certificate of election signed by him and bearing the seal of the district. Said board shall also have the power to acquire, either by purchase or condemnation, or other legal means, all lands, waters, water rights, and other property necessary for the construction, use, supply, maintenance, repair and improvements of said canal or canals and irrigation and drainage works, including canals and works constructed or being constructed by private owners, or any other person, lands for reservoirs for the storage of needful waters and all necessary appurtenances. The board may enter into any obligation or contract with the United States or with the state of Washington for the supervision of the construction, for the construction, reconstruction, betterment, extension, sale or purchase, or operation and maintenance of the necessary works for the delivery and distribution of water therefrom under the provisions of the state reclamation act, or under the provisions of the federal reclamation act, and all amendments or extensions thereof, and the rules and regulations established thereunder, or it may contract with the United States for a water supply or for reclamation purposes in general under any act of congress which, for the purposes of this act, shall be deemed to include any act of congress for reclamation purposes heretofore or hereafter enacted providing for and permitting such contract, or for the collection of money due or to become due to the United States, or for the assumption of the control and management of the works; and in case contract has been or may hereafter be made with the United States, as herein provided, bonds of the district may be deposited with the United States as payment or as security for future payment at not less than ninety percent of their par value, the interest on said bonds to be provided for by assessment and levy as in the case of other bonds of the district, and regularly paid to the United States to be applied as provided in such contract, and if bonds of the district are not so deposited, it shall be the duty of the board of directors to include as part of any levy or assessment provided in RCW 87.03.260 an amount sufficient to meet each year all payments accruing under the terms of any such contract. The board may accept on behalf of the district appointment of the district as fiscal agent of the United States or the state of Washington or other authorization of the district by the United States or the state of Washington to make collections of money for or on behalf of the United States or the state of Washington in connection with any federal or other reclamation project, whereupon the district, and the county treasurer for the district, shall be authorized to so act and to assume the duties and liability
incident to such action, and the said board shall have full power to do any and all things required by the federal statutes now or hereafter enacted in connection therewith, and all things required by the rules and regulations now or that may hereafter be established by any department of the federal government in regard thereto.

The use of all water required for the irrigation of the lands within any district, together with rights-of-way for canals, laterals, ditches, sites for reservoirs, power plants, sites, and lines, and all other property required in fully carrying out the purposes of the organization of the district is hereby declared to be a public use; and in condemnation proceedings to acquire any property or property rights for the use of the district, the board of directors shall proceed in the name of the district, in the manner provided in this state in cases of appropriation of lands, real estate and other property by private corporations: PROVIDED, That the irrigation district, at its option, pursuant to resolution to that end duly passed by its board of directors may unite in a single action proceedings for the acquisition and condemnation of different tracts of land needed by it for rights-of-way for canals, laterals, power plants, sites, and lines and other irrigation works which are held by separate owners. And the court may, on the motion of any party, consolidate into a single action separate suits for the condemnation of rights-of-way for such irrigation works whenever from motives of economy or the expediting of business it appears desirable so to do: PROVIDED FURTHER, That there shall be a separate finding of the court or jury as to each tract held in separate ownership.

In any condemnation proceeding brought under the provisions of this act to acquire canals, laterals and ditches and rights-of-way therefor, sites, reservoirs, power plants and pumping plants and sites therefor, power canals, transmission lines, electrical equipment and any other property, and if the owner or owners thereof or their predecessors shall have issued contracts or deeds agreeing to deliver to the holders of said contracts or deeds water for irrigation purposes, or authorizing the holders thereof to take or receive water for irrigation purposes from any portion of said property or works, and if the delivery of said water or the right to take or receive the same shall in any manner constitute a charge upon, or a right in the property and works sought to be acquired, or any portion thereof, the district shall be authorized to institute and maintain said condemnation proceedings for the purpose of acquiring said property and works, and the interest of the owners therein subject to the rights of the holders of such contracts or deeds, and the court or jury making the award shall determine and award to such owner or owners the value of the interest to be so appropriated in said condemnation proceedings.
