petitioner an oral hearing and give the petitioner ten days notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service upon the petitioner of notice of the decision.

Every assessment made under RCW 46.87.310 becomes due and payable at the time it is served on the owner. If the assessment is not paid in full when it becomes final, the department shall add a penalty of ten percent of the amount of the assessment.

Any notice of assessment, reassessment, oral hearing, or decision required by this section shall be served personally or by mail. If served by mail, service is deemed to have been accomplished on the date the notice was deposited in the United States mail, postage prepaid, addressed to the owner of the proportionally registered vehicles at the owner's address as it appears in the proportional registration records of the department.

No injunction or writ of mandate or other legal or equitable process may be issued in any suit, action, or proceeding in any court against any officer of the state to prevent or enjoin the collection under this chapter of any fee or tax or any amount of fee or tax required to be collected, except as specifically provided for in chapter 34.05 RCW.

RCW 46.87.335 Mitigation of assessments.
Except in the case of violations of filing a false or fraudulent application, if the department deems mitigation of penalties, fees, and interest to be reasonable and in the best interests of carrying out the purpose of this chapter, it may mitigate such assessments upon whatever terms the department deems proper, giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter.

[1994 c 262 § 15; 1991 c 339 § 5.]

RCW 46.87.340 Assessments--Lien for nonpayment.
If an owner of proportionally registered vehicles liable for the remittance of fees and taxes imposed by this chapter fails to pay the fees and taxes, the amount thereof, including any interest, penalty, or addition to the fees and taxes together with any additional costs that may accrue, constitutes a lien in favor of the state upon all franchises, property, and rights to property, whether the property is employed by the person for personal or business use or is in the hands of a trustee, receiver, or assignee for the benefit of creditors, from the date the fees and taxes were due and payable until the amount of the lien is paid or the property is sold to pay the lien. The lien has priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that the lien is not valid as against any bona fide
In order to avail itself of the lien created by this section, the department shall file with any county auditor a statement of claim and lien specifying the amount of delinquent fees and taxes, penalties, and interest claimed by the department. From the time of filing for record, the amount required to be paid constitutes a lien upon all franchises, property, and rights to property, whether real or personal, then belonging to or thereafter acquired by the person in the county. Any lien as provided in this section may also be filed in the office of the secretary of state. Filing in the office of the secretary of state is of no effect, however, until the lien or a copy of it has been filed with the county auditor in the county where the property is located. When a lien is filed in compliance with this section and with the secretary of state, the filing has the same effect as if the lien had been duly filed for record in the office of each county auditor of this state.

RCW 46.87.350 Delinquent obligations--Notice--Restriction on credits or property--Default judgments--Lien.

If an owner of proportionally registered vehicles for which an assessment has become final is delinquent in the payment of an obligation imposed under this chapter, the department may give notice of the amount of the delinquency by registered or certified mail to all persons having in their possession or under their control any credits or other personal property belonging to the vehicle owner or owing any debts to the owner, at the time of the receipt by them of the notice. Thereafter, a person so notified shall neither transfer nor make other disposition of those credits, personal property, or debts until the department consents to a transfer or other disposition. A person so notified shall, within twenty days after receipt of the notice, advise the department of any and all such credits, personal property, or debts in their possession, under their control or owing by them, as the case may be, and shall forthwith deliver such credits, personal property, or debts to the department or its duly authorized representative to be applied to the indebtedness involved.

If a person fails to answer the notice within the time prescribed by this section, it is lawful for the court upon application of the department and after the time to answer the notice has expired, to render judgment by default against the person for the full amount claimed by the department in the notice to withhold and deliver, together with costs.

Upon service, the notice and order to withhold and deliver constitutes a continuing lien on property of the taxpayer. The department shall include in the caption of the notice to withhold and deliver "continuing lien." The effective date of a notice to withhold and deliver served under this section is the date of service of the notice.

Notes:
RCW 46.87.360  Delinquent obligations--Collection by department--Seizure of property, notice, sale.

Whenever the owner of proportionally registered vehicles is delinquent in the payment of an obligation imposed under this chapter, and the delinquency continues after notice and demand for payment by the department, the department may proceed to collect the amount due from the owner in the following manner: The department shall seize any property subject to the lien of the fees, taxes, penalties, and interest and sell it at public auction to pay the obligation and any and all costs that may have been incurred because of the seizure and sale. Notice of the intended sale and its time and place shall be given to the delinquent owner and to all persons appearing of record to have an interest in the property. The notice shall be given in writing at least ten days before the date set for the sale by registered or certified mail addressed to the owner as appearing in the proportional registration records of the department and, in the case of any person appearing of record to have an interest in such property, addressed to that person at their last known residence or place of business. In addition, the notice shall be published at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper in the county, the notice shall be posted in three public places in the county for a period of ten days. The notice shall contain a description of the property to be sold, a statement of the amount due under this chapter, the name of the owner of the proportionally registered vehicles, and the further statement that unless the amount due is paid on or before the time fixed in the notice the property will be sold in accordance with law.

The department shall then proceed to sell the property in accordance with law and the notice, and shall deliver to the purchaser a bill of sale or deed that vests title in the purchaser. If upon any such sale the moneys received exceed the amount due to the state under this chapter from the delinquent owner, the excess shall be returned to the delinquent owner and his receipt obtained for it. The department may withhold payment of the excess to the delinquent owner if a person having an interest in or lien upon the property has filed with the department their notice of the lien or interest before the sale, pending determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the delinquent owner is not available, the department shall deposit the excess with the state treasurer as trustee for the delinquent owner.

RCW 46.87.370  Warrant for final assessments--Lien on property.

Whenever any assessment has become final in accordance with this chapter, the department may file with the clerk of any county within this state a warrant in the amount of fees, taxes, penalties, interest, and a filing fee under RCW 36.18.012(10). The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number
for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior
court cause number assigned to the warrant the name of the delinquent owner of proportionally
registered vehicles mentioned in the warrant, the amount of the fees, taxes, penalties, interest,
and filing fee, and the date when the warrant was filed. The aggregate amount of the warrant as
docketed constitutes a lien upon the title to, and interest in, all real and personal property of the
named person against whom the warrant is issued, the same as a judgment in a civil case duly
docketed in the office of the clerk. A warrant so docketed is sufficient to support the issuance of
writs of execution and writs of garnishment in favor of the state in the manner provided by law
in the case of civil judgment wholly or partially unsatisfied. The clerk of the court is entitled to a
filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant.

RCW 46.90.005 Purpose.

The purpose of this chapter is to encourage highway safety and uniform traffic laws by authorizing the department of licensing to adopt a comprehensive compilation of sound, uniform traffic laws to serve as a guide which local authorities may adopt by reference or any part thereof, including all future amendments or additions thereto. Any local authority which adopts that body of rules by reference may at any time exclude any section or sections of those rules that it does not desire to include in its local traffic ordinance. The rules are not intended to deny any local authority its legislative power, but rather to enhance safe and efficient movement of traffic throughout the state by having current, uniform traffic laws available.

This chapter shall be known as the motorcycle dealers' franchise act.

[1985 c 472 § 1.]

RCW 46.94.005  Legislative intent.
The legislature recognizes it is in the best public interest for manufacturers and dealers of motorcycles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference, receive adequate allocations of merchandise in a timely manner at competitive prices, and transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motorcycle industry to the extent necessary to balance fairness and efficiency. These actions will assure the public that motorcycle dealers will devote their best competitive efforts and resources to the sale and service of the manufacturer's products which the dealer has been granted the right to sell and service.

(9) "Franchisor" means any person who enters into a franchise with a motorcycle dealer.

(10) "Manufacturer" means any person, firm, association, corporation, or trust that manufactures or provides assemblies for motorcycles.

Notes:

Reviser's note: See note at beginning of chapter digest.

**RCW 46.94.020 Prohibited trade practices.**

Acts or conduct described in this section constitute prohibited trade practices that cannot be waived. It is a prohibited trade practice for a franchisor or its manufacturers, distributors, subsidiaries, or other agents:

(1) To require, coerce or attempt to require, or coerce, either directly or indirectly, any motorcycle dealer to:

(a) Accept, buy, or order any motorcycle, part or accessory, or any other commodity or service not voluntarily ordered, or requested, or to buy, order, or pay anything of value for such items in order to obtain any motorcycle part, accessory, or other commodity which has been voluntarily ordered or requested;

(b) Order or accept delivery of any motorcycle with special features, accessories, or equipment not included in the list price of the motorcycle as advertised by the manufacturer, except items which have been voluntarily requested or ordered by the dealer, and except items required by law;

(c) Enter into any agreement or understanding resulting in a reduction of the dealer's allocation of motorcycles for reasons other than reduced production levels causing uniformly and proportionally applied reductions to all dealers;

(d) Enter into any agreement or sales promotion program by threatening to terminate the franchise of the dealer;

(e) Refrain from participation in the management, investment, acquisition, or sale of any other related product or product line of motor vehicles, parts, or accessories;

(f) Enter into any agreement violating this chapter; or

(g) Enter into an agreement by which the franchisor, manufacturer, factory branch, factory representative, distributor, distributor branch, or distributor representative can directly solicit the dealer's customers.

(2) To terminate, refuse to renew, fail to extend, or fail to renew any franchise without good cause. Good cause includes but is not limited to:

(a) The amount of business transacted by the dealer as compared to the amount of business available to the dealer;

(b) The investment necessarily made and obligations necessarily incurred by the dealer in the performance of the franchise;

(c) The degree of the dealer's investment, including but not limited to the dealer's purchase or lease of real property for the dealership, the training given to the dealer's employees, and the amount of equipment purchased for the dealership;

(d) The adequacy of the dealer's new motorcycle sales and service facilities, equipment, and parts;

(e) The qualifications and performance of the management, sales, and service personnel to provide the consumer with reasonably good service and care of new motorcycles;

(f) The failure of the dealer to substantially comply in good faith with the reasonable
requirements of the franchise;

(g) The adequacy of the franchisor's actual quantities delivered of motorcycles, parts, and accessories compared to quantities promised by the franchisor;

(h) The effect on the retail motorcycle business and the consuming public in the dealer's market area;

(i) Whether the dealer has exercised prudent business judgment.

The dealer shall be notified, in writing, not less than ninety days before termination or nonrenewal with reasons for the actions. If the termination or nonrenewal is based on termination or discontinuance of the product line, the dealer shall be notified not less than one hundred eighty days prior to termination or nonrenewal. All existing franchises shall continue operation under a newly appointed distributor upon the termination of an existing distributor unless a mutual agreement of termination is filed between the new distributor and the affected dealer.

(3) To require a change in capital structure, or means of financing, if the dealer at all times meets the reasonable, written, and uniformly applied capital standards determined by the manufacturer, franchisor, or distributor;

(4) To prevent or attempt to prevent a dealer from making reasonable changes in the capital structure of a dealership or the means by which the dealership is financed if the dealer meets the reasonable, written, and uniformly applied capital requirements determined by the manufacturer, franchisor, or distributor;

(5) To unreasonably require a change in the location of the dealership or any substantial alterations to the place of business;

(6) To condition renewal or extension of the franchise on substantial renovation of the existing place of business or on the construction, purchase, acquisition, or lease of a new place of business unless written notice is first provided one hundred eighty days prior to the date of renewal or extension and the franchisor demonstrates the reasonableness of the requested actions. The franchisor shall agree to supply the dealer with an adequate quantity of motorcycles, parts, and accessories to meet the sales level necessary to support the overhead resulting from substantial renovation, construction, acquisition, or lease of a new place of business;

(7) To adopt, establish, or implement a plan or system, or to modify an existing plan or system, for the distribution or allocation of motorcycles which is arbitrary, in bad faith, or unconscionable and which damages the dealer or the dealer's customers;

(8) To fail or refuse to disclose to the dealer, after written request, the basis upon which new motorcycles of the same line are currently or will in the future be allocated or distributed to dealers;

(9) To fail or refuse to disclose to dealers, after written request, the total number of new motorcycles of a given model which the manufacturer, franchisor, or distributor has sold during the current model year within the dealer's marketing district, zone, or region;

(10) To refuse or fail to deliver any motorcycle, part, or accessory in reasonable quantities, and within a reasonable time after receipt of the order from the dealer, that is specifically advertised as being immediately available. It is not a prohibited trade practice when the failure to deliver is caused by an act of God, strike, material shortage, or other cause over
which the manufacturer, distributor, or franchisor has no control;

(11) To offer a renewal, replacement, or succeeding franchise containing terms substantially modifying the sales and service obligations or capital requirements of the motorcycle dealer, other than as provided for in this chapter;

(12) To sell or lease or offer to sell or lease to a dealer a new motorcycle, including any motorcycle under a sales promotion plan, at a lower price than offered or sold to another similarly situated dealer for the same model, except where the dealer is offered, sold, or leased a new motorcycle at a discount in exchange for providing valuable services to the franchisor, manufacturer, or distributor and except in those instances where a dealer orders motorcycles in sufficient numbers to qualify for volume discounts and as long as discounts are available to all dealers;

(13) To prevent, attempt to prevent, or unreasonably disapprove any motorcycle dealer from changing executive management control of the dealer's motorcycle business, unless the change results in control by a person not of good moral character or who does not meet the manufacturer, distributor, or franchisor's existing and reasonable, written, and uniformly applied capital standards. The dealer shall be given written notice of the reasons for rejection within thirty days of receipt of notice from the dealer of a proposed change;

(14) To reject, prevent, or attempt to prevent any person from selling or transferring a controlling interest to any other person unless the buyer or transferee does not qualify under appropriate state law as a licensed dealer, is not of good moral character, does not meet the manufacturer, distributor, or franchisor's existing and reasonable, written, and uniformly applied capital standards, or does not meet the written and uniformly applied manufacturer, distributor, or franchisor business experience standards for the market area. The dealer shall be given written notice setting forth the reasons for rejection of the proposed sale or transfer within thirty days of notice by the dealer of the sale or transfer;

(15) To fail to hold harmless and indemnify any motorcycle dealer against losses, including lawsuits and court costs, arising from: (a) The manufacture or performance of any motorcycle, part, or accessory if the lawsuit involves representations by the manufacturer, distributor, or franchisor on the manufacture or performance of a motorcycle without negligence on the part of the motorcycle dealer; (b) damage to merchandise in transit where the manufacturer, distributor, or franchisor specifies the carrier; (c) the manufacturer, distributor, or franchisor's failure to jointly defend product liability suits concerning the motorcycle, part, or accessory provided to the dealer; or (d) any other act performed by the manufacturer, distributor, or franchisor;

(16) To unfairly prevent or attempt to prevent a motorcycle dealer from receiving reasonable compensation for the value of a motorcycle;

(17) To release confidential information provided by the motorcycle dealer to the manufacturer, distributor, or franchisor without the written prior consent of the dealer;

(18) To fail to pay to a motorcycle dealer, within a reasonable time following receipt of a valid claim, any payment agreed to be made by the manufacturer, distributor, or franchisor on grounds that a new motorcycle, or a prior year's model, is in the dealer's inventory at the time of introduction of new model motorcycles;
(19) To deny any dealer the right of free association with any other dealer for any lawful purpose;
(20) To artificially and intentionally create a shortage of any motorcycle make, model, or series that results in the inequitable distribution of the make, model, or series to dealers;
(21) To charge increased prices without having given written notice to the dealers at least fifteen days prior to the effective date of the price increases;
(22) To permit factory authorized warranty service to be performed upon motorcycles or accessories by persons other than their franchised motorcycle dealers;
(23) To unreasonably interfere with a dealer's performance under the franchise agreement's sale quota by withholding sufficient deliveries of motorcycles; or
(24) To own, operate, or control any motorcycle dealer or place of business selling at retail in the state.

RCW 46.94.030 Succession to business by designated family member.
(1) The manufacturer, distributor, or franchisor shall not prevent, attempt to prevent, refuse to give effect to, attempt to refuse to give effect to, or in any way hinder the succession to the ownership, management, control, or continuance of a dealer's motorcycle business by a designated family member upon the death or incapacity of the dealer, except as otherwise provided in this chapter.
(2) A designated family member, at his or her discretion, may succeed the dealer in ownership or management control under the existing agreement. The designated family member shall provide notice to the franchisor, in writing, of the intention to succeed to the franchise within one hundred twenty days after the dealer's death or incapacity. The designated family member shall agree to be bound by the terms of the original franchise. The designated family member shall meet the reasonable, written, and uniformly applied conditions applied by the franchisor under the existing franchise.
(3) A designated family member may only be rejected for succession on reasonable grounds. The franchisor shall provide written notice to the designated family member within sixty days of receipt of notice of the intention to succeed. The notice shall state the specific grounds for refusal, termination, or nonrenewal of the franchise and shall not take effect less than ninety days after receipt of the notice by the designated family member. If notice is not served within the designated time period, the franchise shall continue in effect with the designated family member.

The franchisor has the burden of proving reasonable grounds. A designated family member prevailing in such action shall recover reasonable costs and attorney's fees.
(5) A dealer may designate any person as the recipient of the franchise by making a
notarized statement in accordance with RCW 46.94.010(2). The statement shall be filed with the franchisor. The statement shall be controlling and binding on all heirs and testamentary successors. The compensation shall not be less than the rates reasonably charged by the dealer for like services and parts to retail customers.

(2) All claims for compensation made by the dealer shall be paid within thirty days after approval and shall be approved or disapproved within thirty days of their receipt by the manufacturer, distributor, or franchisor.

Any denial of claim shall be in writing and shall set forth the specific grounds for denial.

(3) A claim that has been approved and paid shall not be charged back to the dealer unless it is established the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the claim.

RCW 46.94.050 Prohibited financial practices.

No manufacturer, distributor, or franchisor shall require or coerce any dealer to sell, assign, or transfer a retail sales installment contract, or require the dealer to act as an agent for any manufacturer, distributor, or franchisor in the securing of a promissory note, a security agreement given in connection with the sale of a motorcycle, or securing of a policy of insurance for a motorcycle. The manufacturer, distributor, or franchisor may not condition delivery of motorcycles, parts, or accessories upon the dealer's assignment, sale, or other transfer of sales installment contracts to specific finance companies.

RCW 46.94.060 Civil remedies.

Any person injured by a violation of this chapter may bring a civil action in a court of
competent jurisdiction to enjoin further violations or to recover damages. Injunctive relief may be granted in an action brought under this chapter without the dealer being required to post a bond if, in the opinion of the court, there exists a likelihood the dealer may prevail upon the merits.

The legislature finds and declares that the distribution and sale of motor vehicles in this state vitally affect the general economy of the state and the public interest and public welfare, that provision for warranty service to motor vehicles is of substantial concern to the people of this state, that the maintenance of fair competition among dealers and others is in the public interest, and that the maintenance of strong and sound dealerships is essential to provide continuing and necessary reliable services to the consuming public in this state and to provide stable employment to the citizens of this state. The legislature further finds that there is a substantial disparity in bargaining power between automobile manufacturers and their dealers, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate the relationship between motor vehicle dealers and motor vehicle manufacturers, importers, distributors, and their representatives doing business in this state, not only for the protection of dealers but also for the benefit for the public in assuring the continued availability and servicing of automobiles sold to the public.

The legislature recognizes it is in the best interest for manufacturers and dealers of motor vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motor vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motor vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers.

[1989 c 415 § 1.]

RCW 46.96.020 Definitions.

In addition to the definitions contained in RCW 46.70.011, which are incorporated by reference into this chapter, the definitions set forth in this section apply only for the purposes of this chapter.

(1) A "new motor vehicle" is a vehicle that has not been titled by a state and ownership of which may be transferred on a manufacturer's statement of origin (MSO).

(2) "New motor vehicle dealer" means a motor vehicle dealer engaged in the business of buying, selling, exchanging, or otherwise dealing in new motor vehicles or new and used motor vehicles at an established place of business, under a franchise, sales and service agreement, or contract with the manufacturer of the new motor vehicles. However, the term "new motor vehicle dealer" does not include a miscellaneous vehicle dealer as defined in RCW 46.70.011(3)(c) or a motorcycle dealer as defined in chapter 46.94 RCW.

(3) "Franchise" means one or more agreements, whether oral or written, between a manufacturer and a new motor vehicle dealer, under which the new motor vehicle dealer is authorized to sell, service, and repair new motor vehicles, parts, and accessories under a common name, trade name, trademark, or service mark of the manufacturer.
"Franchise" includes an oral or written contract and includes a dealer agreement, either expressed or implied, between a manufacturer and a new motor vehicle dealer that purports to fix the legal rights and liabilities between the parties and under which (a) the dealer is granted the right to purchase and resell motor vehicles manufactured, distributed, or imported by the manufacturer; (b) the dealer's business is associated with the trademark, trade name, commercial symbol, or advertisement designating the franchisor or the products distributed by the manufacturer; and (c) the dealer's business relies on the manufacturer for a continued supply of motor vehicles, parts, and accessories.

(4) "Good faith" means honesty in fact and fair dealing in the trade as defined and interpreted in RCW 62A.2-103.

(5) "Designated successor" means:
(a) The spouse, biological or adopted child, grandchild, parent, brother, or sister of the owner of a new motor vehicle dealership who, in the case of the owner's death, is entitled to inherit the ownership interest in the new motor vehicle dealership under the terms of the owner's will or similar document, and if there is no such will or similar document, then under applicable intestate laws;
(b) A qualified person experienced in the business of a new motor vehicle dealer who has been nominated by the owner of a new motor vehicle dealership as the successor in a written, notarized, and witnessed instrument submitted to the manufacturer; or
(c) In the case of an incapacitated owner of a new motor vehicle dealership, the person who has been appointed by a court as the legal representative of the incapacitated owner's property.

(6) "Owner" means a person holding an ownership interest in the business entity operating as a new motor vehicle dealer and who is the designated dealer in the new motor vehicle franchise agreement.

(7) "Person" means every natural person, partnership, corporation, association, trust, estate, or any other legal entity.

[1989 c 415 § 2.]

**RCW 46.96.030 Termination, cancellation, nonrenewal of franchise restricted.**

Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer, unless the manufacturer has complied with the notice requirements of RCW 46.96.070 and an administrative law judge has determined, if requested in writing by the new motor vehicle dealer within the applicable time period specified in RCW 46.96.070 (1), (2), or (3), after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith, as defined in this chapter, regarding the termination, cancellation, or nonrenewal.

[1989 c 415 § 3.]
**RCW 46.96.040** Determination of good cause, good faith--Petition, notice, decision, appeal.

A new motor vehicle dealer who has received written notification from the manufacturer of the manufacturer's intent to terminate, cancel, or not renew the franchise may file a petition with the department for a determination as to the existence of good cause and good faith for the termination, cancellation, or nonrenewal of a franchise. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the termination, cancellation, or nonrenewal of the franchise. Upon the filing of the petition and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely petition has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The franchise in question shall continue in full force and effect pending the administrative law judge's decision. If the decision of the administrative law judge terminating, canceling, or failing to renew a dealer's franchise is appealed by a dealer, the franchise in question shall continue in full force and effect until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

[1989 c 415 § 4.]

**RCW 46.96.050** Determination of good cause, good faith--Hearing, decision, procedures--Judicial review.

(1) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a petition is filed. If the termination, cancellation, or nonrenewal is under RCW 46.96.070(2), the administrative law judge shall give the proceeding priority consideration and shall render a final decision not later than sixty days after a petition is filed.

(2) The administrative law judge shall conduct the hearing as an adjudicative proceeding in accordance with the procedures provided for in the Administrative Procedure Act, chapter 34.05 RCW. The administrative law judge shall render the final decision and shall enter a final order. Except as otherwise provided in RCW 34.05.446 and 34.05.449, all hearing costs shall be borne on an equal basis by the parties to the hearing.

(3) A party to a hearing under this chapter may be represented by counsel. A party to a hearing aggrieved by the final order of the administrative law judge concerning the termination, cancellation, or nonrenewal of a franchise may seek judicial review of the order in the superior court in the manner provided for in RCW 34.05.510 through 34.05.598. A petitioner for judicial review need not exhaust all administrative appeals or administrative review processes as a prerequisite for seeking judicial review under this section.

[1989 c 415 § 5.]
RCW 46.96.060  Good cause, what constitutes--Burden of proof.

(1) Notwithstanding the terms of a franchise or the terms of a waiver, and except as otherwise provided in RCW 46.96.070(2) (a) through (d), good cause exists for termination, cancellation, or nonrenewal when there is a failure by the new motor vehicle dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the new motor vehicle dealer was notified of the failure within one hundred eighty days after the manufacturer first acquired knowledge of the failure and the new motor vehicle dealer did not correct the failure after being requested to do so.

If, however, the failure of the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales, service, or level of customer satisfaction, good cause is the failure of the new motor vehicle dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The new motor vehicle dealer was advised, in writing, by the manufacturer of the failure;

(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;

(c) The manufacturer provided the new motor vehicle dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the new motor vehicle dealer was given a reasonable opportunity, for a period not less than one hundred eighty days, to comply with the goals or standards; and

(d) The new motor vehicle dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the new motor vehicle dealer's relevant market area that were beyond the control of the dealer.

(2) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section.

[1989 c 415 § 6.]

RCW 46.96.070  Notice of termination, cancellation, or nonrenewal.

Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the new motor vehicle dealer. The notice shall be by certified mail or personally delivered to the new motor vehicle dealer and shall state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice shall be given:

(1) Not less than ninety days before the effective date of the termination, cancellation, or nonrenewal;

(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination,
cancellation, or nonrenewal:
   (a) Insolvency of the new motor vehicle dealer or the filing of any petition by or against
       the new motor vehicle dealer under bankruptcy or receivership law;
   (b) Failure of the new motor vehicle dealer to conduct sales and service operations during
       customary business hours for seven consecutive business days, except for acts of God or
       circumstances beyond the direct control of the new motor vehicle dealer;
   (c) Conviction of the new motor vehicle dealer, or principal operator of the dealership, of
       a felony punishable by imprisonment; or
   (d) Suspension or revocation of a license that the new motor vehicle dealer is required to
       have to operate the new motor vehicle dealership where the suspension or revocation is for a
       period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination,
cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution
of the new motor vehicle line.

[1989 c 415 § 7.]

RCW 46.96.080 Payments by manufacturer to dealer for inventory, equipment, etc.

(1) Upon the termination, cancellation, or nonrenewal of a franchise by the manufacturer
under this chapter, the manufacturer shall pay the new motor vehicle dealer, at a minimum:
   (a) Dealer cost plus any charges by the manufacturer for distribution, delivery, and taxes,
       less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and
       unsold new motor vehicles in the new motor vehicle dealer's inventory that were acquired from
       the manufacturer or another new motor vehicle dealer of the same line make within the previous
       twelve months;
   (b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in
       original packaging, except that in the case of sheet metal, a comparable substitute for original
       packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or
       from another new motor vehicle dealer ceasing operations as a part of the new motor vehicle
       dealer's initial inventory as long as the supplies, parts, and accessories appear in the
       manufacturer's current parts catalog, list, or current offering;
   (c) Dealer cost for all unused, undamaged, and unsold inventory, whether vehicles, parts,
       or accessories, the purchase of which was required by the manufacturer;
   (d) The fair market value of each undamaged sign owned by the new motor vehicle
       dealer that bears a common name, trade name, or trademark of the manufacturer, if acquisition of
       the sign was recommended or required by the manufacturer and the sign is in good and usable
       condition less reasonable wear and tear, and has not been depreciated by the dealer more than
       fifty percent of the value of the sign;
   (e) The fair market value of all equipment, furnishings, and special tools owned or leased
       by the new motor vehicle dealer that were acquired from the manufacturer or sources approved
       by the manufacturer and that were recommended or required by the manufacturer and are in
       good and usable condition, less reasonable wear and tear. However, if the equipment,
furnishings, or tools are leased by the new motor vehicle dealer, the manufacturer shall pay the new motor vehicle dealer such amounts that are required by the lessor to terminate the lease under the terms of the lease agreement; and

(f) The cost of transporting, handling, packing, and loading of new motor vehicles, supplies, parts, accessories, signs, special tools, equipment, and furnishings.

To the extent the franchise agreement provides for payment or reimbursement to the new motor vehicle dealer in excess of that specified in this section, the provisions of the franchise agreement shall control.

(2) The manufacturer shall pay the new motor vehicle dealer the sums specified in subsection (1) of this section within ninety days after the tender of the property, if the new motor vehicle dealer has clear title to the property and is in a position to convey that title to the manufacturer.

[1989 c 415 § 8.]

**RCW 46.96.090 Payments by manufacturer for dealership facilities.**

(1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for termination, cancellation, or nonrenewal under RCW 46.96.070(2), the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer:

(a) A sum equivalent to rent for the unexpired term of the lease or one year, whichever is less, or such longer term as provided in the franchise, if the new motor vehicle dealer is leasing the new motor vehicle dealership facilities from a lessor other than the manufacturer; or

(b) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer owns the new motor vehicle dealership facilities.

(2) The rental payment required under subsection (1) of this section is only required to the extent that the facilities were used for activities under the franchise and only to the extent the facilities were not leased for unrelated purposes. If payment under subsection (1) of this section is made, the manufacturer is entitled to possession and use of the new motor vehicle dealership facilities for the period rent is paid.

[1989 c 415 § 9.]

**RCW 46.96.100 Mitigation of damages.**

RCW 46.96.030 through 46.96.090 do not relieve a new motor vehicle dealer from the obligation to mitigate the dealer's damages upon termination, cancellation, or nonrenewal of the franchise.

[1989 c 415 § 10.]

**RCW 46.96.105 Warranty work.**
(1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer's obligation to perform warranty work or service on the manufacturer's products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer's products.

(2) All claims for warranty work for parts and labor made by dealers under this section shall be paid by the manufacturer within thirty days following receipt, provided the claim has been approved by the manufacturer. The manufacturer has the right to audit claims for warranty work and to charge the dealer for any unsubstantiated, incorrect, or false claims for a period of one year following payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer shall be either approved or disapproved within thirty days following their receipt. The manufacturer shall notify the dealer in writing of any disapproved claim, and shall set forth the reasons why the claim was not approved. Any claim not specifically disapproved in writing within thirty days following receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim.

[1998 c 298 § 1.]

Notes:

RCW 46.96.110 Designated successor to franchise ownership.

(1) Notwithstanding the terms of a franchise, an owner may appoint a designated successor to succeed to the ownership of the new motor vehicle dealer franchise upon the owner's death or incapacity.

(2) Notwithstanding the terms of a franchise, a designated successor of a deceased or incapacitated owner of a new motor vehicle dealer franchise may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5)(a), but who is not experienced in the business of a new motor vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motor vehicle dealer to help manage the day-to-day operations of the motor vehicle dealership; or in the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5) (b) or (c), the person is qualified and experienced in the business of a new motor vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a new motor vehicle dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her
intention to succeed to the ownership of the new motor vehicle dealership within sixty days after
the owner's death or incapacity; and

(c) The designated successor agrees to be bound by all terms and conditions of the
franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide,
such personal and financial information as is reasonably necessary to determine whether the
succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a new motor
vehicle dealer franchise by a designated successor if the manufacturer establishes that good
cause exists for its refusal to honor the succession. If the designated successor of a deceased or
incapacitated owner of a new motor vehicle dealer franchise fails to meet the requirements set
forth in subsections (2)(a), (b), and (c) of this section, good cause for refusing to honor the
succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to
honor the succession to the ownership of a new motor vehicle dealer franchise by a designated
successor, the manufacturer shall serve written notice on the designated successor and on the
department of its refusal to honor the succession no earlier than sixty days from the date the
notice is served. The notice must be served not later than sixty days after the manufacturer's
receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the
new motor vehicle dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section shall state the specific grounds for the
refusal to honor the succession. If the notice of refusal is not timely and properly served, the
designated successor may continue the franchise in full force and effect, subject to termination
only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice or within twenty days after the end of
any appeal procedure provided by the manufacturer, whichever is greater, the designated
successor may file a petition with the department protesting the refusal to honor the succession.
The petition shall contain a short statement setting forth the reasons for the designated
successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department
shall promptly notify the manufacturer that a timely protest has been filed and shall request the
appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The
manufacturer shall not terminate or otherwise discontinue the existing franchise until the
administrative law judge has held a hearing and has determined that there is good cause for
refusing to honor the succession. If an appeal is taken, the manufacturer shall not terminate or
discontinue the franchise until the appeal to superior court is finally determined or until the
expiration of one hundred eighty days from the date of issuance of the administrative law judge's
written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer
from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the
refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as
expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct any hearing concerning the refusal to the succession as provided in RCW 46.96.050(2) and all hearing costs shall be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3).

(10) This section does not preclude the owner of a new motor vehicle dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between such a written instrument that has not been revoked by written notice from the owner to the manufacturer and this section, the written instrument governs.

[1989 c 415 § 11.]

**RCW 46.96.140 Relevant market area--Definition--New or relocated dealerships, notice of.**

(1) For the purposes of this section, and throughout this chapter, the term "relevant market area" is defined as follows:

(a) If the population in the county in which the proposed new or relocated dealership is to be located is four hundred thousand or more, the relevant market area is the geographic area within a radius of eight miles around the proposed site;

(b) If the population in the county in which the proposed new or relocated dealership is to be located is two hundred thousand or more and less than four hundred thousand, the relevant market area is the geographic area within a radius of twelve miles around the proposed site;

(c) If the population in the county in which the proposed new or relocated dealership is to be located is less than two hundred thousand, the relevant market area is the geographic area within a radius of sixteen miles around the proposed site.

In determining population for this definition, the most recent census by the United States Bureau of Census or the most recent population update, either from the National Planning Data Corporation or other similar recognized source, shall be accumulated for all census tracts either wholly or partially within the relevant market area.

(2) For the purpose of RCW 46.96.140 through 46.96.180, the term "motor vehicle dealer" does not include dealerships who exclusively market vehicles 19,000 pounds gross vehicle weight and above.

(3) Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, if a manufacturer intends or proposes to enter into a franchise to establish an additional new motor vehicle dealer or to relocate an existing new motor vehicle dealer within or into a relevant market area in which the same line make of motor vehicle is then represented, the manufacturer shall provide at least sixty days advance written notice to the department and to each new motor vehicle dealer of the same line make in the relevant market area, of the manufacturer's intention to establish an additional new motor vehicle dealer or to relocate an existing new motor vehicle dealer within or into the relevant market area. The notice shall be sent by certified mail to each...
such party and shall include the following information:
   (a) The specific location at which the additional or relocated motor vehicle dealer will be established;
   (b) The date on or after which the additional or relocated motor vehicle dealer intends to commence business at the proposed location;
   (c) The identity of all motor vehicle dealers who are franchised to sell the same line make vehicles as the proposed dealer and who have licensed locations within the relevant market area;
   (d) The names and addresses, if available, of the owners of and principal investors in the proposed additional or relocated motor vehicle dealership; and
   (e) The specific grounds or reasons for the proposed establishment of an additional motor vehicle dealer or relocation of an existing dealer.

[1994 c 274 § 1.]

**RCW 46.96.150  Protest of new or relocated dealership--Hearing--Arbitration.**

(1) Within thirty days after receipt of the notice under RCW 46.96.140, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a new motor vehicle dealer so notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not establish or relocate the new motor vehicle dealer until the administrative law judge has held a hearing and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Washington Arbitration Act, chapter 7.04 RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the provisions of this section and RCW 46.96.170 relating to hearings by an administrative law judge do not apply, and a dispute regarding the establishment of an additional new motor vehicle dealer or the relocation of an existing new motor vehicle dealer shall be determined in an arbitration proceeding conducted in accordance with the Washington Arbitration Act, chapter 7.04 RCW. The thirty-day period for filing a protest under this section still applies except that the protesting dealer shall file his protest with the manufacturer within thirty days after receipt of the notice under RCW 46.96.140.

(3) The dispute shall be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer
will select an arbitrator, and the two arbitrators will then select a third. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys' fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in the state of Washington in the county where the protesting dealer has his principal place of business. RCW 46.96.160 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer shall not establish or relocate the new motor vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator under the Washington Arbitration Act, chapter 7.04 RCW.

(5) If the franchise agreement or the manufacturer's written statement distributed and provided to its dealers does not provide for arbitration under the Washington Arbitration Act as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the hearing provisions of this section and RCW 46.96.170 apply. Nothing in this section is intended to preclude a new motor vehicle dealer from electing to use any other dispute resolution mechanism offered by a manufacturer.

[1994 c 274 § 2.]

**RCW 46.96.160  Factors considered by administrative law judge.**

In determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer of the same line make, the administrative law judge shall take into consideration the existing circumstances, including, but not limited to:

(1) The extent, nature, and permanency of the investment of both the existing motor vehicle dealers of the same line make in the relevant market area and the proposed additional or relocating new motor vehicle dealer, including obligations reasonably incurred by the existing dealers to perform their obligations under their respective franchises;

(2) The growth or decline in population and new motor vehicle registrations during the past five years in the relevant market area;
(3) The effect on the consuming public in the relevant market area;
(4) The effect on the existing new motor vehicle dealers in the relevant market area, including any adverse financial impact;
(5) The reasonably expected or anticipated vehicle market for the relevant market area, including demographic factors such as age of population, income, education, size class preference, product popularity, retail lease transactions, or other factors affecting sales to consumers in the relevant market area;
(6) Whether it is injurious or beneficial to the public welfare for an additional new motor vehicle dealer to be established;
(7) Whether the new motor vehicle dealers of the same line make in the relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the relevant market area, including the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;
(8) Whether the establishment of an additional new motor vehicle dealer would increase competition and be in the public interest;
(9) Whether the manufacturer is motivated principally by good faith to establish an additional or new motor vehicle dealer and not by noneconomic considerations;
(10) Whether the manufacturer has denied its existing new motor vehicle dealers of the same line make the opportunity for reasonable growth, market expansion, establishment of a subagency, or relocation;
(11) Whether the protesting dealer or dealers are in substantial compliance with their dealer agreements or franchises; and
(12) Whether the manufacturer has complied with the requirements of RCW 46.96.140 and 46.96.150.

In considering the factors set forth in this section, the administrative law judge shall give the factors equal weight, and in making a determination as to whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer of the same line make, the administrative law judge must find that at least nine of the factors set forth in this section weigh in favor of the manufacturer and in favor of the proposed establishment or relocation of a new motor vehicle dealer.

[1994 c 274 § 3.]

RCW 46.96.170 Hearing—Procedures, costs, appeal.

(1) The manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation.

(2) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. The administrative law judge shall render the final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. If more than one protest is filed, the one hundred twenty days commences to run from the date the last protest is filed. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal
as provided and allowed in RCW 46.96.050(3).

[1994 c 274 § 4.]

**RCW 46.96.180 Exceptions.**

RCW 46.96.140 through 46.96.170 do not apply:

(1) To the sale or transfer of the ownership or assets of an existing new motor vehicle dealer where the transferee proposes to engage in business representing the same line make at the same location or within two miles of that location;

(2) To the relocation of an existing new motor vehicle dealer within the dealer's relevant market area, if the relocation is not at a site within eight miles of any new motor vehicle dealer of the same line make;

(3) If the proposed new motor vehicle dealer is to be established at or within two miles of a location at which a former new motor vehicle dealer of the same line make had ceased operating within the previous twenty-four months;

(4) Where the proposed relocation is two miles or less from the existing location of the relocating new motor vehicle dealer; or

(5) Where the proposed relocation is to be further away from all other existing new motor vehicle dealers of the same line make in the relevant market area.

[1994 c 274 § 5.]

**RCW 46.96.185 Unfair practices.**

(1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between new motor vehicle dealers by selling or offering to sell a like vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between new motor vehicle dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between new motor vehicle dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between new motor vehicle dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motor vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer, distributor, factory branch, or factory representative shall disclose in writing to the dealer the method by which new motor vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Give preferential treatment to some new motor vehicle dealers over others by refusing
or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motor vehicles sold or distributed by the manufacturer, distributor, factory branch, or factory representative, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

(f) Compete with a new motor vehicle dealer by acting in the capacity of a new motor vehicle dealer, or by owning, operating, or controlling, whether directly or indirectly, a motor vehicle dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection (1)(f)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person: (A) Has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions;

(iii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person: (A) Has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and
under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. The number of dealerships operated under this subsection (1)(f)(iii) may not exceed four percent rounded up to the nearest whole number of a manufacturer's total of new motor vehicle dealer franchises in this state;

(iv) A truck manufacturer to own, operate, or control a new motor vehicle dealership that sells only trucks of that manufacturer's line make with a gross vehicle weight rating of 12,500 pounds or more, and the truck manufacturer has been continuously engaged in the retail sale of the trucks at least since January 1, 1993; or

(v) A manufacturer to own, operate, or control a new motor vehicle dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership, (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between any dealership thus owned, operated, or controlled and the nearest new motor vehicle dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control is not less than fifteen miles and complies with the applicable provisions in the relevant market area sections of this chapter, (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate, and (D) as of January 1, 2000, the manufacturer had no more than four new motor vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

(g) Compete with a new motor vehicle dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motor vehicles under the manufacturer's new car warranty and extended warranty. Nothing in this subsection (1)(g), however, prohibits a manufacturer, distributor, factory branch, or factory representative from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motor vehicles that are owned by the manufacturer, distributor, factory branch, or factory representative;

(h) Use confidential or proprietary information obtained from a new motor vehicle dealer to unfairly compete with the dealer. For purposes of this subsection (1)(h), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information.

(2) Subsection (1)(a), (b), and (c) of this section do not apply to sales to a motor vehicle dealer: (a) For resale to a federal, state, or local government agency; (b) where the vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e)
where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motor vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department of licensing.

(3) The following definitions apply to this section:
   (a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, distributor, factory branch, or factory representative, whether paid to the dealer or the ultimate purchaser of the vehicle.
   (b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.
   (c) "Motor vehicles" does not include trucks that are 14,001 pounds gross vehicle weight and above or recreational vehicles as defined in RCW 43.22.335.
   (d) "Operate" means to manage a dealership, whether directly or indirectly.
   (e) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW.

[2000 c 203 § 1.]

RCW 46.96.190 Prohibited practices by manufacturer.

A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to waive, limit, or disclaim a right that the dealer may have to protest the establishment or relocation of another motor vehicle dealer in the relevant market area as provided in RCW 46.96.150.

[1994 c 274 § 6.]

RCW 46.96.200 Sale, transfer, or exchange of franchise.

(1) Notwithstanding the terms of a franchise, a manufacturer shall not unreasonably withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the
appointment of a new dealer or is capable of being licensed as a new motor vehicle dealer in the
state of Washington. A decision or determination made by the administrative law judge as to
whether a qualified buyer is capable of being licensed as a new motor vehicle dealer in the state
of Washington is not conclusive or determinative of any ultimate determination made by the
department of licensing as to the buyer's qualification for a motor vehicle dealer license. A
manufacturer's failure to respond in writing to a request for consent under this subsection within
sixty days after receipt of a written request on the forms, if any, generally used by the
manufacturer containing the information and reasonable promises required by a manufacturer is
deemed to be consent to the request. A manufacturer may request, and, if so requested, the
applicant for a franchise (a) shall promptly provide such personal and financial information as is
reasonably necessary to determine whether the sale, transfer, or exchange should be approved,
and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the
manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging
new motor vehicle dealer, and the department of its refusal to approve the transfer of the
franchise no later than sixty days after the date the manufacturer receives the written request
from the new motor vehicle dealer. If the manufacturer has requested personal or financial
information from the applicant under subsection (1) of this section, the notice shall be served not
later than sixty days after the receipt of all of such documents. Service of all notices under this
section shall be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section shall state the specific grounds for the
refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer,
or exchange of the franchise by the transferring new motor vehicle dealer, the new motor vehicle
dealer may file a petition with the department to protest the refusal to approve the sale, transfer,
or exchange. The petition shall contain a short statement setting forth the reasons for the dealer's
protest. Upon the filing of a protest and the receipt of the filing fee, the department shall
promptly notify the manufacturer that a timely protest has been filed, and the department shall
arrange for a hearing with an administrative law judge as the presiding officer to determine if the
manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) In determining whether the manufacturer unreasonably withheld its approval to the
sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A
manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal,
reasonable, and uniformly applied standards established by the manufacturer for the appointment
of a new dealer, or who otherwise is capable of being licensed as a new motor vehicle dealer in
the state of Washington, is presumed to be unreasonable.

(6) The administrative law judge shall conduct a hearing and render a final decision as
expeditiously as possible, but in any event not later than one hundred twenty days after a protest
is filed. Only the selling, transferring, or exchanging new motor vehicle dealer and the
manufacturer may be parties to the hearing.

(7) The administrative law judge shall conduct any hearing as provided in RCW
46.96.050(2), and all hearing costs shall be borne as provided in that subsection. Only the
manufacturer and the selling, transferring, or exchanging new motor vehicle dealer may appeal the final order of the administrative law judge as provided in RCW 46.96.050(3).

(8) This section and RCW 46.96.030 through 46.96.110 apply to all franchises and contracts existing on July 23, 1989, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

(9) RCW 46.96.140 through 46.96.190 apply to all franchises and contracts existing on October 1, 1994, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

**RCW 46.96.210 Petition and hearing--Filing fee, costs, security.**

The department shall determine and establish the amount of the filing fee required in RCW 46.96.040, 46.96.110, 46.96.150, and 46.96.200. The fees shall be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not in any event to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning party such excess funds, if any, initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking shall then be exonerated and the surety or sureties under it discharged.

RCW 47.01.011 Legislative declaration.
The legislature hereby recognizes the following imperative needs within the state: To create a state-wide transportation development plan which identifies present status and sets goals for the future; to coordinate transportation modes; to promote and protect land use programs required in local, state and federal law; to coordinate transportation with the economic development of the state; to supply a broad framework in which regional, metropolitan, and local transportation needs can be related; to facilitate the supply of federal and state aid to those areas which will most benefit the state as a whole; to provide for public involvement in the transportation planning and development process; to administer programs within the jurisdiction of this title relating to the safety of the state's transportation systems; and to coordinate and implement national transportation policy with the state transportation planning program.

The legislature finds and declares that placing all elements of transportation in a single department is fully consistent with and shall in no way impair the use of moneys in the motor vehicle fund exclusively for highway purposes.
Through this chapter, a unified department of transportation is created. To the jurisdiction of this department will be transferred the present powers, duties, and functions of the department of highways, the highway commission, the toll bridge authority, the aeronautics commission, and the canal commission, and the transportation related powers, duties, and functions of the *planning and community affairs agency.

Notes:

Identification of environmental costs of transportation projects--Pilot project--1993 c 59:
"Recognizing the importance of maintaining the quality of life in Washington state, the citizens of this state demand protection and preservation of our scarce natural resources. Citizens also demand an efficient and effective transportation system. The departments of transportation, ecology, fisheries, and wildlife and the Puget Sound water quality authority have worked jointly to develop cooperative approaches for mitigating environmental impacts resulting from transportation projects. Nevertheless, many transportation projects are costing more than was budgeted due to unanticipated and extensive environmental considerations. It is the intent of the legislature to find a process for accessing, budgeting, and accounting for environmental costs related to significant transportation projects in order to determine whether the environmental costs exceed the transportation benefits of a project.

Therefore, the department of transportation shall undertake a pilot program in at least one transportation district that will serve as a case study for the entire department. The department shall identify and cost out the discrete environmental elements of a representative sampling of transportation projects. The environmental elements should include, but not necessarily be limited to, wetlands, storm water, hazardous waste, noise, fish, and wildlife. The department shall also consider an assessment of the cost impacts resulting from delays associated with permitting requirements.

It is the intent of the legislature that the environmental cost estimates be developed during a detailed scoping process that will include preliminary engineering and design. After the detailed scoping process and design report is complete, the department shall submit project-specific recommendations and cost estimates to the transportation commission before approval is granted for the construction phase of the projects.

Based upon the findings of the pilot program the transportation commission shall recommend policies to the legislative transportation committee regarding: (1) The current practice of appropriating design and construction dollars simultaneously; (2) identification of reasonable thresholds for environmental costs; (3) budget and accounting modifications that may be warranted in order to accurately capture environmental costs associated with transportation projects; and (4) modification to the priority array statutes, chapter 47.05 RCW." [1993 c 59 § 1.]

RCW 47.01.260 Authority of department.

(1) The department of transportation shall exercise all the powers and perform all the duties necessary, convenient, or incidental to the planning, locating, designing, constructing, improving, repairing, operating, and maintaining state highways, including bridges and other structures, culverts, and drainage facilities and channel changes necessary for the protection of state highways, and shall examine and allow or disallow bills for any work or services performed or materials, equipment, or supplies furnished.

RCW 47.01.290 Environmental review of transportation projects.

The legislature recognizes that environmental review of transportation projects is a
continuous process that should begin at the earliest stages of planning and continue through final project construction. Early and extensive involvement of the relevant environmental regulatory authorities is critical in order to avoid significant changes in substantially completed project design and engineering. It is the expectation of the legislature that if a comprehensive environmental approach is integrated throughout various transportation processes, onerous, duplicative, and time-consuming permit processes will be minimized.

(4) Actively work with the relevant environmental regulatory authorities during the design alternative analysis process and seek written concurrence from the authorities that they agree with the preferred design alternative selected;

**RCW 47.04.210 Reimbursable transportation expenditures--Processing and accounting.**

Federal funds that are administered by the department of transportation and are passed through to municipal corporations or political subdivisions of the state and moneys that are received as total reimbursement for goods, services, or projects constructed by the department of transportation are removed from the transportation budget. To process and account for these expenditures a new treasury trust account is created to be used for all department of transportation one hundred percent federal and local reimbursable transportation expenditures. This new account is nonbudgeted and nonappropriated. At the same time, federal and private local appropriations and full-time equivalents in subprograms R2, R3, T6, Y6, and Z2 processed through this new account are removed from the department of transportation's 1997-99 budget.

The department of transportation may make expenditures from the account before receiving federal and local reimbursements. However, at the end of each biennium, the account must maintain a zero or positive cash balance. In the twenty-fourth month of each biennium the department of transportation shall calculate and transfer sufficient cash from either the motor vehicle fund or the multimodal transportation account to cover any negative cash balances. The amount transferred is calculated based on expenditures from each fund. In addition, any interest charges accruing to the new account must be distributed to the motor vehicle fund and the multimodal transportation account.

The department of transportation shall provide an annual report to the legislative...
transportation committee and the office of financial management on expenditures and full-time equivalents processed through the new account. The report must also include recommendations for process changes, if needed.

**RCW 47.05.010** Declaration of purpose.

The legislature finds that solutions to state highway deficiencies have become increasingly complex and diverse and that anticipated transportation revenues will fall substantially short of the amount required to satisfy all transportation needs. Difficult investment trade-offs will be required.

It is the intent of the legislature that investment of state transportation funds to address deficiencies on the state highway system be based on a policy of priority programming having as
its basis the rational selection of projects and services according to factual need and an evaluation of life cycle costs and benefits and which are systematically scheduled to carry out defined objectives within available revenue.

The priority programming system shall ensure preservation of the existing state highway system, provide mobility for people and goods, support the state's economy, and promote environmental protection and energy conservation.

The priority programming system shall implement the state-owned highway component of the state-wide multimodal transportation plan, consistent with local and regional transportation plans, by targeting state transportation investment to appropriate multimodal solutions which address identified state highway system deficiencies.

The priority programming system for improvements shall incorporate a broad range of solutions that are identified in the state-wide multimodal transportation plan as appropriate to address state highway system deficiencies including but not limited to highway expansion, efficiency improvements, nonmotorized transportation facilities, high occupancy vehicle facilities, transit facilities and services, rail facilities and services, and transportation demand management programs.

[1993 c 490 § 1; 1969 ex.s. c 39 § 1; 1963 c 173 § 1.]

**RCW 47.05.021 Functional classification of highways.**

(1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according
to size;
(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
(c) Feasibility of the route, including availability of alternate routes within and without the state;
(d) Directness of travel and distance between points of economic importance;
(e) Length of trips;
(f) Character and volume of traffic;
(g) Preferential consideration for multiple service which shall include public transportation;
(h) Reasonable spacing depending upon population density; and
(i) System continuity.

(3) The transportation commission shall designate state highways of state-wide significance under RCW 47.06.140, and shall submit a list of such facilities for adoption by the 1999 legislature. This state-wide system shall include at a minimum interstate highways and other state-wide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This state-wide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods.

Section 2 of this 1977 act shall take effect July 1, 1979." [1977 ex.s. c 130 § 3.] "Section 1 of this 1977 act" is codified as RCW 47.05.021; "Section 2 of this 1977 act" repealed RCW 47.05.020.

RCW 47.05.030 Six-year programs--Investments, improvements, preservation.

The transportation commission shall adopt a comprehensive six-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The needs analysis process shall
ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program shall be revised biennially, effective on July 1st of odd-numbered years. The investment program shall be based upon the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3).

(1) The preservation program shall consist of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The comprehensive six-year investment program for preservation shall identify projects for two years and an investment plan for the remaining four years.

(2) The improvement program shall consist of investments needed to address identified deficiencies on the state highway system to improve mobility, safety, support for the economy, and protection of the environment. The six-year investment program for improvements shall identify projects for two years and major deficiencies proposed to be addressed in the six-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of state-wide significance as defined in RCW 47.06.140.

The transportation commission shall approve and present the comprehensive six-year investment program to the legislature in support of the biennial budget request under RCW 44.40.070 and 44.40.080.

Notes:
Severability--1979 ex.s. c 122: See note following RCW 47.05.021.

RCW 47.05.035 Allocation of funds, factors.

In developing program objectives and performance measures, the transportation commission shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the commission shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

The commission shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

(1) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;

(2) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;

(3) The continuity of future transportation development with those improvements previously programmed; and

(4) The availability of dedicated funds for a specific type of work.

RCW 47.05.051 Six-year comprehensive investment program--Priority selection criteria--Improvement program criteria--Departure from criteria.

The comprehensive six-year investment program shall be based upon the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3) and priority selection systems that incorporate the following criteria:

(1) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:
   (a) Extending the service life of the existing highway system;
   (b) Ensuring the structural ability to carry loads imposed upon highways and bridges; and
   (c) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the six-year program.

(2) Priority programming for the improvement program shall take into account the following:
   (a) Support for the state's economy, including job creation and job preservation;
   (b) The cost-effective movement of people and goods;
   (c) Accident and accident risk reduction;
   (d) Protection of the state's natural environment;
   (e) Continuity and systematic development of the highway transportation network;
   (f) Consistency with local comprehensive plans developed under chapter 36.70A RCW;
   (g) Consistency with regional transportation plans developed under chapter 47.80 RCW;
   (h) Public views concerning proposed improvements;
   (i) The conservation of energy resources;
   (j) Feasibility of financing the full proposed improvement;
   (k) Commitments established in previous legislative sessions;
   (l) Relative costs and benefits of candidate programs;
   (m) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding; and
   (n) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(3) The commission may depart from the priority programming established under subsections (1) and (2) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding
agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.

(4) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.

Environmental review of transportation projects: RCW 47.01.290.

RCW 47.06.010  Findings.
The legislature recognizes that the ownership and operation of Washington's transportation system is spread among federal, state, and local government agencies, regional transit agencies, port districts, and the private sector. The legislature also recognizes that transportation planning authority is shared on the local, regional, and state levels, and that this planning must be a comprehensive and coordinated effort. While significant authority for transportation planning is vested with local agencies and regional transportation planning organizations under the growth management act, the legislature recognizes that certain transportation issues and facilities cross local and regional boundaries and are vital to the state-wide economy and the cross-state mobility of people and goods. Therefore, the state has an appropriate role in developing state-wide transportation plans that address state jurisdiction facilities and services as well as transportation facilities and services of state interest. These plans shall serve as a guide for short-term investment needs and provide a long-range vision for transportation system development.

[1993 c 446 § 1.]

RCW 47.06.020  Role of department.
The specific role of the department in transportation planning shall be (1) ongoing coordination and development of state-wide transportation policies that guide all Washington transportation providers; (2) ongoing development of a state-wide multimodal transportation plan that includes both state-owned and state-interest facilities and services; (3) coordinating the state high-capacity transportation planning and regional transportation planning programs; and (4) conducting special transportation planning studies that impact state transportation facilities or relate to transportation facilities and services of state-wide significance. Specific requirements for each of these state transportation planning components are described in this chapter.

[1993 c 446 § 2.]

RCW 47.06.030  Transportation policy plan.
The commission shall develop a state transportation policy plan that (1) establishes a vision and goals for the development of the state-wide transportation system consistent with the state's growth management goals, (2) identifies significant state-wide transportation policy issues, and (3) recommends state-wide transportation policies and strategies to the legislature to fulfill the requirements of RCW 47.01.071(1). The state transportation policy plan shall be the product of an ongoing process that involves representatives of significant transportation interests
and the general public from across the state. The plan shall address how the department of transportation will meet the transportation needs and expedite the completion of industrial projects of state-wide significance.

Notes:
Industrial project of state-wide significance--Defined: RCW 43.157.010.

**RCW 47.06.040 State-wide multimodal transportation plan.**

The department shall develop a state-wide multimodal transportation plan under RCW 47.01.071(3) and in conformance with federal requirements, to ensure the continued mobility of people and goods within regions and across the state in a safe, cost-effective manner. The state-wide multimodal transportation plan shall consist of:

1. A state-owned facilities component, which shall guide state investment for state highways including bicycle and pedestrian facilities, and state ferries; and

2. A state-interest component, which shall define the state interest in aviation, marine ports and navigation, freight rail, intercity passenger rail, bicycle transportation and pedestrian walkways, and public transportation, and recommend actions in coordination with appropriate public and private transportation providers to ensure that the state interest in these transportation modes is met.

The plans developed under each component must be consistent with the state transportation policy plan and with each other, reflect public involvement, be consistent with regional transportation planning, high-capacity transportation planning, and local comprehensive plans prepared under chapter 36.70A RCW, and include analysis of intermodal connections and choices. A primary emphasis for these plans shall be the relief of congestion, the preservation of existing investments, the improvement of traveler safety, the efficient movement of freight and goods, and the improvement and integration of all transportation modes to create a seamless intermodal transportation system for people and goods.

In the development of the state-wide multimodal transportation plan, the department shall identify and document potential affected environmental resources, including, but not limited to, wetlands, storm water runoff, flooding, air quality, fish passage, and wildlife habitat. The department shall conduct its environmental identification and documentation in coordination with all relevant environmental regulatory authorities, including, but not limited to, local governments. The department shall give the relevant environmental regulatory authorities an opportunity to review the department's environmental plans. The relevant environmental regulatory authorities shall provide comments on the department's environmental plans in a timely manner. Environmental identification and documentation as provided for in RCW 47.01.300 and this section is not intended to create a private right of action or require an environmental impact statement as provided in chapter 43.21C RCW.

RCW 47.06.045    Freight mobility plan.

The state-interest component of the state-wide multimodal transportation plan shall include a freight mobility plan which shall assess the transportation needs to ensure the safe, reliable, and efficient movement of goods within and through the state and to ensure the state's economic vitality.

Notes:

Severability--1998 c 175: See RCW 47.06A.900.

RCW 47.06.050    State-owned facilities component.

The state-owned facilities component of the state-wide transportation plan shall consist of:

(1) The state highway system plan, which identifies program and financing needs and recommends specific and financially realistic improvements to preserve the structural integrity of the state highway system, ensure acceptable operating conditions, and provide for enhanced access to scenic, recreational, and cultural resources. The state highway system plan shall contain the following elements:

(a) A system preservation element, which shall establish structural preservation objectives for the state highway system including bridges, identify current and future structural deficiencies based upon analysis of current conditions and projected future deterioration, and recommend program funding levels and specific actions necessary to preserve the structural integrity of the state highway system consistent with adopted objectives. This element shall serve as the basis for the preservation component of the six-year highway program and the two-year biennial budget request to the legislature;

(b) A capacity and operational improvement element, which shall establish operational objectives, including safety considerations, for moving people and goods on the state highway system, identify current and future capacity, operational, and safety deficiencies, and recommend program funding levels and specific improvements and strategies necessary to achieve the operational objectives. In developing capacity and operational improvement plans the department shall first assess strategies to enhance the operational efficiency of the existing system before recommending system expansion. Strategies to enhance the operational efficiencies include but are not limited to access management, transportation system management, demand management, and high-occupancy vehicle facilities. The capacity and operational improvement element must conform to the state implementation plan for air quality and be consistent with regional transportation plans adopted under chapter 47.80 RCW, and shall serve as the basis for the capacity and operational improvement portions of the six-year highway plan.
program and the two-year biennial budget request to the legislature;

(c) A scenic and recreational highways element, which shall identify and recommend designation of scenic and recreational highways, provide for enhanced access to scenic, recreational, and cultural resources associated with designated routes, and recommend a variety of management strategies to protect, preserve, and enhance these resources. The department, affected counties, cities, and towns, regional transportation planning organizations, and other state or federal agencies shall jointly develop this element;

(d) A paths and trails element, which shall identify the needs of nonmotorized transportation modes on the state transportation systems and provide the basis for the investment of state transportation funds in paths and trails, including funding provided under chapter 47.30 RCW.

(2) The state ferry system plan, which shall guide capital and operating investments in the state ferry system. The plan shall establish service objectives for state ferry routes, forecast travel demand for the various markets served in the system, and develop strategies for ferry system investment that consider regional and state-wide vehicle and passenger needs, support local land use plans, and assure that ferry services are fully integrated with other transportation services. The plan shall assess the role of private ferries operating under the authority of the utilities and transportation commission and shall coordinate ferry system capital and operational plans with these private operations. The ferry system plan must be consistent with the regional transportation plans for areas served by the state ferry system, and shall be developed in conjunction with the ferry advisory committees.

[1993 c 446 § 5.]

RCW 47.06.060  Aviation plan.

The plan shall also identify existing intercity rail rights of way that should be preserved for future transportation use.

[1993 c 446 § 8.]

RCW 47.06.090  Intercity passenger rail plan.  

The state-interest component of the state-wide multimodal transportation plan shall include an intercity passenger rail plan, which shall analyze existing intercity passenger rail service and recommend improvements to that service under the state passenger rail service program including depot improvements, potential service extensions, and ways to achieve higher train speeds.

[1993 c 446 § 9.]

RCW 47.06.100  Bicycle transportation and pedestrian walkways plan.

**RCW 47.06.140 Transportation facilities and services of state-wide significance--Level
of service standards.**
The legislature declares the following transportation facilities and services to be of state-wide significance: The interstate highway system, interregional state principal arterials including ferry connections that serve state-wide travel, intercity passenger rail services, intercity high-speed ground transportation, major passenger intermodal terminals excluding all airport facilities and services, the freight railroad system, the Columbia/Snake navigable river system, marine port facilities and services that are related solely to marine activities affecting international and interstate trade, and high-capacity transportation systems serving regions as defined in RCW 81.104.015. The department, in cooperation with regional transportation planning organizations, counties, cities, transit agencies, public ports, private railroad operators, and private transportation providers, as appropriate, shall plan for improvements to transportation facilities and services of state-wide significance in the state-wide multimodal plan. Improvements to facilities and services of state-wide significance identified in the state-wide multimodal plan are essential state public facilities under RCW 36.70A.200.

The department of transportation, in consultation with local governments, shall set level of service standards for state highways and state ferry routes of state-wide significance. Although the department shall consult with local governments when setting level of service standards, the department retains authority to make final decisions regarding level of service standards for state highways and state ferry routes of state-wide significance. In establishing level of service standards for state highways and state ferry routes of state-wide significance, the department shall consider the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local communities using these facilities.

Chapter 47.06A RCW
FREIGHT MOBILITY
RCW 47.06A.001  Findings.

The legislature finds that:

(1) Washington state is uniquely positioned as a gateway to the global economy. As the most trade-dependent state in the nation, per capita, Washington's economy is highly dependent on an efficient multimodal transportation network in order to remain competitive.

(2) The vitality of the state's economy is placed at risk by growing traffic congestion that impedes the safe and efficient movement of goods. The absence of a comprehensive and coordinated state policy that facilitates freight movements to local, national, and international markets limits trade opportunities.

(3) Freight corridors that serve international and domestic interstate and intrastate trade, and those freight corridors that enhance the state's competitive position through regional and global gateways are strategically important. In many instances, movement of freight on these corridors is diminished by: Barriers that block or delay access to intermodal facilities where freight is transferred from one mode of transport to another; conflicts between rail and road traffic; constraints on rail capacity; highway capacity constraints, congestion, and condition; waterway system depths that affect capacity; and institutional, regulatory, and operational barriers.

(4) Rapidly escalating population growth is placing an added burden on streets, roads, and highways that serve as freight corridors. Community benefits from economic activity associated with freight movement often conflict with community concerns over safety, mobility, and environmental quality. Efforts to minimize community impacts in areas of high freight movements that encourage the active participation of communities in the early stages of proposed public and private infrastructure investments will facilitate needed freight mobility improvements.

(5) Ownership of the freight mobility network is fragmented and spread across various public jurisdictions, private companies, and state and national borders. Transportation projects have grown in complexity and size, requiring more resources and longer implementation time frames. Currently, there is no comprehensive and integrated framework for planning the freight mobility needs of public and private stakeholders in the freight transportation system. A coordinated planning process should identify new infrastructure investments that are integrated by public and private planning bodies into a multimodal and multijurisdictional network in all areas of the state, urban and rural, east and west. The state should integrate freight mobility goals with state policy on related issues such as economic development, growth management, and environmental management.

(6) State investment in projects that enhance or mitigate freight movements, should pay special attention to solutions that utilize a corridor solution to address freight mobility issues with important transportation and economic impacts beyond any local area. The corridor approach builds partnerships and fosters coordinated planning among jurisdictions and the public.
(7) It is the policy of the state of Washington that limited public transportation funding and competition between freight and general mobility improvements for the same fund sources require strategic, prioritized freight investments that reduce barriers to freight movement, maximize cost-effectiveness, yield a return on the state’s investment, require complementary investments by public and private interests, and solve regional freight mobility problems. State financial assistance for freight mobility projects must leverage other funds from all potential partners and sources, including federal, county, city, port district, and private capital.

[1998 c 175 § 1.]

**RCW 47.06A.010 Definitions.**

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Board" means the freight mobility strategic investment board created in RCW 47.06A.030.
2. "Department" means the department of transportation.
3. "Freight mobility" means the safe, reliable, and efficient movement of goods within and through the state to ensure the state's economic vitality.
4. "Local governments" means cities, towns, counties, special purpose districts, port districts, and any other municipal corporations or quasi-municipal corporations in the state excluding school districts.
5. "Public entity" means a state agency, city, town, county, port district, or municipal or regional planning organization.
6. "Strategic freight corridor" means a transportation corridor of great economic importance within an integrated freight system that:
   a. Serves international and domestic interstate and intrastate trade;
   b. Enhances the state’s competitive position through regional and global gateways;
   c. Carries freight tonnages of at least:
      i. Four million gross tons annually on state highways, city streets, and county roads;
      ii. Five million gross tons annually on railroads; or
      iii. Two and one-half million net tons on waterways; and
   d. Has been designated a strategic corridor by the board under RCW 47.06A.020(3).

However, new alignments to, realignments of, and new links to strategic corridors that enhance freight movement may qualify, even though no tonnage data exists for facilities to be built in the future.

[1998 c 175 § 2.]

**RCW 47.06A.020 Board--Duties.**

1. The board shall:
   a. Adopt rules and procedures necessary to implement the freight mobility strategic
investment program;

(b) Solicit from public entities proposed projects that meet eligibility criteria established in accordance with subsection (4) of this section; and

(c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. After selecting projects comprising the portfolio, the board shall submit them as part of its budget request to the office of financial management and the legislature. The board shall ensure that projects submitted as part of the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the legislative transportation committee.

(2) The board may:

(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;

(b) Provide technical assistance to project applicants;

(c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and

(e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(3) The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

(4) From June 11, 1998, through the biennium ending June 30, 2001, the board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:

(a) The project must be on a strategic freight corridor;

(b) The project must meet one of the following conditions:

(i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or

(ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or

(iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and
(c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled "Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program." The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours.

[1999 c 216 § 1; 1998 c 175 § 3.]

RCW 47.06A.030 Board--Creation--Membership.

(1) The freight mobility strategic investment board is created. The board shall convene by July 1, 1998.

(2) The board is composed of twelve members. The following members are appointed by the governor for terms of four years, except that five members initially are appointed for terms of two years: (a) Two members, one of whom is from a city located within or along a strategic freight corridor, appointed from a list of at least four persons nominated by the association of Washington cities or its successor; (b) two members, one of whom is from a county having a strategic freight corridor within its boundaries, appointed from a list of at least four persons nominated by the Washington state association of counties or its successor; (c) two members, one of whom is from a port district located within or along a strategic freight corridor, appointed from a list of at least four persons nominated by the Washington public ports association or its successor; (d) one member representing the office of financial management; (e) one member
appointed as a representative of the trucking industry; (f) one member appointed as a representative of the railroads; (g) the secretary of the department of transportation; (h) one member representing the steamship industry; and (i) one member of the general public. In appointing the general public member, the governor shall endeavor to appoint a member with special expertise in relevant fields such as public finance, freight transportation, or public works construction. The governor shall appoint the general public member as chair of the board. In making appointments to the board, the governor shall ensure that each geographic region of the state is represented.

(3) Members of the board shall be reimbursed for reasonable and customary travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) If a vacancy on the board occurs by death, resignation, or otherwise, the governor shall fill the vacant position for the unexpired term. Each vacancy in a position appointed from lists provided by the associations and departments under subsection (2) of this section must be filled from a list of at least four persons nominated by the relevant association or associations.

(5) The appointments made in subsection (2) of this section are not subject to confirmation.

[1999 c 216 § 2; 1998 c 175 § 4.]

RCW 47.06A.040 Board--Administration and staffing.

The board, at its option, may either appoint an executive director, who shall serve at its pleasure and whose salary shall be set by the board or make provisions ensuring the responsibilities of the executive director are carried out by an existing transportation-related state agency or by private contract. Staff support to the board shall be provided by the department of transportation, the transportation improvement board, and the county road administration board, or their successor agencies.

[1999 c 216 § 3; 1998 c 175 § 5.]

RCW 47.06A.050 Allocation of funds.

(1) For the purpose of allocating funds for the freight mobility strategic investment program, the board shall allocate the first fifty-five percent of funds to the highest priority projects, without regard to location.

(2) The remaining funds shall be allocated equally among three regions of the state, defined as follows:

(a) The Puget Sound region includes King, Pierce, and Snohomish counties;

(b) The western Washington region includes Clallum, Jefferson, Island, Kitsap, San Juan, Skagit, Whatcom, Clark, Cowlitz, Grays Harbor, Lewis, Mason, Pacific, Skamania, Thurston, and Wahkiakum counties; and

(c) The eastern Washington region includes Adams, Chelan, Douglas, Ferry, Grant, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, Whitman, Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Klickitat, Walla Walla, and Yakima counties.
(3) If a region does not have enough qualifying projects to utilize its allocation of funds, the funds will be made available to the next highest priority project, without regard to location.

(4) In the event that a proposal contains projects in more than one region, for purposes of assuring that equitable geographic distributions are made under subsection (2) of this section, the board shall evaluate the proposal and proportionally assign the benefits that are attributable to each region.

(5) If the board identifies a project for funding, but later determines that the project is not ready to proceed at the time the legislature's funding decision is pending, the board shall recommend removing the project from consideration and the next highest priority project shall be substituted in the project portfolio. Any project removed from funding consideration because it is not ready to proceed shall retain its position on the priority project list and is eligible to be recommended for funding in the next project portfolio submitted by the board.

[1998 c 175 § 6.]

**RCW 47.06A.060 Grants and loans.**

In order to aid the financing of eligible freight mobility projects, the board may:

(1) Make grants or loans from funds appropriated for the freight mobility strategic investment program for the purpose of financing freight mobility projects. The board may require terms and conditions as it deems necessary or convenient to carry out the purposes of this chapter.

(2) The state shall not bear the financial burden for project costs unrelated to the movement of freight. Project amenities unrelated to the movement of freight may not be submitted to the board as part of a project proposal under the freight mobility strategic investment program.

(3) All freight mobility projects aided in whole or in part under this chapter must have a public entity designated as the lead project proponent.

[1998 c 175 § 7.]

**RCW 47.06A.070 Records.**

The board shall keep proper records and shall be subject to audit by the state auditor.

[1998 c 175 § 8.]

**RCW 47.06A.080 Port district development plans.**

Port districts in the state shall submit their development plans to the relevant regional transportation planning organization or metropolitan planning organization, the department, and affected cities and counties to better coordinate the development and funding of freight mobility projects.

[1998 c 175 § 9.]
RCW 47.06A.900  Severability--1998 c 175.

If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

RCW 47.06B.010  Finding--Intent. (Effective until June 30, 2008.)

The legislature finds that transportation systems for persons with special needs are not operated as efficiently as possible. In some cases, programs established by the legislature to assist persons with special needs can not be accessed due to these inefficiencies and coordination barriers.

It is the intent of the legislature that public transportation agencies, pupil transportation programs, private nonprofit transportation providers, and other public agencies sponsoring programs that require transportation services coordinate those transportation services. Through coordination of transportation services, programs will achieve increased efficiencies and will be able to provide more rides to a greater number of persons with special needs.

[1999 c 385 § 1; 1998 c 173 § 1.]

RCW 47.06B.012  Definitions. (Effective until June 30, 2008.)

The definitions in this section apply throughout this chapter.

(1) "Persons with special transportation needs" means those persons, including their personal attendants, who because of physical or mental disability, income status, or age are unable to transport themselves or purchase transportation.
(2) "Special needs coordinated transportation" is transportation for persons with special transportation needs that is developed through a collaborative community process involving transportation providers; human service programs and agencies; consumers; social, educational, and health service providers; employer and business representatives; employees and employee representatives; and other affected parties.

[1999 c 385 § 2.]

**RCW 47.06B.015 Program for Agency Coordinated Transportation. (Effective until June 30, 2008.)**

In order to increase efficiency, to reduce waste and duplication, to enable people to access social and health services, to provide a basic level of mobility, and to extend and improve transportation services to people with special transportation needs, the state shall implement the Program for Agency Coordinated Transportation. The program will improve transportation efficiency and effectiveness to maximize the use of community resources so that more people can be served within available funding levels.

The Program for Agency Coordinated Transportation will facilitate a state-wide approach to coordination and will support the development of community-based coordinated transportation systems that exhibit the following characteristics:

1. Organizations serving persons with special transportation needs share responsibility for ensuring that customers can access services.

2. There is a single entry process for customers to use to have trips arranged and scheduled, so the customer does not have to contact different locations based on which sponsoring agency or program is paying for the trip.

3. A process is in place so that when decisions are made by service organizations on facility siting or program policy implementation, the costs of client transportation and the potential effects on the client transportation costs of other agencies or programs are considered. Affected agencies are given an opportunity to influence the decision if the potential impact is negative.

4. Open local market mechanisms give all providers who meet minimum standards an opportunity to participate in the program, and, in addition, allow for cost comparisons so that purchasers can select the least expensive trip most appropriate to the customer's needs.

5. There is flexibility in using the available vehicles in a community so that the ability to transport people is not restricted by categorical claims to vehicles.

6. There is maximum sharing of operating facilities and administrative services, to avoid duplication of costly program elements.

7. Trip sponsors and service providers have agreed on a process for allocating costs and billing when they share use of vehicles.

8. Minimum standards exist for at least safety, driver training, maintenance, vehicles, and technology to eliminate barriers that may prevent sponsors from using each other's vehicles or serving each other's clients.

9. The system is user friendly. The fact that the system is supported by a multitude of
programs and agencies with different eligibility, contracting, service delivery, payment, and funding structures does not negatively affect the customer's ability to access service.

(10) Support is provided for research, technology improvements, and sharing of best practices from other communities, so that the system can be continually improved.

(11) There are performance goals and an evaluation process that leads to continuous system improvement.

[1999 c 385 § 3.]

RCW 47.06B.020 Agency council on coordinated transportation--Creation, membership, staff. (Effective until June 30, 2004.)

(4) Gubernatorial appointees of the council will serve two-year terms. Members may not receive compensation for their service on the council, but will be reimbursed for actual and necessary expenses incurred in performing their duties as members as set forth in RCW 43.03.220.

(5) The secretary of transportation or a designee shall serve as the chair.

(6) The department of transportation shall provide necessary staff support for the council.

(7) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend gifts, grants, or endowments or income from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17.710.
RCW 47.06B.030  Council--Duties (as amended by 1999 c 372). (Effective until June 30, 2008.)

The council shall:

RCW 47.06C.010 Findings--Intent. (Expires March 31, 2003.)

The legislature finds that the public health and safety of its citizens, the natural resources, and the environment are vital interests of the state that need to be protected and preserved. The legislature further finds that the safety of the traveling public and the state's economic well-being are vital interests that depend upon the development of cost-effective and efficient transportation systems planned, designed, constructed, and maintained through expedited permit decision-making processes.

It is the intent of the legislature to achieve transportation permit reform that expedites the delivery of statewide significant transportation projects through a streamlined approach to environmental permit decision making. To optimize the limited resources available for transportation system improvements and environmental protection, state regulatory and natural resource agencies, public and private sector interests, Indian tribes, and the department of transportation must work cooperatively to establish common goals, minimize project delays, develop consistency in the application of environmental standards, maximize environmental
benefits through coordinated investment strategies, and eliminate duplicative processes through assigned responsibilities of selected permit drafting and compliance activities between state and federal agencies.

Therefore, the transportation permit efficiency and accountability committee is created. The committee shall integrate current environmental standards, but may not create new environmental standards. The committee shall conduct three environmental permit streamlining pilot projects and create a process to develop general permits. Additionally, the committee shall seek federal delegation to the state where appropriate to streamline transportation projects.

[2001 1st sp.s. c 2 § 1.]

RCW 47.06C.020 Definitions. (Expires March 31, 2003.)

The definitions in this section apply throughout this chapter unless the context indicates otherwise.

(1) "Assigned responsibilities" means those components of developing and implementing environmental permits, including but not limited to, environmental review and assessment, selected permit drafting, and selected on-site compliance activities that may be conducted by the department.

(2) "Best available information" means the existing sources of data, including limiting factors analyses required under chapter 77.85 RCW that can be used to make informed decisions regarding environmental conditions within a watershed.

(3) "Best management practices" means currently available and generally accepted techniques, including new technologies or strategies that seek to reduce the negative impacts of transportation facilities, projects, and services on communities and the environment, and promote more efficient and effective use of transportation facilities.

(4) "Committee" means the transportation permit efficiency and accountability committee created in RCW 47.06C.030.

(5) "Least cost planning" means the use of best available information within a watershed basin applied to transportation decision making in the planning, permit decision making, and mitigation phases of a project.

(6) "Low-impact development project" means an activity or series of actions that conform to a comprehensive land use planning and engineering design approach with a goal of maintaining or restoring existing natural habitat functions and hydrologic regime of urban and developing watersheds. These projects incorporate strategic watershed planning with site-specific management techniques to reduce development impacts to better replicate natural watershed hydrology and water quality, while allowing for development or infrastructure rehabilitation to occur.

(7) "One-stop permit decision making" means a coordinated permit decision-making process that streamlines environmental review and permit decision making for transportation projects by providing concurrent, consolidated review by each agency required to review the project.

(8) "Programmatic approach" means a permit or other action that covers a geographic or statewide area and applies to a variety of projects, activities, or locales. A programmatic
approach may allow actions to proceed without individual approval by each permit decision-making agency.

(9) "Transportation project of statewide significance" means a surface transportation project or combination of surface transportation projects, that crosses multiple city or county jurisdictional boundaries or connects major state destinations in support of the state's economy and is so designated by the department of transportation and approved by the transportation committees of the senate and house of representatives. The transportation committees of the senate and house of representatives may also jointly designate these projects. The pilot projects established in this chapter are examples of transportation projects of statewide significance, but transportation projects of statewide significance are not limited to the pilot projects.

(10) "Watershed" means a water resource inventory area.

The transportation permit efficiency and accountability committee is created.

(1) The committee consists of nine voting members, including two members from the house of representatives, one from each of the two largest caucuses; two senators, one from each of the two largest caucuses; one member designated by the secretary of transportation; one member designated by the director of fish and wildlife; one member designated by the director of ecology; one member designated by the Association of Washington Cities; and one member designated by the Washington State Association of Counties. The committee shall elect a chair from the four legislators appointed to the committee.

(2) The committee also includes eight nonvoting members, including one member designated by the Northwest Indian Fisheries Commission; one member designated by the Columbia River Intertribal Fisheries Commission; one member designated by the Consulting Engineers Council of Washington; one member designated by the Associated General Contractors of Washington; one member designated by the Association of Washington Business; one member designated by the Washington State Building and Construction Trades Council; one member designated by statewide environmental organizations; and one member designated by the State Fish and Wildlife Commission, to represent the interests of citizens engaged in fish and wildlife recovery.

(3) A representative from the department of natural resources and representatives from federal regulatory and transportation agencies, including the Environmental Protection Agency, National Marine Fisheries Service, United States Army Corps of Engineers, Federal Highways Administration, and United States Fish and Wildlife Service must be invited to participate in committee deliberations as nonvoting members.

(4) The committee may create technical subcommittees as needed. Technical subcommittees created for a specific pilot project or pilot projects must include, but are not limited to, representatives of local governments from jurisdictions affected by those projects. Recommendations made by a technical subcommittee must be approved by a majority of the voting members of the committee.
(5) Nonvoting members will not be compensated but will receive reimbursement for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(6) The department of transportation office of environmental affairs shall provide administrative and clerical assistance to the committee.

(7) No vote of the committee may overrule existing statutes, regulations, or local ordinances.

[2001 1st sp.s. c 2 § 3.]

**RCW 47.06C.040 Committee responsibilities. (Expires March 31, 2003.)**

(1) The committee and its authorized technical subcommittees shall develop a one-stop permit decision-making process that uses interdisciplinary review of transportation projects of statewide significance to streamline and expedite permit decision making. The committee shall collaborate with appropriate agencies and parties to identify existing environmental standards, to assess the application of those standards, and develop an integrated permitting process based upon environmental standards and best management practices, which may use prescriptive or performance standards, for transportation projects of statewide significance that can be applied with certainty, consistency, and assurance of swift permit action, while taking into account the varying environmental conditions throughout the state.

(2) The committee shall give notice to the legislative authority of each affected county and city of the projects that are designated as transportation projects of statewide significance.

(3) The committee shall create a technical subcommittee with representation at a minimum from the department of fish and wildlife, the department of ecology, and the department of transportation.

(a) Within six months from the first meeting of the committee, the subcommittee shall create a process to develop a programmatic approach for transportation projects. The committee shall review the department's construction project list to determine which projects or activities may be included in the programmatic approach and develop agreements to cover those projects or activities. At a minimum, this process must require that decisions on minor variations to the requirements of a programmatic approach must be provided by the permit decision-making agencies within twenty-one days of submittal.

(b) The technical subcommittee's recommendations must be approved by a majority of the voting members of the committee.

(4) The committee shall explore the development of a consolidated local permit process.

(5) The committee shall develop and prioritize a list of permit streamlining opportunities, specifically identifying substantive and procedural duplications and recommendations for resolving those duplications. The committee shall evaluate current laws and regulations and develop recommendations on ways to minimize the lapsing of permits. The committee shall evaluate flexible approaches that maximize transportation and environmental interests and make recommendations regarding where those approaches should be implemented. The committee shall report its findings and recommendations to the legislature by January 15, 2002.

(6) The committee shall undertake the following activities to develop a watershed approach to environmental mitigation:
(a) Develop methodologies for analyzing environmental impacts and applying compensatory mitigation consistent with a watershed-based approach before final design, including least cost methodology and low-impact development methodology;

(b) Assess models to collate and access watershed data to support early agency involvement in transportation planning and reviews under the national Environmental Policy Act and the State Environmental Policy Act; and

(c) Use existing best available information from watershed planning efforts, lead entities, regional fisheries enhancement groups, and other recognized entities as deemed appropriate by the committee, to determine potential mitigation requirements for projects within a watershed. Priority consideration should be given to the use of the state's alternative mitigation policy guidance to best link transportation mitigation needs with local watershed and lead entity project lists.

(7) The committee shall seek federal delegation to the state where appropriate to streamline permit processes for transportation projects of statewide significance including: Delegation of section 404 permit authority under the Clean Water Act; nonfederal lead agency status under the federal Endangered Species Act; section 106 cultural resource designation under the National Historic Preservation Act; and other appropriate authority that when delegated should result in permit streamlining.

(8) The committee shall develop a dispute resolution process to resolve conflicts in interpretation of environmental standards and best management practices, mitigation requirements, permit requirements, assigned responsibilities, and other related issues by September 1, 2001. The dispute resolution process may not abrogate or supplant any appeal right of any party under existing statutes. The dispute resolution process must be designed to include federal agencies if they choose to participate.

(9) The committee shall develop preliminary models and strategies for agencies to test how best to maximize the environmental investment of transportation funds on a watershed basis. After agencies test the models and strategies developed by the committee, the committee shall evaluate the models and strategies and make recommendations to the legislature.

(10) The committee shall develop a consistent methodology for the timely and predictable submittal and evaluation of completed plans and specifications detailing project elements that impact environmental resources as well as proposed mitigation measures during the preliminary specifications and engineering phase of project development and submit information on the consistent methodology to the legislature.

(11) The committee shall provide a summary report to the legislature on September 15, 2001, and every six months thereafter.

[2001 1st sp.s. c 2 § 4.]

RCW 47.06C.050  Pilot projects. (Expires March 31, 2003.)

(1) The committee shall select and conduct permit reform pilot projects in three locales: (a) Urban near built-out conditions; (b) urban centers serving as crucial rural connectors; and (c) rural corridors critical to statewide economic productivity. The pilot projects must test the assignment of responsibilities such as selected permit drafting and selected compliance activities...
to the department.

(2) The committee shall commence efforts to apply streamlining lessons learned from the streamlined permit process for the pilot projects to as many other transportation projects of statewide significance as quickly as possible. In reporting to the legislature, the committee may recommend statutory or regulatory changes that would result in streamlining for future projects.

(3) The department and permitting agencies shall apply an interim interdisciplinary permit review process for the pilot projects as set forth in this section. This process must provide coordinated review and approval of permit applications; provide coordinated and consolidated public hearings where required by one or more regulatory agencies under state law; and coordinate timelines for permit decision making.

(4) The committee shall give notice to the legislative authority of each affected county and city of the projects the committee has designated as pilot projects. Each county and city notified must be offered the opportunity to participate in the pilot projects as provided for in this chapter. The department shall provide funding assistance for participation.

(5) The committee shall develop a dispute resolution process to resolve conflicts in interpretation of environmental standards and best management practices, mitigation requirements, permit requirements, assigned responsibilities, the streamlined process for pilot projects set forth in this section, and other related issues by September 1, 2001. The dispute resolution process may not abrogate or supplant any appeal right of any party under existing statutes. The dispute resolution process must be designed to include federal agencies if they choose to participate. The dispute resolution process must be applied to the pilot projects.

(6) The streamlined process for the pilot projects must be based on the following model:

(a) Step 1: The department and permitting agencies will agree on coordination for environmental review under the state and national environmental policy acts, including document preparation, public comment opportunities, and timelines.

(b) Step 2: For each project, the department will convene a meeting of all entities with permitting authority to review:

(i) The proposed conceptual design for the project and alternative routes, construction approaches, or mitigation approaches;

(ii) All known reviewing entities, permit application and approval requirements, and timelines;

(iii) A coordinated timeline that allows all statutory requirements to be met.

(c) Step 3: The department will draft all necessary permits to proceed with the preferred alternative using relevant agreements with permitting agencies.

(d) Step 4: The department will provide public notice in conformity with all applicable statutes and regulations and allow the required time for public hearings and written comments.

(e) Step 5: The department may revise the draft permits after consideration of public comments and applying all relevant agreed upon standards.

(f) Step 6: All permits will be disseminated to permitting agencies for final review. All reviews will be completed within forty-five days, at which time the permitting agencies will act upon the permit and either approve the permit or return it without approval.

(g) Step 7: If the permit is returned to the department without approval, the permitting
agencies will have one opportunity to identify errors or omissions and any remaining specific deficiencies or circumstances not previously addressed by agreements between the department and agencies that must be met or addressed to be compliant with applicable law. The department may revise the permit as warranted and resubmit the permit to the permitting agency, which will have fifteen days from receipt of the revised permit to take final action.

(h) Step 8: Disputes related to permit decisions will be addressed by the dispute resolution process established by the committee.

[2001 1st sp.s. c 2 § 5.]

RCW 47.06C.060 Local government participation. *(Expires March 31, 2003.)*

(1) This section establishes procedures for city, town, and county governments to participate in the processes identified in this chapter to provide for coordinated, multijurisdictional environmental review and permitting decisions for pilot projects and transportation projects of statewide significance.

(2) Each city, town, and county within whose boundaries is located or partially located one or more projects identified in subsection (1) of this section, shall elect whether or not to participate in coordinated processes for environmental review and permitting of those projects as required in this chapter. If the city, town, or county elects to participate, it may do so as either a participating entity or as an assigning entity.

(a) If a city, town, or county elects to be considered as a participating entity, the committee must then include a representative designated by the city, town, or county in the coordinated review of the project. The department shall compensate the jurisdiction for technical support required for participation in the process. The jurisdiction will also be eligible for reimbursement for permit fees set by local ordinances and other agreed upon costs associated with the issuance of project permits.

(b) For the purposes of expediting the permit process, a city, town, or county may elect to assign its permit responsibilities under chapter 39.34 RCW to the department simultaneously with its notification to the department as specified in this section. The city, town, or county electing to assign its responsibilities shall enter into an agreement with the department to define the local permit requirements that must be met. Permits issued under the negotiated agreement are presumed to at least meet local environmental permit requirements. A city, town, or county choosing to use this option is eligible for a permit fee set by local ordinances associated with the issuance of project permits.

(3) If the city, town, or county elects not to participate in the coordinated processes for the pilot projects designated in this chapter or transportation projects of statewide significance the department will issue the locally required permits, when allowable. The department shall comply with all provisions of city, town, and county ordinances, and the department permit approval is presumed to at least meet the local environmental review and permit requirements.

(4) Any city, town, or county shall notify the department within sixty days of receipt of the committee's notification of project designation, as to whether it elects to be considered as a participating entity or an assigning entity, or elects not to participate in the coordinated process provided in this chapter.
(5) The committee shall review and evaluate the process by which local governments review and approve pilot projects and transportation projects of statewide significance, and shall provide recommendations to the legislature to improve the coordination of the local process with state and federal reviews as part of the reports required by this chapter.

(6) A city, town, or county is not liable for decisions made by the department that result in a failure to comply with city, town, or county ordinances except as provided in the interlocal agreements, and the department shall defend and answer to any actions or complaints challenging the validity of permits issued under this section.

[2001 1st sp.s. c 2 § 6.]

**RCW 47.06C.070 Interim permit process. (Expires March 31, 2003.)**

Until integrated standards and best management practices have been adopted by the committee, the department may use the following process for transportation projects of statewide significance, including projects requested by a project sponsor.

(1) Step 1: Conceptual description. The department will identify project purposes, the approximate location or alternative locations, and the federal, state, and local agencies that might have authority to review and approve the project or portions of it at any such locations, and a preliminary interagency communication list identifying agencies that may be interested in the proposed project and, where known, contact persons in such agencies. If the department is going to proceed with step 2 or to abandon the project, it may complete step 1 by:

(a) Providing a summary of the outcome to all agencies on the list; and

(b) Making the summary available to the public.

(2) Step 2: Early involvement of other agencies. (a) At any time after completing step 1, the department will provide notice to all agencies on the interagency communication list and the public. Within thirty days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to identify:

(i) A primary contact person to coordinate future communications with the department and other interested agencies regarding the project, or indicate that it has no interest in the project and need not remain on the project information list;

(ii) Its role with respect to the proposed project;

(iii) Additional alternative locations the department should consider and the roles it would expect to have with the project at those locations;

(iv) Other agencies it believes should be added to the list for the project; and

(v) Other information the agency requests the department to consider.

(b) After all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 2 by:

(i) Proposing one or more conceptual designs for the project at a proposed location and any alternative locations then being considered;

(ii) Providing a summary of the results of step 2, including a statement that the department considers step 2 to be complete or complete except for specified issues remaining to be resolved with specified agencies, to all agencies on the interagency communication list; and

(iii) Making the summary available to the public.

(3) Step 3: Identify environmental reviews, permits, and other approvals, application
procedures, and decision standards. (a) At any time after completing step 2, the department may initiate step 3 by notice to all agencies on the list and the public. This notice may include a threshold determination on whether an environmental impact statement (EIS) or supplemental EIS will be prepared or an environmental checklist and request for comments on what steps should be taken to comply with chapter 43.21C RCW, the State Environmental Policy Act (SEPA). Within thirty days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to identify:

(i) The procedures under which it expects environmental reviews of the project to occur;
(ii) All permits and other approvals it might require for the project at each alternative location and conceptual design;
(iii) What is needed for the department to file a complete application for each permit or other approval;
(iv) The laws, regulations, ordinances, and policies it would administer with respect to the project at each alternative location and conceptual design; and
(v) Other information the agency requests the department to consider in deciding whether, when, where, or how to proceed with the project.

(b) After all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 3 by:

(i) Adopting a list of all environmental reviews, permits, and other approvals it believes are needed for the project under each alternative being considered;
(ii) Providing all agencies on the list a copy of that list and a summary of the other results of step 3, including a statement that the department considers step 3 to be complete or complete except for specified issues remaining to be resolved with specified agencies; and
(iii) Making the list and summary available to the public.

(c) The list and summary will be presumed to accurately identify all environmental reviews, permits, and other approvals needed for each alternative described, what is required for applications to be considered complete, and the standards under which applications will be reviewed and approved, unless an aggrieved agency or person files objections within thirty days after the list and summary are distributed.

(4) Step 4: Tentative selection of preferred alternative. (a) At any time after completing step 3, the department may initiate step 4 by notice to all agencies on the list and the public. This notice may be accompanied by a scoping notice for an EIS or supplemental EIS or, if available, be accompanied by a draft EIS or supplemental EIS. It also may be accompanied by the department's preliminary analysis of the advantages and disadvantages of each identified alternative, or other information that may be helpful to other interested agencies and the public in identifying advantages and disadvantages. Within fourteen days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to identify:

(i) For each identified alternative, the specific features it considers significant with respect to its role in environmental reviews, permits, or other approvals for the project; the reasons these features are significant, and any concerns it may have about the alternative because of potential adverse impacts of these features on resources or social policies within its jurisdiction;
(ii) For each feature for which it raises concerns, recommendations on how the potential adverse impacts could be avoided, minimized, and mitigated;

(iii) For each feature for which it raises concerns, an assessment of the relative ranking of each alternative with respect to whether and to what extent these concerns apply;

(iv) Recommendations the agency may have as to which alternatives should be retained or dropped from further consideration, and ways in which alternatives might be modified or combined to address its concerns, recognizing that final decisions can be made only through the applicable environmental review, permit, and other approval processes and the agency making them is not bound with respect to any future decisions it may make regarding the project;

(v) Other information the agency requests the department to consider in deciding whether, when, where, or how to proceed with the project.

(b) After all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 4 by:

(i) Selecting a preferred alternative for purposes of all environmental reviews, permits, and other approvals needed for the project;

(ii) Providing all agencies on the list a description of the preferred alternative and summary of the other results of step 4, including a statement that the department considers step 4 to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the preferred alternative and summary available to the public. The preferred alternative will be identified in all environmental reviews, permits, and other approvals needed for the project.

(5) Step 5: Completing environmental reviews and applications for permits and other approvals. (a) At any time after completing step 4, the department may initiate step 5 by notice to all agencies on the list and the public. A draft EIS or supplemental EIS, the department's draft plans and specifications for the project, and draft applications for some or all permits and other approvals may be provided with the notice or when they subsequently become available. Within thirty days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to identify:

(i) All concerns it previously raised regarding the alternative, and other alternatives still under consideration, that have not been resolved to its satisfaction;

(ii) Additional concerns it may have, particularly concerns resulting from additional information about the project location and design, and other new information received since the completion of step 4;

(iii) Additional environmental reviews, permits, or other approvals needed for the preferred alternative because of changes in laws, regulations, or policies or changes in the project location or design since these issues were last reviewed in step 3 or 4;

(iv) Changes in applicable requirements for complete applications for permits or other approvals under its jurisdiction since these issues were last reviewed in step 3 or 4;

(v) Other changes in applicable laws, regulations, ordinances, or policies administered by the agency since these issues were last reviewed in step 3 or 4;

(vi) Whether a draft application proposed by the department for a permit or other
approval from the agency is complete, and if not, what additional information or other changes are needed for it to be complete.

(b) When all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 5 by:

(i) Completing some or all environmental review processes and draft application forms for permits and other approvals that it reasonably believes to be complete;

(ii) Providing all agencies on the interagency communication list with environmental review and application documents and a summary of the other results of step 5, including a statement that the department considers step 5 to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the completed environmental review documents and summary available to the public. The preferred alternative will be identified in all environmental reviews, permits, and other approvals needed for the project.

(c) However, if an interested agency or aggrieved person files objections within fourteen days after the preferred alternative and summary are distributed, the objections will be addressed in subsequent environmental reviews and agency decisions regarding the project.

(6) Step 6: Completing the environmental review, permit, and other approval processes.

(a) At any time after completing step 5, the department may initiate step 6 by notice to all agencies on the list and the public and filing applications for some or all permits and other approvals needed for the project. Within thirty days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to:

(i) Acknowledge receipt of draft environmental review documents provided to them and provide comments on them;

(ii) Acknowledge receipt of final environmental review documents and determine that they are adequate for purposes of their roles regarding the project or specify what additional information or changes are needed for them to be considered adequate;

(iii) Acknowledge receipt of each application filed with them and determine that the application is complete or specify what additional information or changes are needed for it to be considered complete;

(iv) Acknowledge that the applications submitted to them will be processed under the laws, regulations, ordinances, and policies previously identified under steps 3, 4, and 5 or specify what changes have occurred in the governing standards that were in effect on the date a complete application was filed and thus apply to the project;

(v) Identify the significant steps necessary for the agency to reach a final decision on applications and the estimated time needed for each step;

(vi) Identify ways its decision-making process might be made more efficient and effective through additional coordination with other agencies, with any recommendations for such methods as joint solicitation and review of public comments and jointly conducting public hearings.

(b) It is recognized that step 6 may require an iterative process with several drafts of various environmental review documents and applications being considered and revised, and that changes in project location or design resulting from the permit decisions of one agency may
require revising applications or even reopening permit decisions of other agencies. All state and local agencies are expected, and federal agencies are encouraged, to communicate and cooperate to minimize the number of iterations required and make the process as efficient and effective as possible. Unless significant new information is obtained, decisions made under step 6 should not be reopened except at the request of the department, and the most recent information available under steps 3, 4, and 5 should be presumed accurate until significant new information becomes available.

(c) If all environmental reviews have not been completed and all permits and other approvals obtained within forty-five days after step 6 is initiated, the department, by notice to all agencies on the list and the public, may set a deadline for completing reviews and decisions. At any time after the deadline, the department may terminate the coordination process of this section as to some or all of the reviews and decisions that are still not completed.

[2001 1st sp.s. c 2 § 7.]

**RCW 47.06C.080** Department organization and administrative actions. *(Expires March 31, 2003.)*

The legislature finds that an essential component of streamlined permit decision making is the ability of the department to demonstrate the capacity to meet environmental responsibilities. Therefore, the legislature directs that:

(1) The department may amend its operating practices applicable to obtaining project permits when:

(a) Agreements on standards or best management practices as appropriate, are reached under RCW 47.06C.040;

(b) The committee determines that streamlining procedures and methodologies implemented for pilot projects consistent with RCW 47.06C.050 warrant broader application;

(c) The committee determines that the assignment of responsibilities between regulating agencies and the department is appropriate for broader use.

(2) The department may develop permits for review by permitting agencies when agreement on the standards and best management practices covered by such permits have been reached under RCW 47.06C.040. Regulating agencies shall review permits based upon the agreed upon standards and timelines developed in RCW 47.06C.040, as well as any other applicable existing standards.

(3) Qualified environmental staff within the department shall lead the development of all environmental documentation associated with department projects and permit activities in accordance with the department's project delivery tools.

(4) The department shall conduct special prebid meetings for projects that are environmentally complex. In addition, the department shall review environmental considerations related to these projects during the preconstruction meeting held with the contractor who is awarded the bid.

(5) Environmental staff at the department shall conduct field inspections to ensure that project activities are performed under permit conditions. These inspectors:

(a) May issue stop work orders when compliance with permit standards are not being
met; and

(b) For this portion of their job duties, are accountable to the director of environmental affairs of the department.

(6) Failure to comply with a stop work order may result in civil penalties being assessed against the department and individuals involved. Willful violation of a stop work notice issued by the department is subject to civil penalties assessed on the agency as well as the individuals involved. Persistent violations by the department may result in loss of permit drafting and program management responsibilities.

RCW 47.06C.090 Training and compliance. (Expires March 31, 2003.)

The legislature expects the department to continue its efforts to improve training and compliance. The department shall:

(1) Provide training in environmental procedures and permit requirements for those responsible for project delivery activities;

(2) Require wetland mitigation sites to be designed by a qualified interdisciplinary team that meets training requirements developed by the department's environmental affairs office in consultation with the department of ecology. Environmental mitigation site improvements must have oversight by environmental staff;

(3) Develop an environmental compliance data system to track all permit conditions;

(4) Report all noncompliance activities to applicable agencies of jurisdiction along with a remedy plan;

(5) Fund the departments of ecology, natural resources, and fish and wildlife, operating under their permit-granting authority to conduct audits of the department's permit drafting and compliance activities. The department of ecology must collate the audits in an annual report to the legislature;

(6) Seek federal funding for dedicated technical staff at federal permit decision-making agencies and for state costs associated with implementation of this chapter;

(7) Fund dedicated technical staff at federal permit decision-making entities, as appropriate, and the state departments of ecology, natural resources, community, trade, and economic development, and fish and wildlife to implement the requirements of this chapter;

(8) Fund a technical specialist at the Northwest Indian Fisheries Commission and the Columbia River Intertribal Fisheries Commission for the purpose of implementing this chapter;

(9) Reimburse local jurisdictions for costs associated with local participation on the committee and technical subcommittees.

[2001 1st sp.s. c 2 § 9.]

RCW 47.06C.100 Cost reimbursement. (Expires March 31, 2003.)

The committee shall negotiate a method of cost reimbursement for the costs associated with carrying out the purposes of this chapter, including prior departmental agreements with permitting agencies to cover their costs for transportation projects of statewide significance.

**FIRST PRIORITY PROJECT--1951 ACT**

**RCW 47.10.010 First priority highway projects--Declaration of.**

Reconstruction of primary state highway No. 1 from Oregon to British Columbia, construction of four traffic lanes at Snoqualmie Pass, construction of an adequate highway bridge from Pasco to Kennewick and construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, are declared to be highway projects of the first priority. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The reimbursement of the motor vehicle fund for money used to purchase Agate Pass Bridge bonds will also make possible other war emergency or high priority highway construction. The threat of war makes acceleration of construction a vital necessity at this time.
RCW 47.10.020    Bond issue authorized--Use of motor vehicle fund.

To provide funds for accelerating construction of these first priority projects, and to reimburse the motor vehicle fund for money expended for Agate Pass Bridge construction there shall be issued and sold limited obligation bonds of the state of Washington in the sum of sixty-six million seven hundred three thousand, six hundred and twenty-five dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: PROVIDED, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed.

Notes:

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

RCW 47.10.030    Form and term of bonds.

Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.010 through 47.10.140 shall be fully negotiable instruments.

RCW 47.10.040    Bonds not general obligations--Taxes pledged.

Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.010 through 47.10.140 from the proceeds of all state excise taxes on motor vehicle
fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and *chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. **RCW 47.10.080 Highway bond retirement fund.**

At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.070, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

Those counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of RCW 47.10.010 through 47.10.140 within each of such counties as follows: The state finance committee, at least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the

The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from the excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.010 through 47.10.140 in Grant, Adams, and Franklin counties. Any money so retained shall be available for state highway purposes.

ADDITIONAL BONDS--1953 ACT

**RCW 47.10.150 Declaration of necessity for additional funds.**

Increased construction costs for highway and bridge construction since the enactment of a highway bond issue by the 1951 legislature makes necessary additional money with which to complete the sections of primary state highway No. 1 planned from funds allocated under RCW 47.10.010 through 47.10.140 and it is vital to the economy of the state and the safety of the traffic that these sections shall be completed to relieve traffic congestions, to add capacity in event of war, and to presently insure greater safety to highway users; the rapid increase of traffic across Snoqualmie Pass necessitates continued improvement of primary state highway No. 2 to provide four-lane paving contiguous to Snoqualmie Pass as the funds will permit; the rapid increase of traffic and the facilitation of movement of military forces and equipment from the military centers of the state makes imperative the construction of a highway from primary state highway No. 2 beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by the way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton; said highway to follow approximately the route surveyed by the director of highways and covered in the report filed by him with the 1951 legislature commonly known as the "Echo Lake Route," as the funds provided for herein will permit; the construction of secondary state highways in to the Columbia Basin area is immediately necessary to provide needed state arterial highways for the irrigated lands of the Columbia Basin areas to market centers and thereby encourage the full development of the basin project. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The threat of war makes acceleration of construction a vital necessity at this time.

To provide funds for accelerating construction of these priority projects there shall be
issued and sold limited obligation bonds of the state of Washington in the sum of eighteen
million dollars. The issuance, sale and retirement of said bonds shall be under the general

registered bonds to be dated, issued and sold from time to time in such amounts as may be
necessary to the orderly progress of construction of the first priority projects: PROVIDED, That
if funds are available in the motor vehicle fund in an amount greater than is necessary to pay
current demands such funds may be used to finance these first priority projects until such time as
bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed.

At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.340, the percentage of receipts in money of the motor vehicle fuels, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the
highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from such excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.280 through 47.10.400 in Grant, Adams, and Franklin counties. RCW 47.10.410  Echo Lake route--Declaration of necessity.

Increased costs for highway and bridge construction since the enactment of the highway bond issues authorized by the 1951, 1953 and 1955 legislatures makes necessary additional money with which to complete that portion of primary state highway No. 2, beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton, commonly known as the "Echo Lake Route." It is vital to the economy of the state and traffic safety that this project be constructed as soon as the funds provided herein will permit.

Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.790 in accordance with the provisions of chapter 39.42 RCW. The amount of such bonds issued and sold under the provisions of RCW 47.10.790 through 47.10.798 in any biennium may not exceed the amount of a specific appropriation therefor. Such bonds may be sold from time to time in such amounts as may be necessary for the orderly progress of the state highway improvements specified in RCW 47.10.790. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or
statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued.

Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.790 through 47.10.798, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.790 through 47.10.798.

**RCW 47.10.795**  
**Repayment procedure--Bond retirement fund.**  
At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.794, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund heretofore created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith, and such committee shall adjust its estimates so that all requirements for the interest on and principal of all bonds issued shall be fully met at all times.

**RCW 47.10.796**  
**Sums in excess of retirement requirements--Use.**

**RCW 47.10.798**  
**Bonds equal charge against fuel tax revenues.**  
Except as otherwise provided by statute, general obligation bonds issued under authority
of legislation enacted during the 45th session of the legislature and thereafter and which pledge motor vehicle and special fuel excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuel excise taxes.

Notes:

Severability--1995 2nd sp.s. c 15: "If any provision of this act or its application to any person or
circumstance is held invalid, the remainder of the act or the application of the provision to other persons or
circumstances is not affected." [1995 2nd sp.s. c 15 § 9.]

Effective date--1995 2nd sp.s. c 15: "This act is necessary for the immediate preservation of the public
peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect
immediately [June 16, 1995]." [1995 2nd sp.s. c 15 § 10.]

Finding--1994 c 183: "The legislature finds and declares:
Successful implementation of the public-private transportation initiatives program authorized in chapter
47.46 RCW may require the financial participation of the state in projects authorized in that chapter.
The participation may take the form of loans, loan guarantees, user charge guarantees, including incidental
costs incurred by the department in direct support of activities required under chapter 47.46 RCW, or such other
cash contribution arrangements as may improve the ability of the private entities sponsoring the projects to obtain financing.

It is in the best interests of the people of the state that state funding of possible financial participation in the projects authorized under chapter 47.46 RCW be in the form of long-term bonds. In order to repay expenditures incurred in the 1993-1995 biennium, up to two million two hundred thousand dollars of these bonds may be expended on highway improvement projects, under chapter 47.05 RCW."

RCW 47.10.835 Administration and amount of sale.

Upon the request of the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.834 through 47.10.841 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.834 through 47.10.841 shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. In making such appropriation of the net proceeds of the sale of the bonds, the legislature shall specify what portion of the appropriation is provided for possible loans and what portion of the appropriation is provided for other forms of cash contributions to projects.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued.

[1994 c 183 § 3.]

RCW 47.10.836 Proceeds--Deposit and use.

The proceeds shall be available only for the purposes of making loans to entities authorized to undertake projects selected under chapter 47.46 RCW as enumerated in RCW 47.10.835, including incidental costs incurred by the department in direct support of activities required under chapter 47.46 RCW, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

(2) The proceeds from the sale of bonds authorized by RCW 47.10.834 through 47.10.841 that are in support of all forms of cash contributions to projects selected under chapter 47.46 RCW, including incidental costs incurred by the department in direct support of activities required under chapter 47.46 RCW, except loans shall be deposited into the motor vehicle fund. The proceeds shall be available only for the purposes of making any contributions except loans to projects selected under chapter 47.46 RCW, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.

(3) Up to two million two hundred thousand dollars of the proceeds from the sale of bonds authorized by RCW 47.10.834 through 47.10.841 may be expended on highway improvement projects under chapter 47.05 RCW and for the payment of bond issuance cost,
including the cost of underwriting. Such proceeds shall be deposited into the motor vehicle fund.

Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, or towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

(4) Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel and special fuel taxes that are distributable to the state, counties, cities, or towns shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the motor vehicle fund not required for bond retirement or interest on the bonds.

Whenever it is necessary to secure any lands or interests in land for a right of way for any state highway, or for the drainage thereof or construction of a protection therefor or so as to afford unobstructed vision therefor toward any railroad crossing or another public highway crossing or any point of danger to public travel or to provide a visual or sound buffer between highways and adjacent properties or for the purpose of acquiring sand pits, gravel pits, borrow pits, stone quarries, or any other land for the extraction of materials for construction or maintenance or both, or for any site for the erection upon and use as a maintenance camp, of any state highway, or any site for other necessary structures or for structures for the health and accommodation of persons traveling or stopping upon the state highways of this state, or any site for the construction and maintenance of structures and facilities adjacent to, under, upon, within, or above the right of way of any state highway for exclusive or nonexclusive use by an urban public transportation system, or for any other highway purpose, together with right of way to reach such property and gain access thereto, the department of transportation is authorized to acquire such lands or interests in land in behalf of the state by gift, purchase, or condemnation.
In case of condemnation to secure such lands or interests in land, the action shall be brought in the name of the state of Washington in the manner provided for the acquiring of property for the public uses of the state, and in such action the selection of the lands or interests in land by the secretary of transportation shall, in the absence of bad faith, arbitrary, capricious, or fraudulent action, be conclusive upon the court and judge before which the action is brought that said lands or interests in land are necessary for public use for the purposes sought. The cost and expense of such lands or interests in land may be paid as a part of the cost of the state highway for which such right of way, drainage, unobstructed vision, sand pits, gravel pits, borrow pits, stone quarries, maintenance camp sites, and structure sites or other lands are acquired.

**RCW 47.12.023 Acquisition of state lands or interests or rights therein--Procedures--Compensation--Reacquisition by department of natural resources.**

(1) Except as provided in RCW 47.12.026 and 47.12.029, whenever it is necessary to secure any lands or interests in lands for any highway purpose mentioned in RCW 47.12.010, or for the construction of any toll facility or ferry terminal or docking facility, the title to which is in the state of Washington and under the jurisdiction of the department of natural resources, the department of transportation may acquire jurisdiction over the lands or interests in lands, or acquire rights to remove materials from the lands in the manner set forth in this section.

(2) At any time after the final adoption of a right of way plan or other plan requiring the acquisition of lands or interests in lands for any purpose as authorized in subsection (1) of this section, the department of transportation may file with the department of natural resources a notice setting forth its intent to acquire jurisdiction of the lands or interests in lands under the jurisdiction of the department of natural resources required for right of way or other highway purposes related to the construction or improvement of such state highway, toll facility, or ferry terminal or docking facility.

(3) The department of transportation at the time of filing its notice of intent as provided
in subsection (2) of this section shall file therewith a written statement showing the total amount of just compensation to be paid for the property in the event of settlement. The offer shall be based upon the department of transportation approved appraisal of the fair market value of the property to be acquired. In no event may the offer of settlement be referred to or used during any arbitration proceeding or trial conducted for the purpose of determining the amount of just compensation.

(4) Just compensation and/or fair market value for the purposes of this section shall be determined in accordance with applicable federal and state constitutional, statutory, and case law relating to the condemnation of private and public property for public purposes.

(5) If the department of natural resources does not accept the offer of the department of transportation, the department of transportation may nonetheless pay to the department of natural resources the amount of its offer and obtain immediate possession and use of the property pending the determination of just compensation in the manner hereinafter provided.

(6) If the amount of just compensation is not agreed to, either the department of natural resources or the department of transportation may request in writing the appointment of an arbitrator for the purpose of determining the amount of compensation to be paid by the department of transportation for the acquisition of jurisdiction over the lands or interests in lands or rights therein. In that event the department of natural resources and the department of transportation may jointly agree on an arbitrator to determine the compensation, and his determination shall be final and conclusive upon both departments. The costs of the arbitrator shall be borne equally by the parties. If the department of natural resources and the department of transportation are unable to agree on the selection of an arbitrator within thirty days after a request therefor is made, either the department of transportation or the department of natural resources may file a petition with the superior court for Thurston county for the purpose of determining the amount of just compensation to be paid. The matter shall be tried by the court pursuant to the procedures set forth in RCW 8.04.080.

(7) Whenever the department of transportation has acquired immediate possession and use of property by payment of the amount of its offer to the department of natural resources, and the arbitration award or judgment of the court for the acquisition exceeds the payment for immediate possession and use, the department of transportation shall forthwith pay the amount of such excess to the department of natural resources with interest thereon from the date it obtained immediate possession. If the arbitration or court award is less than the amount previously paid by the department of transportation for immediate possession and use, the department of natural resources shall forthwith pay the amount of the difference to the department of transportation.

(8) Upon the payment of just compensation, as agreed to by the department of transportation and the department of natural resources, or as determined by arbitration or by judgment of the court, and other costs or fees as provided by statute, the department of natural resources shall cause to be executed and delivered to the department of transportation an instrument transferring jurisdiction over the lands or interests in lands, or rights to remove material from the lands, to the department of transportation.

(9) Except as provided in RCW 47.12.026, whenever the department of transportation
ceases to use any lands or interests in lands acquired in the manner set forth in this section for the purposes mentioned herein, the department of natural resources may reacquire jurisdiction over the lands or interests in land by paying the fair market value thereof to the department of transportation. If the two departments are unable to agree on the fair market value of the lands or interests in lands, the market value shall be determined and the interests therein shall be transferred in accordance with the provisions and procedures set forth in subsections (4) through (8) of this section.

RCW 47.12.026  Acquisition of state lands or interests or rights therein--Easements--Removal of materials--Relocation of railroad tracks.

(1) The department of transportation may acquire an easement for highway or toll facilities right of way or for ferry terminal or docking facilities, including the right to make necessary fills, on, over, or across the beds of navigable waters which are under the jurisdiction of the department of natural resources, in accordance with the provisions of RCW 47.12.023, except that no charge may be made to the department of transportation for such an easement.

(2) The department of transportation may obtain an easement for highway or toll facilities purposes or for ferry terminal or docking facilities on, over, or across harbor areas in accordance with RCW 47.12.023 but only when the areas are approved by the harbor line commission as a public place for public landings, wharves, or other public conveniences of commerce or navigation. No charge may be made to the department of transportation for such an easement.

(3) Upon the selection by the department of transportation of an easement for highway or toll facilities right of way or for ferry terminal or docking facilities, as authorized in subsections (1) and (2) of this section, the department of natural resources shall cause to be executed and delivered to the department of transportation an instrument transferring the easement. Whenever the state no longer requires the easement for highway or toll facilities right of way or for ferry terminal or docking facilities, the easement shall automatically terminate and the department of transportation shall, upon request, cause to be executed an instrument relinquishing to the department of natural resources all of its interest in the lands.

(4) The department of transportation, pursuant to the procedures set forth in RCW 47.12.023, may remove sand and gravel and borrow materials and stone from the beds of navigable waters under the jurisdiction of the department of natural resources which lie below the line of ordinary high water upon the payment of fair market value per cubic yard for such materials to be determined in the manner set forth in RCW 47.12.023.

(5) The department of transportation may acquire full jurisdiction over lands under the jurisdiction of the department of natural resources including the beds of navigable waters that are required for the relocation of the operating tracks of any railroad that will be displaced by the acquisition of such railroad property for state highway purposes. The department of
transportation may exchange lands so acquired in consideration or partial consideration for the land or property rights needed for highway purposes and may cause to be executed a conveyance of the lands in the manner prescribed in RCW 47.12.150. In that event the department of transportation shall pay to the department of natural resources, as just compensation for the acquisition, the fair market value of the property, including the beds of any navigable waters, to be determined in accordance with procedures set forth in RCW 47.12.023.

**RCW 47.12.140  Severance and sale of timber and other personalty--Removal of nonmarketable materials.**

Whenever the department has acquired any lands for transportation purposes, except state granted lands, upon which are located any structures, timber, or other thing of value attached to the land that the department deems it best to sever from the land and sell as personal property, the same may be disposed of by one of the following means:

(1) The department may sell the personal property at public auction after due notice has been given in accordance with general rules adopted by the secretary. The department may set minimum prices that will be accepted for any item offered for sale at public auction as provided in this section and may prescribe terms or conditions of sale. If an item is offered for sale at the auction and no satisfactory bids are received or the amount bid is less than the minimum set by the department, the department may sell the item at private sale for the best price that it deems obtainable, but not less than the highest price bid at the public auction. The proceeds of all sales under this section must be placed in the motor vehicle fund.

(2) The department may issue permits to residents of this state to remove specified quantities of standing or downed trees and shrubs, rock, sand, gravel, or soils that have no market value in place and that the department desires to be removed from state-owned lands that are under the jurisdiction of the department. An applicant for a permit must certify that the materials so removed are to be used by the applicant and that they will not be disposed of to any other person. Removal of materials under the permit must be in accordance with rules adopted by the department. The fee for a permit is two dollars and fifty cents, which fee must be deposited in the motor vehicle fund. The department may adopt rules providing for special access to limited access facilities for the purpose of removal of materials under permits authorized in this section.

(3) The department may sell timber or logs to an abutting landowner for cash at full appraised value, but only after each other abutting owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting owner requests in writing the right to purchase the timber within fifteen days after receiving notice of
the proposed sale, the timber must be sold in accordance with subsection (1) of this section.

(4) The department may sell timber or logs having an appraised value of one thousand dollars or less directly to interested parties for cash at the full appraised value without notice or advertising. If the timber is attached to state-owned land, the department shall issue a permit to the purchaser of the timber to allow for the removal of the materials from state land. The permit fee is two dollars and fifty cents.

**RCW 47.12.150 Acquisition, exchange of property to relocate displaced facility.**

Whenever the department shall need for highway purposes land or property rights belonging to the United States government or any municipality or political subdivision of the state, or which shall be a part of the right of way of any public utility having authority to exercise powers of eminent domain, when the acquisition of such property by the state will result in the displacement of any existing right of way or facility, the department is authorized to acquire by condemnation or otherwise such lands and property rights as shall be needed to relocate such right of way or facilities so displaced and to exchange lands or property rights so acquired in consideration or partial consideration for the land or property rights needed for highway purposes. The secretary of transportation shall execute each conveyance, which shall be duly acknowledged, necessary to accomplish such exchange.

**RCW 47.12.160 Acquisition of land outside highway right of way to minimize damage.**

Whenever a part of a parcel of land is to be acquired for state highway purposes and the remainder lying outside of the right of way is to be left in such shape or condition as to be of little value to its owner or to give rise to claims or litigation concerning severance or other damage, and its value does not exceed the probable amount of the severance claims or damages, the department may acquire by gift, purchase, or condemnation the whole parcel and may sell that portion lying outside of the highway right of way or may exchange the same for other property needed for highway purposes. The provisions of this section do not apply if the taking of that portion of the land lying outside of the highway right of way would deprive any adjacent owner of an existing right of ingress and egress to his property.

**RCW 47.12.180 Additional financing methods for property and engineering costs--Formal declarations.**

It is declared to be the public policy of the state of Washington to provide for the acquisition of real property and engineering costs necessary for the improvement of the state highway system, in advance of actual construction, for the purposes of eliminating costly delays in construction, reducing hardship to owners of the property, and eliminating economic waste occasioned by the improvement of such property immediately prior to its acquisition for highway uses.

The legislature therefore finds and declares that purchase and condemnation of real property necessary for the state highway system and engineering costs, reasonably in advance of programmed construction, is a public use and purpose and a highway purpose.

The department is hereby authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvement of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240 or alternatively by the method provided in RCW 47.12.242 through 47.12.246. Neither method may be used to condemn property or property rights in advance of programmed construction until the department has complied with hearing procedures required for the location or relocation of the type of highway for which the property is to be condemned.

(2) Whenever the department determines to sell real property under its jurisdiction at public auction, the department shall first give notice thereof by publication on the same day of the week for two consecutive weeks, with the first publication at least two weeks prior to the date of the auction, in a legal newspaper of general circulation in the area where the property to be sold is located. The notice shall be placed in both the legal notices section and the real estate classified section of the newspaper. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice, to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

No property shall be sold by negotiations or through a broker for less than the property's appraised fair market value. Any offer to purchase real property pursuant to this subsection shall be in writing and may be rejected at any time prior to written acceptance by the department.

The notice shall include a description of the property, the selling price, the terms of the sale, including the price and
interest rate if sold by real estate contract, and the name and address of the department employee or the real estate broker handling the transaction. The notice shall further state that any person may, within ten days after the publication of the notice, deliver to the designated state employee or real estate broker a written offer to purchase the property for not less than ten percent more than the negotiated sale price, subject to the same terms and conditions. A subsequent offer shall not be considered unless it is accompanied by a deposit of twenty percent of the offer in the form of cash, money order, cashiers check, or certified check payable to the Washington state treasurer, to be forfeited to the state (for deposit in the motor vehicle fund) if the offeror fails to complete the sale if the offeror's offer is accepted. If a subsequent offer is received, the first offeror shall be informed by registered or certified mail sent to the address stated in his offer. The first offeror shall then have ten days, from the date of mailing the notice of the increased offer, in which to file with the designated state employee or real estate broker a higher offer than that of the subsequent offeror. After the expiration of the ten day period, the department shall approve in writing the highest and best offer which the department then has on file.

(6) All moneys received pursuant to this section, less any real estate broker's commissions paid pursuant to RCW 47.12.320, shall be deposited in the motor vehicle fund.

RCW 47.12.287 Exchange of real property authorized--Conveyance by deed.

The department of transportation is hereby authorized to enter into an exchange agreement with the owner of real property required for highway purposes to convey to such owner real property, owned by the state and under the department's jurisdiction, as full or part consideration for property to be acquired for highway purposes. Such an exchange agreement may relate back and apply to any exchange of property previously agreed to and partially executed (pursuant to an earlier exchange agreement found to be void for want of a governor's deed as required by prior law), and shall be subject to such agreed terms and conditions as are authorized by RCW 47.12.063(3) as now existing or hereafter amended. Any conveyance from the state of Washington made pursuant to this section shall be by deed executed by the secretary of transportation, which shall be duly acknowledged.

RCW 47.12.330  Advanced environmental mitigation--Authorized.

For the purpose of environmental mitigation of transportation projects, the department may acquire or develop, or both acquire and develop, environmental mitigation sites in advance of the construction of programmed projects. The term "advanced environmental mitigation" means mitigation of adverse impacts upon the environment from transportation projects before their design and construction. Advanced environmental mitigation consists of the acquisition of property; the acquisition of property, water, or air rights; the development of property for the purposes of improved environmental management; engineering costs necessary for such purchase and development; and the use of advanced environmental mitigation sites to fulfill project environmental permit requirements. Advanced environmental mitigation must be conducted in a manner that is consistent with the definition of mitigation found in the council of environmental quality regulations (40 C.F.R. Sec. 1508.20) and the governor's executive order on wetlands (EO 90-04). Advanced environmental mitigation is for projects approved by the transportation commission as part of the state's six-year plan or included in the state highway system plan. Advanced environmental mitigation must give consideration to activities related to
fish passage, fish habitat, wetlands, and flood management. Advanced environmental mitigation may also be conducted in partnership with federal, state, or local government agencies, tribal governments, interest groups, or private parties. Partnership arrangements may include joint acquisition and development of mitigation sites, purchasing and selling mitigation bank credits among participants, and transfer of mitigation site title from one party to another. Specific conditions of partnership arrangements will be developed in written agreements for each applicable environmental mitigation site.

[1998 c 181 § 2; 1997 c 140 § 2.]

Notes:

Findings--1998 c 181: "The legislature finds that fish passage, fish habitat, wetlands, and flood management are critical issues in the effective management of watersheds in Washington. The legislature also finds that the state of Washington invests a considerable amount of resources on environmental mitigation activities related to fish passage, fish habitat, wetlands, and flood management. The department of transportation's advanced environmental mitigation revolving account established under RCW 47.12.340, is a key funding component in bringing environmental mitigation together with comprehensive watershed management." [1998 c 181 § 1.]

Intent--1997 c 140: "It is the intent of chapter 140, Laws of 1997 to provide environmental mitigation in advance of the construction of programmed projects where desirable and feasible, [which] will provide a more efficient and predictable environmental permit process, increased benefits to environmental resources, and a key tool in using the watershed approach for environmental impact mitigation. The legislative transportation committee, through its adoption of the December 1994 report "Environmental Cost Savings and Permit Coordination Study," encourages state agencies to use a watershed approach based on a water resource inventory area in an improved environmental mitigation and permitting process. Establishment of an advanced transportation environmental mitigation revolving account would help the state to improve permit processes and environmental protection when providing transportation services." [1997 c 140 § 1.]

RCW 47.12.340 Advanced environmental mitigation revolving account.

The advanced environmental mitigation revolving account is created in the custody of the treasurer, into which the department shall deposit directly and may expend without appropriation:

(1) An initial appropriation included in the department of transportation's 1997-99 budget, and deposits from other identified sources;

(2) All moneys received by the department from internal and external sources for the purposes of conducting advanced environmental mitigation; and

(3) Interest gained from the management of the advanced environmental mitigation revolving account.

[1997 c 140 § 3.]

Notes:

Intent--1997 c 140: See note following RCW 47.12.330.

RCW 47.12.350 Advanced environmental mitigation--Site management--Reimbursement of account.
(1) After advanced environmental mitigation is conducted from funds in the advanced environmental mitigation revolving account, the advanced environmental mitigation sites must be managed in accordance with any permits, agreements, or other legal documents under which the subject advanced environmental mitigation is conducted.

(2) When the department or any of its transportation partners proceeds with the construction of a transportation project that will use advanced environmental mitigation sites to meet the environmental mitigation needs of a project, the advanced environmental mitigation revolving account shall be reimbursed from those transportation project funds appropriated for the use of the advanced environmental mitigation sites. Reimbursements to the advanced environmental mitigation revolving account must be paid at a rate that captures:

(a) Projected land acquisition costs for environmental mitigation for the subject transportation project;
(b) Advanced environmental mitigation site development costs;
(c) Advanced environmental mitigation site operational costs (e.g., site monitoring);
(d) Administrative costs for the management of the advanced environmental revolving account.

These costs must be adjusted based on inflation, as appropriate.

When only a portion of an advanced environmental mitigation site is used, the reimbursement rate charged to the purchasing party will be prorated for the portion used.

[1997 c 140 § 4.]

Notes:

**RCW 47.12.360 Advanced environmental mitigation—Reports.**

By January 1st of each odd-numbered year, the department shall report to the legislative transportation committee and the office of financial management:

(1) Which properties were purchased and why;
(2) Expenditures for the acquired parcels; and
(3) Estimated savings from these actions.

[1997 c 140 § 5.]

RIGHT OF WAY DONATIONS

Sections
47.14.010 Legislative finding, intent.
47.14.020 Definitions.

Page 12254 Printed on 3/5/2012
RCW 47.14.010  Legislative finding, intent.

The legislature finds that in numerous areas throughout the state, rapid expansion of residential, commercial, industrial, and business activities is producing increased traffic levels. The legislature further finds that many property owners have exhibited a willingness to donate real property or property rights for transportation improvements to accommodate such increases in traffic. The legislature recognizes that the cost of right of way acquisition is often a significant, and even a prohibitive cost element in many transportation improvement projects.

The legislature seeks to encourage the voluntary donation of right of way to the state, counties, cities, and towns for transportation improvements recognizing that such donations can result in direct benefits to property owners, developers, and the community at large.

It is the intent of the legislature to further facilitate the department of transportation's authority under RCW 47.12.010, 47.24.030, and 47.52.050 to accept donations of right of way for state transportation purposes. The legislature further intends to facilitate the authority of a city, town, or county to accept donations of right of way for other transportation purposes.

The legislature therefore declares it to be in the best interest and welfare of the citizens of Washington for the state department of transportation, and for counties, cities, and towns to actively foster and encourage donations of right of way by willing donors in all areas where transportation improvements are to be made. In addition, and in lieu of monetary compensation for property needed for right of way purposes, the legislature seeks to provide incentives to potential donors such as are set forth in RCW 47.14.030 and 47.14.040.

[1987 c 267 § 1.]

RCW 47.14.020  Definitions.

The definitions set forth in this section apply throughout this chapter.

(1) "Right of way" means the area of land designated for transportation purposes.

(2) "Airspace" means the space above and below the gradeline of all highways, roads, and streets, and the area alongside the traveled way and within approved right of way lines.

[1987 c 267 § 2.]

RCW 47.14.030  Credit against transportation benefit district assessment.

The governing body of a transportation benefit district may give credit for all or any portion of any real property donation against an assessment, charge, or other required financial
contribution for transportation improvements within a transportation benefit district established under RCW 36.73.020 or 35.21.225. The credit granted shall be available against any assessment, charge or other required financial contribution for any transportation purpose which utilizes the donated property.

[1987 c 267 § 3.]

**RCW 47.14.040 Advertising signs on donated parcel.**

The department or the county, city, or town to which the right of way is donated shall, upon request, grant the donor an airspace lease or a permit for the purpose of erecting or maintaining, or both, one or more signs advertising a business of the donor that is conducted on premises adjacent to the donated parcel unless the sign or signs would be detrimental to the safety and operation of the highway, road, or street. This provision applies to all highways, roads, and streets other than limited access highways and streets, where it applies only until the donated parcel becomes part of a completed operating facility. Except as provided in this section, any such sign shall conform to the requirements of all other applicable federal, state, and local laws and ordinances. The lease agreement or permit shall take into consideration applicable county and city zoning ordinances and may provide for compensation for removal of the sign in accordance with applicable federal, state, and local laws and ordinances. The lease agreement or permit shall specify the conditions for signage.

[1987 c 267 § 4.]

**RCW 47.14.050 Department's duties.**

The department shall:

1. Give priority to the refinement and modification of right of way procedures and policies dealing with donation;
2. Reduce or simplify paperwork requirements resulting from right of way procurement;
3. Increase communication and education efforts as a means to solicit and encourage voluntary right of way donations;
4. Enhance communication and coordination with local governments through agreements of understanding that address state acceptance of right of way donations secured under zoning, use permits, subdivision, and associated police power authority of local government.

[1998 c 245 § 96; 1987 c 267 § 5.]

**RCW 47.14.900 Construction.**

Nothing in this chapter may be construed to contravene the requirements of chapter 8.26 RCW.

[1987 c 267 § 6.]
   If any provision of this act or its application to any person or circumstance is held
invalid, the remainder of the act or the application of the provision to other persons or
circumstances is not affected.

RCW 47.17.001 Criteria for changes to system.

In considering whether to make additions, deletions, or other changes to the state highway system, the legislature shall be guided by the following criteria as contained in the Road Jurisdiction Committee Phase I report to the legislature dated January 1987:

(1) A rural highway route should be designated as a state highway if it meets any of the following criteria:
   (a) Is designated as part of the national system of interstate and defense highways (popularly called the interstate system); or
   (b) Is designated as part of the system of numbered United States routes; or
   (c) Contains an international border crossing that is open twelve or more hours each day.

(2) A rural highway route may be designated as a state highway if it is part of an integrated system of roads and:
   (a) Carries in excess of three hundred thousand tons annually and provides primary access to a rural port or intermodal freight terminal;
   (b) Provides a major cross-connection between existing state highways;
   (c) Connects places exhibiting one or more of the following characteristics:
      (i) A population center of one thousand or greater;
      (ii) An area or aggregation of areas having a population equivalency of one thousand or more, such as, but not limited to, recreation areas, military installations, and so forth;
      (iii) A county seat;
      (iv) A major commercial-industrial terminal in a rural area with a population equivalency of one thousand or greater; or
   (d) Is designated as a scenic and recreational highway.

(3) An urban highway route that meets any of the following criteria should be designated as part of the state highway system:
   (a) Is designated as part of the interstate system;

Notes:
Latitude in selecting route: RCW 47.28.010.
(b) Is designated as part of the system of numbered United States routes;
(c) Is an urban extension of a rural state highway into or through an urban area and is necessary to form an integrated system of state highways;
(d) Is a principal arterial that is a connecting link between two state highways and serves regionally oriented through traffic in urbanized areas with a population of fifty thousand or greater, or is a spur that serves regionally oriented traffic in urbanized areas.

(4) The following guidelines are intended to be used as a basis for interpreting and applying the criteria to specific routes:
(a) For any route wholly within one or more contiguous jurisdictions which would be proposed for transfer to the state highway system under these criteria, if local officials prefer, responsibility will remain at the local level.
(b) State highway routes maintain continuity of the system by being composed of routes that join other state routes at both ends or to arterial routes in the states of Oregon and Idaho and the Province of British Columbia.
(c) Public facilities may be considered to be served if they are within approximately two miles of a state highway.
(d) Exceptions may be made to include:
(i) Rural spurs as state highways if they meet the criteria relative to serving population centers of one thousand or greater population or activity centers with population equivalencies or an aggregated population of one thousand or greater;
(ii) Urban spurs as state highways that provide needed access to Washington state ferry terminals, state parks, major sea ports, and trunk airports; and
(iii) Urban connecting links as state highways that function as needed bypass routing of regionally oriented through traffic and benefit truck routing, capacity alternative, business congestion, and geometric deficiencies.
(e) In urban and urbanized areas:
(i) Unless they are significant regional traffic generators, public facilities such as state hospitals, state correction centers, state universities, ferry terminals, and military bases do not constitute a criteria for establishment of a state highway; and
(ii) There may be no more than one parallel nonaccess controlled facility in the same corridor as a freeway or limited access facility as designated by the metropolitan planning organization.
(f) When there is a choice of two or more routes between population centers, the state route designation shall normally be based on the following considerations:
(i) The ability to handle higher traffic volumes;
(ii) The higher ability to accommodate further development or expansion along the existing alignment;
(iii) The most direct route and the lowest travel time;
(iv) The route that serves traffic with the most interstate, state-wide, and interregional significance;
(v) The route that provides the optimal spacing between other state routes; and
(vi) The route that best serves the comprehensive plan for community development in
those areas where such a plan has been developed and adopted.

g) A route designated in chapter 47.39 RCW as a scenic and recreational highway may be designated as a state highway in addition to a parallel state highway route.

Notes:
Severability--1984 c 7: See note following RCW 47.01.141.

RCW 47.20.645 Interstate 90 corridor--Legislative finding.
The legislature finds that the department initiated route studies for the location of that segment of the national system of interstate and defense highways (interstate system) between south Bellevue and state route No. 5 in Seattle in 1957 culminating in a corridor public hearing and adoption of a corridor in 1963; that thereafter the department, utilizing a multidisciplinary design team and soliciting the broadest public participation, developed a series of designs culminating in a public design hearing in 1970, a public limited access hearing in 1971, and adoption of a design and limited access plan for the facility in 1971; that commencing in 1970 the proposed facility has been the subject of numerous lawsuits and administrative proceedings that have prevented advancement of the project to construction; that since further development of the project was enjoined by federal courts in 1971 the cost of constructing the project has increased by more than one hundred million dollars; that the traffic congestion and traffic hazards existing in the existing highway corridor between south Bellevue, Mercer Island, and the city of Seattle are no longer tolerable; that after more than seventeen years of studies the public interest now requires that final decisions regarding the appropriate system for meeting the transportation requirements between south Bellevue and the city of Seattle be made promptly and in accordance with a prescribed schedule.

It is therefore the sense of the legislature that further protracted delay in establishing the transportation system to be constructed between south Bellevue and state route No. 5 in the city of Seattle is contrary to the interest of the people of this state and can no longer be tolerated as acceptable public administration. Accordingly the schedule for finally determining the character of transportation modes between south Bellevue and state route No. 5 in the city of Seattle as set forth in RCW 47.20.645 through 47.20.653 and 47.20.900 is adopted as the public policy of this state.

RCW 47.20.647 Interstate 90 corridor--Withdrawal of local governments from project--Effect on use of state funds.
(1) The Puget Sound council of governments (until July 1, 1975, known as the Puget Sound governmental conference) now engaged in a study of the withdrawal from the interstate system of that segment of state route No. 90 between the south Bellevue interchange and the
Connecticut street interchange on state route No. 5 and the substitution of public mass transit projects in lieu thereof as authorized by section 103(e)(4) of Title 23, United States Code, is directed to complete all phases of the study by November 1, 1975.

(2) No later than January 15, 1976, the city councils of Seattle, Mercer Island and Bellevue and the county council of King County shall each by resolution either approve or disapprove a request to withdraw from the interstate system the segment of state route No. 90 between south Bellevue interchange and the Connecticut street interchange on state route No. 5. Nothing in this subsection shall be construed as requiring the city or county councils to adopt by January 15, 1976 any proposal for substitute mass transit projects.

(3) If at least three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, and such request is thereafter concurred in by the governor and the Puget Sound council of governments, such determination shall be final as it relates to the state of Washington and except as may be required to terminate the project in an orderly manner, no moneys shall thereafter be expended from the motor vehicle fund for further development of the designated section of highway as an interstate highway without further express authorization of the legislature.

(4) If fewer than three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, or if the governor does not concur in the withdrawal request, then no tax revenues collected by the state of Washington shall thereafter be expended for the construction of substitute public mass transit projects in the Seattle metropolitan area pursuant to section 103(e)(4) of Title 23, United States Code, without further express authorization of the legislature.

the governing authority for the Indian peoples of the Quinault Indian Reservation and
appropriate agencies of the United States for the location, design, right of way acquisition,
construction, and maintenance of a highway beginning at the south boundary of the Quinault
Indian reservation on state route number 109, thence northerly along the present right of way of
state route number 109 to the township line, thence inland and northerly across the Raft river to
an intersection with state route number 101 south of Queets. The highway shall be known as the
"Tribal Highway" and may also be designated by the department as state route number 109. It is
anticipated that this highway construction will be funded from federal sources other than normal
federal aid highway allocations.

**RCW 47.20.715 Quinault Tribal Highway--Maintenance, operation,
improvements--Intersections, access.**

As a part of the agreement, the department may assume responsibility for the operation
and maintenance and future improvement of the highway. The agreement may also reserve to the
governing authority for the Indian peoples of the Quinault Indian Reservation authority to construct public road intersections or grade separation crossings of the highway. Existing rights of access from adjoining property to existing state route number 109 from the south reservation boundary to the township line shall not be affected by RCW 47.20.710 through 47.20.735 or the agreement authorized by RCW 47.20.710.

[1985 c 228 § 2.]

**RCW 47.20.720 Quinault Tribal Highway--Certain portion as limited access.**

The department is authorized to determine the location of the highway from the township line to a junction with state route number 101 after consultations with the governing authority for the Indian peoples of the Quinault Indian Reservation and the bureau of Indian affairs. The department may then proceed with the establishment of this section of the highway as a limited access facility in the manner prescribed in RCW 47.52.131 through 47.52.137 and 47.52.195 (and the administrative rules adopted by the department to implement those sections), subject, however, to the following conditions: (1) The access report required by RCW 47.52.131 shall be approved by the governing authority for the Indian peoples of the Quinault Indian Reservation before public hearings; and (2) the final limited access plan adopted pursuant to RCW 47.52.137 at the conclusion of the public hearing, or after any appeal from it has been decided, shall be approved by the governing authority for the Indian peoples of the Quinault Indian Reservation and the bureau of Indian affairs before right of way is acquired for this section of highway.

[1985 c 228 § 3.]

**RCW 47.20.725 Quinault Tribal Highway--Acquisition of remaining right of way.**

The department is authorized to acquire the remaining right of way for the Tribal Highway by purchase or by condemnation under state or federal eminent domain statutes. The secretary of transportation pursuant to the agreement is authorized to convey by deed to the governing authority for the Indian peoples of the Quinault Indian Reservation the right of way to the entire highway when fully acquired in return for a conveyance by the governing authority for the Indian peoples of the Quinault Indian Reservation to the state of Washington of a perpetual easement for public travel on the through lanes and shoulders of the highway when constructed. The agreement may also authorize the governing authority for the Indian peoples of the Quinault Indian Reservation to convey to the United States an easement to construct, maintain, and repair the highway improvements if such an easement is required by regulations of the bureau of Indian affairs.

[1985 c 228 § 4.]

**RCW 47.20.730 Quinault Tribal Highway--Department as agent.**

Except as otherwise provided by RCW 47.20.710 through 47.20.735 or by the agreement
authorized by RCW 47.20.710, the department may proceed with the location, design, acquisition of right of way, construction, and maintenance of the highway as an agent of the governing authority for the Indian peoples of the Quinault Indian Reservation in accordance with applicable state or federal law.

[1985 c 228 § 5.]

**RCW 47.20.735  Quinault Tribal Highway--Authority to seek federal funding.**

**RCW 47.20.780  Design-build--Competitive bidding.  *(Expires April 30, 2008.)***

The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over ten million dollars that may be constructed using a design-build procedure. As used in this section and RCW 47.20.785, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for the party to both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures.

This section expires April 30, 2008.

[2001 c 226 § 2.]

**NOTES:**

**Findings--Purpose--2001 c 226:*** "The legislature finds and declares that a contracting procedure that facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders.

The legislature finds and declares that a 2001 audit, conducted by Talbot, Kolvola & Warwick, examining the Washington state ferries' capital program resulted in a recommendation for improvements and changes in auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington state ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation's expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department's use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting
procedures for this procurement process serve the public interest." [2001 c 226 § 1.]

**RCW 47.20.785 Design-build--Qualified projects. (Expires April 30, 2008.)**

The department of transportation may use the design-build procedure for public works projects over ten million dollars where:

(1) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(2) The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or

(3) Significant savings in project delivery time would be realized.

This section expires April 30, 2008.

The transportation commission shall determine what streets, together with bridges thereon and wharves necessary for use for ferriage of motor vehicle traffic in connection with such streets, if any, in any incorporated cities and towns shall form a part of the route of state highways and between the first and fifteenth days of July of any year the department of transportation shall identify by brief description, the streets, together with the bridges thereon and wharves, if any, in such city or town which are designated as forming a part of the route of any state highway; and all such streets, including curbs and gutters and street intersections and such bridges and wharves, shall thereafter be a part of the state highway system and as such shall be constructed and maintained by the department of transportation from any state funds available therefor: PROVIDED, That the responsibility for the construction and maintenance of any such street together with its appurtenances may be returned to a city or a town upon certification by the department of transportation to the clerk of any city or town that such street, or portion thereof, is no longer required as a part of the state highway system: PROVIDED FURTHER, That any such certification that a street, or portion thereof, is no longer required as a part of the state highway system shall be made between the first and fifteenth of July following the determination by the department that such street or portion thereof is no longer required as a part of the state highway system, but this shall not prevent the department and any city or town from entering into an agreement that a city or town will accept responsibility for such a street or portion thereof at some time other than between the first and fifteenth of July of any year.

Notes:
Severability--1979 ex.s. c 86: See note following RCW 13.24.040.

RCW 47.24.020  Jurisdiction, control.

The jurisdiction, control, and duty of the state and city or town with respect to such streets is as follows:

(1) The department has no authority to change or establish any grade of any such street without approval of the governing body of such city or town, except with respect to limited access facilities established by the commission;

(2) The city or town shall exercise full responsibility for and control over any such street beyond the curbs and if no curb is installed, beyond that portion of the highway used for highway purposes. However, within incorporated cities and towns the title to a state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over such facility as provided in chapter 47.52 RCW;

(3) The department has authority to prohibit the suspension of signs, banners, or decorations above the portion of such street between the curbs or portion used for highway
purposes up to a vertical height of twenty feet above the surface of the roadway;

(4) The city or town shall at its own expense maintain all underground facilities in such streets, and has the right to construct such additional underground facilities as may be necessary in such streets. However, pavement trenching and restoration performed as part of installation of such facilities must meet or exceed requirements established by the department;

(5) The city or town has the right to grant the privilege to open the surface of any such street, but all damage occasioned thereby shall promptly be repaired either by the city or town itself or at its direction. Pavement trenching and restoration performed under a privilege granted by the city under this subsection must meet or exceed requirements established by the department;

(6) The city or town at its own expense shall provide street illumination and shall clean all such streets, including storm sewer inlets and catch basins, and remove all snow, except that the state shall when necessary plow the snow on the roadway. In cities and towns having a population of twenty-two thousand five hundred or less according to the latest determination of population by the office of financial management, the state, when necessary for public safety, shall assume, at its expense, responsibility for the stability of the slopes of cuts and fills and the embankments within the right of way to protect the roadway itself. When the population of a city or town first exceeds twenty-two thousand five hundred according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. The state shall install, maintain, and operate all illuminating facilities on any limited access facility, together with its interchanges, located within the corporate limits of any city or town, and shall assume and pay the costs of all such installation, maintenance, and operation incurred after November 1, 1954;

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the state and/or city as may be mutually agreed upon between the department and the governing body of the city or town;

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws and rules, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible;

(9) Every franchise or permit granted any person by a city or town for use of any portion of such street by a public utility must require the grantee or permittee to restore, repair, and replace any portion of the street damaged or injured by it to conditions that meet or exceed requirements established by the department;

(10) The city or town has the right to issue overload or overwidth permits for vehicles to operate on such streets or roads subject to regulations printed and distributed to the cities and
towns by the department;

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;

(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of twenty-two thousand five hundred or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of twenty-two thousand five hundred according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. When the population of a city or town first exceeds twenty-two thousand five hundred according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. For the purpose of this subsection, striping, lane marking, and channelization are considered traffic control devices;

(14) All revenue from parking meters placed on such streets belongs to the city or town;

(15) Rights of way for such streets shall be acquired by either the city or town or by the state as shall be mutually agreed upon. Costs of acquiring rights of way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights of way so acquired shall vest in the city or town: PROVIDED, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights of way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town
within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town.

RCW 47.24.030 Acquisition of rights of way--Condemnation proceedings.

engineering assistance from the department, to the extent of the funds credited or to be credited in the motor vehicle fund for payment to the city or town. Any sums due from a city or town for such purposes shall be paid on vouchers approved and submitted by the department from moneys credited to the city or town in the motor vehicle fund, and the amount of the payments shall be deducted from funds which would otherwise be paid to the city or town from the motor vehicle fund. Projects must be consistent with any adopted high capacity transportation plan, must consider existing or reasonably foreseeable congestion levels attributable to economic development or growth and all modes of transportation and safety, and must be partially funded by local government or private contributions, or a combination of such contributions. Priority consideration shall be given to those projects with the greatest percentage of local or private contribution, or both.

Within one year after board approval of an application for funding, the lead agency shall provide written certification to the board of the pledged local and private funding for the phase of the project approved. RCW 47.26.260 Payment of funds--Rules--Limitations.
The transportation improvement board shall adopt rules providing for the approval of payments of funds in the accounts to a county, city, town, or transportation benefit district for costs of predesign, design, engineering, and costs of construction of an approved project from time to time as work progresses. These payments shall at no time exceed the account share of the costs incurred to the date of the voucher covering such payment.
Matching funds requirements.

Counts, cities, towns, and transportation benefit districts receiving funds from the board shall provide such matching funds as established by rules adopted by the transportation improvement board. When determining matching requirements, the board shall consider (1) financial resources available to counties and cities to meet arterial needs, (2) the amounts and percentages of funds available for road or street construction traditionally expended by counties and cities on arterials, (3) in the case of counties, the relative needs of arterials lying outside urban areas, and (4) the requirements necessary to avoid diversion of funds traditionally expended for arterial construction to other street or road purposes or to nonhighway purposes.

Bicycle routes--Legislative declaration.

The state of Washington is confronted with emergency shortages of energy sources utilized for the transportation of its citizens and must seek alternative methods of providing public mobility.

Bicycles are suitable for many transportation purposes, and are pollution-free in addition to using a minimal amount of resources and energy. However, the increased use of bicycles for both transportation and recreation has led to an increase in both fatal and nonfatal injuries to bicyclists.

The legislature therefore finds that the establishment, improvement, and upgrading of bicycle routes is necessary to promote public mobility, conserve energy, and provide for the safety of the bicycling and motoring public.
RCW 47.26.320  **Advance right-of-way acquisition--Definition.**

The term "advance right-of-way acquisition" as used in this chapter means the acquisition of property and property rights, together with the engineering costs necessary for the advance right-of-way acquisition. Property or property rights purchased must be for projects approved by the transportation improvement board or the county road administration board as part of a city or county six-year plan or program.

[2001 c 201 § 1.]

RCW 47.26.325  **Advance right-of-way acquisition--Revolving fund.**

The city and county advance right-of-way revolving fund is created in the custody of the treasurer. The transportation improvement board is the administrator of the fund and may deposit directly and spend without appropriation.

The transportation improvement board and the county road administration board, in consultation with the association of Washington cities and the Washington association of counties, shall adopt reasonable rules and develop policies to implement this program.

[2001 c 201 § 2.]

RCW 47.26.330  **Advance right-of-way acquisition--Management of properties and funds.**

(1) After any properties or property rights are acquired through funds in the city and county advance right-of-way revolving fund, the acquiring city or county is responsible for the management of the properties in accordance with sound business practices and shall provide annual status reports to the board. Funds received by the city or county from the interim management of the properties must be deposited into the city and county advance right-of-way revolving fund.

(2) When the city or county proceeds with the construction of an arterial project that will require the use of any of the property so acquired, the city or county shall reimburse the city and county advance right-of-way revolving fund. Reimbursement must reflect the original cost of the acquired property or property rights required for the project plus an interest rate as determined annually by the board. The board shall report on the interest rate set to the transportation committees through its annual report.

(3) When the city or county determines that any properties or property rights acquired from funds in the city and county advance right-of-way revolving fund will not be required for an arterial construction project or the property has been held by the city or county for more than six years, the city or county shall either sell the property at fair market value or reimburse the fund at fair market value. All proceeds of the sale must be deposited in the city and county advance right-of-way revolving fund. At the board's discretion, a portion of savings on transportation improvement board projects realized through the use of the city and county advance [right-of-way] revolving fund may be deposited back into the city and county advance right-of-way revolving fund.
(4) Deposits in the fund may be reexpended without further or additional appropriations.

The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.26.400 through 47.26.407 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and *chapter 82.40 RCW*. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.26.400 through 47.26.407, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.26.400 through 47.26.407.

46.68.090(1)(c) for construction of state highways in urban areas, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available to the state for construction of state highways in urban areas proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

RCW 47.26.406 Bonds--Repayment procedure--Bond retirement fund.

At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.405, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

[1967 ex.s. c 83 § 42.]

RCW 47.26.407 Bonds--Sums in excess of retirement requirements--Use.

Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period.

(1) Any funds required to repay series III bonds authorized by RCW 47.26.420, or the interest thereon, when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and that is distributed to the urban arterial trust account in the motor vehicle fund pursuant to RCW 46.68.090(1)(g), subject, however, to the prior lien of the

Of the counties', cities', and towns' share of any additional amounts required in each fiscal year, the percentage thereof to be taken from the counties' distributive share and from the cities' and towns' distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

(3) Any payments on such bonds or interest thereon taken from motor vehicle or special fuel tax revenues that are distributable to the state, counties, cities, and towns shall be repaid from the first moneys distributed to the urban arterial trust account not required for redemption of the first authorization bonds, series II bonds, or series III bonds or interest on these bonds.

At least one year prior to the date any interest is due and payable on such first authorization bonds, series II bonds, and series III bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.425, 47.26.4252, and 47.26.4254 the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer, subject to RCW 47.26.425, 47.26.4252, and 47.26.4254, shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the transportation improvement board bond retirement account, maintained in the office of the state treasurer, which fund shall be available for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest and bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

Construction--1979 c 5: See note following RCW 47.26.420.

RCW 47.26.427 Bonds--Sums in excess of retirement requirements--Use.
Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the transportation improvement board bond retirement account, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund [account] to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period.
RCW 47.26.440  Budget for expenditures from funds administered by board--Estimate of revenues.

Not later than November 1st of each even-numbered year the transportation improvement board shall prepare and present to the commission for comment and recommendation an adopted budget for expenditures from funds administered by the board during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the several accounts and the amount, if any, of bond proceeds which the board determines should be made available through the sale of bonds in the ensuing biennium.

RCW 47.26.450  Allocation of funds--Value engineering studies--Rules.

The board shall adopt rules and procedures to govern the allocation of funds subject to the appropriations actually approved by the legislature.

The board shall develop rules and procedures to require value engineering studies performed by an interagency team for certain board funded projects. When determining the process, the board shall consider the project cost, length, and complexity.

RCW 47.26.460  Increase in funds allocated to a project--Rules--Factors.

The board shall adopt reasonable rules pursuant to which funds allocated to a project may be increased upon a subsequent application of the county, city, town, or transportation benefit district constructing the project. The rules adopted by the board shall consider the following factors: (1) The financial effect of increasing the original allocation for the project upon other urban arterial projects either approved or requested; (2) whether the project for which an additional authorization is requested can be reduced in scope while retaining a usable segment; (3) whether the cost of the project shown in the original application was based upon reasonable engineering estimates; and (4) whether the requested additional authorization is to pay for an expansion in the scope of work originally approved.
BOND ISSUE--TRANSPORTATION PROJECTS IN URBAN AREAS

RCW 47.26.500   Issuance authorized.

In order to provide funds necessary to meet the urgent construction needs on state, county, and city transportation projects, there are hereby authorized for issuance general obligation bonds of the state of Washington in the sum of one hundred million dollars, which shall be issued and sold in such amounts and at such times as determined to be necessary by the state transportation improvement board. The amount of such bonds issued and sold under the provisions of RCW 47.26.500 through 47.26.507 in any biennium shall not exceed the amount of a specific appropriation therefor, from the proceeds of such bonds, for the construction of state, county, and city transportation projects. The issuance, sale, and retirement of the bonds shall be under the supervision and control of the state finance committee which, upon request being made by the board, shall provide for the issuance, sale, and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the board.

[2000 2nd sp.s. c 6 § 1; 1994 c 179 § 28; 1993 c 440 § 1.]

RCW 47.26.501   Term--Signatures--Registration--Negotiable instruments.

Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, either or both of which signatures may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in Seattle or New York City, as to principal alone, or as to both principal and interest under such rules as the state treasurer may adopt. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments.

[1993 c 440 § 2.]

RCW 47.26.502   Denominations--Manner and terms of sale--State investment.

The bonds issued under RCW 47.26.500 through 47.26.507 shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued pursuant to this section
shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory
indebtedness limitation if their payment is conditioned upon the failure of the state to pay the
principal of or interest on the bonds with respect to which the promissory notes or other
obligations relate. The state finance committee may authorize the issuance of short-term
obligations in lieu of long-term obligations for the purposes of more favorable interest rates,
lower total interest costs, and increased marketability and for the purpose of retiring the bonds
during the life of the project for which they were issued. Bonds issued under the provisions of
RCW 47.26.500 through 47.26.507 shall be legal investment for any of the funds of the state,
except the permanent school fund.

[1993 c 440 § 3.]

RCW 47.26.503 Use of proceeds.
The money arising from the sale of the bonds shall be deposited in the state treasury to
the credit of the transportation improvement account in the motor vehicle fund, and such money
shall be available only for the construction and improvement of state, county, and city
transportation projects, and for payment of the expense incurred in the printing, issuance, and
sale of any such bonds. The costs of obtaining insurance, letters of credit, or other credit
enhancement devices with respect to the bonds shall be considered to be expenses incurred in the
issuance and sale of the bonds.

[1993 c 440 § 4.]

RCW 47.26.504 Statement of obligation--Pledge of excise taxes.
Bonds issued under the provisions of RCW 47.26.500 through 47.26.507 shall distinctly
state that they are a general obligation of the state of Washington, shall pledge the full faith and
credit of the state to the payment of the principal thereof and the interest thereon, and shall
contain an unconditional promise to pay such principal and interest as the same shall become
due. The principal and interest on such bonds shall be first payable in the manner provided in
RCW 47.26.500 through 47.26.507 from the proceeds of state excise taxes on motor vehicle and
special fuels imposed by chapters 82.36 and 82.38 RCW. The proceeds of such excise taxes are
hereby pledged to the payment of any such bonds and the interest thereon, and the legislature
hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in
amounts sufficient to pay, when due, the principal and interest on all such bonds.

[1995 c 274 § 14; 1993 c 440 § 5.]

RCW 47.26.505 Funds for repayment.
Any funds required to repay such bonds, or the interest thereon when due, shall be taken
from that portion of the motor vehicle fund which results from the imposition of excise taxes on
motor vehicle and special fuels and which is distributed to the transportation improvement
account in the motor vehicle fund under RCW 46.68.090(1)(h), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

RCW 47.26.506 Repayment procedure--Bond retirement account.
At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.505 the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments under RCW 47.26.500 through 47.26.507 when due, and shall notify the state treasurer of such estimated requirement. The state treasurer, subject to RCW 47.26.505, shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the transportation improvement board bond retirement account, maintained in the office of the state treasurer, which account shall be available for payment of principal and interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

[1997 c 456 §§ 24; 1993 c 440 § 7.]

Notes:

RCW 47.26.507 Sums in excess of retirement requirements--Use.
Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the transportation improvement board bond retirement account, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund [account] to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period.

**RCW 47.28.010 Latitude in selecting route.**

Whenever the general route of any state highway shall be designated and laid out as running to or by way of certain designated points, without specifying the particular route to be followed to or by way of such points, the transportation commission shall determine the particular route to be followed by said state highway to or by way of said designated points, and shall be at liberty to select and adopt as a part of such state highway, the whole or any part of any existing public highway previously designated as a county road, primary road, or secondary road or now or hereafter classified as a county road. The commission need not select and adopt the entire routes for such state highways at one time, but may select and adopt parts of such routes from time to time as it deems advisable. Where a state highway is designated as passing by way of a certain point, this shall not require the commission to cause such state highway to pass through or touch such point but such designation is directional only and may be complied with by location in the general vicinity. The department of transportation is empowered to construct as a part of any state highway as designated and in addition to any portion meeting the limits of any incorporated city or town a bypass section either through or around any such incorporated city or town.

**RCW 47.28.020 Width of right of way.**

From and after April 1, 1937, the width of one hundred feet is the necessary and proper right of way width for state highways unless the department, for good cause, adopts and designates a different width. This section shall not be construed to require the department to acquire increased right of way for any state highway in existence on such date.

**RCW 47.28.025 Description and plan of new or limited access highway--Recording.**

Whenever the department establishes the location, width, and lines of any new highway, or declares any such new highway as a limited access facility and schedules the acquisition of the right of way for the highway or facility within the ensuing two years, it may cause the description and plan of any such highway to be made, showing the center line of the highway and the established width thereof, and attach thereto a certified copy of the resolution. Such description, plan, and resolution shall then be recorded in the office of the county auditor of the proper county.

**RCW 47.28.026 Description and plan of new or limited access highway--Buildings and improvements prohibited, when.**

(1) No owner or occupier of lands, buildings, or improvements may erect any buildings or make any improvements within the limits of any such highway, the location, width, and lines of which have been established and recorded as provided in RCW 47.28.025. If any such erection and improvements are made, no allowances may be had therefor by the assessment of damages. No permits for improvements within the limits may be issued by any authority. The establishment of any highway location as set forth in RCW 47.28.025 is ineffective after one year from the filing thereof if no action to condemn or acquire the property within the limits has been commenced within that time.

(2) Unless and until the department causes a plan of a proposed new highway or limited access facility to be recorded in the office of the county auditor as authorized in RCW 47.28.025, nothing contained in RCW 47.28.025 or 47.28.026 may be deemed to restrict or restrain in any
manner the improvement, development, or other use by owners or occupiers of lands, buildings, or improvements within the limits of any proposed new or limited access highway or any proposed relocated or widened highway. Because of the uncertainties of federal aid and the state level of funding of proposed construction or improvement of state highways, plans for such improvements approved by the department shall be deemed tentative until filed with the county auditor as authorized in RCW 47.28.025 or until the department commences action to condemn or otherwise acquire the right of way for the highway improvements.

Severability--1984 c 7: See note following RCW 47.01.141.

RCW 47.28.030 Contracts--State forces--Monetary limits--Small businesses, minority, and women contractors--Rules.

A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right of way purposes may be repaired or renovated pending the use of such right of way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof is [are] less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars: PROVIDED, That when delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars. When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor. To enable a larger number of small businesses, and minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars. The rules adopted under this section:

(1) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(2) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, materialmen, mechanics, and subcontractors from the previous partial payment; and

(3) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.
The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

RCW 47.28.035  Cost of project, defined.

The cost of any project for the purposes of RCW 47.28.030 shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously. The department shall not permit the construction of any project by state forces by dividing a project into units of work or classes of work to give the appearance of compliance with RCW 47.28.030.

RCW 47.28.040  Precontract preparation of maps, plans, and specifications--Filing.

Before entering into any contract for the construction, alteration, repair, or improvement of any state highway the department shall cause the highway to be surveyed throughout the entire length of the proposed construction, alteration, repair, or improvement and cause to be prepared maps, plans, and specifications, together with an estimate of the cost of the proposed work, and such information and directions as will enable a contractor to carry them out. The maps, plans, specifications, and directions shall be approved by the department and a copy thereof filed permanently in the department's office.

RCW 47.28.050  Call for bids.

Except as may be provided by rules and regulations adopted under RCW 47.28.030 as now or hereafter amended the department of transportation shall publish a call for bids for the construction of the highway according to the maps, plans, and specifications, once a week for at least two consecutive weeks, next preceding the day set for receiving and opening the bids, in
not less than one trade paper of general circulation in the state. The call shall state the time, place, and date for receiving and opening the bids, give a brief description of the location and extent of the work, and contain such special provisions or specifications as the department deems necessary. When necessary to implement chapter 39.19 RCW and the rules adopted to implement that chapter, the department shall include in its call for bids provisions or specifications requiring bidders to comply with chapter 39.19 RCW and the rules adopted to implement it: PROVIDED, That when the estimated cost of any contract to be awarded is less than fifty thousand dollars, the call for bids need only be published in at least one paper of general circulation in the county where the major part of the work is to be performed: PROVIDED FURTHER, That when the estimated cost of a contract to be awarded is seven thousand five hundred dollars or less, including the cost of materials, supplies, engineering, and equipment, the department of transportation need not publish a call for bids: PROVIDED FURTHER, That after a bid call has been advertised for two consecutive weeks it may be postponed and the bids opened one week later.

RCW 47.28.070 Form of bid--Data required--Requirements--Refusal to furnish form--Appeal.

Bid proposals upon any construction or improvement of any state highway shall be made upon contract proposal form supplied by the department and in no other manner. The department shall, before furnishing any person, firm, or corporation desiring to bid upon any
work for which a call for bid proposals has been published with a contract proposal form, require from the person, firm, or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of the person, firm, or corporation in performing state highway, road, or other public work. The questionnaire and financial statement shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the department may require. Whenever the department is not satisfied with the sufficiency of the answers contained in the questionnaire and financial statement or whenever the department determines that the person, firm, or corporation does not meet all of the requirements set forth in this section it may refuse to furnish the person, firm, or corporation with a contract proposal form, and any bid proposal of the person, firm, or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm, or corporation shall have all of the following requirements:

1. Adequate financial resources or the ability to secure such resources;
2. The necessary experience, organization, and technical qualifications to perform the proposed contract;
3. The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
4. A satisfactory record of performance, integrity, judgment, and skills; and

Any bid may be rejected if the bidder has previously defaulted in the performance of and failed to complete a written public contract, or has been convicted of a crime arising from a previous public contract. If the lowest responsible bidder fails to meet the provisions or specifications requiring compliance with chapter 39.19 RCW and the rules adopted to implement that chapter, the department may award the contract to the next lowest responsible bidder which does meet the provisions or specifications or may reject all bids and readvertise. After awarding the contract the deposits of unsuccessful bidders shall be returned, but the department may retain the deposit of the next lowest responsible bidder or bidders as it desires until such time as the contract is entered into and satisfactory bond is provided by the bidder to whom the award is ultimately made. Recreation trails system: Chapter 79A.35 RCW.

RCW 47.30.005 Definitions.
For the purposes of this chapter, "trail" or "path" means a public way constructed primarily for and open to pedestrians, equestrians, or bicyclists, or any combination thereof, other than a sidewalk constructed as a part of a city street or county road for the exclusive use of pedestrians. The term "trail" or "path" also includes a widened shoulder of a highway, street, or road when the extra shoulder width is constructed to accommodate bicyclists consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local
governmental authority either prior to such construction or prior to January 1, 1980.

[1979 ex.s. c 121 § 4.]

**RCW 47.30.010 Recreational trail interference.**

(1) No limited access highway shall be constructed that will result in the severance or destruction of an existing recreational trail of substantial usage for pedestrians, equestrians or bicyclists unless an alternative recreational trail, satisfactory to the authority having jurisdiction over the trail being severed or destroyed, either exists or is reestablished at the time the limited access highway is constructed. If a proposed limited access highway will sever a planned recreational trail which is part of a comprehensive plan for trails adopted by a state or local governmental authority, and no alternative route for the planned trail exists which is satisfactory to the authority which adopted the comprehensive plan for trails, the state or local agency proposing to construct the limited access highway shall design the facility and acquire sufficient right of way to accommodate future construction of the portion of the trail which will properly lie within the highway right of way. Thereafter when such trail is developed and constructed by the authority having jurisdiction over the trail, the state or local agency which constructed the limited access highway shall develop and construct the portion of such trail lying within the right of way of the limited access highway.

(2) Where a highway other than a limited access highway crosses a recreational trail of substantial usage for pedestrians, equestrians, or bicyclists, signing sufficient to insure safety shall be provided.

(3) Where the construction or reconstruction of a highway other than a limited access highway would destroy the usefulness of an existing recreational trail of substantial usage for pedestrians, equestrians, or bicyclists or of a planned recreational trail for pedestrians, equestrians, or bicyclists or of a planned recreational trail for pedestrians, equestrians, or bicyclists incorporated into the comprehensive plans for trails of the state or any of its political subdivisions, replacement land, space, or facilities shall be provided and where such recreational trails exist at the time of taking, reconstruction of said recreational trails shall be undertaken.

[1971 ex.s. c 130 § 1.]

**RCW 47.30.020 Facilities for nonmotorized traffic--Joint usage of rights of way.**

Facilities for pedestrians, equestrians, or bicyclists shall be incorporated into the design of highways and freeways along corridors where such facilities do not exist upon a finding that such facilities would be of joint use and conform to the comprehensive plans of public agencies for the development of such facilities, will not duplicate existing or proposed routes, and that safety to both motorists and to pedestrians, equestrians, and bicyclists would be enhanced by the segregation of traffic.

In planning and design of all highways, every effort shall be made consistent with safety to promote joint usage of rights of way for trails and paths in accordance with the comprehensive plans of public agencies.
RCW 47.30.030 Facilities for nonmotorized traffic--Expenditure of available funds.
Where an existing highway severs, or where the right of way of an existing highway accommodates a trail for pedestrians, equestrians, or bicyclists or where the separation of motor vehicle traffic from pedestrians, equestrians, or bicyclists will materially increase the motor vehicle safety, the provision of facilities for pedestrians, equestrians, or bicyclists which are a part of a comprehensive trail plan adopted by federal, state, or local governmental authority having jurisdiction over the trail is hereby authorized. The department of transportation, or the county or city having jurisdiction over the highway, road, or street, or facility is further authorized to expend reasonable amounts out of the funds made available to them, according to the provisions of RCW 46.68.090, as necessary for the planning, accommodation, establishment, and maintenance of such facilities.

Notes:
Effective date--1999 c 269: See note following RCW 36.78.070.
Severability--1972 ex.s. c 103: "If any provision of this 1972 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1972 ex.s. c 103 § 8.]

RCW 47.30.040 Establishing paths and trails--Factors to be considered.
Before establishing paths and trails, the following factors shall be considered:
(1) Public safety;
(2) The cost of such paths and trails as compared to the need or probable use;
(3) Inclusion of the trail in a plan for a comprehensive trail system adopted by a city or county in a state or federal trails plan.

Notes:
Severability--1972 ex.s. c 103: See note following RCW 47.30.030.

RCW 47.30.050 Expenditures for paths and trails--Minimum amount.
(1) The amount expended by a city, town, or county as authorized by RCW 47.30.030 shall never in any one fiscal year be less than 0.42 percent of the total amount of funds received from the motor vehicle fund according to RCW 46.68.090. However, this section does not apply to a city or town in any year in which the 0.42 percent equals five hundred dollars or less, or to a county in any year in which the 0.42 percent equals three thousand dollars or less. Also, a city, town, or county in lieu of expending the funds each year may credit the funds to a financial reserve or special fund, to be held for not more than ten years, and to be expended for the
purposes required or permitted by RCW 47.30.030.

(2) In each fiscal year the department of transportation shall expend, as a minimum, for the purposes mentioned in RCW 47.30.030 a sum equal to three-tenths of one percent of all funds, both state and federal, expended for the construction of state highways in such year, or in order to more efficiently program trail improvements the department may defer any part of such minimum trail or path expenditures for a fiscal year for a period not to exceed four years after the end of such fiscal year. Any fiscal year in which the department expends for trail or path purposes more than the minimum sum required by this subsection, the amount of such excess expenditure shall constitute a credit which may be carried forward and applied to the minimum trail and path expenditure requirements for any of the ensuing four fiscal years.

(3) The department of transportation, a city, or a county in computing the amount expended for trails or paths under their respective jurisdictions may include the cost of improvements consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980.

For the purposes of this chapter, the establishment of paths and trails and the expenditure of funds as authorized by RCW 47.30.030, as now or hereafter amended, shall be deemed to be for highway, road, and street purposes. The department of transportation shall, when requested, and subject to reimbursement of costs, provide technical assistance and advice to cities, towns, and counties in carrying out the purposes of RCW 47.30.030, as now or hereafter amended. The department shall recommend construction standards for paths and trails. The department shall provide a uniform system of signing paths and trails which shall apply to paths and trails under the jurisdiction of the department and of cities, towns, and counties. The department and cities, towns, and counties may restrict the use of paths and trails under their respective jurisdictions to pedestrians, equestrians, and nonmotorized vehicles.

RCW 47.32.140  Railroad crossings, obstructions--Hearing.

Each railroad company shall keep its right of way clear of all brush and timber in the vicinity of a railroad grade crossing with a state highway for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. The department shall cause brush and timber to be cleared from the right of way of a state highway in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. unlawful to erect or maintain a sign, signboard, or billboard, except official highway signs and traffic devices and railroad warning or operating signs, outside the corporate limits of any city or town within a distance of one hundred feet from the point of intersection of the highway and railroad grade crossing unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the department determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a state highway or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the department or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing. However, nothing in this section prevents the posting or maintaining of any legal notice or sign, signal, or traffic device required or permitted to be posted or maintained, or the placing and maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs are approved by the department. The department shall inspect highway grade crossings and make complaint of the violation of any provisions of this section.

In order to provide safety at intersections on the state highway system, the department may require persons traveling upon any portion of such highway to stop before entering the intersection. For this purpose there may be erected a standard stop sign as prescribed in the state department of transportation's "Manual on Uniform Traffic Control Devices for Streets and Highways." All persons traveling upon the highway shall come to a complete stop at such a sign, and the appearance of any sign so located is sufficient warning to a person that he is required to stop. The standards shall provide that a jurisdiction shall conform to these requirements, at such time thereafter that it undertakes to (1) renew or install permanent markings on the existing or new roadway, and (2) remove existing nonconforming raised pavement markers at the time the jurisdiction prepares to resurface the roadway, or earlier, at its option. These standards shall be in effect, as provided in this section, unless the legislative authority of the local governmental body finds that special circumstances exist affecting vehicle and pedestrian safety that warrant a variance to the standard.

For the purposes of this section, "urbanized area" means an area designated as such by the United States bureau of census and having a population of more than fifty thousand. RCW 47.39.010   System created--Standards.
There is hereby created a scenic and recreational highway system. Highways in this system shall be developed and maintained in accordance with general standards for state highways of comparable classification and usage.

Recognizing that the Transportation Equity Act for the 21st Century establishes a national "scenic byway" program that could benefit state and local roadways, the Washington state scenic byway designation program is revised to address state and local transportation routes. Byways in this program must be designated and maintained in accordance with the criteria developed by the department under this chapter. However, a highway so designated under RCW 47.39.069 does not become part of the scenic and recreational highway system unless approved by the legislature.

Notes:

Legislative finding--1990 c 240: "The legislature finds that scenic and recreational highways are designated because of a need to develop management plans that will protect and preserve the scenic and recreational resources from loss through inappropriate development. Protection of scenic and recreational resources includes managing land use outside normal highway rights of way. The legislature recognizes that scenic and recreational highways are typically located in areas that are natural in character, along watercourses or through mountainous areas, or in areas with a view of such scenery." [1990 c 240 § 1.]

**RCW 47.39.030 Development and maintenance of system by department of transportation and parks and recreation commission--Allocation of costs.**

(1) The department shall pay from motor vehicle funds appropriated for construction of state highways, the following costs of developing and constructing scenic and recreational highways: (a) Acquisition of the right of way necessary for state highway purposes; (b) construction of the portion of the highway designed primarily for motor vehicle travel; (c) exit and entrance roadways providing access to scenic observation points; (d) safety rest areas; (e) roadside landscaping within the portion of the highway right of way acquired by the department for state highway purposes; (f) the uniform signs and markers designating the various features and facilities of the scenic and recreational highways; and (g) any additional costs of constructing and developing the scenic and recreational highways, including property acquisition adjacent to highways as authorized by RCW 47.12.250, for which the department shall receive reimbursement from the federal government or any other source.

(2) The parks and recreation commission shall pay the costs of developing and constructing the scenic and recreational highways not provided for in subsection (1) of this section from any funds appropriated for such purposes.

(3) The costs of maintaining the scenic and recreational highway system shall be allocated between the department and the parks and recreation commission in the same manner that costs of developing and constructing such highways are allocated in subsections (1) and (2) of this section.

(4) The city, town, county, regional transportation planning organization, federal agency, federally recognized tribe, or any other such party that nominates a roadway not located on a state-owned right of way for designation as a scenic byway shall bear all costs relating to the nomination and designation of the byway, such as costs for developing, maintaining, planning, designing, and constructing the scenic byway.
RCW 47.39.040  Planning and design standards established by department of community, trade, and economic development.

The establishment of planning and design standards for items provided for in RCW 47.39.050 shall be coordinated by the department of community, trade, and economic development. The department of transportation, parks and recreation commission, and any other departments or commissions whose interests are affected shall prepare, submit, and file with the department of community, trade, and economic development standards relating to the scenic and recreational highway system. If varying planning and design standards are filed, the department of community, trade, and economic development shall consult with the submitting agencies on the merits of the several proposals and, based upon such consultation, establish a set of standards. Pursuant to the planning and design standards so established, the department of transportation and the parks and recreation commission shall develop the highways and areas adjacent thereto to accomplish the purposes of this chapter, but the department shall retain exclusive authority over the highway right of way.

Responsibility for construction and maintenance is hereby established between the department and the parks and recreation commission with the department responsible for activities financed with funds provided for under RCW 47.39.030(1) and the parks and recreation commission responsible for activities financed from other sources of funds. By mutual consent, responsibility for development and/or maintenance may be transferred between the two agencies.

RCW 47.39.050  Planning and design standards--Facilities and factors considered.

Planning and design standards established for highways falling within the scenic and recreational highways system may include, but shall not be limited to, provision for the following:

(1) Hiking, bicycle, and bridle trails, including regulations for their use;
(2) Campsites and shelters;
(3) Boat launching sites;
(4) Access trails to lakes, rivers and streams, and easements along their shores;
(5) Safety rest areas;
(6) Historic and geologic interpretative facilities;
(7) Scenic observation facilities;
(8) Roadside landscaping, restoration and aesthetic enhancement;
(9) Specifically delineated highway corridors and means for the preservation of natural beauty, historic sites, or viewpoints;
(10) A uniform system of signs and markers designating the various features and facilities of the scenic and recreational highway systems.

[1967 ex.s. c 85 § 5.]

RCW 47.39.060 Designation of system on maps or other descriptive material.
The department and the parks and recreation commission may include, where appropriate, on any maps, or in any relevant descriptive material they may prepare at state expense, references to those portions of highways designated in RCW 47.39.020, and may include those designated byways by appropriate color or code designation.

RCW 47.39.069 Designation and removal criteria.
(1) The department, in consultation with the department of community, trade, and economic development, the department of natural resources, the parks and recreation commission, affected cities, towns, and counties, federally recognized tribes, regional transportation planning organizations, Washington-based automobile clubs, state-wide bicycling organizations, and other interested parties, shall develop by December 31, 1999, criteria for assessing scenic byways and heritage tour routes and an appropriate method of nomination and application for the designation and removal of the designation of the byways. Factors the department may take into consideration, but is not limited by, are: (a) Scenic quality of the byway; (b) natural aspects, such as geological formations, water bodies, vegetation, and wildlife; (c) historic elements; (d) cultural features such as the arts, crafts, music, customs, or traditions of a distinct group of people; (e) archaeological features; (f) recreational activities; (g) roadway safety including accommodations for bicycle and pedestrian travel, tour buses, and automobiles; (h) scenic byway and local and regional byway management plans; and (i) local public involvement and support for the byway.

(2) The criteria developed in subsection (1) of this section must not impose nor require regulation of privately owned lands or property rights.

(3) Any person may nominate a roadway, path, or trail for inclusion in the scenic byway program. The department shall assess nominations in accordance with the criteria developed.
under subsection (1) of this section. The department shall submit its recommendations for scenic byway and heritage tour route designations to the commission for its approval and official designation of the roadway, path, or trail as a scenic byway or a heritage tour route. All decisions made by the commission relating to scenic byway and heritage tour route designations are final.

(4) The department shall apply the criteria in subsection (1) of this section to state highways that are currently not a part of the designated scenic and recreational highway system. The department shall respond to local requests for route evaluation as defined in subsection (3) of this section.

(5) Once the commission has designated a roadway as a scenic byway, the department may submit an individual nomination to the Federal Highway Administration for its consideration of whether the roadway qualifies to be designated as a national scenic byway or an All-American Roadway.

RCW 47.39.075  Corridor management plan.

The department shall participate with local communities to develop a corridor management plan for a state highway nominated to be part of the scenic byway program. Local, regional, or other governmental bodies shall develop a corridor management plan for nominated routes that are under their jurisdiction.

[1999 c 218 § 5.]

Notes:

Effective date--1999 c 218: See note following RCW 47.39.010.

RCW 47.39.080  Funding priorities--Signage.

Recognizing that the Transportation Equity Act for the 21st Century establishes a national "Scenic Byways" grant program and a new apportionment program called "Transportation Enhancement Activities," the department of transportation shall place high priority on obtaining funds from those sources for further development of a scenic and recreational highways program, including enhancement projects on the designated scenic and recreational highway system. The department shall consider the use of the designated system by bicyclists and pedestrians in connection with nonmotorized routes in the state trail plan, and the state bicycle plan which are also eligible for TEA-21 funding. Appropriate signage may be used at intersections of nonmotorized and motorized systems to demonstrate the access, location, and the interconnectivity of various modes of travel for transportation and recreation. For the purposes of leveraging national scenic byway planning grant funds, the commission may designate eligible state highways as scenic byways on an interim basis.

[1999 c 218 § 6; 1993 c 430 § 8.]

Notes:
RCW 47.39.090 Consultation with other agencies and parties--Identification of tourist routes.

In developing the scenic and recreational highways program, the department shall consult with the department of community, trade, and economic development, the department of natural resources, the parks and recreation commission, affected cities, towns, and counties, regional transportation planning organizations, state-wide bicycling organizations, and other interested parties. The scenic and recreational highways program may identify entire highway loops or similar tourist routes that could be developed to promote tourist activity and provide concurrent economic growth while protecting the scenic and recreational quality surrounding state highways.

[1995 c 399 § 123; 1993 c 430 § 9.]

RCW 47.39.100 Removal of designation.

(1) The commission may remove the designation of a route if it no longer possesses the intrinsic qualities or fails to meet the criteria that supported its designation.

(2) The department shall determine whether a roadway designated as a national scenic byway or an All-American Roadway is being properly maintained in accordance with the roadway's byway management plan, including preserving the intrinsic qualities that originally supported the designation. When the department determines that the intrinsic qualities of a national scenic byway or All-American Roadway have not been maintained sufficiently to retain its designation, the department shall notify the party responsible for maintaining the designation of the finding and allow the party an opportunity, under federal regulations, for corrective action before formal removal of the designation of the roadway.

(3) Local, regional, or other governmental bodies may notify the commission of the removal of a designated route if they determine it no longer meets the designation criteria, or community support for the designation no longer exists, or it no longer possesses the intrinsic qualities that supported its original designation.

(4) State or local removal of a designated route will result in discontinued state support of the designated route and can include, but is not limited to, state matching assistance for grant applications, the removal of signs directly related to the byway, free promotional information in the state-owned safety rest areas, and inclusion in maps, brochures, and electronic media.

RCW 47.40.100  State adopt-a-highway program.

(1) The department of transportation shall establish a state-wide adopt-a-highway program. The purpose of the program is to provide volunteers and businesses an opportunity to contribute to a cleaner environment, enhanced roadsides, and protection of wildlife habitats. Participating volunteers and businesses shall adopt department-designated sections of state highways, rest areas, park and ride lots, intermodal facilities, and any other facilities the department deems appropriate, in accordance with rules adopted by the department. The department may elect to coordinate a consortium of participants for adopt-a-highway projects.

The adopt-a-highway program shall include, at a minimum, litter control for the adopted section, and may include additional responsibilities such as planting and maintaining vegetation, controlling weeds, graffiti removal, and any other roadside improvement or clean-up activities the department deems appropriate. The department shall not accept adopt-a-highway proposals that would have the effect of terminating classified employees or classified employee positions.

(2) A volunteer group or business choosing to participate in the adopt-a-highway program must submit a proposal to the department. The department shall review the proposal for consistency with departmental policy and rules. The department may accept, reject, or modify an applicant's proposal.

(3) The department shall seek partnerships with volunteer groups and businesses to facilitate the goals of this section. The department may solicit funding for the adopt-a-highway program that allows private entities to undertake all or a portion of financing for the initiatives. The department shall develop guidelines regarding the cash, labor, and in-kind contributions to be performed by the participants.

(4) An organization whose name: (a) Endorses or opposes a particular candidate for public office, (b) advocates a position on a specific political issue, initiative, referendum, or piece of legislation, or (c) includes a reference to a political party shall not be eligible to participate in the adopt-a-highway program.

(5) In administering the adopt-a-highway program, the department shall:

(a) Provide a standardized application form, registration form, and contractual agreement for all participating groups. The forms shall notify the prospective participants of the risks and responsibilities to be assumed by the department and the participants;
(b) Require all participants to be at least fifteen years of age;
(c) Require parental consent for all minors;
(d) Require at least one adult supervisor for every eight minors;
(e) Require one designated leader for each participating organization, unless the department chooses to coordinate a consortium of participants;
(f) Assign each participating organization a section or sections of state highway, or other state-owned transportation facilities, for a specified period of time;
(g) Recognize the efforts of a participating organization by erecting and maintaining
signs with the organization's name on both ends of the organization's section of highway;

(h) Provide appropriate safety equipment. Safety equipment issued to participating groups must be returned to the department upon termination of the applicable adopt-a-highway agreement;

(i) Provide safety training for all participants;

(j) Pay any and all premiums or assessments required under RCW 51.12.035 to secure medical aid benefits under chapter 51.36 RCW for all volunteers participating in the program;

(k) Require participating businesses to pay all employer premiums or assessments required to secure medical aid benefits under chapter 51.36 RCW for all employees or agents participating in the program;

(l) Maintain records of all injuries and accidents that occur;

(m) Adopt rules that establish a process to resolve any question of an organization's eligibility to participate in the adopt-a-highway program;

(n) Obtain permission from property owners who lease right of way before allowing an organization to adopt a section of highway on such leased property; and

(o) Establish procedures and guidelines for the adopt-a-highway program.

(6) Nothing in this section affects the rights or activities of, or agreements with, adjacent landowners, including the use of rights of way and crossings, nor impairs these rights and uses by the placement of signs.

[1995 c 106 § 1; 1990 c 258 § 5.]

Notes:
Legislative findings and intent--1990 c 258: "The legislature finds that despite the efforts of the department of transportation, the department of ecology, and the ecology youth corps to pick up litter along state highways, roadside litter in Washington state has increased by thirty-six percent since 1983. The legislature further finds that in twenty-seven states, volunteer organizations are able to give of their time and energy, demonstrate commitment to a clean environment, and discourage would-be litterers by keeping sections of highway litter free because those states have established programs to encourage and recognize such voluntary efforts. Therefore, it is the legislature's intent to establish an "adopt-a-highway" litter control program as a partnership between citizen volunteers and the state to reduce roadside litter and build civic pride in a litter-free Washington." The legislature hereby finds and declares that junkyards which do not conform to the requirements of this chapter are public nuisances.

RCW 47.41.030 Junkyards adjacent to highways prohibited--Exceptions.

No person may establish, operate, or maintain a junkyard any portion of which is within one thousand feet of the nearest edge of the right of way of any interstate or federal-aid primary highway, except the following:

(1) Those which are screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main-traveled way of the system or otherwise removed from sight;

(2) Those located within areas which are zoned for industrial use under authority of law;

(3) Those located within unzoned industrial areas, which areas shall be determined from actual land uses and defined by rules adopted by the department and approved by the United States secretary of transportation; and

(4) Those which are not visible from the main-traveled way of the system.

Notes:

Severability--1984 c 7: See note following RCW 47.01.141.

RCW 47.41.040 Screening or removal of junkyard.

Before July 1, 1971, the department shall determine whether or not the topography of the land adjoining the highway will permit adequate screening of any junkyard lawfully in existence located outside of a zoned industrial area or an unzoned industrial area as defined under RCW 47.41.030 on August 9, 1971, that is within one thousand feet of the nearest edge of the right of way and visible from the main traveled way of any highway on the interstate and primary system and whether screening of the junkyard would be economically feasible. Within thirty days thereafter the department shall notify by certified mail the record owner of the land upon which the junkyard is located, or the operator thereof, of its determination.

If it is economically feasible to screen the junkyard, the department shall screen the junkyard so that it will not be visible from the main-traveled way of the highway. The department is authorized to acquire by gift, purchase, exchange, or condemnation such lands or interest in lands as may be required for these purposes.

If it is not economically feasible to screen the junkyard, the department shall acquire by purchase, gift, or condemnation an interest in the real property used for junkyard purposes that is visible from the main traveled way of the highway, restricting any owner of the remaining interest to use of the real estate for purposes other than a junkyard. In addition to compensation for the real property interest, the operator of a junkyard shall receive the actual reasonable
expenses in moving his business personal property to a location within the same general area where a junkyard may be lawfully established, operated, and maintained. This section shall be interpreted as being in addition to all other rights and remedies of a junkyard owner or operator and shall not be interpreted as a limitation on or alteration of the law of compensation in eminent domain.

[1971 ex.s. c 101 § 6.]

RCW 47.41.070 Violations--Penalty--Abatement as public nuisance.
If the owner of the land upon which any such junkyard is located, or the operator thereof, as the case may be, fails to comply with the notice or remove any such junk within the time provided in this chapter after being so notified, he is guilty of a misdemeanor. In addition to the penalties imposed by law upon conviction, an order may be entered compelling compliance with this chapter. Each day the junkyard is maintained in a manner so as not to comply with this chapter constitutes a separate offense.

If the operator of the junkyard or the owner of the property upon which it is located, as the case may be, is not found or refuses receipt of the notice, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall post the property upon which it is located with a notice that the junkyard constitutes a public nuisance and that the junk thereon must be removed as provided in this chapter. Signs within six hundred and sixty feet of the nearest edge of the right of way which are visible from the main traveled way of the primary system within commercial and industrial areas and whose size, lighting, and spacing are consistent with the customary use of property for the effective display of outdoor advertising as set forth in this section may be erected and maintained: PROVIDED, That this section shall not serve to restrict type 3 signs located along any portion of the primary system within an incorporated city or town or within any commercial or industrial area.

(1) General: Signs shall not be erected or maintained which (a) imitate or resemble any official traffic sign, signal, or device; (b) are erected or maintained upon trees or painted or drawn upon rocks or other natural features and which are structurally unsafe or in disrepair; or (c) have any visible moving parts.

(2) Size of signs:
(a) The maximum area for any one sign shall be six hundred seventy-two square feet with a maximum height of twenty-five feet and maximum length of fifty feet inclusive of any border and trim but excluding the base or apron, supports and other structural members: PROVIDED, That cut-outs and extensions may add up to twenty percent of additional sign area.

(b) For the purposes of this subsection, double-faced, back-to-back, or V-type signs shall be considered as two signs.

(c) Signs which exceed three hundred twenty-five square feet in area may not be double-faced (abutting and facing the same direction).

(d) For the purposes of this subsection, a back-to-back sign and a V-type sign shall be considered one sign structure.

(e) Official signs, and signs advertising activities conducted on the property on which they are located shall not be considered in determining compliance with the above spacing requirements. The minimum space between structures shall be measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply to signs located on the same side of the highway.

(4) Lighting: Signs may be illuminated, subject to the following restrictions:

(a) Signs which contain, include, or are illuminated by any flashing, intermittent, or moving light or lights are prohibited, except those giving public service information such as time, date, temperature, weather, or similar information.

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures an official traffic sign, device, or signal.

(d) All such lighting shall be subject to any other provisions relating to lighting of signs presently applicable to all highways under the jurisdiction of the state.

If the sign is not removed within fifteen days after such posting, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of
any city or town shall abate the nuisance and destroy the sign, and for that purpose may enter upon private property without incurring liability for doing so.

(4) Nothing in this section may be construed to affect the provisions contained in RCW 47.42.102 requiring the payment of compensation upon the removal of any signs compensable under state law.

(5) Any sign erected or maintained on state highway right of way contrary to this chapter or rules adopted under it is a public nuisance, and the department is authorized to remove any such sign without notice.

If the owner of the sign is unknown and cannot be ascertained after diligent efforts to do so, the department may remove the sign upon the payment of compensation only to the owner of the real property on which the sign is located. Thereafter the owner of the
sign may file an action at any time within one year after the removal of the sign to obtain a

obtaining a determination of the amount of compensation to be paid may be by publication in the
manner provided by RCW 4.28.100.

(2) If compensation is determined by judicial proceedings, the sum so determined shall
be paid into the registry of the court to be disbursed upon removal of the sign by its owner or by
the owner of the real property on which the sign is located. If the amount of compensation is
agreed upon, the department may pay the agreed sum into escrow to be released upon the
removal of the sign by its owner or the owner of the real property on which the sign is located.

RCW 47.44.010  Wire and pipe line and tram and railway franchises--Application--Rules on hearing and notice.

(1) The department of transportation may grant franchises to persons, associations, private or municipal corporations, the United States government, or any agency thereof, to use any state highway for the construction and maintenance of water pipes, flume, gas, oil or coal pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department of transportation, and any other such facilities. In order to minimize the disruption to traffic and damage to the roadway, the department is encouraged to develop a joint trenching policy with other affected jurisdictions so that all permittees and franchisees requiring access to ground under the roadway may do so at one time.

(2) All applications for the franchise must be made in writing and subscribed by the applicant, and describe the state highway or portion thereof over which franchise is desired and the nature of the franchise. The application must also include the identification of all jurisdictions affected by the franchise and the names of other possible franchisees who should receive notice of the application for a franchise.

(3) The department of transportation shall adopt rules providing for a hearing or an opportunity for a hearing with reasonable public notice thereof with respect to any franchise application involving the construction and maintenance of utilities or other facilities within the highway right of way which the department determines may (a) during construction, significantly disrupt the flow of traffic or use of driveways or other facilities within the right of way, or (b) during or following construction, cause a significant and adverse effect upon the surrounding environment.

NOTES:
*Urban public transportation system defined: RCW 47.04.082.*

RCW 47.44.020  Grant of franchise--Conditions--Hearing.

(1) If the department of transportation deems it to be for the public interest, the franchise may be granted in whole or in part, with or without hearing under such regulations and conditions as the department may prescribe, with or without compensation, but not in excess of the reasonable cost for investigating, handling, and granting the franchise. The department may
require that the utility and appurtenances be so placed on the highway that they will, in its opinion, least interfere with other uses of the highway.

(2) If a hearing is held, it must be conducted by the department, and may be adjourned from time to time until completed. The applicant may be required to produce all facts pertaining to the franchise, and evidence may be taken for and against granting it.

(3) The facility must be made subject to removal when necessary for the construction, alteration, repair, or improvement of the highway and at the expense of the franchise holder, except that the state shall pay the cost of the removal whenever the state is entitled to receive proportionate reimbursement therefor from the United States in the cases and in the manner set forth in RCW 47.44.030. Renewal upon expiration of a franchise must be by application.

(4) A person constructing or operating such a utility on a state highway is liable to any person injured thereby for any damages incident to the work of installation or the continuation of the occupancy of the highway by the utility, and except as provided above, is liable to the state for all necessary expenses incurred in restoring the highway to a permanent suitable condition for travel. A person constructing or operating such a utility on a state highway is also liable to the state for all necessary expenses incurred in inspecting the construction and restoring the pavement or other related transportation equipment or facilities to a permanent condition suitable for travel and operation in accordance with requirements set by the department. Permit and franchise holders are also financially responsible to the department for trenching work not completed within the contractual period and for compensating for the loss of useful pavement life caused by trenching. No franchise may be granted for a longer period than fifty years, and no exclusive franchise or privilege may be granted.

(5) The holder of a franchise granted under this section is financially responsible to the department for trenching work not completed within the period of the permit and for compensating for the loss of useful pavement life caused by trenching. In the case of common trenching operations, liability under this subsection will be assessed equally between the franchisees. The assessed parties may thereafter pursue claims of contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action.

RCW 47.44.030 Removal of facilities—Notice—Reimbursement, when.

If the department deems it necessary that a facility be removed from the highway for the safety of persons traveling thereon or for construction, alteration, improvement, or maintenance purposes, it shall give notice to the franchise holder to remove the facility at his or her expense and as the department orders. However, notwithstanding any contrary provision of law or of any existing or future franchise held by a public utility, the department shall pay or reimburse the owner for relocation or removal of any publicly, privately, or cooperatively owned public utility facilities when necessitated by the construction, reconstruction, relocation, or improvement of a highway that is part of the national system of interstate and defense highways for each item of cost for which the state is entitled to be reimbursed by the United States in an amount equal to at least ninety percent thereof under the provisions of section 123 of the federal aid highway act of
1958 and any other subsequent act of congress under which the state is entitled to be reimbursed by the United States in an amount equal to at least ninety percent of the cost of relocation of utility facilities on the national system of interstate and defense highways.

All such franchises shall be granted in the same manner as provided for the granting of like franchises on state highways. (1) The department may grant a permit to construct or maintain on, over, across, or along any state highway any water, gas, telephone, telegraph, light, power, or other such facilities when they do not extend along the state highway for a distance greater than three hundred feet. The department may require such information as it deems necessary in the application for any such permit, and may grant or withhold the permit within its discretion. Any permit granted may be canceled at any time, and any facilities remaining upon the right of way of the state highway after thirty days written notice of the cancellation are an unlawful obstruction and may be removed in the manner provided by law.

Each day of violation is a separate and distinct offense.

(2) Any person, firm, or corporation who constructs or maintains on, over, across, or along any state highway any water pipe, flume, gas pipe, telegraph, telephone, electric light or power lines, or tram or railway, or any other such facilities, without having first obtained and having at all times in full force and effect a franchise or permit to do so in the manner provided by law is liable for a civil penalty of one hundred dollars per calendar day beginning forty-five days from the date notice is given and until application is made for a franchise or permit or until the facility is removed as required by notice. The state shall give notice by certified mail that a franchise or permit is required or the facility must be removed and shall include in the notice sufficient information to identify the portion of right of way in question. Notice is effective upon delivery.

(3) If a person, firm or corporation does not apply for a permit or franchise within forty-five days of notice given in accordance with subsection (2) of this section or the state determines that the facility constructed or maintained without a permit or franchise would not be granted a permit or franchise, the state may order the facility to be removed within such time period as the state may specify. If the facility is not removed, the state, in addition to any other
remedy, may remove the facility at the expense of the owner.

RCW 47.46.010 Finding.

The legislature finds and declares:

It is essential for the economic, social, and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient transportation system.

The ability of the state to provide an efficient transportation system will be enhanced by a public-private sector program providing for private entities to undertake all or a portion of the study, planning, design, development, financing, acquisition, installation, construction or improvement, operation, and maintenance of transportation systems and facility projects.

A public-private initiatives program will provide benefits to both the public and private
sectors. Public-private initiatives provide a sound economic investment opportunity for the private sector. Such initiatives will provide the state with increased access to property development and project opportunities, financial and development expertise, and will supplement state transportation revenues, allowing the state to use its limited resources for other needed projects.

The public-private initiatives program, to the fullest extent possible, should encourage and promote business and employment opportunities for Washington state citizens.

The public-private initiatives program shall be implemented in cooperation, consultation, and with the support of the affected communities and local jurisdictions.

The secretary of transportation should be permitted and encouraged to test the feasibility of building privately funded transportation systems and facilities or segments thereof through the use of innovative agreements with the private sector. The secretary of transportation should be vested with the authority to solicit, evaluate, negotiate, and administer public-private agreements with the private sector relating to the planning, construction, upgrading, or reconstruction of transportation systems and facilities.

Agreements negotiated under a public-private initiatives program will not bestow on private entities an immediate right to construct and operate the proposed transportation facilities. Rather, agreements will grant to private entities the opportunity to design the proposed facilities, demonstrate public support for proposed facilities, and complete the planning processes required in order to obtain a future decision by the department of transportation and other state and local lead agencies on whether the facilities should be permitted and built.

Agreements negotiated under the public-private initiatives program should establish the conditions under which the private developer may secure the approval necessary to develop and operate the proposed transportation facilities; create a framework to attract the private capital necessary to finance their development; ensure that the transportation facilities will be designed, constructed, and operated in accordance with applicable local, regional, state, and federal laws and the applicable standards and policies of the department of transportation; and require a demonstration that the proposed transportation facility has the support of the affected communities and local jurisdictions.

The legislature finds that the Puget Sound congestion pricing project, selected under this chapter, raises major transportation policy, economic, and equity concerns. These relate to the integrity of the state's high-occupancy vehicle program; the cost-effective movement of freight and goods; the diversion of traffic to local streets and arterials; and possible financial hardship to commuters. The legislature further finds that these potential economic and social impacts require comprehensive legislative review prior to advancement of the project and directs that the secretary not proceed with the implementation of the project without prior approval of the legislature.

The department of transportation should be encouraged to take advantage of new opportunities provided by federal legislation under section 1012 of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). That section establishes a new program authorizing federal participation in construction or improvement or improvement of publicly or privately owned toll roads, bridges, and tunnels, and allows states to leverage available federal
funds as a means for attracting private sector capital.

[1995 2nd sp.s. c 19 § 1; 1993 c 370 § 1.]

Notes:

Effective date--1995 2nd sp.s. c 19: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [June 16, 1995]." [1995 2nd sp.s. c 19 § 5.]

RCW 47.46.020 Definition.

As used in this chapter, "transportation systems and facilities" means capital-related improvements and additions to the state's transportation infrastructure, including but not limited to highways, roads, bridges, vehicles, and equipment, marine-related facilities, vehicles, and equipment, park and ride lots, transit stations and equipment, transportation management systems, and other transportation-related investments.

[1993 c 370 § 2.]

RCW 47.46.030 Demonstration projects--Selection--Public involvement.

(1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a
minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration. Forty-five days after the submission to the legislative transportation committee of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (11) and (12) of this section, the department shall require an advisory vote as provided under subsections (5) through (10) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (12) and (13) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.
(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a state-wide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 29.01.120.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall
transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(9) The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.

(10) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29.13.020 that is at least sixty days but, if authorized under RCW 29.13.020, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(11) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(12) Subsections (5) through (10) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(13) Subsections (5) through (10) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection.

Effective date--1995 2nd sp.s. c 19: See note following RCW 47.46.010.

RCW 47.46.040 Demonstration projects--Terms of agreements--Public participation.

(1) All projects designed, constructed, and operated under this authority must comply with all applicable rules and statutes in existence at the time the agreement is executed, including but not limited to the following provisions: Chapter 39.12 RCW, this title, RCW 41.06.380, chapter 47.64 RCW, RCW 49.60.180, and 49 C.F.R. Part 21.

(2) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(3) Agreements shall provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement shall provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state shall lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(4) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this chapter. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(5) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(6) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during
construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(7) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(8) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(9) Agreements shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(10)(a) In carrying out the public involvement process required in subsection (9) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and
commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the legislative transportation committee and local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(11) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public.

NOTES:

Effective date--1995 2nd sp.s. c 19: See note following RCW 47.46.010.

RCW 47.46.050 Financial arrangements.

(1) The department may enter into agreements using federal, state, and local financing in connection with the projects, including without limitation, grants, loans, and other measures authorized by section 1012 of ISTEIA, and to do such things as necessary and desirable to maximize the funding and financing, including the formation of a revolving loan fund to implement this section.

(2) Agreements entered into under this section shall authorize the private entity to lease the facilities within a designated area or areas from the state and to impose user fees or tolls within the designated area to allow a reasonable rate of return on investment, as established through a negotiated agreement between the state and the private entity. The negotiated agreement shall determine a maximum rate of return on investment, based on project characteristics. If the negotiated rate of return on investment is not affected, the private entity may establish and modify toll rates and user fees.

(3) Agreements may establish "incentive" rates of return beyond the negotiated maximum rate of return on investment. The incentive rates of return shall be designed to provide financial benefits to the affected public jurisdictions and the private entity, given the attainment of various...
safety, performance, or transportation demand management goals. The incentive rates of return shall be negotiated in the agreement.

(4) Agreements shall require that over the term of the ownership or lease the user fees or toll revenues be applied only to payment of the private entity’s capital outlay costs for the project, including project development costs, interest expense, the costs associated with design, construction, operations, toll collection, maintenance and administration of the project, reimbursement to the state for all costs associated with an election as required under RCW 47.46.030, the costs of project review and oversight, technical and law enforcement services, establishment of a fund to assure the adequacy of maintenance expenditures, and a reasonable return on investment to the private entity. A negotiated agreement shall not extend the term of the ownership or lease beyond the period of time required for payment of the private entity’s capital outlay costs for the project under this subsection.

The department of revenue shall approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on the project. The use of the certificate shall be governed by rules established by the department of revenue.

(3) A private entity granted a tax deferral under this section shall begin paying the deferred taxes in the fifth year after the date certified by the department of revenue as the date on which the project is operationally complete. The first payment is due on December 31st of the fifth calendar year after such certified date, with subsequent annual payments due on December 31st of the following nine years. Each payment shall equal ten percent of the deferred tax.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of a private entity granted a deferral under this section.

(5) Interest shall not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of the private entity.

(6) Applications and any other information received by the department of revenue under
this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section.

HIGHWAY ACCESS MANAGEMENT

47.50.020 Definitions--Access.
47.50.030 Regulating connections.
47.50.040 Access permits.
47.50.050 Permit fee.
47.50.060 Permit review process.
RCW 47.50.010 Findings--Access.

(1) The legislature finds that:

(a) Regulation of access to the state highway system is necessary in order to protect the public health, safety, and welfare, to preserve the functional integrity of the state highway system, and to promote the safe and efficient movement of people and goods within the state;

(b) The development of an access management program, in accordance with this chapter, which coordinates land use planning decisions by local governments and investments in the state highway system, will serve to control the proliferation of connections and other access approaches to and from the state highway system. Without such a program, the health, safety, and welfare of the residents of this state are at risk, due to the fact that uncontrolled access to the state highway system is a significant contributing factor to the congestion and functional deterioration of the system; and

(c) The development of an access management program in accordance with this chapter will enhance the development of an effective transportation system and increase the traffic-carrying capacity of the state highway system and thereby reduce the incidences of traffic accidents, personal injury, and property damage or loss; mitigate environmental degradation; promote sound economic growth and the growth management goals of the state; reduce highway maintenance costs and the necessity for costly traffic operations measures; lengthen the effective life of transportation facilities in the state, thus preserving the public investment in such facilities; and shorten response time for emergency vehicles.

(2) In furtherance of these findings, all state highways are hereby declared to be controlled access facilities as defined in RCW 47.50.020, except those highways that are defined as limited access facilities in chapter 47.52 RCW.

(3) It is the policy of the legislature that:

(a) The access rights of an owner of property abutting the state highway system are subordinate to the public's right and interest in a safe and efficient highway system; and

(b) Every owner of property which abuts a state highway has a right to reasonable access to that highway, unless such access has been acquired pursuant to chapter 47.52 RCW, but may not have the right of a particular means of access. The right of access to the state highway may be restricted if, pursuant to local regulation, reasonable access can be provided to another public road which abuts the property.

(4) The legislature declares that it is the purpose of this chapter to provide a coordinated planning process for the permitting of access points on the state highway system to effectuate the findings and policies under this section.

(5) Nothing in this chapter shall affect the right to full compensation under section 16, Article I of the state Constitution.
RCW 47.50.020 Definitions--Access.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled access facility" means a transportation facility to which access is regulated by the governmental entity having jurisdiction over the facility. Owners or occupants of abutting lands and other persons have a right of access to or from such facility at such points only and in such manner as may be determined by the governmental entity.

(2) "Connection" means approaches, driveways, turnouts, or other means of providing for the right of access to or from controlled access facilities on the state highway system.

(3) "Permitting authority" means the department for connections in unincorporated areas or a city or town within incorporated areas which are authorized to regulate access to state highways pursuant to chapter 47.24 RCW.

RCW 47.50.030 Regulating connections.

(1) Vehicular access and connections to or from the state highway system shall be regulated by the permitting authority in accordance with the provisions of this chapter in order to protect the public health, safety, and welfare.

(2) The department shall by July 1, 1992, adopt administrative procedures pursuant to chapter 34.05 RCW which establish state highway access standards and rules for its issuance and modification of access permits, closing of unpermitted connections, revocation of permits, and waiver provisions in accordance with this chapter. The department shall consult with the association of Washington cities and obtain concurrence of the city design standards committee as established by RCW 35.78.030 in the development and adoption of rules for access standards for city streets designated as state highways under chapter 47.24 RCW.

(3) Cities and towns shall, no later than July 1, 1993, adopt standards for access
permitting on streets designated as state highways which meet or exceed the department's standards, provided that such standards may not be inconsistent with standards adopted by the department.

RCW 47.50.040  Access permits.

(1) No connection to a state highway shall be constructed or altered without obtaining an access permit in accordance with this chapter in advance of such action. A permitting authority has the authority to deny access to the state highway system at the location specified in the permit until the permittee constructs or alters the connection in accordance with the permit requirements.

(2) The cost of construction or alteration of a connection shall be borne by the permittee, except for alterations which are not required by law or administrative rule, but are made at the request of and for the convenience of the permitting authority. The permittee, however, shall bear the cost of alteration of any connection which is required by the permitting authority due to increased or altered traffic flows generated by changes in the permittee's facilities or nature of business conducted at the location specified in the permit.

(3) Except as otherwise provided in this chapter, an unpermitted connection is subject to closure by the appropriate permitting authority which shall have the right to install barriers across or remove the connection. When the permitting authority determines that a connection is unpermitted and subject to closure, it shall provide reasonable notice of its impending action to the owner of property served by the connection. The permitting authority's procedures for providing notice and preventing the operation of unpermitted connections shall be adopted by rule.

The permitting authority may issue a permit subject to any conditions necessary to carry out the provisions of this chapter, including, but not limited to, requiring the use of a joint-use connection. The permitting authority may revoke a permit if the applicant fails to comply with the conditions upon which the issuance of the permit was predicated.

Notes:

RCW 47.50.080  Permit removal.

(1) Unpermitted connections to the state highway system in existence on July 1, 1990, shall not require the issuance of a permit and may continue to provide access to the state highway system, unless the permitting authority determines that such a connection does not meet minimum acceptable standards of highway safety. However, a permitting authority may require that a permit be obtained for such a connection if a significant change occurs in the use, design, or traffic flow of the connection or of the state highway to which it provides access. If a permit is not obtained, the connection may be closed pursuant to RCW 47.50.040.

(2) Access permits granted prior to adoption of the permitting authorities' standards shall remain valid until modified or revoked. Access connections to state highways identified on plats and subdivisions approved prior to July 1, 1991, shall be deemed to be permitted pursuant to chapter 202, Laws of 1991. The permitting authority may, after written notification, under rules adopted in accordance with RCW 47.50.030, modify or revoke an access permit granted prior to adoption of the standards by requiring relocation, alteration, or closure of the connection if a significant change occurs in the use, design, or traffic flow of the connection.

(3) The permitting authority may issue a nonconforming access permit after finding that to deny an access permit would leave the property without a reasonable means of access to the public roads of this state. Every nonconforming access permit shall specify limits on the maximum vehicular use of the connection and shall be conditioned on the availability of future

RCW 47.50.090 Access management standards.

(1) The department shall develop, adopt, and maintain an access control classification system for all routes on the state highway system, the purpose of which shall be to provide for the implementation and continuing applications of the provision of this chapter.

(2) The principal component of the access control classification system shall be access management standards, the purpose of which shall be to provide specific minimum standards to be adhered to in the planning for and approval of access to state highways.

(3) The control classification system shall be developed consistent with the following:

(a) The department shall, no later than January 1, 1993, adopt rules setting forth procedures governing the implementation of the access control classification system required by this chapter. The rule shall provide for input from the entities described in (b) of this subsection as well as for public meetings to discuss the access control classification system. Nothing in this chapter shall affect the validity of the department's existing or subsequently adopted rules concerning access to the state highway system. Such rules shall remain in effect until repealed or replaced by the rules required by this chapter.

(b) The access control classification system shall be developed in cooperation with counties, cities and towns, the department of community, trade, and economic development, regional transportation planning organizations, and other local governmental entities, and for city streets designated as state highways pursuant to chapter 47.24 RCW, adopted with the concurrence of the city design standards committee.

(c) The rule required by this section shall provide that assignment of a road segment to a specific access category be made in consideration of the following criteria:

(i) Local land use plans and zoning, as set forth in comprehensive plans;

(ii) The current functional classification as well as potential future functional classification of each road on the state highway system;

(iii) Existing and projected traffic volumes;

(iv) Existing and projected state, local, and metropolitan planning organization transportation plans and needs;

(v) Drainage requirements;

(vi) The character of lands adjoining the highway;

(vii) The type and volume of traffic requiring access;

(viii) Other operational aspects of access;

(ix) The availability of reasonable access by way of county roads and city streets to a state highway; and

(x) The cumulative effect of existing and projected connections on the state highway.
system's ability to provide for the safe and efficient movement of people and goods within the state.

(d) Access management standards shall include, but not be limited to, connection location standards, safety factors, design and construction standards, desired levels of service, traffic control devices, and effective maintenance of the roads. The standards shall also contain minimum requirements for the spacing of connections, intersecting streets, roads, and highways.

(e) An access control category shall be assigned to each segment of the state highway system by July 1, 1993.

RCW 47.52.001  Declaration of policy.
Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed. It is the declared policy of this state to limit access to the highway facilities of this state in the interest of highway safety and for the preservation of the investment of the public in such facilities.
[1961 c 13 § 47.52.001. Prior: 1951 c 167 § 1.]

RCW 47.52.010  "Limited access facility" defined.
For the purposes of this chapter, a "limited access facility" is defined as a highway or street especially designed or designated for through traffic, and over, from, or to which owners or occupants of abutting land, or other persons, have no right or easement, or only a limited right or easement of access, light, air, or view by reason of the fact that their property abuts upon such limited access facility, or for any other reason to accomplish the purpose of a limited access facility. Such highways or streets may be parkways, from which vehicles forming part of an urban public transportation system, trucks, buses, or other commercial vehicles may be excluded; or they may be freeways open to use by all customary forms of street and highway traffic, including vehicles forming a part of an urban public transportation system.
[1967 c 108 § 10; 1961 c 13 § 47.52.010. Prior: 1951 c 167 § 2; 1947 c 202 § 1; Rem. Supp. 1947 § 6402-60.]

Notes:
Urban public transportation system defined: RCW 47.04.082.

RCW 47.52.011  "Existing highway" defined.
For the purposes of this chapter, the term "existing highway" shall include all highways,
roads and streets duly established, constructed, and in use. It shall not include new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated.

**RCW 47.52.020** Powers of highway authorities--State facility, county road crossings.

The highway authorities of the state, counties, and incorporated cities and towns, acting alone or in cooperation with each other, or with any federal, state, or local agency, or any other state having authority to participate in the construction and maintenance of highways, may plan, designate, establish, regulate, vacate, alter, improve, construct, maintain, and provide limited access facilities for public use wherever the authority or authorities are of the opinion that traffic conditions, present or future, will justify the special facilities. However, upon county roads within counties, the state or county authorities are subject to the consent of the county legislative authority, except that where a state limited access facility crosses a county road the department may, without the consent of the county legislative authority, close off the county road so that it will not intersect such limited access facility.

The department may, in constructing or relocating any state highway, cross any county road at grade without obtaining the consent of the county legislative authority, and in so doing may revise the alignment of the county road to the extent that the department finds necessary for reasons of traffic safety or practical engineering considerations.

**Severability--1984 c 7:** See note following RCW 47.01.141.

**RCW 47.52.025** Additional powers--Controlling use of limited access facilities--High-occupancy vehicle lanes.

Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of public transportation vehicles, privately owned buses, or private motor vehicles carrying not less than a specified number of passengers when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.
RCW 47.52.026  Rules--Control of vehicles entering--Ramp closure, metering, or restrictions--Notice.

(1) The department may adopt rules for the control of vehicles entering any state limited access highway as it deems necessary (a) for the efficient or safe flow of traffic traveling upon any part of the highway or connections with it or (b) to avoid exceeding federal, state, or regional air pollution standards either along the highway corridor or within an urban area served by the highway.

(2) Rules adopted by the department pursuant to subsection (1) of this section may provide for the closure of highway ramps or the metering of vehicles entering highway ramps or the restriction of certain classes of vehicles entering highway ramps (including vehicles with less than a specified number of passengers), and any such restrictions may vary at different times as necessary to achieve the purposes mentioned in subsection (1) of this section.

(3) Vehicle restrictions authorized by rules adopted pursuant to this section are effective when proper notice is given by any police officer, or by appropriate signals, signs, or other traffic control devices.

RCW 47.52.027  Standards and rules for interstate and defense highways--Construction, maintenance, access.

The secretary of transportation may adopt design standards, rules, and regulations relating to construction, maintenance, and control of access of the national system of interstate and defense highways within this state as it deems advisable to properly control access thereto, to preserve the traffic-carrying capacity of such highways, and to provide the maximum degree of safety to users thereof. In adopting such standards, rules, and regulations the secretary shall take into account the policies, rules, and regulations of the United States secretary of commerce and the federal highway administration relating to the construction, maintenance, and operation of the system of interstate and defense highways. The standards, rules, and regulations so adopted by the secretary shall constitute the public policy of this state and shall have the force and effect of law.

**RCW 47.52.040** Design—Entrance and exit restricted—Closure of intersecting roads.

The highway authorities of the state, counties and incorporated cities and towns may so design any limited access facility and so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended; and the determination of design by such authority shall be conclusive and final. In this connection such highway authorities may divide and separate any limited access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and the proper lane for such traffic by appropriate signs, markers, stripes and other devices. No person shall have any right of ingress or egress to, from, or across limited access facilities to or from abutting lands, except at designated points at which access may be permitted by the highway authorities upon such terms and conditions as may be specified from time to time: PROVIDED, That any intersecting streets, roads or highways, not made a part of such facility, shall be deemed closed at the right of way line by the designation and construction of said facility and without the consent of any other party or the necessity of any other legal proceeding for such closing, notwithstanding any laws to the contrary.

[1961 c 13 § 47.52.040. Prior: 1955 c 75 § 1; 1947 c 202 § 3; Rem. Supp. 1947 § 6402-62.]

**RCW 47.52.041** Closure of intersecting roads—Rights of abutters.

No person, firm or corporation, private or municipal, shall have any claim against the state, city or county by reason of the closing of such streets, roads or highways as long as access still exists or is provided to such property abutting upon the closed streets, roads or highways. Circuity of travel shall not be a compensable item of damage.

[1961 c 13 § 47.52.041. Prior: 1955 c 75 § 2.]

**RCW 47.52.042** Closure of intersecting roads—Other provisions not affected.

RCW 47.52.040 and 47.52.041 shall not be construed to affect provisions for establishment, notice, hearing and court review of any decision establishing a limited access facility on an existing highway pursuant to chapter 47.52 RCW.

[1961 c 13 § 47.52.042. Prior: 1955 c 75 § 3.]

**RCW 47.52.050** Acquisition of property.

(1) For the purpose of this chapter the highway authorities of the state, counties and incorporated cities and towns, respectively, or in cooperation one with the other, may acquire private or public property and property rights for limited access facilities and service roads, including rights of access, air, view and light, by gift, devise, purchase, or condemnation, in the same manner as such authorities are now or hereafter may be authorized by law to acquire.
property or property rights in connection with highways and streets within their respective jurisdictions. Except as otherwise provided in subsection (2) of this section all property rights acquired under the provisions of this chapter shall be in fee simple. In the acquisition of property or property rights for any limited access facility or portion thereof, or for any service road in connection therewith, the state, county, incorporated city and town authority may, in its discretion, acquire an entire lot, block or tract of land, if by so doing the interest of the public will be best served, even though said entire lot, block or tract is not immediately needed for the limited access facility.

(2) The highway authorities of the state, counties, and incorporated cities and towns may acquire by gift, devise, purchase, or condemnation a three dimensional air space corridor in fee simple over or below the surface of the ground, together with such other property in fee simple and other property rights as are needed for the construction and operation of a limited access highway facility, but only if the acquiring authority finds that the proposal will not:
   (a) impair traffic safety on the highway or interfere with the free flow of traffic; or
   (b) permit occupancy or use of the air space above or below the highway which is hazardous to the operation of the highway.

Notes:
Award of costs in air space corridor acquisitions: RCW 8.25.073.
Right of way donations: Chapter 47.14 RCW.

**RCW 47.52.060 Court process expedited.**

Court proceedings necessary to acquire property or property rights for purposes of this chapter shall take precedence over all other causes not involving the public interest in all courts to the end that the provision for limited access facilities may be expedited.

**RCW 47.52.070 Establishment of facility--Grade separation--Service roads.**

The designation or establishment of a limited access facility shall, by the authority making the designation or establishment, be entered upon the records or minutes of such authority in the customary manner for the keeping of such records or minutes. The state, counties and incorporated cities and towns may provide for the elimination of intersections at grade of limited access facilities with existing state or county roads, and with city or town streets, by grade separation or service road, or by closing off such roads and streets at the right of way boundary line of such limited access facility; and after the establishment of any such facility, no highway or street which is not part of said facility, shall intersect the same at grade. No city or town street, county road, or state highway, or any other public or private way, shall be opened into or connect with any such limited access facility without the consent and previous approval of the highway authority of the state, county, incorporated city or town having jurisdiction over
such limited access facility. Such consent and approval shall be given only if the public interest shall be served thereby.

**RCW 47.52.080 Abutter's right of access protected--Compensation.**

No existing public highway, road, or street shall be constructed as a limited access facility except upon the waiver, purchase, or condemnation of the abutting owner's right of access thereto as herein provided. In cases involving existing highways, if the abutting property is used for business at the time the notice is given as provided in RCW 47.52.133, the owner of such property shall be entitled to compensation for the loss of adequate ingress to or egress from such property as business property in its existing condition at the time of the notice provided in RCW 47.52.133 as for the taking or damaging of property for public use.

**RCW 47.52.090 Cooperative agreements--Urban public transportation systems--Title to highway--Traffic regulations--Underground utilities and overcrossings--Passenger transportation--Storm sewers--City street crossings.**

The highway authorities of the state, counties, incorporated cities and towns, and municipal corporations owning or operating an urban public transportation system are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, construction, maintenance, use, regulation, or vacation of limited access facilities in their respective jurisdictions to facilitate the purposes of this chapter. Any such agreement may provide for the exclusive or nonexclusive use of a portion of the facility by street cars, trains, or other vehicles forming a part of an urban public transportation system and for the erection, construction, and maintenance of structures and facilities of such a system including facilities for the receipt and discharge of passengers. Within incorporated cities and towns the title to every state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over the highway from the time it is declared to be operational as a limited access facility by the department, subject to the following provisions:

1. Cities and towns shall regulate all traffic restrictions on such facilities except as provided in RCW 46.61.430, and all regulations adopted are subject to approval of the department before becoming effective. Nothing herein precludes the state patrol or any county, city, or town from enforcing any traffic regulations and restrictions prescribed by state law, county resolution, or municipal ordinance.

2. The city, town, or franchise holder shall at its own expense maintain its underground facilities beneath the surface across the highway and has the right to construct additional facilities underground or beneath the surface of the facility or necessary overcrossings of power lines and other utilities as may be necessary insofar as the facilities do not interfere with the use.
of the right of way for limited access highway purposes. The city or town has the right to maintain any municipal utility and the right to open the surface of the highway. The construction, maintenance until permanent repair is made, and permanent repair of these facilities shall be done in a time and manner authorized by permit to be issued by the department or its authorized representative, except to meet emergency conditions for which no permit will be required, but any damage occasioned thereby shall promptly be repaired by the city or town itself, or at its direction. Where a city or town is required to relocate overhead facilities within the corporate limits of a city or town as a result of the construction of a limited access facility, the cost of the relocation shall be paid by the state.

(3) Cities and towns have the right to grant utility franchises crossing the facility underground and beneath its surface insofar as the franchises are not inconsistent with the use of the right of way for limited access facility purposes and the franchises are not in conflict with state laws. The department is authorized to enforce, in an action brought in the name of the state, any condition of any franchise that a city or town has granted. No franchise for transportation of passengers in motor vehicles may be granted on such highways without the approval of the department, except cities and towns are not required to obtain a franchise for the operation of municipal vehicles or vehicles operating under franchises from the city or town operating within the corporate limits of a city or town and within a radius not exceeding eight miles outside the corporate limits for public transportation on such facilities, but these vehicles may not stop on the limited access portion of the facility to receive or to discharge passengers unless appropriate special lanes or deceleration, stopping, and acceleration space is provided for the vehicles.

Every franchise or permit granted any person by a city or town for use of any portion of a limited access facility shall require the grantee or permittee to restore, permanently repair, and replace to its original condition any portion of the highway damaged or injured by it. Except to meet emergency conditions, the construction and permanent repair of any limited access facility by the grantee of a franchise shall be in a time and manner authorized by a permit to be issued by the department or its authorized representative.

(4) The department has the right to use all storm sewers that are adequate and available for the additional quantity of run-off proposed to be passed through such storm sewers.

(5) The construction and maintenance of city streets over and under crossings and surface intersections of the limited access facility shall be in accordance with the governing policy entered into between the department and the association of Washington cities on June 21, 1956, or as such policy may be amended by agreement between the department and the association of Washington cities.

Notes:

Severability--1984 c 7: See note following RCW 47.01.141.

Urban public transportation system defined: RCW 47.04.082.
In connection with the development of any limited access facility the state, county or incorporated city or town highway authorities are authorized to plan, designate, establish, use, regulate, alter, improve, construct, maintain and vacate local service roads and streets, or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized for limited access facilities under the terms of this chapter. If, in their opinion such local service roads and streets are necessary or desirable, such local service roads or streets shall be separated from the limited access facility by such means or devices designated as necessary or desirable by the proper authority.

**RCW 47.52.105 Acquisition and construction to preserve limited access or reduce required compensation.**

Whenever, in the opinion of the department, frontage or service roads in connection with limited access facilities are not feasible either from an engineering or economic standpoint, the department may acquire private or public property by purchase or condemnation and construct any road, street, or highway connecting to or leading into any other road, street, or highway, when by so doing, it will preserve a limited access facility or reduce compensation required to be paid to an owner by reason of reduction in or loss of access. The department shall provide by agreement with a majority of the legislative authority of the county or city concerned as to location, future maintenance, and control of any road, street, or highway to be so constructed. The road, street, or highway need not be made a part of the state highway system or connected thereto, but may upon completion by the state be turned over to the county or city for location, maintenance, and control pursuant to the agreement as part of the system of county roads or city streets.

**Notes:**

Severability--1984 c 7: See note following RCW 47.01.141.

**RCW 47.52.110 Marking of facility with signs.**

After the opening of any new and additional limited access highway facility, or after the designation and establishment of any existing street or highway, as included the particular highways and streets or those portions thereof designated and established, shall be physically marked and indicated as follows: By the erection and maintenance of such signs as in the opinion of the respective authorities may be deemed proper, indicating to drivers of vehicles that they are entering a limited access area and that they are leaving a limited access area.

RCW 47.52.120 Violations specified--Exceptions--Penalty.

After the opening of any limited access highway facility, it shall be unlawful for any person (1) to drive a vehicle over, upon, or across any curb, central dividing section, or other separation or dividing line on limited access facilities; (2) to make a left turn or semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line; (3) to drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line; (4) to drive any vehicle into the limited access facility from a local service road except through an opening provided for that purpose in the dividing curb, dividing section, or dividing line which separates such service road from the limited access facility proper; (5) to stop or park any vehicle or equipment within the right of way of such facility, including the shoulders thereof, except at points specially provided therefor, and to make only such use of such specially provided stopping or parking points as is permitted by the designation thereof: PROVIDED, That this subsection shall not apply to authorized emergency vehicles, law enforcement vehicles, assistance vans, or to vehicles stopped for emergency causes or equipment failures; (6) to travel to or from such facility at any point other than a point designated by the establishing authority as an approach to the facility or to use an approach to such facility for any use in excess of that specified by the establishing authority. For the purposes of this section, an assistance van is a vehicle rendering aid free of charge to vehicles with equipment or fuel problems. The state patrol shall establish by rule additional standards and operating procedures, as needed, for assistance vans.

Any person who violates any of the provisions of this section is guilty of a misdemeanor and upon arrest and conviction therefor shall be punished by a fine of not less than five dollars nor more than one hundred dollars, or by imprisonment in the city or county jail for not less than five days nor more than ninety days, or by both fine and imprisonment. Nothing contained in this section prevents the highway authority from proceeding to enforce the prohibitions or limitations of access to such facilities by injunction or as otherwise provided by law.

Notes:

RCW 47.52.121 Prior determinations validated.

Any determinations of an authority establishing a limited access facility subsequent to March 19, 1947, and prior to March 16, 1951, in connection with new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated, and all acquirements of property or access rights in connection therewith are hereby validated, ratified, approved and confirmed, notwithstanding any lack of power (other than constitutional) of such authority, and notwithstanding any defects or irregularities (other than constitutional) in such proceedings.
RCW 47.52.131 Consideration of local conditions--Report to local authorities--Conferences--Proposed plan.

When the department is planning a limited access facility through a county or an incorporated city or town, the department or its staff, before any hearing, shall give careful consideration to available data as to the county or city's comprehensive plan, land use pattern, present and potential traffic volume of county roads and city streets crossing the proposed facility, origin and destination traffic surveys, existing utilities, the physical appearance the facility will present, and other pertinent surveys and, except as provided in RCW 47.52.134, shall submit to the county and city officials for study a report showing how these factors have been taken into account and how the proposed plan for a limited access facility will serve public convenience and necessity, together with the locations and access and egress plans, and over and under crossings that are under consideration. This report shall show the proposed approximate right of way limits and profile of the facility with relation to the existing grade, and shall discuss in a general manner plans for landscaping treatment, fencing, and illumination, and shall include sketches of typical roadway sections for the roadway itself and any necessary structures such as viaducts or bridges, subways, or tunnels.

Conferences shall be held on the merits of this state report and plans and any proposed modification or alternate proposal of the county, city, or town in order to attempt to reach an agreement between the department and the county or city officials. As a result of the conference, the proposed plan, together with any modifications, shall be prepared by the department and presented to the county or city for inspection and study.

RCW 47.52.133 Local public hearing--Notices.

Except as provided in RCW 47.52.134, the transportation commission and the highway authorities of the counties and incorporated cities and towns, with regard to facilities under their respective jurisdictions, prior to the establishment of any limited access facility, shall hold a public hearing within the county, city, or town wherein the limited access facility is to be established to determine the desirability of the plan proposed by such authority. Notice of such hearing shall be given to the owners of property abutting the section of any existing highway, road, or street being established as a limited access facility, as indicated in the tax rolls of the county, and in the case of a state limited access facility, to the county and/or city or town. Such notice shall be by United States mail in writing, setting forth a time for the hearing, which time shall be not less than fifteen days after mailing of such notice. Notice of such hearing also shall be given by publication not less than fifteen days prior to such hearing in one or more
newspapers of general circulation within the county, city, or town. Such notice by publication shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located. Such notice shall indicate a suitable location where plans for such proposal may be inspected.

[1987 c 200 § 2; 1981 c 95 § 1; 1965 ex.s. c 75 § 2.]

**RCW 47.52.134 When access reports and hearings not required.**

Access reports and hearings on the establishment of limited access facilities are not required if:

1. The limited access facility would lie wholly within state or federal lands and the agency or agencies with jurisdiction of the land agree to the access plan; or
2. The access rights to the affected section of roadway have previously been purchased or established by others; or
3. The limited access facility would not significantly change local road use, and all affected local agencies and abutting property owners agree in writing to waive a formal hearing on the establishment of the facility after publication of a notice of opportunity for a limited access hearing. This notice of opportunity for a limited access hearing shall be given in the same manner as required for published notice of hearings under RCW 47.52.133. If the authority specified in the notice receives a request for a hearing from one or more abutting property owners or affected local agencies on or before the date stated in the notice, an access report shall be submitted as provided in RCW 47.52.131 and a hearing shall be held. Notice of the hearing shall be given by mail and publication as provided in RCW 47.52.133.

[1987 c 200 § 3.]

**RCW 47.52.135 Hearing procedure.**

At the hearing any representative of the county, city or town, or any other person may appear and be heard even though such official or person is not an abutting property owner. Such hearing may, at the option of the highway authority, be conducted in accordance with federal laws and regulations governing highway design public hearings. The members of such authority shall preside, or may designate some suitable person to preside as examiner. The authority shall introduce by competent evidence a summary of the proposal for the establishment of a limited access facility and any evidence that supports the adoption of the plan as being in the public interest. At the conclusion of such evidence, any person entitled to notice who has entered a written appearance shall be deemed a party to this hearing for purposes of this chapter and may thereafter introduce, either in person or by counsel, evidence and statements or counterproposals bearing upon the reasonableness of the proposal. Any such evidence and statements or counterproposals shall receive reasonable consideration by the authority before any proposal is adopted. Such evidence must be material to the issue before the authority and shall be presented in an orderly manner.
RCW 47.52.137 Adoption of plan--Service of findings and order--Publication of resume--Finality--Review.

Following the conclusion of such hearing the authority shall adopt a plan with such modifications, if any, it deems proper and necessary. Its findings and order shall be in writing and copies thereof shall be served by United States mail upon all persons having entered a written appearance at such hearing, and in the case of a state limited access facility, the county commissioners of the county affected and the mayor of the city or town affected. The authority shall also cause a resume of such plan to be published once each week for two weeks in one or more newspapers of general circulation within such county, city or town beginning not less than ten days after the mailing of such findings and order. Such determination by the authority shall become final within thirty days after such mailing unless a review is taken as hereinafter provided. In case of an appeal, the order shall be final as to all parties not appealing.

RCW 47.52.139 Local approval of plan--Disapproval, request for review.

Upon receipt of the findings and order adopting a plan, the county, city, or town may notify the department of transportation of its approval of such plan in writing, in which event such plan shall be final.

In the event that a county, city, or town does not approve the plan, the county, city, or town shall file its disapproval in writing with the secretary of transportation within thirty days after the mailing thereof to such mayor or county commissioner. Title to and full control over that portion of the city or town street incorporated into the limited access highway shall be vested in the state upon a declaration by the secretary of transportation that such highway is operational as a limited access facility, but in no event prior to the acquisition of right of way for such highway including access rights, and not later than the final completion of construction of such highway.

(2) Upon the completion of construction of a state limited access highway within a city or town, the department of transportation may relinquish to the city or town streets constructed or improved as a functional part of the limited access highway, slope easements, landscaping areas, and other related improvements to be maintained and operated by the city or town in accordance with the limited access plan. Title to such property relinquished to a city or town shall be
conveyed by a deed executed by the secretary of transportation and duly acknowledged. **RCW 47.56.030** Powers and duties regarding toll facilities--Purchasing.

(1) The department of transportation shall have full charge of the construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof. The transportation commission shall determine and establish the tolls and charges thereon, and shall perform all duties and exercise all powers relating to the financing, refinancing, and fiscal management of all toll bridges and other toll facilities including the Washington state ferries, and bonded indebtedness in the manner provided by law. The department shall have full charge of design of all toll facilities. Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under (a) and (b) of this subsection:

(a) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and

(b) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(2) The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) Except as provided in (d) of this subsection, when the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.
(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price; maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(i) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;

(ii) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;

(iii) Whether the proposer can perform the contract within the time specified;

(iv) The quality of performance of previous contracts or services;

(v) The previous and existing compliance by the proposer with laws relating to the contract or services;

(vi) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and

(vii) Such other information as may be secured having a bearing on the decision to award the contract.

(c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life cycle cost analysis that includes an evaluation of fuel efficiency. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal.

(d) If the department is procuring large equipment or systems (e.g., electrical, propulsion) needed for the support, maintenance, and use of a ferry operated by Washington state ferries, the department shall proceed with a formal request for proposal solicitation under this subsection (2) without a determination of necessity by the secretary.

RCW 47.56.110 Toll bridges--Resolution of necessity in acquiring right of way--Effect of.

Before the department proceeds with any action to secure a right of way or with construction of any toll bridge under the provisions of this chapter, the commission shall first pass a resolution that public interest and necessity require the acquisition of right of way for and the construction of the toll bridge. The resolution is conclusive evidence (1) of the public necessity of such construction; (2) that the property is necessary therefor; and (3) that the proposed construction is planned or located in a manner which will be most compatible with the greatest public good and the least private injury. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, the attorney general of the state shall represent the department. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any toll bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public, or municipal corporation, county, city, town, district, or any political subdivision of the state, may be condemned and taken, and the acquisition and use as provided in this chapter for the same public use or purpose to which the property has been so appropriated or dedicated, or for any other public use or purpose, is a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which the property has already been appropriated or dedicated. It is not necessary in any eminent domain proceedings under this chapter to plead or prove any acts or proceedings preliminary or prior to the adoption of the resolution hereinbefore referred to describing the property sought to be taken and directing such proceedings.

RCW 47.56.130 Toll bridges--Bonds--Cooperative funds from state and federal government.

The department is hereby empowered to issue bonds for the construction of any toll bridge or toll bridges authorized under the provisions of this chapter. Any and all bonds issued for the construction of any toll bridge or toll bridges under the authority of the department shall be issued in the name of the department, shall constitute obligations only of the department, shall be identified as . . . . . toll bridge bonds, and shall contain a recital on the face thereof that the payment or redemption of the bonds and the payment of the interest thereon is secured by a direct and exclusive charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular toll bridge or bridges for the construction of which the bonds are issued and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Washington. The department is empowered to receive and accept funds from the state of Washington or the federal government upon a cooperative or other basis for the construction of any toll bridge authorized under this chapter and is empowered to enter into such agreements with the state of Washington or the federal government as may be required for the securing of such funds.

RCW 47.56.140 Toll bridges, bonds--Form, contents, manner of sale--Interim bonds.

The revenue bonds may be issued and sold by the department of transportation from time to time and in such amounts as it deems necessary to provide sufficient funds for the construction of the bridge, and to pay interest on outstanding bonds issued for its construction during the period of actual construction and for six months after completion thereof.

The department of transportation shall determine the form, conditions, and denominations of the bonds, and the maturity dates which the bonds to be sold shall bear and the interest rate thereon. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds may be payable at such place as determined by the department. They may be in any form including bearer bonds or registered bonds as provided in RCW 39.46.030, with interest payable at such times as determined by the department, and shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds shall be signed by the state auditor and countersigned by the governor and any interest coupons appertaining thereto shall bear the signature of the state auditor. The
countersignature of the governor on such bonds and the signature of the state auditor on any
coupons may be their printed or lithographed facsimile signatures. Successive issues of such
bonds within the limits of the original authorization shall have equal preference with respect to
the redemption thereof and the payment of interest thereon. The department may fix different
maturity dates, serially or otherwise, for successive issues under any one original authorization.
The bonds shall be negotiable instruments under the law merchant. All bonds issued and sold
hereunder shall be sold on sealed bids to the highest and best bidder after such advertising for
bids as the department deems proper. The department may reject any and all bids and may
thereafter sell the bonds at private sale under such terms and conditions as it deems most
advantageous to its own interests; but not at a price below that of the best bid which was
rejected. The department may contract loans and borrow money through the sale of bonds of the
same character as those herein authorized, from the United States or any agency thereof, upon
such conditions and terms as may be agreed to and the bonds shall be subject to all the
provisions of this chapter, except the requirement that they be first offered at public sale.

Temporary or interim bonds, certificates, or receipts, of any denomination, and with or
without coupons attached, signed by the state auditor, may be issued and delivered until bonds
are executed and available for delivery.

RCW 47.56.150   Toll bridges--Bond proceeds and toll revenues, disposition
of--Construction fund--Disbursement--Investment.

The proceeds from the sale of all bonds authorized under the provisions of this chapter
shall be paid to the state treasurer for the credit of the department and be deposited as demand
deposits forthwith in such depositary or depositaries as may be authorized by law to receive
deposits of state funds to the credit of a fund to be designated as the construction fund of the
particular toll bridge or toll bridges for which such bonds were issued and sold, which fund shall
not be a state fund and shall at all times be kept segregated and set apart from all other funds and
in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for
the construction of such toll bridge or toll bridges, the acquisition of the necessary lands and
easements therefor and the payment of interest on such bonds during the period of actual
construction and for a period of six months thereafter, only as the need therefor shall arise. The
department may agree with the purchaser of the bonds upon any conditions or limitations
restricting the disbursement of such funds that may be deemed advisable, for the purpose of
assuring the proper application of such funds. All moneys in such fund and not required to meet
current construction costs of the toll bridge or toll bridges for which such bonds were issued and
sold, and all funds constituting surplus revenues that are not immediately needed for the
particular object or purpose to which they must be applied or are pledged shall be invested in
bonds and obligations of the nature eligible for investment of surplus state moneys: PROVIDED, That the department may provide in the proceedings authorizing the issuance of these bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment, and such provisions shall thereupon be binding upon the department and all officials having anything to do with the investment. Any surplus which may exist in the construction fund shall be applied to the retirement of bonds issued for the construction of such toll bridge or toll bridges by purchase or call. If these bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, the surplus shall be paid into the fund applicable to the payment of principal and interest of the bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying the surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called. Such limitations and conditions shall be followed and observed in the application and use of the surplus. All bonds so retired by purchase or call shall be immediately canceled.

RCW 47.56.160 Toll bridges--Toll revenue fund.
All tolls or other revenues received from the operation of any toll bridge or toll bridges constructed with the proceeds of bonds issued and sold hereunder shall be paid over by the department to the state treasurer. The treasurer shall deposit them forthwith as demand deposits in a depository or depositaries authorized by law to receive deposits of state funds. The deposit shall be made to the credit of a special trust fund designated as the toll revenue fund of the particular toll bridge or toll bridges producing the tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds.

RCW 47.56.170 Toll bridges--Transfer of funds for bond payments--Surplus funds.
From the money deposited in each separate construction fund under RCW 47.56.160, the state treasurer shall transfer to the place or places of payment named in the bonds such sums as may be required to pay the interest as it becomes due on all bonds sold and outstanding for the construction of a particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The state treasurer shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds such sums as may be required to pay the interest on the bonds and redeem the principal
thereof as the interest payments and bond redemption become due for all bonds issued and sold for the construction of the particular toll bridge or toll bridges producing the tolls or revenues so deposited in the toll revenue fund. All funds so transferred for the payment of principal or interest on bonds issued for any particular toll bridge shall be segregated and applied solely for the payment of that principal or interest. The proceedings authorizing the issuance of bonds may provide for setting up a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of the fund in a manner to be provided therein. The proceedings may also require the immediate application of all surplus moneys in the toll revenue fund to the retirement of the bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department.

The moneys remaining in each separate toll revenue fund after providing the amount required for interest and redemption of bonds as provided in this section shall be held and applied as provided in the proceedings authorizing the issuance of the bonds. If the proceedings authorizing the issuance of the bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of the toll bridge or bridges as the department may determine.

Moneys required to meet the costs of construction and all expenses and costs incidental to the construction of any particular toll bridge or toll bridges or to meet the costs of operating, maintaining, and repairing the bridge or bridges shall be paid from the proper fund therefor by the state treasurer upon vouchers approved by the department.

All interest received or earned on money deposited in each and every fund provided for in this chapter shall be credited to and become a part of the particular fund upon which the interest accrues.

The commission is hereby empowered to fix the rates of toll and other charges for all toll
bridges built under the terms of this chapter. Toll charges so fixed may be changed from time to

annual revenue equal to annual operating and maintenance expenses including insurance costs
and all redemption payments and interest charges of the bonds issued for any particular toll
bridge or toll bridges as the bonds become due. The bond redemption and interest payments
constitute a first direct and exclusive charge and lien on all such tolls and other revenues and

bridge or toll bridges, and such tolls and revenues together with the interest earned thereon shall
constitute a trust fund for the security and payment of such bonds and shall not be used or
pledged for any other purpose as long as any of these bonds are outstanding and unpaid.

RCW 47.56.273   Fox Island toll bridge--Need for removal of tolls.

The removal or readjustment of tolls from the Fox Island toll bridge is required in the interest of the orderly development of Fox Island. The development of Fox Island will provide additional users of the Narrows bridge with a resultant increase of revenue to the state from tolls due to such additional use.

RCW 47.56.282   Additional Lake Washington bridge (1957 Act)--Revenue bonds--Toll charges and other support.

The authority is hereby authorized by resolution to issue and sell its revenue bonds in an amount sufficient to provide funds to pay all costs of construction of an additional Lake Washington bridge and approaches and all costs of construction or any alterations to the existing Lake Washington bridge or its approaches as a result of the construction of the additional bridge, including but not limited to all costs of survey, acquisition of rights of way, design, engineering,
all expenses of issuance and sale of such bonds, and to pay interest on said bonds during construction and for six months after tolls are first imposed.

Said revenue bonds shall constitute obligations only of the Washington toll bridge authority and shall be payable both principal and interest from the tolls and revenues derived from the operation of said toll facility as hereinbefore constituted and from any other moneys or funds available therefor. Said bonds shall not constitute an indebtedness of the state of Washington and shall contain a recital on the face thereof to that effect, and shall be negotiable instruments under the law merchant. Such bonds shall include a covenant that the payment or redemption thereof and the interest thereon are secured by a first and direct charge and lien on all of the tolls and other revenues received from the operation of said toll facility and from any interest which may be earned from the deposit or investment of any such revenues, except for payment of costs of operation, maintenance and necessary repairs of said facility. The tolls and charges to be imposed shall be fixed in such amounts so that when collected they will produce revenues that shall be at least equal to expenses of operating, maintaining and repairing said toll facility, including all insurance costs, amounts for adequate reserves and coverage of annual debt service on said bonds, and all payments necessary to pay the principal thereof and interest thereon.

**RCW 47.56.720 Puget Island-Westport ferry--Payments for operation and maintenance to Wahkiakum county--Toll-free operation and provision of rest room facilities, when.**

1. The legislature finds that the ferry operated by Wahkiakum county between Puget Island and Westport on the Columbia river provides service which is primarily local in nature with secondary benefits to the state highway system in providing a bypass for state route 4 and providing the only crossing of the Columbia river between the Astoria-Megler bridge and the Longview bridge.

2. 3. The annual deficit, if any, incurred in the operation and maintenance of the ferry shall be determined by Wahkiakum county subject to the approval of the department. If eighty percent of the deficit for the preceding fiscal year exceeds the total amount paid to the county for that year, the additional amount shall be paid to the county by the department upon the receipt of a properly executed voucher. The total of all payments to the county in any biennium shall not exceed the amount appropriated for that biennium. The fares established by the county shall be comparable to those used for similar runs on the state ferry system.

4. Whenever, subsequent to June 9, 1977, state route 4 between Cathlamet and Longview is closed to traffic pursuant to chapter 47.48 RCW due to actual or potential slide conditions and there is no suitable, reasonably short alternate state route provided, Wahkiakum
county is authorized to operate the Puget Island ferry on a toll-free basis during the entire period of such closure. The state's share of the ferry operations and maintenance deficit during such period shall be one hundred percent.

(2) The department is authorized to include in each agreement a provision for the distribution of funds to each county to reimburse the county for fifty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry system owned and operated by the county. The total amount to be reimbursed to Pierce, Skagit, and Whatcom counties collectively shall not exceed one million dollars in any biennium. Each county agreement shall contain a requirement that the county shall maintain tolls on its ferries at least equal to tolls in place on January 1, 1990.

(3) The annual fiscal year operating and maintenance deficit, if any, shall be determined by Pierce, Skagit, and Whatcom counties subject to review and approval of the department. Distribution of the amounts authorized by subsection (2) of this section by the state treasurer shall be directed by the department upon the receipt of properly executed vouchers from each county.

(4) The county road administration board may evaluate requests by Pierce, Skagit, Wahkiakum, and Whatcom counties for county ferry capital improvement funds. The board shall evaluate the requests and, if approved by a majority of the board, submit the requests to the legislature for funding out of the amounts available under RCW 46.68.090(1)(j). RCW 47.56.750  Columbia river bridge at Horn Rapids--Bonds--Account created in highway bond retirement fund--Deposit of revenue--Pledge of excise taxes--Repayment procedure--Legislative covenant.

There is hereby created in the highway bond retirement fund in the state treasury a special account to be known as the Columbia river toll bridge account into which shall be deposited any capitalized interest from the proceeds of the bonds, and at least monthly all of the tolls and other revenues received from the operation of the toll bridge and from any interest which may be earned from the deposit or investment of these revenues after the payment of costs of operation, maintenance, management, and necessary repairs of the facility. The principal of and interest on the bonds shall be paid first from money deposited in the Columbia river toll bridge account in the highway bond retirement fund, and then, to the extent that money deposited in that account is insufficient to make any such payment when due, from the state excise taxes on motor vehicle and special fuels deposited in the highway bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the bonds if the money deposited in the Columbia river toll bridge account of the highway bond retirement fund is insufficient to make such payments. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional moneys as may be required for debt service, and the
treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the highway bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the state. If the proceeds from the excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first moneys distributed to the state not required for redemption of the bonds or interest thereon. The legislature covenants and pledges that it shall at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the bonds.

The system of ferries shall include such boats, vessels, wharves, docks, approaches, landings, franchises, licenses, and appurtenances as shall be determined by the department to be necessary or desirable for efficient operation of the ferry system and best serve the public. The department may in like manner acquire by purchase, condemnation, or construction and include in the ferry system such toll bridges, approaches, and connecting roadways as may be deemed by the department advantageous in channeling traffic to points served by the ferry system. In addition to the powers of acquisition granted by this section, the department is empowered to enter into any contracts, agreements, or leases with any person, firm, or corporation and to thereby provide, on such terms and conditions as it shall determine, for the operation of any ferry or ferries or system thereof, whether acquired by the department or not.

The authority of the department to sell and lease back any state ferry, for federal tax purposes only, as authorized by 26 U.S.C., Sec. 168(f)(8) is confirmed. Legal title and all incidents of legal title to any ferry sold and leased back (except for the federal tax benefits attributable to the ownership thereof) shall remain in the state of Washington.

The governor is authorized to take such actions as may be necessary to insure the continued operation of the Puget Sound ferry and toll bridge system under any emergency circumstances which threaten the continued operation of the system. In the event of such an emergency, the governor may assume all the powers granted by law to the transportation commission and department of transportation with respect to the ferry system. In addition, notwithstanding the provisions of chapters 47.60 and 47.64 RCW, the governor may contract with any qualified persons for the operation of the Washington state ferry system, or any part thereof, or for ferry service to be provided by privately owned vessels. Administrative costs to the office of the governor incurred in the exercise of this authority shall be reimbursed by the department.

RCW 47.60.020 Eminent domain--Condemnation proceedings.

For the purpose of carrying out any or all of the powers granted in this chapter, the department has the power of eminent domain for the acquisition of either real or personal property, used or useful for the Puget Sound ferry system. Condemnation pursuant to this chapter shall be the procedure set out in chapter 8.04 RCW. The department may institute condemnation proceedings in the superior court of any county or other court of competent jurisdiction in which any of the property sought to be condemned is located or in which the owner of any thereof does business, and the court in any such action has jurisdiction to condemn property wherever located.
within the state. It shall not be necessary to allege or prove any offer to purchase or inability to agree with the owners thereof for the purchase of any such property in the proceedings. It is the intention of this section to permit the consolidation in one action of all condemnation proceedings necessary to acquire a ferry system and every type of property incident thereto, irrespective of its location within the state or diversity of ownership. Upon the filing of a petition for condemnation as provided in this section, the court may issue an order restraining the removal from the jurisdiction of the state of any personal property sought to be acquired by the proceeding during the pendency thereof. The court further has the power to issue such orders or process as are necessary to place the department into possession of any property condemned.

However, this section shall not be construed as requiring the department so to act, but this section is permissive only and then only in respect to contracts, leases, concessions, negotiations, or bids existing, entered into, or received prior to April 1, 1949.

The cost of any such examination, investigation, survey, or reconnaissance, and all preliminary expenses leading up to and resulting in the issuance of any revenue bonds including, but not being limited to expenses in making surveys and appraisals and the drafting, printing, issuance, and sale of bonds under this chapter shall be borne by the department out of the motor vehicle fund. For the purpose of paying the cost of acquiring by lease, charter, contract, purchase, condemnation, or construction all or any part of such Puget Sound ferry system, including toll bridges, approaches, and roadways incidental thereto, and for rehabilitating, rebuilding, enlarging, or improving all or any part of the system, the department is authorized by resolution to issue its revenue bonds which shall constitute obligations only of the department and shall be payable solely and only from all or such part of the revenues from the operation of the system as may be provided in and by the resolution.

Each revenue bond shall contain a recital that payment or redemption of the bond and payment of the interest thereon is secured by a direct charge and lien upon the tolls and revenues pledged for that purpose and that the bond does not constitute an indebtedness of the state of Washington.

The department is empowered to include in any resolution authorizing the issuance of the bonds such covenants, stipulations, and conditions as may be deemed necessary with respect to the continued use and application of the income and revenues from the undertaking.

The revenue bonds may bear such date or dates, may mature at such time or times as the department determines, may bear interest at such rate or rates, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be made subject to such terms of redemption with or without premium, and may contain such other terms and covenants not inconsistent with this chapter as may be provided in the resolution. Notwithstanding the form or tenor thereof, and in the absence of an express recital on the face thereof that the bond is nonnegotiable, each such revenue bond shall at all times be and shall be treated as a negotiable instrument for all purposes. All such bonds shall be signed by the state treasurer and countersigned by the governor, and any interest coupons appertaining thereto shall bear the signature of the state treasurer. The countersignature
of the governor on the bonds and the signature of the state treasurer on the coupons may be their
printed or lithographed facsimile signatures.

Pending the issuance of definitive bonds, temporary or interim bonds, certificates, or

Refunding bonds may be issued hereunder in a sufficient amount to provide additional funds for acquiring, constructing, reconstructing, rehabilitating, rebuilding, enlarging, or improving any toll bridge, toll road, toll tunnel, ferry system, or any other toll facility of any sort, and to pay all refunding costs and expenses and to provide adequate reserves for the toll facility and for any such refunding bonds. Various issues and series of such outstanding bonds, including refunding bonds, may be combined and refunded by a single issue of refunding bonds. a lawfully issued franchise at the time of the location of the ferry crossing or construction of the
toll bridge by the department.

(2) The ten-mile distance in subsection (1) of this section means ten statute miles
measured by airline distance. The ten-mile restriction shall be applied by comparing the two end

(3) The Washington utilities and transportation commission may, upon written petition of
a commercial ferry operator certificated or applying for certification under chapter 81.84 RCW,

franchise holder under the franchise.

RCW 47.60.126  Interim warrants and refunding bonds--Laws applicable.

All provisions of chapter 47.60 RCW pertaining and applicable to the revenue bonds of the department authorized in that chapter are applicable to the warrants and revenue refunding bonds authorized herein except insofar as otherwise provided by RCW 47.60.122 through 47.60.126.
RCW 47.60.130  Unit or combined operation--Continuous project--Rental, charter, lease of system property--Sale of unneeded property.

Such ferry system, including any toll bridges, approaches, and roadways incidental thereto, may be financed and operated in combination or separately as one or more units as the department of transportation may determine, and such ferry system together with any toll bridge hereafter constructed by the department upon or across the waters of Puget Sound or Hood Canal, or any part of either, replacing one or more presently operated ferry routes, is declared to be a continuous project within the meaning of RCW 47.56.070. The department is empowered to rent, lease, or charter any property acquired under this chapter. If the department determines that any real property (including lands, improvements thereon, and any interests or estates) originally acquired for the ferry system is no longer required for the purposes of the ferry system, the department shall offer it for sale in the manner and with the authority authorized to the department by RCW 47.12.063 or 47.12.283. The secretary of transportation may adopt rules further implementing this section. The proceeds of all such sales shall be paid into the separate trust fund of the state treasury established pursuant to RCW 47.60.150.

RCW 47.60.135  Charter of state ferries for transporting hazardous materials.

(1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible.

(2) Consistent with the policy as established in subsection (1) of this section, the general manager of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington State Ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus fifty percent of such actual costs rounded to the nearest fifty dollars. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.
(c) Recognizing the need for stabilized charter rates in order to encourage use of vessels, rates must be established and revised July 1st of each year and must remain fixed for a one-year period unless actual vessel operating costs increase five percent or more within that year, in which case the charter rates must be revised in accordance with (b) of this subsection.

(d) All charter agreements must be in writing and substantially in the form of (e) of this subsection and available, with calculations, for inspection by the legislature and the public.

(e) Parties chartering Washington State Ferry vessels shall comply with all applicable laws, rules, and regulations during the charter voyage, and failure to so comply is cause for immediate termination of the charter voyage.

"CHARTER CRUISE AGREEMENT"

On this . . . . day of . . . ., Washington State Ferries (WSF) and . . . ., hereinafter called Lessee, enter into this agreement for rental of a ferry vessel for the purpose of a charter voyage to be held on . . . ., the parties agree as follows:

1. WSF agrees to supply the vessel . . . . (subject to change) for the use of the Lessee from the period from . . . . to . . . . on . . . . (date).

2. The maximum number of passengers; or in the case of hazardous materials transports, trucks and trailers; that will be accommodated on the assigned vessel is . . . . . This number MAY NOT be exceeded.

3. The voyage will originate at . . . . , and the route of travel during the voyage will be as follows:

4. The charge for the above voyage is . . . . dollars ($ . . . ) plus a property damage deposit of $350 for a total price of $ . . . . , to be paid by cashier's check three working days before the date of the voyage at the offices of the WSF at Seattle Ferry Terminal, Pier 52, Seattle, Washington 98104. The Lessee remains responsible for property damage in excess of $350.

5. WSF is responsible only for the navigational operation of the chartered ferry and in no way is responsible for directing voyage activities, providing equipment, or any food service.

6. Other than for hazardous materials transport, the voyage activities must be conducted exclusively on the passenger decks of the assigned ferry. Voyage patrons will not be permitted to enter the pilot house or the engine room, nor shall the vehicle decks be used for any purpose other than loading or unloading of voyage patrons or hazardous materials.

7. If the Lessee or any of the voyage patrons will possess or consume alcoholic beverages
aboard the vessel, the Lessee must obtain the appropriate licenses or permits from the Washington State Liquor Control Board. The Lessee must furnish copies of any necessary licenses or permits to WSF at the same time payment for the voyage is made. Failure to comply with applicable laws, rules, and regulations of appropriate State and Federal agencies is cause for immediate termination of the voyage, and WSF shall retain all payments made as liquidated damages.

8. WSF is not obligated to provide shoreside parking for the vehicles belonging to voyage patrons.

9. The Lessee recognizes that the primary function of the WSF is for the cross-Sound transportation of the public and the maintaining of the existing schedule. The Lessee recognizes therefore the right of WSF to cancel a voyage commitment without liability to the Lessee due to unforeseen circumstances or events that require the use of the chartered vessel on its scheduled route operations. In the event of such a cancellation, WSF agrees to refund the entire amount of the charter fee to the Lessee.

10. The Lessee agrees to hold WSF harmless from, and shall process and defend at its own expense, all claims, demands, or suits at law or equity, of whatever nature brought against WSF arising in whole or in part from the performance of provisions of this agreement. This indemnity provision does not require the Lessee to defend or indemnify WSF against any action based solely on the alleged negligence of WSF.

11. This writing is the full agreement between the parties.

RCW 47.60.140 System as self-liquidating undertaking--Powers of department--Concessions.

(1) The department is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue-producing and self-liquidating undertaking. The department has full charge of the
construction, rehabilitation, rebuilding, enlarging, improving, operation, and maintenance of the ferry system, including toll bridges, approaches, and roadways incidental thereto that may be authorized by the department, including the collection of tolls and other charges for the services and facilities of the undertaking. The department has the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches, and landings, but, except as provided in subsection (2) of this section, no such leases or contracts may be entered into for more than ten years, nor without a competitive contract process, except as otherwise provided in this section. The competitive process shall be either an invitation for bids in accordance with the process established by chapter 43.19 RCW, or a request for proposals in accordance with the process established by RCW 47.56.030.

(2) As part of a joint development agreement under which a public or private developer constructs or installs improvements on ferry system property, the department may lease all or part of such property and improvements to such developers for that period of time, not to exceed fifty-five years, or not to exceed thirty years for those areas located within harbor areas, which the department determines is necessary to allow the developer to make reasonable recovery on its initial investment. Any lease entered into as provided for in this subsection that involves state aquatic lands shall conform with the Washington state Constitution and applicable statutory requirements as determined by the department of natural resources. That portion of the lease rate attributable to the state aquatic lands shall be distributed in the same manner as other lease revenues derived from state aquatic lands as provided in RCW 79.24.580.

RCW 47.60.145 Historic ferries—Acquisition by qualified persons or organizations.

(1) An "historic ferry" is any vessel in the Washington state ferries fleet which has been listed in the Washington state register of historic places.

(2) When the department of transportation determines that an historic ferry is surplus to the needs of Washington state ferries, the department shall call for proposals from persons who wish to acquire the historic ferry. Proposals for the acquisition of an historic ferry shall be accepted only from persons or organizations that (a) are a governmental entity or a nonprofit corporation or association dedicated to the preservation of historic properties; (b) agree to a contract approved by the state historic preservation officer, which requires the preservation and maintenance of the historic ferry and provides that title to the ferry reverts to the state if the secretary of transportation determines that the contract has been violated; and (c) demonstrate the administrative and financial ability successfully to comply with the contract.

(3) The department shall evaluate the qualifying proposals and shall select the proposal which is most advantageous to the state. Factors to be considered in making the selection shall
include but not be limited to:

(a) Extent and quality of restoration;
(b) Retention of original design and use;
(c) Public access to the vessel;
(d) Provisions for historical interpretation;
(e) Monetary return to the state.

(4) If there are no qualifying proposals, an historic ferry shall be disposed of in the manner provided by state law.

RCW 47.60.150  Fixing of charges--Deposit of revenues.

Subject to the provisions of RCW 47.60.326, the schedule of charges for the services and facilities of the system shall be fixed and revised from time to time by the commission so that the tolls and other revenues deposited in the Puget Sound ferry operations account for maintenance and operation, and all moneys in the Puget Sound capital construction account available for debt service will yield annual revenue and income sufficient, after allowance for all operating, maintenance, and repair expenses to pay the interest and principal and sinking fund charges for all outstanding revenue bonds, and to create and maintain a fund for ordinary renewals and replacements: PROVIDED, That if provision is made by any resolution for the issuance of revenue bonds for the creation and maintenance of a special fund for rehabilitating, rebuilding, enlarging, or improving all or any part of the ferry system then such schedule of tolls and rates of charges shall be fixed and revised so that the revenue and income will also be sufficient to comply with such provision.

All income and revenues as collected shall be paid to the state treasurer for the account of the department and deposited into the Puget Sound ferry operations account. Nothing in this section requires tolls on the Hood Canal bridge except as may be required by any bond covenants.

RCW 47.60.326 Schedule of charges for state ferries--Review by department, factors
considered--Rule making by commission.

(1) In order to maintain an adequate, fair, and economically sound schedule of charges
for the transportation of passengers, vehicles, and commodities on the Washington state ferries,
the department of transportation each year shall conduct a full review of such charges.
(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing biennium. The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:
   (a) The amount of subsidy available to the ferry system for maintenance and operation;
   (b) The time and distance of ferry runs;
   (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
   (d) The efficient distribution of traffic between cross-sound routes;
   (e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;

   (h) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected revenues from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

RCW 47.60.330 Public participation.

(1) Before a substantial expansion or curtailment in the level of service provided to ferry users, or a revision in the schedule of ferry tolls or charges, the department of transportation shall consult with affected ferry users. The consultation shall be: (a) By public hearing in affected local communities; (b) by review with the affected ferry advisory committees pursuant to RCW 47.60.310; (c) by conducting a survey of affected ferry users; or (d) by any combination of (a) through (c).

(3) Before increasing ferry tolls the department of transportation shall consider all possible cost reductions with full public participation as provided in subsection (1) of this section and, consistent with public policy, shall consider adapting service levels equitably on a route-by-route basis to reflect trends in and forecasts of traffic usage. Forecasts of traffic levels shall be developed by the bond covenant traffic engineering firm appointed under the provisions of RCW 47.60.450. Provisions of this section shall not alter obligations under RCW 47.60.450. Before including any toll increase in a budget proposal by the commission, the department of transportation shall consult with affected ferry users in the manner prescribed in (1)(b) of this section plus the procedure of either (1)(a) or (c) of this section.

RCW 47.60.500 Acquisition of additional ferries--Legislative finding--Department authority.

(1) The legislature finds that the state's ferry fleet available for mass transportation of people within the urban region of Puget Sound is critically deficient and that substantial financial assistance for the acquisition of new ferries is necessary if the Washington state ferries is to continue to fulfill its role in the Puget Sound regional urban transportation system.

(2) The department is authorized:
(a) To apply to the United States secretary of transportation for a financial grant to assist the state to acquire urgently needed ferries;
(b) To enter into an agreement with the United States secretary of transportation or other duly authorized federal officials and to assent to such conditions as may be necessary to obtain financial assistance for the acquisition of additional ferries. In connection with the agreement the department may pledge any moneys in the Puget Sound capital construction account, not required for debt service, in the motor vehicle fund or any moneys to be deposited in the account for the purpose of paying the state's share of the cost of acquiring ferries. To the extent of the pledge the department shall use the moneys available in the Puget Sound capital construction account to meet the obligations as they arise.

RCW 47.60.502  Hood Canal bridge--Legislative finding--Authority to restore or replace.

The legislature finds that high tides and hurricane force winds on February 13, 1979, caused conditions resulting in the catastrophic destruction of the Hood Canal bridge on state route 104, a state highway on the federal-aid system; and, as a consequence, the state of Washington has sustained a sudden and complete failure of a major segment of highway system with a disastrous impact on transportation services between the counties of Washington's Olympic peninsula and the remainder of the state. The governor has by proclamation found that these conditions constitute an emergency. To minimize the economic loss and hardship to residents of the Puget Sound and Olympic peninsula regions, the department of transportation is authorized and directed to undertake immediately all necessary actions to restore interim transportation services across Hood Canal and Puget Sound and upon the Kitsap and Olympic peninsulas. The department is further authorized and directed to proceed immediately with all necessary measures to survey the damage to the Hood Canal bridge and to undertake the planning, design, and construction necessary to restore or replace the Hood Canal bridge.

RCW 47.60.550 Parking or holding area for ferry patrons in conjunction with municipal off-street parking facilities.

In making the pledge, the department shall reserve the right to issue its own bonds for the purpose of paying the costs of acquiring ferry vessels with the provision that the bonds shall rank on parity with the bonds authorized by this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account.

The department shall also reserve the right to pledge moneys in the Puget Sound capital construction account to guarantee subsequent bonds issued by any county, city, or other municipal corporation to finance parking facilities as authorized in subsection (1) of this section with the provision that the subsequent bonds shall rank on parity with prior bonds guaranteed pursuant to this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account. RCW 47.60.560 General obligation
bonds--Ferries--Authorized--Purposes--Passenger-only vessels--Issuance, sale, and
retirement.

In order to provide funds necessary for vessel acquisition, vessel construction, major and
minor vessel improvements, and terminal construction and improvements for the Washington
state ferries, there shall be issued and sold upon the request of the department general obligation
bonds of the state of Washington in the sum of one hundred thirty-five million dollars or such
amount thereof as may be required (together with other funds available therefor). If the state of
Washington is able to obtain matching funds from the urban mass transportation administration
or other federal government agencies for the acquisition of passenger-only vessels capable of
operating as an integral part of the Washington state ferries on Puget Sound and the Straits of
Juan de Fuca, a sufficient amount of the proceeds of the bonds authorized herein shall be used to
pay the state's share of the acquisition cost of the passenger-only vessels. Upon request being
made by the department, the state finance committee shall supervise and provide for the
issuance, sale, and retirement of the bonds in accordance with chapter 39.42 RCW. The bonds
may be sold from time to time in such amounts as may be necessary for the orderly progress in
constructing the ferries. The bonds shall be sold in such manner, at such time or times, in such
amounts, and at such price or prices as the state finance committee shall determine. The state
finance committee may obtain insurance, letters of credit, or other credit facility devices with
respect to the bonds and may authorize the execution and delivery of agreements, promissory
notes, and other obligations for the purpose of insuring the payment or enhancing the
marketability of the bonds. Promissory notes or other obligations issued under this section shall
not constitute a debt or the contracting of indebtedness under any constitutional or statutory
indebtedness limitation if their payment is conditioned upon the failure of the state to pay the
principal of or interest on the bonds with respect to which the promissory notes or other
obligations relate. The state finance committee may authorize the issuance of short-term
obligations in lieu of long-term obligations for the purposes of more favorable interest rates,
lower total interest costs, and increased marketability and for the purposes of retiring the bonds
during the life of the project for which they were issued.

RCW 47.60.649 Passenger-only ferry service--Finding.

The legislature finds and declares that there is a compelling need for the construction of additional state ferry vessels and corresponding terminal improvements in order to provide more capacity and frequent service to meet the forecasted travel demands of citizens traveling on Puget Sound ferry routes. The vessel technology required must provide additional travel options for high growth ferry routes through increased passenger-only ferry service.

The 1989 west corridor study evaluated cross-sound travel through the year 2020 and identified the Southworth to Seattle and the Kingston to Seattle passenger-only ferry routes as promising based on criteria evaluating cost-effectiveness, time savings, physical constraints to operation, nonduplication of current service, and ability to relieve congestion.

Furthermore, as a result of legislative direction provided in the 1991-93 transportation budget to the state transportation commission to evaluate and determine the location of new passenger-only ferry routes, the commission reviewed several service alternatives, determined that the Southworth to Seattle and Kingston to Seattle routes ranked highest, and directed the Washington state ferries to proceed with the design and permitting processes for passenger-only terminals at both Southworth and Kingston.

[1998 c 166 § 1.]

RCW 47.60.652 Passenger-only ferry service--Vessel and terminal acquisition, procurement, and construction.

The department is authorized to proceed with the acquisition, procurement, and construction of a maximum of four passenger-only vessels that respond to the service demands of state ferry service on the Southworth to Seattle and Kingston to Seattle ferry routes, including the terminal and docking facilities necessary to accommodate such service. The acquisition, procurement, and construction of vessels and terminals authorized herein shall be undertaken in accordance with the authority provided in RCW 47.56.030.

[1998 c 166 § 2.]

RCW 47.60.654 Passenger-only ferry service--Contingency.

The department's authority to proceed with the acquisition, procurement, and construction of vessels and terminals authorized under RCW 47.60.652 is contingent on a legislative appropriation approving that authority: PROVIDED, That the appropriation does not
reduce the current level of funding for the maintenance and repair of vessels and terminals in service as of June 11, 1998.

Reviser's note: Cf. 1998 c 346 § 913.

**RCW 47.60.680 Prequalification of contractors required.**

No contract for the construction, improvement, or repair of a ferry, ferry terminal, or other facility operated by the Washington state ferries or for the repair, overhaul, or the dry-docking of any ferry operated by Washington state ferries may be awarded to any contractor who has not first been prequalified to perform the work by the department of transportation. No bid or proposal for such a contract may be received from any contractor who has not first been prequalified to perform the work by the department of transportation.

[1983 c 133 § 1.]

**RCW 47.60.690 Qualifications of contractor--Rules to assure.**

The secretary of transportation shall adopt rules prescribing standards and criteria to assure that each ferry system construction and repair contract described in RCW 47.60.680 shall be awarded to a competent and responsible contractor who has all of the following qualifications:

1. Adequate financial resources, which may take into account the ability of the contractor to secure such resources;
2. The necessary organization, personnel, equipment, facilities, experience, and technical qualification[s] to perform ferry system construction and repair contracts generally and with respect to any specific contract such additional special qualifications as may be necessary to perform the contract;
3. The ability to comply with the department's performance schedules taking into account the outstanding work on all of the contractor's construction and repair contracts;
4. A satisfactory record of performing previous contracts;
5. A satisfactory record of integrity, judgment, and skills; and
6. Such other qualifications as the secretary may prescribe to assure that prequalified contractors are competent and responsible.

[1983 c 133 § 2.]

**RCW 47.60.700 Application for prequalification--Form.**

Any contractor desiring to submit bids or proposals for ferry system construction or repair contracts as described in RCW 47.60.680 shall file an application for prequalification with the department. The application shall be on a standard form supplied by the department. The form shall require a complete statement of the applicant's financial ability, including a statement
of the applicant's current net assets and working capital. The form shall require such additional information as may be necessary for the department to determine whether or not the applicant is entitled to be prequalified in accordance with RCW 47.60.680 through 47.60.760 and the rules adopted thereunder.

[1983 c 133 § 3.]

RCW 47.60.710  Department authority to obtain information.
Upon request by the department an applicant for prequalification shall authorize the department to obtain any information pertinent to the application, including information relating to the applicant's net worth, assets, and liabilities, from banks or other financial institutions, surety companies, and material and equipment suppliers.

[1983 c 133 § 4.]

RCW 47.60.720  Additional investigation--Terms of prequalification--Notice of nonqualification.
Upon receipt of an application by a contractor for prequalification to perform ferry system construction and repair contracts, the department shall conduct such additional investigation as it deems necessary. If it finds that the applicant is qualified in accordance with the rules as adopted by the secretary, the department shall prequalify the contractor to perform the contracts for a period of one year. The prequalification shall fix the aggregate dollar amount of work, including any contract let by the department, that the contractor may have under contract and uncompleted at any one time and may limit the contractor to the submission of bids or proposals upon a certain class of work. Subject to any restrictions on the dollar amount or class of work specified thereunder, the prequalification shall authorize a contractor to bid or submit proposals on all ferry system construction and repair contracts mentioned in RCW 47.60.680 except contracts requiring special prequalification. If the department determines that an applicant is not entitled to prequalification, it shall give written notice of the determination to the applicant.

[1983 c 133 § 5.]

RCW 47.60.730  Renewal of prequalification--Nonrenewal or revocation, notice.
A contractor may apply annually for renewal of its prequalification by submission of a new or supplemental questionnaire and financial statement on standard forms provided by the department. Based upon information received at the time of renewal or at any other time the department may amend the prequalification of the contractor as to the dollar amount or class of work that the contractor may perform or may refuse to renew the prequalification or may revoke a prequalification previously approved, all in accordance with the same standards and criteria used for considering an original application for prequalification. The department shall give
written notice of any such action to the contractor.

[1983 c 133 § 6.]

**RCW 47.60.740** Rejection of bid despite prequalification—Unqualified bidder.

If the department finds, after the opening of bids, that facts exist that would disqualify the lowest bidder, or that the lowest bidder is not competent or responsible in accordance with the standards and criteria for prequalifying contractors, the department shall reject the bid despite the prior prequalification of the bidder. No contract may be awarded to a bidder not qualified to bid on it at the time fixed for receiving bids.

[1983 c 133 § 7.]

**RCW 47.60.750** Appeal of refusal, modification, or revocation of prequalification.

The action of the department in refusing, modifying, or revoking the prequalification of any contractor under RCW 47.60.680 through 47.60.740 is conclusive unless an appeal is filed with the Thurston county superior court within ten days after receiving written notice of the refusal, modification, or revocation. The appeal shall be heard summarily within twenty days after the appeal is taken and on five days notice thereof to the department. The court shall hear any such appeal on the administrative record that was before the department. The court may affirm the decision of the department, or it may reverse the decision if it determines the action of the department was arbitrary or capricious.

[1983 c 133 § 8.]

**RCW 47.60.760** Financial information regarding qualifying not public.

The department of transportation shall not be required to make available for public inspection and copying financial information supplied by any person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for a ferry system construction or repair contract as required by RCW 47.60.680 through 47.60.750.

[1983 c 133 § 9.]

**RCW 47.60.770** Jumbo ferry construction—Notice.

Whenever the department is authorized to construct one or more new jumbo ferry vessels under this chapter, it shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice shall contain, but not be limited to, the following information:

(1) The number of jumbo ferry vessels to be constructed and the proposed delivery date for each vessel;

(2) A short summary of the requirements for prequalification of bidders including a
statement that prequalification is a prerequisite to consideration by the department of any bid, and a statement that the bidder shall submit its bid for the vessel in compliance with the plans and specifications supplied by the state; and

(3) An address and telephone number that may be used to obtain the bid package.

[1993 c 493 § 1.]

Notes:

Effective date--1993 c 493: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 18, 1993]." [1993 c 493 § 8.]

RCW 47.60.772 Jumbo ferry construction--Bidding documents.

The department shall send to any firm that requests it bidding documents specifying the criteria for the jumbo ferry vessels. The bid documents shall include, but not be limited to, the following information:

(1) Solicitation of a bid to deliver to the department vessels that are constructed as specified by the plans and specifications provided by the department;

(2) A requirement that bids submitted should include one bid for the construction of three vessels;

(3) The proposed delivery date for each vessel, the port on Puget Sound where delivery will be taken, and the location where acceptance sea trials will be held;

(4) The amount and form of required contract security under RCW 39.08.100;

(5) A copy of the vessel construction contract that will be signed by the successful bidder;

(6) The date by which bids for ferry vessel construction must be received by the department in order to be considered;

(7) A requirement that the contractor comply with all applicable laws, rules, and regulations including, but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;

(8) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this section, "constructed" means: The fabrication, by the joining together by welding or fastening of all steel parts from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint and joiner work, required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting;

(9) A requirement that all warranty work on the vessel be performed within the boundaries of the state of Washington, insofar as practicable;

(10) A statement that any bid submitted constitutes an offer and remains open until ninety
days after the deadline for submitting bids, unless the firm submitting it withdraws it by formal written notice that is received by the department before the date and time specified for opening of the bids, together with an explanation of the requirement that all bids submitted be accompanied by a bid deposit in the amount of five percent of the bid amount; and

(11) A listing of all equipment to be furnished by the state.

RCW 47.60.774  Jumbo ferry construction--Procedure on conclusion of evaluation.

(1) Upon concluding its evaluation, the department may:

(a) Select the firm submitting the lowest responsible bid for the construction of new jumbo ferries, taking into consideration the requirements stated in the bid documents and rank the remaining firms, judging them by the same standards;

(b) Reject all bids not in compliance with the requirements contained in the bid documents;

(c) Reject all bids.

(2) The department shall immediately notify those firms that were not selected as the firm presenting the lowest responsible bid. The department's selection is conclusive unless appeal from it is taken by an aggrieved firm to the superior court of Thurston county within five days after receiving notice of the department's final decision. The appeal shall be heard summarily within ten days after it is taken and on five days' notice to the department. The court shall hear any appeal on the administrative record that was before the department. The court may affirm the decision of the department, or it may reverse the decision if it determines the action of the department was arbitrary or capricious.

RCW 47.60.776  Jumbo ferry construction--Contract.

(1) Upon selecting the firm that has submitted the lowest responsible bid for the construction of new jumbo ferries, and ranking the remaining firms in order of preference, the department shall:

(a) Sign a contract with the firm presenting the lowest responsible bid; or

(b) If a final agreement satisfactory to the department cannot be signed with the firm presenting the lowest responsible bid, the department may sign a contract with the firm ranked next lowest bidder. If necessary, the department may repeat this procedure with each firm in order until the list of firms has been exhausted, or reject all bids.

(2) In developing a contract for the construction of ferry vessels, the department may, subject to the provisions of *RCW 39.25.020, authorize the use of foreign-made materials and components, products, and systems that are standard manufactured items in the construction of
ferries in order to minimize costs.

RCW 47.60.778 Jumbo ferry construction--Bid deposits--Low bidder claiming error.

Bids submitted by firms under this section constitute an offer and shall remain open for ninety days. When submitted, each bid shall be accompanied by a deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the bid amount, and no bid may be considered unless the deposit is enclosed. If the department awards a contract to a firm and the firm fails to enter into a contract or fails to furnish a satisfactory contract security as required by RCW 39.08.100, its deposit shall be forfeited to the state and be deposited by the state treasurer to the credit of the Puget Sound capital construction account. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Upon the execution of a ferry construction contract for the construction of new jumbo ferries, all bid deposits shall be returned.

[1996 c 18 § 9; 1993 c 493 § 6.]

Notes:

Effective date--1993 c 493: See note following RCW 47.60.770.

RCW 47.60.780 Jumbo ferry construction--Propulsion system acquisition.

(1) The department may enter into a contract for the acquisition of the propulsion system, or any component of it, including diesel engines and spare parts, for installation into one or more of the three Jumbo Class Mark II ferry vessels authorized under this chapter. This authorization does not limit the department from obtaining and installing the propulsion system, or any component of it, as incidental to the overall vessel construction contract authorized under RCW 47.60.770 through 47.60.778, nor from proceeding to complete an existing contract for acquisition of the propulsion system or any component of it.

(2) Acquisition of a propulsion system, or any component of it, for the Jumbo Class Mark II ferries by the department under this section is exempt from chapter 43.19 RCW.

(3) Whenever the department decides to enter into an acquisition contract under this section it shall publish a notice of its intent to negotiate such a contract once a week for at least two consecutive weeks in one trade newspaper and one other newspaper, both of general circulation in the state. The notice must contain, but is not limited to, the following information:

(a) The identity of the propulsion system or components to be acquired and the proposed delivery dates for the propulsion system or components;

(b) An address and telephone number that may be used to obtain the request for proposal.

(4) The department shall send to any firm that requests it, a request for proposal outlining the design and construction requirements for the propulsion system, including any desired components. The request for proposal must include, but is not limited to, the following
information:

(a) The proposed delivery date for each propulsion system or desired component and the location where delivery will be taken;
(b) The form and formula for contract security;
(c) A copy of the proposed contract;
(d) The date by which proposals must be received by the department in order to be considered; and
(c) A statement that any proposal submitted constitutes an offer and must remain open until ninety days after the deadline for submitting proposals, together with an explanation of the requirement that all proposals submitted must be accompanied by a deposit in the amount of five percent of the proposed cost.

(5) The department shall evaluate all timely proposals received for: (a) Compliance with the requirements specified in the request for proposal; and (b) suitability of each firm's proposal by applying appropriate criteria to be developed by the department: (i) To assess the ability of the firm to expeditiously and satisfactorily perform and (ii) to accomplish an acquisition that is most advantageous to the department. A portion of the technical requirements addressed in the request for proposal shall include, but is not limited to, user verifications of manufacturer's reliability claims; the quality of engine maintenance documentation; and engine compatibility with ship design.

(6) The criteria to select the most advantageous diesel engine under subsection (5)(b)(ii) shall consist of life-cycle cost factors weighted at forty-five percent; and operational factors weighted as follows: Reliability at twenty percent, maintainability at twenty percent, and engine performance at fifteen percent. For purposes of this subsection, the life-cycle cost factors shall consist of the costs for engine acquisition and warranty, spare parts acquisition and inventory, fuel efficiency and lubricating oil consumption, and commonality. The fuel efficiency and lubricating oil consumption life-cycle cost factors shall receive not less than twenty percent of the total evaluation weighting and shall be evaluated under a format similar to that employed in the 1992 M.V. Tyee engine replacement contract. The reliability factors shall consist of the length of service and reliability record in comparable uses, and mean time between overhauls. The mean time between overhauls evaluation shall be based upon the manufacturer's required hours between change of wear components. The maintainability factors shall consist of spare parts availability, the usual time anticipated to perform typical repair functions, and the quality of factory training programs for ferry system maintenance staff. The performance factors shall consist of load change responsiveness, and air quality of exhaust and engine room emissions.

(7) Upon concluding its evaluation, the department shall:
(a) Select the firm presenting the proposal most advantageous to the department, taking into consideration compliance with the requirements stated in the request for proposal, and the criteria developed by the department, and rank the remaining firms in order of preference, judging them by the same standards; or
(b) Reject all proposals as not in compliance with the requirements contained in the request for proposals.

(8) The department shall immediately notify those firms that were not selected as the firm
presenting the most advantageous proposal of the department's decision. The department's decision is conclusive unless an aggrieved firm appeals the decision to the superior court of Thurston county within five days after receiving notice of the department's final decision. The appeal shall be heard summarily within ten days after it is taken and on five days' notice to the department. The court shall hear the appeal on the administrative record that was before the department. The court may affirm the decision of the department, or it may reverse the decision if it determines the action of the department is arbitrary or capricious.

(9) Upon selecting the firm that has presented the most advantageous proposal and ranking the remaining firms in order of preference, the department shall:

(a) Negotiate a contract with the firm presenting the most advantageous proposal; or

(b) If a final agreement satisfactory to the department cannot be negotiated with the firm presenting the most advantageous proposal, the department may then negotiate with the firm ranked next highest in order of preference. If necessary, the department may repeat this procedure and negotiate with each firm in order of rank until the list of firms has been exhausted.

(10) Proposals submitted by firms under this section constitute an offer and must remain open for ninety days. When submitted, each proposal must be accompanied by a deposit in cash, certified check, cashier's check, or surety bond in the amount equal to five percent of the amount of the proposed contract price, and the department may not consider a proposal that has no deposit enclosed with it. If the department awards a contract to a firm under the procedure set forth in this section and the firm fails to enter into the contract and furnish the required contract security within twenty days, exclusive of the day of the award, its deposit shall be forfeited to the state and deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a contract all proposal deposits shall be returned.

[1994 c 181 § 2.]

Notes:

Finding and intent--1994 c 181: "The legislature finds and declares that:

A 1991 legislative study, conducted by Booz. Allen, Hamilton and M. Rosenblatt and Son, examining the Washington state ferries' management of its vessel refurbishment and construction program, resulted in recommendations for improvements and changes in the vessel refurbishment and construction program. These legislatively adopted recommendations encourage and support input by Washington state ferries' engineers in the development of refurbishment and new construction project requirements.

The recommendations of the Booz. Allen study have been applied to the construction of the Jumbo Class Mark II ferries through the appointment of a Jumbo Class Mark II steering committee comprised of current state ferry engineers responsible for the design, operation, and maintenance of state ferry vessels.

The steering committee, in carrying out the recommendations of the Booz. Allen study, has determined that the procedure for the procurement of equipment, parts, and supplies for the Jumbo Class Mark II ferry vessels authorized by RCW 47.60.770 through 47.60.778, must take into consideration, in addition to life-cycle cost criteria, criteria that are essential to the operation of a public mass transportation system responsive to the needs of Washington state ferries' users, and that assess the reliability, maintainability, and performance of equipment, parts, and supplies to be installed in the Jumbo Mark II ferries.

The construction of the new Jumbo Class Mark II ferry vessels authorized by RCW 47.60.770 through 47.60.778 is critical to the welfare of the state and any delay in the immediate construction of the ferries will result in severe hardship and economic loss to the state and its citizens. Recognizing these findings, it is the intent of the legislature that the vessel construction should not be delayed further because of the acquisition of a propulsion
system, or any component of it, for the ferries, and to authorize the department of transportation to acquire all components of a complete propulsion system as soon as possible so that planned construction of the Jumbo Class Mark II ferry vessels can proceed immediately.

The purpose of this chapter is to authorize the use, by the department, of supplemental, alternative contracting procedures for the procurement of a propulsion system, and the components thereof, for the Jumbo Class Mark II ferries; and to prescribe appropriate requirements and criteria to ensure that contracting procedures for such procurement serve the public interest.” [1994 c 181 § 1.]

Effective date--1994 c 181: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 30, 1994]." [1994 c 181 § 4.]

RCW 47.60.800 General obligation bonds--1992 issue--Purpose--Issuance and sale.

In order to provide funds necessary for vessel and terminal acquisition, construction, and major and minor improvements, including long lead time materials acquisition for the Washington state ferries, there shall be issued and sold upon the request of the Washington state transportation commission and legislative appropriation a total of two hundred ten million dollars of general obligation bonds of the state of Washington.

[1992 c 158 § 1.]

RCW 47.60.802 Bonds--1992 issue--Supervision of sale by state finance committee--Option of short-term obligations.

(1) Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.60.800 through 47.60.808 in accordance with chapter 39.42 RCW. The bonds may be sold from time to time in such amounts as may be necessary for the purposes under RCW 47.60.800. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

(2) The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued.

[1992 c 158 § 2.]

RCW 47.60.804 Bonds--1992 issue--Use of proceeds.

The proceeds from the sale of bonds authorized by RCW 47.60.800 through 47.60.808 shall be deposited in the Puget Sound capital construction account of the motor vehicle fund and such proceeds shall be available only for the purposes under RCW 47.60.800, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting.
RCW 47.60.806  Bonds--1992 issue--Payment of principal and interest from pledged excise taxes.

Bonds issued under the authority of RCW 47.60.800 through 47.60.808 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest shall be first payable in the manner provided in RCW 47.60.800 through 47.60.808 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and distributed to the state pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.60.800 through 47.60.808, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.60.800 through 47.60.808.

[1995 c 274 § 19; 1992 c 158 § 4.]

RCW 47.60.808  Bonds--1992 issue--Payment from ferry bond retirement fund.

Both principal and interest on the bonds issued for the purposes of RCW 47.60.800 through 47.60.808 shall be payable from the ferry bond retirement fund authorized in RCW 47.60.600. Whenever, pursuant to RCW 47.60.800 and 47.60.806, the state treasurer transfers funds from the motor vehicle fund to the ferry bond retirement fund, the state treasurer may at the same time reimburse the motor vehicle fund in an identical amount from the Puget Sound capital construction account.

[1992 c 158 § 5.]

RCW 47.60.810  Design-build ferries--Authorized--Phases defined.

(1) The department may purchase new auto ferries through use of a modified request for proposals process whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (2) of this section.

(2) The definitions in this subsection apply throughout RCW 47.60.812 through 47.60.822.
(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries.

NOTES:

Findings--Purpose--2001 c 226: See note following RCW 47.20.780.
Phase one of the request for proposals process consists of evaluation and selection of prequalified proposers to participate in subsequent development of technical proposals in phase two, as follows:

(1) The department shall issue a request for proposals to interested parties.

(2) The request for proposals must require that each proposer prequalify for the contract under chapter 468-310 WAC, except that the department may adopt rules for the financial prequalification of proposers for this specific contract only. The department shall modify the financial prequalification rules in chapter 468-310 WAC in order to maximize competition among financially capable and otherwise qualified proposers. In adopting these rules, the department shall consider factors including, without limitation: (a) Shipyard resources in Washington state; (b) the cost to design and construct multiple vessels under a single contract without options; and (c) the sequenced delivery schedule for the vessels.

(3) The department may use some, or all, of the nonfinancial prequalification factors as part of the evaluation factors in phase one to enable the department to select a limited number of best qualified proposers to participate in development of technical proposals in phase two.

(4) The department shall evaluate submitted proposals in accordance with the selection criteria established in the request for proposals. Selection criteria may include, but are not limited to, the following:

(a) Shipyard facilities;
(b) Organization components;
(c) Design capability;
(d) Build strategy;
(e) Experience and past performance;
(f) Ability to meet vessel delivery dates;
(g) Projected workload; and
(h) Expertise of project team and other key personnel.

(5) Upon concluding its evaluation of proposals, the department shall select the best qualified proposers in accordance with the request for proposals. The selected proposers must participate in development of technical proposals. Selection must be made in accordance with the selection criteria stated in the request for proposals. All proposers must be ranked in order of preference as derived from the same selection criteria.

[2001 c 226 § 7.]

NOTES:

Findings--Purpose--2001 c 226: See note following RCW 47.20.780.

RCW 47.60.818 Design-build ferries--Phase two.

Phase two of the request for proposals process consists of preparation of technical proposals in consultation with the department, as follows:

(1) The development of technical proposals in compliance with the detailed instructions provided in the request for proposals, including the outline specifications, and any addenda to them. Technical proposals must include the following:
(a) Design and specifications sufficient to fully depict the ferries' characteristics and identify installed equipment;

(b) Drawings showing arrangements of equipment and details necessary for the proposer to develop a firm, fixed price bid;

(c) Project schedule including vessel delivery dates; and

(d) Other appropriate items.

(2) The department shall conduct periodic reviews with each of the selected proposers to consider and critique their designs, drawings, and specifications. These reviews must be held to ensure that technical proposals meet the department's requirements and are responsive to the critiques conducted by the department during the development of technical proposals.

(3) If, as a result of the periodic technical reviews or otherwise, the department determines that it is in the best interests of the department to modify any element of the request for proposals, including the outline specifications, it shall do so by written addenda to the request for proposals.

(4) Proposers must submit final technical proposals for approval that include design, drawings, and specifications at a sufficient level of detail to fully depict the ferries' characteristics and identify installed equipment, and to enable a proposer to deliver a firm, fixed price bid to the department. The department shall reject final technical proposals that modify, fail to conform to, or are not fully responsive to and in compliance with the requirements of the request for proposals, including the outline specifications, as amended by addenda.

[2001 c 226 § 8.]

NOTES:

Findings--Purpose--2001 c 226: See note following RCW 47.20.780.

**RCW 47.60.820 Design-build ferries--Phase three.**

Phase three consists of the submittal and evaluation of bids and the award of the contract to the successful proposer for the final design and construction of the auto ferries, as follows:

(1) The department shall request bids for detailed design and construction of the vessels after completion of the review of technical proposals in phase two. The department will review detailed design drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department's review replace the builder's responsibility to deliver a product meeting the phase two technical proposal. The department may only consider bids from selected proposers that have qualified to bid by submitting technical proposals that have been approved by the department.

(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the bid is based upon its approved technical proposal and the request for proposals.

(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit in cash, certified check, cashier's check, or surety bond in an amount specified in the request for proposals must accompany each bid and no bid may be considered unless the deposit is enclosed.
(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the department may select the responsive and responsible proposer that offers the lowest total bid price for all vessels.

(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for proposals to serve the best interests of the department.

(6) The department may:
   (a) Award the contract to the proposer that has been selected as the responsive and responsible proposer that has submitted the lowest total bid price;
   (b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next lowest responsive and responsible proposer; or
   (c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank until the list of those proposers has been exhausted.

(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days from the date of award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract all proposal deposits will be returned.

(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for a portion of its technical proposal preparation costs at a preset, fixed amount to be specified in the request for proposals. If the department rejects all bids, the department may provide the honoraria to all phase three proposers that submitted bids.

RCW 47.60.822 Design-build ferries--Notice to proposers not selected--Appeal.

(1) The department shall immediately notify those proposers that are not selected to participate in development of technical proposals in phase one and those proposers who submit unsuccessful bids in phase three.

(2) The department's decision is conclusive unless an aggrieved proposer files an appeal with the superior court of Thurston county within five days after receiving notice of the department's award decision. The court shall hear any such appeal on the department's administrative record for the project. The court may affirm the decision of the department, or it may reverse or remand the administrative decision if it determines the action of the department was arbitrary and capricious.

In order to provide necessary state matching funds as required by the Urban Mass Transportation Act of 1964, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eleven million dollars, or such amount thereof and at such times as determined to be necessary by the state highway commission. No bonds shall be issued under the provisions of this chapter until the administrator of the housing and home finance agency has approved a grant to the Washington state highway commission of not less than fifty percent of the cost of acquisition of vessels referred to in RCW 47.61.010. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the Washington state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as may be necessary for the orderly progress of said
project.

[1965 ex.s. c 56 § 2.]

Notes:

Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments.

[1965 ex.s. c 56 § 4.]

RCW 47.61.050 Bonds--Denominations--Manner and terms of sale--Legal investment for state funds.

The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of this chapter shall be legal investment for any of the funds of the state, except the permanent school fund.

[1965 ex.s. c 56 § 5.]
RCW 47.61.060  Proceeds of bonds--Deposit and use.

The money arising from the sale of said bonds shall be deposited in the state treasury to
the credit of the motor vehicle fund and such money shall be available only for the acquisition by
construction or purchase of new ferry vessels and for the payment of all expense incurred in the
drafting, printing, issuance, and sale of any such bonds.

[1965 ex.s. c 56 § 6.]

RCW 47.61.070  Statement describing nature of bond obligation--Pledge of excise
taxes.

Bonds issued under the provisions of this chapter shall distinctly state that they are not a
general obligation of the state but are payable in the manner provided in this chapter from the
proceeds of state excise taxes on motor vehicle fuels imposed by chapters 82.36 and *82.40
RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and
the interest thereon issued under the provisions of this chapter, and the legislature hereby agrees
to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay,
when due, the principal and interest on all bonds issued under the provisions of this chapter.

[1965 ex.s. c 56 § 7.]

Notes:

*Reviser's note: Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33, effective January 1, 1972.

RCW 47.61.080  Bonds to reflect terms and conditions of grant agreement.

[1965 ex.s. c 56 § 8.]

RCW 47.61.090  Designation of funds to repay bonds and interest.

Funds required to repay the bonds, or the interest thereon when due, shall be taken from
that portion of the motor vehicle fund which results from the imposition of excise taxes on motor
vehicle fuels and which is, or may be appropriated to the department for state highway purposes,
and shall never constitute a charge against any allocations of the funds to counties, cities, and
towns unless and until the amount of the motor vehicle fund arising from the excise taxes on
motor vehicle fuels and available for state highway purposes proves insufficient to meet the
requirements for bond retirement or interest on the bonds.

[1984 c 7 § 339; 1965 ex.s. c 56 § 9.]

Notes:

Severability--1984 c 7: See note following RCW 47.01.141.
RCW 47.61.100  Bond repayment procedure--Highway bond retirement fund.

At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under the provisions of this chapter when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times.

[1965 ex.s. c 56 § 10.]

RCW 47.61.110  Sums in excess of bond retirement requirements--Use.

Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, or in the event there is appropriated from time to time additional amounts to be placed in the said bond retirement fund, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period.

**RCW 47.64.005 Declaration of policy.**

The state of Washington, as a public policy, declares that sound labor relations are essential to the development of a ferry and bridge system which will best serve the interests of the people of the state.

[1961 c 13 § 47.64.005. Prior: 1949 c 148 § 1; Rem. Supp. 1949 § 6524-22.]

**RCW 47.64.006 Public policy.**

The legislature declares that it is the public policy of the state of Washington to: (1) Provide continuous operation of the Washington state ferry system at reasonable cost to users; (2) efficiently provide levels of ferry service consistent with trends and forecasts of ferry usage; (3) promote harmonious and cooperative relationships between the ferry system and its employees by permitting ferry employees to organize and bargain collectively; (4) protect the citizens of this state by assuring effective and orderly operation of the ferry system in providing for their health, safety, and welfare; (5) prohibit and prevent all strikes or work stoppages by ferry employees; (6) protect the rights of ferry employees with respect to employee organizations; and (7) promote just and fair compensation, benefits, and working conditions for ferry system employees as compared with public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia in directly comparable but not necessarily identical positions.

[1989 c 327 § 1; 1983 c 15 § 1.]

(1) It is unlawful for any ferry system employee or any employee organization, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike or work stoppage against the ferry system.

(2) It is unlawful for ferry system management to authorize, consent to, or condone a strike or work stoppage; or to conduct a lockout; or to pay or agree to pay any ferry system employee for any day in which the employee participates in a strike or work stoppage; or to pay or agree to pay any increase in compensation or benefits to any ferry system employee in response to or as a result of any strike or work stoppage or any act that violates subsection (1) of this section. It is unlawful for any official, director, or representative of the ferry system to authorize, ratify, or participate in any violation of this subsection. Nothing in this subsection prevents new or renewed bargaining and agreement within the scope of negotiations as defined by this chapter, at any time. No collective bargaining agreement provision regarding suspension or modification of any court-ordered penalty provided in this section is binding on the courts.

(3) In the event of any violation or imminently threatened violation of subsection (1) or (2) of this section, any citizen domiciled within the jurisdictional boundaries of the state may petition the superior court for Thurston county for an injunction restraining the violation or imminently threatened violation. Rules of civil procedure regarding injunctions apply to the action. However, the court shall grant a temporary injunction if it appears to the court that a violation has occurred or is imminently threatened; the plaintiff need not show that the violation or threatened violation would greatly or irreparably injure him or her; and no bond may be required of the plaintiff unless the court determines that a bond is necessary in the public
interest. Failure to comply with any temporary or permanent injunction granted under this section is a contempt of court as provided in chapter 7.21 RCW. The court may impose a penalty of up to ten thousand dollars for an employee organization or the ferry system, for each day during which the failure to comply continues. The sanctions for a ferry employee found to be in contempt shall be as provided in chapter 7.21 RCW. An individual or an employee organization which makes an active good faith effort to comply fully with the injunction shall not be deemed to be in contempt.

(4) The right of ferry system employees to engage in strike or work slowdown or stoppage is not granted and nothing in this chapter may be construed to grant such a right.

(5) Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

(6) In addition to the remedies and penalties provided by this section the successful litigant is entitled to recover reasonable attorney fees and costs incurred in the litigation.

(7) Notwithstanding the provisions of chapter 88.04 RCW and chapter 88.08 RCW, the department of transportation shall promulgate rules and regulations allowing vessels, as defined in *RCW 88.04.300, as well as other watercraft, to engage in emergency passenger service on the waters of Puget Sound in the event ferry employees engage in a work slowdown or stoppage. Such emergency rules and regulations shall allow emergency passenger service on the waters of Puget Sound within seventy-two hours following a work slowdown or stoppage. Such rules and regulations that are promulgated shall give due consideration to the needs and the health, safety, and welfare of the people of the state of Washington.

RCW 47.64.150 Grievance procedures.
An agreement with a ferry employee organization that is the exclusive representative of ferry employees in an appropriate unit may provide procedures for the consideration of ferry employee grievances and of disputes over the interpretation and application of agreements. Negotiated procedures may provide for binding arbitration of ferry employee grievances and of disputes over the interpretation and application of existing agreements. An arbitrator's decision on a grievance shall not change or amend the terms, conditions, or applications of the collective bargaining agreement. The procedures shall provide for the invoking of arbitration only with the approval of the employee organization. The costs of arbitrators shall be shared equally by the parties.

Ferry system employees shall follow either the grievance procedures provided in a collective bargaining agreement, or if no such procedures are so provided, shall submit the grievances to the marine employees' commission as provided in RCW 47.64.280.
RCW 47.64.160 Union security provisions.

A collective bargaining agreement may include union security provisions including an agency shop, but not a union or closed shop. If an agency shop provision is agreed to, the employer shall enforce it by deducting from the salary payments to members of the bargaining unit the dues required of membership in the bargaining representative, or, for nonmembers thereof, a fee equivalent to such dues. All union security provisions shall safeguard the right of nonassociation of employees based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member. Such employee shall pay an amount of money equivalent to regular dues and fees to a nonreligious charity or to another charitable organization mutually agreed upon by the employee affected and the bargaining representative to which such employee would otherwise pay the dues and fees. The employee shall furnish written proof that such payment has been made. If the employee and the bargaining representative do not reach agreement on such matter, the commission shall designate the charitable organization.

RCW 47.64.170 Collective bargaining procedures.

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the secretary of transportation may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of ferry system management or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties. Any meeting of the transportation commission, during which a collective bargaining agreement is subject to ratification, shall be open to the public.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with a member of the transportation commission if the commission has appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative, unless the member of the commission is the designated bargaining representative of the ferry system.

(6) The negotiation of a proposed collective bargaining agreement by representatives of ferry system management and a ferry employee organization shall commence in each odd-numbered year immediately following adoption by the legislature and approval by the governor of the biennial budget.
(7) Until a new collective bargaining agreement is negotiated, or until an award is made by the arbitrator, the terms and conditions of the previous collective bargaining agreement shall remain in force. The wage and benefit provisions of any collective bargaining agreement, or arbitrator's award in lieu thereof, that is concluded after July 1st of an odd-numbered year shall be retroactive to July 1st. It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical.

(8) Any ferry union contract terminating before July 1, 1983, shall, with the agreement of the parties, remain in effect until a contract can be concluded under RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. The contract may be retroactive to the expiration date of the prior contract, and the cost to the department of three months retroactive compensation and benefits for this 1983 contract negotiation only shall not be included in calculating the limitation imposed by RCW 47.64.180. If the parties cannot agree to contract extension, any increase agreed to for the three-month period shall be included in calculating the limit imposed by RCW 47.64.180.

(9) Any ferry union contract which would terminate after July 1, 1983, may, by agreement of the parties, be terminated as of July 1, 1983, and a new contract concluded pursuant to RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. Any contract terminating after July 1, 1983, is subject to this chapter only upon its expiration and shall not be renewed for a period beyond July 1, 1985.

[1983 c 15 § 8.]

RCW 47.64.180   Agreements and awards limited by appropriation.

(1) No collective bargaining agreement or arbitrator's award is valid or enforceable if its implementation would be inconsistent with any statutory limitation on the department of transportation's funds, spending, or budget. The department of transportation shall, in good faith, exercise its administrative discretion with full public participation as required by *RCW 47.60.330, subject only to legislative limitations and conditions, to implement the terms of any collective bargaining agreement or arbitrator's award.

(2) In no event may the transportation commission or the department of transportation authorize an increase in tolls after the enactment of the budget that is in excess of the Seattle consumer price index for the preceding twelve months for the purpose of providing revenue to fund a collective bargaining agreement or arbitrator's award. The commission or the department may increase tolls after the first fiscal year of the biennium by the amount that the Seattle consumer price index increased after the previous toll increase. This subsection shall not be construed to prevent increases due to items that are not labor-related and that are beyond the direct control of the department.

[1983 c 15 § 9.]
RCW 47.64.190  Marine employees' commission review for compliance with fiscal limitations—Effective date of agreements and arbitration orders.

(1) No negotiated agreement or arbitration order may become effective and in force until five calendar days after an agreement has been negotiated or an arbitration order entered for each and every ferry employee bargaining unit.

(2) Upon the conclusion of negotiations or arbitration procedures with all ferry employee bargaining units, the secretary shall ascertain whether the cumulative fiscal requirements of all such agreements and arbitration orders are within the limitations imposed by RCW 47.64.180.

(3) If the secretary finds that budgetary or fare restrictions will be exceeded, he shall, within five calendar days of completion of negotiations or arbitration with the last bargaining unit to conclude an agreement, submit all agreements and arbitration awards to the marine employees' commission for a binding determination whether the limitations of RCW 47.64.180 have been exceeded.

(4) The marine employees' commission shall review all negotiated agreements and arbitration orders, and may take written or oral testimony from the parties, regarding compliance with RCW 47.64.180. Within fifteen calendar days of receiving the secretary's request for review, the commission shall determine by a majority vote of its members whether or not the cumulative effect of all such agreements and orders exceeds the limitations of RCW 47.64.180.

(5) If the marine employees' commission determines that the limitations of RCW 47.64.180 would be exceeded if all agreements and arbitration orders were given full force and effect, it shall order the minimum percentage reduction in straight time wage provisions applied equally across the board to all agreements or arbitration orders which will result in compliance with RCW 47.64.180.

(6) Whenever the secretary requests a determination by the marine employees' commission pursuant to this section, the effect of all agreements and arbitration orders shall be stayed, pending the commission's final determination.

[1983 c 15 § 10.]

RCW 47.64.200  Impasse procedures.

As the first step in the performance of their duty to bargain, ferry system management and the employee organization shall endeavor to agree upon impasse procedures. The agreement shall provide for implementation of these impasse procedures not later than July 1st in each odd-numbered year following enactment of the biennial budget. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 through 47.64.230 apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 through 47.64.230.
RCW 47.64.210 Mediation.

In the absence of an impasse agreement between the parties or the failure of either party to utilize its procedures by August 1st in each odd-numbered year, the marine employees' commission shall, upon the request of either party, appoint an impartial and disinterested person to act as mediator pursuant to RCW 47.64.280. It is the function of the mediator to bring the parties together to effectuate a settlement of the dispute, but the mediator shall not compel the parties to agree.

RCW 47.64.220 Salary survey, fact-finding.

(1) Prior to collective bargaining, the marine employees' commission shall conduct a salary survey. The results of the survey shall be published in a report which shall be a public document comparing wages, hours, employee benefits, and conditions of employment of involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved. Such survey report shall be for the purpose of disclosing generally prevailing levels of compensation, benefits, and conditions of employment. It shall be used to guide generally but not to define or limit collective bargaining between the parties. The commission shall make such other findings of fact as the parties may request during bargaining or impasse.

(2) Except as provided in subsection (3) of this section, salary and employee benefit information collected from private employers that identifies a specific employer with the salary and employee benefit rates which that employer pays to its employees is not subject to public disclosure under chapter 42.17 RCW.

(3) A person or entity, having reason to believe that the salary survey results are inaccurate, may submit a petition to the state auditor requesting an audit of the data upon which the salary survey results are based. The state auditor shall review and analyze all data collected for the salary survey, including proprietary information, but is prohibited from disclosing the salary survey data to any other person or entity, except by court order.

RCW 47.64.230 Waiver of mediation and fact-finding.

By mutual agreement, the parties may waive mediation and fact-finding, as provided for...
in RCW 47.64.210 and 47.64.220, and proceed with binding arbitration as provided for in RCW 47.64.240. The waiver shall be in writing and be signed by the representatives of the parties.

[1983 c 15 § 14.]

**RCW 47.64.240 Binding arbitration.**

(1) If impasse persists fourteen days after the mediator has been appointed, or beyond any other date mutually agreed to by the parties, all impasse items shall be submitted to arbitration pursuant to this section, and that arbitration shall be binding upon the parties.

(2) Each party shall submit to the other within four days of request, a final offer on the impasse items with proof of service of a copy upon the other party. Each party shall also submit a copy of a draft of the proposed collective bargaining agreement to the extent to which agreement has been reached and the name of its selected arbitrator. The parties may continue to negotiate all offers until an agreement is reached or a decision rendered by the panel of arbitrators.

As an alternative procedure, the two parties may agree to submit the dispute to a single arbitrator. If the parties cannot agree on the arbitrator within four days, the selection shall be made pursuant to subsection (5) of this section. The full costs of arbitration under this provision shall be shared equally by the parties to the dispute.

(3) The submission of the impasse items to the arbitrators shall be limited to those issues upon which the parties have not reached agreement. With respect to each such item, the arbitration panel award shall be restricted to the final offers on each impasse item submitted by the parties to the arbitration board on each impasse item.

(4) The panel of arbitrators shall consist of three members appointed in the following manner:

(a) One member shall be appointed by the secretary of transportation;

(b) One member shall be appointed by the ferry employee organization;

(c) One member shall be appointed mutually by the members appointed by the secretary of transportation and the employee organization. The last member appointed shall be the chairman of the panel of arbitrators. No member appointed may be an employee of the parties;

(d) Ferry system management and the employee organization shall each pay the fees and expenses incurred by the arbitrator each selected. The fee and expenses of the chairman of the panel shall be shared equally by each party.

(5) If the third member has not been selected within four days of notification as provided in subsection (2) of this section, a list of seven arbitrators shall be submitted to the parties by the marine employees' commission. The two arbitrators selected by ferry system management and the ferry employee organization shall determine by lot which arbitrator shall remove the first name from the list submitted by the marine employees' commission. The second arbitrator and the first arbitrator shall alternately remove one additional name until only one name remains. The person whose name remains shall become the chairman of the panel of arbitrators and shall call a meeting within thirty days, or at such time mutually agreed to by the parties, at a location designated by him or her. In lieu of a list of seven nominees for the third member being
submitted by the marine employees' commission, the parties may mutually agree to have either
the Federal Mediation and Conciliation Service or the American Arbitration Association submit
a list of seven nominees.

(6) If a vacancy occurs on the panel of arbitrators, the selection for replacement of that
member shall be in the same manner and within the same time limits as the original member was
chosen. No final award under subsection (3) of this section may be made by the panel until three
arbitrators have been chosen.

(7) The panel of arbitrators shall at no time engage in an effort to mediate or otherwise
settle the dispute in any manner other than that prescribed in this section.

(8) From the time of appointment until such time as the panel of arbitrators makes its
final determination, there shall be no discussion concerning recommendations for settlement of
the dispute by the members of the panel of arbitrators with parties other than those who are
direct parties to the dispute. The panel of arbitrators may conduct formal or informal hearings to
discuss offers submitted by both parties.

(9) The panel of arbitrators shall consider, in addition to any other relevant factors, the
following factors:

(a) Past collective bargaining contracts between the parties including the bargaining that
led up to the contracts;

(b) Comparison of wages, hours, employee benefits, and conditions of employment of the
involved ferry employees with those of public and private sector employees in states along the
west coast of the United States, including Alaska, and in British Columbia doing directly
comparable but not necessarily identical work, giving consideration to factors peculiar to the
area and the classifications involved;

(c) The interests and welfare of the public, the ability of the ferry system to finance
economic adjustments, and the effect of the adjustments on the normal standard of services;

(d) The right of the legislature to appropriate and to limit funds for the conduct of the
ferry system; and

(e) The limitations on ferry toll increases and operating subsidies as may be imposed by
the legislature.

(10) The chairman of the panel of arbitrators may hold hearings and administer oaths,
examine witnesses and documents, take testimony and receive evidence, issue subpoenas to
compel the attendance of witnesses and the production of records, and delegate such powers to
other members of the panel of arbitrators. The chairman of the panel of arbitrators may petition
the superior court in Thurston county, or any county in which any hearing is held, to enforce the
order of the chairman compelling the attendance of witnesses and the production of records.

(11) A majority of the panel of arbitrators shall within thirty days after its first meeting
select the most reasonable offer, in its judgment, of the final offers on each impasse item
submitted by the parties.

(12) The selections by the panel of arbitrators and items agreed upon by the ferry system
management and the employee organization shall be deemed to be the collective bargaining
agreement between the parties.

(13) The determination of the panel of arbitrators shall be by majority vote and shall be
final and binding, subject to RCW 47.64.180 and 47.64.190. The panel of arbitrators shall give written explanation for its selection and inform the parties of its decision.

[1989 c 327 § 3; 1983 c 15 § 15.]

**RCW 47.64.250 Legal actions.**

(1) Any ferry employee organization and the department of transportation may sue or be sued as an entity under this chapter. Service upon any party shall be in accordance with law or the rules of civil procedure. Nothing in this chapter may be construed to make any individual or his assets liable for any judgment against the department of transportation or a ferry employee organization if the individual was acting in his official capacity.

(2) Any legal action by any ferry employee organization or the department of transportation under this chapter shall be filed in Thurston county superior court within ten days of when the cause of action arose. The court shall consider those actions on a priority basis and determine the merits of the actions within thirty days of filing.

[1983 c 15 § 16.]

**RCW 47.64.260 Notice and service.**

Any notice required under this chapter shall be in writing, but service thereof is sufficient if mailed by certified mail, return receipt requested, addressed to the last known address of the parties, or sent by electronic facsimile transmission with transaction report verification and same-day United States postal service mailing of copies or service as specified in Title 316 WAC, unless otherwise provided in this chapter. Refusal of certified mail by any party shall be considered service. Prescribed time periods commence from the date of the receipt of the notice. Any party may at any time execute and deliver an acceptance of service in lieu of mailed notice.

[2001 c 19 § 1; 1983 c 15 § 17.]

**RCW 47.64.270 Insurance and health care.**

Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW; and the ferry system management and employee organizations may collectively bargain for other insurance and health care plans, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050, subject to RCW 47.64.180. To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 fiscal biennium, employees shall not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during any subsequent fiscal biennium. If such differential increases in the 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is insufficient
to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset. Compensation shall include all wages and employee benefits.

RCW 47.64.280  Marine employees' commission.

(1) There is created the marine employees' commission. The governor shall appoint the commission with the consent of the senate. The commission shall consist of three members: One member to be appointed from labor, one member from industry, and one member from the public who has significant knowledge of maritime affairs. The public member shall be chairman of the commission. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he succeeds. Commission members are eligible for reappointment. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members are not eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission. Members of the commission shall be compensated in accordance with RCW 43.03.250 and shall receive reimbursement for official travel and other expenses at the same rate and on the same terms as provided for the transportation commission by RCW 47.01.061. The payments shall be made from the Puget Sound ferry operations account.

(2) The marine employees' commission shall: (a) Adjust all complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system as provided in RCW 47.64.150; (b) provide for impasse mediation as required in RCW 47.64.210; (c) conduct fact-finding and provide salary surveys as required in RCW 47.64.220; and (d) provide for the selection of an impartial arbitrator as required in RCW 47.64.240(5).

(3) In adjudicating all complaints, grievances, and disputes, the party claiming labor disputes shall, in writing, notify the marine employees' commission, which shall make careful inquiry into the cause thereof and issue an order advising the ferry employee, or the ferry employee organization representing him or her, and the department of transportation, as to the decision of the commission.
The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.

The commission shall adopt rules of procedure under chapter 34.05 RCW.

The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The commission may require attendance of witnesses and the production of all pertinent records at any hearings held by the commission. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter.

RCW 47.68.010 Statement of policy.

It is hereby declared that the purpose of this chapter is to further the public interest and aeronautical progress by providing for the protection and promotion of safety in aeronautics; by cooperating in effecting uniformity of the laws and regulations relating to the development and regulation of aeronautics in the several states consistent with federal aeronautics laws and regulations; by granting to a state agency such powers and imposing upon it such duties that the state may properly perform its functions relative to aeronautics and effectively exercise its jurisdiction over persons and property within such jurisdiction, assist in the development of a state-wide system of airports, cooperate with and assist the municipalities of this state and others engaged in aeronautics, and encourage and develop aeronautics; by establishing only such regulations as are essential in order that persons engaged in aeronautics of every character may
so engage with the least possible restriction, consistent with the safety and the rights of others; and by providing for cooperation with the federal authorities in the development of a national system of civil aviation and for coordination of the aeronautical activities of those authorities and the authorities of this state.

In like manner the department may acquire existing airports and air navigation facilities. However, it shall not acquire or take over any airport or air navigation facility owned or controlled by a municipality of this or any other state without the consent of the municipality. The department may by sale, lease, or otherwise, dispose of any property, airport, air navigation facility, or portion thereof or interest therein. Violation of the duly imposed prohibition of the court may be treated as a separate offense under this section or as a contempt of court.

RCW 47.68.250 Registration of aircraft.

Every aircraft shall be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of eight dollars shall be charged for each such registration and each annual renewal thereof.

Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by
Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section shall be the only requisites for registration of an aircraft under this section.

The registration fee imposed by this section shall be payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and shall be collected by the secretary at the time of the collection by him or her of the said excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she shall thereupon issue to the owner of the aircraft a certificate of registration therefor. The secretary shall pay to the state treasurer the registration fees collected under this section, which registration fees shall be credited to the aeronautics account in the transportation fund.

It shall not be necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary shall issue certificates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

The provisions of this section shall not apply to:

1. An aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

2. An aircraft registered under the laws of a foreign country;

3. An aircraft which is owned by a nonresident and registered in another state: PROVIDED, That if said aircraft shall remain in and/or be based in this state for a period of ninety days or longer it shall not be exempt under this section;

4. An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

5. An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

6. An aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under Title 14 RCW;

7. An aircraft based within the state that is in an unairworthy condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

The secretary shall be notified within one week of any change in ownership of a registered aircraft. The notification shall contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, shall require from an aircraft owner proof of aircraft registration or proof of intent to register an aircraft as a condition of leasing or selling tiedown or hangar space for an aircraft. The airport shall inform the lessee or purchaser of the tiedown or
hangar space of the state law requiring registration and direct the person to comply with the state law if the person has not already done so. The airport may lease or sell tiedown or hangar space to owners of nonregistered aircraft after presenting them with the appropriate state registration forms. It is then the responsibility of the lessee or purchaser to register the aircraft. The airport shall report to the department's aviation division at the end of each month, the names, addresses, and "N" numbers of those aircraft owners not yet registered.

In determining which structures or obstacles constitute a safety hazard, or a hazard to flight, the department shall take into account those obstacles located at a river, lake, or canyon crossing, and in other low-altitude flight paths usually traveled by aircraft including, but not limited to, airport areas and runway departure and approach areas as defined by federal air regulations.

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

Sections
47.74.010 Multistate Highway Transportation Agreement enacted, terms.
RCW 47.74.010    Multistate Highway Transportation Agreement enacted, terms.

The Multistate Highway Transportation Agreement is hereby enacted into law and entered into with all other jurisdictions legally joining therein as follows:

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

Pursuant to and in conformity with the laws of their respective jurisdictions, the participating jurisdictions, acting by and through their officials lawfully authorized to execute this agreement, do mutually agree as follows:

ARTICLE I
Findings and Purposes

SECTION 1. Findings. The participating jurisdictions find that:
(a) The expanding regional economy depends on expanding transportation capacity;
(b) Highway transportation is the major mode for movement of people and goods in the western states;
(c) Uniform application in the West of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption, and related transportation costs, which are necessary to permit increased productivity;
(d) A number of western states, already having adopted substantially the 1964 Bureau of Public Roads recommended vehicle size and weight standards, still find current federal limits more restrictive;
(e) The 1974 revision of federal law (23 U.S.C. 127) did not contain any substantial improvements for vehicle size and weight standards in the western states and deprives states of interstate matching money if vehicle weights and widths are increased, even though the interstate system is nearly ninety-two percent complete; and
(f) The participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

SECTION 2. Purposes. The purposes of this agreement are to:
(a) Adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system;
(b) Establish a system authorizing the operation of vehicles traveling between two or more participating jurisdictions at more adequate size and weight standards;
(c) Promote uniformity among participating jurisdictions in vehicle size and weight standards.
standards on the basis of the objectives set forth in this agreement;

(d) Secure uniformity insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards;

(e) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

ARTICLE II
Definitions

SECTION 1. As used in this agreement:

(a) "Designated representative" means a legislator or other person authorized to represent the jurisdiction;

(b) "Jurisdiction" means a state of the United States or the District of Columbia;

(c) "Vehicle" means any vehicle as defined by statute to be subject to size and weight standards which operates in two or more participating jurisdictions.

ARTICLE III
General Provisions

SECTION 1. Qualifications for Membership. Participation in this agreement is open to jurisdictions which subscribe to the findings, purposes, and objectives of this agreement and will seek legislation necessary to accomplish these objectives.

SECTION 2. Cooperation. The participating jurisdictions, working through their designated representatives, shall cooperate and assist each other in achieving the desired goals of this agreement pursuant to appropriate statutory authority.

SECTION 3. Effect of Headings. Article and section headings contained herein shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or section hereof.

SECTION 4. Vehicle Laws and Regulations. This agreement shall not authorize the operation of a vehicle in any participating jurisdiction contrary to the laws or regulations thereof.

SECTION 5. Interpretation. The final decision regarding interpretation of questions at issue relating to this agreement shall be reached by unanimous joint action of the participating jurisdictions, acting through the designated representatives. Results of all such actions shall be placed in writing.

SECTION 6. Amendment. This agreement may be amended by unanimous joint action of the participating jurisdictions, acting through the officials thereof authorized to enter into this agreement, subject to the requirements of section 4, article III. Any amendment shall be placed in writing and become a part hereof.

SECTION 7. Restrictions, Conditions, or Limitations. Any jurisdiction entering this agreement shall provide each other participating jurisdiction with a list of any restriction, condition, or limitation on the general terms of this agreement, if any.
SECTION 8. Additional Jurisdictions. Additional jurisdictions may become members of this agreement by signing and accepting the terms of the agreement.

ARTICLE IV
Cooperating Committee

SECTION 1. Pursuant to section 2, article III, the designated representatives of the participating jurisdictions shall constitute a committee which shall have the power to:
(a) Collect, correlate, analyze, and evaluate information resulting or derivable from research and testing activities in relation to vehicle size and weight related matters;
(b) Recommend and encourage the undertaking of research and testing in any aspect of vehicle size and weight or related matter when, in their collective judgment, appropriate or sufficient research or testing has not been undertaken;
(c) Recommend changes in law or policy with emphasis on compatibility of laws and uniformity of administrative rules or regulations which would promote effective governmental action or coordination in the field of vehicle size and weight related matters.

SECTION 2. Each participating jurisdiction shall be entitled to one vote only. No action of the committee shall be binding unless a majority of the total number of votes cast by participating jurisdictions are in favor thereof.

SECTION 3. The committee shall meet at least once annually and shall elect, from among its members, a chairman, a vice-chairman, and a secretary.

SECTION 4. The committee shall submit annually to the legislature of each participating jurisdiction, no later than November 1st, a report setting forth the work of the committee during the preceding year and including recommendations developed by the committee. The committee may submit such additional reports as it deems appropriate or desirable. Copies of all such reports shall be made available to the Transportation Committee of the Western Conference, Council of State Governments, and to the Western Association of State Highway and Transportation Officials.

ARTICLE V
Objectives of the Participating Jurisdictions

SECTION 1. Objectives. The participating jurisdictions hereby declare that:
(a) It is the objective of the participating jurisdictions to obtain more efficient and more economical transportation by motor vehicles between and among the participating jurisdictions by encouraging the adoption of standards that will, as minimums, allow the operation on all state highways, except those determined through engineering evaluation to be inadequate, with a single-axle weight of 20,000 pounds, a tandem-axle weight of 34,000 pounds, and a gross vehicle or combination weight of that resulting from application of the formula:

\[ W = 500 \left( \frac{LN}{N} - 1 \right) + 12N + 36 \]

where \( W \) = maximum weight in pounds carried on any group of two or computed to nearest
L = distance in feet between the extremes of any group of two or more consecutive axles.

N = number of axles in group under consideration.

(b) It is the further objective of the participating jurisdictions that in the event the operation of a vehicle or combination of vehicles according to the provisions of subsection (a) of this section would result in withholding or forfeiture of federal-aid funds pursuant to section 127, title 23, U.S. Code, the operation of such vehicle or combination of vehicles at axle and gross weights within the limits set forth in subsection (a) of this section will be authorized under special permit authority by each participating jurisdiction which could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to.

(c) The objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combinations of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected.

(d) It is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including, but not limited to, the development of: uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules and regulations for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent.

(e) In recognition of the limited prospects of federal revision of section 127, title 23, U.S. Code, and in order to protect participating jurisdictions against any possibility of withholding or forfeiture of federal-aid highway funds, it is the further objective of the participating jurisdictions to secure congressional approval of this agreement and, specifically of the vehicle size and weight standards set forth in subsection (a) of this section.

(f) In recognition of desire for a degree of national uniformity of size and weight regulations, it is the further objective to encourage development of broad, uniform size and weight standards on a national basis, and further that procedures adopted under this agreement be compatible with national standards.
Entry Into Force and Withdrawal

SECTION 1. This agreement shall enter into force when enacted into law by any two or more jurisdictions. Thereafter, this agreement shall become effective as to any other jurisdiction upon its enactment thereof, except as otherwise provided in section 8, article III.

SECTION 2. Any participating jurisdiction may withdraw from this agreement by canceling the same, but no such withdrawal shall take effect until thirty days after the designated representative of the withdrawing jurisdiction has given notice in writing of the withdrawal to all other participating jurisdictions.

ARTICLE VII
Construction and Severability

SECTION 1. This agreement shall be liberally construed so as to effectuate the purposes thereof.

SECTION 2. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any participating jurisdiction or the applicability thereto to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement shall not be affected thereby. If this agreement shall be held contrary to the constitution of any jurisdiction participating herein, the agreement shall remain in full force and effect as to the jurisdictions affected as to all severable matters.

ARTICLE VIII
Filing of Documents

SECTION 1. A copy of this agreement, its amendments, and rules or regulations promulgated thereunder and interpretations thereof shall be filed in the highway department in each participating jurisdiction and shall be made available for review by interested parties.

ARTICLE IX
Existing Statutes Not Repealed

SECTION 1. All existing statutes prescribing weight and size standards and all existing statutes relating to special permits shall continue to be of force and effect until amended or repealed by law.

ARTICLE X
State Government Departments Authorized to Cooperate with Cooperating Committee

SECTION 1. Within appropriations available therefor, the departments, agencies, and officers of the government of this state shall cooperate with and assist the cooperating committee
within the scope contemplated by article IV, section 1 (a) and (b) of the agreement. The departments, agencies, and officers of the government of this state are authorized generally to cooperate with said cooperating committee.

**RCW 47.76.200**  Legislative findings.

The legislature finds that a balanced multimodal transportation system is required to maintain the state's commitment to the growing mobility needs of its citizens and commerce. The state's freight rail system, including branch lines, mainlines, rail corridors, terminals, yards, and equipment, is an important element of this multimodal system. Washington's economy relies heavily upon the freight rail system to ensure movement of the state's agricultural, chemical, and natural resources and manufactured products to local, national, and international markets and thereby contributes to the economic vitality of the state.

Since 1970, Washington has lost over one-third of its rail miles to abandonment and
bankruptcies. The combination of rail abandonments and rail system capacity constraints may alter the delivery to market of many commodities. In addition, the resultant motor vehicle freight traffic increases the burden on state highways and county roads. In many cases, the cost of maintaining and upgrading the state highways and county roads exceeds the cost of maintaining rail freight service. Thus, the economy of the state will be best served by a policy of maintaining and encouraging a healthy rail freight system by creating mechanisms that keep rail freight lines operating if the benefits of the service outweigh the cost.

Recognizing the implications of this trend for freight mobility and the state's economic future, the legislature finds that better freight rail planning, better cooperation to preserve rail lines, and increased financial assistance from the state are necessary to maintain and improve the freight rail system within the state.

RCW 47.76.210 State freight rail program.
The Washington state department of transportation shall implement a state freight rail program that supports the freight rail service objectives identified in the state's multimodal transportation plan required under chapter 47.06 RCW. The support may be in the form of projects and strategies that support branch lines and light-density lines, provide access to ports, maintain adequate mainline capacity, and preserve or restore rail corridors and infrastructure.

RCW 47.76.220 State rail plan--Contents.
(1) The department of transportation shall prepare and periodically update a state rail plan, the objective of which is to identify, evaluate, and encourage essential rail services. The plan shall:
   (a) Identify and evaluate mainline capacity issues;
   (b) Identify and evaluate port-to-rail access and congestion issues;
   (c) Identify and evaluate those rail freight lines that may be abandoned or have recently been abandoned;
   (d) Quantify the costs and benefits of maintaining rail service on those lines that are likely to be abandoned;
   (e) Establish priorities for determining which rail lines should receive state support. The priorities should include the anticipated benefits to the state and local economy, the anticipated cost of road and highway improvements necessitated by the abandonment or capacity constraints of the rail line, the likelihood the rail line receiving funding can meet operating costs from
freight charges, surcharges on rail traffic, and other funds authorized to be raised by a county or port district, and the impact of abandonment or capacity constraints on changes in energy utilization and air pollution;

(f) Identify and describe the state's rail system;

(g) Prepare a state freight rail system map;

(h) Identify and evaluate rail commodity flows and traffic types;

(i) Identify lines and corridors that have been rail banked or preserved; and

(j) Identify and evaluate other issues affecting the state's rail traffic.

(2) The state rail plan may be prepared in conjunction with the rail plan prepared by the department pursuant to the federal Railroad Revitalization and Regulatory Reform Act.

RCW 47.76.230 Freight rail planning.

(1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan and programs, and the utilities and transportation commission shall continue its responsibility for intrastate rates, service, and safety issues.

(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of major shippers shall be obtained to the extent that such information is available.

(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local interests. Technical assistance includes, but is not limited to, the following:

(a) Rail project cost-benefit analyses conducted in accordance with methodologies recommended by the Federal Railroad Administration;

(b) Assistance in the formation of county rail districts and port districts; and

(c) Feasibility studies for rail service continuation and/or rail service assistance.

(4) With funding authorized by the legislature, the department of transportation, in collaboration with the department of community, trade, and economic development, and local economic development agencies, and other interested public and private organizations, shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters.

RCW 47.76.240 Rail preservation program.

The state, counties, local communities, ports, railroads, labor, and shippers all benefit
from continuation of rail service and should participate in its preservation. Lines that provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

State funding for rail service, rail preservation, and corridor preservation projects must benefit the state's interests. The state's interest is served by reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, preserving jobs, and enhancing safety. State funding for projects is contingent upon appropriate local jurisdiction and private sector participation and cooperation. Before spending state moneys on projects the department shall seek federal, local, and private funding and participation to the greatest extent possible.

(1) The department of transportation shall continue to monitor the status of the state's mainline and branchline common carrier railroads and preserved rail corridors through the state rail plan and various analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in interstate commerce commission proceedings on abandonments, when necessary, to protect the state's interest.

(3) The department of transportation, in consultation with the Washington state freight rail policy advisory committee, shall establish criteria for evaluating rail projects and corridors of significance to the state.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

(5) The department of transportation shall continue to monitor projects for which it provides assistance.

RCW 47.76.250 Essential rail assistance account--Purposes.

(1) The essential rail assistance account is created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be used by the department or distributed by the department to cities, county rail districts, counties, economic development councils, and port districts for the purpose of:

(a) Acquiring, rebuilding, rehabilitating, or improving rail lines;

(b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;

(c) Constructing railroad improvements to mitigate port access or mainline congestion;

(d) Construction of loading facilities to increase business on light density lines or to mitigate the impacts of abandonment;
(e) Preservation, including operation, of light density lines, as identified by the Washington state department of transportation, in compliance with this chapter; or

(f) Preserving rail corridors for future rail purposes by purchase of rights of way. The department shall first pursue transportation enhancement program funds, available under the federal surface transportation program, to the greatest extent practicable to preserve rail corridors. Purchase of rights of way may include track, bridges, and associated elements, and must meet the following criteria:

(i) The right of way has been identified and evaluated in the state rail plan prepared under this chapter;

(ii) The right of way may be or has been abandoned; and

(iii) The right of way has potential for future rail service.

(3) The department or the participating local jurisdiction is responsible for maintaining any right of way acquired under this chapter, including provisions for drainage management, fire and weed control, and liability associated with ownership.

(4) Nothing in this section impairs the reversionary rights of abutting landowners, if any, without just compensation.

(5) The department, cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired under this chapter.

(6) The department, cities, county rail districts, counties, and port districts may grant trackage rights over rail lines acquired under this chapter.

(7) If rail lines or rail rights of way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights of way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or until compensation has been made to the underlying fee title holder or reversionary rights holder.

(8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. Project criteria should consider the level of local financial commitment to the project as well as cost/benefit ratio. Counties, local communities, railroads, shippers, and others who benefit from the project should participate financially to the greatest extent practicable.

(9) Moneys received by the department from franchise fees, trackage rights fees, and loan payments shall be redeposited in the essential rail assistance account. Repayment of loans made under this section shall occur within a period not longer than fifteen years, as set by the department. The repayment schedule and rate of interest, if any, shall be determined before the distribution of the moneys.

(10) The state shall maintain a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage, or use it in any other manner subordinating the state's interest without permission from the department.

(11) Moneys distributed under this chapter should be provided as loans wherever
practicable. Except as provided by section 3, chapter 73, Laws of 1996, for improvements on or to privately owned railroads, railroad property, or other private property, moneys distributed shall be provided solely as loans.

RCW 47.79.010  **Legislative declaration.**

The legislature recognizes that major intercity transportation corridors in this state are
becoming increasingly congested. In these corridors, population is expected to grow by nearly forty percent over the next twenty years, while employment will grow by nearly fifty percent. The estimated seventy-five percent increase in intercity travel demand must be accommodated to ensure state economic vitality and protect the state's quality of life.

The legislature finds that high-speed ground transportation offers a safer, more efficient, and environmentally responsible alternative to increasing highway capacity. High-speed ground transportation can complement and enhance existing air transportation systems. High-speed ground transportation can be compatible with growth management plans in counties and cities served by such a system. Further, high-speed ground transportation offers a reliable, all-weather service capable of significant energy savings over other intercity modes.

[1993 c 381 § 1.]

**RCW 47.79.020 Program established--Goals.**

The legislature finds that there is substantial public benefit to establishing a high-speed ground transportation program in this state. The program shall implement the recommendations of the high-speed ground transportation steering committee report dated October 15, 1992. The program shall be administered by the department of transportation in close cooperation with the utilities and transportation commission and affected cities and counties.

The high-speed ground transportation program shall have the following goals:

1. Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Everett and Portland, Oregon by 2020. This would be accomplished by meeting the intermediate objectives of a maximum travel time between downtown Portland and downtown Seattle of two hours and thirty minutes by the year 2000 and maximum travel time of two hours by the year 2010;
2. Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Everett and Vancouver, B.C. by 2025;
3. Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Seattle and Spokane by 2030.

The department of transportation shall, subject to legislative appropriation, implement such projects as necessary to achieve these goals in accordance with the implementation plans identified in RCW 47.79.030 and 47.79.040.

[1993 c 381 § 2.]

**RCW 47.79.030 Project priority--Funding sources.**

The legislature finds it important to develop public support and awareness of the benefits of high-speed ground transportation by developing high-quality intercity passenger rail service as a first step. This high-quality intercity passenger rail service shall be developed through incremental upgrading of the existing service. The department of transportation shall, subject to legislative appropriation, develop a prioritized list of projects to improve existing passenger rail service and begin new passenger rail service, to include but not be limited to:
(1) Improvement of depots;
(2) Improved grade crossing protection or grade crossing elimination;
(3) Enhanced train signals to improve rail corridor capacity and increase train speeds;
(4) Revised track geometry or additional trackage to improve ride quality and increase train speeds; and
(5) Contract for new or improved service in accordance with federal requirements to improve service frequency.

Service enhancements and station improvements must be based on the extent to which local comprehensive plans contribute to the viability of intercity passenger rail service, including providing efficient connections with other transportation modes such as transit, intercity bus, and roadway networks. Before spending state moneys on these projects, the department of transportation shall seek federal, local, and private funding participation to the greatest extent possible. Funding priorities for station improvements must also be based on the level of local and private in-kind and cash contributions.

[1993 c 381 § 3.]

**RCW 47.79.040 Rail passenger plan.**

The legislature recognizes the need to plan for the high-speed ground transportation service and the high-quality intercity rail passenger service set forth in RCW 47.79.020 and 47.79.030. The department of transportation shall, subject to legislative appropriation, develop a rail passenger plan through the conduct of studies addressing, but not limited to, the following areas:

(1) Refined ridership estimates;
(2) Preliminary location and environmental analysis on new corridors;
(3) Detailed station location assessments in concert with affected local jurisdictions;
(4) Coordination with the air transportation commission on state-wide air transportation policy and its effects on high-speed ground transportation service; and
(5) Coordination with the governments of Oregon and British Columbia, when appropriate, on alignment, station location, and environmental analysis.

[1993 c 381 § 4.]

**RCW 47.79.050 Facility acquisition and management.**

Subject to appropriation, the department is authorized to acquire by purchase, lease, condemnation, gift, devise, bequest, grant, or exchange, title to or any interests or rights in real property adjacent to or used in association with state intercity passenger rail service which may include, but are not limited to, depots, platforms, parking areas, and maintenance facilities. The department is authorized to contract with a public or private entity for the operation, maintenance, and/or management of these facilities.

[1999 c 253 § 1.]
RCW 47.79.060 Gifts.
Subject to appropriation, the department is authorized to accept and expend or use gifts, grants, and donations for the benefit of any depot, platform, parking area, maintenance facility, or other associated rail facility. However, such an expenditure shall be for the public benefit of the state's intercity passenger rail service.

Subject to appropriation, the department is authorized to exercise all the powers and perform all the duties necessary, convenient, or incidental to the planning, designing, constructing, improving, repairing, operating, and maintaining real property adjacent to or used in association with the state intercity passenger rail service which may include, but are not limited to, depots, platforms, parking areas, and maintenance facilities, even if such real property is owned or controlled by another entity. However, any expenditure of public funds for these purposes shall be directly related to public benefit of the state's intercity passenger rail service. The department shall enter into a written contract with the affected real property owners to secure the public's investment.

[1999 c 253 § 3.]

RCW 47.79.110 King Street station--Findings.
The legislature finds that a balanced, multimodal transportation system is an essential element of the state's infrastructure, and that effective rail passenger service is an integral part of a balanced, multimodal transportation system. The legislature further finds that the King Street railroad station is the key hub for both Puget Sound's intermodal passenger transportation system and the state's rail passenger system. The legislature recognizes that the redevelopment of the King Street railroad station depot, along with necessary and related properties, is critical to its continued functioning as a transportation hub and finds that innovative funding arrangements can materially assist in furthering the redevelopment at reduced public expense.

NOTES:
Effective date--2001 c 62: "Due to the irrevocable expiration of federal and Amtrak funds critical to the redevelopment of the King Street railroad station on or before June 30, 2001, sections 1 through 6 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [April 18, 2001]." [2001 c 62 § 7.]

RCW 47.79.120 King Street station--Acquisition.
The department may acquire, or contract to acquire, by purchase, lease, option to lease or purchase, condemnation, gift, devise, bequest, grant, or exchange of title, the King Street railroad
station depot located in Seattle, or any interests or rights in it, and other real property and improvements adjacent to, or used in association with, the King Street railroad station depot. The property may include, but not be limited to, the depot, platforms, parking areas, pedestrian and vehicle access areas, and maintenance facilities. These properties, in the aggregate, will be known as the King Street railroad station.

RCW 47.79.130 King Street station--Department's powers and duties.

During all periods that the department contracts to own or lease some, or all, of the King Street railroad station properties, the department may exercise all the powers and perform all the duties necessary, convenient, or incidental for planning, designing, constructing, improving, repairing, renovating, restoring, operating, and maintaining the King Street railroad station properties. These powers also include authority to lease or sell, assign, sublease, or otherwise transfer all, or portions of, the King Street railroad station properties for transportation or other public or private purposes and to contract with other public or private entities for the operation, administration, maintenance, or improvement of the King Street railroad station properties after the department takes possession of some, or all, of the properties, as the secretary deems appropriate. If the department transfers any of its fee ownership interests in the King Street railroad station properties, proceeds from the transaction must be placed in an account that supports multimodal programs, but not into an account restricted by Article II, section 40 of the state Constitution.

RCW 47.79.140 King Street station--Leases and contracts for multimodal terminal.

To facilitate tax exempt financing for the acquisition and improvement of the King Street railroad station, the department may lease from or contract with public or private entities for the acquisition, lease, operation, maintenance, financing, renovation, restoration, or management of some, or all, of the King Street railroad station properties as a multimodal terminal that supports the state intercity passenger rail service. The leases or contracts are not subject to either chapter 39.94 or 43.82 RCW. The leases and contracts will expire no later than fifty years from the time they are executed, and at that time the department will either receive title or have the right to receive title to the financed property without additional obligation to compensate the owner of those properties for the acquisition of them. The secretary may take all actions necessary, convenient, or incidental to the financing.

   (e) Capital improvement projects initiated by the department associated with, and for the benefit of, the King Street railroad station depot occurring after the date of the department's beneficial occupancy of the renovated King Street railroad station depot, and for capital improvement projects initiated at any time by the department for the benefit of King Street railroad station properties other than the depot including, but not limited to, improvements to associated platforms, parking areas, temporary buildings, maintenance facilities, pedestrian access, and other improvements essential to the operation of the station as a multimodal terminal.

(4) Nothing in this section is intended to restrict the right of the department from otherwise funding purchase, acquisition, capital improvement, maintenance, rental, operational, and other incidental costs relating to the King Street railroad station from appropriations and resources that are not designated for deposit in the King Street railroad station facility account.

RCW 47.80.010 Findings--Declaration.
The legislature finds that while the transportation system in Washington is owned and operated by numerous public jurisdictions, it should function as one interconnected and coordinated system. Transportation planning, at all jurisdictional levels, should be coordinated with local comprehensive plans. Further, local jurisdictions and the state should cooperate to achieve both state-wide and local transportation goals. To facilitate this coordination and cooperation among state and local jurisdictions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional transportation systems and facilities throughout the state.

[1990 1st ex.s. c 17 § 53.]

RCW 47.80.011 Legislative intent.
The legislature recognizes that recent legislative enactments have significantly added to the complexity of and to the potential for benefits from integrated transportation and comprehensive planning and that there is currently a unique opportunity for integration of local comprehensive plans and regional goals with state and local transportation programs. Further, approaches to transportation demand management initiatives and local and state transportation
funding can be better coordinated to insure an efficient, effective transportation system that
insures mobility and accessibility, and addresses community needs.

The legislature further finds that transportation and land use share a critical relationship
that policy makers can better utilize to address regional strategies.

Prudent and cost-effective investment by the state and by local governments in highway
facilities, local streets and arterials, rail facilities, marine facilities, nonmotorized transportation
facilities and systems, public transit systems, transportation system management, transportation
demand management, and the development of high capacity transit systems can help to
effectively address mobility needs. Such investment can also enhance local and state objectives
for effective comprehensive planning, economic development strategies, and clean air policies.

The legislature finds that addressing public initiatives regarding transportation and
comprehensive planning necessitates an innovative approach. Improved integration between
transportation and comprehensive planning among public institutions, particularly in the state's
largest metropolitan areas is considered by the state to be imperative, and to have significant
benefit to the citizens of Washington.

[1994 c 158 § 1.]

RCW 47.80.020 Regional transportation planning organizations authorized.

The legislature hereby authorizes creation of regional transportation planning
organizations within the state. Each regional transportation planning organization shall be
formed through the voluntary association of local governments within a county, or within
geographically contiguous counties. Each organization shall:

(1) Encompass at least one complete county;

(2) Have a population of at least one hundred thousand, or contain a minimum of three
    counties; and

(3) Have as members all counties within the region, and at least sixty percent of the cities
    and towns within the region representing a minimum of seventy-five percent of the cities' and
towns' population.

The state department of transportation must verify that each regional transportation
planning organization conforms with the requirements of this section.

In urbanized areas, the regional transportation planning organization is the same as the
metropolitan planning organization designated for federal transportation planning purposes.

[1990 1st ex.s. c 17 § 54.]

RCW 47.80.023 Organization's duties.

Each regional transportation planning organization shall have the following duties:

(1) Prepare and periodically update a transportation strategy for the region. The strategy
    shall address alternative transportation modes and transportation demand management measures
    in regional corridors and shall recommend preferred transportation policies to implement
    adopted growth strategies. The strategy shall serve as a guide in preparation of the regional
transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.030 that is consistent with county-wide planning policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

(3) Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

(4) Where appropriate, certify that county-wide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(5) Develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795, 35.77.010, and 36.81.121, respectively. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.

(6) Designate a lead planning agency to coordinate preparation of the regional transportation plan and carry out the other responsibilities of the organization. The lead planning agency may be a regional organization, a component county, city, or town agency, or the appropriate Washington state department of transportation district office.

(7) Review level of service methodologies used by cities and counties planning under chapter 36.70A RCW to promote a consistent regional evaluation of transportation facilities and corridors.

(8) Work with cities, counties, transit agencies, the department of transportation, and others to develop level of service standards or alternative transportation performance measures.

[1998 c 171 § 8; 1994 c 158 § 2.]

RCW 47.80.026 Comprehensive plans, transportation guidelines, and principles.

Each regional transportation planning organization, with cooperation from component cities, towns, and counties, shall establish guidelines and principles by July 1, 1995, that provide specific direction for the development and evaluation of the transportation elements of comprehensive plans, where such plans exist, and to assure that state, regional, and local goals for the development of transportation systems are met. These guidelines and principles shall address at a minimum the relationship between transportation systems and the following factors: Concentration of economic activity, residential density, development corridors and urban design that, where appropriate, supports high capacity transit, freight transportation and port access,
development patterns that promote pedestrian and nonmotorized transportation, circulation systems, access to regional systems, effective and efficient highway systems, the ability of transportation facilities and programs to retain existing and attract new jobs and private investment and to accommodate growth in demand, transportation demand management, joint and mixed use developments, present and future railroad right-of-way corridor utilization, and intermodal connections.

Examples shall be published by the organization to assist local governments in interpreting and explaining the requirements of this section.

[1994 c 158 § 3.]

**RCW 47.80.030 Regional transportation plan--Contents, review, use.**

(1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(a) Is based on a least cost planning methodology that identifies the most cost-effective facilities, services, and programs;

(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities, services, and programs that exhibit one or more of the following characteristics:

(i) Crosses member county lines;

(ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;

(iii) Significant impacts are expected to be felt in more than one county;

(iv) Potentially adverse impacts of the facility, service, program, or project can be better avoided or mitigated through adherence to regional policies;

(v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance; and

(vi) Provides for system continuity;

(c) Establishes level of service standards for state highways and state ferry routes, with the exception of transportation facilities of state-wide significance as defined in RCW 47.06.140. These regionally established level of service standards for state highways and state ferries shall be developed jointly with the department of transportation, to encourage consistency across jurisdictions. In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;
(d) Includes a financial plan demonstrating how the regional transportation plan can be implemented, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques to finance needed facilities, services, and programs;

(e) Assesses regional development patterns, capital investment and other measures necessary to:

(i) Ensure the preservation of the existing regional transportation system, including requirements for operational improvements, resurfacing, restoration, and rehabilitation of existing and future major roadways, as well as operations, maintenance, modernization, and rehabilitation of existing and future transit, railroad systems and corridors, and nonmotorized facilities; and

(ii) Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods;

(f) Sets forth a proposed regional transportation approach, including capital investments, service improvements, programs, and transportation demand management measures to guide the development of the integrated, multimodal regional transportation system; and

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

(3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies.

[1998 c 171 § 9; 1994 c 158 § 4; 1990 1st ex.s. c 17 § 55.]

**RCW 47.80.040 Transportation policy boards.**

Each regional transportation planning organization shall create a transportation policy board. Transportation policy boards shall provide policy advice to the regional transportation planning organization and shall allow representatives of major employers within the region, the department of transportation, transit districts, port districts, and member cities, towns, and counties within the region to participate in policy making.

[1990 1st ex.s. c 17 § 56.]

**RCW 47.80.050 Allocation of regional transportation planning funds.**

Biennial appropriations to the department of transportation to carry out the regional transportation planning program shall set forth the amounts to be allocated as follows:

(1) A base amount per county for each county within each regional transportation planning organization, to be distributed to the lead planning agency;
(2) An amount to be distributed to each lead planning agency on a per capita basis; and
(3) An amount to be administered by the department of transportation as a discretionary
grant program for special regional planning projects, including grants to allow counties which
have significant transportation interests in common with an adjoining region to also participate
in that region's planning efforts.

[1990 1st ex.s. c 17 § 57.]

**RCW 47.80.060 Executive board membership.**
In order to qualify for state planning funds available to regional transportation planning
organizations, the regional transportation planning organizations containing any county with a
population in excess of one million shall provide voting membership on its executive board to
the state transportation commission, the state department of transportation, and the three largest
public port districts within the region as determined by gross operating revenues. It shall further
assure that at least fifty percent of the county and city local elected officials who serve on the
executive board also serve on transit agency boards or on a regional transit authority.

(1) In cooperation with regional transportation planning organizations, establish
minimum standards for development of a regional transportation plan;
(2) Facilitate coordination between regional transportation planning organizations; and

RCW 48.03.040 Examination reports--Consideration by commissioner--Orders--Confidentiality.

(1) No later than sixty days after completion of each examination, the commissioner shall make a full written report of each examination made by him or her containing only facts ascertained from the accounts, records, and documents examined and from the sworn testimony of individuals, and such conclusions and recommendations as may reasonably be warranted from such facts.
(2) The report shall be certified by the commissioner or by his or her examiner in charge of the examination, and shall be filed in the commissioner's office subject to subsection (3) of this section.

(3) The commissioner shall furnish a copy of the examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner's office. If such person requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(4) Within thirty days of the end of the period described in subsection (3) of this section, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers and enter an order:

   (a) Adopting the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

   (b) Rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refiling under this section; or

   (c) Calling for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(5) All orders entered under subsection (4) of this section must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, relevant examiner workpapers, and any written submissions or rebuttals. Such an order is considered a final administrative decision and may be appealed under the Administrative Procedure Act, chapter 34.05 RCW, and must be served upon the company by certified mail, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail to each director at the director's residence address.

(6)(a) Upon the adoption of the examination report under subsection (4) of this section, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(b) Nothing in this title prohibits the commissioner from disclosing the content of an examination report, preliminary examination report or results, or any matter relating thereto, to the insurance department of any other state or country, or to law enforcement officials of this or any other state or agency of the federal government at any time, so long as the agency or office receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this chapter.
(c) If the commissioner determines that regulatory action is appropriate as a result of any examination, he or she may initiate any proceedings or actions as provided by law.

(d) Nothing contained in this section requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

RCW 48.03.060 Examination expense.

(1) Examinations within this state of any insurer domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner's examiners and employees shall, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which shall be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable therefor shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner's examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem salary and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the National Association of Insurance Commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the Washington personnel resources board and the expense schedule established by the office of financial
management, whichever is higher. Domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

The commissioner or the commissioner's examiners shall not receive or accept any additional emolument on account of any examination.

(5) Nothing contained in this chapter limits the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

(1) No examiner may be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in a person subject to examination under this chapter. This section does not automatically preclude an examiner from being:
    (a) A policyholder or claimant under an insurance policy;
    (b) A grantor of a mortgage or similar instrument on the examiner's residence to a regulated entity if done under customary terms and in the ordinary course of business;
    (c) An investment owner in shares of regulated diversified investment companies; or
    (d) A settlor or beneficiary of a blind trust into which any otherwise impermissible holdings have been placed.

(2) Notwithstanding the requirements of subsection (1) of this section, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter.

(1) The commissioner may take depositions, may subpoena witnesses or documentary evidence, administer oaths, and examine under oath any individual relative to the affairs of any person being examined, or relative to the subject of any hearing or investigation: PROVIDED,
That the provisions of RCW 34.05.446 shall apply in lieu of the provisions of this section as to subpoenas relative to hearings in rule-making and adjudicative proceedings.

(2) The subpoena shall be effective if served within the state of Washington and shall be served in the same manner as if issued from a court of record.

(3) Witness fees and mileage, if claimed, shall be allowed the same as for testimony in a court of record. Witness fees, mileage, and the actual expense necessarily incurred in securing attendance of witnesses and their testimony shall be itemized, and shall be paid by the person as to whom the examination is being made, or by the person if other than the commissioner, at whose request the hearing is held.

RCW 48.03.075 Legal protection for commissioner, authorized representatives, and examiners--Good faith--Attorneys' fees--Payment by commissioner.

(1) No cause of action may arise nor may any liability be imposed against the commissioner, the commissioner's authorized representatives, or an examiner appointed by the commissioner for statements made or conduct performed in good faith while carrying out this chapter.

(2) No cause of action may arise nor may any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner's authorized representative or examiner pursuant to an examination made under this chapter, if that act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive.

(3) This section does not modify a privilege or immunity previously enjoyed by a person identified in subsection (1) of this section.

(4) A person identified in subsection (1) of this section is entitled to an award of attorneys' fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other tort arising out of activities in carrying out this chapter and the party bringing the action was not substantially justified in doing so. For purposes of this section a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(5) If a claim is made or threatened of the sort described in subsection (1) of this section, the commissioner shall provide or pay for the defense of himself or herself, the examiner or representative, and shall pay a judgment or settlement, until it is determined that the person did not act in good faith or did act with fraudulent intent or the intent to deceive.

(6) The immunity, indemnification, and other protections under this section are in addition to those now or hereafter existing under other law.

take action under chapter 48.31 RCW, and the commissioner has the rights, powers, and duties
with respect to the insurer as are set forth in chapter 48.31 RCW. In the event the commissioner

(a) Of an adjusted RBC report; or

(b)(i) That the insurer's RBC plan or revised RBC plan is unsatisfactory; and

(ii) The notification constitutes a regulatory action level event with respect to such insurer; or

(c) That the insurer has failed to adhere to its RBC plan or revised RBC plan and that such failure has a substantial adverse effect on the ability of the insurer to eliminate the company
action level event with respect to the insurer in accordance with its RBC plan or revised RBC plan; or

(d) Of a corrective order with respect to the insurer.

(2) The insurer shall notify the commissioner of its request for a hearing within five days after the notification by the commissioner under this section. Upon receipt of the insurer's request for a hearing, the commissioner shall set a date for the hearing. The date shall be no less than ten nor more than thirty days after the date of the insurer's request.

[1995 c 83 § 7.]

RCW 48.05.465 Confidentiality of RBC reports and plans--Use of information for comparative purposes--Use of information to monitor solvency.

(1) All RBC reports, to the extent the information is not required to be set forth in a publicly available annual statement schedule, and RBC plans, including the results or report of any examination or analysis of an insurer and any corrective order issued by the commissioner, with respect to any domestic insurer or foreign insurer that are filed with the commissioner constitute information that might be damaging to the insurer if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information shall not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner.

(2) The comparison of an insurer's total adjusted capital to any of its RBC levels is a regulatory tool that may indicate the need for possible corrective action with respect to the insurer, and is not a means to rank insurers generally. Therefore, except as otherwise required under the provisions of RCW 48.05.430 through 48.05.490, the making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the RBC levels of any insurer, or of any component derived in the calculation, by any insurer, agent, broker, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited. However, if any materially false statement with respect to the comparison regarding an insurer's total adjusted capital to its RBC levels, or any of them, or an inappropriate comparison of any other amount to the insurer's RBC levels is published in any written publication and the insurer is able to demonstrate to the commissioner with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.

(3) The RBC instructions, RBC reports, adjusted RBC reports, RBC plans, and revised RBC plans are solely for use by the commissioner in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers and shall not be used by the commissioner for ratemaking nor considered or introduced as evidence in any rate proceeding.
nor used by the commissioner to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance that an insurer or any affiliate is authorized to write.

[1995 c 83 § 8.]

**RCW 48.05.470 Regulation of capital and surplus requirements is supplemental--Commissioner may grant exemptions.**

(1) The provisions of RCW 48.05.430 through 48.05.490 are supplemental to any other provisions of the laws of this state, and shall not preclude or limit any other powers or duties of the commissioner under those laws, including, but not limited to, chapter 48.31 RCW.

(2) The commissioner may exempt any domestic property and casualty insurer from RCW 48.05.430 through 48.05.490, if the insurer:
   (a) Writes direct business only in this state;
   (b) Writes direct annual premiums of two million dollars or less; and
   (c) Assumes no reinsurance in excess of five percent of direct premiums written.

[1995 c 83 § 9.]

**RCW 48.05.475 RBC report from foreign or alien insurers--Request of commissioner--Commissioner's options.**

(1) Any foreign or alien insurer shall, upon the written request of the commissioner, submit to the commissioner an RBC report as of the end of the calendar year just ended by the later of:
   (a) The date an RBC report would be required to be filed by a domestic insurer under RCW 48.05.435; or
   (b) Fifteen days after the request is received by the foreign or alien insurer. Any foreign or alien insurer shall, at the written request of the commissioner, promptly submit to the commissioner a copy of any RBC plan that is filed with the insurance commissioner of any other state.

(2) In the event of a company action level event, regulatory action level event, or authorized control level event with respect to any foreign or alien insurer as determined under the RBC statute applicable in the state of domicile of the insurer or, if no RBC statute is in force in that state, under the provisions of RCW 48.05.430 through 48.05.490, if the insurance commissioner of the state of domicile of the foreign or alien insurer fails to require the foreign or alien insurer to file an RBC plan in the manner specified under that state's RBC statute, the commissioner may require the foreign or alien insurer to file an RBC plan. In this event, the failure of the foreign or alien insurer to file an RBC plan is grounds to order the insurer to cease and desist from writing new insurance business in this state.

(3) In the event of a mandatory control level event with respect to any foreign or alien insurer, if no domiciliary receiver has been appointed with respect to the foreign or alien insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign
or alien insurer, the commissioner may apply for an order under RCW 48.31.080 or 48.31.090 to conserve the assets within this state of foreign or alien insurers, and the occurrence of the mandatory control level event is considered adequate grounds for the application.

[1995 c 83 § 10.]

**RCW 48.05.480** No liability for regulation of capital and surplus requirements.

There is no liability on the part of, and no cause of action may arise against, the commissioner or insurance department or its employees or agents for any action taken by them in the performance of their powers and duties under RCW 48.05.430 through 48.05.490.

[1995 c 83 § 11.]

**RCW 48.05.485** Notices by commissioner--When effective.

These reports shall not be made public by the commissioner, the national association of insurance commissioners, or any other person, except to insurance departments of other states, without the prior written consent of the insurer to which it pertains unless the commissioner, after giving the insurer that would be affected by disclosure notice and a hearing under chapter 48.04 RCW, determines that the interest of policyholders, shareholders, or the public will be served by the publication, in which event the commissioner may publish all or any part of the report in the manner he or she deems appropriate.

[1995 c 86 § 1.]

**RCW 48.05.515 Material acquisitions or dispositions.**

No acquisitions or dispositions of assets need be reported under RCW 48.05.510 if the acquisitions or dispositions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material acquisition, or the aggregate of any series of related acquisitions during any thirty-day period; or disposition, or the aggregate of any series of related dispositions during any thirty-day period is an acquisition or disposition that is nonrecurring and not in the ordinary course of business and involves more than five percent of the reporting insurer's total assets as reported in its most recent statutory statement filed with the commissioner.

[1995 c 86 § 2.]

**RCW 48.05.520 Asset acquisitions--Asset dispositions.**

(1) Asset acquisitions subject to RCW 48.05.510 through 48.05.535 include every purchase, lease, exchange, merger, consolidation, succession, or other acquisition other than the construction or development of real property by or for the reporting insurer or the acquisition of materials for such a purpose.

An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer's capital and surplus.

[1995 c 86 § 4.]

(1) No nonrenewals, cancellations, or revisions of ceded reinsurance agreements need be reported under RCW 48.05.510 if the nonrenewals, cancellations, or revisions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material nonrenewal, cancellation, or revision is one that affects:

(e) Previously established collateral requirements, when they have been reduced or waived as respects one or more unauthorized reinsurers representing collectively more than ten percent of a total cession.

(2) However, a filing is not required if:

(a) A property and casualty insurer's total ceded written premium represents, on an annualized basis, less than ten percent of its total written premium for direct and assumed business; or

(b) A nonproperty and casualty insurer's total reserve credit taken for business ceded represents, on an annualized basis, less than ten percent of the statutory reserve requirement prior to any cession.

An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer's capital and surplus.

(2) The president and secretary of the insurer shall, under the corporate seal, certify the amendment in duplicate, and file both copies in the office of the commissioner as required under this code for original articles of incorporation. (2) This section does not prohibit a life insurer from making a policy loan to such person on a life insurance contract issued by it and in accordance with the terms thereof.

(3) The commissioner may permit additional exceptions to the prohibition contained in subsection (1) of this section to enable payment of reasonable compensation to a director who is not otherwise an officer or employee of the insurer, or to a corporation or firm in which the director is interested, for necessary services performed or sales or purchases made to or for the insurer in the ordinary course of the insurer's business and in the usual private professional or business capacity of such director or such corporation or firm.

In addition, the commissioner may permit exceptions to the prohibitions contained in subsection (1) of this section where the payment of a fee, brokerage, gift, commission, or other emolument is fully disclosed to the insurer's officers and directors and is reasonable in relation to the service performed.

[1989 c 228 § 1; 1981 c 339 § 5; 1947 c 79 § .07.13; Rem. Supp. 1947 § 45.07.13.]

RCW 48.07.150 Solicitations in other states.
(1) No domestic insurer shall knowingly solicit insurance business in any reciprocating state in which it is not then licensed as an authorized insurer.
(2) This section shall not prohibit advertising through publications and radio broadcasts originating outside such reciprocating state, if the insurer is licensed in a majority of the states in which such advertising is disseminated, and if such advertising is not specifically directed to residents of such reciprocating state.

(3) This section shall not prohibit insurance, covering persons or risks located in a reciprocating state, under contracts solicited and issued in states in which the insurer is then licensed. Nor shall it prohibit insurance effectuated by the insurer as an unauthorized insurer in accordance with the laws of the reciprocating state. Nor shall it prohibit renewal or continuance in force, with or without modification, of contracts otherwise lawful and which were not originally executed in violation of this section.

**RCW 48.07.160** Continuing operation in event of national emergency--Declaration of purpose--"Insurer" defined.

It is desirable for the general welfare and in particular for the welfare of insurance beneficiaries, policyholders, claimants and others that the business of domestic insurers be continued notwithstanding the event of a national emergency. The purpose of this section and RCW 48.07.170 through 48.07.200 is to facilitate the continued operation of domestic insurers in the event that a national emergency is caused by an attack on the United States which is so disruptive of normal business and commerce in this state as to make it impossible or impracticable for a domestic insurer to conduct its business in accord with applicable provisions of law, its bylaws, or its charter. When used in this section and RCW 48.07.170 through 48.07.200 the word "insurer" includes a fraternal benefit society.

[1963 c 195 § 25.]

**RCW 48.07.170** Continuing operation in event of national emergency--Emergency bylaws.

The board of directors of any domestic insurer may at any time adopt emergency bylaws, subject to repeal or change by action of those having power to adopt regular bylaws for such insurer, which shall be operative during such a national emergency and which may, notwithstanding any different provisions of the regular bylaws, or of the applicable statutes, or of such insurer's charter, make any provision that may be reasonably necessary for the operation of such insurer during the period of such emergency.

[1963 c 195 § 26.]
RCW 48.07.180 Continuing operation in event of national emergency--Directors.

In the event that the board of directors of a domestic insurer has not adopted emergency bylaws, the following provisions shall become effective upon the occurrence of such a national emergency as above described:

1. Three directors shall constitute a quorum for the transaction of business at all meetings of the board.

2. Any vacancy in the board may be filled by a majority of the remaining directors, though less than a quorum, or by a sole remaining director.

3. If there are no surviving directors, but at least three vice presidents of such insurer survive, the three vice presidents with the longest term of service shall be the directors and shall possess all of the powers of the previous board of directors and such powers as are granted herein or by subsequently enacted legislation. By majority vote, such emergency board of directors may elect other directors. If there are not at least three surviving vice presidents, the commissioner or duly designated person exercising the powers of the commissioner shall appoint three persons as directors who shall include any surviving vice presidents and who shall possess all of the powers of the previous board of directors and such powers as are granted herein or by subsequently enacted legislation, and these persons by majority vote may elect other directors.

[1963 c 195 § 27.]

RCW 48.07.190 Continuing operation in event of national emergency--Officers.

At any time the board of directors of a domestic insurer may, by resolution, provide that in the event of such a national emergency and in the event of the death or incapacity of the president, the secretary, or the treasurer of such insurer, such officers, or any of them, shall be succeeded in the office by the person named or described in a succession list adopted by the board of directors. Such list may be on the basis of named persons or position titles, shall establish the order of priority and may prescribe the conditions under which the powers of the office shall be exercised.

[1963 c 195 § 28.]

RCW 48.07.200 Continuing operation in event of national emergency--Principal office and place of business.

At any time the board of directors of a domestic insurer may, by resolution, provide that in the event of such a national emergency the principal office and place of business of such insurer shall be at such location as is named or described in the resolution. Such resolution may provide for alternate locations and establish an order of preference.

[1963 c 195 § 29.]

RCW 48.07.210 Conversion to domestic insurer.
(1)(a) Any insurer duly organized under the laws of any other state and admitted to transact insurance business in this state may become a domestic insurer upon complying with all requirements of law for the organization of a domestic insurer in this state and by designating its principal place of business at a location in this state. Such domestic insurer is entitled to a certificate of authority to transact insurance in this state, subject to the conditions set forth in (b) of this subsection, and is subject to the authority and the jurisdiction of this state.

(b) Before being eligible to become a domestic insurer under this section, an admitted insurer shall advise the commissioner, in writing, thirty days in advance of the proposed date of its plan to become a domestic insurer. The commissioner must approve the plan in advance of the proposed date. The commissioner shall not approve any such plan unless, after a hearing, pursuant to such notice as the commissioner may require, the commissioner finds that the plan is consistent with law, and that no reasonable objection to the plan exists. If the commissioner fails to approve the plan, the commissioner shall state his or her reasons for failure to approve the plan in an order issued at the hearing.

(2) After providing thirty days' advance written notice of its plan to the commissioner and upon the written approval of the commissioner in advance of the proposed transfer date, any domestic insurer of this state may transfer its domicile to any other state in which it is admitted to transact the business of insurance. Upon transfer of domicile, the insurer ceases to be a domestic insurer of this state. If otherwise qualified under the laws of this state, the commissioner shall admit the insurer to do business in this state as a foreign insurer. The commissioner shall approve any proposed transfer of domicile unless the commissioner determines after a hearing, pursuant to such notice as the commissioner may require, that the transfer is not in the best interests of the public or the insurer's policyholders in this state. If the commissioner fails to approve a proposed transfer of domicile, the commissioner shall state his or her reasons for failure to approve the transfer in an order issued at the hearing.

(3) When a foreign insurer, admitted to transact business in this state, transfers its corporate domicile to this state or to any other state, the certificate of authority, appointment of statutory agent, and all approved licenses, policy forms, rates, filings, and other authorizations and approvals in existence at the time the foreign insurer transfers its corporate domicile shall continue in effect.

(4) Any insurer transferring its corporate domicile under this section shall file any amendments to articles of incorporation, bylaws, or other corporate documents that are required to be filed in this state before the insurer may receive approval of its proposed plan by the commissioner.

(2) If the increased capital stock is to be distributed as a stock dividend, such increased capital stock may be fully paid in out of any available surplus funds as is provided in RCW 48.08.030, and such payment shall be effected by a transfer on the insurer's books from its surplus account to its capital account.

RCW 48.08.020 Reduction of capital stock.

(1) Reduction of the capital stock of a domestic stock insurer shall be by amendment of its articles of incorporation. No such reduction shall be made which results in capital stock less in amount than the minimum required by this code for the kinds of insurance thereafter to be transacted by the insurer.

(2) No surplus funds of the insurer resulting from a reduction of its capital stock shall be distributed to stockholders, except as a stock dividend on a subsequent increase of capital stock.
or upon dissolution of the insurer, or upon approval of the commissioner of a distribution upon proof satisfactory to him that the distribution will not impair the interests of policyholders or the insurer's solvency.

(3) Upon such reduction of capital stock, the insurer's directors shall call in any outstanding stock certificates required to be changed pursuant thereto, and issue proper certificates in their stead.

[1947 c 79 § .08.02; Rem. Supp. 1947 § 45.08.02.]

RCW 48.08.030 Dividends to stockholders.

(1) No domestic stock insurer shall pay any cash dividend to stockholders except out of earned surplus. For the purpose of this section, "earned surplus" means that part of its available surplus funds which is derived from any realized net profits on its business, and does not include unrealized capital gains or reevaluation of assets.

(2) Such an insurer may pay a stock dividend out of any available surplus funds.

(3) Payment of any dividend to stockholders of a domestic stock insurer shall also be subject to all the limitations and requirements governing the payment of dividends by other private corporations.

(4) No dividend shall be declared or paid which would reduce the insurer's surplus to an amount less than the minimum required for the kinds of insurance thereafter to be transacted.

(5) For the purposes of this chapter "surplus funds" means the excess of the insurer's assets over its liabilities, including its capital stock as a liability.

(6) Available surplus means the excess over the minimum amount of surplus required for the kinds of insurance the insurer is authorized to transact.

RCW 48.08.040 Illegal dividends, reductions--Penalty against directors.

[1947 c 79 § .08.04; Rem. Supp. 1947 § 45.08.04.]

RCW 48.08.050 Impairment of capital.

(1) If the capital stock of a domestic stock insurer becomes impaired, the commissioner shall at once determine the amount of the deficiency and serve notice upon the insurer to require its stockholders to make good the deficiency within ninety days after service of such notice.

(2) The deficiency shall be made good in cash, or in assets eligible under this code for the
investment of the insurer's funds, or by reduction of the insurer's capital stock to an amount not below the minimum required for the kinds of insurance to be thereafter transacted.

(3) If the deficiency is not made good and proof thereof filed with the commissioner within such ninety-day period, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(4) If the deficiency is not made good the insurer shall not issue or deliver any policy after the expiration of such ninety-day period. Any officer or director who violates or knowingly permits the violation of this provision shall be subject to a fine of from fifty dollars to one thousand dollars for each violation.

[1947 c 79 § .08.05; Rem. Supp. 1947 § 45.08.05.]

**RCW 48.08.060  Repayment of contributions to surplus.**

Contributions to the surplus of a domestic stock insurer other than resulting from sale of its capital stock, shall not be subject to repayment except out of surplus in excess of the minimum surplus initially required of such an insurer transacting like kinds of insurance.

[1947 c 79 § .08.06; Rem. Supp. 1947 § 45.08.06.]

**RCW 48.08.070  Participating policies.**

(2) Any classification of its participating policies and of risks assumed thereunder which the insurer may make shall be reasonable. No dividend shall be paid which is inequitable or which unfairly discriminates as between such classifications or as between policies within the same classification.

(3) No such insurer shall issue in this state both participating and nonparticipating policies for the same class of risks; except, that both participating and nonparticipating life insurance policies may be issued if the right or absence of the right to participate is reasonably related to the premium charged.

(4) Dividends to participating life insurance policies issued by such insurer shall be paid only out of its surplus funds as defined in subsection (5) of RCW 48.08.030. Dividends to participating policies for other kinds of insurance shall be paid only out of that part of such surplus funds which is derived from any realized net profits from the insurer's business.

(5) No dividend, otherwise earned, shall be made contingent upon the payment of renewal premium on any policy.

**RCW 48.08.080  Mutualization of stock insurers.**

(1) Any domestic stock insurer may become a domestic mutual insurer pursuant to such
plan and procedure as are approved by the commissioner in advance of such mutualization.

(2) The commissioner shall not approve any such plan, procedure, or mutualization unless:

(a) It is equitable to both shareholders and policyholders.

(b) It is approved by vote of the holders of not less than three-fourths of the insurer's capital stock having voting rights, and by vote of not less than two-thirds of the insurer's policyholders who vote on such plan, pursuant to such notice and procedure as may be approved by the commissioner. Such vote may be registered in person, by proxy, or by mail.

(c) If a life insurer, the right to vote thereon is limited to those policyholders whose policies have face amounts of not less than one thousand dollars and have been in force one year or more.

(d) Mutualization will result in retirement of shares of the insurer's capital stock at a price not in excess of the fair value thereof as determined by competent disinterested appraisers.

(e) The plan provides for appraisal and purchase of the shares of any nonconsenting stockholder in accordance with the laws of this state relating to the sale or exchange of all the assets of a private corporation.

(f) The plan provides for definite conditions to be fulfilled by a designated early date upon which such mutualization will be deemed effective.

(g) The mutualization leaves the insurer with surplus funds reasonably adequate to preserve the security of its policyholders and its ability to continue successfully in business in the states in which it is then authorized, and in the kinds of insurance it is then authorized to transact.

[1947 c 79 § .08.08; Rem. Supp. 1947 § 45.08.08.]

(b) Domestic stock insurers which file with the Securities and Exchange Commission forms of proxies, consents and authorizations pursuant to the Securities and Exchange Act of 1934, as amended.

(2) Every such insurer shall seasonably furnish its stockholders in advance of stockholder meetings, information in writing reasonably adequate to inform them relative to all matters to be presented by the insurer's management for consideration of stockholders at such meeting.

(3) No person shall solicit a proxy, consent, or authorization in respect of any stock of such an insurer unless he furnishes the person so solicited with written information reasonably adequate as to

(a) the material matters in regard to which the powers so solicited are proposed to be
used, and

(b) the person or persons on whose behalf the solicitation is made, and the interest of such person or persons in relation to such matters.

(4) No person shall so furnish to another, information which the informer knows or has reason to believe, is false or misleading as to any material fact, or which fails to state any material fact reasonably necessary to prevent any other statement made from being misleading.

(5) The form of all such proxies shall:
(a) Conspicuously state on whose behalf the proxy is solicited;
(b) Provide for dating the proxy;
(c) Impartially identify each matter or group of related matters intended to be acted upon;
(d) Provide means for the principal to instruct the vote of his shares as to approval or disapproval of each matter or group, other than election to office; and
(e) Be legibly printed, with context suitably organized.

Except, that a proxy may confer discretionary authority as to matters as to which choice is not specified pursuant to item (d), above, if the form conspicuously states how it is intended to vote the proxy or authorization in each such case; and may confer discretionary authority as to other matters which may come before the meeting but unknown for a reasonable time prior to the solicitation by the persons on whose behalf the solicitation is made.

(6) No proxy shall confer authority (a) to vote for election of any person to any office for which a bona fide nominee is not named in the proxy statement, or (b) to vote at any annual meeting (or adjournment thereof) other than the annual meeting next following the date on which the proxy statement and form were furnished stockholders.

(7) The commissioner shall have authority to make and promulgate reasonable rules and regulations for the effectuation of this section, and in so doing shall give due consideration to rules and regulations promulgated for similar purposes by the insurance supervisory officials of other states.

Notes:

RCW 48.08.100 Equity security--Defined.

The term "equity security" when used in RCW 48.08.100 through 48.08.160 means any stock or similar security; or any security convertible, with or without consideration, into such a security, or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right; or any other security which the commissioner shall deem to be of similar nature and consider necessary or appropriate, by such rules and regulations as he may prescribe in the public interest or for the protection of investors, to treat as an equity security.

[1965 ex.s. c 70 § 11.]
RCW 48.08.110  **Equity security--Duty to file statement of ownership.**

Every person who is directly or indirectly the beneficial owner of more than ten percent of any class of any equity security of a domestic stock insurer, or who is a director or an officer of such insurer, shall file with the commissioner on or before the 30th day of September, 1965, or within ten days after he becomes such beneficial owner, director or officer, a statement, in such form as the commissioner may prescribe, of the amount of all equity securities of such insurer of which he is the beneficial owner, and within ten days after the close of each calendar month thereafter, if there has been a change in such ownership during such month, shall file with the commissioner a statement, in such form as the commissioner may prescribe, indicating his ownership at the close of the calendar month and such changes in his ownership as have occurred during such calendar month.

[1965 ex.s. c 70 § 6.]

RCW 48.08.120  **Equity security--Profits from short term transactions--Remedies--Limitation of actions.**

For the purpose of preventing the unfair use of information which may have been obtained by such beneficial owner, director or officer by reason of his relationship to such insurer, any profit realized by him from any purchase and sale, or any sale and purchase, of any equity security of such insurer within any period of less than six months, unless such security was acquired in good faith in connection with a debt previously contracted, shall inure to and be recoverable by the insurer, irrespective of any intention on the part of such beneficial owner, director or officer in entering into such transaction of holding the security purchased or of not repurchasing the security sold for a period exceeding six months. Suit to recover such profit may be instituted at law or in equity in any court of competent jurisdiction by the insurer, or by the owner of any security of the insurer in the name and in behalf of the insurer if the insurer shall fail or refuse to bring such suit within sixty days after request or shall fail diligently to prosecute the same thereafter: PROVIDED, That no such suit shall be brought more than two years after the date such profit was realized. This section shall not be construed to cover any transaction where such beneficial owner was not such both at the time of the purchase and sale, or the sale and purchase, of the security involved, or any transaction or transactions which the commissioner by rules and regulations may exempt as not comprehended within the purpose of this section.

[1965 ex.s. c 70 § 7.]

**Notes:**

RCW 48.08.130  **Equity security--Sales, unlawful practices.**

It shall be unlawful for any such beneficial owner, director or officer, directly or indirectly, to sell any equity security of such insurer if the person selling the security or his
principal (1) does not own the security sold, or (2) if owning the security, does not deliver it against such sale within twenty days thereafter, or does not within five days after such sale deposit it in the mails or other usual channels of transportation: PROVIDED, That no person shall be deemed to have violated this section if he proves that notwithstanding the exercise of good faith he was unable to make such delivery or deposit within such time, or that to do so would cause undue inconvenience or expense.

[1965 ex.s. c 70 § 8.]

**RCW 48.08.140 Equity security--Exemptions--Sales by dealer.**

The provisions of RCW 48.08.120 shall not apply to any purchase and sale, or sale and purchase, and the provisions of RCW 48.08.130 shall not apply to any sale of an equity security of a domestic stock insurer not then or theretofore held by him in an investment account, by a dealer in the ordinary course of his business and incident to the establishment or maintenance by him of a primary or secondary market (otherwise than on an exchange as defined in the Securities Exchange Act of 1934) for such security. The commissioner may, by such rules and regulations as he deems necessary or appropriate in the public interest, define and prescribe terms and conditions with respect to securities held in an investment account and transactions made in the ordinary course of business and incident to the establishment or maintenance of a primary or secondary market.

[1965 ex.s. c 70 § 9.]

**RCW 48.08.150 Equity security--Exemptions--Foreign or domestic arbitrage transactions.**

The provisions of RCW 48.08.110, 48.08.120 and 48.08.130 shall not apply to foreign or domestic arbitrage transactions unless made in contravention of such rules and regulations as the commissioner may adopt in order to carry out the purposes of RCW 48.08.100 through 48.08.160.

[1965 ex.s. c 70 § 10.]

**RCW 48.08.160 Equity security--Exemptions--Securities registered or required to be, or no class held by one hundred or more persons.**

The provisions of RCW 48.08.110, 48.08.120, and 48.08.130 shall not apply to equity securities of a domestic stock insurer if (1) such securities shall be registered, or shall be required to be registered, pursuant to section 12 of the Securities Exchange Act of 1934, as amended, or if (2) such domestic stock insurer shall not have any class of its equity securities held of record by one hundred or more persons on the last business day of the year next preceding the year in which equity securities of the insurer would be subject to the provisions of RCW 48.08.110, 48.08.120, and 48.08.130 except for the provisions of this subsection (2).
RCW 48.08.170  Equity security--Rules and regulations.  
The commissioner shall have the power to make such rules and regulations as may be necessary for the execution of the functions vested in him by RCW 48.08.100 through 48.08.160, and may for such purpose classify domestic stock insurers, securities, and other persons or matters within his jurisdiction. No provision of RCW 48.08.110, 48.08.120, and 48.08.130 imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the commissioner, notwithstanding that such rule or regulation may, after such act or omission, be amended or rescinded or determined by judicial or other authority to be invalid for any reason.

RCW 48.08.190  Failure to file required information, documents, or reports--Forfeiture.  
Any person who fails to file information, documents, or reports required to be filed under chapter 241, Laws of 1969 ex. sess. or any rule or regulation thereunder shall forfeit to the state of Washington the sum of one hundred dollars for each and every day such failure to file shall continue. RCW 48.09.010 Initial qualifications.

(1) The commissioner shall not issue a certificate of authority to a domestic mutual insurer unless it has fully qualified therefor under this code, and unless it has met the minimum requirements for the kind of insurance it proposes to transact as provided in this chapter.

(2) All applications for insurance submitted by such an insurer as fulfilling qualification requirements shall be bona fide applications from persons resident in this state covering lives, property, or risks resident or located in this state.

(3) All qualifying premiums collected and initial surplus funds of such an insurer shall be in cash. Any deposit made by such an insurer in lieu of applications, premiums, and initial surplus funds, shall be in cash or in securities eligible for the investment of the capital of a domestic stock insurer transacting the same kind of insurance.

[1947 c 79 § .09.01; Rem. Supp. 1947 § 45.09.01.]

RCW 48.09.090 Additional kinds of insurance.

A domestic mutual insurer may be authorized to transact kinds of insurance in addition to that for which it was originally authorized, if it has otherwise complied with the provisions of this code therefor, and while it possesses and maintains surplus funds in aggregate amount not less than the minimum amount of capital and surplus required under this code of a domestic stock insurer authorized to transact like kinds of insurance pursuant to RCW 48.05.340.

[1980 c 135 § 2; 1957 c 193 § 5; 1947 c 79 § .09.09; Rem. Supp. 1947 § 45.09.09.]
RCW 48.09.100 Minimum surplus.
A domestic mutual insurer on the cash premium plan shall at all times have and maintain surplus funds, representing the excess of its assets over its liabilities, in amount not less than the aggregate of
(1) the amount of any surplus funds deposited by it with the commissioner to qualify for its original certificate of authority, and
(2) the amount of any additional surplus required of it pursuant to RCW 48.09.090 for authority to transact additional kinds of insurance.

[1963 c 195 § 3; 1947 c 79 § .09.10; Rem. Supp. 1947 § 45.09.10.]

RCW 48.09.110 Membership.
(1) Each holder of one or more insurance contracts issued by a domestic mutual insurer, other than a contract of reinsurance, is a member of the insurer, with the rights and obligations of such membership, and each insurance contract so issued shall effectively so stipulate.
(2) Any person, government or governmental agency, state or political subdivision thereof, public or private corporation, board, association, estate, trustee or fiduciary, may be a member of a mutual insurer.

[1947 c 79 § .09.11; Rem. Supp. 1947 § 45.09.11.]

RCW 48.09.120 Rights of members.
(1) A domestic mutual insurer is owned by and shall be operated in the interest of its members.
(2) Each member is entitled to one vote in the election of directors and on matters coming before corporate meetings of members, subject to such reasonable minimum requirements as to duration of membership and amount of insurance held as may be made in the insurer's bylaws. The person named as the policyholder in any group insurance policy issued by such insurer shall be deemed the member, and shall have but one such vote regardless of the number of individuals insured by such policy.
(3) With respect to the management, records, and affairs of the insurer, a member shall have the same character of rights and relationship as a stockholder has toward a domestic stock insurer.

[1947 c 79 § .09.12; Rem. Supp. 1947 § 45.09.12.]

RCW 48.09.130 Bylaws.
A domestic mutual insurer shall adopt bylaws for the conduct of its affairs. Such bylaws, or any modification thereof, shall forthwith be filed with the commissioner. The commissioner shall disapprove any such bylaws, or as so modified, if he finds after a hearing thereon, that it is not in compliance with the laws of this state, and he shall forthwith communicate such
disapproval to the insurer. No such bylaw, or modification, so disapproved shall be effective during the existence of such disapproval.

[1947 c 79 § .09.13; Rem. Supp. 1947 § 45.09.13.]

**RCW 48.09.140 Notice of annual meeting.**

(1) Notice of the time and place of the annual meeting of members of a domestic mutual insurer shall be given by imprinting such notice plainly on the policies issued by the insurer.

(2) Any change of the date or place of the annual meeting shall be made only by an annual meeting of members. Notice of such change may be given:

(a) By imprinting such new date or place on all policies which will be in effect as of the date of such changed meeting; or

(b) Unless the commissioner otherwise orders, notice of the new date or place need be given only through policies issued after the date of the annual meeting at which such change was made and in premium notices and renewal certificates issued during the twenty-four months immediately following such meeting.

**RCW 48.09.150 Voting--Proxies.**

(1) A member of a domestic mutual insurer may vote in person or by proxy given another member on any matter coming before a corporate meeting of members.

(2) An officer of the insurer shall not hold or vote the proxy of any member.

(3) No such proxy shall be valid beyond the earlier of the following dates:

(a) The date of expiration set forth in the proxy; or

(b) The date of termination of membership; or

(c) Five years from the date of execution of the proxy.

(4) No member's vote upon any proposal to divest the insurer of its business and assets, or the major part thereof, shall be registered or taken except in person or by a proxy newly executed and specific as to the matter to be voted upon.

[1947 c 79 § .09.15; Rem. Supp. 1947 § 45.09.15.]

**RCW 48.09.160 Directors--Disqualification.**

No individual shall be a director of a domestic mutual insurer by reason of his holding public office. Adjudication as a bankrupt or taking the benefit of any insolvency law or making a general assignment for the benefit of creditors disqualifies an individual from being or acting as a director.

[1947 c 79 § .09.16; Rem. Supp. 1947 § 45.09.16.]
RCW 48.09.180 Limitation of expenses as to property and casualty insurance.

(1) For any calendar year after its first two full calendar years of operation, no domestic mutual insurer on the cash premium plan, other than one issuing nonassessable policies, shall incur any costs or expense in the writing or administration of property, disability, and casualty insurances (other than boiler and machinery or elevator) transacted by it which, exclusive of losses paid, loss adjustment expenses, investment expenses, dividends, and taxes exceeds the sum of

(a) forty percent of the net premium income during that year after deducting therefrom net earned reinsurance premiums for such year, plus

(b) all of the reinsurance commissions received on reinsurance ceded by it.

(2) The bylaws of every domestic mutual property insurer on the assessment premium plan shall impose a reasonable limitation upon its expenses.

[1949 c 190 § 8; 1947 c 79 § .09.18; Rem. Supp. 1949 § 45.09.18.]

RCW 48.09.190 Procedure upon violation of limitation.

The officers and directors of an insurer violating RCW 48.09.180 shall be jointly and severally liable to the insurer for any excess of expenses incurred. If the insurer fails to exercise reasonable diligence or refuses to enforce such liability, the commissioner may prosecute action thereon for the benefit of the insurer. Such failure or refusal constitutes grounds for revocation of the insurer's certificate of authority.

[1947 c 79 § .09.19; Rem. Supp. 1947 § 45.09.19.]

RCW 48.09.210 Limitation of action on officer's salary.

No action to recover, or on account of, any salary or other compensation due or claimed to be due any officer or director of a domestic mutual insurer, or on any note or agreement relative thereto, shall be brought against such insurer after twelve months after the date on which such salary or compensation, or any installment thereof, first accrued.

[1947 c 79 § .09.21; Rem. Supp. 1947 § 45.09.21.]

RCW 48.09.220 Contingent liability of members.

(1) Each member of a domestic mutual insurer, except as otherwise provided in this chapter, shall have a contingent liability, pro rata and not one for another, for the discharge of its obligations. The contingent liability shall be in such maximum amount as is stated in the insurer's articles of incorporation, but shall be not less than one, nor more than five, additional premiums for the member's policy at the annual premium rate and for a term of one year.

(2) Every policy issued by the insurer shall contain a statement of the contingent liability.

(3) Termination of the policy of any such member shall not relieve the member of contingent liability for his proportion of the obligations of the insurer which accrued while the
policy was in force.

[1949 c 190 § 9; 1947 c 79 § .09.22; Rem. Supp. 1949 § 45.09.22.]

**RCW 48.09.230 Assessment of members.**

(1) If at any time the assets of a domestic mutual insurer doing business on the cash premium plan are less than its liabilities and the minimum surplus, if any, required of it by this code as prerequisite for continuance of its certificate of authority, and the deficiency is not cured from other sources, its directors may, if approved by the commissioner, make an assessment only on its members who at any time within the twelve months immediately preceding the date such assessment was authorized by its directors held policies providing for contingent liability.

(2) Such an assessment shall be for such an amount of money as is required, in the opinion of the commissioner, to render the insurer fully solvent, but not to result in surplus in excess of five percent of the insurer's liabilities as of the date of the assessment.

(3) A member's proportionate part of any such assessment shall be computed by applying to the premium earned, during the period since the deficiency first appeared, on his contingently liable policy or policies the ratio of the total assessment to the total premium earned during such period on all contingently liable policies which are subject to the assessment.

(4) No member shall have an offset against any assessment for which he is liable on account of any claim for unearned premium or losses payable.

[1949 c 190 § 10; 1947 c 79 § .09.23; Rem. Supp. 1949 § 45.09.23.]

**RCW 48.09.240 Contingent liability of members of assessment insurer.**

The contingent liability of members of a domestic mutual insurer doing business on the assessment premium plan shall be called upon and enforced by its directors as provided in its bylaws.

[1947 c 79 § .09.24; Rem. Supp. 1947 § 45.09.24.]

**RCW 48.09.250 Contingent liability as asset.**

Any contingent liability of members of a domestic mutual insurer to assessment does not constitute an asset of the insurer in any determination of its financial condition.

[1949 c 190 § 11; 1947 c 79 § .09.25; Rem. Supp. 1949 § 45.09.25.]

**RCW 48.09.260 Liability as lien on policy reserves.**

As to life insurance, any portion of an assessment of contingent liability upon a policyholder which remains unpaid following notice of such assessment, demand for payment, and lapse of a reasonable waiting period as specified in such notice, may, if approved by the commissioner, be secured by placing a lien on the reserves held by the insurer to the credit of
such policyholder.

[1949 c 190 § 12; 1947 c 79 § .09.26; Rem. Supp. 1949 § 45.09.26.]

**RCW 48.09.270 Nonassessable policies.**

(1) A domestic mutual insurer on the cash premium plan, after it has established a surplus not less in amount than the minimum capital funds required of a domestic stock insurer to transact like kinds of insurance, and for so long as it maintains such surplus, may extinguish the contingent liability of its members to assessment and omit provisions imposing contingent liability in all policies currently issued.

(2) Any deposit made with the commissioner as a prerequisite to the insurer's certificate of authority may be included as part of the surplus required in this section.

(3) When the surplus has been so established and the commissioner has so ascertained, he shall issue to the insurer, at its request, his certificate authorizing the extinguishment of the contingent liability of its members and the issuance of policies free therefrom.

(4) While it maintains surplus funds in amount not less than the minimum capital required of a domestic stock insurer authorized to transact like kinds of insurance, and subject to the requirements of RCW 48.05.360 as to special surplus, a foreign or alien mutual insurer on the cash premium plan may, if consistent with its charter and the laws of its domicile, issue nonassessable policies covering subjects located, resident, or to be performed in this state.

[1963 c 195 § 4; 1947 c 79 § .09.27; Rem. Supp. 1947 § 45.09.27.]

**RCW 48.09.280 Qualification on issuance of nonassessable policies.**

The commissioner shall not authorize a domestic mutual insurer so to extinguish the contingent liability of any of its members or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its members and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which such an insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its members as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state.

[1947 c 79 § .09.28; Rem. Supp. 1947 § 45.09.28.]

**RCW 48.09.290 Revocation of right to issue nonassessable policies.**

(1) The commissioner shall revoke the authority of a domestic mutual insurer so to extinguish the contingent liability of its members if

(a) at any time the insurer's assets are less than the sum of its liabilities and the surplus required for such authority, or

(b) the insurer, by resolution of its directors approved by its members, requests that the
authority be revoked.

(2) Upon revocation of such authority for any cause, the insurer shall not thereafter issue any policies without contingent liability, nor renew any policies then in force without written endorsement thereon providing for contingent liability.

[1947 c 79 § .09.29; Rem. Supp. 1947 § 45.09.29.]

**RCW 48.09.300 Dividends.**

(1) The directors of a domestic mutual insurer on the cash premium plan may from time to time apportion and pay to its members as entitled thereto, dividends only out of that part of its surplus funds which are in excess of its required minimum surplus and which represent net realized savings and net realized earnings from its business.

(2) Any classification of its participating policies and of risks assumed thereunder which the insurer may make shall be reasonable. No dividend shall be paid which is inequitable, or which unfairly discriminates as between such classifications or as between policies within the same classification.

(3) No dividend, otherwise earned, shall be made contingent upon the payment of renewal premium on any policy.

[1947 c 79 § .09.30; Rem. Supp. 1947 § 45.09.30.]

**RCW 48.09.310 Nonparticipating policies.**

(1) If its articles of incorporation so provide, a domestic mutual insurer on the cash premium plan may, while it is authorized to issue policies without contingent liability to assessment, issue policies not entitled to participate in the insurer's savings and earnings.

(2) Such insurer shall not issue in this state both participating and nonparticipating policies for the same class of risks; except, that both participating and nonparticipating life insurance policies may be issued if the right or absence of the right to participate is reasonably related to the premium charged.

[1947 c 79 § .09.31; Rem. Supp. 1947 § 45.09.31.]

**RCW 48.09.320 Borrowed capital.**

(1) A domestic mutual insurer on the cash premium plan may, with the commissioner's advance approval and without the pledge of any of its assets, borrow money to defray the expenses of its organization or for any purpose required by its business, upon an agreement that such money and such interest thereon as may be agreed upon, but not exceeding six percent per annum, shall be repaid only out of the insurer's earned surplus in excess of its required minimum surplus.

(2) Any money so borrowed shall not form a part of the insurer's legal liabilities or be the basis of any setoff; but until repaid, financial statements filed or published by the insurer shall
show as a footnote thereto the amount thereof then unpaid together with interest thereon accrued but unpaid.

(3) The commissioner's approval of such loan, if granted, shall specify the amount to be borrowed, the purpose for which the money is to be used, the terms and form of the loan agreement, the date by which the loan must be completed, and such other related matters as the commissioner shall deem proper. If the money is to be borrowed upon multiple agreements, the agreements shall be serially numbered. No loan agreement or series thereof shall have or be given any preferential rights over any other such loan agreement or series. No commission or promotional expense shall be incurred or be paid on account of any such loan.

[1947 c 79 § .09.32; Rem. Supp. 1947 § 45.09.32.]

**RCW 48.09.330 Repayment of borrowed capital.**

(1) The insurer may repay any loan received pursuant to RCW 48.09.320, or any part thereof as approved by the commissioner, only out of its funds which represent such loan or realized net earned surplus. No repayment shall be made which reduces the insurer's surplus below the minimum surplus required for the kinds of insurance transacted.

(2) The insurer shall repay any such loan or the largest possible part thereof when the purposes for which such funds were borrowed have been fulfilled and when the insurer's surplus is adequate to so repay without unreasonable impairment of the insurer's operations.

(3) No repayment of such loan shall be made unless approved by the commissioner. The insurer shall notify the commissioner in writing not less than sixty days in advance of its intention to repay such loan or any part thereof, and the commissioner shall forthwith ascertain whether the insurer's financial condition is such that the repayment can properly be made.

(4) Upon dissolution and liquidation of the insurer, after the retirement of all its other outstanding obligations the holders of any such loan agreements then remaining unpaid shall be entitled to payment before any distribution of surplus is made to the insurer's members.

[1949 c 190 § 13; 1947 c 79 § .09.33; Rem. Supp. 1949 § 45.09.33.]

**RCW 48.09.340 Impairment of surplus.**

(1) If the assets of a domestic mutual insurer on the cash premium plan fall below the amount of its liabilities, plus the amount of any surplus required by this code for the kinds of insurance authorized to be transacted, the commissioner shall at once ascertain the amount of the deficiency and serve notice upon the insurer to cure the deficiency within ninety days after such service of notice.

(2) If the deficiency is not made good in cash or in assets eligible under this code for the investment of the insurer's funds, and proof thereof filed with the commissioner within such ninety-day period, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(3) If the deficiency is not made good the insurer shall not issue or deliver any policy after the expiration of such ninety-day period. Any officer or director who violates or knowingly...
permits the violating of this provision shall be subject to a fine of from fifty dollars to one thousand dollars for each violation.

[1949 c 190 § 14; 1947 c 79 § 09.34; Rem. Supp. 1949 § 45.09.34.]

**RCW 48.09.350 Reorganization of mutual as stock insurer--Reinsurance--Approval.**

(1) Upon satisfaction of the requirements applicable to the formation of a domestic stock insurer, a domestic mutual insurer may be reorganized as a stock corporation, pursuant to a plan of reorganization as approved by the commissioner.

(2) A domestic mutual insurer may be wholly reinsured in and its assets transferred to and its liabilities assumed by another mutual or stock insurer under such terms and conditions as are approved by the commissioner in advance of such reinsurance.

(3) The commissioner shall not approve any such reorganization plan or reinsurance agreement which does not determine the amount of and make adequate provision for paying to members of such mutual insurer, reasonable compensation for their equities as owners of such insurer, such compensation to be apportioned to members as identified and in the manner prescribed in RCW 48.09.360. The procedure for approval by the commissioner of any such reorganization plan or reinsurance agreement shall be the same as the procedure for approval by the commissioner of a plan of merger or consolidation under RCW 48.31.010.

Approval at a corporate meeting of members by two-thirds of the then members of a domestic mutual insurer who vote on the plan or agreement pursuant to such notice and procedure as was approved by the commissioner shall constitute approval of any such reorganization plan or reinsurance agreement by the insurer's members.

[1984 c 23 § 1; 1983 1st ex.s. c 32 § 1; 1947 c 79 § .09.35; Rem. Supp. 1947 § 45.09.35.]

**RCW 48.09.360 Distribution of assets and ownership equities upon liquidation.**

(1) Upon the liquidation of a domestic mutual insurer, its assets remaining after discharge of its indebtedness and policy obligations shall be distributed to its members who were such within the thirty-six months prior to the last termination of its certificate of authority.

(2) Upon the reorganization of a domestic mutual insurer as a domestic stock insurer under RCW 48.09.350(1) or upon reinsurance of the whole of the liabilities and transfer of all the assets of a domestic mutual insurer under RCW 48.09.350(2), the ownership equities of members of the domestic mutual insurer shall be distributed to its members who were such on an eligibility date stated in the reorganization plan or reinsurance agreement, or who were such within the thirty-six months prior to such eligibility date. Such eligibility date shall be either the date on which the reorganization plan or reinsurance agreement is adopted by resolution of the board of directors of the domestic mutual insurer, or the date on which the reorganization plan or reinsurance agreement is approved by a vote of the members, or the date which ends a calendar quarter during which either of such actions is taken.

(3) Upon the liquidation of a domestic mutual insurer, the distributive share of each such member shall be in the proportion that the aggregate premiums earned by the insurer on the
policies of the member during the thirty-six months before the last termination of the insurer's certificate of authority, bear to the aggregate of all premiums so earned on the policies of all such members during the same thirty-six months.

(4) Upon the reorganization of a domestic mutual insurer as a domestic stock insurer under RCW 48.09.350(1) or upon reinsurance of the whole of the liabilities and transfer of all the assets of a domestic mutual insurer under RCW 48.09.350(2), the distributive share of each member entitled thereto shall be in the proportion that the aggregate premiums earned by the insurer on the policies in force of that member during the thirty-six months before the eligibility date established under RCW 48.09.360(2) bear to the aggregate of all premiums so earned during the same thirty-six months on all the policies in force of all such members who are entitled to a distributive share.

(5) If a life insurer, the insurer shall make a reasonable classification of its life insurance policies so held by such members entitled to a distributive share and a formula based upon such classification for determining the equitable distributive share of each such member. Such classification and formula shall be subject to the commissioner's approval.

[1984 c 23 § 2; 1947 c 79 § .09.36; Rem. Supp. 1947 § 45.09.36.]

(2) Each such subscriber's share of a deficiency for which an assessment is made, not exceeding in any event his aggregate contingent liability as computed in accordance with RCW 48.10.290, shall be computed by applying to the premium earned on the subscriber's policy or policies during the period to be covered by the assessment, the ratio of the total deficiency to the total premiums earned during such period upon all policies subject to the assessment.

(3) In computing the earned premiums for the purposes of this section, the gross premium received by the insurer for the policy shall be used as a base, deducting therefrom solely charges not recurring upon the renewal or extension of the policy.

(4) No subscriber shall have an offset against any assessment for which he is liable, on account of any claim for unearned premium or losses payable.

[1947 c 79 § .10.27; Rem. Supp. 1947 § 45.10.27.]

**RCW 48.10.280 Time limit for assessment.**

Every subscriber of a domestic reciprocal insurer having contingent liability shall be liable for, and shall pay his share of any assessment, as computed and limited in accordance with this chapter, if:

(1) While his policy is in force or within one year after its termination, he is notified by either the attorney or the commissioner of his intention to levy such assessment; or
(2) If an order to show cause why a receiver, conservator, rehabilitator, or liquidator of the insurer should not be appointed is issued pursuant to RCW 48.31.190 while his policy is in force or within one year after its termination.

[1947 c 79 § .10.28; Rem. Supp. 1947 § 45.10.28.]

**RCW 48.10.290 Aggregate liability.**

[1947 c 79 § .10.29; Rem. Supp. 1947 § 45.10.29.]

**RCW 48.10.300 Nonassessable policies.**

(1) Subject to the special surplus requirements of RCW 48.05.360, if a reciprocal insurer has a surplus of assets over all liabilities at least equal to the minimum capital stock required of a domestic stock insurer authorized to transact like kinds of insurance, upon application of the attorney and as approved by the subscribers' advisory committee the commissioner shall issue his certificate authorizing the insurer to extinguish the contingent liability of subscribers under its policies then in force in this state, and to omit provisions imposing contingent liability in all policies delivered or issued for delivery in this state for so long as all such surplus remains unimpaired.

(2) Upon impairment of such surplus, the commissioner shall forthwith revoke the certificate. No policy shall thereafter be issued or renewed without providing for the contingent assessment liability of subscribers.

(3) The commissioner shall not authorize a domestic reciprocal insurer so to extinguish the contingent liability of any of its subscribers or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its subscribers and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which the insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its subscribers as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state.

[1983 c 3 § 148; 1947 c 79 § .10.30; Rem. Supp. 1947 § 45.10.30.]

**RCW 48.10.310 Return of savings to subscribers.**

A reciprocal insurer may from time to time return to its subscribers any savings or credits accruing to their accounts. Any such distribution shall not unfairly discriminate between classes of risks, or policies, or between subscribers.
RCW 48.10.320  Distribution of assets upon liquidation.  
Upon the liquidation of a domestic reciprocal insurer, its assets remaining after discharge of its indebtedness and policy obligations, the return of any contribution of the attorney to its surplus made as provided in RCW 48.10.190, and the return of any unused deposits, savings, or credits, shall be distributed to its subscribers who were such within the twelve months prior to the last termination of its certificate of authority according to such formula as may have been approved by the commissioner.

RCW 48.10.330  Merger--Conversion to stock or mutual insurer.  
(1) A domestic reciprocal insurer, upon affirmative vote of not less than two-thirds of the subscribers who vote upon such merger pursuant to such notice as may be approved by the commissioner and with the approval of the commissioner of the terms therefor, may merge with another reciprocal insurer or be converted to a stock or mutual insurer.

(2) Such a stock or mutual insurer shall be subject to the same capital requirements and shall have the same rights as a like domestic insurer transacting like kinds of insurance.

(3) The commissioner shall not approve any plan for such merger or conversion which is inequitable to subscribers, or which, if for conversion to a stock insurer, does not give each subscriber preferential right to acquire stock of the proposed insurer proportionate to his interest in the reciprocal insurer as determined in accordance with RCW 48.10.320 and a reasonable length of time within which to exercise such right.

RCW 48.10.340  Impairment of assets--Procedure.  
(1) If the assets of a domestic reciprocal insurer are at any time insufficient to discharge its liabilities other than any liability on account of funds contributed by the attorney, and to maintain the surplus required for the kinds of insurance it is authorized to transact, its attorney shall forthwith levy an assessment upon subscribers made subject to assessment by the terms of their policies for the amount needed to make up the deficiency.

(2) If the attorney fails to make the assessment within thirty days after the commissioner orders him to do so, or if the deficiency is not fully made up within sixty days after the date the assessment was made, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(3) If liquidation of such an insurer is ordered, an assessment shall be levied upon the subscribers for such an amount, subject to limits as provided by this chapter, as the commissioner determines to be necessary to discharge all liabilities of the insurer, exclusive of
any funds contributed by the attorney, but including the reasonable cost of the liquidation.

   - Rent due or accrued on real property if such rent is not in arrears for more than three months.

3. Premium notes, policy loans, and other policy assets and liens on policies of life insurance, in amount not exceeding the legal reserve and other policy liabilities carried on each individual policy;

(3) With reference to life and disability insurance, and annuity contracts,

(a) the amount of reserves on life insurance policies and annuity contracts in force (including disability benefits for both active and disabled lives, and accidental death benefits, in or supplementary thereto) and disability insurance, valued according to the tables of mortality, tables of morbidity, rates of interest, and methods adopted pursuant to this chapter which are applicable thereto; and

(b) any additional reserves which may be required by the commissioner, consistent with practice formulated or approved by the National Association of Insurance Commissioners, on account of such insurances; and

(1) With reference to insurances against loss or damage to property, except as provided in RCW 48.12.050, and with reference to all general casualty insurances, and surety insurances, every insurer shall maintain an unearned premium reserve on all policies in force.

(2) The commissioner may require that such reserve shall be equal to the unearned portions of the gross premiums in force after deducting authorized reinsurance, as computed on each respective risk from the policy's date of issue. If the commissioner does not so require, the portions of the gross premiums in force, less authorized reinsurance, to be held as a premium reserve, shall be computed according to the following table:

(4) After adopting any one of the methods for computing such reserve an insurer shall not change methods without the commissioner's approval.

(5) If, for certain policies, the insurer's exposure to loss is uneven over the policy term, the commissioner may grant permission to the insurer to use a different method of calculating the unearned premium reserve on those certain policies.

**RCW 48.12.080**  
**Increased reserves.**  
(1) If the commissioner determines that an insurer's unearned premium reserves, however computed, are inadequate, he may require the insurer to compute such reserves or any part thereof according to such other method or methods as are prescribed in this chapter.

(2) If the loss experience of an insurer shows that its loss reserves, however estimated, are inadequate, the commissioner shall require the insurer to maintain loss reserves in such increased amount as is needed to make them adequate.

RCW 48.12.158 Insolvency of non-United States insurer or reinsurer--Maintenance of assets--Claims.

Upon insolvency of a non-United States insurer or reinsurer that provides security to fund its United States obligations in accordance with chapter 379, Laws of 1997, the assets representing the security must be maintained in the United States and claims must be filed with and valued by the state insurance commissioner with regulatory oversight, and the assets distributed, in accordance with the insurance laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic United States insurance companies.

[1997 c 379 § 3.]

Notes:

RCW 48.12.160 Credit for reinsurance--Trust fund--Regulatory oversight.

(1) Any insurance company organized under the laws of this state may take credit as an asset or as a deduction from loss or claim, unearned premium, or life policy or contract reserves on risks ceded to a reinsurer to the extent reinsured by an insurer or insurers holding a certificate of authority to transact that kind of business in this state, unless the assuming insurer is the subject of a regulatory order or regulatory oversight by a state in which it is licensed based upon a commissioner's determination that the assuming insurer is in a hazardous financial condition. The credit on ceded risks reinsured by any insurer which is not authorized to transact business in this state may be taken:

(a) Where the reinsurer is a group including incorporated and unincorporated underwriters, and the group maintains a trust fund in a qualified United States financial institution which trust fund must be in an amount equal to:

(i) For reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after August 1, 1995, funds in trust in an amount not less than the group's several liabilities attributable to business ceded by United States domiciled insurers to any member of the group; or

(ii) For reinsurance ceded under reinsurance agreements with an inception date on or before July 31, 1995, and not amended or renewed after that date, notwithstanding the other provisions of chapter 379, Laws of 1997, funds in trust in an amount not less than the group's several insurance and reinsurance liabilities attributable to business written in the United States.

In addition, the group shall maintain a trusteed surplus of which one hundred million dollars shall be held jointly and exclusively for the benefit of United States ceding insurers of any member of the group.
The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members; and the group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants;

(b) Where the reinsurer does not meet the definition of (a) of this subsection, the single assuming alien reinsurer that, as of the date of the ceding insurer's statutory financial statement, maintains a trust fund in a qualified United States financial institution, which trust fund must be in an amount not less than the assuming alien reinsurer's liabilities attributable to reinsurance ceded by United States domiciled insurers, and in addition, the assuming insurer shall maintain a trusted surplus of not less than twenty million dollars, and the assuming alien reinsurer maintaining the trust fund must have received a registration from the commissioner under RCW 48.12.166. The assuming alien reinsurer shall report on or before February 28th to the commissioner substantially the same information as that required to be reported on the national association of insurance commissioners annual statement form by licensed insurers, to enable the commissioner to determine the sufficiency of the trust fund;

(c) In an amount not exceeding:

(i) The amount of deposits by and funds withheld from the assuming insurer pursuant to express provision therefor in the reinsurance contract, as security for the payment of the obligations thereunder, if the deposits or funds are assets of the types and amounts that are authorized under chapter 48.13 RCW and are held subject to withdrawal by and under the control of the ceding insurer or if the deposits or funds are placed in trust for these purposes in a bank which is a member of the federal reserve system and withdrawals from the trust cannot be made without the consent of the ceding company; or

(ii) The amount of a clean, irrevocable, and unconditional letter of credit issued by a United States bank that is determined by the national association of insurance commissioners to meet credit standards for issuing letters of credit in connection with reinsurance, and issued for a term of at least one year with provisions that it must be renewed unless the bank gives notice of nonrenewal at least thirty days before the expiration issued under arrangements satisfactory to the commissioner of insurance as constituting security to the ceding insurer substantially equal to that of a deposit under (c)(i) of this subsection.

(2) Credit for reinsurance may not be granted under subsection (1)(a), (b), and (c)(i) of this section unless:

(a) The form of the trust and amendments to the trust have been approved by the insurance commissioner of the state where the trust is located, or the insurance commissioner of another state who, pursuant to the terms of the trust agreement, has accepted principal regulatory oversight of the trust;

(b) The trust and trust amendments are filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled;

(c) The trust instrument provides that contested claims are valid, enforceable, and payable out of funds in trust to the extent remaining unsatisfied thirty days after entry of the final order of a court of competent jurisdiction in the United States;
(d) The trust vests legal title to its assets in the trustees of the trust for the benefit of the grantor's United States ceding insurers, their assigns, and successors in interest;

(e) The trust and the assuming insurer are subject to examination as determined by the commissioner;

(f) The trust shall remain in effect for as long as the assuming insurer, member, or former member of a group of insurers has outstanding obligations due under the reinsurance agreements subject to the trust; and

(g) No later then February 28th of each year, the trustees of the trust report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding year end. In addition, the trustees of the trust shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire within the next twelve months.

3. Any reinsurance ceded by a company organized under the laws of this state or ceded by any company not organized under the laws of this state and transacting business in this state must be payable by the assuming insurer on the basis of liability of the ceding company under the contract or contracts reinsured without diminution because of the insolvency of the ceding company, and any such reinsurance agreement which may be canceled on less than ninety days notice must provide for a run-off of the reinsurance in force at the date of cancellation.

4. The domiciliary conservator, liquidator, receiver, or statutory successor of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against the insolvent ceding insurer on the policy or bond reinsured within a reasonable time after such claim is filed in the insolvency proceeding and that during the pendency of such claim any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its liquidator or receiver or statutory successor.

The expense thus incurred by the assuming insurer shall be chargeable subject to court approval against the insolvent ceding insurer as a part of the expense of liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer.

5. Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

6. The credit permitted by subsection (1)(b) of this section is prohibited unless the assuming alien insurer agrees in the trust agreement, notwithstanding other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subsection (1)(b) of this section or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile:

(a) To comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund;

(b) That assets be distributed by, and insurance claims of United States trust beneficiaries
be filed with and valued by, the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) That if the commissioner with regulatory oversight determines that the assets of the trust fund or a part thereof are not necessary to satisfy the claims of the United States ceding insurers, which are United States trust beneficiaries, the assets or part thereof shall be returned by the commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) That the grantor waives any right otherwise available to it under United States law that is inconsistent with this provision.

RCW 48.12.162 Credit for reinsurance--Contract provisions--After December 31, 1996--Payment--Rights of original insured or policyholder.

(1) Credit for reinsurance in a reinsurance contract entered into after December 31, 1996, is allowed a domestic ceding insurer as either an asset or a deduction from liability in accordance with RCW 48.12.160 only if the reinsurance contract contains provisions that provide, in substance, as follows:

(a) The reinsurer shall indemnify the ceding insurer against all or a portion of the risk it assumed according to the terms and conditions contained in the reinsurance contract.

(b) In the event of insolvency and the appointment of a conservator, liquidator, or statutory successor of the ceding company, the portion of risk or obligation assumed by the reinsurer is payable to the conservator, liquidator, or statutory successor on the basis of claims allowed against the insolvent company by a court of competent jurisdiction or by a conservator, liquidator, or statutory successor of the company having authority to allow such claims, without diminution because of that insolvency, or because the conservator, liquidator, or statutory successor failed to pay all or a portion of any claims. Payments by the reinsurer as provided in this subsection are made directly to the ceding insurer or to its conservator, liquidator, or statutory successor, except where the contract of insurance, reinsurance, or other written agreement specifically provides another payee of such reinsurance in the event of the insolvency of the ceding insurer.
(2) Payment under a reinsurance contract must be made within a reasonable time with reasonable provision for verification in accordance with the terms of the reinsurance agreement. However, in no event shall the payments be beyond the period required by the national association of insurance commissioners accounting practices and procedures manual.

(3) The original insured or policyholder may not have any rights against the reinsurer that are not specifically set forth in the contract of reinsurance, or in a specific agreement between the reinsurer and the original insured or policyholder.

[1997 c 379 § 4.]

Notes:

RCW 48.12.164 Credit for reinsurance--Accounting or financial statement--After December 31, 1996.

Credit for reinsurance, as either an asset or a deduction, is prohibited in an accounting or financial statement of the ceding insurer in respect to the reinsurance contract unless, in such contract, the reinsurer undertakes to indemnify the ceding insurer against all or a part of the loss or liability arising out of the original insurance. This section only applies to those reinsurance contracts entered into after December 31, 1996.

(e) File other information, financial or otherwise, which the commissioner reasonably requests.

(2) A registration continues in force until suspended, revoked, or not renewed. (3) The commissioner shall give an assuming alien insurer notice of his or her intention to revoke or refuse to renew its registration at least ten days before the order of revocation or refusal is to become effective.

(4) The commissioner shall, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer's registration if the assuming alien insurer no longer qualifies or meets the requirements for registration.

(5) The commissioner may, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer's registration if the assuming alien insurer:

(c) Refuses to remove or discharge a trustee, director, or officer who has been convicted of a crime involving fraud, dishonesty, or moral turpitude;

(d) Usually compels policy-holding claimants either to accept less than the amount due them or to bring suit against the assuming alien insurer to secure full payment of the amount due;

(ii) That there is good reason to believe it is affiliated directly or indirectly through ownership, control, or business relations, with a person or persons whose business operations are, or have been found to be, in violation of any law or rule, to the detriment of policyholders, stockholders, investors, creditors, or of the public, by bad faith or by manipulation of the assets, accounts, or reinsurance;

(i) Does business through reinsurance intermediaries or other representatives in this state or in any other state, who are not properly licensed under applicable laws and rules; or

(j) Fails to pay, by the date due, any amounts required by this code.

(7) The actual costs and expenses incurred by the commissioner for an examination of a registered alien insurer must be charged to and collected from the alien reinsurer.

(8) A registered alien reinsurer is included as a "class one" organization for the purposes of RCW 48.02.190.

(1) Unless credit for reinsurance or deduction from liability is prohibited under RCW 48.12.164, a foreign ceding insurer is allowed credit for reinsurance or deduction from liability to the extent credit has been allowed by the ceding insurer's state of domicile if:

(a) The state of domicile is accredited by the national association of insurance commissioners; or

(b) Credit or deduction from liability would be allowed under chapter 379, Laws of 1997 if the foreign ceding insurer were domiciled in this state.

(3) The stock of a subsidiary of an insurer shall be valued on the basis of the greater of (a) the value of only such of the assets of such subsidiary as would constitute lawful investments for the insurer if acquired or held directly by the insurer or (b) such other value determined pursuant to rules and cumulative limitations which shall be promulgated by the commissioner to effectuate the purposes of this chapter.

RCW 48.13.020  General qualifications.

(1) No security or other investment shall be eligible for purchase or acquisition under this chapter unless it is interest bearing or interest accruing or dividend or income paying, is not then in default in any respect, and the insurer is entitled to receive for its exclusive account and benefit, the interest or income accruing thereon; except,

(2) No security shall be eligible for purchase at a price above its market value except voting stock of a corporation being acquired as a subsidiary.

(3) No provision of this chapter shall prohibit the acquisition by an insurer of other or additional securities or property if received as a dividend or as a lawful distribution of assets, or if acquired pursuant to a lawful and bona fide agreement of bulk reinsurance or consolidation. RCW 48.13.040 Public obligations.

An insurer may invest any of its funds in bonds or other evidences of debt, not in default
as to principal or interest, which are valid and legally authorized obligations issued, assumed or
guaranteed by the United States or by any state thereof or by any territory or possession of the
United States or by the District of Columbia or by any county, city, town, village, municipality
or district therein or by any political subdivision thereof or by any civil division or public
instrumentality of one or more of the foregoing, if, by statutory or other legal requirements
applicable thereto, such obligations are payable, as to both principal and interest, (1) from taxes
levied or required to be levied upon all taxable property or all taxable income within the
jurisdiction of such governmental unit or, (2) from adequate special revenues pledged or
otherwise appropriated or by law required to be provided for the purpose of such payment, but

by law.

RCW 48.13.050 Corporate obligations.

Except as set forth in RCW 48.13.273, an insurer may invest any of its funds in
obligations other than those eligible for investment under RCW 48.13.110 if they are issued,
assumed, or guaranteed by any solvent institution created or existing under the laws of the
United States or of any state, district or territory thereof, and are qualified under any of the
following:

(1) Obligations which are secured by adequate collateral security and bear fixed interest
if during each of any three, including the last two, of the five fiscal years next preceding the date
of acquisition by the insurer, the net earnings of the issuing, assuming or guaranteeing institution
available for its fixed charges, as defined in RCW 48.13.060, have been not less than one and
one-fourth times the total of its fixed charges for such year. In determining the adequacy of
collateral security, not more than one-third of the total value of such required collateral shall
consist of stock other than stock meeting the requirements of RCW 48.13.080.

(2) Fixed interest bearing obligations, other than those described in subdivision (1) of this
section, if the net earnings of the issuing, assuming or guaranteeing institution available for its

charges applicable to such period and if during the last year of such period such net earnings
have been not less than one and one-half times its fixed charges for such year.

(3) Adjustment, income or other contingent interest obligations if the net earnings of the issuing, assuming or guaranteeing institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by the insurer have averaged per year not less than one and one-half times the sum of its average annual fixed charges and its average annual maximum contingent interest applicable to such period and if during each of the last two years of such period such net earnings have been not less than one and one-half times the sum of its fixed charges and maximum contingent interest for such year.

**RCW 48.13.060 Terms defined.**

(1) Certain terms used are defined for the purposes of this chapter as follows:

(a) "Obligation" includes bonds, debentures, notes or other evidences of indebtedness.

(b) "Net earnings available for fixed charges" means net income after deducting operating and maintenance expenses, taxes other than federal and state income taxes, depreciation and depletion, but excluding extraordinary nonrecurring items of income or expense appearing in the regular financial statements of such institution.

(c) "Fixed charges" includes interest on funded and unfunded debt, amortization of debt discount, and rentals for leased properties.

(d) "Admitted assets" means the amount as of the last day of the most recently concluded annual statement year, computed in the same manner as "assets" in RCW 48.12.010.

(e) "Aggregate amount" of medium grade and lower grade obligations means the aggregate statutory statement value of those obligations thereof.

(f) "Institution" means a corporation, a joint stock company, an association, a trust, a business partnership, a business joint venture, or similar entity.

(2) If net earnings are determined in reliance upon consolidated earnings statements of parent and subsidiary institutions, such net earnings shall be determined after provision for income taxes of subsidiaries and after proper allowance for minority stock interest, if any; and the required coverage of fixed charges shall be computed on a basis including fixed charges and preferred dividends of subsidiaries other than those payable by such subsidiaries to the parent corporation or to any other of such subsidiaries, except that if the minority common stock interest in the subsidiary corporation is substantial, the fixed charges and preferred dividends may be apportioned in accordance with regulations prescribed by the commissioner.

[1993 c 92 § 3; 1947 c 79 § .13.06; Rem. Supp. 1947 § 45.13.06.]

**RCW 48.13.070 Securities of merged or reorganized institutions.**

In applying the earnings test set forth in RCW 48.13.060 to any such institution, whether or not in legal existence during the whole of such five years next preceding the date of investment by the insurer, which has at any time during the five-year period acquired substantially all of the assets of any other institution or institutions by purchase, merger,
consolidation or otherwise, or has been reorganized pursuant to the bankruptcy law, the earnings of the predecessor or constituent institutions, or of the institution so reorganized, available for interest and dividends for such portion of the five-year period as may have preceded such acquisition, or such reorganization, may be included in the earnings of such issuing, assuming or guaranteeing institution for such portion of such period as may be determined in accordance with adjusted or pro forma consolidated earnings statements covering such portion of such period and giving effect to all stock or shares outstanding, and all fixed charges existing, immediately after such acquisition, or such reorganization.

**RCW 48.13.080 Preferred or guaranteed stocks.**

(1) An insurer may invest any of its funds, in an aggregate amount not exceeding ten percent of its assets, if a life insurer, or not exceeding fifteen percent of such assets if other than a life insurer, in preferred or guaranteed stocks or shares, other than common stocks, of solvent institutions existing under the laws of the United States or of any state, district or territory thereof, if all of the prior obligations and prior preferred stocks, if any, of such institution at the date of acquisition by the insurer are eligible as investments under this chapter; and if qualified under either of the following:

(a) Preferred stocks or shares shall be deemed qualified if both these requirements are met:

(i) The net earnings of the institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by the insurer must have averaged per year not less than one and one-half times the sum of its average annual fixed charges, if any, its average annual maximum contingent interest, if any, and its average annual preferred dividend requirements applicable to such period; and

(ii) during each of the last two years of such period such net earnings must have been not less than one and one-half times the sum of its fixed charges, contingent interest and preferred dividend requirements for such year. The term "preferred dividend requirements" shall be deemed to mean cumulative or noncumulative dividends whether paid or not.

(b) Guaranteed stocks or shares shall be deemed qualified if the assuming or guaranteeing institution meets the requirements of subdivision (1) of RCW 48.13.050, construed so as to include as a fixed charge the amount of guaranteed dividends of such issue or the rental covering the guarantee of such dividends.

(2) An insurer shall not invest in or loan upon any preferred stock having voting rights, of any one institution, in excess of such proportion of the total issued and outstanding preferred stock of such institution having voting rights, as would, when added to any common shares of such institution, directly or indirectly held by it, exceed fifteen percent of all outstanding shares of such institution having voting rights, nor an amount in excess of the limit provided by RCW 48.13.030. This limitation shall not apply to such shares of a corporation which is the subsidiary of an insurer, and which corporation is engaged exclusively in a kind of business properly incidental to the insurance business of the insurer.
RCW 48.13.090 Trustees' or receivers' obligations.

An insurer may invest any of its funds, in an aggregate amount not exceeding two percent of its assets, in certificates, notes, or other obligations issued by trustees or receivers of institutions existing under the laws of the United States or of any state, district or territory thereof, which, or the assets of which, are being administered under the direction of any court having jurisdiction, if such obligation is adequately secured as to principal and interest.

RCW 48.13.100 Equipment trust certificates.

(5) Evidences of debt secured by first mortgages or deeds of trust upon leasehold estates, except agricultural leaseholds executed pursuant to RCW 79.01.096, running for a term of not less than fifteen years beyond the maturity of the loan as made or as extended, in improved real property, otherwise unencumbered, and if the mortgagee is entitled to be subrogated to all the rights under the leasehold.

RCW 48.13.120 Investments limited by property value.

(1) An investment made pursuant to the provisions of RCW 48.13.110 shall not exceed seventy-five percent of the fair value of the particular property at the time of investment. However, if the loan is secured by a first mortgage or other first lien upon real property improved with a single-family residential building, the terms of such loan provide for monthly payments of principal and interest sufficient to effect full repayment of the loan within the remaining useful life of the building as estimated in the appraisal for the loan, or thirty years and two months, whichever is less, the principal so loaned or the entire note or bond issue so secured, plus the amount of the liens of any public bond, assessment, or tax assessed upon the property, may not exceed eighty percent of the market value of the real property, or of the real property together with the improvements which are taken as security. This restriction shall not apply to purchase money mortgages or like securities received by an insurer upon the sale or exchange of real property acquired pursuant to RCW 48.13.160.

(2) The extent to which a mortgage loan made under RCW 48.13.110 (3) or (4) is guaranteed or insured by the Federal Housing Administration or guaranteed by the Administrator of Veterans' Affairs may be deducted before application of the limitations contained in subsection (1) of this section.

RCW 48.13.125 Mortgage loans on one family dwellings--Limitation on amortization.

Loans on one family dwellings secured by mortgages or deeds of trust or investments therein shall be amortized within not more than thirty years and two months by payments of installments thereon at regular intervals not less frequent than every three months; except those guaranteed or insured in whole or in part by the Federal Housing Administration, the Administrator of Veterans' Affairs or the Farmers Home Administration.

(d) Encroachments, if such encroachments are taken into consideration in determining the fair value of the property;

(e) A lease under which rents or profits are reserved to the owner if in any event the security for the loan or investment is a first lien upon the real property; or

(f) With respect to loans secured by mortgage, deed of trust, or other collateral guaranteed or insured in full or in part by the government of the United States, such encumbrances as are allowed as exceptions in title by the administrator or administration of the division of such government so guaranteeing or insuring.

The value of any mineral, oil, timber or similar right reserved shall not be included in the fair value of the property.

(1) The fair value of property shall be determined by appraisal by a competent appraiser at the time of the acquisition of real property or of the making or acquiring of a mortgage loan or investing in a contract for the deed thereon; except, that as to bonds or notes secured by mortgage or trust deed guaranteed or insured by the Federal Housing Administration, or guaranteed or insured as to principal in full or in part by the Administrator of Veterans' Affairs, or guaranteed or insured by the Farmers Home Administration, the valuation made by such administration or administrator shall be deemed to have been made by a competent appraiser for the purposes of this subsection.

(2) Buildings and other improvements located on mortgaged premises shall be kept insured for the benefit of the mortgagee against loss or damage from fire in an amount not less than the unpaid balance of the obligation, or the insurable value of the property, whichever is the lesser.

[2001 c 90 § 1.]

**RCW 48.13.220 Common stocks--Investment--Acquisition--Engaging in certain businesses.**

(1) After satisfying the requirements of RCW 48.13.260, an insurer may invest any of its funds in common shares of stock in solvent United States corporations that qualify as a sound investment; except, that as to life insurers such investments shall further not aggregate an amount in excess of fifty percent of the insurer's surplus over its minimum required surplus.

(3) The limitations of subsection (2) of this section shall not apply to investment in the securities of any subsidiary corporations of the insurer which are engaged or organized to engage exclusively in one or more of the following businesses:

(a) Acting as an insurance agent for its parent or for any of its parent's insurer subsidiaries or affiliates;

(b) Investing, reinvesting, or trading in securities or acting as a securities broker or dealer for its own account, that of its parent, any subsidiary of its parent, or any affiliate or subsidiary;

4. No acquisition of a majority of the total outstanding common shares of any corporation shall be made pursuant to this section unless a notice of intention of such proposed acquisition shall have been filed with the commissioner not less than ninety days, or such shorter period as may be permitted by the commissioner, in advance of such proposed acquisition, nor shall any such acquisition be made if the commissioner at any time prior to the expiration of the notice period finds that the proposed acquisition is contrary to law, or determines that such proposed acquisition would be contrary to the best interests of the parent insurer's policyholders or of the people of this state. The following shall be the only factors to be considered in making the foregoing determination:

(a) The availability of the funds or assets required for such acquisition;

(b) The fairness of any exchange of stock, assets, cash, or other consideration for the stock or assets to be received;

(c) The impact of the new operation on the parent insurer's surplus and existing insurance business and the risks inherent in the parent insurer's investment portfolio and operations;

(d) The fairness and adequacy of the financing proposed for the subsidiary;

(f) Whether the effect of the acquisition may be substantially to lessen competition in any line of commerce in insurance or to tend to create a monopoly therein; and

(g) Whether the acquisition might result in an excessive proliferation of subsidiaries which would tend to unduly dilute management effectiveness or weaken financial strength or otherwise be contrary to the best interests of the parent insurer's policyholders or of the people of this state. At any time after an acquisition, the commissioner may order its disposition if he
finds, after notice and hearing, that its continued retention is hazardous or prejudicial to the interests of the parent insurer's policyholders. The contents of each notice of intention of a proposed acquisition filed hereunder and information pertaining thereto shall be kept confidential, shall not be subject to subpoena, and shall not be made public unless after notice and hearing the commissioner determines that the interests of policyholders, stockholders, or the public will be served by the publication thereof.

(5) A domestic insurance company may, provided that it maintains books and records which separately account for such business, engage directly in any business referred to in paragraphs (d), (e), (h), and (j) of subsection (3) of this section either to the extent necessarily or properly incidental to the insurance business the insurer is authorized to do in this state or to the extent approved by the commissioner and subject to any limitations he may prescribe for the protection of the interests of the policyholders of the insurer after taking into account the effect of such business on the insurer's existing insurance business and its surplus, the proposed allocation of the estimated cost of such business, and the risks inherent in such business as well as the relative advantages to the insurer and its policyholders of conducting such business directly instead of through a subsidiary.

(1) An insurer may, directly or indirectly through an investment subsidiary, engage in
derivative transactions under this section under the following conditions:

(a) An insurer may use derivative instruments under this section to engage in hedging transactions and certain income generation transactions, as these terms may be further defined by rule by the insurance commissioner;

(b) Derivative instruments shall not be used for speculative purposes, but only as stated in (a) of this subsection;

(c) An insurer shall be able to demonstrate to the insurance commissioner the intended hedging characteristics and the ongoing effectiveness of the derivative transaction or combination of transactions through cash flow testing or other appropriate analysis;

(d) An insurer may enter into hedging transactions under this section if, as a result of and after giving effect to the transaction:

   (i) The aggregate statement value of options, caps, floors, and warrants not attached to another financial instrument purchased and used in hedging transactions does not exceed seven and one-half percent of its admitted assets;

   (ii) The aggregate statement value of options, caps, and floors written in hedging transactions does not exceed three percent of its admitted assets; and

   (iv) Sales of covered caps or floors, if the insurer holds in its portfolio the investments generating the cash flow to make the required payments under the caps or floors during the complete term that the cap or floor is outstanding;

(f) An insurer shall include all counterparty exposure amounts in determining compliance with general diversification requirements and medium and low grade investment limitations under this chapter; and

(g) Pursuant to rules adopted by the insurance commissioner under subsection (3) of this

If over-the-counter derivative instruments are entered into under a written master agreement which provides for netting of payments owed by the respective parties, and the domiciliary jurisdiction of the counterparty is either within the United States or, if not within the United States, within a foreign jurisdiction listed in the purposes and procedures of the securities valuation office as eligible for netting, the net amount of credit risk shall be the greater of zero or the sum of:

(i) The market value of the over-the-counter derivative instruments entered into under the agreement, the liquidation of which would result in a final cash payment to the insurer; and

(ii) The market value of the over-the-counter derivative instruments entered into under the agreement, the liquidation of which would result in a final cash payment by the insurer to the business entity.

For open transactions, market value shall be determined at the end of the most recent quarter of the insurer's fiscal year and shall be reduced by the market value of acceptable collateral held by the insurer or placed in escrow by one or both parties;

(d) "Covered" means that an insurer owns or can immediately acquire, through the exercise of options, warrants or conversion rights already owned, the underlying interest in order to fulfill or secure its obligations under a call option, cap or floor it has written, or has set aside under a custodial or escrow agreement cash or cash equivalents with a market value equal to the amount required to fulfill its obligations under a put option it has written, in an income generation transaction;

(e) "Derivative instrument" means an agreement, option, instrument, or a series or combination thereof:

(i) To make or take delivery of, or assume or relinquish, a specified amount of one or more underlying interests, or to make a cash settlement in lieu thereof; or

(ii) That has a price, performance, value, or cash flow based primarily upon the actual or
expected price, level, performance, value, or cash flow of one or more underlying interests.

Derivative instruments include options, warrants used in a hedging transaction and not attached to another financial instrument, caps, floors, collars, swaps, forwards, futures, and any other agreements, options, or instruments substantially similar thereto or any series or combination thereof and any agreements, options, or instruments permitted under rules adopted by the commissioner under subsection (3) of this section;

(f) "Derivative transaction" means a transaction involving the use of one or more derivative instruments;

(g) "Floor" means an agreement obligating the seller to make payments to the buyer in which each payment is based on the amount by which a predetermined number, sometimes called the floor rate or price, exceeds a reference price, level, performance, or value of one or more underlying interests;

(h) "Future" means an agreement, traded on a qualified exchange or qualified foreign exchange, to make or take delivery of, or effect a cash settlement based on the actual or expected price, level, performance, or value of, one or more underlying interests;

(i) "Hedging transaction" means a derivative transaction which is entered into and maintained to reduce:

(ii) The risk of a change in the value, yield, price, cash flow, or quantity of assets or liabilities which the insurer has acquired or incurred or anticipates acquiring or incurring; or

(i) "Option" means an agreement giving the buyer the right to buy or receive (a "call option"), sell or deliver (a "put option"), enter into, extend, or terminate or effect a cash settlement based on the actual or expected price, level, performance, or value of one or more underlying interests;

(k) "Swap" means an agreement to exchange or to net payments at one or more times based on the actual or expected price, level, performance, or value of one or more underlying interests;

(l) "Underlying interest" means the assets, liabilities, other interests, or a combination thereof underlying a derivative instrument, such as any one or more securities, currencies, rates, indices, commodities, or derivative instruments; and

(m) "Warrant" means an instrument that gives the holder the right to purchase an underlying financial instrument at a given price and time or at a series of prices and times outlined in the warrant agreement. Warrants may be issued alone or in connection with the sale of other securities, for example, as part of a merger or recapitalization agreement, or to facilitate divestiture of the securities of another business entity.

(3) The insurance commissioner may adopt rules implementing the provisions of this section.

[1997 c 317 § 1.]
Any ineligible personal property or securities acquired by an insurer may be required to be disposed of within the time not less than six months specified by order of the commissioner, unless before that time it attains the standard of eligibility, if retention of such property or securities would be contrary to the policyholders or public interest in that it tends to substantially lessen competition in the insurance business or threatens impairment of the financial condition of the insurer.

Any personal property or securities acquired by an insurer contrary to RCW 48.13.270 shall be disposed of forthwith or within any period specified by order of the commissioner.

Any property or securities ineligible only because of being excess of the amount permitted under this chapter to be invested in the category to which it belongs shall be ineligible only to the extent of such excess.

federal reserve book-entry securities system--Certificates--Records.

Notwithstanding any other provision of law, a domestic insurance company may deposit
or arrange for the deposit of securities held in or purchased for its general account and its separate accounts in a clearing corporation or the federal reserve book-entry securities system. When securities are deposited with a clearing corporation, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of such clearing corporation with any other securities deposited with such clearing corporation by any person, regardless of the ownership of such securities, and certificates representing securities of small denominations may be merged into one or more certificates of larger denominations. The records of any participating financial institution through which an insurance company holds securities in the federal reserve book-entry securities system, and the records of any custodian banks through which an insurance company holds securities in a clearing corporation, shall at all times show that such securities are held for such insurance company and for which accounts thereof. Ownership of, and other interests in, such securities may be transferred by bookkeeping entry on the books of such clearing corporation or in the federal reserve book-entry securities system without, in either case, physical delivery of certificates representing such securities.

[2000 c 221 § 2.]

**RCW 48.13.460 Safeguarding securities—Authorized methods of holding securities.**

The following are the only authorized methods of holding securities:

2. A domestic insurance company may, pursuant to an agreement, designate a participating financial institution or institutions as its custodian through which it can transact and maintain book-entry securities on behalf of the insurance company; or

**RCW 48.13.465 Safeguarding securities—Requirement to receive a confirmation.**

A domestic insurance company using the methods of holding securities under RCW 48.13.460 (2) or (3) is required to receive a confirmation from:

1. The participating financial institution or the qualified custodian whenever securities are received or surrendered pursuant to the domestic insurance company's instructions to a securities broker; or
2. The securities broker provided that the domestic insurance company has given the participating financial institution or qualified custodian and the securities broker matching instructions authorizing the transaction, which have been confirmed by the participating financial institution or qualified custodian prior to surrendering funds or securities to conduct the transaction.

[2000 c 221 § 4.]

RCW 48.13.475  Safeguarding securities--Maintenance with a qualified custodian--Commissioner may order transfer--Challenge to order--Standing at hearing or for judicial review.

(1) Notwithstanding the maintenance of securities with a qualified custodian pursuant to agreement, if the commissioner:

(a) Has reasonable cause to believe that the domestic insurer:

(i) Is conducting its business and affairs in such a manner as to threaten to render it insolvent;

(ii) Is in a hazardous condition or is conducting its business and affairs in a manner that is hazardous to its policyholders, creditors, or the public; or

(iii) Has committed or is committing or has engaged or is engaging in any act that would constitute grounds for rendering it subject to rehabilitation or liquidation proceedings; or

(b) Determines that irreparable loss and injury to the property and business of the domestic insurer has occurred or may occur unless the commissioner acts immediately; then the commissioner may, without hearing, order the insurer and the qualified custodian promptly to effect the transfer of the securities to another qualified custodian approved by the commissioner. Upon receipt of the order, the qualified custodian shall promptly effect the transfer of the securities. Notwithstanding the pendency of any hearing or request for hearing, the order shall be complied with by those persons subject to that order. Any challenge to the validity of the order shall be made under chapter 48.04 RCW, however, the stay of action provisions of RCW 48.04.020 do not apply. It is the responsibility of both the insurer and the qualified custodian to oversee that compliance with the order is completed as expeditiously as possible. Upon receipt of an order, there shall be no trading of the securities without specific instructions from the commissioner until the securities are received by the new qualified custodian, except to the extent trading transactions are in process on the day the order is received by the insurer and the failure to complete the trade may result in loss to the insurer's account. Issuance of an order does not affect the qualified custodian's liabilities with regard to the securities that are the subject of the order.

(2) No person other than the insurer has standing at the hearing by the commissioner or for any judicial review of the order.

[2000 c 221 § 6.]

**RCW 48.14.020 Premium taxes.**

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the
length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(3) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(4) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their agents, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or their agents.

(5) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW and health maintenance organizations under chapter 48.46 RCW. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

RCW 48.15.020 Solicitation by unauthorized insurer prohibited--Personal liability.

(1) An insurer not thereunto authorized by the commissioner shall not solicit insurance business in this state, nor transact insurance business in this state except as provided in this chapter.

(2)(a) No person shall, in this state, represent an unauthorized insurer except as provided in this chapter. This provision shall not apply to any adjuster or attorney at law representing such an insurer from time to time in this state in his or her professional capacity.

(b) A person, other than a duly licensed surplus line broker acting in good faith under his or her license, who makes a contract of insurance in this state, directly or indirectly, on behalf of an unauthorized insurer, without complying with the provisions of this chapter, is personally liable for the performance of such contract.

(3) Each violation of this section shall constitute a separate offense punishable by a fine of not more than twenty-five thousand dollars, and the commissioner, at the commissioner's discretion, may order replacement of policies improperly placed with an unauthorized insurer with policies issued by an authorized insurer. Violations may result in suspension or revocation of a license.
RCW 48.15.030  Validity of contracts illegally effectuated.

A contract of insurance effectuated by an unauthorized insurer in violation of the provisions of this code shall be voidable except at the instance of the insurer.

RCW 48.15.040  "Surplus line" coverage.

If certain insurance coverages cannot be procured from authorized insurers, such coverages, hereinafter designated as "surplus lines," may be procured from unauthorized insurers subject to the following conditions:

(1) The insurance must be procured through a licensed surplus line broker.

(2) The insurance must not be procurable, after diligent effort has been made to do so from among a majority of the insurers authorized to transact that kind of insurance in this state.

(3) Coverage shall not be procured from an unauthorized insurer for the purpose of securing a lower premium rate than would be accepted by any authorized insurer nor to secure any other competitive advantage.

(4) The commissioner may by regulation establish the degree of effort required to comply with subsections (2) and (3) of this section.

(5) At the time of the procuring of any such insurance an affidavit setting forth the facts referred to in subsections (2) and (3) of this section must be executed by the surplus line broker. Such affidavit shall be filed with the commissioner within thirty days after the insurance is procured.

RCW 48.15.050  Endorsement of contract.

Every insurance contract procured and delivered as a surplus line coverage pursuant to this chapter shall have stamped upon it and be initialed by or bear the name of the surplus line broker who procured it, the following:

"This contract is registered and delivered as a surplus line coverage under the insurance code of the state of Washington, enacted in 1947."

RCW 48.15.060  Validity of contracts.

Insurance contracts procured as surplus line coverage from unauthorized insurers in accordance with this chapter shall be fully valid and enforceable as to all parties, and shall be given recognition in all matters and respects to the same effect as like contracts issued by
authorized insurers.

[1947 c 79 § .15.06; Rem. Supp. 1947 § 45.15.06.]

**RCW 48.15.070   Surplus line brokers--Licensing.**

Any individual while a resident of this state, or any firm or any corporation that has in its employ a qualified individual who is a resident of this state and who is authorized to exercise the powers of the firm or corporation, deemed by the commissioner to be competent and trustworthy, and while maintaining an office at a designated location in this state, may be licensed as a surplus line broker in accordance with this section.

(1) Application to the commissioner for the license shall be made on forms furnished by the commissioner.

(2) The license shall expire if not timely renewed. Surplus line brokers licenses shall be valid for the time period established by the commission unless suspended or revoked at an earlier date.

(3) Prior to issuance of license the applicant shall file with the commissioner a bond in favor of the state of Washington in the penal sum of twenty thousand dollars, with authorized corporate sureties approved by the commissioner, conditioned that he will conduct business under the license in accordance with the provisions of this chapter and that he will promptly remit the taxes provided by RCW 48.15.120. The licensee shall maintain such bond in force for as long as the license remains in effect.

(4) Every applicant for a surplus line broker's license or for the renewal of a surplus line broker's license shall file with the application or request for renewal a bond in favor of the people of the state of Washington, executed by an authorized corporate surety approved by the commissioner, in the amount of one hundred thousand dollars and shall be the bonding requirement for new licensees. The licensee shall maintain such bond in force while so licensed. The bond may be continuous in form, and total aggregate liability on the bond may be limited to the amount stated in the bond. The bond shall be contingent on the accounting by the surplus line broker to any person requesting such broker to obtain insurance, for moneys or premiums collected in connection therewith. A bond issued in accordance with RCW 48.17.250 or with this subsection will satisfy the requirements of both RCW 48.17.250 and this subsection if the limit of liability is not less than the greater of the requirement of RCW 48.17.250 or the requirement of this subsection.

(5) Any bond issued pursuant to subsection (3) or (4) of this section shall remain in force until the surety is released from liability by the commissioner, or until the bond is canceled by the surety. Without prejudice to any liability accrued prior to such cancellation, the surety may cancel the bond upon thirty days' advance notice in writing filed with the commissioner.

(6) For the purposes of this section, a "qualified individual" is a natural person who has met all the requirements that must be met by an individual surplus line broker.

(2) A person under subsection (1) of this section must meet the same qualifications, other than residency, as any other person seeking to be licensed as a surplus line broker under this chapter. A person granted a nonresident surplus line broker's license must have all the same responsibilities as any other surplus line broker and is subject to the (a) commissioner's supervision as though resident in this state and (b) rules adopted under this chapter.

[2001 c 91 § 1.]

This provision shall not affect rights as between the insurer and the broker.

(c) Any group including incorporated and individual insurers maintaining a trust fund of less than fifty million dollars as security to the full amount thereof for all policyholders in the United States of each member of the group, and such trust shall likewise comply with the terms and conditions established in (b) of this subsection for an alien insurer; or

(d) Any insurance exchange created by the laws of an individual state, maintaining capital and surplus, or substantially equivalent capital funds of less than fifty million dollars in the aggregate. For insurance exchanges which maintain funds for the protection of all insurance exchange policyholders, each individual syndicate shall maintain minimum capital and surplus, or the substantial equivalent thereof, of not less than six million dollars. In the event the insurance exchange does not maintain funds for the protection of all insurance exchange policyholders, each individual syndicate shall meet the minimum capital and surplus requirements of (a) of this subsection.

(2) The commissioner may, by rule:

(a) Increase the financial requirements under subsection (1) of this section by not more than one million dollars in any twelve-month period, but in no case may the requirements exceed fifteen million dollars; or

(b) Prescribe the terms under which the foregoing financial requirements may be waived in circumstances where insurance cannot be otherwise procured on risks located in this state.

(3) For any violation of this section the surplus line broker may be fined not less than one hundred dollars or more than five thousand dollars, and in addition to or in lieu thereof the surplus line broker’s license may be revoked, suspended, or nonrenewed.

(h) If the licensee or applicant has shown himself to be, and is so deemed by the commissioner, incompetent, or untrustworthy, or a source of injury and loss to the public.

(i) If the licensee has dealt with, or attempted to deal with, insurances, or to exercise powers relative to insurance outside the scope of his licenses.

(2) If any natural person named under a firm or corporate license, or application therefor, commits or has committed any act or fails or has failed to perform any duty which is a ground for the commissioner to revoke, suspend or refuse to issue or renew the license or application for license, the commissioner may revoke, suspend, refuse to renew, or refuse to issue:

(a) The license, or application therefor, of the corporation or firm; or

(b) The right of the natural person to act thereunder; or

(c) Any other license held or applied for by the natural person; or

(d) He may take all such steps.

(3) Any conduct of an applicant or licensee which constitutes ground for disciplinary action under this code shall be deemed such ground notwithstanding that such conduct took place in another state.

(4) The holder of any license which has been revoked or suspended shall surrender the license certificate to the commissioner at the commissioner's request.

[1985 c 264 § 8; 1953 c 197 § 9; 1947 c 79 § .17.52; Rem. Supp. 1947 § 47.17.52.]

RCW 48.17.540  Procedure to suspend, revoke, or refuse--Effect of conviction of felony.

(1) The commissioner may revoke or refuse to renew any license issued under this chapter, or any surplus line broker's license, immediately and without hearing, upon sentencing of the licensee for conviction of a felony by final judgment of any court of competent jurisdiction, if the facts giving rise to such conviction demonstrate the licensee to be untrustworthy to maintain any such license.

(2) The commissioner may suspend, revoke, or refuse to renew any such license:

(a) By an order served by mail or personal service upon the licensee not less than fifteen days prior to the effective date thereof, subject to the right of the licensee to have a hearing as provided in RCW 48.04.010; or

(b) By an order on hearing made as provided in chapter 34.05 RCW, the Administrative Procedure Act, effective not less than ten days after the date of the service of the order, subject to the right of the licensee to appeal to the superior court.

(3) The commissioner may temporarily suspend such license by an order served by mail or by personal service upon the licensee not less than three days prior to the effective date thereof, provided the order contains a notice of revocation and includes a finding that the public safety or welfare imperatively requires emergency action. Such suspension shall continue only until proceedings for revocation are concluded. The commissioner also may temporarily suspend such license in cases where proceedings for revocation are pending if he or she finds that the public safety or welfare imperatively requires emergency action.
(4) Service by mail under this section shall mean posting in the United States mail, addressed to the licensee at the most recent address shown in the commissioner's licensing records for the licensee. Service by mail is complete upon deposit in the United States mail.

[1947 c 79 § .17.55; Rem. Supp. 1947 § 45.17.55.]

RCW 48.17.560 Fines may be imposed.
After hearing or upon stipulation by the licensee or insurance education provider, and in addition to or in lieu of the suspension, revocation, or refusal to renew any such license or insurance education provider approval, the commissioner may levy a fine upon the licensee or insurance education provider. (1) For each offense the fine shall be an amount not more than one thousand dollars. (2) The order levying such fine shall specify that the fine shall be fully paid not less than fifteen nor more than thirty days from the date of the order. (3) Upon failure to pay any such fine when due, the commissioner shall revoke the licenses of the licensee or the approval(s) of the insurance education provider, if not already revoked. RCW 48.17.563 Insurance education providers--Commissioner's approval--Renewal fee.
(1) The commissioner may require insurance education providers to furnish specific information regarding their curricula, faculty, methods of monitoring attendance, and other matters reasonably related to providing insurance education under this chapter. The commissioner may grant approvals to such providers who demonstrate the ability to conduct and certify completion of one or more courses satisfying the insurance education requirements of
RCW 48.17.150.

(2) Provider and course approvals are valid for the time period established by the commissioner and shall expire if not timely renewed. Each provider shall pay the renewal fee set forth in RCW 48.14.010(1)(n).

(3) In granting approvals for courses required by RCW 48.17.150(1)(d):
   (a) The commissioner may require the availability of a licensed agent with appropriate experience on the premises whenever instruction is being offered; and
   (b) The commissioner shall not deny approval to any provider on the grounds that the proposed method of education employs nontraditional teaching techniques, such as substituting taped lectures for live instruction, offering instruction without fixed schedules, or providing education at individual learning rates.

RCW 48.17.565 Insurance education providers--Violations--Costs awarded.

If an investigation of any provider culminates in a finding by the commissioner or by any court of competent jurisdiction, that the provider has failed to comply with or has violated any statute or regulation pertaining to insurance education, the provider shall pay the expenses reasonably attributable and allocable to such investigation.

   (1) The commissioner shall calculate such expenses and render a bill therefor by registered mail to the provider. Within thirty days after receipt of such bill, the provider shall pay the full amount to the commissioner. The commissioner shall transmit such payment to the state treasurer. The state treasurer shall credit the payment to the office of the insurance commissioner regulatory account, treating such payment as recovery of a prior expenditure.

   (2) In any action brought under this section, if the insurance commissioner prevails, the court may award to the office of the insurance commissioner all costs of the action, including a reasonable attorneys' fee to be fixed by the court.

   Effective date--1989 c 323: See note following RCW 48.17.055.

RCW 48.17.568 Insurance education providers--Bond.

In addition to the regulatory requirements imposed pursuant to RCW 48.17.150, the commissioner may require each insurance education provider to post a bond, cash deposit, or irrevocable letter of credit. Every insurance education provider, other than an insurer, health care service contractor, health maintenance organization, or educational institution established by Washington statutes, is subject to the requirement.

   (1) The provider shall file with each request for course approval and shall maintain in force while so approved, the bond, cash deposit, or irrevocable letter of credit in favor of the state of Washington, according to criteria which the commissioner shall establish by regulation.
The amount of such bond, cash deposit, or irrevocable letter of credit, shall not exceed five thousand dollars for the provider's first approved course and one thousand dollars for each additional approved course.

(2) Proceeds from the bond, cash deposit, or irrevocable letter of credit shall inure to the commissioner for payment of investigation expenses or for payment of any fine ordered per Washington statutes or regulations governing insurance education: PROVIDED, That recoverable investigation expenses or fines shall not be limited to the amount of such required bond, cash deposit, or irrevocable letter of credit.

RCW 48.17.591 Termination of agency contract--Effect on insured.

(1) No insurer authorized to do business in this state may cancel or refuse to renew any policy because that insurer's contract with the independent agent through whom such policy is written has been terminated by the insurer, the agent, or by mutual agreement.

(2) If an insurer intends to terminate a written agency contract with an independent agent, the insurer shall give the agent not less than one hundred twenty days' advance written notice of the intent, unless the termination is based upon the agent's abandonment of the agency, the agent's gross and willful misconduct, the agent's loss of license by order of the insurance commissioner, the agent's sale of, or material change of ownership in, the agency, the agent's fraud or material misrepresentation relative to the business of insurance, or the agent's default in payments due the insurer under the terms of the agreement. During the notice period the insurer shall not amend the existing contract without the consent of the agent.

(a) Unless the agency contract provides otherwise, during the one hundred twenty day notice period the independent agent shall not write or bind any new business on behalf of the terminating insurer without specific written approval. However, routine adjustments by insureds are permitted. The terminating insurer shall permit renewal of all its policies in the agent's book of business for a period of one year following the effective date of the termination, to the extent the policies meet the insurer's underwriting standards and the insurer has no other reason for nonrenewal. The rate of commission for any policies renewed under this provision shall be the same as the agent would have received had the agency agreement not been terminated.

(b) An independent agent whose agency contract has been terminated shall have a reasonable opportunity to transfer affected policies to other insurers with which the agent has an appointment: PROVIDED, HOWEVER, That prior to the conclusion of the one-year renewal period following the effective date of the termination, an insurer without a reason for not renewing an insured's policy and which has not received notification of the placement of such policy with another insurer shall provide its insured with appropriate written notice of an offer to continue the policy. In such cases, except where the terminated agent has placed the policy with another agent of the insurer, the insurer shall, where practical, assign the policy to an appointed agent located reasonably near the insured willing to accept the assignment.
(c) An insurer is not required to continue the appointment of a terminated independent agent during or after the one year renewal period. However, an agent whose contract has been terminated by the insurer remains an agent of the terminating insurer as to actions associated with the policies subject to this section just as if he or she were appointed by the insurer as its agent.

(3) In the absence of receipt of notice from the insured that coverage will not be continued with the existing insurer, an insurer whose agency contract has been terminated by an independent agent, or by the mutual agreement of the insurer and the agent, that elects to renew or lacks a reason not to renew, shall give the renewal notice required by chapter 48.18 RCW to affected insureds, and continue renewed coverage in accordance with the methods specified in subsection (2)(b) of this section. Agents affected by this subsection may provide the notice to an insurer that an insured does not intend to continue existing coverage with the insurer, after receiving written authority to do so from an insured.

(4) For purposes of this section an "independent agent" is a licensed insurance agent representing an insurer on an independent contractor basis and not as an employee. This term includes only those agents not obligated by contract to place insurance accounts with a particular insurer or group of insurers.

(5) This section does not apply to (a) agents or policies of an insurer or group of insurers if the business is not owned by the agent and the termination of any such contractual agreement does not result in the cancellation or nonrenewal of any policies of insurance; (b) general agents, to the extent that they are acting in that capacity; (c) life, disability, surety, ocean marine and foreign trade, and title insurance policies; (d) situations where the termination of the agency contract results from the insolvency or liquidation of the terminating insurer.

(6) No insurer may terminate its agency contract with an appointed agent unless it complies with this section.

(7) Nothing contained in this section excuses an insurer from giving cancellation and renewal notices that may be required by chapter 48.18 RCW.

Notes:
Reviser's note: Previously codified as RCW 48.18.285. Recodified to reflect legislative directive under 1990 c 121.

RCW 48.17.600 Separation of premium funds.

(1) All funds representing premiums or return premiums received by an agent, solicitor or broker in his or her fiduciary capacity shall be accounted for and maintained in a separate account from all other business and personal funds.

(2) An agent, solicitor or broker shall not commingle or otherwise combine premiums with any other moneys, except as provided in subsection (3) of this section.

(3) An agent, solicitor or broker may commingle with premium funds any additional funds as he or she may deem prudent for the purpose of advancing premiums, establishing reserves for the paying of return premiums, or for any contingencies as may arise in his or her
business of receiving and transmitting premium or return premium funds.

(4) Each willful violation of this section shall constitute a misdemeanor.

(5) This section shall not apply to agents for title insurance companies or insurance brokers whose average daily balance for premiums received on behalf of insureds in the state of Washington equals or exceeds one million dollars.

### RCW 48.18.010 Scope of chapter.

The applicable provisions of this chapter shall apply to insurances other than ocean marine and foreign trade insurances. This chapter shall not apply to life or disability insurance policies not issued for delivery in this state nor delivered in this state.

[1947 c 79 § .18.01; Rem. Supp. 1947 § 45.18.01.]
Revised Code of Washington 2001

RCW 48.18.020  **Power to contract.**

(1) Any person eighteen years or older shall be considered of full legal age and may contract for or with respect to insurance. Any person seventeen years or younger shall be considered a minor for purposes of Title 48 RCW.

(2) A minor not less than fifteen years of age as at nearest birthday may, notwithstanding such minority, contract for life or disability insurance on his own life or body, for his own benefit or for the benefit of his father, mother, spouse, child, brother, sister, or grandparent, and may exercise all rights and powers with respect to or under the contract as though of full legal age, and may surrender his interest therein and give a valid discharge for any benefit accruing or money payable thereunder. The minor shall not, by reason of his minority, be entitled to rescind, avoid, or repudiate the contract, or any exercise of a right or privilege thereunder, except, that such minor, not otherwise emancipated, shall not be bound by any unperformed agreement to pay, by promissory note or otherwise any premium on any such insurance contract.

[1973 1st ex.s. c 163 § 2; 1970 ex.s. c 17 § 4; 1947 c 79 § .18.02; Rem. Supp. 1947 § 45.18.02.]

RCW 48.18.030  **Insurable interest--Personal insurances--Nonprofit organizations.**

(1) Any individual of competent legal capacity may procure or effect an insurance contract upon his own life or body for the benefit of any person. But no person shall procure or cause to be procured any insurance contract upon the life or body of another individual unless the benefits under such contract are payable to the individual insured or his personal representatives, or to a person having, at the time when such contract was made, an insurable interest in the individual insured.

(2) If the beneficiary, assignee or other payee under any contract made in violation of this section receives from the insurer any benefits thereunder accruing upon the death, disablement or injury of the individual insured, the individual insured or his executor or administrator, as the case may be, may maintain an action to recover such benefits from the person so receiving them.

(3) "Insurable interest" as used in this section and in RCW 48.18.060 includes only interests as follows:

(a) In the case of individuals related closely by blood or by law, a substantial interest engendered by love and affection; and

(b) In the case of other persons, a lawful and substantial economic interest in having the life, health or bodily safety of the individual insured continue, as distinguished from an interest which would arise only by, or would be enhanced in value by, the death, disablement or injury of the individual insured.

(c) An individual heretofore or hereafter party to a contract or option for the purchase or sale of an interest in a business partnership or firm, or of shares of stock of a close corporation or of an interest in such shares, has an insurable interest in the life of each individual party to such contract and for the purposes of such contract only, in addition to any insurable interest which may otherwise exist as to the life of such individual.
(d) A guardian, trustee or other fiduciary has an insurable interest in the life of any person for whose benefit the fiduciary holds property, and in the life of any other individual in whose life such person has an insurable interest.

(e) Subject to rules adopted under subsection (4) of this section, upon joint application with a nonprofit organization for, or transfer to a nonprofit organization of, an insurance policy on the life of a person naming the organization as owner and beneficiary, a nonprofit organization's interest in the life of a person if:

(i) The nonprofit organization was established exclusively for religious, charitable, scientific, literary, or educational purposes, or to promote amateur athletic competition, to conduct testing for public safety, or to prevent cruelty to children or animals; and

(ii) The nonprofit organization:

(A) Has existed for a minimum of five years; or

(B) Has been issued a certificate of exemption to conduct a charitable gift annuity business under RCW 48.38.010, or is authorized to conduct a charitable gift annuity business under RCW 28B.10.485; or

(C) Has been organized, and at all times has been operated, exclusively for benefit of, to perform the functions of, or to carry out the purposes of one or more nonprofit organizations described in (e)(ii)(A) or (B) of this subsection and is operated, supervised, or controlled by or in connection with one or more such nonprofit organizations; and

(iii) For a joint application, the person is not an employee, officer, or director of the organization who receives significant compensation from the organization and who became affiliated with the organization in that capacity less than one year before the joint application.

(4) The commissioner may adopt rules governing joint applications for, and transfers of, life insurance under subsection (3)(e) of this section. The rules may include:

(a) Standards for full and fair disclosure that set forth the manner, content, and required disclosure for the sale of life insurance issued under subsection (3)(e) of this section; and

(b) For joint applications, a grace period of thirty days during which the insured person may direct the nonprofit organization to return the policy and the insurer to refund any premium paid to the party that, directly or indirectly, paid the premium; and

(c) Standards for granting an exemption from the five-year existence requirement of subsection (3)(e)(ii)(A) of this section to a private foundation that files with the insurance commissioner documents, stipulations, and information as the insurance commissioner may require to carry out the purpose of subsection (3)(e) of this section.

(5) Nothing in this section permits the personal representative of the insured's estate to recover the proceeds of a policy on the life of a deceased insured person that was applied for jointly by, or transferred to, an organization covered by subsection (3)(e) of this section, where the organization was named owner and beneficiary of the policy.

This subsection applies to all life insurance policies applied for by, or transferred to, an organization covered by subsection (3)(e) of this section, regardless of the time of application or transfer and regardless of whether the organization would have been covered at the time of application or transfer.
**RCW 48.18.040 Insurable interest--Property insurances.**

(1) No contract of insurance on property or of any interest therein or arising therefrom shall be enforceable except for the benefit of persons having an insurable interest in the things insured.

(2) "Insurable interest" as used in this section means any lawful and substantial economic interest in the safety or preservation of the subject of the insurance free from loss, destruction, or pecuniary damage.

**RCW 48.18.050 Named insured--Interest insured.**

When the name of a person intended to be insured is specified in the policy, such insurance can be applied only to his own proper interest. This section shall not apply to life and disability insurances.

**RCW 48.18.060 Application--When required.**

No life or disability insurance contract upon an individual, except a contract of group life insurance or of group or blanket disability insurance as defined in this code, shall be made or effectuated unless at the time of the making of the contract the individual insured, being of competent legal capacity to contract, in writing applies therefor or consents thereto, except in the following cases:

(1) A spouse may effectuate such insurance upon the other spouse.

(2) Any person having an insurable interest in the life of a minor, or any person upon whom a minor is dependent for support and maintenance, may effectuate insurance upon the life of the minor.

**RCW 48.18.070 Alteration of application.**

(1) Any application for insurance in writing by the applicant shall be altered solely by the applicant or by his written consent, except that insertions may be made by the insurer for administrative purposes only in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant. Violation of this provision shall be a misdemeanor.

(2) Any insurer issuing an insurance contract upon such an application unlawfully altered
Revised Code of Washington 2001

by its officer, employee, or agent shall not have available in any action arising out of such contract, any defense which is based upon the fact of such alteration, or as to any item in the application which was so altered.

[1947 c 79 § .18.07; Rem. Supp. 1947 § 45.18.07.]

RCW 48.18.080 Application as evidence.

(1) No application for the issuance of any insurance policy or contract shall be admissible in evidence in any action relative to such policy or contract, unless a true copy of the application was attached to or otherwise made a part of the policy when issued and delivered. This provision shall not apply to policies or contracts of industrial life insurance.

(2) If any policy of life or disability insurance delivered in this state is reinstated or renewed, and the insured or the beneficiary or assignee of the policy makes written request to the insurer for a copy of the application, if any, for such reinstatement or renewal, the insurer shall, within fifteen days after receipt of such request at its home office or at any of its branch offices, deliver or mail to the person making such request, a copy of such application. If such copy is not so delivered or mailed, the insurer shall be precluded from introducing the application as evidence in any action or proceeding based upon or involving the policy or its reinstatement or renewal.

RCW 48.18.090 Warranties and misrepresentations, effect of.

(1) Except as provided in subsection (2) of this section, no oral or written misrepresentation or warranty made in the negotiation of an insurance contract, by the insured or in his behalf, shall be deemed material or defeat or avoid the contract or prevent it attaching, unless the misrepresentation or warranty is made with the intent to deceive.

(2) In any application for life or disability insurance made in writing by the insured, all statements therein made by the insured shall, in the absence of fraud, be deemed representations and not warranties. The falsity of any such statement shall not bar the right to recovery under the contract unless such false statement was made with actual intent to deceive or unless it materially affected either the acceptance of the risk or the hazard assumed by the insurer.

[1947 c 79 § .18.09; Rem. Supp. 1947 § 45.18.09.]

RCW 48.18.100 Forms of policies--Filing, certification, and approval.

(1) No insurance policy form other than surety bond forms, forms exempt under RCW 48.18.103, or application form where written application is required and is to be attached to the policy, or printed life or disability rider or endorsement form shall be issued, delivered, or used unless it has been filed with and approved by the commissioner. This section shall not apply to policies, riders or endorsements of unique character designed for and used with relation to
insurance upon a particular subject.

(2) Every such filing containing a certification, in a form approved by the commissioner, by either the chief executive officer of the insurer or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW and Title 284 of the Washington Administrative Code, may be used by such insurer immediately after filing with the commissioner. The commissioner may order an insurer to cease using a certified form upon the grounds set forth in RCW 48.18.110. This subsection shall not apply to certain types of policy forms designated by the commissioner by rule.

(3) Except as provided in RCW 48.18.103, every filing that does not contain a certification pursuant to subsection (2) of this section shall be made not less than thirty days in advance of any such issuance, delivery, or use. At the expiration of such thirty days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. The commissioner may extend by not more than an additional fifteen days the period within which he or she may so affirmatively approve or disapprove any such form, by giving notice of such extension before expiration of the initial thirty-day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved. The commissioner may withdraw any such approval at any time for cause. By approval of any such form for immediate use, the commissioner may waive any unexpired portion of such initial thirty-day waiting period.

(4) The commissioner's order disapproving any such form or withdrawing a previous approval shall state the grounds therefor.

(5) No such form shall knowingly be so issued or delivered as to which the commissioner's approval does not then exist.

(6) The commissioner may, by order, exempt from the requirements of this section for so long as he or she deems proper, any insurance document or form or type thereof as specified in such order, to which in his or her opinion this section may not practicably be applied, or the filing and approval of which are, in his or her opinion, not desirable or necessary for the protection of the public.

(7) Every member or subscriber to a rating organization shall adhere to the form filings made on its behalf by the organization. Deviations from such organization are permitted only when filed with the commissioner in accordance with this chapter.

RCW 48.18.103 Forms of commercial property casualty policies--Legislative intent--Issuance prior to filing--Disapproval by commissioner--Definition.

(1) It is the intent of the legislature to assist the purchasers of commercial property
casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for forms.

(2) Commercial property casualty policies may be issued prior to filing the forms. All commercial property casualty forms shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a policy form under subsection (3) of this section, the insurer shall amend any previously issued disapproved form by endorsement to comply with the commissioner's disapproval.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, or occupation for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof shall be on the commissioner.

[1997 c 428 § 1.]

**RCW 48.18.110 Grounds for disapproval.**

(1) The commissioner shall disapprove any such form of policy, application, rider, or endorsement, or withdraw any previous approval thereof, only:

(a) If it is in any respect in violation of or does not comply with this code or any applicable order or regulation of the commissioner issued pursuant to the code; or

(b) If it does not comply with any controlling filing therefor made and approved; or

(c) If it contains or incorporates by reference any inconsistent, ambiguous or misleading clauses, or exceptions and conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the contract; or

(d) If it has any title, heading, or other indication of its provisions which is misleading; or

(e) If purchase of insurance thereunder is being solicited by deceptive advertising.

(2) In addition to the grounds for disapproval of any such form as provided in subsection (1) of this section, the commissioner may disapprove any form of disability insurance policy, except an individual health benefit plan, if the benefits provided therein are unreasonable in relation to the premium charged.
RCW 48.18.120 Standard forms.

(1) The commissioner shall, after hearing, from time to time promulgate such rules and regulations as may be necessary to define and effect reasonable uniformity in all basic contracts of fire insurance which are commonly known as the standard form fire policies and may be so referred to in this code, and the usual supplemental coverages, riders, or endorsements thereon or thereto, to the end that such definitions shall be applied in the construction of the various sections of this code wherein such terms are used and that there be a reasonable concurrency of contract where two or more insurers insure the same subject and risk. All such forms heretofore approved by the commissioner and for use as of immediately prior to the effective date of this code, may continue to be so used until the further order of the commissioner made pursuant to this subsection or pursuant to any other provision of this code.

(2) The commissioner may from time to time, after hearing, promulgate such rules and regulations as he deems necessary to establish reasonable minimum standard conditions and terminology for basic benefits to be provided by disability insurance contracts which are subject to chapters 48.20 and 48.21 RCW, for the purpose of expediting his approval of such contracts pursuant to this code. No such promulgation shall be inconsistent with standard provisions as required pursuant to RCW 48.18.130, nor contain requirements inconsistent with requirements relative to the same benefit provision as formulated or approved by the National Association of Insurance Commissioners.

RCW 48.18.125 Loss payable and mortgagee clauses for property and automobile physical damage insurances—Requirement to use adopted forms.

The commissioner is hereby authorized, and shall within a reasonable time following July 30, 1967, adopt standard forms for loss payable and mortgagee clauses for property and automobile physical damage insurances, pursuant to the procedures set forth in RCW 48.18.120(1). Following the adoption of such forms, no insurer authorized to do business in the state shall use any form other than those so adopted.

RCW 48.18.130 Standard provisions.

(1) Insurance contracts shall contain such standard provisions as are required by the applicable chapters of this code pertaining to contracts of particular kinds of insurance. The
commissioner may waive the required use of a particular standard provision in a particular insurance contract form if

(a) he finds such provision unnecessary for the protection of the insured, and inconsistent with the purposes of the contract, and

(b) the contract is otherwise approved by him.

(2) No insurance contract shall contain any provision inconsistent with or contradictory to any such standard provision used or required to be used, but the commissioner may, except as to the standard provisions of individual disability insurance contracts as required under chapter 48.20 RCW, approve any provision which is in his opinion more favorable to the insured than the standard provision or optional standard provision otherwise required. No endorsement, rider, or other documents attached to such contract shall vary, extend, or in any respect conflict with any such standard provision, or with any modification thereof so approved by the commissioner as being more favorable to the insured.

(3) In lieu of the standard provisions required by this code for contracts for particular kinds of insurance, substantially similar standard provisions required by the law of a foreign or alien insurer's domicile may be used when approved by the commissioner.

This section does not apply as to life and disability insurances.

(2) If the policy has not been issued a binder may be extended or renewed beyond such ninety days upon the commissioner's written approval, or in accordance with such rules and regulations relative thereto as the commissioner may promulgate.

(3) Where the premium used in the binder differs from the actual policy premium by less than ten dollars, the insurer shall not be required to notify the insured and may use the actual policy premium.

(1) Cancellation by the insurer of any policy which by its terms is cancellable at the
option of the insurer, or of any binder based on such policy which does not contain a clearly
stated expiration date, may be effected as to any interest only upon compliance with the
following:

(a) Written notice of such cancellation, accompanied by the actual reason therefor, must
be actually delivered or mailed to the named insured not less than forty-five days prior to the
effective date of the cancellation except for cancellation of insurance policies for nonpayment of
premiums, which notice shall be not less than ten days prior to such date and except for
cancellation of fire insurance policies under chapter 48.53 RCW, which notice shall not be less
than five days prior to such date;

(b) Like notice must also be so delivered or mailed to each mortgagee, pledgee, or other
person shown by the policy to have an interest in any loss which may occur thereunder. For

envelope, which was returned by the post office upon failure to find, or deliver the mailing to,
the addressee.

(3) The affidavit of the individual making or supervising such a mailing, shall constitute
prima facie evidence of such facts of the mailing as are therein affirmed.

(4) The portion of any premium paid to the insurer on account of the policy, unearned
because of the cancellation and in amount as computed on the pro rata basis, must be actually
paid to the insured or other person entitled thereto as shown by the policy or by any endorsement
thereon, or be mailed to the insured or such person as soon as possible, and no later than
forty-five days after the date of notice of cancellation to the insured for homeowners', dwelling

(b) At least twenty days prior to its expiration date, the insurer has communicated, either directly or through its agent, its willingness to renew in writing to the named insured and has included therein a statement of the amount of the premium or portion thereof required to be paid by the insured to renew the policy, and the insured fails to discharge when due his or her obligation in connection with the payment of such premium or portion thereof; or

(c) The insured has procured equivalent coverage prior to the expiration of the policy period; or

(4) No notice of cancellation of a policy which can be canceled only pursuant to subsection (2) shall be effective unless the reason therefor accompanies or is included in the notice of cancellation.

Such an assignment by the insured, made either before or after July 16, 1973, is valid for the purpose of vesting in the assignee, in accordance with any provisions included therein as to the time at which it is to be effective, all of such incidents of ownership, rights, title, and interests so assigned, but without prejudice to the insurer on account of any payment it may make or individual policy it may issue prior to receipt of notice of the assignment. (1) The lawful beneficiary, assignee, or payee of a life insurance policy, other than an annuity, heretofore or hereafter effected by any person on his own life, or on the life of another, in favor of a person other than himself, shall be entitled to the proceeds and avails of the policy against the creditors and representatives of the insured and of the person effecting the insurance, and such proceeds and avails shall also be exempt from all liability for any debt of such beneficiary, existing at the time the proceeds or avails are made available for his own use.

(2) The provisions of subsection (1) of this section shall apply
(a) whether or not the right to change the beneficiary is reserved or permitted in the policy; or
(b) whether or not the policy is made payable to the person whose life is insured or to his estate if the beneficiary, assignee or payee shall predecease such person; except, that this subsection shall not be construed so as to defeat any policy provision which provides for disposition of proceeds in the event the beneficiary shall predecease the insured.

(3) The exemptions provided by subsection (1) of this section, subject to the statute of limitations, shall not apply
(a) to any claim to or interest in such proceeds or avails by or on behalf of the insured, or the person so effecting the insurance, or their administrators or executors, in whatever capacity such claim is made or such interest is asserted; or
(b) to any claim to or interest in such proceeds or avails by or on behalf of any person to whom rights thereto have been transferred with intent to defraud creditors; but an insurer shall be liable to all such creditors only as to amounts aggregating not to exceed the amount of such

(4) For the purposes of subsection (1) of this section a policy shall also be deemed to be payable to a person other than the insured if and to the extent that a facility-of-payment clause or similar clause in the policy permits the insurer to discharge its obligation after the death of the individual insured by paying the death benefits to a person as permitted by such clause.

(5) No person shall be compelled to exercise any rights, powers, options or privileges under any such policy.

(2) This section shall not apply to group life insurance policies issued under RCW 48.24.040 (debtor groups) to the extent that such proceeds are applied to payment of the obligation for the purpose of which the insurance was so issued.

**RCW 48.18.430  Exemption of proceeds, commutation--Annuities.**

(1) The benefits, rights, privileges and options which under any annuity contract heretofore or hereafter issued are due or prospectively due the annuitant who paid the consideration for the annuity contract, shall not be subject to execution nor shall the annuitant be compelled to exercise any such rights, powers or options, nor shall creditors be allowed to interfere with or terminate the contract, except:

(a) As to amounts paid for or as premium on any such annuity with intent to defraud creditors, with interest thereon, and of which the creditor has given the insurer written notice at its home office prior to the making of the payments to the annuitant out of which the creditor seeks to recover. Any such notice shall specify the amount claimed or such facts as will enable the insurer to ascertain such amount, and shall set forth such facts as will enable the insurer to ascertain the insurance or annuity contract, the person insured or annuitant and the payments
sought to be avoided on the ground of fraud.

(b) The total exemption of benefits presently due and payable to any annuitant periodically or at stated times under all annuity contracts under which he is an annuitant, shall not at any time exceed two hundred and fifty dollars per month for the length of time represented by such installments, and that such periodic payment in excess of two hundred and fifty dollars per month shall be subject to garnishee execution to the same extent as are wages and salaries.

(c) If the total benefits presently due and payable to any annuitant under all annuity contracts under which he is an annuitant, shall at any time exceed payment at the rate of two hundred and fifty dollars per month, then the court may order such annuitant to pay to a judgment creditor or apply on the judgment, in installments, such portion of such excess benefits as to the court may appear just and proper, after due regard for the reasonable requirements of the judgment debtor and his family, if dependent upon him, as well as any payments required to be made by the annuitant to other creditors under prior court orders.

(2) The benefits, rights, privileges or options accruing under such contract to a beneficiary or assignee shall not be transferable nor subject to commutation, and if the benefits are payable periodically or at stated times, the same exemptions and exceptions contained herein for the annuitant, shall apply with respect to such beneficiary or assignee.

(3) An annuity contract within the meaning of this section shall be any obligation to pay certain sums at stated times, during life or lives, or for a specified term or terms, issued for a valuable consideration, regardless of whether or not such sums are payable to one or more persons, jointly or otherwise, but does not include payments under life insurance contracts at stated times during life or lives, or for a specified term or terms.

(2) In any life insurance policy heretofore or hereafter issued upon the life of a spouse the designation heretofore or hereafter made by such spouse of a beneficiary in accordance with the terms of the policy, shall create a presumption that such beneficiary was so designated with the consent of the other spouse, but only as to any beneficiary who is the child, parent, brother, or sister of either of the spouses. The insurer may in good faith rely upon the representations made by the insured as to the relationship to him of any such beneficiary.

(1) No insurer shall deny or refuse to accept an application for insurance, refuse to insure, refuse to renew, cancel, restrict, or otherwise terminate a policy of insurance, or charge a different rate for the same coverage, on the basis that the applicant or insured person is, has been, or may be a victim of domestic abuse.

(2) Nothing in this section shall prevent an insurer from taking any of the actions set forth in subsection (1) of this section on the basis of loss history or medical condition or for any other reason not otherwise prohibited by this section, any other law, regulation, or rule.

(3) Any form filed or filed after June 11, 1998, subject to RCW 48.18.120(1) or subject to a rule adopted under RCW 48.18.120(1) may exclude coverage for losses caused by intentional or fraudulent acts of any insured. Such an exclusion, however, shall not apply to deny an insured's otherwise-covered property loss if the property loss is caused by an act of domestic abuse by another insured under the policy, the insured claiming property loss files a police report and cooperates with any law enforcement investigation relating to the act of domestic abuse, and the insured claiming property loss did not cooperate in or contribute to the creation of the property loss. Payment by the insurer to an insured may be limited to the person's insurable interest in the property less payments made to a mortgagee or other party with a legal secured interest in the property. An insurer making payment to an insured under this section has all rights of subrogation to recover against the perpetrator of the act that caused the loss.

(4) Nothing in this section prohibits an insurer from investigating a claim and complying with chapter 48.30A RCW.

(5) As used in this section, "domestic abuse" means: (a) Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury, or assault between family or household members; (b) sexual assault of one family or household member by another; (c) stalking as defined in RCW 9A.46.110 of one family or household member by another family or household member; or (d) intentionally, knowingly, or recklessly causing damage to property so as to intimidate or attempt to control the behavior of another family or household member.
RCW 48.18.560   
**Year 2000 failure--Reinstating insurance policy under certain circumstances. (Expires December 31, 2006.)**

(1) An insurer shall reinstate back to the effective date of cancellation, with no penalties or interest, any personal lines insurance policy, subject to this chapter, that was canceled for nonpayment of premium, if the named insured:

(a) Provides notice to the insurer, no later than ten days after the effective date of cancellation, that the failure to pay the premium due for the insurance policy is caused by a year 2000 failure associated with an electronic computing device that is not under the named insured's dominion or control;

(b) Establishes that a year 2000 failure occurred and that if it were not for the year 2000 failure, the named insured would have been able to pay the premium due in a timely manner;

(c) Makes a premium payment to bring the insurance policy current as soon as possible, but no later than ten days after the year 2000 failure has been corrected or reasonably should have been corrected.

(2) If the named insured fails to pay the premium due within ten days after the year 2000 failure has been corrected or reasonably should have been corrected, the insurer's previous notice of cancellation for nonpayment of premium remains effective.

(3)(a) The definitions in RCW 4.22.080 apply to this section unless the context clearly requires otherwise.

(b) As used in this section, unless the context clearly requires otherwise, "named insurer" means a natural person or a small business as defined in RCW 19.85.020.

(4) This section does not effect [affect] the cancellation of any insurance policy that is unrelated to a year 2000 failure, or occurs before any disruption of financial or data transfer operations attributable to the year 2000 failure.

(5) This section does not apply to any claim or cause of action filed after December 31, 2003.

(6) This section expires December 31, 2006.

48.18A.010 Short title--Intent.  
This chapter shall be known as the "Variable Contract Act" and is intended to authorize the sale of both individual and group variable contracts.

[1969 c 104 § 1.]

RCW 48.18A.020 Separate accounts authorized--Allocations--Benefits--Limitations--Valuation--Sale, transfer, or exchange of assets.

A domestic life insurer may, by or pursuant to resolution of its board of directors, establish one or more separate accounts, and may allocate thereto amounts (including without limitation proceeds applied under optional modes of settlement or under dividend options) to provide for life insurance or annuities (and other benefits incidental thereto), payable in fixed or variable amounts or both, subject to the following:

(1) The income, gains, and losses, realized or unrealized, from assets allocated to a separate account shall be credited to or charged against the account, without regard to other income, gains, or losses of the insurer.

(2)(a) Except as hereinafter provided, amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this state governing the investments of life insurers: PROVIDED, That to the extent that the insurer's reserve liability with regard to (i) benefits guaranteed as to dollar amount and duration, and (ii) funds guaranteed as to principal amount or stated rate of interest is maintained in any separate account, a portion of the assets of such separate account at least equal to such reserve liability shall be invested under such conditions as the commissioner may prescribe. The investments in such separate account or accounts shall not be taken into account in applying the investment limitations applicable to the investments of the insurer.

(b) With respect to seventy-five percent of the market value of the total assets in a separate account no insurer shall purchase or otherwise acquire the securities of any issuer, other than securities issued or guaranteed as to principal or interest by the United States, if
immediately after such purchase or acquisition the market value of such investment, together with prior investments of such separate account in such security taken at market value, would exceed ten percent of the market value of the assets of such separate account: PROVIDED, That the commissioner may waive such limitation if, in his opinion, such waiver will not render the operation of such separate account hazardous to the public or the policyholders in this state.

(c) Unless otherwise permitted by law or approved by the commissioner, no insurer shall purchase or otherwise acquire for its separate accounts the voting securities of any issuer if as a result of such acquisition the insurer and its separate accounts, in the aggregate, will own more than ten percent of the total issued and outstanding voting securities of such issuer: PROVIDED, That the foregoing shall not apply with respect to securities held in separate accounts, the voting rights in which are exercisable only in accordance with instructions from persons having interests in such accounts.

(d) The limitations provided in paragraphs (b) and (c) of this subsection shall not apply to the investment with respect to a separate account in the securities of an investment company registered under the United States Investment Company Act of 1940: PROVIDED, That the investments of such investment company shall comply in substance therewith.

(3) Unless otherwise approved by the commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account: PROVIDED, That unless otherwise approved by the commissioner, the portion, if any, of the assets of such separate account equal to the insurer's reserve liability with regard to the guaranteed benefits and funds referred to in subsection (2) of this section shall be valued in accordance with the rules otherwise applicable to the insurer's assets.

(4) Amounts allocated to a separate account in the exercise of the power granted by this chapter shall be owned by the insurer and the insurer shall not be, nor hold itself out to be, a trustee with respect to such amounts. If and to the extent so provided under the applicable contracts, that portion of the assets of any such separate account equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the insurer may conduct.

(5) No sale, exchange or other transfer of assets may be made by an insurer between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made (a) by a transfer of cash, or (b) by a transfer of securities having a readily determinable market value: PROVIDED, That such transfer of securities is approved by the commissioner. The commissioner may approve other transfers among such accounts, if, in his opinion, such transfers would not be inequitable.

(6) To the extent such insurer deems it necessary to comply with any applicable federal or state law, such insurer, with respect to any separate account, including without limitation any separate account which is a management investment company or a unit investment trust, may
provide for persons having interest therein, as may be appropriate, voting and other rights and
special procedures for the conduct of the business of such account, including without limitation,
special rights and procedures relating to investment policy, investment advisory services,
selection of independent public accountants, and the selection of a committee, the members of
which need not be otherwise affiliated with such insurer, to manage the business of such
account.

[1973 1st ex.s. c 163 § 4; 1969 c 104 § 2.]

RCW 48.18A.030  Statements required in contracts--Payment on death, incidental
benefit provision.

(1) Every variable contract providing benefits payable in variable amounts delivered or
issued for delivery in this state shall contain a statement of the essential features of the
procedures to be followed by the insurer in determining the dollar amount of such variable
benefits. Any such contract under which the benefits vary to reflect investment experience,
including a group contract and any certificate in evidence of variable benefits issued thereunder,
shall state that such dollar amount will so vary and shall contain on its first page a statement to
the effect that the benefits thereunder are on a variable basis.

(2) Variable annuity contracts delivered or issued for delivery in this state may include as
an incidental benefit provision for payment on death during the deferred period of an amount not
in excess of the greater of the sum of the premiums or stipulated payments paid under the
contract or the value of the contract at time of death. For this purpose such benefit shall not be
deemed to be life insurance and therefore not subject to any statutory provisions governing life
insurance contracts. A provision for any other benefits on death during the deferred period will
be subject to such insurance law provisions.

[1973 1st ex.s. c 163 § 5; 1969 c 104 § 3.]

RCW 48.18A.035  Return of policy and refund of premium--Notice required--Effect of
return.

Every individual variable contract issued shall have printed on its face or attached thereto
a notice stating in substance that the policy owner shall be permitted to return the policy within
ten days after it is received by the policy owner and to have the market value of the assets
purchased by its premium, less taxes and investment brokerage commissions, if any, refunded, if,
after examination of the policy, the policy owner is not satisfied with it for any reason. An
additional ten percent penalty shall be added to any premium refund due which is not paid within
thirty days of return of the policy to the insurer or agent. If a policy owner pursuant to such
notice returns the policy to the insurer at its home or branch office or to the agent through whom
it was purchased, it shall be void from the beginning and the parties shall be in the same position
as if no policy had been issued.

[1983 1st ex.s. c 32 § 7; 1982 c 181 § 15.]
RCW 48.18A.040  Requirements for operation under this chapter--Considerations--Authorization of subsidiary or affiliate--Exceptions.

No insurer shall deliver or issue, for delivery within this state, contracts under this chapter unless it is licensed or organized to do a life insurance or annuity business in this state, and unless the commissioner is satisfied that its condition or method of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this state. In this connection, the commissioner shall consider among other things:

(1) The history and financial condition of the insurer;
(2) The character, responsibility and fitness of the officers and directors of the insurer; and
(3) The law and regulation under which the insurer is authorized in the state of domicile to issue variable contracts.

An insurer which issues variable contracts and which is a subsidiary of, or affiliated through common management or ownership with, another life insurer authorized to do business in this state may be deemed to have met the provisions of this section if either it or the parent or affiliated company meets the requirements hereof: PROVIDED, That no insurer may provide variable benefits in its contracts unless it is an admitted insurer having and continually maintaining a combined capital and surplus of at least five million dollars.

Severability--1982 c 181: See note following RCW 48.03.010.

RCW 48.18A.050  Applicability of other code provisions--Contract requirements.

The provisions of RCW 48.23.020, 48.23.030, 48.23.080 through 48.23.120, 48.23.140, 48.23.150, 48.23.200 through 48.23.240, 48.23.310, *48.23.350, and 48.23.360, and the provisions of chapter 48.24 RCW shall be inapplicable to variable contracts; nor shall any provision in the code requiring contracts to be participating be deemed applicable to variable contracts. Except as otherwise provided in this chapter, all pertinent provisions of the insurance code shall apply to separate accounts and contracts relating thereto. Any individual variable life insurance or individual variable annuity contract delivered or issued for delivery in this state shall contain grace, reinstatement, and nonforfeiture provisions appropriate to such contracts, and any such variable life insurance contract shall provide that the investment experience of the separate account shall in no event operate to reduce the death benefit below an amount equal to
the face amount of the contract at the time the contract was issued. Any individual variable life insurance contract may contain a provision for deduction from the death proceeds of amounts of due and unpaid premiums or of indebtedness which are appropriate to such contracts. The reserve liability for variable annuities shall be established in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

*Reviser's note: RCW 48.23.350 was repealed by 1982 1st ex.s. c 9 § 36(2); later enactment, see chapter 48.76 RCW.

**RCW 48.18A.060 Licensing requirement.**
No person shall be or act as an agent for the solicitation or sale of variable contracts except while duly appointed and licensed under the insurance code as a life insurance agent with respect to the insurer, and while duly licensed as a security salesman or securities broker under a license issued by the director of financial institutions pursuant to the securities act of this state; except that any person who participates only in the sale or offering for sale of variable contracts which fund corporate plans meeting the requirements for qualification under sections 401 or 403 of the United States internal revenue code need not be licensed pursuant to the securities act of this state.

**RCW 48.18A.070 Authority of commissioner.**
Notwithstanding any other provision of law, the commissioner shall have sole and exclusive authority to regulate the issuance and sale of variable contracts; except for the examination, issuance or renewal, suspension or revocation, of a security salesman's license issued to persons selling variable contracts. To carry out the purposes and provisions of this chapter he or she may independently, and in concert with the director of financial institutions, issue such reasonable rules and regulations as may be appropriate.

RCW 48.19.010 Scope of chapter.
(1) Except as is otherwise expressly provided the provisions of this chapter apply to all insurances upon subjects located, resident or to be performed in this state except:
   (a) Life insurance;
   (b) disability insurance;
   (c) reinsurance except as to joint reinsurance as provided in RCW 48.19.360;
   (d) insurance against loss of or damage to aircraft, their hulls, accessories, and equipment, or against liability, other than workers' compensation and employers' liability, arising out of the ownership, maintenance or use of aircraft;
   (e) insurance of vessels or craft, their cargoes, marine builders' risks, marine protection and indemnity; and such other risks commonly insured under marine, as distinguished from inland marine, insurance contracts as may be defined by ruling of the commissioner for the purposes of this provision;
   (f) title insurance.
(2) Except, that every insurer shall, as to disability insurance, before using file with the commissioner its manual of classification, manual of rules and rates, and any modifications thereof.

[1987 c 185 § 24; 1947 c 79 § .19.01; Rem. Supp. 1947 § 45.19.01.]

Notes:
Intent--Severability--1987 c 185: See notes following RCW 51.12.130.

RCW 48.19.020 Rate standard.
Premium rates for insurance shall not be excessive, inadequate, or unfairly discriminatory.

[1983 1st ex.s. c 32 § 13; 1947 c 79 § .19.02; Rem. Supp. 1947 § 45.19.02.]

Rates shall be used, subject to the other provisions of this chapter, only if made in accordance with the following provisions:

(1) In the case of insurances under standard fire policies and that part of marine and
transportation insurances not exempted under RCW 48.19.010, manual, minimum, class or classification rates, rating schedules or rating plans, shall be made and adopted; except as to specific rates on inland marine risks individually rated, which risks are not reasonably susceptible to manual or schedule rating, and which risks by general custom of the business are not written according to manual rates or rating plans.

(2) In the case of casualty and surety insurances:

(a) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or groups of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to any kind of insurance, or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable.

(b) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses.

(3) Due consideration in making rates for all insurances shall be given to:

(a) Past and prospective loss experience within this state for experience periods acceptable to the commissioner. If the information is not available or is not statistically credible, an insurer may use loss experience in those states which are likely to produce loss experience similar to that in this state.

(b) Conflagration and catastrophe hazards, where present.

(c) A reasonable margin for underwriting profit and contingencies.

(d) Dividends, savings and unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers.

(e) Past and prospective operating expenses.

(f) Past and prospective investment income.

(g) All other relevant factors within and outside this state.

(4) In addition to other factors required by this section, rates filed by an insurer on its own behalf may also be related to the insurer's plan of operation and plan of risk classification.

(5) Except to the extent necessary to comply with RCW 48.19.020 uniformity among insurers in any matter within the scope of this section is neither required nor prohibited.

[1989 c 25 § 3; 1947 c 79 § .19.03; Rem. Supp. 1947 § 45.19.03.]

Notes:

Effective date--1989 c 25: See note following RCW 48.18.100.

RCW 48.19.040 Filing required--Contents.

(1) Every insurer or rating organization shall, before using, file with the commissioner every classifications manual, manual of rules and rates, rating plan, rating schedule, minimum rate, class rate, and rating rule, and every modification of any of the foregoing which it proposes. The insurer need not so file any rate on individually rated risks as described in subdivision (1) of
RCW 48.19.030; except that any such specific rate made by a rating organization shall be filed.

(2) Every such filing shall indicate the type and extent of the coverage contemplated and must be accompanied by sufficient information to permit the commissioner to determine whether it meets the requirements of this chapter. An insurer or rating organization shall offer in support of any filing:

(a) The experience or judgment of the insurer or rating organization making the filing;

(b) An exhibit detailing the major elements of operating expense for the types of insurance affected by the filing;

(c) An explanation of how investment income has been taken into account in the proposed rates; and

(d) Any other information which the insurer or rating organization deems relevant.

(3) If an insurer has insufficient loss experience to support its proposed rates, it may submit loss experience for similar exposures of other insurers or of a rating organization.

(4) Every such filing shall state its proposed effective date.

(5) A filing made pursuant to this chapter shall be exempt from the provisions of RCW 48.02.120(3). However, the filing and all supporting information accompanying it shall be open to public inspection only after the filing becomes effective.

(6) Where a filing is required no insurer shall make or issue an insurance contract or policy except in accordance with its filing then in effect, except as is provided by RCW 48.19.090.

Notes:

Effective date--1989 c 25: See note following RCW 48.18.100.

RCW 48.19.043 Forms of commercial property casualty policies--Legislative intent--Issuance prior to filing--Disapproval by commissioner--Definition.

(1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for rates.

(2) Notwithstanding the provisions of RCW 48.19.040(1), commercial property casualty policies may be issued prior to filing the rates. All commercial property casualty rates shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty rate has been filed, the commissioner finds that the rate does not meet the requirements of this chapter, the commissioner shall disapprove the filing and give notice to the insurer or rating organization that made the filing, specifying how the filing fails to meet the requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a rate filing under subsection (3) of this section, the insurer shall issue an endorsement changing the rate to comply with the
(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, or occupation for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof shall be on the commissioner.

[1997 c 428 § 2.]

**RCW 48.19.050 Filings by rating bureau.**

(1) If so authorized by an insurer, the commissioner shall accept, in lieu of filings by the insurer, filings on its behalf made by a rating organization then licensed as provided in this chapter.

(2) As to fire insurance under a standard form fire policy, and the following insurances (other than vehicle insurance coverages) when issued as part of a standard form fire policy, an insurer may so authorize a rating organization to make all [of] its filings only, and may not make a portion of such filings upon its own behalf and authorize a rating organization to make other such filings:

(a) Additional property insurance coverages; or

(b) Coverages including any kind of insurance in addition to fire for a single undivided premium.

(3) Except, that notwithstanding the provisions of subsection (2) an insurer which prior to the first day of January, 1947, made its own filings in this state as to a particular class of fire risks, and its filings in this state as to other classes of fire risks were made by a rating organization authorized by the insurer so to do, may:

(a) Continue to make all [of] its own filings as to such specific class of risks or authorize a rating organization to make its filings as to such specific class of risks or any part thereof; and

(b) Authorize a different rating organization to make all only of its filings [all of its filings only] as to all other classes of risks insured by it in this state against fire under the standard form fire policy; or

(c) Make all [of] its own filings as to all classes of risks insured by it against fire under the standard form fire policy, or make all [of] its own such filings except as to any which may relate to any such specific class of risks, which filings so excepted the insurer may authorize a rating organization to make; or

(d) Authorize a rating organization to make all only of its filings [all of its filings only] as to all classes or risks insured by it against fire in this state under the standard form fire policy.

[1957 c 193 § 13; 1947 c 79 § .19.05; Rem. Supp. 1947 § 45.19.05.]

   (1) The commissioner shall review a filing as soon as reasonably possible after made, to
determine whether it meets the requirements of this chapter.

   (2) Except as provided in RCW 48.19.070 and 48.19.043:

(a) No such filing shall become effective within thirty days after the date of filing with
the commissioner, which period may be extended by the commissioner for an additional period
not to exceed fifteen days if he or she gives notice within such waiting period to the insurer or
rating organization which made the filing that he or she needs such additional time for the
consideration of the filing. The commissioner may, upon application and for cause shown, waive
such waiting period or part thereof as to a filing that he or she has not disapproved.

(b) A filing shall be deemed to meet the requirements of this chapter unless disapproved
by the commissioner within the waiting period or any extension thereof.

[1997 c 428 § 4; 1989 c 25 § 5; 1947 c 79 § 19.06; Rem. Supp. 1947 § 45.19.06.]

Notes:
Effective date--1989 c 25: See note following RCW 48.18.100.

RCW 48.19.070   Special filings.

The following special filings, when not covered by a previous filing, shall become
effective when filed and shall be deemed to meet the requirements of this chapter until such time
as the commissioner reviews the filing and for so long thereafter as the filing remains in effect:

   (1) Special filings with respect to surety or guaranty bonds required by law or by court or
executive order or by order, rule or regulation of a public body.

   (2) Specific rates on inland marine risks individually rated by a rating organization,
which risks are not reasonably susceptible to manual or schedule rating, and which risks by
general custom of the business are not written according to manual rates or rating plans.

RCW 48.19.080   Waiver of filing.

Under such rules and regulations as he shall adopt the commissioner may, by order,
suspend or modify the requirement of filing as to any kind of insurance. Such orders, rules and
regulations shall be made known to insurers and rating organizations affected thereby. The
commissioner may make such examination as he may deem advisable to ascertain whether any
rates affected by such order meet the standard prescribed in RCW 48.19.020.

RCW 48.19.090   Excess rates on specific risks.

Upon written application of the insured, stating his reasons therefor, filed with and
approved by the commissioner, a rate in excess of that provided by a filing otherwise applicable
may be used on any specific risk.

**RCW 48.19.100 Disapproval of filing.**

If within the waiting period or any extension thereof as provided in RCW 48.19.060, the commissioner finds that a filing does not meet the requirements of this chapter, he shall disapprove such filing, and shall give notice of such disapproval, specifying the respect in which he finds the filing fails to meet such requirements, and stating that the filing shall not become effective, to the insurer or rating organization which made the filing.

**Notes:**

Effective date--1989 c 25: See note following RCW 48.18.100.

**RCW 48.19.110 Disapproval of special filing.**

(1) If within thirty days after a special filing subject to RCW 48.19.070 has become effective, the commissioner finds that the filing does not meet the requirements of this chapter, he shall disapprove the filing and shall give notice to the insurer or rating organization which made the filing, specifying in what respects he finds that the filing fails to meet such requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective.

(2) Such disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

**RCW 48.19.120 Subsequent disapproval.**

(1) If at any time subsequent to the applicable review period provided in RCW 48.19.060 or 48.19.110, the commissioner finds that a filing does not meet the requirements of this chapter, he shall, after a hearing, notice of which was given to every insurer and rating organization which made such filing, issue his order specifying in what respect he finds that such filing fails to meet the requirements of this chapter, and stating when, within a reasonable period thereafter, the filings shall be deemed no longer effective.

(2) Such order shall not affect any contract or policy made or issued prior to the expiration of the period set forth in the order.

(3) Any person aggrieved with respect to any filing then in effect, other than the insurer or rating organization which made the filing, may make written application to the commissioner for a hearing thereon. The application shall specify the grounds to be relied upon by the applicant. If the commissioner finds that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding the hearing, he shall, within thirty days after receipt of the application, hold a hearing as
required in subsection (1) of this section.

Notes:

Effective date--1989 c 25: See note following RCW 48.18.100.

**RCW 48.19.140 Rating organizations--Discrimination--"Subscriber" defined.**

(1) Every rating organization operating in this state shall furnish its services without discrimination as between its subscribers.

(2) "Subscriber," for the purposes of this chapter and where the context does not otherwise specify, means any insurer which employs the services of a rating organization for the purpose of making filings, whether or not the insurer is a "member" of such rating organization.

(3) This chapter is not intended to and does not govern or affect the "membership" relation as such between a rating organization and insurers who are its "members."

**RCW 48.19.150 Subscribership not required.**

No provision of this code shall require, or be deemed to require, any insurer to be a subscriber of, or in any other respect affiliated with, any rating organization.

**RCW 48.19.160 Rating organization license.**

No rating organization shall do business in this state or make filings with the commissioner unless then licensed by the commissioner as a rating organization.

**RCW 48.19.170 Application for license.**

(1) Any person, whether domiciled within or outside this state, except as provided in subsection (2) of this section, may make application to the commissioner for a license as a rating organization for such kinds of insurance or subdivisions thereof, if for casualty or surety insurances, or for such subdivision, class of risks or a part or combination thereof, if for other insurances, as are specified in its application, and shall file therewith:

(a) A copy of its constitution, its articles of agreement or association, or its certificate of incorporation, or trust agreement, and of its bylaws, rules and regulations governing the conduct of its business;

(b) A list of its members and a list of its subscribers;

(c) The name and address of a resident of this state upon whom notices or orders of the commissioner or process affecting such rating organization may be served, and

(d) A statement of its qualifications as a rating organization.
(2) Any rating organization proposing to act as such as to insurance under standard form fire policies, shall be licensed only if all the following conditions are complied with:

(a) The applicant and the operators of such rating organization shall be domiciled in and shall actually reside in this state.

(b) The ownership of such rating organization shall be vested in trustees for all its subscribers under such trust agreement as is approved by the commissioner, and the rating organization shall be and shall be conducted as a nonprofit public service institution.

(c) Such rating organization shall not be connected with any insurer or insurers except to the extent that any such insurer may be a subscriber to its services.

**RCW 48.19.180 Issuance of license.**

(1) If the commissioner finds that the applicant for a license as a rating organization is competent, trustworthy and otherwise qualified so to act, and that its constitution, articles of agreement or association or certificate of incorporation or trust agreement, and its bylaws, rules and regulations governing the conduct of its business conform to the requirements of law, he shall, upon payment of a license fee of twenty-five dollars, issue a license specifying the kinds of insurance, or subdivisions or class of risk or part or combination thereof for which the applicant is authorized to act as a rating organization.

(2) The commissioner shall grant or deny in whole or in part every such application within sixty days of the date of its filing with him.

(3) A license issued pursuant to this section shall remain in effect for three years unless sooner suspended or revoked by the commissioner.

**RCW 48.19.190 Suspension or revocation of license.**

(1) The commissioner may, after a hearing, suspend or revoke the license issued to a rating organization for any of the following causes:

(a) If he finds that the licensee no longer meets the qualifications for the license.

(b) For failure to comply with an order of the commissioner within the time limited by the order, or any extension thereof which the commissioner may grant.

(2) The commissioner shall not so suspend or revoke a license for failure to comply with an order until the time prescribed by this code for an appeal from such order to the superior court has expired or if such appeal has been taken, until such order has been affirmed.

(3) The commissioner may determine when a suspension or revocation of license shall become effective. A suspension of license shall remain in effect for the period fixed by him, unless he modifies or rescinds the suspension, or until the order, failure to comply with which constituted grounds for the suspension, is modified, rescinded or reversed.

RCW 48.19.200  Notice of changes.
Every rating organization shall notify the commissioner promptly of every change in
(1) its constitution, its articles of agreement or association, or its certificate of
incorporation, or trust agreement, and its bylaws, rules and regulations governing the conduct of
its business;
(2) its list of members and subscribers;
(3) the name and address of the resident of this state designated by it upon whom notices
or orders of the commissioner or process affecting such rating organization may be served.

(1) Subject to rules and regulations which have been approved by the commissioner as
reasonable, each rating organization shall permit any insurer to subscribe to its rating services for
any kind of insurance or subdivision thereof, for which it is authorized to act as a rating
organization, subject to subsection (2) of RCW 48.19.050.
(2) Notice of proposed changes in such rules and regulations shall be given to each
subscriber.
(3) An insurer shall not concurrently be a subscriber to the services of more than one
rating organization as to the same subdivision, class of risk or part or combination of a kind of
insurance.
(4) As to fire insurance under standard form fire policies, an insurer may not concurrently
be a subscriber to the services of more than one rating organization except as provided in
subsection (2) of RCW 48.19.050.

(1) The reasonableness of any rule or regulation in its application to subscribers, or the
refusal of any rating organization to admit an insurer as a subscriber, shall, at the request of any
subscriber or any such insurer, be reviewed by the commissioner at a hearing held upon notice to
the rating organization, and to the subscriber or insurer.
(2) If the commissioner finds that such rule or regulation is unreasonable in its
application to subscribers, he shall order that such rule or regulation shall not be applicable to
subscribers who are not members of the rating organization.
(3) If a rating organization fails to grant or reject an insurer's application for
subscribership within thirty days after it was made, the insurer may request a review by the
commissioner as if the application had been rejected. If the commissioner finds that the insurer
has been refused admittance to the rating organization as a subscriber without justification, he
shall order the rating organization to admit the insurer as a subscriber. If he finds that the action
of the rating organization was justified, he shall make an order affirming its action.

RCW 48.19.230 Subscriber committees.

The subscribers of any rating organization may, from time to time, individually or through committees representing various subscribers, consult with the rating organization with respect to matters within this chapter which affect such subscribers.

No rating organization shall adopt any rule the effect of which would be to prohibit or regulate the payment of dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers.

RCW 48.19.250 Cooperative activities.

(1) Cooperation among rating organizations or among rating organizations and insurers in rate making or in other matters within the scope of this chapter is hereby authorized, if the filings resulting from such cooperation are subject to all the provisions of this chapter which are applicable to filings generally.

(2) The commissioner may review such cooperative activities and practices and if, after a hearing, he finds that any such activity or practice is unfair or unreasonable or otherwise inconsistent with the provisions of this code, he may issue a written order specifying in what respect such activity or practice is so unfair, unreasonable, or inconsistent, and requiring the discontinuance of such activity or practice.

RCW 48.19.260 Technical services.

Any rating organization may subscribe for or purchase actuarial, technical or other services, and such services shall be available to all subscribers without discrimination.

RCW 48.19.270 Records--Examinations.

Each rating organization shall keep an accurate and complete record of all work performed by it, and of all its receipts and disbursements. Such rating organization and its records shall be examined by the commissioner at such times and in such manner as is provided
in chapter 48.03 RCW of this code.

[1947 c 79 § .19.27; Rem. Supp. 1947 § 45.19.27.]

**RCW 48.19.280** Deviations.

(1) Every member or subscriber to a rating organization shall adhere to the filings made on its behalf by such organization. Deviations from the organization's filings are permitted only when filed with the commissioner in accordance with this chapter.

(2) Every such deviation shall terminate upon a material change of the basic rate from which the deviation is made. The commissioner shall determine whether a change of the basic rate is so material as to require such termination of deviations.

Notes:
**Effective date--1989 c 25:** See note following RCW 48.18.100.

**RCW 48.19.290** Appeal from rating organization's action.

(1) Any subscriber to a rating organization may appeal to the commissioner from the rating organization's action or decision in approving or rejecting any proposed change in or addition to the rating organization's filings. The commissioner shall, after a hearing on the appeal:

(a) Issue an order approving the rating organization's action or decision or directing it to give further consideration to such proposal; or

(b) If the appeal is from the rating organization's action or decision in rejecting a proposed addition to its filings, he may, in event he finds that the action or decision was unreasonable, issue an order directing the rating organization to make an addition to its filings, on behalf of its subscribers, in a manner consistent with his findings, within a reasonable time after the issuance of such order.

(2) If such appeal is based upon the rating organization's failure to make a filing on behalf of such subscriber which is based on a system of expense provisions which differs, in accordance with the right granted in subdivision (2) of RCW 48.19.030, from the system of expense provisions included in a filing made by the rating organization, the commissioner shall, if he grants the appeal, order the rating organization to make the requested filing for use by the appellant. In deciding the appeal the commissioner shall apply the standards set forth in RCW 48.19.020 and 48.19.030.

**RCW 48.19.300** Service to insureds.

Every rating organization and every insurer which makes its own rates shall, within a reasonable time after receiving written request therefor and upon payment of such reasonable charge as it may make, furnish to any insured affected by a rate made by it, or to the authorized
representative of such insured, all pertinent information as to such rate.

RCW 48.19.310 Complaints of insureds.

Every rating organization and every insurer which makes its own rates shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard, in person or by his authorized representative, on his written request to review the manner in which such rating system has been applied in connection with the insurance afforded him. If the rating organization or insurer fails to grant or reject such request within thirty days after it is made, the applicant may proceed in the same manner as if his application had been rejected. Any party affected by the action of such rating organization or such insurer on such request may, within thirty days after written notice of such action, appeal to the commissioner, who, after a hearing held upon notice to the appellant and to the rating organization or insurer, may affirm or reverse such action.

RCW 48.19.320 Advisory organizations--Definition.

(1) Every group, association or other organization of insurers, whether located within or outside this state, which assists insurers which make their own filings or rating organizations in rate making, by the collection and furnishing of loss or expense statistics, or by the submission of recommendations, but which does not make filings under this chapter, shall be known as an advisory organization.

(2) This section does not apply to subscribers’ committees provided for in RCW 48.19.230.

RCW 48.19.330 Requisites of advisory organization.

Every advisory organization before serving as such to any rating organization or independently filing insurer doing business in this state, shall file with the commissioner:

(1) A copy of its constitution, its articles of agreement or association or its certificate of incorporation and of its bylaws, rules and regulations governing its activities;

(2) A list of its members;

(3) The name and address of a resident of this state upon whom notices or orders of the commissioner or process issued at his direction may be served; and

(4) An agreement that the commissioner may examine such advisory organization in accordance with the provisions of RCW 48.03.010.

RCW 48.19.340  **Desist orders.**

If, after a hearing, the commissioner finds that the furnishing of information or assistance by an advisory organization, as referred to in RCW 48.19.320, involves any act or practice which is unfair or unreasonable or otherwise inconsistent with the provisions of this code, he may issue a written order specifying in what respect such act or practice is unfair or unreasonable or so otherwise inconsistent, and requiring the discontinuance of such act or practice.

[1947 c 79 § .19.34; Rem. Supp. 1947 § 45.19.34.]

RCW 48.19.350  **Disqualification of data.**

No insurer which makes its own filing nor any rating organization shall support its filings by statistics or adopt rate making recommendations, furnished to it by an advisory organization which has not complied with this chapter or with any order of the commissioner involving such statistics or recommendations issued under RCW 48.19.340. If the commissioner finds such insurer or rating organization to be in violation of this section he may issue an order requiring the discontinuance of the violation.

RCW 48.19.360  **Joint underwriting or joint reinsurance.**

(1) Every group, association or other organization of insurers which engages in joint underwriting or joint reinsurance, shall be subject to regulation with respect thereto as is provided in this section, subject, however, with respect to joint underwriting, to all other provisions of this chapter, and, with respect to joint reinsurance, to RCW 48.19.270, 48.01.080 and 48.19.430; and to chapter 48.03 RCW of this code.

(2) If, after a hearing, the commissioner finds that any activity or practice of any such group, association or other organization is unfair or unreasonable or otherwise inconsistent with the provisions of this chapter, he may issue a written order specifying in what respects such activity or practice is unfair, or unreasonable or so inconsistent, and requiring the discontinuance of the activity or practice.

RCW 48.19.370  **Recording and reporting of loss and expense experience.**

(1) The commissioner shall promulgate reasonable rules and statistical plans, reasonably adapted to each of the rating systems on file with him, which may be modified from time to time and which shall be used thereafter by each insurer in the recording and reporting of its loss and countrywide expense experience, in order that the experience of all insurers may be made available at least annually in such form and detail as may be necessary to aid him in determining whether rating systems comply with the standards set forth in RCW 48.19.020 and 48.19.030. Such rules and plans may also provide for the recording and reporting of expense experience.
items which are specially applicable to this state and are not susceptible of determination by a prorating of countrywide expense experience.

(2) In promulgating such rules and plans, the commissioner shall give due consideration to the rating systems on file with him and, in order that such rules and plans may be as uniform as is practicable among the several states, to the rules and to the form of the plans used for such rating systems in other states.

(3) No insurer shall be required to record or report its loss experience on a classification basis that is inconsistent with the rating system filed by it.

(4) The commissioner may designate one or more rating organizations or other agencies to assist him in gathering such experience and making compilations thereof, and such compilations shall be made available, subject to reasonable rules promulgated by the commissioner, to insurers and rating organizations.

(5) Reasonable rules and plans may be promulgated by the commissioner for the interchange of data necessary for the application of rating plans.

**RCW 48.19.380 Exchange of information.**

Every rating organization and insurer may exchange information and experience data with insurers and rating organizations in this and other states and may consult with them with respect to rate making and the application of rating systems.

**RCW 48.19.390 False or misleading information.**

No person shall wilfully withhold information from, or knowingly give false or misleading information to, the commissioner, any statistical agency designated by the commissioner, any rating organization, or any insurer, which will affect the rates or premiums chargeable under this chapter.

**RCW 48.19.400 Assigned risks.**

Agreements may be made among casualty insurers with respect to the equitable apportionment among them of insurance which may be afforded applicants who are in good faith entitled to but who are unable to procure such insurance through ordinary methods and such insurers may agree among themselves on the use of reasonable rate modifications for such insurance, such agreements and rate modifications to be subject to the approval of the commissioner.

RCW 48.19.410  Examination of contracts.

(1) The commissioner may permit the organization and operation of examining bureaus for the examination of policies, daily reports, binders, renewal certificates, endorsements, and other evidences of insurance or of the cancellation thereof, for the purpose of ascertaining that lawful rates are being charged.

(2) A bureau shall examine documents with regard to such kinds of insurance as the commissioner may, after hearing, reasonably require to be submitted for examination. A bureau may examine documents as to such other kinds of insurance as the issuing insurers may voluntarily submit for examination. Upon request of the commissioner, a bureau shall also examine affidavits filed pursuant to RCW 48.15.040, surplus lines contracts and related documents, and shall make recommendations to the commissioner to assist the commissioner in determining whether surplus lines have been procured in accordance with chapter 48.15 RCW and rules issued thereunder.

(3) No bureau shall operate unless licensed by the commissioner as to the kinds of insurance as to which it is permitted so to examine. To qualify for a license a bureau shall:
   (a) Be owned in trust for the benefit of all the insurers regularly using its services, under a trust agreement approved by the commissioner.
   (b) Make its services available without discrimination to all authorized insurers applying therefor, subject to such reasonable rules and regulations as to the obligations of insurers using its services, as to the conduct of its affairs, and as to the correction of errors and omissions in documents examined by it as are approved by the commissioner.
   (c) Have no manager or other employee who is an employee of an insurer other than to the extent that he is an employee of the bureau owned by insurers through such trust agreement.
   (d) Pay to the commissioner a fee of ten dollars for issuance of its license.

(4) Such license shall be of indefinite duration and shall remain in force until revoked by the commissioner or terminated at the request of the bureau. The commissioner may revoke the license, after hearing,
   (a) if the bureau is no longer qualified therefor;
   (b) if the bureau fails to comply with a proper order of the commissioner;
   (c) if the bureau violates or knowingly participates in the violation of any provision of this code.

(5) Any person aggrieved by any rule, regulation, act or omission of a bureau may appeal to the commissioner therefrom. The commissioner shall hold a hearing upon such appeal, and shall make such order upon the hearing as he deems to be proper.

(6) Every such bureau operating in this state shall be subject to the supervision of the commissioner, and the commissioner shall examine it as provided in chapter 48.03 RCW of this code.

(7) Every examining bureau shall keep adequate records of the outstanding errors and omissions found in coverages examined by it and of its receipts and disbursements, and shall hold as confidential all information contained in documents submitted to it for examination.

(8) The commissioner shall not license an additional bureau for the examination of
documents relative to a kind of insurance if such documents are being examined by a then existing licensed bureau. Any examining bureau operating in this state immediately prior to the effective date of this code under any law of this state repealed as of such date, shall have prior right to apply for and secure a license under this section.

[1983 1st ex.s. c 32 § 8; 1947 c 79 § .19.41; Rem. Supp. 1947 § 45.19.41.]

Two or more insurers mutually may agree to adhere to rates, rating plans, rating systems or underwriting practices or uniform modifications thereof, all subject to the following conditions:

1. All of the terms of the agreements shall be in writing executed on behalf of each such insurer.
2. An executed copy of every such written agreement and of every modification thereof shall be filed with the commissioner.
3. Within a reasonable length of time after every such filing, the commissioner shall either approve or disapprove such agreement or modification. No such agreement or modification shall be effective unless and until approved by the commissioner.
4. The commissioner shall not approve any such agreement or modification which:
   a. Constitutes or would tend to result in an unreasonable restraint upon free competition;
   b. Contains terms otherwise tending to injure the public interest.
5. No cause of action shall lie in favor of any insurer which is party to any such agreement against any other insurer party thereto on account of any breach thereof.
6. All rate filings covered by such agreement shall be subject to the provisions of this chapter or of other applicable law.
7. The commissioner may after a hearing thereon and for cause withdraw any approval previously given any such agreement or modification.

**RCW 48.19.430 Penalties.**

Any person violating any provision of this chapter shall be subject to a penalty of not more than fifty dollars for each such violation, but if such violation is found to be wilful a penalty of not more than five hundred dollars for each such violation may be imposed. Such penalties may be in addition to any other penalty provided by law.

[1947 c 79 § .19.43; Rem. Supp. 1947 § 45.19.43.]

**RCW 48.19.450 Casualty rate filing--Credit.**

The commissioner shall, in reviewing a casualty rate filing, determine in accordance with sound and reliable actuarial principles whether chapter 305, Laws of 1986 requires an insurer to
grant its policyholders a credit in such casualty rate filing. Upon determining that data in support of such a credit is actuarially credible, the commissioner shall approve or disapprove such casualty rate filing in accordance therewith. The commissioner shall not approve any casualty rate that is inadequate, excessive, or unfairly discriminatory.

An eight-hour program-learning self-instruction course shall be made available in areas in which a classroom course meeting the criteria of this section is not offered. The classroom course may be conducted by a public or private agency approved by the department. Notes:

Reviser's note: For prior laws governing standard provision requirements for individual accident or health
insurance policies see 1947 c 79 §§ .20.01 through .20.33 and .20.37 and Rem. Supp. 1947 §§ 45.20.01 through
45.20.33 and 45.20.37.

Many of the sections enacted in 1951 c 229 are in substance amendatory of sections previously appearing
in chapter 48.20 RCW, although they appear in 1951 c 229 as new sections. To assist those using the code, the prior
enactment on the same subject is shown in the history note following the new section wherever practical.

Intent--Severability--1987 c 185: See notes following RCW 51.12.130.

RCW 48.20.012 Format of disability policies.

No disability policy shall be delivered or issued for delivery to any person in this state
unless it otherwise complies with this code, and complies with the following:

(1) It shall purport to insure only one person, except as to family expense insurance
written pursuant to RCW 48.20.340.

(2) The style, arrangement and over-all appearance of the policy shall give no undue
prominence to any portion of the text, and every printed portion of the text of the policy and of
any endorsements or attached papers shall be plainly printed in light-faced type of a style in
general use, the size of which shall be uniform and not less than ten-point with a lower-case
unspaced alphabet length not less than one hundred and twenty-point (the "text" shall include all
printed matter except the name and address of the insurer, name or title of the policy, the brief
description if any, and caption and subcaptions).

(3) The exceptions and reductions of indemnity shall be set forth in the policy and, other
than those contained in RCW 48.20.042 to 48.20.272, inclusive, shall be printed, at the insurer's
option, either included with the benefit provision to which they apply, or under an appropriate
caption such as "Exceptions," or "Exceptions and reductions," except that if an exception or
reduction specifically applies only to a particular benefit of the policy, a statement of such
exception or reduction shall be included with the benefit provision to which it applies.

(4) Each such form, including riders and endorsements, shall be identified by a form
number in the lower left hand corner of the first page thereof.

(5) It shall contain no provision purporting to make any portion of the insurer's charter,
rules, constitution, or bylaws a part of the policy unless such portion is set forth in full in the
policy, except in the case of the incorporation of, or reference to, a statement of rates or
classification of risks, or short-rate table filed with the commissioner.

RCW 48.20.013  Return of policy and refund of premium--Notice required--Effect of return.

Every individual disability insurance policy issued after January 1, 1968, except single premium nonrenewable policies, shall have printed on its face or attached thereto a notice stating in substance that the person to whom the policy is issued shall be permitted to return the policy within ten days of its delivery to the purchaser and to have the premium paid refunded if, after examination of the policy, the purchaser is not satisfied with it for any reason. An additional ten percent penalty shall be added to any premium refund due which is not paid within thirty days of return of the policy to the insurer or agent. If a policy holder or purchaser pursuant to such notice, returns the policy to the insurer at its home or branch office or to the agent through whom it was purchased, it shall be void from the beginning and the parties shall be in the same position as if no policy had been issued.

[1983 1st ex.s. c 32 § 9; 1967 c 150 § 26.]

RCW 48.20.015  Endorsements.

If a contract is issued on any basis other than as applied for, an endorsement setting forth such modification(s) must accompany and be attached to the policy; and no endorsement shall be effective unless signed by the policyowner, and a signed copy thereof returned to the insurer.

RCW 48.20.022  Policies issued by domestic insurer for delivery in another state.

If any policy is issued by a domestic insurer for delivery to a person residing in another state, and if the insurance commissioner or corresponding public official of such other state has advised the commissioner that any such policy is not subject to approval or disapproval by such official, the commissioner may by ruling require that such policy meet the applicable standards set forth in this chapter and in chapter 48.18 RCW.

[1951 c 229 § 3.]

RCW 48.20.025  Schedule of rates for individual health benefit plans--Loss ratio--Remittance of premiums--Definitions.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Claims" means the cost to the insurer of health care services, as defined in RCW 48.43.005, provided to a policyholder or paid to or on behalf of the policyholder in accordance with the terms of a health benefit plan, as defined in RCW 48.43.005. This includes capitation payments or other similar payments made to providers for the purpose of paying for health care...
services for a policyholder.

(b) "Claims reserves" means: (i) The liability for claims which have been reported but not paid; (ii) the liability for claims which have not been reported but which may reasonably be expected; (iii) active life reserves; and (iv) additional claims reserves whether for a specific liability purpose or not.

(c) "Earned premiums" means premiums, as defined in RCW 48.43.005, plus any rate credits or recoupments less any refunds, for the applicable period, whether received before, during, or after the applicable period.

(d) "Incurred claims expense" means claims paid during the applicable period plus any increase, or less any decrease, in the claims reserves.

(e) "Loss ratio" means incurred claims expense as a percentage of earned premiums.

(f) "Reserves" means: (i) Active life reserves; and (ii) additional reserves whether for a specific liability purpose or not.

(2) An insurer shall file, for informational purposes only, a notice of its schedule of rates for its individual health benefit plans with the commissioner prior to use.

(3) An insurer shall file with the notice required under subsection (2) of this section supporting documentation of its method of determining the rates charged. The commissioner may request only the following supporting documentation:

(a) A description of the insurer's rate-making methodology;

(b) An actuarially determined estimate of incurred claims which includes the experience data, assumptions, and justifications of the insurer's projection;

(c) The percentage of premium attributable in aggregate for nonclaims expenses used to determine the adjusted community rates charged; and

(d) A certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the adjusted community rate charged can be reasonably expected to result in a loss ratio that meets or exceeds the loss ratio standard established in subsection (7) of this section.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any insurer issuing or renewing individual health benefit plans in this state during the preceding calendar year shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered or renewed in the state in aggregate for the preceding calendar year. The filing shall include aggregate earned premiums, aggregate incurred claims, and a certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the actual loss ratio has been calculated in accordance with accepted actuarial principles.

(a) At the expiration of a thirty-day period beginning with the date the filing is received by the commissioner, the filing shall be deemed approved unless prior thereto the commissioner contests the calculation of the actual loss ratio.

(b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the insurer.

(c) Any dispute regarding the calculation of the actual loss ratio shall, upon written
demand of either the commissioner or the insurer, be submitted to hearing under chapters 48.04 and 34.05 RCW.

(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio established in subsection (7) of this section, a remittance is due and the following shall apply:

(a) The insurer shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

(d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss ratio is deemed approved under subsection (5)(a) of this section or the determination by an administrative law judge under subsection (5)(c) of this section.

(7) The loss ratio applicable to this section shall be seventy-four percent minus the premium tax rate applicable to the insurer's individual health benefit plans under RCW 48.14.0201.

[2001 c 196 § 1; 2000 c 79 § 3.]
NOTES:
Effective date--2001 c 196: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 7, 2001]." [2001 c 196 § 14.]
Effective date--Severability--2000 c 79: See notes following RCW 48.04.010.

(1) Premiums for health benefit plans for individuals shall be calculated using the adjusted community rating method that spreads financial risk across the carrier's entire individual product population. All such rates shall conform to the following:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;
(ii) Family size;
(iii) Age;
(iv) Tenure discounts; and
(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.
(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.21.045.

(3) As used in this section, "health benefit plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

**RCW 48.20.050  Standard provision No. 2--Misstatement of age or sex.**

There shall be a provision as follows:

"MISSTATEMENT OF AGE OR SEX: If the age or sex of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age or sex."

The amount of any underpayments which may have been made on account of any such misstatement under a disability income policy shall be paid the insured along with the current payment and the amount of any overpayment may be charged against the current or succeeding payments to be made by the insurer. Interest may be applied to such underpayments or overpayments as specified in the insurance policy form but not exceeding six percent per annum.

[1983 1st ex.s. c 32 § 16.]

**RCW 48.20.052  Standard provision No. 3--Time limit on certain defenses.**

There shall be a provision as follows:

"TIME LIMIT ON CERTAIN DEFENSES: (a) After two years from the date of issue of this policy no misstatements except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two year period."

(The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two year period, nor to limit the application of RCW 48.20.050, 48.20.172, 48.20.192, 48.20.202, and 48.20.212 in the event of misstatement with respect to age or occupation or other insurance.)

(A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (1) until at least age 50 or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue, may contain in lieu of the foregoing the following provision (from which the clause in parentheses may be omitted at the insurer's option)
under the caption "INCONTESTABLE":

"After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application."

"(b) No claim for loss incurred or disability (as defined in the policy) commencing after two years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy."

RCW 48.20.062 Standard provision No. 4--Grace period.

There shall be a provision as follows:

GRACE PERIOD: A grace period of . . . . (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies, and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

(A policy which contains a cancellation provision may add, at the end of the above provision: "subject to the right of the insurer to cancel in accordance with the cancellation provision hereof."

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision: "Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.")

[1951 c 229 § 7.]

RCW 48.20.072 Standard provision No. 5--Reinstatement.

There shall be a provision as follows:

insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional
receipt unless the insurer has previously notified the insured in writing of its disapproval of such
application. The reinstated policy shall cover only loss resulting from such accidental injury as
may be sustained after the date of reinstatement and loss due to such sickness as may begin more
than ten days after such date. In all other respects the insured and insurer shall have the same
rights the same as they had under the policy immediately before the due date of the defaulted
premium, subject to any provisions endorsed hereon or attached hereto in connection with the
reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a
period for which premium has not been previously paid, but not to any period more than sixty
days prior to the date of reinstatement.

(The last sentence of the above provision may be omitted from any policy which the
insured has the right to continue in force subject to its terms by the timely payment of premiums

There shall be a provision as follows:

NOTICE OF CLAIM: Written notice of claim must be given to the insurer within twenty

thereafter as is reasonably possible. Notice given by or on behalf of the insured or the
beneficiary to the insurer at .......... (insert the location of such office as the insurer may
designate for the purpose), or to any authorized agent of the insurer, with information sufficient
to identify the insured, shall be deemed notice to the insurer.

(In a policy providing a loss-of-time benefit which may be payable for at least two years,
an insurer may at its option insert the following between the first and second sentences of the
above provision:

"Subject to the qualifications set forth below, if the insured suffers loss of time on
account of disability for which indemnity may be payable for at least two years, he shall at least
once in every six months after having given notice of claim, give to the insurer notice of
continuance of said disability, except in the event of legal incapacity. The period of six months
following any filing of proof by the insured or any payment by the insurer on account of such
claim or any denial of liability in whole or in part by the insurer shall be excluded in applying
this provision. Delay in the giving of such notice shall not impair the insured's right to any
indemnity which would otherwise have accrued during the period of six months preceding the
date on which such notice is actually given.")

**RCW 48.20.092  Standard provision No. 7--Claim forms.**

There shall be a provision as follows:
CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

RCW 48.20.112 Standard provision No. 9--Time of payment of claims.

PAYMENT OF CLAIMS: Indemnity for loss of life will be payable in accordance with
the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured.

(2) The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer:

(insert an amount which shall not exceed $1000), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment."

"Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person."

There may be a provision as follows:

CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such
filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation.

**RCW 48.20.192  Optional standard provision No. 15--Other insurance in this insurer.**

There may be a provision as follows:

Or, in lieu thereof:

(1) There may be a provision as follows:

**INSURANCE WITH OTHER INSURERS:** If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

(2) If the foregoing policy provision is included in a policy which also contains the policy provision set out in RCW 48.20.212, there shall be added to the caption of the foregoing provision the phrase ". ...... expense incurred benefits." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state.
other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage."

INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined.

(2) If the foregoing policy provision is included in a policy which also contains the policy provision set out in RCW 48.20.202, there shall be added to the caption of the foregoing provision the phrase ". . . . . other benefits." (2) The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (a) until at least age 50 or, (b) in the case of a policy issued after age 44, for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the commissioner or any combination of such coverages. RCW 48.20.391 Diabetes coverage.

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

(2) All disability insurance contracts providing health care services, delivered or issued for delivery in this state and issued or renewed after January 1, 1998, shall provide benefits for at least the following services and supplies for persons with diabetes:

(a) For disability insurance contracts that include pharmacy services, appropriate and medically necessary equipment and supplies, as prescribed by a health care provider, that includes but is not limited to insulin, syringes, injection aids, blood glucose monitors, test strips for blood glucose monitors, visual reading and urine test strips, insulin pumps and accessories to the pumps, insulin infusion devices, prescriptive oral agents for controlling blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and

(b) For all disability insurance contracts providing health care services, outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents the insurer from restricting patients to seeing only health care providers who have signed participating provider agreements with the insurer or an insuring entity under contract with the insurer.

(3) Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

(5) Services required under this section shall be covered when deemed medically necessary by the medical director, or his or her designee, subject to any referral and formulary requirements.

(6) The insurer need not include the coverage required in this section in a group contract offered to an employer or other group that offers to its eligible enrollees a self-insured health plan not subject to mandated benefits status under this title that does not offer coverage similar to that mandated under this section.
(7) This section does not apply to the health benefit plan that provides benefits identical to the schedule of services covered by the basic health plan, as required by RCW 48.20.028.

This section does not limit the authority of an insurer to negotiate rates and contract with specific providers for the delivery of mammography services. This section shall not apply to medicare supplement policies or supplemental contracts covering a specified disease or other limited benefits.

Purpose--1975 1st ex.s. c 266: "The purpose of sections 14 through 18 of this 1975 amendatory act is to provide reasonable standardization and simplification of terms and coverages of individual disability insurance policies to facilitate public understanding and comparison, to eliminate provisions contained in individual disability insurance policies which may be misleading or unreasonably confusing in connection either with the purchase of such coverages or with the settlement of claims, and to provide for full disclosure in the sale of disability coverages." [1975 1st ex.s. c 266 § 15.]

*Reviser’s note: During the course of passage of 1975 1st ex.s. c 266 [Substitute House Bill No. 198], the section numbering was changed, but the internal references were not changed accordingly. Thus the reference "sections 14 through 18 of this 1975 amendatory act" appears to be erroneous. Reference to "sections 15 through 19," codified herein as this section and RCW 48.20.450 through 48.20.480, was apparently intended.

Severability--1975 1st ex.s. c 266: See note following RCW 48.01.010.

RCW 48.20.460 Standardization and simplification--Minimum standards for benefits and coverages.

(c) Hospital confinement indemnity coverage;
(d) Major medical expense coverage;
(e) Disability income protection coverage;
(f) Accident only coverage;

(h) Medicare supplemental coverage; and
(i) Limited benefit coverage.

(2) Nothing in this section shall preclude the issuance of any policy which combines two or more of the categories of coverage enumerated in items (a) through (f) of subsection (1) of this section.

(3) No policy shall be delivered or issued for delivery in this state which does not meet the prescribed minimum standards for the categories of coverage listed in items (a) through (i) of subsection (1) of this section, unless the commissioner finds such policy will be in the public interest and such policy meets the requirements set forth in RCW 48.18.110.

(4) The commissioner shall prescribe the method of identification of policies based upon coverages provided.

(2) The commissioner shall prescribe the format and content of the outline of coverage required by subsection (1) of this section. "Format" means style, arrangement, and overall appearance, including such items as the size, color, and prominence of type and the arrangement of text and captions. (a) A statement identifying the applicable category or categories of coverage provided by the policy as prescribed in RCW 48.20.450;
(b) A description of the principal benefits and coverage provided in the policy;
(c) A statement of the exceptions, reductions and limitations contained in the policy;

Notwithstanding the provisions of RCW 48.20.052, if an insurer elects to use a simplified application form, with or without a question as to the applicant's health at the time of application, but without any questions concerning the insured's health history or medical treatment history, the policy must cover any loss occurring after twelve months from any preexisting condition not specifically excluded from coverage by terms of the policy, and, except as so provided, the policy shall not include wording that would permit a defense based upon preexisting conditions.

The notification period shall be no less than sixty days from the date of placement.

issuance, no health care services have been received by the insured during that time for the condition specified in the rider, and a physician, selected by the carrier for that purpose, agrees in writing to the full medical recovery of the insured from that condition, such agreement not to be unreasonably withheld. The option of the insured to apply for cancellation shall be disclosed on the face of the rider in clear and conspicuous language.

This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.17 RCW. The board or the department shall not be restricted in the disclosure of the name of a nonresident pharmacy that is or has been licensed under RCW 18.64.360 or 18.64.370 or of the identity of a nonresident pharmacy disciplined under RCW 18.64.350 through 18.64.400.

Group stop loss insurance is exempt from all sections of this chapter and chapter 48.32A RCW except for RCW 48.21.010 and this section. For the purpose of this exemption, group stop loss is further defined as follows:
(1) The policy must be issued to and insure the employer, the trustee or other sponsor of the plan, or the plan itself, but not the employees, members, or participants;
(2) Payment by the insurer must be made to the employer, the trustee, or other sponsor of the plan or the plan itself, but not to the employees, members, participants, or health care providers;
(3) The policy must contain a provision that establishes an aggregate attaching point or retention that is at the minimum one hundred twenty percent of the expected claims; and
(4) The policy may provide for an individual attaching point or retention that is not less than five percent of the expected claims or one hundred thousand dollars, whichever is less.

Notes:

RCW 48.21.020 "Employees," "employer" defined.
The term "employees" as used in this chapter shall be deemed to include as employees of a single employer, the compensated officers, managers, and employees of the employer and of subsidiary or affiliated corporations of a corporation employer, and the individual proprietors,
partners, and employees of individuals and firms of which the business is controlled by the insured employer through stock ownership, contract or otherwise. The term "employer" as used in this chapter shall be deemed to include any municipal corporation or governmental unit, agency or department thereof as well as private individuals, firms, corporations and other persons.

**RCW 48.21.030 Health care groups.**

A policy of group disability insurance may be issued to a corporation, as policyholder, existing primarily for the purpose of assisting individuals who are its subscribers in securing medical, hospital, dental, and other health care services for themselves and their dependents, covering all and not less than five hundred such subscribers and dependents, with respect only to medical, hospital, dental, and other health care services.

[1947 c 79 § .21.03; Rem. Supp. 1947 § 45.21.03.]

**RCW 48.21.040 "Blanket disability insurance" defined.**

(1) Any policy or contract of disability insurance which conforms with the description and complies with the requirements contained in one of the following six paragraphs shall be deemed a blanket disability insurance policy:

(a) A policy issued to any common carrier of passengers, which carrier shall be deemed the policyholder, covering a group defined as all persons who may become such passengers, and whereby such passengers shall be insured against loss or damage resulting from death or bodily injury either while, or as a result of, being such passengers.

(b) A policy issued in the name of any volunteer fire department, first aid or ambulance squad or volunteer police organization, which shall be deemed the policyholder, and covering all the members of any such organization against loss from accidents resulting from hazards incidental to duties in connection with such organizations.

(c) A policy issued in the name of any established organization whether incorporated or not, having community recognition and operated for the welfare of the community and its members and not for profit, which shall be deemed the policyholder, and covering all volunteer workers who serve without pecuniary compensation and the members of the organization, against loss from accidents occurring while engaged in the actual performance of duties on behalf of such organization or in the activities thereof.

(d) A policy issued to an employer, who shall be deemed the policyholder, covering any group of employees defined by reference to exceptional hazards incident to such employment, insuring such employees against death or bodily injury resulting while, or from, being exposed to such exceptional hazards.

(e) A policy covering students or employees issued to a college, school, or other institution of learning or to the head or principal thereof, who or which shall be deemed the policyholder.
(f) A policy or contract issued to any other substantially similar group, which, in the commissioner's discretion, may be subject to the insurance of a blanket disability policy or contract.

(2) Nothing contained in this section shall be deemed to affect the liability of policyholders for the death of, or injury to, any such members of such group.

(3) Individual applications shall not be required from individuals covered under a blanket disability insurance contract.

RCW 48.21.045  Mandatory offering providing basic health plan benefits for employers with fewer than twenty-five employees--Exemption from statutory requirements--Premium rates--Requirements for providing coverage for small employers--Definitions.

(1)(a) An insurer offering any health benefit plan to a small employer shall offer and actively market to the small employer a health benefit plan providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits in the basic health plan shall clearly disclose these differences to the small employer in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320 if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, benefits in excess of the basic health plan services. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and
(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be
adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage.

(4) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage.
in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "basic health plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

RCW 48.21.050  **Standard provisions required.**

Every policy of group or blanket disability insurance shall contain in substance the provisions as set forth in RCW 48.21.060 to 48.21.090, inclusive, or provisions which in the opinion of the commissioner are more favorable to the individuals insured, or at least as favorable to such individuals and more favorable to the policyholder. No such policy of group or blanket disability insurance shall contain any provision relative to notice or proof of loss, or to the time for paying benefits, or to the time within which suit may be brought upon the policy, which in the opinion of the commissioner is less favorable to the individuals insured than would be permitted by the standard provisions required for individual disability insurance policies.

[1947 c 79 § .21.05; Rem. Supp. 1947 § 45.21.05.]

RCW 48.21.060  **The contract--Representations.**

There shall be a provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued; that all statements made by the policyholder or by the individuals insured shall in the absence of fraud be deemed representations and not warranties, and that no statement made by any individual insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such individual or to his beneficiary, if any.

[1947 c 79 § .21.06; Rem. Supp. 1947 § 45.21.06.]

RCW 48.21.070  **Payment of premiums.**

There shall be a provision that all premiums due under the policy shall be remitted by the employer or employers of the persons insured, by the policyholder, or by some other designated person acting on behalf of the association or group insured, to the insurer on or before the due date thereof with such period of grace as may be specified therein.

RCW 48.21.075  **Payment of premiums by employee in event of suspension of compensation due to labor dispute.**

Any employee whose compensation includes group disability or blanket disability insurance providing health care services, the premiums for which are paid in full or in part by an employer including the state of Washington, its political subdivisions, or municipal corporations, or paid by payroll deduction, may pay the premiums as they become due directly to the policyholder whenever the employee's compensation is suspended or terminated directly or indirectly as the result of a strike, lockout, or other labor dispute, for a period not exceeding six months and at the rate and coverages as the policy provides. During that period of time the policy may not be altered or changed. Nothing in this section shall be deemed to impair the right
of the insurer to make normal decreases or increases of the premium rate upon expiration and renewal of the policy, in accordance with the provisions of the policy. Thereafter, if such insurance coverage is no longer available, then the employee shall be given the opportunity to purchase an individual policy at a rate consistent with rates filed by the insurer with the commissioner. When the employee's compensation is so suspended or terminated, the employee shall be notified immediately by the policyholder in writing, by mail addressed to the address last on record with the policyholder, that the employee may pay the premiums to the policyholder as they become due as provided in this section.

Payment of the premiums must be made when due or the insurance coverage may be terminated by the insurer.

The provisions of any insurance policy contrary to provisions of this section are void and unenforceable after May 29, 1975.

[1975 1st ex.s. c 117 § 1.]

Notes:

Severability--1975 1st ex.s. c 117: "If any provision of this 1975 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1975 1st ex.s. c 117 § 4.]

RCW 48.21.080  Certificates of coverage.

In group disability insurance policies there shall be a provision that the insurer shall issue to the employer, the policyholder, or other person or association in whose name such policy is issued, for delivery to each insured employee or member, a certificate setting forth in summary form a statement of the essential features of the insurance coverage, and to whom the benefits thereunder are payable described by name, relationship, or reference to the insurance records of the policyholder or insurer. If family members are insured, only one certificate need be issued for each family. This section shall not apply to blanket disability insurance policies.

RCW 48.21.142  **Chiropractic.**

Notwithstanding any provision of any group disability insurance contract or blanket disability insurance contract as provided for in this chapter, benefits shall not be denied thereunder for any health service performed by a holder of a license issued pursuant to chapter 18.25 RCW if (1) the service performed was within the lawful scope of such person's license, and (2) such contract would have provided benefits if such service had been performed by a holder of a license issued pursuant to chapter 18.71 RCW: PROVIDED, HOWEVER, That no provision of chapter 18.71 RCW shall be asserted to deny benefits under this section.

The provisions of this section are intended to be remedial and procedural to the extent they do not impair the obligation of any existing contract.
Diabetes coverage.

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

1. The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

2. All group disability insurance contracts and blanket disability insurance contracts providing health care services, issued or renewed after January 1, 1998, shall provide benefits for at least the following services and supplies for persons with diabetes:

   (a) For group disability insurance contracts and blanket disability insurance contracts that include coverage for pharmacy services, appropriate and medically necessary equipment and supplies, as prescribed by a health care provider, that includes but is not limited to insulin, syringes, injection aids, blood glucose monitors, test strips for blood glucose monitors, visual reading and urine test strips, insulin pumps and accessories to the pumps, insulin infusion devices, prescriptive oral agents for controlling blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and

   (b) For all group disability insurance contracts and blanket disability insurance contracts providing health care services, outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents the insurer from restricting patients to seeing only health care providers who have signed participating provider agreements with the insurer or an insuring entity under contract with the insurer.

3. Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.

4. Health care coverage may not be reduced or eliminated due to this section.

5. Services required under this section shall be covered when deemed medically necessary by the medical director, or his or her designee, subject to any referral and formulary requirements.

6. The insurer need not include the coverage required in this section in a group contract offered to an employer or other group that offers to its eligible enrollees a self-insured health plan not subject to mandated benefits status under this title that does not offer coverage similar to that mandated under this section.
(7) This section does not apply to the health benefit plan that provides benefits identical to the schedule of services covered by the basic health plan, as required by RCW 48.21.045.

RCW 48.21.160  Chemical dependency benefits--Legislative declaration.

The legislature recognizes that chemical dependency is a disease and, as such, warrants the same attention from the health care industry as other similarly serious diseases warrant; the legislature further recognizes that health insurance contracts and contracts for health care services include inconsistent provisions providing benefits for the treatment of chemical
dependency. In order to assist the many citizens of this state who suffer from the disease of chemical dependency, and who are presently effectively precluded from obtaining adequate coverage for medical assistance under the terms of their health insurance contract or health care service contract, the legislature hereby declares that provisions providing benefits for the treatment of chemical dependency shall be included in new contracts and that this section, RCW 48.21.180, 48.21.190, 48.44.240, 48.46.350, and RCW 48.21.195, 48.44.245, and 48.46.355 are necessary for the protection of the public health and safety. Every group disability contractor shall communicate the availability of such coverage to all group disability contract holders and to all groups with whom they are negotiating.

RCW 48.21.250 Continuation option to be offered.

Every insurer that issues policies providing group coverage for hospital or medical expense shall offer the policyholder an option to include a policy provision granting a person who becomes ineligible for coverage under the group policy, the right to continue the group benefits for a period of time and at a rate agreed upon. The policy provision shall provide that when such coverage terminates, the covered person may convert to a policy as provided in RCW 48.21.260.
whose eligibility for coverage under a group policy, contract, or agreement is terminated." [1984 c 190 § 1.]

Application--1984 c 190 §§ 2, 5, and 8: "Sections 2, 5, and 8 of this act shall apply to any policy, contract, or agreement issued, renewed, or amended on or after January 1, 1985." [1984 c 190 § 12.]

Severability--1984 c 190: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 190 § 13.]

RCW 48.21.260 Conversion policy to be offered--Exceptions, conditions.

(1) Except as otherwise provided by this section, any group disability insurance policy issued, renewed, or amended on or after January 1, 1985, that provides benefits for hospital or medical expenses shall contain a provision granting a person covered by the group policy the right to obtain a conversion policy from the insurer upon termination of the person's eligibility for coverage under the group policy.

(2) An insurer need not offer a conversion policy to:

(a) A person whose coverage under the group policy ended when the person's employment or membership was terminated for misconduct: PROVIDED, That when a person's employment or membership is terminated for misconduct, a conversion policy shall be offered to the spouse and/or dependents of the terminated employee or member. The policy shall include in the conversion provisions the same conversion rights and conditions which are available to employees or members and their spouses and/or dependents who are terminated for reasons other than misconduct;

(b) A person who is eligible for federal Medicare coverage; or

(c) A person who is covered under another group plan, policy, contract, or agreement providing benefits for hospital or medical care.

(3) To obtain the conversion policy, a person must submit a written application and the first premium payment for the conversion policy not later than thirty-one days after the date the person's group coverage terminates. The conversion policy shall become effective, without lapse of coverage, immediately following termination of coverage under the group policy.

(4) If an insurer or group policyholder does not renew, cancels, or otherwise terminates the group policy, the insurer shall offer a conversion policy to any person who was covered under the terminated policy unless the person is eligible to obtain group hospital or medical expense coverage within thirty-one days after such nonrenewal, cancellation, or termination of the group policy.

(5) The insurer shall determine the premium for the conversion policy in accordance with the insurer's table of premium rates applicable to the age and class of risk of each person to be covered under the policy and the type and amount of benefits provided.

[1984 c 190 § 3.]

Notes:

Legislative intent--Severability--1984 c 190: See notes following RCW 48.21.250.

RCW 48.21.270 Conversion policy--Restrictions and requirements.

(1) An insurer shall not require proof of insurability as a condition for issuance of the
conversion policy.

(2) A conversion policy may not contain an exclusion for preexisting conditions except to the extent that a waiting period for a preexisting condition has not been satisfied under the group policy.

(3) An insurer must offer at least three policy benefit plans that comply with the following:

(a) A major medical plan with a five thousand dollar deductible and a lifetime benefit maximum of two hundred fifty thousand dollars per person;

(b) A comprehensive medical plan with a five hundred dollar deductible and a lifetime benefit maximum of five hundred thousand dollars per person; and

(c) A basic medical plan with a one thousand dollar deductible and a lifetime maximum of seventy-five thousand dollars per person.

(4) The insurance commissioner may revise the deductibles and lifetime benefit amounts in subsection (3) of this section from time to time to reflect changing health care costs.

(5) The insurance commissioner shall adopt rules to establish minimum benefit standards for conversion policies.

(6) The commissioner shall adopt rules to establish specific standards for conversion policy provisions. These rules may include but are not limited to:

(a) Terms of renewability;

(b) Nonduplication of coverage;

(c) Benefit limitations, exceptions, and reductions; and

(d) Definitions of terms.

[1984 c 190 § 4.]

Notes: Legislative intent--Severability--1984 c 190: See notes following RCW 48.21.250.

(1) Any group disability insurance contract, except a blanket disability insurance contract, providing hospital and medical expenses and health care services, delivered or issued for delivery in this state, which provides coverage for dependent children, as defined in the contract of the insured, shall cover adoptive children placed with the insured on the same basis as other dependents, as provided in RCW 48.01.180.

(2) If payment of an additional premium is required to provide coverage for a child, the contract may require that notification of placement of a child for adoption and payment of the required premium must be furnished to the insurer. The notification period shall be no less than sixty days from the date of placement.

[1986 c 140 § 3.]

Notes: Effective date, application--Severability--1986 c 140: See notes following RCW 48.01.180.

RCW 48.21.290 Cancellation of rider.
Upon application by an insured, a rider shall be canceled if at least five years after its issuance, no health care services have been received by the insured during that time for the condition specified in the rider, and a physician, selected by the carrier for that purpose, agrees in writing to the full medical recovery of the insured from that condition, such agreement not to be unreasonably withheld. The option of the insured to apply for cancellation shall be disclosed on the face of the rider in clear and conspicuous language.

For purposes of this section, a rider is a legal document that modifies a contract to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions.

[1987 c 37 § 2.]

RCW 48.21.300 Phenylketonuria.

(1) The legislature finds that:
   (a) Phenylketonuria is a rare inherited genetic disorder.
   (b) Children with phenylketonuria are unable to metabolize an essential amino acid, phenylalanine, which is found in the proteins of most food.
   (c) To remain healthy, children with phenylketonuria must maintain a strict diet and ingest a mineral and vitamin-enriched formula.
   (d) Children who do not maintain their diets with the formula acquire severe mental and physical difficulties.
   (e) Originally, the formulas were listed as prescription drugs but were reclassified as medical foods to increase their availability.

(2) Subject to requirements and exceptions which may be established by rules adopted by the commissioner, any group disability insurance contract delivered or issued for delivery or renewed in this state on or after September 1, 1988, that insures for hospital or medical expenses shall provide coverage for the formulas necessary for the treatment of phenylketonuria.

[1988 c 173 § 2.]

RCW 48.21.310 Neurodevelopmental therapies—Employer-sponsored group contracts.

(1) Each employer-sponsored group policy for comprehensive health insurance which is entered into, or renewed, on or after twelve months after July 23, 1989, shall include coverage for neurodevelopmental therapies for covered individuals age six and under.

(2) Benefits provided under this section shall cover the services of those authorized to deliver occupational therapy, speech therapy, and physical therapy. Benefits shall be payable only where the services have been delivered pursuant to the referral and periodic review of a holder of a license issued pursuant to chapter 18.71 or 18.57 RCW or where covered services have been rendered by such licensee. Nothing in this section shall prohibit an insurer from negotiating rates with qualified providers.

(3) Benefits provided under this section shall be for medically necessary services as determined by the insurer. Benefits shall be payable for services for the maintenance of an
insured in cases where significant deterioration in the patient's condition would result without the service. Benefits shall be payable to restore and improve function.

(4) It is the intent of this section that employers purchasing comprehensive health insurance, including the benefits required by this section, together with the insurer, retain authority to design and employ utilization and cost controls. Therefore, benefits delivered under this section may be subject to contractual provisions regarding deductible amounts and/or copayments established by the employer purchasing insurance and the insurer. Benefits provided under this section may be subject to standard waiting periods for preexisting conditions, and may be subject to the submission of written treatment plans.

(5) In recognition of the intent expressed in subsection (4) of this section, benefits provided under this section may be subject to contractual provisions establishing annual and/or lifetime benefit limits. Such limits may define the total dollar benefits available or may limit the number of services delivered as agreed by the employer purchasing insurance and the insurer.

[1989 c 345 § 2.]

**RCW 48.21.320 Temporomandibular joint disorders--Insurance coverage.**

(1) Except as provided in this section, a group disability policy entered into or renewed after December 31, 1989, shall offer optional coverage for the treatment of temporomandibular joint disorders.

(a) Insurers offering medical coverage only may limit benefits in such coverages to medical services related to treatment of temporomandibular joint disorders. Insurers offering dental coverage only may limit benefits in such coverage to dental services related to treatment of temporomandibular joint disorders. No insurer offering medical coverage only may define all temporomandibular joint disorders as purely dental in nature, and no insurer offering dental coverage only may define all temporomandibular joint disorders as purely medical in nature.

(b) Insurers offering optional temporomandibular joint disorder coverage as provided in this section may, but are not required to, offer lesser or no temporomandibular joint disorder coverage as part of their basic group disability contract.

(c) Benefits and coverage offered under this section may be subject to negotiation to promote broad flexibility in potential benefit coverage. This flexibility shall apply to services to be reimbursed, determination of treatments to be considered medically necessary, systems through which services are to be provided, including referral systems and use of other providers, and related issues.

(2) Unless otherwise directed by law, the insurance commissioner shall adopt rules, to be implemented on January 1, 1993, establishing minimum benefits, terms, definitions, conditions, limitations, and provisions for the use of reasonable deductibles and copayments.

(3) An insurer need not make the offer of coverage required by this section to an employer or other group that offers to its eligible enrollees a self-insured health plan not subject to mandated benefit statutes under Title 48 RCW that does not provide coverage for temporomandibular joint disorders.
Notes:

**Legislative finding--1989 c 331:** "The legislature finds that:

1. Temporomandibular joint disorders are conditions for which treatment often is not covered in medical and dental group insurance contracts;
2. Individuals with temporomandibular joint disorders experience substantial pain and financial hardship;
3. Public awareness is needed concerning temporomandibular joint disorders and would be promoted by a mandated offering of temporomandibular joint disorders coverage to group purchasers; and
4. A mandated offering of temporomandibular joint disorders coverage shall not prescribe minimum initial benefits so that the insurers and the purchasers are allowed broad flexibility in benefit design and application."

**Effective date--1989 c 331:** "This act shall take effect January 1, 1990, but the insurance commissioner may immediately take such steps as are necessary to ensure that this act is fully implemented on its effective date."

**RCW 48.21.325** Prescriptions--Preapproval of individual claims--Subsequent rejection prohibited--Written record required.

Group disability insurance companies who through an authorized representative have first approved, by any means, an individual prescription claim as eligible may not reject that claim at some later date. Pharmacists or drug dispensing outlets who obtain preapproval of claims shall keep a written record of the preapproval that consists of identification by name and telephone number of the person who approved the claim.

Notes:

**Findings--Effective date--1993 c 253:** See notes following RCW 48.20.525.

**RCW 48.21.330** Nonresident pharmacies.

For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, an insurer providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The insurers shall obtain proof of current licensure in conformity with this section and RCW 18.64.350 through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

The department may request from the insurer the proof of current licensure for all nonresident pharmacies through which the insurer is providing coverage for prescription drugs for residents of the state of Washington. This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.17 RCW. The board or the department shall not be restricted in the disclosure of the name of a nonresident pharmacy that is or has been licensed under RCW 18.64.360 or 18.64.370 or of the identity of a nonresident pharmacy disciplined under RCW 18.64.350.

RCW 48.21A.010 Declaration of purpose.

It is the purpose of this chapter to provide a means of more adequately meeting the needs of persons who are sixty-five years of age or older and their spouses for insurance coverage against financial loss from accident or disease through the combined resources and experience of a number of insurers; to make possible the fullest extension of such coverage by encouraging insurers to combine their resources and experience and to exercise their collective efforts in the development and offering of policies of such insurance to all applicants; and to regulate the joint activities herein authorized in accordance with the intent of Congress as expressed in the Act of Congress of March 9, 1945 (Public Law 15, 79th Congress), as amended.

[1965 ex.s. c 70 § 27.]

RCW 48.21A.020 Definitions.

Wherever used in this chapter, the following terms shall have the meanings hereinafter set forth or indicated, unless the context otherwise requires:

(a) "Association" means a voluntary unincorporated association of insurers formed for the purpose of enabling cooperative action to provide disability insurance in accordance with this

chapter in this or any other state having legislation enabling the issuance of insurance of the type
provided in this chapter.

(b) "Insurer" means any insurance company which is authorized to transact disability
insurance in this state.

(c) "Extended health insurance" means hospital, surgical and medical expense insurance
provided by a policy issued as provided by this chapter.

[1965 ex.s. c 70 § 28.]

**RCW 48.21A.030 Insurers may join--Policyholder--Reduced benefit provision--Master
group policy--Offering--Cancellation.**

Notwithstanding any other provision of this code or any other law which may be
inconsistent herewith, any insurer may join with one or more other insurers, to plan, develop,
underwrite, and offer and provide to any person who is sixty-five years of age or older and to the
spouse of such person, extended health insurance against financial loss from accident or disease,
or both. Such insurance may be offered, issued and administered jointly by two or more insurers
by a group policy issued to a policyholder through an association formed for the purpose of
offering, selling, issuing and administering such insurance. The policyholder may be an
association, a trustee, or any other person. Any such policy may provide, among other things,
that the benefits payable thereunder are subject to reduction if the individual insured has any
other coverage providing hospital, surgical or medical benefits whether on an indemnity basis or
a provision of service basis resulting in such insured being eligible for more than one hundred
percent of covered expenses which he is required to pay, and any insurer issuing individual
policies providing extended hospital, surgical or medical benefits to persons sixty-five years of
age and older and their spouses may also use such a policy provision. A master group policy
issued to an association or to a trustee or any person appointed by an association for the purpose
of providing the insurances described in this section shall be another form of group disability
insurance.

Any form of policy approved by the commissioner for an association shall be offered
throughout Washington to all persons sixty-five and older and their spouses, and the coverage of
any person insured under such a form of policy shall not be cancellable except for nonpayment
of premiums unless the coverage of all persons insured under such form of policy is also
canceled.

[1965 ex.s. c 70 § 29.]

**RCW 48.21A.040 Agents, brokers, and solicitors.**

Notwithstanding the provisions of RCW 48.17.200, any person licensed to transact
disability insurance as an agent, broker or solicitor may transact extended health insurance and
may be paid a commission thereon.

[1965 ex.s. c 70 § 30.]
RCW 48.21A.050  Powers and duties of associations.

Any association formed for the purposes of this chapter may hold title to property, may enter into contracts, and may limit the liability of its members to their respective pro rata shares of the liability of such association. Any such association may sue and be sued in its associate name and for such purpose only shall be treated as a domestic corporation. Service of process against such association, made upon a managing agent, any member thereof or any agent authorized by appointment to receive service of process, shall have the same force and effect as if such service had been made upon all members of the association. Such association's books and records shall also be subject to examination under the provisions of RCW 48.03.010 through 48.03.070, inclusive, either separately or concurrently with examination of any of its member insurers.

[1983 c 3 § 151; 1965 ex.s. c 70 § 31.]

The forms of the policies, applications, certificates or other evidence of insurance coverage and applicable premium rates relating thereto shall be filed with the commissioner. No such policy, contract, or other evidence of insurance, application or other form shall be sold, issued or used and no endorsement shall be attached to or printed or stamped thereon unless the form thereof shall have been approved by the commissioner or thirty days shall have expired after such filing without written notice from the commissioner of disapproval thereof. The commissioner shall disapprove the forms of such insurance if he finds that they are unjust, unfair, inequitable, misleading or deceptive or that the rates are by reasonable assumption excessive in relation to the benefits provided. In determining whether such rates by reasonable assumptions are excessive in relation to the benefits provided, the commissioner shall give due consideration to past and prospective claim experience, within and outside this state, and to fluctuations in such claim experience, to a reasonable risk charge, to contribution to surplus and contingency funds, to past and prospective expenses, both within and outside this state, and to all other relevant factors within and outside this state including any differing operating methods of the insurers joining in the issue of the policy. In exercising the powers conferred upon him by this chapter, the commissioner shall not be bound by any other requirement of this code with respect to standard provisions to be included in disability policies or forms.

The commissioner may, after hearing upon written notice, withdraw an approval previously given, upon such grounds as in his opinion would authorize disapproval upon original submission thereof. Any such withdrawal of approval after hearing shall be by notice in writing specifying the ground thereof and shall be effective at the expiration of such period, not less than ninety days after the giving of notice of withdrawal, as the commissioner shall in such notice prescribe.

If and when a program of hospital, surgical and medical benefits is enacted by the federal
government or the state of Washington, the extended health insurance benefits provided by policies issued under this chapter shall be adjusted to avoid any duplication of benefits offered by the federal or state programs and the premium rates applicable thereto shall be adjusted to conform with the adjusted benefits.

The association shall submit an annual report to the insurance commissioner which shall become public information and shall provide information as to the number of persons insured, the names of the insurers participating in the association with respect to insurance offered under this chapter and the calendar year experience applicable to such insurance offered under this chapter, including premiums earned, claims paid during the calendar year, the amount of claims reserve established, administrative expenses, commissions, promotional expenses, taxes, contingency reserve, other expenses, and profit and loss for the year. The commissioner shall require the association to provide any and all information concerning the operations of the association deemed relevant by him for inclusion in the report.

[1965 ex.s. c 70 § 32.]

**RCW 48.21A.070 Documents to be filed--Deceptive name or advertising.**

The articles of association of any association formed in accordance with this chapter, all amendments and supplements thereto, a designation in writing of a resident of this state as agent for the service of process, and a list of insurers who are members of the association and all supplements thereto shall be filed with the commissioner.

The name of any association or any advertising or promotional material used in connection with extended health insurance to be sold, offered, or issued, pursuant to this chapter shall not be such as to mislead or deceive the public.

[1965 ex.s. c 70 § 33.]

**RCW 48.21A.080 Remedies.**

No act done, action taken or agreement made pursuant to the authority conferred by this chapter shall constitute a violation of or grounds for prosecution or civil proceedings under any other law of this state heretofore or hereafter enacted which does not specifically refer to insurance.

[1965 ex.s. c 70 § 34.]

**RCW 48.21A.090 Home health care, hospice care, optional coverage required--Standards, limitations, restrictions--Rules--Medicare supplemental contracts excluded.**

(1) Every insurer entering into or renewing extended health insurance governed by this chapter shall offer optional coverage for home health care and hospice care for persons who are homebound and would otherwise require hospitalization. Such optional coverage need only be
offered in conjunction with a policy that provides payment for hospitalization as a part of health care coverage.

(2) Home health care and hospice care coverage offered under subsection (1) of this section shall conform to the following standards, limitations, and restrictions in addition to those set forth in chapters 70.126 and 70.127 RCW:

(a) The coverage may include reasonable deductibles, coinsurance provisions, and internal maximums;

(b) The coverage should be structured to create incentives for the use of home health care and hospice care as an alternative to hospitalization;

(c) The coverage may contain provisions for utilization review and quality assurance;

(d) The coverage may require that home health agencies and hospices have written treatment plans approved by a physician licensed under chapter 18.57 or 18.71 RCW, and may require such treatment plans to be reviewed at designated intervals;

(e) The coverage shall provide benefits for, and restrict benefits to, services rendered by home health and hospice agencies licensed under chapter 70.127 RCW;

(f) Hospice care coverage shall provide benefits for terminally ill patients for an initial period of care of not less than six months and may provide benefits for an additional six months of care in cases where the patient is facing imminent death or is entering remission if certified in writing by the attending physician;

(g) Home health care coverage shall provide benefits for a minimum of one hundred thirty health care visits per calendar year. However, a visit of any duration by an employee of a home health agency for the purpose of providing services under the plan of treatment constitutes one visit;

(h) The coverage may be structured so that services or supplies included in the primary contract are not duplicated in the optional home health and hospice coverage.

(3) The insurance commissioner shall adopt any rules necessary to implement this section.

(4) The requirements of this section shall not apply to contracts or policies governed by chapter 48.66 RCW.

(5) An insurer, as a condition of reimbursement, may require compliance with home health and hospice certification regulations established by the United States department of health and human services.

RCW 48.22.030  Underinsured, hit-and-run, phantom vehicle coverage to be provided--Exceptions--Conditions--Deductibles.

(1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) No new policy or renewal of an existing policy insuring against loss resulting from liability imposed by law for bodily injury, death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles,
hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. The coverage required to be offered under this chapter is not applicable to general liability policies, commonly known as umbrella policies, or other policies which apply only as excess to the insurance directly applicable to the vehicle insured.

(3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured's third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. Coverage for property damage need only be issued in conjunction with coverage for bodily injury or death. Property damage coverage required under subsection (2) of this section shall mean physical damage to the insured motor vehicle unless the policy specifically provides coverage for the contents thereof or other forms of property damage.

(4) A named insured or spouse may reject, in writing, underinsured coverage for bodily injury or death, or property damage, and the requirements of subsections (2) and (3) of this section shall not apply. If a named insured or spouse has rejected underinsured coverage, such coverage shall not be included in any supplemental or renewal policy unless a named insured or spouse subsequently requests such coverage in writing. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7) (a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a "phantom vehicle" shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.
RCW 48.22.040  Underinsured motor vehicle coverage where liability insurer is insolvent—Extent of coverage—Rights of insurer upon making payment.

(1) The term "underinsured motor vehicles" with reference to coverage offered under any insurance policy regulated under this chapter shall, subject to the terms and conditions of such coverage, be deemed to include an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency.

(2) An insurer's insolvency protection shall be applicable only to accidents occurring during a policy period in which its insured's underinsured motorist coverage is in effect where the liability insurer of the tort-feasor becomes insolvent within three years after such an accident. Nothing herein contained shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to its insureds than is provided hereunder.

(3) In the event of payment to an insured under the coverage required by this chapter and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such insured against any person or organization legally responsible for the bodily injury, death, or property damage for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer. Whenever an insurer shall make payment under the coverage required by this section and which payment is occasioned by an insolvency, such insurer's right of recovery or reimbursement shall not include any rights against the insured of said insolvent insurer for any amounts which would have been paid by the insolvent insurer. Such paying insurer shall have the right to proceed directly against the insolvent insurer or its receiver, and in pursuance of such right such paying insurer shall possess any rights which the insured of the insolvent company might otherwise have had, if the insured of the insolvent insurer had personally made the payment.

RCW 48.22.050  Market assistance plans.

The commissioner shall by regulation require insurers authorized to write casualty insurance in this state to form a market assistance plan to assist persons and other entities unable to purchase casualty insurance in an adequate amount from either the admitted market or
nonadmitted market.

For the purpose of this section, a market assistance plan means a voluntary mechanism by insurers writing casualty insurance in this state in either the admitted or nonadmitted market to provide casualty insurance for a class of insurance designated in writing to the plan by the commissioner.

The bylaws and method of operation of any market assistance plan shall be approved by the commissioner prior to its operation.

A market assistance plan shall have a minimum of twenty-five insurers willing to insure risks within the class designated by the commissioner. If twenty-five insurers do not voluntarily agree to participate, the commissioner may require casualty insurers to participate in a market assistance plan as a condition of continuing to do business in this state. The commissioner shall make such a requirement to fulfill the quota of at least twenty-five insurers. The commissioner shall make his or her designation on the basis of the insurer's premium volume of casualty insurance in this state.

RCW 48.22.060 Debt and financing coverage.

Every insurer that writes collision and comprehensive coverage for loss or damage to "private passenger automobiles" or "motor homes," as those terms are defined in RCW 48.18.297 and 46.04.305, respectively, shall provide, upon the insured's request, coverage that will pay, in the event of total loss, an amount, in excess of the actual cash value of the vehicle, sufficient to satisfy any outstanding indebtedness secured by and incurred in conjunction with the financing of the purchase of a new private passenger automobile or motor home.

Nothing in this section prohibits an insurer from denying or excluding such coverage where the insured or someone acting on the insured's behalf acts in a fraudulent manner to obtain or file a claim under such coverage.

RCW 48.22.070 Longshoreman's and harbor worker's compensation coverage--Rules--Plan creation.

(1) The commissioner shall adopt rules establishing a reasonable plan to insure that workers' compensation coverage as required by the United States longshore and harbor workers' compensation act, 33 U.S.C. Secs. 901 through 950, and maritime employer's liability coverage incidental to the workers' compensation coverage is available to those unable to purchase it through the normal insurance market. This plan shall require the participation of all authorized insurers writing primary or excess United States longshore and harbor workers' compensation
insurance in the state of Washington and the Washington state industrial insurance fund as defined in RCW 51.08.175 which is authorized to participate in the plan and to make payments in support of the plan in accordance with this section. Any underwriting losses or surpluses incurred by the plan shall be determined by the governing committee of the plan and shall be shared by plan participants in accordance with the following ratios: The state industrial insurance fund, fifty percent; and authorized insurers writing primary or excess United States longshore and harbor workers' compensation insurance, fifty percent.

(2) The Washington state industrial insurance fund may obtain or provide reinsurance coverage for the plan created under subsection (1) of this section the terms of which shall be negotiated between the state fund and the plan. This coverage shall not be obtained or provided if the commissioner determines that the premium to be charged would result in unaffordable rates for coverage provided by the plan. In considering whether excess of loss coverage premiums would result in unaffordable rates for workers' compensation coverage provided by the plan, the commissioner shall compare the resulting plan rates to those provided under any similar pool or plan of other states.

(3) An applicant for plan insurance, a person insured under the plan, or an insurer, affected by a ruling or decision of the manager or committee designated to operate the plan may appeal to the commissioner for resolution of a dispute. In adopting rules under this section, the commissioner shall require that the plan use generally accepted actuarial principles for rate making.

Effective July 1, 1994, a casualty insurer's issuance of a new medical malpractice policy or renewal of an existing medical malpractice policy to a physician or other independent health care practitioner shall be conditioned upon that practitioner's participation in, and completion of, an insurer-designed health care liability risk management training program once every three years. Completion of said training program during 1994 shall satisfy the first three-year training requirement. The risk management training shall provide information related to avoiding adverse
health outcomes resulting from substandard practice and minimizing damages associated with the adverse health outcomes that do occur. For purposes of this section, "independent health care practitioners" means those health care practitioner licensing classifications designated by the department of health in rule pursuant to *RCW 18.130.330.

Vendor single-interest or collateral protection coverage does not include insurance coverage purchased by a secured party for which
the borrower is not charged.

(5) "Vessel" means a vessel as defined in RCW 88.02.010 and includes personal watercraft as defined in *RCW 88.12.010.

**RCW 48.22.115 Vendor single-interest or collateral protection coverage--Warning.**

In a contract or loan agreement, or on a separate document accompanying the contract or loan agreement and signed by the borrower, that provides financing for a motor vehicle or vessel and authorizes a secured party to purchase vendor single interest or collateral protection coverage, the following or substantially similar warning must be set forth in ten-point print:

WARNING

UNLESS YOU PROVIDE US WITH EVIDENCE OF THE INSURANCE COVERAGE AS REQUIRED BY OUR LOAN AGREEMENT, WE MAY PURCHASE INSURANCE AT YOUR EXPENSE TO PROTECT OUR INTEREST. THIS INSURANCE MAY, BUT NEED NOT, ALSO PROTECT YOUR INTEREST. IF THE COLLATERAL BECOMES DAMAGED, THE COVERAGE WE PURCHASE MAY NOT PAY ANY CLAIM YOU MAKE OR ANY CLAIM MADE AGAINST YOU. YOU MAY LATER CANCEL THIS COVERAGE BY PROVIDING EVIDENCE THAT YOU HAVE OBTAINED PROPER COVERAGE ELSEWHERE.

YOU ARE RESPONSIBLE FOR THE COST OF ANY INSURANCE PURCHASED BY US. THE COST OF THIS INSURANCE MAY BE ADDED TO YOUR LOAN BALANCE. IF THE COST IS ADDED TO THE LOAN BALANCE, THE INTEREST RATE ON THE UNDERLYING LOAN WILL APPLY TO THIS ADDED AMOUNT. THE EFFECTIVE DATE OF COVERAGE MAY BE THE DATE YOUR PRIOR COVERAGE LAPSED OR THE DATE YOU FAILED TO PROVIDE PROOF OF COVERAGE.

THE COVERAGE WE PURCHASE MAY BE CONSIDERABLY MORE EXPENSIVE THAN INSURANCE YOU CAN OBTAIN ON YOUR OWN AND MAY NOT SATISFY WASHINGTON'S MANDATORY LIABILITY INSURANCE LAWS.

[1994 c 186 § 2.]

Notes:
RCW 48.22.120  Vendor single-interest or collateral protection coverage--Final notice and warning--No requirement to purchase--Effective date of coverage.

(1) A secured party shall not impose charges, that may include but are not limited to interest, finance, and premium charges, on a borrower for vendor single interest or collateral protection coverage for the motor vehicle or vessel as provided in subsection (2) of this section until the following or a substantially similar warning printed in ten-point type is sent to the borrower:

FINAL NOTICE AND WARNING

UNLESS YOU PROVIDE US WITH EVIDENCE OF THE INSURANCE COVERAGE AS REQUIRED BY OUR LOAN AGREEMENT WITHIN FIVE DAYS AFTER THE POSTMARK ON THIS LETTER, WE WILL PURCHASE INSURANCE AT YOUR EXPENSE TO PROTECT OUR INTEREST. THIS INSURANCE MAY, BUT NEED NOT, ALSO PROTECT YOUR INTEREST. IF THE COLLATERAL BECOMES DAMAGED, THE COVERAGE WE PURCHASE MAY NOT PAY ANY CLAIM YOU MAKE OR ANY CLAIM MADE AGAINST YOU. YOU MAY LATER CANCEL THIS COVERAGE BY PROVIDING EVIDENCE THAT YOU HAVE OBTAINED PROPER COVERAGE ELSEWHERE OR HAVE PAID OFF THE LOAN ON THE COLLATERAL IN ITS ENTIRETY.

YOU ARE RESPONSIBLE FOR THE COST OF THE INSURANCE PURCHASED BY US. THE COST OF THIS INSURANCE MAY BE ADDED TO YOUR LOAN BALANCE. IF THE COST IS ADDED TO THE LOAN BALANCE, THE INTEREST RATE ON THE UNDERLYING LOAN WILL APPLY TO THIS ADDED AMOUNT. THE EFFECTIVE DATE OF COVERAGE MAY BE THE DATE YOUR COVERAGE LAPSED OR THE DATE YOU FAILED TO PROVIDE PROOF OF COVERAGE.

THE COVERAGE WE PURCHASE WILL COST YOU A TOTAL OF APPROXIMATELY $ . . . . (PLUS INTEREST) AND MAY BE CONSIDERABLY MORE EXPENSIVE THAN INSURANCE YOU CAN OBTAIN ON YOUR OWN.

The final notice and warning shall identify whether the coverage to be purchased is vendor single interest or collateral protection coverage and disclose the extent of the borrower's coverage, if any, including a statement of whether the coverage satisfies Washington's mandatory liability insurance laws.

(2) If reasonable efforts to provide the borrower with the notice required under
subsection (1) of this section fail to produce evidence of the required insurance, the secured party may proceed to impose charges for vendor single interest or collateral protection coverage no sooner than eight days after giving notice as required under this chapter. Reasonable efforts to provide notice under this section means:

(a) Within thirty days before the secured party is required to send the final notice and warning in compliance with subsection (1) of this section, the secured party shall mail a notice by first class mail to the borrower's last known address as contained in the secured party's records. The notice shall state that the secured party intends to charge the borrower for vendor single interest or collateral protection coverage on the collateral if the borrower fails to provide evidence of proper insurance to the lender; and

(b) The secured party shall send the final notice and warning notice in compliance with subsection (1) of this section by certified mail to the borrower's last known address as contained in the secured party's records at least eight days before the insurance is charged to the borrower by the insurer.

(3) The secured party is responsible for complying with subsection (2)(a) and (b) of this section. However, a secured party may seek the services of other entities to fulfill the requirements of subsection (2)(a) and (b) of this section.

(4) Nothing contained in this chapter, or a secured party's compliance with or failure to comply with this chapter, shall be construed to require the secured party to purchase vendor single interest or collateral protection coverage, and the secured party shall not be liable to the borrower or any third party as a result of its failure to purchase vendor single interest or collateral protection coverage.

(5) Substantial compliance by a secured party with RCW 48.22.110 through 48.22.130 constitutes a complete defense to any claim arising under the laws of this state challenging the secured party's placement of vendor single interest or collateral protection coverage.

(6) The effective date of vendor single interest or collateral protection coverage placed under this chapter shall be either the date that the borrower's prior coverage lapsed or the date that the borrower failed to provide proof of coverage on the vehicle or vessel as required under the contract or loan agreement. Premiums for vendor single interest or collateral protection coverage placed under this chapter shall be calculated on a basis that does not exceed the outstanding credit balance as of the effective date of the coverage even though the coverage may limit liability to the outstanding balance, actual cash value, or cost of repair.

(7) If the secured party has purchased the contract or loan agreement relating to the motor vehicle or vessel from the seller of the motor vehicle or vessel under an agreement that the seller must repurchase the contract or loan agreement in the event of a default by the borrower, the secured party shall send a copy of the notice provided under subsection (2)(a) of this section by first class mail to the seller at the seller's last known address on file with the secured party when such notice is sent to the borrower under subsection (2)(a) of this section.

At the option of the secured party, this refund may take the form of a credit against the borrower's obligation to the secured party. Notes:
*Reviser's note: RCW 48.23.350 was repealed by 1982 1st ex.s. c 9 § 36; later enactment, see chapter 48.76 RCW.
Severability--1979 c 130: See note following RCW 28B.10.485.

RCW 48.23.020 Standard provisions required--Life insurance.

(1) No policy of life insurance other than industrial, group and pure endowments with or without return of premiums or of premiums and interest, shall be delivered or issued for delivery in this state unless it contains in substance all of the provisions required by RCW 48.23.030 to 48.23.130, inclusive. This provision shall not apply to annuity contracts.

(2) Any of such provisions or portions thereof not applicable to single premium or term policies shall to that extent not be incorporated therein.

[1947 c 79 § .23.02; Rem. Supp. 1947 § 45.23.02.]

RCW 48.23.030 Grace period.

There shall be a provision that the insured is entitled to a grace period of one month, but not less than thirty days, within which the payment of any premium after the first may be made, subject at the option of the insurer to an interest charge not in excess of six percent per annum for the number of days of grace elapsing before the payment of the premium, during which period of grace the policy shall continue in force, but in case the policy becomes a claim during the grace period before the overdue premium is paid, or the deferred premiums of the current policy year, if any, are paid, the amount of such premium or premiums with interest thereon may be deducted in any settlement under the policy.

[1947 c 79 § .23.03; Rem. Supp. 1947 § 45.23.03.]

RCW 48.23.040 Entire contract--Representations.

In all such policies other than those containing a clause making the policy incontestable from date of issue, there shall be a provision that the policy and the application therefor, if a copy thereof has been endorsed upon or attached to the policy at issue and made a part thereof, shall constitute the entire contract between the parties, and that all statements made by the applicant or by the insured, shall, in the absence of fraud, be deemed representations and not warranties.

[1947 c 79 § .23.04; Rem. Supp. 1947 § 45.23.04.]
RCW 48.23.050  Incontestability.
There shall be a provision that the policy shall be incontestable after it has been in force during the lifetime of the insured for a period of two years from its date of issue, except for nonpayment of premiums and except, at the option of the insurer, as to provisions relative to benefits in event of total and permanent disability and as to provisions which grant additional insurance specifically against accidental death.

[1947 c 79 § .23.05; Rem. Supp. 1947 § 45.23.05.]

RCW 48.23.060  Misstatement of age.
There shall be a provision that if it is found that the age of the insured (or the age of any other individual considered in determining the premium) has been misstated, the amount payable under the policy shall be such as the premium would have purchased at the correct age or ages, according to the insurer's rate at date of issue.

[1947 c 79 § .23.06; Rem. Supp. 1947 § 45.23.06.]

RCW 48.23.070  Participation in surplus.
(1) In all policies which provide for participation in the insurer's surplus, there shall be a provision that the policy shall so participate annually in the insurer's divisible surplus as apportioned by the insurer, beginning not later than the end of the third policy year. Any policy containing provision for annual participation beginning at the end of the first policy year, may also provide that each dividend shall be paid subject to the payment of the premiums for the next ensuing year. The insured under any annual dividend policy shall have the right each year to have the current dividend arising from such participation either paid in cash, or applied in accordance with such other dividend option as may be specified in the policy and elected by the insured. The policy shall further provide which of the options shall be effective if the insured shall fail to notify the insurer in writing of his election within the period of grace allowed for the payment of premium.

(2) This section shall not apply to paid-up nonforfeiture benefits nor paid-up policies issued on default in payment of premiums.

[1947 c 79 § .23.07; Rem. Supp. 1947 § 45.23.07.]

RCW 48.23.075  Participation in surplus—Requirements for forms.
(1) Life insurance and annuity policy forms of the following types shall be defined and designated as participating forms of insurance only if they contain a provision for participation in the insurer's surplus, and shall be defined and designated as nonparticipating forms if they do not contain a provision for participation in the insurer's surplus:

(a) Forms which provide that the premium or consideration at the time of issue and
subsequent premiums or considerations will be established by the insurer based on current, or
then current, projected assumptions for such factors as interest, mortality, persistency, expense,
or other factors, subject to a maximum guaranteed premium or premiums set forth in the policy; and

(b) Forms (except those for variable life insurance and variable annuity plans which are
subject to chapter 48.18A RCW) which provide that their premiums or considerations are
credited to an account to which interest is credited, and from which the cost of any life insurance
or annuity benefits or other benefits or specified expenses are deducted.

(2) The commissioner may by regulation further clarify the definitions and requirements
contained in subsection (1) of this section, and may classify any other types of forms as
participating or nonparticipating, consistent therewith.

Notes:

Severability--1982 c 181: See note following RCW 48.03.010.

RCW 48.23.080 Policy loan.

(1) There shall be a provision that after three full years' premiums have been paid
thereon, the insurer at any time, while the policy is in force, will advance, on proper assignment
or pledge of the policy and on the sole security thereof, at a rate of interest provided in this
chapter as now or hereafter amended, a sum to be determined as follows:

(a) If such policy is issued prior to the operative date of *RCW 48.23.350, the sum,
including any interest paid in advance but not beyond the end of the current policy year, shall be
equal to or at the option of the owner of the policy less than, the reserve at the end of the current
policy year on the policy and on any dividend additions thereto, less a sum not more than two
and one-half percent of the amount insured
by
the policy and of any dividend additions thereto.
The policy may contain a provision by which the insurer reserves the right to defer the making of
the loan, except when made to pay premiums, for a period not exceeding six months after the
date of application therefor.

(b) If such policy is issued on or after such operative date, the sum, including any interest
to the end of the current policy year shall not exceed the cash surrender value at the end of the
current policy year, as required by *RCW 48.23.350.

(c)(i) The policy shall contain (A) a provision that policy loans shall bear interest at a
specified rate not exceeding six percent per annum, or (B) a provision that policy loans shall bear
interest at a variable of not less than four nor more than eight percent per annum.

(ii) The variable rate shall not be changed more frequently than once per year and no
change may exceed one percent per annum except reductions. The insurer shall give at least
thirty days' notice to the policy owner or the owner's designee of any changes in the interest rate.

(iii) The provisions of (c)(i) and (c)(ii) of this subsection shall apply only in policies in
existence prior to August 1, 1981.

(2) Such policy shall further provide that the insurer may deduct from such loan value
any existing indebtedness on the policy (unless such indebtedness has already been deducted in
determining the cash surrender value) and any unpaid balance of the premium for the current
policy year; and that if the loan is made or repaid on a date other than the anniversary of the
policy, the insurer shall be entitled to interest for the portion of the current policy year at the rate
of interest specified in the policy.

(3) Such policy may further provide that if the interest on the loan is not paid when due,
it shall be added to the existing indebtedness and shall bear interest at the same rate; and that if
and when the total indebtedness on the policy, including interest due or accruing, equals or
exceeds the amount of the loan value thereof which would otherwise exist at such time, the
policy shall terminate in full settlement of such indebtedness and become void; except, that it
shall be stipulated in the policy that no such termination shall be effective prior to the expiration
of at least thirty days after notice of the pendency of the termination was mailed by the insurer to
the insured and the assignee, if any, at their respective addresses last of record with the insurer.

(4) The insurer shall provide in any policy issued on or after the operative date of *RCW
48.23.350 that the making of any loan, other than a loan to pay premiums, may be deferred for
not exceeding six months after the application for the loan has been received by it.

Notes:
*Reviser's note: RCW 48.23.350 was repealed by 1982 1st ex.s. c 9 § 36; later enactment, see chapter
48.76 RCW.

Purpose--Effective date--1981 c 247: See notes following RCW 48.23.085.
Construction--1977 ex.s. c 250: "This 1977 amendatory act shall not impair the terms and conditions of
any policy of life insurance in force prior to the effective date of this 1977 amendatory act." [1977 ex.s. c 250 § 2.]

**RCW 48.23.085** Policy loan interest rates.

(1) As used in this section, "published monthly average" means:
(a) The "Moody's Corporate Bond Yield Average - Monthly Average Corporates" as
published by Moody's Investors Service, Incorporated or any successor thereto; or
(b) If the "Moody's Corporate Bond Yield Average - Monthly Average Corporates" is no
longer published, a substantially similar average, established by rule issued by the commissioner.

(2) Policies issued on or after August 1, 1981, shall provide for policy loan interest rates
by containing:
(a) A provision permitting a maximum interest rate of not more than eight percent per
annum; or
(b) A provision permitting an adjustable maximum interest rate established from time to
time by the life insurer as permitted by law.

(3) The rate of interest charged on a policy loan made under (2)(b) of this section shall
not exceed the higher of the following:
(a) The published monthly average for the calendar month ending two months before the
date on which the rate is determined; or
(b) The rate used to compute the cash surrender values under the policy during the
applicable period plus one percent per annum.

(4) If the maximum rate of interest is determined pursuant to (2)(b) of this section, the policy shall contain a provision setting forth the frequency at which the rate is to be determined for that policy.

(5) The maximum rate for each policy shall be determined at regular intervals at least once every twelve months, but not more frequently than once in any three-month period. At the intervals specified in the policy:

(a) The rate being charged may be increased whenever such increase as determined under subsection (3) of this section would increase that rate by one-half of one percent or more per annum; and

(b) The rate being charged shall be reduced whenever such reduction as determined under subsection (3) of this section would decrease that rate by one-half of one percent or more per annum.

(6) The life insurer shall:

(a) Notify the policyholder at the time a cash loan is made of the initial rate of interest on the loan;

(b) Notify the policyholder with respect to premium loans of the initial rate of interest on the loan as soon as it is reasonably practical to do so after making the initial loan. Notice need not be given to the policyholder when a further premium loan is added, except as provided in (c) of this subsection;

(c) Send to policyholders with loans reasonable advance notice of any increase in the rate; and

(d) Include in the notices required in this subsection the substance of the pertinent provisions of subsections (2) and (4) of this section.

(7) The substance of the pertinent provisions of subsections (2) and (4) of this section shall be set forth in the policies to which they apply.

(8) The loan value of the policy shall be determined in accordance with RCW 48.23.080, but no policy shall terminate in a policy year as the sole result of change in the interest rate during that policy year, and the life insurer shall maintain coverage during that policy year until the time at which it would otherwise have terminated if there had been no change during that policy year.

(9) For purposes of this section:

(a) The rate of interest on policy loans permitted under this section includes the interest rate charged on reinstatement of policy loans for the period during and after any lapse of a policy;

(b) The term "policy loan" includes any premium loan made under a policy to pay one or more premiums that were not paid to the life insurer as they fell due;

(c) The term "policyholder" includes the owner of the policy or the person designated to pay premiums as shown on the records of the life insurer; and

(d) The term "policy" includes certificates issued by a fraternal benefit society and annuity contracts which provide for policy loans.

(10) No other provision of law shall apply to policy loan interest rates unless made
specifically applicable to such rates.

[1981 c 247 § 2.]

[1947 c 79 § .23.10; Rem. Supp. 1947 § 45.23.10.]

RCW 48.23.110 Table of installments.

If the policy provides for payment of its proceeds in installments or as an annuity, a table showing the amount and period of such installments or annuity shall be included in the policy. Except, that if in the judgment of the commissioner it is not practical to include certain tables in the policy, the requirements of this section may be met as to such policy by the insurer filing such tables with the commissioner.

[1947 c 79 § .23.11; Rem. Supp. 1947 § 45.23.11.]

RCW 48.23.120 Reinstatement.

There shall be a provision that the policy may be reinstated at any time within three years after the date of default in the payment of any premium, unless the policy has been surrendered for its cash value, or the period of any extended insurance provided by the policy has expired, upon evidence of insurability satisfactory to the insurer and the payment of all overdue premiums, and payment (or, within the limits permitted by the then cash values of the policy, reinstatement) of any other indebtedness to the insurer upon the policy with interest as to premiums at a rate not exceeding six percent per annum compounded annually.

This section shall not apply to contracts for deferred annuities included in, or upon the lives of beneficiaries under, life insurance policies.

**RCW 48.23.150 Grace period--Annuities, pure endowments.**

In such contracts, there shall be a provision that there shall be a period of grace of one month, but not less than thirty days, within which any stipulated payment to the insurer falling due after the first may be made, subject at the option of the insurer, to an interest charge thereon at a rate to be specified in the contract but not exceeding six percent per annum for the number of days of grace elapsing before such payment, during which period of grace, the contract shall continue in full force; but in case a claim arises under the contract on account of death prior to expiration of the period of grace before the overdue payment to the insurer of the deferred payments of the current contract year, if any, are made, the amount of such payments, with interest on any overdue payments, may be deducted from any amount payable under the contract in settlement.

[1947 c 79 § .23.15; Rem. Supp. 1947 § 45.23.15.]

**RCW 48.23.290  Premium deposits.**

(1) A life insurer may, under such policy provisions or agreements as have been approved by the commissioner consistent with this section, contract for and accept premium deposits in
addition to the regular premiums specified in the policy, for the purpose of paying future premiums, or to facilitate conversion of the policy, or to increase the benefits thereof.

(2) The unused accumulation from such deposits shall be held and accounted for as a premium deposit fund, and the policy or agreement shall provide for the manner of application of the premium deposit fund to the payment of premiums otherwise in default and for the disposition of the fund if it is not sufficient to pay the next premium.

(3) Such fund shall:
   (a) Be available upon surrender of the policy, in addition to the cash surrender value; and
   (b) be payable upon the insured's death or upon maturity of the policy; and
   (c) be paid to the insured whenever the cash surrender value together with the premium deposit fund equals or exceeds the amount of insurance provided by the policy, unless the amount of the deposit does not exceed that which may be required to facilitate conversion of the policy to another plan in accordance with its terms.

(4) No part of the premium deposit fund shall be paid to the insured during the continuance of the policy except at such times and in such amounts as is specified in the policy or in the deposit agreement.

RCW 48.23.300 Policy settlements--Interest.

Any life insurer shall have the power to hold under agreement the proceeds of any policy issued by it, upon such terms and restrictions as to revocation by the policyholder and control by beneficiaries, and with such exemptions from the claims of creditors of beneficiaries other than the policyholder as set forth in the policy or as agreed to in writing by the insurer and the policyholder. Upon maturity of a policy in the event the policyholder has made no such agreement, the insurer shall have the power to hold the proceeds of the policy under an agreement with the beneficiaries. The insurer shall not be required to segregate funds so held but may hold them as part of its general assets.

An insurer shall pay interest on death benefits payable under the terms of a life insurance policy insuring the life of any person who was a resident of this state at the time of death. Such interest shall accrue commencing on the date of death at the rate then paid by the insurer on other withdrawable policy proceeds left with the company, but not less than eight percent. Benefits payable that have not been tendered to the beneficiary within ninety days of the receipt of proof of death shall accrue interest, commencing on the ninety-first day, at the aforementioned rate plus three percent. This section applies to death of insureds that occur on or after September 1, 1985.

In determining the amount due under any life insurance policy heretofore or hereafter issued, deduction may be made of
(1) any unpaid premiums or installments thereof for the current policy year due under the
terms of the policy, and of
(2) the amount of principal and accrued interest of any policy loan or other indebtedness
against the policy then remaining unpaid, such principal increased by unpaid interest and
compounded as provided in this chapter.

RCW 48.23.320 Miscellaneous proceeds.
Upon the death of the insured and except as is otherwise expressly provided by the policy
or premium deposit agreement, a life insurer may pay to the surviving spouse, children,
beneficiary, or other person other than the insured's estate, appearing to the insurer to be
equitably entitled thereto, sums held by it and comprising:
(1) Premiums paid in advance, and which premiums did not fall due prior to such death,
or funds held on deposit for the payment of future premiums.
(2) Dividends theretofore declared on the policy and held by the insurer under the
insured's option.

assignment other than in connection with policy loans, or otherwise deal or traffic in any rights

(1) Issued under any plan for the segregation of policyholders into mathematical groups
and providing benefits for a surviving policyholder of a group arising out of the death of another
policyholder of such group, or under any other similar plan.
(2) Providing benefits or values for surviving or continuing policyholders contingent
upon the lapse or termination of the policies of other policyholders, whether by death or
otherwise.

RCW 48.23.345 Juvenile life insurance--Speculative or fraudulent purposes.
Life insurers shall develop and implement underwriting standards and procedures designed to detect and prevent the purchase of juvenile life insurance for speculative or fraudulent purposes. These standards and procedures shall be made available for review by the commissioner.

Life insurers shall maintain records of underwriting rejections of applications for life insurance on juvenile lives for a period of ten years.

**RCW 48.23.360 Calculation of nonforfeiture benefits under annuities.**

(1) Nonforfeiture benefits: Any paid-up nonforfeiture benefit available under any annuity or pure endowment contract pursuant to RCW 48.23.200, in the event of default in a consideration due on any contract anniversary shall be such that its present value as of such anniversary shall be not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits (excluding any total disability benefits attached to such contracts) which would have been provided for by the contract including any existing paid-up additions, if there had been no default, over the sum of (a) the then present value of the net consideration defined in subsection (2) of this section corresponding to considerations which would have fallen due on and after such anniversary, and (b) the amount of any indebtedness to the company on the contract, including interest due or accrued. In determining the benefits referred to in this section and in calculating the net consideration referred to in such subsection (2), in the case of annuity contracts under which an election may be made to have annuity payments commence at optional dates, the annuity payments shall be deemed to commence at the latest date permitted by the contract for the commencement of such payments and the considerations shall be deemed to be payable until such date, which, however, shall not be later than the contract anniversary nearest the annuitant's seventieth birthday.

(2) Net considerations: The net considerations for any annuity or pure endowment contract referred to in subsection (1) of this section shall be calculated on an annual basis, shall be such that the present value thereof at date of issue of the annuity shall equal the then present value of the future benefits thereunder (excluding any total disability benefits attached to such contracts) and shall be not less than the following percentages of the respective considerations specified in the contracts for the respective contract years:

First year. .................. fifty percent
Second and subsequent years. ............ ninety percent

PROVIDED, That in the case of participating annuity contracts the percentages hereinbefore specified may be decreased by five.

(3) Basis of calculation: All net considerations and present values for such contracts referred to in this section shall be calculated on the basis of the 1937 Standard Annuity Mortality

Page 12988 Printed on 3/5/2012
Table or, at the option of the insurer, the Annuity Mortality Table for 1949, Ultimate, or any modification of either of these tables approved by the commissioner, and the rate of interest, not exceeding three and one-half percent per annum, specified in the contract for calculating cash surrender values, if any, and paid-up nonforfeiture benefits; except that with respect to annuity and pure endowment contracts issued on or after the operative date of RCW 48.12.150(3)(b)(ii) for such contracts, such rate of interest may be as high as four percent per annum: PROVIDED, That if such rate of interest exceeds three and one-half percent per annum, all net considerations and present values for such contracts referred to in this section shall be calculated on the 1971 Individual Annuity Mortality Table, or any modification of this table approved by the commissioner.

(4) Calculations on default: Any cash surrender value and any paid-up nonforfeiture benefit, available under any such contract in the event of default in the payment of any consideration due at any time other than on the contract anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional considerations beyond the last preceding contract anniversary. All values herein referred to may be calculated upon the assumption that any death benefit is payable at the end of the contract year of death.

(5) Deferment of payment: If an insurer provides for the payment of a cash surrender value, it shall reserve the right to defer the payment of such value for a period of six months after demand therefor with surrender of the contract.

(6) Lump sum in lieu: Notwithstanding the requirements of this section, any deferred annuity contract may provide that if the annuity allowed under any paid-up nonforfeiture benefit would be less than one hundred twenty dollars annually, the insurer may at its option grant a cash surrender value in lieu of such paid-up nonforfeiture benefit of such amount as may be required by subsection (3) of this section.

(7) Operative date: If no election is made by an insurer for an operative date prior to July 1, 1948, such date shall be the operative date for this section.

[1973 1st ex.s. c 162 § 6; 1951 c 190 § 1; 1947 c 79 § .23.36; Rem. Supp. 1947 § 45.23.36.]

**RCW 48.23.370 **Duties of insurer issuing both participating and nonparticipating policies--Rules.

(1) A life insurer issuing both participating and nonparticipating policies shall maintain records which segregate the participating from the nonparticipating business and clearly show the profits and losses upon each such category of business.

(2) For the purposes of such accounting the insurer shall make a reasonable allocation as between the respective such categories of the expenses of such general operations or functions as are jointly shared. Any allocation of expense as between the respective categories shall be made upon a reasonable basis, to the end that each category shall bear a just portion of joint expense involved in the administration of the business of such category.
(3) No policy hereafter delivered or issued for delivery in this state shall provide for, and no life insurer or representative shall hereafter knowingly offer or promise payment, credit or distribution of participating "dividends," "earnings," "profits," or "savings," by whatever name called, to participating policies out of such profits, earnings or savings on nonparticipating policies.

(4) The commissioner may promulgate rules for the purpose of assuring the equitable treatment of all policyholders so that one group of policyholders shall not support or be supported by another group of policyholders.

Severability--1982 c 181: See note following RCW 48.03.010.

RCW 48.23.380 Return of policy and refund of premium--Grace period--Notice--Effect.
Every individual life insurance policy issued after September 1, 1977, shall have printed on its face or attached thereto a notice stating in substance that the policy owner shall be permitted to return the policy within ten days after it is received by the policy owner and to have the premium paid refunded if, after examination of the policy, the policy owner is not satisfied with it for any reason. An additional ten percent penalty shall be added to any premium refund due which is not paid within thirty days of return of the policy to the insurer or agent. If a policy owner pursuant to such notice, returns the policy to the insurer at its home or branch office or to the agent through whom it was purchased, it shall be void from the beginning and the parties shall be in the same position as if no policy had been issued.

This section shall not apply to individual life insurance policies issued in connection with a credit transaction or issued under a contractual policy change or conversion privilege provision contained in a policy.

RCW 48.23.410 Short title.
RCW 48.23.420 through 48.23.520 shall be known as the standard nonforfeiture law for individual deferred annuities.

[1982 1st ex.s. c 9 § 21.]

RCW 48.23.420 Inapplicability of enumerated sections to certain policies.
RCW 48.23.420 through 48.23.520 do not apply to any reinsurance; group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement
annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended; premium deposit fund; variable annuity; investment annuity; immediate annuity; any deferred annuity contract after annuity payments have commenced; or reversionary annuity; nor to any contract which is delivered outside this state through an agent or other representative of the company issuing the contract.

[1982 1st ex.s. c 9 § 22.]

**RCW 48.23.430 Paid-up annuity and cash surrender provisions required.**

In the case of contracts issued on or after the operative date of this section as defined in RCW 48.23.520, no contract of annuity, except as stated in RCW 48.23.420, may be delivered or issued for delivery in this state unless it contains in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the contract holder, upon cessation of payment of considerations under the contract:

1. That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in RCW 48.23.450, 48.23.460, 48.23.470, 48.23.480, and 48.23.500;

2. If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or before the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in RCW 48.23.450, 48.23.460, 48.23.480, and 48.23.500. The company shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract;

3. A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender, or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits; and

4. A statement that any paid-up annuity, cash surrender, or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract, or any prior withdrawals from or partial surrenders of the contract.

Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid before such period would be less than twenty dollars monthly, the company may at its option terminate the contract by payment in cash of the then present value of the portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment is relieved of any further obligation under such contract.

[1982 1st ex.s. c 9 § 23.]
RCW 48.23.440  Minimum nonforfeiture amounts.

The minimum values as specified in RCW 48.23.450, 48.23.460, 48.23.470, 48.23.480, and 48.23.500 of any paid-up annuity, cash surrender, or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payments is equal to an accumulation up to such time at a rate of interest of three percent per annum of percentages of the net considerations, as defined in this subsection, paid prior to such time, decreased by the sum of:

(a) Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent per annum; and

(b) The amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract.

The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars and less a collection charge of one dollar and twenty-five cents per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent of the net consideration for the first contract year and eighty-seven and one-half percent of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent.

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(a) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent of the net consideration for the first contract year plus twenty-two and one-half percent of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years; and

(b) The annual contract charge shall be the lesser of (i) thirty dollars or (ii) ten percent of the gross annual consideration.

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars.
**RCW 48.23.450 Minimum present value of paid-up annuity benefit.**

Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

[1982 1st ex.s. c 9 § 24.]

**RCW 48.23.460 Minimum cash surrender benefits—Death benefit.**

For contracts which provide cash surrender benefits, such cash surrender benefits available before maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event may any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

[1982 1st ex.s. c 9 § 25.]

**RCW 48.23.470 Contracts without cash surrender, death benefits—Minimum present value of paid-up annuity benefits.**

For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid before the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit.
However, in no event may the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

[1982 1st ex.s. c 9 § 27.]

**RCW 48.23.480 Optional maturity dates.**

For the purpose of determining the benefits calculated under RCW 48.23.460 and 48.23.470, in the case of annuity contracts under which an election may be made to have annuity payments commence at optional maturity dates, the maturity date shall be deemed to be the latest date for which election is permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

[1982 1st ex.s. c 9 § 28.]

**RCW 48.23.490 Statement required in contract without cash surrender or death benefits.**

Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

[1982 1st ex.s. c 9 § 29.]

**RCW 48.23.500 Calculation of benefits available other than on contract anniversary.**

Any paid-up annuity, cash surrender, or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

[1982 1st ex.s. c 9 § 30.]

**RCW 48.23.510 Additional benefits.**

For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of RCW 48.23.450, 48.23.460, 48.23.470, 48.23.480, and 48.23.500, additional benefits payable (1)
in the event of total and permanent disability, (2) as reversionary annuity or deferred reversionary annuity benefits, or (3) as other policy benefits additional to life insurance, endowment, and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, or cash surrender and death benefits that may be required by RCW 48.23.410 through 48.23.520. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, or cash surrender and death benefits.

[1982 1st ex.s. c 9 § 31.]

RCW 48.23.520 Operative date of RCW 48.23.410 through 48.23.520.

After July 10, 1982, any company may file with the commissioner a written notice of its election to comply with the provisions of RCW 48.23.410 through 48.23.520 after a specified date before the second anniversary of July 10, 1982. After the filing of such notice, then upon such specified date, which shall be the operative date of RCW 48.23.410 through 48.23.520 for such company, RCW 48.23.410 through 48.23.520 shall become operative with respect to annuity contracts thereafter issued by such company. If a company makes no such election, the operative date of RCW 48.23.410 through 48.23.520 for such company shall be the second anniversary of July 10, 1982.

RCW 48.23A.005 Purpose--Standards for life insurance policy illustrations.

The purpose of this chapter is to provide standards for life insurance policy illustrations that will protect consumers and foster consumer education by providing illustration formats, prescribing standards to be followed when illustrations are used, and specifying the disclosures that are required in connection with illustrations. The goals of these standards are to ensure that illustrations do not mislead purchasers of life insurance and to make illustrations more understandable. Insurers will, as far as possible, eliminate the use of footnotes and caveats and define terms used in the illustration in language that would be understood by a typical person within the segment of the public to which the illustration is directed.

[1997 c 313 § 1.]

RCW 48.23A.010 Scope of chapter--Exceptions.

This chapter applies to all group and individual life insurance policies and certificates except:

(1) Variable life insurance;
(2) Individual and group annuity contracts;
(3) Credit life insurance; or
(4) Life insurance policies with no illustrated death benefits on any individual exceeding ten thousand dollars.

[1997 c 313 § 2.]

RCW 48.23A.015 Definitions.

The definitions in this section apply throughout this chapter unless the context requires otherwise.

(1) "Actuarial standards board" means the board established by the American academy of actuaries to develop and adopt standards of actuarial practice.
(2) "Contract premium" means the gross premium that is required to be paid under a fixed premium policy, including the premium for a rider for which benefits are shown in the illustration.
(3) "Currently payable scale" means a scale of nonguaranteed elements in effect for a policy form as of the preparation date of the illustration or declared to become effective within the next ninety-five days.
(4) "Disciplined current scale" means a scale of nonguaranteed elements constituting a limit on illustrations currently being illustrated by an insurer that is reasonably based on actual recent historical experience, as certified annually by an illustration actuary designated by the insurer. Further guidance in determining the disciplined current scale as contained in standards established by the actuarial standards board may be relied upon if the standards:
(a) Are consistent with all provisions of this chapter;
(b) Limit a disciplined current scale to reflect only actions that have already been taken or events that have already occurred;
(c) Do not permit a disciplined current scale to include any projected trends of improvements in experience or any assumed improvements in experience beyond the illustration date; and
(d) Do not permit assumed expenses to be less than minimum assumed expenses.
(5) "Generic name" means a short title descriptive of the policy being illustrated, such as whole life, term life, or flexible premium adjustable life.
(6) "Guaranteed elements" means the premiums, benefits, values, credits, or charges under a policy of life insurance that are guaranteed and determined at issue.
(7) "Nonguaranteed elements" means the premiums, benefits, values, credits, or charges under a policy of life insurance that are not guaranteed or not determined at issue.
(8) "Illustrated scale" means a scale of nonguaranteed elements currently being illustrated that is not more favorable to the policy owner than the lesser of:
   (a) The disciplined current scale; or
   (b) The currently payable scale.
(9) "Illustration" means a presentation or depiction that includes nonguaranteed elements of a policy of life insurance over a period of years and that is one of the three types defined below:
   (a) "Basic illustration" means a ledger or proposal used in the sale of a life insurance policy that shows both guaranteed and nonguaranteed elements.
   (b) "Supplemental illustration" means an illustration furnished in addition to a basic illustration that meets the applicable requirements of this chapter, and that may be presented in a format differing from the basic illustration, but may only depict a scale of nonguaranteed elements that is permitted in a basic illustration.
   (c) "In-force illustration" means an illustration furnished at any time after the policy that it depicts has been in force for one year or more.
(10) "Illustration actuary" means an actuary meeting the requirements of RCW 48.23A.080 who certifies to illustrations based on the standard of practice adopted by the actuarial standards board.
(11) "Lapse-supported illustration" means an illustration of a policy form failing the test of self-supporting, as defined in this section, under a modified persistency rate assumption using persistency rates underlying the disciplined current scale for the first five years and one hundred percent policy persistency thereafter.
   (a) "Minimum assumed expenses" means the minimum expenses that may be used in the calculation of the disciplined current scale for a policy form. The insurer may choose to designate each year the method of determining assumed expenses for all policy forms from the following:
      (i) Fully allocated expenses;
      (ii) Marginal expenses; and
      (iii) A generally recognized expense table based on fully allocated expenses representing
a significant portion of insurance companies and approved by the national association of insurance commissioners.

(b) Marginal expenses may be used only if greater than a generally recognized expense table. If no generally recognized expense table is approved, fully allocated expenses must be used.

(12) "Nonterm group life" means a group policy or individual policies of life insurance issued to members of an employer group or other permitted group where:

(a) Every plan of coverage was selected by the employer or other group representative;
(b) Some portion of the premium is paid by the group or through payroll deduction; and
(c) Group underwriting or simplified underwriting is used.

(13) "Policy owner" means the owner named in the policy or the certificate holder in the case of a group policy.

(14) "Premium outlay" means the amount of premium assumed to be paid by the policy owner or other premium payer out-of-pocket.

(15) "Self-supporting illustration" means an illustration of a policy form for which it can be demonstrated that, when using experience assumptions underlying the disciplined current scale, for all illustrated points in time on or after the fifteenth policy anniversary or the twentieth policy anniversary for second-or-later-to-die policies, or upon policy expiration if sooner, the accumulated value of all policy cash flows equals or exceeds the total policy owner value available. For this purpose, policy owner value will include cash surrender values and any other illustrated benefit amounts available at the policy owner's election.

RCW 48.23A.020 Marketing with or without an illustration--Notice to commissioner--Conditions--Availability.

(1) Each insurer marketing policies to which this chapter is applicable shall notify the commissioner whether a policy form is to be marketed with or without an illustration. For all policy forms being actively marketed on January 1, 1998, the insurer shall identify in writing those forms and whether or not an illustration will be used with them. For policy forms filed after January 1, 1998, the identification shall be made at the time of filing. Any previous identification may be changed by notice to the commissioner.

(2) If the insurer identifies a policy form as one to be marketed without an illustration, any use of an illustration for any policy using that form prior to the first policy anniversary is prohibited.

(3) If a policy form is identified by the insurer as one to be marketed with an illustration, a basic illustration prepared and delivered in accordance with this chapter is required, except that a basic illustration need not be provided to individual members of a group or to individuals insured under multiple lives coverage issued to a single applicant unless the coverage is marketed to these individuals. The illustration furnished an applicant for a group life insurance policy or policies issued to a single applicant on multiple lives may be either an individual or composite illustration representative of the coverage on the lives of members of the group or the
multiple lives covered.

(4) Potential enrollees of nonterm group life subject to this chapter shall be furnished a quotation with the enrollment materials. The quotation shall show potential policy values for sample ages and policy years on a guaranteed and nonguaranteed basis appropriate to the group and the coverage. This quotation is not considered an illustration for purposes of this chapter, but all information provided shall be consistent with the illustrated scale. A basic illustration shall be provided at delivery of the certificate to enrollees for nonterm group life who enroll for more than the minimum premium necessary to provide pure death benefit protection. In addition, the insurer shall make a basic illustration available to any nonterm group life enrollee who requests it.

[1997 c 313 § 4.]

**RCW 48.23A.030 Illustration used in sale--Label--Required basic information--Prohibitions--Use of interest rate.**

(1) An illustration used in the sale of a life insurance policy shall satisfy the applicable requirements of this chapter, be clearly labeled "life insurance illustration," and contain the following basic information:

(a) Name of insurer;
(b) Name and business address of producer or insurer's authorized representative, if any;
(c) Name, age, and sex of proposed insured, except where a composite illustration is permitted under this chapter;
(d) Underwriting or rating classification upon which the illustration is based;
(e) Generic name of policy, the company product name, if different, and form number;
(f) Initial death benefit; and
(g) Dividend option election or application of nonguaranteed elements, if applicable.

(2) When using an illustration in the sale of a life insurance policy, an insurer or its producers or other authorized representatives shall not:

(a) Represent the policy as anything other than life insurance policy;
(b) Use or describe nonguaranteed elements in a manner that is misleading or has the capacity or tendency to mislead;
(c) State or imply that the payment or amount of nonguaranteed elements is guaranteed;
(d) Use an illustration that does not comply with the requirements of this chapter;
(e) Use an illustration that at any policy duration depicts policy performance more favorable to the policy owner than that produced by the illustrated scale of the insurer whose policy is being illustrated;
(f) Provide an applicant with an incomplete illustration;
(g) Represent in any way that premium payments will not be required for each year of the policy in order to maintain the illustrated death benefits, unless that is the fact;
(h) Use the term "vanish" or "vanishing premium," or a similar term that implies the policy becomes paid up, to describe a plan for using nonguaranteed elements to pay a portion of future premiums;
(i) Except for policies that can never develop nonforfeiture values, use an illustration that is "lapse-supported"; or
(j) Use an illustration that is not "self-supporting."
(3) If an interest rate used to determine the illustrated nonguaranteed elements is shown, it shall not be greater than the earned interest rate underlying the disciplined current scale.

[1997 c 313 § 5.]

RCW 48.23A.040 Basic illustration--Conforming requirements--Brief descriptions--Numeric summaries--Required statements.

(1) A basic illustration shall conform with the following requirements:
(a) The illustration shall be labeled with the date on which it was prepared.
(b) Each page, including any explanatory notes or pages, shall be numbered and show its relationship to the total number of pages in the illustration (for example, the fourth page of a seven-page illustration shall be labeled "page 4 of 7 pages").
(c) The assumed dates of payment receipt and benefit payout within a policy year shall be clearly identified.
(d) If the age of the proposed insured is shown as a component of the tabular detail, it shall be issue age plus the numbers of years the policy is assumed to have been in force.
(e) The assumed payments on which the illustrated benefits and values are based shall be identified as premium outlay or contract premium, as applicable. For policies that do not require a specific contract premium, the illustrated payments shall be identified as premium outlay.
(f) Guaranteed death benefits and values available upon surrender, if any, for the illustrated premium outlay or contract premium shall be shown and clearly labeled guaranteed.
(g) If the illustration shows any nonguaranteed elements, they cannot be based on a scale more favorable to the policy owner than the insurer's illustrated scale at any duration. These elements shall be clearly labeled nonguaranteed.
(h) The guaranteed elements, if any, shall be shown before corresponding nonguaranteed elements and shall be specifically referred to on any page of an illustration that shows or describes only the nonguaranteed elements (for example, "see page one for guaranteed elements").
(i) The account or accumulation value of a policy, if shown, shall be identified by the name this value is given in the policy being illustrated and shown in close proximity to the corresponding value available upon surrender.
(j) The value available upon surrender shall be identified by the name this value is given in the policy being illustrated and shall be the amount available to the policy owner in a lump sum after deduction of surrender charges, policy loans, and policy loan interest, as applicable.
(k) Illustrations may show policy benefits and values in graphic or chart form in addition to the tabular form.
(l) Any illustration of nonguaranteed elements shall be accompanied by a statement indicating that:
(i) The benefits and values are not guaranteed.
(ii) The assumptions on which they are based are subject to change by the insurer; and
(iii) Actual results may be more or less favorable.
(m) If the illustration shows that the premium payer may have the option to allow policy charges to be paid using nonguaranteed values, the illustration must clearly disclose that a charge continues to be required and that, depending on actual results, the premium payer may need to continue or resume premium outlays. Similar disclosure shall be made for premium outlay of lesser amounts or shorter durations than the contract premium. If a contract premium is due, the premium outlay display shall not be left blank or show zero unless accompanied by an asterisk or similar mark to draw attention to the fact that the policy is not paid up.
(n) If the applicant plans to use dividends or policy values, guaranteed or nonguaranteed, to pay all or a portion of the contract premium or policy charges, or for any other purpose, the illustration may reflect those plans and the impact on future policy benefits and values.
(2) A basic illustration shall include the following:
(a) A brief description of the policy being illustrated, including a statement that it is a life insurance policy;
(b) A brief description of the premium outlay or contract premium, as applicable, for the policy. For a policy that does not require payment of a specific contract premium, the illustration shall show the premium outlay that must be paid to guarantee coverage for the term of the contract, subject to maximum premiums allowable to qualify as a life insurance policy under the applicable provisions of the internal revenue code;
(c) A brief description of any policy features, riders, or options, guaranteed or nonguaranteed, shown in the basic illustration and the impact they may have on the benefits and values of the policy;
(d) Identification and a brief definition of column headings and key terms used in the illustration; and
(e) A statement containing in substance the following: "This illustration assumes that the currently illustrated, nonguaranteed elements will continue unchanged for all years shown. This is not likely to occur, and actual results may be more or less favorable than those shown."
(3)(a) Following the narrative summary, a basic illustration shall include a numeric summary of the death benefits and values and the premium outlay and contract premium, as applicable. For a policy that provides for a contract premium, the guaranteed death benefits and values shall be based on the contract premium. This summary shall be shown for at least policy years five, ten, and twenty and at age seventy, if applicable, on the three bases shown below. For multiple life policies the summary shall show policy years five, ten, twenty, and thirty.
(i) Policy guarantees;
(ii) Insurer's illustrated scale;
(iii) Insurer's illustrated scale used but with the nonguaranteed elements reduced as follows:
(A) Dividends at fifty percent of the dividends contained in the illustrated scale used;
(B) Nonguaranteed credited interest at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used; and
(C) All nonguaranteed charges, including but not limited to, term insurance charges and
mortality and expense charges, at rates that are the average of the guaranteed rates and the rates contained in the illustrated scale used.

(b) In addition, if coverage would cease prior to policy maturity or age one hundred, the year in which coverage ceases shall be identified for each of the three bases.

(4) Statements substantially similar to the following shall be included on the same page as the numeric summary and signed by the applicant, or the policy owner in the case of an illustration provided at time of delivery, as required in this chapter.

(a) A statement to be signed and dated by the applicant or policy owner reading as follows: "I have received a copy of this illustration and understand that any nonguaranteed elements illustrated are subject to change and could be either higher or lower. The agent has told me they are not guaranteed."

(b) A statement to be signed and dated by the insurance producer or other authorized representative of the insurer reading as follows: "I certify that this illustration has been presented to the applicant and that I have explained that any nonguaranteed elements illustrated are subject to change. I have made no statements that are inconsistent with the illustration."

(5)(a) A basic illustration shall include the following for at least each policy year from one to ten and for every fifth policy year thereafter ending at age one hundred, policy maturity, or final expiration; and except for term insurance beyond the twentieth year, for any year in which the premium outlay and contract premium, if applicable, is to change:

(i) The premium outlay and mode the applicant plans to pay and the contract premium, as applicable;

(ii) The corresponding guaranteed death benefit, as provided in the policy; and

(iii) The corresponding guaranteed value available upon surrender, as provided in the policy.

(b) For a policy that provides for a contract premium, the guaranteed death benefit and value available upon surrender shall correspond to the contract premium.

(c) Nonguaranteed elements may be shown if described in the contract. In the case of an illustration for a policy on which the insurer intends to credit terminal dividends, they may be shown if the insurer's current practice is to pay terminal dividends. If any nonguaranteed elements are shown, they must be shown at the same durations as the corresponding guaranteed elements, if any. If no guaranteed benefit or value is available at any duration for which a nonguaranteed benefit or value is shown, a zero shall be displayed in the guaranteed column.

[1997 c 313 § 6.]

**RCW 48.23A.050** Supplemental illustration--Conditions for use--Reference to basic illustration.

(1) A supplemental illustration may be provided so long as:

(a) It is appended to, accompanied by, or preceded by a basic illustration that complies with this chapter;

(b) The nonguaranteed elements shown are not more favorable to the policy owner than the corresponding elements based on the scale used in the basic illustration;
(c) It contains the same statement required of a basic illustration that nonguaranteed elements are not guaranteed; and

(d) For a policy that has a contract premium, the contract premium underlying the supplemental illustration is equal to the contract premium shown in the basic illustration. For policies that do not require a contract premium, the premium outlay underlying the supplemental illustration shall be equal to the premium outlay shown in the basic illustration.

(2) The supplemental illustration shall include a notice referring to the basic illustration for guaranteed elements and other important information.

[1997 c 313 § 7.]

RCW 48.23A.060 Illustration used or not used during sale--Signed copy of illustration or acknowledgment of no use--Computer screen--Retained copies.

(1)(a) If a basic illustration is used by an insurance producer or other authorized representative of the insurer in the sale of a life insurance policy and the policy is applied for as illustrated, a copy of that illustration, signed in accordance with this chapter, shall be submitted to the insurer at the time of policy application. A copy shall also be provided to the applicant.

(b) If the policy is issued other than as applied for, a revised basic illustration conforming to the policy as issued shall be sent with the policy. The revised illustration shall conform to the requirements of this chapter, be labeled "revised illustration," and be signed and dated by the applicant or policy owner and producer or other authorized representative of the insurer no later than the time the policy is delivered. A copy shall be provided to the insurer and the policy owner.

(2)(a) If no illustration is used by an insurance producer or other authorized representative in the sale of a life insurance policy, or if the policy is applied for other than as illustrated, the producer or representative shall certify to that effect in writing on a form provided by the insurer. On the same form the applicant shall acknowledge that no illustration conforming to the policy applied for was provided and shall further acknowledge an understanding that an illustration conforming to the policy as issued will be provided no later than at the time of policy delivery. This form shall be submitted to the insurer at the time of policy application.

(b) If the policy is issued, a basic illustration conforming to the policy as issued shall be sent with the policy and signed no later than the time the policy is delivered. A copy shall be provided to the insurer and the policy owner.

(3)(a) Where a computer screen illustration is used that cannot be printed out during use, the producer shall certify in writing on a form provided by the insurer that a computer screen illustration was displayed. Such form shall require the producer to provide, as applicable, the generic name of the policy and any riders illustrated, the guaranteed and nonguaranteed interest rates illustrated, the number of policy years illustrated, the initial death benefit, the premium amount illustrated, and the assumed number of years of premiums. On the same form the applicant shall acknowledge that an illustration matching that which was displayed on the computer screen will be provided no later than the time of policy delivery. A copy of this signed form shall be provided to the applicant at the time it is signed.
(b) If the policy is issued, a basic illustration conforming to the policy as issued shall be sent with the policy and signed by the policy owner no later than the time the policy is delivered. A copy shall be provided to the policy owner and retained by the insurer.

(c) If a computer screen illustration is used that can be printed during use, a copy of that illustration, signed in accordance with this chapter, shall be submitted to the insurer at the time of policy application. A copy shall also be provided to the applicant.

(d) If the basic illustration or revised illustration is sent to the applicant or policy owner by mail from the insurer, it shall include instructions for the applicant or policy owner to sign the duplicate copy of the numeric summary page of the illustration for the policy issued and return the signed copy to the insurer. The insurer’s obligation under this subsection is satisfied if it can demonstrate that it has made a diligent effort to secure a signed copy of the numeric summary page. The requirement to make a diligent effort shall be deemed satisfied if the insurer includes in the mailing a self-addressed, postage prepaid envelope with instructions for the return of the signed numeric summary page.

(4) A copy of the basic illustration and a revised basic illustration, if any, signed as applicable, along with any certification that either no illustration was used or that the policy was applied for other than as illustrated, shall be retained by the insurer until three years after the policy is no longer in force. A copy need not be retained if no policy is issued.

[1997 c 313 § 8.]

RCW 48.23A.070 Policy designated for use of illustrations--Annual report--Required information--In-force illustrations--Notice of adverse changes.

(1) In the case of a policy designated as one for which illustrations will be used, the insurer shall provide each policy owner with an annual report on the status of the policy that shall contain at least the following information:

(a) For universal life policies, the report shall include the following:

(i) The beginning and end date of the current report period;

(ii) The policy value at the end of the previous report period and at the end of the current report period;

(iii) The total amounts that have been credited or debited to the policy value during the current report period, identifying each type, such as interest, mortality, expense, and riders;

(iv) The current death benefit at the end of the current report period on each life covered by the policy;

(v) The net cash surrender value of the policy as of the end of the current report period;

(vi) The amount of outstanding loans, if any, as of the end of the current report period; and

(vii) For fixed premium policies: If, assuming guaranteed interest, mortality, and expense loads and continued scheduled premium payments, the policy’s net cash surrender value is such that it would not maintain insurance in force until the end of the next reporting period, a notice to this effect shall be included in the report; or

(viii) For flexible premium policies: If, assuming guaranteed interest, mortality, and
expense loads, the policy’s net cash surrender value will not maintain insurance in force until the end of the next reporting period unless further premium payments are made, a notice to this effect shall be included in the report.

(b) For all other policies, where applicable:
   (i) Current death benefit;
   (ii) Annual contract premium;
   (iii) Current cash surrender value;
   (iv) Current dividend;
   (v) Application of current dividend; and
   (vi) Amount of outstanding loan.

(c) Insurers writing life insurance policies that do not build nonforfeiture values shall only be required to provide an annual report with respect to these policies for those years when a change has been made to nonguaranteed policy elements by the insurer.

(2) If the annual report does not include an in-force illustration, it shall contain the following notice displayed prominently: "IMPORTANT POLICY OWNER NOTICE: You should consider requesting more detailed information about your policy to understand how it may perform in the future. You should not consider replacement of your policy or make changes in your coverage without requesting a current illustration. You may annually request, without charge, such an illustration by calling (insurer's phone number), writing to (insurer's name) at (insurer's address) or contacting your agent. If you do not receive a current illustration of your policy within 30 days from your request, you should contact your state insurance department." The insurer may vary the sequential order of the methods for obtaining an in-force illustration.

(3) Upon the request of the policy owner, the insurer shall furnish an in-force illustration of current and future benefits and values based on the insurer's present illustrated scale. This illustration shall comply with the requirements of RCW 48.23A.030 (1) and (2) and 48.23A.040 (1) and (5). No signature or other acknowledgment of receipt of this illustration shall be required.

(4) If an adverse change in nonguaranteed elements that could affect the policy has been made by the insurer since the last annual report, the annual report shall contain a notice of that fact and the nature of the change prominently displayed.

[1997 c 313 § 9.]

**RCW 48.23A.080 Illustration actuaries--Conditions for appointment--Duties--Certifications--Disclosures to commissioner.**

(1) The board of directors of each insurer shall appoint one or more illustration actuaries.

(2) The illustration actuary shall certify that the disciplined current scale used in illustrations is in conformity with the actuarial standard of practice for compliance with the national association of insurance commissioners model regulation on life insurance illustrations adopted by the actuarial standards board, and that the illustrated scales used in insurer-authorized illustrations meet the requirements of this chapter.

(3) The illustration actuary shall:
(a) Be a member in good standing of the American academy of actuaries;
(b) Be familiar with the standard of practice regarding life insurance policy illustrations;
(c) Not have been found by the commissioner, following appropriate notice and hearing to have:
   (i) Violated any provision of, or any obligation imposed by, the insurance law or other law in the course of his or her dealings as an illustration actuary;
   (ii) Been found guilty of fraudulent or dishonest practices;
   (iii) Demonstrated his or her incompetence, lack of cooperation, or untrustworthiness to act as an illustration actuary; or
   (iv) Resigned or been removed as an illustration actuary within the past five years as a result of acts or omissions indicated in any adverse report on examination or as a result of a failure to adhere to generally acceptable actuarial standards;
(d) Not fail to notify the commissioner of any action taken by a commissioner of another state similar to that under (c) of this subsection;
(e) Disclose in the annual certification whether, since the last certification, a currently payable scale applicable for business issued within the previous five years and within the scope of the certification has been reduced for reasons other than changes in the experience factors underlying the disciplined current scale. If nonguaranteed elements illustrated for new policies are not consistent with those illustrated for similar in-force policies, this must be disclosed in the annual certification. If nonguaranteed elements illustrated for both new and in-force policies are not consistent with the nonguaranteed elements actually being paid, charged, or credited to the same or similar forms, this must be disclosed in the annual certification; and
(f) Disclose in the annual certification the method used to allocate overhead expenses for all illustrations:
   (i) Fully allocated expenses;
   (ii) Marginal expenses; or
   (iii) A generally recognized expense table based on fully allocated expenses representing a significant portion of insurance companies and approved by the national association of insurance commissioners.
(4)(a) The illustration actuary shall file a certification with the board of directors and with the commissioner:
   (i) Annually for all policy forms for which illustrations are used; and
   (ii) Before a new policy form is illustrated.
   (b) If an error in a previous certification is discovered, the illustration actuary shall notify the board of directors of the insurer and the commissioner promptly.
(5) If an illustration actuary is unable to certify the scale for any policy form illustration the insurer intends to use, the actuary shall notify the board of directors of the insurer and the commissioner promptly of his or her inability to certify.
(6) A responsible officer of the insurer, other than the illustration actuary, shall certify annually:
   (a) That the illustration formats meet the requirements of this chapter and that the scales used in insurer-authorized illustrations are those scales certified by the illustration actuary; and
(b) That the company has provided its agents with information about the expense allocation method used by the company in its illustrations and disclosed as required in subsection (3)(f) of this section.

(7) The annual certifications shall be provided to the commissioner each year by a date determined by the insurer.

(8) If an insurer changes the illustration actuary responsible for all or a portion of the company's policy forms, the insurer shall notify the commissioner of that fact promptly and disclose the reason for the change.

(2) Subsection (1) of this section shall not apply to contracts of life insurance

(b) insuring only individuals having a common interest through ownership of a business enterprise, or of a substantial legal interest or equity therein, and who are actively engaged in the management thereof; or
(c) insuring the lives of employees and retirees under contracts executed with the state health care authority under the provisions of chapter 41.05 RCW.

[1988 c 107 § 22; 1973 1st ex.s. c 147 § 11; 1947 c 79 § .24.01; Rem. Supp. 1947 § 45.24.01.]

RCW 48.24.020 Employee groups.

The lives of a group of individuals may be insured under a policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustee is deemed the policyholder, insuring employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

(1) The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietors or partnerships if the business of the employer and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract or otherwise. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees.

(2) The premium for the policy shall be paid by the policyholder, either wholly from the employer's funds or funds contributed by him, or partly from such funds and partly from funds contributed by the insured employees. No policy may be issued on which the entire premium is to be derived from funds contributed by the insured employees. A policy on which part of the premium is to be derived from funds contributed by the insured employees may be placed in force only if at least seventy-five percent of the then eligible employees, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, elect to make the required contributions. A policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

(3) The policy must cover at least ten employees at date of issue.

(4) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or by the employer or trustees.

RCW 48.24.025 Payment of premium by employee when compensation suspended due to labor dispute.

Any employee whose compensation includes group life insurance, the premiums for which are paid in full or in part by an employer including the state of Washington, its political subdivisions, or municipal corporations, or paid by payroll deduction, may pay the premiums as they become due directly to the policyholder whenever the employee's compensation is suspended or terminated directly or indirectly as the result of a strike, lockout, or other labor dispute, for a period not exceeding six months and at the rate and coverages as the policy provides. During that period of time the policy may not be altered or changed. Nothing in this
section shall be deemed to impair the right of the insurer to make normal decreases or increases of the premium rate upon expiration and renewal of the policy, in accordance with the provisions of the policy. Thereafter, if such insurance coverage is no longer available, then the employee shall be given the opportunity to purchase an individual policy at a rate consistent with rates filed by the insurer with the commissioner. When the employee's compensation is so suspended or terminated, the employee shall be notified immediately by the policyholder in writing, by mail addressed to the address last on record with the policyholder, that the employee may pay the premiums to the policyholder as they become due as provided in this section.

Payment of the premiums must be made when due or the insurance coverage may be terminated by the insurer.

The provisions of any insurance policy contrary to provisions of this section are void and unenforceable after May 29, 1975.

(1) The debtors eligible for insurance under the policy shall be all of the debtors of the creditor whose indebtedness is repayable in installments, or all of any class or classes thereof determined by conditions pertaining to the indebtedness or to the purchase giving rise to the indebtedness, except that nothing in this section shall preclude an insurer from excluding from the classes eligible for insurance classes of debtors determined by age. Any such deductions from salary may be paid by the employer to the association or directly to the insurer. No policy may be placed in force unless and until at least seventy-five percent of the then eligible employees or association members, excluding any as to whom evidence of individual insurability is not satisfactory to the insurer, have elected to be covered and have authorized their employer to make any required deductions from salary.

(3) The rate of charges to the insured employees or members specifically for the insurance, and the dues of the association if they include the cost of insurance, shall be determined according to each attained age or in not less than four reasonably spaced attained age groups. In no event shall the rate of such dues or charges be level for all members regardless of attained age.

(4) The policy must cover at least twenty-five persons at date of issue.

(5) The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or members or by the association.

As used in this chapter:
(1) "Profit-sharing policy" means:
(a) A life insurance policy which by its terms expressly provides that the policyholder will participate in the distribution of earnings or surplus other than earnings or surplus attributable, by reasonable and nondiscriminatory standards, to the participating policies of the company and allocated to the policyholder on reasonable and nondiscriminatory standards; or
(b) A life insurance policy the provisions of which, through sales material or oral presentations, are interpreted by the company to prospective policyholders as entitling the policyholder to the benefits described in subsection (a) of this section.

(2) "Charter policy" or "founders policy" means:
(a) A life insurance policy which by its terms expressly provides that the policyholder will receive some preferential or discriminatory advantage or benefit not available to persons who purchase insurance from the company at future dates or under other circumstances; or

(3) "Coupon policy" means a life insurance policy which provides a series of pure endowments maturing periodically in amounts not exceeding the gross annual policy premiums. The term "pure endowment" or "endowment" is used in its accepted actuarial sense, meaning a

2. Each endowment benefit must have a fixed maturity date and payment of the endowment benefit shall not be contingent upon the payment of any premium becoming due on or after such maturity date.

3. The endowment benefits must be expressed in dollar amounts rather than as percentages of other quantities or in other ways, both in the policy itself and in the sale thereof.

4. A separate premium for the periodic endowment benefits must be shown in the policy adjacent to the rest of the policy premium information and must be given the same emphasis in the policy and in the sale thereof as that given the rest of the policy premium information. This premium shall be calculated with mortality, interest and expense factors which are consistent with those for the basic policy premium.

48.29.010  **Scope of chapter--Definitions.**

(1) This chapter relates only to title insurers.

(2) None of the provisions of this code shall be deemed to apply to persons engaged in the business of preparing and issuing abstracts of title to property and certifying to the correctness thereof so long as such persons do not guarantee or insure such titles.

(3) For purposes of this chapter, unless the context clearly requires otherwise:

(a) "Title policy" means any written instrument, contract, or guarantee by means of which title insurance liability is assumed.

(b) "Abstract of title" means a written representation, provided pursuant to contract, whether written or oral, intended to be relied upon by the person who has contracted for the receipt of such representation, listing all recorded conveyances, instruments, or documents which, under the laws of the state of Washington, impart constructive notice with respect to the chain of title to the real property described. An abstract of title is not a title policy as defined in this subsection.

(c) "Preliminary report," "commitment," or "binder" means reports furnished in connection with an application for title insurance and are offers to issue a title policy subject to the stated exceptions set forth in the reports, the conditions and stipulations of the report and the issued policy, and such other matters as may be incorporated by reference. Any such report shall not be construed as, nor constitute, a representation as to the condition of the title to real property, but shall constitute a statement of terms and conditions upon which the issuer is willing to issue its title policy, if such offer is accepted.

(2) For authority to transact business in two or more counties, the insurer must have a guaranty fund deposit in amount not less than the amount required under subsection (1) as to that one of the counties in which business is to be so transacted for which the largest amount is so required.

The first title insurer may thereafter issue its own policy of title insurance to the owner of such property. The first title insurer may combine the insurance on the title of such property in a single policy which also insures the title of one or more other pieces of property. The first title insurer must pay the full premium based on filed rates for the policy, and must charge the precise
same amount to its own customer for the insurance as to the title of such property. A title insurer using the authority granted by this subsection in a transaction must so notify its customer.

[1990 c 76 § 2; 1957 c 193 § 17; 1947 c 79 § .29.04; Rem. Supp. 1947 § 45.29.04.]

**RCW 48.29.070 Levy of execution against deposit.**
If an insurer fails to satisfy any judgment against it arising out of its liability under any title insurance policy or certificate of title issued, insured, or assumed by it, within thirty days after the finality of the judgment became fixed, the judgment may be enforced against the insurer's guaranty fund deposit through the following procedure:

1. The judgment creditor shall petition the court wherein the judgment is entered and as part of the same cause, truthfully setting forth the facts regarding the insurer's failure to satisfy the judgment as required by this section.
2. Upon such petition the court shall direct issuance of a special execution directed to the sheriff of Thurston county, requiring that the sheriff sell so much of the securities on deposit as may be required to satisfy the judgment and pay the costs of the levy.
3. The court's order for issuance of the special execution shall also direct that a copy of the judgment and of the petition be served upon the commissioner within five days after the date of the order.
4. Upon issuance of such special execution and upon such service upon the commissioner, the commissioner shall deliver to such sheriff sufficient of such securities as may be required for sale to satisfy the judgment and to pay such costs.

   (b) Upon reinsurance of all such liabilities of the insurer, with the commissioner's approval, in another insurer holding a certificate of authority as a title insurer in this state.

(2) For the purposes of this section only, all liability of the insurer with regard to a title guaranteed or insured by it shall be deemed terminated upon the expiration of twenty-one years from the date of the guaranty or insurance, unless prior thereto a claim of loss has been made with reference thereto and settlement of such loss then remains pending.

Such apportionment shall be continued or resumed as needed to maintain the special reserve fund at an amount equal to not less than the guaranty fund deposit required of the insurer.

(2) The special reserve fund shall be held by the insurer as an additional guaranty fund, and shall be used only for the payment of losses after the insurer's liquid resources available for the payment of losses, other than such special reserve fund or the guaranty fund deposit, have
been exhausted.

(3) For the purposes of computing the special reserve fund as provided in subsection (1) of this section, net increase of insurance in force resulting from reinsurance of the risks of another title insurer shall not be included to the extent that a like special reserve fund on such insurance is maintained by the ceding insurer.

**RCW 48.30.300** Unfair discrimination, generally--Disability policies, specifically.

Notwithstanding any provision contained in Title 48 RCW to the contrary:

1. No person or entity engaged in the business of insurance in this state shall refuse to issue any contract of insurance or cancel or decline to renew such contract because of the sex or marital status, or the presence of any sensory, mental, or physical handicap of the insured or prospective insured. The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex or marital status, or be restricted, modified, excluded or reduced on the basis of the presence of any sensory, mental, or physical handicap of the insured or prospective insured. Subject to the provisions of subsection (2) of this section these provisions shall not prohibit fair discrimination on the basis of sex, or marital status, or the presence of any sensory, mental, or physical handicap when bona fide statistical differences in risk or exposure have been substantiated.

2. With respect to disability policies issued or renewed on and after July 1, 1994, that provide coverage against loss arising from medical, surgical, hospital, or emergency care services:

   (a) Policies shall guarantee continuity of coverage. Such provision, which shall be included in every policy, shall provide that:

      (i) The policy may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premium or as permitted under RCW 48.18.090; and

      (ii) The policy may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the insurer has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

   (b) It is an unfair practice for a disability insurer to modify the coverage provided or rates applying to an in-force disability insurance policy and to fail to make such modification in all such issued and outstanding policies.

   (c) Subject to rules adopted by the commissioner, it is an unfair practice for a disability insurer to:

      (i) Cease the sale of a policy form unless it has received prior written authorization from the commissioner and has offered all policyholders covered under such discontinued policy the opportunity to purchase comparable coverage without health screening; or

      (ii) Engage in a practice that subjects policyholders to rate increases on discontinued
policy forms unless such policyholders are offered the opportunity to purchase comparable coverage without health screening.

The insurer may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

RCW 48.30.310 Commercial motor vehicle employment driving record not to be considered, when.

When an individual applies for a policy of casualty insurance providing either automobile liability coverage, uninsured motorist coverage, automobile medical payments coverage, or automobile physical damage coverage on an individually owned passenger vehicle or a renewal of such policy, an insurer shall not consider the applicant's commercial motor vehicle employment driving record in determining whether the policy will be issued or renewed or in determining the rates for the policy. An insurer shall not cancel such policy or discriminate in regard to other terms or conditions of the policy based upon the applicant's commercial motor vehicle employment driving record.

"Employment driving record" means that record maintained by the director pertaining to motor vehicle accidents or convictions for violation of motor vehicle laws while the applicant is driving a commercial motor vehicle as an employee of another.

Every authorized insurer, upon canceling, denying, or refusing to renew any individual life, individual disability, homeowner, dwelling fire, or private passenger automobile insurance policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer. Any benefits, terms, rates, or conditions of such an insurance contract which are restricted, excluded, modified, increased, or reduced because of the presence of a sensory, mental, or physical handicap shall, upon written request, be set forth in writing and supplied to the insured. The written communications required by this section shall be phrased in simple language which is readily understandable to a person of average intelligence, education, and reading ability.

RCW 48.30.330 Immunity from libel or slander.

With respect to contracts of insurance as defined in RCW 48.30.320, there shall be no
liability on the part of, and no cause of action of any nature shall arise against, the insurance commissioner, the commissioner's agents, or members of the commissioner's staff, or against any insurer, its authorized representative, its agents, its employees, furnishing to the insurer information as to reasons for cancellation or refusal to issue or renew, for libel or slander on the basis of any statement made by any of them in any written notice of cancellation or refusal to issue or renew, or in any other communications, oral or written, specifying the reasons for cancellation or refusal to issue or renew or the providing of information pertaining thereto, or for statements made or evidence submitted in any hearing conducted in connection therewith.

RCW 48.30A.005 Findings--Intent.

The legislature finds that the business of insurance is one affected by the public interest, requiring that all persons be actuated by good faith, abstain from deception, and practice honesty and equity in all insurance matters. The payment of kickbacks, bribes, or rebates for referrals to service providers, as has been occurring with increasing regularity in this state, results in inflated or fraudulent insurance claims, results in greater insurance costs for all citizens, and is contrary to the public interest. In particular, the process whereby "cappers" buy and sell insurance claims without the controls of professional licensing and discipline creates a fertile ground for illegal activity and has, in this state, resulted in frauds committed against injured claimants, insurance
companies, and the public. Operations that engage in this practice have some or all of the following characteristics: Cappers, acting under an agreement or understanding that they will receive a pecuniary benefit, refer claimants with real or imaginary claims, injuries, or property damage to service providers. This sets off a chain of events that corrupts both the provision of services and casualty or property insurance for all citizens. This chain of events includes false claims for services through the use of false estimates of repair; false prescriptions of care or rehabilitative therapy; services that either do not occur or are provided by persons unqualified to provide the services; submission of false claims; submission of and demands for fraudulent costs, lost wages, pain and suffering, and the like; and other devices meant to result in false claims under casualty or property insurance policies or contracts, whether insured or self-insured, and either directly or through subrogation.

The legislature finds that combatting these practices requires laws carefully fashioned to identify practices that mimic customary business practices. The legislature does not intend this law to be used against medical and other business referral practices that are otherwise legal, customary, and unrelated to the furtherance of some or all of the corrupt practices identified in this chapter.

[1995 c 285 § 1.]

**RCW 48.30A.010 Definitions.**

The definitions set forth in this section apply throughout this chapter unless the context clearly indicates otherwise.

1. "Casualty or property insurance" includes both the insurance under which a claim is filed and insurance that receives a claim through subrogation, and means insurance as defined in RCW 48.11.040 and 48.11.070 and includes self-insurance arrangements.

2. "Claimant" means a person who has or is believed by an actor to have an insurance claim.

3. "Group-buying arrangement" means an arrangement made by a membership organization having one hundred or more members in which the organization asks for or receives valuable consideration in exchange for referring its members to a service provider; the consideration asked for or received will be or is used to benefit the entire organization, not just one or more individuals in positions of power or influence in the organization; and reasonable efforts are made to disclose to affected members of the organization the nature of the referral relationship, including the nature, extent, amount, and use of the consideration.

4. "Health care services" means a service provided to a claimant for treatment of physical or mental illness or injury arising in whole or substantial part from trauma.

5. "Insurance claim" means a claim for payment, benefits, or damages under a contract, plan, or policy of casualty or property insurance.

6. "Legal provider" means an active member in good standing of the Washington state bar association, and any other person authorized by the Washington state supreme court to engage in full or limited practice of law.

7. "Service provider" means a person who directly or indirectly provides, advertises, or
otherwise claims to provide services.

(8) "Services" means health care services, motor vehicle body or other motor vehicle repair, and preparing, processing, presenting, or negotiating an insurance claim.

[1995 c 285 § 2.]

RCW 48.30A.015  Unlawful acts.

(1) It is unlawful for a person:

(a) Knowing that the payment is for the referral of a claimant to a service provider, either to accept payment from a service provider or, being a service provider, to pay another; or

(b) To provide or claim or represent to have provided services to a claimant, knowing the claimant was referred in violation of (a) of this subsection.

(2) It is unlawful for a service provider to engage in a regular practice of waiving, rebating, giving, paying, or offering to waive, rebate, give, or pay all or any part of a claimant's casualty or property insurance deductible.

[1995 c 285 § 3.]

RCW 48.30A.020  Defenses to proceedings under this chapter.

In a proceeding under this chapter, it is a defense if proven by the defendant by a preponderance of the evidence that, at the time of the offense:

(1) The conduct alleged was authorized by the rules of professional conduct or the admission to practice rules for lawyers as adopted by the state supreme court, Washington business and professions licensing statutes, or rules adopted by the secretary of health or the director of licensing;

(2) The payment was an incidental nonmonetary gift or gratuity, or was purely social in nature;

(3) The conduct alleged was an exercise of a group-buying arrangement;

(4) The conduct alleged was a legal provider paying a service provider's bills from the proceeds of an insurance claim that included the bills;

(5) The conduct alleged was a legal provider paying for services of an expert witness, including reports, consultation, and testimony; or

(6) The conduct alleged was a service provider's purchase of advertising from an unrelated business that provides referrals from advertising for groups of ten or more service providers that are not related to the advertising business and not related to each other.

[1995 c 285 § 4.]

RCW 48.30A.025  Trafficking in insurance claims--Penalties.

A violation of RCW 48.30A.015 constitutes trafficking in insurance claims. A single
violation is a gross misdemeanor. Each subsequent violation, whether alleged in the same or in subsequent prosecutions, is a class C felony.

[1995 c 285 § 5.]

**RCW 48.30A.030 Injunction available--Remedies--Costs--Attorneys' fees--Degree of proof--Time limit.**

Independent of authority granted to the attorney general, the prosecuting attorney may petition the superior court for an injunction against a person who has violated this chapter. Remedies in an injunctive action brought by a prosecuting attorney are limited to an order enjoining, restraining, or preventing the doing of any act or practice that constitutes a violation of this chapter and imposing a civil penalty of up to five thousand dollars for each violation. The prevailing party in the action may, in the discretion of the court, recover its reasonable investigative costs and the costs of the action including a reasonable attorney's fee. The degree of proof required in an action brought under this section is a preponderance of the evidence. An action under this section must be brought within three years after the violation of this chapter occurred.

[1995 c 285 § 6.]

**RCW 48.30A.035 Detrimental judgment--Written notification to appropriate regulatory or disciplinary body or agency.**

Whenever a service provider or a person licensed by the state in a business or profession is convicted, enjoined, or found liable for damages or a civil penalty or other equitable relief under RCW 48.30A.030, the attorney general or the prosecuting attorney shall provide written notification of the judgment to the appropriate regulatory or disciplinary body or agency.

[1995 c 285 § 7.]

**RCW 48.30A.040 Violation--Cause for discipline--Unprofessional conduct--Regulatory penalty.**

A violation of this chapter is cause for discipline and constitutes unprofessional conduct that could result in any regulatory penalty provided by law, including refusal, revocation, or suspension of a business or professional license, or right or admission to practice. Conduct that constitutes a violation of this chapter is unprofessional conduct in violation of RCW 18.130.180.

[1995 c 285 § 8.]

**RCW 48.30A.045 Insurance antifraud plan--File plan and changes with commissioner--Exemptions.**

(1) Each insurer licensed to write direct insurance in this state, except those exempted in
subsection (2) of this section, shall institute and maintain an insurance antifraud plan. An insurer licensed on July 1, 1995, shall file its antifraud plan with the insurance commissioner no later than December 31, 1995. An insurer licensed after July 1, 1995, shall file its antifraud plan within six months of licensure. An insurer shall file any change to the antifraud plan with the insurance commissioner within thirty days after the plan has been modified.

(2) This section does not apply to health carriers, as defined in RCW 48.43.005, life insurers, or title insurers; or property or casualty insurers with annual gross written medical malpractice insurance premiums in this state that exceed fifty percent of their total annual gross written premiums in this state; or all credit-related insurance written in connection with a credit transaction in which the creditor is named as a beneficiary or loss payee under the policy except vendor single-interest or collateral protection coverage as defined in RCW 48.22.110(4).

[1997 c 92 § 1; 1995 c 285 § 9.]

RCW 48.30A.050 Insurance antifraud plan--Specific procedures.
An insurer's antifraud plan must establish specific procedures to:

(1) Prevent insurance fraud, including internal fraud involving employees or company representatives, fraud resulting from misrepresentation on applications for insurance coverage, and claims fraud;
    (2) Review claims in order to detect evidence of possible insurance fraud and to investigate claims where fraud is suspected;
    (3) Report fraud to appropriate law enforcement agencies and cooperate with those agencies in their prosecution of fraud cases;
    (4) Undertake civil actions against persons who have engaged in fraudulent activities;
    (5) Train company employees and agents in the detection and prevention of fraud.

[1995 c 285 § 10.]

RCW 48.30A.055 Insurance antifraud plan--Review--Disapproval--Notice--Audit to ensure compliance.
If after review of an insurer's antifraud plan, the commissioner finds that the plan does not comply with RCW 48.30A.050, the commissioner may disapprove the antifraud plan. Notice of disapproval must include a statement of the specific reasons for disapproval. The insurer shall refile a plan disapproved by the commissioner within sixty days of the date of the notice of disapproval. The commissioner may audit insurers to ensure compliance with antifraud plans.

[1995 c 285 § 11.]

Each insurer shall annually provide to the insurance commissioner a summary report on
actions taken under its antifraud plan to prevent and combat insurance fraud. The report must also include, but not be limited to, measures taken to protect and ensure the integrity of electronic data processing-generated data and manually compiled data, statistical data on the amount of resources committed to combatting fraud, and the amount of fraud identified and recovered during the reporting period. The antifraud plans and summary of the insurer's antifraud activities are not public records and are exempt from chapter 42.17 RCW, are proprietary, are not subject to public examination, and are not discoverable or admissible in civil litigation.

An insurer that fails to file a timely antifraud plan or who does not make a good faith attempt to file an antifraud plan that complies with RCW 48.30A.050, is subject to the penalty provisions of RCW 48.01.080, but no penalty may be imposed for the first filing made by an insurer under this chapter. An insurer that fails to follow the antifraud plan is subject to a civil penalty not to exceed ten thousand dollars for each violation, at the discretion of the commissioner after consideration of all relevant factors, including the willfulness of the violation.

[1995 c 285 § 13.]

**RCW 48.31.030 Rehabilitation—Grounds.**

The commissioner may apply for an order directing him or her to rehabilitate a domestic insurer upon one or more of the following grounds: That the insurer

1. Is insolvent; or
2. Has refused to submit its books, records, accounts, or affairs to the reasonable examination of the commissioner; or
3. Has failed to comply with the commissioner's order, made pursuant to law, to make good an impairment of capital (if a stock insurer) or an impairment of assets (if a mutual or reciprocal insurer) within the time prescribed by law; or
4. Has transferred or attempted to transfer substantially its entire property or business, or has entered into any transaction the effect of which is to merge substantially its entire property or business in that of any other insurer without first having obtained the written approval of the commissioner; or
5. Is found, after examination, to be in such condition that its further transaction of business will be hazardous to its policyholders, or to its creditors, or to its members, subscribers, or stockholders, or to the public; or
6. Has willfully violated its charter or any law of this state; or
7. Has an officer, director, or manager who has refused to be examined under oath, concerning its affairs, for which purpose the commissioner is authorized to conduct and to enforce by all appropriate and available means any such examination under oath in any other state or territory of the United States, in which any such officer, director, or manager may then presently be, to the full extent permitted by the laws of any such other state or territory, this special authorization considered; or
8. Has been the subject of an application for the appointment of a receiver, trustee, custodian, or sequestrator of the insurer or of its property, or if a receiver, trustee, custodian, or sequestrator is appointed by a federal court or if such appointment is imminent; or
9. Has consented to such an order through a majority of its directors, stockholders, members, or subscribers; or
10. Has failed to pay a final judgment rendered against it in any state upon any insurance contract issued or assumed by it, within thirty days after the judgment became final or within thirty days after time for taking an appeal has expired, or within thirty days after dismissal of an appeal before final determination, whichever date is the later; or
11. There is reasonable cause to believe that there has been embezzlement from the insurer, wrongful sequestration or diversion of the insurer's assets, forgery or fraud affecting the insurer, or other illegal conduct in, by, or with respect to the insurer that, if established, would
endanger assets in an amount threatening the solvency of the insurer; or

(12) The insurer has failed to remove a person who in fact has executive authority in the insurer, whether an officer, manager, general agent, employee, or other person, if the person has been found after notice and hearing by the commissioner to be dishonest or untrustworthy in a way affecting the insurer's business; or

(13) Control of the insurer, whether by stock ownership or ownership or otherwise, and whether direct or indirect, is in a person or persons found after notice and hearing to be untrustworthy; or

(14) The insurer has failed to file its annual report or other financial report required by statute within the time allowed by law and, after written demand by the commissioner, has failed to give an adequate explanation immediately; or

(15) The board of directors or the holders of a majority of the shares entitled to vote, request, or consent to rehabilitation under this chapter.

RCW 48.31.040 Rehabilitation--Order--Termination.

(1) An order to rehabilitate a domestic insurer shall direct the commissioner forthwith to take possession of the property of the insurer and to conduct the business thereof, and to take such steps toward removal of the causes and conditions which have made rehabilitation necessary as the court may direct.

(2) If at any time the commissioner deems that further efforts to rehabilitate the insurer would be useless, he or she may apply to the court for an order of liquidation.

(3) The commissioner, or any interested person upon due notice to the commissioner, at any time may apply for an order terminating the rehabilitation proceeding and permitting the insurer to resume possession of its property and the conduct of its business, but no such order shall be granted except when, after a full hearing, the court has determined that the purposes of the proceedings have been fully accomplished.

(4) An order to rehabilitate the business of a domestic insurer, or an alien insurer domiciled in this state, shall appoint the commissioner and his or her successors in office as the rehabilitator, and shall direct the rehabilitator to immediately take possession of the assets of the insurer, and to administer them under the general supervision of the court. The filing or recording of the order with the recorder of deeds of the county in this state in which the principal business of the company is conducted, or the county in this state in which the company's principal office or place of business is located, imparts the same notice as a deed or other evidence of title duly filed or recorded with that recorder of deeds would have imparted. The order to rehabilitate the insurer by operation of law vests title to all assets of the insurer in the rehabilitator.

(5) An order issued under this section requires accountings to the court by the
Accountings must be done at such intervals as the court specifies in its order, but no less frequently than semiannually.

(6) Entry of an order of rehabilitation does not constitute an anticipatory breach of contracts of the insurer nor may it be grounds for retroactive revocation or retroactive cancellation of contracts of the insurer, unless the revocation or cancellation is done by the rehabilitator.

RCW 48.31.045 Rehabilitation order against insurer--Insurer is party to action or proceeding--Stay the action--Statute of limitations or defense of laches.

(1) A court in this state before which an action or proceeding in which the insurer is a party, or is obligated to defend a party, is pending when a rehabilitation order against the insurer is entered shall stay the action or proceeding for ninety days and such additional time as is necessary for the rehabilitator to obtain proper representation and prepare for further proceedings. The rehabilitator shall take such action respecting the pending litigation as he or she deems necessary in the interests of justice and for the protection of creditors, policyholders, and the public. The rehabilitator shall immediately consider all litigation pending outside this state and shall petition the courts having jurisdiction over that litigation for stays whenever necessary to protect the estate of the insurer.

(2) A statute of limitations or defense of laches does not run with respect to an action by or against an insurer between the filing of a petition for appointment of a rehabilitator for that insurer and the order granting or denying that petition. An action against the insurer that might have been commenced when the petition was filed may be commenced for at least sixty days after the order of rehabilitation is entered or the petition is denied. The rehabilitator may, upon an order for rehabilitation, within one year or such other longer time as applicable law may permit, institute an action or proceeding on behalf of the insurer upon a cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which the order is entered.

(3) A guaranty association or foreign guaranty association covering life or health insurance or annuities has standing to appear in a court proceeding concerning the rehabilitation of a life or health insurer if the association is or may become liable to act as a result of the rehabilitation.

RCW 48.31.050 Liquidation--Grounds.
The commissioner may apply for an order directing him to liquidate the business of a domestic insurer or of the United States branch of an alien insurer having trusteed assets in this state, regardless of whether or not there has been a prior order directing him to rehabilitate such insurer, upon any of the grounds specified in RCW 48.31.030 or upon any one or more of the following grounds: That the insurer:

1. Has ceased transacting business for a period of one year; or
2. Is an insolvent insurer and has commenced voluntary liquidation or dissolution, or attempts to commence or prosecute any action or proceeding to liquidate its business or affairs, or to dissolve its corporate charter, or to procure the appointment of a receiver, trustee, custodian, or sequestrator under any law except this code; or
3. Has not organized or completed its organization and obtained a certificate of authority as an insurer prior to the expiration or revocation of its solicitation permit.

RCW 48.31.060 Liquidation—Order.

(1) An order to liquidate the business of a domestic insurer shall direct the commissioner forthwith to take possession of the property of the insurer, to liquidate its business, to deal with the insurer's property and business in his own name as commissioner or in the name of the insurer as the court may direct, to give notice to all creditors who may have claims against the insurer to present such claims.

(2) The commissioner may apply under this chapter for an order dissolving the corporate existence of a domestic insurer:

(a) Upon his application for an order of liquidation of such insurer, or at any time after such order has been granted; or

(b) Upon the grounds specified in item (3) of RCW 48.31.050, regardless of whether an order of liquidation is sought or has been obtained.

RCW 48.31.070 Liquidation—Alien insurers.

An order to liquidate the business of the United States branch of an alien insurer having trusteed assets in this state shall be in the same terms as those prescribed for domestic insurers, except that only the assets of the business of such United States branch shall be included therein.

RCW 48.31.080 Conservation of assets—Foreign insurers.

The commissioner may apply for an order directing him to conserve the assets within this state of a foreign insurer upon any one or more of the following grounds:

1. Upon any of the grounds specified in items (1) to (9) inclusive of RCW 48.31.030 and
in item (2) of RCW 48.31.050.

(2) That its property has been sequestrated in its domiciliary sovereignty or in any other sovereignty.

[1947 c 79 § .31.08; Rem. Supp. 1947 § 45.31.08.]

**RCW 48.31.090** Conservation of assets--Alien insurers.

The commissioner may apply for an order directing him to conserve the assets within this state of an alien insurer upon any one or more of the following grounds:

1. Upon any of the grounds specified in items (1) to (9) inclusive of RCW 48.31.030 and in item (2) of RCW 48.31.050; or
2. That the insurer has failed to comply, within the time designated by the commissioner, with an order of the commissioner pursuant to law to make good an impairment of its trusteed funds; or
3. That the property of the insurer has been sequestrated in its domiciliary sovereignty or elsewhere.

[1947 c 79 § .31.09; Rem. Supp. 1947 § 45.31.09.]

**RCW 48.31.100** Foreign insurers--Conservation, ancillary proceedings.

1. An order to conserve the assets of a foreign or alien insurer shall direct the commissioner forthwith to take possession of the property of the insurer within this state and to conserve it, subject to the further direction of the court.

2. Whenever a domiciliary receiver is appointed for any such insurer in its domiciliary state which is also a reciprocal state, as defined in *RCW 48.31.110, the court shall on application of the commissioner appoint the commissioner as the ancillary receiver in this state, subject to the provisions of the uniform insurers liquidation act.

[1947 c 79 § .31.10; Rem. Supp. 1947 § 45.31.10.]

*Reviser's note: RCW 48.31.110 was recodified as RCW 48.99.010 pursuant to 1993 c 462 § 81.

**RCW 48.31.105** Conduct of proceedings--Requirement to cooperate--Definitions--Violations--Penalties.

1. An officer, manager, director, trustee, owner, employee, or agent of an insurer or other person with authority over or in charge of a segment of the insurer's affairs shall cooperate with the commissioner in a proceeding under this chapter or an investigation preliminary to the proceeding. The term "person" as used in this section includes a person who exercises control directly or indirectly over activities of the insurer through a holding company or other affiliate of the insurer. "To cooperate" as used in this section includes the following:

   a. To reply promptly in writing to an inquiry from the commissioner requesting such a reply; and
(b) To make available to the commissioner books, accounts, documents, or other records or information or property of or pertaining to the insurer and in his or her possession, custody, or control.

(2) A person may not obstruct or interfere with the commissioner in the conduct of a delinquency proceeding or an investigation preliminary or incidental thereto.

(3) This section does not abridge existing legal rights, including the right to resist a petition for liquidation or other delinquency proceedings, or other orders.

(4) A person included within subsection (1) of this section who fails to cooperate with the commissioner, or a person who obstructs or interferes with the commissioner in the conduct of a delinquency proceeding or an investigation preliminary or incidental thereto, or who violates an order the commissioner issued validly under this chapter may:

(a) Be sentenced to pay a fine not exceeding ten thousand dollars or to undergo imprisonment for a term of not more than one year, or both; or

(b) After a hearing, be subject to the imposition by the commissioner of a civil penalty not to exceed ten thousand dollars and be subject further to the revocation or suspension of insurance licenses issued by the commissioner.

RCW 48.31.111 Commencement of delinquency proceeding by commissioner--Jurisdiction of courts.

(1) Except as provided in *RCW 48.32A.060, no delinquency proceeding may be commenced under this chapter by anyone other than the commissioner of this state, and no court has jurisdiction to entertain a proceeding commenced by another person.

(2) No court of this state has jurisdiction to entertain a complaint praying for the dissolution, liquidation, rehabilitation, sequestration, conservation, or receivership of an insurer, or praying for an injunction or restraining order or other relief preliminary to, incidental to, or relating to the proceedings, other than in accordance with this chapter.

(3) In addition to other grounds for jurisdiction provided by the law of this state, a court of this state having jurisdiction of the subject matter has jurisdiction over a person served under the rules of civil procedure or other applicable provisions of law in an action brought by the receiver of a domestic insurer or an alien insurer domiciled in this state:

(a) If the person served is an agent, broker, or other person who has written policies of insurance for or has acted in any manner on behalf of an insurer against which a delinquency proceeding has been instituted, in an action resulting from or incident to such a relationship with the insurer; or

(b) If the person served is a reinsurer who has entered into a contract of reinsurance with an insurer against which a delinquency proceeding has been instituted, or is an agent or broker of or for the reinsurer, in an action on or incident to the reinsurance contract; or
(c) If the person served is or has been an officer, director, manager, trustee, organizer, promoter, or other person in a position of comparable authority or influence over an insurer against which a delinquency proceeding has been instituted, in an action resulting from or incident to such a relationship with the insurer; or

(d) If the person served is or was at the time of the institution of the delinquency proceeding against the insurer holding assets in which the receiver claims an interest on behalf of the insurer, in an action concerning the assets; or

(e) If the person served is obligated to the insurer in any way, in an action on or incident to the obligation.

(4) If the court on motion of a party finds that an action should as a matter of substantial justice be tried in a forum outside this state, the court may enter an appropriate order to stay further proceedings on the action in this state.

[1993 c 462 § 59.]

NOTES:

*Reviser's note: RCW 48.32A.060 was repealed by 2001 c 50 § 23.

RCW 48.31.115 Immunity from suit and liability—Persons entitled to protection.

(1) The persons entitled to protection under this section are:

(a) The commissioner and any other receiver responsible for conducting a delinquency proceeding under this chapter, including present and former commissioners and receivers; and

(b) The commissioner's employees, meaning all present and former special deputies and assistant special deputies and special receivers appointed by the commissioner and all persons whom the commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter. Attorneys, accountants, auditors, and other professional persons or firms who are retained as independent contractors, and their employees, are not considered employees of the commissioner for purposes of this section.

(2) The commissioner and the commissioner's employees are immune from suit and liability, both personally and in their official capacities, for a claim for damage to or loss of property or personal injury or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment. However, nothing in this subsection may be construed to hold the commissioner or an employee immune from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the commissioner or an employee.

(3) If a legal action is commenced against the commissioner or an employee, whether against him or her personally or in his or her official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment, the commissioner and any employee shall be indemnified from the assets of the insurer for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action unless it is
determined upon a final adjudication on the merits that the alleged act or omission of the commissioner or employee giving rise to the claim did not arise out of or by reason of his or her duties or employment, or was caused by intentional or willful and wanton misconduct.

(a) Attorneys' fees and related expenses incurred in defending a legal action for which immunity or indemnity is available under this section shall be paid from the assets of the insurer, as they are incurred, in advance of the final disposition of such action upon receipt of an undertaking by or on behalf of the commissioner or employee to repay the attorneys' fees and expenses if it is ultimately determined upon a final adjudication on the merits and that the commissioner or employee is not entitled to immunity or indemnity under this section.

(b) Any indemnification under this section is an administrative expense of the insurer.

(c) In the event of an actual or threatened litigation against the commissioner or an employee for which immunity or indemnity may be available under this section, a reasonable amount of funds that in the judgment of the commissioner may be needed to provide immunity or indemnity shall be segregated and reserved from the assets of the insurer as security for the payment of indemnity until all applicable statutes of limitation have run or all actual or threatened actions against the commissioner or an employee have been completely and finally resolved, and all obligations of the insurer and the commissioner under this section have been satisfied.

(d) In lieu of segregation and reserving of funds, the commissioner may obtain a surety bond or make other arrangements that will enable the commissioner to secure fully the payment of all obligations under this section.

(4) If a legal action against an employee for which indemnity may be available under this section is settled before final adjudication on the merits, the insurer shall pay the settlement amount on behalf of the employee, or indemnify the employee for the settlement amount, unless the commissioner determines:

(a) That the claim did not arise out of or by reason of the employee's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the employee.

(5) In a legal action in which the commissioner is a defendant, that portion of a settlement relating to the alleged act or omission of the commissioner is subject to the approval of the court before which the delinquency proceeding is pending. The court may not approve that portion of the settlement if it determines:

(a) That the claim did not arise out of or by reason of the commissioner's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the commissioner.

(6) Nothing in this section removes or limits an immunity, indemnity, benefit of law, right, or defense otherwise available to the commissioner, an employee, or any other person, not an employee under subsection (1)(b) of this section, who is employed by or in the office of the commissioner or otherwise employed by the state.

(7)(a) Subsection (2) of this section applies to any suit based in whole or in part on an
alleged act or omission that takes place on or after July 25, 1993.

(b) No legal action lies against the commissioner or an employee based in whole or in part on an alleged act or omission that took place before July 25, 1993, unless suit is filed and valid service of process is obtained within twelve months after July 25, 1993.

(c) Subsections (3), (4), and (5) of this section apply to a suit that is pending on or filed after July 25, 1993, without regard to when the alleged act or omission took place.

RCW 48.31.121 Court order for a formal delinquency proceeding--Commissioner may petition--Insurer may petition for hearing and review.

(1) The commissioner may petition the court alleging, with respect to a domestic insurer:

(a) That there exists a ground that would justify a court order for a formal delinquency proceeding against an insurer under this chapter;
(b) That the interests of policyholders, creditors, or the public will be endangered by delay; and
(c) The contents of an order deemed necessary by the commissioner.

(2) Upon a filing under subsection (1) of this section, the court may issue forthwith, ex parte and without a hearing, the requested order that shall: Direct the commissioner to take possession and control of all or a part of the property, books, accounts, documents, and other records of an insurer, and of the premises occupied by it for transaction of its business; and until further order of the court enjoin the insurer and its officers, managers, agents, and employees from disposition of its property and from the transaction of its business except with the written consent of the commissioner.

(3) The court shall specify in the order what the order's duration shall be, which shall be such time as the court deems necessary for the commissioner to ascertain the condition of the insurer. On motion of either party or on its own motion, the court may from time to time hold hearings it deems desirable after such notice as it deems appropriate, and may extend, shorten, or modify the terms of the seizure order. The court shall vacate the seizure order if the commissioner fails to commence a formal proceeding under this chapter after having had a reasonable opportunity to do so. An order of the court pursuant to a formal proceeding under this chapter vacates the seizure order.

(4) Entry of a seizure order under this section does not constitute an anticipatory breach of a contract of the insurer.

(5) An insurer subject to an ex parte order under this section may petition the court at any time after the issuance of an order under this section for a hearing and review of the order. The court shall hold the hearing and review not more than fifteen days after the request. A hearing under this subsection may be held privately in chambers, and it must be so held if the insurer proceeded against so requests.
(6) If, at any time after the issuance of an order under this section, it appears to the court that a person whose interest is or will be substantially affected by the order did not appear at the hearing and has not been served, the court may order that notice be given. An order that notice be given does not stay the effect of an order previously issued by the court.

RCW 48.31.125  Order of liquidation--Termination of coverage.
  (1) All policies, including bonds and other noncancellable business, other than life or health insurance or annuities, in effect at the time of issuance of an order of liquidation continue in force only until the earliest of:
      (a) The end of a period of thirty days from the date of entry of the liquidation order;
      (b) The expiration of the policy coverage;
      (c) The date when the insured has replaced the insurance coverage with equivalent insurance in another insurer or otherwise terminated the policy;
      (d) The liquidator has effected a transfer of the policy obligation; or
      (e) The date proposed by the liquidator and approved by the court to cancel coverage.
  (2) An order of liquidation terminates coverages at the time specified in subsection (1) of this section for purposes of any other statute.
  (3) Policies of life or health insurance or annuities shall continue in force for the period and under the terms provided by an applicable guaranty association or foreign guaranty association.
  (4) Policies of life or health insurance or annuities or a period or coverage of the policies not covered by a guaranty association or foreign guaranty association shall terminate under subsections (1) and (2) of this section.

RCW 48.31.131  Appointment of liquidator--Actions at law or equity--Statute of limitations or defense of laches.
  (1) Upon issuance of an order appointing a liquidator of a domestic insurer or of an alien insurer domiciled in this state, an action at law or equity or in arbitration may not be brought against the insurer or liquidator, whether in this state or elsewhere, nor may such an existing action be maintained or further presented after issuance of the order. The courts of this state shall give full faith and credit to injunctions against the liquidator or the company when the injunctions are included in an order to liquidate an insurer issued under laws in other states corresponding to this subsection. Whenever, in the liquidator's judgment, protection of the estate
of the insurer necessitates intervention in an action against the insurer that is pending outside this state, the liquidator may intervene in the action. The liquidator may defend an action in which he or she intervenes under this section at the expense of the estate of the insurer.

(2) The liquidator may, upon or after an order for liquidation, within two years or such other longer time as applicable law may permit, institute an action or proceeding on behalf of the estate of the insurer upon a cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which the order is entered. Where, by an agreement, a period of limitation is fixed for instituting a suit or proceeding upon a claim, or for filing a claim, proof of claim, proof of loss, demand, notice, or the like, or where in a proceeding, judicial or otherwise, a period of limitation is fixed, either in the proceeding or by applicable law, for taking an action, filing a claim or pleading, or doing an act, and where in such a case the period had not expired at the date of the filing of the petition, the liquidator may, for the benefit of the estate, take such an action or do such an act, required of or permitted to the insurer, within a period of one hundred eighty days after the entry of an order for liquidation, or within such further period as is shown to the satisfaction of the court not to be unfairly prejudicial to the other party.

(3) A statute of limitation or defense of laches does not run with respect to an action against an insurer between the filing of a petition for liquidation against an insurer and the denial of the petition. An action against the insurer that might have been commenced when the petition was filed may be commenced for at least sixty days after the petition is denied.

(4) A guaranty association or foreign guaranty association has standing to appear in a court proceeding concerning the liquidation of an insurer if the association is or may become liable to act as a result of the liquidation.

RCW 48.31.135   Recovery from reinsurers--Not reduced by delinquency proceedings--Direct payment to insured.

The amount recoverable by the commissioner from reinsurers may not be reduced as a result of the delinquency proceedings, regardless of any provision in the reinsurance contract or other agreement except as provided in RCW 48.31.290. Payment made directly to an insured or other creditor does not diminish the reinsurer's obligation to the insurer's estate except when the reinsurance contract provided for direct coverage of a named insured and the payment was made in discharge of that obligation.

RCW 48.31.141 Responsibility for payment of a premium--Earned or unearned premium--Violations--Penalties--Rights of party aggrieved.

(1)(a) An agent, broker, premium finance company, or any other person, other than the policy owner or the insured, responsible for the payment of a premium is obligated to pay any unpaid premium for the full policy term due the insurer at the time of the declaration of insolvency, whether earned or unearned, as shown on the records of the insurer. The liquidator also has the right to recover from the person a part of an unearned premium that represents commission of the person. Credits or setoffs or both may not be allowed to an agent, broker, or premium finance company on behalf of, but in the absence of a payment by, the policy owner or the insured.

(b) Notwithstanding (a) of this subsection, the agent, broker, premium finance company, or other person is not liable for uncollected unearned premium of the insurer. A presumption exists that the premium as shown on the books of the insurer is collected, and the burden is upon the agent, broker, premium finance company, or other person to demonstrate by a preponderance of the evidence that the unearned premium was not actually collected. For purposes of this subsection, "unearned premium" means that portion of an insurance premium covering the unexpired term of the policy or the unexpired period of the policy period.

(c) An insured is obligated to pay any unpaid earned premium due the insurer at the time of the declaration of insolvency, as shown on the records of the insurer.

(2) Upon a violation of this section, the commissioner may pursue either one or both of the following courses of action:

(a) Suspend or revoke or refuse to renew the licenses of the offending party or parties;

(b) Impose a penalty of not more than one thousand dollars for each violation.

(3) Before the commissioner may take an action as set forth in subsection (2) of this section, he or she shall give written notice to the person accused of violating the law, stating specifically the nature of the alleged violation, and fixing a time and place, at least ten days thereafter, when a hearing on the matter shall be held. After the hearing, or upon failure of the accused to appear at the hearing, the commissioner, if he or she finds a violation, shall impose those penalties under subsection (2) of this section that he or she deems advisable.

(4) When the commissioner takes action in any or all of the ways set out in subsection (2) of this section, the party aggrieved has the rights granted under the Administrative Procedure Act, chapter 34.05 RCW.

RCW 48.31.145 Liquidator denies claim--Written notice--Objections of claimant--Court hearing.

(1) When the liquidator denies a claim in whole or in part, the liquidator shall give
written notice of the determination to the claimant or the claimant's attorney by first class mail at the address shown in the proof of claim. Within sixty days from the mailing of the notice, the claimant may file his or her objections with the liquidator. **RCW 48.31.151 Creditor's claim against insurer is secured by other person--Subrogated rights--Agreements concerning distributions.**

Whenever a creditor whose claim against an insurer is secured, in whole or in part, by the undertaking of another person, fails to prove and file that claim, the other person may do so in the creditor's name, and is subrogated to the rights of the creditor, whether the claim has been filed by the creditor or by the other person in the creditor's name, to the extent that he or she discharges the undertaking. In the absence of an agreement with the creditor to the contrary, the other person is not entitled to a distribution until the amount paid to the creditor on the undertaking plus the distributions paid on the claim from the insurer's estate to the creditor equals the amount of the entire claim of the creditor. The creditor shall hold any excess received by him or her in trust for the other person. The term "other person" as used in this section does not apply to a guaranty association or foreign guaranty association.

An amount on deposit not claimed within six years from the discharge of the liquidator is deemed to have been abandoned and shall
be escheated without formal escheat proceedings and be deposited with the state treasurer.

After the liquidation proceeding has been terminated and the liquidator discharged, the commissioner or other interested party may at any time petition the court to reopen the proceedings for good cause, including the discovery of additional assets. RCW 48.31.165 Domiciliary receiver not appointed--Court order to liquidate--Notice--Domiciliary receiver appointed in other state.

(1) If no domiciliary receiver has been appointed, the commissioner may apply to the court for an order directing him or her to liquidate the assets found in this state of a foreign insurer or an alien insurer not domiciled in this state, on any of the grounds stated in: RCW 48.31.030, except subsection (10) of that section; 48.31.050(2); or 48.31.080.

(2) When an order is sought under subsection (1) of this section, the court shall cause the insurer to be given thirty days' notice and time to respond, or a lesser period reasonable under the circumstances.

(3) If it appears to the court that the best interests of creditors, policyholders, and the public require, the court may issue an order to liquidate in whatever terms it deems appropriate. The filing or recording of the order with the recorder of deeds of the county in which the principal business of the company in this state is located or the county in which its principal office or place of business in this state is located, imparts the same notice as a deed or other evidence of title duly filed or recorded with that recorder of deeds would have imparted.

(4) If a domiciliary liquidator is appointed in a reciprocal state while a liquidation is proceeding under this section, the liquidator under this section shall thereafter act as ancillary receiver under RCW 48.99.030. If a domiciliary liquidator is appointed in a nonreciprocal state while a liquidation is proceeding under this section, the liquidator under this section may petition the court for permission to act as ancillary receiver under RCW 48.99.030.

(5) On the same grounds as are specified in subsection (1) of this section, the commissioner may petition an appropriate federal court to be appointed receiver to liquidate that portion of the insurer's assets and business over which the court will exercise jurisdiction, or any lesser part thereof that the commissioner deems desirable for the protection of policyholders,
creditors, and the public in this state.

(6) The court may order the commissioner, when he or she has liquidated the assets of a foreign or alien insurer under this section, to pay claims of residents of this state against the insurer under those rules on the liquidation of insurers under this chapter that are otherwise compatible with this section.

RCW 48.31.171 Domiciliary liquidator--Reciprocal state--Nonreciprocal state--Commissioner's duties.

(1) Except as to special deposits and security on secured claims under RCW 48.99.030(2), the domiciliary liquidator of an insurer domiciled in a reciprocal state is vested by operation of law with the title to all of the assets, property, contracts, and rights of action, agents' balances, and all the books, accounts, and other records of the insurer located in this state. The date of vesting is the date of the filing of the petition, if that date is specified by the domiciliary law for the vesting of property in the domiciliary state. Otherwise, the date of vesting is the date of entry of the order directing possession to be taken. The domiciliary liquidator has the immediate right to recover balances due from agents and to obtain possession of the books, accounts, and other records of the insurer located in this state. The domiciliary liquidator also has the right to recover all other assets of the insurer located in this state, subject to RCW 48.99.030.

(2) If a domiciliary liquidator is appointed for an insurer not domiciled in a reciprocal state, the commissioner of this state is vested by operation of law with the title to all of the property, contracts, and rights of action, and all the books, accounts, and other records of the insurer located in this state, at the same time that the domiciliary liquidator is vested with title in the domicile. The commissioner of this state may petition for a conservation or liquidation order under RCW 48.31.100 or 48.99.030, or for an ancillary receivership under RCW 48.99.030, or after approval by the court may transfer title to the domiciliary liquidator, as the interests of justice and the equitable distribution of the assets require.

(3) Claimants residing in this state may file claims with the liquidator or ancillary receiver, if any, in this state or with the domiciliary liquidator, if the domiciliary law permits. The claims must be filed on or before the last date fixed for the filing of claims in the domiciliary liquidation proceedings.

RCW 48.31.181  Liquidation proceedings--One or more reciprocal states--Distributions--Special deposit claims--Secured claims.

(1) In a liquidation proceeding in this state involving one or more reciprocal states, the order of distribution of the domiciliary state controls as to claims of residents of this and reciprocal states. Claims of residents of reciprocal states shall be given equal priority of payment from general assets regardless of where the assets are located.

(2) The owners of special deposit claims against an insurer for which a liquidator is appointed in this or any other state shall be given priority against the special deposits in accordance with the statutes governing the creation and maintenance of the deposits. If there is a deficiency in a deposit, so that the claims secured by it are not fully discharged from it, the claimants may share in the general assets, but the sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

(3) The owner of a secured claim against an insurer for which a liquidator has been appointed in this or another state may surrender his or her security and file his or her claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors.

RCW 48.31.184  Ancillary receiver in another state or foreign country--Failure to transfer assets.

If an ancillary receiver in another state or foreign country, whether called by that name or not, fails to transfer to the domiciliary liquidator in this state assets within his or her control other than special deposits, diminished only by the expenses of the ancillary receivership, if any, then the claims filed in the ancillary receivership, other than special deposit claims or secured claims, shall be placed in the class of claims under *RCW 48.31.280(7).
RCW 48.31.185 Receiver's proposal to disperse assets upon liquidation--Application for approval--Contents of proposal--Notice of application.

(1) Within one hundred twenty days of a final determination of insolvency of an insurer and order of liquidation by a court of competent jurisdiction of this state, the receiver shall make application to the court for approval of a proposal to disperse assets out of such insurer's marshalled assets from time to time as such assets become available to the Washington Insurance Guaranty Association and the Washington Life and Disability Insurance Guaranty Association and to any entity or person performing a similar function in another state. (The Washington Insurance Guaranty Association and the Washington Life and Disability Insurance Guaranty Association and any entity or person performing a similar function in other states shall in this section be referred to collectively as the "associations".)

(2) Such proposal shall at least include provisions for:
   (a) Reserving amounts for the payment of claims falling within the priorities established in *RCW 48.31.280 (2)(a), (b), and (c) as now or hereafter amended;
   (b) Disbursement of the assets marshalled to date and subsequent disbursements of assets as they become available;
   (c) Equitable allocation of disbursements to each of the associations entitled thereto;
   (d) The securing by the receiver from each of the associations entitled to disbursements pursuant to this section an agreement to return to the receiver such assets previously disbursed as may be required to pay claims of secured creditors and claims falling within the priorities established in RCW 48.31.280 as now or hereafter amended in accordance with such priorities. No bond shall be required of any such association; and
   (e) A full report to be made by the association to the receiver accounting for all assets so disbursed to the association, all disbursements made therefrom, any interest earned by the association on such assets, and any other matters as the court may direct.

(3) The receiver's proposal shall provide for disbursements to the associations in amounts estimated at least equal to the claim payments made or to be made thereby for which such associations could assert a claim against the receiver, and shall further provide that if the assets available for disbursement from time to time do not equal or exceed the amount of such claim payments made or to be made by the associations then disbursements shall be in the amount of available assets.

(4) The receiver's proposal shall, with respect to an insolvent insurer writing life insurance, disability insurance, or annuities, provide for disbursements of assets to the Washington Life and Disability Insurance Guaranty Association or to any other entity or organization reinsuring, assuming, or guaranteeing policies or contracts of insurance under the provisions of the Washington Life and Disability Insurance Guaranty Association Act.
(5) Notice of such application shall be given to the associations in and to the commissioners of insurance of each of the states. Any such notice shall be deemed to have been given when deposited in the United States certified mails, first class postage prepaid, at least thirty days prior to submission of such application to the court.

Proceedings under this chapter involving other insurers shall be commenced in the superior court for Thurston county.

(2) The commissioner shall commence any such proceeding, the attorney general representing him, by an application to the court or to any judge thereof, for an order directing the insurer to show cause why the commissioner should not have the relief prayed for.

(3) Upon a showing of an emergency or threat of imminent loss to policyholders of the insurer the court may issue an ex parte order authorizing the commissioner immediately to take over the premises and assets of the insurer, the commissioner then to preserve the status quo, pending a hearing on the order to show cause, which shall be heard as soon as the court calendar permits in preference to other civil cases.

(4) In response to any order to show cause issued under this chapter the insurer shall have the burden of going forward with and producing evidence to show why the relief prayed for by the commissioner is not required.

(5) On the return of such order to show cause, and after a full hearing, the court shall either deny the relief sought in the application or grant the relief sought in the application together with such other relief as the nature of the case and the interest of policyholders, creditors, stockholders, members, subscribers, or the public may require.

(6) No appellate review of a superior court order, entered after a hearing, granting the commissioner's petition to rehabilitate an insurer or to carry out an insolvency proceeding under this chapter, shall stay the action of the commissioner in the discharge of his responsibilities under this chapter, pending a decision by the appellate court in the matter.

(7) In any proceeding under this chapter the commissioner and his deputies shall be responsible on their official bonds for the faithful performance of their duties. If the court deems it desirable for the protection of the assets, it may at any time require an additional bond from the commissioner or his deputies.

(2) The court may at any time during a proceeding under this chapter issue such other injunctions or orders as may be deemed necessary to prevent interference with the commissioner or the proceeding, or waste of the assets of the insurer, or the commencement or prosecution of any actions, or the obtaining of preferences, judgments, attachments or other liens, or the making of any levy against the insurer or against its assets or any part thereof.

**RCW 48.31.270 Voidable transfers.**

(1) Any transfer of, or lien upon, the property of an insurer which is made or created within four months prior to the granting of an order to show cause under this chapter with the intent of giving to any creditor or of enabling him to obtain a greater percentage of his debt than any other creditor of the same class and which is accepted by such creditor having reasonable cause to believe that such a preference will occur, shall be voidable.

(2) Every director, officer, employee, stockholder, member, subscriber, and any other person acting on behalf of such insurer who shall be concerned in any such act or deed and every person receiving thereby any property of such insurer or the benefit thereof shall be personally liable therefor and shall be bound to account to the commissioner.

(3) The commissioner as liquidator, rehabilitator or conservator in any proceeding under this chapter, may avoid any transfer of, or lien upon the property of an insurer which any creditor, stockholder, subscriber or member of such insurer might have avoided and may recover
the property so transferred unless such person was a bona fide holder for value prior to the date of the granting of an order to show cause under this chapter. Such property or its value may be recovered from anyone who has received it except a bona fide holder for value as above specified.

[1947 c 79 § .31.27; Rem. Supp. 1947 § 45.31.27.]

**RCW 48.31.280 Priority and order of distribution of claims.**

The priority of distribution of claims from the insurer's estate is as follows: Every claim in a class must be paid in full or adequate funds retained for payment before the members of the next class receive any payment; no subclasses may be established within a class; and no claim by a shareholder, policyholder, or other creditor may circumvent the priority classes through the use of equitable remedies. The order of distribution of claims is:

1. **Class 1.** The costs and expenses of administration during rehabilitation and liquidation, including but not limited to the following:
   - The actual and necessary costs of preserving or recovering the assets of the insurer;
   - Compensation for all authorized services rendered in the rehabilitation and liquidation;
   - Necessary filing fees;
   - The fees and mileage payable to witnesses;
   - Authorized reasonable attorneys' fees and other professional services rendered in the rehabilitation and liquidation;
   - The reasonable expenses of a guaranty association or foreign guaranty association for unallocated loss adjustment expenses.

2. **Class 2.** Loss claims. For purposes of this section, loss claims are all claims under policies, including claims of the federal or a state or local government, for losses incurred, including third-party claims, and all claims of a guaranty association or foreign guaranty association. All claims under life insurance and annuity policies, whether for death proceeds, annuity proceeds, or investment values, are loss claims. That portion of any loss indemnification that is provided for by other benefits or advantages recovered by the claimant, is not included in this class, other than benefits or advantages recovered or recoverable in discharge of familial obligations of support or by way of succession at death or as proceeds of life insurance, or as gratuities. No payment by an employer to an employee may be treated as a gratuity. Loss claims also include claims under nonassessable policies for unearned premium or other premium refunds.

3. **Class 3.** Claims of the federal government, other than claims which are included as loss claims under subsection (2) of this section.

4. **Class 4.** Reasonable compensation to employees for services performed to the extent that they do not exceed two months of monetary compensation and represent payment for services performed within one year before the filing of the petition for liquidation or, if rehabilitation preceded liquidation, within one year before the filing of the petition for rehabilitation; except, where there are no claims and no potential claims of the federal
government in the estate, in which case claims in this class shall have priority over claims in class 2 and below. Principal officers and directors are not entitled to the benefit of this priority except as otherwise approved by the liquidator and the court. This priority is in lieu of any other similar priority that may be authorized by law as to wages or compensation of employees.

(5) Class 5. Claims of general creditors including claims of ceding and assuming companies in their capacity as such.

(6) Class 6. Claims of any state or local government, except those under subsection (2) of this section. Claims, including those of any governmental body for a penalty or forfeiture, are allowed in this class only to the extent of the pecuniary loss sustained from the act, transaction, or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs occasioned thereby. The remainder of such claims are postponed to the class of claims under subsection (9) of this section.

(7) Class 7. Claims filed late or any other claims other than claims under subsections (8) and (9) of this section.

(8) Class 8. Surplus or contribution notes, or similar obligations, and premium refunds on assessable policies. Payments to members of domestic mutual insurance companies are limited in accordance with law.

(9) Class 9. The claims of shareholders or other owners in their capacity as shareholders.

RCW 48.31.290 Offsets.

(1) In all cases of mutual debts or mutual credits between the insurer and another person in connection with any action or proceeding under this chapter, such credits and debts shall be set off and the balance only shall be allowed or paid, except as provided in subsection (2) of this section.

(2) No offset shall be allowed in favor of any such person where (a) the obligation of the insurer to such person would not at the date of the entry of any liquidation order, or otherwise, as provided in RCW 48.31.260, entitle him to share as a claimant in the assets of the insurer, or (b) the obligation of the insurer to such person was purchased by or transferred to such person with a view of its being used as an offset, or (c) the obligation of such person is to pay an assessment levied against the members of a mutual insurer, or against the subscribers of a reciprocal insurer, or is to pay a balance upon a subscription to the capital stock of a stock insurer.

[1947 c 79 § .31.29; Rem. Supp. 1947 § 45.31.29.]
RCW 48.31.300  Allowance of contingent and other claims.

(1) No contingent claim shall share in a distribution of the assets of an insurer which has been adjudicated to be insolvent by an order made pursuant to RCW 48.31.310, except that such claims shall be considered, if properly presented, and may be allowed to share where:

(a) Such claim becomes absolute against the insurer on or before the last day fixed for filing of proofs of claim against the assets of such insurer, or

(b) There is a surplus and the liquidation is thereafter conducted upon the basis that such insurer is solvent.

(2) Where an insurer has been so adjudicated to be insolvent any person who has a cause of action against an insured of such insurer under a liability insurance policy issued by such insurer, shall have the right to file a claim in the liquidation proceeding, regardless of the fact that such claim may be contingent, and such claim may be allowed

(a) If it may be reasonably inferred from the proof presented upon such claim that such person would be able to obtain a judgment upon such cause of action against such insured; and

(b) If such person shall furnish suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claims against such insurer arising out of his or her cause of action other than those already presented can be made; and

(c) If the total liability of such insurer to all claimants arising out of the same act of its insured shall be no greater than its maximum liability would be were it not in liquidation.

No judgment against such an insured taken after the date of the entry of the liquidation order shall be considered in the liquidation proceedings as evidence of liability, or of the amount of damages, and no judgment against an insured taken by default, inquest or by collusion prior to the entry of the liquidation order shall be considered as conclusive evidence in the liquidation proceeding either of the liability of such insured to such person upon such cause of action or of the amount of damages to which such person is therein entitled.

(3) No claim of any secured claimant shall be allowed at a sum greater than the difference between the value of the claim without security and the value of the security itself as of the date of the entry of the order of liquidation or such other date set by the court for fixation of rights and liabilities as provided in RCW 48.31.260 unless the claimant shall surrender his or her security to the commissioner in which event the claim shall be allowed in the full amount for which it is valued.

(4) Whether or not the third party files a claim, the insured may file a claim on his or her own behalf in the liquidation.

(5) No claim may be presented under this section if it is or may be covered by a guaranty association or foreign guaranty association.

Notes:

Severability--Implementation--1993 c 462: See RCW 48.31B.901 and 48.31B.902.
(1) If upon the granting of an order of liquidation under this chapter or at any time thereafter during the liquidation proceeding, the insurer shall not be clearly solvent, the court shall after such notice and hearing as it deems proper, make an order declaring the insurer to be insolvent. Thereupon, regardless of any prior notice which may have been given to creditors, the commissioner shall notify all persons who may have claims against such insurer and who have not filed proper proofs thereof, to present the same to him, at a place specified in such notice, within four months from the date of the entry of such order, or if the commissioner shall certify that it is necessary, within such longer time as the court shall prescribe. The last day for the filing of proofs of claim shall be specified in the notice. Such notice shall be given in a manner determined by the court.

(2) Proofs of claim may be filed subsequent to the date specified, but no such claim shall share in the distribution of the assets until all allowed claims, proofs of which have been filed before said date, have been paid in full with interest.

**RCW 48.31.320 Report for assessment.**

Within three years from the date an order of rehabilitation or liquidation of a domestic mutual insurer or a domestic reciprocal insurer was filed in the office of the clerk of the court by which such order was made, the commissioner may make a report to the court setting forth

1. the reasonable value of the assets of the insurer;
2. the insurer's probable liabilities; and
3. the probable necessary assessment, if any, to pay all claims and expenses in full, including expenses of administration.

[1947 c 79 § .31.32; Rem. Supp. 1947 § 45.31.32.]

**RCW 48.31.330 Levy of assessment.**

(1) Upon the basis of the report provided for in RCW 48.31.320, including any amendments thereof, the court, ex parte, may levy one or more assessments against all members of such insurer who, as shown by the records of the insurer, were members (if a mutual insurer) or subscribers (if a reciprocal insurer) at any time within one year prior to the date of issuance of the order to show cause under RCW 48.31.190.

(2) Such assessment or assessments shall cover the excess of the probable liabilities over the reasonable value of the assets, together with the estimated cost of collection and percentage of uncollectibility thereof. The total of all assessments against any member or subscriber with respect to any policy, whether levied pursuant to this chapter or pursuant to any other provisions of this code, shall be for no greater amount than that specified in the policy or policies of the member or subscriber and as limited under this code; except that if the court finds that the policy was issued at a rate of premium below the minimum rate lawfully permitted for the risk insured, the court may determine the upper limit of such assessment upon the basis of such minimum rate.
(3) No assessment shall be levied against any member or subscriber with respect to any nonassessable policy issued in accordance with this code.

[1947 c 79 § .31.33; Rem. Supp. 1947 § 45.31.33.]

**RCW 48.31.340 Order for payment of assessment.**

After levy of assessment as provided in RCW 48.31.330, upon the filing of a further detailed report by the commissioner, the court shall issue an order directing each member (if a mutual insurer) or each subscriber (if a reciprocal insurer) if he shall not pay the amount assessed against him to the commissioner on or before a day to be specified in the order, to show cause why he should not be held liable to pay such assessment together with costs as set forth in RCW 48.31.360 and why the commissioner should not have judgment therefor.

[1947 c 79 § .31.34; Rem. Supp. 1947 § 45.31.34.]

**RCW 48.31.350 Publication, transmittal of assessment order.**

The commissioner shall cause a notice of such assessment order setting forth a brief summary of the contents of such order to be:

(1) Published in such manner as shall be directed by the court; and

(2) Enclosed in a sealed envelope, addressed and mailed postage prepaid to each member or subscriber liable thereunder at his last known address as it appears on the records of the insurer, at least twenty days before the return day of the order to show cause provided for in RCW 48.31.340.

[1947 c 79 § .31.35; Rem. Supp. 1947 § 45.31.35.]

**RCW 48.31.360 Judgment upon the assessment.**

(1) On the return day of the order to show cause provided for in RCW 48.31.340 if the member or subscriber does not appear and serve verified objections upon the commissioner, the court shall make an order adjudging that such member or subscriber is liable for the amount of the assessment against him together with ten dollars costs, and that the commissioner may have judgment against the member or subscriber therefor.

(2) If on such return day the member or subscriber shall appear and serve verified objections upon the commissioner there shall be a full hearing before the court or a referee to hear and determine, who, after such hearing, shall make an order either negating the liability of the member or subscriber to pay the assessment or affirming his liability to pay the whole or some part thereof together with twenty-five dollars costs and the necessary disbursements incurred at such hearing, and directing that the commissioner in the latter case may have judgment therefor.

(3) A judgment upon any such order shall have the same force and effect, and may be entered and docketed, and may be appealed from as if it were a judgment in an original action
brought in the court in which the proceeding is pending.

RCW 48.31B.005 Definitions.

As used in this chapter, the following terms have the meanings set forth in this section, unless the context requires otherwise.

(1) An "affiliate" of, or person "affiliated" with, a specific person, is a person who directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(2) The term "control," including the terms "controlling," "controlled by," and "under common control with," means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement
services, or otherwise, unless the power is the result of an official position with or corporate
office held by the person. Control is presumed to exist if a person, directly or indirectly, owns,
controls, holds with the power to vote, or holds proxies representing, ten percent or more of the
voting securities of any other person. This presumption may be rebutted by a showing made in a
manner similar to that provided by RCW 48.31B.025(11) that control does not exist in fact. The
commissioner may determine, after furnishing all persons in interest notice and opportunity to be
heard and making specific findings of fact to support such determination, that control exists in
fact, notwithstanding the absence of a presumption to that effect.

(3) An "insurance holding company system" consists of two or more affiliated persons,
one or more of which is an insurer.

(4) The term "insurer" has the same meaning as set forth in RCW 48.01.050; it does not
include agencies, authorities, or instrumentalities of the United States, its possessions and
territories, the commonwealth of Puerto Rico, the District of Columbia, or a state or political
subdivision of a state.

(5) A "person" is an individual, a corporation, a partnership, an association, a joint stock
company, a trust, an unincorporated organization, a similar entity, or any combination of the
foregoing acting in concert, but does not include a joint venture partnership exclusively engaged
in owning, managing, leasing, or developing real or tangible personal property.

(6) A "securityholder" of a specified person is one who owns a security of that person,
including common stock, preferred stock, debt obligations, and any other security convertible
into or evidencing the right to acquire any of the foregoing.

(7) A "subsidiary" of a specified person is an affiliate controlled by that person directly
or indirectly through one or more intermediaries.

(8) The term "voting security" includes a security convertible into or evidencing a right to
acquire a voting security.

[1993 c 462 § 2.]

RCW 48.31B.010 Insurer ceases to control subsidiary--Disposal of investment.
If an insurer ceases to control a subsidiary, it shall dispose of any investment in the
subsidiary within three years from the time of the cessation of control or within such further time
as the commissioner may prescribe, unless at any time after the investment has been made, the
investment meets the requirements for investment under any other section of this Title, and the
insurer has notified the commissioner thereof.

[1993 c 462 § 3.]

RCW 48.31B.015 Control of insurer--Acquisition, merger, or exchange--Preacquisition
notification--Jurisdiction of courts.
(1) No person other than the issuer may make a tender offer for or a request or invitation
for tenders of, or enter into an agreement to exchange securities of, seek to acquire, or acquire, in
the open market or otherwise, voting security of a domestic insurer if, after the consummation
thereof, the person would, directly or indirectly, or by conversion or by exercise of a right to acquire, be in control of the insurer. No person may enter into an agreement to merge with or otherwise to acquire control of a domestic insurer or person controlling a domestic insurer unless, at the time the offer, request, or invitation is made or the agreement is entered into, or before the acquisition of the securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the insurer, a statement containing the information required by this section and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner as prescribed in this section.

For purposes of this section a domestic insurer includes a person controlling a domestic insurer unless the person, as determined by the commissioner, is either directly or through its affiliates primarily engaged in business other than the business of insurance. However, the person shall file a preacquisition notification with the commissioner containing the information set forth in RCW 48.31B.020(3)(a) sixty days before the proposed effective date of the acquisition. Persons who fail to file the required preacquisition notification with the commissioner are subject to the penalties in RCW 48.31B.020(5)(c). For the purposes of this section, "person" does not include a securities broker holding, in usual and customary broker's function, less than twenty percent of the voting securities of an insurance company or of a person who controls an insurance company.

(2) The statement to be filed with the commissioner under this section must be made under oath or affirmation and must contain the following information:

(a) The name and address of each person by whom or on whose behalf the merger or other acquisition of control referred to in subsection (1) of this section is to be effected, hereinafter called "acquiring party," and:

(i) If that person is an individual, his or her principal occupation and all offices and positions held during the past five years, and any conviction of crimes other than minor traffic violations during the past ten years;

(ii) If that person is not an individual, a report of the nature of its business operations during the past five years or for such lesser period as the person and any predecessors have been in existence; an informative description of the business intended to be done by the person's subsidiaries; any convictions of crimes during the past ten years; and a list of all individuals who are or who have been selected to become directors or executive officers of the person, or who perform or will perform functions appropriate to those positions. The list must include for each such individual the information required by (a)(i) of this subsection.

(b) The source, nature, and amount of the consideration used or to be used in effecting the merger or other acquisition of control, a description of any transaction in which funds were or are to be obtained for any such purpose, including a pledge of the insurer's stock, or the stock of any of its subsidiaries or controlling affiliates, and the identity of persons furnishing the consideration. However, where a source of the consideration is a loan made in the lender's ordinary course of business, the identity of the lender must remain confidential if the person filing the statement so requests.

(c) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five fiscal years of each acquiring party, or for such lesser
period as the acquiring party and any predecessors have been in existence, and similar unaudited information as of a date not earlier than ninety days before the filing of the statement.

(d) Any plans or proposals that each acquiring party may have to liquidate the insurer, to sell its assets or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management.

(e) The number of shares of any security referred to in subsection (1) of this section that each acquiring party proposes to acquire, the terms of the offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section, and a statement as to the method by which the fairness of the proposal was arrived at.

(f) The amount of each class of any security referred to in subsection (1) of this section that is beneficially owned or concerning which there is a right to acquire beneficial ownership by each acquiring party.

(g) A full description of any contracts, arrangements, or understandings with respect to any security referred to in subsection (1) of this section in which an acquiring party is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. The description must identify the persons with whom the contracts, arrangements, or understandings have been entered into.

(h) A description of the purchase of any security referred to in subsection (1) of this section during the twelve calendar months before the filing of the statement, by an acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid for the security.

(i) A description of any recommendations to purchase any security referred to in subsection (1) of this section made during the twelve calendar months before the filing of the statement, by an acquiring party, or by anyone based upon interviews or at the suggestion of the acquiring party.

(j) Copies of all tender offers for, requests or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in subsection (1) of this section, and, if distributed, of additional soliciting material relating to the securities.

(k) The term of an agreement, contract, or understanding made with or proposed to be made with a broker-dealer as to solicitation or securities referred to in subsection (1) of this section for tender, and the amount of fees, commissions, or other compensation to be paid to broker-dealers with regard to the securities.

(l) Such additional information as the commissioner may prescribe by rule as necessary or appropriate for the protection of policyholders of the insurer or in the public interest.

If the person required to file the statement referred to in subsection (1) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by (a) through (l) of this subsection shall be given with respect to each partner of the partnership or limited partnership, each member of the syndicate or group, and each person who controls a partner or member. If a partner, member, or person is a corporation, or the person required to file the statement referred to in subsection (1) of this section is a
corporation, the commissioner may require that the information called for by (a) through (l) of this subsection shall be given with respect to the corporation, each officer and director of the corporation, and each person who is directly or indirectly the beneficial owner of more than ten percent of the outstanding voting securities of the corporation.

If a material change occurs in the facts set forth in the statement filed with the commissioner and sent to the insurer under this section, an amendment setting forth the change, together with copies of all documents and other material relevant to the change, must be filed with the commissioner and sent to the insurer within two business days after the person learns of the change.

(3) If an offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section is proposed to be made by means of a registration statement under the Securities Act of 1933 or in circumstances requiring the disclosure of similar information under the Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (1) of this section may use those documents in furnishing the information called for by that statement.

(4)(a) The commissioner shall approve a merger or other acquisition of control referred to in subsection (1) of this section unless, after a public hearing thereon, he or she finds that:
   (i) After the change of control, the domestic insurer referred to in subsection (1) of this section would not be able to satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;
   (ii) The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in this state or tend to create a monopoly therein. In applying the competitive standard in (a)(ii) of this subsection:
      (A) The informational requirements of RCW 48.31B.020(3)(a) and the standards of RCW 48.31B.020(4)(b) apply;
      (B) The commissioner may not disapprove the merger or other acquisition if the commissioner finds that any of the situations meeting the criteria provided by RCW 48.31B.020(4)(c) exist; and
      (C) The commissioner may condition the approval of the merger or other acquisition on the removal of the basis of disapproval within a specified period of time;
   (iii) The financial condition of an acquiring party is such as might jeopardize the financial stability of the insurer, or prejudice the interest of its policyholders;
   (iv) The plans or proposals that the acquiring party has to liquidate the insurer, sell its assets, consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management, are unfair and unreasonable to policyholders of the insurer and not in the public interest;
   (v) The competence, experience, and integrity of those persons who would control the operation of the insurer are such that it would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control; or
   (vi) The acquisition is likely to be hazardous or prejudicial to the insurance-buying public.
   
   (b) The commissioner shall approve an exchange or other acquisition of control referred
to in this section within sixty days after he or she declares the statement filed under this section to be complete and after holding a public hearing. At the hearing, the person filing the statement, the insurer, and any person whose significant interest is determined by the commissioner to be affected may present evidence, examine and cross-examine witnesses, and offer oral and written arguments and in connection therewith may conduct discovery proceedings in the same manner as is allowed in the superior court of this state. All discovery proceedings must be concluded not later than three days before the commencement of the public hearing.

(c) The commissioner may retain at the acquiring person's expense any attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as may be reasonably necessary to assist the commissioner in reviewing the proposed acquisition of control. All reasonable costs of a hearing held under this section, as determined by the commissioner, including costs associated with the commissioner's use of investigatory, professional, and other necessary personnel, mailing of required notices and other information, and use of equipment or facilities, must be paid before issuance of the commissioner's order by the acquiring person.

(5) This section does not apply to:

(a) A transaction that is subject to RCW 48.31.010, dealing with the merger or consolidation of two or more insurers;

(b) An offer, request, invitation, agreement, or acquisition that the commissioner by order has exempted from this section as: (i) Not having been made or entered into for the purpose and not having the effect of changing or influencing the control of a domestic insurer, or (ii) otherwise not comprehended within the purposes of this section.

(6) The following are violations of this section:

(a) The failure to file a statement, amendment, or other material required to be filed under subsection (1) or (2) of this section; or

(b) The effectuation or an attempt to effectuate an acquisition of control of, or merger with, a domestic insurer unless the commissioner has given approval thereto.

(7) The courts of this state have jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under this section, and over all actions involving that person arising out of violations of this section, and each such person is deemed to have performed acts equivalent to and constituting an appointment by that person of the commissioner to be the person's true and lawful attorney upon whom may be served all lawful process in an action, suit, or proceeding arising out of violations of this section. Copies of all such lawful process shall be served on the commissioner and transmitted by registered or certified mail by the commissioner to such person at the person's last known address.

[1993 c 462 § 4.]

RCW 48.31B.020 Acquisition of insurer--Change in control--Definitions--Exemptions--Competition--Preacquisition notification--Violations--Penalties.
(1) The definitions in this subsection apply only for the purposes of this section.

(a) "Acquisition" means an agreement, arrangement, or activity, the consummation of which results in a person acquiring directly or indirectly the control of another person, and includes but is not limited to the acquisition of voting securities, the acquisition of assets, bulk reinsurance, and mergers.

(b) An "involved insurer" includes an insurer which either acquires or is acquired, is affiliated with an acquirer or acquired, or is the result of a merger.

(2)(a) Except as exempted in (b) of this subsection, this section applies to any acquisition in which there is a change in control of an insurer authorized to do business in this state.

(b) This section does not apply to the following:

(i) An acquisition subject to approval or disapproval by the commissioner under RCW 48.31B.015;

(ii) A purchase of securities solely for investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in this state. If a purchase of securities results in a presumption of control under RCW 48.31B.005(2), it is not solely for investment purposes unless the commissioner of the insurer's state of domicile accepts a disclaimer of control or affirmatively finds that control does not exist and the disclaimer action or affirmative finding is communicated by the domiciliary commissioner to the commissioner of this state;

(iii) The acquisition of a person by another person when neither person is directly nor through affiliates primarily engaged in the business of insurance, if preacquisition notification is filed with the commissioner in accordance with subsection (3)(a) of this section sixty days before the proposed effective date of the acquisition. However, preacquisition notification is not required for exclusion from this section if the acquisition would otherwise be excluded from this section by this subsection (2)(b);

(iv) The acquisition of already affiliated persons;

(v) An acquisition if, as an immediate result of the acquisition:

(A) In no market would the combined market share of the involved insurers exceed five percent of the total market;

(B) There would be no increase in any market share; or

(C) In no market would:

(I) The combined market share of the involved insurers exceed twelve percent of the total market; and

(II) The market share increase be by more than two percent of the total market.

For the purpose of (b)(v) of this subsection, a "market" means direct written insurance premium in this state for a line of business as contained in the annual statement required to be filed by insurers licensed to do business in this state;

(vi) An acquisition for which a preacquisition notification would be required under this section due solely to the resulting effect on the ocean marine insurance line of business;

(vii) An acquisition of an insurer whose domiciliary commissioner affirmatively finds: That the insurer is in failing condition; there is a lack of feasible alternative to improving such condition; and the public benefits of improving the insurer's condition through the acquisition
exceed the public benefits that would arise from not lessening competition; and the findings are communicated by the domiciliary commissioner to the commissioner of this state.

(3) An acquisition covered by subsection (2) of this section may be subject to an order under subsection (5) of this section unless the acquiring person files a preacquisition notification and the waiting period has expired. The acquired person may file a preacquisition notification.

(a) The preacquisition notification must be in such form and contain such information as prescribed by the commissioner relating to those markets that, under subsection (2)(b)(v) of this section, cause the acquisition not to be exempted from this section. The commissioner may require such additional material and information as he or she deems necessary to determine whether the proposed acquisition, if consummated, would violate the competitive standard of subsection (4) of this section. The required information may include an opinion of an economist as to the competitive impact of the acquisition in this state accompanied by a summary of the education and experience of the person indicating his or her ability to render an informed opinion.

(b) The waiting period required begins on the date the commissioner declares the preacquisition notification to be complete and ends on the earlier of the sixtieth day after the date of the declaration or the termination of the waiting period by the commissioner. Before the end of the waiting period, the commissioner may require the submission of additional needed information relevant to the proposed acquisition. If additional information is required, the waiting period ends on the earlier of the sixtieth day after the commissioner declares he or she has received the additional information or the termination of the waiting period by the commissioner.

(4)(a) The commissioner may enter an order under subsection (5)(a) of this section with respect to an acquisition if there is substantial evidence that the effect of the acquisition may be substantially to lessen competition in a line of insurance in this state or tend to create a monopoly therein or if the insurer fails to file adequate information in compliance with subsection (3) of this section.

(b) In determining whether a proposed acquisition would violate the competitive standard of (a) of this subsection, the commissioner shall consider the following:

(i) An acquisition covered under subsection (2) of this section involving two or more insurers competing in the same market is prima facie evidence of violation of the competitive standards:

(A) If the market is highly concentrated and the involved insurers possess the following shares of the market:

<table>
<thead>
<tr>
<th>Insurer A</th>
<th>Insurer B</th>
</tr>
</thead>
<tbody>
<tr>
<td>4%</td>
<td>4% or more</td>
</tr>
<tr>
<td>10%</td>
<td>2% or more</td>
</tr>
<tr>
<td>15%</td>
<td>1% or more; or</td>
</tr>
</tbody>
</table>
(B) If the market is not highly concentrated and the involved insurers possess the following shares of the market:

<table>
<thead>
<tr>
<th>Insurer A</th>
<th>Insurer B</th>
</tr>
</thead>
<tbody>
<tr>
<td>5%</td>
<td>5% or more</td>
</tr>
<tr>
<td>10%</td>
<td>4% or more</td>
</tr>
<tr>
<td>15%</td>
<td>3% or more</td>
</tr>
<tr>
<td>19%</td>
<td>1% or more</td>
</tr>
</tbody>
</table>

A highly concentrated market is one in which the share of the four largest insurers is seventy-five percent or more of the market. Percentages not shown in the tables are interpolated proportionately to the percentages that are shown. If more than two insurers are involved, exceeding the total of the two columns in the table is prima facie evidence of violation of the competitive standard in (a) of this subsection. For the purpose of (b)(i) of this subsection, the insurer with the largest share of the market is Insurer A.

(ii) There is a significant trend toward increased concentration when the aggregate market share of a grouping of the largest insurers in the market, from the two largest to the eight largest, has increased by seven percent or more of the market over a period of time extending from a base year five to ten years before the acquisition up to the time of the acquisition. An acquisition or merger covered under subsection (2) of this section involving two or more insurers competing in the same market is prima facie evidence of violation of the competitive standard in (a) of this subsection if:

(A) There is a significant trend toward increased concentration in the market;
(B) One of the insurers involved is one of the insurers in a grouping of such large insurers showing the requisite increase in the market share; and
(C) Another involved insurer's market is two percent or more.

(iii) For the purposes of (b) of this subsection:

(A) The term "insurer" includes a company or group of companies under common management, ownership, or control;
(B) The term "market" means the relevant product and geographical markets. In determining the relevant product and geographical markets, the commissioner shall give due consideration to, among other things, the definitions or guidelines, if any, adopted by the National Association of Insurance Commissioners and to information, if any, submitted by parties to the acquisition. In the absence of sufficient information to the contrary, the relevant product market is assumed to be the direct written insurance premium for a line of business, such line being that used in the annual statement required to be filed by insurers doing business in this state, and the relevant geographical market is assumed to be this state;
(C) The burden of showing prima facie evidence of violation of the competitive standard rests upon the commissioner.

(iv) Even though an acquisition is not prima facie violative of the competitive standard
under (b)(i) and (ii) of this subsection, the commissioner may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under (b)(i) and (ii) of this subsection, a party may establish the absence of the requisite anticompetitive effect based upon other substantial evidence. Relevant factors in making a determination under (b)(iv) of this subsection include, but are not limited to, the following: Market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry and exit into the market.

(c) An order may not be entered under subsection (5)(a) of this section if:

(i) The acquisition will yield substantial economies of scale or economies in resource use that cannot be feasibly achieved in any other way, and the public benefits that would arise from the economies exceed the public benefits that would arise from not lessening competition; or

(ii) The acquisition will substantially increase the availability of insurance, and the public benefits of the increase exceed the public benefits that would arise from not lessening competition.

(5)(a)(i) If an acquisition violates the standards of this section, the commissioner may enter an order:

(A) Requiring an involved insurer to cease and desist from doing business in this state with respect to the line or lines of insurance involved in the violation; or

(B) Denying the application of an acquired or acquiring insurer for a license to do business in this state.

(ii) The commissioner may not enter the order unless: (A) There is a hearing; (B) notice of the hearing is issued before the end of the waiting period and not less than fifteen days before the hearing; and (C) the hearing is concluded and the order is issued no later than sixty days after the end of the waiting period. Every order must be accompanied by a written decision of the commissioner setting forth his or her findings of fact and conclusions of law.

(iii) An order entered under (a) of this subsection may not become final earlier than thirty days after it is issued, during which time the involved insurer may submit a plan to remedy the anticompetitive impact of the acquisition within a reasonable time. Based upon the plan or other information, the commissioner shall specify the conditions, if any, under the time period during which the aspects of the acquisition causing a violation of the standards of this section would be remedied and the order vacated or modified.

(iv) An order pursuant to (a) of this subsection does not apply if the acquisition is not consummated.

(b) A person who violates a cease and desist order of the commissioner under (a) of this subsection and while the order is in effect, may, after notice and hearing and upon order of the commissioner, be subject at the discretion of the commissioner to one or more of the following:

(i) A monetary penalty of not more than ten thousand dollars for every day of violation; or

(ii) Suspension or revocation of the person's license; or

(iii) Both (b)(i) and (b)(ii) of this subsection.

(c) An insurer or other person who fails to make a filing required by this section and who
also fails to demonstrate a good faith effort to comply with the filing requirement, is subject to a civil penalty of not more than fifty thousand dollars.

(6) RCW 48.31B.045 (2) and (3) and 48.31B.050 do not apply to acquisitions covered under subsection (2) of this section.

[1993 c 462 § 5.]

**RCW 48.31B.025 Registration with commissioner--Information required--Rule making--Disclaimer of affiliation--Failure to file.**

(1) Every insurer authorized to do business in this state that is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to those contained in:

(a) This section;
(b) RCW 48.31B.030 (1)(a), (2), and (3); and
(c) Either RCW 48.31B.030(1)(b) or a provision such as the following: Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions within fifteen days after the end of the month in which it learns of each change or addition.

An insurer subject to registration under this section shall register within fifteen days after it becomes subject to registration, and annually thereafter by May 15th of each year for the previous calendar year, unless the commissioner for good cause shown extends the time for registration, and then within the extended time. The commissioner may require an insurer authorized to do business in the state that is a member of a holding company system, but that is not subject to registration under this section, to furnish a copy of the registration statement, the summary specified in subsection (3) of this section, or other information filed by the insurance company with the insurance regulatory authority of its domiciliary jurisdiction.

(2) An insurer subject to registration shall file the registration statement on a form prescribed by the commissioner, containing the following current information:

(a) The capital structure, general financial condition, ownership, and management of the insurer and any person controlling the insurer;
(b) The identity and relationship of every member of the insurance holding company system;
(c) The following agreements in force, and transactions currently outstanding or that have occurred during the last calendar year between the insurer and its affiliates:
   (i) Loans, other investments, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;
   (ii) Purchases, sales, or exchange of assets;
   (iii) Transactions not in the ordinary course of business;
   (iv) Guarantees or undertakings for the benefit of an affiliate that result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;
(v) All management agreements, service contracts, and cost-sharing arrangements;
(vi) Reinsurance agreements;
(vii) Dividends and other distributions to shareholders; and
(viii) Consolidated tax allocation agreements;
(d) Any pledge of the insurer's stock, including stock of subsidiary or controlling affiliate, for a loan made to a member of the insurance holding company system;
(e) Other matters concerning transactions between registered insurers and affiliates as may be included from time to time in registration forms adopted or approved by the commissioner.

(3) Registration statements must contain a summary outlining all items in the current registration statement representing changes from the prior registration statement.

(4) No information need be disclosed on the registration statement filed under subsection (2) of this section if the information is not material for the purposes of this section. Unless the commissioner by rule or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, investments, or guarantees involving one-half of one percent or less of an insurer's admitted assets as of the 31st day of the previous December are not material for purposes of this section.

(5)(a) Subject to RCW 48.31B.030(2), each registered insurer shall report to the commissioner all dividends and other distributions to shareholders within five business days after their declaration and at least fifteen business days before payment, and shall provide the commissioner such other information as may be required by rule.

(b) If the commissioner determines that a registered insurer's surplus as regards policyholders is not reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the commissioner may order the registered insurance company to limit or discontinue the payment of stockholder dividends until such time as the surplus is adequate.

(6) A person within an insurance holding company system subject to registration shall provide complete and accurate information to an insurer, where the information is reasonably necessary to enable the insurer to comply with this chapter.

(7) The commissioner shall terminate the registration of an insurer that demonstrates that it no longer is a member of an insurance holding company system.

(8) The commissioner may require or allow two or more affiliated insurers subject to registration under this section to file a consolidated registration statement.

(9) The commissioner may allow an insurer authorized to do business in this state and part of an insurance holding company system to register on behalf of an affiliated insurer that is required to register under subsection (1) of this section and to file all information and material required to be filed under this section.

(10) This section does not apply to an insurer, information, or transaction if and to the extent that the commissioner by rule or order exempts the insurer, information, or transaction from this section.

(11) A person may file with the commissioner a disclaimer of affiliation with an authorized insurer, or an insurer or a member of an insurance holding company system may file the disclaimer. The person making such a filing with the commissioner shall at the same time
deliver a complete copy of the filing to each domestic insurer which is the subject of such filing. The disclaimer must fully disclose all material relationships and bases for affiliation between the person and the insurer as well as the basis for disclaiming the affiliation. After a disclaimer has been filed, the insurer is relieved of any duty to register or report under this section that may arise out of the insurer's relationship with the person unless and until the commissioner disallows the disclaimer. The commissioner shall disallow the disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support the disallowance.

(12) Failure to file a registration statement or a summary of the registration statement required by this section within the time specified for the filing is a violation of this section.

[2000 c 214 § 1; 1993 c 462 § 6.]

RCW 48.31B.030 Insurer subject to registration--Standards for transactions within a holding company system--Extraordinary dividends or distributions--Insurer's surplus.

(1)(a) Transactions within a holding company system to which an insurer subject to registration is a party are subject to the following standards:

(i) The terms must be fair and reasonable;

(ii) Charges or fees for services performed must be fair and reasonable;

(iii) Expenses incurred and payment received must be allocated to the insurer in conformity with customary insurance accounting practices consistently applied;

(iv) The books, accounts, and records of each party to all such transactions must be so maintained as to clearly and accurately disclose the nature and details of the transactions, including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties; and

(v) The insurer's surplus regarding policyholders after dividends or distributions to shareholders or affiliates must be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(b) The following transactions involving a domestic insurer and a person in its holding company system may not be entered into unless the insurer has notified the commissioner in writing of its intention to enter into the transaction and the commissioner declares the notice to be sufficient at least sixty days before, or such shorter period as the commissioner may permit, and the commissioner has not disapproved it within that period:

(i) Sales, purchases, exchanges, loans or extensions of credit, guarantees, or investments if the transactions are equal to or exceed: (A) With respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus as regards policyholders; (B) with respect to life insurers, three percent of the insurer's admitted assets; each as of the 31st day of the previous December;

(ii) Loans or extensions of credit to any person who is not an affiliate, where the insurer makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in, an affiliate of the insurer making the
loans or extensions of credit if the transactions are equal to or exceed: (A) With respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus as regards policyholders; (B) with respect to life insurers, three percent of the insurer's admitted assets; each as of the 31st day of the previous December;

(iii) Reinsurance agreements or modifications to them in which the reinsurance premium or a change in the insurer's liabilities equals or exceeds five percent of the insurer's surplus as regards policyholders, as of the 31st day of the previous December, including those agreements that may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of the assets will be transferred to one or more affiliates of the insurer;

(iv) Management agreements, service contracts, and cost-sharing arrangements; and

(v) Material transactions, specified by rule, that the commissioner determines may adversely affect the interests of the insurer's policyholders.

Nothing contained in this section authorizes or permits a transaction that, in the case of an insurer not a member of the same holding company system, would be otherwise contrary to law.

(c) A domestic insurer may not enter into transactions that are part of a plan or series of like transactions with persons within the holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would occur otherwise. If the commissioner determines that the separate transactions were entered into over a twelve-month period for that purpose, the commissioner may apply for an order as described in RCW 48.31B.045(1).

(d) The commissioner, in reviewing transactions under (b) of this subsection, shall consider whether the transactions comply with the standards set forth in (a) of this subsection and whether they may adversely affect the interests of policyholders.

(e) The commissioner shall be notified within thirty days of an investment of the domestic insurer in any one corporation if the total investment in the corporation by the insurance holding company system exceeds ten percent of the corporation's voting securities.

(2)(a) No domestic insurer may pay an extraordinary dividend or make any other extraordinary distribution to its shareholders until: (i) Thirty days after the commissioner declares that he or she has received sufficient notice of the declaration thereof and has not within that period disapproved the payment; or (ii) the commissioner has approved the payment within the thirty-day period.

(b) For purposes of this section, an extraordinary dividend or distribution is a dividend or distribution of cash or other property whose fair market value, together with that of other dividends or distributions made within the period of twelve consecutive months ending on the date on which the proposed dividend is scheduled for payment or distribution, exceeds the greater of: (i) Ten percent of the company's surplus as regards policyholders as of the 31st day of the previous December; or (ii) the net gain from operations of the company if the company is a life insurance company, or the net income if the company is not a life insurance company, for the twelve month period ending the 31st day of the previous December, but does not include pro rata distributions of any class of the company's own securities.
(c) Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution that is conditional upon the commissioner's approval. The declaration confers no rights upon shareholders until: (i) The commissioner has approved the payment of the dividend or distribution; or (ii) the commissioner has not disapproved the payment within the thirty-day period referred to in (a) of this subsection.

(3) For purposes of this chapter, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, may be considered:
   (a) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;
   (b) The extent to which the insurer's business is diversified among the several lines of insurance;
   (c) The number and size of risks insured in each line of business;
   (d) The extent of the geographical dispersion of the insurer's insured risks;
   (e) The nature and extent of the insurer's reinsurance program;
   (f) The quality, diversification, and liquidity of the insurer's investment portfolio;
   (g) The recent past and projected future trend in the size of the insurer's surplus as regards policyholders;
   (h) The surplus as regards policyholders maintained by other comparable insurers;
   (i) The adequacy of the insurer's reserves;
   (j) The quality and liquidity of investments in affiliates. The commissioner may discount any such investment or may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his or her judgment the investment so warrants; and
   (k) The quality of the insurer's earnings and the extent to which the reported earnings include extraordinary items.

[1993 c 462 § 7.]

RCW 48.31B.035 Examination of insurers--Commissioner may order production of information--Failure to comply--Costs of examination.

(1) Subject to the limitation contained in this section and in addition to the powers that the commissioner has under chapter 48.03 RCW relating to the examination of insurers, the commissioner also may order an insurer registered under RCW 48.31B.025 to produce such records, books, or other information papers in the possession of the insurer or its affiliates as are reasonably necessary to ascertain the financial condition of the insurer or to determine compliance with this title. If the insurer fails to comply with the order, the commissioner may examine the affiliates to obtain the information.

(2) The commissioner may retain at the registered insurer's expense such attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as are reasonably necessary to assist in the conduct of the examination under subsection (1) of this section. Persons so retained are under the direction and control of the commissioner and shall act
in a purely advisory capacity.

(3) Each registered insurer producing for examination records, books, and papers under subsection (1) of this section are liable for and shall pay the expense of the examination in accordance with RCW 48.03.060.

[1993 c 462 § 8.]

**RCW 48.31B.040 Rule making.**

The commissioner may, upon notice and opportunity for all interested persons to be heard, adopt rules and issue orders that are necessary to carry out this chapter.

[1993 c 462 § 9.]

**RCW 48.31B.045 Violations of chapter--Commissioner may seek superior court order.**

(1) Whenever it appears to the commissioner that an insurer or a director, officer, employee, or agent of the insurer has committed or is about to commit a violation of this chapter or any rule or order of the commissioner under this chapter, the commissioner may apply to the superior court for Thurston county or to the court for the county in which the principal office of the insurer is located for an order enjoining the insurer or the director, officer, employee, or agent from violating or continuing to violate this chapter or any such rule or order, and for such other equitable relief as the nature of the case and the interest of the insurer's policyholders, creditors, and shareholders or the public may require.

(2) No security that is the subject of an agreement or arrangement regarding acquisition, or that is acquired or to be acquired, in contravention of this chapter or of a rule or order of the commissioner under this chapter may be voted at a shareholders' meeting, or may be counted for quorum purposes. Any action of shareholders requiring the affirmative vote of a percentage of shares may be taken as though the securities were not issued and outstanding, but no action taken at any such meeting may be invalidated by the voting of the securities, unless the action would materially affect control of the insurer or unless the courts of this state have so ordered. If an insurer or the commissioner has reason to believe that a security of the insurer has been or is about to be acquired in contravention of this chapter or of a rule or order of the commissioner under this chapter, the insurer or the commissioner may apply to the superior court for Thurston county or to the court for the county in which the insurer has its principal place of business to enjoin an offer, request, invitation, agreement, or acquisition made in contravention of RCW 48.31B.015 or a rule or order of the commissioner under that section to enjoin the voting of a security so acquired, to void a vote of the security already cast at a meeting of shareholders, and for such other relief as the nature of the case and the interest of the insurer's policyholders, creditors, and shareholders or the public may require.

(3) If a person has acquired or is proposing to acquire voting securities in violation of this chapter or a rule or order of the commissioner under this chapter, the superior court for Thurston county or the court for the county in which the insurer has its principal place of business may, on such notice as the court deems appropriate, upon the application of the insurer or the
comissioner seize or sequester voting securities of the insurer owned directly or indirectly by
the person, and issue such order with respect to the securities as may be appropriate to carry out
this chapter.

Notwithstanding any other provisions of law, for the purposes of this chapter, the situs of
the ownership of the securities of domestic insurers is in this state.

[1993 c 462 § 10.]

RCW 48.31B.050  Violations of chapter--Penalties--Civil forfeitures--Orders--Referral
to prosecuting attorney--Imprisonment.

(1) The commissioner shall require, after notice and hearing, an insurer failing, without
just cause, to file a registration statement as required in this chapter, to pay a penalty of not more
than ten thousand dollars per day. The maximum penalty under this section is one million
dollars. The commissioner may reduce the penalty if the insurer demonstrates to the
commissioner that the imposition of the penalty would constitute a financial hardship to the
insurer. The commissioner shall pay a fine collected under this section to the state treasurer for
the account of the general fund.

(2) Every director or officer of an insurance holding company system who knowingly
violates this chapter, or participates in, or assents to, or who knowingly permits an officer or
agent of the insurer to engage in transactions or make investments that have not been properly
reported or submitted under RCW 48.31B.025(1) or 48.31B.030(1)(b) or (2), or that violate this
chapter, shall pay, in their individual capacity, a civil forfeiture of not more than ten thousand
dollars per violation, after notice and hearing before the commissioner. In determining the
amount of the civil forfeiture, the commissioner shall take into account the appropriateness of
the forfeiture with respect to the gravity of the violation, the history of previous violations, and
such other matters as justice may require.

(3) Whenever it appears to the commissioner that an insurer subject to this chapter or a
director, officer, employee, or agent of the insurer has engaged in a transaction or entered into a
contract that is subject to RCW 48.31B.030 and that would not have been approved had approval
been requested, the commissioner may order the insurer to cease and desist immediately any
further activity under that transaction or contract. After notice and hearing the commissioner
may also order the insurer to void any such contracts and restore the status quo if that action is in
the best interest of the policyholders, creditors, or the public.

(4) Whenever it appears to the commissioner that an insurer or a director, officer,
employee, or agent of the insurer has committed a willful violation of this chapter, the
commissioner may refer the matter to the prosecuting attorney of Thurston county or the county
in which the principal office of the insurer is located. An insurer that willfully violates this
chapter may be fined not more than one million dollars. Any individual who willfully violates
this chapter may be fined in his or her individual capacity not more than ten thousand dollars, or
be imprisoned for not more than three years, or both.

(5) An officer, director, or employee of an insurance holding company system who
willfully and knowingly subscribes to or makes or causes to be made a false statement or false
report or false filing with the intent to deceive the commissioner in the performance of his or her duties under this chapter, upon conviction thereof, shall be imprisoned for not more than three years or fined not more than ten thousand dollars or both. The officer, director, or employee upon whom the fine is imposed shall pay the fine in his or her individual capacity.

[1993 c 462 § 11.]

**RCW 48.31B.055 Violations of chapter--Impairment of financial condition--Commissioner may take possession.**

Whenever it appears to the commissioner that a person has committed a violation of this chapter that so impairs the financial condition of a domestic insurer as to threaten insolvency or make the further transaction of business by it hazardous to its policyholders, creditors, shareholders, or the public, the commissioner may proceed as provided in RCW 48.31.030 and 48.31.040 to take possession of the property of the domestic insurer and to conduct the business of the insurer.

[1993 c 462 § 12.]

**RCW 48.31B.060 Order for liquidation or rehabilitation--Recovery of distributions or payments--Personal liability--Maximum amount recoverable.**

(1) If an order for liquidation or rehabilitation of a domestic insurer has been entered, the receiver appointed under the order may recover on behalf of the insurer: (a) From a parent corporation or holding company or person or affiliate who otherwise controlled the insurer, the amount of distributions, other than distributions of shares of the same class of stock, paid by the insurer on its capital stock; or (b) a payment in the form of a bonus, termination settlement, or extraordinary lump sum salary adjustment made by the insurer or its subsidiary to a director, officer, or employee, where the distribution or payment under (a) or (b) of this subsection is made at any time during the one year before the petition for liquidation, conservation, or rehabilitation, as the case may be, subject to the limitations of subsections (2), (3), and (4) of this section.

(2) No such distribution is recoverable if it is shown that when paid, the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(3) A person who was a parent corporation or holding company or a person who otherwise controlled the insurer or affiliate when the distributions were paid is liable up to the amount of distributions or payments under subsection (1) of this section the person received. A person who controlled the insurer at the time the distributions were declared is liable up to the amount of distributions he or she would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they are jointly and severally liable.

(4) The maximum amount recoverable under this section is the amount needed in excess
of all other available assets of the impaired or insolvent insurer to pay the contractual obligations of the impaired or insolvent insurer and to reimburse any guaranty funds.

(5) To the extent that a person liable under subsection (3) of this section is insolvent or otherwise fails to pay claims due from it under those provisions, its parent corporation or holding company or person who otherwise controlled it at the time the distribution was paid, is jointly and severally liable for a resulting deficiency in the amount recovered from the parent corporation or holding company or person who otherwise controlled it.

[1993 c 462 § 13.]

**RCW 48.31B.065 Violations of chapter--Contrary to interests of policyholders or the public--Suspension, revocation, or nonrenewal of license.**

Whenever it appears to the commissioner that a person has committed a violation of this chapter that makes the continued operation of an insurer contrary to the interests of policyholders or the public, the commissioner may, after giving notice and an opportunity to be heard, determine to suspend, revoke, or refuse to renew the insurer's license or authority to do business in this state for such period as he or she finds is required for the protection of policyholders or the public. Such a determination must be accompanied by specific findings of fact and conclusions of law.

[1993 c 462 § 14.]

**RCW 48.31B.070 Person aggrieved by actions of commissioner.**

(1) A person aggrieved by an act, determination, rule, order, or any other action of the commissioner under this chapter may proceed in accordance with the Administrative Procedure Act, chapter 34.05 RCW.

(2) A person aggrieved by a failure of the commissioner to act or make a determination required by this chapter may petition the commissioner under the procedure described in RCW 34.05.330.

[1993 c 462 § 15.]

**RCW 48.31B.900 Short title.**

This chapter may be known and cited as the Insurer Holding Company Act.

[1993 c 462 § 1.]

**RCW 48.31B.901 Severability--1993 c 462.**

If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.
RCW 48.31B.902 Implementation--1993 c 462.

The insurance commissioner may take such steps as are necessary to ensure that this act is implemented on July 25, 1993.

RCW 48.31C.010 Definitions.

The definitions in this section apply throughout this chapter, unless the context clearly
requires otherwise.

(1) "Acquisition" or "acquire" means an agreement, arrangement, or activity, the
consummation of which results in a person acquiring directly or indirectly the control of another
person, and includes but is not limited to the acquisition of voting securities, all or substantially
all of the assets, bulk reinsurance, consolidations, affiliations, and mergers.
(2) "Affiliate" of, or person "affiliated" with, a specific person, means a person who directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(3) "Control," including the terms "controlling," "controlled by," and "under common control with," means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person whether through the ownership of voting securities, voting rights, by contract other than a commercial contract for goods, nonmanagement services, a debt obligation which is not convertible into a right to acquire a voting security, or otherwise, unless the power is the result of an official position with or corporate office held by the person.

(a) For a for-profit person, control is presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, ten percent or more of the voting securities of any other person. This presumption may be rebutted by a showing that control does not exist in fact. A person may file with the commissioner a disclaimer of control of a health carrier. The disclaimer must fully disclose all material relationships and bases for affiliation between the person and the health carrier as well as the basis for disclaiming the control. After furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such a determination, the commissioner may:

(i) Allow a disclaimer; or

(ii) Disallow a disclaimer notwithstanding the absence of a presumption to that effect.

(b) For a nonprofit corporation organized under chapters 24.03 and 24.06 RCW, control is presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing a majority of voting rights of the person or the power to elect or appoint a majority of the board of directors, trustees, or other governing body of the person, unless the power is the result of an official position of, or corporate office held by, the person.

(c) Control includes either permanent or temporary control, or both.

(4) "Domestic health carrier" means a health care service contractor as defined in RCW 48.44.010, or a health maintenance organization as defined in RCW 48.46.020, that is formed under the laws of this state.

(5) "Foreign health carrier" means a health care service contractor as defined in RCW 48.44.010, or a health maintenance organization as defined in RCW 48.46.020, that is formed under the laws of the United States, of a state or territory of the United States other than this state, or the District of Columbia.

(6) "Health carrier holding company system" means two or more affiliated persons, one or more of which is a health care service contractor or health maintenance organization.

(7) "Health coverage business" means the business of a disability insurer authorized under chapter 48.05 RCW, a health care service contractor registered under chapter 48.44 RCW, and a health maintenance organization registered under chapter 48.46 RCW, entering into any policy, contract, or agreement to arrange, reimburse, or pay for health care services.

(8) "Involved carrier" means an insurer, health care service contractor, or health maintenance organization, which either acquires or is acquired, is affiliated with an acquirer or acquired, or is the result of a merger.
(9) "Person" means an individual, corporation, partnership, association, joint stock company, limited liability company, trust, unincorporated organization, similar entity, or any combination acting in concert, but does not include a joint venture partnership exclusively engaged in owning, managing, leasing, or developing real or personal property.

(10) "Security holder" of a specified person means one who owns a security of that person, including (a) common stock, (b) preferred stock, (c) debt obligations convertible into the right to acquire voting securities, and any other security convertible into or evidencing the right to acquire (a) through (c) of this subsection.

(11) "Subsidiary" of a specified person means an affiliate controlled by that person directly or indirectly through one or more intermediaries.

(12) "Voting security" includes a security convertible into or evidencing a right to acquire a voting security.

[2001 c 179 § 1.]

RCW 48.31C.020 Acquisition of a foreign health carrier--Preacquisition notification--Review.

(1) No person may acquire control of a foreign health carrier registered to do business in this state unless a preacquisition notification is filed with the commissioner under this section and the waiting period has expired. If a preacquisition notification is not filed with the commissioner an involved carrier may be subject to an order under subsection (3) of this section. The acquired person may file a preacquisition notification.

(a) The preacquisition notification must be in the form and contain the information prescribed by the commissioner. The commissioner may require additional material and information necessary to determine whether the proposed acquisition, if consummated, would have the effect of substantially lessening competition, or tending to create a monopoly, in the health coverage business in this state. The required information may include an opinion of an economist as to the competitive impact of the acquisition in this state accompanied by a summary of the education and experience of the person indicating his or her ability to render an informed opinion.

(b) The waiting period required under this section begins on the date the commissioner receives the preacquisition notification and ends on the earlier of the sixtieth day after the date of the receipt by the commissioner of the preacquisition notification or the termination of the waiting period by the commissioner. Before the end of the waiting period, the commissioner may require the submission of additional needed information relevant to the proposed acquisition. If additional information is required, the waiting period ends on the earlier of the thirtieth day after the commissioner has received the additional information or the termination of the waiting period by the commissioner.

(2)(a) The commissioner may enter an order under subsection (3)(a) of this section with respect to an acquisition if:

(i) The health carrier fails to file adequate information in compliance with subsection (1)(a) of this section; or

(ii) The antitrust section of the office of the attorney general and any federal antitrust
enforcement agency has chosen not to undertake a review of the proposed acquisition and the commissioner pursuant to his or her own review finds that there is substantial evidence that the effect of the acquisition may substantially lessen competition or tend to create a monopoly in the health coverage business.

(b) If the antitrust section of the office of the attorney general undertakes a review of the proposed transaction then the attorney general shall seek input from the commissioner throughout the review.

(c) If the antitrust section of the office of the attorney general does not undertake a review of the proposed acquisition and the review is being conducted by the commissioner, then the commissioner shall seek input from the attorney general throughout the review.

(3)(a)(i) If an acquisition violates the standards of this section, the commissioner may enter an order:

(A) Requiring an involved carrier to cease and desist from doing business in this state with respect to business as a health care service contractor or health maintenance organization; or

(B) Denying the application of an acquired or acquiring carrier for a license, certificate of authority, or registration to do business in this state.

(ii) The commissioner may not enter the order unless:

(A) There is a hearing;

(B) Notice of the hearing is issued before the end of the waiting period and not less than fifteen days before the hearing; and

(C) The hearing is concluded and the order is issued no later than thirty days after the conclusion of the hearing.

Every order must be accompanied by a written decision of the commissioner setting forth his or her findings of fact and conclusions of law.

(iii) An order entered under (a) of this subsection may not become final earlier than thirty days after it is issued, during which time the involved carrier may submit a plan to remedy the anticompetitive impact of the acquisition within a reasonable time. Based upon the plan or other information, the commissioner shall specify the conditions, if any, under the time period during which the aspects of the acquisition causing a violation of the standards of this section would be remedied and the order vacated or modified.

(iv) An order under (a) of this subsection does not apply if the acquisition is not consummated.

(b) A person who violates a cease and desist order of the commissioner under (a) of this subsection and while the order is in effect, may, after notice and hearing and upon order of the commissioner, be subject at the discretion of the commissioner to one or more of the following:

(i) A monetary penalty of not more than ten thousand dollars for every day of violation; or

(ii) Suspension or revocation of the person's license, certificate of authority, or registration; or

(iii) Both (b)(i) and (b)(ii) of this subsection.

(c) A carrier or other person who fails to make a filing required by this section and who
also fails to demonstrate a good faith effort to comply with the filing requirement, is subject to a civil penalty of not more than fifty thousand dollars.

(4) An order may not be entered under subsection (3)(a) of this section if:
(a) The acquisition will yield substantial economies of scale or economies in resource use that cannot be feasibly achieved in any other way, and the public benefits that would arise from the economies exceed the public benefits that would arise from more competition; or
(b) The acquisition will substantially increase the availability of health care coverage, and the public benefits of the increase exceed the public benefits that would arise from more competition.

(5)(a) RCW 48.31C.080 (2) and (3) and 48.31C.090 do not apply to acquisitions covered under this section.

(b) This section does not apply to the following:
(i) An acquisition subject to approval or disapproval by the commissioner under RCW 48.31C.030;
(ii) A purchase of securities solely for investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in the health coverage business in this state;
(iii) The acquisition of a person by another person when neither person is directly, nor through affiliates, primarily engaged in the business of a domestic or foreign health carrier, if preacquisition notification is filed with the commissioner in accordance with subsection (1) of this section sixty days before the proposed effective date of the acquisition. However, preacquisition notification is not required for exclusion from this section if the acquisition would otherwise be excluded from this section by this subsection (5)(b);
(iv) The acquisition of already affiliated persons;
(v) An acquisition if, as an immediate result of the acquisition:
(A) In no market would the combined market share of the involved carriers exceed five percent of the total market;
(B) There would be no increase in any market share; or
(C) In no market would:
(I) The combined market share of the involved carriers exceed twelve percent of the total market; and
(II) The market share increase by more than two percent of the total market.

For the purpose of (b)(v) of this subsection, "market" means direct written premium in this state for a line of business as contained in the annual statement required to be filed by carriers licensed to do business in this state;
(vi) An acquisition of a health carrier whose domiciliary commissioner affirmatively finds: That the health carrier is in failing condition; there is a lack of feasible alternatives to improving such a condition; and the public benefits of improving the health carrier's condition through the acquisition exceed the public benefits that would arise from more competition, and the findings are communicated by the domiciliary commissioner to the commissioner of this state.
(1) No person may acquire control of a domestic health carrier unless the person has filed with the commissioner and has sent to the health carrier a statement containing the information required by this section and the acquisition has been approved by the commissioner as prescribed in this section.

(2) The statement to be filed with the commissioner under this section must be made under oath or affirmation and must contain the following information:

(a) The name and address of the acquiring party. For purposes of this section, "acquiring party" means each person by whom or on whose behalf the acquisition of control under subsection (1) of this section is to be effected:

(i) If the acquiring party is an individual, his or her principal occupation and all offices and positions held during the past five years, and any conviction of crimes other than minor traffic violations during the past ten years;

(ii) If the acquiring party is not an individual, a report of the nature of its business operations during the past five years or for such lesser period as the person and any predecessors have been in existence; an informative description of the business intended to be done by the person’s subsidiaries; any convictions of crimes during the past ten years; and a list of all individuals who are or who have been selected to become directors, trustees, or executive officers of the person, or who perform or will perform functions appropriate to those positions. The list must include for each such individual the information required by (a)(i) of this subsection.

(b) The source, nature, and amount of the consideration used or to be used in effecting the acquisition of control, a description of any transaction in which funds were or are to be obtained for any such purpose, including a pledge of assets, a pledge of the health carrier's stock, or the stock of any of its subsidiaries or controlling affiliates, and the identity of persons furnishing the consideration. However, where a source of the consideration is a loan made in the lender's ordinary course of business, the identity of the lender must remain confidential if the person filing the statement so requests.

(c) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five fiscal years of each acquiring party, or for such lesser period as the acquiring party and any predecessors have been in existence, and similar unaudited information as of a date not earlier than ninety days before the filing of the statement. If the acquiring party and any predecessor has not had fully audited financial statements prepared during any of the preceding five years, then reviewed financial statements may be substituted for those years, except for the latest fiscal year which must be fully audited financial statements.

(d) Any plans or proposals that each acquiring party may have to liquidate the health carrier, to sell its assets or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management.

(e) The number of shares of any security or number and description of other voting rights
referred to in RCW 48.31C.010(3) that each acquiring party proposes to acquire, the terms of the offer, request, invitation, agreement, or acquisition under RCW 48.31C.010(3), and a statement as to the method by which the fairness of the proposal was arrived at.

(f) The amount of each class of any security referred to in RCW 48.31C.010(3) that is beneficially owned or concerning which there is a right to acquire beneficial ownership by each acquiring party.

(g) A full description of any contracts, arrangements, or understandings with respect to any security referred to in RCW 48.31C.010(3) in which an acquiring party is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. The description must identify the persons with whom the contracts, arrangements, or understandings have been entered into.

(h) A description of the purchase of any security referred to in RCW 48.31C.010(3) during the twelve calendar months before the filing of the statement, by an acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid for the security.

(i) A description of any recommendations to purchase any security referred to in RCW 48.31C.010(3) made during the twelve calendar months before the filing of the statement, by an acquiring party, or by anyone based upon interviews with outside parties or at the suggestion of the acquiring party.

(j) Copies of all tender offers for, requests or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in RCW 48.31C.010(3), and, if distributed, of additional soliciting material relating to the securities.

(k) The term of an agreement, contract, or understanding made with or proposed to be made with a broker-dealer as to solicitation or securities referred to in RCW 48.31C.010(3) for tender, and the amount of fees, commissions, or other compensation to be paid to broker-dealers with regard to the securities.

(l) Such additional information as the commissioner may prescribe by rule as necessary or appropriate for the protection of subscribers of the health carrier or in the public interest.

If the person required to file the statement referred to in subsection (1) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information required under (a) through (l) of this subsection must be given with respect to each partner of the partnership or limited partnership, each member of the syndicate or group, and each person who controls a partner or member. If a partner, member, or person is a corporation, or the person required to file the statement referred to in subsection (1) of this section is a corporation, the commissioner may require that the information required under (a) through (l) of this subsection must be given with respect to the corporation, each officer and director of the corporation, and each person who is directly or indirectly the beneficial owner of more than ten percent of the outstanding voting securities of the corporation.

If a material change occurs in the facts set forth in the statement filed with the commissioner and sent to the health carrier under this section, an amendment setting forth the
change, together with copies of all documents and other material relevant to the change, must be filed with the commissioner and sent to the health carrier within two business days after the person learns of the change.

(3) If an offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section is proposed to be made by means of a registration statement under the Securities Act of 1933 or in circumstances requiring the disclosure of similar information under the Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (1) of this section may use those documents in furnishing the information called for by that statement.

(4) The commissioner shall approve an exchange or other acquisition of control referred to in this section within sixty days after he or she declares the statement filed under this section to be complete and if a hearing is requested by the commissioner or either party to the transaction, after holding a public hearing. Unless the commissioner declares the statement to be incomplete and requests additional information, the statement is deemed complete sixty days after receipt of the statement by the commissioner. If the commissioner declares the statement to be incomplete and requests additional information, the sixty-day time period in which the statement is deemed complete shall be tolled until fifteen days after receipt by the commissioner of the additional information. If the commissioner declares the statement to be incomplete, the commissioner shall promptly notify the person filing the statement of the filing deficiencies and shall set forth with specificity the additional information required to make the filing complete. At the hearing, the person filing the statement, the health carrier, and any person whose significant interest is determined by the commissioner to be affected may present evidence, examine and cross-examine witnesses, and offer oral and written arguments, and in connection therewith may conduct discovery proceedings in the same manner as is allowed in the superior court of this state. All discovery proceedings must be concluded not later than three business days before the commencement of the public hearing.

(5)(a) The commissioner shall approve an acquisition of control referred to in subsection (1) of this section unless, after a public hearing, he or she finds that:

(i) After the change of control, the domestic health carrier referred to in subsection (1) of this section would not be able to satisfy the requirements for registration as a health carrier;

(ii) The antitrust section of the office of the attorney general and any federal antitrust enforcement agency has chosen not to undertake a review of the proposed acquisition and the commissioner pursuant to his or her own review finds that there is substantial evidence that the effect of the acquisition may substantially lessen competition or tend to create a monopoly in the health coverage business.

If the antitrust section of the office of the attorney general does not undertake a review of the proposed acquisition and the review is being conducted by the commissioner, then the commissioner shall seek input from the attorney general throughout the review.

If the antitrust section of the office of the attorney general undertakes a review of the proposed transaction then the attorney general shall seek input from the commissioner throughout the review. As to the commissioner, in making this determination:

(A) The informational requirements of RCW 48.31C.020(1)(a) apply;
(B) The commissioner may not disapprove the acquisition if the commissioner finds that:
   (I) The acquisition will yield substantial economies of scale or economies in resource use that cannot be feasibly achieved in any other way, and the public benefits that would arise from the economies exceed the public benefits that would arise from more competition; or
   (II) The acquisition will substantially increase or will prevent significant deterioration in the availability of health care coverage, and the public benefits of the increase exceed the public benefits that would arise from more competition;

(C) The commissioner may condition the approval of the acquisition on the removal of the basis of disapproval, as follows, within a specified period of time:
   (I) The financial condition of an acquiring party is such as might jeopardize the financial stability of the health carrier, or prejudice the interest of its subscribers;
   (II) The plans or proposals that the acquiring party has to liquidate the health carrier, sell its assets, consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management, are unfair and unreasonable to subscribers of the health carrier and not in the public interest;
   (III) The competence, experience, and integrity of those persons who would control the operation of the health carrier are such that it would not be in the interest of subscribers of the health carrier and of the public to permit the merger or other acquisition of control; or
   (IV) The acquisition is likely to be hazardous or prejudicial to the insurance-buying public.

(b) The commissioner may retain at the acquiring person's expense any attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as may be reasonably necessary to assist the commissioner in reviewing the proposed acquisition of control. All reasonable costs of a hearing held under this section, as determined by the commissioner, including reasonable costs associated with the commissioner's use of investigatory, professional, and other necessary personnel, mailing of required notices and other information, and use of equipment or facilities, must be paid before issuance of the commissioner's order by the acquiring person.

(c) The commissioner may condition approval of an acquisition on the removal of the basis of disapproval within a specified period of time.

(6) Upon the request of a party to the acquisition the commissioner may order that this section does not apply to an offer, request, invitation, agreement, or acquisition as:
   (a) Not having been made or entered into for the purpose and not having the effect of changing or influencing the control of a domestic health carrier; or
   (b) Otherwise not comprehended within the purposes of this section.

(7) The following are violations of this section:
   (a) The failure to file a statement, amendment, or other material required to be filed under subsection (1) or (2) of this section; or
   (b) The effectuation or an attempt to effectuate an acquisition of control of a domestic health carrier unless the commissioner has given approval.

(8) The courts of this state have jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under this
section, and over all actions involving that person arising out of violations of this section, and such a person has performed acts equivalent to and constituting an appointment by that person of the commissioner to be the person's true and lawful attorney upon whom may be served all lawful process in an action, suit, or proceeding arising out of violations of this section. Copies of all such lawful process shall be served on the commissioner and transmitted by registered or certified mail by the commissioner to such a person at the person's last known address.

**RCW 48.31C.040 Registration with commissioner--Information required--Rule making--Disclaimer of affiliation--Failure to file.**

(1) Every health carrier registered to do business in this state that is a member of a health carrier holding company system shall register with the commissioner, except a foreign health carrier subject to registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to those contained in:

(a) This section;
(b) RCW 48.31C.050(1) and 48.31C.060; and
(c) Either RCW 48.31C.050(1)(b) or a provision such as the following: Each registered health carrier shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions within fifteen days after the end of the month in which it learns of each change or addition.

A health carrier subject to registration under this section shall register within one hundred twenty days of May 7, 2001, and thereafter within fifteen days after it becomes subject to registration, and annually thereafter by May 15th of each year for the previous calendar year, unless the commissioner for good cause shown extends the time for registration, and then within the extended time. The commissioner may require a health carrier authorized to do business in the state that is a member of a health carrier holding company system, but that is not subject to registration under this section, to furnish a copy of the registration statement, the summary specified in subsection (3) of this section, or other information filed by the health carrier with the regulatory authority of its domiciliary jurisdiction.

(2) A health carrier subject to registration shall file the registration statement on a form prescribed by the commissioner, containing the following current information:

(a) The capital structure, general financial condition, ownership, and management of the health carrier and any person controlling the health carrier;
(b) The identity and relationship of every member of the health carrier holding company system;
(c) The following agreements in force, and transactions currently outstanding or that have occurred during the last calendar year between the health carrier and its affiliates:
   (i) Loans, other investments, or purchases, sales, or exchanges of securities of the affiliates by the health carrier or of the health carrier by its affiliates;
   (ii) Purchases, sales, or exchange of assets;
   (iii) Transactions not in the ordinary course of business;
   (iv) Guarantees or undertakings for the benefit of an affiliate that result in an actual
contingent exposure of the health carrier's assets to liability, other than subscriber contracts entered into in the ordinary course of the health carrier's business;

(v) All management agreements, service contracts, and cost-sharing arrangements;

(vi) Reinsurance agreements;

(vii) Dividends and other distributions to shareholders; and

(viii) Consolidated tax allocation agreements;

(d) Any pledge of the health carrier's stock, including stock of a subsidiary or controlling affiliate, for a loan made to a member of the health carrier holding company system; and

(e) Other matters concerning transactions between registered health carriers and affiliates as may be included from time to time in registration forms adopted or approved by the commissioner by rule.

(3) Registration statements must contain a summary outlining all items in the current registration statement representing changes from the prior registration statement.

(4) No information need be disclosed on the registration statement filed under subsection (2) of this section if the information is not material for the purposes of this section. Unless the commissioner by rule or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, investments, or guarantees, involving two percent or less of a health carrier's admitted assets as of the 31st day of the previous December are not material for purposes of this section.

(5) A person within a health carrier holding company system subject to registration shall provide complete and accurate information to a health carrier, where the information is reasonably necessary to enable the health carrier to comply with this chapter.

(6) The commissioner shall terminate the registration of a health carrier under this section that demonstrates that it no longer is a member of a health carrier holding company system.

(7) The commissioner may require or allow two or more affiliated health carriers subject to registration under this section to file a consolidated registration statement.

(8) The commissioner may allow a health carrier registered to do business in this state and part of a health carrier holding company system to register on behalf of an affiliated health carrier that is required to register under subsection (1) of this section and to file all information and material required to be filed under this section.

(9) This section does not apply to a health carrier, information, or transaction if, and to the extent that, the commissioner by rule or order exempts the health carrier, information, or transaction from this section.

(10) A person may file with the commissioner a disclaimer of affiliation with an authorized health carrier, or a health carrier or a member of a health carrier holding company system may file the disclaimer. The disclaimer must fully disclose all material relationships and bases for affiliation between the person and the health carrier as well as the basis for disclaiming the affiliation. After a disclaimer has been filed, the health carrier is relieved of any duty to register or report under this section that may arise out of the health carrier's relationship with the person unless and until the commissioner disallows the disclaimer. The commissioner shall disallow the disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support the disallowance.
(11) Failure to file a registration statement or a summary of the registration statement required by this section within the time specified for the filing is a violation of this section.

[2001 c 179 § 4.]

RCW 48.31C.050 Health carrier subject to registration--Standards for transactions within a holding company system--Notice to commissioner--Review.

(1) Transactions within a health carrier holding company system to which a health carrier subject to registration is a party are subject to the following standards:

(a) The terms must be fair and reasonable;
(b) Charges or fees for services performed must be fair and reasonable;
(c) Expenses incurred and payment received must be allocated to the health carrier in conformity with customary statutory accounting practices consistently applied;
(d) The books, accounts, and records of each party to all such transactions must be so maintained as to clearly and accurately disclose the nature and details of the transactions, including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties; and
(e) The health carrier's net worth after the transaction must exceed the health carrier's company action level risk-based capital. In addition, the commissioner may disapprove a transaction if the health carrier's risk-based capital net worth is less than the product of 2.5 and the health carrier's authorized control level risk-based capital and the commissioner reasonably believes that the health carrier's net worth is at risk of falling below its company action level risk-based capital due to anticipated future financial losses not reflected in the risk-based capital calculation. This subsection (1)(e) does not prohibit transactions that improve or help maintain the health carrier's net worth.

(2) The following transactions, excepting those transactions which are subject to approval by the commissioner elsewhere within this title, involving a domestic health carrier and a person in its health carrier holding company system may not be entered into unless the health carrier has notified the commissioner in writing of its intention to enter into the transaction and the commissioner does not declare the notice to be incomplete at least thirty days before, or such shorter period as the commissioner may permit, and the commissioner has not disapproved it within that period. Unless the commissioner declares the notice to be incomplete and requests additional information, the notice is deemed complete thirty days after receipt of the notice by the commissioner. If the commissioner declares the notice to be incomplete, the thirty-day time period in which the notice is deemed complete shall be tolled until fifteen days after the receipt by the commissioner of the additional information:

(a) Sales, purchases, exchanges, loans or extensions of credit, guarantees, or investments if the transactions are equal to or exceed the lesser of (i) two months of the health carrier's annualized claims and administrative costs, (ii) five percent of the health carrier's admitted assets, or (iii) twenty-five percent of net worth, as of the 31st day of the previous December;
(b) Loans or extensions of credit to any person who is not an affiliate, if the health carrier makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of

Page 13116 Printed on 3/5/2012
credit to, to purchase assets of, or to make investments in, an affiliate of the health carrier making the loans or extensions of credit, if the transactions are equal to or exceed the lesser of (i) two months of the health carrier's annualized claims and administrative costs, (ii) three percent of the health carrier's admitted assets, or (iii) twenty-five percent of net worth, as of the 31st day of the previous December;

(c) Reinsurance agreements or modifications to them in which the reinsurance premium or a change in the health carrier's liabilities equals or exceeds five percent of the health carrier's net worth, as of the 31st day of the previous December, including those agreements that may require as consideration the transfer of assets from a health carrier to a nonaffiliate, if an agreement or understanding exists between the health carrier and nonaffiliate that any portion of the assets will be transferred to one or more affiliates of the health carrier;

(d) Management agreements, service contracts, and cost-sharing arrangements; and

(e) Other acquisitions or dispositions of assets involving more than five percent of the health carrier's admitted assets, specified by rule, that the commissioner determines may adversely affect the interests of the health carrier's subscribers.

(3) A domestic health carrier may not enter into transactions that are part of a plan or series of like transactions with persons within the health carrier holding company system if the aggregate amount of the transactions within a twelve-month period exceed the statutory threshold amount. If the commissioner determines that the separate transactions entered into over a twelve-month period exceed the statutory threshold amount, the commissioner may apply for an order as described in RCW 48.31C.080(1).

(4) The commissioner, in reviewing transactions under subsection (2) of this section, shall consider whether the transactions comply with the standards set forth in subsection (1) of this section.

(5) If a health carrier complies with the terms of a management agreement, service contract, or cost-sharing agreement that has not been disapproved by the commissioner under subsection (2) of this section, then the health carrier is not required to obtain additional approval from the commissioner for individual transactions conducted under the terms of the management agreement, service contract, or cost-sharing agreement. The commissioner, however, retains the authority to examine the individual transactions to determine their compliance with the terms of the management agreement, service contract, or cost-sharing agreement and subsection (1) of this section.

(6) This section does not authorize or permit a transaction that, in the case of a health carrier not a member of the same health carrier holding company system, would be otherwise contrary to law.

[2001 c 179 § 5.]

RCW 48.31C.060 Extraordinary dividends or distributions--Restrictions--Definition of distribution.

(1)(a) Subject to subsection (2) of this section, each registered health carrier shall report to the commissioner all dividends and other distributions to shareholders or members not within the ordinary course of business within five business days after their declaration and at least
fifteen business days before payment and shall provide the commissioner such other information as may be required by rule.

(b) Any payment of a dividend or other distribution to shareholders or members which would reduce the net worth of the health carrier below the greater of (i) the minimum required by RCW 48.44.037 for a health care service contractor or RCW 48.46.235 for a health maintenance organization or (ii) the company action level RBC under RCW 48.43.300(9)(a) is prohibited.

(2)(a) No domestic health carrier may pay an extraordinary dividend or make any other extraordinary distribution to its shareholders or members until: (i) Thirty days after the commissioner has received sufficient notice of the declaration, unless the commissioner declares the notice to be incomplete and requests additional information in which event the thirty days shall be tolled until fifteen days after receipt by the commissioner of the additional information or thirty days after the original receipt of the notice by the commissioner, whichever is later, and the commissioner has not within that period disapproved the payment; or (ii) the commissioner has approved the payment within the thirty-day period.

(b) For purposes of this section, an extraordinary dividend or distribution is a dividend or distribution of cash or other property whose fair market value, together with that of other dividends or distributions not within the ordinary course of business made within the period of twelve consecutive months ending on the date on which the proposed dividend is scheduled for payment or distribution, exceeds the lesser of: (i) Ten percent of the health carrier's net worth as of the 31st day of the previous December; or (ii) the net income of the health carrier for the twelve-month period ending the 31st day of the previous December, but does not include pro rata distributions of any class of the company's own securities.

(c) Notwithstanding any other provision of law, a health carrier may declare an extraordinary dividend or distribution that is conditional upon the commissioner's approval. The declaration confers no rights upon shareholders or members until: (i) The commissioner has approved the payment of the dividend or distribution; or (ii) the commissioner has not disapproved the payment within the thirty-day period referred to in (a) of this subsection.

(3) For the purpose of this section, "distribution" means a direct or indirect transfer of money or other property, except its own shares, or incurrence of indebtedness by a health carrier to or for the benefit of its members or shareholders in respect to any of its shares. A distribution may be in the form of a declaration or payment of a dividend; a distribution in partial or complete liquidation, or upon voluntary or involuntary dissolution; a purchase, redemption, or other acquisition of shares; or a distribution of indebtedness in respect to any of its shares. It does not include any remuneration to a shareholder or member made as consideration for services or items provided by such shareholder or member, including but not limited to remuneration in exchange for health care services, equipment or supplies, or administrative support services or equipment.

[2001 c 179 § 6.]

**RCW 48.31C.070** Examination of health carriers--Commissioner may order production of information--Failure to comply--Costs.

(1) Subject to the limitation contained in this section and in addition to the powers that
the commissioner has under RCW 48.44.145 relating to the examination of health care service contractors and under RCW 48.46.120 relating to the examination of health maintenance organizations, the commissioner also may order a health carrier registered under RCW 48.31C.040 to produce such records, books, or other information papers in the possession of the health carrier or its affiliates as are reasonably necessary to ascertain the financial condition of the health carrier or to determine compliance with this title. If the health carrier fails to comply with the order, the commissioner may examine the affiliates to obtain the information.

(2) The commissioner may retain at the registered health carrier's expense those attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as are reasonably necessary to assist in the conduct of the examination under subsection (1) of this section. Persons so retained are under the direction and control of the commissioner and shall act in a purely advisory capacity.

(3) Each registered health carrier producing for examination records, books, and papers under subsection (1) of this section are liable for and shall pay the expense of the examination in accordance with RCW 48.03.060.

(4) Chapter 48.03 RCW applies to this chapter except to the extent expressly modified by this chapter.

[2001 c 179 § 7.]

**RCW 48.31C.080 Violations of chapter--Commissioner may seek superior court order.**

(1) Whenever it appears to the commissioner that a health carrier or a director, officer, employee, or agent of the health carrier has committed or is about to commit a violation of this chapter or any rule or order of the commissioner under this chapter, the commissioner may apply to the superior court for Thurston county or to the court for the county in which the principal office of the health carrier is located for an order enjoining the health carrier or the director, officer, employee, or agent from violating or continuing to violate this chapter or any such rule or order, and for such other equitable relief as the nature of the case and the interest of the health carrier's subscribers or the public may require.

(2) No security that is the subject of an agreement or arrangement regarding acquisition, or that is acquired or to be acquired, in contravention of this chapter or of a rule or order of the commissioner under this chapter may be voted at a shareholders' meeting, or may be counted for quorum purposes. Any action of shareholders requiring the affirmative vote of a percentage of shares may be taken as though the securities were not issued and outstanding, but no action taken at any such meeting may be invalidated by the voting of the securities, unless the action would materially affect control of the health carrier or unless the courts of this state have so ordered. If a health carrier or the commissioner has reason to believe that a security of the health carrier has been or is about to be acquired in contravention of this chapter or of a rule or order of the commissioner under this chapter, the health carrier or the commissioner may apply to the superior court for Thurston county or to the court for the county in which the health carrier has its principal place of business to enjoin an offer, request, invitation, agreement, or acquisition made in contravention of RCW 48.31C.030 or a rule or order of the commissioner under that section to enjoin the voting of a security so acquired, to void a vote of the security already cast at
a meeting of shareholders, and for such other relief as the nature of the case and the interest of
the health carrier's subscribers or the public may require.

(3) If a person has acquired or is proposing to acquire voting securities in violation of this
chapter or a rule or order of the commissioner under this chapter, the superior court for Thurston
county or the court for the county in which the health carrier has its principal place of business
may, on such notice as the court deems appropriate, upon the application of the health carrier or
the commissioner seize or sequester voting securities of the health carrier owned directly or
indirectly by the person, and issue such order with respect to the securities as may be appropriate
to carry out this chapter.

(4) Notwithstanding any other provisions of law, for the purposes of this chapter, the
situs of the ownership of the securities of domestic health carriers is in this state.

(5) Subsections (2) and (3) of this section do not apply to acquisitions under RCW
48.31C.020.

[2001 c 179 § 8.]

RCW 48.31C.090 Violations of chapter--Penalties--Civil forfeitures--Orders--Referral
to prosecuting attorney--Imprisonment.

(1) The commissioner may require, after notice and hearing, a health carrier failing,
without just cause, to file a registration statement as required in this chapter, to pay a penalty of
not more than ten thousand dollars per day. The maximum penalty under this section is one
million dollars. The commissioner may reduce the penalty if the health carrier demonstrates to
the commissioner that the imposition of the penalty would constitute a financial hardship to the
health carrier. The commissioner shall transfer a fine collected under this section to the state
treasurer for deposit into the general fund.

(2) Every director or officer of a health carrier holding company system who knowingly
violates this chapter, or participates in, or assents to, or who knowingly permits an officer or
agent of the health carrier to engage in transactions or make investments that have not been
properly reported or submitted under RCW 48.31C.040(1), 48.31C.050(2), or 48.31C.060, or
that violate this chapter, shall pay, in their individual capacity, a civil forfeiture of not more than
ten thousand dollars per violation, after notice and hearing. In determining the amount of the
civil forfeiture, the commissioner shall take into account the appropriateness of the forfeiture
with respect to the gravity of the violation, the history of previous violations, and such other
matters as justice may require.

(3) Whenever it appears to the commissioner that a health carrier subject to this chapter,
or a director, officer, employee, or agent of the health carrier, has engaged in a transaction or
entered into a contract that is subject to RCW 48.31C.050 and 48.31C.060 and that would not
have been approved had approval been requested, the commissioner may order the health carrier
to cease and desist immediately any further activity under that transaction or contract. After
notice and hearing the commissioner may also order the health carrier to void any such contracts
and restore the status quo if that action is in the best interest of the subscribers or the public.

(4) Whenever it appears to the commissioner that a health carrier or a director, officer,
employee, or agent of the health carrier has committed a willful violation of this chapter, the
commissioner may refer the matter to the prosecuting attorney of Thurston county or the county in which the principal office of the health carrier is located. A health carrier that willfully violates this chapter may be fined not more than one million dollars. Any individual who willfully violates this chapter may be fined in his or her individual capacity not more than ten thousand dollars, or be imprisoned for not more than three years, or both.

(5) An officer, director, or employee of a health carrier holding company system who willfully and knowingly subscribes to or makes or causes to be made a false statement, false report, or false filing with the intent to deceive the commissioner in the performance of his or her duties under this chapter, upon conviction thereof, shall be imprisoned for not more than three years or fined not more than ten thousand dollars or both. The officer, director, or employee upon whom the fine is imposed shall pay the fine in his or her individual capacity.

(6) This section does not apply to acquisitions under RCW 48.31C.020.

[2001 c 179 § 9.]

RCW 48.31C.100  Violations of chapter--Impairment of financial condition.

Whenever it appears to the commissioner that a person has committed a violation of this chapter that so impairs the financial condition of a domestic health carrier as to threaten insolvency or make the further transaction of business by it hazardous to its subscribers or the public, the commissioner may proceed as provided in RCW 48.31.030 and 48.31.040 to take possession of the property of the domestic health carrier and to conduct the business of the health carrier.

[2001 c 179 § 10.]

RCW 48.31C.110  Order for liquidation or rehabilitation--Recovery of distributions or payments--Liability--Maximum amount recoverable.

(1) If an order for liquidation or rehabilitation of a domestic health carrier has been entered, the receiver appointed under the order may recover on behalf of the health carrier:

(a) From a parent corporation or a holding company, a person, or an affiliate, who otherwise controlled the health carrier, the amount of distributions, other than distributions of shares of the same class of stock, paid by the health carrier on its capital stock; or

(b) A payment in the form of a bonus, termination settlement, or extraordinary lump sum salary adjustment, made by the health carrier or its subsidiary to a director, officer, or employee; Where the distribution or payment under (a) or (b) of this subsection is made at anytime during the one year before the petition for liquidation, conservation, or rehabilitation, as the case may be, subject to the limitations of subsections (2) through (4) of this section.

(2) No such distribution is recoverable if it is shown that when paid, the distribution was lawful and reasonable, and that the health carrier did not know and could not reasonably have known that the distribution might adversely affect the ability of the health carrier to fulfill its contractual obligations.

(3) A person who was a parent corporation, a holding company, or a person, who otherwise controlled the health carrier, or an affiliate when the distributions were paid, is liable
up to the amount of distributions or payments under subsection (1) of this section the person received. A person who controlled the health carrier at the time the distributions were declared is liable up to the amount of distributions he or she would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they are jointly and severally liable.

(4) The maximum amount recoverable under this section is the amount needed in excess of all other available assets of the impaired or insolvent health carrier to pay the contractual obligations of the impaired or insolvent health carrier.

(5) To the extent that a person liable under subsection (3) of this section is insolvent or otherwise fails to pay claims due from it under those provisions, its parent corporation, holding company, or person, who otherwise controlled it at the time the distribution was paid, is jointly and severally liable for a resulting deficiency in the amount recovered from the parent corporation, holding company, or person, who otherwise controlled it.

[2001 c 179 § 11.]

RCW 48.31C.120 Violations of chapter--Contrary to interests of subscribers or the public.

Whenever it appears to the commissioner that a person has committed a violation of this chapter that makes the continued operation of a health carrier contrary to the interests of subscribers or the public, the commissioner may, after giving notice and an opportunity to be heard, suspend, revoke, or refuse to renew the health carrier's registration to do business in this state for such period as he or she finds is required for the protection of subscribers or the public. Such a suspension, revocation, or refusal to renew the health carrier's registration must be accompanied by specific findings of fact and conclusions of law.

[2001 c 179 § 12.]

RCW 48.31C.130 Confidential proprietary and trade secret information--Exempt from public disclosure--Exceptions.

Confidential proprietary and trade secret information provided to the commissioner under RCW 48.31C.020 through 48.31C.050 and 48.31C.070 are exempt from public inspection and copying and shall not be subject to subpoena directed to the commissioner or any person who received the confidential proprietary financial and trade secret information while acting under the authority of the commissioner. This information shall not be made public by the commissioner, the national association of insurance commissioners, or any other person, except to insurance departments of other states, without the prior written consent of the health carrier to which it pertains unless the commissioner, after giving the health carrier that would be affected by the disclosure notice and hearing under chapter 48.04 RCW, determines that the interest of policyholders, subscribers, members, shareholders, or the public will be served by the publication, in which event the commissioner may publish information related to the transactions or filings in the manner and time frame he or she reasonably deems appropriate and sensitive to the interest in preserving confidential proprietary and trade secret information. The
commissioner is authorized to use such documents, materials, or information in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties. The confidentiality created by chapter 179, Laws of 2001 shall apply only to the commissioner, any person acting under the authority of the commissioner, the national association of insurance commissioners and its affiliates and subsidiaries, and the insurance departments of other states.

**RCW 48.31C.150 Rule making.**
The commissioner may adopt rules to implement and administer this chapter.

[2001 c 179 § 16.]

If an insurance company holding a certificate of authority from the commissioner under chapter 48.05 RCW is a member of both a health carrier holding company system under this chapter and an insurance holding company system under chapter 48.31B RCW, then chapter 48.31B RCW applies to the authorized insurance company.

[2001 c 179 § 17.]

**RCW 48.31C.900 Severability--2001 c 179.**
