(5) The committee shall develop a dispute resolution process to resolve conflicts in interpretation of environmental standards and best management practices, mitigation requirements, permit requirements, assigned responsibilities, the streamlined process for pilot projects set forth in this section, and other related issues by September 1, 2001. The dispute resolution process may not abrogate or supplant any appeal right of any party under existing statutes. The dispute resolution process must be designed to include federal agencies if they choose to participate. The dispute resolution process must be applied to the pilot projects.

(6) The streamlined process for the pilot projects must be based on the following model:

(a) Step 1: The department and permitting agencies will agree on coordination for environmental review under the state and national environmental policy acts, including document preparation, public comment opportunities, and timelines.

(b) Step 2: For each project, the department will convene a meeting of all entities with permitting authority to review:

(i) The proposed conceptual design for the project and alternative routes, construction approaches, or mitigation approaches;

(ii) All known reviewing entities, permit application and approval requirements, and timelines; and

(iii) A coordinated timeline that allows all statutory requirements to be met.

(c) Step 3: The department will draft all necessary permits to proceed with the preferred alternative using relevant agreements with permitting agencies.

(d) Step 4: The department will provide public notice in conformity with all applicable statutes and regulations and allow the required time for public hearings and written comments.

(e) Step 5: The department may revise the draft permits after consideration of public comments and applying all relevant agreed upon standards.

(f) Step 6: All permits will be disseminated to permitting agencies for final review. All reviews will be completed within forty-five days, at which time the permitting agencies will act upon the permit and either approve the permit or return it without approval.

(g) Step 7: If the permit is returned to the department without approval, the permitting agencies will have one opportunity to identify errors or omissions and any remaining specific deficiencies or circumstances not previously addressed by agreements between the department and agencies that must be met or addressed to be compliant with applicable law. The department may revise the permit as warranted and resubmit the permit to the permitting agency, which will have fifteen days from receipt of the revised permit to take final action.

(h) Step 8: Disputes related to permit decisions will be addressed by the dispute resolution process established by the committee. [2001 1st sp.s. c 2 § 5.]

### 47.06C.060 Local government participation.

(Expires March 31, 2003.) (1) This section establishes procedures for city, town, and county governments to participate in the processes identified in this chapter to provide for coordinated, multijurisdictional environmental review and permitting decisions for pilot projects and transportation projects of statewide significance.

(2) Each city, town, and county within whose boundaries is located or partially located one or more projects identified in subsection (1) of this section, shall elect whether or not to participate in coordinated processes for environmental review and permitting of those projects as required in this chapter. If the city, town, or county elects to participate, it may do so as either a participating entity or as an assigning entity.

(a) If a city, town, or county elects to be considered as a participating entity, the committee must then include a representative designated by the city, town, or county in the coordinated review of the project. The department shall compensate the jurisdiction for technical support required for participation in the process. The jurisdiction will also be eligible for reimbursement for permit fees set by local ordinances and other agreed upon costs associated with the issuance of project permits.

(b) For the purposes of expediting the permit process, a city, town, or county may elect to assign its permit responsibilities under chapter 39.34 RCW to the department simultaneously with its notification to the department as specified in this section. The city, town, or county electing to assign its responsibilities shall enter into an agreement with the department to define the local permit requirements that must be met. Permits issued under the negotiated agreement are presumed to at least meet local environmental permit requirements. A city, town, or county choosing to use this option is eligible for a permit fee set by local ordinances associated with the issuance of the project permits.

(3) If the city, town, or county elects not to participate in the coordinated processes for the pilot projects designated
in this chapter or transportation projects of statewide significance the department will issue the locally required permits, when allowable. The department shall comply with all provisions of city, town, and county ordinances, and the department permit approval is presumed to at least meet the local environmental review and permit requirements.

(4) Any city, town, or county shall notify the department within sixty days of receipt of the committee’s notification of project designation, as to whether it elects to be considered a participating entity or an assigning entity, or elects not to participate in the coordinated process provided in this chapter.

(5) The committee shall review and evaluate the process by which local governments review and approve pilot projects and transportation projects of statewide significance, and shall provide recommendations to the legislature to improve the coordination of the local process with state and federal reviews as part of the reports required by this chapter.

(6) A city, town, or county is not liable for decisions made by the department that result in a failure to comply with city, town, or county ordinances except as provided in the interlocal agreements, and the department shall defend and answer to any actions or complaints challenging the validity of permits issued under this section. [2001 1st sp.s. c 2 § 6.]

47.06C.070 Interim permit process. (Expires March 31, 2003.) Until integrated standards and best management practices have been adopted by the committee, the department may use the following process for transportation projects of statewide significance, including projects requested by a project sponsor.

(1) Step 1: Conceptual description. The department will identify project purposes, the approximate location or alternative locations, and the federal, state, and local agencies that might have authority to review and approve the project or portions of it at any such locations, and a preliminary interagency communication list identifying agencies that may be interested in the proposed project and, where known, contact persons in such agencies. If the department is going to proceed with step 2 or to abandon the project, it may complete step 1 by:

(i) A primary contact person to coordinate future communications with the department and other interested agencies regarding the project, or indicate that it has no interest in the project and need not remain on the project information list;

(ii) Its role with respect to the proposed project;

(iii) Additional alternative locations the department should consider and the roles it would expect to have with the project at those locations;

(iv) Other agencies it believes should be added to the list for the project; and

(v) Other information the agency requests the department to consider.

(b) After all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 2 by:

(i) Providing one or more conceptual designs for the project at a proposed location and any alternative locations then being considered;

(ii) Providing a summary of the results of step 2, including a statement that the department considers step 2 to be complete or complete except for specified issues remaining to be resolved with specified agencies, to all agencies on the interagency communication list; and

(iii) Making the summary available to the public.

(3) Step 3: Identify environmental reviews, permits, and other approvals, application procedures, and decision standards. (a) At any time after completing step 2, the department may initiate step 3 by notice to all agencies on the list and the public. This notice may include a threshold determination on whether an environmental impact statement (EIS) or supplemental EIS will be prepared or an environmental checklist and request for comments on what steps should be taken to comply with chapter 43.21C RCW, the State Environmental Policy Act (SEPA). Within thirty days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to identify:

(i) The procedures under which it expects environmental reviews of the project to occur;

(ii) All permits and other approvals it might require for the project at each alternative location and conceptual design;

(iii) What is needed for the department to file a complete application for each permit or other approval;

(iv) The laws, regulations, ordinances, and policies it would administer with respect to the project at each alternative location and conceptual design; and

(v) Other information the agency requests the department to consider in deciding whether, when, where, or how to proceed with the project.

(b) After all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 3 by:

(i) Adopting a list of all environmental reviews, permits, and other approvals it believes are needed for the project under each alternative being considered;

(ii) Providing all agencies on the list a copy of that list and a summary of the other results of step 3, including a statement that the department considers step 3 to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the list and summary available to the public.

(c) The list and summary will be presumed to accurately identify all environmental reviews, permits, and other approvals needed for each alternative described, what is required for applications to be considered complete, and the standards under which applications will be reviewed and approved, unless an aggrieved agency or person files objections within thirty days after the list and summary are distributed.
(4) Step 4: Tentative selection of preferred alternative.
(a) At any time after completing step 3, the department may initiate step 4 by notice to all agencies on the list and the public. This notice may be accompanied by a scoping notice for an EIS or supplemental EIS or, if available, be accompanied by a draft EIS or supplemental EIS. It also may be accompanied by the department’s preliminary analysis of the advantages and disadvantages of each identified alternative, or other information that may be helpful to other interested agencies and the public in identifying advantages and disadvantages. Within fourteen days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to identify:

(i) For each identified alternative, the specific features it considers significant with respect to its role in environmental reviews, permits, or other approvals for the project; the reasons these features are significant, and any concerns it may have about the alternative because of potential adverse impacts of these features on resources or social policies within its jurisdiction;

(ii) For each feature for which it raises concerns, recommendations on how the potential adverse impacts could be avoided, minimized, and mitigated;

(iii) For each feature for which it raises concerns, an assessment of the relative ranking of each alternative with respect to whether and to what extent these concerns apply;

(iv) Recommendations the agency may have as to which alternatives should be retained or dropped from further consideration, and ways in which alternatives might be modified or combined to address its concerns, recognizing that final decisions can be made only through the applicable environmental review, permit, and other approval processes and the agency making them is not bound with respect to any future decisions it may make regarding the project;

(v) Other information the agency requests the department to consider in deciding whether, when, where, or how to proceed with the project.

(b) After all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 4 by:

(i) Selecting a preferred alternative for purposes of all environmental reviews, permits, and other approvals needed for the project;

(ii) Providing all agencies on the list a description of the preferred alternative and summary of the other results of step 4, including a statement that the department considers step 4 to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the preferred alternative and summary available to the public. The preferred alternative will be identified in all environmental reviews, permits, and other approvals needed for the project.

(5) Step 5: Completing environmental reviews and applications for permits and other approvals. (a) At any time after completing step 4, the department may initiate step 5 by notice to all agencies on the list and the public. A draft EIS or supplemental EIS, the department’s draft plans and specifications for the project, and draft applications for some or all permits and other approvals may be provided with the notice or when they subsequently become available. Within thirty days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to identify:

(i) All concerns it previously raised regarding the alternative, and other alternatives still under consideration, that have not been resolved to its satisfaction;

(ii) Additional concerns it may have, particularly concerns resulting from additional information about the project location and design, and other new information received since the completion of step 4;

(iii) Additional environmental reviews, permits, or other approvals needed for the preferred alternative because of changes in laws, regulations, or policies or changes in the project location or design since these issues were last reviewed in step 3 or 4;

(iv) Changes in applicable requirements for complete applications for permits or other approvals under its jurisdiction since these issues were last reviewed in step 3 or 4;

(v) Other changes in applicable laws, regulations, ordinances, or policies administered by the agency since these issues were last reviewed in step 3 or 4;

(vi) Whether a draft application proposed by the department for a permit or other approval from the agency is complete, and if not, what additional information or other changes are needed for it to be complete.

(b) When all state and local agencies on the list have responded, or at least ten days after expiration of the specified response time, the department may complete step 5 by:

(i) Completing some or all environmental review processes and draft application forms for permits and other approvals that it reasonably believes to be complete;

(ii) Providing all agencies on the interagency communication list with environmental review and application documents and a summary of the other results of step 5, including a statement that the department considers step 5 to be complete or complete except for specified issues remaining to be resolved with specified agencies; and

(iii) Making the completed environmental review documents and summary available to the public. The preferred alternative will be identified in all environmental reviews, permits, and other approvals needed for the project.

(c) However, if an interested agency or aggrieved person files objections within fourteen days after the preferred alternative and summary are distributed, the objections will be addressed in subsequent environmental reviews and agency decisions regarding the project.

(6) Step 6: Completing the environmental review, permit, and other approval processes. (a) At any time after completing step 5, the department may initiate step 6 by notice to all agencies on the list and the public and filing applications for some or all permits and other approvals needed for the project. Within thirty days, or a longer time if specified by the department, each state, local, and federal agency will be encouraged to:

(i) Acknowledge receipt of draft environmental review documents provided to them and provide comments on them;

(ii) Acknowledge receipt of final environmental review documents and determine that they are adequate for purposes of their roles regarding the project or specify what additional information or changes are needed for them to be considered adequate;
(iii) Acknowledge receipt of each application filed with them and determine that the application is complete or specify what additional information or changes are needed for it to be considered complete;

(iv) Acknowledge that the applications submitted to them will be processed under the laws, regulations, ordinances, and policies previously identified under steps 3, 4, and 5 or specify what changes have occurred in the governing standards that were in effect on the date a complete application was filed and thus apply to the project;

(v) Identify the significant steps necessary for the agency to reach a final decision on applications and the estimated time needed for each step;

(vi) Identify ways its decision-making process might be made more efficient and effective through additional coordination with other agencies, with any recommendations for such methods as joint solicitation and review of public comments and jointly conducting public hearings.

(b) It is recognized that step 6 may require an iterative process with several drafts of various environmental review documents and applications being considered and revised, and that changes in project location or design resulting from the permit decisions of one agency may require revising applications or even reopening permit decisions of other agencies. All state and local agencies are expected, and federal agencies are encouraged, to communicate and cooperate to minimize the number of iterations required and make the process as efficient and effective as possible. Unless significant new information is obtained, decisions made under step 6 should not be reopened except at the request of the department, and the most recent information available under steps 3, 4, and 5 should be presumed accurate until significant new information becomes available.

(c) If all environmental reviews have not been completed and all permits and other approvals obtained within forty-five days after step 6 is initiated, the department, by notice to all agencies on the list and the public, may set a deadline for completing reviews and decisions. At any time after the deadline, the department may terminate the coordination process of this section as to some or all of the reviews and decisions that are still not completed. [2001 1st sp.s. c 2 § 7.]

47.06C.080 Department organization and administrative actions. (Expires March 31, 2003.) The legislature finds that an essential component of streamlined permit decision making is the ability of the department to demonstrate the capacity to meet environmental responsibilities. Therefore, the legislature directs that:

(1) The department may amend its operating practices applicable to obtaining project permits when:

(a) Agreements on standards or best management practices as appropriate, are reached under RCW 47.06C.040;

(b) The committee determines that streamlining procedures and methodologies implemented for pilot projects consistent with RCW 47.06C.050 warrant broader application;

(c) The committee determines that the assignment of responsibilities between regulating agencies and the department is appropriate for broader use.

(2) The department may develop permits for review by permitting agencies when agreement on the standards and best management practices covered by such permits have been reached under RCW 47.06C.040. Regulating agencies shall review permits based upon the agreed upon standards and timelines developed in RCW 47.06C.040, as well as any other applicable existing standards.

(3) Qualified environmental staff within the department shall lead the development of all environmental documentation associated with department projects and permit activities in accordance with the department’s project delivery tools.

(4) The department shall conduct special prebid meetings for projects that are environmentally complex. In addition, the department shall review environmental considerations related to these projects during the preconstruction meeting held with the contractor who is awarded the bid.

(5) Environmental staff at the department shall conduct field inspections to ensure that project activities are performed under permit conditions. These inspectors:

(a) May issue stop work orders when compliance with permit standards are not being met; and

(b) For this portion of their job duties, are accountable to the director of environmental affairs of the department.

(6) Failure to comply with a stop work order may result in civil penalties being assessed against the department and individuals involved. Willful violation of a stop work notice issued by the department is subject to civil penalties assessed on the agency as well as the individuals involved. Persistent violations by the department may result in loss of permit drafting and program management responsibilities. [2001 1st sp.s. c 2 § 8.]
and economic development, and fish and wildlife to implement the requirements of this chapter;

(8) Fund a technical specialist at the Northwest Indian Fisheries Commission and the Columbia River Intertribal Fisheries Commission for the purpose of implementing this chapter;

(9) Reimburse local jurisdictions for costs associated with local participation on the committee and technical subcommittees. [2001 1st sp.s. c 2 § 9.]

47.06C.100 Cost reimbursement. (Expires March 31, 2003.) The committee shall negotiate a method of cost reimbursement for the costs associated with carrying out the purposes of this chapter, including prior departmental agreements with permitting agencies to cover their costs for transportation projects of statewide significance. [2001 1st sp.s. c 2 § 10.]

47.06C.900 Captions not law—2001 1st sp.s. c 2. (Expires March 31, 2003.) Captions used in this chapter are not any part of the law. [2001 1st sp.s. c 2 § 11.]

47.06C.901 Expiration date—2001 1st sp.s. c 2. This act expires March 31, 2003. [2001 1st sp.s. c 2 § 13.]

47.06C.902 Effective date—2001 1st sp.s. c 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 29, 2001]. [2001 1st sp.s. c 2 § 14.]

47.06C.903 Severability—2001 1st sp.s. c 2. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2001 1st sp.s. c 2 § 15.]

47.08.070 Cooperation in public works projects, urban public transportation systems. When it appears to the department that any state highway will be benefited or improved by the construction of any public works project, including any urban public transportation system, within the state of Washington by any of the departments of the state of Washington, by the federal government, or by any agency, instrumentality, or municipal corporation of either the state of Washington or the United States, the department is authorized to enter into cooperative agreements with any such state department, with the United States, or with any agency, instrumentality, or municipal corporation of either the state of Washington or the United States, wherein the state of Washington, acting through the department, will participate in the cost of the public works project in such amount as may be determined by the department to be the value of the benefits or improvements to the particular state highway derived from the construction of the public works project. Under any such agreement the department may contribute to the cost of the public works project by making direct payment to the particular state department, federal government, or to any agency, instrumentality, or municipal corporation of either the state or the United States, or any combination thereof, which may be involved in the project, from any funds appropriated to the department and available for highway purposes, or by doing a portion of the project either by day labor or by contract, or in any other manner as may be deemed advisable and necessary by the department. 47.08.080 Funds when department is in charge of county road improvements. If any funds become available from the federal government or otherwise for expenditure in conjunction with county funds for the construction, alteration, repair, or improvement of any county road and the work is to be performed by the department, the state treasurer shall, upon notice from the department, set aside from any moneys in the motor vehicle fund credited to any county, the cost thereof, together with the cost of engineering, supervision, and other proper items, or so much of the money in the state treasury to the credit of the county as may be necessary for use in conjunction with funds from the federal government to accomplish the work. The work shall then be performed by the department and paid from the money so set aside upon vouchers approved and submitted by the department in the same manner as payment is made for such work on state highways: PROVIDED, That the legislative authority of any such county shall have, by proper resolution, filed in duplicate in the office of the department and approved by it, determined the county road construction, alteration, repair, or improvement to be performed in such county and the same is found to conform in all respects to the requirements necessary for the use of such funds of the federal government. [1984 c 7 § 96; 1973 c 106 § 22; 1961 c 13 § 47.08.080. Prior: 1937 c 187 § 59; RRS § 6450-59.]

47.08.090 Funds when department is in charge of city street improvements. If any funds become available from the federal government or otherwise for expenditure in conjunction with funds accruing to any incorporated city or town for the construction, alteration, repair, or improvement of its city streets designated as forming a part of the route of any state highway through the incorporated city or town and the work is to be performed by the department, the state treasurer shall, upon notice from the department, set aside from any moneys in the motor vehicle fund credited to the incorporated city or town, the cost thereof or so much money in the state treasury to the credit of the incorporated city or town as may be necessary in conjunction with the funds from the federal government or otherwise to accomplish the work, the cost to be paid by the state treasurer from the money so set aside upon vouchers approved and submitted by the department in the same manner as payment is made for work on state highways. If any such incorporated city or town has agreed with the state of Washington or the federal government as a condition precedent to the acquiring of federal funds for construction on any city street of the incorporated city or town designated as forming a part of the route of any state highways, that the street will be maintained to a standard and the incorporated city or town fails to so maintain the city street, then the department may perform the maintenance, and the state treasurer is authorized to deduct the cost thereof from any funds credited or to be credited to the incorporated city or town and pay the same on vouchers approved and submitted by the department in the same manner as payment is made for work performed on state highways. [1984 c 7 § 97; 1973 c 106 § 23; 1961 c 13 § 47.08.090. Prior: 1937 c 187 § 65; RRS § 6450-65.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.08.100 Illegal use of county or city road funds—Procedure to correct. The department is authorized from time to time to investigate expenditures from the county road fund and the city street fund; and if it determines that unauthorized, illegal, or wrongful expenditures are being or have been made from the fund it is authorized to proceed as follows: If the county road fund is involved it shall notify in writing the county legislative authority and the county treasurer of its determination; and if the city street fund is involved it shall notify the city council or commission and the mayor and city treasurer of the city or town of its determination. In its determination the department is authorized to demand of those officials that the wrongful or
illegal expenditures shall be stopped, adjusted, or remedied and that restitution of any wrongful or illegal diversion or use shall be made; and it may notify the officials that if the wrong is not stopped, remedied, or adjusted, or restitution made to its satisfaction within a specified period fixed by it, it will direct the withholding of further payments to the county or city from the motor vehicle fund. The county or city shall have ten days after the notice is given within which to correct or remedy the wrong, or wrongful and illegal practices, to make restitution, or to adjust the matter to the satisfaction of the department.

If no correction, remedy, adjustment, or restitution is made within ten days to the satisfaction of the department, it has power to request in writing that the state treasurer withhold further payments from the motor vehicle fund to the county or city; and it is the duty of the state treasurer upon being so notified to withhold further payments from the motor vehicle fund to the county or city involved until the officials are notified in writing by the department that payments may be resumed.

The department is also authorized to notify in writing the prosecuting attorney of the county in which the violation occurs of the facts, and it is the duty of the prosecuting attorney to file charges and to criminally prosecute any and all persons guilty of any such violation. [1984 c 7 § 98; 1973 c 106 § 24; 1961 c 13 § 47.08.100. Prior: 1943 c 82 § 13, part; 1937 c 187 § 66, part; Rem. Supp. 1943 § 6450-66, part.]

FIRST PRIORITY PROJECT—1951 ACT

47.10.010 First priority highway projects—Declaration of. Reconstruction of primary state highway No. 1 from Oregon to British Columbia, construction of four traffic lanes at Snoqualmie Pass, construction of an adequate highway bridge from Pasco to Kennewick and construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, are declared to be highway projects of the first priority. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The reimbursement of the motor vehicle fund for money used to purchase Agate Pass Bridge bonds will also make possible other war emergency or high priority highway construction. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.010. Prior: 1951 c 121 § 1.]

47.10.020 Bond issue authorized—Use of motor vehicle fund. To provide funds for accelerating construction of these first priority projects, and to reimburse the motor vehicle fund for money expended for Agate Pass Bridge construction there shall be issued and sold limited obligation bonds of the state of Washington in the sum of sixty-six million seven hundred three thousand, six hundred and twenty-five dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: PROVIDED, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such (2002 Ed.)
time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.020. Prior: 1955 c 117 § 1; 1951 c 121 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

### 47.10.030 Form and term of bonds.
Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.010 through 47.10.140 shall be fully negotiable instruments. [1961 c 13 § 47.10.030. Prior: 1951 c 121 § 3.]

### 47.10.040 Bonds not general obligations—Taxes pledged.
Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.010 through 47.10.140 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and *chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.010 through 47.10.140, and the legislature hereby agrees to continue to imposing the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.010 through 47.10.140 when due. [1961 c 13 § 47.10.040. Prior: 1951 c 121 § 4.]

*Reviser's note: Chapter 82.40 RCW and RCW 82.40.020 were repealed by 1971 ex.s. c 175 § 33; for later enactment see chapter 82.38 RCW.

### 47.10.050 Sale of bonds.
The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall be legal investment for any of the funds of the state, except the permanent school fund: PROVIDED, That bonds authorized herein to reimburse the motor vehicle fund for the cost of the Agate Pass Bridge construction shall be sold at the earliest date which the committee finds feasible. [1961 c 13 § 47.10.050. Prior: 1951 c 121 § 5.]

### 47.10.060 Proceeds—Deposit and use.
The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of such first priority projects, reimbursement of the motor vehicle fund for money expended for construction of the Agate Pass Bridge in order to make such money available for war emergency highway projects or other high priority highway uses, and payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.060. Prior: 1951 c 121 § 6.]

### 47.10.070 Source of funds for payment of principal and interest.
Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: PROVIDED, That money required hereunder to pay interest on or to retire any bonds issued for Columbia Basin county arterial highways or farm to market roads shall be repaid by any such county or counties wherein such highways or roads are constructed in the manner set forth in RCW 47.10.110. [1984 c 7 § 100; 1961 c 13 § 47.10.070. Prior: 1951 c 121 § 7.]

Severability—1984 c 7: See note following RCW 47.01.141.

### 47.10.080 Highway bond retirement fund.
At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.070, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the
treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.080. Prior: 1951 c 121 § 8.]

### 47.10.090 Excess sums in bond retirement fund—Use.

Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.090. Prior: 1951 c 121 § 11.]

### 47.10.100 Allocation of bonds.

The bonds authorized herein are allocated to the first priority projects as follows:

1. Forty-nine million two hundred fifty thousand dollars of the total issue for the acceleration of the reconstruction of primary state highway No. 1, said amount to be expended on said primary state highway No. 1 as follows: Thirty-three million five hundred thousand dollars between Everett, Seattle, Tacoma, Olympia, Chehalis, Centralia, Kelso, Vancouver, and the Oregon boundary line, and fifteen million seven hundred fifty thousand dollars between Everett and the Canadian boundary line;

2. Six million five hundred thousand dollars of the total issue for the construction of the highway bridge from Pasco to Kennewick;

3. Four million two hundred fifty thousand dollars of the total issue for the construction of a four lane highway at Snoqualmie Pass;

4. Five million dollars of the total issue for the construction of Columbia Basin county arterial highways and farm to market roads in Grant, Franklin, and Adams counties, for which the state must be reimbursed as provided in RCW 47.10.110; and

5. One million seven hundred three thousand six hundred twenty-five dollars of the total issue for reimbursement of the motor vehicle fund for money spent for Washington toll bridge authority bonds purchased in connection with the construction of the Agate Pass Bridge, said sum of one million seven hundred three thousand six hundred twenty-five dollars to be used when it becomes available in the motor vehicle fund, under allotments to be made by the director of highways, for war emergency or other high priority highway projects: PROVIDED, That no bonds shall be issued for Columbia Basin county arterial highway and road purposes unless expenditures are actually required for the settlement of lands ready for irrigation in the Columbia Basin project and all construction of arterial highways and roads in such counties shall be accomplished by the engineering forces of the various counties under the supervision of the director of highways. [1961 c 13 § 47.10.100. Prior: 1951 c 121 § 12.]

Reviser's note: Powers, duties, and functions of director of highways transferred to secretary of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

### 47.10.110 Columbia Basin highway projects—Reimbursement by counties.

The secretary shall report separately to the state finance committee all sums expended from funds resulting from the sale of bonds for Columbia Basin county arterial highways and farm to market roads in Grant, Franklin, and Adams counties under the provisions of RCW 47.10.010 through 47.10.140. Those counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of RCW 47.10.010 through 47.10.140 within each of such counties as follows: The state finance committee, at least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to pay all of the interest upon or retire when due all of the portion of said bonds chargeable to expenditures incurred under the provisions of RCW 47.10.010 through 47.10.140 in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from the excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.010 through 47.10.140 in Grant, Adams, and Franklin counties. Any money so retained shall be available for state highway purposes. [1984 c 7 § 101; 1961 c 13 § 47.10.110. Prior: 1951 c 121 § 9.]

Severability—1984 c 7: See note following RCW 47.01.141.

**ADDITIONAL BONDS—1953 ACT**

47.10.150 Declaration of necessity for additional funds. Increased construction costs for highway and bridge construction since the enactment of a highway bond issue by the 1951 legislature makes necessary additional money with which to complete the sections of primary state highway No. 1 planned from funds allocated under RCW 47.10.010 through 47.10.140 and it is vital to the economy of the state and the safety of the traffic that these sections shall be completed to relieve traffic congestions, to add capacity in event of war, and to presently insure greater safety to highway users; the rapid increase of traffic across Snoqualmie Pass necessitates continued improvement of primary state highway No. 2 to provide four-lane paving contiguous to Snoqualmie Pass as the funds will permit; the rapid increase of traffic and the facilitation of movement of military forces and equipment from the military centers of the state makes imperative the construction of a highway from primary state highway No. 2 beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by the way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton; said highway to follow approximately the route surveyed by the director of highways and covered in the report filed by him with the 1951 legislature commonly known as the "Echo Lake Route," as the funds provided for herein will permit; the construction of secondary state highways in to the Columbia Basin area is immediately necessary to provide needed state arterial highways for the irrigated lands of the Columbia Basin areas to market centers and thereby encourage the full development of the basin project. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.150. Prior: 1953 c 154 § 1.]

**Reviser's note:** Powers, duties, and functions of director of highways transferred to department of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

To provide funds for accelerating construction of these priority projects there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eighteen million dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: PROVIDED, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.160. Prior: 1955 c 117 § 2; 1953 c 154 § 2.]

Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.150 through 47.10.270 shall be fully negotiable instruments. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimate so that all requirements for interest and principal of all bonds issued shall be fully met at all times. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of
RCW 47.10.751 through 47.10.760, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.751 through 47.10.760. [1967 ex.s.c 7 § 8.]

*Reviser's note: Chapter 82.40 RCW, see note following RCW 47.10.729.

### 47.10.757 Additional funds—Source of funds for payment of bond principal and interest

Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is or may be appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available to the state for construction of state highways proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1984 c 7 § 110; 1967 ex.s.c 7 § 9.]

**Severability—1984 c 7:** See note following RCW 47.01.141.

### 47.10.758 Additional funds—Highway bond retirement fund

At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.757, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s.c 7 § 10.]

Secs. 115 or 122.

(2) The transportation commission, in consultation with the legislative transportation committee, may at any time find and determine that any amount of the bonds authorized in subsection (1) of this section, and not then sold, are no longer required to be issued and sold for the purposes described in subsection (1) of this section.

(3) Any bonds authorized by subsection (1) of this section that the transportation commission determines are no longer required for the purpose of paying the cost of the designated interstate highway improvements described therein shall be issued and sold, upon the request of the Washington state transportation commission, to provide funds for the location, design, right of way, and construction of major transportation improvements throughout the state that are identified as category C improvements in *RCW 47.05.030. [1985 c 406 § 1; 1982 c 19 § 3; 1981 c 316 § 10; 1979 ex.s. c 180 § 1.]

Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.790 in accordance with the provisions of chapter 39.42 RCW. The amount of such bonds issued and sold under the provisions of RCW 47.10.790 through 47.10.798 in any biennium may not exceed the amount of a specific appropriation therefor. Such bonds may be sold from time to time in such amounts as may be necessary for the orderly progress of the state highway improvements specified in RCW 47.10.790. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [1986 c 290 § 6; 1979 ex.s. c 180 § 2.]

47.10.792 Bond proceeds—Deposit and use. The proceeds from the sale of the bonds authorized by RCW 47.10.790 shall be deposited in the motor vehicle fund and such proceeds shall be available only for the purposes enumerated in RCW 47.10.790, for the payment of bond anticipation notes, if any, and for the payment of the expense incurred in the drafting, printing, issuance, and sale of such bonds. 47.10.793 Statement of general obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.10.790 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.10.790 through 47.10.798 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.790 through 47.10.798, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.790 through 47.10.798. [1995 c 274 § 6; 1979 ex.s. c 180 § 4.]

47.10.794 Designation of funds to repay bonds and interest. Any funds required to repay the bonds authorized by RCW 47.10.790 or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state for expenditure pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1979 ex.s. c 180 § 5.]

47.10.795 Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.794, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund heretofore created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith, and such committee shall adjust its estimates so that all requirements for the interest on and principal of all bonds issued shall be fully met at all times. [1979 ex.s. c 180 § 6.]

47.10.796 Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the highway bond retirement fund shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds pursuant to applicable bond covenants or remain available in the fund to reduce requirements upon the fuel excise tax portion of the motor vehicle fund. [1979 ex.s. c 180 § 7.]

47.10.797 Bonds legal investment for state funds. The bonds authorized in RCW 47.10.790 through 47.10.798 constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations. [1979 ex.s. c 180 § 8.]

47.10.798 Bonds equal charge against fuel tax revenues. Except as otherwise provided by statute, general obligation bonds issued under authority of legislation enacted during the 45th session of the legislature and thereafter and which pledge motor vehicle and special fuel excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuel excise taxes. [1979 ex.s. c 180 § 9.]

47.10.799 Appropriation—Expenditure limited to bond sale proceeds. There is hereby appropriated from the motor vehicle fund to the department of transportation for the biennium ending June 30, 1981, the sum of ten million dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.790: PROVIDED, That the money available for expenditure under this appropriation may not exceed the amount of money derived from the sale of ten million dollars of bonds authorized by RCW 47.10.790 and deposited to the credit of the motor vehicle fund. [1979 ex.s. c 180 § 10.]

47.10.800 Severability—1979 ex.s. c 180. If any provision of RCW 47.10.790 through 47.10.800 or its application to any person or circumstance is held invalid, the remainder of RCW 47.10.790 through 47.10.800 or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 180 § 12.]

Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. 47.10.804 Statement of general obligation—Pledge of excise taxes. Bonds issued under RCW 47.10.801 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.10.801 through 47.10.809 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under RCW 47.10.801 through 47.10.809, and the legislature hereby agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under RCW 47.10.801 through 47.10.809. [1995 c 274 § 7; 1981 c 316 § 4.]

47.10.805 Designation of funds to repay bonds and interest. Any funds required to repay the bonds authorized by RCW 47.10.801 or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state for expenditure pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1981 c 316 § 5.]

47.10.806 Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to RCW 47.10.805, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund heretofore created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith, and the committee shall adjust its estimates so that all requirements for the interest on and principal of all bonds issued shall be fully met at all times. [1981 c 316 § 6.]

47.10.807 Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the highway bond retirement fund shall prove more than is required for the payment of interest on bonds when due, or current retirement bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1981 c 316 § 7.]

47.10.808 Bonds legal investment for state funds. The bonds authorized in RCW 47.10.801 through 47.10.809 constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations. [1981 c 316 § 8.]

47.10.809 Bonds equal charge against fuel tax revenues. Bonds issued under authority of RCW 47.10.801 through 47.10.809 and any subsequent general obligation bonds of the state of Washington which may be authorized and which pledge motor vehicle and special fuel excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuel excise taxes. [1981 c 316 § 9.]

47.10.811 Severability—1981 c 316. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 c 316 § 13.]

[1993 c 431 § 2.]

### 47.10.814 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.812 through 47.10.817 shall be deposited in the special category C account in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in RCW 47.10.812, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.812 through 47.10.817 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.812 through 47.10.817, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.812 through 47.10.817, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.812 through 47.10.817. [1995 c 274 § 8; 1993 c 431 § 4.]

Both principal and interest on the bonds issued for the purposes of RCW 47.10.812 through 47.10.817 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest thereon issued under the authority of RCW 47.10.812 through 47.10.817. Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.812 through 47.10.817 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the special category C account in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the special category C account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities and towns, shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the special category C account not required for bond retirement or interest on the bonds. [1993 c 431 § 5.]

[1993 c 432 § 2.]

Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.819 through 47.10.824, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.819 through 47.10.824. [1995 c 274 § 9; 1993 c 432 § 4.]

Both principal and interest on the bonds issued for the purposes of RCW 47.10.819 through 47.10.824 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. STATE AND LOCAL HIGHWAY IMPROVEMENTS—1998 ACT

47.10.843 Bond issue authorized. In order to provide funds necessary for the location, design, right of way, and construction of state and local highway improvements, there shall be issued and sold upon the request of the Washington state transportation commission a maximum of one billion nine hundred million dollars of general obligation bonds of the state of Washington. [1998 c 321 § 16 (Referendum Bill No. 49, approved November 3, 1998).]

47.10.844 Administration and amount of sale. Upon the request of the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.843 through 47.10.848 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.843 through 47.10.848 shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [1998 c 321 § 17 (Referendum Bill No. 49, approved November 3, 1998).]

47.10.845 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.843 through 47.10.848 shall be deposited in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in RCW 47.10.843, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [1998 c 321 § 18 (Referendum Bill No. 49, approved November 3, 1998).]

47.10.846 Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.10.843 through 47.10.848 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.843 through 47.10.848 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.843 through 47.10.848, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.843 through 47.10.848. [1998 c 321 § 19 (Referendum Bill No. 49, approved November 3, 1998).]

47.10.847 Repayment procedure—Bond retirement fund. Both principal and interest on the bonds issued for the purposes of RCW 47.10.843 through 47.10.848 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before
June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.843 through 47.10.848 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and which is, or may be, appropriated to the department of transportation for state highway purposes. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities, and towns, shall be repaid from the first revenues from the motor vehicle fuel or special fuel taxes distributed to the motor vehicle fund not required for bond retirement or interest on the bonds. [1998 c 321 § 20 (Referendum Bill No. 49, approved November 3, 1998).]

47.10.848 Equal charge against motor vehicle and special fuels tax revenues. Bonds issued under the authority of RCW 47.10.843 through 47.10.847 and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [1998 c 321 § 21 (Referendum Bill No. 49, approved November 3, 1998).]

(4) The department of transportation, pursuant to the procedures set forth in RCW 47.12.023, may remove sand and gravel and borrow materials and stone from the beds of navigable waters under the jurisdiction of the department of natural resources which lie below the line of ordinary high water upon the payment of fair market value per cubic yard for such materials to be determined in the manner set forth in RCW 47.12.023.

(5) The department of transportation may acquire full jurisdiction over lands under the jurisdiction of the department of natural resources including the beds of navigable waters that are required for the relocation of the operating tracks of any railroad that will be displaced by the acquisition of such railroad property for state highway purposes. The department of transportation may exchange lands so acquired in consideration or partial consideration for the land or property rights needed for highway purposes and may cause to be executed a conveyance of the lands in the manner prescribed in RCW 47.12.150. In that event the department of transportation shall pay to the department of natural resources, as just compensation for the acquisition, the fair market value of the property, including the beds of any navigable waters, to be determined in accordance with procedures set forth in RCW 47.12.023. [1984 c 7 § 116; 1977 ex.s. c 103 § 2.]

[1984 c 7 § 117; 1977 ex.s. c 103 § 3.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.12.040 Acquisition of property from a political subdivision. Whenever it is necessary to secure any lands for primary or secondary state highway right of way or other state highway purposes, the title to which is in any county of the state or in any political or municipal subdivision of the state, which land is not at the time being used as a public highway, the county legislative authority or the board of directors or governing body of any such political or municipal subdivision are authorized to directly lease, sell, or convey by gift the land or any interest therein to the state of Washington, without requiring competitive bids or notice to the public, and at such price as the legislative authority, directors, or governing body may deem for the best interests of the county or for the best interests of the political or municipal subdivision of the state. The county legislative authority or the directors or governing body of any political or municipal subdivision are empowered to execute a deed or other proper instrument to the land, passing title to the state of Washington, and the instrument need not require consideration other than the benefit which may be derived by the grantor on account of the use thereof. Whenever any state highway is established by legislative enactment and the state highway is upon the former route of a county road, the county legislative authority shall cause the title to the existing right of way or so much thereof as the department requires to be transferred to the state of Washington by proper instrument. [1984 c 7 § 118; 1961 c 13 § 47.12.040. Prior: 1943 c 266 § 1; 1937 c 53 § 26; Rem. Supp. 1943 § 6400-26.]

47.12.044 Proceedings to acquire property or rights for highway purposes—Precedence. Court proceedings necessary to acquire property or property rights for highway purposes pursuant to RCW 47.12.010 take precedence over all other causes not involving the public interest in all courts in cases where the state is unable to secure an order granting it immediate possession and use of the property or property rights pursuant to RCW 8.04.090 through 8.04.094. [1983 c 140 § 2.]

47.12.050 Work on remaining land as payment. Whenever it is considered in the securing of any lands for state highway purpose, whether by condemnation or otherwise, that it is for the best interest of the state, for specific constructural items of damage claimed, the court or judge may order or the person whose lands are sought may agree that a portion or all work or labor necessary to the land or remaining land by reason of the taking by way of damage, be performed by the state through the department as all or a part of the consideration or satisfaction of the judgment therefor, in which event the department may perform the work as a portion of the right of way cost of the state highway. [1984 c 7 § 119; 1961 c 13 § 47.12.050. Prior: 1937 c 53 § 27; RRS § 6400-27.]

47.12.063 Surplus real property program. (1) It is the intent of the legislature to continue the department’s policy giving priority consideration to abutting property owners in agricultural areas when disposing of property through its surplus property program under this section.

(2) Whenever the department determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for transportation purposes and that it is in the public interest to do so, the department may sell the property or exchange it in full or part consideration for land or improvements or for construction of improvements at fair market value to any of the following governmental entities or persons:

(g) Any abutting private owner but only after each other abutting private owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting private owner requests in writing the right to purchase the property within fifteen days after receiving notice of the proposed sale, the property shall be sold at public auction in the manner provided in RCW 47.12.283;
(h) To any person through the solicitation of written bids through public advertising in the manner prescribed by RCW 47.28.050;
(i) To any other owner of real property required for transportation purposes;

47.12.064 Affordable housing—Inventory of suitable property. (1) The department shall identify and catalog real property that is no longer required for department purposes and is suitable for the development of affordable housing for very low-income, low-income, and moderate-income households as defined in RCW 43.63A.510. The inventory shall include the location, approximate size, and current zoning classification of the property. The department shall provide a copy of the inventory to the department of community, trade, and economic development by November 1, 1993, and every November 1 thereafter.

(2) By November 1 of each year, beginning in 1994, the department shall purge the inventory of real property of sites that are no longer available for the development of affordable housing. The department shall include an updated listing of real property that has become available since the last update. (2) The department may sell at fair market value materials or other personal property to any private utility company regulated by the utilities and transportation commission for the purpose of making emergency repairs to utility facilities or to protect such facilities from imminent damage upon a finding in writing by the secretary that an emergency exists.

(3) The proceeds of all sales and leases under this section shall be placed in the motor vehicle fund. [1984 c 7 § 120; 1977 ex.s. c 78 § 2.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.12.080 Sale or exchange of unused land. The secretary of transportation may transfer and convey to the United States, its agencies or instrumentalities, to any other state agency, to any county or city or port district of this state, to any public utility company, any unused state-owned real property under the jurisdiction of the department of transportation when, in the judgment of the secretary of transportation and the attorney general, the transfer and conveyance is consistent with public interest. Whenever the secretary makes an agreement for any such transfer or conveyance, and the attorney general concurs therein, the secretary shall execute and deliver unto the grantee a deed of conveyance, easement, or other instrument, duly acknowl-
must certify that the materials so removed are to be used by the applicant and that they will not be disposed of to any other person. Removal of materials under the permit must be in accordance with rules adopted by the department. The fee for a permit is two dollars and fifty cents, which fee must be deposited in the motor vehicle fund. The department may adopt rules providing for special access to limited access facilities for the purpose of removal of materials under permits authorized in this section.

(3) The department may sell timber or logs to an abutting landowner for cash at full appraised value, but only after each other abutting owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting owner requests in writing the right to purchase the timber within fifteen days after receiving notice of the proposed sale, the timber must be sold in accordance with subsection (1) of this section.

(4) The department may sell timber or logs having an appraised value of one thousand dollars or less directly to interested parties for cash at the full appraised value without notice or advertising. If the timber is attached to state-owned land, the department shall issue a permit to the purchaser of the timber to allow for the removal of the materials from state land. The permit fee is two dollars and fifty cents. [1997 c 240 § 1; 1981 c 260 § 12. Prior: 1977 ex.s. c 151 § 52; 1977 ex.s. c 78 § 6; 1961 c 13 § 47.12.140; prior: 1953 c 42 § 1.]

47.12.150 Acquisition, exchange of property to relocate displaced facility. Whenever the department shall need for highway purposes land or property rights belonging to the United States government or any municipality or political subdivision of the state, or which shall be a part of the right of way of any public utility having authority to exercise powers of eminent domain, when the acquisition of such property by the state will result in the displacement of any existing right of way or facility, the department is authorized to acquire by condemnation or otherwise such lands and property rights as shall be needed to relocate such right of way or facilities so displaced and to exchange lands or property rights so acquired in consideration or partial consideration for the land or property rights needed for highway purposes. The secretary of transportation shall execute each conveyance, which shall be duly acknowledged, necessary to accomplish such exchange. [1977 ex.s. c 151 § 53; 1975 1st ex.s. c 96 § 5; 1961 c 13 § 47.12.150. Prior: 1953 c 55 § 1.]

47.12.160 Acquisition of land outside highway right of way to minimize damage. Whenever a part of a parcel of land is to be acquired for state highway purposes and the remainder lying outside of the right of way is to be left in such shape or condition as to be of little value to its owner or to give rise to claims or litigation concerning severance or other damage, and its value does not exceed the probable amount of the severance claims or damages, the department may acquire by gift, purchase, or condemnation the whole parcel and may sell that portion lying outside of the highway right of way or may exchange the same for other property needed for highway purposes. The provisions of this section do not apply if the taking of that portion of the land lying outside of the highway right of way would deprive any adjacent owner of an existing right of ingress and egress to his property. [1984 c 7 § 122; 1961 c 13 § 47.12.160. Prior: 1953 c 131 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.12.170 Sale, lease of unneeded toll facility, ferry system property—Franchises for utility, railway purposes. See RCW 47.56.253 through 47.56.257.

47.12.180 Additional financing methods for property and engineering costs—Formal declarations. It is declared to be the public policy of the state of Washington to provide for the acquisition of real property and engineering costs necessary for the improvement of the state highway system, in advance of actual construction, for the purposes of eliminating costly delays in construction, reducing hardship to owners of the property, and eliminating economic waste occasioned by the improvement of such property immediately prior to its acquisition for highway uses.

The legislature therefore finds and declares that purchase and condemnation of real property necessary for the state highway system and engineering costs, reasonably in advance of programmed construction, is a public use and purpose and a highway purpose.

The department is hereby authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvement of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240 or alternatively by the method provided in RCW 47.12.242 through 47.12.246. Neither method may be used to condemn property or property rights in advance of programmed construction until the department has complied with hearing procedures required for the location or relocation of the type of highway for which the property is to be condemned. [1984 c 7 § 123; 1969 ex.s. c 197 § 1; 1961 c 281 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

Severability—1961 c 281: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1961 c 281 § 12.]

47.12.190 Additional financing methods for property and engineering costs—Purchase or condemnation. The department, in addition to its other powers and duties as provided by law, is authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvements of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240. Condemnation actions brought hereunder shall be brought in the name of the state as provided for acquiring property for the public uses of the state, and in such actions selection of the property and property rights by the secretary of transportation is conclusive that they are necessary for the purposes sought, in the absence of bad faith, or arbitrary, capricious, or fraudulent action. [1977 ex.s. c 151 § 54; 1961 c 281 § 2.]

Additional financing methods for property and engineering costs—Agreements with state finance committee. The transportation commission may enter into agreements with the state finance committee for financing the acquisition, by purchase or condemnation, of real property together with engineering costs that the transportation commission deems will be necessary for the improvement of the state highway system. Such agreements may provide for the acquisition of an individual parcel or for the acquisition of any number of parcels within the limits of a contemplated highway project. [1977 ex.s. c 151 § 55; 1969 ex.s. c 197 § 2; 1961 c 281 § 3.]

Additional financing methods for property and engineering costs—Warrants on motor vehicle fund. Such an agreement shall provide that the state finance committee shall purchase, at par, warrants drawn upon the motor vehicle fund in payment for the property covered by the agreement and the engineering costs necessary for such advance purchase or condemnation. Such warrants shall be purchased by the state finance committee, upon the presentation by the holders thereof to the state treasurer, from any moneys available for investment in the state treasury as provided in RCW 43.84.080: PROVIDED, That in no event shall more than ten percent of the assets of any fund be used for the purpose of acquiring property as authorized herein, except in the case of current state funds in the state treasury, twenty percent of the balance therein available for investment may be invested as provided in RCW 47.12.180 through 47.12.240. [1981 c 3 § 38; 1969 ex.s. c 197 § 3; 1961 c 281 § 4.]

Effective dates—Severability—1981 c 3: See notes following RCW 43.33A.010.

1. A provision stating the term of the agreement which shall not extend more than seven years from the effective date of the agreement;
2. A designation of the specific fund or funds to be used to carry out such agreement;
3. A provision that the department of transportation may redeem warrants purchased by the state finance committee at any time prior to the letting of a highway improvement contract utilizing the property; and further, during the effective period of each such agreement the department of transportation shall redeem such warrants whenever such a highway improvement contract is let, or upon the expiration of such agreement, whichever date is earlier;
4. A provision stating the rate of interest such warrants shall bear commencing at the time of purchase by the state finance committee;
5. Any additional provisions agreed upon by the transportation commission and the state finance committee which are necessary to carry out the purposes of such agreement as indicated by RCW 47.12.180 through 47.12.240, as now or hereafter amended. [1977 ex.s. c 151 § 56; 1969 ex.s. c 197 § 4; 1961 c 281 § 5.]

Additional financing methods for property and engineering costs—Warrant form and procedure. Warrants issued for payment of property and engineering costs as provided herein shall be of a distinctive design and shall contain the words "for purchase by the state finance committee from . . . . fund" (indicating the proper investing fund as provided by the agreement). Such warrants shall be approved by the secretary of the state finance committee prior to their issuance by the state treasurer. Upon presentation of such warrants to the state treasurer for payment, he shall pay the par value thereof from the fund for which the state finance committee agreed to purchase such warrants whether or not there are then funds in the motor vehicle fund. The state treasurer shall deposit such warrants in the treasury for the investing fund. [1969 ex.s. c 197 § 5; 1961 c 281 § 6.]

Additional financing methods for property and engineering costs—Payment procedure—Prior charge. The state treasurer shall transfer from the motor vehicle fund to the credit of the fund purchasing such warrants interest at the rate and at the times provided for in the agreement. The state treasurer shall pay the warrants at the time provided for in the agreement. The obligations coming due are a prior charge against any funds in the motor vehicle fund available to the department for construction of state highways. [1984 c 7 § 124; 1961 c 281 § 7.]

Severability—1984 c 7: See note following RCW 47.01.141.

"Advance right of way acquisition" defined. The term "advance right of way acquisition" means the acquisition of property and property rights, generally not more than ten years in advance of programmed highway construction projects, together with the engineering costs necessary for such advance right of way acquisition. Any property or property rights purchased must be in designated highway transportation corridors and be for projects approved by the commission as part of the state's six-year plan or included in the state's route development planning effort. [1991 c 291 § 1; 1969 ex.s. c 197 § 6.]

1. An initial deposit of ten million dollars from the motor vehicle fund included in the department of transportation's 1991-93 budget;
2. All moneys received by the department as rental income from real properties that are not subject to federal aid reimbursement, except moneys received from rental of capital facilities properties as defined in *chapter 47.13 RCW; and

47.12.246 Reimbursement to advance right of way revolving fund. (1) After any properties or property rights are acquired from funds in the advance right of way revolving fund, the department shall manage the properties in accordance with sound business practices. Funds received from interim management of the properties shall be deposited in the advance right of way revolving fund.

(2) When the department proceeds with the construction of a highway which will require the use of any of the property so acquired, the department shall reimburse the advance right of way revolving fund, from other funds available to it, the current appraised value of the property or property rights required for the project together with damages caused to the remainder by the acquisition after offsetting against all such compensation and damages the special benefits, if any, accruing to the remainder by reason of the state highway being constructed.

(3) When the department determines that any properties or property rights acquired from funds in the advance right of way revolving fund will not be required for a highway construction project the department may sell the property at fair market value in accordance with requirements of RCW 47.12.063. All proceeds of such sales shall be deposited in the advance right of way revolving fund.

(4) Deposits in the fund may be reexpended as provided in RCW 47.12.180, 47.12.200 through 47.12.230, and 47.12.242 through 47.12.248 without further or additional appropriations. [1991 c 291 § 4; 1984 c 7 § 126; 1969 ex.s. c 197 § 9.]

Whenever the department purchases or condemns any property under RCW 47.12.180 through 47.12.240 or 47.12.242 through 47.12.246, the department shall cause any structures so acquired and not removed within a reasonable time to be maintained in good appearance. [1984 c 7 § 127; 1969 ex.s. c 197 § 10.]

However, the department shall not acquire, by condemnation, less than an owner’s entire interest for providing a visual or sound buffer between highways and adjacent properties under RCW 47.12.010 and 47.12.250 if the owner objects to the taking of a lesser interest or right. [1984 c 7 § 128; 1967 c 108 § 5; 1965 ex.s. c 170 § 62.]

[1984 c 7 § 129; 1973 2nd ex.s. c 18 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.12.283 Sale of real property authorized—Procedure—Disposition of proceeds. (1) Whenever the department of transportation determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for highway purposes and that it is in the public interest to do so, the department may, in its discretion, sell the property under RCW 47.12.063 or under subsections (2) through (6) of this section.

(2) Whenever the department determines to sell real property under its jurisdiction at public auction, the department shall first give notice thereof by publication on the same day of the week for two consecutive weeks, with the first publication at least two weeks prior to the date of the auction, in a legal newspaper of general circulation in the area where the property to be sold is located. The notice shall be placed in both the legal notices section and the real estate classified section of the newspaper. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice, to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, enter into negotiations for the sale of the property or may list the property with a licensed real estate broker. No property shall be sold by negotiations or through a broker for less than the property’s appraised fair market value. Any offer to purchase real property pursuant to this subsection shall be

(5) Before the department shall approve any offer for the purchase of real property having an appraised value of more than ten thousand dollars, pursuant to subsection (4) of this section, the department shall first publish a notice of the proposed sale in a local newspaper of general circulation in the area where the property is located. The notice shall include a description of the property, the selling price, the terms of the sale, including the price and interest rate if sold by real estate contract, and the name and address of the department employee or the real estate broker handling the transaction. The notice shall further state that any person may, within ten days after the publication of the notice, deliver to the designated state employee or real estate broker a written offer to purchase the property for not less than ten percent more than the negotiated sale price, subject to the same terms and conditions. A subsequent offer shall not be considered unless it is accompanied by a deposit of twenty percent of the offer in the form of cash, money order, cashier's check, or certified check payable to the Washington state treasurer, to be forfeited to the state (for deposit in the motor vehicle fund) if the offeror fails to complete the sale if the offeror's offer is accepted. If a subsequent offer is received, the first offeror shall be informed by registered or certified mail sent to the address stated in his offer. The first offeror shall then have ten days, from the date of mailing the notice of the increased offer, in which to file with the designated state employee or real estate broker a higher offer than that of the subsequent offeror. After the expiration of the ten day period, the department shall approve in writing the highest and best offer which the department then has on file.

(6) All moneys received pursuant to this section, less any real estate broker's commissions paid pursuant to RCW 47.12.320, shall be deposited in the motor vehicle fund. [1979 ex.s. c 189 § 1.]

Effective date—1979 ex.s. c 189: “This 1979 act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1979.” [1979 ex.s. c 189 § 8.]

47.12.287 Exchange of real property authorized—Conveyance by deed. The department of transportation is hereby authorized to enter into an exchange agreement with the owner of real property required for highway purposes to convey to such owner real property, owned by the state and under the department’s jurisdiction, as full or part consideration for property to be acquired for highway purposes. Such an exchange agreement may relate back and apply to any exchange of property previously agreed to and partially executed (pursuant to an earlier exchange agreement found to be void for want of a governor’s deed as required by prior law), and shall be subject to such agreed terms and conditions as are authorized by RCW 47.12.063(3) as now existing or hereafter amended. Any conveyance from the state of Washington made pursuant to this section shall be by deed executed by the secretary of transportation, which shall be duly acknowledged. [1979 ex.s. c 189 § 2.]

Effective date—1979 ex.s. c 189: See note following RCW 47.12.283.

47.12.290 Sale of real property—Execution, acknowledgement, and delivery of deed. When full payment for real property agreed to be sold as authorized by RCW 47.12.283 has been received, the secretary of transportation shall execute the deed which shall be duly acknowledged and deliver it to the grantee. [1979 ex.s. c 189 § 3; 1975 1st ex.s. c 96 § 6; 1973 1st ex.s. c 177 § 2.]

Effective date—1979 ex.s. c 189: See note following RCW 47.12.283.

47.12.300 Sale of unneeded property—Department of transportation—Authorized—Rules. See RCW 47.56.254.

47.12.301 Sale of unneeded property—Department of transportation—Certification to governor—Execution, delivery of deed. See RCW 47.56.255.

47.12.302 Department of transportation—Sale of unneeded property. See RCW 47.60.130.

47.12.320 Sale of property—Listing with broker. The department may list any available properties with any licensed real estate broker at a commission rate otherwise charged in the geographic area for such services. [1984 c 7 § 130; 1973 1st ex.s. c 177 § 7.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.12.330 Advanced environmental mitigation—Authorized. For the purpose of environmental mitigation of transportation projects, the department may acquire or develop, or both acquire and develop, environmental mitigation sites in advance of the construction of programmed projects. The term “advanced environmental mitigation” means mitigation of adverse impacts upon the environment from transportation projects before their design and construction. Advanced environmental mitigation consists of the acquisition of property; the acquisition of property, water, or air rights; the development of property for the purposes of improved environmental management; engineering costs necessary for such purchase and development; and the use of advanced environmental mitigation sites to fulfill project environmental permit requirements. Advanced environmental mitigation must be conducted in a manner that is consistent with the definition of mitigation found in the council of environmental quality regulations (40 C.F.R. Sec. 1508.20) and the governor’s executive order on wetlands (EO 90-04). Advanced environmental mitigation is for projects approved by the transportation commission as part of the state’s six-year plan or included in the state highway system plan. Advanced environmental mitigation must give consideration to activities related to fish passage, fish habitat, wetlands, and flood management. Advanced environmental mitigation may also be conducted in partnership with federal, state, or local government agencies, tribal governments, interest groups, or private parties. Partnership arrangements may include joint acquisition and development of mitigation sites, purchasing and selling mitigation bank credits among participants, and transfer of mitigation site title from one party to another. Specific conditions of partnership arrangements will be developed in written agreements for each applicable
environmental mitigation site. [1998 c 181 § 2; 1997 c 140 § 2.]

**Findings—1998 c 181:** "The legislature finds that fish passage, fish habitat, wetlands, and flood management are critical issues in the effective management of watersheds in Washington. The legislature also finds that the state of Washington invests a considerable amount of resources on environmental mitigation activities related to fish passage, fish habitat, wetlands, and flood management. The department of transportation’s advanced environmental mitigation revolving account established under RCW 47.12.340, is a key funding component in bringing environmental mitigation together with comprehensive watershed management." [1998 c 181 § 1.]

**Intent—1997 c 140:** "It is the intent of chapter 140, Laws of 1997 to provide environmental mitigation in advance of the construction of programmed projects where desirable and feasible, [which] will provide a more efficient and predictable environmental permit process, increased benefits to environmental resources, and a key tool in using the watershed approach for environmental impact mitigation. The legislative transportation committee, through its adoption of the December 1994 report "Environmental Cost Savings and Permit Coordination Study," encourages state agencies to use a watershed approach based on a water resource inventory area in an improved environmental mitigation and permitting process. Establishment of an advanced transportation environmental mitigation revolving account would help the state to improve permit processes and environmental protection when providing transportation services." [1997 c 140 § 1.]

### 47.12.340 Advanced environmental mitigation revolving account

The advanced environmental mitigation revolving account is created in the custody of the treasurer, into which the department shall deposit directly and may expend without appropriation:

1. An initial appropriation included in the department of transportation’s 1997-99 budget, and deposits from other identified sources;
2. All moneys received by the department from internal and external sources for the purposes of conducting advanced environmental mitigation; and
3. Interest gained from the management of the advanced environmental mitigation revolving account. [1997 c 140 § 3.]

**Intent—1997 c 140:** See note following RCW 47.12.330.

### 47.12.350 Advanced environmental mitigation—Site management—Reimbursement of account

(1) After advanced environmental mitigation is conducted from funds in the advanced environmental mitigation revolving account, the advanced environmental mitigation sites must be managed in accordance with any permits, agreements, or other legal documents under which the subject advanced environmental mitigation is conducted.

(2) When the department or any of its transportation partners proceeds with the construction of a transportation project that will use advanced environmental mitigation sites to meet the environmental mitigation needs of a project, the advanced environmental mitigation revolving account shall be reimbursed from those transportation project funds appropriated for the use of the advanced environmental mitigation sites. Reimbursements to the advanced environmental mitigation revolving account must be paid at a rate that captures:
   - (a) Projected land acquisition costs for environmental mitigation for the subject transportation project;
   - (b) Advanced environmental mitigation site development costs;
   - (c) Advanced environmental mitigation site operational costs (e.g., site monitoring);
   - (d) Administrative costs for the management of the advanced environmental revolving account.

These costs must be adjusted based on inflation, as appropriate.

When only a portion of an advanced environmental mitigation site is used, the reimbursement rate charged to the purchasing party will be prorated for the portion used. [1997 c 140 § 4.]

**Intent—1997 c 140:** See note following RCW 47.12.330.

### 47.12.360 Advanced environmental mitigation—Reports

**Reports.** By January 1st of each odd-numbered year, the department shall report to the legislative transportation committee and the office of financial management:

1. Which properties were purchased and why;
2. Expenditures for the acquired parcels; and
3. Estimated savings from these actions. [1997 c 140 § 5.]

**Intent—1997 c 140:** See note following RCW 47.12.330.

### 47.12.370 Environmental mitigation—Exchange agreements

**Exchange agreements.** (1) The department may enter into exchange agreements with local, state, or federal agencies, tribal governments, or private nonprofit groups incorporated in this state that are organized for environmental conservation purposes, to convey properties under the jurisdiction of the department that serve as environmental mitigation sites, as full or part consideration for the grantee assuming all future maintenance and operation obligations and costs required to maintain and operate the environmental mitigation site in perpetuity.

(2) Tribal governments shall only be eligible to participate in an exchange agreement if they:
   - (a) Provide the department with a valid waiver of their tribal sovereign immunity from suit. The waiver must allow the department to enforce the terms of the exchange agreement or quitclaim deed in state court; and
   - (b) Agree that the property shall not be placed into trust status.

(3) The conveyances must be by quitclaim deed executed by the secretary of transportation, and must expressly restrict the use of the property to a mitigation site consistent with preservation of the functions and values of the site, and must provide for the automatic reversion to the department if the property is not used as a mitigation site or is not maintained in a manner that complies with applicable permits, laws, and regulations pertaining to the maintenance and operation of the mitigation site. [2002 c 188 § 1.]

#### RIGHT OF WAY DONATIONS

Sections
- 47.14.010 Legislative finding, intent.
- 47.14.030 Credit against transportation benefit district assessment.
- 47.14.040 Advertising signs on donated parcel.
- 47.14.050 Department’s duties.
- 47.14.090 Construction.
47.14.010 Legislative finding, intent. The legislature finds that in numerous areas throughout the state, rapid expansion of residential, commercial, industrial, and business activities is producing increased traffic levels. The legislature further finds that many property owners have exhibited a willingness to donate real property or property rights for transportation improvements to accommodate such increases in traffic. The legislature recognizes that the cost of right of way acquisition is often a significant, and even a prohibitive cost element in many transportation improvement projects.

The legislature seeks to encourage the voluntary donation of right of way to the state, counties, cities, and towns for transportation improvements recognizing that such donations can result in direct benefits to property owners, developers, and the community at large.

It is the intent of the legislature to further facilitate the department of transportation’s authority under RCW 47.12.010, 47.24.030, and 47.52.050 to accept donations of right of way for state transportation purposes. The legislature further intends to facilitate the authority of a city, town, or county to accept donations of right of way for other transportation purposes.

The legislature therefore declares it to be in the best interest and welfare of the citizens of Washington for the state department of transportation, and for counties, cities, and towns to actively foster and encourage donations of right of way by willing donors in all areas where transportation improvements are to be made. In addition, and in lieu of monetary compensation for property needed for right of way purposes, the legislature seeks to provide incentives to potential donors such as are set forth in RCW 47.14.030 and 47.14.040. [1987 c 267 § 1.]

47.14.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Right of way" means the area of land designated for transportation purposes.

(2) "Airspace" means the space above and below the gradeline of all highways, roads, and streets, and the area alongside the traveled way and within approved right of way lines. [1987 c 267 § 2.]

47.14.030 Credit against transportation benefit district assessment. The governing body of a transportation benefit district may give credit for all or any portion of any real property donation against an assessment, charge, or other required financial contribution for transportation improvements within a transportation benefit district established under RCW 36.73.020 or 35.21.225. The credit granted shall be available against any assessment, charge or other required financial contribution for any transportation purpose which utilizes the donated property. [1987 c 267 § 3.]

47.14.040 Advertising signs on donated parcel. The department or the county, city, or town to which the right of way is donated shall, upon request, grant the donor an airspace lease or a permit for the purpose of erecting or maintaining, or both, one or more signs advertising a business of the donor that is conducted on premises adjacent to the donated parcel unless the sign or signs would be detrimental to the safety and operation of the highway, road, or street. This provision applies to all highways, roads, and streets other than limited access highways and streets, where it applies only until the donated parcel becomes part of a completed operating facility. Except as provided in this section, any such sign shall conform to the requirements of all other applicable federal, state, and local laws and ordinances. The lease agreement or permit shall take into consideration applicable county and city zoning ordinances and may provide for compensation for removal of the sign in accordance with applicable federal, state, and local laws and ordinances. The lease agreement or permit shall specify the conditions for signage. [1987 c 267 § 4.]

47.14.050 Department’s duties. The department shall:

(1) Give priority to the refinement and modification of right of way procedures and policies dealing with donation;

(2) Reduce or simplify paperwork requirements resulting from right of way procurement;

(3) Increase communication and education efforts as a means to solicit and encourage voluntary right of way donations;

(4) Enhance communication and coordination with local governments through agreements of understanding that address state acceptance of right of way donations secured under zoning, use permits, subdivision, and associated police power authority of local government. [1998 c 245 § 96; 1987 c 267 § 5.]

47.14.900 Construction. Nothing in this chapter may be construed to contravene the requirements of chapter 8.26 RCW. [1987 c 267 § 6.]

47.14.910 Severability—1987 c 267. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 267 § 12.]

**47.17.001 Criteria for changes to system.** In considering whether to make additions, deletions, or other changes to the state highway system, the legislature shall be guided by the following criteria as contained in the Road Jurisdiction Committee Phase I report to the legislature dated January 1987:

1. A rural highway route should be designated as a state highway if it meets any of the following criteria:
   - (a) Is designated as part of the national system of interstate and defense highways (popularly called the interstate system); or
   - (b) Is designated as part of the system of numbered United States routes; or
   - (c) Contains an international border crossing that is open twelve or more hours each day.

2. A rural highway route may be designated as a state highway if it is part of an integrated system of roads and:
   - (a) Carries in excess of three hundred thousand tons annually and provides primary access to a rural port or intermodal freight terminal;
   - (b) Provides a major cross-connection between existing state highways;
   - (c) Connects places exhibiting one or more of the following characteristics:
     - (i) A population center of one thousand or greater;
     - (ii) An area or aggregation of areas having a population equivalency of one thousand or more, such as, but not limited to, recreation areas, military installations, and so forth;
     - (iii) A county seat;
     - (iv) A major commercial-industrial terminal in a rural area with a population equivalency of one thousand or greater;
   - (d) Is designated as a scenic and recreational highway.

3. An urban highway route that meets any of the following criteria should be designated as part of the state highway system:
   - (a) Is designated as part of the interstate system;
   - (b) Is designated as part of the system of numbered United States routes;
   - (c) Is an urban extension of a rural state highway into or through an urban area and is necessary to form an integrated system of state highways;
   - (d) Is a principal arterial that is a connecting link between two state highways and serves regionally oriented through traffic in urbanized areas with a population of fifty thousand or greater, or is a spur that serves regionally oriented traffic in urbanized areas.

4. The following guidelines are intended to be used as a basis for interpreting and applying the criteria to specific routes:
   - (a) For any route wholly within one or more contiguous jurisdictions which would be proposed for transfer to the state highway system under these criteria, if local officials prefer, responsibility will remain at the local level.
   - (b) State highway routes maintain continuity of the system by being composed of routes that join other state routes at both ends or to arterial routes in the states of Oregon and Idaho and the Province of British Columbia.
   - (c) Public facilities may be considered to be served if they are within approximately two miles of a state highway.
   - (d) Exceptions may be made to include:
     - (i) Rural spurs as state highways if they meet the criteria relative to serving population centers of one thousand or greater population or activity centers with population equivalencies or an aggregated population of one thousand or greater;
     - (ii) Urban spurs as state highways that provide needed access to Washington state ferry terminals, state parks, major seaports, and trunk airports; and
     - (iii) Urban connecting links as state highways that function as needed bypass routing of regionally oriented through traffic and benefit truck routing, capacity alternative, business congestion, and geometric deficiencies.
   - (e) In urban and urbanized areas:
     - (i) Unless they are significant regional traffic generators, public facilities such as state hospitals, state correction centers, state universities, ferry terminals, and military bases do not constitute a criteria for establishment of a state highway; and
     - (ii) There may be no more than one parallel nonaccess controlled facility in the same corridor as a freeway or limited access facility as designated by the metropolitan planning organization.
   - (f) When there is a choice of two or more routes between population centers, the state route designation shall normally be based on the following considerations:
     - (i) The ability to handle higher traffic volumes;
     - (ii) The higher ability to accommodate further development or expansion along the existing alignment;
     - (iii) The most direct route and the lowest travel time;
     - (iv) The route that serves traffic with the most interstate, statewide, and interregional significance;
     - (v) The route that provides the optimal spacing between other state routes; and
     - (vi) The route that best serves the comprehensive plan for community development in those areas where such a plan has been developed and adopted.
(g) A route designated in chapter 47.39 RCW as a scenic and recreational highway may be designated as a state highway in addition to a parallel state highway route. [1993 c 430 § 1; 1990 c 233 § 1.]

47.20.610 Washington State University highway, University of Washington approach—Condemnation. In case of condemnation to secure any real estate, rights, or interests authorized under this chapter, the court actions shall be brought in the name of the state of Washington in the respective counties in which the real estate is located and in the manner provided by law for acquiring property for public uses for the state. In such actions the selection of the real estate, rights, and interests by the department is, in the absence of bad faith, arbitrary, capricious, or fraudulent action, conclusive upon the court and judge before which the action is brought that the real estate, rights, and interests are necessary for public use for the purposes sought. If, in any condemnation proceeding authorized herein, it appears that there is any building wholly or partially upon any of the real estate to be taken, the jury, or the court, if the jury be waived, shall add to the value of the land taken the amount of damages to the building. If the entire building is taken, or if the building is damaged so that it cannot be readjusted to the real estate not taken, then the measure of damages shall be the fair cash value of the building. If part of a building is taken or damaged and the building can be readjusted or replaced on the real estate remaining, then the measure of damages shall be the cost of readjusting or moving the building, or part thereof left, together with the depreciation in the market value of said building by reason of said readjustment or moving. The department shall have power to permit occupation of buildings on real estate so acquired for such specified limited time as it deems will lapse before construction of the approach, underpass, and highway can be undertaken; and in behalf of the state it may be shown in any condemnation proceeding the period during which such occupancy will be permitted for the purpose of mitigating damages. [1984 c 7 § 146; 1961 c 13 § 47.20.630. Prior: 1945 c 27 § 7; Rem. Supp. 1945 § 6402-46.] Severability—1984 c 7: See note following RCW 47.01.141.

47.20.635 University of Washington approach—Ordinance requisite—Construction and maintenance. No action may be taken by the department for the acquisition of real estate, rights, and interests for the approach and underpass to the University of Washington unless and until the city of Seattle, through its legislative authority, enacts an ordinance providing that the city of Seattle will, within three months after the necessary real estate, rights, and interests have been secured by the state as provided in this chapter, begin the work of grading, paving, and such other work as is necessary to complete and render available for use of the public, the approach and underpass and approaches to the underpass; and further providing that the city of Seattle shall thereafter keep and maintain the approach and underpass approach to the underpass in a good state of repair and suitable for public travel and use, which construction and maintenance work the city of Seattle is hereby authorized and empowered to do and perform. [1984 c 7 § 147; 1961 c 13 § 47.20.635. Prior: 1945 c 27 § 8; Rem. Supp. 1945 § 6402-47.] Severability—1984 c 7: See note following RCW 47.01.141.

47.20.645 Interstate 90 corridor—Legislative finding. The legislature finds that the department initiated route studies for the location of that segment of the national system of interstate and defense highways (interstate system) between south Bellevue and state route No. 5 in Seattle in 1957 culminating in a corridor public hearing and adoption of a corridor in 1963; that thereafter the department, utilizing a multidisciplinary design team and soliciting the broadest
public participation, developed a series of designs culminating in a public design hearing in 1970, a public limited access hearing in 1971, and adoption of a design and limited access plan for the facility in 1971; that commencing in 1970 the proposed facility has been the subject of numerous lawsuits and administrative proceedings that have prevented advancement of the project to construction; that since further development of the project was enjoined by federal courts in 1971 the cost of constructing the project has increased by more than one hundred million dollars; that the traffic congestion and traffic hazards existing in the existing highway corridor between south Bellevue, Mercer Island, and the city of Seattle are no longer tolerable; that after more than seventeen years of studies the public interest now requires that final decisions regarding the appropriate system for meeting the transportation requirements between south Bellevue and the city of Seattle be made promptly and in accordance with a prescribed schedule.

It is therefore the sense of the legislature that further protracted delay in establishing the transportation system to be constructed between south Bellevue and state route No. 5 in the city of Seattle is contrary to the interest of the people of this state and can no longer be tolerated as acceptable public administration. Accordingly the schedule for finally determining the character of transportation modes between south Bellevue and state route No. 5 in the city of Seattle as set forth in RCW 47.20.645 through 47.20.653 and 47.20.900 is adopted as the public policy of this state. 

Severability—1984 c 7: See note following RCW 47.01.141.

47.20.647 Interstate 90 corridor—Withdrawal of local governments from project—Effect on use of state funds. (1) The Puget Sound council of governments (until July 1, 1975, known as the Puget Sound governmental conference) now engaged in a study of the withdrawal from the interstate system of that segment of state route No. 90 between the south Bellevue interchange and the Connecticut street interchange on state route No. 5 and the substitution of public mass transit projects in lieu thereof as authorized by section 103(e)(4) of Title 23, United States Code, is directed to complete all phases of the study by November 1, 1975.

(2) No later than January 15, 1976, the city councils of Seattle, Mercer Island and Bellevue and the county council of King County shall each by resolution either approve or disapprove a request to withdraw from the interstate system the segment of state route No. 90 between south Bellevue interchange and the Connecticut street interchange on state route No. 5. Nothing in this subsection shall be construed as requiring the city or county councils to adopt by January 15, 1976 any proposal for substitute mass transit projects.

(3) If at least three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, and such request is thereafter concurred in by the governor and the Puget Sound council of governments, such determination shall be final as it relates to the state of Washington and except as may be required to terminate the project in an orderly manner, no moneys shall thereafter be expended from the motor vehicle fund for further development of the designated section of highway as an interstate highway without further express authorization of the legislature.

(4) If fewer than three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, or if the governor does not concur in the withdrawal request, then no tax revenues collected by the state of Washington shall thereafter be expended for the construction of substitute public mass transit projects in the Seattle metropolitan area pursuant to section 103(e)(4) of Title 23, United States Code, without further express authorization of the legislature. [1975 1st ex.s. c 272 § 2.]

47.20.653 Interstate 90 corridor—Court proceedings, priority. State court proceedings instituted to challenge the validity of any steps taken in pursuance of the construction of the segment of the interstate system between south Bellevue and state route No. 5 in Seattle, or the construction of substitute public mass transit projects in lieu thereof, shall take precedence over all other causes not involving the public interest in all courts of this state to the end construction of such facilities may be expedited to the fullest. The legislature of the state of Washington respectfully requests of the federal judiciary that challenges instituted in the federal courts relating to the validity of steps leading to the construction of the designated interstate highway or substitute public mass transit projects in lieu thereof be expedited to the fullest. [1975 1st ex.s. c 272 § 5.]

47.20.700 State route No. 504 (Spirit Lake Memorial Highway)—Extension and parking facilities. The department of transportation may provide for the construction of an extension of state route number 504 from the vicinity of Maple Flats to the vicinity of the United States Corps of Engineers debris dam on the north fork of the Toutle river on an alignment to be approved by the department of transportation. The department may enter into an agreement with the principal owner of the necessary right of way providing as follows:

(1) The owner of the right of way shall construct the highway extension and public parking facilities as specified by the department of transportation.

(2) The owner of the right of way shall convey to the state, right of way for the highway extension a minimum of one hundred fifty feet in width (except right of way presently under the control of the department of natural resources), together with areas for public parking facilities as designated by the department of transportation.

(3) The department of transportation shall reimburse the present owner of the right of way for the actual cost of construction of the highway extension and the public parking facilities.

(4) The construction of the highway extension and public parking facilities shall be completed within one year after March 27, 1982.

The department of transportation may acquire that part of the right of way necessary for the highway extension that is now under the control of the department of natural resources in the manner provided in RCW 47.12.023 through 47.12.029.
All expenditures by the department of transportation pursuant to this section shall be from appropriations for the construction of category A projects. [1982 c 82 § 2.]

47.20.710  Quinault Tribal Highway—Agreement authorized—Route. The department of transportation is authorized to enter into a cooperative agreement with the governing authority for the Indian peoples of the Quinault Indian Reservation and appropriate agencies of the United States for the location, design, right of way acquisition, construction, and maintenance of a highway beginning at the south boundary of the Quinault Indian reservation on state route number 109, thence northerly along the present right of way of state route number 109 to the township line, thence inland and northerly across the Raft River to an intersection with state route number 101 south of Queets. The highway shall be known as the "Tribal Highway" and may also be designated by the department as state route number 109. It is anticipated that this highway construction will be funded from federal sources other than normal federal aid highway allocations. [1985 c 228 § 1.]

State route number 109: RCW 47.17.200.

47.20.715  Quinault Tribal Highway—Maintenance, operation, improvements—Intersections, access. As a part of the agreement, the department may assume responsibility for the operation and maintenance and future improvement of the highway. The agreement may also reserve to the governing authority for the Indian peoples of the Quinault Indian Reservation authority to construct public road intersections or grade separation crossings of the highway. Existing rights of access from adjoining property to existing state route number 109 from the south reservation boundary to the township line shall not be affected by RCW 47.20.710 through 47.20.735 or the agreement authorized by RCW 47.20.710. [1985 c 228 § 2.]

47.20.720  Quinault Tribal Highway—Certain portion as limited access. The department is authorized to determine the location of the highway from the township line to a junction with state route number 101 after consultations with the governing authority for the Indian peoples of the Quinault Indian Reservation and the bureau of Indian affairs. The department may then proceed with the establishment of this section of the highway as a limited access facility in the manner prescribed in RCW 47.52.131 through 47.52.137 and 47.52.195 (and the administrative rules adopted by the department to implement those sections), subject, however, to the following conditions: (1) The access report required by RCW 47.52.131 shall be approved by the governing authority for the Indian peoples of the Quinault Indian Reservation before public hearings; and (2) the final limited access plan adopted pursuant to RCW 47.52.137 at the conclusion of the public hearing, or after any appeal from it has been decided, shall be approved by the governing authority for the Indian peoples of the Quinault Indian Reservation and the bureau of Indian affairs before right of way is acquired for this section of highway. [1985 c 228 § 3.]

47.20.725  Quinault Tribal Highway—Acquisition of remaining right of way. The department is authorized to acquire the remaining right of way for the Tribal Highway by purchase or by condemnation under state or federal eminent domain statutes. The secretary of transportation pursuant to the agreement is authorized to convey by deed to the governing authority for the Indian peoples of the Quinault Indian Reservation the right of way to the entire highway when fully acquired in return for a conveyance by the governing authority for the Indian peoples of the Quinault Indian Reservation to the state of Washington of a perpetual easement for public travel on the through lanes and shoulders of the highway when constructed. The agreement may also authorize the governing authority for the Indian peoples of the Quinault Indian Reservation to convey to the United States an easement to construct, maintain, and repair the highway improvements if such an easement is required by regulations of the bureau of Indian affairs. [1985 c 228 § 4.]

47.20.730  Quinault Tribal Highway—Department as agent. Except as otherwise provided by RCW 47.20.710 through 47.20.735 or by the agreement authorized by RCW 47.20.710, the department may proceed with the location, design, acquisition of right of way, construction, and maintenance of the highway as an agent of the governing authority for the Indian peoples of the Quinault Indian Reservation in accordance with applicable state or federal law. [1985 c 228 § 5.]

47.20.735  Quinault Tribal Highway—Authority to seek federal funding. The department is authorized to join with the governing authority for the Indian peoples of the Quinault Indian Reservation to seek federal funding for the construction of the Tribal Highway. [1985 c 228 § 6.]

47.20.780  Design-build—Competitive bidding. (Expires April 30, 2008.) The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over ten million dollars that may be constructed using a design-build procedure. As used in this section and RCW 47.20.785, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for the party to both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures.

This section expires April 30, 2008. [2001 c 226 § 2.]

Findings—Purpose—2001 c 226: "The legislature finds and declares that a contracting procedure that facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders. The legislature finds and declares that a 2001 audit, conducted by Talbot, Korvola & Warwick, examining the Washington state ferries’ capital program resulted in a recommendation for improvements and changes in
auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington state ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation’s expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department’s use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting procedures for this procurement process serve the public interest." [2001 c 226 § 1.]

### 47.20.785 Design-build—Qualified projects.  
(Expires April 30, 2008.) The department of transportation may use the design-build procedure for public works projects over ten million dollars where:

1. The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or
2. The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or
3. Significant savings in project delivery time would be realized.

This section expires April 30, 2008. [2001 c 226 § 3.]

### 47.20.900 Severability—1975 1st ex.s. c 272. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1975 1st ex.s. c 272 § 6.]

### 47.24.010 Designation—Construction, maintenance—Return to city or town. The transportation commission shall determine what streets, together with bridges thereon and wharves necessary for use for ferriage of motor vehicle traffic in connection with such streets, if any, in any incorporated cities and towns shall form a part of the route of state highways and between the first and fifteenth days of July of any year the department of transportation shall identify by brief description, the streets, together with the bridges thereon and wharves, if any, in such city or town which are designated as forming a part of the route of any state highway; and all such streets, including curbs and gutters and street intersections and such bridges and wharves, shall thereafter be a part of the state highway.
system and as such shall be constructed and maintained by the department of transportation from any state funds available therefor: PROVIDED, That the responsibility for the construction and maintenance of any such street together with its appurtenances may be returned to a city or a town upon certification by the department of transportation to the clerk of any city or town that such street, or portion thereof, is no longer required as a part of the state highway system: PROVIDED FURTHER, That any such certification that a street, or portion thereof, is no longer required as a part of the state highway system shall be made between the first and fifteenth of July following the determination by the department that such street or portion thereof is no longer required as a part of the state highway system, but this shall not prevent the department and any city or town from entering into an agreement that a city or town will accept responsibility for such a street or portion thereof at some time other than between the first and fifteenth of July of any year. 

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the state and/or city as may be mutually agreed upon between the department and the governing body of the city or town; 

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws and rules, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible; 

(9) Every franchise or permit granted any person by a city or town for use of any portion of such street by a public utility must require the grantee or permittee to restore, repair, and replace any portion of the street damaged or injured by it to conditions that meet or exceed requirements established by the department; 

(10) The city or town has the right to issue overload or overwidth permits for vehicles to operate on such streets or roads subject to regulations printed and distributed to the cities and towns by the department; 

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;
(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of twenty-two thousand five hundred or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of twenty-two thousand five hundred according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. When the population of a city or town first exceeds twenty-two thousand five hundred according to the determination of population by the office of financial management, the city or town shall have three years from the date of the determination to plan for additional staffing, budgetary, and equipment requirements before being required to assume the responsibilities under this subsection. For the purpose of this subsection, striping, lane marking, and channelization are considered traffic control devices;

(14) All revenue from parking meters placed on such streets belongs to the city or town;

(15) Rights of way for such streets shall be acquired by either the city or town or by the state as shall be mutually agreed upon. Costs of acquiring rights of way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights of way so acquired shall vest in the city or town: PROVIDED, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights of way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town. 47.26.282 Land use implications. In any project funded by the transportation improvement board, except for projects in cities having a population of less than five thousand persons, and in addition to any other items required to be considered by statute, the board also shall consider the land use implications of the project, such as whether the programs and projects:

(1) Support development in and revitalization of existing downtowns;
(2) Implement local comprehensive plans for rural and urban residential and nonresidential densities;
(3) Have land use planning and regulations encouraging compact development for rural and urban residential and nonresidential densities; and
(4) Promote the use of multimodal transportation. [2002 c 189 § 5.]

47.26.300 Bicycle routes—Legislative declaration. The state of Washington is confronted with emergency shortages of energy sources utilized for the transportation of its citizens and must seek alternative methods of providing public mobility.

Bicycles are suitable for many transportation purposes, and are pollution-free in addition to using a minimal amount of resources and energy. However, the increased use of bicycles for both transportation and recreation has led to an increase in both fatal and nonfatal injuries to bicyclists.

The legislature therefore finds that the establishment, improvement, and upgrading of bicycle routes is necessary to promote public mobility, conserve energy, and provide for the safety of the bicycling and motoring public. [1974 ex.s. c 141 § 1.]

47.26.305 Bicycle routes—Use of board funds. Bicycle routes shall, when established in accordance with RCW 47.06.100 be eligible for establishment, improvement, and upgrading with board funds. The board shall adopt rules and procedures that will encourage the development of a system of bicycle routes within counties, cities, and towns. 47.26.320 Advance right-of-way acquisition—Definition. The term "advance right-of-way acquisition" as used in this chapter means the acquisition of property and property rights, together with the engineering costs necessary for the advance right-of-way acquisition. Property or property rights purchased must be for projects approved by the transportation improvement board or the county road administration board as part of a city or county six-year plan or program. [2001 c 201 § 1.]

47.26.325 Advance right-of-way acquisition—Revolving fund. The city and county advance right-of-way revolving fund is created in the custody of the treasurer.
The transportation improvement board is the administrator of the fund and may deposit directly and spend without appropriation.

The transportation improvement board and the county road administration board, in consultation with the association of Washington cities and the Washington association of counties, shall adopt reasonable rules and develop policies to implement this program. [2001 c 201 § 2.]

### 47.26.330 Advance right-of-way acquisition—Management of properties and funds.

(1) After any properties or property rights are acquired through funds in the city and county advance right-of-way revolving fund, the acquiring city or county is responsible for the management of the properties in accordance with sound business practices and shall provide annual status reports to the board. Funds received by the city or county from the interim management of the properties must be deposited into the city and county advance right-of-way revolving fund.

(2) When the city or county proceeds with the construction of an arterial project that will require the use of any of the property so acquired, the city or county shall reimburse the city and county advance right-of-way revolving fund. Reimbursement must reflect the original cost of the acquired property or property rights required for the project plus an interest rate as determined annually by the board. The board shall report on the interest rate set to the transportation committees through its annual report.

(3) When the city or county determines that any properties or property rights acquired from funds in the city and county advance right-of-way revolving fund will not be required for an arterial construction project or the property has been held by the city or county for more than six years, the city or county shall either sell the property at fair market value or reimburse the fund at fair market value. All proceeds of the sale must be deposited in the city and county advance right-of-way revolving fund. At the board’s discretion, a portion of savings on transportation improvement board projects realized through the use of the city and county advance [right-of-way] revolving fund may be deposited back into the city and county advance right-of-way revolving fund.

(4) Deposits in the fund may be reexpended without further or additional appropriations. [2001 c 201 § 3.]

[1967 ex.s. c 83 § 39.]

#### 47.26.404 Bonds—Statement describing nature of obligation—Pledge of excise taxes.

Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest
thereon and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.26.400 through 47.26.407 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and *chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.26.400 through 47.26.407, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.26.400 through 47.26.407. [1973 1st ex.s. c 169 § 3; 1967 ex.s. c 83 § 40.]

*Reviser’s note: Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment see chapter 82.38 RCW.

47.26.405 Bonds—Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state under the provisions of *RCW 46.68.090(1)(c) for construction of state highways in urban areas, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available to the state for construction of state highways in urban areas proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1999 c 269 § 5; 1977 ex.s. c 317 § 17; 1967 ex.s. c 83 § 41.]

*Reviser’s note: RCW 46.68.090 was amended by 2002 c 202 § 303, changing subsection (1)(c) to subsection (2)(a), effective December 30, 2002, if Referendum Bill No. 51 is approved at the November 2002 general election.

47.26.406 Bonds—Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.405, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 83 § 42.]

47.26.407 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s. c 83 § 43.]

The first authorization bonds, series II bonds, and series III bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the market-ability of the bonds. (1) Any funds required to repay series III bonds authorized by RCW 47.26.420, or the interest thereon, when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and that is distributed to the urban arterial trust account in the motor vehicle fund pursuant to *RCW 46.68.090(1)(g), subject, however, to the prior lien of the first authorization of bonds authorized by RCW 47.26.420. If the moneys so distributed to the urban arterial trust account, after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the cities and towns pursuant to *RCW 46.68.090(1)(i) and to the counties pursuant to *RCW 46.68.090(1)(j). Of the counties’, cities’, and towns’ share of any additional amounts required in each fiscal year, the percentage thereof to be taken from the counties’ distributive share and from the cities’ and towns’ distributive share shall correspond to the percentage of funds authorized for specific county projects and for specific city and town projects, respectively, from the proceeds of series III bonds, for the period through the first eleven months of the prior fiscal year as determined by the chairman of the transportation improvement board and reported to the state finance committee and the state treasurer not later than the first working day of June.

Construction—1979 c 5: See note following RCW 47.26.420.

47.26.426 Bonds—Repayment procedure—Bond retirement account. At least one year prior to the date any interest is due and payable on such first authorization bonds, series II bonds, and series III bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.425, 47.26.4252, and 47.26.4254 the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer, subject to RCW 47.26.425, 47.26.4252, and 47.26.4254, shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the transportation improvement board bond retirement account, maintained in the office of the state treasurer, which fund shall be available for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest or bond payment when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. BOND ISSUE—TRANSPORTATION PROJECTS IN URBAN AREAS

47.26.500 Issuance authorized. In order to provide funds necessary to meet the urgent construction needs on state, county, and city transportation projects, there are hereby authorized for issuance general obligation bonds of the state of Washington in the sum of one hundred million dollars, which shall be issued and sold in such amounts and
at such times as determined to be necessary by the state transportation improvement board. The amount of such bonds issued and sold under the provisions of RCW 47.26.500 through 47.26.507 in any biennium shall not exceed the amount of a specific appropriation therefor, from the proceeds of such bonds, for the construction of state, county, and city transportation projects. The issuance, sale, and retirement of the bonds shall be under the supervision and control of the state finance committee which, upon request being made by the board, shall provide for the issuance, sale, and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the board. [2000 2nd sp.s. c 6 § 1; 1994 c 179 § 28; 1993 c 440 § 1.]

47.26.501 Term—Signatures—Registration—

Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, either or both of which signatures may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in Seattle or New York City, as to principal alone, or as to both principal and interest under such rules as the state treasurer may adopt. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1993 c 440 § 2.]

The bonds issued under RCW 47.26.500 through 47.26.507 shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued pursuant to this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. Bonds issued under the provisions of RCW 47.26.500 through 47.26.507 shall be legal investment for any of the funds of the state, except the permanent school fund. [1993 c 440 § 3.]

47.26.503 Use of proceeds. The money arising from the sale of the bonds shall be deposited in the state treasury to the credit of the transportation improvement account in the motor vehicle fund, and such money shall be available only for the construction and improvement of state, county, and city transportation projects, and for payment of the expense incurred in the printing, issuance, and sale of any such bonds. The costs of obtaining insurance, letters of credit, or other credit enhancement devices with respect to the bonds shall be considered to be expenses incurred in the issuance and sale of the bonds. [1993 c 440 § 4.]

47.26.504 Statement of obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.26.500 through 47.26.507 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on such bonds shall be first payable in the manner provided in RCW 47.26.500 through 47.26.507 from the proceeds of state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any such bonds and the interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all such bonds. [1995 c 274 § 14; 1993 c 440 § 5.]

47.26.505 Funds for repayment. Any funds required to repay such bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the transportation improvement account in the motor vehicle fund under RCW 46.68.090(1)(h), and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle and special fuels and distributed to the transportation improvement account proves insufficient to meet the requirements for bond retirement or interest on any such bonds. 47.26.506 Repayment procedure—Bond retirement account. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.505 the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments under RCW 47.26.500 through 47.26.507 when due, and shall notify the state treasurer of such estimated requirement. The state treasurer, subject to RCW 47.26.505, shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the transportation improvement board bond retirement account, maintained in the office of the state treasurer, which account shall be available for payment of principal and interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1997 c 456 § 24; 1993 c 440 § 7.]

Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the transportation improvement board bond retirement account, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund [account] to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. previously designated as a county road, primary road, or secondary road or now or hereafter classified as a county road. The commission need not select and adopt the entire routes for such state highways at one time, but may select and adopt parts of such routes from time to time as it deems advisable. Where a state highway is designated as passing by a way of a certain point, this shall not require the commission to cause such state highway to pass through or touch such point but such designation is directional only and may be complied with by location in the general vicinity. The department of transportation is empowered to construct as a part of any state highway as designated and in addition to any portion meeting the limits of any incorporated city or town a bypass section either through or around any such incorporated city or town. [1977 ex.s. c 151 § 59; 1961 c 13 § 47.28.010. Prior: 1937 e 53 § 31; RRS § 6400-31.]

47.28.020 Width of right of way. From and after April 1, 1937, the width of one hundred feet is the necessary and proper right of way width for state highways unless the department, for good cause, adopts and designates a different width. This section shall not be construed to require the department to acquire increased right of way for any state highway in existence on such date. [1984 c 7 § 164; 1961 c 13 § 47.28.020. Prior: 1937 c 53 § 30; RRS § 6400-30; 1913 c 65 § 8; RRS § 6831.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.28.025 Description and plan of new or limited access highway—Recording. Whenever the department establishes the location, width, and lines of any new highway, or declares any such new highway as a limited access facility and schedules the acquisition of the right of way for the highway or facility within the ensuing two years, it may cause the description and plan of any such highway to be made, showing the center line of the highway and the established width thereof, and attach thereto a certified copy of the resolution. Such description, plan, and resolution shall be recorded in the office of the county auditor of the proper county. [1999 c 233 § 5; 1984 c 7 § 165; 1977 ex.s. c 225 § 1; 1961 c 13 § 47.28.025. Prior: 1955 c 161 § 1.]

Effective date—1999 c 233: See note following RCW 4.28.320.

Severability—1984 c 7: See note following RCW 47.01.141.

47.28.026 Description and plan of new or limited access highway—Buildings and improvements prohibited, when. (1) No owner or occupier of lands, buildings, or improvements may erect any buildings or make any improvements within the limits of any such highway, the location, width, and lines of which have been established and recorded as provided in RCW 47.28.025. If any such erection and improvements are made, no allowances may be had therefor by the assessment of damages. No permits for improvements within the limits may be issued by any authority. The establishment of any highway location as set forth in RCW 47.28.025 is ineffective after one year from the filing thereof if no action to condemn or acquire the property within the limits has been commenced within that time.

(2) Unless and until the department causes a plan of a proposed new highway or limited access facility to be recorded in the office of the county auditor as authorized in RCW 47.28.025, nothing contained in RCW 47.28.025 or 47.28.026 may be deemed to restrict or restrain in any manner the improvement, development, or other use by owners or occupiers of lands, buildings, or improvements within the limits of any proposed new or limited access highway or any proposed relocated or widened highway. Because of the uncertainties of federal aid and the state level of funding of proposed construction or improvement of state highways, plans for such improvements approved by the department shall be deemed tentative until filed with the county auditor as authorized in RCW 47.28.025 or until the department commences action to condemn or otherwise acquire the right of way for the highway improvements. [1984 c 7 § 166; 1977 ex.s. c 225 § 2; 1961 c 13 § 47.28.026. Prior: 1955 c 161 § 2.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.28.030 Contracts-State forces—Monetary limits—Small businesses, minority, and women contractors—Rules. A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right of way purposes may be repaired or renovated pending the use of such right of way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof is [are] less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars: PROVIDED, That when delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars. When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor. To enable a larger number of small businesses, and minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer’s estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars. The rules adopted under this section:

(1) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and
(2) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, materialmen, mechanics, and subcontractors from the previous partial payment; and
(3) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

[Title 47 RCW—page 114]
The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women’s business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women’s business enterprises under chapter 39.19 RCW. [1999 c 15 § 1; 1984 c 194 § 1; 1983 c 120 § 15; 1977 ex.s. c 225 § 3; 1973 c 116 § 1; 1971 ex.s. c 78 § 1; 1969 ex.s. c 180 § 2; 1967 ex.s. c 145 § 40; 1961 c 233 § 1; 1961 c 13 § 47.28.030. ### 47.28.035 Cost of project, defined.

The cost of any project for the purposes of RCW 47.28.030 shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously. The department shall not permit the construction of any project by state forces by dividing a project into units of work or classes of work to give the appearance of compliance with RCW 47.28.030. [1984 c 194 § 2.]

### 47.28.040 Precontract preparation of maps, plans, and specifications—Filing.

Before entering into any contract for the construction, alteration, repair, or improvement of any state highway the department shall cause the highway to be surveyed through the entire length of the proposed construction, alteration, repair, or improvement and cause to be prepared maps, plans, and specifications, together with an estimate of the cost of the proposed work, and such information and directions as will enable a contractor to carry them out. The maps, plans, specifications, and directions shall be approved by the department and a copy thereof filed permanently in the department’s office. [1984 c 7 § 167; 1961 c 13 § 47.28.040. Prior: 1937 c 53 § 32, part; RRS § 6400-32, part.]

Severability—1984 c 7: See note following RCW 47.01.141.

### 47.28.050 Call for bids.

Except as may be provided by rules and regulations adopted under RCW 47.28.030 as now or hereafter amended the department of transportation shall publish a call for bids for the construction of the highway according to the maps, plans, and specifications, once a week for at least two consecutive weeks, next preceding the day set for receiving and opening the bids, in not less than one trade paper of general circulation in the state. The call shall state the time, place, and date for receiving and opening the bids, give a brief description of the location and extent of the work, and contain such special provisions or specifications as the department deems necessary. When necessary to implement chapter 39.19 RCW and the rules adopted to implement that chapter, the department shall include in its call for bids provisions or specifications requiring bidders to comply with chapter 39.19 RCW and the rules adopted to implement it: PROVIDED, That when the estimated cost of any contract to be awarded is less than fifty thousand dollars, the call for bids need only be published in at least one paper of general circulation in the county where the major part of the work is to be performed: PROVIDED FURTHER, That when the estimated cost of a contract to be awarded is seven thousand five hundred dollars or less, including the cost of materials, supplies, engineering, and equipment, the department of transportation need not publish a call for bids: PROVIDED FURTHER, That after a bid call has been advertised for two consecutive weeks it may be postponed and the bids opened one week later. [1983 c 120 § 16; 1979 ex.s. c 69 § 1; 1977 c 65 § 1; 1973 c 116 § 2; 1969 ex.s. c 180 § 1; 1961 c 13 § 47.28.050. Prior: 1959 c 319 § 33; 1955 c 147 § 1; 1937 c 53 § 33; RRS § 6400-33.]

### 47.28.060 Copy of map, plans, etc.—Charge.

Any person, firm, or corporation is entitled to receive copies of the maps, plans, specifications, and directions for any work upon which call for bids has been published, upon request therefor and subsequent payment to the department of a reasonable sum as required by the department in the call for bids for each copy of such maps, plans, and specifications. Any money so received shall be certified by the department to the state treasurer and deposited to the credit of the motor vehicle fund. The department may deliver with or without charge informational copies of maps, plans, specifications, and directions at such places as it may designate. [1985 c 242 § 1; 1984 c 7 § 168; 1971 c 36 § 1; 1965 ex.s. c 64 § 1; 1961 c 13 § 47.28.060. Prior: 1937 c 53 § 34; RRS § 6400-34.]

Severability—1984 c 7: See note following RCW 47.01.141.

### 47.28.070 Form of bid—Data required—Requirements—Refusal to furnish form—Appeal.

Bid proposals upon any construction or improvement of any state highway shall be made upon contract proposal form supplied by the department and in no other manner. The department shall, before furnishing any person, firm, or corporation desiring to bid upon any work for which a call for bid proposals has been published with a contract proposal form, require from the person, firm, or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of the person, firm, or corporation in performing state highway, road, or other public work. The questionnaire and financial statement shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the department may require. Whenever the department is not satisfied with the sufficiency of the answers contained in the questionnaire and financial statement or whenever the department determines that the person, firm, or corporation does not meet all of the requirements set forth in this section it may refuse to furnish the person, firm, or corporation with a contract proposal form, and any bid proposal of the person, firm, or corporation must be disregarded. In order to obtain a
contract proposal form, a person, firm, or corporation shall have all of the following requirements:

1. Adequate financial resources or the ability to secure such resources;

2. The necessary experience, organization, and technical qualifications to perform the proposed contract;

3. The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;

4. A satisfactory record of performance, integrity, judgment, and skills; and

5. Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

The refusal is conclusive unless appeal therefrom to the superior court of Thurston county is taken within five days, which appeal shall be heard summarily within ten days after it is taken and on five days' notice thereof to the department. [1984 c 7 § 169; 1967 ex.s. c 145 § 39; 1961 c 13 § 47.28.070. Prior: 1937 c 53 § 35; RRS § 6400-35.]

Office of minority and women’s business enterprises: Chapter 39.19 RCW.

**47.28.075 Financial information not open to public inspection.** The department of transportation shall not be required to make available for public inspection and copying financial information supplied by any person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for highway construction or improvement as required by RCW 47.28.070. [1981 c 215 § 1.]

**47.28.080 Withdrawal of bids—New bids—Time fixed in call controls.** Any person, firm, or corporation proposing a bid for the construction or improvement of any state highway in response to a call for bids published therefor may withdraw the bid proposal without forfeiture and without prejudice to the right of the bidder to file a new bid proposal before the time fixed for the opening of the bid proposals. The request for the withdrawal shall be made in writing, signed by the person proposing the bid or his duly authorized agent, and filed at the place and before the time fixed in the call for bids for receipt of the bid proposals. No bid proposal may be considered that has not been filed with the department before the time fixed for the receipt of bid proposals. In any provisions regarding the filing or withdrawing of bid proposals the time fixed for the receipt of bid proposals in the call for bid proposals as published shall control without regard for the time when the bid proposals are actually opened. [1985 c 242 § 3; 1983 c 120 § 17; 1971 ex.s. c 21 § 2; 1961 c 13 § 47.28.090. Prior: 1955 c 83 § 1; 1949 c 64 § 1; 1937 c 53 § 37; RRS § 6400-37.]

Severability—1984 c 7: See note following RCW 47.01.141.

**47.28.090 Opening of bids and award of contract—Deposit.** At the time and place named in the call for bids the department of transportation shall publicly open and read the final figure in each of the bid proposals that have been properly filed and read only the unit prices of the three lowest bids, and shall award the contract to the lowest responsible bidder unless the department has, for good cause, continued the date of opening bids to a day certain, or rejected that bid. Any bid may be rejected if the bidder has previously defaulted in the performance of and failed to complete a written public contract, or has been convicted of a crime arising from a previous public contract. If the lowest responsible bidder fails to meet the provisions or specifications requiring compliance with chapter 39.19 RCW and the rules adopted to implement that chapter, the department may award the contract to the next lowest responsible bidder which does meet the provisions or specifications or may reject all bids and readvertise. All bids shall be under sealed cover and accompanied by deposit in cash, certified check, cashier’s check, or surety bond in an amount equal to five percent of the amount of the bid, and a bid shall not be considered unless the deposit is enclosed with it. [1985 c 242 § 3; 1983 c 120 § 17; 1971 ex.s. c 21 § 2; 1961 c 13 § 47.28.090. Prior: 1955 c 83 § 1; 1949 c 64 § 1; 1937 c 53 § 37; RRS § 6400-37.]

Office of minority and women’s business enterprises: Chapter 39.19 RCW.

**47.28.100 Failure or rejection of bidder.** If the successful bidder fails to enter into the contract and furnish satisfactory bond as provided by law within twenty days from the award, exclusive of the day of the award, his or her deposit shall be forfeited to the state and deposited by the state treasurer to the credit of the motor vehicle fund, and the department may award the contract to the second lowest responsible bidder. If the second lowest responsible bidder fails to enter into the contract and furnish bond within twenty days after award to him or her, forfeiture of his or her deposit shall also be made, and the contract may be awarded to the third lowest responsible bidder, and in like manner until the contract and bond are executed by a responsible bidder to whom award is made, or further bid proposals are rejected, or the number of bid proposals are exhausted. If the contract is not executed or no contractor’s bond provided within the time required, and there appear circumstances that are deemed to warrant an extension of time, the department may extend the time for execution of the contract or furnishing bond for not to exceed twenty additional days. After awarding the contract the deposits of unsuccessful bidders shall be returned, but the department may retain the deposit of the next lowest responsible bidder or bidders as it desires until such time as the contract is entered into and satisfactory bond is provided by the bidder to whom the award is ultimately made. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

If in the opinion of the department the acceptance of the bid of the lowest responsible bidder or bidders, or on prior failure of the lowest responsible bidder or bidders the acceptance of the bid of the remaining lowest responsible bidder or bidders, will not be for the best interest of the state, it may reject all bids or all remaining bids and republish a call for bids in the same manner as for an original publication thereof. [1996 c 18 § 8; 1984 c 7 § 171; 1961 c 13 § 47.28.100. Prior: 1953 c 53 § 1; 1937 c 53 § 38; RRS § 6400-38.]

Severability—1984 c 7: See note following RCW 47.01.141.

**47.28.110 Sureties—Qualifications—Additional sureties.** At any time and as often as it may be deemed [Title 47 RCW—page 116] (2002 Ed.)
necessary, the department may require any or all sureties or any surety company to appear and qualify themselves upon any contractor’s bond. Whenever the surety or sureties upon any contractor’s bond become insufficient or are deemed by the department to have become insufficient, the department may demand in writing that the contracting person, firm, or corporation furnish such further contractor’s bond or bonds or additional surety in an amount not exceeding that originally required as may be deemed necessary considering the extent of the work remaining to be done upon the contract. No further payments may be made on the contract until such additional surety as is required is furnished. [1984 c 7 § 172; 1961 c 13 § 47.28.110. Prior: 1937 c 53 § 39; RRS § 6400-39.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.28.120 Actions for labor and materials—Limitation of action. Any contracting person, firm, or corporation performing any labor or furnishing any materials upon their contract or otherwise for public work or improvement under the direction of the department or any person claiming any right of action upon any such contract with the state of Washington or who claims a cause of action against the state of Washington arising out of any such contract must bring such suit in the proper court in Thurston county before the expiration of one hundred and eighty days from and after the final acceptance and the approval of the final estimate of such work by the department; otherwise the action is forever barred. [1984 c 7 § 173; 1961 c 13 § 47.28.120. Prior: 1937 c 53 § 40; RRS § 6400-40.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.28.140 Highway, public transportation improvements, flood damage prevention—Cooperative agreements. When in the opinion of the governing authorities representing the department and any agency, instrumentality, municipal corporation, or political subdivision of the state of Washington, any highway, road, or street will be benefited or improved by constructing, reconstructing, locating, relocating, laying out, repairing, surveying, altering, improving, or maintaining, or by the establishment adjacent to, under, upon, within, or above any portion of any such highway, road, or street of an urban public transportation system, by either the department or any agency, instrumentality, municipal corporation, or political subdivision of the state, and it is in the public interest to do so, the authorities may enter into cooperative agreements wherein either agrees to perform the work and furnish the materials necessary and pay the cost thereof, including necessary engineering assistance, which costs and expenses shall be reimbursed by the party whose responsibility it was to do or perform the work or improvement in the first instance. The work may be done by either day labor or contract, and the cooperative agreement between the parties shall provide for the method of reimbursement. In the case of some special benefit or improvement to a state highway derived from any project that assists in preventing or minimizing flood damages as defined in RCW 86.16.120 or from the construction of any public works project, including any urban public transportation system, the department may contribute to the cost thereof by making direct payment to the particular state department, agency, instrumentality, municipal corporation, or political subdivision on the basis of benefits received, but such payment shall be made only after a cooperative agreement has been entered into for a specified amount or on an actual cost basis prior to the commencement of the particular public works project. [1991 c 322 § 29; 1984 c 7 § 174; 1967 c 108 § 6; 1961 c 13 § 47.28.140. Prior: 1955 c 384 § 8.]

Urban public transportation system defined: RCW 47.04.082.

47.28.150 Underpasses, overpasses constructed with federal funds—Maintenance cost apportionment. Notwithstanding any of the provisions of RCW 81.53.090, where the cost of constructing an overpass or underpass which is part of the state highway system has been paid for in whole or in part by the use of federal funds, the state shall at its expense maintain the entire overpass structure and the approaches thereto, and the railroad company shall at its expense maintain the entire underpass structure, including the approaches thereto. The state shall at its expense maintain the roadway, and the railroad company shall at its expense maintain its roadbed and tracks on or under all such structures. [1961 c 13 § 47.28.150. Prior: 1959 c 319 § 34.]

47.28.170 Emergency protection and restoration of highways. (1) Whenever the department finds that as a consequence of accident, natural disaster, or other emergency, an existing state highway is in jeopardy or is rendered impassible in one or both directions and the department further finds that prompt reconstruction, repair, or other work is needed to preserve or restore the highway for public travel, the department may obtain at least three written bids for the work without publishing a call for bids, and the secretary of transportation may award a contract forthwith to the lowest responsible bidder.

The department shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

(2) Whenever the department finds it necessary to protect a highway facility from imminent damage or to perform emergency work to reopen a highway facility, the department may contract for such work on a negotiated basis not to exceed force account rates for a period not to exceed thirty working days.

(3) The secretary shall review any contract exceeding two hundred thousand dollars awarded under subsection (1) or (2) of this section with the transportation commission at its next regularly scheduled meeting.

(4) Any person, firm, or corporation awarded a contract for work must be prequalified pursuant to RCW 47.28.070 and may be required to furnish a bid deposit or performance bond. [1990 c 265 § 1; 1984 c 7 § 175; 1971 ex.s. c 89 § 1.]
Compost products. (1) A contract awarded in whole or in part for the purchase of compost products as a soil cover or soil amendment to state highway rights of way shall specify that compost products be purchased in accordance with the following schedule:

(a) For the period July 1, 1996, through June 30, 1997, twenty-five percent of the total dollar amount purchased;
(b) For the period July 1, 1998, through June 30, 1999, fifty percent of the total dollar amount purchased. The percentages in this subsection apply to the materials’ value and include services or other materials.

(2) In order to carry out the provisions of this section, the department of transportation shall develop and adopt bid specifications for compost products used in state highway construction projects.

(a) For purposes of this section, "compost products" means mulch, soil amendments, ground cover, or other landscaping material derived from the biological or mechanical conversion of biosolids or cellulose-containing waste materials.
(b) For purposes of this section, "biosolids" means municipal sewage sludge or septic tank septicage sludge that meets the requirements of chapter 70.95J RCW. [1996 c 198 § 4; 1992 c 174 § 14; 1991 c 297 § 14.]

Alternative delivery of construction services—Finding—Intent—2002 c 5 §§ 201-204.

(1) The department of transportation shall work with representatives of transportation labor groups to develop a financial incentive program to aid in retention and recruitment of employee classifications where problems exist and program delivery is negatively affected. The department’s financial incentive program must be reviewed and approved by the legislature before it can be implemented. This program must support the goal of enhancing project delivery timelines as outlined in RCW 47.28.230. Upon receiving approval from the legislature, the department of transportation shall implement, as required, specific aspects of the financial incentive package, as developed by the department of transportation.

(2) Notwithstanding chapter 41.06 RCW, the department of transportation may acquire services from qualified private firms in order to deliver the transportation construction program to the public. Services may be acquired solely for augmenting the department’s work force capacity and only when the department’s transportation construction program cannot be delivered through its existing or readily available work force. The department of transportation shall work with representatives of transportation labor groups to develop and implement a program identifying those projects requiring contracted services while establishing a program as defined in subsection (1) of this section to provide the classified personnel necessary to deliver future construction programs. The procedures for acquiring construction engineering services from private firms may not be used to displace existing state employees nor diminish the number of existing classified positions in the present construction program. The acquisition procedures must be in accordance with chapter 39.80 RCW.

(3) Starting in December 2003, and biennially thereafter, the secretary shall report to the transportation committees of the legislature on the use of construction engineering services from private firms authorized under this section. The information provided to the committees must include an assessment of the benefits and costs associated with using construction engineering services, or other services, from private firms, and a comparison of public versus private sector costs. The secretary is authorized to act on these findings to ensure the most cost-effective means of service delivery. [2002 c 5 § 203.]

Alternative delivery of construction services—Definitions. (Effective if Referendum Bill No. 51 is approved at the November 2002 general election.)

The definitions in this section apply throughout RCW 47.28.250 and 41.06.380 unless the context clearly requires otherwise.

(1) "Construction services" means those services that aid in the delivery of the highway construction program and include, but are not limited to, real estate services and construction engineering services.

(2) "Construction engineering services" includes, but is not limited to, construction management, construction administration, materials testing, materials documentation, contractor payments and general administration, construction oversight, and inspection and surveying. [2002 c 5 § 202.]

47.30.005 Definitions. For the purposes of this chapter, "trail" or "path" means a public way constructed primarily for and open to pedestrians, equestrians, or bicyclists, or any combination thereof, other than a sidewalk constructed as a part of a city street or county road for the exclusive use of pedestrians. The term "trail" or "path" also includes a widened shoulder of a highway, street, or road when the extra shoulder width is constructed to accommodate bicyclists consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980. [1979 ex.s. c 121 § 4.]

47.30.010 Recreational trail interference. (1) No limited access highway shall be constructed that will result in the severance or destruction of an existing recreational trail of substantial usage for pedestrians, equestrians or bicyclists unless an alternative recreational trail, satisfactory to the authority having jurisdiction over the trail being severed or destroyed, either exists or is reestablished at the time the limited access highway is constructed. If a proposed limited access highway will sever a planned recreational trail which is part of a comprehensive plan for trails adopted by a state or local governmental authority, and no alternative route for the planned trail exists which is satisfactory to the authority which adopted the comprehensive plan for trails, the state or local agency proposing to construct the limited access highway shall design the facility and acquire sufficient right of way to accommodate future construction of the portion of the trail which will properly lie within the highway right of way. Thereafter when such trail is developed and constructed by the authority having jurisdiction over the trail, the state or local agency which constructed the limited access highway shall develop and construct the portion of such trail lying within the right of way of the limited access highway.

(2) Where a highway other than a limited access highway crosses a recreational trail of substantial usage for pedestrians, equestrians, or bicyclists, signing sufficient to insure safety shall be provided.

(3) Where the construction or reconstruction of a highway other than a limited access highway would destroy the usefulness of an existing recreational trail of substantial usage for pedestrians, equestrians, or bicyclists or of a planned recreational trail for pedestrians, equestrians, or bicyclists incorporated into the comprehensive plans for trails of the state or any of its political subdivisions, replacement land, space, or facilities shall be provided and where such recreational trails exist at the time of taking, reconstruction of said recreational trails shall be undertaken. [1971 ex.s. c 130 § 1.]

47.30.020 Facilities for nonmotorized traffic—Joint usage of rights of way. Facilities for pedestrians, equestrians, or bicyclists shall be incorporated into the design of highways and freeways along corridors where such facilities do not exist upon a finding that such facilities would be of joint use and conform to the comprehensive plans of public agencies for the development of such facilities, will not duplicate existing or proposed routes, and that safety to both motorists and to pedestrians, equestrians, and bicyclists would be enhanced by the segregation of traffic.

In planning and design of all highways, every effort shall be made consistent with safety to promote joint usage of rights of way for trails and paths in accordance with the comprehensive plans of public agencies. [1971 ex.s. c 130 § 2.]

47.30.030 Facilities for nonmotorized traffic—Expenditure of available funds. Where an existing highway severs, or where the right of way of an existing highway accommodates a trail for pedestrians, equestrians, or bicyclists, or where the separation of motor vehicle traffic from pedestrians, equestrians, or bicyclists will materially increase the motor vehicle safety, the provision of facilities for pedestrians, equestrians, or bicyclists which are a part of a comprehensive trail plan adopted by federal, state, or local governmental authority having jurisdiction over the trail is hereby authorized. The department of transportation, or the county or city having jurisdiction over the highway, road, or street, or facility is further authorized to expend reasonable amounts out of the funds made available to them, according to the provisions of RCW 46.68.090, as necessary for the planning, accommodation, establishment, and maintenance of such facilities. [1999 c 269 § 10; 1979 ex.s. c 121 § 1; 1974 ex.s. c 141 § 12; 1972 ex.s. c 103 § 2.]

Effective date—1999 c 269: See note following RCW 36.78.070.

Severability—1972 ex.s. c 103: "If any provision of this 1972 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1972 ex.s. c 103 § 8.]

47.30.040 Establishing paths and trails—Factors to be considered. Before establishing paths and trails, the following factors shall be considered:

(1) Public safety;
(2) The cost of such paths and trails as compared to the need or probable use;
(3) Inclusion of the trail in a plan for a comprehensive trail system adopted by a city or county in a state or federal trails plan. [1972 ex.s. c 103 § 3.]
47.30.040 Title 47 RCW: Public Highways and Transportation

Severability—1972 ex.s. c 103: See note following RCW 47.30.030.

47.30.050 Expenditures for paths and trails—Minimum amount. (1) The amount expended by a city, town, or county as authorized by RCW 47.30.030 shall never in any one fiscal year be less than 0.42 percent of the total amount of funds received from the motor vehicle fund according to RCW 46.68.090. However, this section does not apply to a city or town in any year in which the 0.42 percent equals five hundred dollars or less, or to a county in any year in which the 0.42 percent equals three thousand dollars or less. Also, a city, town, or county in lieu of expending the funds each year may credit the funds to a financial reserve or special fund, to be held for not more than ten years, and to be expended for the purposes required or permitted by RCW 47.30.030.

(2) In each fiscal year the department of transportation shall expend, as a minimum, for the purposes mentioned in RCW 47.30.030 a sum equal to three-tenths of one percent of all funds, both state and federal, expended for the construction of state highways in such year, or in order to more efficiently program trail improvements the department may defer any part of such minimum trail or path expenditures for a fiscal year for a period not to exceed four years after the end of such fiscal year. Any fiscal year in which the department expends for trail or path purposes more than the minimum sum required by this subsection, the amount of such excess expenditure shall constitute a credit which may be carried forward and applied to the minimum trail and path expenditure requirements for any of the ensuing four fiscal years.

(3) The department of transportation, a city, or a county in computing the amount expended for trails or paths under their respective jurisdictions may include the cost of improvements consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980. [1999 c 269 § 11; 1979 ex.s. c 121 § 2; 1972 ex.s. c 103 § 4.]

47.30.060 Expenditures deemed to be for highway purposes—Powers and duties of department—Restrictions on use of paths and trails. For the purposes of this chapter, the establishment of paths and trails and the expenditure of funds as authorized by RCW 47.30.030, as now or hereafter amended, shall be deemed to be for highway, road, and street purposes. The department of transportation shall, when requested, and subject to reimbursement of costs, provide technical assistance and advice to cities, towns, and counties in carrying out the purposes of RCW 47.30.030, as now or hereafter amended. The department shall recommend construction standards for paths and trails. The department shall provide a uniform system of signing paths and trails which shall apply to paths and trails under the jurisdiction of the department and of cities, towns, and counties. The department and cities, towns, and counties may restrict the use of paths and trails under their respective jurisdictions to pedestrians, equestrians, and nonmotorized vehicles. [1979 ex.s. c 121 § 3; 1972 ex.s. c 103 § 5.]

Severability—1972 ex.s. c 103: See note following RCW 47.30.030.

For purposes of 43 U.S.C. 912 and related provisions of federal law involving federally granted railroad rights of way, a bicycle, equestrian or pedestrian path shall be deemed to be a public highway under the laws of the state of Washington. [1993 c 224 § 14.]

47.32.010 Order to remove obstructions—Removal by state. Whenever the department determines and orders that it is necessary for the convenience and safety of public travel and the use of (or construction, alteration, repair, improvement, or maintenance of) any state highway to have the full width of right of way of any such state highway or of any portion of the right of way of any such state highway free from any and all obstructions, encroachments, and occupancy, other than pole lines, pipe lines, or other structures maintained thereon for public or quasi-public utilities by virtue of a valid franchise, and causes due notice of the order to be given as provided by law, the obstructions, encroachments, and means of occupancy, and any structure, building, improvement, or other means of occupancy of any of the right of way of the state highway not removed within the time allowed by law shall become an unlawful property and may be confiscated, removed, and sold or destroyed by the state of Washington according to procedure as provided in this chapter, without any right in anyone to make any claim therefor, either by reason of the removal thereof or otherwise. It is unlawful for any person to keep, maintain, or occupy any such unlawful structure. [1984 c 7 § 176; 1961 c 13 § 47.32.010. Prior: 1937 c 53 § 68; RRS § 6400-68.]
47.32.020 Notice of order, contents, posting—Return. Whenever the department determines that the right of way of any state highway or any portion of the right of way of any state highway shall be made free from any and all obstructions, encroachments, and occupancy it shall forthwith cause to be posted, by a competent person eighteen years of age or over upon any and all structures, buildings, improvements, and other means of occupancy of the state highway or portion thereof, other than property of public or quasi-public utilities, by virtue of a valid franchise, a notice bearing a copy of the order and dated as of the date of posting, to all whom it may concern to vacate the right of way and to remove all property from the right of way within ten days after the posting of the notice, exclusive of the date of posting. The department shall also require the filing of duplicate affidavits in proof of the postings, showing upon what structures, buildings, improvements, or other means of occupancy of the state highway or portions thereof, respectively, copies of the notice were posted and the date of each such posting, sworn to by the person making the posting. [1984 c 7 § 177; 1971 ex.s. c 292 § 46; 1961 c 13 § 47.32.020. Prior: 1937 c 53 § 69; RRS § 6400-69.] Severability—1984 c 7: See note following RCW 47.01.141. Severability—1971 ex.s. c 292: See note following RCW 26.28.010.

47.32.030 Proceedings in rem authorized—Records certified. In case the property or any portion thereof described in the notice is not removed from the right of way within ten days after the date of the posting, exclusive of the date of posting, all such property upon the right of way of the state highway or portion thereof becomes unlawful, and the department shall commence proceedings in the name of the state of Washington for the removal thereof by court action. The department shall thereupon prepare two original copies of the order together with two copies each of the notice posted and of the affidavits in proof of posting thereof and duplicate copies of a certificate by the department describing with reasonable certainty and with due reference to the center line stationing of the state highway and to proper legal subdivisional points, each structure, building, improvement, encroachment, or other means of occupancy, other than pole lines, pipe lines, or other structures maintained for public and quasi-public utilities, on the state highway or portion thereof specified in the order that remain upon the right of way as aforesaid. Thereupon action shall be commenced in rem for the purpose of removal of all such unlawful property, in the superior court of the county in which the state highway or portion thereof containing the structures is situated, entitled and in the name of the state of Washington as plaintiff and describing each unlawful structure, building, improvement, encroachment, or other means of occupancy, which structures, buildings, improvements, encroachments, or other means of occupancy shall be briefly named as defendants. [1984 c 7 § 178; 1961 c 13 § 47.32.030. Prior: 1937 c 53 § 70; RRS § 6400-70; prior: 1925 ex.s. c 131 § 3; RRS § 6837-3.] Severability—1984 c 7: See note following RCW 47.01.141.

47.32.040 Complaint, contents. The complaint shall, in such action, describe the property unlawfully remaining upon the right of way of the state highway or portion thereof with reasonable certainty by reference to the certificate of the department, which shall be attached to and filed with the complaint, and pray that an order be entered for the removal from the right of way of the state highway or portion thereof of all the described property unlawfully thereon and the disposal thereof. [1984 c 7 § 179; 1961 c 13 § 47.32.040. Prior: 1937 c 53 § 71; RRS § 6400-71; prior: 1925 ex.s. c 131 § 4; RRS § 6837-4.] Severability—1984 c 7: See note following RCW 47.01.141.

47.32.050 Notice, action, service, contents—Proceedings void when. Service of such complaint shall be given by publication of notice thereof once a week for two successive weeks in a newspaper of general circulation in the county in which such action is commenced, which notice shall briefly state the objects of the action and contain a brief description of each structure, building, improvement, encroachment or other means of occupancy sought to be removed from the right of way of the state highway, describe such state highway or portion thereof by number and location and state the time and place when and where the action will come before the court or judge thereof; and a copy of such notice shall also be posted at least ten days before the date of hearing of such action upon each such structure, building, improvement, encroachment or other means of occupancy described therein. Posting may be made by any person qualified to serve legal process. Want of posting upon, or failure to describe any such structure, building, improvement, encroachment or other means of occupancy shall render subsequent proceedings void as to those not posted upon or described but all others described and posted upon shall be bound by the subsequent proceedings. [1961 c 13 § 47.32.050. Prior: 1937 c 53 § 72; RRS 6400-72; prior: 1925 ex.s. c 131 § 5; RRS § 6837-5.]

47.32.060 Hearing—Findings—Order—Appellate review. At the time and place appointed for hearing upon the complaint, which hearing shall be by summary proceedings, if the court or judge thereof finds that due notice has been given by posting and publication and that the order of the department was duly made, and is further satisfied and finds that the state highway or portion thereof described is legally a state highway having the width of right of way specified in the order and that the structure, buildings, improvements, or other means of occupancy of the state highway or portion thereof as stated in the certificate of the department do in fact encroach, or that any portion thereof encroach, upon the state highway right of way, the court or judge thereof shall thereupon make and enter an order establishing that each of the structures, buildings, improvements, and other means of occupancy specified in the order is unlawfully maintained within the right of way and is subject to confiscation and sale and that they be forthwith confiscated, removed from the right of way, and sold, and providing that six days after the entry of the order, a writ shall issue from the court directed to the sheriff of the county, commanding the sheriff to seize and remove from the right of way of the state highway each such structure,
building, improvement, or other means of occupancy specified in the order forthwith on receipt of a writ based on the order and to take and hold the property in his custody for a period of ten days, unless redelivered earlier as provided for by law, and if not then so redelivered to sell the property at public or private sale and to pay the proceeds thereof into the registry of the court within sixty days after the issuance of the writ, and further in such action, including costs of posting original notices of the department, the costs of posting and publishing notices of hearing as part thereof and any cost of removal, be paid by the clerk to the state treasurer and credited to the motor vehicle fund. The order shall be filed with the clerk of the court and recorded in the minutes of the court, and is final unless appellate review thereof is sought within five days after filing of the order. [1988 c 202 § 45; 1984 c 7 § 180; 1961 c 13 § 47.32.060. Prior: 1937 c 53 § 73; RRS § 6400-73; prior: 1925 ex.s. c 131 § 7; RRS § 6837-7.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.32.070 Writ, execution of—Return—Disposition of unsold property. Six days after filing of the order above provided for, if no review thereof be taken to the supreme court or the court of appeals of the state, the clerk of the court shall issue under seal of such court a writ directed to the sheriff of the county in which such court is held commanding him to remove, take into custody and dispose of the property described in such order and make returns thereof as provided for such writ by said order. On receipt of such writ it shall be the duty of such sheriff to obey the command thereof, proceed as therein directed and make return within the time fixed by such writ; and said sheriff shall be liable upon his official bond for the faithful discharge of such duties. Upon filing of such return the clerk of court shall make payments as provided for in the order of court. If by the sheriff’s return any of the property seized and removed pursuant to such writ is returned as unsold and as of no sale value, and if the court or judge thereof be satisfied that such is the fact, the court or judge thereof may make further order directing the destruction of such property, otherwise directing the sheriff to give new notice and again offer the same for sale, when, if not sold, the same may on order of court be sold, when, if not sold, the same may on order of court be destroyed. [1971 c 81 § 115; 1961 c 13 § 47.32.070. Prior: 1937 c 53 § 74; RRS § 6400-74; prior: 1925 ex.s. c 131 § 8; RRS § 6837-8.]

47.32.080 Property reclaimed—Bond. At any time within ten days after the removal by virtue of such writ of any such property from the right of way of such state highway any person, firm, association or corporation claiming ownership or right of possession of any such property may have the right to demand and to receive the same from the sheriff upon making an affidavit that such claimant owns such property or is entitled to possession thereof, stating on oath the value thereof satisfactory to said sheriff, or which value shall be raised to a value satisfactory to said sheriff, which value shall be indorsed on said affidavit and signed both by said claimant and said sheriff before such sheriff shall be required to accept the bond hereinafter provided for, and deliver to the sheriff a bond with sureties in double the value of such property, conditioned that such claimant will appear in the superior court of such county within ten days after the bond is accepted by the sheriff and make good such claim of title thereto and pay all accrued costs of service of notice to remove, all costs and disbursements to be assessed to such property and the costs of removal and custody thereof and will hold said sheriff and the state of Washington free from any and all claims on account of such property or will return such property or pay its value to said sheriff, and that such claimant will at all times thereafter keep such property off the right of way of the state highway in question. [1961 c 13 § 47.32.080. Prior: 1937 c 53 § 75; RRS § 6400-75; prior: 1925 ex.s. c 131 § 9; RRS § 6837-9.]

47.32.090 Sureties on bond—Hearing on claim. The sureties on such bond shall justify as in other cases if the sheriff requires it and in case they do not so justify when required, the sheriff shall retain and sell or dispose of the property; and if the sheriff does not require the sureties to justify, he shall stand good for their sufficiency. He shall date and indorse his acceptance upon the bond, and shall return the affidavit, bond and justification, if any, to the office of the clerk of such superior court, whereupon such clerk shall set the hearing thereof as a separate case for trial, in which such claimant shall be the plaintiff and the sheriff and the state of Washington defendants: PROVIDED, That no costs shall, in such case, be assessed against the sheriff or the state of Washington in the event the plaintiff should prevail. [1961 c 13 § 47.32.090. Prior: 1937 c 53 § 76; RRS § 6400-76; prior: 1925 ex.s. c 131 § 10; RRS § 6837-10.]

47.32.100 Procedure when claimant wins or loses. If the claimant makes good the claimant’s title to or right to possession of the property, upon payment into the registry of the court of the costs of service or posting of original notice issued by the department with respect to the property, the cost of posting notice of hearing in the court and such proportion of the cost of publication of the notice as the court may fix and direct to be entered and the clerk’s fees of filing the affidavit and bond as a separate action and of entry of judgment therein at the amounts provided for in civil actions, judgment shall be entered restoring the property to the claimant without any confirmation of title as to any other claimant thereto, relieving the sheriff from necessity of selling the property and making return thereon, and continuing the effect of the bond for a period of six years thereafter for the benefit of such adverse claimants to the property, if any, as may thereafter make claim to the property. If the claimant does not make good such claim of title to or right to possession of the property, judgment shall be rendered against the claimant and the sureties of the claimant for the value of the property as finally shown by the affidavit as above provided for, together with such fees for filing the affidavit and bond as a separate action and for entry of judgment therein and other costs and disbursements as taxed in any civil action including the statutory attorney fee as part thereof, for all of which execution may accordingly issue, and relieving the sheriff from the necessity of selling the property or making return thereon. 47.32.100 Obstructions on Right of Way

47.32.110 Merchandising structures—Permit—Removal. It is unlawful for any person to build, erect, establish, operate, maintain, or conduct along and upon the right of way of any state highway any platform, box, stand, or any other temporary or permanent device or structure used or to be used for the purpose of receiving, vending, or delivering any milk, milk cans, vegetables, fruits, merchandise, produce, or any other thing or commodity of any nature unless a permit therefor has first been obtained from the department. The department shall in each instance determine where any platform, box, stand, or any other temporary or permanent device or structure shall be permitted. Upon the existence of any such device or structure without a permit having been first obtained, it shall be considered an obstruction unlawfully upon the right of way of the state highway, and the department may proceed to effect its removal. [1984 c 7 § 182; 1961 c 13 § 47.32.110. Prior: 1937 c 53 § 78; RRS § 6400-78; 1927 c 309 § 48; RRS § 6362-48; 1923 c 181 § 10; RRS § 6358-1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.32.120 Business places along highway. It is unlawful for any person to erect a structure or establishment or maintain a business, the nature of which requires the use by patrons or customers of property adjoining the structure or establishment unless the structure or establishment is located at a distance from the right of way of any state highway so that none of the right of way thereof is required for the use of the patrons or customers of the establishment. Any such structure erected or business maintained that makes use of or tends to invite patrons to use the right of way or any portion thereof of any state highway by occupying it while a patron is a public nuisance, and the department may fence the right of way of the state highway to prevent such unauthorized use thereof. [1984 c 7 § 182; 1961 c 13 § 47.32.120. Prior: 1937 c 53 § 79; RRS § 6400-79.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.32.130 Dangerous objects and structures as nuisances—Logs—Abatement—Removal. (1) Whenever there exists upon the right of way of any state highway or off the right of way thereof in sufficiently close proximity thereto, any structure, device, or natural or artificial thing that threatens or endangers the state highway or portion thereof, or that tends to endanger persons traveling thereon, or obstructs or tends to obstruct or constitutes a hazard to vehicles or persons traveling thereon, the structure, device, or natural or artificial thing is declared to be a public nuisance, and the department is empowered to take such action as may be necessary to effect its abatement. Any such structure, device, or natural or artificial thing considered by the department to be immediately or eminently dangerous to travel upon a state highway may be forthwith removed, and the removal in no event constitutes a breach of the peace or trespass.

(2) Logs dumped on any state highway roadway or in any state highway drainage ditch due to equipment failure or for any other reason shall be removed immediately. Logs remaining within the state highway right of way for a period of thirty days shall be confiscated and removed or disposed of as directed by the department. [1984 c 7 § 184; 1961 c 13 § 47.32.130. Severability—1984 c 7: See note following RCW 47.01.141.

47.32.140 Railroad crossings, obstructions—Hearing. Each railroad company shall keep its right of way clear of all brush and timber in the vicinity of a railroad grade crossing with a state highway for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. The department shall cause brush and timber to be cleared from the right of way of a state highway in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. It is unlawful to erect or maintain a sign, signboard, or billboard, except official highway signs and traffic devices and railroad warning or operating signs, outside the corporate limits of any city or town within a distance of one hundred feet from the point of intersection of the highway and railroad grade crossing unless, after thirty days notice to the Washington utilities and transportation commission and the railroad operating the crossing, the department determines that it does not obscure the sight distance of a person operating a vehicle or train approaching the grade crossing.

When a person who has erected or who maintains such a sign, signboard, or billboard or when a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a state highway or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the department or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad-highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing. However, nothing in this section prevents the posting or maintaining of any legal notice or sign, signal, or traffic device required or permitted to be posted or maintained, or the placing and maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs are approved by the department. The department shall inspect highway grade crossings and make complaint of the violation of any provisions of this section. [1983 c 19 § 2; 1961 c 13 § 47.32.140. Such signs shall conform as nearly as practicable to the manual of specifications for the manufacture, display, and erection of uniform traffic control devices for streets and highways and all amendments, corrections, and additions thereto. The department of transportation shall prepare plans and specifications of the uniform state standard of traffic devices so adopted and designated, showing the materials, colors, and designs thereof, and shall upon the issuance of any such plans and specifications or revisions thereof and upon request, furnish to the boards of county commissioners and the governing body of any incorporated city or town, a copy thereof. Cities and towns, which as used in this section mean cities and towns having a population of over fifteen thousand according to the latest federal census, shall adequately equip with traffic devices, streets that are designated as forming a part of the route of a primary or secondary state highway and streets which constitute connecting roads and secondary state highways to such cities and towns. The traffic devices, signals, signs, and markers shall comply with the uniform state standard for the manufacture, display, direction, and location thereof as designated by the department. The design, location, erection, and operation of traffic devices and traffic control signals upon such city or town streets constituting either the route of a primary or secondary state highway to the city or town or connecting streets to the primary or secondary state highways through the city or town shall be under the direction of the department, and if the city or town fails to comply with any such directions, the department shall provide for the design, location, erection, or operation thereof, and any cost incurred therefor shall be charged to and paid from any funds in the motor vehicle fund of the state that have accrued or may accrue to the credit of the city or town, and the state treasurer shall issue warrants therefor on vouchers submitted and approved by the department. Standard federal road markers shall be placed on state highways in the manner requested by the department of transportation of the United States. The department of transportation of the state of Washington is authorized and empowered to cooperate with the several states and with the federal government in promoting, formulating, and adopting a standard and uniform system of numbering or designating state highways of an interstate character and in promoting, formulating, and adopting uniform and standard specifications for the manufacture, display, erection, and location of road markers and signs, for the information, direction, and control of persons traveling upon public highways. [1984 c 7 § 195; 1961 c 13 § 47.36.090. Prior: 1937 c 53 § 55; RRS § 6400-55; prior: 1925 c 24 § 1; RRS § 6303-1.]

[Title 47 RCW—page 126]

The department is hereby authorized to establish a continuing system for the designating of state highways and branches or portions thereof, hereinafter established by the legislature, to give designations to such state highways and branches, or portions thereof, in accord with that system, and to install signs in accord therewith on such state highways and branches, or portions thereof. The system may be changed from time to time and shall be extended to new state highways and branches, or portions thereof. The system for the designating of state highways and branches or portions thereof. The department is hereby authorized to establish a continuing system for the designating of state highways and branches, or portions thereof, in accord with that system, and to install signs in accord therewith on such state highways and branches, or portions thereof. The system may be changed from time to time and shall be extended to new state highways and branches, or portions thereof.

47.36.097 Highway designation system—Filing. Designations or redesignations assigned under the system by the department pursuant to RCW 47.36.095 as each is made, shall be filed with the secretary of state and with the auditor of each county. Thereafter such highways shall be so designated for all purposes. [1984 c 7 § 197; 1967 ex.s. c 145 § 43; 1963 c 24 § 1.]

47.36.100 Directional, caution, and stop signs. Directional signs showing distance and direction to points of importance may be placed at all crossings and intersections of primary and secondary state highways. The department may place such directional signs as it deems necessary upon any city streets designated by it as forming a part of the route of any primary or secondary state highway through any incorporated city or town. Caution and warning signs or signals shall be placed wherever practicable on all primary and secondary state highways in a manner provided by law. Stop signs shall be placed, erected, and maintained by the department as follows: Upon all county roads at the point of intersection with any arterial primary or secondary state highway; upon all primary and secondary state highways at the point of intersection with any county road that has been designated by the department as an arterial having preference over the traffic on the state highway; and upon at least one state highway at the intersection of two state highways. [1984 c 7 § 198; 1967 ex.s. c 145 § 38; 1961 c 13 § 47.36.100. Prior: 1947 c 206 § 1; 1937 c 53 § 56; Rem. Supp. 1947 § 6400-56.]

47.36.110 Stop signs, "Yield" signs—Duties of persons using highway. In order to provide safety at intersections on the state highway system, the department may require persons traveling upon any portion of such highway to stop before entering the intersection. For this purpose there may be erected a standard stop sign as prescribed in the state department of transportation's "Manual on Uniform Traffic Control Devices for Streets and Highways." All persons traveling upon the highway shall come to a complete stop at such a sign, and the appearance of any sign so located is sufficient warning to a person that he is required to stop. A person stopping at such a sign shall proceed through that portion of the highway in a careful manner and at a reasonable rate of speed not to exceed twenty miles per hour. It is unlawful to fail to comply with the directions of any such stop sign. When the findings of a traffic engineering study show that the condition of an intersection is such that vehicles may safely enter the major artery without stopping, the department or local authorities in their respective jurisdictions shall install and maintain a "Yield" sign. [1984 c 7 § 199; 1963 ex.s. c 3 § 49; 1961 c 13 § 47.36.110. Prior: 1955 c 146 § 6; 1937 c 53 § 59; RRS § 6400-59.]

47.36.180 Forbidden devices—Penalty. It is unlawful to erect or maintain at or near a city street, county road, or state highway any structure, sign, or device:

(1) Visible from a city street, county road, or state highway and simulating any directional, warning, or danger sign or light likely to be mistaken for such a sign or bearing any such words as "danger," "stop," "slow," "turn," or similar words, figures, or directions likely to be construed as giving warning to traffic;

(2) Visible from a city street, county road, or state highway and displaying any red, green, blue, or yellow light or intermittent or blinking light or rotating light identical or similar in size, shape, and color to that used on any emergency vehicle or road equipment or any light otherwise likely to be mistaken for a warning, danger, directional, or traffic control signal or sign;

(3) Visible from a city street, county road, or state highway and displaying any lights tending to blind persons operating vehicles upon the highway, city street, or county road, or any glaring light, or any light likely to be mistaken for a vehicle upon the highway or otherwise to be so mistaken as to constitute a danger; or

When construction, repair, or maintenance work is conducted on or adjacent to a public highway, county road, street, bridge, or other thoroughfare commonly traveled and when the work interferes with the normal and established mode of travel on the highway, county road, street, bridge, or thoroughfare, the location shall be properly posted by prominently displayed signs or flagmen or both. Signs used for posting in such an area shall be consistent with the provisions found in the state of Washington "Manual on Uniform Traffic Control Devices for Streets and Highways" obtainable from the department of transportation. 47.36.210 Signs or flaggers—Contractor compliance. Any contractor, firm, corporation, political subdivision, or other agency performing such work shall comply with RCW 47.36.200 through 47.36.230. [1961 c 13 § 47.36.210. Prior: 1957 c 95 § 2.]

47.36.220 Signs or flaggers—Obedience by work vehicles. Each driver of a motor vehicle used in connection with such construction, repair, or maintenance work shall obey traffic signs posted for, and flaggers stationed at such location in the same manner and under the same restrictions as is required for the driver of any other vehicle. [2000 c 239 § 8; 1961 c 13 § 47.36.220. Prior: 1957 c 95 § 3.]

Captions not law—2000 c 239: See note following RCW 49.17.350.

47.36.250 Dangerous road conditions requiring special tires, chains, or traction equipment—Signs or devices—Penalty. If the department or its delegate determines at any time for any part of the public highway system that the unsafe conditions of the roadway require particular tires, tire chains, or traction equipment in addition to or beyond the ordinary pneumatic rubber tires, the department may establish the following recommendations or requirements with respect to the use of such equipment for all persons using such public highway:

(1) Dangerous road conditions, chains or other approved traction devices recommended.
(2) Dangerous road conditions, chains or other approved traction devices required.
(3) Dangerous road conditions, chains required.

Any equipment that may be required by this section shall be approved by the state patrol as authorized under RCW 46.37.420.

The department shall place and maintain signs and other traffic control devices on the public highways that indicate the tire, tire chain, or traction equipment recommendation or requirement determined under this section. Such signs or traffic control devices shall in no event prohibit the use of studded tires from November 1st to April 1st, but when the department determines that chains are required and that no other traction equipment will suffice, the requirement is applicable to all types of tires including studded tires. The signs or traffic control devices may specify different recommendations or requirements for four wheel drive vehicles in gear.

Failure to obey a requirement indicated by a sign or other traffic control device placed or maintained under this section is a misdemeanor. [1987 c 330 § 747; 1984 c 7 § 203; 1975 1st ex.s. c 255 § 1; 1969 ex.s. c 7 § 2.]

(4) The center shall generate at least nine thousand daily one-way vehicle trips to the center;
(5) There is sufficient space available for installation of the directional sign as specified in the Manual On Uniform Traffic Control Devices;
(6) Supplemental follow-through directional signing is required at key decision points to direct motorists to the shopping center if it is not clearly visible from the point of exit from the main traveled way.
The department shall collect from the regional shopping center a reasonable fee based upon the cost of erection and maintenance of the directional sign. [1987 c 469 § 1.]

47.36.280 Pavement marking standards. The department of transportation shall, by January 1, 1992, adopt minimum pavement marking standards for the area designating the limits of the vehicle driving lane along the right edge for arterials that do not have curbs or sidewalks and are inside urbanized areas. In preparing the standards, the department of transportation shall take into consideration all types of pavement markings, including flat, raised, and recessed markings, and their effect on pedestrians, bicycle, and motor vehicle safety.

The standards shall provide that a jurisdiction shall conform to these requirements, at such time thereafter that it undertakes to (1) renew or install permanent markings on the existing or new roadway, and (2) remove existing nonconforming raised pavement markers at the time the jurisdiction prepares to resurface the roadway, or earlier, at its option. These standards shall be in effect, as provided in this section, unless the legislative authority of the local governmental body finds that special circumstances exist affecting vehicle and pedestrian safety that warrant a variance to the standard.

For the purposes of this section, "urbanized area" means an area designated as such by the United States bureau of census and having a population of more than fifty thousand. Other jurisdictions that install pavement marking material on the right edge of the roadway shall do so in a manner not in conflict with the minimum state standard. [1991 c 214 § 4.]

47.36.300 Supplemental directional signs—Erection by local governments. (1) The legislative authority of any county, city, or town may erect, or permit the erection of, supplemental directional signs directing motorists to motorist service businesses qualified for motorist information sign panels pursuant to RCW 47.36.310 or 47.36.320 in any location on, or adjacent to, the right of way of any roads or streets within their jurisdiction.

(2) Appropriate fees may be charged to cover the cost of issuing permits, installation, or maintenance of such signs.

(3) Supplemental signs and their locations shall comply with all applicable provisions of this chapter, the Manual on Uniform Traffic Control Devices, and such rules as may be adopted by the department. [1999 c 201 § 2; 1986 c 114 § 3. Formerly RCW 47.42.052.]

47.36.310 Motorist information signs—Interstate highways—Contents, placement, fees. The department is authorized to erect and maintain motorist information sign panels within the right of way of the interstate highway system to give the traveling public specific information as to gas, food, lodging, camping, or tourist-oriented business available on a crossroad at or near an interchange. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "CAMPING," or "TOURIST ACTIVITIES" and directional information and may contain one or more individual business signs maintained on the panel. Motorist information sign panels are authorized within the corporate limits of cities and towns and areas zoned for commercial or industrial uses at locations where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. The erection and maintenance of motorist information sign panels shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of an interstate highway shall not be permitted to display its name, brand, or trademark on a case-by-case basis, waive the height restriction when an on-premise sign is visible from the rural interstate system.

The department shall charge reasonable fees for the display of individual business signs to defray the costs of their installation and maintenance, and may charge reasonable fees to recover costs for the erection and maintenance of the motorist information sign panels. [1999 c 201 § 3; 1987 c 469 § 3; 1986 c 114 § 1; 1985 c 142 § 1; 1984 c 7 § 223; 1974 ex.s. c 80 § 2. Formerly RCW 47.42.046.]

(1) The department, in consultation with the department of community, trade, and economic development, the department of natural resources, the parks and recreation commission, affected cities, towns, and counties, federally recognized tribes, regional transportation planning organizations, Washington-based automobile clubs, statewide bicycling organizations, and other interested parties, shall develop by December 31, 1999, criteria for assessing scenic byways and heritage tour routes and an appropriate method of nomination and application for the designation and removal of the designation of the byways. Factors the department may take into consideration, but is not limited by, are:  

(a) Scenic quality of the byway;  
(b) natural aspects, such as geological formations, water bodies, vegetation, and wildlife;  
(c) historic elements;  
(d) cultural features such as the arts, crafts, music, customs, or traditions of a distinct group of people;  
(e) archaeological features;  
(f) recreational activities;  
(g) roadway safety including accommodations for bicycle and pedestrian travel, tour buses, and automobiles;  
(h) scenic byway and local and regional byway management plans; and  
(i) local public involvement and support for the byway.  

(2) The criteria developed in subsection (1) of this section must not impose nor require regulation of privately owned lands or property rights.  

(3) Any person may nominate a roadway, path, or trail for inclusion in the scenic byway program. The department shall assess nominations in accordance with the criteria developed under subsection (1) of this section. The department shall submit its recommendations for scenic byway and heritage tour route designations to the commission for its approval and official designation of the roadway, path, or trail as a scenic byway or a heritage tour route. All decisions made by the commission relating to scenic byway and heritage tour route designations are final.  

(4) The department shall apply the criteria in subsection (1) of this section to state highways that are currently not a part of the designated scenic and recreational highway system. The department shall respond to local requests for route evaluation as defined in subsection (3) of this section.  

(5) Once the commission has designated a roadway as a scenic byway, the department may submit an individual nomination to the Federal Highway Administration for its consideration of whether the roadway qualifies to be designated as a national scenic byway or an All-American Roadway.  

#### Effective date—1999 c 218: See note following RCW 47.39.010.

### 47.39.075 Corridor management plan
The department shall participate with local communities to develop a corridor management plan for a state highway nominated to be a part of the scenic byway program. Local, regional, or other governmental bodies shall develop a corridor management plan for nominated routes that are under their jurisdiction.  

#### Effective date—1999 c 218: See note following RCW 47.39.010.

### 47.39.080 Funding priorities—Signage
Recognizing that the Transportation Equity Act for the 21st Century establishes a national "Scenic Byways" grant program and a new apportionment program called "Transportation Enhancement Activities," the department of transportation shall place high priority on obtaining funds from those sources for further development of a scenic and recreational highways program, including enhancement projects on the designated scenic and recreational highway system. The department shall consider the use of the designated system by bicyclists and pedestrians in connection with nonmotorized routes in the state trail plan, and the state bicycle plan which are also eligible for TEA-21 funding. Appropriate signage may be used at intersections of nonmotorized and motorized systems to demonstrate the access, location, and the interconnectivity of various modes of travel for transportation and recreation. For the purposes of leveraging national scenic byway planning grant funds, the commission may designate eligible state highways as scenic byways on an interim basis.  

#### Effective date—1999 c 218: See note following RCW 47.39.010.

### 47.39.090 Consultation with other agencies and parties—Identification of tourist routes
In developing the scenic and recreational highways program, the department shall consult with the department of community, trade, and economic development, the department of natural resources, the parks and recreation commission, affected cities, towns, and counties, regional transportation planning organizations, statewide bicycling organizations, and other interested parties. The scenic and recreational highways program may identify entire highway loops or similar tourist routes that could be developed to promote tourist activity and provide...

concurrent economic growth while protecting the scenic and recreational quality surrounding state highways. [1995 c 399 § 123; 1993 c 430 § 9.]

47.39.100 Removal of designation. (1) The commission may remove the designation of a route if it no longer possesses the intrinsic qualities or fails to meet the criteria that supported its designation.

(2) The department shall determine whether a roadway designated as a national scenic byway or an All-American Roadway is being properly maintained in accordance with the roadway’s byway management plan, including preserving the intrinsic qualities that originally supported the designation. When the department determines that the intrinsic qualities of a national scenic byway or All-American Roadway have not been maintained sufficiently to retain its designation, the department shall notify the party responsible for maintaining the designation of the finding and allow the party an opportunity, under federal regulations, for corrective action before formal removal of the designation of the roadway.

(3) Local, regional, or other governmental bodies may notify the commission of the removal of a designated route if they determine it no longer meets the designation criteria, or community support for the designation no longer exists, or it no longer possesses the intrinsic qualities that supported its original designation.

(4) State or local removal of a designated route will result in discontinued state support of the designated route and can include, but is not limited to, state matching assistance for grant applications, the removal of signs directly related to the byway, free promotional information in the state-owned safety rest areas, and inclusion in maps, brochures, and electronic media. [1999 c 218 § 7.]

47.41.010 Legislative declaration—Purpose. For the purpose of promoting the public safety, health, welfare, convenience, and enjoyment of public travel, to protect the public investment in public highways, and to preserve and enhance the scenic beauty of lands bordering public highways, it is hereby declared to be in the public interest to regulate and restrict the establishment, operation, and maintenance of junkyards in areas adjacent to the interstate and federal-aid primary systems within this state. The legislature hereby finds and declares that junkyards which do not conform to the requirements of this chapter are public nuisances. [1971 ex.s. c 101 § 1.]

47.41.020 Definitions. The definitions set forth in this section apply throughout this chapter.

1. "Junk" means old or scrap copper, brass, rope, rags, batteries, paper, trash, rubber debris, waste, or junked, dismantled, or wrecked automobiles, or parts thereof, iron, steel, and other old or scrap ferrous or nonferrous material.

2. "Automobile graveyard" means any establishment or place of business that is maintained, used, or operated for storing, keeping, buying, or selling wrecked, scrapped, ruined, or dismantled motor vehicles or motor vehicle parts.

3. "Junkyard" means an establishment or place of business that is maintained, operated, or used for storing, keeping, buying, or selling junk or for the maintenance or operation of an automobile graveyard, and the term includes garbage dumps and sanitary fills.

4. "Interstate system" means that portion of the national system of interstate and defense highways located within this state, as officially designated or as may hereafter be so designated by the department and approved by the United States secretary of transportation under Title 23 United States Code.

5. "Federal-aid primary system" means that portion of connected main highways as officially designated or as may hereafter be so designated by the department and approved by the United States secretary of transportation as the federal-aid primary system pursuant to the provisions of Title 23 United States Code.

6. "Department" means the Washington state department of transportation. [1984 c 7 § 216; 1971 ex.s. c 101 § 2.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.41.030 Junkyards adjacent to highways prohibited—Exceptions. No person may establish, operate, or maintain a junkyard any portion of which is within one thousand feet of the nearest edge of the right of way of any interstate or federal-aid primary highway, except the following:

1. Those which are screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main-traveled way of the system or otherwise removed from sight;

2. Those located within areas which are zoned for industrial use under authority of law;

3. Those located within unzoned industrial areas, which areas shall be determined from actual land uses and defined by rules adopted by the department and approved by the United States secretary of transportation; and

4. Those which are not visible from the main-traveled way of the system. [1984 c 7 § 217; 1971 ex.s. c 101 § 3.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.41.040 Screening or removal of junkyard. Before July 1, 1971, the department shall determine whether or not the topography of the land adjoining the highway will permit adequate screening of any junkyard lawfully in existence located outside of a zoned industrial area or an unzoned industrial area as defined under RCW 47.41.030 on August 9, 1971, that is within one thousand feet of the nearest edge of the right of way and visible from the main traveled way of any highway on the interstate and primary system and whether screening of the junkyard would be economically feasible. Within thirty days thereafter the department shall notify by certified mail the record owner of the land upon which the junkyard is located, or the operator thereof, of its determination.

If it is economically feasible to screen the junkyard, the department shall screen the junkyard so that it will not be visible from the main-traveled way of the highway. The department is authorized to acquire by gift, purchase, exchange, or condemnation such lands or interest in lands as may be required for these purposes.

If it is not economically feasible to screen the junkyard, the department shall acquire by purchase, gift, or condemnation an interest in the real property used for junkyard purposes that is visible from the main traveled way of the highway, restricting any owner of the remaining interest to use of the real estate for purposes other than a junkyard.

In addition to compensation for the real property interest, the operator of a junkyard shall receive the actual reasonable expenses in moving his business personal property to a location within the same general area where a junkyard may be lawfully established, operated, and maintained. This section shall be interpreted as being in addition to all other rights and remedies of a junkyard owner or operator and shall not be interpreted as a limitation on or alteration of the law of eminent domain. [1984 c 7 § 218; 1971 ex.s. c 101 § 4.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.41.050 Administrative rules—Review of action. The department shall adopt rules for the administration of this chapter consistent with the policy of this chapter and the national policy set forth in 23 U.S.C. Sec. 136, and the regulations promulgated thereunder by the United States secretary of transportation. Proceedings for review of any action taken by the department pursuant to this chapter shall be instituted by filing a petition only in the superior court of Thurston county. [1984 c 7 § 219; 1971 ex.s. c 101 § 5.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.41.060 Other laws not affected. Nothing in this chapter shall be construed to permit a person to maintain any junkyard that is otherwise prohibited by statute or by the resolution or ordinance of any county, city, or town, nor to abrogate or affect the lawful provisions of any statute, ordinance, regulation, or resolution which are more restrictive than the provisions of this chapter. [1971 ex.s. c 101 § 6.]
47.41.070 Violations—Penalty—Abatement as public nuisance. If the owner of the land upon which any such junkyard is located, or the operator thereof, as the case may be, fails to comply with the notice or remove any such junk within the time provided in this chapter after being so notified, he is guilty of a misdemeanor. In addition to the penalties imposed by law upon conviction, an order may be entered compelling compliance with this chapter. Each day the junkyard is maintained in a manner so as not to comply with this chapter constitutes a separate offense.

If the operator of the junkyard or the owner of the property upon which it is located, as the case may be, is not found or refuses receipt of the notice, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall post the property upon which it is located with a notice that the junkyard constitutes a public nuisance and that the junk thereon must be removed as provided in this chapter. If the notice is not complied with, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall abate the nuisance and remove the junk, and for that purpose may enter upon private property without incurring liability for doing so. [1984 c 7 § 220; 1971 ex.s. c 101 § 7.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.41.080 Agreements with United States secretary of transportation. The department is authorized to enter into agreements with the United States secretary of transportation as provided in Title 23 United States Code, relating to the control of junkyards in areas adjacent to the interstate and primary systems, and to take action in the name of the state to comply with the terms of the agreement. [1984 c 7 § 221; 1971 ex.s. c 101 § 8.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.41.900 Severability—1971 ex.s. c 101. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1971 ex.s. c 101 § 9.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.42.105 Unavailability of federal share. No sign, display, or device shall be required to be removed if the federal share of the just compensation to be paid upon the removal of such sign, display, or device is not available to make such payment. [1971 ex.s. c 62 § 15.]

47.42.107 Compensation for removal under local authority. (1) Just compensation shall be paid upon the removal of any existing sign pursuant to the provisions of any resolution or ordinance of any county, city, or town of the state of Washington by such county, city, or town if:
(a) Such sign was lawfully in existence on May 10, 1971 (the effective date of the Scenic Vistas Act of 1971); or
(b) Such sign was erected subsequent to May 10, 1971 (the effective date of the Scenic Vistas Act of 1971), in compliance with existing state and local law.

(2) Such compensation shall be paid in the same manner as specified in RCW 47.42.102(2) for the following:

(2002 Ed.)
(a) The taking from the owner of such sign, display, or device of all right, title, leasehold, and interest in such sign, display, or device; and
(b) The taking from the owner of the real property on which the sign, display, or device is located, of the right to erect and maintain such signs, displays, and devices thereon.

[1977 ex.s. c 141 § 1.]

Severability—1977 ex.s. c 141: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 141 § 2.]

47.42.110 Agreements for federal aid. The department is authorized to enter into agreements (and such supplementary agreements as may be necessary) consistent with this chapter, with the secretary of commerce or the secretary of transportation authorized under section 131(b) of title 23, United States Code, as codified and enacted by Public Law 85-767 and amended only by section 106, Public Law 86-342, in order that the state may become eligible for increased federal aid as provided for in section 131 of title 23, United States Code, as codified and enacted by Public Law 85-767 and amended only by section 106, Public Law 86-342. [1984 c 7 § 231; 1971 ex.s. c 62 § 16; 1961 c 96 § 11.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.42.120 Permits—Fees—Renewal—Permissible acts—Revocation. Notwithstanding any other provisions of this chapter, no sign except a sign of type 1 or 2 or those type 3 signs that advertise activities conducted upon the properties where the signs are located, may be erected or maintained without a permit issued by the department. Application for a permit shall be made to the department on forms furnished by it. The forms shall contain a statement that the owner or lessee of the land in question has consented thereto. The application shall be accompanied by a fee established by department rule to be deposited with the state treasurer to the credit of the motor vehicle fund. Permits shall be for the remainder of the calendar year in which they are issued, and accompanying fees shall not be prorated for fractions of the year. Permits must be renewed annually through a certification process established by department rule. Advertising copy may be changed at any time without the payment of an additional fee. Assignment of permits in good standing is effective only upon receipt of written notice of assignment by the department. A permit may be revoked after hearing if the department finds that any statement made in the application or annual certification process was false or misleading, or that the sign covered is not in good general condition and in a reasonable state of repair, or is otherwise in violation of this chapter, if the false or misleading information has not been corrected and the sign has not been brought into compliance with this chapter or rules adopted under it within thirty days after written notification. [1999 c 276 § 1; 1984 c 7 § 232; 1971 ex.s. c 62 § 17; 1961 c 96 § 12.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.42.130 Permit identification number. Every permit issued by the department shall be assigned a separate identification number, and each permittee shall fasten to each sign a weatherproof label, not larger than sixteen square inches, that shall be furnished by the department and on which shall be plainly visible the permit number. The permittee shall also place his or her name in a conspicuous position on the front or back of each sign. The failure of a sign to have such a label affixed to it is prima facie evidence that it is not in compliance with the provisions of this chapter. [1999 c 276 § 2; 1984 c 7 § 233; 1961 c 96 § 13.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.44.010 Wire and pipe line and tram and railway franchises—Application—Rules on hearing and notice. (1) The department of transportation may grant franchises to persons, associations, private or municipal corporations, the United States government, or any agency thereof, to use any state highway for the construction and maintenance of water pipes, flume, gas, oil or coal pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department of transportation, and any other such facilities. In order to minimize the disruption to traffic and damage to the roadway, the department is encouraged to develop a joint trenching policy with other affected jurisdictions so that all permittees and franchisees requiring access to ground under the roadway may do so at one time.

(2) All applications for the franchise must be made in writing and subscribed by the applicant, and describe the state highway or portion thereof over which franchise is desired and the nature of the franchise. The application must also include the identification of all jurisdictions affected by the franchise and the names of other possible franchisees who should receive notice of the application for a franchise.

(3) The department of transportation shall adopt rules providing for a hearing or an opportunity for a hearing with reasonable public notice thereof with respect to any franchise application involving the construction and maintenance of utilities or other facilities within the highway right of way which the department determines may (a) during construction, significantly disrupt the flow of traffic or use of driveways or other facilities within the right of way, or (b) during or following construction, cause a significant and adverse effect upon the surrounding environment. Supp. 1943 § 6400-83.]

Urban public transportation system defined: RCW 47.04.082.

47.44.020 Grant of franchise—Conditions—Hearing. (1) If the department of transportation deems it to
be for the public interest, the franchise may be granted in whole or in part, with or without hearing under such regulations and conditions as the department may prescribe, with or without compensation, but not in excess of the reasonable cost for investigating, handling, and granting the franchise. The department may require that the utility and appurtenances be so placed on the highway that they will, in its opinion, least interfere with other uses of the highway.

(2) If a hearing is held, it must be conducted by the department, and may be adjourned from time to time until completed. The applicant may be required to produce all facts pertaining to the franchise, and evidence may be taken for and against granting it.

(3) The facility must be made subject to removal when necessary for the construction, alteration, repair, or improvement of the highway and at the expense of the franchise holder, except that the state shall pay the cost of the removal whenever the state is entitled to receive proportionate reimbursement therefor from the United States in the cases and in the manner set forth in RCW 47.44.030. Renewal upon expiration of a franchise must be by application.

(4) A person constructing or operating such a utility on a state highway is liable to any person injured thereby for any damages incident to the work of installation or the continuation of the occupancy of the highway by the utility, and except as provided above, is liable to the state for all necessary expenses incurred in restoring the highway to a permanent suitable condition for travel. A person constructing or operating such a utility on a state highway is also liable to the state for all necessary expenses incurred in inspecting the construction and restoring the pavement or other related transportation equipment or facilities to a permanent condition suitable for travel and operation in accordance with requirements set by the department. Permit and franchise holders are also financially responsible to the department for trenching work not completed within the contractual period and for compensating for the loss of useful pavement life caused by trenching. No franchise may be granted for a longer period than fifty years, and no exclusive franchise or privilege may be granted.

(5) The holder of a franchise granted under this section is financially responsible to the department for trenching work not completed within the period of the permit and for compensating for the loss of useful pavement life caused by trenching. In the case of common trenching operations, liability under this subsection will be assessed equally between the franchisees. The assessed parties may thereafter pursue claims of contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action. [2001 c 204 § 6; 1980 c 28 § 2; 1975 1st ex.s. c 46 § 2; 1961 c 13 § 47.44.020. Prior: 1959 c 330 § 1; 1937 c 53 § 84; RRS § 6400-84.]

**47.44.030 Removal of facilities—Notice—Reimbursement, when.** If the department deems it necessary that a facility be removed from the highway for the safety of persons traveling thereon or for construction, alteration, improvement, or maintenance purposes, it shall give notice to the franchise holder to remove the facility at his or her expense and as the department orders. However, notwithstanding any contrary provision of law or of any existing or future franchise held by a public utility, the department shall pay or reimburse the owner for relocation or removal of any publicly, privately, or cooperatively owned public utility facilities when necessitated by the construction, reconstruction, relocation, or improvement of a highway that is part of the national system of interstate and defense highways for each item of cost for which the state is entitled to be reimbursed by the United States in an amount equal to at least ninety percent thereof under the provisions of section 123 of the federal aid highway act of 1958 and any other subsequent act of congress under which the state is entitled to be reimbursed by the United States in an amount equal to at least ninety percent of the cost of relocation of utility facilities on the national system of interstate and defense highways. [1984 c 7 § 234; 1961 c 13 § 47.44.030. Prior: 1959 c 330 § 2; 1937 c 53 § 85; RRS § 6400-85.]

**Severability—1984 c 7:** See note following RCW 47.01.141.

**47.44.031 Removal of facilities—Limitation.** The provisions of RCW 47.44.030 authorizing the department to pay or reimburse the owner of a utility apply only to relocation or removal of utility facilities required by state construction contracts which are advertised for bids by the department after June 30, 1959. [1984 c 7 § 235; 1961 c 13 § 47.44.031. Prior: 1959 c 330 § 3.]

**Severability—1984 c 7:** See note following RCW 47.01.141.

**47.44.040 Franchises across joint bridges.** Whenever any bridge exists on the route of any state highway and crosses any stream, body of water, gulch, navigable water, swamp, or other topographical formation constituting the boundary of this state or the boundary of a county, city, or town of this state and the bridge is owned or operated by this state jointly with any such county, city, or town, or with any municipal corporation of this state, or with such other state or with any county, city, or town of such other state, the department is empowered to join with the proper officials of the county, city, or town, or the municipal corporation of this state or of such other state or of such county, city, or town of such other state in granting franchises to persons or private or municipal corporations for the construction and maintenance on the bridge of water pipes, flumes, gas pipes, telephone, telegraph, and electric light and power lines and conduits, trams and railways, and any structures or facilities that are part of an urban public transportation system owned or operated by a municipal corporation, agency, or department of the state of Washington other than the department, or any other such facilities. All such franchises shall be granted in the same manner as provided for the granting of like franchises on state highways. Any revenue accruing to the state of Washington from the franchises shall be paid to the state treasurer and deposited to the credit of the fund from which this state’s share of the cost of joint operation of the bridge is paid. [1984 c 7 § 236; 1967 c 108 § 8; 1961 c 13 § 47.44.040. Prior: 1937 c 53 § 86; RRS § 6400-86.]

**Severability—1984 c 7:** See note following RCW 47.01.141.

**Urban public transportation system defined:** RCW 47.04.082.

**47.44.050 Permit for short distances.** (1) The department may grant a permit to construct or maintain on,
over, across, or along any state highway any water, gas, telephone, telegraph, light, power, or other such facilities when they do not extend along the state highway for a distance greater than three hundred feet. The department may require such information as it deems necessary in the application for any such permit, and may grant or withhold the permit within its discretion. Any permit granted may be canceled at any time, and any facilities remaining upon the right of way of the state highway after thirty days written notice of the cancellation are an unlawful obstruction and may be removed in the manner provided by law.

(2) The holder of a permit granted under this section is financially responsible to the department for trenching work not completed within the period of the permit and for compensating for the loss of useful pavement life caused by trenching. In the case of common trenching operations, liability under this subsection will be assessed equally between the permit holders. The assessed parties may thereafter pursue claims of contribution or indemnity in accord with such fault as may be determined by arbitration or other legal action. [2001 c 201 § 7; 1984 c 7 § 237; 1961 c 13 § 47.44.050. Prior: 1943 c 265 § 3; 1937 c 53 § 87; Rem. Supp. 1943 § 6400-87.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.44.060 Penalties. (1) Any person, firm, or corporation who constructs or maintains on, over, across, or along any state highway any water pipe, flume, gas pipe, telegraph, telephone, electric light, or power lines, or tram or railway, or any other such facilities, without having first obtained and having at all times in full force and effect a franchise or permit to do so in the manner provided by law is guilty of a misdemeanor. Each day of violation is a separate and distinct offense.

(2) Any person, firm, or corporation who constructs or maintains on, over, across, or along any state highway any water pipe, flume, gas pipe, telegraph, telephone, electric light or power lines, or tram or railway, or any other such facilities, without having first obtained and having at all times in full force and effect a franchise or permit to do so in the manner provided by law is liable for a civil penalty of one hundred dollars per calendar day beginning forty-five days from the date notice is given and until application is made for a franchise or permit or until the facility is removed as required by notice. The state shall give notice by certified mail that a franchise or permit is required or the facility must be removed and shall include in the notice sufficient information to identify the portion of right of way in question. Notice is effective upon delivery.

(3) If a person, firm or corporation does not apply for a permit or franchise within forty-five days of notice given in accordance with subsection (2) of this section or the state determines that the facility constructed or maintained without a permit or franchise would not be granted a permit or franchise, the state may order the facility to be removed within such time period as the state may specify. If the facility is not removed, the state, in addition to any other remedy, may remove the facility at the expense of the owner. [1989 c 196 § 1.]

47.44.070 Franchises to use toll facility property. See RCW 47.56.256.

47.44.150 Measure of damages. In any action for damages against the state of Washington, its agents, contractors, or employees by reason of damages to a utility or other facility located on a state highway, the damages are limited to the cost of repair of the utility or facility and are recoverable only in those instances where the utility or facility is authorized to be located on the state highway. However, the state is subject to the penalties provided in RCW 19.122.070 (1) and (2) only if the state has failed to give a notice meeting the requirements of RCW 19.122.030 to utilities or facilities that are authorized to be located on the state highway. 47.46.010 Finding. The legislature finds and declares: It is essential for the economic, social, and environmental well-being of the state and the maintenance of a high quality of life that the people of the state have an efficient transportation system.

The ability of the state to provide an efficient transportation system will be enhanced by a public-private sector program providing for private entities to undertake all or a portion of the study, planning, design, development, financing, acquisition, installation, construction or improvement, operation, and maintenance of transportation systems and facility projects.

A public-private initiatives program will provide benefits to both the public and private sectors. Public-private initiatives provide a sound economic investment opportunity for the private sector. Such initiatives will provide the state with increased access to property development and project opportunities, financial and development expertise, and will supplement state transportation revenues, allowing the state to use its limited resources for other needed projects. [Title 47 RCW—page 149]
The public-private initiatives program, to the fullest extent possible, should encourage and promote business and employment opportunities for Washington state citizens.

The public-private initiatives program shall be implemented in cooperation, consultation, and with the support of the affected communities and local jurisdictions.

The secretary of transportation should be permitted and encouraged to test the feasibility of building privately funded transportation systems and facilities or segments thereof through the use of innovative agreements with the private sector. The secretary of transportation should be vested with the authority to solicit, evaluate, negotiate, and administer public-private agreements with the private sector relating to the planning, construction, upgrading, or reconstruction of transportation systems and facilities.

Agreements negotiated under a public-private initiatives program will not bestow on private entities an immediate right to construct and operate the proposed transportation facilities. Rather, agreements will grant to private entities the opportunity to design the proposed facilities, demonstrate public support for proposed facilities, and complete the planning processes required in order to obtain a future decision by the department of transportation and other state and local lead agencies on whether the facilities should be permitted and built.

Agreements negotiated under the public-private initiatives program should establish the conditions under which the private developer may secure the approval necessary to develop and operate the proposed transportation facilities; create a framework to attract the private capital necessary to finance their development; ensure that the transportation facilities will be designed, constructed, and operated in accordance with applicable local, regional, state, and federal laws and the applicable standards and policies of the department of transportation; and require a demonstration that the proposed transportation facility has the support of the affected communities and local jurisdictions.

The legislature finds that the Puget Sound congestion pricing project, selected under this chapter, raises major transportation policy, economic, and equity concerns. These relate to the integrity of the state’s high-occupancy vehicle program; the cost-effective movement of freight and goods; the diversion of traffic to local streets and arterials; and possible financial hardship to commuters. The legislature further finds that these potential economic and social impacts require comprehensive legislative review prior to advancement of the project and directs that the secretary not proceed with the implementation of the project without prior approval of the legislature.

The department of transportation should be encouraged to take advantage of new opportunities provided by federal legislation under section 1012 of the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA). That section establishes a new program authorizing federal participation in construction or improvement or improvement of publicly or privately owned toll roads, bridges, and tunnels, and allows states to leverage available federal funds as a means for attracting private sector capital. [1995 2nd sp.s. c 19 § 1; 1993 c 370 § 1.]

Effective date—1995 2nd sp.s. c 19: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [June 16, 1995].” [1995 2nd sp.s. c 19 § 5.]

47.46.011 Finding—Intent—2002 c 114. The legislature finds that greater flexibility to provide state financing for projects developed under chapter 47.46 RCW will result in better use of public resources, lower financing costs, and potential savings to taxpayers. The legislature intends: Clarify the ability of the department of transportation to use public and private financing for projects selected and developed under chapter 47.46 RCW; provide the department with specific means of state financing where that financing is in the public’s best interest; provide citizens living in the impacted areas a statutory mechanism to review proposed toll rates and provide input before adoption of toll schedules by the toll authority; and prevent unreasonable delay of critical transportation projects that are essential for public safety and welfare. [2002 c 114 § 1.]

Captions not law—2002 c 114: “Captions used in this act do not constitute any part of the law.” [2002 c 114 § 26.]

47.46.020 Definition. As used in this chapter, "transportation systems and facilities" means capital-related improvements and additions to the state’s transportation infrastructure, including but not limited to highways, roads, bridges, vehicles, and equipment, marine-related facilities, vehicles, and equipment, park and ride lots, transit stations and equipment, transportation management systems, and other transportation-related investments. [1993 c 370 § 2.]

47.46.030 Demonstration projects—Selection—Public involvement. (1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the
associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration. Forty-five days after the submission to the legislative transportation committee of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (12) and (13) of this section, the department shall require an advisory vote as provided under subsections (5) through (10) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (12) and (13) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days
after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 29.01.120.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(9) The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.

(10) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter’s pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29.13.020 that is at least sixty days but, if authorized under RCW 29.13.020, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(11) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(12) Subsections (5) through (10) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(13) Subsections (5) through (10) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection. 47.46.040 Demonstration projects—Terms of agreements—Public participation. (1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department’s standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and
opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity’s transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project’s viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the legislative transportation committee and local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public. [2002 c 114 § 16, 2001 c 64 § 14; 1995 2nd sp.s. c 19 § 3; 1993 c 370 § 4.]

47.46.050  Financial arrangements. (1) The department may enter into agreements using federal, state, and local financing in connection with the projects, including without limitation, grants, loans, and other measures authorized by section 1012 of ISTEA, and to do such things as necessary and desirable to maximize the funding and financing, including the formation of a revolving loan fund to implement this section.

(2) Agreements entered into under this section may authorize the private entity to lease the facilities within a designated area or areas from the state and to impose user fees or tolls within the designated area to allow a reasonable rate of return on investment, as established through a
negotiated agreement between the state and the private entity. The negotiated agreement shall determine a maximum development fee and, where appropriate, a maximum rate of return on investment, based on project and financing characteristics. If the negotiated rate of return on investment or development fee is not affected, the private entity may establish and modify toll rates and user fees.

(3) Agreements that include a maximum rate of return may establish "incentive" rates of return beyond the negotiated maximum rate of return on investment. The incentive rates of return shall be designed to provide financial benefits to the affected public jurisdictions and the private entity, given the attainment of various safety, performance, or transportation demand management goals. The incentive rates of return shall be negotiated in the agreement.

(4) Agreements shall require that over the term of the ownership or lease the user fees or toll revenues be applied only to payment of:

(a) The capital outlay costs for the project, including the costs associated with planning, design, development, financing, construction, improvement, operations, toll collection, maintenance, and administration of the project;

(b) The reimbursement to the state for all costs associated with an election as required under RCW 47.46.030, the costs of project review and oversight, and technical and law enforcement services;

(c) The establishment of a fund to assure the adequacy of maintenance expenditures; and

(d) A reasonable return on investment to the private entity. A negotiated agreement shall not extend the term of the ownership or lease beyond the period of time required for payment of the private entity’s capital outlay costs for the project under this subsection. 47.46.060 Deferral of taxes—Application—Repayment. (1) Any person, including the department of transportation and any private entity or entities, may apply for deferral of taxes on the site preparation for, the construction of, the acquisition of any related machinery and equipment which will become a part of, and the rental of equipment for use in the state route number 16 corridor improvements project under this chapter. Application shall be made to the department of revenue in a form and manner prescribed by the department of revenue. The application shall contain information regarding estimated or actual costs, time schedules for completion and operation, and other information required by the department of revenue. The department of revenue shall approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on the project.

(3) The department of transportation or a private entity granted a tax deferral under this section shall begin paying the deferred taxes in the fifth year after the date certified by the department of revenue as the date on which the project is operationally complete. The first payment is due on December 31st of the fifth calendar year after such certified date, with subsequent annual payments due on December 31st of the following nine years. Each payment shall equal ten percent of the deferred tax. The project is operationally complete under this section when the collection of tolls is commenced for the state route number 16 improvements covered by the deferral.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of the department of transportation or a private entity granted a deferral under this section.

(5) Interest shall not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of the private entity. Transfer of ownership does not terminate the deferral.

(6) Applications and any other information received by the department of revenue under this section are not confidential and are subject to disclosure. Chapter 82.32 RCW applies to the administration of this section. [2002 c 114 § 18; 1998 c 179 § 4.]

47.46.070 Use of state bonds on certain projects. (1) To the extent that the legislature specifically appropriates funding for a project developed under this chapter using the proceeds of bonds issued by the state, an agreement for the design or construction of the project entered into by the secretary must incorporate provisions that are consistent with the use of the state financing provided by the appropriation.

(2) The secretary shall amend existing agreements or execute new agreements to comply with subsection (1) of this section.

(3) If the secretary is unable to reach agreement with other parties on contractual provisions providing for state financing, the secretary shall not enter into an agreement, or shall take no action with respect to an agreement, or shall exercise termination provisions, whichever option in the secretary’s determination will result in the lowest net cost to the state. 47.46.080 State toll facilities authorized for projects. The department may provide for the establishment and construction of state toll bridge facilities upon any public highways of this state together with approaches to them under agreements entered into under this chapter to develop such facilities. A state toll bridge facility authorized under this section includes, but is not limited to, the construction of an additional toll bridge, including approaches, adjacent to and within two miles of an existing bridge, the imposition of tolls on both bridges, and the operation of both bridges as one toll facility. [2002 c 114 § 5.]
47.46.090 Citizen advisory committee—Tolls. (1) A citizen advisory committee must be created for any project developed under this chapter that imposes toll charges for use of a transportation facility. The governor shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area, as that term is used in RCW 47.46.030.

(2) The citizen advisory committee shall serve in an advisory capacity to the commission on all matters related to the imposition of tolls. Members of the committee shall serve without compensation.

(3) No toll charge may be imposed or modified unless the citizen advisory committee has been given at least twenty days to review and comment on any proposed toll charge schedule. In setting toll rates, the commission shall give consideration to any recommendations of the citizen advisory committee. [2002 c 114 § 6.]

47.46.100 Tolls—Setting—Lien on. (1) The commission shall fix the rates of toll and other charges for all toll bridges built under this chapter that are financed primarily by bonds issued by the state. Subject to RCW 47.46.090, the commission may impose and modify toll charges from time to time as conditions warrant.

(2) In establishing toll charges, the commission shall give due consideration to any required costs for operating and maintaining the toll bridge or toll bridges, including the cost of insurance, and to any amount required by law to meet the redemption of bonds and interest payments on them.

(3) The toll charges must be imposed in amounts sufficient to:

(a) Provide annual revenue sufficient to provide for annual operating and maintenance expenses, except as provided in RCW 47.56.245;

(b) Make payments required under RCW 47.56.165 and 47.46.140, including insurance costs and the payment of principal and interest on bonds issued for any particular toll bridge or toll bridges; and

(c) Repay the motor vehicle fund under RCW 47.46.110, 47.56.165, and 47.46.140.

(4) The bond principal and interest payments, including repayment of the motor vehicle fund for amounts transferred from that fund to provide for such principal and interest payments, constitute a first direct and exclusive charge and lien on all tolls and other revenues from the toll bridge concerned, subject to operating and maintenance expenses. [2002 c 114 § 7.]

(b) Obligations incurred in constructing that facility have been fully paid; and

(c) The motor vehicle fund is fully repaid under RCW 47.46.140.

(2) This section does not:

(a) Prohibit the use of toll revenues to fund maintenance, operations, or management of facilities constructed under this chapter except as prohibited by RCW 47.56.245;

(b) Require repayment of funds specifically appropriated as a nonreimbursable state financial contribution to a project.

(3) Notwithstanding the provisions of subsection (2)(a) of this section, upon satisfaction of the conditions enumerated in subsection (1) of this section:

(a) The facility must be operated as a toll-free facility; and

(b) The operation, maintenance, upkeep, and repair of the facility must be paid from funds appropriated for the use of the department for the construction and maintenance of the primary state highways of the state of Washington. [2002 c 114 § 8.]

Those proceeds must be expended only for the purposes enumerated in this chapter, for payment of the expense incurred in the issuance and sale of any such bonds, and to repay the motor vehicle fund for any sums advanced to pay the cost of surveys, location, design, development, right-of-way, and other activities related to the financing and construction of the bridge and its approaches. 47.46.140 Repayment of motor vehicle fund from toll charges. Toll charges must remain on any facility financed by bonds issued by the state for a length of time necessary to repay the motor vehicle fund for any amounts expended from that fund for the design, development, right-of-way, financing, construction, maintenance, repair, or operation of the toll
facility or for amounts transferred from the motor vehicle fund to the highway bond retirement fund under RCW 47.10.847 to provide for bond retirement and interest on bonds issued for the Tacoma Narrows public-private initiative project. If a proposal is or has been selected for the design, development, construction, maintenance, or operation of transportation systems or facilities under this chapter, subsequent agreements may be made to implement portions of the proposal that modify the proposal or that do not incorporate all the features of the proposal. Any such modified agreement does not require the solicitation or consideration of additional proposals for all or any portion of the services rendered under that modified agreement. Modified agreements may provide for the reimbursement of expenses and fees incurred under earlier agreements. [2002 c 114 § 13.]

47.48.010 Closure or restriction authorized—Restriction for urban public transportation system use. Whenever the condition of any state highway, county road, or city street, either newly or previously constructed, altered, repaired, or improved, or any part thereof is such that for any reason its unrestricted use or continued use by vehicles or by any class of vehicles will greatly damage that state highway, county road, or city street, or will be dangerous to traffic, or it is being constructed, altered, repaired, improved, or maintained in such a manner as to require that use of the state highway, county road, or city street, as the case may be, be closed or restricted as to all vehicles or any class of vehicles for any period of time, the secretary, if it is a state highway, the county legislative authority, if it is a county road, or the governing body of any city or town, if it is a city street, is authorized to close the state highway, county road, or city street, as the case may be, to travel by all vehicles or by any class of vehicles, or may declare a lower maximum speed for any class of vehicles, for such a definite period as it shall determine. Nothing in the law of this state prevents the secretary, county legislative authority, or governing body of any city or town from classifying vehicles according to gross weight, axle weight, height, width, length, braking area, performance, vehicle combinations, or tire equipment for the purposes of this section, or from restricting the use of any portion of any state highway, county road, or city street, as the case may be, to its use by an urban public transportation system. thereof may be closed sooner than three days after the
publication and the posting of the notice herein provided for:
PROVIDED, HOWEVER, That in cases of emergency or

47.48.031 Emergency closures by state patrol. (1) Whenever the chief or another officer of the state patrol
determines on the basis of a traffic investigation that an
emergency exists or less than safe road conditions exist due
to human-caused or natural disasters or extreme weather
conditions upon any state highway, or any part thereof, state
patrol officers may determine and declare closures and
temporarily reroute traffic from any such affected highway.

(2) Any alteration of vehicular traffic on any state
highway due to closure in emergency conditions is effective
until such alteration has been approved or altered by the
secretary of transportation or other department of
transportation authorities in their local respective jurisdic-
tions.

(3) All state highway closures by officers of the state

closing or reduced speed limit shall be guilty of a misde-
meanor, and shall in addition to any penalty for violation of
the provisions of this section, be liable in any civil action
instituted in the name of the state of Washington or the
county or city or town having jurisdiction for any damages
occasioned to such state highway, county road, or city street,
as the case may be, as the result of disregarding such closing
or reduced speed limit. [1977 ex.s. c 216 § 3; 1961 c 13 §

other officer of the Washington state patrol may prohibit the
transportation of placarded radioactive or hazardous cargo
over the highways of the state, or a portion thereof, if
weather or other conditions create a substantial risk to public
safety. For the purposes of this section hazardous cargo
shall mean hazardous materials as defined in RCW

HIGHWAY ACCESS MANAGEMENT

47.50.010 Findings—Access. (1) The legislature finds that:
(a) Regulation of access to the state highway system is
necessary in order to protect the public health, safety, and
welfare, to preserve the functional integrity of the state
highway system, and to promote the safe and efficient
movement of people and goods within the state;
(b) The development of an access management program,
in accordance with this chapter, which coordinates land use
planning decisions by local governments and investments in
the state highway system, will serve to control the prolifera-
tion of connections and other access approaches to and from
the state highway system. Without such a program, the
health, safety, and welfare of the residents of this state are
at risk, due to the fact that uncontrolled access to the state
highway system is a significant contributing factor to the
congestion and functional deterioration of the system; and
(c) The development of an access management program
in accordance with this chapter will enhance the develop-
ment of an effective transportation system and increase the
traffic-carrying capacity of the state highway system and
thereby reduce the incidences of traffic accidents, personal
injury; and property damage or loss; mitigate environmental
degradation; promote sound economic growth and the growth
management goals of the state; reduce highway maintenance
costs and the necessity for costly traffic operations measures;
lengthen the effective life of transportation facilities in the
state, thus preserving the public investment in such facilities;
and shorten response time for emergency vehicles.
(2) In furtherance of these findings, all state highways
are hereby declared to be controlled access facilities as
defined in RCW 47.50.020, except those highways that are
defined as limited access facilities in chapter 47.52 RCW.
(3) It is the policy of the legislature that:
(a) The access rights of an owner of property abutting the state highway system are subordinate to the public’s right and interest in a safe and efficient highway system; and

(b) Every owner of property which abuts a state highway has a right to reasonable access to that highway, unless such access has been acquired pursuant to chapter 47.52 RCW, but may not have the right of a particular means of access. The right of access to the state highway may be restricted if, pursuant to local regulation, reasonable access can be provided to another public road which abuts the property.

(4) The legislature declares that it is the purpose of this chapter to provide a coordinated planning process for the permitting of access points on the state highway system to effectuate the findings and policies under this section.

(5) Nothing in this chapter shall affect the right to full compensation under section 16, Article I of the state Constitution. [1991 c 202 § 1.]

47.50.020 Definitions—Access. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled access facility" means a transportation facility to which access is regulated by the governmental entity having jurisdiction over the facility. Owners or occupants of abutting lands and other persons have a right of access to or from such facility at such points only and in such manner as may be determined by the governmental entity.

(2) "Connection" means approaches, driveways, turnouts, or other means of providing for the right of access to or from controlled access facilities on the state highway system.

(3) "Permitting authority" means the department for connections in unincorporated areas or a city or town within incorporated areas which are authorized to regulate access to state highways pursuant to chapter 47.24 RCW. [1991 c 202 § 2.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.030 Regulating connections. (1) Vehicular access and connections to or from the state highway system shall be regulated by the permitting authority in accordance with the provisions of this chapter in order to protect the public health, safety, and welfare.

(2) The department shall by July 1, 1992, adopt administrative procedures pursuant to chapter 34.05 RCW which establish state highway access standards and rules for its issuance and modification of access permits, closing of unpermitted connections, revocation of permits, and waiver provisions in accordance with this chapter. The department shall consult with the association of Washington cities and obtain concurrence of the city design standards committee as established by RCW 35.78.030 in the development and adoption of rules for access standards for city streets designated as state highways under chapter 47.24 RCW.

(3) Cities and towns shall, no later than July 1, 1993, adopt standards for access permitting on streets designated as state highways which meet or exceed the department’s standards, provided that such standards may not be inconsistent with standards adopted by the department. [1991 c 202 § 3.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.040 Access permits. (1) No connection to a state highway shall be constructed or altered without obtaining an access permit in accordance with this chapter in advance of such action. A permitting authority has the authority to deny access to the state highway system at the location specified in the permit until the permittee constructs or alters the connection in accordance with the permit requirements.

(2) The cost of construction or alteration of a connection shall be borne by the permittee, except for alterations which are not required by law or administrative rule, but are made at the request of and for the convenience of the permitting authority. The permittee, however, shall bear the cost of alteration of any connection which is required by the permitting authority due to increased or altered traffic flows generated by changes in the permittee’s facilities or nature of business conducted at the location specified in the permit.

(3) Except as otherwise provided in this chapter, an unpermitted connection is subject to closure by the appropriate permitting authority which shall have the right to install barriers across or remove the connection. When the permitting authority determines that a connection is unpermitted and subject to closure, it shall provide reasonable notice of its impending action to the owner of property served by the connection. The permitting authority’s procedures for providing notice and preventing the operation of unpermitted connections shall be adopted by rule. [1991 c 202 § 4.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.050 Permit fee. The department shall establish by rule a schedule of fees for permit applications made to the department. The fee shall be nonrefundable and shall be used only to offset the costs of administering the access permit review process and the costs associated with administering the provisions of this chapter. [1991 c 202 § 5.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.060 Permit review process. The review process for access permit applications made by the department shall be as follows: Any person seeking an access permit shall file an application with the department. The department by rule shall establish application form and content requirements. The fee required by RCW 47.50.050 must accompany the applications. [1991 c 202 § 6.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.
47.50.070  Permit conditions. The permitting authority may issue a permit subject to any conditions necessary to carry out the provisions of this chapter, including, but not limited to, requiring the use of a joint-use connection. The permitting authority may revoke a permit if the applicant fails to comply with the conditions upon which the issuance of the permit was predicated. [1991 c 202 § 7.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.080  Permit removal. (1) Unpermitted connections to the state highway system in existence on July 1, 1990, shall not require the issuance of a permit and may continue to provide access to the state highway system, unless the permitting authority determines that such a connection does not meet minimum acceptable standards of highway safety. However, a permitting authority may require that a permit be obtained for such a connection if a significant change occurs in the use, design, or traffic flow of the connection or of the state highway to which it provides access. If a permit is not obtained, the connection may be closed pursuant to RCW 47.50.040.

(2) Access permits granted prior to adoption of the permitting authorities’ standards shall remain valid until modified or revoked. Access connections to state highways identified on plats and subdivisions approved prior to July 1, 1991, shall be deemed to be permitted pursuant to chapter 202, Laws of 1991. The permitting authority may, after written notification, under rules adopted in accordance with RCW 47.50.030, modify or revoke an access permit granted prior to adoption of the standards by requiring relocation, alteration, or closure of the connection if a significant change occurs in the use, design, or traffic flow of the connection.

(3) The permitting authority may issue a nonconforming access permit after finding that to deny an access permit would leave the property without a reasonable means of access to the public roads of this state. Every nonconforming access permit shall specify limits on the maximum vehicular use of the connection and shall be conditioned on the availability of future alternative means of access for which access permits can be obtained. [1991 c 202 § 8.]

Captions not law—Effective date—Severability—1991 c 202: See notes following RCW 47.50.010.

47.50.090  Access management standards. (1) The department shall develop, adopt, and maintain an access control classification system for all routes on the state highway system, the purpose of which shall be to provide for the implementation and continuing applications of the provision of this chapter.

(2) The principal component of the access control classification system shall be access management standards, the purpose of which shall be to provide specific minimum standards to be adhered to in the planning for and approval of access to state highways.

(3) The control classification system shall be developed consistent with the following:

(a) The department shall, no later than January 1, 1993, adopt rules setting forth procedures governing the implementation of the access control classification system required by this chapter. The rule shall provide for input from the entities described in (b) of this subsection as well as for public meetings to discuss the access control classification system. Nothing in this chapter shall affect the validity of the department’s existing or subsequently adopted rules concerning access to the state highway system. Such rules shall remain in effect until repealed or replaced by the rules required by this chapter.

(b) The access control classification system shall be developed in cooperation with counties, cities and towns, the department of community, trade, and economic development, regional transportation planning organizations, and other local governmental entities, and for city streets designated as state highways pursuant to chapter 47.24 RCW, adopted with the concurrence of the city design standards committee.

(c) The rule required by this section shall provide that assignment of a road segment to a specific access category be made in consideration of the following criteria:

(i) Local land use plans and zoning, as set forth in comprehensive plans;
(ii) The current functional classification as well as potential future functional classification of each road on the state highway system;
(iii) Existing and projected traffic volumes;
(iv) Existing and projected state, local, and metropolitan planning organization transportation plans and needs;
(v) Drainage requirements;
(vi) The character of lands adjoining the highway;
(vii) The type and volume of traffic requiring access;
(viii) Other operational aspects of access;
(ix) The availability of reasonable access by way of county roads and city streets to a state highway; and
(x) The cumulative effect of existing and projected connections on the state highway system’s ability to provide for the safe and efficient movement of people and goods within the state.

(d) Access management standards shall include, but not be limited to, connection location standards, safety factors, design and construction standards, desired levels of service, traffic control devices, and effective maintenance of the roads. The standards shall also contain minimum requirements for the spacing of connections, intersecting streets, roads, and highways.

(e) An access control category shall be assigned to each segment of the state highway system by July 1, 1993. [1995 c 399 § 124; 1991 c 202 § 9.]

Speed limits on limited access facilities: RCW 46.61.430.

47.52.001 Declaration of policy. Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed. It is the declared policy of this state to limit access to the highway facilities of this state in the interest of highway safety and for the preservation of the investment of the public in such facilities. [1961 c 13 § 47.52.001. Prior: 1951 c 167 § 1.]

47.52.010 "Limited access facility" defined. For the purposes of this chapter, a "limited access facility" is defined as a highway or street especially designed or designated for through traffic, and over, from, or to which owners or occupants of abutting land, or other persons, have no right or easement, or only a limited right or easement of access, light, air, or view by reason of the fact that their property abuts upon such limited access facility, or for any other reason to accomplish the purpose of a limited access facility. Such highways or streets may be parkways, from which vehicles forming part of an urban public transportation system, trucks, buses, or other commercial vehicles may be excluded; or they may be freeways open to use by all customary forms of street and highway traffic, including vehicles forming a part of an urban public transportation system. [1967 c 108 § 10; 1961 c 13 § 47.52.010. Prior: 1951 c 167 § 2; 1947 c 202 § 1; Rem. Supp. 1947 § 6402-60.]

Urban public transportation system defined: RCW 47.04.082.

47.52.011 "Existing highway" defined. For the purposes of this chapter, the term "existing highway" shall include all highways, roads and streets duly established, constructed, and in use. It shall not include new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated. [1961 c 13 § 47.52.011. Prior: 1951 c 167 § 3.]

47.52.020 Powers of highway authorities—State facility, county road crossings. The highway authorities of the state, counties, and incorporated cities and towns, acting alone or in cooperation with each other, or with any federal, state, or local agency, or any other state having authority to participate in the construction and maintenance of highways, may plan, designate, establish, regulate, vacate, alter, improve, construct, maintain, and provide limited access facilities for public use wherever the authority or authorities are of the opinion that traffic conditions, present or future, will justify the special facilities. However, upon county roads within counties, the state or county authorities are subject to the consent of the county legislative authority, except that where a state limited access facility crosses a county road the department may, without the consent of the county legislative authority, close off the county road so that it will not intersect such limited access facility.

The department may, in constructing or relocating any state highway, cross any county road at grade without obtaining the consent of the county legislative authority, and in so doing may revise the alignment of the county road to the extent that the department finds necessary for reasons of traffic safety or practical engineering considerations. [1984 c 7 § 239; 1961 c 13 § 47.52.020. Prior: 1957 c 235 § 2; prior: 1953 c 30 § 1; 1951 c 167 § 4; 1947 c 202 § 2, part; Rem. Supp. 1947 § 6402-61, part.]
Severability—1984 c 7: See note following RCW 47.01.141.

47.52.025 Additional powers—Controlling use of limited access facilities—High-occupancy vehicle lanes. Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of public transportation vehicles, privately owned buses, or private motor vehicles carrying not less than a specified number of passengers when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy

High-occupancy vehicle lanes: RCW 46.61.165.

47.52.026 Rules—Control of vehicles entering—Ramp closure, metering, or restrictions—Notice. (1) The department may adopt rules for the control of vehicles entering any state limited access highway as it deems necessary (a) for the efficient or safe flow of traffic traveling upon any part of the highway or connections with it or (b) to avoid exceeding federal, state, or regional air pollution standards either along the highway corridor or within an urban area served by the highway.

(2) Rules adopted by the department pursuant to subsection (1) of this section may provide for the closure of highway ramps or the metering of vehicles entering highway ramps or the restriction of certain classes of vehicles entering highway ramps (including vehicles with less than a specified number of passengers), and any such restrictions may vary at different times as necessary to achieve the purposes mentioned in subsection (1) of this section.

(3) Vehicle restrictions authorized by rules adopted pursuant to this section are effective when proper notice is given by any police officer, or by appropriate signals, signs, or other traffic control devices. [1984 c 7 § 240; 1974 ex.s. c 133 § 3.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.52.027 Standards and rules for interstate and defense highways—Construction, maintenance, access. The secretary of transportation may adopt design standards, rules, and regulations relating to construction, maintenance, and control of access of the national system of interstate and defense highways within this state as it deems advisable to properly control access thereto, to preserve the traffic-carrying capacity of such highways, and to provide a maximum degree of safety to users thereof. In adopting such standards, rules, and regulations the secretary shall take into account the policies, rules, and regulations of the United States secretary of commerce and the federal highway administration relating to the construction, maintenance, and operation of the system of interstate and defense highways. The standards, rules, and regulations so adopted by the secretary shall constitute the public policy of this state and shall have the force and effect of law. [1977 ex.s. c 151 § 62; 1961 c 13 § 47.52.027. Prior: 1959 c 319 § 35. Formerly RCW 47.28.160.]

Nonmotorized traffic may be prohibited: RCW 46.61.160.

47.52.040 Design—Entrance and exit restricted—Closure of intersecting roads. The highway authorities of the state, counties and incorporated cities and towns may so design any limited access facility and so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended; and the determination of design by such authority shall be conclusive and final. In this connection such highway authorities may divide and separate any limited access facility into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and the proper lane for such traffic by appropriate signs, markers, stripes and other devices. No person shall have any right of ingress or egress to, from, or across limited access facilities to or from abutting lands, except at designated points at which access may be permitted by the highway authorities upon such terms and conditions as may be specified from time to time: PROVIDED, That any intersecting streets, roads or highways, not made a part of such facility, shall be deemed closed at the right of way line by the designation and construction of said facility and without the consent of any other party or the necessity of any other legal proceeding for such closing, notwithstanding any laws to the contrary. [1961 c 13 § 47.52.040. Prior: 1955 c 75 § 3; 1947 c 202 § 3; Rem. Supp. 1947 § 6402-62.]

47.52.041 Closure of intersecting roads—Rights of abutters. No person, firm or corporation, private or municipal, shall have any claim against the state, city or county by reason of the closing of such streets, roads or highways as long as access still exists or is provided to such property abutting upon the closed streets, roads or highways. Circuity of travel shall not be a compensable item of damage. [1961 c 13 § 47.52.041. Prior: 1955 c 75 § 2.]

47.52.042 Closure of intersecting roads—Other provisions not affected. RCW 47.52.040 and 47.52.041 shall not be construed to affect provisions for establishment, notice, hearing and court review of any decision establishing a limited access facility on an existing highway pursuant to chapter 47.52 RCW. [1961 c 13 § 47.52.042. Prior: 1955 c 75 § 3.]

47.52.050 Acquisition of property. (1) For the purpose of this chapter the highway authorities of the state, counties and incorporated cities and towns, respectively, or in cooperation one with the other, may acquire private or public property and property rights for limited access facilities and service roads, including rights of access, air, view and light, by gift, devise, purchase, or condemnation, in the same manner as such authorities are now or hereafter may be authorized by law to acquire property or property rights in connection with highways and streets within their respective jurisdictions. Except as otherwise provided in subsection (2) of this section all property rights acquired under the provisions of this chapter shall be in fee simple. In the acquisition of property or property rights for any limited access facility or portion thereof, or for any service road in connection therewith, the state, county, incorporated city and town authority may, in its discretion, acquire an entire lot, block or tract of land, if by so doing the interest of the public will be best served, even though said entire lot, block or tract is not immediately needed for the limited access facility.

(2) The highway authorities of the state, counties, and incorporated cities and towns may acquire by gift, devise, purchase, or condemnation a three dimensional air space corridor in fee simple over or below the surface of the
ground, together with such other property in fee simple and other property rights as are needed for the construction and operation of a limited access highway facility, but only if the acquiring authority finds that the proposal will not:

(a) impair traffic safety on the highway or interfere with the free flow of traffic; or

(b) permit occupancy or use of the air space above or below the highway which is hazardous to the operation of the highway. [1971 ex.s. c 39 § 1; 1961 c 13 § 47.52.050. Prior: 1947 c 202 § 4; Rem. Supp. 1947 § 6402-63.]

Award of costs in air space corridor acquisitions: RCW 8.25.073.

Right of way donations: Chapter 47.14 RCW.

47.52.060 Court process expedited. Court proceedings necessary to acquire property or property rights for purposes of this chapter shall take precedence over all other causes not involving the public interest in all courts to the end that the provision for limited access facilities may be expedited. [1961 c 13 § 47.52.060. Prior: 1947 c 202 § 5; Rem. Supp. 1947 § 6402-64.]

47.52.070 Establishment of facility—Grade separation—Service roads. The designation or establishment of a limited access facility shall, by the authority making the designation or establishment, be entered upon the records or minutes of such authority in the customary manner for the keeping of such records or minutes. The state, counties, and incorporated cities and towns may provide for the elimination of intersections at grade of limited access facilities with existing state or county roads, and with city or town streets, by grade separation or service road, or by closing off such roads and streets at the right of way boundary line of such limited access facility; and after the establishment of any such facility, no highway or street which is not part of said facility, shall intersect the same at grade. No city or town street, county road, or state highway, or any other public or private way, shall be opened into or connect with any such limited access facility without the consent and previous approval of the highway authority of the state, county, incorporated city or town having jurisdiction over such limited access facility. Such consent and approval shall be given only if the public interest shall be served thereby. [1961 c 13 § 47.52.070. Prior: 1951 c 167 § 10; 1947 c 202 § 6; Rem. Supp. 1947 § 6402-65.]

47.52.080 Abutter's right of access protected—Compensation. No existing public highway, road, or street shall be constructed as a limited access facility except upon the waiver, purchase, or condemnation of the abutting owner's right of access thereto as herein provided. In cases involving existing highways, if the abutting property is used for business at the time the notice is given as provided in RCW 47.52.133, the owner of such property shall be entitled to compensation for the loss of adequate ingress to or egress from such property as business property in its existing condition at the time of the notice provided in RCW 47.52.133 as for the taking or damaging of property for public use. [1983 c 3 § 127; 1961 c 13 § 47.52.080. Prior: 1955 c 54 § 2; 1951 c 167 § 11; 1947 c 202 § 7; Rem. Supp. 1947 § 6402-66.]

47.52.090 Cooperative agreements—Urban public transportation systems—Title to highway—Traffic regulations—Underground utilities and overcrossings—Passenger transportation—Storm sewers—City street crossings. The highway authorities of the state, counties, incorporated cities and towns, and municipal corporations owning or operating an urban public transportation system are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, construction, maintenance, use, regulation, or vacation of limited access facilities in their respective jurisdictions to facilitate the purposes of this chapter. Any such agreement may provide for the exclusive or nonexclusive use of a portion of the facility by street cars, trains, or other vehicles forming a part of an urban public transportation system and for the erection, construction, and maintenance of structures and facilities of such a system including facilities for the receipt and discharge of passengers. Within incorporated cities and towns the title to every state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over the highway from the time it is declared to be operational as a limited access facility by the department, subject to the following provisions:

(1) Cities and towns shall regulate all traffic restrictions on such facilities except as provided in RCW 46.61.430, and all regulations adopted are subject to approval of the department before becoming effective. Nothing herein precludes the state patrol or any county, city, or town from enforcing any traffic regulations and restrictions prescribed by state law, county resolution, or municipal ordinance.

(2) The city, town, or franchise holder shall at its own expense maintain its underground facilities beneath the surface across the highway and has the right to construct additional facilities underground or beneath the surface of the facility or necessary overcrossings of power lines and other utilities as may be necessary insofar as the facilities do not interfere with the use of the right of way for limited access highway purposes. The city or town has the right to maintain any municipal utility and the right to open the surface of the highway. The construction, maintenance until permanent repair is made, and permanent repair of these facilities shall be done in a time and manner authorized by permit to be issued by the department or its authorized representative, except to meet emergency conditions for which no permit will be required, but any damage occasioned thereby shall promptly be repaired by the city or town itself, or at its direction. Where a city or town is required to relocate overhead facilities within the corporate limits of a city or town as a result of the construction of a limited access facility, the cost of the relocation shall be paid by the state.

(3) Cities and towns have the right to grant utility franchises crossing the facility underground and beneath its surface insofar as the franchises are not inconsistent with the use of the right of way for limited access facility purposes and the franchises are not in conflict with state laws. The department is authorized to enforce, in an action brought in the name of the state, any condition of any franchise that a city or town has granted. No franchise for transportation of
passengers in motor vehicles may be granted on such highways without the approval of the department, except cities and towns are not required to obtain a franchise for the operation of municipal vehicles or vehicles operating under franchises from the city or town operating within the corporate limits of a city or town and within a radius not exceeding eight miles outside the corporate limits for public transportation on such facilities, but these vehicles may not stop on the limited access portion of the facility to receive or to discharge passengers unless appropriate special lanes or deceleration, stopping, and acceleration space is provided for the vehicles.

Every franchise or permit granted any person by a city or town for use of any portion of a limited access facility shall require the grantee or permittee to restore, permanently repair, and replace to its original condition any portion of the highway damaged or injured by it. Except to meet emergency conditions, the construction and permanent repair of any limited access facility by the grantee of a franchise shall be in a time and manner authorized by a permit to be issued by the department or its authorized representative.

(4) The department has the right to use all storm sewers that are adequate and available for the additional quantity of run-off proposed to be passed through such storm sewers.

(5) The construction and maintenance of city streets over and under crossings and surface intersections of the limited access facility shall be in accordance with the governing policy entered into between the department and the association of Washington cities on June 21, 1956, or as such policy may be amended by agreement between the department and the association of Washington cities. [1984 c 7 § 242; 1967 c 117 § 1; 1961 c 13 § 47.52.105. Prior: 1955 c 63 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.52.100 Existing roads and streets as service roads. In connection with the development of any limited access facility the state, county or incorporated city or town highway authorities are authorized to plan, designate, establish, use, regulate, alter, improve, construct, maintain and vacate local service roads and streets, or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized for limited access facilities under the terms of this chapter. If, in their opinion such local service roads and streets are necessary or desirable, such local service roads or streets shall be separated from the limited access facility by such means or devices designated as necessary or desirable by the proper authority. [1961 c 13 § 47.52.100. Prior: 1947 c 202 § 9; Rem. Supp. 1947 § 6402-68.]

47.52.105 Acquisition and construction to preserve limited access or reduce required compensation. Whenever, in the opinion of the department, frontage or service roads in connection with limited access facilities are not feasible either from an engineering or economic standpoint, the department may acquire private or public property by purchase or condemnation and construct any road, street, or highway connecting to or leading into any other road, street, or highway, when by so doing, it will preserve a limited access facility or reduce compensation required to be paid to an owner by reason of reduction in or loss of access. The department shall provide by agreement with a majority of the legislative authority of the county or city concerned as to location, future maintenance, and control of any road, street, or highway to be so constructed. The road, street, or highway need not be made a part of the state highway system or connected thereto, but may upon completion by the state be turned over to the county or city for location, maintenance, and control pursuant to the agreement as part of the system of county roads or city streets. [1984 c 7 § 242; 1967 c 117 § 1; 1961 c 13 § 47.52.105. Prior: 1955 c 63 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.52.110 Marking of facility with signs. After the opening of any new and additional limited access highway facility, or after the designation and establishment of any existing street or highway, as included the particular highways and streets or those portions thereof designated and established, shall be physically marked and indicated as follows: By the erection and maintenance of such signs as in the opinion of the respective authorities may be deemed proper, indicating to drivers of vehicles that they are entering a limited access area and that they are leaving a limited access area. [1961 c 13 § 47.52.110. Prior: 1947 c 202 § 10; Rem. Supp. 1947 § 6402-69.]

47.52.120 Violations specified—Exceptions—Penalty. After the opening of any limited access highway facility, it shall be unlawful for any person (1) to drive a vehicle over, upon, or across any curb, central dividing section, or other separation or dividing line on limited access facilities; (2) to make a left turn or semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation, or line; (3) to drive any vehicle except in the proper lane provided for that purpose and in the proper direction and to the right of the central dividing curb, separation section, or line; (4) to drive any vehicle into the limited access facility from a local service road except through an opening provided for that purpose in the dividing curb, dividing section, or dividing line which separates such service road from the limited access facility proper; (5) to stop or park any vehicle or equipment within the right of way of such facility, including the shoulders thereof, except at points specially provided therefor, and to make only such use of such specially provided stopping or parking points as is permitted by the designation thereof: PROVIDED, That this subsection shall not apply to authorized emergency vehicles, law enforcement vehicles, assistance vans, or to vehicles stopped for emergency causes or equipment failures; (6) to travel to or from such facility at any point other than a point designated by the establishing authority as an approach to the facility or to use an approach to such facility for any use in excess of that specified by the establishing authority. For the purposes of this section, an assistance van is a vehicle rendering aid free of charge to vehicles with equipment or fuel problems. The state patrol
shall establish by rule additional standards and operating procedures, as needed, for assistance vans.

Any person who violates any of the provisions of this section is guilty of a misdemeanor and upon arrest and conviction therefor shall be punished by a fine of not less than five dollars nor more than one hundred dollars, or by imprisonment in the city or county jail for not less than five days nor more than ninety days, or by both fine and imprisonment. Nothing contained in this section prevents the highway authority from proceeding to enforce the prohibitions or limitations of access to such facilities by injunction or as otherwise provided by law. [1987 c 330 § 748; 1985 c 149 § 1; 1961 c 13 § 47.52.120. Prior: 1959 c 167 § 1; 1947 c 202 § 11; Rem. Supp. 1947 § 6402-70.]

47.52.121 Prior determinations validated. Any determinations of an authority establishing a limited access facility subsequent to March 19, 1947, and prior to March 16, 1951, in connection with new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated, and all acquisitions of property or access rights in connection therewith are hereby validated, ratified, approved and confirmed, notwithstanding any lack of power (other than constitutional) of such authority, and notwithstanding any defects or irregularities (other than constitutional) in such proceedings. [1961 c 13 § 47.52.121. Prior: 1951 c 167 § 12.]

47.52.131 Consideration of local conditions—Report to local authorities—Conferences—Proposed plan. When the department is planning a limited access facility through a county or an incorporated city or town, the department or its staff, before any hearing, shall give careful consideration to available data as to the county or city’s comprehensive plan, land use pattern, present and potential traffic volume of county roads and city streets crossing the proposed facility, origin and destination traffic surveys, existing utilities, the physical appearance the facility will present, and other pertinent surveys and, except as provided in RCW 47.52.134, shall submit to the county and city officials for study a report showing how these factors have been taken into account and how the proposed plan for a limited access facility will serve public convenience and necessity, together with the locations and access and egress plans, and over and under crossings that are under consideration. This report shall show the proposed approximate right of way limits and profile of the facility with relation to the existing grade, and shall discuss in a general manner plans for landscaping treatment, fencing, and illumination, and shall include sketches of typical roadway sections for the roadway itself and any necessary structures such as viaducts or bridges, subways, or tunnels.

Conferences shall be held on the merits of this state report and plans and any proposed modification or alternate proposal of the county, city, or town in order to attempt to reach an agreement between the department and the county or city officials. As a result of the conference, the proposed plan, together with any modifications, shall be prepared by the department and presented to the county or city for inspection and study. [1987 c 200 § 1; 1984 c 7 § 243; 1965 ex.s. c 75 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.52.133 Local public hearing—Notices. Except as provided in RCW 47.52.134, the transportation commission and the highway authorities of the counties and incorporated cities and towns, with regard to facilities under their respective jurisdictions, prior to the establishment of any limited access facility, shall hold a public hearing within the county, city, or town wherein the limited access facility is to be established to determine the desirability of the plan proposed by such authority. Notice of such hearing shall be given to the owners of property abutting the section of any existing highway, road, or street being established as a limited access facility, as indicated in the tax rolls of the county, and in the case of a state limited access facility, to the county and/or city or town. Such notice shall be by United States mail in writing, setting forth a time for the hearing, which time shall be not less than fifteen days after mailing of such notice. Notice of such hearing also shall be given by publication not less than fifteen days prior to such hearing in one or more newspapers of general circulation within the county, city, or town. Such notice by publication shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located. Such notice shall indicate a suitable location where plans for such proposal may be inspected. [1987 c 200 § 2; 1981 c 95 § 1; 1965 ex.s. c 75 § 2.]

47.52.134 When access reports and hearings not required. Access reports and hearings on the establishment of limited access facilities are not required if:

(1) The limited access facility would lie wholly within state or federal lands and the agency or agencies with jurisdiction of the land agree to the access plan; or

(2) The access rights to the affected section of roadway have previously been purchased or established by others; or

(3) The limited access facility would not significantly change local road use, and all affected local agencies and abutting property owners agree in writing to waive a formal hearing on the establishment of the facility after publication of a notice of opportunity for a limited access hearing. This notice of opportunity for a limited access hearing shall be given in the same manner as required for published notice of hearings under RCW 47.52.133. If the authority specified in the notice receives a request for a hearing from one or more abutting property owners or affected local agencies on or before the date stated in the notice, an access report shall be submitted as provided in RCW 47.52.131 and a hearing shall be held. Notice of the hearing shall be given by mail and publication as provided in RCW 47.52.133. [1987 c 200 § 3.]

47.52.135 Hearing procedure. At the hearing any representative of the county, city or town, or any other person may appear and be heard even though such official or person is not an abutting property owner. Such hearing may, at the option of the highway authority, be conducted in accordance with federal laws and regulations governing
highway design public hearings. The members of such authority shall preside, or may designate some suitable person to preside as examiner. The authority shall introduce by competent evidence a summary of the proposal for the establishment of a limited access facility and any evidence that supports the adoption of the plan as being in the public interest. At the conclusion of such evidence, any person entitled to notice who has entered a written appearance shall be deemed a party to this hearing for purposes of this chapter and may thereafter introduce, either in person or by counsel, evidence and statements or counterproposals bearing upon the reasonableness of the proposal. Any such evidence and statements or counterproposals shall receive reasonable consideration by the authority before any proposal is adopted. Such evidence must be material to the issue before the authority and shall be presented in an orderly manner.

Effective date—1982 c 189: See note following RCW 34.12.020.
Effective dates—Severability—1981 c 67: See notes following RCW 34.12.010.

47.52.137 Adoption of plan—Service of findings and order—Publication of resume—Finality—Review. Following the conclusion of such hearing the authority shall adopt a plan with such modifications, if any, as deems proper and necessary. Its findings and order shall be in writing and copies thereof shall be served by United States mail upon all persons having entered a written appearance at such hearing, and in the case of a state limited access facility, the county commissioners of the county affected and the mayor of the city or town affected. The authority shall also cause a resume of such plan to be published once each week for two weeks in one or more newspapers of general circulation within such county, city or town beginning as soon as possible not less than ten days after the mailing of such findings and order. Such determination by the authority shall become final within thirty days after such mailing unless a review is taken as hereinafter provided. In case of an appeal, the order shall be final as to all parties not appealing. [1965 ex.s. c 75 § 4.]

47.52.139 Local approval of plan—Disapproval, request for review. Upon receipt of the findings and order adopting a plan, the county, city, or town may notify the department of transportation of its approval of such plan in writing, in which event such plan shall be final.

In the event that a county, city, or town does not approve the plan, the county, city, or town shall file its disapproval in writing with the secretary of transportation within thirty days after the mailing thereof to such mayor or county commissioner. Along with the written disapproval shall be filed a written request for a hearing before a board of review, hereinafter referred to as the board. The request for hearing shall set forth the portions of the plan of the department to which the county, city, or town objects, and shall include every issue to be considered by the board. The hearing before a board of review shall be governed by RCW 47.52.150 through 47.52.190, as now or hereafter amended. [1977 ex.s. c 151 § 63; 1965 ex.s. c 75 § 5.]

47.52.145 Modification of adopted plan without further public hearings, when. Whenever after the final adoption of a plan for a limited access highway by the transportation commission, an additional design public hearing with respect to the facility or any portion thereof is conducted pursuant to federal law resulting in a revision of the design of the limited access plan, the commission may modify the previously adopted limited access plan to conform to the revised design without further public hearings providing the following conditions are met:

(1) As compared with the previously adopted limited access plan, the revised plan will not require additional or different right of way with respect to that section of highway for which the design has been revised, in excess of five percent by area; and

(2) If the previously adopted limited access plan was modified by a board of review convened at the request of a county, city, or town, the legislative authority of the county, city, or town shall approve any revisions of the plan which conflict with modifications ordered by the board of review. [1981 c 95 § 2; 1977 c 77 § 1.]

47.52.150 State facility through city or town—Board of review, composition and appointment. Upon request for a hearing before the board by any county, city, or town, a board consisting of five members shall be appointed as follows: The mayor or the county commissioners, as the case may be shall appoint two members of the board, of which one shall be a duly elected official of the city, county, or legislative district, except that of the legislative body of the county, city, or town requesting the hearing, subject to confirmation by the legislative body of the county, city, or town requesting the hearing, the secretary of transportation shall appoint two members of the board; and one member shall be selected by the four members thus appointed. Such fifth member shall be a licensed civil engineer or a recognized professional city or town planner, who shall be chairman of the board. In the case both the county and an included city or town request a hearing, the board shall consist of nine members appointed as follows: The mayor and the county commission shall each appoint two members from the elective officials of their respective jurisdictions, and of the four thus selected no more than two thereof may be members of a legislative body of the county, city, or town. The secretary of transportation shall appoint four members of the board. One member shall be selected by the members thus selected, and such ninth member shall be a licensed civil engineer or a recognized city or town planner, who shall be chairman of the board. Such boards as are provided by this section shall be appointed as hereinafter provided. In case of an appeal, the order shall be final as to all parties not appealing. [1959 c 242 § 3; 1957 c 235 § 7.]
47.52.160 State facility through city or town—
Hearing—Notice—Evidence—Determination of issues. The board shall fix a reasonable time not more than thirty days after the date of its appointment and shall indicate the time and place for the hearing, and shall give notice to the county, city, or town and to the department. At the time and place fixed for the hearing, the state and the county, city, or town shall present all of their evidence with respect to the objections set forth in the request for the hearing before the board, and if either the state, the county, or the city or town fails to do so, the board may determine the issues upon such evidence as may be presented to it at the hearing. [1984 c 7 § 244; 1963 c 103 § 4; 1961 c 13 § 47.52.160. Prior: 1957 c 235 § 8.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.52.170 State facility through city or town—
Hearing—Procedure. No witness’s testimony shall be received unless he shall have been duly sworn, and the board may cause all oral testimony to be stenographically reported. Members of the board, its duly authorized representatives, and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such hearings; to issue subpoenas for, and to compel the attendance and testimony of witnesses, or the production of books, papers, documents and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do; to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of their office. [1961 c 13 § 47.52.170. Prior: 1957 c 235 § 9.]

47.52.180 State facility through city or town—
Hearing—Findings of board—Modification of proposed plan by stipulation. At the conclusion of such hearing, the board shall consider the evidence taken and shall make specific findings with respect to the objections and issues within thirty days after the hearing, which findings shall be final and binding upon both parties. Any modification of the proposed plan of the department of transportation made by the board of review may thereupon be modified by stipulation of the parties. 47.56.010 Definitions. As used in this chapter:

(1) "Toll bridge" means a bridge constructed or acquired under this chapter, upon which tolls are charged, together with all appurtenances, additions, alterations, improvements, and replacements thereof, and the approaches thereto, and all lands and interests used therefor, and buildings and improvements thereon.

(2) "Toll road" means any express highway, superhighway, or motorway at such locations and between such termini as may be established by law, and constructed or to be constructed as a limited access highway under the provisions of this chapter by the department, and shall include, but not be limited to, all tunnels, overpasses, underpasses, interchanges, entrance plazas, approaches, toll houses, service areas, service facilities, communications facilities, and administration, storage, and other buildings that the department may deem necessary for the operation of the project, together with all property, rights, easements, and interests that may be acquired by the department for the construction or the operation of the project, all of which shall be conducted in the same manner and under the same procedure as provided for the establishing, constructing, operating, and maintaining of toll bridges by the department, insofar as those procedures are reasonably consistent and applicable.

(3) "1950 Tacoma Narrows bridge" means the bridge crossing the Tacoma Narrows that was opened to vehicle travel in 1950. [2002 c 114 § 2; 1984 c 7 § 246; 1961 c 13 § 47.56.010. Prior: 1953 c 220 § 1; 1937 c 173 § 1, part; RRS § 6524-1, part.]

47.56.030 Powers and duties regarding toll facilities—Purchasing. (1) Except as permitted under chapter 47.46 RCW:
(a) The department of transportation shall have full charge of the construction of all toll bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof.

(b) The transportation commission shall determine and establish the tolls and charges thereon, and shall perform all duties and exercise all powers relating to the financing, refinancing, and fiscal management of all toll bridges and other toll facilities including the Washington state ferries, and bonded indebtedness in the manner provided by law.

(c) The department shall have full charge of design of all toll facilities.

(d) Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under (d)(i) and (ii) of this subsection:

(i) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and

(ii) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(2) The department shall proceed with the procurement of materials, supplies, services, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) Except as provided in (d) of this subsection, when the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to:

- Price; maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:
  - The ability, capacity, and skill of the proposer to perform the contract or provide the service required;
  - The character, integrity, reputation, judgment, experience, and efficiency of the proposer;
  - Whether the proposer can perform the contract within the time specified;
  - The quality of performance of previous contracts or services;
  - The previous and existing compliance by the proposer with laws relating to the contract or services;
  - Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and
  - Such other information as may be secured having a bearing on the decision to award the contract.

(c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life cycle cost analysis that includes an evaluation of fuel efficiency. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request for proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal.

(d) If the department is procuring large equipment or systems (e.g., electrical, propulsion) needed for the support, maintenance, and use of a ferry operated by Washington state ferries, the department shall proceed with a formal request for proposal solicitation under this subsection (2) without a determination of necessity by the secretary. When there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

The necessity or advantage and practicability of any such toll bridge shall be determined by the department, and the feasibility of financing any toll bridge in the manner provided by this chapter shall be a primary consideration and determined according to the best judgment of the department. For the purpose of obtaining information for the consideration of the department upon the construction of any toll bridge or any other matters pertaining thereto, any cognizant officer or employee of the state shall, upon the request of the department, make reasonable examination, investigation, survey, or reconnaissance for the determination of material facts pertaining thereto and report this to the department. The provisions of RCW 47.56.220 apply when any bridge or bridges or ferries are acquired by purchase pursuant to this section. The department shall keep full, complete, and separate accounts of each toll bridge, and annually shall prepare balance sheet and income and profit and loss statements showing the financial condition of each such toll bridge, which statement shall be open at all reasonable times to the inspection of holders of bonds issued by the department.

The department is empowered and required to do all acts and things provided for in this chapter to establish and construct toll bridges and operate, finance, and maintain such bridges insofar as the powers and requirements are applicable to the purchase of any bridge or bridges or ferries and their operation, financing, and maintenance; and (b) In purchasing, operating, financing, and maintaining any bridge or bridges or ferries acquired or to be acquired by purchase under this section, shall act in the same manner and under the same procedures as are provided in this chapter to establish, construct, operate, finance, and maintain toll bridges insofar as such manner and procedure are applicable to the purchase of any bridge or bridges or ferries and their operation, financing, and maintenance.

Without limiting the generality of the provisions contained in subsections (1) and (2) of this section, the department is empowered: (a) To cause surveys to be made for the purpose of investigating the propriety of acquiring by purchase any such bridge or bridges or ferries and the right of way necessary or proper for that bridge or bridges or ferries, and other facilities necessary to carry out the provisions of this chapter; (b) to issue, sell, and redeem bonds, and to deposit and pay out the proceeds of the bonds for the financing thereof; (c) to collect, deposit, and expend tolls therefrom; (d) to secure and remit financial and other assistance in the purchase thereof; and (e) to carry insurance thereon.

No toll facility, toll bridge, toll road, or toll tunnel, shall be combined with any other toll facility for the purpose of financing unless such facilities form a continuous project, to the end that each such facility or project be self-liquidating and self-sustaining. [1977 ex.s. c 151 § 67; 1961 c 13 § 47.56.070. Prior: 1953 c 220 § 3; 1937 c 173 § 3 1/2; RRS § 6524-3 1/2.]

(2002 c 56 § 403.)

The issuance of bonds as provided in this chapter for the construction of more than one toll bridge may at the discretion of the commission be included in the same authority and issue of bonds. [1977 ex.s. c 151 § 68; 1961 c 13 § 47.56.080. Prior: 1937 c 173 § 6; RRS § 6524-6.]

47.56.090 Authority to acquire right of way in constructing a toll bridge. The department of transportation is empowered to secure right of way for toll bridges and for approaches thereto by gift or purchase, or by condemnation in the manner provided by law for the taking of private property for public highway purposes. [1977 ex.s. c 151 § 69; 1961 c 13 § 47.56.090. Prior: 1937 c 173 § 5; RRS § 6524-5.]

47.56.100 Toll bridges—Right of way across state highways and political subdivisions—Compensation. Severability—1984 c 7: See note following RCW 47.01.141.

47.56.110 Toll bridges—Resolution of necessity in acquiring right of way—Effect of. Before the department proceeds with any action to secure a right of way or with construction of any toll bridge under the provisions of this chapter, the commission shall first pass a resolution that public interest and necessity require the acquisition of right of way for and the construction of the toll bridge. The resolution is conclusive evidence (1) of the public necessity of such construction; (2) that the property is necessary therefor; and (3) that the proposed construction is planned or located in a manner which will be most compatible with the greatest public good and the least private injury. When it becomes necessary for the department to condemn any real estate to be used in connection with any such bridge, the attorney general of the state shall represent the department. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any toll bridge, real property, personal property, franchises, rights, easements, or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm,

It is not necessary in any eminent domain proceedings under this chapter to plead or prove any acts or proceedings preliminary or prior to the adoption of the resolution hereinbefore referred to describing the property sought to be taken and directing such proceedings. [1984 c 7 § 255; 1961 c 13 § 47.56.110. Prior: 1937 c 173 § 11; RRS § 6524-11.]

[1977 ex.s. c 151 § 70; 1961 c 13 § 47.56.120. Prior: 1937 c 173 § 4; RRS § 6524-4.]

47.56.130 Toll bridges—Bonds—Cooperative funds from state and federal government. The department is hereby empowered to issue bonds for the construction of any toll bridge or toll bridges authorized under the provisions of this chapter. Any and all bonds issued for the construction of any toll bridge or toll bridges under the authority of the department shall be issued in the name of the department, shall constitute obligations only of the department, shall be identified as . . . . . . toll bridge bonds, and shall contain a recital on the face thereof that the payment or redemption of the bonds and the payment of the interest thereon is secured by a direct and exclusive charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular toll bridge or bridges for the construction of which the bonds are issued and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability, or obligation of the state of Washington. The department is empowered to receive and accept funds from the state of Washington or the federal government upon a cooperative or other basis for the construction of any toll bridge authorized under this chapter and is empowered to enter into such agreements with the state of Washington or the federal government as may be required for the securing of such funds. 47.56.140 Toll bridges, bonds—Form, contents, manner of sale—Interim bonds. The revenue bonds may be issued and sold by the department of transportation from time to time and in such amounts as it deems necessary to provide sufficient funds for the construction of the bridge, and to pay interest on outstanding bonds issued for its construction during the period of actual construction and for six months after completion thereof.

The department of transportation shall determine the form, conditions, and denominations of the bonds, and the maturity dates which the bonds to be sold shall bear and the interest rate thereon. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds may be payable at such place as determined by the department. They may be in any form including bearer bonds or registered bonds as provided in RCW 39.46.030, with interest payable at such times as determined by the department, and shall mature at such times and in such amounts as the department prescribes. The department may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds shall be signed by the state auditor and countersigned by the governor and any interest coupons appertaining thereto shall bear the signature of the state auditor. The countersignature of the governor on such bonds and the signature of the state auditor on any coupons may be their printed or lithographed facsimile signatures. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the redemption thereof and the payment of interest thereon. The department may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. The bonds shall be negotiable instruments under the law merchant. All bonds issued and sold hereunder shall be sold on sealed bids to the highest and best bidder after such advertising for bids as the department deems proper. The department may reject any and all bids and may thereafter sell the bonds at private sale under such terms and conditions as it deems most advantageous to its own interests; but not at a price below that of the best bid which was rejected. The department may contract loans and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except the requirement that they be first offered at public sale.

Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by the state auditor, may be issued and delivered until bonds are executed and available for delivery. law to receive deposits of state funds to the credit of a fund to be designated as the construction fund of the particular toll bridge or toll bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the construction of such toll bridge or toll bridges, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise. The department may agree with the purchaser of the bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the toll bridge or toll bridges for which such bonds were issued and sold, and all funds constituting surplus revenues that are not immediately needed for the particular object or purpose to which they must be applied or are pledged shall be invested in bonds and obligations of the nature eligible for investment of surplus state moneys: PROVIDED, That the department may provide in the proceedings authorizing the issuance of these bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment, and such provisions shall thereupon be binding upon the department and all officials having anything to do with the investment. Any surplus which may exist in the construction fund shall be applied to the retirement of bonds issued for the construction of such toll bridge or toll bridges by purchase or call. If these bonds cannot be purchased at a price satisfactory to the department and are not by their terms callable prior to maturity, the surplus shall be paid into the fund applicable to the payment of principal and interest of the bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying the surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called. Such limitations and conditions shall be followed and observed in the application and use of the surplus. All bonds so retired by purchase or call shall be immediately canceled. (c) Any interest that may be earned from the deposit or investment of those revenues.

(2) Proceeds of bonds shall be used consistent with RCW 47.46.130, including the reimbursement of expenses and fees incurred under agreements entered into under RCW 47.46.040 as required by those agreements.

(b) Repay amounts to the motor vehicle fund as required under RCW 47.46.140.

(4) When repaying the motor vehicle fund under RCW 47.46.140, the state treasurer shall transfer funds from the Tacoma Narrows toll bridge account to the motor vehicle fund on or before each debt service date for bonds issued for the Tacoma Narrows public-private initiative project in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues. [2002 c 114 § 11.]

47.56.170 Toll bridges—Transfer of funds for bond payments—Surplus funds. From the money deposited in each separate construction fund under RCW 47.56.160, the state treasurer shall transfer to the place or places of payment named in the bonds such sums as may be required to pay the interest as it becomes due on all bonds sold and outstanding for the construction of a particular toll bridge or toll bridges during the period of actual construction and during the period of six months immediately thereafter. The state treasurer shall thereafter transfer from each separate toll revenue fund to the place or places of payment named in the bonds such sums as may be required to pay the interest on the bonds and redeem the principal thereof as the interest payments and bond redemption become due for all bonds issued and sold for the construction of the particular toll bridge or toll bridges producing the tolls or revenues so deposited in the toll revenue fund. All funds so transferred for the payment of principal or interest on bonds issued for any particular toll bridge shall be segregated and applied

The proceedings authorizing the issuance of bonds may provide for setting up a reserve fund or funds out of the tolls and other revenues not needed for the payment of principal and interest, as the same currently matures and for the preservation and continuance of the fund in a manner to be provided therein. The proceedings may also require the immediate application of all surplus moneys in the toll revenue fund to the retirement of the bonds prior to maturity, by call or purchase, in such manner and upon such terms and the payment of such premiums as may be deemed advisable in the judgment of the department.

The moneys remaining in each separate toll revenue fund after providing the amount required for interest and redemption of bonds as provided in this section shall be held and applied as provided in the proceedings authorizing the issuance of the bonds. If the proceedings authorizing the issuance of the bonds do not require surplus revenues to be held or applied in any particular manner, they shall be allocated and used for such other purposes incidental to the construction, operation, and maintenance of the toll bridge or bridges as the department may determine. [1984 c 7 § 259; 1961 c 13 § 47.56.170. Prior: 1937 c 173 § 14, part; RRS § 6524-14, part.]

All interest received or earned on money deposited in each and every fund provided for in this chapter shall be credited to and become a part of the particular fund upon which the interest accrues. In addition, the proceedings authorizing the issuance of the bonds may contain appropriate provisions governing the use and application of the bond proceeds and toll or other revenues for the purposes herein specified. 47.56.230 Toll bridges—Insurance or indemnity bonds authorized. When any toll bridge or bridges authorized under this chapter is being built by the department, the department may carry or cause to be carried an amount of insurance or indemnity bond or bonds as protection against loss or damage as the department may deem proper. The department is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge or toll bridges until all bonds sold for the construction of the toll bridge or toll bridges and interest accrued thereon have been fully redeemed and paid. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to the toll bridge or toll bridges shall be used for the purpose of repairing or rebuilding the toll bridge or toll bridges as long as there are revenue bonds against any such structure outstanding and unredeemed. The department is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge or bridges by reason of any interruption in the use of the toll bridge or toll bridges from any cause whatever, and the proceeds of the insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the fund. The insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of the toll bridge or toll bridges during any period of time that may be determined by the department and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in the proceedings. The department may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter, and the purchase and carrying of insurance as authorized by this chapter, and the purchase and carrying of such insurance shall thereupon be obligatory upon the department and be paid for out of the toll revenue fund as may be specified in the proceedings. 47.56.240 Toll bridges—Fixing of toll rates authorized—Lien of bonds on revenue. The commission is hereby empowered to fix the rates of toll and other charges for all toll bridges built under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions warrant. The commission, in establishing toll charges, shall give due consideration to the cost of operating and maintaining such toll bridge or toll bridges including the cost of insurance, and to the amount required annually to meet the redemption of bonds and interest payments on them. The tolls and charges shall be at all times fixed at rates to yield annual revenue equal to annual operating and maintenance expenses including insurance costs and all redemption payments and interest charges of the bonds issued for any particular toll bridge or toll bridges as the bonds become due. The bond redemption and interest payments constitute a first direct and exclusive charge and lien on all such tolls and other revenues and interest thereon. Sinking funds created therefrom received from the use and operation of the toll bridge or toll bridges, and such tolls and revenues together with the interest earned thereon shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as any of these bonds are outstanding and unpaid. Any balance remaining in the accounts shall thereupon be transferred to the motor vehicle fund. In addition, the department may, after the removal of tolls from a particular facility or facilities, require that all moneys transferred to the place of payment named in the revenue bonds, for the purpose of paying principal or interest or for redemption of the bonds not then expended for such purpose, be returned to the state treasurer for deposit in the motor vehicle fund. 47.56.271 1950 Tacoma Narrows bridge toll-free—Exception. Except as otherwise provided in this section, the 1950 Tacoma Narrows bridge herebybefore by the provisions of RCW 47.17.065 and 47.56.270 made a part of the primary state highways of the state shall be operated and maintained by the department as a toll-free facility at such time as the bonded indebtedness relating to the construction of the 1950 Tacoma Narrows bridge is wholly retired and tolls equaling the indebtedness of the toll bridge authority incurred for the construction of the 1950 Tacoma Narrows bridge to the county of Pierce have been collected. 47.56.273 Fox Island toll bridge—Need for removal of tolls. Present tolls on the Fox Island toll bridge have retarded the development of Fox Island for residential purposes because of the financial burden upon residents and potential residents resulting from paying these tolls in addition to those imposed upon the Narrows bridge. The removal or readjustment of tolls from the Fox Island toll bridge is required in the interest of the orderly development of Fox Island. The development of Fox Island will provide additional users of the Narrows bridge with a resultant increase of revenue to the state from tolls due to such additional use. [1961 c 13 § 47.56.273. operation, maintenance and necessary repairs of said facility.
The tolls and charges to be imposed shall be fixed in such
amounts so that when collected they will produce revenues
that shall be at least equal to expenses of operating, main-
taining and repairing said toll facility, including all insurance
costs, amounts for adequate reserves and coverage of annual
debt service on said bonds, and all payments necessary to
pay the principal thereof and interest thereon. [1965 ex.s. c

project within the terms and provisions of RCW 47.56.070;
and notwithstanding the provisions of RCW 47.56.220, the

relating to the powers and duties of the department except as
such powers and duties are amplified or modified by the
specific provisions of RCW 47.56.282 through 47.56.286 for
the uses and purposes herein set forth. RCW 47.56.282
through 47.56.286 are additional to such existing statutes and

required payments of principal, interest, and other charges
incidental to the issuance, sale, and retirement of the bonds
issued pursuant to the provisions of RCW 47.56.282 or on
any subsequent refunding bond issues, the department shall

proceeds. Any funds required to pay such deficits shall be
paid from the proceeds of state excise taxes on motor vehicle
diesel and gasoline and shall be taken from that portion of the motor
vehicle fund which is or may be appropriated for state highway
purposes, and shall never constitute a charge against
any allocations of such funds to counties, cities and towns
unless and until the amount of the motor vehicle fund arising
from the excise taxes on motor vehicle fuels and available
for state highway purposes proves insufficient to meet such
deficits.

The proceeds of such excise taxes are hereby pledged to
the payment of any such deficits in the costs of maintenance
and operation of the bridge and in the payment of principal
and interest which may arise on account of the bonds issued
under the provisions of RCW 47.56.282, and the legislature
hereby agrees to continue to impose the same excise taxes

considered as a loan from the motor vehicle fund to be
repaid to said fund on the sale of bonds issued in connection
therewith. [1961 c 13 § 47.56.290. Prior: 1953 c 192 § 2.]

The Washington toll bridge authority is hereby authorized to operate and to assume the full control of said toll facility and each portion thereof, whether within or without the borders of the state of Washington, with full power to impose and collect tolls from the users of both bridges constituting said toll facility for the purpose of providing revenue at least sufficient to pay the cost and incidental expenses of construction of the new bridge including approaches thereto in both states, the reconstruction and improvement of the existing interstate bridge including approaches thereto in both states, the cost of maintaining, operating and repairing both of said bridges while the same are operated as said toll facility, and for the payment of the principal of and interest on its revenue bonds authorized by, and for the purposes set forth in, RCW 47.56.310 through 47.56.345. 3. A provision that the Washington toll bridge authority shall provide for the issuance, sale and payment of revenue bonds payable solely from the revenue derived from the imposition and collection of tolls upon both bridges as a single toll facility, and that such bonds shall be in such amounts as to provide funds with which to pay the costs of the design and construction of the proposed new bridge, including the approaches thereto in both states and the costs of acquisition of rights of way therefor, the reconstruction and alteration of the existing bridge and approaches thereto, expenses incident to the issuance of such bonds including the payment of interest for the period beginning with the date of [Title 47 RCW—page 179]

(1) The legislature finds that the ferry operated by Wahkiakum county between Puget Island and Westport on the Columbia river provides service which is primarily local in nature with secondary benefits to the state highway system in providing a bypass for state route 4 and providing the only crossing of the Columbia river between the Astoria-Megler bridge and the Longview bridge.

(2) The department is hereby authorized to enter into a continuing agreement with Wahkiakum county pursuant to which the department shall pay to Wahkiakum county from moneys appropriated for such purpose monthly amounts not to exceed eighty percent of the operating and maintenance deficit with a maximum not to exceed the amount appropriated for that biennium to be used in the operation and maintenance of the Puget Island ferry, commencing July 1, 1992.

(3) The annual deficit, if any, incurred in the operation and maintenance of the ferry shall be determined by Wahkiakum county subject to the approval of the department. If eighty percent of the deficit for the preceding fiscal year exceeds the total amount paid to the county for that year, the additional amount shall be paid to the county by the department upon the receipt of a properly executed voucher. The total of all payments to the county in any biennium shall not exceed the amount appropriated for that biennium. The fares established by the county shall be comparable to those used for similar runs on the state ferry system.

There is hereby created in the highway bond retirement fund in the state treasury a special account to be known as the Columbia river toll bridge account into which shall be deposited any capitalized interest from the proceeds of the bonds, and at least monthly all of the tolls and other revenues received from the operation of the toll bridge and from any interest which may be earned from the deposit or investment of these revenues after the payment of costs of operation, maintenance, and necessary repairs of the facility. The principal of and interest on the bonds shall be paid first from money deposited in the Columbia river toll bridge account in the highway bond retirement fund, and then, to the extent that money deposited in that account is insufficient to make any such payment when due, from the state excise taxes on motor vehicle and special fuels deposited in the highway bond retirement fund. If the proceeds from the excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first moneys distributed to the state not required for redemption of the bonds or interest thereon. 47.56.761  First Avenue South bridge in Seattle—Study by city—Tolls—Revenues. The city of Seattle is authorized to conduct a study, to be paid for wholly from city funds, to determine the operational feasibility and consistency with federal law of charging tolls on the First Avenue South Bridge on State Route 99. The study is to be conducted in cooperation with the department of transportation. If the city of Seattle and the department of transportation determine that the charging of tolls is feasible and
consistent with federal law, then the city is authorized to charge reasonable tolls and to construct, operate and maintain toll collection facilities on the bridge.

The toll collection revenues less the costs of collection shall be placed in a separate account solely for the purpose of financial participation with the state and other local governmental entities in the construction, when commenced by the department of transportation, of a new parallel bridge and approaches on First Avenue South in Seattle, together with reconstruction of approaches to the existing bridge and connections to existing city street systems as necessary. Interest generated by funds within the account shall be credited to that account in their entirety. [1987 c 510 § 2.]

47.56.770 Refunding bonds—Authorized. The state finance committee is authorized to issue refunding bonds and use other available money to refund, defease, and redeem all of those toll bridge authority, ferry, and Hood Canal bridge refunding revenue bonds under RCW 47.56.771 through 47.56.774. [1993 c 4 § 2.]

Legislative declaration—1993 c 4: "It is declared that it is in the best interest of the state to modify the debt service and reserve requirements, sources of payment, covenants, and other terms of the outstanding toll bridge authority, ferry, and Hood Canal bridge refunding revenue bonds." [1993 c 4 § 1.]

Effective date—1993 c 4: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 12, 1993]." [1993 c 4 § 11.]

47.56.771 Refunding bonds—General obligation—Signatures, negotiability—Payment of principal and interest—Pledge of excise taxes. (1) The refunding bonds authorized under RCW 47.56.770 shall be general obligation bonds of the state of Washington and shall be issued in a total principal amount not to exceed fifteen million dollars. The exact amount of refunding bonds to be issued shall be determined by the state finance committee after calculating the amount of money deposited with the trustee for the bonds to be refunded which can be used to redeem or defease outstanding toll bridge authority, ferry, and Hood Canal bridge revenue bonds after the setting aside of sufficient money from that fund to pay the first interest installment on the refunding bonds. The refunding bonds shall be serial in form maturing at such time, in such amounts, having such denomination or denominations, redemption privileges, and having such terms and conditions as determined by the state finance committee. The last maturity date of the refunding bonds shall not be later than January 1, 2002.

(2) The refunding bonds shall be signed by the governor and the state treasurer under the seal of the state, which signatures shall be made manually or in printed facsimile. The bonds shall be registered in the name of the owner in accordance with chapter 39.46 RCW. The refunding bonds shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state, and shall contain an unconditional promise to pay the principal thereof and the interest thereon when due. The refunding bonds shall be fully negotiable instruments.

(3) The principal and interest on the refunding bonds shall be first payable in the manner provided in this section from the proceeds of state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW.

(4) The principal of and interest on the refunding bonds shall be paid first from the state excise taxes on motor vehicle and special fuels deposited in the ferry bond retirement fund. There is hereby pledged the proceeds of state excise taxes on motor vehicle and special fuels imposed under chapters 82.36 and 82.38 RCW to pay the refunding bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the refunding bonds. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee shall certify to the state treasurer such amount of additional money as may be required for debt service, and the treasurer shall thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the ferry bond retirement fund. Any proceeds of such excise taxes required for these purposes shall first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account. If the proceeds from excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the refunding bonds when due, the amount required to make the payments on the principal or interest shall next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns shall be repaid from the first money distributed to the state not required for redemption of the refunding bonds or interest thereon. The legislature covenants that it shall at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the refunding bonds. [1999 c 269 § 14; 1995 c 274 § 17; 1993 c 4 § 3.]

Upon the issuance of refunding bonds as authorized by RCW 47.56.770, the department of transportation may liquidate the existing bond fund and other funds and accounts established in the proceedings which authorized the issuance of the outstanding toll bridge authority, ferry, and Hood Canal bridge refunding revenue bonds and apply the money contained in those funds and accounts to the defeasance and redemption of outstanding toll bridge authority, ferry, and Hood Canal refunding revenue bonds, except that prior to such bond redemption, money sufficient to pay the first interest installment on the refunding bonds shall be deposited in the ferry bond retirement fund. Money remaining in such funds not used for such bond defeasance and redemption or first interest installment on the refunding bonds shall be transferred to
and deposited in the Puget Sound ferry operations account created under RCW 47.60.530. [1999 c 94 § 25; 1993 c 4 § 4.]

[1993 c 4 § 5.]

Legislative declaration—Effective date—1993 c 4: See notes following RCW 47.56.770.

Bridges over navigable waters: RCW 79.91.090 through 79.91.120.

47.58.010 Improvement of existing bridge and construction of new bridge as single project—Agreement—Tolls. Whenever the legislature specifically authorizes, as a single project, the construction of an additional toll bridge, including approaches, and the reconstruction of an existing adjacent bridge, including approaches, and the imposition of tolls on both bridges, the department is authorized to enter into appropriate agreements whereunder the existing bridge or its approaches will be reconstructed and improved and an additional bridge, including approaches and connecting highways will be constructed as a part of the same project to be located adjacent to or within two miles of the existing bridge and will be financed through the issuance of revenue bonds of the same series. The department has the right to impose tolls for traffic over the existing bridge as well as the additional bridge for the purpose of paying the cost of operation and maintenance of the bridge or bridges and the interest on and creating a sinking fund for retirement of revenue bonds issued for account of such project, all in the manner permitted and provided by this chapter. [1984 c 7 § 288; 1961 c 13 § 47.58.010. Prior: 1955 c 208 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.58.020 Examinations and surveys—Preliminary expenses—Financing. For the purpose of obtaining information as to the necessity of the reconstruction or improvement of any such bridge and the expediency of constructing any such additional bridge it is the duty of the department to make any examination, investigation, survey, or reconnaissance pertaining thereto. The cost of any such examination, investigation, survey, or reconnaissance, and all preliminary expenses in the issuance of any revenue bonds, making surveys and appraisals and drafting, printing, issuance, and sale of bonds under this chapter, shall be advanced by any interested municipality, agency, or department of the state of Washington. All such advancements shall be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived by the department through its operations hereunder for account of the project, as may be agreed upon between the department and the municipality, agency, or department. [1984 c 7 § 289; 1961 c 13 § 47.58.020. Prior: 1955 c 208 § 2.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.58.030 Construction, operation of bridges—Collection of tolls—Schedule of charges. The secretary shall have full charge of the construction of all such improvements and reconstruction work and the construction of any additional bridge, including approaches and connecting highways, that may be authorized under this chapter and the operation of such bridge or bridges, as well as the collection of tolls and other charges for services and facilities thereby afforded. The schedule of charges for the services and facilities shall be fixed and revised from time to time by the commission so that the tolls and revenues collected will yield annual revenue and income sufficient, after payment of allowance for all operating, maintenance, and repair expenses, to pay the interest on all revenue bonds outstanding under the provisions of this chapter for account of the project and to create a sinking fund for the retirement of the revenue bonds at or prior to maturity. The charges shall be continued until all such bonds and interest thereon and unpaid advancements, if any, have been paid. [1984 c 7 § 290; 1961 c 13 § 47.58.030. Prior: 1955 c 208 § 3.]
Revenue bonds—Form—Sale—Interim bonds—Deposit of proceeds. For the purpose of paying the cost of all or any part of the improvement and reconstruction work and the construction of any additional bridge, approaches thereto, and connecting highways, the department is hereby authorized by resolution to issue its revenue bonds which shall constitute obligations only of the department and shall be payable from any funds available except revenue from the general fund, including but not limited to the revenues and income from the operation of the bridge or bridges constituting the project as may be provided in and by such resolution. Each such revenue bond shall contain a recital that payment or redemption of the bond and payment of the interest thereon is secured by a direct charge and lien upon the tolls and revenues pledged for that purpose and that such bond does not constitute an indebtedness of the state of Washington. Such revenue bonds may bear such date or dates, may mature at such time or times as the department shall determine, may bear interest at such rate or rates, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be made subject to such terms of redemption with or without premium, and may contain such other terms and covenants not inconsistent with this chapter as may be provided in such resolution. Notwithstanding the form or tenor of the bond, and in the absence of an express recital on its face that the bond is nonnegotiable, each such revenue bond shall at all times be and shall be treated as a negotiable instrument for all purposes. All such bonds shall be signed by the state treasurer and countersigned by the governor, and any interest coupons appertaining thereto shall bear the signature of the state treasurer. The countersignature of the governor on the bonds and the signature of the state treasurer on the coupons may be their printed or lithographed facsimile signatures. Pending the issuance of definitive bonds, temporary or interim bonds, certificates, or receipts of any denomination and with or without coupons attached may be issued as may be provided by the resolution. All bonds issued under or by authority of this chapter shall be sold to the highest and best bidder at such price or prices, at such rate or rates of interest, and after such advertising for bids as the department may deem proper, but it may reject any and all bids so submitted and thereafter sell the bonds so advertised under such terms and conditions as it deems advantageous. The purchase price of all bonds issued hereunder shall be paid to the state treasurer consistent with the provisions of the resolution pursuant to which the bonds have been issued or to the trustee designated in the bond resolution and held as a separate trust fund to be disbursed on the orders of the department. [1984 c 7 § 291; 1973 c 106 § 27; 1970 ex.s. c 56 § 64; 1969 ex.s. c 232 § 78; 1961 c 102 § 1; 1961 c 13 § 47.58.040. Prior: 1955 c 208 § 4.]

In determining the amount of bonds required to be issued, there may be included any expenses incurred or approved by the department in connection with and incidental to the issuance and sale of bonds and for the preparation of surveys and estimates and making inspections and examinations, required reserves, if any, interest during the estimated construction period and for six months thereafter, and a reasonable amount for initial operating expenses and prepaid insurance. The department is hereby empowered to include in any resolution authorizing the issuance of the bonds such covenants, stipulations, and conditions as it deems necessary with respect to the continued use and application of the revenues and income from the bridge or bridges. The holder of any bond or the trustee for any bonds designated by resolution may by mandamus or other appropriate proceeding compel performance of any duties imposed upon any state department, official, or employee, including any duties imposed upon or undertaken by the department or its officers, agents, and employees in connection with any improvement or reconstruction work on any existing bridge, the construction of any additional bridge, including approaches and connecting highways provided to be so constructed, the maintenance and operation of the bridge or bridges and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and the revenues and income derived from the operation of the bridge or bridges. [1984 c 7 § 292; 1961 c 13 § 47.58.050. Prior: 1955 c 208 § 5.]

Bond resolution—Disposition of income and revenues. Each resolution providing for the issuance of revenue bonds shall provide for setting aside the necessary amounts for the reasonable and proper operation, maintenance, and repair expenses, and shall fix and determine the amounts to be set apart and applied to the payment of the interest on and retirement of the revenue bonds. All income and revenues as collected shall be paid to the state treasurer for the account of the department as a separate trust fund to be segregated and set apart for the payment of the revenue bonds, or may be remitted to and held by a designated trustee in such manner and with such collateral as may be provided in the resolution authorizing the issuance of the bonds. [1984 c 7 § 293; 1961 c 13 § 47.58.060. Prior: 1955 c 208 § 6.]

Puget Sound Ferry and Toll Bridge System

Chapter 47.60

47.60.010 Ferry system, toll bridges, and facilities authorized—Power to contract, sell and lease back. The department is authorized to acquire by lease, charter, contract, purchase, condemnation, or construction, and partly by any or all of such means, and to thereafter operate, improve, and extend, a system of ferries on and crossing Puget Sound and any of its tributary waters and connections thereof, and connecting with the public streets and highways in the state. The system of ferries shall include such boats, vessels, wharves, docks, approaches, landings, franchises, licenses, and appurtenances as shall be determined by the department to be necessary or desirable for efficient operation of the ferry system and best serve the public. The department may in like manner acquire by purchase, condemnation, or construction and include in the ferry system such toll bridges, approaches, and connecting roadways as may be deemed by the department advantageous in channeling traffic to points served by the ferry system. In addition to the powers of acquisition granted by this section, the department is empowered to enter into any contracts, agreements, or leases with any person, firm, or corporation and to thereby provide, on such terms and conditions as it shall determine, for the operation of any ferry or ferries or system thereof, whether acquired by the department or not.

The authority of the department to sell and lease back any state ferry, for federal tax purposes only, as authorized by 26 U.S.C., Sec. 168(f)(8) is confirmed. Legal title and all incidents of legal title to any ferry sold and leased back (except for the federal tax benefits attributable to the ownership thereof) shall remain in the state of Washington. [1984 c 18 § 1; 1984 c 7 § 296; 1961 c 13 § 47.60.010. Prior: 1949 c 179 § 1; Rem. Supp. 1949 § 6584-30.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.60.013 Emergency powers of governor to insure continued operation of ferry and toll bridge system—Cost reimbursement. The governor is authorized to take such actions as may be necessary to insure the continued operation of the Puget Sound ferry and toll bridge system under any emergency circumstances which threaten the continued operation of the system. In the event of such an emergency, the governor may assume all the powers granted by law to the transportation commission and department of transportation with respect to the ferry system. In addition, notwithstanding the provisions of chapters 47.60 and 47.64 RCW, the governor may contract with any qualified persons for the operation of the Washington state ferry system, or any part thereof, or for ferry service to be provided by privately owned vessels. Administrative costs to the office

[Title 47 RCW—page 197]
of the governor incurred in the exercise of this authority shall be reimbursed by the department. [1981 c 341 § 1.]

Severability—1981 c 341: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 341 § 2.]

47.60.015 "Washington State Ferries"—Name authorized. The department is authorized to operate its ferry system under the name: "Washington State Ferries." [1984 c 7 § 297; 1961 c 13 § 47.60.015. Prior: 1953 c 33 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.60.017 State ferry system a public mass transportation system. The legislature finds and declares that the state ferry system is a public mass transportation system. [1974 ex.s. c 105 § 1.]

47.60.020 Eminent domain—Condemnation proceedings. For the purpose of carrying out any or all of the powers granted in this chapter, the department has the power of eminent domain for the acquisition of either real or personal property, used or useful for the Puget Sound ferry system. Condemnation pursuant to this chapter shall be the procedure set out in chapter 8.04 RCW. The department may institute condemnation proceedings in the superior court of any county or other court of competent jurisdiction in which any of the property sought to be condemned is located or in which the owner of any thereof does business, and the court in any such action has jurisdiction to condemn property wherever located within the state. It shall not be necessary to allege or prove any offer to purchase or inability to agree with the owners thereof for the purchase of any such property in the proceedings. It is the intention of this section to permit the consolidation in one action of all condemnation proceedings necessary to acquire a ferry system and every type of property incident thereto, irrespective of its location within the state or diversity of ownership. Upon the filing of a petition for condemnation as provided in this section, the court may issue an order restraining the removal from the jurisdiction of the state of any personal property sought to be acquired by the proceeding during the pendency thereof. The court further has the power to issue such orders or process as are necessary to place the department into possession of any property condemned. [1984 c 7 § 298; 1961 c 13 § 47.60.020. Prior: 1949 c 179 § 2; Rem. Supp. 1949 § 6584-31.]

47.60.030 Existing contracts—Prior negotiations and bids validated. In any case where the department takes over any property or properties which are under lease, contract, or concession, or where the department has heretofore entered into any contract or negotiation or received any bid for any of the purposes set forth in this chapter, the department is authorized to continue in effect and carry out any such contract, lease, or concession or complete any such negotiation or accept any such bid or any modification of any of them which appears advantageous to the department without regard to any limitations or directions as to the manner thereof contained in this chapter. However, this section shall not be construed as requiring the department so to act, but this section is permissive only and then only in respect to contracts, leases, concessions, negotiations, or bids existing, entered into, or received prior to April 1, 1949. [1984 c 7 § 299; 1961 c 13 § 47.60.030. Prior: 1949 c 179 § 7; Rem. Supp. 1949 § 6584-36.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.60.040 Survey by department. For the purpose of obtaining information for the consideration of the department upon the acquisition of any ferries or ferry facilities or the construction of any toll bridge under this chapter, the department shall make any examination, investigation, survey, or reconnaissance for the determination of material facts pertaining thereto.

The cost of any such examination, investigation, survey, or reconnaissance, and all preliminary expenses leading up to and resulting in the issuance of any revenue bonds including, but not being limited to expenses in making surveys and appraisals and the drafting, printing, issuance, and sale of bonds under this chapter shall be borne by the department out of the motor vehicle fund. All such costs and expenses as well as any thereof herefore incurred shall be reimbursed to the motor vehicle fund out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived by the department through its operations hereunder. [1984 c 7 § 300; 1961 c 13 § 47.60.040. Prior: 1949 c 179 § 4, part; Rem. Supp. 1949 § 6584-33, part.]

[1984 c 7 § 301; 1961 c 13 § 47.60.050. Prior: 1949 c 179 § 3, part; Rem. Supp. 1949 § 6584-32, part.]

For the purpose of paying the cost of acquiring by lease, charter, contract, purchase, condemnation, or construction all or any part of such Puget Sound ferry system, including toll bridges, approaches, and roadways incidental thereto, and for rehabilitating, rebuilding, enlarging, or improving all or any part of the system, the department is authorized by resolution to issue its revenue bonds which shall constitute obligations only of the department and shall be payable solely and only from all or such part of the revenues from the operation of the system as may be provided in and by the resolution. Each revenue bond shall contain a recital that payment or redemption of the bond and payment of the interest thereon is secured by a direct charge and lien upon the tolls and revenues pledged for that purpose and that the bond does not constitute an indebtedness of the state of Washington.

The department is empowered to include in any resolution authorizing the issuance of the bonds such covenants,
stipulations, and conditions as may be deemed necessary with respect to the continued use and application of the income and revenues from the undertaking.

The revenue bonds may bear such date or dates, may mature at such time or times as the department determines, may bear interest at such rate or rates, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be made subject to such terms of redemption with or without premium, and may contain such other terms and covenants not inconsistent with this chapter as may be provided in the resolution. Notwithstanding the form or tenor thereof, and in the absence of an express recital on the face thereof that the bond is nonnegotiable, each such revenue bond shall at all times be and shall be treated as a negotiable instrument for all purposes. All such bonds shall be signed by the state treasurer and countersigned by the governor, and any interest coupons appertaining thereto shall bear the signature of the state treasurer. The countersignature of the governor on the bonds and the signature of the state treasurer on the coupons may be their printed or lithographed facsimile signatures.

Pending the issuance of definitive bonds, temporary or interim bonds, certificates, or receipts of any denomination and with or without coupons attached may be issued as may be provided by the resolution. [1984 c 7 § 303; 1961 c 13 § 47.60.080. Prior: 1949 c 179 § 4, part; Rem. Supp. 1949 § 6584-33, part.]

47.60.090 Sale of bonds—Deposit, disbursement of proceeds. All bonds issued under or by authority of this chapter shall be sold to the highest and best bidder after such advertising for bids as the department deems proper. However, the department may reject any and all bids so submitted and thereafter sell such bonds so advertised under such terms and conditions as it deems most advantageous to its own interests. The purchase price of all bonds issued under this chapter shall be paid to the state treasurer consistent with the provisions of the resolution pursuant to which the bonds have been issued or to the trustee designated in the bond resolution and held as a separate trust fund to be disbursed on the orders of the department. [1984 c 7 § 304; 1961 c 13 § 47.60.090. Prior: 1949 c 179 § 4, part; Rem. Supp. 1949 § 6584-33, part.]

Refunding bonds may be issued hereunder in a sufficient amount to provide additional funds for acquiring, constructing, reconstructing, rehabilitating, rebuilding, enlarging, or improving any toll bridge, toll road, toll tunnel, ferry system, or any other toll facility of any sort, and to pay all refunding costs and expenses and to provide adequate reserves for the toll facility and for any such refunding bonds. Various issues and series of such outstanding bonds, including refunding bonds, may be combined and refunded by a single issue of refunding bonds. The refunding bonds shall bear interest at such rates and mature at such times, without limitation by the interest rates or maturity of the bonds being refunded, and shall contain such other covenants and conditions as the department determines by resolution. [1984 c 7 § 305; 1961 c 13 § 47.60.113. Prior: 1957 c 152 § 1; 1955 c 17 § 1.]

(2) The ten-mile distance in subsection (1) of this section means ten statute miles measured by airline distance. The ten-mile restriction shall be applied by comparing the two end points (termini) of a state ferry crossing to those of a private ferry crossing.

(3) The Washington utilities and transportation commission may, upon written petition of a commercial ferry operator certificated or applying for certification under chapter 81.84 RCW, and upon notice and hearing, grant a waiver from the ten-mile restriction. The waiver must not be detrimental to the public interest. In making a decision to waive the ten-mile restriction, the commission shall consider, but is not limited to, the impact of the waiver on transportation congestion mitigation, air quality improvement, and the overall impact on the Washington state ferry system. The commission shall act upon a request for a waiver within ninety days after the conclusion of the hearing. A waiver is effective for a period of five years from the date of issuance. At the end of five years the waiver becomes permanent unless appealed within thirty days by the commission on its own motion, the department, or an interested party.

(4) The department shall not maintain and operate any ferry crossing or toll bridge over Puget Sound or any of its tributary or connecting waters that would infringe upon any franchise lawfully issued by the state and in existence and being exercised at the time of the location of the ferry crossing or toll bridge by the department, without first acquiring the rights granted to such franchise holder under the franchise. For the purpose of paying the cost of acquiring, constructing, or reconstructing ferries or ferry terminal facilities, and all costs which may be incurred in connection therewith, the department is authorized to issue interim revenue warrants, which shall constitute obligations only of the department, and which shall not be obligations of the state of Washington. Such warrants shall be payable solely out of part or all of the revenues derived from the operation of the Puget Sound ferry system as shall be provided in the resolution authorizing their issuance, and shall be drawn upon, and the principal thereof and interest thereon shall be payable out of, such fund or funds as shall be created in and provided by the resolution. The warrants may be interest-bearing coupon warrants with a fixed maturity date, or may be interest-bearing registered warrants payable in order of their issuance whenever there is sufficient money in the fund upon which they were drawn to redeem any of them. meaning of RCW 47.56.070. The department is empowered to rent, lease, or charter any property acquired under this chapter. If the department determines that any real property (including lands, improvements thereon, and any interests or estates) originally acquired for the ferry system is no longer required for the purposes of the ferry system, the department shall offer it for sale in the manner and with the authority authorized to the department by RCW 47.12.063 or 47.12.283. The secretary of transportation may adopt rules further implementing this section. The proceeds of all such sales shall be paid into the separate trust fund of the state treasury established pursuant to RCW 47.60.150. 47.60.135 Charter of state ferries for transporting hazardous materials. (1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible.

(2) Consistent with the policy as established in subsection (1) of this section, the general manager of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington State Ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus fifty percent of such actual costs rounded to the nearest fifty dollars. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.

(c) Recognizing the need for stabilized charter rates in order to encourage use of vessels, rates must be established and revised July 1st of each year and must remain fixed for a one-year period unless actual vessel operating costs increase five percent or more within that year, in which case the charter rates must be revised in accordance with (b) of this subsection.

(d) All charter agreements must be in writing and substantially in the form of (e) of this subsection and available, with calculations, for inspection by the legislature and the public.

(e) Parties chartering Washington State Ferry vessels shall comply with all applicable laws, rules, and regulations during the charter voyage, and failure to so comply is cause for immediate termination of the charter voyage.

"CHARTER CRUISE AGREEMENT"

On this . . . . day of . . . . . , Washington State Ferries (WSF) and . . . . . , hereinafter called Lessee, enter into this agreement for rental of a ferry vessel for the purpose of a charter voyage to be held on . . . . , the parties agree as follows:

1. WSF agrees to supply the vessel . . . . . (subject to change) for the use of the Lessee from the period from . . . . . to . . . . . on . . . . . (date).

2. The maximum number of passengers; or in the case of hazardous materials transports, trucks and trailers; that will be accommodated on the assigned vessel is . . . . . This number MAY NOT be exceeded.

3. The voyage will originate at . . . . . , and the route of travel during the voyage will be as follows:

4. The charge for the above voyage is . . . . . dollars ($ . . . ) plus a property damage deposit of $350 for a total price of $ . . . . . , to be paid by cashier’s check three working days before the date of the voyage at the offices of the WSF at Seattle Ferry Terminal, Pier 52, Seattle, Washington 98104. The Lessee remains responsible for property damage in excess of $350.

5. WSF is responsible only for the navigational operation of the chartered ferry and in no way is responsible for directing voyage activities, providing equipment, or any food service.

6. Other than for hazardous materials transport, the voyage activities must be conducted exclusively on the passenger decks of the assigned ferry. Voyage patrons will not be permitted to enter the pilot house or the engine room, nor shall the vehicle decks be used for any purpose other than loading or unloading of voyage patrons or hazardous materials.

7. If the Lessee or any of the voyage patrons will possess or consume alcoholic beverages aboard the vessel, the Lessee must obtain the appropriate licenses or permits from the Washington State Liquor Control Board. The Lessee must furnish copies of any necessary licenses or permits to WSF at the same time payment for the voyage is made. Failure to comply with applicable laws, rules, and regulations of appropriate State and Federal agencies is cause for immediate termination of the voyage, and WSF shall retain all payments made as liquidated damages.

8. WSF is not obligated to provide shore side parking for the vehicles belonging to voyage patrons.

9. The Lessee recognizes that the primary function of the WSF is for the cross-Sound transportation of the public and the maintaining of the existing schedule. The Lessee recognizes therefore the right of WSF to cancel a voyage commitment without liability to the Lessee due to unforeseen circumstances or events that require the use of the chartered vessel on its scheduled route operations. In the event of such a cancellation, WSF agrees to refund the entire amount of the charter fee to the Lessee.

10. The Lessee agrees to hold WSF harmless from, and shall process and defend at its own expense, all claims, demands, or suits at law or equity, of whatever nature brought against WSF arising in whole or in part from the performance of provisions of this agreement. This indemnity provision does not require the Lessee to defend or indemnify
WSF against any action based solely on the alleged negligence of WSF.

11. This writing is the full agreement between the parties.

Finding—1997 c 323: “The legislature finds that when established route operations and normal user requirements are not disrupted Washington state ferries may be used for the transportation of hazardous materials under the chartering procedures and rates described in RCW 47.60.135.” [1997 c 323 § 1.]

47.60.140 System as self-liquidating undertaking—Powers of department—Concessions. (1) The department is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue-producing and self-liquidating undertaking. The department has full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation, and maintenance of the ferry system, including toll bridges, approaches, and roadways incidental thereto that may be authorized by the department, including the collection of tolls and other charges for the services and facilities of the undertaking. The department has the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches, and landings, but, except as provided in subsection (2) of this section, no such leases or contracts may be entered into for more than ten years, nor without a competitive contract process, except as otherwise provided in this section. The competitive process shall be either an invitation for bids in accordance with the process established by chapter 43.19 RCW, or a request for proposals in accordance with the process established by RCW 47.56.030.

(2) As part of a joint development agreement under which a public or private developer constructs or installs improvements on ferry system property, the department may lease all or part of such property and improvements to such developers for that period of time, not to exceed fifty-five years, or not to exceed thirty years for those areas located within harbor areas, which the department determines is necessary to allow the developer to make reasonable recovery on its initial investment. 47.60.150 Fixing of charges—Deposit of revenues. Subject to the provisions of RCW 47.60.326, the schedule of charges for the services and facilities of the system shall be fixed and revised from time to time by the commission so that the tolls and other revenues deposited in the Puget Sound ferry operations account for maintenance and operation, and all moneys in the Puget Sound capital construction account available for debt service will yield annual revenue and income sufficient, after allowance for all operating, maintenance, and repair expenses to pay the interest and principal and sinking fund charges for all outstanding revenue bonds, and to create and maintain a fund for ordinary renewals and replacements: PROVIDED, That if provision is made by any resolution for the issuance of revenue bonds for the creation and maintenance of a special fund for rehabilitating, rebuilding, enlarging, or improving all or any part of the ferry system then such schedule of tolls and rates of charges shall be fixed and revised so that the revenue and income will also be sufficient to comply with such provision.

All income and revenues as collected shall be paid to the state treasurer for the account of the department and deposited into the Puget Sound ferry operations account. Nothing in this section requires tolls on the Hood Canal

Notwithstanding the provisions of RCW 47.56.240 and 47.56.245 the transportation commission shall not collect tolls on the Hood Canal bridge for any purpose except where necessary to comply with bond covenants. The cost of maintenance, upkeep, and repair may be paid from funds appropriated for the construction and maintenance of the primary state highways of the state of Washington. [1990 c 42 § 409.]

47.60.450  Additional revenue bonds, refunding bonds, authorized, 1961 Act—Revision of tolls to meet debt service. 47.60.500  Acquisition of additional ferries—Legislative finding—Department authority. (1) The legislature finds that the state’s ferry fleet available for mass transportation of people within the urban region of Puget Sound is critically deficient and that substantial financial assistance for the acquisition of new ferries is necessary if the Washington state ferries is to continue to fulfill its role in the Puget Sound regional urban transportation system.

(2) The department is authorized:

(a) To apply to the United States secretary of transportation for a financial grant to assist the state to acquire urgently needed ferries;

(b) To enter into an agreement with the United States secretary of transportation or other duly authorized federal officials and to assent to such conditions as may be necessary to obtain financial assistance for the acquisition of additional ferries. In connection with the agreement the department may pledge any moneys in the Puget Sound capital construction account, not required for debt service, in the motor vehicle fund or any moneys to be deposited in the account for the purpose of paying the state’s share of the cost of acquiring ferries. To the extent of the pledge the department shall use the moneys available in the Puget Sound capital construction account to meet the obligations as they arise. 47.60.502  Hood Canal bridge—Legislative finding—Authority to restore or replace. The legislature finds that high tides and hurricane force winds on February 13, 1979, caused conditions resulting in the catastrophic destruction of the Hood Canal bridge on state route 104, a state highway on the federal-aid system; and, as a consequence, the state of Washington has sustained a sudden and complete failure of a major segment of highway system with a disastrous impact on transportation services between the counties of Washington’s Olympic peninsula and the remainder of the state. The governor has by proclamation found that these conditions constitute an emergency. To minimize the economic loss and hardship to residents of the Puget Sound and Olympic peninsula regions, the department of transportation is authorized and directed to undertake immediately all necessary actions to restore interim transportation services across Hood Canal and Puget Sound and upon the Kitsap and Olympic peninsulas. The department is further authorized and directed to proceed immediately with all necessary measures to survey the damage to the Hood Canal bridge and to undertake the planning, design, and construction necessary to restore or replace the Hood Canal bridge. [1979 c 27 § 1.]

Severability—1979 c 27: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1979 c 27 § 10.]

The department of transportation is authorized and directed to take all necessary steps to obtain federal emergency relief funds to assist the state of Washington in restoring transportation services across Hood Canal and Puget Sound and upon the Kitsap and Olympic peninsulas, including both interim measures and the ultimate reconstruction or replacement of the Hood Canal bridge. [1979 c 27 § 2.]

Severability—1979 c 27: See note following RCW 47.60.502.

47.60.505 Puget Sound capital construction account—Created—Use. There is hereby created in the motor vehicle fund the Puget Sound capital construction account. All moneys hereafter deposited in said account shall be used by the department of transportation for:

1. Reimbursement of the motor vehicle fund for all transfers therefrom made in accordance with RCW 47.60.620; and

2. Improving the Washington state ferry system including, but not limited to, vessel acquisition, vessel construction, major and minor vessel improvements, terminal construction and improvements, and reconstruction or replacement of and improvements to, the Hood Canal bridge, reimbursement of the motor vehicle fund for any state funds, other than insurance proceeds, expended therefrom for reconstruction or replacement of and improvements to the Hood Canal bridge, pursuant to proper appropriations: PROVIDED, That any funds accruing to the Puget Sound capital construction account after June 30, 1979, which are not required to reimburse the motor vehicle fund pursuant to RCW 47.60.620 as such obligations come due nor are required for capital improvements of the Washington state ferries pursuant to appropriations therefor shall from time to time as shall be determined by the department of transportation be transferred by the state treasurer to the Puget Sound ferry operations account in the motor vehicle fund.

3. The department may pledge any moneys in the Puget Sound capital construction account or to be deposited in that account to guarantee the payment of principal or interest on bonds issued to refund the outstanding 1955 Washington state ferry system refunding bonds and the 1957 ferry and Hood Canal bridge revenue bonds.

The department may further pledge moneys in the Puget Sound capital construction account to meet any sinking fund requirements or reserves established by the department with respect to any bond issues provided for in this section.

To the extent of any pledge authorized in this section, the department shall use the first moneys available in the Puget Sound capital construction account to meet such obligations as they arise, and shall maintain a balance of not less than one million dollars in the account for this purpose.

4. The treasurer shall never transfer any moneys from the Puget Sound capital construction account for use by the department for state highway purposes so long as there is due and unpaid any obligations for payment of principal, interest, sinking funds, or reserves as required by any pledge of the Puget Sound capital construction account. Whenever the department has pledged any moneys in the account for the purposes authorized in this section, the state agrees to continue to deposit in the Puget Sound capital construction account the motor vehicle fuel taxes and special fuel taxes as provided in RCW 82.36.020 and 82.38.290 and further agrees that, so long as there exists any outstanding obligations pursuant to such pledge, to continue to impose such taxes.

5. Funds in the Puget Sound capital construction account of the motor vehicle fund that are not required by the department for payment of principal or interest on bond issues or for any of the other purposes authorized in this chapter may be invested by the department in bonds and obligations of the nature eligible for the investment of current state funds as provided in RCW 43.84.080. All moneys deposited in this account shall be expended pursuant to appropriations only for reimbursement of the motor vehicle fund for any state moneys, other than insurance proceeds, expended therefrom for alternate transportation services instituted as a result of the destruction of the Hood Canal bridge, and for maintenance and operation of the Washington state ferries including the Hood Canal bridge, supplementing as required the revenues available from the Washington state ferry system. [1979 c 27 § 4; 1972 ex.s. c 24 § 3.]

Severability—1979 c 27: See note following RCW 47.60.502.

47.60.550 Parking or holding area for ferry patrons in conjunction with municipal off-street parking facilities. (1) Whenever a county, city, or other municipal corporation acquires or constructs a facility to be used in whole or in part for off-street parking of motor vehicles which is in the immediate vicinity of an existing or planned ferry terminal, the department may enter into an agreement with the local governmental body providing for the use in part or at specified times of the facility as a holding area for traffic waiting to board a ferry or for parking by ferry patrons.

2. As a part of an agreement authorized by subsection (1) of this section, the department, subject to the limitations contained in RCW 47.60.505, may pledge any moneys in the Puget Sound capital construction account in the motor vehicle fund, or to be deposited in the account, to guarantee the payment of principal and interest on bonds issued by a county, city, or other municipal corporation to finance the acquisition or construction of the parking facility. In making the pledge, the department shall reserve the right to issue its own bonds for the purpose of paying the costs of acquiring ferry vessels with the provision that the bonds shall rank on parity with the bonds authorized by this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account.
The department shall also reserve the right to pledge moneys in the Puget Sound capital construction account to guarantee subsequent bonds issued by any county, city, or other municipal corporation to finance parking facilities as authorized in subsection (1) of this section with the provision that the subsequent bonds shall rank on parity with prior bonds guaranteed pursuant to this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account. To the extent of any pledge herein authorized, the department shall use the first moneys available in the Puget Sound capital construction account to meet the obligations as they arise. 47.60.560 General obligation bonds—Ferries—Authorized—Purposes—Passenger-only vessels—Issuance, sale, and retirement. In order to provide funds necessary for vessel acquisition, vessel construction, major and minor vessel improvements, and terminal construction and improvements for the Washington state ferries, there shall be issued and sold upon the request of the department general obligation bonds of the state of Washington in the sum of one hundred thirty-five million dollars or such amount thereof as may be required (together with other funds available therefor). If the state of Washington is able to obtain matching funds from the urban mass transportation administration or other federal government agencies for the acquisition of passenger-only vessels capable of operating as an integral part of the Washington state ferries on Puget Sound and the Straits of Juan de Fuca, a sufficient amount of the proceeds of the bonds authorized herein shall be used to pay the state’s share of the acquisition cost of the passenger-only vessels. Upon request being made by the department, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in accordance with chapter 39.42 RCW. The bonds may be sold from time to time in such amounts as may be necessary for the orderly progress in constructing the ferries. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.60.560 through 47.60.640 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.60.560 through 47.60.640 and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.60.560 through 47.60.640. [1995 c 274 § 18; 1977 ex.s. c 360 § 3.]
Severability—1977 ex.s. c 360: See note following RCW 47.60.560.

47.60.590 Repayment of bonds—Fund sources. Any funds required to repay the bonds authorized by RCW 47.60.560 or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state for expenditure pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1977 ex.s. c 360 § 4.]
Severability—1977 ex.s. c 360: See note following RCW 47.60.560.

47.60.600 Bonds—Powers and duties of state finance committee. At least one year prior to the date any
interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.60.590, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the ferry bond retirement fund hereby created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for the interest on and principal of all bonds issued shall be fully met at all times. [1977 ex.s. c 360 § 5.]

Severability—1977 ex.s. c 360: See note following RCW 47.60.560.

47.60.610 Excess repayment funds—Disposition. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the bond retirement fund proves more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee and with the concurrence of the department, be available for the prior redemption of any bonds or remain available in the fund to reduce requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1984 c 7 § 337; 1977 ex.s. c 360 § 6.]

Severability—1977 ex.s. c 360: See note following RCW 47.60.560.

47.60.620 Reimbursements and transfers of funds. Whenever, pursuant to RCW 47.60.600, the state treasurer shall transfer funds from the motor vehicle fund to the ferry bond retirement fund, the state treasurer shall at the same time reimburse the motor vehicle fund in an identical amount from the Puget Sound capital construction account. After each transfer by the treasurer of funds from the motor vehicle fund to the bond retirement fund and to the extent permitted by RCW 47.60.420, 47.60.505(3), and 47.60.505(4), the obligation to reimburse the motor vehicle fund as required herein shall constitute a first and prior charge against the funds within and accruing to the Puget Sound capital construction account, including the proceeds of the additional two-tenths of one percent excise tax imposed by *RCW 82.44.020, as amended by chapter 332, Laws of 1977 ex. sess. All funds reimbursed to the motor vehicle fund as provided herein shall be distributed to the state for expenditure pursuant to RCW 46.68.130. [1986 c 66 § 11; 1977 ex.s. c 360 § 7.]

*Reviser’s note: RCW 82.44.020 was repealed by 2000 1st sp.s. c 1 § 2.

[Title 47 RCW—page 210]
Any contractor desiring to submit bids or proposals for ferry system construction or repair contracts as described in RCW 47.60.680 shall file an application for prequalification with the department. The application shall be on a standard form supplied by the department. The form shall require a complete statement of the applicant’s financial ability, including a statement of the applicant’s current net assets and working capital. The form shall require such additional information as may be necessary for the department to determine whether or not the applicant is entitled to be prequalified in accordance with RCW 47.60.680 through 47.60.760 and the rules adopted thereunder. [1983 c 133 § 3.]

47.60.654 Passenger-only ferry service—Contingency. The department’s authority to proceed with the acquisition, procurement, and construction of vessels and terminals authorized under RCW 47.60.652 is contingent on a legislative appropriation approving that authority: PROVIDED, That the appropriation does not reduce the current level of funding for the maintenance and repair of vessels and terminals in service as of June 11, 1998. [1998 c 166 § 3.]

Reviser’s note: Cf. 1998 c 346 § 913.

47.60.680 Prequalification of contractors required. No contract for the construction, improvement, or repair of a ferry, ferry terminal, or other facility operated by the Washington state ferries or for the repair, overhaul, or the dry-docking of any ferry operated by Washington state ferries may be awarded to any contractor who has not first been prequalified to perform the work by the department of transportation. No bid or proposal for such a contract may be received from any contractor who has not first been prequalified to perform the work by the department of transportation. [1983 c 133 § 1.]

47.60.690 Qualifications of contractor—Rules to assure. The secretary of transportation shall adopt rules prescribing standards and criteria to assure that each ferry system construction and repair contract described in RCW 47.60.680 shall be awarded to a competent and responsible contractor who has all of the following qualifications:

(1) Adequate financial resources, which may take into account the ability of the contractor to secure such resources;

(2) The necessary organization, personnel, equipment, facilities, experience, and technical qualification[s] to perform ferry system construction and repair contracts generally and with respect to any specific contract such additional special qualifications as may be necessary to perform the contract;

(3) The ability to comply with the department’s performance schedules taking into account the outstanding work on all of the contractor’s construction and repair contracts;

(4) A satisfactory record of performing previous contracts;

(5) A satisfactory record of integrity, judgment, and skills; and

(6) Such other qualifications as the secretary may prescribe to assure that prequalified contractors are competent and responsible. [1983 c 133 § 2.]

(2002 Ed.)
47.60.740 Rejection of bid despite pre-qualification—Unqualified bidder. If the department finds, after the opening of bids, that facts exist that would disqualify the lowest bidder, or that the lowest bidder is not competent or responsible in accordance with the standards and criteria for prequalifying contractors, the department shall reject the bid despite the prior prequalification of the bidder. No contract may be awarded to a bidder not qualified to bid on it at the time fixed for receiving bids. [1983 c 133 § 7.]

47.60.750 Appeal of refusal, modification, or revocation of prequalification. The action of the department in refusing, modifying, or revoking the prequalification of any contractor under RCW 47.60.680 through 47.60.740 is conclusive unless an appeal is filed with the Thurston county superior court within ten days after receiving written notice of the refusal, modification, or revocation. The appeal shall be heard summarily within twenty days after the appeal is taken and on five days notice thereof to the department. The court shall hear any such appeal on the administrative record that was before the department. The court may affirm the decision of the department, or it may reverse the decision if it determines the action of the department was arbitrary or capricious. [1983 c 133 § 8.]

47.60.760 Financial information regarding qualifying not public. The department of transportation shall not be required to make available for public inspection and copying financial information supplied by any person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for a ferry system construction or repair contract as required by RCW 47.60.680 through 47.60.750. [1983 c 133 § 9.]

47.60.770 Jumbo ferry construction—Notice. Whenever the department is authorized to construct one or more new jumbo ferry vessels under this chapter, it shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice shall contain, but not be limited to, the following information:

(1) The number of jumbo ferry vessels to be constructed and the proposed delivery date for each vessel;

(2) A short summary of the requirements for prequalification of bidders including a statement that prequalification is a prerequisite to consideration by the department of any bid, and a statement that the bidder shall submit its bid for the vessel in compliance with the plans and specifications supplied by the state; and

(3) An address and telephone number that may be used to obtain the bid package. [1993 c 493 § 1.]

47.60.778 Jumbo ferry construction—Bid deposits—
Low bidder claiming error. Bids submitted by firms under
this section constitute an offer and shall remain open for
ninety days. When submitted, each bid shall be accompa-
nied by a deposit in cash, certified check, cashier’s check, or
surety bond in an amount equal to five percent of the bid
amount, and no bid may be considered unless the deposit is
enclosed. If the department awards a contract to a firm and
the firm fails to enter into a contract or fails to furnish a
satisfactory contract security as required by RCW 39.08.100,
its deposit shall be forfeited to the state and be deposited by
the state treasurer to the credit of the Puget Sound capital
construction account. A low bidder who claims error and
fails to enter into a contract is prohibited from bidding on
the same project if a second or subsequent call for bids is
made for the project. Upon the execution of a ferry con-
struction contract for the construction of new jumbo ferries,
all bid deposits shall be returned. [1996 c 18 § 9; 1993 c

47.60.780 Jumbo ferry construction—Propulsion
system acquisition. (1) The department may enter into a
contract for the acquisition of the propulsion system, or any
component of it, including diesel engines and spare parts, for
installation into one or more of the three Jumbo Class Mark
ferry vessels authorized under this chapter. This authori-
does not limit the department from obtaining and
installing the propulsion system, or any component of it, as
incidental to the overall vessel construction contract autho-
rized under RCW 47.60.770 through 47.60.778, nor from
proceeding to complete an existing contract for acquisition
of the propulsion system or any component of it.
(2) Acquisition of a propulsion system, or any compo-
ent of it, for the Jumbo Class Mark II ferries by the
department under this section is exempt from chapter 43.19
RCW.
(3) Whenever the department decides to enter into an
acquisition contract under this section it shall publish a
notice of its intent to negotiate such a contract once a week
for at least two consecutive weeks in one trade newspaper
and one other newspaper, both of general circulation in the
state. The notice must contain, but is not limited to, the
following information:
(a) The identity of the propulsion system or components
to be acquired and the proposed delivery dates for the
propulsion system or components;
(b) An address and telephone number that may be used
to obtain the request for proposal.
(4) The department shall send to any firm that requests
it, a request for proposal outlining the design and construc-
tion requirements for the propulsion system, including any
desired components. The request for proposal must include,
but is not limited to, the following information:
(a) The proposed delivery date for each propulsion
system or desired component and the location where delivery
will be taken;
(b) The form and formula for contract security;
(c) A copy of the proposed contract;
(d) The date by which proposals must be received by
the department in order to be considered; and
(e) A statement that any proposal submitted constitutes
an offer and must remain open until ninety days after the
deadline for submitting proposals, together with an explana-
tion of the requirement that all proposals submitted must be
accompanied by a deposit in the amount of five percent of
the proposed cost.
(5) The department shall evaluate all timely proposals
received for: (a) Compliance with the requirements specified
in the request for proposal; and (b) suitability of each firm’s
proposal by applying appropriate criteria to be developed by
the department: (i) To assess the ability of the firm to
expeditiously and satisfactorily perform and (ii) to accom-
plish an acquisition that is most advantageous to the depart-
ment. A portion of the technical requirements addressed in
the request for proposal shall include, but is not limited to,
user verifications of manufacturer’s reliability claims; the
quality of engine maintenance documentation; and engine
compatibility with ship design.
(6) The criteria to select the most advantageous diesel
engine under subsection (5)(b)(ii) shall consist of life-cycle
cost factors weighted at forty-five percent; and operational
factors weighted as follows: Reliability at twenty percent,
maintainability at twenty percent, and engine performance at fifteen percent. For purposes of this subsection, the life-cycle cost factors shall consist of the costs for engine acquisition and warranty, spare parts acquisition and inventory, fuel efficiency and lubricating oil consumption, and commonality. The fuel efficiency and lubricating oil consumption life-cycle cost factors shall receive not less than twenty percent of the total evaluation weighting and shall be evaluated under a format similar to that employed in the 1992 M.V. Tyee engine replacement contract. The reliability factors shall consist of the length of service and reliability record in comparable uses, and mean time between overhauls. The mean time between overhauls evaluation shall be based upon the manufacturer’s required hours between change of wear components. The maintainability factors shall consist of spare parts availability, the usual time anticipated to perform typical repair functions, and the quality of factory training programs for ferry system maintenance staff. The performance factors shall consist of load change responsiveness, and air quality of exhaust and engine room emissions.

(7) Upon concluding its evaluation, the department shall:
   (a) Select the firm presenting the proposal most advantageous to the department, taking into consideration compliance with the requirements stated in the request for proposal, and the criteria developed by the department, and rank the remaining firms in order of preference, judging them by the same standards; or
   (b) Reject all proposals as not in compliance with the requirements contained in the request for proposals.

(8) The department shall immediately notify those firms that were not selected as the firm presenting the most advantageous proposal of the department’s decision. The department’s decision is conclusive unless an aggrieved firm appeals the decision to the superior court of Thurston county within five days after receiving notice of the department’s final decision. The appeal shall be heard summarily within ten days after it is taken and on five days’ notice to the department. The court shall hear the appeal on the administrative record that was before the department. The court may affirm the decision of the department, or it may reverse the decision if it determines the action of the department is arbitrary or capricious.

(9) Upon selecting the firm that has presented the most advantageous proposal and ranking the remaining firms in order of preference, the department shall:
   (a) Negotiate a contract with the firm presenting the most advantageous proposal; or
   (b) If a final agreement satisfactory to the department cannot be negotiated with the firm presenting the most advantageous proposal, the department may then negotiate with the firm ranked next highest in order of preference. If necessary, the department may repeat this procedure and negotiate with each firm in order of rank until the list of firms has been exhausted.

(10) Proposals submitted by firms under this section constitute an offer and must remain open for ninety days. When submitted, each proposal must be accompanied by a deposit in cash, certified check, cashier’s check, or surety bond in the amount equal to five percent of the amount of the proposed contract price, and the department may not consider a proposal that has no deposit enclosed with it. If the department awards a contract to a firm under the procedure set forth in this section and the firm fails to enter into the contract and furnish the required contract security within twenty days, exclusive of the day of the award, its deposit shall be forfeited to the state and deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a contract all proposal deposits shall be returned. [1994 c 181 § 2.]

Finding and intent—1994 c 181: “The legislature finds and declares that:

A 1991 legislative study, conducted by Booz. Allen, Hamilton and M. Rosenblatt and Son, examining the Washington state ferries’ management of its vessel refurbishment and construction program, resulted in recommendations for improvements and changes in the vessel refurbishment and construction program. These legislatively adopted recommendations encourage and support input by Washington state ferries’ engineers in the development of refurbishment and new construction project requirements.

The recommendations of the Booz. Allen study have been applied to the construction of the Jumbo Class Mark II ferries through the appointment of a Jumbo Class Mark II steering committee comprised of current state ferry engineers responsible for the design, operation, and maintenance of state ferry vessels.

The steering committee, in carrying out the recommendations of the Booz. Allen study, has determined that the procedure for the procurement of equipment, parts, and supplies for the Jumbo Class Mark II ferry vessels authorized by RCW 47.60.770 through 47.60.778, must take into consideration, in addition to life-cycle cost criteria, criteria that are essential to the operation of a public mass transportation system responsive to the needs of Washington state ferries’ users, and that assess the reliability, maintainability, and performance of equipment, parts, and supplies to be installed in the Jumbo Mark II ferries.

The construction of the new Jumbo Class Mark II ferry vessels authorized by RCW 47.60.770 through 47.60.778 is critical to the welfare of the state and any delay in the immediate construction of the ferries will result in severe hardship and economic loss to the state and its citizens. Recognizing these findings, it is the intent of the legislature that the vessel construction should not be delayed further because of the acquisition of a propulsion system, or any component of it, for the ferries, and the department may not authorize the construction of the ferries prior to the selection of a final propulsion system.

The purpose of this chapter is to authorize the use, by the department, of supplemental, alternative contracting procedures for the procurement of a propulsion system, and the components thereof, for the Jumbo Class Mark II ferries; and to prescribe appropriate requirements and criteria to ensure that contracting procedures for such procurement serve the public interest. [1994 c 181 § 1.]

Effective date—1994 c 181: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 30, 1994].” [1994 c 181 § 4.]

47.60.800 General obligation bonds—1992 issue—Purpose—Issuance and sale. In order to provide funds necessary for vessel and terminal acquisition, construction, and major and minor improvements, including long lead time materials acquisition for the Washington state ferries, there shall be issued and sold upon the request of the Washington state transportation commission and legislative appropriation a total of two hundred ten million dollars of general obligation bonds of the state of Washington. [1992 c 158 § 1.]

47.60.802 Bonds—1992 issue—Supervision of sale by state finance committee—Option of short-term obligations. (1) Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.60.800 through 47.60.808 in accordance with chapter 39.42 RCW. The bonds may be
sold from time to time in such amounts as may be necessary for the purposes under RCW 47.60.800. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

(2) The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [1992 c 158 § 2.]

47.60.804 Bonds—1992 issue—Use of proceeds. The proceeds from the sale of bonds authorized by RCW 47.60.800 through 47.60.808 shall be deposited in the Puget Sound capital construction account of the motor vehicle fund and such proceeds shall be available only for the purposes under RCW 47.60.800, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [1992 c 158 § 3.]

47.60.806 Bonds—1992 issue—Payment of principal and interest from pledged excise taxes. Bonds issued under the authority of RCW 47.60.800 through 47.60.808 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest shall be first payable in the manner provided in RCW 47.60.800 through 47.60.808 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW and distributed to the state pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.60.800 through 47.60.808, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.60.800 through 47.60.808. [1995 c 274 § 19; 1992 c 158 § 4.]

47.60.808 Bonds—1992 issue—Payment from ferry bond retirement fund. Both principal and interest on the bonds issued for the purposes of RCW 47.60.800 through 47.60.808 shall be payable from the ferry bond retirement fund authorized in RCW 47.60.600. Whenever, pursuant to RCW 47.60.800 and 47.60.806, the state treasurer transfers funds from the motor vehicle fund to the ferry bond retirement fund, the state treasurer may at the same time reimburse the motor vehicle fund in an identical amount from the Puget Sound capital construction account. [1992 c 158 § 5.]

47.60.810 Design-build ferries—Authorized—Phases defined. (1) The department may purchase new auto ferries through use of a modified request for proposals process whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (2) of this section.

(2) The definitions in this subsection apply throughout RCW 47.60.812 through 47.60.822.

(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries. [2001 c 226 § 4.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.812 Design-build ferries—Notice of request for proposals. To commence the request for proposals process, the department shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice must contain, but is not limited to, the following information:

(1) The number of auto ferries to be procured, the auto and passenger capacities, the delivery dates, and the estimated price range for the contract;

(2) A statement that a modified request for proposals process, the department shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice must contain, but is not limited to, the following information:

(3) A short summary of the requirements for prequalification of proposers including a statement that prequalification is a prerequisite to submittal of a proposal in phase one; and

(4) An address and telephone number that may be used to obtain a prequalification questionnaire and the request for proposals. [2001 c 226 § 5.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.814 Design-build ferries—Issuance of request for proposals. Subject to legislative appropriation for the procurement of vessels, the department shall issue a request for proposals to interested parties that must include, at least, the following:

(1) Solicitation of a proposal to participate in a design and build partnership with the department to design and construct the auto ferries;

(2) Instructions on the prequalification process and procedures;

(3) A description of the modified request for proposals process. Under this process, the department may modify any component of the request for proposals, including the outline specifications, by addendum at any time before the submittal of bids in phase three;

(5) Outline specifications that provide the requirements for the vessels including, but not limited to, items such as length, beam, displacement, speed, propulsion requirements, capacities for autos and passengers, passenger space characteristics, and crew size. The department will produce notional line drawings depicting hull geometry that will interface with Washington state ferries terminal facilities. Notional lines may be modified in phase two, subject to approval by the department;
(6) Instructions for the development of technical proposals in phase two, and information regarding confidentiality of technical proposals;
(7) The vessel delivery schedule, identification of the port on Puget Sound where delivery must take place, and the location where acceptance trials must be held;

(9) The form and amount of the required bid deposit and contract security;
(10) A copy of the contract that will be signed by the successful proposer;
(11) The date by which proposals in phase one must be received by the department in order to be considered;
(12) A description of information to be submitted in the proposals in phase one concerning each proposer's qualifications, capabilities, and experience;
(13) A statement of the maximum number of proposers that may be selected in phase one for development of technical proposals in phase two;
(14) Criteria that will be used for the phase one selection of proposers to participate in the phase two development of technical proposals;
(15) A description of the process that will be used for the phase three submittal and evaluation of bids, award of the contract, and postaward administrative activities;
(16) A requirement that the contractor comply with all applicable laws, rules, and regulations including but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;
(17) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this subsection, "constructed" means the fabrication, by the joining together by welding or fastening of all steel parts from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting; and
(18) A requirement that all warranty work on the vessel must be performed within the boundaries of the state of Washington, insofar as practical. [2001 c 226 § 6.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.816 Design-build ferries—Phase one. Phase one of the request for proposals process consists of evaluation and selection of prequalified proposers to participate in subsequent development of technical proposals in phase two, as follows:
(1) The department shall issue a request for proposals to interested parties.
(2) The request for proposals must require that each proposer prequalify for the contract under chapter 468-310 WAC, except that the department may adopt rules for the financial prequalification of proposers for this specific contract only. The department shall modify the financial prequalification rules in chapter 468-310 WAC in order to maximize competition among financially capable and otherwise qualified proposers. In adopting these rules, the department shall consider factors including, without limitation: (a) Shipyard resources in Washington state; (b) the cost to design and construct multiple vessels under a single contract without options; and (c) the sequenced delivery schedule for the vessels.
(3) The department may use some, or all, of the nonfinancial prequalification factors as part of the evaluation factors in phase one to enable the department to select a limited number of best qualified proposers to participate in development of technical proposals in phase two.
(4) The department shall evaluate submitted proposals in accordance with the selection criteria established in the request for proposals. Selection criteria may include, but are not limited to, the following:
(a) Shipyard facilities;
(b) Organization components;
(c) Design capability;
(d) Build strategy;
(e) Experience and past performance;
(f) Ability to meet vessel delivery dates;
(g) Projected workload; and
(h) Expertise of project team and other key personnel.
(5) Upon concluding its evaluation of proposals, the department shall select the best qualified proposers in accordance with the request for proposals. The selected proposers must participate in development of technical proposals. Selection must be made in accordance with the selection criteria stated in the request for proposals. All proposers must be ranked in order of preference as derived from the same selection criteria. [2001 c 226 § 7.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.818 Design-build ferries—Phase two. Phase two of the request for proposals process consists of preparation of technical proposals in consultation with the department, as follows:
(1) The development of technical proposals in compliance with the detailed instructions provided in the request for proposals, including the outline specifications, and any addenda to them. Technical proposals must include the following:
(a) Design and specifications sufficient to fully depict the ferries' characteristics and identify installed equipment;
(b) Drawings showing arrangements of equipment and details necessary for the proposer to develop a firm, fixed price bid;
c) Project schedule including vessel delivery dates; and 
(d) Other appropriate items.

(2) The department shall conduct periodic reviews with each of the selected proposers to consider and critique their designs, drawings, and specifications. These reviews must be held to ensure that technical proposals meet the department's requirements and are responsive to the critiques conducted by the department during the development of technical proposals.

(3) If, as a result of the periodic technical reviews or otherwise, the department determines that it is in the best interests of the department to modify any element of the request for proposals, including the outline specifications, it shall do so by written addenda to the request for proposals.

(4) Proposers must submit final technical proposals for approval that include design, drawings, and specifications at a sufficient level of detail to fully depict the ferries' characteristics and identify installed equipment, and to enable a proposer to deliver a firm, fixed price bid to the department. The department shall reject final technical proposals that modify, fail to conform to, or are not fully responsive to and in compliance with the requirements of the request for proposals, including the outline specifications, as amended by addenda. [2001 c 226 § 8.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.820 Design-build ferries—Phase three. Phase three consists of the submittal and evaluation of bids and the award of the contract to the successful proposer for the final design and construction of the auto ferries, as follows:

(1) The department shall request bids for detailed design and construction of the vessels after completion of the review of technical proposals in phase two. The department will review detailed design drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department's review replace the builder's responsibility to deliver a product meeting the phase two technical proposal. The department may only consider bids from selected proposers that have qualified to bid by submitting technical proposals that have been approved by the department.

(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the bid is based upon its approved technical proposal and the request for proposals.

(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit in cash, certified check, cashier's check, or surety bond in an amount specified in the request for proposals must accompany each bid and no bid may be considered unless the deposit is enclosed.

(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the department may select the responsive and responsible proposer that offers the lowest total bid price for all vessels.

(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for proposals to serve the best interests of the department.

(6) The department may:

(a) Award the contract to the proposer that has been selected as the responsive and responsible proposer that has submitted the lowest total bid price;
(b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next lowest responsive and responsible proposer; or
(c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank until the list of those proposers has been exhausted.

(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days from the date of award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract all proposal deposits will be returned.

(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for a portion of its technical proposal preparation costs at a preset, fixed amount to be specified in the request for proposals. If the department rejects all bids, the department may provide the honoraria to all phase three proposers that submitted bids. [2001 c 226 § 9.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.822 Design-build ferries—Notice to proposers not selected—Appeal. (1) The department shall immediately notify those proposers that are not selected to participate in development of technical proposals in phase one and those proposers who submit unsuccessful bids in phase three.

(2) The department's decision is conclusive unless an aggrieved proposer files an appeal with the superior court of Thurston county within five days after receiving notice of the department's award decision. The court shall hear any such appeal on the department's administrative record for the project. The court may affirm the decision of the department, or it may reverse or remand the administrative decision if it determines the action of the department was arbitrary and capricious. [2001 c 226 § 10.]

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

Title 47 RCW: Public Highways and Transportation

47.61.010 Authority to enter into agreement and apply for financial assistance. Recognizing that the Washington state ferries system is an integral part of the state highway system, the department is authorized to enter into an agreement with the administrator of the housing and home finance agency and to make application for a grant for financial assistance for the acquisition by construction or purchase of new vessels pursuant to the provisions of the Urban Mass Transportation Act of 1964. [1984 c 7 § 338; 1965 ex.s. c 56 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.61.020 Bonds for matching funds—Issuance and sale. In order to provide necessary state matching funds as required by the Urban Mass Transportation Act of 1964, there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eleven million dollars, or such amount thereof and at such times as determined to be necessary by the state highway commission. No bonds shall be issued under the provisions of this chapter until the administrator of the housing and home finance agency has approved a grant to the Washington state highway commission of not less than fifty percent of the cost of acquisition of vessels referred to in RCW 47.61.010. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the Washington state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as may be necessary for the orderly progress of said project. [1965 ex.s. c 56 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term “Washington state highway commission” means department of transportation; see RCW 47.04.015.

47.61.030 Term of bonds—Terms and conditions. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the time of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. [1965 ex.s. c 56 § 3.]

47.61.040 Bonds—Signatures—Registration—Where payable—Negotiable instruments. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1965 ex.s. c 56 § 4.]

47.61.050 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of this chapter shall be legal investment for any of the funds of the state, except the permanent school fund. [1965 ex.s. c 56 § 5.]

47.61.060 Proceeds of bonds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the acquisition by construction or purchase of new ferry vessels and for the payment of all expense incurred in the drafting, printing, issuance, and sale of any such bonds. [1965 ex.s. c 56 § 6.]

47.61.070 Statement describing nature of bond obligation—Pledge of excise taxes. Bonds issued under the provisions of this chapter shall distinctly state that they are not a general obligation of the state but are payable in the manner provided in this chapter from the proceeds of state excise taxes on motor vehicle fuels imposed by chapters 82.36 and *82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of this chapter, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of this chapter. [1965 ex.s. c 56 § 7.]

*Reviser's note: Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33, effective January 1, 1972.

47.61.080 Bonds to reflect terms and conditions of grant agreement. Bonds issued under the provisions of RCW 47.61.020 shall fully reflect the terms and conditions of the grant agreement to be executed pursuant to the provisions of RCW 47.61.010. [1965 ex.s. c 56 § 8.]

47.61.090 Designation of funds to repay bonds and interest. Funds required to repay the bonds, or the interest thereon when due, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is, or may be appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of the funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on the bonds. [1984 c 7 § 339; 1965 ex.s. c 56 § 9.]

Severability—1984 c 7: See note following RCW 47.01.141.
47.61.100 Bond repayment procedure—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under the provisions of this chapter when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1965 ex.s. c 56 § 10.]

47.61.110 Sums in excess of bond retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, or in the event there is appropriated from time to time additional amounts to be placed in the said bond retirement fund, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1965 ex.s. c 56 § 11.]

47.64.005 Declaration of policy. The state of Washington, as a public policy, declares that sound labor relations are essential to the development of a ferry and bridge system which will best serve the interests of the people of the state. [1961 c 13 § 47.64.005. Prior: 1949 c 148 § 1; Rem. Supp. 1949 § 6524-22.]

47.64.006 Public policy. The legislature declares that it is the public policy of the state of Washington to: (1) Provide continuous operation of the Washington state ferry system at reasonable cost to users; (2) efficiently provide levels of ferry service consistent with trends and forecasts of ferry usage; (3) promote harmonious and cooperative relationships between the ferry system and its employees by permitting ferry employees to organize and bargain collectively; (4) protect the citizens of this state by assuring effective and orderly operation of the ferry system in providing for their health, safety, and welfare; (5) prohibit and prevent all strikes or work stoppages by ferry employees; (6) protect the rights of ferry employees with respect to employment; and (7) promote just and fair compensation, benefits, and working conditions for ferry system employees as compared with public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia in directly comparable but not necessarily identical positions. [1989 c 327 § 1; 1983 c 15 § 1.]
47.64.060 Federal social security—State employees’ retirement. All employees engaged in the operation of ferries acquired by the department shall remain subject to the federal social security act and shall be under the state employees’ retirement act. The department shall make such deductions from salaries of employees and contributions from revenues of the department as shall be necessary to qualify the employees for benefits under the federal social security act. The appropriate officials are authorized to contract with the secretary of health, education and welfare to effect the coverage. [1984 c 7 § 340; 1961 c 13 § 47.64.060. Prior: 1957 c 271 § 7; 1951 c 82 § 2; 1949 c 148 § 5; Rem. Supp. 1949 § 6524-26.] 
Severability—1984 c 7: See note following RCW 47.01.141.

47.64.120 Scope of negotiations—Interest on retroactive compensation increases. (1) Ferry system management and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times, to negotiate in good faith with respect to wages, hours, working conditions, insurance, and health care benefits as limited by RCW 47.64.270, and other matters mutually agreed upon. Employer funded retirement benefits shall be provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining.

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties. [1997 c 436 § 1; 1983 c 15 § 3.] 

47.64.130 Unfair labor practices for employer, employee organization. (1) It is an unfair labor practice for ferry system management or its representatives:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;
(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it: PROVIDED, That subject to rules made by the commission pursuant to RCW 47.64.280, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hiring, tenure of employment, or any term or condition of employment, but nothing contained in this subsection prevents an employer from requiring, as a condition of continued employment, payment of periodic dues and fees uniformly required to an exclusive bargaining representative pursuant to RCW 47.64.160: PROVIDED, That nothing prohibits ferry system management from agreeing to obtain employees by referral from a lawful hiring hall operated by or participated in by a labor organization;

(d) To discharge or otherwise discriminate against an employee because he has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the representatives of its employees.

(2) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce (i) employees in the exercise of the rights guaranteed by this chapter: PROVIDED, That this paragraph does not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership therein, or (ii) an employer in the selection of his representatives for the purposes of collective bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To refuse to bargain collectively with an employer, when it is the representative of its employees subject to RCW 47.64.170.

(3) The expression of any view, argument, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this chapter, if the expression contains no threat of reprisal or force or promise of benefit. [1983 c 15 § 4.]

47.64.140 Strikes, work stoppages, and lockouts prohibited. (1) It is unlawful for any ferry system employee or any employee organization, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike or work stoppage against the ferry system.

(2) It is unlawful for ferry system management to authorize, consent to, or condone a strike or work stoppage; or to conduct a lockout; or to pay or agree to pay any ferry system employee for any day in which the employee participates in a strike or work stoppage; or to pay or agree to pay any increase in compensation or benefits to any ferry system employee in response to or as a result of any strike or work stoppage or any act that violates subsection (1) of this section. It is unlawful for any official, director, or representative of the ferry system to authorize, ratify, or participate in any violation of this subsection. Nothing in this subsection prevents new or renewed bargaining and agreement within the scope of negotiations as defined by this chapter, at any time. No collective bargaining agreement provision regarding suspension or modification of any court-ordered penalty provided in this section is binding on the courts.

(3) In the event of any violation or imminently threatened violation of subsection (1) or (2) of this section, any citizen domiciled within the jurisdictional boundaries of the state may petition the superior court for Thurston county for an injunction restraining the violation or imminently threatened violation. Rules of civil procedure regarding injunctions apply to the action. However, the court shall grant a temporary injunction if it appears to the court that a violation has occurred or is imminently threatened; the plaintiff need not show that the violation threatened would greatly or irreparably injure him or her; and no bond may be required of the plaintiff unless the court determines that a bond is necessary in the public interest. Failure to comply with any temporary or permanent injunction granted under this section is a contempt of court as provided in chapter 7.21 RCW. The court may impose a penalty of up to ten thousand dollars for an employee organization or the ferry system, for each day during which the failure to comply continues. The sanctions for a ferry employee found to be in contempt shall be as provided in chapter 7.21 RCW. An individual or an employee organization which makes an active good faith effort to comply fully with the injunction shall not be deemed to be in contempt.

(4) The right of ferry system employees to engage in strike or work slowdown or stoppage is not granted and nothing in this chapter may be construed to grant such a right.

(5) Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

(6) In addition to the remedies and penalties provided by this section the successful litigant is entitled to recover reasonable attorney fees and costs incurred in the litigation.

(7) Notwithstanding the provisions of chapter 88.04 RCW and chapter 88.08 RCW, the department of transportation shall promulgate rules and regulations allowing vessels, as defined in *RCW 88.04.300, as well as other watercraft, to engage in emergency passenger service on the waters of Puget Sound in the event ferry employees engage in a work slowdown or stoppage. Such emergency rules and regulations shall allow emergency passenger service on the waters of Puget Sound within seventy-two hours following a work slowdown or stoppage. Such rules and regulations that are promulgated shall give due consideration to the needs and the health, safety, and welfare of the people of the state of Washington. [1989 c 373 § 25; 1983 c 15 § 5.]

*Reviser's note: RCW 88.04.300 was repealed by 1989 c 295 § 16. For later enactment, see RCW 88.04.015.

47.64.150 Grievance procedures. An agreement with a ferry employee organization that is the exclusive representative of ferry employees in an appropriate unit may provide
procedures for the consideration of ferry employee grievances and of disputes over the interpretation and application of agreements. Negotiated procedures may provide for binding arbitration of ferry employee grievances and of disputes over the interpretation and application of existing agreements. An arbitrator’s decision on a grievance shall not change or amend the terms, conditions, or applications of the collective bargaining agreement. The procedures shall provide for the invoking of arbitration only with the approval of the employee organization. The costs of arbitrators shall be shared equally by the parties.

Ferry system employees shall follow either the grievance procedures provided in a collective bargaining agreement, or if no such procedures are so provided, shall submit the grievances to the marine employees’ commission as provided in RCW 47.64.280. [1983 c 15 § 6.]

47.64.160 Union security provisions. A collective bargaining agreement may include union security provisions including an agency shop, but not a union or closed shop. If an agency shop provision is agreed to, the employer shall enforce it by deducting from the salary payments to members of the bargaining unit the dues required of membership in the bargaining representative, or, for nonmembers thereof, a fee equivalent to such dues. All union security provisions shall safeguard the right of nonassociation of employees based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member. Such employee shall pay an amount of money equivalent to regular dues and fees to a nonreligious charity or to another charitable organization mutually agreed upon by the employee and the bargaining representative to which such employee would otherwise pay the dues and fees. The employee shall furnish written proof that such payment has been made. If the employee and the bargaining representative do not reach agreement on such matter, the commission shall designate the charitable organization. [1983 c 15 § 7.]

47.64.170 Collective bargaining procedures. (1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the secretary of transportation may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of ferry system management or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties. Any meeting of the transportation commission, during which a collective bargaining agreement is subject to ratification, shall be open to the public.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with a member of the transportation commission if the commission has appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative, unless the member of the commission is the designated bargaining representative of the ferry system.

(6) The negotiation of a proposed collective bargaining agreement by representatives of ferry system management and a ferry employee organization shall commence in each odd-numbered year immediately following adoption by the legislature and approval by the governor of the biennial budget.

(7) Until a new collective bargaining agreement is negotiated, or until an award is made by the arbitrator, the terms and conditions of the previous collective bargaining agreement shall remain in force. The wage and benefit provisions of any collective bargaining agreement, or arbitrator’s award in lieu thereof, that is concluded after July 1st of an odd-numbered year shall be retroactive to July 1st. It is the intent of this section that the collective bargaining agreement or arbitrator’s award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical.

(8) Any ferry union contract terminating before July 1, 1983, shall, with the agreement of the parties, remain in effect until a contract can be concluded under RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. The contract may be retroactive to the expiration date of the prior contract, and the cost to the department of three months retroactive compensation and benefits for this 1983 contract negotiation only shall not be included in calculating the limitation imposed by RCW 47.64.180. If the parties cannot agree to contract extension, any increase agreed to for the three-month period shall be included in calculating the limit imposed by RCW 47.64.180.

(9) Any ferry union contract which would terminate after July 1, 1983, may, by agreement of the parties, be terminated as of July 1, 1983, and a new contract concluded pursuant to RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. Any contract terminating after July 1, 1983, is subject to this chapter only upon its expiration and shall not be renewed for a period beyond July 1, 1985. [1983 c 15 § 8.]

47.64.180 Agreements and awards limited by appropriation. (1) No collective bargaining agreement or arbitrator’s award is valid or enforceable if its implementation would be inconsistent with any statutory limitation on the department of transportation’s funds, spending, or budget. The department of transportation shall, in good faith, exercise its administrative discretion with full public participation as required by *RCW 47.60.330, subject only to legislative limitations and conditions, to implement the terms of any collective bargaining agreement or arbitrator’s award.

(2) In no event may the transportation commission or the department of transportation authorize an increase in tolls after the enactment of the budget that is in excess of the Seattle consumer price index for the preceding twelve months for the purpose of providing revenue to fund a
collective bargaining agreement or arbitrator’s award. The commission or the department may increase tolls after the first fiscal year of the biennium by the amount that the Seattle consumer price index increased after the previous toll increase. This subsection shall not be construed to prevent increases due to items that are not labor-related and that are beyond the direct control of the department. [1983 c 15 § 9.]

*Reviser’s note: The reference in 1983 c 15 § 9 to “section 25 of this act” has been translated to “RCW 47.60.330.” A literal translation of the session law reference would have been “RCW 47.60.326,” which appears to be erroneous. A floor amendment to Substitute Senate Bill No. 3108 added a new section 24 to the bill and directed that internal references be corrected accordingly. The correction was not made in the preparation of Engrossed Substitute Senate Bill No. 3108, but has been made in codification.

47.64.190 Marine employees’ commission review for compliance with fiscal limitations—Effective date of agreements and arbitration orders. (1) No negotiated agreement or arbitration order may become effective and in force until five calendar days after an agreement has been negotiated or an arbitration order entered for each and every ferry employee bargaining unit.

(2) Upon the conclusion of negotiations or arbitration procedures with all ferry employee bargaining units, the secretary shall ascertain whether the cumulative fiscal requirements of all such agreements and arbitration orders are within the limitations imposed by RCW 47.64.180.

(3) If the secretary finds that budgetary or fare restrictions will be exceeded, he shall, within five calendar days of completion of negotiations or arbitration with the last bargaining unit to conclude an agreement, submit all agreements and arbitration awards to the marine employees’ commission for a binding determination whether the limitations of RCW 47.64.180 have been exceeded.

(4) The marine employees’ commission shall review all negotiated agreements and arbitration orders, and may take written or oral testimony from the parties, regarding compliance with RCW 47.64.180. Within fifteen calendar days of receiving the secretary’s request for review, the commission shall determine by a majority vote of its members whether or not the cumulative effect of all such agreements and orders exceeds the limitations of RCW 47.64.180.

(5) If the marine employees’ commission determines that the limitations of RCW 47.64.180 would be exceeded if all agreements and arbitration orders were given full force and effect, it shall order the minimum percentage reduction in straight time wage provisions applied equally across the board to all agreements or arbitration orders which will result in compliance with RCW 47.64.180.

(6) Whenever the secretary requests a determination by the marine employees’ commission pursuant to this section, the effect of all agreements and arbitration orders shall be stayed, pending the commission’s final determination. [1983 c 15 § 10.]

47.64.200 Impasse procedures. As the first step in the performance of their duty to bargain, ferry system management and the employee organization shall endeavor to agree upon impasse procedures. The agreement shall provide for implementation of these impasse procedures not later than July 1st in each odd-numbered year following enactment of the biennial budget. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 through 47.64.230 apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 through 47.64.230. [1983 c 15 § 11.]

47.64.210 Mediation. In the absence of an impasse agreement between the parties or the failure of either party to utilize its procedures by August 1st in each odd-numbered year, the marine employees’ commission shall, upon the request of either party, appoint an impartial and disinterested person to act as mediator pursuant to RCW 47.64.280. It is the function of the mediator to bring the parties together to effectuate a settlement of the dispute, but the mediator shall not compel the parties to agree. [1983 c 15 § 12.]

47.64.220 Salary survey, fact-finding. (1) Prior to collective bargaining, the marine employees’ commission shall conduct a salary survey. The results of the survey shall be published in a report which shall be a public document comparing wages, hours, employee benefits, and conditions of employment of involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved. Such survey report shall be for the purpose of disclosing generally prevailing levels of compensation, benefits, and conditions of employment. It shall be used to guide generally but not to define or limit collective bargaining between the parties. The commission shall make such other findings of fact as the parties may request during bargaining or impasse.

(2) Except as provided in subsection (3) of this section, salary and employee benefit information collected from private employers that identifies a specific employer with the salary and employee benefit rates which that employer pays to its employees is not subject to public disclosure under chapter 42.17 RCW.

(3) A person or entity, having reason to believe that the salary survey results are inaccurate, may submit a petition to the state auditor requesting an audit of the data upon which the salary survey results are based. The state auditor shall review and analyze all data collected for the salary survey, including proprietary information, but is prohibited from disclosing the salary survey data to any other person or entity, except by court order. [1999 c 256 § 1; 1989 c 327 § 2; 1983 c 15 § 13.]

Retroactive application—1999 c 256 § 1: "Section 1, chapter 256, Laws of 1999 is a clarification of existing law and applies retroactively." [1999 c 256 § 3.]

47.64.230 Waiver of mediation and fact-finding. By mutual agreement, the parties may waive mediation and fact-finding, as provided for in RCW 47.64.210 and 47.64.220, and proceed with binding arbitration as provided for in RCW 47.64.240. The waiver shall be in writing and be signed by the representatives of the parties. [1983 c 15 § 14.]
47.64.240 Binding arbitration. (1) If impasse persists fourteen days after the mediator has been appointed, or beyond any other date mutually agreed to by the parties, all impasse items shall be submitted to arbitration pursuant to this section, and that arbitration shall be binding upon the parties.

(2) Each party shall submit to the other within four days of request, a final offer on the impasse items with proof of service of a copy upon the other party. Each party shall also submit a copy of a draft of the proposed collective bargaining agreement to the extent to which agreement has been reached and the name of its selected arbitrator. The parties may continue to negotiate all offers until an agreement is reached or a decision rendered by the panel of arbitrators.

As an alternative procedure, the two parties may agree to submit the dispute to a single arbitrator. If the parties cannot agree on the arbitrator within four days, the selection shall be made pursuant to subsection (5) of this section. The full costs of arbitration under this provision shall be shared equally by the parties to the dispute.

(3) The submission of the impasse items to the arbitrators shall be limited to those issues upon which the parties have not reached agreement. With respect to each such item, the arbitration panel award shall be restricted to the final offers on each impasse item submitted by the parties to the arbitration board on each impasse item.

(4) The panel of arbitrators shall consist of three members appointed in the following manner:

(a) One member shall be appointed by the secretary of transportation;
(b) One member shall be appointed by the ferry employee organization;
(c) One member shall be appointed mutually by the members appointed by the secretary of transportation and the employee organization. The last member appointed shall be the chairman of the panel of arbitrators. No member appointed may be an employee of the parties;
(d) Ferry system management and the employee organization shall each pay the fees and expenses incurred by the arbitrator each selected. The fee and expenses of the chairman of the panel shall be shared equally by each party.

(5) If the third member has not been selected within four days of notification as provided in subsection (2) of this section, a list of seven arbitrators shall be submitted to the parties by the marine employees’ commission. The two arbitrators selected by ferry system management and the ferry employee organization shall determine by lot which arbitrator shall remove the first name from the list submitted by the marine employees’ commission. The second arbitrator and the first arbitrator shall alternately remove one additional name until only one name remains. The person whose name remains shall become the chairman of the panel of arbitrators and shall call a meeting within thirty days, or at such time mutually agreed to by the parties, at a location designated by him or her. In lieu of a list of seven nominees for the third member being submitted by the marine employees’ commission, the parties may mutually agree to have either the Federal Mediation and Conciliation Service or the American Arbitration Association submit a list of seven nominees.

(6) If a vacancy occurs on the panel of arbitrators, the selection for replacement of that member shall be in the same manner and within the same time limits as the original member was chosen. No final award under subsection (3) of this section may be made by the panel until three arbitrators have been chosen.

(7) The panel of arbitrators shall at no time engage in an effort to mediate or otherwise settle the dispute in any manner other than that prescribed in this section.

(8) From the time of appointment until such time as the panel of arbitrators makes its final determination, there shall be no discussion concerning recommendations for settlement of the dispute by the members of the panel of arbitrators with parties other than those who are direct parties to the dispute. The panel of arbitrators may conduct formal or informal hearings to discuss offers submitted by both parties.

(9) The panel of arbitrators shall consider, in addition to any other relevant factors, the following factors:
(a) Past collective bargaining contracts between the parties including the bargaining that led up to the contracts;
(b) Comparison of wages, hours, employee benefits, and conditions of employment of the involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved;
(c) The interests and welfare of the public, the ability of the ferry system to finance economic adjustments, and the effect of the adjustments on the normal standard of services;
(d) The right of the legislature to appropriate and to limit funds for the conduct of the ferry system; and
(e) The limitations on ferry toll increases and operating subsidies as may be imposed by the legislature.

(10) The chairman of the panel of arbitrators may hold hearings and administer oaths, examine witnesses and documents, take testimony and receive evidence, issue subpoenas to compel the attendance of witnesses and the production of records, and delegate such powers to other members of the panel of arbitrators. The chairman of the panel of arbitrators may petition the superior court in Thurston county, or any county in which any hearing is held, to enforce the order of the chairman compelling the attendance of witnesses and the production of records.

(11) A majority of the panel of arbitrators shall within thirty days after its first meeting select the most reasonable offer, in its judgment, of the final offers on each impasse item submitted by the parties.

(12) The selections by the panel of arbitrators and items agreed upon by the ferry system management and the employee organization shall be deemed to be the collective bargaining agreement between the parties.

(13) The determination of the panel of arbitrators shall be by majority vote and shall be final and binding, subject to RCW 47.64.180 and 47.64.190. The panel of arbitrators shall give written explanation for its selection and inform the parties of its decision. [1989 c 327 § 3; 1983 c 15 § 15.]

47.64.250 Legal actions. (1) Any ferry employee organization and the department of transportation may sue or be sued as an entity under this chapter. Service upon any party shall be in accordance with law or the rules of civil procedure. Nothing in this chapter may be construed to
make any individual or his assets liable for any judgment against the department of transportation or a ferry employee organization if the individual was acting in his official capacity.

(2) Any legal action by any ferry employee organization or the department of transportation under this chapter shall be filed in Thurston county superior court within ten days of when the cause of action arose. The court shall consider those actions on a priority basis and determine the merits of the actions within thirty days of filing. [1983 c 15 § 16.]

47.64.260 Notice and service. Any notice required under this chapter shall be in writing, but service thereof is sufficient if mailed by certified mail, return receipt request ed, addressed to the last known address of the parties, or sent by electronic facsimile transmission with transaction report verification and same-day United States postal service mailing of copies or service as specified in Title 316 WAC, unless otherwise provided in this chapter. Refusal of certified mail by any party shall be considered service. Prescribed time periods commence from the date of the receipt of the notice. Any party may at any time execute and deliver an acceptance of service in lieu of mailed notice. [2001 c 19 § 1; 1983 c 15 § 17.]

47.64.270 Insurance and health care. Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW; and the ferry system management and employee organizations may collectively bargain for other insurance and health care plans, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050, subject to RCW 47.64.180. To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer’s contribution for employees’ and dependents’ insurance and health care plans exceeds that of other state general government employees in the 1985-87 fiscal biennium, employees shall not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during any subsequent fiscal biennium. If such differential increases in the 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset. Compensation shall include all wages and employee benefits. [1995 1st sp. s. c 6 § 6; 1993 c 492 § 224; 1988 c 107 § 21; 1987 c 78 § 2; 1983 c 15 § 18.]

Effective date—1987 c 78: “This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1987.” [1987 c 78 § 3.]

47.64.280 Marine employees’ commission. (1) There is created the marine employees’ commission. The governor shall appoint the commission with the consent of the senate. The commission shall consist of three members: One member to be appointed from labor, one member from industry, and one member from the public who has significant knowledge of maritime affairs. The public member shall be chairman of the commission. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he succeeds. Commission members are eligible for reappointment. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members are not eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission. Members of the commission shall be compensated in accordance with RCW 43.03.250 and shall receive reimbursement for official travel and other expenses at the same rate and on the same terms as provided for the transportation commission by RCW 47.01.061. The payments shall be made from the Puget Sound ferry operations account.

47.66.010 Legislative declaration. There is significant state interest in assuring that viable multimodal transportation programs are available throughout the state. The legislature recognizes the need to create a mechanism to fund multimodal transportation programs and projects. The legislature further recognizes the complexities associated with current funding mechanisms and seeks to create a process that would allow for all transportation programs and projects to compete for limited resources. [1993 c 393 § 3.]

47.66.030 Transportation improvement board—Authority—Expenses. (1)(a) The transportation improvement board is authorized and responsible for the final selection of programs and projects funded from the central Puget Sound public transportation account; public transportation systems account; and the intermodal surface transportation and efficiency act of 1991, surface transportation program, statewide competitive.

(a) Objectives of the growth management act, the high capacity transportation act, the commute trip reduction act, transportation demand management programs, federal and state air quality requirements, and federal Americans with disabilities act and related state accessibility requirements; and

(b) Energy efficiency issues, freight and goods movement as related to economic development, regional significance, rural isolation, the leveraging of other funds including funds administered by this board, and safety and security issues.

(2) The following criteria shall be considered by the board in selecting programs and projects:

(a) Local, regional, and state transportation plans;

(b) Local transit development plans; and

(c) Local comprehensive land use plans.

(3) The board shall determine the appropriate level of local match required for each program and project based on the source of funds. [1995 c 269 § 2606; 1993 c 393 § 6.]

In any proceeding charging careless or reckless operation of aircraft in violation of this section, the court in determining whether the operation was careless or reckless may consider the standards for safe operation of aircraft prescribed by federal statutes or regulations governing aeronautics. [1947 c 165 § 22; Rem. Supp. 1947 § 10964-102. Formerly RCW 14.04.220.]

The registration fee imposed by this section shall be used by the department for the purpose of (a) search and rescue of lost and downed aircraft and airmen under the direction and supervision of the secretary, (b) safety and education, and (c) volunteer recognition and support.

Registration shall be effected by filing with the department a certified written statement that contains the information reasonably required by the department. change in ownership of a registered aircraft. The notification
shall contain the N, NC, NR, NL, or NX number of the
aircraft, the full name and address of the former owner, and
the full name and address of the new owner. For failure to
so notify the secretary, the registration of that aircraft may
be canceled by the secretary, subject to reinstatement upon
application and payment of a reinstatement fee of ten dollars
by the new owner.

A municipality or port district that owns, operates, or
leases an airport, as defined in RCW 47.68.020, with the
intent to operate, shall require from an aircraft owner proof
of aircraft registration or proof of intent to register an
aircraft as a condition of leasing or selling tiedown or hangar
space for an aircraft. The airport shall inform the lessee or
purchaser of the tiedown or hangar space of the state law
requiring registration and direct the person to comply with
the state law if the person has not already done so. The
airport may lease or sell tiedown or hangar space to owners
of nonregistered aircraft after presenting them with the
appropriate state registration forms. It is then the responsi-
bility of the lessee or purchaser to register the aircraft.

Chapter 47.74  
MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

47.74.010 Multistate Highway Transportation Agreement enacted, terms.
47.74.020 Appointment of delegates to represent state.

47.74.010 Multistate Highway Transportation Agreement enacted, terms. The Multistate Highway Transportation Agreement is hereby enacted into law and entered into with all other jurisdictions legally joining therein as follows:

MULTISTATE HIGHWAY TRANSPORTATION AGREEMENT

Pursuant to and in conformity with the laws of their respective jurisdictions, the participating jurisdictions, acting by and through their officials lawfully authorized to execute this agreement, do mutually agree as follows:

ARTICLE I
Findings and Purposes

SECTION 1. Findings. The participating jurisdictions find that:
(a) The expanding regional economy depends on expanding transportation capacity;
(b) Highway transportation is the major mode for movement of people and goods in the western states;
(c) Uniform application in the West of more adequate vehicle size and weight standards will result in a reduction of pollution, congestion, fuel consumption, and related transportation costs, which are necessary to permit increased productivity;
(d) A number of western states, already having adopted substantially the 1964 Bureau of Public Roads recommended vehicle size and weight standards, still find current federal limits more restrictive;
(e) The 1974 revision of federal law (23 U.S.C. 127) did not contain any substantial improvements for vehicle size...
and weight standards in the western states and deprives states of interstate matching money if vehicle weights and widths are increased, even though the interstate system is nearly ninety-two percent complete; and

(f) The participating jurisdictions are most capable of developing vehicle size and weight standards most appropriate for the regional economy and transportation requirements, consistent with and in recognition of principles of highway safety.

SECTION 2. Purposes. The purposes of this agreement are to:

(a) Adhere to the principle that each participating jurisdiction should have the freedom to develop vehicle size and weight standards that it determines to be most appropriate to its economy and highway system;

(b) Establish a system authorizing the operation of vehicles traveling between two or more participating jurisdictions at more adequate size and weight standards;

(c) Promote uniformity among participating jurisdictions in vehicle size and weight standards on the basis of the objectives set forth in this agreement;

(d) Secure uniformity insofar as possible, of administrative procedures in the enforcement of recommended vehicle size and weight standards;

(e) Provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in section 1 of this article.

ARTICLE II
Definitions

SECTION 1. As used in this agreement:

(a) "Designated representative" means a legislator or other person authorized to represent the jurisdiction;

(b) "Jurisdiction" means a state of the United States or the District of Columbia;

(c) "Vehicle" means any vehicle as defined by statute to be subject to size and weight standards which operates in two or more participating jurisdictions.

ARTICLE III
General Provisions

SECTION 1. Qualifications for Membership. Participation in this agreement is open to jurisdictions which subscribe to the findings, purposes, and objectives of this agreement and will seek legislation necessary to accomplish these objectives.

SECTION 2. Cooperation. The participating jurisdictions, working through their designated representatives, shall cooperate and assist each other in achieving the desired goals of this agreement pursuant to appropriate statutory authority.

SECTION 3. Effect of Headings. Article and section headings contained herein shall not be deemed to govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of any article or section hereof.

SECTION 4. Vehicle Laws and Regulations. This agreement shall not authorize the operation of a vehicle in any participating jurisdiction contrary to the laws or regulations thereof.

SECTION 5. Interpretation. where \( W = \) maximum weight in pounds carried on any group of two or computed to nearest 500 pounds.

L = distance in feet between the extremes of any group of two or more consecutive axles.

N = number of axles in group under consideration.

(b) It is the further objective of the participating jurisdictions that in the event the operation of a vehicle or combination of vehicles according to the provisions of subsection (a) of this section would result in withholding or forfeiture of federal-aid funds pursuant to section 127, title 23, U.S. Code, the operation of such vehicle or combination of vehicles at axle and gross weights within the limits set forth in subsection (a) of this section will be authorized under special permit authority by each participating jurisdiction which could legally issue such permits prior to July 1, 1956, provided all regulations and procedures related to such issuance in effect as of July 1, 1956, are adhered to.

(c) The objectives of subsections (a) and (b) of this section relate to vehicles or combinations of vehicles in regular operation, and the authority of any participating jurisdiction to issue special permits for the movement of any vehicle or combinations of vehicles having dimensions and/or weights in excess of the maximum statutory limits in each participating jurisdiction will not be affected.

(d) It is the further objective of the participating jurisdictions to facilitate and expedite the operation of any vehicle or combination of vehicles between and among the participating jurisdictions under the provisions of subsection (a) or (b) of this section, and to that end the participating jurisdictions hereby agree, through their designated representatives, to meet and cooperate in the consideration of vehicle size and weight related matters including, but not limited to, the development of uniform enforcement procedures; additional vehicle size and weight standards; operational standards; agreements or compacts to facilitate regional application and administration of vehicle size and weight standards; uniform permit procedures; uniform application forms; rules and regulations for the operation of vehicles, including equipment requirements, driver qualifications, and operating practices; and such other matters as may be pertinent.

(e) In recognition of the limited prospects of federal revision of section 127, title 23, U.S. Code, and in order to protect participating jurisdictions against any possibility of withholding or forfeiture of federal-aid highway funds, it is the further objective of the participating jurisdictions to secure congressional approval of this agreement and, specifically, of the vehicle size and weight standards set forth in subsection (a) of this section.

(f) In recognition of desire for a degree of national uniformity of size and weight regulations, it is the further objective to encourage development of broad, uniform size and weight standards on a national basis, and further that procedures adopted under this agreement be compatible with national standards.

47.76.200 Legislative findings. The legislature finds that a balanced multimodal transportation system is required to maintain the state’s commitment to the growing mobility needs of its citizens and commerce. The state’s freight rail system, including branch lines, mainlines, rail corridors, terminals, yards, and equipment, is an important element of this multimodal system. Washington’s economy relies heavily upon the freight rail system to ensure movement of the state’s agricultural, chemical, and natural resources and manufactured products to local, national, and international markets and thereby contributes to the economic vitality of the state.

Since 1970, Washington has lost over one-third of its rail miles to abandonment and bankruptcies. The combination of rail abandonments and rail system capacity constraints may alter the delivery to market of many commodities. In addition, the resultant motor vehicle freight traffic increases the burden on state highways and county roads. In many cases, the cost of maintaining and upgrading the state highways and county roads exceeds the cost of maintaining rail freight service. Thus, the economy of the state will be best served by a policy of maintaining and encouraging a healthy rail freight system by creating mechanisms that keep rail freight lines operating if the benefits of the service outweigh the cost.

Recognizing the implications of this trend for freight mobility and the state’s economic future, the legislature finds that better freight rail planning, better cooperation to preserve rail lines, and increased financial assistance from the state are necessary to maintain and improve the freight rail system within the state. 47.76.210 State freight rail program. The Washington state department of transportation shall implement a state freight rail program that supports the freight rail service objectives identified in the state’s multimodal transportation plan required under chapter 47.06 RCW. The support may be in the form of projects and strategies that support branch lines and light-density lines, provide access to ports, maintain adequate mainline capacity, and preserve or restore rail corridors and infrastructure. [1995 c 380 § 2; 1990 c 43 § 2. Formerly RCW 47.76.110.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 81.100.010.

47.76.220 State rail plan—Contents. (1) The department of transportation shall prepare and periodically update a state rail plan, the objective of which is to identify, evaluate, and encourage essential rail services. The plan shall:
(a) Identify and evaluate mainline capacity issues;
(b) Identify and evaluate port-to-rail access and congestion issues;
(c) Identify and evaluate those rail freight lines that may be abandoned or have recently been abandoned;
(d) Quantify the costs and benefits of maintaining rail service on those lines that are likely to be abandoned;
(e) Establish priorities for determining which rail lines should receive state support. The priorities should include the anticipated benefits to the state and local economy, the anticipated cost of road and highway improvements necessitated by the abandonment or capacity constraints of the rail line, the likelihood the rail line receiving funding can meet operating costs from freight charges, surcharges on rail traffic, and other funds authorized to be raised by a county or port district, and the impact of abandonment or capacity constraints on changes in energy utilization and air pollution;
(f) Identify and describe the state’s rail system;
(g) Prepare a state freight rail system map;
(h) Identify and evaluate rail commodity flows and traffic types;
(i) Identify lines and corridors that have been rail banked or preserved; and
(j) Identify and evaluate other issues affecting the state’s rail traffic.
(2) The state rail plan may be prepared in conjunction with the rail plan prepared by the department pursuant to the federal Railroad Revitalization and Regulatory Reform Act. [1995 c 380 § 3; 1993 c 224 § 2; 1985 c 432 § 1; 1983 c 303 § 5. Formerly RCW 47.76.020.]

Severability—1983 c 303: See RCW 36.60.905.

47.76.230 Freight rail planning. (1) The department of transportation shall continue its responsibility for the development and implementation of the state rail plan and programs, and the utilities and transportation commission shall continue its responsibility for intrastate rates, service, and safety issues.
(2) The department of transportation shall maintain an enhanced data file on the rail system. Proprietary annual station traffic data from each railroad and the modal use of major shippers shall be obtained to the extent that such information is available.
(3) The department of transportation shall provide technical assistance, upon request, to state agencies and local
interests. Technical assistance includes, but is not limited to, the following:

(a) Rail project cost-benefit analyses conducted in accordance with methodologies recommended by the Federal Railroad Administration;

(b) Assistance in the formation of county rail districts and port districts; and

(c) Feasibility studies for rail service continuation and/or rail service assistance.

(4) With funding authorized by the legislature, the department of transportation, in collaboration with the department of community, trade, and economic development, and local economic development agencies, shall develop a cooperative process to conduct community and business information programs and to regularly disseminate information on rail matters. [1995 c 380 § 4; 1990 c 43 § 3. Formerly RCW 47.76.120.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 81.100.010.

47.76.240 Rail preservation program. The state, counties, local communities, ports, railroads, labor, and shippers all benefit from continuation of rail service and should participate in its preservation. Lines that provide benefits to the state and local jurisdictions, such as avoided roadway costs, reduced traffic congestion, economic development potential, environmental protection, and safety, should be assisted through the joint efforts of the state, local jurisdictions, and the private sector.

State funding for rail service, rail preservation, and corridor preservation projects must benefit the state’s interests. The state’s interest is served by reducing public roadway maintenance and repair costs, increasing economic development opportunities, increasing domestic and international trade, preserving jobs, and enhancing safety. State funding for projects is contingent upon appropriate local jurisdiction and private sector participation and cooperation.

Before spending state moneys on projects the department shall seek federal, local, and private funding and participation to the greatest extent possible.

(1) The department of transportation shall continue to monitor the status of the state’s mainline and branchline common carrier railroads and preserved rail corridors through the state rail plan and various analyses, and shall seek alternatives to abandonment prior to interstate commerce commission proceedings, where feasible.

(2) The utilities and transportation commission shall intervene in interstate commerce commission proceedings on abandonments, when necessary, to protect the state’s interest.

(3) The department of transportation, in consultation with the Washington state freight rail policy advisory committee, shall establish criteria for evaluating rail projects and corridors of significance to the state.

(4) Local jurisdictions may implement rail service preservation projects in the absence of state participation.

(5) The department of transportation shall continue to monitor projects for which it provides assistance. [1995 c 380 § 5; 1993 c 224 § 3; 1990 c 43 § 4. Formerly RCW 47.76.130.]

Construction—Severability—Headings—1990 c 43: See notes following RCW 81.100.010.

47.76.250 Essential rail assistance account—Purposes. (1) The essential rail assistance account is created in the state treasury. Moneys in the account may be appropriated only for the purposes specified in this section.

(2) Moneys appropriated from the account to the department of transportation may be used by the department or distributed by the department to cities, county rail districts, counties, economic development councils, and port districts for the purpose of:

(a) Acquiring, rebuilding, rehabilitating, or improving rail lines;

(b) Purchasing or rehabilitating railroad equipment necessary to maintain essential rail service;

(c) Constructing railroad improvements to mitigate port access or mainline congestion;

(d) Construction of loading facilities to increase business on light density lines or to mitigate the impacts of abandonment;

(e) Preservation, including operation, of light density lines, as identified by the Washington state department of transportation, in compliance with this chapter; or

(f) Preserving rail corridors for future rail purposes by purchase of rights of way. The department shall first pursue transportation enhancement program funds, available under the federal surface transportation program, to the greatest extent practicable to preserve rail corridors. Purchase of rights of way may include track, bridges, and associated elements, and must meet the following criteria:

(i) The right of way has been identified and evaluated in the state rail plan prepared under this chapter;

(ii) The right of way may be or has been abandoned; and

(iii) The right of way has potential for future rail service.

(3) The department or the participating local jurisdiction is responsible for maintaining any right of way acquired under this chapter, including provisions for drainage management, fire and weed control, and liability associated with ownership.

(4) Nothing in this section impairs the reversionary rights of abutting landowners, if any, without just compensation.

(5) The department, cities, county rail districts, counties, and port districts may grant franchises to private railroads for the right to operate on lines acquired under this chapter.

(6) The department, cities, county rail districts, counties, and port districts may grant trackage rights over rail lines acquired under this chapter.

(7) If rail lines or rail rights of way are used by county rail districts, port districts, state agencies, or other public agencies for the purposes of rail operations and are later abandoned, the rail lines or rail rights of way cannot be used for any other purposes without the consent of the underlying fee title holder or reversionary rights holder, or until compensation has been made to the underlying fee title holder or reversionary rights holder.

(8) The department of transportation shall develop criteria for prioritizing freight rail projects that meet the minimum eligibility requirements for state assistance under RCW 47.76.240. The department shall develop criteria in consultation with the Washington state freight rail policy advisory committee. Project criteria should consider the
level of local financial commitment to the project as well as cost/benefit ratio. Counties, local communities, railroads, shippers, and others who benefit from the project should participate financially to the greatest extent practicable.

(9) Moneys received by the department from franchise fees, trackage rights fees, and loan payments shall be redeposited in the essential rail assistance account. Repayment of loans made under this section shall occur within a period not longer than fifteen years, as set by the department. The repayment schedule and rate of interest, if any, shall be determined before the distribution of the moneys.

(10) The state shall maintain a contingent interest in any equipment, property, rail line, or facility that has outstanding grants or loans. The owner may not use the line as collateral, remove track, bridges, or associated elements for salvage, or use it in any other manner subordinating the state’s interest without permission from the department.

(11) Moneys distributed under this chapter should be provided as loans wherever practicable. Except as provided by section 3, chapter 73, Laws of 1996, for improvements on or to privately owned railroads, railroad property, or other private property, moneys distributed shall be provided solely as loans. Any public or private entity that originally donated funds to the department under this chapter shall receive credit against the purchase price for the amount donated to the department, less management costs, in the event such public or private entity purchases the property from the department.

If no county rail district, county, port district, or other public or private entity authorized to operate rail service purchases or leases the property within six years after its acquisition by the department, the department may sell or lease such property in the manner provided in RCW 47.76.290. Failing this, the department may sell or convey all such property in the manner provided in RCW 47.76.300 or 47.76.320. 47.79.010 Legislative declaration. The legislature recognizes that major intercity transportation corridors in this state are becoming increasingly congested. In these corridors, population is expected to grow by nearly forty percent over the next twenty years, while employment will grow by nearly fifty percent. The estimated seventy-five percent increase in intercity travel demand must be accommodated to ensure state economic vitality and protect the state’s quality of life.

The legislature finds that high-speed ground transportation offers a safer, more efficient, and environmentally responsible alternative to increasing highway capacity. High-speed ground transportation can complement and enhance existing air transportation systems. High-speed ground transportation can be compatible with growth management plans in counties and cities served by such a system. Further, high-speed ground transportation offers a reliable, all-weather service capable of significant energy savings over other intercity modes. [1993 c 381 § 1.]

47.79.020 Program established—Goals. The legislature finds that there is substantial public benefit to establishing a high-speed ground transportation program in this state. The program shall implement the recommendations of the high-speed ground transportation steering committee report dated October 15, 1992. The program shall be administered by the department of transportation in close cooperation with the utilities and transportation commission and affected cities and counties.

The high-speed ground transportation program shall have the following goals:

1. Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Everett and Portland, Oregon by 2020. This would be accomplished by meeting the intermediate objectives of a maximum travel time between downtown Portland and downtown Seattle of two hours and thirty minutes by the year 2000 and maximum travel time of two hours by the year 2010;

2. Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Everett and Vancouver, B.C. by 2025;

3. Implement high-speed ground transportation service offering top speeds over 150 m.p.h. between Seattle and Spokane by 2030.

The department of transportation shall, subject to legislative appropriation, implement such projects as necessary to achieve these goals in accordance with the implementation plans identified in RCW 47.79.030 and 47.79.040. [1993 c 381 § 2.]

47.79.030 Project priority—Funding sources. The legislature finds it important to develop public support and awareness of the benefits of high-speed ground transportation by developing high-quality intercity passenger rail service as a first step. This high-quality intercity passenger rail service shall be developed through incremental upgrading of the existing service. The department of transportation shall, subject to legislative appropriation, develop a prioritized list of projects to improve existing passenger rail service and begin new passenger rail service, to include but not be limited to:

1. Improvement of depots;
2. Improved grade crossing protection or grade crossing elimination;
3. Enhanced train signals to improve rail corridor capacity and increase train speeds;
4. Revised track geometry or additional trackage to improve ride quality and increase train speeds; and
5. Contract for new or improved service in accordance with federal requirements to improve service frequency.

Service enhancements and station improvements must be based on the extent to which local comprehensive plans contribute to the viability of intercity passenger rail service, including providing efficient connections with other transportation modes such as transit, intercity bus, and roadway networks. Before spending state moneys on these projects, the department of transportation shall seek federal, local, and private funding participation to the greatest extent possible. Funding priorities for station improvements must also be based on the level of local and private in-kind and cash contributions. [1993 c 381 § 3.]

47.79.040 Rail passenger plan. The legislature recognizes the need to plan for the high-speed ground transportation service and the high-quality intercity rail passenger service set forth in RCW 47.79.020 and 47.79.030. The department of transportation shall, subject to legislative appropriation, develop a rail passenger plan through the conduct of studies addressing, but not limited to, the following areas:

1. Refined ridership estimates;
2. Preliminary location and environmental analysis on new corridors;
3. Detailed station location assessments in concert with affected local jurisdictions;
4. Coordination with the air transportation commission on statewide air transportation policy and its effects on high-speed ground transportation service; and
5. Coordination with the governments of Oregon and British Columbia, when appropriate, on alignment, station location, and environmental analysis. [1993 c 381 § 4.]

[Title 47 RCW—page 242]
47.79.050 Facility acquisition and management. Subject to appropriation, the department is authorized to acquire by purchase, lease, condemnation, gift, devise, bequest, grant, or exchange, title to or any interests or rights in real property adjacent to or used in association with state intercity passenger rail service which may include, but are not limited to, depots, platforms, parking areas, and maintenance facilities. The department is authorized to contract with a public or private entity for the operation, maintenance, and/or management of these facilities. [1999 c 253 § 1.]

47.79.060 Gifts. Subject to appropriation, the department is authorized to accept and expend or use gifts, grants, and donations for the benefit of any depot, platform, parking area, maintenance facility, or other associated rail facility. However, such an expenditure shall be for the public benefit of the state’s intercity passenger rail service. [1999 c 253 § 2.]

47.79.070 Adjacent real property. Subject to appropriation, the department is authorized to exercise all the powers and perform all the duties necessary, convenient, or incidental to the planning, designing, constructing, improving, repairing, operating, and maintaining real property adjacent to or in use in association with the state intercity passenger rail service which may include, but are not limited to, depots, platforms, parking areas, and maintenance facilities, even if such real property is owned or controlled by another entity. However, any expenditure of public funds for these purposes shall be directly related to public benefit of the state’s intercity passenger rail service. The department shall enter into a written contract with the affected real property owners to secure the public’s investment. [1999 c 253 § 3.]

47.79.110 King Street station—Findings. The legislature finds that a balanced, multimodal transportation system is an essential element of the state’s infrastructure, and that effective rail passenger service is an integral part of a balanced, multimodal transportation system. The legislature further finds that the King Street railroad station is the key hub for both Puget Sound’s intermodal passenger transportation system and the state’s rail passenger system. The legislature recognizes that the redevelopment of the King Street railroad station depot, along with necessary and related properties, is critical to its continued functioning as a transportation hub and finds that innovative funding arrangements can materially assist in furthering the redevelopment at reduced public expense. [2001 c 62 § 1.]

Effective date—2001 c 62: "Due to the irrevocable expiration of federal and Amtrak funds critical to the redevelopment of the King Street railroad station on or before June 30, 2001, sections 1 through 6 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [April 18, 2001]." [2001 c 62 § 7.]

47.79.120 King Street station—Acquisition. The department may acquire, or contract to acquire, by purchase, lease, option to lease or purchase, condemnation, gift, devise, bequest, grant, or exchange of title, the King Street railroad station depot located in Seattle, or any interests or rights in it, and other real property and improvements adjacent to, or used in association with, the King Street railroad station depot. The property may include, but not be limited to, the depot, platforms, parking areas, pedestrian and vehicle access areas, and maintenance facilities. These properties, in the aggregate, will be known as the King Street railroad station. [2001 c 62 § 2.]

Effective date—2001 c 62: See note following RCW 47.79.110.

47.79.130 King Street station—Department’s powers and duties. During all periods that the department contracts to own or lease some, or all, of the King Street railroad station properties, the department may exercise all the powers and perform all the duties necessary, convenient, or incidental for planning, designing, constructing, improving, repairing, renovating, restoring, operating, and maintaining the King Street railroad station properties. These powers also include authority to lease or sell, assign, sublease, or otherwise transfer all, or portions of, the King Street railroad station properties for transportation or other public or private purposes and to contract with other public or private entities for the operation, administration, maintenance, or improvement of the King Street railroad station properties after the department takes possession of some, or all, of the properties, as the secretary deems appropriate. If the department transfers any of its fee ownership interests in the King Street railroad station properties, proceeds from the transaction must be placed in an account that supports multimodal programs, but not into an account restricted by Article II, section 40 of the state Constitution. [2001 c 62 § 3.]

Effective date—2001 c 62: See note following RCW 47.79.110.

47.79.140 King Street station—Leases and contracts for multimodal terminal. To facilitate tax exempt financing for the acquisition and improvement of the King Street railroad station, the department may lease from or contract with public or private entities for the acquisition, lease, operation, maintenance, financing, renovation, restoration, or management of some, or all, of the King Street railroad station properties as a multimodal terminal that supports the state intercity passenger rail service. The leases or contracts are not subject to either chapter 39.94 or 43.82 RCW. The leases and contracts will expire no later than fifty years from the time they are executed, and at that time the department will either receive title or have the right to receive title to the financed property without additional obligation to compensate the owner of those properties for the acquisition of them. The secretary may take all actions necessary, convenient, or incidental to the financing. [2001 c 62 § 4.]

Effective date—2001 c 62: See note following RCW 47.79.110.

47.79.150 King Street railroad station facility account. (1) The department may establish the King Street railroad station facility account as an interest-bearing local account. Receipts from the sources listed in subsection (2) of this section must be deposited into the account. Nothing in this section is a pledge of funds deposited to the account for repayment of tax exempt financing related to the King Street railroad station. The department may invest funds from the account as permitted by law and may enter into contracts with financial advisors as deemed necessary for

The priority list of projects and programs, project measures of regional significance as identified by transit programs, projects, and transportation demand management transportation improvement program shall be based on the transportation demand management measures. The regional transportation improvement program which proposes region-local governments within the region, a six-year regional transportation, operators of public transportation services and regional transportation plan are consistent. The strategy shall serve as a guide in preparation of the regional transportation plan.

(1) Prepare and periodically update a transportation strategy for the region. The strategy shall address alternative transportation modes and transportation demand management measures in regional corridors and shall recommend preferred transportation policies to implement adopted growth strategies. The strategy shall serve as a guide in preparation of the regional transportation plan.

(2) Prepare a regional transportation plan as set forth in RCW 47.80.026 that is consistent with county-wide planning policies if such have been adopted pursuant to chapter 36.70A RCW, with county, city, and town comprehensive plans, and state transportation plans.

(3) Certify by December 31, 1996, that the transportation elements of comprehensive plans adopted by counties, cities, and towns within the region reflect the guidelines and principles developed pursuant to RCW 47.80.026, are consistent with the adopted regional transportation plan, and, where appropriate, conform with the requirements of RCW 36.70A.070.

(4) Where appropriate, certify that county-wide planning policies adopted under RCW 36.70A.210 and the adopted regional transportation plan are consistent.

(5) Develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795, 35.77.010, and 36.81.121, respectively. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.

(6) Designate a lead planning agency to coordinate preparation of the regional transportation plan and carry out the other responsibilities of the organization. The lead planning agency may be a regional organization, a component county, city, or town agency, or the appropriate Washington state department of transportation district office.

(7) Review level of service methodologies used by cities and counties planning under chapter 36.70A RCW to promote a consistent regional evaluation of transportation facilities and corridors.

(8) Work with cities, counties, transit agencies, the department of transportation, and others to develop level of service standards or alternative transportation performance measures. [1998 c 171 § 8; 1994 c 158 § 2.]

47.80.026 Comprehensive plans, transportation guidelines, and principles. Each regional transportation planning organization, with cooperation from component cities, towns, and counties, shall establish guidelines and principles by July 1, 1995, that provide specific direction for the development and evaluation of the transportation elements of comprehensive plans, where such plans exist, and to assure that state, regional, and local goals for the development of transportation systems are met. These guidelines and principles shall address at a minimum the relationship between transportation systems and the following factors: Concentration of economic activity, residential density, development corridors and urban design that, where appropriate, supports high capacity transit, freight transportation and port access, development patterns that promote pedestrian and nonmotorized transportation, circulation systems, access to regional systems, effective and efficient highway systems, the ability of transportation facilities and programs to retain existing and attract new jobs and private investment and to accommodate growth in demand, transportation demand management, joint and mixed use developments, present and future railroad right-of-way corridor utilization, and intermodal connections.

Examples shall be published by the organization to assist local governments in interpreting and explaining the requirements of this section. [1994 c 158 § 3.]

47.80.030 Regional transportation plan—Contents, review, use. (1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(a) Is based on a least cost planning methodology that identifies the most cost-effective facilities, services, and programs;

(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities,
services, and programs that exhibit one or more of the following characteristics:

(i) Crosses member county lines;
(ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;
(iii) Significant impacts are expected to be felt in more than one county;
(iv) Potentially adverse impacts of the facility, service, program, or project can be better avoided or mitigated through adherence to regional policies;
(v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance; and

(vi) Provides for system continuity;

(c) Establishes level of service standards for state highways and state ferry routes, with the exception of transportation facilities of statewide significance as defined in RCW 47.06.140. These regionally established level of service standards for state highways and state ferries shall be developed jointly with the department of transportation, to encourage consistency across jurisdictions. In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;

(d) Includes a financial plan demonstrating how the regional transportation plan can be implemented, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques to finance needed facilities, services, and programs;

(e) Assesses regional development patterns, capital investment and other measures necessary to:

(i) Ensure the preservation of the existing regional transportation system, including requirements for operational improvements, resurfacing, restoration, and rehabilitation of existing and future major roadways, as well as operations, maintenance, modernization, and rehabilitation of existing and future transit, railroad systems and corridors, and nonmotorized facilities; and

(ii) Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods;

(f) Sets forth a proposed regional transportation approach, including capital investments, service improvements, programs, and transportation demand management measures to guide the development of the integrated, multimodal regional transportation system; and

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies. [1998 c 171 § 9; 1994 c 158 § 4; 1990 1st ex.s. c 17 § 55.]

47.80.040 Transportation policy boards. Each regional transportation planning organization shall create a transportation policy board. Transportation policy boards shall provide policy advice to the regional transportation planning organization and shall allow representatives of major employers within the region, the department of transportation, transit districts, port districts, and member cities, towns, and counties within the region to participate in policy making. [1990 1st ex.s. c 17 § 56.]

47.80.050 Allocation of regional transportation planning funds. Biennial appropriations to the department of transportation to carry out the regional transportation planning program shall set forth the amounts to be allocated as follows:

1) A base amount per county for each county within each regional transportation planning organization, to be distributed to the lead planning agency;

2) An amount to be distributed to each lead planning agency on a per capita basis; and

3) An amount to be administered by the department of transportation as a discretionary grant program for special regional planning projects, including grants to allow counties which have significant transportation interests in common with an adjoining region to also participate in that region’s planning efforts. [1990 1st ex.s. c 17 § 57.]

47.80.060 Executive board membership. In order to qualify for state planning funds available to regional transportation planning organizations, the regional transportation planning organizations containing any county with a population in excess of one million shall provide voting membership on its executive board to the state transportation commission, the state department of transportation, and the three largest public port districts within the region as determined by gross operating revenues. It shall further assure that at least fifty percent of the county and city local elected officials who serve on the executive board also serve on transit agency boards or on a regional transit authority. 1) In cooperation with regional transportation planning organizations, establish minimum standards for development of a regional transportation plan;

2) Facilitate coordination between regional transportation planning organizations; and

3) Through the regional transportation planning process, and through state planning efforts as required by RCW 47.01.071, identify and jointly plan improvements and strategies within those corridors important to moving people

(3) No policy or contract may restrict coverage of any dependent child adopted by, or placed for adoption with, an insured, subscriber, or enrollee solely on the basis of a preexisting condition of the child at the time that the child would otherwise become eligible for coverage under the plan if the adoption or placement for adoption occurs while the insured, subscriber, or enrollee is eligible for coverage under the plan. (2) The commissioner and the National Association of Insurance Commissioners, and the agents and employees of each, are immune from liability in any civil action or suit arising from the publication of any report or bulletin or dissemination of information related to the official activities of the commissioner or the National Association of Insurance Commissioners, unless actual malice, fraud, or bad faith is shown.

An issuer and an employee welfare benefit plan, whether insured or self funded, as defined in the employee retirement income security act of 1974, 29 U.S.C. Sec. 1101 et seq., may not consider the availability of eligibility for medical assistance in this state under medical assistance, RCW 74.09.500, or any other state under 42 U.S.C. Sec. 1396a, section 1902 of the social security act, in considering eligibility for coverage or making payments under its plan for eligible enrollees, subscribers, policyholders, or certificate holders. Sec. 1101 et seq., may not deny enrollment of a child under the health plan of the child’s parent on the grounds that:

(a) The child was born out of wedlock; or

(b) The child is not claimed as a dependent on the parent’s federal tax return; or

(c) The child does not reside with the parent or in the issuer’s, or insured or self funded employee welfare benefit plan’s service area.

(2) Where a child has health coverage through an issuer, or an insured or self funded employee welfare benefit plan of a noncustodial parent[,] the issuer, or insured or self funded employee welfare benefit plan, shall:

(a) Provide such information to the custodial parent as may be necessary for the child to obtain benefits through that coverage;

(b) Permit the provider or the custodial parent to submit claims for covered services without the approval of the noncustodial parent. If the provider submits the claim, the
provider will obtain the custodial parent’s assignment of insurance benefits or otherwise secure the custodial parent’s approval.

For purposes of this subsection the department of social and health services as the state medicaid agency under RCW 74.09.500 may reassign medical insurance rights to the provider for custodial parents whose children are eligible for services under RCW 74.09.500; and

(c) Make payments on claims submitted in accordance with (b) of this subsection directly to the custodial parent, to the provider, or to the department of social and health services as the state medicaid agency under RCW 74.09.500.

(3) Where a child does not reside in the issuer’s service area, an issuer shall cover no less than urgent and emergent care. Where the issuer offers broader coverage, whether by policy or reciprocal agreement, the issuer shall provide such coverage to any child otherwise covered that does not reside in the issuer’s service area.

(4) Where a parent is required by a court order to provide health coverage for a child, and the parent is eligible for family health coverage, the issuer, or insured or self funded employee welfare benefit plan, shall:

(a) Permit the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions;

(b) Enroll the child under family coverage upon application of the child’s other parent, department of social and health services as the state medicaid agency under RCW 74.09.500, or child support enforcement program as defined under *RCW 26.18.170, if the parent is enrolled but fails to make application to obtain coverage for such child; and

(c) Not disenroll, or eliminate coverage of, such child who is otherwise eligible for the coverage unless the issuer or insured or self funded employee welfare benefit plan is provided satisfactory written evidence that:

(i) The court order is no longer in effect; or

(ii) The child is or will be enrolled in comparable health coverage through another issuer, or insured or self funded employee welfare benefit plan, which will take effect not later than the effective date of disenrollment.

(5) An issuer, or insured or self funded employee welfare benefit plan, that has been assigned the rights of an individual eligible for medical assistance under medicaid and coverage for health benefits from the issuer, or insured or self funded employee welfare benefit plan, may not impose requirements on the department of social and health services that are different from requirements applicable to an agent or assignee of any other individual so covered. [1995 c 34 § 3.]

*Reviser’s note: “Child support enforcement program” is not defined in RCW 26.18.170. See chapter 26.18 RCW for child support enforcement generally.

(b) Purchase the service or insurance from a company that holds a certificate of authority, issued by the insurance commissioner, authorizing the company to sell that coverage in this state. (2) Travel or automobile related products or assistance including but not limited to community traffic safety service, travel and touring service, theft or reward service, map service, towing service, emergency road service, lockout or lost key service, reimbursement of emergency expenses due to a vehicle disabling accident, or legal fee reimbursement service in the defense of traffic offenses shall not be considered to be insurance for the purposes of Title 48 RCW.

(3) Violation of this section is subject to the enforcement provisions of RCW 48.02.080 and to the hearing and appeal provisions of chapter 48.04 RCW. [1998 c 303 § 1.]

48.01.260 Health benefit plans—Carriers—Clarification. (1) Except as required in RCW 48.21.045, 48.44.023, and 48.46.066, nothing in this title shall be construed to require a carrier, as defined in RCW 48.43.005, to offer any health benefit plan for sale.

(2) Nothing in this title shall prohibit a carrier as defined in RCW 48.43.005 from ceasing sale of any or all health benefit plans to new applicants if the closed plans are closed to all new applicants.

(3) This section is intended to clarify, and not modify, existing law. [2000 c 79 § 40.]

Effective date—Severability—2000 c 79: See notes following RCW 48.04.010.

(1) The commissioner shall examine the affairs, transactions, accounts, records, documents, and assets of each authorized insurer as often as he or she deems advisable. The commissioner shall so examine each insurer holding a certificate of authority or certificate of registration not less frequently than every five years. Examination of an alien insurer may be limited to its insurance transactions in the United States. In scheduling and determining the nature, scope, and frequency of an examination, the commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the examiner’s handbook adopted by the National Association of Insurance Commissioners and in effect when the commissioner exercises discretion under this section.

(2) As often as he or she deems advisable and at least once in five years, the commissioner shall fully examine each rating organization and examining bureau licensed in this state. In lieu of an examination under this chapter of a foreign or alien insurer licensed in this state, the commissioner may accept an examination report on the company as prepared by the insurance department for the company’s state of domicile or port-of-entry state until January 1, 1994. Thereafter, an examination report may be accepted only if: (a) That insurance department was at the time of the examination accredited under the National Association of Insurance Commissioners’ financial regulation standards and accreditation program; or (b) the examination was performed either under the supervision of an accredited insurance department or with the participation of one or more examiners employed by an accredited state insurance department who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their insurance department.

(5) The commissioner may elect to accept and rely on an audit report made by an independent certified public accountant for the insurer in the course of that part of the commissioner’s examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(6) For the purposes of completing an examination of any company under this chapter, the commissioner may examine or investigate any managing general agent or any other person, or the business of any managing general agent...
or other person, insofar as that examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the company. [1993 c 462 § 43; 1982 c 181 § 1; 1979 c 139 § 1; 1947 c 79 § .03.01; Rem. Supp. 1947 § 45.03.01.]

In conducting the examination, the examiner shall observe those guidelines and procedures set forth in the examiners' handbook adopted by the National Association of Insurance Commissioners. The commissioner may also employ such other guidelines or procedures as the commissioner may deem appropriate. [1993 c 462 § 44.]

(2) The report shall be certified by the commissioner or by his or her examiner in charge of the examination, and shall be filed in the commissioner's office subject to subsection (3) of this section.

(3) The commissioner shall furnish a copy of the examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner's office. If such person so requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(4) Within thirty days of the end of the period described in subsection (3) of this section, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers and enter an order:

(a) Adopting the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(b) Rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refiling under this section; or

(c) Calling for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(5) All orders entered under subsection (4) of this section must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, relevant examiner workpapers, and any written submissions or rebuttals. Such an order is considered a final administrative decision and may be appealed under the Administrative Procedure Act, chapter 34.05 RCW, and must be served upon the company by certified mail, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail to each director at the director's residence address.

(6)(a) Upon the adoption of the examination report under subsection (4) of this section, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five years except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

48.03.040

(b) Nothing in this title prohibits the commissioner from disclosing the content of an examination report, preliminary examination report or results, or any matter relating thereto, to the insurance department of any other state or country, or to law enforcement officials of this or any other state or agency of the federal government at any time, so long as the agency or office receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this chapter.

(c) If the commissioner determines that regulatory action is appropriate as a result of any examination, he or she may initiate any proceedings or actions as provided by law.

(d) Nothing contained in this section requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency. [1993 c 462 § 45; 1965 ex.s. c 70 § 1; 1947 c 79 § .03.04; Rem. Supp. 1947 § 45.03.04.]

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which shall be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable therefor shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner’s examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer’s cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. provisions of this section as to subpoenas relative to hearings in rule-making and adjudicative proceedings.

(2) The subpoena shall be effective if served within the state of Washington and shall be served in the same manner as if issued from a court of record.

(3) Witness fees and mileage, if claimed, shall be allowed the same as for testimony in a court of record. (2) No cause of action may arise nor may any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner’s authorized representative or examiner pursuant to an examination made under this chapter, if that act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive.

(3) This section does not modify a privilege or immunity previously enjoyed by a person identified in subsection (1) of this section.

(4) A person identified in subsection (1) of this section is entitled to an award of attorneys’ fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other tort arising out of activities in carrying out this chapter and the party bringing the action was not substantially justified in doing so. For purposes of this section a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(5) If a claim is made or threatened of the sort described in subsection (1) of this section, the commissioner shall provide or pay for the defense of himself or herself, the examiner or representative, and shall pay a judgment or settlement, until it is determined that the person did not act in good faith or did act with fraudulent intent or the intent to deceive.

(3) An "alien" insurer is one formed under the laws of a nation other than the United States.

(4) For the purposes of this code, "United States," when used to signify place, means only the states of the United States, the government of Puerto Rico and the District of Columbia. [1961 c 194 § 1; 1947 c 79 § .05.01; Rem. Supp. 1947 § 45.05.01.]

"Insurer" defined: RCW 48.01.050.

48.05.030 Certificate of authority required. (1) No person shall act as an insurer and no insurer shall transact insurance in this state other than as authorized by a certificate of authority issued to it by the commissioner and then in force; except, as to such transactions as are expressly otherwise provided for in this code.

(2) Every certificate of authority shall specify the name of the insurer, the location of its principal office, the name and location of the principal office of its attorney in fact if a reciprocal insurer, and the kind or kinds of insurance it is authorized to transact in this state.

(3) The investigation and adjustment of any claim in this state arising under an insurance contract issued by an unauthorized insurer, shall not be deemed to constitute the transacting of insurance in this state. [1947 c 79 § .05.03; Rem. Supp. 1947 § 45.05.03.]

48.05.040 Certificate of authority—Qualifications. To qualify for and hold a certificate of authority an insurer must:

(1) Be a stock, mutual, or reciprocal insurer of the same general type as may be formed as a domestic insurer under the provisions of chapter 48.06 RCW of this code, but this requirement shall not apply to as domestic mutual property insurers which, as of January 1, 1957, were lawfully transacting insurance on the assessment plan; and

(2) Have capital funds as required by this code, based upon the type and domicile of the insurer and the kinds of insurance proposed to be transacted; and

(3) Transact or propose to transact in this state insurances authorized by its charter, and only such insurance as meets the standards and requirements of this code; and

(4) Fully comply with, and qualify according to, the other provisions of this code. [1957 c 193 § 1; 1947 c 79 § .05.04; Rem. Supp. 1947 § 45.05.04.]

[1999 c 33 § 1.]

48.05.080 Foreign insurers—Deposit. (1) Prior to the issuance of a certificate of authority to a foreign insurer, it shall make a deposit of assets with the commissioner for the protection of all its policyholders, or of all of its policyholders and obligees or its policyholders and obligees within the United States, in amount and kind, subject to RCW 48.14.040, the same as is required of a like domestic insurer transacting like kinds of insurance.

(2) In lieu of such deposit or part thereof the commissioner may accept the certificate of the public official having supervision over insurers in any other state to the effect that such policies plus assets equal to the larger of the following sums:

(a) The largest amount of deposit required under this title to be made in this state by any type of domestic insurer transacting like kinds of insurance; or

(2) The trust deposit shall be for the security of all policyholders or policyholders and obligees of the insurer in the United States. It shall not be subject to diminution below the amount currently determined in accordance with subsection (1) of this section so long as the insurer has outstanding any liabilities arising out of its business transacted in the United States.

(3) The trust deposit shall be maintained with public depositaries or trust institutions within the United States approved by the commissioner. [1949 c 190 § 4; 1947 c 79 § .05.09; Rem. Supp. 1949 § 45.05.09.]

[1967 c 150 § 2.]

48.05.110 Issuance of certificate of authority. If the commissioner finds that an insurer has met the requirements for and is fully entitled thereto under this code, he shall issue to it a proper certificate of authority. If the commissioner does not so find, the authority shall be refused within a reasonable length of time following completion by the insurer of the application therefor. [1947 c 79 § .05.11; Rem. Supp. 1947 § 45.05.11.]

48.05.120 Certificate of authority—Duration, renewal, amendment. (1) All certificates of authority shall continue in force until suspended, revoked, or not renewed. A certificate shall be subject to renewal annually on the first day of July upon application of the insurer and payment of the fee therefor. If not so renewed, the certificate shall expire as of the thirtieth day of June next preceding.

(2) The commissioner may amend a certificate of authority at any time in accordance with changes in the insurer’s charter or insuring powers. [1957 c 193 § 3; 1955 c 31 § 1; 1947 c 79 § .05.12; Rem. Supp. 1947 § 45.05.12.]

48.05.130 Certificate of authority—Mandatory refusal, revocation, suspension. The commissioner shall refuse to renew or shall revoke or suspend an insurer’s certificate of authority, in addition to other grounds therefor in this code, if the insurer:

(1) Is a foreign or alien insurer and no longer qualifies or meets the requirements for the authority; or, is a domestic
mutual or domestic reciprocal insurer, and fails to make good a deficiency of assets as required by the commissioner.

(2) Is a domestic stock insurer and has assets less in amount than its liabilities, including its capital stock as a liability, and has failed to make good such deficiency as required by the commissioner.

(3) Knowingly exceeds its charter powers or its certificate of authority. [1947 c 79 § .05.13; Rem. Supp. 1947 § 45.05.13.]

(2) Is found by the commissioner to be in such condition that its further transaction of insurance in this state would be hazardous to policyholders and the people in this state.

(3) Refuses to remove or discharge a director or officer who has been convicted of any crime involving fraud, dishonesty, or like moral turpitude.

(4) Usually compels claimants under policies either to accept less than the amount due them or to bring suit against it to secure full payment of the amount due.

(5) Is affiliated with and under the same general management, or interlocking directorate, or ownership as another insurer which transacts insurance in this state without having a certificate of authority therefor, except as is permitted by this code.

(6) Refuses to be examined, or if its directors, officers, employees or representatives refuse to submit to examination or to produce its accounts, records, and files for examination by the commissioner when required, or refuse to perform any legal obligation relative to the examination.

(7) Fails to pay any final judgment rendered against it in this state upon any policy, bond, recognition, or undertaking issued or guaranteed by it, within thirty days after the judgment became final or within thirty days after time for taking an appeal has expired, or within thirty days after dismissal of an appeal before final determination, whichever date is the later.

(8) Is found by the commissioner, after investigation or upon receipt of reliable information, to be managed by persons, whether by its directors, officers, or by any other means, who are incompetent or untrustworthy or so lacking in insurance company managerial experience as to make a proposed operation hazardous to the insurance-buying public; or that there is good reason to believe it is affiliated directly or indirectly through ownership, control, reinsurance or other insurance or business relations, with any person or persons whose business operations are or have been marked, to the detriment of policyholders or stockholders or investors or creditors or of the public, by bad faith or by manipulation of assets, or of accounts, or of reinsurance.

(9) Does business through agents or brokers in this state or in any other state who are not properly licensed under applicable laws and duly enacted regulations adopted pursuant thereto. 48.05.150 Notice of intention to refuse, revoke, or suspend. The commissioner shall give an insurer notice of his intention to suspend, revoke, or refuse to renew its certificate of authority not less than ten days before the order of suspension, revocation or refusal is to become effective; except that no advance notice of intention is required where the order results from a domestic insurer’s failure to make good a deficiency of assets as required by the commissioner. [1947 c 79 § .05.15; Rem. Supp. 1947 § 45.05.15.]

48.05.160 Period of suspension. The commissioner shall not suspend an insurer’s certificate of authority for a period in excess of one year, and he shall state in his order of suspension the period during which it shall be effective. [1947 c 79 § .05.16; Rem. Supp. 1947 § 45.05.16.]

48.05.170 Reauthorization, limitation upon. No insurer whose certificate of authority has been suspended, revoked, or refused shall subsequently be authorized unless the grounds for such suspension, revocation, or refusal no longer exist and the insurer is otherwise fully qualified. [1947 c 79 § .05.17; Rem. Supp. 1947 § 45.05.17.]

48.05.180 Notice of refusal, revocation, suspension—Effect upon agents’ authority. Upon the suspension, revocation or refusal of an insurer’s certificate of authority, the commissioner shall give notice thereof to the insurer and shall likewise suspend, revoke or refuse the authority of its agents to represent it in this state and give notice thereof to the agents. [1947 c 79 § .05.18; Rem. Supp. 1947 § 45.05.18.]

48.05.185 Fine in addition or in lieu of suspension, revocation, or refusal. After hearing or with the consent of the insurer and in addition to or in lieu of the suspension, revocation, or refusal to renew any certificate of authority the commissioner may levy a fine upon the insurer in an amount not less than two hundred fifty dollars and not more than ten thousand dollars. The order levying such fine shall specify the period within which the fine shall be fully paid and which period shall not be less than fifteen nor more than thirty days from the date of such order. Upon failure to pay any such fine when due the commissioner shall revoke the certificate of authority of the insurer if not already revoked, and the fine shall be recovered in a civil action brought in behalf of the commissioner by the attorney general. Any fine so collected shall be paid by the commissioner to the state treasurer for the account of the general fund. [1980 c 102 § 1; 1975 1st ex.s. c 266 § 3; 1965 ex.s. c 70 § 3.]

48.05.200 Commissioner as attorney for service of process—Exception. (1) Each authorized foreign or alien insurer shall appoint the commissioner as its attorney to receive service of, and upon whom shall be served, all legal process issued against it in this state upon causes of action arising within this state. Service upon the commissioner as attorney shall constitute service upon the insurer. Service of legal process against such insurer can be had only by service upon the commissioner, except actions upon contractor bonds pursuant to RCW 18.27.040, where service may be upon the department of labor and industries.

(2) With the appointment the insurer shall designate by name and address the person to whom the commissioner shall forward legal process so served upon him or her. The insurer may change such person by filing a new designation.

(3) The appointment of the commissioner as attorney shall be irrevocable, shall bind any successor in interest or to the assets or liabilities of the insurer, and shall remain in effect as long as there is in force in this state any contract made by the insurer or liabilities or duties arising therefrom. [1985 c 264 § 3; 1947 c 79 § .05.20; Rem. Supp. 1947 § 45.05.20.]

48.05.215 Unauthorized foreign or alien insurers—Jurisdiction of state courts—Service of process—Procedure. (1) Any foreign or alien insurer not thereunto authorized by the commissioner, whether it be a surplus lines insurer operating under chapter 48.15 RCW or not, who, by mail or otherwise, solicits insurance business in this state or transacts insurance business in this state as defined by RCW 48.01.060, thereby submits itself to the jurisdiction of the courts of this state in any action, suit or proceeding instituted by or on behalf of an insured, beneficiary or the commissioner arising out of such unauthorized solicitation of

insurance business, including, but not limited to, an action for injunctive relief by the commissioner.

(2) In any such action, suit or proceeding instituted by or on behalf of an insured or beneficiary, service of legal process against such unauthorized foreign or alien insurer may be made by service of duplicate copies of legal process on the commissioner by a person competent to serve a summons or by registered mail. At the time of service the plaintiff shall pay to the commissioner ten dollars, taxable as costs in the action. The commissioner shall forthwith mail one of the copies of the process, by registered mail with return receipt requested, to the defendant at its last known principal place of business. The defendant insurer shall have forty days from the date of the service on the commissioner within which to plead, answer or otherwise defend the action.

(3) In any such action, suit or proceeding by the commissioner, service of legal process against such unauthorized foreign or alien insurer may be made by personal service of legal process upon any officer of such insurer at its last known principal place of business outside the state of Washington. The summons upon such unauthorized foreign or alien insurer shall contain the same requisites and be served in like manner as personal summons within the state of Washington; except, the insurer shall have forty days from the date of such personal service within which to plead, answer or otherwise defend the action. [1981 c 339 § 4; 1967 c 150 § 3.]

48.05.220 Venue of actions against insurer. Suit upon causes of action arising within this state against an insurer upon an insurance contract shall be brought in the county where the cause of action arose. [1947 c 79 § .05.22; Rem. Supp. 1947 § 45.05.22.]

48.05.250 Annual statement. (1) Each authorized insurer shall annually, before the first day of March, file with the commissioner a true statement of its financial condition, transactions, and affairs as of the thirty-first day of December preceding. The statement forms shall be in general form and context as approved by the National Association of Insurance Commissioners for the kinds of insurance to be reported upon, and as supplemented for additional information required by this code and by the commissioner. The statement shall be verified by the oaths of at least two of the insurer’s officers.

(2) The annual statement of an alien insurer shall relate only to its transactions and affairs in the United States unless the commissioner requires otherwise. The statement shall be verified by the insurer’s United States manager or by its officers duly authorized.

(3) The commissioner shall suspend or revoke the certificate of authority of any insurer failing to file its annual statement when due or during any extension of time therefor which the commissioner, for good cause, may grant. [1983 c 85 § 1; 1947 c 79 § .05.25; Rem. Supp. 1947 § 45.05.25.]

(2) Assets of such insurer held in any state for the special protection of policyholders and obligees in such state shall not constitute assets of the insurer for the purposes of this code. Liabilities of the insurer so secured by such assets, but not exceeding the amount of such assets, may be deducted in computing the insurer’s liabilities for the purpose of this section.  [1947 c 79 § .05.27; Rem. Supp. 1947 § 45.05.27.]

Records and accounts of insurers. Every insurer shall keep full and adequate accounts and records of its assets, obligations, transactions, and affairs.  [1947 c 79 § .05.28; Rem. Supp. 1947 § 45.05.28.]

Withdrawal of insurer—Reinsurance. (1) No insurer shall withdraw from this state until its direct liability to its policyholders and obligees under all its insurance contracts then in force in this state has been assumed by another authorized insurer under an agreement approved by the commissioner. In the case of a life insurer, its liability pursuant to contracts issued in this state in settlement of proceeds under its policies shall likewise be so assumed.

(2) The commissioner may waive this requirement if he finds upon examination that a withdrawing insurer is then fully solvent and that the protection to be given its policyholders in this state will not be impaired by the waiver.

(3) The assuming insurer shall within a reasonable time replace the assumed insurance contracts with its own, or by endorsement thereof acknowledge its liability thereunder.  [1947 c 79 § .05.29; Rem. Supp. 1947 § 45.05.29.]

General agents, managers—Appointment—Powers—Licensing. (1) An insurer appointing any person as its general agent or manager to represent it as such in this state shall file notice of the appointment with the commissioner on forms prescribed and furnished by the commissioner.

A general agent resident in this state and licensed, as in this section provided, may exercise the powers conferred by this code upon agents licensed for the kinds of insurance which the general agent is authorized to transact for the insurer so appointing him.

(3) Any such general agent may accept applications for insurance from licensed agents who are not appointed by the insurer of such general agent where the risk involved is placed in a nonstandard or specialty market of an authorized insurer as defined by regulation of the commissioner. Such nonstandard or specialty business shall not be bound by any agent not appointed by the insurer. A general agent may supply such licensed, nonappointed agent with material to write nonstandard or specialty insurance business including, but not limited to, applications for insurance, underwriting criteria, and rates. A general agent shall not provide any licensed, nonappointed agent with indicia of authority to bind an insurance risk and the general agent and nonappointed agent shall provide written disclaimers of binding authority to an applicant or prospective insured in such form as prescribed by the commissioner.

(4) The appointment of a resident general agent shall not be effective unless the person so appointed is licensed as the general agent of such insurer by the commissioner upon application and payment of the fee therefor as provided in RCW 48.14.010.

(5) A general agent’s license and its renewal shall be in accordance with chapter 48.17 RCW as applicable to agents and brokers.

(6) The commissioner may deny, suspend, or revoke any such license for any cause specified in RCW 48.17.530 and in the manner provided in RCW 48.17.540.  [1995 c 338 § 1; 1982 c 181 § 17; 1947 c 79 § .05.31; Rem. Supp. 1947 § 45.05.31.]

48.05.435 Report of RBC levels—Formula for determining levels—Inaccurate reports adjusted by commissioner. (1) Every domestic insurer shall, on or prior to the filing date, which is hereby established as March 1, prepare and submit to the commissioner a report of its RBC levels as of the end of the calendar year just ended, in a form and containing that information required by the RBC instructions. In addition, every domestic insurer shall file its RBC report:
   (a) With the NAIC in accordance with the RBC instructions; and
   (b) With the insurance commissioner in any state in which the insurer is authorized to do business, if the insurance commissioner has notified the insurer of its request in writing, in which case the insurer shall file its RBC report not later than the later of:
      (i) Fifteen days from the receipt of notice to file its RBC report with that state; or
      (ii) The filing date.
   (2) A life and disability insurer’s RBC shall be determined in accordance with the formula set forth in the RBC instructions. The formula shall take into account and may adjust for the covariance between:
      (a) The risk with respect to the insurer’s assets;
      (b) The risk of adverse insurance experience with respect to the insurer’s liabilities and obligations;
      (c) The interest rate risk with respect to the insurer’s business; and
      (d) All other business risks and other relevant risks as are set forth in the RBC instructions; determined in each case by applying the factors in the manner set forth in the RBC instructions.

(4) An excess of capital over the amount produced by the RBC requirements and the formulas, schedules, and instructions under RCW 48.05.430 through 48.05.490 is desirable in the business of insurance. Accordingly, insurers should seek to maintain capital above the RBC levels required. Additional capital is used and useful in the insurance business and helps to secure an insurer against various risks inherent in, or affecting, the business of insurance and not accounted for or only partially measured by the RBC requirements.

(5) If a domestic insurer files an RBC report that in the judgment of the commissioner is inaccurate, then the commissioner shall adjust the RBC report to correct the inaccuracy and shall notify the insurer of the adjustment. The notice shall contain a statement of the reason for the adjustment. [1995 c 83 § 2.]

insurer that the commissioner has, after a hearing, rejected the insurer’s challenge.

(2) In the event of a company action level event, the insurer shall prepare and submit to the commissioner an RBC plan that:

(b) Contains proposals of corrective actions that the insurer intends to take and would be expected to result in the elimination of the company action level event;

(c) Provides projections of the insurer’s financial results in the current year and at least the four succeeding years, both in the absence of proposed corrective actions and giving effect to the proposed corrective actions, including projections of statutory operating income, net income, capital, and surplus. The projections for both new and renewal business might include separate projections for each major line of business and separately identify each significant income, expense, and benefit component;

(d) Identifies the key assumptions impacting the insurer’s projections and the sensitivity of the projections to the assumptions; and

(e) Identifies the quality of, and problems associated with, the insurer’s business, including but not limited to its assets, anticipated business growth and associated surplus strain, extraordinary exposure to risk, mix of business, and use of reinsurance, if any, in each case.

(a) Within forty-five days after the notification from the commissioner; or

(b) If the insurer challenges the notification from the commissioner under RCW 48.05.460, within forty-five days after a notification to the insurer that the commissioner has, after a hearing, rejected the insurer’s challenge.

(5) In the event of a notification by the commissioner to an insurer that the insurer’s RBC plan or revised RBC plan is unsatisfactory, the commissioner may, subject to the insurer’s rights to a hearing under RCW 48.05.460, specify in the notification that the notification constitutes a regulatory action level event.

(6) Every domestic insurer that files an RBC plan or revised RBC plan with the commissioner shall file a copy of the RBC plan or revised RBC plan with the insurance commissioner in any state in which the insurer is authorized to do business if:

(a) The state has an RBC provision substantially similar to RCW 48.05.465(1); and

(b) The insurance commissioner of that state has notified the insurer of its request for the filing in writing, in which case the insurer shall file a copy of the RBC plan or revised RBC plan in that state no later than the later of:

(i) Fifteen days after the receipt of notice to file a copy of its RBC plan or revised plan with the state; or

(ii) The date on which the RBC plan or revised RBC plan is filed under subsections (3) and (4) of this section.

   (a) Require the insurer to prepare and submit an RBC plan or, if applicable, a revised RBC plan;
   (b) Perform the examination or analysis the commissioner deems necessary of the assets, liabilities, and operations of the insurer including a review of its RBC plan or revised RBC plan; and
   (c) Subsequent to the examination or analysis, issue an order specifying those corrective actions the commissioner determines are required.

(3) In determining corrective actions, the commissioner may take into account those factors deemed relevant with respect to the insurer based upon the commissioner’s examination or analysis of the assets, liabilities, and operations of the insurer, including, but not limited to, the results of any sensitivity tests undertaken under the RBC instructions. The RBC plan or revised RBC plan shall be submitted:

(a) Within forty-five days after the occurrence of the regulatory action level event;

(b) If the insurer challenges an adjusted RBC report under RCW 48.05.460, and the challenge is not frivolous in the judgment of the commissioner, within forty-five days after the notification to the insurer that the commissioner has, after a hearing, rejected the insurer’s challenge; or

(c) If the insurer challenges a revised RBC plan under RCW 48.05.460, and the challenge is not frivolous in the judgment of the commissioner, within forty-five days after the notification to the insurer that the commissioner has, after a hearing, rejected the insurer’s challenge.

(4) The commissioner may retain actuaries and investment experts and other consultants as may be necessary in the judgment of the commissioner to review the insurer’s RBC plan or revised RBC plan, examine or analyze the assets, liabilities, and operations of the insurer and formulate the corrective order with respect to the insurer. (2) In the event of an authorized control level event with respect to an insurer, the commissioner shall:
   (a) Take those actions required under RCW 48.05.445 regarding an insurer with respect to which a regulatory action level event has occurred; or
   (b) If the commissioner deems it to be in the best interests of the policyholders and creditors of the insurer and of the public, take those actions necessary to cause the insurer to be placed under regulatory control under chapter 48.31 RCW. In the event the commissioner takes these actions, the authorized control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW, and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. In the event the commissioner takes actions under this subsection pursuant to an adjusted RBC report, the insurer is entitled to those protections afforded to insurers under RCW 48.31.121 pertaining to summary proceedings.    (c) If, under RCW 48.05.460, the insurer challenges an adjusted RBC report that indicates the event in (a) of this subsection, notification by the commissioner to the insurer that the commissioner has, after a hearing, rejected the insurer’s challenge.

(2) In the event of a mandatory control level event:
   (a) With respect to a life and disability insurer, the commissioner shall take those actions necessary to place the insurer under regulatory control under chapter 48.31 RCW. In that event, the mandatory control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW, and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. If the commissioner takes actions pursuant to an adjusted RBC report, the insurer is entitled to the protections of RCW 48.31.121 pertaining to summary proceedings. However, the commissioner may forego action for up to ninety days after the mandatory control level event if the commissioner finds there is a reasonable expectation that the mandatory control level event may be eliminated within the ninety-day period.
   (b) With respect to a property and casualty insurer, the commissioner shall take those actions necessary to place the insurer under regulatory control under chapter 48.31 RCW, or, in the case of an insurer that is writing no business and
that is running-off its existing business, may allow the insurer to continue its run-off under the supervision of the commissioner. In either event, the mandatory control level event is sufficient grounds for the commissioner to take action under chapter 48.31 RCW and the commissioner has the rights, powers, and duties with respect to the insurer as are set forth in chapter 48.31 RCW. If the commissioner takes actions pursuant to an adjusted RBC report, the insurer is entitled to the protections of RCW 48.31.121 pertaining to summary proceedings. [1995 c 83 § 6.]

   (ii) The notification constitutes a regulatory action level event with respect to such insurer; or
   (c) That the insurer has failed to adhere to its RBC plan or revised RBC plan and that such failure has a substantial adverse effect on the ability of the insurer to eliminate the company action level event with respect to the insurer in accordance with its RBC plan or revised RBC plan; or
   (d) Of a corrective order with respect to the insurer.
   (2) The insurer shall notify the commissioner of its request for a hearing within five days after the notification by the commissioner under this section. Upon receipt of the insurer’s request for a hearing, the commissioner shall set a date for the hearing. The date shall be no less than ten nor more than thirty days after the date of the insurer’s request. [1995 c 83 § 7.]

48.05.465 Confidentiality of RBC reports and plans—Use of information for comparative purposes—Use of information to monitor solvency. (1) All RBC reports, to the extent the information is not required to be set forth in a publicly available annual statement schedule, and RBC plans, including the results or report of any examination or analysis of an insurer and any corrective order issued by the commissioner, with respect to any domestic insurer or foreign insurer that are filed with the commissioner constitute information that might be damaging to the insurer if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information shall not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner.
   (2) The comparison of an insurer’s total adjusted capital to any of its RBC levels is a regulatory tool that may indicate the need for possible corrective action with respect to the insurer, and is not a means to rank insurers generally. Therefore, except as otherwise required under the provisions of RCW 48.05.430 through 48.05.490, the making, publishing, disseminating, circulating, or placing before the public, or causing, directly or indirectly to be made, published, disseminated, circulated, or placed before the public, in a newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio or television station, or in any other way, an advertisement, announcement, or statement containing an assertion, representation, or statement with regard to the RBC levels of any insurer, or of any component derived in the calculation, by any insurer, agent, broker, or other person engaged in any manner in the insurance business would be misleading and is therefore prohibited. However, if any materially false statement with respect to the comparison regarding an insurer’s total adjusted capital to its RBC levels, or any of them, or an inappropriate comparison of any other amount to the insurer’s RBC levels is published in any written publication and the insurer is able to demonstrate to the commissioner with substantial proof the falsity of such statement, or the inappropriateness, as the case may be, then the insurer may publish an announcement in a written publication if the sole purpose of the announcement is to rebut the materially false statement.
   (3) The RBC instructions, RBC reports, adjusted RBC reports, RBC plans, and revised RBC plans are solely for use by the commissioner in monitoring the solvency of insurers and the need for possible corrective action with respect to insurers and shall not be used by the commissioner for ratemaking nor considered or introduced as evidence in any rate proceeding nor used by the commissioner to calculate or derive any elements of an appropriate premium level or rate of return for any line of insurance that an insurer or any affiliate is authorized to write. [1995 c 83 § 8.]

48.05.470 Regulation of capital and surplus requirements is supplemental—Commissioner may grant exemptions. (1) The provisions of RCW 48.05.430 through 48.05.490 are supplemental to any other provisions of the laws of this state, and shall not preclude or limit any other powers or duties of the commissioner under those laws, including, but not limited to, chapter 48.31 RCW.
   (2) The commissioner may exempt any domestic property and casualty insurer from RCW 48.05.430 through 48.05.490, if the insurer:
      (a) Writes direct business only in this state;
      (b) Writes direct annual premiums of two million dollars or less; and
      (c) Assumes no reinsurance in excess of five percent of direct premiums written. [1995 c 83 § 9.]

48.05.475 RBC report from foreign or alien insurers—Request of commissioner—Commissioner’s options. (1) Any foreign or alien insurer shall, upon the written request of the commissioner, submit to the commissioner an RBC report as of the end of the calendar year just ended by the later of:
      (a) The date an RBC report would be required to be filed by a domestic insurer under RCW 48.05.435; or
      (b) Fifteen days after the request is received by the foreign or alien insurer. Any foreign or alien insurer shall, at the written request of the commissioner, promptly submit
to the commissioner a copy of any RBC plan that is filed with the insurance commissioner of any other state.

(2) In the event of a company action level event, regulatory action level event, or authorized control level event with respect to any foreign or alien insurer as determined under the RBC statute applicable in the state of domicile of the insurer or, if no RBC statute is in force in that state, under the provisions of RCW 48.05.430 through 48.05.490, if the insurance commissioner of the state of domicile of the foreign or alien insurer fails to require the foreign or alien insurer to file an RBC plan in the manner specified under that state’s RBC statute, the commissioner may require the foreign or alien insurer to file an RBC plan. In this event, the failure of the foreign or alien insurer to file an RBC plan is grounds to order the insurer to cease and desist from writing new insurance business in this state.

(3) In the event of a mandatory control level event with respect to any foreign or alien insurer, if no domiciliary receiver has been appointed with respect to the foreign or alien insurer under the rehabilitation and liquidation statute applicable in the state of domicile of the foreign or alien insurer, the commissioner may apply for an order under RCW 48.31.080 or 48.31.090 to conserve the assets within this state of foreign or alien insurers, and the occurrence of the mandatory control level event is considered adequate grounds for the application. [1995 c 83 § 10.]

48.05.480 No liability for regulation of capital and surplus requirements. There is no liability on the part of, and no cause of action may arise against, the commissioner or insurance department or its employees or agents for any action taken by them in the performance of their powers and duties under RCW 48.05.430 through 48.05.490. [1995 c 83 § 11.]

48.05.485 Notices by commissioner—When effective. All notices by the commissioner to an insurer that may result in regulatory action are effective upon dispatch if transmitted by registered or certified mail, or in the case of any other transmission are effective upon the insurance department’s total assets as reported in its most recent statutory statement filed with the commissioner.

48.05.490 RBC reports for 1995—Requirements. For RBC reports required by property and casualty insurers for 1995, the following requirements apply in lieu of RCW 48.05.440 through 48.05.455:

(1) In the event of a company action level event with respect to a domestic insurer, the commissioner shall take no regulatory action.

(2) In the event of a regulatory action level event under RCW 48.05.445(1) (a), (b), or (c) the commissioner shall take the actions required under RCW 48.05.440.

(3) In the event of a regulatory action level event under RCW 48.05.445(1) (d), (e), (f), (g), (h), or (i) or an authorized control level event, the commissioner shall take the actions required under RCW 48.05.445.

(4) In the event of a mandatory control level event with respect to an insurer, the commissioner shall take the actions required under RCW 48.05.450. [1995 c 83 § 13.]

48.05.510 Disclosure of certain material transactions—Insurer’s report—Information is confidential. (1) Every insurer domiciled in this state shall file a report with the commissioner disclosing material acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements unless these acquisitions and dispositions of assets or material nonrenewals, cancellations, or revisions of ceded reinsurance agreements have been submitted to the commissioner for review, approval, or information purposes under other provisions of this title or other requirements.

(2) The report required in subsection (1) of this section is due within fifteen days after the end of the calendar month in which any of the transactions occur.

(3) One complete copy of the report, including any exhibits or other attachments filed as part of the report, shall be filed with the:

(a) Commissioner; and

(b) National association of insurance commissioners.

(4) All reports obtained by or disclosed to the commissioner under this section and RCW 48.05.515 through 48.05.535 are exempt from public inspection and copying and are not subject to subpoena. These reports shall not be made public by the commissioner, the national association of insurance commissioners, or any other person, except to insurance departments of other states, without the prior written consent of the insurer to which it pertains unless the commissioner, after giving the insurer that would be affected by disclosure notice and a hearing under chapter 48.04 RCW, determines that the interest of policyholders, shareholders, or the public will be served by the publication, in which event the commissioner may publish all or any part of the report in the manner he or she deems appropriate. [1995 c 86 § 1.]

48.05.515 Material acquisitions or dispositions. No acquisitions or dispositions of assets need be reported under RCW 48.05.510 if the acquisitions or dispositions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material acquisition, or the aggregate of any series of related acquisitions during any thirty-day period; or disposition, or the aggregate of any series of related dispositions during any thirty-day period is an acquisition or disposition that is nonrecurring and not in the ordinary course of business and involves more than five percent of the reporting insurer’s total assets as reported in its most recent statutory statement filed with the commissioner. [1995 c 86 § 2.]

48.05.520 Asset acquisitions—Asset dispositions. (1) Asset acquisitions subject to RCW 48.05.510 through 48.05.535 include every purchase, lease, exchange, merger, consolidation, succession, or other acquisition other than the construction or development of real property by or for the reporting insurer or the acquisition of materials for such a purpose.

(2) Asset dispositions subject to RCW 48.05.510 through 48.05.535 include every sale, lease, exchange, merger, consolidation, mortgage, hypothecation, abandonment, destruction, other disposition, or assignment, whether

An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer’s capital and surplus. [1995 c 86 § 4.]

48.05.530 Material nonrenewals, cancellations, or revisions of ceded reinsurance agreements. (1) No nonrenewals, cancellations, or revisions of ceded reinsurance agreements need be reported under RCW 48.05.510 if the nonrenewals, cancellations, or revisions are not material. For purposes of RCW 48.05.510 through 48.05.535, a material nonrenewal, cancellation, or revision is one that affects:

(a) More than fifty percent of a property and casualty insurer’s total ceded written premium;
(b) More than fifty percent of the property and casualty insurer’s total ceded indemnity and loss adjustment reserves;
(c) More than fifty percent of a nonproperty and casualty insurer’s total reserve credit taken for business ceded, on an annualized basis, as indicated in the insurer’s most recent annual statement;
(d) More than ten percent of an insurer’s total cession when it is replaced by one or more unauthorized reinsurers; or
(e) Previously established collateral requirements, when they have been reduced or waived as respects one or more unauthorized reinsurers representing collectively more than ten percent of a total cession.

(2) However, a filing is not required if:

(a) A property and casualty insurer’s total ceded written premium represents, on an annualized basis, less than ten percent of its total written premium for direct and assumed business; or
(b) A nonproperty and casualty insurer’s total reserve credit taken for business ceded represents, on an annualized basis, less than ten percent of the statutory reserve requirement prior to any cession. [1995 c 86 § 5.]

(2) Insurers are required to report all material nonrenewals, cancellations, or revisions of ceded reinsurance agreements on a nonconsolidated basis unless the insurer is part of a consolidated group of insurers that utilizes a pooling arrangement or one hundred percent reinsurance agreement that affects the solvency and integrity of the insurer’s reserves and the insurer ceded substantially all of its direct and assumed business to the pool. An insurer has ceded substantially all of its direct and assumed business to a pool if the insurer has less than one million dollars total direct plus assumed written premiums during a calendar year that are not subject to a pooling arrangement and the net income of the business not subject to the pooling arrangement represents less than five percent of the insurer’s capital and surplus. [1995 c 86 § 6.]

48.05.900 Severability—1995 c 83. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1995 c 83 § 15.]

2. In lieu of filing such bond, the person may deposit with the commissioner fifty thousand dollars in cash or in United States government bonds at par value, to be held in trust upon the same conditions as required for the bond.

3. The commissioner may waive the requirement for a bond or deposit in lieu thereof if the permit provides that:

(2) Any portion of funds received on account of stock or syndicate subscriptions which is allowed therefor under the solicitation permit, may be applied concurrently toward the payment of promotion and organization expense theretofore incurred. [1947 c 79 § .06.13; Rem. Supp. 1947 § 45.06.13.]

48.06.150 Payment for subscriptions—Forfeiture. (1) No such proposed stock insurer, corporation, or syndicate shall issue any share of stock or participation agreement except for payment in cash or in securities eligible for investment of funds of insurers. No such shares or agreements shall be issued until all subscriptions received under the solicitation permit have been so fully paid, nor, if an insurer, until a certificate of authority has been issued to it.

(2) Every subscription contract to shares of a stock insurer or other corporation calling for payment in installments, together with all amounts paid thereon may be forfeited at the option of the corporation, upon failure to make good a delinquency in any installment upon not less than forty-five days' notice in writing, and every such contract shall so provide. (1) Issuance of the policy is contingent upon completion of organization of the insurer and issuance to it of a certificate of authority; and

(2) the prepaid premium or deposit will be refunded in full to the applicant if the organization is not completed and certificate of authority issued prior to the solicitation permit's date of expiration; and

(3) the agreement for insurance is not effective until a policy has been issued under it. [1947 c 79 § .06.16; Rem. Supp. 1947 § 45.06.16.]

The commissioner shall withdraw all funds held in escrow and refund to subscribers or applicants all sums paid in on stock or syndicate subscriptions, less that part of such sums paid in on subscriptions as has been allowed and used for promotion and organization expenses, and all sums paid in on insurance applications, and shall dissolve the proposed insurer, corporation or syndicate if

(1) the proposed insurer, corporation or syndicate fails to complete its organization and obtain full payment for subscriptions and applications, and, if an insurer, it fails to secure its certificate of authority, all before expiration of the solicitation permit; or

(a) it has received a certificate of authority, if an insurer, or

(b) it has completed its initial organization and financing if a corporation other than an insurer, shall solicit or receive funds in exchange for any new issue of its corporate securities, other than through a stock dividend, until it has applied to the commissioner for, and has been granted, a solicitation permit.

(2) The commissioner shall issue such a permit unless he finds that:

(a) The funds proposed to be secured are excessive in amount for the purpose intended, or

(b) the proposed securities or the manner of their distribution are inequitable, or

(c) the issuance of the securities would jeopardize the interests of policyholders or the holders of other securities of the insurer or corporation.

(2) This section does not prohibit a life insurer from making a policy loan to such person on a life insurance contract issued by it and in accordance with the terms thereof.

(3) The commissioner may permit additional exceptions to the prohibition contained in subsection (1) of this section to enable payment of reasonable compensation to a director who is not otherwise an officer or employee of the insurer, or to a corporation or firm in which the director is interested, for necessary services performed or sales or purchases made to or for the insurer in the ordinary course of the insurer’s business and in the usual private professional or business capacity of such director or such corporation or firm.

In addition, the commissioner may permit exceptions to the prohibitions contained in subsection (1) of this section where the payment of a fee, brokerage, gift, commission, or other emolument is fully disclosed to the insurer’s officers and directors and is reasonable in relation to the service performed. [1989 c 228 § 1; 1981 c 339 § 5; 1947 c 79 § .07.13; Rem. Supp. 1947 § 45.07.13.]

Nor shall it prohibit insurance effectuated by the insurer as an unauthorized insurer in accordance with the laws of the reciprocating state. Nor shall it prohibit renewal or continuance in force, with or without modification,
of contracts otherwise lawful and which were not originally executed in violation of this section.

(4) A "reciprocating" state, as used herein, is one under the laws of which a similar prohibition is imposed upon and is enforced against insurers domiciled in that state.

48.07.150 Title 48 RCW: Insurance

48.07.160 Continuing operation in event of national emergency—Declaration of purpose—"Insurer" defined. It is desirable for the general welfare and in particular for the welfare of insurance beneficiaries, policyholders, claimants and others that the business of domestic insurers be continued notwithstanding the event of a national emergency. The purpose of this section and RCW 48.07.170 through 48.07.200 is to facilitate the continued operation of domestic insurers in the event that a national emergency is caused by an attack on the United States which is so disruptive of normal business and commerce in this state as to make it impossible or impracticable for a domestic insurer to conduct its business in accord with applicable provisions of law, its bylaws, or its charter. When used in this section and RCW 48.07.170 through 48.07.200 the word "insurer" includes a fraternal benefit society. [1963 c 195 § 25.]

48.07.170 Continuing operation in event of national emergency—Emergency bylaws. The board of directors of any domestic insurer may at any time adopt emergency bylaws, subject to repeal or change by action of those having power to adopt regular bylaws for such insurer, which shall be operative during such a national emergency and which may, notwithstanding any different provisions of the regular bylaws, or of the applicable statutes, or of such insurer's charter, make any provision that may be reasonably necessary for the operation of such insurer during the period of such emergency. [1963 c 195 § 26.]

48.07.180 Continuing operation in event of national emergency—Directors. In the event that the board of directors of a domestic insurer has not adopted emergency bylaws, the following provisions shall become effective upon the occurrence of such a national emergency as above described:

(1) Three directors shall constitute a quorum for the transaction of business at all meetings of the board.

(2) Any vacancy in the board may be filled by a majority of the remaining directors, though less than a quorum, or by a sole remaining director.

(3) If there are no surviving directors, but at least three vice presidents of such insurer survive, the three vice presidents with the longest term of service shall be the directors and shall possess all of the powers of the previous board of directors and such powers as are granted herein or by subsequently enacted legislation. By majority vote, such emergency board of directors may elect other directors. If there are not at least three surviving vice presidents, the commissioner or duly designated person exercising the powers of the commissioner shall appoint three persons as directors who shall include any surviving vice presidents and who shall possess all of the powers of the previous board of directors and such powers as are granted herein or by subsequently enacted legislation, and these persons by majority vote may elect other directors. [1963 c 195 § 27.]

48.07.190 Continuing operation in event of national emergency—Officers. At any time the board of directors of a domestic insurer may, by resolution, provide that in the event of such a national emergency and in the event of the death or incapacity of the president, the secretary, or the treasurer of such insurer, such officers, or any of them, shall be succeeded in the office by the person named or described in a succession list adopted by the board of directors. Such list may be on the basis of named persons or position titles, shall establish the order of priority and may prescribe the conditions under which the powers of the office shall be exercised. [1963 c 195 § 28.]

48.07.200 Continuing operation in event of national emergency—Principal office and place of business. At any time the board of directors of a domestic insurer may, by resolution, provide that in the event of such a national emergency the principal office and place of business of such insurer shall be at such location as is named or described in the resolution. Such resolution may provide for alternate locations and establish an order of preference. [1963 c 195 § 29.]

48.07.210 Conversion to domestic insurer. (1)(a) Any insurer duly organized under the laws of any other state and admitted to transact insurance business in this state may become a domestic insurer upon complying with all requirements of law for the organization of a domestic insurer in this state and by designating its principal place of business at a location in this state. Such domestic insurer is entitled to a certificate of authority to transact insurance in this state, subject to the conditions set forth in (b) of this subsection, and is subject to the authority and the jurisdiction of this state.

(b) Before being eligible to become a domestic insurer under this section, an admitted insurer shall advise the commissioner, in writing, thirty days in advance of the proposed date of its plan to become a domestic insurer. The commissioner must approve the plan in advance of the proposed date. The commissioner shall not approve any such plan unless, after a hearing, pursuant to such notice as the commissioner may require, the commissioner finds that the plan is consistent with law, and that no reasonable objection to the plan exists. If the commissioner fails to approve the plan, the commissioner shall state his or her reasons for failure to approve the plan in an order issued at the hearing.

(2) After providing thirty days’ advance written notice of its plan to the commissioner and upon the written approval of the commissioner in advance of the proposed transfer date, any domestic insurer of this state may transfer its domicile to any other state in which it is admitted to transact the business of insurance. Upon transfer of domicile, the insurer ceases to be a domestic insurer of this state. If otherwise qualified under the laws of this state, the commissioner shall admit the insurer to do business in this state as
a foreign insurer. The commissioner shall approve any proposed transfer of domicile unless the commissioner determines after a hearing, pursuant to such notice as the commissioner may require, that the transfer is not in the best interests of the public or the insurer’s policyholders in this state. If the commissioner fails to approve a proposed transfer of domicile, the commissioner shall state his or her reasons for failure to approve the transfer in an order issued at the hearing.

(3) When a foreign insurer, admitted to transact business in this state, transfers its corporate domicile to this state or to any other state, the certificate of authority, appointment of statutory agent, and all approved licenses, policy forms, rates, filings, and other authorizations and approvals in existence at the time the foreign insurer transfers its corporate domicile shall continue in effect.

(4) Any insurer transferring its corporate domicile under this section shall file any amendments to articles of incorporation, bylaws, or other corporate documents that are required to be filed in this state before the insurer may receive approval of its proposed plan by the commissioner. [1988 c 248 § 5.]

Merger or consolidation: RCW 48.31.010.
Organization of domestic insurers: Chapter 48.06 RCW.
Superadded liability of shareholders of domestic stock insurance companies: State Constitution Art. 12 § 11.

48.08.010 Increase of capital stock. (1) Increase of the capital stock of a domestic stock insurer shall be by amendment to its articles of incorporation.

(2) If the increased capital stock is to be distributed as a stock dividend, such increased capital stock may be fully paid in out of any available surplus funds as is provided in RCW 48.08.030, and such payment shall be effected by a transfer on the insurer’s books from its surplus account to its capital account.

(3) When the increased capital has been fully paid in, a certificate to such effect shall be made in quadruplicate under oath and the corporate seal by the insurer’s president and secretary and filed in the public offices named in RCW 48.07.070. [1953 c 197 § 4; 1947 c 79 § .08.01; Rem. Supp. 1947 § 45.08.01.]

48.08.020 Reduction of capital stock. (1) Reduction of the capital stock of a domestic stock insurer shall be by amendment of its articles of incorporation. No such reduction shall be made which results in capital stock less in amount than the minimum required by this code for the kinds of insurance thereafter to be transacted by the insurer.

(2) No surplus funds of the insurer resulting from a reduction of its capital stock shall be distributed to stockholders, except as a stock dividend on a subsequent increase of capital stock, or upon dissolution of the insurer, or upon approval of the commissioner of a distribution upon proof satisfactory to him that the distribution will not impair the interests of policyholders or the insurer’s solvency.

(3) Upon such reduction of capital stock, the insurer’s directors shall call in any outstanding stock certificates required to be changed pursuant thereto, and issue proper certificates in their stead. [1947 c 79 § .08.02; Rem. Supp. 1947 § 45.08.02.]

48.08.030 Dividends to stockholders. (1) No domestic stock insurer shall pay any cash dividend to stockholders except out of earned surplus. For the purpose of this section, "earned surplus" means that part of its available surplus funds which is derived from any realized net profits on its business, and does not include unrealized capital gains or reevaluation of assets.

(2) Such an insurer may pay a stock dividend out of any available surplus funds.

(3) Payment of any dividend to stockholders of a domestic stock insurer shall also be subject to all the limitations and requirements governing the payment of dividends by other private corporations.

(4) No dividend shall be declared or paid which would reduce the insurer’s surplus to an amount less than the minimum required for the kinds of insurance thereafter to be transacted.

(5) For the purposes of this chapter "surplus funds" means the excess of the insurer’s assets over its liabilities, including its capital stock as a liability.

(6) Available surplus means the excess over the minimum amount of surplus required for the kinds of insurance the insurer is authorized to transact. [1993 c 462 § 52; 1947 c 79 § .08.03; Rem. Supp. 1947 § 45.08.03.]

48.08.040 Illegal dividends, reductions—Penalty against directors. Any director of a domestic stock insurer who votes for or concurs in the declaration or payment of any dividend to stockholders or a reduction of capital stock not authorized by law shall, in addition to any other liability imposed by law, be guilty of a gross misdemeanor. [1947 c 79 § .08.04; Rem. Supp. 1947 § 45.08.04.]

(2002 Ed.)
48.08.050 Impairment of capital. (1) If the capital stock of a domestic stock insurer becomes impaired, the commissioner shall at once determine the amount of the deficiency and serve notice upon the insurer to require its stockholders to make good the deficiency within ninety days after service of such notice.

(2) The deficiency shall be made good in cash, or in assets eligible under this code for the investment of the insurer’s funds, or by reduction of the insurer’s capital stock to an amount not below the minimum required for the kinds of insurance to be thereafter transacted.

(3) If the deficiency is not made good and proof thereof filed with the commissioner within such ninety-day period, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(4) If the deficiency is not made good the insurer shall not issue or deliver any policy after the expiration of such ninety-day period. Any officer or director who violates or knowingly permits the violation of this provision shall be subject to a fine of from fifty dollars to one thousand dollars for each violation. [1947 c 79 § .08.05; Rem. Supp. 1947 § 45.08.05.]

48.08.060 Repayment of contributions to surplus. Contributions to the surplus of a domestic stock insurer other than resulting from sale of its capital stock, shall not be subject to repayment except out of surplus in excess of the minimum surplus initially required of such an insurer transacting like kinds of insurance. [1947 c 79 § .08.06; Rem. Supp. 1947 § 45.08.06.]

48.08.070 Participating policies. (1) Any domestic stock insurer may, if its charter so provides, issue policies entitled to participate from time to time in the earnings of the insurer through dividends.

(2) Any classification of its participating policies and of risks assumed thereunder which the insurer may make shall be reasonable. No dividend shall be paid which is inequitable or which unfairly discriminates as between such classifications or as between policies within the same classification.

(3) No such insurer shall issue in this state both participating and nonparticipating policies for the same class of risks; except, that both participating and nonparticipating life insurance policies may be issued if the right or absence of the right to participate is reasonably related to the premium charged.

(4) Dividends to participating life insurance policies issued by such insurer shall be paid only out of its surplus funds as defined in subsection (5) of RCW 48.08.030. Dividends to participating policies for other kinds of insurance shall be paid only out of that part of such surplus funds which is derived from any realized net profits from the insurer’s business.

(5) No dividend, otherwise earned, shall be made contingent upon the payment of renewal premium on any policy. [1947 c 79 § .08.07; Rem. Supp. 1947 § 45.08.07.]

48.08.080 Mutualization of stock insurers. (1) Any domestic stock insurer may become a domestic mutual insurer pursuant to such plan and procedure as are approved by the commissioner in advance of such mutualization.

(2) The commissioner shall not approve any such plan, procedure, or mutualization unless:

(a) It is equitable to both shareholders and policyholders.

(b) It is approved by vote of the holders of not less than three-fourths of the insurer’s capital stock having voting rights, and by vote of not less than two-thirds of the insurer’s policyholders who vote on such plan, pursuant to such notice and procedure as may be approved by the commissioner. Such vote may be registered in person, by proxy, or by mail.

(c) If a life insurer, the right to vote thereon is limited to those policyholders whose policies have face amounts of not less than one thousand dollars and have been in force one year or more.

(d) Mutualization will result in retirement of shares of the insurer’s capital stock at a price not in excess of the fair value thereof as determined by competent disinterested appraisers.

(e) The plan provides for appraisal and purchase of the shares of any nonconsenting stockholder in accordance with the laws of this state relating to the sale or exchange of all the assets of a private corporation.

(f) The plan provides for definite conditions to be fulfilled by a designated early date upon which such mutualization will be deemed effective.

(g) The mutualization leaves the insurer with surplus funds reasonably adequate to preserve the security of its policyholders and its ability to continue successfully in business in the states in which it is then authorized, and in the kinds of insurance it is then authorized to transact. [1947 c 79 § .08.08; Rem. Supp. 1947 § 45.08.08.]

48.08.090 Stockholder meetings—Duty to inform stockholders of matters to be presented—Proxies. (1) This section shall apply to all domestic stock insurers except:

(a) A domestic stock insurer having less than one hundred stockholders; except, that if ninety-five percent or more of the insurer’s stock is owned or controlled by a parent or affiliated insurer, this section shall not apply to such insurer unless its remaining shares are held by five hundred or more stockholders.

(b) Domestic stock insurers which file with the Securities and Exchange Commission forms of proxies, consents and authorizations pursuant to the Securities and Exchange Act of 1934, as amended.

(2) Every such insurer shall seasonably furnish its stockholders in advance of stockholder meetings, information in writing reasonably adequate to inform them relative to all matters to be presented by the insurer’s management for consideration of stockholders at such meeting.

(3) No person shall solicit a proxy, consent, or authorization in respect of any stock of such an insurer unless he furnishes the person so solicited with written information reasonably adequate as to

(a) the material matters in regard to which the powers so solicited are proposed to be used, and
(b) the person or persons on whose behalf the solicitation is made, and the interest of such person or persons in relation to such matters.

(4) No person shall so furnish to another, information which the informer knows or has reason to believe, is false or misleading as to any material fact, or which fails to state any material fact reasonably necessary to prevent any other statement made from being misleading.

(5) The form of all such proxies shall:
   (a) Conspicuously state on whose behalf the proxy is solicited;
   (b) Provide for dating the proxy;
   (c) Impartially identify each matter or group of related matters intended to be acted upon;
   (d) Provide means for the principal to instruct the vote of his shares as to approval or disapproval of each matter or group, other than election to office; and
   (e) Be legibly printed, with context suitably organized.

Except, that a proxy may confer discretionary authority as to matters as to which choice is not specified pursuant to item (d), above, if the form conspicuously states how it is intended to vote the proxy or authorization in each such case; and may confer discretionary authority as to other matters which may come before the meeting but unknown for a reasonable time prior to the solicitation by the persons on whose behalf the solicitation is made.

(6) No proxy shall confer authority (a) to vote for election of any person to any office for which a bona fide nominee is not named in the proxy statement, or (b) to vote at any annual meeting (or adjournment thereof) other than the annual meeting next following the date on which the proxy statement and form were furnished stockholders.

(7) The commissioner shall have authority to make and promulgate reasonable rules and regulations for the effectuation of this section, and in so doing shall give due consideration to rules and regulations promulgated for similar purposes by the insurance supervisory officials of other states. [1965 ex.s. c 70 § 5.]

### 48.08.100 Equity security—Defined.

The term "equity security" when used in RCW 48.08.100 through 48.08.160 means any stock or similar security; or any security convertible, with or without consideration, into such a security, or carrying any warrant or right to subscribe to or purchase such a security; or any such warrant or right; or any other security which the commissioner shall deem to be of similar nature and consider necessary or appropriate, by such rules and regulations as he may prescribe in the public interest or for the protection of investors, to treat as an equity security. [1965 ex.s. c 70 § 11.]

### 48.08.110 Equity security—Duty to file statement of ownership.

Every person who is directly or indirectly the beneficial owner of more than ten percent of any class of any equity security of a domestic stock insurer, or who is a director or an officer of such insurer, shall file with the commissioner on or before the 30th day of September, 1965, or within ten days after he becomes such beneficial owner, director or officer, a statement, in such form as the commissioner may prescribe, of the amount of all equity securities of such insurer of which he is the beneficial owner, and within ten days after the close of each calendar month thereafter, if there has been a change in such ownership during such month, shall file with the commissioner a statement, in such form as the commissioner may prescribe, indicating his ownership at the close of the calendar month and such changes in his ownership as have occurred during such calendar month. [1965 ex.s. c 70 § 6.]

### 48.08.120 Equity security—Profits from short term transactions—Remedies—Limitation of actions.

For the purpose of preventing the unfair use of information which may have been obtained by such beneficial owner, director or officer by reason of his relationship to such insurer, any profit realized by him from any purchase and sale, or any sale and purchase, of any equity security of such insurer within any period of less than six months, unless such security was acquired in good faith in connection with a debt previously contracted, shall inure to and be recoverable by the insurer, irrespective of any intention on the part of such beneficial owner, director or officer in entering into such transaction of holding the security purchased or of not repurchasing the security sold for a period exceeding six months. Suit to recover such profit may be instituted at law or in equity in any court of competent jurisdiction by the insurer, or by the owner of any security of the insurer in the name and in behalf of the insurer if the insurer shall fail or refuse to bring such suit within sixty days after request or shall fail diligently to prosecute the same thereafter: PROVIDED, That no such suit shall be brought more than two years after the date such profit was realized. This section shall not be construed to cover any transaction where such beneficial owner was not such both at the time of the purchase and sale, or the sale and purchase, of the security involved, or any transaction or transactions which the commissioner by rules and regulations may exempt as not comprehended within the purpose of this section. [1965 ex.s. c 70 § 7.]

### 48.08.130 Equity security—Sales, unlawful practices.

It shall be unlawful for any such beneficial owner, director or officer, directly or indirectly, to sell any equity security of such insurer if the person selling the security or his principal (1) does not own the security sold, or (2) if owning the security, does not deliver it against such sale within twenty days thereafter, or does not within five days after such sale deposit it in the mails or other usual channels of transportation: PROVIDED, That no person shall be deemed to have violated this section if he proves that notwithstanding the exercise of good faith he was unable to make such delivery or deposit within such time, or that to do so would cause undue inconvenience or expense. [1965 ex.s. c 70 § 8.]

### 48.08.140 Equity security—Exemptions—Sales by dealer.

The provisions of RCW 48.08.120 shall not apply to any purchase and sale, or sale and purchase, and the provisions of RCW 48.08.130 shall not apply to any sale of an equity security of a domestic stock insurer not then or theretofore held by him in an investment account, by a
dealer in the ordinary course of his business and incident to the establishment or maintenance by him of a primary or secondary market (otherwise than on an exchange as defined in the Securities Exchange Act of 1934) for such security. The commissioner may, by such rules and regulations as he deems necessary or appropriate in the public interest, define and prescribe terms and conditions with respect to securities held in an investment account and transactions made in the ordinary course of business and incident to the establishment or maintenance of a primary or secondary market. [1965 ex.s. c 70 § 9.]

48.08.150 Equity security—Exemptions—Foreign or domestic arbitrage transactions. The provisions of RCW 48.08.110, 48.08.120 and 48.08.130 shall not apply to foreign or domestic arbitrage transactions unless made in contravention of such rules and regulations as the commissioner may adopt in order to carry out the purposes of RCW 48.08.100 through 48.08.160. [1965 ex.s. c 70 § 10.]

48.08.160 Equity security—Exemptions—Securities registered or required to be, or no class held by one hundred or more persons. The provisions of RCW 48.08.110, 48.08.120, and 48.08.130 shall not apply to equity securities of a domestic stock insurer if (1) such securities shall be registered, or shall be required to be registered, pursuant to section 12 of the Securities Exchange Act of 1934, as amended, or if (2) such domestic stock insurer shall not have any class of its equity securities held of record by one hundred or more persons on the last business day of the year next preceding the year in which equity securities of the insurer would be subject to the provisions of RCW 48.08.110, 48.08.120, and 48.08.130 except for the provisions of this subsection (2). [1965 ex.s. c 70 § 12.]

48.08.170 Equity security—Rules and regulations. The commissioner shall have the power to make such rules and regulations as may be necessary for the execution of the functions vested in him by RCW 48.08.100 through 48.08.160, and may for such purpose classify domestic stock insurers, securities, and other persons or matters within his jurisdiction. No provision of RCW 48.08.110, 48.08.120, and 48.08.130 imposing any liability shall apply to any act done or omitted in good faith in conformity with any rule or regulation of the commissioner, notwithstanding that such rule or regulation may, after such act or omission, be amended or rescinded or determined by judicial or other authority to be invalid for any reason. [1965 ex.s. c 70 § 13.]

48.08.190 Failure to file required information, documents, or reports—Forfeiture. Any person who fails to file information, documents, or reports required to be filed under chapter 241, Laws of 1969 ex. sess. or any rule or regulation thereunder shall forfeit to the state of Washington the sum of one hundred dollars for each and every day such failure to file shall continue. Such forfeiture, which shall be in lieu of any criminal penalty for such failure to file which might be deemed to arise under this title, shall be payable to the treasurer of the state of Washington and shall be recoverable in a civil suit in the name of the state of Washington. [1969 ex.s. c 241 § 18.]

48.09.010 Initial qualifications. (1) The commissioner shall not issue a certificate of authority to a domestic mutual insurer unless it has fully qualified therefor under this code, and unless it has met the minimum requirements for the kind of insurance it proposes to transact as provided in this chapter.

(2) All applications for insurance submitted by such an insurer as fulfilling qualification requirements shall be bona fide applications from persons resident in this state covering lives, property, or risks resident or located in this state.

(3) All qualifying premiums collected and initial surplus funds of such an insurer shall be in cash. Any deposit made by such an insurer in lieu of applications, premiums, and initial surplus funds, shall be in cash or in securities eligible for the investment of the capital of a domestic stock insurer transacting the same kind of insurance. [1947 c 79 § .09.01; Rem. Supp. 1947 § 45.09.01.]

48.09.090 Additional kinds of insurance. A domestic mutual insurer may be authorized to transact kinds of insurance in addition to that for which it was originally authorized, if it has otherwise complied with the provisions of this code therefor, and while it possesses and maintains surplus funds in aggregate amount not less than the mini-
minimum amount of capital and surplus required under this code of a domestic stock insurer authorized to transact like kinds of insurance pursuant to RCW 48.05.340. [1980 c 135 § 2; 1957 c 193 § 5; 1947 c 79 § .09.09; Rem. Supp. 1947 § 45.09.09.]

48.09.100 Minimum surplus. A domestic mutual insurer on the cash premium plan shall at all times have and maintain surplus funds, representing the excess of its assets over its liabilities, in amount not less than the aggregate of
1) the amount of any surplus funds deposited by it with the commissioner to qualify for its original certificate of authority, and
2) the amount of any additional surplus required of it pursuant to RCW 48.09.090 for authority to transact additional kinds of insurance. [1963 c 195 § 3; 1947 c 79 § .09.10; Rem. Supp. 1947 § 45.09.10.]

48.09.110 Membership. (1) Each holder of one or more insurance contracts issued by a domestic mutual insurer, other than a contract of reinsurance, is a member of the insurer, with the rights and obligations of such membership, and each insurance contract so issued shall effectively so stipulate.
(2) Any person, government or governmental agency, state or political subdivision thereof, public or private corporation, board, association, estate, trustee or fiduciary, may be a member of a mutual insurer. [1947 c 79 § .09.11; Rem. Supp. 1947 § 45.09.11.]

48.09.120 Rights of members. (1) A domestic mutual insurer is owned by and shall be operated in the interest of its members.
(2) Each member is entitled to one vote in the election of directors and on matters coming before corporate meetings of members, subject to such reasonable minimum requirements as to duration of membership and amount of insurance held as may be made in the insurer’s bylaws. The person named as the policyholder in any group insurance policy issued by such insurer shall be deemed the member, and shall have but one such vote regardless of the number of individuals insured by such policy.
(3) With respect to the management, records, and affairs of the insurer, a member shall have the same character of rights and relationship as a stockholder has toward a domestic stock insurer. [1947 c 79 § .09.12; Rem. Supp. 1947 § 45.09.12.]

48.09.130 Bylaws. A domestic mutual insurer shall adopt bylaws for the conduct of its affairs. Such bylaws, or any modification thereof, shall forthwith be filed with the commissioner. The commissioner shall disapprove any such bylaws, or as so modified, if he finds after a hearing thereon, that it is not in compliance with the laws of this state, and he shall forthwith communicate such disapproval to the insurer. No such bylaw, or modification, so disapproved shall be effective during the existence of such disapproval. [1947 c 79 § .09.13; Rem. Supp. 1947 § 45.09.13.]

48.09.140 Notice of annual meeting. (1) Notice of the time and place of the annual meeting of members of a domestic mutual insurer shall be given by imprinting such notice plainly on the policies issued by the insurer.
(2) Any change of the date or place of the annual meeting shall be made only by an annual meeting of members. Notice of such change may be given:
(a) By imprinting such new date or place on all policies which will be in effect as of the date of such changed meeting; or
(b) Unless the commissioner otherwise orders, notice of the new date or place need be given only through policies issued after the date of the annual meeting at which such change was made and in premium notices and renewal certificates issued during the twenty-four months immediately following such meeting. [1947 c 79 § .09.14; Rem. Supp. 1947 § 45.09.14.]

48.09.150 Voting—Proxies. (1) A member of a domestic mutual insurer may vote in person or by proxy given another member on any matter coming before a corporate meeting of members.
(2) An officer of the insurer shall not hold or vote the proxy of any member.
(3) No such proxy shall be valid beyond the earlier of the following dates:
(a) The date of expiration set forth in the proxy; or
(b) The date of termination of membership; or
(c) Five years from the date of execution of the proxy.
(4) No member’s vote upon any proposal to divest the insurer of its business and assets, or the major part thereof, shall be registered or taken except in person or by a proxy newly executed and specific as to the matter to be voted upon. [1947 c 79 § .09.15; Rem. Supp. 1947 § 45.09.15.]

48.09.160 Directors—Disqualification. No individual shall be a director of a domestic mutual insurer by reason of his holding public office. Adjudication as a bankrupt or taking the benefit of any insolvency law or making a general assignment for the benefit of creditors disqualifies an individual from being or acting as a director. [1947 c 79 § .09.16; Rem. Supp. 1947 § 45.09.16.]

48.09.180 Limitation of expenses as to property and casualty insurance. (1) For any calendar year after its first two full calendar years of operation, no domestic mutual insurer on the cash premium plan, other than one issuing nonassessable policies, shall incur any costs or expense in the writing or administration of property, disability, and casualty insurances (other than boiler and machinery or elevator) transacted by it which, exclusive of losses paid, loss adjustment expenses, investment expenses, dividends, and taxes exceeds the sum of
(a) Forty percent of the net premium income during that year after deducting therefrom net earned reinsurance premiums for such year, plus
(b) All of the reinsurance commissions received on reinsurance ceded by it.
(2) The bylaws of every domestic mutual property insurer on the assessment premium plan shall impose a reasonable limitation upon its expenses. [1949 c 190 § 8; 1947 c 79 § .09.18; Rem. Supp. 1949 § 45.09.18.]
48.09.190 Procedure upon violation of limitation. 
The officers and directors of an insurer violating RCW 48.09.180 shall be jointly and severally liable to the insurer for any excess of expenses incurred. If the insurer fails to exercise reasonable diligence or refuses to enforce such liability, the commissioner may prosecute action thereon for the benefit of the insurer. Such failure or refusal constitutes grounds for revocation of the insurer’s certificate of authority. [1947 c 79 § .09.19; Rem. Supp. 1947 § 45.09.19.]

48.09.210 Limitation of action on officer’s salary. 
No action to recover, or on account of, any salary or other compensation due or claimed to be due any officer or director of a domestic mutual insurer, or on any note or agreement relative thereto, shall be brought against such insurer after twelve months after the date on which such salary or compensation, or any installment thereof, first accrued. [1947 c 79 § .09.21; Rem. Supp. 1947 § 45.09.21.]

48.09.220 Contingent liability of members. (1) Each member of a domestic mutual insurer, except as otherwise provided in this chapter, shall have a contingent liability, pro rata and not one for another, for the discharge of its obligations. The contingent liability shall be in such maximum amount as is stated in the insurer’s articles of incorporation, but shall be not less than one, nor more than five, additional premiums for the member’s policy at the annual premium rate and for a term of one year.

(2) Every policy issued by the insurer shall contain a statement of the contingent liability.

(3) Termination of the policy of any such member shall not relieve the member of contingent liability for his proportion of the obligations of the insurer which accrued while the policy was in force. [1949 c 190 § 9; 1947 c 79 § .09.22; Rem. Supp. 1949 § 45.09.22.]

48.09.230 Assessment of members. (1) If at any time the assets of a domestic mutual insurer doing business on the cash premium plan are less than its liabilities and the minimum surplus, if any, required of it by this code as prerequisite for continuance of its certificate of authority, and the deficiency is not cured from other sources, its directors may, if approved by the commissioner, make an assessment only on its members who at any time within the twelve months immediately preceding the date such assessment was authorized by its directors held policies providing for contingent liability.

(2) Such an assessment shall be for such an amount of money as is required, in the opinion of the commissioner, to render the insurer fully solvent, but not to result in surplus in excess of five percent of the insurer’s liabilities as of the date of the assessment.

(3) A member’s proportionate part of any such assessment shall be computed by applying to the premium earned, during the period since the deficiency first appeared, on his contingently liable policy or policies the ratio of the total assessment to the total premium earned during such period on all contingently liable policies which are subject to the assessment.

(4) No member shall have an offset against any assessment for which he is liable on account of any claim for unearned premium or losses payable. [1949 c 190 § 10; 1947 c 79 § .09.23; Rem. Supp. 1949 § 45.09.23.]

48.09.240 Contingent liability of members of assessment insurer. The contingent liability of members of a domestic mutual insurer doing business on the assessment premium plan shall be called upon and enforced by its directors as provided in its bylaws. [1947 c 79 § .09.24; Rem. Supp. 1947 § 45.09.24.]

48.09.250 Contingent liability as asset. Any contingent liability of members of a domestic mutual insurer to assessment does not constitute an asset of the insurer in any determination of its financial condition. [1949 c 190 § 11; 1947 c 79 § .09.25; Rem. Supp. 1949 § 45.09.25.]

48.09.260 Liability as lien on policy reserves. As to life insurance, any portion of an assessment of contingent liability upon a policyholder which remains unpaid following notice of such assessment, demand for payment, and lapse of a reasonable waiting period as specified in such notice, may, if approved by the commissioner, be secured by placing a lien on the reserves held by the insurer to the credit of such policyholder. [1949 c 190 § 12; 1947 c 79 § .09.26; Rem. Supp. 1949 § 45.09.26.]

48.09.270 Nonassessable policies. (1) A domestic mutual insurer on the cash premium plan, after it has established a surplus not less in amount than the minimum capital funds required of a domestic stock insurer to transact like kinds of insurance, and for so long as it maintains such surplus, may extinguish the contingent liability of its members to assessment and omit provisions imposing contingent liability in all policies currently issued.

(2) Any deposit made with the commissioner as a prerequisite to the insurer’s certificate of authority may be included as part of the surplus required in this section.

(3) When the surplus has been so established and the commissioner has so ascertained, he shall issue to the insurer, at its request, his certificate authorizing the extinguishment of the contingent liability of its members and the issuance of policies free therefrom.

(4) While it maintains surplus funds in amount not less than the minimum capital required of a domestic stock insurer authorized to transact like kinds of insurance, and subject to the requirements of RCW 48.05.360 as to special surplus, a foreign or alien mutual insurer on the cash premium plan may, if consistent with its charter and the laws of its domicile, issue nonassessable policies covering subjects located, resident, or to be performed in this state. [1963 c 195 § 4; 1947 c 79 § .09.27; Rem. Supp. 1947 § 45.09.27.]

48.09.280 Qualification on issuance of nonassessable policies. The commissioner shall not authorize a domestic mutual insurer so to extinguish the contingent liability of any of its members or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its members and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which such an insurer is transacting insurance as an authorized insurer, the insurer may issue policies
48.09.290 Revocation of right to issue nonassessable policies. (1) The commissioner shall revoke the authority of a domestic mutual insurer so to extinguish the contingent liability of its members if
(a) at any time the insurer’s assets are less than the sum of its liabilities and the surplus required for such authority, or
(b) the insurer, by resolution of its directors approved by its members, requests that the authority be revoked.
(2) Upon revocation of such authority for any cause, the insurer shall not thereafter issue any policies without contingent liability, nor renew any policies then in force without written endorsement thereon providing for contingent liability. [1947 c 79 § .09.29; Rem. Supp. 1947 § 45.09.29.]

48.09.300 Dividends. (1) The directors of a domestic mutual insurer on the cash premium plan may from time to time apportion and pay to its members as entitled thereto, dividends only out of that part of its surplus funds which are in excess of its required minimum surplus and which represent net realized savings and net realized earnings from its business.
(2) Any classification of its participating policies and of risks assumed thereunder which the insurer may make shall be reasonable. No dividend shall be paid which is inequitable, or which unfairly discriminates as between such classifications or as between policies within the same classification.
(3) No dividend, otherwise earned, shall be made contingent upon the payment of renewal premium on any policy. [1947 c 79 § .09.30; Rem. Supp. 1947 § 45.09.30.]

48.09.310 Nonparticipating policies. (1) If its articles of incorporation so provide, a domestic mutual insurer on the cash premium plan may, while it is authorized to issue policies without contingent liability to assessment, issue policies not entitled to participate in the insurer’s savings and earnings.
(2) Such insurer shall not issue in this state both participating and nonparticipating policies for the same class of risks; except, that both participating and nonparticipating life insurance policies may be issued if the right or absence of the right to participate is reasonably related to the premium charged. [1947 c 79 § .09.31; Rem. Supp. 1947 § 45.09.31.]

48.09.320 Borrowed capital. (1) A domestic mutual insurer on the cash premium plan may, with the commissioner’s advance approval and without the pledge of any of its assets, borrow money to defray the expenses of its organization or for any purpose required by its business, upon an agreement that such money and such interest thereon as may be agreed upon, but not exceeding six percent per annum, shall be repaid only out of the insurer’s earned surplus in excess of its required minimum surplus.
(2) Any money so borrowed shall not form a part of the insurer’s legal liabilities or be the basis of any setoff; but until repaid, financial statements filed or published by the insurer shall show as a footnote thereto the amount thereof then unpaid together with interest thereon accrued but unpaid.
(3) The commissioner’s approval of such loan, if granted, shall specify the amount to be borrowed, the purpose for which the money is to be used, the terms and form of the loan agreement, the date by which the loan must be completed, and such other related matters as the commissioner shall deem proper. If the money is to be borrowed upon multiple agreements, the agreements shall be serially numbered. No loan agreement or series thereof shall have or be given any preferential rights over any other such loan agreement or series. No commission or promotional expense shall be incurred or be paid on account of any such loan. [1947 c 79 § .09.32; Rem. Supp. 1947 § 45.09.32.]

48.09.330 Repayment of borrowed capital. (1) The insurer may repay any loan received pursuant to RCW 48.09.320, or any part thereof as approved by the commissioner, only out of its funds which represent such loan or realized net earned surplus. No repayment shall be made which reduces the insurer’s surplus below the minimum surplus required for the kinds of insurance transacted.
(2) The insurer shall repay any such loan or the largest possible part thereof when the purposes for which such funds were borrowed have been fulfilled and when the insurer’s surplus is adequate to so repay without unreasonable impairment of the insurer’s operations.
(3) No repayment of such loan shall be made unless approved by the commissioner. The insurer shall notify the commissioner in writing not less than sixty days in advance of its intention to repay such loan or any part thereof, and the commissioner shall forthwith ascertain whether the insurer’s financial condition is such that the repayment can properly be made.
(4) Upon dissolution and liquidation of the insurer, after the retirement of all its other outstanding obligations the holders of any such loan agreements then remaining unpaid shall be entitled to payment before any distribution of surplus is made to the insurer’s members. [1949 c 190 § 13; 1947 c 79 § .09.33; Rem. Supp. 1949 § 45.09.33.]

48.09.340 Impairment of surplus. (1) If the assets of a domestic mutual insurer on the cash premium plan fall below the amount of its liabilities, plus the amount of any surplus required by this code for the kinds of insurance authorized to be transacted, the commissioner shall at once ascertain the amount of the deficiency and serve notice upon the insurer to cure the deficiency within ninety days after such service of notice.
(2) If the deficiency is not made good in cash or in assets eligible under this code for the investment of the insurer’s funds, and proof thereof filed with the commissioner within such ninety-day period, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.
(3) If the deficiency is not made good the insurer shall not issue or deliver any policy after the expiration of such
ninety-day period. Any officer or director who violates or knowingly permits the violating of this provision shall be subject to a fine of from fifty dollars to one thousand dollars for each violation. [1949 c 190 § 14; 1947 c 79 § 09.34; Rem. Supp. 1949 § 45.09.34.]

48.09.350 Reorganization of mutual as stock insurer—Reinsurance—Approval. (1) Upon satisfaction of the requirements applicable to the formation of a domestic stock insurer, a domestic mutual insurer may be reorganized as a stock corporation, pursuant to a plan of reorganization as approved by the commissioner.

(2) A domestic mutual insurer may be wholly reinsured in and its assets transferred to and its liabilities assumed by another mutual or stock insurer under such terms and conditions as are approved by the commissioner in advance of such reinsurance.

(3) The commissioner shall not approve any such reorganization plan or reinsurance agreement which does not determine the amount of and make adequate provision for paying to members of such mutual insurer, reasonable compensation for their equities as owners of such insurer, such compensation to be apportioned to members as identified and in the manner prescribed in RCW 48.09.360. The procedure for approval by the commissioner of any such reorganization plan or reinsurance agreement shall be the same as the procedure for approval by the commissioner of a plan of merger or consolidation under RCW 48.31.010.

Approval at a corporate meeting of members by two-thirds of the then members of a domestic mutual insurer who vote on the plan or agreement pursuant to such notice and procedure as was approved by the commissioner shall constitute approval of any such reorganization plan or reinsurance agreement by the insurer’s members. [1984 c 23 § 1; 1983 1st ex.s. c 32 § 1; 1947 c 79 § .09.35; Rem. Supp. 1947 § 45.09.35.]

48.09.360 Distribution of assets and ownership equities upon liquidation. 48.10.010 "Reciprocal insurance" defined. "Reciprocal insurance" is that resulting from an interexchange among persons, known as "subscribers," of reciprocal agreements of indemnity, the interexchange being effected through an "attorney in fact" common to all such persons. [1947 c 79 § .10.01; Rem. Supp. 1947 § 45.10.01.]

48.10.020 "Reciprocal insurer" defined. A "reciprocal insurer" means an unincorporated aggregation of subscribers operating individually and collectively through an attorney in fact to provide reciprocal insurance among themselves. [1947 c 79 § .10.02; Rem. Supp. 1947 § 45.10.02.]

48.10.030 Scope of chapter. All authorized reciprocal insurers shall be governed by those sections of this chapter not expressly made applicable to domestic reciprocal insurers. [1947 c 79 § .10.03; Rem. Supp. 1947 § 45.10.03.]

48.10.050 Insuring powers of reciprocals. (1) A reciprocal insurer may, upon qualifying therefor as provided by this code, transact any kind or kinds of insurance defined by this code, other than life or title insurances.

(2) A reciprocal insurer may purchase reinsurance upon the risk of any subscriber, and may grant reinsurance as to any kind of insurance which it is authorized to transact direct. [1947 c 79 § .10.05; Rem. Supp. 1947 § 45.10.05.]

48.10.055 Real property—Attorney's duty. A reciprocal insurer may purchase, sell, mortgage, encumber, lease, or otherwise affect the title to real property for the purposes and objects of the reciprocal insurer. All deeds, notes, mortgages, or other documents relating to the real property may be executed in the name of the reciprocal insurer by its attorney. [1991 c 266 § 1.]

48.10.060 Name—Suits. A reciprocal insurer shall:

(1) Have and use a business name. The name shall include the word "reciprocal," or "interinsurer," or "interinsurance," or "exchange," or "underwriters," or "underwriting."

(2) Sue and be sued in its own name. [1947 c 79 § .10.06; Rem. Supp. 1947 § 45.10.06.]

48.10.070 Surplus funds required. (1) A domestic reciprocal insurer hereafter formed, if it has otherwise complied with the provisions of this code, may be authorized to transact insurance if it initially possesses surplus in an amount equal to or exceeding the capital and surplus requirements required under RCW 48.05.340(1) plus special surplus, if any, required under RCW 48.05.360 and thereafter possesses, and maintains surplus funds equal to the paid-in capital stock required under RCW 48.05.340 of a stock insurer transacting like kinds of insurance, and the special surplus, if any, required under RCW 48.05.360.

(2) A domestic reciprocal insurer which under prior laws held authority to transact insurance in this state may continue to be so authorized so long as it otherwise qualifies therefor and maintains surplus funds in amount not less than as required under laws of this state in force at the time such authority to transact insurance in this state was granted.

(3) A domestic reciprocal insurer heretofore formed shall maintain on deposit with the commissioner surplus funds of not less than the sum of one hundred thousand dollars, and to transact kinds of insurance transacted by it in addition to that authorized by its original certificate of authority, shall have and maintain surplus (including the amount of such deposit) in amount not less than the paid-in capital stock required under RCW 48.05.340(1) plus special surplus, if any, required under RCW 48.05.360, of a domestic stock insurer formed after 1967 and transacting the same kinds of insurance. Such additional surplus funds need not be deposited with the commissioner. [1985 c 264 § 4, 1975 1st ex.s. c 266 § 5; 1963 c 195 § 5; 1947 c 79 § .10.07; Rem. Supp. 1947 § 45.10.07.]

(2) The attorney of a foreign or alien reciprocal insurer, which insurer is duly authorized to transact insurance in this state, shall not, by virtue of discharge of its duties as such attorney with respect to the insurer’s transactions in this state, be thereby deemed to be doing business in this state within the meaning of any laws of this state applying to foreign persons, firms, or corporations.

(3) The subscribers and the attorney in fact comprise a reciprocal insurer and a single entity for the purposes of chapter 48.14 RCW as to all operations under the insurer’s certificate of authority. [1965 ex.s. c 70 § 35; 1947 c 79 § .10.08; Rem. Supp. 1947 § 45.10.08.]

48.10.090 Organization of reciprocal. (1) Twenty-five or more persons domiciled in this state may organize a domestic reciprocal insurer and in compliance with this code make application to the commissioner for a certificate of authority to transact insurance.

(2) When applying for a certificate of authority, the original subscribers and the proposed attorney shall fulfill the requirements of and shall execute and file with the commissioner a declaration setting forth:

(a) the name of the insurer;

(b) the location of the insurer’s principal office, which shall be the same as that of the attorney and shall be maintained within this state;

(c) the kinds of insurance proposed to be transacted;

(d) the names and addresses of the original subscribers;

(i) a copy of the subscriber’s agreement;

(2002 Ed.)
(j) a statement that each of the original subscribers has in good faith applied for insurance of the kind proposed to be transacted, and that the insurer has received from each such subscriber the full premium or premium deposit required for the policy applied for, for a term of not less than six months at the rate theretofore filed with and approved by the commissioner;

(k) a statement of the financial condition of the insurer, a schedule of its assets, and a statement that the surplus as required by RCW 48.10.070 is on hand;

(l) a copy of each policy, endorsement, and application form it then proposes to issue or use.

Such declaration shall be acknowledged by each such subscriber and by the attorney in the manner required for the acknowledgment of deeds to real estate. [1947 c 79 § .10.09; Rem. Supp. 1947 § 45.10.09.]

48.10.100 Policies of original subscribers, effective when. Any policy applied for by an original subscriber shall become effective coincidently with the issuance of a certificate of authority to the reciprocal insurer. [1947 c 79 § .10.10; Rem. Supp. 1947 § 45.10.10.]

48.10.110 Certificate of authority. (1) The certificate of authority of a reciprocal insurer shall be issued to its attorney in the name of the insurer.

(2) The commissioner may refuse, suspend, or revoke the certificate of authority, in addition to other grounds therefor, for failure of its attorney to comply with any provision of this code. [1947 c 79 § .10.11; Rem. Supp. 1947 § 45.10.11.]

48.10.120 Power of attorney. (1) The rights and powers of the attorney of a reciprocal insurer shall be as provided in the power of attorney given it by the subscribers.

(2) The power of attorney must set forth:

(a) The powers of the attorney;

(b) that the attorney is empowered to accept service of process on behalf of the insurer and to authorize the commissioner to receive service of process in actions against the insurer upon contracts executed;

(c) the services to be performed by the attorney in general;

(d) the maximum amount to be deducted from advance premiums or deposits to be paid to the attorney;

(e) except as to nonassessable policies, a provision for a contingent several liability of each subscriber in a specified amount which amount shall be not less than one nor more than ten times the premium or premium deposit stated in the policy.

(a) Provide for the right of substitution of the attorney and revocation of the power of attorney and rights thereunder;

(b) impose such restrictions upon the exercise of the power as are agreed upon by the subscribers;

(c) provide for the exercise of any right reserved to the subscribers directly or through their advisory committee;

(d) contain other lawful provisions deemed advisable.

(4) The terms of any power of attorney or agreement collateral thereto shall be reasonable and equitable, and no such power or agreement or any amendment thereof, shall be used or be effective in this state until approved by the commissioner. [1949 c 190 § 15; 1947 c 79 § .10.12; Rem. Supp. 1949 § 45.10.12.]

48.10.130 Modification of subscriber’s agreement or power of attorney. Modification of the terms of the subscriber’s agreement or of the power of attorney of a domestic reciprocal insurer shall be made jointly by the attorney and the subscribers’ advisory committee. No such modification shall be effective retroactively, nor as to any insurance contract issued prior thereto. [1947 c 79 § .10.13; Rem. Supp. 1947 § 45.10.13.]

48.10.140 Attorney’s bond. (1) Concurrently with the filing of the declaration provided for in RCW 48.10.090, (or, if an existing domestic reciprocal insurer, within ninety days after the effective date of this code) the attorney of a domestic reciprocal shall file with the commissioner a bond running to the state of Washington. The bond shall be executed by the attorney and by an authorized corporate surety, and shall be subject to the commissioner’s approval.

(2) The bond shall be in the penal sum of twenty-five thousand dollars, conditioned that the attorney will faithfully account for all moneys and other property of the insurer coming into his hands, and that he will not withdraw or appropriate for his own use from the funds of the insurer any moneys or property to which he is not entitled under the power of attorney.

(3) The bond shall provide that it is not subject to cancellation unless thirty days advance notice in writing of intent to cancel is given to both the attorney and the commissioner. [1947 c 79 § .10.14; Rem. Supp. 1947 § 45.10.14.]

48.10.150 Deposit in lieu of bond. In lieu of such bond, the attorney may maintain on deposit with the commissioner a like amount in cash or in value of securities qualified under this code as insurers’ investments, and subject to the same conditions as the bond. [1947 c 79 § .10.15; Rem. Supp. 1947 § 45.10.15.]

48.10.160 Actions on bond. Action on the attorney’s bond or to recover against any such deposit made in lieu thereof may be brought at any one time by one or more subscribers suffering loss through a violation of the conditions thereof or by a receiver or liquidator of the insurer. Amounts so recovered shall be deposited in and become part of the insurer’s funds. [1947 c 79 § .10.16; Rem. Supp. 1947 § 45.10.16.]

48.10.170 Service of legal process. (1) A certificate of authority shall not be issued to a domestic reciprocal insurer unless prior thereto the attorney has executed and filed with the commissioner the insurer’s irrevocable authorization of the commissioner to receive legal process issued in this state against the insurer upon any cause of action arising within this state.

(2) The provisions of RCW 48.05.210 shall apply to service of such process upon the commissioner.
(3) In lieu of service on the commissioner, legal process may be served upon a domestic reciprocal insurer by serving the insurer’s attorney at his principal offices.

(4) Any judgment against the insurer based upon legal process so served shall be binding upon each of the insurer’s subscribers as their respective interests may appear and in an amount not exceeding their respective contingent liabilities. [1947 c 79 § .10.17; Rem. Supp. 1947 § 45.10.17.]

48.10.180 Annual statement. The annual statement of a reciprocal insurer shall be made and filed by the attorney. [1947 c 79 § .10.18; Rem. Supp. 1947 § 45.10.18.]

48.10.200 Determination of financial condition. In determining the financial condition of a reciprocal insurer the commissioner shall apply the following rules:

(1) He shall charge as liabilities the same reserves as are required of incorporated insurers issuing nonassessable policies on a reserve basis.

(2) The surplus deposits of subscribers shall be allowed as assets, except that any premium deposit delinquent for ninety days shall first be charged against such surplus deposit.

(3) The surplus deposits of subscribers shall not be charged as a liability.

(4) All premium deposits delinquent less than ninety days shall be allowed as assets.

(5) An assessment levied upon subscribers, and not collected, shall not be allowed as an asset.

(6) The contingent liability of subscribers shall not be allowed as an asset.

(7) The computation of reserves shall be based upon premium deposits other than membership fees and without any deduction for the compensation of the attorney. [1947 c 79 § .10.20; Rem. Supp. 1947 § 45.10.20.]

48.10.220 Who may become subscriber. Any person, government or governmental agency, state or political subdivision thereof, public or private corporation, board, association, estate, trustee, or fiduciary may be a subscriber of a reciprocal insurer. [1947 c 79 § .10.22; Rem. Supp. 1947 § 45.10.22.]

48.10.230 Subscribers’ advisory committee. (1) The advisory committee of a domestic reciprocal insurer exercising the subscribers’ rights shall be selected under such rules as the subscribers adopt.

(2) Not less than three-fourths of such committee shall be composed of subscribers other than the attorney, or any person employed by, representing, or having a financial interest in the attorney.

(3) The committee shall:

(a) Supervise the finances of the insurer;

(b) supervise the insurer’s operations to such extent as to assure their conformity with the subscribers’ agreement and power of attorney;

(c) procure the audit of the accounts and records of the insurer and of the attorney at the expense of the insurer;

(d) have such additional powers and functions as may be conferred by the subscribers’ agreement. [1947 c 79 § .10.23; Rem. Supp. 1947 § 45.10.23.]

48.10.250 Assessment liability of subscriber. (1) The liability of each subscriber subject to assessment for the obligations of the reciprocal insurer shall not be joint, but shall be individual and several.

(2) Each subscriber who is subject to assessment shall have a contingent assessment liability, in the amount provided for in the power of attorney or in the subscribers’ agreement, for payment of actual losses and expenses incurred while his policy was in force. Such contingent liability may be at the rate of not less than one nor more than ten times the premium or premium deposit stated in the policy, and the maximum aggregate thereof shall be computed in the manner set forth in RCW 48.10.290.

(3) Each assessable policy issued by the insurer shall plainly set forth a statement of the contingent liability. [1947 c 79 § .10.25; Rem. Supp. 1947 § 45.10.25.]

48.10.260 Action against subscriber requires judgment against insurer. (1) No action shall lie against any subscriber upon any obligation claimed against the insurer until a final judgment has been obtained against the insurer and remains unsatisfied for thirty days.

(2) Any such judgment shall be binding upon each subscriber only in such proportion as his interests may appear and in an amount not exceeding his contingent liability, if any. [1947 c 79 § .10.26; Rem. Supp. 1947 § 45.10.26.]

48.10.270 Assessments. (1) Assessments may be levied from time to time upon the subscribers of a reciprocal insurer, other than as to nonassessable policies, by the attorney upon approval in advance by the subscribers’ advisory committee and the commissioner; or by the commissioner in liquidation of the insurer.

(2) Each such subscriber’s share of a deficiency for which an assessment is made, not exceeding in any event his aggregate contingent liability as computed in accordance with RCW 48.10.290, shall be computed by applying to the premium earned on the subscriber’s policy or policies during the period to be covered by the assessment, the ratio of the total deficiency to the total premiums earned during such period upon all policies subject to the assessment.

(3) In computing the earned premiums for the purposes of this section, the gross premium received by the insurer for the policy shall be used as a base, deducting therefrom solely charges not recurring upon the renewal or extension of the policy.

(4) No subscriber shall have an offset against any assessment for which he is liable, on account of any claim for unearned premium or losses payable. [1947 c 79 § .10.27; Rem. Supp. 1947 § 45.10.27.]
48.10.280 Time limit for assessment. Every subscriber of a domestic reciprocal insurer having contingent liability shall be liable for, and shall pay his share of any assessment, as computed and limited in accordance with this chapter, if:

1. While his policy is in force or within one year after its termination, he is notified by either the attorney or the commissioner of his intention to levy such assessment; or

2. If an order to show cause why a receiver, conservator, rehabilitator, or liquidator of the insurer should not be appointed is issued pursuant to RCW 48.31.190 while his policy is in force or within one year after its termination. [1947 c 79 § .10.28; Rem. Supp. 1947 § 45.10.28.]

48.10.290 Aggregate liability. No one policy or subscriber as to such policy, shall be assessed or be charged with an aggregate of contingent liability as to obligations incurred by a domestic reciprocal insurer in any one calendar year, in excess of the number of times the premium as stated in the policy as computed solely upon premium earned on such policy during that year. [1947 c 79 § .10.29; Rem. Supp. 1947 § 45.10.29.]

48.10.300 Nonassessable policies. (1) Subject to the special surplus requirements of RCW 48.05.360, if a reciprocal insurer has a surplus of assets over all liabilities at least equal to the minimum capital stock required of a domestic stock insurer authorized to transact like kinds of insurance, upon application of the attorney and as approved by the subscribers' advisory committee the commissioner shall issue his certificate authorizing the insurer to extinguish the contingent liability of subscribers under its policies then in force in this state, and to omit provisions imposing contingent liability in all policies delivered or issued for delivery in this state for so long as all such surplus remains unimpaired.

(2) Upon impairment of such surplus, the commissioner shall forthwith revoke the certificate. No policy shall thereafter be issued or renewed without providing for the contingent assessment liability of subscribers.

(3) The commissioner shall not authorize a domestic reciprocal insurer so to extinguish the contingent liability of any of its subscribers or in any of its policies to be issued, unless it qualifies to and does extinguish such liability of all its subscribers and in all such policies for all kinds of insurance transacted by it. Except, that if required by the laws of another state in which the insurer is transacting insurance as an authorized insurer, the insurer may issue policies providing for the contingent liability of such of its subscribers as may acquire such policies in such state, and need not extinguish the contingent liability applicable to policies theretofore in force in such state. [1983 c 3 § 148; 1947 c 79 § .10.30; Rem. Supp. 1947 § 45.10.30.]

48.10.310 Return of savings to subscribers. A reciprocal insurer may from time to time return to its subscribers any savings or credits accruing to their accounts. Any such distribution shall not unfairly discriminate between classes of risks, or policies, or between subscribers. [1947 c 79 § .10.31; Rem. Supp. 1947 § 45.10.31.]

48.10.320 Distribution of assets upon liquidation. Upon the liquidation of a domestic reciprocal insurer, its assets remaining after discharge of its indebtedness and policy obligations, the return of any contribution of the attorney to its surplus made as provided in RCW 48.10.190, and the return of any unused deposits, savings, or credits, shall be distributed to its subscribers who were such within the twelve months prior to the last termination of its certificate of authority according to such formula as may have been approved by the commissioner. [1947 c 79 § .10.32; Rem. Supp. 1947 § 45.10.32.]

48.10.330 Merger—Conversion to stock or mutual insurer. (1) A domestic reciprocal insurer, upon affirmative vote of not less than two-thirds of the subscribers who vote upon such merger pursuant to such notice as may be approved by the commissioner and with the approval of the commissioner of the terms therefor, may merge with another domestic reciprocal insurer or be converted to a stock or mutual insurer.

(2) Such a stock or mutual insurer shall be subject to the same capital requirements and shall have the same rights as a like domestic insurer transacting like kinds of insurance.

(3) The commissioner shall not approve any plan for such merger or conversion which is inequitable to subscribers, or which, if for conversion to a stock insurer, does not give each subscriber preferential right to acquire stock of the proposed insurer proportionate to his interest in the reciprocal insurer as determined in accordance with RCW 48.10.320 and a reasonable length of time within which to exercise such right. [1947 c 79 § .10.33; Rem. Supp. 1947 § 45.10.33.]

48.10.340 Impairment of assets—Procedure. (1) If the assets of a domestic reciprocal insurer are at any time insufficient to discharge its liabilities other than any liability on account of funds contributed by the attorney, and to maintain the surplus required for the kinds of insurance it is authorized to transact, its attorney shall forthwith levy an assessment upon subscribers made subject to assessment by the terms of their policies for the amount needed to make up the deficiency.

(2) If the attorney fails to make the assessment within thirty days after the commissioner orders him to do so, or if the deficiency is not fully made up within sixty days after the date the assessment was made, the insurer shall be deemed insolvent and shall be proceeded against as authorized by this code.

(3) If liquidation of such an insurer is ordered, an assessment shall be levied upon the subscribers for such an amount, subject to limits as provided by this chapter, as the commissioner determines to be necessary to discharge all liabilities of the insurer, exclusive of any funds contributed by the attorney, but including the reasonable cost of the liquidation. [1947 c 79 § .10.34; Rem. Supp. 1947 § 45.10.34.]
48.11.020 "Life insurance" defined. "Life insurance" is insurance on human lives and insurances appertaining thereto or connected therewith. For the purposes of this code the transacting of life insurance includes the granting of annuities and endowment benefits; additional benefits in event of death by accident; additional benefits in event of the total and permanent disability of the insured; and optional modes of settlement of proceeds. [1947 c 79 § .11.02; Rem. Supp. 1947 § 45.11.02.]

48.11.030 "Disability insurance" defined—"Stop loss insurance" defined. "Disability insurance" is insurance against bodily injury, disablement or death by accident, against disablement resulting from sickness, and every insurance appertaining thereto including stop loss insurance. "Stop loss insurance" is insurance against the risk of economic loss assumed under a self-funded employee disability benefit plan. [1992 c 226 § 1; 1947 c 79 § .11.03; Rem. Supp. 1947 § 45.11.03.]

Application—1992 c 226: "This act applies to policies issued or renewed on or after July 1, 1992." [1992 c 226 § 4.]

48.11.040 "Property insurance" defined. "Property insurance" is insurance against loss of or damage to real or personal property of every kind and any interest therein, from any or all hazard or cause, and against loss consequential upon such loss or damage. [1947 c 79 § .11.04; Rem. Supp. 1947 § 45.11.04.]

48.11.050 "Marine and transportation insurance" defined. "Marine and transportation insurance" is:

(1) Insurance against loss of or damage to:

(a) Vessels, craft, aircraft, vehicles, goods, freights, cargoes, merchandise, effects, disbursements, profits, moneys, securities, choses in action, evidences of debt, valuable papers, bottomry, and respondentia interests and all other kinds of property and interests therein, in respect to, appertaining to or in connection with any and all risks or perils of navigation, transit or transportation, or while being assembled, packed, crated, baled, compressed or similarly prepared for shipment or while awaiting shipment, or during any delays, storage, transshipment, or reshipment incident thereto, including war risks, marine builder’s risks, and all personal property floater risks.

(b) Person or property in connection with or appertaining to a marine, transit or transportation insurance, including liability for loss of or damage to either incident to the construction, repair, operation, maintenance or use of the subject matter of such insurance (but not including life insurance or surety bonds nor insurance against loss by reason of bodily injury to any person arising out of the ownership, maintenance, or use of automobiles).

(c) Precious stones, jewels, jewelry, precious metals, whether in course of transportation or otherwise.

trustees of the trust shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire within the next twelve months.

(3) Any reinsurance ceded by a company organized under the laws of this state or ceded by any company not organized under the laws of this state and transacting business in this state must be payable by the assuming insurer on the basis of liability of the ceding company under the contract or contracts reinsured without diminution because of the insolvency of the ceding company, and any such reinsurance agreement which may be canceled on less than ninety days notice must provide for a run-off of the reinsurance in force at the date of cancellation.

(4) The domiciliary conservator, liquidator, receiver, or statutory successor of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against the insolvent ceding insurer on the policy or bond reinsured within a reasonable time after such claim is filed in the insolvency proceeding and that during the pendency of such claim any assuming insurer may investigate such claim and interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its liquidator or receiver or statutory successor.

The expense thus incurred by the assuming insurer shall be chargeable subject to court approval against the insolvent ceding insurer as a part of the expense of liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer.

(5) Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

(6) The credit permitted by subsection (1)(b) of this section is prohibited unless the assuming alien insurer agrees in the trust agreement, notwithstanding other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by subsection (1)(b) of this section or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile:

(a) To comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund;

(b) That assets be distributed by, and insurance claims of United States trust beneficiaries be filed with and valued by, the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) That if the commissioner with regulatory oversight determines that the assets of the trust fund or a part thereof are not necessary to satisfy the claims of the United States ceding insurers, which are United States trust beneficiaries, the assets or part thereof shall be returned by the commiss-

sioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) That the grantor waives any right otherwise available to it under United States law that is inconsistent with this provision. [1997 c 379 § 6; 1996 c 297 § 1; 1994 c 86 § 1; 1993 c 91 § 2; 1977 ex.s.c. 180 § 3; 1947 c 79 § .12.16; Rem. Supp. 1947 § 45.12.16.]

(1) Credit for reinsurance in a reinsurance contract entered into after December 31, 1996, is allowed a domestic ceding insurer as either an asset or a deduction from liability in accordance with RCW 48.12.160 only if the reinsurance contract contains provisions that provide, in substance, as follows:

(a) The reinsurer shall indemnify the ceding insurer against all or a portion of the risk it assumed according to the terms and conditions contained in the reinsurance contract.

(b) In the event of insolvency and the appointment of a conservator, liquidator, or statutory successor of the ceding company, the portion of risk or obligation assumed by the reinsurer is payable to the conservator, liquidator, or statutory successor on the basis of claims allowed against the insolvent company by a court of competent jurisdiction or by a conservator, liquidator, or statutory successor of the company having authority to allow such claims, without diminution because of that insolvency, or because the conservator, liquidator, or statutory successor failed to pay all or a portion of any claims. Payments by the reinsurer as provided in this subsection are made directly to the ceding insurer or to its conservator, liquidator, or statutory successor, except where the contract of insurance, reinsurance, or other written agreement specifically provides another payee of such reinsurance in the event of the insolvency of the ceding insurer.

(2) Payment under a reinsurance contract must be made within a reasonable time with reasonable provision for verification in accordance with the terms of the reinsurance agreement. However, in no event shall the payments be beyond the period required by the national association of insurance commissioners accounting practices and procedures manual.

(3) The original insured or policyholder may not have any rights against the reinsurer that are not specifically set forth in the contract of reinsurance, or in a specific agreement between the reinsurer and the original insured or policyholder. [1997 c 379 § 4.]

48.12.164  Credit for reinsurance—Accounting or financial statement—After December 31, 1996. Credit for reinsurance, as either an asset or a deduction, is prohibited in an accounting or financial statement of the ceding insurer in respect to the reinsurance contract unless, in such contract, the reinsurer undertakes to indemnify the ceding insurer against all or a part of the loss or liability arising out of the original insurance. This section only applies to those reinsurance contracts entered into after December 31, 1996. [1997 c 379 § 5.]

48.12.166  Assuming alien reinsurer—Registration—Requirements—Duties of commissioner—Costs. (1) The assuming alien reinsurer must register with the commissioner and must:

(a) File with the commissioner evidence of its submission to this state’s jurisdiction and to this state’s authority to examine its books and records under chapter 48.03 RCW;

(b) Designate the commissioner as its lawful attorney upon whom service of all papers may be made for an action, suit, or proceeding instituted by or on behalf of the ceding insurer;

(c) File with the commissioner a certified copy of a letter or a certificate of authority or a certificate of compliance issued by the assuming alien insurer’s domiciliary jurisdiction and the domiciliary jurisdiction of its United States reinsurance trust;

(d) Submit a statement, signed and verified by an officer of the assuming alien insurer to be true and correct, that discloses whether the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer is currently known to be the subject of one or more of the following:

(ii) An order or proceeding regarding the revocation or suspension of a license or accreditation to transact insurance or reinsurance in any jurisdiction; or

(iii) An order or proceeding brought by an insurance regulator in any jurisdiction seeking to restrict or stop the assuming alien insurer from transacting insurance or reinsurance based upon a hazardous financial condition.

The assuming alien insurer shall provide the commissioner with copies of all orders or other documents initiating proceedings subject to disclosure under this subsection. The statement must affirm that no actions, proceedings, or orders subject to this subsection are outstanding against the assuming alien insurer or an affiliated person who owns or has a controlling interest in the assuming alien insurer, except as disclosed in the statement;

(e) File other information, financial or otherwise, which the commissioner reasonably requests.

(2) A registration continues in force until suspended, revoked, or not renewed. A registration is subject to renewal annually on the first day of July upon application of the assuming alien insurer and payment of the fee in the same amount as an insurer pays for renewal of a certificate of authority.

(3) The commissioner shall give an assuming alien insurer notice of his or her intention to revoke or refuse to renew its registration at least ten days before the order of revocation or refusal is to become effective.

(4) The commissioner shall, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer’s registration if the assuming alien insurer no longer qualifies or meets the requirements for registration.

(5) The commissioner may, consistent with chapters 48.04 and 34.05 RCW, deny or revoke an assuming alien insurer’s registration if the assuming alien insurer:

(a) Fails to comply with a provision of this chapter or fails to comply with an order or regulation of the commissioner;

(b) Is found by the commissioner to be in such a condition that its further transaction of reinsurance would be hazardous to ceding insurers, policyholders, or the people in this state;

(c) Refuses to remove or discharge a trustee, director, or officer who has been convicted of a crime involving fraud, dishonesty, or moral turpitude;

(d) Usually compels policy-holding claimants either to accept less than the amount due them or to bring suit against the assuming alien insurer to secure full payment of the amount due;

(f) Refuses to submit to the jurisdiction of the United States courts;

(g) Fails to pay a final judgment rendered against it:

(i) Within thirty days after the judgment became final;

(h) Is found by the commissioner, after investigation or upon receipt of reliable information:

(i) To be managed by persons, whether by its trustees, directors, officers, or by other means, who are incompetent or untrustworthy or so lacking in insurance company management experience as to make proposed operation hazardous to the insurance-buying public; or

(ii) That there is good reason to believe it is affiliated directly or indirectly through ownership, control, or business relations, with a person or persons whose business operations are, or have been found to be, in violation of any law or rule, to the detriment of policyholders, stockholders, investors, creditors, or of the public, by bad faith or by manipulation of the assets, accounts, or reinsurance;

(i) Does business through reinsurance intermediaries or other representatives in this state or in any other state, who are not properly licensed under applicable laws and rules; or

(j) Fails to pay, by the date due, any amounts required by this code.

(6) A domestic ceding insurer is not allowed credit with respect to reinsurance ceded, if the assuming alien insurer’s registration has been revoked by the commissioner.

[Title 48 RCW—page 52]
(7) The actual costs and expenses incurred by the commissioner for an examination of a registered alien insurer must be charged to and collected from the alien reinsurer.

(8) A registered alien reinsurer is included as a "class one" organization for the purposes of RCW 48.02.190.

[1997 c 379 § 7.]

48.12.168 Credit for reinsurance—Foreign ceding insurer. (1) Unless credit for reinsurance or deduction from liability is prohibited under RCW 48.12.164, a foreign ceding insurer is allowed credit for reinsurance or deduction from liability to the extent credit has been allowed by the ceding insurer’s state of domicile if:

(a) The state of domicile is accredited by the national association of insurance commissioners; or

(b) Credit or deduction from liability would be allowed under chapter 379, Laws of 1997 if the foreign ceding insurer were domiciled in this state.

(2) Notwithstanding subsection (1) of this section, credit for reinsurance or deduction from liability may be disallowed upon a finding by the commissioner that either the condition of the reinsurer, or the collateral or other security provided by the reinsurer, does not satisfy the credit for reinsurance requirements applicable to ceding insurers domiciled in this state. [1997 c 379 § 8.]

48.12.170 Valuation of bonds. (1) All bonds or other evidences of debt having a fixed term and rate held by any insurer may, if amply secured and not in default as to principal or interest, be valued as follows:

(a) If purchased at par, at the par value.

(b) If purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at the earliest date callable at par or maturing at par and so as to yield in the meantime the effective rate of interest at which the purchase was made; or in lieu of such method, according to such accepted method of valuation as is approved by the commissioner.

(c) Purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase.

(d) Unless otherwise provided by a valuation established or approved by the National Association of Insurance Commissioners, no such security shall be carried at above call price for the entire issue during any period within which the security may be so called.

(2) Such securities not amply secured or in default as to principal or interest shall be carried at market value.

(3) The commissioner shall have full discretion in determining the method of calculating values according to the rules set forth in this section, and consistent with such methods as then adopted by the National Association of Insurance Commissioners. [1993 c 462 § 54; 1973 c 151 § 1; 1947 c 79 § .12.18; Rem. Supp. 1947 § 45.12.18.]

48.12.190 Valuation of property. (1) Real property acquired pursuant to a mortgage loan or a contract for a deed, in the absence of a recent appraisal deemed by the commissioner to be reliable, shall not be valued at an amount greater than the unpaid principal of the defaulted loan or contract at the date of such acquisition, together with any taxes and expenses paid or incurred in connection with such acquisition, and the cost of improvements thereafter made by the insurer and any amounts thereafter paid by the insurer on assessments levied for improvements in connection with the property.

(2) Other real property held by an insurer shall not be valued at any amount in excess of fair value, less reasonable depreciation based on the estimated life of the improvements.

(3) Personal property acquired pursuant to chattel mortgages made under RCW 48.13.150 shall not be valued at an amount greater than the unpaid balance of principal on the defaulted loan at date of acquisition together with taxes and expenses incurred in connection with such acquisition, or the fair value of such property, whichever amount is the lesser.

(4) The commissioner has full discretion in determining the method of calculating values according to the rules set forth in this section, and consistent with such methods as then adopted by the National Association of Insurance Commissioners. [1993 c 462 § 55; 1967 ex.s. c 95 § 10; 1947 c 79 § .12.19; Rem. Supp. 1947 § 45.12.19.]

(a) that an insurer may acquire real property as provided in RCW 48.13.160, and

[1947 c 79 § .13.04; Rem. Supp. 1947 § 45.13.04.]

48.13.050 Corporate obligations. Except as set forth in RCW 48.13.273, an insurer may invest any of its funds in obligations other than those eligible for investment under RCW 48.13.110 if they are issued, assumed, or guaranteed by any solvent institution created or existing under the laws of the United States or of any state, district or territory thereof, and are qualified under any of the following:

(1) Obligations which are secured by adequate collateral security and bear fixed interest if during each of any three, including the last two, of the five fiscal years next preceding the date of acquisition by the insurer, the net earnings of the issuing, assuming or guaranteeing institution available for its fixed charges, as defined in RCW 48.13.060, have been not less than one and one-fourth times the total of its fixed charges for such year. In determining the adequacy of collateral security, not more than one-third of the total value of such required collateral shall consist of stock other than stock meeting the requirements of RCW 48.13.080.

(2) Fixed interest bearing obligations, other than those described in subdivision (1) of this section, if the net earnings of the issuing, assuming or guaranteeing institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by the insurer have averaged per year not less than one and one-half times its average annual maximum contingent interest applicable thereto and if during the last year of such period such net earnings have been not less than one and one-half times its fixed charges for such year.

(3) Adjustment, income or other contingent interest obligations if the net earnings of the issuing, assuming or guaranteeing institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by the insurer have averaged per year not less than one and one-half times the sum of its average annual fixed charges and its average annual maximum contingent interest applicable to such period and if during each of the last two years of such period such net earnings have been not less than one and one-half times the sum of its fixed charges and maximum contingent interest for such year. 48.13.060 Terms defined. (1) Certain terms used are defined for the purposes of this chapter as follows:

(a) "Obligation" includes bonds, debentures, notes or other evidences of indebtedness.

(b) "Net earnings available for fixed charges" means net income after deducting operating and maintenance expenses, taxes other than federal and state income taxes, depreciation and depletion, but excluding extraordinary nonrecurring items of income or expense appearing in the regular financial statements of such institution.

(c) "Fixed charges" includes interest on funded and unfunded debt, amortization of debt discount, and rentals for leased properties.

(d) "Admitted assets" means the amount as of the last day of the most recently concluded annual statement year, computed in the same manner as "assets" in RCW 48.12.010.

(e) "Aggregate amount" of medium grade and lower grade obligations means the aggregate statutory statement value of those obligations thereof.

(f) "Institution" means a corporation, a joint stock company, an association, a trust, a business partnership, a business joint venture, or similar entity.

(2) If net earnings are determined in reliance upon consolidated earnings statements of parent and subsidiary institutions, such net earnings shall be determined after provision for income taxes of subsidiaries and after proper allowance for minority stock interest, if any; and the required coverage of fixed charges shall be computed on a basis including fixed charges and preferred dividends of subsidiaries other than those payable by such subsidiaries to the parent corporation or to any other of such subsidiaries, except that if the minority common stock interest in the subsidiary corporation is substantial, the fixed charges and preferred dividends may be apportioned in accordance with regulations prescribed by the commissioner. [1993 c 92 § 3; 1947 c 79 § .13.06; Rem. Supp. 1947 § 45.13.06.]

48.13.070 Securities of merged or reorganized institutions. In applying the earnings test set forth in RCW 48.13.060 to any such institution, whether or not in legal existence during the whole of such five years next preceding the date of investment by the insurer, which has at any time during the five-year period acquired substantially all of the assets of any other institution or institutions by purchase, merger, consolidation or otherwise, or has been reorganized pursuant to the bankruptcy law, the earnings of the predecessor or constituent institutions, or of the institution so reorganized, available for interest and dividends for such portion of the five-year period as may have preceded such acquisition, or such reorganization, may be included in the earnings of such issuing, assuming or guaranteeing institution for such
portion of such period as may be determined in accordance with adjusted or pro forma consolidated earnings statements covering such portion of such period and giving effect to all stock or shares outstanding, and all fixed charges existing, immediately after such acquisition, or such reorganization. [1947 c 79 § .13.07; Rem. Supp. 1947 § 45.13.07.]

48.13.080 Preferred or guaranteed stocks. (1) An insurer may invest any of its funds, in an aggregate amount not exceeding ten percent of its assets, if a life insurer, or not exceeding fifteen percent of such assets if other than a life insurer, in preferred or guaranteed stocks or shares, other than common stocks, of solvent institutions existing under the laws of the United States or of any state, district or territory thereof, if all of the prior obligations and prior preferred stocks, if any, of such institution at the date of acquisition by the insurer are eligible as investments under this chapter; and if qualified under either of the following:

(a) Preferred stocks or shares shall be deemed qualified if both these requirements are met:

(i) The net earnings of the institution available for its fixed charges for a period of five fiscal years next preceding the date of acquisition by the insurer must have averaged per year not less than one and one-half times the sum of its average annual fixed charges, if any, its average annual maximum contingent interest, if any, and its average annual preferred dividend requirements applicable to such period; and

(ii) during each of the last two years of such period such net earnings must have been not less than one and one-half times the sum of its fixed charges, contingent interest and preferred dividend requirements for such year. The term "preferred dividend requirements" shall be deemed to mean cumulative or noncumulative dividends whether paid or not.

(b) Guaranteed stocks or shares shall be deemed qualified if the assuming or guaranteeing institution meets the requirements of subdivision (1) of RCW 48.13.050, construed so as to include as a fixed charge the amount of guaranteed dividends of such issue or the rental covering the guarantee of such dividends.

(2) An insurer shall not invest in or loan upon any preferred stock having voting rights, of any one institution, in excess of such proportion of the total issued and outstanding preferred stock of such institution having voting rights, as would, when added to any common shares of such institution, directly or indirectly held by it, exceed fifteen percent of all outstanding shares of such institution having voting rights, nor an amount in excess of the limit provided by RCW 48.13.030. This limitation shall not apply to such shares of a corporation which is the subsidiary of an insurer, and which corporation is engaged exclusively in a kind of business properly incidental to the insurance business of the insurer. [1947 c 79 § .13.08; Rem. Supp. 1947 § 45.13.08.]

48.13.090 Trustees’ or receivers’ obligations. [1947 c 79 § .13.09; Rem. Supp. 1947 § 45.13.09.]

48.13.100 Equipment trust certificates. An insurer may invest any of its funds, in an aggregate amount not exceeding ten percent of its assets, in equipment trust obligations or certificates which are adequately secured, or in other adequately secured instruments evidencing an interest in transportation equipment wholly or in part within the United States and the right to receive determined portions of rental, purchase or other fixed obligatory payments for the use or purchase of such transportation equipment. [1947 c 79 § .13.10; Rem. Supp. 1947 § 45.13.10.]

(c) The equity of the seller of any such property in the contract for a deed, covering the entire balance due on a bona fide sale of such property, in amount not to exceed ten thousand dollars or the amount permissible under RCW 48.13.030, whichever is greater, in any one such contract for deed.

(2) Purchase money mortgages or like securities received by it upon the sale or exchange of real property acquired pursuant to RCW 48.13.160 as amended in *section 7 of this 1969 amendatory act.

(e) An insurer may only enter into the following types of income generation transactions if, as a result of and after giving effect to the transactions, the aggregate statement value of the fixed income assets that are subject to call or that generate the cash flows for payments under the caps or floors, plus the face value of fixed income securities underlying a derivative instrument subject to call, plus the amount of the purchase obligations under the puts, does not exceed ten percent of its admitted assets:

(i) Sales of covered call options on noncallable fixed income securities, callable fixed income securities if the option expires by its terms prior to the end of the noncallable period, or derivative instruments based on fixed income securities;

(ii) Sales of covered call options on equity securities, if the insurer holds in its portfolio, or can immediately acquire through the exercise of options, warrants, or conversion rights already owned, the equity securities subject to call during the complete term of the call option sold;

(iii) Sales of covered puts on investments that the insurer is permitted to acquire under this chapter, if the insurer has escrowed, or entered into a custodian agreement segregating, cash or cash equivalents with a market value equal to the amount of its purchase obligations under the put during the complete term of the put option sold; or

(iv) Sales of covered caps or floors, if the insurer holds in its portfolio the investments generating the cash flow to make the required payments under the caps or floors during the complete term that the cap or floor is outstanding;

(f) An insurer shall include all counterparty exposure amounts in determining compliance with general diversification requirements and medium and low grade investment limitations under this chapter; and

(g) Pursuant to rules adopted by the insurance commissioner under subsection (3) of this section, the commissioner may approve additional transactions involving the use of derivative instruments in excess of the limitations in (d) of this subsection or for other risk management purposes under rules adopted by the commissioner, but replication transactions shall not be permitted for other than risk management purposes.

(2) For purposes of this section:

(a) "Cap" means an agreement obligating the seller to make payments to the buyer, with each payment based on the amount by which a reference price or level or the performance or value of one or more underlying interests exceeds a predetermined number, sometimes called the strike rate or strike price;

(b) "Collar" means an agreement to receive payments as the buyer of an option, cap, or floor and to make payments as the seller of a different option, cap, or floor;

(c) "Counterparty exposure amount" means the net amount of credit risk attributable to a derivative instrument entered into with a business entity other than through a qualified exchange, qualified foreign exchange, or cleared through a qualified clearinghouse. The amount of the credit risk equals the market value of the over-the-counter derivative instrument if the liquidation of the derivative instrument would result in a final cash payment to the insurer, or zero if the liquidation of the derivative instrument would not result in a final cash payment to the insurer.

If over-the-counter derivative instruments are entered into under a written master agreement which provides for netting of payments owed by the respective parties, and the domiciliary jurisdiction of the counterparty is either within the United States or, if not within the United States, within a foreign jurisdiction listed in the purposes and procedures of the securities valuation office as eligible for netting, the net amount of credit risk shall be the greater of zero or the sum of:

(i) The market value of the over-the-counter derivative instruments entered into under the agreement, the liquidation of which would result in a final cash payment to the insurer; and

(ii) The market value of the over-the-counter derivative instruments entered into under the agreement, the liquidation of which would result in a final cash payment by the insurer to the business entity.

For open transactions, market value shall be determined at the end of the most recent quarter of the insurer's fiscal year and shall be reduced by the market value of acceptable collateral held by the insurer or placed in escrow by one or both parties;

(d) "Covered" means that an insurer owns or can immediately acquire, through the exercise of options, warrants or conversion rights already owned, the underlying interest in order to fulfill or secure its obligations under a call option, cap or floor it has written, or has set aside under a custodial or escrow agreement cash or cash equivalents with a market value equal to the amount required to fulfill its obligations under a put option it has written, in an income generation transaction;

(e) "Derivative instrument" means an agreement, option, instrument, or a series or combination thereof:

(i) To make or take delivery of, or assume or relinquish, a specified amount of one or more underlying interests, or to make a cash settlement in lieu thereof; or

(ii) That has a price, performance, value, or cash flow based primarily upon the actual or expected price, level, performance, value, or cash flow of one or more underlying interests.

Derivative instruments include options, warrants used in a hedging transaction and not attached to another financial instrument, caps, floors, collars, swaps, forwards, futures, and any other agreements, options, or instruments substantially similar thereto or any series or combination thereof and any agreements, options, or instruments permitted under rules adopted by the commissioner under subsection (3) of this section;

(f) "Derivative transaction" means a transaction involving the use of one or more derivative instruments;

(g) "Floor" means an agreement obligating the seller to make payments to the buyer in which each payment is based on the amount by which a predetermined number, sometimes called the floor rate or price, exceeds a reference price, level, performance, or value of one or more underlying interests;

(h) "Future" means an agreement, traded on a qualified exchange or qualified foreign exchange, to make or take delivery of, or effect a cash settlement based on the actual or expected price, level, performance, or value of, one or more underlying interests;

Ineligible property or securities. Any ineligible personal property or securities acquired by an insurer may be required to be disposed of within the time not less than six months specified by order of the commissioner, unless before that time it attains the standard of eligibility, if retention of such property or securities would be contrary to the policyholders or public interest in that it tends to substantially lessen competition in the insurance business or threatens impairment of the financial condition of the insurer.

and instrumentalities, respectively, and managed by the federal reserve system for participating financial institutions.

(5) "Participating financial institution" means a depository financial institution such as a national bank, state bank, savings and loan, credit union, or trust company that is:

(a) Authorized to participate in the federal reserve book-entry system; and

(b) Licensed by the United States or the banking authorities in its state of domicile and is regularly examined by the licensing authority.

(6) "Qualified custodian" means either a participating financial institution or a clearing corporation, or both. A qualified custodian does not include a broker.

(7) "Securities" means instruments as defined in RCW 62A.8-102(1)(o). [2000 c 221 § 1.]

48.13.455 Safeguarding securities—Deposit in a clearing corporation or the federal reserve book-entry securities system—Certificates—Records. Notwithstanding any other provision of law, a domestic insurance company may deposit or arrange for the deposit of securities held in or purchased for its general account and its separate accounts in a clearing corporation or the federal reserve book-entry securities system. When securities are deposited with a clearing corporation, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of such clearing corporation with any other securities deposited with such clearing corporation by any person, regardless of the ownership of such securities, and certificates representing securities of small denominations may be merged into one or more certificates of larger denominations. The records of any participating financial institution through which an insurance company holds securities in the federal reserve book-entry securities system, and the records of any custodian banks through which an insurance company holds securities in a clearing corporation, shall at all times show that such securities are held for such insurance company and for which accounts thereof. Ownership of, and other interests in, such securities may be transferred by bookkeeping entry on the books of such clearing corporation or in the federal reserve book-entry securities system without, in either case, physical delivery of certificates representing such securities. [2000 c 221 § 2.]

48.13.460 Safeguarding securities—Authorized methods of holding securities. The following are the only authorized methods of holding securities:

(1) A domestic insurance company may hold securities in definitive certificates;

(2) A domestic insurance company may, pursuant to an agreement, designate a participating financial institution or institutions as its custodian through which it can transact and maintain book-entry securities on behalf of the insurance company; or

(3) A domestic insurance company may, pursuant to an agreement, participate in depository systems of clearing corporations directly or through a custodian bank. [2000 c 221 § 3.]

48.13.465 Safeguarding securities—Requirement to receive a confirmation. A domestic insurance company using the methods of holding securities under RCW 48.13.460 (2) or (3) is required to receive a confirmation from:

(1) The participating financial institution or the qualified custodian whenever securities are received or surrendered pursuant to the domestic insurance company’s instructions to a securities broker; or

(2) The securities broker provided that the domestic insurance company has given the participating financial institution or qualified custodian and the securities broker matching instructions authorizing the transaction, which have been confirmed by the participating financial institution or qualified custodian prior to surrendering funds or securities to conduct the transaction. [2000 c 221 § 4.]

48.13.470 Safeguarding securities—Broker executing a trade—Time limits. (1) A broker executing a securities trade pursuant to an order from a domestic insurance company shall send confirmation to the domestic insurance company or the clearing corporation confirming the order has been executed within twenty-four hours after order completion.

(2) A broker may not hold in its own account for longer than seventy-two hours any securities bought or sold pursuant to an order from a domestic insurance company. [2000 c 221 § 5.]

48.13.475 Safeguarding securities—Maintenance with a qualified custodian—Commissioner may order transfer—Challenge to order—Standing at hearing or for judicial review. (1) Notwithstanding the maintenance of securities with a qualified custodian pursuant to agreement, if the commissioner:

(a) Has reasonable cause to believe that the domestic insurer:
   (i) Is conducting its business and affairs in such a manner as to threaten to render it insolvent;
   (ii) Is in a hazardous condition or is conducting its business and affairs in a manner that is hazardous to its policyholders, creditors, or the public; or
   (iii) Has committed or is committing or has engaged or is engaging in any act that would constitute grounds for rendering it subject to rehabilitation or liquidation proceedings; or

(b) Determines that irreparable loss and injury to the property and business of the domestic insurer has occurred or may occur unless the commissioner acts immediately; then the commissioner may, without hearing, order the insurer and the qualified custodian promptly to effect the transfer of the securities to another qualified custodian approved by the commissioner. Upon receipt of the order, the qualified custodian shall promptly effect the transfer of the securities. Notwithstanding the pendency of any hearing or request for hearing, the order shall be complied with by those persons subject to that order. Any challenge to the validity of the order shall be made under chapter 48.04 RCW. However, the stay of action provisions of RCW 48.04.020 do not apply. It is the responsibility of both the insurer and the qualified custodian to oversee that compli-
inance with the order is completed as expeditiously as possible. Upon receipt of an order, there shall be no trading of the securities without specific instructions from the commissioner until the securities are received by the new qualified custodian, except to the extent trading transactions are in process on the day the order is received by the insurer and the failure to complete the trade may result in loss to the insurer’s account. Issuance of an order does not affect the qualified custodian’s liabilities with regard to the securities that are the subject of the order.

2 No person other than the insurer has standing at the hearing by the commissioner or for any judicial review of the order. [2000 c 221 § 6.]

48.14.020 Premium taxes. (1) Subject to other provisions of this chapter, each authorized insurer except title
insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner’s office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unab sorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(3) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner’s office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(4) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their agents, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or their agents.

(5) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums. (2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner’s office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer’s tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer’s tax obligation that would have been due had the tax been in effect during the previous calendar year. (7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW and health maintenance organizations under chapter 48.46 RCW. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW. (3) The minimum amounts of the prepayments shall be percentages of the insurer’s preceding calendar year’s tax obligation recomputed using the rate in effect for the current year and shall be paid to the state treasurer through the commissioner’s office by the due dates and in the following amounts:
(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent; and

(5) On or before June 1 of each year, the commissioner shall notify each insurer required to make prepayments in that year of the amount of each prepayment and shall provide remittance forms to be used by the insurer. However, an insurer’s responsibility to make prepayments is not affected by failure of the commissioner to send, or the insurer to receive, the notice or forms. **48.14.029 Premium tax credit—New employment for international service activities in eligible areas—Designation of census tracts for eligibility—Records—Tax due upon ineligibility—Interest assessment—Information from employment security department.** (1) Subject to the limits in this section, an eligible person is allowed a credit against the tax due under RCW 48.14.020. The credit is based on qualified employment positions in eligible areas. The credit is available to persons who are engaged in international insurance services as defined in this section. In order to receive the credit, the international insurance services activities must take place at a business within the eligible area.

(2)(a) The credit shall equal three thousand dollars for each qualified employment position created after July 1, 1998, in an eligible area. A credit is earned for the calendar year the person is hired to fill the position, plus the four subsequent consecutive years, if the position is maintained for those four years.

(b) Credit may not be taken for hiring of persons into positions that exist on July 1, 1998. Credit is authorized for new employees hired for new positions created after July 1, 1998. New positions filled by existing employees are eligible for the credit under this section only if the position vacated by the existing employee is filled by a new hire.

(c) When a position is newly created, if it is filled before July 1st, this position is eligible for the full yearly credit. If it is filled after June 30th, this position is eligible for half of the credit.

(d) Credit may be accrued and carried over until it is used. No refunds may be granted for credits under this section.

(3) For the purposes of this section:

(a) "Eligible area" means: (i) A community empowerment zone under *RCW 43.63A.700; or (ii) a contiguous group of census tracts that meets the unemployment and poverty criteria of *RCW 43.63A.710 and is designated under subsection (4) of this section;

(b) "Eligible person" means a person, as defined in RCW 82.04.030, who in an eligible area at a specific location is engaged in the business of providing international insurance services;

(c) "International insurance services" means a business that provides insurance services related directly to the delivery of the service outside the United States or on behalf of persons residing outside the United States; and

(d) "Qualified employment position" means a permanent full-time position to provide international insurance services. If an employee is either voluntarily or involuntarily separated from employment, the employment position is considered filled on a full-time basis if the employer is either training or actively recruiting a replacement employee.

(4) By ordinance, the legislative authority of a city with population greater than eighty thousand, located in a county containing no community empowerment zones as designated under *RCW 43.63A.700, may designate a contiguous group of census tracts within the city as an eligible area under this section. Each of the census tracts must meet the unemployment and poverty criteria of *RCW 43.63A.710. Upon making the designation, the city shall transmit to the department of revenue a certification letter and a map, each explicitly describing the boundaries of the census tract. This designation must be made by December 31, 1998.

(5) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. This information includes:

(a) Employment records for the previous six years;

(b) Information relating to description of international insurance services activity engaged in at the eligible location by the person; and

(c) Information relating to customers of international insurance services activity engaged in at that location by the person.

(6) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been used shall be immediately due. The department shall assess interest, but not penalties, on the credited taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, shall be assessed retroactively to the date the tax credit was taken, and shall accrue until the taxes for which a credit has been used are repaid.

(7) The employment security department shall provide to the department of revenue such information needed by the department of revenue to verify eligibility under this section. [1998 c 313 § 3.]

*Reviser’s note:* RCW 43.63A.700 and 43.63A.710 were recodified as RCW 43.31C.020 and 43.31C.030, respectively, pursuant to 2000 c 212 § 11.

any item or combination of items involved, upon all insurers of such other state or country and their agents doing business in this state, so long as such laws remain in force or are so applied.

(2) For the purposes of this section, an alien insurer may be deemed to be domiciled in the state wherein it has established its principal office or agency in the United States. If no such office or agency has been established, the domicile of the alien insurer shall be deemed to be the country under the laws of which it is formed. [1988 c 248 § 8; 1949 c 190 § 21, part; 1947 c 79 § .14.04; Rem. Supp. 1949 § 45.14.04.]

In such event the tax may be collected by distraint, and the penalty recovered by any action instituted by the commissioner in any court of competent jurisdiction. The amount of any such penalty collected shall be paid to the state treasurer and credited to the general fund.

(2) At his discretion the commissioner may revoke the certificate of authority of any such delinquent insurer, such certificate of authority not to be reissued until all taxes, prepayments of tax, and penalties incurred by the insurer have been fully paid and the insurer has otherwise qualified for the certificate of authority. 48.15.020 Solicitation by unauthorized insurer prohibited—Personal liability. (1) An insurer not thereunto authorized by the commissioner shall not solicit insurance business in this state, nor transact insurance business in this state except as provided in this chapter.

(2)(a) No person shall, in this state, represent an unauthorized insurer except as provided in this chapter. This provision shall not apply to any adjuster or attorney at law representing such an insurer from time to time in this state in his or her professional capacity.

(b) A person, other than a duly licensed surplus line broker acting in good faith under his or her license, who makes a contract of insurance in this state, directly or indirectly, on behalf of an unauthorized insurer, without complying with the provisions of this chapter, is personally liable for the performance of such contract.

(3) Each violation of this section shall constitute a separate offense punishable by a fine of not more than twenty-five thousand dollars, and the commissioner, at the commissioner's discretion, may order replacement of policies improperly placed with an unauthorized insurer with policies issued by an authorized insurer. Violations may result in suspension or revocation of a license. [1992 c 149 § 1; 1983 1st ex.s. c 32 § 3; 1980 c 102 § 2; 1947 c 79 § .15.04; Rem. Supp. 1947 § 45.15.04.]

48.15.030 Validity of contracts illegally effectuated. A contract of insurance effectuated by an unauthorized insurer in violation of the provisions of this code shall be voidable except at the instance of the insurer. [1947 c 79 § .15.03; Rem. Supp. 1947 § 45.15.03.]

48.15.040 "Surplus line" coverage. If certain insurance coverages cannot be procured from authorized insurers, such coverages, hereinafter designated as "surplus lines," may be procured from unauthorized insurers subject to the following conditions:

(1) The insurance must be procured through a licensed surplus line broker.

(2) The insurance must not be procurable, after diligent effort has been made to do so from among a majority of the insurers authorized to transact that kind of insurance in this state.

(3) Coverage shall not be procurable from an unauthorized insurer for the purpose of securing a lower premium rate than would be accepted by any authorized insurer nor to secure any other competitive advantage.

(4) The commissioner may by regulation establish the degree of effort required to comply with subsections (2) and (3) of this section.

(5) At the time of the procuring of any such insurance an affidavit setting forth the facts referred to in subsections (2) and (3) of this section must be executed by the surplus line broker. Such affidavit shall be filed with the commissioner within thirty days after the insurance is procured. [1983 1st ex.s. c 32 § 4; 1947 c 79 § .15.04; Rem. Supp. 1947 § 45.15.04.]

48.15.050 Endorsement of contract. Every insurance contract procured and delivered as a surplus line coverage pursuant to this chapter shall have stamped upon it and be initialed by or bear the name of the surplus line broker who procured it, the following:

"This contract is registered and delivered as a surplus line coverage under the insurance code of the state of Washington, enacted in 1947." [1947 c 79 § .15.05; Rem. Supp. 1947 § 45.15.05.]

48.15.060 Validity of contracts. Insurance contracts procured as surplus line coverage from unauthorized insurers in accordance with this chapter shall be fully valid and enforceable as to all parties, and shall be given recognition in all matters and respects to the same effect as like contracts issued by authorized insurers. [1947 c 79 § .15.06; Rem. Supp. 1947 § 45.15.06.]

48.15.070 Surplus line brokers—Licensing. Any individual while a resident of this state, or any firm or any corporation that has in its employ a qualified individual who is a resident of this state and who is authorized to exercise the powers of the firm or corporation, deemed by the commissioner to be competent and trustworthy, and while maintaining an office at a designated location in this state, may be licensed as a surplus line broker in accordance with this section.

(1) Application to the commissioner for the license shall be made on forms furnished by the commissioner. As part of, or in connection with, this application, the applicant shall furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, and any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business records; purposes; and other pertinent information, as the commissioner may reasonably require.

(2) The license shall expire if not timely renewed. Surplus line brokers licenses shall be valid for the time period established by the commissioner unless suspended or revoked at an earlier date.

(3) Prior to issuance of license the applicant shall file with the commissioner a bond in favor of the state of Washington in the penal sum of twenty thousand dollars, with authorized corporate sureties approved by the commissioner, conditioned that he or she will conduct business under the license in accordance with the provisions of this chapter and that he or she will promptly remit the taxes provided by RCW 48.15.120. The licensee shall maintain such bond in force for as long as the license remains in effect.
(4) Every applicant for a surplus line broker’s license or for the renewal of a surplus line broker’s license shall file with the application or request for renewal a bond in favor of the people of the state of Washington, executed by an authorized corporate surety approved by the commissioner, in the amount of one hundred thousand dollars and shall be the bonding requirement for new licensees. The licensee shall maintain such bond in force while so licensed. The bond may be continuous in form, and total aggregate liability on the bond may be limited to the amount stated in the bond. The bond shall be contingent on the accounting by the surplus line broker to any person requesting such broker to obtain insurance, for moneys or premiums collected in connection therewith. A bond issued in accordance with RCW 48.17.250 or with this subsection will satisfy the requirements of both RCW 48.17.250 and this subsection if the limit of liability is not less than the greater of the requirement of RCW 48.17.250 or the requirement of this subsection.

(5) Any bond issued pursuant to subsection (3) or (4) of this section shall remain in force until the surety is released from liability by the commissioner, or until the bond is canceled by the surety. Without prejudice to any liability accrued prior to such cancellation, the surety may cancel the bond upon thirty days’ advance notice in writing filed with the commissioner.

(6) If in the process of verifying fingerprints under subsection (1) of this section, business records, or other information the commissioner’s office inures fees or charges from another governmental agency or from a business firm, the amount of the fees or charges shall be paid to the commissioner’s office by the applicant.

(7) For the purposes of this section, a “qualified individual” is a natural person who has met all the requirements that must be met by an individual surplus line broker. [2002 c 227 § 3; 1994 c 131 § 3; 1983 1st ex.s. c 32 § 24; 1982 c 181 § 5; 1981 c 199 § 1; 1980 c 102 § 3; 1979 ex.s. c 130 § 3; 1977 ex.s. c 182 § 2; 1959 c 225 § 4; 1947 c 79 § 15.07; Rem. (2) A person under subsection (1) of this section must meet the same qualifications, other than residency, as any other person seeking to be licensed as a surplus line broker under this chapter. A person granted a nonresident surplus line broker’s license must have all the same responsibilities as any other surplus line broker and is subject to the (a) commissioner’s supervision as though resident in this state and (b) rules adopted under this chapter. This provision shall not affect rights as between the insurer and the broker.

There must be on file with the commissioner a copy of the trust, certified by the trustee, evidencing a subsisting trust fund deposit having an expiration date which at no time shall be less than five years after the date of creation of the trust. Such trust fund shall be included in the calculation of the insurer’s capital and surplus or its equivalents; or

(c) Any group including incorporated and individual insurers maintaining a trust fund of less than fifty million dollars as security to the full amount thereof for all policyholders in the United States of each member of the group, and such trust shall likewise comply with the terms and conditions established in (b) of this subsection for an alien insurer; or

(d) Any insurance exchange created by the laws of an individual state, maintaining capital and surplus, or substantially equivalent capital funds of less than fifty million dollars in the aggregate. For insurance exchanges which maintain funds for the protection of all insurance exchange...
policyholders, each individual syndicate shall maintain minimum capital and surplus, or the substantial equivalent thereof, of not less than six million dollars. In the event the insurance exchange does not maintain funds for the protection of all insurance exchange policyholders, each individual syndicate shall meet the minimum capital and surplus requirements of (a) of this subsection.

(2) The commissioner may, by rule:
(a) Increase the financial requirements under subsection (1) of this section by not more than one million dollars in any twelve-month period, but in no case may the requirements exceed fifteen million dollars; or
(b) Prescribe the terms under which the foregoing financial requirements may be waived in circumstances where insurance cannot be otherwise procured on risks located in this state.

(3) For any violation of this section the surplus line broker may be fined not less than one hundred dollars or more than five thousand dollars, and in addition to or in lieu thereof the surplus line broker’s license may be revoked, suspended, or nonrenewed. However, the reimbursement of a creditor's actual expenses for securing and forwarding information required for the purposes of such group insurance shall not be considered a commission or other compensation if such reimbursement does not exceed three dollars per certificate issued, or in the case of a monthly premium plan extending beyond twelve months, not to exceed three dollars per loan transaction revision per year.

(4) Any person violating this section shall be liable to a fine of not to exceed five hundred dollars and imprisonment for not to exceed six months for each instance of such violation. [1995 c 214 § 1; 1975 1st ex.s. c 266 § 7; 1955 c 303 § 9; 1947 c 79 § .17.06; Rem. Supp. 1947 § 45.17.06.]

[Title 48 RCW—page 83]
48.17.540 Procedure to suspend, revoke, or refuse—Effect of conviction of felony. (1) The commissioner may revoke or refuse to renew any license issued under this chapter, or any surplus line broker’s license, immediately and without hearing, upon sentencing of the licensee for conviction of a felony by final judgment of any court of competent jurisdiction, if the facts giving rise to such conviction demonstrate the licensee to be untrustworthy to maintain any such license.

(2) The commissioner may suspend, revoke, or refuse to renew any such license:
   (a) By an order served by mail or personal service upon the licensee not less than fifteen days prior to the effective date thereof, subject to the right of the licensee to have a hearing as provided in RCW 48.04.010; or
   (b) By an order on hearing made as provided in chapter 34.05 RCW, the Administrative Procedure Act, effective not less than ten days after the date of the service of the order, subject to the right of the licensee to appeal to the superior court.

(3) The commissioner may temporarily suspend such license by an order served by mail or personal service upon the licensee not less than three days prior to the effective date thereof, provided the order contains a notice of revocation and includes a finding that the public safety or welfare imperatively requires emergency action. Such suspension shall continue only until proceedings for revocation are concluded. The commissioner also may temporarily suspend such license in cases where proceedings for revocation are pending if he or she finds that the public safety or welfare imperatively requires emergency action.

(4) Service by mail under this section shall mean posting in the United States mail, addressed to the licensee at the most recent address shown in the commissioner’s licensing records for the licensee. Service by mail is complete upon deposit in the United States mail. 48.17.560 Fines may be imposed. After hearing or upon stipulation by the licensee or insurance education provider, and in addition to or in lieu of the suspension, revocation, or refusal to renew any such license or insurance education provider approval, the commissioner may levy a fine upon the licensee or insurance education provider. (1) For each offense the fine shall be an amount not more than one thousand dollars. (2) The order levying such fine shall specify that the fine shall be fully paid not less than fifteen nor more than thirty days from the date of the order. (3) Upon failure to pay any such fine when due, the commissioner shall revoke the licenses of the licensee or the approval(s) of the insurance education provider, if not already revoked. The fine shall be recovered in a civil action brought on behalf of the commissioner by the attorney general. Any fine so collected shall be paid by the commissioner to the state treasurer for the account of the general fund. [1989 c 323 § 3; 1975 1st ex.s. c 266 § 8; 1967 c 150 § 25; 1947 c 79 § .17.56; Rem. Supp. 1947 § 45.17.56.]

Severability—1975 1st ex.s. c 266: See note following RCW 48.01.010.

48.17.563 Insurance education providers—Commissioner’s approval—Renewal fee. (1) The commissioner may require insurance education providers to furnish specific information regarding their curricula, faculty, methods of monitoring attendance, and other matters reasonably related to providing insurance education under this chapter. The commissioner may grant approvals to such providers who demonstrate the ability to conduct and certify completion of one or more courses satisfying the insurance education requirements of RCW 48.17.150.

(2) Provider and course approvals are valid for the time period established by the commissioner and shall expire if not timely renewed. Each provider shall pay the renewal fee set forth in RCW 48.14.010(1)(n).

(3) In granting approvals for courses required by RCW 48.17.150(1)(d):
   (a) The commissioner may require the availability of a licensed agent with appropriate experience on the premises whenever instruction is being offered; and
   (b) The commissioner shall not deny approval to any provider on the grounds that the proposed method of education employs nontraditional teaching techniques, such as substituting taped lectures for live instruction, offering instruction without fixed schedules, or providing education at individual learning rates. [1994 c 131 § 6; 1989 c 323 § 7.]

Effective date—1989 c 323: See note following RCW 48.17.055.

48.17.565 Insurance education providers—Violations—Costs awarded. If an investigation of any provider culminates in a finding by the commissioner or by any court of competent jurisdiction, that the provider has failed to comply with or has violated any statute or regulation pertaining to insurance education, the provider shall pay the expenses reasonably attributable and allocable to such investigation.

(1) The commissioner shall calculate such expenses and render a bill therefor by registered mail to the provider. Within thirty days after receipt of such bill, the provider shall pay the full amount to the commissioner. The commissioner shall transmit such payment to the state treasurer.
The state treasurer shall credit the payment to the office of the insurance commissioner regulatory account, treating such payment as recovery of a prior expenditure.

(2) In any action brought under this section, if the insurance commissioner prevails, the court may award to the office of the insurance commissioner all costs of the action, including a reasonable attorneys’ fee to be fixed by the court. [1989 c 323 § 4.]

Effective date—1989 c 323: See note following RCW 48.17.055.

48.17.568 Insurance education providers—Bond. In addition to the regulatory requirements imposed pursuant to RCW 48.17.150, the commissioner may require each insurance education provider to post a bond, cash deposit, or irrevocable letter of credit. Every insurance education provider, other than an insurer, health care service contractor, health maintenance organization, or educational institution established by Washington statutes, is subject to the requirement.

(1) The provider shall file with each request for course approval and shall maintain in force while so approved, the bond, cash deposit, or irrevocable letter of credit in favor of the state of Washington, according to criteria which the commissioner shall establish by regulation. The amount of such bond, cash deposit, or irrevocable letter of credit, shall not exceed five thousand dollars for the provider’s first approved course and one thousand dollars for each additional approved course.

(2) Proceeds from the bond, cash deposit, or irrevocable letter of credit shall inure to the commissioner for payment of investigation expenses or for payment of any fine ordered per Washington statutes or regulations governing insurance education: PROVIDED, That recoverable investigation expenses or for payment of any fine ordered per Washington statutes, is subject to the state of Washington, according to criteria which the commissioner shall establish by regulation. The amount of such bond, cash deposit, or irrevocable letter of credit, shall not exceed five thousand dollars for the provider’s first approved course and one thousand dollars for each additional approved course.

(2) In any action brought under this section, if the insurance commissioner prevails, the court may award to the office of the insurance commissioner all costs of the action, including a reasonable attorneys’ fee to be fixed by the court. [1989 c 323 § 4.]

Effective date—1989 c 323: See note following RCW 48.17.055.

48.17.591 Termination of agency contract—Effect on insured. (1) No insurer authorized to do business in this state may cancel or refuse to renew any policy because that insurer’s contract with the independent agent through whom such policy is written has been terminated by the insurer, the agent, or by mutual agreement.

(2) If an insurer intends to terminate a written agency contract with an independent agent, the insurer shall give the agent not less than one hundred twenty days’ advance written notice of the intent, unless the termination is based upon the agent’s abandonment of the agency, the agent’s gross and willful misconduct, the agent’s loss of license by order of the insurance commissioner, the agent’s sale of, or material change of ownership in, the agency, the agent’s fraud or material misrepresentation relative to the business of insurance, or the agent’s default in payments due the insurer under the terms of the agreement. During the notice period the insurer shall not amend the existing contract without the consent of the agent.

(a) Unless the agency contract provides otherwise, during the one hundred twenty day notice period the independent agent shall not write or bind any new business on behalf of the terminating insurer without specific written approval. However, routine adjustments by insureds are permitted. The terminating insurer shall permit renewal of all its policies in the agent’s book of business for a period of one year following the effective date of the termination, to the extent the policies meet the insurer’s underwriting standards and the insurer has no other reason for nonrenewal. The rate of commission for any policies renewed under this provision shall be the same as the agent would have received had the agency agreement not been terminated.

(b) An independent agent whose agency contract has been terminated shall have a reasonable opportunity to transfer affected policies to other insurers with which the agent has an appointment: PROVIDED, HOWEVER, That prior to the conclusion of the one-year renewal period following the effective date of the termination, an insurer without a reason for not renewing an insured’s policy and which has not received notification of the placement of such policy with another insurer shall provide its insured with appropriate written notice of an offer to continue the policy. In such cases, except where the terminated agent has placed the policy with another agent of the insurer, the insurer shall, where practical, assign the policy to an appointed agent located reasonably near the insured willing to accept the assignment.

(c) An insurer is not required to continue the appointment of a terminated independent agent during or after the one year renewal period. However, an agent whose contract has been terminated by the insurer remains an agent of the terminating insurer as to actions associated with the policies subject to this section just as if he or she were appointed by the insurer as its agent.

(3) In the absence of receipt of notice from the insurer that coverage will not be continued with the existing insurer, an insurer whose agency contract has been terminated by an independent agent, or by the mutual agreement of the insurer and the agent, that elects to renew or lacks a reason not to renew, shall give the renewal notice required by chapter 48.18 RCW to affected insureds, and continue renewed coverage in accordance with the methods specified in subsection (2)(b) of this section. Agents affected by this subsection may provide the notice to an insurer that an insured does not intend to continue existing coverage with the insurer, after receiving written authority to do so from an insured.

(4) For purposes of this section an "independent agent" is a licensed insurance agent representing an insurer on an independent contractor basis and not as an employee. This term includes only those agents not obligated by contract to place insurance accounts with a particular insurer or group of insurers.

(5) This section does not apply to (a) agents or policies of an insurer or group of insurers if the business is not owned by the agent and the termination of any such contractual agreement does not result in the cancellation or nonrenewal of any policies of insurance; (b) general agents, to the extent that they are acting in that capacity; (c) life, disability, surety, ocean marine and foreign trade, and title insurance policies; (d) situations where the termination of the agency contract results from the insolvency or liquidation of the terminating insurer.
(6) No insurer may terminate its agency contract with an appointed agent unless it complies with this section.

(7) Nothing contained in this section excuses an insurer from giving cancellation and renewal notices that may be required by chapter 48.18 RCW. [1990 c 121 § 1. Formerly RCW 48.18.285.]

Reviser's note: Previously codified as RCW 48.18.285. Recodified to reflect legislative directive under 1990 c 121.

48.17.600 Separation of premium funds. (1) All funds representing premiums or return premiums received by an agent, solicitor or broker in his or her fiduciary capacity shall be accounted for and maintained in a separate account from all other business and personal funds.

(2) An agent, solicitor or broker shall not commingle or otherwise combine premiums with any other moneys, except as provided in subsection (3) of this section.

(3) An agent, solicitor or broker may commingle with premium funds any additional funds as he or she may deem prudent for the purpose of advancing premiums, establishing reserves for the paying of return premiums, or for any contingencies as may arise in his or her business of receiving and transmitting premium or return premium funds.

(4) Each willful violation of this section shall constitute a misdemeanor.

(5) This section shall not apply to agents for title insurance companies or insurance brokers whose average daily balance for premiums received on behalf of insureds in the state of Washington equals or exceeds one million dollars. [1988 c 248 § 15; 1986 c 69 § 1.]

Effective date—1986 c 69: "This act shall take effect on January 1, 1987." [1986 c 69 § 2.]

This chapter shall not apply to life or disability insurance policies not issued for delivery in this state nor delivered in this state. [1947 c 79 § .18.01; Rem. Supp. 1947 § 45.18.01.]

48.18.020 Power to contract. (1) Any person eighteen years or older shall be considered of full legal age and may contract for or with respect to insurance. Any person seventeen years or younger shall be considered a minor for purposes of Title 48 RCW.
(2) A minor not less than fifteen years of age as at nearest birthday may, notwithstanding such minority, contract for life or disability insurance on his own life or body, for his own benefit or for the benefit of his father, mother, spouse, child, brother, sister, or grandparent, and may exercise all rights and powers with respect to or under the contract as though of full legal age, and may surrender his interest therein and give a valid discharge for any benefit accruing or money payable thereunder. The minor shall not, by reason of his minority, be entitled to rescind, avoid, or repudiate the contract, or any exercise of a right or privilege thereunder, except that such minor, not otherwise emancipated, shall not be bound by any unperformed agreement to pay, by promissory note or otherwise any premium on any such insurance contract. [1973 1st ex.s. c 17 § 4; 1947 c 79 § .18.02; Rem. Supp. 1947 § 45.18.02.]

48.18.030 Insurable interest—Personal insurances—Nonprofit organizations. (1) Any individual of competent legal capacity may procure or effect an insurance contract upon his own life or body for the benefit of any person. But no person shall procure or cause to be procured any insurance contract upon the life or body of another individual unless the benefits under such contract are payable to the individual insured or his personal representatives, or to a person having, at the time when such contract was made, an insurable interest in the individual insured.

(2) If the beneficiary, assignee or other payee under any contract made in violation of this section receives from the insurer any benefits thereunder accruing upon the death, disablement or injury of the individual insured, the individual insured or his executor or administrator, as the case may be, may maintain an action to recover such benefits from the person so receiving them.

(3) “Insurable interest” as used in this section and in RCW 48.18.060 includes only interests as follows:

(a) In the case of individuals related closely by blood or by law, a substantial interest engendered by love and affection; and

(b) In the case of other persons, a lawful and substantial economic interest in having the life, health or bodily safety of the individual insured continue, as distinguished from an interest which would arise only by, or would be enhanced in value by, the death, disablement or injury of the individual insured.

(c) An individual heretofore or hereafter party to a contract or option for the purchase or sale of an interest in a business partnership or firm, or of shares of stock of a close corporation or of an interest in such shares, has an insurable interest in the life of each individual party to such contract and for the purposes of such contract only, in addition to any insurable interest which may otherwise exist as to the life of such individual.

(d) A guardian, trustee or other fiduciary has an insurable interest in the life of any person for whose benefit the fiduciary holds property, and in the life of any other individual in whose life such person has an insurable interest.

(e) Subject to rules adopted under subsection (4) of this section, upon joint application with a nonprofit organization for, or transfer to a nonprofit organization of, an insurance policy on the life of a person naming the organization as owner and beneficiary, a nonprofit organization’s interest in the life of a person if:

(i) The nonprofit organization was established exclusively for religious, charitable, scientific, literary, or educational purposes, or to promote amateur athletic competition, to conduct testing for public safety, or to prevent cruelty to children or animals; and

(ii) The nonprofit organization:

(A) Has existed for a minimum of five years; or

(B) Has been issued a certificate of exemption to conduct a charitable gift annuity business under RCW 48.38.010, or is authorized to conduct a charitable gift annuity business under RCW 28B.10.485; or

(C) Has been organized, and at all times has been operated, exclusively for benefit of, to perform the functions of, or to carry out the purposes of one or more nonprofit organizations described in (e)(ii)(A) or (B) of this subsection and is operated, supervised, or controlled by or in connection with one or more such nonprofit organizations; and

(iii) For a joint application, the person is not an employee, officer, or director of the organization who receives significant compensation from the organization and who became affiliated with the organization in that capacity less than one year before the joint application.

(4) The commissioner may adopt rules governing joint applications for, and transfers of, life insurance under subsection (3)(e) of this section. The rules may include:

(a) Standards for full and fair disclosure that set forth the manner, content, and required disclosure for the sale of life insurance issued under subsection (3)(e) of this section; and

(b) For joint applications, a grace period of thirty days during which the insured person may direct the nonprofit organization to return the policy and the insurer to refund any premium paid to the party that, directly or indirectly, paid the premium; and

(5) Nothing in this section permits the personal representative of the insured’s estate to recover the proceeds of a policy on the life of a deceased insured person that was applied for jointly by, or transferred to, an organization covered by subsection (3)(e) of this section, where the organization was named owner and beneficiary of the policy.

This subsection applies to all life insurance policies applied for by, or transferred to, an organization covered by subsection (3)(e) of this section, regardless of the time of application or transfer and regardless of whether the organization would have been covered at the time of application or transfer. [1992 c 51 § 1; 1973 1st ex.s. c 89 § 3; 1947 c 79 § .18.03; Rem. Supp. 1947 § 45.18.03.]

Use of trust funds by fiduciaries for life insurance: RCW 11.110.120.

48.18.040 Insurable interest—Property insurances. (1) No contract of insurance on property or of any interest
within or arising therefrom shall be enforceable except for the benefit of persons having an insurable interest in the things insured.

(2) "Insurable interest" as used in this section means any lawful and substantial economic interest in the safety or preservation of the subject of the insurance free from loss, destruction, or pecuniary damage. [1947 c 79 § 18.04; Rem. Supp. 1947 § 45.18.04.]

48.18.050 Named insured—Interest insured. When the name of a person intended to be insured is specified in the policy, such insurance can be applied only to his own proper interest. This section shall not apply to life and disability insurances. [1947 c 79 § 18.05; Rem. Supp. 1947 § 45.18.05.]

48.18.060 Application—When required. No life or disability insurance contract upon an individual, except a contract of group life insurance or of group or blanket disability insurance as defined in this code, shall be made or effectuated unless at the time of the making of the contract the individual insured, being of competent legal capacity to contract, in writing applies therefor or consents thereto, except in the following cases:

(1) A spouse may effectuate such insurance upon the other spouse.

(2) Any person having an insurable interest in the life of a minor, or any person upon whom a minor is dependent for support and maintenance, may effectuate insurance upon the life of the minor. [1947 c 79 § 18.06; Rem. Supp. 1947 § 45.18.06.]

48.18.070 Alteration of application. (1) Any application for insurance in writing by the applicant shall be altered solely by the applicant or by his written consent, except that insertions may be made by the insurer for administrative purposes only in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant. Violation of this provision shall be a misdemeanor.

(2) Any insurer issuing an insurance contract upon such an application unlawfully altered by its officer, employee, or agent shall not have available in any action arising out of such contract, any defense which is based upon the fact of such alteration, or as to any item in the application which was so altered. [1947 c 79 § 18.07; Rem. Supp. 1947 § 45.18.07.]

48.18.080 Application as evidence. (1) No application for the issuance of any insurance policy or contract shall be admissible in evidence in any action relative to such policy or contract, unless a true copy of the application was attached to or otherwise made a part of the policy when issued and delivered. This provision shall not apply to policies or contracts of industrial life insurance.

(2) If any policy of life or disability insurance delivered in this state is reinstated or renewed, and the insured or the beneficiary or assignee of the policy makes written request to the insurer for a copy of the application, if any, for such reinstatement or renewal, the insurer shall, within fifteen days after receipt of such request at its home office or at any of its branch offices, deliver or mail to the person making such request, a copy of such application. If such copy is not so delivered or mailed, the insurer shall be precluded from introducing the application as evidence in any action or proceeding based upon or involving the policy or its reinstatement or renewal. [1947 c 79 § 18.08; Rem. Supp. 1947 § 45.18.08.]

48.18.090 Warranties and misrepresentations, effect of. (1) Except as provided in subsection (2) of this section, no oral or written misrepresentation or warranty made in the negotiation of an insurance contract, by the insured or in his behalf, shall be deemed material or defeat or avoid the contract or prevent it attaching, unless the misrepresentation or warranty is made with the intent to deceive.

(2) In any application for life or disability insurance made in writing by the insured, all statements therein made by the insured shall, in the absence of fraud, be deemed representations and not warranties. The falsity of any such statement shall not bar the right to recovery under the contract unless such false statement was made with actual intent to deceive or unless it materially affected either the acceptance of the risk or the hazard assumed by the insurer. [1947 c 79 § 18.09; Rem. Supp. 1947 § 45.18.09.]

48.18.100 Forms of policies—Filing, certification, and approval. (1) No insurance policy form other than surety bond forms, forms exempt under RCW 48.18.103, or application form where written application is required and is to be attached to the policy, or printed life or disability rider or endorsement form shall be issued, delivered, or used unless it has been filed with and approved by the commissioner. This section shall not apply to policies, riders or endorsements of unique character designed for and used with relation to insurance upon a particular subject.

(2) Every such filing containing a certification, in a form approved by the commissioner, by either the chief executive officer of the insurer or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW and Title 284 of the Washington Administrative Code, may be used by such insurer immediately after filing with the commissioner. The commissioner may order an insurer to cease using a certified form upon the grounds set forth in RCW 48.18.110. This subsection shall not apply to certain types of policy forms designated by the commissioner by rule.

(3) Except as provided in RCW 48.18.103, every filing that does not contain a certification pursuant to subsection (2) of this section shall be made not less than thirty days in advance of any such issuance, delivery, or use. At the expiration of such thirty days the form so filed shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. The commissioner may extend by not more than an additional fifteen days the period within which he or she may so affirmatively approve or disapprove any such form, by giving notice of such extension before expiration of the initial thirty-day period. At the expiration of any such period as so extended, and in the absence of such prior affirmative approval or disapproval, any such form shall be deemed approved. The commissioner may withdraw any
such approval at any time for cause. By approval of any such form for immediate use, the commissioner may waive any unexpired portion of such initial thirty-day waiting period.

(4) The commissioner’s order disapproving any such form or withdrawing a previous approval shall state the grounds therefor.

(5) No such form shall knowingly be so issued or delivered as to which the commissioner’s approval does not then exist.

(6) The commissioner may, by order, exempt from the requirements of this section for so long as he or she deems proper, any insurance document or form or type thereof as specified in such order, to which in his or her opinion this section may not practically be applied, or the filing and approval of which are, in his or her opinion, not desirable or necessary for the protection of the public.

(7) Every member or subscriber to a rating organization shall adhere to the form filings made on its behalf by the organization. Deviations from such organization are permitted only when filed with the commissioner in accordance with this chapter. [1997 c 428 § 3; 1989 c 25 § 1; 1982 c 181 § 16; 1947 c 79 § .18.10; Rem. 48.18.103 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition. (1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for forms.

(2) Commercial property casualty policies may be issued prior to filing the forms. All commercial property casualty forms shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a policy form under subsection (3) of this section, the insurer shall amend any previously issued disapproved form by endorsement to comply with the commissioner’s disapproval.

(5) For purposes of this section, “commercial property casualty” means insurance pertaining to a business, profession, or occupation for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof shall be on the commissioner. [1997 c 428 § 1.]

48.18.110 Grounds for disapproval. (1) The commissioner shall disapprove any such form of policy, application, rider, or endorsement, or withdraw any previous approval thereof, only:

(a) If it is in any respect in violation of or does not comply with this code or any applicable order or regulation of the commissioner issued pursuant to the code; or

(b) If it does not comply with any controlling filing theretofore made and approved; or

(c) If it contains or incorporates by reference any inconsistent, ambiguous or misleading clauses, or exceptions and conditions which unreasonably or deceptively affect the risk purported to be assumed in the general coverage of the contract; or

(d) If it has any title, heading, or other indication of its provisions which is misleading; or

(e) If purchase of insurance thereunder is being solicited by deceptive advertising.

(2) In addition to the grounds for disapproval of any such form as provided in subsection (1) of this section, the commissioner may disapprove any form of disability insurance policy, except an individual health benefit plan, if the benefits provided therein are unreasonable in relation to the premium charged. [2000 c 79 § 2; 1985 c 264 § 9; 1982 c 181 § 9; 1947 c 79 § .18.11; Rem. Supp. 1947 § 45.18.11.]

Severability—1982 c 181: See note following RCW 48.03.010.

48.18.120 Standard forms. (1) The commissioner shall, after hearing, from time to time promulgate such rules and regulations as may be necessary to define and effect reasonable uniformity in all basic contracts of fire insurance which are commonly known as the standard form fire policies and may be so referred to in this code, and the usual supplemental coverages, riders, or endorsements thereon or thereto, to the end that such definitions shall be applied in the construction of the various sections of this code wherein such terms are used and that there be a reasonable concurrency of contract where two or more insurers insure the same subject and risk. All such forms heretofore approved by the commissioner and for use as of immediately prior to the effective date of this code, may continue to be so used until the further order of the commissioner made pursuant to this subsection or pursuant to any other provision of this code.

(2) The commissioner may from time to time, after hearing, promulgate such rules and regulations as he deems necessary to establish reasonable minimum standard conditions and terminology for basic benefits to be provided by disability insurance contracts which are subject to chapters 48.20 and 48.21 RCW, for the purpose of expediting his approval of such contracts pursuant to this code. No such
promulgation shall be inconsistent with standard provisions as required pursuant to RCW 48.18.130, nor contain requirements inconsistent with requirements relative to the same benefit provision as formulated or approved by the National Association of Insurance Commissioners. [1957 c 193 § 10; 1947 c 79 § .18.12; Rem. Supp. 1947 § 45.18.12.]

48.18.125 Loss payable and mortgagee clauses for property and automobile physical damage insurances—Requirement to use adopted forms. The commissioner is hereby authorized, and shall within a reasonable time following July 30, 1967, adopt standard forms for loss payable and mortgagee clauses for property and automobile physical damage insurances, pursuant to the procedures set forth in RCW 48.18.120(1). Following the adoption of such forms, no insurer authorized to do business in the state shall use any form other than those so adopted. [1967 ex.s. c 12 § 1.]

48.18.130 Standard provisions. (1) Insurance contracts shall contain such standard provisions as are required by the applicable chapters of this code pertaining to contracts of particular kinds of insurance. The commissioner may waive the required use of a particular standard provision in a particular insurance contract form if
(a) he finds such provision unnecessary for the protection of the insured, and inconsistent with the purposes of the contract, and
(b) the contract is otherwise approved by him.
(2) No insurance contract shall contain any provision inconsistent with or contradictory to any such standard provision used or required to be used, but the commissioner may, except as to the standard provisions of individual disability insurance contracts as required under chapter 48.20 RCW, approve any provision which is in his opinion more favorable to the insured than the standard provision or optional standard provision otherwise required. No endorsement, rider, or other documents attached to such contract shall vary, extend, or in any respect conflict with any such standard provision, or with any modification thereof so approved by the commissioner as more favorable to the insured.
(3) In lieu of the standard provisions required by this code for contracts for particular kinds of insurance, substantially similar standard provisions required by the law of a foreign or alien insurer’s domicile may be used when approved by the commissioner. [1947 c 79 § .18.13; Rem. Supp. 1947 § 45.18.13.]

Effective date—1989 c 25: See note following RCW 48.18.100.

48.18.150 Additional contents. A policy may contain additional provisions, which are not inconsistent with this code, and which are
(1) required to be so inserted by the laws of the insurer’s state of domicile; or
(2) necessary, on account of the manner in which the insurer is constituted or operated, to state the rights and obligations of the parties to the contract. [1947 c 79 § .18.15; Rem. Supp. 1947 § 45.18.15.]

48.18.160 Charter or bylaw provisions. No policy shall contain any provision purporting to make any portion of the charter, bylaws, or other constituent document of the insurer a part of the contract unless such portion is set forth in full in the policy. Any policy provision in violation of this section shall be invalid. [1947 c 79 § .18.16; Rem. Supp. 1947 § 45.18.16.]

48.18.170 "Premium" defined. "Premium" as used in this code means all sums charged, received, or deposited as consideration for an insurance contract or the continuance thereof. Any assessment, or any "membership," "policy," "survey," "inspection," "service" or similar fee or charge made by the insurer in consideration for an insurance contract is deemed part of the premium. [1947 c 79 § .18.17; Rem. Supp. 1947 § 45.18.17.]

48.18.180 Stated premium must include all charges. (1) The premium stated in the policy shall be inclusive of all fees, charges, premiums, or other consideration charged for the insurance or for the procurement thereof.
(2) No insurer or its officer, employee, agent, solicitor, or other representative shall charge or receive any fee,
compensation, or consideration for insurance which is not included in the premium specified in the policy.

(3) Each violation of this section is a gross misdemeanor.

(4) This section does not apply to a fee paid to a broker by an insured as provided in RCW 48.17.270. [1994 c 203 § 2; 1947 c 79 § .18.18; Rem. Supp. 1947 § 45.18.18.]

48.18.190 Policy must contain entire contract. No agreement in conflict with, modifying, or extending any contract of insurance shall be valid unless in writing and made a part of the policy. [1947 c 79 § .18.19; Rem. Supp. 1947 § 45.18.19.]

48.18.200 Limiting actions, jurisdiction. (1) No insurance contract delivered or issued for delivery in this state and covering subjects located, resident, or to be performed in this state, shall contain any condition, stipulation, or agreement

(a) requiring it to be construed according to the laws of any other state or country except as necessary to meet the requirements of the motor vehicle financial responsibility laws of such other state or country; or

(b) depriving the courts of this state of the jurisdiction of action against the insurer; or

(c) limiting right of action against the insurer to a period of less than one year from the time when the cause of action accrues in connection with all insurances other than property and marine and transportation insurances. In contracts of property insurance, or of marine and transportation insurance, such limitation shall not be to a period of less than one year from the date of the loss.

(2) Any such condition, stipulation, or agreement in violation of this section shall be void, but such voiding shall not affect the validity of the other provisions of the contract. [1947 c 79 § .18.20; Rem. Supp. 1947 § 45.18.20.]

48.18.210 Execution of policies. (1) Every insurance contract shall be executed in the name of and on behalf of the insurer by its officer, employee, or representative duly authorized by the insurer.

(2) A facsimile signature of any such executing officer, employee or representative may be used in lieu of an original signature.

(3) No insurance contract heretofore or hereafter issued and which is otherwise valid shall be rendered invalid by reason of the apparent execution thereof on behalf of the insurer by the imprinted facsimile signature of any individual not authorized so to execute as of the date of the policy, if the policy is countersigned with the original signature of an individual then so authorized to countersign. [1947 c 79 § .18.21; Rem. Supp. 1947 § 45.18.21.]

48.18.220 Receipt of premium to bind coverage—Contents of receipt. Where an agent or other representative of an insurer receives premium money at the time that agent or representative purports to bind coverage, the receipt shall state: (a) that it is a binder, (b) a brief description of the coverage bound, and (c) the identity of the insurer in which the coverage is bound. This section does not apply as to life and disability insurances. [1967 ex.s. c 12 § 2.]

48.18.230 Binders—Duration—Premium. (1) A “binder” is used to bind insurance temporarily pending the issuance of the policy. No binder shall be valid beyond the issuance of the policy as to which it was given, or beyond ninety days from its effective date, whichever period is the shorter.

(2) If the policy has not been issued a binder may be extended or renewed beyond such ninety days upon the commissioner’s written approval, or in accordance with such rules and regulations relative thereto as the commissioner may promulgate.

(3) Where the premium used in the binder differs from the actual policy premium by less than ten dollars, the insurer shall not be required to notify the insured and may use the actual policy premium. [1996 c 95 § 1; 1947 c 79 § .18.23; Rem. Supp. 1947 § 45.18.23.]

48.18.240 Binders—Agent’s liability. The commissioner may suspend or revoke the license of any agent issuing or purporting to issue any binder as to any insurer named therein as to which he is not then authorized so to bind. [1947 c 79 § .18.24; Rem. Supp. 1947 § 45.18.24.]

48.18.250 Underwriters’ and combination policies. (1) Two or more authorized insurers may jointly issue, and shall be jointly and severally liable on, an underwriters’ policy bearing their names. Any one insurer may issue policies in the name of an underwriter’s department and such policies shall plainly show the true name of the insurer.

(2) Two or more authorized insurers may, with the commissioner’s approval, issue a combination policy which shall contain provisions substantially as follows:

(a) That the insurers executing the policy shall be severally liable for the full amount of any loss or damage, according to the terms of the policy, or for specified percentages or amounts thereof, aggregating the full amount of insurance under the policy.

(b) That service of process, or of any notice or proof of loss required by such policy, upon any of the insurers executing the policy, shall constitute service upon all such insurers.

(3) This section shall not apply to co-surety obligations. [1947 c 79 § .18.25; Rem. Supp. 1947 § 45.18.25.]

48.18.260 Delivery of policy. (1) Subject to the insurer’s requirements as to payment of premium, every policy shall be delivered to the insured or to the person entitled thereto within a reasonable period of time after its issuance.

(2) In event the original policy is delivered or is so required to be delivered to or for deposit with any vendor, mortgagee, or pledgee of any motor vehicle or aircraft, and in which policy any interest of the vendee, mortgagee, or pledgee in or with reference to such vehicle or aircraft is insured, a duplicate of such policy, or memorandum thereof setting forth the type of coverage, limits of liability, premiums for the respective coverages, and duration of the policy, shall be delivered by the vendor, mortgagee, or pledgee to each such vendee, mortgagee, or pledgor named in the policy or coming within the group of persons designated in the policy to be so included. If the policy does not provide
coverage of legal liability for injury to persons or damage to the property of third parties, a conspicuous statement of such fact shall be printed, written, or stamped on the face of such duplicate policy or memorandum. [1947 c 79 § 18.26; Rem. Supp. 1947 § 45.18.26.]

Vehicle seller must furnish buyer itemized statement of insurance and other charges: RCW 46.70.130.

48.18.290 Renewal of policy. Any insurance policy terminating by its terms at a specified expiration date and not otherwise renewable, may be renewed or extended at the option of the insurer and upon a currently authorized policy form and at the premium rate then required therefor for a specific additional period or periods by a certificate or by endorsement of the policy, and without requiring the issuance of a new policy. [1947 c 79 § 18.28; Rem. Supp. 1947 § 45.18.28.]

48.18.289 Cancellation, nonrenewal, renewal offer—Notice to agent. Whenever a notice of cancellation or nonrenewal or an offer to renew is furnished to an insured in accord with any provision of this chapter, a copy of such notice or offer shall be provided within five working days to the agent on the account or to the broker of record for the insured. When possible, the copy to the agent or broker may be provided electronically. [2000 c 220 § 1; 1988 c 249 § 1; 1987 c 14 § 1.]

Effective date—1988 c 249: "This act shall take effect September 1, 1988." [1988 c 249 § 4.]

48.18.290 Cancellation by insurer. (1) Cancellation by the insurer of any policy which by its terms is cancellable at the option of the insurer, or of any binder based on such policy which does not contain a clearly stated expiration date, may be effected as to any interest only upon compliance with the following:

(a) Written notice of such cancellation, accompanied by the actual reason therefor, must be actually delivered or mailed to the named insured not less than forty-five days prior to the effective date of the cancellation except for cancellation of insurance policies for nonpayment of premiums, which notice shall be not less than ten days prior to such date and except for cancellation of fire insurance policies under chapter 48.53 RCW, which notice shall not be less than five days prior to such date;

(b) Like notice must also be so delivered or mailed to each mortgagee, pledgee, or other person shown by the policy to have an interest in any loss which may occur thereunder. For purposes of this subsection (1)(b), "delivered" includes electronic transmittal, facsimile, or personal delivery.

(2) The mailing of any such notice shall be effected by depositing it in a sealed envelope, directed to the addressee at his or her last address as known to the insurer or as shown by the insurer’s records, with proper prepaid postage affixed, in a letter depository of the United States post office. The insurer shall retain in its records any such item so mailed, together with its envelope, which was returned by the post office upon failure to find, or deliver the mailing to, the addressee.

(3) The affidavit of the individual making or supervising such a mailing, shall constitute prima facie evidence of such facts of the mailing as are therein affirmed.

(4) The portion of any premium paid to the insurer on account of the policy, unearned because of the cancellation and in amount as computed on the pro rata basis, must be actually paid to the insured or other person entitled thereto as shown by the policy or by any endorsement thereon, or be mailed to the insured or such person as soon as possible, and no later than forty-five days after the date of notice of cancellation to the insured for homeowners’, dwelling fire, and private passenger auto. Any such payment may be made by cash, or by check, bank draft, or money order.

(5) This section shall not apply to contracts of life or disability insurance without provision for cancellation prior to the date to which premiums have been paid, or to contracts of insurance procured under the provisions of chapter 48.15 RCW. [1997 c 85 § 1; 1988 c 249 § 2; 1986 c 287 § 1; 1985 c 264 § 17; 1982 c 110 § 7; 1980 c 102 § 7; 1979 ex.s. c 199 § 5; 1975–76 2nd ex.s. c 119 § 2; 1947 c 79 § 18.29; Rem. Supp. 1947 § 45.18.29.]

Effective date—1988 c 249: "See note following RCW 48.18.289. Application—1985 c 264 §§ 17-22: "Sections 17 through 22 of this act apply to all new or renewal policies issued or renewed after May 10, 1985. Sections 17 through 22 of this act shall not apply to or affect the validity of any notice of cancellation mailed or delivered prior to May 10, 1985. Sections 17 through 22 of this act shall not be construed to affect cancellation of a renewal policy, if notice of cancellation is mailed or delivered within forty-five days after May 10, 1985. Sections 17 through 22 of this act shall not be construed to require notice, other than that already required, of intention not to renew any policy which expires less than forty-five days after May 10, 1985." [1985 c 264 § 24.]

48.18.2901 Renewal required—Exceptions. (1) Each insurer shall be required to renew any contract of insurance subject to RCW 48.18.290 unless one of the following situations exists:

(a) The insurer gives the named insured at least forty-five days’ notice in writing as provided for in RCW 48.18.290, that it proposes to refuse to renew the insurance contract upon its expiration date; and sets forth in that writing the actual reason for refusing to renew;

(b) At least twenty days prior to its expiration date, the insurer has communicated, either directly or through its agent, its willingness to renew in writing to the named insured and has included in that writing a statement of the amount of the premium or portion thereof required to be paid by the insured to renew the policy, and the insured fails to discharge when due his or her obligation in connection with the payment of such premium or portion thereof;

(c) The insurer has procured equivalent coverage prior to the expiration of the policy period;

(d) The contract is evidenced by a written binder containing a clearly stated expiration date which has expired according to its terms; or

(e) The contract clearly states that it is not renewable, and is for a specific line, subclassification, or type of coverage that is not offered on a renewable basis. This subsection (1)(e) does not restrict the authority of the insurance commissioner under this code.

(2) Any insurer failing to include in the notice required by subsection (1)(b) of this section the amount of any increased premium resulting from a change of rates and an
explanation of any change in the contract provisions shall renew the policy if so required by that subsection according to the rates and contract provisions applicable to the expiring policy. However, renewal based on the rates and contract provisions applicable to the expiring policy shall not prevent the insurer from making changes in the rates and/or contract provisions of the policy once during the term of its renewal after at least twenty days’ advance notice of such change has been given to the named insured.

(3) Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal, or with respect to cancellation of fire policies under chapter 48.53 RCW.

(4) "Renewal" or "to renew" means the issuance and delivery by an insurer of a contract of insurance replacing at the end of the contract period a contract of insurance previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a contract beyond its policy period or term. However, (a) any contract of insurance with a policy period or term of six months or less or whether or not made continuous for successive terms upon the payment of additional premiums shall for the purpose of RCW 48.18.290 and 48.18.293 through 48.18.295 be considered as if written for a policy period or term of six months; and (b) any policy written for a term longer than one year or any policy with no fixed expiration date, shall, for the purpose of RCW 48.18.290 and 48.18.293 through 48.18.295, be considered as if written for successive policy periods or terms of one year.

(5) A midterm blanket reduction in rate, approved by the commissioner, for medical malpractice insurance shall not be considered a renewal for purposes of this section.

Effective date—1988 c 249: See note following RCW 48.18.289.

48.18.291 Cancellation of private automobile insurance by insurer—Notice—Requirements. (1) No contract of insurance predicated wholly or in part upon the use of a private passenger automobile shall be terminated by cancellation by the insurer until at least twenty days after mailing written notice of cancellation to the named insured at the latest address filed with the insurer by or on behalf of the named insured, accompanied by the reason therefor: PROVIDED, That where cancellation is for nonpayment of premium, or is within the first thirty days after the contract has been in effect, at least ten days notice of cancellation, accompanied by the reason therefor, shall be given: PROVIDED HOWEVER, That in case of a contract evidenced by a written binder which has been delivered to the insured, if such binder contains a clearly stated expiration date, no additional notice of cancellation or nonrenewal shall be required.

(2) (a) No notice of cancellation by the insurer as to a contract of insurance to which subsection (1) applies shall be valid if sent more than sixty days after the contract has been in effect unless:

(i) The named insured fails to discharge when due any of his or her obligations in connection with the payment of premium for the policy or any installment thereof, whether payable directly to the insurer or to its agent or indirectly under any premium finance plan or extension of credit.

(ii) The driver’s license of the named insured, or of any other operator who customarily operates an automobile insured under the policy, has been under suspension or revocation during the policy period or, if the policy is a renewal, during its policy period or the one hundred eighty days immediately preceding the effective date of the renewal policy.

(b) Modification by the insurer of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars shall not be deemed a cancellation of the coverage or of the policy.

(3) The substance of subsections (1) and (2)(a) of this section must be set forth in each contract of insurance subject to the provisions of subsection (1) above, and may be in the form of an attached endorsement.

(4) No notice of cancellation of a policy which can be canceled only pursuant to subsection (2) shall be effective unless the reason therefor accompanies or is included in the notice of cancellation.

Constitution—1969 ex.s. c 241: "Sections 19 through 25 of this 1969 amendatory act shall become operative September 1, 1969, and shall apply to policies written or renewed, or which have a renewal anniversary thereafter. Sections 19 through 25 of this 1969 amendatory act shall not apply to or affect the validity of any notice of cancellation mailed or delivered prior to the operative date of this amendatory act. Sections 19 through 25 of this 1969 amendatory act shall not be construed to affect cancellation of a renewal policy, if notice of cancellation is mailed or delivered within sixty days after the operative date of sections 19 through 25 of this amendatory act. Sections 19 through 25 of this 1969 amendatory act shall not be construed to require notice of intention not to renew any policy which expires less than thirty days after the operative date of sections 19 through 25 of this 1969 amendatory act.” [1969 ex.s. c 241 § 25.]

48.18.292 Refusal to renew private automobile insurance by insurer—Change in amount of premium or deductibles. (1) Each insurer shall be required to renew any contract of insurance subject to RCW 48.18.291 unless one of the following situations exists:

(a) The insurer gives the named insured at least twenty days’ notice in writing as provided for in RCW 48.18.291(1), that it proposes to refuse to renew the insurance contract upon its expiration date; and sets forth therein the actual reason for refusing to renew; or

(b) At least twenty days prior to its expiration date, the insurer has communicated its willingness to renew in writing to the named insured, and has included therein a statement of the amount of the premium or portion thereof required to be paid by the insured to renew the policy, including the amount by which the premium or deductibles have changed from the previous policy period, and the date by which such payment must be made, and the insured fails to discharge when due his obligation in connection with the payment of such premium or portion thereof; or

(c) The insured’s agent or broker has procured other coverage acceptable to the insured prior to the expiration of the policy period.
(2) Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(3) "Renewal" or "to renew" means the issuance and delivery by an insurer of a contract of insurance replacing at the end of the contract period a contract of insurance previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a contract beyond its policy period or term: PROVIDED, HOWEVER, That any contract of insurance with a policy period or term of six months or less whether or not made continuous for successive terms upon the payment of additional premiums shall for the purpose of RCW 48.18.291 through 48.18.297 be considered as if written for a policy period or term of six months: PROVIDED, FURTHER, That any policy written for a term longer than one year or any policy with no fixed expiration date, shall, for the purpose of RCW 48.18.291 through 48.18.297, be considered as if written for successive policy periods or terms of one year.

(4) On and after January 1, 1980, no policy of insurance subject to RCW 48.18.291 shall be issued for a policy period or term of less than six months.

(5) No insurer shall refuse to renew the liability and/or collision coverage of an automobile insurance policy on the basis that an insured covered by the policy of the insurer has submitted one or more claims under the comprehensive, road service, or towing coverage of the policy. Nothing in this subsection shall prohibit the nonrenewal of comprehensive, road service, or towing coverage on the basis of one or more claims submitted by an insured. [1985 c 264 § 19; 1981 c 339 § 17; 1979 ex.s. c 199 § 7; 1973 1st ex.s. c 152 § 3; 1969 ex.s. c 241 § 20.]

48.18.293 Nonliability of commissioner, agents, insurer for information giving reasons for cancellation or refusal to renew—Proof of mailing of notice. (1) There shall be no liability on the part of, and no cause of action of any nature shall arise against, the insurance commissioner, his agents, or members of his staff, or against any insurer, its authorized representative, its agents, its employees, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or refusal to renew, for any statement made by any of them in any written notice of cancellation or refusal to renew, or in any other communications, oral or written, specifying the reasons for cancellation or refusal to renew or the providing of information pertaining thereto, or for statements made or evidence submitted in any hearing conducted in connection therewith.

(2) Proof of mailing of notice of cancellation or refusal to renew or of reasons for cancellation, to the named insured, at the latest address filed with the insurer by or on behalf of the named insured shall be sufficient proof of notice. [1969 ex.s. c 241 § 21.]

(1) Such cancellation or nonrenewal is ordered by the commissioner under a statutory delinquency proceeding commenced under the provisions of chapter 48.31 RCW, or

(2) Permission for such cancellation or nonrenewal has been given by the commissioner on a showing that the continuation of such coverage can reasonably be expected to create a condition in the company hazardous to its policyholder, or to its creditors, or to its members, subscribers, or stockholders, or to the public. [1985 c 264 § 21; 1969 ex.s. c 241 § 22; 1967 ex.s. c 95 § 2.]

Severability—1967 ex.s. c 95: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons and circumstances is not affected." [1967 ex.s. c 95 § 16.]

48.18.296 Contracts to which RCW 48.18.291 through 48.18.297 inapplicable. The provisions of RCW 48.18.291 through 48.18.297 shall not apply to:

48.18.298 Disability insurance—Refusal to renew by insurer. No insurer shall refuse to renew any policy of individual disability insurance issued after July 1, 1973 because of a change in the physical or mental condition or health of any person covered thereunder: PROVIDED, That after approval of the insurance commissioner, an insurer may discharge its obligation to renew the contract by obtaining for the insured coverage with another insurer which is com-
parable in terms of premiums and benefits. [1973 1st ex.s. c 188 § 1.]

Severability—1973 1st ex.s. c 188: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1973 1st ex.s. c 188 § 5.]

48.18.299 Disability insurance—Cancellation by insurer. No contract of insurance enumerated in RCW 48.18.298 shall be terminated by cancellation by the insurer during the period of contract except for nonpayment of premium. This section shall not be deemed to affect the right of the insurer to rescind the policy as limited and defined in RCW 48.18.090. [1973 1st ex.s. c 188 § 2.]

Severability—1973 1st ex.s. c 188: See note following RCW 48.18.298.

48.18.300 Cancellation by insured. (1) Cancellation by the insured of any policy which by its terms is cancellable at the insured’s option or of any binder based on such policy may be effected by written notice thereof to the insurer or surrender of the policy or binder for cancellation to or on the effective date of such cancellation. In the event the policy or binder has been lost or destroyed and cannot be so surrendered, the insurer may in lieu of such surrender accept and in good faith rely upon the insured’s written statement setting forth the fact of such loss or destruction.

(2) As soon as possible, and no later than thirty days after the receipt of the notice of cancellation from the policyholder for homeowners’, dwelling fire, and private passenger auto insurance, the insurer shall pay to the insured or to the person entitled thereto as shown by the insurer’s records, any unearned portion of any premium paid on the policy as computed on the customary short rate or as otherwise specified in the policy: PROVIDED, That the refund of any unearned portion of any premium paid on a contract of dwelling fire insurance, homeowners’ insurance, or insurance predicated upon the use of a private passenger automobile (as defined in RCW 48.18.297 and excluding contracts of insurance and policies enumerated in RCW 48.18.296) shall be computed on a pro rata basis and the insurer shall refund not less than ninety percent of any unearned portion not exceeding one hundred dollars, plus ninety-five percent of any unearned portion over one hundred dollars but not exceeding five hundred dollars, and not less than ninety-seven percent of the amount of any unearned portion in excess of five hundred dollars. If the amount of any refund is less than two dollars, no refund need be made. If no premium has been paid on the policy, the insured shall be liable to the insurer for premium for the period during which the policy was in force.

(3) The surrender of a policy to the insurer for any cause by any person named therein as having an interest insured thereunder shall create a presumption that such surrender is concurred in by all persons so named.

(4) This section shall not apply to life insurance policies or to annuity contracts. [1980 c 102 § 8; 1979 ex.s. c 199 § 8; 1955 c 303 § 16; 1947 c 79 § .18.30; Rem. Supp. 1947 § 45.18.30.]

48.18.310 Cancellation by commissioner. The commissioner may order the immediate cancellation of any policy the procuring or effectuation of which was accomplished through or accompanied by a violation of this code, except in cases where the policy by its terms is not cancellable by the insurer and the insured did not knowingly participate in any such violation. [1947 c 79 § .18.31; Rem. Supp. 1947 § 45.18.31.]

48.18.320 Annulment of liability policies. No insurance contract insuring against loss or damage through legal liability for the bodily injury or death by accident of any individual, or for damage to the property of any person, shall be retroactively annulled by any agreement between the insurer and insured after the occurrence of any such injury, death, or damage for which the insured may be liable, and any such annulment attempted shall be void. [1947 c 79 § .18.32; Rem. Supp. 1947 § 45.18.32.]

(1) Every insurer issuing participating policies, shall pay dividends, unused premium refunds or savings distributed on account of any such policy, only to the real party in interest entitled thereto as shown by the insurer’s records, or to any person to whom the right thereto has been assigned in writing of record with the insurer, or given in the policy by such real party in interest.

(2) Any person who is shown by the insurer’s records to have paid for his own account, or to have been ultimately charged for, the premium for insurance provided by a policy in which another person is the nominal insured, shall be deemed such real party in interest proportionate to premium so paid or so charged. This subsection shall not apply as to any such dividend, refund, or distribution which would amount to less than one dollar.

(3) This section shall not apply to contracts of group life insurance, group annuities, or group disability insurance. [1947 c 79 § .18.34; Rem. Supp. 1947 § 45.18.34.]

48.18.350 Breach of warranty prior to loss—Effect. If any breach of a warranty or condition in any insurance contract occurs prior to a loss under the contract, such breach shall not avoid the contract nor avail the insurer to avoid liability, unless the breach exists at the time of the loss. [1947 c 79 § .18.35; Rem. Supp. 1947 § 45.18.35.]

48.18.360 Assignment of policies—Life and disability. Subject to the terms of the policy relating to its assignment, life insurance policies, other than industrial or group life insurance policies, and disability policies providing benefits for accidental death, whether such policies were heretofore or are hereafter issued, and under the terms of which the beneficiary may be changed upon the sole request of the insured, may be assigned either by pledge or transfer of title, by an assignment executed by the insured alone and delivered to the insurer, whether or not the pledgee or assignee is the insurer. Industrial life insurance policies may be made assignable only to a bank or trust company. Any such assignment shall entitle the insurer to deal with the assignee as the owner or pledgee of the policy in accordance with the terms of the assignment, until the insurer has
received at its home office written notice of termination of the assignment or pledge, or written notice by or on behalf of some other person claiming some interest in the policy in conflict with the assignment. [1947 c 79 § .18.36; Rem. Supp. 1947 § 45.18.36.]

48.18.370 Payment discharges insurer—Life and disability. Whenever the proceeds of, or payments under a life or disability insurance policy, heretofore or hereafter issued, become payable and the insurer makes payment thereof in accordance with the terms of the policy, or in accordance with any written assignment thereof pursuant to RCW 48.18.360, the person then designated in the policy or by such assignment as being entitled thereto, shall be entitled to receive such proceeds or payments and to give full acquittance therefor, and such payment shall fully discharge the insurer from all claims under the policy unless, before acquittance therefor, and such payment shall fully discharge the insurer from all claims under the policy unless, before payment is made, the insurer has received at its home office, written notice by or on behalf of some other person that such other person claims to be entitled to such payment or some interest in the policy. [1947 c 79 § .18.37; Rem. Supp. 1947 § 45.18.37.]

48.18.375 Assignment of interests under group insurance policy. A person whose life is insured under a group insurance policy may, subject and pursuant to the terms of the policy, or pursuant to an arrangement between the insured, the group policyholder and the insurer, assign to any or all his spouse, children, parents, or a trust for the benefit of any or all of them, all or any part of his incidents of ownership, rights, title, and interests, both present and future, under such policy including specifically, but not by way of limitation, the right to designate a beneficiary or beneficiaries thereunder and the right to have an individual policy issued to him in case of termination of employment or of said group insurance policy. Such an assignment by the insured, made either before or after July 16, 1973, is valid for the purpose of vesting in the assignee, in accordance with any provisions included therein as to the time at which it is to be effective, all of such incidents of ownership, rights, title, and interests so assigned, but without prejudice to the insurer on account of any payment it may make or individual policy it may issue prior to receipt of notice of the assignment. This section acknowledges, declares, and codifies the existing right of assignment of interests under group insurance policies. [1973 1st ex.s. c 163 § 3.]

48.18.390 Simultaneous deaths—Payment of proceeds—Life insurance. Where the individual insured and the beneficiary designated in a life insurance policy or policy insuring against accidental death have died and there is not sufficient evidence that they have died otherwise than simultaneously, the proceeds of the policy shall be distribut- ed as if the insured had survived the beneficiary, unless otherwise expressly provided in the policy. [1947 c 79 § .18.39; Rem. Supp. 1947 § 45.18.39.]

Distribution of proceeds of insurance policy when insured and beneficiary die simultaneously: RCW 11.05.040.

48.18.400 Exemption of proceeds—Disability. The proceeds or avails of all contracts of disability insurance and of provisions providing benefits on account of the insured’s disability which are supplemental to life insurance or annuity contracts heretofore or hereafter effected shall be exempt from all liability for any debt of the insured, and from any debt of the beneficiary existing at the time the proceeds are made available for his use. [1947 c 79 § .18.40; Rem. Supp. 1947 § 45.18.40.]

48.18.410 Exemption of proceeds—Life. (1) The lawful beneficiary, assignee, or payee of a life insurance policy, other than an annuity, heretofore or hereafter effected by any person on his own life, or on the life of another, in favor of a person other than himself, shall be entitled to the proceeds and avails of the policy against the creditors and representatives of the insured and of the person effecting the insurance, and such proceeds and avails shall also be exempt from all liability for any debt of such beneficiary, existing at the time the proceeds or avails are made available for his own use.

(2) The provisions of subsection (1) of this section shall apply
(a) whether or not the right to change the beneficiary is reserved or permitted in the policy; or
(b) whether or not the policy is made payable to the person whose life is insured or to his estate if the beneficiary, assignee or payee shall predecease such person; except, that this subsection shall not be construed so as to defeat any policy provision which provides for disposition of proceeds in the event the beneficiary shall predecease the insured.

(3) The exemptions provided by subsection (1) of this section, subject to the statute of limitations, shall not apply
(a) to any claim to or interest in such proceeds or avails by or on behalf of the insured, or the person so effecting the insurance, or their administrators or executors, in whatever capacity such claim is made or such interest is asserted; or
(b) to any claim to or interest in such proceeds or avails by or on behalf of any person to whom rights thereto have been transferred with intent to defraud creditors; but an insurer shall be liable to all such creditors only as to amounts aggregating not to exceed the amount of such proceeds or avails remaining in the insurer’s possession at the time the insurer receives at its home office written notice by or on behalf of such creditors, of claims to recover for such transfer, with specification of the amounts claimed; or
(c) to so much of such proceeds or avails as equals the amount of any premiums or portion thereof paid for the insurance with intent to defraud creditors, with interest thereon, and if prior to the payment of such proceeds or avails the insurer has received at its home office written notice by or on behalf of the creditor, of a claim to recover for premiums paid with intent to defraud creditors, with specification of the amount claimed.

(4) For the purposes of subsection (1) of this section a policy shall also be deemed to be payable to a person other than the insured if and to the extent that a facility-of-payment clause or similar clause in the policy permits the insurer to discharge its obligation after the death of the individual insured by paying the death benefits to a person as permitted by such clause.

[Title 48 RCW—page 96]
48.18.420 Exemption of proceeds—Group life. (1) A policy of group life insurance or the proceeds thereof payable to the individual insured or to the beneficiary thereunder, shall not be liable, either before or after payment, to be applied to any legal or equitable process to pay any liability of any person having a right under the policy. The proceeds thereof, when not made payable to a named beneficiary or to a third person pursuant to a facility-of-payment clause, shall not constitute a part of the estate of the individual insured for the payment of his debts.

(2) This section shall not apply to group life insurance policies issued under RCW 48.24.040 (debtor groups) to the extent that such proceeds are applied to payment of the obligation for the purpose of which the insurance was so issued. [1947 c 79 § .18.42; Rem. Supp. 1947 § 45.18.42.]

48.18.430 Exemption of proceeds, commutation—Annuities. (1) The benefits, rights, privileges and options which under any annuity contract heretofore or hereafter issued are due or prospectively due the annuitant who paid the consideration for the annuity contract, shall not be subject to execution nor shall the annuitant be compelled to exercise any such rights, powers or options, nor shall creditors be allowed to interfere with or terminate the contract, except:

(a) As to amounts paid for or as premium on any such annuity with intent to defraud creditors, with interest thereon, and of which the creditor has given the insurer written notice at its home office prior to the making of the payments to the annuitant out of which the creditor seeks to recover. Any such notice shall specify the amount claimed or such facts as will enable the insurer to ascertain such amount, and shall set forth such facts as will enable the insurer to ascertain the insurance or annuity contract, the person insured or annuitant and the payments sought to be avoided on the ground of fraud.

(b) The total exemption of benefits presently due and payable to any annuitant periodically or at stated times under all annuity contracts under which he is an annuitant, shall not at any time exceed two hundred and fifty dollars per month for the length of time represented by such installments, and that such periodic payment in excess of two hundred and fifty dollars per month shall be subject to garnishee execution to the same extent as are wages and salaries.

(c) If the total benefits presently due and payable to any annuitant under all annuity contracts under which he is an annuitant, shall at any time exceed payment at the rate of two hundred and fifty dollars per month, then the court may order such annuitant to pay to a judgment creditor or apply on the judgment, in installments, such portion of such excess benefits as to the court may appear just and proper, after due regard for the reasonable requirements of the judgment debtor and his family, if dependent upon him, as well as any payments required to be made by the annuitant to other creditors under prior court orders.

(2) The benefits, rights, privileges or options accruing under such contract to a beneficiary or assignee shall not be transferable nor subject to commutation, and if the benefits are payable periodically or at stated times, the same exemptions and exceptions contained herein for the annuitant, shall apply with respect to such beneficiary or assignee.

(3) An annuity contract within the meaning of this section shall be any obligation to pay certain sums at stated times, during life or lives, or for a specified term or terms, issued for a valuable consideration, regardless of whether or not such sums are payable to one or more persons, jointly or otherwise, but does not include payments under life insurance contracts at stated times during life or lives, or for a specified term or terms. [1949 c 190 § 25; 1947 c 79 § .18.43; Rem. Supp. 1949 § 45.18.43.]

48.18.440 Spouse's rights in life insurance policy. (1) Every life insurance policy heretofore or hereafter made payable to or for the benefit of the spouse of the insured, and every life insurance policy heretofore or hereafter assigned, transferred, or in any way made payable to a spouse or to a trustee for the benefit of a spouse, regardless of how such assignment or transfer is procured, shall, unless contrary to the terms of the policy, inure to the separate use and benefit of such spouse: PROVIDED, That the beneficial interest of a spouse in a policy upon the life of a child of the spouses, however such interest is created, shall be deemed to be a community interest and not a separate interest, unless expressly otherwise provided by the policy.

(2) In any life insurance policy heretofore or hereafter issued upon the life of a spouse the designation heretofore or hereafter made by such spouse of a beneficiary in accordance with the terms of the policy, shall create a presumption that such beneficiary was so designated with the consent of the other spouse, but only as to any beneficiary who is the child, parent, brother, or sister of either of the spouses. The insurer may in good faith rely upon the representations made by the insured as to the relationship to him of any such beneficiary. [1947 c 79 § .18.44; Rem. Supp. 1947 § 45.18.44.]

48.18.450 Life insurance payable to trustee named as beneficiary in the policy. Life insurance may be made payable to a trustee to be named as beneficiary in the policy and the proceeds of such insurance paid to such trustee shall be held and disposed of by the trustee as provided in a trust agreement or declaration of trust made by the insured during his lifetime. It shall not be necessary to the validity of any such trust agreement or declaration of trust that it have a trust corpus other than the right of the trustee to receive such insurance proceeds as beneficiary, and any such trustee may also receive assets, other than insurance proceeds, by testamentary disposition and administer them according to the terms of the trust agreement or declaration of trust as they exist at the death of the testator. [1963 c 227 § 1.]

48.18.452 Life insurance designating as beneficiary a trustee named by will. A policy of life insurance may designate as beneficiary a trustee or trustees named or to be named by will, if the designation is made in accordance with the provisions of the policy and the requirements of the
insurance company. Immediately after the proving of the will the proceeds of such insurance shall be paid to the trustee or trustees named therein to be held and disposed of under the terms of the will as they exist at the death of the testator, but if no qualified trustee makes claim to the proceeds from the insurance company within one year after the death of the insured, or if satisfactory evidence is furnished the insurance company within such one-year period showing that no trustee can qualify to receive the proceeds, payment shall be made by the insurance company to those thereafter entitled. The proceeds of the insurance as collected by the trustee or trustees shall not be subject to debts of the insured and inheritance tax to any greater extent than if such proceeds were payable to any other named beneficiary other than the estate of the insured. Enactment of this section shall not invalidate previous life insurance policy beneficiary designations naming trustees of trusts established by will. [1963 c 227 § 2.]

48.18.460 Proof of loss—Furnishing forms—May require oath. An insurer shall furnish, upon request of any person claiming to have a loss under any insurance contract, forms or proofs of loss for completion by such person. But such insurer shall not, by reason of the request so to furnish forms, have any responsibility for or with reference to the completion of such proof or the manner of any such completion or attempted completion. If a person makes a claim under a policy of insurance, the insurer may require that the person be examined under an oath administered by a person authorized by state or federal law to administer oaths. [1995 c 285 § 17; 1949 c 190 § 26; 1947 c 79 § .18.46; Rem. Supp. 1949 § 45.18.46.]

48.18.470 Claims administration—Not waiver. None of the following acts by or on behalf of an insurer shall be deemed to constitute a waiver of any provision of a policy or of any defense of the insurer thereunder:

(a) Acknowledgment of the receipt of notice of loss or of claim under the policy.

(b) Furnishing forms for reporting a loss or claim, for giving information relative thereto, or for making proof of loss, or receiving or acknowledging receipt of any such forms or proofs completed or uncompleted.

(c) Investigating any loss or claim under any policy or engaging in negotiations looking toward a possible settlement of any such loss or claim. [1947 c 79 § .18.47; Rem. Supp. 1947 § 45.18.47.]

48.18.480 Discrimination prohibited. No insurer shall make or permit any unfair discrimination between insureds or subjects of insurance having substantially like insuring, risk, and exposure factors, and expense elements, in the terms or conditions of any insurance contract, or in the rate or amount of premium charged therefor, or in the benefits payable or in any other rights or privileges accruing thereunder. This provision shall not prohibit fair discrimination by a life insurer as between individuals having unequal expectation of life. [1957 c 193 § 12; 1947 c 79 § .18.48; Rem. Supp. 1947 § 45.18.480.]

48.18.510 Validity of noncomplying forms. Any insurance policy, rider, or endorsement hereafter issued and otherwise valid, which contains any condition or provision not in compliance with the requirements of this code, shall not be rendered invalid thereby, but shall be construed and applied in accordance with such conditions and provisions as would have applied had such policy, rider, or endorsement been in full compliance with this code. [1947 c 79 § .18.51; Rem. Supp. 1947 § 45.18.51.]

48.18.520 Construction of policies. Every insurance contract shall be construed according to the entirety of its terms and conditions as set forth in the policy, and as amplified, extended, or modified by any rider, endorsement, or application attached to and made a part of the policy. [1947 c 79 § .18.52; Rem. Supp. 1947 § 45.18.52.]

48.18.540 Cancellations, denials, refusals to renew—Written notification. Every insurer upon canceling, denying, or refusing to renew any disability policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer and to any person covered under a group contract. Any benefits, terms, rates, or conditions of such a contract that are restricted, excluded, modified, increased, or reduced shall, upon written request, be set forth in writing and supplied to the insured and to any person covered under a group contract. The written communications required by this section shall be phrased in simple language that is readily understandable to a person of average intelligence, education, and reading ability. [1993 c 492 § 281.]

48.18.545 Underwriting restrictions that apply to personal insurance—Credit history or insurance score—Rules. (1) For the purposes of this section:

(a) "Adverse action" has the same meaning as defined in the fair credit reporting act, 15 U.S.C. Sec. 1681 et seq. Adverse actions include, but are not limited to:

(i) Cancellation, denial, or nonrenewal of personal insurance coverage;

(ii) Charging a higher insurance premium for personal insurance than would have been offered if the credit history or insurance score had been more favorable, whether the charge is by:

(A) Application of a rating rule;

(B) Assignment to a rating tier that does not have the lowest available rates; or

(C) Placement with an affiliate company that does not offer the lowest rates available to the consumer within the affiliate group of insurance companies; or

(iii) Any reduction, adverse, or unfavorable change in the terms of coverage or amount of any personal insurance due to a consumer’s credit history or insurance score. A reduction, adverse, or unfavorable change in the terms of coverage occurs when:

---

[Title 48 RCW—page 98] (2002 Ed.)
(A) Coverage provided to the consumer is not as broad in scope as coverage requested by the consumer but available to other insureds of the insurer or any affiliate; or
(B) The consumer is not eligible for benefits such as dividends that are available through affiliate insurers.

"Affiliate" has the same meaning as defined in RCW 48.31B.005(1).

"Consumer" means an individual policyholder or applicant for insurance.

"Consumer report" has the same meaning as defined in the fair credit reporting act, 15 U.S.C. Sec. 1681 et seq.

"Credit history" means any written, oral, or other communication of any information by a consumer reporting agency bearing on a consumer's creditworthiness, credit standing, or credit capacity that is used or expected to be used, or collected in whole or in part, for the purpose of serving as a factor in determining personal insurance premiums or eligibility for coverage.

"Insurance score" means a number or rating that is derived from an algorithm, computer application, model, or other process that is based in whole or in part on credit history.

"Personal insurance" means:

(i) Private passenger automobile coverage;
(ii) Homeowner's coverage, including mobile homeowners, manufactured homeowners, condominium owners, and renter's coverage;
(iii) Dwelling property coverage;
(iv) Earthquake coverage for a residence or personal property;
(v) Personal liability and theft coverage;
(vi) Personal inland marine coverage; and
(vii) Mechanical breakdown coverage for personal auto or home appliances.

"Tier" means a category within a single insurer into which insureds with substantially like insuring, risk or exposure factors, and expense elements are placed for purposes of determining rate or premium.

(2) An insurer that takes adverse action against a consumer based in whole or in part on credit history or insurance score shall provide written notice to the applicant or named insured. The notice must state the significant factors of the credit history or insurance score that resulted in the adverse action. The insurer shall also inform the consumer that the consumer is entitled to a free copy of their consumer report under the fair credit reporting act.

(3) An insurer shall not cancel or nonrenew personal insurance based in whole or in part on a consumer's credit history or insurance score. An offer of placement with an affiliate insurer does not constitute cancellation or nonrenewal under this section.

(4) An insurer may use credit history to deny personal insurance only in combination with other substantive underwriting factors. For the purposes of this subsection:

(a) "Deny" means an insurer refuses to offer insurance coverage to a consumer;
(b) An offer of placement with an affiliate insurer does not constitute denial of coverage; and
(c) An insurer may reject an application when coverage is not bound or cancel an insurance contract within the first sixty days after the effective date of the contract.

(5) Insurers shall not deny personal insurance coverage based on:

(a) The absence of credit history or the inability to determine the consumer's credit history, if the insurer has received accurate and complete information from the consumer;
(b) The number of credit inquiries;
(c) Credit history or an insurance score based on collection accounts identified with a medical industry code;
(d) The initial purchase or finance of a vehicle or house that adds a new loan to the consumer's existing credit history, if evident from the consumer report; however, an insurer may consider the bill payment history of any loan, the total number of loans, or both;
(e) The consumer's use of a particular type of credit card, charge card, or debit card; or
(f) The consumer's total available line of credit; however, an insurer may consider the total amount of outstanding debt in relation to the total available line of credit.

(6)(a) If disputed credit history is used to determine eligibility for coverage and a consumer is placed with an affiliate that charges higher premiums or offers less favorable policy terms:

(i) The insurer shall reissue or rerate the policy retroactive to the effective date of the current policy term; and
(ii) The policy, as reissued or rerated, shall provide premiums and policy terms the consumer would have been eligible for if accurate credit history had been used to determine eligibility.

(b) This subsection only applies if the consumer resolves the dispute under the process set forth in the fair credit reporting act and notifies the insurer in writing that the dispute has been resolved.

(7) The commissioner may adopt rules to implement this section.

(8) This section applies to all personal insurance policies issued or renewed after January 1, 2003. [2002 c 360 § 1.]

Captions not law—2002 c 360: "Captions used in this act are not part of the law." [2002 c 360 § 3.]

48.18.550 Victims of domestic abuse—Prohibition on certain cancellations, denials, refusals to renew, and different rates—Domestic abuse defined. (1) No insurer shall deny or refuse to accept an application for insurance, refuse to insure, refuse to renew, cancel, restrict, or otherwise terminate a policy of insurance, or charge a different rate for the same coverage, on the basis that the applicant or insured person is, has been, or may be a victim of domestic abuse.

(2) Nothing in this section shall prevent an insurer from taking any of the actions set forth in subsection (1) of this section on the basis of loss history or medical condition or for any other reason not otherwise prohibited by this section, any other law, regulation, or rule.

(3) Any form filed or filed after June 11, 1998, subject to RCW 48.18.120(1) or subject to a rule adopted under RCW 48.18.120(1) may exclude coverage for losses caused by intentional or fraudulent acts of any insured. Such an exclusion, however, shall not apply to deny an insured's otherwise-covered property loss if the property loss is caused by an act of domestic abuse by another insured under the
policy, the insured claiming property loss files a police report and cooperates with any law enforcement investigation relating to the act of domestic abuse, and the insured claiming property loss did not cooperate in or contribute to the creation of the property loss. Payment by the insurer to an insured may be limited to the person’s insurable interest in the property less payments made to a mortgagee or other party with a legal secured interest in the property. An insurer making payment to an insured under this section has all rights of subrogation to recover against the perpetrator of the act that caused the loss.

(4) Nothing in this section prohibits an insurer from investigating a claim and complying with chapter 48.30A RCW.

(5) As used in this section, "domestic abuse" means: (a) Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury, or assault between family or household members; (b) sexual assault of one family or household member by another; (c) stalking as defined in RCW 9.61.110 of one family or household member by another family or household member; or (d) intentionally, knowingly, or recklessly causing damage to property so as to intimidate or attempt to control the behavior of another family or household member. [1998 c 301 § 1.]

48.18.560 Year 2000 failure—Reinstating insurance policy under certain circumstances. (Expires December 31, 2006.) (1) An insurer shall reinstate back to the effective date of cancellation, with no penalties or interest, any personal lines insurance policy, subject to this chapter, that was canceled for nonpayment of premium, if the named insured:

(a) Provides notice to the insurer, no later than ten days after the effective date of cancellation, that the failure to pay the premium due for the insurance policy is caused by a year 2000 failure associated with an electronic computing device that is not under the named insured’s dominion or control;

(b) Establishes that a year 2000 failure occurred and that if it were not for the year 2000 failure, the named insured would have been able to pay the premium due in a timely manner;

(c) Makes a premium payment to bring the insurance policy current as soon as possible, but no later than ten days after the year 2000 failure has been corrected or reasonably should have been corrected.

(2) If the named insured fails to pay the premium due within ten days after the year 2000 failure has been corrected or reasonably should have been corrected, the insurer’s previous notice of cancellation for nonpayment of premium remains effective.

(3)(a) The definitions in RCW 4.22.080 apply to this section unless the context clearly requires otherwise.

(b) As used in this section, unless the context clearly requires otherwise, "named insurer" means a natural person or a small business as defined in RCW 19.85.020.

(4) This section does not affect the cancellation of any insurance policy that is unrelated to a year 2000 failure, or occurs before any disruption of financial or data transfer operations attributable to the year 2000 failure.

(5) This section does not apply to any claim or cause of action filed after December 31, 2003.

(6) This section expires December 31, 2006. [1999 c 369 § 3.]

48.18A.010 Short title—Intent. This chapter shall be known as the "Variable Contract Act" and is intended to authorize the sale of both individual and group variable contracts. [1969 c 104 § 1.]

48.18A.020 Separate accounts authorized—Allocations—Benefits—Limitations—Valuation—Sale, transfer, or exchange of assets. A domestic life insurer may, by or pursuant to resolution of its board of directors, establish one or more separate accounts, and may allocate thereto amounts (including without limitation proceeds applied under optional modes of settlement or under dividend options) to provide for life insurance or annuities (and other benefits incidental thereto), payable in fixed or variable amounts or both, subject to the following:

(1) The income, gains, and losses, realized or unrealized, from assets allocated to a separate account shall be credited to or charged against the account, without regard to other income, gains, or losses of the insurer.

(2)(a) Except as hereinafter provided, amounts allocated to any separate account and accumulations thereon may be invested and reinvested without regard to any requirements or limitations prescribed by the laws of this state governing the investments of life insurers: PROVIDED, That to the extent that the insurer’s reserve liability with regard to (i) benefits guaranteed as to dollar amount and duration, and (ii) funds guaranteed as to principal amount or stated rate of interest is maintained in any separate account, a portion of the assets of such separate account at least equal to such reserve liability shall be invested under such conditions as the commissioner may prescribe. The investments in such separate account or accounts shall not be taken into account
in applying the investment limitations applicable to the investments of the insurer.

(b) With respect to seventy-five percent of the market value of the total assets in a separate account no insurer shall purchase or otherwise acquire the securities of any issuer, other than securities issued or guaranteed as to principal or interest by the United States, if immediately after such purchase or acquisition the market value of such investment, together with prior investments of such separate account in such security taken at market value, would exceed ten percent of the market value of the assets of such separate account: PROVIDED, That the commissioner may waive such limitation if, in his opinion, such waiver will not render the operation of such separate account hazardous to the public or the policyholders in this state.

(c) Unless otherwise permitted by law or approved by the commissioner, no insurer shall purchase or otherwise acquire for its separate accounts the voting securities of any issuer if as a result of such acquisition the insurer and its separate accounts, in the aggregate, will own more than ten percent of the total issued and outstanding voting securities of such issuer: PROVIDED, That the foregoing shall not apply with respect to securities held in separate accounts, the voting rights in which are exercisable only in accordance with instructions from persons having interests in such accounts.

(d) The limitations provided in paragraphs (b) and (c) of this subsection shall not apply to the investment with respect to a separate account in the securities of an investment company registered under the United States Investment Company Act of 1940: PROVIDED, That the investments of such investment company shall comply in substance with such account: PROVIDED, That unless otherwise approved by the commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account: PROVIDED, That unless otherwise approved by the commissioner, the portion, if any, of the assets of such separate account equal to the insurer’s reserve liability with regard to the guaranteed benefits and funds referred to in subsection (2) of this section shall be valued in accordance with the rules otherwise applicable to the insurer’s assets.

(4) Amounts allocated to a separate account in the exercise of the power granted by this chapter shall be owned by the insurer and the insurer shall not be, nor hold itself out to be, a trustee with respect to such amounts. If and to the extent so provided under the applicable contracts, that portion of the assets of any such separate account equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the insurer may conduct.

(5) No sale, exchange or other transfer of assets may be made by an insurer between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account, is made (a) by a transfer of cash, or (b) by a transfer of securities having a readily determinable market value: PROVIDED, That such transfer of securities is approved by the commissioner. The commissioner may approve other transfers among such accounts, if, in his opinion, such transfers would not be inequitable.

(6) To the extent such insurer deems it necessary to comply with any applicable federal or state law, such insurer, with respect to any separate account, including without limitation any separate account which is a management investment company or a unit investment trust, may provide for persons having interest therein, as may be appropriate, voting and other rights and special procedures for the conduct of the business of such account, including without limitation, special rights and procedures relating to investment policy, investment advisory services, selection of independent public accountants, and the selection of a committee, the members of which need not be otherwise affiliated with such insurer, to manage the business of such account. [1973 1st ex.s. c 163 § 4; 1969 c 104 § 2.]

48.18A.030 Statements required in contracts—Payment on death, incidental benefit provision. (1) Every variable contract providing benefits payable in variable amounts delivered or issued for delivery in this state shall contain a statement of the essential features of the procedures to be followed by the insurer in determining the dollar amount of such variable benefits. Any such contract under which the benefits vary to reflect investment experience, including a group contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount will so vary and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis.

(2) Variable annuity contracts delivered or issued for delivery in this state may include as an incidental benefit provision for payment on death during the deferred period of an amount not in excess of the greater of the sum of the premiums or stipulated payments paid under the contract or the value of the contract at time of death. For this purpose such benefit shall not be deemed to be life insurance and therefore not subject to any statutory provisions governing life insurance contracts. A provision for any other benefits on death during the deferred period will be subject to such insurance law provisions. [1973 1st ex.s. c 163 § 5; 1969 c 104 § 3.]

48.18A.035 Return of policy and refund of premium—Notice required—Effect of return. Every individual variable contract issued shall have printed on its face or attached thereto a notice stating in substance that the policy owner shall be permitted to return the policy within ten days after it is received by the policy owner and to have the market value of the assets purchased by its premium, less taxes and investment brokerage commissions, if any, refunded, if, after examination of the policy, the policy owner is not satisfied with it for any reason. An additional ten percent penalty shall be added to any premium refund due which is not paid within thirty days of return of the policy to the insurer or agent. If a policy owner pursuant to such notice returns the policy to the insurer at its home or

branch office or to the agent through whom it was purchased, it shall be void from the beginning and the parties shall be in the same position as if no policy had been issued. [1983 1st ex.s. c 32 § 7; 1982 c 181 § 15.]

Effective date—1982 c 181 § 15: "Section 15 of this act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect May 1, 1982." [1982 c 181 § 26.]

Severability—1982 c 181: See note following RCW 48.03.010.

48.18A.040 Requirements for operation under this chapter—Considerations—Authorization of subsidiary or affiliate—Exceptions. No insurer shall deliver or issue, for delivery within this state, contracts under this chapter unless it is licensed or organized to do a life insurance or annuity business in this state, and unless the commissioner is satisfied that its condition or method of operation in connection with the issuance of such contracts will not render its operation hazardous to the public or its policyholders in this state. In this connection, the commissioner shall consider among other things:

(1) The history and financial condition of the insurer;
(2) The character, responsibility and fitness of the officers and directors of the insurer; and
(3) The law and regulation under which the insurer is authorized in the state of domicile to issue variable contracts.

An insurer which issues variable contracts and which is a subsidiary of, or affiliated through common management or ownership with, another life insurer authorized to do business in this state may be deemed to have met the provisions of this section if either it or the parent or affiliated company meets the requirements hereof: PROVIDED, That no insurer may provide variable benefits in its contracts unless it is an admitted insurer having and continually maintaining a combined capital and surplus of at least five million dollars. [1982 c 181 § 10; 1969 c 104 § 4.]

Severability—1982 c 181: See note following RCW 48.03.010.

48.18A.050 Applicability of other code provisions—Contract requirements. The provisions of RCW 48.23.020, 48.23.030, 48.23.080 through 48.23.120, 48.23.140, 48.23.150, 48.23.200 through 48.23.240, 48.23.310, *48.23.350, and 48.23.360, and the provisions of chapter 48.24 RCW shall be inapplicable to variable contracts; nor shall any provision in the code requiring contracts to be participating be deemed applicable to variable contracts. Except as otherwise provided in this chapter, all pertinent provisions of the insurance code shall apply to separate accounts and contracts relating thereto. Any individual variable life insurance or individual variable annuity contract delivered or issued for delivery in this state shall contain grace, reinstatement, and nonforfeiture provisions appropriate to such contracts, and any such variable life insurance contract shall provide that the investment experience of the separate account shall in no event operate to reduce the death benefit below an amount equal to the face amount of the contract at the time the contract was issued. Any individual variable life insurance contract may contain a provision for deduction from the death proceeds of amounts of due and unpaid premiums or of indebtedness which are appropriate to such contracts. The reserve liability for variable annuities shall be established in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees. [1983 c 3 § 150; 1979 c 157 § 2; 1973 1st ex.s. c 163 § 6; 1969 c 104 § 5.]

*Reviser's note: RCW 48.23.350 was repealed by 1982 1st ex.s. c 9 § 36(2); later enactment, see chapter 48.76 RCW.

48.18A.060 Licensing requirement. No person shall be or act as an agent for the solicitation or sale of variable contracts except while duly appointed and licensed under the insurance code as a life insurance agent with respect to the insurer, and while duly licensed as a security salesman or securities broker under a license issued by the director of financial institutions pursuant to the securities act of this state; except that any person who participates only in the sale or offering for sale of variable contracts which fund corporate plans meeting the requirements for qualification under sections 401 or 403 of the United States internal revenue code need not be licensed pursuant to the securities act of this state. [1994 c 92 § 502; 1973 1st ex.s. c 163 § 7; 1969 c 104 § 6.]

48.18A.070 Authority of commissioner. Notwithstanding any other provision of law, the commissioner shall have sole and exclusive authority to regulate the issuance and sale of variable contracts; except for the examination, issuance or renewal, suspension or revocation, of a security salesman’s license issued to persons selling variable contracts. To carry out the purposes and provisions of this chapter he or she may independently, and in concert with the director of financial institutions, issue such reasonable rules and regulations as may be appropriate. [1994 c 92 § 503; 1969 c 104 § 7.]

48.18A.090 Effective date—1969 c 104. This 1969 act shall take effect July 1, 1969. [1969 c 104 § 10.]

(a) Life insurance;
(b) disability insurance;
(c) reinsurance except as to joint reinsurance as provided in RCW 48.19.360;
(d) insurance against loss of or damage to aircraft, their hulls, accessories, and equipment, or against liability, other than workers’ compensation and employers’ liability, arising out of the ownership, maintenance or use of aircraft;

Use of credit history or insurance scores—Rules. (1) For the purposes of this section:
(a) "Consumer" means an individual policyholder or applicant for insurance.
(b) "Credit history" means any written, oral, or other communication of any information by a consumer reporting agency bearing on a consumer’s creditworthiness, credit standing, or credit capacity that is used or expected to be used, or collected in whole or in part, for the purpose of serving as a factor in determining personal insurance premiums or eligibility for coverage.
(c) "Insurance score" means a number or rating that is derived from an algorithm, computer application, model, or other process that is based in whole or in part on credit history.
(d) "Personal insurance" means:
(i) Private passenger automobile coverage;
(ii) Homeowner’s coverage, including mobile homeowners, manufactured homeowners, condominium owners, and renter’s coverage;
(iii) Dwelling property coverage;
(iv) Earthquake coverage for a residence or personal property;
(v) Personal liability and theft coverage;
(vi) Personal inland marine coverage; and
(vii) Mechanical breakdown coverage for personal auto or home appliances.
(2) Credit history shall not be used to determine personal insurance rates, premiums, or eligibility for coverage unless the insurance scoring models are filed with the commissioner. Insurance scoring models include all attributes and factors used in the calculation of an insurance score. RCW 48.19.040(5) does not apply to any information filed under this subsection, and the information shall be withheld from public inspection and kept confidential by the commissioner. All information filed under this subsection shall be considered trade secrets under RCW 48.02.120. Information filed under this subsection may be made public by the commissioner for the sole purpose of enforcement actions taken by the commissioner.
(3) Insurers shall not use the following types of credit history to calculate a personal insurance score or determine personal insurance premiums or rates:
(a) The absence of credit history or the inability to determine the consumer’s credit history, unless the insurer has filed actuarial data segmented by demographic factors in a manner prescribed by the commissioner that demonstrates compliance with RCW 48.19.020;
(b) The number of credit inquiries;
(c) Credit history or an insurance score based on collection accounts identified with a medical industry code;
(d) The initial purchase or finance of a vehicle or house that adds a new loan to the consumer’s existing credit history, if evident from the consumer report; however, an insurer may consider the bill payment history of any loan, the total number of loans, or both;
(e) The consumer’s use of a particular type of credit card, charge card, or debit card; or
(f) The consumer’s total available line of credit; however, an insurer may consider the total amount of outstanding debt in relation to the total available line of credit.
(4) If a consumer is charged higher premiums due to disputed credit history, the insurer shall rerate the policy retroactive to the effective date of the current policy term. As rerated, the consumer shall be charged the same premiums they would have been charged if accurate credit history was used to calculate an insurance score. This subsection applies only if the consumer resolves the dispute under the process set forth in the fair credit reporting act and notifies the insurer in writing that the dispute has been resolved.
(5) The commissioner may adopt rules to implement this section.
(6) This section applies to all personal insurance policies issued or renewed on or after June 30, 2003.

Filing required—Contents. (1) Every insurer or rating organization shall, before using, file with the commissioner every classifications manual, manual of rules and rates, rating plan, rating schedule, minimum rate, class rate, and rating rule, and every modification of any of the foregoing which it proposes. The insurer need not so file any rate on individually rated risks as described in subdivision (1) of RCW 48.19.030; except that any such specific rate made by a rating organization shall be filed.
(2) Every such filing shall indicate the type and extent of the coverage contemplated and must be accompanied by sufficient information to permit the commissioner to determine whether it meets the requirements of this chapter. An insurer or rating organization shall offer in support of any filing:
(a) The experience or judgment of the insurer or rating organization making the filing;
(b) An exhibit detailing the major elements of operating expense for the types of insurance affected by the filing;
(c) An explanation of how investment income has been taken into account in the proposed rates; and
(d) Any other information which the insurer or rating organization deems relevant.
(3) If an insurer has insufficient loss experience to support its proposed rates, it may submit loss experience for similar exposures of other insurers or of a rating organization.
(4) Every such filing shall state its proposed effective date.
(5) A filing made pursuant to this chapter shall be exempt from the provisions of RCW 48.02.120(3). However, the filing and all supporting information accompanying it shall be open to public inspection only after the filing becomes effective.
(6) Where a filing is required no insurer shall make or issue an insurance contract or policy except in accordance with its filing then in effect, except as is provided by RCW 48.19.090. [1994 c 131 § 8; 1989 c 25 § 4; 1983 1st ex.s. c 32 § 14; 1947 c 79 § .19.04; R.e.m. Supp. 1947 § 45.19.04.]

Disapproval by commissioner—Definition. (1) It is the
intent of the legislature to assist the purchasers of commer-
cial property casualty insurance by allowing policies to be
issued more expeditiously and provide a more competitive
market for rates.

(2) Notwithstanding the provisions of RCW
48.19.040(1), commercial property casualty policies may be
issued prior to filing the rates. All commercial property
casualty rates shall be filed with the commissioner within
thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property
rate has been filed, the commissioner finds that the
rate does not meet the requirements of this chapter, the
commissioner shall disapprove the filing and give notice to
the insurer or rating organization that made the filing,
specifying how the filing fails to meet the requirements and
stating when, within a reasonable period thereafter, the filing
shall be deemed no longer effective. The commissioner may

authorized by an insurer, the commissioner shall accept, in
lieu of filings by the insurer, filings on its behalf made by a
rating organization then licensed as provided in this chapter.

policy, and the following insurances (other than vehicle
insurance coverages) when issued as part of a standard form
fire policy, an insurer may so authorize a rating organization
to make; or

(a) Additional property insurance coverages; or
(b) Coverages including any kind of insurance in
addition to fire for a single undivided premium.

bonds required by law or by court or executive order or by
order, rule or regulation of a public body.

(2) Specific rates on inland marine risks individually
rated by a rating organization, which risks are not reasonably

general custom of the business are not written according to
manual rates or rating plans. [1947 c 79 § .19.07; Rem.
Supp. 1947 § 45.19.07.]
48.19.080 Waiver of filing. Under such rules and regulations as he shall adopt the commissioner may, by order, suspend or modify the requirement of filing as to any kind of insurance. Such orders, rules and regulations shall be made known to insurers and rating organizations affected thereby. The commissioner may make such examination as he may deem advisable to ascertain whether any rates affected by such order meet the standard prescribed in RCW 48.19.020. [1981 c 339 § 18; 1947 c 79 § .19.08; Rem. Supp. 1947 § 45.19.08.]

[1947 c 79 § .19.09; Rem. Supp. 1947 § 45.19.09.]

48.19.100 Disapproval of filing. If within the waiting period or any extension thereof as provided in RCW 48.19.060, the commissioner finds that a filing does not meet the requirements of this chapter, he shall disapprove such filing, and shall give notice of such disapproval, specifying the respect in which he finds the filing fails to meet such requirements, and stating that the filing shall not become effective, to the insurer or rating organization which made the filing. [1989 c 25 § 6; 1947 c 79 § .19.10; Rem. Supp. 1947 § 45.19.10.]

(2) Such order shall not affect any contract made or policy made or issued prior to the expiration of the period set forth in the order.

(3) Any person aggrieved with respect to any filing then in effect, other than the insurer or rating organization which made the filing, may make written application to the commissioner for a hearing thereon. The application shall specify the grounds to be relied upon by the applicant. If the commissioner finds that the application is made in good faith, that the applicant would be so aggrieved if his grounds are established, and that such grounds otherwise justify holding the hearing, he shall, within thirty days after receipt of the application, hold a hearing as required in subsection (1) of this section. [1989 c 25 § 7; 1983 1st ex.s. c 32 § 15; 1947 c 79 § .19.12; Rem. Supp. 1947 § 45.19.12.]

(2) The commissioner shall not so suspend or revoke a license for failure to comply with an order until the time prescribed by this code for an appeal from such order to the superior court has expired or if such appeal has been taken, until such order has been affirmed.

(3) The commissioner may determine when a suspension or revocation of license shall become effective. A suspension of license shall remain in effect for the period fixed by him, unless he modifies or rescinds the suspension, or until the order, failure to comply with which constituted grounds for the suspension, is modified, rescinded or reversed. [1947 c 79 § .19.19; Rem. Supp. 1947 § 45.19.19.]

(2) Every such deviation shall terminate upon a material change of the basic rate from which the deviation is made. The commissioner shall determine whether a change of the basic rate is so material as to require such termination of deviations. [1989 c 25 § 8; 1957 c 193 § 14; 1947 c 79 § .19.28; Rem. (3) The exceptions and reductions of indemnity shall be set forth in the policy and, other than those contained in RCW 48.20.042 to 48.20.272, inclusive, shall be printed, at the insurer's option, either with the benefit provision to which they apply, or under an appropriate caption as "Exceptions," or "Exceptions and reductions," except that if an exception or reduction specifically applies only to a particular benefit of the policy, a statement of such exception or reduction shall be included with the benefit provision to which it applies.

(4) Each such form, including riders and endorsements, shall be identified by a form number in the lower left hand corner of the first page thereof.

(5) It shall contain no provision purporting to make any portion of the insurer's charter, rules, constitution, or bylaws a part of the policy unless such portion is set forth in full in the policy, except in the case of the incorporation of, or reference to, a statement of rates or classification of risks, or short-rate table filed with the commissioner. 48.20.015 Endorsements. 48.20.025 Schedule of rates for individual health benefit plans—Loss ratio—Remittance of premiums—Definitions. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Claims" means the cost to the insurer of health care services, as defined in RCW 48.43.005, provided to a policyholder or paid to or on behalf of the policyholder in accordance with the terms of a health benefit plan, as defined in RCW 48.43.005. This includes capitiation payments or other similar payments made to providers for the purpose of paying for health care services for a policyholder.

(b) "Claims reserves" means: (i) The liability for claims which have been reported but not paid; (ii) the liability for claims which have not been reported but which may reasonably be expected; (iii) active life reserves; and (iv) additional claims reserves whether for a specific liability purpose or not.

(c) "Earned premiums" means premiums, as defined in RCW 48.43.005, plus any rate credits or recoupments less any refunds, for the applicable period, whether received before, during, or after the applicable period.

(d) "Incurred claims expense" means claims paid during the applicable period plus any increase, or less any decrease, in the claims reserves.

(e) "Loss ratio" means incurred claims expense as a percentage of earned premiums.

(f) "Reserves" means: (i) Active life reserves; and (ii) additional reserves whether for a specific liability purpose or not.

(2) An insurer shall file, for informational purposes only, a notice of its schedule of rates for its individual health benefit plans with the commissioner prior to use.

(3) An insurer shall file with the notice required under subsection (2) of this section supporting documentation of its method of determining the rates charged. The commissioner may request only the following supporting documentation:

(a) A description of the insurer’s rate-making methodology;

(b) An actuarially determined estimate of incurred claims which includes the experience data, assumptions, and justifications of the insurer’s projection;

(c) The percentage of premium attributable in aggregate for nonclaims expenses used to determine the adjusted community rates charged; and

(d) A certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the adjusted community rate charged can be reasonably expected to result in a loss ratio that meets or exceeds the loss ratio standard established in subsection (7) of this section.

(4) The commissioner may not disapprove or otherwise impede the implementation of the filed rates.

(5) By the last day of May each year any insurer issuing or renewing individual health benefit plans in this state during the preceding calendar year shall file for review by the commissioner supporting documentation of its actual loss ratio for its individual health benefit plans offered or renewed in the state in aggregate for the preceding calendar year. The filing shall include aggregate earned premiums, aggregate incurred claims, and a certification by a member of the American academy of actuaries, or other person approved by the commissioner, that the actual loss ratio has been calculated in accordance with accepted actuarial principles.

(a) At the expiration of a thirty-day period beginning with the date the filing is received by the commissioner, the filing shall be deemed approved unless prior thereto the commissioner contests the calculation of the actual loss ratio. (b) If the commissioner contests the calculation of the actual loss ratio, the commissioner shall state in writing the grounds for contesting the calculation to the insurer.

(c) Any dispute regarding the calculation of the actual loss ratio shall, upon written demand of either the commissioner or the insurer, be submitted to hearing under chapters 48.04 and 34.05 RCW.

(6) If the actual loss ratio for the preceding calendar year is less than the loss ratio established in subsection (7) of this section, a remittance is due and the following shall apply:

(a) The insurer shall calculate a percentage of premium to be remitted to the Washington state health insurance pool by subtracting the actual loss ratio for the preceding year from the loss ratio established in subsection (7) of this section.

(b) The remittance to the Washington state health insurance pool is the percentage calculated in (a) of this subsection, multiplied by the premium earned from each enrollee in the previous calendar year. Interest shall be added to the remittance due at a five percent annual rate calculated from the end of the calendar year for which the remittance is due to the date the remittance is made.

(c) All remittances shall be aggregated and such amounts shall be remitted to the Washington state high risk pool to be used as directed by the pool board of directors.

(d) Any remittance required to be issued under this section shall be issued within thirty days after the actual loss

48.20.025 Calculation of premiums—Adjusted

community rating method—Definitions. (1) Premiums for

health benefit plans for individuals shall be calculated using the adjusted community rating method that spreads financial risk across the carrier’s entire individual product population. All such rates shall conform to the following:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age;

(iv) Tenure discounts; and

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.21.045.

(3) As used in this section, "health benefit plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005. [2000 c 79 § 4; 1997 c 231 § 207; 1995 c 265 § 13.]

(i) Geographic area;

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

Each such provision shall be preceded by the applicable caption shown or, at the insurer’s option, by such appropriate individual or group caption or subcaption as the commissioner may approve. [1951 c 229 § 4; 1947 c 79 § .20.03; formerly Rem. Supp. 1947 § 45.20.03.]

of age or sex. There shall be a provision as follows:

"MISSTATEMENT OF AGE OR SEX: If the age or sex of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age or sex."

The amount of any underpayments which may have been made on account of any such misstatement under a disability income policy shall be paid the insured along with the current payment and the amount of any overpayment may be charged against the current or succeeding payments to be made by the insurer. (The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two year period, nor to limit the application of RCW 48.20.050, 48.20.172, 48.20.192, 48.20.202, and 48.20.212 in the event of misstatement with respect to age or occupation or other insurance.)

48.20.062 Standard provision No. 4—Grace period. There shall be a provision as follows:

GRACE PERIOD: A grace period of . . . . (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies, and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

(A policy which contains a cancellation provision may add, at the end of the above provision: "subject to the right of the insurer to cancel in accordance with the cancellation provision hereof."

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision: "Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.") The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement.

(The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age 50 or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue.) [1951 c 229 § 8; 1947 c 79 § .20.07; formerly Rem. Supp. 1947 § 45.20.07.]

48.20.082 Standard provision No. 6—Notice of claim. There shall be a provision as follows:

NOTICE OF CLAIM: Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at . . . . . . . . (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

(In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

"Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for
which indemnity may be payable for at least two years, he shall at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insurer or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured’s right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given.

48.20.092 Standard provision No. 7—Claim forms.

There shall be a provision as follows:

CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within fifteen days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss written proof covering the occurrence, the character and the extent of the loss for which claim is made.

48.20.102 Standard provision No. 8—Proofs of loss.

There shall be a provision as follows:

PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within ninety days after the termination of the period for which the insurer is liable and in case of claim for any other loss within ninety days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof during such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

48.20.112 Standard provision No. 9—Time of payment of claims.

There shall be a provision as follows:

TIME OF PAYMENT OF CLAIMS: Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

48.20.122 Standard provision No. 10—Payment of claims.

(1) There shall be a provision as follows:

PAYMENT OF CLAIMS: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured’s death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured.

(2) The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer:

"If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding $ . . . . . . (insert an amount which shall not exceed $1000), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment."

"Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer’s option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person."

Proceeds of disability policy are exempt from creditors.

48.20.132 Standard provision No. 11—Physical examination and autopsy.

There shall be a provision as follows:

PHYSICAL EXAMINATIONS AND AUTOPSY: The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

48.20.152  Standard provision No. 13—Change of beneficiary. There shall be a provision as follows:

CHANGE OF BENEFICIARY: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy.

(1) The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer’s option. [1951 c 229 § 16. Prior: 1947 c 79 § 20.17; Rem. Supp. 1947 § 45.20.17.]

48.20.162  Optional standard provisions. Except as provided in RCW 48.18.130, no such policy delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth in RCW 48.20.162 to 48.20.272, inclusive, unless such provisions are in the words in which the same appear in the applicable section; except, that the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the commissioner which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption or, at the insurer’s option, by such appropriate individual or group caption or subcaption as the commissioner may approve. [1951 c 229 § 17. Prior: 1947 c 79 § 20.20; Rem. Supp. 1947 § 45.20.20.]

48.20.172  Optional standard provision No. 14—Change of occupation. There may be a provision as follows:

CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation. For the purpose of applying this provision when other coverage is on a provision of service basis, the “like amount” of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

(2) If the foregoing policy provision is included in a policy which also contains the policy provision set out in RCW 48.20.212, there shall be added to the caption of the foregoing provision the phrase “. . . . . . expense incurred benefits.” The insurer may, at its option, include in this provision a definition of “other valid coverage,” approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or
coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers’ compensation or employer’s liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage." [1987 c 185 § 27; 1951 c 229 § 21. Prior: 1947 c 79 § .20.22; Rem. Supp. 1947 § 45.20.22.]

(2) If the foregoing policy provision is included in a policy which also contains the policy provision set out in RCW 48.20.202, there shall be added to the caption of the foregoing provision the phrase " . . . . other benefits." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the commissioner. (2) The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (a) until at least age 50 or, (b) in the case of a policy issued after age 44, for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the commissioner or any combination of such coverages. continued beyond its original term the insured may cancel
this policy at any time by written notice delivered or mailed
to the insurer, effective upon receipt or on such later date as
may be specified in such notice. In the event of
cancellation, the insurer will return promptly the unearned
portion of any premium paid. If the insured cancels, the
earned premium shall be computed by the use of the short-
rate table last filed with the state official having supervision
of insurance in the state where the insured resided when the
policy was issued. If the insurer cancels, the earned premi-

without prejudice to any claim originating prior to the

Rem. Supp. 1947 § 45.20.27.]

48.20.282 Order of certain policy provisions. The
provisions which are the subject of RCW 48.20.042 to
48.20.272, inclusive, or any corresponding provisions which
are used in lieu thereof in accordance with such sections,
shall be printed in the consecutive order of the provisions in
such sections or, at the insurer’s option, any such provision
may appear as a unit in any part of the policy, with other
provisions to which it may be logically related, provided the
resulting policy shall not be in whole or in part unintel-
ligible, uncertain, ambiguous, abstruse, or likely to mislead
a person to whom the policy is offered, delivered or issued.
[1951 c 229 § 29.]

48.20.292 Third party ownership. The word
"insured," as used in this chapter, shall not be construed as
preventing a person other than the insured with a proper
insurable interest from making application for and owning a
policy covering the insured or from being entitled under such
a policy to any indemnities, benefits and rights provided
therein. [1951 c 229 § 30.]

which the insurer is organized.

for delivery in any other state or country, contain any

provision establishing, as an age limit or otherwise, a date
after which the coverage provided by the policy will not be
effective, and if such date falls within a period for which
premium is accepted by the insurer or if the insurer accepts
a premium after such date, the coverage provided by the
policy will continue in force subject to any right of
cancellation until the end of the period for which premium
has been accepted. In the event the age of the insured has
been misstated and if, according to the correct age of the
insured, the coverage provided by the policy would not have
become effective, or would have ceased prior to the accept-
ance of such premium or premiums, then the liability of the
insurer shall be limited to the refund, upon request, of all
premiums paid for the period not covered by the policy.
1947 § 45.20.25.]

(2) An insurer may charge different rates, provide different benefits, or employ different underwriting procedure for individuals insured under a franchise plan, if such rates, benefits, or procedures as used do not discriminate as between franchise plans, and do not discriminate unfairly as between individuals insured under franchise plans and individuals otherwise insured under similar policies. The reinstatement of any policy of noncancellable disability insurance hereafter delivered or issued for delivery in this state shall be contestable only on account of fraud or misrepresentation of facts material to the reinstatement and only for the same period following reinstatement as is provided in the policy with respect to the contestability thereof after the original issuance of the policy. [1947 c 79 § .20.38; Rem. Supp. 1947 § 45.20.38.]

Application—1963 c 87: “This act shall apply to all contracts issued on or after the effective date of this act.” [1963 c 87 § 3.]

48.20.391 Diabetes coverage. The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

[1983 1st ex.s. c 32 § 18; 1974 ex.s. c 139 § 1.]

*Reviser's note: During the course of passage of 1975 1st ex.s. c 266 [Substitute House Bill No. 198], the section numbering was changed, but the internal references were not changed accordingly. Thus the reference "sections 14 through 18 of this 1975 amendatory act" appears to be erroneous. Reference to "sections 15 through 19," codified herein as this section and RCW 48.20.450 through 48.20.480, was apparently intended.

Severability—1975 1st ex.s. c 266: See note following RCW 48.01.010.

[1980 c 10 § 1.]

48.20.500 Coverage for adopted children. (1) Any disability insurance contract providing hospital and medical expenses and health care services, delivered or issued for delivery in this state, which provides coverage for dependent children, as defined in the contract of the insured, shall cover adoptive children placed with the insured on the same basis as other dependents, as provided in RCW 48.01.180.

Effective date, application—Severability—1986 c 140: See notes following RCW 48.01.180.

48.20.510 Cancellation of rider. Upon application by an insured, a rider shall be canceled if at least five years after its issuance, no health care services have been received by the insured during that time for the condition specified in the rider, and a physician, selected by the carrier for that purpose, agrees in writing to the full medical recovery of the insured from that condition, such agreement not to be unreasonably withheld. The option of the insured to apply for cancellation shall be disclosed on the face of the rider in clear and conspicuous language.

For purposes of this section, a rider is a legal document that modifies a contract to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions. [1987 c 37 § 1.]
(d) Children who do not maintain their diets with the formula acquire severe mental and physical difficulties.

(e) Originally, the formulas were listed as prescription drugs but were reclassified as medical foods to increase their availability.

(2) Subject to requirements and exceptions which may be established by rules adopted by the commissioner, any disability insurance contract delivered or renewed in this state on or after September 1, 1988, that insures for hospital or medical expenses shall provide coverage for the formulas necessary for the treatment of phenylketonuria. [1988 c 173 § 1.]

48.20.525 Prescriptions—Preapproval of individual claims—Subsequent rejection prohibited—Written record required. Disability insurance companies who through an authorized representative have first approved, by any means, an individual prescription claim as eligible may not reject that claim at some later date. Pharmacists or drug dispensing outlets who obtain preapproval of claims shall keep a written record of the preapproval that consists of identification by name and telephone number of the person who approved the claim. [1993 c 253 § 2.]

Findings—1993 c 253: "The legislature finds that many health care insurance entities are initially approving claims as eligible under an identified program, over the telephone, but denying those same claims when they are submitted for payment. The legislature finds this to be an untenable situation for the providers." [1993 c 253 § 1.]

Effective date—1993 c 253: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [May 7, 1993]." [1993 c 253 § 6.]

48.20.530 Nonresident pharmacies. For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, an insurer providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The insurers shall obtain proof of current licensure in conformity with this section and RCW 18.64.350 through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

The department of health may request from the insurer the proof of current licensure for all nonresident pharmacies through which the insurer is providing coverage for prescription drugs to residents of the state of Washington. This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.17 RCW. The board or the department shall not be restricted in the disclosure of the name of a nonresident pharmacy that is or has been licensed under RCW 18.64.360 or 18.64.370 or of the identity of a nonresident pharmacy disciplined under RCW 18.64.350 through 18.64.400. [1991 c 87 § 7.]

Effective date—1991 c 87: See note following RCW 18.64.350.
48.21.010 "Group disability insurance" defined. Group disability insurance is that form of disability insurance, including stop loss insurance as defined in RCW 48.11.030, provided by a master policy issued to an employer, to a trustee appointed by an employer or employers, or to an association of employers formed for purposes other than obtaining such insurance, covering, with or without their dependents, the employees, or specified categories of the employees, of such employers or their subsidiaries or affiliates, or issued to a labor union, or to an association of employees formed for purposes other than obtaining such insurance, covering, with or without their dependents, the members, or specified categories of the members, of the labor union or association, or issued pursuant to RCW 48.21.030. Group disability insurance shall also include such other groups as qualify for group life insurance under the provisions of this code. [1992 c 226 § 2; 1949 c 190 § 27; 1947 c 79 § .21.01; Rem. Supp. 1949 § 45.21.01.]

48.21.015 "Group stop loss insurance" defined for the purpose of exemption—Scope of application. Group stop loss insurance is exempt from all sections of this chapter and chapter 48.32A RCW except for RCW 48.21.010 and this section. For the purpose of this exemption, group stop loss is further defined as follows:

(1) The policy must be issued to and insure the employer, the trustee or other sponsor of the plan, or the plan itself, but not the employees, members, or participants;

(2) Payment by the insurer must be made to the employer, the trustee, or other sponsor of the plan or the plan itself, but not to the employees, members, participants, or health care providers;

(3) The policy must contain a provision that establishes an aggregate attaching point or retention that is at the minimum one hundred twenty percent of the expected claims; and

(4) The policy may provide for an individual attaching point or retention that is not less than five percent of the expected claims or one hundred thousand dollars, whichever is less. [2000 c 80 § 8; 1992 c 226 § 3.]

48.21.020 "Employees," "employer" defined. The term "employees" as used in this chapter shall be deemed to include as employees of a single employer, the compensated officers, managers, and employees of the employer and of subsidiary or affiliated corporations of a corporation employer, and the individual proprietors, partners, and employees of individuals and firms of which the business is controlled by the insured employer through stock ownership, contract or otherwise. The term "employer" as used in this chapter shall be deemed to include any municipal corporation or governmental unit, agency or department thereof as well as private individuals, firms, corporations and other persons. [1947 c 79 § .21.02; Rem. Supp. 1947 § 45.21.02.]

48.21.030 Health care groups. A policy of group disability insurance may be issued to a corporation, as policyholder, existing primarily for the purpose of assisting individuals who are its subscribers in securing medical, hospital, dental, and other health care services for themselves and their dependents, covering all and not less than five hundred such subscribers and dependents, with respect only to medical, hospital, dental, and other health care services. [1947 c 79 § .21.03; Rem. Supp. 1947 § 45.21.03.]

48.21.040 "Blanket disability insurance" defined. (1) Any policy or contract of disability insurance which conforms with the description and complies with the requirements contained in one of the following six paragraphs shall be deemed a blanket disability insurance policy:

(a) A policy issued to any common carrier of passengers, which carrier shall be deemed the policyholder, covering a group defined as all persons who may become such passengers, and whereby such passengers shall be insured against loss or damage resulting from death or bodily injury either while, or as a result of, being such passengers.

(b) A policy issued in the name of any volunteer fire department, first aid or ambulance squad or volunteer police organization, which shall be deemed the policyholder, and covering all the members of any such organization against loss from accidents resulting from hazards incidental to duties in connection with such organizations.

(c) A policy issued in the name of any established organization whether incorporated or not, having community recognition and operated for the welfare of the community and its members and not for profit, which shall be deemed the policyholder, and covering all volunteer workers who serve without pecuniary compensation and the members of the organization, against loss from accidents occurring while engaged in the actual performance of duties on behalf of such organization or in the activities thereof.

(e) A policy covering students or employees issued to a college, school, or other institution of learning or to the head or principal thereof, who or which shall be deemed the policyholder.

(f) A policy or contract issued to any other substantially similar group, which, in the commissioner’s discretion, may be subject to the insurance of a blanket disability insurance policy or contract.

(2) Nothing contained in this section shall be deemed to affect the liability of policyholders for the death of, or injury to, any such members of such group.

(3) Individual applications shall not be required from individuals covered under a blanket disability insurance
48.21.045  Mandatory offering providing basic health plan benefits for employers with fewer than twenty-five employees—Exemption from statutory requirements—Premium rates—Requirements for providing coverage for small employers—Definitions.

(1)(a) An insurer offering any health benefit plan to a small employer shall offer and actively market to the small employer a health benefit plan providing benefits identical to the schedule of coverage required that are required to be delivered to an individual enrolled in the basic health plan. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits in the basic health plan shall clearly disclose these differences to the small employer in a brochure approved by the commissioner.

(b) A health benefit plan shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320 if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, benefits in excess of the basic health plan services. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs not to exceed twenty percent.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage.

(4) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state. Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the

[Title 48 RCW—page 126]
group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," "basic health plan," "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005. [1995 c 265 § 14; 1990 c 187 § 2.]

Finding—Intent—1990 c 187: "The legislature finds that the rising cost of comprehensive group health coverage is exceeding the affordability of many small businesses and their employees. The legislature further finds that certain public policies have an adverse impact on the cost of such coverage. It is therefore the intent of the legislature to reduce costs by authorizing the development of basic hospital and medical coverage for small groups." [1990 c 187 § 1.]

Severability—1990 c 187: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 187 § 6.]

48.21.047 Requirements for plans offered to small employers—Definitions. (1) No insurer shall offer any health benefit plan to any small employer without complying with the provisions of *RCW 48.21.045(5).

(2) Employers purchasing health plans provided through associations or through member-governed groups formed specifically for the purpose of purchasing health care shall not be considered small employers and such plans shall not be subject to the provisions of *RCW 48.21.045(5).

(3) For purposes of this section, "health benefit plan," "health plan," and "small employer" mean the same as defined in RCW 48.43.005. [1995 c 265 § 22.]

48.21.050 Standard provisions required. Every policy of group or blanket disability insurance shall contain in substance the provisions as set forth in RCW 48.21.060 to 48.21.090, inclusive, or provisions which in the opinion of the commissioner are more favorable to the individuals insured, or at least as favorable to such individuals and more favorable to the policyholder. No such policy of group or blanket disability insurance shall contain any provision relative to notice or proof of loss, or to the time for paying benefits, or to the time within which suit may be brought upon the policy, which in the opinion of the commissioner is less favorable to the individuals insured than would be permitted by the standard provisions required for individual disability insurance policies. [1947 c 79 § .21.05; Rem. Supp. 1947 § 45.21.05.]

48.21.060 The contract—Representations. There shall be a provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued; that all statements made by the policyholder or by the individuals insured shall in the absence of fraud be deemed representations and not warranties, and that no statement made by any individual insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such individual or to his beneficiary, if any. [1947 c 79 § .21.06; Rem. Supp. 1947 § 45.21.06.]

48.21.070 Payment of premiums. There shall be a provision that all premiums due under the policy shall be remitted by the employer or employers of the persons insured, by the policyholder, or by some other designated person acting on behalf of the association or group insured, to the insurer on or before the due date thereof with such period of grace as may be specified therein. [1947 c 79 § .21.07; Rem. Supp. 1947 § 45.21.07.]

48.21.075 Payment of premiums by employee in event of suspension of compensation due to labor dispute. Any employee whose compensation includes group disability or blanket disability insurance providing health care services, the premiums for which are paid in full or in part by an employer including the state of Washington, its political subdivisions, or municipal corporations, or paid by payroll deduction, may pay the premiums as they become due directly to the policyholder whenever the employee's compensation is suspended or terminated directly or indirectly as the result of a strike, lockout, or other labor dispute, for a period not exceeding six months and at the rate and coverages as the policy provides. During that period of time the policy may not be altered or changed. Nothing in this section shall be deemed to impair the right of the insurer to make normal decreases or increases of the premium rate upon expiration and renewal of the policy, in accordance with the provisions of the policy. Thereafter, if such insurance coverage is no longer available, then the employee shall be notified immediately by the policyholder in writing, by mail addressed to the address last on record with the policyholder, insured, by the policyholder, or by some other designated person or association in whose name such policy is issued, for delivery to each insured employee or member, a certificate setting forth in summary form a statement of the essential features of the insurance coverage, and to whom the benefits thereunder are payable by name, relationship, or reference to the insurance records of the
policyholder or insurer. If family members are insured, only one certificate need be issued for each family. This section shall not apply to blanket disability insurance policies. [1961 c 194 § 6; 1947 c 79 § .21.08; Rem. Supp. 1947 § 45.21.08.]

48.21.090 Age limitations. There shall be a provision specifying the ages, if any there be, with which the insurance provided therein shall be limited; and the ages, if any there be, for which additional restrictions are placed on benefits, and the additional restrictions placed on the benefits at such ages. [1947 c 79 § .21.09; Rem. Supp. 1947 § 45.21.09.]
