for the office or issue than are permitted by law; write-in votes do not contain all of the information required under RCW 29A.60.020; or that issue or office is not marked with sufficient definiteness to determine the voter's choice or intention. No write-in vote may be rejected due to a variation in the form of the name if the election board or the canvassing board can determine the issue for or against which or the person and the office for which the voter intended to vote. **29A.60.060 Poll-site ballot counting devices—Results. (Effective July 1, 2004.)** After the close of the polls, counties employing poll-site ballot counting devices may telephonically or electronically transmit the accumulated tally for each device to a central reporting location. Before making a telephonic or electronic transmission the precinct election officer must create a printed record of the results of the election for that poll site. During the canvassing period the results transmitted telephonically or electronically must be considered unofficial until a complete reconciliation of the results has been performed. This reconciliation may be accomplished by a direct loading of the results from the memory pack into the central accumulator, or a comparison of the report produced at the poll site on election night with the results received by the central accumulating device. ### 29A.60.110 Ballot containers, sealing, opening.  
*Effective July 1, 2004.* Immediately after their tabulation, all ballots counted at a ballot counting center must be sealed in containers that identify the primary or election and be retained for at least sixty days or according to federal law, whichever is longer. All ballots tallied by poll-site ballot counting devices must be returned to the elections department in sealed ballot containers on election day. Counties composed entirely of islands or portions of counties composed of islands shall collect the ballots within twenty-four hours of the close of the polls.

Ballots tabulated in poll-site ballot counting devices must be sealed by two of the election precinct officers at the polling place, and a log of the seal and the names of the people sealing the container must be completed. One copy of this log must be retained by the inspector, one copy must be placed in the ballot transfer case, and one copy must be transported with the ballots to the elections department, where the seal number must be verified by the county auditor or a designated representative. Ballots may be transported by one election employee if the container is sealed at the poll and then verified when returned to the elections department. Auditors using poll-site ballot counting devices may conduct early pickup of counted ballots on election day.

In the presence of major party observers who are available, ballots may be removed from the sealed containers at the elections department and consolidated into one sealed container for storage purposes. The containers may only be opened by the canvassing board as part of the canvass, or to conduct recounts, or under RCW 29.60.170(3), or by order of the superior court in a contest or election dispute. If the canvassing board opens a ballot container, it shall make a full record of the additional tabulation or examination made of the ballots. This record must be added to any other record of the canvassing process in that county. [2003 c 111 § 1511; 1999 c 158 § 14; 1990 c 59 § 59. Formerly RCW 29.54.075.]

### 29A.60.120 Counting ballots—Official returns.  
*Effective July 1, 2004.*

1. The ballots picked up from the precincts during the polling hours may be counted only at the counting center before the polls have closed. Election returns from the count of these ballots must be held in secrecy until the polls have been closed.

2. Upon breaking the seals and opening the ballot containers from the precincts, all voted ballots must be manually inspected for damage, write-in votes, and incorrect or incom-plete marks. If it is found that any ballot is damaged so that it cannot properly be counted by the vote tallying system, a true duplicate copy must be made of the damaged ballot in the presence of witnesses and substituted for the damaged ballot. All damaged ballots must be kept by the county auditor until sixty days after the primary or election or according to federal law, whichever is longer.

3. The returns produced by the vote tallying system, to which have been added the counts of questioned ballots, write-in votes, and absentee votes, constitute the official returns of the primary or election in that county. [2003 c 111 § 1512; 1999 c 158 § 15; 1990 c 59 § 33; 1977 ex.s. c 361 § 74. Formerly RCW 29.54.085, 29.34.167.]

### 29A.60.130 Certificate not withheld for informality in returns.  
*Effective July 1, 2004.* No certificate shall be [2003 RCW Supp—page 369]
withheld on account of any defect or informality in the returns of any election, if it can with reasonable certainty be ascertained from such return what office is intended, and who is entitled to such certificate, nor shall any commission be withheld by the governor on account of any defect or informality of any return made to the office of the secretary of state. [2003 c 111 § 1513. Prior: 1965 c 9 § 29.27.120; prior: Code 1881 § 3102; 1865 p 41 § 13; RRS § 5347. Formerly RCW 29.27.120.]

29A.60.140 Canvassing board—Membership—Authority—Delegation of authority—Rule making. (Effective July 1, 2004.) (1) Members of the county canvassing board are the county auditor, who is the chair, the county prosecuting attorney, and the chair of the county legislative body. If a member of the board is not available to carry out the duties of the board, then the auditor may designate a deputy auditor, the prosecutor may designate a deputy prosecuting attorney, and the chair of the county legislative body may designate another member of the county legislative body. Any such designation may be made on an election-by-election basis or may be on a permanent basis until revoked by the designating authority. Any such designation must be in writing, and if for a specific election, must be filed with the county auditor not later than the day before the first day duties are to be undertaken by the canvassing board. If the designation is permanent until revoked by the designating authority, then the designation must be on file in the county auditor's office no later than the day before the first day the designee is to undertake the duties of the canvassing board.

(2) The county canvassing board may adopt rules that delegate in writing to the county auditor or the county auditor's staff the performance of any task assigned by law to the canvassing board.

(3) The county canvassing board may not delegate the responsibility of certifying the returns of a primary or election, of determining the validity of challenged ballots, or of determining the validity of provisional ballots referred to the board by the county auditor.

(4) The county canvassing board shall adopt administrative rules to facilitate and govern the canvassing process in that jurisdiction.

(5) Meetings of the county canvassing board are public meetings under chapter 42.30 RCW. All rules adopted by the county canvassing board must be adopted in a public meeting under chapter 42.30 RCW, and once adopted must be available to the public to review and copy under chapter 42.17 RCW. [2003 c 111 § 1514.]

29A.60.150 Procedure when member a candidate. (Effective July 1, 2004.) The members of the county canvassing board may not include individuals who are candidates for an office to be voted upon at the primary or election. If no individual is available to serve on the canvassing board who is not a candidate at the primary or election the individual who is a candidate must not make decisions regarding the determination of a voter's intent with respect to a vote cast for that specific office; the decision must be made by the other two members of the board. If the two disagree, the vote must not be counted unless the number of those votes could affect the result of the primary or election, in which case the secretary of state or a designee shall make the decision on those votes. This section does not restrict participation in decisions as to the acceptance or rejection of entire ballots, unless the office in question is the only one for which the voter cast a vote. [2003 c 111 § 1515; 1995 c 139 § 3; 1965 c 9 § 29.62.030. Prior: 1957 c 195 § 16; prior: (i) Code 1881 § 3098; 1865 p 39 § 8; RRS § 5345. 29A.60.160 Absentee ballots. (Effective July 1, 2004.) At least every third day after a primary or election and before certification of the election results, except Sundays and legal holidays, the county auditor, as delegated by the county canvassing board, shall process absentee ballots and canvass the votes cast at that primary or election, if the county auditor is in possession of more than twenty-five ballots that have yet to be canvassed. The county auditor, as delegated by the county canvassing board, may use his or her discretion in determining when to process the remaining absentee ballots and canvass the votes during the final four days before the certification of election results in order to protect the secrecy of any ballot. In counties where this process has not been delegated to the county auditor, the county auditor shall convene the county canvassing board to process absentee ballots and canvass the votes cast at the primary or election as set forth in this section.

Each absentee ballot previously not canvassed that was received by the county auditor two days or more before processing absentee ballots and canvassing the votes as delegated by or processed by the county canvassing board, that either was received by the county auditor before the closing of the polls on the day of the primary or election for which it was issued, or that bears a postmark on or before the primary or election for which it was issued, must be processed at that time. The tabulation of votes that results from that day's canvass must be made available to the general public immediately upon completion of the canvass. [2003 c 111 § 1516; 1999 c 259 § 4; 1995 c 139 § 2; 1987 c 54 § 2; 1965 c 9 § 29.62.020. Absentee ballots, canvassing: RCW 29A.40.110.

29A.60.170 Counting center, direction and observation of proceedings—Manual count of certain precincts. (Effective July 1, 2004.) (1) The counting center in a county using voting systems is under the direction of the county auditor and must be observed by one representative from each major political party, if representatives have been appointed by the respective major political parties and these representatives are present while the counting center is operating. The proceedings must be open to the public, but no persons except those employed and authorized by the county auditor may touch any ballot or ballot container or operate a vote tallying system.

(2) In counties in which ballots are not counted at the polling place, the official political party observers, upon mutual agreement, may request that a precinct be selected at random on receipt of the ballots from the polling place and
that a manual count be made of the number of ballots and of the votes cast on any office or issue. The ballots for that precinct must then be counted by the vote tallying system, and this result will be compared to the results of the manual count. This may be done as many as three times during the tabulation of ballots on the day of the primary or election. (3) In counties using poll-site ballot counting devices, the political party observers, upon mutual agreement, may choose as many as three precincts and request that a manual count be made of the number of ballots and the votes cast on any office or issue. The results of this count will be compared to the count of the precinct made by the poll-site ballot counting device. These selections must be made no later than thirty minutes after the close of the polls. The manual count must be completed within forty-eight hours after the close of the polls. The process must take place at a location designated by the county auditor for that purpose. The political party observers must receive timely notice of the time and location, and have the right to be present. However, the process must proceed as scheduled if the observers are unable to attend. [2003 c 111 § 1517; 1999 c 158 § 9; 1990 c 59 § 30; 1977 ex.s. c 361 § 71. Formerly RCW 29.54.025, 29.34.153.]

29A.60.180 Credit for voting—Retention of ballots. (Effective July 1, 2004.) Each registered voter casting an absentee ballot will be credited with voting on his or her voter registration record. Absentee ballots must be retained for the same length of time and in the same manner as ballots cast at the precinct polling places. [2003 c 111 § 1518. Prior: 2001 c 241 § 12; 1988 c 181 § 3; 1987 c 346 § 16; 1983 c 136 § 1; 1965 c 9 § 29.36.075; prior: 1961 c 78 § 1. Formerly RCW 29.36.330, 29.36.075.]

(1) On the tenth day after a special election or primary and on the fifteenth day after a general election, the county canvassing board shall complete the canvass and certify the results. Each absentee ballot that was returned before the closing of the polls on the date of the primary or election for which it was issued, and each absentee ballot with a postmark on or before the date of the primary or election for which it was issued and received on or before the date on which the primary or election is certified, must be included in the canvass report. (2) At the request of a caucus of the state legislature, the county auditor shall transmit copies of all unofficial returns of state and legislative primaries or elections prepared by or for the county canvassing board to either the secretary of the senate or the chief clerk of the house or [of] representatives. [2003 c 111 § 1519.]

29A.60.200 Canvassing board—Canvassing procedure—Penalty. (Effective July 1, 2004.) Before canvassing the returns of a primary or election, the chair of the county legislative authority or the chair’s designee shall administer an oath to the county auditor or the auditor’s designee attesting to the authenticity of the information presented to the canvassing board. This oath must be signed by the county auditor or designee and filed with the returns of the primary or election.

The county canvassing board shall proceed to verify the results from the precincts and the absentee ballots. The board shall execute a certificate of the results of the primary or election signed by all members of the board or their designees. Failure to certify the returns, if they can be ascertained with reasonable certainty, is a crime under RCW 29A.84.720. [2003 c 111 § 1520; 1990 c 59 § 63; 1965 c 9 § 29.62.040. 29A.60.210 Recanvass—Generally. (Effective July 1, 2004.) Whenever the canvassing board finds that there is an apparent discrepancy or an inconsistency in the returns of a primary or election, the board may recanvass the ballots or voting devices in any precincts of the county. The canvassing board shall conduct any necessary recanvass activity on or before the last day to certify the primary or election and correct any error and document the correction of any error that it finds. 29A.60.230 Abstract by election officer—Transmittal to secretary of state. (Effective July 1, 2004.) (1) Immediately after the official results of a state primary or general election in a county are ascertained, the county auditor or other election officer shall make an abstract of the number of registered voters in each precinct and of all the votes cast in the county at such state primary or general election for and against state measures and for each candidate for federal, state, and legislative office or for any other office which the secretary of state is required by law to canvass. The cumulative report of the election and a copy of the certificate of the election must be transmitted to the secretary of state immediately, through electronic means and mailed with the abstract of votes no later than the next business day following the certification by the county canvassing board.

(2) After each general election, the county auditor or other election officer shall provide to the secretary of state a report of the number of absentee ballots cast in each precinct for and against state measures and for each candidate for federal, state, and legislative office or for any other office which the secretary of state is required by law to canvass. The report may be included in the abstract required by this section or may be transmitted to the secretary of state separately, but in no event later than March 31st of the year following the election. Absentee ballot results may be incorporated into votes cast at the polls for each precinct or may be reported separately on a precinct-by-precinct basis.

(3) If absentee ballot results are not incorporated into votes cast at the polls, the county auditor or other election official may aggregate results from more than one precinct if the auditor, pursuant to rules adopted by the secretary of state, finds that reporting a single precinct’s absentee ballot results would jeopardize the secrecy of a person’s ballot. To the extent practicable, precincts for which absentee results are aggregated must be contiguous. the votes cast upon any question or issue. They shall designate one of the members of the group as chair and shall indicate the voting residence of each member of the group.

An application for a recount of the votes cast for an office or on a ballot measure must be filed with the officer with whom filings are made for the jurisdiction.

An application for a recount must specify whether the recount will be done manually or by the vote tally system. A recount done by the vote tally system must use programming that recounts and reports only the office or ballot measure in question. The county shall also provide for a test of the logic and accuracy of that program.

An application for a recount must be filed within three business days after the county canvassing board or secretary of state has declared the official results of the primary or election for the office or issue for which the recount is requested.

This chapter applies to the recounting of votes cast by paper ballots and to the recounting of votes recorded on ballots counted by a vote tally system. 29A.64.020 Mandatory. (Effective July 1, 2004.) (1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing board, all interested parties or until the affected parties have received the notice of the time and place of the recount to the applicant or affected parties and, if the application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a machine recount, the deposit must be equal to fifteen cents for each ballot. These charges shall be determined by the county canvassing board or boards under RCW 29A.64.080.

The county canvassing board shall determine a time and a place or places at which the recount will be conducted. This time shall be less than three business days after the day upon which: The application was filed with the board; the request for a recount or directive ordering a recount was received by the board from the secretary of state; or the returns are certified which indicate that a recount is required under RCW 29A.64.020 for an issue or office voted upon only within the county. Not less than two days before the date of the recount, the county auditor shall mail a notice of the time and place of the recount to the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast for that office. The county auditor shall also notify the affected parties by either telephone, fax, e-mail, or other electronic means at the time of mailing. At least three attempts must be made over a two-day period to notify the affected parties or until the affected parties have received the notification. Each attempt to notify affected parties must request a return response indicating that the notice has been received. Each person entitled to receive notice of the recount may attend, witness the recount, and be accompanied by counsel.

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable guidelines adopted by the canvassing board, all interested persons may attend and witness a recount. [2003 c 111 § 1603. 29A.64.040 Procedure—Observers—Request to stop. (Effective July 1, 2004.) (1) At the time and place established for a recount, the canvassing board or its duly authorized representatives, in the presence of all witnesses who may be in attendance, shall open the sealed containers containing the ballots to be recounted, and shall recount the votes for the offices or issues for which the recount has been ordered. Ballots shall be handled only by the members of the canvassing board or their duly authorized representatives.

Witnesses shall be permitted to observe the ballots and the process of tabulating the votes, but they shall not be permitted to handle the ballots. The canvassing board shall not permit the tabulation of votes for any nomination, election, or issue other than the ones for which a recount was applied for or required.

(2) At any time before the ballots from all of the precincts listed in the application for the recount have been recounted, the applicant may file with the board a written request to stop the recount.

(3) The recount may be observed by persons representing the candidates affected by the recount or the persons representing both sides of an issue that is being recounted. The observers may not make a record of the names, addresses, or other information on the ballots, poll books, or applications for absentee ballots unless authorized by the superior court. The secretary of state or county auditor may limit the number of observers to not less than two on each side if, in his or her opinion, a greater number would cause undue delay or disruption of the recount process. 29A.64.050 Partial recount requiring complete recount. (Effective July 1, 2004.) When a partial recount of votes cast for an office or issue changes the result of the election, the canvassing board or the secretary of state, if the office or issue is being recounted at his or her direction, shall order a complete recount of all ballots cast for the office or issue for the jurisdiction in question.

This recount will be conducted in a manner consistent with RCW 29A.64.020. [2003 c 111 § 1605. Prior: 2001 c 225 § 7. Formerly RCW 29.64.035.]

29A.64.060 Amended abstracts. (Effective July 1, 2004.) Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

If the nomination, election, or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election or primary.

If the nomination, election, or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election. [2003 c 111 § 1606. 29A.64.080 Expenses—Charges. (Effective July 1, 2004.) The canvassing board shall determine the expenses for conducting a recount of votes.

The cost of the recount shall be deducted from the amount deposited by the applicant for the recount at the time of filing the request for the recount, and the balance shall be returned to the applicant. If the costs of the recount exceed the deposit, the applicant shall pay the difference. No charges may be deducted by the canvassing board from the deposit for a recount if the recount changes the result of the nomination or election for which the recount was ordered. 29A.64.090 Statewide measures—When mandatory—Cost at state expense. (Effective July 1, 2004.) When the official canvass of returns of any election reveals that the difference in the number of votes cast for the approval of a statewide measure and the number of votes cast for the rejection of such measure is less than two thousand votes and also less than one-half of one percent of the total number of votes cast on such measure, the secretary of state shall direct that a recount of all votes cast on such measure be made on such measure, in the manner provided by RCW 29A.64.040 and 29A.64.060, and the cost of such recount will be at state expense. The secretary of state may at any time during the verification process limit the number of observers to not less than two on each side, if in his or her opinion, a greater number would cause undue delay or disruption of the verification process. Any such limitation shall apply equally to both sides. The secretary of state may use any statistical sampling techniques for this verification and canvass which have been adopted by rule as provided by chapter 34.05 RCW. No petition will be rejected on the basis of any statistical method employed, and no petition will be accepted on the basis of any statistical method employed if such method indicates that the petition contains fewer than the requisite number of signatures of legal voters. If the secretary of state finds the same name signed to more than one petition, he or she shall reject all but the first such valid signature. For an initiative to the legislature, the secretary of state shall transmit a certified copy of the proposed measure to the legislature at the opening of its session and, as soon as the signatures on the petition have been verified and canvassed, the secretary of state shall send to the legislature a certificate of the facts relating to the filing, verification, and canvass of the petition. 29A.72.240 Petitions to legislature—Count of signatures—Review.  (Effective July 1, 2004.) Any citizen dissatisfied with the determination of the secretary of state that an initiative or referendum petition contains or does not contain the requisite number of signatures of legal voters may, within five days after such determination, apply to the supreme court of Thurston county for a citation requiring the secretary of state to submit the petition to said court for examination, and for a writ of mandate compelling the certification of the measure and petition, or for an injunction to prevent the certification thereof to the legislature, as the case may be. Such application and all proceedings had thereunder shall take precedence over other cases and shall be speedily heard and determined.

The decision of the superior court granting or refusing to grant the writ of mandate or injunction may be reviewed by the supreme court within five days after the decision of the superior court, and if the supreme court decides that a writ of mandate or injunction, as the case may be, should issue, it shall issue the writ directed to the secretary of state; otherwise, it shall dismiss the proceedings. (d) Population data may not be used for purposes of favoring or disfavoring any racial group or political party.

Any request for review must specify the reason or reasons alleged why the local plan is not consistent with the applicable redistricting criteria. The municipal corporation, county, or district may be joined as respondent. 29A.84.280 Paid petition solicitors—Finding. (Effective July 1, 2004.) The legislature finds that paying a worker,
whose task it is to secure the signatures of voters on initiative
or referendum petitions, on the basis of the number of signa-
tures the worker secures on the petitions encourages the
introduction of fraud in the signature gathering process. Such
a form of payment may act as an incentive for the worker to
courage a person to sign a petition which the person is not
qualified to sign or to sign a petition for a ballot measure even
if the person has already signed a petition for the measure.
Such payments also threaten the integrity of the initiative and
referendum process by providing an incentive for misrepre-
senting the nature or effect of a ballot measure in securing
petition signatures for the measure. [2003 c 111 § 2116.

known, with intent to confuse and mislead the electors by

GENERAL PROVISIONS

Sections
30.04.025 Financial institutions—Loan charges—Out-of-state national banks.
30.04.215 Engaging in other business activities.
30.04.240 Trust business to be kept separate—Authorized deposit of securities. (Effective July 1, 2004.)

30.04.901 Severability—2003 c 24.

30.04.025 Financial institutions—Loan charges—Out-of-state national banks. Notwithstanding any restrictions, limitations, requirements, or other provisions of law, a financial institution, as defined in RCW 30.22.040(12), may charge, take, receive, or reserve interest, discount or other points, finance charges, or other similar charges on any loan or other extension of credit, at a rate or amount that is equal to, or less than, the maximum rate or amount of interest, discount or other points, finance charges, or other similar charges that national banks located in any other state or states may charge, take, receive, or reserve, under 12 U.S.C. Sec. 85, on loans or other extensions of credit to residents of this state. However, this section does not authorize any subsidiary of a bank, of a trust company, of a mutual savings bank, of a savings and loan association, or of a credit union to charge, take, receive, or reserve interest, discount or other points, finance charges, or other similar charges on any loan or other extension of credit, unless the subsidiary is itself a bank, trust company, mutual savings bank, savings and loan association, or credit union. [2003 c 24 § 3.]

30.04.215 Engaging in other business activities. (1) Notwithstanding any other provisions of law, in addition to all powers enumerated by this title, and those necessarily implied therefrom, a bank or trust company may engage in other business activities that have been determined by the board of governors of the federal reserve system or by the United States Congress to be closely related to the business of banking, as of July 27, 2003.

(2) A bank or trust company that desires to perform an activity that is not expressly authorized by subsection (1) of this section shall first apply to the director for authorization to conduct such activity. Within thirty days of the receipt of this application, the director shall determine whether the activity is closely related to the business of banking, whether the public convenience and advantage will be promoted, whether the activity is apt to create an unsafe or unsound practice by the bank or trust company and whether the applicant is capable of performing such an activity. If the director finds the activity to be closely related to the business of banking and the bank or trust company is otherwise qualified, he or she shall immediately inform the applicant that the activity is authorized. If the director determines that such activity is not closely related to the business of banking or that the bank or trust company is not otherwise qualified, he or she shall promptly
inform the applicant in writing. The applicant shall have the right to appeal from an unfavorable determination in accordance with the procedures of the Administrative Procedure Act, chapter 34.05 RCW. In determining whether a particular activity is closely related to the business of banking, the director shall be guided by the rulings of the board of governors of the federal reserve system and the comptroller of the currency in making determinations in connection with the powers exercisable by bank holding companies, and the activities performed by other commercial banks or their holding companies.

(3) Notwithstanding any restrictions, limitations, and requirements of law, in addition to all powers, express or implied, that a bank or trust company has under the laws of this state, a bank or trust company shall have the powers and authorities conferred as of August 31, 1994, or a subsequent date not later than July 27, 2003, upon a federally chartered bank doing business in this state. A bank or trust company may exercise the powers and authorities conferred on a federally chartered bank after July 27, 2003, only if the director finds that the exercise of such powers and authorities:

(a) Serves the convenience and advantage of depositors, borrowers, or the general public; and

(b) Maintains the fairness of competition and parity between state-chartered banks or trust companies and federally chartered banks.

As used in this section, "powers and authorities" include without limitation powers and authorities in corporate governance and operational matters.

The restrictions, limitations, and requirements applicable to specific powers or authorities of federally chartered banks shall apply to banks or trust companies exercising those powers or authorities permitted under this section but only insofar as the restrictions, limitations, and requirements relate to exercising the powers or authorities granted banks or trust companies solely under this subsection.

(4) Any activity which may be performed by a bank or trust company, except the taking of deposits, may be performed by (a) a corporation or (b) another entity approved by the director, which in either case is owned in whole or in part by the bank or trust company. [2003 c 24 § 2. Prior: 1995 c 344 § 2; 1995 c 134 § 2; prior: 1994 c 256 § 37; 1994 c 92 § 20; 1986 c 279 § 10; 1983 c 157 § 8; 1969 c 136 § 7.]

Findings—Construction—1994 c 256: See RCW 43.320.007.

30.04.217 Additional powers—Powers and authorities of mutual savings bank—Restrictions. Notwithstanding any other provisions of law, in addition to all powers, express or implied, that a bank or trust company has under the laws of this state, a bank or trust company shall have the powers and authorities conferred upon a mutual savings bank under Title 32 RCW, only if:

(1) The bank or trust company notifies the director at least thirty days prior to the exercise of such power or authority by the bank or trust company, unless the director waives or modifies this requirement for notice as to the exercise of a power, authority, or category of powers or authorities by the bank or trust company;

(2) The director finds that the exercise of such powers and authorities by the bank or by the trust company serves the convenience and advantage of depositors, borrowers, or the general public; and

(3) The director finds that the exercise of such powers and authorities by the bank or by the trust company maintains the fairness of competition and parity between banks or trust companies and mutual savings banks.

As used in this section, "powers and authorities" include without limitation powers and authorities in corporate governance and operational matters.

The restrictions, limitations, and requirements applicable to specific powers or authorities of mutual savings banks shall apply to banks or trust companies exercising those powers or authorities permitted under this section but only insofar as the restrictions, limitations, and requirements relate to exercising the powers or authorities granted banks or trust companies solely under this section. [2003 c 24 § 1.]

30.04.240 Trust business to be kept separate—Authorized deposit of securities. (Effective July 1, 2004.)

(1) Every corporation doing a trust business shall maintain in its office a trust department in which it shall keep books and accounts of its trust business, separate and apart from its other business. Such books and accounts shall specify the cash, securities and other properties, real and personal, held in each trust, and such securities and properties shall be at all times segregated from all other securities and properties except as otherwise provided in this section.

(2) Any person connected with a bank or trust company who shall, contrary to this section or any other provision of law, commingle any funds or securities of any kind held by such corporation in trust, for safekeeping or as agent for another, with the funds or assets of the corporation is guilty of a class B felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding any other provisions of law, any fiduciary holding securities in its fiduciary capacity or any state bank, national bank, or trust company holding securities as fiduciary or as custodian for a fiduciary is authorized to deposit or arrange for the deposit of such securities: (a) In a clearing corporation (as defined in Article 8 of the Uniform Commercial Code, chapter 62A.8 RCW); (b) within another state bank, national bank, or trust company having trust power whether located inside or outside of this state; or (c) within itself. When such securities are so deposited, certificates representing securities of the same class of the same issuer may be merged and held in bulk in the name of the nominee of such clearing corporation or state bank, national bank, or trust company holding the securities as the depository, with any other such securities deposited in such clearing corporation or depository by any person, regardless of the ownership of such securities, and certificates of small denomination may be merged into one or more certificates of larger denomination. The records of such fiduciary and the records of such state bank, national bank, or trust company as a fiduciary or as custodian for a fiduciary shall at all times show the name of the party for whose account the securities are so deposited. Ownership of, and other interests in, such securities may be transferred by bookkeeping entries on the books of such clearing corporation, state bank, national bank, or
trust company without physical delivery or alteration of certificates representing such securities. A state bank, national bank, or trust company so depositing securities pursuant to this section shall be subject to such rules and regulations as, in the case of state chartered banks and trust companies, the director and, in the case of national banking associations, the comptroller of the currency may from time to time issue. A state bank, national bank, or trust company acting as custodian for a fiduciary shall, on demand by the fiduciary, certify in writing to the fiduciary the securities so deposited by such state bank, national bank, or trust company in such clearing corporation or state bank, national bank, or trust company acting as such depository for the account of such fiduciary. A fiduciary shall, on demand by any party to a judicial proceeding for the settlement of such fiduciary's account or on demand by the attorney for such party, certify in writing to such party the securities deposited by such fiduciary in such clearing corporation or state bank, national bank, or trust company acting as such depository for its account as such fiduciary.

This subsection shall apply to any fiduciary holding securities in its fiduciary capacity, and to any state bank, national bank, or trust company holding securities as a custodian, managing agent, or custodian for a fiduciary, acting on March 14, 1973 or who thereafter may act regardless of the date of the agreement, instrument, or court order by which it is appointed and regardless of whether or not such fiduciary, custodian, managing agent, or custodian for a fiduciary owns capital stock of such clearing corporation. 30.04.260 Legal services, advertising of—Penalty. (Effective July 1, 2004.) (1) No trust company or other corporation which advertises that it will furnish legal advice, construct or prepare wills, or do other legal work for its customers, shall be permitted to act as executor, administrator, or guardian; and any trust company or other corporation whose officers or agents shall solicit legal business shall be ineligible for a period of one year thereafter to be appointed executor, administrator or guardian in any of the courts of this state.

(2) Any trust company or other corporation which advertises that it will furnish legal advice, construct or prepare wills, or do other legal work for its customers, and any officer, agent, or employee of any trust company or corporation who shall solicit legal business is guilty of a gross misdemeanor. Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.
31.45.030 License required—Small loan endorsement—Application—Fee—Bond—Deposit in lieu of bond—Director's duties. (1) Except as provided in RCW 31.45.020, no check casher or seller may engage in business without first obtaining a license from the director in accordance with this chapter. A license is required for each location where a licensee engages in the business of cashing or selling checks or drafts.

(2) Each application for a license shall be in writing in a form prescribed by the director and shall contain the following information:

(a) The legal name, residence, and business address of the applicant and, if the applicant is a partnership, association, or corporation, of every member, officer, and director thereof;

(b) The location where the initial registered office of the applicant will be located in this state;

(c) The complete address of any other locations at which the applicant proposes to engage in business as a check casher or seller; and

(d) Such other data, financial statements, and pertinent information as the director may require with respect to the applicant, its directors, trustees, officers, members, or agents.

(3) Any information in the application regarding the personal residential address or telephone number of the applicant, and any trade secret as defined in RCW 19.108.010 including any financial statement that is a trade secret, is exempt from the public records disclosure requirements of chapter 42.17 RCW.

(4) The application shall be filed together with an investigation and supervision fee established by rule by the director. Such fees collected shall be deposited to the credit of the financial services regulation fund in accordance with RCW 43.320.110.

(5)(a) Before granting a license to sell checks, drafts, or money orders under this chapter, the director shall require that the licensee file with the director a surety bond running to the state of Washington, which bond shall be issued by a surety insurer which meets the requirements of chapter 48.28 RCW, and be in a format acceptable to the director. The director shall adopt rules to determine the penal sum of the bond that shall be filed by each licensee. The bond shall be conditioned upon the licensee paying all persons who purchase checks, drafts, or money orders from the licensee the face value of any check, draft, or money order which is dishonored by the drawee bank, savings bank, or savings and loan association due to insufficient funds or by reason of the account having been closed. The bond shall only be liable for the face value of the dishonored check, draft, or money order, and shall not be liable for any interest or consequential damages.

(b) Before granting a small loan endorsement under this chapter, the director shall require that the licensee file with the director a surety bond in a format acceptable to the director, issued by a surety insurer that meets the requirements of chapter 48.28 RCW. The director shall adopt rules to determine the penal sum of the bond that shall be filed by each licensee. A licensee who wishes to engage in both check selling and making small loans may combine the penal sums of the bonding requirements and file one bond in a form acceptable to the director. The bond shall run to the state of Washington as obligee, and shall run to the benefit of the state and any person or persons who suffer loss by reason of the licensee's violation of this chapter or any rules adopted under this chapter. The bond shall only be liable for damages suffered by borrowers as a result of the licensee's violation of this chapter or rules adopted under this chapter, and shall not be liable for any interest or consequential damages.

(c) The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director and licensee of its intent to cancel the bond. The cancellation is effective thirty days after the notice is received by the director. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond shall not be liable for any liability of the licensee for tortious acts, whether or not such liability is imposed by statute or common law, or is imposed by contract. The bond shall not be a substitute or supplement to any liability or other insurance required by law or by the contract. If the surety desires to make payment without awaiting court action against it, the penal sum of the bond shall be reduced to the extent of any payment made by the surety in good faith under the bond.

(d) Any person who is a purchaser of a check, draft, or money order from the licensee having a claim against the licensee for the dishonor of any check, draft, or money order by the drawee bank, savings bank, or savings and loan association due to insufficient funds or by reason of the account having been closed, or who obtained a small loan from the licensee and was damaged by the licensee's violation of this chapter or rules adopted under this chapter, may bring suit upon such bond or deposit in the superior court of the county in which the check, draft, or money order was purchased, or in the superior court of a county in which the licensee maintains a place of business. Jurisdiction shall be exclusively in the superior court. Any such action must be brought not later
than one year after the dishonor of the check, draft, or money order on which the claim is based. In the event valid claims against a bond or deposit exceed the amount of the bond or deposit, each claimant shall only be entitled to a pro rata amount, based on the amount of the claim as it is valid against the bond, or deposit, without regard to the date of filing of any claim or action.

(e) In lieu of the surety bond required by this section, the applicant for a check seller license may file with the director a deposit consisting of cash or other security acceptable to the director in an amount equal to the penal sum of the required bond. In lieu of the surety bond required by this section, the applicant for a small loan endorsement may file with the director a deposit consisting of cash or other security acceptable to the director in an amount equal to the penal sum of the required bond, or may demonstrate to the director net worth in excess of three times the amount of the penal sum of the required bond.

The director may adopt rules necessary for the proper administration of the security or to establish reporting requirements to ensure that the net worth requirements continue to be met. A deposit given instead of the bond required by this section is not an asset of the licensee for the purpose of complying with the liquid asset provisions of this chapter. A deposit given instead of the bond required by this section is a fund held in trust for the benefit of eligible claimants under this section and is not an asset of the estate of any licensee that seeks protection voluntarily or involuntarily under the bankruptcy laws of the United States.

(f) Such security may be sold by the director at public auction if it becomes necessary to satisfy the requirements of this chapter. Notice of the sale shall be served upon the licensee who placed the security personally or by mail. If notice is served by mail, service shall be addressed to the licensee at its address as it appears in the records of the director. Bearer bonds of the United States or the state of Washington without a prevailing market price must be sold at public auction. Such bonds having a prevailing market price may be sold at private sale not lower than the prevailing market price. Upon any sale, any surplus above amounts due shall be returned to the licensee, and the licensee shall deposit with the director additional security sufficient to meet the amount required by the director. A deposit given instead of the bond required by this section shall not be deemed an asset of the licensee for the purpose of complying with the liquid asset provisions of this chapter. [2003 c 86 § 3; 2001 c 177 § 11; 1995 c 18 § 4; 1994 c 92 § 276; 1993 c 176 § 1; 1991 c 355 § 3.]

Effective date—2001 c 177: See note following RCW 43.320.080.
Effective date—1993 c 176: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 30, 1993]." [1993 c 176 § 2.]

Examination reports and information from financial institutions exempt: RCW 42.17.31911.

31.45.040 Application for license or small loan endorsement—Financial responsibility—Director's investigation. (1) The director shall conduct an investigation of every applicant to determine the financial responsibility, experience, character, and general fitness of the applicant. The director shall issue the applicant a license to engage in the business of cashing or selling checks, or both, or a small loan endorsement, if the director determines to his or her satisfaction that:

(a) The applicant has satisfied the requirements of RCW 31.45.030;
(b) The applicant is financially responsible and appears to be able to conduct the business of cashing or selling checks or making small loans in an honest, fair, and efficient manner with the confidence and trust of the community; and
(c) The applicant has the required bonds, or has provided an acceptable alternative form of financial security.

(2) The director may refuse to issue a license or small loan endorsement if he or she finds that the applicant, or any person who is a director, officer, partner, agent, sole proprietor, owner, or controlling person of the applicant, has been convicted of a felony in any jurisdiction within seven years of filing the present application or is associating or consorting with any person who has been convicted of a felony in any jurisdiction within seven years of filing the present application. The term "substantial stockholder" as used in this subsection, means a person owning or controlling ten percent or more of the total outstanding shares of the applicant corporation.

(3) A license or small loan endorsement may not be issued to an applicant:

(a) Whose license to conduct business under this chapter, or any similar statute in any other jurisdiction, has been suspended or revoked within five years of the filing of the present application;
(b) Who has been banned from the industry by an administrative order issued by the director or the director's designee, for the period specified in the administrative order; or
(c) When any person who is a sole proprietor, owner, director, officer, partner, agent, or controlling person of the applicant has been banned from the industry in an administrative order issued by the director, for the period specified in the administrative order.

(4) A license or small loan endorsement issued under this chapter shall be conspicuously posted in the place of business of the licensee. The license is not transferable or assignable.

(5) A license or small loan endorsement issued in accordance with this chapter remains in force and effect until surrendered, suspended, or revoked, or until the license expires as a result of nonpayment of the annual assessment fee. [2003 c 86 § 4; 1996 c 13 § 1; 1995 c 18 § 5; 1994 c 92 § 277; 1991 c 355 § 4.]

31.45.050 Investigation or examination fee and annual assessment fee required—Amounts determined by rule—Failure to pay—Notice requirements of licensee. (1) Each applicant and licensee shall pay to the director an investigation or examination fee as established in rule and an annual assessment fee for the coming year in an amount determined by rule as necessary to cover the operation of the program. The annual assessment fee is due upon the annual assessment fee due date as established in rule. Nonpayment of the annual assessment fee may result in expiration of the license as provided in subsection (2) of this section. In establishing the fees, the director shall differentiate between check cashing and check selling and making small loans, and consider at least the volume of business, level of risk, and poten-
31.45.060 Licensee—Schedule of fee and charges—Recordkeeping. (1) A schedule of the fees and the charges for the cashing and selling of checks, drafts, money orders, or other commercial paper serving the same purpose shall be conspicuously and continuously posted in every location licensed under this chapter. The licensee shall provide to its customer a receipt for each transaction. The receipt must include the name of the licensee, the type and amount of the transaction, and the fee or fees charged for the transaction.

(2) Each licensee shall keep and maintain such business books, accounts, and records as the director may require to fulfill the purposes of this chapter. Every licensee shall preserve such books, accounts, and records as required in rule by the director for at least two years from the completion of the transaction. Records may be maintained on an electronic, magnetic, optical, or other storage media. However, the licensee must maintain the necessary technology to permit access to the records by the department for the period required under this chapter.

(3) A check, draft, or money order sold by a licensee shall be drawn on an account of a licensee maintained in a federally insured financial institution authorized to do business in the state of Washington. [2003 c 86 § 6; 1994 c 92 § 279; 1991 c 355 § 6.]

31.45.070 Licensee—Permissible transactions—Restrictions. (1) No licensee may engage in a loan business or the negotiation of loans or the discounting of notes, bills of exchange, checks, or other evidences of debt on the same premises where a check cashing or selling business is conducted, unless the licensee:

(a) Is conducting the activities of pawnbroker as defined in RCW 19.60.010;

(b) Is a properly licensed consumer loan company under chapter 31.04 RCW;

(c) Is conducting other lending activity permitted in the state of Washington; or

(d) Has a small loan endorsement.

(2) Except as otherwise permitted in this chapter, no licensee may at any time cash or advance any moneys on a postdated check or draft. However, a licensee may cash a check payable on the first banking day following the date of cashing if:

(a) The check is drawn by the United States, the state of Washington, or any political subdivision of the state, or by any department or agency of the state or its subdivisions; or

(b) The check is a payroll check drawn by an employer to the order of its employee in payment for services performed by the employee.

(3) Except as otherwise permitted in this chapter, no licensee may agree to hold a check or draft for later deposit. A licensee shall deposit all checks and drafts cashed by the licensee as soon as practicable.

(4) No licensee may issue or cause to be issued any check, draft, or money order, or other commercial paper serving the same purpose, that is drawn upon the trust account of a licensee without concurrently receiving the full principal amount, in cash, or by check, draft, or money order from a third party believed to be valid.

(5) No licensee may advertise, print, display, publish, distribute, or broadcast or cause or permit to be advertised, printed, displayed, published, distributed, or broadcast, any statement or representation that is false, misleading, or deceptive, or that omits material information, or that refers to the supervision of the licensee by the state of Washington or any department or official of the state.

(6) Each licensee shall comply with all applicable federal statutes governing currency transaction reporting. [2003 c 86 § 7; 1995 c 18 § 7; 1994 c 92 § 280; 1991 c 355 § 7.]

31.45.073 Making small loans—Endorsement required—Termination date—Maximum amount—Interest—Fees—Postdated check or draft as security. (1) No licensee may engage in the business of making small loans without first obtaining a small loan endorsement to its license from the director in accordance with this chapter. An endorsement will be required for each location where a licensee engages in the business of making small loans, but a small loan endorsement may authorize a licensee to make small loans at a location different than the licensed locations where it cashes or sells checks. A licensee may have more than one endorsement.
(2) The termination date of a small loan may not exceed the origination date of that same small loan by more than forty-five days, including weekends and holidays, unless the term of the loan is extended by agreement of both the borrower and the licensee and no additional fee or interest is charged. The maximum principal amount of any small loan, or the outstanding principal balances of all small loans made by a licensee to a single borrower at any one time, may not exceed seven hundred dollars.

(3) A licensee that has obtained the required small loan endorsement may charge interest or fees for small loans not to exceed in the aggregate fifteen percent of the first five hundred dollars of principal. If the principal exceeds five hundred dollars, a licensee may charge interest or fees not to exceed in the aggregate ten percent of that portion of the principal in excess of five hundred dollars. If a licensee makes more than one loan to a single borrower, and the aggregated principal of all loans made to that borrower exceeds five hundred dollars at any one time, the licensee may charge interest or fees not to exceed in the aggregate ten percent on that portion of the aggregated principal of all loans at any one time that is in excess of five hundred dollars. The director may determine by rule which fees, if any, are not subject to the interest or fee limitations described in this section. It is a violation of this chapter for any licensee to knowingly lend to a single borrower at any one time, in a single loan or in the aggregate, more than the maximum principal amount described in this section.

(4) In connection with making a small loan, a licensee may advance moneys on the security of a postdated check. The licensee may not accept any other property, title to property, or other evidence of ownership of property as collateral for a small loan. The licensee may accept only one postdated check per loan as security for the loan. A licensee may permit a borrower to redeem a postdated check with a payment of cash or the equivalent of cash. The licensee may disburse the proceeds of a small loan in cash, in the form of a check, or in the form of the electronic equivalent of cash or a check.

(5) No person may at any time cash or advance any moneys on a postdated check or draft in excess of the amount of goods or services purchased without first obtaining a small loan endorsement to a check cashier or check seller license. [2003 c 86 § 8; 1995 c 18 § 2.]

31.45.077 Small loan endorsement—Application—Form—Information—Exemption from disclosure—Fees.

(1) Each application for a small loan endorsement to a check cashier or check seller license must be in writing and in a form prescribed by the director and shall contain the following information:

(a) The legal name, residence, and business address of the applicant, and if the applicant is a partnership, corporation, or association, the name and address of every member, partner, officer, and director thereof;

(b) The street and mailing address of each location where the licensee will engage in the business of making small loans;

(c) A surety bond, or other security allowed under RCW 31.45.030, in the amount required; and

(d) Any other pertinent information, including financial statements, as the director may require with respect to the licensee and its directors, officers, trustees, members, or employees.

(2) Any information in the application regarding the licensee's personal residential address or telephone number, and any trade secrets of the licensee as defined under RCW 19.108.010 including any financial statement that is a trade secret, is exempt from the public records disclosure requirements of chapter 42.17 RCW.

(3) The application shall be filed together with an investigation and review fee established by rule by the director. Fees collected shall be deposited to the credit of the financial services regulation fund in accordance with RCW 43.320.110. [2003 c 86 § 9; 2001 c 177 § 13; 1995 c 18 § 3.]

Effective date—2001 c 177: See note following RCW 43.320.080.

31.45.079 Making small loans—Agent for a licensee or exempt entity—Federal preemption. A person may not engage in the business of making small loans as an agent for a licensee or exempt entity without first obtaining a small loan endorsement to a check cashier or check seller license under this chapter. An agent of a licensee or exempt entity engaged in the business of making small loans is subject to this chapter. To the extent that federal law preempts the applicability of any part of this chapter, all other parts of this chapter remain in effect. [2003 c 86 § 10.]

31.45.082 Delinquent small loan—Collection by licensee or third party. A licensee shall comply with all applicable state and federal laws when collecting a delinquent small loan. A licensee may charge a one-time fee as determined in rule by the director to any borrower in default on any loan or loans where the borrower's check has been returned unpaid by the financial institution upon which it was drawn. A licensee may take civil action under Title 62A RCW to collect upon a check that has been dishonored. If the licensee takes civil action, a licensee may charge the borrower the cost of collection as allowed under RCW 62A.3-515, but may not collect attorneys' fees or any other interest or damages as allowed under RCW 62A.3-515. A licensee may not threaten criminal prosecution as a method of collecting a delinquent small loan. If a dishonored check is assigned to any third party for collection, this section applies to the third party for the collection of the dishonored check. [2003 c 86 § 11.]

31.45.084 Small loan payment plan—Terms—Restrictions. (1) A licensee and borrower may agree to a payment plan for a small loan at any time. After four successive loans and prior to default upon the last loan, each borrower may convert their small loan to a payment plan. Each agreement for a loan payment plan must be in writing and acknowledged by both the borrower and the licensee. The licensee may charge the borrower, at the time both parties enter into the payment plan, a one-time fee for the payment plan in an amount up to the fee or interest on the outstanding principal of the loan as allowed under RCW 31.45.073(3). The licensee may not assess any other fee, interest charge, or other charge on the borrower as a result of converting the small loan into a payment plan. This payment plan must provide for the payment of the total of payments due on the small loan in a payment plan. [2003 RCW Supp—page 401]
31.45.086 Small loans—Right of rescission. A borrower may rescind a loan, on or before the close of business on the next day of business at the location where the loan was originated, by returning the principal in cash or the original check disbursed by the licensee to fund the small loan. The licensee may not charge the borrower for rescinding the loan. 34.05.328 Significant legislative rules, other selected rules. (1) Before adopting a rule described in subsection (5) of this section, an agency shall:

(a) Clearly state in detail the general goals and specific objectives of the statute that the rule implements;

(b) Determine that the rule is needed to achieve the general goals and specific objectives stated under (a) of this subsection, and analyze alternatives to rule making and the consequences of not adopting the rule;

(c) Provide notification in the notice of proposed rule making under RCW 34.05.320 that a preliminary cost-benefit analysis is available. The preliminary cost-benefit analysis must fulfill the requirements of the cost-benefit analysis under (d) of this subsection. If the agency files a supplemental notice under RCW 34.05.340, the supplemental notice shall include notification that a revised preliminary cost-benefit analysis is available. A final cost-benefit analysis shall be available when the rule is adopted under RCW 34.05.360;

(d) Determine that the probable benefits of the rule are greater than its probable costs, taking into account both the qualitative and quantitative benefits and costs and the specific directives of the statute being implemented;

(e) Determine, after considering alternative versions of the rule and the analysis required under (b), (c), and (d) of this subsection, that the rule being adopted is the least burdensome alternative for those required to comply with it that will achieve the general goals and specific objectives stated under (a) of this subsection;

(f) Determine that the rule does not require those to whom it applies to take an action that violates requirements of another federal or state law;

(g) Determine that the rule does not impose more stringent performance requirements on private entities than on public entities unless required to do so by federal or state law;

(h) Determine if the rule differs from any federal regulation or statute applicable to the same activity or subject matter and, if so, determine that the difference is justified by the following:

(i) A state statute that explicitly allows the agency to differ from federal standards; or

(ii) Substantial evidence that the difference is necessary to achieve the general goals and specific objectives stated under (a) of this subsection; and

(i) Coordinate the rule, to the maximum extent practicable, with other federal, state, and local laws applicable to the same activity or subject matter.

(2) In making its determinations pursuant to subsection (1)(b) through (h) of this section, the agency shall place in the rule-making file documentation of sufficient quantity and quality so as to persuade a reasonable person that the determinations are justified.

(3) Before adopting rules described in subsection (5) of this section, an agency shall place in the rule-making file a rule implementation plan for rules filed under each adopting order. The plan shall describe how the agency intends to:

(a) Implement and enforce the rule, including a description of the resources the agency intends to use;

(b) Inform and educate affected persons about the rule;

(c) Promote and assist voluntary compliance; and

(d) Evaluate whether the rule achieves the purpose for which it was adopted, including, to the maximum extent practicable, the use of interim milestones to assess progress and the use of objectively measurable outcomes.

(4) After adopting a rule described in subsection (5) of this section regulating the same activity or subject matter as another provision of federal or state law, an agency shall do all of the following:

(a) Provide to the business assistance center a list citing by reference the other federal and state laws that regulate the same activity or subject matter;

(b) Coordinate implementation and enforcement of the rule with the other federal and state entities regulating the same activity or subject matter by making every effort to do one or more of the following:

(i) Deferring to the other entity;

(ii) Designating a lead agency; or

(iii) Entering into an agreement with the other entities specifying how the agency and entities will coordinate implementation and enforcement.

If the agency is unable to comply with this subsection (4)(b), the agency shall report to the legislature pursuant to (c) of this subsection;

(c) Report to the joint administrative rules review committee:

(i) The existence of any overlap or duplication of other federal or state laws, any differences from federal law, and any known overlap, duplication, or conflict with local laws; and

(ii) Make recommendations for any legislation that may be necessary to eliminate or mitigate any adverse effects of such overlap, duplication, or difference.

(5)(a) Except as provided in (b) of this subsection, this section applies to:

(i) Significant legislative rules of the departments of ecology, labor and industries, health, revenue, social and health services, and natural resources, the employment security department, the forest practices board, the office of the insurance commissioner, and to the legislative rules of the department of fish and wildlife implementing chapter 77.55 RCW; and

(ii) Any rule of any agency, if this section is voluntarily made applicable to the rule by the agency, or is made applicable to the rule by a majority vote of the joint administrative rules review committee within forty-five days of receiving the notice of proposed rule making under RCW 34.05.320.

(b) This section does not apply to:

(i) Emergency rules adopted under RCW 34.05.350;

(ii) Rules relating only to internal governmental operations that are not subject to violation by a nongovernmental party.
(iii) Rules adopting or incorporating by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated regulates the same subject matter and conduct as the adopting or incorporating rule;

(iv) Rules that only correct typographical errors, make address or name changes, or clarify language of a rule without changing its effect;

(v) Rules the content of which is explicitly and specifically dictated by statute;

(vi) Rules that set or adjust fees or rates pursuant to legislative standards;

(vii) Rules of the department of social and health services relating only to client medical or financial eligibility and rules concerning liability for care of dependents.

(c) For purposes of this subsection:

(i) A "procedural rule" is a rule that adopts, amends, or repeals (A) any procedure, practice, or requirement relating to any agency hearings; (B) any filing or related process requirement for making application to an agency for a license or permit; or (C) any policy statement pertaining to the consistent internal operations of an agency.

(ii) An "interpretive rule" is a rule, the violation of which does not subject a person to a penalty or sanction, that sets forth the agency's interpretation of statutory provisions it administers.

(iii) A "significant legislative rule" is a rule other than a procedural or interpretive rule that (A) adopts substantive provisions of law pursuant to delegated legislative authority, the violation of which subjects a violator of such rule to a penalty or sanction; (B) establishes, alters, or revokes any qualification or standard for the issuance, suspension, or revocation of a license or permit; or (C) adopts a new, or makes significant amendments to, a policy or regulatory program.

(d) In the notice of proposed rule making under RCW 34.05.320, an agency shall state whether this section applies to the proposed rule pursuant to (a)(i) of this subsection, or if the agency will apply this section voluntarily.

(6) By January 31, 1996, and by January 31st of each even-numbered year thereafter, the office of financial management, after consulting with state agencies, counties, and cities, and business, labor, and environmental organizations, shall report to the governor and the legislature regarding the effects of this section on the regulatory system in this state. The report shall document:

(a) The rules proposed to which this section applied and to the extent possible, how compliance with this section affected the substance of the rule, if any, that the agency ultimately adopted;

(b) The costs incurred by state agencies in complying with this section;

(c) Any legal action maintained based upon the alleged failure of any agency to comply with this section, the costs to the state of such action, and the result;

(d) The extent to which this section has adversely affected the capacity of agencies to fulfill their legislatively prescribed mission;

(e) The extent to which this section has improved the acceptability of state rules to those regulated; and

(f) Any other information considered by the office of financial management to be useful in evaluating the effect of this section. [2003 c 165 § 2; 2003 c 39 § 13; 1997 c 430 § 1; 1995 c 403 § 201.]

Revisor's note: *(1) The business assistance center and its powers and duties were terminated June 30, 1995. RCW 43.31.083, 43.31.085, 43.31.087, and 43.31.089 were repealed by 1993 c 280 § 81, effective June 30, 1996.

(2) This section was amended by 2003 c 39 § 13 and by 2003 c 165 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Short title—Intent—1995 c 403: *(1) The legislature finds that:

(a) One of its fundamental responsibilities, to the benefit of all the citizens of the state, is the protection of public health and safety, including health and safety in the workplace, and the preservation of the extraordinary natural environment with which Washington is endowed;

(b) Essential to this mission is the delegation of authority to state agencies to implement the policies established by the legislature; and that the adoption of administrative rules by these agencies helps assure that these policies are clearly understood, fairly applied, and uniformly enforced;

(c) Despite its importance, Washington's regulatory system must not impose excessive, unreasonable, or unnecessary obligations; to do so serves only to discredit government, makes enforcement of essential regulations more difficult, and detrimentally affects the economy of the state and the well-being of our citizens.

(2) The legislature therefore enacts chapter 403, Laws of 1995, to be known as the regulatory reform act of 1995, to ensure that the citizens and environment of this state receive the highest level of protection, in an effective and efficient manner, without stifling legitimate activities and responsible economic growth. To that end, it is the intent of the legislature, in the adoption of chapter 403, Laws of 1995, that:

(a) Unless otherwise authorized, substantial policy decisions affecting the public be made by those directly accountable to the public, namely the legislature, and that state agencies not use their administrative authority to create or amend regulatory programs;

(b) When an agency is authorized to adopt rules imposing obligations on the public, that it do so responsibly: The rules it adopts should be justified and reasonable, with the agency having determined, based on common sense criteria established by the legislature, that the obligations imposed are truly in the public interest;

(c) Governments at all levels better coordinate their regulatory efforts to avoid confusing and frustrating the public with overlapping or contradictory requirements;

(d) The public respect the process whereby administrative rules are adopted, whether or not they agree with the result: Members of the public affected by administrative rules must have the opportunity for a meaningful role in their development; the bases for agency action must be legitimate and clearly articulated;

(e) Members of the public have adequate opportunity to challenge administrative rules with which they have legitimate concerns through meaningful review of the rule by the executive, the legislature, and the judiciary. While it is the intent of the legislature that upon judicial review of a rule, a court should not substitute its judgment for that of an administrative agency, the court should determine whether the agency decision making was rigorous and deliberative; whether the agency reached its result through a process of reason; and whether the agency took a hard look at the rule before its adoption;

(f) In order to achieve greater compliance with administrative rules at less cost, that a cooperative partnership exist between agencies and regulated parties that emphasizes education and assistance before the imposition of penalties; and

(g) Workplace safety and health in this state not be diminished, whether provided by constitution, by statute, or by rule." [1995 c 403 § 1]

Expedited adoption: RCW 34.05.353.

34.05.362 Postadoption notice. Either before or within two hundred days after the effective date of an adopted rule that imposes additional requirements on businesses the violation of which subjects the business to a penalty, assessment, or administrative sanction, an agency identified in RCW 34.05.220(6) shall notify businesses affected by the rule of the requirements of the rule and how to obtain technical assistance to comply. Notification must be provided by e-mail, if possible, to every person identified to receive the postadoption notice under RCW 34.05.220(6).

The notification must announce the rule change, briefly summarize the rule change, refer to appeal procedures under RCW 34.05.330, and include a contact for more information. Failure to notify a specific business under this section does not invalidate a rule or waive the requirement to comply with the rule. The requirements of this section do not apply to emergency rules adopted under RCW 34.05.350. [2003 c 246 § 3.]

Finding—2003 c 246: “The legislature finds that many businesses in the state are frustrated by the complexity of the regulatory system. The Washington Administrative Code containing agency rules now fills twelve volumes, and appears to be growing each year. While the vast majority of businesses make a good faith attempt to comply with applicable laws and rules, many find it extremely difficult to keep up with agencies’ issuance of new rules and requirements. Therefore, state agencies are directed to make a good faith attempt to notify businesses affected by rule changes that may subject noncomplying businesses to penalties.” [2003 c 246 § 1.]

34.05.518 Direct review by court of appeals. (1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43.21L RCW, be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and

(d) The appellate court’s determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and growth management hearings boards as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

(i) Fundamental and urgent statewide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.21L RCW.

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court’s decision may be appealed to the court of appeals. [2003 c 393 § 16; 1995 c 382 § 5; 1988 c 288 § 503; 1980 c 76 § 1. Formerly RCW 34.04.133.]

Except where all the property sought to be annexed is property of a school district, and the school directors thereof file the petition for annexation as in RCW 28A.335.110, the petition must be signed by the owners of a majority of the acreage for which annexation is petitioned and a majority of the registered voters residing in the area for which annexation is petitioned.

(2) If no residents exist within the area proposed for annexation, the petition must be signed by the owners of a majority of the acreage for which annexation is petitioned.

(3) The petition shall set forth a legal description of the property proposed to be annexed that complies with RCW 35.02.170, and shall be accompanied by a drawing that outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or any portion of city or town indebtedness by the area annexed, and/or the adoption of a comprehensive plan for the area to be annexed, these facts, together with a quotation of the minute entry of such requirement or requirements, shall be set forth in the petition. [2003 c 331 § 3.]

Intent—Severability—Effective date—2003 c 331: See notes following RCW 35.13.410.

35.13.430 Alternative direct petition method—Notice of hearing. When a petition for annexation is filed with the city or town council, or commission in those cities having a commission form of government, that meets the requirements of RCW 35.13.410, 35.13.420, and 35.21.005, of which fact satisfactory proof may be required by the council or commission, the council or commission may entertain the same, fix a date for a public hearing thereon and cause notice of the hearing to be published in one issue of a newspaper of general circulation in the city or town. Subject to the provisions of RCW 35.13.410, 35.13.460, and 35.21.005, they may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the ordinance a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located. [2003 c 331 § 5.]

**Intent—Severability—Effective date—2003 c 331:** See notes following RCW 35.13.410.

**35.13.450** Alternative direct petition method—Effective date of annexation and comprehensive plan—Assessment, taxation of territory annexed. Upon the date fixed in the ordinance of annexation, the area annexed shall become part of the city or town. All property within the annexed territory shall, if the annexation petition so provided, be assessed and taxed at the same rate and on the same basis as the property of such annexing city or town is assessed and taxed to pay for all or of any portion of the then outstanding indebtedness of the city or town to which the area is annexed, approved by the voters, contracted, or incurred before, or existing at, the date of annexation. If the annexation petition so provided, all property in the annexed subject is to and is a part of the comprehensive plan as prepared and filed as provided for in RCW 35.13.177 and 35.13.178. **35.13.460** Alternative direct petition method—Method is alternative. The method of annexation provided for in RCW 35.13.410 through 35.13.450 is an alternative method, and does not supersede any other method. [2003 c 331 § 7.]

**Intent—Severability—Effective date—2003 c 331:** See notes following RCW 35.13.410.

**35.13.470** Annexation of territory within urban growth areas—Interlocal agreement—Public hearing—Ordinance providing for annexation. (1) The legislative body of a county, city, or town planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process for unincorporated territory by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any city or town within the county. The territory proposed for annexation must meet the following criteria: (a) Be within the city or town urban growth area designated under RCW 36.70A.110, and (b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing city or town or one or more cities or towns.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city or town, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city or town and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in RCW 35.13.480.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance. [2003 c 299 § 1.]

**35.13.480** Annexation of territory within urban growth areas—County may initiate process with other cities or towns, when—Interlocal agreement—Public hearing—Ordinance providing for annexation—Referendum—Election, when necessary. (1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in RCW 35.13.470 if:

(a) The county legislative body initiated an annexation process as provided in RCW 35.13.470; and

(b) The affected city or town legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or

(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in RCW 35.13.470 and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city or town may, however, pass a resolution extending the negotiation period for one or more six-month

[2003 RCW Supp—page 412]
(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in RCW 35.13.470(4) and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35.13.080 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35.13.070 and 35.13.080. In addition to the provisions of RCW 35.13.070 and 35.13.080, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county. [2003 c 299 § 2.]

   WARNING

Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal voter, or signs a petition when he or she is otherwise
not qualified to sign, or who makes herein any false
statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pen-
cil and shall be followed by the name and address of the
signer and the date of signing.

(3) The term "signer" means any person who signs his or
her own name to the petition.

(4) To be sufficient a petition must contain valid signa-
tures of qualified registered voters or property owners, as the
case may be, in the number required by the applicable statute
or ordinance. Within three working days after the filing of a
petition, the officer with whom the petition is filed shall
transmit the petition to the county auditor for petitions signed
by registered voters, or to the county assessor for petitions
signed by property owners for determination of sufficiency.
The officer or officers whose duty it is to determine the suffi-
ciency of the petition shall proceed to make such a determi-
nation with reasonable promptness and shall file with the
officer receiving the petition for filing a certificate stating the
date upon which such determination was begun, which date
shall be referred to as the terminal date. Additional pages of
one or more signatures may be added to the petition by filing
the same with the appropriate filing officer prior to such ter-
mal date. Any signer of a filed petition may withdraw his or
her signature by a written request for withdrawal filed with
the receiving officer prior to such terminal date. Such written
request shall so sufficiently describe the petition as to make
identification of the person and the petition certain. The
name of any person seeking to withdraw shall be signed
exactly the same as contained on the petition and, after the fil-
ing of such request for withdrawal, prior to the terminal date,
the signature of any person seeking such withdrawal shall be
deemed withdrawn.

(5) Petitions containing the required number of signa-
tures shall be accepted as prima facie valid until their invalid-
ity has been proved.

(6) A variation on petitions between the signatures on the
petition and that on the voter's permanent registration caused
by the substitution of initials instead of the first or middle
names, or both, shall not invalidate the signature on the peti-
tion if the surname and handwriting are the same.

(7) Signatures, including the original, of any person who
has signed a petition two or more times shall be stricken.

(8) Signatures followed by a date of signing which is
more than six months prior to the date of filing of the petition
shall be stricken.

(9) When petitions are required to be signed by the own-
ers of property, the determination shall be made by the
county assessor. Where validation of signatures to the peti-
tion is required, the following shall apply:

(a) The signature of a record owner, as determined by the
records of the county auditor, shall be sufficient without the
signature of his or her spouse;

(b) In the case of mortgaged property, the signature of
the mortgagor shall be sufficient, without the signature of his or
her spouse;

(c) In the case of property purchased on contract, the sig-
nature of the contract purchaser, as shown by the records of
the county auditor, shall be deemed sufficient, without the
signature of his or her spouse;

(d) Any officer of a corporation owning land within the
area involved who is duly authorized to execute deeds or
cumbrances on behalf of the corporation, may sign on
behalf of such corporation, and shall attach to the petition a
certified excerpt from the bylaws of such corporation show-
ing such authority;

(e) When property stands in the name of a deceased per-
son or any person for whom a guardian has been appointed,
the signature of the executor, administrator, or guardian, as
the case may be, shall be equivalent to the signature of the owner
of the property; and

(f) When a parcel of property is owned by multiple own-
ers, the signature of an owner designated by the multiple
owners is sufficient.

(10) The officer or officers responsible for determining
the sufficiency of the petition shall do so in writing and trans-
mit the written certificate to the officer with whom the peti-
tion was originally filed. [2003 c 331 § 8; 1996 c 286 § 6]

age, drainage, and water supply thereof, and to establish, con-
struct, and maintain a system or systems of sewers and drains
and a system or systems of water supply, within or without
the corporate limits of such city or town, and to control, reg-
ulate, and manage the same. In addition, any city or town
may, as part of maintaining a system of sewers and drains or
a system of water supply, or independently of such a system
or systems, participate in and expend revenue on cooperative
watershed management actions, including watershed man-
agement partnerships under RCW 39.34.210 and other inter-
governmental agreements, for purposes of water supply, water
quality, and water resource and habitat protection and man-

35.21.404 Fish enhancement project—City's or
town's liability. A city or town is not liable for adverse
impacts resulting from a fish enhancement project that meets
the criteria of RCW 77.55.290 and has been permitted by
the department of fish and wildlife. [2003 c 39 § 14; 1998 c 249
§ 9.]

Findings—Purpose—Report—Effective date—1998 c 249: See
notes following RCW 77.55.290.

35.21.688 Family day-care provider's home facil-
ity—City or town may not prohibit in residential or com-
mercial area—Conditions. (1) Except as provided in sub-
sections (2) and (3) of this section, no city or town may enact,
enforce, or maintain an ordinance, development regulation,
zoning regulation, or official control, policy, or administra-
tive practice that prohibits the use of a residential dwelling,
located in an area zoned for residential or commercial use, as
a family day-care provider's facility serving twelve or fewer
children.

(2) A city or town may require that the facility: (a) Com-
ply with all building, fire, safety, health code, and business
licensing requirements; (b) conform to lot size, building size,
setbacks, and lot coverage standards applicable to the zoning
district except if the structure is a legal nonconforming struc-
ture; (c) is certified by the office of child care policy licensor
as providing a safe passenger loading area; (d) include sig-
nage, if any, that conforms to applicable regulations; and (e)
limit hours of operations to facilitate neighborhood compati-
ibility, while also providing appropriate opportunity for per-
sons who use family day-care who work a nonstandard work
shift.

(3) A city or town may also require that the family day-
care provider, before state licensing, require proof of written
notification by the provider that the immediately adjoining
property owners have been informed of the intent to locate
and maintain such a facility. If a dispute arises between
neighbors and the day-care provider over licensing require-
ments, the licensor may provide a forum to resolve the dis-
pute.

(4) This section may not be construed to prohibit a city or
town from imposing zoning conditions on the establishment
and maintenance of a family day-care provider's home serv-
ing twelve or fewer children in an area zoned for residential
or commercial use, if the conditions are no more restrictive
than conditions imposed on other residential dwellings in the
same zone and the establishment of such facilities is not pre-
cluded. As used in this section, "family day-care provider" is
as defined in RCW 74.15.020. [2003 c 286 § 1.]

35.21.855  Taxation of intellectual property creating
activities—Gross receipts tax prohibited—Exceptions.
(1) A city may not impose a gross receipts tax on intellectual
property creating activities.

(2) A city may impose a gross receipts tax measured by
gross receipts from royalties only on taxpayers domiciled in
the city. For the purposes of this section, "royalties" does not
include gross receipts from casual or isolated sales as defined
in RCW 82.04.040, grants, capital contributions, donations,
or endowments.

(3) This section does not prohibit a city from imposing a
gross receipts tax measured by the value of products manu-
factured in the city merely because intellectual property cre-
at ing activities are involved in the design or manufacturing
of the products. An intellectual property creating activity shall
not constitute an activity defined within the meaning of the
term "to manufacture" under chapter 82.04 RCW.

(4) This section does not prohibit a city from imposing a
gross receipts tax measured by the gross proceeds of sales
made in the city merely because intellectual property creating
activities are involved in creation of the articles sold.

(5) This section does not prohibit a city from imposing a
gross receipts tax measured by the gross income received for
services rendered in the city merely because intellectual
property creating activities are some part of services ren-
dered.

(6) A tax in effect on January 1, 2002, is not subject to
this section until January 1, 2004.

(7) The definitions in this subsection apply to this sec-
tion.

(a) "Gross receipts tax" means a tax measured by gross
proceeds of sales, gross income of the business, or value pro-
ceeding or accruing.

(b) "City" includes cities, code cities, and towns.

(c) "Domicile" means the principal place from which the
trade or business of the taxpayer is directed and managed. A
taxpayer has only one domicile.

(d) "Intellectual property creating activity" means
research, development, authorship, creation, or general or
specific inventive activity without regard to whether the
intellectual property creating activity actually results in
the creation of patents, trademarks, trade secrets, subject matter
subject to copyright, or other intellectual property.

(e) "Manufacture," "gross proceeds of sales," "gross
income of the business," "value proceeding or accruing," and
"royalties" have the same meanings as under chapter 82.04
RCW.

(f) "Value of products" means the value of products as
determined under RCW 82.04.450. [2003 c 69 § 1.]

A town may contract to purchase from a joint operating agency electric power and energy required for its present or future requirements. For projects the output of which is limited to qualified alternative energy resources as defined by RCW 19.29A.090(3), the contract may include the purchase of capability of the projects to produce electricity in addition to the actual output of the projects. The contract may provide that the town must make the payments required by the contract whether or not a project is completed, operable, or operating and notwithstanding the suspension, interruption, interference, reduction, or curtailment of the output of a project or the power and energy contracted for. The contract may also provide that payments under the contract are not subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the joint operating agency or a city, town, or public utility district under the contract or other instrument. 35.58.273 Public transportation systems—Motor vehicle excise tax authorized—Credits—Public hearing on route and design—Rules—Sales and use tax on rental cars. (Effective if Initiative Measure No. 776 is upheld by pending court action.)

(1) Before utilization of any tax moneys collected under authorization of this section for acquisition of right of way or construction of a mass transit facility on a separate right of way the municipality shall adopt rules affording the public an opportunity for "corridor public hearings" and "design public hearings" as herein defined, which rule shall provide in detail the procedures necessary for public participation in the following instances: (a) Prior to adoption of location and design plans having a substantial social, economic or environmental effect upon the locality upon which they are to be constructed or (b) on such mass rapid transit systems operating on a separate right of way whenever a substantial change is proposed relating to location or design in the adopted plan. In adopting rules the municipality shall adhere to the provisions of the Administrative Procedure Act.

(2) A "corridor public hearing" is a public hearing that: (a) Is held before the municipality is committed to a specific mass transit route proposal, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the mass rapid transit system; (c) provides a public forum that affords a full opportunity for presenting views on the mass rapid transit system route location, and the social, economic and environmental effects on that location and alternate locations: PROVIDED, That such hearing shall not be deemed to be necessary before adoption of an overall mass rapid transit system plan by a vote of the electorate of the municipality.

(3) A "design public hearing" is a public hearing that: (a) Is held after the location is established but before the design is adopted; and (b) is held to afford an opportunity for participation by those interested in the determination of major design features of the mass rapid transit system; and (c) provides a public forum to afford a full opportunity for presenting views on the mass rapid transit system design, and the social, economic, environmental effects of that design and alternate designs.

(4) A municipality may impose a sales and use tax, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the municipality that are taxable by the state under chapters 82.08 and 82.12 RCW. The tax rate of tax shall not exceed 1.944 percent. The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The tax imposed under this section shall be deducted from the amount of tax otherwise due under RCW 82.08.020(2). The revenue collected under this section shall be collected and distributed in the same manner as sales and use taxes under chapter 82.14 RCW.

Any motor vehicle (special) excise tax previously imposed under the provisions of RCW 35.58.273 shall be repealed, terminated and expire on December 5, 2002. 35.67.020 Authority to construct system and fix rates and charges—Classification of services and facilities—Assistance for low-income persons. (1) Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits. Every city and town has full jurisdiction and authority to manage, regulate, and control them and, except as provided in subsection (3) of this section, to fix, alter, regulate, and control the rates and charges for their use.

In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:

(a) The difference in cost of service and facilities to the various customers;
(b) The location of the various customers within and without the city or town;
(c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;
(d) The different character of the service and facilities furnished various customers;
(e) The quantity and quality of the sewage delivered and the time of its delivery;
(f) The achievement of water conservation goals and the discouragement of wasteful water use practices;
(g) Capital contributions made to the system, including but not limited to, assessments;
(h) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and
(i) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance of customers or service and facilities furnished. In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:

(a) The difference in cost of service and facilities to the various customers;
(b) The location of the various customers within and without the city or town;
(c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;
35.67.370 Mobile home parks—Replacement of septic systems—Charges for unused sewer service. (1) Cities, towns, or counties may not require existing mobile home parks to replace existing, functional septic systems with a sewer system within the community unless the local board of health determines that the septic system is failing.

(2) Cities, towns, and counties are prohibited from requiring existing mobile home parks to pay a sewer service availability charge, standby charge, consumption charge, or any other similar types of charges associated with available but unused sewer service, including any interest or penalties for nonpayment or enforcement charges, until the mobile home park connects to the sewer service. When a mobile home park connects to a sewer, cities, towns, and counties may only charge mobile home parks prospectively from the date of connection for their sewer service. Chapter 297, Laws of 2003 is remedial in nature and applies retroactively to 1993. [2003 c 297 § 1; 1998 c 61 § 1.]

35.67.380 Cooperative watershed management. In addition to the authority provided in RCW 35.67.020, a city may, as part of maintaining a system sewerage, participate in and expend revenue on cooperative watershed management actions, including watershed management partnerships under RCW 39.34.210 and other intergovernmental agreements, for purposes of water supply, water quality, and water resource and habitat protection and management. [2003 c 327 § 12.]

UTILITY AND OTHER SERVICES BEYOND CITY LIMITS

35.84.060 Street railway extensions. Every municipal corporation which owns or operates an urban public transportation system as defined in RCW 47.04.082 within its corporate limits may acquire, construct, extend, own, or operate such urban public transportation system to any point or points not to exceed fifteen miles outside of its corporate limits: PROVIDED, That no municipal corporation shall extend its urban public transportation system beyond its corporate limits to operate in any territory already served by a privately operated auto transportation company holding a certificate of public convenience and necessity from the utilities and transportation commission.

Chapter 35.92 RCW

MUNICIPAL UTILITIES

35.92.020 Authority to acquire and operate sewerage and solid waste handling systems, plants, sites, or facilities—Classification of services and facilities for rates—Assistance for low-income persons. (1) A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030. A city or town shall have full authority to manage, regulate, operate, and control, and, except as provided in subsection (3) of this section, to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town.

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

(a) The difference in cost of service and facilities to customers;

(b) The location of customers within and without the city or town;

(c) The difference in cost of maintenance, operation, repair, and replacement of the parts of the system;

(d) The different character of the service and facilities furnished to customers;

(e) The quantity and quality of the sewage delivered and the time of its delivery;

(f) Capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments;

(g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(h) Any other factors that present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting sys-

tems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

(9) Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

35.92.420 Purchase of electric power and energy from joint operating agency. A city or town may contract to purchase from a joint operating agency electric power and energy required for its present or future requirements. For projects the output of which is limited to qualified alternative energy resources as defined by RCW 19.29A.090(3), the contract may include the purchase of capability of the projects to produce electricity in addition to the actual output of the projects. The contract may provide that the city or town must make the payments required by the contract whether or not a project is completed, operable, or operating and notwithstanding the suspension, interruption, interference, reduction, or curtailment of the output of a project or the power and energy contracted for. The contract may also provide that payments under the contract are not subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the joint operating agency or a city, town, or public utility district under the contract or other instrument. CITY TRANSPORTATION AUTHORITY—MONORAIL TRANSPORTATION

Sections

35.95A.120 Dissolution of authority.

35.95A.120 Dissolution of authority. The city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. However, the authority may covenant with holders of its bonds that it may not be dissolved and shall continue to exist solely for the purpose of continuing to levy and collect any taxes or assessments levied by it and pledged to the repayment of debt and to take other actions, including the appointment of a trustee, as necessary to allow it to repay any remaining debt. No such debt may be incurred by the authority on a project until thirty days after a final environmental impact statement on that project has been issued as required by chapter 43.21C RCW. The amount of the authority's initial bond issue is limited to the amount of the project costs in the subsequent two years as documented by a certified engineer or by submitted bids, plus any reimbursable capital expenses already incurred at the time of the bond issue. The authority may size the first bond issue consistent with the internal revenue service five-year spend down schedule if an independent financial advisor recommends such an approach is financially advisable. Any referendum petition to dissolve the city transportation authority must be filed with the city council and contain provisions for dissolution of the authority. Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner's claims are deemed valid by the city prosecutor, within ten days of the petitioner's filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question and an affirmative vote on the measure results in authority retention and a negative vote on the measure results in the authority's dissolution. The petitioner will be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in *RCW 29.13.010 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer. The legislative authority may continue the hearing from time to time. Proceedings shall terminate if protest is made by the lodging businesses in the area which would pay a majority of the proposed charges. [2003 c 148 § 7.]

35.101.080 Establishment of area—Ordinance. Only after an initiation petition has been presented to the legisla-

35.102.900 Captions not law—2003 c 79.

35.102.010 Findings—Intent. The legislature finds that businesses in Washington are concerned about the potential for multiple taxation that arises due to the various city business and occupation taxes and are concerned about the lack of uniformity among city jurisdictions. The current system has a negative impact on Washington’s business climate. The legislature further finds that local business and occupation tax revenue provides a sizable portion of city revenue that is used for essential services. The legislature recognizes that local government services contribute to a healthy business climate.

The legislature intends to provide for a more uniform system of city business and occupation taxes that eliminates multiple taxation, while allowing for some continued local control and flexibility to cities. [2003 c 79 § 1.]

35.102.020 Limited scope. Chapter 79, Laws of 2003 does not apply to taxes on any service that historically or traditionally has been taxed as a utility business for municipal tax purposes, such as:

1. A light and power business or a natural gas distribution business, as defined in RCW 82.16.010;
2. A telephone business, as defined in RCW 82.04.065;
(3) Cable television services;
(4) Sewer or water services;
(5) Drainage services;
(6) Solid waste services; or
(7) Steam services. [2003 c 79 § 2.]

35.102.030 Definitions. The definitions in this section apply throughout chapter 79, Laws of 2003, unless the context clearly requires otherwise.

(1) "Business" has the same meaning as given in chapter 82.04 RCW.
(2) "City" means a city, town, or code city.
(3) "Business and occupation tax" or "gross receipts tax" means a tax imposed on or measured by the value of products, the gross income of the business, or the gross proceeds of sales, as the case may be, and that is the legal liability of the business.
(4) "Value of products" has the same meaning as given in chapter 82.04 RCW.
(5) "Gross income of the business" has the same meaning as given in chapter 82.04 RCW.
(6) "Gross proceeds of sales" has the same meaning as given in chapter 82.04 RCW. [2003 c 79 § 3.]

35.102.040 Model ordinance—Mandatory provisions. (1)(a) The cities, working through the association of Washington cities, shall form a model ordinance development committee made up of a representative sampling of cities that as of July 27, 2003, impose a business and occupation tax. This committee shall work through the association of Washington cities to adopt a model ordinance on municipal gross receipts business and occupation tax. The model ordinance and subsequent amendments shall be adopted using a process that includes opportunity for substantial input from business stakeholders and other members of the public. Input shall be solicited from statewide business associations and from local chambers of commerce and downtown business associations in cities that levy a business and occupation tax.
(b) The municipal research council shall contract to post the model ordinance on an internet web site and to make paper copies available for inspection upon request. The department of revenue and the department of licensing shall post copies of or links to the model ordinance on their internet web sites. Additionally, a city that imposes a business and occupation tax must make copies of its ordinance available for inspection and copying as provided in chapter 42.17 RCW.
(c) The definitions and tax classifications in the model ordinance may not be amended more frequently than once every four years, however the model ordinance may be amended at any time to comply with changes in state law. Any amendment to a mandatory provision of the model ordinance must be adopted with the same effective date by all cities.
(2) A city that imposes a business and occupation tax must adopt the mandatory provisions of the model ordinance. The following provisions are mandatory:
(a) A system of credits that meets the requirements of RCW 35.102.060 and a form for such use;
(b) A uniform, minimum small business tax threshold of at least the equivalent of twenty thousand dollars in gross income annually. A city may elect to deviate from this requirement by creating a higher threshold or exemption but it shall not deviate lower than the level required in this subsection. If a city has a small business threshold or exemption in excess of that provided in this subsection as of January 1, 2003, and chooses to deviate below the threshold or exemption level that was in place as of January 1, 2003, the city must notify all businesses licensed to do business within the city at least one hundred twenty days prior to the potential implementation of a lower threshold or exemption amount;
(c) Tax reporting frequencies that meet the requirements of RCW 35.102.070;
(d) Penalty and interest provisions that meet the requirements of RCW 35.102.080 and 35.102.090;
(e) Claim periods that meet the requirements of RCW 35.102.100;
(f) Refund provisions that meet the requirements of RCW 35.102.110; and
(g) Definitions, which at a minimum, must include the definitions enumerated in RCW 35.102.030 and 35.102.120. The definitions in chapter 82.04 RCW shall be used as the baseline for all definitions in the model ordinance, and any deviation in the model ordinance from these definitions must be described by a comment in the model ordinance.
(3) Except for the system of credits developed to address multiple taxation under subsection (2)(a) of this section, a city may adopt its own provisions for tax exemptions, tax credits, and tax deductions.
(4) Any city that adopts an ordinance that deviates from the nonmandatory provisions of the model ordinance shall make a description of such differences available to the public, in written and electronic form. [2003 c 79 § 4.]

35.102.050 Nexus required. A city may not impose a business and occupation tax on a person unless that person has nexus with the city. For the purposes of this section, the term "nexus" means business activities conducted by a person sufficient to subject that person to the taxing jurisdiction of a city under the standards established for interstate commerce under the commerce clause of the United States Constitution. [2003 c 79 § 5.]

35.102.060 Multiple taxation—Credit system. (1) A city that imposes a business and occupation tax shall provide for a system of credits to avoid multiple taxation as follows:
(a) Persons who engage in business activities that are within the purview of more than one classification of the tax shall be taxable under each applicable classification.
(b) Notwithstanding anything to the contrary in this section, if imposition of the tax would place an undue burden upon interstate commerce or violate constitutional requirements, a taxpayer shall be allowed a credit only to the extent necessary to preserve the validity of the tax.
(c) Persons taxable under the retailing or wholesaling classification with respect to selling products in a city shall be allowed a credit against those taxes for any eligible gross receipts taxes paid by the person (i) with respect to the manufacturing of the products sold in the city, and (ii) with respect to the extracting of the products, or the ingredients used in the products, sold in the city. The amount of the
credit shall not exceed the tax liability arising with respect to the sale of those products.

(d) Persons taxable under the manufacturing classification with respect to manufacturing products in a city shall be allowed a credit against that tax for any eligible gross receipts tax paid by the person with respect to extracting the ingredients of the products manufactured in the city and with respect to manufacturing the products other than in the city. The amount of the credit shall not exceed the tax liability arising with respect to the manufacturing of those products.

(e) Persons taxable under the retailing or wholesaling classification with respect to selling products in a city shall be allowed a credit against those taxes for any eligible gross receipts taxes paid by the person with respect to the printing, or the printing and publishing, of the products sold within the city. The amount of the credit shall not exceed the tax liability arising with respect to the sale of those products.

(2) The model ordinance shall be drafted to address the issue of multiple taxation for those tax classifications that are in addition to those enumerated in subsection (1)(c) through (e) of this section. The objective of any such provisions shall be to eliminate multiple taxation of the same income by two or more cities. [2003 c 79 § 6.]

35.102.070 Reporting frequency. A city that imposes a business and occupation tax shall allow reporting and payment of tax on a monthly, quarterly, or annual basis. The frequency for any particular person may be assigned at the discretion of the city, except that monthly reporting may be assigned only if it can be demonstrated that the taxpayer is remitting excise tax to the state on a monthly basis. For persons assigned a monthly frequency, payment is due within the same time period provided for monthly taxpayers under RCW 82.32.045. For persons assigned a quarterly or annual frequency, payment is due within the same time period as provided for quarterly or annual frequency under RCW 82.32.045. [2003 c 79 § 7.]

(2) A city that imposes a business and occupation tax shall compute interest paid on refunds or credits of amounts paid or other recovery allowed a taxpayer in accordance with RCW 82.32.060. [2003 c 79 § 8.]

35.102.090 Penalties. A city that imposes a business and occupation tax shall provide for the imposition of penalties in accordance with chapter 82.32 RCW. [2003 c 79 § 9.]

35.102.100 Claim period. The provisions relating to the time period allowed for an assessment or correction of an assessment for additional taxes, penalties, or interest shall be in accordance with chapter 82.32 RCW. [2003 c 79 § 10.]

35.102.110 Refund period. The provisions relating to the time period allowed for a refund of taxes paid shall be in accordance with chapter 82.32 RCW. [2003 c 79 § 11.]

35.102.120 Definitions—Tax classifications. (1) In addition to the definitions in RCW 35.102.030, the following terms and phrases must be defined in the model ordinance under RCW 35.102.040, and such definitions shall include any specific requirements as noted in this subsection:

(a) Eligible gross receipts tax.

(b) Extracting.

(c) Manufacturing. Software development may not be defined as a manufacturing activity.

(d) Retailing.

(e) Retail sale.

(f) Services. The term "services" excludes retail or wholesale services.

(g) Wholesale sale.

(h) Wholesaling.

(i) To manufacture.

(j) Commercial and industrial use.

(k) Engaging in business.

(l) Person.

(2) Any tax classifications in addition to those enumerated in subsection (1) of this section that are included in the model ordinance must be uniform among all cities. [2003 c 79 § 12.]

35.102.130 Allocation and apportionment of income. (Effective January 1, 2008.) A city that imposes a business and occupation tax shall provide for the allocation and apportionment of a person’s gross income, other than persons subject to the provisions of chapter 82.14A RCW, as follows:

(1) Gross income derived from all activities other than those taxed as service or royalties shall be allocated to the location where the activity takes place.

(a) In the case of sales of tangible personal property, the activity takes place where delivery to the buyer occurs.

(b) If a business activity allocated under this subsection (1) takes place in more than one city and all cities impose a gross receipts tax, a credit shall be allowed as provided in RCW 35.102.060; if not all of the cities impose a gross receipts tax, the affected cities shall allow another credit or allocation system as they and the taxpayer agree.

(2) Gross income derived as royalties from the granting of intangible rights shall be allocated to the commercial domicile of the taxpayer.

(3) Gross income derived from activities taxed as services shall be apportioned to a city by multiplying apportionable income by a fraction, the numerator of which is the payroll factor plus the service-income factor and the denominator of which is two.

(a) The payroll factor is a fraction, the numerator of which is the total amount paid in the city during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period. Compensation is paid in the city if:

(i) The individual is primarily assigned within the city;

(ii) The individual is not primarily assigned to any place of business for the tax period and the employee performs fifty percent or more of his or her service for the tax period in the city; or

(iii) The individual is not primarily assigned to any place of business for the tax period, the individual does not perform
fifty percent or more of his or her service in any city[,] and the employee resides in the city.

(b) The service income factor is a fraction, the numerator of which is the total service income of the taxpayer in the city during the tax period, and the denominator of which is the total service income of the taxpayer everywhere during the tax period. Service income is in the city if:
   (i) The customer location is in the city; or
   (ii) The income-producing activity is performed in more than one location and a greater proportion of the service-income-producing activity is performed in the city than in any other location, based on costs of performance, and the taxpayer is not taxable at the customer location; or
   (iii) The service-income-producing activity is performed within the city, and the taxpayer is not taxable in the customer location.

(c) If the allocation and apportionment provisions of this subsection do not fairly represent the extent of the taxpayer's business activity in the city or cities in which the taxpayer does business, the taxpayer may petition for or the tax administrators may jointly require, in respect to all or any part of the taxpayer's business activity, that one of the following methods be used jointly by the cities to allocate or apportion gross income, if reasonable:
   (i) Separate accounting;
   (ii) The use of a single factor;
   (iii) The inclusion of one or more additional factors that will fairly represent the taxpayer's business activity in the city; or
   (iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

(4) The definitions in this subsection apply throughout this section.

(a) "Apportionable income" means the gross income of the business taxable under the service classifications of a city's gross receipts tax, including income received from activities outside the city if the income would be taxable under the service classification if received from activities within the city, less any exemptions or deductions available.

(b) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid to individuals for personal services that are or would be included in the individual's gross income under the federal internal revenue code.

(c) "Individual" means any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee of that taxpayer.

(d) "Customer location" means the city or unincorporated area of a county where the majority of the contacts between the taxpayer and the customer take place.

(e) "Primarily assigned" means the business location of the taxpayer where the individual performs his or her duties.

(f) "Service-taxable income" or "service income" means gross income of the business subject to tax under either the service or royalty classification.

(g) "Tax period" means the calendar year during which tax liability is accrued. If taxes are reported by a taxpayer on a basis more frequent than once per year, taxpayers shall calculate the factors for the previous calendar year for reporting in the current calendar year and correct the reporting for the previous year when the factors are calculated for that year, but not later than the end of the first quarter of the following year.

(h) "Taxable in the customer location" means either that a taxpayer is subject to a gross receipts tax in the customer location for the privilege of doing business, or that the government where the customer is located has the authority to subject the taxpayer to gross receipts tax regardless of whether, in fact, the government does so. [2003 c 79 § 13.]

35.102.1301 Municipal business and occupation tax—Study of potential net fiscal impacts. (1) The department of revenue shall conduct a study of the net fiscal impacts of chapter 79, Laws of 2003, with particular emphasis on the revenue impacts of the apportionment and allocation method contained in RCW 35.102.130 and any revenue impact resulting from the increased uniformity and consistency provided through the model ordinance. In conducting the study, the department shall use, and regularly consult with, a committee composed of an equal representation from interested business representatives and from a representative sampling of cities imposing business and occupation taxes. The department shall report the final results of the study to the governor and the fiscal committees of the legislature by November 30, 2005. In addition, the department shall provide progress reports to the governor and the fiscal committees of the legislature on November 30, 2003, and November 30, 2004. As part of its report, the department shall examine and recommend options to address any adverse revenue impacts to local jurisdictions.

(2) For the purposes of this section, "net fiscal impacts" means accounting for the potential of both positive and negative fiscal impacts on local jurisdictions that may result from chapter 79, Laws of 2003. [2003 c 79 § 15.]

(3) It is the intent of the legislature through this study to provide accurate fiscal impact analysis and recommended options to alleviate revenue impacts from chapter 79, Laws of 2003 so as to allow local jurisdictions to anticipate and appropriately address any potential adverse revenue impacts from chapter 79, Laws of 2003. [2003 c 79 § 15.]

35.102.140 Municipal business and occupation tax—Implementation by cities—Contingent authority. Cities imposing business and occupation taxes must comply with all requirements of RCW 35.102.020 through 35.102.130 by December 31, 2004. A city that has not complied with the requirements of RCW 35.102.020 through 35.102.130 by December 31, 2004, may not impose a tax that is imposed by a city on the privilege of engaging in business activities. Cities imposing business and occupation taxes after December 31, 2004, must comply with RCW 35.102.020 through 35.102.130. [2003 c 79 § 14.]

35A.01.040 Sufficiency of petitions.

35A.01.040 Sufficiency of petitions. Wherever in this title petitions are required to be signed and filed, the following rules shall govern the sufficiency thereof:

(1) A petition may include any page or group of pages containing an identical text or prayer intended by the circulators, signers or sponsors to be presented and considered as one petition and containing the following essential elements when applicable, except that the elements referred to in (d) and (e) of this subsection are essential for petitions referring or initiating legislative matters to the voters, but are directory as to other petitions:

(a) The text or prayer of the petition which shall be a concise statement of the action or relief sought by petitioners and shall include a reference to the applicable state statute or city ordinance, if any;

(b) If the petition initiates or refers an ordinance, a true copy thereof;

(c) If the petition seeks the annexation, incorporation, withdrawal, or reduction of an area for any purpose, an accurate legal description of the area proposed for such action and if practical, a map of the area;

(d) Numbered lines for signatures with space provided beside each signature for the name and address of the signer and the date of signing;

(e) The warning statement prescribed in subsection (2) of this section.

(2) Petitions shall be printed or typed on single sheets of white paper of good quality and each sheet of petition paper having a space thereon for signatures shall contain the text or prayer of the petition and the following warning:

WARNING

Every person who signs this petition with any other than his or her true name, or who knowingly signs more than one of these petitions, or signs a petition seeking an election when he or she is not a legal voter, or signs a petition when he or she is otherwise not qualified to sign, or who makes herein any false statement, shall be guilty of a misdemeanor.

Each signature shall be executed in ink or indelible pencil and shall be followed by the name and address of the signer and the date of signing.

(3) The term "signer" means any person who signs his or her own name to the petition.

(4) To be sufficient a petition must contain valid signatures of qualified registered voters or property owners, as the case may be, in the number required by the applicable statute or ordinance. Within three working days after the filing of a petition, the officer with whom the petition is filed shall transmit the petition to the county auditor for petitions signed by registered voters, or to the county assessor for petitions signed by property owners for determination of sufficiency. The officer or officers whose duty it is to determine the sufficiency of the petition shall proceed to make such a determination with reasonable promptness and shall file with the officer receiving the petition for filing a certificate stating the date upon which such determination was begun, which date shall be referred to as the terminal date. Additional pages of one or more signatures may be added to the petition by filing the same with the appropriate filing officer prior to such terminal date. Any signer of a filed petition may withdraw his or her signature by a written request for withdrawal filed with the receiving officer prior to such terminal date. Such written request shall so sufficiently describe the petition as to make identification of the person and the petition certain. The name of any person seeking to withdraw shall be signed exactly the same as contained on the petition and, after the filing of such request for withdrawal, prior to the terminal date, the signature of any person seeking such withdrawal shall be deemed withdrawn.

(5) Petitions containing the required number of signatures shall be accepted as prima facie valid until their invalidity has been proved.

(6) A variation on petitions between the signatures on the petition and that on the voter's permanent registration caused by the substitution of initials instead of the first or middle names, or both, shall not invalidate the signature on the petition if the surname and handwriting are the same.

(7) Signatures, including the original, of any person who has signed a petition two or more times shall be stricken.

(8) Signatures followed by a date of signing which is more than six months prior to the date of filing of the petition shall be stricken.

(9) When petitions are required to be signed by the owners of property, the determination shall be made by the county assessor. Where validation of signatures to the petition is required, the following shall apply:

(a) The signature of a record owner, as determined by the records of the county auditor, shall be sufficient without the signature of his or her spouse;

(b) In the case of mortgaged property, the signature of the mortgagor shall be sufficient, without the signature of his or her spouse;

(c) In the case of property purchased on contract, the signature of the contract purchaser, as shown by the records of the county auditor, shall be deemed sufficient, without the signature of his or her spouse;

(d) Any officer of a corporation owning land within the area involved who is duly authorized to execute deeds or encumbrances on behalf of the corporation, may sign on
Chapter 35A.14 RCW Title 35A RCW: Optional Municipal Code

behave of such corporation, and shall attach to the petition a certified excerpt from the bylaws of such corporation showing such authority;

(e) When property stands in the name of a deceased person or any person for whom a guardian has been appointed, the signature of the executor, administrator, or guardian, as the case may be, shall be equivalent to the signature of the owner of the property; and

(f) When a parcel of property is owned by multiple owners, the signature of an owner designated by the multiple owners is sufficient.

(10) The officer or officers responsible for determining the sufficiency of the petition shall do so in writing and transmit the written certificate to the officer with whom the petition was originally filed. [2003 c 331 § 9; 1996 c 286 § 7; 1985 c 281 § 26; 1967 ex.s. c 119 § 35A.01.040.]

35A.14.420 Alternative direct petition method—Notice to legislative body—Meeting—Assumption of indebtedness—Proposed zoning regulation—Contents of petition. (1) Proceedings for initiating annexation of unincorporated territory to a charter code city or noncharter code city may be commenced by the filing of a petition of property owners of the territory proposed to be annexed, in the following manner which is alternative to other methods provided in this chapter:

(a) Before the circulation of a petition for annexation, the initiating party or parties, who shall be the owners of not less than ten percent of the acreage for which annexation is sought, shall notify the legislative body of the code city in writing of their intention to commence annexation proceedings;

(b) The legislative body shall set a date, not later than sixty days after the filing of the request, for a meeting with the initiating parties to determine whether the code city will accept, reject, or geographically modify the proposed annexation, whether it shall require the simultaneous adoption of a proposed zoning regulation, if such a proposal has been prepared and filed for the area to be annexed as provided for in RCW 35A.14.330 and 35A.14.340, and whether it shall require the assumption of all or any portion of existing city indebtedness by the area to be annexed;

(c) If the legislative body requires the assumption of all or any portion of indebtedness and/or the adoption of a proposed zoning regulation, it shall record this action in its minutes and the petition for annexation shall be so drawn as to clearly indicate these facts;

(d) Approval by the legislative body shall be a condition precedent to circulation of the petition; and

(e) There shall be no appeal from the decision of the legislative body.

(2) A petition for annexation of an area contiguous to a code city may be filed with the legislative body of the municipality to which annexation is desired. The petition for annexation must be signed by the owners of a majority of the acreage for which annexation is petitioned and a majority of the registered voters residing in the area for which annexation is petitioned.

(3) If no residents exist within the area proposed for annexation, the petition must be signed by the owners of a majority of the acreage for which annexation is petitioned.

(4) The petition shall set forth a legal description of the property proposed to be annexed that complies with RCW 35A.14.410, and shall be accompanied by a drawing that outlines the boundaries of the property sought to be annexed. If the legislative body has required the assumption of all or any portion of city indebtedness by the area annexed or the adoption of a proposed zoning regulation, these facts, together with a quotation of the minute entry of such requirement, or requirements, shall also be set forth in the petition. [2003 c 331 § 10.]

Purpose—Severability—Effective date—2003 c 331: See notes following RCW 35.13.410.

35A.14.430 Alternative direct petition method—Notice of hearing. When a petition for annexation is filed with the legislative body of a code city, that meets the requirements of RCW 35A.01.040 and 35A.14.420, the legislative body may entertain the same, fix a date for a public hearing thereon and cause notice of the hearing to be published in one or more issues of a newspaper of general circulation in the city. The notice shall also be posted in three public places within the territory proposed for annexation, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation. [2003 c 331 § 11.]

Purpose—Severability—Effective date—2003 c 331: See notes following RCW 35.13.410.

35A.14.440 Alternative direct petition method—Ordinance providing for annexation. Following the hearing, if the legislative body determines to effect the annexation, they shall do so by ordinance. Subject to RCW 35A.14.410, the ordinance may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the annexation ordinance, a certified copy shall be filed with the board of county commissioners of the county in which the annexed property is located. [2003 c 331 § 12.]

Purpose—Severability—Effective date—2003 c 331: See notes following RCW 35.13.410.

Annexation by Code Cities

35A.14.450 Alternative direct petition method—Effective date of annexation. Upon the date fixed in the ordinance of annexation, the area annexed shall become part of the city. All property within the annexed territory shall, if the annexation petition so provided, be assessed and taxed at the same rate and on the same basis as the property of the annexing code city is assessed and taxed to pay for the portion of any then-outstanding indebtedness of the city to which the area is annexed, which indebtedness has been approved by the voters, contracted for, or incurred before, or existing at, the date of annexation and that the city has required to be assumed. If the annexation petition so provided, all property in the annexed area shall be subject to and a part of the proposed zoning regulation as prepared and filed as provided for in RCW 35A.14.330 and 35A.14.340. [2003 c 331 § 13.]

Intent—Severability—Effective date—2003 c 331: See notes following RCW 35.13.410.

35A.14.460 Annexation of territory within urban growth areas—Interlocal agreement—Public hearing—Ordinance providing for annexation. (1) The legislative body of a county or code city planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process for unincorporated territory by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any code city within the county. The territory proposed for annexation must meet the following criteria: (a) Be within the code city urban growth area designated under RCW 36.70A.110, and (b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing code city or one or more cities or towns.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in RCW 35A.14.470.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance. [2003 c 299 § 3.]

35A.14.470 Annexation of territory within urban growth areas—County may initiate process with other cities or towns, when—Interlocal agreement—Public hearing—Ordinance providing for annexation—Referendum—Election, when necessary. (1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in RCW 35A.14.460 if:

(a) The county legislative body initiated an annexation process as provided in RCW 35A.14.460; and

(b) The affected city legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or

(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in RCW 35A.14.460 and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of
a proposed zoning regulation, the notice shall include a state-
ment of the requirements. Any area to be annexed through an
ordinance adopted under this section is annexed and becomes a
part of the city or town upon the date fixed in the ordinance of
annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in RCW
35A.14.460(4) and subsection (4) of this section are subject
to referendum for forty-five days after passage. Upon the fil-
ing of a timely and sufficient referendum petition with the
legislative body, signed by registered voters in number equal
to not less than fifteen percent of the votes cast in the last gen-
eral state election in the area to be annexed, the question of
annexation shall be submitted to the voters of the area in a
general election if one is to be held within ninety days or at a
special election called for that purpose not less than forty-five
days nor more than ninety days after the filing of the referen-
dum petition. Notice of the election shall be given as pro-
vided in RCW 35A.14.070 and the election shall be con-
ducted as provided in the general election law. The annex-
ation shall be deemed approved by the voters unless a
majority of the votes cast on the proposition are in opposition
thereto.

After the expiration of the forty-fifth day from but
excluding the date of passage of the annexation ordinance, if
no timely and sufficient referendum petition has been filed,
the area annexed shall become a part of the city or town upon
the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agree-
ments providing for annexation of the same unincorporated
territory as provided by this section, an election shall be held
in the area to be annexed pursuant to RCW 35A.14.070. In ad-
to the provisions of RCW 35A.14.070, the ballot
shall also contain a separate proposition allowing voters to
vote against annexation, the proposition is defeated. If, how-
ever, a majority of voters voting in the election approve
annexation, the area shall be annexed to the city or town receiving
the highest number of votes among those cast in favor of
annexation.

(7) Costs for an election required under subsection (6) of
this section shall be borne by the county. [2003 c 299 § 4.]

(2) All state agencies and local governments must utilize building mapping software that complies with the building mapping software standards established under RCW 36.28A.070 for any building mapped for this purpose after the statewide first responder building mapping information system is operational. If, prior to creation of the statewide building mapping information system, a local government has utilized building mapping software standards established under RCW 36.28A.070, the local government may continue to use its own building mapping system unless the Washington association of sheriffs and police chiefs provides funding to bring the local government's system in compliance with the standards established under RCW 36.28A.070.

(3) All state and local government-owned buildings that are occupied by state or local government employees must be mapped when funding is provided by the Washington association of sheriffs and police chiefs, or from other sources. Nothing in chapter 102, Laws of 2003 requires any state agency or local government to map a building unless the entire cost of mapping the building is provided by the Washington association of sheriffs and police chiefs, or from other sources.

(4) Once the statewide first responder building mapping information system is operational, all state and local government buildings that are mapped must forward their building mapping information data to the Washington association of sheriffs and police chiefs. All participating privately, federally, and tribally owned buildings may voluntarily forward their mapping and emergency information data to the Washington association of sheriffs and police chiefs. The Washington association of sheriffs and police chiefs may refuse any building mapping information that does not comply with the specifications described in RCW 36.28A.070.

(5) Consistent with the guidelines developed under RCW 36.28A.070, the Washington association of sheriffs and police chiefs shall electronically make the building mapping information available to all state, local, federal, and tribal law enforcement agencies, the military department of Washington state, and fire departments.

(6) Consistent with the guidelines developed under RCW 36.28A.070, the Washington association of sheriffs and police chiefs shall develop building mapping software standards that must be used to participate in the statewide first responder building mapping information system.

(7) The Washington association of sheriffs and police chiefs shall pursue federal funds to:
   (a) Create the statewide first responder building mapping information system; and
   (b) Develop grants for the mapping of all state and local government buildings in the order determined under RCW 36.28A.070.

(8) All tactical and intelligence information provided to the Washington association of sheriffs and police chiefs under chapter 102, Laws of 2003 is exempt from public disclosure as provided in RCW 42.17.310(1)(d). [2003 c 102 § 2.]

Intent—2003 c 102: “The legislature recognizes the extreme dangers present when the safety of our citizens requires first responders such as police and fire fighters to evacuate and secure a building. In an effort to prepare for responding to unintended disasters, criminal acts, and acts of terrorism, the legislature intends to create a statewide first responder building mapping information system that will provide all first responders with the information they need to be successful when disaster strikes. The first responder building mapping system in this act is to be developed for a limited and specific purpose and is in no way to be construed as imposing standards or system requirements on any other mapping systems developed and used for any other local government purposes.” [2003 c 102 § 1.]

36.28A.070  Statewide first responder building mapping information system—Committee established—Development of guidelines. (1) The Washington association of sheriffs and police chiefs in consultation with the Washington state emergency management office, the Washington association of county officials, the Washington association of cities, the information services board, the Washington state fire chiefs' association, and the Washington state patrol shall convene a committee to establish guidelines related to the statewide first responder building mapping information system. The committee shall have the following responsibilities:

(a) Develop the type of information to be included in the statewide first responder building mapping information system. The information shall include, but is not limited to: Floor plans, fire protection information, evacuation plans, utility information, known hazards, and text and digital images showing emergency personnel contact information;

(b) Develop building mapping software standards that must be utilized by all entities participating in the statewide first responder building mapping information system;

(c) Determine the order in which buildings shall be mapped when funding is received;

(d) Develop guidelines on how the information shall be made available. These guidelines shall include detailed procedures and security systems to ensure that the information is only made available to the government entity that either owns the building or is responding to an incident at the building;

(e) Recommend training guidelines regarding using the statewide first responder building mapping information system to the criminal justice training commission and the Washington state patrol fire protection bureau.

(2) (a) Nothing in this section supersedes the authority of the information services board under chapter 43.105 RCW.

(b) Nothing in this section supersedes the authority of state agencies and local governments to control and maintain access to information within their independent systems. [2003 c 102 § 3.]

Intent—2003 c 102: See note following RCW 36.28A.060.

36.28A.080  Immunity from liability. Units of local government and their employees, as provided in RCW
36.28A.010, are immune from civil liability for damages arising out of the creation and use of the statewide first responder building mapping information system, unless it is shown that an employee acted with gross negligence or bad faith. [2003 c 102 § 4.]

36.57A.100 Agreements with operators of local public transportation services—Operation without agreement prohibited—Purchase or condemnation of assets. Except in accordance with an agreement made as provided in this section or in accordance with the provisions of RCW 36.57A.090(3) as now or hereafter amended, upon the effective date on which the public transportation benefit area commences to perform the public transportation service, no person or private corporation shall operate a local public passenger transportation service, including passenger-only ferry service, within the public transportation benefit area with the exception of taxis, buses owned or operated by a school district or private school, and buses owned or operated by any corporation or organization solely for the purposes of the corporation or organization and for the use of which no fee or fare is charged.

36.57A.200 Passenger-only ferry service—Authorized—Investment plan. A public transportation benefit area having a boundary located on Puget Sound may provide passenger-only ferry service. For the purposes of this chapter and RCW 82.14.440 and 82.80.130, Puget Sound is considered as extending north as far as the Canadian border and west as far as Port Angeles. Before a benefit area may provide passenger-only ferry service, it must develop a passenger-only ferry investment plan including elements to operate or contract for the operation of passenger-only ferry services, purchase, lease, or rental of ferry vessels and dock facilities for the provision of transit service, and identify other activities necessary to implement the plan. The plan must set forth terminal locations to be served, projected costs of providing services, and revenues to be generated from tolls, locally collected tax revenues, and other revenue sources. The plan must ensure that services provided under the plan are for the benefit of the residents of the benefit area. The benefit area may use any of its powers to carry out this purpose, unless otherwise prohibited by law. In addition, the public transportation benefit area may enter into contracts and agreements to operate passenger-only ferry service and public-private partnerships and design-build, general contractor/construction management, or other alternative procurement process substantially consistent with chapter 39.10 RCW. [2003 c 83 § 201.]

Findings—Intent—2003 c 83: "The legislature finds that passenger-only ferry service is a key element to the state's transportation system and that it is in the interest of the state to ensure provision of such services. The legislature further finds that diminished state transportation resources require that regional and local authorities be authorized to develop, operate, and fund needed services. The legislature recognizes that if the state eliminates passenger-only ferry service on one or more routes, it should provide an opportunity for locally sponsored service and the department of transportation should assist in this effort. It is the intent of the legislature to encourage interlocal agreements to ensure passenger-only ferry service is reinstated on routes that the Washington state ferry system eliminates." [2003 c 83 § 101.]

36.70.757 Family day-care provider's home facility—County may not prohibit in residential or commercial area—Conditions. (1) Except as provided in subsections (2) and (3) of this section, no county may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice that prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider's facility serving twelve or fewer children. 

(2) A county may require that the facility: (a) Comply with all building, fire, safety, health code, and business licensing requirements; (b) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (c) be certified by the office of child care policy licensor as providing a safe passenger loading area; (d) include signage, if any, that conforms to applicable regulations; and (e) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care who work a nonstandard work shift. 

(3) A county may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and maintain such a facility. If a dispute arises between neighbors and the day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute. 

(4) This section may not be construed to prohibit a county from imposing zoning conditions on the establishment and maintenance of a family day-care provider's home serving twelve or fewer children in an area zoned for residential or commercial use, if the conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. In order to achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments. A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(ii) An industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) is not required to be principally designed to serve the existing and projected rural population;

(iii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iv) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(14). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the
local government according to RCW 36.70A.030(14). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities; (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours; (C) the prevention of abnormally irregular boundaries; and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county’s population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county’s jurisdiction boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county’s or city’s six-year street, road, or transit program and the department of transportation’s six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the six-year improvement program developed by the department of transportation as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent
with the development” shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, RCW 35.58.2795 for public transportation systems, and RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, work force, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130. Construction—Application—1995 c 400: “A comprehensive plan adopted or amended before May 16, 1995, shall be considered to be in compliance with RCW 36.70A.070 or 36.70A.110, as in effect before their amendment by this act, if the comprehensive plan is in compliance with RCW 36.70A.070 and 36.70A.110 as amended by this act. This section shall not be construed to alter the relationship between a county-wide planning policy and comprehensive plans as specified under RCW 36.70A.210.

As to any appeal relating to compliance with RCW 36.70A.070 or 36.70A.110 pending before a growth management hearings board on May 16, 1995, the board may take up to an additional ninety days to resolve such appeal. By mutual agreement of all parties to the appeal, this additional ninety-day period may be extended.” [1995 c 400 § 4.]

36.70A.110 Comprehensive plans—Urban growth areas. (1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it is consistent with the development the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such
services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county. 36.70A.115 Comprehensive plans and development regulations must provide sufficient land capacity for development. Counties and cities that are required or choose to plan under RCW 36.70A.040 shall ensure that, taken collectively, adoption of and amendments to their comprehensive plans and/or development regulations provide sufficient capacity of land suitable for development within their jurisdictions to accommodate their allocated housing and employment growth, as adopted in the applicable countywide planning policies and consistent with the twenty-year population forecast from the office of financial management. [2003 c 333 § 1.]

36.70A.280 Matters subject to board review. (1) A growth management hearings board shall hear and determine only those petitions alleging either:

(a) That a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW; or

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, a board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by a board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by a board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as a "board adjusted population projection". None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes. Intent—2003 c 332: "This act is intended to codify the Washington State Court of Appeals holding in Wells v. Western Washington Growth Management Hearings Board, 100 Wn. App. 657 (2000), by mandating that to establish participation standing under the growth management act, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the growth management hearings board." 36.70A.367 Major industrial developments—Master planned locations. (1) In addition to the major industrial development allowed under RCW 36.70A.365, a county planning under RCW 36.70A.040 that meets the criteria in subsection (9) or (10) of this section may establish, in consultation with cities consistent with provisions of RCW 36.70A.210, a process for designating a bank of no more than two master planned locations for major industrial activity outside urban growth areas.

(2) A master planned location for major industrial developments outside an urban growth area may be included in the urban industrial land bank for the county if criteria including, but not limited to, the following are met:

(a) New infrastructure is provided for and/or applicable impact fees are paid;

[2003 RCW Supp—page 445]
(b) Transit-oriented site planning and traffic demand management programs are implemented;

(c) Buffers are provided between the major industrial development and adjacent nonurban areas;

(d) Environmental protection including air and water quality has been addressed and provided for;

(e) Development regulations are established to ensure that urban growth will not occur in adjacent nonurban areas;

(f) Provision is made to mitigate adverse impacts on designated agricultural lands, forest lands, and mineral resource lands;

(g) The plan for the major industrial development is consistent with the county’s development regulations established for protection of critical areas;

(h) An inventory of developable land has been conducted as provided in RCW 36.70A.365;

(i) An interlocal agreement related to infrastructure cost sharing and revenue sharing between the county and interested cities is established;

(j) Provisions are established for determining the availability of alternate sites within urban growth areas and the long-term annexation feasibility of land sites outside of urban growth areas; and

(k) Development regulations require the industrial land bank site to be used primarily for locating industrial and manufacturing businesses and specify that the gross floor area of all commercial and service buildings or facilities locating within the industrial land bank shall not exceed ten percent of the total gross floor area of buildings or facilities in the industrial land bank. The commercial and service businesses operated within the ten percent gross floor area limit shall be necessary to the primary industrial or manufacturing businesses within the industrial land bank. The intent of this provision for commercial or service use is to meet the needs of employees, clients, customers, vendors, and others having business at the industrial site and as an adjunct to the industry to attract and retain a quality work force and to further other public objectives, such as trip reduction. Such uses would not be promoted to attract additional clientele from the surrounding area. The commercial and service businesses should be established concurrently with or subsequent to the industrial or manufacturing businesses.

(3) In selecting master planned locations for inclusion in the urban industrial land bank, priority shall be given to locations that are adjacent to, or in close proximity to, an urban growth area.

(4) Final approval of inclusion of a master planned location in the urban industrial land bank shall be considered an adopted amendment to the comprehensive plan adopted pursuant to RCW 36.70A.070, except that RCW 36.70A.130(2) does not apply so that inclusion or exclusion of master planned locations may be considered at any time.

(5) Once a master planned location has been included in the urban industrial land bank, manufacturing and industrial businesses that qualify as major industrial development under RCW 36.70A.365 may be located there.

(6) Nothing in this section may be construed to alter the requirements for a county to comply with chapter 43.21C RCW.

(7)(a) The authority of a county meeting the criteria of subsection (9) of this section to engage in the process of including or excluding master planned locations from the urban industrial land bank shall terminate on December 31, 2007. However, any location included in the urban industrial land bank on or before December 31, 2007, shall be available for major industrial development as long as the criteria of subsection (2) of this section are met. A county that has established or proposes to establish an industrial land bank pursuant to this section shall review the need for an industrial land bank within the county, including a review of the availability of land for industrial and manufacturing uses within the urban growth area, during the review and evaluation of comprehensive plans and development regulations required by RCW 36.70A.130.

(b) The authority of a county meeting the criteria of subsection (10) of this section to engage in the process of including or excluding master planned locations from the urban industrial land bank terminates on December 31, 2002. However, any location included in the urban industrial land bank on December 31, 2002, shall be available for major industrial development as long as the criteria of subsection (2) of this section are met.

(8) For the purposes of this section, "major industrial development" means a master planned location suitable for manufacturing or industrial businesses that: (a) Requires a parcel of land so large that no suitable parcels are available within an urban growth area; or (b) is a natural resource-based industry requiring a location near agricultural land, forest land, or mineral resource land upon which it is dependent; or (c) requires a location with characteristics such as proximity to transportation facilities or related industries such that there is no suitable location in an urban growth area. The major industrial development may not be for the purpose of retail commercial development or multitenant office parks.

(9) This section and the termination date specified in subsection (7)(a) of this section apply to a county that at the time the process is established under subsection (1) of this section:

(a) Has a population greater than two hundred fifty thousand and is part of a metropolitan area that includes a city in another state with a population greater than two hundred fifty thousand;

(b) Has a population greater than one hundred forty thousand and is adjacent to another country;

(c) Has a population greater than forty thousand but less than seventy-five thousand and has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and

(i) Is bordered by the Pacific Ocean;

(ii) Is located in the Interstate 5 or Interstate 90 corridor; or

(iii) Is bordered by Hood Canal;

(d) Is east of the Cascade divide; and

(i) Borders another state to the south; or

(ii) Is located wholly south of Interstate 90 and borders the Columbia river to the east; or

(e) Has an average population density of less than one hundred persons per square mile as determined by the office of financial management, and is bordered by the Pacific Ocean and by Hood Canal.
(10) This section and the termination date specified in subsection (7)(b) of this section apply to a county that at the time the process is established under subsection (1) of this section:
(a) Has a population greater than forty thousand but fewer than eighty thousand;
(b) Has an average level of unemployment for the preceding three years that exceeds the average state unemployment for those years by twenty percent; and
(c) Is located in the Interstate 5 or Interstate 90 corridor.
(11) Any location included in an industrial land bank pursuant to section 2, chapter 289, Laws of 1998, section 1, chapter 402, Laws of 1997, and section 2, chapter 167, Laws of 1996 shall remain available for major industrial development according to this section as long as the criteria of subsection (2) of this section continue to be satisfied. [2003 c 88 § 1; 2002 c 306 § 1; 2001 c 326 § 1; 1998 c 289 § 2; 1997 c 402 § 1; 1996 c 167 § 2.]

Findings—Purpose—1998 c 289: “The legislature finds that to fulfill the economic development goal of this chapter, it is beneficial to expand the limited authorization for pilot projects for identifying locations for major industrial activity in advance of specific proposals by an applicant. The legislature further finds that land bank availability may provide economically disadvantaged counties the opportunity to attract new industrial activity by offering expedient siting and therefore promote a community’s economic health and vitality. The purpose of this act is to authorize and evaluate additional pilot projects for major industrial activity in economically disadvantaged counties.” [1998 c 289 § 1.]

Findings—Purpose—1996 c 167: “In 1995 the legislature addressed the demand for siting of major industrial facilities by passage of Engrossed Senate Bill No. 5019, implementing a process for siting such activities outside urban growth areas. The legislature recognizes that the 1995 act requires consideration of numerous factors necessary to ensure that the community can reasonably accommodate a major industrial development outside an urban growth area.

The legislature finds that the existing case-by-case procedure for evaluating and approving such a site under the 1995 act may operate to a community’s economic disadvantage when a firm, for business reasons, must make a business location decision expeditiously. The legislature therefore finds that it would be useful to authorize, on a limited basis, and evaluate a process for identifying locations for major industrial activity in advance of specific proposals by an applicant.

It is the purpose of this act (1) to authorize a pilot project under which a bank of major industrial development locations outside urban growth areas is created for use in expeditiously siting such a development; (2) to evaluate the impact of this process on the county’s compliance with chapter 36.70A RCW; and (3) to encourage consolidation and planning, and environmental review procedures under chapter 36.70B RCW.” [1996 c 167 § 1.]

(1) Except as provided in subsections (2) and (3) of this section, no county or city may enact, enforce, or maintain an ordinance, development regulation, zoning regulation, or official control, policy, or administrative practice that prohibits the use of a residential dwelling, located in an area zoned for residential or commercial use, as a family day-care provider’s home facility.

(2) A county or city may require that the facility: (a) Comply with all building, fire, safety, health code, and business licensing requirements; (b) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconform-

of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105.

(a) As of the date the department of ecology approves a local government's shoreline master program adopted under applicable shoreline guidelines, the protection of critical areas as defined by RCW 36.70A.030(5) within shorelines of the state shall be accomplished only through the local government's shoreline master program and shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section.

(b) Critical areas within shorelines of the state that have been identified as meeting the definition of critical areas as defined by RCW 36.70A.030(5), and that are subject to a shoreline master program adopted under applicable shoreline guidelines shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section. Nothing in chapter 321, Laws of 2003 is intended to affect whether or to what extent agricultural activities, as defined in RCW 90.58.065, are subject to chapter 36.70A RCW.

(c) The provisions of RCW 36.70A.172 shall not apply to the adoption or subsequent amendment of a local government's shoreline master program and shall not be used to determine compliance of a local government's shoreline master program with chapter 90.58 RCW and applicable guidelines. Nothing in this section, however, is intended to limit or change the quality of information to be applied in protecting critical areas within shorelines of the state, as required by chapter 90.58 RCW and applicable guidelines.

(d) Shoreline master programs shall provide a level of protection to critical areas located within shorelines of the state that is at least equal to the level of protection provided to critical areas by the local government's critical area ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(e) Shorelines of the state shall not be considered critical areas under this chapter except to the extent that specific areas located within shorelines of the state qualify for critical area designation based on the definition of critical areas provided by RCW 36.70A.030(5) and have been designated as such by a local government pursuant to RCW 36.70A.060(2).

(f) If a local jurisdiction's master program does not include land necessary for buffers for critical areas that occur within shorelines of the state, as authorized by RCW 90.58.030(2)(f), then the local jurisdiction shall continue to regulate those critical areas and their required buffers pursuant to RCW 36.70A.060(2). (a) Judicial review of:

(i) Land use decisions made by bodies that are not part of a local jurisdiction;

(ii) Land use decisions of a local jurisdiction that are subject to review by a quasi-judicial body created by state law, such as the shorelines hearings board, the environmental land use hearings board, or the growth management hearings board;

(b) Judicial review of applications for a writ of mandamus or prohibition; or

(c) Claims provided by any law for monetary damages or compensation. If one or more claims for damages or compensation are set forth in the same complaint with a land use petition brought under this chapter, the claims are not subject to the procedures and standards, including deadlines, provided in this chapter for review of the petition. The judge who hears the land use petition may, if appropriate, preside at a trial for damages or compensation.

(2) The superior court civil rules govern procedural matters under this chapter to the extent that the rules are consistent with this chapter. [2003 c 393 § 17; 1995 c 347 § 704.]

ing benefits or to be served or to receive benefits from any storm water control facility or contributing to an increase of surface water runoff. In fixing rates and charges, the county legislative authority may in its discretion consider:

(a) Services furnished or to be furnished;
(b) Benefits received or to be received;
(c) The character and use of land or its water runoff characteristics;
(d) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user;
(e) Income level of persons served or provided benefits under this chapter, including senior citizens and disabled persons; or
(f) Any other matters which present a reasonable difference as a ground for distinction.

(2) The rate a county may charge under this section for storm water control facilities shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(3) Rates and charges authorized under this section may not be imposed on lands taxed as forest land under chapter 84.33 RCW or as timber land under chapter 84.34 RCW.

(4) The service charges and rates collected shall be deposited in a special fund or funds in the county treasury to be used only for the purpose of paying all or any part of the cost and expense of maintaining and operating storm water control facilities, all or any part of the cost and expense of planning, designing, establishing, acquiring, developing, constructing and improving any of such facilities, or to pay or secure the payment of all or any portion of any issue of general obligation or revenue bonds issued for such purpose.

(5) The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system. (1) Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it. Except as provided in subsection (3) of this section, every county shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such service and facilities are available, and to levy charges for connection to the system.

(2) The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility. In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

(a) The difference in cost of service to the various customers within or without the area;
(b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;
(c) The different character of the service and facilities furnished various customers;

REGIONAL TRANSPORTATION INVESTMENT DISTRICTS

Sections
36.120.040 Planning committee duties.
36.120.050 Taxes, fees, and tolls.
36.120.130 Indebtedness—Bonds—Limitation.
36.120.140 Transportation project or plan modification—Accountability.

36.120.040 Planning committee duties. (1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;

(b) The input of cities located within a participating county; and

(c) The input of regional transportation planning organizations in which a participating county is located. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee's consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate with affected cities, towns, and other local governments that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;

(b) Adopt a plan proposing the:

(i) Creation of a regional transportation investment district; and

(ii) Construction of transportation projects to improve mobility within each county. Operations, maintenance, and preservation of facilities or systems may not be part of the plan;

(c) Recommend sources of revenue authorized by RCW 36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district's financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) The plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively
implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130. 

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(7) Once adopted, the plan must be forwarded to the participating county legislative authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved. [2003 c 194 § 1; 2002 c 56 § 104.]

36.120.050 Taxes, fees, and tolls. (1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition of some or all of the following revenue sources, which a regional transportation investment district may impose upon approval of the voters as provided in this chapter:

(a) A regional sales and use tax, as specified in RCW 82.14.430, of up to 0.5 percent of the selling price, in the case of sales tax, or value of the article used, in the case of a use tax, upon the occurrence of any taxable event in the regional transportation investment district;

(b) A local option vehicle license fee, as specified under RCW 82.80.100, of up to one hundred dollars per vehicle registered in the district. As used in this subsection, "vehicle" means motor vehicle as defined in RCW 46.04.320. Certain classes of vehicles, as defined under chapter 46.04 RCW, may be exempted from this fee;

(c) A parking tax under RCW 82.80.030;

(d) A local motor vehicle excise tax under RCW 81.100.060 and chapter 81.104 RCW;

(e) A local option fuel tax under RCW 82.80.120;

(f) An employer excise tax under RCW 81.100.030; and

(g) Vehicle tolls on new or reconstructed facilities. Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority.

(2) Taxes, fees, and tolls may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter. [2003 c 350 § 4; 2002 c 56 § 105.]

36.120.130 Indebtedness—Bonds—Limitation. (1)(a) Notwithstanding RCW 39.36.020(1), the district may at any time contract indebtedness or borrow money for district purposes and may issue general obligation bonds or other evidences of indebtedness, secured by the pledge of one or more of the taxes, tolls, charges, or fees authorized to be imposed by the district, in an amount not exceeding, together with any existing indebtedness of the district not authorized by the voters, one and one-half percent of the value of the taxable property within the boundaries of the district.

(b) With the assent of three-fifths of the voters voting at an election, a district may contract indebtedness or borrow money for district purposes and may issue general obligation bonds or other evidences of indebtedness as long as the total indebtedness of the district does not exceed five percent of the value of the taxable property within the district, including indebtedness authorized under (a) of this subsection. The bonds shall be issued and sold in accordance with chapter 39.46 RCW.

(2) The district may at any time issue revenue bonds or other evidences of indebtedness, secured by the pledge of one or more of the revenues authorized to be collected by the district, to provide funds to carry out its authorized functions without submitting the matter to the voters of the district. These obligations shall be issued and sold in accordance with chapter 39.46 RCW.

(3) The district may enter into agreements with the lead agencies or the state of Washington, when authorized by the plan, to pledge taxes or other revenues of the district for the
purpose of paying in part or whole principal and interest on bonds issued by the lead agency or the state of Washington. The agreements pledging revenues and taxes shall be binding for their terms, but not to exceed thirty years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge made in any agreement.

(4) Once construction of projects in the plan has been completed, revenues collected by the district may only be used for the following purposes: (a) Payment of principal and interest on outstanding indebtedness of the district; (b) to make payments required under a pledging agreement; and (c) to make payments for maintenance and operations of toll facilities as may be required by toll bond covenants. [2003 c 372 § 1; 2002 c 56 § 113.]

36.120.140 Transportation project or plan modification—Accountability. (1) The board may modify the plan to change transportation projects or revenue sources if:
   (a) Two or more participating counties adopt a resolution to modify the plan; and
   (b) The counties submit to the voters in the district a ballot measure that redefines the scope of the plan, its projects, its schedule, its costs, or the revenue sources. If the voters fail to approve the redefined plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(2) The board may modify the plan to change transportation projects within a participating county if:
   (a) A majority of the board approves the change;
   (b) The modifications are limited to projects within the county;
   (c) The county submits to the voters in the county a ballot measure that redefines:
      (i) Projects;
      (ii) Scopes of projects; or
      (iii) Costs; and
      (iv) The financial plan for the county;
   (d) The proposed modifications maintain the equity of the plan and does [do] not increase the total level of plan expenditure for the county.

If the voters fail to approve the modified plan, the district shall continue to work on and complete the plan, and the projects in it, that was originally approved by the voters. If the voters approve the redefined plan, the district shall work on and complete the projects under the redefined plan.

(3) If a transportation project cost exceeds its original cost by more than twenty percent as identified in the plan:
   (a) The board shall, in coordination with the county legislative authorities, submit to the voters in the district or county a ballot measure that redefines the scope of the transportation project, its schedule, or its costs. If the voters fail to approve the redefined transportation project, the district shall terminate work on that transportation project, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds that would otherwise have been expended on the terminated transportation project must first be used to retire any outstanding debt attributable to the plan and then may be used to implement the remainder of the plan.

(b) Alternatively, upon adoption of a resolution by two or more participating counties:
   (i) The counties shall submit to the voters in the district a ballot measure that redefines the scope of the plan, its transportation projects, its schedule, or its costs. If the voters fail to approve the redefined plan, the district shall terminate work on that plan, except that the district may take reasonable steps to use, preserve, or connect any improvement already constructed. The remainder of any funds must be used to retire any outstanding debt attributable to the plan; or
   (ii) The counties may elect to have the district continue the transportation project without submitting an additional ballot proposal to the voters.

(4) To assure accountability to the public for the timely construction of the transportation improvement project or projects within cost projections, the district shall issue a report, at least annually, to the public and copies of the report to newspapers of record in the district. In the report, the district shall indicate the status of transportation project costs, transportation project expenditures, revenues, and construction schedules. The report may also include progress towards meeting the performance criteria provided under this chapter. [2003 c 194 § 2; 2002 c 56 § 114.]

39.10.051  Design-build procedure—Which public bodies may use.  (Effective until July 1, 2007.)
(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, the following public bodies may utilize the design-build procedure of public works contracting for public works projects authorized under this section: The state department of general administration; the state ferry system; the University of Washington; Washington State University; every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755 and specifically authorized as provided in RCW 39.10.120(4); every county with a population greater than four hundred fifty thousand; every public utility district with revenues from energy sales greater than twenty-three million dollars per year; every public hospital district with total revenues greater than fifteen million dollars per year; and every port district with total revenues greater than fifteen million dollars per year. The authority granted to port districts in this section is in addition to and does not affect existing contracting authority under RCW 53.08.120 and 53.08.130. For the purposes of this section, "design-build procedure" means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(2) Public bodies authorized under this section may utilize the design-build procedure for public works projects valued over ten million dollars where:

(a) The construction activities or technologies to be used are highly specialized and a design-build approach is critical in developing the construction methodology or implementing the proposed technology; or

(b) The project design is repetitive in nature and is an incidental part of the installation or construction; or

(c) Regular interaction with and feedback from facilities users and operators during design is not critical to an effective facility design.

(3) Public bodies authorized under this section may also use the design-build procedure for the following projects that meet the criteria in subsection (2)(b) and (c) of this section:

(a) The construction or erection of preengineered metal buildings or prefabricated modular buildings, regardless of cost; or

(b) The construction of new student housing projects valued over five million dollars.

(4) Contracts for design-build services shall be awarded through a competitive process utilizing public solicitation of proposals for design-build services. The public body shall publish at least once in a legal newspaper of general circulation published in or near as possible to that part of the county in which the public work will be done, a notice of its
request for proposals for design-build services and the availability and location of the request for proposal documents. The request for proposal documents shall include:

(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications, functional and operational elements, minimum and maximum net and gross areas of any building, and, at the discretion of the public body, preliminary engineering and architectural drawings;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. Evaluation factors shall include, but not be limited to: Proposal price; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected work loads of the firm; location; and the concept of the proposal;

(e) The form of the contract to be awarded;

(f) The amount to be paid to finalists submitting best and final proposals who are not awarded a design-build contract; and

(g) Other information relevant to the project.

(5) The public body shall establish a committee to evaluate the proposals based on the factors, weighting, and process identified in the request for proposals. Based on its evaluation, the public body shall select not fewer than three nor more than five finalists to submit best and final proposals. The public body may, in its sole discretion, reject all proposals. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection.

(a) Best and final proposals shall be evaluated and scored based on the factors, weighting, and process identified in the initial request for proposals. The public body may score the proposals using a system that measures the quality and technical merits of the proposal on a unit price basis. Final proposals may not be considered if the proposal cost is greater than the maximum allowable construction cost identified in the initial request for proposals. The public body shall initiate negotiations with the firm submitting the highest scored best and final proposal. If the public body is unable to execute a contract with the firm submitting the highest scored best and final proposal, negotiations with that firm may be suspended or terminated and the public body may proceed to negotiate with the next highest scored firm. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(b) If the public body determines that all finalists are capable of producing plans and specifications that adequately meet project requirements, the public body may award the contract to the firm that submits the responsive best and final proposal with the lowest price.

(c) The firm awarded the contract shall provide a performance and payment bond for the contracted amount. The public body shall provide appropriate honorarium payments to finalists submitting best and final proposals who are not awarded a design-build contract. Honorarium payments shall be sufficient to generate meaningful competition among potential proposers on design-build projects.

(7) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities. [2003 c 352 § 2; 2003 c 300 § 4; 2002 c 46 § 1; 2001 c 328 § 2.]

Reviser's note: This section was amended by 2003 c 300 § 4 and by 2003 c 352 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Effective date—2002 c 46: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 14, 2002]." [2002 c 46 § 5.]

Effective date—2001 c 328: See note following RCW 39.10.020.

39.10.061 General contractor/construction manager procedure—Limitations. (Effective until July 1, 2007.)

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure of public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board and those public hospital districts proposing projects that are considered and approved by the public hospital district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements; or

(b) The project involves construction at an existing facility which must continue to operate during construction; or

(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies should select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include:

A description of the project, including programmatic, performance, and technical requirements and specifications when
available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer’s accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager finalists. Evaluation factors shall include, but not be limited to: Ability of professional personnel, past performance in negotiated and complex projects, and ability to meet time and budget requirements; the scope of work the general contractor/construction manager proposes to self-perform and its ability to perform it; location; recent, current, and projected work loads of the firm; and the concept of their proposal. A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

(6) All subcontract work shall be competitively bid with public bid openings. When critical to the successful completion of a subcontractor bid package and after publication of notice of intent to determine bidder eligibility in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public work will be done at least twenty days before requesting qualifications from interested subcontract bidders, the owner and general contractor/construction manager may determine subcontractor bidding eligibility using the following evaluation criteria:

(a) Adequate financial resources or the ability to secure such resources;

(b) History of successful completion of a contract of similar type and scope;

(c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project;

(d) Current and projected workload and the impact the project will have on the subcontractor’s current and projected workload;

(e) Ability to accurately estimate the subcontract bid package scope of work;

(f) Ability to meet subcontract bid package shop drawing and other coordination procedures;

(g) Eligibility to receive an award under applicable laws and regulations; and

(h) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder.

After publication of notice of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the owner and general contractor/construction manager determine eligible subcontract bidders, subcontractors requesting eligibility shall be provided the results and scoring of the subcontract bidder eligibility determination.

Subcontract bid packages shall be awarded to the responsible bidder submitting the low responsive bid. The requirements of RCW 39.30.060 apply to each subcontract bid package. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond and all subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for their contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontract bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days’ written notice of the general contractor/construction manager’s intent to execute a contract for the subcontract bid package; provided that the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:
(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
(b) The bid opening is managed by the public body; and
(c) Notification of the general contractor/construction manager’s intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

(9) The authority provided to the state ferry system in this section is limited to projects concerning construction, renovation, preservation, demolition, and reconstruction of ferry terminals and associated land-based facilities. [2003 c 352 § 3; 2003 c 300 § 5; 2002 c 46 § 2; 2001 c 328 § 3.]

(2) The school district project review board may not authorize more than sixteen demonstration projects valued over ten million dollars.
(3) The school district project review board may not authorize more than two demonstration projects valued between five and ten million dollars and the authorization for the two demonstration projects shall expire upon the completion of the two projects. 39.10.068 Public hospital district capital demonstration projects—Conditions. (Effective until July 1, 2007.) (1) In addition to the projects authorized in RCW 39.10.061, public hospital districts may also use the general contractor/construction manager contracting procedure for the construction of public hospital district capital demonstration projects, subject to the following conditions:

(a) The project must receive approval from the public hospital district project review board established under RCW 39.10.117.

(b) The public hospital district project review board may not authorize more than ten demonstration projects valued between five and ten million dollars.
(2) Public hospital districts may also use the general contractor/construction manager contracting procedure for the construction of any public hospital district capital project that has a value over ten million dollars and that has received approval from the public hospital district project review board established under RCW 39.10.117. [2003 c 300 § 6.]

39.10.117 Public hospital district project review board—Established—Procedures. (Effective until July 1, 2007.) (1) The public hospital district project review board is established to review public hospital district proposals submitted by public hospital districts to use alternative public works contracting procedures. The board shall select and approve qualified projects based upon an evaluation of the information submitted by the public hospital district under subsection (2) of this section. Any appointments for full terms or to fill a vacancy shall be made by the governor and shall include the following representatives, each having experience with public works or commercial construction: One representative from the department of health; one representative from the office of financial management; two representatives from the construction industry, one of whom works for a construction company with gross annual revenues of twenty million dollars or less; one representative from the specialty contracting industry; one representative from organized labor; one representative from the design industry; one representative from a public body previously authorized under this chapter to use an alternative public works contracting procedure who has experience using such alternative contracting procedures; one representative from public hospital districts with total revenues greater than fifteen million dollars per year; and one representative from public hospital districts with total revenues equal to or less than fifteen million dollars per year. Each member shall be appointed for a term of three years, with the first three-year term commencing after July 27, 2003. Any member of the public hospital district project review board who is directly affiliated with any applicant before the board must recuse him [himself] or herself from consideration of the application.

(2) A public hospital district seeking to use alternative contracting procedures authorized under this chapter pursuant to RCW 39.10.068 shall file an application with the public hospital district project review board. The application form shall require the district to submit a detailed statement of the proposed project, including the public hospital district’s name; the current projected total budget for the project, including the estimated construction costs, costs for professional services, equipment and furnishing costs, off-site costs, contract administration costs, and other related project costs; the anticipated project design and construction schedule; a summary of the public hospital district’s construction
activity for the preceding six years; and an explanation of why the public hospital district believes the use of an alternative contracting procedure is in the public interest and why the public hospital district is qualified to use an alternative contracting procedure, including a summary of the relevant experience of the public hospital district's management team. The applicant shall also provide in a timely manner any other information concerning implementation of projects under this chapter requested by the public hospital district project review board to assist in its consideration.

(3) Any public hospital district whose application is approved by the public hospital district project review board shall comply with the public notification and review requirements in RCW 39.10.030.

(4) Any public hospital district whose application is approved by the public hospital district project review board shall not use as an evaluation factor whether a contractor submitting a bid for the approved project has had prior general contractor/construction manager procedure experience.

[2003 c 300 § 7.]

39.10.130 Job order contracts. (Effective until July 1, 2007.) (1) Public bodies may use a job order contract for public works projects when:

(a) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;

(b) The work order to be issued for a particular project does not exceed two hundred thousand dollars;

(c) Less than twenty percent of the dollar value of the work order consists of items of work not contained in the unit price book; and

(d) At least eighty percent of the job order contract must be subcontracted to entities other than the job order contractor.

(2) Public bodies shall award job order contracts through a competitive process utilizing public requests for proposals. Public bodies shall make an effort to solicit proposals from a certified minority or certified woman-owned contractor to the extent permitted by the Washington state civil rights act, RCW 49.60.400. The public body shall publish, at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public works will be done, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;

(b) The reasons for using job order contracts;

(c) A description of the qualifications required of the proposer;

(d) The identity of the specific unit price book to be used;

(e) The minimum contracted amount committed to the selected job order contractor;

(f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; recent, current, and projected work loads of the proposer; location; and the concept of the proposal;

(g) The form of the contract to be awarded;

(h) The method for pricing renewals of or extensions to the job order contract;

(i) A notice that the proposals are subject to the provisions of RCW 39.10.100; and

(j) Other information relevant to the project.

(3) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the form of coefficient markups from listed price book costs. The public body shall award the contract to the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public request for proposals.

(4) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protestor to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(5) The public body shall issue no work orders until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(7) The maximum total dollar amount that may be awarded under a job order contract shall not exceed three million dollars in the first year of the job order contract, five million dollars over the first two years of the job order contract, and, if extended or renewed, eight million dollars over the three years of the job order contract.
(8) For each job order contract, public bodies shall not issue more than two work orders equal to or greater than one hundred fifty thousand dollars in a twelve-month contract performance period.

(9) All work orders issued for the same project shall be treated as a single work order for purposes of the one hundred fifty thousand dollar limit on work orders in subsection (8) of this section and the two hundred thousand dollar limit on work orders in subsection (1)(b) of this section.

(10) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(11) Each public body may have no more than two job order contracts in effect at any one time.

(12) For purposes of chapters 39.08, 39.12, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract. The alternate filing provisions of RCW 39.12.040(2) shall apply to each work order that otherwise meets the eligibility requirements of RCW 39.12.040(2).

(13) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

(14) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(15) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the general conditions for Washington state facility construction. This will be the contractor's sole remedy.

(16) All job order contracts awarded under this section must be executed before July 1, 2007, however the job order contract may be extended or renewed as provided for in this section.

(17) For purposes of this section, "public body" includes any school district. [2003 c 301 § 1.]

CONTRACTS—INDEBTEDNESS LIMITATIONS—COMPETITIVE BIDDING VIOLATIONS

Sections

39.30.060 Bids on public works—Identification, substitution of subcontractors.

39.30.060 Bids on public works—Identification, substitution of subcontractors. (1) Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public
building or public work of the state or a state agency or municipality as defined under RCW 39.04.010 or an institution of higher education as defined under RCW 28B.10.016 shall require each prime contract bidder to submit as part of the bid, or within one hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and electrical as described in chapter 19.28 RCW, or to name itself for the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder's bid nonresponsive and, therefore, void.

(2) Substitution of a listed subcontractor in furtherance of bid shopping or bid peddling occurred or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor's burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:

(a) Refusal of the listed subcontractor to sign a contract with the prime contractor;
(b) Bankruptcy or insolvency of the listed subcontractor;
(c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;
(d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or
(e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(3) The requirement of this section to name the prime contract bidder's proposed HVAC, plumbing, and electrical subcontractors applies only to proposed HVAC, plumbing, and electrical subcontractors who will contract directly with the prime contract bidder submitting the bid to the public entity.

(4) This section does not apply to job order contract requests for proposals under RCW 39.10.130. [2003 c 301 § 5; 2002 c 163 § 2; 1999 c 109 § 1; 1995 c 94 § 1; 1994 c 91 § 1; 1993 c 378 § 1.1]

(d) Conducting activities and programs included as elements in the plan. [2003 c 327 § 2.]

*Reviser's note: Section 5 of this act was vetoed by the governor.

Finding—Intent—2003 c 327: "The legislature finds that throughout Washington state there are many active efforts to protect, manage, and restore watersheds. The state's river systems provide a variety of benefits for society's many needs, so efforts to protect these watersheds should reflect the diversity of social, environmental, and economic factors that make the state unique.

Yet, there is a conflict between the natural flow of river systems and the way watersheds are governed. From a hydrological standpoint, a watershed is a single, integrated system. But these systems usually flow through a number of cities, counties, and other municipalities as they move from their source to the sea. As a result, many are subject to the full range of management interests, including multiple government entities with jurisdiction over water. In many cases, the political boundaries of government do not align with the hydrological boundaries of watersheds and may actually hinder the implementation of coordinated, cooperative plans. Cooperative watershed management actions by local governments, special districts, and utilities can help maintain healthy watershed function and support the beneficial use of water by these entities and protect the quality of the resource that they use or affect. By participating in cooperative watershed management actions, local governments, special districts, and utilities are acting in the public interest and in a manner that is intended to sustain maximum beneficial use and high quality of water over time and to maintain the services that these entities provide.

Therefore, it is the intent of this act to remove statutory barriers that may prevent local governments from working together in the creation and implementation of cooperative, coordinated watershed plans. In addition, it is the further intent of this act to provide additional authorities to assist in such implementation." [2003 c 327 § 1.]

39.34.200 Watershed management partnerships—Formation. Any two or more public agencies may enter into agreements with one another to form a watershed management partnership for the purpose of implementing any portion or all elements of a watershed management plan, including the coordination and oversight of plan implementation. The plan may be any plan or plan element described in RCW 39.34.190(3). The watershed partnership agreement shall
include the provisions required of all interlocal agreements under RCW 39.34.030(3). The agreement shall be filed pursuant to RCW 39.34.040 with the county auditor of each county lying within the geographical watershed area to be addressed by the partnership. The public agencies forming the partnership shall designate a treasurer for the deposit, accounting, and handling of the funds of the partnership. The treasurer shall be either a county treasurer or a city treasurer of a county or city participating in the agreement to form the partnership. [2003 c 327 § 4.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

39.34.210 Watershed management partnerships—Indebtedness—Bonds. Where a watershed management partnership formed under the authority of RCW 39.34.200 establishes a separate legal entity to conduct the cooperating undertaking of the partnership, such legal entity is authorized for the purpose of carrying out such undertaking to contract indebtedness and to issue and sell general obligation bonds pursuant to and in the manner provided for general county bonds in chapters 36.67 and 39.46 RCW and other applicable statutes, and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes. The joint board established by the partnership agreement shall perform the functions referenced in chapter 36.67 RCW to be performed by the county legislative authority in the case of county bonds. [2003 c 327 § 6.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

39.34.220 Watershed management plans—Additional authority for implementation—Existing agreements not affected. The amendments by chapter 327, Laws of 2003 to the interlocal cooperation act authorities are intended to provide additional authority to public agencies for the purposes of implementing watershed management plans, and do not affect any agreements among public agencies existing on July 27, 2003. [2003 c 327 § 7.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

39.42.060 Limitation on issuance of evidences of indebtedness—Annual computation of amount required to pay on outstanding debt. No bonds, notes, or other evidences of indebtedness for borrowed money shall be issued by the state which will cause the aggregate debt contracted by the state to exceed that amount for which payments of principal and interest in any fiscal year would require the state to expend more than seven percent of the arithmetic mean of its general state revenues, as defined in RCW 39.42.070, for the three immediately preceding fiscal years as certified by the treasurer in accordance with RCW 39.42.070. It shall be the duty of the state finance committee to compute annually the amount required to pay principal of and interest on outstanding debt. In making such computation, the state finance committee shall include all borrowed money represented by bonds, notes, or other evidences of indebtedness which are secured by the full faith and credit of the state or are required to be paid, directly or indirectly, from general state revenues and which are incurred by the state, any department, authority, public corporation or quasi public corporation of the state, any state university or college, or any other public agency created by the state but not by counties, cities, towns, school districts, or other municipal corporations, and shall include debt incurred pursuant to section 3 of Article VIII of the Washington state Constitution, but shall exclude the following:

(1) Obligations for the payment of current expenses of state government;

(7) Indebtedness authorized and incurred after July 1, 1993, pursuant to statute which requires that the state treasury be reimbursed, in the amount of the principal of and the interest on such indebtedness, from (a) moneys outside the state treasury, except higher education operating fees, (b) higher education building fees, (c) indirect costs recovered from federal grants and contracts, and (d) fees and charges associated with hospitals operated or managed by institutions of higher education;

(8) Any agreement, promissory note, or other instrument entered into by the state finance committee under RCW 39.42.030 in connection with its acquisition of bond insurance, letters of credit, or other credit support instruments for the purpose of guaranteeing the payment or enhancing the marketability, or both, of any state bonds, notes, or other evidence of indebtedness;

(10) Indebtedness incurred for the purposes of the school district bond guaranty established by chapter 39.98 RCW;

(11) Indebtedness incurred for the purposes of replacing the waterproof membrane over the east plaza garage and revising related landscaping construction pursuant to RCW 43.99Q.070;

(12) Indebtedness incurred for the purposes of the state legislative building rehabilitation, to the extent that principal and interest payments of such indebtedness are paid from the capitol building construction account pursuant to RCW 43.99Q.140(2)(b); and

Copies of said certificate shall be sent to each elected official of the state and each member of the legislature. The treasurer shall, at the same time, advise each elected official and each member of the legislature of the current available debt capacity of the state, and may make estimated projections for one or more years concerning debt capacity.

All receipts collected under RCW 40.14.020(8) for contract imaging, micrographics, reproduction, and duplication services provided by the division of archives and records management must be deposited into the account, and expenditures from the account may be used only for these purposes. Only the secretary of state or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2003 c 163 § 2.]

40.14.024 Division of archives and records management—Local government archives account. The local government archives account is created in the state treasury. All receipts collected by the county auditors under RCW 40.14.027 and 36.22.175 for local government services, such as providing records scheduling, security microfilm inspection and storage, archival preservation, cataloging, and indexing for local government records and digital data and access to those records and data through the regional branch archives of the division of archives and records management, must be deposited into the account, and expenditures from the account may be used only for these purposes. [2003 c 163 § 3.]

40.14.025 Division of archives and records management—Allocation of costs of services—Archives and records management account. (1) The secretary of state and the director of financial management shall jointly establish a procedure and formula for allocating the costs of services provided by the division of archives and records management to state agencies. 40.14.027 Public archives and records management services—Judgment debtor surcharge. State agencies shall collect a surcharge of twenty dollars from the judgment debtor upon the satisfaction of a warrant filed in superior court for unpaid taxes or liabilities. The surcharge is imposed on the judgment debtor in the form of a penalty in addition to the filing fee provided in RCW 36.18.012(10). The surcharge revenue shall be transmitted to the state treasurer for deposit in the archives and records management account.

Surcharge revenue deposited in the local government archives account under RCW 40.14.024 shall be expended by the secretary of state exclusively for disaster recovery, essential records protection services, and records management training for local government agencies by the division of archives and records management. The secretary of state shall, with local government representatives, establish a committee to advise the state archivist on the local government archives and records management program. Findings—1994 c 193: "The legislature finds that: (1) Accountability for and the efficient management of local government records are in the public interest and that compliance with public records management requirements significantly affects the cost of local government administration; (2) the secretary of state is responsible for insuring the preservation of local government archives and may assist local government compliance with public records statutes; (3) as provided in RCW 40.14.025, all archives and records management services provided by the secretary of state are funded exclusively by a schedule of fees and charges established jointly by the secretary of state and the director of financial management; (4) the secretary of state’s costs for preserving and providing public access to local government archives and providing records management assistance to local government agencies have been funded by fees paid by state government agencies; (5) local government agencies are responsible for costs associated with managing, protecting, and providing public access to the records in their custody; (6) local government should help fund the secretary of state’s local government archives and records management services; (7) the five-dollar fee collected by county clerks for processing warrants for unpaid taxes or liabilities
filed by the state of Washington is not sufficient to cover processing costs and is far below filing fees commonly charged for similar types of minor civil actions; (8) a surcharge of twenty dollars would bring the filing fee for warrants for the collection of unpaid taxes and liabilities up to a level comparable to other minor civil filings and should be applied to the support of the secretary of state’s local government archives and records services without placing an undue burden on local government; and (9) the process of collecting and transmitting surcharge revenue should not have an undue impact on the operations of the state agencies that file warrants for the collection of unpaid taxes and liabilities or the clerks of superior court who process them.”

40.14.030 Transfer to state archives—Certified copies, cost—Public disclosure. (1) All public records, not required in the current operation of the office where they are made or kept, and all records of every agency, commission, committee, or any other activity of state government which may be abolished or discontinued, shall be transferred to the state archives so that the valuable historical records of the state may be centralized, made more widely available, and insured permanent preservation: PROVIDED, That this section shall have no application to public records approved for destruction under the subsequent provisions of this chapter.

When so transferred, copies of the public records concerned shall be made and certified by the archivist, which certification shall have the same force and effect as though made by the officer originally in charge of them. Fees may be charged to cover the cost of reproduction. In turning over the archives of his office, the officer in charge thereof, or his successor, thereby loses none of his rights of access to them, without charge, whenever necessary.

(2) Records that are confidential, privileged, or exempt from public disclosure under state or federal law while in the possession of the originating agency, commission, board, committee, or other entity of state or local government retain their confidential, privileged, or exempt status after transfer to the state archives unless the archivist, with the concurrence of the originating jurisdiction, determines that the records must be made accessible to the public according to proper and reasonable rules adopted by the secretary of state, in which case the records may be open to inspection and available for copying after the expiration of seventy-five years from creation of the record. If the originating jurisdiction is no longer in existence, the archivist shall make the determination of availability according to such rules. If, while in the possession of the originating agency, commission, board, committee, or other entity, any record is determined to be confidential, privileged, or exempt from public disclosure under state or federal law for a period of less than seventy-five years, then the record, with the concurrence of the originating jurisdiction, must be made accessible to the public upon the expiration of the shorter period of time according to proper and reasonable rules adopted by the secretary of state.

40.14.070 Destruction, disposition, donation of local government records—Preservation for historical interest—Local records committee, duties—Record retention schedules. (1)(a) County, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records on forms prepared by the division.

The archivist, a representative appointed by the state auditor, and a representative appointed by the attorney general shall constitute a committee, known as the local records committee, which shall review such lists and which may veto the destruction of any or all items contained therein.

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms provided by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Approval of such schedule or amended schedule shall be by unanimous vote of the local records committee. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2)(a) Except as otherwise provided by law, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the state records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established; or

(iii) The originals of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention, preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(b) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law
enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency's retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy of the document.

(c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.17.020 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW.

(3) Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:

(a) The records are seventy years old or more;

(b) The local records committee has approved the destruction of the public records; and

(c) The state archivist has determined that the public records have no historic interest. [2003 c 240 § 1; 1999 c 326 § 2; 1995 c 301 § 71; 1982 c 36 § 6; 1973 c 54 § 5; 1971 ex.s. c 10 § 1; 1957 c 246 § 7.]

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(7) While an employee is on leave transferred under this section, he or she shall continue to be classified as a state employee and shall receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued annual leave or sick leave.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(1) Every department, division, or separate agency of state government, and such county, municipal, school district, educational service district, or other political subdivisions as are covered by this chapter, shall provide contributions to insurance and health care plans for its employees and their dependents, the content of such plans to be determined by the authority. Contributions, paid by the county, the municipality, or other political subdivision for their employees, shall include an amount determined by the authority to pay such administrative expenses of the authority as are necessary to administer the plans for employees of those groups, except as provided in subsection (4) of this section.
(2) If the authority at any time determines that the participation of a county, municipal, or other political subdivision covered under this chapter adversely impacts insurance rates for state employees, the authority shall implement limitations on the participation of additional county, municipal, or other political subdivisions.
(3) The contributions of any department, division, or separate agency of the state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. Insurance and health care contributions for ferry employees shall be governed by RCW 47.64.270.
(4)(a) Beginning September 1, 2003, the authority shall collect from each participating school district and educational service district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of January 1, 2003.
(b) For all groups of district employees enrolling in authority plans for the first time after September 1, 2003, the authority shall collect from each participating school district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, only if the authority determines that this method of billing the districts will not result in a material difference between revenues from districts and expenditures made by the authority on behalf of districts and their employees.
(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.
(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time.
(e) For the purposes of this subsection:

(i) "District" means school district and educational service district;

(ii) "Tiered rates" means the amounts the authority must pay to insuring entities by plan and by family size.

(f) Notwithstanding this subsection and RCW 41.05.065(3), the authority may allow districts enrolled on a tiered rate structure prior to September 1, 2002, to continue participation based on the same rate structure and under the same conditions and eligibility criteria.

(5) The authority shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature. 41.05.065 Public employees' benefits board—Duties.

(1) The board shall study all matters connected with the provision of health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any of, or a combination of, the enumerated types of insurance for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state. However, liability insurance shall not be made available to dependents.

(2) The board shall develop employee benefit plans that include comprehensive health care benefits for all employees. In developing these plans, the board shall consider the following elements:

(a) Methods of maximizing cost containment while ensuring access to quality health care;

(b) Development of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems and prospective payment methods;

(c) Wellness incentives that focus on proven strategies, such as smoking cessation, injury and accident prevention, reduction of alcohol misuse, appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and nutrition education;

(d) Utilization review procedures including, but not limited to a cost-efficient method for prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers;

(e) Effective coordination of benefits;

(f) Minimum standards for insuring entities; and

(g) Minimum scope and content of public employee benefit plans to be offered to enrollees participating in the employee health benefit plans. To maintain the comprehensive nature of employee health care benefits, employee eligibility criteria related to the number of hours worked and the benefits provided to employees shall be substantially equivalent to the state employees' health benefits plan and eligibility criteria in effect on January 1, 1993. Nothing in this subsection (2)(g) shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits.

(3) The board shall design benefits and determine the terms and conditions of employee participation and coverage, including establishment of eligibility criteria. The same terms and conditions of participation and coverage, including eligibility criteria, shall apply to state employees and to school district employees and educational service district employees.

(4) The board may authorize premium contributions for an employee and the employee's dependents in a manner that encourages the use of cost-efficient managed health care systems. The board shall require participating school district and educational service district employees to pay at least the same employee premiums by plan and family size as state employees pay.

(5) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board.
(6) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall promulgate rules setting forth criteria by which it shall evaluate the plans.

(7) Before January 1, 1998, the public employees’ benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments and employees of political subdivisions not otherwise enrolled in the public employees’ benefits board sponsored medical programs may enroll under terms and conditions established by the administrator, if it does not jeopardize the financial viability of the public employees’ benefits board’s long-term care offering.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees’ benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees’ benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority’s cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner.

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(d) The public employees’ benefits board and the health care authority shall establish a technical advisory committee to provide advice in the development of the benefit design and establishment of underwriting guidelines and eligibility rules. The committee shall also advise the board and authority on effective and cost-effective ways to market and distribute the long-term care product. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer. The authority, in consultation with the public employees’ benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees’ benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

(h) By December 1998, the health care authority, in consultation with the public employees’ benefits board, shall submit a report to the appropriate committees of the legislature, including an analysis of the marketing and distribution of the long-term care insurance provided under this section. misdemeanor. Notice of such shall be included on the program enrollment form.

(3) The administrator shall charge participants in this program an annual enrollment fee sufficient to offset the cost of program administration.

(4) Any rebate or discount provided by a pharmaceutical manufacturer and made available to individuals under this section shall not be at the expense of retail pharmacies. This does not prohibit participating state agencies from using discounted pharmacy reimbursements for services or ingredients provided by the pharmacies. [2003 1st sp.s. c 29 § 3.]

(a) Determining whether an assistance program is offered for the needed drug or drugs;

(b) Evaluating the likelihood of a person obtaining drugs from an assistance program under the guidelines formulated;

(c) Assisting persons with the application and enrollment in an assistance program;

(d) Coordinating and assisting physicians and others authorized to prescribe medications with communications, including applications, made on behalf of a person to a participating manufacturer to obtain approval of the person in an assistance program; and

(e) Working with participating manufacturers to simplify the system whereby eligible persons access drug assistance programs, including development of a single application form and uniform enrollment process.

(2) Notice regarding the pharmacy connection program shall initially target senior citizens, but the program shall be available to anyone, and shall include a toll-free telephone number, available during regular business hours, that may be used to obtain information.

(3) The administrator may apply for and accept grants or gifts and may enter into interagency agreements or contracts with other state agencies or private organizations to assist with the implementation of this program including, but not limited to, contracts, gifts, or grants from pharmaceutical manufacturers to assist with the direct costs of the program.

(4) The administrator shall notify pharmaceutical companies doing business in Washington of the pharmacy connection program. 41.24.170 Retirement pensions. Except as provided in RCW 41.24.410, whenever any participant has been a member and served honorably for a period of ten years or more as an active member in any capacity, of any regularly organized fire department or law enforcement agency of any municipality in this state, and which municipality has adopted appropriate legislation allowing its fire fighters or reserve officers to enroll in the retirement pension provisions of this chapter, and the participant has enrolled under the retirement pension provisions and has reached the age of sixty-five years, the board of trustees shall order and direct that he or she be retired and be paid a monthly pension from the principal fund as provided in this section.

Whenever a participant has been a member, and served honorably for a period of twenty-five years or more as an active member in any capacity, of any regularly organized

"PLAN 2 GOVERNANCE"

The law enforcement officers' and fire fighters' retirement system plan 2 is currently subject to policymaking by the legislature's joint committee on pension policy with ratification by the members of the legislature and is administered by the department of retirement systems.

Members of the plan have no direct input into the management of their retirement program. Forty-six other states currently have member representation in their pension management. Chapter 2, Laws of 2003 is intended to give management of the retirement program to the people whose lives are directly affected by it and who provide loyal and valiant service to ensure the health, safety, and welfare of the citizens of the state of Washington. [2003 c 2 § 1 (Initiative Measure No. 790, approved November 5, 2002).]

   (2) Provide for additional benefits for fire fighters and law enforcement officers subject to the cost limitations provided for in chapter 2, Laws of 2003;
(3) Exercise fiduciary responsibility in the oversight of those pension management functions assigned to the board;
(4) Provide effective monitoring of the plan by providing an annual report to the legislature, to the members and beneficiaries of the plan, and to the public;
(5) Establish contribution rates for employees, employers, and the state of Washington that will guaranty viability of the plan, subject to the limitations provided for in chapter 2, Laws of 2003;
(6) Provide for an annual budget and to pay costs from the trust, as part of the normal cost of the plan; and
(7) Enable the board of trustees to retain professional and technical advisors as necessary for the fulfillment of their statutory responsibilities. [2003 c 2 § 2 (Initiative Measure No. 790, approved November 5, 2002).]

(2) The minimum benefits shall constitute a contractual obligation of the state and the contributing employers and
may not be reduced below the levels in effect on July 1, 2003. The state and the contributing employers shall maintain the minimum benefits on a sound actuarial basis in accordance with the actuarial standards adopted by the board.

(3) Increased benefits created as provided for in RCW 41.26.720 are granted on a basis not to exceed the contributions provided for in this section. In no instance shall the employee cost exceed ten percent of covered payroll without the consent of a majority of the affected employees. Employer contributions shall not exceed thirty percent of the cost, but in no instance shall the employer contribution exceed six percent of covered payroll. State contributions shall not exceed twenty percent of the cost, but in no instance shall the state contribution exceed four percent of covered payroll. The reduction of benefits in accordance with this section shall not be deemed a violation of the contractual rights of the members, provided that no reduction may result in benefits being lower than the level of the minimum benefits.

(4) The board shall manage the trust in a manner that maintains reasonable contributions and administrative costs. Providing additional benefits to members and beneficiaries is the board’s priority. [2003 c 93 § 1; 2003 c 2 § 6 (Initiative Measure No. 790, approved November 5, 2002).]

(2)(a) Except as provided in (b) of this subsection, a retiree from plan 1 who enters employment with an employer at least one calendar month after his or her accrual date may continue to receive pension payments while engaged in such service for up to eight hundred sixty-seven hours of service in a calendar year without a reduction of pension.

(b) A retiree from plan 1 who enters employment with an employer at least three calendar months after his or her accrual date and:

(i) Is hired into a position for which the employer has documented a justifiable need to hire a retiree into the position;

(ii) Is hired through the established process for the position with the approval of: A school board for a school district; the chief executive officer of a state agency employer; the secretary of the senate for the senate; the chief clerk of the house of representatives for the house of representatives; the secretary of the senate and the chief clerk of the house of representatives jointly for the joint legislative audit and review committee, the legislative transportation committee, the joint committee on pension policy, the legislative evaluation and accountability program, the legislative systems committee, and the statute law committee; or according to rules adopted for the rehiring of retired plan 1 members for a local government employer;

(3) If the retiree opts to reestablish membership under RCW 41.40.023(12), he or she terminates his or her retirement status and becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible in accordance with RCW 41.40.180. (2) The benefit under this section shall be paid only where death occurs as a result of injuries sustained in the course of employment. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. 41.40.270  Death before retirement or within sixty days following application for disability retirement—Payment of contributions to nominee, surviving spouse, or legal representative.—Waiver of payment, effect—Benefits. (1) Except as specified in subsection (4) of this section, should a member die before the date of retirement the amount of the accumulated contributions standing to the member's credit in the employees' savings fund, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, at the time of death:

(a) Shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or

(b) If there be no such designated person or persons still living at the time of the member's death, or if a member fails to file a new beneficiary designation subsequent to marriage, remarriage, dissolution of marriage, divorce, or reestablishment of membership following termination by withdrawal or retirement, such accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the surviving spouse as if in fact such spouse had been nominated by written designation as aforesaid, or if there be no such surviving spouse, then to the member's legal representatives.

(4) If a member dies within sixty days following application for disability retirement under RCW 41.40.230, the beneficiary named in the application may elect to receive the benefit provided by:

(a) This section; or

(1) Active members of the Washington state patrol retirement system who have previously established service credit in the public employees' retirement system plan 2 while employed in the state patrol as a commercial vehicle enforcement officer, and who became a commissioned officer after July 1, 2000, and prior to June 30, 2001, have the following options:

(a) Remain a member of the public employees' retirement system; or

(b) Transfer service credit earned under the retirement system as a commercial vehicle enforcement officer to the Washington state patrol retirement system by making an irrevocable choice filed in writing with the department of retirement systems within one year of the department's announcement of the ability to make such a transfer.

(2)(a) Any commissioned officer choosing to transfer under this section shall have transferred from the retirement system to the Washington state patrol retirement system:

(i) All the employee's applicable accumulated contributions plus interest, and an equal amount of employer contributions attributed to such employee; and

(ii) All applicable months of service as a commercial vehicle enforcement officer credited to the employee under this chapter as though that service was rendered as a member of the Washington state patrol retirement system.

(b) For the applicable period of service, the employee shall pay:

(i) The difference between the contributions the employee paid to the retirement system, and the contributions which would have been paid by the employee had the employee been a member of the Washington state patrol retirement system, plus interest as determined by the director. This payment shall be made no later than December 31, 2010, or the date of retirement, whichever comes first;

If there is no surviving spouse eligible to receive an allowance at the time of the member's death, such member's child or children under the age of majority shall receive an allowance, share and share alike. The allowance shall be calculated with the assumption that the age of the spouse and member were equal at the time of the member's death.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.

(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

(5) An employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer's fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060(3) shall be paid pursuant to subsection (1) of this section.

Working group on veterans’ records: "The protection from identity theft for veterans who choose to file their discharge papers with the county auditor is a matter of greatest concern. At the same time, the integrity of the public record of each county is a matter of utmost importance to the economic life of this state and to the right of each citizen to be secure in his or her ownership of real property and other rights and obligations of our citizens that rely upon the public record for their proof. Likewise the integrity of the public record is essential for the establishment of ancestral ties that may be of interest to this and future generations. While the public record as now kept by the county auditors is sufficient by itself for the accomplishment of these and many other public and private purposes, the proposed use of the public record for purposes that in their nature and intent are not public, so as to keep the veterans’ discharge papers from disclosure to those of ill intent, causes concern among many segments of the population of this state.

In order to voice these concerns effectively and thoroughly, a working group may be convened by the joint committee on veterans’ and military affairs to develop a means to preserve the integrity of the public record while protecting those veterans from identity theft." [2002 c 224 § 1] Effective date—2002 c 224 § 1: “Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 28, 2002].” [2002 c 224 § 4]

Finding—2001 c 98: "The legislature finds that public health and safety is promoted when the public has knowledge that enables them to make informed choices about their health and safety. Therefore, the legislature declares, as a matter of public policy, that the public has a right to information necessary to protect members of the public from harm caused by alleged hazards or threats to the public.

The legislature also recognizes that the public disclosure of those portions of records containing specific and unique vulnerability assessments or specific and unique response plans, either of which is intended to prevent or mitigate criminal terrorist acts as defined in RCW 70.74.285, could have a substantial likelihood of threatening public safety. Therefore, the legislature declares, as a matter of public policy, that such specific and unique information should be protected from unnecessary disclosure.” [2001 c 98 § 1] Effective date—2001 c 98: “This act shall take effect July 1, 1994.” [2002 c 224 § 1]

(iii) Discharge papers of a veteran filed at the office of the county auditor after June 30, 2002, are not public records, but will be available only to the veteran, the veteran's next of kin, a deceased veteran's properly appointed personal representative or executor, a person holding the veteran's general power of attorney, or anyone else designated in writing by the veteran to receive the records.

(iv) For the purposes of this subsection (1)(aaa), next of kin of deceased veterans have the same rights to full access to the record. Next of kin are the veteran's widow or widower who has not remarried, son, daughter, father, mother, brother, and sister.

(bbb) Those portions of records containing specific and unique vulnerability assessments or specific and unique emergency and escape response plans at a city, county, or state adult or juvenile correctional facility, the public disclosure of which would have a substantial likelihood of threatening the security of a city, county, or state adult or juvenile correctional facility or any individual's safety.

(ccc) Information compiled by school districts or schools in the development of their comprehensive safe school plans pursuant to RCW 28A.320.125, to the extent that they identify specific vulnerabilities of school districts and each individual school.

(ddd) Information regarding the infrastructure and security of computer and telecommunications networks, consisting of security passwords, security access codes and programs, access codes for secure software applications, security and service recovery plans, security risk assessments, and security test results to the extent that they identify specific system vulnerabilities.

(eee) Information obtained and exempted or withheld from public inspection by the health care authority under RCW 41.05.026, whether retained by the authority, transferred to another state purchased health care program or transferred by the authority to a technical review committee created to facilitate the development, acquisition, or implementation of state purchased health care under chapter 41.05 RCW.

(ff) Proprietary data, trade secrets, or other information that relates to: (i) A vendor's unique methods of conducting business; (ii) data unique to the product or services of the vendor; or (iii) determining prices or rates to be charged for services, submitted by any vendor to the department of social and health services for purposes of the development, acquisition, or implementation of state purchased health care as defined in RCW 41.05.011.

(2) Except for information described in subsection (1)(c)(i) of this section and confidential income data exempted from public inspection pursuant to RCW 84.40.020, the exemptions of this section are inapplicable to the extent that information, the disclosure of which would violate personal privacy or vital governmental interests, can be deleted from the specific records sought. No exemption may be construed to permit the nondisclosure of statistical information not descriptive of any readily identifiable person or persons.

(3) Inspection or copying of any specific records exempt under the provisions of this section may be permitted if the superior court in the county in which the record is maintained finds, after a hearing with notice thereof to every person in interest and the agency, that the exemption of such records is clearly unnecessary to protect any individual's right of privacy or any vital governmental function.

(4) Agency responses refusing, in whole or in part, inspection of any public record shall include a statement of the specific exemption authorizing the withholding of the record (or part) and a brief explanation of how the exemption applies to the record withheld. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1). Working group on veterans' records: "The protection from identity theft for veterans who choose to file their discharge papers with the county auditor is a matter of greatest concern. At the same time, the integrity of the public record of each county is a matter of utmost importance to the economic life of this state and to the right of each citizen to be secure in his or her ownership of real property and other rights and obligations of our citizens that rely upon the public record for their proof. Likewise the integrity of the public record is essential for the establishment of ancestral ties that may be of interest to this and future generations. While the public record as now kept by the county auditors is sufficient by itself for the accomplishment of these and many other public and private purposes, the proposed use of the public record for purposes that in their nature and intent are not public, so as to keep the veterans' discharge papers from disclosure to those of ill intent, causes concern among many segments of the population of this state. In order to voice these concerns effectively and thoroughly, a working group may be convened by the joint committee on veterans' and military affairs to develop a means to preserve the integrity of the public record while protecting those veterans from identity theft." Finding—2001 c 98: "The legislature finds that public health and safety is promoted when the public has knowledge that enables them to make informed choices about their health and safety. Therefore, the legislature declares, as a matter of public policy, that the public has a right to information necessary to protect members of the public from harm caused by alleged hazards or threats to the public.

The legislature also recognizes that the public disclosure of those portions of records containing specific and unique vulnerability assessments or specific and unique response plans, either of which is intended to prevent or mitigate criminal terrorist acts as defined in RCW 70.74.285, could have a substantial likelihood of threatening public safety. Therefore, the legislature declares, as a matter of public policy, that such specific and unique information should be protected from unnecessary disclosure." [2001 c 98 § 1.]

OPEN PUBLIC MEETINGS ACT

Sections
42.30.110  Executive sessions.

(1) Nothing contained in this chapter may be construed to prevent a governing body from holding an executive session during a regular or special meeting:

(a) To consider matters affecting national security;
(b) To consider the selection of a site or the acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price;
(c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public;
(d) To review negotiations on the public bidding contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;
(e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company;
(f) To receive and evaluate complaints or charges brought against a public officer or employee. However, upon the request of such officer or employee, a public hearing or a meeting open to the public shall be conducted upon such complaint or charge;
(g) To evaluate the qualifications of an applicant for public employment or to review the performance of a public employee. However, subject to RCW 42.30.140(4), discussion by a governing body of salaries, wages, and other conditions of employment to be generally applied within the agency shall occur in a meeting open to the public, and when a governing body elects to take final action hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action shall be taken in a meeting open to the public;
(h) To evaluate the qualifications of a candidate for appointment to elective office. However, any interview of such candidate and final action appointing a candidate to elective office shall be in a meeting open to the public;
(i) To discuss with legal counsel representing the agency matters relating to agency enforcement actions, or to discuss with legal counsel representing the agency litigation or potential litigation to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency.

This subsection (1)(i) does not permit a governing body to hold an executive session solely because an attorney representing the agency is present. For purposes of this subsection (1)(i), "potential litigation" means matters protected by RPC 1.6 or RCW 5.60.060(2)(a) concerning:

(A) Litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party;
(B) Litigation that the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity;
(C) Litigation or legal risks of a proposed action or current practice that the agency has identified when public discussion of the litigation or legal risks is likely to result in an adverse legal or financial consequence to the agency;

(j) To consider, in the case of the state library commission or its advisory bodies, western library network prices, products, equipment, and services, when such discussion would be likely to adversely affect the network’s ability to conduct business in a competitive economic climate. However, final action on these matters shall be taken in a meeting open to the public;
(k) To consider, in the case of the state investment board, financial and commercial information when the information relates to the investment of public trust or retirement funds and when public knowledge regarding the discussion would result in loss to such funds or in private loss to the providers of this information;
(l) To consider proprietary or confidential nonpublished information related to the development, acquisition, or implementation of state purchased health care services as provided in RCW 41.05.026.

(2) Before convening in executive session, the presiding officer of a governing body shall publicly announce the purpose for excluding the public from the meeting place, and the time when the executive session will be concluded. The executive session may be extended to a stated later time by announcement of the presiding officer.    (k) Unsolicited gifts from dignitaries from another state or a foreign country that are intended to be personal in nature.

Chapter 43.19 RCW

DEPARTMENT OF GENERAL ADMINISTRATION

Sections
43.19.1911 Competitive bids—Notice of modification or cancellation—Cancellation requirements—Lowest responsible bidder—Preferential purchase—Life cycle costing.  (1) Preservation of the integrity of the competitive bid system dictates that after competitive bids have been opened, award must be made to that responsible bidder who submitted the lowest responsive bid pursuant to subsections (7) and (9) of this section, unless there is a compelling reason to reject all bids and cancel the solicitation.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation.  If, in the opinion of the purchasing agency, division, or department head, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified.  This will permit bidders to change their bids and prevent unnecessary exposure of bid prices.  In addition, every effort shall be made to include realistic, achievable requirements in a solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired.  Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the purchasing agency, division, or department head determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The supplies or services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the agency;

(e) Bids received indicate that the needs of the agency can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the agency cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The agency, division, or department head may not delegate his or her authority under this section.

(6) After the opening of bids, an agency may not reject all bids and enter into direct negotiations to complete the planned acquisition.  However, the agency can enter into negotiations exclusively with the lowest responsible bidder in order to determine if the lowest responsible bid may be improved.  Until December 31, 2007, for purchases requiring a formal bid process the agency shall also enter into negotiations with and may consider for award the lowest responsible bidder that is a vendor in good standing, as defined in RCW 43.19.525.  An agency shall not use this negotiation opportunity to permit a bidder to change a nonresponsive bid into a responsive bid.

(7) In determining the lowest responsible bidder, the agency shall consider any preferences provided by law to Washington products and vendors and to RCW 43.19.704, and further, may take into consideration the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery.

(8) Each bid with the name of the bidder shall be entered of record and each record, with the successful bid indicated, shall, after letting of the contract, be open to public inspection.

(9) In determining "lowest responsible bidder", in addition to price, the following elements shall be given consideration:

(a) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;

(b) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;

(c) Whether the bidder can perform the contract within the time specified;

(d) The quality of performance of previous contracts or services;

(e) The previous and existing compliance by the bidder with laws relating to the contract or services;

(f) Such other information as may be secured having a bearing on the decision to award the contract: PROVIDED, That in considering bids for purchase, manufacture, or lease, and in determining the "lowest responsible bidder," whenever there is reason to believe that applying the "life cycle costing" technique to bid evaluation would result in lowest total cost to the state, first consideration shall be given by state purchasing activities to the bid with the lowest life cycle cost which complies with specifications.  "Life cycle cost" means the total cost of an item to the state over its estimated useful life, including costs of selection, acquisition, operation, maintenance, and where applicable, disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of its estimated useful life.  The "estimated useful life" of an item means the estimated time from the date of acquisition to the date of replacement or disposal, determined in any reasonable manner.  Nothing in this section...
shall prohibit any state agency, department, board, commission, committee, or other state-level entity from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused. [2003 c 136 § 6; 1996 c 69 § 2; 1989 c 431 § 60; 1983 c 183 § 4; 1980 c 172 § 8; 1965 c 8 § 43.19.1911. Prior: 1959 c 178 § 6.]  

**Intent—1996 c 69:** "It is the intent of the legislature to preserve the integrity of the competitive bidding system for state contracts. This dictates that, after competitive bids have been opened, the agency must award the contract to the responsible bidder who submitted the lowest responsive bid and that only in limited compelling circumstances may the agency reject all bids and cancel the solicitation. Further, after opening the competitive bids, the agency may not reject all bids and enter into direct negotiations with the bidders to complete the acquisition." [1996 c 69 § 1.]

### 43.19.1939 Unlawful to offer, give, accept, benefits as inducement for or to refrain from bidding—Penalty.  
(Effective July 1, 2004.) (1) When any competitive bid or bids are to be or have been solicited, requested, or advertised for by the state under the provisions of RCW 43.19.190 through 43.19.193, it shall be unlawful for any person acting for himself, herself, or as agent of another, to offer, give, or promise to give, any money, check, draft, property, or other thing of value, to another for the purpose of inducing such other person to refrain from submitting any bids upon such purchase or to enter into any agreement, understanding or arrangement whereby full and unrestricted competition for the securing of such public work will be suppressed, prevented, or eliminated; and it shall be unlawful for any person to solicit, accept or receive any money, check, draft, property, or other thing of value upon a promise or understanding, express or implied, that he or she individually or as an agent or officer of another will refrain from bidding upon such contract, or that he or she will on behalf of himself, herself, or such others submit or permit another to submit for him or her any bid upon such purchase in such sum as to eliminate full and unrestricted competition thereon.

(2) Any person violating this section is guilty of a misdemeanor. [2003 c 53 § 226; 1965 c 8 § 43.19.1939. Prior: 1959 c 178 § 20.]  

**Intent—Effective date—2003 c 53:** See notes following RCW 2.48.180.

It is the intent of the legislature to encourage state agencies and departments to purchase products and/or services manufactured or provided by:

1. Community rehabilitation programs of the department of social and health services which operate facilities serving disadvantaged persons and persons with disabilities and have achieved or consistently make progress towards the goal of enhancing opportunities for disadvantaged persons and persons with disabilities to maximize their opportunities for employment and career advancement, and increase the number employed and their wages; and

2. Until December 31, 2007, businesses owned and operated by persons with disabilities that have achieved or consistently make progress towards the goal of enhancing opportunities for disadvantaged persons and persons with disabilities to maximize their opportunities for employment and career advancement, and increase the number employed and their wages. [2003 c 136 § 1; 1974 ex.s. c 40 § 1.]

### 43.19.525 Purchases from entities serving or providing opportunities for disadvantaged or disabled persons—Definitions.  
The definitions in this section apply throughout RCW 43.19.520 through 43.19.530 unless the context clearly requires otherwise.

1. "Businesses owned and operated by persons with disabilities" means any for-profit business certified under chapter 39.19 RCW as being owned and controlled by persons who have been either:
   a. Determined by the department of social and health services to have a developmental disability, as defined in RCW 71A.10.020;
   b. Determined by an agency established under Title I of the federal vocational rehabilitation act to be or have been eligible for vocational rehabilitation services;
   c. Determined by the federal social security administration to be or have been eligible for either social security disability insurance or supplemental security income; or

2. "Community rehabilitation programs of the department of social and health services" means any entity that:
   a. Is recognized by the department of social and health services, division of vocational rehabilitation as eligible to do business as a community rehabilitation program.
   b. "Vendor in good standing" means a business owned and operated by persons with disabilities or a community rehabilitation program, that has been determined under RCW 43.19.531 and 50.40.065 to meet the following criteria:

      b. Has achieved, or continues to work towards, the goal of enhancing opportunities for disadvantaged persons and persons with disabilities to maximize their opportunities for employment and career advancement, and increase the number employed and their wages, as determined by the governor’s committee on disability issues and employment. [2003 c 136 § 2; 1974 ex.s. c 40 § 2.]

### 43.19.530 Purchases from entities serving or providing opportunities for disadvantaged or disabled persons—Authorized—Fair market price.  
The state agencies and departments are hereby authorized to purchase products and/or services manufactured or provided by:

1. Community rehabilitation programs of the department of social and health services; and

Such purchases shall be at the fair market price of such products and services as determined by the division of purchasing of the department of general administration. To determine the fair market price the division shall use the last comparable bid on the products and/or services or in the alternative the last price paid for the products and/or services. The increased cost of labor, materials, and other documented costs since the last comparable bid or the last price paid are additional cost factors which shall be considered in determining fair market price. Upon the establishment of the fair market price as provided for in this section the division is hereby empowered to negotiate directly for the purchase of products or services with officials in charge of the community rehabilitation programs of the department of social and health services and, until December 31, 2007, businesses owned and operated by persons with disabilities. [2003 c 136 § 3; 1977 ex.s. c 10 § 2; 1974 ex.s. c 40 § 3.]

43.19.651  Fuel cells and renewable or alternative energy sources. (1) When planning for the capital construc-
tion or renovation of a state facility, state agencies shall consider the utilization of fuel cells and renewable or alternative energy sources as a primary source of power for applications that require an uninterruptible power source.

(2) When planning the purchase of back-up or emergency power systems and remote power systems, state agencies shall consider the utilization of fuel cells and renewable or alternative energy sources instead of batteries or internal combustion engines.

(3) The director of general administration shall develop criteria by which state agencies can identify, evaluate, and develop potential fuel cell applications at state facilities.

(4) For the purposes of this section, "fuel cell" means an electrochemical reaction that generates electric energy by combining atoms of hydrogen and oxygen in the presence of a catalyst. [2003 c 340 § 1.]

Intent—2003 c 65: "The United States food and drug administration's food code incorporates the most recent food science and technology. The code is regularly updated in consultation with the states, the scientific community, and the food service industry. The food and drug administration's food code provides consistency for food service regulations, and it serves as a model for many states' food service rules. It is the legislature's intent that the state board of health use the United States food and drug administration's food code as guidance when developing food service rules for this state." [2003 c 65 § 1.]

43.20.260 Review of water system plan, requirements—Municipal water suppliers, retail service. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant to recover from the applicant the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement.

(2) The written cost-reimbursement agreement shall be negotiated with the permit applicant. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Use of cost-reimbursement agreements shall not reduce the current level of staff available to work on permits not covered by cost-reimbursement agreements. The department may not use any funds under a cost-reimbursement agreement to replace or supplant existing funding. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement.

(3) The department may not enter into any new cost-reimbursement agreements on or after July 1, 2007. The department may continue to administer any cost-reimbursement agreement that was entered into before July 1, 2007, until the project is completed. [2003 c 70 § 1; 2000 c 251 § 8.]

Intent—2000 c 251: "It is the intent of the legislature to allow applicants for environmental permits for complex projects to compensate permitting agencies for providing environmental review through the voluntary negotiation of cost-reimbursement agreements with the permitting agency. It is the further intent of the legislature that cost-reimbursement agreements for complex projects free permitting agency resources to focus on the review of small projects permits." 43.21C.260 Certain actions not subject to RCW 43.21C.030(2)(c)—Threshold determination on a watershed analysis.

43.21C.0382 Application of RCW 43.21C.030(2)(c) to watershed restoration projects—Fish habitat enhancement projects. Decisions pertaining to watershed restora-
tion projects as defined in RCW 89.08.460 are not subject to the requirements of RCW 43.21C.030(2)(c). Decisions pertaining to fish habitat enhancement projects meeting the criteria of RCW 77.55.290(1) and being reviewed and approved according to the provisions of RCW 77.55.290 are not subject to the requirements of RCW 43.21C.030(2)(c). [2003 c 39 § 23; 1998 c 249 § 12; 1995 c 378 § 12.]

43.21C.229 Infill development—Categorical exemptions from chapter. (1) In order to accommodate infill development and thereby realize the goals and policies of comprehensive plans adopted according to chapter 36.70A RCW, a city or county planning under RCW 36.70A.040 is authorized by this section to establish categorical exemptions from the requirements of this chapter. An exemption adopted under this section applies even if it differs from the categorical exemptions adopted by rule of the department under RCW 43.21C.110(1)(a). An exemption may be adopted by a city or county under this section if it meets the following criteria:

(a) It categorically exempts government action related to development that is new residential or mixed-use development proposed to fill in an urban growth area designated according to RCW 36.70A.110, where current density and intensity of use in the area is lower than called for in the goals and policies of the applicable comprehensive plan;

(b) It does not exempt government action related to development that would exceed the density or intensity of use called for in the goals and policies of the applicable comprehensive plan; and

(c) The city or county's applicable comprehensive plan was previously subjected to environmental analysis through an environmental impact statement under the requirements of this chapter prior to adoption.

(2) Any categorical exemption adopted by a city or county under this section shall be subject to the rules of the department adopted according to RCW 43.21C.110(1)(a) that provide exceptions to the use of categorical exemptions adopted by the department. [2003 c 298 § 1.]

Severability—2003 c 298: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2003 c 298 § 3.]

43.21C.240 Project review under the growth management act. (1) If the requirements of subsection (2) of this section are satisfied, a county, city, or town reviewing a project action shall determine that the requirements for environmental analysis, protection, and mitigation measures in the county, city, or town's development regulations and comprehensive plans adopted under chapter 36.70A RCW, and in other applicable local, state, or federal laws and rules provide adequate analysis of and mitigation for the specific adverse environmental impacts of the project action to which the requirements apply. Rules adopted by the department according to RCW 43.21C.110 regarding project specific impacts that may not have been adequately addressed apply to any determination made under this section. In these situations, in which all adverse environmental impacts will be mitigated below the level of significance as a result of mitigation measures included by changing, clarifying, or conditioning of the proposed action and/or regulatory requirements of development regulations adopted under chapter 36.70A RCW or other local, state, or federal laws, a determination of nonsignificance or a mitigated determination of nonsignificance is the proper threshold determination.

(2) A county, city, or town shall make the determination provided for in subsection (1) of this section if:

(a) In the course of project review, including any required environmental analysis, the local government considers the specific probable adverse environmental impacts of the proposed action and determines that these specific impacts are adequately addressed by the development regulations or other applicable requirements of the comprehensive plan, subarea plan element of the comprehensive plan, or other local, state, or federal rules or laws; and

(b) The local government bases or conditions its approval on compliance with these requirements or mitigation measures.

(3) If a county, city, or town's comprehensive plans, subarea plans, and development regulations adequately address a project's probable specific adverse environmental impacts, as determined under subsections (1) and (2) of this section, the county, city, or town shall not impose additional mitigation under this chapter during project review. Project review shall be integrated with environmental analysis under this chapter.

(4) A comprehensive plan, subarea plan, or development regulation shall be considered to adequately address an impact if the county, city, or town, through the planning and environmental review process under chapter 36.70A RCW and this chapter, has identified the specific adverse environmental impacts and:

(a) The impacts have been avoided or otherwise mitigated; or

(b) The legislative body of the county, city, or town has designated as acceptable certain levels of service, land use designations, development standards, or other land use planning required or allowed by chapter 36.70A RCW.

(5) In deciding whether a specific adverse environmental impact has been addressed by an existing rule or law of another agency with jurisdiction with environmental expertise with regard to a specific environmental impact, the county, city, or town shall consult orally or in writing with that agency and may expressly defer to that agency. In making this deferral, the county, city, or town shall base or condition its project approval on compliance with these other existing rules or laws.

(6) Nothing in this section limits the authority of an agency in its review or mitigation of a project to adopt or otherwise rely on environmental analyses and requirements under other laws, as provided by this chapter.

(7) This section shall apply only to a county, city, or town planning under RCW 36.70A.040. [2003 c 298 § 2; 1995 c 347 § 202.]

Severability—2003 c 298: See note following RCW 43.21C.229.

Findings—Intent—1995 c 347 § 202: "(1) The legislature finds in adopting RCW 43.21C.240 that:

(a) Comprehensive plans and development regulations adopted by counties, cities, and towns under chapter 36.70A RCW and environmental laws and rules adopted by the state and federal government have addressed a wide range of environmental subjects and impacts. These plans, regulations,
rules, and laws often provide environmental analysis and mitigation measures for project actions without the need for an environmental impact statement or further project mitigation. 

(b) Existing plans, regulations, rules, or laws provide environmental analysis and measures that avoid or otherwise mitigate the probable specific adverse environmental impacts of proposed projects should be integrated with and should not be duplicated by, environmental review under chapter 43.21C RCW.

(c) Proposed projects should continue to receive environmental review, which should be conducted in a manner that is integrated with and does not duplicate other requirements. Project-level environmental review should be used to: (i) Review and document consistency with comprehensive plans and development regulations; (ii) provide prompt and coordinated review by government agencies and the public on compliance with applicable environmental laws and plans, including mitigation for specific project impacts that have not been considered and addressed at the plan or development regulation level; and (iii) ensure accountability by local government to applicants and the public for requiring and implementing mitigation measures.

(d) When a project permit application is filed, an agency should analyze the proposal’s environmental impacts, as required by applicable regulations and the environmental review process required by this chapter, in one project review process. The project review process should include land use, environmental, public, and governmental review, as provided by the applicable regulations and the rules adopted under this chapter, so that documents prepared under different requirements can be reviewed together by the public and other agencies. This project review will provide an agency with the information necessary to make a decision on the proposed project.

(e) Through this project review process: (i) If the applicable regulations require studies that adequately analyze all of the project’s specific probable adverse environmental impacts, additional studies under this chapter will not be necessary on those impacts; (ii) if the applicable regulations require measures that adequately address such environmental impacts, additional measures would likewise not be required under this chapter; and (iii) if the applicable regulations do not adequately analyze or address a proposal’s specific probable adverse environmental impacts, this chapter provides the authority and procedures for additional review.

(2) The legislature intends that a primary role of environmental review under chapter 43.21C RCW is to focus on the gaps and overlaps that may exist in applicable laws and requirements related to a proposed action. The review of project actions conducted by counties, cities, and towns planning under RCW 36.70A.040 should integrate environmental review with project review. Chapter 43.21C RCW should not be used as a substitute for other land use planning and environmental requirements. [1995 c 347 § 201.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

43.21C.260 Certain actions not subject to R CW 43.21C.030(2)(c)—Threshold determination on a watershed analysis. (1) Decisions pertaining to the following kinds of actions under chapter 4, Laws of 1999 sp. sess. are not subject to any procedural requirements implementing RCW 43.21C.030(2)(c): (a) Approval of forest road maintenance and abandonment plans under chapter 76.09 RCW and RCW 77.55.100; (b) approval by the department of natural resources of future timber harvest schedules involving east-side clear cuts under rules implementing chapter 76.09 RCW; (c) acquisitions of forest lands in stream channel migration zones under RCW 76.09.040; and (d) acquisitions of conservation easements pertaining to forest lands in riparian zones under RCW 76.13.120.

(2) For purposes of the department’s threshold determination on a watershed analysis, the department shall not make a determination of significance unless the prescriptions themselves, compared to rules or prescriptions in place prior to the analysis, will cause probable significant adverse impact on elements of the environment other than those addressed in the watershed analysis process. Nothing in this subsection shall be construed to effect the outcome of pending litigation regarding the department’s authority in making a threshold determination on a watershed analysis. [2003 c 39 § 24; 1999 sp.s. c 4 § 1201.]

ECONOMIC DEVELOPMENT PROJECTS—APPEALS AND REVIEWS OF PERMIT DECISIONS

Sections
43.21L.005 Purpose. The purpose of this chapter is to reform the process of appeal and review of final permit decisions made by state agencies and local governments for qualifying economic development projects, by establishing uniform, expedited, and coordinated appeal procedures and uniform criteria for reviewing such decisions, in order to provide consistent, predictable, and timely review. The appeal process authorized in this chapter is intended to be the exclusive process for review of final decisions made by state agencies and local governments on permit applications for qualifying economic development projects, superseding other existing administrative board and judicial appeal procedures. [2003 c 393 § 1.]

43.21L.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the environmental and land use hearings board established in this chapter.

(5) "Permit agency" means any state agency or local government, including but not limited to air agencies, authorized by law to issue permits.

(6) "Qualifying project" means an economic development project that is (a) located within a county that in its entirety qualifies as a distressed area as defined in RCW 43.168.020(3) and a rural natural resources impact area as defined in RCW 43.160.020, (b) designed to provide at least thirty full-time year-round jobs, and (c) designated as a qualifying project by the office of permit assistance established under chapter 43.42 RCW if a request for a determination of such designation is made to the office by the project applicant as provided under this chapter. [2003 c 393 § 2.]

43.21L.020 Exclusive review process—Exception—Procedural rules. The appeal process authorized in this chapter shall, notwithstanding any other provisions of this code, be the exclusive process for review of the decisions made by participating permit agencies on permit applications for a qualifying project. This chapter shall not apply to applications for certification by the energy facility site evaluation council pursuant to chapter 80.50 RCW. The superior court civil rules and the rules of appellate procedure shall govern procedural matters for the judicial appeal process under this chapter to the extent that the rules are consistent with this chapter. [2003 c 393 § 3.]

43.21L.030 Designation as qualifying project—Request for determination—Duties of office of permit assistance. (1) Any applicant for a project that meets the criteria set forth in RCW 43.21L.010(6) (a) and (b) may use the process of appeal and review of this chapter by filing with the office of permit assistance a request for a determination of designation as a qualifying project as required in RCW 43.21L.010(6)(c). Such request shall be filed with the office no later than thirty days after the filing with a permit agency of the first application for a permit relating to the subject project that is filed after May 20, 2003. No requests may be filed with the office of permit assistance after December 31, 2010. The request shall include a list of permits that the project applicant reasonably believes will be required for the subject project.

(2) The office of permit assistance shall: (a) Respond to such request within thirty days after the filing of the request; and (b) if the office determines to designate the project as a qualifying project under RCW 43.21L.010(6)(c), contemporaneously provide a copy of the designation response to all permit agencies responsible for the project permits listed in the request. The office of permit assistance shall provide notice of any project designation to the code reviser for publication in the state register and to any persons that have filed with the office of permit assistance a general request for such notice. In all such proceedings, the board shall have all powers relating to the administration of oaths, issuance of subpoenas, and taking of depositions as set forth in RCW 34.05.446. The board shall publish any such rules and arrange for the reasonable distribution thereof. Failure to adopt such rules shall not deprive the board of jurisdiction nor relieve the board of the duty to hear petitions for review filed under this chapter. [2003 c 393 § 5.]

43.21L.050 Review proceedings—Commencement—Rules for filing and service. (1) Proceedings for review under this chapter shall be commenced by filing a petition with the environmental and land use hearings board. The board may adopt by rule procedures for filing and service that are consistent with this chapter.

(3) The petition is timely if it is filed and served on all parties listed in subsection (2) of this section within twenty-one days of the issuance of the permit agency of the permit for the qualifying project.

(4) For the purposes of this section, the date on which a permit decision is issued is:

(1) The applicant and the owner of the property to which the permit decision is directed;

(2) Another person aggrieved or adversely affected by the permit decision, or who would be aggrieved or adversely affected by a reversal or modification of the permit decision. A person is aggrieved or adversely affected within the meaning of this section only when all of the following conditions are present:

(b) That person’s asserted interests are among those that the permit agency was required to consider when it made its permit decision;

(c) A decision of the board in favor of that person would substantially eliminate or redress the prejudice to that person caused or likely to be caused by the permit decision; and

(d) The petitioner has exhausted his or her administrative remedies to the extent required by law;

43.21L.070 Petition requirements. A petition must set forth:

(1) The name and mailing address of the petitioner;

(2) The name and mailing address of the petitioner’s attorney, if any;

(3) The name and mailing address of the permit agency whose permit is at issue, if any;

(4) A duplicate copy of the permit decision;

(5) Identification of each person to be made a party under this chapter;

(6) Facts demonstrating that the petitioner has standing to seek board review under this chapter;

(7) A separate and concise statement of each error alleged to have been committed;

(8) A concise statement of facts upon which the petitioner relies to sustain the statement of error; and

(9) A request for relief, specifying the type and extent of relief requested. [2003 c 393 § 8.]

43.21L.080 Affidavit certifying applications for permits—Initial hearing on jurisdictional and preliminary matters. (1) Within seven days after receipt of service of the petition filed pursuant to RCW 43.21L.050, the project applicant shall file with the board and serve on all parties an affidavit certifying all applications for permits that the project applicant has filed with participating permit agencies for the qualifying project, provided, however, that no permit may be included that has been issued and appealed to an administrative hearings board or to court prior to the date of service of the petition filed with the board under this chapter. The board
shall request verification from the participating agencies of the permit applications certified in the project applicant’s affidavit and of the expected date for final decision on the permit applications. Filing of the affidavit shall toll the schedule for hearing by the board until twenty-one days after issuance of the final permit decision on the last permit required for the qualifying project that has been certified in the project applicant’s affidavit and verified by a participating agency as applied for, unless the petition filed and served by the petitioner relates to the final permit decision.

(2) Within seven days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project, the petitioner shall note an initial hearing on jurisdictional and other preliminary matters, and, if applicable, on other pretrial matters. This initial hearing shall be set no sooner than thirty-five days and not later than fifty days after the expiration of the appeal period for the final permit decision on the last permit required for the qualifying project.

(3) If petitions for review of more than one permit issued by participating permit agencies for a qualifying project are filed with the board, the board shall contemporaneously process all such petitions in accordance with the case schedule requirements set forth in chapter 393, Laws of 2003.

(4) The parties shall note all motions on jurisdictional and procedural issues for resolution at the initial hearing, except that a motion to allow discovery may be brought sooner.

(5) The defenses of lack of standing, untimely filing or service of the petition, lack of good faith or improper purpose in filing, and failure to join persons needed for just adjudication are waived if not raised by timely motion noted to be heard at the initial hearing, unless the board allows discovery on such issues.

(6) The petitioner shall move the board for an order at the initial hearing that sets the date on which the permit decision record or records of the applicable permit agency or agencies, if any, must be submitted, sets a briefing schedule, sets a discovery schedule if discovery is to be allowed, and schedules a hearing or hearings on the merits.

(7) The parties may waive the initial hearing by scheduling with the board a date for the hearing or hearings on the merits and filing a stipulated order that resolves the jurisdictional and procedural issues raised by the petition, including the issues identified in subsections (5) and (6) of this section.

(8) A party need not file an answer to a petition for review filed pursuant to RCW 43.21L.050. [2003 c 393 § 9.]

43.21L.100 Stay or suspension of board action. (1) A petitioner or other party may request the board to stay or suspend an action by a participating permit agency or another party to implement the decision under review. The request must set forth a statement of grounds for the stay and the factual basis for the request.

(2) The board may grant a stay only if the board finds that: (a) The party requesting the stay is likely to prevail on the merits, (b) without the stay the party requesting it will suffer irreparable harm, (c) the grant of a stay will not substantially harm other parties to the proceedings, and (d) the request for the stay is timely in light of the circumstances of the case.

(3) The board may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay. [2003 c 393 § 11.]

43.21L.110 Decision record—Certified copy to board—Costs. (1) Within forty-five days after entry of an order to submit the decision record, where applicable, or within such a further time as the board allows or as the parties agree, each participating agency shall submit to the board a certified copy of the decision record for board review of the permit decision, except that the petitioner shall prepare at the petitioner's expense and submit a verbatim transcript of any hearings held on the matter.

(2) If the parties agree, or upon order of the board, the record shall be shortened or summarized to avoid reproduction and transcription of portions of the record that are duplicative or not relevant to the issues to be reviewed by the board.

(3) The petitioner shall pay the participating agency the cost of preparing the record before the participating agency submits the decision record to the board. Failure by the petitioner to timely pay the participating agency relieves the participating agency of responsibility to submit the record and is grounds for dismissal of the petition.

(4) If the relief sought by the petitioner is granted in whole or in part the board shall equitably assess the cost of preparing the record among the parties. In assessing costs the board shall take into account the extent to which each party prevailed and the reasonableness of the parties' conduct in agreeing or not agreeing to shorten or summarize the record under subsection (2) of this section. [2003 c 393 § 12.]

43.21L.120 Board review of permit decisions—Correction of errors and omissions—Pretrial discovery—Requests for records under chapter 42.17 RCW. (1) For all permit decisions being reviewed that were made by quasi-judicial bodies or permit agency officers who made factual determinations in support of the decisions, after the conduct of proceedings in which the parties had an opportunity consistent with due process to make records on the factual issues, board review of factual issues and the conclusions drawn from the factual issues shall be confined to the records created by the quasi-judicial bodies or permit agency officers, except as provided in subsections (2) through (4) of this section.

[2003 RCW Supp—page 547]
(2) For decisions described in subsection (1) of this section, the records may be supplemented by additional evidence only if the additional evidence relates to:

(a) Grounds for disqualification of a member of the board or of the officer that made the permit decision, when such grounds were unknown by the petitioner at the time the record was created;

(b) Matters that were improperly excluded from the record after being offered by a party to a permit decision proceeding; or

(c) Matters that were outside the jurisdiction of the board or officer that made the permit decision.

(3) For permit decisions other than those described in subsection (1) of this section, the board review of the permit decision shall be de novo on issues presented as error in the petition.

(4) The board may require or permit corrections of ministerial errors or inadvertent omissions in the preparation of the record.

(5)(a) The parties may not conduct pretrial discovery except with the prior permission of the board, which may be sought by motion, subject to any applicable rules adopted by the board, at any time after service of the petition. The board shall not grant permit unless the party requesting it makes a prima facie showing of need. The board shall strictly limit discovery to what is necessary for equitable and timely review of the issues.

(b) If the board allows the record to be supplemented, or in any de novo proceeding under subsection (3) of this section, the board shall require the parties to disclose before the hearing or trial on the merits the identity of witnesses and the specific evidence they intend to offer.

(c) If any party, or anyone acting on behalf of any party, requests records under chapter 42.17 RCW relating to the matters at issue, a copy of the request shall simultaneously be given to all other parties, and the board shall take such request into account in fashioning an equitable discovery order under this section. [2003 c 393 § 13.]

43.21L.130 Standards for granting relief—Action by board. (1) The board shall review the decision record and all such evidence as is permitted to supplement the record for review restricted to the decision record or is required for de novo review under RCW 43.21L.120. The board may grant relief only if the party seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (f) of this subsection has been met. The standards are:

(a) The body or officer that made the decision engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The permit decision is an erroneous interpretation of the law, after allowing for such deference as is due the construction of a law by an agency with expertise;

(c) The permit decision is not supported by evidence that is substantial when viewed in light of the whole record before the board;

(d) The permit decision is a clearly erroneous application of the law to the facts;

(e) The permit decision is outside the authority or jurisdiction of the body or officer making the decision; or

(f) The permit decision violates the constitutional rights of the party seeking relief.

(2) The board may affirm or reverse each and every permit decision under review or remand the decision for modification or further proceedings involving the permit agencies. [2003 c 393 § 14.]

43.21L.140 Judicial review. (1) In order to obtain judicial review of a final decision of the environmental and land use hearings board, a party to the board case as consolidated shall timely file a petition for judicial review in the superior court for Thurston county and timely serve the board and all parties to the proceedings before the board by personal service or by mail. Such petition is timely filed and served only if it is filed and served on all parties within thirty days after the filing of the final decision and order of the board. Service by mail shall be deemed effective on the date of deposit with the United States postal service. Any party may apply for direct review by the court of appeals. An application for direct review must be filed within ten days after the filing of the petition for judicial review. In considering an application for direct review under this chapter, it shall be presumed that: (a) The qualifying project presents fundamental and urgent issues affecting the public interest which require a prompt determination, and (b) delay in obtaining a final and prompt determination of such issues would be detrimental to a party and the public interest.

(2) The presumption set forth in subsection (1) of this section shall require that the superior court certify the direct review not less than ten days, and not more than fifteen days, after the filing of the application therefore, unless, upon motion of a party with supporting excerpts from the record within ten days after the filing of such application, the superior court finds that: (a) The project is not a qualifying project, or (b) the project will not in fact provide new employment within the county in which the project is located.

The court may make such findings upon a showing that said record contains clear, cogent, and convincing evidence to support such findings, which evidence has been testified to by at least one witness competent to testify on employment matters.

(3) A motion as set forth in subsection (2) of this section shall be heard within fourteen days after the filing of the motion and shall be confined to certified excerpts from the record, which any party may produce. It shall not be necessary to certify the entire record to the court for the purpose of hearing such motion.

(4) The court of appeals shall accept direct review of a case unless it finds that the superior court's certification under the standards contained in this section was clearly erroneous. Review by the court of appeals shall be restricted to the decision record of the permit agency and the board proceedings. All certified appeals shall be provided priority processing by the court of appeals. [2003 c 393 § 15.]

43.21L.900 Implementation—2003 c 393. The legislature does not intend to appropriate additional funds for the implementation of this act and expects all affected state agencies to implement this act's provisions within existing appropriations. [2003 c 393 § 24.]
2.48.180.  This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 20, 2003]. [2003 c 393 § 25.]

(3) Any person duly subpoenaed under the provisions of this section who willfully neglects or refuses to attend or testify at the time and place named in the subpoena, is guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars, or by imprisonment in the county jail not exceeding thirty days. [2003 c 53 § 227; 1965 c 8 § 43.22.300. Prior: 1901 c 74 § 4; RRS § 7589.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

43.22.340 Manufactured homes, mobile homes, recreational vehicles—Safety rules—Compliance—Penalty. (Effective July 1, 2004.) (1) The director shall adopt specific rules for conversion vending units and medical units shall be established to protect the occupants from fire; to address other life safety issues; and to ensure that the design and construction are capable of supporting any concentrated load of five hundred pounds or more.

(2) The director of labor and industries shall adopt rules governing safety of body and frame design, and the installation of plumbing, heating, and electrical equipment in mobile homes, commercial coaches, recreational vehicles, and/or park trailers: PROVIDED. That the director shall not prescribe or enforce rules governing the body and frame design of recreational vehicles and park trailers until after the American National Standards Institute shall have published standards and specifications upon this subject. The rules shall be reasonably consistent with recognized and accepted principles of safety for body and frame design and plumbing, heating, and electrical installations, in order to protect the health and safety of the people of this state from dangers inherent in the use of substandard and unsafe body and frame design, construction, plumbing, heating, electrical, and other equipment and shall correlate with and, so far as practicable, conform to the then current standards and specifications of the American National Standards Institute standards A119.1 for mobile homes and commercial coaches, A119.2 for recreational vehicles, and A119.5 for park trailers.

(3) Except as provided in RCW 43.22.436, it shall be unlawful for any person to lease, sell or offer for sale, within this state, any mobile homes, commercial coaches, conversion vending units, medical units, recreational vehicles, and/or park trailers manufactured after January 1, 1968, containing plumbing, heating, electrical, or other equipment, and after July 1, 1970, body and frame design or construction, unless such equipment, design, or construction meets the requirements of the rules provided for in this section.

(4) Any person violating this section is guilty of a misdemeanor. Each day upon which a violation occurs shall constitute a separate violation. [2003 c 53 § 228; 2002 c 268 § 6; 1999 c 22 § 2; 1995 c 280 § 2; 1970 ex.s.s. c 27 § 1; 1969 ex.s.s. c 229 § 1; 1967 c 157 § 1.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

43.22.345 Repealed. (Effective July 1, 2004.) See Supplementary Table of Disposition of Former RCW Sections, this volume.

43.22.434 Inspections and investigations necessary to adopt or enforce rules—Director’s duties—Fees. (1) The director or the director’s authorized representative may conduct such inspections, investigations, and audits as may be necessary to adopt or enforce manufactured and mobile home, commercial coach, conversion vending units, medical units, recreational vehicle, park trailer, factory built housing, and factory built commercial structure rules adopted under the authority of this chapter or to carry out the director’s duties under this chapter.

(2) For purposes of enforcement of this chapter, persons duly designated by the director upon presenting appropriate credentials to the owner, operator, or agent in charge may:

(a) At reasonable times and without advance notice enter any factory, warehouse, or establishment in which manufactured and mobile homes, commercial coaches, conversion vending units, medical units, recreational vehicles, park trailers, factory built housing, and factory built commercial structures are manufactured, stored, or held for sale;

(b) At reasonable times, within reasonable limits, and in a reasonable manner inspect any factory, warehouse, or establishment as required to comply with the standards adopted by the secretary of housing and urban development under the national manufactured home construction and safety standards act of 1974. Each inspection shall be commenced and completed with reasonable promptness; and

(c) As requested by an owner of a conversion vending unit or medical unit, inspect an alteration.

(3) For purposes of determining compliance with this chapter’s permitting requirements for alterations of mobile and manufactured homes, the department may audit the records of a contractor as defined in chapter 18.27 RCW or...
RCW 18.106.020(1) or an electrical contractor as defined in RCW 19.28.006 when the department has reason to believe that a violation of the permitting requirements has occurred. The department shall adopt rules implementing the auditing procedures. Information obtained from a contractor through an audit authorized by this subsection is confidential and not open to public inspection under chapter 42.17 RCW.

(4)(a) The department shall set a schedule of fees by rule which will cover the costs incurred by the department in the administration of RCW 43.22.335 through 43.22.490.
(b)(i) Until April 1, 2004, subject to (a) of this subsection, and for the purposes of implementing the pilot project approved by the mobile/manufactured home alteration task force, the department may adopt by rule a temporary statewide fee schedule that decreases fees for mobile/manufactured home alteration permits and increases fees for factory-built housing and commercial structures plan review and inspection services. Under the temporary fee schedule, the department may waive mobile/manufactured home alteration permit fees for indigent permit applicants. The department may increase fees for factory-built housing and commercial structures plan review and inspection services in excess of the fiscal growth factor under chapter 43.135 RCW, if the increases are necessary to fund the cost of administering RCW 43.22.335 through 43.22.490. In no instance shall any fee that applies to the factory-built housing and commercial plan review and inspection services be increased in excess of forty percent.
(ii) Effective April 1, 2004, the department must adopt a new fee schedule that is the same as the fee schedule that was in effect immediately prior to the temporary fee schedule authorized in (b)(i) of this subsection. However, the new fee schedule must be adjusted by the fiscal growth factors not applied during the period that the temporary fee schedule was in effect. [2003 c 67 § 1. Prior: 2002 c 268 § 3; 2002 c 268 § 2; 2001 c 335 § 5; 1999 c 22 § 10; 1995 c 280 § 5; 1977 ex.s. c 21 § 5.]

Purpose—Finding—2002 c 268: "The purpose of this act is to implement the recommendations of the joint legislative task force created by chapter 335, Laws of 2001. The legislature recognizes the need to improve communications among mobile/manufactured homeowners, regulatory agencies, and other interested parties, to streamline the complex regulatory environment and inflexible enforcement system, and to promote problem-solving at an early stage. To assist in achieving these goals, the legislature:
(1) Encourages the relevant agencies to conduct a pilot project that tests an interagency coordinated system for processing permits for alterations or repairs of mobile and manufactured homes; and
(2) Recognizes the task force's work in reviewing agency rules related to alteration permit requirements and supports the task force's recommendations to the agency regarding those rules. The legislature finds that assisting consumers to understand when an alteration of a mobile or manufactured home is subject to a permit, and when it is not, will improve compliance with the agency rules and further the code's safety goals." [2002 c 268 § 1.]

Effective date—2002 c 268: "Sections 1, 2, and 4 through 9 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [March 29, 2002]." [2003 c 67 § 2; 2002 c 268 § 10.]

Application—2001 c 335: See note following RCW 43.22.335.
Construction—1977 ex.s. c 21: See note following RCW 43.22.431.

The study shall include, but is not limited to: A comprehensive inventory of state-owned hardwood forests and a qualitative assessment of those stands, research into reforestation of hardwoods on state lands, and an analysis of management policies for increasing the supply of commercially harvestable hardwoods on state lands.” [1989 c 424 § 5.]

Report to legislature—1989 c 424: “If by October 1, 1989, the United States congress makes an appropriation to the United States forest service for a Washington state forest inventory and timber supply study, the department of natural resources shall conduct an inventory and prepare a report on the timber supply in Washington state. The report shall identify the quantity of timber present now and the quantity of timber that may be available from forest lands in the future using various assumptions of landowner management, including changes in the forest land base, amount of capital invested in timber management, and expected harvest age. This report shall categorize the results according to region of the state, land ownership, land productivity, and according to major timber species. The report shall contain an estimate of the acreage and volume of old growth and other timber on lands restricted from commercial timber harvesting due to state or federal decisions, such as national parks, wilderness areas, national recreation areas, scenic river designations, natural areas, geologic areas, or other land allocations which restrict or limit timber harvesting activities. The department shall determine the definition of old growth for the purposes of this section. State appropriations for these purposes in the 1989-91 budget may be expended if needed for project planning and design. 43.30.800 Olympic natural resources center—Finding, intent. The legislature finds that conflicts over the use of natural resources essential to the state’s residents, especially forest and ocean resources, have increased dramatically. There are growing demands that these resources be used more efficiently for the benefit of their commodity values, while simultaneously there are increased demands for protection and preservation of these same resources. While these competing demands are often viewed as mutually exclusive, recent research has suggested that commodity production and ecological values can be integrated. It is the intent of the legislature to foster and support the research and education necessary to provide sound scientific information on which to base sustainable forest and marine industries, and at the same time sustain the ecological values demanded by much of the public. [1991 c 316 § 1. Formerly RCW 76.12.205.]

Severability—1991 c 316: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1991 c 316 § 6.]

43.30.810 Olympic natural resources center—Purpose, programs. The Olympic natural resources center is hereby created at the University of Washington in the college of forest resources and the college of ocean and fishery sciences. The center shall maintain facilities and programs in the western portion of the Olympic Peninsula. Its purpose shall be to demonstrate innovative management methods which successfully integrate environmental and economic interests into pragmatic management of forest and ocean resources. The center shall combine research and educational opportunities with experimental forestry, oceans management, and traditional management knowledge into an overall program which demonstrates that management based on sound economic principles is made superior when combined with new methods of management based on ecological principles. The programs developed by the center shall include the following:

(1) Research and education on a broad range of ocean resources problems and opportunities in the region, such as estuarine processes, ocean and coastal management, offshore development, fisheries and shellfish enhancement, and coastal business development, tourism, and recreation. In developing this component of the center’s program, the center shall collaborate with coastal educational institutions such as
Grays Harbor community college and Peninsula community college;
(2) Research and education on forest resources management issues on the landscape, ecosystem, or regional level, including issues that cross legal and administrative boundaries;
(3) Research and education that broadly integrates marine and terrestrial issues, including interactions of marine, aquatic, and terrestrial ecosystems, and that identifies options and opportunities to integrate the production of commodities with the preservation of ecological values. Where appropriate, programs shall address issues and opportunities that cross legal and administrative boundaries;
(4) Research and education on natural resources and their social and economic implications, and on alternative economic and social bases for sustainable, healthy, resource-based communities;
(5) Educational opportunities such as workshops, short courses, and continuing education for resource professionals, policy forums, information exchanges including international exchanges where appropriate, conferences, student research, and public education; and
(6) Creation of a neutral forum where parties with diverse interests are encouraged to address and resolve their conflicts. [1991 c 316 § 2; 1989 c 424 § 4. Formerly RCW 76.12.210.]

Severability—1991 c 316: See note following RCW 76.12.205.

43.30.820 Olympic natural resources center—Administration. The Olympic natural resources center shall operate under the authority of the board of regents of the University of Washington. It shall be administered by a director appointed jointly by the deans of the college of forest resources and the college of ocean and fishery sciences. The director shall be a member of the faculty of one of those colleges. The director shall appoint and maintain a scientific or technical committee, and other committees as necessary, to advise the director on the efficiency, effectiveness, and quality of the center's activities.

A policy advisory board consisting of eleven members shall be appointed by the governor to advise the deans and the director on policies for the center that are consistent with the purposes of the center. Membership on the policy advisory board shall broadly represent the various interests concerned with the purposes of the center, including state and federal government, environmental organizations, local community, timber industry, and Indian tribes.

Service on boards and committees of the center shall be without compensation but actual travel expenses incurred in connection with service to the center may be reimbursed from appropriated funds in accordance with RCW 43.03.050 and 43.03.060. [1991 c 316 § 3. Formerly RCW 76.12.220.]

The center may solicit contracts for work, financial and in-kind contributions, and support from private industries, interest groups, federal and state sources, and other sources. It may also use separately appropriated funds of the University of Washington for the center's activities. [1991 c 316 § 4. Formerly RCW 76.12.230.]

43.42.005 Findings—Purpose—Intent. (1) The legislature finds that the health and safety of its citizens, natural resources, and the environment are vital interests of the state that must be protected to preserve the state's quality of life. The legislature also finds that the state's economic well-being is a vital interest that depends upon the development of fair, coordinated regulatory processes that ensure that the state not only protects public health and safety and natural resources but also encourages appropriate activities that stimulate growth and development. The legislature further finds that Washington's regulatory programs have established strict standards to protect public health and safety and the environment.

(2) The legislature also finds that, as the number of environmental and land use laws have grown in Washington, so have the number of permits required of business and government. The increasing number of individual permits and permit agencies has generated the potential for conflict, overlap, and duplication among various state, local, and federal permits. Lack of coordination in the processing of project applications may cause costly delays and frustration to applicants.

(3) The legislature further finds that not all project applicants require the same type of assistance. Applicants with small projects may merely need information about local and state permits and assistance in applying for those permits, while intermediate-sized projects may require a facilitated permit process, and large complex projects may need extensive coordination among local, state, and federal agencies and tribal governments.

(4) The legislature further finds that persons doing business in Washington state should have access to clear and appropriate information regarding state regulations, permit requirements, and agency rule-making processes.

(5) The legislature, therefore, finds that a range of assistance and coordination options should be available to project applicants from a state office independent of any local, state,
or federal permit agency. The legislature finds that citizens, businesses, and project applicants should be provided with:

(a) A reliable and consolidated source of information concerning federal, state, and local environmental and land use laws and procedures that may apply to any given project;

(b) Facilitated interagency forums for discussion of significant issues related to the multiple permitting processes if needed for some project applicants; and

(c) Active coordination of all applicable regulatory and land use permitting procedures if needed for some project applicants.

(6) The legislature declares that the purpose of this chapter is to transfer the existing permit assistance center in the department of ecology to a new office of permit assistance in the office of financial management to:

(a) Assure that citizens, businesses, and project applicants will continue to be provided with vital information regarding environmental and land use laws and with assistance in complying with environmental and land use laws to promote understanding of these laws and to protect public health and safety and the environment;

(b) Ensure that facilitation of project permit decisions by permit agencies promotes both process efficiency and environmental protection;

(c) Allow for coordination of permit processing for large projects upon project applicants’ request and at project applicants’ expense to promote efficiency, ensure certainty, and avoid conflicts among permit agencies; and

(d) Provide these services through an office independent of any permit agency to ensure that any potential or perceived conflicts of interest related to providing these services or making permit decisions can be avoided.

(7) The legislature also declares that the purpose of this chapter is to provide citizens of the state with access to information regarding state regulations, permit requirements, and agency rule-making processes in Washington state.

(8) The legislature intends that establishing an office of regulatory assistance will provide these services without abrogating or limiting the authority of any permit agency to make decisions on permits that it issues or any rule-making agency to make decisions on regulations. The legislature therefore declares that the office of regulatory assistance shall have authority to provide these services but shall not have any authority to make decisions on permits. [2003 c 71 § 1; 2002 c 153 § 1.]

Reviser’s note—Sunset Act application: The office of regulatory assistance is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.401. 43.42.050 Assisting project applicant—Project facilitator—Project scoping. At the request of a project applicant, the office shall assist the project applicant in determining what regulatory requirements, processes, and permits apply to the project, as provided in this section.

(1) The office shall assign a project facilitator who shall discuss applicable regulatory requirements, permits, and processes with the project applicant and explain the available options for obtaining required permits.

(2) If the project applicant and the project facilitator agree that the project would benefit from a project scoping, or if the project is an industrial project of statewide significance, as defined in RCW 43.157.010, the project facilitator shall conduct a project scoping by the project applicant and the relevant state and local permit agencies. The project facilitator shall invite the participation of the relevant federal permit agencies and tribal governments.

(2) The office shall assign a project coordinator to perform any or all of the following functions, as specified by the terms of a cost reimbursement agreement under subsection (3) of this section or an agreement under subsection (4) of this section:

(a) Serve as the main point of contact for the project applicant;

(4) For industrial projects of statewide significance or if the office determines that it is in the public interest to coordinate the processing of permits for certain projects that are complex in scope, require multiple permits, involve multiple jurisdictions, or involve a significant number of affected parties, the office shall, upon the applicant's request, enter into an agreement with the project applicant and the participating permit agencies to coordinate the processing of permits for the project. The office may limit the number of such agreements according to the resources available to the office and the permit agencies at the time. [2003 c 54 § 5; 2002 c 153 § 7.]

43.42.070 Cost-reimbursement agreements. (2) The office may coordinate negotiation and implementation of a written agreement among the project applicant, the office, and participating permit agencies to recover from the project applicant the reasonable costs incurred by outside independent consultants selected by the office and participating permit agencies to perform permit processing tasks.

(3) Outside independent consultants may only bill for the costs of performing those permit processing tasks that are specified in a cost-reimbursement agreement under this section. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The office shall adopt a policy to coordinate cost-reimbursement agreements with outside independent consultants. Cost-reimbursement agreements coordinated by the office under this section must be based on competitive bids that are awarded for each agreement from a prequalified consultant roster.

(5) Independent consultants hired under a cost-reimbursement agreement shall report directly to the permit agency. The office shall assure that final decisions are made by the permit agency and not by the consultant.

(6) The office shall develop procedures for determining, collecting, and distributing cost reimbursement for carrying out the provisions of this chapter.

(7) For a cost-reimbursement agreement, the office and participating permit agencies shall negotiate a work plan and schedule for reimbursement. Prior to distributing scheduled reimbursement to the agencies, the office shall verify that the agencies have met the obligations contained in their work plan.

(8) Prior to commencing negotiations with the project applicant for a cost-reimbursement agreement, the office shall request work load analyses from each participating permitting agency. These analyses shall be available to the public. The work load of a participating permit agency may only be modified with the concurrence of the agency and if there is both good cause to do so and no significant impact on environmental review.

(9) The office shall develop guidance to ensure that, in developing cost-reimbursement agreements, conflicts of interest are eliminated.

(10) For project permit processes that it coordinates, the office shall coordinate the negotiation of all cost-reimbursement agreements executed under RCW 43.21A.690, *43.30.420, 43.70.630, 43.300.080, and 70.94.085. The office and the permit agencies shall be signatories to the agreements. Each permit agency shall manage performance of its portion of the agreement.

(11) If a permit agency or the project applicant foresees, at any time, that it will be unable to meet its obligations under the cost-reimbursement agreement, it shall notify the office and state the reasons. The office shall notify the participating permit agencies and the project applicant and, upon agreement of all parties, adjust the schedule, or, if necessary, coordinate revision of the work plan. [2003 c 70 § 7; 2002 c 153 § 8.]

*Reviser’s note: RCW 43.30.420 was recodified as RCW 43.30.490 pursuant to 2003 c 334 § 128.

43.43.271 Retirement allowances—Members commissioned on or after January 1, 2003—Court-approved property settlement. (1) A member commissioned on or after January 1, 2003, upon retirement for service as prescribed in RCW 43.43.250 shall elect to have the retirement allowance paid pursuant to the following options, calculated so as to be actuarially equivalent to each other.

(a) Standard allowance. A member electing this option shall receive a retirement allowance payable throughout the member's life. However, if the retiree dies before the total of the retirement allowance paid to the retiree equals the amount of the retiree's accumulated contributions at the time of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the retiree shall have nominated by written designation duly executed and filed with the department; or if there be no such designated person or persons still living at the time of the retiree's death, then to the surviving spouse; or if there be neither such designated person or persons still living at the time of death nor a surviving spouse, then to the retiree's legal representative.

(b) The department shall adopt rules that allow a member to select a retirement option that pays the member a reduced retirement allowance and upon death, such portion of the member's reduced retirement allowance as the department by rule designates shall be continued throughout the life of and paid to a designated person. Such person shall be nominated by the member by written designation duly executed and filed with the department at the time of retirement. The options adopted by the department shall include, but are not limited to, a joint and one hundred percent survivor option and a joint and fifty percent survivor option.

(2)(a) A member, if married, must provide the written consent of his or her spouse to the option selected under this section, except as provided in (b) of this subsection. If a member is married and both the member and member's spouse do not give written consent to an option under this section, the department will pay the member a joint and fifty percent survivor benefit and record the member's spouse as the beneficiary. This benefit shall be calculated to be actuarially equivalent to the benefit options available under subsection (1) of this section unless spousal consent is not required as provided in (b) of this subsection.

(b) If a copy of a dissolution order designating a survivor beneficiary under RCW 41.50.790 has been filed with the department at least thirty days prior to a member's retirement:

(i) The department shall honor the designation as if made by the member under subsection (1) of this section; and

(ii) The spousal consent provisions of (a) of this subsection do not apply.

(3) No later than January 1, 2003, the department shall adopt rules that allow a member additional actuarially equivalent survivor benefit options, and shall include, but are not limited to:

(a)(i) A retired member who retired without designating a survivor beneficiary shall have the opportunity to designate their spouse from a postretirement marriage as a survivor during a one-year period beginning one year after the date of the postretirement marriage provided the retirement allowance payable to the retiree is not subject to periodic payments pursuant to a property division obligation as provided for in RCW 41.50.670.

(ii) A member who entered into a postretirement marriage prior to the effective date of the rules adopted pursuant to this subsection and satisfies the conditions of (a)(i) of this subsection shall have one year to designate their spouse as a survivor beneficiary following the adoption of the rules.

(b) A retired member who elected to receive a reduced retirement allowance under this section and designated a non-spouse as survivor beneficiary shall have the opportunity to remove the survivor designation and have their future benefit adjusted.

(c) The department may make an additional charge, if necessary, to ensure that the benefits provided under this subsection remain actuarially equivalent.

(4) No later than July 1, 2003, the department shall adopt rules to permit:

(a) A court-approved property settlement incident to a court decree of dissolution made before retirement to provide that benefits payable to a member who has completed at least five years of service and the member's divorcing spouse be divided into two separate benefits payable over the life of each spouse.

The member shall have available the benefit options of subsection (1) of this section upon retirement, and if remarried at the time of retirement remains subject to the spousal consent requirements of subsection (2) of this section. Any reductions of the member's benefit subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

The nonmember ex spouse shall be eligible to commence receiving their separate benefit upon reaching the ages provided in RCW 43.43.250(2) and after filing a written application with the department.

(b) A court-approved property settlement incident to a court decree of dissolution made after retirement may only divide the benefit into two separate benefits payable over the life of each spouse if the nonmember ex spouse was selected as a survivor beneficiary at retirement.

The retired member may later choose the survivor benefit options available in subsection (3) of this section. Any actuarial reductions subsequent to the division into two separate benefits shall be made solely to the separate benefit of the member.

Both the retired member and the nonmember divorced spouse shall be eligible to commence receiving their separate benefits upon filing a copy of the dissolution order with the department in accordance with RCW 41.50.670.
The member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670; or

accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the surviving spouse, share and share alike, until such child or children shall continue to receive an allowance share and share alike calculated under this section making the assumption that the ages of the spouse and member were equal at the time of the member's death; or

(b)(i) The member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670; or

(ii) If the member dies, one hundred fifty percent of the member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid:

(a) To an estate, a person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or

(b) If there is no such designated person or persons still living at the time of the member's death, then to the member's legal representatives. [2003 c 294 § 15; 2001 c 329 § 7.]

Effective date—2001 c 329: See note following RCW 43.43.120.

If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit in the retirement system, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the surviving spouse, share and share alike, until such child or children shall continue to receive an allowance share and share alike calculated under this section making the assumption that the ages of the spouse and member were equal at the time of the member's death; or

(b)(i) The member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670; or

(ii) If the member dies, one hundred fifty percent of the member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid:

(a) To an estate, a person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or

### 43.43.934 State fire protection policy board—Duties—Fire training and education master plan—Fire protection master plan

Except for matters relating to the statutory duties of the chief of the Washington state patrol that are to be carried out through the director of fire protection, the board shall have the responsibility of developing a comprehensive state policy regarding fire protection services. In carrying out its duties, the board shall:

1. (a) Adopt a state fire training and education master plan that allows to the maximum feasible extent for negotiated agreements: (i) With the state board for community and technical colleges to provide academic, vocational, and field training programs for the fire service and (ii) with the higher education coordinating board and the state colleges and universities to provide instructional programs requiring advanced training, especially in command and management skills;

(b) Adopt minimum standards for each level of responsibility among personnel with fire suppression, prevention, inspection, and investigation responsibilities that assure continuing assessment of skills and are flexible enough to meet emerging technologies. With particular respect to training for fire investigations, the master plan shall encourage cross training in appropriate law enforcement skills. To meet special local needs, fire agencies may adopt more stringent requirements than those adopted by the state;

(c) Cooperate with the common schools, technical and community colleges, institutions of higher education, and any department or division of the state, or of any county or municipal corporation in establishing and maintaining instruction in fire service training and education in accordance with any act of congress and legislation enacted by the legislature in pursuance thereof and in establishing, building, and operating training and education facilities.

Industrial fire departments and private fire investigators may participate in training and education programs under this chapter for a reasonable fee established by rule;

(d) Develop and adopt a master plan for constructing, equipping, maintaining, and operating necessary fire service training and education facilities subject to the provisions of chapter 43.19 RCW;

(e) Develop and adopt a master plan for the purchase, lease, or other acquisition of real estate necessary for fire service training and education facilities in a manner provided by law; and

(f) Develop and adopt a plan with a goal of providing fire fighter one and wildland training, as defined by the board, to all fire fighters in the state. Wildland training reimbursement will be provided if a fire protection district or a city fire department has and is fulfilling their interior attack policy or if they do not have an interior attack policy. The plan will include a reimbursement for fire protection districts and city fire departments of not less than three dollars for every hour of fire fighter one or wildland training. The Washington state patrol shall not provide reimbursement for more than two hundred hours of fire fighter one or wildland training for each fire fighter trained.

2. (a) Adopt a state fire protection master plan;

(b) Monitor fire protection in the state and develop objectives and priorities to improve fire protection for the state’s citizens including: (i) The comprehensiveness of state and local inspections required by law for fire and life safety; (ii) the level of skills and training of inspectors, as well as needs for additional training; and (iii) the efforts of local, regional, and state inspection agencies to improve coordination and reduce duplication among inspection efforts;

(c) Establish and promote state arson control programs and ensure development of local arson control programs;

(d) Provide representation for local fire protection services to the governor in state-level fire protection planning matters such as, but not limited to, hazardous materials control;

(e) Recommend to the adjutant general rules on minimum information requirements of automatic location identification for the purposes of enhanced 911 emergency service;

(f) Seek and solicit grants, gifts, bequests, devises, and matching funds for use in furthering the objectives and duties of the board, and establish procedures for administering them;

(g) Promote mutual aid and disaster planning for fire services in this state;

(h) Assure the dissemination of information concerning the amount of fire damage including that damage caused by arson, and its causes and prevention; and

(i) Implement any legislation enacted by the legislature to meet the requirements of any acts of congress that apply to this section.

3. In carrying out its statutory duties, the board shall give particular consideration to the appropriate roles to be played by the state and by local jurisdictions with fire protection responsibilities. Any determinations on the division of responsibility shall be made in consultation with local fire officials and their representatives.

To the extent possible, the board shall encourage development of regional units along compatible geographic, population, economic, and fire risk dimensions. Such regional units may serve to: (a) Reinforce coordination among state and local activities in fire service training, reporting, inspections, and investigations; (b) identify areas of special need, particularly in smaller jurisdictions with inadequate resources; (c) assist the board in its oversight responsibilities; (d) identify funding needs and options at both the state and local levels; and (e) provide models for building local capacity in fire protection programs. "STATE FIRE SERVICE MOBILIZATION"

43.43.960  State fire service mobilization—Definitions.  Unless the context clearly requires otherwise, the definitions in this section apply throughout this subchapter.

(1) "Chief" means the chief of the Washington state patrol.

(2) "State fire marshal" means the director of fire protection in the Washington state patrol.

(3) "Fire chief" includes the chief officer of a statutorily authorized fire agency, or the fire chief's authorized representative. Also included are the department of natural resources fire control chief, and the department of natural resources regional managers.

(4) "Jurisdiction" means state, county, city, fire district, or port district fire fighting units, or other units covered by this chapter.

(5) "Mobilization" means that fire fighting resources beyond those available through existing agreements will be requested and, when available, sent in response to an emergency or disaster situation that has exceeded the capabilities of available local resources. During a large scale emergency, mobilization includes the redistribution of regional or statewide fire fighting resources to either direct emergency incident assignments or to assignment in communities where fire fighting resources are needed.

When mobilization is declared and authorized as provided in this chapter, all fire fighting resources including those of the host fire protection authorities, i.e. incident jurisdiction, shall be deemed as mobilized under this chapter, including those that responded earlier under existing mutual aid or other agreement. All nonhost fire protection authorities providing fire fighting resources in response to a mobilization declaration shall be eligible for expense reimburse-

ment as provided by this chapter from the time of the mobilization declaration.

This chapter shall not reduce or suspend the authority or responsibility of the department of natural resources under chapter 76.04 RCW.

Effective date—1995 c 391: See note following RCW 38.52.005.

Effective date—1995 c 369: See note following RCW 43.43.930.

43.43.961  State fire service mobilization—Legislative declaration and intent.  Because of the possibility of the occurrence of disastrous fires or other disasters of unprecedented size and destructiveness, the need to insure that the state is adequately prepared to respond to such a fire or disaster, the need to establish a mechanism and a procedure to provide for reimbursement to state agencies and local fire fighting agencies that respond to help others in time of need or to a host fire district that experiences expenses beyond the resources of the fire district, and generally to protect the public peace, health, safety, lives, and property of the people of Washington, it is hereby declared necessary to:

(1) Provide the policy and organizational structure for large scale mobilization of fire fighting resources in the state through creation of the Washington state fire services mobilization plan;

(2) Confer upon the chief the powers provided herein;

(3) Provide a means for reimbursement to state agencies and local fire jurisdictions that incur expenses when mobilized by the chief under the Washington state fire services mobilization plan; and

(4) Provide for reimbursement of the host fire department or fire protection district when it has: (a) Exhausted all of its resources; and (b) invoked its local mutual aid network and exhausted those resources. Upon implementation of state fire mobilization, the host district resources shall become state fire mobilization resources consistent with the fire mobilization plan.

It is the intent of the legislature that mutual aid and other interlocal agreements providing for enhanced emergency response be encouraged as essential to the public peace, safety, health, and welfare, and for the protection of the lives and property of the people of the state of Washington. If possible, mutual aid agreements should be without stated limitations as to resources available, time, or area. Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost fire protection authority for reimbursement of expenses incurred in providing fire fighting resources for mobilization. [2003 c 405 § 2; 1997 c 49 § 9; 1995 c 391 § 6; 1992 c 117 § 10. Formerly RCW 38.54.020.]

In carrying out this duty, the fire protection policy board shall consult with and solicit recommendations from representatives of state and local fire and emergency management organizations, regional fire defense boards, and the department of natural resources. The Washington state fire services mobilization plan shall be consistent with, and made part of, the Washington state comprehensive emergency management plan. The chief shall review the fire services mobilization plan as submitted by the fire protection policy board, recommend changes that may be necessary, and approve the fire services mobilization plan for inclusion within the state comprehensive emergency management plan.

It is the responsibility of the chief to mobilize jurisdictions under the Washington state fire services mobilization plan. The state fire marshal shall serve as the state fire resources coordinator when the Washington state fire services mobilization plan is mobilized. [2003 c 405 § 3; 1997 c 49 § 10; 1995 c 269 § 1101; 1992 c 117 § 11. Formerly RCW 38.54.030.]

For projects the output of which is limited to qualified alternative energy resources as defined by RCW 19.29A.090(3), the contract may include the purchase of capability of the projects to produce electricity in addition to the actual output of the projects. The contract may provide that the city or district must make the payments required by the contract whether or not a project is completed, operable, or operating and notwithstanding the suspension, interruption, interference, reduction, or curtailment of the output of a project or the power and energy contracted for. The contract may also provide that payments under the contract are not subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the operating agency or a city or district under the contract or other instrument. At a minimum, applicants must demonstrate that the requested assistance will increase the efficiency or quality of the services it provides to youth. The evaluation and ranking process must also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section may not exceed twenty-five percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

The list must include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list must not exceed two million dollars. The department of community, trade, and economic development may provide an additional alternate project list that must not exceed five hundred thousand dollars. (5) The office of financial management shall publish agency annual maintenance summary reports beginning in October 1997.  State agencies shall submit a separate report for each major campus or site, as defined by the office of financial management.  Reports shall be prepared in a format prescribed by the office of financial management and shall include, but not be limited to:  Information describing the number, size, and condition of state-owned facilities; facility maintenance, repair, and operating expenses paid from the state operating and capital budgets, including maintenance staffing levels; the condition of major infrastructure systems; and maintenance management initiatives undertaken by the agency over the prior year. (7) No expenditure may be incurred or obligation entered into for such major capital construction projects including, without exception, land acquisition, site development, predesign, design, construction, and equipment acquisition and installation, until the allotment of the funds to be expended has been approved by the office of financial management.  This limitation does not prohibit the continuation of expenditures and obligations into the succeeding biennium for projects for which allotments have been approved in the immediate prior biennium.

(8) If at any time during the fiscal period the governor projects a cash deficit in a particular fund or account as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments for that particular fund or account so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods.  Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures for reasonableness and conformance with legislative intent.  The governor may request corrections of proposed allotments submitted by the legislative and judicial branches and agencies headed by elective officials if those proposed allotments contain significant technical errors.  Once the governor approves the proposed allotments, further revisions may at the request of the office of financial management or upon the agency’s initiative be made on a quarterly basis and must be accompanied by an explanation of the reasons for significant changes.  However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority,
and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(9) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management.

(10) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

43.101.010 Definitions. When used in this chapter:

(1) The term "commission" means the Washington state
criminal justice training commission.

(2) The term "boards" means the education and training
standards boards, the establishment of which are authorized
by this chapter.

(3) The term "criminal justice personnel" means any per-
son who serves in a county, city, state, or port commission
agency engaged in crime prevention, crime reduction, or
enforcement of the criminal law.

(4) The term "law enforcement personnel" means any
public employee or volunteer having as a primary function
the enforcement of criminal laws in general or any employee
or volunteer of, or any individual commissioned by, any
municipal, county, state, or combination thereof, agency hav-
ing as its primary function the enforcement of criminal laws
in general as distinguished from an agency possessing peace
officer powers, the primary function of which is the imple-
mentation of specialized subject matter areas. For the pur-
poses of this subsection "primary function" means that func-
tion to which the greater allocation of resources is made.

(5) The term "correctional personnel" means any
employee or volunteer who by state, county, municipal, or
combination thereof, statute has the responsibility for the
confine ment, care, management, training, treatment, educa-
tion, supervision, or counseling of those individuals whose
civil rights have been limited in some way by legal sanction.

(6) A peace officer is "convicted" at the time a plea of
guilty has been accepted, or a verdict of guilty or finding of
guilt has been filed, notwithstanding the pendency of any
future proceedings, including but not limited to sentencing,
posttrial or postfact-finding motions and appeals. "Convic-
tion" includes a deferral of sentence and also includes the
equivalent disposition by a court in a jurisdiction other than
the state of Washington.

(7) "Discharged for disqualifying misconduct" means
terminated from employment for: (a) Conviction of (i) any
crime committed under color of authority as a peace officer,
(ii) any crime involving dishonesty or false statement within
the meaning of Evidence Rule 609(a), (iii) the unlawful use
or possession of a controlled substance, or (iv) any other
crime the conviction of which disqualifies a Washington cit-
izen from the legal right to possess a firearm under state or
federal law; (b) conduct that would constitute any of the
crimes addressed in (a) of this subsection; or (c) knowingly
making materially false statements during disciplinary inves-
tigations, where the false statements are the sole basis for the
termination.

(8) A peace officer is "discharged for disqualifying mis-
conduct" within the meaning of subsection (7) of this section
under the ordinary meaning of the term and when the totality
of the circumstances support a finding that the officer
resigned in anticipation of discipline, whether or not the mis-
conduct was discovered at the time of resignation, and when
such discipline, if carried forward, would more likely than
not have led to discharge for disqualifying misconduct within
the meaning of subsection (7) of this section.

(9) When used in context of proceedings referred to in
this chapter, "final" means that the peace officer has
exhausted all available civil service appeals, collective bar-
gaining remedies, and all other such direct administrative
peoples of this chapter.  

By July 1, 2006, every new full-time law enforcement officer employed by a state, county, or municipal law enforcement agency shall be trained on vehicular pursuits, within six months of employment.

(3) Nothing in chapter 37, Laws of 2003 requires training on vehicular pursuit of any law enforcement officer who is employed in a state, county, or city law enforcement agency on July 27, 2003, beyond that which he or she has received prior to July 27, 2003.  

43.101.226  Vehicular pursuits—Model policy.  

By December 1, 2003, the Washington state criminal justice training commission, the Washington state patrol, the Washington association of sheriffs and police chiefs, and organizations representing state and local law enforcement officers shall develop a written model policy on vehicular pursuits.

(2) The model policy must meet all of the following minimum standards:

(a) Provide for supervisory control, if available, of the pursuit;

(b) Provide procedures for designating the primary pursuit vehicle and for determining the total number of vehicles to be permitted to participate at one time in the pursuit;

(c) Provide procedures for coordinating operations with other jurisdictions; and

(d) Provide guidelines for determining when the interests of public safety and effective law enforcement justify a vehicular pursuit and when a vehicular pursuit should not be initiated or should be terminated.

(3) By June 1, 2004, every state, county, and municipal law enforcement agency shall adopt and implement a written vehicular pursuit policy.  The policy adopted may, but need not, be the model policy developed under subsections (1) and (2) of this section.  However, any policy adopted must address the minimum requirements specified in subsection (2) of this section.  

43.101.227  Training for interaction with persons with a developmental disability or mental illness.  

(1) The commission must offer a training session on law enforcement interaction with persons with a developmental disability or mental illness.  The training must be developed by the commission in consultation with appropriate self advocate and family advocate groups and with appropriate community, local, and state organizations and agencies that have expertise in the area of working with persons with a developmental disability or mental illness.  In developing the course, the commission must also examine existing courses certified by the commission that relate to persons with a developmental disability or mental illness.

(2) The training must consist of classroom instruction or internet instruction and shall replicate likely field situations to the maximum extent possible.  The training should include, at a minimum, core instruction in all of the following:

(a) The cause and nature of mental illnesses and developmental disabilities;

(b) How to identify indicators of mental illness and developmental disability and how to respond appropriately in a variety of common situations;

(c) Conflict resolution and de-escalation techniques for potentially dangerous situations involving persons with a developmental disability or mental illness;

(d) Appropriate language usage when interacting with persons with a developmental disability or mental illness;

(e) Alternatives to lethal force when interacting with potentially dangerous persons with a developmental disability or mental illness; and

(f) Community and state resources available to serve persons with a developmental disability or mental illness and how these resources can be best used by law enforcement to benefit persons with a developmental disability or mental illness in their communities.

(3) The training shall be made available to law enforcement agencies, through electronic means, for use at their convenience and determined by the internal training needs and resources of each agency.

(4) The commission shall make all reasonable efforts to secure private and nonstate public funds to implement this section.

(Formerly: Tax revenue limitations)

43.135.045 Emergency reserve fund—Excess balance to education construction fund—Appropriation conditions—Transfer of earnings to multimodal transportation account. (Expires June 30, 2005.)
43.135.045 Emergency reserve fund—Excess balance to education construction fund—Appropriation conditions—Transfer of earnings to multimodal transportation account. (Effective June 30, 2005.)

43.135.045 Emergency reserve fund—Excess balance to education construction fund—Appropriation conditions—Transfer of earnings to multimodal transportation account. (Expires June 30, 2005.) (1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund—state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.
(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.
(3) The emergency reserve fund balance shall not exceed five percent of annual general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury
and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2003, and ending June 30, 2005, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium. [2003 1st sp.s. c 26 § 919; 2003 1st sp.s. c 25 § 920. 43.135.045 Emergency reserve fund—Excess balance to education construction fund—Appropriation conditions—Transfer of earnings to multimodal transportation account. (Effective June 30, 2005.) (1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund—state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent

Findings—Intent—2003 c 150; 2002 c 242: "The legislature finds that the community economic revitalization board plays a valuable and unique role in stimulating and diversifying local economies, attracting private investment, creating new jobs, and generating additional state and local tax revenues by investing in public facilities projects that result in new or expanded economic development. The legislature also finds that it is in the public interest of the state and local communities to secure a stable and dedicated source of funds for the community economic revitalization board. It is the intent of the legislature to establish an ongoing funding source for the community economic revitalization board that will be used exclusively to advance economic development infrastructure. This act provides a partial funding solution by directing that beginning July 1, 2005, the interest earnings generated by the public works assistance account shall be used to fund the community economic revitalization board's financial assistance programs. These funds are not for use other than for the stated purpose and goals of the community economic revitalization board." [2003 c 150 § 1; 2002 c 242 § 1.]

43.162.005 Findings—Intent. The legislature finds that Washington's innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The legislature also finds that developing an effective economic development strategy for the state and operating effective economic development programs, including work force training, small business assistance, technology transfer, and export assistance, are vital to the state's efforts to encourage employment growth, increase state revenues, and generate economic well-being. In addition, the legislature finds that there is a need for responsive and consistent involvement of the private sector in the state's economic development efforts. It is the intent of the legislature to create an economic development commission that will develop and update the state's economic development strategy and performance measures and provide advice to and oversight of the department of community, trade, and economic development. [2003 c 235 § 1.]

43.162.010 Washington state economic development commission—Membership—Rules. (1) The Washington state economic development commission is established to oversee the economic development strategies and policies of the department of community, trade, and economic development.

(c) The members shall be representative of the geographic regions of the state, including eastern and central Washington, as well as represent the ethnic diversity of the state. Representation shall derive primarily from the private sector, including, but not limited to, existing and emerging industries, small businesses, women-owned businesses, and minority-owned businesses, but other sectors of the economy that have experience in economic development, including labor organizations and nonprofit organizations, shall be represented as well. A minimum of seventy-five percent of the members shall represent the private sector. Members of the commission shall serve statewide interests while preserving their diverse perspectives, and shall be recognized leaders in their fields with demonstrated experience in disciplines related to economic development.

(3) Members appointed by the governor shall serve at the pleasure of the governor for three-year terms, except that through June 30, 2004, members currently serving on the economic development commission created by executive order may continue to serve at the pleasure of the governor. Of the initial members appointed to serve after June 30, 2004, two members shall serve one-year terms, three members shall serve two-year terms, and the remainder of the commission members shall serve three-year terms.

(4) The commission chair shall be selected from among the appointed members by the majority vote of the members.

(5) The commission may establish committees as it desires, and may invite nonmembers of the commission to serve as committee members.

(6) The commission may adopt rules for its own governance. [2003 c 235 § 2.]

43.162.020 Duties—Biennial report. The Washington state economic development commission shall perform the following duties:

(6) Make a biennial report to the appropriate committees of the legislature regarding the commission's review of the state's economic development policy, the commission's recommendations, and steps taken by the department of community, trade, and economic development to implement the recommendations. The first report is due by December 31, 2004. [2003 c 235 § 3.]

43.162.030 Staff support. (1) The Washington state economic development commission shall receive the necessary staff support from the staff resources of the governor, the department of community, trade, and economic development, and other state agencies as appropriate, and within existing resources and operations.

balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. All moneys, including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer’s service fund, pursuant to RCW 43.08.190 accruing under the authority of this section shall be directed to the site closure account until December 31, 1992. Thereafter receipts including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer’s service fund, pursuant to RCW 43.08.190 shall be directed to the site closure account and the perpetual surveillance and maintenance account as specified by the department. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the site closure account and the perpetual surveillance and maintenance account. During the 2003-2005 fiscal biennium, the legislature may transfer up to thirteen million eight hundred thousand dollars from the site closure account to the general fund;

(3)(a) Subject to the conditions in (b) of this subsection, on July 1, 2008, and each July 1st thereafter, the treasurer shall transfer from the perpetual surveillance and maintenance account to the site closure account the sum of nine hundred sixty-six thousand dollars. The nine hundred sixty-six thousand dollars transferred on July 1, 2009, and thereafter shall be adjusted to a level equal to the percentage increase in the United States implicit price deflator for personal consumption. The last transfer under this section shall occur on July 1, 2033.

(b) The transfer in (a) of this subsection shall occur only if written agreement is reached between the state department of ecology and the United States department of energy pursuant to section 6 of the perpetual care agreement dated July 29, 1965, between the United States atomic energy commission and the state of Washington. If agreement cannot be reached between the state department of ecology and the United States department of energy by June 1, 2008, the treasurer shall transfer the funds from the general fund to the site closure account according to the schedule in (a) of this subsection;

(c) If for any reason the Hanford low level radioactive waste disposal facility is closed to further disposal operations during or after the 2003-2005 biennium and before 2033, then the amount remaining to be repaid from the 2003-2005 transfer of thirteen million eight hundred thousand dollars from the site closure account shall be transferred by the treasurer from the general fund to the site closure account to fund the closure and decommissioning of the facility. The treasurer shall transfer to the site closure account in full the amount remaining to be repaid upon written notice from the secretary of health that the department of health has authorized closure or that disposal operations have ceased. The treasurer shall complete the transfer within sixty days of written notice from the secretary of health.

(d) To the extent that money in the site closure account together with the amount of money identified for repayment to the site closure account, pursuant to (a) through (c) of this subsection, equals or exceeds the cost estimate approved by the department of health for closure and decommissioning of the facility, the money in the site closure account together with the amount of money identified for repayment to the site closure account shall constitute adequate financial assurance for purposes of the department of health financial assurance requirements;

(4) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(5) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management;

(6) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(7) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The plans shall be updated annually. [2003 1st sp.s. c 21 § 1; 1999 c 372 § 12; 1991 sp.s. c 13 § 60; 1990 c 21 § 6; 1989 c 418 § 2; 1986 c 2 § 1; 1983 1st ex.s. c 19 § 8.]

43.211.005  Findings. The legislature finds that the implementation of a single easy to use telephone number, 211, for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster will benefit the citizens of the state of Washington by providing easier access to available health and human services, by reducing inefficiencies in connecting people with the desired service providers, and by reducing duplication of efforts. The legislature further finds in a time of reduced resources for providing health and human services that establishing a cost-effective means to continue to provide information to the public about available services is important. The legislature further finds that an integrated statewide system of local information and referral service providers will build upon an already existing network of experienced service providers without the necessity of creating a new agency, department, or system to provide 211 services. The legislature further finds that no funds should be appropriated by the legislature to a 211 system under chapter 135, Laws of 2003 without receiving documentation that a 211 system will provide savings to the state. [2003 c 135 § 1.]

43.211.010  211 system. 211 is created as the official state dialing code for public access to information and referral for health and human services and information about access to services after a natural or nonnatural disaster. [2003 c 135 § 2.]

43.211.020  Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(2) "WIN 211" means the Washington information network 211, a 501(c)(3) corporation incorporated in the state of Washington.

(3) "Approved 211 service provider" means a public or nonprofit agency or organization designated by WIN 211 to provide 211 services.

(4) "211 service area" means an area of the state of Washington identified by WIN 211 as an area in which an approved 211 service provider will provide 211 services.

(5) "211" means the abbreviated dialing code assigned by the federal communications commission on July 21, 2000, for consumer access to community information and referral services. [2003 c 135 § 3.]

43.211.030  New information services. Before a state agency or department that provides health and human services establishes a new public information telephone line or hotline, the state agency or department shall consult with WIN 211 about using the 211 system to provide public access to the information. [2003 c 135 § 4.]

43.211.040  211 services. Only a service provider approved by WIN 211 may provide 211 telephone services. WIN 211 shall approve 211 service providers, after considering the following:

(1) The ability of the proposed 211 service provider to meet the national 211 standards recommended by the alliance of information and referral systems and adopted by the national 211 collaborative on May 5, 2000;

(2) The financial stability and health of the proposed 211 service provider;

(3) The community support for the proposed 211 service provider;

(4) The relationships with other information and referral services; and

(5) Such other criteria as WIN 211 deems appropriate. [2003 c 135 § 5.]

43.211.050  211 account. The 211 account is created in the state treasury. Moneys in the account may be spent only after appropriation. The 211 account shall include any funding for this purpose appropriated by the legislature, private contributions, and all other sources. Expenditures from the 211 account shall be used only for the implementation and support of the 211 system. [2003 c 135 § 6.]

43.211.060  Use of 211 account moneys.  (1) WIN 211 shall study, design, implement, and support a statewide 211 system.

(2) Activities eligible for assistance from the 211 account include, but are not limited to:

Cost-reimbursement agreements. (1) The department may enter into a written cost-reimbursement agreement with a permit applicant to recover from the applicant the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing. The cost-reimbursement agreement shall identify the specific tasks, costs, and schedule for work to be conducted under the agreement.

(2) The written cost-reimbursement agreement shall be negotiated with the permit applicant. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments. Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington’s natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues. The legislature also finds that current efforts to promote Washington’s natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each.” [2003 c 153 § 1.]

44.52.010 Purpose—Legislative committee on economic development and international relations created—Membership.

44.52.010 Purpose—Legislative committee on economic development and international relations created—Membership. (1) Economic development and in particular international trade, tourism, and investment have become increasingly important to Washington, affecting the state's employment, revenues, and general economic well-being.
Additionally, economic trends are rapidly changing and the international marketplace has become increasingly competitive as states and countries seek to improve and safeguard their own economic well-being. 44.55.040 Powers, duties.

**44.55.010 Findings—Intent.** The legislature finds that international trade is an important part of Washington's economy with Washington as the fifth largest exporting state in the nation. The legislature further finds that World Trade Organization agreements and the North American Free Trade Agreement have implications for Washington state laws governing agriculture, services, environmental regulation, and economic subsidies. The legislature further finds that future trade agreements such as the proposed Free Trade Area of the Americas may also impact Washington state. Therefore, it is the intent of the legislature to create a joint legislative oversight committee on trade policy to monitor the impact of these trade agreements on Washington state laws, and to provide a mechanism for legislators and citizens to voice their opinions and concerns about the potential impacts of these trade agreements to state and federal government officials. [2003 c 404 § 1.]

**44.55.020 Committee membership.** A joint legislative oversight committee on trade policy is created, to consist of four senators and four representatives from the legislature and three ex officio members. The president of the senate shall appoint the senate members of the committee, and the speaker of the house shall appoint the house members of the committee. No more than two members from each house may be from the same political party. A list of appointees must be submitted by July 1, 2003, and before the close of each regular session during an even-numbered year. Vacancies on the committee will be filled by appointment and must be filled from the same political party and from the same house as the member whose seat was vacated.* [2003 c 404 § 2.]

*Reviser's note: This section was partially vetoed by the governor. The vetoed language is as follows: "The ex officio members shall be appointed by the speaker of the house and the president of the senate, and include a representative from the department of agriculture, the state trade representative, and a representative from the office of the attorney general."

**Effective date—2003 c 404 § 2:** "Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 20, 2003]." [2003 c 404 § 8.]

**44.55.030 Chair—Officers—Rules.** The committee shall appoint its own chair and other officers and make rules for orderly procedure. [2003 c 404 § 3.]

**44.55.040 Powers, duties.** The committee has the following powers and duties:

1. At least once a year, hear public testimony on the actual and potential impacts of international trade agreements and negotiations on Washington state and submit an annual report to the state trade representative's office and to the legislature regarding the public testimony;
2. Maintain active communication with the state trade representative's office, the United States trade representative's office, Washington's congressional delegation, the national conference of state legislatures, and any other bodies the committee deems appropriate regarding ongoing developments in international trade agreements and policy;
3. Conduct an annual assessment of the impacts of international trade agreements upon Washington law and submit the report to the legislature;
4. Examine any aspects of international trade, international economic integration, and trade agreements that the members deem appropriate. [2003 c 404 § 4.]

**44.55.050 Staff support.** The committee will receive the necessary staff support from both the senate committee services and the house office of program research. [2003 c 404 § 5.]

**44.55.060 Compensation.** The members of the committee shall serve without additional compensation, but are entitled to receive per diem, mileage, and incidental expense allowances at the rates provided in chapter 44.04 RCW. [2003 c 404 § 6.]

At a minimum, the department of transportation, the Washington state patrol, the department of licensing, the transportation improvement board or its successor entity, the county road administration board or its successor entity, and the traffic safety commission are considered transportation-related agencies. [2003 c 362 § 2.]

44.75.030 Board created—Membership. (1) The transportation performance audit board is created.

(2) The board will consist of four legislative members, five citizen members with transportation-related expertise, one ex officio member, and one at large member. The legislative auditor is the ex officio member. The majority and minority leaders of the house and senate transportation committees are the legislative members. The governor shall appoint the at large member to serve for a term of four years. The citizen members must be nominated by professional associations chosen by the board’s legislative members and appointed by the governor for terms of four years, except that at least half the initial appointments will be for terms of two years. The citizen members may not be currently, or within one year, employed by the Washington state department of transportation. The citizen members will consist of:

(a) One member with expertise in construction project planning, including permitting and assuring regulatory compliance;

(b) One member with expertise in construction means and methods and construction management, crafting and implementing environmental mitigation plans, and administration;

(c) One member with expertise in construction engineering services, including construction management, materials testing, materials documentation, contractor payments, inspection, surveying, and project oversight;

(d) One member with expertise in project management, including design estimating, contract packaging, and procurement; and

(e) One member with expertise in transportation planning and congestion management.

(3) The governor may not remove members from the board before the expiration of their terms unless for cause based upon a determination of incapacity, incompetence, neglect of duty, of malfeasance in office by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

(4) No member may be appointed for more than three consecutive terms. [2003 c 362 § 3.]

44.75.040 Procedures, compensation, support. (1) The board shall meet periodically. It may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members.

(2) Each member of the transportation performance audit board will be compensated from the general appropriation for the legislative transportation committee in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.

(3) The transportation performance audit board shall keep proper records and is subject to audit by the state auditor or other auditing entities.

(4) Staff support to the transportation performance audit board must be provided by the legislative transportation committee, which shall provide professional support for the duties, functions, responsibilities, and activities of the board, including but not limited to information technology systems; data collection, processing, analysis, and reporting; project management; and office space, equipment, and secretarial

support. The legislative evaluation and accountability program will provide data and information technology support consistent with the support currently supplied to existing legislative committees. [2003 c 362 § 4.]

44.75.050 Reviews of transportation-related agencies. (1) The transportation performance audit board may review the performance and outcome measures of transportation-related agencies. The purpose of these reviews is to ensure that the legislature has the means to adequately and accurately assess the performance and outcomes of those agencies and departments. Where two or more agencies have shared responsibility for functions or priorities of government, these reviews can also determine whether effective interagency cooperation and collaboration occurs in areas such as program coordination, administrative structures, information systems, and administration of grants and loans.

(2) In conducting these reviews, the transportation performance audit board may work in consultation with the legislative transportation committee, the joint legislative audit and review committee, the office of financial management, and other state agencies. [2003 c 362 § 5.]

44.75.060 Review methodology. The performance and outcome measures and benchmarks of each agency or department may be reviewed at the discretion of the transportation performance audit board. In setting the schedule and the extent of performance reviews, the board shall consider the timing and results of other recent state, federal, and independent reviews and audits, the seriousness of past findings, any inadequate remedial action taken by an agency or department, whether an agency or department lacks performance and outcome measures, and the desirability to include a diverse range of agencies or programs each year. [2003 c 362 § 6.]

44.75.070 Scope of reviews. The reviews may include, but are not limited to:

(1) A determination of whether the performance and outcome measures are consistent with legislative mandates, strategic plans, mission statements, and goals and objectives, and whether the legislature has established clear mandates, strategic plans, mission statements, and goals and objectives that lend themselves to performance and outcome measurement;

(2) An examination of how agency management uses the measures to manage resources in an efficient and effective manner;

(3) An assessment of how performance benchmarks are established for the purpose of assessing overall performance compared to external standards and benchmarks;

(4) An examination of how an analysis of the measurement data is used to make planning and operational improvements;

(5) A determination of how performance and outcome measures are used in the budget planning, development, and allotment processes and the extent to which the agency is in compliance with its responsibilities under RCW 43.88.090;

(6) A review of how performance data are reported to and used by the legislature both in policy development and resource allocation;

(7) An assessment of whether the performance measure data are reliable and collected in a uniform and timely manner;

(8) A determination whether targeted funding investments and established priorities of government actually produce the intended and expected services and benefits; and

(9) Recommendations as necessary or appropriate. [2003 c 362 § 7.]

44.75.080 Performance audits—Determination of necessity. After reviewing the performance or outcome measures and benchmarks of an agency or department, or at any time it so determines, the transportation performance audit board shall recommend to the executive committee of the legislative transportation committee whether a full performance or functional audit of the agency or department, or a specific program within the agency or department, is appropriate. Upon the request of the legislative transportation committee or its executive committee, the joint legislative audit and review committee shall add the full performance or functional audit to its biennial performance audit work plan. If the request duplicates or overlaps audits already in the work plan, or was performed under the previous biennial work plan, the executive committees of the legislative transportation committee and the joint legislative audit and review committee shall meet to discuss and resolve the duplication or overlap. [2003 c 362 § 8.]

44.75.090 Professional experts—Reimbursement—Transportation committee approval of methodology. (1) To the greatest extent possible, or when requested by the executive committee of the legislative transportation committee, the legislative auditor shall contract with and consult with private independent professional and technical experts to optimize the independence of the reviews and performance audits. In determining the need to contract with private experts, the legislative auditor shall consider the degree of difficulty of the review or audit, the relative cost of contracting for expertise, and the need to maintain auditor independence from the subject agency or program.

(2) After consultation with the executive committee of the legislative transportation committee on the appropriateness of costs, the legislative transportation committee shall reimburse the joint legislative audit and review committee or the legislative auditor for the costs of carrying out any requested performance audits, including the cost of contracts and consultant services.

(3) The executive committee of the legislative transportation committee must review and approve the methodology for performance audits recommended by the transportation performance audit board. [2003 c 362 § 9.]

44.75.100 Presentation and publication of performance audits. Completed performance audits must be presented to the transportation performance audit board and the legislative transportation committee. Published performance audits must be made available to the public through the legislative transportation committee and the joint legislative audit and review committee’s web site and through customary public communications. Final reports must also be transmitted to...
the appropriate policy and fiscal standing committees of the legislature. [2003 c 362 § 10.]

44.75.110 Scope of performance audit. The legislative auditor shall determine in writing the scope of any performance audit requested by the legislative transportation committee or its executive committee, subject to the review and approval of the final scope of the audit by the transportation performance audit board, and the legislative transportation committee or its executive committee. In doing so, the legislative auditor, the transportation performance audit board, and the legislative transportation committee or its executive committee shall consider inclusion of the following elements in the scope of the audit:

(1) Identification of potential cost savings in the agency, its programs, and its services;
(2) Identification and recognition of best practices;
(3) Identification of funding to the agency, to programs, and to services that can be eliminated or reduced;
(4) Identification of programs and services that can be eliminated, reduced, or transferred to the private sector;
(5) Analysis of gaps and overlaps in programs and services and recommendations for improving, dropping, blending, or separating functions to correct gaps or overlaps;
(6) Analysis and recommendations for pooling information technology systems;
(7) Analysis of the roles and functions of the agency, its programs, and its services and their compliance with statutory authority and recommendations for eliminating or changing those roles and functions and ensuring compliance with statutory authority;
(8) Recommendations for eliminating or changing statutes, rules, and policy directives as may be necessary to ensure that the agency carry out reasonably and properly those functions expressly vested in the department by statute; and
(9) Verification of the reliability and validity of department performance data, self-assessments, and performance measurement systems as required under RCW 43.88.090. [2003 c 362 § 11.]

44.75.120 Contents of audit report. When conducting a full performance audit of an agency or department, or a specific program within an agency or department, or multiple agencies, in accordance with RCW 44.75.110, the legislative auditor shall solicit input from appropriate industry representatives or experts. The audit report must make recommendations regarding the continuation, abolition, consolidation, or reorganization of each affected agency, department, or program. The audit report must identify opportunities to develop government partnerships, and eliminate program redundancies that will result in increased quality, effectiveness, and efficiency of state agencies. [2003 c 362 § 12.]

44.75.800 Department of transportation audit. The transportation performance audit board shall take steps to ensure that the department of transportation is the first agency subject to the performance review and audit process established in chapter 362, Laws of 2003. [2003 c 362 § 15.]

46.01.140 Special deputies and subagents of director—Disposition of application fees. (1) The county auditor, if appointed by the director of licensing shall carry out the provisions of this title relating to the licensing of vehicles and the issuance of vehicle license number plates under the direction and supervision of the director and may with the approval of the director appoint assistants as special deputies and recommend subagents to accept applications and collect fees for vehicle licenses and transfers and to deliver vehicle license number plates.

[2003 RCW Supp—page 603]
(2) A county auditor appointed by the director may request that the director appoint subagencies within the county.

(a) Upon authorization of the director, the auditor shall use an open competitive process including, but not limited to, a written business proposal and oral interview to determine the qualifications of all interested applicants.

(b) A subagent may recommend a successor who is either the subagent's sibling, spouse, or child, or a subagency employee, as long as the recommended successor participates in the open, competitive process used to select an applicant. In making successor recommendation and appointment determinations, the following provisions apply:

(i) If a subagency is held by a partnership or corporate entity, the nomination must be submitted on behalf of, and agreed to by, all partners or corporate officers.

(ii) No subagent may receive any direct or indirect compensation or remuneration from any party or entity in recognition of a successor nomination. A subagent may not receive any financial benefit from the transfer or termination of an appointment.

(iii) (a) and (b) of this subsection are intended to assist in the efficient transfer of appointments in order to minimize public inconvenience. They do not create a proprietary or property interest in the appointment.

(c) The auditor shall submit all proposals to the director, and shall recommend the appointment of one or more subagents who have applied through the open competitive process. The auditor shall include in his or her recommendation to the director, not only the name of the successor who is a relative or employee, if applicable and if otherwise qualified, but also the name of one other applicant who is qualified and was chosen through the open competitive process. The director has final appointment authority.

(3)(a) A county auditor who is appointed as an agent by the department shall enter into a standard contract provided by the director, developed with the advice of the title and registration advisory committee.

(b) A subagent appointed under subsection (2) of this section shall enter into a standard contract with the county auditor, developed with the advice of the title and registration advisory committee. The director shall provide the standard contract to county auditors.

(c) The contracts provided for in (a) and (b) of this subsection must contain at a minimum provisions that:

(i) Describe the responsibilities, and where applicable, the liability, of each party relating to the service expectations and levels, equipment to be supplied by the department, and equipment maintenance;

(ii) Require the specific type of insurance or bonds so that the state is protected against any loss of collected motor vehicle tax revenues or loss of equipment;

(iii) Specify the amount of training that will be provided by the state, the county auditor, or subagents;

(iv) Describe allowable costs that may be charged to vehicle licensing activities as provided for in (d) of this subsection;

(v) Describe the causes and procedures for termination of the contract, which may include mediation and binding arbitration.

(d) The department shall develop procedures that will standardize and prescribe allowable costs that may be assigned to vehicle licensing and vessel registration and title activities performed by county auditors.

(e) The contracts may include any provision that the director deems necessary to ensure acceptable service and the full collection of vehicle and vessel tax revenues.

(f) The director may waive any provisions of the contract deemed necessary in order to ensure that readily accessible service is provided to the citizens of the state.

(4)(a) At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle or vessel upon the public highways or waters of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of three dollars for each application in addition to any other fees required by law.

(b) Counties that do not cover the expenses of vehicle licensing and vessel registration and title activities may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department shall develop procedures to verify whether a request is reasonable. Payment shall be made on requests found to be allowable from the licensing services account.

(c) Applicants for certificates of ownership, including applicants paying fees under RCW 46.16.070 or 46.16.085, shall pay to the director, county auditor, or other agent a fee of four dollars in addition to any other fees required by law.

(d) The fees under (a) and (c) of this subsection, if paid to the county auditor as agent of the director, or if paid to a subagent of the county auditor, shall be paid to the county treasurer in the same manner as other fees collected by the county auditor and credited to the county current expense fund. If the fee is paid to another agent of the director, the fee shall be used by the agent to defray his or her expenses in handling the application.

(e) Applicants required to pay the three-dollar fee established under (a) of this subsection, must pay an additional seventy-five cents, which must be collected and remitted to the state treasurer and distributed as follows:

(i) Fifty cents must be deposited into the department of licensing services account of the motor vehicle fund and must be used for agent and subagent support, which is to include but not be limited to the replacement of department-owned equipment in the possession of agents and subagents.

(ii) Twenty-five cents must be deposited into the license plate technology account created under RCW 46.16.685.

(5) A subagent shall collect a service fee of (a) eight dollars and fifty cents for changes in a certificate of ownership, with or without registration renewal, or verification of record and preparation of an affidavit of lost title other than at the time of the title application or transfer and (b) three dollars and fifty cents for registration renewal only, issuing a transit permit, or any other service under this section.

(6) If the fee is collected by the state patrol as agent for the director, the fee so collected shall be certified to the state treasurer and deposited to the credit of the state patrol highway account. If the fee is collected by the department of
transportation as agent for the director, the fee shall be certified to the state treasurer and deposited to the credit of the motor vehicle fund. All such fees collected by the director or branches of his office shall be certified to the state treasurer and deposited to the credit of the highway safety fund.

(7) Any county revenues that exceed the cost of providing vehicle licensing and vessel registration and title activities in a county, calculated in accordance with the procedures in subsection (3)(d) of this section, shall be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

(8) The director may adopt rules to implement this section. (1) The department of licensing is authorized to accept checks and money orders for payment of drivers’ licenses, certificates of ownership and registration, motor vehicle excise taxes, gross weight fees, and other fees and taxes collected by the department, in accordance with regulations adopted by the director. The director’s regulations shall duly provide for the public’s convenience consistent with sound business practice and shall encourage the annual renewal of vehicle registrations by mail to the department, authorizing checks and money orders for payment. Such regulations shall contain provisions for cancellation of any registrations, licenses, or permits paid for by checks or money orders which are not duly paid and for the necessary accounting procedures in such cases: PROVIDED, That any bona fide purchaser for value of a vehicle shall not be liable or responsible for any prior uncollections taxes and fees paid, pursuant to this section, by a check which has subsequently been dishonored: AND PROVIDED FURTHER, That no transfer of ownership of a vehicle may be denied to a bona fide purchaser for value of a vehicle if there are outstanding uncollected fees or taxes for which a predecessor paid, pursuant to this section, by check which has subsequently been dishonored nor shall the new owner be required to pay any fee for replacement vehicle license number plates that may be required pursuant to RCW 46.16.270 as now or hereafter amended.

Notice of cancellation may be accomplished by sending a notice by first class mail using the last known address in department records for the holder of the certificate, license, or permit, and recording the transmittal on an affidavit of first class mail.

(3) Whenever registrations, licenses, or permits have been paid for by checks that have been dishonored by nonacceptance or nonpayment, a reasonable handling fee may be assessed for each such instrument. Notwithstanding provisions of any other laws, county auditors, agents, and subagents, appointed or approved by the director pursuant to RCW 46.01.140, may collect restitution, and where they have collected restitution may retain the reasonable handling fee. 46.04.320 Motor vehicle. "Motor vehicle" means every vehicle that is self-propelled and every vehicle that is propelled by electric power obtained from overhead trolley wires, but not operated upon rails. "Motor vehicle" includes a neighborhood electric vehicle as defined in RCW 46.04.357. An electric personal assistive mobility device is not considered a motor vehicle. A power wheelchair is not considered a motor vehicle. [2003 c 353 § 1; 2003 c 141 § 2, 2002 c 247 § 2; 1961 c 12 § 46.04.320. The Washington state patrol may approve of and define "motorcycle" a motor vehicle that fails to meet these specific criteria, but that is essentially similar in performance as a "motorcycle" a motor vehicle that fails to meet these specific criteria. 46.04.332 Motor-driven cycle. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee’s driver’s license number if available, and such description of the vehicle, including the vehicle identification number, the license plate number, or both, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller’s report of sale to the department. 46.12.510  Donations for organ donation awareness.

An applicant for a new or renewed registration for a vehicle required to be registered under this chapter or chapter 46.16 RCW may make a donation of one dollar or more to the organ and tissue donation awareness account to promote the donation of organs and tissues under the provisions of the uniform anatomical gift act, RCW 68.50.520 through *68.50.630. The department shall collect the donations and credit the donations to the organ and tissue donation awareness account, created in RCW 68.50.640. At least quarterly, the department shall transmit donations made to the organ and tissue donation awareness account to the foundation estab-

All Washington state organ procurement organizations will have proportional access to these funds to conduct public education in their service areas. The donation of one or more dollars is voluntary and may be refused by the applicant. The department shall make available informational booklets or other informational sources on the importance of organ and tissue donations to applicants.

The department shall inquire of each applicant at the time the completed application is presented whether the applicant is interested in making a donation of one dollar or more and shall also specifically inform the applicant of the option for organ and tissue donations as required by RCW 46.20.113. The department shall also provide written information to each applicant volunteering to become an organ and tissue donor. It includes, but is not limited to, road construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, track laying tractors, ditchers, leveling graders, finishing machines, motor graders, paving mixers, road rollers, scrapers, earth moving scrapers and carryalls, lighting plants, welders, pumps, power shovels and draglines, self-propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (i) are in excess of the legal width, or (ii) which, because of their length, height, or unladen weight, may not be moved on a public highway without the permit specified in RCW 46.44.090 and which are not operated laden except within the boundaries of the project limits as defined by the contract, and other similar types of construction equipment, or (iii) which are driven or moved upon a public highway only for the purpose of crossing such highway from one property to another, provided such movement does not exceed five hundred feet and the vehicle is equipped with wheels or pads which will not damage the roadway surface.

Exclusions:
"Special highway construction equipment" does not include any of the following:

Dump trucks originally designed to comply with the legal size and weight provisions of this code notwithstanding any subsequent modification which would require a permit, as specified in RCW 46.44.090, to operate such vehicles on a public highway, including trailers, truck-mounted transit mixers, cranes and shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached.

(b) A tow dolly that is used for towing a motor vehicle behind another motor vehicle. The front or rear wheels of the towed vehicle are secured to and rest on the tow dolly that is attached to the towing vehicle by a tow bar. Every truck, motor truck, truck tractor, and tractor exceeding 6,000 pounds empty scale weight registered under chapter 46.16, 46.87, or 46.88 RCW shall be licensed for not less than one hundred fifty percent of its empty weight unless the amount would be in excess of the legal limits prescribed for such a vehicle in RCW 46.44.041 or 46.44.042, in which event the vehicle shall be licensed for the maximum weight authorized for such a vehicle or unless the vehicle is used only for the purpose of transporting any well drilling machine, air compressor, rock crusher, conveyor, hoist, donkey engine, cook house, tool house, bunk house, or similar machine or structure attached to or made a part of such vehicle.

The following provisions apply when increasing gross or combined gross weight for a vehicle licensed under this section:

(a) The new license fee will be one-twelfth of the fee listed above for the new gross weight, multiplied by the number of months remaining in the period for which licensing fees have been paid, including the month in which the new gross weight is effective.

(b) Upon surrender of the current certificate of registration or cab card, the new licensing fees due shall be reduced by the amount of the licensing fees previously paid for the same period for which new fees are being charged.

(2) The proceeds from the fees collected under subsection (1) of this section shall be distributed in accordance with RCW 46.68.035. [2003 c 361 § 201; 1994 c 262 § 8; 1993 sp.s. c 23 § 60. Additionally, to ensure maximum legibility and reflectivity, the department shall periodically provide for the replacement of license plates, except for commercial vehicles with a gross weight in excess of twenty-six thousand pounds. Frequency of replacement shall be established in accordance with empirical studies documenting the longevity of the reflective materials used to make license plates.

(2) Special license plate series approved by the special license plate review board created under RCW 46.16.705 and
enacted by the legislature may display a symbol or artwork approved by the special license plate review board.

(3) By November 1, 2003, in providing for the periodic replacement of license plates, the department shall offer to vehicle owners the option of retaining their current license plate numbers. The department shall charge a retention fee of twenty dollars if this option is exercised. Revenue generated from the retention fee must be deposited into the multimodal transportation account. ### 46.16.295 Returned plates—Reuse
The department may, upon request, provide license plates that have been used and subsequently returned to the department to individuals for nonvehicular use. The department may charge a fee of up to five dollars per plate to cover costs of recovery, postage, and handling. The department may waive the fee for plates used in educational projects, and may, by rule, provide standards for the fee waiver and restrictions on the number of plates provided to any one person. [2003 c 359 § 1.]

### 46.16.314 Special license plates—Authority to continue
The department has the sole discretion, based upon the number of sales to date, to determine whether or not to continue issuing license plates in a special series created before January 1, 2003. [2003 c 196 § 501; 1997 c 291 § 9.]

### 46.16.381 Special parking for disabled persons—Penalties—Enforcement
(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk and meets one of the following criteria, as determined by a licensed physician or an advanced registered nurse practitioner licensed under chapter 18.79 RCW:

(a) Cannot walk two hundred feet without stopping to rest;

(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;

(c) Is so severely disabled, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;

(d) Uses portable oxygen;

(e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;

(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or

(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician or advanced registered nurse practitioner of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.

(2) The applications for disabled parking permits and temporary disabled parking permits are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's or advanced registered nurse practitioner's signature and immediately below the applicant's signature: "A disabled parking permit may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued no later than January 1, 2000, to all persons who are issuing parking placards, including those issued for temporary disabilities, and special disabled parking license plates. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the disabled person. Instead of regular motor vehicle license plates, disabled persons are entitled to receive special license plates bearing the international symbol of access for one vehicle registered in the disabled person's name. Disabled persons who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the special license plates or placard may park in places reserved for mobility disabled persons. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport disabled persons who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding homes, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and
cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the disabled person transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the disabled person and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the disabled person, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the disabled person's physician. The permanent parking placard and identification card of a disabled person shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its disabled permit database with available death record information at least every twelve months.

(6) Each person who has been issued a permanent disabled parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the department, or the permit will expire.

(7) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(8) Any unauthorized use of the special placard, special license plate, or identification card is a traffic infraction with a monetary penalty of two hundred fifty dollars.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to make inaccessible the access aisle located next to a space reserved for physically disabled persons. The clerk of the court shall report all violations related to this subsection to the department.

(10) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for physically disabled persons without a special license plate or placard. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the special license plate or placard required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for physically disabled persons may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of non-reserved, on-street parking spaces by vehicles displaying the special parking placards. All time restrictions must be clearly posted.

(11) The penalties imposed under subsections (9) and (10) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(12) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate, placard, or identification card in a manner other than that established under this section.

(13)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(14) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves the disabled community or persons having disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(15) The court may not suspend more than one-half of any fine imposed under subsection (8), (9), (10), or (12) of this section. Application—1984 c 154: “This act applies to special license plates, cards, or decals issued after June 7, 1984. Nothing in this act invalidates special license plates, cards, or decals issued before June 7, 1984.” [1984 c 154 § 9.]

Severability—1984 c 154: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1984 c 154 § 10.]

Accessible parking spaces required: RCW 70.92.140.
46.16.685 License plate technology account. The license plate technology account is created in the state treasury. All receipts collected under RCW 46.01.140(4)(e)(ii) must be deposited into this account. Expenditures from this account must support current and future license plate technology and systems integration upgrades for both the department and correctional industries. Moneys in the account may be spent only after appropriation. Additionally, the moneys in this account may be used to reimburse the motor vehicle account for any appropriation made to implement the digital license plate system. [2003 c 370 § 4.]

46.16.690 License plate design services—Fee. The department shall offer license plate design services to organizations that are sponsoring a new special license plate series or are seeking to redesign the appearance of an existing special license plate series that they sponsored. In providing this service, the department must work with the requesting organization in determining the specific qualities of the new plate design and must provide full design services to the organization. The department shall collect from the requesting organization a fee of one thousand five hundred dollars for providing license plate design services. This fee includes one original license plate design and up to five additional renditions of the original design. If the organization requests the department to provide further renditions, in addition to the five renditions provided for under the original fee, the department shall collect an additional fee of five hundred dollars per rendition. All revenue collected under this section must be deposited into the multimodal transportation account. [2003 c 361 § 502.]

Findings—Part headings not law—Severability—2003 c 361: See notes following RCW 82.36.025.
Effective dates—2003 c 361: See note following RCW 82.08.020.

46.16.700 Special license plates—Intent. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs, has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation. [2003 c 196 § 1.]

Part headings not law—2003 c 196: "Part headings used in this act are not part of the law.” [2003 c 196 § 601.]

46.16.705 Special license plate review board—Created. (1) The special license plate review board is created.

(2) The board will consist of seven members: One member appointed by the governor and who will serve as chair of the board; four members of the legislature, one from each caucus of the house of representatives and the senate; a department of licensing representative appointed by the director; and a Washington state patrol representative appointed by the chief. [2003 RCW Supp—page 620]

(3) Members shall serve terms of four years, except that four of the members initially appointed will be appointed for terms of two years. No member may be appointed for more than three consecutive terms.

(4) The legislative transportation committee may remove members from the board before the expiration of their terms only for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office as ordered by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question. [2003 c 196 § 101.]

The board may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members, and it must have a quorum present to take a vote on a special license plate application.

(2) The board will be compensated from the general appropriation for the legislative transportation committee in accordance with RCW 43.03.250. Each board member will be compensated in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. (d) Compile the annual financial reports submitted by sponsoring organizations with active special license plate series and present those reports to the board for review and approval.

(5) The legislative transportation committee shall provide general oversight of the board, which must include at least the following:

(a) Process and approve board member compensation requests;
(b) Review the annual financial reports submitted to the board by sponsoring organizations;

(c) Review annually the list of the board's approved and rejected special license plate proposals submitted by sponsoring organizations. [2003 c 196 § 102.]

Part headings not law—2003 c 196: See note following RCW 46.16.700.

46.16.725 Board—Powers and duties. (1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(a) That the organization is a nonprofit organization, as defined in 26 U.S.C. Sec. 501(c)(3). The department may request a copy of an Internal Revenue Service ruling to verify an organization's nonprofit status; and

(b) That the organization is located in Washington and has registered as a charitable organization with the secretary of state's office as required by law.

(2) For a governmental body to qualify for a special license plate under the special license plate approval program created in RCW 46.16.705 through 46.16.765, a governmental body must be:

Part headings not law—2003 c 196: See note following RCW 46.16.700.

46.16.745 Special license plates—Sponsor application requirements. (d) Provide a signature of a legislative sponsor and proposed legislation creating the special license plate; and

(e) Provide proof of organizational qualifications as determined by the department as provided for in RCW 46.16.735.

(3) If the sponsoring organization is not able to meet the payment requirements of subsection (2)(a) of this section and can demonstrate this fact to the satisfaction of the department, the sponsoring organization shall:

(a) Submit an application and nonrefundable fee of two thousand dollars, for deposit in the motor vehicle account, to the department;

46.16.755  Special license plates—Disposition of revenues.  (1)(a) Revenues generated from the sale of special license plates for those sponsoring organizations who used the application process in RCW 46.16.745(3) must be deposited into the motor vehicle account until the department determines that the state’s implementation costs have been fully reimbursed. The department shall apply the application fee required under RCW 46.16.745(3)(a) towards those costs.

(b) When it is determined that the state has been fully reimbursed the department must notify the house of representatives and senate transportation committees, the sponsoring organization, and the treasurer, and commence the distribution of the revenue as otherwise provided by law.

(2) If reimbursement does not occur within the two-year time frame, the special license plate series must be placed in probationary status for a period of one year from that date. If the state is still not fully reimbursed for its implementation costs after the one-year probation, the plate series must be discontinued immediately. Special plates issued before discontinuation are valid until replaced under RCW 46.16.233. The state must be reimbursed for its portion of the implementation costs within two years from the date the new plate series goes on sale to the public.

(3) The special license plate applicant trust account is created in the custody of the state treasurer. All receipts from special license plate applicants, except the application fee as provided in RCW 46.16.745(3), must be deposited into the account. Only the director of the department or the director’s designee may authorize disbursements from the account. The account is not subject to the allotment procedures under chapter 43.88 RCW, nor is an appropriation required for disbursements.

(4) The department shall provide the special license plate applicant with a written receipt for the payment.

(a) Approved by the legislature the director shall request that the money be transferred to the motor vehicle account;

(b) Denied by the special license plate review board or the legislature the director shall provide a refund to the applicant within thirty days; or

(c) Withdrawn by the special license plate applicant the director shall provide a refund to the applicant within thirty days. [2003 c 196 § 302.]

Part headings not law—2003 c 196: See note following RCW 46.16.700.

46.16.765  Special license plates—Continuing requirements.  (1) Within thirty days of legislative enactment of a new special license plate series for a qualifying organization meeting the requirements of RCW 46.16.735(1), the department shall enter into a written agreement with the organization that sponsored the special license plate. The agreement must identify the services to be performed by the sponsoring organization. The agreement must be consistent with all applicable state law and include the following provision:

“No portion of any funds disbursed under the agreement may be used, directly or indirectly, for any of the following purposes:

(a) Attempting to influence: (i) The passage or defeat of legislation by the legislature of the state of Washington, by a county, city, town, or other political subdivision of the state of Washington, or by the Congress; or (ii) the adoption or rejection of a rule, standard, rate, or other legislative enactment of a state agency;

(b) Making contributions reportable under chapter 42.17 RCW; or

(c) Providing a:  (i) Gift; (ii) honoraria; or (iii) travel, lodging, meals, or entertainment to a public officer or employee.”

(2) The sponsoring organization must submit an annual financial report by September 30th of each year to the department detailing actual revenues and expenditures of the revenues received from sales of the special license plate. Consistent with the agreement under subsection (1) of this section, the sponsoring organization must expend the revenues generated from the sale of the special license plate series for the benefit of the public, and it must be spent within this state. Disbursement of the revenue generated from the sale of the special license plate to the sponsoring organization is contingent upon the organization meeting all reporting and review requirements as required by the department.

(3) If the sponsoring organization ceases to exist or the purpose of the special license plate series ceases to exist, revenues generated from the sale of the special license plates must be deposited into the motor vehicle account.

(4) A sponsoring organization may not seek to redesign its plate series until all of the inventory is sold or purchased by the organization itself. All cost for redesign of a plate series must be paid by the sponsoring organization. [2003 c 196 § 303.]

Part headings not law—2003 c 196: See note following RCW 46.16.700.

46.16.775  Special license plates—Nonreviewed plates.  (1) A special license plate series created by the legislature after January 1, 2004, that has not been reviewed and approved by the special license plate review board is subject to the following requirements:

(a) The organization sponsoring the license plate series shall, within thirty days of enactment of the legislation creating the plate series, submit prepayment of all start-up costs associated with the creation and implementation of the special license plate in an amount determined by the department. The prepayment will be credited to the motor vehicle fund.
The creation and implementation of the plate series may not commence until payment is received by the department.

(b) If the sponsoring organization is not able to meet the prepayment requirements in (a) of this subsection and can demonstrate this fact to the satisfaction of the department, the revenues generated from the sale of the special license plates must be deposited in the motor vehicle account until the department determines that the state's portion of the implementation costs have been fully reimbursed. When it is determined that the state has been fully reimbursed the department must notify the treasurer to commence distribution of the revenue according to statutory provisions.

(c) The sponsoring organization must provide a proposed license plate design to the department within thirty days of enactment of the legislation creating the plate series.

(2) The state must be reimbursed for its portion of the implementation costs within two years from the date the new plate series goes on sale to the public. If the reimbursement does not occur within the two-year time frame, the special license plate series must be placed in probationary status for a period of one year from that date. If the state is still not fully reimbursed for its implementation costs after the one-year probation, the plate series must be discontinued immediately. Those plates issued before discontinuation are valid until replaced under RCW 46.16.233.

(3) If the sponsoring organization ceases to exist or the purpose of the special plate series ceases to exist, revenues generated from the sale of the special license plates must be deposited into the motor vehicle account.

(4) A sponsoring organization may not seek to redesign their plate series until all of the existing inventory is sold or purchased by the organization itself. All cost for redesign of a plate series must be paid by the sponsoring organization. [2003 c 196 § 304.]

Findings—2003 c 94: See note following RCW 68.50.530.

46.20.265 Juvenile driving privileges—Revocation for alcohol or drug violations. (1) In addition to any other authority to revoke driving privileges under this chapter, the department shall revoke all driving privileges of a juvenile when the department receives notice from a court pursuant to RCW 9.41.040(5), 13.40.265, 66.44.365, 69.41.065, 69.50.420, 69.52.070, or a substantially similar municipal ordinance adopted by a local legislative authority, or from a diversion unit pursuant to RCW 13.40.265. The revocation shall be imposed without hearing.

[2003 RCW Supp—page 623]
(2) The driving privileges of the juvenile revoked under subsection (1) of this section shall be revoked in the following manner:

(a) Upon receipt of the first notice, the department shall impose a revocation for one year, or until the juvenile reaches seventeen years of age, whichever is longer.

(b) Upon receipt of a second or subsequent notice, the department shall impose a revocation for two years or until the juvenile reaches eighteen years of age, whichever is longer.

(c) Each offense for which the department receives notice shall result in a separate period of revocation. All periods of revocation imposed under this section that could otherwise overlap shall run consecutively up to the juvenile’s twenty-first birthday, and no period of revocation imposed under this section shall begin before the expiration of all other periods of revocation imposed under this section or other law. Periods of revocation imposed consecutively under this section shall not extend beyond the juvenile’s twenty-first birthday.

(3)(a) If the department receives notice from a court that the juvenile’s privilege to drive should be reinstated, the department shall immediately reinstate any driving privileges that have been revoked under this section if the minimum term of revocation as specified in RCW 13.40.265(1)(c), 66.44.365(3), 69.41.065(3), 69.50.420(3), 69.52.070(3), or similar ordinance has expired, and subject to subsection (2)(c) of this section.

(b) The juvenile may seek reinstatement of his or her driving privileges from the department when the juvenile reaches the age of twenty-one. A notice from the court reinstating the juvenile’s driving privilege shall not be required if reinstatement is pursuant to this subsection.

(4)(a) If the department receives notice pursuant to RCW 13.40.265(2)(b) from a diversion unit that a juvenile has completed a diversion agreement for which the juvenile’s driving privileges were revoked, the department shall reinstate any driving privileges revoked under this section as provided in (b) of this subsection, subject to subsection (2)(c) of this section.

(b) If the diversion agreement was for the juvenile’s first violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the department shall not reinstate the juvenile’s privilege to drive until the later of ninety days after the date the juvenile turns sixteen or ninety days after the juvenile entered into a diversion agreement for the offense. If the diversion agreement was for the juvenile’s second or subsequent violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the department shall not reinstate the juvenile’s privilege to drive until the later of the date the juvenile turns seventeen or one year after the juvenile entered into the second or subsequent diversion agreement. [2003 RCW Supp—page 624]
(b) (i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person’s eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned and/or operated by the person applying for a new license.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver’s license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver’s blood alcohol content, the reissue fee shall be one hundred fifty dollars. 46.20.720 Drivers convicted of alcohol offenses. (1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device.

(2) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device if the person is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and it is:

(i) The person's first conviction or a deferred prosecution under chapter 10.05 RCW and his or her alcohol concentration was at least 0.15, or by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration;

(ii) The person's second or subsequent conviction; or

(iii) The person's first conviction and the person has a previous deferred prosecution under chapter 10.05 RCW or it is a deferred prosecution under chapter 10.05 RCW and the person has a previous conviction.

(b) The department may waive the requirement for the use of such a device if it concludes that such devices are not reasonably available in the local area. Nothing in this section may be interpreted as entitling a person to more than one deferred prosecution.

(3) In the case of a person under subsection (1) of this section, the court shall establish a specific calibration setting at which the ignition interlock or other biological or technical device will prevent the motor vehicle from being started and the period of time that the person shall be subject to the restriction. In the case of a person under subsection (2) of
this section, the ignition interlock or other biological or technical device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more, and the period of time of the restriction will be as follows:

(a) For a person (i) who is subject to RCW 46.61.5055 (1)(b), (2), or (3), or (ii) who is subject to a deferred prosecution program under chapter 10.05 RCW; and (ii) who has not previously been restricted under this section, a period of one year;
(b) For a person who has previously been restricted under (a) of this subsection, a period of five years;
(c) For a person who has previously been restricted under (b) of this subsection, a period of ten years.

For purposes of this section, "convicted" means being found guilty of an offense or being placed on a deferred prosecution program under chapter 10.05 RCW. [2003 c 366 § 1; 2001 c 247 § 1; 1999 c 331 § 3; 1998 c 210 § 2; 1997 c 229 § 8; 1994 c 275 § 22; 1987 c 247 § 2.]

Finding—Intent—1998 c 210: "The legislature finds that driving is a privilege and that the state may restrict that privilege in the interests of public safety. One such reasonable restriction is requiring certain individuals, if they choose to drive, to drive only vehicles equipped with ignition interlock devices. The legislature further finds that the costs of these devices are minimal and are affordable. It is the intent of the legislature that these devices be paid for by the drivers using them and that neither the state nor entities of local government provide any public funding for this purpose." UNIFORM COMMERCIAL DRIVER’S LICENSE ACT

Sections
46.25.055 Medical examiner’s certificate—Required.
46.25.057 Medical examiner’s certificate—Failure to carry—Penalty.
46.25.070 Application—Change of address—Residency.

46.25.055 Medical examiner’s certificate—Required.
A person may not drive a commercial motor vehicle unless he or she is physically qualified to do so and, except as provided in 49 C.F.R. Sec. 391.67, has on his or her person the original, or a photographic copy, of a medical examiner’s certificate that he or she is physically qualified to drive a commercial motor vehicle. [2003 c 195 § 3.]

Findings—2003 c 195: See note following RCW 46.25.070.

46.25.057 Medical examiner’s certificate—Failure to carry—Penalty. (1) It is a traffic infraction for a licensee under this chapter to drive a commercial vehicle without having on his or her person the original, or a photographic copy, of a medical examiner’s certificate that he or she is physically qualified to drive a commercial motor vehicle.
(2) A person who violates this section is subject to a penalty of two hundred fifty dollars. If the person appears in person before the court or submits by mail written proof that he or she had, at the time the infraction took place, the medical examiner’s certificate, the court shall reduce the penalty to fifty dollars. [2003 c 195 § 4.]

Findings—2003 c 195: See note following RCW 46.25.070.

46.25.070 Application—Change of address—Residency. (1) The application for a commercial driver’s license or commercial driver’s instruction permit must include the following:
(a) The full name and current mailing and residential address of the person;
(b) A physical description of the person, including sex, height, weight, and eye color;
(c) Date of birth;
(d) The applicant’s Social Security number;
(e) The person’s signature;
(f) Certifications including those required by 49 C.F.R. part 383.71(a);
(g) Any other information required by the department; and
(h) A consent to release driving record information to parties identified in chapter 46.52 RCW and this chapter.
(2) When a licensee changes his or her name, mailing address, or residence address, the person shall notify the department as provided in RCW 46.20.205.
(3) No person who has been a resident of this state for thirty days may drive a commercial motor vehicle under the authority of a commercial driver’s license issued by another jurisdiction. [2003 c 195 § 2; 1991 c 73 § 2; 1989 c 178 § 9.]

Findings—2003 c 195: "The legislature finds that current economic conditions impose severe hardships on many commercial vehicle drivers. The legislature finds that commercial drivers who may not currently be working may not be able to afford the expense of a required physical in order to maintain their commercial driver’s license. The legislature finds that Washington’s commercial driver’s license statutes should be harmonized with federal requirements, which require proof of a physical capacity to drive a commercial vehicle, along with a valid commercial driver’s license, but do not link the two requirements. The legislature finds that allowing commercial drivers to delay getting a physical until they are actually driving a commercial vehicle will prevent the imposition of unnecessary expense and hardship on Washington’s commercial vehicle drivers." [2003 c 195 § 1.]

(2) Any person engaging in or offering to engage in the activities of a registered tow truck operator without the registration certificate required by this chapter is guilty of a gross misdemeanor.

(3) A registered operator who engages in a business practice that is prohibited under this chapter may be issued a notice of traffic infraction under chapter 46.63 RCW and is also subject to the civil penalties that may be imposed by the department under this chapter.

(4) A person found to have committed an offense that is a traffic infraction under this chapter is subject to a monetary penalty of at least two hundred fifty dollars.

(5) All traffic infractions issued under this chapter shall be under the jurisdiction of the district court in whose jurisdiction they were issued. [2003 c 53 § 243; 1989 c 111 § 2; 1985 c 377 § 2.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

46.55.113 Removal by police officer. (1) Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502, 46.61.504, 46.20.342, or 46.20.345, the vehicle is subject to summary impoundment, pursuant to the terms and conditions of an applicable local ordinance or state agency rule at the direction of a law enforcement officer.

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt...
removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;
(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;
(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;
(d) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;
(e) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;
(f) Whenever a vehicle without a special license plate, card, or decal indicating that the vehicle is being used to transport a disabled person under RCW 46.16.381 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;
(g) Upon determining that a person is operating a motor vehicle without a valid driver's license in violation of RCW 46.20.005 or with a license that has been expired for ninety days or more;
(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone.

3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)(a)(ii).

4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator. [2003 c 177 § 1; 1998 c 203 § 4; 1997 c 66 § 7; 1996 c 89 § 1; 1994 c 275 § 32; 1987 c 311 § 10. Formerly RCW 46.61.565.]

Reviser's note: This section was amended by 2003 c 177 § 1 and by 2003 c 178 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).
impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not entitled to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(d) Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor’s right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(e) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (b) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer’s bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney’s fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person’s signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportu-
nity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3) (a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer’s personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded, for not less than fifty dollars per day, against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver’s license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys’ fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees. (2) A county or incorporated city or town may create a school or playground speed zone on a highway bordering a marked school or playground, in which zone it is unlawful for a person to operate a vehicle at a speed in excess of twenty miles per hour. (a) In the case of a person whose alcohol concentration was less than 0.15, or for whom for reasons other than the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than one day nor more than one year. Twenty-four consecutive hours of the imprisonment may not be suspended or deferred unless the court finds that the imposition of the mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended or deferred, the court shall state in writing the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(a)(i), the court may order not less than fifteen days of electronic home monitoring. (iii) By a court-ordered restriction under RCW 46.20.720.

(4) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) In any case in which the installation and use of an interlock or other device is not mandatory under RCW 46.20.720 or other law, order the use of such a device for not less than sixty days following the restoration of the person's license, permit, or nonresident driving privileges; and

(b) In any case in which the installation and use of such a device is otherwise mandatory, order the use of such a device for an additional sixty days.

(5) In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person's driving at the time of the offense was responsible for injury or damage to another or another's property; and

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers.

(6) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(7) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) If the person's alcohol concentration was at least 0.15, or if by reason of the person's refusal to take a test
offered under RCW 46.20.308 there is no test result indicat-
ing the person's alcohol concentration:

(i) Where there has been no prior offense within seven
years, be revoked or denied by the department for one year;
(ii) Where there has been one prior offense within seven
years, be revoked or denied by the department for nine hun-
dred days; or
(iii) Where there have been two or more prior offenses
within seven years, be revoked or denied by the department
for four years.

For purposes of this subsection, the department shall
refer to the driver's record maintained under RCW 46.52.120
when determining the existence of prior offenses.

(8) After expiration of any period of suspension, revoca-
tion, or denial of the offender's license, permit, or privilege to
drive required by this section, the department shall place the
offender's driving privilege in probationary status pursuant to
RCW 46.20.355.

(9)(a) In addition to any nonsuspendable and nondeferra-
ble jail sentence required by this section, whenever the court
imposes less than one year in jail, the court shall also suspend
but shall not defer a period of confinement for a period not
exceeding five years. The court shall impose conditions of
probation that include: (i) Not driving a motor vehicle within
this state without a valid license to drive and proof of finan-
cial responsibility for the future; (ii) not driving a motor vehi-
cle within this state while having an alcohol concentration of
0.08 or more within two hours after driving; and (iii) not
refusing to submit to a test of his or her breath or blood to
determine alcohol concentration upon request of a law
enforcement officer who has reasonable grounds to believe
the person was driving or was in actual physical control of a
motor vehicle within this state while under the influence of
intoxicating liquor. The court may impose conditions of pro-
bation that include nonrepetition, installation of an ignition
interlock or other biological or technical device on the proba-
tioner's motor vehicle, alcohol or drug treatment, supervised
probation, or other conditions that may be appropriate. The
sentence may be imposed in whole or in part upon violation of
a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of proba-
tion under (a)(i) and (ii) or (a)(i) and (iii) of this subsection,
the court shall order the convicted person to be confined for
thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a manda-
tory condition of probation imposed under this subsection,
the license, permit, or privilege to drive of the person shall be
suspended by the court for thirty days or, if such license, per-

denied at the time the finding of probation violation is made,
the suspension, revocation, or denial then in effect shall be
extended by thirty days. The court shall notify the depart-

subsection.

(10) A court may waive the electronic home monitoring
requirements of this chapter when:

(a) The offender does not have a dwelling, telephone ser-

monitoring system;

(b) The offender does not reside in the state of Wash-
ington; or
(c) The court determines that there is reason to believe
that the offender would violate the conditions of the elec-
tronic home monitoring penalty.

Whenever the mandatory minimum term of electronic
home monitoring is waived, the court shall state in writing
the reason for granting the waiver and the facts upon which
the waiver is based, and shall impose an alternative sentence
with similar punitive consequences. The alternative sentence
may include, but is not limited to, additional jail time, work
crew, or work camp.

Whenever the combination of jail time and electronic
home monitoring or alternative sentence would exceed three
hundred sixty-five days, the offender shall serve the jail por-
tion of the sentence first, and the electronic home monitoring
or alternative portion of the sentence shall be reduced so that
the combination does not exceed three hundred sixty-five
days.

(11) An offender serving a sentence under this section,
whether or not a mandatory minimum term has expired, may
be granted an extraordinary medical placement by the jail
administrator subject to the standards and limitations set forth
in RCW 9.94A.728(4).

46.61.687 Child passenger restraint required—Conditions—Exceptions—Penalty for violation—Dismissal—Noncompliance not negligence. (1) Whenever a child who is less than sixteen years of age is being transported in a motor vehicle that is in operation and that is required by RCW 46.37.510 to be equipped with a safety belt system in a passenger seating position, or is being transported in a neighborhood electric vehicle that is in operation, the driver of the vehicle shall keep the child properly restrained as follows:

(a) If the child is less than six years old and/or sixty pounds and the passenger seating position equipped with a safety belt system allows sufficient space for installation, then the child will be restrained in a child restraint system that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system;

(b) If the child is less than one year of age or weighs less than twenty pounds, the child shall be properly restrained in a rear-facing infant seat;

(c) If the child is more than one but less than four years of age or weighs less than forty pounds but at least twenty pounds, the child shall be properly restrained in a forward facing child safety seat restraint system;

(d) If the child is less than six but at least four years of age or weighs less than sixty pounds but at least forty pounds, the child shall be properly restrained in a child booster seat;

(f) Enforcement of (a) through (e) of this subsection is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a forward facing child safety seat must ensure that the seat in use is equipped with a four-point shoulder harness system. The visual inspection for usage of a booster seat must ensure that the seat belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. The visual inspection for the usage of a seat belt by a child must ensure that the lap belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. In determining violations, consideration to the above criteria must be given in conjunction with the provisions of (a) through (e) of this subsection. The driver of a vehicle transporting a child who is under the age of six years old or weighs less than sixty pounds, when the vehicle is equipped with a passenger side air bag supplemental restraint system, and the air bag system is activated, shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) A person violating subsection (1)(a) through (e) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. (3) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian; nor shall failure to use a child restraint system be admissible as evidence of negligence in any civil action.

(4) This section does not apply to: (a) For hire vehicles;

(6) The requirements of subsection (1)(a) through (e) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds. [2003 c 353 § 5; 2000 c 190 § 2; 1994 c 100 § 1; 1993 c 274 § 1; 1987 c 330 § 745; 1983 c 215 § 2.]

Intent—2000 c 190: "The legislature recognizes that fewer than five percent of all drivers use child booster seats for children over the age of four years. The legislature also recognizes that seventy-one percent of deaths resulting from car accidents could be eliminated if every child under the age of sixteen used an appropriate child safety seat, booster seat, or seat belt. The legislature further recognizes the National Transportation Safety Board's recommendations that promote the use of booster seats to increase the safety of children under eight years of age. Therefore, it is the legislature's intent to increase the safety of children and to recommend the use of booster seats to increase the safety of children under the age of eight years. [2003 RCW Supp—page 641]
(5) Subsections (1), (2), and (4) of this section do not apply to electric-assisted bicycles. Electric-assisted bicycles and motorized foot scooters may have access to highways of the state to the same extent as bicycles. Subject to subsection (6) of this section, electric-assisted bicycles and motorized foot scooters may be operated on a multipurpose trail or bicycle lane, but local jurisdictions may restrict or otherwise limit the access of electric-assisted bicycles and motorized foot scooters, and state agencies may regulate the use of motorized foot scooters on facilities and properties under their jurisdiction and control.

46.63.110 Monetary penalties. (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of RCW 46.55.105(2) is two hundred fifty dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. If the person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment the court shall notify the department of the failure to pay the penalty, and the department shall suspend the person’s driver’s license or driving privilege until the penalty has been paid and the penalty provided in subsection (4) of this section has been paid.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. Unlawful acts and practices. Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:
   (a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;
   (b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;
   (c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;
   (d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;
   (e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale. However, an amount not to exceed thirty-five dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfect-
ing, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The documentary service fee is not represented to the purchaser or lessee as a fee or charge required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount up to thirty-five dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer or lessee of a vehicle a written order or offer to purchase or lease, or a contract document signed by the buyer or lessee, which:

(a) Is subject to the dealer's, or his or her authorized representative's future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee, either (i) to deliver to the buyer or lessee the dealer's signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer or lessee, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does
not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer’s agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer’s agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer’s agent, acting directly or through a subsidiary, to pay to or receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer’s agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer’s agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer’s agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer’s agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer’s agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer’s agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer’s agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer’s agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW.

This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer’s agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties’ agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer’s agent for the agent’s services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer’s possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer’s franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer’s order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting par-
ties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section. 46.87.020 Definitions. Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), the Uniform Vehicle Registration, Proration, and Reciprocity Agreement (Western Compact), chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP and the Western Compact, as applicable, shall prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, and buses, each as separate and licensable vehicles. For IRP jurisdictions that require the registration of nonmotor vehicles, this term may include trailers, semitrailers, and pole trailers as applicable, each as separate and licensable vehicles.

2) "Cab card" is a certificate of registration issued for a vehicle by the registering jurisdiction under the Western Compact. Under the IRP, it is a certificate of registration issued by the base jurisdiction for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

3) "Commercial vehicle" is a term used by the Western Compact and means any vehicle, except recreational vehicles, vehicles displaying restricted plates, and government owned or leased vehicles, that is operated and registered in more than one jurisdiction and is used or maintained for the transportation of persons for hire, compensation, or profit, or is designed, used, or maintained primarily for the transportation of property and:

a) Is a motor vehicle having a declared gross weight in excess of twenty-six thousand pounds; or

b) Is a motor vehicle having three or more axles with a declared gross weight in excess of twelve thousand pounds; or

c) Is a motor vehicle, trailer, pole trailer, or semitrailer used in combination when the gross weight or declared gross weight of the combination exceeds twenty-six thousand pounds combined gross weight. The nonmotor vehicles mentioned are only applicable to those jurisdictions requiring the registration of such vehicles.

Although a two-axle motor vehicle, trailer, pole trailer, semitrailer, or any combination of such vehicles with an actual or declared gross weight or declared combined gross weight exceeding twelve thousand pounds but not more than twenty-six thousand is not considered to be a commercial vehicle, at the option of the owner, such vehicles may be considered as "commercial vehicles" for the purpose of proportional registration. The nonmotor vehicles mentioned are only applicable to those jurisdictions requiring the registration of such vehicles.

Commercial vehicles include trucks, tractors, truck tractors, road tractors, and buses. Trailers, pole trailers, and semitrailers, will also be considered as commercial vehicles for those jurisdictions who require registration of such vehicles.

4) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

5) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

6) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight shall be determined by multiplying the average load factor of one hundred and fifty pounds by the number of seats in the vehicle, including the driver's seat, and add this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.16.070, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

7) "Department" means the department of licensing.

8) "Fleet" means one or more commercial vehicles in the Western Compact and one or more apportionable vehicles in the IRP.

9) "In-jurisdiction miles" means the total miles accumulated in a jurisdiction during the preceding year by vehicles of the fleet while they were a part of the fleet.

10) "IRP" means the International Registration Plan.

11) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia,
the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(12) "Motor carrier" means an entity engaged in the transportation of goods or persons. The term includes a for-hire motor carrier, private motor carrier, contract motor carrier, or exempt motor carrier. The term includes a registrant licensed under this chapter, a motor vehicle lessor, and a motor vehicle lessee.

(13) "Owner" means a person or business firm who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business firm in whom is vested right of possession or control.

(14) "Preceding year" means the period of twelve consecutive months immediately before July 1st of the year immediately before the commencement of the registration or license year for which apportioned registration is sought.

(15) "Properly registered," as applied to the place of registration under the provisions of the Western Compact, means:

(a) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which the vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from that place of business, and the vehicle has been assigned to that place of business; or

(b) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by that jurisdiction.

In case of doubt or dispute as to the proper place of registration of a commercial vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected.

(16) "Prorate percentage" is the factor that is applied to the total proratable fees and taxes to determine the apportionable or prorate fees required for registration in a particular jurisdiction. It is determined by dividing the in-jurisdiction miles for a particular jurisdiction by the total miles. This term is synonymous with the term "mileage percentage."

(17) "Registrant" means a person, business firm, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

(18) "Registration year" means the twelve-month period during which the registration plates issued by the base jurisdiction are valid according to the laws of the base jurisdiction.

(19) "Total miles" means the total number of miles accumulated in all jurisdictions during the preceding year by all vehicles of the fleet while they were a part of the fleet. Mileage accumulated by vehicles of the fleet that did not engage in interstate operations is not included in the fleet miles.

(20) "Western Compact" means the Uniform Vehicle Registration, Proration, and Reciprocity Agreement. [2003 c 85 § 1; 1997 c 183 § 2; 1994 c 262 § 12; 1993 c 307 § 12; 1991 c 163 § 4; 1990 c 42 § 111; 1987 c 244 § 16; 1985 c 380 § 2.]

### 46.87.140 Application—Filing, contents—Fees and taxes—Assessments, due date. (1) Any owner engaged in interstate operations of one or more fleets of apportionable or commercial vehicles may, in lieu of registration of the vehicles under chapter 46.16 RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The nonmotor vehicles of Washington-based fleets which are operated in IRP jurisdictions that require registration of such vehicles may be proportionally registered for operation in those jurisdictions as herein provided. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) A description and identification of each vehicle of the fleet. Motor vehicles and nonpower units shall be placed in separate fleets.

(b) If registering under the provisions of the IRP, the registrant shall also indicate member jurisdictions in which registration is desired and furnish such other information as those member jurisdictions require.

(c) An original or renewal application shall also be accompanied by a mileage schedule for each fleet.

(d) The USDOT number issued to the registrant and the USDOT number of the motor carrier responsible for the safety of the vehicle, if different.

(e) A completed Motor Carrier Identification Report (MCS-150) at the time of fleet renewal or at the time of vehicle registration, if required by the department.

(f) The Taxpayer Identification Number of the registrant and the motor carrier responsible for the safety of the vehicle, if different.

(2) Each application shall, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction miles by the total miles and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543%). This factor is known as the prorate percentage.

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated.

Washington-based nonmotor vehicles shall normally be fully licensed under the provisions of chapter 46.16 RCW. If these vehicles are being operated in jurisdictions that require the registration of such vehicles, the applicable vehicles may be considered as apportionable vehicles for the purpose of registration in those jurisdictions and this state. The prorate percentage for which registration fees and taxes were paid to
such jurisdictions may be credited toward the one hundred percent of registration fees and taxes due this state for full licensing. Applicable fees and taxes for vehicles of Washington-based fleets are those prescribed under RCW 46.16.070, 46.16.085, and 82.38.075, as applicable. If, during the registration period, the lesser of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department shall only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, proratable fees or taxes for each motor vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent. Fees and taxes for nonmotor vehicles being prorated will be calculated as indicated in (b) of this subsection.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated. Nonproratable fees required for vehicles of Washington-based fleets are the administrative fee required by RCW 82.38.075, if applicable, and the vehicle transaction fee pursuant to the provisions of RCW 46.87.130.

(e) Add the total fees and taxes determined in (d) of this subsection for each vehicle listed on the application. Assuming the fees and taxes calculated were for Washington, this would be the amount due and payable for the application under the provisions of the Western Compact. Under the provisions of the IRP, the amount due and payable for the application would be the sum of the fees and taxes referred to in (d) of this subsection, calculated for each member jurisdiction in which registration of the fleet is desired.

(3) All assessments for proportional registration fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due under this section within thirty days of the date of original service. The registrant or mailed to the registrant at the address listed in the proportional registration records of the department, and record the transmittal on an affidavit of first class mail. It is then unlawful for any person to remove, drive, or operate the vehicle(s) until a proper certificate(s) of registration or cab card(s) has been issued.

(2) Any person removing, driving, or operating the vehicle(s) after the refusal of the department to issue a cab card(s), certificate(s) of registration, license plate(s), or the revocation or cancellation of the cab card(s), certificate(s) of registration, or license plate(s) is guilty of a gross misdemeanor.

(3) At the discretion of the department, a vehicle that has been moved, driven, or operated in violation of this section may be impounded by the Washington state patrol, county sheriff, or city police in a manner directed for such cases by the chief of the Washington state patrol until proper registration and license plate have been issued. [2003 c 53 § 256; 1997 c 183 § 6; 1987 c 244 § 42.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.294 Refusal under federal prohibition. The department shall refuse to register a vehicle under this chapter if the registrant or motor carrier responsible for the safety of the vehicle has been prohibited under federal law from operating by the Federal Motor Carrier Safety Administration. [2003 c 85 § 3.]

46.87.296 Suspension, revocation under federal prohibition. The department shall suspend or revoke the registration of a vehicle registered under this chapter if the registrant or motor carrier responsible for the safety of the vehicle has been prohibited under federal law from operating by the Federal Motor Carrier Safety Administration. [2003 c 85 § 4.]

46.93.010 Findings—Intent. The legislature finds and declares that the distribution and sale of motorsports vehicles in this state vitally affect the general economy of the state and the public interest and public welfare, that provision for warranty service to motorsports vehicles is of substantial concern to the people of this state, that the maintenance of fair competition among dealers and others is in the public interest, and that the maintenance of strong and sound dealerships is essential to provide continuing and necessary reliable services to the consuming public in this state and to provide stable employment to the citizens of this state. The legislature further finds that there is a substantial disparity in bargaining power between motorsports vehicle manufacturers and their dealers, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate the relationship between motorsports vehicle dealers and motorsports vehicle manufacturers, importers, distributors, and their representatives doing business in this state, not only for the protection of dealers but also for the benefit of the public in assuring the continued availability and servicing of motorsports vehicles sold to the public.

The legislature recognizes it is in the best interest for manufacturers and dealers of motorsports vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motorsports vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motorsports vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers. [2003 c 354 § 1.]

tion, cancellation, or nonrenewal of a franchise when there is a failure by the dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the dealer was notified of the failure within one hundred eighty days after the manufacturer first acquired knowledge of the failure, and the dealer did not correct the failure after being requested to do so.

If, however, the failure of the dealer relates to the performance of the dealer in sales, service, or level of customer satisfaction, good cause is the failure of the dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The dealer was advised, in writing, by the manufacturer of the failure;
(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;
(c) The manufacturer provided the dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the dealer was given a reasonable opportunity, for a period of not more than ninety days, to comply with the goals or standards; and
(d) The dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the dealer's relevant market area that were beyond the control of the dealer.

(2) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section. [2003 c 354 § 6.]

46.93.070 Notice of termination, cancellation, or nonrenewal. Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the dealer. The notice must be by certified mail or personally delivered to the new motorsports vehicle dealer and must state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice must be given:

(1) Not less than ninety days, which runs concurrently with the ninety-day period provided in RCW 46.93.060(1)(c), before the effective date of the termination, cancellation, or nonrenewal;
(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:
(a) Insolvency of the dealer or the filing of any petition by or against the dealer under bankruptcy or receivership law;
(b) Failure of the dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the dealer;
(c) Conviction of the dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or
(d) Suspension or revocation of a license that the dealer is required to have to operate the dealership where the suspension or revocation is for a period in excess of thirty days;
(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motorsports vehicle line. [2003 c 354 § 7.]

46.93.080 Payments by manufacturer to dealer for inventory, equipment, etc. (1) Upon the termination, cancellation, or nonrenewal of a franchise by the manufacturer under this chapter, the manufacturer shall pay the dealer, at a minimum:
(a) Dealer cost, less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and unsold new motorsports vehicles in the dealer's inventory that were acquired from the manufacturer or another dealer of the same line make;
(b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in original packaging, except that in the case of sheet metal, a comparable substitute for original packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or from another dealer ceasing operations as a part of the dealer's initial inventory, as long as the supplies, parts, and accessories appear in the manufacturer's current parts catalog, list, or current offering;
(c) Dealer cost for all unused, undamaged, and unsold inventory, whether vehicles, parts, or accessories, the purchase of which was required by the manufacturer;
(d) The fair market value of each undamaged sign owned by the dealer that bears a common name, trade name, or trademark of the manufacturer, if acquisition of the sign was recommended or required by the manufacturer and the sign is in good and usable condition less reasonable wear and tear, and has not been depreciated by the dealer more than fifty percent of the value of the sign; and
(e) The fair market value of all special tools owned or leased by the dealer that were acquired from the manufacturer or persons approved by the manufacturer, and that were required by the manufacturer, and are in good and usable condition, less reasonable wear and tear. However, if the tools are leased by the dealer, the manufacturer shall pay the dealer such amounts that are required by the lessor to terminate the lease under the terms of the lease agreement.
(2) To the extent the franchise agreement provides for payment or reimbursement to the dealer in excess of that specified in this section, the provisions of the franchise agreement will control.
(3) The manufacturer shall pay the dealer the sums specified in subsection (1) of this section within ninety days after the tender of the property, if the dealer has clear title to the property and is in a position to convey that title to the manufacturer. [2003 c 354 § 8.]

46.93.090 Mitigation of damages. RCW 46.93.030 through 46.93.080 do not relieve a dealer from the obligation to mitigate the dealer's damages upon termination, cancellation, or nonrenewal of the franchise. [2003 c 354 § 9.]
46.93.100 Warranty work. (1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer’s obligation to perform warranty work or service on the manufacturer’s products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer’s products, and for work on and preparation of motorsports vehicles received from the manufacturer. The compensation may not be less than the rates reasonably charged by the dealer for like services and parts to retail customers. The compensation may not be reduced by the manufacturer for any reason or made conditional on an activity outside the performance of warranty work.

(2) All claims for warranty work for parts and labor made by dealers under this section must be paid by the manufacturer within thirty days after approval, and must be approved or denied within thirty days of receipt by the manufacturer. Denial of a claim must be in writing with the specific grounds for denial. The manufacturer may audit claims for warranty work and charge the dealer for any unsubstantiated, incorrect, or false claims for a period of one year after payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer must be either approved or disapproved within thirty days after their receipt. The manufacturer shall notify the dealer in writing of a disapproved claim, and shall set forth the reasons why the claim was not approved. A claim not specifically disapproved in writing within thirty days after receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim. [2003 c 354 § 10.]

46.93.110 Designated successor to franchise ownership. (1) Notwithstanding the terms of a franchise, an owner may appoint a designated successor to succeed to the ownership of the dealer franchise upon the owner’s death or incapacity.

(2) Notwithstanding the terms of a franchise, a designated successor of a deceased or incapacitated owner of a dealer franchise may succeed to the ownership interest of the dealer’s franchise; or

(a) In the case of a designated successor who meets the definition of a designated successor under RCW 46.93.020(5), but who is not experienced in the business of a new motorsports vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motorsports vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the dealership within sixty days after the owner’s death or incapacity; and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor of a deceased or incapacitated owner of a dealer franchise fails to meet the requirements set forth in subsection (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer’s receipt of:

(a) Notice of the designated successor’s intent to succeed to the ownership interest of the dealer’s franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section must state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice, or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department protesting the refusal to honor the succession. The petition must contain a short statement setting forth the reasons for the designated successor’s protest. Upon the filing of a protest and the receipt of the filing fee, the department shall notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer may not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer may not terminate or discontinue the franchise until all appeals to a superior court or any appellate court have been completed. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession. (8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.
(9) The administrative law judge shall conduct a hearing concerning the refusal to the succession as provided in RCW 46.93.050(2), and all hearing costs must be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.93.050(3).

(10) This section does not preclude the owner of a dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between this section and such a written instrument that has not been revoked by written notice from the owner to the manufacturer, the written instrument governs. [2003 c 354 § 11.]

46.93.120 Relevant market area—New or relocated dealerships, notice of. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, if a manufacturer intends or proposes to enter into a franchise to establish an additional dealer or to relocate an existing dealer within or into a relevant market area in which the same line make of motorsports vehicle is then represented, the manufacturer shall provide at least ten days advance written notice to the department and to each dealer of the same line make in the relevant market area, of the manufacturer’s intention to establish an additional dealer or to relocate an existing dealer within or into the relevant market area. The notice must be sent by certified mail to each such party and include the following information:

(1) The specific location at which the additional or relocated dealer will be established;
(2) The date on or after which the additional or relocated dealer intends to commence business at the proposed location;
(3) The identity of all dealers who are franchised to sell the same line make vehicles as the proposed dealer and who have licensed locations within the relevant market area;
(4) The names and addresses, if available, of the owners and principal investors in the proposed additional or relocated dealership; and
(5) The specific grounds or reasons for the proposed establishment of an additional dealer or relocation of an existing dealer. [2003 c 354 § 12.]

46.93.130 Protest of new or relocated dealership—Hearing—Arbitration. (1) Within thirty days after receipt of the notice under RCW 46.93.120, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a dealer notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition must contain a short statement setting forth the reasons for the dealer’s objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer may not establish or relocate the dealer until the administrative law judge has held a hearing and administrative proceeding under the Administrative Procedure Act, chapter 34.05 RCW, and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Washington Arbitration Act, chapter 7.04 RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motorsports vehicle dealer or the relocation of a new motorsports vehicle dealer, subsection (1) of this section and RCW 46.93.140 will take precedence and the arbitration provision in the franchise agreement or a written statement is void, unless the manufacturer and dealer agree to use arbitration.

(3) If the manufacturer and dealer agree to use arbitration, the dispute must be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. The thirty-day period for filing a protest under subsection (1) of this section still applies except the protesting dealer shall file the protest with the manufacturer. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third arbitrator. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him or her, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys’ fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in this state in the county where the protesting dealer has its principal place of business. RCW 46.93.140 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer may not establish or relocate the new motorsports vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation and any judicial appeals under chapter 7.04 RCW have been completed. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator or arbitrators under the Washington Arbitration Act, chapter 7.04 RCW. [2003 c 354 § 13.]

46.93.140 Factors considered by administrative law judge. In determining whether good cause exists for permitting the proposed establishment or relocation of a dealer of
the same line make, the factors that the administrative law judge shall consider must include, but are not limited to the following:

1. The extent, nature, and permanency of the investment of both the existing dealers of the same line make in the relevant market area and the proposed additional or relocating dealer, including obligations reasonably incurred by the existing dealers to perform their obligations under their respective franchises;

2. The growth or decline in population and new motorsports vehicle registrations during the past five years in the relevant market area;

3. The effect on the consuming public;

4. The effect on the existing dealers in the relevant market area, including any adverse financial impact;

5. The reasonably expected or anticipated vehicle market for the relevant market area, including demographic factors such as age of population, income, education, size class preference, product popularity, retail lease transactions, or other factors affecting sales to consumers in the relevant market area;

6. Whether it is injurious or beneficial to the public welfare for an additional dealership to be established;

7. Whether the dealers of the same line make in the relevant market area are providing adequate competition and convenient customer care for the motorsports vehicles of the same line make in the relevant market area, including the adequacy of motorsports vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;

8. Whether the establishment of an additional dealer would increase competition and be in the public interest;

9. Whether the manufacturer is motivated principally by good faith to establish an additional or new dealer and not by noneconomic considerations;

10. Whether the manufacturer has denied its existing dealers of the same line make the opportunity for reasonable growth, market expansion, or relocation;

11. Whether the protesting dealer or dealers are in substantial compliance with their dealer agreements or franchises; and

12. Whether the manufacturer has complied with the requirements of RCW 46.93.120 and 46.93.130. [2003 c 354 § 14.]

### 46.93.150 Hearing—Procedures, costs, appeal. (1)
The manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation.

(2) The administrative law judge shall conduct any hearing as provided in RCW 46.93.050(2) and all hearing costs will be borne as provided in that subsection. The administrative law judge shall render the final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. If more than one protest is filed, the one hundred twenty days commences to run from the date the last protest is filed. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.93.050(3). [2003 c 354 § 15.]

### 46.93.160 Relocation requirements—Exceptions.
RCW 46.93.120 through 46.93.150 do not apply:

1. To the sale or transfer of the ownership or assets of an existing dealer where the transferee proposes to engage in business representing the same line make at the same location or within two miles of that location;

2. To the relocation of an existing dealer within the dealer's relevant market area, if the relocation is not at a site within eight miles of any dealer of the same line make;

3. If the proposed dealer is to be established at or within two miles of a location at which a former dealer of the same line make had ceased operating within the previous twenty-four months;

4. Where the proposed relocation is two miles or less from the existing location of the relocating dealer; or

5. Where the proposed relocation is to be further away from all other existing dealers of the same line make in the relevant market area. [2003 c 354 § 16.]

### 46.93.170 Unfair practices. (1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

a. Discriminate between dealers by selling or offering to sell a like motorsports vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

b. Discriminate between dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

c. Discriminate between dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

d. Discriminate between dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motorsports vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer shall disclose in writing to the dealer the method by which new motorsports vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

e. Give preferential treatment to some dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motorsports vehicles sold or distributed by the manufacturer, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

f. Compete with a dealer by acting in the capacity of a dealer, or by owning, operating, or controlling, whether directly or indirectly, a dealership in this state. It is not, however, a violation of this subsection for:
(i) A manufacturer to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection (1)(f)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person (A) has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions;

(iii) A manufacturer to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person (A) has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions;

(iv) A manufacturer to own, operate, or control a dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership; (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between any dealership thus owned, operated, or controlled and the nearest dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control complies with the applicable provisions in the relevant market area sections of this chapter; (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate; and (D) the manufacturer had no more than four new motorsports vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

(g) Compete with a dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motorsports vehicles under the manufacturer's new motorsports vehicle warranty and extended warranty. Nothing in this subsection (1)(g), however, prohibits a manufacturer from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motorsports vehicles that are owned by the manufacturer;

(h) Use confidential or proprietary information obtained from a dealer to unfairly compete with the dealer without the prior written consent of the dealer. For purposes of this subsection (1)(h), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information;

(i) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to accept, buy, or order any motorsports vehicle, part, or accessory, or any other commodity or service not voluntarily ordered, or requested, or to buy, order, or pay anything of value for such items in order to obtain a motorsports vehicle, part, accessory, or other commodity that has been voluntarily ordered or requested;

(j) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to enter into any agreement that violates this chapter;

(k) Require a change in capital structure or means of financing for the dealership if the dealer at all times meets the reasonable, written, and uniformly applied capital standards determined by the manufacturer;

(l) Prevent or attempt to prevent a dealer from making reasonable changes in the capital structure of a dealership or the means by which the dealership is financed if the dealer meets the reasonable, written, and uniformly applied capital requirements determined by the manufacturer;

(m) Unreasonably require the dealer to change the location or require any substantial alterations to the place of business;

(n) Condition a renewal or extension of the franchise on the dealer's substantial renovation of the existing place of business or on the construction, purchase, acquisition, or release of a new place of business unless written notice is first provided one hundred eighty days before the date of renewal or extension and the manufacturer demonstrates the reasonableness of the requested actions. The manufacturer shall agree to supply the dealer with an adequate quantity of motorsports vehicles, parts, and accessories to meet the sales level necessary to support the overhead resulting from substantial construction, acquisition, or lease of a new place of business;
(o) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to order or accept delivery of a motorsports vehicle with special features, accessories, or equipment not included in the list price of the vehicle as advertised by the manufacturer, except items that have been voluntarily requested or ordered by the dealer, and except items required by law;

(p) Fail to hold harmless and indemnify a dealer against losses, including lawsuits and court costs, arising from: (i) The manufacture or performance of a motorsports vehicle, part, or accessory if the lawsuit involves representations by the manufacturer on the manufacture or performance of a motorsports vehicle without negligence on the part of the dealer; (ii) damage to merchandise in transit where the manufacturer specifies the carrier; (iii) the manufacturer's failure to jointly defend product liability suits concerning the motorsports vehicle, part, or accessory provided to the dealer; or (iv) any other act performed by the manufacturer;

(q) Unfairly prevent or attempt to prevent a dealer from receiving reasonable compensation for the value of a motorsports vehicle;

(r) Fail to pay to a dealer, within a reasonable time after receipt of a valid claim, a payment agreed to be made by the manufacturer on grounds that a new motorsports vehicle, or a prior year's model, is in the dealer's inventory at the time of introduction of new model motorsports vehicles;

(s) Deny a dealer the right of free association with any other dealer for any lawful purpose;

(t) Charge increased prices without having given written notice to the dealer at least fifteen days before the effective date of the price increases;

(u) Permit factory authorized warranty service to be performed upon motorsports vehicles or accessories by persons other than their franchised dealers;

(v) Require or coerce a dealer to sell, assign, or transfer a retail sales installment contract, or require the dealer to act as an agent for a manufacturer, in the securing of a promissory note, a security agreement given in connection with the sale of a motorsports vehicle, or securing of a policy of insurance for a motorsports vehicle. The manufacturer may not condition delivery of any motorsports vehicle, parts, or accessories upon the dealer's assignment, sale, or other transfer of sales installment contracts to specific finance companies;

(w) Require or coerce a dealer to grant a manufacturer a right of first refusal or other preference to purchase the dealer's franchise or place of business, or both.

(2) Subsections (1)(a), (b), and (c) of this section do not apply to sales to a dealer: (a) For resale to a federal, state, or local government agency; (b) where the motorsports vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motorsports vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, whether paid to the dealer or the ultimate purchaser of the motorsports vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Operate" means to manage a dealership, whether directly or indirectly.

(d) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW. [2003 c 354 § 17.]

### 46.93.180 Sale, transfer, or exchange of franchise.

(1) Notwithstanding the terms of a franchise, a manufacturer may not unreasonably withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a dealer or is capable of being approved by the department as a dealer in this state. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer, is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging dealer, and the department, of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice must be served not later than
(3) The notice in subsection (2) of this section must state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring dealer, the dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition must contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) In determining whether the manufacturer unreasonably withheld its approval to the sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer, or who otherwise is capable of operating as a dealer in this state, is presumed to be unreasonable.

(6) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging dealer and the manufacturer may be parties to the hearing.

(7) The administrative law judge shall conduct any hearing as provided in RCW 46.93.050(2), and all hearing costs must be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging dealer may appeal the final order of the administrative law judge to the superior court or the appellate court as provided in the Administrative Procedure Act, chapter 34.05 RCW. [2003 c 354 § 18.]

46.93.190 Petition and hearing filing fees, costs, security. The department shall determine and establish the amount of the filing fees required in RCW 46.93.040, 46.93.110, 46.93.130, and 46.93.180. The fees must be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning party any excess funds initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking will then be exonerated and the surety or sureties under it discharged. [2003 c 354 § 19.]

[2003 c 354 § 20.]

(1) A "new motor vehicle" is a vehicle that has not been titled by a state and ownership of which may be transferred on a manufacturer's statement of origin (MSO).

(2) "New motor vehicle dealer" means a motor vehicle dealer engaged in the business of buying, selling, exchanging, or otherwise dealing in new motor vehicles or new and used motor vehicles at an established place of business, under a franchise, sales and service agreement, or contract with the manufacturer of the new motor vehicles. However, the term "new motor vehicle dealer" does not include a miscellaneous vehicle dealer as defined in RCW 46.70.011(3)(c) or a motorcycle dealer as defined in *chapter 46.94 RCW.

(3) "Franchise" means one or more agreements, whether oral or written, between a manufacturer and a new motor vehicle dealer, under which the new motor vehicle dealer is authorized to sell, service, and repair new motor vehicles,
parts, and accessories under a common name, trade name, trademark, or service mark of the manufacturer.

“Franchise” includes an oral or written contract and includes a dealer agreement, either expressed or implied, between a manufacturer and a new motor vehicle dealer that purports to fix the legal rights and liabilities between the parties and under which (a) the dealer is granted the right to purchase and resell motor vehicles manufactured, distributed, or imported by the manufacturer; (b) the dealer’s business is associated with the trademark, trade name, commercial symbol, or advertisement designating the franchisor or the products distributed by the manufacturer; and (c) the dealer’s business relies on the manufacturer for a continued supply of motor vehicles, parts, and accessories.

(4) "Good faith" means honesty in fact and fair dealing in the trade as defined and interpreted in RCW 62A.2-103.

(5) “Designated successor” means:

(6) "Owner" means a person holding an ownership interest in the business entity operating as a new motor vehicle dealer and who is the designated dealer in the new motor vehicle franchise agreement.

46.96.105 Warranty work. (1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer’s obligation to perform warranty work or service on the manufacturer’s products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer’s products.

(2) All claims for warranty work for parts and labor made by dealers under this section shall be submitted to the manufacturer within one year of the date the work was performed. All claims submitted must be paid by the manufacturer within thirty days following receipt, provided the claim has been approved by the manufacturer. The manufacturer has the right to audit claims for warranty work and to charge the dealer for any unsubstantiated, incorrect, or false claims for a period of one year following payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer shall be either approved or disapproved within thirty days following their receipt. The manufacturer shall notify the dealer in writing of any disapproved claim, and shall set forth the reasons why the claim was not approved. Any claim not specifically disapproved in writing within thirty days following receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim. [2003 c 21 § 2; 1998 c 298 § 1.]

46.96.185 Unfair practices. (1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between new motor vehicle dealers by selling or offering to sell a like vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between new motor vehicle dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between new motor vehicle dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between new motor vehicle dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motor vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer, distributor, factory branch, or factory representative shall disclose in writing to the dealer the method by which new motor vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Give preferential treatment to some new motor vehicle dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motor vehicles sold or distributed by the manufacturer, distributor, factory branch, or factory representative, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate
existing facilities as a prerequisite to receiving a model or series of vehicles:

(f) Compete with a new motor vehicle dealer by acting in the capacity of a new motor vehicle dealer, or by owning, operating, or controlling, whether directly or indirectly, a motor vehicle dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection (1)(f)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) Has an ownership interest in the dealership; and (C) Operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. Nothing in this subsection (1)(f)(ii) relieves a manufacturer, distributor, factory branch, or factory representative from complying with RCW 46.96.185(1) (a) through (e);

(iii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) Has an ownership interest in the dealership; and (C) Operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. Nothing in this subsection (1)(f)(iii) relieves a manufacturer, distributor, factory branch, or factory representative from complying with RCW 46.96.185(1) (a) through (e);

(iv) A manufacturer to own, operate, or control a new motor vehicle dealership that sells only trucks of that manufacturer's line make with a gross vehicle weight rating of 12,500 pounds or more, and the manufacturer has been continuously engaged in the retail sale of the trucks at least since January 1, 1993; or

(v) A manufacturer to own, operate, or control a new motor vehicle dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership, (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between the dealership thus owned, operated, or controlled and the nearest new motor vehicle dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control is not less than fifteen miles and complies with the applicable provisions in the relevant market area sections of this chapter, (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate, and (D) as of January 1, 2000, the manufacturer had no more than four new motor vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

(g) Compete with a new motor vehicle dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motor vehicles under the manufacturer's new car warranty and extended warranty. Nothing in this subsection (1)(g), however, prohibits a manufacturer, distributor, factory branch, or factory representative from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motor vehicles that are owned by the manufacturer, distributor, factory branch, or factory representative;

(h) Use confidential or proprietary information obtained from a new motor vehicle dealer to unfairly compete with the dealer. For purposes of this subsection (1)(h), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information;

(i) Terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer based upon any of the following
events, which do not constitute good cause for termination, cancellation, or nonrenewal under RCW 46.96.060: (A) The fact that the new motor vehicle dealer owns, has an investment in, participates in the management of, or holds a franchise agreement for the sale or service of another make or line of new motor vehicles, or (B) the fact that the new motor vehicle dealer has established another make or line of new motor vehicles or service in the same dealership facilities as those of the manufacturer or distributor with the prior written approval of the manufacturer or distributor, if the approval was required under the terms of the new motor vehicle dealer's franchise agreement; or

(j) Coerce or attempt to coerce a motor vehicle dealer to refrain from, or prohibit or attempt to prohibit a new motor vehicle dealer from acquiring, owning, having an investment in, participating in the management of, or holding a franchise agreement for the sale or service of another make or line of new motor vehicles or related products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, if the prohibition against acquiring, owning, investing, managing, or holding a franchise for such additional make or line of vehicles or products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, is not supported by reasonable business considerations. The burden of proving that reasonable business considerations support or justify the prohibition against the additional make or line of new motor vehicles or products or nonexclusive facilities is on the manufacturer.

(2) Subsection (1)(a), (b), and (c) of this section do not apply to sales to a motor vehicle dealer: (a) For resale to a federal, state, or local government agency; (b) where the vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motor vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department of licensing.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, distributor, factory branch, or factory representative, whether paid to the dealer or the ultimate purchaser of the vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Motor vehicles" does not include trucks that are 14,001 pounds gross vehicle weight and above or recreational vehicles as defined in RCW 43.22.335.

(d) "Operate" means to manage a dealership, whether directly or indirectly.

(e) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW. [2003 c 21 § 3; 2000 c 203 § 1.]

Captions not law—2003 c 21: See note following RCW 46.96.020.

46.96.220 Right of first refusal. (1) In the event of a proposed sale or transfer of a new motor vehicle dealership involving the transfer or sale of more than fifty percent of the ownership interest in, or more than fifty percent of the assets of, the dealership at the time of the transfer or sale, where the franchise agreement for the dealership contains a right of first refusal in favor of the manufacturer or distributor, then notwithstanding the terms of the franchise agreement, the manufacturer or distributor must be permitted to exercise a right of first refusal to acquire the dealership only if all of the following requirements are met:

(a) The manufacturer or distributor sends by certified mail, return receipt requested, or delivers by personal service, notice of its intent to exercise its right of first refusal within the lesser of (i) forty-five days of receipt of the completed proposal for the proposed sale or transfer, or (ii) the time period specified in the dealership's franchise agreement; and

(b) The exercise of the right of first refusal will result in the motor vehicle dealer receiving consideration, terms, and conditions that are equal to or better than that for which the dealer has contracted in connection with the proposed transaction.

(2) Notwithstanding subsection (1) of this section, the manufacturer's or distributor's right of first refusal does not apply to transfer of a dealership under RCW 46.96.110, and does not apply to a proposed transaction involving any of the following purchasers or transferees:

(a) A purchaser or transferee who has been preapproved by the manufacturer or distributor with respect to the transaction;

(b) A family member or members, including the spouse, biological or adopted child, stepchild, grandchild, spouse of a child or grandchild, brother, sister, or parent of the dealer-operator, or one or more of the dealership's owners;

(c) A manager continuously employed by the motor vehicle dealer in the dealership during the previous three years who is otherwise qualified as a dealer-operator by meeting the reasonable and uniformly applied standards for approval of an application as a new motor vehicle dealer-operator by the manufacturer;

(d) A partnership, corporation, limited liability company, or other entity controlled by any of the family mem-
numbers, identified in (b) of this subsection, of the dealer-opera-
tor; or

(e) A trust established or to be established for the pur-
pose of allowing the new motor vehicle dealer to continue to qualify as such under the manufacturer’s or distributor’s stan-
dards, or provides for the succession of the franchise agree-
tement to designated family members identified in (b) of this subsection, or qualified management identified in (c) of this subsection, in the event of the death or incapacity of the dealer-operator or its principal owner or owners.

(3) As a condition to the manufacturer or distributor exercising its right of first refusal, the manufacturer or dis-
tributor shall pay the reasonable expenses, including attor-
neys’ fees, incurred by the dealer’s proposed purchaser or transferee in negotiating, and undertaking any action to con-
summate, the contract for the proposed sale of the dealership up to the time of the manufacturer’s or distributor’s exercise of that right. In addition, the manufacturer or distributor shall pay any fees and expenses of the motor vehicle dealer arising on and after the date the manufacturer or distributor gives notice of the exercise of its right of first refusal, and incurred by the motor vehicle dealer as a result of alterations to docu-
ments, or additional appraisals, valuations, or financial analyses caused or required of the dealer by the manufacturer or distributor to consummate the contract for the sale of the dealership to the manufacturer’s or distributor’s proposed transferee, that would not have been incurred but for the man-
ufacturer’s or distributor’s exercise of its right of first refusal. These expenses and fees must be paid by the manufacturer or distributor to the dealer and to the dealer’s proposed pur-
chaser or transferee on or before the closing date of the sale of the dealership to the manufacturer or distributor if the party entitled to reimbursement has submitted or caused to be submitted to the manufacturer or distributor, an accounting of these expenses and fees within thirty days after receipt of the manufacturer’s or distributor’s written request for the accounting. A manufacturer or distributor may request the accounting before exercising its right of first refusal.

(4) As a further condition to the exercise of its right of first refusal, a manufacturer or distributor shall assume and guarantee the lease or shall acquire the real property on which the motor vehicle franchise is conducted. Unless otherwise agreed to by the dealer and manufacturer or distributor, the lease terms or the real property acquisition terms must be the same as those on which the lease or property was to be transferred or sold to the dealer’s proposed purchaser or transferee.

(5) If the selling dealer has disclosed to the proposed purchaser or transferee, in writing, the existence of the man-
ufacturer’s or distributor’s right of first refusal, then the sell-
ing dealer has no liability to the proposed purchaser or trans-
feree for a claim for damages resulting from the manufacturer or distributor exercising its right of first refusal. If the exist-
ence of the manufacturer’s or distributor’s right of first refusal was disclosed by the selling dealer to the proposed purchaser or transferee, in writing, before or at the time of execution of the purchase and sale or transfer agreement, the manufacturer or distributor shall indemnify, hold harmless, and defend the selling dealer from and against any and all claims, damages, losses, actions, or causes of action asserted by the dealer’s proposed purchaser or transferee against the selling dealer arising from the manufacturer’s or distributor’s exercise of its right of first refusal, and has the right, under this section, to file a motion on behalf of the dealer to dismiss the actions or causes of action asserted by the dealer’s proposed purchaser or transferee. [2003 c 21 § 4.]

Citations not law—2003 c 21: See note following RCW 46.96.020.

46.96.230 Manufacturer incentive programs. (1) A manu-
ufacturer or distributor shall pay a motor vehicle dealer’s claim for payment or other compensation due under a manu-
facturer incentive program within thirty days after approval of the claim. A claim that is not disapproved or disallowed within thirty days after the manufacturer or distributor receives the claim is deemed automatically approved. If the motor vehicle dealer’s claim is not approved, the manufac-
turer or distributor shall provide the dealer with written notice of the reasons for the disapproval at the time notice of disapproval is given.

(2) A manufacturer may not deny a claim based solely on a motor vehicle dealer’s incidental failure to comply with a specific claim-processing requirement that results in a clerical error or other administrative technicality.

(3) Notwithstanding the terms of a franchise agreement or other contract with a manufacturer or distributor, a motor
vehicle dealer has one year after the expiration of a manufac-
turer or distributor incentive program to submit a claim for payment or compensation under the program.

(4) Notwithstanding the terms of a franchise agreement or other contract with a dealer and except as provided in sub-
section (5) of this section, after the expiration of one year after the date of payment of a claim under a manufacturer or distributor incentive program, a manufacturer or distributor may not:

(a) Charge back to a motor vehicle dealer, whether directly or indirectly, the amount of a claim that has been approved and paid by the manufacturer or distributor under an incentive program;

(b) Charge back to a motor vehicle dealer, whether directly or indirectly, the cash value of a prize or other thing of value awarded to the dealer under an incentive program;

(c) Audit the records of a motor vehicle dealer to deter-
mine compliance with the terms of an incentive program. Where, however, a manufacturer or distributor has reason-
able grounds to believe that the dealer committed fraud with respect to the incentive program, the manufacturer or distrib-
utor may audit the dealer for a fraudulent claim during any period for which an action for fraud may be commenced under applicable state law.

(5) Notwithstanding subsection (4)(a) and (b) of this sec-
tion, a manufacturer or distributor may make charge-backs to a motor vehicle dealer if, after completion of an audit of the dealer’s records, the manufacturer or distributor can show, by a preponderance of the evidence, that (a) the claim was inten-
tionally false or fraudulent at the time it was submitted to the manufacturer or distributor, or (b) with respect to a claim under a service incentive program, the repair work was improperly performed in a substandard manner or was unnec-
essary to correct a defective condition. [2003 c 21 § 5.]

47.04.045 Wireless service facilities—Right of way leases—Rules. (1) For the purposes of this section:

(a) "Right of way" means all state-owned land within a state highway corridor.

(b) "Service provider" means every corporation, company, association, joint stock association, firm, partnership, or person that owns, operates, or manages any personal wireless service facility. "Service provider" includes a service provider's contractors, subcontractors, and legal successors.

(2) The department shall establish a process for issuing a lease for the use of the right of way by a service provider and shall require that telecommunications equipment be collocated on the same structure whenever practicable. Consistent with federal highway administration approval, the lease must include the right of direct ingress and egress from the highway for construction and maintenance of the personal wireless service facility during nonpeak hours if public safety is not adversely affected. Direct ingress and egress may only be allowed at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods. The lease may specify an indirect ingress and egress to the facility if it is reasonable and available for the particular location.

(3) The cost of the lease must be limited to the fair market value of the portion of the right of way being used by the service provider and the direct administrative expenses incurred by the department in processing the lease application.

If the department and the service provider are unable to agree on the cost of the lease, the service provider may submit the cost of the lease to binding arbitration by serving written notice on the department. Within thirty days of receiving the notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or panel shall determine the cost of the lease based on comparable siting agreements. Costs of the arbitration, including compensation for the arbitrator’s services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(4) The department shall act on an application for a lease within sixty days of receiving a completed application, unless a service provider consents to a different time period.

(5) The reasons for a denial of a lease application must be supported by substantial evidence contained in a written record.

(6) The department may adopt rules to implement this section.

(7) All lease money paid to the department under this section shall be deposited in the motor vehicle fund created in RCW 46.68.070. [2003 c 244 § 5.]

47.04.046 Wireless site leases—Pending applications. Applications for wireless site leases pending on July 27, 2003, must be treated as applications under RCW 47.04.045 with the consent of the applicant. [2003 c 244 § 8.]
47.06.043 Technical workers—Skill enhancement.

The state interest component of the statewide multimodal transportation plan must include a plan for enhancing the skills of the existing technical transportation work force. [2003 c 363 § 204.]

Chapter 47.06C RCW
PERMIT EFFICIENCY AND ACCOUNTABILITY

Sections
47.06C.010 Findings—Intent. (Expires March 31, 2006.) The legislature finds that the public health and safety of its citizens, the natural resources, and the environment are vital interests that depend upon the development of cost-effective and efficient transportation systems planned, designed, constructed, and maintained through expedited permit decision-making processes.

It is the intent of the legislature to achieve transportation permit reform that expedites the delivery of transportation projects through a streamlined approach to environmental permit decision making. To optimize the limited resources available for transportation system improvements and environmental protection, state regulatory and natural resource agencies, local and regional governments, applicable federal agencies, and the department of transportation must work cooperatively to establish common goals, minimize project delays, develop consistency in the application of environmental standards, maximize environmental benefits through coordinated investment strategies, and eliminate duplicative processes through assigned responsibilities of selected permit drafting and compliance activities between state and federal agencies.

Therefore, the transportation permit efficiency and accountability committee is created. The committee shall integrate current environmental standards, but may not create new environmental standards. The committee shall conduct three environmental permit streamlining pilot projects and create a process to develop general permits. Additionally, the committee shall seek federal delegation to the state where appropriate to streamline transportation projects. [2003 c 363 § 1; 2001 1st sp.s. c 2]

Effective date—2003 c 8: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 31, 2003].” [2003 c 8 § 4.]

47.06C.040 Committee responsibilities. (Expires March 31, 2006.) (1)(a) The committee and its authorized technical subcommittees shall develop a one-stop permit decision-making process that uses interdisciplinary review of transportation projects of statewide significance to streamline and expedite permit decision making. The committee shall collaborate with appropriate agencies and parties to identify existing environmental standards, to assess the application of those standards, and develop an integrated permitting process based upon environmental standards and best management practices, which may use prescriptive or performance standards, for transportation projects of statewide significance that can be applied with certainty, consistency, and assurance of swift permit action, while taking into account the varying environmental conditions throughout the state.

(b) By June 30, 2003, the committee shall develop a detailed work plan of one-stop permitting activities for review by the legislature. The work plan must include both a schedule to use the one-stop permit process on all funded transportation projects of statewide significance and any additional resources needed to ensure that this occurs. This work plan must include a process that enables the department to propose permit terms and conditions for permitting agency review and approval.

(c) The committee shall provide a status report to the legislature by December 31, 2003, and shall also identify barriers and opportunities to achieve a concurrent public review process, concurrent public hearings, and a unified appeals process for one-stop permitting.

(2) The committee shall give notice to the legislative authority of each affected county and city of the projects that are designated as transportation projects of statewide significance.

(3) The committee shall create a technical subcommittee with representation at a minimum from the department of fish and wildlife, the department of ecology, and the department of transportation.

(a) Within six months from the first meeting of the committee, the subcommittee shall create a process to develop a programmatic approach for transportation projects. The committee shall review the department's construction project list to determine which projects or activities may be included in the programmatic approach and develop agreements with a goal of covering seventy percent of those projects or activities with programmatic agreements. At a minimum, this process must require that decisions on minor variations to the requirements of a programmatic approach must be provided by the permit decision-making agencies within twenty-one days of submittal.

(b) By June 30, 2003, the committee shall prioritize programmatic agreement opportunities identified in (a) of this subsection, develop a detailed work plan to achieve the goals set forth, and submit the report and plan to the legislature. The work plan must be reviewed and updated on a quarterly basis and submitted to the legislature twice yearly. This work plan must include the following elements:

(i) A schedule of activities and resources needed to achieve completion of the nine highest priority multiagency programmatic agreements by June 30, 2004;

(ii) A prioritized list of the remaining departmental activities eligible for programmatic, multiagency consideration by September 30, 2003;
(iii) A schedule of activities and resources to achieve completion of the prioritized list of programmatic agreements by December 31, 2005.

(c) The committee shall work with local governments to identify opportunities to integrate local government requirements in the agreements or permits identified in (b) of this subsection.

(d) The technical subcommittee’s recommendations must be approved by a majority of the voting members of the committee.

(4) The committee shall explore the development of a consolidated local permit process.

(5) The committee shall conduct one or more pilot projects to implement the collaborative review process set forth in RCW 36.70A.430 to review and coordinate state and local permits for a transportation project funded in the transportation budget and that crosses more than one city or county boundary.

(6) The committee shall appoint a task force of representatives from cities and counties, the department of transportation, and other agencies as appropriate to identify one or more city or county permits for activities for which uniform standards can be developed for application by local governments. It is the goal of the task force to develop uniform standards and best practices for these identified permits that may be used by local governments in issuing their permits. The task force shall identify strategies for local governments to adapt these standards and best practices to local conditions. The committee shall encourage local governments to use these standards and best practices in local ordinances. The task force shall submit a progress report to the committee and the legislature by December 31, 2003, and shall conclude its work and report its final recommendations for review to the committee and the legislature no later than December 31, 2004.

(7) The committee shall develop and prioritize a list of permit streamlining opportunities, specifically identifying substantive and procedural duplications and recommendations for resolving those duplications. The committee shall evaluate current laws and regulations and develop recommendations on ways to minimize the lapsing of permits. The committee shall evaluate flexible approaches that maximize transportation and environmental interests and make recommendations regarding where those approaches should be implemented.

(8) The committee shall undertake the following activities to develop a watershed approach to environmental mitigation:

(a) Develop methodologies for analyzing environmental impacts and applying compensatory mitigation consistent with a watershed-based approach before final design, including least cost methodology and low-impact development methodology;

(b) Assess models to collate and access watershed data to support early agency involvement in transportation planning and reviews under the national Environmental Policy Act and the State Environmental Policy Act;

(c) Use existing best available information from watershed planning efforts, lead entities, regional fisheries enhancement groups, and other recognized entities as deemed appropriate by the committee, to determine potential mitigation requirements for projects within a watershed. Priority consideration should be given to the use of the state’s alternative mitigation policy guidance to best link transportation mitigation needs with local watershed and lead entity project lists; and

(d) By June 30, 2003, develop a detailed work plan that covers watershed-based mitigation activities. This work plan must be submitted to the legislature and include the following elements:

(1) A schedule of activities and resources needed to complete a watershed-based mitigation policy by December 31, 2003, that covers elements of permitting deemed appropriate by the committee;

(2) A schedule of activities and resources needed to develop watershed-based mitigation decision-making tools by June 30, 2004;

(3) A schedule of activities and resources needed to complete a test of technical and policy methods of watershed-based mitigation decision making by December 31, 2004, for a funded project in an urbanized area of the state; and

(4) A schedule to integrate watershed-based mitigation policies, technical tools, and procedures for projects by June 30, 2005.

(9) (a) The committee shall seek federal delegation to the state where appropriate to streamline permit processes for transportation projects of statewide significance including: Delegation of section 404 permit authority under the Clean Water Act; nonfederal lead agency status under the federal Endangered Species Act; section 106 cultural resource designation under the National Historic Preservation Act; and other appropriate authority that when delegated should result in permit streamlining.

(b) The department, the department of ecology, and the department of fish and wildlife shall jointly review relevant federal, state, and local environmental laws, regulations, policies, guidance, studies, and streamlining initiatives, and shall report to the committee and the legislature by September 30, 2003, on those instances where such might allow for delegation to the department or some other duly recognized entity as appropriate. The report must include recommendations on:

(1) How to delegate consistent with federal permit streamlining efforts contained in new federal transportation authorizations and under Presidential Executive Order number 13274, Environmental Stewardship and Transportation Infrastructure Project Reviews, September 18, 2002;

(ii) How to maximize possible use of programmatic approaches to simplify issuance of federally required permits and project approvals;

(3) The scope, roles, and responsibilities associated with any such delegation, especially as relates to regulatory standard setting, permitting, and oversight; and

(4) A work plan and schedule of activities and resources needed to implement the recommendations of the department, the department of ecology, and the department of fish and wildlife on this matter.

The committee shall take action on the report, and shall report to the legislature by December 31, 2003, and every six months thereafter on the status of such delegation efforts.

(10) The committee shall develop a dispute resolution process to resolve conflicts in interpretation of environmental standards and best management practices, mitigation require-
ments, permit requirements, assigned responsibilities, and other related issues by September 1, 2001. The dispute resolution process may not abrogate or supplant any appeal right of any party under existing statutes. The dispute resolution process must be designed to include federal agencies if they choose to participate.

(11) The committee shall develop preliminary models and strategies for agencies to test how best to maximize the environmental investment of transportation funds on a watershed basis. After agencies test the models and strategies developed by the committee, the committee shall evaluate the models and strategies and make recommendations to the legislature.

(12) The committee shall develop a consistent methodology for the timely and predictable submittal and evaluation of completed plans and specifications detailing project elements that impact environmental resources as well as proposed mitigation measures during the preliminary specifications and engineering phase of project development and submit information on the consistent methodology to the legislature.

(13) The committee shall provide a summary report to the legislature on December 31, 2003, and every six months thereafter that details the committee's status and performance and its progress in implementing its master work plan. [2003 c 8 § 2; 2001 1st sp.s. c 2 § 4.]

Effective date—2003 c 8: See note following RCW 47.06C.010.

47.06C.901 Expiration date—2001 1st sp.s. c 2. This act expires March 31, 2006. [2003 c 8 § 3; 2001 1st sp.s. c 2 § 13.]

2003 TRANSPORTATION PROJECTS—NICKEL ACCOUNT

47.10.861 Bond issue authorized. In order to provide funds necessary for the location, design, right of way, and construction of selected projects or improvements that are identified as transportation 2003 projects or improvements in the omnibus transportation budget, there shall be issued and sold upon the request of the transportation commission a total of two billion six hundred million dollars of general obligation bonds of the state of Washington. [2003 c 147 § 1.]

Effective date—2003 c 147: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003." [2003 c 147 § 16.]

47.10.862 Administration and amount of sale. Upon the request of the transportation commission, as appropriate, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in RCW 47.10.861 through 47.10.866 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.861 through 47.10.866 shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2003 c 147 § 2.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.863 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.861 shall be deposited in the transportation 2003 account (nickel account) in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in RCW 47.10.861, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [2003 c 147 § 3.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.864 Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.10.861 through 47.10.866 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.861 through 47.10.866 from the proceeds of the state excise taxes on motor vehicle and special fuels tax revenues.

The proceeds of these excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.861 through 47.10.866, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.861 through 47.10.866. [2003 c 147 § 4.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.865 Repayment procedure—Bond retirement fund. Both principal and interest on the bonds issued for the purposes of RCW 47.10.861 through 47.10.866 shall be payable from the highway bond retirement fund. The state
finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the transportation 2003 account (nickel account) in the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.861 through 47.10.866 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the transportation 2003 account (nickel account) in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the transportation 2003 account (nickel account) proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fund or special fuels taxes that are distributable to the state, counties, cities, and towns shall be repaid from the first revenues from the motor vehicle fund or special fuels taxes distributed to the transportation 2003 account (nickel account) not required for bond retirement or interest on the bonds. [2003 c 147 § 5.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.866 Equal charge against motor vehicle and special fuels tax revenues. Bonds issued under the authority of RCW 47.10.861 through 47.10.865 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [2003 c 147 § 6.]

Effective date—2003 c 147: See note following RCW 47.10.861.

MULTIMODAL TRANSPORTATION PROJECTS—2003 ACT

47.10.867 Bond issue authorized—Appropriation of proceeds. For the purpose of providing funds for the planning, design, construction, reconstruction, and other necessary costs for transportation projects, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three hundred forty-nine million five hundred thousand dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. [2003 c 147 § 7.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.868 Proceeds—Deposit and use. [2003 c 147 § 8.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.869 Repayment procedure. (1) The nondebt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in RCW 47.10.867.

(2)(a) The state finance committee must, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in RCW 47.10.867.

(b) On or before the date on which any interest or principal and interest is due, the state treasurer shall transfer from the multimodal transportation account for deposit into the nondebt-limit reimbursable bond retirement account the amount computed in (a) of this subsection for bonds issued for the purposes of RCW 47.10.867.

(3) If the multimodal transportation account has insufficient revenues to pay the principal and interest computed in subsection (2)(a) of this section, then the debt-limit reimbursable bond retirement account must be used for the payment of the principal and interest on the bonds authorized in RCW 47.10.867 from any additional means provided by the legislature.

(4) If at any time the multimodal transportation account has insufficient revenues to repay the bonds, the legislature may provide additional means for the payment of the bonds. [2003 c 147 § 9.]

Effective date—2003 c 147: See note following RCW 47.10.861.

47.10.870 Statement of general obligation—Transfer and payment of funds. (1) The department may enter into exchange agreements with local, state, or federal agencies, tribal governments, or private nonprofit nature conservancy corporations as defined in RCW 64.04.130, to convey properties under the jurisdiction of the department that serve as environmental mitigation sites, as full or part consideration for the grantee assuming all future maintenance and operation obligations and costs required to maintain and operate the environmental mitigation site in perpetuity.
(2) Tribal governments shall only be eligible to participate in an exchange agreement if they:
(a) Provide the department with a valid waiver of their tribal sovereign immunity from suit. The waiver must allow the department to enforce the terms of the exchange agreement or quitclaim deed in state court; and
(b) Agree that the property shall not be placed into trust status.
(3) The conveyances must be by quitclaim deed, or other form of conveyance, executed by the secretary of transportation, and must expressly restrict the use of the property to a mitigation site consistent with preservation of the functions and values of the site, and must provide for the automatic reversion to the department if the property is not used as a mitigation site or is not maintained in a manner that complies with applicable permits, laws, and regulations pertaining to the maintenance and operation of the mitigation site. 47.28.241 Alternative delivery of construction services—Definitions. The definitions in this section apply throughout RCW 47.28.251 and 41.06.380 unless the context clearly requires otherwise.
(1) "Construction services" means those services that aid in the delivery of the highway construction program and include, but are not limited to, real estate services and construction engineering services.
(2) "Construction engineering services" include, but are not limited to, construction management, construction administration, materials testing, materials documentation, contractor payments and general administration, construction oversight, and inspection and surveying. [2003 c 363 § 102.]

Part headings not law—2003 c 363: "Part headings used in this act are not part of the law." [2003 c 363 § 308.]

Severability—2003 c 363: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2003 c 363 § 309.]

47.28.251 Alternative delivery of construction services—Financial incentives—Private contracting—Reports. (1) The department of transportation shall work with representatives of transportation labor groups to develop a financial incentive program to aid in retention and recruitment of employee classifications where problems exist and program delivery is negatively affected. The department's financial incentive program must be reviewed and approved by the legislature before it can be implemented. This program must support the goal of enhancing project delivery timelines as outlined in section 101, chapter 363, Laws of 2003. Upon receiving approval from the legislature, the department of personnel shall implement, as required, specific aspects of the financial incentive package, as developed by the department of transportation.
(2) Notwithstanding chapter 41.06 RCW, the department of transportation may acquire services from qualified private firms in order to deliver the transportation construction program to the public. Services may be acquired solely for augmenting the department's work force capacity and only when the department's transportation construction program cannot be delivered through its existing or readily available work force. The department of transportation shall work with representatives of transportation labor groups to develop and implement a program identifying those projects requiring contracted services while establishing a program as defined in subsection (1) of this section to provide the classified personnel necessary to deliver future construction programs. The procedures for acquiring construction engineering services from private firms may not be used to displace existing
state employees nor diminish the number of existing classified positions in the present construction program. The acquisition procedures must be in accordance with chapter 39.80 RCW.

(3) Starting in December 2004, and biennially thereafter, the secretary shall report to the transportation committees of the legislature on the use of construction engineering services from private firms authorized under this section. The information provided to the committees must include an assessment of the benefits and costs associated with using construction engineering services, or other services, from private firms, and a comparison of public versus private sector costs. The secretary may act on these findings to ensure the most cost-effective means of service delivery. [2003 c 363 § 103.]

Finding—Intent—2003 c 363 § 103 and 104: "The legislature finds that there is a pressing need for additional transportation projects to meet the mobility needs of Washington's citizens. With major new investments approved to meet these pressing needs, additional work force assistance is necessary to ensure and enhance project delivery timelines. Recruiting and retaining a high quality work force, and implementing new and innovative procedures for delivering these transportation projects, is required to accomplish them on a timely basis that best serves the public. It is the intent of sections 103 and 104 of this act that no state employees will lose their employment as a result of implementing new and innovative project delivery procedures." [2003 c 363 § 101.]

47.36.030 Traffic control devices—Specifications to be furnished to counties and cities. The secretary of transportation shall have the power and it shall be its duty to adopt and designate a uniform state standard for the manufacture, display, erection, and location of all signs, signals, signboards, guideposts, and other traffic devices erected or to be erected upon the state highways of the state of Washington for the purpose of furnishing information to persons traveling upon such state highways regarding traffic regulations, directions, distances, points of danger, and conditions requiring caution, and for the purpose of imposing restrictions upon persons operating vehicles thereon. Such signs shall conform as nearly as practicable to the manual of specifications for the manufacture, display, and erection of uniform traffic control devices for streets and highways and all amendments, corrections, and additions thereto. The department of transportation shall prepare plans and specifications of the uniform state standard of traffic devices so adopted and designated, showing the materials, colors, and designs thereof, and shall upon the issuance of any such plans and specifications or revisions thereof and upon request, furnish to the boards of county commissioners and the governing body of any incorporated city or town, a copy thereof. Traffic devices hereafter erected within incorporated cities and towns shall conform to such uniform state standard of traffic devices so far as is practicable. The uniform system must allow local transit authority bus shelters located within the right of way of the state highway system to display and maintain commercial advertisements subject to applicable federal regulations, if any. 47.36.141 Bus shelters—Advertising. (1) Local transit authority bus shelters within the right of way of the state highway system may display and maintain commercial advertisements subject to applicable federal regulations, if any. Pursuant to RCW 47.12.120, the department may lease state right of way air space to local transit authorities for this purpose, unless there are significant safety concerns regarding the placement of certain advertisements.

(2) Advertisements posted on a local transit authority's bus shelter may not exceed twenty-four square feet on each side of the panel. Panels may not be placed on the roof of the shelter or on the forward side of the shelter facing oncoming traffic. [2003 c 198 § 1.]

(b) Visible from a city street, county road, or state highway and displaying any red, green, blue, or yellow light or intermittent or blinking light or rotating light identical or similar in size, shape, and color to that used on any emergency vehicle or road equipment or any light otherwise likely to be mistaken for a warning, danger, directional, or traffic control signal or sign;

(c) Visible from a city street, county road, or state highway and displaying any lights tending to blind persons operating vehicles upon the highway, city street, or county road, or any glaring light, or any light likely to be mistaken for a vehicle upon the highway or otherwise to be so mistaken as to constitute a danger; or

(d) Visible from a city street, county road, or state highway and flooding or intending to flood or directed across the roadway of the highway with a directed beam or diffused
light, whether or not the flood light is shielded against directing its flood beam toward approaching traffic on the highway, city street, or county road.

(2) Any structure or device erected or maintained contrary to the provisions of this section is a public nuisance, and the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall notify the owner thereof that it constitutes a public nuisance and must be removed, and if the owner fails to do so, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town may abate the nuisance.

Signs used for posting in such an area shall be consistent with the provisions found in the state of Washington "Manual on Uniform Traffic Control Devices for Streets and Highways" obtainable from the department of transportation.

(2) If the construction, repair, or maintenance work includes or uses grooved pavement, abrupt lane edges, steel plates, or gravel or earth surfaces, the construction, repair, or maintenance zone must be posted with signs stating the condition, as required by current law, and in addition, must warn motorcyclists of the potential hazard. For the purposes of this subsection, the department shall adopt by rule a uniform sign or signs for this purpose, including at least the following language, "MOTORCYCLES USE EXTREME CAUTION."

(3) Any contractor, firm, corporation, political subdivision, or other agency performing such work shall comply with this section.

(4) Each driver of a motor vehicle used in connection with such construction, repair, or maintenance work shall obey traffic signs posted for, and flaggers stationed at such location in the same manner and under the same restrictions as is required for the driver of any other vehicle.

(5) A violation of or a failure to comply with this section is a misdemeanor. Each day upon which there is a violation, or there is a failure to comply, constitutes a separate violation. [2003 c 355 § 1; 2003 c 53 § 258; 1984 c 7 § 202; 1961 c 13 § 47.36.200. Prior: 1957 c 95 § 1.]

In addition to the penalties imposed by law upon conviction, an order may be entered compelling compliance with this chapter. The permit holder may use the approach for ingress and egress at any time for the construction of the facility if public safety is not adversely affected and if construction will not substantially interfere with traffic flow during peak traffic periods.

47.60.120 Other crossings—Infringement of existing franchises—Waivers (as amended by 2003 c 373). (1) If the department acquires or constructs, maintains, and operates any ferry crossings upon or toll bridges over Puget Sound or any of its tributary or connecting waters, there shall not be constructed, operated, or maintained any other ferry crossing upon or bridge over any such waters within ten miles of any such crossing or bridge operated or maintained by the department excepting such bridges or ferry crossings in existence, and being operated and maintained under a lawfully issued franchise at the time of the location of the ferry crossing or construction of the toll bridge by the department.
(2) The ten-mile distance in subsection (1) of this section means ten statute miles measured by airline distance. The ten-mile restriction shall be applied by comparing the two end points (termini) of a state ferry crossing to those of a private ferry crossing.
(3) The Washington utilities and transportation commission may, upon written petition of a commercial ferry operator certificated or applying for certification under chapter 81.84 RCW, and upon notice and hearing, grant a waiver from the ten-mile restriction. The waiver must not be detrimental to the public interest. In making a decision to waive the ten-mile restriction, the commission shall consider, but is not limited to, the impact of the waiver on transportation congestion mitigation, air quality improvement, and the overall impact on the Washington state ferry system. The commission shall act upon a request for a waiver within ninety days after the conclusion of the hearing. A waiver is effective for a period of five years from the date of issuance. At the end of five years the waiver becomes permanent unless appealed within thirty days by the commission on its own motion, the department, or an interested party.
(4) The department shall not maintain and operate any ferry crossing or toll bridge over Puget Sound or any of its tributary or connecting waters that would infringe upon any franchise lawfully issued by the state and in existence and being exercised at the time of the location of the ferry crossing or toll bridge by the department, without first acquiring the rights granted to such franchise holder under the franchise.
(5) This section does not apply to the operation of passenger-only ferry service by public transportation benefit areas meeting the requirements of RCW 36.57A.200 or to the operation of passenger-only ferry service by ferry districts. Reviser's note: RCW 47.60.120 was amended twice during the 2003 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

Findings—Intent—2003 c 373: See note following RCW 47.64.090.
Severability—1984 c 7: See note following RCW 47.01.141.

47.60.135 Charter of state ferries—Hazardous materials. (1) The charter use of Washington State Ferry vessels when established route operations and normal user requirements are not disrupted is permissible. In establishing chartering agreements, Washington State Ferries shall consider the special needs of local communities and interested parties. Washington State Ferries shall use sound business judgment and be sensitive to the interests of existing private enterprises.

(2) Consistent with the policy as established in subsection (1) of this section, the chief executive officer of the Washington State Ferries may approve agreements for the chartering of Washington State Ferry vessels to groups or individuals, including hazardous material transporters, in accordance with the following:

(a) Vessels may be committed to charter only when established route operation and normal user requirements are not disrupted or inconvenienced. If a vessel is engaged in the transport of hazardous materials, the transporter shall pay for all legs necessary to complete the charter, even if the vessel is simultaneously engaged in an operational voyage on behalf of Washington State Ferries.

(b) Charter rates for vessels must be established at actual vessel operating costs plus a market-rate profit margin. Actual vessel operating costs include, but are not limited to, all labor, fuel, and vessel maintenance costs incurred due to the charter agreement, including deadheading and standby.

(c) Parties chartering Washington State Ferry vessels shall comply with all applicable laws, rules, and regulations during the charter voyage, and failure to so comply is cause for immediate termination of the charter voyage. [2003 c 374 § 1; 1997 c 323 § 2.]

Finding—1997 c 323: "The legislature finds that when established route operations and normal user requirements are not disrupted Washington state ferries may be used for the transportation of hazardous materials under the chartering procedures and rates described in RCW 47.60.135." [1997 c 323 § 1.]

47.60.140 System as self-liquidating undertaking—Powers of department—Concessions. (1) The department is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue-producing and self-liquidating undertaking. The department has full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation, and maintenance of the ferry system, including toll bridges, approaches, and roadways incidental thereto that may be authorized by the department, including the collection of tolls and other charges for the services and facilities of the undertaking. The department has the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches, parking lots, and landings, including the selling of commercial advertising space and licenses to use the Washington State Ferries trademarks, but, except as provided in subsection (2) of this section, no such leases or contracts may be entered into for more than ten years, nor without a competitive contract process, except as otherwise provided in this section. The competitive process shall be either an invitation for bids in accordance with the process established by chapter 43.19 RCW, or a request for proposals in accordance with the process established by RCW 47.56.030. All revenues from commercial advertising, concessions, parking, leases, and contracts must be deposited in the Puget Sound ferry operations account in accordance with RCW 47.60.150.

(2) As part of a joint development agreement under which a public or private developer constructs or installs improvements on ferry system property, the department may lease all or part of such property and improvements to such developers for that period of time, not to exceed fifty-five years, or not to exceed thirty years for those areas located within harbor areas, which the department determines is necessary to allow the developer to make reasonable recovery on its initial investment. Any lease entered into as provided for in this subsection that involves state aquatic lands shall conform with the Washington state Constitution and applicable statutory requirements as determined by the department of natural resources. That portion of the lease rate attributable to the state aquatic lands shall be distributed in the same manner as other lease revenues derived from state aquatic lands as provided in *RCW 79.24.580.

(3) The department shall include in the strategic planning and performance assessment process, as required by RCW 43.88.090, an analysis of the compatibility of public and private partnerships with the state ferry system's core business, and the department's efforts to maximize nonfarebox revenues and provide benefit to the public users of the ferry system facilities. The department shall include an assessment of the need for an open solicitation to identify and select possible public or private partnerships in order to maximize the value of projects and the state's investment in current and future ferry system operations.

(a) When the department determines that an open solicitation is necessary, a request for proposal shall be released, consisting of an open solicitation outlining functional specifications to be used as the basis for selecting partnerships in the project.

(b) Any responses to the request for proposal shall be evaluated, at a minimum, on the basis of compatibility with the state ferry system's core business, potential to maximize nonfarebox revenue, longevity of the possible partnership commitment, and benefit to the public users of the ferry system facilities.
47.60.150  Title 47 RCW:  Public Highways and Transportation

(c) If no responses are received, or those that are received are incompatible with ferry system operations, or do not meet the criteria stated in (b) of this subsection, the state ferry system may proceed with state ferry system operating strategies designed to achieve state ferry system objectives without established partnerships. Subject to the provisions of RCW 47.60.326, the schedule of charges for the services and facilities of the system shall be fixed and revised from time to time by the commission so that the tolls and other revenues deposited in the Puget Sound ferry operations account for maintenance and operation, and all moneys in the Puget Sound capital construction account available for debt service will yield annual revenue and income sufficient, after allowance for all operating, maintenance, and repair expenses to pay the interest and principal and sinking fund charges for all outstanding revenue bonds, and to create and maintain a fund for ordinary renewals and replacements: PROVIDED, That if provision is made by any resolution for the issuance of revenue bonds for the creation and maintenance of a special fund for rehabilitating, rebuilding, enlarging, or improving all or any part of the ferry system then such schedule of tolls and rates of charges shall be fixed and revised so that the revenue and income will also be sufficient to comply with such provision.

All income and revenues as collected by the ferry system from any source shall be paid to the state treasurer for the account of the department and deposited into the Puget Sound ferry operations account. 47.60.326  Schedule of charges for state ferries—Review by department, factors considered—Rule making by commission.  (1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washingtion state ferries, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing biennium.  The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st.  The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:

(a) The amount of subsidy available to the ferry system for maintenance and operation;
(b) The time and distance of ferry runs;
(c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
(d) The efficient distribution of traffic between crosssound routes;
(e) The desirability of reasonable commutation rates for persons using the ferry system to commute daily to work;
(f) The effect of proposed fares in increasing walk-on and vehicular passenger use;
(g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;
(h) The estimated revenues that are projected to be earned by the ferry system from commercial advertisements, parking, contracts, leases, and other sources;
(i) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected revenues from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised.  The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

(5) The provisions of RCW 47.60.330 relating to public participation shall apply to the process of revising ferry tolls under this section.

(6) Under RCW 43.135.055, the transportation commission may increase ferry tolls included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(7) Notwithstanding the provisions of this section and chapter 81.28 RCW, and using sound business judgment, the chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the

47.60.330 Public participation. (1) Before a substantial expansion or curtailment in the level of service provided to ferry users, or a revision in the schedule of ferry tolls or charges, the department of transportation shall consult with affected ferry users. The consultation shall be: (a) By public hearing in affected local communities; (b) by review with the affected ferry advisory committees pursuant to RCW 47.60.310; (c) by conducting a survey of affected ferry users; or (d) by any combination of (a) through (c). Promotional, discount, and special event fares that are not part of the published schedule of ferry charges or tolls are exempt. The department shall report an accounting of all exempt revenues to the transportation commission each fiscal year.

(2) There is created a ferry system productivity council consisting of a representative of each ferry advisory committee empaneled under RCW 47.60.310, elected by the members thereof, and two representatives of employees of the ferry system appointed by mutual agreement of all of the unions representing ferry employees, which shall meet from time to time with ferry system management to discuss means of improving ferry system productivity.

(3) Before increasing ferry tolls the department of transportation shall consider all possible cost reductions with full consideration of the application of the provision to other persons or circumstances is not affected. [1981 c 344 § 8.]

47.60.656 Passenger-only ferry service—Conveyances. The department of transportation may enter into contracts with public transportation benefit areas meeting the requirements of RCW 36.57A.200 or county ferry districts to convey passenger-only ferry vessels and other properties associated with passenger-only ferry service that serve to provide passenger-only ferry service, as full or part consideration for the benefit area or ferry district assuming all future maintenance and operation obligations and costs required to maintain and operate the vessel and facilities. The conveyances must provide that the vessels or properties revert to the department if the vessels are not used for providing passenger-only ferry service. [2003 c 83 § 203.]

Reviser's note: 2003 c 83 directed that this section be added to chapter 47.52 RCW. However, codification in chapter 47.60 RCW appears to be more appropriate.

(2) The department of transportation shall make its terminal, check, and pier space available to private operators of passenger-only ferries if the space can be made available without limiting the operation of car ferries operated by the department. These private operators are not bound by the provisions of subsection (1) of this section. Charges for the equipment and space must be fair market value taking into account the public benefit derived from the passenger-only ferry service. [2003 c 373 § 3; 1983 c 15 § 27; 1986 c 13 § 47.64.090. Prior: 1949 c 148 § 8; Rem. Supp. 1949 § 6524-29.]

Reviser’s note: RCW 47.64.090 was amended three times during the 2003 legislative session, twice without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

Findings—Intent—2003 c 373: “The legislature finds that the Washington state department of transportation should focus on its core ferry mission of moving automobiles on Washington state’s marine highways. The legislature finds that current statutes impose barriers to entities other than the state operating passenger-only ferries. The legislature intends to lift those barriers to allow entities other than the state to provide passenger-only ferry service. The legislature finds that the provision of this service and the improvement in the mobility of the citizens of Washington state is legally adequate consideration for the use of state facilities in conjunction with the provision of the service, and the legislature finds that allowing the operators of passenger-only ferries to use state facilities on the basis of legally adequate consideration does not evince donative intent on the part of the legislature.” [2003 c 373 § 1.]

47.76.400  Produce railcar pool—Findings—Intent. The legislature finds that an actively coordinated and cooperatively facilitated railcar pool for transportation of perishable agricultural commodities is necessary for the continued viability and competitiveness of Washington's agricultural industry. The legislature also finds that the rail transportation model established by the Washington Grain Train program has been successful in serving the shipping needs of the wheat industry.

It is, therefore, the intent of the legislature to authorize and direct the Washington department of transportation to develop a railcar program for Washington's perishable commodity industries to be known as the Washington Produce Railcar Pool. This railcar program should be modeled from the Washington Grain Train program, but be made flexible enough to work with entities outside state government in order to fulfill its mission, including, but not limited to, the federal and local governments, commodity commissions, and private entities. [2003 c 191 § 1.]

47.76.410  Produce railcar pool—Definition. As used in RCW 47.76.400 through 47.76.450 "short line railroad" means a Class II or Class III railroad as defined by the United States Surface Transportation Board. [2003 c 191 § 2.]

47.76.420  Produce railcar pool—Departmental authority. In addition to powers otherwise granted by law,
the department may establish a Washington Produce Railcar Pool to promote viable, cost-effective rail service for Washington produce, including but not limited to apples, onions, pears, and potatoes, both processed and fresh.

To the extent that funds are appropriated, the department may:

1. Operate the Washington Produce Railcar Pool program while working in close coordination with the department of agriculture, interested commodity commissions, port districts, and other interested parties;
2. For the purposes of this program:
   a. Purchase or lease new or used refrigerated railcars;
   b. Accept donated refrigerated railcars; and
   c. Refurbish and remodel the railcars;
3. Hire, in consultation with affected stakeholders, including but not limited to short line railroads, commodity commissions, and port districts, a transportation management firm to perform the function outlined in RCW 47.76.440; and
4. Contribute the efforts of a short line rail-financing expert to find funding for the project to help interested short line railroads in this state to accomplish the necessary operating arrangements once the railcars are ready for service. [2003 c 191 § 3.]

47.76.430 Produce railcar pool—Funding. To the extent that funds are appropriated, the department shall fund the program as follows: The department may accept funding from the federal government, or other public or private sources, to purchase or lease new or used railcars and to refurbish and remodel the railcars as needed. Nothing in this section precludes other entities, including but not limited to short line railroads, from performing the remodeling under RCW 47.76.400 through 47.76.450. [2003 c 191 § 4.]

47.76.440 Produce railcar pool—Management. (1) The transportation management firm hired under RCW 47.76.420(3) shall manage the day-to-day operations of the railcars, such as monitoring the location of the cars, returning them to this state, distributing them, arranging for pretrips and repairs, and arranging for per diem, mileage allowances, and other freight billing charges with the railroads.

(2) The railcar pool must be managed over the life of the railcars so that the railcars will be distributed to railroads and port districts around the state for produce loadings as market conditions warrant or to other users, including out-of-state users by contractual agreement, during times of excess capacity.

(3) To maximize railcar availability and use, the department or the transportation management firm may make agreements with the transcontinental railroad systems to pool Washington-owned or Washington-managed railcars with those of the railroads. In such instances, the railroad must agree to provide immediately an equal number of railcars to the Washington railcar pool.

(4) The department shall act in an oversight role to verify that the railcar pool is managed in accordance with subsections (2) and (3) of this section. [2003 c 191 § 5.]

47.76.450 Produce railcar pool account. The produce railcar pool account is created in the custody of the state treasurer. All receipts from per diem charges, mileage charges, and freight billing charges paid by railroads and shippers that use the railcars in the Washington Produce Railcar Pool must be deposited into the account. Expenditures from the account may be used only for the purposes of RCW 47.76.400 through 47.76.440. Only the secretary of transportation or the secretary’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2003 c 191 § 6.]

(1) An issuer and an employee welfare benefit plan, whether insured or self funded, as defined in the employee retirement income security act of 1974, 29 U.S.C. Sec. 1101 et seq. may not deny enrollment of a child under the health plan of the child's parent on the grounds that:  
(a) The child was born out of wedlock;  
(b) The child is not claimed as a dependent on the parent's federal tax return; or  
(c) The child does not reside with the parent or in the issuer's, or insured or self funded employee welfare benefit plan's service area.

(a) Provide such information to the custodial parent as may be necessary for the child to obtain benefits through that coverage;  
(b) Permit the provider or the custodial parent to submit claims for covered services without the approval of the noncustodial parent. If the provider submits the claim, the provider will obtain the custodial parent's assignment of insurance benefits or otherwise secure the custodial parent's approval.  
For purposes of this subsection the department of social and health services as the state medicaid agency under RCW 74.09.500 may reassign medical insurance rights to the provider for custodial parents whose children are eligible for services under RCW 74.09.500; and  
(c) Make payments on claims submitted in accordance with (b) of this subsection directly to the custodial parent, to the provider, or to the department of social and health services as the state medicaid agency under RCW 74.09.500.  
(3) Where a child does not reside in the issuer's service area, an issuer shall cover no less than urgent and emergent care. Where the issuer offers broader coverage, whether by policy or reciprocal agreement, the issuer shall provide such coverage to any child otherwise covered that does not reside in the issuer's service area.  
(4) Where a parent is required by a court order to provide health coverage for a child, and the parent is eligible for family health coverage, the issuer, or insured or self funded employee welfare benefit plan, shall:  
(a) Permit the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions;  
(b) Enroll the child under family coverage upon application of the child's other parent, department of social and health services as the state medicaid agency under RCW 74.09.500, or child support enforcement program, if the parent is enrolled but fails to make application to obtain coverage for such child; and  
(c) Not disenroll, or eliminate coverage of, such child who is otherwise eligible for the coverage unless the issuer or insured or self funded employee welfare benefit plan is provided satisfactory written evidence that:
(i) The court order is no longer in effect; or
(ii) The child is or will be enrolled in comparable health coverage through another issuer, or insured or self funded employee welfare benefit plan, which will take effect not later than the effective date of disenrollment.

(5) An issuer, or insured or self funded employee welfare benefit plan, that has been assigned the rights of an individual eligible for medical assistance under Medicaid and coverage for health benefits from the issuer, or insured or self funded employee welfare benefit plan, may not impose requirements on the department of social and health services that are different from requirements applicable to an agent or assignee of any other individual so covered. 48.02.190 Operating costs of office—Insurance commissioner's regulatory account—Contributions by insurance organizations, fees. (1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state and every health care service contractor registered to do business in this state. "Class one" organizations shall consist of all insurers as defined in RCW 48.01.050. "Class two" organizations shall consist of all organizations registered under provisions of chapter 48.44 RCW.

(b) "Receipts" means (i) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (ii) prepayments to health care service contractors as set forth in RCW 48.44.010(3) less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations. Each class of organization shall contribute sufficient in fees to the insurance commissioner's regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) Fees charged shall be calculated separately for each class of organization. The fee charged each organization shall be that portion of the cost of operating the insurance commissioner's office, for that class of organization, for the ensuing fiscal year that is represented by the organization's portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year: PROVIDED, That the fee shall not exceed one-eighth of one percent of receipts: PROVIDED FURTHER, That the minimum fee shall be one thousand dollars.

(4) The commissioner shall annually, on or before June 1, calculate and bill each organization for the amount of its fee. Fees shall be due and payable no later than June 15 of each year: PROVIDED, That if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such fees within the time specified, the commissioner may use the fee factors for the prior year as the basis for the fees and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. The penalties for failure to pay fees when due shall be the same as the penalties for failure to pay taxes pursuant to RCW 48.14.060. The fees required by this section are in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner's regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner's regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner's regulatory account to the succeeding fiscal year and shall be used to reduce future fees. During the 2003-2005 fiscal biennium, the legislature may transfer from the insurance commissioner's regulatory account to the state general fund such amounts as reflect excess fund balance in the account. FEES AND TAXES

Sections
48.14.029 Premium tax credit—New employment for international service activities in eligible areas—Designation of census tracts for eligibility—Records—Tax due upon ineligibility—Interest assessment—Information from employment security department. (1) Subject to the limits in this section, an eligible person is allowed a credit against the tax due under RCW 48.14.020. The credit is based on qualified employment positions in eligible areas. The credit is available to persons who are engaged in international insurance services as defined in this section. In order to receive the credit, the international insurance services activities must take place at a business within the eligible area.

(2)(a) The credit shall equal three thousand dollars for each qualified employment position created after July 1, 1998, in an eligible area. A credit is earned for the calendar year the person is hired to fill the position, plus the four subsequent consecutive years, if the position is maintained for those four years.

(b) Credit may not be taken for hiring of persons into positions that exist on July 1, 1998. Credit is authorized for new employees hired for new positions created after July 1, 1998. New positions filled by existing employees are eligible for the credit under this section only if the position vacated by the existing employee is filled by a new hire.

(c) When a position is newly created, if it is filled before July 1st, this position is eligible for the full yearly credit. If it is filled after June 30th, this position is eligible for half of the credit.

(d) Credit may be accrued and carried over until it is used. No refunds may be granted for credits under this section.

(3) For the purposes of this section:

(a) "Eligible area" means: (i) A community empowerment zone under RCW 43.31C.020; or (ii) a contiguous group of census tracts that meets the unemployment and poverty criteria of RCW 43.31C.030 and is designated under subsection (4) of this section;
(b) "Eligible person" means a person, as defined in RCW 82.04.030, who in an eligible area at a specific location is engaged in the business of providing international insurance services;

(c) "International insurance services" means a business that provides insurance services related directly to the delivery of the service outside the United States or on behalf of persons residing outside the United States; and

(d) "Qualified employment position" means a permanent full-time position to provide international insurance services. If an employee is either voluntarily or involuntarily separated from employment, the employment position is considered filled on a full-time basis if the employer is either training or actively recruiting a replacement employee.

(4) By ordinance, the legislative authority of a city with population greater than eighty thousand, located in a county containing no community empowerment zones as designated under RCW 43.31C.020, may designate a contiguous group of census tracts within the city as an eligible area under this section. Each of the census tracts must meet the unemployment and poverty criteria of RCW 43.31C.030. Upon making the designation, the city shall transmit to the department of revenue a certification letter and a map, each explicitly describing the boundaries of the census tract. This designation must be made by December 31, 1998.

(5) No application is necessary for the tax credit. The person must keep records necessary for the department to verify eligibility under this section. This information includes:

(a) Employment records for the previous six years;
(b) Information relating to description of international insurance services activity engaged in at the eligible location by the person; and
(c) Information relating to customers of international insurance services activity engaged in at that location by the person.

(6) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been used shall be immediately due. The department shall assess interest, but not penalties, on the credited taxes for which the person is not eligible. The interest must be paid to the state treasurer and credited to the general fund.

(2) In addition to the penalties set forth in subsection (1) of this section, interest will accrue on the amount of the unpaid tax or prepayment at the maximum legal rate of interest permitted under RCW 19.52.020 commencing sixty-one days after the tax is due until paid. This interest will not accrue on taxes imposed under RCW 48.15.120.

(3) The commissioner may revoke the certificate of authority or registration of any delinquent insurer or taxpayer, and the certificate of authority or registration will not be reissued until all taxes, prepayments of tax, interest, and penalties have been fully paid and the insurer or taxpayer has otherwise qualified for the certificate of authority or registration. Violations may result in suspension or revocation of a license. [2003 c 250 § 2; 1992 c 149 § 1; 1983 1st ex.s. c 32 § 3; 1980 c 102 § 2; 1947 c 79 § .15.02; Rem. Supp. 1947 § 45.15.02.]

(3) Any person who knowingly violates RCW 48.15.020(1) is guilty of a class B felony punishable under chapter 9A.20 RCW.

(4) Any criminal penalty imposed under this section is in addition to, and not in lieu of, any other civil or administrative penalty or sanction otherwise authorized under state law.

(5)(a) If the commissioner has cause to believe that any person has violated the provisions of RCW 48.15.020(1), the commissioner may:

(i) Issue and enforce a cease and desist order in accordance with the provisions of RCW 48.02.080; and/or

(ii) Assess a civil penalty of not more than twenty-five thousand dollars for each violation, after providing notice and an opportunity for a hearing in accordance with chapters 34.05 and 48.04 RCW.

(b) Upon failure to pay a civil penalty when due, the attorney general may bring a civil action on behalf of the commissioner to recover the unpaid penalty. Any amounts collected by the commissioner must be paid to the state treasurer for the account of the general fund. [2003 c 250 § 3.]

48.19.043 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition. (1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for rates.

(2) Notwithstanding the provisions of RCW 48.19.040(1), commercial property casualty policies may be issued prior to filing the rates. All commercial property casualty rates shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty rate has been filed, the commissioner finds that the rate does not meet the requirements of this chapter, the commissioner shall disapprove the filing and give notice to the insurer or rating organization that made the filing, specifying how the filing fails to meet the requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a rate filing under subsection (3) of this section, the insurer shall issue an endorsement changing the rate to comply with the commissioner's disapproval from the date the rate is no longer effective.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, occupation, nonprofit organization, or public entity for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(7) In the event a hearing is held on the actions of the commissioner under subsection (3) of this section, the burden of proof is on the commissioner. [2003 c 248 § 7; 1997 c 428 § 2.]

48.31.184 Ancillary receiver in another state or foreign country—Failure to transfer assets. If an ancillary receiver in another state or foreign country, whether called by that name or not, fails to transfer to the domiciliary liquidator in this state assets within his or her control other than special deposits, diminished only by the expenses of the ancillary receivership, if any, then the claims filed in the ancillary receivership, other than special deposit claims or secured claims, shall be placed in the class of claims under RCW 48.31.280(8). [2003 c 248 § 12; 1993 c 462 § 74.]

48.31.185 Receiver's proposal to disperse assets upon liquidation—Application for approval—Contents of proposal—Notice of application. (1) Within one hundred twenty days of a final determination of insolvency of an insurer and order of liquidation by a court of competent jurisdiction of this state, the receiver shall make application to the court for approval of a proposal to disperse assets out of that insurer's marshalled assets from time to time as assets become available to the Washington insurance guaranty association and the Washington life and disability insurance guaranty association and to any entity or person performing a similar function in another state. For purposes of this section, "associations" means the Washington insurance guaranty association and the Washington life and disability insurance
guaranty association and any entity or person performing a similar function in other states.

(2) Such a proposal must at least include provisions for:
   (a) Reserving amounts for the payment of claims falling within the priorities established in RCW 48.31.280;
   (b) Disbursement of the assets marshalled to date and subsequent disbursements of assets as they become available;
   (c) Equitable allocation of disbursements to each of the associations entitled thereto;
   (d) The securing by the receiver from each of the associations entitled to disbursements pursuant to this section an agreement to return to the receiver assets previously disbursed that are required to pay claims of secured creditors and claims falling within the priorities established in RCW 48.31.280. A bond is not required of any association; and
   (e) A full report by the association to the receiver accounting for all assets so disbursed to the association, all disbursements made therefrom, any interest earned by the association on those assets, and any other matters as the court may direct.

(3) The receiver's proposal must provide for disbursements to the associations in amounts estimated at least equal to the claim payments made or to be made thereby for which such associations could assert a claim against the receiver, and must further provide that if the assets available for disbursement from time to time do not equal or exceed the amount of the claim payments made or to be made by the associations then disbursements must be in the amount of available assets.

(4) The receiver's proposal shall, with respect to an insolvent insurer writing life insurance, disability insurance, or annuities, provide for disbursements of assets to the Washington life and disability insurance guaranty association or to any other entity or organization reinsuring, assuming, or guaranteeing policies or contracts of insurance under the provisions of the Washington life and disability insurance guaranty association act.

(5) Notice of an application must be given to the associations in and to the commissioners of insurance of each of the states. Notice is effected when deposited in the United States certified mails, first class postage prepaid, at least thirty days prior to submission of the application to the court. 48.43.115 Maternity services—Intent—Definitions—Patient preference—Clinical sovereignty of provider—Notice to policyholders—Application. (1) The legislature recognizes the role of health care providers as the appropriate authority to determine and establish the delivery of quality health care services to maternity patients and their newly born children. It is the intent of the legislature to recognize patient preference and the clinical sovereignty of providers as they make determinations regarding services provided and the length of time individual patients may need to remain in a health care facility after giving birth. It is not the intent of the legislature to diminish a carrier’s ability to utilize managed care strategies but to ensure the clinical judgment of the provider is not undermined by restrictive carrier contracts or utilization review criteria that fail to recognize individual postpartum needs.

(2) Unless otherwise specifically provided, the following definitions apply throughout this section:
   (a) "Attending provider" means a provider who: Has clinical hospital privileges consistent with RCW 70.43.020; is included in a provider network of the carrier that is providing coverage; and is a physician licensed under chapter 18.57 or 18.71 RCW, a certified nurse midwife licensed under chapter 18.79 RCW, a midwife licensed under chapter 18.50 RCW, a physician's assistant licensed under chapter 18.57A or 18.71A RCW, or an advanced registered nurse practitioner licensed under chapter 18.79 RCW.
   (b) "Health carrier" or "carrier" means disability insurers regulated under chapter 48.20 or 48.21 RCW, health care service contractors regulated under chapter 48.44 RCW, health maintenance organizations regulated under chapter 48.46 RCW, plans operating under the health care authority under chapter 41.05 RCW, the state health insurance pool operating under chapter 48.41 RCW, and insuring entities regulated under this chapter.

(3)(a) Every health carrier that provides coverage for maternity services must permit the attending provider, in consultation with the mother, to make decisions on the length of inpatient stay, rather than making such decisions through contracts or agreements between providers, hospitals, and insurers. These decisions must be based on accepted medical practice.
   (b) Covered eligible services may not be denied for inpatient, postdelivery care to a mother and her newly born child after a vaginal delivery or a cesarean section delivery for such care as ordered by the attending provider in consultation with the mother.
   (c) At the time of discharge, determination of the type and location of follow-up care must be made by the attending provider in consultation with the mother rather than by contract or agreement between the hospital and the insurer. These decisions must be based on accepted medical practice.
   (d) Covered eligible services may not be denied for follow-up care, including in-person care, as ordered by the attending provider in consultation with the mother. Coverage for providers of follow-up services must include, but need not be limited to, attending providers as defined in this section, home health agencies licensed under chapter 70.127 RCW, and registered nurses licensed under chapter 18.79 RCW.
   (e) This section does not require attending providers to authorize care they believe to be medically unnecessary.
   (f) Coverage for the newly born child must be no less than the coverage of the child’s mother for no less than three weeks, even if there are separate hospital admissions.

(4) A carrier that provides coverage for maternity services may not deselect, terminate the services of, require additional documentation from, require additional utilization review of, reduce payments to, or otherwise provide financial disincentives to any attending provider or health care facility

(4) Any health maintenance organization receiving a certificate of registration pursuant to this chapter is exempt from chapter 48.05 RCW. [2003 c 248 § 17; 1996 c 178 § 13; 1983 c 106 § 7; 1975 1st ex.s. c 290 § 18.]

The program shall, unless the program’s treasurer is a county treasurer, require a bond obtained from a surety company authorized to do business in Washington in an amount and under the terms and conditions that the program funds will protect against loss arising from mismanagement or malfeasance in investing and managing program funds. The program may pay the premium on the bond.

All program funds must be paid to the treasurer and shall be disbursed by the treasurer only on warrants issued by the treasurer or a person appointed by the program and upon orders or vouchers approved by the program or as authorized under chapters 35A.40 and 42.24 RCW. (8) Subsections (3) and (4) of this section do not apply to a multistate joint self-insurance program governed by RCW 48.62.081. [2003 c 248 § 20; 1991 sp.s. c 30 § 11.]

DAY CARE CENTERS—SELF-INSURANCE

Sections
48.90.010 Findings and intent.
48.90.020 Definitions.
48.90.030 Authority to self-insure.
48.90.140 Dissolution of plan and association.

48.90.010 Findings and intent. (1) Day care providers are facing a major crisis in that adequate and affordable business liability insurance is no longer available within this state for persons who care for children. Many child day care centers have been forced to purchase inadequate coverage at prohibitive premium rates from unregulated foreign surplus line carriers over which the state has minimal control.

(2) There is a danger that a substantial number of child day care centers who cannot afford the escalating premiums will be unable or unwilling to remain in business without ade-
quate coverage. As a result the number of available facilities will be drastically reduced forcing some parents to leave the work force to care for their children. A corresponding demand upon the state's resources will result in the form of public assistance to unemployed parents and day care providers.

(3) There is a further danger that a substantial number of child day care centers now licensed pursuant to state law, who currently provide specific safeguards for the health and safety of children but are unable to procure insurance, may choose to continue to operate without state approval, avoiding regulation and payment of legitimate taxes, and forcing some parents to place their children in facilities of unknown quality and questionable levels of safety.

(4) Most child day care centers are small business enterprises with limited resources. The state's policies encourage the growth and development of small businesses.

(5)(a) This chapter is intended to remedy the problem of nonexistent or unaffordable liability coverage for child day care centers, and to encourage compliance with state laws protecting children while meeting the state's sound economic policies of encouraging small business development, sustaining an active work force, and discouraging policies that result in an increased drain on the state's resources through public assistance and other forms of public funding.

(b) This chapter will empower child day care centers to create self-insurance pools, to purchase insurance coverage, and to contract for risk management and administrative services through an association with demonstrated responsible fiscal management.

The intent of this legislation is to allow these associations maximum flexibility to create and administer plans to provide coverage and risk management services to licensed child day care centers. [2003 c 248 § 21; 1986 c 142 § 1.]

48.90.020 Definitions. The definitions in this section apply throughout this chapter.

(1) "Child day care center" means an agency that regularly provides care for one or more children for periods of less than twenty-four hours as defined in RCW 74.15.020(1)(a).

(2) "Association" means a corporation organized under Title 24 RCW, representative of one or more categories of child day care centers not formed for the sole purpose of establishing and operating a self-insurance program that:

(a) Maintains a roster of current names and addresses of member child day care centers and of former member child day care centers or their representatives, and of all employees of member or former member child day care centers;

(b) Has a membership of a size and stability to ensure that it will be able to provide consistent and responsible fiscal management; and

(c) Maintains a regular newsletter or other periodic communication to member child day care centers.

(3) "Subscriber" means a child day care center that:

(a) Subscribes to a plan created pursuant to this chapter;

(b) Complies with all state licensing requirements;

(c) Is a member in good standing of an association;

(d) Has consistently maintained its license free from revocation for cause, except where the revocation was not later rescinded or vacated by appellate or administrative decision; and

(e) Is prepared to demonstrate the willingness and ability to bear its share of the financial responsibility of its participation in the plan for each applicable contractual period. [2003 c 248 § 22; 1986 c 142 § 2.]

48.90.030 Authority to self-insure. Associations meeting the criteria of RCW 48.90.020 are empowered to create and operate self-insurance plans to provide general liability coverage to member child day care centers who choose to subscribe to the plans. [2003 c 248 § 23; 1986 c 142 § 3.]

48.90.140 Dissolution of plan and association. (1) If at any time the plan can no longer be operated on a sound financial basis, the association may elect to dissolve the plan, subject to explicit approval by the commissioner of a plan for dissolution. Once a plan operated by an association has been dissolved, that association may not again implement a plan pursuant to this chapter for five calendar years.

(2) At dissolution, the assets of the association represented by the contributing trust fund shall be deposited with the commissioner for a period of twenty-one years, to be made available for claims arising during that period based upon occurrences during the term of coverage. At the time of transfer of the funds, the association shall certify to the commissioner a list of all current subscribers, with their correct mailing addresses, and shall have notified all current subscribers of their obligation to keep the commissioner informed of any changes in their mailing addresses over the twenty-one year period, and that this obligation extends to their representatives, successors, assigns, and to the representatives of their estates. Upon dissolution, the association is required to provide to the commissioner a list of all plan subscribers during all of the years of operation of the plan.

At the end of the twenty-one year period, any funds remaining in the trust account must be distributed to those subscribers who were current subscribers in the most recent year of operation of the plan, with each current subscriber receiving an equal share of the distribution, without regard for the length of time each child day care center was a subscriber.

In the alternative, in the discretion of the association, the balance of the contributing trust fund may be used to purchase similar or more liberal coverage from a commercial insurer. Each subscriber shall, however, be given the option to deposit its share of the fund with the commissioner as provided in this section if it elects not to participate in the proposed commercial insurance. [2003 c 248 § 24; 1986 c 142 § 14.]

However, this chapter and the rules adopted thereunder apply to these public employers only to the extent that this chapter and the rules adopted thereunder do not conflict with: (i) Any state statute or rule; and (ii) respect to political subdivisions of the state and any municipal or quasi-municipal corporation, any local resolution, ordinance, or rule adopted under the authority of the local legislative authority before April 1, 2003.

(4) "Employee" means an employee who is employed in the business of the employee's employer whether by way of manual labor or otherwise.

(5) "Conditions of labor" means and includes the conditions of rest and meal periods for employees including provisions for personal privacy, practices, methods and means by or through which labor or services are performed by employees and includes bona fide physical qualifications in employment, but shall not include conditions of labor otherwise governed by statutes and rules and regulations relating to industrial safety and health administered by the department.

(6) For the purpose of chapter 16, Laws of 1973 2nd ex. sess. a minor is defined to be a person of either sex under the age of eighteen years. [2003 c 401 § 2; 1998 c 334 § 1; 1994 c 164 § 13; 1988 c 236 § 8; 1973 2nd ex.s. c 16 § 1.]

Legislative findings—Effective date—2003 c 401: See notes following RCW 49.12.270.

49.12.187 Collective bargaining rights not affected. This chapter shall not be construed to interfere with, impede, or in any way diminish the right of employers to bargain collectively with their employers through representatives of their own choosing concerning wages or standards or conditions of employment. However, rules adopted under this chapter regarding appropriate rest and meal periods as applied to employees in the construction trades may be superseded by a collective bargaining agreement negotiated under the national labor relations act, 29 U.S.C. Sec. 151 et seq., if the terms of the collective bargaining agreement covering such employees specifically require rest and meal periods and prescribe requirements concerning those rest and meal periods.

Employees of public employers may enter into collective bargaining contracts, labor/management agreements, or other mutually agreed to employment agreements that specifically vary from or supersede, in part or in total, rules adopted under this chapter regarding appropriate rest and meal periods. [2003 c 401 § 3; 2003 c 146 § 1; 1973 2nd ex.s. c 16 § 18.]

Reviser's note: This section was amended by 2003 c 146 § 1 and by 2003 c 401 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Purpose—Intent—2003 c 401: "The legislature finds that the enactment of chapter 236, Laws of 1988 amended the definition of employer under the industrial welfare act, chapter 49.12 RCW, to ensure that the family care provisions of that act applied to the state and political subdivisions. The legislature further finds that this amendment of the definition of employer may be interpreted as creating an ambiguity as to whether the other provisions of chapter 49.12 RCW have applied to the state and its political subdivisions. The purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of chapter 49.12 RCW and chapter 236, Laws of 1988 and resolve any ambiguity. It is the intent of the legislature to establish that, prior to May 20, 2003, chapter 49.12 RCW and the rules adopted thereunder did not apply to the state or its agencies and political subdivisions except as expressly provided for in chapter 49.12.250 through 49.12.295, 49.12.350 through 49.12.370, 49.12.450, and 49.12.460." [2003 c 401 § 1.]

Effective date—2003 c 401: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 20, 2003]." [2003 c 401 § 6.]

49.12.360 Parental leave—Discrimination prohibited. (1) An employer must grant an adoptive parent or a stepparent, at the time of birth or initial placement for adoption of a child under the age of six, the same leave under the same terms as the employer grants to biological parents. As a term of leave, an employer may restrict leave to those living with the child at the time of birth or initial placement.

(2) An employer must grant the same leave upon the same terms for men as it does for women.

(3) The department shall administer and investigate violations of this section. Notices of infraction, penalties, and appeals shall be administered in the same manner as violations under RCW 49.12.285.

(4) For purposes of this section, "leave" means any leave from employment granted to care for a newborn or a newly adopted child at the time of placement for adoption.

(5) Nothing in this section requires an employer to:

(a) Grant leave equivalent to maternity disability leave; or

(b) Establish a leave policy to care for a newborn or newly placed child if no such leave policy is in place for any of its employees. [2003 c 401 § 4; 1989 1st ex.s. c 11 § 23.]

(2) An employer whose practices in violation of the requirements of RCW 49.12.121 or 49.12.123, or a rule or order adopted under RCW 49.12.121 or 49.12.123, result in the death or permanent disability of a minor employee is guilty of a gross misdemeanor.

(a) A volunteer fire fighter who believes he or she was discharged or disciplined in violation of this section may file a complaint alleging the violation with the director. The volunteer firefighter may allege a violation only by filing such a complaint within ninety days of the alleged violation.

(b) Upon receipt of the complaint, the director must cause an investigation to be made as the director deems appropriate and must determine whether this section has been violated. Notice of the director's determination must be sent to the complainant and the employer within ninety days of receipt of the complaint.

(c) If the director determines that this section was violated and the employer fails to reinstate the employee or withdraw the disciplinary action taken against the employee, whichever is applicable, within thirty days of receipt of notice of the director's determination, the volunteer fire fighter may bring an action against the employer alleging a violation of this section and seeking reinstatement or withdrawal of the disciplinary action.

(d) In any action brought under this section, the superior court shall have jurisdiction, for cause shown, to restrain violation under this section and to order reinstatement of the employee or withdrawal of the disciplinary action.

(3) For the purposes of this section:

(a) "Alarm of fire or emergency call" means responding to, working at, or returning from a fire alarm or an emergency call, but not participating in training or other nonemergency activities.

(b) "Employer" means an employer who had twenty or more full-time equivalent employees in the previous year.

(c) "Reinstatement" means reinstatement with back pay, without loss of seniority or benefits, and with removal of any related adverse material from the employee's personnel file, if a file is maintained by the employer.

(d) "Withdrawal of disciplinary action" means withdrawal of disciplinary action with back pay, without loss of seniority or benefits, and with removal of any related adverse material from the employee's personnel file, if a file is maintained by the employer.

(e) "Volunteer fire fighter" means a fire fighter who:

(i) Is not paid;

(ii) Is not already at his or her place of employment when called to serve as a volunteer, unless the employer agrees to provide such an accommodation; and

(iii) Has been ordered to remain at his or her position by the commanding authority at the scene of the fire.

(4) The legislature declares that the public policies articulated in this section depend on the procedures established in this section and no civil or criminal action may be maintained relying on the public policies articulated in this section without complying with the procedures set forth in this section, and to that end all civil actions and civil causes of action for such injuries and all jurisdiction of the courts of this state over such causes are hereby abolished, except as provided in this section. [2003 c 401 § 5; 2001 c 173 § 1.]
