(2) All health benefit plans offered to public employees and their covered dependents under this chapter that provide coverage for medical and surgical services shall provide:
(a) For all health benefit plans established or renewed on or after January 1, 2006, coverage for:
(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison; and
(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.
(b) For all health benefit plans established or renewed on or after January 1, 2008, coverage for:
(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and
(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.
(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.
(4) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.
(5) Nothing in this section shall be construed to prevent the management of mental health services.
(6) The administrator will consider care management techniques for mental health services, including but not limited to: (a) Authorized treatment plans; (b) preauthorization requirements based on the type of service; (c) concurrent and retrospective utilization review; (d) utilization management practices; (e) discharge coordination and planning; and (f) contracting with and using a network of participating providers. [2005 c 6 § 2.]

Findings—Intent—2005 c 6: "The legislature finds that the costs of leaving mental disorders untreated or undertreated are significant, and often include: Decreased job productivity, loss of employment, increased disability costs, deteriorating school performance, increased use of other health services, treatment delays leading to more costly treatments, suicide, family breakdown and impoverishment, and institutionalization, whether in hospitals, juvenile detention, jails, or prisons.

Treatable mental disorders are prevalent and often have a high impact on health and productive life. The legislature finds that the potential benefits of improved access to mental health services are significant. Additionally, the legislature declares that it is not cost-effective to treat persons with mental disorders differently than persons with medical and surgical disorders.

Therefore, the legislature intends to require that insurance coverage be at parity for mental health services, which means this coverage be delivered under the same terms and conditions as medical and surgical services." [2005 c 6 § 1.]

Severability—2005 c 6: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 6 § 13.]

41.05.601 Mental health services—Rules. The administrator may adopt rules to implement RCW 41.05.600. [2005 c 6 § 12.]

Findings—Intent—Severability—2005 c 6: See notes following RCW 41.05.600.

However, in counties with a population less than sixty thousand, the member of the disability board appointed by a majority of the mayors of the cities and towns within the county that do not contain a city disability board must be a resident of one of the cities and towns but need not be a member of a city or town legislative body. Purpose—1999 c 134: "The purpose of sections 1 through 4 of this act is to clarify that the intent of the legislature in enacting RCW 41.26.160, insofar as that section provides benefits to members or surviving spouses for deaths incurred in the line of duty, was to provide a statute in the nature of a workers' compensation act that provides compensation to employees or surviving spouses for personal injuries or deaths incurred in the course of employment. Accordingly, this act amends and divides RCW 41.26.160 into two separate sections. Section 2 of this act clarifies and emphasizes the legislature's intent that the death benefits granted by RCW 41.26.160, as amended, are granted only to those members who die or become disabled by any injury or incapacity that is incurred in the line of duty. Section 3 of this act continues to provide death retirement benefits to members or surviving spouses for deaths not incurred in the line of duty." [1999 c 134 § 1.]

Retroactive application—1999 c 134 § 2: "The provisions of section 2 of this act apply retrospectively to all line of duty death retirement allowances granted under chapter 41.26 RCW prior to April 28, 1999." [1999 c 134 § 4.]

Effective date—1999 c 134: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 28, 1999]." [1999 c 134 § 5.]

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4)(a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member's estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient's death, then to the surviving spouse, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member's surviving spouse or, if there is no surviving spouse, then in equal shares to the member's children. If there is no surviving spouse or children, the department shall retain the contributions.

41.26.520 Service credit for paid leave of absence, officers of labor organizations, unpaid leave of absence, military service. (1) A member who is on a paid leave of absence authorized by a member's employer shall continue to receive service credit as provided for under the provisions of RCW 41.26.410 through 41.26.550.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of
absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The basic salary reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (7) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if the member makes the employer, member, and state contributions plus interest as determined by the department for the period of the authorized leave of absence within five years of resumption of service or prior to retirement whichever comes sooner.

(4) A law enforcement member may be authorized by an employer to work part time and to go on a part-time leave of absence. During a part-time leave of absence a member is prohibited from any other employment with their employer. A member is eligible to receive credit for any portion of service credit not earned during a month of part-time leave of absence if the member makes the employer, member, and state contributions plus interest, as determined by the department for the period of the authorized leave of absence within five years of resumption of full-time service or prior to retirement whichever comes sooner. Any service credit purchased for a part-time leave of absence is included in the two-year maximum provided in subsection (3) of this section.

(5) If a member fails to meet the time limitations of subsection (3) or (4) of this section, the member may receive a maximum of two years of service credit during a member's working career for those periods when a member is on unpaid leave of absence authorized by an employer. This may be done by paying the amount required under RCW 41.50.165(2) prior to retirement.

(6) For the purpose of subsection (3) or (4) of this section, the contribution shall not include the contribution for the unfunded supplemental present value as required by RCW 41.45.060, 41.45.061, and 41.45.067. The contributions required shall be based on the average of the member's basic salary at both the time the authorized leave of absence was granted and the time the member resumed employment.

(7) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

(a) The member qualifies for service credit under this subsection if:

(i) Within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services; and

(ii) The member makes the employee contributions required under RCW 41.45.060, 41.45.061, and 41.45.067 within five years of resumption of service or prior to retirement, whichever comes sooner; or

(iii) Prior to retirement and not within ninety days of the member's honorable discharge or five years of resumption of service the member pays the amount required under RCW 41.50.165(2).

(b) Upon receipt of member contributions under (a)(ii), (d)(iii), or (e)(ii)(ii) of this subsection, the department shall establish the member's service credit and shall bill the employer and the state for their respective contributions required under RCW 41.26.450 for the period of military service, plus interest as determined by the department.

(c) The contributions required under (a)(ii), (d)(iii), or (e)(ii)(ii) of this subsection shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(d) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;

(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under chapter 41.45 RCW within five years of the date of death or prior to the distribution of any benefit, whichever comes first.

(e) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

(iii) The member pays the employee contributions required under chapter 41.45 RCW within five years of the director's determination of total disability or prior to the distribution of any benefit, whichever comes first.

(8) A member receiving benefits under Title 51 RCW who is not receiving benefits under this chapter shall be deemed to be on unpaid, authorized leave of absence. (a) Remain a member of the public employees' retirement system; or

(b) Leave any service credit earned as a member of the public employees' retirement system in the public employees' retirement system, and have all future service earned in the law enforcement officers' and fire fighters' retirement system plan 2, becoming a dual member under the provisions of chapter 41.54 RCW; or

(c) Make an election no later than June 30, 2013, filed in writing with the department of retirement systems, to transfer service credit previously earned as an emergency medical technician for a city, town, county, or district in the public employees' retirement system plan 1 or plan 2 to the law enforcement officers' and fire fighters' retirement system plan 2 as defined in RCW 41.26.030. Service credit that a member elects to transfer from the public employees' retirement system to the law enforcement officers' and fire fighters' retirement system under this section shall be transferred no earlier than five years after the effective date the member elects to transfer, and only after the member earns five years of service credit as a fire fighter following the effective date the member elects to transfer.

(2) A member of plan 1 who was a member of the public employees' retirement system while employed providing emergency medical services for a city, town, county, or district and whose job was relocated from another department of a city, town, county, or district to a fire department has the following options:

(a) Remain a member of the public employees' retirement system; or

However, in no event shall service credit be transferred earlier than five years after the effective date the member elects to transfer, or prior to the member earning five years of service credit as a fire fighter following the effective date the member elects to transfer.

(b) A member who elects to transfer service credit under this subsection shall pay, for the applicable period of service, the difference between the contributions the employee paid to the public employees' retirement system plan 1 or plan 2 and the contributions that would have been paid by the employee had the employee been a member of the law enforcement officers' and fire fighters' retirement system plan 2, plus interest on this difference as determined by the director. This payment must be made no later than five years from the effective date of the election made under subsection (1)(c) of this section and must be made prior to retirement.

(c) For a period of service transferred by a member eligible for membership in plan 2 under RCW 41.26.030(4)(h), the employer shall pay an amount sufficient to ensure that the contribution level to the law enforcement officers' and fire fighters' retirement system will not increase due to this transfer. This payment must be made within five years of the completion of the employee payment in (b) of this subsection.

(d) No earlier than five years after the effective date the member elects to transfer service credit under this section and upon completion of the payment required in (b) of this subsection, the department shall transfer from the public employees' retirement system plan 1 or plan 2 to the law enforcement officers' and fire fighters' retirement system plan 2: (i) All of the employee's applicable accumulated contributions plus interest and an equal amount of employer contributions; and (ii) all applicable months of service, as defined in RCW 41.26.030(14)(b), credited to the employee under this chapter for service as an emergency services provider for a city, town, county, or district as though that service was rendered as a member of the law enforcement officers' and fire fighters' retirement system plan 2.

(e) Upon transfer of service credit, contributions, and interest under this subsection, the employee is permanently excluded from membership in the public employees' retirement system for all service transfers related to their time served as an emergency medical technician for a city, town, county, or district under the public employees' retirement system plan 1 or plan 2. (A) Retroactive payments to an individual by an employer on reinstatement of the employee in a position, or payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wages which the individual would have earned during a payroll period shall be considered earnable compensation and the individual shall receive the equivalent service credit.

(d) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. (17) The city manager or chief administrative officer of a city or town, other than a retiree, who serves at the pleasure of an appointing authority: PROVIDED, That such persons shall have the option of applying for membership within thirty days from date of their appointment to such positions. Persons serving in such capacities as of April 4, 1986, shall continue to be members in the retirement system unless they notify the director in writing prior to December 31, 1986, of their desire to withdraw from membership in the retirement system. A member who withdraws from membership in the system under this section shall receive a refund of the member's accumulated contributions.

Intent—1999 c 286: "It is the intent of the legislature that retirement benefits represent a valuable element of the total compensation and benefits employees receive for their service. The value of these benefits is contained in the retirement income and cost-of-living adjustments provided to employees who remain in public service until retirement. For the majority of public employees, this requires membership in the public employees' retirement system.

The legislature recognizes, however, that certain occupations display a pattern of interstate mobility which requires retirement benefits which are highly portable. Incumbents in these occupations gain little value from membership in the public employees' retirement system. In order to remove any barrier to employing qualified personnel in positions with high mobility, membership in the retirement system should be optional in those occupations." [1999 c 286 § 1.]

41.40.037 Service by retirees—Reduction of retirement allowance upon reemployment—Reestablishment of membership. (Effective July 1, 2006.) (1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree's monthly retirement allowance will be reduced by five and one-half percent for every eight hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred sixty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) Except as provided in (b) of this subsection, a retiree from plan 1 who enters employment with an employer at least one calendar month after his or her accrual date may continue to receive pension payments while engaged in such service for up to eight hundred sixty-seven hours of service in a calendar year without a reduction of pension.

(b) A retiree from plan 1 who enters employment with an employer at least three calendar months after his or her accrual date and:

(i) Is hired into a position for which the employer has documented a justifiable need to hire a retiree into the position;

(ii) Is hired through the established process for the position with the approval of: A school board for a school district; the chief executive officer of a state agency employer; the secretary of the senate for the senate; the chief clerk of the house of representatives for the house of representatives; the secretary of the senate and the chief clerk of the house of representatives jointly for the joint legislative audit and review committee, the joint committee on pension policy, the legislative evaluation and accountability program, the legislative systems committee, and the statute law committee; or according to rules adopted for the rehiring of retired plan 1 members for a local government employer;

(iii) The employer retains records of the procedures followed and decisions made in hiring the retiree, and provides those records in the event of an audit; and

(iv) The employee has not already rendered a cumulative total of more than one thousand nine hundred hours of service while in receipt of pension payments beyond an annual threshold of eight hundred sixty-seven hours;

shall cease to receive pension payments while engaged in that service after the retiree has rendered service for more than one thousand five hundred hours in a calendar year. The one thousand nine hundred hour cumulative total under this subsection applies prospectively to those retiring after July 27, 2003, and retroactively to those who retired prior to July 27, 2003, and shall be calculated from the date of retirement.

(c) When a plan 1 member renders service beyond eight hundred sixty-seven hours, the department shall collect from the employer the applicable employer retirement contributions for the entire duration of the member's employment during that calendar year.

(d) A retiree from plan 2 or plan 3 who has satisfied the break in employment requirement of subsection (1) of this section may work up to eight hundred sixty-seven hours in a calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a fire fighter or law enforcement officer, as defined in RCW 41.26.030, without suspension of his or her benefit.

(3) If the retiree opts to reestablish membership under RCW 41.40.023(12), he or she terminates his or her retirement status and becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible in accordance with RCW 41.40.180. However, if the right to retire is exercised to become effective before the member has rendered two uninterrupted years of service, the retirement formula and survivor options the member had at the time of the member's previous retirement shall be reinstated.
(4) The department shall collect and provide the state actuary with information relevant to the use of this section for the select committee on pension policy.

(5) The legislature reserves the right to amend or repeal this section in the future and no member or beneficiary has a contractual right to be employed for more than five months in a calendar year without a reduction of his or her pension. [2005 c 319 § 103; 2004 c 242 § 63. Prior: 2003 c 412 § 5; 2003 c 295 § 7; 2001 2nd sp.s. c 10 § 4; (2001 2nd sp.s. c 10 § 12 repealed by 2002 c 26 § 9); 1997 c 254 § 14.]

Effective dates—2001 2nd sp.s. c 10: "Except for section 12 of this act which takes effect December 31, 2004, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2001." [2001 2nd sp.s. c 10 § 14.]

41.40.038 Duty disability retirement recipients—Continued service credit. Those members subject to this chapter who became disabled in the line of duty on or after March 27, 1984, and who received or are receiving benefits under Title 51 RCW or a similar federal workers’ compensation program shall receive or continue to receive service credit subject to the following:

(1) No member may receive more than one month’s service credit in a calendar month.

(2) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(3) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(4) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(5) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred. If contribution payments are made retroactively, interest shall be charged at the rate set by the director on both employee and employer contributions. No service credit shall be granted until the employee contribution has been paid.

(6) The service and compensation credit shall not be granted for a period to exceed twenty-four consecutive months.

(7) Nothing in this section shall abridge service credit rights granted in RCW 41.40.220(2) and 41.40.320.

(8) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right. [2005 c 363 § 1; 1987 c 118 § 1; 1986 c 176 § 2. Formerly RCW 41.40.223.]

(2) If he or she has applied or shall apply for reinstatement of employment, within one year from termination of the military service, and is refused employment for reasons beyond his or her control, he or she shall, upon resumption of service within ten years have such service credited to him or her.

(3) In any event, after completing twenty-five years of creditable service, any member may have service in the armed forces credited to him or her as a member whether or not he or she left the employment of an employer to enter the armed service: PROVIDED, That in no instance, described in this section, shall military service in excess of five years be credited: AND PROVIDED FURTHER, That in each instance the member must restore all withdrawn accumulated contributions, which restoration must be completed within five years of membership service following the first resumption of employment or complete twenty-five years of creditable service: AND PROVIDED FURTHER, That this section will not apply to any individual, not a veteran within the meaning of RCW 41.04.005.

The compensation earnable reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. 41.40.805 Leaves of absence—Military service. (1) A member who is on a paid leave of absence authorized by a member's employer shall continue to receive service credit.

(2) A member who receives compensation from an employer while on an authorized leave of absence to serve as an elected official of a labor organization, and whose employer is reimbursed by the labor organization for the compensation paid to the member during the period of absence, may also be considered to be on a paid leave of absence. This subsection shall only apply if the member's leave of absence is authorized by a collective bargaining agreement that provides that the member retains seniority rights with the employer during the period of leave. The earnable compensation reported for a member who establishes service credit under this subsection may not be greater than the salary paid to the highest paid job class covered by the collective bargaining agreement.

(3) Except as specified in subsection (4) of this section, a member shall be eligible to receive a maximum of two years service credit during a member's entire working career for those periods when a member is on an unpaid leave of absence authorized by an employer. Such credit may be obtained only if:

(a) The member makes the contribution on behalf of the employer, plus interest, as determined by the department; and
(b) The member makes the employee contribution, plus interest, as determined by the department, to the defined contribution portion.

The contributions required shall be based on the average of the member's earnable compensation at both the time the authorized leave of absence was granted and the time the member resumed employment.

(4) A member who leaves the employ of an employer to enter the uniformed services of the United States shall be entitled to retirement system service credit for up to five years of military service if within ninety days of the member's honorable discharge from the uniformed services of the United States, the member applies for reemployment with the employer who employed the member immediately prior to the member entering the uniformed services. This subsection shall be administered in a manner consistent with the requirements of the federal uniformed services employment and reemployment rights act.

The department shall establish the member's service credit and shall bill the employer for its contribution required under RCW 41.45.060 and 41.45.067 for the period of military service, plus interest as determined by the department. Service credit under this subsection may be obtained only if the member makes the employee contribution to the defined contribution portion as determined by the department.

The contributions required shall be based on the compensation the member would have earned if not on leave, or if that cannot be estimated with reasonable certainty, the compensation reported for the member in the year prior to when the member went on military leave.

(a) The surviving spouse or eligible child or children of a member who left the employ of an employer to enter the uniformed services of the United States and died while serving in the uniformed services may, on behalf of the deceased member, apply for retirement system service credit under this subsection up to the date of the member's death in the uniformed services. The department shall establish the deceased member's service credit if the surviving spouse or eligible child or children:

(i) Provides to the director proof of the member's death while serving in the uniformed services;
(ii) Provides to the director proof of the member's honorable service in the uniformed services prior to the date of death; and

(iii) Pays the employee contributions required under this subsection within five years of the date of death or prior to the distribution of any benefit, whichever comes first.

(b) A member who leaves the employ of an employer to enter the uniformed services of the United States and becomes totally incapacitated for continued employment by an employer while serving in the uniformed services is entitled to retirement system service credit under this subsection up to the date of discharge from the uniformed services if:

(i) The member obtains a determination from the director that he or she is totally incapacitated for continued employment due to conditions or events that occurred while serving in the uniformed services;

(ii) The member provides to the director proof of honorable discharge from the uniformed services; and

(iii) The member pays the employee contributions required under this subsection within five years of the director's determination of total disability or prior to the distribution of any benefit, whichever comes first. [2005 c 64 § 3; 2000 c 247 § 306.]

**41.40.823 Member with terminal illness—Removal from system.** (1) Upon application of the member, a member who is diagnosed with a terminal illness shall be removed from membership in the system subject to the following conditions:

(a) That the medical adviser, after a medical examination of the member made by or under the direction of the medical adviser, has certified in writing that the member has a terminal illness with a life expectancy of five or fewer years; and

(b) That the director concurs in the recommendation of the medical adviser.

(2) Members removed from the system shall not make contributions toward a defined contribution account as defined in chapter 41.34 RCW and shall not accumulate additional service credit.

(3) The legislature reserves the right to amend or repeal this section in the future and no member or beneficiary has a contractual right to this benefit not granted prior to that amendment or repeal. [2005 c 131 § 1.]

*Effective date—2005 c 131: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 21, 2005].” [2005 c 131 § 10.]*

**41.40.850 Suspension of retirement allowance upon reemployment—Exception—Reinstatement.** (1) Except as provided in RCW 41.40.037, no retiree under the provisions of plan 3 shall be eligible to receive such retiree's monthly retirement allowance if he or she is employed in an eligible position as defined in RCW 41.40.010, 41.32.010, 41.35.010, or 41.37.010, or as a law enforcement officer or fire fighter as defined in RCW 41.26.030, except that a retiree who ends his or her membership in the retirement system pursuant to RCW 41.40.023(3)(b) is not subject to this section if the retiree's only employment is as an elective official of a city or town.

(2) If a retiree's benefits have been suspended under this section, his or her benefits shall be reinstated when the retiree terminates the employment that caused his or her benefits to be suspended. Upon reinstatement, the retiree's benefits shall be actuarially recomputed pursuant to the rules adopted by the department.

(3) The department shall adopt rules implementing this section. [2005 c 327 § 9; 2000 c 247 § 315.]

**41.45.010 Intent—Findings—Goals.** *(Expires July 1, 2006.)* It is the intent of the legislature to provide a dependable and systematic process for funding the benefits provided to members and retirees of the public employees' retirement system, chapter 41.40 RCW; the teachers' retirement system, chapter 41.32 RCW; the law enforcement officers' and fire fighters' retirement systems, chapter 41.26 RCW; the school employees' retirement system, chapter 41.35 RCW; and the Washington state patrol retirement system, chapter 43.43 RCW.

The legislature finds that the funding status of the state retirement systems has improved dramatically since 1989. Because of the big reduction in unfunded pension liabilities, it is now prudent to adjust the long-term economic assumptions that are used in the actuarial studies conducted by the state actuary. The legislature finds that it is reasonable to increase the salary growth assumption in light of Initiative Measure No. 732, to increase the investment return assumption in light of the asset allocation policies and historical returns of the state investment board, and to reestablish June 30, 2024, as the target date to achieve full funding of all liabilities in the public employees' retirement system plan 1, the teachers' retirement system plan 1, and the law enforcement officers' and fire fighters' retirement system plan 1.

The funding process established by this chapter is intended to achieve the following goals:

(1) To continue to fully fund the public employees' retirement system plans 2 and 3, the teachers' retirement system plans 2 and 3, the school employees' retirement system plans 2 and 3, and the law enforcement officers' and fire fighters' retirement system plan 2 as provided by law;

(2) To fully amortize the total costs of the public employees' retirement system plan 1, the teachers' retirement system plan 1, and the law enforcement officers' and fire fighters' retirement system plan 1, not later than June 30, 2024;
(3) To establish long-term employer contribution rates which will remain a relatively predictable proportion of the future state budgets; and

(4) To fund, to the extent feasible, benefit increases for plan 1 members and all benefits for plan 2 and 3 members over the working lives of those members so that the cost of those benefits are paid by the taxpayers who receive the benefit of those members' service. 41.45.010 Intent—Findings—Goals. (Effective July 1, 2006.) It is the intent of the legislature to provide a dependable and systematic process for funding the benefits provided to members and retirees of the public employees' retirement system, chapter 41.40 RCW; the teachers' retirement system, chapter 41.32 RCW; the law enforcement officers' and fire fighters' retirement systems, chapter 41.26 RCW; the school employees' retirement system, chapter 41.35 RCW; the public safety employees' retirement system, chapter 41.37 RCW; and the Washington state patrol retirement system, chapter 41.43 RCW.

The legislature finds that the funding status of the state retirement systems has improved dramatically since 1989. Because of the big reduction in unfunded pension liabilities, it is now prudent to adjust the long-term economic assumptions that are used in the actuarial studies conducted by the state actuary. 41.45.062 Annual contribution rate increases—Employer, state, and plan 2 members. The basic employer and state contribution rates and required plan 2 member contribution rates are changed to reflect the 2003 actuarial valuation and actuarial projections of the 2005 actuarial valuation, both of which incorporate the 2002 actuarial experience study conducted by the office of the state actuary for 1995-2000. This contribution rate schedule departs from the normal biennial process for setting contribution rates by requiring annual increases in rates during the 2005-2007 biennium, and by requiring annual rates to be adopted by the pension funding council for the 2007-2009 biennium. The rates are lower in the 2005-2007 biennium than required by the 2003 actuarial valuation and will be higher in the 2007-2009 biennium than required by the projected 2005 actuarial valuation.

Upon completion of the 2005 actuarial valuation, the pension funding council and the state actuary shall review the appropriateness of the contribution rates for 2007-2008 and 2008-2009 and by September 30, 2006, the pension funding council shall adopt contribution rates to complete the four-year phase-in schedule, adjusted for any material changes in benefits or actuarial assumptions, methods, or experience. This contribution rate schedule also requires a departure from the allocation formula for contributions in RCW 41.45.050, suspension of payments on the unfunded liability in the public employees' retirement system and the teachers' retirement system during the 2005-2007 biennium, and a delay in the recognition of the cost of future gain-sharing benefits until the 2007-2009 biennium.

(1) Beginning July 1, 2005, the following employer contribution rate shall be charged: 2.25 percent for the public employees' retirement system.

(2) Beginning September 1, 2005, the following employer contribution rates shall be charged:

(a) 2.75 percent for the school employees' retirement system; and

(b) 2.73 percent for the teachers' retirement system.

(3) Beginning July 1, 2005, the following member contribution rate shall be charged: 2.25 percent for the public employees' retirement system plan 2.

Finding—2001 c 98: "The legislature finds that public health and safety is promoted when the public has knowledge that enables them to make informed choices about their health and safety. Therefore, the legislature declares, as a matter of public policy, that the public has a right to information necessary to protect members of the public from harm caused by alleged hazards or threats to the public."

The legislature also recognizes that the public disclosure of those portions of records containing specific and unique vulnerability assessments or specific and unique response plans, either of which is intended to prevent or mitigate criminal terrorist acts as defined in RCW 70.74.285, could have a substantial likelihood of threatening public safety. Therefore, the legislature declares, as a matter of public policy, that such specific and unique information should be protected from unnecessary disclosure.” [2001 c 98 § 1.]

Working group on veterans' records: "The protection from identity theft for veterans who choose to file their discharge papers with the county auditor is a matter of grave concern. At the same time, the integrity of the public record of each county is a matter of utmost importance to the economic life of this state and to the right of each citizen to be secure in his or her ownership of real property and other rights and obligations of our citizens that rely upon the public record for their proof. Likewise the integrity of the public record is essential for the establishment of ancestral ties that may be of interest to this and future generations. While the public record as now kept by the county auditors is sufficient by itself for the accomplishment of these and many other public and private purposes, the proposed use of the public record for purposes that in their nature and intent are not public, so as to keep the veterans' discharge papers from disclosure to those of ill intent, causes concern among many segments of the population of this state.

In order to voice these concerns effectively and thoroughly, a working group may be convened by the joint committee on veterans' and military affairs to develop a means to preserve the integrity of the public record while protecting those veterans from identity theft." [2002 c 224 § 1.]

Findings—2001 c 98: "The legislature finds that public health and safety is promoted when the public has knowledge that enables them to make informed choices about their health and safety. Therefore, the legislature declares, as a matter of public policy, that the public has a right to information necessary to protect members of the public from harm caused by alleged hazards or threats to the public.

The legislature also recognizes that the public disclosure of those portions of records containing specific and unique vulnerability assessments or specific and unique response plans, either of which is intended to prevent or mitigate criminal terrorist acts as defined in RCW 70.74.285, could have a substantial likelihood of threatening public safety. Therefore, the legislature declares, as a matter of public policy, that such specific and unique information should be protected from unnecessary disclosure." [2001 c 98 § 1.]

puterized data that includes personal information shall disclose any breach of the security of the system following discovery or notification of the breach in the security of the data to any resident of this state whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person. The disclosure shall be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, as provided in subsection (3) of this section, or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

(b) For purposes of this section, "agency" means the same as in RCW 42.17.020.

(2) Any agency that maintains computerized data that includes personal information that the agency does not own shall notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

(3) The notification required by this section may be delayed if a law enforcement agency determines that the notification will impede a criminal investigation. The notification required by this section shall be made after the law enforcement agency determines that it will not compromise the investigation.

(4) For purposes of this section, "breach of the security of the system" means unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of personal information maintained by the agency. Good faith acquisition of personal information by an employee or agent of the agency for the purposes of the agency is not a breach of the security of the system when the personal information is not used or subject to further unauthorized disclosure.

(5) For purposes of this section, "personal information" means an individual's first name or first initial and last name in combination with any one or more of the following data elements, when either the name or the data elements are not encrypted:

(a) Social security number;
(b) Driver's license number or Washington identification card number; or
(c) Account number or credit or debit card number, in combination with any required security code, access code, or password that would permit access to an individual's financial account.

(6) For purposes of this section, "personal information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

(7) For purposes of this section and except under subsection (8) of this section, notice may be provided by one of the following methods:

(a) Written notice;
(b) Electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 U.S.C. Sec. 7001; or
(c) Substitute notice, if the agency demonstrates that the cost of providing notice would exceed two hundred fifty thousand dollars, or that the affected class of subject persons to be notified exceeds five hundred thousand, or the agency does not have sufficient contact information. Substitute notice shall consist of all of the following:

(i) E-mail notice when the agency has an e-mail address for the subject persons;
(ii) Conspicuous posting of the notice on the agency's web site page, if the agency maintains one; and
(iii) Notification to major statewide media.

(8) An agency that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this section is in compliance with the notification requirements of this section if it notifies subject persons in accordance with its policies in the event of a breach of security of the system.

(9) Any waiver of the provisions of this section is contrary to public policy, and is void and unenforceable.

(10)(a) Any customer injured by a violation of this section may institute a civil action to recover damages. (b) Any business that violates, proposes to violate, or has violated this section may be enjoined. (c) The rights and remedies available under this section are cumulative to each other and to any other rights and remedies available under law.

(d) An agency shall not be required to disclose a technical breach of the security system that does not seem reasonably likely to subject customers to a risk of criminal activity. [2005 c 368 § 1.]

42.17.31923 Certain information from dairies and feedlots limited—Rules. The following information in plans, reports, and records obtained by state and local agencies from dairies, animal feeding operations, and concentrated animal feeding operations, not required to apply for a national pollutant discharge elimination system permit is disclosable only in ranges that provide meaningful information to the public while ensuring confidentiality of business information regarding: (1) Number of animals; (2) volume of livestock nutrients generated; (3) number of acres covered by the plan or used for land application of livestock nutrients; (4) livestock nutrients transferred to other persons; and (5) crop yields. The department of agriculture shall adopt rules to implement this section in consultation with affected state and local agencies. [2005 c 319 § 23.]

42.17.340 Judicial review of agency actions. (Effective until July 1, 2006.) (1) Upon the motion of any person having been denied an opportunity to inspect or copy a public
record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under *RCW 42.17.250 through 42.17.320 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not less than five dollars and not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis. (b) Fulfilling large requests in the most efficient manner;
(c) Fulfilling requests for electronic records; and

42.17.510 Identification of sponsor—Exemptions. (Effective January 1, 2006.) (1) All written political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name and address. All radio and television political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name. The use of an assumed name for the sponsor of electioneering communications, independent expenditures, or political advertising shall be unlawful. For partisan office, if a candidate has expressed a party or independent preference on the declaration of candidacy, that party or independent designation shall be clearly identified in electioneering communications, independent expenditures, or political advertising.

(2) In addition to the materials required by subsection (1) of this section, except as specifically addressed in subsections (4) and (5) of this section, all political advertising undertaken as an independent expenditure by a person or entity other than a party organization, and all electioneering communications, must include the following statement as part of the communication "NOTICE TO VOTERS (Required by law): This advertisement is not authorized or approved by any candidate. It is paid for by (name, address, city, state)." If the advertisement undertaken as an independent expenditure or electioneering communication is undertaken by a nonindividual other than a party organization, then the following notation must also be included: "Top Five Contributors," followed by a listing of the names of the five persons or entities making the largest contributions in excess of seven hundred dollars reportable under this chapter during the twelve-month period before the date of the advertisement or communication.

(3) The statements and listings of contributors required by subsections (1) and (2) of this section shall:

(a) Appear on the first page or fold of the written advertisement or communication in at least ten-point type, or in type at least ten percent of the largest size type used in a written advertisement or communication directed at more than one voter, such as a billboard or poster, whichever is larger;
(b) Not be subject to the half-tone or screening process; and

(c) Be set apart from any other printed matter.

(4) In an independent expenditure or electioneering communication transmitted via television or other medium that includes a visual image, the following statement must either be clearly spoken, or appear in print and be visible for at least four seconds, appear in letters greater than four percent of the visual screen height, and have a reasonable color contrast with the background: "No candidate authorized this ad. Paid for by (name, city, state)." If the advertisement or communication is undertaken by a nonindividual other than a party organization, then the following statement must also be included: "Top Five Contributors" followed by a listing of the names of the five persons or entities making the largest contributions in excess of seven hundred dollars reportable under this chapter during the twelve-month period before the date of the advertisement. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(5) The following statement shall be clearly spoken in an independent expenditure or electioneering communication transmitted by a method that does not include a visual image: "No candidate authorized this ad. Paid for by (name, city, state)." If the independent expenditure or electioneering communication is undertaken by a nonindividual other than a party organization, then the following statement must also be included: "Top Five Contributors" followed by a listing of the names of the five persons or entities making the largest contributions in excess of seven hundred dollars reportable under this chapter during the twelve-month period before the date of the advertisement. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(6) Political yard signs are exempt from the requirement of subsections (1) and (2) of this section that the name and address of the sponsor of political advertising be listed on the advertising. In addition, the public disclosure commission shall, by rule, exempt from the identification requirements of subsections (1) and (2) of this section forms of political advertising such as campaign buttons, balloons, pens, pencils, sky-writing, inscriptions, and other forms of advertising where identification is impractical.

(7) For the purposes of this section, "yard sign" means any outdoor sign with dimensions no greater than eight feet by four feet. [2005 c 445 § 9; 1995 c 397 § 19; 1993 c 2 § 22 (Initiative Measure No. 134, approved November 3, 1992); 1984 c 216 § 1.]

Advertising rates for political candidates: RCW 65.16.095.

**REPORTING OF ELECTIONEERING COMMUNICATIONS**

**42.17.561 Findings. (Effective January 1, 2006.)** The legislature finds that:

1. Timely disclosure to voters of the identity and sources of funding for electioneering communications is vitally important to the integrity of state, local, and judicial elections.

2. Electioneering communications that identify political candidates for state, local, or judicial office and that are distributed sixty days before an election for those offices are intended to influence voters and the outcome of those elections.

3. The state has a compelling interest in providing voters information about electioneering communications in political campaigns concerning candidates for state, local, or judicial office so that voters can be fully informed as to:
   a. Source of support or opposition to those candidates; and
   b. Identity of persons attempting to influence the outcome of state, local, and judicial candidate elections.

4. Nondisclosure of financial information about advertising that masquerades as relating only to issues and not to candidate campaigns fosters corruption or the appearance of corruption. These consequences can be substantially avoided by full disclosure of the identity and funding of those persons paying for such advertising.

5. The United States supreme court held in *McConnell et al. v. Federal Elections Commission*, 540 U.S. 93, 124 S.Ct. 619, 157 L.Ed.2d 491 (2003) that speakers seeking to influence elections do not possess an inviolable free speech right to engage in electioneering communications regarding elections, including when issue advocacy is the functional equivalent of express advocacy. Therefore, such election does not apply to statements made by a candidate or the candidate's agent about the candidate himself or herself.

(b) Political advertising or an electioneering communication that falsely represents that a candidate is the incumbent for the office sought when in fact the candidate is not the incumbent;

(c) Political advertising or an electioneering communication that makes either directly or indirectly, a false claim stating or implying the support or endorsement of any person or organization when in fact the candidate does not have such support or endorsement.

(2) Any violation of this section shall be proven by clear and convincing evidence. [2005 c 445 § 10; 1999 c 304 § 2; 1988 c 199 § 2; 1984 c 216 § 3.]

Finding—Intent—1999 c 304: "(1) The Washington supreme court in a case involving a ballot measure, *State v. 119 Vote No! Committee*, 135 Wn.2d 618 (1998), found the statute that prohibits persons from sponsoring, with actual malice, political advertising containing false statements of material fact to be invalid under the First Amendment to the United States Constitution.

(2) The legislature finds that a review of the opinions indicates that a majority of the supreme court may find valid a statute that limited such a prohibition on sponsoring with actual malice false statements of material fact in a political campaign to statements about a candidate in an election for public office.

(3) It is the intent of the legislature to amend the current law to provide protection for candidates for public office against false statements of material fact sponsored with actual malice." [1999 c 304 § 1.]

**42.17.530 False political advertising or electioneering communication. (Effective January 1, 2006.)** (1) It is a violation of this chapter for a person to sponsor with actual malice:

(a) Political advertising or an electioneering communication that contains a false statement of material fact about a candidate for public office. However, this subsection (1)(a)
campaign communications can be regulated and the source of funding disclosed.

(6) The state also has a sufficiently compelling interest in preventing corruption in political campaigns to justify and restore contribution limits and restrictions on the use of soft money in RCW 42.17.640. Those interests include restoring restrictions on the use of such funds for electioneering communications, as well as the laws preventing circumvention of those limits and restrictions. [2005 c 445 § 1.]

42.17.562 Intent. (Effective January 1, 2006.) Based upon the findings in RCW 42.17.561, chapter 445, Laws of 2005 is narrowly tailored to accomplish the following and is intended to:

(1) Improve the disclosure to voters of information concerning persons and entities seeking to influence state, local, and judicial campaigns through reasonable and effective mechanisms, including improving disclosure of the source, identity, and funding of electioneering communications concerning state, local, and judicial candidate campaigns;

(2) Regulate electioneering communications that mention state, local, and judicial candidates and that are broadcast, mailed, erected, distributed, or otherwise published right before the election so that the public knows who is paying for such communications;

(3) Reenact and amend the contribution limits in RCW 42.17.640 (6) and (14) and the restrictions on the use of soft money, including as applied to electioneering communications, as those limits and restrictions were in effect following the passage of chapter 2, Laws of 1993 (Initiative No. 134) and before the state supreme court decision in Washington State Republican Party v. Washington State Public Disclosure Commission, 141 Wn.2d 245, 4 P.3d 808 (2000). The commission is authorized to fully restore the implementation of the limits and restrictions of RCW 42.17.640 (6) and (14) in light of McConnell et al. v. Federal Elections Commission, 540 U.S. 93, 124 S.Ct. 619, 157 L.Ed.2d 491 (2003). The United States supreme court upheld the disclosure and regulation of electioneering communications in political campaigns, including but not limited to issue advocacy that is the functional equivalent of express advocacy;

(4) Authorize the commission to adopt rules to implement chapter 445, Laws of 2005. [2005 c 445 § 2.]

42.17.565 Report—Information required—Time—Method—By whom—Penalty. (Effective January 1, 2006.) (1) A payment for or promise to pay for any electioneering communication shall be reported to the commission by the sponsor on forms the commission shall develop by rule to include, at a minimum, the following information:

(a) Name and address of the sponsor;

(b) Source of funds for the communication, including:

(i) General treasury funds. The name and address of businesses, unions, groups, associations, or other organizations using general treasury funds for the communication, however, if a business, union, group, association, or other organization undertakes a special solicitation of its members or other persons for an electioneering communication, or it otherwise receives funds for an electioneering communica-

tion, that entity shall report pursuant to (b)(ii) of this subsection;

(ii) Special solicitations and other funds. The name, address, and, for individuals, occupation and employer, of a person whose funds were used to pay for the electioneering communication, along with the amount, if such funds from the person have exceeded two hundred fifty dollars in the aggregate for the electioneering communication; and

(iii) Any other source information required or exempted by the commission by rule;

The commission may make exceptions on a case-by-case basis for a sponsor who lacks the technological ability to file reports using the electronic means provided or approved by the commission.

(4) All persons required to report under RCW 42.17.065, 42.17.080, 42.17.090, and 42.17.100 are subject to the requirements of this section, although the commission may determine by rule that persons filing according to those sections may be exempt from reporting some of the information otherwise required by this section. The commission may determine that reports filed pursuant to this section also satisfy the requirements of RCW 42.17.100 and 42.17.103.

(5) Failure of any sponsor to report electronically under this section shall be a violation of this chapter. [2005 c 445 § 3.]

(1) The sponsor of an electioneering communication shall preserve all financial records relating to the communication, including books of account, bills, receipts, contributor information, and ledgers, for not less than five calendar years following the year in which the communication was broadcast, transmitted, mailed, erected, or otherwise published.

(2) All reports filed under RCW 42.17.565 shall be certified as correct by the sponsor. 42.17.640 Limits specified—Exemptions. (Effective January 1, 2006.) (1) No person, other than a bona fide political party or a caucus political committee, may make contributions to a candidate for a state legislative office that in the aggregate exceed seven hundred dollars or to a candidate for a state office other than a state legislative office that in the aggregate exceed one thousand four hundred dollars for each election in which the candidate is on the ballot or appears as a write-in candidate. Contributions made with respect to a primary may not be made after the date of the primary. However, contributions to a candidate or a candidate's authorized committee may be made with respect to a primary until thirty days after the primary, subject to the following limitations: (a) The candidate lost the primary; (b) the candidate's authorized committee has insufficient funds to pay debts outstanding as of the date of the primary; and (c) the contributions may only be raised and spent to satisfy the outstanding debt. Contributions made with respect to a general election may not be made after the final day of the applicable election cycle.

(2) No person, other than a bona fide political party or a caucus political committee, may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of a state official during a recall campaign that in the aggregate exceed (i) seventy cents multiplied by the number of eligible registered voters in the jurisdiction entitled to recall the state official if the contributor is a political committee having the expectation of making expenditures in support of the recall of the state official, or (ii) thirty-five cents multiplied by the number of eligible registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No candidate may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed thirty-five cents times the number of registered voters in the jurisdiction from which the candidate is elected.

(4)(a) Notwithstanding subsection (2) of this section, no bona fide political party or caucus political committee may make contributions to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of a state official during a recall campaign that in the aggregate exceed (i) seventy cents multiplied by the number of eligible registered voters in the jurisdiction entitled to recall the state official if the contributor is a political committee having the expectation of making expenditures in support of the recall of the state official, or (ii) thirty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No state official against whom recall charges have been filed, no authorized committee of the official, and no political committee having the expectation of making expenditures in support of the recall of a state official may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed thirty-five cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected.

(5) For purposes of determining contribution limits under subsections (3) and (4) of this section, the number of eligible registered voters in a jurisdiction is the number at the time of the most recent general election in the jurisdiction.

(6) Notwithstanding subsections (1) through (4) of this section, no person other than an individual, bona fide political party, or caucus political committee may make contributions reportable under this chapter to a caucus political committee that in the aggregate exceed seven hundred dollars in a calendar year or to a bona fide political party that in the aggregate exceed three thousand five hundred dollars in a calendar year. This subsection does not apply to loans made in the ordinary course of business.

(7) For the purposes of RCW 42.17.640 through 42.17.790, a contribution to the authorized political committee of a candidate, or of a state official against whom recall charges have been filed, is considered to be a contribution to the candidate or state official.

(8) A contribution received within the twelve-month period after a recall election concerning a state office is considered to be a contribution during that recall campaign if the contribution is used to pay a debt or obligation incurred to influence the outcome of that recall campaign.

(9) The contributions allowed by subsection (2) of this section are in addition to those allowed by subsection (1) of this section, and the contributions allowed by subsection (4) of this section are in addition to those allowed by subsection (3) of this section.

[2005 RCW Supp—page 425]
(10) RCW 42.17.640 through 42.17.790 apply to a special election conducted to fill a vacancy in a state office. However, the contributions made to a candidate or received by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations that apply to the candidate or to contributions made to the candidate for any other primary or election.

(11) Notwithstanding the other subsections of this section, no corporation or business entity not doing business in Washington state, no labor union with fewer than ten members who reside in Washington state, and no political committee that has not received contributions of ten dollars or more from at least ten persons registered to vote in Washington state during the preceding one hundred eighty days may make contributions reportable under this chapter to a candidate, to a state official against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the official. This subsection does not apply to loans made in the ordinary course of business.

(12) Notwithstanding the other subsections of this section, no county central committee or legislative district committee may make contributions reportable under this chapter to a candidate, state official against whom recall charges have been filed, or political committee having the expectation of making expenditures in support of the recall of a state official if the county central committee or legislative district committee is outside of the jurisdiction entitled to elect the candidate or recall the state official.

(13) No person may accept contributions that exceed the contribution limitations provided in this section.

(14) The following contributions are exempt from the contribution limits of this section:

(a) An expenditure or contribution earmarked for voter registration, for absentee ballot information, for precinct caucuses, for get-out-the-vote campaigns, for precinct judges or inspectors, for sample ballots, or for ballot counting, all without promotion of or political advertising for individual candidates; or

(b) An expenditure by a political committee for its own internal organization or fund raising without direct association with individual candidates. [2005 c 445 § 11. Prior: 2001 c 208 § 1; 1995 c 397 § 20; 1993 c 2 § 4 (Initiative Measure No. 134, approved November 3, 1992).]

42.17.660 Attribution of contributions by controlled entities. For purposes of this chapter:

(1) A contribution by a political committee with funds that have all been contributed by one person who exercises exclusive control over the distribution of the funds of the political committee is a contribution by the controlling person.

(2) Two or more entities are treated as a single entity if one of the two or more entities is a subsidiary, branch, or department of a corporation that is participating in an election campaign or making contributions, or a local unit or branch of a trade association, labor union, or collective bargaining association that is participating in an election campaign or making contributions. All contributions made by a person or political committee whose contribution or expenditure activity is financed, maintained, or controlled by a trade association, labor union, collective bargaining organization, or the local unit of a trade association, labor union, or collective bargaining organization are considered made by the trade association, labor union, collective bargaining organization, or local unit of a trade association, labor union, or collective bargaining organization.

(3) The commission shall adopt rules to carry out this section and is not subject to the time restrictions of RCW 42.17.370(1). [2005 c 445 § 12; 1993 c 2 § 6 (Initiative Measure No. 134, approved November 3, 1992).]

42.17.963 Part headings not law—2005 c 445. Part headings used in this act are not any part of the law. [2005 c 445 § 14.]

42.17.964 Severability—2005 c 445. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2005 c 445 § 16.]

42.17.965 Effective dates—2005 c 445. Sections 6 and 12 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2005. The remainder of this act takes effect January 1, 2006. [2005 c 445 § 17.]

Chapter 42.23 RCW

CODE OF ETHICS FOR MUNICIPAL OFFICERS—CONTRACT INTERESTS

Sections
42.23.030 Interest in contracts prohibited—Exceptions.

42.23.030 Interest in contracts prohibited—Exceptions. No municipal officer shall be beneficially interested, directly or indirectly, in any contract which may be made by, through or under the supervision of such officer, in whole or in part, or which may be made for the benefit of his or her office, or accept, directly or indirectly, any compensation, gratuity or reward in connection with such contract from any other person beneficially interested therein. This section shall not apply in the following cases:

(1) The furnishing of electrical, water or other utility services by a municipality engaged in the business of furnishing such services, at the same rates and on the same terms as are available to the public generally;

(2) The designation of the public depositaries for municipal funds;

(3) The publication of legal notices required by law to be published by any municipality, upon competitive bidding or at rates not higher than prescribed by law for members of the general public;

(4) The designation of a school director as clerk or as both clerk and purchasing agent of a school district;

(5) The employment of any person by a municipality for unskilled day labor at wages not exceeding two hundred dollars in any calendar month. The exception provided in this subsection does not apply to a county with a population of

Code of Ethics for Municipal Officers—Contract Interests

(7) The leasing by a port district as lessor of port district property to a municipal officer or to a contracting party in which a municipal officer may be beneficially interested, if in addition to all other legal requirements, a board of three disinterested appraisers and the superior court in the county where the property is situated finds that all terms and conditions of such lease are fair to the port district and are in the public interest. The appraisers must be appointed from members of the American Institute of Real Estate Appraisers by the presiding judge of the superior court;

(8) The letting of any employment contract for the driving of a school bus in a second class school district if the terms of such contract are commensurate with the pay plan or collective bargaining agreement operating in the district;

(9) The letting of any employment contract to the spouse of an officer of a school district, when such contract is solely for employment as a substitute teacher for the school district. This exception applies only if the terms of the contract are commensurate with the pay plan or collective bargaining agreement applicable to all district employees and the board of directors has found, consistent with the written policy under RCW 28A.330.240, that there is a shortage of substitute teachers in the school district;

(10) The letting of any employment contract to the spouse of an officer of a school district if the spouse was under contract as a certificated or classified employee with the school district before the date in which the officer assumes office and the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district. However, in a second class school district that has less than two hundred full-time equivalent students enrolled at the start of the school year as defined in RCW 28A.150.040, the spouse is not required to be under contract as a certificated or classified employee before the date on which the officer assumes office;

(11) The authorization, approval, or ratification of any employment contract with the spouse of a public hospital district commissioner if: (a) The spouse was employed by the public hospital district before the date the commissioner was initially elected; (b) the terms of the contract are commensurate with the pay plan or collective bargaining agreement operating in the district for similar employees; (c) the interest of the commissioner is disclosed to the board of commissioners and noted in the official minutes or similar records of the public hospital district prior to the letting or continuation of the contract; and (d) the commissioner does not vote on the authorization, approval, or ratification of the contract or any conditions in the contract.

A municipal officer may not vote in the authorization, approval, or ratification of a contract in which he or she is beneficially interested even though one of the exemptions allowing the awarding of such a contract applies. The interest of the municipal officer must be disclosed to the governing body of the municipality and noted in the official minutes or similar records of the municipality before the formation of the contract. [2005 c 114 § 1; 1999 c 261 § 2; 1997 c 98 § 1; 1996 c 246 § 1. Prior: 1994 c 81 § 77; 1994 c 20 § 1; 1993 c 308 § 1; 1991 c 363 § 120; 1990 c 33 § 573; 1989 c 263 § 1; 1983 1st ex.s. c 44 § 1; prior: 1980 c 39 § 1; 1979 exs. c 4 § 1; 1971 exs. c 242 § 1; 1961 c 268 § 4.]

Findings—Intent—1999 c 261: "The legislature finds that:

(1) The current statutes pertaining to municipal officers' beneficial interest in contracts are quite confusing and have resulted in some inadvertent violations of the law.

(2) The dollar thresholds for many of the exemptions have not been changed in over thirty-five years, and the restrictions apply to the total amount of the contract instead of the portion of the contract that pertains to the business operated by the municipal officer.

(3) The confusion existing over these current statutes discourages some municipalities from accessing some efficiencies available to them.

Therefore, it is the intent of the legislature to clarify the statutes pertaining to municipal officers and contracts and to enact reasonable protections against inappropriate conflicts of interest." [1999 c 261 § 1.]

Chapter 42.30 RCW

OPEN PUBLIC MEETINGS ACT

Sections
42.30.080 Special meetings.
42.30.110 Executive sessions.

42.30.080 Special meetings. A special meeting may be called at any time by the presiding officer of the governing body of a public agency or by a majority of the members of the governing body by delivering written notice personally, by mail, by fax, or by electronic mail to each member of the governing body; and to each local newspaper of general circulation and to each local radio or television station which has on file with the governing body a written request to be notified of such special meeting or of all special meetings. Such notice must be delivered personally, by mail, by fax, or by electronic mail at least twenty-four hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. Final disposition shall not be taken on any other matter at such meetings by the governing body. Such written notice may be dispensed with as to any member who at or prior to the time the meeting convenes files with the clerk or secretary of the governing body a written waiver of notice. Such waiver may be given by telegram, by fax, or by electronic mail. Such written notice may also be dispensed with as to any member who is actually present at the meeting at the time it convenes. The notices provided in this section may be dispensed with in the event a special meeting is called to deal with an emergency involving injury or damage to persons or property or the likelihood of such injury or damage, when time requirements of such notice would make notice impractical and increase the likelihood of such injury or damage. [2005 c 273 § 1; 1971 ex.s. c 250 § 8.]

42.30.110 Executive sessions. (1) Nothing contained in this chapter may be construed to prevent a governing body from holding an executive session during a regular or special meeting:
(a) To consider matters affecting national security;
(b) To consider the selection of a site or the acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price;  
(c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public;
(d) To review negotiations on the performance of publicly bid contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;
(e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company;
(f) To receive and evaluate complaints or charges brought against a public officer or employee. However, upon the request of such officer or employee, a public hearing or a meeting open to the public shall be conducted upon such complaint or charge;
(g) To evaluate the qualifications of an applicant for public employment or to review the performance of a public employee. However, subject to RCW 42.30.140(4), discussion by a governing body of salaries, wages, and other conditions of employment to be generally applied within the agency shall occur in a meeting open to the public, and when a governing body elects to take final action hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action shall be taken in a meeting open to the public;
(h) To evaluate the qualifications of a candidate for appointment to elective office. However, any interview of such candidate and final action appointing a candidate to elective office shall be in a meeting open to the public;
(i) To discuss with legal counsel representing the agency matters relating to agency enforcement actions, or to discuss with legal counsel representing the agency litigation or potential litigation to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency.

This subsection (1)(i) does not permit a governing body to hold an executive session solely because an attorney representing the agency is present. For purposes of this subsection (1)(i), "potential litigation" means matters protected by RPC 1.6 or RCW 5.60.060(2)(a) concerning:
(A) Litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party;
(B) Litigation that the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity; or
(C) Litigation or legal risks of a proposed action or current practice that the agency has identified when public discussion of the litigation or legal risks is likely to result in an adverse legal or financial consequence to the agency;
(j) To consider, in the case of the state library commission or its advisory bodies, western library network prices, products, equipment, and services, when such discussion would be likely to adversely affect the network's ability to conduct business in a competitive economic climate. However, final action on these matters shall be taken in a meeting open to the public;
(k) To consider, in the case of the state investment board, financial and commercial information when the information relates to the investment of public trust or retirement funds and when public knowledge regarding the discussion would
result in loss to such funds or in private loss to the providers of this information;

(1) To consider proprietary or confidential unpublished information related to the development, acquisition, or implementation of state purchased health care services as provided in RCW 41.05.026;

(2) To consider the case of the life sciences discovery fund authority, the substance of grant applications and grant awards when public knowledge regarding the discussion would reasonably be expected to result in private loss to the providers of this information.

(2) Before convening in executive session, the presiding officer of a governing body shall publicly announce the purpose for excluding the public from the meeting place, and the time when the executive session will be concluded. The executive session may be extended to a stated later time by announcement of the presiding officer. [2005 c 424 § 13; 2003 c 277 § 1; 2001 c 216 § 1; 1989 c 238 § 2; 1987 c 389 § 3; 1986 c 276 § 8; 1985 c 366 § 2; 1983 c 155 § 3; 1979 c 42 § 1; 1973 c 66 § 2; 1971 ex.s. c 250 § 11.]

(1) "Agency" means any state board, commission, bureau, committee, department, institution, division, or tribunal in the legislative, executive, or judicial branch of state government. (a) Items from family members or friends where it is clear beyond a reasonable doubt that the gift was not made as part of any design to gain or maintain influence in the agency of which the recipient is an officer or employee;
42.52.010 Title 42 RCW: Public Officers and Agencies

c) Items exchanged among officials and employees or a social event hosted or sponsored by a state officer or state employee for coworkers;

d) Payments by a governmental or nongovernmental entity of reasonable expenses incurred in connection with a speech, presentation, appearance, or trade mission made in an official capacity. e) Items a state officer or state employee is authorized by law to accept;

(f) Payment of enrollment and course fees and reasonable travel expenses attributable to attending seminars and educational programs sponsored by a bona fide governmental or nonprofit professional, educational, trade, or charitable association or institution. (12) "Official duty" means those duties within the specific scope of employment of the state officer or state employee as defined by the officer's or employee's agency or by statute or the state Constitution.

(13) "Participate" means to participate in state action or a proceeding personally and substantially as a state officer or state employee, through approval, disapproval, decision, recommendation, the rendering of advice, investigation, or otherwise but does not include preparation, consideration, or enactment of legislation or the performance of legislative duties.

(14) "Person" means any individual, partnership, association, corporation, firm, institution, or other entity, whether or not operated for profit.

(15) "Regulatory agency" means any state board, commission, department, or officer, except those in the legislative or judicial branches, authorized by law to conduct adjudicative proceedings, issue permits or licenses, or to control or affect interests of identified persons.

(16) "Responsibility" in connection with a transaction involving the state, means the direct administrative or operating authority, whether intermediate or final, and either exercisable alone or through subordinates, effectively to approve, disapprove, or otherwise direct state action in respect of such transaction.

(17) "State action" means any action on the part of an agency, including, but not limited to:

(a) Any violation that may have occurred is not within the jurisdiction of the board;
(b) The complaint is obviously unfounded or frivolous; or
(c) Any violation that may have occurred does not constitute a material violation because it was inadvertent and minor, or has been cured, and, after consideration of all of the circumstances, further proceedings would not serve the purposes of this chapter.

(2) Written notice of the determination under subsection (1) of this section shall be provided to the complainant, respondent, and the board. The written notice to the complainant shall include a statement of the complainant’s right to appeal to the board under subsection (3) of this section if the dismissal order was issued by staff.

Public Records

42.56.060

(a) Descriptions of its central and field organization and the established places at which, the employees from whom, and the methods whereby, the public may obtain information, make submittals or requests, or obtain copies of agency decisions,

(b) Statements of the general course and method by which its operations are channeled and determined, including the nature and requirements of all formal and informal procedures available;

(c) Rules of procedure;

(d) Substantive rules of general applicability adopted as authorized by law, and statements of general policy or interpretations of general applicability formulated and adopted by the agency; and

(e) Each amendment or revision to, or repeal of any of the foregoing.

(2) Except to the extent that he has actual and timely notice of the terms thereof, a person may not in any manner be required to resort to, or be adversely affected by, a matter required to be published or displayed and not so published or displayed. [1973 c 1 § 25 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.250.]

42.56.050 Invasion of privacy, when. (Effective July 1, 2006.) A person's "right to privacy," "right of privacy," "privacy," or "personal privacy," as these terms are used in this chapter, is invaded or violated only if disclosure of information about the person: (1) Would be highly offensive to a reasonable person, and (2) is not of legitimate concern to the public. The provisions of this chapter dealing with the right to privacy in certain public records do not create any right of privacy beyond those rights that are specified in this chapter as express exemptions from the public's right to inspect, examine, or copy public records. [1987 c 403 § 2. Formerly RCW 42.17.255.]

Intent—1987 c 403: "The legislature intends to restore the law relating to the release of public records largely to that which existed prior to the Washington Supreme Court decision in "In Re Rosier," 105 Wn.2d 606 (1986). The intent of this legislation is to make clear that: (1) Absent statutory provisions to the contrary, agencies possessing records should in responding to requests for disclosure not make any distinctions in releasing or not releasing records based upon the identity of the person or agency which requested the records, and (2) agencies having public records should rely only upon statutory exemptions or prohibitions for refusal to provide public records. Further, to avoid unnecessary confusion, "privacy" as used in RCW 42.17.255 is intended to have the same meaning as the definition given that word by the Supreme Court in "Hearst v. Hoppe," 90 Wn.2d 123, 135 (1978)." [1987 c 403 § 1.]

Severability—1987 c 403: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 403 § 7.]

42.56.060 Disclaimer of public liability. (Effective July 1, 2006.) No public agency, public official, public employee, or custodian shall be liable, nor shall a cause of action exist, for any loss or damage based upon the release of a public record if the public agency, public official, public employee, or custodian acted in good faith in attempting to comply with the provisions of this chapter. [1992 c 139 § 11. Formerly RCW 42.17.258]
42.56.070 Documents and indexes to be made public. (Effective July 1, 2006.) (1) Each agency, in accordance with published rules, shall make available for public inspection and copying all public records, unless the record falls within the specific exemptions of subsection (6) of this section, this chapter, or other statute which exempts or prohibits disclosure of specific information or records. To the extent required to prevent an unreasonable invasion of personal privacy interests protected by this chapter, an agency shall delete identifying details in a manner consistent with this chapter when it makes available or publishes any public record; however, in each case, the justification for the deletion shall be explained fully in writing.

(2) For informational purposes, each agency shall publish and maintain a current list containing every law, other than those listed in this chapter, that the agency believes exempts or prohibits disclosure of specific information or records of the agency. An agency's failure to list an exemption shall not affect the efficacy of any exemption.

(3) Each local agency shall maintain and make available for public inspection and copying a current index providing identifying information as to the following records issued, adopted, or promulgated after January 1, 1973:

(a) Final opinions, including concurring and dissenting opinions, as well as orders, made in the adjudication of cases;
(b) Those statements of policy and interpretations of policy, statute, and the Constitution which have been adopted by the agency;
(c) Administrative staff manuals and instructions to staff that affect a member of the public;
(d) Planning policies and goals, and interim and final planning decisions;
(e) Factual staff reports and studies, factual consultant's reports and studies, scientific reports and studies, and any other factual information derived from tests, studies, reports, or surveys, whether conducted by public employees or others; and
(f) Correspondence, and materials referred to therein, by and with the agency relating to any regulatory, supervisory, or enforcement responsibilities of the agency, whereby the agency determines, or opines upon, or is asked to determine or opine upon, the rights of the state, the public, a subdivision of state government, or of any private party.

(4) A local agency need not maintain such an index, if to do so would be unduly burdensome, but it shall in that event:

(a) Issue and publish a formal order specifying the reasons why and the extent to which compliance would unduly burden or interfere with agency operations; and
(b) Make available for public inspection and copying all indexes maintained for agency use.

(5) Each state agency shall, by rule, establish and implement a system of indexing for the identification and location of the following records:

(a) All records issued before July 1, 1990, for which the agency has maintained an index;
(b) Final orders entered after June 30, 1990, that are issued in adjudicative proceedings as defined in RCW 34.05.010 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;
(c) Declaratory orders entered after June 30, 1990, that are issued pursuant to RCW 34.05.240 and that contain an analysis or decision of substantial importance to the agency in carrying out its duties;
(d) Interpretive statements as defined in RCW 34.05.010 that were entered after June 30, 1990; and
(e) Policy statements as defined in RCW 34.05.010 that were entered after June 30, 1990.

Rules establishing systems of indexing shall include, but not be limited to, requirements for the form and content of the index, its location and availability to the public, and the schedule for revising or updating the index. State agencies that have maintained indexes for records issued before July 1, 1990, shall continue to make such indexes available for public inspection and copying. Information in such indexes may be incorporated into indexes prepared pursuant to this subsection. State agencies may satisfy the requirements of this subsection by making available to the public indexes prepared by other parties but actually used by the agency in its operations. State agencies shall make indexes available for public inspection and copying. State agencies may charge a fee to cover the actual costs of providing individual mailed copies of indexes.

(6) A public record may be relied on, used, or cited as precedent by an agency against a party other than an agency and it may be invoked by the agency for any other purpose only if:

(a) It has been indexed in an index available to the public; or
(b) Parties affected have timely notice (actual or constructive) of the terms thereof.

(7) Each agency shall establish, maintain, and make available for public inspection and copying a statement of the actual per page cost or other costs, if any, that it charges for providing photocopies of public records and a statement of the factors and manner used to determine the actual per page cost or other costs, if any.

(a) In determining the actual per page cost for providing photocopies of public records, an agency may include all costs directly incident to copying such public records including the actual cost of the paper and the per page cost for use of agency copying equipment. In determining other actual costs for providing photocopies of public records, an agency may include all costs directly incident to shipping such public records, including the cost of postage or delivery charges and the cost of any container or envelope used.

(b) In determining the actual per page cost or other costs for providing copies of public records, an agency may not include staff salaries, benefits, or other general administrative or overhead charges, unless those costs are directly related to the actual cost of copying the public records. Staff time to copy and mail the requested public records may be included in an agency's costs.

(8) An agency need not calculate the actual per page cost or other costs it charges for providing photocopies of public records if to do so would be unduly burdensome, but in that event: The agency may not charge in excess of fifteen cents per page for photocopies of public records or for the use of agency equipment to photocopy public records and the actual postage or delivery charge and the cost of any container or envelope used to mail the public records to the requestor.

(9) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or
the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law: PROVIDED, HOWEVER, That lists of applicants for professional licenses and of professional licensees shall be made available to those professional associations or educational organizations recognized by their professional licensing or examination board, upon payment of a reasonable charge therefor: PROVIDED FURTHER, That such recognition may be refused only for a good cause pursuant to a hearing under the provisions of chapter 34.05 RCW, the Administrative Procedure Act. 42.56.080 Facilities for copying—Availability of public records. (Effective July 1, 2006.) Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.56.070(9) or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received by mail for identifiable public records unless exempted by provisions of this chapter. [2005 c 483 § 1; 2005 c 274 § 285; 1987 c 403 § 4; 1975 1st ex.s. c 294 § 15; 1973 c 1 § 27 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.270.]

Reviser's note: This section was amended by 2005 c 274 § 285 and by 2005 c 483 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Intent—Severability—1987 c 403: See notes following RCW 42.17.255.

42.56.090 Times for inspection and copying. (Effective July 1, 2006.) Public records shall be available for inspection and copying during the customary office hours of the agency, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives: PROVIDED, That if the entity does not have customary office hours of at least thirty hours per week, the public records shall be available from nine o'clock a.m. to noon and from one o'clock p.m. to four o'clock p.m. Monday through Friday, excluding legal holidays, unless the person making the request and the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives or its representative agree on a different time. [1995 c 397 § 12; 1973 c 1 § 28 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.280.]

42.56.100 Protection of public records—Public access. (Effective July 1, 2006.) Agencies shall adopt and enforce reasonable rules and regulations, and the office of the secretary of the senate and the office of the chief clerk of the house of representatives shall adopt reasonable procedures allowing for the time, resource, and personnel constraints associated with legislative sessions, consonant with the intent of this chapter to provide full public access to public records, to protect public records from damage or disorganization, and to prevent excessive interference with other essential functions of the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives. Such rules and regulations shall provide for the fullest assistance to inquirers and the most timely possible action on requests for information. Nothing in this section shall relieve agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives from honoring requests received by mail for copies of identifiable public records.

If a public record request is made at a time when such record exists but is scheduled for destruction in the near future, the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives shall retain possession of the record, and may not destroy or erase the record until the request is resolved. [1995 c 397 § 13; 1992 c 139 § 4; 1975 1st ex.s. c 294 § 16; 1973 c 1 § 29 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.290.]

42.56.110 Destruction of information relating to employee misconduct. (Effective July 1, 2006.) Nothing in this chapter prevents an agency from destroying information relating to employee misconduct or alleged misconduct, in accordance with RCW 41.06.450, to the extent necessary to ensure fairness to the employee. Working group on veterans' records: "The protection from identity theft for veterans who choose to file their discharge papers with the county auditor is a matter of gravest concern. At the same time, the integrity of the public record of each county is a matter of utmost importance to the economic life of this state and to the right of each citizen to be secure in his or her ownership of real property and other rights and obligations of our citizens that rely upon the public record for their proof. Likewise the integrity of the public record is essential for the establishment of ancestral ties that may be of interest to this and future generations. While the public record as now kept by the county auditors is sufficient by itself for the accomplishment of these and many other public and private purposes, the proposed use of the public record for purposes that in their nature and intent are not public, so as to keep the veterans' discharge papers from disclosure to those of ill intent, causes concern among many segments of the population of this state.

In order to voice these concerns effectively and thoroughly, a working group may be convened by the joint committee on veterans' and military affairs to develop a means to preserve the integrity of the public record while protecting those veterans from identity theft."

Effective date—2002 c 224 § 1: "Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 28, 2002]."

Finding—2001 c 98: "The legislature finds that public health and safety is promoted when the public has knowledge that enables them to make informed choices about their health and safety. Therefore, the legislature declares, as a matter of public policy, that the public has a right to information necessary to protect members of the public from harm caused by alleged hazards or threats to the public.

The legislature also recognizes that the public disclosure of those portions of records containing specific and unique vulnerability assessments or specific and unique response plans, either of which is intended to prevent or mitigate criminal terrorist acts as defined in RCW 70.74.285, could have a substantial likelihood of threatening public safety. Therefore, the legislature declares, as a matter of public policy, that such specific and unique information should be protected from unnecessary disclosure."

42.56.520 Prompt responses required. (Effective July 1, 2006.) Responses to requests for public records shall be made promptly by agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives. Within five business days of receiving a public record request, an agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives must respond by either (1) providing the record; (2) acknowledging the request; (3) denying the request; or (4) informing the requestor that the request is unclear. Additional time required to respond to a request may be based upon the number of persons or agencies affected by the request, or to determine whether any of the information requested is exempt and that a denial should be made as to all or part of the request. In acknowledging receipt of a public record request that is unclear, an agency,
the office of the secretary of the senate, or the office of the chief clerk of the house of representatives may ask the requestor to clarify what information the requestor is seeking. If the requestor fails to clarify the request, the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives need not respond to it. Denials of requests must be accompanied by a written statement of the specific reasons therefor. Agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall establish mechanisms for the most prompt possible review of decisions denying inspection, and such review shall be deemed completed at the end of the second business day following the denial of inspection and shall constitute final agency action or final action by the office of the secretary of the senate or the office of the chief clerk of the house of representatives for the purposes of judicial review. [1995 c 397 § 15; 1992 c 139 § 6; 1975 1st ex.s. c 294 § 18; 1973 c 1 § 32 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.320.]

42.56.530 Review of agency denial. (Effective July 1, 2006.) Whenever a state agency concludes that a public record is exempt from disclosure and denies a person opportunity to inspect or copy a public record for that reason, the person may request the attorney general to review the matter. The attorney general shall provide the person with his or her written opinion on whether the record is exempt.

Nothing in this section shall be deemed to establish an attorney-client relationship between the attorney general and a person making a request under this section. [1992 c 139 § 10. Formerly RCW 42.17.325.]

42.56.540 Court protection of public records. (Effective July 1, 2006.) The examination of any specific public record may be enjoined if, upon motion and affidavit by an agency or its representative or a person who is named in the record or to whom the record specifically pertains, the superior court for the county in which the movant resides or in which the record is maintained, finds that such examination would clearly not be in the public interest and would substantially and irreparably damage any person, or would substantially and irreparably damage vital governmental functions. An agency has the option of notifying persons named in the record or to whom a record specifically pertains, that release of a record has been requested. However, this option does not exist where the agency is required by law to provide such notice. [1992 c 139 § 7; 1975 1st ex.s. c 294 § 19; 1973 c 1 § 33 (Initiative Measure No. 276, approved November 7, 1972). Formerly RCW 42.17.330.]

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.56.030 through 42.56.520 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not less than five dollars and not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis. 42.56.560 Application of RCW 42.56.550. (Effective July 1, 2006.) The procedures in RCW 42.56.550 govern denials of an opportunity to inspect or copy a public record by the office of the secretary of the senate or the office of the chief clerk of the house of representatives. [2005 c 274 § 289; 1995 c 397 § 16. Formerly RCW 42.17.341.]

(3) The attorney general, in his or her discretion, may from time to time revise the model rule. [2005 c 483 § 4; 2005 c 274 § 290; 1992 c 139 § 9. Formerly RCW 42.17.348.]

Reviser's note: This section was amended by 2005 c 274 § 290 and by 2005 c 483 § 4, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

42.56.900 Purpose—2005 c 274 §§ 402–429. (Effective July 1, 2006.) Oil spill advisory council: RCW 90.56.120.

43.06.460 Cigarette tax contracts—Eligible tribes—Tax rate. (1) The governor is authorized to enter into cigarette tax contracts with the Squaxin Island Tribe, the Nisqually Tribe, Tulalip Tribes, the Muckleshoot Indian Tribe, the Quinault Nation, the Jamestown S'Klallam Indian Tribe, the Port Gamble S'Klallam Tribe, the Stillaguamish Tribe, the Sauk-Suiattle Tribe, the Skokomish Indian Tribe, the Yakama Nation, the Suquamish Tribe, the Nooksack Indian Tribe, Lummi Nation, the Chehalis Confederated Tribes, the Upper Skagit Tribe, the Snoqualmie Tribe, the Swinomish Tribe, the Samish Indian Nation, the Quileute Tribe, the Kalispel Tribe, the Confederated Tribes of the Colville Reservation, the Cowitz Indian Tribe, the Lower Elwha Klallam Tribe, and the Makah Tribe. Each contract adopted under this section shall provide that the tribal cigarette tax rate be one hundred percent of the state cigarette and state and local sales and use taxes within three years of enactment. The tribal cigarette tax rate shall be set no lower than eighty percent of the state cigarette and state and local sales and use taxes within three years of enactment.

Oil spill advisory council: RCW 90.56.120.
(2) A cigarette tax contract under this section is subject to RCW 43.06.455. [2005 c 208 § 1; 2003 c 236 § 1; 2002 c 87 § 1; 2001 2nd sp.s. c 21 § 1; 2001 c 235 § 3.]

43.06.465 Cigarette tax agreement with Puyallup Tribe of Indians. (1) The governor may enter into a cigarette tax agreement with the Puyallup Tribe of Indians concerning the sale of cigarettes, subject to the limitations in this section. The legislature intends to address the uniqueness of the Puyallup Indian reservation and its selling environment through pricing and compliance strategies, rather than through the imposition of equivalent taxes. It is the legislature's intent (a) that an increase in prices through a flat tax will reduce much of the competitive advantage that has historically existed due to the discrepancy in the difference between state and tribal taxes, and (b) that the tribal retailers can remain in business under the changed circumstances. The governor may delegate the authority to negotiate a cigarette tax agreement with the Puyallup Tribe to the department of revenue. The department of revenue shall consult with the liquor control board during the negotiations.

(2) Any agreement must require the tribe to impose a tax of eleven dollars and seventy-five cents on each carton of cigarettes, with ten packs a carton and twenty cigarettes per pack being the industry standard. This tax shall be prorated for cartons and packs that are nonstandard. This tribal tax is in lieu of the combined state and local sales and use taxes, and state cigarette taxes, and as such these state taxes are not imposed during the term of the agreement on any transaction governed by the agreement. The tribal tax shall increase or decrease by the same dollar amount as any increase or decrease in the state cigarette tax.

(3) The agreement must include a provision requiring the tribe to transmit thirty percent of the tribal tax revenue on all cigarette sales to the state. The funds shall be transmitted to the state treasurer on a quarterly basis for deposit by the state treasurer into the general fund. The remaining tribal tax revenue must be used for essential government services, as that term is defined in RCW 43.06.455.

(4) The agreement is limited to retail sales in which Indian retailers make delivery and physical transfer of possession of the cigarettes from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, agreements shall provide that retailers shall not sell or give, or permit to be sold or given, cigarettes to any person under the age of eighteen years.

(5)(a) The agreement must include a provision to price and sell the cigarettes so that the retail selling price is not less than the price paid by the retailer for the cigarettes.

(b) The tribal tax is in addition to the retail selling price.

(c) The agreement must include a provision to assure the price paid to the retailer includes the tribal tax, as evidenced by the tribe's cigarette stamp.

(d) If the tribe is acting as a wholesaler to tribal retailers, the retail selling price must not be less than the price the tribe paid for such cigarettes plus the tribal tax, as evidenced by the tribe's cigarette stamp.

(6)(a) The agreement must include provisions regarding enforcement and compliance by the tribe in regard to enrolled tribal members who sell cigarettes and shall describe the individual and joint responsibilities of the tribe, the department of revenue, and the liquor control board.

(b) The agreement must include provisions for tax administration and compliance, such as transport and notice requirements, inspection procedures, stamping requirements, recordkeeping, and audit requirements.

(c) The agreement must include provisions for sharing of information among the tribe, the department of revenue, and the liquor control board.

(7) The agreement must provide that all cigarettes possessed or sold by a tribal retailer shall bear a tribal cigarette stamp obtained by wholesalers from a bank or other suitable stamp vendor and applied to the cigarettes. Tribal stamps must have serial numbers or some other discrete identification so that each stamp can be traced to its source.

(8) The agreement must provide that retailers shall purchase cigarettes only from wholesalers or manufacturers licensed to do business in the state of Washington.

(9) The agreement must be for a renewable period of no more than eight years.

(10) The agreement must include provisions to resolve disputes using a nonjudicial process, such as mediation, and shall include a dispute resolution protocol. The protocol shall include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the agreement should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the agreement so allow. An agreement must provide for termination of the agreement if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period.

(11) The agreement may not include any provisions that impact the state's share of the master settlement agreement, and as such this agreement does not authorize negotiation regarding a redistribution of the state's proceeds under the master settlement agreement.

(12) Information received by the state or open to state review under the terms of an agreement is subject to RCW 82.32.330.

(13) It is the intent of the legislature that the liquor control board and the department of revenue continue the division of duties and shared authority under chapter 82.24 RCW.

(14) For purposes of this section:

(a) "Indian country" has the same meaning as in chapter 82.24 RCW.

(b) "Indian retailer" or "retailer" means (i) a retailer wholly owned and operated by an Indian tribe or (ii) a business wholly owned and operated by an enrolled tribal member and licensed by the tribe.

(c) "Indian tribe" or "tribe" means the Puyallup Tribe of Indians, which is a federally recognized Indian tribe located within the geographical boundaries of the state of Washington. [2005 c 11 § 2.]

Findings—Intent—2005 c 11: "In 2001, the legislature enacted Engrossed Substitute Senate Bill No. 5372, which authorized the governor to enter into cigarette contracts with fourteen Indian tribes. In subsequent sessions, the legislature increased to twenty-one the number of tribes with
whom the governor may negotiate under the terms of RCW 43.06.460. The legislature finds that this effort has been effective, as measured by the success of the existing agreements.

The legislature further finds the agreements resolved decades of conflict between the state and tribes over the sale of contraband cigarettes to non-Indians; benefited the tribes through tribal tax revenues; benefited the state because cigarettes are stamped and taxed; enhanced public health because access to low-priced cigarettes is reduced; improved law and order; and reduced the competitive advantage gained through the sale of tax-free cigarettes.

The 2001 legislation and its later amendments did not encompass the Puyallup Tribe of Indians within its scope due to the very different nature of the cigarette trade on the Puyallup Indian reservation. The legislature therefore intends to address the special circumstances on the Puyallup Indian reservation by recognizing the substantial distinctions and enacting legislation authorizing a cigarette tax agreement with the tribe that differs from the contracts entered into under RCW 43.06.460. Section 2 of this act provides the governor authority to enter into an agreement and sets forth the general framework for the agreement. [2005 c 11 § 1]

Explanatory statement—Effective date—2005 c 11: "(1) On January 5, 2005, it was announced that a cigarette tax agreement had been reached between the state of Washington and the Puyallup Indian Tribe. Before being signed by the governor, the legislature must provide authorization to the governor to sign such an agreement. Because the state and the Puyallup Indian Tribe have reached an agreement in principle, time for implementation is of the essence.

(2) This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 5, 2005].” [2005 c 11 § 6]

(2) This information shall be made available to the department of revenue upon request for the purposes of tracking the transfer of the controlling interest in real property and to determine when the real estate excise tax is applicable in such cases.

Final performance audit reports shall be posted on the Internet.

Findings—Intent—2005 c 319: “The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state’s transportation agencies in order to improve efficiency and accountability.  The legislature also finds that continued citizen oversight of the state’s transportation system remains an important priority.  To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official.  Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government.  The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking.  Finally, consolidating public outreach and auditing of the state’s transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight.” [2005 c 319 § 1.1]

43.19.035 Commemorative works account. (1) The commemorative works account is created in the custody of the state treasurer and shall be used by the department of general administration for the ongoing care, maintenance, and repair of commemorative works on the state capitol grounds. Only the director or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not necessary for expenditures.

(2) For purposes of this section, "state capitol grounds" means buildings and land owned by the state and otherwise designated as state capitol grounds, including the west capitol campus, the east capitol campus, the north capitol campus, the Turnwater campus, the Lacey campus, Sylvester Park, Centennial Park, the Old Capitol Building, and Capitol Lake. [2005 c 16 § 1.]
(7) In determining the lowest responsible bidder, the agency shall consider any preferences provided by law to Washington products and vendors and to RCW 43.19.704, and further, may take into consideration the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery.

(8) Each bid with the name of the bidder shall be entered of record and each record, with the successful bid indicated, shall, after letting of the contract, be open to public inspection.

(9) In determining "lowest responsible bidder", in addition to price, the following elements shall be given consideration:

(a) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;

(b) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;

(c) Whether the bidder can perform the contract within the time specified;

(d) The quality of performance of previous contracts or services;

(e) The previous and existing compliance by the bidder with laws relating to the contract or services;

(f) Such other information as may be secured having a bearing on the decision to award the contract: PROVIDED, That in considering bids for purchase, manufacture, or lease, and in determining the "lowest responsible bidder," whenever there is reason to believe that applying the "life cycle costing" technique to bid evaluation would result in lowest total cost to the state, first consideration shall be given by state purchasing activities to the bid with the lowest life cycle cost which complies with specifications. "Life cycle cost" means the total cost of an item to the state over its estimated useful life, including costs of selection, acquisition, operation, maintenance, and where applicable, disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of its estimated useful life. The "estimated useful life" of an item means the estimated time from the date of acquisition to the date of replacement or disposal, determined in any reasonable manner. Nothing in this section shall prohibit any state agency, department, board, commission, committee, or other state-level entity from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused. [2005 c 204 § 5; 2003 c 136 § 6; 1996 c 69 § 2; 1989 c 431 § 60; 1983 c 183 § 4; 1980 c 172 § 8; 1965 c 8 § 43.19.1911. Prior: 1959 c 178 § 6.]

Intent—1996 c 69: "It is the intent of the legislature to preserve the integrity of the competitive bidding system for state contracts. This dictates that, after competitive bids have been opened, the agency must award the contract to the responsible bidder who submitted the lowest responsive bid and that only in limited compelling circumstances may the agency reject all bids and cancel the solicitation. Further, after opening the competitive bids, the agency may not reject all bids and enter into direct negotiations with the bidders to complete the acquisition." [1996 c 69 § 1.]

Severability—1989 c 431: See RCW 70.95.901.

43.19.455 Purchase of works of art—Procedure. The designation of projects and sites, selection, contracting, purchase, commissioning, reviewing of design, execution and placement, acceptance, maintenance, and sale, exchange, or disposition of works of art shall be the responsibility of the Washington state arts commission in consultation with the director of general administration. The department shall treat the rendering of services in acquiring real estate and the operation and maintenance of state capitol public and historic facilities as separate operating entities within the account for financial accounting and control.

The schedule of services, facilities, equipment, supplies, materials, maintenance, rehabilitation, furnishings, operations, and administration to be so financed and recovered shall be determined jointly by the director of general administration and the director of financial management, in equitable amounts which, together with any other income or appropriation, will provide the department of general administration with funds to meet its anticipated expenditures during any allotment period.

Such purchases shall be at the fair market price of such products and services as determined by the division of purchasing of the department of general administration. To determine the fair market price the division shall use the last comparable bid on the products and/or services. The increased cost of labor, materials, and other documented costs since the last comparable bid or the last price paid are additional cost factors which shall be considered in determining fair market price. Upon the establishment of the fair market price as provided for in this section the division is hereby empowered to negotiate directly for the purchase of products or services with officials in charge of the community rehabilitation programs of the department of social and health services and, until December 31, 2007, businesses owned and operated by persons with disabilities. (4) This section expires December 31, 2009. [2005 c 204 § 3; 2003 c 136 § 4.]

43.19.533 Purchases from entities serving or providing opportunities for disadvantaged or disabled persons—Existing contracts not impaired—Solicitation of vendors in good standing. (2) Until December 31, 2009, except as provided under RCW 43.19.1906(2) for purchases up to three thousand dollars, RCW 43.19.534, and subsection (1) of this section, a state agency shall not purchase any product or service identified in the notice most recently disseminated by the department of general administration, as provided under RCW 43.19.531(2)(b), from other than a vendor in good standing until the state agency has included in the solicitation process at least one vendor in good standing supplying the goods or service needed by the agency, unless no vendor in good standing supplying the goods or service needed by the agency is available. (1) A program for (a) the prevention and treatment of problem and pathological gambling; and (b) the training of professionals in the identification and treatment of problem and pathological gambling is established within the department of social and health services, to be administered by a qualified person who has training and experience in problem gambling or the organization and administration of treatment services for persons suffering from problem gambling. The department may contract for any services provided under the program. The department shall track program participation and client outcomes.

(2) To receive treatment under subsection (1) of this section, a person must:

[2005 RCW Supp—page 460]
(a) Need treatment for problem or pathological gambling, or because of the problem or pathological gambling of a family member, but be unable to afford treatment; and

(b) Be targeted by the department of social and health services as being most amenable to treatment.

(3) Treatment under this section is available only to the extent of the funds appropriated or otherwise made available to the department of social and health services for this purpose. The department may solicit and accept for use any gift of money or property made by will or otherwise, and any grant of money, services, or property from the federal government, any tribal government, the state, or any political subdivision thereof or any private source, and do all things necessary to cooperate with the federal government or any of its agencies or any tribal government in making an application for any grant.

(4) The department of social and health services shall establish an advisory committee to assist it in designing, managing, and evaluating the effectiveness of the program established in this section. The advisory committee shall give due consideration in the design and management of the program that persons who hold licenses or contracts issued by the gambling commission, horse racing commission, and lottery commission are not excluded from, or discouraged from, applying to participate in the program. The committee shall include, at a minimum, persons knowledgeable in the field of problem and pathological gambling and persons representing tribal gambling, privately owned nontribal gambling, and the state lottery.

(5) For purposes of this section, “pathological gambling” is a mental disorder characterized by loss of control over gambling, progression in preoccupation with gambling and in obtaining money to gamble, and continuation of gambling despite adverse consequences. “Problem gambling” is an earlier stage of pathological gambling which compromises, disrupts, or damages family or personal relationships or vocational pursuits. [2005 c 369 § 2; 2002 c 349 § 4. Formerly RCW 67.70.350.]

Findings—Intent—2005 c 369: “(1) The legislature finds that:
(a) The costs to society of problem and pathological gambling include family disintegration, criminal activity, and financial insolvencies;
(b) Problem and pathological gamblers suffer a higher incidence of addictive disorders such as alcohol and substance abuse;
(c) Residents of Washington have the opportunity to participate in a variety of legal gambling activities operated by the state, by federally recognized tribes, and by private businesses and nonprofit organizations; and
(d) A 1999 study found that five percent of adult Washington residents and eight percent of adolescents could be classified as problem gamblers during their lifetimes, and that more than one percent of adults have been afflicted with pathological gambling.

(2) The legislature intends to provide long-term, dedicated funding for public awareness and education regarding problem and pathological gambling, training in its identification and treatment, and treatment services for problem and pathological gamblers and, as clinically appropriate, members of their families.” [2005 c 369 § 1.]

Severability—2005 c 369: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 369 § 10.]

Effective date—2005 c 369: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 369 § 11.]

(2) It is the purpose of this chapter to:
(a) Implement clean water, forest, and habitat restoration projects that will produce measurable improvements in water and habitat quality, that rate highly when existing environmental ranking systems are applied, and that provide economic stability.

(b) Facilitate the coordination and consistency of federal, state, tribal, local, and private water and habitat protection and enhancement programs in the state's watersheds.

(c) Fund necessary projects for which a public planning process has been completed.

(d) Provide immediate funding to create jobs and training for environmental restoration and enhancement jobs for unemployed workers and displaced workers in impact areas, especially rural natural resources-dependent communities.

If any deletions or amendments to the federal standards or regulations are thereafter made and notice thereof is given to the department, the standards or regulations shall be considered automatically adopted by the state under this chapter after the expiration of thirty days from publication in the federal register of a final order describing the deletions or amendments unless within that thirty day period the department objects to the deletion or amendment. In case of objection, the department shall proceed under the rule making procedure of chapter 34.05 RCW.

(2) The department shall adopt rules with respect to manufactured homes that require the prior written approval of the department before changes or alterations may be made to a manufactured home that differ from the construction standards provided for in this section.

43.22.434 Inspections and investigations necessary to adopt or enforce rules—Director's duties—Fees. (Effective July 1, 2006.) (1) The director or the director's authorized representative may conduct such inspections, investigations, and audits as may be necessary to adopt or enforce manufactured and mobile home, commercial coach, conversion vending units, medical units, recreational vehicle, park trailer, factory built housing, and factory built commercial structure rules adopted under the authority of this chapter or to carry out the director's duties under this chapter.

(2) For purposes of enforcement of this chapter, persons duly designated by the director upon presenting appropriate credentials to the owner, operator, or agent in charge may:

(a) At reasonable times and without advance notice enter any factory, warehouse, or establishment in which manufactured and mobile homes, commercial coaches, conversion vending units, medical units, recreational vehicles, park trailers, factory built housing, and factory built commercial structures are manufactured, stored, or held for sale;

(b) At reasonable times, within reasonable limits, and in a reasonable manner inspect any factory, warehouse, or establishment as required to comply with the standards adopted by the secretary of housing and urban development under the national manufactured home construction and safety standards act of 1974. Each inspection shall be commenced and completed with reasonable promptness; and

(c) As requested by an owner of a conversion vending unit or medical unit, inspect an alteration.

(3) For purposes of determining compliance with this chapter's permitting requirements for alterations of mobile and manufactured homes, the department may audit the records of a contractor as defined in chapter 18.27 RCW or RCW 18.106.020(1) or an electrical contractor as defined in RCW 19.28.006 when the department has reason to believe that a violation of the permitting requirements has occurred. The department shall adopt rules implementing the auditing procedures. Information obtained from a contractor through an audit authorized by this subsection is confidential and not open to public inspection under chapter 42.56 RCW.

(4)(a) The department shall set a schedule of fees by rule which will cover the costs incurred by the department in the administration of RCW 43.22.335 through 43.22.490. The department may waive mobile/manufactured home alteration permit fees for indigent permit applicants.

(b)(i) Until April 1, 2009, subject to (a) of this subsection, the department may adopt by rule a temporary statewide fee schedule that decreases fees for mobile/manufactured home alteration permits and increases fees for factory-built housing and commercial structures plan review and inspection services.

(ii) Effective April 1, 2009, the department must adopt a new fee schedule that is the same as the fee schedule that was in effect immediately prior to the temporary fee schedule authorized in (b)(i) of this subsection. However, the new fee schedule must be adjusted by the fiscal growth factors not applied during the period that the temporary fee schedule was in effect. Purpose—Finding—2002 c 268: "The purpose of this act is to implement the recommendations of the joint legislative task force created by chapter 335, Laws of 2001. The legislature recognizes the need to improve communications among mobile/manufactured homeowners, regulatory agencies, and other interested parties, to streamline the complex regulatory environment and inflexible enforcement system, and to promote problem-solving at an early stage. To assist in achieving these goals, the legislature:

(1) Encourages the relevant agencies to conduct a pilot project that tests an interagency coordinated system for processing permits for alterations or repairs of mobile and manufactured homes; and

(2) Recognizes the task force's work in reviewing agency rules related
Chapter 43.23 RCW: State Government—Executive

to alteration permit requirements and supports the task force's recommendations to the agency regarding those rules. The legislature finds that assisting consumers to understand when an alteration of a mobile or manufactured home is subject to a permit, and when it is not, will improve compliance with the agency rules and further the code's safety goals." [2002 c 268 § 1.]

Effective date—2002 c 268: "Sections 1, 2, and 4 through 9 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [March 29, 2002]." 43.31.450 SEED act—Findings—Purpose. The legislature finds that economic well-being encompasses not only income, spending, and consumption, but also savings, investment, and asset-building. The building of assets, in particular, can improve individuals' economic independence and stability. The legislature further finds that it is appropriate for the state to institute an asset-based strategy to assist low-income families. It is the purpose of chapter 402, Laws of 2005 to promote job training, home ownership, and business development among low-income individuals and to provide assistance in meeting the financial goals of low-income individuals. [2005 c 402 § 2.]

1) The department shall select sponsoring organizations to establish and monitor individual development accounts using the following criteria:
   a) The ability of the sponsoring organization to implement and administer an individual development account program, including the ability to verify a low-income individual's eligibility, certify that matching deposits are used only for approved purposes, and exercise general fiscal accountability;

Expenditures from the account may be used only for the following:

(a) Grants to sponsoring organizations selected by the department to participate in the individual development account program to assist sponsoring organizations in providing or arranging for the provision of financial counseling and other related services to low-income individuals participating in the program and for program administration purposes;

43.31.485 SEED act—Short title—2005 c 402. This
act shall be known as the saving, earning, and enabling
dreams (SEED) act. [2005 c 402 § 1.]

43.31.522 Marketplace program—Definitions.
Unless the context clearly requires otherwise, the definitions
in this section apply throughout RCW 43.31.524:

(1) "Department" means the department of community,
trade, and economic development.

(2) "Director" means the director of community, trade,
and economic development.

(3) "Local nonprofit organization" means a local non-
profit organization organized to provide economic develop-
ment or community development services, including but not
limited to associate development organizations, economic
development councils, and community development corpora-
tions. [2005 c 136 § 17; 1993 c 280 § 46; 1990 c 57 § 2; 1989
c 417 § 2.]

43.168.020.

Effective date—Severability—1993 c 280: See RCW 43.330.902 and
43.330.903.

Finding—1990 c 57; 1989 c 417: "The legislature finds and declares
that substantial benefits in increased employment and business activity can
be obtained by assisting businesses in identifying opportunities to purchase
the goods and services they need from Washington state suppliers rather than
from out-of-state suppliers and in identifying new markets for Washington
state firms to provide goods and services. The replacement of out-of-state
imports with services and manufactured goods produced in-state can be an
important source of economic growth in a local community especially in
rural areas. Businesses in the state are often unaware that goods and services
they purchase from out-of-state suppliers are available from in-state firms
with substantial advantages in responsiveness, service, and price. Increasing
the economic partnerships between businesses in Washington state can build
bridges between urban and rural communities and can result in the identifi-
cation of additional opportunities for successful economic develop-
ment initiatives. Providing additional information to businesses regarding in-state
sources of goods and services can be a particularly valuable component of
revitalization strategies in economically distressed areas. The legislature
finds and declares that it is the policy of the state to strengthen the economies
of local communities by increasing the economic partnerships between in-
state businesses and creating programs to assist businesses in identifying in-
state sources of goods and services, and in addition to identify new markets
for Washington firms to provide goods and services." [1990 c 57 § 1; 1989
c 417 § 1.]

Severability—1989 c 417: "If any provision of this act or its applica-
tion to any person or circumstance is held invalid, the remainder of the act or
the application of the provision to other persons or circumstances is not
affected." [1989 c 417 § 15.]

species enforcement account is created in the state treasury.
Moneys directed to the account from RCW 88.02.050 must
be deposited in the account. Expenditures from the account
may only be used as provided in this section. Moneys in the

43.43.570 Automatic fingerprint identification sys-
tem—Conditions for local establishment or operation—
Rules. (1) No local law enforcement agency may establish or
operate an automatic fingerprint identification system unless
both the hardware and software of the local system use an
interface compatible with the state system under RCW
43.43.560. The local law enforcement agency shall be able to
transmit a tenprint record to the state system through any
available protocol which meets accepted industry standards,
and the state system must be able to accept tenprint records
which comply with those requirements. When industry trans-
mission protocols change, the Washington state patrol shall
incorporate these new standards as funding and reasonable
system engineering practices permit. The tenprint transmis-
sion from any local law enforcement agency must be in
accordance with the current version of the state electronic
fingerprint transmission specification.

(2) No later than January 1, 2007, the Washington state
patrol's automatic fingerprint identification system shall be
capable of instantly accepting electronic latent search records
from any Washington state local law enforcement agency.
*If specific funding for the purposes of this subsection is not
provided by June 30, 2006, in the omnibus appropriations act,
or if funding is not obtained from another source by June 30,
2006, this subsection is null and void.

(3) A local law enforcement agency operating an auto-
matic fingerprint identification system shall transmit data on
fingerprint entries to the Washington state patrol electroni-
cally. This requirement shall be in addition to those under
RCW 10.98.050 and 43.43.740.

(4) Any personnel functions necessary to prepare finger-
prints for searches under this section shall be the responsibil-
ity of the submitting agency.

(5) The Washington state patrol shall adopt rules to
implement this section. [2005 c 373 § 2; 1987 c 450 § 1.]

*Reviser's note: Specific funding was not provided in chapter 518,
Laws of 2005 (omnibus appropriations act).

Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

The department may extend the provisional approval until receipt of the federal bureau of investigation check. If the federal bureau of investigation check disqualifies an applicant, the department shall notify the requestor that the provisional approval to hire is withdrawn and the applicant may be terminated. Effective date—1993 c 281: See note following RCW 41.06.022.

43.43.8321 Background checks—Dissemination of conviction record information. When the Washington state patrol disseminates conviction record information in response to a request under RCW 43.43.832, it shall clearly state that: (1) The conviction record data does not include information on civil adjudications, administrative findings, or disciplinary board final decisions and that all such information must be obtained from the courts and licensing agencies; (2) the conviction record that is being disseminated includes information for which a person is currently being processed by the criminal justice system relating to only crimes against a person as defined in RCW 9.94A.411 and that it does not include any other current or pending charge information for which a person could be in the current process of being processed by the criminal justice system; and (3) an arrest is not a conviction or a finding of guilt. [2005 c 421 § 10.]
43.43.834 Background checks by business, organization, or insurance company—Limitations—Civil liability.  
(1) A business or organization shall not make an inquiry to the Washington state patrol under RCW 43.43.832 or an equivalent inquiry to a federal law enforcement agency unless the business or organization has notified the applicant who may be offered a position as an employee or volunteer, that an inquiry may be made.
(2) A business or organization shall require each applicant to disclose to the business or organization whether the applicant:
   (a) Has been convicted of a crime;
   (b) Has had findings made against him or her in any civil adjudicative proceeding as defined in RCW 43.43.830; or
   (c) Has both a conviction under (a) of this subsection and findings made against him or her under (b) of this subsection.
(3) The business or organization shall pay such reasonable fee for the records check as the state patrol may require under RCW 43.43.838.
(4) The business or organization shall notify the applicant of the state patrol's response within ten days after receipt by the business or organization. The employer shall provide a copy of the response to the applicant and shall notify the applicant of such availability.
(5) The business or organization shall use this record only in making the initial employment or engagement decision. Further dissemination or use of the record is prohibited, except as provided in RCW 28A.320.155. A business or organization violating this subsection is subject to a civil action for damages.
(6) An insurance company shall not require a business or organization to request background information on any employee before issuing a policy of insurance.
(7) The business and organization shall be immune from civil liability for failure to request background information on an applicant unless the failure to do so constitutes gross negligence.  [2005 c 421 § 3; 1999 c 21 § 2; 1998 c 10 § 3; 1990 c 3 § 1103. Prior: 1989 c 334 § 3; 1989 c 90 § 3; 1987 c 486 § 3.]

43.43.835 Repealed.  See Supplementary Table of Disposition of Former RCW Sections, this volume.

43.43.836 Disclosure to individual of own record—Fee.  An individual may contact the state patrol to ascertain whether an individual has a conviction record. The state patrol shall disclose such information, subject to the fee established under RCW 43.43.838.  [2005 c 421 § 4; 1987 c 486 § 4.]

43.43.838 Record checks—Transcript of conviction record—Fees—Immunity—Rules.  (1) After January 1, 1988, and notwithstanding any provision of RCW 43.43.700 through 43.43.810 to the contrary, the state patrol shall furnish a transcript of the conviction record pertaining to any person for whom the state patrol or the federal bureau of investigation has a record upon the written request of:

   (c) The department of social and health services;

   (e) The department of social and health services for the purpose of meeting responsibilities set forth in chapter 74.15, 18.51, 18.20, or 72.23 RCW, or any later-enacted statute which purpose is to regulate or license a facility which handles vulnerable adults. However, access to conviction records pursuant to this subsection (1)(e) does not limit or restrict the ability of the department to obtain additional information regarding conviction records and pending charges as set forth in RCW 74.15.030(2)(b).
(2) The state patrol shall by rule establish fees for disseminating records under this section to recipients identified in subsection (1)(a) and (b) of this section. The state patrol shall also by rule establish fees for disseminating records in the custody of the national crime information center. The revenue from the fees shall cover, as nearly as practicable, the direct and indirect costs to the state patrol of disseminating the records. No fee shall be charged to a nonprofit organization for the records check. In the case of record checks using fingerprints requested by school districts and educational service districts, the state patrol shall charge only for the incremental costs associated with checking fingerprints in addition to name and date of birth. Record checks requested by school districts and educational service districts using only name and date of birth shall continue to be provided free of charge.
(3) No employee of the state, employee of a business or organization, or the business or organization is liable for defamation, invasion of privacy, negligence, or any other claim in connection with any lawful dissemination of information under RCW 43.43.830 through 43.43.840 or 43.43.760.
(4) Before July 26, 1987, the state patrol shall adopt rules and forms to implement this section and to provide for security and privacy of information disseminated under this section, giving first priority to the criminal justice requirements of this chapter. The rules may include requirements for users, audits of users, and other procedures to prevent use of civil adjudication record information or criminal history record information inconsistent with this chapter.
(5) Nothing in RCW 43.43.830 through 43.43.840 shall authorize an employer to make an inquiry not specifically authorized by this chapter, or be construed to affect the policy of the state declared in chapter 9.96A RCW.  [2005 c 421 § 5; 1995 c 29 § 1; 1992 c 159 § 7; 1990 c 3 § 1104. Prior: 1989 c 334 § 4; 1989 c 90 § 4; 1987 c 486 § 5.]

43.43.840 Notification to licensing agency of employment termination for certain crimes against persons.  When a business or an organization terminates, fires, dismisses, fails to renew the contract, or permits the resignation of an employee because of crimes against children or other persons or because of crimes relating to the financial exploitation of a vulnerable adult, and if that employee is employed in a position requiring a certificate or license issued by a licensing agency such as the state board of education, the
business or organization shall notify the licensing agency of such termination of employment. [2005 c 421 § 6; 1997 c 386 § 40. Prior: 1989 c 334 § 5; 1989 c 90 § 5; 1987 c 486 § 6.]

(2) When the state patrol receives information that a person has pled guilty to or been convicted of one of the felony crimes under subsection (1) of this section, the state patrol shall transmit that information to the superintendent of public instruction. It shall be the duty of the superintendent of public instruction to identify whether the person holds a certificate or permit issued under chapters 28A.405 and 28A.410 RCW or is employed by a school district, and provide this information to the state board of education and the school district employing the individual who pled guilty or was convicted of the crimes identified in subsection (1) of this section. (3) All receipts, except as provided in RCW 46.16.313(20) (a) and (b), from the sale of armed forces license plates must be deposited into the veterans stewardship account.

(4) All moneys deposited into the veterans stewardship account must be used by the department for activities that benefit veterans, including but not limited to, providing programs and services for homeless veterans; establishing memorials honoring veterans; and maintaining a future state veterans' cemetery. 43.60A.150 Veterans conservation corps—Report to the legislature. The department shall create a list of veterans with posttraumatic stress disorder and related conditions who are interested in working on projects that restore Washington's natural habitat. The list shall be referred to as the veterans conservation corps. The department shall promote the opportunity to volunteer for the veterans conservation corps through its local counselors and representative. Only veterans who grant their approval may be included on the list. The department shall consult with the salmon recovery fund, the interagency committee for outdoor recreation, the department of natural resources, the department of fish and wildlife, and the state parks and recreation commission to determine the most effective ways to market the veterans conservation corps to agencies and local sponsors of habitat restoration projects.

The department shall submit a report to the appropriate committees of the legislature by December 1, 2009, on the use of veterans conservation corps members by state agencies and local sponsors of habitat restoration projects. [2005 c 257 § 2.]

Findings—Purpose—2005 c 257: “The legislature finds that many Washington citizens are veterans of armed forces conflicts that have important skills that may be employed in projects that help to protect and restore Washington's rivers, streams, lakes, marine waters, and open lands. The legislature further finds that such work has demonstrated benefits for many veterans who are coping with posttraumatic stress disorder or have other mental health or substance abuse disorders related to their service in the armed forces. Therefore, it is the purpose of this chapter to create a program that provides state funding assistance for projects that restore Washington's waters, forests, and habitat through the primary participation of such veterans.” [2005 c 257 § 1.]

43.63A.125 Nonresidential social services facilities—Assistance to nonprofit organizations—Competitive process—Recommendations to legislature for funding. (1) The department shall establish a competitive process to solicit proposals for and prioritize projects that assist nonprofit organizations in acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential social services.

(2) The department shall establish a competitive process to prioritize applications for the assistance as follows:

(a) The department shall conduct a statewide solicitation of project applications from local governments, nonprofit organizations, and other entities, as determined by the department. The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. At a minimum, applicants must demonstrate that the requested assistance will increase the efficiency or quality of the social services it provides to citizens. The evaluation and ranking process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(b) The department shall submit a prioritized list of recommended projects to the governor and the legislature in the department's biennial capital budget request beginning with
the 2001-2003 biennium and thereafter. For the 1999-2001 biennium, the department shall conduct a solicitation and ranking process, as described in (a) of this subsection, for projects to be funded by appropriations provided for this program in the 1999-2001 capital budget. The list shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed four million dollars. The department may provide an additional prioritized alternate project list which shall not exceed two million dollars. Except for the 1999-2001 biennium, the department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(c) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant. [2005 c 160 § 1; 1999 c 295 § 3; 1997 c 374 § 2.]

Findings—1997 c 374: "The legislature finds that nonprofit organizations provide a variety of social services that serve the needs of the citizens of Washington, including many services implemented under contract with state agencies. The legislature also finds that the efficiency and quality of these services may be enhanced by the provision of safe, reliable, and sound facilities, and that, in certain cases, it may be appropriate for the state to assist in the development of these facilities." [1997 c 374 § 1.]

43.63A.135 Nonresidential youth services facilities—Competitive process—Recommendations to legislature for funding. The department of community, trade, and economic development may provide an additional prioritized alternate project list that must not exceed one million dollars. The department of community, trade, and economic development may not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(c) In contracts for grants authorized under this section the department of community, trade, and economic development must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. The list, in priority order, shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed four million dollars. The department may provide an additional prioritized alternate project list which shall not exceed two million dollars.

(b) The department shall establish a competitive process to prioritize applications for state assistance as follows:

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed twenty percent of the estimated total capital cost or actual cost of a project, whichever is less. The remaining portions of the project capital cost shall be a match from nonstate sources. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

(iii) The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. 43.70.690 State asthma plan.

43.70.005 Intent. The legislature finds and declares that it is of importance to the people of Washington state to live in a healthy environment and to expect a minimum standard of quality in health care. The legislature further finds that the social and economic vitality of the state depends on a healthy and productive population. The legislature further
declares where it is a duty of the state to assure a healthy environment and minimum standards of quality in health care facilities and among health care professionals, the ultimate responsibility for a healthy society lies with the citizens themselves.

For these reasons, the legislature recognizes the need for a strong, clear focus on health issues in state government and among state health agencies to give expression to the needs of individual citizens and local communities as they seek to preserve the public health. It is the intent of the legislature to form such focus by creating a single department in state government with the primary responsibilities for the preservation of public health, monitoring health care costs, the maintenance of minimal standards for quality in health care delivery, and the general oversight and planning for all the state's activities as they relate to the health of its citizenry.

Further, it is the intent of the legislature to improve illness and injury prevention and health promotion, and restore the confidence of the citizenry in the efficient and accountable expenditure of public funds on health activities that further the mission of the agency via grants and contracts, and to ensure that this new health agency delivers quality health services in an efficient, effective, and economical manner that is faithful and responsive to policies established by the legislature. [2005 c 32 § 1; 1989 1st ex.s. c 9 § 101.]

43.70.040 Secretary's powers—Rule-making authority—Report to the legislature. In addition to any other powers granted the secretary, the secretary may:

(1) Adopt, in accordance with chapter 34.05 RCW, rules necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess.: PROVIDED, That for rules adopted after July 23, 1995, the secretary may not rely solely on a section of law stating a statute's intent or purpose, on the enabling provisions of the statute establishing the agency, or on any combination of such provisions, for statutory authority to adopt any rule;

(2) Appoint such advisory committees as may be necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess. Members of such advisory committees are authorized to receive travel expenses in accordance with RCW 43.70.040 and 43.03.060. The secretary and the board of health shall review each advisory committee within their jurisdiction and each statutory advisory committee on a biennial basis to determine if such advisory committee is needed;

(3) Undertake studies, research, and analysis necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess. in accordance with RCW 43.70.050;

(4) Delegate powers, duties, and functions of the department to employees of the department as the secretary deems necessary to carry out the provisions of chapter 9, Laws of 1989 1st ex. sess.;

(5) Enter into contracts and enter into and distribute grants on behalf of the department to carry out the purposes of chapter 9, Laws of 1989 1st ex. sess. The department must report to the legislature a summary of the grants distributed under this authority, for each year of the first biennium after the department receives authority to distribute grants under this section, and make it electronically available;

(6) Act for the state in the initiation of, or the participation in, any intergovernmental program to the purposes of chapter 9, Laws of 1989 1st ex. sess.; or

(7) Solicit and accept gifts, grants, bequests, devises, or other funds from public and private sources. [2005 c 32 § 2; 2001 c 80 § 2; 1995 c 403 § 105; 1989 1st ex.s. c 9 § 106.]

Findings—Intent—2001 c 80: “(1) The legislature finds that developing, creating, and maintaining partnerships between the public and private sectors can enhance and augment current public health services. The legislature further finds that the department of health should have the ability to establish such partnerships, and seek out and accept gifts, grants, and other funding to advance worthy public health goals and programs.

(2) It is the intent of the legislature that gifts and other funds received by the department of health under the authority granted by RCW 43.70.040 may be used to expand or enhance program operations so long as program standards established by the department are maintained, but may not supplant or replace funds for federal, state, county, or city-supported programs.” [2001 c 80 § 1.]

Findings—Short title—Intent—1995 c 403: See note following RCW 43.05.328.

Part headings not law—Severability—1995 c 403: See RCW 43.05.903 and 43.05.904.

43.70.050 Collection, use, and accessibility of health-related data. (Effective July 1, 2006.) (1) The legislature intends that the department and board promote and assess the quality, cost, and accessibility of health care throughout the state as their roles are specified in chapter 9, Laws of 1989 1st ex. sess. in accordance with the provisions of this chapter. In furtherance of this goal, the secretary shall create an ongoing program of data collection, storage, assessability, and review. The legislature does not intend that the department conduct or contract for the conduct of basic research activity. The secretary may request appropriations for studies according to this section from the legislature, the federal government, or private sources.

(2) All state agencies which collect or have access to population-based, health-related data are directed to allow the secretary access to such data. This includes, but is not limited to, data on needed health services, facilities, and personnel; future health issues; emerging bioethical issues; health promotion; recommendations from state and national organizations and associations; and programmatic and statutory changes needed to address emerging health needs. Private entities, such as insurance companies, health maintenance organizations, and private purchasers are also encouraged to give the secretary access to such data in their possession. The secretary's access to and use of all data shall be in accordance with state and federal confidentiality laws and ethical guidelines. Such data in any form where the patient or provider of health care can be identified shall not be disclosed, subject to disclosure according to chapter 42.56 RCW, discoverable or admissible in judicial or administrative proceedings. Such data can be used in proceedings in which the use of the data is clearly relevant and necessary and both the department and the patient or provider are parties.

(3) The department shall serve as the clearinghouse for information concerning innovations in the delivery of health care services, the enhancement of competition in the health care marketplace, and federal and state information affecting health care costs.

(4) The secretary shall review any data collected, pursuant to this chapter, to:
(a) Identify high-priority health issues that require study or evaluation. Such issues may include, but are not limited to:

(i) Identification of variations of health practice which indicate a lack of consensus of appropriateness;

(ii) Evaluation of outcomes of health care interventions to assess their benefit to the people of the state;

(iii) Evaluation of specific population groups to identify needed changes in health practices and services;

(iv) Evaluation of the risks and benefits of various incentives aimed at individuals and providers for both preventing illnesses and improving health services;

(v) Identification and evaluation of bioethical issues affecting the people of the state; and

(vi) Other such objectives as may be appropriate;

(b) Further identify a list of high-priority health study issues for consideration by the board, within their authority, for inclusion in the state health report required by RCW 43.20.050. The list shall specify the objectives of each study, a study timeline, the specific improvements in the health status of the citizens expected as a result of the study, and the estimated cost of the study; and

(c) Provide background for the state health report required by RCW 43.20.050.

(5) Any data, research, or findings may also be made available to the general public, including health professions, health associations, the governor, professional boards and regulatory agencies and any person or group who has allowed the secretary access to data.

(6) The secretary may charge a fee to persons requesting copies of any data, research, or findings. The fee shall be no more than necessary to cover the cost to the department of providing the copy. [2005 c 274 § 301; 1989 1st ex.s. c 9 § 107.]

Part headings not law—Effective date—2005 c 274: See RCW 42.56.901 and 42.56.902.

43.70.110 License fees—Exemption—Waiver. (1) The secretary shall charge fees to the licensee for obtaining a license. After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Except as provided in RCW 18.79.202, until June 30, 2013, fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(c) That any physician, health care provider, or contract specialist making a review determination in a specific review is free of any actual or potential conflict of interest or bias. Neither the expert reviewer, nor the independent review organization, nor any officer, director, or management employee of the independent review organization may have any material professional, familial, or financial affiliation with any of the following: The health carrier; professional associations of carriers and providers; the provider; the provider's medical or practice group; the health facility at which the service would be provided; the developer or manufacturer of a drug or device under review; or the enrollee;

(ii) In cases of a condition that could seriously jeopardize the enrollee's health or ability to regain maximum function, not later than the earlier of:

(g) That the independent review organization has a quality assurance mechanism in place that ensures the timeliness and quality of review and communication of determinations to enrollees and carriers, and the qualifications, impartiality, and freedom from conflict of interest of the organization, its staff, and expert reviewers; and

(h) That the independent review organization meets any other reasonable requirements of the department directly related to the functions the organization is to perform under this section and RCW 48.43.535, and related to assessing fees to carriers in a manner consistent with the maximum fee schedule developed under this section.

(3) To be certified as an independent review organization under this chapter, an organization must submit to the department an application in the form required by the department. The application must include:

(e) The percentage of the applicant's revenues that are anticipated to be derived from reviews conducted under RCW 48.43.535;

(f) A description of the areas of expertise of the health care professionals and contract specialists making review determinations for the applicant; and

(g) The procedures to be used by the independent review organization in making review determinations regarding reviews conducted under RCW 48.43.535.

(4) If at any time there is a material change in the information included in the application under subsection (3) of this section, the independent review organization shall submit updated information to the department.

(5) An independent review organization may not be a subsidiary of, or in any way owned or controlled by, a carrier or a trade or professional association of health care providers or carriers.

(6) An independent review organization, and individuals acting on its behalf, are immune from suit in a civil action when performing functions under chapter 5, Laws of 2000. However, this immunity does not apply to an act or omission made in bad faith or that involves gross negligence.

(7) Independent review organizations must be free from interference by state government in its functioning except as provided in subsection (8) of this section.

(8) The rules adopted under this section shall include provisions for terminating the certification of an independent review organization for failure to comply with the requirements for certification. It shall be the policy of the state of Washington that the cost of each professional, occupational, or business licensing program be fully borne by the members of that profession, occupation, or business. The secretary shall from time to time establish the amount of all application fees, license fees, registration fees, examination fees, permit fees, renewal fees, and any other fee associated with licensing or regulation of professions, occupations, or businesses administered by the department. All such fees shall be fixed by rule adopted by the secretary in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW. 43.70.460 Retired primary and specialty care provider liability malpractice insurance—Program authorized. (1) The department may establish a program to purchase and maintain liability malpractice insurance for retired primary and specialty care providers who provide health care services to low-income patients. The following conditions apply to the program:

(a) Health care services shall be provided at clinics serving low-income patients that are public or private tax-exempt corporations or other established practice settings as defined by the department;

[2005 RCW Supp—page 483]
(b) Health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;
(c) Retired health care providers providing health care services shall not receive compensation for their services; and
(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.
(e) Specialists in this program will be limited to those whose malpractice insurance premiums are comparable to primary care providers.

(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage to a health care provider should the insurer determine that coverage should not be offered to a health care provider because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or health care providers that provided health care services under this section and RCW 43.70.470. This protection of immunity shall not extend to any clinic or health care provider participating in the program.

(4) The department may monitor the claims experience of retired health care providers covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds are provided for this purpose by the legislature. If there are insufficient funds to support all applications for liability insurance coverage, priority shall be given to those retired health care providers working at clinics operated by public or private tax-exempt corporations rather than clinics operated by for-profit corporations. Legislative declaration—1992 c 113: “There are a number of retired physicians who wish to provide, or are providing, health care services to low-income patients without compensation. However, the cost of obtaining malpractice insurance is a burden that is deterring them from donating their time and services in treating the health problems of the poor. The necessity of maintaining malpractice insurance for those in practice is a significant reality in today's litigious society.
A program to alleviate the onerous costs of malpractice insurance for retired physicians providing uncompensated health care services to low-income patients will encourage philanthropy and augment state resources in providing for the health care needs of those who have no access to basic health care services.
An estimated sixteen percent of the nonelderly population do not have health insurance and lack access to even basic health care services. This is especially problematic for low-income persons who are young and who are either unemployed or have entry-level jobs without health care benefits. The majority of the uninsured, however, are working adults, and some twenty-nine percent are children.

The legislature declares that this act will increase the availability of primary care to low-income persons and in the interest of the public health and safety.” [1992 c 113 § 1.]

43.70.470 Retired health care provider liability malpractice insurance—Conditions. The department may establish by rule the conditions of participation in the liability insurance program by retired health care providers at clinics utilizing retired health care providers for the purposes of this section and RCW 43.70.460. These conditions shall include, but not be limited to, the following:

(1) The participating health care provider associated with the clinic shall hold a valid license to practice as a physician under chapter 18.71 or 18.57 RCW, a naturopath under chapter 18.36A RCW, a physician assistant under chapter 18.71A or 18.57A RCW, an advanced registered nurse practitioner under chapter 18.79 RCW, a dentist under chapter 18.32 RCW, or other health professionals as may be deemed in short supply by the department. All health care providers must be in conformity with current requirements for licensure, including continuing education requirements;

(2) Health care shall be limited to noninvasive procedures and shall not include obstetrical care. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses. Primary dental care shall be limited to diagnosis, oral hygiene, restoration, and extractions and shall not include orthodontia, or other specialized care and treatment;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering health care services pursuant to this section and RCW 43.70.460;

(4) The participating health care provider shall limit the provision of health care services to primarily low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating health care provider shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating health care provider for services provided by the health care provider, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating health care provider authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length. 43.70.540 Data collection—Legislative finding and intent. The legislature recognizes that the state patrol, the administrative office of the courts, the sheriffs’ and police chiefs’ association, the department of social and health services, the department of community, trade, and economic development, the sentencing guidelines commission, the department of corrections, and the superintendent of public instruction each have comprehensive data and analysis capabilities that have contributed greatly to our current understanding of crime and violence, and their causes.

The legislature finds, however, that a single health-oriented agency must be designated to provide consistent guide-

lines to all these groups regarding the way in which their data systems collect this important data. It is not the intent of the legislature by RCW 43.70.545 to transfer data collection requirements from existing agencies or to require the addition of major new data systems. It is rather the intent to make only the minimum required changes in existing data systems to increase compatibility and comparability, reduce duplication, and to increase the usefulness of data collected by these agencies in developing more accurate descriptions of violence. [2005 c 282 § 45; 1995 c 399 § 76; 1994 sp.s. c 7 § 201.]

Legislative finding and intent—1994 sp.s. c 7: “The legislature finds that the increasing violence in our society causes great concern for the immediate health and safety of our citizens and our social institutions. Youth violence is increasing at an alarming rate and young people between the ages of fifteen and twenty-four are at the highest risk of being perpetrators and victims of violence. Additionally, random violence, including homicide and the use of firearms, has dramatically increased over the last decade.

The legislature finds that violence is abhorrent to the aims of a free society and that it cannot be tolerated. State efforts at reducing violence must include changes in criminal penalties, reducing the unlawful use of and access to firearms, increasing educational efforts to encourage nonviolent means for resolving conflicts, and allowing communities to design their prevention efforts.

The legislature finds that the problem of violence can be addressed with many of the same approaches that public health programs have used to control other problems such as infectious disease, tobacco use, and traffic fatalities.

Addressing the problem of violence requires the concerted effort of all communities and all parts of state and local governments. It is the immediate purpose of chapter 7, Laws of 1994 sp. sess. to: (1) Prevent acts of violence by encouraging change in social norms and individual behaviors that have been shown to increase the risk of violence; (2) reduce the rate of at-risk children and youth, as defined in *RCW 70.190.010; (3) increase the severity and certainty of punishment for youth and adults who commit violent acts; (4) reduce the severity of harm to individuals when violence occurs; (5) empower communities to focus their concerns and allow them to control the funds dedicated to empirically supported preventive efforts in their region; and (6) reduce the fiscal and social impact of violence on our society.” [1994 sp.s. c 7 § 101.]

*Reviser’s note: The governor vetoed 1994 sp.s. c 7 § 302, which amended RCW 70.190.010 to define “at-risk children and youth.” RCW 70.190.010 was subsequently amended by 1996 c 132 § 2, which now includes a definition for “at-risk children.”

Severability—1994 sp.s. c 7: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [1994 sp.s. c 7 § 913.]

Effective dates—Contingent expiration date—1994 sp.s. c 7: *(1) Sections 201 through 204, 302, 323, 411, 412, 417, and 418 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 6, 1994].

(2) Sections 904 through 908 of this act shall take effect July 1, 1995.

(3) Notwithstanding other provisions of this section, if sections 901 through 909 of this act are rejected by the voters, then the amendments by sections 510 through 512, 519, 521, 525, and 527 of this act shall expire on July 1, 1995.” [1994 sp.s. c 7 § 915 (Referendum Bill No. 43, subsection (3) approved November 8, 1994).]

*Reviser’s note: Sections 901 through 909, chapter 7, Laws of 1994 sp. sess. were approved and ratified by the voters on November 8, 1994, in Referendum Bill No. 43. Therefore, the amendments to sections 510 through 512, 519, 521, 525, and 527, chapter 7, Laws of 1994 sp. sess. do not expire on July 1, 1995.

ship expert panel report guidelines for the diagnosis and management of asthma.

(2) The plan shall include recommendations in the following areas:

(d) Cost estimates and sources of funding for plan implementation.

(3) The department shall submit the completed state plan to the governor and the legislature by December 1, 2005. After the initial state plan is submitted, the department shall provide progress reports to the governor and the legislature on a biennial basis beginning December 1, 2007.

43.72.900 Health services account. (1) The health services account is created in the state treasury. Moneys in the account may be spent only after appropriation. Subject to the transfers described in subsection (3) of this section, moneys in the account may be expended only for maintaining and expanding health services access for low-income residents, maintaining and expanding the public health system, maintaining and improving the capacity of the health care system, containing health care costs, and the regulation, planning, and administering of the health care system.

The department of health shall submit a report to the legislature on March 1, 2002, evaluating the cost-effectiveness of programs that improve the health of low-income persons and address diseases and illnesses that disproportionately affect low-income persons, and making recommendations to the legislature on which of these programs could most effectively utilize the funds appropriated under this subsection.

Legislative finding—1999 c 94: "The legislature finds that a periodic
review of the accounts and their uses is necessary. While creating new
accounts may facilitate the implementation of legislative intent, the creation
of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address
emerging and changing issues in addition to creating administrative burdens
for the responsible agencies. Accounts created for specific purposes may no
longer be valid or needed. Accordingly, this act eliminates accounts that are
not in use or are unneeded and consolidates accounts that are similar in
nature." [1999 c 94 § 1.]

Legislative finding—1999 c 94: "The legislature finds that a periodic review of the accounts and their uses is necessary. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are in use or are unneeded and consolidates accounts that are similar in nature." [1999 c 94 § 1.]

Chapter 43.86A Time certificate of deposit investment program—Funds available for—Allocation. (1) Funds held in public depository banks not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depository banks an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, Section 1(b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositories. These deposits shall be allocated among the participating depositories on a basis to be determined by the state treasurer.

(2) The state treasurer may use up to one hundred million dollars per year of all funds available under this section for the purposes of RCW 43.86A.060. The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under RCW 43.86A.060.

(3) The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors. However, if in the judgment of the state treasurer the amount of allocation for certificates of deposit
as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly. [2005 c 302 § 2; 1993 c 512 § 33; 1982 c 74 § 1; 1973 c 123 § 3.]

43.88.005 Finding—Intent. The legislature finds that agency missions, goals, and objectives should focus on statewide results. It is the intent of the legislature to focus the biennial budget on how state agencies produce real results that reflect the goals of statutory programs. Specifically, budget managers and the legislature must have the data to move toward better statewide results that produce the intended public benefit. This data must be supplied in an impartial, quantifiable form, and demonstrate progress toward statewide results. With a renewed focus on achieving true results, state agencies, the office of financial management, and the legislature will be able to prioritize state resources. [2005 c 386 § 1.]

Separate budget document or schedules—Format changes. (1) The director of financial management  

shall provide all agencies with a complete set of instructions for submitting biennial budget requests to the director at least  

three months before agency budget documents are due into the office of financial management. The budget document or  

documents shall consist of the governor's budget message which shall be explanatory of the budget and shall contain an  

outline of the proposed financial policies of the state for the ensuing fiscal period, as well as an outline of the proposed  
six-year financial policies where applicable, and shall describe in connection therewith the important features of the  

budget. The biennial budget document or documents shall also describe performance indicators that demonstrate mea-

upon the estimated revenues and caseloads as approved by the economic and revenue forecast council and caseload fore-

cast council or upon the estimated revenues and caseloads of the office of financial management for those funds, accounts,  
sources, and programs for which the forecast councils do not prepare an official forecast. Revenues shall be estimated for  
such fiscal period from the source and at the rates existing by law at the time of submission of the budget document, includ-

ing the supplemental budgets submitted in the even-numbered years of a biennium. However, the estimated revenues and  
caseloads for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and reve-

nue and caseload estimates dependent upon budgetary  

assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues and case-

loads must be set forth in the budget document. The governor may additionally submit, as an appendix to each supple-

mental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensu-

ing fiscal period from revenue sources derived from proposed changes in existing statutes.

Supplemental and biennial documents shall reflect a six-

year expenditure plan consistent with estimated revenues from existing sources. Any additional revenue resulting from  

proposed changes to existing statutes shall be separately identified within the document as well as related expendi-

tures for the six-year period.

The budget document or documents shall also contain:  

(a) Revenues classified by fund and source for the immediately past fiscal period, those received or anticipated for the current fiscal period, and those anticipated for the ensuing biennium;  

(b) The undesignated fund balance or deficit, by fund;  

(c) Such additional information dealing with expenditures, revenues, workload, performance, and personnel as the legislature may direct by law or concurrent resolution;  

(d) Such additional information dealing with revenues and expenditures as the governor shall deem pertinent and useful to the legislature;  

(e) Tabulations showing expenditures classified by fund, function, and agency;  

(f) The expenditures that include nonbudgeted, nonap-

propriated accounts outside the state treasury;  

(g) Identification of all proposed direct expenditures to implement the Puget Sound water quality plan under chapter  

90.71 RCW, shown by agency and in total; and  

(h) Tabulations showing each postretirement adjustment by retirement system established after fiscal year 1991, to include, but not be limited to, estimated total payments made to the end of the previous biennial period, estimated payments for the present biennium, and estimated payments for the ensuing biennium.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:  

(a) Interest, amortization and redemption charges on the state debt;  

(b) Payments of all reliefs, judgments, and claims;  

(c) Other statutory expenditures;  

(d) Expenditures incident to the operation for each agency;  

(e) Revenues derived from agency operations;  

(f) Expenditures and revenues shall be given in compar-

ative form showing those incurred or received for the immediately past fiscal period and those anticipated for the current biennium and next ensuing biennium;  

(g) A showing and explanation of amounts of general fund and other funds obligations for debt service and any
transfers of moneys that otherwise would have been available for appropriation;

(h) Common school expenditures on a fiscal-year basis;

(3) The governor's operating budget document or documents shall reflect the statewide priorities as required by RCW 43.88.090.

(4) The governor's operating budget document or documents shall identify activities that are not addressing the statewide priorities.

(5) A separate capital budget document or schedule shall be submitted that will contain the following:

(a) A statement setting forth a long-range facilities plan for the state that identifies and includes the highest priority needs within affordable spending levels;

(b) A capital program consisting of proposed capital projects for the next biennium and the two biennia succeeding the next biennium consistent with the long-range facilities plan. Inasmuch as is practical, and recognizing emergent needs, the capital program shall reflect the priorities, projects, and spending levels proposed in previously submitted capital budget documents in order to provide a reliable long-range planning tool for the legislature and state agencies;

(c) A capital plan consisting of proposed capital spending for at least four biennia succeeding the next biennium;

(d) A strategic plan for reducing backlogs of maintenance and repair projects. The plan shall include a prioritized list of specific facility deficiencies and capital projects to address the deficiencies for each agency, cost estimates for each project, a schedule for completing projects over a reasonable period of time, and identification of normal maintenance activities to reduce future backlogs;

(o) Estimated ongoing operating budget costs or savings resulting from the project, including staffing and maintenance costs;

(p) For any capital appropriation requested for a state agency for the acquisition of land or the capital improvement of land in which the primary purpose of the acquisition or improvement is recreation or wildlife habitat conservation, the capital budget document, or an omnibus list of recreation and habitat acquisitions provided with the governor's budget document, shall identify the projected costs of operation and maintenance for at least the two biennia succeeding the next biennium. Omnibus lists of habitat and recreation land acquisitions shall include individual project cost estimates for operation and maintenance as well as a total for all state projects included in the list. The document shall identify the source of funds from which the operation and maintenance costs are proposed to be funded;

(q) Such other information bearing upon capital projects as the governor deems to be useful;

(r) Standard terms, including a standard and uniform definition of normal maintenance, for all capital projects;

(s) Such other information as the legislature may direct by law or concurrent resolution.

For purposes of this subsection (5), the term "capital project" shall be defined subsequent to the analysis, findings, and recommendations of a joint committee comprised of representatives from the house capital appropriations committee, senate ways and means committee, legislative evaluation and accountability program committee, and office of financial management.

(6) No change affecting the comparability of agency or program information relating to expenditures, revenues, workload, performance and personnel shall be made in the format of any budget document or report presented to the legislature under this section or RCW 43.88.160(1) relative to the format of the budget document or report which was presented to the previous regular session of the legislature during an odd-numbered year without prior legislative concurrence. Prior legislative concurrence shall consist of (a) a favorable majority vote on the proposal by the standing committees on ways and means of both houses if the legislature is in session or (b) a favorable majority vote on the proposal by members of the legislative evaluation and accountability program committee if the legislature is not in session. 43.88.090 Development of budget—Detailed estimates—Measurable goals, quality and productivity objectives—Integration of strategic plans and performance assessment procedures—Reviews by office of financial management—Governor-elect input. (1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The governor shall communicate statewide priorities to agencies for use in developing biennial budget recommendations for their agency and shall seek public involvement and input on these priorities. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations.

(3) For the purpose of assessing activity performance, each state agency shall establish quality and productivity objectives for each major activity in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard is granted by the office of financial management and approved by the legislative committee on performance review. Objectives must specifically address the statutory purpose or intent of the program or activity and focus on data that measure whether the agency is achieving or making progress toward the purpose of the activity and toward statewide priorities. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for and perform continuous self-assessment of each activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section. The assessment of the activity must also include an evaluation of major information technology systems or projects that may assist the agency in achieving or making progress toward the activity purpose and statewide priorities. The evaluation of proposed major information technology systems or projects shall be in accordance with the standards and policies established by the information services board. Agencies' progress toward the mission, goals, objectives, and measurements required by subsections (2) and (3) of this section is subject to review as set forth in this subsection.

(a) The office of financial management shall regularly conduct reviews of selected activities to analyze whether the objectives and measurements submitted by agencies demonstrate progress toward statewide results.

(b) The office of financial management shall consult with the higher education coordinating board and the state board for community and technical colleges in those reviews that involve institutions of higher education.

(c) The goal is for all major activities to receive at least one review each year.

(d) The office of financial management shall consult with the information services board when conducting reviews of major information technology systems in use by state
agencies. The goal is that reviews of these information technology systems occur periodically.

(5) It is the policy of the legislature that each agency's budget recommendations must be directly linked to the agency's stated mission and program, quality, and productivity goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of an activity's success in achieving its goals. When a review under subsection (4) of this section or other analysis determines that the agency's objectives demonstrate that the agency is making insufficient progress toward the goals of any particular program or is otherwise underachieving or inefficient, the agency's budget request shall contain proposals to remedy or improve the selected programs. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In reviewing agency budget requests in order to prepare the governor's biennial budget request, the office of financial management shall consider the extent to which the agency's activities demonstrate progress toward the statewide budgeting priorities, along with any specific review conducted under subsection (4) of this section.

(7) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate. (2)(a) As a condition of continuing employment for any applicant that has been offered a conditional offer of employment as a fully commissioned peace officer or a reserve officer after July 24, 2005, including any person whose certification has lapsed as a result of a break of more than twenty-four consecutive months in the officer’s service as a fully commissioned peace officer or reserve officer, the applicant shall successfully pass a psychological examination and a polygraph or similar test as administered by the county, city, or state law enforcement agency that complies with the following requirements:

(i) The psychological examination shall be administered by a psychiatrist licensed in the state of Washington pursuant to chapter 18.71 RCW or a psychologist licensed in the state of Washington pursuant to chapter 18.83 RCW. 43.101.105 Denial or revocation of peace officer certification. (1) Upon request by a peace officer’s employer or on its own initiative, the commission may deny or revoke certification of any peace officer, after written notice and hearing, if a hearing is timely requested by the peace officer under RCW 43.101.155, based upon a finding of one or more of the following conditions:

(c) The peace officer has been convicted at any time of a felony offense under the laws of this state or has been convicted of a federal or out-of-state offense comparable to a felony under the laws of this state; except that if a certified peace officer was convicted of a felony before being employed as a peace officer, and the circumstances of the prior felony conviction were fully disclosed to his or her employer before being hired, the commission may revoke certification only with the agreement of the employing law enforcement agency;

(d) The peace officer has been discharged for disqualifying misconduct, the discharge is final, and some or all of the acts or omissions forming the basis for the discharge proceedings occurred on or after January 1, 2002;

(e) The peace officer’s certificate was previously issued by administrative error on the part of the commission; or

(f) The peace officer has interfered with an investigation or action for denial or revocation of certificate by: (i) Knowingly making a materially false statement to the commission; or (ii) in any matter under investigation by or otherwise before the commission, tampering with evidence or tampering with or intimidating any witness.

(2) After July 24, 2005, the commission shall deny certification to any applicant that has lost his or her certification as a result of a break in service of more than twenty-four consecutive months if that applicant failed to successfully pass the psychological examination and the polygraph test or similar assessment procedure required in RCW 43.101.095(2), as administered by county, city, or state law enforcement agencies. 43.135.025 General fund expenditure limit—Computation—Annual limit adjustment—Definitions—Emergency exception—State treasurer duty, penalty—State expenditure limit committee. (Effective July 1, 2007.)  (1) The state shall not expend from the general fund and related funds during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund or related fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 2007, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund and related funds, not including federal funds, for the fiscal year beginning July 1, 2006, plus the fiscal growth factor.

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least four members.

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

(7) "Fiscal growth factor" means the average growth in state personal income for the prior ten fiscal years.

(8) "General fund" means the state general fund.

(9) "Related fund" means the health services account, violence reduction and drug enforcement account, public safety and education account, water quality account, or student achievement fund. [2005 c 72 § 4; 2000 2nd sp.s. c 2 § 1; 1994 c 2 § 2 (Initiative Measure No. 601, approved November 2, 1993).]

Findings—Effective dates—2005 c 72: See notes following RCW 43.135.010.

Effective date—2000 2nd sp.s. c 2: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2000." [2000 2nd sp.s. c 2 § 4.]

43.135.035 Tax legislation—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer. (Effective until July 1, 2007.)  (1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. However, for legislation enacted between *the effective date of this 2005 act and June 30, 2007, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken with the approval of a majority of members elected to each house, so long as state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on . . . . . . . in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

[2005 RCW Supp—page 509]
(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift. [2005 c 72 § 2. Prior: 2001 c 3 § 8 (Initiative Measure No. 728, approved November 7, 2000); 2000 2nd sp.s. c 2 § 2; (2002 c 33 § 1 expired June 30, 2003); 1994 c 2 § 4 (Initiative Measure No. 601, approved November 2, 1993).]

Findings—Effective dates—2005 c 72: See notes following RCW 43.135.010.

43.135.035 Tax legislation—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer. *(Effective July 1, 2007)*

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.  

(2)(a) If the legislative action in subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote required under this section shall be substantially as follows:

"Shall taxes be imposed on . . . . . . in order to allow a spending increase above last year's authorized spending adjusted for personal income growth?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund or a related fund to another source of funding, or if moneys are transferred from the state general fund or a related fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund or a related fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function and the ongoing revenue necessary to fund the program or function are shifted to the state general fund or a related fund on or after January 1, 2007, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift. [2005 c 72 § 5; 2005 c 72 § 2. Prior: 2001 c 3 § 8 (Initiative Measure No. 728, approved November 7, 2000); 2000 2nd sp.s. c 2 § 2; (2002 c 33 § 1 expired June 30, 2003); 1994 c 2 § 4 (Initiative Measure No. 601, approved November 2, 1993).]

43.135.045 Emergency reserve fund—Excess balance to education construction fund—Appropriation conditions—Transfer of earnings to multimodal transportation account. (Expires June 30, 2007.)

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund—state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund—state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2005, and ending June 30, 2007, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district. [2005 c 488 § 920; 2005 c 314 § 401; 2001 1st sp.s. c 25 § 920. which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the fiscal biennium. The board may provide an additional alternate job development fund project list of up to ten million dollars. The legislature may remove projects from the list recommended by the board. The legislature may not change the prioritization of projects recommended for funding by the board, but may add projects from the alternate list in order of priority, as long as the total funding does not exceed fifty million dollars. 43.160.230 Job development fund program. (Expires June 30, 2011.) (1) The job development fund program is

[2005 RCW Supp—page 513]
created to provide grants for public infrastructure projects that will stimulate job creation or assist in job retention. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make grant awards.

(2) For the purposes of chapter 425, Laws of 2005, "public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11).

(3) The board shall conduct a statewide request for project applications. The board shall apply the following criteria for evaluation and ranking of applications:

(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to: (i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;

(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;

(c) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;

(d) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under chapter 425, Laws of 2005;

(e) The ability of the project to improve the viability of existing business entities in the project area;

(f) Whether or not the project is a partnership of multiple jurisdictions;

(g) Demonstration that the requested assistance will directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs; and

(h) The availability of existing assets that applicants may apply to projects.

(4) Job development fund program grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program grants shall not be provided for any project where:

(a) The funds will not be used within the jurisdiction or jurisdictions of the applicants; or

(b) Evidence exists that the project would result in a development or expansion that would displace existing jobs in any other community in the state.

(5) The board shall, with the joint legislative audit and review committee, develop performance criteria for each grant and evaluation criteria to be used to evaluate both how well successful applicants met the community and economic development objectives stated in their applications, and how well the job development fund program performed in creating and retaining jobs. [2005 c 425 § 2.]

Finding—2005 c 425: "The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a grant program to assist with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs." [2005 c 425 § 1.]

Severability—2005 c 425: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 425 § 7.]

43.160.240 Job development fund program—Maximum grants. (Expires June 30, 2011.) The maximum grant from the job development fund for any one project is ten million dollars. Grant assistance from the job development fund may not exceed thirty-three percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. [2005 c 425 § 3.]

(1) The authority may issue its nonrecourse revenue bonds in order to obtain the funds to carry out the programs authorized in this chapter. The bonds shall be special obligations of the authority, payable solely out of the special fund or funds established by the authority for their repayment.

(2) Any bonds issued under this chapter may be secured by a financing document between the authority and the purchasers or owners of such bonds or between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state.

(a) The financing document may pledge or assign, in whole or in part, the revenues and funds held or to be received by the authority, any present or future contract or other rights to receive the same, and the proceeds thereof.

(b) The financing document may contain such provisions for protecting and enforcing the rights, security, and remedies of bondholders as may be reasonable and proper, including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event of default which may include the acceleration of maturities, restrictions on the individual rights of action by bondholders, and covenants setting forth duties of and limitations on the authority in conduct of its programs and the management of its property.

(b) Eligible persons seeking financial and other assistance under this program shall forward an application, together with an application fee prescribed by rule, to the authority. An investigation and report concerning the advisability of approving an application for assistance shall be completed by the staff of the authority. The investigation and report may include, but is not limited to, facts about the company under consideration as its history, wage standards, job opportunities, stability of employment, past and present financial condition and structure, pro forma income statements, present and future markets and prospects, integrity of management as well as the feasibility of the proposed product and invention to be granted financial aid, including the state of development of the product as well as the likelihood of its commercial feasibility. After receipt and consideration of the report set out in this subsection and after other action as is deemed appropriate, the application shall be approved or denied by the authority. The applicant shall be promptly notified of action by the authority. In making the decision as to approval or denial of an application, priority shall be given to those persons operating or planning to operate businesses of special importance to Washington's economy, including, but not limited to: (i) Existing resource-based industries of agriculture, forestry, and fisheries; (ii) existing advanced technology industries of electronics, computer and instrumentation manufacturing, computer software, and information design; and (iii) emerging industries such as environmental technology, biotechnology, biomedical sciences, materials sciences, and optics.

43.168.040 Approval of applications for federal community development block grant funds for projects. Subject to the restrictions contained in this chapter, the director is authorized to approve applications of local governments for federal community development block grant funds which the local governments would use to make loans to finance business projects within their jurisdictions. Applications approved by the director under this chapter shall conform to applicable federal requirements. [2005 c 136 § 19; 1995 c 226: See notes following RCW 43.160.010.]

43.168.050 Application approval—Conditions and limitations. (1) The director may only approve an application providing a loan for a project which the director finds:

(a) Will result in the creation of employment opportunities, the maintenance of threatened employment, or development or expansion of business ownership by minorities and women;

(b) Will conform to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, the employment of disadvantaged workers, and development or expansion of business ownership by minorities and women, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The director shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The director may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the director. The director may require an annual or other periodic audit of the project books.

(4) The director may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5) The director may approve an application which results in a loan or grant of up to one million dollars.

(6) The director shall fix the terms and rates pertaining to fund loans.

(7) Should there be more demand for loans than funds available for lending, the director shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit" the director shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the director shall require applicants to provide for the transfer of all payments of principal and interest on loans and other proceeds of the fund to the fund created under this chapter. Under circumstances where the federal law does not permit the director to require such transfer, the director shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The director shall not approve any application to finance or help finance a shopping mall.

(10) For loans made to minority and women-owned businesses, the director shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. For loans not made to minority and women-owned businesses, the director shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the director shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the director if a project is not likely to result in a net increase in employment within a local market area.

(12) For loans to minority and women-owned businesses who do not meet the credit criteria, the director may consider nontraditional credit standards to offset past discrimination that has precluded full participation of minority or women-owned businesses in the economy. For applicants with high potential who do not meet the credit criteria, the director shall consider developing alternative borrowing methods. For applicants denied loans due to credit problems, the department shall provide financial counseling within available resources and provide referrals to credit rehabilitation services. In circumstances of competing applications, priority shall be given to members of eligible groups which previously have been least served by this fund. [2005 c 136 § 5; 1993 c 512 § 12; 1990 1st ex.s. c 17 § 74; 1989 c 430 § 9; 1987 c 461 § 4; 1986 c 204 § 2; 1985 c 164 § 5.]

HOUSING FINANCE COMMISSION

Sections
43.180.290  Beginning farmer financing program.

43.180.290  Beginning farmer financing program.  (1) The commission may develop and implement a program to provide financing for beginning farmers. In developing the program, the commission shall establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of commission bonds.

(2) The commission may:

(a) Issue revenue bonds as defined in RCW 43.180.020(1) for the purpose of providing loans to beginning farmers in accordance with RCW 43.180.150;

(b) Do all things necessary to provide for the exemption of interest on its bonds from federal income taxation; and

(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with this chapter to secure to itself and the people of the state the benefits of those programs for beginning farmers. [2005 c 120 § 2.]

Findings—Purpose—2005 c 120: "The legislature finds that there are a significant number of people from both urban and rural areas of the state with the training, expertise, and interest in initiating a livelihood in farming but who lack the financial resources to get started. The legislature also finds that the current age of existing farmers is increasing, the number of full-time commercial farms is decreasing, and an increasing concern that there will be insufficient young people who have both the capability and interest to fulfill the needs for the next generation.

The legislature finds that there are a significant number of new small farms in the state and a significant enrollment in agricultural courses offered by public community colleges and universities and the beginning farmer program offered by Washington State University cooperative extension.

The purpose of this act is to establish a program to test the feasibility, interest, and results of a beginning farmer loan program." [2005 c 120 § 1.]

(1) The department shall use moneys from the housing trust fund and other legislative appropriations to finance in whole or in part any loans or grant projects that will provide housing for persons and families with special housing needs and with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located. At least thirty percent of these moneys used in any given funding cycle shall be for the benefit of projects located in rural areas of the state as defined by the department. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(2) Activities eligible for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

(a) New construction, rehabilitation, or acquisition of low and very low-income housing units;

(b) Rent subsidies;

(c) Matching funds for social services directly related to providing housing for special-need tenants in assisted projects;

(d) Technical assistance, design and finance services and consultation, and administrative costs for eligible nonprofit community or neighborhood-based organizations;

(e) Administrative costs for housing assistance groups or organizations when such grant or loan will substantially increase the recipient's access to housing funds other than those available under this chapter;

(f) Shelters and related services for the homeless, including emergency shelters and overnight youth shelters;

(g) Mortgage subsidies, including temporary rental and mortgage payment subsidies to prevent homelessness;

(h) Mortgage insurance guarantee or payments for eligible projects;

(i) Down payment or closing cost assistance for eligible first-time home buyers;

(j) Acquisition of housing units for the purpose of preservation as low-income or very low-income housing; and

(k) Projects making housing more accessible to families with members who have disabilities.

(3) Legislative appropriations from capital bond proceeds may be used only for the costs of projects authorized under subsection (2)(a), (i), and (j) of this section, and not for the administrative costs of the department.

(4) Moneys from repayment of loans from appropriations from capital bond proceeds may be used for all activities necessary for the proper functioning of the housing assistance program except for activities authorized under subsection (2)(b) and (c) of this section.

(5) Administrative costs of the department shall not exceed five percent of the annual funds available for the housing assistance program. [2005 c 219 § 1; 2002 c 294 § 6; 1994 c 160 § 1; 1991 c 356 § 4; 1986 c 298 § 6.]

(1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department shall announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. All projects and activities shall be evaluated by some or all of the criteria under subsection (3) of this section, and similar projects and activities shall be evaluated under the same criteria.

(3) The department shall give preference for applications based on some or all of the criteria under this subsection, and similar projects and activities shall be evaluated under the same criteria:

(b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;
(c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
(d) Local government contributions in the form of infrastructure improvements, and others;
(e) Projects that encourage ownership, management, and other project-related responsibility opportunities;
(f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;
(g) The applicant has the demonstrated ability, stability and resources to implement the project;
(h) Projects which demonstrate serving the greatest need;

(g) The applicant has the demonstrated ability, stability and resources to implement the project;

43.185C.005 Findings. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015. [2005 c 484 § 1.]

43.185C.020 Homeless housing program. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at housing homeless persons. The program shall be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020. [2005 c 484 § 5.]

43.185C.030 Washington homeless census or count—Confidentiality—Online information and referral system—Organizational quality management system. The department shall annually conduct a Washington homeless census or count consistent with the requirements of RCW 43.63A.655. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected. All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking or is the parent or guardian of a child victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.24.105. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault,
or stalking. Summary data for the provider's facility or program may be substituted.

The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department's annual updated homeless housing program strategic plan.

Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

By the end of year four, the department shall implement an organizational quality management system. [2005 c 484 § 6.]

### 43.185C.040 Homeless housing strategic plan—Program outcomes and performance measures and goals—Statewide data gathering instrument—Annual report.

1. **Six months after the first Washington homeless census, the department shall, in consultation with the *interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650.** To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

2. **Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:**
   
   (a) By the end of year one, completion of the first census as described in RCW 43.185C.030;
   
   (b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and
   
   (c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

3. **The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.**

   The department shall, in consultation with the *interagency council on homelessness and the affordable housing advisory board, report annually to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:

   (a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;
   
   (b) The number of new units available and affordable for homeless families by housing type;
   
   (c) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;
   
   (d) The number of households at risk of losing housing who maintain it due to a preventive intervention;
   
   (e) The transition time from homelessness to permanent housing;
   
   (f) The cost per person housed at each level of the housing continuum;
   
   (g) The ability to successfully collect data and report performance;
   
   (h) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;
   
   (i) The quality and safety of housing provided; and
   
   (j) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

4. Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans. [2005 c 484 § 7.]

*Reviser's note: 2005 c 484 § 4, which established the interagency council on homelessness, was vetoed.

### 43.185C.050 Local homeless housing plans.

1. Each local homeless housing task force shall prepare and recommend to its local government legislative authority a ten-year homeless housing plan for its jurisdictional area which shall be not inconsistent with the department's statewide temporary guidelines, for the December 31, 2005, plan, and thereafter the department's ten-year homeless housing strategic plan and which shall be aimed at eliminating homelessness, with a minimum goal of reducing homelessness by fifty percent by July 1, 2015. The local government may amend the proposed local plan and shall adopt a plan by December 31, 2005. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and may include recommendations for any state legislation needed to meet the state or local plan goals.

2. Eligible activities under the local plans include:

   (a) Rental and furnishing of dwelling units for the use of homeless persons;
   
   (b) Costs of developing affordable housing for homeless persons, and services for formerly homeless individuals and

[2005 RCW Supp—page 524]
families residing in transitional housing or permanent housing and still at risk of homelessness;
(c) Operating subsidies for transitional housing or permanent housing serving formerly homeless families or individuals;
(d) Services to prevent homelessness, such as emergency eviction prevention programs including temporary rental subsidies to prevent homelessness;
(e) Temporary services to assist persons leaving state institutions and other state programs to prevent them from becoming or remaining homeless;
(f) Outreach services for homeless individuals and families;
(g) Development and management of local homeless plans including homeless census data collection; identification of goals, performance measures, strategies, and costs and evaluation of progress towards established goals;
(h) Rental vouchers payable to landlords for persons who are homeless or below thirty percent of the median income or in immediate danger of becoming homeless; and
(i) Other activities to reduce and prevent homelessness as identified for funding in the local plan. [2005 c 484 § 8.]

43.185C.060 Homeless housing account. The homeless housing account is created in the custody of the state treasurer. The state's portion of the surcharge established in RCW 36.22.179 must be deposited in the account. Expenditures from the account may be used only for the homeless housing program as described in this chapter. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2005 c 484 § 10.]

43.185C.070 Grant applications. (1) During each calendar year in which moneys from the homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in RCW 36.22.179.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;
(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in RCW 43.185C.005;
(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;
(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;
(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;
(g) The cooperation of the local government in the annual Washington homeless census project;
(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse work force;
(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter and RCW 36.22.178 and 36.22.179; and
(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan. [2005 c 484 § 11.]

43.185C.080 Homeless housing grants—Participation. (1) Only a local government is eligible to receive a homeless housing grant from the homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under RCW 36.22.179 equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing grant programs. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legisla-
tive authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under RCW 43.185C.060 shall be remitted monthly to the state treasurer for deposit in the homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of chapter 484, Laws of 2005 in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter. [2005 c 484 § 12.]

43.185C.090 Allocation of grant moneys—Issuance of criteria or guidelines. The department shall allocate grant moneys from the homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness, track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria or guidelines to guide local governments in the application process. [2005 c 484 § 13.]

43.185C.100 Technical assistance. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

1. Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;

2. Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;

3. Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;

4. Assisting in the identification of "best practices" from other areas;

5. Assisting in identifying additional funding sources for specific projects; and

6. Training local government and subcontractor staff. [2005 c 484 § 14.]

43.185C.110 Progress reports—Uniform process. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals. [2005 c 484 § 15.]

43.185C.120 Rules. The department may adopt such rules as may be necessary to effect the purposes of this chapter. [2005 c 484 § 16.]

43.185C.130 Protection of state's interest in grant program projects. The department shall ensure that the state's interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project. [2005 c 484 § 17.]

43.185C.140 Public assistance eligibility—Payments exempt. The department of social and health services shall exempt payments to individuals provided under this chapter when determining eligibility for public assistance. [2005 c 484 § 20.]

43.185C.150 Expenditures within authorized funds—Existing expenditures not reduced or supplanted. This chapter does not require either the department or any local government to expend any funds to accomplish the goals of this chapter other than the revenues authorized in chapter 484, Laws of 2005. However, neither the department nor any local government may use any funds authorized in chapter 484, Laws of 2005 to supplant or reduce any existing expenditures of public money for the reduction or prevention of homelessness or services for homeless persons. [2005 c 484 § 21.]

43.185C.160 County homeless housing task forces—Homeless housing plans—Reports by counties. (1) Each county shall create a homeless housing task force to develop a ten-year homeless housing plan addressing short-term and long-term housing for homeless persons.

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers, emergency health care providers, businesses, at-large representatives of the community, and a homeless or formerly homeless individual.

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body
which substantially conforms to this section and which includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint homeless housing plan, or to contract with another entity to do so according to the requirements of this chapter. A copy of the resolution shall also be transmitted to the county auditor and treasurer. Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues."
The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." 43.350.005 Findings—Purpose—Intent. The legislature declares that promoting the health of state residents is a fundamental purpose of state government. The legislature declares it to be a clear public purpose and governmental function to promote life sciences research to foster a preventive and predictive vision of the next generation of health-related innovations, to enhance the competitive position of Washington state in this vital sector of the economy, and to improve the quality and delivery of health care for the people of Washington. The legislature finds that public support for and promotion of life sciences research will benefit the state and its residents through improved health status and health outcomes, economic development, and contributions to scientific knowledge, and such research will lead to breakthroughs and improvements that might not otherwise be discovered due to lack of existing market incentives, especially
in the area of regenerative medicine. The legislature finds that public support for and promotion of life sciences research has the potential to provide cures or new treatments for many debilitating diseases that cost the state millions of dollars each year. It is appropriate and consistent with the intent of the master settlement agreement between the state and tobacco product manufacturers to invest a portion of the revenues derived therefrom by the state in life sciences research, to leverage the revenues with other funds, and to encourage cooperation and innovation among public and private institutions involved in life sciences research. The purpose of this chapter is to establish a life sciences discovery fund authority, to grant that authority the power to contract with the state to receive revenues under the master settlement agreement, and to contract with other entities to receive other funds, and to disburse those funds consistent with the purpose of this chapter. The life sciences discovery fund is intended to promote the best available research in life sciences disciplines through diverse Washington institutions and to build upon existing strengths in the area of biosciences and biomanufacturing in order to spread the economic benefits across the state. The life sciences discovery fund is also intended to foster improved health care outcomes and improved agricultural production research across this state and the world. The research investments of the life sciences discovery fund are intended to further the goals of the "Bio 21" report and to support future statewide, comprehensive strategies to lead the nation in life sciences-related research and employment. WASHINGTON MAIN STREET PROGRAM

Chapter 43.360 RCW

43.360.005 Findings—Intent. (1) The legislature finds:
(a) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;
(b) In recent years there has been a deterioration of downtown and neighborhood commercial districts in both rural and urban communities due to a shifting population base, changes in the marketplace, and greater competition from suburban shopping malls, discount centers, and businesses transacted through the internet;
(c) This decline has eroded the ability of businesses and property owners to renovate and enhance their commercial and residential properties; and
(d) Business owners in these districts need to maintain their local economies in order to provide goods and services to adjacent residents, to provide employment opportunities, to avoid disinvestment and economic dislocations, and to develop and sustain downtown and neighborhood commercial district revitalization programs to address these problems.
(2) It is the intent of the legislature to establish a program to:
(a) Work in partnership with these organizations;
(b) Provide technical assistance and training to local governments, business organizations, downtown and neighborhood commercial district organizations, and business and property owners to accomplish community and economic revitalization and development of business districts; and
(c) Certify a downtown or neighborhood commercial district organization's use of available tax incentives. [2005 c 514 § 901.]

Short title—2005 c 514 §§ 901-912: "Sections 901 through 912 of this act may be known and cited as the Washington main street act." [2005 c 514 § 1310.]

Effective date—2005 c 514: See note following RCW 83.100.230.

43.360.020 Program created—Duties. The Washington main street program is created within the department. In order to implement the Washington main street program, the department shall:
(1) Provide technical assistance to businesses, property owners, organizations, and local governments undertaking a comprehensive downtown or neighborhood commercial district revitalization initiative and management strategy. Technical assistance may include, but is not limited to, initial site evaluations and assessments, training for local programs, training for local program staff, site visits and assessments by technical specialists, local program design assistance and evaluation, and continued local program on-site assistance;
(2) To the extent funds are made available, provide financial assistance to local governments or local organizations to assist in initial downtown or neighborhood commercial district revitalization program start-up costs, specialized training, specific project feasibility studies, market studies, and design assistance;
(3) Develop objective criteria for selecting recipients of assistance under subsections (1) and (2) of this section, which shall include priority for downtown or neighborhood commercial district revitalization programs located in a rural county as defined in RCW 43.160.020(12), and provide for designation of local programs under RCW 43.360.030;
(4) Operate the Washington main street program in accordance with the plan developed by the department, in consultation with the Washington main street advisory committee created under RCW 43.360.040; and
(5) Consider other factors the department deems necessary for the implementation of this chapter. [2005 c 514 § 909.]

43.360.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Area" means a geographic area within a local government that is described by a closed perimeter boundary.

43.360.030 Designation of specific programs—Criteria. (1) The department shall adopt criteria for the designation of local downtown or neighborhood commercial district revitalization programs and official local main street programs. In establishing the criteria, the department shall consider:

(a) The degree of interest and commitment to comprehensive downtown or neighborhood commercial district revitalization and, where applicable, historic preservation by both the public and private sectors;
(b) The evidence of potential private sector investment in the downtown or neighborhood commercial district;
(c) Where applicable, a downtown or neighborhood commercial district with sufficient historic fabric to become a foundation for an enhanced community image;
(d) The capacity of the organization to undertake a comprehensive program and the financial commitment to implement a long-term downtown or neighborhood commercial district revitalization program that includes a commitment to employ a professional program manager and maintain a sufficient operating budget;

(f) The national main street center's criteria for designating official main street cities; and
(g) Other factors the department deems necessary for the designation of a local program.

(2) The department shall designate local downtown or neighborhood commercial district revitalization programs and official local main street programs. The programs shall be limited to three categories of designation, one of which shall be the main street level.

(3) *RCW 82.73.010 does not apply to any local downtown or neighborhood commercial district revitalization program unless the boundaries of the program have been identified and approved by the department. The boundaries of a local downtown or neighborhood commercial district revitalization program are typically defined using the pedestrian core of a traditional commercial district.

(4) The department may not designate a local downtown or neighborhood commercial district revitalization program or official local main street program if the program is undertaken by a local government with a population of one hundred ninety thousand persons or more. [2005 c 514 § 910.]

JOINT COMMITTEE ON ENERGY SUPPLY AND ENERGY CONSERVATION

Sections
44.39.010 Committee created. There is hereby created the joint committee on energy supply and energy conservation. [2005 c 299 § 1; 2001 c 214 § 30; 1977 ex.s. c 328 § 13; 1969 ex.s. c 260 § 1.]

(8) "Transportation-related agencies" or "agency" means any state or local agency, board, special purpose district, or commission that receives or generates funding primarily for transportation-related purposes. At a minimum, the department of transportation, the Washington state patrol, the department of licensing, the transportation improvement board or its successor entity, the county road administration board or its successor entity, and the traffic safety commission are considered transportation-related agencies. [2005 c 319 § 16; 2003 c 362 § 2.]

44.75.030 Board created—Membership. (1) The transportation performance audit board is created.
(2) The board will consist of four legislative members, three citizen members with transportation-related expertise, two citizen members with performance measurement expertise, one member of the transportation commission, one ex officio nonvoting member, and one at large member. The legislative auditor is the ex officio nonvoting member. The majority and minority leaders of the house and senate transportation committees, or their designees, are the legislative members. The governor shall appoint the at large member to serve for a term of four years. The citizen members must be appointed by the governor for terms of four years, except that at least half the initial appointments will be for terms of two years. The citizen members may not be currently, or within one year, employed by the Washington state department of transportation. The governor, when appointing the citizen members with transportation-related expertise, may consult with appropriate professional associations and shall consider the following transportation-related experiences:
(a) Construction project planning, including permitting and assuring regulatory compliance;
(b) Construction means and methods and construction management, crafting and implementing environmental mitigation plans, and administration;
(c) Construction engineering services, including construction management, materials testing, materials documentation, contractor payments, inspection, surveying, and project oversight;
(d) Project management, including design estimating, contract packaging, and procurement; and
(e) Transportation management, including design estimating, contract packaging, and procurement.
(3) The governor may not remove members from the board before the expiration of their terms unless for cause based upon a determination of incapacity, incompetence, neglect of duty, of malfeasance in office by the Thurston county superior court, upon petition and show cause proceed-
ings brought for that purpose in that court and directed to the board member in question.

(4) No member may be appointed for more than three consecutive terms. [2005 c 319 § 17; 2003 c 362 § 3.]

44.75.040 Procedures, compensation, support. (1) The board shall meet periodically. It may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members.

(2) Each member of the transportation performance audit board will be compensated from the general appropriation for the transportation commission in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, in no event may a board member be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.

(3) The transportation performance audit board shall keep proper records and is subject to audit by the state auditor or other auditing entities.

(4) Staff support to the transportation performance audit board must be provided by the transportation commission, which shall provide professional support for the duties, functions, responsibilities, and activities of the board, including but not limited to information technology systems; data collection, processing, analysis, and reporting; project management; and office space, equipment, and secretarial support. Additionally, the commission shall designate, subject to board approval, a staff person to serve as the board administrator. The board administrator serves as an exempt employee and at the pleasure of the board.

(5) Each member of the transportation performance audit board shall disclose any actual or potential conflict of interest, if applicable under the circumstance, regarding all performance reviews and performance audits conducted under this chapter. [2005 c 319 § 18; 2003 c 362 § 4.]

44.75.050 Reviews of transportation-related agencies. (1) The transportation performance audit board may review the performance and outcome measures of transportation-related agencies. The purpose of these reviews is to ensure that the legislature has the means to adequately and accurately assess the performance and outcomes of those agencies and departments. Where two or more agencies have shared responsibility for functions or priorities of government, these reviews can also determine whether effective interagency cooperation and collaboration occurs in areas such as program coordination, administrative structures, information systems, and administration of grants and loans.

(2) The board shall, as soon as practicable, conduct a review of the comprehensive ten-year investment program process, including the required criteria, under RCW 47.05.030 and 47.05.051.

(3) In conducting these reviews, the transportation performance audit board may work in consultation with the joint legislative audit and review committee, the office of financial management, and other state agencies. [2005 c 319 § 19; 2003 c 362 § 5.]

44.75.080 Direction of audit. After reviewing the performance or outcome measures and benchmarks of an agency or department, or at any time it so determines, the transportation performance audit board shall direct a full performance or functional audit of the agency or department, or a specific program within the agency or department. [2005 c 319 § 20; 2003 c 362 § 8.]

44.75.090 Professional experts. To the greatest extent possible, and to the extent funds are appropriated, the board administrator shall, subject to board approval, contract with and consult with private independent professional and technical experts to optimize the independence of the reviews and performance audits. In determining the need to contract with private experts, the board administrator shall consider the degree of difficulty of the review or audit, the relative cost of contracting for expertise, and the need to maintain auditor independence from the subject agency or program. The board administrator may, subject to board approval, contract with the legislative auditor or state auditor to serve as the contract manager of the reviews and performance audits. [2005 c 319 § 21; 2003 c 362 § 9.]

Management by legislative auditor: RCW 44.28.161.

44.75.100 Audit reports. (1) When the board has completed a performance audit, the board shall transmit the preliminary performance audit report to the affected state agency or local government and the office of financial management for comment. The agency or local government and the office of financial management shall provide any response to the board within thirty days after receipt of the preliminary report unless a different time period is approved by the board. The board shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report. The board may also include an addendum with board comments on the management of the audit.

(2) Before releasing the results of a performance audit originally requested by the joint transportation committee to the legislature or the public, the board administrator shall submit the preliminary performance audit report to the joint committee for review and comments solely on the management of the audit. Any comments by the joint committee must be included as a separate addendum to the final performance audit report.

(3) Completed performance audits must be presented to the transportation performance audit board. Published per-
formance audits must be made available to the public through the board's web site and through customary public communications. Final reports must also be transmitted to the affected agency, the director of financial management, and the appropriate policy and fiscal standing committees of the legislature. [2005 c 319 § 22; 2003 c 362 § 10.]

44.75.110 Scope of audit. The board administrator, or the legislative auditor or state auditor if contracted under RCW 44.75.090, shall determine in writing the scope of any performance audit directed by the transportation performance audit board, subject to the review and approval of the final scope of the audit by the transportation performance audit board. In doing so, the board administrator, or legislative auditor or state auditor if contracted under RCW 44.75.090, and the transportation performance audit board shall consider inclusion of the following elements in the scope of the audit:

(1) Identification of potential cost savings in the agency, its programs, and its services;
(2) Identification and recognition of best practices;
(3) Identification of funding to the agency, to programs, and to services that can be eliminated or reduced;
(4) Identification of programs and services that can be eliminated, reduced, or transferred to the private sector;
(5) Analysis of gaps and overlaps in programs and services and recommendations for improving, dropping, blending, or separating functions to correct gaps or overlaps;

(9) Verification of the reliability and validity of department performance data, self-assessments, and performance measurement systems as required under RCW 43.88.090. [2005 c 319 § 23; 2003 c 362 § 11.]

Findings—Intent—Part headings—Effective dates—2005 c 319:
See notes following RCW 43.17.020.

44.75.120 Contents of report. When conducting a full performance audit of an agency or department, or a specific program within an agency or department, or multiple agencies, in accordance with RCW 44.75.110, the board administrator shall solicit input from appropriate industry representatives or experts. The audit report must make recommendations regarding the continuation, abolition, consolidation, or reorganization of each affected agency, department, or program. The audit report must identify opportunities to develop government partnerships, and eliminate program redundancies that will result in increased quality, effectiveness, and efficiency of state agencies. [2005 c 319 § 24; 2003 c 362 § 12.]

[2005 RCW Supp—page 542]
(i) If a subagency is held by a partnership or corporate entity, the nomination must be submitted on behalf of, and agreed to by, all partners or corporate officers.

(ii) No subagent may receive any direct or indirect compensation or remuneration from any party or entity in recognition of a successor nomination. A subagent may not receive any financial benefit from the transfer or termination of an appointment.

(iii) (a) and (b) of this subsection are intended to assist in the efficient transfer of appointments in order to minimize public inconvenience. They do not create a proprietary or property interest in the appointment.

(c) The auditor shall submit all proposals to the director, and shall recommend the appointment of one or more subagents who have applied through the open competitive process. The auditor shall include in his or her recommendation to the director, not only the name of the successor who is a relative or employee, if applicable and if otherwise qualified, but also the name of one other applicant who is qualified and was chosen through the open competitive process. The director has final appointment authority.

(3)(a) A county auditor who is appointed as an agent by the department shall enter into a standard contract provided by the director, developed with the advice of the title and registration advisory committee.

(b) A subagent appointed under subsection (2) of this section shall enter into a standard contract with the county auditor, developed with the advice of the title and registration advisory committee. The director shall provide the standard contract to county auditors.

(c) The contracts provided for in (a) and (b) of this subsection must contain at a minimum provisions that:

(i) Describe the responsibilities, and where applicable, the liability, of each party related to the service expectations and levels, equipment to be supplied by the department, and equipment maintenance;

(ii) Require the specific type of insurance or bonds so that the state is protected against any loss of collected motor vehicle tax revenues or loss of equipment;

(iii) Specify the amount of training that will be provided by the state, the county auditor, or subagents;

(iv) Describe allowable costs that may be charged to vehicle licensing activities as provided for in (d) of this subsection;

(v) Describe the causes and procedures for termination of the contract, which may include mediation and binding arbitration.

(d) The department shall develop procedures that will standardize and prescribe allowable costs that may be assigned to vehicle licensing and vessel registration and title activities performed by county auditors.

(e) The contracts may include any provision that the director deems necessary to ensure acceptable service and the full collection of vehicle and vessel tax revenues.

(f) The director may waive any provisions of the contract deemed necessary in order to ensure that readily accessible service is provided to the citizens of the state.

(4)(a) At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle or vessel upon the public highways or waters of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of three dollars for each application in addition to any other fees required by law.

(b) Counties that do not cover the expenses of vehicle licensing and vessel registration and title activities may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department shall develop procedures to verify whether a request is reasonable. Payment shall be made on requests found to be allowable from the licensing services account.

(c) Applicants for certificates of ownership, including applicants paying fees under RCW 46.16.070 or 46.16.085, shall pay to the director, county auditor, or other agent a fee of four dollars in addition to any other fees required by law.

(d) The fees under (a) and (c) of this subsection, if paid to the county auditor as agent of the director, or if paid to a subagent of the county auditor, shall be paid to the county treasurer in the same manner as other fees collected by the county auditor and credited to the county current expense fund. If the fee is paid to another agent of the director, the fee shall be used by the agent to defray his or her expenses in handling the application.

(e) Applicants required to pay the three-dollar fee established under (a) of this subsection, must pay an additional seventy-five cents, which must be collected and remitted to the state treasurer and distributed as follows:

(i) Fifty cents must be deposited into the department of licensing services account of the motor vehicle fund and must be used for agent and subagent support, which is to include but not be limited to the replacement of department-owned equipment in the possession of agents and subagents.

(ii) Twenty-five cents must be deposited into the license plate technology account created under RCW 46.16.685.

(5) A subagent shall collect a service fee of (a) ten dollars for changes in a certificate of ownership, with or without registration renewal, or verification of record and preparation of an affidavit of lost title other than at the time of the title application or transfer and (b) four dollars for registration renewal only, issuing a transit permit, or any other service under this section.

(6) If the fee is collected by the state patrol as agent for the director, the fee so collected shall be certified to the state treasurer and deposited to the credit of the state patrol highway account. If the fee is collected by the department of transportation as agent for the director, the fee shall be certified to the state treasurer and deposited to the credit of the motor vehicle fund. All such fees collected by the director or branches of his office shall be certified to the state treasurer and deposited to the credit of the highway safety fund.

(7) Any county revenues that exceed the cost of providing vehicle licensing and vessel registration and title activities in a county, calculated in accordance with the procedures in subsection (3)(d) of this section, shall be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

(8) The director may adopt rules to implement this section. [2005 c 343 § 1; 2003 c 370 § 3; 2001 c 331 § 1; 1996 c 315 § 1; 1992 c 216 § 1; 1991 c 339 § 16; 1990 c 250 § 89;

Sections
46.09.010 Application of chapter—Permission necessary to enter upon private lands.
46.09.015 Nonhighway use.
46.09.017 Operation by persons under thirteen.
46.09.020 Operating violations.

46.09.010 Application of chapter—Permission necessary to enter upon private lands. The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter, RCW 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner. [2005 c 213 § 2; 1972 ex.s. c 153 § 2; 1971 ex.s. c 47 § 6.]

Findings—Construction—Effective date—2005 c 213: "The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property." [2005 c 213 § 1.]

Effective date—2005 c 213: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 213 § 9.]

Purpose—1972 ex.s. c 153: See RCW 67.32.080.

46.09.115 Nonhighway use. (1) Except as otherwise provided in this section, it is lawful to operate an off-road vehicle upon a nonhighway road and in parking areas serving designated off-road vehicle areas if the state, federal, local, or private authority responsible for the management of the nonhighway road authorizes the use of off-road vehicles.

(2) Operations of an off-road vehicle on a nonhighway road under this section is exempt from licensing requirements of RCW 46.16.010 and vehicle lighting and equipment requirements of chapter 46.37 RCW.

(3) It is unlawful to operate an off-road vehicle upon a private nonhighway road if the road owner has not authorized the use of off-road vehicles.

(4) Nothing in this section authorizes trespass on private property. [2005 c 213 § 4.]

Findings—Construction—Effective date—2005 c 213: See notes following RCW 46.09.010.

46.09.117 Operation by persons under thirteen. (1) Except as specified in subsection (2) of this section, no person under thirteen years of age may operate an off-road vehicle on or across a highway or nonhighway road in this state.

(2) Persons under thirteen years of age may operate an off-road vehicle on a nonhighway road designated for off-road vehicle use under the direct supervision of a person eighteen years of age or older possessing a valid license to operate a motor vehicle under chapter 46.20 RCW. [2005 c 213 § 5.]

Findings—Construction—Effective date—2005 c 213: See notes following RCW 46.09.010.

46.09.120 Operating violations. (1) It is a traffic infraction for any person to operate any nonhighway vehicle:

(a) In such a manner as to endanger the property of another;

(b) On lands not owned by the operator or owner of the nonhighway vehicle without a lighted headlight and taillight between the hours of dusk and dawn, or when otherwise required for the safety of others regardless of ownership;

(c) On lands not owned by the operator or owner of the nonhighway vehicle without an adequate braking device or
when otherwise required for the safety of others regardless of ownership;

(d) Without a spark arrester approved by the department of natural resources;

46.16.333 Cooper Jones emblems. In cooperation with the Washington state patrol and the department of licensing, the traffic safety commission shall create and design, and the department shall issue, Cooper Jones license plate emblems displaying a symbol of bicycle safety that may be used on motor vehicles required to display two motor vehicle license plates, excluding vehicles registered under chapter 46.87 RCW, upon terms and conditions established by the department. These license plate emblems will fund the Cooper Jones act and provide funding for bicyclist and pedestrian safety education, enforcement, and encouragement.

Any person may purchase Cooper Jones license plate emblems. The emblems are to be displayed on the vehicle license plates in the manner described by the department, existing vehicular licensing procedures, and current laws. The fee for Cooper Jones emblems shall be twenty-five dollars. All moneys collected shall first go to the department to be deposited into the motor vehicle fund until all expenses of designing and producing the emblems are recovered. The state treasurer shall credit the proceeds to the "Share the Road" account established under RCW 46.16.30929. [2005 c 426 § 5; 2002 c 264 § 3.]

Finding—2002 c 264: "The legislature finds that bicycling and walking are becoming increasingly popular in Washington as clean and efficient modes of transportation, as recreational activities, and as organized sports. Future plans for the state's transportation system will require increased access and safety for bicycles and pedestrians on our common roadways, and federal transportation legislation and funding programs have created strong incentives to implement these changes quickly. As a result, many more people are likely to take up bicycling in Washington both as a leisure activity and as a convenient, inexpensive form of transportation. Bicyclists are more vulnerable to injury and accident than motorists, and both should be knowledgeable about traffic laws. Bicyclists should be highly visible and predictable when riding in traffic, and be encouraged to wear bicycle safety helmets. Hundreds of bicyclists and pedestrians are seriously injured every year in accidents, and millions of dollars are spent on health care costs associated with these accidents. There is clear evidence that organized training in the rules and techniques of safe and effective cycling can significantly reduce the incidence of serious injury and accidents, increase cooperation among road users, and significantly increase the incidence of bicycle helmet use, particularly among minors. A reduction in accidents benefits the entire community. Therefore, it is appropriate for businesses and community organizations to provide donations to bicycle and pedestrian safety training programs." [2002 c 264 § 1.]

46.16.381 Special parking for persons with disabilities—Penalties—Enforcement. (1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk and meets one of the following criteria, as determined by a licensed physician or an advanced registered nurse practitioner licensed under chapter 18.79 RCW:

(a) Cannot walk two hundred feet without stopping to rest;
(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;
(c) Is so severely disabled, that the person cannot walk without the use of or assistance from a brace, cane, another person, prosthetic device, wheelchair, or other assistive device;
(d) Uses portable oxygen;
(e) Is restricted by lung disease to such an extent that forced expiratory respiratory volume, when measured by spirometry is less than one liter per second or the arterial oxygen tension is less than sixty mm/hg on room air at rest;
(f) Impairment by cardiovascular disease or cardiac condition to the extent that the person's functional limitations are classified as class III or IV under standards accepted by the American Heart Association; or
(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician or advanced registered nurse practitioner of the applicant shall document that the disability is comparable in severity to the others listed in this subsection.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's or advanced registered nurse practitioner's signature and immediately below the applicant's signature: "A parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued no later than January 1, 2000, to all persons who are issuing parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the person with disabilities. Instead of regular motor vehicle license plates, persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the name of the person with disabilities. Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16.385 may park in places reserved for persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to pub-

The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person’s physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder’s death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its data base of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Each person with disabilities who has been issued a permanent parking permit on or before July 1, 1998, must renew the permit no later than July 1, 2003, subject to a schedule to be set by the department, or the permit will expire.

(7) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(8) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a traffic infraction with a monetary penalty of two hundred fifty dollars.

(9) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. The clerk of the court shall report all violations related to this subsection to the department.

(10) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for any person to park a vehicle in a parking place provided on private property without charge or on public property reserved for persons with physical disabilities without a placard or special license plate issued under this section or RCW 46.16.385. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(11) The penalties imposed under subsections (9) and (10) of this section shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(12) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(13)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(14) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or

46.16.725 Board—Powers and duties—Moratorium on issuance of special plates. (1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(3) Duties of the board include but are not limited to the following:

(e) Provide policy guidance and directions to the department concerning the adoption of rules necessary to limit the number of special license plates that an organization or a governmental entity may apply for.

(4) In order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until June 1, 2007. During this period of time, the special license plate review board created in RCW 46.16.705 and the department of licensing are prohibited from accepting, reviewing, processing, or approving any applications. Additionally, no special license plate may be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the board before February 15, 2005. (1) There shall be paid and collected annually for motor vehicles subject to the fee under RCW 46.16.0621, except motor homes, a vehicle weight fee. The amount of the fee shall be based upon the vehicle scale weight, which is correlated with vehicle size and roadway lane usage. Fees imposed under this section must be used for transportation purposes, and shall not be used for the general support of state government. The vehicle weight fee shall be that portion of the fee as reflected on the scale weight set forth in schedule B provided in RCW 46.16.070 that is in excess of the fee imposed under RCW 46.16.0621. This fee is due at the time of initial and renewal of vehicle registration.

(2) If the resultant weight according to this section is not listed in schedule B provided in RCW 46.16.070, it shall be increased to the next higher weight pursuant to chapter 46.44 RCW.

(3) For the purpose of administering this section, the department shall rely on the vehicle empty scale weights as provided by vehicle manufacturers, or other sources defined by the department, to determine the weight of each vehicle. The department shall adopt rules for determining weight for vehicles without manufacturer empty scale weights.

(4) The vehicle weight fee under this section is imposed to provide funds to mitigate the impact of vehicle loads on the state roads and highways and is separate and distinct from other vehicle license fees. Proceeds from the fee may be used for transportation purposes, or for facilities and activities that reduce the number of vehicles or load weights on the state roads and highways.

As part of the evaluation:
   (a) The department shall permit the person to demonstrate personally that notwithstanding the disability or disease he or she is able to safely drive a motor vehicle.
   (b) The department may require the person to obtain a statement signed by a licensed physician or other proper authority designated by the department certifying the person's condition.

   (b) The director may transfer the permit from one farming locality to another. A transfer is not a renewal of the permit.

(3) Term and renewal of agricultural driving permit. An agricultural driving permit expires one year from the date of issue.

An identicard may not be renewed by mail or by electronic commerce unless the renewal issued by the department includes a photograph of the identicard holder.

### 46.20.118 Negative file. (Effective January 1, 2006, until July 1, 2006.)

The department shall maintain a negative file. It shall contain negatives of all pictures taken by the department of licensing as authorized by RCW 46.20.070 through 46.20.119. Negatives in the file shall not be available for public inspection and copying under chapter 42.17 RCW. The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity. The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the statewide voter registration data base. The department may also provide a print to the driver's next of kin in the event the driver is deceased. [2005 c 246 § 23; 1990 c 250 § 37; 1981 c 22 § 1; 1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

**Effective date—2005 c 246:** See note following RCW 10.64.140.

**Severability—1990 c 250:** See note following RCW 46.16.301.

**Purpose—1969 ex.s. c 155:** "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers." [1969 ex.s. c 155 § 1.]

**Effective date—1969 ex.s. c 155:** "This 1969 amendatory act shall take effect September 1, 1969." [1969 ex.s. c 155 § 7.]

**Voter registration data base: RCW 29A.08.651.**

The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity. The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the state-
wide voter registration data base. The department may also provide a print to the driver's next of kin in the event the driver is deceased. [2005 c 274 § 307; 2005 c 246 § 23; 1990 c 250 § 37; 1981 c 22 § 1; 1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

Reviser's note: This section was amended by 2005 c 246 § 23 and by 2005 c 274 § 307, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Purpose—1969 ex.s. c 155: "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers." [1969 ex.s. c 155 § 1.]

Effective date—1969 ex.s. c 155: "This 1969 amendatory act shall take effect September 1, 1969." [1969 ex.s. c 155 § 7.]

46.20.120 Examinations—Waiver—Renewals—Fees. An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department shall give examinations at places and times reasonably available to the people of this state.

(1) Waiver. The department may waive:
(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; or
(b) All or any part of the examination involving operating a motor vehicle if the applicant:
(i) Surrenders a valid driver's license issued by the person's previous home state; or
(ii) Provides for verification a valid driver's license issued by a foreign driver licensing jurisdiction with which the department has an informal agreement under RCW 46.20.125; and
(iii) Is otherwise qualified to be licensed.

(2) Fee. Each applicant for a new license must pay an examination fee of twenty dollars.
(a) The examination fee is in addition to the fee charged for issuance of the license.
(b) "New license" means a license issued to a driver:
(i) Who has not been previously licensed in this state; or
(ii) Whose last previous Washington license has been expired for more than five years.
(3) An application for driver's license renewal may be submitted by means of:
(a) Personal appearance before the department; or
(b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew his or her license by mail or by electronic commerce when it last expired. However, the department may accept an application for renewal of a driver's license submitted by means of mail or electronic commerce only if specific authority and funding is provided for this purpose by June 30, 2004, in the omnibus transportation appropriations act.

(4) A person whose license expired or will expire while he or she is living outside the state, may:
(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;
(b) Apply to the department to renew his or her license by mail or, if permitted by rule of the department, by electronic commerce even if subsection (3)(b) of this section would not otherwise allow renewal by that means. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail or, if permitted by rule of the department, by electronic commerce.

(5) If a qualified person submits an application for renewal under subsection (3)(b) or (4)(b) of this section, he or she is not required to pass an examination nor provide an updated photograph. A license renewed by mail or by electronic commerce that does not include a photograph of the licensee must be labeled "not valid for identification purposes." 46.20.125 Waiver—Agreement with other jurisdictions. (1) The department may enter into an informal agreement with one or more other licensing jurisdictions to waive the requirement for the examination involving operating a
motor vehicle by licensed drivers, age eighteen years or older, from that jurisdiction.

(2) The department may only enter into an agreement with a jurisdiction if:
   (a) The jurisdiction has procedures in place to verify the validity of the drivers' licenses it issues; and
   (b) The jurisdiction has agreed to waive all or any part of the driver's license examination requirements for Washington licensed drivers applying for a driver's license in that jurisdiction.

       [2005 c 61 § 3.]

Intent—2005 c 61: "The legislature recognizes the importance of global markets to our state and national economy. As a leader among states in international commerce, Washington houses many multinational corporations. Competition among states for foreign businesses and personnel is fierce and it is necessary to Washington's future economic viability to eliminate a significant regulatory barrier to efficient personnel exchange, resulting in a more attractive business climate in Washington. The legislature recognizes that more than twenty other states have entered into informal reciprocal agreements with other nations to waive driver's license testing requirements in order to ease the transition of personnel to and from those states. By removing an unnecessary barrier to efficient personnel mobility it is the intent of the legislature to strengthen and diversify Washington's economy." [2005 c 61 § 1.]

46.20.126 Rules. The department may make rules to carry out the purposes of RCW 46.20.120 and 46.20.125. [2005 c 61 § 4.]

46.20.155 Voter registration—Services. (Effective January 1, 2006.) (1) Before issuing an original license or identification card or renewing a license or identification card under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration by asking the following question:

   "Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the agent shall ask the following:

   (1) "Are you a United States citizen?"
   (2) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(2) The department shall establish a procedure that substantially meets the requirements of subsection (1) of this section when permitting an applicant to renew a license or identification card by mail or by electronic commerce. [2005 c 246 § 24; 2004 c 249 § 7; 2001 c 41 § 14; 1990 c 143 § 6.]

46.20.245 Mandatory revocation—Notice—Administrative, judicial review—Rules—Application. (1) Whenever the department proposes to withhold the driving privi-

lege of a person or disqualify a person from operating a commercial motor vehicle and this action is made mandatory by the provisions of this chapter or other law, the department must give notice to the person in writing by posting in the United States mail, appropriately addressed, postage prepaid, or by personal service. Notice by mail is given upon deposit in the United States mail. Notice given under this subsection must specify the date upon which the driving privilege is to be withheld which shall not be less than forty-five days after the original notice is given.

(2) Within fifteen days after notice has been given to a person under subsection (1) of this section, the person may request in writing an administrative review before the department. If the request is mailed, it must be postmarked within fifteen days after the date the department has given notice. If a person fails to request an administrative review within fifteen days after the date the department gives notice, the person is considered to have defaulted and loses his or her right to an administrative review unless the department finds good cause for a request after the fifteen-day period.

(a) An administrative review under this subsection shall consist solely of an internal review of documents and records submitted or available to the department, unless the person requests an interview before the department, in which case all or any part of the administrative review may, at the discretion of the department, be conducted by telephone or other electronic means.

(b) The only issues to be addressed in the administrative review are:

   (i) Whether the records relied on by the department identify the correct person; and
   (ii) Whether the information transmitted from the court or other reporting agency or entity regarding the person accurately describes the action taken by the court or other reporting agency or entity.

(c) For the purposes of this section, the notice received from a court or other reporting agency or entity, regardless of form or format, is prima facie evidence that the information from the court or other reporting agency or entity regarding the person is accurate. A person requesting administrative review has the burden of showing by a preponderance of the evidence that the person is not subject to the withholding of the driving privilege.

(d) The action subject to the notification requirements of subsection (1) of this section shall be stayed during the administrative review process.

(c) Judicial review of a department order affirming the action subject to the notification requirements of subsection (1) of this section after an administrative review shall be available in the same manner as provided in RCW 46.20.308(9). The department shall certify its record to the court within thirty days after service upon the department of the petition for judicial review. The action subject to the notification requirements of subsection (1) of this section shall not automatically be stayed during the judicial review. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury.
(3) The department may adopt rules that are considered necessary or convenient by the department for purposes of administering this section, including, but not limited to, rules regarding expedited procedures for issuing orders and expedited notice procedures.

(4) This section does not apply where an opportunity for an informal settlement, driver improvement interview, or formal hearing is otherwise provided by law or rule of the department. [2005 c 288 § 1.]

Effective date—2005 c 288: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 288 § 9.]

46.20.265 Juvenile driving privileges—Revocation for alcohol or drug violations. (1) In addition to any other authority to revoke driving privileges under this chapter, the department shall revoke all driving privileges of a juvenile when the department receives notice from a court pursuant to RCW 9.41.040(5), 13.40.265, 66.44.365, 69.41.065, 69.50.420, 69.52.070, or a substantially similar municipal ordinance adopted by a local legislative authority, or from a diversion unit pursuant to RCW 13.40.265.

(2) The driving privileges of the juvenile revoked under subsection (1) of this section shall be revoked in the following manner:

(a) Upon receipt of the first notice, the department shall impose a revocation for one year, or until the juvenile reaches seventeen years of age, whichever is longer.

(b) Upon receipt of a second or subsequent notice, the department shall impose a revocation for two years or until the juvenile reaches eighteen years of age, whichever is longer.

(c) Each offense for which the department receives notice shall result in a separate period of revocation. All periods of revocation imposed under this section that could otherwise overlap shall run consecutively up to the juvenile's twenty-first birthday, and no period of revocation imposed under this section shall begin before the expiration of all other periods of revocation imposed under this section or other law. Periods of revocation imposed consecutively under this section shall not extend beyond the juvenile's twenty-first birthday.

(3)(a) If the department receives notice from a court that the juvenile's privilege to drive should be reinstated, the department shall immediately reinstate any driving privileges that have been revoked under this section if the minimum term of revocation as specified in RCW 13.40.265(1)(c), 66.44.365(3), 69.41.065(3), 69.50.420(3), 69.52.070(3), or similar ordinance has expired, and subject to subsection (2)(c) of this section.

(b) The juvenile may seek reinstatement of his or her driving privileges from the department when the juvenile reaches the age of twenty-one. A notice from the court reinstating the juvenile's driving privilege shall not be required if reinstatement is pursuant to this subsection.

(4)(a) If the department receives notice pursuant to RCW 13.40.265(2)(b) from a diversion unit that a juvenile has completed a diversion agreement for which the juvenile's driving privileges were revoked, the department shall reinstate any driving privileges revoked under this section as provided in (b) of this subsection, subject to subsection (2)(c) of this section.

(b) If the diversion agreement was for the juvenile's first violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the department shall not reinstate the juvenile's privilege to drive until the later of ninety days after the date the juvenile turns sixteen or ninety days after the juvenile entered into a diversion agreement for the offense. If the diversion agreement was for the juvenile's second or subsequent violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW, the department shall not reinstate the juvenile's privilege to drive until the later of the date the juvenile turns seventeen or one year after the juvenile entered into the second or subsequent diversion agreement. 46.20.270 Conviction of offense requiring withholding driving privilege—Procedures, records, reporting, definition. (1) Whenever any person is convicted of any offense for which this title makes mandatory the withholding of the driving privilege of such person by the department, the court in which such conviction is had shall forthwith mark the person's Washington state driver's license or permit to drive, as follows:

(a) Upon conviction of any violation or infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction or finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a

[2005 RCW Supp—page 575]
traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

(3) Every state agency or municipality having jurisdiction over offenses committed under this chapter, or under any other act of this state or municipal ordinance adopted by a state or local authority regulating the operation of motor vehicles on highways, may forward to the department within ten days of failure to respond, failure to pay a penalty, failure to appear at a hearing to contest the determination that a violation of any statute, ordinance, or regulation relating to standing, stopping, parking, or other infraction issued under RCW 46.63.030(1)(d) has been committed, or failure to appear at a hearing to explain mitigating circumstances, an abstract of the citation record in the form prescribed by rule of the department, showing the finding by such municipality that two or more violations of laws governing standing, stopping, and parking, and parking or one or more other infractions issued under RCW 46.63.030(1)(d) have been committed and indicating the nature of the defendant’s failure to act. Such violations or infractions may not have occurred while the vehicle is stolen from the registered owner or is leased or rented under a bona fide commercial vehicle lease or rental agreement between a lessor engaged in the business of leasing vehicles and a lessee who is not the vehicle’s registered owner. The department may enter into agreements of reciprocity with the duly authorized representatives of the states for reporting to each other violations of laws governing standing, stopping, and parking.

(4) For the purposes of Title 46 RCW the term "conviction" means a final conviction in a state or municipal court or by any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations in this state, an unvacated forfeiture of bail or collateral deposited to secure a defendant’s appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt on a traffic law violation charge, regardless of whether the imposition of sentence or sanctions are deferred or the penalty is suspended, but not including entry into a deferred prosecution agreement under chapter 10.05 RCW.

(5) For the purposes of Title 46 RCW the term “finding that a traffic infraction has been committed” means a failure to respond to a notice of infraction or a determination made by a court pursuant to this chapter. Payment of a monetary penalty made pursuant to RCW 46.63.070(2) is deemed equivalent to such a finding. 46.20.308 Implied consent—Test refusal—Procedures. (1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(5). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if the driver is age twenty-one or over and the test indicates the alcohol concentration of the driver's breath or blood is 0.08 or more, or if the driver is under age twenty-one and the test indicates the alcohol concentration of the driver's breath or blood is 0.02 or more, or if the driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or 0.02 or more if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;
(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person is age twenty-one or over, or was 0.02 or more if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(e) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of two hundred dollars as part of the request. If the request is mailed, it must be postmarked within thirty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required two hundred dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required two hundred dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6)(c) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or 0.02 or more if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days.
after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay. (10)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (7) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection. (b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled. (c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle. (11) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license. Finding—Intent—2004 c 68: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers continue at unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to ensure swift and certain consequences for those who drink and drive.

To accomplish this goal, the legislature adopts standards governing the admissibility of tests of a person's blood or breath. These standards will provide a degree of uniformity that is currently lacking, and will reduce the delays caused by challenges to various breath test instrument components and maintenance procedures. Such challenges, while allowed, will no longer go to admissibility of test results. Instead, such challenges are to be considered by the finder of fact in deciding what weight to place upon an admitted blood or breath test result.

The legislature's authority to adopt standards governing the admissibility of evidence involving alcohol is well established by the Washington Supreme Court. See generally State v. Long, 113 Wn.2d 266, 778 P.2d 1027 (1989); State v. Sears, 4 Wn.2d 200, 215, 103 P.2d 337 (1940) (the legislature has the power to enact laws which create rules of evidence); State v. Pavelich, 153 Wash. 379, 279 P. 1102 (1929) ("rules of evidence are substantive law"). [2004 c 68 § 1.]

46.20.311 Duration of license sanctions—Reissuance or renewal. (1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars. Effective date—2004 c 187 §§ 1, 5, 7, 8, and 10: See note following RCW 46.20.308.

Effective date—1996 c 30: See note following RCW 46.25.010.

46.25.123 Mandatory reporting of positive test. (1) All medical review officers or breath alcohol technicians hired by or under contract to a motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40 or to a consortium the carrier or employer belongs to, must report a refusal by a commercial motor vehicle driver to take a drug or alcohol test, under circumstances that constitute the refusal of a test under 49 C.F.R. 655.41 or a preemployment alcohol test conducted under 49 C.F.R. 655.42.

(2)(a) A motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40 or the consortium the carrier or employer belongs to, must report a refusal by a commercial motor vehicle driver to take a drug or alcohol test, under circumstances that constitute the refusal of a test under 49 C.F.R. 40 and where such refusal has not been reported by a medical review officer or breath alcohol technician, to the department of licensing on a form provided by the department. If the employer is required to have a testing program under 49 C.F.R. 655, a report of a verified positive drug test or positive alcohol confirmation test must not be forwarded to the department under this subsection unless the test is a preemployment drug test conducted under 49 C.F.R. 655.41 or a preemployment alcohol test conducted under 49 C.F.R. 655.42.

(b) An employer who is required to have a testing program under 49 C.F.R. 655 must report a commercial motor vehicle driver's verified positive drug test or a positive alcohol confirmation test when: (i) The driver's employment has been terminated or the driver has resigned; (ii) any grievance
process, up to but not including arbitration, has been concluded; and (iii) at the time of termination or resignation the driver has not been cleared to return to safety-sensitive functions.

(3) Motor carriers, employers, or consortiums shall make it a written condition of their contract or agreement with a medical review officer or breath alcohol technician, regardless of the state where the medical review officer or breath alcohol technician is located, that the medical review officer or breath alcohol technician is required to report all Washington state licensed drivers who have a verified positive drug test or positive alcohol confirmation test to the department of licensing within three business days of the verification or confirmation. Failure to obtain this contractual condition or agreement with the medical review officer or breath alcohol technician by the motor carrier, employer, or consortium, or failure to report a refusal as required by subsection (2) of this section, will result in an administrative fine as provided in RCW 46.32.100 or 81.04.405.

(4) Substances obtained for testing may not be used for any purpose other than drug or alcohol testing under 49 C.F.R. 40. [2005 c 325 § 3; 2002 c 272 § 1.]

Intent—2005 c 325: See note following RCW 46.25.010.

46.25.125 Disqualification for positive test—Procedure. (1) When the department of licensing receives a report from a medical review officer, breath alcohol technician, employer, contractor, or consortium that a driver has a verified positive drug test or positive alcohol confirmation test, as part of the testing program conducted under 49 C.F.R. 40, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090(7) subject to a hearing as provided in this section. The department shall notify the person in writing of the disqualification by first class mail. The notice must explain the procedure for the person to request a hearing.

(2) A person disqualified from driving a commercial motor vehicle for having a verified positive drug test or positive alcohol confirmation test may request a hearing to challenge the disqualification within twenty days from the date notice is given. If the request for a hearing is mailed, it must be postmarked within twenty days after the department has given notice of the disqualification.

(3) The hearing must be conducted in the county of the person’s residence, except that the department may conduct all or part of the hearing by telephone or other electronic means.

(4) For the purposes of this section, or for the purpose of a hearing de novo in an appeal to superior court, the hearing must be limited to the following issues: (a) Whether the driver is the person who is the subject of the report; (b) whether the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and (c) whether the medical review officer or breath alcohol technician making the report accurately followed the protocols established to verify or confirm the results, or if the driver refused a test, whether the circumstances constitute the refusal of a test under 49 C.F.R. 40. Evidence may be presented to demonstrate that the test results are a false positive. For the purpose of a hearing under this section, a copy of a positive test result with a declaration by the tester or medical review officer or breath alcohol technician stating the accuracy of the laboratory protocols followed to arrive at the test result is prima facie evidence:

(i) Of a verified positive drug test or positive alcohol confirmation test result;

(ii) That the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and

(iii) That the medical review officer or breath alcohol technician making the report accurately followed the protocols for testing established to verify or confirm the results.

After the hearing, the department shall order the disqualification of the person either be rescinded or sustained.

(5) If the person does not request a hearing within the twenty-day time limit, or if the person fails to appear at a hearing, the person has waived the right to a hearing and the department shall sustain the disqualification.

(6) A decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation and the department receives no further report of a verified positive drug test or positive alcohol confirmation test during the pendency of the hearing and appeal. If the disqualification is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of his or her residence to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) The department of licensing may adopt rules specifying further requirements for requesting and conducting a hearing under this section.

(8) The department of licensing is not civilly liable for damage resulting from disqualifying a driver based on a verified positive drug test or positive alcohol confirmation test result as required by this section or for damage resulting from release of this information that occurs in the normal course of business. [2005 c 325 § 4; 2002 c 272 § 2.]

Intent—2005 c 325: See note following RCW 46.25.010.

46.32.100 Violations—Penalties. In addition to all other penalties provided by law, a commercial motor vehicle that is subject to terminal safety audits under this chapter and an officer, agent, or employee of a company operating a commercial motor vehicle who violates or who procures, aids, or abets in the violation of this title or any order or rule of the state patrol is liable for a penalty of one hundred dollars for each violation, except for each violation of 49 C.F.R. Pt. 382, controlled substances and alcohol use and testing, 49 C.F.R. Sec. 391.15, disqualification of drivers, and 49 C.F.R. Sec. 396.9(c)(2), moving a vehicle placed out of service before the

The penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the patrol describing the violation and advising the person that the penalty is due. The patrol may, upon written application for review, received within fifteen days, remit or mitigate a penalty provided for in this section or discontinue a prosecution to recover the penalty upon such terms it deems proper and may ascertain the facts upon all such applications in such manner and under such rules as it deems proper. If the amount of the penalty is not paid to the patrol within fifteen days after receipt of the notice imposing the penalty, or application for remission or mitigation has not been made within fifteen days after the violator has received notice of the disposition of the application, the patrol may commence an adjudicative proceeding under chapter 34.05 RCW in the name of the state of Washington to confirm the violation and recover the penalty. In all such proceedings the procedure and rules of evidence are as specified in chapter 34.05 RCW except as otherwise provided in this chapter. All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund. Chapter 46.44 RCW
SIZE, WEIGHT, LOAD

Sections
46.44.010 Outside width limit.
46.44.013 Appurtenances on recreational vehicles.
46.44.030 Maximum lengths.
46.44.0915 Heavy haul industrial corridors—Overweight sealed containers.
46.44.010 Outside width limit. The total outside width of any vehicle or load thereon must not exceed eight and one-half feet; except that an externally mounted rear vision mirror may extend beyond the width limits of the vehicle body to a point that allows the driver a view to the rear of the vehicle along both sides in conformance with Federal National Safety Standard 111 (49 C.F.R. 571.111), and RCW 46.37.400. Excluded from this calculation of width are certain devices that provide added safety, energy conservation, or are otherwise necessary, and are not designed or used to carry cargo. The width-exclusive devices must be identified in rules adopted by the department of transportation under RCW 46.44.101. A width-exclusive device must not extend more than three inches beyond the width limit of the vehicle body. [2005 c 189 § 1; 1997 c 63 § 1; 1983 c 278 § 1; 1961 c 12 § 46.44.010. Prior: 1947 c 200 § 4; 1937 c 189 § 47; Rem. Supp. 1947 § 6360-47; 1923 c 181 § 4, part; RRS § 6362-8, part.]

46.44.013 Appurtenances on recreational vehicles. Motor homes, travel trailers, and campers may exceed the maximum width established under RCW 46.44.010 if the excess width is attributable to appurtenances that do not extend beyond the body of the vehicle by more than four inches, or if an awning, by more than six inches. As used in this section, "appurtenance" means an appendage that is installed by a factory or a vehicle dealer and is intended as an integral part of the motor home, travel trailer, or camper. "Appurtenance" does not include an item temporarily affixed or attached to the exterior of a vehicle for the purpose of transporting the item from one location to another. "Appurtenance" does not include an item that obstructs the driver's rearward vision. [2005 c 264 § 1.]

46.44.030 Maximum lengths. It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of forty feet. This restriction does not apply to (1) a municipal transit vehicle, (2) auto stage, private carrier bus, school bus, or motor home with an overall length not to exceed forty-six feet, or (3) an articulated auto stage with an overall length not to exceed sixty-one feet.

It is unlawful for any person to operate upon the public highways of this state any combination consisting of a tractor and semitrailer that has a semitrailer length in excess of fifty-three feet or a combination consisting of a tractor and two trailers in which the combined length of the trailers exceeds sixty-one feet, with or without load.

It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or log truck and stinger-steered pole trailer, with an overall length, with or without load, in excess of seventy-five feet. "Stinger-steered," as used in this section, means the coupling device is located behind the tread of the tires of the last axle of the towing vehicle.

These length limitations do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

Excluded from the calculation of length are certain devices that provide added safety, energy conservation, or are otherwise necessary, and are not designed or used to carry cargo. The length-exclusive devices must be identified in rules adopted by the department of transportation under RCW 46.44.101. [2005 c 189 § 2; 2000 c 102 § 1; 1995 c 26 § 1; 1994 c 59 § 2; 1993 c 301 § 1; 1991 c 113 § 1; 1990 c 28 § 1; 1985 c 351 § 1; 1984 c 104 § 1; 1983 c 278 § 2; 1979 ex.s.c. 113 § 4; 1977 ex.s.c. 64 § 1; 1975-'76 2nd ex.s. § 53 § 1; 1974 ex.s.c. 76 § 2; 1971 ex.s.c. 248 § 2; 1967 ex.s.c. 145 § 61; 1963 ex.s.c. 3 § 52; 1961 ex.s.c. 21 § 36; 1961 c 12 § 46.44.030. Effective date—1995 c 26: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect June 1, 1995." [1995 c 26 § 2.]

Severability—1967 ex.s.c. 145: See RCW 47.98.043.

46.44.0915 Heavy haul industrial corridors—Overweight sealed containers. (1) The department of transportation, with respect to state highways maintained within port district property, may, at the request of a port commission, make and enter into agreements with port districts and adjacent jurisdictions or agencies of the districts, for the purpose of identifying, managing, and maintaining short heavy haul industrial corridors within port district property for the movement of overweight sealed containers used in international trade.

(2) The department may issue special permits to vehicles operating in the heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041. However, the excess weight on a single axle, tandem axle, or any axle group must not exceed that allowed by RCW 46.44.091(1) and (2), weight per tire must not exceed six hundred pounds per inch width of tire, and gross vehicle weight must not exceed one hundred five thousand five hundred pounds.

(3) The entity operating or hiring vehicles moving overweight sealed containers used in international trade must pay a fee for each special permit of one hundred dollars per month or one thousand dollars annually, beginning from the date of issue, for all movements under the special permit made on state highways within the heavy haul industrial corridor. Under no circumstances are the for hire carriers or rail customers responsible for the purchase or cost of the permits.

All funds collected, except the amount retained by authorized agents of the department under RCW 46.44.096, must be forwarded to the state treasurer and deposited in the motor vehicle fund.
(4) For purposes of this section, an overweight sealed container used in international trade, including its contents, is considered nondivisible when transported within a heavy haul industrial corridor defined by the department.

(5) Any agreement entered into by the department as authorized under this section with a port district adjacent to Puget Sound and located within a county that has a population of more than seven hundred thousand, but less than one million, must limit the applicability of any established heavy haul industrial corridor to that portion of state route no. 509 beginning at milepost 0.25 in the vicinity of East 'D' Street and ending at milepost 3.88 in the vicinity of Taylor Way.

(6) The department of transportation may adopt reasonable rules to implement this section. [2005 c 311 § 1.]

46.44.101 Interstate travel by specialized equipment.
The department of transportation may, within the provisions set forth in this chapter, adopt rules for size and weight criteria relating to vehicles considered to be specialized equipment by the federal highway administration for interstate travel or as determined by the department for intrastate travel. [2005 c 189 § 3.]

46.44.170 Mobile home or park model trailer movement special permit and decal—Responsibility for taxes—License plates—Rules. (1) Any person moving a mobile home as defined in RCW 46.04.302 or a park model trailer as defined in RCW 46.04.622 upon public highways of the state must obtain:

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and shall pay the proper fee as prescribed by RCW 46.44.0941 and 46.44.096; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of labor and industries, and economic development signed by the owner at the county treasurer's office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her continued occupation or use; or (iii) a copy of the certificate of ownership or title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes shall not be valid until the county treasurer of the county in which the mobile home or park model trailer is located shall endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section shall display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same shall be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer shall be removed by the county treasurer.

(3) If the landlord of a mobile home park takes ownership of a mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates shall not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate tax for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation shall adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. By January 1, 2006, the department of labor and industries shall also adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections. [2005 c 399 § 1; 2004 c 79 § 4; 2003 c 61 § 1; 2002 c 168 § 6; 1986 c 211 § 4. Prior: 1985 c 395 § 1; 1985 c 22 § 1; 1980 c 152 § 1; 1977 ex.s. c 22 § 2.]
46.52.030 Accident reports. **(Effective January 1, 2006.)**

(1) Unless a report is to be made by a law enforcement officer under subsection (3) of this section, the driver of any vehicle involved in an accident resulting in injury to or death of any person or damage to the property of any one person to an apparent extent equal to or greater than the minimum amount established by rule adopted by the chief of the Washington state patrol in accordance with subsection (5) of this section, shall, within four days after such accident, make a written report of such accident to the chief of police of the city or town if such accident occurred within an incorporated city or town or the county sheriff or state patrol if such accident occurred outside incorporated cities and towns. Nothing in this subsection prohibits accident reports from being filed by drivers where damage to property is less than the minimum amount or where a law enforcement officer has submitted a report.

(2) The original of the report shall be immediately forwarded by the authority receiving the report to the chief of the Washington state patrol at Olympia, Washington. The Washington state patrol shall give the department of licensing full access to the report.

(3) Any law enforcement officer who investigates an accident for which a report is required under subsection (1) of this section shall submit an investigator's report as required by RCW 46.52.070.

(4) The chief of the Washington state patrol may require any driver of any vehicle involved in an accident, of which report must be made as provided in this section, to file supplemental reports whenever the original report in the chief's opinion is insufficient, and may likewise require witnesses of any such accident to render reports. For this purpose, the chief of the Washington state patrol shall prepare and, upon request, supply to any police department, coroner, sheriff, and any other suitable agency or individual, sample forms of accident reports required hereunder, which reports shall be upon a form devised by the chief of the Washington state patrol and shall call for sufficiently detailed information to disclose all material facts with reference to the accident to be reported thereon, including the location, the circumstances, the conditions then existing, the persons and vehicles involved, the insurance information required under RCW 46.30.030, personal injury or death, if any, the amounts of property damage claimed, the total number of vehicles involved, whether the vehicles were legally parked, legally standing, or moving, whether such vehicles were occupied at the time of the accident, and whether any driver involved in the accident was distracted at the time of the accident. Distractions contributing to an accident must be reported on the accident form and include at least the following minimum reporting options: Not distracted; operating a handheld electronic telecommunication device; operating a hands-free wireless telecommunication device; other electronic devices (including, but not limited to, PDA’s, laptop computers, navigational devices, etc.); adjusting an audio or entertainment system; smoking; eating or drinking; grooming; interacting with children, passengers, animals, or objects in the vehicle; other inside distractions; outside distractions; and distraction unknown. Every required accident report shall be made on a form prescribed by the chief of the Washington state patrol and each authority charged with the duty of receiving such reports shall provide sufficient report forms in compliance with the form devised. The report forms shall be designated so as to provide that a copy may be retained by the reporting person.

(5) The chief of the Washington state patrol shall adopt rules establishing the accident-reporting threshold for property damage accidents. Beginning October 1, 1987, the accident-reporting threshold for property damage accidents shall be five hundred dollars. The accident-reporting threshold for property damage accidents shall be revised when necessary, but not more frequently than every two years. The revisions shall only be for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the time period since the last revision. Notice of traffic infraction—Issuance—Abandoned vehicles.

1. A law enforcement officer has the authority to issue a notice of traffic infraction:

(a) When the infraction is committed in the officer's presence;

(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed;

(c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that the driver of a motor vehicle involved in the accident has committed a traffic infraction;

(d) When the notice of infraction is detected through the use of a photo enforcement system under RCW 46.63.160; or

(e) When the notice of infraction is detected through the use of an automated traffic safety camera under RCW 46.63.170.

2. A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.

3. If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.

4. In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle shall send a notice of infraction by certified mail to the last known address of the person responsible under RCW 46.55.105. The notice must be entitled "Littering—Abandoned Vehicle" and give notice of the monetary penalty. The officer shall append to the notice of infraction, on a form prescribed by the department of licensing, a notice indicating the amount of costs incurred as a result of removing, storing, and disposing of the abandoned vehicle, less any amount realized at auction, and a statement that monetary penalties for the infraction will not be considered as having been paid until the monetary penalty payable under this chapter has been paid and the court is satisfied that...
the person has made restitution in the amount of the deficiency remaining after disposal of the vehicle. [2005 c 167 § 2; 2004 c 231 § 2; 2002 c 279 § 14; 1995 c 219 § 5; 1994 c 176 § 3; 1987 c 66 § 2; 1980 c 128 § 10; 1979 ex.s. c 136 § 3.]

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

46.63.073 Rental vehicles. (1) In the event a traffic infraction is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(2) For the purpose of this section, a "traffic infraction based on a vehicle's identification" includes, but is not limited to, parking infractions, high-occupancy toll lane violations, and violations recorded by automated traffic safety cameras. [2005 c 331 § 2.]

46.63.075 Toll evasion—Presumption. (1) In a traffic infraction case involving an infraction detected through the use of a photo enforcement system under RCW 46.63.160, or detected through the use of an automated traffic safety camera under RCW 46.63.170, proof that the particular vehicle described in the notice of traffic infraction was in violation of any such provision of RCW 46.63.160 or 46.63.170, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, constitutes in evidence a prima facie presumption that the registered owner of the vehicle was the person in control of the vehicle at the point where, and for the time during which, the violation occurred.

(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner. [2005 c 167 § 3; 2004 c 231 § 3.]

46.63.110 Monetary penalties. (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privilege until all monetary obliga-
tions, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter. [2005 c 413 § 2; 2005 c 320 § 2; 2005 c 288 § 8; 2003 c 380 § 2. 46.63.170 Traffic safety cameras. (1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(d) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of
establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(e) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(f) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(g) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(h) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.46.120, 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. [2005 c 167 § 1.]

46.68.290 Transportation partnership account. (1) The transportation partnership account is hereby created in the state treasury. All distributions to the account from RCW 46.68.090 must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account must be used only for projects or improvements identified as 2005 transportation partnership projects or improvements in the omnibus transportation appropriations act, including any principal and interest on bonds authorized for the projects or improvements.

(2) If a regional transportation plan has not been adopted by January 2007, the legislature intends to reprioritize allocation of funding for the projects identified on the 2005 transportation partnership project list so that complete and functioning transportation projects can be constructed in a reasonable time.

(3) By January 1, 2006, the transportation performance audit board must develop performance measures and benchmarks for the evaluation of the expenditures of the transportation partnership account. The board must also develop an audit plan and schedule for audits of the performance of the department of transportation’s delivery of the plan as defined by project list, schedule, and budget enacted by the legislature.

(4) The legislature finds that:
(a) Citizens demand and deserve accountability of transportation-related programs and expenditures. Transportation-related programs must continuously improve in quality, efficiency, and effectiveness in order to increase public trust;
(b) Transportation-related agencies that receive tax dollars must continuously improve the way they operate and deliver services so citizens receive maximum value for their tax dollars; and
(c) Fair, independent, comprehensive performance audits of transportation-related agencies overseen by the elected state auditor are essential to improving the efficiency, economy, and effectiveness of the state's transportation system.

(5) For purposes of chapter 314, Laws of 2005:
(a) "Performance audit" means an objective and systematic assessment of a state agency or agencies or any of their programs, functions, or activities by the state auditor or designee in order to help improve agency efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits and program audits.
(b) "Transportation-related agency" means any state agency, board, or commission that receives funding primarily for transportation-related purposes. 46.87.010 Applicability—Implementation. This chapter applies to proportional registration and reciprocity granted under the provisions of the International Registration Plan (IRP). This chapter shall become effective and be implemented beginning with the 1988 registration year.

(1) Provisions and terms of the IRP prevail unless given a different meaning in chapter 46.04 RCW, this chapter, or in rules adopted under the authority of this chapter.

(2) The director may adopt and enforce rules deemed necessary to implement and administer this chapter.

(3) Owners having a fleet of apportionable vehicles operating in two or more IRP member jurisdictions may elect to proportionally register the vehicles of the fleet under the provisions of the IRP and this chapter in lieu of full or temporary registration as provided for in chapters 46.16 or 46.88 RCW.

(4) If a due date or an expiration date established under authority of this chapter falls on a Saturday, Sunday, or a state legal holiday, such period is automatically extended through the end of the next business day. [2005 c 194 § 1; 1987 c 244 § 15; 1986 c 18 § 22; 1985 c 380 § 1.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.020 Definitions. Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), in chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, and buses, each as separate and licensable vehicles.

(2) "Cab card" is a certificate of registration issued for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

(3) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

(4) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

(5) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight shall be determined by multiplying the average load factor of one hundred and fifty pounds by the number of seats in the vehicle, including the driver's seat, and add this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.16.070, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

(6) "Department" means the department of licensing.

(7) "Fleet" means one or more apportionable vehicles in the IRP.

(8) "In-jurisdiction miles" means the total miles accumulated in a jurisdiction during the preceding year by vehicles of the fleet while they were a part of the fleet.

(9) "IRP" means the International Registration Plan.

(10) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(11) "Motor carrier" means an entity engaged in the transportation of goods or persons. The term includes a for-hire motor carrier, private motor carrier, contract motor carrier, or exempt motor carrier. The term includes a registrant licensed under this chapter, a motor vehicle lessor, and a motor vehicle lessee.

(12) "Owner" means a person or business firm who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business firm in whom is vested right of possession or control.

(13) "Preceding year" means the period of twelve consecutive months immediately before July 1st of the year immediately before the commencement of the registration or license year for which apportioned registration is sought.

(14) "Prorate percentage" is the factor that is applied to the total proratable fees and taxes to determine the apportionable or prorate fees required for registration in a particular jurisdiction. It is determined by dividing the in-jurisdiction miles for a particular jurisdiction by the total miles. This term is synonymous with the term "mileage percentage."

(15) "Registrant" means a person, business firm, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

(16) "Registration year" means the twelve-month period during which the registration plate is issued by the base jurisdiction are valid according to the laws of the base jurisdiction.

(17) "Total miles" means the total number of miles accumulated in all jurisdictions during the preceding year by all vehicles of the fleet while they were a part of the fleet. Mileage accumulated by vehicles of the fleet that did not engage in interstate operations is not included in the fleet miles.

[2005 Supp—page 606]
46.87.080  Proportional Registration  

(1) Upon making satisfactory application and payment of applicable fees and taxes for proportional registration under this chapter, the department shall issue a cab card and validation tab for each vehicle, and to vehicles of Washington-based fleets, two distinctive apportionable license plates for each motor vehicle. License plates shall be displayed on vehicles as required by RCW 46.16.240. The number and plate shall be of a design, size, and color determined by the department. The plates shall be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card serves as the certificate of registration for a proportionally registered vehicle. The face of the cab card shall contain the name and address of the registrant as contained in the records of the department, the license plate number assigned to the vehicle by the base jurisdiction, the vehicle identification number, and such other description of the vehicle and data as the department may require. The cab card shall be signed by the registrant, or a designated person on his or her behalf. Credit shall be applied against the licensing fee liability for subsequent additions of motor vehicles to be proportionally registered in the fleet during such registration year or for additional licensing fees due under RCW 46.16.070 or to be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, no credit will be entered. In lieu of credit, the registrant may choose to transfer the unused portion of the licensing fee for the motor vehicle to the new owner, in which case it shall remain with the motor vehicle for which it was originally paid. In no event may any amount be credited against fees other than those for the registration year from which the credit was obtained nor is any amount subject to refund. [2005 c 194 § 3; 1997 c 183 § 3; 1993 c 307 § 13; 1987 c 244 § 18; 1986 c 18 § 23; 1985 c 380 § 3.]

Such fees shall be deposited pursuant to RCW 46.68.035 and 82.44.170. [2005 c 194 § 4; 1987 c 244 § 20; 1985 c 380 § 5.]

46.87.070  Reciprocity for trailers, semitrailers, pole trailers. Trailers, semitrailers, and pole trailers that are properly based in jurisdictions other than Washington, and that display currently registered license plates from such jurisdictions will be granted vehicle license reciprocity in this state without the need of further vehicle license registration. If pole trailers are not required to be licensed separately by a member jurisdiction, such vehicles may be operated in this state without displaying a current base license plate. [2005 c 194 § 5; 1993 c 123 § 1. Prior: 1991 c 339 § 9; 1991 c 163 § 5; 1990 c 42 § 112; 1987 c 244 § 22; 1985 c 380 § 7.]

one dollar plus a one dollar filing fee shall be collected for each permit issued. The permit fee shall be deposited in the motor vehicle fund, and the filing fee shall be deposited in the highway safety fund. The department may adopt rules for use and issuance of the permits.

(8) The department may refuse to issue any license or permit authorized by subsection (1) or (7) of this section to any person: (a) Who formerly held any type of license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, or 82.38 RCW that has been revoked for cause, which cause has not been removed; or (b) who is a subterfuge for the real party in interest whose license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, or 82.38 RCW and has been revoked for cause, which cause has not been removed; or (c) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, or 82.38 RCW which has been revoked for cause, which cause has not been removed; or (d) who has an unsatisfied debt to the state assessed under either chapter 46.16, 46.85, 46.87, 82.36, 82.38, or 82.44 RCW.

(9) The department may revoke the license or permit authorized by subsection (1) or (7) of this section issued to any person for any of the grounds constituting cause for denial of licenses or permits set forth in subsection (8) of this section.

(10) Before such refusal or revocation under subsection (8) or (9) of this section, the department shall grant the applicant a hearing and at least ten days written notice of the time and place of the hearing. [2005 c 194 § 6; 1998 c 115 § 1; 1993 c 307 § 14; 1987 c 244 § 23; 1985 c 380 § 8.]

46.87.120 Mileage data for applications. (1) The initial application for proportional registration of a fleet shall state the mileage data with respect to the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in each of the jurisdictions in which operation is contemplated. The registrant shall determine the in-jurisdiction and total miles to be used in computing the fees and taxes due for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to its correctness.

(2) When operations of a Washington-based fleet is materially changed through merger, acquisition, or extended authority, the registrant shall notify the department, which shall then require the filing of an amended application setting forth the proposed operation by use of estimated mileage for all jurisdictions. The department may adjust the estimated mileage by audit or otherwise to an actual travel basis to insure proper fee payment. The actual travel basis may be used for determination of fee payments until such time as a normal mileage year is available under the new operation.

[2005 RCW Supp—page 608]
and the vehicle remains in the fleet of the registrant, the department shall only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, proratable fees or taxes for each motor vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated. Nonproratable fees required for vehicles of Washington-based fleets are the administrative fee required by RCW 82.38.075, if applicable, and the vehicle transaction fee pursuant to the provisions of RCW 46.87.130.

(e) The amount due and payable for the application is the sum of the fees and taxes calculated for each member jurisdiction in which registration of the fleet is desired.

(3) All assessments for proportional registration fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due under this section within thirty days of the date of original service as provided for in this chapter. Chapter 46.96 RCW

MANUFACTURERS’ AND DEALERS’ FRANCHISE AGREEMENTS

Sections
46.96.150 Protest of new or relocated dealership—Hearing—Arbitration. (Effective January 1, 2006.)

(1) Within thirty days after receipt of the notice under RCW 46.96.140, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a new motor vehicle dealer so notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition shall contain a short statement setting forth the reasons for the dealer’s objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not establish or relocate the new motor vehicle dealer until the administrative law judge has held a hearing and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Uniform Arbitration Act, chapter 7.04A RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the provisions of this section and RCW 46.96.170 relating to hearings by an administrative law judge do not apply, and a dispute regarding the establishment of an additional new motor vehicle dealer or the relocation of an existing new motor vehicle dealer shall be determined in an arbitration proceeding conducted in accordance with the Uniform Arbitration Act, chapter 7.04A RCW. The thirty-day period for filing a protest under this section still applies except that the protesting dealer shall file his protest with the manufacturer within thirty days after receipt of the notice under RCW 46.96.140.

(3) The dispute shall be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys’ fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in the state of Washington in the county where the protesting dealer has his principal place of business. RCW 46.96.160 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer, and the manufacturer has the burden of proof to estab-
lish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer shall not establish or relocate the new motor vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator under the Uniform Arbitration Act, chapter 7.04A RCW.

(5) If the franchise agreement or the manufacturer's written statement distributed and provided to its dealers does not provide for arbitration under the Uniform Arbitration Act as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the hearing provisions of this section and RCW 46.96.170 apply. Nothing in this section is intended to preclude a new motor vehicle dealer from electing to use any other dispute resolution mechanism offered by a manufacturer. [2005 c 433 § 43; 1994 c 274 § 2.]

47.01.280 Application for improvements to existing highways. (1) Upon receiving an application for improvements to an existing state highway or highways pursuant to RCW 43.160.074 from the community economic revitalization board, the transportation commission shall, in a timely manner, determine whether or not the proposed state highway improvements:

(a) Meet the safety and design criteria of the department of transportation;

Nonseverability—1985 c 433: See note following RCW 43.160.074.

47.01.330 Office of transit mobility. (1) The secretary shall establish an office of transit mobility. The purpose of the office is to facilitate the integration of decentralized public transportation services with the state transportation system. The goals of the office of transit mobility are: (a) To facilitate connection and coordination of transit services and planning; and (b) maximizing opportunities to use public transportation to improve the efficiency of transportation corridors.

(2) The duties of the office include, but are not limited to, the following:

[2005 RCW Supp—page 612]
(a) Developing a statewide strategic plan that creates common goals for transit agencies and reduces competing plans for cross-jurisdictional service;
(b) Developing a park and ride lot program;
(c) Encouraging long-range transit planning;
(d) Providing public transportation expertise to improve linkages between regional transportation planning organizations and transit agencies;
(e) Strengthening policies for inclusion of transit and transportation demand management strategies in route development, corridor plan standards, and budget proposals;
(f) Recommending best practices to integrate transit and demand management strategies with regional and local land use plans in order to reduce traffic and improve mobility and access;
(g) Producing recommendations for the public transportation section of the Washington transportation plan; and
(h) Participating in all aspects of corridor planning, including freight planning, ferry system planning, and passenger rail planning.

(3) In forming the office, the secretary shall use existing resources to the greatest extent possible.

(4) The office of transit mobility shall establish measurable performance objectives for evaluating the success of its initiatives and progress toward accomplishing the overall goals of the office.

(5) The office of transit mobility must report quarterly to the secretary, and annually to the transportation committees of the legislature, on the progress of the office in meeting the goals and duties provided in this section. [2005 c 318 § 2.]

Findings—Intent—2005 c 318: "The legislature finds that the state needs to reestablish itself as a leader in public transportation. The legislature also finds that increased demands on transportation resources require increased coordination among public transportation service providers. The legislature also finds that the efficiency of transportation corridors would be enhanced by a more proactive and integrated approach to public transportation service delivery and planning. The legislature also finds that the state department of transportation is in the unique position of being able to improve connectivity between service territories of transit agencies and modes of transportation. Therefore, it is the intent of this act that the state department of transportation be a leader in public transportation. The department shall play a guiding role in coordinating decentralized public transportation services, increasing connectivity between them, advocating for public transportation as a means to increase corridor efficiency, and increasing the integration of public transportation and the highway system." [2005 c 318 § 1.]

47.01.340 Local and regional transportation goals.
Local and regional transportation agencies shall adopt common transportation goals. The office of transit mobility shall review local and regional transportation plans, including plans required under RCW 35.58.2795, 36.70A.070(6), 36.70A.210, and 47.80.023, to provide for the efficient integration of multimodal and multijurisdictional transportation planning. [2005 c 318 § 3.]

Findings—Intent—2005 c 318: See note following RCW 47.01.330.

47.04.210 Reimbursable transportation expenditures—Processing and accounting. Federal funds that are administered by the department of transportation and are passed through to municipal corporations or political subdivisions of the state and moneys that are received as total reimbursement for goods, services, or projects constructed by the department of transportation are removed from the transportation budget. To process and account for these expenditures, a new treasury trust account is created to be used for all department of transportation one hundred percent federal and local reimbursable transportation expenditures. This new account is nonbudgeted and nonappropriated. At the same time, federal and private local appropriations and full-time equivalents in subprograms R2, R3, T6, Y6, and Z2 processed through this new account are removed from the department of transportation’s 1997-99 budget.

The department of transportation may make expenditures from the account before receiving federal and local reimbursements. However, at the end of each biennium, the account must maintain a zero or positive cash balance. In the twenty-fourth month of each biennium the department of transportation shall calculate and transfer sufficient cash from either the motor vehicle fund or the multimodal transportation account to cover any negative cash balances. The amount transferred is calculated based on expenditures from each fund. In addition, any interest charges accruing to the new account must be distributed to the motor vehicle fund and the multimodal transportation account.

The department of transportation shall provide an annual report to the senate and house transportation committees and the office of financial management on expenditures and full-time equivalents processed through the new account. The report must also include recommendations for process changes, if needed. [2005 c 319 § 122; 2001 2nd sp.s. c 14 § 601; 1997 c 94 § 1.]

Severability—2001 2nd sp.s. c 14: "If any provision of this act or its application to any person or circumstance is held in valid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2001 2nd sp.s. c 14 § 612.]

Effective date—2001 2nd sp.s. c 14: "Except for section 608 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 26, 2001]." [2001 2nd sp.s. c 14 § 613.]

Effective date—1997 c 94: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 1997." [1997 c 94 § 4.]

47.04.220 Miscellaneous transportation programs account. (1) The miscellaneous transportation programs account is created in the custody of the state treasurer.
(2) Moneys from the account may be used only for the costs of:
(a) Miscellaneous transportation services provided by the department that are reimbursed by other public and private entities;
(b) Local transportation projects for which the department is a conduit for federal reimbursement to a municipal corporation or political subdivision; or
(c) Other reimbursable activities as recommended by the senate and house transportation committees and approved by the office of financial management.
(3) Moneys received as reimbursement for expenditures under subsection (2) of this section must be deposited into the account.
(4) No appropriation is required for expenditures from this account. This fund is not subject to allotment procedures provided under chapter 43.88 RCW.
(5) Only the secretary of transportation or the secretary's designee may authorize expenditures from the account.
(6) It is the intent of the legislature that this account maintain a zero or positive cash balance at the end of each biennium. Toward this purpose the department may make expenditures from the account before receiving reimbursements under subsection (2) of this section. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the miscellaneous transportation programs account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the miscellaneous transportation programs account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the miscellaneous transportation programs account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.
(7) The department shall provide an annual report to the senate and house transportation committees and the office of financial management on the expenditures and full-time equivalents processed through the miscellaneous transportation programs account. The report must include recommendations for changes to the process, if needed. [2005 c 319 § 30.]

(1) The department shall conduct periodic analyses of the entire state highway system, report to the commission and the chairs of the transportation committees of the senate and house of representatives, any subsequent recommendations to subdivide, classify, and subclassify all designated state highways into the following three functional classes:
(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;
(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and
(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intramodal travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.
(2) The transportation commission shall adopt a functional classification of highways. The commission shall consider the recommendations of the department and testimony from the public and local municipalities. The commission shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:
(a) Urban population centers within and without the state stratified and ranked according to size;
(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
(c) Feasibility of the route, including availability of alternate routes within and without the state;
(d) Directness of travel and distance between points of economic importance;
(e) Length of trips;
(f) Character and volume of traffic;
(g) Preferential consideration for multiple service which shall include public transportation;
[2005 RCW Supp—page 614]
(h) Reasonable spacing depending upon population density; and

(i) System continuity.

(3) The transportation commission or the legislature shall designate state highways of statewide significance under RCW 47.06.140. If the commission designates a state highway of statewide significance, it shall submit a list of such facilities for adoption by the legislature. This statewide system shall include at a minimum interstate highways and other statewide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This statewide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods. [2005 c 319 § 8; 2002 c 56 § 301. Prior: 1998 c 245 § 95; 1998 c 171 § 5; 1993 c 490 § 2; 1987 c 505 § 50; 1979 ex.s.c 122 § 1; 1977 ex.s.c 130 § 1.]

Section 2 of this 1977 act shall take effect July 1, 1979." [1977 ex.s.c. 130 § 3.]

### 47.05.030 Ten-year programs—Investments, improvements, preservation.

The transportation commission shall adopt a comprehensive ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The adopted ten-year investment program must be forwarded as a recommendation to the governor and the legislature. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program must be revised based on directions by the office of financial management. The investment program must be based upon the needs identified in the state-owned highway component of the statewide transportation plan as defined in *RCW 47.01.071*(3).

1. The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:

   a. Life-cycle cost analysis;
   b. Traffic volume;
   c. Subgrade soil conditions;
   d. Environmental and weather conditions;
   e. Materials available; and
   f. Construction factors.

The comprehensive ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining eight years.

2. The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The transportation commission shall approve and present the comprehensive ten-year investment program to the governor and the legislature as directed by the office of financial management. [2005 c 319 § 9; 2002 c 5 §§ 401-404; 1998 c 171 § 6; 1993 c 490 § 3; 1987 c 179 § 2; 1979 ex.s.c. 122 § 2; 1977 ex.s.c. 151 § 44; 1975 1st ex.s.c. 143 § 1; 1973 2nd ex.s.c. 12 § 4; 1969 ex.s.c. 39 § 3; 1965 ex.s.c. 170 § 33; 1963 c 173 § 3.]

*Reviser's note: RCW 47.01.071 was amended by 2005 c 319 § 5, changing subsection (3) to subsection (4).*

### 47.05.035 Allocation of funds, factors.

1. The department shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

2. The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

3. In developing program objectives and performance measures, the department shall evaluate investment trade-
offs between the preservation and improvement programs. In making these investment trade-offs, the department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

(4) The department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

(a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;

(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;

(c) The continuity of future transportation development with those improvements previously programmed; and

(d) The availability of dedicated funds for a specific type of work.

(5) The commission shall review the results of the department's findings and shall consider those findings in the development of the ten-year program. [2005 c 319 § 10; 2002 c 5 § 403; 1993 c 490 § 4; 1987 c 179 § 3; 1979 ex.s. c 122 § 3; 1975 1st ex.s. c 143 § 2.]

47.05.051 Ten-year comprehensive investment program—Priority selection criteria—Improvement program criteria—Departure from criteria. (1) The comprehensive ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide multimodal transportation plan as defined in RCW 47.01.071(4) and priority selection systems that incorporate the following criteria:

(a) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

(i) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:

(A) Life-cycle cost analysis;

(B) Traffic volume;

(C) Subgrade soil conditions;

(D) Environmental and weather conditions;

(E) Materials available; and

(F) Construction factors;

(ii) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

(iii) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the ten-year program.

(b) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

(i) Traffic congestion, delay, and accidents;

(ii) Location within a heavily traveled transportation corridor;

(iii) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

(iv) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.

(c) Priority programming for the improvement program may also take into account:

(i) Support for the state's economy, including job creation and job preservation;

(ii) The cost-effective movement of people and goods;

(iii) Accident and accident risk reduction;

(iv) Protection of the state's natural environment;

(v) Continuity and systematic development of the highway transportation network;

(vi) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:

(A) Support for development in and revitalization of existing downtowns;

(B) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;

(C) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;

(D) Opportunities for multimodal transportation; and

(E) Extent to which the project accommodates planned growth and economic development;

(vii) Consistency with regional transportation plans developed under chapter 47.80 RCW;

(viii) Public views concerning proposed improvements;

(ix) The conservation of energy resources;

(x) Feasibility of financing the full proposed improvement;

(xi) Commitments established in previous legislative sessions;

(xii) Relative costs and benefits of candidate programs.

(d) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(e) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(2) The commission may depart from the priority programming established under subsection (1) of this section:

(a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate
with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.

(3) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities. [2002 c 319 § 11; 2002 c 189 § 3; 2002 c 5 § 406; 1998 c 175 § 12; 1993 c 490 § 5; 1987 c 179 § 5; 1979 ex.s. c 122 § 5; 1975 1st ex.s. c 143 § 4.]

See notes following RCW 43.17.020.

Intent—2002 c 5: "The legislature intends that funding for transportation mobility improvements be allocated to the worst traffic chokepoints in the state. Furthermore, the legislature intends to fund projects that provide systemic relief throughout a transportation corridor, rather than spot improvements that fail to improve overall mobility within a corridor." [2002 c 5 § 405.]

Reports: "The department of transportation shall report the results of its priority programming under RCW 47.05.051 to the transportation committees of the senate and house of representatives by December 1, 2003, and December 1, 2005." [2002 c 5 § 407.]

STATEWIDE TRANSPORTATION PLANNING

Sections
47.06.110 Public transportation plan.

47.06.110 Public transportation plan. The state-interest component of the statewide multimodal transportation plan shall include a state public transportation plan that:

(1) Articulates the state vision of an interest in public transportation and provides quantifiable objectives, including benefits indicators;

(2) Identifies the goals for public transit and the roles of federal, state, regional, and local entities in achieving those goals;

(3) Recommends mechanisms for coordinating state, regional, and local planning for public transportation;

(4) Recommends mechanisms for coordinating public transportation with other transportation services and modes;

(5) Recommends criteria, consistent with the goals identified in subsection (2) of this section and with RCW 82.44.180 (2) and (3), for existing federal authorizations administered by the department to transit agencies; and

(6) Recommends a statewide public transportation facilities and equipment management system as required by federal law.

In developing the state public transportation plan, the department shall involve local jurisdictions, public and private providers of transportation services, nonmotorized interests, and state agencies with an interest in public transportation, including but not limited to the departments of community, trade, and economic development, social and health services, and ecology, the office of the superintendent of public instruction, the office of the governor, and the office of financial management.

The department shall submit to the senate and house transportation committees by December 1st of each year, reports summarizing the plan's progress. [2005 c 319 § 124; 1996 c 186 § 512; 1995 c 399 § 120; 1993 c 446 § 11.]

Chapter 47.06A RCW
FREIGHT MOBILITY

Sections
47.06A.020 Board—Duties.

47.06A.020 Board—Duties. (1) The board shall:

(a) Adopt rules and procedures necessary to implement the freight mobility strategic investment program;

(b) Solicit from public entities proposed projects that meet eligibility criteria established in accordance with subsection (4) of this section; and

(c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. After selecting projects comprising the portfolio, the board shall submit them as part of its budget request to the office of financial management and the legislature. The board shall ensure that projects submitted as part of the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the senate and house transportation committees.

(2) The board may:

(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;

(b) Provide technical assistance to project applicants;

(c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and
(e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(3) The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

(4) The board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:
   (a) The project must be on a strategic freight corridor;
   (b) The project must meet one of the following conditions:
      (i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or
      (ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or
      (iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and
   (c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled "Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program." The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours. 

47.10.790 Issuance and sale of general obligation bonds—State route 90 improvements. In order to provide funds for the location, design, right of way, and construction of selected interstate highway improvements, there shall be issued and sold upon the request of the Washington state transportation commission, a total of one hundred million dollars of general obligation bonds of the state of Washington to pay the state's share of costs for completion of state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular federal interstate highway funding and until December 31, 1989, to temporarily pay the regular federal share of construction of completion projects on state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular interstate funding in advance of federal-aid apportionments under the provisions of 23 U.S.C. Secs. 115 or 122: PROVIDED FURTHER, That the total amount of bonds issued to temporarily pay the regular federal share of construction of federal-aid interstate highways in advance of federal-aid apportionments as authorized by this section and RCW 47.10.801 shall not exceed one hundred twenty million dollars: PROVIDED FURTHER, That the transportation commission shall adopt plans for the obligation of federal-aid apportionments received in federal fiscal year 1985 and subsequent years to pay the regular federal share of construction of federal-aid interstate highway construction projects or to convert such apportionments under the provisions of 23 U.S.C. Secs. 115 or 122.

(2) The transportation commission may at any time find and determine that any amount of the bonds authorized in subsection (1) of this section, and not then sold, are no longer required to be issued and sold for the purposes described in subsection (1) of this section.

(3) Any bonds authorized by subsection (1) of this section that the transportation commission determines are no longer required for the purpose of paying the cost of the designated interstate highway improvements described therein shall be issued and sold, upon the request of the Washington state transportation commission, to provide funds for the location, design, right of way, and construction of major transportation improvements throughout the state. [2005 c 319 § 126; 1985 c 406 § 1; 1982 c 19 § 3; 1981 c 316 § 10; 1979 ex.s. c 180 § 1.]

(a) Not to exceed two hundred twenty-five million dollars to pay the state's share of costs for federal-aid interstate highway improvements and until December 31, 1989, to temporarily pay the regular federal share of construction of federal-aid interstate highway improvements to complete state routes 82, 90, 182, and 705 in advance of federal-aid apportionments under the provisions of 23 U.S.C. Secs. 115 or 122: PROVIDED, That the total amount of bonds issued to temporarily pay the regular federal share of construction of federal-aid interstate highways in advance of federal-aid apportionments as authorized by this section and RCW 47.10.790 shall not exceed one hundred twenty million dollars: PROVIDED FURTHER, That the transportation commission shall adopt plans for the obligation of federal-aid apportionments received in federal fiscal year 1985 and subsequent years to pay the regular federal share of federal-aid interstate highway construction projects or to convert such apportionments under the provisions of 23 U.S.C. Secs. 115 or 122;

(b) Two hundred twenty-five million dollars for major transportation improvements throughout the state that are identified as category C improvements and for selected major non-interstate construction and reconstruction projects that are included as Category A Improvements;

(c) Ten million dollars for state highway improvements necessitated by planned economic development, as determined through the procedures set forth in RCW 43.160.074 and 47.01.280.

(2) The amount of bonds authorized in subsection (1)(a) of this section shall be reduced if the transportation commission determines that any of the bonds that have not been sold are no longer required.

(3) The amount of bonds authorized in subsection (1)(b) of this section shall be increased by an amount not to exceed, and concurrent with, any reduction of bonds authorized under subsection (1)(a) of this section in the manner prescribed in subsection (2) of this section.

(4) The transportation commission may decrease the amount of bonds authorized in subsection (1)(c) of this section and increase the amount of bonds authorized in subsection (1)(a) or (b) of this section, or both by an amount equal to the decrease in subsection (1)(c) of this section. The transportation commission may decrease the amount of bonds authorized in subsection (1)(c) of this section only if the legislature appropriates an equal amount of funds from the motor vehicle fund - basic account for the purposes enumerated in subsection (1)(c) of this section. [2005 c 319 § 127; 1999 c 94 § 13; 1994 c 173 § 1. Prior: 1985 c 433 § 7; 1985 c 406 § 2; 1982 c 19 § 1; 1981 c 316 § 1.]

47.10.802 Administration and amount of bond sales. Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.801 in accordance with chapter 39.42 RCW. The amount of such bonds issued and sold under RCW 47.10.801 through 47.10.809 in any biennium may not exceed the amount of a specific appropriation therefor. Such bonds may be sold from time to time in such amounts as may be necessary for the orderly progress of the state highway improvements specified in RCW 47.10.801. The amount of bonds issued and sold under RCW 47.10.801(1)(a) in any biennium shall not, except as provided in that section, exceed the amount required to match federal-aid interstate funds available to the state of Washington. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [2005 c 319 § 128; 1986 c 290 § 1; 1983 1st ex.s. c 53 § 23; 1982 c 19 § 2; 1981 c 316 § 2.]
47.10.873 Bond issue authorized. In order to provide funds necessary for the location, design, right of way, and construction of selected projects or improvements that are identified as 2005 transportation partnership projects or improvements in the omnibus transportation budget [2005 c 313], there shall be issued and sold upon the request of the department of transportation a total of five billion one hundred million dollars of general obligation bonds of the state of Washington. [2005 c 315 § 1.]

Effective date—2005 c 315: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 315 § 8.]

47.10.874 Administration and amount of sale. Upon the request of the department of transportation, as appropriate, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds in RCW 47.10.873 through 47.10.878 in accordance with chapter 39.42 RCW. Bonds authorized by RCW 47.10.873 through 47.10.878 shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

The state finance committee shall consider the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purpose of retiring the bonds during the life of the project for which they were issued. [2005 c 315 § 2.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.875 Proceeds—Deposit and use. The proceeds from the sale of bonds authorized by RCW 47.10.873 shall be deposited in the transportation partnership account in the motor vehicle fund. The proceeds shall be available only for the purposes enumerated in RCW 47.10.873, for the payment of bond anticipation notes, if any, and for the payment of bond issuance costs, including the costs of underwriting. [2005 c 315 § 3.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.876 Statement of general obligation—Pledge of excise taxes. Bonds issued under the authority of RCW 47.10.873 through 47.10.878 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on the bonds shall be first payable in the manner provided in RCW 47.10.873 through 47.10.878 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36 and 82.38 RCW. Proceeds of these excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of RCW 47.10.873 through 47.10.878, and the legislature agrees to continue to impose these excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of RCW 47.10.873 through 47.10.878. [2005 c 315 § 4.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.877 Repayment procedure—Bond retirement fund. Both principal and interest on the bonds issued for the purposes of RCW 47.10.873 through 47.10.878 shall be payable from the highway bond retirement fund. The state finance committee may provide that a special account be created in the fund to facilitate payment of the principal and interest. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings. The state treasurer shall withdraw revenues from the transportation partnership account in the motor vehicle fund and deposit in the highway bond retirement fund, or a special account in the fund, such amounts, and at such times, as are required by the bond proceedings.

Any funds required for bond retirement or interest on the bonds authorized by RCW 47.10.873 through 47.10.878 shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the transportation partnership account in the motor vehicle fund. Funds required shall never constitute a charge against any other allocations of motor vehicle fuel and special fuel tax revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on motor vehicle and special fuels distributed to the transportation 2005 [partnership] account proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the motor vehicle fuel or special fuel taxes that are distributable to the state, counties, cities, and towns shall be repaid from the first revenues from the motor vehicle fund or special fuel taxes distributed to the transportation partnership account not required for bond retirement or interest on the bonds. [2005 c 315 § 5.]

Effective date—2005 c 315: See note following RCW 47.10.873.

47.10.878 Equal charge against motor vehicle and special fuels tax revenues. Bonds issued under the authority of RCW 47.10.873 through 47.10.877 and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge motor vehicle and special fuels excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues from such motor vehicle and special fuels excise taxes. [2005 c 315 § 6.]

Therefore, the legislature finds it is necessary to create a small city pavement and sidewalk account." [2005 c 83 § 1.]

Effective dates—2005 c 83:
"Except for section 5 of this act which takes effect July 1, 2006, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 83 § 6.]

47.26.345 Small city pavement and sidewalk funding. All cities and towns with a population of less than five thousand are eligible to receive money from the small city pavement and sidewalk account created under RCW 47.26.340 for maintenance, repair, and resurfacing of city and town streets. (1) The amount of available funds within the small city pavement and sidewalk account;
(2) Whether the city or town meets one or more of the following criteria:
(a) The city or town has identified a street in a six-year transportation improvement plan, as defined by RCW 35.77.010, or a project identified through the use of a pavement management system;

[2005 RCW Supp—page 621]
(b) The city or town has provided pavement rating information on the proposed street improvement or street network improvement;
  (c) The city or town has provided sidewalk information on the proposed sidewalk system improvement;
  (d) The city or town has provided information, where available, on traffic conditions for truck routes, bus routes, and traffic volumes;
  (e) The city or town has the ability to provide a local match as demonstrated by one or more of the following:
     (i) A funding match based upon a city's assessed valuation;
     (ii) Community involvement and support, including volunteer participation, such as landscaping and maintaining landscaping along the street or sidewalk system; or
     (iii) Partnership efforts with federal or other state programs, including the department of community, trade, and economic development mainstreet program. [2005 c 83 § 3.]

47.29.010 Finding—Intent. (1) The legislature finds that the public-private [transportation] initiatives act created under chapter 47.46 RCW has not met the needs and expectations of the public or private sectors for the development of transportation projects. The legislature intends to phase out chapter 47.46 RCW coincident with the completion of the Tacoma Narrows Bridge - SR 16 public-private partnership. From July 24, 2005, this chapter will provide a more desirable and effective approach to developing transportation projects in partnership with the private sector by applying lessons learned from other states and from this state's ten-year experience with chapter 47.46 RCW.

(2) It is the legislature's intent to achieve the following goals through the creation of this new approach to public-private partnerships:
   (a) To provide a well-defined mechanism to facilitate the collaboration between public and private entities in transportation;
   (b) To bring innovative thinking from the private sector and other states to bear on public projects within the state;
   (c) To provide greater flexibility in achieving the transportation projects; and
   (d) To allow for creative cost and risk sharing between the public and private partners.

(3) The legislature intends that the powers granted in this chapter to the commission or department are in addition to any powers granted under chapter 47.56 RCW.

(4) It is further the intent of the legislature that the commission shall be responsible for receiving, reviewing, and approving proposals with technical support of the department; rule making; and for oversight of contract execution. The department shall be responsible for evaluating proposals and negotiating contracts. [2005 c 317 § 1.]

47.29.040 Purpose. The Transportation Innovative Partnerships Act is created for the planning, acquisition, design, financing, management, development, construction, reconstruction, replacement, improvement, maintenance, preservation, repair, and operation of transportation projects. 47.29.050 Eligible projects. Projects eligible for development under this chapter include:

(1) Transportation projects, whether capital or operating, where the state's primary purpose for the project is to facilitate the safe transport of people or goods via any mode of travel. However, this does not include projects that are primarily for recreational purposes, such as parks, hiking trails, off-road vehicle trails, etc.; and

(2) Facilities, structures, operations, properties, vehicles, vessels, or the like that are developed concurrently with an eligible transportation project and that are capable of (a) providing revenues to support financing of an eligible transportation project, or (b) that are public projects that advance public purposes unrelated to transportation. [2005 c 317 § 5.]

47.29.060 Eligible financing. (1) Subject to the limitations in this section, the department may, in connection with the evaluation of eligible projects, consider any financing mechanisms identified under subsections (3) through (5) of this section or any other lawful source, either integrated as part of a project proposal or as a separate, stand-alone proposal to finance a project. Financing may be considered for all or part of a proposed project. A project may be financed in whole or in part with:

Any financing described in this section may be structured on a senior, parity, or subordinate basis to any other financing.

(3) For any transportation project developed under this chapter that is owned, leased, used, or operated by the state, as a public facility, if indebtedness is issued, it must be issued by the state treasurer for the transportation project.

(4) For other public projects defined in RCW 47.29.050(2) that are developed in conjunction with a transportation project, financing necessary to develop, construct, or operate the public project must be approved by the state finance committee or by the governing board of a public benefit corporation as provided in the federal Internal Revenue Code section 63-20;

(d) Direct the department to evaluate the concepts or proposals received under this section; and

(e) Select potential projects based on the concepts or proposals. The evaluation under this subsection must include consultation with any appropriate unit of government.

(2) Before undertaking any of the activities contained in subsection (1) of this section, the commission must have:

(a) Completed the tolling feasibility study; and

(b) Adopted rules specifying procedures for the proper solicitation, acceptance, review, and evaluation of projects, which procedures must include:

(i) A comparison with the department’s internal ability to complete the project that documents the advantages of completing the project as a partnership versus solely as a public venture; and

Expenses incurred by the department under this section before the issuance of transportation project bonds or other financing must be paid by the department and charged to the appropriate project. The department shall keep records and accounts showing each amount so charged.

47.29.180 Advisory committees. For projects with costs, including financing costs, of three hundred million dollars or greater, advisory committees are required. [2005 RCW Supp—page 625]

47.29.210 Government agreements. The state may, either separately or in combination with any other public sector partner, enter into working agreements, coordination agreements, or similar implementation agreements, including the formation of bistate transportation organizations, to carry out the joint implementation of a transportation project selected under this chapter. The state may enter into agreements with other units of government or Canadian provinces for transborder transportation projects. [2005 c 317 § 21.]

47.29.220 Eminent domain. The state may exercise the power of eminent domain to acquire property, rights of way, or other rights in property for projects that are necessary to implement an eligible project developed under this chapter, regardless of whether the property will be owned in fee simple by the state. [2005 c 317 § 22.]

47.29.230 Transportation innovative partnership account. (1) The transportation innovative partnership account is established in the custody of the state treasurer separate and distinct from the state general fund. Interest earned by the transportation innovative partnership account must be credited to the account. The account is subject to allotment procedures under chapter 43.88 RCW.

(2) The following moneys must be deposited into the transportation innovative partnership account:

(a) Proceeds from bonds or other financing instruments issued under RCW 47.29.250;
(b) Revenues received from any transportation project developed under this chapter or developed under the general powers granted to the department; and
(c) Any other moneys that are by donation, grant, contract, law, or other means transferred, allocated, or appropriated to the account.

(3) Moneys in the transportation innovative partnership account may only be expended upon evidence of approval by the Washington state legislature, either upon appropriation of supporting state funds or by other statutory direction.

(4) The state treasurer shall serve as a fiduciary for the purpose of carrying out this chapter and implementing all or portions of any transportation project financed under this chapter.

(5) Moneys in the transportation innovative partnership account that were derived from revenue subject to Article II, section 40 (Amendment 18) of the Washington state Constitution, may be used only for purposes authorized by that provision of the state Constitution.

(6) The state treasurer shall establish separate subaccounts within the transportation innovative partnership account for each transportation project that is initiated under this chapter or under the general powers granted to the department. Except as provided in subsection (5) of this section, the state may pledge moneys in the transportation innovative partnership account to secure revenue bonds or any other debt obligations relating to the project for which the account is established. [2005 c 317 § 23.]

47.29.240 Use of account. (1) The state may use moneys in the transportation innovative partnership subaccount to ensure the repayment of loan guarantees or extensions of credit made to or on behalf of private entities engaged in the planning, acquisition, financing, development, design, construction, reconstruction, replacement, improvement, maintenance, preservation, management, repair, or operation of any eligible project that is related to a subaccount established under this chapter.

To finance a project in whole or in part, the
commission may request that the state treasurer issue revenue bonds on behalf of the public sector partner. The bonds must be secured by a pledge of, and a lien on, and be payable only from moneys in the transportation innovative partnership account established in RCW 47.29.230, and any other revenues specifically pledged to repayment of the bonds. Such a pledge by the public partner creates a lien that is valid and binding from the time the pledge is made. Revenue bonds issued under this section are not general obligations of the state or local government and are not secured by or payable from any funds or assets of the state other than the moneys and revenues specifically pledged to the repayment of such revenue bonds.

(2) Moneys received from the issuance of revenue bonds or other debt obligations, including any investment earnings thereon, may be spent:

(a) For the purpose of financing the costs of the project for which the bonds are issued;
(b) To pay the costs and other administrative expenses of the bonds;
(c) To pay the costs of credit enhancement or to fund any reserves determined to be necessary or advantageous in connection with the revenue bonds; and
(d) To reimburse the public sector partners for any costs related to carrying out the projects authorized under this chapter. [2005 c 317 § 25.]

47.29.260 Study and report. The department shall conduct a study of:

(1) The contracting powers and project management authorities it presently possesses; those same powers and authorities authorized under this chapter; and those powers and authorities employed by other states or the private sector;
(2) Methods of encouraging competition for the development of transportation projects; and
(3) Any additional procedures that may be necessary or desirable for negotiating contracts in situations of a single qualified bidder, in either solicited or unsolicited proposals.

(1) Conflict with any provision of this chapter;
(2) Require procedures that are additional to or different from those provided in this chapter; or
(3) Require contract provisions not authorized in this chapter. If no federal funds are provided, state laws, rates, and rules will govern. [2005 c 317 § 27.]

47.29.900 Captions not law. Captions used in this chapter are not part of the law. [2005 c 317 § 28.]
47.36.310 Motorist information signs—Interstate highways—Contents, placement, fees. The department is authorized to erect and maintain motorist information sign panels within the right of way of the interstate highway system to give the traveling public specific information as to gas, food, lodging, camping, or tourist-oriented business available on a crossroad at or near an interchange. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "CAMPING," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. Motorist information sign panels are authorized within the corporate limits of cities and towns and areas zoned for commercial or industrial uses at locations where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. The erection and maintenance of motorist information sign panels shall also conform to the Manual on Uniform Traffic Control Devices. The erection and maintenance of motorist information sign panels within the corporate limits of cities and towns and areas zoned for commercial or industrial uses where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. The erection and maintenance of motorist information sign panels along noninterstate highways shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of a noninterstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign. The restriction for on-premise signs does not apply if the sign is not visible from the highway. The department may, on a case-by-case basis, waive the height restriction when an on-premise sign is visible from the rural interstate system. The department shall charge sufficient fees for the display of individual business signs to recover the costs of their installation and maintenance, and shall charge sufficient fees to recover costs for the erection and maintenance of the motorist information sign panels. 47.36.320 Motorist information signs, tourist-oriented directional signs—Primary and scenic roads—Contents, placement, fees. The department is authorized to erect and maintain motorist information sign panels within the right of way of noninterstate highways to give the traveling public specific information as to gas, food, lodging, recreation, or tourist-oriented businesses accessible by way of highways intersecting the noninterstate highway. The motorist information sign panels are permitted only at locations within the corporate limits of cities and towns and areas zoned for commercial or industrial uses where there is adequate distance between interchanges to ensure compliance with the Manual on Uniform Traffic Control Devices. Motorist information sign panels shall include the words "GAS," "FOOD," "LODGING," "RECREATION," or "TOURIST ACTIVITIES" and the letters "RV" next to a gas, food, lodging, camping, or tourist activity sign if the business or destination accommodates recreational vehicles, and directional information. Directional information may contain one or more individual business signs maintained on the panel. The "RV" logo for businesses or destinations that accommodate recreational vehicles shall be placed in the lower right corner of the gas, food, lodging, camping, or tourist activity sign and shall be in the form of a small yellow circle with the letters "RV" in black. In managing the number of individual business signs to be displayed, the department must ensure the use of available space on a panel is maximized. The erection and maintenance of motorist information sign panels along noninterstate highways shall also conform to the Manual on Uniform Traffic Control Devices and rules adopted by the state department of transportation. A motorist service or tourist-oriented business located within one mile of a noninterstate highway shall not be permitted to display its name, brand, or trademark on a motorist information sign panel unless its owner has first entered into an agreement with the department limiting the height of its on-premise signs at the site of its service installation to not more than fifteen feet higher than the roof of its main building measured to the bottom of the on-premise sign.

The department shall adopt rules for the erection and maintenance of tourist-oriented directional signs with the following restrictions:

(1) Where installed, they shall be placed in advance of the "GAS," "FOOD," "LODGING," "RECREATION," or "RV" motorist information sign panels previously described in this section;

(2) Signs shall not be placed to direct a motorist to an activity visible from the main traveled roadway;

(3) Premises on which the qualified tourist-oriented business is located must be within fifteen miles of the state highway except as provided in RCW 47.36.330(3) (b) and (c), and necessary supplemental signing on local roads must be provided before the installation of the signs on the state highway.

The department shall charge sufficient fees for the display of individual business signs to recover the costs of their installation and maintenance, and shall charge sufficient fees to recover costs for the erection and maintenance of the motorist information sign panels. may be permitted on motorist information sign panels authorized by RCW 47.36.310 and 47.36.320.

(2) The maximum distance that eligible service facilities may be located on either side of an interchange or intersection to qualify for a business sign are as follows:

(a) On interstate highways, gas, food, or lodging activities shall be located within three miles. Camping or tourist-oriented activities shall be within five miles.

(b) On noninterstate highways, gas, food, lodging, recreation, or tourist-oriented activities shall be located within five miles.

(3)(a) If no eligible services are located within the distance limits prescribed in subsection (2) of this section, the distance limits shall be increased until an eligible service of a type being considered is reached, up to a maximum of fifteen miles.

(b) The department may erect and maintain signs on an alternate route that is longer than fifteen miles if it is safer and still provides reasonable and convenient travel to an eligible service.

(c) The department may erect and maintain signs on a route up to a maximum of twenty miles if it qualifies as an eligible service and is within a distressed area as defined in RCW 43.168.020. [2005 c 136 § 16; 1999 c 213 § 2; 1999 c 201 § 5; 1985 c 142 § 3. Formerly RCW 47.42.0475.]

(1) The department of transportation shall not include the logo "RV" under RCW 47.36.310 and 47.36.320 unless a business or destination requests an "RV" logo and the department determines that the gas, food, or lodging business or the camping or tourist activity destination provides parking spaces, overhang clearances, and entrances and exits designed to accommodate recreational or other large vehicles.

(2) The department may charge a reasonable fee in accordance with RCW 47.36.310 or 47.36.320 to defray the costs associated with the installation and maintenance of signs with "RV" logos.

(3) The department may adopt rules necessary to administer this section. [2005 c 407 § 3.]

47.46.030 Demonstration projects—Selection—Public involvement. (1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighted on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. Forty-five days after the submission to the commission of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections (11) and (12) of this section, the department shall require an advisory vote as provided under subsections (5) through (9) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections (11) and (12) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is
referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW 29A.04.121.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

(9) Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter’s pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29A.04.330 that is at least sixty days but, if authorized under RCW 29A.04.330, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

(10) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

(11) Subsections (5) through (9) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

(12) Subsections (5) through (9) of this section shall not apply to project proposals selected after June 30, 1997, that
have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection. [2005 c 319 § 132; 2002 c 114 § 3; 1996 c 280 § 1; 1995 2nd sp.s. c 19 § 2; 1993 c 370 § 3.]

Effective date—1995 2nd sp.s. c 19: See note following RCW 47.46.010.

47.46.040 Demonstration projects—Terms of agreements—Public participation. (1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

9(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected
project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics. 

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits. 

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public. [2005 c 319 § 133; 2002 c 114 § 16; 2001 c 64 § 14; 1995 2nd sp.s. c 19 § 3; 1993 c 370 § 4.]

47.46.090 Citizen advisory committee—Tolls. (1) A citizen advisory committee must be created for any project developed under this chapter that imposes toll charges for use of a transportation facility. The governor shall appoint nine members to the committee, all of whom must be permanent residents of the affected project area as defined for each project. Members of the committee shall serve without compensation.

(2) The citizen advisory committee shall serve in an advisory capacity to the commission on all matters related to the imposition of tolls including, but not limited to, (a) the feasibility of providing discounts to frequent users, electronic transponder users, senior citizens, or students; (b) the tradeoff of lower tolls versus the early retirement of debt; and (c) a consideration of variable, or time of day pricing.

**47.56.078** Transportation benefit district—Tolls authorized. Subject to the provisions under chapter 36.73 RCW, a transportation benefit district may authorize vehicle tolls on state routes or federal highways, city streets, or county roads, within the boundaries of the district, unless otherwise prohibited by law. The department of transportation shall administer the collection of vehicle tolls authorized on state routes or federal highways, unless otherwise specified in law or by contract, and the state transportation commission, or its successor, may approve, set, and impose the tolls in amounts sufficient to implement the district's transportation improvement finance plan. The district shall administer the collection of vehicle tolls authorized on city streets or county roads, and shall set and impose the tolls, only with approval of the transportation commission, in amounts sufficient to implement the district's transportation improvement plan. Tolls may vary for type of vehicle, for time of day, for traffic conditions, and/or other factors designed to improve performance of the facility or the transportation network. [2005 c 336 § 25.]

**47.56.270** 1950 Tacoma Narrows bridge part of primary highways. The 1950 Tacoma Narrows bridge in chapter 47.17 RCW made a part of the primary state highways of the state of Washington shall, upon completion, be operated, maintained, kept up, and repaired by the department in the manner provided in this chapter, and the cost of such operation, maintenance, upkeep, and repair shall be paid from special funds appropriated for the use of the department for the construction and maintenance of the primary state highways of the state of Washington. This section does not apply to that portion of the Tacoma Narrows bridge facility first opened to traffic after June 13, 2002. [2005 c 335 § 4; 2002 c 114 § 20; 1983 c 3 § 129; 1961 c 13 § 47.56.270. **47.56.380** through **47.56.590** Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

**47.56.401** High-occupancy toll lanes defined. For the purposes of RCW 46.61.165, 47.56.403, and 47.66.090, "high-occupancy toll lanes" means one or more lanes of a highway that charges tolls as a means of regulating access to or the use of the facility, to maintain travel speed and reliability. Supporting facilities include, but are not limited to, approaches, enforcement areas, improvements, buildings, and equipment. [2005 c 312 § 2.]

Intent—2005 c 312: "The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high-occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes are themselves getting crowded during the peak commute times, while some are being underused at off-peak times. It is the intent of the legislature to maximize the effectiveness and efficiency of the freeway system. To evaluate methods to accomplish this, it is beneficial to evaluate alternative approaches to managing the use of freeway high-occupancy vehicle lanes, including pilot projects to determine and demonstrate the effectiveness and benefits of implementing high-occupancy toll lanes. The legislature acknowledges that state route 167 provides an ideal test of the high-occupancy toll lane concept because it is a congested corridor; it has underused capacity in the high-occupancy vehicle lane, and it has adequate right of way for improvements needed to test the concept. Therefore, it is the intent of this act to direct that the department of transportation, as a pilot project, develop and operate a high-occupancy toll lane on state route 167 in King county and to conduct an evaluation of that project to determine impacts on freeway efficiency, effectiveness for transit, feasibility of financing improvements through tolls, and the impacts on freeway users." [2005 c 312 § 1.]

Captions—2005 c 312: "Section captions used in this act are not any part of the law." [2005 c 312 § 9.]

**47.56.403** High-occupancy toll lane pilot project. (1) The department may provide for the establishment, construction, and operation of a pilot project of high-occupancy toll lanes on state route 167 high-occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high-occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high-occupancy toll lane pilot project.

(2) Tolls for high-occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high-occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high-occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

[2005 RCW Supp—page 634]
(3) The department shall monitor the state route 167 high-occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:
   (a) Freeway efficiency and safety;
   (b) Effectiveness for transit;
   (c) Person and vehicle movements by mode;
   (d) Ability to finance improvements and transportation services through tolls; and
   (e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high-occupancy vehicle lane users.

(5) Authorization to impose high-occupancy vehicle tolls for the state route 167 high-occupancy toll project expires if either of the following two conditions apply:
   (a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or
   (b) Four years after toll collection begins under this section.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high-occupancy vehicle lane to a high-occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high-occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW. [2005 c 312 § 3.]

47.60.326 Schedule of charges for state ferries—Review by department, factors considered—Rule making by commission. (1) In order to maintain an adequate, fair, and economically sound schedule of charges for the transportation of passengers, vehicles, and commodities on the Washington state ferries, the department of transportation each year shall conduct a full review of such charges.

(2) Prior to February 1st of each odd-numbered year the department shall transmit to the transportation commission a report of its review together with its recommendations for the revision of a schedule of charges for the ensuing biennium. The commission on or before July 1st of that year shall adopt as a rule, in the manner provided by the Washington administrative procedure act, a schedule of charges for the Washington state ferries for the ensuing biennium commencing July 1st. The schedule may initially be adopted as an emergency rule if necessary to take effect on, or as near as possible to, July 1st.

(3) The department in making its review and formulating recommendations and the commission in adopting a schedule of charges may consider any of the following factors:
   (a) The amount of subsidy available to the ferry system for maintenance and operation;
   (b) The time and distance of ferry runs;
   (c) The maintenance and operation costs for ferry runs with a proper adjustment for higher costs of operating outmoded or less efficient equipment;
   (d) The efficient distribution of traffic between cross-sound routes;
   (e) The desirability of reasonable rates for persons using the ferry system to commute daily to work and other frequent users who live in ferry-dependent communities;
   (f) The effect of proposed fares in increasing walk-on and vehicular passenger use;
   (g) The effect of proposed fares in promoting all types of ferry use during nonpeak periods;
   (h) The estimated revenues that are projected to be earned by the ferry system from commercial advertisements, parking, contracts, leases, and other sources;
   (i) The prepurchase of multiple fares, whether for a single rider or multiple riders;

[2005 RCW Supp—page 635]
(j) Such other factors as prudent managers of a major ferry system would consider.

(4) If at any time during the biennium it appears that projected revenues from the Puget Sound ferry operations account and any other operating subsidy available to the Washington state ferries will be less than the projected total cost of maintenance and operation of the Washington state ferries for the biennium, the department shall forthwith undertake a review of its schedule of charges to ascertain whether or not the schedule of charges should be revised. The department shall, upon completion of its review report, submit its recommendation to the transportation commission which may in its sound discretion revise the schedule of charges as required to meet necessary maintenance and operation expenditures of the ferry system for the biennium or may defer action until the regular annual review and revision of ferry charges as provided in subsection (2) of this section.

(5) The provisions of RCW 47.60.330 relating to public participation shall apply to the process of revising ferry tolls under this section.

(6) Under RCW 43.135.055, the transportation commission may increase ferry tolls included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(7) Notwithstanding the provisions of this section and chapter 81.28 RCW, and using sound business judgment, the chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the transportation commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities. Beginning in 2005, and every other year thereafter, the department shall examine the division's existing grant programs, and the methods used to allocate grant funds, to determine the program's effectiveness, and whether the methods used to allocate funds result in an equitable distribution of the grants. The department shall submit a report of the findings to the transportation committees of the legislature. [2005 c 318 § 6.]

Violation of the duly imposed prohibition of the court may be treated as a separate offense under this section or as a contempt of court.

(4) The department shall consider existing information, technical analyses, and other research the department deems appropriate.  The department may contract and consult with private independent professional and technical experts regarding the assessment.

(a) Existing airport facilities, including commercial and general aviation, including airside, landside, and airport service facilities;

(b) Existing air and airport capacity, including the number of annual passengers and air cargo operations;

(c) Existing airport services, including fixed based operator services, fuel services, and ground services; and

(d) Existing airspace capacity.

(2) The department shall consider existing information, technical analyses, and other research the department deems appropriate.  The department may contract and consult with private independent professional and technical experts regarding the assessment.

(3) The department shall submit the assessment to the appropriate standing committees of the legislature, the governor, the transportation commission, and regional transportation planning organizations by July 1, 2006.  [2005 c 316 § 1.]

47.68.400 Airport capacity and facilities market analysis.  (1) After submitting the assessment under RCW 47.68.390, the aviation division of the department of transportation shall conduct a statewide airport capacity and facilities market analysis.  The analysis must include a statewide needs assessment of airport facilities, passenger and air cargo transportation capacity, and demand and forecast market needs over the next twenty-five years.  The analysis must include a detailed analysis of the Puget Sound, southwest Washington, Spokane, and Tri-Cities regions.  The analysis must address the forecasted needs of both commercial aviation and general aviation; however, the primary focus of the analysis must be on commercial aviation.  The analysis must address the following issues:

(a) A forecast of future airport capacity needs based on passenger and air cargo operations and demand, airline planning, and a determination of aviation trends, demographic, geographic, and market factors that may affect future air travel demand;

(b) A determination of when the state’s existing commercial service airports will reach their capacity;

(c) The factors that may affect future air travel and when capacity may be reached and in which location;

(d) The role of the state, metropolitan planning organizations, regional transportation planning organizations, the federal aviation administration, and airport sponsors in addressing statewide airport facilities and capacity needs; and

(e) Whether the state, metropolitan planning organizations, regional transportation planning organizations, the federal aviation administration, and airport sponsors have identified options for addressing long-range capacity needs at airports, or in regions, that will reach capacity before the year 2030.

(2) The department shall consider existing information, technical analyses, and other research the department deems appropriate.  The department may contract and consult with
private independent professional and technical experts regarding the analysis.

(3) The department shall submit the analysis to the appropriate standing committees of the legislature, the governor, the transportation commission, and regional transportation planning organizations by July 1, 2007. [2005 c 316 § 2.]

47.68.410 Aviation planning council. (Expires July 1, 2009.) (1) Upon completion of both the statewide assessment and analysis required under RCW 47.68.390 and 47.68.400, and to the extent funds are appropriated to the department for this purpose, the governor shall appoint an aviation planning council to consist of the following members: (a) The director of the aviation division of the department of transportation, or a designee; (b) the director of the department of community, trade, and economic development, or a designee; (c) a member of the transportation commission, who shall be the chair of the council; (d) two members of the general public familiar with airport issues, including the impacts of airports on communities, one of whom must be from western Washington and one of whom must be from eastern Washington; (e) a technical expert familiar with federal aviation administration airspace and control issues; (f) a commercial airport operator; (g) a member of a growth management hearings board; (h) a representative of the Washington airport management association; and (i) an airline representative. The chair of the council may designate another councilmember to serve as the acting chair in the absence of the chair. The department of transportation shall provide all administrative and staff support for the council.

(2) The purpose of the council is to make recommendations, based on the findings of the assessment and analysis completed under RCW 47.68.390 and 47.68.400, regarding how best to meet the statewide commercial and general aviation capacity needs, as determined by the council. The council shall determine which regions of the state are in need of improvement regarding the matching of existing, or projected, airport facilities, and the long-range capacity needs at airports within the region expected to reach capacity before the year 2030. After determining these areas, the council shall make recommendations regarding the placement of future commercial and general aviation airport facilities designed to meet the need for improved aviation planning in the region. (1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities, services, and programs that exhibit one or more of the following characteristics:

(i) Crosses member county lines;

(ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;

(iii) Significant impacts are expected to be felt in more than one county;

(iv) Potentially adverse impacts of the facility, service, program, or project can be better avoided or mitigated through adherence to regional policies;

(v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance; and

These regionally established level of service standards for state highways and state ferries shall be developed jointly with the department of transportation, to encourage consistency across jurisdictions. In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;

(d) Includes a financial plan demonstrating how the regional transportation plan can be implemented, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques to finance needed facilities, services, and programs;

(e) Assesses regional development patterns, capital investment and other measures necessary to:

(i) Ensure the preservation of the existing regional transportation system, including requirements for operational improvements, resurfacing, restoration, and rehabilitation of existing and future major roadways, as well as operations, maintenance, modernization, and rehabilitation of existing and future transit, railroad systems and corridors, and nonmotorized facilities; and

(ii) Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods;

(f) Sets forth a proposed regional transportation approach, including capital investments, service improvements, programs, and transportation demand management measures to guide the development of the integrated, multimodal regional transportation system. For regional growth centers, the approach must address transportation concurrency strategies required under RCW 36.70A.070 and include a measurement of vehicle level of service for off-peak periods and total multimodal capacity for peak periods; and

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

(3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies. (4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund through March 31, 1996, and in the health services account under RCW 43.72.900 after March 31, 1996.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035;

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW; or

(iii) The medicaid program on behalf of elderly or disabled clients as provided in chapter 74.09 RCW when these prepayments are received prior to July 1, 2009, and are associated with a managed care contract program that has been implemented on a voluntary demonstration or pilot project basis.

(c) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement shall deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner shall notify each taxpayer required to make prepayments in the amount of each prepayment and shall provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments in that year of the amount of each prepayment and shall provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms. (3)(a) "Insurable interest" as used in this section and in RCW 48.18.060 includes only the following interests:

(i) In the case of individuals related closely by blood or by law, a substantial interest engendered by love and affection; and

(ii) In the case of other persons, a lawful and substantial economic interest in having the life, health, or bodily safety of the individual insured continue, as distinguished from an interest that would arise only by, or would be enhanced in value by, the death, disability, or injury of the individual insured.

(b) An individual who is party to a contract or option for the purchase or sale of an interest in a business partnership or firm, or of shares of stock of a close corporation or of an interest in those shares, has an insurable interest in the life of each individual party to the contract and for the purposes of that contract only, in addition to any insurable interest that may otherwise exist as to the life of such individual.

(i) The nonprofit organization was established exclusively for religious, charitable, scientific, literary, or educational purposes, or to promote amateur athletic competition, to conduct testing for public safety, or to prevent cruelty to children or animals; and

(ii) The nonprofit organization:

(A) Has existed for a minimum of five years; or

(iii) For a joint application, the person is not an employee, officer, or director of the organization who receives significant compensation from the organization and who became affiliated with the organization in that capacity less than one year before the joint application.

(4) The commissioner may adopt rules governing joint applications for, and transfers of, life insurance under subsection (3)(d) of this section. The rules may include:

(a) Standards for full and fair disclosure that set forth the manner, content, and required disclosure for the sale of life insurance issued under subsection (3)(d) of this section; and

(b) For joint applications, a grace period of thirty days during which the insured person may direct the nonprofit organization to return the policy and the insurer to refund any premium paid to the party that, directly or indirectly, paid the premium; and

(c) Standards for granting an exemption from the five-year existence requirement of subsection (3)(d)(ii)(A) of this section to a private foundation that files with the insurance commissioner documents, stipulations, and information as the insurance commissioner may require to carry out the purpose of subsection (3)(d) of this section.

(5) Nothing in this section permits the personal representative of the insured's estate to recover the proceeds of a policy on the life of a deceased insured person that was applied for jointly by, or transferred to, an organization covered by subsection (3)(d) of this section, where the organization was named owner and beneficiary of the policy.

This subsection applies to all life insurance policies applied for by, or transferred to, an organization covered by subsection (3)(d) of this section, regardless of the time of application or transfer and regardless of whether the organization would have been covered at the time of application or transfer. [2005 c 337 § 3; 1992 c 51 § 1; 1973 1st ex.s. c 89 § 3; 1947 c 79 § .18.03; Rem. Supp. 1947 § 45.18.03.]

Finding—Intent—2005 c 337: "The legislature finds that there is a long-standing principle that corporations have an insurable interest in the lives of key personnel. Nationally, some corporations have begun to insure the lives of personnel that have not met the insurable interest standard of Washington. Entry-level workers have been insured by their corporate employer for the benefit of the corporate employer. The legislature intends to clarify this subject and preclude corporations from insuring the lives of employees when the employees are not key personnel and the corporations have no insurable interest in the lives of those employees." [2005 c 337 § 1.]

Use of trust funds by fiduciaries for life insurance: RCW 11.110.120.

48.18.060 Application—Consent—When required. A life or disability insurance contract upon an individual may not be made or take effect unless at the time the contract is made the individual insured applies for or consents to the contract in writing, except in the following cases:

(1) A spouse may insure the life of the other spouse.

(2) Any person having an insurable interest in the life of a minor, or any person upon whom a minor is dependent for support and maintenance, may insure the life of the minor.

(3) A contract of group or blanket disability insurance may be effectuated upon an individual.

(4) A contract of group life insurance may be effectuated upon an individual, except as otherwise provided in RCW 48.18.580. [2005 c 337 § 5; 1947 c 79 § .18.06; Rem. Supp. 1947 § 45.18.06.]

48.18.100 Forms of policies—Filing, certification, and approval—Exceptions. (1) No insurance policy form or application form where written application is required and is to be attached to the policy, or printed life or disability rider or endorsement form may be issued, delivered, or used unless it has been filed with and approved by the commissioner. This section does not apply to:

(a) Surety bond forms;

(b) Forms filed under RCW 48.18.103;
(c) Forms exempted from filing requirements by the commissioner under RCW 48.18.103;

(d) Manuscript policies, riders, or endorsements of unique character designed for and used with relation to insurance upon a particular subject; or

(e) Contracts of insurance procured under the provisions of chapter 48.15 RCW.

(2) Every such filing containing a certification, in a form approved by the commissioner, by either the chief executive officer of the insurer or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW and Title 284 of the Washington Administrative Code, may be used by the insurer immediately after filing with the commissioner. The commissioner may order an insurer to cease using a certified form upon the grounds set forth in RCW 48.18.110. This subsection does not apply to certain types of policy forms designated by the commissioner by rule.

(3) Except as provided in RCW 48.18.103, every filing that does not contain a certification pursuant to subsection (2) of this section must be made not less than thirty days in advance of issuance, delivery, or use. At the expiration of the thirty days, the filed form shall be deemed approved unless prior thereto it has been affirmatively approved or disapproved by order of the commissioner. The commissioner may extend by not more than an additional fifteen days the period within which he or she may affirmatively approve or disapprove any form, by giving notice of the extension before expiration of the initial thirty-day period. At the expiration of the period that has been extended, and in the absence of prior affirmative approval or disapproval, the form shall be deemed approved. The commissioner may withdraw any approval at any time for cause. By approval of any form for immediate use, the commissioner may waive any unexpired portion of the initial thirty-day waiting period.

(4) The commissioner's order disapproving any form or withdrawing a previous approval must state the grounds for disapproval.

(5) No form may knowingly be issued or delivered as to which the commissioner's approval does not then exist.

(6) The commissioner may, by rule, exempt from the requirements of this section any class or type of insurance policy forms if filing and approval is not desirable or necessary for the protection of the public.

(7) Every member or subscriber to a rating organization must adhere to the form filings made on its behalf by the organization. Deviations from the organization are permitted only when filed with the commissioner in accordance with this chapter. [2005 c 223 § 9; 2003 c 248 § 4; 1997 c 428 § 1.]

48.18.103 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition. (1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for forms.

(2) Commercial property casualty policies may be issued prior to filing the forms.

(3) All commercial property casualty forms must be filed with the commissioner within thirty days after an insurer issues any policy using them. This subsection does not apply to:

(a) Types or classes of forms that the commissioner exempts from filing by rule; and

(b) Manuscript policies, riders, or endorsements of unique character designed for and used with relation to insurance upon a particular subject.

(4) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review an additional fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(5) Upon a final determination of a disapproval of a policy form under subsection (4) of this section, the insurer must amend any previously issued disapproved form by endorsement to comply with the commissioner's disapproval.

(6) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, occupation, nonprofit organization, or public entity for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070.

(7) Except as provided in subsection (5) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(8) Every member or subscriber to a rating organization must adhere to the form filings made on its behalf by the organization. An insurer may deviate from forms filed on its behalf by an organization only if the insurer files the forms with the commissioner in accordance with this chapter.

(9) In the event a hearing is held on the actions of the commissioner under subsection (4) of this section, the burden of proof shall be on the commissioner. [2005 c 223 § 9; 2003 c 248 § 4; 1997 c 428 § 1.]

48.18.430 Exemption of proceeds, commutation—Annuities. (1) The benefits, rights, privileges, and options under any annuity contract that are due the annuitant who paid the consideration for the annuity contract are not subject to execution and the annuitant may not be compelled to exercise those rights, powers, or options, and creditors are not allowed to interfere with or terminate the contract, except:

(a) As to amounts paid for or as premium on an annuity with intent to defraud creditors, with interest thereon, and of which the creditor has given the insurer written notice at its home office prior to making the payments to the annuitant out of which the creditor seeks to recover. The notice must specify the amount claimed or the facts that will enable the insurer to determine the amount, and must set forth the facts that will
enable the insurer to determine the insurance or annuity contract, the person insured or annuitant and the payments sought to be avoided on the basis of fraud.

(b) The total exemption of benefits presently due and payable to an annuitant periodically or at stated times under all annuity contracts may not at any time exceed two thousand five hundred dollars per month for the length of time represented by the installments, and a periodic payment in excess of two thousand five hundred dollars per month is subject to garnishee execution to the same extent as are wages and salaries.

(c) If the total benefits presently due and payable to an annuitant under all annuity contracts at any time exceeds payment at the rate of two thousand five hundred dollars per month, then the court may order the annuitant to pay to a judgment creditor or apply on the judgment, in installments, the portion of the excess benefits that the court determines to be just and proper, after due regard for the reasonable requirements of the judgment debtor and the judgment debtor's dependent family, as well as any payments required to be made by the annuitant to other creditors under prior court orders.

(2) The benefits, rights, privileges, or options accruing under an annuity contract to a beneficiary or assignee are not transferable or subject to commutation, and if the benefits are payable periodically or at stated times, the same exemptions and exceptions contained in this section for the annuitant apply to the beneficiary or assignee.

(3) An annuity contract within the meaning of this section is any obligation to pay certain sums at stated times, during life or lives, or for a specified term or terms, issued for a valuable consideration, regardless of whether or not the sums are payable to one or more persons, jointly or otherwise, but does not include payments under life insurance contracts at stated times during life or lives, or for a specified term or terms. [2005 c 223 § 10; 1949 c 190 § 25; 1947 c 79 § .18.43; Rem. Supp. 1949 § 45.18.43.]

48.18.570 Life insurance—Lawful travel destinations.  (1) No life insurer may deny or refuse to accept an application for insurance, or refuse to insure, refuse to renew, cancel, restrict, or otherwise terminate a policy of insurance, or charge a different rate for the same coverage, based upon the applicant's or insured person's past or future lawful travel destinations.

(2) Nothing in this section prohibits a life insurer from excluding or limiting coverage of specific lawful travel, or charging a differential rate for such coverage, when bona fide statistical differences in risk or exposure have been substantiated. [2005 c 441 § 1.]

48.18.580 Employer-owned life insurance—Requirements.  (1) "Employer-owned life insurance policy" as used in this section and RCW 48.18.583 means an insurance policy purchased by an employer on the life of an employee, for the benefit of a person other than the employee or the employee's personal representative.

(2) An employer-owned life insurance policy may not be made or take effect unless at the time the contract is made the individual insured consents to the contract in writing.

(3) An employer may not retaliate in any manner against an employee for providing written notice that he or she does not want to be insured under an employer-owned life insurance policy.

(4) No later than thirty days after the date on which an employer purchases an employer-owned life insurance policy on the life of an employee, the employer must provide to the employee a written notice that contains the following information:

(a) A statement that the employer carries an employer-owned life insurance policy on the life of the employee;

(b) The identity of the insurance carrier of the policy;

(c) The maximum face amount of the policy at issue; and

(d) The identity of the beneficiary of the policy. [2005 c 337 § 4.]

48.18.583 Employer-owned life insurance—Application to policies. With respect to employer-owned life insurance policies, chapter 337, Laws of 2005 shall apply only to policies issued and delivered after July 24, 2005. [2005 c 337 § 6.]

For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, an insurer providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The insurers shall obtain proof of current licensure in conformity with this section and RCW 18.64.350 through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.56 RCW. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison;

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

For the purposes of this chapter, a nonresident pharmacy is defined as any pharmacy located outside this state that ships, mails, or delivers, in any manner, except when delivered in person to an enrolled participant or his/her representative, controlled substances, legend drugs, or devices into this state.

After October 1, 1991, an insurer providing coverage of prescription drugs from nonresident pharmacies may only provide coverage from licensed nonresident pharmacies. The insurers shall obtain proof of current licensure in conformity with this section and RCW 18.64.350 through 18.64.400 from the nonresident pharmacy and keep that proof of licensure on file.

The department may request from the insurer the proof of current licensure for all nonresident pharmacies through which the insurer is providing coverage for prescription drugs for residents of the state of Washington. This information, which may constitute a full or partial customer list, shall be confidential and exempt from public disclosure, and from the requirements of chapter 42.56 RCW. 48.24.020 Employee groups. The lives of a group of individuals may be insured under a policy issued to an employer, or to the trustees of a fund established by an employer, which employer or trustee is deemed the policyholder, insuring employees of the employer for the benefit of persons other than the employer, subject to the following requirements:

1. The employees eligible for insurance under the policy shall be all of the employees of the employer, or all of any class or classes thereof determined by conditions pertaining to their employment. The policy may provide that the term "employees" shall include the employees of one or more subsidiary corporations, and the employees, individual proprietors, and partners of one or more affiliated corporations, proprietors or partnerships if the business of the employer and of such affiliated corporations, proprietors or partnerships is under common control through stock ownership, contract or otherwise. The policy may provide that the term "employees" shall include the individual proprietor or partners if the employer is an individual proprietor or a partnership. The policy may provide that the term "employees" shall include retired employees.

2. The premium for the policy shall be paid by the policyholder, either wholly from the employer's funds or funds contributed by him or her, or partly from such funds and partly from funds contributed by the insured employees, or from funds contributed entirely by the insured employees. A policy on which no part of the premium is to be derived from funds contributed by the insured employees must insure all eligible employees, or all except any as to whom evidence of individual insurability is not satisfactory to the insurer.

3. The policy must cover at least two employees at date of issue.

4. The amounts of insurance under the policy must be based upon some plan precluding individual selection either by the employees or by the employer or trustees. [2005 c 222 § 1; 1955 c 303 § 29; 1947 c 79 § .24.02; Rem. Supp. 1947 § 45.24.02.]

Premiums for the insurance on (the) the family members shall be paid by the policyholder, either from the employer's funds or funds contributed by him, trustee's funds, or labor union funds, and/or from funds contributed by the insured employees or members, or from both.

48.29.010 Scope of chapter—Definitions. (1) This chapter relates only to title insurers for real property.

(2) This code does not apply to persons engaged in the business of preparing and issuing abstracts of title to property and certifying to their correctness so long as the persons do not guarantee or insure the titles.

(3) For purposes of this chapter, unless the context clearly requires otherwise:

(a) "Title policy" means any written instrument, contract, or guarantee by means of which title insurance liability is assumed.

(b) "Abstract of title" means a written representation, provided under contract, whether written or oral, intended to be relied upon by the person who has contracted for the receipt of this representation, listing all recorded convey-
ances, instruments, or documents that, under the laws of the state of Washington, impart constructive notice with respect to the chain of title to the real property described. An abstract of title is not a title policy as defined in this subsection.

(c) "Preliminary report," "commitment," or "binder" means reports furnished in connection with an application for title insurance and are offers to issue a title policy subject to the stated exceptions in the reports, the conditions and stipulations of the report and the issued policy, and other matters as may be incorporated by reference. The reports are not abstracts of title, nor are any of the rights, duties, or responsibilities applicable to the preparation and issuance of an abstract of title applicable to the issuance of any report. The report is not a representation as to the condition of the title to real property, but is a statement of terms and conditions upon which the issuer is willing to issue its title policy, if the offer is accepted. [2005 c 223 § 14; 1997 c 14 § 1; 1947 c 79 § .29.01; Rem. Supp. 1947 § 45.29.01.]

48.29.020 Certificate of authority—Qualifications. A title insurer is not entitled to have a certificate of authority unless:

(1) It is a stock corporation;
(2) It owns or leases and maintains a complete set of tract indexes of the county in this state in which its principal office is located; and
(3) It has and maintains the capital and surplus requirements set forth in RCW 48.05.340. [2005 c 223 § 15; 1990 c 76 § 1; 1955 c 86 § 12; 1947 c 79 § .29.02; Rem. Supp. 1947 § 45.29.02.]

48.29.120 Reserve requirements. In determining the financial condition of a title insurer doing business under this title, the general provisions of chapter 48.12 RCW requiring the establishment of reserves sufficient to cover all known and unknown liabilities including allocated and unallocated loss adjustment expense apply, except that a title insurer shall establish and maintain:

(1) A known claim reserve in an amount estimated to be sufficient to cover all unpaid losses, claims, and allocated loss adjustment expenses arising under title insurance policies, guaranteed certificates of title, guaranteed searches, and guaranteed abstracts of title, and all unpaid losses, claims, and allocated loss adjustment expenses for which the title insurer may be liable, and for which the insurer has received notice by or on behalf of the insured, holder of a guarantee or escrow, or security depositor;

(2)(a) A statutory or unearned premium reserve consisting of:

(i) The amount of the special reserve fund that was required prior to July 24, 2005, which balance must be released in accordance with (b) of this subsection; and

(ii) Additions to the reserve after July 24, 2005, must be made out of total charges for title insurance policies and guarantees written, as set forth in the title insurer’s most recent annual statement on file with the commissioner, equal to the sum of the following:

(A) For each title insurance policy on a single risk written or assumed after July 24, 2005, fifteen cents per one thousand dollars of net retained liability for policies under five hundred thousand dollars; and

(B) For each title insurance policy on a single risk written or assumed after July 24, 2005, ten cents per one thousand dollars of net retained liability for policies of five hundred thousand or greater.

(b) The aggregate of the amounts set aside in this reserve in any calendar year pursuant to (a) of this subsection must be released from the reserve and restored to net profits over a period of twenty years under the following formula:

(i) Thirty-five percent of the aggregate sum on July 1st of the year next succeeding the year of addition;

(ii) Fifteen percent of the aggregate sum on July 1st of each of the succeeding two years;

(iii) Ten percent of the aggregate sum on July 1st of each of the succeeding two years;

(iv) Three percent of the aggregate sum on July 1st of each of the next three succeeding years;

(v) Two percent of the aggregate sum on July 1st of each of the next three succeeding years; and

(vi) One percent of the aggregate sum on July 1st of each of the next succeeding ten years.

(c) The insurer shall calculate an adjusted statutory unearned premium reserve as of July 24, 2005. The adjusted reserve is calculated as if (a)(ii) and (b) of this subsection had been in effect for all years beginning twenty years prior to July 24, 2005. For purposes of this calculation, the balance of the reserve as of that date is deemed to be zero. If the adjusted reserve so calculated exceeds the aggregate amount set aside for statutory or unearned premiums in the insurer’s annual statement on file with the commissioner on July 24, 2005, the insurer shall, out of total charges for policies of title insurance, increase its statutory or unearned premium reserve by an amount equal to one-sixth of that excess in each of the succeeding six years, commencing with the calendar year that includes July 24, 2005, until the entire excess has been added.

(d) The aggregate of the amounts set aside in this reserve in any calendar year as adjustments to the insurer’s statutory or unearned premium reserve under (c) of this subsection shall be released from the reserve and restored to net profits, or equity if the additions required by (c) of this subsection
48.29.130 Investments. A domestic title insurer shall invest its funds as follows:

(1) Funds in an amount not less than its reserve required by RCW 48.29.120 must be kept invested in investments eligible for domestic life insurers.

(2) Other funds may be invested in:

(a) The insurer's plant and equipment, up to a maximum of fifty percent of capital plus surplus.

(b) Stocks and bonds of abstract companies when approved by the commissioner.

(c) Investments eligible for the investment of funds of any domestic insurer. [2005 c 223 § 17; 1967 c 150 § 30; 1947 c 79 § .29.13; Rem. Supp. 1947 § 45.29.13.]

48.29.155 Agent license—Financial responsibility—Definitions. (1) At the time of filing an application for a title insurance agent license, or any renewal or reinstatement of a title insurance agent license, the applicant shall provide satisfactory evidence to the commissioner of having obtained the following as evidence of financial responsibility:

(a) A fidelity bond or fidelity insurance providing coverage in the aggregate amount of two hundred thousand dollars with a deductible no greater than ten thousand dollars covering the applicant and each corporate officer, partner, escrow officer, and employee of the applicant conducting the business of an escrow agent as defined in RCW 18.44.011 and exempt from licensing under RCW 18.44.021(6), or a guarantee from a licensed title insurance company as authorized by subsection (5) of this section; and

(b) A surety bond in the amount of ten thousand dollars executed by the applicant as obligor and by a surety company authorized, or eligible under chapter 48.15 RCW, to do a surety business in this state as surety, or some other security approved by the commissioner, unless the fidelity bond or fidelity insurance obtained by the licensee to satisfy the requirement in (a) of this subsection does not have a deductible. The bond shall run to the state of Washington as obligee, and shall run to the benefit of the state and any person or persons who suffer loss by reason of the applicant's or its employee's violation of this chapter. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and shall reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the commissioner of its intent to cancel the bond. The cancellation shall be effective thirty days after the notice is received by the commissioner. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond is not liable for any penalties imposed on the licensee, including but not limited to any increased damages or attorneys' fees, or both, awarded under RCW 19.86.090.

(2) For the purposes of this section, a "fidelity bond" means a primary commercial blanket bond or its equivalent satisfactory to the commissioner and written by an insurer authorized, or eligible under chapter 48.15 RCW, to transact this line of business in the state of Washington. The bond shall provide fidelity coverage for any fraudulent or dishonest acts committed by any one or more of the employees, officers, or owners as defined in the bond, acting alone or in collusion with others. The bond shall be for the sole benefit of the title insurance agent and under no circumstances whatsoever shall the bonding company be liable under the bond to any other party. The bond shall name the title insurance agent as obligee and shall protect the obligee against the loss of money or other real or personal property belonging to the obligee, or in which the obligee has a pecuniary interest, or for which the obligee is legally liable or held by the obligee in any capacity, whether the obligee is legally liable therefor or not. The bond may be canceled by the insurer upon delivery of thirty days' written notice to the commissioner and to the title insurance agent.

(3) For the purposes of this section, "fidelity insurance" means employee dishonesty insurance or its equivalent satisfactory to the commissioner and written by an insurer authorized, or eligible under chapter 48.15 RCW, to transact this line of business in the state of Washington. The insurance shall provide coverage for any fraudulent or dishonest acts committed by any one or more of the employees, officers, or owners as defined in the policy of insurance, acting alone or in collusion with others. The insurance shall be for the sole benefit of the title insurance agent and under no circumstances whatsoever shall the insurance company be liable under the insurance to any other party. The insurance shall name the title insurance agent as the named insured and shall protect the named insured against the loss of money or other

[2005 RCW Supp—page 654]
real or personal property belonging to the named insured, or in which the named insured has a pecuniary interest, or for which the named insured is legally liable or held by the named insured in any capacity, whether the named insured is legally liable therefor or not. The insurance coverage may be canceled by the insurer upon delivery of thirty days' written notice to the commissioner and to the title insurance agent.

(4) The fidelity bond or fidelity insurance, and the surety bond or other form of security approved by the commissioner, shall be kept in full force and effect as a condition precedent to the title insurance agent's authority to transact business in this state, and the title insurance agent shall supply the commissioner with satisfactory evidence thereof upon request.

(5) A title insurance company authorized to do business in Washington under RCW 48.05.030 may provide a guarantee in a form satisfactory to the commissioner accepting financial responsibility, up to the aggregate amount of two hundred thousand dollars, for any fraudulent or dishonest acts committed by any one or more of the employees, officers, or owners of a title insurance agent that is appointed as the title insurance company's agent. A title insurance company providing a guarantee as permitted under this subsection may only do so on behalf of its properly appointed title insurance agents. If the title insurance agent is an agent for two or more title insurance companies, any liability under the guarantee shall be borne by the title insurance company for those escrows for which a title insurance commitment or policy was issued on behalf of that title insurance company. If no commitment or policy was issued regarding the escrow for which moneys were lost, including but not limited to collection escrows, each title insurance company, for which the agent was appointed at the time of the fraudulent or dishonest act, shares in the liability. The liability will be shared proportionally, as follows: The premium the agent remitted to the title insurance company in the year prior to the fraudulent or dishonest act will be compared to the total premium the agent remitted to all title insurance companies, for whom the title insurance agent was appointed, during the same period.

(6) All title insurance agents licensed on or before July 24, 2005, shall comply with this section within thirty days following July 24, 2005. [2005 c 115 § 1; 2003 c 202 § 1.]

48.29.170 Agents—Separate licenses for individuals not required. Title insurance agents are exempt from the provisions of RCW 48.17.180(1) that require that each individual empowered to exercise the authority of a licensed firm or corporation must be separately licensed. [2005 c 223 § 18; 1981 c 223 § 2.]

(2) No such officer or employee or any person, acting or purporting to act on behalf of such officer or employee shall negotiate, make application for, obtain or procure any of such surety bonds or contracts of insurance, except contracts of insurance for builder's risk or owner's protective liability, which can be obtained or procured by the bidder, contractor or subcontractor.

(3) This section shall not be construed to prevent the exercise by such officer or employee on behalf of the state or such public agency, public authority, or public corporation of its right to approve the form, sufficiency or manner or execution of the surety bonds or contracts of insurance furnished by the insurer selected by the bidder to underwrite such bonds, or contracts of insurance.

By March 31st of each year, each insurer shall provide to the insurance commissioner a summary report on actions taken under its antifraud plan to prevent and combat insurance fraud. The report must also include, but not be limited to, measures taken to protect and ensure the integrity of electronic data processing-generated data and manually compiled data, statistical data on the amount of resources committed to combatting fraud, and the amount of fraud identified and recovered during the reporting period. The antifraud plans and summary of the insurer’s antifraud activities are not public records and are exempt from chapter 42.17 RCW, are proprietary, are not subject to public examination, and are not discoverable or admissible in civil litigation. An insurer that fails to follow the antifraud plan is subject to a civil penalty not to exceed ten thousand dollars for each violation, at the discretion of the commissioner after consideration of all relevant factors, including the willfulness of the violation. 48.31.020 Definitions—Insurer, exceeded its powers, consent. (1) For the purposes of this chapter, other than as to RCW 48.31.110, and in addition to persons included under RCW 48.99.010, the term "insurer" shall be deemed to include an insurer authorized under chapter 48.05 RCW, an insurer or institution holding a certificate of exemption under RCW 48.38.010, a health care service contractor registered under chapter 48.44 RCW, and a health maintenance organization registered under chapter 48.46 RCW, as well as all persons engaged as, or purporting to be engaged as insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations in this state, and to persons in process of organization to become insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations.

(2) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Exceeded its powers" means the following conditions:

(i) The insurer has refused to permit examination of its books, papers, accounts, or records, or affairs by the commissioner or his or her employees, or duly commissioned examiners as required by this title or any rules adopted by the commissioner;

(ii) A domestic insurer has unlawfully removed from this state books, papers, accounts, or records necessary for an examination of the insurer;

(iii) The insurer has failed to promptly comply with the filing of any applicable financial reports as required by this title or any rules adopted by the commissioner;

(iv) The insurer has neglected or refused to observe a lawful order of the commissioner to comply, within the time prescribed by law, with any prohibited deficiency in its applicable capital, capital stock, or surplus;

(v) The insurer is continuing to transact insurance or write business after its license has been revoked or suspended by the commissioner;

(vi) The insurer, by contract or otherwise, has unlawfully or has in violation of an order of the commissioner or with respect to a transaction to which the insurer has without first having obtained written approval of the commissioner if approval is required by law:

(A) Totally reinsured its entire outstanding business; or

(B) Merged or consolidated substantially its entire property or business with another insurer; or

(vii) The insurer engaged in any transaction in which it is not authorized to engage under this title or any rules adopted by the commissioner.

(b) "Consent" means agreement to administrative supervision by the insurer. [2005 c 432 § 1; 1998 c 284 § 8; 1989 c 151 § 1; 1947 c 79 § 31.10; Rem. Supp. 1947 § 45.31.02.]

48.31.100 Foreign or alien insurers—Conservation, ancillary proceedings. (1) An order to conserve the assets of a foreign or alien insurer must direct the commissioner immediately to take possession of the property of the insurer within this state and to conserve it, subject to the further direction of the court.

(2) Whenever a domiciliary receiver is appointed for a foreign or alien insurer in its domiciliary state that is also a reciprocal state, as defined in RCW 48.99.010, the court shall on application of the commissioner appoint the commissioner as the ancillary receiver in this state, subject to the provisions of the uniform insurers liquidation act. [2005 c 223 § 23; 1947 c 79 § 31.10; Rem. Supp. 1947 § 45.31.10.]

48.31.115 Immunity from suit and liability—Persons entitled to protection. (1) The persons entitled to protection under this section are:

(a) The commissioner and any other receiver or administrative supervisor responsible for conducting a delinquency proceeding under this chapter, including present and former commissioners, administrative supervisors, and receivers; and

(b) The commissioner's employees, meaning all present and former special deputies and assistant special deputies and special receivers and special administrative supervisors appointed by the commissioner and all persons whom the commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter. Attorneys, accountants, auditors, and other professional persons or firms who are retained as independent contractors, and their employees, are not considered employees of the commissioner for purposes of this section.

(2) The commissioner and the commissioner's employees are immune from suit and liability, both personally and in their official capacities, for a claim for damage to or loss of property or personal injury or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment. However, nothing in this subsection may be construed to hold the commissioner or an employee immune from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the commissioner or an employee.

(3) If a legal action is commenced against the commissioner or an employee, whether against him or her personally or in his or her official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment, the commissioner and any employee shall be indemnified from the assets of the insurer for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action unless it is determined upon a final adjudication on the merits that the alleged act or omission of the commissioner or employee giving rise to the claim did not arise out of or by reason of his or her duties or employment, or was caused by intentional or willful and wanton misconduct.

(a) Attorneys' fees and related expenses incurred in defending a legal action for which immunity or indemnity is available under this section shall be paid from the assets of the insurer, as they are incurred, in advance of the final disposition of such action upon receipt of an undertaking by or on behalf of the commissioner or employee to repay the attorneys' fees and expenses if it is ultimately determined upon a final adjudication on the merits that the commissioner or
employee is not entitled to immunity or indemnity under this section.

(b) Any indemnification under this section is an administrative expense of the insurer.

(c) In the event of an actual or threatened litigation against the commissioner or an employee for which immunity or indemnity may be available under this section, a reasonable amount of funds that in the judgment of the commissioner may be needed to provide immunity or indemnity shall be segregated and reserved from the assets of the insurer as security for the payment of indemnity until all applicable statutes of limitation have run or all actual or threatened actions against the commissioner or an employee have been completely and finally resolved, and all obligations of the insurer and the commissioner under this section have been satisfied.

(d) In lieu of segregation and reserving of funds, the commissioner may obtain a surety bond or make other arrangements that will enable the commissioner to secure fully the payment of all obligations under this section.

(4) If a legal action against an employee for which indemnity may be available under this section is settled before final adjudication on the merits, the insurer shall pay the settlement amount on behalf of the employee, or indemnify the employee for the settlement amount, unless the commissioner determines:

(a) That the claim did not arise out of or by reason of the employee's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the employee.

(5) In a legal action in which the commissioner is a defendant, that portion of a settlement relating to the alleged act or omission of the commissioner is subject to the approval of the court before which the delinquency proceeding is pending. The court may not approve that portion of the settlement if it determines:

(a) That the claim did not arise out of or by reason of the commissioner's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the commissioner.

(6) Nothing in this section removes or limits an immunity, indemnity, benefit of law, right, or defense otherwise available to the commissioner, an employee, or any other person, not an employee under subsection (1)(b) of this section, who is employed by or in the office of the commissioner or otherwise employed by the state.

(7)(a) Subsection (2) of this section applies to any suit based in whole or in part on an alleged act or omission that takes place on or after July 25, 1993.

(b) No legal action lies against the commissioner or an employee based in whole or in part on an alleged act or omission that took place before July 25, 1993, unless suit is filed and valid service of process is obtained within twelve months after July 25, 1993.

(c) Subsections (3), (4), and (5) of this section apply to a suit that is pending on or filed after July 25, 1993, without regard to when the alleged act or omission took place. [2005 c 432 § 2; 1993 c 462 § 60.]

[2005 RCW Supp—page 658]
received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner may share the notices, correspondence, reports, records, or other information with other state, federal, and international regulatory agencies, with the national association of insurance commissioners and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities, if the commissioner determines that the disclosure is necessary or proper for the enforcement of the laws of this or another state of the United States, and provided that the recipient agrees to maintain the confidentiality of the documents, material, or other information. No waiver of any applicable privilege or claim of confidentiality may occur as a result of the sharing of documents, materials, or other information under this subsection.

(4) The commissioner may open the proceedings or hearings or make public the notices, correspondence, reports, records, or other information if the commissioner deems that it is in the best interest of the public or in the best interest of the insurer or its insureds, creditors, or the general public. However, the determination of whether to disclose any confidential information at the public proceedings or hearings is subject to applicable law.

(5) This section does not apply to hearings, notices, correspondence, reports, records, or other information obtained upon the appointment of a receiver for the insurer by a court of competent jurisdiction. [2005 c 432 § 4.]

48.31.410 Administrative supervision—Standards and procedures—Limitations on insurer. During the period of administrative supervision, the commissioner or the commissioner's designated appointee shall serve as the administrative supervisor. The commissioner shall establish standards and procedures that maintain reasonable and customary claims practices and otherwise provide for the orderly continuation of the insurer's operations and business. Considering these standards and procedures, the commissioner may provide that the insurer may not do any of the following things during the period of supervision, without the prior approval of the commissioner or the appointed administrative supervisor:

1. Dispose of, convey, or encumber any of its assets or its business in force;
2. Withdraw any of its bank accounts;
3. Lend any of its funds;
4. Invest any of its funds;
5. Transfer any of its property;
6. Incur any debt, obligation, or liability;
7. Merge or consolidate with another company;
8. Approve new premiums or renew any policies;
9. Enter into any new reinsurance contract or treaty;
10. Terminate, surrender, forfeit, convert, or lapse any insurance policy, certificate, or contract, except for nonpayment of premiums due;
11. Release, pay, or refund premium deposits; accrued cash or loan values; unearned premiums; or other reserves on any insurance policy, certificate, or contract;
12. Make any material change in management; or
13. Increase salaries and benefits of officers or directors or the preferential payment of bonuses, dividends, or other payments deemed preferential. [2005 c 432 § 5.]

48.31.415 Administrative supervision—Insurer may contest. During the period of administrative supervision the insurer may contest an action taken, proposed to be taken, or failed to be taken by the administrative supervisor specifying the manner wherein the action being complained of would not result in improving the condition of the insurer. Denial of the insurer's request upon reconsideration entitles the insurer to request a proceeding under chapters 48.04 and 34.05 RCW. [2005 c 432 § 6.]

48.31.420 Administrative supervision—No limitation on judicial proceedings. RCW 48.31.020, 48.31.115, 48.31.400 through 48.31.415, 48.31.425, and 48.31.435 do not preclude the commissioner from initiating judicial proceedings to place an insurer in rehabilitation or liquidation proceedings or other delinquency proceedings, however designated under the laws of this state, regardless of whether the commissioner has previously initiated administrative supervision proceedings under this chapter against the insurer. [2005 c 432 § 7.]

48.31.425 Administrative supervision—Commissioner contacts. The commissioner may meet with the administrative supervisor appointed under this chapter and with the attorney or other representative of the administrative supervisor, without the presence of any other person, at the time of any proceeding or during the pendency of any proceeding held under authority of this chapter to carry out the commissioner's duties under this chapter or for the supervisor to carry out his or her duties under this chapter. [2005 c 432 § 8.]

48.31.430 Administrative supervision—Chapters 48.04 and 34.05 RCW. An action or the failure to act by the commissioner is subject to chapters 48.04 and 34.05 RCW. [2005 c 432 § 9.]

48.31.900 Severability—2005 c 432. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2005 c 432 § 11.]

48.32.050 Board of directors.

48.32.060 Powers and duties of the association.

48.32.100 Nonduplication of recovery.

48.32.901 Effective date—2005 c 100.

48.32.040 Creation of the association—Required accounts. There is hereby created a nonprofit unincorporated legal entity to be known as the Washington insurance guaranty association. All insurers defined as member insurers in RCW 48.32.030 shall be and remain members of the association as a condition of their authority to transact insurance in this state. The association shall perform its functions under a plan of operation established and approved under RCW 48.32.070 and shall exercise its powers through a board of directors established under RCW 48.32.050. For purposes of administration and assessment, the association shall be divided into three separate accounts: (1) The automobile insurance account; (2) the account for longshore and harbor workers' compensation act insurance; and (3) the
account for all other insurance to which this chapter applies. [2005 c 100 § 4; 1975-'76 2nd ex.s. c 109 § 4; 1971 ex.s. c 265 § 4.]

48.32.050 Board of directors. (1) The board of directors of the association shall consist of not less than five nor more than nine persons serving terms as established in the plan of operation. The members of the board shall be selected by member insurers subject to the approval of the commissioner. Vacancies on the board shall be filled for the remaining period of the term by a majority vote of the remaining board members, subject to the approval of the commissioner.

(2) In approving selections to the board, the commissioner shall consider among other things whether all member insurers are fairly represented. In the event of the insolvency of a member insurer who writes longshore and harbor workers' compensation act insurance, at least one member of the board must represent the interests of this class of insurer, and this member shall be added to the board at the next annual meeting following the insolvency.

(3) Members of the board may be reimbursed from the assets of the association for expenses incurred by them as members of the board of directors. [2005 c 100 § 5; 1975-'76 2nd ex.s. c 109 § 5; 1971 ex.s. c 265 § 5.]

48.32.060 Powers and duties of the association. (1) The association shall:

(a)(i) For other than covered claims involving the longshore and harbor workers' compensation act insurance, be obligated to the extent of the covered claims existing prior to the order of liquidation and arising within thirty days after the order of liquidation, or before the policy expiration date if less than thirty days after the order of liquidation, or before the insured replaces the policy or on request effects cancellation, if he or she does so within thirty days of the order of liquidation, but such an obligation includes only that amount of each covered claim which is in excess of one hundred dollars and is less than three hundred thousand dollars. In no event shall the association be obligated to a policyholder or claimant in an amount in excess of the face amount of the policy from which the claim arises.

(ii) For covered claims involving longshore and harbor workers' compensation act insurance, be obligated to the extent of covered claims for insolencies occurring after April 20, 2005. This obligation is for the statutory obligations established under the longshore and harbor workers' compensation act. However, the insured employer shall reimburse the association for any deductibles that are owed as part of the insured's obligations.

(b) Be deemed the insurer to the extent of its obligation on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent.

(c)(i) Allocate claims paid and expenses incurred among the three accounts enumerated in RCW 48.32.040 separately, and assess member insurers separately for each account amounts necessary to pay the obligations of the association under (a) of this subsection subsequent to an insolvency, the expenses of handling covered claims subsequent to an insolvency, the cost of examinations under RCW 48.32.110, and other expenses authorized by this chapter. Except as provided for in this subsection for member insurers who write longshore and harbor workers' compensation act insurance, the assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the calendar year preceding the assessment on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the calendar year preceding the assessment on the kinds of insurance in the account. Each member insurer shall be notified of the assessment not later than thirty days before it is due. No member insurer may be assessed in any year on any account an amount greater than two percent of that member insurer's net direct written premiums for the calendar year preceding the assessment on the kinds of insurance in the account. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any account an amount sufficient to make all necessary payments from that account, the funds available may be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association shall pay claims in any order which it may deem reasonable, including the payment of claims in the order such claims are received from claimants or in groups or categories of claims, or otherwise. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Each member insurer serving as a servicing facility may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by such member insurer if they are chargeable to the account for which the assessment is made.

(ii) For member insurers who write longshore and harbor workers' compensation act insurance, (c)(i) of this subsection applies except as modified by the following:

(A) Beginning July 1, 2005, and prior to an insolvency, each member insurer who writes longshore and harbor workers' compensation act insurance in this state, whether on a primary or excess coverage basis, shall be assessed at a rate to be determined by the association, but not more than an annual rate of three percent of the net direct written premium for the calendar year preceding the assessment on this kind of insurance. Insurer assessments prior to an insolvency shall continue until a fund is established that equals four percent of the aggregate net direct premium for the calendar year preceding the assessment on all insurers authorized to write this kind of insurance;

(B) Subsequent to an insolvency, each member insurer who writes longshore and harbor workers' compensation act insurance in this state, whether on a primary or excess coverage basis, shall be assessed at a rate to be determined by the association, but not more than an annual rate of three percent of the net direct written premium for the calendar year preceding the assessment on this kind of insurance. Insurer assessments subsequent to an insolvency shall continue until a fund is established that the association deems sufficient to meet all claim and loan obligations of the fund, provided that
the net fund balance may not at any time exceed four percent of the aggregate net direct premium for the calendar year preceding the assessment on all insurers authorized to write this kind of insurance; and

(C) If any insurer fails to provide its net direct written premium data in an accurate and timely manner upon request by the association, the association may, at its discretion, substitute that insurer's direct written premiums for workers' compensation reported or reportable in its statutory annual statement page fourteen data for the state of Washington.

(d) Investigate claims brought against the association and adjust, compromise, settle, and pay covered claims to the extent of the association's obligation and deny all other claims.

(e) Notify such persons as the commissioner directs under RCW 48.32.080(2)(a).

(f) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the commissioner, but such designation may be declined by a member insurer.

(g) Reimburse each servicing facility for obligations of the association paid by the facility and for expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this chapter.

(2) The association may:

(a) Appear in, defend, and appeal any action on a claim brought against the association.

(b) Employ or retain such persons as are necessary to handle claims and perform other duties of the association.

(c) Borrow funds necessary to effect the purposes of this chapter in accord with the plan of operation. If such a loan is related to the account for longshore and harbor workers' compensation act insurance, the association may seek such a loan from the Washington longshore and harbor workers' compensation act insurance assigned risk plan under RCW 48.22.070 or from other interested parties.

(d) Sue or be sued.

(e) Negotiate and become a party to such contracts as are necessary to carry out the purpose of this chapter.

(f) Perform such other acts as are necessary or proper to effectuate the purpose of this chapter.

(g) Refund to the member insurers in proportion to the contribution of each member insurer to that account that amount by which the assets of the account exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association in any account exceed the liabilities of that account as estimated by the board of directors for the coming year.

(3) The association shall not access any funds from the automobile insurance account or the account for all other insurance to which this chapter applies to cover the cost of claims or administration arising under the account for longshore and harbor workers' compensation act insurance.

48.32.100 Nonduplication of recovery.  (1) Any person having a claim against his or her insurer under any provision in his or her insurance policy which is also a covered claim shall be required to exhaust first any right under that policy. Any amount payable on a covered claim under this chapter shall be reduced by the amount of a recovery under the claimant's insurance policy.

(2) Any person having a claim that may be recovered under more than one insurance guaranty association or its equivalent shall seek recovery first from the association of the place of residence of the insured except that if it is a first party claim for damage to property with a permanent location, from the association of the location of the property, and if it is a workers' compensation claim or a longshore and harbor workers' compensation act claim, from the association of the permanent residence of the claimant. Any recovery under this chapter shall be reduced by the amount of the recovery from any other insurance guaranty association or its equivalent. 48.32A.185 Prohibited advertisement of insurance guaranty association act in insurance sales—Notice to policy owners. (Effective July 1, 2006.) (1) No person, including an insurer, agent, or affiliate of an insurer may make, publish, disseminate, circulate, or place before the public, or cause directly or indirectly, to be made, published, disseminated, circulated, or placed before the public, in any newspaper, magazine, or other publication, or in the form of a notice, circular, pamphlet, letter, or poster, or over any radio station or television station, or in any other way, any advertisement, announcement, or statement, written or oral, which uses the existence of the insurance guaranty association of this state for the purpose of sales, solicitation, or inducement to purchase any form of insurance covered by the Washington life and disability insurance guaranty association act. However, this section does not apply to the Washington life and disability insurance guaranty association or any other entity which does not sell or solicit insurance.

(2) Within one hundred eighty days after July 22, 2001, the association shall prepare a summary document describing the general purposes and current limitations of this chapter and complying with subsection (3) of this section. This document must be submitted to the commissioner for approval. The document must also be available upon request by a policy owner. The distribution, delivery, contents, or interpretation of this document does not guarantee that either the policy or the contract or the owner of the policy or contract is cov-
ered in the event of the impairment or insolvency of a member insurer. The description document must be revised by the association as amendments to this chapter may require. Failure to receive this document does not give the policy owner, contract owner, certificate holder, or insured any greater rights than those stated in this chapter.

(3) The document prepared under subsection (2) of this section must contain a clear and conspicuous disclaimer on its face. The commissioner shall establish the form and content of the disclaimer. The disclaimer must:

   (d) State that the insurer and its agents are prohibited by law from using the existence of the life and disability insurance guaranty association for the purpose of sales, solicitation, or inducement to purchase any form of insurance;
   (e) State that the policy or contract owner should not rely on coverage under the life and disability insurance guaranty association when selecting an insurer;
   (f) Explain rights available and procedures for filing a complaint to allege a violation of any provisions of this chapter; and
   (g) Provide other information as directed by the commissioner including but not limited to, sources for information about the financial condition of insurers provided that the information is not proprietary and is subject to disclosure under chapter 42.56 RCW.

(4) A member insurer must retain evidence of compliance with subsection (2) of this section for as long as the policy or contract for which the notice is given remains in effect.

48.41.060 Board powers and duties.
48.41.090 Financial participation in pool—Computation, deficit assessments.

48.41.060 Board powers and duties. (1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) Designate or establish the standard health questionnaire to be used under RCW 48.41.100 and 48.43.018, including the form and content of the standard health questionnaire and the method of its application. The questionnaire must provide for an objective evaluation of an individual’s health status by assigning a discreet measure, such as a system of point scoring to each individual. The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the eight percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;

(b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that the standard health questionnaire meets the requirements of (a) of this subsection;

(c) Approve the standard health questionnaire and any modifications needed to comply with this chapter. The standard health questionnaire shall be submitted to an actuary for certification, modified as necessary, and approved at least every eighteen months. The designation and approval of the standard health questionnaire by the board shall not be subject to review and approval by the commissioner. The standard health questionnaire or any modification thereto shall not be used until ninety days after public notice of the approval of the questionnaire or any modification thereto, except that the initial standard health questionnaire approved for use by the board after March 23, 2000, may be used immediately following public notice of such approval;
(d) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

(e)(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the board;

(f) Issue policies of health coverage in accordance with the requirements of this chapter;

(g) Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

(h) Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

(i) Set a reasonable fee to be paid to an insurance agent licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(j) Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW. [2005 c 7 § 2; 2004 c 260 § 26; 2000 c 79 § 9; 1997 c 337 § 5; 1997 c 231 § 211; 1989 c 121 § 3; 1987 c 431 § 6.]

Report on implementation of 1987 c 431: "The board shall report to the commissioner and the appropriate committees of the legislature by April 1, 1990, on the implementation of this act. The report shall include information regarding enrollment, coverage utilization, cost, and any problems with the program and suggest remedies." [1987 c 431 § 26.]

48.41.090 Financial participation in pool—Computation, deficit assessments. (1) Following the close of each accounting year, the pool administrator shall determine the net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan;

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly or disabled medicaid clients under chapter 74.09 RCW when the plan has
been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims. [2005 c 405 § 2; 2000 c 79 § 11; 1989 c 121 § 6; 1987 c 431 § 9.]

48.43.055 Procedures for review and adjudication of health care provider complaints—Requirements. (Effective January 1, 2006.) Each health carrier as defined under RCW 48.43.055 shall file with the commissioner its procedures for review and adjudication of complaints initiated by health care providers. Procedures filed under this section shall provide a fair review for consideration of complaints. Every health carrier shall provide reasonable means allowing any health care provider aggrieved by actions of the health carrier to be heard after submitting a written request for review. If the health carrier fails to grant or reject a request within thirty days after it is made, the complaining health care provider may proceed as if the complaint had been rejected. A complaint that has been rejected by the health carrier may be submitted to nonbinding mediation. Mediation shall be conducted under chapter 7.07 RCW, or any other rules of mediation agreed to by the parties. This section is solely for resolution of provider complaints. Complaints by, or on behalf of, a covered person are subject to the grievance processes in RCW 48.43.530. [2005 c 172 § 19; 2002 c 300 § 6; 1995 c 265 § 20.]

48.43.600 Overpayment recovery—Carrier. (1) Except in the case of fraud, or as provided in subsections (2) and (3) of this section, a carrier may not: (a) Request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within twenty-four months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(2) A carrier may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) Request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within thirty months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund, and include the name and mailing address of the entity that has primary responsibility for payment of the claim. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(3) A carrier may at any time request a refund from a health care provider of a payment previously made to satisfy a claim if: (a) A third party, including a government entity, is found responsible for satisfaction of the claim as a consequence of liability imposed by law, such as tort liability; and (b) the carrier is unable to recover directly from the third party because the third party has either already paid or will pay the provider for the health services covered by the claim.

(4) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a health care provider from choosing at any time to refund to a carrier any payment previously made to satisfy a claim.

(5) For purposes of this section, "refund" means the return, either directly or through an offset to a future claim, of some or all of a payment already received by a health care provider.

(6) This section neither permits nor precludes a carrier from recovering from a subscriber, enrollee, or beneficiary any amounts paid to a health care provider for benefits to which the subscriber, enrollee, or beneficiary was not entitled under the terms and conditions of the health plan, insurance policy, or other benefit agreement.

(7) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW. [2005 c 278 § 1.]

Application—2005 c 278: "This act applies to contracts issued or renewed on or after January 1, 2006." [2005 c 278 § 3.]

48.43.605 Overpayment recovery—Health care provider. (1) Except in the case of fraud, or as provided in subsection (2) of this section, a health care provider may not: (a) Request additional payment from a carrier to satisfy a claim

unless he or she does so in writing to the carrier within twenty-four months after the date that the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment.

(2) A health care provider may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) Request additional payment from a carrier to satisfy a claim unless he or she does so in writing to the carrier within thirty months after the date the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment, and include the name and mailing address of any entity that has disclaimed responsibility for payment of the claim.

(3) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a carrier from choosing at any time to make additional payments to a provider to satisfy a claim.

(4) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW. [2005 c 278 § 2.]

48.44.340 Mental health treatment, optional supplemental coverage—Waiver. (1) For groups not covered by RCW 48.44.341, each health care service contractor providing hospital or medical services or benefits in this state under group contracts for health care services under this chapter which are issued, delivered, or renewed in this state shall offer optional supplemental coverage for mental health treatment for the insured and the insured's covered dependents.

(2) Benefits shall be provided under the optional supplemental coverage for mental health treatment whether treatment is rendered by: (a) A licensed mental health provider regulated under chapter 18.57, 18.71, 18.79, 18.83, or 18.225 RCW; (b) a community mental health agency licensed by the department of social and health services pursuant to chapter 71.24 RCW; or (c) a state hospital as defined in RCW 72.23.010. The treatment shall be covered at the usual and customary rates for such treatment. The health care service contractor providing optional coverage under the provisions of this section for mental health services may establish separate usual and customary rates for services rendered by the different categories of providers listed in (a) through (c) of this subsection. However, the treatment may be subject to contract provisions with respect to reasonable deductible amounts or copayments. In order to qualify for coverage under this section, a licensed community mental health agency shall have in effect a plan for quality assurance and peer review, and the treatment shall be supervised by one of the categories of providers listed in (a) of this subsection.

(3) For groups not covered by RCW 48.44.341, the group contract for health care services may provide that all the coverage for mental health treatment is waived for all covered members if the contract holder so states in advance in writing to the health care service contractor.

(4) This section shall not apply to a group health care service contract that has been entered into in accordance with a collective bargaining agreement between management and labor representatives prior to March 1, 1987. [2005 c 6 § 8; 1987 c 283 § 4; 1986 c 184 § 3; 1983 c 35 § 2.]

48.44.341 Mental health services—Definition—Coverage required, when. (1) For the purposes of this section, "mental health services" means medically necessary outpatient and inpatient services provided to treat mental disorders covered by the diagnostic categories listed in the most current version of the diagnostic and statistical manual of mental disorders, published by the American psychiatric association, on July 24, 2005, or such subsequent date as may be provided by the insurance commissioner by rule, consistent with the purposes of chapter 6, Laws of 2005, with the exception of the following categories, codes, and services: (a) Substance related disorders; (b) life transition problems, currently referred to as "V" codes, and diagnostic codes 302 through 302.9 as found in the diagnostic and statistical manual of mental disorders, 4th edition, published by the American psychiatric association; (c) skilled nursing facility services,
Medical and surgical services; and (d) court ordered treatment unless the health care service contractor's medical director or designee determines the treatment to be medically necessary.

(a) For all health benefit plans established or renewed on or after January 1, 2006, for groups of more than fifty employees coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(b) For all health benefit plans established or renewed on or after January 1, 2008, for groups of more than fifty employees coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(c) For all health benefit plans established or renewed on or after July 1, 2010, for groups of more than fifty employees coverage for:

(i) Mental health services. The copayment or coinsurance for mental health services may be no more than the copayment or coinsurance for medical and surgical services otherwise provided under the health benefit plan. Wellness and preventive services that are provided or reimbursed at a lesser copayment, coinsurance, or other cost sharing than other medical and surgical services are excluded from this comparison. If the health benefit plan imposes a maximum out-of-pocket limit or stop loss, it shall be a single limit or stop loss for medical, surgical, and mental health services. If the health benefit plan imposes any deductible, mental health services shall be included with medical and surgical services for the purpose of meeting the deductible requirement. Treatment limitations or any other financial requirements on coverage for mental health services are only allowed if the same limitations or requirements are imposed on coverage for medical and surgical services; and

(ii) Prescription drugs intended to treat any of the disorders covered in subsection (1) of this section to the same extent, and under the same terms and conditions, as other prescription drugs covered by the health benefit plan.

(3) In meeting the requirements of subsection (2)(a) and (b) of this section, health benefit plans may not reduce the number of mental health outpatient visits or mental health inpatient days below the level in effect on July 1, 2002.

(4) This section does not prohibit a requirement that mental health services be medically necessary as determined by the medical director or designee, if a comparable requirement is applicable to medical and surgical services.

(5) Nothing in this section shall be construed to prevent the management of mental health services. [2005 c 6 § 4.]

(D) The individual demonstrates, in accordance with guidelines established by the secretary of the United States department of health and human services, that:

(I) The organization offering the plan substantially violated a material provision of the organization's contract under this part in relation to the individual, including the failure to provide an enrollee on a timely basis medically necessary care for which benefits are available under the plan or the failure to provide such covered care in accordance with applicable quality standards; or

(II) The organization, an agent, or other entity acting on the organization's behalf materially misrepresented the plan's provisions in marketing the plan to the individual; or

(E) The individual meets other exceptional conditions as the secretary of the United States department of health and human services may provide.

(ii)(A) An individual described in (b)(i) of this subsection may elect to apply (a) of this subsection by substituting, for the date of termination of enrollment, the date on which the individual was notified by the medicare advantage organization of the impending termination or discontinuance of the medicare advantage plan it offers in the area in which the individual resides, but only if the individual disenrolls from the plan as a result of such notification.

(B) In the case of an individual making the election under (b)(ii)(A) of this subsection, the issuer involved shall accept the application of the individual submitted before the date of termination of enrollment, but the coverage under subsection (1) of this section is only effective upon termination of coverage under the medicare advantage plan involved;

(c)(i) The individual is enrolled with:

(A) An eligible organization under a contract under section 1876 (medicare risk or cost);

(B) A similar organization operating under demonstration project authority, effective for periods before April 1, 1999;

(C) An organization under an agreement under section 1833(a)(1)(A) (health care prepayment plan); or

(D) An organization under a medicare select policy; and

(ii) The enrollment ceases under the same circumstances that would permit discontinuance of an individual's election of coverage under (b)(i) of this subsection;

(d) The individual is enrolled under a medicare supplement policy and the enrollment ceases because:

(i)(A) Of the insolvency of the issuer or bankruptcy of the nonissuer organization; or

(B) Of other involuntary termination of coverage or enrollment under the policy;

(ii) The issuer of the policy substantially violated a material provision of the policy; or

(iii) The issuer, an agent, or other entity acting on the issuer's behalf materially misrepresented the policy's provisions in marketing the policy to the individual;

(e)(i) The individual was enrolled under a medicare supplement policy and terminates enrollment and subsequently enrolls, for the first time, with any medicare advantage organization under a medicare advantage plan under part C of medicare, any eligible organization under a contract under section 1876 (medicare risk or cost), any similar organization operating under demonstration project authority, any PACE program under section 1894 of the social security act or a medicare select policy; and

(ii) The subsequent enrollment under (e)(i) of this subsection is terminated by the enrollee during any period within the first twelve months of such subsequent enrollment (during which the enrollee is permitted to terminate such subsequent enrollment under section 1851(c) of the federal social security act);

(f) The individual, upon first becoming eligible for benefits under part A of medicare at age sixty-five, enrolls in a medicare advantage plan under part C of medicare, in a PACE program under section 1894, and disenrolls from the plan or program by not later than twelve months after the effective date of enrollment; or

(g) The individual enrolls in a medicare part D plan during the initial enrollment period and, at the time of enrollment in part D, was enrolled under a medicare supplement policy that covers outpatient prescription drugs, and the individual terminates enrollment in the medicare supplement policy and submits evidence of enrollment in medicare part D along with the application for a policy described in subsection (4)(d) of this section.

(4) An eligible person under subsection (3) of this section is entitled to a medicare supplement policy as follows:

(a) A person eligible under subsection (3)(a), (b), or (c), and (d) of this section is entitled to a medicare supplement policy that has a benefit package classified as plan A through F (including F with a high deductible), K, or L, offered by any issuer;

(b)(i) Subject to (b)(ii) of this subsection, a person eligible under subsection (3)(e) of this section is entitled to the
same medicare supplement policy in which the individual was most recently previously enrolled, if available from the same issuer, or, if not so available, a policy described in (a) of this subsection;

(ii) After December 31, 2005, if the individual was most recently enrolled in a medicare supplement policy with an outpatient prescription drug benefit, a medicare supplement policy described in this subsection (4)(b)(ii) is:

(A) The policy available from the same issuer but modified to remove outpatient prescription drug coverage; or

(B) At the election of the policyholder, an A, B, C, F (including F with a high deductible), K, or L policy that is offered by any issuer;

(5)(a) At the time of an event described in subsection (3) of this section, and because of which an individual loses coverage or benefits due to the termination of a contract, agreement, policy, or plan, the organization that terminates the contract or agreement, the issuer terminating the policy, or the administrator of the plan being terminated, respectively, must notify the individual of his or her rights under this section, and of the obligations of issuers of medicare supplement policies under subsection (1) of this section. The notice must be communicated contemporaneously with the notification of termination.

(b) At the time of an event described in subsection (3) of this section, and because of which an individual ceases enrollment under a contract, agreement, policy, or plan, the organization that offers the contract or agreement, regardless of the basis for the cessation of enrollment, the issuer offering the policy, or the administrator of the plan, respectively, must notify the individual of his or her rights under this section, and of the obligations of issuers of medicare supplement policies under subsection (1) of this section. The notice must be communicated within ten working days of the issuer receiving notification of disenrollment.

(6) Guaranteed issue time periods:

(a) In the case of an individual described in subsection (3)(a) of this section, the guaranteed issue period begins on the later of: (i) The date the individual receives a notice of termination or cessation of all supplemental health benefits (or, if a notice is not received, notice that a claim has been denied because of a termination or cessation), or (ii) the date that the applicable coverage terminates or ceases, and ends sixty-three days thereafter;

(b) In the case of an individual described in subsection (3)(b), (c), (e), or (f) of this section whose enrollment is terminated involuntarily, the guaranteed issue period begins on the date that the individual receives a notice of termination and ends sixty-three days after the date the applicable coverage is terminated;

(c) In the case of an individual described in subsection (3)(d)(i) of this section, the guaranteed issue period begins on the earlier of: (i) The date that the individual receives a notice of termination, a notice of the issuer's bankruptcy or insolvency, or other such similar notice if any, and (ii) the date that the applicable coverage is terminated, and ends on the date that is sixty-three days after the date the coverage is terminated;

(d) In the case of an individual described in subsection (3)(b), (d)(ii) and (iii), (e), or (f) of this section, who disenrolls voluntarily, the guaranteed issue period begins on the date that is sixty days before the effective date of the disenrollment and ends on the date that is sixty-three days after the effective date;

(e) In the case of an individual described in subsection (3)(g) of this section, the guaranteed issue period begins on the date the individual receives notice pursuant to section 1882(v)(2)(B) of the federal social security act from the medicare supplement issuer during the sixty-day period immediately preceding the initial part D enrollment period and ends on the date that is sixty-three days after the effective date of the individual's coverage under medicare part D; and

(f) In the case of an individual described in subsection (3) of this section but not described in the preceding provisions of this subsection, the guaranteed issue period begins on the effective date of disenrollment and ends on the date that is sixty-three days after the effective date.

(7) In the case of an individual described in subsection (3)(e) of this section whose enrollment with an organization or provider described in subsection (3)(e)(i) of this section is involuntarily terminated within the first twelve months of enrollment, and who, without an intervening enrollment, enrolls with another organization or provider, the subsequent enrollment is an initial enrollment as described in subsection (3)(e) of this section.

(8) In the case of an individual described in subsection (3)(f) of this section whose enrollment with a plan or in a program described in subsection (3)(f) of this section is involuntarily terminated within the first twelve months of enrollment, and who, without an intervening enrollment, enrolls in another plan or program, the subsequent enrollment is an initial enrollment as described in subsection (3)(f) of this section.

48.98.015 Contract required between a managing general agent and an insurer—Minimum provisions. A managing general agent may not place business with an insurer unless there is in force a written contract between the managing general agent and the insurer that sets forth the responsibilities of each party and, where both parties share responsibility for a particular function, that specifies the division of the responsibilities, and that contains the following minimum provisions:

(1) The insurer may terminate the contract for cause upon written notice to the managing general agent. The insurer may suspend the underwriting authority of the managing general agent during the pendency of a dispute regarding the cause for termination.

(2) The managing general agent shall render accounts to the insurer detailing all transactions and remit all funds due under the contract to the insurer on not less than a monthly basis.

(3) The managing general agent shall hold funds collected for the account of an insurer in a fiduciary capacity in an FDIC insured financial institution. This account must be used for all payments on behalf of the insurer. The managing general agent may retain no more than three months' estimated claims payments and allocated loss adjustment expenses.

(4) The managing general agent shall maintain separate records of business written for each insurer. The insurer has access to and the right to copy all accounts and records related to its business in a form usable by the insurer, and the commissioner has access to all books, bank accounts, and records of the managing general agent in a form usable to the commissioner. Those records must be retained according to the requirements of this title and rules adopted under it.

(5) The managing general agent may not assign the contract in whole or part.

(6)(a) Appropriate underwriting guidelines must include at least the following: The maximum annual premium volume; the basis of the rates to be charged; the types of risks that may be written; maximum limits of liability; applicable exclusions; territorial limitations; policy cancellation provisions; and the maximum policy period.

(b) The insurer has the right to cancel or not renew any policy of insurance, subject to the applicable laws and rules, including those in chapter 48.18 RCW.

(7) If the contract permits the managing general agent to settle claims on behalf of the insurer:

(a) All claims must be reported to the insurer in a timely manner;

(b) A copy of the claim file must be sent to the insurer at its request or as soon as it becomes known that the claim:

(i) Has the potential to exceed an amount determined by the commissioner, or exceeds the limit set by the insurer, whichever is less;

(ii) Involves a coverage dispute;

(iii) May exceed the managing general agent's claims settlement authority;

(iv) Is open for more than six months; or

(v) Is closed by payment in excess of an amount set by the commissioner or an amount set by the insurer, whichever is less;
(c) All claim files are the joint property of the insurer and the managing general agent. However, upon an order of liquidation of the insurer, those files become the sole property of the insurer or its liquidator or successor. The managing general agent has reasonable access to and the right to copy the files on a timely basis; and

(d) Settlement authority granted to the managing general agent may be terminated for cause upon the insurer's written notice to the managing general agent or upon the termination of the contract. The insurer may suspend the managing general agent's settlement authority during the pendency of a dispute regarding the cause for termination.

(8) When electronic claims files are in existence, the contract must address the timely transmission of the data.

(9) If the contract provides for a sharing of interim profits by the managing general agent, and the managing general agent has the authority to determine the amount of the interim profits by establishing loss reserves or controlling claim payments or in any other manner, interim profits may not be paid to the managing general agent until one year after they are earned for property insurance business and five years after they are earned on casualty business and not until the profits have been verified under RCW 48.98.020.

(10) The managing general agent may not:
(a) Bind reinsurance or retrocessions on behalf of the insurer, except that the managing general agent may bind automatic reinsurance contracts under obligatory automatic agreements if the contract with the insurer contains reinsurance underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which the automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules;

(b) Commit the insurer to participate in insurance or reinsurance syndicates;

(c) Use an agent that is not appointed to represent the insurer in accordance with the requirements of chapter 48.17 RCW;

(d) Without prior approval of the insurer, pay or commit the insurer to pay a claim over a specified amount, net of reinsurance, that may not exceed one percent of the insurer's policyholder surplus as of December 31 of the last-completed calendar year;

(e) Collect a payment from a reinsurer or commit the insurer to a claim settlement with a reinsurer, without prior approval of the insurer. If prior approval is given, a report must be promptly forwarded to the insurer;

(f) Permit an agent appointed by it to serve on the insurer's board of directors;

(g) Jointly employ an individual who is employed by the insurer; or

(h) Appoint a submanaging general agent. [2005 c 223 § 32; 1993 c 462 § 37.]

The registry shall be known as the Holocaust insurance company registry. The insurance commissioner shall establish standards and procedures to make the information in the registry available to the public to the extent necessary and appropriate to determine the existence of insurance policies and to identify beneficiaries, successors in interest, or other persons entitled to the proceeds of such policies, and to enable such persons to claim proceeds to which they may be entitled, while protecting the privacy of policyholders, their survivors, and their family members. To the extent necessary and appropriate to secure access to documents and information located in or subject to the jurisdiction of other states and countries, the insurance commissioner is authorized to enter into agreements or to provide assurances that any or all documents and information received from an entity regulated by or subject to the laws of such state or country, or received from any agency of the government of any such state or country, will be treated as confidential by the insurance commissioner and will not be disclosed to any person except with the approval of the appropriate authority of such state or country or except as permitted or authorized by the laws of such state or country, and any such agreement shall be binding and enforceable notwithstanding chapter 42.56 RCW. 48.110.030 Registration required—Application—Required information—Grounds for refusal—Annual renewal. (1) A person may not act as, or offer to act as, or hold himself or herself out to be a service contract provider in this state, nor may a service contract be sold to a consumer in this state, unless the service contract provider has a valid registration as a service contract provider issued by the commissioner.

(2) Applicants to be a service contract provider must make an application to the commissioner upon a form to be furnished by the commissioner. The application must include or be accompanied by the following information and documents:

(a) All basic organizational documents of the service contract provider, including any articles of incorporation, articles of association, partnership agreement, trade name certificate, trust agreement, shareholder agreement, bylaws, and other applicable documents, and all amendments to those documents;

(b) The identities of the service contract provider's executive officer or officers directly responsible for the service contract provider's service contract business, and, if more than fifty percent of the service contract provider's gross revenue is derived from the sale of service contracts, the identities of the service contract provider's directors and stockholders having beneficial ownership of ten percent or more of any class of securities;

(c) Audited annual financial statements or other financial reports acceptable to the commissioner for the two most recent years which prove that the applicant is solvent and any information the commissioner may require in order to review the current financial condition of the applicant. If the service contract provider is relying on RCW 48.110.050(2) (a) or (c) to assure the faithful performance of its obligations to service contract holders, then the audited financial statements of the service contract provider's parent company may be substituted for the audited financial statements of the service contract provider;

(d) An application fee of two hundred fifty dollars, which shall be deposited into the general fund; and

(e) Any other pertinent information required by the commissioner.

(3) The applicant shall appoint the commissioner as its attorney to receive service of legal process in any action, suit, or proceeding in any court. This appointment is irrevocable and shall bind the service contract provider or any successor in interest, shall remain in effect as long as there is in force in this state any contract or any obligation arising therefrom related to residents of this state, and shall be processed in accordance with RCW 48.05.210.

(4) The commissioner may refuse to issue a registration if the commissioner determines that the service contract provider, or any individual responsible for the conduct of the affairs of the service contract provider under subsection (2)(b) of this section, is not competent, trustworthy, financially responsible, or has had a license as a service contract provider or similar license denied or revoked for cause by any state.

(5) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the service contract provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the service contract provider and payment of a fee of two hundred dollars, which shall be deposited into the general fund. If not so renewed, the registration expires on the June 30th next preceding.

(6) A service contract provider shall keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs. [2005 c 223 § 33; 1999 c 112 § 4.]

48.110.040 Filing of annual report—Fee—Investigations—Confidentiality. (1) Every registered service contract provider that is assuring its faithful performance of its obligations to its service contract holders by complying with RCW 48.110.050(2)(b) must file an annual report for the preceding calendar year with the commissioner on or before March 1st of each year, or within any extension of time the commissioner for good cause may grant. The report must be in the form and contain those matters as the commissioner prescribes and shall be verified by at least two officers of the service contract provider.

(2) At the time of filing the report, the service contract provider must pay a filing fee of twenty dollars which shall be deposited into the general fund.

(3) As part of any investigation by the commissioner, the commissioner may require a service contract provider to file monthly financial reports whenever, in the commissioner's discretion, there is a need to more closely monitor the financial activities of the service contract provider. Monthly financial statements must be filed in the commissioner's office no later than the twenty-fifth day of the month following the month for which the financial report is being filed. These monthly financial reports are the internal financial statements of the service contract provider. The monthly financial reports that are filed with the commissioner constitute information that might be damaging to the service contract provider if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information may not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner. (9) "Member" means the person chosen by a compacting state as its representative to the commission, or his or her designee.
(10) "Noncompacting state" means any state which is not at the time a compacting state.
(11) "Operating procedures" mean procedures adopted by the commission implementing a rule, uniform standard, or a provision of the compact.
(12) "Product" means the form of a policy or contract, including any application, endorsement, or related form which is attached to and made a part of the policy or contract, and any evidence of coverage or certificate, for an individual or group annuity, life insurance, disability income, or long-term care insurance product that an insurer is authorized to issue.
(13) "Rule" means a statement of general or particular applicability and future effect adopted by the commission, including a uniform standard developed under RCW 48.130.060, designed to implement, interpret, or prescribe law or policy or describing the organization, procedure, or practice requirements of the commission, which shall have the force and effect of law in the compacting states.
(14) "State" means any state, district, or territory of the United States of America.
(15) "Third-party filer" means an entity that submits a product filing to the commission on behalf of an insurer.
(16) "Uniform standard" means a standard adopted by the commission for a product line, under RCW 48.130.060, and includes all of the product requirements in aggregate. However, each uniform standard shall be construed, whether express or implied, to prohibit the use of any inconsistent, misleading, or ambiguous provisions in a product and the form of the product made available to the public shall not be unfair, inequitable, or against public policy as determined by the commission. [2005 c 92 § 2.]

48.130.020 Commission created. (1) The compacting states hereby create and establish a joint public agency known as the interstate insurance product regulation commission. Under RCW 48.130.030, the commission will have the power to develop uniform standards for product lines, receive and provide prompt review of products filed therewith, and give approval to those product filings satisfying applicable
uniform standards. However, it is not intended for the commission to be the exclusive entity for receipt and review of insurance product filings. This section does not prohibit any insurer from filing its product in any state wherein the insurer is licensed to conduct the business of insurance; and any such filing shall be subject to the laws of the state where filed.

(2) The commission is a body corporate and politic, and an instrumentality of the compacting states.

(3) The commission is solely responsible for its liabilities except as otherwise specifically provided in the compact.

(4) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. [2005 c 92 § 3.]

48.130.030 Commission’s powers. The commission shall have the following powers:

(1) To adopt rules, under RCW 48.130.060, which shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in the compact;

(2) To exercise its rule-making authority and establish reasonable uniform standards for products covered under the compact, and advertisement related thereto, which shall have the force and effect of law and shall be binding in the compacting states, but only for those products filed with the commission. However, a compacting state shall have the right to opt out of such uniform standard under RCW 48.130.060, to the extent and in the manner provided in this compact. Any uniform standard established by the commission for long-term care insurance products may provide the same or greater protections for consumers as, but shall not provide less than, those protections set forth in the national association of insurance commissioners’ long-term care insurance model act and long-term care insurance model regulation, respectively, adopted as of 2001. The commission shall consider whether any subsequent amendments to the long-term care insurance model act or long-term care insurance model regulation adopted by the national association of insurance commissioners require amending of the uniform standards established by the commission for long-term care insurance products;

(3) To receive and review in an expeditious manner products filed with the commission, and rate filings for disability income and long-term care insurance products, and give approval of those products and rate filings that satisfy the applicable uniform standard, where such approval shall have the force and effect of law and be binding on the compacting states to the extent and in the manner provided in the compact;

(4) To receive and review in an expeditious manner advertisement related to long-term care insurance products for which uniform standards have been adopted by the commission, and give approval to all advertisement that satisfies the applicable uniform standard. For any product covered under this compact, other than long-term care insurance products, the commission shall have the authority to require an insurer to submit all or any part of its advertisement with respect to that product for review or approval prior to use, if the commission determines that the nature of the product is such that an advertisement of the product could have the capacity or tendency to mislead the public. The actions of the commission as provided in this section shall have the force and effect of law and shall be binding in the compacting states to the extent and in the manner provided in the compact;

(5) To exercise its rule-making authority and designate products and advertisement that may be subject to a self-certification process without the need for prior approval by the commission;

(6) To adopt operating procedures, under RCW 48.130.060, which shall be binding in the compacting states to the extent and in the manner provided in the compact;

(7) To bring and prosecute legal proceedings or actions in its name as the commission. However, the standing of any state insurance department to sue or be sued under applicable law shall not be affected;

(8) To issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence;

(9) To establish and maintain offices;

(10) To purchase and maintain insurance and bonds;

(11) To borrow, accept, or contract for services of personnel, including, but not limited to, employees of a compacting state;

(12) To hire employees, professionals, or specialists, and elect or appoint officers, and to fix their compensation, define their duties, and give them appropriate authority to carry out the purposes of the compact, and determine their qualifications; and to establish the commission’s personnel policies and programs relating to, among other things, conflicts of interest, rates of compensation, and qualifications of personnel;

(13) To accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services, and to receive, utilize, and dispose of the same. However, the commission shall strive to avoid any appearance of impropriety;

(14) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use, any property, real, personal, or mixed. However, the commission shall strive to avoid any appearance of impropriety;

(15) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(16) To remit filing fees to compacting states as may be set forth in the bylaws, rules, or operating procedures;

(17) To enforce compliance by compacting states with rules, uniform standards, operating procedures, and bylaws;

(18) To provide for dispute resolution among compacting states;

(19) To advise compacting states on issues relating to insurers domiciled or doing business in noncompacting jurisdictions, consistent with the purposes of the compact;

(20) To provide advice and training to those personnel in state insurance departments responsible for product review, and to be a resource for state insurance departments;

(21) To establish a budget and make expenditures;

(22) To borrow money;

(23) To appoint committees, including advisory committees comprising members, state insurance regulators, state legislators or their representatives, insurance industry and consumer representatives, and such other interested persons as may be designated in the bylaws;
(24) To provide and receive information from, and to cooperate with, law enforcement agencies;
(25) To adopt and use a corporate seal; and
(26) To perform such other functions as may be necessary or proper to achieve the purposes of the compact consistent with the state regulation of the business of insurance. [2005 c 92 § 4.]

48.130.040 Commission membership—Management and legislative committees—Liability. (1)(a) Each compacting state shall have and be limited to one member. Each member shall be qualified to serve in that capacity pursuant to applicable law of the compacting state. Any member may be removed or suspended from office as provided by the law of the state from which he or she shall be appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the compacting state wherein the vacancy exists. This section does not affect the manner in which a compacting state determines the election or appointment and qualification of its own commissioner.

(b) Each member shall be entitled to one vote and shall have an opportunity to participate in the governance of the commission in accordance with the bylaws. Notwithstanding any provision in this chapter to the contrary, no action of the commission with respect to the adoption of a uniform standard shall be effective unless two-thirds of the members vote in favor thereof.

(c) The commission shall, by a majority of the members, prescribe bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes, and exercise the powers, of the compact, including, but not limited to:

(i) Establishing the fiscal year of the commission;
(ii) Providing reasonable procedures for appointing and electing members, as well as holding meetings, of the management committee;
(iii) Providing reasonable standards and procedures for:
(A) The establishment and meetings of other committees; and
(B) governing any general or specific delegation of any authority or function of the commission;
(iv) Providing reasonable procedures for calling and conducting meetings of the commission that consists [consist] of a majority of commission members, ensuring reasonable advance notice of each such meeting and providing for the right of citizens to attend each such meeting with enumerated exceptions designed to protect the public’s interest, the privacy of individuals, and insurers’ proprietary information, including trade secrets. The commission may meet in camera only after a majority of the entire membership votes to close a meeting. As soon as practicable, the commission must make public: (A) A copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed; and (B) votes taken during such meeting;
(v) Establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;
(vi) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any compacting state, the bylaws shall exclusively govern the personnel policies and programs of the commission;

(vii) Adopting a code of ethics to address permissible and prohibited activities of commission members and employees; and
(viii) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact and after the payment or reserving of all of its debts and obligations.

(d) The commission shall publish its bylaws in a convenient form and file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the compacting states.

(2)(a) A management committee comprising no more than fourteen members shall be established as follows:

(i) One member from each of the six compacting states with the largest premium volume for individual and group annuities, life, disability income, and long-term care insurance products, determined from the records of the national association of insurance commissioners for the prior year;

(ii) Four members from those compacting states with at least two percent of the market based on the premium volume described under (a)(i) of this subsection, other than the six compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws;

(iii) Four members from those compacting states with less than two percent of the market, based on the premium volume described under (a)(i) of this subsection, with one selected from each of the four zone regions of the national association of insurance commissioners as provided in the bylaws.

(b) The management committee shall have such authority and duties as may be set forth in the bylaws, including but not limited to:

(i) Managing the affairs of the commission in a manner consistent with the bylaws and purposes of the commission;
(ii) Establishing and overseeing an organizational structure within, and appropriate procedures for, the commission to provide for the creation of uniform standards and other rules, receipt and review of product filings, administrative and technical support functions, review of decisions regarding the disapproval of a product filing, and the review of elections made by a compacting state to opt out of a uniform standard. However, a uniform standard shall not be submitted to the compacting states for adoption unless approved by two-thirds of the members of the management committee;

(iii) Overseeing the offices of the commission; and
(iv) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.

(c) The commission shall elect annually officers from the management committee, with each having such authority and duties, as may be specified in the bylaws.

(d) The management committee may, subject to the approval of the commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the commission may deem appropriate. The executive director shall serve as secretary to the commission, but shall not be a member of the commission. The executive director shall hire and supervise such other staff as may be authorized by the commission.

[2005 RCW Supp—page 681]
Commission actions—Voting. (1) The commission shall meet and take such actions as are consistent with the provisions of the compact and the bylaws.

(2) Each member of the commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws. [2005 c 92 § 6.]

48.130.060  Commission rule making—Uniform standards and operating procedures—States may opt out. (1) The commission shall adopt reasonable rules, including uniform standards, and operating procedures in order to effectively and efficiently achieve the purposes of the compact. In the event the commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of this chapter, then such an action by the commission shall be invalid and have no force and effect.

(2) Rules and operating procedures shall be made pursuant to a rule-making process that conforms to the model state administrative procedure act of 1981 as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committees in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. The commission in adopting a uniform standard shall consider fully all submitted materials and issue a concise explanation of its decision.

(3) A uniform standard shall become effective ninety days after its adoption by the commission or such later date as the commission may determine. However, a compacting state may opt out of a uniform standard as provided in this section. "Opt out" means any action by a compacting state to decline to adopt or participate in an adopted uniform standard. All other rules and operating procedures, and amendments thereto, shall become effective as of the date specified in each rule, operating procedure, or amendment.

(4)(a) A compacting state may opt out of a uniform standard, either by legislation or regulation adopted by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by rule, it must: (i) Give written notice to the commission no later than ten business days after the uniform standard is adopted, or at the time the state becomes a compacting state; and (ii) find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state.

(b) The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state which warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner must consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh: (i) The intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this chapter; and
(ii) the presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.

(c) A compacting state may, at the time of its enactment of the compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for such opt out in the enacted compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any state to participate in the compact. Such an opt out shall be effective at the time of enactment of the compact by the compacting state and shall apply to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

(5) If a compacting state elects to opt out of a uniform standard, the uniform standard shall remain applicable in the compacting state electing to opt out until such time the opt out legislation is enacted into law or the regulation opting out becomes effective. Once the opt out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard shall have no further force and effect in that state unless and until the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out shall have the same prospective effect as provided under RCW 48.130.130 for withdrawals.

(6) If a compacting state has formally initiated the process of opting out of a uniform standard by regulation, and while the regulatory opt out is pending, the compacting state may petition the commission, at least fifteen days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines in its discretion that the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the commission, the stay or extension thereof may postpone the effective date by up to ninety days, unless affirmatively extended by the commission. However, a stay may not be permitted to remain in effect for more than one year unless the compacting state can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the compacting state from opting out. A stay may be terminated by the commission upon notice that the rule-making process has been terminated.

(7) Not later than thirty days after a rule or operating procedure is adopted, any person may file a petition for judicial review of the rule or operating procedure. However, the filing of such a petition shall not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission’s authority. [2005 c 92 § 7.]

48.130.070 Commission rule making—Confidentiality of information and records—Compliance with compact.

(1) The commission shall adopt rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers’ trade secrets. The commission may adopt additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(2) Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure shall not relieve any compacting state commissioner of the duty to disclose any relevant records, data or information to the commission. However, disclosure to the commission does not waive or otherwise affect any confidentiality requirement. Also, except as otherwise expressly provided in this chapter, the commission shall not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission shall remain confidential after such information is provided to any commissioner.

(3) The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state shall be deemed to be in default as set forth in RCW 48.130.130.

(4) The commissioner of any state in which an insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the compact is governed by the following provisions:

(a) With respect to the commissioner's market regulation of a product or advertisement that is approved or certified to the commission, the content of the product or advertisement shall not constitute a violation of the provisions, standards, or requirements of the compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

(b) Before a commissioner may bring an action for violation of any provision, standard, or requirement of the compact relating to the content of an advertisement not approved or certified to the commission, the commissioner, or an authorized commission officer or employee, must authorize the action. However, authorization under this subsection (4)(b) does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on such requests. [2005 c 92 § 8.]
between compacting states and noncompacting states, and the commission shall adopt an operating procedure providing for resolution of such disputes. [2005 c 92 § 9.]

**48.130.090** Commission approval of product—Filing—Rule making. (1) Insurers and third-party filers seeking to have a product approved by the commission shall file the product with, and pay applicable filing fees to, the commission. This chapter does not restrict or otherwise prevent an insurer from filing its product with the insurance department in any state wherein the insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the states where filed.

(2) The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. The commission shall adopt rules to establish conditions and procedures under which the commission will provide public access to product filing information. In establishing such rules, the commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

(3) Any product approved by the commission may be sold or otherwise issued in those compacting states for which the insurer is legally authorized to do business. [2005 c 92 § 10.]

**48.130.100** Commission disapproval of product—Appeal. (1) Not later than thirty days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall adopt rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in disapproving a product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with RCW 48.130.020(4).

(2) The commission shall have authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. Where appropriate, the commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in subsection (1) of this section. [2005 c 92 § 11.]

**48.130.110** Commission expenses—Budget—Tax exempt—Accounting. (1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the commission concerning the performance of its duties shall not be compromised.

(2) The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission’s annual budget.

(3) The commission’s budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in RCW 48.130.060.

(4) The commission shall be exempt from all taxation in and by the compacting states.

(5) The commission shall not pledge the credit of any compacting state, except by and with the appropriate legal authority of that compacting state.

(6) The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission shall be subject to the accounting procedures established under its bylaws. The financial accounts and reports including the system of internal controls and procedures of the commission shall be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every three years, the review of the independent auditor shall include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which shall include a report of the independent audit. The commission’s internal accounts shall not be confidential and such materials may be shared with the commissioner of any compacting state upon request. However, any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers’ proprietary information, including trade secrets, shall remain confidential.

(7) A compacting state does not have any claim to or ownership of any property held by or vested in the commission or to any commission funds held under this chapter. [2005 c 92 § 12.]

**48.130.120** Compact, commission, compact amendments—When effective. (1) Any state is eligible to become a compacting state.

(2) The compact shall become effective and binding upon legislative enactment of the compact into law by two compacting states. However, the commission shall become effective for purposes of adopting uniform standards for, reviewing, and giving approval or disapproval of products filed with the commission that satisfy applicable uniform standards only after twenty-six states are compacting states or, alternatively, by states representing greater than forty percent of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the national association of insurance commissioners for the prior year. Thereafter, it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state.

(3) Amendments to the compact may be proposed by the commission for enactment by the compacting states. An amendment does not become effective and binding upon the commission and the compacting states unless and until all
compacting states enact the amendment into law. [2005 c 92 § 13.]

48.130.130 Withdrawal from compact, how—Default by state—Dissolution of compact. (1)(a) Once effective, the compact shall continue in force and remain binding upon each and every compacting state. However, a compacting state may withdraw from the compact by enacting a statute specifically repealing the statute which enacted the compact into law.

(b) The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the withdrawing state as provided in (e) of this subsection.

(c) The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing the compact in the withdrawing state.

(d) The commission shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice thereof.

(e) The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission's approval of products and advertisement prior to the effective date of withdrawal shall continue to be effective and be given full force and effect in the withdrawing state, unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

(f) Reinstatement following withdrawal of any compacting state shall occur upon the effective date of the withdrawing state reenacting the compact.

2(a) If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under the compact, the bylaws, or adopted rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by the compact on the defaulting state shall be suspended from the effective date of default as fixed by the commission. The grounds for default include, but are not limited to, failure of a compacting state to perform its obligations or responsibilities, and any other grounds designated in commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact and all rights, privileges, and benefits conferred by the compact shall be terminated from the effective date of termination.

(b) Product approvals by the commission or product self-certifications, or any advertisement in connection with such product, that are in force on the effective date of termination shall remain in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily under subsection (1) of this section.

(c) Reinstatement following termination of any compacting state requires a reenactment of the compact.

3(a) The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one compacting state.

(b) Upon the dissolution of the compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the commission shall be wound up and any surplus funds shall be distributed in accordance with the bylaws. [2005 c 92 § 14.]

48.130.140 Effect of compact—Other state laws—Binding on compacting states, when. (1)(a) The compact does not prevent the enforcement of any other law of a compacting state, except as provided in (b) of this subsection.

(b) For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission shall constitute the exclusive provisions applicable to the content, approval, and certification of such products. For advertisement that is subject to the commission's authority, any rule, uniform standard, or other requirement of the commission which governs the content of the advertisement shall constitute the exclusive provision that a commissioner may apply to the content of the advertisement. However, no action taken by the commission shall abrogate or restrict: (i) The access of any person to state courts; (ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the product; (iii) state law relating to the construction of insurance contracts; or (iv) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

(c) All insurance products filed with individual states shall be subject to the laws of those states.

(2)(a) All lawful actions of the commission, including all rules and operating procedures adopted by the commission, are binding upon the compacting states.

(b) All agreements between the commission and the compacting states are binding in accordance with their terms.

(c) Upon the request of a party to a conflict over the meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

(d) In the event any provision of the compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission shall be ineffective as to that compacting state, and those obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which those obligations, duties, powers, or jurisdiction are

GENERAL PROVISIONS

50.01.010 Preamble. (Expires June 30, 2007.)

50.01.010 Preamble. (Expires June 30, 2007.)
Whereas, economic insecurity due to unemployment is a serious menace to the health, morals and welfare of the people of this state; involuntary unemployment is, therefore, a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burden which now so often falls with crushing force upon the unemployed worker and his family. Social security requires protection against this greatest hazard of our economic life. This can be provided only by application of the insurance principle of sharing the risks, and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing powers and limiting the serious social consequences of relief assistance. The state of Washington, therefore, exercising herein its police and sovereign power endeavors by this title to remedy any widespread unemployment situation which may occur and to set up safeguards to prevent its recurrence in the years to come. The legislature, therefore, declares that in its considered judgment the public good, and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own, and that this title shall be liberally construed for the purpose of reducing involuntary unemployment and the suffering caused thereby to the minimum. [2005 c 133 § 2; 2003 2nd sp.s. c 4 § 1; 1945 c 35 § 2; Rem. Supp. 1945 § 9998-141. Prior: 1937 c 162 § 2.]

Expiration date—Intent—2005 c 133: "(1) Section 2 of this act expires June 30, 2007.
(2) It is the intent of the legislature that the expiration of sections or subsections of this act results in those sections of law being returned to the law in effect immediately before April 22, 2005." [2005 c 133 § 10.]

Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." The employment security department shall not act upon the application of the requesting agency until at least five days after service on the concerned individual or employing unit. The employment security department shall consider any objections raised by the concerned individual or employing unit in deciding whether the requesting agency needs the information or records for official purposes.

(2) The requirements of subsections (1) and (9) of this section shall not apply to the state legislative branch. The state legislature shall have access to information or records deemed private and confidential under this chapter, if the legislature or a legislative committee finds that the information or records are necessary and for official purposes. If the employment security department does not make information or records available as provided in this subsection, the legislature may exercise its authority granted by chapter 44.16 RCW.

(3) In cases of emergency governmental agency requesting access shall not be required to formally comply with the provisions of subsection (1) of this section at the time of the request if the procedures required by subsection (1) of this section are complied with by the requesting agency following the receipt of any records or information deemed private and confidential under this chapter. An emergency is defined as a situation in which irreparable harm or damage could occur if records or information are not released immediately.

(4) The requirements of subsection (1)(c) of this section shall not apply to governmental agencies where the procedures would frustrate the investigation of possible violations of criminal laws or to the release of employing unit names, addresses, number of employees, and aggregate employer wage data for the purpose of state governmental agencies preparing small business economic impact statements under chapter 19.85 RCW or preparing cost-benefit analyses under RCW 34.05.328(1) (c) and (d). Information provided by the department and held to be private and confidential under state or federal laws must not be misused or released to unauthorized parties. A person who misuses such information or releases such information to unauthorized parties is subject to the sanctions in RCW 50.13.080.

(5) Governmental agencies shall have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied.

(6) Governmental agencies may have access to certain records and information, limited to employer information possessed by the department for purposes authorized in chapter 50.38 RCW. Access to these records and information is limited to only those individuals conducting authorized statistical analysis, research, and evaluation studies. Only in cases consistent with the purposes of chapter 50.38 RCW are governmental agencies not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied. Information provided by the department and held to be private and confidential under state or federal laws shall not be misused or released to unauthorized parties subject to the sanctions in RCW 50.13.080.

(7) Disclosure to governmental agencies of information or records obtained by the employment security department from the federal government shall be governed by any applicable federal law or any agreement between the federal government and the employment security department where so required by federal law. When federal law does not apply to the records or information state law shall control.

(8) The department may provide information for purposes of statistical analysis and evaluation of the WorkFirst program or any successor state welfare program to the department of social and health services, the office of financial management, and other governmental entities with oversight or evaluation responsibilities for the program in accordance with RCW 43.20A.080. The confidential information provided by the department shall remain the property of the department and may be used by the authorized requesting agencies only for statistical analysis, research, and evaluation purposes as provided in RCW 74.08A.410 and 74.08A.420.

(9) The department may have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied.

(10) In conducting periodic salary or fringe benefit studies pursuant to law, the department of personnel shall have access to records of the employment security department as may be required for such studies. For such purposes, the requirements of subsection (1)(c) of this section need not apply.

(11)(a) To promote the reemployment of job seekers, the commissioner may enter into data-sharing contracts with partners of the one-stop career development system. The contracts shall provide for the transfer of data only to the extent that the transfer is necessary for the efficient provisions of work force programs, including but not limited to public labor exchange, unemployment insurance, worker training and retraining, vocational rehabilitation, vocational education, adult education, transition from public assistance, and support services. The transfer of information under con-
tracts with one-stop partners is exempt from subsection (1)(c) of this section.

(b) An individual who applies for services from the department and whose information will be shared under (a) of this subsection (11) must be notified that his or her private and confidential information in the department's records will be shared among the one-stop partners to facilitate the delivery of one-stop services to the individual. The notice must advise the individual that he or she may request that private and confidential information not be shared among the one-stop partners and the department must honor the request. In addition, the notice must:

(i) Advise the individual that if he or she requests that private and confidential information not be shared among one-stop partners, the request will in no way affect eligibility for services;
(ii) Describe the nature of the information to be shared, the general use of the information by one-stop partner representatives, and among whom the information will be shared;
(iii) Inform the individual that shared information will be used only for the purpose of delivering one-stop services and that further disclosure of the information is prohibited under contract and is not subject to disclosure under chapter 42.56 RCW; and
(iv) Be provided in English and an alternative language selected by the one-stop center or job service center as appropriate for the community where the center is located.

If the notice is provided in-person, the individual who does not want private and confidential information shared among the one-stop partners must immediately advise the one-stop representative of that decision. The notice must be provided to an individual who applies for services telephonically, electronically, or by mail, in a suitable format and within a reasonable time after applying for services, which shall be no later than ten working days from the department's receipt of the application for services. A one-stop representative must be available to answer specific questions regarding the nature, extent, and purpose for which the information may be shared.

(12) To facilitate improved operation and evaluation of state programs, the commissioner may enter into data-sharing contracts with other state agencies only to the extent that such transfer is necessary for the efficient operation or evaluation of outcomes for those programs. The transfer of information by contract under this subsection is exempt from subsection (1)(c) of this section.

(13) The misuse or unauthorized release of records or information by any person or organization to which access is permitted by this chapter subjects the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. Suit to enforce this section shall be brought by the attorney general and the amount of any penalties collected shall be paid into the employment security department administrative contingency fund. Findings—2000 c 134: "The legislature finds that individuals in need of employment and related services would be better served by integrating employment and training services to form a comprehensive network of state and local programs, called a one-stop career development system. Successful integration of employment and training services demands prompt and efficient exchange of information among service providers. The legislature further finds that efficient operation of state programs and their evaluation demand at times information held by the employment security department. Current restrictions on information exchange hamper this coordination, resulting in increased administrative costs, reduced levels of service, and fewer positive outcomes than could otherwise be achieved." The private persons or organizations shall use the information or records solely for the purpose for which the information was disclosed and shall be bound by the same rules of privacy and confidentiality as employment security department employees.

(2) Nothing in this section shall be construed as limiting or restricting the effect of RCW 42.56.070(9).

Withdrawals from federal unemployment trust fund. (1)(a) Except as provided in (b) and (c) of this subsection, moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and repayment of loans from the federal government to guarantee solvency of the unemployment compensation fund in accordance with regulations prescribed by the commissioner, except that money credited to this state's account pursuant to section 903 of the social security act, as amended, shall be used exclusively as provided in RCW 50.16.030(5). The commissioner shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as he or she deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his or her warrants for the payment of benefits solely from such benefit account.

(b) Moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during fiscal years 2006 and 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(2)(c)(ii)(B) beginning on the first Sunday following April 22, 2005, and ending on June 30, 2007, that exceed the amount of benefits that would have been paid if the weekly benefit amount had been determined as one percent of the total wages paid in the individual's base year; and

(ii) Second, after the requisitioning required under (b)(i) of this subsection in the respective fiscal year, from all other moneys credited to this state's account in the unemployment trust fund.

(c) After the requisitioning required under (b) of this subsection, if applicable, moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during calendar year 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(2)(c)(ii)(B) beginning on the first Sunday following April 22, 2005, and ending on June 30, 2007, that exceed the amount of benefits that would have been paid if the weekly benefit amount had been determined as one percent of the total wages paid in the individual's base year; and

(ii) Second, after the requisitioning required under (c)(i) of this subsection in the respective calendar year, from all other moneys credited to this state's account in the unemployment trust fund.

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state's account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;
(b) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1st and ending on the next June 30th to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, as amended, during the same twelve-month period and the thirty-four preceding twelve-month periods, exceeds (ii) the aggregate of the amounts obligated pursuant to RCW 50.16.030 (4), (5) and (6) and charged against the amounts credited to the account of this state during any of such thirty-five twelve-month periods. For the purposes of RCW 50.16.030 (4), (5) and (6), amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such period: PROVIDED, That any amount credited to this state's account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.

(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to RCW 50.16.030 (4), (5) and (6). However, moneys credited because of excess amounts in federal accounts in federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the legislature for any other purpose.

(6) Money requisitioned as provided in RCW 50.16.030 (4), (5) and (6) for the payment of expenses of administration shall be deposited in the unemployment compensation fund, but until expended, shall remain a part of the unemployment compensation fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund. 50.20.120 Amount of benefits. (1)(a) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title: PROVIDED, That as to any week which falls in an extended benefit period as defined in RCW 50.22.010(1), an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020.

(b) With respect to claims that have an effective date on or after the first Sunday of the calendar month immediately following the month in which the commissioner finds that the state unemployment rate is six and eight-tenths percent or less, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of twenty-six times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title.

(2)(a) For claims with an effective date before January 4, 2004, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(b) With respect to claims with an effective date on or after January 4, 2004, and before January 2, 2005, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(c)(i) With respect to claims with an effective date on or after January 2, 2005, except as provided in (c)(ii) of this subsection, an individual's weekly benefit amount shall be an amount equal to one percent of the total wages paid in the individual's base year.

wages during the two quarters of the individual's base year in which such total wages were highest.

(3) The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th.

Findings—Intent—2005 c 133: "The legislature finds that the unemployment insurance system was created to set aside unemployment reserves to be used for the benefit of persons who are unemployed through no fault of their own and to maintain purchasing power and limit the social consequences of unemployment. The legislature further finds that the system is falling short of these goals by failing to recognize the importance of applying liberal construction for the purpose of reducing involuntary unemployment, and the suffering caused by it, to the minimum, and by failing to provide equitable benefits to unemployed workers. The legislature also recognizes the desirability of managing the system to take into account the goal of reducing costs to foster a competitive business climate. The legislature intends to adjust the balance between these goals by reinstating the requirement for liberal construction and making other adjustments in the system that will allow reasonable improvements in benefit equity, including reinstating a weekly benefit calculation based on the wages in the two quarters of the claimant's base year in which wages were the highest. The legislature finds that these adjustments are critical to the health and welfare of unemployed workers, and to the purchasing power essential to the economic health and welfare of communities and the state, and should be implemented as soon as feasible." [2005 c 133 § 1.]

Conflict with federal requirements—2005 c 133: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state." Effective dates—1984 c 205: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately [March 21, 1984], except as follows:

(1) Sections 6 and 13 of this act shall take effect on January 1, 1985;
(2) Section 7 of this act shall be effective for compensable weeks of unemployment beginning on or after January 6, 1985; and
(3) Section 9 of this act shall take effect on July 1, 1985."

50.20.190 Recovery of benefit payments. (1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof
would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it was awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual's monthly payments either partially or in full. The interest penalty shall be used, first, to fully fund either social security number cross-match audits or other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid, second, to fund other detection and recovery of overpayment and collection activities, and third, during the 2005-07 fiscal biennium, the cost of the job skills program at community and technical colleges as appropriated by the legislature. 50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.
(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.
(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.
(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:
(i) RCW 50.20.050(2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or
(ii) RCW 50.20.050(2)(b)(v) through (x).
(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:
(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.
(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:
(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or
(ii) The individual files under RCW 50.06.020(2).
(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.
(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.
(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.
(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, and before July 1, 2007, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer.
(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:
(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;
(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;
(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons
directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted. [2005 c 133 § 4; 2003 2nd sp.s. c 4 § 21.]

50.29.025 Contribution rate. (1) Except as provided in subsection (2) of this section, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this subsection.

(a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place and reported to the department by the cut-off date; (iv) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (v) the percentage equivalent of the cumulative total of taxable payrolls.

(d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection, within the tax schedule which is to be in effect during the rate year:

(d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection, within the tax schedule which is to be in effect during the rate year:

(f) The contribution rate for each employer not qualified to be in the array shall be as follows:

(1) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and pay-
The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B), (C), and (D) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than two-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent.

(D) With respect to rate year 2007, the flat social cost factor shall be the lesser of:

(i) The flat social cost factor determined under (b)(i)(A) through (C) of this subsection; or
(II) The flat social cost factor that would be determined under (b)(i)(A) through (C) of this subsection if RCW 50.20.120(2)(c)(i) had been in effect during the immediately preceding rate year.

(iii) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose North American industry classification system code is within "111," "112," "1141," "115," "3114," "3117," or "42448," may not exceed six percent:

(iii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:

(i) For employers whose array calculation factor rate is determined under (c)(i) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

Section 51.28.015 Injury reporting—Findings—Department educational initiative—Alternative reporting system—Study and report. (1) The legislature finds that:
(a) In 1998, the joint legislative audit and review committee, in its performance audit of the Washington industrial insurance system, reported that one of the most significant causes for delayed benefit payments to workers and lack of employer involvement in claims was the manner in which claims were reported. Under this system of reporting, the worker generally reports the injury to a physician who, in turn, reports the injury to the department.
(b) The performance audit further reported that adopting a system in which the employee reports to the employer and the employer reports to the department would speed the first payment of benefits to the worker and involve the employer, from the beginning of the claim, in assisting in the management of the claim, including returning the worker to work.
(c) The performance audit also recognized that there would be instances in which workers would be reluctant to report injuries to employers and that, therefore, the system of physician reporting should be retained as an alternative, and employer reporting should be tested on a widespread basis.
(2)
(a) The department of labor and industries shall develop and implement an initiative to encourage the reporting of industrial injuries by the worker to his or her employer and by the employer to the department. Under this initiative, the department must take steps to educate workers and employers about the benefits and importance of prompt reporting of injuries.
(b) By December 1, 2006, the department of labor and industries shall develop and make statutory recommendations for an alternative system of reporting injuries under which the worker would report to the employer and the employer would report to the department. Upon passage of such legislation, the department shall immediately begin an educational effort to promote this method of reporting.

(b) Designed to attempt to limit fluctuations in premium rates.
(2) The department shall formulate and adopt rules governing the method of premium calculation and collection and providing for a rating system consistent with recognized principles of workers' compensation insurance which shall be designed to stimulate and encourage accident prevention and to facilitate collection. The department may annually, or at such other times as it deems necessary to achieve the objectives under this section, readjust rates in accordance with the rating system to become effective on such dates as the department may designate.

(3)(a) After the first report is issued by the state auditor under RCW 51.44.115, the workers' compensation advisory committee shall review the report and, as the committee deems appropriate, may make recommendations to the department concerning:
(i) The level or levels of a contingency reserve that are appropriate to maintain actuarial solvency of the accident and medical aid funds, limit premium rate fluctuations, and account for economic conditions; and
(ii) When surplus funds exist in the trust funds, the circumstances under which the department should give premium dividends, or similar measures, or temporarily reduce rates below the rates fixed under subsection (1) of this section, including any recommendations regarding notifications that should be given before taking the action.
(b) Following subsequent reports issued by the state auditor under RCW 51.44.115, the workers' compensation advisory committee may, as it deems appropriate, update its recommendations to the department on the matters covered under (a) of this subsection.

(4) In providing a retrospective rating plan under RCW 51.18.010, the department may consider each individual retrospective rating group as a single employing entity for purposes of dividends or premium discounts. [2005 c 410 § 1; 1999 c 7 § 8; 1989 c 49 § 1; 1980 c 129 § 4; 1977 ex.s. c 350 § 24; 1971 ex.s. c 289 § 16.]

51.28.020  Worker's application for compensation—Physician to aid in.  (Effective June 30, 2007.)  (1)(a) Where a worker is entitled to compensation under this title he or she shall file with the department or his or her self-insured employer, as the case may be, his or her application for such, together with the certificate of the physician who attended him or her.  An application form developed by the department shall include a notice specifying the worker's right to receive health services from a physician or licensed advanced registered nurse practitioner who attended him or her.  An application form developed by the department shall include a notice specifying the worker's right to receive health services from a physician of the worker's choice under RCW 51.36.010, including chiropractic services under RCW 51.36.015, and listing the types of providers authorized to provide these services.

(b) The physician or licensed advanced registered nurse practitioner who attended the injured worker shall inform the injured worker of his or her rights under this title and lend all necessary assistance in making this application for compensation and such proof of other matters as required by the rules of the department without charge to the worker.  The department shall provide physicians with a manual which outlines the procedures to be followed in applications for compensation involving occupational diseases, and which describes claimants' rights and responsibilities related to occupational disease claims.

(2) If the application required by this section is:
(a) Filed on behalf of the worker by the physician who attended the worker, the physician may transmit the application to the department electronically using facsimile mail;
(b) Made to the department and the employer has not received a copy of the application, the department shall immediately send a copy of the application to the employer; or
(c) Made to a self-insured employer, the employer shall forthwith send a copy of the application to the department.  

See RCW 51.98.060 and 51.98.070.
(b) It has determined that a worker of that employer is entitled to compensation under RCW 51.32.090.

(2) Notification shall include, in nontechnical language, an explanation of the employer's rights under this title. [2005 c 108 § 4; 1985 c 338 § 2.]

Chapter 51.32 RCW
COMPENSATION—RIGHT TO AND AMOUNT

Sections

51.32.220 Reduction in total disability compensation—Limitations—Notice—Waiver—Adjustment for retroactive reduction in federal social security disability benefit—Restrictions—Report. (1) For persons receiving compensation for temporary or permanent total disability pursuant to the provisions of this chapter, such compensation shall be reduced by an amount equal to the benefits payable under the federal old-age, survivors, and disability insurance act as now or hereafter amended not to exceed the amount of the reduction established pursuant to 42 U.S.C. Sec. 424a. However, such reduction shall not apply when the combined compensation provided pursuant to this chapter and the federal old-age, survivors, and disability insurance act is less than the total benefits to which the federal reduction would apply, pursuant to 42 U.S.C. 424a. Where any person described in this section refuses to authorize the release of information concerning the amount of benefits payable under said federal act the department's estimate of said amount shall be deemed to be correct unless and until the actual amount is established and no adjustment shall be made for any period of time covered by any such refusal.

(2) Any reduction under subsection (1) of this section shall be effective the month following the month in which the department or self-insurer is notified by the federal social security administration that the person is receiving disability benefits under the federal old-age, survivors, and disability insurance act: PROVIDED, That in the event of an overpayment of benefits the department or self-insurer may not recover more than the overpayments for the six months immediately preceding the date the department or self-insurer notifies the worker that an overpayment has occurred: PROVIDED FURTHER, That upon determining that there has been an overpayment, the department or self-insurer shall immediately notify the person who received the overpayment that he or she shall be required to make repayment pursuant to this section and RCW 51.32.230.

(3) Recovery of any overpayment must be taken from future temporary or permanent total disability benefits or permanent partial disability benefits provided by this title. In the case of temporary or permanent total disability benefits, the recovery shall not exceed twenty-five percent of the monthly amount due from the department or self-insurer or one-sixth of the total overpayment, whichever is the lesser.

(4) No reduction may be made unless the worker receives notice of the reduction prior to the month in which the reduction is made.

(5) In no event shall the reduction reduce total benefits to less than the greater amount the worker may be entitled to under this title or the federal old-age, survivors, and disability insurance act.

(6) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his or her discretion to waive, in whole or in part, the amount of any overpayment where the recovery would be against equity and good conscience.

(7) Subsection (1) of this section applies to:
(a) Workers under the age of sixty-two whose effective entitlement to total disability compensation begins before January 2, 1983;
(b) Workers under the age of sixty-five whose effective entitlement to total disability compensation begins after January 1, 1983; and
(c) Workers who will become sixty-five years of age on or after June 10, 2004.

(8)(a) If the federal social security administration makes a retroactive reduction in the federal social security disability benefit entitlement of a worker for periods of temporary total, temporary partial, or total permanent disability for which the department or self-insurer also reduced the worker's benefit amounts under this section, the department or self-insurer, as the case may be, shall make adjustments in the calculation of benefits and pay the additional benefits to the worker as appropriate. However, the department or self-insurer shall not make changes in the calculation or pay additional benefits unless the worker submits a written request, along with documentation satisfactory to the director of an overpayment assessment by the social security administration, to the department or self-insurer, as the case may be.

(b) Additional benefits paid under this subsection:
(i) Are paid without interest and without regard to whether the worker's claim under this title is closed; and
(ii) Do not affect the status or the date of the claim's closure.

(c) This subsection applies only to requests for adjustments that are submitted before July 1, 2007, and does not apply to requests on claims for which a determination on the request has been made and is not subject to further appeal.

(d) By December 1, 2006, the department must report to the appropriate committees of the legislature concerning the benefit adjustments authorized in this subsection and must include information about similar benefit adjustments, if any, authorized in other states with social security disability benefit offset requirements. The report must include recommendations on whether additional statutory changes might be warranted in light of the actions of the federal social security administration. Chapter 51.36 RCW
MEDICAL AID

51.36.022 Residence modification assistance—Rules—Report to legislature. (1) The legislature finds that there is a need to clarify the process and standards under which the department provides residence modification assistance to workers who have sustained catastrophic injury.

(2) The director shall adopt rules that take effect no later than nine months after July 24, 2005, to establish guidelines and processes for residence modification pursuant to RCW 51.36.020(7).

(3) In developing rules under this section, the director shall consult with interested persons, including persons with expertise in the rehabilitation of catastrophically disabled individuals and modifications for adaptive housing.

(4) These rules must address at least the following:
(a) The process for a catastrophically injured worker to access the residence modification benefits provided by RCW 51.36.020; and
(b) How the department may address the needs and preferences of the individual worker on a case-by-case basis taking into account information provided by the injured worker. For purposes of determining the needs and requirements of the worker under RCW 51.36.020, including whether a modification is medically necessary, the department must consider all available information regarding the medical condition and physical restrictions of the injured worker, including the opinion of the worker's attending health services provider.

(5) The rules should be based upon nationally accepted guidelines and publications addressing adaptive residential housing. The department must consider the guidelines established by the United States department of veterans affairs in their publication entitled "Handbook for Design: Specially Adapted Housing," and the recommendations published in "The Accessible Housing Design File" by Barrier Free Environments, Inc.

(6) In developing rules under this section, the director shall consult with other persons with an interest in improving standards for adaptive housing.

(7) The director shall report by December 2007 to the appropriate committees of the legislature on the rules adopted under this section. [2005 c 411 § 1.]

51.36.120 Confidential information. (Effective July 1, 2006.) When contracting for health care services and equipment, the department, upon request of a contractor, shall keep confidential financial and valuable trade information, which shall be exempt from public inspection and copying under chapter 42.56 RCW. [2005 c 274 § 325; 1989 c 189 § 2.]

Chapter 51.44 RCW
FUNDS

51.44.040 Second injury fund. (Contingent expiration date.) (1) There shall be in the office of the state treasurer, a fund to be known and designated as the "second injury fund", which shall be used only for the purpose of defraying charges against it as provided in RCW 51.16.120 and 51.32.250. The fund shall be administered by the director. The state treasurer shall be the custodian of the second injury fund and shall be authorized to disburse moneys from it only upon written order of the director.

(2) Payments to the second injury fund from the accident fund shall be made pursuant to rules adopted by the director.

(3)(a) Assessments for the second injury fund shall be imposed on self-insurers pursuant to rules adopted by the director. Such rules shall provide for at least the following:
(i) Except as provided in (a)(iii) of this subsection, the amount assessed each self-insurer must be in the proportion that the payments made from the fund on account of claims made against self-insurers bears to the total sum of payments from the fund.
(ii) Except as provided in section 2, chapter 475, Laws of 2005, beginning with assessments imposed on or after July 1, 2009, the department shall experience rate the amount assessed each self-insurer as long as the aggregate amount assessed is in the proportion that the payments made from the fund on account of claims made against self-insurers bears to the total sum of payments from the fund. The experience rating factor must provide equal weight to the ratio between expenditures made by the second injury fund for claims of the self-insurer to the total expenditures made by the second injury fund for claims of all self-insurers for the prior three fiscal years and the ratio of workers' compensation claim payments under this title made by the self-insurer to the total workers' compensation claim payments made by all self-insurers under this title for the prior three fiscal years. The weighted average of these two ratios must be divided by the latter ratio to arrive at the experience factor.
