Purpose—1995 c 212: "The purpose of this act is to assist community and economic development by clarifying the authority of all cities, towns, counties, and public corporations to engage in federally guaranteed "conduit financings" and to specify procedures that may be used for such conduit financings. Generally, in such a conduit financing a municipality borrows funds from the federal government or from private sources with the help of federal guarantees, without pledging the credit or tax revenues of the municipality, and then lends the proceeds for private projects that both fulfill public purposes, such as community and economic development, and provide the revenues to retire the municipal borrowings. Such conduit financings include issuance by municipalities of federally guaranteed notes under section 108 of the housing and community development act of 1974, as amended, to finance projects eligible under federal community development block grant regulations." 35.21.762 Urban emergency medical service districts—Creation authorized in city or town with territory in two counties. The council of a city or town that has territory included in two counties may adopt an ordinance creating an urban emergency medical service district in all of the portion of the city or town that is located in one of the two counties if: (1) The county in which the urban emergency medical service district is located does not impose an emergency medical service levy authorized under RCW 84.52.069; and (2) the other county in which the city or town is located does impose an emergency medical service levy authorized under RCW 84.52.069. The ordinance creating the district may only be adopted after a public hearing has been held on the creation of the district and the council makes a finding that it is in the public interest to create the district. The members of the city or town council, acting in an ex officio capacity and independently, shall compose the governing body of the urban emergency medical service district. The voters of an urban emergency medical service district shall be all registered voters residing within the urban emergency medical service district.

Levy for emergency medical care and services: RCW 84.52.069.

35.21.765 Fire protection, ambulance or other emergency services provided by municipal corporation within county—Financial and other assistance by county authorized. See RCW 36.32.470.

35.21.766 Ambulance services—Establishment authorized. (1) Whenever a regional fire protection service authority determines that the fire protection jurisdictions that are members of the authority are not adequately served by existing private ambulance service, the governing board of the authority may by resolution provide for the establishment of a system of ambulance service to be operated by the authority as a public utility [or] operated by contract after a call for bids.

(2) The legislative authority of any city or town may establish an ambulance service to be operated as a public utility. However, the legislative authority of the city or town shall not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service, unless the legislative authority of the city or town determines that the city or town, or a substantial portion of the city or town, is not adequately served by an existing private ambulance service. In determining the adequacy of an existing private ambulance service, the legislative authority of the city or town shall take into consideration objective generally accepted medical standards and reasonable levels of service which shall be published by the city or town legislative authority. The decision of the city council or legislative body shall be a discretionary, legislative act. When it is preliminarily concluded that the private ambulance service is inadequate, before issuing a call for bids or before the city or town establishes an ambulance service utility, the legislative authority of the city or town shall allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and reasonable levels of service. In the event of a second preliminary conclusion of inadequacy within a twenty-four month period, the legislative authority of the city or town may immediately issue a call for bids or establish an ambulance service utility and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service. Nothing in chapter 482, Laws of 2005 is intended to supersede requirements and standards adopted by the department of health. A private ambulance service which is not licensed by the department of health or whose license is denied, suspended, or revoked shall not be entitled to a sixty-day period within which to demonstrate adequacy and the legislative authority may immediately issue a call for bids or establish an ambulance service utility.
(3) The city or town legislative authority is authorized to set and collect rates and charges in an amount sufficient to regulate, operate, and maintain an ambulance utility. Prior to setting such rates and charges, the legislative authority must determine, through a cost-of-service study, the total cost necessary to regulate, operate, and maintain the ambulance utility. Total costs shall not include capital cost for the construction, major renovation, or major repair of the physical plant. Once the legislative authority determines the total costs, the legislative authority shall then identify that portion of the total costs that are attributable to the availability of the ambulance service and that portion of the total costs that are attributable to the demand placed on the ambulance utility.

(a) Availability costs are those costs attributable to the basic infrastructure needed to respond to a single call for service within the utility’s response criteria. Availability costs may include costs for dispatch, labor, training of personnel, equipment, patient care supplies, and maintenance of equipment.

(b) Demand costs are those costs that are attributable to the burden placed on the ambulance service by individual calls for ambulance service. Demand costs shall include costs related to frequency of calls, distances from hospitals, and other factors identified in the cost-of-service study conducted to assess burdens imposed on the ambulance utility.

(4) A city or town legislative authority is authorized to set and collect rates and charges as follows:

(a) The rate attributable to costs for availability described under subsection (3)(a) of this section shall be uniformly applied across user classifications within the utility;

(b) The rate attributable to costs for demand described under subsection (3)(b) of this section shall be established and billed to each utility user classification based on each user classification’s burden on the utility;

(c) The fee charged by the utility shall reflect a combination of the availability cost and the demand cost;

(d)(i) Except as provided in (d)(ii) of this subsection, the combined rates charged shall reflect an exemption for persons who are medicaid eligible and who reside in a nursing facility, boarding home, adult family home, or receive in-home services. The combined rates charged may reflect an exemption or reduction for designated classes consistent with Article VIII, section 7 of the state Constitution. The amounts of exemption or reduction shall be a general expense of the utility, and designated as an availability cost, to be spread uniformly across the utility user classifications.

(ii) For cities with a population less than two thousand five hundred that established an ambulance utility before May 6, 2004, the combined rates charged may reflect an exemption or reduction for persons who are medicaid eligible, and for designated classes consistent with Article VIII, section 7 of the state Constitution;

(e) The legislative authority must continue to allocate at least seventy percent of the total amount of general fund revenues expended, as of May 5, 2004, toward the total costs necessary to regulate, operate, and maintain the ambulance service utility. However, cities or towns that operated an ambulance service before May 6, 2004, and commingled general fund dollars and ambulance service dollars, may reasonably estimate that portion of general fund dollars that were, as of May 5, 2004, applied toward the operation of the ambulance service, and at least seventy percent of such estimated amount must then continue to be applied toward the total cost necessary to regulate, operate, and maintain the ambulance utility. Cities and towns which first established an ambulance service utility after May 6, 2004, must allocate, from the general fund or emergency medical service levy funds, or a combination of both, at least an amount equal to seventy percent of the total costs necessary to regulate, operate, and maintain the ambulance service utility as of May 5, 2004, or the date that the utility is established;

(f) The legislative authority must allocate available emergency medical service levy funds, in an amount proportionate to the percentage of the ambulance service costs to the total combined operating costs for emergency medical services and ambulance services, towards the total costs necessary to regulate, operate, and maintain the ambulance utility;

(g) The legislative authority must allocate all revenues received through direct billing to the individual user of the ambulance service to the demand-related costs under subsection (3)(b) of this section;

(h) The total revenue generated by the rates and charges shall not exceed the total costs necessary to regulate, operate, and maintain an ambulance utility; and

(i) Revenues generated by the rates and charges must be deposited in a separate fund or funds and be used only for the purpose of paying for the cost of regulating, maintaining, and operating the ambulance utility.

(5) Ambulance service rates charged pursuant to this section do not constitute taxes or charges under RCW 82.02.050 through 82.02.090, or 35.21.768, or charges otherwise prohibited by law. [2005 c 482 § 2; 2004 c 129 § 34; 1975 1st ex.s. c 24 § 1.]

Finding—Intent—2005 c 482: "The legislature finds that ambulance and emergency medical services are essential services and the availability of these services is vital to preserving and promoting the health, safety, and welfare of people in local communities throughout the state. All persons, businesses, and industries benefit from the availability of ambulance and emergency medical services, and survival rates can be increased when these services are available, adequately funded, and appropriately regulated. It is the legislature’s intent to explicitly recognize local jurisdictions’ ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services." [2005 c 482 § 1.]

Ambulance services by counties authorized: RCW 36.01.100.

35.21.7661 Study and review of ambulance utilities.

The joint legislative audit and review committee shall study and review ambulance utilities established and operated by cities under chapter 482, Laws of 2005. The committee shall examine, but not be limited to, the following factors: The number and operational status of utilities established under chapter 482, Laws of 2005; whether the utility rate structures and user classifications used by cities were established in accordance with generally accepted utility rate-making practices; and rates charged by the utility to the user classifications. The committee shall provide a final report on this review by December 2007. [2005 c 482 § 3.]

35.21.768 Ambulance services—Excise taxes authorized—Use of proceeds. The legislative authority of any city or town is authorized to adopt ordinances for the levy and collection of excise taxes and/or for the imposition of an additional tax for the act or privilege of engaging in the ambulance business. Such business and occupation tax shall be imposed in such amounts as fixed and determined by the legislative authority.

The excise taxes other than the business and occupation tax authorized by this section shall be levied and collected from all persons, businesses, and industries who are served and billed for said ambulance service owned and operated or contracted for by the city or town in such amounts as shall be fixed and determined by the legislative authority of the city or town.

All taxes authorized pursuant to this section shall be construed to be taxes other than a retail sales tax defined in chapter 82.08 RCW and a use tax defined in chapter 82.12 RCW, and the city or town shall appropriate and use the proceeds derived from all taxes authorized by this section only for the operation, maintenance and capital needs of its municipally owned, operated, leased or contracted for ambulance service. [1975 1st ex.s. c 24 § 2.]

35.21.770 Members of legislative bodies authorized to serve as volunteer firefighters, volunteer ambulance personnel, or reserve law enforcement officers. Notwithstanding any other provision of law, the legislative body of any city or town, by resolution adopted by a two-thirds vote of the full legislative body, may authorize any of its members to serve as volunteer firefighters, volunteer ambulance personnel, or reserve law enforcement officers, or two or more of such positions, and to receive the same compensation, insurance, and other benefits as are applicable to other volunteer firefighters, volunteer ambulance personnel, or reserve law enforcement officers employed by the city or town. [1997 c 65 § 1; 1993 c 303 § 1; 1974 ex.s. c 60 § 1.]

35.21.772 Fire department volunteers—Holding public office—Definitions. (1) Except as otherwise prohibited by law, a volunteer member of any fire department who does not serve as fire chief for the department may be:

(a) A candidate for elective public office and serve in that public office if elected; or

(b) Appointed to any public office and serve in that public office if appointed.

(2) For purposes of this section, "volunteer" means a person who does not serve as fire chief for the department may be:

(3) For purposes of this section, "compensation" and "consideration" do not include any benefits the volunteer may have accrued or is accruing under chapter 41.24 RCW. [2006 c 211 § 1.]

35.21.775 Provision of fire protection services to state-owned facilities. Subject to the provisions of RCW 35.21.779, whenever a city or town has located within its territorial limits facilities, except those leased to a non-tax-exempt person or organization, owned by the state or an agency or institution of the state, the state or agency or institution owning such facilities and the city or town may contract for an equitable share of fire protection services for the protection and safety of personnel and property, pursuant to chapter 39.34 RCW, as now or hereafter amended. Nothing in this section shall be construed to require the state, or any state agency or institution, to contract for services which are performed by the staff and equipment of such an entity or by a fire protection district pursuant to RCW 52.30.020. [1992 c 117 § 4; 1985 c 6 § 4; 1984 c 230 § 82; 1983 c 146 § 1; 1979 ex.s. c 102 § 1.]

Findings—1992 c 117: "The legislature finds that certain state-owned facilities and institutions impose a financial burden on the cities and towns responsible for providing fire protection services to those state facilities. The legislature endeavors pursuant to chapter 117, Laws of 1992, to establish a process whereby cities and towns that have a significant share of their total assessed valuation taken up by state-owned facilities can enter into fire protection contracts with state agencies or institutions to provide a share of the jurisdiction’s fire protection funding." [1992 c 117 § 3.]

35.21.777 Existing contracts for fire protection services and equipment not abrogated. Nothing in chapter 117, Laws of 1992, shall be interpreted to abrogate existing contracts for fire protection services and equipment, nor be deemed to authorize cities and towns to negotiate additional contractual provisions to apply prior to the expiration of such existing contracts. Upon expiration of contracts negotiated prior to March 31, 1992, future contracts between such cities and towns and state agencies and institutions shall be governed by the provisions of RCW 35.21.775 and 35.21.779. [1992 c 117 § 5.]

35.21.779 Fire protection services for state-owned facilities—Contracts with the department of community, trade, and economic development—Consolidation of negotiations with multiple state agencies—Arbitration. (1) In cities or towns where the estimated value of state-owned facilities constitutes ten percent or more of the total assessed valuation, the state agency or institution owning the facilities shall contract with the city or town to pay an equitable share for fire protection services. The contract shall be negotiated as provided in subsections (2) through (6) of this section and shall provide for payment by the agency or institution to the city or town.

(2) A city or town seeking to enter into fire protection contract negotiations shall provide written notification to the *department of community, trade, and economic development and the state agencies or institutions that own property within the jurisdiction, of its intent to contract for fire protection services. Where there are multiple state agencies located within a single jurisdiction, a city may choose to notify only the *department of community, trade, and economic development, which in turn shall notify the agencies or institution that own property within the jurisdiction of the city’s intent to contract for fire protection services. Any such notification shall be based on the valuation procedures, based on com-
monly accepted standards, adopted by the *department of community, trade, and economic development in consultation with the department of general administration and the association of Washington cities.

(3) The *department of community, trade, and economic development shall review any such notification to ensure that the valuation procedures and results are accurate. The department will notify each affected city or town and state agency or institution of the results of their review within thirty days of receipt of notification.

(4) The parties negotiating fire protection contracts under this section shall conduct those negotiations in good faith. Whenever there are multiple state agencies located within a single jurisdiction, every effort shall be made by the state to consolidate negotiations on behalf of all affected agencies.

(5) In the event of notification by one of the parties that an agreement cannot be reached on the terms and conditions of a fire protection contract, the director of the *department of community, trade, and economic development shall mediate a resolution of the disagreement. In the event of a continued impasse, the director of the *department of community, trade, and economic development shall recommend a resolution.

(6) If the parties reject the recommendation of the director and an impasse continues, the director shall direct the parties to arbitration. The parties shall agree on a neutral arbitrator, and the fees and expenses of the arbitrator shall be shared equally between the parties. The arbitration shall be a final offer, total arbitration, with the arbitrator empowered only to pick the final offer of one of the parties or the recommended resolution by the director of the *department of community, trade, and economic development. The decision of the arbitrator shall be final, binding, and nonappealable on the parties.

(7) The provisions of this section shall not apply if a city or town and a state agency or institution have contracted pursuant to RCW 35.21.775.

(8) The provisions of this section do not apply to cities and towns not meeting the conditions in subsection (1) of this section. Cities and towns not meeting the conditions of subsection (1) of this section may enter into contracts pursuant to RCW 35.21.775. [1995 c 399 § 3; 1992 c 117 § 6.]

35.21.840 Taxation of motor carriers of freight for hire—Allocation of gross receipts. The following principles shall allocate gross receipts of a motor carrier of freight for hire (called the "motor carrier" in this section) to prevent multiple taxation by two or more municipalities. They shall apply when two or more municipalities in this state impose a license fee or tax for the act of privilege of engaging in business activities; each municipality has a basis in local activity for imposing its tax; and the gross receipts measured by all taxing municipalities, added together, exceed the motor carrier’s gross receipts.

(1) No municipality shall be entitled to an allocation of the gross receipts of a motor carrier on account of the use of its streets or highways when no pick-up or delivery occurs therein.

(2) Gross receipts of a motor carrier derived within a municipality, where it solicits orders and engages in business activities that are a significant factor in holding the market but where it maintains no office or terminal, shall be allocated equally between the municipality providing the local market and the municipality where the motor carrier’s office or terminal is located. Where no such local solicitation and business activity occurs, all the gross receipts shall be allocated to the municipality where the office or terminal is located irrespective of the place of pick-up or delivery. The word “terminal” means a location at which any three of the following four occur: Dispatching takes place, from which trucks operate or are serviced, personnel report and receive assignments, and orders are regularly received from the public.

(3) Gross receipts of a motor carrier that are not attributable to transportation services, such as investment income, truck repair, and rental of equipment, shall be allocated to the office or terminal conducting such activities.

(4) Gross receipts of a motor carrier with an office or terminal in two or more municipalities in this state shall be allocated to the office or terminal at which the transportation services commenced. [1982 c 169 § 1.]

35.21.845 Taxation of motor carriers of freight for hire—Tax allocation formula. A motor carrier of freight for hire whose gross receipts are subject to multiple taxation by two or more municipalities in this state may request and thereupon shall be given a joint audit of the taxpayer’s books and records by all of the taxing authorities seeking to tax all or part of such gross receipts. Such taxing authorities shall agree upon and establish a tax allocation formula which shall be binding upon the taxpayer and the taxing authorities participating in the audit or receiving a copy of such request from the taxpayer. Payment by the taxpayer of the taxes to each taxing authority in accordance with such tax allocation formula shall be a complete defense in any action by any taxing authority to recover additional taxes, interest, and/or penalties. A taxing municipality, whether or not a party to such joint audit, may seek a revision of the formula by giving written notice to each other taxing municipality concerned and the taxpayer. Any such revision as may be agreed upon by the taxing municipalities, or as may be decreed by a court of competent jurisdiction in an action initiated by one or more taxing authorities, shall apply only to gross receipts of the taxpayer received after the date of any such agreed revision or effective date of the judgment or order of any such court. [1982 c 169 § 2.]

35.21.850 Taxation of motor carriers of freight for hire—Limitation—Exceptions. No demand for a fee or tax or penalty shall be made by a city or town against a motor carrier of freight for hire on gross income derived from providing transportation services more than four years after the close of the year in which the same accrued except (1) against a taxpayer who has been guilty of fraud or misrepresentation
35.21.851 Taxation of chamber of commerce, similar business for operation of parking/business improvement area. (1) A city shall not impose a gross receipts tax on amounts received by a chamber of commerce or other similar business association for administering the operation of a parking and business improvement area within the meaning of RCW 35.87A.110.

(2) For the purposes of this section, the following definitions apply:

(a) "Gross receipts tax" means a tax measured by gross proceeds of sales, gross income of the business, or value proceeding or accruing.

(b) "City" includes cities, code cities, and towns. [2005 c 476 § 2.]

35.21.855 Taxation of intellectual property creating activities—Gross receipts tax prohibited—Exceptions. (1) A city may not impose a gross receipts tax on intellectual property creating activities.

(2) A city may impose a gross receipts tax measured by gross receipts from royalties only on taxpayers domiciled in the city. For the purposes of this section, "royalties" does not include gross receipts from casual or isolated sales as defined in RCW 82.04.040, grants, capital contributions, donations, or endowments.

(3) This section does not prohibit a city from imposing a gross receipts tax measured by the value of products manufactured in the city merely because intellectual property creating activities are involved in the design or manufacturing of the products. An intellectual property creating activity shall not constitute an activity defined within the meaning of the term "to manufacture" under chapter 82.04 RCW.

(4) This section does not prohibit a city from imposing a gross receipts tax measured by the gross proceeds of sales made in the city merely because intellectual property creating activities are involved in creation of the articles sold.

(5) This section does not prohibit a city from imposing a gross receipts tax measured by the gross income received for services rendered in the city merely because intellectual property creating activities are some part of services rendered.

(6) A tax in effect on January 1, 2002, is not subject to this section until January 1, 2004.

(7) The definitions in this subsection apply to this section.

(a) "Gross receipts tax" means a tax measured by gross proceeds of sales, gross income of the business, or value proceeding or accruing.

(b) "City" includes cities, code cities, and towns.

(c) "Domicile" means the principal place from which the trade or business of the taxpayer is directed and managed. A taxpayer has only one domicile.

(d) "Intellectual property creating activity" means research, development, authorship, creation, or general or specific inventive activity without regard to whether the intellectual property creating activity actually results in the creation of patents, trademarks, trade secrets, subject matter subject to copyright, or other intellectual property.

(e) "Manufacture," "gross proceeds of sales," "gross income of the business," "value proceeding or accruing," and "royalties" have the same meanings as under chapter 82.04 RCW.

(f) "Value of products" means the value of products as determined under RCW 82.04.450. [2003 c 69 § 1.]

35.21.860 Electricity, telephone, or natural gas business, service provider—Franchise fees prohibited—Exceptions. (1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, or gas distribution businesses, as defined in RCW 82.16.010, or service provider for use of the right-of-way, except:

(a) A tax authorized by RCW 35.21.865 may be imposed;

(b) A fee may be charged to such businesses or service providers that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW;

(c) Taxes permitted by state law on service providers;

(d) Franchise requirements and fees for cable television services as allowed by federal law; and

(e) A site-specific charge pursuant to an agreement between the city or town and a service provider of personal wireless services acceptable to the parties for:

(ii) The placement of replacement structures when the replacement is necessary for the installation or attachment of wireless facilities, and the overall height of the replacement structure and the wireless facility is more than sixty feet; or

(iii) The placement of personal wireless facilities on structures owned by the city or town located in the right-of-way. However, a site-specific charge shall not apply to the placement of personal wireless facilities on existing structures, unless the structure is owned by the city or town.

A city or town is not required to approve the use permit for the placement of a facility for personal wireless services that meets one of the criteria in this subsection absent such an agreement. If the parties are unable to agree on the amount of the charge, the service provider may submit the amount of the charge to binding arbitration by serving notice on the city or
town. Within thirty days of receipt of the initial notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or arbitrators shall determine the charge based on comparable siting agreements involving public land and rights-of-way. The arbitrator or arbitrators shall not decide any other disputed issues, including but not limited to size, location, and zoning requirements. Costs of the arbitration, including compensation for the arbitrator’s services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on April 20, 1982, with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in RCW 35.21.865 and 35.21.870 to the extent the fees exceed the costs allowable under subsection (1) of this section. No city or town may change the rate of tax it imposes on the privilege of conducting an electrical energy, natural gas, or telephone business which change applies to business activities occurring before the effective date of the change, and no rate change may take effect before the expiration of sixty days following the enactment of the ordinance establishing the change except as provided in RCW 35.21.870. (2) If a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on April 20, 1982, the city or town shall decrease the rate to a rate of six percent or less by reducing the rate each year on or before November 1st by ordinances to be effective on January 1st of the succeeding year, by an amount equal to one-tenth the difference between the tax rate on April 20, 1982, and six percent.

Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

Voter approved rate increases under subsection (1) of this section shall not be included in the computations under this subsection. [1984 c 225 § 6; 1983 c 99 § 5; 1982 1st ex.s. c 49 § 4.]

A city or town required by RCW 35.21.870(2) to reduce its rate of taxation on telephone business may defer for one year the required reduction in rates for the year 1987. If the delay in rate reductions authorized by the preceding sentence is inadequate for a city or town to offset the impact of revenue reductions arising from the removal of revenues from connecting fees, switching charges, or carrier access charges under the provisions of RCW 35.21.714, then the legislative body of such city or town may impose for 1987 the rates that such city or town had in effect upon telephone business during 1985. The customer shall include in this written notification the street address for the customer’s place of primary use, the account name and number for which the customer seeks a correction, and a description of the error asserted by the customer. Within sixty days of receiving a notice under this section, the home service provider shall review its records and the electronic database or enhanced zip code used pursuant to RCW 82.32.490 and 82.32.495 to determine the customer’s taxing jurisdiction. The home service provider shall notify the customer in writing of the results of its review.

The procedures in this section shall be the first remedy available to customers seeking correction of assignment of place of primary use or taxing jurisdiction, or a refund of other compensation for taxes, charges, and fees erroneously collected by the home service provider, and no cause of action based upon a dispute arising from such taxes, charges, or fees shall accrue to the extent otherwise permitted by law until a customer has reasonably exercised the rights and procedures set forth in this section. As limited by subsection (3) of this section, a first-class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ten percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first-class city has a county perform for it under RCW 35.77.020 shall be included within this ten percent limitation.

If a first-class city has public works performed by public employees in any budget period that are in excess of this ten percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The breaking down of any public work or improvement into units or accomplishing any public work or improvement by phases for the purpose of avoiding the minimum dollar amount prescribed in RCW 35.22.620 is contrary to public policy and is prohibited. In the event the city-owned electric utility denies the customer’s request to utilize a private electrical contractor for such installation work, it shall provide the customer with written reasons for such denial: PROVIDED FURTHER, That nothing herein shall prevent any first-class city from operating a solid waste department utilizing its own personnel.

If a customer elects to employ a private electrical contractor as provided in this section, the private electrical contractor shall be solely responsible for any damages resulting from the installation of any temporary service, permanent service, or expanded service and the city-owned electrical utility shall be immune from any tortious conduct actions as to that installation. 35.23.031 Eligibility to hold elective office. No person is eligible to hold an elective office in a second-class city unless the person is a resident and registered voter in the city. [1997 c 361 § 7.]

35.23.051 Elections—Terms of office—Positions and wards. General municipal elections in second-class cities shall be held biennially in the odd-numbered years and shall be subject to general election law.

The terms of office of the mayor, city attorney, clerk, and treasurer shall be four years and until their successors are elected and qualified and assume office in accordance with *RCW 29.04.170: PROVIDED, That if the offices of city attorney, clerk, and treasurer are made appointive, the city attorney, clerk, and treasurer shall not be appointed for a definite term: PROVIDED FURTHER, That the term of the elected treasurer shall not commence in the same biennium in which the term of the mayor commences, nor in which the terms of the city attorney and clerk commence if they are elected.

Council positions shall be numbered in each second-class city so that council position seven has a two-year term of office and council positions one through six shall each have four-year terms of office. Each councilmember shall remain in office until a successor is elected and qualified and assumes office in accordance with *RCW 29.04.170.

In its discretion the council of a second-class city may divide the city by ordinance, into a convenient number of wards, not exceeding six, fix the boundaries of the wards, and change the ward boundaries from time to time and as provided in *RCW 29.70.100. No change in the boundaries of any ward shall be made within one hundred twenty days next before the date of a general municipal election, nor within twenty months after the wards have been established or altered. However, if a boundary change results in one ward being represented by more councilmembers than the number to which it is entitled, those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of determining whether those positions are vacant.

Whenever such city is so divided into wards, the city council shall designate by ordinance the number of councilmembers to be elected from each ward, apportioning the same in proportion to the population of the wards. Thereafter the councilmembers so designated shall be elected by the voters resident in such ward, or by general vote of the whole city as may be designated in such ordinance. Council position seven shall not be associated with a ward and the person elected to that position may reside anywhere in the city and voters throughout the city may vote at a primary to nominate candidates for position seven, when a primary is necessary, and at a general election to elect the person to council position seven. Additional territory that is added to the city shall, by act of the council, be annexed to contiguous wards without affecting the right toredistrict at the expiration of twenty months after last previous division. The removal of a councilmember from the ward for which he or she was elected shall create a vacancy in such office.

Wards shall be redrawn as provided in **chapter 29.70 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. The elections for the remaining council position or council positions that are not associated with a ward shall be conducted as if the wards did not exist. [1997 c 361 § 13; 1995 c 134 § 8. [Title 35 RCW—page 120]
35.23.181 City council—Oath—Meetings. The city council and mayor shall meet in January next succeeding the date of each general municipal election, and shall take the oath of office, and shall hold regular meetings at least once during each month but not to exceed one regular meeting in each week, at such times as may be fixed by ordinance.

Special meetings may be called by the mayor by written notice as provided in RCW 42.30.080. No ordinances shall be passed or contract let or entered into, or bill for the payment of money allowed at any special meeting.

All meetings of the city council shall be held at such place as may be designated by the city council. All final actions on resolutions and ordinances must take place within the corporate limits of the city. All meetings of the city council must be public. 

35.23.191 City council—Mayor pro tempore. The members of the city council, at their first meeting each calendar year and thereafter whenever a vacancy occurs in the office of mayor pro tempore, shall elect from among their number a mayor pro tempore, who shall hold office at the pleasure of the council and in case of the absence of the mayor, perform the duties of mayor except that he or she shall not have the power to appoint or remove any officer or to veto any ordinance.

The mayor and the mayor pro tempore shall have power to administer oaths and affirmations, take affidavits and certify them. The mayor or the mayor pro tempore when acting as mayor, shall sign all conveyances made by the city and all instruments which require the seal of the city.

35.23.201 City council—Meetings—Journal. All meetings of the council shall be presided over by the mayor, or, in the mayor’s absence, by the mayor pro tempore. The mayor shall have a vote only in the case of a tie in the votes of the councilmembers. If the clerk is absent from a council meeting, the mayor or mayor pro tempore shall appoint one of the members of the council as clerk pro tempore. The appointment of a councilmember as mayor pro tempore or clerk pro tempore shall not in any way abridge the councilmember’s right to vote on all questions coming before the council.

The clerk shall keep a correct journal of all proceedings and at the desire of any member the ayes and noes shall be taken on any question and entered in the journal.

35.23.211 Ordinances—Style—Requisites—Veto. The enacting clause of all ordinances in a second-class city shall be as follows: "The city council of the city of . . . . do ordain as follows:"

No ordinance shall contain more than one subject and that must be clearly expressed in its title.

No ordinance or any section thereof shall be revised or amended unless the new ordinance sets forth the revised ordinance or the amended section at full length.

No ordinance and no resolution or order shall have any validity or effect unless passed by the votes of at least four councilmembers.

No ordinance shall take effect until five days after the date of its publication unless otherwise provided in this title.

Every ordinance which passes the council in order to become valid must be presented to the mayor; if the mayor approves it, the mayor shall sign it, but if not, the mayor shall return it with written objections to the council and the council shall cause the mayor’s objections to be entered at large upon the journal and proceed to a reconsideration thereof. If upon reconsideration five members of the council voting upon a call of yeas and nays favor its passage, the ordinance shall become valid notwithstanding the mayor’s veto. If the mayor fails for ten days to either approve or veto an ordinance, it shall become valid without the approval of the mayor.

Every ordinance shall be signed by the mayor and attested by the clerk. 

35.23.221 Ordinances—Publication—Summary—Public notice of hearings and meeting agendas. Promptly after adoption, the text of each ordinance or a summary of the content of each ordinance shall be published at least once in the city’s official newspaper.

For purposes of this section, a summary shall mean a brief description which succinctly describes the main points of the ordinance. Publication of the title of an ordinance authorizing the issuance of bonds, notes, or other evidences of indebtedness shall constitute publication of a summary of that ordinance. When the city publishes a summary, the publication shall include a statement that the full text of the ordinance will be mailed upon request.

An inadvertent mistake or omission in publishing the text or a summary of the content of an ordinance shall not render the ordinance invalid.

In addition to the requirement that a city publish the text or a summary of the content of each adopted ordinance, every city shall establish a procedure for notifying the public of upcoming hearings and the preliminary agenda for the forthcoming council meeting. Such procedure may include, but not be limited to, written notification to the city’s official newspaper, publication of a notice in the official newspaper, posting of upcoming council meeting agendas, or such other processes as the city determines will satisfy the intent of this requirement.

No ordinance or resolution granting any franchise for any purpose shall be passed by the city council on the day of its introduction, nor for five days thereafter, nor at any other than a regular meeting nor without first being submitted to the city attorney.

No franchise or valuable privilege shall be granted unless by the vote of at least five members of the city council.

The city council may require a bond in a reasonable amount for any person or corporation obtaining a franchise from the city conditioned for the faithful performance of the conditions and terms of the franchise and providing a recovery on the bond in case of failure to perform the terms and conditions of franchise. 35.23.251 Payment of claims and obligations by warrant or check. A second-class city, by ordinance, may adopt a policy for the payment of claims or other obligations of the city, which are payable out of solvent funds, electing to pay such obligations by warrant or by check. However, when the applicable fund is not solvent at the time payment is ordered, a warrant shall be issued. When checks are to be used, the legislative body shall designate the qualified public depository, upon which such checks are to be drawn, and the officers authorized or required to sign such checks. Wherever a reference is made to warrants in this title, such term shall include checks where authorized by this section. [2006 c 41 § 1.]

35.23.300 Limitation on allowance of claims, warrants, etc. No claim shall be allowed against the city by the city council, nor shall the city council order any warrants to be drawn except at a general meeting of the council. The council shall never make valid, or recognize any demand against the city which was not a valid claim against it when the obligation was created, nor authorize to be paid any demand which without such action would be invalid or which is then barred by the statute of limitations, or for which the city was never liable, and any such action shall be void. Every act or thing done or being within the limits of a second-class city which is declared by law or by ordinance to be a nuisance shall be a nuisance and shall be so considered in all actions and proceedings. All remedies given by law for the prevention and abatement of nuisances shall apply thereto. [1994 c 81 § 46; 1965 c 7 § 35.23.330. Prior: 1915 c 184 § 21; 1890 p 187 § 123; RRS § 9135. 35.23.352 Public works—Contracts—Bids—Small works roster—Purchasing requirements, recycled or reused materials or products. (1) Any second-class city or
any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of sixty-five thousand dollars if more than one craft or trade is involved with the public works, or forty thousand dollars if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon publication of notice calling for sealed bids upon the work. The notice shall be published in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, at least thirteen days prior to the last date upon which bids will be received. The notice shall generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier’s check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in accordance with RCW 39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ten days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(3) In lieu of the procedures of subsection (1) of this section, a second-class city or a town may let contracts using the small works roster process provided in RCW 39.04.155.

Whenever possible, the city or town shall invite at least one proposal from a minority or woman contractor who shall otherwise qualify under this section.

(4) The form required by RCW 43.09.205 shall be to account and record costs of public works in excess of five thousand dollars that are not let by contract.

(5) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(6) Any purchase of supplies, material, or equipment, except for public work or improvement, where the cost thereof exceeds seven thousand five hundred dollars shall be made upon call for bids.

Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the restoration to a condition of usefulness of any public property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by laws enacted since the last annual budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city or town legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1969 ex.s. c 95 § 11.]

35.33.091 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the annual budget, and if it is not one of the emergencies specifically enumerated in RCW 35.33.081, the city or town legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

Such ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city or town.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1969 ex.s. c 95 § 12.]

35.33.101 Emergency warrants. All expenditures for emergency purposes as provided in this chapter shall be paid
by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest and be called in the same manner as other registered warrants as prescribed in RCW 35.33.111. [1969 ex.s. c 95 § 13.]

Warrants—Interest rate—Payment: RCW 35.21.320.

35.33.106 Registered warrants—Payment. In adopting the final budget for any fiscal year, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made: PROVIDED, That no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature: PROVIDED FURTHER, That all or any portion of the city’s or town’s outstanding registered warrants may be funded into bonds in any manner authorized by law. [1969 ex.s. c 95 § 14.]

35.33.107 Adjustment of wages, hours, and conditions of employment. Notwithstanding the appropriations for any salary, or salary range of any employee or employees adopted in a final budget, the legislative body of any city or town may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1969 ex.s. c 95 § 15.]

35.33.111 Forms—Accounting—Supervision by state. The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure accurate budget information. [1995 c 301 § 42; 1969 ex.s. c 95 § 16.]

35.33.121 Funds—Limitations on expenditures—Transfers. The expenditures as classified and itemized in the final budget shall constitute the city’s or town’s appropriations for the ensuing fiscal year. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city or town, the expenditure of city or town funds or the incurring of current liabilities on behalf of the city or town shall be limited to the following:

(1) The total amount appropriated for each fund in the budget for the current fiscal year, without regard to the individual items contained therein, except that this limitation shall not apply to wage adjustments authorized by RCW 35.33.107; and

(2) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal years pursuant to RCW 35.33.151; and

(3) Funds received from the sale of bonds or warrants which have been duly authorized according to law; and

(4) Funds received in excess of estimated revenues during the current fiscal year, when authorized by an ordinance amending the original budget; and

(5) Expenditures required for emergencies, as authorized in RCW 35.33.081 and 35.33.091.

Transfers between individual appropriations within any one fund may be made during the current fiscal year by order of the city’s or town’s chief administrative officer subject to such regulations, if any, as may be imposed by the city or town legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as herein authorized, may be made within the same fund regardless of the various offices, departments or divisions of the city or town which may be affected.

The city or town legislative body, upon a finding that it is to the best interests of the city or town to decrease, revoke or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reappropriated for another purpose or purposes, without limitation to department, division or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1969 ex.s. c 95 § 17.]

35.33.123 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any city or town apportions a percentage of the city manager’s, administrator’s, or supervisor’s time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city or town, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city’s or town’s current expense fund for the value of such services. [1991 c 152 § 1.]

35.33.125 Liabilities incurred in excess of budget. Liabilities incurred by any officer or employee of the city or town in excess of any budget appropriations shall not be a liability of the city or town. The clerk shall issue no warrant and the city or town legislative body or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1969 ex.s. c 95 § 18.]

35.33.131 Funds received from sale of bonds and warrants—Expenditure program. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued it shall
be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1969 ex.s. c 95 § 19.]

35.33.135 Revenue estimates—Amount to be raised by ad valorem taxes. At a time fixed by the city’s or town’s ordinance or city charter, not later than the first Monday in October of each year, the chief administrative officer shall provide the city’s or town’s legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current year, together with estimates submitted by the clerk under RCW 35.33.051. The city’s or town’s legislative body and the city’s or town’s administrative officer or his or her designated representative shall consider the city’s or town’s total anticipated financial requirements for the ensuing fiscal year, and the legislative body shall determine and fix by ordinance the amount to be raised by ad valorem taxes. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the board of county commissioners as required by RCW 84.52.020. [2009 c 549 § 2069; 1969 ex.s. c 95 § 20.]

35.33.141 Report of expenditures and liabilities against budget appropriations. At such intervals as may be required by city charter or city or town ordinance, however, being not less than quarterly, the clerk shall submit to the city’s or town’s legislative body and the chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal year to the first day of the current reporting period together with the unexpended balance of each appropriation. The report shall also show the receipts from all sources. [1969 ex.s. c 95 § 21.]

35.33.145 Contingency fund—Creation—Purpose—Support—Lapse. Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.33.081 and 35.33.091. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35.33.121: PROVIDED, That the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the contingency fund at the end of the fiscal year shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1973 1st ex.s. c 195 § 21; 1969 ex.s. c 95 § 22.]

35.33.147 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1969 ex.s. c 95 § 23.]

35.33.151 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal year: PROVIDED, That this shall not prevent payments in the following year upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment and supplies or for personal or contractual services not completed or furnished by the end of the fiscal year, all of which have been properly budgeted and contracted for prior to the close of such fiscal year but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.33.145, shall not lapse, but shall be carried forward from year to year until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal year shall be kept open for twenty days after the close of such fiscal year for the purpose of paying and recording claims for indebtedness incurred during such fiscal year; any claim presented after the twentieth day following the close of the fiscal year shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal year. [1969 ex.s. c 95 § 24.]

35.33.170 Violations and penalties. Upon the conviction of any city or town official, department head or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, he or she shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. [2009 c 549 § 2070; 1969 ex.s. c 95 § 25.]

Chapter 35.34 RCW BIENNIAL BUDGETS

Additional notes found at www.leg.wa.gov
35.34.010 Legislative intent. The legislature hereby recognizes that the development and adoption of a budget by a city or town is a lengthy and intense process designed to provide adequate opportunities for public input and sufficient time for deliberation and enactment by the legislative authority. The legislature also recognizes that there are limited amounts of time available and that time committed for budgetary action reduces opportunities for deliberating other issues. It is, therefore, the intent of the legislature to authorize cities and towns to establish by ordinance a biennial budget and to provide the means for modification of such budget. This chapter and chapter 35A.34 RCW shall be known as the municipal biennial budget act. [1985 c 175 § 1.]

35.34.020 Application of chapter. This chapter applies to all cities of the first and second classes and to all towns, that have by ordinance adopted this chapter authorizing the adoption of a fiscal biennium budget. [1997 c 361 § 15; 1985 c 175 § 5.]

35.34.030 Definitions. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Clerk" includes the officer performing the functions of a finance or budget director, comptroller, auditor, or by whatever title the officer may be known in any city or town. However, for cities over three hundred thousand, "clerk" means the budget director as authorized under RCW 35.32A.020.

(2) "Department" includes each office, division, service, system, or institution of the city or town for which no other statutory or charter provision is made for budgeting and accounting procedures or controls.

(3) "Legislative body" includes the council, commission, or any other group of officials serving as the legislative body of a city or town.

(4) "Chief administrative officer" includes the mayor of cities or towns having a mayor-council form of government, the commissioners in cities or towns having a commission form of government, the manager, or any other city or town official designated by the charter or ordinances of such city or town under the plan of government governing the same, or the budget or finance officer designated by the mayor, manager, or commissioners, to perform the functions, or portions thereof, contemplated by this chapter.

(5) "Fiscal biennium" means the period from January 1 of each odd-numbered year through December 31 of the next succeeding even-numbered year.

(6) "Fund" and "funds" where clearly used to indicate the plural of "fund" means the budgeting or accounting entity authorized to provide a sum of money for specified activities or purposes.

(7) "Fund" where not used to indicate the plural of "fund" means money in hand or available for expenditure or payment of a debt or obligation.

(8) Except as otherwise defined in this chapter, municipal accounting terms used in this chapter have the meaning prescribed by the state auditor pursuant to RCW 43.09.200. [1985 c 175 § 6.]

"Fiscal biennium" defined: RCW 1.16.020.

35.34.040 Biennial budget authorized—Limitations. All first and second class cities and towns are authorized to establish by ordinance a two-year fiscal biennium budget. The ordinance shall be enacted at least six months prior to commencement of the fiscal biennium and this chapter applies to all cities and towns which utilize a fiscal biennium budget. Cities and towns which establish a fiscal biennium budget are authorized to repeal such ordinance and provide for reversion to a fiscal year budget. The ordinance may only be repealed effective as of the conclusion of a fiscal biennium. However, the city or town shall comply with chapter 35.32A or 35.33 RCW, whichever the case may be, in developing and adopting the budget for the first fiscal year following repeal of the ordinance. [1994 c 81 § 56; 1985 c 175 § 7.]

35.34.050 Budget estimates—Submittal. On or before the second Monday of the fourth month prior to the beginning of the city’s or town’s next fiscal biennium, or at such other time as the city or town may provide by ordinance or charter, the clerk shall notify in writing the head of each department of a city or town to file with the clerk within fourteen days of the receipt of such notification, detailed estimates of the probable revenue from sources other than ad valorem taxation and of all expenditures required by the department for the ensuing fiscal biennium. The notice shall be accompanied by the proper forms provided by the clerk, prepared in accordance with the requirements and classification established by the state auditor. The clerk shall prepare the estimates for interest and debt redemption requirements and all other estimates, the preparation of which falls properly within the duties of the clerk’s office. The chief administrative officers of the city or town shall submit to the clerk detailed estimates of all expenditures proposed to be financed from the proceeds of bonds or warrants not yet authorized, together with a statement of the proposed method of financing them. In the absence or disability of the official or person regularly in charge of a department, the duties required by this section
shall devolve upon the person next in charge of such department. [1995 c 301 § 43; 1985 c 175 § 8.]

35.34.060  Budget estimates—Classification and segregation. All estimates of receipts and expenditures for the ensuing fiscal biennium shall be fully detailed in the biennial budget and shall be classified and segregated according to a standard classification of accounts to be adopted and prescribed by the state auditor after consultation with the Washington finance officers association, the association of Washington cities, and the association of Washington city managers. [1995 c 301 § 44; 1985 c 175 § 9.]

35.34.070 Proposed preliminary budget. On or before the first business day in the third month prior to the beginning of the biennium of a city or town or at such other time as the city or town may provide by ordinance or charter, the clerk or other person designated by the charter, by ordinances, or by the chief administrative officer of the city or town shall submit to the chief administrative officer a proposed preliminary budget which shall set forth the complete financial program of the city or town for the ensuing fiscal biennium, showing the expenditure program requested by each department and the sources of revenue by which each such program is proposed to be financed.

The revenue section shall set forth in comparative and tabular form for each fund the actual receipts for the last completed fiscal biennium, the estimated receipts for the current fiscal biennium, and the estimated receipts for the ensuing fiscal biennium, which shall include the amount to be raised from ad valorem taxes and unencumbered fund balances estimated to be available at the close of the current fiscal biennium. However, if the city or town was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years’ revenues to reflect actual and estimated receipts as if it had previously utilized a biennial budgetary process.

The expenditure section shall set forth in comparative and tabular form for each fund and every department operating within each fund the actual expenditures for the last completed fiscal biennium, the appropriations for the current fiscal biennium, and the estimated expenditures for the ensuing fiscal biennium. However, if the city or town was not utilizing a fiscal biennium budget for the previous three years, it shall set forth its fiscal years’ expenditures to reflect actual and estimated levels as if it had previously utilized a biennial budgetary process. The expenditure section shall further set forth separately the salary or salary range for each office, position, or job classification together with the title or position designation thereof. However, salaries may be set out in total amounts under each department if a detailed schedule of such salaries and positions be attached and made a part of the budget document. [1985 c 175 § 10.]

35.34.080 Preliminary budget. The chief administrative officer shall prepare the preliminary budget in detail, making any revisions or additions to the reports of the department heads deemed advisable by such chief administrative officer. At least sixty days before the beginning of the city’s or town’s next fiscal biennium the chief administrative officer shall file it with the clerk as the recommendation of the chief administrative officer for the final budget. The clerk shall provide a sufficient number of copies of such preliminary budget and budget message to meet the reasonable demands of taxpayers therefor and have them available for distribution not later than six weeks before the beginning of the city’s or town’s next fiscal biennium. [1985 c 175 § 11.]

35.34.090 Budget message—Hearings. (1) In every city or town, a budget message prepared by or under the direction of the city’s or town’s chief administrative officer shall be submitted as a part of the preliminary budget to the city’s or town’s legislative body at least sixty days before the beginning of the city’s or town’s next fiscal biennium and shall contain the following:

(a) An explanation of the budget document;
(b) An outline of the recommended financial policies and programs of the city or town for the ensuing fiscal biennium;
(c) A statement of the relation of the recommended appropriation to such policies and programs;
(d) A statement of the reason for salient changes from the previous biennium in appropriation and revenue items; and
(e) An explanation for any recommended major changes in financial policy.

(2) Prior to the final hearing on the budget, the legislative body or a committee thereof shall schedule hearings on the budget or parts thereof, and may require the presence of department heads to give information regarding estimates and programs. [1985 c 175 § 12.]

35.34.100 Budget—Notice of hearing. Immediately following the filing of the preliminary budget with the clerk, the clerk shall publish a notice once a week for two consecutive weeks stating that the preliminary budget for the ensuing fiscal biennium has been filed with the clerk, that a copy thereof will be made available to any taxpayer who will call at the clerk’s office therefor, that the legislative body of the city or town will meet on or before the first Monday of the month next preceding the beginning of the ensuing fiscal biennium for the purpose of fixing the final budget, designating the date, time, and place of the legislative budget meeting, and that any taxpayer may appear thereat and be heard for or against any part of the budget. The publication of the notice shall be made in the official newspaper of the city or town if there is one, otherwise in a newspaper of general circulation in the city or town. If there is no newspaper of general circulation in the city or town, then notice may be made by posting in three public places fixed by ordinance as the official places for posting the city’s or town’s official notices. [1985 c 175 § 13.]

35.34.110 Budget—Hearing. The legislative body shall meet on the day fixed by RCW 35.34.100 for the purpose of fixing the final budget of the city or town at the time and place designated in the notice thereof. Any taxpayer may appear and be heard for or against any part of the budget. The hearing may be continued from day to day but not later than the twenty-fifth day prior to commencement of the city’s or town’s fiscal biennium. [1985 c 175 § 14.]
35.34.120 Budget—Adoption. Following conclusion of the hearing, and prior to the beginning of the fiscal biennium, the legislative body shall make such adjustments and changes as it deems necessary or proper and, after determining the allowance in each item, department, classification, and fund, shall by ordinance adopt the budget in its final form and content. Appropriations shall be limited to the total estimated revenues contained therein including the amount to be raised by ad valorem taxes and the unencumbered fund balances estimated to be available at the close of the current fiscal biennium. Such ordinances may adopt the final budget by reference. However, the ordinance adopting the budget shall set forth in summary form the totals of estimated revenues and appropriations for each separate fund and the aggregate totals for all such funds combined.

A complete copy of the final budget as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 45; 1985 c 175 § 15.]

35.34.130 Budget—Mid-biennial review and modification. The legislative authority of a city or town having adopted the provisions of this chapter shall provide by ordinance for a mid-biennial review and modification of the biennial budget. The ordinance shall provide that such review and modification shall occur no sooner than eight months after the start nor later than conclusion of the first year of the fiscal biennium. The chief administrative officer shall prepare the proposed budget modification and shall provide for publication of notice of hearings consistent with publication of notices for adoption of other city or town ordinances. City or town ordinances providing for a mid-biennial review and modification shall establish procedures for distribution of the proposed modification to members of the city or town legislative authority, procedures for making copies available to the public, and shall provide for public hearings on the proposed budget modification. The budget modification shall be by ordinance approved in the same manner as are other ordinances of the city or town.

A complete copy of the budget modification as adopted shall be transmitted to the state auditor and to the association of Washington cities. [1995 c 301 § 46; 1985 c 175 § 16.]

35.34.140 Emergency expenditures—Nondebatable emergencies. Upon the happening of any emergency caused by violence of nature, casualty, riot, insurrection, war, or other unanticipated occurrence requiring the immediate preservation of order or public health, or for the property which has been damaged or destroyed by accident, or for public relief from calamity, or in settlement of approved claims for personal injuries or property damages, or to meet mandatory expenditures required by law enacted since the last budget was adopted, or to cover expenses incident to preparing for or establishing a new form of government authorized or assumed after adoption of the current budget, including any expenses incident to selection of additional or new officials required thereby, or incident to employee recruitment at any time, the city or town legislative body, upon the adoption of an ordinance, by the vote of one more than the majority of all members of the legislative body, stating the facts constituting the emergency and the estimated amount required to meet it, may make the expenditures therefor without notice or hearing. [1985 c 175 § 17.]

35.34.150 Emergency expenditures—Other emergencies—Hearing. If a public emergency which could not reasonably have been foreseen at the time of filing the preliminary budget requires the expenditure of money not provided for in the budget, and if it is not one of the emergencies specifically enumerated in RCW 35.34.140, the city or town legislative body before allowing any expenditure therefor shall adopt an ordinance stating the facts constituting the emergency and the estimated amount required to meet it and declaring that an emergency exists.

The ordinance shall not be voted on until five days have elapsed after its introduction, and for passage shall require the vote of one more than the majority of all members of the legislative body of the city or town.

Any taxpayer may appear at the meeting at which the emergency ordinance is to be voted on and be heard for or against the adoption thereof. [1985 c 175 § 18.]

35.34.160 Emergency expenditures—Warrants—Payment. All expenditures for emergency purposes as provided in this chapter shall be paid by warrants from any available money in the fund properly chargeable with such expenditures. If, at any time, there is insufficient money on hand in a fund with which to pay such warrants as presented, the warrants shall be registered, bear interest, and be called in the same manner as other registered warrants as prescribed in RCW 35.21.320. [1985 c 175 § 19.]

35.34.170 Registered warrants—Payment. In adopting the final budget for any fiscal biennium, the legislative body shall appropriate from estimated revenue sources available, a sufficient amount to pay the principal and interest on all outstanding registered warrants issued since the adoption of the last preceding budget except those issued and identified as revenue warrants and except those for which an appropriation previously has been made. However, no portion of the revenues which are restricted in use by law may be appropriated for the redemption of warrants issued against a utility or other special purpose fund of a self-supporting nature. In addition, all or any portion of the city’s or town’s outstanding registered warrants may be funded into bonds in any manner authorized by law. [1985 c 175 § 20.]

35.34.180 Adjustment of wages, hours, and conditions of employment. Notwithstanding the appropriations for any salary or salary range of any employee or employees adopted in a final budget, the legislative body of any city or town may, by ordinance, change the wages, hours, and conditions of employment of any or all of its appointive employees if sufficient funds are available for appropriation to such purposes. [1985 c 175 § 21.]

35.34.190 Forms—Accounting—Supervision by state. The state auditor is empowered to make and install the forms and classifications required by this chapter to define what expenditures are chargeable to each budget class and to establish the accounting and cost systems necessary to secure
accurate budget information. [1995 c 301 § 47; 1985 c 175 § 22.]

35.34.200 Funds—Limitations on expenditures—Transfers and adjustments. (1) The expenditures as classified and itemized in the final budget shall constitute the city’s or town’s appropriations for the ensuing fiscal biennium. Unless otherwise ordered by a court of competent jurisdiction, and subject to further limitations imposed by ordinance of the city or town, the expenditure of city or town funds or the incurring of current liabilities on behalf of the city or town shall be limited to the following:

(a) The total amount appropriated for each fund in the budget for the current fiscal biennium, without regard to the individual items contained therein, except that this limitation does not apply to wage adjustments authorized by RCW 35.34.180;

(b) The unexpended appropriation balances of a preceding budget which may be carried forward from prior fiscal periods pursuant to RCW 35.34.270;

(c) Funds received from the sale of bonds or warrants which have been duly authorized according to law;

(d) Funds received in excess of estimated revenues during the current fiscal biennium, when authorized by an ordinance amending the original budget; and

(e) Expenditures authorized by budget modification as provided by RCW 35.34.130 and those required for emergencies, as authorized by RCW 35.34.140 and 35.34.150.

(2) Transfers between individual appropriations within any one fund may be made during the current fiscal biennium by order of the city’s or town’s chief administrative officer subject to such regulations, if any, as may be imposed by the city or town legislative body. Notwithstanding the provisions of RCW 43.09.210 or of any statute to the contrary, transfers, as authorized in this section, may be made within the same fund regardless of the various offices, departments, or divisions of the city or town which may be affected.

(3) The city or town legislative body, upon a finding that it is to the best interests of the city or town to decrease, revoke, or recall all or any portion of the total appropriations provided for any one fund, may, by ordinance, approved by the vote of one more than the majority of all members thereof, stating the facts and findings for doing so, decrease, revoke, or recall all or any portion of an unexpended fund balance, and by said ordinance, or a subsequent ordinance adopted by a like majority, the moneys thus released may be reallocated for another purpose or purposes, without limitation to department, division, or fund, unless the use of such moneys is otherwise restricted by law, charter, or ordinance. [1985 c 175 § 23.]

35.34.205 Administration, oversight, or supervision of utility—Reimbursement from utility budget authorized. Whenever any city or town apportions a percentage of the city manager’s, administrator’s, or supervisor’s time, or the time of other management or general government staff, for administration, oversight, or supervision of a utility operated by the city or town, or to provide services to the utility, the utility budget may identify such services and budget for reimbursement of the city’s or town’s current expense fund for the value of such services. [1991 c 152 § 2.]

35.34.210 Liabilities incurred in excess of budget. Liabilities incurred by any officer or employee of the city or town in excess of any budget appropriations shall not be a liability of the city or town. The clerk shall issue no warrant and the city or town legislative body or other authorized person shall approve no claim for an expenditure in excess of the total amount appropriated for any individual fund, except upon an order of a court of competent jurisdiction or for emergencies as provided in this chapter. [1985 c 175 § 24.]

35.34.220 Funds received from sales of bonds and warrants—Expenditures. Moneys received from the sale of bonds or warrants shall be used for no other purpose than that for which they were issued and no expenditure shall be made for that purpose until the bonds have been duly authorized. If any unexpended fund balance remains from the proceeds realized from the bonds or warrants after the accomplishment of the purpose for which they were issued, it shall be used for the redemption of such bond or warrant indebtedness. Where a budget contains an expenditure program to be financed from a bond issue to be authorized thereafter, no such expenditure shall be made or incurred until after the bonds have been duly authorized. [1985 c 175 § 25.]

35.34.230 Revenue estimates—Amount to be raised by ad valorem taxes. At a time fixed by the city’s or town’s ordinance or city charter, not later than the first Monday in October of the second year of each fiscal biennium, the chief administrative officer shall provide the city’s or town’s legislative body with current information on estimates of revenues from all sources as adopted in the budget for the current biennium, together with estimates submitted by the clerk under RCW 35.34.070. The city’s or town’s legislative body and the city’s or town’s administrative officer or the officer’s designated representative shall consider the city’s or town’s total anticipated financial requirements for the ensuing fiscal biennium, and the legislative body shall determine and fix by ordinance the amount to be raised the first year of the biennium by ad valorem taxes. The legislative body shall review such information as is provided by the chief administrative officer and shall adopt an ordinance establishing the amount to be raised by ad valorem taxes during the second year of the biennium. Upon adoption of the ordinance fixing the amount of ad valorem taxes to be levied, the clerk shall certify the same to the county legislative authority as required by RCW 84.52.020. [1985 c 175 § 26.]

35.34.240 Funds—Quarterly report of status. At such intervals as may be required by city charter or city or town ordinance, however, being not less than quarterly, the clerk shall submit to the city’s or town’s legislative body and chief administrative officer a report showing the expenditures and liabilities against each separate budget appropriation incurred during the preceding reporting period and like information for the whole of the current fiscal biennium to the first day of the current reporting period together with the unex-
35.34.250 Contingency fund—Creation. Every city or town may create and maintain a contingency fund to provide moneys with which to meet any municipal expense, the necessity or extent of which could not have been foreseen or reasonably evaluated at the time of adopting the annual budget, or from which to provide moneys for those emergencies described in RCW 35.34.140 and 35.34.150. Such fund may be supported by a budget appropriation from any tax or other revenue source not restricted in use by law, or also may be supported by a transfer from other unexpended or decreased funds made available by ordinance as set forth in RCW 35.34.200. However, the total amount accumulated in such fund at any time shall not exceed the equivalent of thirty-seven and one-half cents per thousand dollars of assessed valuation of property within the city or town at such time. Any moneys in the emergency fund at the end of the fiscal biennium shall not lapse except upon reappropriation by the council to another fund in the adoption of a subsequent budget. [1985 c 175 § 28.]

35.34.260 Contingency fund—Withdrawals. No money shall be withdrawn from the contingency fund except by transfer to the appropriate operating fund authorized by a resolution or ordinance of the legislative body of the city or town, adopted by a majority vote of the entire legislative body, clearly stating the facts constituting the reason for the withdrawal or the emergency as the case may be, specifying the fund to which the withdrawn money shall be transferred. [1985 c 175 § 29.]

35.34.270 Unexpended appropriations. All appropriations in any current operating fund shall lapse at the end of each fiscal biennium. However, this shall not prevent payments in the following biennium upon uncompleted programs or improvements in progress or on orders subsequently filled or claims subsequently billed for the purchase of material, equipment, and supplies or for personal or contractual services not completed or furnished by the end of the fiscal biennium, all of which have been properly budgeted and contracted for prior to the close of such fiscal biennium, but furnished or completed in due course thereafter.

All appropriations in a special fund authorized by ordinance or by state law to be used only for the purpose or purposes therein specified, including any cumulative reserve funds lawfully established in specific or general terms for any municipal purpose or purposes, or a contingency fund as authorized by RCW 35.34.250, shall not lapse, but shall be carried forward from biennium to biennium until fully expended or the purpose has been accomplished or abandoned, without necessity of reappropriation.

The accounts for budgetary control for each fiscal biennium shall be kept open for twenty days after the close of such fiscal biennium for the purpose of paying and recording claims for indebtedness incurred during such fiscal biennium; any claim presented after the twentieth day following the close of the fiscal biennium shall be paid from appropriations lawfully provided for the ensuing period, including those made available by provisions of this section, and shall be recorded in the accounts for the ensuing fiscal biennium. [1985 c 175 § 30.]

35.34.280 Violations and penalties. Upon the conviction of any city or town official, department head, or other city or town employee of knowingly failing, or refusing, without just cause, to perform any duty imposed upon such officer or employee by this chapter, or city charter or city or town ordinance, in connection with the giving of notice, the preparing and filing of estimates of revenues or expenditures or other information required for preparing a budget report in the time and manner required, or of knowingly making expenditures in excess of budget appropriations, the official or employee shall be guilty of a misdemeanor and shall be fined not more than five hundred dollars for each separate violation. (1) System for providing the city or town and the inhabitants thereof with water, which system includes as a whole or as a part thereof water mains, hydrants or appurtenances which are authorized subjects for local improvements under RCW 35.43.040(13) or other law; or a

Has further provided in accordance with any applicable provisions of the Constitution or statutory authority for the issuance and sale of revenue bonds to pay the cost of all or a portion of any such system, such legislative authority shall have the authority to establish utility local improvement districts, and to levy special assessments on all property specially benefited by any such local improvement to pay in whole or in part the damages or costs of any local improvements so provided for.

The initiation and formation of such utility local improvement districts and the levy, collection and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are now or hereafter provided by law for the initiation and formation of local improvement districts in cities and towns and the levy, collection and enforcement of assessments pursuant thereto.

It must be specified in any petition or resolution initiating the formation of such a utility local improvement district in a city or town and in the ordinance ordered pursuant thereto, that the assessments shall be for the sole purpose of payment into such revenue bond fund as may be specified by the legislative authority for the payment of revenue bonds issued to defray the cost of such system or facilities or any portion thereof as provided for in this section.

Assessments in any such utility local improvement district may be made on the basis of special benefits up to but not in excess of the total cost of the local improvements portion of any system or facilities payable by issuance of revenue bonds. No warrants or bonds shall be issued in any such utility local improvement district, but the collection of interest and principal on all assessments in such utility local improvement district, when collected, shall be paid into any such revenue bond fund.

When in the petition or resolution for establishment of a local improvement district and in the ordinance ordered pursuant thereto, it is specified or provided that the assessments shall be for the sole purpose of payment into a revenue bond fund for the payment of revenue bonds, then the local improvement district shall be designated a "utility local improvement district".

35.43.045 Open canals or ditches—Safeguards. Every city or town shall have the right of entry upon all irrigation, drainage, or flood control canal or ditch rights-of-way within its limits for all purposes necessary to safeguard the public from the hazards of such open canals or ditches, and the right to cause to be constructed, installed, and maintained upon or adjacent to such rights-of-way safeguards as provided in RCW 35.43.040: PROVIDED, That such safeguards must not unreasonably interfere with maintenance of the canal or ditch or with the operation thereof. The city or town, at its option, notwithstanding any laws to the contrary, may require the irrigation, drainage, flood control, or other district, agency, person, corporation, or association maintaining the canal or ditch to supervise the installation and construction of such safeguards, or to maintain the same. If such option is exercised reimbursement must be made by the city or town for all actual costs thereof. [1965 c 7 § 35.43.045. Prior: 1959 c 75 § 2.]

When the legislative body of any city or town finds that all of the property within a local improvement district or utility local improvement district will be benefited by the improvements as a whole, a local improvement district or utility local improvement district may include adjoining, vicinal, or neighboring streets, avenues, and alleys or other improvements even though the improvements thus made are not connected or continuous. The assessment rates may be ascertained on the basis of the special benefits of the improvements as a whole to the properties within the entire local improvement district or utility local improvement district, or on the basis of the benefit of each unit of the improvements to the properties specially benefited by that unit, or the assessment rates may be ascertained by a combination of the two bases. Where no finding is made by the legislative body as to the benefit of the improvements as a whole to all of the property within a local improvement district or utility local improvement district, the cost and expense of each continu-
ous unit of the improvements shall be ascertained separately, as near as may be, and the assessment rates shall be computed on the basis of the cost and expense of each unit. In the event of the initiation of a local improvement district authorized by this section or a utility local improvement district authorized by this section, the legislative body may, in its discretion, eliminate from the district any unit of the improvement which is not connected or continuous and may proceed with the balance of the improvement within the local improvement district or utility local improvement district, as fully and completely as though the eliminated unit had not been included within the improvement district, without the giving of any notices to the property owners remaining within the district, other than such notices as are required by the provisions of this chapter to be given subsequent to such elimination.

Charters of cities of the first class may prescribe further limitations. In cities and towns other than cities of the first class, the ordinance must receive the affirmative vote of at least two-thirds of the members of the council if, prior to its passage, written objections to its enactment are filed with the city clerk by or on behalf of the owners of a majority of the lineal frontage of the improvement and of the area within the limits of the proposed improvement district. [1965 c 7 § 35.43.070. Prior: (i) 1911 c 98 § 8; RRS § 9359. (ii) 1911 c 98 § 66; RRS § 9419.]

If the petition is found to be sufficient and in all proceedings initiated by resolution of the legislative authority of the city or town, the estimates must be accompanied by a diagram showing thereon the lots, tracts, and parcels of land and other property which will be specially benefited by the proposed improvement and the estimated amount of the cost and expense thereof to be borne by each lot, tract, or parcel of land or other property: PROVIDED, That no such diagram shall be required where such estimates are on file in the office of the city engineer, or other designated city office, together with a detailed copy of the preliminary assessment roll and the plans and assessment maps of the proposed improvement.

For the purpose of estimating and levying local improvement assessments, the value of property of the United States, of the state, or of any county, city, town, school district, or other public corporation whose property is not assessed for general taxes shall be computed according to the standards afforded by similarly situated property which is assessed for general taxes. 35.43.180 Restraint by protest. The jurisdiction of the legislative authority of a city or town to proceed with any local improvement initiated by resolution shall be divested by a protest filed with the city or town council within thirty days from the date of passage of the ordinance ordering the improvement, signed by the owners of the property within the proposed local improvement district or utility local improvement district subject to sixty percent or more of the total cost of the improvement including federally-owned or other non-assessable property as shown and determined by the preliminary estimates and assessment roll of the proposed improvement district or, if all or part of the local improvement district or utility local improvement district lies outside of the city or town, such jurisdiction shall be divested by a protest filed in the same manner and signed by the owners of property which is within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, and which is subject to sixty percent or more of that part of the total cost of the improvement allocable to property within the proposed local improvement district or utility local improvement district but outside the boundaries of the city or town, including federally-owned or other non-assessable property: PROVIDED, That such restraint by protest shall not apply to any of the following local improvements, if the legislative body finds and recites in the ordinance or resolution authorizing the improvement that such improvement is necessary for the protection of the public health and safety and such ordinance or resolution is passed by unanimous vote of all members present: (1) Sanitary sewers or water mains where the health officer of the city or town, or department of ecology, files with the legislative authority a report showing the necessity for such improvement; and (2) fire hydrants where the chief of the fire department files a report showing the necessity for such improvement. 35.43.182 Waivers of protest—Recording—Limits on enforceability. The contract may provide for reimbursement to the owner of such costs from the proceeds of bonds issued by the district after formation of a district under this chapter, from assessments paid to the district as appropriate, or by a credit in the amount of such costs against future assessments assessed against such property under the district. Such reimbursement shall be made to the owner of the property at the time of reimbursement. The contract shall also provide that such costs shall not be reimbursed to the owner if a district to construct the specified improvements (as the project may be amended) is not formed within six years of the date of the contract. 35.44.030 Assessment district—Zones. For the purpose of ascertaining the amount to be assessed against each separate lot, tract, parcel of land or other property therein, the local improvement district or utility local improvement district shall be divided into subdivisions or zones paralleling the margin of the street, avenue, lane, alley, boulevard, park drive, parkway, public place or public square to be improved, numbered respectively first, second, third, fourth, and fifth.

35.44.040 Assessment rate per square foot. The rate of assessment per square foot in each subdivision of an improvement district shall be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, fourth and fifth, respectively, are related to each other as are the numbers, forty-five, twenty-five, twenty, ten, and five, respectively, and shall be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, fourth, and fifth, respectively, and the numbers forty-five, twenty-five, twenty, ten, and five, respectively, shall be ascertained;

(2) The aggregate sum thereof shall be divided into the total cost and expense of the improvement;

(3) The resultant quotient multiplied by forty-five, twenty-five, twenty, ten, and five, respectively, shall be the respective rate of assessment per square foot for subdivisions first, second, third, fourth and fifth: PROVIDED, That in lieu of the above formula the rate of assessment per square foot in each subdivision of an improvement district may be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, fourth and fifth, respectively, are related to each other as are the numbers 0.015000, 0.008333, 0.006666, 0.003333, and 0.001666, respectively; and the method of determining the assessment
on each lot, tract, or parcel of land in the improvement district may be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, fourth and fifth, respectively, for each lot, tract or parcel of land in the improvement district and the numbers 0.015000, 0.008333, 0.006666, 0.003333 and 0.001666, respectively, shall be ascertained. The sum of all such products for each such lot, tract or parcel of land shall be the number of "assessable units of frontage" therein;

(2) The rate for each assessable unit of frontage shall be determined by dividing that portion of the total cost of the improvement representing special benefits by the aggregate sum of all assessable units of frontage;

(3) The assessment for each lot, tract or parcel of land in the improvement district shall be the product of the assessable units of frontage therefor, multiplied by the rate per assessable unit of frontage. [1965 c 7 § 35.44.040. Prior: 1911 c 98 § 13, part; Rem. Supp. 1947 § 9365, part.]

35.44.045 Open canals or ditches—Safeguards—Ascertaining assessments. As an alternative to other methods of ascertaining assessments for local improvements, in a local improvement district established for safeguarding open canals or ditches, the district may be sectioned into subdivisions or zones paralleling the canal or ditch, numbered respectively, first, second, third and fourth. Each subdivision shall be equal to one-quarter of the width of the district as measured back from the margin of the canal right-of-way. The rate of assessment per square foot in each subdivision so formed shall be fixed on the basis that the special benefits conferred on a square foot of land in subdivisions first, second, third, and fourth, respectively, are related to each other as are the numbers forty, thirty, twenty, and ten, respectively, and shall be ascertained in the following manner:

(1) The products of the number of square feet in subdivisions first, second, third, and fourth, respectively, and the numbers forty, thirty, twenty, and ten, respectively, shall be ascertained;

(2) The aggregate sum thereof shall be divided into the total cost and expense of the local improvement;

(3) The resultant quotient multiplied by forty, thirty, twenty, and ten, respectively, shall be the respective rate of assessment per square foot for each subdivision. [1965 c 7 § 35.44.045. Prior: 1959 c 75 § 3.]

35.44.047 Other methods of computing assessments may be used. Notwithstanding the methods of assessment provided in RCW 35.44.030, 35.44.040 and 35.44.045, the city or town may use any other method or combination of methods to compute assessments which may be deemed to more fairly reflect the special benefits to the properties being assessed. The failure of the council to specifically recite in its ordinance ordering the improvement and creating the local improvement district that it will not use the zone and termini method of assessment shall not invalidate the use of any other method or methods of assessment. [1969 ex.s. c 258 § 7.]

35.44.050 Assessment roll—Entry of assessments against property. The total assessment thus ascertained against each separate lot, tract, parcel of land, or other property in the district shall be entered upon the assessment roll as the amount to be levied and assessed against each separate lot, tract, parcel of land, or other property. The same procedure may be followed with respect to any assessment upon the roll which is raised or changed to include omitted property. Such legislative authority shall direct the clerk to give notice of the hearing and of the time and place thereof. [1994 c 71 § 1; 1979 ex.s. c 100 § 1; 1965 c 7 § 35.44.070. 35.44.280  Reassessments—When authorized. In all cases of special assessments for local improvements wherein the assessments are not valid in whole or in part for want of form, or insufficiency, informality, irregularity, or nonconformance with the provisions of law, charter, or ordinance, the city or town council may reassess the assessments and enforce their collection in accordance with the provisions of law and ordinance existing at the time the reassessment is made. This shall apply not only to an original assessment but also to any reassessment, to any assessment upon omitted property and to any supplemental assessment which is declared void and its enforcement refused by any court or which for any cause has been set aside, annulled or declared void by any court either directly or by virtue of any decision thereof.  [1965 c 7 § 35.44.280. Prior:  1911 c 98 § 42, part; 1893 c 96 § 3; RRS § 9395, part.]

35.44.290  Reassessments—Basis—Property included. Every reassessment shall be made upon the property which has been or will be specially benefited by the local improvement and may be made upon property whether or not it abuts upon, is adjacent to, or proximate to the improvement or was included in the original assessment district. Property not included in the original improvement district when so assessed shall become a part of the improvement district and all payments of assessments shall be paid into and become part of the local improvement fund to pay for the improvement.

Property in the original local improvement district which is excluded in reassessment need not be entered upon the assessment roll. Every reassessment must be based upon the actual cost of the improvement at the time of its completion.  [1965 c 7 § 35.44.290. Prior:  (i) 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part.  (ii) 1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.300  Reassessments—Irregularities not fatal. The fact that the contract has been let or that the improvement has been made and completed in whole or in part shall not prevent the reassessment from being made, nor shall the omission or neglect of any office or officers to comply with the law, the charter, or ordinances governing the city or town as to petition, notice, resolution to improve, estimate, survey, diagram, manner of letting contract, or execution of work or any other matter connected with the improvement and the first assessment thereof operate to invalidate or in any way affect the making of a reassessment.  [1965 c 7 § 35.44.300. Prior:  1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.310  Reassessments—Amount thereof. The reassessment shall be for an amount which shall not exceed the actual cost and expense of the improvement, together with the accrued interest thereon, it being the true intent and meaning of the statutes relating to local improvements to make the cost and expense of local improvements payable by the property specially benefited thereby, notwithstanding the proceedings of the council, board of public works or other board, officer, or authority may be found to be irregular or defective, whether jurisdictional or otherwise.  [1965 c 7 § 35.44.310. Prior:  1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.320  Reassessments—Credit for prior payments. In case of reassessment, all sums paid on the former attempted assessments shall be credited to the property on account of which they were paid.  [1965 c 7 § 35.44.320. Prior:  1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.330  Reassessments—Payment. In case of reassessment after the certification of the assessment roll to the city or town treasurer for collection, the same length of time for payment of the assessment thereon without the imposition of any penalties or interest and the notice that the assessments are in the hands of the treasurer for collection shall be given as in case of an original assessment. After delinquency, penalties and interest may be charged as in cases of original assessment and if the original assessment was payable in installments, the new assessment may be divided into equal installments and made payable at such times as the city or town council may prescribe in the ordinance ordering the new assessment.  [1965 c 7 § 35.44.330. Prior:  1911 c 98 § 43, part; 1909 c 71 § 1, part; 1893 c 95 § 2, part; RRS § 9396, part.]

35.44.340  Reassessments—Limitation of time for. No city or town shall have jurisdiction to proceed with any reassessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time the original assessment for the same improvement was finally held to be invalid, insufficient or for any cause set aside, in whole or in part or its enforcement denied directly or indirectly by the courts.  [1965 c 7 § 35.44.340. Prior:  1911 c 98 § 45, part; RRS § 9398, part.]

35.44.350  Reassessments, assessments on omitted property, supplemental assessments—Provisions governing. All of the provisions of law relating to the filing of

(2010 Ed.)
assessments, time and place for hearing thereon, notice of hearing, the hearing upon the roll, the confirmation of the assessment roll, the time when the assessments become a lien upon the property assessed, the proceedings on appeal from any such assessment, the method of collecting the assessment and all proceedings for enforcing the lien thereof shall be had and conducted the same in the case of reassessments, assessments on omitted property, or supplemental assessments as in the case of an original assessment. [1965 c 7 § 35.44.350. Prior: 1911 c 98 § 44; 1893 c 95 § 1; RRS § 9397.]

35.44.360 Assessments on omitted property—Authority. If by reason of mistake, inadvertence, or for any cause, property in a local improvement district or utility local improvement district which except for its omission would have been subject to assessment has been omitted from the assessment roll, the city or town council, upon its own motion, or upon the application of the owner of any property in the district which has been assessed for the improvement, may proceed to assess the property so omitted in accordance with the benefits accruing to it by reason of the improvement in proportion to the assessments levied upon other property in the district. [1967 c 52 § 12; 1965 c 7 § 35.44.360. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.370 Assessments on omitted property—Resolution—Notice. In case of assessments on omitted property the city or town council shall pass a resolution:

(1) Setting forth that the property therein described was omitted from the assessment;

(2) Notifying all persons who may desire to object thereto to appear at a meeting of the city or town council at a time specified in the resolution and present their objections thereto, and

(3) Directing the proper board, officer, or authority to report to the council at or prior to the date fixed for the hearing the amount which should be borne by each lot, tract, or parcel of land or other property so omitted. The resolution shall be published in all respects as provided for publishing the resolutions for an original assessment. [1965 c 7 § 35.44.370. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.380 Assessments on omitted property—Confirmation ordinance—Collection. At the conclusion of the hearing or any adjournment thereof upon proposed assessments on omitted property the council shall consider the matter as though the property were included in the original roll and may confirm the roll or any portion thereof by ordinance. Thereupon the roll of omitted property shall be certified to the treasurer for collection as other assessments. [1965 c 7 § 35.44.380. Prior: 1911 c 98 § 37, part; RRS § 9390, part.]

35.44.390 Supplemental assessments—When authorized. If by reason of any mistake, inadvertence, or other cause, the amount assessed was not equal to the cost and expense of a local improvement or that portion thereof to be paid by assessment of the property benefited the city or town council shall make supplemental assessments on all the property in the district. The property found to be specially bene-fitted shall not be limited to the property included in the original assessment district.

These assessments shall be made in accordance with the provisions of law, charter, and ordinances existing at the time of the levy. [1965 c 7 § 35.44.390. Prior: 1911 c 98 § 42, part; 1893 c 96 § 3, part; RRS § 9395, part.]

35.44.400 Supplemental assessments—Limitation of time for. No city or town shall have jurisdiction to proceed with any supplemental assessment unless the ordinance ordering it is passed by the city or town council within ten years from and after the time that it was finally determined that the total amount of valid assessments levied and assessed on account of a local improvement was insufficient to pay the whole or that portion of the cost and expense thereof to be paid by special assessment. [1965 c 7 § 35.44.400. Prior: 1911 c 98 § 45, part; RRS § 9398, part.]

35.44.410 Segregation of assessments. Whenever any land against which there has been levied any special assessment by any city or town shall have been sold in part or subdivided, the legislative authority of that city or town shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the city or town which levied the assessment. If the legislative authority thereof determines that a segregation should be made, it shall by resolution order the city or town treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the city or town treasurer who shall proceed to make the segregation ordered upon being tendered a fee of ten dollars for each tract of land for which a segregation is to be made. In addition to such charge the legislative authority of the city or town may require as a condition to the order of segregation that the person seeking it pay the city or town the reasonable engineering and clerical costs incident to making the segregation. No segregation need be made if the legislative authority of the city or town shall find that by such segregation the security of the lien for such assessment will be so jeopardized as to reduce the security for any outstanding local improvement district obligations payable from such assessment. [1969 ex.s. c 258 § 10.]

35.44.420 Property donations—Credit against assessments. A city legislative authority may give credit for all or any portion of any property donation against an assessment, charge, or other required financial contribution for transportation improvements within a local improvement district. The credit granted is available against any assessment, charge, or other required financial contribution for any trans-
portation purpose that uses the donated property. [1987 c 267 § 9.]

35.45.065 Interest on bonds—Payment from general revenues—Authority—Procedure. The city or town council may provide by ordinance that all or part of the interest on said bonds shall be paid from the general revenues of the city or town and may create a local improvement district bond interest fund for this purpose. If the city or town council determine that the city or town shall pay all interest on such bonds from its general revenues, the interest coupons attached to the bond shall recite that the interest thereby evidenced is payable from general revenues. If the city or town council determines that the city or town council shall pay a part of the interest on such bonds from its general revenues, the interest coupons representing interest payable from the general revenues of the city or town shall be denominated as "B" coupons and shall recite that the interest payable thereunder is payable from the general revenues of the city or town. [1967 ex.s. c 44 § 2.]

35.45.070 Nonliability of city or town. (1)(a) Neither the holder nor owner of any bond, interest coupon, warrant, or other short-term obligation issued against a local improvement fund shall have any claim therefor against the city or town by which it is issued, except for payment from the special assessments made for the improvement for which the bond or warrant was issued and except also for payment from the local improvement guaranty fund of the city or town as to bonds issued after the creation of a local improvement guaranty fund of that city or town. The city or town shall not be liable to the holder or owner of any bond, interest coupon, warrant, or other short-term obligation for any loss to the local improvement guaranty fund occurring in the lawful operation thereof.

(b) A copy of the foregoing in (a) of this subsection shall be plainly written, printed, or engraved on each bond, interest coupon, warrant, or other short-term obligation.

(2) Notwithstanding the provisions of subsection (1) of this section, with respect to bonds, interest coupons, warrants, or other short-term obligations issued under an ordinance providing that the obligations are not secured by the local improvement guaranty fund:

(a) Neither the holder nor owner of any obligation issued against a local improvement fund shall have any claim against the city or town by which it is issued, except for payment from the special assessments made for the improvement for which the obligation was issued.

(b) A copy of the foregoing in (a) of this subsection shall be plainly written, printed, or engraved on each bond, interest coupon, warrant, or other short-term obligation. 35.45.080 Remedy of bondholders. If a city or town fails to pay any bonds or to promptly collect any local improvement assessments when due, the owner of the bonds may proceed in his or her own name to collect the assessment and foreclose the lien thereof in any court of competent jurisdiction and shall recover in addition to the amount of the bond and interest thereon, five percent, together with the cost of suit. Any number of holders of bonds for any single improvement may join as plaintiffs and any number of owners of property upon which the assessments are liens may be joined as defendants in the same suit.

The owners of local improvement bonds issued by a city or town after the creation of a local improvement guaranty fund therein, shall also have recourse against the local improvement guaranty fund of such city or town unless the ordinance under which the bonds were issued provides that the bonds are not secured by the local improvement guaranty fund. 35.45.090 Excess to be refunded—Demand—Right of action. Any funds in the treasury of any municipal corporation belonging to the fund of any local improvement district after the payment of the whole cost and expense of such improvement, in excess of the total sum required to defray all the expenditures by such municipal corporation on account thereof, shall be refunded, on demand, to the payers into such fund. Each such payer shall be entitled to such proportion of such excess as his or her original assessment bears to the entire original assessment levied for such improvement. Such municipal corporation may, after one year from the date on which the last installment becomes due, transfer any balance remaining on hand to the general fund of such municipal corporation, but shall, notwithstanding such transfer remain liable for the refund herein provided for until such refund shall have been made, unless the actual cost involved in making such refund shall exceed the excess in such fund.

Such demand shall be made in writing to the treasurer of such municipal corporation. No action shall be commenced in any court to obtain any such refund, except upon such demand, and until ninety days after making such demand. No excess shall be recovered in any action where the excess in the fund does not average the sum of one dollar in favor of all payers into such fund.

This section shall not be deemed to require the refunding of any balance left in any local improvement fund after the

payment of all outstanding obligations issued against such fund, where such balance accrues from any saving in interest or from penalties collected upon delinquent assessments, but any such balance, whether accruing heretofore or hereafter, may be turned into the general fund or otherwise disposed of, as the legislative authority of the city may direct.

The provisions of this chapter relating to the refund of excess local improvement district funds shall not apply to any district whose obligations are guaranteed by the local improvement guaranty fund. [2009 c 549 § 2082; 1965 c 7 § 35.45.090. Prior: 1917 c 140 § 1; 1909 c 108 § 1; RRS § 9351.]

35.45.130 Warrants against local improvement fund authorized. Every city and town may provide by ordinance for the issuance of warrants in payment of the cost and expense of any local improvement, payable out of the local improvement district fund. The warrants shall bear interest at a rate or rates established by the issuing officer under the direction of the legislative authority of the city or town and shall be redeemed either in cash or by local improvement bonds for the same improvement authorized by ordinance.

All warrants against any local improvement fund sold by the city or town or issued to a contractor and by him or her sold or hypothecated for a valuable consideration shall be claims and liens against the improvement fund against which they are drawn prior and superior to any right, lien, or claim of any surety upon the bond or bonds given to the city or town by or for the contractor to secure the performance of his or her contract or to secure the payment of persons who have performed work thereon, furnished materials therefor, or provisions and supplies for the carrying on of the work. [2009 c 549 § 2083; 1981 c 323 § 3; 1970 ex.s. c 56 § 36; 1965 c 7 § 35.45.130. Prior: 1953 c 117 § 1; prior: 1915 c 168 § 3; 1911 c 98 § 72; 1899 c 146 § 7; RRS 9425.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

35.45.140 Warrants acceptable in payment of assessments. Cities and towns may accept warrants drawn against any local improvement fund upon such conditions as they may by ordinance or resolution prescribe, in satisfaction of:

(1) Assessments levied to supply such fund, in due order of priority of right;

(2) Judgments rendered against property owners who have become delinquent in the payment of assessments levied to supply such fund; and

(3) In payment of certificates of purchase in cases where property of delinquents has been sold under execution or at tax sale for failure to pay assessments levied to supply such fund. 35.45.150 Installment notes—Interest certificates. In addition to the issuance of bonds and warrants in payment of the cost and expense of any local improvement, any city or town may also issue and sell installment notes payable out of the local improvement district fund. Such installment notes may be issued any time after the thirty day period allowed by law for the payment of assessments of any district without penalty or interest, and may bear any denomination or denominations, the aggregate of which shall represent the balance of the cost and expense of the local improvement district which is to be borne by the property owners therein.

Application of local improvement district funds for the reduction of the principal and interest amounts due on any notes herein provided to finance said improvement shall be made not less than once each year beginning with the issue date thereof. Appropriate notification of such application of funds shall be made by the city or town treasurer to the registered payees of said notes, except those notes owned by funds of the issuing municipality. Such notes may be registered as provided in RCW 39.46.030. If more than one local improvement installment note is issued for a single district, said notes shall be numbered consecutively. All notes issued shall bear on the face thereof: (1) The name of the payee; (2) the number of the local improvement district from whose funds the notes are payable; (3) the date of issue of each note; (4) the date on which the note, or the final installment thereon shall become due; (5) the rate or rates of interest, as provided by the city or town legislative authority, to be paid on the unpaid balance thereof, and; (6) such manual or facsimile signatures and attestations as are required by state statute or city charter to appear on the warrants of each issuing municipality.

The reverse side of each installment note issued pursuant to this section shall bear a tabular payment record which shall indicate at prescribed installment dates, the receipt of any local improvement district funds for the purpose of servicing the debt evidenced by said notes. Such receipts shall first be applied toward the interest due on the unpaid balance of the note, and any additional moneys shall thereafter apply as a reduction of the principal amount thereof. The tabular payment record shall, in addition to the above, show the unpaid principal balance due on each installment note, together with sufficient space opposite each transaction affecting said note for the manual signature of the city’s or town’s clerk, treasurer or other properly designated receiving officer of the municipality, or of any other registered payee presenting said note for such installment payments.

Whenever there are insufficient funds in a local improvement district to meet any payment of installment interest due on any note herein authorized, a noninterest-bearing defaulted installment interest certificate shall be issued by the city or town treasurer which shall consist of a written statement certifying the amount of such defaulted interest installment; the name of the payee of the note to whom the interest is due and the number of the local improvement district from whose funds the note and interest thereon is payable. Such certificates may be registered as provided in RCW 39.46.030. The certificate herein provided shall bear the manual signature of the city or town treasurer or his or her authorized agent. The defaulted installment interest certificate so issued shall be redeemed for the face amount thereof with any available funds in the local improvement guaranty fund.

Whenever at the date of maturity of any installment note issued pursuant to this section, there are insufficient funds in a local improvement district, due to delinquencies in the collection of assessments, to pay the final installment of the principal due thereon, the note shall be redeemed with any
available funds in the local improvement guaranty fund for the amount of said final installment.

All certificates and notes issued pursuant to this section are to become subject to the same redemption privileges as apply to any local improvement district bonds and warrants now accorded the protection of the local improvement guaranty fund as provided in chapter 35.54 RCW, and whenever the certificates or notes issued as herein provided are redeemed by said local improvement guaranty fund, they shall be held therein as investments thereof in the same manner as prescribed for other defaulted local improvement district obligations.

Notwithstanding any other statutory provisions, local improvement installment notes authorized by this section which are within the protection of the local improvement guaranty fund law shall be considered legal investments for any available surplus funds of the issuing municipality which now or hereafter may be authorized to be invested in the city’s or town’s local improvement districts’ bonds or warrants and shall be considered legal investments for all national and state banks, savings and loan institutions, and any and all other commercial banking or financial institutions to the same extent that the local improvement district bonds and any coupons issued pursuant to the provisions of this chapter have been and are legal investments for such institutions. Any such local improvement installment notes may be transferred or sold by said city or town upon such terms or conditions and in such manner as the local governing body of said city or town may determine, or may be issued to another fund of the city or town: PROVIDED, HOWEVER, That the same shall not be sold at less than par plus accrued interest.

Notwithstanding the provisions of this section, such notes and certificates may be issued, and such notes may be sold, in accordance with chapter 39.46 RCW. [2009 c 549 § 2084; 1983 c 167 § 44. 35.45.155 Installment notes—Refunding. Any city or town having issued one or more installment notes pursuant to RCW 35.45.150 may refund all of such notes or the principal thereof then outstanding payable from any one local improvement district fund by the issuance of local improvement district bonds pursuant to chapter 35.45 RCW and by the payment into the city or town fund or funds holding such notes the then outstanding principal amount of such notes plus the interest thereon accrued to the date of such refunding. The bonds shall be payable from the same local improvement district fund from which such notes were payable; shall be payable no later than the final payment date of the notes being refunded; shall be in the same total principal amount as the outstanding principal amount of the notes being refunded less any sums in the local improvement district fund the city or town applies to the redemption of such notes; and shall be sold at not less than par plus accrued interest to date of delivery. Any interest payable on the bonds in excess of the interest payable on assessment installments payable into the local improvement district fund shall be paid from the general fund of the city or town in accordance with RCW 35.45.065. The principal proceeds and interest accrued to date of delivery of the bonds shall be paid into the local improvement district fund and the notes shall be redeemed on that date. The city or town shall pay all costs and expenses of such refunding from moneys available therefor. [1969 ex.s. c 258 § 12.]

35.45.160 Consolidated local improvement districts—Authorized—Purpose. For the purpose of issuing bonds only, the governing body of any municipality may authorize the establishment of consolidated local improvement districts. The local improvements within such consolidated districts need not be adjoining, vicinal or neighboring. If the governing body orders the creation of such consolidated local improvement districts, the moneys received from the installment payment of the principal of and interest on assessments levied within original local assessment districts shall be deposited in a consolidated local improvement district bond redemption fund to be used to redeem outstanding consolidated local improvement district bonds. [1967 ex.s. c 44 § 3.]

35.45.170 Refunding bonds—Limitations. The legislative authority of any city or town may issue and sell bonds to refund outstanding local improvement district or consolidated local improvement district bonds issued after June 7, 1984, on the earliest date such outstanding bonds may be redeemed following the date of issuance of such refunding bonds. Such refunding shall be subject to the following:

(1) The refunding shall result in a net interest cost savings after paying the costs and expenses of the refunding, and the principal amount of the refunding bonds may not exceed the principal balance of the assessment roll or rolls pledged to pay the bonds being refunded at the time of the refunding.

(2) The refunding bonds shall be paid from the same local improvement fund or bond redemption fund as the bonds being refunded.

(3) The costs and expenses of the refunding shall be paid from the proceeds of the refunding bonds, or the same local improvement district fund or bond redemption fund for the bonds being refunded, except the city or town may advance such costs and expenses to such fund pending the receipt of assessment payments available to reimburse such advances.

(4) The last maturity of the refunding bonds shall be no later than one year after the last maturity of bonds being refunded.

(5) The refunding bonds may be exchanged for the bonds being refunded or may be sold in the same manner permitted at the time of sale for local improvement district bonds.

(6) All other provisions of law applicable to the refunded bonds shall apply to the refunding bonds. [1984 c 186 § 66.]

Purpose—1984 c 186: See note following RCW 39.46.110.

35.45.180 Transfer from general fund to local improvement fund authorized—Ordinance. its local improvement funds to be used for the purposes of these local improvement funds, including the payment of bonds, interest coupons, warrants, or other short-term obligations. The powers granted by this section are to be exercised at the discretion of a council when found to be in the public interest, but money transferred by means of these powers shall not be pledged to the payment of any local improvement district obligations. [2003 c 139 § 1.]

Effective date—2003 c 139: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 7, 2003]." [2003 c 139 § 4.]

35.47.010 Distribution of moneys in local improvement funds to holders of bonds and warrants—Notice—Time limitation—Abandonment and transfer to general fund. Any city or town having any outstanding and unpaid local improvement bonds or warrants issued in connection with a local improvement therein to which the local guaranty fund law is not applicable and that have been delinquent for more than fifteen years, by ordinance, may direct that the money, if any, remaining in a given local improvement fund for which no real property is held in trust shall be distributed by the city or town on a pro rata basis, without any reference to numerical order, to the holders of outstanding bonds or warrants for each such fund, excluding the accrued interest thereon. If the outstanding bonds or warrants are not presented for payment within one year after the last date of publication of notice provided for herein, the money being held in the local improvement fund of a city or town shall be deemed abandoned, and shall be transferred to the city or town general fund: PROVIDED, That the city or town shall publish a notice once each week for two successive weeks in the official newspaper of the city or town in which it is indicated that L.I.D. bonds for . . . . (bonds or warrants) for . . . . L.I.D. improvement Nos. . . . . to . . . . inclusive will be canceled as provided in RCW 35.47.020, unless such bonds or warrants are presented to the city or town within one year from the date of last publication of the notice, together with good cause shown as to why such cancellation should not take place. 35.48.010 Special revolving fund for delinquent nonguaranteed bonds and warrants—Composition. If any city or town has issued bonds or warrants payable from a local improvement or condemnation award fund, to which the local improvement guaranty fund law is not applicable, and if the assessment, or last installment thereof, against which the bonds or warrants were issued has been delinquent not more than thirty-two years, the city or town may create a special
revolving fund and may provide moneys therefor by general tax levy, if the levy, together with other levies made or authorized by such city or town, will not exceed the levy which is legally allowed; or such city or town may place in said fund or advance or loan to said fund any money which it is not prohibited by law from advancing, loaning to or placing in said fund. [1965 c 7 § 35.48.010. Prior: 1961 c 46 § 1; 1943 c 244 § 2; Rem. Supp. 1943 § 9351-11.]

Purpose—1943 c 244: "WHEREAS, there are many millions of dollars of delinquent and unpaid local improvement district and condemnation award bonds and warrants issued by various cities of the state and not protected by the Local Improvement Guaranty Fund, only a small part of which for the present at least can be paid and many of which will never be paid because of inability of property owners to pay the special assessments levied to provide funds for payment thereof and the depreciated value of the real estate which is the only security provided by present law from which payment of the assessments may be enforced; and, WHEREAS, the cities are not legally liable under existing law for payment of such bonds and warrants except as there are moneys available in the special fund from which the same are payable; and, WHEREAS, such cities and its citizens as a whole have derived benefit from the improvements installed with the proceeds or as a result of the issuance of such bonds and warrants; and, WHEREAS, the non-payment of such unpaid and delinquent bonds and warrants not only causes great hardship and suffering on those who have invested money in such bonds and warrants, but also reflects discredit on the financial structure of the various cities involved, to the detriment of the cities as a whole and also the entire state; NOW, THEREFORE, this law is enacted to enable cities to provide some relief from the hardship imposed by such conditions." [1943 c 244 § 1.]

35.48.020 Use of revolving fund—Maximum bond price. Any moneys in such revolving fund may be used for the purchase of unpaid delinquent local improvement warrants, or bonds and interest payments, or bonds and interest coupons thereon, issued by the city or town, payable from a local improvement district fund or condemnation award fund, to which the local improvement guaranty fund law is not applicable, if the assessment, or last installment thereof, against which the bonds or warrants have been issued, has been delinquent not more than thirty-two years. The maximum purchase price to be paid for said bonds or warrants shall be fixed by the municipality, and may from time to time be changed but shall never exceed fifty percent of the face value of the bonds, interest payments, interest coupons, or warrants: PROVIDED, That no warrants shall be issued payable from the revolving fund unless there is sufficient cash in said fund available for payment of such warrants. [1983 c 167 § 45; 1965 c 7 § 35.48.020. Prior: 1961 c 46 § 2; 1943 c 244 § 3; Rem. Supp. 1943 § 9351-12.]

Additional notes found at www.leg.wa.gov

35.48.030 Subrogation—Refund of surplus. The purchase of any such bonds or warrants shall not relieve the local improvement or condemnation award fund from which the same are payable from liability for payment of the same, but the city or town upon purchase thereof shall become subrogated to all the rights of the former owners thereof and may proceed to enforcement of said bonds or warrants as any owner thereof might do. The city or town may sell any property acquired by it in such proceedings upon such terms and for such prices as it sees fit, or it may resell any of the bonds or warrants for such prices as it shall fix.

Any excess in any local improvement district fund or condemnation award fund which will average a payment of one dollar to each payer into said fund shall, after payment, retirement, or cancellation of all bonds or warrants payable from said fund, be refunded and paid to the payers into the fund in the proportion that their respective assessments bear to the entire original assessment levied for such improvement, and any unpaid assessments, or portion thereof, shall be reduced in the same proportion. Any proceeds derived from the sale of any bonds or warrants, or from the sale of real estate, shall be placed in the revolving fund. [1965 c 7 § 35.48.030. Prior: 1943 c 244 § 4; Rem. Supp. 1943 § 9351-13.]

35.48.040 Refund to revolving fund. If there are funds in any local improvement district fund or condemnation award fund sufficient to pay or retire any bond or warrant issued and payable from said fund, and the city or town is the owner and holder of the bond or warrant next payable from the fund, the city or town treasurer shall from the moneys in the local improvement or condemnation award fund place in the revolving fund a sum of money equivalent to the amount paid by the city or town for such bond or warrant and shall thereupon cancel, mark paid and remove from said revolving fund such bond or warrant. [1965 c 7 § 35.48.040. Prior: 1943 c 244 § 5; Rem. Supp. 1943 § 9351-14.]

35.48.050 Purchase of warrants on previous funds—Transfer of assets to revolving fund—Disposition. Whenever a city or town has heretofore by ordinance created a fund for use in purchasing delinquent local improvement or condemnation award bonds or warrants not protected by the local improvement guaranty fund law, and has purchased any such bonds or warrants and issued warrants payable from said fund, which warrants are unpaid because of lack of funds and have remained unpaid for a period of less than thirty-two years from date of issue thereof, the city or town may use any funds available in the revolving fund to purchase said warrants at such price as it may determine, but in no event at more than fifty percent of the face value, without interest.

Whenever all such warrants have been purchased or paid, the city or town may transfer to the revolving fund any bonds, warrants or other assets belonging to said fund first above mentioned, and thereafter such bonds, warrants or other assets shall be held and disposed of for the benefit of said revolving fund in the same manner as other funds and assets therein: PROVIDED, That nothing contained in this chapter shall legalize any warrants heretofore issued or rendered any city or town liable thereunder. [1965 c 7 § 35.48.050. Prior: 1961 c 46 § 3; 1943 c 244 § 6; Rem. Supp. 1943 § 9351-15.]

35.48.060 Procedure governed by ordinance. All actions of a city or town respecting the purchase of bonds and warrants or sales of bonds, warrants or assets of the revolving fund shall be as directed by general or special ordinance. All assessments for local improvements in local improvement districts shall be collected by the city treasurer and shall be kept in a separate fund to be known as "local improvement fund, district No. . . . ." and shall be used for no other purpose than the redemption of warrants drawn upon and bonds issued against the fund to provide payment for the cost and expense of the improvement.

As soon as the assessment roll has been placed in the hands of the city or town treasurer for collection, he or she shall publish a notice in the official newspaper of the city or town once a week for two consecutive weeks, that the roll is in his or her hands for collection and that all or any portion of the assessment may be paid within thirty days from the date of the first publication of the notice without penalty, interest or costs.

Within fifteen days of the first newspaper publication, the city or town treasurer shall notify each owner or reputed owner whose name appears on the assessment roll, at the address shown on the tax rolls of the county treasurer for each item of property described on the list, of the nature of the assessment, of the amount of his or her real property subject to such assessment, of the total amount of assessment due, and of the time during which such assessment may be paid without penalty, interest, or costs. 35.49.020 Installments—Number—Due date. In all cases where bonds are issued to pay the cost and expense of a local improvement, the ordinance levying the assessments shall provide that the sum charged against any lot, tract, and parcel of land or other property, or any portion thereof, may be paid during the thirty day period allowed for the payment of assessments without penalty or interest and that thereafter the sum remaining unpaid may be paid in equal annual principal installments or in equal annual installments of principal and interest. The number of installments shall be less by two than the number of years which the bonds issued to pay for the improvement are to run. The estimated interest rate may be stated in the ordinance confirming the assessment roll. Where payment is required in equal annual principal installments, interest on the whole amount unpaid at the rate fixed by the ordinance authorizing the issuance and sale of the bonds shall be due on the due date of the first installment of principal and each year thereafter on the due date of each installment of principal: PROVIDED, That the legislative authority of any city or town having made a bond issue payable on or before twenty-two years after the date of issue may provide by ordinance that all assessments and portions of assessments unpaid after the thirty day period allowed for payment of assessments without penalty or interest may be paid in ten equal installments beginning with the eleventh year and ending with the twentieth year from the expiration of said thirty day period, together with interest on the unpaid installments at the rate fixed by such ordinance, and that in each year after the said thirty day period, to and including the tenth year thereafter, one installment of interest on the principal sum of the assessment at the rate so fixed shall be paid and collected, and that beginning with the eleventh year after the thirty day period one installment of the principal, together with the interest due thereon, and on all installments thereafter to become due shall be paid and collected. 35.49.030 Ordinance to prescribe time of payment—Interest—Penalties. Every city and town shall prescribe by ordinance within what time assessments or installments thereof shall be paid, and shall provide for the payment and collection of interest thereon at a rate as shall be fixed by the legislative body of the city or town. Assessments or installments thereof, when delinquent, in addition to such interest, shall bear such penalty not less than five percent as shall be by general ordinance prescribed. [1971 ex.s.c 116 § 5; 1969 ex.s. c 258 § 15; 1965 c 7 § 35.49.030. Prior: 1955 c 353 § 3; prior: 1927 c 275 § 1, part; 1921 c 92 § 1, part; 1911 c 98 § 24, part; RRS § 9376, part.]

35.49.040 Payment without interest or penalty. The owner of any lot, tract, or parcel of land or other property charged with local improvement assessment may redeem it from all or any portion thereof by paying to the city or town treasurer all or any portion thereof without interest within thirty days after the first publication by the treasurer of notice that the assessment roll is in his or her hands for collection. [2009 c 549 § 2086; 1965 c 7 § 35.49.040. Prior: 1911 c 98 § 50, part; RRS § 9403, part.]
35.49.050 Prepayment of installments subsequently due. The owner of any lot, tract, or parcel of land or other property charged with a local improvement assessment may redeem it from all liability for the unpaid amount of the assessment at any time after the thirty day period allowed for payment of assessments without penalty or interest by paying the entire installments of the assessment remaining unpaid to the city or town treasurer with interest thereon to the date of maturity of the installment next falling due. [1965 c 7 § 35.49.050. Prior: 1911 c 98 § 50, part; RRS § 9403, part.]

35.49.060 Payment by city or town. On or before the fifteenth day of August of each year, the city or town treasurer shall certify to the city or town council a detailed statement showing:

(1) The proceedings authorizing and confirming any local improvement assessments or utility local improvement assessments affecting city or town property,

(2) The lots, tracts, or parcels of land of the city or town so assessed,

(3) The several assessments against each,

(4) The interest, penalties, and charges thereon,

(5) The penalties and charges which will accrue upon the assessments to the date of payment, and

(6) The total of all such assessments, interest, penalty, and charges.

The longest outstanding liens shall be paid first, but if the money in the "city (or town) property assessments redemption fund" is insufficient at any time to discharge all such liens against the lands of the city or town upon a given assessment roll, the city or town treasurer may pay such portion thereof as may be possible from the funds available.

If deemed necessary, the city or town council may transfer money from the general fund to the redemption fund as a loan to be repaid when the money is available for repayment. [1967 c 52 § 14; 1965 c 7 § 35.49.060. Prior: 1929 c 183 § 2, part; 1909 c 130 § 2; RRS § 9345, part.]

Upon the confirmation of the assessment roll for a local improvement district or utility local improvement district, the city treasurer shall certify and forward to the board of county commissioners a statement of all the lots, tracts, and parcels of land or other property held or owned by the district, assessed thereon, separately describing each lot, tract, or parcel with the amount of the assessment charged against it.

If title to any property thus described was acquired by the county through foreclosure of general tax liens, the county shall:

(1) Pay the assessment from the proceeds of the sale of the property; or

(2) Sell the property subject to the lien of the assessment. [1967 c 52 § 15; 1965 c 7 § 35.49.070. Prior: 1929 c 139 § 1; 1905 c 29 § 3; RRS § 9342.]

35.49.080 Payment by metropolitan park district. Upon the confirmation of the assessment roll for a local improvement district or utility local improvement district, the city treasurer shall certify and forward to the board of park commissioners of any metropolitan park district in which the city is located, a statement of all the lots, tracts, and parcels of land or other property held or owned by the district, assessed thereon, separately describing each lot, tract, or parcel with the amount of the assessment charged against it.

The board of park commissioners shall cause the amount of the local assessments to be paid as other claims against the metropolitan park district are paid. [1967 c 52 § 16; 1965 c 7 § 35.49.080. Prior: 1929 c 204 § 3; RRS § 9343-3.]

35.49.090 Payment by joint owner. If any assessment for a local improvement, or an installment thereof, or judgment for either of them is paid, or a certificate of sale for either of them is redeemed by a joint owner of any of the property so assessed, he or she may, after demand and refusal, recover from his or her co-owners, by an action brought in superior court, the respective portions of the payment which each co-owner should bear. He or she shall have a lien upon the undivided interests of his or her co-owners from the date of the payment made by him or her and in the action shall recover interest at ten percent from the date of payment by him or her and the costs of the action in addition to the principal sum due him or her. [2009 c 549 § 2087; 1965 c 7 § 35.49.090. Prior: 1911 c 98 § 62; RRS § 9415.]

35.49.100 Payment in error—Remedy. If, through error or inadvertence, a person pays any assessment for a local improvement or an installment thereof upon the lands of another, he or she may, after demand and refusal, recover from the owner of such lands, by an action in the superior court, the amount so paid and the costs of the action. [2009 c 549 § 2088; 1965 c 7 § 35.49.100. Prior: 1911 c 98 § 65; RRS § 9418.]

35.49.110 Record of payment. If the amount of any assessment for a local improvement with interest, penalty, costs, and charges accrued thereon is paid to the treasurer before sale of the property in foreclosure of the lien thereon, the city or town treasurer shall mark it paid upon the assessment roll with the date of payment thereof. [1965 c 7 § 35.49.110. Prior: 1927 c 275 § 2; 1911 c 98 § 30; RRS § 9382.]

If any property situated in a local improvement district or utility local improvement district created by a city or town is offered for sale for general taxes by the county treasurer, the city or town shall have power to protect the lien or liens of any local improvement assessments outstanding against the whole or portion of such property by purchase at the treasurer’s foreclosure sale. [1995 c 38 § 2; 1994 c 301 § 4; 1965 c 7 § 35.49.130. Prior: (i) 1911 c 98 §

35.50.010 Assessment lien—Attachment—Priority.

35.50.005 Filing of title, diagram, expense—Posting proposed roll. Within fifteen days after any city or town has ordered a local improvement and created a local improvement district, the city or town shall cause to be filed with the officer authorized by law to collect the assessments for such improvement, the title of the improvement and district number and a copy of the diagram or print showing the boundaries of the district and preliminary assessment roll or abstract of same showing thereon the lots, tracts and parcels of land that will be specially benefited thereby and the estimated cost and expense of such improvement to be borne by each lot, tract, or parcel of land. Such officer shall immediately post the proposed assessment roll upon his or her index of local improvement assessments against the properties affected by the local improvement. [2009 c 549 § 2089; 1965 c 7 § 35.50.005. Prior: 1955 c 353 § 1.]

The charge assessed upon the respective lots, tracts, or parcels of land and other property in the assessment roll confirmed by ordinance of the city or town council for the purpose of paying the cost and expense in whole or in part of any local improvement, shall be a lien upon the property assessed from the time the assessment roll is placed in the hands of the city or town treasurer for collection, but as between the grantor and grantee, or vendor and vendee of any real property, when there is no express agreement as to payment of the local improvement assessments against the real property, the lien of such assessment shall attach thirty days after the filing of the diagram or print and the estimated cost and expense of such improvement to be borne by each lot, tract, or parcel of land, as provided in RCW 35.50.005. Interest and penalty shall be included in and shall be a part of the assessment lien.

If the city or town council in making assessments against any property within any local improvement district or utility local improvement district has acted in good faith and without fraud, the assessments shall be valid and enforceable as such and the lien thereof upon the property assessed shall be valid.

It shall be no objection to the validity of the assessment, or the lien thereof:

(1) That the contract for the improvement was not awarded in the manner or at the time required by law; or

(2) That the assessment was made by an unauthorized officer or person if the assessment roll was confirmed by the city or town authorities; or

(3) That the assessment is based upon a front foot basis, or upon a basis of benefits to the property within the improvement district unless it is made to appear that the city or town authorities did not act in good faith and did not attempt to act
fairly in regard thereto or unless it is made to appear that the city or town authorities acted fraudulently or oppressively in making the assessment.

All local improvement assessments heretofore or hereafter made by city or town authorities in good faith are valid and in full force and effect. [1967 c 52 § 17; 1965 c 7 § 35.50.020. Prior: 1911 c 98 § 61; RRS § 9414.]

35.50.030 Authority and conditions precedent to foreclosure. If on the first day of January in any year, two installments of any local improvement assessment are delinquent, or if the final installment thereof has been delinquent for more than one year, the city or town shall proceed with the foreclosure of the delinquent assessment or delinquent installments thereof by proceedings brought in its own name in the superior court of the county in which the city or town is situate.

The proceedings shall be commenced on or before March 1st of that year or on or before such other date in such year as may be fixed by general ordinance, but not before the city or town treasurer has notified by certified mail the persons whose names appear on the current assessment roll as owners of the property charged with the assessments or installments which are delinquent, at the address last known to the treasurer, a notice thirty days before the commencement of the proceedings. If the person whose name appears on the assessment rolls of the county assessor as owner of the property, or whose name appears on the tax rolls of the county treasurer as taxpayer of the property, or the address shown for the owner, differs from that appearing on the city or town assessment roll, then the treasurer shall also mail a copy of the notice to that person or that address.

The notice shall state the amount due, including foreclosure costs, upon each separate lot, tract, or parcel of land and the date after which the proceedings will be commenced. The city or town treasurer shall file with the clerk of the superior court at the time of commencement of the foreclosure proceeding the affidavit of the person who mailed the notices. This affidavit shall be conclusive proof of compliance with the requirements of this section. [2002 c 168 § 1; 1997 c 393 § 1; 1983 c 303 § 18; 1982 c 91 § 1; 1981 c 323 § 6; 1965 c 7 § 35.50.030. 35.50.260 Procedure—Parties and property included. In foreclosing local improvement assessment liens, it is not necessary to bring a separate suit for each of the lots, tracts, or parcels of land or other property or for each separate local improvement district or utility local improvement district. All or any of the lots, tracts, or parcels of land or other property upon which local improvement assessments are delinquent under any and all local improvement assessment rolls in the city or town may be proceeded against in the same action. For all lots, tracts, or parcels which contain a residential structure with an assessed value of at least two thousand dollars, all persons owning or claiming to own the property shall be made defendants thereto. For all other lots, tracts, or parcels of land or other property upon which local improvement assessments, if the lot, tract, or parcel contains a residential structure with an assessed value of at least two thousand dollars, the summons shall be served by either personal service on the defendants or by certified and regular mail. [1983 c 303 § 20; 1982 c 91 § 5; 1965 c 7 § 35.50.250. Prior: 1983 c 9 § 2, part; RRS § 9386-1, part.]

35.50.240 Procedure—Pleadings and evidence. In foreclosing local improvement assessment liens, the assessment roll and the ordinance confirming it, or duly authenticated copies thereof shall be prima facie evidence of the regularity and legality of the proceedings connected therewith and the burden of proof shall be on the defendants. 35.50.260 Procedure—Trial and judgment—Notice of sale. In foreclosing local improvement assessments the action shall be tried to the court without a jury. If the parties interested in any particular lot, tract, or parcel default, the court may enter judgment of foreclosure and sale as to such parties and lots, tracts, or parcels and the action may proceed as to the remaining defendants and lots, tracts, or parcels. Judgment and order of sale may be entered as to any one or more separate lots, tracts, or parcels involved in the action and the court shall retain jurisdiction to others.

The judgment shall specify separately the amount of the installments with interest, penalty, and all reasonable administrative costs, including, but not limited to, the title searches, chargeable to each lot, tract, or parcel. The judgment shall have the effect of a separate judgment as to each lot, tract, or parcel described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the lots, tracts, or parcels therein described sold by the city or town treasurer or by the county sheriff and an order of sale shall issue pursuant thereto for the enforcement of the judgment.

In all other respects, the trial, judgment, and appeals to the supreme court or the court of appeals shall be governed by the statutes governing the foreclosure of mortgages on real property.

Prior to the sale of the property, if the property is shown on the property tax rolls under unknown owner or if the property contains a residential structure having an assessed value of two thousand dollars or more, the treasurer shall order or conduct a title search of the property to determine the record title holders and all persons claiming a mortgage, deed of
trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

At least thirty days prior to the sale of the property, a copy of the notice of sale shall be mailed by certified and regular mail to all defendants in the foreclosure action as to that parcel, lot, or tract and, if the owner is unknown or the property contains a residential structure having an assessed value of two thousand dollars or more, a copy of the notice of sale shall be mailed by regular and certified mail to any additional record title holders and persons claiming a mortgage, deed of trust, or mechanic's, laborer's, materialmen's, or vendor's lien on the property.

In all other respects the procedure for sale shall be conducted in the same manner as property tax sales described in RCW 84.64.080. [1997 c 393 § 3; 1983 c 303 § 21; 1982 c 91 § 7; 1971 c 81 § 93; 1965 c 7 § 35.50.260. Prior: 1933 c 9 § 2, part; RRS § 9386-1, part.]

35.51.010 Definitions. The definitions set forth in this section apply throughout this chapter.
(1) "Local improvement district" means any local improvement district, local utility district, or any other similar special assessment district.
(2) "Municipality" means any city, town, county, metropolitan municipal corporation, or any other municipal corporation or quasi-municipal corporation of the state of Washington authorized to order local improvements, to establish local improvement districts, and to levy special assessments on property specially benefited thereby to pay the expense of the improvements.
(3) "Permissible floor area" means the maximum total floor area, at grade and above and below grade, of a building or other structure that may lawfully be developed on a property.
(4) "Private land use restriction" means any restriction on the use of property imposed by agreement and enforceable by a court of law and that the legislative authority of a municipality determines is useful in measuring special benefits to a property from an improvement. Such restrictions include but are not limited to easements, covenants, and equitable servitudes that are not mere personal obligations.
(5) "Public land use restriction" means any restriction on the use of property imposed by federal, state, or local laws, regulations, ordinances, or resolutions. Such restrictions include but are not limited to local zoning ordinances and historic preservation statutes. [1985 c 397 § 5.]

35.51.020 Joint planning, construction, and operation of improvements. A municipality may contract with any other municipality, with a public corporation, or with the state of Washington, for the following purposes:
(1) To have the acquisition or construction of the whole or any part of an improvement performed by another municipality, by a public corporation, or by the state of Washington;
(2) To pay, from assessments on property within a local improvement district or from the proceeds of local improvement district bonds, notes or warrants, the whole or any part of the expense of an improvement ordered, constructed, acquired, or owned by another municipality or a public corporation; or
(3) To integrate the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of one municipality or a public corporation with the planning, financing, construction, acquisition, management, or operation, or any combination thereof, of the improvements of another municipality or public corporation on such terms and conditions as may be mutually agreed upon including, but not limited to, the allocation of the costs of the improvements and the allocation of planning, financing, construction, management, operation, or other responsibilities. [1987 c 242 § 5; 1985 c 397 § 6.]

Additional notes found at www.leg.wa.gov

35.51.030 Alternative or additional method of assessment—Classification of property. (1) As an alternative or in addition to other methods of ascertaining assessments for local improvements, the legislative authority of a municipality may develop and apply a system of classification of properties based upon some or all of the public land use restrictions or private land use restrictions to which such property may be put at the time the assessment roll is confirmed.
(2) The legislative authority of a municipality may classify property into office, retail, residential, public, or any other classifications the legislative authority finds reasonable, and may levy special assessments upon different classes of property at different rates, but in no case may a special assessment exceed the special benefit to a particular property. A municipality also may exempt certain classes of property from assessment if the legislative authority of the municipality determines that properties within such classes will not specially benefit from the improvement.
(3) For each property within a classification, the legislative authority of the municipality may determine the special assessment after consideration of any or all of the following:
(a) Square footage of the property;
(b) Permissible floor area;
(c) Private land use restriction;
(d) Public land use restriction.
(c) Distance from or proximity of access to the local improvement;

(d) Private land use restrictions and public land use restrictions;

(e) Existing facilities on the property at the time the assessment roll is confirmed; and

(f) Any other factor the legislative authority finds to be a reasonable measure of the special benefits to the properties being assessed.

(4) If after the assessment roll is confirmed, the legislative authority of a municipality finds that the lawful uses of any assessed property have changed and that the property no longer falls within its original classification, the legislative authority may, in its discretion, reclassify and reassess such property whether or not the bonds issued to pay any part of such costs remain outstanding. If such reassessment reduces the total outstanding assessments within the local improvement district, the legislative authority shall either reassess all other properties upward in an aggregate amount equal to such reduction, or shall pledge additional money, including money in a reserve fund, to the payment of principal of and interest on such bonds in an amount equal to such reduction.

(5) When the legislative authority of a municipality determines that it will use the alternative or additional method of assessment authorized by this section, it may select and describe the method or methods of assessment in the ordinance ordering a local improvement and creating a local improvement district if such method or methods of assessment have been described in the notice of hearing required under RCW 35.43.150. If the method or methods of assessment are so selected and described in the ordinance ordering a local improvement and creating a local improvement district, the action and decision of the legislative authority as to such method or methods of assessment shall be final and conclusive, and no lawsuit whatsoever may be maintained challenging such method or methods of assessment unless that lawsuit is served and filed no later than thirty days after the date of passage of the ordinance ordering the improvement, and creating the district or, when applicable, no later than thirty days after the expiration of the thirty-day protest period provided in RCW 35.43.180. [1985 c 397 § 7.]

**35.51.040 Reserve fund authorized—Use.** For the purpose of securing the payment of the principal of and interest on an issue of local improvement bonds, notes, warrants, or other short-term obligations, the legislative authority of a municipality may create a reserve fund in an amount not exceeding fifteen percent of the principal amount of the bonds, notes, or warrants issued. The cost of a reserve fund may be included in the cost and expense of any local improvement for assessment against the property in the local improvement district to pay the cost, or any part thereof. The reserve fund may be provided for from the proceeds of the bonds, notes, warrants, or other short-term obligations, from special assessment payments, or from any other money legally available therefor. The legislative authority of a municipality shall provide that after payment of administrative costs a sum in proportion to the ratio between the part of the original assessment against a given lot, tract, or parcel of land in a local improvement district assessed to create a reserve fund, if any, and the total original amount of such assessment, plus a proportionate share of any interest accrued in the reserve fund, shall be credited and applied, respectively, to any nondelinquent portion of the principal of that assessment and any nondelinquent installment interest on that assessment paid by a property owner, but in no event may the principal amount of bonds outstanding exceed the principal amount of assessments outstanding. Whether the payment is made during the thirty-day prepayment period referred to in RCW 35.49.010 and 35.49.020 or thereafter and whenever all or part of a remaining nondelinquent assessment or any nondelinquent installment payment of principal and interest is paid, the reserve fund balance shall be reduced accordingly as each such sum is thus credited and applied to a nondelinquent principal payment and a nondelinquent interest payment. Each payment of a nondelinquent assessment or any nondelinquent installment payment of principal and interest shall be reduced by the amount of the credit. The balance of a reserve fund remaining after payment in full and retirement of all local improvement bonds, notes, warrants, or other short-term obligations secured by such fund shall be transferred to the municipality’s guaranty fund.

Where, before July 26, 1987, a municipality established a reserve fund under this section that did not provide for a credit or reimbursement of the money remaining in the reserve fund to the owners of the lots, tracts, or parcels of property subject to the assessments, the balance in the reserve fund shall be distributed, after payment in full and retirement of all local improvement district bonds and other obligations secured by the reserve fund, to those owners of the lots, tracts, or parcels of property subject to the assessments at the time the final installment or assessment payment on the lot, tract, or parcel was made. No owner is eligible to receive reimbursement for a lot, tract, or parcel if a lien on an unpaid assessment, or an installment thereon, that was imposed on such property remains in effect at the time the reimbursement is made or was foreclosed on the property. The amount to be distributed to the owners of each lot, tract, or parcel that is eligible for reimbursement shall be equal to the balance in the reserve fund, multiplied by the assessment imposed on the property subject to the assessments at the time the final installment or assessment payment on the lot, tract, or parcel was made. The amount to be distributed to the owners of each lot, tract, or parcel divided by the total of all the assessments on the lots, tracts, or parcels eligible for reimbursement. [1987 c 340 § 1; 1985 c 397 § 8.]

**35.51.050 Loan agreements—Assessments may be pledged.** Assessments for local improvements in a local improvement district created by a municipality may be pledged and applied when collected to the payment of its obligations under a loan agreement entered into under chapter 39.69 RCW to pay costs of improvements in such a local improvement district. [1997 c 426 § 4.]

35.54.010  Establishment. (1) There is established in every city and town a fund to be designated the "local improvement guaranty fund" for the purpose of guaranteeing, to the extent of the fund, the payment of its local improvement bonds and warrants or other short-term obligations issued to pay for any local improvement ordered in the city or town or in any area wholly or partly outside its corporate boundaries: (a) In any city of the first class having a population of more than three hundred thousand, subsequent to June 8, 1927; (b) in any city or town having created and maintained a guaranty fund under chapter 141, Laws of 1923, subsequent to the date of establishment of such fund; and (c) in any other city or town subsequent to April 7, 1926: PROVIDED, That this shall not apply to any city of the first class which maintains a local improvement guaranty fund under chapter 138, Laws of 1917, but any such city maintaining a guaranty fund under chapter 138, Laws of 1917 may by ordinance elect to operate under the provisions of this chapter and may transfer to the guaranty fund created hereunder all the assets of the former fund and, upon such election and transfer, all bonds guaranteed under the former fund shall be guaranteed under the provisions of this chapter.

(2) The local improvement guaranty fund established under subsection (1) of this section shall not be subject to any claim by the owner or holder of any local improvement bond, warrant, or other short-term obligation issued under an ordinance that provides that such obligations shall not be secured by the local improvement guaranty fund. 35.54.020  Rules and regulations. Every city and town operating under the provisions of this chapter shall prescribe by ordinance appropriate rules and regulations for the maintenance and operation of the guaranty fund not inconsistent with the provisions of this chapter. [1965 c 7 § 35.54.020. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s.c. 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.030  Source—Interest and earnings. Interest and earnings from the local improvement guaranty fund shall be paid into the fund. [1965 c 7 § 35.54.030. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s.c. 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.040  Source—Subrogation rights to assessments. Whenever any sum is paid out of the local improvement guaranty fund on account of principal or interest of a local improvement bond or warrant, the city or town as trustee of the fund shall be subrogated to all the rights of the holder of the bond or interest coupon or warrant so paid, and the proceeds thereof, or of the underlying assessment, shall become part of the guaranty fund. [1965 c 7 § 35.54.040. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s.c. 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.050  Source—Surplus from improvement funds. If in any local improvement fund guaranteed by a local improvement guaranty fund there is a surplus remaining after the payment of all outstanding bonds and warrants payable therefrom, it shall be paid into the local improvement guaranty fund. [1965 c 7 § 35.54.050. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s.c. 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.060  Source—Taxation. For the purpose of maintaining the local improvement guaranty fund, every city and town shall, at the time of making its annual budget and tax levy, provide for the levy of a sum sufficient, with the other sources of the fund, to pay the warrants issued against the fund during the preceding fiscal year and to establish a balance therein: PROVIDED, That the levy in any one year shall not exceed the greater of: (1) Twelve percent of the outstanding obligations guaranteed by the fund, or (2) the total
amount of delinquent assessments and interest accumulated on the delinquent assessments before the levy as of September 1.

The taxes levied for the maintenance of the local improvement guaranty fund shall be additional to and, if need be, in excess of all statutory and charter limitations applicable to tax levies in any city or town. [1981 c 323 § 7; 1965 c 7 § 35.54.060. Prior: (i) 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part. Special assessments or taxation for local improvements—State Constitution Art. 7 § 9.

35.54.070 Use of fund—Purchase of bonds, coupons and warrants. Defaulted bonds, interest coupons and warrants against local improvement funds shall be purchased out of the guaranty fund, and as between the several issues of bonds, coupons, or warrants no preference shall exist, but they shall be purchased in the order of their presentation. [1965 c 7 § 35.54.070. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.080 Use of fund—Purchase of general tax certificates or property on or after foreclosure—Disposition. For the purpose of protecting the guaranty fund, so much of the guaranty fund as is necessary may be used to purchase certificates of delinquency for general taxes on property subject to local improvement assessments which underlie the bonds, coupons, or warrants guaranteed by the fund, or to purchase such property at county tax foreclosures, or from the county after foreclosure.

The city or town, as trustee of the fund, may foreclose the lien of general tax certificates of delinquency and purchase the property at foreclosure sale; when doing so the court costs, costs of publication, expense for clerical work and other expenses incidental thereto shall be charged to and paid from the local improvement guaranty fund.

After acquiring title to property by purchase at general tax foreclosure sale or from the county after foreclosure, a city or town may lease it or sell it at public or private sale at such price on such terms as may be determined by resolution of the council. All proceeds shall belong to and be paid into the local improvement guaranty fund. [1965 c 7 § 35.54.080. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.090 Warrants against fund. Warrants drawing interest at a rate established by the issuing officer under the direction of the legislative authority of the city or town shall be issued against the local improvement guaranty fund to meet any liability accruing against it. The warrants so issued shall at no time exceed five percent of the outstanding obligations guaranteed by the fund. [1981 c 323 § 8; 1965 c 7 § 35.54.090. Prior: 1933 c 109 § 1, part; 1927 c 209 § 3, part; 1925 ex.s. c 183 § 3, part; 1923 c 141 § 3, part; RRS § 9351-3, part.]

35.54.095 Transfer of assets to general fund—When authorized—Payment of claims as general obligations, when. (1) Any city or town maintaining a local improvement guaranty fund under this chapter, upon certification by the city or town treasurer that the local improvement guaranty fund has sufficient funds currently on hand to meet all valid outstanding obligations of the fund and all other obligations of the fund reasonably expected to be incurred in the near future, may by ordinance transfer assets from such fund to its general fund. The net cash of the local improvement guaranty fund may be reduced by such transfer to an amount not less than ten percent of the net outstanding obligations guaranteed by such fund.

(2) If, at any time within five years of any transfer of assets from the local improvement guaranty fund to the general fund of a city or town, the net cash of the local improvement guaranty fund is reduced below the minimum amount specified in subsection (1) of this section, the city or town shall, to the extent of the amount transferred, pay valid claims against the local improvement guaranty fund as a general obligation of the city or town. In addition, such city or town shall pay all reasonable costs of collection necessarily incurred by the holders of valid claims against the local improvement guaranty fund. [1979 c 55 § 1.]

35.54.100 Deferral of collection of assessments for economically disadvantaged persons—Payment from guaranty fund—Liens—Payment dates for deferred obligations. Whenever payment of a local improvement district assessment is deferred pursuant to the provisions of RCW 35.43.250 the amount of the deferred assessment shall be paid out of the local improvement guaranty fund. The local improvement guaranty fund shall have a lien on the benefited property in an amount equal to the deferral together with interest as provided for by the establishing ordinance.

The lien may accumulate up to an amount not to exceed the sum of two installments: PROVIDED, That the ordinance creating the local improvement district may provide for one or additional deferrals of up to two installments. Local improvement assessment obligations deferred under chapter 137, Laws of 1972 ex. sess. shall become payable upon the earliest of the following dates:

(1) Upon the date and pursuant to conditions established by the political subdivision granting the deferral; or
(2) Upon the sale of property which has a deferred assessment lien upon it from the purchase price; or
(3) Upon the death of the person to whom the deferral was granted from the value of his or her estate; except a surviving spouse shall be allowed to continue the deferral which shall then be payable by that spouse as provided in this section. [2009 c 549 § 2092; 1972 ex.s. c 137 § 3.]

Assessments and charges against state lands: Chapter 79.44 RCW.

35.55.010 Authority—Second-class cities. If the city council of any city of the second class deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade of any marshlands, swamplands, tidelands, shorelands, or lands commonly known as tideflats, or any other lowlands situated within the limits of the city, and to clear and prepare the lands for such filling, it may do so and assess the expense thereof, including the cost of making compensation for property taken or damaged, and all other costs and expense incidental to such improvement, to the property benefited, except such amount of such expense as the city council may direct to be paid out of the current or general expense fund.

If, in the judgment of the city council the special benefits for any such improvement shall extend beyond the boundaries of the filled area, the council may create an enlarged district which shall include, as near as may be, all the property, whether actually filled or not, which will be specially benefited by such improvement, and in such case the council shall specify and describe the boundaries of such enlarged district in the ordinance providing for such improvement and shall specify that such portion of the total cost and expense of such improvement as may not be borne by the current or general expense fund, shall be distributed and assessed against all the property of such enlarged district. [1994 c 81 § 57; 1965 c 7 § 35.55.010. Prior: 1917 c 63 § 1; 1909 c 147 § 1; RRS § 9432.]

(2010 Ed.)

35.55.020 Alternative methods of financing. If the city council desires to make any improvement authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon the property benefited, compensation therefor shall be made from any general funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of the special assessments shall be as hereinafter provided. [1965 c 7 § 35.55.020. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

Special assessments or taxation for local improvements: State Constitution Art. 7 § 9.

35.55.030 Boundaries—Excepted property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement. If any parcel of land within the boundaries of such proposed improvement district has been wholly filled to the proposed grade elevation of the proposed fill, such parcel of land may be excluded from the lists of lands to be assessed, when in the opinion of the city council justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.55.030. Prior: 1909 c 147 § 2, part; RRS § 9433, part.]

35.55.040 Damages—Eminent domain. If an ordinance has been passed as in this chapter provided, and it appears that in making of the improvement so authorized, private property will be taken or damaged thereby, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation to be made for the property to be taken or damaged for the improvement specified in the ordinance be ascertained, and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.55.010 shall not be considered as damaging or taking of such lands. The damage if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled, shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall after the passage of such ordinance, proceed with said improvement with due diligence. If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for
which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.55.040. Prior: 1909 c 147 § 3; RRS § 9434.]

Eminent domain by cities: Chapter 8.12 RCW.

35.55.050 Estimates—Plans and specifications. At the time of the initiation of the proceedings for any improvement as contemplated by this chapter, or at any time afterward, the city council shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor’s fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or damaged, which plans, specifications and estimates shall be approved by the city council. [1965 c 7 § 35.55.050. Prior: 1909 c 147 § 4; RRS § 9435.]

35.55.060 Assessment roll—Items—Assessment units—Installments. When such plans and specifications have been prepared and the estimates of the cost and expense of making the improvement have been adopted by the council and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council shall cause an assessment roll to be prepared containing a list of all of the property within the improvement district which it is proposed to assess for the improvement, together with the names of the owners, if known, and if unknown the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the council, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement, may be assessed against the property within the district subject to assessment, but the council may order any portion of the costs paid out of the current or general expense fund of the city.

The assessments shall be made according to and in proportion to surface area one square foot of surface to be the unit of assessment, except that the several parcels of land in any enlarged district not actually filled shall be assessed in accordance with special benefits: PROVIDED, That where any parcel of land was partially filled by the owner prior to the initiation of the improvement, an equitable deduction for such partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within such assessment district shall be borne by the private property within such district subject to assessment when so ordered by the council. When the assessments are payable in installments, the assessment roll when equalized, shall show the number of installments and the amounts thereof. The assessments may be made payable in any number of equal annual installments not exceeding ten in number. [1965 c 7 § 35.55.060. Prior: 1917 c 63 § 2; 1909 c 147 § 5; RRS § 9436.]

35.55.070 Hearing on assessment roll—Notice—Council’s authority. When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his or her office and that at a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council as board of equalization may hear, consider and determine objections and protests against any assessment and may make such alterations and modifications in the assessment roll as justice and equity may require. Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff and the city as defendant. The case shall then be at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court’s decision may be sought as in other causes. [1988 c 202 § 38; 1971 c 81 § 94; 1965 c 7 § 35.55.080. Prior: 1909 c 147 § 7; RRS § 9438.]

35.55.100 Interest on assessments. The local assessments shall bear interest at such rate as may be fixed by the council after the expiration of thirty days after the equalization of the assessment roll and shall bear such interest after delinquency as may be provided by general ordinance of the city. [1981 c 156 § 5; 1965 c 7 § 35.55.120. Prior: 1909 c 147 § 12, part; RRS § 9443, part.]

35.55.110 Payment of cost of improvement—Interest on warrants. If the improvement contemplated by this chapter is ordered to be made upon the immediate payment plan, the city council shall provide for the payment thereof by the issuance of local improvement fund warrants against the local improvement district, which warrants shall be paid only out of the funds derived from the local assessments in the district and shall bear interest at a rate determined by the city council from date of issuance. If the improvement is ordered to be made upon the bond installment plan, the city council shall provide for the issuance of bonds against the improvement district. [1981 c 156 § 4; 1965 c 7 § 35.55.110. Prior: (i) 1909 c 147 § 12, part; RRS § 9443, part. (ii) 1909 c 147 § 9; RRS § 9440.]

35.55.120 Local improvement bonds—Terms. The city council shall have full authority to provide for the issuance of bonds against the improvement district fund in such denominations as the city council may provide which shall bear such rate of interest as the city council may fix. Interest shall be paid annually and the bonds shall become due and payable at such time, not exceeding ten years from the date thereof, as may be fixed by the council and shall be payable out of the local assessment district fund.

If so ordered by the council, the bonds may be issued in such a way that different numbers of the bonds may become due and payable at different intervals of time, or they may be so issued that all of the bonds against said district mature together. [1981 c 156 § 5; 1965 c 7 § 35.55.120. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

35.55.130 Local improvement bonds—Guaranties. The city may guarantee the payment of the whole or any part of the bonds issued against a local improvement district, but the guaranties on the part of the city, other than a city operating under the council-manager form or the commission form, shall be made only by ordinance passed by the vote of not less than nine councilmembers and the approval of the mayor in noncharter code cities that retained the old second-class city plan of government with twelve council positions, and six councilmembers and approval of the mayor in cities of the second class. In a city under the council-manager form of government, such guaranties shall be made only in an ordinance passed by a vote of three out of five or five out of seven councilmembers, as the case may be, and approval of the mayor. In a city under the commission form of government, such guaranties shall be made only in an ordinance passed by a vote of two out of three of the commissioners. The mayor’s approval shall not be necessary in commission form cities. [1994 c 81 § 58; 1965 c 7 § 35.55.130. Prior: 1909 c 147 § 10, part; RRS § 9441, part.]

35.55.140 Local improvement bonds and warrants—Sale to pay damages, preliminary financing. The city council may negotiate sufficient warrants or bonds against any local improvement district at a price not less than ninety-five percent of their par value to raise sufficient money to pay any and all compensation which may be awarded for property damaged or taken in the eminent domain proceedings including the costs of such proceedings. In lieu of so doing, the city council may negotiate current or general expense fund warrants at par to raise funds for the payment of such compensation and expenses in the first instance, but in that event the current or general expense fund shall be reimbursed out of the first moneys collected in any such local assessment district or realized from the negotiation or sale of local improvement warrants or bonds. [1965 c 7 § 35.55.140. Prior: 1909 c 147 § 11; RRS § 9442.]

35.55.150 Local improvement fund—Investment. If money accumulates in an improvement fund and is likely to lie idle awaiting the maturity of the bonds against the district, the city council, under proper safeguards, may invest it temporarily, or may borrow it temporarily, at a reasonable rate of interest, but when so invested or borrowed, the city shall be responsible and liable for the restoration to such fund of the money so invested or borrowed with interest thereon, whenever required for the redemption of bonds maturing against such district. [1965 c 7 § 35.55.150. Prior: 1909 c 147 § 15; RRS § 9446.]

35.55.160 Letting contract for improvement—Excess or deficiency of fund. The contract for the making of the improvement may be let either before or after the making up of the equalization of the assessment roll, and warrants, or bonds may be issued against the local improvement district fund either before or after the equalization of the roll as in the judgment of the council may best subserve the public interest.

If, after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council, after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same
rules and principles as if it had been originally included, except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. [1965 c 7 § 35.55.160. Prior: 1909 c 147 § 13; RRS § 9444.]

35.55.170 Payment of contractor—Bonds, warrants, cash. The city council may provide in letting the contract for an improvement, that the contractor shall accept special fund warrants or local improvement bonds against the local improvement district within which such improvement is to be made, in payment for the contract price of the work, and that the warrants or bonds may be issued to the contractor from time to time as the work progresses, or the city council may negotiate the special fund warrants or bonds against the local improvement district at not less than ninety-five cents in money for each dollar of warrants or bonds, and with the proceeds pay the contractor for the work and pay the other costs of such improvement. [1965 c 7 § 35.55.170. Prior: 1909 c 147 § 14; RRS § 9445.]

35.55.180 Reassessments. If any assessment is found to be invalid for any cause or if it is set aside for any reason in judicial proceedings, a reassessment may be made and all laws relative to the reassessment of local assessments, for street or other improvements, shall, as far as practicable, be applicable hereto. [1965 c 7 § 35.55.180. Prior: 1909 c 147 § 16; RRS § 9447.]

35.55.190 Provisions of chapter not exclusive. The provisions of this chapter shall not be construed as repealing or in any wise affecting any existing laws relative to the making of any such improvements, but shall be considered as concurrent therewith. Assessments and charges against state lands: Chapter 79.44 RCW.

35.56.010 Authority—First and second-class cities. If the city council or commission of any city of the first or second class in this state deems it necessary or expedient on account of the public health, sanitation, the general welfare, or other cause, to fill or raise the grade or elevation of any marshlands, swamplands, tidelands or lands commonly known as tideflats, or any other lands situated within the limits of such city and to clear and prepare said lands for such filling it may do so by proceeding in accordance with the provisions of this chapter.

For the purpose of filling and raising the grade or elevation of such lands and to secure material therefor and to provide for the proper drainage thereof after such fill has been effected, the city council or commission may acquire rights-of-way (and where necessary or desirable, may vacate, use and appropriate streets and alleys for such purposes) and lay out, build, construct and maintain over and across such lowlands, canals or artificial waterways of at least sufficient width, depth and length to provide and afford the quantity of earth, dirt and material required to complete such fill, and with the earth, dirt and material removed in digging and constructing such canals and waterways, fill and raise the grade or elevation of such marshlands, swamplands, tidelands or tideflats; and such canals or waterways shall be constructed of such width and depth (provided that all the earth, dirt and other suitable material removed in constructing the same shall be used to fill the lowlands as herein provided) as will make them available, convenient and suitable to provide frontage for landings, wharves and other conveniences of navigation and commerce for the use and benefit of the city and the public. If canals or waterways are to be constructed as herein provided, such city may construct and maintain the necessary bridges over and across the same; such canals or waterways shall be forever under the control of such city and shall be and become public thoroughfares and waterways for the use and benefit of commerce, shipping, the city and the public generally.

The expense of making such improvement and in doing, accomplishing and effecting all the work provided for in this chapter including the cost of making compensation for property taken or damaged, and all other cost and expense incidental to such improvement, shall be assessed to the property benefited, except such amount of such expense as the city council or commission, in its discretion, may direct to be paid out of the current or general expense fund. [1994 c 81 § 59; 1965 c 7 § 35.56.010. Prior: 1929 c 63 § 1; 1913 c 16 § 1; RRS § 9449.]

35.56.020 Alternative methods of financing. If the city council or commission desires to make any improvement

[Title 35 RCW—page 194]
authorized by the provisions of this chapter it shall provide therefor by ordinance and unless the ordinance provides that the improvement shall be paid for wholly or in part by special assessment upon the property benefited, compensation therefor shall be made from any general or special funds of the city applicable thereto. If the ordinance provides that the improvement shall be paid for wholly or in part by special assessments upon property benefited, the proceedings for the making of such special assessment shall be as hereafter provided. [1965 c 7 § 35.56.020. Prior: 1913 c 16 § 2; part; RRS § 9450, part.]

35.56.030 Boundaries—Excepted property. Such ordinance shall specify the boundaries of the proposed improvement district and shall describe the lands which it is proposed to assess for said improvement, and shall provide for the filling of such lowlands and shall outline the general scheme or plan of such fill. If any parcel of land within the boundaries of such proposed improvement district prior to the initiation of the improvement has been wholly filled to the proposed grade or elevation of the proposed fill, such parcel of land may be excluded from the lands to be assessed when in the opinion of the city council or commission justice and equity require its exclusion. The boundaries of any improvement district may be altered so as to exclude land therefrom at any time up to the levying of the assessment but such changing of the boundaries shall be by ordinance. [1965 c 7 § 35.56.030. Prior: 1913 c 16 § 2; part; RRS § 9450, part.]

35.56.040 Conditions precedent to passage of ordinance—Protests. Upon the introduction of an ordinance providing for such fill, if the city council or commission desires to proceed, it shall fix a time, not less than ten days, in which protests against said fill may be filed in the office of the city clerk. Thereupon it shall be the duty of the clerk of said city to publish in the official newspaper of said city in at least two consecutive issues thereof before the time fixed for the filing of protests, a notice of the time fixed for the filing of protests together with a copy of the proposed ordinance as introduced.

Protests against the proposed fill to be effective must be filed by the owners of more than half of the area of land situated within the proposed filling district exclusive of streets, alleys and public places on or before the date fixed for such filing. If an effective protest is filed the council shall not proceed further unless two-thirds of the members of the city council vote to proceed with the work; if the city is operating under a commission form of government composed of three commissioners, the commission shall not proceed further except by a unanimous affirmative vote of all the members thereof, if the commission is composed of five members, at least four affirmative votes thereof shall be necessary before proceeding.

If no effective protest is filed or if an effective protest is filed and two-thirds of the councilmembers vote to proceed with the work or in cases where cities are operating under the commission form of government, the commissioners vote unanimously or four out of five commissioners vote to proceed with the work, the city council or commission shall at such meeting or in a succeeding meeting proceed to pass the proposed ordinance for the work, with such amendments and modifications as to the said city council or commission of said city may seem proper. The local improvement district shall be called "filling district No. . . . ." [2009 c 549 § 2094; 1965 c 7 § 35.56.040. Prior: 1913 c 16 § 2, part; RRS § 9450, part.]

35.56.050 Damages—Eminent domain. If an ordinance is passed as in this chapter provided, and it appears that in making of the improvements so authorized, private property will be taken or damaged thereby within or without the city, the city shall file a petition in the superior court of the county in which such city is situated, in the name of the city, praying that just compensation be made for the property to be taken or damaged for the improvement specified in the ordinance and conduct proceedings in eminent domain in accordance with the statutes relating to cities for the ascertainment of the compensation to be made for the taking and damaging of property, except insofar as the same may be inconsistent with this chapter.

The filling of unimproved and uncultivated lowlands of the character mentioned in RCW 35.56.010 shall not be considered as a damaging or taking of such lands. The damage, if any, done to cultivated lands or growing crops thereon, or to buildings and other improvements situated within the district proposed to be filled shall be ascertained and determined in the manner above provided; but no damage shall be awarded to any property owner for buildings or improvements placed upon lands included within said district after the publication of the ordinance defining the boundaries of the proposed improvement district: PROVIDED, That the city shall, after the passage of such ordinance, proceed with said improvement with due diligence.

If the improvement is to be made at the expense of the property benefited, no account shall be taken of benefits by the jury or court in assessing the amount of compensation to be made to the owner of any property within such district, but such compensation shall be assessed without regard to benefits to the end that said property for which damages may be so awarded, may be assessed the same as other property within the district for its just share and proportion of the expense of making said improvement, and the fact that compensation has been awarded for the damaging or taking of any parcel of land shall not preclude the assessment of such parcel of land for its just proportion of said improvement. [1965 c 7 § 35.56.050. Prior: (i) 1913 c 16 § 3; RRS § 9451. (ii) 1929 c 63 § 4; 1913 c 16 § 21; RRS § 9469.]

Eminent domain, cities: Chapter 8.12 RCW.

35.56.060 Estimates—Plans and specifications. At the time of the initiation of the proceedings for any improvement as contemplated by this chapter or at any time afterward, the city council or commission shall cause plans and specifications for said improvement to be prepared and shall cause an estimate to be made of the cost and expense of making said improvement, including the cost of supervision and engineering, abstractor’s fees, interest and discounts and all other expenses incidental to said improvement, including an estimate of the amount of damages for property taken or dam-
aged, which plans, specifications and estimates shall be approved by the city council or commission. [1965 c 7 § 35.56.060. Prior: 1913 c 16 § 4; RRS § 9452.]

35.56.070 Assessment roll—Items—Assessment units—Installments. When such plans and specifications shall have been prepared and the estimate of the cost and expense of making the improvement has been adopted by the council or commission and when an estimate has been made of the compensation to be paid for property damaged or taken, either before or after the compensation has been ascertained in the eminent domain proceedings, the city council or commission shall cause an assessment roll to be prepared containing a list of all the property within the improvement district which it is proposed to assess for the improvements together with the names of the owners, if known, and if unknown, the property shall be assessed to an unknown owner, and opposite each description shall be set the amount assessed to such description.

When so ordered by the city council or commission, the entire amount of compensation paid or to be paid for property damaged or taken, including all of the costs and expenses incidental to the condemnation proceedings together with the entire cost and expense of making the improvement may be assessed against the property within the district subject to assessment, but the city council or commission may order any portion of the costs paid out of the current or general expense fund of the city. The assessments shall be made according to and in proportion to surface area, one square foot of surface to be the unit of assessment: PROVIDED, That where any parcel of land was wholly or partially filled by the owner prior to the initiation of the improvement an equitable deduction for such filling or partial filling may be allowed.

The cost and expense incidental to the filling of the streets, alleys and public places within said assessment district shall be borne by the private property within such district subject to assessment when so ordered by the city council or commission. When the assessments are payable in installments, the assessment roll when equalized shall show the number of installments and the amounts thereof. The assessment may be made payable in any number of equal annual installments not exceeding fifteen in number. [1965 c 7 § 35.56.070. Prior: 1913 c 16 § 5; RRS § 9453.]

35.56.080 Hearing on assessment roll—Notice—Council's authority. When such assessment roll has been prepared it shall be filed in the office of the city clerk and thereupon the city clerk shall give notice by publication in at least three issues of the official paper that such roll is on file in his or her office and on a date mentioned in said notice, which shall be at least twenty days after the date of the first publication thereof, the city council or commission will sit as a board of equalization to equalize said roll and to hear, consider and determine protests and objections against the same.

At the time specified in the notice, the city council or commission shall sit as a board of equalization to equalize the roll and they may adjourn the sitting from time to time until the equalization of such roll is completed. The city council or commission as such board of equalization may hear, consider and determine objections and protests against any assessment and make such alterations and modifications in the assessment roll as justice and equity may require. [2009 c 549 § 2095; 1965 c 7 § 35.56.080. Prior: 1913 c 16 § 6; RRS § 9454.]

35.56.090 Hearing—Appellate review. Any person who has made objections to the assessment as equalized, shall have the right to appeal from the equalization as made by the city council or commission to the superior court of the county. The appeal shall be made by filing a written notice of appeal with the city clerk within ten days after the equalization of the assessments by the council or commission. The notice of appeal shall describe the property and the objections of such appellant to such assessment.

The appellant shall also file with the clerk of the superior court within ten days from the time of taking the appeal a copy of the notice of appeal together with a copy of the assessment roll and proceedings thereon, certified by the city clerk and a bond to the city conditioned to pay all costs that may be awarded against appellant in such sum not less than two hundred dollars, and with such security as shall be approved by the clerk of the court.

The case shall be docketed by the clerk of the court in the name of the person taking the appeal as plaintiff, and the city as defendant. The cause shall then be at issue and shall be tried immediately by the court as in the case of equitable causes; no further pleadings shall be necessary. The judgment of the court shall be either to confirm, modify or annul the assessment insofar as the same affects the property of the appellant. Appellate review of the superior court's decision may be sought as in other cases. [1988 c 202 § 39; 1971 c 81 § 95; 1965 c 7 § 35.56.090. Prior: 1913 c 16 § 7; RRS § 9455.]

If after the assessment roll is made up and equalized, based in whole or in part upon an estimate of the cost of the improvement, and it is found that the estimate was too high, the excess shall be rebated pro rata to the property owners on the assessment roll, the rebates to be deducted from the last installment, or installments, when the assessment is upon the installment plan.

If it is found that the estimated cost was too low and that the actual bona fide cost of the improvement is greater than the estimate, the city council or commission after due notice and a hearing, as in case of the original equalization of the roll, may add the required additional amount to the assessment roll to be apportioned among the several parcels of property upon the same rules and principles as if it had been originally included except that the additional amount shall be added to the last installment of an assessment if assessments are payable upon the installment plan. The same notice shall be required for adding to the assessment roll in this manner as is required for the original equalization of the roll, and the property owner shall have the right of appeal. The city council or commission may create a fund into which all moneys so derived from taxation and moneys derived from rents and issues of the lands shall be paid and against which special fund warrants may be drawn or negotiable bonds issued to meet expenditures under this chapter. The board shall have due regard for the cost of operation and maintenance of the public improvements, projects, or facilities, or additions, that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. The board may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued under this section shall not be an indebtedness of the district issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created under RCW 39.44.140. 35.58.010 Declaration of policy and purpose. It is hereby declared to be the public policy of the state of Washington to provide for the people of the populous metropolitan areas in the state the means of obtaining essential services not adequately provided by existing agencies of local government. The growth of urban population and the movement of people into suburban areas has created problems of water pollution, garbage disposal, water supply, transportation, planning, parks and parkways which extend beyond the boundaries of cities, counties and special districts. For reasons of topography, location and movement of population, and land conditions and development, one or more of these problems cannot be adequately met by the individual cities, counties and districts of many metropolitan areas.

(2010 Ed.)
It is the purpose of this chapter to enable cities and counties to act jointly to meet these common problems in order that the proper growth and development of the metropolitan areas of the state may be assured and the health and welfare of the people residing therein may be secured. [1974 ex.s. c 70 § 1; 1965 c 7 § 35.58.010. Prior: 1957 c 213 § 1.]

35.58.100  Additional functions—Authorized by election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it has previously been authorized to perform, with the approval of the voters at an election, in the manner provided in this section.

An election to authorize a metropolitan municipal corporation to perform one or more additional metropolitan functions may be called pursuant to a resolution or a petition in the following manner:

(1) A resolution calling for such an election may be adopted by:
  (a) The city council of the central city; or
  (b) The city councils of at least one-half in number of the component cities other than the central city; or
  (c) The board of commissioners of the central county. Such resolution shall be transmitted to the metropolitan council.

(2) A petition calling for such an election shall be signed by at least four percent of the registered voters residing within the metropolitan area and shall be filed with the auditor of the central county.

Any resolution or petition calling for such an election shall name the additional metropolitan functions which the metropolitan municipal corporation shall be authorized to perform.

Upon receipt of such a petition, the auditor shall examine the signatures thereon and certify to the sufficiency thereof. For the purpose of examining the signatures on such petition,
the auditor shall be permitted access to all voter registration books of any component county and of all component cities. No person may withdraw his or her name from a petition after it has been filed with the auditor. Within thirty days following the receipt of such petition, the auditor shall transmit the same to the metropolitan council, together with his or her certificate as to the sufficiency of signatures thereon.

Upon receipt of a valid resolution or duly certified petition calling for an election on the authorization of the performance of one or more additional metropolitan functions, the metropolitan council shall cause to be called a special election to be held not more than one hundred and twenty days nor less than sixty days following such receipt. Such special election shall be conducted and canvassed as provided in this chapter for an election on the question of forming a metropolitan municipal corporation. The ballot proposition shall be in substantially the following form:

"Shall the . . . . metropolitan municipal corporation be authorized to perform the additional metropolitan functions of . . . . (here insert the title of each of the additional functions to be authorized as set forth in the petition or resolution)?

YES ................................... □

NO ................................... □"

If a majority of the persons voting on the proposition shall vote in favor thereof, the metropolitan municipal corporation shall be authorized to perform such additional metropolitan function or functions. [2009 c 549 § 2098; 1967 c 105 § 2; 1965 c 7 § 35.58.100. Prior: 1957 c 213 § 10.]

35.58.110 Additional functions—Authorized without election. A metropolitan municipal corporation may be authorized to perform one or more metropolitan functions in addition to those which it previously has been authorized to perform, without an election, in the manner provided in this section. A resolution providing for the performance of such additional metropolitan function or functions shall be adopted by the metropolitan council. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county. If, within ninety days after the date of such mailing, a concurring resolution is adopted by the legislative body of each component county, of each component city of the first class, and of at least two-thirds of all other component cities, and such concurring resolutions are transmitted to the metropolitan council, such council shall by resolution declare that the metropolitan municipal corporation has been authorized to perform such additional metropolitan function or functions. A copy of such resolution shall be transmitted by registered mail to the legislative body of each component city and county and of each special district which will be affected by the particular additional metropolitan function authorized. [1965 c 7 § 35.58.110. Prior: 1957 c 213 § 11.]

Election required to authorize public transportation function: RCW 35.58.245.

35.58.112 Recommended comprehensive plan for performance of additional function—Study and preparation. The metropolitan council of a metropolitan municipal corporation upon the affirmative vote of two-thirds of the members of such council may make planning, engineering, legal, financial and feasibility studies preliminary to or incident to the preparation of a recommended comprehensive plan for any metropolitan function, and may prepare such a recommended comprehensive plan before the metropolitan municipal corporation has been authorized to perform such function. The studies and plan may cover territory within and without the metropolitan municipal corporation. A recommended comprehensive plan prepared pursuant to this section for any metropolitan function may not be adopted by the metropolitan council unless the metropolitan municipal corporation shall have been authorized to perform such function. [1967 c 105 § 7.]

35.58.114 Recommended comprehensive plan for performance of additional function—Resolution for special election to authorize additional function—Contents—Hearings—Election procedure. Whenever a recommended comprehensive plan for the performance of any additional metropolitan function shall have been prepared and the metropolitan council shall have found the plan to be feasible the council may by resolution call a special election to authorize the performance of such additional function without the filing of the petitions or resolutions provided for in RCW 35.58.100.

If the metropolitan council shall determine that the performance of such function requires enlargement of the metropolitan area, such resolution shall contain a description of the boundaries of the proposed metropolitan area and may be adopted only after a public hearing thereon before the council. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the proposed metropolitan area. The notice shall contain a description of the boundaries of the proposed metropolitan area, shall name the additional function or functions to be performed and shall state the time and place of the hearing and the fact that any changes in the boundaries of the proposed metropolitan area will be considered at such time and place. At such hearing any interested person may appear and be heard. The council may make such changes in the proposed metropolitan area as they shall deem reasonable and proper, but may not delete any portion of the existing metropolitan area and may not delete any portion of the proposed additional area which will create an island of included or excluded lands. If the council shall determine that the proposed additional area should be further enlarged, a second hearing shall be held and notice given in the same manner as for the original hearing. The council may adjourn the hearing or hearings from time to time.

Following the conclusion of such hearing or hearings the council may adopt a resolution fixing the boundaries of the proposed metropolitan area and calling a special election on the performance of such additional function. If the metropolitan municipal corporation is then authorized to perform the function of metropolitan sewage disposal the council may provide in such resolution that local governmental agencies collecting sewage from areas outside the metropolitan area as same is constituted on the date of adoption of such resolution will not thereafter be required to discharge such sewage into the metropolitan sewer system or to secure approval of local
construction plans from the metropolitan municipal corporation unless such local agency shall first have entered into a contract with the metropolitan municipal corporation for the disposal of such sewage. The metropolitan council may also provide in such resolution that the authorization to perform such additional function be effective only if the voters at such election also authorize the issuance of any general obligation bonds required to carry out the recommended comprehensive plan.

The resolution calling such election shall fix the form of the ballot proposition and the same may vary from that specified in RCW 35.58.100. If the metropolitan council shall find that the issuance of general obligation bonds is necessary to perform such additional function and to carry out such recommended comprehensive plan then the ballot proposition shall set forth the principal amount of such bonds and the maximum maturity thereof and the proposition shall be so worded that the voters may by a single yes or no vote authorize the performance of the designated function in the area described in the resolution and the issuance of such general obligation bonds.

The persons voting at such election shall be all of the qualified voters who have resided within the boundaries of the proposed metropolitan area for at least thirty days preceding the date of the election. The election shall be conducted and canvassed as provided in RCW 35.58.090.

If the resolution calling such election does not require the approval of general obligation bonds as a condition of the performance of such additional function and if a majority of the persons voting on the ballot proposition residing within the existing metropolitan municipal corporation shall vote in favor thereof and a majority of the persons residing within the area proposed to be added to the existing metropolitan municipal corporation shall vote in favor thereof the boundaries described in the resolution calling the election shall become the boundaries of the metropolitan municipal corporation and the metropolitan municipal corporation shall be authorized to perform the additional function described in the proposition.

If the resolution calling such election shall require the authorization of general obligation bonds as a condition of the performance of such additional function, then to be effective the ballot proposition must be approved as provided in the preceding paragraph and must also be approved by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition must constitute not less than forty percent of the total number of votes cast within such area at the last preceding state general election. [1967 c 105 § 8.]

35.58.116 Proposition for issuance of general obligation bonds or levy of general tax—Submission at same election or special election. The metropolitan council may at the same election called to authorize the performance of an additional function or at a special election called by the council after it has been authorized to perform any metropolitan function submit a proposition for the issuance of general obligation bonds for capital purposes as provided in RCW 35.58.450 or a proposition for the levy of a general tax for any authorized purpose for one year in such total dollar amount as the metropolitan council may determine and specify in such proposition. Any such proposition to be effective must be assented to by at least three-fifths of the persons voting thereon and the number of persons voting on such proposition shall constitute not less than forty percent of the total number of votes cast within the metropolitan area at the last preceding state general election. Any such proposition shall only be effective if the performance of the additional function shall be authorized at such election or shall have been authorized prior thereto. [1967 c 105 § 9.]

35.58.120 Metropolitan council—Composition. Unless the rights, powers, functions, and obligations of a metropolitan municipal corporation have been assumed by a county as provided in chapter 36.56 RCW, a metropolitan municipal corporation shall be governed by a metropolitan council composed of elected officials of the component counties and component cities, and possibly other persons, as determined by agreement of each of the component counties and the component cities equal in number to at least twenty-five percent of the total number of component cities that have at least seventy-five percent of the combined component city populations. The agreement shall remain in effect until altered in the same manner as the initial composition is determined. [1993 c 240 § 4; 1983 c 92 § 1; 1981 c 190 § 3; 1974 ex.s. c 70 § 5; 1971 ex.s. c 303 § 5; 1969 ex.s. c 135 § 1; 1967 c 105 § 3; 1965 c 7 § 35.58.120. Prior: 1957 c 213 § 12.]

35.58.130 Metropolitan council—Organization, chair, procedures. At the first meeting of the metropolitan council following the formation of a metropolitan municipal corporation, the mayor of the central city shall serve as temporary chair. As its first official act the council shall elect a chair. The chair shall be a voting member of the council and shall preside at all meetings. In the event of his or her absence or inability to act the council shall select one of its members to act as chair pro tempore. A majority of all members of the council shall constitute a quorum for the transaction of business. A smaller number of councilmembers than a quorum may adjourn from time to time and may compel the attendance of absent members in such manner and under such penalties as the council may provide. The council shall determine its own rules and order of business, shall provide by resolution for the manner and time of holding all regular and special meetings and shall keep a journal of its proceedings which shall be a public record. Every legislative act of the council of a general or permanent nature shall be by resolution. [2009 c 549 § 2099; 1965 c 7 § 35.58.130. Prior: 1957 c 213 § 13.]

35.58.140 Metropolitan council—Terms. Each member of a metropolitan council except those selected under the provisions of RCW 35.58.120, shall hold office at the pleasure of the body which selected him or her. Each member, who shall hold office ex officio, may not hold office after he or she ceases to hold the position of elected county executive, mayor, commissioner, or councilmember. The chair shall hold office until the second Tuesday in July of each even-numbered year and may, if reelected, serve more than one term. Each member shall hold office until his or her successor has been selected as provided in this chapter. [2009 c 549

[Title 35 RCW—page 208]
35.58.150 Metropolitan council—Vacancies. A vacancy in the office of a member of the metropolitan council shall be filled in the same manner as provided for the original selection. The meeting of mayors to fill a vacancy of the member selected under the provisions of RCW 35.58.120 or of special district representatives to fill a vacancy of a member selected under RCW 35.58.120 shall be held at such time and place as shall be designated by the chair of the metropolitan council after ten days’ written notice mailed to the mayors of each of the cities specified in RCW 35.58.120 or to the representatives of the special purpose districts specified in RCW 35.58.120, whichever is applicable. [2009 c 549 § 2101; 1984 c 44 § 1; 1967 c 105 § 5; 1965 c 7 § 35.58.150. Prior: 1957 c 213 § 15.]

35.58.160 Metropolitan council—Compensation—Waiver of compensation. The chair and committee chairs of the metropolitan council except elected public officials serving on a full-time salaried basis may receive such compensation as the other members of the metropolitan council shall provide. Members of the council other than the chair and committee chairs shall receive compensation of fifty dollars per day or portion thereof for attendance at metropolitan council or committee meetings, or for performing other services on behalf of the metropolitan municipal corporation, but not exceeding a total of four thousand eight hundred dollars in any year, in addition to any compensation which they may receive as officers of component cities or counties: PROVIDED, That elected public officials serving in such capacities on a full-time basis shall not receive compensation for attendance at metropolitan council, or committee meetings, or otherwise performing services on behalf of the metropolitan municipal corporation: PROVIDED FURTHER, That committee chairs shall not receive compensation in any one year greater than one-third of the compensation authorized for the county commissioners or county councilmembers of the central county.

Any member of the council may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the council as provided in this section. The waiver, to be effective, must be filed any time after the member’s selection and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

All members of the council shall be reimbursed for expenses actually incurred by them in the conduct of official business for the metropolitan municipal corporation. [2009 c 549 § 2102; 1985 c 330 § 1; 1974 ex.s. c 84 § 2; 1965 c 7 § 35.58.160. Prior: 1957 c 213 § 16.]

The legislature hereby declares its intent to allow certain units of government that regularly purchase large amounts of fuel to explore and implement strategies that are designed to reduce the overall cost of fuel and mitigate the impact of market fluctuations and pressure on both short-term and long-term fuel costs.” [2008 c 126 § 1.]

The metropolitan transit commission shall authorize expenditures for transportation purposes within the budget adopted by the metropolitan council. The chair or cochair may exclude the nonvoting member from attending any other executive session.

(5) The requirement to create a metropolitan transit commission shall not apply to a county that has assumed the rights, powers, functions, and obligations of the metropolitan municipal corporation under chapter 36.56 RCW. [2010 c 278 § 1; 2009 c 549 § 2106; 1993 c 240 § 6; 1967 c 105 § 12; 1965 c 7 § 35.58.270. Prior: 1957 c 213 § 27.]

35.58.410 Budget—Expenditures—Revenue estimates—Requirements for a county assuming the powers of a metropolitan municipal corporation. (1) On or before the third Monday in June of each year, each metropolitan municipal corporation shall adopt a budget for the following calendar year. Such budget shall include a separate section for each authorized metropolitan function. Expenditures shall be segregated as to operation and maintenance expenses and capital and betterment outlays. Administrative and other expense general to the corporation shall be allocated between the authorized metropolitan functions. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The metropolitan council shall not be required to confine capital or betterment expenditures made from bond proceeds or emergency expenditures to items provided in the budget. The affirmative vote of three-fourths of all members of the metropolitan council shall be required to authorize emergency expenditures.

(2) Subsection (1) of this section shall not apply to a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW. This subsection (2) shall apply only to each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW.

Each county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall, on or before the third Monday in June of each year, prepare an estimate of all revenues to be collected during the following calendar year, including any surplus funds remaining unexpended from the preceding year for each authorized metropolitan function.

By June 30 of each year, the county shall adopt the rate for sewage disposal that will be charged to component cities and water-sewer districts during the following budget year.

As long as any general obligation indebtedness remains outstanding that was issued by the metropolitan municipal corporation prior to the assumption by the county, the county shall continue to impose the taxes authorized by RCW 82.14.045 and *35.58.273(4) at the maximum rates and on all of the taxable events authorized by law. If, despite the continued imposition of those taxes, the estimate of revenues made on or before the third Monday in June shows that estimated revenues will be insufficient to make all debt service payments falling due in the following calendar year on all general obligation indebtedness issued by the metropolitan municipal corporation prior to the assumption by the county of the rights, powers, functions, and obligations of the metropolitan municipal corporation, the remaining amount required to make the debt service payments shall be designated as "supplemental income" and shall be obtained from component cities and component counties as provided under RCW 35.58.420.

The county shall prepare and adopt a budget each year in accordance with applicable general law or county charter. If supplemental income has been designated under this subsection, the supplemental income shall be reflected in the budget that is adopted. If during the budget year the actual tax revenues from the taxes imposed under the authority of RCW 82.14.045 and *35.58.273(4) exceed the estimates upon which the supplemental income was based, the difference shall be refunded to the component cities and component counties in proportion to their payments promptly after the end of the budget year. A county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW shall not be required to confine capital or betterment expenditures for authorized metropolitan functions from bond proceeds or emergency expenditures to items provided in the budget. [1999 c 153 § 36; 1998 c 321 § 26 (Referendum Bill No. 49, approved November 3, 1998); 1993 c 240 § 11; 1965 c 7 § 35.58.410. Prior: 1957 c 213 § 41.]

35.58.420 Supplemental income payments by component city and county. Each component city shall pay such proportion of the supplemental income of the metropolitan municipal corporation as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the metropolitan area. Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the metropolitan area bears to the total assessed valuation of taxable property within the metropolitan area. In making such determination, the metropolitan council shall use the last available assessed valuations. The metropolitan council shall certify to each component city and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the metropolitan municipal corporation, in equal quar-
terly installments, the amount of its supplemental income share from whatever sources may be available to it. [1965 c 7 § 35.58.420. Prior: 1957 c 213 § 42.]

35.58.430 Funds—Disbursements—Treasurer—
Expenses—Election expenses. The treasurer of each com-
ponent county shall create a separate fund into which shall be paid all money collected from taxes levied by the metropoli-
tan municipal corporation on property in such county and
such money shall be forwarded quarterly by the treasurer of
each such county to the treasurer of the central county as
directed by the metropolitan council. The treasurer of the
central county shall act as the treasurer of the metropolitan
municipal corporation and shall establish and maintain such
funds as may be authorized by the metropolitan council.
Money shall be disbursed from such funds upon warrants
drawn by the auditor of the central county as authorized by
the metropolitan council. The central county shall be reim-
bursed by the metropolitan municipal corporation for ser-
dices rendered by the treasurer and auditor of the central
county in connection with the receipt and disbursement of
such funds. The expense of all special elections held pursuant
to this chapter shall be paid by the metropolitan municipal
corporation. [1965 c 7 § 35.58.430. Prior: 1957 c 213 § 43.]

35.58.450 General obligation bonds—Issuance, sale,
form, term, election, payment. Notwithstanding the limita-
tions of chapter 39.36 RCW and any other statutory limita-

metropolitan municipal corporation shall have the power to
contract indebtedness and issue general obligation bonds and
to pledge the full faith and credit of the corporation to the
payment thereof, for any authorized capital purpose of the
metropolitan municipal corporation, not to exceed an
amount, together with any outstanding nonvoter approved
general indebtedness, equal to three-fourths of one percent
of the value of the taxable property within the metropolitan
municipal corporation, as the term "value of the taxable prop-
erty" is defined in RCW 39.36.015. A metropolitan municip-
al corporation may additionally contract indebtedness and
issue general obligation bonds, for any authorized capital
purpose of a metropolitan municipal corporation, together
with any other outstanding general indebtedness, not to
exceed an amount equal to five percent of the value of the
taxable property within the corporation, as the term "value of
the taxable property" is defined in RCW 39.36.015, when a
proposition authorizing the indebtedness has been approved
by three-fifths of the persons voting on said proposition at
said election at which such election the total number of per-
sons voting on such bond proposition shall constitute not less
than forty percent of the total number of voters voting within
the area of said metropolitan municipal corporation at the last
preceding state general election. Such general obligation
bonds may be authorized in any total amount in one or more
propositions and the amount of such authorization may
exceed the amount of bonds which could then lawfully be
issued. Such bonds may be issued in one or more series from
time to time out of such authorization. The elections shall be
held pursuant to RCW 39.36.050.

Whenever the voters of a metropolitan municipal corpo-
ration have, pursuant to RCW 84.52.056, approved excess
property tax levies to retire such bond issues, both the prin-
cipal of and interest on such general obligation bonds may be
made payable from annual tax levies to be made upon all
the taxable property within the metropolitan municipal corpo-
ration in excess of the constitutional and/or statutory tax limit.
The principal of and interest on any general obligation bond
may be made payable from any other taxes or any special
assessments which the metropolitan municipal corporation
may be authorized to levy or from any otherwise unpledged
revenue which may be derived from the ownership or oper-
tion of properties or facilities incident to the performance of
the authorized function for which such bonds are issued or
may be made payable from any combination of the foregoing
sources. The metropolitan council may include in the prin-
cipal amount of such bond issue an amount for engineering,
architectural, planning, financial, legal, urban design and
other services incident to acquisition or construction solely
for authorized capital purposes.

General obligation bonds shall be issued and sold by the
metropolitan council as provided in chapter 39.46 RCW and

term, payment, reserves, actions. (1) A metropolitan
municipal corporation may issue revenue bonds to provide
funds to carry out its authorized metropolitan water pollution
abatement, water supply, garbage disposal or transportation
purposes, without submitting the matter to the voters of the
metropolitan municipal corporation. The metropolitan coun-
cil shall create a special fund or funds for the sole purpose of
paying the principal of and interest on the bonds of each such
issue, into which fund or funds the metropolitan council may
obligate the metropolitan municipal corporation to pay such
amounts of the gross revenue of the particular utility con-
structed, acquired, improved, added to, or repaired out of the
proceeds of sale of such bonds, as the metropolitan council
shall determine and may obligate the metropolitan municipal
corporation to pay such amounts out of otherwise unpledged
revenue which may be derived from the ownership, use or
operation of properties or facilities owned, used or operated
incident to the performance of the authorized function for
which such bonds are issued or out of otherwise unpledged
fees, tolls, charges, tariffs, fares, rentals, special taxes or
other sources of payment lawfully authorized for such pur-
pose, as the metropolitan council shall determine. The prin-
cipal of, and interest on, such bonds shall be payable only out

shall have a lien and charge against the gross revenue of such

utility or any other revenue, fees, tolls, charges, tariffs, fares, special taxes or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the metropolitan municipal corporation.

Each such revenue bond shall state upon its face that it is payable from such special fund or funds, and all revenue bonds issued under this chapter shall be negotiable securities within the provisions of the law of this state. Such revenue bonds may be registered either as to principal only or as to principal and interest as provided in RCW 39.46.030, or may be bearer bonds; shall be in such denominations as the metropolitan council shall deem proper; shall be payable at such time or times and at such places as shall be determined by the metropolitan council; shall bear interest at such rate or rates as shall be determined by the metropolitan council; shall be signed by the chair and attested by the secretary of the metropolitan council, any of which signatures may be facsimile signatures, and the seal of the metropolitan municipal corporation shall be impressed or imprinted thereon; any attached interest coupons shall be signed by the facsimile signatures of said officials.

Such revenue bonds shall be sold in such manner, at such price and at such rate or rates of interest as the metropolitan council shall deem to be for the best interests of the metropolitan municipal corporation, either at public or private sale.

The metropolitan council may at the time of the issuance of such revenue bonds make such covenants with the owners of said bonds as it may deem necessary to secure and guarantee the payment of the principal thereof and the interest thereon, including but not being limited to covenants to set aside adequate reserves to secure or guarantee the payment of such principal and interest, to maintain rates sufficient to pay such principal and interest and to maintain adequate coverage over debt service, to appoint a trustee or trustees for the bond owners to safeguard the expenditure of the proceeds of sale of such bonds and to fix the powers and duties of such trustee or trustees and to make such other covenants as the metropolitan council may deem necessary to accomplish the most advantageous sale of such bonds. The metropolitan council may also provide that revenue bonds payable out of the same source may later be issued on a parity with revenue bonds being issued and sold.

The metropolitan council may in the principal amount of any such revenue bond issue an amount to establish necessary reserves, an amount for working capital and an amount necessary for interest during the period of construction of any such metropolitan facilities plus six months. The metropolitan council may, if it deems it to the best interest of the metropolitan municipal corporation, provide in any contract for the construction or acquisition of any metropolitan facilities or additions or improvements thereto or replacements or extensions thereof that payment therefor shall be made only in such revenue bonds at the par value thereof.

If the metropolitan municipal corporation shall fail to carry out or perform any of its obligations or covenants made in the authorization, issuance and sale of such bonds, the owner of any such bond may bring action against the metropolitan municipal corporation and compel the performance of any or all of such covenants.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. (2) The ballot proposition shall be submitted if the governing body of each city in which all or a portion of the proposed district is located, and the legislative authority of each county in which all or a portion of the proposed district is located within the unincorporated portion of the county, each adopts a resolution submitting the proposition to create a metropolitan park district.

(3) As an alternative to the method provided under subsection (2) of this section, the ballot proposition shall be submitted if a petition proposing creation of a metropolitan park district is submitted to the county auditor of each county in which all or a portion of the proposed district is located that is signed by at least fifteen percent of the registered voters residing in the area to be included within the proposed district. Where the petition is for creation of a district in more than one county, the petition shall be filed with the county auditor of the county having the greater area of the proposed district, and a copy filed with each other county auditor of the other counties covering the proposed district.

Where the petition or copy thereof is filed with two or more county auditors in the case of a proposed district in two or more counties, the county auditors shall confer and issue a joint certification upon finding that the required number of signatures on the petition has been obtained.

(2) Where the proposed district is located wholly or in part in a county in which a boundary review board has been created, notice of the proposal to create a metropolitan park district shall be filed with the boundary review board as provided under RCW 36.93.090 and the special election at which a ballot proposition authorizing creation of the park district shall be held on the special election date specified under *RCW 29.13.020 that is sixty or more days after the date the boundary review board is deemed to have approved the proposal, approves the proposal, or modifies and approves the proposal. Within six months of the date of certification of election results approving creation of the district, the size and membership of the board shall be determined through interlocal agreement of each city and county. The interlocal agreement shall specify the method for filling vacancies on the board.

(5) Metropolitan park districts created by a vote of the people prior to June 13, 2002, may not change the composition and method of selection of their governing authority without approval of the voters. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of park commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier’s check or postal money order payable to the order of the metropolitan park district for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the metropolitan park district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder’s bond, and no bid shall be considered unless accompanied by such check, cash, or bid bond. At the time and place named such bids shall be publicly opened and read and the board of park commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder’s own plans and specifications. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond within ten days from the date at which the bidder is notified that the bid is the successful bid, the check, cash, or bid bonds and the amount thereof shall be forfeited to the metropolitan park district. If the bidder fails to enter into a contract in accordance with the bidder’s bid, and the board of park commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the metropolitan park district is entitled to collect from the bidder any legal expenses, including reasonable attorneys’ fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

Any purchase of materials, supplies, or equipment, with an estimated cost of less than fifty thousand dollars shall be made using the process provided in RCW 39.04.190. The price and terms for purchases shall be as described on the applicable roster.

The waiver, to be effective, must be filed any time after the commissioner’s election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year’s annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. A metropolitan park district may designate someone other than the county treasurer who has experience in financial or fiscal affairs to act as the district treasurer if the board has received the approval of the county treasurer to designate this person. If the board designates someone other than the county treasurer to act as the district treasurer, the board shall purchase a bond from a surety company operating in the state that is sufficient to protect the district from loss. If there are no funds in the treasury to pay the coupons, the county treasurer shall endorse said coupons as presented for payment, in the same manner as county warrants are endorsed, and thereafter the coupon shall bear interest at the same rate as the bond to which it was attached. If there are no funds in the treasury to make payment on a bond not having coupons, the interest payment shall continue bearing interest at the bond rate until it is paid, unless otherwise provided in the proceedings authorizing the sale of the bonds. If no alternative name receives a simple majority vote, then an election shall be held at the next November special election date, at which voters shall be given the option of choosing which of the two alternative names that received the most votes shall become the new name of the city or town. This ballot proposition shall be worded substantially as follows:

"Which of the following names shall become the new name of the city (or town) of _ (insert name) _?"

2. Assemble and analyze the data thus obtained and formulate plans for the conservation of such resources and the systematic utilization and development thereof;
3. Make recommendations from time to time as to the best methods of such conservation, utilization, and development;
4. Cooperate with other commissions and with other public agencies of the municipality, state and United States in such planning, conservation, and development; and
5. In particular cooperate with and aid the state within its territorial limits in the preparation of the state master plan provided for in RCW 43.21A.350 and in advance planning of public works programs.

(c) Adjacent to Interstate 5 and located in a county with a state capitol within its borders;

planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(2) By July 1, 2011, or six months after the distribution required under RCW 43.31.970 occurs, whichever is later, the development regulations of any jurisdiction adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520 planning under this chapter must allow electric vehicle infrastructure as a use in all areas except those zoned for residential or resource use or critical areas. A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

A jurisdiction may adopt and apply other development regulations that do not have the effect of precluding the siting of electric vehicle infrastructure in areas where that use is allowed.

(4) Cities are authorized to adopt incentive programs to encourage the retrofitting of existing structures with the electrical outlets capable of charging electric vehicles. Incentives may include bonus height, site coverage, floor area ratio, and transferable development rights for use in urban growth areas.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(6) If federal funding for public investment in electric vehicles, electric vehicle infrastructure, or alternative fuel distribution infrastructure is not provided by February 1, 2010, subsection (1) of this section is null and void.  [2009 c 459 § 9.]

adjacent to Interstate 5, Interstate 90, Interstate 405, or state route number 520 planning under this chapter must allow electric vehicle infrastructure as a use in all areas within one mile of Interstate 5, Interstate 90, Interstate 405, or state route number 520, except those zoned for residential or resource use or critical areas. (1) As an alternative to those provisions of this chapter relating to powers or duties of the planning commission to hear and report on any proposal to amend a zoning ordinance, the legislative body of a city or county may adopt a hearing examiner system under which a hearing examiner or hearing examiners may hear and decide applications for amending the zoning ordinance when the amendment which is applied for is not of general applicability. In addition, the legislative body may vest in a hearing examiner the power to hear and decide those issues it believes should be reviewed and decided by a hearing examiner, including but not limited to:

(b) The decision may be given the effect of an administrative decision appealable within a specified time limit to the legislative body; or

(c) Except in the case of a rezone, the decision may be given the effect of a final decision of the legislative body.

(3) Each final decision of a hearing examiner shall be in writing and shall include findings and conclusions, based on the record, to support the decision. Such findings and conclusions shall also set forth the manner in which the decision would carry out and conform to the city’s or county’s comprehensive plan and the city’s or county’s development regulations. Each final decision of a hearing examiner, unless a longer period is mutually agreed to in writing by the applicant and the hearing examiner, shall be rendered within ten working days following conclusion of all testimony and hearings. (2) A city may require that the facility: (a) Comply with all building, fire, safety, health code, and business licensing requirements; (b) conform to lot size, building size, setbacks, and lot coverage standards applicable to the zoning district except if the structure is a legal nonconforming structure; (c) is certified by the department of early learning licensor as providing a safe passenger loading area; (d) include signage, if any, that conforms to applicable regulations; and (e) limit hours of operations to facilitate neighborhood compatibility, while also providing appropriate opportunity for persons who use family day-care and who work a nonstandard work shift.

(3) A city may also require that the family day-care provider, before state licensing, require proof of written notification by the provider that the immediately adjoining property owners have been informed of the intent to locate and main-
tain such a facility. If a dispute arises between neighbors and the family day-care provider over licensing requirements, the licensor may provide a forum to resolve the dispute.

(4) Nothing in this section shall be construed to prohibit a city from imposing zoning conditions on the establishment and maintenance of a family day-care provider’s home in an area zoned for residential or commercial use, so long as such conditions are no more restrictive than conditions imposed on other residential dwellings in the same zone and the establishment of such facilities is not precluded. As used in this section, “family day-care provider” is as defined in RCW 43.215.010. [2007 c 17 § 10; 2003 c 286 § 3; 1995 c 49 § 1; 1994 c 273 § 14.]

If the council or board does not adopt findings of fact justifying its action before this hearing, then the council or board shall do so immediately after this public hearing. A moratorium or interim zoning control adopted under this section may be effective for not longer than six months, but may be effective for up to one year if a work plan is developed for related studies providing for such a longer period. A moratorium or interim zoning control may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 1.]

Finding—Purpose—1997 c 447: See note following RCW 70.05.074.

35.67.020 Authority to construct system and fix rates and charges—Classification of services and facilities—Assistance for low-income persons. (1) Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits. Every city and town has full jurisdiction and authority to manage, regulate, and control them and, except as provided in subsection (3) of this section, to fix, alter, regulate, and control the rates and charges for their use.

(2) Subject to subsection (3) of this section, the rates charged under this section must be uniform for the same class of customers or service and facilities furnished. In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:
   (a) The difference in cost of service and facilities to the various customers;
   (b) The location of the various customers within and without the city or town;
   (c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;
   (d) The different character of the service and facilities furnished various customers;
   (e) The quantity and quality of the sewage delivered and the time of its delivery;
   (f) The achievement of water conservation goals and the discouragement of wasteful water use practices;
   (g) Capital contributions made to the system, including but not limited to, assessments;
   (h) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and
   (i) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permisive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.
(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town’s sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

35.67.250 Sewerage lien foreclosure—Trial. A sewerage lien foreclosure action shall be tried before the court without a jury. The court may allow in addition to interest on the service charges at a rate not exceeding eight percent per year from date of delinquency, costs and disbursements as provided by statute and such attorneys’ fees as the court may adjudge reasonable.

If the owners and parties interested in any particular tract default, the court may enter judgment of foreclosure and sale as to such parties and tracts and the action may proceed as to the remaining defendants and tracts. The judgment shall specify separately the amount of the sewerage charges, with interest, penalty and costs chargeable to each tract. The judgment shall have the effect of a separate judgment as to each tract described in the judgment, and any appeal shall not invalidate or delay the judgment except as to the property concerning which the appeal is taken. In the judgment the court shall order the tracts therein described sold at one general sale, and an order of sale shall issue pursuant thereto for the enforcement of the judgment. Judgment may be entered as to any one or more separate tracts involved in the action, and the court shall retain jurisdiction of other properties. [1965 c 7 § 35.67.250. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

35.67.260 Sewerage lien foreclosure—Redemption. All sales shall be subject to the right of redemption within one year from date of sale. [1965 c 7 § 35.67.260. Prior: 1941 c 193 § 7, part; Rem. Supp. 1941 § 9354-10, part.]

35.67.270 Sewerage sale acquired property—Disposition. At any time after deed is issued to it pursuant to lien, a city or town may lease or sell or convey any property at public or private sale for such price and on such terms as may be determined by resolution of the city or town legislative body, any provision of law, charter or ordinance to the contrary notwithstanding. [1965 c 7 § 35.67.270. Prior: 1941 c 193 § 8; Rem. Supp. 1941 § 9354-11.]

35.67.280 Sewerage sale acquired property—Payment of delinquent taxes. After the entry of judgment of foreclosure against any tract, the city or town may pay delinquent general taxes or purchase certificates of delinquency for general taxes on the tract or purchase the tract at county tax foreclosure or from the county after foreclosure.

After entry of judgment of foreclosure against any premises the city or town may pay local or special assessments which are delinquent or are about to become delinquent and if the tract has been foreclosed upon for local or special assessments and the time for redemption has not expired, it may redeem it.

No moneys shall be expended for the purposes enumerated in this section except upon enactment by the city or town legislative body of a resolution determining the desirability or necessity of making the expenditure. [1965 c 7 § 35.67.280. Prior: 1941 c 193 § 9; Rem. Supp. 1941 § 9354-12.]

35.67.290 Sewerage lien—Enforcement—Alternative method. As an additional and concurrent method of enforcing the lien authorized in this chapter any city or town operating its own municipal water system may provide by ordinance for the enforcement of the lien by cutting off the water service from the premises to which such sewer service was furnished after the charges become delinquent and unpaid, until the charges are paid.

The right to enforce the lien by cutting off and refusing water service shall not be exercised after two years from the date of the recording of sewerage lien notice except to enforce payment of six months’ charges for which no lien notice is required to be recorded. [1965 c 7 § 35.67.290. Prior: 1941 c 193 § 10; Rem. Supp. 1941 § 9354-13.]

35.67.300 Water-sewer districts and municipalities—Joint agreements. Any city, town, or organized and established water-sewer district owning or operating its own sewer system, whenever topographic conditions shall make it feasible and whenever such existing sewer system shall be adequate therefor in view of the sewerage and drainage requirements of the property in such city, town, or water-sewer district, served or to be served by such system, may contract with any other city, town, or organized and established water-sewer district for the discharge into its sewer system of sewage from all or any part or parts of such other city, town, or water-sewer district upon such terms and conditions and for such periods of time as may be deemed reasonable.

Any city, town, or organized and established water-sewer district may contract with any other city, town, or organized and established water-sewer district for the construction and/or operation of any sewer or sewage disposal facilities for the joint use and benefit of the contracting parties upon such terms and conditions and for such period of time as the governing bodies of the contracting parties may determine. Any such contract may provide that the responsibility for the management of the construction and/or maintenance and operation of any sewer disposal facilities or part thereof covered by such contract shall be vested solely in one of the contracting parties, with the other party or parties thereto paying to the managing party such portion of the expenses thereof as shall be agreed upon. [1999 c 153 § 37; 1965 c 7 § 35.67.300. Prior: 1947 c 212 § 3; 1941 c 193 § 11; Rem. Supp. 1947 § 9354-14.]

35.67.310 Sewers—Outside city connections. Every city or town may permit connections with any of its sewers, either directly or indirectly, from property beyond its limits, upon such terms, conditions and payments as may be prescribed by ordinance, which may be required by the city or town to be evidenced by a written agreement between the city or town and the owner of the property to be served by the connecting sewer.

If any such agreement is made and filed with the county auditor of the county in which such property is located, it shall constitute a covenant running with the land and the agreements and covenants therein shall be binding on the owner and all persons subsequently acquiring any right, title or interest in or to said property.
If the terms and conditions of the ordinance or of the agreement are not kept and performed, or the payments made, as required, the city or town may disconnect the sewer and for that purpose may at any time enter upon any public street or road or upon said property. [1965 c 7 § 35.67.310. Prior: 1941 c 75 § 1; Rem. Supp. 1941 § 9354-19.]

A city or town may by ordinance provide that its water system, sewerage system, and garbage and refuse collection and disposal system may be acquired, constructed, maintained and operated jointly, either by combining any two of such systems or all three. All powers granted to cities and towns to acquire, construct, maintain and operate such systems may be exercised in the joint acquisition, construction, maintenance and operation of such combined systems: PROVIDED, That if a general indebtedness is to be incurred to pay a part or all of the cost of construction, maintenance, or operation of such a combined system, no such indebtedness shall be incurred without such indebtedness first being authorized by a vote of the people at a special or general election conducted in the manner prescribed by law: PROVIDED FURTHER, That nothing in chapter 51, Laws of 1969 ex. sess. shall be construed to supersede charter provisions to the contrary. [1969 ex.s. c 51 § 1.]

35.67.340 Statutes governing combined facility. The operation by a city or town of a combined facility as provided for in RCW 35.67.331 shall be governed by the statutes relating to the establishment and maintenance of a city or town water system if the water system is one of the systems included in the combined acquisition, construction, or operation; otherwise the combined system shall be governed by the statutes relating to the establishment and maintenance of a city or town sewerage system. [1969 ex.s. c 51 § 2; 1965 c 7 § 35.67.340. Prior: 1941 c 193 § 12, part; Rem. Supp. 1941 § 9354-15, part.]

35.67.350 Penalty for sewer connection without permission. It is unlawful and a misdemeanor to make or cause to be made or to maintain any sewer connection with any sewer of any city or town, or with any sewer which is connected directly or indirectly with any sewer of any city or town without having permission from the city or town. [1965 c 7 § 35.67.350. Prior: 1943 c 100 § 1; Rem. Supp. 1943 § 9354-20.]

Any city, code city, town, county, special purpose district, municipal corporation, or quasi-municipal corporation that is engaged in the sale or distribution of storm water or sewer services may use public moneys or credit derived from operating revenues from the sale of storm water or sewer services to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of storm water or sewer services in such structures or equipment. Except for the necessary support of the poor and infirm, an appropriate charge-back shall be made for the extension of public moneys or credit. The charge-back shall be a lien against the structure benefited or a security interest in the equipment benefited. [1998 c 31 § 2.]

Findings—Intent—1998 c 31: "The legislature finds that the voters approved an amendment to Article VIII, section 10 of the state Constitution in 1997. The legislature finds that this amendment to the state Constitution will allow necessary improvements to be made to storm water and sewer services so that less pollution is discharged into the waters of the state, less treatment will be needed, and capacity for existing treatment systems will be saved. It is the intent of the legislature to enact legislation that grants specific authority to units of local government that provide storm water and sewer services to operate programs that are consistent with the authority granted in House Joint Resolution No. 4209." [1998 c 31 § 1.]

35.67.370 Mobile home parks—Replacement of septict systems—Charges for unused sewer service. (1) Cities, towns, or counties may not require existing mobile home parks to replace existing, functional septic systems with a sewer system within the community unless the local board of health determines that the septic system is failing.

(2) Cities, towns, and counties are prohibited from requiring existing mobile home parks to pay a sewer service availability charge, standby charge, consumption charge, or any other similar types of charges associated with available but unused sewer service, including any interest or penalties for nonpayment or enforcement charges, until the mobile home park connects to the sewer service. When a mobile home park connects to a sewer, cities, towns, and counties may only charge mobile home parks prospectively from the date of connection for their sewer service. Chapter 297, Laws of 2003 is remedial in nature and applies retroactively to 1993. [2003 c 297 § 1; 1998 c 61 § 1.]

Assessments and charges against state lands: Chapter 79.44 RCW.

35.68.010 Authority conferred. Any city or town, hereinafter referred to as city, is authorized to construct,
reconstruct, and repair sidewalks, gutters and curbs along and driveways across sidewalks, which work is hereafter referred to as the improvement, and to pay the costs thereof from any available funds, or to require the abutting property owner to construct the improvement at the owner’s own cost or expense, or, subject to the limitations in RCW 35.69.020 (2) and (3), to assess all or any portion of the costs thereof against the abutting property owner. [1996 c 19 § 1; 1965 c 7 § 35.68.010. Prior: 1949 c 177 § 1; Rem. Supp. 1949 § 9332a.]

35.68.020 Resolution—Contents. No such improvement shall be undertaken or required except pursuant to a resolution of the council or commission of the city or town, hereinafter referred to as the city council. The resolution shall state whether the cost of the improvement shall be borne by the city or whether all or a specified portion shall be borne by the city or whether all or a specified portion shall be borne by the abutting property owner; or whether the abutting owner is required to construct the improvement at his or her own cost and expense. If the abutting owner is required to construct the improvement the resolution shall specify the time within which the construction shall be commenced and completed; and further that if the improvement or construction is not undertaken and completed within the time specified that the city will perform or complete the improvement and assess the cost against the abutting owner. [2009 c 549 § 2117; 1965 c 7 § 35.68.020. Prior: 1949 c 177 § 2; Rem. Supp. 1949 § 9332b.]

35.68.030 Resolution—Publication—Notice—Hearing. If all or any portion of the cost is to be assessed against the abutting property owner, or if the abutting property owner is required to construct the improvement, the resolution shall fix a time from and after its passage, and a place, for hearing on the resolution. The resolution shall be published for two consecutive weeks before the time of hearing in the official newspaper or regularly published official publication of the city or town and a notice of the date of the hearing shall be given each owner or reputed owner of the abutting property by mailing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer, at the address shown thereon a notice of the date of hearing, the mailing to be at least ten days before the date fixed for the hearing. If the publication and mailing is made as herein required, proof thereof by affidavit shall be filed with the city clerk, comptroller or auditor of the city before the hearing. The hearing may be postponed from time to time to a definite date until the hearing is held. At the time of hearing the council shall hear persons who appear for or against the improvement, and determine whether it will or will not proceed with the improvement and whether it will make any changes in the original plan, and what the changes shall be. This action may be taken by motion adopted in the usual manner. [1985 c 469 § 37; 1965 c 7 § 35.68.030. Prior: 1949 c 177 § 3; Rem. Supp. 1949 § 9332c.]

35.68.040 "Sidewalk construction fund." When all or any portion of the cost is to be assessed against the abutting property owner, the city council may create a "sidewalk construction fund No. . . . " to be numbered differently for each improvement; and with warrants drawn on this fund the cost of the respective improvements may be paid. The city may advance as a loan to the sidewalk construction fund from any available funds the amounts necessary to pay any costs of the improvement. When any assessments are made for the improvement, payments therefor shall be paid into the particular sidewalk improvement fund; and whenever any funds are available over the amounts necessary to pay outstanding warrants any advances or loans made to the fund shall be repaid. Whenever warrants are drawn on any such fund which are not paid for want of sufficient funds, they shall be so stamped and shall bear interest until called and paid at a rate established by the city council by resolution. [1965 c 7 § 35.68.040. Prior: 1949 c 177 § 4; Rem. Supp. 1949 § 9332d.]

35.68.050 Assessment roll—Hearing—Confirmation—Appeal. Where all or any portion of the costs are to be assessed against the abutting property, an assessment roll shall be prepared by the proper city official or by the city council which shall to the extent necessary be based on benefits and which shall describe the property assessed, the name of the owner, if known, otherwise stating that the owner is unknown and fixing the amount of the assessment. The assessment roll shall be filed with the city clerk, and when so filed the council shall by resolution fix a date for hearing thereon and direct the clerk to give notice of the hearing and the time and place thereof. The notice of hearing shall be mailed to the person whose name appears on the county treasurer’s tax roll as the owner or reputed owner of the property, at the address shown thereon, and shall be published before the date fixed for the hearing for two consecutive weeks in the official newspaper or regular official publication of the city. The notice shall be mailed and first publication made at least ten days before the hearing date. Proof of mailing and publication shall be made by affidavit and shall be filed with the city clerk before the date fixed for the hearing. Following the hearing the city council shall by ordinance affirm, modify, or reject or order recasting of the assessment roll. An appeal may be taken to the superior court from the ordinance confirming the assessment roll in the same manner as is provided for appeals from the assessment roll by chapters 35.43 to 35.54 RCW, inclusive, as now or hereafter amended. [1985 c 469 § 38; 1965 c 7 § 35.68.050. Prior: 1949 c 177 § 5; Rem. Supp. 1949 § 9332e.]

35.68.060 Method of payment of assessments. The city council shall by ordinance provide whether the full amount of the assessment shall be paid in one payment or whether it may be paid in installments and shall prescribe the time and amount of such payments; and if more than one payment is provided for, the city council may by resolution provide for interest on unpaid installments and fix the rate thereof. [1965 c 7 § 35.68.060. Prior: 1949 c 177 § 6; Rem. Supp. 1949 § 9332f.]

35.68.070 Collection of assessments. The assessment roll as affirmed or modified by the city council shall be filed with the city treasurer for collection, and the amount thereof including interest, if any, shall become a lien against the
property described therein from the date of such filing. Whenever any payment on any assessment or installment is delinquent and unpaid for a period of thirty days or more the lien may be foreclosed in the same manner and with the same effect as is provided by chapters 35.43 to 35.54 RCW, inclusive; as now or hereafter amended. Whenever the deed is issued after the sale therein provided, the regularity, validity and correctness of the proceedings relating to such improvement and the assessment therefor shall be final and conclusive and no action shall thereafter be brought by or in behalf of any person to set aside said deed. [1965 c 7 § 35.68.070. Prior: 1949 c 177 § 7; Rem. Supp. 1949 § 9332g.]

35.68.075 Curb ramps for persons with disabilities—
Required—Standards and requirements. (1) The standard for construction on any county road, or city or town street, for which curbs in combination with sidewalks, paths, or other pedestrian access ways are to be constructed, shall be not less than two ramps per lineal block on or near the crosswalks at intersections. Such ramps shall be at least thirty-six inches wide and so constructed as to allow reasonable access to the crosswalk for physically handicapped persons, without uniquely endangering blind persons.

(2) Standards set for curb ramping under subsection (1) of this section shall not apply to any curb existing upon enactment of this section but shall apply to all new curb construction and to all replacement curbs constructed at any point in a block which gives reasonable access to a crosswalk.

(3) Upon September 21, 1977, every ramp thereafter constructed under subsection (1) of this section, which serves one end of a crosswalk, shall be matched by another ramp at the other end of the crosswalk. However, no ramp shall be required at the other end of the crosswalk if there is no curb nor sidewalk at the other end of the crosswalk. Nor shall any matching ramp constructed pursuant to this subsection require a subsequent matching ramp. [1989 c 173 § 1; 1977 ex.s. c 137 § 1; 1973 c 83 § 1.]

35.68.076 Curb ramps for persons with disabilities—
Model standards. The department of general administration shall, pursuant to chapter 34.05 RCW, the Administrative Procedure Act, adopt several suggested model design, construction, or location standards to aid counties, cities, and towns in constructing curb ramps to allow reasonable access to the crosswalk for physically handicapped persons without uniquely endangering blind persons. The department of general administration shall consult with handicapped persons, blind persons, counties, cities, and the state building code council in adopting the suggested standards. [1989 c 175 § 84; 1977 ex.s. c 137 § 2.]

35.69.020 Resolution of necessity—Liability of abutting property—Reconstruction. (1) Whenever a portion, not longer than one block in length, of any street in any city is not improved by the construction of a sidewalk thereon, or the sidewalk thereon has become unfit or unsafe for purposes of public travel, and such street adjacent to both ends of said portion is so improved and in good repair, and the city council of such city by resolution finds that the improvement of such portion of such street by the construction or reconstruction of a sidewalk thereon is necessary for the public safety and convenience, the duty, burden, and expense of constructing or reconstructing such sidewalk shall devolve upon the property directly abutting upon such portion except as provided in subsections (2) and (3) of this section.

(2) An abutting property shall not be charged with any costs of construction or reconstruction under this chapter, or under chapter 35.68 or 35.70 RCW, in excess of fifty percent of the valuation of such abutting property, exclusive of improvements thereon, according to the valuation last placed upon it for purposes of general taxation.

(3) An abutting property shall not be charged with any costs of reconstruction under this chapter, or under chapter 35.68 or 35.70 RCW, if the reconstruction is required to correct deterioration of or damage to the sidewalk that is the direct result of actions by the city or its agents or to correct deterioration of or damage to the sidewalk that is the direct result of the failure of the city to enforce its ordinances. [1996 c 19 § 3; 1965 c 7 § 35.69.020. Prior: 1927 c 203 § 2; RRS § 9332-2.]

such portion of such street, instructing him or her to construct or reconstruct a sidewalk on such portion in accordance with the plans and specifications which shall be attached to such notice. The notice shall be deemed sufficiently served if delivered in person to the owner or if left at the home of such owner with a person of suitable age and discretion then resident therein, or with an agent of such owner, authorized to collect rentals on such property, or, if the owner is a nonresident of the state of Washington, by mailing a copy to his or her last known address, or if he or she is unknown or if his or her address is unknown, then by posting a copy in a conspicuous place at such portion of the street where the improvement is to be made. The notice shall specify a reasonable time within which such construction or reconstruction shall be made, and shall state that in case the owner fails to make the same within such time, the city will proceed to make it through the officer or department thereof charged with the inspection of sidewalks and that such officer or department will report to the city council, at a subsequent date, to be definitely stated in the notice, an assessment roll showing the lot or parcel of land directly abutting on such portion of the street so improved, the cost of the improvement, and the name of the owner, if known, and that the city council at the time stated in the notice or at the time or times to which the same may be adjourned, will hear any and all protests against the proposed assessment. 35.71.010 Definitions. As used in this chapter, the following terms shall have the meaning herein given to each of them:

"City" means any city or town.

(2010 Ed.)
"Chief executive" means the mayor in a mayor-council or commission city and city manager in a council-manager city.

"Corporate authority" means the legislative body of any city.

"Project" means a pedestrian mall project.

"Right-of-way" means that area of land dedicated for public use or secured by the public for purposes of ingress and egress to abutting property and other public purposes.

"Mall" means an area of land, part of which may be surfaced, landscaped, and used entirely for pedestrian movements, except with respect to governmental functions, utilities, and loading and unloading of goods.

"Mall organization" means a group of property owners, lessors, or lessees in an area that has been organized to consider the establishment, maintenance, and operation of a mall in a given area and persons owning or having any legal or equitable interest in the real property affected by the establishment of the mall. [1965 c 7 § 35.71.010. Prior: 1961 c 111 § 1.]

35.71.020 Establishment declared public purpose—Authority to establish—General powers. The establishment of pedestrian malls is declared to be for a public purpose. Any corporate authority, by ordinance, may establish and regulate any street right-of-way as a mall, may prohibit, in whole or in part, vehicular traffic on a mall, and may provide for the acquisition of any interest in the right-of-way necessary to its establishment, and may provide for the determination of legal damages, if any, to abutting property. [1965 c 7 § 35.71.020. Prior: 1961 c 111 § 2.]

35.71.030 Resolution of intention—Traffic limitation—Property owner’s right of ingress and egress. When the corporate authority determines that the public interest, safety, and convenience is best served by the establishment of a mall and that vehicular traffic will not be unduly inconvenienced thereby, it may adopt a resolution declaring its intention to do so, and announcing the intended extent of traffic limitation. Any corporate authority is authorized to limit the utilization of any right-of-way, except for utilities and governmental functions, provided adequate alternative routes for vehicular movement, and the loading and unloading of goods are established or are available. The abutting property owner’s right of ingress and egress shall be considered to have been satisfied whenever the corporate authority has planned and constructed, or there is available, an alternate route, alleyway, and service driveway. [1965 c 7 § 35.71.030. Prior: 1961 c 111 § 3.]

35.71.040 Plan—Alternate vehicle routes—Off-street parking—Hearing, notice. Before a mall is established, a plan shall be formulated consistent with the city’s comprehensive plan, including at least the area of the right-of-way between two intersecting streets and showing alternate routes outside the mall area upon which any vehicles excluded from using the mall may be accommodated; it may include a provision for on and off-street parking. After the plans have been prepared, the corporate authority shall hold a public hearing thereon, giving notice of time and place at least two weeks in advance of the hearing in a newspaper of general circulation in the city and as required by chapter 42.32 RCW. [1965 c 7 § 35.71.040. Prior: 1961 c 111 § 4.]

35.71.050 Real estate appraisers—Report. The corporate authority is authorized to engage duly qualified real estate appraisers, for the purpose of determining the value, or legal damages, if any, to any person, owning or having any legal or equitable interest in any real property who contends that he or she would suffer damage if a projected mall were established; in connection therewith the city shall take into account any increment in value that may result from the establishment of the mall. The appraisers shall submit their findings in writing to the chief executive of the city. [2009 c 549 § 2122; 1965 c 7 § 35.71.050. Prior: 1961 c 111 § 5.]

35.71.060 Financing methods. The corporate authority may finance the establishment of a mall, including, but not limited to, right-of-way improvements, traffic control devices, and off-street parking facilities in the vicinity of the mall, by one or more of the following methods or by a combination of any two or more of them:

(1) By creating local improvement districts under the laws applicable thereto in Title 35 RCW.

(2) By issuing revenue bonds pursuant to chapter 35.41 RCW, *RCW 35.24.305, chapter 35.92 RCW, RCW 35.81.100, and by such other statutes that may authorize such bonds.

(3) By issuing general obligation bonds pursuant to chapter 39.52 RCW, RCW 35.81.115, and by such other statutes and applicable provisions of the state Constitution that may authorize such bonds.

(4) By use of gifts and donations.

(5) General fund and other available moneys: PROVIDED, That if any general fund moneys are expended for a mall, provision may be made for repayment thereof to the general fund from money received from the financing of the mall.

The corporate authority may include within the cost of any mall project the expense of moving utilities, or any facility located within a right-of-way. [1965 c 7 § 35.71.060. Prior: 1961 c 111 § 6.]

*Reviser’s note: RCW 35.24.305 was recodified as RCW 35.23.454 pursuant to 1994 c 81 § 90.

35.71.070 Waivers and quitclaim deeds—Rights in right-of-way. The corporate authority may formulate, solicit, finance and acquire, purchase, or negotiate the acquisition of waivers and the execution of quitclaim deeds by persons owning or having any legal or equitable interest in the real property affected by the establishment of a mall, conveying the necessary rights to the city to prohibit through vehicular traffic and otherwise limit vehicular access to, and from, such right-of-way: PROVIDED, That the execution of such waivers and quitclaim deeds shall not operate to extinguish the rights of the abutting owner, lessor, or lessee in the right-of-way, not included in such waiver or quitclaim deed. [1965 c 7 § 35.71.070. Prior: 1961 c 111 § 7.]
35.71.080 Vacating, replatting right-of-way for mall purposes. The corporate authority, as an alternate to the preceding methods, may find that the right-of-way no longer is needed as a right-of-way. When persons owning or having any legal or equitable interest in the real property affected by a proposed mall, present a petition to the corporate authority for vacating the right-of-way pursuant to chapter 35.79 RCW, or the corporate authority initiates by resolution such a vacation proceeding, a right-of-way may be vacated and replatted for mall purposes, and closed to vehicular traffic except as provided in RCW 35.71.030, consistent with the subdivision standards allowed by Title 58 RCW, and chapter 35.63 RCW. [1965 c 7 § 35.71.080. Prior: 1961 c 111 § 8.]

35.71.090 "Mall organization"—Powers in general—Directors—Officers. The corporate authority may cause an organization of persons to be known as a "Mall organization" interested in creating a mall in a given area to be formed to provide for consultative assistance to the city with respect to the establishment and administration of a mall. This organization may elect a board of directors of not less than three nor more than twelve members. The board shall elect a president, a vice president, and a secretary from its membership. [1965 c 7 § 35.71.090. Prior: 1961 c 111 § 9.]

35.71.100 Special assessment. After the establishment of the mall, the corporate authority may levy a special assessment on the real property within the area specially benefited by the improvement. Such special levy, if any, shall be for operation and maintenance of the mall and appurtenances thereto, which may not exceed one percent of the aggregate actual valuation of the real property (including twenty-five percent of the actual valuation of the improvements thereon) according to the valuation last placed upon it for purposes of general taxation: PROVIDED, That if a mall organization board of directors exists as authorized by RCW 35.71.090, the corporate authority may entertain a recommendation from this organization with respect to such a levy by the corporate authority. [1965 c 7 § 35.71.100. Prior: 1961 c 111 § 10.]

35.71.110 Claims for damages. Following the public hearing on the ordinance to establish a mall any person owning or having any legal or equitable interest in property which might be affected by reason of the establishment of the proposed mall or the board of directors of a mall organization shall, within twenty days of such hearing, file with the city clerk a statement describing the real property as to which the claim is made, the nature of the claimant’s interest therein, the nature of the alleged damage thereto and the amount of damages claimed. After the receipt thereof, the corporate authority may negotiate with the affected parties concerning them or deny them. [1965 c 7 § 35.71.110. Prior: 1961 c 111 § 11.]

35.71.120 Contracts with mall organization for administration—Conflicting charter provisions. If the corporate authority desires to have the mall administered by a mall organization rather than by one of its departments, the corporate authority may execute a contract with such an organization for the administration of the mall upon mutually satisfactory terms and conditions: PROVIDED, That if any provision of a city charter conflicts with this section, such provision of the city charter shall prevail. [1965 c 7 § 35.71.120. Prior: 1961 c 111 § 12.]

35.71.130 Election to discontinue mall—Ordinance—Outstanding obligations—Restoration to former status. The board of directors of a mall organization may call for an election, after the mall has been in operation for two years, at which the voting shall be by secret ballot, on the question: "Shall the mall be continued in operation?" If sixty percent of the membership of the organization vote to discontinue the mall, the results of the election shall be submitted to the corporate authority. The corporate authority may initiate proceedings by ordinance for the discontinuation of the mall, allocate the proportionate amount of the outstanding obligations of the mall to the abutting property of the mall or property specially benefited if a local improvement district is established, subject to the provisions of any applicable statutes and bond ordinances, resolutions, or agreements, and thereafter, at a time set by the corporate authority, the mall may be restored to its former right-of-way status. [1965 c 7 § 35.71.130. Prior: 1961 c 111 § 13.]

35.71.910 Chapter controls inconsistent laws. Insofar as the provisions of this chapter are inconsistent with a provision of any other law, the provisions of this chapter shall be controlling. [1965 c 7 § 35.71.910. Prior: 1961 c 111 § 15.]

CONTRACTS FOR STREET, ROAD, AND HIGHWAY PROJECTS

Sections
35.72.010 Contracts authorized for street projects.
35.72.020 Reimbursement by other property owners—Contract requirements.
35.72.030 Reimbursement by other property owners—Reimbursement share.
35.72.040 Assessment reimbursement contracts.
35.72.050 Alternative financing methods—Participation in or creation of assessment reimbursement area by county, city, town, or department of transportation—Eligibility for reimbursement.

35.72.010 Contracts authorized for street projects. The legislative authority of any city, town, or county may contract with owners of real estate for the construction or improvement of street projects which the owners elect to install as a result of ordinances that require the projects as a prerequisite to further property development. [1983 c 126 § 1.]

35.72.020 Reimbursement by other property owners—Contract requirements. (1) Except as otherwise provided in subsection (2) of this section, the contract may provide for the partial reimbursement to the owner or the owner’s assigns for a period not to exceed fifteen years of a portion of the costs of the project by other property owners who:
(a) Are determined to be within the assessment reimbursement area pursuant to RCW 35.72.040;

(b) Are determined to have a reimbursement share based upon a benefit to the property owner pursuant to RCW 35.72.030;

(c) Did not contribute to the original cost of the street project; and

(d) Subsequently develop their property within the period of time that the contract is effective and at the time of development were not required to install similar street projects because they were already provided for by the contract.

Street projects subject to reimbursement may include design, grading, paving, installation of curbs, gutters, storm drainage, sidewalks, street lighting, traffic controls, and other similar improvements, as required by the street standards of the city, town, or county.

2. (a) The contract may provide for an extension of the fifteen-year reimbursement period for a time not to exceed the duration of any moratorium, phasing ordinance, concurrency designation, or other governmental action that prevents making applications for, or the approval of, any new development within the benefit area for a period of six months or more.

(b) Upon the extension of the reimbursement period pursuant to (a) of this subsection, the contract must specify the duration of the contract extension and must be filed and recorded with the county auditor. Property owners who are subject to the reimbursement obligations under subsection (1) of this section shall be notified by the appropriate county, city, or town of the extension filed under this subsection.

(3) Each contract shall include a provision requiring that every two years from the date the contract is executed a property owner entitled to reimbursement under this section provide the appropriate county, city, or town with information regarding the current contract name, address, and telephone number of the person, company, or partnership that originally entered into the contract. If the property owner fails to comply with the notification requirements of this subsection within sixty days of the specified time, then the contracting county, city, or town may collect any reimbursement funds owed to the property owner under the contract. Such funds must be deposited in the capital fund of the county, city, or town. [2006 c 88 § 1; 1983 c 126 § 2.]

35.72.030 Reimbursement by other property owners—Reimbursement share. The reimbursement shall be a pro rata share of construction and reimbursement of contract administration costs of the street project. A city, town, or county shall determine the reimbursement share by using a method of cost apportionment which is based on the benefit to the property owner from such project. [1983 c 126 § 3.]

35.72.040 Assessment reimbursement contracts. The procedures for assessment reimbursement contracts shall be governed by the following:

1. An assessment reimbursement area shall be formulated by the city, town, or county based upon a determination by the city, town, or county of which parcels adjacent to the improvements would require similar street improvements upon development.

2. The preliminary determination of area boundaries and assessments, along with a description of the property owners’ rights and options, shall be forwarded by certified mail to the property owners of record within the proposed assessment area. If any property owner requests a hearing in writing within twenty days of the mailing of the preliminary determination, a hearing shall be held before the legislative body, notice of which shall be given to all affected property owners. The legislative body’s ruling is determinative and final.

3. The contract must be recorded in the appropriate county auditor’s office within thirty days of the final execution of the agreement.

4. If the contract is so filed, it shall be binding on owners of record within the assessment area who are not party to the contract. [1988 c 179 § 16; 1983 c 126 § 4.]

35.72.050 Alternative financing methods—Participation in or creation of assessment reimbursement area by county, city, town, or department of transportation—Eligibility for reimbursement. (1) As an alternative to financing projects under this chapter solely by owners of real estate, a county, city, or town may join in the financing of improvement projects and may be reimbursed in the same manner as the owners of real estate who participate in the projects, if the county, city, or town has specified the conditions of its participation in an ordinance. As another alternative, a county, city, or town may create an assessment reimbursement area on its own initiative, without the participation of a private property owner, finance the costs of the road or street improvements, and become the sole beneficiary of the reimbursements that are contributed. A county, city, or town may be reimbursed only for the costs of improvements that benefit that portion of the public who will use the developments within the assessment reimbursement area established pursuant to RCW 35.72.040(1). No county, city, or town costs for improvements that benefit the general public may be reimbursed.

(2) The department of transportation may, for state highways, participate with the owners of real estate or may be the sole participant in the financing of improvement projects, in the same manner and subject to the same restrictions as provided for counties, cities, and towns, in subsection (1) of this section. The department shall enter into agreements whereby the appropriate county, city, or town shall act as an agent of the department in administering this chapter. [1997 c 158 § 1; 1987 c 261 § 1; 1986 c 252 § 1.]

35.73.010 Authority—First and second-class cities. If a city of the first or second class establishes the grade of any street or alley at a higher elevation than any private property abutting thereon, thereby rendering the drainage of such private property or any part thereof impracticable without the raising of the surface of such private property, or if the surface of any private property in any such city is so low as to make sanitary drainage thereof impracticable and it is determined by resolution of the city council of such city that a fill of such private property is necessary as a sanitary measure, the city may provide therefor, and by general or special ordinance or both make provision for the necessary surveys, estimates, bids, contract, bond and supervision of the work and for making and approving the assessment roll of the local improvement district and for the collection of the assessments made thereby, and for the doing of everything which in their discretion may be necessary or be incidental thereto: PROVIDED, That before the approval of the assessment roll, notice shall be given and an opportunity offered for the owners of the property affected by the assessment roll to be heard before such city council in the same manner as in case of assessments for drainage or sewerage in the city. [1965 c 7 § 35.73.010. Prior: (i) 1907 c 243 § 1; RRS § 9426. (ii) 1907 c 243 § 4; RRS § 9429.]

35.73.020 Estimates—Intention—Property included—Resolution. Before establishing a grade for property or providing for the fill of property, the city must adopt a resolution declaring its intention to do so.

The resolution shall:

(1) Describe the property proposed to be improved by the fill,
(2) State the estimated cost of making the improvement,
(3) State that the cost thereof is to be assessed against the property improved thereby, and
(4) Fix a time not less than thirty days after the first publication of the resolution within which protests against the proposed improvement may be filed with the city clerk.

The resolution may include as many separate parcels of property as may seem desirable whether or not they are contiguous so long as they lie in the same general neighborhood and may be included conveniently in one local improvement district. [1965 c 7 § 35.73.020. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

35.73.030 Hearing—Time of—Publication of resolution. Upon the passage of the resolution the city clerk shall cause it to be published in the official newspaper of the city in at least two successive issues before the time fixed in the resolution for filing protests. Proof of publication by affidavit shall be filed as part of the record of the proceedings. [1965 c 7 § 35.73.030. Prior: 1907 c 243 § 2, part; RRS § 9427, part.]

35.73.040 Ordinance—Assessments. If no protest is filed, or if protests are filed but the city council after full hearing determines that it is necessary to fill any portion of the private property it shall proceed to enact an ordinance for such improvement. By the provisions of the ordinance, a local improvement district shall be established to be called "local improvement district No. . . . .," which shall include all the property found by the said council to require the fill as a sanitary measure. The ordinance shall provide that such improvement shall be made and shall fix and establish the grades to which the said property and the different portions thereof shall be brought by such improvement, and that the cost and expense thereof shall be taxed and assessed upon all the property in such local improvement district, which cost shall be assessed in proportion to the number of cubic yards of earth and bulkheading required for the different portions of said property included in said improvement district and in proportion to the benefits derived by such improvement: PROVIDED, That the city council may expend from the general fund for such purposes such sums as in its judgment may seem fair and equitable in consideration of the benefits accruing to the general public by reason of such improvement. [1965 c 7 § 35.73.040. Prior: 1907 c 243 § 3, part; RRS § 9428, part.]

35.73.050 Lien of assessments. Whenever any expense or cost of work has been assessed the amount of such expense and cost shall become a lien upon said lands against which the same are so assessed and shall take precedence of all other liens, except general tax liens and special assessment liens theretofore assessed by the said city thereon and which may be foreclosed in accordance with law in the name of such city as plaintiff. And in any such proceeding if the court trying the same shall be satisfied that the work has been done or material furnished for the fill of such property, a recovery shall be permitted or charge enforced to the extent of the proper proportion of the value of the work or material which would be chargeable on such lot or land notwithstanding any informality, irregularity or defects in any of the proceedings of such municipal corporation or its officers. The bonds may be issued subject to call, the amount of the said assessment to be payable in installments or otherwise, and the bonds to be of such terms as may be provided in the ordinances and to bear interest at such rate or rates as may be prescribed in the ordinances. Such bonds or warrants may be of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds or warrants may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 62; 1981 c 156 § 9; 1979 ex.s. c 30 § 1; 1965 c 7 § 35.73.060. Prior: 1915 c 87 § 1, part; 1907 c 243 § 5, part; RRS § 9430, part.]

35.77.010 Perpetual advanced six-year plans for coordinated transportation program expenditures—Nonmotorized transportation—Railroad right-of-way. (1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, the inherent authority of a first-class city derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan. The program shall include any new or enhanced bicycle or pedestrian facilities identified pursuant to RCW 36.70A.070(6) or other applicable changes that promote nonmotorized transit.

Based on these findings each such legislative body shall prepare and after public hearings thereon adopt a revised and extended comprehensive transportation program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year plan for each city or town shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

No street construction project shall be divided into lesser component parts for the purpose of avoiding the requirements for competitive bidding. [2009 c 549 § 2123; 1965 c 7 § 35.77.030. If a board is created, the ordinance shall specify the terms, method of appointment, and type of membership of the board, which may be limited, if the local governing body chooses, to public officers under this section.

(b) That if a board is created, a public officer, other than a member of the improvement board, may be designated to work with the board and carry out the duties and exercise the powers assigned to the public officer by the ordinance.

(c) That if, after a preliminary investigation of any dwelling, building, structure, or premises, the board or officer finds that it is unfit for human habitation or other use, he or she shall cause to be served either personally or by certified mail, with return receipt requested, upon all persons having any interest therein, as shown upon the records of the auditor’s office of the county in which such property is located, and shall post in a conspicuous place on such property, a complaint stating in what respects such dwelling, building, structure, or premises is unfit for human habitation or other use. If the whereabouts of any of such persons is unknown and the same cannot be ascertained by the board or officer in the exercise of reasonable diligence, and the board or officer makes an affidavit to that effect, then the serving of such complaint or order upon such persons may be made either by personal service or by mailing a copy of the complaint and order by certified mail, postage prepaid, return receipt requested, to each such person at the address of the building involved in the proceedings, and mailing a copy of the complaint and order by first-class mail to any address of each such person in the records of the county assessor or the county auditor for the county where the property is located. Such complaint shall contain a notice that a hearing will be held before the board or officer, at a place therein fixed, not less than ten days nor more than thirty days after the serving of the complaint; and that all parties in interest shall be given the right to file an answer to the complaint, to appear in person, or otherwise, and to give testimony at the time and place in the complaint. The rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the board or officer. A copy of such complaint shall also be filed with the auditor of the county in which the dwelling, building, structure, or premises is located, and such filing of the complaint or order shall have the same force and effect as other lis pendens notices provided by law.

(d) That the board or officer may determine that a dwelling, building, structure, or premises is unfit for human habitation or other use if it finds that conditions exist in such dwelling, building, structure, or premises which are dangerous or injurious to the health or safety of the occupants of such dwelling, building, structure, or premises, the occupants of neighboring dwellings, or other residents of such municipality. Such conditions may include the following, without limitations: Defects therein increasing the hazards of fire or accident; inadequate ventilation, light, or sanitary facilities, dilapidation, disrepair, structural defects, uncleanliness, overcrowding, or inadequate drainage. The ordinance shall state reasonable and minimum standards covering such conditions, including those contained in ordinances adopted in accordance with subsection (7)(a) of this section, to guide the board or the public officer and the agents and employees of either, in determining the fitness of a dwelling for human habitation, or building, structure, or premises for other use.

(e) That the determination of whether a dwelling, building, structure, or premises should be repaired or demolished, shall be based on specific stated standards on (i) the degree of structural deterioration of the dwelling, building, structure, or premises, or (ii) the relationship that the estimated cost of repair bears to the value of the dwelling, building, structure, or premises, with the method of determining this value to be specified in the ordinance.

(f) That if, after the required hearing, the board or officer determines that the dwelling is unfit for human habitation, or building or structure or premises is unfit for other use, it shall state in writing its findings of fact in support of such determination, and shall issue and cause to be served upon the owner or party in interest thereof, as is provided in (c) of this subsection, and shall post in a conspicuous place on the property, an order that (i) requires the owner or party in interest, within the time specified in the order, to repair, alter, or improve such dwelling, building, structure, or premises to render it fit for human habitation, or for other use, or to vacate and close the dwelling, building, structure, or premises, if such course of action is deemed proper on the basis of the standards set forth as required in (e) of this subsection; or (ii) requires the owner or party in interest, within the time specified in the order, to remove or demolish such dwelling, building, structure, or premises, if this course of action is deemed proper on the basis of those standards. If no appeal is filed, a copy of such order shall be filed with the auditor of the county in which the dwelling, building, structure, or premises is located.

(g) That the owner or any party in interest, within thirty days from the date of service upon the owner and posting of an order issued by the board under (c) of this subsection, may file an appeal with the appeals commission.

The local governing body of the municipality shall designate or establish a municipal agency to serve as the appeals commission. The local governing body shall also establish rules of procedure adequate to assure a prompt and thorough review of matters submitted to the appeals commission, and such rules of procedure shall include the following, without being limited thereto: (i) All matters submitted to the appeals commission must be resolved by the commission within sixty days from the date of filing therewith and (ii) a transcript of the findings of fact of the appeals commission shall be made available to the owner or other party in interest upon demand.

The findings and orders of the appeals commission shall be reported in the same manner and shall bear the same legal consequences as if issued by the board, and shall be subject to review only in the manner and to the extent provided in subsection (2) of this section.

If the owner or party in interest, following exhaustion of his or her rights to appeal, fails to comply with the final order to repair, alter, improve, vacate, close, remove, or demolish the dwelling, building, structure, or premises, the board or officer may direct or cause such dwelling, building, structure, or premises to be repaired, altered, improved, vacated, and closed, removed, or demolished.

(h) That the amount of the cost of such repairs, alterations or improvements; or vacating and closing; or removal or demolition by the board or officer, shall be assessed against the real property upon which such cost was incurred unless such amount is previously paid. For purposes of this subsection, the cost of vacating and closing shall include (i)
the amount of relocation assistance payments that a property owner has not repaid to a municipality or other local government entity that has advanced relocation assistance payments to tenants under RCW 59.18.085 and (ii) all penalties and interest that accrue as a result of the failure of the property owner to timely repay the amount of these relocation assistance payments under RCW 59.18.085. Upon certification to him or her by the treasurer of the municipality in cases arising out of the city or town or by the county improvement board or officer, in cases arising out of the county, of the assessment amount being due and owing, the county treasurer shall enter the amount of such assessment upon the tax rolls against the property for the current year and the same shall become a part of the general taxes for that year to be collected at the same time and with interest at such rates and in such manner as provided for in RCW 84.56.020 for delinquent taxes, and when collected to be deposited to the credit of the general fund of the municipality. If the dwelling, building, structure, or premises is removed or demolished by the board or officer, the amount of such removal or demolition, the cost of labor and materials, and the necessary funds to administer such ordinance.

The assessment shall constitute a lien against the property which shall be of equal rank with state, county and municipal taxes.

(2) Any person affected by an order issued by the appeals commission pursuant to subsection (1)(g) of this section may, within thirty days after the posting and service of the order, petition to the superior court for an injunction restraining the public officer or members of the board from carrying out the provisions of the order. In all such proceedings the court is authorized to affirm, reverse, or modify the order and such trial shall be heard de novo.

(3) An ordinance adopted by the local governing body of the municipality may authorize the board or officer to exercise such powers as may be necessary or convenient to carry out and effectuate the purposes and provisions of this section. These powers shall include the following in addition to others granted in this section: (a)(i) To determine which dwellings within the municipality are unfit for human habitation; (ii) to determine which buildings, structures, or premises are unfit for other use; (b) to administer oaths and affirmations, examine witnesses, and receive evidence; and (c) to investigate the dwelling and other property conditions in the municipality or county and to enter upon premises for the purpose of making examinations when the board or officer has reasonable ground for believing they are unfit for human habitation, or for other use: PROVIDED, That such entries shall be made in such manner as to cause the least possible inconvenience to the persons in possession, and to obtain an order for this purpose after submitting evidence in support of an application which is adequate to justify such an order from a court of competent jurisdiction in the event entry is denied or resisted.

(4) The local governing body of any municipality adopting an ordinance pursuant to this chapter may appropriate the necessary funds to administer such ordinance.

(5) This section does not abrogate or impair the powers of the courts or of any department of any municipality to enforce any provisions of its charter or its ordinances or regulations, nor to prevent or punish violations thereof; and the powers conferred by this section shall be in addition and supplemental to the powers conferred by any other law.

(6) This section does not impair or limit in any way the power of the municipality to define and declare nuisances and to cause their removal or abatement, by summary proceedings or otherwise.

(7) Any municipality may by ordinance adopted by its governing body (a) prescribe minimum standards for the use and occupancy of dwellings throughout the municipality or county, (b) prescribe minimum standards for the use or occupancy of any building, structure, or premises used for any other purpose, (c) prevent the use or occupancy of any dwelling, building, structure, or premises, that is injurious to the public health, safety, morals, or welfare, and (d) prescribe punishment for the violation of any provision of such ordinance. Chapter 35.80A RCW

CONDEMNATION OF BLIGHTED PROPERTY

35.80A.010 Condemnation of blighted property.

Every county, city, and town may acquire by condemnation, in accordance with the notice requirements and other procedures for condemnation provided in Title 8 RCW, any property, dwelling, building, or structure which constitutes a blight on the surrounding neighborhood. A "blight on the surrounding neighborhood" is any property, dwelling, building, or structure that meets any two of the following factors: (1) If a dwelling, building, or structure exists on the property, the dwelling, building, or structure has not been lawfully occupied for a period of one year or more; (2) the property, dwelling, building, or structure constitutes a threat to the public health, safety, or welfare as determined by the executive authority of the county, city, town, or the designee of the executive authority; or (3) the property, dwelling, building, or structure is or has been associated with illegal drug activity during the previous twelve months. Prior to such condemnation, the local governing body shall adopt a resolution declaring that the acquisition of the real property described therein
is necessary to eliminate neighborhood blight. Condemnation of property, dwellings, buildings, and structures for the purposes described in this chapter is declared to be for a public use. [1994 c 175 § 1; 1989 c 271 § 239.]

35.80A.020 Transfer of blighted property acquired by condemnation. Counties, cities, and towns may sell, lease, or otherwise transfer real property acquired pursuant to this chapter for residential, recreational, commercial, industrial, or other uses or for public use, subject to such covenants, conditions, and restrictions, including covenants running with the land, as the county, city, or town deems to be necessary or desirable to rehabilitate and preserve the dwelling, building, or structure in a habitable condition. The purchasers or lessees and their successors and assigns shall be obligated to comply with such other requirements as the county, city, or town may determine to be in the public interest, including the obligation to begin, within a reasonable time, any improvements on such property required to make the dwelling, building, or structure habitable. Such real property or interest shall be sold, leased, or otherwise transferred, at not less than its fair market value. In determining the fair market value of real property for uses in accordance with this section, a municipality shall take into account and give consideration to, the restrictions upon and the covenants, conditions, and obligations assumed by the purchaser or lessee. [1989 c 271 § 240.]

35.80A.030 Disposition of blighted property—Procedures. A county, city, or town may dispose of real property acquired pursuant to this section to private persons only under such reasonable, competitive procedures as it shall prescribe. The county, city, or town may accept such proposals as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the county, city, or town may execute and deliver contracts, deeds, leases, and other instruments of transfer. [1989 c 271 § 241.]

35.80A.040 Authority to enter blighted buildings or property—Acceptance of financial assistance. Every county, city, or town may, in addition to any other authority granted by this chapter: (1) Enter upon any building or property found to constitute a blight on the surrounding neighborhood in order to make surveys and appraisals, and to obtain an order for this purpose from a court of competent jurisdiction in the event entry is denied or resisted; and (2) borrow money, apply for, and accept, advances, loans, grants, contributions, and any other form of financial assistance from the federal government, the state, a county, or other public body, or from any sources, public or private, for the purposes of this chapter, and enter into and carry out contracts in connection herewith. [1989 c 271 § 242.]

35.81.005 Declaration of purpose and necessity. It is hereby found and declared that blighted areas which constitute a serious and growing menace, injurious to the public health, safety, morals and welfare of the residents of the state exist in municipalities of the state; that the existence of such areas contributes substantially and increasingly to the spread of disease and crime and depreciation of property values, constitutes an economic and social liability, substantially imperils or arrests the sound growth of municipalities, retards the provision of housing accommodations, hinders job creation and economic growth, aggravates traffic problems and substantially imperils or arrests the elimination of traffic hazards and the improvement of traffic facilities; and that the prevention and elimination of such areas is a matter of state policy and state concern in order that the state and its municipalities shall not continue to be endangered by areas which are focal centers of disease, promote juvenile delinquency, are conducive to fires, are difficult to police and to provide police protection for, and, while contributing little to the tax income of the state and its municipalities, consume an excessive proportion of its revenues because of the extra services required for police, fire, accident, hospitalization and other forms of public protection, services, and facilities.

It is further found and declared that certain of such areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of rehabilitation in such a manner that the conditions and evils hereinbefore enumerated may be eliminated, remedied or prevented; and that
to the extent feasible salvageable blighted areas should be rehabilitated through voluntary action and the regulatory process.

It is further found and declared that there is an urgent need to enhance the ability of municipalities to act effectively and expeditiously to revive blighted areas and to prevent further blight due to shocks to the economy of the state and their actual and threatened effects on unemployment, poverty, and the availability of private capital for businesses and projects in the area.

It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised; and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination. [2002 c 218 § 2; 1965 c 7 § 35.81.020. Prior: 1957 c 42 § 2. Formerly RCW 35.81.020.]

Severability—2002 c 218: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 218 § 28.]

Savings—Construction—2002 c 218: "(1) This act does not impair any authority granted, any actions undertaken, or any liability or obligation incurred under the sections amended in this act or under any rule, order, plan, or project adopted under those sections, nor does it impair any proceedings instituted under those sections.

(2) Any power granted in this act with respect to a community renewal plan, and any process authorized for the exercise of the power, may be used by any municipality in implementing any urban renewal plan or project adopted under chapter 35.81 RCW, to the same extent as if the plan were adopted as a community renewal plan.

(3) This act shall be liberally construed." [2002 c 218 § 29.]

35.81.050 Findings by local governing body required—Exercise of community renewal agency powers. (1) No municipality shall exercise any of the powers hereafter conferred upon municipalities by this chapter until after its local governing body shall have adopted an ordinance or resolution finding that: (a) One or more blighted areas exist in such municipality; and (b) the rehabilitation, redevelopment, or a combination thereof, of such area or...
areas is necessary in the interest of the public health, safety, morals, or welfare of the residents of such municipality.

(2) After adoption of the ordinance or resolution making the findings described in subsection (1) of this section, the local governing body of the municipality may elect to have the powers of a community renewal agency under this chapter exercised in one of the following ways:

(a) By appointing a board or commission composed of not less than five members, which board or commission shall include municipal officials and elected officials, selected by the mayor, with approval of the local governing body of the municipality; or

35.81.060 Comprehensive plan—Preparation—Hearing—Approval—Modification—Effect. (1) A municipality shall not approve a community renewal project for a community renewal area unless the local governing body has, by ordinance or resolution, determined such an area to be a blighted area and designated the area as appropriate for a community renewal project. The local governing body shall not approve a community renewal plan until a comprehensive plan or parts of the plan for an area which would include a community renewal area for the municipality have been prepared as provided in chapter 36.70A RCW. For municipalities not subject to the planning requirements of chapter 36.70A RCW, any proposed comprehensive plan must be consistent with a local comprehensive plan adopted under chapter 35.63 or 36.70 RCW, or any other applicable law. A municipality shall not acquire real property for a community renewal project unless the local governing body has approved the community renewal project plan in accordance with subsection (4) of this section.

(2) The municipality may itself prepare or cause to be prepared a community renewal plan, or any person or agency, public or private, may submit such a plan to the municipality. Prior to its approval of a community renewal project, the local governing body shall review and determine the conformity of the community renewal plan with the comprehensive plan or parts thereof for the development of the municipality as a whole. If the community renewal plan is not consistent with the existing comprehensive plan, the local governing body may amend its comprehensive plan or community renewal plan.

(3) Prior to adoption, the local governing body shall hold a public hearing on a community renewal plan after providing public notice. The notice shall be given by publication once each week for two consecutive weeks not less than ten nor more than thirty days prior to the date of the hearing in a newspaper having a general circulation in the community renewal area of the municipality and by mailing a notice of the hearing not less than ten days prior to the date of the hearing to the persons whose names appear on the county treasurer’s tax roll as the owner or reputed owner of the property, at the address shown on the tax roll. The notice shall describe the time, date, place, and purpose of the hearing, shall generally identify the community renewal area affected, and shall outline the general scope of the community renewal plan under consideration.

(4) Following the hearing, the local governing body may approve a community renewal project if it finds that (a) a feasible plan exists for making available adequate housing for the residents who may be displaced by the project; (b) the community renewal plan conforms to the comprehensive plan for the municipality; (c) the community renewal plan will afford maximum opportunity, consistent with the needs of the municipality, for the rehabilitation or redevelopment of the community renewal area by private enterprise; (d) a sound and adequate financial program exists for the financing of the project; and (e) the community renewal project area is a blighted area as defined in RCW 35.81.015(2).

(5) A community renewal project plan may be modified at any time by the local governing body. However, if modified after the lease or sale by the municipality of real property in the community renewal project area, the modification shall be subject to the rights at law or in equity as a lessee or purchaser, or the successor or successors in interest may be entitled to assert.

(6) Unless otherwise expressly stated in an ordinance or resolution of the governing body of the municipality, a community renewal plan shall not be considered a subarea plan or part of a comprehensive plan for purposes of chapter 36.70A RCW. However, a municipality that has adopted a comprehensive plan under chapter 36.70A RCW may adopt all or part of a community renewal plan at any time as a new or amended subarea plan, whether or not any subarea plan has previously been adopted for all or part of the community renewal area. Any community renewal plan so adopted, unless otherwise determined by the growth management hearings board with jurisdiction under a timely appeal in RCW 36.70A.280, shall be conclusively presumed to comply with the requirements in this chapter for consistency with the comprehensive plan. [2002 c 218 § 6; 1965 c 7 § 35.81.060. Prior: 1957 c 42 § 6.]

Severability—Savings—Construction—2002 c 218: See notes following RCW 35.81.005.

A municipality may include in any application or contract for financial assistance with the federal government for a community renewal project such conditions imposed pursuant to federal laws as the municipality may deem reasonable and appropriate and which are not inconsistent with the purposes of this chapter.

(9) Within the municipality, to make or have made all plans necessary to the carrying out of the purposes of this chapter and to contract with any person, public or private, in making and carrying out such plans and to adopt or approve, modify, and amend such plans. 35.81.080 Eminent domain. A municipality shall have the right to acquire by condemnation, in accordance with the procedure provided for condemnation by such municipality for other purposes, any interest in real property, which it may deem necessary for a community renewal project under this chapter after the adoption by the local governing body of a resolution declaring that the acquisition of the real property described therein is necessary for such purpose. Condemnation for community renewal of blighted areas is declared to be a public use, and property already devoted to any other public use or acquired by the owner or a predecessor in interest by eminent domain may be condemned for the purposes of this chapter.

The award of compensation for real property taken for such a project shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance, or reconstruction, or proposed assembly, clearance, or reconstruction in the project area. No allowance shall be made for the improvements begun on real property after notice to the owner of such property of the institution of proceedings to condemn such property. Evidence shall be admissible bearing upon the insanitary, unsafe, or substandard condition of the premises, or the unlawful use thereof. [2002 c 218 § 8; 1965 c 7 § 35.81.080. Prior: 1957 c 42 § 8.]

Severability—Savings—Construction—2002 c 218: See notes following RCW 35.81.005.

Eminent domain by cities: Chapter 8.12 RCW.

35.81.090 Acquisition, disposal of real property in community renewal area. (1) A municipality, with approval of its legislative authority, may acquire real property, or any interest therein, for the purposes of a community renewal project (a) prior to the selection of one or more persons interested in undertaking to redevelop or rehabilitate the real property, or (b) after the selection of one or more persons interested in undertaking to redevelop or rehabilitate such real property. In either case the municipality may select a redeveloper through a competitive bidding process consistent with this section or through a process consistent with RCW 35.81.095.

(2) A municipality, with approval of its legislative authority, may sell, lease, or otherwise transfer real property or any interest therein acquired by it for a community renewal project, in a community renewal area for residential, recreational, commercial, industrial, or other uses or for public use, and may enter into contracts with respect thereto, or may retain such a property or interest only for parks and recreation, education, public utilities, public transportation, public safety, health, highways, streets, and alleys, administrative buildings, or civic centers, in accordance with the community renewal project plan, subject to such covenants, conditions, and restrictions, including covenants running with the land, as it may deem to be necessary or desirable to assist in preventing the development or spread of blighted areas or otherwise to carry out the purposes of this chapter. However, such a sale, lease, other transfer, or retention, and any agreement relating thereto, may be made only after the approval of the community renewal plan by the local governing body. The purchasers or lessees and their successors and assigns shall be obligated to devote the real property only to the uses specified in the community renewal plan, and may be obligated to comply with any other requirements as the municipality may determine to be in the public interest, including the obligation to begin and complete, within a reasonable time, any improvements on the real property required by the community renewal plan or promised by the transferee. The real property or interest shall be sold, leased, or otherwise transferred for the consideration the municipality determines adequate. In determining the adequacy of consideration, a municipality may take into account the uses permitted under the community renewal plan; the restrictions upon, and the covenants, conditions, and obligations assumed by, the transferee; and the public benefits to be realized, including furthering of the objectives of the plan for the prevention of the recurrence of blighted areas.

(3) The municipality in any instrument of conveyance to a private purchaser or lessee may provide that the purchaser or lessee shall be without power to sell, lease, or otherwise transfer the real property, or to permit changes in ownership or control of a purchaser or lessee that is not a natural person, in each case without the prior written consent of the municipality until the purchaser or lessee has completed the construction of all improvements that it has obligated itself to construct thereon. The municipality may also retain the right, upon any earlier transfer or change in ownership or control without consent; or any failure or change in ownership or control without consent; or any failure to complete the improvements within the time agreed to terminate the transferee’s interest in the property; or to retain or collect on any deposit or instrument provided as security, or both. The enforcement of these restrictions and remedies is declared to be consistent with the public policy of this state. Real property acquired by a municipality that, in accordance with the provisions of the community renewal plan, is to be transferred, shall be transferred as rapidly as feasible, in the public interest, consistent with the carrying out of the provisions of the community renewal plan. The inclusion in any contract or conveyance to a purchaser or lessee of any covenants, restrictions, or conditions (including the incorporation by reference therein of the provisions of a community renewal plan or any part thereof) shall not prevent the recording of such a contract or conveyance in the land records of the auditor or the county in which the city or town is located, in a manner that affords actual or constructive notice thereof.

(4)(a)(i) A municipality may dispose of real property in a community renewal area, acquired by the municipality under this chapter, to any private persons only under those reasonable competitive bidding procedures as it shall pre-
shall identify the area, or portion thereof, and shall state that community renewal area, or any part thereof. This notice shall identify the area, or portion thereof, and shall state that further information as is available may be obtained at the office as shall be designated in the notice.

(ii) The municipality shall consider all responsive redevelopment or rehabilitation bids and the financial and legal ability of the persons making the bids to carry them out. The municipality may accept the bids as it deems to be in the public interest and in furtherance of the purposes of this chapter. Thereafter, the municipality may execute, in accordance with the provisions of subsection (2) of this section, and deliver contracts, deeds, leases, and other instruments of transfer.

(c) If the legislative authority of the municipality determines that the sale of real property to a specific person is necessary to the success of a neighborhood revitalization or community renewal project for which the municipality is providing assistance to a nonprofit organization from federal community development block grant funds under 42 U.S.C. Sec. 5305(a)(15), or successor provision, under a plan or grant application approved by the United States department of housing and urban development, or successor agency, then the municipality may sell or lease that property to that person through direct negotiation, for consideration determined by the municipality to be adequate consistent with subsection (2) of this section. This direct negotiation may occur, and the municipality may enter into an agreement for sale or lease, either before or after the acquisition of the property by the municipality. Unless the municipality has provided notice to the public of the intent to sell or lease the property by direct negotiation, as part of a citizen participation process adopted under federal regulations for the plan or grant application under which the federal community development block grant funds have been awarded, the municipality shall publish notice of the sale at least fifteen days prior to the conveyance of the property.

(5) A municipality may operate and maintain real property acquired in a community renewal area for a period of three years pending the disposition of the property for redevelopment, without regard to the provisions of subsection (2) of this section, for such uses and purposes as may be deemed desirable even though not in conformity with the community renewal plan. However, the municipality may, after a public hearing, extend the time for a period not to exceed three years.

(6) Any covenants, restrictions, promises, undertakings, releases, or waivers in favor of a municipality contained in any deed or other instrument accepted by any transferee of property from the municipality or community renewal agency under this chapter, or contained in any document executed by any owner of property in a community renewal area, shall run with the land to the extent provided in the deed, instrument, or other document, so as to bind, and be enforceable by the municipality against, the person accepting or making the deed, instrument, or other document and that person’s heirs, successors in interest, or assigns having actual or constructive notice thereof. 35.81.095 Selection of person to undertake redevelopment or rehabilitation of real property. (1) The process authorized under this section may occur (a) prior to the purchase of the real property by the municipality, or (b) after the purchase of the real property by the municipality.

(2) A municipality may, by public notice once each week for three consecutive weeks in a legal newspaper in the municipality, or prior to the execution of any contract or deed to sell, lease, or otherwise transfer real property and prior to the delivery of any instrument of conveyance with respect thereto under the provisions of this section, invite statements of interest and qualifications and, at the municipality’s option, proposals from any persons interested in undertaking to redevelop or rehabilitate a community renewal area, or any part thereof. This notice shall identify the area, or portion thereof, and shall state that further information as is available may be obtained at the office as shall be designated in the notice.

(3) The notice required under this section shall identify the area, or portion thereof, the process the municipality will use to evaluate qualifications and, if applicable, proposals submitted by redevelopers or any persons, and other information relevant to the community renewal project. The notice shall also state that further information, as is available, may be obtained at the offices designated in the notice.

(4)(a) Based on its evaluation of qualifications and, if applicable, proposals, the municipality may select a proposer with whom to negotiate or may select two or more finalists to submit proposals, or to submit more detailed or revised proposals. The municipality may, in its sole discretion, reject all responses or proposals, amend any solicitation to allow modification or supplementation of qualifications or proposals, or waive irregularities in the content or timing of any qualifications or proposals.

(b) The municipality may initiate negotiations with the person selected on the basis of qualifications or proposals. If the municipality does not enter into a contract with that person, it may (i) enter into negotiations with the person that submitted the next highest ranked qualifications or proposal, (ii) solicit additional proposals using a process permitted by RCW 35.81.090, or (iii) otherwise dispose of or retain the real property consistent with the provisions of this chapter. A municipality shall not be required to select or enter into a contract with any proposer or to compensate any proposer for the cost of preparing a proposal or negotiating with the municipality.

(c) A municipality, with approval of its legislative authority, may select and enter into a contract with more than
35.81.100 Bonds—Issuance—Form, terms, payment, etc.—Fund for excess property tax, excise tax. (1) A municipality shall have the power to issue bonds from time to time in its discretion to finance the undertaking of any community renewal project under this chapter, including, without limiting the generality of this power, the payment of principal and interest upon any advances for surveys and plans for community renewal projects, and shall also have power to issue refunding bonds for the payment or retirement of such bonds previously issued by it. Such bonds shall not pledge the general credit of the municipality and shall be made payable, as to both principal and interest, solely from the income, proceeds, revenues, and funds of the municipality derived from, or held in connection with, its undertaking and carrying out of community renewal projects under this chapter. However, the payment of such bonds, both as to principal and interest, may be further secured by a pledge of any loan, grant, or contribution from the municipality, the federal government, or from other sources, in aid of any community renewal projects of the municipality under this chapter.

(2) Bonds issued under this section shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, and shall not be subject to the provisions of any other law or charter relating to the authorization, issuance, or sale of bonds. Bonds issued under the provisions of this chapter are declared to be issued for an essential public and governmental purpose, and together with interest thereon and income therefrom, shall be exempted from all taxes.

(3) Bonds issued under this section shall be authorized by resolution or ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption (with or without premium), be secured in such manner, and have such other characteristics, as may be provided by such resolution or trust indenture or mortgage issued pursuant thereto.

(4) Such bonds may be sold at not less than ninety-eight percent of par at public or private sale, or may be exchanged for other bonds on the basis of par: PROVIDED, That such bonds may be sold to the federal government at private sale at not less than par and, in the event less than all of the authorized principal amount of such bonds is sold to the federal government, the balance may be sold at public or private sale at not less than ninety-eight percent of par at an interest cost to the municipality of not to exceed the interest cost to the municipality of the portion of the bonds sold to the federal government.

(5)(a) The municipality may annually pay into a fund to be established for the benefit of such bonds any and all excess of the taxes received by it from the same property over and above the average of the annual taxes authorized without vote for a five-year period immediately preceding the acquisition of the property by the municipality for renewal purposes, such payment to continue until such time as all bonds payable from the fund are paid in full. Any other taxing unit that receives property tax revenues from property in the community renewal area is authorized to allocate excess taxes, computed in the same manner, to the municipality or municipalities in which it is situated.

(b) In addition to the excess property tax revenues from property in the community renewal area, authorized in this subsection, the municipality may annually pay into the fund, established in this subsection, any and all excess of the excise tax received by it from business activity in the community renewal area over and above the average of the annual excise tax collected for a five-year period immediately preceding the establishment of a community renewal area. The payment may continue until all the bonds payable from the fund are paid in full. Any other taxing unit that receives excise tax from business activity in the community renewal area is authorized to allocate excess excise tax, computed in the same manner, to the municipality or municipalities in which it is situated. As used in this subsection, "excise tax" means a local retail sales and use tax authorized in chapter 82.14 RCW. The legislature declares that it is a proper purpose of a municipality to allocate an excise tax for purposes of a community renewal project under this chapter.

(6) In case any of the public officials of the municipality whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds, issued pursuant to this chapter shall be fully negotiable.

(7) In any suit, action, or proceeding involving the validity or enforceability of any bond issued under this chapter or the security therefor, any such bond reciting in substance that it has been issued by the municipality in connection with a community renewal project, as herein defined, shall be conclusively deemed to have been issued for such purpose and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the provisions of this chapter.

(8) Notwithstanding subsections (1) through (7) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [2002 c 218 § 11; 1983 c 167 § 64; 1970 ex.s. c 56 § 44; 1969 ex.s. c 232 § 21; 1965 c 7 § 35.81.100. Prior: 1957 c 42 § 10.]

These bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

35.82.010 Finding and declaration of necessity. It is hereby declared: (1) That there exist in the state insanitary or unsafe dwelling accommodations and that persons of low income are forced to reside in such insanitary or unsafe accommodations; that within the state there is a shortage of safe or sanitary dwelling accommodations available at rents which persons of low income can afford and that such persons are forced to occupy overcrowded and congested dwelling accommodations; that the aforesaid conditions cause an increase in and spread of disease and crime and constitute a menace to the health, safety, morals and welfare of the residents of the state and impair economic values; that these conditions necessitate excessive and disproportionate expenditures of public funds for crime prevention and punishment, public health and safety, fire and accident protection, and other public services and facilities; (2) that these areas in the state cannot be cleared, nor can the shortage of safe and sanitary dwellings for persons of low income be relieved, through the operation of private enterprise, and that the construction of housing projects for persons of low income (as herein defined) would therefore not be competitive with private enterprise; (3) that the clearance, replanning and reconstruction of the areas in which insanitary or unsafe housing conditions exist and the providing of safe and sanitary dwelling accommodations for persons of low income are public uses and purposes for which public money may be spent and private property acquired and are governmental functions of state concern; (4) that it is in the public interest that work on projects for such purposes be commenced as soon as possible in order to relieve unemployment which now (1939) constitutes an emergency; and the necessity in the public interest for the provisions hereinafter enacted, is hereby declared as a matter of legislative determination. [1965 c 7 § 35.82.010. Prior: 1939 c 23 § 2; RRS § 6889-2. Formerly RCW 74.24.010.]

35.82.040 Appointment, qualifications, and tenure of commissioners. Except as provided in RCW 35.82.045, when the governing body of a city adopts a resolution declaring that there is need for a housing authority, it shall promptly notify the mayor of such adoption. Upon receiving such notice, the mayor shall appoint five persons as commissioners of the authority created for the city. When the governing body of a county adopts a resolution declaring that there is need for a housing authority, it shall appoint five persons as commissioners of the authority created for the county. The commissioners who are first appointed shall be designated to serve for terms of one, two, three, four and five years, respectively, from the date of their appointment, but thereafter commissioners shall be appointed for a term of office of five years except that all vacancies shall be filled for the unexpired term. No commissioner of an authority may be an officer or employee of the city or county for which the
authority is created, unless the commissioner is an employee of a separately elected county official other than the county governing body in a county with a population of less than one hundred seventy-five thousand as of the 1990 federal census, and the total government employment in that county exceeds forty percent of total employment. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter. A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and such certificate shall be conclusive evidence of the due and proper appointment of such commissioner. A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

The powers of each authority shall be vested in the commissioners thereof in office from time to time. Except as provided in RCW 35.82.045, three commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number. The mayor (or in the case of an authority for a county, the governing body of the county) shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and it may employ a secretary (who shall be executive director), technical experts and such other officers, agents and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties and compensation. For such legal services as it may require, an authority may call upon the chief law officer of the city or the county or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper.

If federal law requires that the membership of the board of commissioners of a local authority contains one member who is directly assisted by the authority, the board may by resolution temporarily or permanently increase its size to seven. Upon receiving the notice, the mayor, with approval of the city council, shall appoint additional persons as commissioners of the authority created for the city.

(2) In appointing commissioners, the mayor shall consider persons that represent the community, provided that two commissioners shall consist of tenants that reside in a housing project that is owned by the housing authority.

(3) After June 11, 1998, all commissioners shall be appointed to serve four-year terms, except that all vacancies shall be filled for the remainder of the unexpired term. A commissioner of an authority may not be an officer or employee of the city for which the authority is created. A commissioner shall hold office until a successor has been appointed and has qualified, unless sooner removed according to this chapter.

(4) A commissioner may be reappointed only after review and approval by the city council.

(5) A certificate of the appointment or reappointment of any commissioner shall be filed with the clerk and the certificate is conclusive evidence of the due and proper appointment of the commissioner.

(6) A commissioner shall receive no compensation for his or her services for the authority, in any capacity, but he or she is entitled to the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties.

(7) The powers of each authority vest in the commissioners of the authority in office from time to time. Four commissioners shall constitute a quorum of the authority for the purpose of conducting its business and exercising its powers and for all other purposes. Action may be taken by the authority upon a vote of a majority of the commissioners present, unless in any case the bylaws of the authority shall require a larger number.

(8) The mayor, with consent of the city council, shall designate which of the commissioners appointed shall be the first chair of the commission and he or she shall serve in the capacity of chair until the expiration of his or her term of office as commissioner. When the office of the chair of the authority becomes vacant, the authority shall select a chair from among its commissioners. An authority shall select from among its commissioners a vice-chair, and the authority may employ a secretary, who shall be executive director, technical experts and such other officers, agents, and employees, permanent and temporary, as the authority requires, and shall determine their qualifications, duties, and compensation.

(9) For such legal services as it may require, an authority may call upon the chief law officer of the city or may employ its own counsel and legal staff. An authority may delegate to one or more of its agents or employees such powers or duties as it may deem proper. [1998 c 140 § 2.]

(5) To lease or rent any dwellings, houses, accommodations, lands, buildings, structures or facilities embraced in any housing project and (subject to the limitations contained in this chapter) to establish and revise the rents or charges therefor; to own or manage buildings containing a housing project or projects as well as commercial space or other dwelling units that do not constitute a housing project as that term is defined in this chapter. However, notwithstanding the provisions under subsection (1) of this section, dwelling units made available or sold to persons of low income, together with functionally related and subordinate facilities, shall occupy at least fifty percent of the interior space in the total

(6) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to purchase its bonds at a price not more than the principal amount thereof and accrued interest, all bonds so purchased to be canceled.

(7) Within its area of operation: To investigate into living, dwelling and housing conditions and into the means and methods of improving such conditions; to determine where slum areas exist or where there is a shortage of decent, safe and sanitary dwelling accommodations for persons of low income; to make studies and recommendations relating to the problem of clearing, replanning and reconstructing of slum areas, and the problem of providing dwelling accommodations for persons of low income, and to cooperate with the city, the county, the state or any political subdivision thereof in action taken in connection with such problems; and to engage in research, studies and experimentation on the subject of housing.

(8) Acting through one or more commissioners or other person or persons designated by the authority: To conduct examinations and investigations and to hear testimony and take proof under oath at public or private hearings on any matter material for its information; to administer oaths, issue subpoenas requiring the attendance of witnesses or the production of books and papers and to issue commissions for the examination of witnesses who are outside of the state or unable to attend before the authority, or excused from attendance; to make available to appropriate agencies (including those charged with the duty of abating or requiring the correction of nuisances or like conditions, or of demolishing unsafe or insanitary structures within its area of operation) its findings and recommendations with regard to any building or property where conditions exist which are dangerous to the public health, morals, safety or welfare.

(10) To exercise all or any part or combination of powers herein granted.

No provisions of law with respect to the acquisition, operation or disposition of property by other public bodies shall be applicable to an authority unless the legislature shall specifically so state.

(11) To agree (notwithstanding the limitation contained in RCW 35.82.210) to make such payments in lieu of taxes as the authority finds consistent with the achievement of the purposes of this chapter.

(12) Upon the request of a county or city, to exercise any powers of a community renewal agency under chapter 35.81 RCW or a public corporation, commission, or authority under chapter 35.21 RCW.

(13) To exercise the powers granted in this chapter within the boundaries of any city, town, or county not included in the area in which such housing authority is originally authorized to function: PROVIDED, HOWEVER, The governing or legislative body of such city, town, or county, as the case may be, adopts a resolution declaring that there is a need for the authority to function in such territory.

(14) To administer contracts for assistance payments to persons of low income in accordance with section 8 of the United States Housing Act of 1937, as amended by Title II, section 201 of the Housing and Community Development Act of 1974, P.L. 93-383.

(15) To sell at public or private sale, with or without public bidding, for fair market value, any mortgage or other obligation held by the authority.

(16) To the extent permitted under its contract with the holders of bonds, notes, and other obligations of the authority, to consent to any modification with respect to rate of interest, time and payment of any installment of principal or interest security, or any other term of any contract, mortgage, mortgage loan, mortgage loan commitment, contract or agreement of any kind to which the authority is a party.

(17) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans to persons of low income to enable them to acquire, construct, reconstruct, rehabilitate, improve, lease, or refinace their dwellings, and to take such security therefor as is deemed necessary and prudent by the authority.

(18) To make, purchase, participate in, invest in, take assignments of, or otherwise acquire loans for the acquisition, construction, reconstruction, rehabilitation, improvement, leasing, or refinacing of land, buildings, or developments for housing for persons of low income. For purposes of this subsection, development shall include either land or buildings or both.

(a) Any development financed under this subsection shall be subject to an agreement that for at least twenty years...
the dwelling units made available to persons of low income together with functionally related and subordinate facilities shall occupy at least fifty percent of the interior space in the total development or at least fifty percent of the total number of units in the development, whichever produces the greater number of units for persons of low income. For mobile home parks, the mobile home lots made available to persons of low income shall be at least fifty percent of the total number of mobile home lots in the park. During the term of the agreement, the owner shall use its best efforts in good faith to maintain the dwelling units or mobile home lots required to be made available to persons of low income at rents affordable to persons of low income. The twenty-year requirement under this subsection (18)(a) shall not apply when an authority finances the development by nonprofit corporations or governmental units of dwellings or mobile home lots intended for sale to persons of low and moderate income, and shall not apply to construction or other short-term financing provided to nonprofit corporations or governmental units when the financing has a repayment term of one year or less.

(b) In addition, if the development is owned by a for-profit entity, the dwelling units or mobile home lots required to be made available to persons of low income shall be rented to persons whose incomes do not exceed fifty percent of the area median income, adjusted for household size, and shall have unit or lot rents that do not exceed fifteen percent of area median income, adjusted for household size, unless rent subsidies are provided to make them affordable to persons of low income.

For purposes of this subsection (18)(b), if the development is owned directly or through a partnership by a governmental entity or a nonprofit organization, which nonprofit organization is itself not controlled by a for-profit entity or affiliated with any for-profit entity that a nonprofit organization exercises legal control of the ownership entity and in addition, (i) the dwelling units or mobile home lots required to be made available to persons of low income are rented to persons whose incomes do not exceed sixty percent of the area median income, adjusted for household size, and (ii) the development is subject to an agreement that transfers ownership to the governmental entity or nonprofit organization or extends an irrevocable right of first refusal to purchase the development under a formula for setting the acquisition price that is specified in the agreement.

(c) Commercial space in any building financed under this subsection that exceeds four stories in height shall not constitute more than twenty percent of the interior area of the building. Before financing any development under this subsection the authority shall make a written finding that financing is important for project feasibility or necessary to enable the authority to carry out its powers and purposes under this chapter.

(19) To contract with a public authority or corporation, created by a county, city, or town under RCW 35.21.730 through 35.21.755, to act as the developer for new housing projects or improvement of existing housing projects. 35.82.080 Operation not for profit. It is hereby declared to be the policy of this state that each housing authority shall manage and operate its housing projects in an efficient manner so as to enable it to fix the rentals for low-income dwelling accommodations at the lowest possible rates consistent with its providing decent, safe and sanitary dwelling accommodations, and that no housing authority shall construct or operate any such project for profit, or as a source of revenue to the city or the county. To this end, an authority shall fix the rentals for rental units for persons of low income in projects owned or leased by the authority at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income and receipts of the authority from whatever sources derived) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds or other obligations of the authority issued or incurred to finance the projects; (2) to meet the cost of, and to provide for, maintaining and operating the projects (including the cost of any insurance) and the administrative expenses of the authority; and (3) to create (during not less than the six years immediately succeeding its issuance of any such bonds) a reserve sufficient to meet the largest principal and interest payments which will be due on such bonds in any one year thereafter and to maintain such reserve. Nothing contained in this section shall be construed to limit an authority’s power to rent commercial space located in buildings containing housing projects or non low-income units owned, acquired, financed, or constructed under *RCW 35.82.070(5), (16), or (17) at profitable rates and to use any profit realized from such rentals in carrying into effect the powers and purposes provided to housing authorities under this chapter. This income limitation does not apply to housing projects designated for senior citizens.

Nothing contained in this section or RCW 35.82.080 shall be construed as limiting the power of an authority to vest in an obligee the right, in the event of a default by the authority, to take possession of a housing project or cause the appointment of a receiver thereof, free from all the restrictions imposed by this section or RCW 35.82.080. (i) The population within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(ii) The number of housing units owned by the joint housing authority within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(iii) The number of low-income residents within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(iv) The amount of any debt incurred or leased asset acquired by the joint housing authority; and

(v) Such other factors as the legislative authorities of the cities and counties, or the joint housing authority and its housing authorities, reasonably determine to be appropriate and equitable.

(3) Each city and county creating a joint housing authority may exercise the powers vested in the joint housing authority in each city and county and may generally engage in any activity or take any action consistent with this chapter. [1991 c 167 § 3; 1973 1st ex.s. c 198 § 2.]
(iv) The effect of the proposed distribution on the viability of the housing authorities activated or reactivated under (a) of this subsection; or

(v) Any other reasonable criteria to determine the distribution of assets, obligations, and liabilities.

(3) Each activated or reactivated housing authority shall be responsible for debt service on bonds or other obligations issued or incurred to finance the acquisition, construction, or improvement of the projects, properties, and other assets that have been distributed to them under the dissolution. However, if an outstanding bond issue is secured in whole or in part by the general revenues of the joint housing authority being dissolved, each joint housing authority activated or reactivated under subsection (2)(a) of this section shall remain jointly and severally liable for retirement of debt service through repayment of those outstanding bonds and other obligations of the joint housing authority until paid or defeased, from general revenues of each of the activated or reactivated housing authorities, and from any other revenues and accounts that had been expressly pledged by the joint housing authority to the payment of those bonds or other obligations. As used in this subsection, "general revenues" means all revenues of a housing authority from any source, but only to the extent that those revenues are available to pay debt service on bonds or other obligations and are not then or thereafter pledged or restricted by law, regulation, contract, covenant, resolution, deed of trust, or otherwise, solely to another particular purpose. [2006 c 349 § 12.]

Finding—2006 c 349: See note following RCW 43.185.130.

35.82.320 Deactivation of housing authority—Procedure. A housing authority created under this chapter and activated by a resolution by the governing body of a city, town, or county may be deactivated by a resolution by the city, town, or county. The findings listed in RCW 35.82.030 to activate the housing authority shall be considered prior to deactivating the housing authority. For the sole purposes of winding up the affairs of a deactivated housing authority, the governing body of the city, town, or county may exercise any power granted to a housing authority under this chapter. [1987 c 275 § 1.]

35.82.325 Deactivation of housing authority—Distribution of assets. The assets of an authority in the process of deactivation shall be applied and distributed as follows:

(1) All liabilities and obligations of the authority shall be paid, satisfied, and discharged, or adequate provision shall be made therefor;

(2) Assets held by the authority upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the deactivation shall be returned, transferred, or conveyed in accordance with such requirements;

(3) Assets received and held by the authority subject to limitations permitting their use only for activities purposes contained in RCW 35.82.070, but not held upon a condition requiring return, transfer, or conveyance by reason of the deactivation, shall be transferred or conveyed to the governing body of the city, town, or county and used to engage in activities contained in RCW 35.82.070;

(4) Other assets, if any, shall be returned to the governing body of the city, town, or county for uses allowed under state law. [1987 c 275 § 2.]

35.82.330 Chapter not applicable to certain transfers of property. This chapter does not apply to transfers of property under *sections 1 and 2 of this act. [2006 c 35 § 8.]

*Reviser's note: The reference to "sections 1 and 2 of this act" appears to be erroneous. Reference to "sections 2 and 3 of this act" codified as RCW 43.99C.070 and 43.83D.120 was apparently intended.

Findings—2006 c 35: See note following RCW 43.99C.070.

35.82.340 Previously incarcerated individuals—Rental policies that are not unduly burdensome encouraged. The legislature recognizes that stable, habitable, and supportive housing is a critical factor that increases a previously incarcerated individual's access to treatment and services as well as the likelihood of success in the community. Housing authorities are therefore encouraged to formulate rental policies that are not unduly burdensome to previously incarcerated individuals attempting to reenter the community, particularly when the individual's family may already reside in government subsidized housing. [2007 c 483 § 603.]

Finding—Intent—2007 c 483: "The legislature finds that, in order to improve the safety of our communities, more housing needs to be made available to offenders returning to the community. The legislature intends to increase the housing available to offenders by providing that landlords who rent to offenders shall be immune from civil liability for damages that may result from the criminal conduct of the tenant." [2007 c 483 § 601.]

Findings—Part headings not law—Severability—2007 c 483: See RCW 72.78.005, 72.78.900, and 72.78.901.

Finding—Intent—2003 c 363: "The legislature finds that roads, streets, bridges, and highways in the state represent public assets worth over one hundred billion dollars. VIADUCTS, ELEVATED ROADWAYS, TUNNELS AND SUBWAYS

Sections

35.85.010 Authority to construct viaducts, bridges, elevated roadways,
elevated roadways, etc. Any city of the first class shall have power to provide for the construction, maintenance and operation upon public streets and upon the extensions and connections thereof over intervening tidelands to and across any harbor reserves, waterways, canals, rivers, natural watercourses and other channels, any bridges, drawbridges, viaducts, elevated roadways and tunnels or any combination thereof together with all necessary approaches thereto, with or without street railway tracks thereon or therein, and to make any and all necessary cuts, fills, or other construction, upon, in, or along such streets and approaches as a part of any such improvement, and to order any and all work to be done which shall be necessary to complete any such improvement. The word "approaches" as used in this section shall include any arterial highway or highways or streets connecting with any such bridge, drawbridge, viaduct, elevated roadway or tunnel, or combination thereof, which are necessary to give convenient access thereto or therefrom from any portion of the improvement district which may be specially benefited by such improvement and which is liable to assessment for such improvement.

Whenever it is desired to pay the whole or any portion of the cost and expense of any such improvement by special assessments, the council or other legislative body of such city shall in the ordinance ordering such improvement fix and establish the boundaries of the improvement district, the property within which is to bear such assessment, which district shall include as near as may be, all the property specially benefited by such improvement. [1965 c 7 § 35.85.010. Prior: 1911 c 103 § 1; 1909 ex.s.c 14 § 1; RRS § 9001.]

35.85.020 Assessment district—Resolution—Hearing—Ordinance ordering improvement. Any such improvement may be initiated by the city council, or other legislative body, by a resolution, declaring its intention to order such improvement, which resolution shall set forth the nature and territorial extent of such proposed improvement, shall specify and describe the boundaries of the proposed improvement district and notify all persons who may desire to object thereto to appear and present such objections at a meeting of the council specified in such resolution and directing the board of public works, or other proper board, officer, or authority of the city, to submit to such council at or prior to the date fixed for such hearing the estimated cost and expense of the improvement, and a statement of the proportionate amount thereof which should be borne by the property within the proposed improvement district, and a statement of the aggregate assessed valuation of the real property exclusive of improvements, within said district, according to the valuation last placed upon it for purposes of general taxation. Such resolution shall be published in at least two consecutive issues of the official newspaper of the city, the date of the first publication to be at least thirty days prior to the date fixed by the resolution for hearing before the council.

Upon such hearing, or upon any adjournment thereof, the council shall have power to amend, change, extend, or contract the boundaries of the proposed improvement district as specified in the resolution, and to consider and determine all matters in relation to the proposed improvement, and, upon the conclusion of the hearing, or any adjournment thereof, shall have power by ordinance to order the improvement to be made and to adopt, fix and establish the boundaries of the improvement district. The action of such council in ordering such improvement, or in abandoning it, and in fixing and establishing the boundaries of the improvement district shall be final and conclusive. Any such ordinance may be passed upon majority vote of the council or other legislative body of the city.

Such ordinance may provide for the construction of the improvement in sections, the letting of separate contracts for each such section, and, in case the same is made in sections, separate assessment rolls to defray the cost and expense of any such section of such improvement may be prepared, and the amounts thereon appearing as finally determined, may be levied and assessed against real property within the improvement district. The provisions of law, charter and ordinance of any such city, relating to supplemental assessments, reassessments and omitted property shall be applicable to any improvement authorized in this chapter.

The city council, or other legislative body of such city, shall by general ordinance, make provision for hearing any objections in writing, to any assessment roll for such improvement, filed with the city clerk or comptroller at a prior date to the hearing thereon. Any right of appeal to the superior court provided by law to be taken from any local improvement assessment levied and assessed by any such city, may be exercised, within the time and in the manner therein provided, by any person so objecting to any assessment levied and assessed for any improvement authorized in this chapter. 35.85.030 Limit of assessment—Lien—Priority. The city council may prescribe by general ordinance, the mode and manner in which the charge upon property in such local improvement district shall be assessed and determined for the purpose of paying the cost and expense of establishing and constructing such improvement: PROVIDED, That no assessment shall be levied on any such district, the aggregate of which is a greater sum than twenty-five percent of the assessed value of all the real property in such district according to the last equalized assessment thereof for general taxation: PROVIDED FURTHER, That there shall be, in all cases, an opportunity for a hearing upon objections to the assessment roll by the parties affected thereby, before the council as a board of equalization, which hearing shall be after publication of a reasonable notice thereof, such notice to be published in such manner and for such time as may be prescribed by ordinance. At such hearing, or at legal adjournments thereof, such changes may be made in the assessment roll as the city council may find necessary to make the same just and equitable. Railroad rights-of-way shall be assessed for such benefits as shall inure or accrue to the owners, lessees, or operators of the same, resulting or to result from the construction and maintenance of any such improvement, whether such rights-of-way lie within the limits of any street or highway or not; such assessment to lie against the franchise rights when such right-of-way is within such street or highway.

When the assessment roll has been finally confirmed by the council, the charges therein made shall be and become a lien against the property or franchise therein described, paramount to all other liens (except liens for assessments and taxes) upon the property assessed from the time the assessment roll shall be placed in the hands of the collector. [1965 c 7 § 35.85.030. Prior: 1909 ex.s. c 14 § 3; RRS § 9003.]

35.85.040 Operation by city—Leases—Use of income. As a part of the original construction of any improvement herein authorized, or afterward as an alteration or renewal thereof, any such city, notwithstanding any charter provision to the contrary, may, at its own cost, construct, maintain and operate street railway tracks in the roadway thereof, and may provide electric power for the propulsion of cars, and may lease the use of such tracks and power for the operation of streetcars or interurban railways; or such city may authorize any operator of the street or interurban railways to construct and furnish such street railway tracks and electric power and use the same for street or interurban purposes, under lease or franchise ordinance: PROVIDED, That no such lease or franchise shall be exclusive, but shall at all times reserve the right to the city to permit other lines of street or interurban railway to use such street railway tracks in common with any preceding lessee or grantee, upon equal terms. The rate of lease or use of such street railway tracks for streets or interurban cars shall be as fixed by the legislative authority of the city, but shall not be less than one mill for each passenger carried, or ten cents for each freight car moved over such improvement. The income from such charges, rental and leasing shall be used wholly for the maintenance, repair and betterment of said improvement and the extinguishment of any debt incurred by the city in constructing it. [1965 c 7 § 35.85.040. Prior: 1909 ex.s. c 14 § 4; RRS § 9004.]

35.85.050 Authority to construct tunnels and subways. Any city of the first class shall have power to provide for the construction, maintenance and operation within such city of tunnels, subways, or both, with or without roadways, sidewalks, street railway tracks or any combination thereof therein, together with all necessary approaches thereto; and to order any and all work to be done which shall be necessary to complete any such improvement. The word "approaches," as used in this section, shall include any arterial highway or highways or streets connecting with any such tunnel or subway which may be necessary to give convenient access thereto or therefrom from any portion of the improvement district which may be specially benefited by such improvement, and which is liable to assessment for such improvement.

Whenever it is desired to pay the whole or any portion of the cost and expense of any such improvement by special assessments, the council or other legislative body of such city shall, in the ordinance ordering such improvement, fix and establish the boundaries of the improvement district, the property in which is to bear such assessment, which district shall include as near as may be all the property specially benefited by such improvement. [1965 c 7 § 35.85.050. Prior: 1925 ex.s. c 168 § 1; RRS § 9005-1.]

35.85.070 Assessments—Bonds. Any assessments so levied shall be collected, and bonds may be issued for the payment of the whole or any part of the cost of such improvement, in the manner now or hereafter provided for the collection of assessments and the issuance of bonds for other local improvements. [1965 c 7 § 35.85.070. Prior: 1925 ex.s. c 168 § 3; RRS § 9005-3.]

35.86.020 Financing. In order to provide for off-street parking space and/or facilities, such cities are authorized, in addition to the powers already possessed by them for financing public improvements, to finance their acquisition and construction through the issuance and sale of revenue bonds or general obligation bonds or both. Any bonds issued by such cities pursuant to this section shall be issued in the manner and within the limitations prescribed by the Constitution and the laws of this state.

In addition local improvement districts may be created and their financing procedures used for this purpose in accordance with the provisions of Title 35 RCW as now or hereafter amended.

Such cities may authorize and finance the economic and physical surveys and plans, acquisition and construction, for off-street parking spaces and facilities, and the maintenance and management of such off-street parking spaces and facilities either within their general budget or by issuing revenue bonds or general obligation bonds or both.

General obligation bonds issued hereunder may additionally be made payable from any otherwise unpledged revenue, fees or charges which may be derived from the ownership, operation, lease or license of off-street parking space or facilities or which may be derived from the license of on-street parking space.

Such cities may, in addition to utilizing the pledging revenues from off-street parking spaces and facilities, utilize and pledge revenues from on-street parking meters in exercising any of the powers provided by this chapter, including the financing of economic and physical surveys and plans, acquisition, and construction, for off-street parking facilities, the maintenance and management thereof, and for the payment of debt service of revenue bonds issued therefor.

In the event revenue bonds are issued, such cities are authorized to make such covenants pertaining to the continued maintenance of on-street and/or off-street parking spaces and facilities and the fixing of rates and charges for the use thereof as are deemed necessary to effectuate the sale of such revenue bonds. 35.86.080 Leasing for store space in lieu of undesirable off-street parking facility. Cities are expressly autho-
rized to lease space which would otherwise be wasted in an off-street parking facility for store space, both for the enhancement of civic beauty and aesthetic values and for revenue which such leasing can provide. [1965 c 7 § 35.86.080. Prior: 1961 c 186 § 4.]

35.86A.010 Declaration. It is hereby determined and declared:
(1) The free circulation of traffic of all kinds through our cities is necessary to the health, safety and general welfare of the public, whether residing in, traveling to or through the cities of this state;
(2) The most efficient use of the street and highway system requires availability of strategically located parking for vehicles in localities where large numbers of persons congregate;
(3) An expanding suburban population has increased demands for further concentration of uses in central metropolitan areas, necessitating an increasing investment in streets and highways;
(4) On-street parking is now inadequate, and becomes increasingly an inefficient and uneconomical method for temporary storage of vehicles in commercial, industrial and high-density residential areas, causing such immediate adverse consequences as the following, among others:
(a) Serious traffic congestion from on-street parking, which interferes with use of streets for travel, disrupts public surface transportation at peak hours, impedes rapid and effective fighting of fires and disposition of police forces, slows emergency vehicles, and inflicts hardship upon handicapped persons and others dependent upon private vehicles for transportation;
(b) On-street parking absorbs right-of-way useful and usable for travel;
(c) On-street parking reduces the space available for truck and passenger loading for the abutting properties, hinders access, and impedes cleaning of streets;
(d) Inability to temporarily store automobiles has discouraged the public from travel to and within our cities, from congregating at public events, and from using public facilities.
(5) Insufficient off-street parking has had long-range results, as the following, among others:
(a) Metropolitan street and highway systems have lost efficiency and the free circulation of traffic and persons has been impaired;
(b) The growth and development of metropolitan areas has been retarded;
(c) Business, industry, and housing has become unnecessarily and uneconomically dispersed;
(d) Limited and valuable land area is under used.
All of which cause loss of payrolls, business and productivity, and property values, with resulting impairment of the public health, safety and welfare, the utility of our streets and highways, and tax revenues;
(6) Establishment of public off-street parking facilities will promote the public health, safety, convenience, and welfare, by:
(a) Expediting the movement of the public, and of goods in metropolitan areas, alleviating traffic congestion, and preserving the large investment in streets and highways;
(b) Permitting a greater use of public facilities, congregation of the public, and more intensive development of private property within the community;
(7) Establishment of public off-street parking is a necessary ancillary to and extension of an efficient street and highway system in metropolitan areas, as much so as a station or terminal is to a railroad or urban transit line;
(8) Public off-street parking facilities, open to the public and owned by a city or town, are and remain a public use and a public function, irrespective of whether:
(a) Parking fees are charged to users;
(b) The management or operation of one or more parking facilities is conducted by a public agency, or under contract or lease by private enterprise; or
(c) A portion of the facilities is used for commercial, store or automobile accessory purposes;
(9) Public parking facilities under the control of a parking commission are appropriately treated differently from other parking facilities of a city. [1969 ex.s. c 204 § 1.]

(4) Authorize and execute the necessary transfer or control of property rights; vacate or realign streets and alleys or permit uses within the same; and direct relocation of street utilities.

This section shall apply to parking facilities acquired and/or operated under this chapter. The proceeds of such excise tax shall be allocated by the county treasurer to the various taxing authorities in which such property is situated, in the same manner as though the property were in private ownership. In the event the city shall be unable to negotiate for satisfactory private operation within a reasonable time, the city may operate the facility for a period not to exceed three years, at which time it shall readvertise as provided above in this section.

If the modification to the boundaries is to expand existing boundaries, the expansion area must be adjacent to an existing boundary. A modification to an existing boundary may occur no more than once per year and may not affect an area with a projected assessment fee greater than ten percent of the current assessment role for the existing area. If the modification of an area results in the boundary being expanded, the assessments for the new area shall be established pursuant to RCW 35.87A.080 and 35.87A.090 and any other applicable provision of this chapter.

(2) The legislative authority shall adopt a resolution of intention to modify the boundaries of an area at least fifteen days prior to the hearing required in subsection (1) of this section. The resolution shall specify the proposed modification and shall give the time and place of the hearing. Notice of the hearing shall be made in accordance with RCW 35.87A.050. [2002 c 69 § 1.]

35.87A.080 Special assessments—Legislative authority may make reasonable classifications—Assessments for separate purposes. For purposes of the special assessments to be imposed pursuant to this chapter, the legislative authority may make a reasonable classification of businesses and multifamily residential or mixed-use projects, giving consideration to various factors such as business and occupation taxes imposed, square footage of the business, number of employees, gross sales, or any other reasonable factor relating to the benefit received, including the degree of benefit received from parking. Whenever it is proposed that a parking and business improvement area provide more than one of the purposes listed in RCW 35.87A.010, special assessments may be imposed in a manner that measures benefit from each of the separate purposes, or any combination of the separate purposes. Special assessments shall be imposed and collected annually, or on another basis specified in the ordinance establishing the parking and business improvement area. [1993 c 429 § 6; 1985 c 128 § 2; 1981 c 279 § 2; 1971 ex.s. c 45 § 8.]

35.87A.090 Special assessments—Same basis or rate for classes not required—Factors as to parking facilities. The special assessments need not be imposed on different classes of business and multifamily residential or mixed-use projects, as determined pursuant to RCW 35.87A.080, on the same basis or the same rate. The special assessments imposed for the purpose of the acquisition, construction or maintenance of parking facilities for the benefit of the area shall be imposed on the basis of benefit determined by the legislative authority after giving consideration to the total cost to be recovered from the businesses and multifamily residential or mixed-use projects upon which the special assessment is to be imposed, the total area within the boundaries of the parking and business improvement area, the assessed value of the land and improvements within the area, the total business volume generated within the area and within each business, and such other factors as the legislative authority may find and determine to be a reasonable measure of such benefit. [1993 c 429 § 7; 1971 ex.s. c 45 § 9.]

35.87A.100 Ordinance to establish—Adoption—Contents. If the legislative authority, following the hearing, decides to establish the proposed area, it shall adopt an ordinance to that effect. This ordinance shall contain the following information:

(5) The initial or additional rate or levy of special assessment to be imposed with a breakdown by classification of (2010 Ed.)
business and multifamily residential or mixed-use project, if such classification is used; and

(6) A statement that a parking and business improvement area has been established.

(7) The uses to which the special assessment revenue shall be put. Uses shall conform to the uses as declared in the initiation petition presented pursuant to RCW 35.87A.030. [1993 c 429 § 8; 1971 ex.s. c 45 § 10.]

35.87A.110 Use of revenue—Contracts to administer operation of area. The legislative authority of each city or town or county shall have sole discretion as to how the revenue derived from the special assessments is to be used within the scope of the purposes; however, the legislative authority may appoint existing advisory boards or commissions to make recommendations as to its use, or the legislative authority may create a new advisory board or commission for the purpose.

The legislative authority may contract with a chamber of commerce or other similar business association operating primarily within the boundaries of the legislative authority to administer the operation of a parking and business improvement area, including any funds derived pursuant thereto: PROVIDED, That such administration must comply with all applicable provisions of law including this chapter, with all county, city, or town resolutions and ordinances, and with all regulations lawfully imposed by the state auditor or other state agencies. [1971 ex.s. c 45 § 11.]

35.87A.120 Use of assessment proceeds restricted. The special assessments levied hereunder must be for the purposes specified in the ordinances and the proceeds shall not be used for any other purpose. [1971 ex.s. c 45 § 12.]

35.87A.130 Collection of assessments. Collections of assessments imposed pursuant to this chapter shall be made at the same time and in the same manner as otherwise prescribed by Title 35 RCW or in such other manner as the legislative authority shall determine. [1971 ex.s. c 45 § 13.]

35.87A.140 Changes in assessment rates. Changes may be made in the rate or additional rate of special assessment as specified in the ordinance establishing the area, by ordinance adopted after a hearing before the legislative authority.

The legislative authority shall adopt a resolution of intention to change the rate or additional rate of special assessment at least fifteen days prior to the hearing required by this section. This resolution shall specify the proposed change and shall give the time and place of the hearing. Proceedings to change the rate or impose an additional rate of special assessments shall terminate if protest is made by businesses or multifamily residential or mixed-use projects in the proposed area which would pay a majority of the proposed increase or additional special assessments. [1993 c 429 § 9; 1971 ex.s. c 45 § 14.]

35.87A.150 Benefit zones—Authorized—Rates. The legislative authority may, for each of the purposes set out in RCW 35.87A.010, establish and modify one or more separate benefit zones based upon the degree of benefit derived from the purpose and may impose a different rate of special assessment within each such benefit zone. [1971 ex.s. c 45 § 15.]

35.87A.160 Benefit zones—Establishment, modification and disestablishment of area provisions and procedure to be followed. All provisions of this chapter applicable to establishment or disestablishment of an area also apply to the establishment, modification, or disestablishment of benefit zones pursuant to *RCW 35.87A.150. The establishment or the modification of any such zone shall follow the same procedure as provided for the establishment of a parking and business improvement area and the disestablishment shall follow the same procedure as provided for disestablishment of an area. [1971 ex.s. c 45 § 16.]

*Reviser's note: "RCW 35.87A.150" has been translated from "section 13 of this act," as the reference to section 13, herein codified as RCW 35.87A.130, was apparently erroneous.

35.87A.170 Exemption period for new businesses and projects. Businesses or multifamily residential or mixed-use projects established after the creation of an area within the area may be exempted from the special assessments imposed pursuant to this chapter for a period not exceeding one year from the date they commenced business in the area. [1993 c 429 § 10; 1971 ex.s. c 45 § 17.]

35.87A.180 Disestablishment of area—Hearing. The legislative authority may disestablish an area by ordinance after a hearing before the legislative authority. The legislative authority shall adopt a resolution of intention to disestablish the area at least fifteen days prior to the hearing required by this section. The resolution shall give the time and place of the hearing. [1971 ex.s. c 45 § 18.]

35.87A.190 Disestablishment of area—Assets and liabilities. Upon disestablishment of an area, any proceeds of the special assessments, or assets acquired with such proceeds, or liabilities incurred as a result of the formation of such area, shall be subject to disposition as the legislative authority shall determine: PROVIDED, HOWEVER, Any liabilities, either current or future, incurred as a result of action taken to accomplish the purposes of RCW 35.87A.010 shall not be an obligation of the general fund or any special fund of the city or town, but such liabilities shall be provided for entirely from available revenue generated from the projects or facilities authorized by RCW 35.87A.010 or from special assessments on the property specially benefited within the area. [1971 ex.s. c 45 § 19.]

35.87A.200 Bids required—Monetary amount. Any city or town or county authorized by this chapter to establish a parking improvement area shall call for competitive bids by appropriate public notice and award contracts, whenever the estimated cost of such work or improvement, including cost of materials, supplies and equipment, exceeds the sum of two thousand five hundred dollars. [1971 ex.s. c 45 § 20.]

35.87A.210 Computing cost of improvement for bid requirement. The cost of the improvement for the purposes
of this chapter shall be aggregate of all amounts to be paid for the labor, materials and equipment on one continuous or inter-related project where work is to be performed simultaneously or in near sequence. Breaking an improvement into small units for the purposes of avoiding the minimum dollar amount prescribed in RCW 35.87A.200 is contrary to public policy and is prohibited. [1971 ex.s. c 45 § 21.]

35.87A.220 Existing laws not affected—Chapter supplemental—Purposes may be accomplished in conjunction with other methods. This chapter providing for parking and business improvement areas shall not be deemed or construed to affect any existing act, or any part thereof, relating to special assessments or other powers of counties, cities and towns, but shall be supplemental thereto and concurrent therewith.

The purposes and functions of parking and business improvement areas as set forth by the provisions of this chapter may be accomplished in part by the establishment of an area pursuant to this chapter and in part by any other method otherwise provided by law, including provisions for local improvements. 35.87A.900 Severability—1971 ex.s. c 45. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected. [1971 ex.s. c 45 § 23.]

(i) Municipalities that contribute to the financing of water or sewer facilities projects under this section have the same rights to reimbursement as owners of real estate who make contributions as authorized under this section; and

(ii) If the projects are jointly financed by a combination of municipal funding and private funding by real estate owners, the amount of reimbursement received by each participant in the financing must be a pro rata share.

(c) A municipality seeking reimbursement from an owner of real estate under this section is limited to the dollar amount authorized under this chapter and may not collect any additional reimbursement, assessment, charge, or fee for the infrastructure or facilities that were constructed under the applicable ordinance, contract, or agreement. This does not prevent the collection of amounts for services or infrastructure that are additional expenditures not subject to such ordinance, contract, or agreement.

35.91.025 Extension outside city subject to review by boundary review board. The extension of water or sewer facilities outside of the boundaries of a city or town may be subject to potential review by a boundary review board established under chapter 36.93 RCW. [1989 c 84 § 33.]

35.91.030 Approval and acceptance of facilities by municipality—Rates, costs. Upon the completion of water or sewer facilities pursuant to contract mentioned in the fore-
going section, the governing body of any such municipality shall be authorized to approve their construction and accept the same as facilities of the municipality and to charge for their use such water or sewer rates as such municipality may be authorized by law to establish, and if any such water or sewer facilities are so approved and accepted, all further maintenance and operation costs of said water or sewer lines and facilities shall be borne by such municipality. [1965 c 7 § 35.91.030. Prior: 1959 c 261 § 3.]

35.91.040 Contract payment to be made prior to tap, connection, or use—Removal of tap or connection. (1) A person, firm, or corporation may not be granted a permit or be authorized to tap into, or use any such water or sewer facilities or extensions thereof during the period of time prescribed in such contract without first paying to the municipality, in addition to any and all other costs and charges made or assessed for such tap, or use, or for the water lines or sewers constructed in connection therewith, the amount required by the provisions of the contract under which the water or sewer facilities so tapped into or used were constructed. All amounts so received by the municipality shall be paid out by it under the terms of such contract within sixty days after the receipt thereof. Whenever any tap or connection is made into any such contracted water or sewer facilities without such payment having first been made, the governing body of the municipality may remove, or cause to be removed, such unauthorized tap or connection and all connecting tile, or pipe located in the facility right-of-way and dispose of unauthorized material so removed without any liability whatsoever.

(2) A tap or connection charge under this section for service to a manufactured housing community, as defined in RCW 59.20.030, applies to an individual lot within that community only if the municipality provides and maintains the tap-in connection. [2005 c 324 § 1; 1965 c 7 § 35.91.040. Prior: 1959 c 261 § 4.]

35.91.050 Owner’s pro rata share of cost to which he or she did not contribute. Whenever the cost, or any part thereof, of any water or sewer improvement, whether local or general, is or will be assessed against the owners of real estate and such water or sewer improvement will be connected into or will make use of, contracted water or sewer facilities constructed under the provisions of this chapter and to the cost of which such owners, or any of them, did not contribute, there shall be included in the engineer’s estimate before the hearing on any such improvement, separately itemized, and in such assessments, a sum equal to the amount provided in or computed from such contract as the fair pro rata share due from such owners upon and for such contracted water or sewer facilities. [Title 35 RCW—page 305]
35.92.010 Authority to acquire and operate waterworks—Generation of electricity—Classification of services for rates. A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain and operate waterworks, including fire hydrants as an integral utility service incorporated within general rates, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a by-product and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a by-product when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes, and the city or town may acquire by purchase or condemnation and purchase any properties or privileges necessary to be had to protect its water supply from pollution. Should private property be necessary for any such purposes or for storing water above high water mark, the city or town may condemn and purchase, or purchase and acquire such private property. For the purposes of waterworks which include facilities for the generation of electricity as a by-product, nothing in this section may be construed to authorize a city or town that does not own or operate an electric utility system to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

Supp. 1947 § 9488, part. Formerly RCW 80.40.010.]

Purpose—Findings—2002 c 102: "The purpose of this act is to affirm the authority of cities and towns to operate fire hydrants and streetlights as part of their rate-based water and electric utilities, respectively. The legislature finds that it has been the practice of most, if not all, cities and towns, as well as water and sewer districts, to include the operation of fire hydrants for fire and maintenance purposes and to incorporate the cost of this operation as a normal part of the utility’s services and general rate structure. The legislature further finds and declares that it has been the intent of the legislature that cities and towns, just as water and sewer districts, have the right to operate and maintain streetlights in the same manner as fire hydrants, that is, as a normal part of the electric utility and a normal part of that utility’s general rate structure. The legislature therefore affirms that authority."

[2002 c 102 § 1.]

Severability—2002 c 102: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2002 c 102 § 4.]

Purposes—1991 c 347: See note following RCW 90.42.005.

Intent—1985 c 444: "For the purposes of this act, the legislature finds it is the policy of the state of Washington that:

(1) The quality of the natural environment shall be protected and,
where possible, enhanced as follows: Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(2) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple domestic use which will not serve the public generally shall be discouraged where water supplies are available from water systems serving the public." 35.92.020 Authority to acquire and operate sewerage and solid waste handling systems, plants, sites, or facilities—Classification of services and facilities for rates—Assistance for low-income persons. (1) A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030. A city or town shall have full authority to manage, regulate, operate, control, and, except as provided in subsection (3) of this section, to fix the price of service and facilities of those systems,
plants, sites, or other facilities within and without the limits of the city or town.

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

(a) The difference in cost of service and facilities to customers;
(b) The location of customers within and without the city or town;
(c) The difference in cost of maintenance, operation, repair, and replacement of the parts of the system;
(d) The different character of the service and facilities furnished to customers;
(e) The quantity and quality of the sewage delivered and the time of its delivery;
(f) Capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments;

Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town’s sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law. 35.92.070 Procedure—Election. When the governing body of a city or town deems it advisable that the city or town purchase, acquire, or construct any such public utility, or make any additions and betterments thereto or extensions thereof, it shall provide therefor by ordinance, which shall specify and adopt the system or plan proposed, and declare the estimated cost thereof, as near as may be, and the ordinance shall be submitted for ratification or rejection by majority vote of the voters of the city or town at a general or special election.

(1) No submission shall be necessary:

(a) When the work proposed is an addition to, or betterment of, extension of, or an increased water supply for existing waterworks, or an addition, betterment, or extension of an existing system or plant of any other public utility,

(b) When in the charter of a city a provision has been adopted authorizing the corporate authorities thereof to pro-
vide by ordinance for acquiring, opening, or operating any of such public utilities; or

(c) When in the judgment of the corporate authority, the public health is being endangered by the discharge of raw or untreated sewage into any body of water and the danger to the public health may be abated by the construction and maintenance of a sewage disposal plant.

(2) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary if:

(a) The project or work may produce electricity for sale in excess of present or future needs of the water system;

(b) The city or town does not own or operate an electric utility system;

(c) The work involves an ownership greater than twenty-five percent in a new water supply project combined with an electric generation facility; and

(d) The combined facility has an installed capacity in excess of five megawatts.

(3) Notwithstanding subsection (1) of this section, submission to the voters shall be necessary to make extensions to a public utility which would expand the previous service capacity by fifty percent or more, where such increased service capacity is financed by the issuance of general obligation bonds.

(4) Thirty days’ notice of the election shall be given in the official newspaper of the city or town, by publication at least once each week in the paper during such time.

(5) When a proposition has been adopted, or in the cases where no submission is necessary, the corporate authorities of the city or town may proceed forthwith to purchase, construct, and acquire the public utility or make additions, betterments, and extensions thereto and to make payment therefor. ### 35.92.075 Indebtedness incurred on credit of expected utility revenues. A city or town may contract indebtedness and borrow money for a period not in excess of two years for any public utility purpose on the credit of the revenues expected from such public utility. [1982 c 24 § 1.]

### 35.92.080 General obligation bonds. The bonds shall be issued and sold in accordance with chapter 39.46 RCW.

There shall be levied each year a tax upon the taxable property of the city or town sufficient to pay the interest on and principal of the bonds then due, which taxes shall become due and collectible as other taxes: PROVIDED, That it may pledge to the payment of such principal and interest the revenue of the public utility being acquired, constructed, or improved out of the proceeds of sale of such bonds. Such pledge of revenue shall constitute a binding obligation, according to its terms, to continue the collection of such revenue so long as such bonds or any of them are outstanding, and to the extent that revenues are insufficient to meet the debt service requirements on such bonds, the governing body of the municipality shall provide for the levy of taxes sufficient to meet such deficiency. ### 35.92.100 Revenue bonds or warrants. (1) When the voters of a city or town, or the corporate authorities thereof, have adopted a proposition for any public utility and either no general indebtedness has been authorized or the corporate authorities do not desire to incur a general indebtedness, and when the corporate authorities are authorized to exercise any of the powers conferred by this chapter without submitting the proposition to a vote, the corporate authorities may create a special fund for the sole purpose of defraying the cost of the public utility or addition, betterment, or extension thereto, into which special fund they may obligate and bind the city or town to set aside and pay a fixed proportion of the gross revenues of the utility, or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount without regard to any fixed proportion, and issue and sell bonds or warrants bearing interest at a rate or rates as authorized by the corporate authorities; payable semiannually, executed in such manner and payable at such times and places as the corporate authorities shall determine, but the bonds or warrants and the interest thereon shall be payable only out of the special fund and shall be a lien and charge against payments received from any utility local improvement district assessments pledged to secure such bonds. Such bonds shall be negotiable instruments within the meaning of the negotiable instruments law, Title 62A RCW, notwithstanding same are made payable out of a particular fund contrary to the provisions of RCW 62A.3-105. Such bonds and warrants may be of any form, including bearer bonds or bearer warrants, or registered bonds or registered warrants as provided in RCW 39.46.030.
When corporate authorities deem it necessary to construct any sewage disposal plant, it may be considered as a part of the waterworks department of the city or town and the cost of construction and maintenance thereof may be chargeable to the water fund of the municipality, or to any other special fund which the corporate authorities may by ordinance designate.

In creating a special fund, the corporate authorities shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to, and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants, or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Rates shall be maintained adequate to service such bonds and to maintain the utility in sound financial condition.

The bonds or warrants and interest thereon issued against any such fund shall be a valid claim of the owner thereof only as against the special fund and its fixed proportion or amount of the revenue pledged thereto, and shall not constitute an indebtedness of the city or town within the meaning of constitutional provisions and limitations. Each bond or warrant shall state upon its face that it is payable from a special fund, naming it and the ordinance creating it. The bonds and warrants shall be sold in such manner as the corporate authorities shall deem for the best interest of the city or town, and they may provide in any contract for the construction and acquirement of the proposed improvement that payment therefor shall be made only in such bonds and warrants at par value thereof.

When a special fund is created and any such obligation is issued against it, a fixed proportion, or a fixed amount out of and not exceeding such fixed proportion, or a fixed amount without regard to any fixed proportion, of revenue shall be set aside and paid into such fund as provided in the ordinance creating it, and in case the city or town fails to thus set aside and pay such fixed proportion or amount, the owner of any bond or warrant against the fund may bring action against the city or town and pay such fixed proportion or amount, the owner of any bond or warrant against the fund may bring action against the city or town and compel such setting aside and payment: PROVIDED, That whenever the corporate authorities of any city or town shall so provide by ordinance then all such bonds thereafter issued shall be on a parity, without regard to date of issuance or authorization and without preference or priority of right or lien with respect to participation of special funds in amounts from gross revenues for payment thereof.

(2) Notwithstanding subsection (1) of this section, such bonds and warrants may be issued and sold in accordance with chapter 39.46 RCW. They shall be sold in such manner as the corporate authorities shall deem for the best interest of the municipality. The effective rate of interest on the bonds shall not exceed the effective rate of interest on warrants or bonds to be funded or refunded thereby. Interest on the bonds shall be paid semiannually. The bonds shall be executed in such manner and payable at such time and place as the legislative authority shall by ordinance determine. Nothing in this chapter shall prevent a city or town from funding or refunding any of its indebtedness in any other manner provided by law. 35.92.240 Acquisition of water rights—Levy of assessments. All such assessments shall be levied upon the several parcels of land located within the local improvement district in accordance to the special benefits conferred on such property in proportion to the surface area, one square foot of surface to be the unit of assessment: PROVIDED,

That where the water right is acquired or a special improvement is made for a portion of any district, the cost of the water right or the cost of such special improvement shall be levied in the same manner upon such portion of the district as shall be specially benefited thereby: PROVIDED FURTHER, That whenever a special improvement is made for a portion of any district, the land assessed for the cost thereof shall be entitled to an equitable reduction in the annual assessments in proportion to the reduced cost of operation on account of the construction of the improvement. [1965 c 7 § 35.92.240. Prior: 1915 c 112 § 3; RRS § 9497. Formerly RCW 80.40.240.]

35.92.250 Acquisition of water rights—District property need not be contiguous. One local improvement district may be established for any or all of the purposes embraced herein even though the area assessed for such purposes may not coincide or be contiguous: PROVIDED, That whenever the legislative body of the city or town decides to construct a special improvement in a distribution system, a separate local improvement district may be formed for such portion and bonds may be issued therefor as provided in the general local improvement law. [1965 c 7 § 35.92.250. Prior: 1915 c 112 § 4; RRS § 9498. Formerly RCW 80.40.250.]

Issuance of bonds to pay for local improvements: Chapters 35.45, 35.48 RCW.

35.92.260 Acquisition of water rights—Mode of assessment. When a city or town makes local improvements for any of the purposes specified in RCW 35.92.220 and 35.92.230, as now or hereafter amended, the proceedings relative to the creation of districts, financing of improvements, levying and collecting assessments and all other procedure shall be had, and the legislative authority shall proceed in accordance with the provisions of the laws relating to local improvement districts in cities of the first class: PROVIDED, That when the improvement is initiated upon petition, the petition shall set forth the fact that the signers are the owners according to the records in the office of the county auditor, of property to an aggregate amount of a majority of the surface area within the limits of the assessment district to be created: PROVIDED FURTHER, That when an assessment is made for any purpose other than the construction or reconstruction of any system or means of distribution or delivery of water, it shall not be necessary for the legislative authority to be furnished with a statement of the aggregate assessed valuation of the real estate exclusive of improvements in the district according to the valuation last placed upon it for purposes of general taxation, or the estimated amount of the cost of the improvement to be borne by each tract of land or other property, but a statement by the engineer or other officer, showing the estimated cost of the improvement per square foot, shall be sufficient: PROVIDED FURTHER, That when the legislative authority of a city or town shall deem it necessary to levy special assessments for the purposes specified in RCW 35.92.230, as now or hereafter amended, other than for the purpose of paying the costs of acquiring, constructing or reconstructing any system or means of distribution or delivery of water for irrigation or domestic purposes, the legislative authority for such city or
town may hold a single hearing on the assessment rolls for all irrigation local improvement districts within the city or town. Such legislative authority shall fix the date of such hearing and shall direct the city or town clerk to give notice thereof, in the form prescribed by RCW 35.44.080, by publication thereof in a legal newspaper of general circulation in the city or town, once, not less than fifteen days prior to the date fixed for hearing; and by mailing, not less than fifteen days prior to the date fixed for hearing, notice thereof to the owner or reputed owner of each item of property described on the assessment roll whose name appears on such roll at the address of such owner or reputed owner shown on the tax rolls of the county treasurer for each such item of property: PROVIDED FURTHER, That when an assessment roll is once prepared and does not include the cost of purchase, construction, or reconstruction of works of delivery or distribution and the legislative authority of such city or town decides to raise a similar amount the ensuing year, it shall not be necessary to prepare a new assessment roll, but the legislative authority may pass a resolution of intention estimating the cost for the ensuing year to be the same as the preceding year, and directing the clerk to give notice stating the estimated cost per square foot of all land within the district and refer persons interested to the books of the treasurer, and fixing the date for a hearing on such assessment roll. Notice of such hearing shall be given by the city or town clerk in the form and manner required in the preceding proviso. The treasurer shall be present at the hearing and shall note any changes on his or her books. The legislative authority shall have the same right to make changes in the assessment roll as in an original assessment, and after all changes have been made it shall, by ordinance, confirm the assessment and direct the clerk to give notice stating the estimated cost of all improvements for the purposes set forth in RCW 35.92.220, as now or hereafter amended, and that such water rights be acquired through the purchases of shares in a water users’ association or corporation, such city or town shall have full authority and power to acquire, or to hold in trust, such shares as shall be necessary for said purposes. (2) Purchase or lease privately owned passenger transportation systems: PROVIDED, That such purchases shall not, per se, extend the area of service of such municipally owned passenger transportation system;

(3) Contract with privately owned passenger transportation systems in order to provide adequate service in the service area of the municipal transportation system. [1965 c 7 § 35.92.270. Prior: 1957 c 114 § 1. Formerly RCW 80.40.270.]

35.92.280 Cities over one hundred fifty thousand, joint undertaking with P.U.D. as to electric utility properties—"Electric utility properties" defined. As used in RCW 35.92.280 through 35.92.310 "electric utility properties" shall mean any and all permits, licenses, property rights, water rights and any and all works, plants, dams, powerhouses, transmission lines, switchyards, substations, property and facilities of every kind and character which may be used, or may be useful, in the generation and transmission of electric power and energy, produced by water power, steam or any other methods. ### 35.92.350 Energy conservation plan—Financing authorized for energy conservation projects in structures

The conservation of energy in all forms and by every possible means is found and declared to be a public purpose of highest priority. The legislature further finds and declares that all municipal corporations, quasi municipal corporations, and other political subdivisions of the state which are engaged in the generation, sale, or distribution of energy should be granted the authority to develop and carry out programs which will conserve resources, reduce waste, and encourage more efficient use of energy by consumers.

In order to establish the most effective statewide program for energy conservation, the legislature hereby encourages any company, corporation, or association engaged in selling or furnishing utility services to assist their customers in the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy. The use of appropriate tree plantings for energy conservation is encouraged as part of these programs.

See note following RCW 35.92.390.

### 35.92.360 Energy conservation plan—Financing authorized for energy conservation projects in structures
or equipment—Limitations. (1) Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. For the purposes of this section, "conservation purposes in existing structures" may include projects to allow a municipal electric utility’s customers to generate all or a portion of their own electricity through the on-site installation of a distributed electricity generation system that uses as its fuel solar, wind, geothermal, or hydropower, or other renewable resource that is available on-site and not from a commercial source. Such projects shall not be considered a "conversion from one energy source to another" which is limited to the change or substitution of one commercial energy supplier for another commercial energy supplier. Except where otherwise authorized, such assistance shall be limited to:

(a) Providing an inspection of the structure or equipment, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment;

(b) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the city or town, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards;

(c) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation; and

(d) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(2) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed two hundred forty months in length. [2009 c 416 § 1; 2002 c 276 § 2; 1989 c 268 § 1; 1979 ex.s. c 239 § 2.]

Findings—Intent—2002 c 276: "The legislature finds that energy conservation can take many useful and cost-effective forms, and that the types of conservation projects available to utilities and customers evolve with time as technologies are developed and market conditions change. In some cases, electricity conservation projects are most cost-effective when they reduce the total amount of electricity consumed by an individual customer, and in other cases they can be cost-effective by reducing the amount of electricity a customer needs to purchase from an electric utility.

The legislature intends to encourage and support a broad array of cost-effective energy conservation by electric utilities and customers alike by clarifying that public utilities may assist in the financing of projects that allow customers to generate their own electricity from renewable resources that do not depend on commercial sources of fuel thereby reducing the amount of electricity a public utility needs to generate or acquire on their customers’ behalf." [2002 c 276 § 1.]

35.92.365 Tariff for irrigation pumping service—Authority to buy back electricity. The council or board may approve a tariff for irrigation pumping service that allows the municipal utility to buy back electricity from customers to reduce electricity usage by those customers during the municipal utility’s particular irrigation season. [2001 c 122 § 3.]

Effective date—2001 c 122: See note following RCW 80.28.310.

35.92.370 Lease of real property under electrical transmission lines for private gardening purposes. A city or town owning facilities for the purpose of furnishing the city or town and its inhabitants with electricity may lease for private gardening purposes the real property under its electrical transmission and distribution lines for a nominal rent to any person who has an income of less than ten thousand dollars per year. [1981 c 100 § 1.]

35.92.380 Waiver or delay of collection of tap-in charges, connection or hookup fees for low income persons. Whenever a city or town waives or delays collection of tap-in charges, connection fees, or hookup fees for low income persons, or class of low income persons, to connect to lines or pipes used by the city or town to provide utility service, the waiver or delay shall be pursuant to a program established by ordinance. As used in this section, the provision of "utility service" includes, but is not limited to, water, sanitary or storm sewer service, electricity, gas, other means of power, and heat. [1980 c 150 § 1.]

35.92.390 Municipal utilities encouraged to provide customers with landscaping information and to request voluntary donations for urban forestry. (1) Municipal utilities under this chapter are encouraged to provide information to their customers regarding landscaping that includes tree planting for energy conservation.

(2) (a) Municipal utilities under this chapter are encouraged to request voluntary donations from their customers for the purposes of urban forestry. The request may be in the form of a check-off on the billing statement or other form of request for a voluntary donation.

(b) Voluntary donations collected by municipal utilities under this section may be used by the municipal utility to:

(i) Support the development and implementation of evergreen community ordinances, as that term is defined in RCW 35.105.010, for cities, towns, or counties within their service areas; or

Sections
35.92.400 Provision of water services and facilities—Contract with Canadian corporation. A city or town contiguous with Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the city or town and other areas within its water service area, and inhabitants thereof, with an ample supply of water. [1999 c 61 § 1.]

35.92.410 Provision of sewer services and facilities—Contract with Canadian corporation. A city or town contiguous with Canada may contract with a Canadian corporation for the discharge of sewage from all or any portion of the city’s or town’s sewer service area into the sewer system of the Canadian corporation. A city or town contiguous with Canada may contract with a Canadian corporation for the construction, operation, or maintenance of sewers and sewerage treatment and disposal facilities for their joint use and benefit upon such terms and conditions and for such period of time as the contracting parties may determine, which may include vesting one of the contracting parties with the sole authority to construct, operate, or maintain the facilities with the other contracting party or parties paying an agreed-upon portion of the expenses to the party with sole authority to construct, operate, or maintain the facilities. [1999 c 61 § 2.]

35.92.420 Purchase of electric power and energy from joint operating agency. A city or town may contract to purchase from a joint operating agency electric power and energy required for its present or future requirements. For projects the output of which is limited to qualified alternative energy resources as defined by RCW 19.29A.090(3), the contract may include the purchase of capability of the projects to produce electricity in addition to the actual output of the projects. The contract may provide that the city or town must make the payments required by the contract whether or not a project is completed, operable, or operating and notwithstanding the suspension, interruption, interference, reduction, or curtailment of the output of a project or the power and energy contracted for. The contract may also provide that payments under the contract are not subject to reduction, whether by offset or otherwise, and shall not be conditioned upon the performance or nonperformance of the joint operating agency or a city, town, or public utility district under the contract or other instrument. [2003 c 138 § 3.]

35.92.430 Environmental mitigation activities. (1) A city or town authorized to acquire and operate utilities for the purpose of furnishing the city or town and its inhabitants and other persons with water, with electricity for lighting and other purposes, or with service from sewerage, storm water, surface water, or solid waste handling facilities, may develop and make publicly available a plan to reduce its greenhouse gas emissions or achieve no-net emissions from all sources of greenhouse gases that the utility owns, leases, uses, contracts for, or otherwise controls.

(2) A city or town authorized to acquire and operate utilities for the purpose of furnishing the city or town and its inhabitants and other persons with water, with electricity for lighting and other purposes, or with service from sewerage, storm water, surface water, or solid waste handling facilities, may, as part of its utility operation, mitigate the environmental impacts, such as greenhouse gases emissions, of its operation, including any power purchases. The mitigation may include, but is not limited to, those greenhouse gases mitigation mechanisms recognized by independent, qualified organizations with proven experience in emissions mitigation activities. Mitigation mechanisms may include the purchase, trade, and banking of greenhouse gases offsets or credits. If a state greenhouse gases registry is established, a utility that has purchased, traded, or banked greenhouse gases mitigation mechanisms under this section shall receive credit in the registry. [2007 c 349 § 2.]

Finding—Intent—2007 c 349 § 2: “The legislature finds and declares that greenhouse gases offset contracts, credits, and other greenhouse gases mitigation efforts are a recognized utility purpose that confers a direct benefit on the utility’s ratepayers. The legislature declares that section 2 of this act is intended to reverse the result of Okeson v. City of Seattle (January 18, 2007), by expressly granting municipal utilities the statutory authority to engage in mitigation activities to offset their utility’s impact on the environment.” [2007 c 349 § 1.]

35.92.440 Production and distribution of biodiesel, ethanol, and ethanol blend fuels—Crop purchase contracts for dedicated energy crops. In addition to any other authority provided by law, municipal utilities are authorized to produce and distribute biodiesel, ethanol, and ethanol blend fuels, including entering into crop purchase contracts for a dedicated energy crop for the purpose of generating electricity or producing biodiesel produced from Washington feedstocks, cellulosic ethanol, and cellulosic ethanol blend fuels for use in internal operations of the electric utility and for sale or distribution. [2007 c 348 § 209.]
35.94.010 Authority to sell or let. A city may lease for any term of years or sell and convey any public utility works, plant, or system owned by it or any part thereof, together with all or any equipment and appurtenances thereof. [1965 c 7 § 35.94.010. Prior: 1917 c 137 § 1; RRS § 9512. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. Formerly RCW 80.48.010.]

35.94.020 Procedure. The legislative authority of the city, if it deems it advisable to lease or sell the works, plant, or system, or any part thereof, shall adopt a resolution stating whether it desires to lease or sell. If it desires to lease, the resolution shall state the general terms and conditions of the lease, but not the rent. If it desires to sell the general terms of sale shall be stated, but not the price. The resolution shall direct the city clerk, or other proper official, to publish the resolution not less than once a week for four weeks in the official newspaper of the city, together with a notice calling for sealed bids to be filed with the clerk or other proper official not later than a certain time, accompanied by a certified check payable to the order of the city, for such amount as the resolution shall require, or a deposit of a like sum in money. Each bid shall state that the bidder agrees that if his or her bid is accepted and he or she fails to comply therewith within the time hereinafter specified, the check or deposit shall be forfeited to the city. If bids for a lease are called for, bidders shall bid the amount to be paid as the rent for each year of the term of the lease. If bids for a sale are called for, the bids shall state the price offered. The legislative authority of the city may reject any or all bids and accept any bid which it deems best. At the first meeting of the legislative authority of the city held after the expiration of the time fixed for receiving bids, or at some later meeting, the bids shall be considered. In order for the legislative authority to declare it advisable to accept any bid it shall be necessary for two-thirds of all the members elected to the legislative authority to vote in favor of a resolution making the declaration. If the resolution is adopted it shall be necessary, in order that the bid be accepted, to enact an ordinance accepting it and directing the execution of a lease or conveyance by the mayor and city clerk or other proper official. The ordinance shall not take effect until it has been submitted to the voters of the city for approval or rejection at the next general election or at a special election called for that purpose, and a majority of the voters voting thereon have approved it. If approved it shall take effect as soon as the result of the vote is proclaimed by the mayor. If it is so submitted and fails of approval, it shall be rejected and annulled. The mayor shall proclaim the vote as soon as it is properly certified. [2009 c 549 § 2134; 1965 c 7 § 35.94.030. Prior: 1917 c 137 § 3; RRS § 9514. Cf. 1907 c 86 §§ 1-3; 1897 c 106 §§ 1-4. Formerly RCW 80.48.030.]

35.94.040 Lease or sale of land or property originally acquired for public utility purposes. Whenever a city shall determine, by resolution of its legislative authority, that any lands, property, or equipment originally acquired for public utility purposes is surplus to the city’s needs and is not required for providing continued public utility service, then such legislative authority by resolution and after a public hearing may cause such lands, property, or equipment to be leased, sold, or conveyed. Such resolution shall state the fair market value or the rent or consideration to be paid and such other terms and conditions for such disposition as the legislative authority deems to be in the best public interest.

The provisions of RCW 35.94.020 and 35.94.030 shall not apply to dispositions authorized by this section. [1973 1st ex.s. c 95 § 1.]

35.94.050 Application of chapter to certain service provider agreements under chapter 70.150 RCW. This chapter does not apply to dispositions of utility property in connection with an agreement entered into pursuant to chapter 70.150 RCW provided there is compliance with the procurement procedure under RCW 70.150.040. (2010 Ed.)
35.95.010 Declaration of intent and purpose. We, the legislature find that an increasing number of municipally owned, or leased, and operated transportation systems in the urban areas of the state of Washington, as in the nation, are finding it impossible, from the revenues derived from tolls, tariffs and fares, to maintain the financial solvency of such systems, and as a result thereof such municipalities have been forced to subsidize such systems to the detriment of other essential public services.

All persons in a community benefit from a solvent and adequate public transportation system, either directly or indirectly, and the responsibility of financing the operation, maintenance, and capital needs of such systems is a community obligation and responsibility which should be shared by all.

We further find and declare that the maintenance and operation of an adequate public transportation system is an absolute necessity and is essential to the economic, industrial and cultural growth, development and prosperity of a municipality and of the state and nation, and to protect the health and welfare of the residents of such municipalities and the public in general.

We further find and declare that the appropriation of general funds and levying and collection of taxes by such municipalities as authorized in the succeeding sections of this chapter is necessary, and any funds so derived and expended are for a public purpose for which public funds may properly be used. [1969 ex.s. c 255 § 1; 1965 ex.s. c 111 § 1.]

35.95A.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means a city transportation authority created pursuant to chapter 248, Laws of 2002.

(2) "Authority area" means the territory within a city as designated in the ordinance creating the authority.

(3) "Bonds" means bonds, notes, or other evidences of indebtedness.

(4) "Public monorail transportation function" means the transportation of passengers and their incidental baggage by means of public monorail transportation facilities as authorized in this chapter.

(5) "Public monorail transportation facilities" means a transportation system that utilizes train cars running on a guideway, together with the necessary passenger stations, terminals, parking facilities, related facilities or other properties, and facilities necessary and appropriate for passenger and vehicular access to and from people-moving systems, not including fixed guideway light rail systems.

(6) "Qualified elector" means any person registered to vote within the city boundaries. [2002 c 248 § 1.]

35.95A.020 Creation of authority—Vote of the people. (1) A city transportation authority to perform a public monorail transportation function may be created in every city with a population greater than three hundred thousand to perform a public monorail transportation function. The authority shall embrace all the territory in the authority area. A city transportation authority is a municipal corporation, an independent taxing "authority" within the meaning of Article 7, section 1 of the state Constitution, and a "taxing district" within the meaning of Article 7, section 2 of the state Constitution.

(2) Any city transportation authority and proposed taxes established pursuant to this chapter, either by ordinance or petition as provided in this chapter, must be approved by a majority vote of the electors residing within the proposed authority area voting at a regular or special election. [2002 c 248 § 2.]

35.95A.030 Creation by ordinance—Proposal by petition. (1) A city that undertakes to propose creation of an
authority must propose the authority by ordinance of the city legislative body. The ordinance must:

(a) Propose the authority area and the size and method of selection of the governing body of the authority, which governing body may be appointed or elected, provided that officers or employees of any single city government body may not compose a majority of the members of the authority’s governing body;

(b) Propose whether all or a specified portion of the public monorail transportation function will be exercised by the authority;

(c) Propose an initial array of taxes to be voted upon by the electors within the proposed authority area; and

(d) Provide for an interim governing body of the authority which will govern the authority upon voter approval of formation of the authority, until a permanent governing body is selected, but in no event longer than fourteen months.

(2) An authority may also be proposed to be created by a petition setting forth the matters described in subsection (1) of this section, and signed by one percent of the qualified electors of the proposed authority area.

(3) Upon approval by the qualified electors of the formation of the city transportation authority and any proposed taxes, either by ordinance or by petition as provided in this chapter, the governing body of an authority, or interim governing body, as applicable, will adopt bylaws determining, among other things, the authority’s officers and the method of their selection, and other matters the governing body deems appropriate. [2002 c 248 § 3.]

35.95A.040 Authority subject to standard requirements of governmental entity. The authority is subject to all standard requirements of a governmental entity pursuant to RCW 35.21.759. [2002 c 248 § 4.]

35.95A.050 Powers. Every authority has the following powers:

(1) To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of public monorail transportation facilities, including passenger terminal and parking facilities and properties, and other facilities and properties as may be necessary for passenger and vehicular access to and from public monorail transportation facilities, together with all lands, rights-of-way, and property within or outside the authority area, and together with equipment and accessories necessary or appropriate for these facilities, except that property, including but not limited to other types of public transportation facilities, that is owned by any city, county, county transportation authority, public transportation benefit area, metropolitan municipal corporation, or regional transit authority may be acquired or used by an authority only with the consent of the public entity owning the property. The entities are authorized to convey or lease property to an authority or to contract for their joint use on terms fixed by agreement between the entity and the authority;

(2) To fix rates, tolls, fares, and charges for the use of facilities and to establish various routes and classes of service. Rates, tolls, fares, or charges may be adjusted or eliminated for any distinguishable class of users including, but not limited to, senior citizens and handicapped persons;

(3) To contract with the United States or any of its agencies, any state or any of its agencies, any metropolitan municipal corporation, and other country, city, other political subdivision or governmental instrumentality, or governmental agency, or any private person, firm, or corporation for the purpose of receiving any gifts or grants or securing loans or advances for preliminary planning and feasibility studies, or for the design, construction, operation, or maintenance of public monorail transportation facilities as follows:

(a) Notwithstanding the provisions of any law to the contrary, and in addition to any other authority provided by law, the governing body of a city transportation authority may contract with one or more vendors for the design, construction, operation, or maintenance, or other service related to the development of a monorail public transportation system including, but not limited to, monorail trains, operating systems and control equipment, guideways, and pylons, together with the necessary passenger stations, terminals, parking facilities, and other related facilities necessary and appropriate for passenger and vehicular access to and from the monorail train.

(b) If the governing body of the city transportation authority decides to proceed with the consideration of qualifications or proposals for services from qualified vendors, the authority must publish notice of its requirements and request submission of qualifications statements or proposals. The notice must be published in the official newspaper of the city creating the authority at least once a week for two weeks, not less than sixty days before the final date for the submission of qualifications statements or proposals. The notice must state in summary form: (i) The general scope and nature of the design, construction, operation, maintenance, or other services being sought related to the development of the proposed monorail, tram, or trolley public transportation system; (ii) the name and address of a representative of the city transportation authority who can provide further details; (iii) the final date for the submission of qualifications statements or proposals; (iv) an estimated schedule for the consideration of qualifications statements or proposals, the selection of vendors, and the negotiation of a contract or contracts for services; (v) the location of which a copy of any requests for qualifications statements or requests for proposals will be made available; and (vi) the criteria established by the governing body of the authority to select a vendor or vendors, which may include, but is not limited to, the vendor’s prior experience, including design, construction, operation, or maintenance of other similar public transportation facilities, respondent’s management capabilities, proposed project schedule, availability and financial resources, costs of the services to be provided, nature of facility design proposed by the vendors, system reliability, performance standards required for the facilities, compatibility with existing public transportation facilities operated by the authority or any other public body or other providers of similar services to the public, project performance guarantees, penalties, and other enforcement provisions, environmental protection measures to be used by the vendor, consistency with the applicable regional transportation plans, and the proposed allocation of project risks.
(c) If the governing body of the city transportation authority decides to proceed with the consideration of qualifications statements or proposals submitted by vendors, it may designate a representative to evaluate the vendors who submitted qualifications statements or proposals and conduct discussions regarding qualifications or proposals with one or more vendors. The governing body or its representative may request submission of qualifications statements and may later request more detailed proposals from one or more vendors who have submitted qualifications statements, or may request detailed proposals without having first received and evaluated qualifications statements. The governing body or its representative will evaluate the qualifications or proposals, as applicable. If two or more vendors submit qualifications or proposals that meet the criteria established by the governing body of the authority, discussions and interviews must be held with at least two vendors. Any revisions to a request for qualifications or request for proposals must be made available to all vendors then under consideration by the governing body of the authority and must be made available to any other person who has requested receipt of that information.

(d) Based on the criteria established by the governing body of the authority, the representative will recommend to the governing body a vendor or vendors that are initially determined to be the best qualified to provide one or more of the design, construction, operation or maintenance, or other service related to the development of the proposed monorail public transportation system.

(e) The governing body of the authority or its representative may attempt to negotiate a contract with the vendor or vendors selected for one or more of the design, construction, operation or maintenance, or other service related to the development of the proposed monorail public transportation system on terms that the governing body of the authority determines to be fair and reasonable and in the best interest of the authority. If the governing body, or its representative, is unable to negotiate a contract with any one or more of the vendors first selected on terms that it determines to be fair and reasonable and in the best interest of the authority, negotiations with any one or more of the vendors must be terminated or suspended and another qualified vendor or vendors may be selected in accordance with the procedures set forth in this section. If the governing body decides to continue the process of selection, negotiations will continue with a qualified vendor or vendors in accordance with this section at the sole discretion of the governing body of the authority until an agreement is reached with one or more qualified vendors, or the process is terminated by the governing body. The process may be repeated until an agreement is reached.

(f) Prior to entering into a contract with a vendor, the governing body of the authority must make written findings, after holding a public hearing on the proposal, that it is in the public interest to enter into the contract, that the contract is financially sound, and that it is advantageous for the governing body of the authority to use this method for awarding contracts for one or more of the design, construction, or operation or maintenance of the proposed monorail public transportation system as compared to all other methods of awarding such contracts.

(g) Each contract must include a project performance bond or bonds or other security by the vendor.

(h) The provisions of chapters 39.12 and 39.19 RCW apply to a contract entered into under this section as if the public transportation systems and facilities were owned by a public body.

(i) The vendor selection process permitted by this section is supplemental to and is not construed as a repeal of or limitation on any other authority granted by law.

(j) Contracts for the construction of facilities, other than contracts for facilities to be provided by the selected vendor, with an estimated cost greater than two hundred thousand dollars must be awarded after a competitive bid process consistent with chapter 39.04 RCW or awarded through an alternative public works contracting procedure consistent with chapter 39.10 RCW;

(4) To contract with the United States or any of its agencies, any state or any of its agencies, any metropolitan municipal corporation, any other county, city, other political subdivision or governmental instrumentality, any governmental agency, or any private person, firm, or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands, and rights-of-way of all kinds which are owned, leased, or held by the other party and for the purpose of planning, designing, constructing, operating any public transportation facility, or performing any service related to transportation which the authority is authorized to operate or perform, on terms as may be agreed upon by the contracting parties;

(5) To acquire any existing public transportation facility by conveyance, sale, or lease. In any acquisition from a county, city, or other political subdivision of the state, the authority will receive credit from the county or city or other political subdivision for any federal assistance and state matching assistance used by the county or city or other political subdivision in acquiring any portion of the public transportation facility. Upon acquisition, the authority must assume and observe all existing labor contracts relating to the public transportation facility and, to the extent necessary for operation of the public transportation facility, all of the employees of the public transportation facility whose duties are necessary to efficiently operate the public transportation facility must be appointed to comparable positions to those which they held at the time of the transfer, and no employee or retired or pensioned employee of the public transportation facility will be placed in any worse position with respect to pension seniority, wages, sick leave, vacation, or other benefits than he or she enjoyed as an employee of the public transportation facility prior to the acquisition. Furthermore, the authority must engage in collective bargaining with the duly appointed representatives of any employee labor organization having existing contracts with the acquired facility and may enter into labor contracts with the employee labor organization;

(6) To contract for, participate in, and support research, demonstration, testing, and development of public monorail transportation facilities, equipment, and use incentives, and have all powers necessary to comply with any criteria, standards, and regulations which may be adopted under state and federal law, and to take all actions necessary to meet the requirements of those laws. The authority has, in addition to these powers, the authority to prepare, adopt, and carry out a comprehensive public monorail plan and to make other plans...
and studies and to perform programs as the authority deems necessary to implement and comply with those laws;

(7) To establish local improvement districts within the authority area to finance public monorail transportation facilities, to levy special assessments on property specially benefited by those facilities, and to issue local improvement bonds to be repaid by the collection of local improvement assessments. The method of establishment, levying, collection, enforcement, and all other matters relating to the local improvement districts, assessments, collection, and bonds are as provided in the statutes governing local improvement districts of cities and towns. The duties devolving upon the city treasurer in those statutes are imposed on the treasurer of the authority;

(8) To exercise all other powers necessary and appropriate to carry out its responsibilities, including without limitation the power to sue and be sued, to own, construct, purchase, lease, add to, and maintain any real and personal property or property rights necessary for the conduct of the affairs of the authority, to enter into contracts, and to employ the persons as the authority deems appropriate. An authority may also sell, lease, convey, or otherwise dispose of any real or personal property no longer necessary for the conduct of the affairs of the authority. [2002 c 248 § 5.]

35.95A.060 Funds and accounts—Designation of treasurer. Each authority will establish necessary and appropriate funds and accounts consistent with the uniform system of accounts developed pursuant to RCW 43.09.210. The authority may designate a treasurer or may contract with any city with territory within the authority area for treasury and other financial functions. The city must be reimbursed for the expenses of treasury services. However, no city whose treasurer serves as treasurer of an authority is liable for the obligations of the authority. [2002 c 248 § 6.]

35.95A.070 Excess levies—General obligation bonds—Revenue bonds. Every authority has the power to:

(1) Levy excess levies upon the property included within the authority area, in the manner prescribed by Article VII, section 2 of the state Constitution and by RCW 84.52.052 for operating funds, capital outlay funds, and cumulative reserve funds;

(2) Issue general obligation bonds, not to exceed an amount, together with any outstanding nonvoter-approved general obligation indebtedness equal to one and one-half percent of the value of the taxable property within the authority area, as the term "value of the taxable property" is defined in RCW 39.36.015. An authority may additionally issue general obligation bonds, together with outstanding voter-approved and nonvoter-approved general obligation indebtedness, equal to two and one-half percent of the value of the taxable property within the authority area, as the term "value of the taxable property" is defined in RCW 39.36.015, when the bonds are approved by three-fifths of the qualified electors of the authority at a general or special election called for that purpose and may provide for the retirement thereof by levies in excess of dollar rate limitations in accordance with the provisions of RCW 84.52.056. These elections will be held as provided in RCW 39.36.050;

(3) Issue revenue bonds payable from any revenues other than taxes levied by the authority, and to pledge those revenues for the repayment of the bonds. Proceeds of revenue bonds may only be expended for the costs of public monorail transportation facilities, for financing costs, and for capitalized interest during construction plus six months thereafter. The bonds and warrants will be issued and sold in accordance with chapter 39.46 RCW.

No bonds issued by an authority are obligations of any city, county, or the state of Washington or any political subdivision thereof other than the authority, and the bonds will so state, unless the legislative authority of any city or county or the legislature expressly authorizes particular bonds to be either guaranteed by or obligations of its respective city or county or of the state. [2002 c 248 § 8.]

35.95A.080 Special excise tax—Public hearings. (1) Every authority has the power to levy and collect a special excise tax not exceeding two and one-half percent on the value of every motor vehicle owned by a resident of the authority area for the privilege of using a motor vehicle. Before utilization of any excise tax money collected under this section for acquisition of right-of-way or construction of a public monorail transportation facility on a separate right-of-way, the authority must adopt rules affording the public an opportunity for corridor public hearings and design public hearings, which provide in detail the procedures necessary for public participation in the following instances: (a) Prior to adoption of location and design plans having a substantial social, economic, or environmental effect upon the locality upon which they are to be constructed; or (b) on the public transportation facilities operating on a separate right-of-way whenever a substantial change is proposed relating to location or design in the adopted plan. In adopting rules the authority must adhere to the provisions of the administrative procedure act.

(2) A "corridor public hearing" is a public hearing that: (a) Is held before the authority is committed to a specific route proposal for the public transportation facility, and before a route location is established; (b) is held to afford an opportunity for participation by those interested in the determination of the need for, and the location of, the public transportation facility; and (c) provides a public forum that affords a full opportunity for presenting views on the public transportation facility route location, and the social, economic, and environmental effects on that location and alternate locations. However, the hearing is not deemed to be necessary before adoption of a transportation plan as provided in *section 7 of this act or a vote of the qualified electors under subsection (5) of this section.

(3) A "design public hearing" is a public hearing that: (a) Is held after the location is established but before the design is adopted; (b) is held to afford an opportunity for participation by those interested in the determination of major design features of the public monorail transportation facility; and (c) provides a public forum to afford a full opportunity for presenting views on the public transportation system design, and the social, economic, and environmental effects of that design and alternate designs, including people-mover technology.
(4) An authority imposing a tax under subsection (1) of this section may also impose a sales and use tax, in addition to any tax authorized by RCW 82.14.030, upon retail car rentals within the city that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax must not exceed 1.944 percent of the base of the tax. The base of the tax will be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection will be distributed in the same manner as sales and use taxes under chapter 82.14 RCW.

(5) Before any authority may impose any of the taxes authorized under this section, the authorization for imposition of the taxes must be approved by the qualified electors of the authority area. [2002 c 248 § 9.]

*Reviser’s note: Section 7 of this act was vetoed by the governor.

35.95A.090 Vehicle license fees—Vote of the people. (Effective until July 1, 2011.)  (1) Every authority has the power to fix and impose a fee, not to exceed one hundred dollars per vehicle, for each vehicle that is subject to relicensing tab fees under RCW 46.16.0621 and for each vehicle that is subject to RCW 46.16.070 with an unladen weight of six thousand pounds or less, and that is determined by the department of licensing to be registered within the boundaries of the authority area. The department of licensing must provide an exemption from the fee for any vehicle the owner of which demonstrates is not operated within the authority area.

(2) The department of licensing will administer and collect the fee. The department will deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by it. The remaining proceeds will be remitted to the custody of the state treasurer for monthly distribution to the authority.

(3) The authority imposing this fee will delay the effective date at least six months from the date the fee is approved by the qualified voters of the authority area to allow the department of licensing to implement administration and collection of the fee.

(4) Before any authority may impose any of the fees authorized under this section, the authorization for imposition of the fees must be approved by a majority of the qualified electors of the authority area voting. [2010 c 161 § 901; 2002 c 248 § 10.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

35.95A.100 Property tax levies. (1) Every authority has the power to impose annual regular property tax levies in an amount equal to one dollar and fifty cents or less per thousand dollars of assessed value of property in the authority area when specifically authorized to do so by a majority of the voters voting on a proposition submitted at a special election or at the regular election of the authority. A proposition authorizing the tax levies will not be submitted by an authority more than twice in any twelve-month period. Ballot propositions must conform with *RCW 29.30.111. The number of years during which the regular levy will be imposed may be limited as specified in the ballot proposition or may be unlimited in duration. In the event an authority is levying property taxes, which in combination with property taxes levied by other taxing districts subject to the limitations provided in RCW 84.52.043 and 84.52.050, exceed these limitations, the authority’s property tax levy shall be reduced or eliminated consistent with RCW 84.52.010.

(2) The limitation in RCW 84.55.010 does not apply to the first levy imposed under this section following the approval of the levies by the voters under subsection (1) of this section. [2002 c 248 § 11.]

*Reviser’s note: RCW 29.30.111 was recodified as RCW 29A.36.210 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

35.95A.110 Taxes and fees—Limitation on use. All taxes and fees levied and collected by an authority must be used solely for the purpose of paying all or any part of the cost of acquiring, designing, constructing, equipping, maintaining, or operating public monorail transportation facilities or contracting for the services thereof, or to pay or secure the payment of all or part of the principal of or interest on any general obligation bonds or revenue bonds issued for authority purposes. Until expended, money accumulated in the funds and accounts of an authority may be invested in the manner authorized by the governing body of the authority, consistent with state law.

If any of the revenue from any tax or fee authorized to be levied by an authority has been pledged by the authority to secure the payment of any bonds as herein authorized, then as long as that pledge is in effect the legislature will not withdraw from the authority the authorization to levy and collect the tax or fee. [2002 c 248 § 12.]
35.95A.120 Dissolution of authority. (1) Except as provided in subsection (2) of this section, the city transportation authority may be dissolved by a vote of the people residing within the boundaries of the authority if the authority is faced with significant financial problems. However, the authority may covenant with holders of its bonds that it may not be dissolved and shall continue to exist solely for the purpose of continuing to levy and collect any taxes or assessments levied by it and pledged to the repayment of debt and to take other actions, including the appointment of a trustee, as necessary to allow it to repay any remaining debt. No such debt may be incurred by the authority on a project until thirty days after a final environmental impact statement on that project has been issued as required by chapter 43.21C RCW. The amount of the authority’s initial bond issue is limited to the amount of the project costs in the subsequent two years as documented by a certified engineer or by submitted bids, plus any reimbursable capital expenses already incurred at the time of the bond issue. The authority may size the first bond issue consistent with the internal revenue service five-year spend down schedule if an independent financial advisor recommends such an approach is financially advisable. Any referendum petition to dissolve the city transportation authority must be filed with the city council and contain provisions for dissolution of the authority. Within seven days, the city prosecutor must review the validity of the petition and submit its report to the petitioner and city council. If the petitioner’s claims are deemed valid by the city prosecutor, within ten days of the petitioner’s filing, the city council will confer with the petitioner concerning the form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title must be posed as a question and an affirmative vote on the measure results in authority retention and a negative vote on the measure results in the authority’s dissolution. The petitioner will be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has ninety days in which to secure on petition forms, the signatures of not less than fifteen percent of the registered voters in the authority area and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer will verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the initiative to the authority area voters at a general or special election held on one of the dates provided in RCW 29A.04.321 as determined by the city council, which election will not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

(2) A city transportation authority is dissolved and terminated if all of the following events occur before or after July 22, 2007:

(a) A majority of the qualified electors voting at a regular or special election determine that new public monorail transportation facilities must not be built;

(b) The governing body of the authority adopts a resolution and publishes a notice of the proposed dissolution at least once every week for three consecutive weeks in a newspaper of general circulation published in the authority area. The resolution and notice must:

(i) Describe information that must be included in a notice of claim against the authority including, but not limited to, any claims for refunds of special motor vehicle excise tax levied under RCW 35.95A.080 and collected by or on behalf of the authority;

(ii) Provide a mailing address where a notice of claim may be sent;

(iii) State the deadline, which must be at least ninety days from the date of the third publication, by which the authority must receive a notice of claim; and

(c) The authority resolves all claims timely made under (b) of this subsection; and

(d) The governing body adopts a resolution (i) finding that the conditions of (a) through (c) of this subsection have been met and (ii) dissolving and terminating the authority.

For purposes of this subsection, "claim" includes, but is not limited to, any right to payment, whether liquidated, unliquidated, fixed, contingent, matured, unmatured, disputed, undisputed, legal, equitable, secured, or unsecured, or the right to an equitable remedy for breach of performance if the breach gives rise to a right to payment, whether or not the right to an equitable remedy is fixed, contingent, matured, unmatured, disputed, undisputed, secured, or unsecured, including, but not limited to, any claim for a refund of special motor vehicle excise tax levied under RCW 35.95A.080 and collected by or on behalf of the authority.

(4) The governing body of the authority may transfer any net assets to one or more other political subdivisions with instructions as to their use or disposition. The governing body shall authorize this transfer in the resolution that dissolves and terminates the authority under subsection (2)(d) of this section.

(5) Upon the dissolution and termination of the authority, the former officers, directors, employees, and agents of the authority shall be immune from personal liability in connection with any claims brought against them arising from or relating to their service to the authority, and any claim brought against any of them is barred.

(6) Upon satisfaction of the conditions set forth in subsection (2)(a) and (b) of this section, the terms of all members of the governing body of the city transportation authority, whether elected or appointed, who are serving as of the date of the adoption of the resolution described in subsection (2)(b) of this section, shall be extended, and incumbent governing body members shall remain in office until dissolution of the authority, notwithstanding any provision of any law to the contrary. 35.95A.140 Requirements for signage. Each authority shall incorporate in plans for stations along any monorail project signing that is easily understood by the traveling public, including, but not limited to, persons with disabilities, non-English speaking persons, and visitors from other nations. The signage must employ graphics consistent with international symbols for transportation facilities and signage that are consistent with department of transportation guidelines and programs. The signage must also use distinguishing pictograms as means to identify stations and points of interest along the monorail corridor for persons who use languages that are not Roman-alphabet based. These requirements are intended to apply to new sign installation and not to existing signs. The authority may replace existing signs as it chooses; however, it shall use the new signing designs when existing signs are replaced. All signage must comply with requirements of applicable federal law and may include recommendations contained in federal publications providing directions on way-finding. The pictograms may reflect the unique characteristics of the facility, and those characteristics should be considered and are acceptable in icon and pictogram design. It is the intent of the legislature to have icons and pictograms in use as new systems are put into service to promote tourism and be in place by 2010 to assist international visitors coming to Washington during the Olympic Games in Vancouver, British Columbia, Canada. Local improvements for underground utilities transmission lines: RCW 35.43.040(12).

35.96.010 Declaration of public interest and purpose.
It is hereby found and declared that the conversion of overhead electric and communication facilities to underground facilities is substantially beneficial to the public safety and welfare, is in the public interest and is a public purpose, notwithstanding any resulting incidental private benefit to any electric or communication utility affected by such conversion. [1967 c 119 § 2.]

35.96.020 Definitions. As used in this chapter, unless specifically defined otherwise, or unless the context indicates otherwise:
"Conversion area" means that area in which existing overhead electric and communication facilities are to be converted to underground facilities pursuant to the provisions of this chapter.
"Electric utility" means any publicly or privately owned utility engaged in the business of furnishing electric energy to the public in all or part of the conversion area and includes electrical companies as defined by RCW 80.04.010 and public utility districts.
"Communication utility" means any utility engaged in the business of affording telephonic, telegraphic, cable television or other communication service to the public in all or part of the conversion area and includes telephone companies and telegraph companies as defined by RCW 80.04.010. [1967 c 119 § 3.]

35.96.030 Conversion of electric and communication facilities to underground facilities authorized—Local improvement districts—Special assessments. Every city or town shall have the power to convert existing overhead electric and communication facilities to underground facili-
ties pursuant to RCW 35.43.190 where such facilities are owned or operated by the city or town. Where such facilities are not so owned or operated, every city or town shall have the power to contract with electric and communication utilities, as hereinafter provided, for the conversion of existing overhead electric and communication facilities to underground facilities. To provide funds to pay the whole or any part of the cost of any such conversion, either where the existing overhead electric and communication facilities are owned or operated by the city or town or where they are not so owned or operated, every city or town shall have the power to create local improvement districts and to levy and collect special assessments against the real property specially benefited by such conversion. For the purpose of ascertaining the amount to be assessed against each lot or parcel of land within any local improvement district established pursuant to this chapter, in addition to other methods provided by law for apportioning special benefits, the legislative authority of any city or town may apportion all or part of the special benefits accruing on a square footage basis or on a per lot basis. [1967 c 119 § 4.]

35.96.040 Contracts for conversion—Authorized—Provisions. Every city or town shall have the power to contract with electric and communication utilities for the conversion of existing overhead electric and communication facilities to underground facilities including all work incidental to such conversion. Such contracts may include, among other provisions, any of the following:

(1) For the supplying and approval by electric and communication utilities of plans and specifications for such conversion;

(2) For the payment to the electric and communication utilities for any work performed or services rendered by it in connection with the conversion project;

(3) For the payment to the electric and communication utilities for the value of the overhead facilities removed pursuant to the conversion;

(4) For ownership of the underground facilities by the electric and communication utilities. [1967 c 119 § 5.]

35.96.050 Notice to owners to convert service lines to underground—Objections—Hearing—Time limitation for conversion. When service from the underground electric and communication facilities is available in all or part of a conversion area, the city or town shall mail a notice to the owners of all structures or improvements served from the existing overhead facilities in the area, which notice shall state that:

(1) Service from the underground facilities is available;

(2) All electric and communication service lines from the existing overhead facilities within the area to any structure or improvement must be disconnected and removed within ninety days after the date of the mailing of the notice;

(3) Should such owner fail to convert such service lines from overhead to underground within ninety days after the date of the mailing of the notice, the city or town will order the electric and communication utilities to disconnect and remove the service lines;

(4) Should the owner object to the disconnection and removal of the service lines he or she may file his or her written objections thereto with the city or town clerk within thirty days after the date of the mailing of the notice and failure to so object within such time will constitute a waiver of his or her right thereafter to object to such disconnection and removal.

If the owner of any structure or improvement served from the existing overhead electric and communication facilities within a conversion area shall fail to convert to underground the service lines from such overhead facilities to such structure or improvement within ninety days after the mailing to him or her of the notice, the city or town shall order the electric and communication utilities to disconnect and remove all such service lines: PROVIDED, That if the owner has filed his or her written objections to such disconnection and removal with the city or town clerk within thirty days after the mailing of the notice then the city or town shall not order such disconnection and removal until after the hearing on such objections.

Upon the timely filing by the owner of objections to the disconnection and removal of the service lines, the legislative authority of such city or town, or a committee thereof, shall conduct a hearing to determine whether the removal of all or any part of the service lines is in the public benefit. The hearing shall be held at such time as the legislative authority of such city or town may establish for hearings on the objections and shall be held in accordance with the regularly established procedure set by the legislative authority of the city or town. If the hearing is before a committee, the committee shall follow the hearing report its recommendation to the legislative authority of the city or town for final action. The determination reached by the legislative authority shall be final in the absence of an abuse of discretion. [2009 c 549 § 2135; 1967 c 119 § 6.]

35.96.060 Application of provisions relating to local improvements in cities and towns to chapter. Unless otherwise provided in this chapter, the general provisions relating to local improvements in cities and towns including but not limited to chapters 35.43, 35.44, 35.45, 35.48, 35.49, 35.50, 35.53 and 35.54 RCW shall apply to local improvements authorized by this chapter. [1967 c 119 § 7.]

35.96.070 Validation of preexisting debts, contracts, obligations, etc., made or incurred incidental to conversion of electric and communication facilities to underground facilities. All debts, contracts and obligations here-tofore made or incurred by or in favor of any city or town incident to the conversion of overhead electric and communication facilities to underground facilities and all bonds, warrants, or other obligations issued by any such city or town, or by any local improvement district created to effect such conversion and any and all assessments heretofore levied in any such local improvement district, and all other things and proceedings relating thereto are hereby declared to be legal and valid and of full force and effect from the date thereof. [1967 c 119 § 8.]
35.96.080 Authority granted deemed alternative and additional. The authority granted by this chapter shall be considered an alternative and additional method for converting existing underground electric and communication facilities to underground facilities, and for paying all or part of the cost thereof, and shall not be construed as a restriction or limitation upon any other authority for or method of converting any such facilities or placing such facilities underground or paying all or part of the cost thereof, including, but not limited to, existing authority or methods under chapter 35.43 RCW and chapter 35.44 RCW. [1967 c 119 § 10.]

35.96.900 Severability—1967 c 119. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1967 c 119 § 9.]

35.97.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biomass energy system" means a system that provides for the production or collection of organic materials such as wood and agricultural residues and municipal solid waste that are primarily organic materials and the conversion or use of that material for the production of heat or substitute fuels through several processes including, but not limited to, burning, pyrolysis, or anaerobic digestion.

(2) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source.

(3) "Cogeneration facility" means any machinery, equipment, structure, process, or property or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation.

(4) "Geothermal heat" means the natural thermal energy of the earth.

(6) "Heat" means thermal energy.

(7) "Heat source" includes but is not limited to (a) any integral part of a heat production or heat rejection system of an industrial facility, cogeneration facility, or electric power generation facility, (b) geothermal well or spring, (c) biomass energy system, (d) solar collection facility, and (e) hydrothermal resource or heat extraction process.

35.97.020 Heating systems authorized. (1) Counties, cities, towns, irrigation districts which distribute electricity, sewer districts, water districts, port districts, and metropolitan municipal corporations are authorized pursuant to this chapter to establish heating systems and supply heating services from Washington’s heat sources.

(2) Nothing in this chapter authorizes any municipality to generate, transmit, distribute, or sell electricity. [1989 c 11 § 7; 1987 c 522 § 3; 1983 c 216 § 1.]

Additional notes found at www.leg.wa.gov

35.97.030 Heating systems—General powers of municipalities. A municipality may construct, purchase, acquire, add to, extend, maintain, and operate a system of heating facilities, within or without its limits, for the purpose of supplying its inhabitants and other persons with heat, with full power to regulate and control the use, distribution, and price of supplying heat, and to enter into agreements for the maintenance and operation of heating facilities under terms and conditions determined by the legislative authority of the municipality. The provision of heat and heating facilities and the establishment and operation of heating systems by a municipality under this chapter are hereby declared to be a public use and a public and strictly municipal purpose. However, nothing in this chapter shall be construed to restrain or limit the authority of any individual, partnership, corporation, or private utility from establishing and operating heating systems. [1983 c 216 § 3.]

35.97.040 Heating systems—Specific powers of municipalities. In addition to the general powers under RCW 35.97.030, and not by way of limitation, municipalities have the following specific powers:

(1) The usual powers of a corporation, to be exercised for public purposes;

(2) To acquire by purchase, gift, or condemnation property or interests in property within and without the municipal-
ity, necessary for the construction and operation of heating systems, including additions and extensions of heating systems. No municipality may acquire any heat source by condemnation. To the extent judged economically feasible by the municipality, public property and rights-of-way shall be utilized in lieu of private property acquired by condemnation. The municipality shall determine in cooperation with existing users that addition of district heating facilities to any public property or rights-of-way shall not be a hazard or interference with existing uses or, if so, that the cost for any relocation of facilities of existing users shall be a cost and expense of installing the heating facility;

(3) To acquire, install, add to, maintain, and operate heating facilities at a heat source or to serve particular consumers of heat, whether such facilities are located on property owned by the municipality, by the consumer of heat, or otherwise;

(4) To sell, lease, or otherwise dispose of heating facilities;

(5) To contract for the operation of heating facilities;

(6) To apply and qualify for and receive any private or federal grants, loans, or other funds available for carrying out the objects of the municipality under this chapter;

(7) Full and exclusive authority to sell and regulate and control the use, distribution, rates, service, charges, and price of all heat supplied by the municipality and to carry out any other powers and duties under this chapter free from the jurisdiction and control of the utilities and transportation commission;

(8) To utilize fuels other than the heat sources described in RCW 35.97.020 on a standby basis, to meet startup and emergency requirements, to meet peak demands, or to supplement those heat sources as necessary to provide a reliable and economically feasible supply of heat;

(9) To the extent permitted by the state Constitution, to make loans for the purpose of enabling suppliers or consumers of heat to finance heating facilities;

(10) To enter into cooperative agreements providing for the acquisition, construction, ownership, financing, use, control, and regulation of heating systems and heating facilities by more than one municipality or by one or more municipalities on behalf of other municipalities. [1983 c 216 § 4.]

35.97.050 Heating systems—Authorized by legislative authority of municipality—Competitive bidding. If the legislative authority of a municipality deems it advisable that the municipality purchase, acquire, or construct a heating system, or make any additions or extensions to a heating system, the legislative authority shall so provide by an ordinance or a resolution specifying and adopting the system or plan proposed, declaring the estimated cost thereof, as near as may be, and specifying the method of financing and source of funds. Any construction, alteration, or improvement of a heating system by any municipality shall be in compliance with the appropriate competitive bidding requirements in Titles 35, 36, 53, 57, or 87 RCW. [1999 c 153 § 42; 1996 c 230 § 1603; 1983 c 216 § 5.]

Additional notes found at www.leg.wa.gov

35.97.060 Municipality may impose rates and charges—Classification of customers. A municipality may impose rates, charges, or rentals for heat, service, and facilities provided to customers of the system if the rates charged are uniform for the same class of customers or service. In classifying customers served or service furnished, the legislative authority may consider: The difference in cost of service to the various customers; location of the various customers within or without the municipality; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the heat furnished; the time heat is used; the demand on the system; capital contributions made to the system including, but not limited to, assessments or the amount of capital facilities provided for use by the customer; and any other matters which present a reasonable difference as a ground for distinction. [1983 c 216 § 6.]

35.97.070 Municipality may shut off heat for nonpayment—Late payment charges authorized. If prompt payment of a heating rate, charge, or rental is not made, a municipality after reasonable notice may shut off the heating supply to the building, place, or premises to which the municipality supplied the heating. A municipality may also make an additional charge for late payment. [1983 c 216 § 7.]

35.97.080 Connection charges authorized. A municipality may charge property owners seeking to connect to the heating system, as a condition to granting the right to connect and in addition to the cost of the connection, such reasonable connection charge as the legislative authority determines to be proper in order that the property owners bear their pro rata share of the cost of the system. Potential customers shall not be compelled to subscribe or connect to the heating system. The cost of connection to the system shall include the cost of acquisition and installation of heating facilities necessary or useful for the connection, including any heating facilities located or installed on the property being served. Connection charges may, in the discretion of the municipality, be made payable in installments over a period of not more than thirty years or the estimated life of the facilities installed, whichever is less. Installments, if any, shall bear interest and penalties at such rates and be payable at such times and in such manner as the legislative authority of the municipality may provide. [1983 c 216 § 8.]

35.97.090 Local improvement district—Assessments—Bonds and warrants. For the purpose of paying all or a portion of the cost of heating facilities, a municipality may form local improvement districts or utility local improvement districts, foreclose on, levy, and collect assessments, reassessments, and supplemental assessments; and issue local improvement district bonds and warrants in the manner provided by law for cities or towns. [1983 c 216 § 9.]

35.97.100 Special funds authorized. For the purpose of providing funds for defraying all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improve-
ment, extension, repair, maintenance, or operation of a heating system, and the implementation of the powers in RCW 35.97.030 and 35.97.040, a municipality may authorize, by ordinance or resolution, the creation of a special fund or funds into which the municipality shall be obligated to set aside and pay all or any designated proportion or amount of any or all revenues derived from the heating system, including any utility local improvement district assessments, any grants received to pay the cost of the heating system, and any municipal license fees specified in the ordinance or resolution creating such special fund. [1983 c 216 § 10.]

35.97.110 Revenue bonds—Form, terms, etc. If the legislative authority of a municipality deems it advisable to finance all or a portion of the costs of planning, purchase, leasing, condemnation, or other acquisition, construction, reconstruction, development, improvement, and extension of a heating system, or for the implementation of the powers in RCW 35.97.030 and 35.97.040, or for working capital, interest during construction and for a period of up to one year thereafter, debt service and other reserves, and the costs of issuing revenue obligations, a municipality may issue revenue bonds against the special fund or fund created from revenues or assessments. The revenue bonds so issued may be issued in one or more series and shall be dated, shall bear interest at such rate or rates, and shall mature at such time or times as may be determined by the legislative authority of the municipality, and may be made redeemable before maturity at such price or prices and under such terms and conditions as may be fixed by the legislative authority of the municipality prior to the issuance of the bonds. The legislative authority of the municipality shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest. If an officer whose signature or a facsimile of whose signature appears on any bonds or coupons ceases to be such officer before the delivery of the bonds, the signature shall for all purposes have the same effect as if the officer had remained in office until the delivery. The bonds may be issued in coupon or in registered form or both, and provisions may be made for the registration of any coupon bonds as to the principal alone and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and interest. Bonds may be sold at public or private sale for such price and bearing interest at such fixed or variable rate as may be determined by the legislative authority of the municipality.

The principal of and interest on any revenue bonds shall be secured by a pledge of the revenues and receipts derived from the heating system, including any amounts pledged to be paid into a special fund under RCW 35.97.100, and may be secured by a mortgage covering all or any part of the system, including any enlargements of and additions to such system thereafter made. The revenue bonds shall state upon their face that they are payable from a special fund, naming it and the ordinance creating it, and that they do not constitute a general indebtedness of the municipality. The ordinance or resolution under which the bonds are authorized to be issued and any such mortgage may contain agreements and provisions respecting the maintenance of the system, the fixing and collection of rates and charges, the creation and maintenance of special funds from such revenues, the rights and remedies available in the event of default, and other matters improving the marketability of the revenue bonds, all as the legislative authority of the municipality deems advisable. Any revenue bonds issued under this chapter may be secured by a trust agreement by and between the municipality and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the state. Any such trust agreement or ordinance or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and proper and not in violation of law. Any such trust agreement may set forth the rights and remedies of the bond owners and of the trustee and may restrict the individual right of action by bond owners as is customary in trust agreements or trust indentures. [1983 c 216 § 11.]

35.97.120 Revenue warrants. Revenue warrants may be issued and such warrants and interest thereon may be payable out of the special fund or refunded through the proceeds of the sale of refunding revenue warrants or revenue bonds. Every revenue warrant and the interest thereon issued against the special fund is a valid claim of the owner thereof only as against that fund and the amount of revenue pledged to the fund, and does not constitute an indebtedness of the authorized municipality. Every revenue warrant shall state on its face that it is payable from a special fund, naming it and the ordinance or resolution creating it. [1983 c 216 § 12.]

35.97.130 Revenue bonds and warrants—Holder may enforce. If a municipality fails to set aside and pay into the special fund created for the payment of revenue bonds and warrants the amount which it has obligated itself in the ordinance or resolution creating the fund to set aside and pay therein, the holder of any bond or warrant issued against the bond may bring suit against the municipality to compel it to do so. [1983 c 216 § 13.]

35.97.900 Severability—1983 c 216. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 216 § 15.]

35.99.080 Existing franchises or contracts not preempted.

35.99.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Cable television service" means the one-way transmission to subscribers of video programming and other programming service and subscriber interaction, if any, that is required for the selection or use of the video programming or other programming service.

(2) "Facilities" means all of the plant, equipment, fixtures, appurtenances, antennas, and other facilities necessary to furnish and deliver telecommunications services and cable television services, including but not limited to poles with crossarms, poles without crossarms, wires, lines, conduits, cables, communication and signal lines and equipment, braces, guys, anchors, vaults, and all attachments, appurtenances, and appliances necessary or incidental to the distribution and use of telecommunications services and cable television services.

(3) "Master permit" means the agreement in whatever form whereby a city or town may grant general permission to a service provider to enter, use, and occupy the right-of-way for the purpose of locating facilities. This definition is not intended to limit, alter, or change the extent of the existing authority of a city or town to require a franchise nor does it change the status of a service provider asserting an existing statewide grant based on a predecessor telephone or telegraph company’s existence at the time of the adoption of the Washington state Constitution to occupy the right-of-way. For the purposes of this subsection, a franchise, except for a cable television franchise, is a master permit. A master permit does not include cable television franchises.

(4) "Personal wireless services" means commercial mobile services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations.

(5) "Right-of-way" means land acquired or dedicated for public roads and streets, but does not include:
   (a) State highways;
   (b) Land dedicated for roads, streets, and highways not opened and not improved for motor vehicle use by the public;
   (c) Structures, including poles and conduits, located within the right-of-way;
   (d) Federally granted trust lands or forest board trust lands;
   (e) Lands owned or managed by the state parks and recreation commission; or
   (f) Federally granted railroad rights-of-way acquired under 43 U.S.C. Sec. 912 and related provisions of federal law that are not open for motor vehicle use.

(6) "Service provider" means every corporation, company, association, joint stock association, firm, partnership, person, city, or town owning, operating, or managing any facilities used to provide and providing telecommunications or cable television service for hire, sale, or resale to the general public. Service provider includes the legal successor to any such corporation, company, association, joint stock association, firm, partnership, person, city, or town.

(7) "Telecommunications service" means the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means for hire, sale, or resale to the general public. For the purpose of this subsection, "information" means knowledge or intelligence represented by any form of writing, signs, signals, pictures, sounds, or any other symbols. For the purpose of this chapter, telecommunications service excludes the over-the-air transmission of broadcast television or broadcast radio signals.

(8) "Use permit" means the authorization in whatever form whereby a city or town may grant permission to a service provider to enter and use the specified right-of-way for the purpose of installing, maintaining, repairing, or removing identified facilities. [2000 c 83 § 1.]

35.99.020 Permits for use of right-of-way. A city or town may grant, issue, or deny permits for the use of the right-of-way by a service provider for installing, maintaining, repairing, or removing facilities for telecommunications services or cable television services pursuant to ordinances, consistent with chapter 83, Laws of 2000. [2000 c 83 § 2.]

35.99.030 Master, use permits—Injunctive relief—Notice—Service providers’ duties. (1) Cities and towns may require a service provider to obtain a master permit. A
city or town may request, but not require, that a service provider with an existing statewide grant to occupy the right-of-way obtain a master permit for wireline facilities.

(a) The procedures for the approval of a master permit and the requirements for a complete application for a master permit shall be available in written form.

(b) Where a city or town requires a master permit, the city or town shall act upon a complete application within one hundred twenty days from the date a service provider files the complete application for the master permit to use the right-of-way, except:

(i) With the agreement of the applicant; or

(ii) Where the master permit requires action of the legislative body of the city or town and such action cannot reasonably be obtained within the one hundred twenty day period.

(2) A city or town may require that a service provider obtain a use permit. A city or town must act on a request for a use permit by a service provider within thirty days of receipt of a completed application, unless a service provider consents to a different time period or the service provider has not obtained a master permit requested by the city or town.

(a) For the purpose of this section, "act" means that the city makes the decision to grant, condition, or deny the use permit, which may be subject to administrative appeal, or notifies the applicant in writing of the amount of time that will be required to make the decision and the reasons for this time period.

(b) Requirements otherwise applicable to holders of master permits shall be deemed satisfied by a holder of a cable franchise in good standing.

(c) Where the master permit does not contain procedures to expedite approvals and the service provider requires action in less than thirty days, the service provider shall advise the city or town in writing of the reasons why a shortened time period is necessary and the time period within which action by the city or town is requested. The city or town shall reasonably cooperate to meet the request where practicable.

(d) A city or town may not deny a use permit to a service provider with an existing statewide grant to occupy the right-of-way for wireline facilities on the basis of failure to obtain a master permit.

(3) The reasons for a denial of a master permit shall be supported by substantial evidence contained in a written record. A service provider adversely affected by the final action denying a master permit, or by an unreasonable failure to act on a master permit as set forth in subsection (1) of this section, may commence an action within thirty days to seek relief, which shall be limited to injunctive relief.

(4) A service provider adversely affected by the final action denying a use permit may commence an action within thirty days to seek relief, which shall be limited to injunctive relief. In any appeal of the final action denying a use permit, the standard for review and burden of proof shall be as set forth in RCW 36.70C.130.

(5) A city or town shall:

(a) In order to facilitate the scheduling and coordination of work in the right-of-way, provide as much advance notice as reasonable of plans to open the right-of-way to those service providers who are current users of the right-of-way or who have filed notice with the clerk of the city or town within the past twelve months of their intent to place facilities in the city or town. A city is not liable for damages for failure to provide this notice. Where the city has failed to provide notice of plans to open the right-of-way consistent with this subsection, a city may not deny a use permit to a service provider on the basis that the service provider failed to coordinate with another project.

(b) Have the authority to require that facilities are installed and maintained within the right-of-way in such a manner and at such points so as not to inconvenience the public use of the right-of-way or to adversely affect the public health, safety, and welfare.

(6) A service provider shall:

(a) Obtain all permits required by the city or town for the installation, maintenance, repair, or removal of facilities in the right-of-way;

(b) Comply with applicable ordinances, construction codes, regulations, and standards subject to verification by the city or town of such compliance;

(c) Cooperate with the city or town in ensuring that facilities are installed, maintained, repaired, and removed within the right-of-way in such a manner and at such points so as not to inconvenience the public use of the right-of-way or to adversely affect the public health, safety, and welfare;

(d) Provide information and plans as reasonably necessary to enable a city or town to comply with subsection (5) of this section, including, when notified by the city or town, the provision of advance planning information pursuant to the procedures established by the city or town;

(e) Obtain the written approval of the facility or structure owner, if the service provider does not own it, prior to attaching to or otherwise using a facility or structure in the right-of-way;

(f) Construct, install, operate, and maintain its facilities at its expense; and

(g) Comply with applicable federal and state safety laws and standards.

(7) Nothing in this section shall be construed as:

(a) Creating a new duty upon city [cities] or towns to be responsible for construction of facilities for service providers or to modify the right-of-way to accommodate such facilities;

(b) Creating, expanding, or extending any liability of a city or town to any third-party user of facilities or third-party beneficiary; or

(c) Limiting the right of a city or town to require an indemnification agreement as a condition of a service provider's facilities occupying the right-of-way.

(8) Nothing in this section creates, modifies, expands, or diminishes a priority of use of the right-of-way by a service provider or other utility, either in relation to other service providers or in relation to other users of the right-of-way for other purposes. [2000 c 83 § 3.]

35.99.040 Local regulations, ordinances—Limitations. (1) A city or town shall not adopt or enforce regulations or ordinances specifically relating to use of the right-of-way by a service provider that:

(a) Impose requirements that regulate the services or business operations of the service provider, except where otherwise authorized in state or federal law;

(b) Conflict with federal or state laws, rules, or regulations that specifically apply to the design, construction, and

(2010 Ed.)
operation of facilities or with federal or state worker safety or public safety laws, rules, or regulations;

(c) Regulate the services provided based upon the content or kind of signals that are carried or are capable of being carried over the facilities, except where otherwise authorized in state or federal law; or

(d) Unreasonably deny the use of the right-of-way by a service provider for installing, maintaining, repairing, or removing facilities for telecommunications services or cable television services.

(2) Nothing in this chapter, including but not limited to the provisions of subsection (1)(d) of this section, limits the authority of a city or town to regulate the placement of facilities through its local zoning or police power, if the regulations do not otherwise:

(a) Prohibit the placement of all wireless or of all wireline facilities within the city or town;

(b) Prohibit the placement of all wireless or of all wireline facilities within city or town rights-of-way, unless the city or town is less than five square miles in size and has no commercial areas, in which case the city or town may make available land other than city or town rights-of-way for the placement of wireless facilities;

(3) This section does not amend, limit, repeal, or otherwise modify the authority of cities or towns to regulate cable television services pursuant to federal law. [2000 c 83 § 4.]

35.99.050 Personal wireless services—Limitations on moratoria—Dispute resolution. A city or town shall not place or extend a moratorium on the acceptance and processing of applications, permitting, construction, maintenance, repair, replacement, extension, operation, or use of any facilities for personal wireless services, except as consistent with the guidelines for facilities siting implementation, as agreed to on August 5, 1998, by the federal communications commission’s local and state government advisory committee, the cellular telecommunications industry association, the personal communications industry association, and the American mobile telecommunications association. Any city or town implementing such a moratorium shall, at the request of a service provider impacted by the moratorium, participate with the service provider in the informal dispute resolution process included with the guidelines for facilities siting implementation. [2000 c 83 § 5.]

35.99.060 Relocation of facilities—Notice—Reimbursement. (1) Cities and towns may require service providers to relocate authorized facilities within the right-of-way when reasonably necessary for construction, alteration, repair, or improvement of the right-of-way for purposes of public welfare, health, or safety.

(2) Cities shall notify service providers as soon as practicable of the need for relocation and shall specify the date by which relocation shall be completed. In calculating the date that relocation must be completed, cities shall consult with affected service providers and consider the extent of facilities to be relocated, the services requirements, and the construction sequence for the relocation, within the city’s overall project construction sequence and constraints, to safely complete the relocation. Service providers shall complete the relocation by the date specified, unless the city, or a reviewing court, establishes a later date for completion, after a showing by the service provider that the relocation cannot be completed by the date specified using best efforts and meeting safety and service requirements.

(3) Service providers may not seek reimbursement for their relocation expenses from the city or town requesting relocation under subsection (1) of this section except:

(a) Where the service provider had paid for the relocation cost of the same facilities at the request of the city or town within the past five years, the service provider’s share of the cost of relocation will be paid by the city or town;

(b) Where aerial to underground relocation of authorized facilities is required by the city or town under subsection (1) of this section, for service providers with an ownership share of the aerial supporting structures, the additional incremental cost of underground compared to aerial relocation, or as provided for in the approved tariff if less, will be paid by the city or town requiring relocation; and

(c) Where the city or town requests relocation under subsection (1) of this section solely for aesthetic purposes, unless otherwise agreed to by the parties.

(4) Where a project in subsection (1) of this section is primarily for private benefit, the private party or parties shall reimburse the cost of relocation in the same proportion to their contribution to the costs of the project. Service providers will not be precluded from recovering their costs associated with relocation required under subsection (1) of this section, provided that the recovery is consistent with subsection (3) of this section and other applicable laws.

(5) A city or town may require the relocation of facilities at the service provider’s expense in the event of an unforeseen emergency that creates an immediate threat to the public safety, health, or welfare. [2000 c 83 § 6.]

35.99.070 Additional ducts or conduits—City or town may require. A city or town may require that a service provider that is constructing, relocating, or placing ducts or conduits in public rights-of-way provide the city or town with additional duct or conduit and related structures necessary to access the conduit, provided that:

(1) The city or town enters into a contract with the service provider consistent with RCW 80.36.150. The contract rates to be charged should recover the incremental costs of the service provider. If the city or town makes the additional duct or conduit and related access structures available to any other entity for the purposes of providing telecommunications or cable television service for hire, sale, or resale to the general public, the rates to be charged, as set forth in the contract with the entity that constructed the conduit or duct, shall recover at least the fully allocated costs of the service provider. The service provider shall state both contract rates in the contract. The city or town shall inform the service provider of the use, and any change in use, of the requested duct or conduit and related access structures to determine the applicable rate to be paid by the city or town.

(2) Except as otherwise agreed by the service provider and the city or town, the city or town shall agree that the

35.102.010 Findings—Intent. The legislature finds that businesses in Washington are concerned about the potential for multiple taxation that arises due to the various city business and occupation taxes and are concerned about the lack of uniformity among city jurisdictions. The current system has a negative impact on Washington’s business climate. The legislature further finds that local business and occupation tax revenue provides a sizable portion of city revenue that is used for essential services. The legislature recognizes that local government services contribute to a healthy business climate.

The legislature intends to provide for a more uniform system of city business and occupation taxes that eliminates multiple taxation, while allowing for some continued local control and flexibility to cities. [2003 c 79 § 1.]

35.102.020 Limited scope—Utility businesses. Chapter 79, Laws of 2003 does not apply to taxes on any service that historically or traditionally has been taxed as a utility business for municipal tax purposes, such as:

(1) A light and power business or a natural gas distribution business, as defined in RCW 82.16.010;
(2) A telephone business, as defined in RCW 82.16.010;
(3) Cable television services;
(4) Sewer or water services;
(5) Drainage services;
(6) Solid waste services; or
(7) Steam services. [2007 c 6 § 1021; 2003 c 79 § 2.]

35.102.030 Definitions. The definitions in this section apply throughout chapter 79, Laws of 2003, unless the context clearly requires otherwise.

(1) "Business" has the same meaning as given in chapter 82.04 RCW.
(2) "City" means a city, town, or code city.
(3) "Business and occupation tax" or "gross receipts tax" means a tax imposed on or measured by the value of products, the gross income of the business, or the gross proceeds of sales, as the case may be, and that is the legal liability of the business.
(4) "Value of products" has the same meaning as given in chapter 82.04 RCW.
(5) "Gross income of the business" has the same meaning as given in chapter 82.04 RCW.
(6) "Gross proceeds of sales" has the same meaning as given in chapter 82.04 RCW. [2003 c 79 § 3.]

35.102.040 Model ordinance—Mandatory provisions. (1)(a) The cities, working through the association of Washington cities, shall form a model ordinance development committee made up of a representative sampling of cities that as of July 27, 2003, impose a business and occupation tax. This committee shall work through the association of Washington cities to adopt a model ordinance on municipal gross receipts business and occupation tax. The model ordi-
nance and subsequent amendments shall be adopted using a
process that includes opportunity for substantial input from
business stakeholders and other members of the public. Input
shall be solicited from statewide business associations and
from local chambers of commerce and downtown business
associations in cities that levy a business and occupation tax.
(b) The department of commerce shall contract to post
the model ordinance on an internet web site and to make
paper copies available for inspection upon request. The
department of revenue and the department of licensing shall
post copies of or links to the model ordinance on their internet
web sites. Additionally, a city that imposes a business
and occupation tax must make copies of its ordinance avail-
able for inspection and copying as provided in chapter 42.56
RCW.
(c) The definitions and tax classifications in the model
ordinance may not be amended more frequently than once
every four years, however the model ordinance may be
amended at any time to comply with changes in state law.
Any amendment to a mandatory provision of the model ordi-
nance must be adopted with the same effective date by all citi-
ies.
(2) A city that imposes a business and occupation tax
must adopt the mandatory provisions of the model ordinance.
The following provisions are mandatory:
(a) A system of credits that meets the requirements of
RCW 35.102.060 and a form for such use;
(b) A uniform, minimum small business tax threshold of
at least the equivalent of twenty thousand dollars in gross
income annually. A city may elect to deviate from this
requirement by creating a higher threshold or exemption but
it shall not deviate lower than the level required in this sub-
section. If a city has a small business threshold or exemption
in excess of that provided in this subsection as of January 1,
2003, and chooses to deviate below the threshold or exemp-
tion level that was in place as of January 1, 2003, the city
must notify all businesses licensed to do business within the
city at least one hundred twenty days prior to the potential
implementation of a lower threshold or exemption amount;
(c) Tax reporting frequencies that meet the requirements
of RCW 35.102.070;
(d) Penalty and interest provisions that meet the require-
ments of RCW 35.102.080 and 35.102.090;
(e) Claim periods that meet the requirements of RCW
35.102.100;
(f) Refund provisions that meet the requirements of
RCW 35.102.110; and
(g) Definitions, which at a minimum, must include the
definitions enumerated in RCW 35.102.030 and 35.102.120.
The definitions in chapter 82.04 RCW shall be used as the
baseline for all definitions in the model ordinance, and any
deviation in the model ordinance from these definitions must
be described by a comment in the model ordinance.
(3) Except for the deduction required by RCW
35.102.160 and the system of credits developed to address
multiple taxation under subsection (2)(a) of this section, a
city may adopt its own provisions for tax exemptions, tax
credits, and tax deductions.
(4) Any city that adopts an ordinance that deviates from
the nonmandatory provisions of the model ordinance shall
make a description of such differences available to the public,
be to eliminate multiple taxation of the same income by two or more cities. [2003 c 79 § 6.]

35.102.070 Reporting frequency. A city that imposes a business and occupation tax shall allow reporting and payment of tax on a monthly, quarterly, or annual basis. The frequency for any particular person may be assigned at the discretion of the city, except that monthly reporting may be assigned only if it can be demonstrated that the taxpayer is remitting excise tax to the state on a monthly basis. For persons assigned a monthly frequency, payment is due within the same time period provided for monthly taxpayers under RCW 82.32.045. For persons assigned a quarterly or annual frequency, payment is due within the same time period as provided for quarterly or annual frequency under RCW 82.32.045. [2003 c 79 § 7.]

35.102.080 Computation of interest. (1) A city that imposes a business and occupation tax shall compute interest charged a taxpayer on an underpaid tax or penalty in accordance with RCW 82.32.050.

35.102.100 Claim period. The provisions relating to the time period allowed for an assessment or correction of an assessment for additional taxes, penalties, or interest shall be in accordance with chapter 82.32 RCW. [2003 c 79 § 10.]

35.102.110 Refund period. The provisions relating to the time period allowed for a refund of taxes paid shall be in accordance with chapter 82.32 RCW. [2003 c 79 § 11.]

35.102.120 Definitions—Tax classifications. (1) In addition to the definitions in RCW 35.102.030, the following terms and phrases must be defined in the model ordinance under RCW 35.102.040, and such definitions shall include any specific requirements as noted in this subsection:

(a) Eligible gross receipts tax.

(b) Extracting.

(c) Manufacturing. Software development may not be defined as a manufacturing activity.

(d) Retailing.

(e) Retail sale.

(f) Services. The term "services" excludes retail or wholesale services.

(g) Wholesale sale.

(h) Wholesaling.

(i) To manufacture.

(j) Commercial and industrial use.

(k) Engaging in business.

(l) Person.

(2) Any tax classifications in addition to those enumerated in subsection (1) of this section that are included in the model ordinance must be uniform among all cities. [2003 c 79 § 12.]

35.102.130 Allocation and apportionment of income. A city that imposes a business and occupation tax must provide for the allocation and apportionment of a person’s gross income, other than persons subject to the provisions of chapter 82.14A RCW, as follows:

(1) Gross income derived from all activities other than those taxed as service or royalties must be allocated to the location where the activity takes place.

(a) In the case of sales of tangible personal property, the activity takes place where delivery to the buyer occurs.

(b)(i) In the case of sales of digital products, the activity takes place where delivery to the buyer occurs. The delivery of digital products will be deemed to occur at:

(A) The seller’s place of business if the purchaser receives the digital product at the seller’s place of business;

(B) If not received at the seller’s place of business, the location where the purchaser or the purchaser’s donee, designated as such by the purchaser, receives the digital product, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller;

(C) If the location where the purchaser or the purchaser’s donee receives the digital product is not known, the purchaser’s address maintained in the ordinary course of the seller’s business when use of this address does not constitute bad faith;

(D) If no address for the purchaser is maintained in the ordinary course of the seller’s business, the purchaser’s address obtained during the consumption of the sale, including the address of a purchaser’s payment instrument, if no other address is available, when use of this address does not constitute bad faith; and

(E) If no address for the purchaser is obtained during the consumption of the sale, the address where the digital good or digital code is first made available for transmission by the seller or the address from which the digital automated service or service described in RCW 82.04.050 (2)(g) or (6)(b) was provided, disregarding for these purposes any location that merely provided the digital transfer of the product sold.

(ii) If none of the methods in (b)(i) of this subsection (1) for determining where the delivery of digital products occurs are available after a good faith effort by the taxpayer to apply the methods provided in (b)(ii)(A) through (E) of this subsection (1), then the city and the taxpayer may mutually agree to employ any other method to effectuate an equitable allocation of income from the sale of digital products. The taxpayer will be responsible for petitioning the city to use an alternative method under this subsection (1)(b)(ii). The city may employ an alternative method for allocating the income from the sale of digital products if the methods provided in (b)(ii)(A) through (E) of this subsection (1) are not available and the taxpayer and the city are unable to mutually agree on an alternative method to effectuate an equitable allocation of income from the sale of digital products.

(iii) For purposes of this subsection (1)(b), the following definitions apply:

(A) "Digital automated services," "digital codes," and "digital goods" have the same meaning as in RCW 82.04.192;
subsection do not fairly represent the extent of the taxpayer's business, within the city, and the taxpayer is not taxable in the customer location; or

(2) Gross income derived as royalties from the granting of intangible rights must be allocated to the commercial domicile of the taxpayer.

(3) Gross income derived from activities taxed as services shall be apportioned to a city by multiplying apportionable income by a fraction, the numerator of which is the payroll factor plus the service-income factor and the denominator of which is two.

(a) The payroll factor is a fraction, the numerator of which is the total amount paid in the city during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period. Compensation is paid in the city if:

(i) The individual is primarily assigned within the city;
(ii) The individual is not primarily assigned to any place of business for the tax period and the employee performs fifty percent or more of his or her service for the tax period in the city; or
(iii) The individual is not primarily assigned to any place of business for the tax period, the individual does not perform fifty percent or more of his or her service in any city, and the employee resides in the city.

(b) The service income factor is a fraction, the numerator of which is the total service income of the taxpayer in the city during the tax period, and the denominator of which is the total service income of the taxpayer everywhere during the tax period. Service income is in the city if:

(i) The customer location is in the city; or
(ii) The income-producing activity is performed in more than one location and a greater proportion of the service-income-producing activity is performed in the city than in any other location, based on costs of performance, and the taxpayer is not taxable at the customer location; or
(iii) The service-income-producing activity is performed within the city, and the taxpayer is not taxable in the customer location.

(c) If the allocation and apportionment provisions of this subsection do not fairly represent the extent of the taxpayer’s business activity in the city or cities in which the taxpayer does business, the taxpayer may petition for, or the tax administrator may jointly require, in respect to all or any part of the taxpayer’s business activity, that one of the following methods be used jointly by the cities to allocate or apportion gross income, if reasonable:

(i) Separate accounting;
(ii) The use of a single factor;
(iii) The inclusion of one or more additional factors that will fairly represent the taxpayer’s business activity in the city; or
(iv) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer’s income.

(4) The definitions in this subsection apply throughout this section.

(a) "Apportionable income" means the gross income of the business taxable under the service classifications of a city’s gross receipts tax, including income received from activities outside the city if the income would be taxable under the service classification if received from activities within the city, less any exemptions or deductions available.

(b) "Compensation" means wages, salaries, commissions, and any other form of remuneration paid to individuals for personal services that are or would be included in the individual’s gross income under the federal internal revenue code.

(c) "Individual" means any individual who, under the usual common law rules applicable in determining the employer-employee relationship, has the status of an employee of that taxpayer.

(d) "Customer location" means the city or unincorporated area of a county where the majority of the contacts between the taxpayer and the customer take place.

(e) "Primarily assigned" means the business location of the taxpayer where the individual performs his or her duties.

(f) "Service-taxable income" or "service income" means gross income of the business subject to tax under either the service or royalty classification.

(g) "Tax period" means the calendar year during which tax liability is accrued. If taxes are reported by a taxpayer on a basis more frequent than once per year, taxpayers shall calculate the factors for the previous calendar year for reporting in the current calendar year and correct the reporting for the previous year when the factors are calculated for that year, but not later than the end of the first quarter of the following year.

(h) "Taxable in the customer location" means either that a taxpayer is subject to a gross receipts tax in the customer location for the privilege of doing business, or that the government where the customer is located has the authority to subject the taxpayer to gross receipts tax regardless of whether, in fact, the government does so. [2010 c 111 § 305; 2003 c 79 § 13.]

Purpose—Retroactive application—Effective date—2010 c 111: See notes following RCW 82.04.050.

35.102.1301 Municipal business and occupation tax—Study of potential net fiscal impacts. (1) The department of revenue shall conduct a study of the net fiscal impacts of chapter 79, Laws of 2003, with particular emphasis on the revenue impacts of the apportionment and allocation method contained in RCW 35.102.130 and any revenue impact resulting from the increased uniformity and consistency provided through the model ordinance. In conducting the study, the department shall use, and regularly consult with, a committee composed of an equal representation from interested business representatives and from a representative sampling of cities imposing business and occupation taxes. The department shall report the final results of the study to

Cities imposing business and occupation taxes must comply with all requirements of RCW 35.102.020 through 35.102.130 by December 31, 2004. A city that has not complied with the requirements of RCW 35.102.020 through 35.102.130 by December 31, 2004, may not impose a tax that is imposed by a city on the privilege of engaging in business activities. Effective date—2010 c 106: "Except as otherwise provided in sections 401, 409, and 412 of this act, this act takes effect July 1, 2010." [2010 c 106 § 407.]

35.102.150 Allocation of income—Printing and publishing activities. Notwithstanding RCW 35.102.130, a city that imposes a business and occupation tax must allocate a person's gross income from the activities of printing, and of publishing newspapers, periodicals, or magazines, to the principal place in this state from which the taxpayor's business is directed or managed. As used in this section, the activities of printing, and of publishing newspapers, periodicals, or magazines are those activities to which the tax rates in RCW 82.04.260(13) and *82.04.280(1) apply. FIRE DEPARTMENTS—PERFORMANCE MEASURES

35.103.010 Intent. The legislature intends for city fire departments to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. For these reasons, this chapter contains performance measures, comparable to that research, relating to the organization and deployment of fire suppression operations, emergency medical operations, and special operations by substantially career fire departments. This chapter does not, and is not intended to, in any way modify or limit the authority of cities and towns to set levels of service. [2005 c 376 § 101.]

35.103.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advanced life support" means functional provision of advanced airway management, including intubation, advanced cardiac monitoring, manual defibrillation, establishment and maintenance of intravenous access, and drug therapy.

(2) "Aircraft rescue and firefighting" means the firefighting actions taken to rescue persons and to control or extinguish fire involving or adjacent to aircraft on the ground.
"Brain death" as defined by the American heart association means the irreversible death of brain cells that begins four to six minutes after cardiac arrest.

"City" means a first-class city or a second-class city that provides fire protection services in a specified geographic area.

"Fire department" means a city or town fire department responsible for firefighting actions, emergency medical services, and other special operations in a specified geographic area. The department must be a substantially career fire department, and not a substantially volunteer fire department.

"Flash-over" as defined by national institute of standards and technology means when all combustibles in a room burst into flame and the fire spreads rapidly.

"Marine rescue and firefighting" means the firefighting actions taken to prevent, control, or extinguish fire involved in or adjacent to a marine vessel and the rescue actions for occupants using normal and emergency routes for egress.

"Response time" means the time immediately following the turnout time that begins when units are en route to the emergency incident and ends when units arrive at the scene.

"Special operations" means those emergency incidents to which the fire department responds that require specific and advanced training and specialized tools and equipment.

"Town" means a town that provides fire protection services, which may include firefighting actions, emergency medical services, and other special operations, in a specified geographic area.

"Turnout time" means the time beginning when units receive notification of the emergency to the beginning of the geographic area.

"Emergency medical services, and other special operations, in a specified geographic area. The department must be a substantially career fire department, and not a substantially volunteer fire department.

"Turnout time" means the time beginning when units receive notification of the emergency to the beginning point of response time. [2005 c 376 § 102.]

35.103.030 Policy statement—Service delivery objectives. (1) Every city and town shall maintain a written statement or policy that establishes the following:

(a) The existence of a fire department;

(b) Services that the fire department is required to provide;

(c) The basic organizational structure of the fire department;

(d) The expected number of fire department employees; and

(e) Functions that fire department employees are expected to perform.

(2) Every city and town shall include service delivery objectives in the written statement or policy required under subsection (1) of this section. These objectives shall include specific response time objectives for the following major service components, if appropriate:

(a) Fire suppression;

(b) Emergency medical services;

(c) Special operations;

(d) Aircraft rescue and firefighting;

(e) Marine rescue and firefighting; and

(f) Wild land firefighting.

(3) Every city and town, in order to measure the ability to arrive and begin mitigation operations before the critical events of brain death or flash-over, shall establish time objectives for the following measurements:

(a) Turnout time;

(b) Response time for the arrival of the first arriving engine company at a fire suppression incident and response time for the deployment of a full first alarm assignment at a fire suppression incident;

(c) Response time for the arrival of a unit with first responder or higher level capability at an emergency medical incident; and

(d) Response time for the arrival of an advanced life support unit at an emergency medical incident, where this service is provided by the fire department.

(4) Every city and town shall also establish a performance objective of not less than ninety percent for the achievement of each response time objective established under subsection (3) of this section. [2005 c 376 § 103.]

35.103.040 Annual evaluations—Annual report. (1) Every city and town shall evaluate its level of service and deployment delivery and response time objectives on an annual basis. The evaluations shall be based on data relating to level of service, deployment, and the achievement of each response time objective in each geographic area within the jurisdiction of the city or town.

(2) Beginning in 2007, every city and town shall issue an annual written report which shall be based on the annual evaluations required by subsection (1) of this section.

(a) The annual report shall define the geographic areas and circumstances in which the requirements of this standard are not being met.

(b) The annual report shall explain the predictable consequences of any deficiencies and address the steps that are necessary to achieve compliance. [2005 c 376 § 104.]

35.103.050 Maintenance of response times in newly annexed areas—Firefighter transfers. Cities and towns conducting annexations of all or part of fire protection districts shall, at least through the budget cycle, or the following budget cycle if the annexation occurs in the last half of the current budget cycle, in which the annexation occurs, maintain existing fire protection and emergency services response times in the newly annexed areas consistent with response times recorded prior to the annexation as defined in the previous annual report for the fire protection district and as reported in RCW 52.33.040. If the city or town is unable to maintain these service levels in the newly annexed area, the transfer of firefighters from the annexed fire protection district as a direct result of the annexation must occur pursuant to RCW 35.13.238 (4) through (8). [2009 c 60 § 8.]

Chapter 35.106 RCW
CRIME-FREE RENTAL HOUSING

35.106.005 Finding—Intent. The legislature finds that local governments, landlords, and tenants working together to provide crime-free rental housing is beneficial to the public health, safety, and welfare. The legislature is also concerned about activities and provisions that serve to bar a person with a criminal history from obtaining viable housing regardless of other factors that may indicate rental stability, such as employment, rental references, or time in the community with no further criminal activity. It is therefore the intent of chapter 332, Laws of 2010 to provide certain requirements that a local government must follow in adopting a crime-free rental housing program. [2010 c 132 § 1.]
except in regard to a crime-free rental housing program.  [2010 c 132 § 3.]

35.106.030  Program—No prohibition against hiring or renting to person based on criminal history. A crime-free rental housing program may not prohibit a landlord from hiring or renting to a person solely because of the person’s criminal history.  [2010 c 132 § 4.]

35.106.100  Chapter supersedes and preempts local laws—Application of RCW 35.106.020 to local laws.  (1) Except as provided in subsection (2) of this section, this chapter supersedes and preempts all rules, regulations, codes, statutes, or ordinances of all local governments regarding the same subject matter. The state preemption created in this section applies to all rules, regulations, codes, statutes, and ordinances pertaining to crime-free rental housing programs at any time.

(2) RCW 35.106.020 does not apply to rules, regulations, codes, statutes, or ordinances adopted by local governments prior to July 1, 2010, except as required by an order issued by a court of competent jurisdiction pursuant to litigation regarding the rules, regulations, codes, statutes, or ordinances.  [2010 c 132 § 5.]
