43.03.305 Washington citizens’ commission on salaries for elected officials—Generally (as amended by 2011 c 60). (Effective January 1, 2012.) There is created a commission to be known as the Washington citizens’ commission on salaries for elected officials, to consist of sixteen members appointed by the governor as provided in this section.

(1) Nine of the sixteen commission members shall be selected by lot by the secretary of state from among those registered voters eligible to vote at the time persons are selected for appointment to full terms on the commission under subsection (3) of this section. One member shall be selected from each congressional district. The secretary shall establish policies and procedures for conducting the selection by lot. The policies and procedures shall include, but not be limited to, those for notifying persons selected and for providing a new selection from a congressional district if a person selected from the district declines appointment to the commission or if, following the person’s appointment, the person’s position on the commission becomes vacant before the end of the person’s term of office.

(2) The remaining seven of the sixteen commission members, all residents of this state, shall be selected jointly by the speaker of the house of representatives and the president of the senate. The persons selected under this subsection shall have had experience in the field of personnel management. Of these seven members, one shall be selected from each of the following five sectors in this state: Private institutions of higher education; business; professional personnel management; legal profession; and organized labor. Of the two remaining members, one shall be a person recommended to the speaker and the president by the chair of the Washington personnel resources board and one shall be a person recommended by majority vote of the presidents of the state’s four-year institutions of higher education.

(3) The secretary of state shall forward the names of persons selected under subsection (1) of this section and the speaker of the house of representatives and the president of the senate shall forward the names of persons selected under subsection (2) of this section to the governor who shall appoint these persons to the commission. Except as provided in subsection (6) of this section, the names of persons selected for appointment to the com-
commission shall be forwarded to the governor not later than July 1, 2002. Of the six names forwarded to the governor in 2002, the governor shall by lot select four of the persons selected under subsection (1) of this section and four of the persons selected under subsection (2) of this section to serve two-year terms, with the rest of the members serving four-year terms. Thereafter, except as provided in subsection (6) of this section, all members shall serve four-year terms and the names of eight persons selected for appointment to the commission shall be forwarded to the governor not later than the first day of July every two years.

(4) No person may be appointed to more than two terms. No member of the commission may be removed by the governor during his or her term of office unless for cause of incapacity, incompetence, neglect of duty, or malfeasance in office or for a disqualifying change of residence. The unexcused absence of any person who is a member of the commission from two consecutive meetings of the commission shall constitute the relinquishment of that person’s membership on the commission. Such a relinquishment creates a vacancy in that person’s position on the commission. A member’s absence may be excused by the chair of the commission upon the member’s written request if the chair believes there is just cause for the absence. Such a request must be received by the chair at least 24 hours before the meeting for which the absence is to be excused. A member’s absence from a meeting of the commission may also be excused during the meeting for which the member is absent by the affirmative vote of a majority of the members of the commission present at the meeting.

(5) No state official, public employee, or lobbyist, or immediate family member of the official, employee, or lobbyist, subject to the registration requirements of chapter 42.17A RCW is eligible for membership on the commission.

As used in this subsection the phrase "immediate family" means the parents, spouse or domestic partner, siblings, children, or dependent relative of the official, employee, or lobbyist whether or not living in the household of the official, employee, or lobbyist.

(6) Upon a vacancy in any position on the commission, a successor shall be selected and appointed to fill the unexpired term. The selection and appointment shall be concluded within thirty days of the date the position becomes vacant and shall be conducted in the same manner as originally provided. 

Effective date—2011 c 60: See RCW 42.17A.919.

Findings—Intent—2005 c 319: "The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state’s transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of the state’s transportation system remains an important priority. To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state’s transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight." Department of Enterprise Services

43.19.005 Department created—Powers and duties—Public benefit nonprofit corporation defined. (1) The department of enterprise services is created as an executive branch agency. The department is vested with all powers and duties transferred to it under chapter 43, Laws of 2011 1st sp. sess., and such other powers and duties as may be authorized by law.

(2) In addition to the powers and duties as provided in chapter 43, Laws of 2011 1st sp. sess., the department shall:

(a) Provide products and services to support state agencies, and may enter into agreements with any other governmental entity or a public benefit nonprofit organization, in compliance with RCW 39.34.055, to furnish such products and services as deemed appropriate by both parties. The agreement shall provide for the reimbursement to the department of the reasonable cost of the products and services furnished. All governmental entities of this state may enter into such agreements, unless otherwise prohibited; and

(b) Make available to state, local, and federal agencies, local governments, and public benefit nonprofit corporations on a full cost-recovery basis information and printing services to include equipment acquisition assistance, including leasing, brokering, and establishing master contracts. For the purposes of this section "public benefit nonprofit corporation" means a public benefit nonprofit corporation as defined in RCW 24.03.005 that is receiving local, state, or federal funds either directly or through a public agency other than an Indian tribe or political subdivision of another state.

Effective date—Purpose—2011 1st sp.s.c 43: See notes following RCW 43.19.003.

43.19.008 Director—Executive powers and management—Review of programs and services—Audit. (1) The executive powers and management of the department shall be administered as described in this section.

(2) The executive head and appointing authority of the department is the director. The director is appointed by the governor, subject to confirmation by the senate. The director serves at the pleasure of the governor. The director is paid a salary fixed by the governor in accordance with RCW 43.03.040. If a vacancy occurs in the position of director while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate at which time he or she shall present to that body his or her nomination for the position.

(3) The director may employ staff members, who are exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter, and such other duties as may be authorized by law. The director may delegate any power or duty vested in him or her by chapter 43, Laws of 2011 1st sp. sess. or other law, including authority to make final decisions and enter final orders in hearings conducted under chapter 34.05 RCW.

(4) The internal affairs of the department are under the control of the director in order that the director may manage...
the department in a flexible and intelligent manner as dictated by changing contemporary circumstances. Unless specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create the administrative structures as the director deems appropriate, except as otherwise specified by law, and the director may employ personnel as may be necessary in accordance with chapter 41.06 RCW, except as otherwise provided by law.

(5) Until June 30, 2018, at the beginning of each fiscal biennium, the office of financial management shall conduct a review of the programs and services that are performed by the department to determine whether the program or service may be performed by the private sector in a more cost-efficient and effective manner than being performed by the department. In conducting this review, the office of financial management shall:

(a) Examine the existing activities currently being performed by the department, including but not limited to an examination of services for their performance, staffing, capital requirements, and mission. Programs may be broken down into discrete services or activities or reviewed as a whole; and

(b) Examine the activities to determine which specific services are available in the marketplace and what potential for efficiency gains or savings exist.

(i) As part of the review in this subsection (5), the office of financial management shall select up to six activities or services that have been determined as an activity that may be provided by the private sector in a cost-effective and efficient manner, including for the 2011-2013 fiscal biennium the bulk printing services. The office of financial management may consult with affected industry stakeholders in making its decision on which activities to contract for services. Priority for selection shall be given to agency activities or services that are significant, ongoing functions.

(ii) The office of financial management must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(iii) For each of the selected activities, the department shall use a request for information, request for proposal, or other procurement process to determine if a contract for the activity would result in the activity being provided at a reduced cost and with greater efficiency.

(iv) The request for information, request for proposal, or other procurement process must contain measurable standards for the performance of the contract.

(v) The department may contract with one or more vendors to provide the service as a result of the procurement process.

(vi) If the office of financial management determines via the procurement process that the activity cannot be provided by the private sector at a reduced cost and greater efficiency, the department of enterprise services may cancel the procurement without entering into a contract and shall promptly notify the legislative fiscal committees of such a decision.

(vii) The department of enterprise services, in consultation with the office of financial management, must establish a contract monitoring process to measure contract performance, costs, service delivery quality, and other contract standards, and to cancel contracts that do not meet those standards. No contracts may be renewed without a review of these measures.

(viii) The office of financial management shall prepare a biennial report summarizing the results of the examination of the agency’s programs and services. In addition to the programs and services examined and the result of the examination, the report shall provide information on any procurement process that does not result in a contract for the services. During each regular legislative session held in odd-numbered years, the legislative fiscal committees shall hold a public hearing on the report and the department’s activities under this section.

(ix) The joint legislative audit and review committee shall conduct an audit of the implementation of this subsection (5), and report to the legislature by January 1, 2018, on the results of the audit. The rules, in addition to other matters, shall provide authority for any agency director or his or her delegate to approve the use on official state business of personally owned or commercially owned rental passenger motor vehicles. (1) The governor, acting through the department and any other appropriate agency or agencies as he or she may direct, is empowered to utilize all reasonable means for detecting the unauthorized use of state owned motor vehicles, including the execution of agreements with the state patrol for compliance enforcement. Whenever such illegal use is discovered which involves a state employee, the employing agency shall proceed as provided by law to establish the amount, extent, and dollar value of any such use, including an opportunity for notice and hearing for the employee involved. When such illegal use is so established, the agency shall assess its full cost of any mileage illegally used and shall recover such amounts by deductions from salary or allowances due to be paid to the offending official or employee by other means. Reviser’s note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).
43.19.727 Small businesses—Reports—Web-based information system. (1) By November 15, 2013, and November 15th every two years thereafter, all state purchasing agencies shall submit a report to the appropriate committees of the legislature providing verifiable information regarding the effects the technical assistance under RCW 43.19.725(3) is having on the number of small businesses annually receiving state contracts for goods and services purchased by the state.

(2) By December 31, 2013, all state purchasing agencies must use the web-based information system created under subsection (3)(a) of this section to capture the data required under subsection (3)(a) of this section.

(3)(a) The *department of general administration, in consultation with the department of information services, the department of transportation, and the department of commerce, must develop and implement a web-based information system. The web-based information system must be used to capture data, track outcomes, and provide accurate and verifiable information regarding the effects the technical assistance under RCW 43.19.725(3) is having on the number of small businesses annually receiving state contracts for goods and services purchased by the state. Such measurable data shall include, but not be limited to: (i) The number of registered small businesses that have been awarded state procurement contracts, (ii) the percentage of total state dollars spent for goods and services purchased from registered small businesses, and (iii) the number of registered small businesses that have bid on but were not awarded state purchasing contracts.

(b) By October 1, 2011, the *department of general administration, in collaboration with the department of information services and the department of transportation, shall submit a report to the appropriate committees of the legislature detailing the projected cost associated with the implementation and maintenance of the web-based information system.

(e) The *department of general administration may also make the web-based information system available to other agencies that would like to use the system for the purposes of chapter 358, Laws of 2011. [2011 c 358 § 3.]

Reviser’s note: *(1) The "department of general administration" was renamed the "department of enterprise services" by 2011 1st sp.s. c 43 § 107.

**(2) The position of the state purchasing and material control director was eliminated by 2011 1st sp.s. c 43 § 205 and the responsibility given to the director of enterprise services.

Findings—Intent—2011 c 358: "The legislature finds that it is in the state’s economic interest and serves a public purpose to promote and facilitate the fullest possible participation by Washington businesses of all sizes in the process by which goods and services are purchased by the state. The legislature further finds that large businesses have the resources to participate fully and effectively in the state’s purchasing system, and because of many factors, including economies of scale, the purchasing system tends to create a preference in favor of large businesses and to disadvantage small businesses. The legislature intends, therefore, to assist, to the maximum extent possible, small businesses to participate in order to enhance and preserve competitive enterprise and to ensure that small businesses have a fair opportunity to be awarded contracts or subcontracts for goods and services purchased by the state. The legislature recognizes the need to increase accountability for the state’s procurement and contracting practices. The legislature, therefore, intends to encourage all state agencies to maintain records of state purchasing contracts awarded to registered small businesses. The legislature further recognizes that access to a modernized system that categorizes a state business by such factors as its type and size, is an essential tool for receiving accurate and verifiable information regarding the effects any technical assistance is having on the number of small businesses annually receiving state contracts for goods and services purchased by the state." 43.19.760 Risk management—Principles. It is the policy of the state for the management of risks to which it is exposed to apply the following principles consistently in a state program of risk management:

1. To identify those liability and property risks which may have a significant economic impact on the state;
2. To evaluate risk in terms of the state’s ability to fund potential loss rather than the ability of an individual agency to fund potential loss;
3. To eliminate or improve conditions and practices which contribute to loss whenever practical;
4. To assume risks to the maximum extent practical;
5. To provide flexibility within the state program to meet the unique requirements of any state agency for insurance coverage or service;
6. To purchase commercial insurance:
   a. When the size and nature of the potential loss make it in the best interest of the state to purchase commercial insurance; or
   b. When the fiduciary of encumbered property insists on commercial insurance; or
   c. When the interest protected is not a state interest and an insurance company is desirable as an intermediary; or
   d. When services provided by an insurance company are considered necessary; or
   e. When services or coverages provided by an insurance company are cost-effective; or
   f. When otherwise required by statute; and
7. To develop plans for the management and protection of the revenues and assets of the state. [1985 c 188 § 2; 1977 ex.s. c 270 § 1. Formerly RCW 43.41.280, 43.19.19361.]

Intent—2002 c 332: "It is the intent of the legislature that state risk management should have increased visibility at a policy level in state government. This increased visibility can best be accomplished by the transfer of the statewide risk management function from the department of general administration to the office of financial management. The legislature intends that this transfer will result in increasing visibility for the management and funding of statewide risk, increasing executive involvement in risk management issues, and improving statewide risk management accountability." Captions and part headings not law—2007 c 343: See RCW 70.118B.900.

Findings—1993 c 492: "The legislature finds that our health and financial security are jeopardized by our ever increasing demand for health care and by current health insurance and health system practices. Current health system practices encourage public demand for unneeded, ineffective, and sometimes dangerous health treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total health care expenditure rates should be sufficient to provide access to essential health care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without health insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate health insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for health insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable health insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality and poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than the general population. It is intended that chapter 492, Laws of 1993 make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for health care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in health care treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed." [1993 c 492 § 101.]

Intent—1993 c 492: "(1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonhealth care businesses.

(2) The legislature intends that:
   (a) Total health services costs be stabilized and kept within rates of increase similar to the rates of personal income growth within a publicly regulated, private marketplace that preserves personal choice;
   (b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and clinical effectiveness;
   (c) State residents be able to choose health services from the full range of health care providers, as defined in RCW 43.72.010(12), in a manner consistent with good health services management, quality assurance, and cost effectiveness;
   (d) Individuals and businesses have the option to purchase any health

43.20A.710 Investigation of conviction records or pending charges of state employees and individual providers. (1) The secretary shall investigate the conviction records, pending charges and disciplinary board final decisions of:

(a) Any current employee or applicant seeking or being considered for any position with the department who will or may have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities. This includes, but is not limited to, positions conducting comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(b) Individual providers who are paid by the state and providers who are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW; and

(c) Individuals or businesses or organizations for the care, supervision, case management, or treatment of children, persons with developmental disabilities, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW.

(2) The secretary shall require a fingerprint-based background check through both the Washington state patrol and the federal bureau of investigation as provided in RCW 43.43.837. Unless otherwise authorized by law, the secretary shall use the information solely for the purpose of determining the character, suitability, and competence of the applicant.

(3) Except as provided in subsection (4) of this section, an individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. However, this subsection does not supersede *RCW 74.15.030(2)(b).

(4) Long-term care workers, as defined in RCW 74.39A.009, who are hired after January 1, 2014, are subject to background checks under RCW 74.39A.055, except that the department may require a background check at any time under RCW 43.43.837. For the purposes of this subsection, "background check" includes, but is not limited to, a fingerprint check submitted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation.

(5) An individual provider or home care agency provider hired to provide in-home care for and having unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must have no conviction for a disqualifying crime under RCW 43.43.830 and 43.43.842. An individual or home care agency provider must also have no conviction for a crime relating to drugs as defined in RCW 43.43.830. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110.

(6) The secretary shall provide the results of the state background check on long-term care workers, including individual providers, to the persons hiring them or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If the person elects to hire or retain an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

(7) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose. 43.20A.725 Telecommunications devices for the hearing and speech impaired—Program for provision of
services and equipment—Telecommunications relay service excise tax—Rules. (1) The department, through the sole authority of the office or its successor organization, shall maintain a program whereby an individual of school age or older who possesses a hearing or speech impairment is provided with telecommunications equipment, software, and/or peripheral devices, digital or otherwise, that is determined by the office to be necessary for such a person to access and use telecommunications transmission services effectively.

(2) The department, through the sole authority of the office or its successor organization, shall maintain a program where telecommunications relay services of a human or electronic nature will be provided to connect hearing impaired, deaf-blind, or speech impaired persons with persons who do not have a hearing or speech impairment. Such telecommunications relay services shall provide the ability for an individual who has a hearing or speech impairment to engage in voice, tactile, or visual communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech impairment to communicate using voice or visual communication services by wire or radio subject to subsection (4)(b) of this section.

(3) The telecommunications relay service and equipment distribution program may operate in such a manner as to provide communications transmission opportunities that are capable of incorporating new technologies that have demonstrated benefits consistent with the intent of this chapter and are in the best interests of the citizens of this state.

(4) The office shall administer and control the award of money to all parties incurring costs in implementing and maintaining telecommunications services, programs, equipment, and technical support services according to this section. The relay service contract shall be awarded to an individual company registered as a telecommunications company by the office or its successor organization, to a group of registered telecommunications companies, or to any other company or organization determined by the office as qualified to provide relay services, contingent upon that company or organization being approved as a registered telecommunications company prior to final contract approval. The relay system providers and telecommunications equipment vendors shall be selected on the basis of cost-effectiveness and utility to the greatest extent possible under the program and technical specifications established by the office.

(a) To the extent funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter, the office may award contracts for communications and related services and equipment for hearing impaired or speech impaired individuals accessing or receiving services provided by, or contracted for, the department to meet access obligations under Title 2 of the federal Americans with disabilities act or related federal regulations.

(b) The office shall perform its duties under this section with the goal of achieving functional equivalency of access to and use of telecommunications services similar to the enjoyment of access to and use of such services experienced by an individual who does not have a hearing or speech impairment only to the extent that funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter.

(5) The program shall be funded by a telecommunications relay service (TRS) excise tax applied to each switched access line provided by the local exchange companies. The office shall determine, in consultation with the office’s program advisory committee, the budget needed to fund the program on an annual basis, including both operational costs and a reasonable amount for capital improvements such as equipment upgrade and replacement. The budget proposed by the office, together with documentation and supporting materials, shall be submitted to the office of financial management for review and approval. The approved budget shall be given by the department in an annual budget to the department of revenue no later than March 1st prior to the beginning of the fiscal year. The department of revenue shall then determine the amount of telecommunications relay service excise tax to be placed on each switched access line and shall inform local exchange companies and the utilities and transportation commission of this amount no later than May 1st. The department of revenue shall determine the amount of telecommunications relay service excise tax to be collected in the following fiscal year by dividing the total of the program budget, as submitted by the office, by the total number of switched access lines in the prior calendar year, as reported to the department of revenue under chapter 82.14B RCW, and shall not exercise any further oversight of the program under this subsection other than administering the collection of the telecommunications relay service excise tax as provided in RCW 82.72.010 through 82.72.090. The telecommunications relay service excise tax shall not exceed nineteen cents per month per access line. The telecommunications relay service excise tax shall be separately identified on each ratepayer’s bill with the following statement: "Funds federal ADA requirement." All proceeds from the telecommunications relay service excise tax shall be put into a fund to be administered by the office through the department. During the 2009-2011 and 2011-2013 fiscal biennia, the funds may also be used to provide individualized employment services and employment-related counseling to people with disabilities, and technical assistance to employers about the employment of people with disabilities. "Switched access line" has the meaning provided in RCW 82.14B.020.

(6) The telecommunications relay service program and equipment vendors shall provide services and equipment consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the hearing impaired or speech impaired. The department and the utilities and transportation commission shall be responsible for ensuring compliance with federal requirements and shall provide timely notice to the legislature of any legislation that may be required to accomplish compliance.

(7) The department shall adopt rules establishing eligibility criteria, ownership obligations, financial contributions, and a program for distribution to individuals requesting and receiving such telecommunications devices distributed by the office, and other rules necessary to administer programs and services consistent with this chapter. 43.41.370  Loss prevention review team—Appointment—Duties.  (1) The director shall appoint a loss prevention review team when the death of a person, serious injury to a person, or other substantial loss is alleged or suspected to be caused at least in part by the actions of a state agency, unless the director in his or her discretion determines that the incident does not merit review.  A loss prevention review team may also be appointed when any other substantial loss occurs as a result of agency policies, litigation or defense practices, or other management practices.  When the director decides not to appoint a loss prevention review team he or she shall issue a statement of the reasons for the director’s decision.  The statement shall be made available on the department’s web site.  The director’s decision pursuant to this section to appoint or not appoint a loss prevention review team shall not be admitted into evidence in a civil or administrative proceeding.

(2) A loss prevention review team shall consist of at least three but no more than five persons, and may include independent consultants, contractors, or state employees, but it shall not include any person employed by the agency involved in the loss or risk of loss giving rise to the review, nor any person with testimonial knowledge of the incident to be reviewed.  At least one member of the review team shall have expertise relevant to the matter under review.

(3) The loss prevention review team shall review the death, serious injury, or other incident and the circumstances surrounding it, evaluate its causes, and recommend steps to reduce the risk of such incidents occurring in the future.  The loss prevention review team shall accomplish these tasks by reviewing relevant documents, interviewing persons with relevant knowledge, and reporting its recommendations in writing to the director and the director of the agency involved in the loss or risk of loss within the time requested by the director.  The final report shall not disclose the contents of any documents required by law to be kept confidential.

(4) Pursuant to guidelines established by the director, state agencies must notify the department immediately upon becoming aware of a death, serious injury, or other substantial loss that is alleged or suspected to be caused at least in part by the actions of the state agency.  State agencies shall provide the loss prevention review team ready access to relevant documents in their possession and ready access to their employees.  [2011 1st sp.s. c 43 § 508; 2002 c 333 § 2.]

Effective date—Purpose—2011 1st sp.s. c 43:  See notes following RCW 43.19.003.

Intent—2002 c 333:  “The legislature intends that when the death of a person, serious injury to a person, or other substantial loss is alleged or suspected to be caused at least in part by the actions of a state agency, a loss prevention review shall be conducted.  The legislature recognizes the tension inherent in a loss prevention review and the need to balance the prevention of harm to the public with state agencies’ accountability to the public.  The legislature intends to minimize this tension and to foster open and frank discussions by granting members of the loss prevention review teams protection of harm to the public with state agencies’ accountability to the public.  The legislature recognizes the tension inherent in a loss prevention review and the need to balance the prevention of harm to the public with state agencies’ accountability to the public.  The legislature intends to minimize this tension and to foster open and frank discussions by granting members of the loss prevention review teams protection from having to testify, and by declaring a general rule that the work product of these teams is inadmissible in civil actions or administrative proceedings.”  [2002 c 333 § 1.]

43.41.380  Loss prevention review team—Final report—Use of report and testimony limited—Response report.  (1) The final report from a loss prevention review team to the director shall be made public by the director promptly upon receipt, and shall be subject to public disclosure.  The final report shall be subject to discovery in a civil or administrative proceeding.  However, the final report shall not be admitted into evidence or otherwise used in a civil or administrative proceeding except pursuant to subsection (2) of this section.

(2) The relevant excerpt or excerpts from the final report of a loss prevention review team may be used to impeach a fact witness in a civil or administrative proceeding only if the party wishing to use the excerpt or excerpts from the report first shows the court by clear and convincing evidence that the witness, in testimony provided in deposition or at trial in the present proceeding, has contradicted his or her previous statements to the loss prevention review team on an issue of fact material to the present proceeding.  In that case, the party may use only the excerpt or excerpts necessary to demonstrate the contradiction.  This section shall not be interpreted.
as expanding the scope of material that may be used to impeach a witness.

(3) No member of a loss prevention review team may be examined in a civil or administrative proceeding as to (a) the work of the loss prevention review team, (b) the incident under review, (c) his or her statements, deliberations, thoughts, analyses, or impressions relating to the work of the loss prevention review team or the incident under review, or (d) the statements, deliberations, thoughts, analyses, or impressions of any other member of the loss prevention review team, or any person who provided information to it, relating to the work of the loss prevention review team or the incident under review.

(4) Any document that exists prior to the appointment of a loss prevention review team, or that is created independently of such a team, does not become inadmissible merely because it is reviewed or used by the loss prevention review team. A person does not become unavailable as a witness merely because the person has been interviewed by or has provided a statement to a loss prevention review team. However, if called as a witness, the person may not be examined regarding the person’s interactions with the loss prevention review team, including without limitation whether the loss prevention review team interviewed the person, what questions the loss prevention review team asked, and what answers the person provided to the loss prevention review team. This section shall not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(5) Documents prepared by or for the loss prevention review team are inadmissible and may not be used in a civil or administrative proceeding, except that excerpts may be used to impeach the credibility of a witness under the same circumstances that excerpts of the final report may be used pursuant to subsection (2) of this section.

(6) The restrictions set forth in this section shall not apply in a licensing or disciplinary proceeding arising from an agency’s effort to revoke or suspend the license of any licensed professional based in whole or in part upon allega-
tions of wrongdoing in connection with the death, injury, or other incident reviewed by the loss prevention review team. A person does not become unavailable as a witness merely because the person has been interviewed by or has provided a statement to a loss prevention review team. However, if called as a witness, the person may not be examined regarding the person’s interactions with the loss prevention review team, including without limitation whether the loss prevention review team interviewed the person, what questions the loss prevention review team asked, and what answers the person provided to the loss prevention review team. This section shall not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(7) Within one hundred twenty days after completion of the final report of a loss prevention review team, the agency under review shall issue to the department a response to the report. The response will indicate (a) which of the report’s recommendations the agency hopes to implement, (b) whether implementation of those recommendations will require additional funding or legislation, and (c) whatever other information the director may require. This response shall be considered part of the final report and shall be subject to all provisions of this section that apply to the final report, including without limitation the restrictions on admissibility and use in civil or administrative proceedings and the obliga-
tion of the director to make the final report public.

(8) Nothing in RCW 43.41.370 or this section is intended to limit the scope of a legislative inquiry into or review of an incident that is the subject of a loss prevention review.

(9) Nothing in RCW 43.41.370 or in this section affects chapter 70.41 RCW and application of that chapter to state-owned or managed hospitals licensed under chapter 70.41 RCW. [2011 1st sp.s. c 43 § 509; 2002 c 333 § 3.] 43.41.981 Transfer of certain powers, duties, functions, and assets of the department of personnel. (1) Those powers, duties, and functions of the department of personnel being transferred to the office of financial management as set forth in Part IV, chapter 43, Laws of 2011 1st sp. sess. are hereby transferred to the office of financial management.

All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of personnel in carrying out the powers, duties, and functions transferred shall be made available to the office of financial management. (b) Any appropriations made to the department of personnel for carrying out the powers, duties, and functions transferred shall, on October 1, 2011, be transferred and cred-
ted to the office of financial management.

(c) If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the department of personnel pertaining to the powers, duties, and functions transferred shall be continued and acted upon by the office of financial management. All existing contracts and obligations shall remain in full force and shall be performed by the office of financial management.

(4) The transfer of the powers, duties, functions, and personnel of the department of personnel shall not affect the validity of any act performed before October 1, 2011.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

43.41A.003 Purpose. Information technology is a tool used by state agencies to improve their ability to deliver public services efficiently and effectively. Advances in information technology - including advances in hardware, software, and business processes for implementing and managing these resources - offer new opportunities to improve the level of support provided to citizens and state agencies and to reduce the per-transaction cost of these services. These advances are one component in the process of reengineering how government delivers services to citizens.

To fully realize the service improvements and cost efficiency from the effective application of information technology to its business processes, state government must establish decision-making structures that connect business processes and information technology in an operating model. Many of these business practices transcend individual agency processes and should be worked at the enterprise level. To do this requires an effective partnership of executive management, business processes owners, and providers of support functions necessary to efficiently and effectively deliver services to citizens.

To maximize the potential for information technology to contribute to government business process reengineering the state must establish clear central authority to plan, set enterprise standards, and provide project oversight and management analysis of the various aspects of a business process.

Establishing the office of chief information officer and partnering it with the director of financial management will provide state government with the cohesive structure necessary to develop improved operating models with agency directors and reengineer business process to enhance service delivery while capturing savings. 43.41A.115 Electronic access to public records—Findings—Intent. Based upon the recommendations of the public information access policy task force, the legislature finds that government records and information are a vital resource to both government operations and to the public that government serves. Broad public access to state and local government records and information has potential for expanding citizen access to that information and for improving government services. Electronic methods for locating and transferring information can improve linkages between and among citizens, organizations, businesses, and governments. Information must be managed with great care to meet the objectives of citizens and their governments.

It is the intent of the legislature to encourage state and local governments to develop, store, and manage their public records and information in electronic formats to meet their missions and objectives. Further, it is the intent of the legislature for state and local governments to set priorities for making public records widely available electronically to the public. [1996 c 171 § 1. Formerly RCW 43.105.250.]

43.41A.120 Electronic access to public records—Definitions. (Effective January 1, 2012.) Unless the context requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Local government" means every county, city, town, and every other municipal or quasi-municipal corporation.

(2) "Public record" means as defined in *RCW 42.17.020 and chapter 40.14 RCW, and includes legislative records and court records that are available for public inspection.

(3) "State agency" includes every state office, department, division, bureau, board, and commission of the state, and each state elected official who is a member of the executive department. [1999 c 80 § 2. Formerly RCW 43.105.260.]

*Reviser’s note: RCW 42.17.020 was recodified as RCW 42.17A.005 pursuant to 2010 c 204 § 1102, effective January 1, 2012.

43.41A.130 Electronic access to public records—Costs and fees. Funding to meet the costs of providing access, including the building of the necessary information systems, the digitizing of information, developing the ability to mask nondisclosable information, and maintenance and upgrade of information access systems should come primarily from state and local appropriations, federal dollars, grants, private funds, cooperative ventures among governments, nonexclusive licensing, and public/private partnerships. Agencies should not offer customized electronic access services as the primary way of responding to requests or as a primary source of revenue. Fees for staff time to respond to requests, and other direct costs may be included in costs of providing customized access.

Agencies and local governments are encouraged to pool resources and to form cooperative ventures to provide electronic access to government records and information. State agencies are encouraged to seek federal and private grants for projects that provide increased efficiency and improve government delivery of information and services. [1996 c 171 § 12. Formerly RCW 43.105.280.]

In designing the system, the following factors shall be considered: (1) Ease of operation by citizens; (2) access through multiple technologies, such as direct dial and toll-free numbers, kiosks, and the internet; (3) compatibility with private online services; and (4) capability of expanding the electronic public records included in the system. The pilot project may restrict the type and quality of electronic public records that are included in the system to test the feasibility of making electronic public records and information widely available to the public. 43.43.832 Background checks—Disclosure of information—Sharing of criminal background information by health care facilities. (1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or
licensees to hire or engage. The legislature further finds that many developmentally disabled individuals and vulnerable adults desire to hire their own employees directly and also need adequate information to determine which employees or licensees to hire or engage. Therefore, the Washington state patrol identification and criminal history section shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant’s conviction record as defined in chapter 10.97 RCW.

(2) The legislature also finds that the Washington professional educator standards board may request of the Washington state patrol criminal identification system information regarding a certificate applicant’s conviction record under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

(a) When considering persons for state employment in positions directly responsible for the supervision, care, or treatment of children, vulnerable adults, or individuals with mental illness or developmental disabilities;

(b) When considering persons for state positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) When licensing agencies or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15 or 18.51 RCW;

(d) When contracting with individuals or businesses for the care, supervision, case management, or treatment, including peer counseling, of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW;

(e) When individual providers are paid by the state or providers are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW.

(5) The director of the department of early learning shall investigate the conviction records, pending charges, and other information including civil adjudication proceeding records of current employees and of any person actively being considered for any position with the department who will or may have unsupervised access to children, or for state positions otherwise required by federal law to meet employment standards. "Considered for any position" includes decisions about (a) initial hiring, layoffs, relocations, transfers, promotions, or demotions, or (b) other decisions that result in an individual being in a position that will or may have unsupervised access to children as an employee, an intern, or a volunteer.

(6) The director of the department of early learning shall adopt rules and investigate conviction records, pending charges, and other information including civil adjudication proceeding records, in the following circumstances:

(a) When licensing or certifying agencies with individuals in positions that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood education services, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(b) When authorizing individuals who will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood education services in licensed or certified agencies, including but not limited to licensees, agency staff, interns, volunteers, contracted providers, and persons living on the premises who are sixteen years of age or older;

(c) When contracting with any business or organization for activities that will or may have unsupervised access to children who are in child day care, in early learning programs, or receiving early childhood learning education services;

(d) When establishing the eligibility criteria for individual providers to receive state paid subsidies to provide child day care or early learning services that will or may involve unsupervised access to children.

(7) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(8)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person’s most recent employer,

(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.

(c) The evaluation and ranking process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project, except, under exceptional circumstances, the department may reduce the amount of nonstate match required. No more than ten percent of the total granted amount may be awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For purposes of this subsection, exceptional circumstances include but are not limited to: Natural disasters affecting projects; emergencies beyond an applicant’s control, such as a fire or an unanticipated loss of a lease where services are currently provided; or a delay that could result in a threat to public health or safety. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(d) The department may not set a monetary limit to funding requests.

(3) The department shall submit biennially to the governor and the legislature in the department’s capital budget request a ranked list of the qualified eligible projects for which applications were received. The list must include a description of each project, its total cost, and the amount of state funding requested. The appropriate fiscal committees of the legislature shall use this list to determine building communities fund projects that may receive funding in the capital budget. The total amount of state capital funding available for all projects on the biennial list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter. In addition, if cash funds have been appropriated, up to three million dollars may be used for technical assistance grants. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(4) In addition to the list of ranked qualified eligible projects, the department shall submit to the appropriate fiscal committees of the legislature a summary report that describes the solicitation and evaluation processes, including but not limited to the number of applications received, the total amount of funding requested, issues encountered, if any, and any recommendations for process improvements.

(5) After the legislature has approved a specific list of projects in law, the department shall develop and manage appropriate contracts with the selected applicants; monitor project expenditures and grantee performance; report project and contract information; and exercise due diligence and other contract management responsibilities as required.

(6) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. Findings—1997 c 374: “The legislature finds that nonprofit organizations provide a variety of social services that serve the needs of the citizens of Washington, including many services implemented under contract with state agencies. The legislature also finds that the efficiency and quality of these services may be enhanced by the provision of safe, reliable, and sound facilities, and that, in certain cases, it may be appropriate for the state to assist in the development of these facilities.” [1997 c 374 § 1.]

43.71.005 Finding—Intent. (1) The legislature finds that the affordable care act requires the establishment of health benefit exchanges. The legislature intends to establish an exchange, including a governance structure. There are many policy decisions associated with establishing an exchange that need to be made that will take a great deal of effort and expertise. It is therefore the intent of the legislature to establish a process through which these policy decisions can be made by the legislature and the governor by the deadline established in the affordable care act.

(2) The exchange is intended to:

(a) Increase access to quality affordable health care coverage, reduce the number of uninsured persons in Washington state, and increase the availability of health care coverage through the private health insurance market to qualified individuals and small employers;

(b) Provide consumer choice and portability of health insurance, regardless of employment status;

(c) Create an organized, transparent, and accountable health insurance marketplace for Washingtonians to purchase affordable, quality health care coverage, to claim available federal refundable premium tax credits and cost-sharing subsidies, and to meet the personal responsibility requirements for minimum essential coverage as provided under the federal affordable care act;

(d) Promote consumer literacy and empower consumers to compare plans and make informed decisions about their health care and coverage;

(e) Effectively and efficiently administer health care subsidies and determination of eligibility for participation in publicly subsidized health care programs, including the exchange;

(f) Create a health insurance market that competes on the basis of price, quality, service, and other innovative efforts;

(g) Operate in a manner compatible with efforts to improve quality, contain costs, and promote innovation;

(h) Recognize the need for a private health insurance market to exist outside of the exchange; and

(i) Recognize that the regulation of the health insurance market, both inside and outside the exchange, should continue to be performed by the insurance commissioner. [2011 c 317 § 1.]

The legislature also finds that it is in the best interest of the state and local communities to secure a stable and dedicated source of funds for the community economic revitalization board. It is the intent of the legislature to establish an ongoing funding source for the community economic revitalization board that will be used exclusively to advance economic development infrastructure. This act provides a partial funding solution by directing that beginning July 1, 2005, the interest earnings generated by the public works assistance account shall be used to fund the community economic revitalization board’s financial assistance programs. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. **43.88.092 Information technology budget detail—Information technology plan—Accounting method for information technology.** (1) As part of the biennial budget process, the office of financial management shall collect from agencies, and agencies shall provide, information to produce reports, summaries, and budget detail sufficient to allow review, analysis, and documentation of all current and proposed expenditures for information technology by state agencies. Information technology budget detail must be included as part of the budget submittal documentation required pursuant to RCW 43.88.030.

(2) The office of financial management must collect, and present as part of the biennial budget documentation, information for all existing information technology projects as defined by information services board policy. The office of financial management must work with the office of the chief information officer to maximize the ability to draw this information from the information technology portfolio management data collected by the department of information services pursuant to *RCW 43.105.170. Connecting project information collected through the portfolio management process with financial data developed under subsection (1) of this section provides transparency regarding expenditure data for existing technology projects.

(3) The biennial budget documentation submitted by the office of financial management pursuant to RCW 43.88.030 must include an information technology plan and a technology budget for the state identifying current baseline funding for information technology, proposed and ongoing major information technology projects, and their associated costs. This plan and technology budget must be presented using a method similar to the capital budget, identifying project costs through stages of the project and across fiscal periods and biennia from project initiation to implementation. This information must be submitted electronically, in a format to be determined by the office of financial management and the legislative evaluation and accountability program committee.

(4) The office of financial management shall also institute a method of accounting for information technology-related expenditures, including creating common definitions for what constitutes an information technology investment.

(5) For the purposes of this section, "major information technology projects" includes projects that have a significant anticipated cost, complexity, or are of statewide significance, such as enterprise-level solutions, enterprise resource planning, and shared services initiatives. 43.88A.020  Preparation—Ongoing cost projections—Duties of office of financial management—School district fiscal notes.

The office of financial management shall, in cooperation with appropriate legislative committees and legislative staff, establish a procedure for the provision of fiscal notes on the expected impact of bills and resolutions which increase or decrease or tend to increase or decrease state government revenues or expenditures. Such fiscal notes shall indicate by fiscal year the impact for the remainder of the biennium in which the bill or resolution will first take effect as well as a cumulative forecast of the fiscal impact for the succeeding four fiscal years. Fiscal notes shall separately identify the fiscal impacts on the operating and capital budgets. Estimates of fiscal impacts shall be calculated using the procedures contained in the fiscal note instructions issued by the office of financial management.

In establishing the fiscal impact called for pursuant to this section, the office of financial management shall coordinate the development of fiscal notes with all state agencies affected.

The preparation and dissemination of the ongoing cost projections and other requirements of RCW 43.135.031 for bills increasing taxes or fees shall take precedence over fiscal notes.

For proposed legislation that uniquely affects school districts, in addition to any fiscal note prepared under this chapter, a school district fiscal note must be prepared under the process established in RCW 28A.300.0401. **43.105.006 Consolidated technology services agency—Purpose.** To achieve maximum benefit from advances in information technology the state establishes a centralized provider and procurer of certain information technology services as an agency to support the needs of state agencies. This agency shall be known as the consolidated technology services agency. To ensure maximum benefit to the state, state agencies shall rely on the consolidated technology services agency for those services with a business case of broad use, uniformity, scalability, and price sensitivity to aggregation and volume.

To successfully meet agency needs and meet its obligation as the primary service provider for these services, the consolidated technology services agency must offer high quality services at the lowest possible price. It must be able to attract an adaptable and competitive workforce, be authorized to procure services where the business case justifies it, and be accountable to its customers for the efficient and effective delivery of critical business services.

The consolidated technology services agency is established as an agency in state government. The agency is established with clear accountability to the agencies it serves and to the public. This accountability will come through enhanced transparency in the agency’s operation and performance. The agency is also established with broad flexibility to adapt its operations and service catalog to address the needs of customer agencies, and to do so in the most cost-effective ways. 43.105.330 State interoperability executive committee. (1) The board shall appoint a state interoperability executive committee, the membership of which must include, but not be limited to, representatives of the state, the Washington state patrol, the department of transportation, the department of information services, the department of natural resources, city and county governments, state and local fire chiefs, police chiefs, and sheriffs, and state and local emergency management directors. The chair and legislative members of the board will serve as nonvoting ex officio members of the committee. Voting membership may not exceed fifteen members.

(2) The chair of the board shall appoint the chair of the committee from among the voting members of the committee.

(3) The state interoperability executive committee has the following responsibilities:

(a) Develop policies and make recommendations to the board for technical standards for state wireless radio communications systems, including emergency communications systems. The standards must address, among other things, the interoperability of systems, taking into account both existing and future systems and technologies;

(b) Coordinate and manage on behalf of the board the licensing and use of state-designated and state-licensed radio frequencies, including the spectrum used for public safety and emergency communications, and serve as the point of contact with the federal communications commission on matters relating to allocation, use, and licensing of radio spectrum;

(c) Seek support, including possible federal or other funding, for state-sponsored wireless communications systems;

(d) Develop recommendations for legislation that may be required to promote interoperability of state wireless communications systems;

(e) Foster cooperation and coordination among public safety and emergency response organizations;

(f) Work with wireless communications groups and associations to ensure interoperability among all public safety and emergency response wireless communications systems; and

(g) Perform such other duties as may be assigned by the board to promote interoperability of wireless communications systems.

(4) During the 2011-2013 fiscal biennium, the requirement that any state or local entity must purchase radios or communication systems that are the P25 communication standard is suspended. [2011 c 367 § 71; 2006 c 76 § 2; 2003 c 18 § 4.]

Reviser’s note: RCW 43.105.330 was also repealed by 2011 1st sp.s. c 43 § 1013, effective October 1, 2011, without cognizance of its amendment by 2011 c 367 § 71. For rule of construction concerning sections amended and repealed in the same legislative session, see RCW 1.12.025.

Effective date—2011 c 367: See note following RCW 47.29.170.

Finding—Intent—2006 c 76: “The legislature finds that local governments need to have interoperable communications to ensure the safety and welfare of all citizens in the state of Washington. In light of recent catastrophic events around the world, including in the United States, it is now more important than ever that all responders be able to communicate clearly and without interference or malfunction.

The legislature has learned that numerous states, the federal government, and some international governments have adopted the project-25 standard for interoperable communications. Local governments in Washington have started to purchase the project-25 interoperable communications standard. In order to ensure that local governments continue to make smart purchasing decisions, they need certainty that the purchases will be interoperable with state equipment and that the state will adopt the national project-25 standards. It is the intent of this act to provide certainty to local governments that a statewide project-25 interoperable communications system will be in place throughout Washington in the near future, and the investments they are making are advantageous to the original intent of interoperable communications, thus ensuring the safety and welfare of Washington’s citizens.” [2006 c 76 § 1.]

Inventory—Statewide public safety communications plan—2003 c 18: “(1) The state interoperability executive committee shall take inventory of and evaluate all state and local government-owned public safety communications systems, and prepare a statewide public safety communications plan. The plan must set forth recommendations for executive and legislative action to ensure that public safety communications systems can communicate...”
with one another and conform to federal law and regulations governing emergency communications systems and spectrum allocation. The plan must include specific goals for improving interoperability of public safety communications systems and identifiable benchmarks for achieving those goals.

(2) The committee shall present the inventory and plan required in subsection (1) of this section to the board and appropriate legislative committees as follows:
   (a) By December 31, 2003, an inventory of state government-operated public safety communications systems;
   (b) By July 31, 2004, an inventory of all public safety communications systems in the state;
   (c) By March 31, 2004, an interim statewide public safety communications plan; and
   (d) By December 31, 2004, a final statewide public communications plan.

(3) The committee shall consult regularly with the joint legislative audit and review committee and the legislative evaluation and accounting program committee while developing the inventory and plan under this section." [2003 c 18 § 5.]

Intent—Finding—Effective date—2003 c 18: See notes following RCW 43.105.020.

43.105.330 State interoperability executive committee. [2006 c 76 § 2; 2003 c 18 § 4.] Repealed by 2011 1st sp.s. c 43 § 1013, effective October 1, 2011.

Reviser’s note: RCW 43.105.330 was also amended by 2011 c 367 § 711 without cognizance of its repeal by 2011 1st sp.s. c 43 § 1013, effective October 1, 2011. For rule of construction concerning sections amended and repealed in the same legislative session, see RCW 1.12.025.

43.105.340 Consumer protection web site. (1) The department shall coordinate among state agencies to develop a consumer protection web site. The web site shall serve as a one-stop web site for consumer information. At a minimum, the web site must provide links to information on:
   (a) Insurance information provided by the office of the insurance commissioner, including information on how to file consumer complaints against insurance companies, how to look up authorized insurers, and how to learn more about health insurance benefits;
   (b) Child care information provided by the department of early learning, including how to select a child care provider, how child care providers are rated, and information about product recalls;
   (c) Financial information provided by the department of financial institutions, including consumer information on financial fraud, investing, credit, and enforcement actions;
   (d) Health care information provided by the department of health, including health care provider listings and quality assurance information;
   (e) Home care information provided by the department, including information to assist consumers in finding an in-home provider;
   (f) Licensing information provided by the department of licensing, including information regarding business, vehicle, and professional licensing; and
   (g) Other information available on existing state agency web sites that could be a helpful resource for consumers.

(2) By July 1, 2008, state agencies shall report to the department on whether they maintain resources for consumers that could be made available through the consumer protection web site.

(3) By September 1, 2008, the department shall make the consumer protection web site available to the public.

(4) After September 1, 2008, the department, in coordination with other state agencies, shall develop a plan on how to build upon the consumer protection web site to create a consumer protection portal. The plan must also include an examination of the feasibility of developing a toll-free information line to support the consumer protection portal. The plan must be submitted to the governor and the appropriate committees of the legislature by December 1, 2008. [2011 1st sp.s. c 21 § 12; 2008 c 151 § 2.]

Effective date—2011 1st sp.s. c 21: See note following RCW 72.23.025.

Findings—2008 c 151: "The legislature finds that in an era of consumer product recalls, increasing state emphasis on quality ratings and accountability, and decreasing resources at the federal level for consumer protection, there may be a gap in outreach to consumers in the state. The legislature further finds that many state agencies provide helpful information to consumers, but consumers may not always know where to look to find such information. To remedy this potential information gap, the legislature declares that a "one-stop" consumer protection web site should be created so that consumers in Washington state have access to clear and appropriate information regarding consumer services that are available to them across state government." 43.132.020 Fiscal notes—Preparation—Contents—Scope—Revisions—Reports. The director of financial management or the director's designee shall, in cooperation with appropriate legislative committees and legislative staff, establish a mechanism for the determination of the fiscal impact of proposed legislation which if enacted into law would directly or indirectly increase or decrease revenues received or expenditures incurred by counties, cities, towns, or any other units of local government. For purposes of this section, "unit of local government" includes school districts to the extent that the proposed legislation affects school districts in the same manner as it affects other units of local government. Where proposed legislation uniquely affects school districts, a school district fiscal note must be prepared under the process established in RCW 28A.300.0401. The office of financial management shall, when requested by a member of the legislature or a substitute version of such legislation that is adopted by a committee and preparation of the fiscal note on the process established in RCW 28A.300.0401. The office of financial management or the director's designee shall, in cooperation with appropriate legislative committees and legislative staff, establish a mechanism for the determination of the fiscal impact of proposed legislation which if enacted into law would directly or indirectly increase or decrease revenues received or expenditures incurred by counties, cities, towns, or any other units of local government. For purposes of this section, "unit of local government" includes school districts to the extent that the proposed legislation affects school districts in the same manner as it affects other units of local government. Where proposed legislation uniquely affects school districts, a school district fiscal note must be prepared under the process established in RCW 28A.300.0401. The office of financial management shall, when requested by a member of the legislature, report in writing as to such fiscal impact and said report shall be known as a "fiscal note".

Such fiscal notes shall indicate by fiscal year the total impact on the local governments involved for the first two years the legislation would be in effect and also a cumulative six year forecast of the fiscal impact. Where feasible and applicable, the fiscal note also shall indicate the fiscal impact on each individual county or on a representative sampling of cities, towns, or other units of local government.

A fiscal note as defined in this section shall be provided only upon request of any member of the state legislature. A request for a fiscal note on legislation shall be considered to be a continuing request for a fiscal note on any formal alteration of the legislation in the form of amendments to the legislation that are adopted by a committee or a house of the legislature or a substitute version of such legislation that is adopted by a committee and preparation of the fiscal note on the prior version of the legislation shall stop, unless the legislator requesting the fiscal note specifies otherwise or the altered version is first adopted or enacted in the last week of a legislative session.

Fiscal notes shall be completed within one week of the request unless a longer time period is allowed by the requesting legislator. In the event a fiscal note has not been completed within one week of a request, a daily report shall be prepared for the requesting legislator by the director of financial management which report summarizes the progress in preparing the fiscal note. If the request is referred to the director of commerce, the daily report shall also include the date and time such referral was made. Intent—2000 c 182: "It is the intent of the legislature to enhance the local government fiscal note process by providing for updated fiscal information on pending legislation and to establish a process for a more comprehensive report on the fiscal impacts to local governments arising from laws that have been enacted. Further, it is the intent of the legislature that the varying effects of legislation on different local governments be recognized. This act is enacted in recognition of the responsibilities imposed by RCW 43.135.060." [2000 c 182 § 1.]

TERMINATION OF TAX PREFERENCES

Sections
43.136.011 Findings—Intent.
43.136.045 Schedule for review of tax preferences—Expedited review—Citizen input.
43.136.055 Review of tax preferences by joint legislative audit and review committee—Recommendations.

43.136.011 Findings—Intent. The legislature recognizes that tax preferences are enacted to meet objectives which are determined to be in the public interest. However, some tax preferences may not be efficient or equitable tools for the achievement of current public policy objectives. Given the changing nature of the economy and tax structures of other states, the legislature finds that periodic performance audits of tax preferences are needed to determine if their continued existence will serve the public interest. The legislature further finds that tax preferences that are enacted for economic development purposes must demonstrate growth in full-time family wage jobs with health and retirement benefits. Given that an opportunity cost exists with each economic choice, it is the intent of the legislature that the overall impact of economic development-focused tax preferences benefit the state’s economy. [2011 c 335 § 1; 2006 c 197 § 1.]

43.136.045 Schedule for review of tax preferences—Expedited review—Citizen input. (1) The citizen commission for performance measurement of tax preferences must develop a schedule to accomplish an orderly review of tax preferences at least once every ten years. In determining the schedule, the commission must consider the order the tax preferences were enacted into law, in addition to other factors including but not limited to grouping preferences for review by type of industry, economic sector, or policy area. The commission may elect to include, anywhere in the schedule, a tax preference that has a statutory expiration date. The commission must omit from the schedule tax preferences that are required by constitutional law, sales and use tax exemptions for machinery and equipment for manufacturing, research and development, or testing, the small business credit for the business and occupation tax, sales and use tax exemptions for food and prescription drugs, property tax relief for retired persons, and property tax valuations based on current use, and may omit any tax preference that the commission determines is a critical part of the structure of the tax system. As an alternative to the process under RCW 43.136.055, the commission may recommend to the joint legislative audit and review committee an expedited review process for any tax preference.

(2) The commission must revise the schedule as needed each year, taking into account newly enacted or terminated tax preferences. The commission must deliver the schedule to the joint legislative audit and review committee by September 1st of each year.

(3) The commission must provide a process for effective citizen input during its deliberations. [2011 c 335 § 2; 2006 c 197 § 4.]
(b) Public policy objectives that might provide a justification for the tax preference, including but not limited to the legislative history, any legislative intent, or the extent to which the tax preference encourages business growth or relocation into this state, promotes growth or retention of high wage jobs, or helps stabilize communities;

(c) Evidence that the existence of the tax preference has contributed to the achievement of any of the public policy objectives;

(d) The extent to which continuation of the tax preference might contribute to any of the public policy objectives;

(e) The extent to which the tax preference may provide unintended benefits to an individual, organization, or industry other than those the legislature intended;

(f) The extent to which terminating the tax preference may have negative effects on the category of taxpayers that currently benefit from the tax preference, and the extent to which resulting higher taxes may have negative effects on employment and the economy;

(g) The feasibility of modifying the tax preference to provide for adjustment or recapture of the tax benefits of the tax preference if the objectives are not fulfilled;

(h) Fiscal impacts of the tax preference, including past impacts and expected future impacts if it is continued. For the purposes of this subsection, "fiscal impact" includes an analysis of the general effects of the tax preference on the overall state economy, including, but not limited to, the effects of the tax preference on the consumption and expenditures of persons and businesses within the state;

(i) The extent to which termination of the tax preference would affect the distribution of liability for payment of state taxes;

(j) The economic impact of the tax preference compared to the economic impact of government activities funded by the tax for which the tax preference is taken at the same level of expenditure as the tax preference. For purposes of this subsection the economic impact shall be determined using the Washington input-output model as published by the office of financial management;

(k) Consideration of similar tax preferences adopted in other states, and potential public policy benefits that might be gained by incorporating corresponding provisions in Washington.

(2) For each tax preference, the committee must provide a recommendation as to whether the tax preference should be continued without modification, modified, scheduled for sunset review at a future date, or terminated immediately. The committee may recommend accountability standards for the future review of a tax preference. [2011 c 335 § 3; 2006 c 197 § 5.]

43.155.130 Intent—Local infrastructure assistance—Plan. (1) The legislature intends to modernize state programs that provide financial and technical assistance related to local infrastructure by: (a) Clarifying the policy objectives and priorities for state assistance for local infrastructure; (b) eliminating redundancy among the various state programs; (c) increasing the speed of delivering state assistance and the ability to respond to emerging needs; (d) maximizing the acquisition and use of federal funding sources; (e) ensuring transparency in state and federal assistance; (f) improving access to the lowest cost private market financing; and (g) ensuring accountability and the periodic review of progress.

(2) By November 1, 2011, the public works board must prepare and submit to the appropriate committees of the legislature an implementation plan for creating a reformed state system for providing local infrastructure assistance. In developing the plan, the board must consult with state agencies that provide infrastructure funding and technical assistance including, but not limited to, the departments of commerce, health, and ecology. The board must also work in cooperation with local governments or entities that benefit from infrastructure funding and technical assistance.

(3) The board, state agencies, and local partners must consider, among other things, consolidation of state appropriations to support policy-focused investments including water quality, safe drinking water, storm water, economic development, access to private financing, solid waste and recycling, and flood levees. In addition, they must consider consolidating assistance packages, streamlining application processes, and clarify the respective responsibilities of state and local agencies in planning for, developing, and maintaining local public infrastructure.

The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. The bonds must be special obligations of the authority, payable solely out of the special fund or funds established by the authority for their repayment.

(2) Any bonds issued under this chapter may be secured by a financing document between the authority and the purchasers or owners of such bonds or between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state.

(a) The financing document may pledge or assign, in whole or in part, the revenues and funds held or to be received by the authority, any present or future contract or other rights to receive the same, and the proceeds thereof.

(b) The financing document may contain such provisions for protecting and enforcing the rights, security, and remedies of bondowners as may be reasonable and proper, including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event of default which may include the acceleration of maturities, restrictions on the individual rights of action by bondowners, and covenants setting forth duties of and limitations on the authority in conduct of its programs and the management of its property.

(c) In addition to other security provided in this chapter or otherwise by law, bonds issued by the authority may be secured, in whole or in part, by financial guaranties, by insurance or by letters of credit issued to the authority or a trustee or any other person, by any bank, trust company, insurance or surety company or other financial institution, within or with-
out the state. The authority may pledge or assign, in whole or in part, the revenues and funds held or to be received by the authority, any present or future contract or other rights to receive the same, and the proceeds thereof, as security for such guaranties or insurance or for the reimbursement by the authority to any issuer of such letter of credit of any payments made under such letter of credit.

(3) Without limiting the powers of the authority contained in this chapter, in connection with each issue of its obligation bonds, the authority must create and establish one or more special funds, including, but not limited to debt service and sinking funds, reserve funds, project funds, and such other special funds as the authority deems necessary, useful, or convenient.

(4) Any security interest created against the unexpended bond proceeds and against the special funds created by the authority is immediately valid and binding against the money and any securities in which the money may be invested without authority or trustee possession. The security interest must be prior to any party having any competing claim against the moneys or securities, without filing or recording under Article 9A of the Uniform Commercial Code, Title 62A RCW, and regardless of whether the party has notice of the security interest.

(5) The bonds may be issued as serial bonds, term bonds or any other type of bond instrument consistent with the provisions of this chapter. The bonds shall bear such date or dates; mature at such time or times; bear interest at such rate or rates, either fixed or variable; be payable at such time or times; be in such denominations; be in such form; bear such privileges of transferability, exchangeability, and interchangeability; be subject to such terms of redemption; and be sold at public or private sale, in such manner, at such time or times, and at such price or prices as the authority determines. The bonds must be executed by the manual or facsimile signatures of the authority’s chair and either its secretary or executive director, and may be authenticated by the trustee (if the authority determines to use a trustee) or any registrar which may be designated for the bonds by the authority.

(6) Bonds may be issued by the authority to refund other outstanding authority bonds, at or prior to maturity of, and to pay any redemption premium on, the outstanding bonds. Bonds issued for refunding purposes may be combined with bonds issued for the financing or refinancing of new projects. Pending the application of the proceeds of the refunding bonds to the redemption of the bonds to be redeemed, the authority may enter into an agreement or agreements with a corporate trustee regarding the interim investment of the proceeds and the application of the proceeds and the earnings on the proceeds to the payment of the principal of and interest on, and the redemption of, the bonds to be redeemed.

(7) The bonds of the authority may be negotiable instruments under Title 62A RCW.

(8) Neither the members of the authority, nor its employees or agents, nor any person executing the bonds is personally liable on the bonds or be subject to any personal liability or accountability by reason of the issuance of the bonds.

(2) Information about homeless individuals for the Washington homeless client management information system shall come from the Washington homeless census and from state agencies and community organizations providing services to homeless individuals and families.

(a) Personally identifying information about homeless individuals for the Washington homeless client management information system may only be collected after having obtained informed, reasonably time limited (i) written consent from the homeless individual to whom the information relates, or (ii) telephonic consent from the homeless individual, provided that written consent is obtained at the first time the individual is physically present at an organization with access to the Washington homeless client management information system. Safeguards consistent with federal requirements on data collection must be in place to protect homeless individuals’ rights regarding their personally identifying information.

(b) Data collection under this subsection shall be done in a manner consistent with federally informed consent guidelines regarding human research which, at a minimum, require that individuals receive:

(i) Information about the expected duration of their participation in the Washington homeless client management information system;

(ii) An explanation of whom to contact for answers to pertinent questions about the data collection and their rights regarding their personal identifying information;

(v) A statement describing the extent to which confidentiality of records identifying the individual will be maintained.

(c) The department must adopt policies governing the appropriate process for destroying Washington homeless client management information system paper documents containing personally identifying information when the paper documents are no longer needed. The policies must not conflict with any federal data requirements.

(3) The Washington homeless client management information system shall serve as an online information and referral system to enable local governments and providers to connect homeless persons in the database with available housing and other support services. Local governments shall develop a capacity for continuous case management, including independent living plans, when appropriate, to assist homeless persons.

(4) The information in the Washington homeless client management information system will also provide the department with the information to consolidate and analyze data about the extent and nature of homelessness in Washington state, giving emphasis to information about the extent and nature of homelessness in Washington state among families with children.

(5) The system may be merged with other data gathering and reporting systems and shall:

(a) Protect the right of privacy of individuals;

(b) Provide for consultation and collaboration with all relevant state agencies including the department of social and health services, experts, and community organizations involved in the delivery of services to homeless persons; and

(c) Include related information held or gathered by other state agencies.

(6) Within amounts appropriated by the legislature, for this specific purpose, the department shall evaluate the information gathered and disseminate the analysis and the evaluation broadly, using appropriate computer networks as well as written reports.

(7) The Washington homeless client management information system shall be implemented by December 31, 2009, and updated with new homeless client information at least annually. [2011 c 239 § 1; 2006 c 349 § 8; 1999 c 267 § 4. Formerly RCW 43.63A.655.]

(b) The financial performance of the program related to efficient program administration by the department and program operation by selected eligible organizations, including an analysis of the costs per program participant served;

(c) The quality, completeness, and timeliness of the information on program participants provided to the Washington homeless client management information system database; and

(d) The satisfaction of program participants in the assistance provided through the program. [2011 c 353 § 6; 2008 c 256 § 1.]

Intent—2011 c 353: See note following RCW 36.70A.130.

43.185C.220 Essential needs and housing support program—Distribution of funds. (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under RCW 74.62.030(4) and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The department may distribute partial funds upon the department’s approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.
(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every medical care services recipient that is referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department’s designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this subsection shall be based on forecasted program caseloads. The caseload forecast council shall provide a courtesy forecast of the medical care services recipient population that is homeless or is included in reporting under subsection (7)(c)(iii) of this section. The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. 43.215.090 Early learning advisory council—Statewide early learning plan. (1) The early learning advisory council is established to advise the department on statewide early learning issues that would build a comprehensive system of quality early learning programs and services for Washington’s children and families by assessing needs and the availability of services, aligning resources, developing plans for data collection and professional development of early childhood educators, and establishing key performance measures.

(2) The council shall work in conjunction with the department to develop a statewide early learning plan that guides the department in promoting alignment of private and public sector actions, objectives, and resources, and ensuring school readiness.

Once the initial one-year to two-year terms expires, all subsequent terms shall be for two years, with the terms expiring on June 30th of the applicable year. The terms shall be staggered in such a way that, where possible, the terms of members representing a specific group do not expire simultaneously.

(5) The council shall consist of not more than twenty-three members, as follows:

Finding—Purpose—2011 c 177: “The legislature finds that to fully comply with requirements in section 642B of the federal head start act, 42 U.S.C. Sec. 9837b, regarding state advisory council membership, Washington must amend existing law to reflect necessary changes in early learning advisory council membership in accordance with the federal requirement. Accordingly, the purpose of this act is to specify four of the governor’s appointees as permanent members on the early learning advisory council to comply with state advisory council requirements as follows: The head start state collaboration office director or a designee; a representative of a head start, early head start, migrant/seasonal head start, or tribal head start program; a representative of a local education agency; and a representative of the state agency responsible for programs under section 619 or part C of the federal individuals with disabilities education act. This act also revises the categories of groups from which the governor may appoint additional representatives as members of the council.” [2011 c 177 § 1.]

Intent—2010 c 234: "The department of early learning, the superintendent of public instruction, and the quality education council’s January 2010 recommendations to the legislature both suggested that a voluntary program of early learning should be included within the overall program of basic education. The legislature intends to examine these recommendations and Attorney General Opinion Number 8 (2009) through the development of a working group to identify and recommend a comprehensive plan." Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote continuity of care for children.

(2) As a condition of receiving a child care subsidy or a working connections child care subsidy, the applicant or recipient must seek child support enforcement services from the department of social and health services, division of child support, unless the department finds that the applicant or recipient has good cause not to cooperate.

(3) Except as provided in subsection (4) of this section, an applicant or recipient of a child care subsidy or a working connections child care subsidy is eligible to receive that subsidy for six months before having to recertify his or her income eligibility. The six-month certification provision applies only if enrollments in the child care subsidy or working connections child care program are capped.

(4) Beginning in fiscal year 2011, for families with children enrolled in an early childhood education and assistance program, a head start program, or an early head start program, authorizations for the working connections child care subsidy shall be effective for twelve months unless a change in circumstances necessitates reauthorization sooner than twelve months.

(5) The department, in consultation with the department of social and health services, shall report to the legislature by September 1, 2011, with:

(a) An analysis of the impact of the twelve-month authorization period on the stability of child care, program costs, and administrative savings; and

(b) Recommendations for expanding the application of the twelve-month authorization period to additional populations of children in care. [2011 1st sp.s. c 42 § 11; 2010 c 273 § 2.]

Finding—2011 1st sp.s. c 42: See note following RCW 74.04.004.

Finding—2010 c 273: "It is the intent of the legislature that this act be implemented within the funding appropriated in the 2009-11 biennial budget. No additional appropriations will be provided for its implementation." [2010 c 273 § 7.]

43.215.1351 Working connections child care program—Unemployment compensation. For the working connections child care program, the department shall not count the twenty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1202 when determining a consumer’s income eligibility. The six-month certification provision applies only if enrollments in the child care subsidy or working connections child care subsidy is eligible to receive that subsidy, the applicant or recipient has good cause not to cooperate.

43.215.146 Home visitation programs—Definitions. The definitions in this section apply throughout this section and RCW 43.215.145, 43.215.147, and *43.121.185 unless the context clearly requires otherwise.

(1) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population. [2011 RCW Supp—page 953]
43.215.147 Home visitation programs—Funding—Home visitation services coordination or consolidation plan. (1) Within available funds, the department shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes. In order to maximize opportunities to obtain matching funds from private entities, general funds intended to support home visiting funding shall be appropriated to the home visiting services accounts established in RCW 43.215.130.

(2) The department shall work with the department of social and health services, the department of health, the private-public partnership created in RCW 43.215.070, and key partners and stakeholders to develop a plan to coordinate or consolidate home visitation services for children and families to the extent practicable. 43.215.200 Director’s licensing duties. It shall be the director’s duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2) In consultation with the state fire marshal’s office, the director shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

(5) To satisfy the shared background check requirements provided for in RCW 43.215.215 and 43.20A.710, the department of early learning and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children. [2011 c 359 § 2; 2011 c 253 § 3; 2007 c 415 § 3; 2006 c 265 § 301.]

Reviser’s note: This section was amended by 2011 c 253 § 3 and by 2011 c 359 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 11.12.025(2). For rule of construction, see RCW 11.12.025(1).

Finding—Intent—2011 c 359: "(1) The legislature finds that some licensed child care centers seeking to operate in public schools incur substantial costs to renovate spaces that are considered safe for children to use for the purpose of education. Consequently, families are forced to seek before or after school child care outside of the school building, resulting in additional transitions for students.

(2) It is the legislature’s intent to allow licensed child care centers that serve school-age children to operate in facilities that provide a safe and healthy environment for children to use for the purpose of education. With respect to section 2(2) of this act, the legislature intends that the development of any related child care licensing requirements shall:

(a) Ensure safe and healthy environments for children;
(b) Utilize existing rule-making processes and resources;
(c) Utilize existing requirements as a starting point rather than create an entirely new set of requirements; and
(d) Give due consideration to the burdens imposed by inconsistent licensing requirements." [2011 c 359 § 1.]

Captions not law—2007 c 415: See note following RCW 43.215.005.

43.215.215 Character, suitability, and competence to provide child care and early learning services—Fingerprint criminal history record checks—Background check clearance card or certificate—Shared background checks. (1) In determining whether an individual is of appro-
Appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

(2) In order to determine the suitability of individuals newly applying for an agency license, new licensees, their new employees, and other persons who newly have unsupervised access to children in care, shall be fingerprinted.

(a) The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

(b)(i) Effective July 1, 2012, all individuals applying for first-time agency licenses, all new employees, and other persons who have not been previously qualified by the department to have unsupervised access to children in care must be fingerprinted and obtain a criminal history record check pursuant to this section.

(ii) Persons required to be fingerprinted and obtain a criminal [history] record check pursuant to this section must pay for the cost of this check as follows: The fee established by the Washington state patrol for the criminal background history check, including the cost of obtaining the fingerprints; and a fee paid to the department for the cost of administering the individual-based/ portable background check clearance registry. The fee paid to the department must be deposited into the individual-based/ portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(c) The director shall use the fingerprint criminal history record check information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

(d) Criminal justice agencies shall provide the director such information as they may have and that the director may require for such purpose.

(e) No later than July 1, 2013, all agency licensees holding licenses prior to July 1, 2012, persons who were employees before July 1, 2012, and persons who have been qualified by the department before July 1, 2012, to have unsupervised access to children in care, must submit a new background application to the department. The department must require persons submitting a new background application pursuant to this subsection (2)(e) to pay a fee to the department for the cost of administering the individual-based/ portable background check clearance registry. This fee must be paid into the individual-based/ portable background check clearance account established in RCW 43.215.218. The licensee may, but need not, pay these costs on behalf of a prospective employee or reimburse the prospective employee for these costs. The licensee and the prospective employee may share these costs.

(f) The department shall issue a background check clearance card or certificate to the applicant if after the completion of a background check the department concludes the applicant is qualified for unsupervised access to children in care. The background check clearance card or certificate is valid for three years from the date of issuance. A valid card or certificate must be accepted by a potential employer as proof that the applicant has successfully completed a background check as required under this chapter.

(g) The original applicant for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care shall submit a new background check application to the department, on a form and by a date as determined by the department.

(h) The applicant and agency shall maintain on-site for inspection a copy of the background check clearance card or certificate.

(i) Individuals who have been issued a background check clearance card or certificate shall report nonconviction and conviction information to the department within twenty-four hours of the event constituting the nonconviction or conviction information.

(j) The department shall investigate and conduct a redetermination of an applicant’s or licensee’s background clearance if the department receives a complaint or information from individuals, a law enforcement agency, or other federal, state, or local government agency. Subject to the requirements contained in RCW 43.215.300 and 43.215.305 and based on a determination that an individual lacks the appropriate character, suitability, or competence to provide child care or early learning services to children, the department may: (i) Invalidate the background card or certificate; or (ii) suspend, modify, or revoke any license authorized by this chapter.

(3) To satisfy the shared background check requirements of the department of early learning and the department of social and health services, each department shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person. [2011 c 295 § 2; 2011 c 253 § 4; 2007 c 415 § 5.]

Reviser’s note: This section was amended by 2011 c 253 § 4 and by 2011 c 295 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.215.217 Fee for developing and administering individual-based/portable background check clearance registry. Effective July 1, 2011, all agency licensees shall pay the department a one-time fee established by the department. When establishing the fee, the department must consider the cost of developing and administering the registry, and shall not set a fee which is estimated to generate revenue beyond estimated costs for the development and administration of the registry. Fee revenues must be deposited in the individual-based/portable background check clearance account created in RCW 43.215.218 and may be expended only for the costs of developing and administering the individual-based/portable background check clearance registry created in RCW 43.215.216. [2011 c 295 § 4.]

43.215.218 Individual-based/portable background check clearance account. The individual-based/portable background check clearance account is created in the custody of the state treasurer. All fees collected pursuant to RCW 43.215.215 and 43.215.217 must be deposited in the account. Expenditures from the account may be made only for development and administration, and implementation of the individual-based/portable background check registry established in RCW 43.215.216. Only the director of the department of early learning or the director’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2011 c 297 § 5.]

43.215.260 License application—Nonexpiring licenses—Issuance, renewal, duration. (1) Each agency shall make application for a license or the continuation of a full license to the department on forms prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with this chapter, except that an initial license may be issued as provided in RCW 43.215.280. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b) of this section, before granting a continuation of a full license. Full licenses provided for in this chapter shall continue to remain valid as long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section. The licensee, however, shall advise the department of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

(a) Submit the annual licensing fee;
(b) Submit a declaration to the department indicating the licensee’s intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;
(c) Submit a declaration of compliance with all licensing rules; and
(d) Submit background check applications on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license the license expires and the licensee must submit a new application for licensure under this chapter.

(4)(a) Nothing about the nonexpiring license process may interfere with the department’s established monitoring practice.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits the agency does not have any of the following:

(i) Valid complaints;
(ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or
(iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children, consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.215.290. [2011 c 297 § 1; 2006 c 265 § 307.]

43.215.270 License renewal. (1) If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days before the expiration date of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department acts.

(2) License renewal under this section does not apply to nonexpiring licenses described in RCW 43.215.260. [2011 c 297 § 3; 2006 c 265 § 308.]

43.215.290 Probationary licenses. (1) The department may issue a probationary license to a licensee who has had an initial, expiring, or other license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) Before issuing a probationary license, the department shall, in writing, refer the licensee to the child care resource and referral network or other appropriate resource for technical assistance. The department may issue a probationary license pursuant to subsection (1) of this section if within fifteen working days after the department has sent its referral:
Department of Early Learning 43.215.335

(a) The licensee, in writing, has refused the department’s referral for technical assistance; or

(b) The licensee has failed to respond in writing to the department’s referral for technical assistance.

(3) If the licensee accepts the department’s referral for technical assistance issued under subsection (2) of this section, the department, the licensee, and the technical assistance provider shall meet within thirty days after the licensee’s acceptance. The licensee and the department, in consultation with the technical assistance provider, shall develop a plan to correct the areas of noncompliance identified by the department. If, after sixty days, the licensee has not corrected the areas of noncompliance identified in the plan developed in consultation with the technical assistance provider, the department may issue a probationary license pursuant to subsection (1) of this section.

(4) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(5) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(6) An existing license is invalidated when a probationary license is issued.

(7) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(8) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license. [2011 c 297 § 2; 2006 c 265 § 310.]

43.215.300 Licenses—Denial, suspension, revocation, modification, nonrenewal—Proceedings—Penalties.

(1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the director upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.215.305 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department’s decision shall be upheld if it is supported by a preponderance of the evidence.

(3)(a) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home.

(b) Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance.

(c) Civil monetary penalties shall not exceed one hundred fifty dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(d) The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period.

(e) The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. RCW 43.215.307 governs notice of a civil monetary penalty and provides the right to an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center or family day care provider.

(5) The department shall notify appropriate public and private child care resource and referral agencies of the department’s decision to: (a) Take an enforcement action against a child day care center or family day care provider; or (b) place or remove a child day care center or family day care provider on nonreferral status. [2011 c 296 § 1; 2007 c 17 § 2; 2006 c 265 § 311.]

The notice shall include, but not be limited to, the following information:

(2) That the agency is suspected of providing child care without a license;

(3) That the agency must immediately stop providing child care until the agency becomes licensed;

(4) That the department can issue a penalty of one hundred fifty dollars per day for each day a family day care home
provided care without being licensed and two hundred fifty dollars for each day a child day care center provided care without being licensed;

(5) That if the agency does not initiate the licensing process within thirty days of the date of the notice, the department will post on its web site that the agency is providing child care without a license. [2011 c 296 § 3.]

43.215.370 Reporting—Actions against agency licensees—Agencies notified of licensing requirement—Posting on web site. For the purposes of reporting actions taken against agency licensees, upon the development of an early learning information system, the following actions shall be posted to the department’s web site accessible by the public: Suspension, surrender, revocation, denial, stayed suspension, or reinstatement of a license. The department shall also post on the web site those agencies subject to licensing that have not initiated the licensing process within thirty days of the department’s notification as required in RCW 43.215.300. (1) Any charge or conviction for a crime listed in WAC 170-06-0120;

(2) Any other charge or conviction for a crime that could be reasonably related to the individual’s suitability to provide care for or have unsupervised access to children or care; or

(3) Any negative action as defined in RCW 43.215.010. [2011 c 295 § 6.]

43.215.560 Subsidized child care report and assessment. The department and the department of social and health services, in consultation with interested individuals and organizations, shall jointly:

(1) Identify different options to track subsidized child care attendance, including methods using a land line or cellular telephone, a computer, a point of sale system, or some combination of these methods and report their recommended method to the legislature no later than December 31, 2011. Each department’s recommendations must include implementation issues to be addressed and a proposed implementation timeline, and should assume a January 2013 implementation date for the attendance tracking system. The legislature shall review the recommendations and authorize implementation. The method that is chosen must interface smoothly with the current and future payment systems for subsidized child care payments.

(2) Conduct an assessment of the current subsidized child care eligibility determination system and develop recommendations to improve the accuracy, efficiency, and responsiveness of the system, including consideration of the most appropriate entity or entities to make eligibility determinations. WASHINGTON CONSERVATION CORPS

Sections

43.220.010 Repealed.

43.220.020 Conservation corps created—Puget Sound corps created. (1) The Washington conservation corps is created. The department of ecology must administer the corps as a partnership with the departments of natural resources and fish and wildlife, the state parks and recreation commission, and when appropriate, other agencies and nonprofit organizations to advance the program goals outlined in RCW 43.220.045.

(2) The Puget Sound corps is created as a distinct program within the Washington conservation corps focused on the implementation of the specific program goals outlined in RCW 43.220.045. [2011 c 20 § 2; 1999 c 180 § 1; 1994 c 264 § 32; 1988 c 36 § 23; 1983 1st ex.s. c 40 § 1.]

Findings—Intent—2011 c 20: "(1) The legislature finds that the Washington conservation corps, the veterans conservation corps, and other state and nonprofit service corps contribute significantly to the priorities of state government to protect natural resources, including Puget Sound, while providing meaningful work experience for the state’s youth, veterans, unemployed, and underemployed workforces.

(2) The legislature further finds that the long-term health of the economy of Washington depends on the sustainable management of its natural resources and that the livelihoods and revenues produced by Washington’s forests, agricultural lands, estuaries, waterways, and watersheds would be enhanced by targeted, streamlined, and prioritized investments in clean water and habitat restoration.

(3) The legislature further finds that it is important to stretch limited public resources to advance the state’s natural resource management priorities. Transformation of natural resource management and service delivery, including the creation of strategic partnerships among agencies and nongovernmental partners, will increase the efficiency and effectiveness of the expenditure of federal, state, and local funds for clean water and habitat reha-

Agencies that participate in the program may not terminate, lay-off, or reduce the working hours of any employee for the purpose of using a corps member with available funds. Other provisions of law relating to civil service, hours of work, rate of compensation, sick leave, unemployment compensation, state retirement plans, and vacation leave do not apply to the Washington conservation corps except for the crew supervisors, who shall be project employees, and the administrative and supervisory personnel.

(5) Except as otherwise provided in this section, participation as a corps member is for an initial period of three months. The enrollment period may be extended for additional three-month periods by mutual agreement of the department and the corps member, not to exceed two years.

(6)(a) Corps members are to be available at all times for emergency response services coordinated through the department or other public agency. Duties may include sandbagging and flood cleanup, oil spill response, wildfire suppression, search and rescue, and other functions in response to emergencies.

MARINE WATERS PLANNING AND MANAGEMENT

Sections

43.372.070 Marine resources stewardship trust account.

43.372.070 Marine resources stewardship trust account. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, implementation of the marine management plan, and for the restoration or enhancement of marine habitat or resources.

(3) When moneys are deposited into the marine resources stewardship trust account, the governor must provide recommendations on expenditures from the account to the appropriate committees of the legislature prior to the next regular legislative session. The recommended projects and activities must be consistent with:

(a) The allowable uses of the marine resources stewardship trust account; and

(b) The priority areas identified in the west coast governors’ agreement on ocean health, entered into on September 18, 2006, and recognized in section 1, chapter 250, Laws of 2011. [2011 c 250 § 2; 2010 c 145 § 10.]

Findings—2011 c 250: "(1) The legislature finds that the states of Washington, Oregon, and California have a common interest in the management and protection of ocean and coastal resources. This common interest stems from the many ocean and coastal resources that cross jurisdictional boundaries including winds, currents, fish, and wildlife, as well as the multi-jurisdictional reach of many uses of marine waters. These shared resources provide enormous economic, environmental, and social benefits to the states, and are an integral part of maintaining the high quality of life enjoyed by residents of the west coast.

(2) The legislature finds that the shared nature of ocean and coastal resources make coordination between the states of Washington, Oregon, and California essential in order to achieve effective ocean and coastal resource management and support sustainable coastal communities.

(3) The legislature recognizes the west coast governors’ agreement on ocean health, entered into on September 18, 2006, as an important step
towards achieving more coordinated management of these ocean and coastal resources.

(4) Ocean and coastal resource planning processes and funding opportunities recently initiated by the federal government contemplate action at the regional level. Early action on the part of Washington, Oregon, and California to collaboratively define and implement such planning efforts and projects will increase the states’ ability to determine the course of federal planning processes for the west coast and receive nonstate support for the planning efforts, resource preservation and restoration projects, and projects to support ocean health and sustainable coastal communities.

(5) Therefore, collaboration on ocean and coastal resource management between Washington, Oregon, and California should be continued and enhanced through the respective legislatures, as well as through the respective executive branches through the west coast governors’ agreement on ocean health." Legislative intent—1989 c 192: “The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infusion or criminal traffic violations imposed prior to July 23, 1989.” [1989 c 192 § 1.]

(((1) To renew a vehicle license, an applicant shall satisfy all listed standing, stopping, and parking violations, and civil penalties issued under RCW 46.63.160 for the vehicle incurred while the vehicle was registered in the applicant’s name and forwarded to the department pursuant to RCW 46.20.270(3).  For the purposes of this section, “listed” standing, stopping, and parking violations, and civil penalties issued under RCW 46.63.160 include only those violations for which notice has been received from state or local agencies or courts by the department one hundred twenty days or more before the date the vehicle license expires and that are placed on the records of the department.  Notice of such violations received by the department later than one hundred twenty days before that date that are not satisfied shall be considered by the department in connection with any applications for license renewal in any subsequent license year.  The renewal application may be processed by the department or its agents only if the applicant:

(2) The surcharge shall be allocated as follows:

(b) Five dollars shall be retained by the agent handling the renewal application to be used by the agent for the administration of this section.

(3) If there is a change in the registered owner of the vehicle, the department shall forward the information regarding the change to the state or local charging jurisdiction and release any hold on the renewal of the vehicle license resulting from parking violations or civil penalties issued under RCW 46.63.160 incurred while the certificate of license registration was in a previous registered owner’s name.

(4) The department shall send to all registered owners of vehicles who have been reported to have outstanding listed parking violations or civil penalties issued under RCW 46.63.160, at the time of renewal, a statement setting out the dates and jurisdictions in which the violations occurred as well as the amounts of unpaid fines and penalties relating to them and the surcharge to be collected.)

(1) Each court and government agency located in this state having jurisdiction over standing, stopping, and parking violations, the use of a photo toll system under RCW 46.63.160, the use of automated traffic safety cameras under RCW 46.63.170, and the use of automated school bus safety cameras under RCW 46.63.180 may forward to the department any outstanding:

(2) Violations, civil penalties, and infractions described in subsection (1) of this section must be reported to the department in the manner described in RCW 46.20.270(3).

(3) The department shall:

(a) Record the violations, civil penalties, and infractions on the matching vehicle records; and

(b) Send notice approximately one hundred twenty days in advance of the current vehicle registration expiration date to the registered owner listing the dates and jurisdictions in which the violations, civil penalties, and infractions occurred, the amounts of unpaid fines and penalties, and the surcharge to be collected.  Only those violations, civil penalties, and infractions received by the department one hundred twenty days or more before the current vehicle registration expiration date will be included in the notice.  Violations, civil penalties, and infractions received by the department later than one hundred twenty days before the current vehicle registration expiration date that are not satisfied will be delayed until the next vehicle registration expiration date.

(4) The department, county auditor or other agent, or subagent appointed by the director shall not renew a vehicle registration if there are any outstanding standing, stopping, and parking violations, and other civil penalties issued under RCW 46.63.160 for the vehicle unless:

(5) The department shall:

(a) Forward a change in registered ownership information to the court or government agency who reported the outstanding violations, civil penalties, or infractions; and

Reviser’s note: *(1) The reference to RCW 46.63.160(1)(e) is in error.  RCW 46.63.030(1)(e) was apparently intended.  *(2) The contingent effective version of this section, 2010 c 249 § 10, was amended by chapter 375, Laws of 2011 without cognizance of the changes made to this section by 2010 c 161 § 430, effective July 1, 2011, thus creating an unmergeable double amendment upon the occurrence of the contingency under 2011 c 375 § 10.

Contingent effective date—2011 c 375 §§ 5, 7, and 9:  See note following RCW 46.63.030.

(d) Operate a vehicle unless a valid license plate or plates are attached as required under this section;
(e) Transfer a license plate or plates issued under this chapter between two or more vehicles without first making application to transfer the license plates. Any law enforcement agency that determines that a license plate or plates have been transferred between two or more vehicles shall confiscate the license plate or plates and return them to the department for nullification along with full details of the reasons for confiscation. Each vehicle identified in the transfer will be issued a new license plate or plates upon application by the owner or owners and the payment of full fees and taxes; or

An owner or the owner’s authorized representative may apply for a replacement license plate or plates at any time the owner chooses.

(b) The application for a replacement license plate or plates must:

(i) Be on a form furnished or approved by the director; and
(ii) Be accompanied by the fee required under RCW 46.17.200(1)(a).

(c) The department shall not require the payment of any fee to replace a license plate or plates for vehicles owned,
rented, or leased by foreign countries or international bodies to which the United States government is a signatory by treaty.

(6) Monthly license—Penalty. Operation of a vehicle registered under subsection (5) of this section by any person upon the public highways after the expiration of the monthly license is a traffic infraction. Application—2003 c 361 § 201: "Section 201 of this act is effective with registrations that are due or will become due August 1, 2003, and thereafter." [2003 c 361 § 704.]

Findings—Part headings not law—Severability—2003 c 361: See notes following RCW 82.36.025.

Effective dates—2003 c 361: See note following RCW 82.08.020.

Policies and purposes—2003 c 1 (Initiative Measure No. 776): "This measure would require license tab fees to be $30 per year for motor vehicles and light trucks and would repeal certain government-imposed charges, including excise taxes and fees, levied on motor vehicles. Politicians promised "$30 license tabs are here to stay" and promised any increases in vehicle-related taxes, fees and surcharges would be put to a public vote. Politicians should keep their promises. As long as taxpayers must pay increasingly high sales taxes when buying motor vehicles (meaning state and local governments receive huge windfalls of sales tax revenue from these transactions), the people want license tab fees to not exceed the promised $30 per year. Without this follow-up measure, "tab creep" will continue until license tab fees are once again obscenely expensive, as they were prior to Initiative 695. The people want a public vote on any increases in vehicle-related taxes, fees and surcharges to ensure increased accountability. Voters will require more cost-effective use of existing revenues and fundamental reforms before approving higher charges on motor vehicles (such changes may remove the need for any increases). Also, dramatic changes to transportation plans and programs previously presented to voters must be resubmitted. This measure provides a strong directive to all taxing districts to obtain voter approval before imposing taxes, fees and surcharges on motor vehicles. However, if the legislature ignores this clear message, a referendum will be filed to protect the voters' rights. Politicians should just do the right thing and keep their promises." [2003 c 1 § 1 (Initiative Measure No. 776, approved November 5, 2002).]

Construction—2003 c 1 (Initiative Measure No. 776): "The provisions of this act are to be liberally construed to effectuate the intent, policies, and purposes of this act." [2003 c 1 § 9 (Initiative Measure No. 776, approved November 5, 2002).]

(4) A person whose license expired or will expire while he or she is living outside the state, may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department’s satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person’s license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail or, if permitted by rule of the department, by electronic commerce even if subsection (3)(b) of this section would not otherwise allow renewal by that means. If the person establishes to the department’s satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person’s license by mail or, if permitted by rule of the department, by electronic commerce.

(5) If a qualified person submits an application for renewal under subsection (3)(b) or (4)(b) of this section, he or she is not required to pass an examination nor provide an updated photograph. A license renewed by mail or by electronic commerce that does not include a photograph of the licensee must be labeled "not valid for identification purposes."

(6) Driver training schools licensed by the department under chapter 46.82 RCW may administer the portions of the driver licensing examination that test the applicant’s knowledge of traffic laws and ability to safely operate a motor vehicle.

(7) School districts that offer a traffic safety education program under chapter 28A.220 RCW may administer the portions of the driver licensing examination that test the applicant’s knowledge of traffic laws and ability to safely operate a motor vehicle. (1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver’s license is not guilty of a violation of this section.

Upon the first such conviction, the person shall be punished by imprisonment for not less than ten days. Upon the second conviction, the person shall be punished by imprisonment for not less than one hundred eighty days. If the person is also convicted of the offense defined in RCW 46.61.502 or 46.61.504, when both convictions arise from the same event, the minimum sentence of confinement shall be not less than ninety days. The minimum sentence of confinement required shall not be suspended or deferred. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver’s license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver’s license or driving privilege if the person is eligible to obtain an ignition interlock driver’s license but did not obtain such a license. (iv) A conviction of RCW 46.20.410, relating to the violation of restrictions of an occupational driver’s license, a temporary restricted driver’s license, or an ignition interlock driver’s license;

(xx) A finding that a person has committed a traffic infraction under RCW 46.61.526 and suspension of driving privileges pursuant to RCW 46.61.526 (4)(b) or (7)(a)(ii).

(c) A person who violates this section when his or her driver’s license or driving privilege is, at the time of the violation, suspended or revoked solely because (i) the person must furnish proof of satisfactory progress in a required alcoholism or drug treatment program, (ii) the person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW, (iii) the person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents, (iv) the person has failed to respond to a notice of traffic infraction, failed to appear at a requested hearing, violated a written promise to appear in court, or has failed to comply with the terms of a notice of traffic infraction or citation, as provided in RCW 46.20.289, (v) the person has committed an offense in another state that, if committed in this state, would not be grounds for the suspension or revocation of the person’s driver’s license, (vi) the person has been suspended or revoked by reason of one or more of the items listed in (b) of this subsection, but was eligible to reinstate his or her driver’s license or driving privilege at the time of the violation, or (vii) the person has received traffic citations or notices of traffic infraction that have resulted in a suspension under RCW 46.20.267 relating to intermediate drivers’ licenses, or any combination of (c)(i) through (vii) of this subsection, is guilty of driving while license suspended or revoked in the third degree, a misdemeanor. For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver’s license or driving privilege if the person is eligible to obtain an ignition interlock driver’s license but did not obtain such a license.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver’s license, the period of suspension or revocation shall not be extended. 46.20.385 Ignition interlock driver's license—Application—Eligibility—Cancellation—Costs—Rules. (1)(a) Beginning January 1, 2009, any person licensed under this chapter who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or a violation of RCW 46.61.520(1)(a) or 46.61.522(1)(b), or who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person’s employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person’s employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person’s employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver’s license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is required under RCW 46.20.720 and 46.61.5055. Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720(3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (1)(c)(iii), the term “all vehicles” does not include vehicles that would be subject to the employer exception under RCW 46.20.720(3).

(2) An applicant for an ignition interlock driver’s license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver’s license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver’s license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver’s license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver’s license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver’s license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver’s license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver’s license has been canceled under this section may reapply for a new ignition interlock driver’s license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty-dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty-dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate. 46.20.510 Instruction permit—Fee. (1) Motorcycle instruction permit. A person holding a valid driver’s license who wishes to learn to ride a motorcycle may apply for a motorcycle instruction permit. The department may issue a motorcycle instruction permit after the applicant has successfully passed all parts of the motorcycle examination other than the driving test. The director shall collect a fee of fifteen dollars for the motorcycle instruction permit or renewal, and deposit the fee in the motorcycle safety education account of the highway safety fund.

(2) Effect of motorcycle instruction permit. A person holding a motorcycle instruction permit may drive a motorcycle upon the public highways if the person has immediate possession of the permit and a valid driver’s license. An individual with a motorcyclist’s instruction permit may not carry passengers and may not operate a motorcycle during the hours of darkness.

(3) Term of motorcycle instruction permit. A motorcycle instruction permit is valid for ninety days from the date of issue.

(a) The department may issue one additional ninety-day permit.

(b) The department may issue a third motorcycle instruction permit upon presentation of documented evidence that the permittee is enrolled in a motorcycle skills education program as authorized in RCW 46.81A.020 with a class start date prior to the expiration of the third permit. The department may not issue more than three motorcycle instruction permits to an applicant within a five-year period. 46.20.515 Examination—Emphasis—Administration—Waiver. (1) The motorcycle endorsement examination must emphasize maneuvers necessary for on-street operation, including emergency braking and turning as may be required to avoid an impending collision.

(2) The examination for a two-wheeled motorcycle endorsement and the examination for a three-wheeled motorcycle endorsement must be separate and distinct examinations emphasizing the skills and maneuvers necessary to operate each type of motorcycle.

(3) The department may authorize an entity that has entered into a contract under RCW 46.20.520 to administer the motorcycle endorsement examination.

(4) The department may waive all or part of the examination for persons who satisfactorily complete the voluntary motorcycle operator training and education program authorized under RCW 46.20.520 or who satisfactorily complete a private motorcycle skills education course that has been certified by the department under RCW 46.81A.020. (b) For a person who has previously been restricted under (a) of this subsection, a period of five years;
(c) For a person who has previously been restricted under (b) of this subsection, a period of ten years.
(4) A restriction imposed under subsection (3) of this section shall remain in effect until the department receives a declaration from the person’s ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the four consecutive months prior to the date of release:
(a) An attempt to start the vehicle with a breath alcohol concentration of 0.04 or more;
(b) Failure to take or pass any required retest; or
(c) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.
(5) For a person required to install an ignition interlock device pursuant to RCW 46.61.5249(4) or 46.61.500(3), the period of time of the restriction shall be for six months and shall be subject to subsection (4) of this section. Finding—Intent—1998 c 210: "The legislature finds that driving is a privilege and that the state may restrict that privilege in the interests of public safety. One such reasonable restriction is requiring certain individuals, if they choose to drive, to drive only vehicles equipped with ignition interlock devices. The legislature further finds that the costs of these devices are minimal and are affordable. It is the intent of the legislature that these devices be paid for by the drivers using them and that neither the state nor entities of local government provide any public funding for this purpose." 46.32.120 Application to state and publicly owned vehicles.

46.32.080 Commercial motor vehicle safety enforcement—Application for department of transportation number. (1) The Washington state patrol is responsible for enforcement of safety requirements for commercial motor vehicles including, but not limited to, safety audits and compliance reviews. Those motor carriers that have operations in this state are subject to the patrol’s safety audits and compliance review programs. Compliance reviews may result in the initiation of an enforcement action, which may include monetary penalties. The utilities and transportation commission is responsible for adoption and enforcement of safety requirements for vehicles operated by entities holding authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and by household goods carriers holding authority under chapter 81.80 RCW.

(2) Motor vehicles owned and operated by farmers in the transportation of their own farm, orchard, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, or dairy, must have a department of transportation number, as defined in RCW 46.16A.010, but are exempt from safety audits and compliance reviews.

(3) All records and documents required of motor carriers with operations in this state must be available for review and inspection during normal business hours. Duly authorized agents of the state patrol conducting safety audits and compliance reviews may enter the motor carrier’s place of business, or any location where records or equipment are located, at reasonable times and without advanced notice. Motor carriers who do not permit duly authorized agents to enter their place of business, or any location where records or equipment are located, for safety audits and compliance reviews are subject to enforcement action, including a monetary penalty.

(4)(a) All motor carriers with a commercial motor vehicle, as defined in RCW 46.16A.010, that operate in this state must apply for a department of transportation number, as defined in RCW 46.16A.010, by January 1, 2008. All entities with authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and all household goods carriers with authority under chapter 81.80 RCW, must apply for a department of transportation number by January 1, 2010.

(b) All motor carriers operating in this state who (i) have not applied under (a) of this subsection for a department of transportation number, as defined in RCW 46.16A.010, and (ii) have a commercial motor vehicle that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more, must apply for a department of transportation number by January 1, 2011.

(c) The state patrol may deny an application if the applicant does not meet the requirements and standards under this chapter. The state patrol shall not issue a department of transportation number to an applicant who at the time of application has been placed out of service by the federal motor carrier safety administration. Commercial motor vehicles must be marked as prescribed by the state patrol. Those applicants with a current United States department of transportation number are exempt from applying for a department of transportation number.

(d) The state patrol may (i) place a motor carrier out of service or (ii) refuse to issue or recognize as valid a department of transportation number to an applicant who: (A) Formerly held a department of transportation number that was placed out of service for cause, and where cause has not been removed; (B) is a subterfuge for the real party in interest.

(i) It is a violation of this chapter for a person operating a commercial motor vehicle to fail to comply with the requirements of 49 C.F.R. Pt. 382, controlled substances and alcohol use and testing, 49 C.F.R. Sec. 391.15, disqualification of drivers, and 49 C.F.R. For each violation the person is liable for a penalty of five hundred dollars.

(ii) The driver of a commercial motor vehicle who is convicted of violating an out-of-service order is liable for a penalty of at least two thousand five hundred dollars for a first violation, and not less than five thousand dollars for a second or subsequent violation.

(iii) An employer who allows the operation of a commercial motor vehicle when there is an out-of-service order is liable for a penalty of at least two thousand seven hundred fifty dollars but not more than twenty-five thousand dollars for each violation.

(iv) Each violation under this subsection (1)(a) is a separate and distinct offense, and in case of a continuing violation every day’s continuance is a separate and distinct violation.

(b) In addition to all other penalties provided by law, any motor carrier, company, or any officer or agent of a motor carrier or company operating a commercial motor vehicle subject to compliance reviews under this chapter who refuses entry or to make the required records, documents, and vehicles available to a duly authorized agent of the state patrol is liable for a penalty of at least five thousand dollars as well as an out-of-service order being placed on the department of transportation number, as defined in RCW 46.16A.010, and vehicle registration to operate. Each violation is a separate and distinct offense, and in case of a continuing violation every day’s continuance is a separate and distinct violation.

(c) A motor carrier operating a commercial motor vehicle after receiving a final unsatisfactory rating or being placed out of service is liable for a penalty of not more than eleven thousand dollars for each violation. Each violation is a separate and distinct offense, and in case of a continuing violation every day’s continuance is a separate and distinct violation.

(d) A high-risk carrier is liable for double the amount of the penalty of a prior violation if the high-risk carrier repeats the same violation during a follow-up compliance review. Each repeat violation is a separate and distinct offense, and in

case of a repeat continuing violation every day’s continuance is a separate and distinct violation.

(2) The Washington state patrol may place an out-of-service order on a department of transportation number, as defined in RCW 46.16A.010, for violations of this chapter or for nonpayment of any monetary penalties assessed by the state patrol or the utilities and transportation commission, as a result of compliance reviews, or for violations of cease and desist orders issued by the utilities and transportation commission. The state patrol shall notify the department of licensing when an out-of-service order has been placed on a motor carrier’s department of transportation number. The state patrol shall notify the motor carrier when there has been an out-of-service order placed on the motor carrier’s department of transportation number and the vehicle registrations have been revoked by sending a notice by first-class mail using the last known address for the registered or legal owner or owners, and recording the transmission on an affidavit of first-class mail. Notices under this section fulfill the requirements of RCW 46.12.550. Motor carriers may not be eligible for a new department of transportation number, vehicle registration, or temporary permits to operate unless the violations that resulted in the out-of-service order have been corrected.

(3) Any penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the state patrol describing the violation and advising the person that the penalty is due.

(a)(i) Any motor carrier who incurs a penalty as provided in this section, except for a high-risk carrier that incurs a penalty for a repeat violation during a follow-up compliance review, may, upon written application, request that the state patrol mitigate the penalty. An application for mitigation must be received by the state patrol within twenty days of the receipt of notice.

(ii) The state patrol may decline to consider any application for mitigation.

(b) Any motor carrier who incurs a penalty as provided in this section has a right to an administrative hearing under chapter 34.05 RCW to contest the violation or the penalty imposed, or both. In all such hearings, the procedure and rules of evidence are as specified in chapter 34.05 RCW except as otherwise provided in this chapter. Any request for an administrative hearing must be made in writing and must be received by the state patrol within twenty days after the later of (i) receipt of the notice imposing the penalty, or (ii) disposition of a request for mitigation, or the right to a hearing is waived.

(c) All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol and the motor carrier’s department of transportation number and the vehicle registrations of RCW 46.16A.170. [2011 c 171 § 78; 2009 c 46 § 7.]

(2) Except as provided in subsection (1)(b) of this section, the department may issue special permits to vehicles operating in a heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041. However, the excess weight on a single axle, tandem axle, or any axle group must not exceed that allowed by RCW 46.44.091 (1) and (2), weight per tire must not exceed six hundred pounds per inch width of tire, and gross vehicle weight must not exceed one hundred five thousand five hundred pounds.

(3) The entity operating or hiring vehicles under subsection (1)(b) of this section or moving overweight sealed containers used in international trade must pay a fee for each special permit of one hundred dollars per month or one thousand dollars annually, beginning from the date of issue, for all movements under the special permit made on state highways within a heavy haul industrial corridor. Within a port district property, under no circumstances are the for hire carriers or rail customers responsible for the purchase or cost of the permits. All funds collected, except the amount retained by authorized agents of the department under RCW 46.44.096, must be forwarded to the state treasurer and deposited in the motor vehicle fund.

(4) For purposes of this section, an overweight sealed container used in international trade, including its contents, is considered nondivisible when transported within a heavy haul industrial corridor defined by the department.

(5) Any agreement entered into by the department as authorized under this section with a port district adjacent to Puget Sound and located within a county that has a population of more than seven hundred thousand, but less than one million, must limit the applicability of any established heavy haul corridor to that portion of state route no. 509 beginning at milepost 0.25 in the vicinity of East 'D' Street and ending at milepost 3.88 in the vicinity of Taylor Way.

Nothing in this subsection shall be construed to authorize a vehicle to bypass an open weigh station or port of entry.

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(g) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver’s license or with a license that has been expired for ninety days or more;

(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street.

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle or farm transport vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)(a)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

46.55.130 Notice requirements—Public auction—Accumulation of storage charges. (1) If, after the expiration of fifteen days from the date of mailing of notice of custody and sale required in RCW 46.55.110(3) to the registered and legal owners, the vehicle remains unclaimed and has not been listed as a stolen vehicle, or a suspended license impound has been directed, but no security paid under RCW 46.55.120, then the registered tow truck operator having custody of the vehicle shall conduct a sale of the vehicle at public auction after having first published a notice of the date, place, and time of the auction, and a method to contact the tow truck operator conducting the auction such as a telephone number, electronic mail address, or web site, in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. For the purposes of this section, a newspaper of general circulation may be a commercial, widely circulated, free, classified advertisement circular not affiliated with the registered tow truck operator and the notice may be listed in a classification delineating "auctions" or similar language designed to attract potential bidders to the auction. The notice shall contain a notification that a public viewing period will be available before the auction and the length of the viewing period. The auction shall be held during daylight hours of a normal business day. The viewing period must be one hour if twenty-five or fewer vehicles are to be auctioned, two hours if more than twenty-five and fewer than fifty vehicles are to be auctioned, and three hours if fifty or more vehicles are to be auctioned.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator’s lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days, sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) A tow truck operator may refuse to accept a bid at an abandoned vehicle auction under this section for any reason in the operator's posted operating procedures and for any of the following reasons: (a) The bidder is currently indebted to the operator; (b) the operator has knowledge that the bidder has previously abandoned vehicles purchased at auction; or (c) the bidder has purchased, at auction, more than four vehicles in the last calendar year without obtaining title to any or all of the vehicles. In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) The accumulation of storage charges applied to the lien at auction under RCW 46.55.140 may not exceed fifteen additional days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(3) plus the storage charges accumulated prior to the receipt of the information. However, vehicles redeemed pursuant to RCW 46.55.120 prior to their sale at auction are subject to payment of all accumulated storage charges from the time of impoundment up to the time of redemption.

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. However, storage charges begin to accrue again on the date the correct and complete information is provided to the department by the registered tow truck operator. 46.55.350 Findings—Intent. (1) The legislature finds that:

(a) Despite every effort, the problem of driving or controlling a vehicle while under the influence of alcohol or drugs remains a great threat to the lives and safety of citizens.
Over five hundred people are killed by traffic accidents in Washington each year and impaired vehicle drivers account for almost forty-five percent, or over two hundred deaths per year. That is, impairment is the leading cause of traffic deaths in this state;

(b) Over thirty-nine thousand people are arrested each year in Washington for driving or controlling a vehicle while under the influence of alcohol or drugs. Persons arrested for driving or controlling a vehicle while under the influence of alcohol or drugs may still be impaired after they are cited and released and could return to drive or control a vehicle. If the vehicle was impounded, there is nothing to stop the impaired person from going to the tow truck operator’s storage facility and redeeming the vehicle while still impaired;

(c) More can be done to deter those arrested for driving or controlling a vehicle while under the influence of alcohol or drugs. Approximately one-third of those arrested for operating a vehicle under the influence are repeat offenders. Vehicle impoundment effectively increases deterrence and prevents an impaired driver from accessing the vehicle for a specified time. In addition, vehicle impoundment provides an appropriate measure of accountability for registered owners who allow impaired drivers to drive or control their vehicles, but it also allows the registered owners to redeem their vehicles once impounded. Any inconvenience on a registered owner is outweighed by the need to protect the public;

(d) In order to protect public safety and to enforce the state’s laws, it is reasonable and necessary to mandatorily impound the vehicle operated by a person who has been arrested for driving or controlling a vehicle while under the influence of alcohol or drugs.

(2) The legislature intends by chapter 167, Laws of 2011:

(a) To change the primary reason for impounding the vehicle operated by a person arrested for driving or controlling a vehicle while under the influence of alcohol or drugs. The purpose of impoundment under chapter 167, Laws of 2011 is to protect the public from a person operating a vehicle while still impaired, rather than to prevent a potential traffic obstruction; and

(b) To require that officers have no discretion as to whether or not to order an impound after they have arrested a vehicle driver with reasonable grounds to believe the driver of the vehicle was driving while under the influence of alcohol or drugs, or was in physical control of a vehicle while under the influence of alcohol or drugs. [2011 c 167 § 2.]

46.55.360 Impoundment, when required—Law enforcement powers, duties, and liability immunity—Redemption, when, by whom—Operator liability immunity—Definition. (1)(a) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504, the vehicle is subject to summary impoundment and except for a commercial vehicle or farm transport vehicle under subsection (3)(c) of this section, the vehicle must be impounded. With the exception of the twelve-hour hold mandated under this section, the procedures for notice, redemption, storage, auction, and sale shall remain the same as for other impounded vehicles under this chapter.

(b) If the police officer directing that a vehicle be impounded under this section has:

(i) Waited thirty minutes after the police officer contacted the police dispatcher requesting a registered tow truck operator and the tow truck responding has not arrived, or

(ii) If the police officer is presented with exigent circumstances such as being called to another incident or due to limited available resources being required to return to patrol, the police officer may place the completed impound order and inventory inside the vehicle and secure the vehicle by closing the windows and locking the doors before leaving.

(c) If a police officer directing that a vehicle be impounded under this section has secured the vehicle and left it pursuant to (b) of this subsection, the police officer and the government or agency employing the police officer shall not be liable for any damages to or theft of the vehicle or its contents that occur between the time the officer leaves and the time that the registered tow truck operator takes custody of the vehicle, or for the actions of any person who takes or removes the vehicle before the registered tow truck operator arrives.

(2)(a) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 and the driver is a registered owner of the vehicle, the impounded vehicle may not be redeemed within a twelve-hour period following the time the impounded vehicle arrives at the registered tow truck operator’s storage facility as noted in the registered tow truck operator’s master log, unless there are two or more registered owners of the vehicle or there is a legal owner of the vehicle that is not the driver of the vehicle. A registered owner who is not the driver of the vehicle or a legal owner who is not the driver of the vehicle may redeem the impounded vehicle after it arrives at the registered tow truck operator’s storage facility as noted in the registered tow truck operator’s master log.

(b) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 and the driver is a registered owner of the vehicle, the police officer directing the impound shall notify the driver that the impounded vehicle may not be redeemed within a twelve-hour period following the time the impounded vehicle arrives at the registered tow truck operator’s storage facility as noted in the registered tow truck operator’s master log, unless there are two or more registered owners of the vehicle or there is a legal owner who is not the driver of the vehicle. The police officer directing the impound shall notify the driver that the impounded vehicle may be redeemed by either a registered owner or legal owner, who is not the driver of the vehicle, after the impounded vehicle arrives at the registered tow truck operator’s storage facility as noted in the registered tow truck operator’s master log.

(3)(a) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 and the driver is not a registered owner of the vehicle, the impounded vehicle may be redeemed by a registered owner or legal owner, who is not the driver of the vehicle, after the impounded vehicle arrives at the registered tow truck operator’s storage facility as noted in the registered tow truck operator’s master log.

(b) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 and the driver is not a registered owner of the vehicle, the police officer directing the impound shall notify the driver that the impounded vehicle may be redeemed by a registered owner or legal owner, who

46.55.370 Law enforcement liability immunity—Reasonable suspicion. If an impoundment arising from an alleged violation of RCW 46.61.502 or 46.61.504 is determined to be in violation of this chapter, then the police officer directing the impoundment and the government employing the officer are not liable for damages for loss of use of the vehicle if the officer had reasonable suspicion to believe that the driver of the vehicle was driving while under the influence of intoxicating liquor or any drug, or was in physical control of a vehicle while under the influence of intoxicating liquor or any drug. 46.61.165 High occupancy vehicle lanes—Definition.
(1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) private motor vehicles carrying no fewer than a specified number of passengers; or (c) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under
subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees.

Conflict with state and federal environmental mitigation requirements—2011 c 379: "If any part of this act is found to be in conflict with mitigation requirements under the state environmental policy act (chapter 43.21C RCW) or the national environmental policy act (42 U.S.C. Secs. 4321 through 4347) or in any other way conflicts with federal requirements that are a condition or part of the allocation of federal funds to the state or local facilities, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or local authorities." [2011 c 379 § 5.]

(i) By imprisonment for not less than ninety days nor more than three hundred sixty-four days and one hundred twenty days of electronic home monitoring. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender’s electronic home monitoring device to include an alcohol detection breathalyzer, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. Ninety days of imprisonment and one hundred twenty days of electronic home monitoring may not be suspended or deferred unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender’s physical or mental well-being. Whenever the mandatory minimum sentence is suspended or deferred, the court shall state in writing the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based; and

(ii) By a fine of not less than one thousand dollars nor more than five thousand dollars. One thousand dollars of the fine may not be suspended or deferred unless the court finds the offender to be indigent; or

(b) In the case of a person whose alcohol concentration was at least 0.15, or for whom by reason of the person’s refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person’s alcohol concentration:

(i) By imprisonment for not less than one hundred twenty days nor more than three hundred sixty-four days and one hundred fifty days of electronic home monitoring. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender’s electronic home monitoring device to include an alcohol detection breathalyzer, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring. One hundred twenty days of imprisonment and one hundred fifty days of electronic home monitoring may not be suspended or deferred unless the court finds that the imposition of this
mandatory minimum sentence would impose a substantial risk to the offender’s physical or mental well-being. Whenever the mandatory minimum sentence is suspended or deferred, the court shall state in writing the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based; and

(ii) By a fine of not less than one thousand five hundred dollars nor more than five thousand dollars. One thousand five hundred dollars of the fine may not be suspended or deferred unless the court finds the offender to be indigent.

(4) A person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished under chapter 9.94A RCW if:

(a) The person has four or more prior offenses within ten years; or

(b) The person has ever previously been convicted of:

(i) A violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug;

(ii) A violation of RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug;

(iii) An out-of-state offense comparable to the offense specified in (b)(i) or (ii) of this subsection; or

(iv) A violation of RCW 46.61.502(6) or 46.61.504(6).

(5) (a) The court shall require any person convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to apply for an ignition interlock driver’s license from the department and to have a functioning ignition interlock device installed on all motor vehicles operated by the person.

(b) The installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person’s employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person’s employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person’s employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(c) An ignition interlock device imposed under this section shall be calibrated to prevent a motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

(d) The court may waive the requirement that a person apply for an ignition interlock driver’s license if the court makes a specific finding in writing that:

(i) The person lives out-of-state and the devices are not reasonably available in the person’s local area;

(ii) The person does not operate a vehicle; or

(iii) The person is not eligible to receive an ignition interlock driver’s license under RCW 46.20.385 because the person is not a resident of Washington, is a habitual traffic offender, has already applied for or is already in possession of an ignition interlock driver’s license, has never had a driver’s license, has been certified under chapter 74.20A RCW as noncompliant with a child support order, or is subject to any other condition or circumstance that makes the person ineligible to obtain an ignition interlock driver’s license.

(e) If a court finds that a person is not eligible to receive an ignition interlock driver’s license under this section, the court is not required to make any further subsequent inquiry or determination as to the person’s eligibility.

(f) If the court orders that a person refrain from consuming any alcohol and requires the person to apply for an ignition interlock driver’s license, and the person states that he or she does not operate a motor vehicle or the person is ineligible to obtain an ignition interlock driver’s license, the court shall order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person’s system. Alcohol monitoring ordered under this subsection must be for the period of the mandatory license suspension or revocation. The person shall pay for the cost of the monitoring. The county or municipality where the penalty is being imposed shall determine the cost.

(g) The period of time for which ignition interlock use is required will be as follows:

(i) For a person who has not previously been restricted under this section, a period of one year;

(ii) For a person who has previously been restricted under (g)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (g)(ii) of this subsection, a period of ten years.

(h) Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720(3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (5)(h), the term "all vehicles" does not include vehicles that would be subject to the employer exception under RCW 46.20.720(3).

(6) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) In any case in which the installation and use of an interlock or other device is not mandatory under RCW 46.20.720 or other law, order the use of such a device for not less than sixty days following the restoration of the person’s license, permit, or nonresident driving privileges; and

(b) In any case in which the installation and use of such a device is otherwise mandatory, order the use of such a device for an additional sixty days.

(7) In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

(a) Whether the person’s driving at the time of the offense was responsible for injury or damage to another or another’s property; and

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers.

(8) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:
(a) If the person’s alcohol concentration was less than 0.15, or if for reasons other than the person’s refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person’s alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years;

(b) If the person’s alcohol concentration was at least 0.15:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) If by reason of the person’s refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person’s alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years; or

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

For purposes of this subsection (9), the department shall refer to the driver’s record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) After expiration of any period of suspension, revocation, or denial of the offender’s license, permit, or privilege to drive required by this section, the department shall place the offender’s driving privilege in probationary status pursuant to RCW 46.20.355.

(11)(a) In addition to any nonsuspendable and nondefer- rable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The court may impose conditions of probation that include nonrepitition, installation of an ignition interlock device on the probationer’s motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of violation probation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

(14) For purposes of this section and RCW 46.61.502 and 46.61.504:

(2) Any person who violates this section commits a traffic infraction.

(3) This section does not prevent local authorities, with respect to streets and highways under their jurisdiction and within the reasonable exercise of their police power, from regulating the operation of medium-speed electric vehicles on streets and highways under their jurisdiction by resolution or ordinance of the governing body, if the regulation is consistent with this title, except that:

(a) Local authorities may not authorize the operation of medium-speed electric vehicles on streets and highways that are part of the state highway system subject to Title 47 RCW;

(a) The person does not operate a neighborhood electric vehicle upon state highways that are listed in chapter 47.17 RCW;

(b) The person does not operate a neighborhood electric vehicle upon a highway of this state without first having obtained and having in full force and effect a current and proper vehicle license and display vehicle license number plates in compliance with chapter 46.16A RCW. (e) The person operating a neighborhood electric vehicle does not cross a roadway with a speed limit in excess of thirty-five miles per hour, or forty-five miles per hour as provided in subsection (4) of this section, unless the crossing begins and ends on a roadway with a speed limit of thirty-five miles per hour or less, or forty-five miles per hour or less as provided in subsection (4) of this section, and occurs at an intersection of approximately ninety degrees, except that the operator of a neighborhood electric vehicle must not cross an uncontrolled intersection of streets and highways that are part of the state highway system subject to Title 47 RCW unless that intersection has been authorized by local authorities provided elsewhere in this section.

(2) Any person who violates this section commits a traffic infraction.

(3) This section does not prevent local authorities, with respect to streets and highways under their jurisdiction and within the reasonable exercise of their police power, from regulating the operation of neighborhood electric vehicles on streets and highways under their jurisdiction by resolution or ordinance of the governing body, if the regulation is consistent with the provisions of this title, except that:

(c) Local authorities are prohibited from establishing any requirements for the registration and licensing of neighborhood electric vehicles.

(4) In counties consisting of islands whose only connection to the mainland are ferry routes, a person may operate a neighborhood electric vehicle upon a highway of this state having a speed limit of forty-five miles per hour or less. A person operating a neighborhood electric vehicle as authorized under this subsection must not cross a roadway with a speed limit in excess of forty-five miles per hour, unless the crossing begins and ends on a roadway with a speed limit of forty-five miles per hour or less and occurs at an intersection of approximately ninety degrees, except that the operator of a neighborhood electric vehicle must not cross an uncontrolled intersection of streets and highways that are part of the state highway system subject to Title 47 RCW unless that intersection has been authorized by local authorities under subsection (3) of this section.
(5) Accidents must be recorded and tracked in compliance with chapter 46.52 RCW. An accident report must indicate and be tracked separately when any of the vehicles involved are a neighborhood electric vehicle. [2011 c 171 § 83; 2010 c 144 § 3; 2003 c 353 § 3.]

(2) If the person determined to have committed the infraction does not contest the determination the person shall respond by completing the appropriate portion of the notice of infraction and submitting it, either by mail or in person, to the court specified on the notice. A check or money order in the amount of the penalty prescribed for the infraction must be submitted with the response. When a response which does not contest the determination is received, an appropriate order shall be entered in the court’s records, and a record of the response and order shall be furnished to the department in accordance with RCW 46.20.270.

(3) If the person determined to have committed the infraction wishes to contest the determination the person shall respond by completing the portion of the notice of infraction requesting a hearing and submitting it, either by mail or in person, to the court specified on the notice. Upon deferring findings, the court may assess costs as the court deems appropriate for administrative processing. If at the end of the deferral period the defendant has met all conditions and has
46.63.160 Photo toll systems—Civil penalties for nonpayment of tolls—System requirements—Rules. *(Contingent effective date.)* (1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(5) Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section.

(6) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, micro-
photographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this chapter are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this chapter. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(d) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(e) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed;

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

(12) For the purposes of this section, "photo toll system" means the system defined in RCW 47.56.010 and 47.46.020. [2011 c 367 § 705; 2010 c 249 § 6; 2009 c 272 § 1. Prior: 2007 c 372 § 2; 2007 c 101 § 2; 2004 c 231 § 6.]

Contingent effective date—2011 c 367 §§ 705 and 722: "Sections 705 and 722 of this act take effect upon certification by the secretary of transportation that the new statewide tolling operations center and photo toll system are fully operational. A notice of certification must be filed with the code reviser for publication in the state register. If a certificate is not issued by the secretary of transportation by December 1, 2012, sections 705 and 722 of this act are null and void." [2011 c 367 § 1104.]

Contingent effective date—2010 c 249: See note following RCW 47.56.795.
if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement or control signal, or exceeds a speed limit in a school speed zone at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011.

(6) During the 2011-2013 fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011. [2011 c 367 § 704; 2010 c 161 § 1127; 2009 c 470 § 714; 2007 c 372 § 3; 2005 c 167 § 1]

**46.63.180 Automated school bus safety cameras—Definition.** (1) School districts may install and operate automated school bus safety cameras on school buses to be used
for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmless from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (2)(a)(i) of this section. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district shall follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes infraction enforcement and processing costs that are incurred by local law enforcement or local courts.

(2) (a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1). [2011 c 375 § 2.]

Intent—2011 c 375: "The legislature recognizes that the safe transportation of children to and from school is a shared responsibility of the school district and the driving public. In order to increase public awareness of their responsibility, it is the intent of the legislature that the state superintendent of public instruction coordinate with school districts and any other relevant agencies who voluntarily choose to participate in a national stop arm violation day annually between March 1st and May 15th." [2011 c 375 § 1.]
tures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and confinement. During the 2009-2011 and 2011-2013 fiscal biennia, the legislature may appropriate moneys from the Washington auto theft prevention authority account for criminal justice purposes and community building and may transfer funds to the state general fund such amounts as reflect the excess fund balance of the account.

(2) The authority shall allocate moneys appropriated from the account to public agencies for the purpose of establishing, maintaining, and supporting programs that are designed to prevent motor vehicle theft, including:
   (a) Financial support to prosecution agencies to increase the effectiveness of motor vehicle theft prosecution;
   (b) Financial support to a unit of local government or a team consisting of units of local governments to increase the effectiveness of motor vehicle theft enforcement;
   (c) Financial support for the procurement of equipment and technologies for use by law enforcement agencies for the purpose of enforcing motor vehicle theft laws; and
   (d) Financial support for programs that are designed to educate and assist the public in the prevention of motor vehicle theft.

(3) The costs of administration shall not exceed ten percent of the moneys in the account in any one year so that the greatest possible portion of the moneys available to the authority is expended on combating motor vehicle theft.

(4) Prior to awarding any moneys from the Washington auto theft prevention authority account for motor vehicle theft enforcement, the auto theft prevention authority must verify that the financial award includes sufficient funding to cover proposed activities, which include, but are not limited to:
   (a) State, municipal, and county offender and juvenile confinement costs;
   (b) administration costs;
   (c) law enforcement costs;
   (d) prosecutor costs; and
   (e) court costs, with a priority being given to ensuring that sufficient funding is available to cover state, municipal, and county offender and juvenile confinement costs.

(5) Moneys expended from the Washington auto theft prevention authority account under subsection (2) of this section shall be used to supplement, not supplant, other moneys that are available for motor vehicle theft prevention.

(6) Grants provided under subsection (2) of this section constitute reimbursement for purposes of RCW 43.135.060(1). [2011 1st sp.s. c 50 § 958; 2011 c 5 § 915; 2009 c 564 § 945; 2007 c 199 § 27.]

46.72A.010 Finding and intent. (Effective January 1, 2012.) The legislature finds and declares that privately operated limousine transportation service is a vital part of the transportation system within the state and provides prearranged transportation services to state residents, tourists, and out-of-state business people. Consequently, the safety, reliability, and stability of privately operated limousine transportation services are matters of statewide importance. The regulation of privately operated limousine transportation services is thus an essential governmental function. Therefore, it is the intent of the legislature to permit the department and a port district in a county with a population of one million or more to regulate limousine transportation services without liability under federal antitrust laws. It is further the intent of the legislature to authorize a city with a population of five hundred thousand or more to enforce this chapter through a joint agreement with the department, and to direct the department to provide annual funding from the limousine regulation-related fees that provide sufficient funds to such a city to provide delegated enforcement.

(1) Contact by a customer or customer’s agent to engage the services of a carrier’s limousine must be initiated by a customer or customer’s agent at a time and place different from the customer’s time and place of departure. The fare for service must be agreed upon prior to departure. Under no circumstances may customers or customers’ agents make arrangements to immediately engage the services of a carrier’s limousine with the chauffeur, even if the chauffeur is an owner or officer of the company, with the single exception of stand-hail limousines only at a facility owned and operated by a port district in a county with a population of one million or more that are licensed and restricted by the rules and policies set forth by the port district.

(2) At the time of the conduct of the commercial limousine business, the chauffeur of a limousine and the limousine carrier business must possess written or electronic records substantiating the prearrangement of the carrier’s services for any customer carried for compensation, except for vehicles meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section. Limousine carriers and limousine chauffeurs operating as an independent business must list a physical address on their master business license where records substantiating the prearrangement of the carrier’s services may be reviewed by an enforcement officer. A limousine carrier must retain these records for a minimum of one calendar year, and failure to do so is a class 3 civil infraction against the carrier for each record that is missing or fails to include all of the information described in rules adopted under subsection (4) of this section.

(3) Limousine carriers and limousine chauffeurs operating as an independent business must list a telephone or pager number that is used to prearrange the carrier’s services for any customer carried for compensation.

(4) The department shall adopt rules specifying the content and retention schedule of the records required for compliance with subsection (2) of this section.

(5) The failure of a chauffeur who is operating a limousine to immediately provide, on demand by an enforcement officer, written or electronic records required by the department substantiating the prearrangement of the carrier’s services for any customer carried for compensation, except for limousines meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section, is a class 2 civil infraction and is subject to monetary penalties under RCW 7.80.120. It is a class 1 civil infraction for a repeat offense under this subsection during the same calendar year.

(6) The department shall define by rule conditions under which a chauffeur is considered to be operating a limousine, including when the limousine is parked in a designated passenger load zone. [2011 c 374 § 2; 1996 c 87 § 5.]

Except when a port district regulates limousine carriers under RCW 46.72A.030 or a city with a population of five hundred thousand or more, enforces limousine carrier regulations under subsection (2) or (4) of this section, that port district or county in which the port district is located, or a city with a population of five hundred thousand or more, may conduct the annual limousine vehicle inspection and random limousine vehicle inspections in conjunction with limousine regulation enforcement activities, provided that the inspection criteria and fees are substantially the same regardless of the authority conducting the inspection. Random limousine vehicle inspections may not be conducted while the limousine contains customers. The state patrol, the city, or the port district conducting the annual limousine vehicle inspection may impose an annual vehicle inspection fee and reinspection fee. A carrier must pay a reinspection fee if a limousine fails inspection for compliance with vehicle standards and is reinspected. If the limousine passes the first reinspection within thirty days of failing the original inspection, all of the reinspection fee must be refunded to the carrier. However, refunds are not available for subsequent reinspections. While a limousine is licensed by the department for commercial limousine use, failure to comply with vehicle inspection standards, established by the department by rule, is a class 3 civil infraction against the carrier, with monetary penalties against the carrier as specified in RCW 7.80.120, for each violation of a safety requirement. It is a class 4 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a limousine is operated without a valid limousine carrier license or valid limousine vehicle certificate required under this subsection. The limousine carrier license and limousine vehicle certificates must be renewed through the department annually or as may be required by the department. The department shall establish by rule the procedure for obtaining, and the fees for, the limousine carrier license and limousine vehicle certificate. It is a class 1 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a limousine is operated without a valid limousine carrier license or valid limousine vehicle certificate required under this subsection. (1) The department shall require limousine carriers to obtain and continue in effect, liability and property damage insurance from a company licensed to sell liability insurance in this state for each limousine used to transport persons for compensation.

(2) The department shall fix by rule coverages and limits, and prohibit provisions that limit coverage, for the insurance policy or policies, giving consideration to the character and amount of traffic, the number of persons affected, and the degree of danger that the proposed operation involves. The limousine carrier must maintain the liability and property damage insurance in force on each limousine while licensed by the department.

46.82.440 Military training or experience.
46.82.450 Administration of knowledge and driving portions of driver licensing examination—Rules—Department oversight authority.

46.82.440 Military training or experience. (2) The director shall adopt rules to regulate the administration of the knowledge and driving portions of the driver licensing examination. The rules must include, but are not limited to, the following provisions:

(a) Limitations or requirements that determine which driver training schools may administer the knowledge portion of the examination;

(b) Limitations or requirements that determine which driver training schools may administer the driving portion of the examination;

(c) Requirements for the content and method of conducting the examinations to ensure consistency with industry practices;

(d) Requirements for recordkeeping;

(i) Requirements for annual auditing, which must include the collection of current information regarding insurance, curriculums, instructors’ names and licenses, and a selection of random student files to review for accuracy; and

(j) Sanctions for violations of the rules adopted under this section.

(3) Before a driver training school may provide a portion of the driver licensing examination, it must enter into an agreement with the department that, at a minimum, contains provisions that:

(a) Allow the department to conduct random examinations, inspections, and audits without prior notice;

(b) Allow the department to conduct on-site inspections at least annually;

(c) Allow the department to test, at least annually, a random sample of the drivers approved by the driver training school for licensure and to cancel any driver’s license that may have been issued to any driver selected for testing who refuses to be tested; and

Department of Licensing for Driver Training Schools as part of the curriculum appropriate to include the bicycle and pedestrian curriculum approved by the legislature. This curriculum requirement does not require that more than thirty minutes be devoted to the bicycle and pedestrian curriculum. [2011 c 17 § 2.]

Finding—2011 c 17: "The legislature finds that a number of cities and counties in the state of Washington conduct traffic schools or traffic safety courses for persons cited for traffic infractions or traffic-related criminal offenses as a condition of a deferral, sentence, or penalty. The legislature recognizes that since driver education programs have only recently been required to provide information about how to drive safely among bicyclists and pedestrians, many licensed drivers do not have knowledge about such safe driving practices. In order to increase such knowledge and to avoid unnecessary injuries, fatalities, and conflicts, the legislature believes that it is appropriate to include the bicycle and pedestrian curriculum approved by the department of licensing for driver training schools as part of the curriculum of such traffic schools and traffic safety courses. Curriculum materials, which are donated by bicycle organizations to the department of licensing without state expense, are available from the department of licensing and are also available electronically on the department’s web site." 46.87.080 Cab cards, validation tabs, special license plates—Design, procedures—Issuance, refusal, revocation. (1) Upon making satisfactory application and payment of applicable fees and taxes for proportional registration under this chapter, the department shall issue a cab card and validation tab for each vehicle, and to vehicles of Washington-based fleets, two distinctive apportionable license plates for each motor vehicle. License plates shall be displayed on vehicles as required by RCW 46.16A.200(5). The number and plate shall be of a design, size, and color determined by the department. The plates shall be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card serves as the certificate of registration for a proportionally registered vehicle. The face of the cab card shall contain the name and address of the registrant as contained in the records of the department, the license plate number assigned to the vehicle by the base jurisdiction, the vehicle identification number, and such other description of the vehicle and data as the department may require. The cab card shall be signed by the registrant, or a designated person if the registrant is a business firm, and shall at all times be carried in or on the vehicle to which it was issued.

(3) The apportioned license plates are not transferrable from vehicle to vehicle unless otherwise determined by rule and shall be used only on the vehicle to which they are assigned by the department for as long as they are legible or until such time as the department requires them to be removed and returned to the department.

(4) Distinctive validation tab(s) of a design, size, and color determined by the department shall be affixed to the apportioned license plate(s) as prescribed by the department to indicate the month, if necessary, and year for which the vehicle is registered.

(5) Renewals shall be effected by the issuance and display of such tab(s) after making satisfactory application and payment of applicable fees and taxes.

(6) Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state for any type of movement or operation. However, in those instances in which a grant of authority is required for interstate or intrastate movement or operation, no such vehicle may be operated in interstate or intrastate commerce in this state unless the owner has been granted interstate operating authority in the case of interstate operations or intrastate operating authority by the Washington utility and transportation commission in the case of intrastate operations and unless the vehicle is being operated in conformity with that authority.

(7) The department may issue temporary authorization permits (TAPs) to qualifying operators for the operation of vehicles pending issuance of license identification. A fee of one dollar plus a one dollar filing fee shall be collected for each permit issued. The permit fee shall be deposited in the motor vehicle fund, and the filing fee shall be deposited in the highway safety fund. The department may adopt rules for use and issuance of the permits.

(8) The department may refuse to issue any license or permit authorized by subsection (1) or (7) of this section to any person: (a) Who formerly held any type of license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, 82.36, or 82.38 RCW that has been revoked for cause, which cause has not been removed; or (b) who is a subterfuge for the real party in interest whose license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, 82.36, or 82.38 RCW and has been revoked for cause, which cause has not been removed; or (c) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, 82.36, or 82.38 RCW which has been revoked for cause, which cause has not been removed; or (d) who has an unsatisfied debt to the state assessed under either chapter 46.16A, 46.85, 46.87, 82.36, 82.38, or 82.44 RCW.

(9) The department may revoke the license or permit authorized by subsection (1) or (7) of this section issued to any person for any of the grounds constituting cause for denial of licenses or permits set forth in subsection (8) of this section.

(10) Before such refusal or revocation under subsection (8) or (9) of this section, the department shall grant the applicant a hearing and at least ten days written notice of the time and place of the hearing. [2011 c 171 § 97; 2005 c 194 § 6; 1998 c 115 § 1; 1993 c 307 § 14; 1987 c 244 § 23; 1985 c 380 § 8.]

46.87.140 Application—Filing, contents—Fees and taxes—Assessments, due date. (1) Any owner engaged in interstate operations of one or more fleets of apportionable vehicles may, in lieu of registration of the vehicles under
chapter 46.16A RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) A description and identification of each vehicle of the fleet.

(b) The member jurisdictions in which registration is desired and such other information as member jurisdictions require.

(c) An original or renewal application shall also be accompanied by a mileage schedule for each fleet.

(d) The USDOT number issued the registrant and the USDOT number of the motor carrier responsible for the safety of the vehicle, if different.

(e) A completed Motor Carrier Identification Report (MCS-150) at the time of fleet renewal or at the time of vehicle registration, if required by the department.

(f) The Taxpayer Identification Number of the registrant and the motor carrier responsible for the safety of the vehicle, if different.

(2) Each application shall, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction miles by the total miles and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543%). This factor is known as the prorate percentage.

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated.

Applicable fees and taxes for vehicles of Washington-based fleets are those prescribed under RCW 46.17.350(1)(c), 46.17.355, and 82.38.075, as applicable. If, during the registration period, the lessor of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department shall only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, proratable fees or taxes for each motor vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated. Nonproratable fees required for vehicles of Washington-based fleets are the administrative fee required by RCW 82.38.075, if applicable, and the vehicle transaction fee pursuant to the provisions of RCW 46.87.130.

(e) The amount due and payable for the application is the sum of the fees and taxes calculated for each member jurisdiction in which registration of the fleet is desired.

(3) All assessments for proportional registration fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due under this section within thirty days of the date of original service as provided for in this chapter. Whenever an act or omission is declared to be unlawful under chapter 46.12, 46.16A, or 46.44 RCW or this chapter, and if the operator of the vehicle is not the owner or lessee of the vehicle but is so operating or moving the vehicle with the express or implied permission of the owner or lessee, then the operator and the owner or lessee are both subject to this chapter, with the primary responsibility to be that of the owner or lessee.

If the person operating the vehicle at the time of the unlawful act or omission is not the owner or the lessee of the vehicle, that person is fully authorized to accept the citation or notice of infraction and execute the promise to appear on behalf of the owner or lessee. 47.01.380 State route No. 520 improvements—Exceptions. The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project. The requirements of this section shall not apply during the 2009-2011 and 2011-2013 fiscal biennia. [2011 c 367 § 708; 2009 c 470 § 705; 2006 c 311 § 26.]

47.01.440 Adoption of statewide goals to reduce annual per capita vehicle miles traveled by 2050—Department’s duties—Reports to the legislature. To support the implementation of RCW 47.04.280 and 47.01.078(4), the department shall adopt broad statewide goals to reduce annual per capita vehicle miles traveled by 2050 consistent with the stated goals of executive order 07-02. Consistent with these goals, the department shall:

(1) Establish the following benchmarks using a statewide baseline of seventy-five billion vehicle miles traveled less the vehicle miles traveled attributable to vehicles licensed under RCW 46.16A.455 and weighing ten thousand pounds or more, which are exempt from this section:

(a) Decrease the annual per capita vehicle miles traveled by eighteen percent by 2020;

(b) Decrease the annual per capita vehicle miles traveled by thirty percent by 2035; and

(c) Decrease the annual per capita vehicle miles traveled by fifty percent by 2050;

(2) By July 1, 2008, establish and convene a collaborative process to develop a set of tools and best practices to assist state, regional, and local entities in making progress towards the benchmarks established in subsection (1) of this section. The collaborative process must provide an opportunity for public review and comment and must:

(a) Be jointly facilitated by the department, the department of ecology, and the *department of community, trade, and economic development;

(b) Provide for participation from regional transportation planning organizations, the Washington state transit association, the Puget Sound clean air agency, a statewide business organization representing the sale of motor vehicles, at least one major private employer that participates in the commute trip reduction program, and other interested parties, including but not limited to parties representing diverse perspectives on issues relating to growth, development, and transportation;

(c) Identify current strategies to reduce vehicle miles traveled in the state as well as successful strategies in other jurisdictions that may be applicable in the state;

(d) Identify potential new revenue options for local and regional governments to authorize to finance vehicle miles traveled reduction efforts;

(e) Provide for the development of measurement tools that can, with a high level of confidence, measure annual progress toward the benchmarks at the local, regional, and state levels, measure the effects of strategies implemented to reduce vehicle miles traveled and adequately distinguish between common travel purposes, such as moving freight or
commuting to work, and measure trends of vehicle miles traveled per capita on a five-year basis;

(f) Establish a process for the department to periodically evaluate progress toward the vehicle miles traveled benchmarks, measure achieved and projected emissions reductions, and recommend whether the benchmarks should be adjusted to meet the state’s overall goals for the reduction of greenhouse gas emissions;

(g) Estimate the projected reductions in greenhouse gas emissions if the benchmarks are achieved, taking into account the expected implementation of existing state and federal mandates for vehicle technology and fuels, as well as expected growth in population and vehicle travel;

(h) Examine access to public transportation for people living in areas with affordable housing to and from employment centers, and make recommendations for steps necessary to ensure that areas with affordable housing are served by adequate levels of public transportation; and

(i) By December 1, 2008, provide a report to the transportation committees of the legislature on the collaborative process and resulting recommended tools and best practices to achieve the reduction in annual per capita vehicle miles traveled goals.

(3) Included in the December 1, 2008, report to the transportation committees of the legislature, the department shall identify strategies to reduce vehicle miles traveled in the state as well as successful strategies in other jurisdictions that may be applicable in the state that recognize the differing urban and rural transportation requirements.

(4) Prior to implementation of the goals in this section, the department, in consultation with the department of community, trade, and economic development, cities, counties, local economic development organizations, and local and regional chambers of commerce, shall provide a report to the appropriate committees of the legislature on the anticipated impacts of the goals established in this section on the following:

(a) The economic hardship on small businesses as it relates to the ability to hire and retain workers who do not reside in the county in which they are employed;
(b) Impacts on low-income residents;
(c) Impacts on agricultural employers and their employees, especially on the migrant farmworker community;
(d) Impacts on distressed rural counties; and
(e) Impacts in counties with more than fifty percent of the land base of the county in public or tribal lands. [2011 c 171 § 103; 2008 c 14 § 8.]

"Reviser’s note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Chapter 47.04 RCW
GENERAL PROVISIONS

Sections
47.04.290 Park and ride lot accommodation—Definitions.
47.04.295 Park and ride lots—Leases with private entities authorized—Rules.

47.04.290 Park and ride lot accommodation—Definitions. (1) Any local transit agency that has received state funding for a park and ride lot shall make reasonable accommodation for use of that lot by: Auto transportation companies regulated under chapter 81.68 RCW; passenger charter carriers regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; private, nonprofit transportation providers regulated under chapter 81.66 RCW; and private employer transportation service vehicles, provided that such use does not interfere with the efficiency, reliability, and safety of public transportation operations. The accommodation must be in the form of an agreement between the applicable local transit agency and the private transportation provider. The transit agency may require that the agreement include provisions to recover actual costs and fair market value for the use of the lot and its related facilities and to provide adequate insurance and indemnification of the transit agency, and other reasonable provisions to ensure that the private transportation provider’s use does not unduly burden the transit agency. The transit agency may consider benefits to its public transportation system when establishing an amount to charge for the use of the park and ride lot and its related facilities. If the agreement includes provisions to recover actual costs, the private transportation provider is responsible to remit the full actual costs of park and ride lot use to the appropriate transit agency. No accommodation is required, and any agreement may be terminated, if the park and ride lot is at or exceeds ninety percent capacity between the hours of 6:00 a.m. and 4:00 p.m., Monday through Friday for two consecutive months. Additionally, any agreement may be terminated if the private transportation provider violates any policies guiding the terms of use of the park and ride lot. The transit agency may reserve the authority to designate which pick-up and drop-off zones of the park and ride lot may be used by the private transportation provider.

(2) A local transit agency described under subsection (1) of this section may enter into a cooperative agreement with a taxicab company regulated under chapter 81.72 RCW in order to accommodate the taxicab company at the agency’s park and ride lot, provided the taxicab company must agree to provide service with reasonable availability, subject to schedule coordination provisions as agreed to by the parties.

(3) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees.

(4) For the purposes of this section, "private transportation provider" means:
47.04.295 Park and ride lots—Leases with private entities authorized—Rules. (1) The department, or any local transit agency that has received state funding for a park and ride lot, may enter into a lease with private entities allowing them to operate food or beverage retailers, restaurants, grocery and convenience stores, or other private enterprises that are of benefit to the traveling public at park and ride lots owned by the department or local transit agency.

(2) The department or local transit agency must take all necessary action to ensure the most favorable lease rates for the state or local transit agency, whether by bid or other reasonable manner, and to require the lessee to enter into any other contract or agreement to protect the state and its citizens or the local transit agency from commercial harm or other type of harm. Any lease entered into under this section must ensure that the lease payments are at fair market value and comparable to market rates in the area of the park and ride lot. Lease payments must first be applied towards maintenance and operations of the applicable park and ride lot and the remainder must be deposited into the multimodal transportation account created under RCW 47.66.070.

(3) The department must adopt and enforce such reasonable rules that are consistent with and necessary to carry out this section, including a flexible process to prioritize local business interests when entering into lease agreements. [2011 c 257 § 2.]

47.04.320 Complete streets grant program—Purpose—Goals—Awards—Report. (1) The department shall establish a complete streets grant program within the department’s highways and local programs division, or its successor. During program development, the department shall include, at a minimum, the department of archaeology and historic preservation, local governments, and other organizations or groups that are interested in the complete streets grant program. The purpose of the grant program is to encourage local governments to adopt urban arterial retrofit street ordinances designed to provide safe access to all users, including bicyclists, pedestrians, motorists, and public transportation users, with the goals of:

(a) Promoting healthy communities by encouraging walking, bicycling, and using public transportation;

(b) Improving safety by designing major arterials to include features such as wider sidewalks, dedicated bicycle facilities, medians, and pedestrian streetscape features, including trees where appropriate;

(c) Protecting the environment and reducing congestion by providing safe alternatives to single-occupancy driving; and

(d) Preserving community character by involving local citizens and stakeholders to participate in planning and design decisions.

(2) For purposes of this section:

(a) "Eligible project" means (i) a local government street retrofit project that includes the addition of, or significant repair to, facilities that provide street access with all users in mind, including pedestrians, bicyclists, and public transportation users; or (ii) a retrofit project on city streets that are part of a state highway that include the addition of, or significant repair to, facilities that provide street access with all users in mind, including pedestrians, bicyclists, and public transportation users.

(b) "Local government" means incorporated cities and towns that have adopted a jurisdiction-wide complete streets ordinance that plans for the needs of all users and is consistent with sound engineering principles.

(c) "Sound engineering principles" means peer-reviewed, context sensitive solutions guides, reports, and publications, consistent with the purposes of this section.

(3) In carrying out the purposes of this section, the department may award funding, subject to the availability of amounts appropriated for this specific purpose, only to eligible projects that are designed consistent with sound engineering principles.

(4) The department must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section. [2011 c 257 § 2.]

Intent—2011 c 257: "Urban main streets should be designed to provide safe access to all users, including bicyclists, pedestrians, motorists, and public transportation users. Context sensitive design and engineering principles allow for flexible solutions depending on a community's needs, and result in many positive outcomes for cities and towns, including improving the health and safety of a community. It is the intent of the legislature to encourage street designs that safely meet the needs of all users and also protect and preserve a community's environment and character." [2011 c 257 § 1.]
(2) The department may solicit and receive gifts, grants, or endowments from private and other sources that are made, in trust or otherwise, for the use and benefit of the purposes of the complete streets grant program as provided in RCW 47.04.320. [2011 c 257 § 3.]

Intent—2011 c 257: See note following RCW 47.04.320.

Effective date—2011 c 377: See note following RCW 47.56.796.

47.10.886 Toll revenue bonds. Notwithstanding RCW 47.10.883, each such bond shall contain a recital that payment or redemption of the bond and payment of the interest and any premium thereon is payable solely from and secured solely by a direct pledge, charge, and lien upon toll revenue and is not a general obligation of the state to which the full faith and credit of the state is pledged.

Toll revenue is hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section, and the legislature agrees to continue to impose these toll charges on the state route number 520 corridor, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section. (1) Provisions regarding the maintenance and operation of eligible toll facilities;

(2) The pledges, uses, and priorities of application of toll revenue;

(3) Provisions that bonds shall be payable from and secured solely by toll revenue as provided by RCW 47.10.886, or shall be payable from and secured by both toll revenue and by a pledge of excise taxes on motor vehicle and special fuels and the full faith and credit of the state as provided in RCW 47.10.879 and 47.10.883 through 47.10.885;

(4) In consultation with the department of transportation and the tolling authority, financial covenants requiring that the eligible toll facilities must produce specified coverage ratios of toll revenue to debt service on bonds;

(5) The purposes and conditions that must be satisfied prior to the issuance of any additional bonds that are to be payable from and secured by any toll revenue on an equal basis with previously issued and outstanding bonds payable from and secured by toll revenue;

(6) Provisions that bonds for which any toll revenue are pledged, or for which a pledge of any toll revenue may be reserved, may be structured on a senior, parity, subordinate, or special lien basis in relation to any other bonds for which toll revenue is pledged, with respect to toll revenue only; and

Notwithstanding the foregoing, covenants and conditions detailing the character of management, maintenance, and operation of eligible toll facilities, insurance for eligible toll facilities, financial management of toll revenue, and disposition of eligible toll facilities must first be approved by the department of transportation.

The owner of any bond may by mandamus or other appropriate proceeding require and compel performance of any duties imposed upon the tolling authority and the department of transportation and their respective officials, including any duties imposed upon or undertaken by them or by their respective officers, agents, and employees, in connection with the construction, maintenance, and operation of eligible toll facilities and in connection with the collection, deposit, investment, application, and disbursement of the

shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department’s vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects. [2011 c 367 § 710. Legislative finding—1990 c 240: "The legislature finds that scenic and recreational highways are designated because of a need to develop management plans that will protect and preserve the scenic and recreational resources from loss through inappropriate development. Protection of scenic and recreational resources includes managing land use outside normal highway rights-of-way. The legislature recognizes that scenic and recreational highways are typically located in areas that are natural in character, along watercourses or through mountainous areas, or in areas with a view of such scenery." Limited Access Facilities

47.52.025 Additional powers—Controlling use of limited access facilities—High occupancy vehicle lanes—Definition.

(1) Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of (a) public transportation vehicles, (b) privately owned buses, (c) private motor vehicles carrying not less than a specified number of passengers, or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are reserved pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) Highway authorities of the state, counties, or incorporated cities and towns may prohibit the use of limited access facilities by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle travel lane fails to meet department standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours for two consecutive months.

(4)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (3) of this section, to apply for the use of limited access facilities that are reserved for the exclusive or preferential use of public transportation vehicles.

(b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination.

(c) The application and review processes must be uniform and should provide for an expedient response by the authority.

(5) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees.

47.56.403 High occupancy toll lane pilot project.

(1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the...
The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(a) Freeway efficiency and safety;
(b) Effectiveness for transit;
(c) Person and vehicle movements by mode;
(d) Ability to finance improvements and transportation services through tolls; and
(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or
(b) If high occupancy vehicle tolls are being collected on June 30, 2013.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or electronic payment devices or transponders from the Washington.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW. [2011 c 367 § 709; 2005 c 312 § 33]

ramps, off-ramps, approaches, bistate facilities, and interconnections between highways.

(2) "Express toll lanes" means one or more high occupancy vehicle lanes of a highway in which the department charges tolls primarily as a means of regulating access to or use of the lanes to maintain travel speed and reliability.

(3) "Toll revenue" or "revenue from an eligible toll facility" means toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities.

(4) "Tolling authority" means the governing body that is legally empowered to review and adjust toll rates. Unless otherwise delegated, the transportation commission is the tolling authority for all state highways. [2011 c 377 § 7; 2011 c 369 § 2; 2008 c 122 § 3.]

Reviser’s note: (1) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(2) This section was amended by 2011 c 369 § 2 and by 2011 c 377 § 7, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

47.56.876  State route number 520 civil penalties account. (1) A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(h)(vi). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation. During the 2011-2013 fiscal biennium, the legislature may transfer from the state route number 520 civil penalties account to the state route number 520 corridor account such amounts as reflect the excess fund balance of the state route number 520 civil penalties account. Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project (8BI1003).

(2) This section is contingent on the enactment by June 30, 2010, of either chapter 249, Laws of 2010 or *chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this section is null and void. [2011 c 367 § 70; 2010 c 248 § 5.]

*Reviser’s note: Substitute House Bill No. 2897 did not pass.

Effective date—2011 c 367: See note following RCW 47.29.170.

47.56.880  Interstate 405 corridor—Tolls authorized—Eligible toll facility—Toll rate schedule—Capacity improvements—Performance measures—Violation.

(1) The imposition of tolls for express toll lanes on Interstate 405 between the junctions with Interstate 5 on the north end and NE 6th Street in the city of Bellevue on the south end is authorized. Interstate 405 is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) Tolls for the express toll lanes must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate.

(b) In those locations with two express toll lanes in each direction, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ensure that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department may construct and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two-lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. Construction of the capacity improvements described in this subsection, including items that enable implementation of express toll lanes such as conduit and other underground features, must begin as soon as practicable. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that funding is provided solely for tolling equipment on Interstate 405. The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local jurisdictions, recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) The department shall monitor the express toll lanes project and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods;

(b) Whether the average traffic speed changed in the general purpose lanes;

(c) Whether transit ridership changed;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all Interstate 405 express toll lane-related operating costs;

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways; and
(g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.

(5) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (4)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable.

(6) The department, in consultation with the transportation commission, shall consider making operational changes necessary to fix any unintended consequences of implementing the express toll lanes project.

(7) A violation of the lane restrictions applicable to the express toll lanes established under this section is a traffic infraction. [2011 c 369 § 3.]

Intent—2011 c 369: "The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes operate beyond their capacity during peak commute times.

It is the intent of the legislature to improve mobility for people and goods by maximizing the effectiveness of the freeway system. An express toll lanes network is one approach for managing the use of freeway high occupancy vehicle lanes and, at the same time, generating funds to improve the Interstate 405 and state route number 167 corridor. The legislature acknowledges that as one of the most congested freeway sections in the state, the combined Interstate 405 and state route number 167 corridor serves as an ideal candidate for the use of an express toll lanes network. An express toll lanes network could provide benefits for movement of vehicles and people, as well as having the potential to generate revenue for other improvements in the Interstate 405 and state route number 167 corridor, also known as the eastside corridor.

The legislature also recognizes the need for geographic balance and regional equity in decisions regarding tolling and pricing, and intends to consider the implementation of express toll lanes on other facilities in the region in the future. It is further the intent of the legislature to use its evaluation of initial express toll lanes on Interstate 405 to guide additions to the express toll lanes network, particularly in the most congested areas of the Interstate 405 and state route number 167 corridor, such as the Renton-to-Bellevue segment and the Interstate 405/state route number 167 interchange, with the ultimate goal of continuous express toll lanes from Puyallup to Lynnwood.

Therefore, it is the intent of this act to direct the department of transportation to develop and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end and to conduct an evaluation of that project to determine the impacts on the movement of vehicles and people through the Interstate 405 and state route number 167 corridor, effectiveness for transit, carpools and single occupancy vehicles, and feasibility of financing capacity improvements through tolls." [2011 c 369 § 1.]

47.56.884 Interstate 405 express toll lanes operations account. The Interstate 405 express toll lanes operations account is created in the motor vehicle fund. All revenues received by the department as toll charges collected from Interstate 405 express toll lane users must be deposited into the account. Moneys in the account may be spent only after appropriation. Consistent with RCW 47.56.820, expenditures from the account may be used for debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and the expansion of express toll lanes on Interstate 405. [2011 c 369 § 5.]

Intent—2011 c 369: See note following RCW 47.56.880.

47.56.886 State route number 167 and Interstate 405 express toll lane system—Traffic and revenue analysis—Finance plan. (1)(a) The transportation commission shall retain appropriate independent experts and conduct a traffic and revenue analysis for the development of a forty-mile continuous express toll lane system that includes state route number 167 and Interstate 405. The analysis must include a review of the following variables within the express toll lane system:

(i) Vehicles with two or more occupants are exempt from payment;
(ii) Vehicles with three or more occupants are exempt from payment;
(iii) A variable fee; and
(iv) A flat rate fee.

(b) The department, in consultation with the transportation commission, shall develop a corridor-wide project management plan to develop a strategy for phasing the completion of improvements in the Interstate 405 and state route number 167 corridor.

(2) The department, in consultation with the transportation commission, shall use the information from the traffic and revenue analysis and the corridor-wide project management plan to develop a finance plan to fund improvements in the Interstate 405 and state route number 167 corridor. The department must include the following elements in the finance plan:

(a) Current state and federal funding contributions for projects in the Interstate 405 and state route number 167 corridor;
(b) A potential future state and federal funding contribution to leverage toll revenues;
(c) Financing mechanisms to optimize the revenue available for capacity improvements including, but not limited to, using the full faith and credit of the state;
(d) An express toll lane system operating in the Interstate 405 and state route number 167 corridor by 2014; and
(e) Completion of the capacity improvements in the Interstate 405 and state route number 167 corridor.

(3) The department and the transportation commission must consult with a committee consisting of local and state elected officials from the Interstate 405 and state route number 167 corridor and representatives from the transit agencies that operate in the Interstate 405 and state route number 167 corridor while developing the performance standards, traffic and revenue analysis, and finance plan.

(4) The transportation commission must provide the traffic and revenue analysis plan, and the department must provide the finance plan, to the governor and the legislature by January 2012. The department shall provide technical and other support as requested by the transportation commission to complete the plans identified in this subsection. Funds from Interstate 405 capital project appropriations may be used by the transportation commission through an interagency agreement with the department to cover the cost of the plans identified in this subsection.

(5) The department shall conduct ongoing education and outreach to ensure public awareness of the express toll lane system. [2011 c 369 § 4.]

(a) Each year the department shall provide the commission a report of its review of fares and pricing policies, with recommendations for the revision of fares and pricing policies for the ensuing year;

(b) By September 1st of each year, beginning in 2008, the commission shall adopt by rule fares and pricing policies for the ensuing year.

(2) The commission may adopt by rule fares that are effective for more or less than one year for the purposes of transitioning to the fare schedule in subsection (1) of this section.

(3) The commission may increase ferry fares included in the schedule of charges adopted under this section by a percentage that exceeds the fiscal growth factor.

(4) The chief executive officer of the ferry system may authorize the use of promotional, discounted, and special event fares to the general public and commercial enterprises for the purpose of maximizing capacity use and the revenues collected by the ferry system. The department shall report to the commission a summary of the promotional, discounted, and special event fares offered during each fiscal year and the financial results from these activities.

(5) Fare revenues and other revenues deposited in the Puget Sound ferry operations account created in RCW 47.60.530 may not be used to support the Puget Sound capital construction account created in RCW 47.60.505, unless the support for capital is separately identified in the fare.

(6) The commission may not raise fares until the fare rules contain pricing policies developed under RCW 47.60.290, or September 1, 2009, whichever is later.

(7) The commission shall impose a vessel replacement surcharge of twenty-five cents on every one-way and round-trip ferry fare sold, including multiride and monthly pass fares. This surcharge must be clearly indicated to ferry passengers and drivers and, if possible, on the fare media itself. [2011 1st sp.s. c 16 § 3; 2007 c 512 § 6.]

Expenditures from the account may be used only for the construction or purchase of ferry vessels and to pay the principal and interest on bonds authorized for the construction or purchase of ferry vessels. However, expenditures from the account must first be used to support the construction or purchase, including any applicable financing costs, of a ferry vessel with a carrying capacity of at least one hundred forty-four cars.

(2) The state treasurer may not transfer any moneys from the capital vessel replacement account except to the transportation 2003 account (nickel account) for debt service on bonds issued for the construction of a 144-car class ferry vessel. [2011 1st sp.s. c 16 § 2.]

47.64.090 Other party operating ferry by rent, lease, or charter—Passenger-only ferry service. (1) Except as provided in RCW 47.60.656 and subsections (2) and (4) of this section, or as provided in RCW 36.54.130 and subsection (3) of this section, if any party assumes the operation and maintenance of any ferry or ferry system by rent, lease, or charter from the department of transportation, such party shall assume and be bound by all the provisions herein and any agreement or contract for such operation of any ferry or ferry system entered into by the department shall provide that the wages to be paid, hours of employment, working conditions, and seniority rights of employees will be established by the commission in accordance with the terms and provisions of this chapter and it shall further provide that all labor disputes shall be adjudicated in accordance with chapter 47.64 RCW.

(2) If a public transportation benefit area meeting the requirements of RCW 36.57A.200 has voter approval to operate passenger-only ferry service, it may enter into an agreement with Washington State Ferries to rent, lease, or purchase passenger-only vessels, related equipment, or terminal space for purposes of loading and unloading the passenger-only ferry. Charges for the vessels, equipment, and space must be fair market value taking into account the public benefit derived from the ferry service. A benefit area or subcontractor of that benefit area that qualifies under this subsection is not subject to the restrictions of subsection (1) of this section, but is subject to:

(a) The terms of those collective bargaining agreements that it or its subcontractors negotiate with the exclusive bargaining representatives of its or its subcontractors’ employees under chapter 41.56 RCW or the National Labor Relations Act, as applicable;

(b) Unless otherwise prohibited by federal or state law, a requirement that the benefit area and any contract with its subcontractors, give preferential hiring to former employees of the department of transportation who separated from employment with the department because of termination of the ferry service by the state of Washington; and

(c) Unless otherwise prohibited by federal or state law, a requirement that the benefit area and any contract with its subcontractors, on any questions concerning representation of employees for collective bargaining purposes, may be determined by conducting a cross-check comparing an employee organization’s membership records or bargaining authorization cards against the employment records of the employer.

(3) If a ferry district is formed under RCW 36.54.110 to operate passenger-only ferry service, it may enter into an agreement with Washington State Ferries to rent, lease, or
purchase vessels, related equipment, or terminal space for purposes of loading and unloading the ferry. Charges for the vessels, equipment, and space must be fair market value taking into account the public benefit derived from the ferry service. A ferry district or subcontractor of that district that qualifies under this subsection is not subject to the restrictions of subsection (1) of this section, but is subject to:

(a) The terms of those collective bargaining agreements that it or its subcontractors negotiate with the exclusive bargaining representatives of its or its subcontractors’ employees under chapter 41.56 RCW or the National Labor Relations Act, as applicable;

(b) Unless otherwise prohibited by federal or state law, a requirement that the ferry district and any contract with its subcontractors, give preferential hiring to former employees of the department of transportation who separated from employment with the department because of termination of the ferry service by the state of Washington; and

(c) Unless otherwise prohibited by federal or state law, a requirement that the ferry district and any contract with its subcontractors, on any questions concerning representation of employees for collective bargaining purposes, may be determined by conducting a cross-check comparing an employee organization’s membership records or bargaining authorization cards against the employment records of the employer.

(4) The department of transportation shall make its terminal, dock, and pier space available to private operators of passenger-only ferries if the space can be made available without limiting the operation of car ferries operated by the department. These private operators are not bound by the provisions of subsection (1) of this section. Charges for the equipment and space must be fair market value taking into account the public benefit derived from the passenger-only ferry service. [2011 1st sp.s. c 16 § 25. Transfer of powers, duties, and functions—2011 1st sp.s. c 16: See note following RCW 41.58.065.

Findings—Intent—2003 c 373: "The legislature finds that the Washington state department of transportation should focus on its core ferry mission of moving automobiles on Washington state’s marine highways. The legislature finds that current statutes impose barriers to entities other than the state operating passenger-only ferries. The legislature intends to lift those barriers to allow entities other than the state to provide passenger-only ferry service. The legislature finds that the provision of this service and the improvement in the mobility of the citizens of Washington state is legally adequate consideration for the use of state facilities in conjunction with the provision of the service, and the legislature finds that allowing the operators of passenger-only ferries to use state facilities on the basis of legally adequate consideration does not evince donnative intent on the part of the legislature." [2003 c 373 § 1.]

Contingent effective date—2003 c 91: "Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 23, 2003], but only if Engrossed Substitute House Bill No. 1853 has become law. If Engrossed Substitute House Bill No. 1853 has not become law by June 30, 2003, sections 1 and 2 of this act are null and void." [2003 c 91 § 4.] Engrossed Substitute House Bill No. 1853 became law as of 2003 c 83, effective April 23, 2003.

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it. However, subject to rules made by the public employment relations commission pursuant to RCW 41.58.050, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hiring, tenure of employment, or any term or condition of employment, but nothing contained in this subsection prevents an employer from requiring, as a condition of continued employment, payment of periodic dues and fees uniformly required to an exclusive bargaining representative pursuant to RCW 47.64.160. However, nothing prohibits the employer from agreeing to obtain employees by referral from a lawful hiring hall operated by or participated in by a labor organization;

(d) To discharge or otherwise discriminate against an employee because he or she has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the representatives of its employees.

(2) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce (i) employees in the exercise of the rights guaranteed by this chapter. However, this subsection does not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership therein, or (ii) an employer in the selection of his or her representatives for the purposes of collective bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1) (c) of this section;

(c) To refuse to bargain collectively with an employer.

(3) The expression of any view, argument, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this chapter, if the expression contains no threat of reprisal or force or promise of benefit. 47.64.132 Unfair labor practice procedures—Powers and duties of commission. (Effective July 1, 2013.) (1) The commission is empowered and directed to prevent any unfair labor practice and to issue appropriate remedial orders; however, a complaint shall not be processed for any unfair labor practice occurring more than six months before the filing of the complaint with the commission. This power shall not be affected or impaired by any means of adjustment, mediation, or conciliation in labor disputes that have been or may hereafter be established by law.

(2) If the commission determines that any person has engaged in or is engaging in an unfair labor practice, the commission shall issue and cause to be served upon the person an order requiring the person to cease and desist from such unfair labor practice, and to take such affirmative action as will effectuate the purposes and policy of this chapter, such as the payment of damages and the reinstatement of employees.

(3) The commission may petition the superior court for the county in which the main office of the employer is located or in which the person who has engaged or is engaging in such unfair labor practice resides or transacts business, for the enforcement of its order and for appropriate temporary relief. [2011 1st sp.s. c 16 § 26.]

47.64.170 Collective bargaining procedures. (1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party’s full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator’s award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:

(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor’s budget docu-
ment submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor’s budget document submitted under RCW 43.88.030 and 43.88.060.

(b) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial collective bargaining agreement under this chapter regarding health care benefits. (2) All unfair labor practice complaints, questions concerning representation, and unit clarifications must be filed with the public employment relations commission and processed in accordance with the commission’s rules adopted under RCW 41.58.050, except that the marine employees’ commission shall act in place of the public employment relations commission only for appeals.

47.64.300 Interest arbitration—Procedures. (1) If an agreement has not been reached following a reasonable period of negotiations and, when applicable, mediation, upon the recommendation of the assigned mediator that the parties remain at impasse or, with respect to biennial bargaining, in compliance with the interest arbitration agreement under RCW 47.64.170(6)(a), all impasse items shall be submitted to arbitration under this section. The issues for arbitration shall be limited to the issues certified by the executive director.

(2) The parties may agree to submit the dispute to a single arbitrator, whose authority and duties shall be the same as
those of an arbitration panel. If the parties cannot agree on the arbitrator within five working days, the selection shall be made under subsection (3) of this section, except with respect to biennial bargaining described under RCW 47.64.170(6). The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

(3) Within seven days following the issuance of the determination of the executive director, each party shall, absent an agreement to the contrary, name one person to serve as its arbitrator on the arbitration panel. Except with respect to biennial bargaining described under RCW 47.64.170(6), the two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, either party may apply to the federal mediation and conciliation service, or, with the consent of the parties, the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(4) In consultation with the parties, the arbitrator or arbitration panel shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute. The parties shall exchange final positions in writing, with copies to the arbitrator or arbitration panel, with respect to every issue to be arbitrated, on a date mutually agreed upon, but in no event later than ten working days before the date set for hearing. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or refuses to obey a subpoena issued by the arbitration panel, or refuses to obey a subpoena issued by the arbitration panel, the full costs of arbitration under this section shall be shared equally by the parties to the dispute. That determination is final and binding upon both parties, subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious. 47.64.340 Ferry vessel captains—Authority, responsibilities—Collective bargaining. (1) The captain of a Washington state ferry vessel, also known as the master of a vessel or the commanding officer, is the ultimate authority on, manager of, and has responsibility for the entire vessel and its Washington state ferries personnel while it is in service. The captain’s responsibilities include, but are not limited to:

(a) Ensuring the safe navigation of the vessel and its crew and passengers;
(b) Following all applicable federal, state, and agency policies and regulations;
(c) Supervising crew in performance, operations, training, security, and environmental protection;
(d) Overseeing all aspects of vessel operations;
(e) Ensuring that the vessel operations and its Washington state ferries personnel satisfy performance expectations set forth by the department; and
(f) Managing vessel arrivals and departures, as well as all other vessel operations while the vessel is in service.

(3) [(2)] Effective July 1, 2013, the public employment relations commission shall sever from the masters, mates, and pilots bargaining unit all captains. By August 31, 2011, if a majority of the captains in the masters, mates, and pilots bargaining unit indicate by vote that they desire to be included in a newly formed captains-only bargaining unit, the public employment relations commission shall certify a captains-only bargaining unit, to be effective July 1, 2013. For the vote described in this subsection, a union seeking to represent captains does not have to demonstrate a showing of interest to be included on a ballot. Notwithstanding the results of a vote, captains shall remain a part of the masters, mates, and pilots bargaining unit through June 30, 2013.

(4) [(3)] If a new captains-only bargaining unit is created, the employer and the exclusive bargaining representative for the captains-only bargaining unit must negotiate a collective bargaining agreement exclusive to the captains-only bargaining unit.

(5) [(4)] Beginning with negotiations covering the 2013-2015 biennium, the employer and the exclusive bargaining representative of the captains-only bargaining unit must negotiate agreements that are consistent with this section.

(6) [(5)] A collective bargaining agreement may not contain any provision that extends the term of an existing collective bargaining agreement or applicability of items incompatible with this section in an existing collective bargaining agreement. [2011 1st sp.s. c 16 § 8.]

47.64.355 Ferry system performance measures and targets—Ad hoc committee. Performance targets must be established by an ad hoc committee with members from and designated by the office of the governor, which must include at least one member from labor. The committee may not consist of more than eleven members. By December 31, 2011, the committee shall present performance targets to the representatives of the legislative transportation committees and the joint transportation committee for review of the performance measures listed under this section. The committee may also develop performance measures in addition to the following:

(1) Safety performance as measured by passenger injuries per one million passenger miles and by injuries per ten thousand revenue service hours that are recordable by standards of the federal occupational safety and health administration and related to standard operating procedures;

(2) Service effectiveness measures including, but not limited to, passenger satisfaction of interactions with ferry employees, cleanliness and comfort of vessels and terminals, and satisfactory response to requests for assistance. Passenger satisfaction must be measured by an evaluation that is created by a contracted market research company and conducted by the Washington state transportation commission as part of the ferry riders’ opinion group survey. The Washington state transportation commission shall, to the extent possible, integrate the passenger satisfaction evaluation into the ferry user data survey described in RCW 47.60.286;

Enrollment of a child under the health plan of the child’s parent—Requirements—Restrictions.

(1) An issuer and an employee welfare benefit plan, whether insured or self funded, as defined in the employee retirement income security act of 1974, 29 U.S.C. Sec. 1101 et seq. may not deny enrollment of a child under the health plan of the child’s parent on the grounds that:
(a) The child was born out of wedlock;
(b) The child is not claimed as a dependent on the parent’s federal tax return; or
(c) The child does not reside with the parent or in the issuer’s, or insured or self funded employee welfare benefit plan’s service area.

(2) Where a child has health coverage through an issuer, or an insured or self funded employee welfare benefit plan of a noncustodial parent, the issuer, or insured or self funded employee welfare benefit plan, shall:
(a) Provide such information to the custodial parent as may be necessary for the child to obtain benefits through that coverage;
(b) Permit the provider or the custodial parent to submit claims for covered services without the approval of the non-custodial parent. If the provider submits the claim, the provider will obtain the custodial parent’s assignment of insurance benefits or otherwise secure the custodial parent’s approval.

For purposes of this subsection the health care authority as the state medicaid agency under RCW 74.09.500 may reassign medical insurance rights to the provider for custodial parents whose children are eligible for services under RCW 74.09.500; and

(c) Make payments on claims submitted in accordance with (b) of this subsection directly to the custodial parent, to the provider, or to the health care authority as the state medicaid agency under RCW 74.09.500.

(3) Where a child does not reside in the issuer’s service area, an issuer shall cover no less than urgent and emergent care. Where the issuer offers broader coverage, whether by policy or reciprocal agreement, the issuer shall provide such coverage to any child otherwise covered that does not reside in the issuer’s service area.

(4) Where a parent is required by a court order to provide health coverage for a child, and the parent is eligible for family health coverage, the issuer, or insured or self funded employee welfare benefit plan, shall:
(a) Permit the parent to enroll, under the family coverage, a child who is otherwise eligible for the coverage without regard to any enrollment season restrictions;
(b) Enroll the child under family coverage upon application of the child’s other parent, health care authority as the state medicaid agency under RCW 74.09.500, or child support enforcement program, if the parent is enrolled but fails to make application to obtain coverage for such child; and
(c) Not disenroll, or eliminate coverage of, such child who is otherwise eligible for the coverage unless the issuer or insured or self funded employee welfare benefit plan is provided satisfactory written evidence that:
(i) The court order is no longer in effect; or
(ii) The child is or will be enrolled in comparable health coverage through another issuer, or insured or self funded employee welfare benefit plan, which will take effect not later than the effective date of disenrollment.

(5) An issuer, or insured or self funded employee welfare benefit plan, that has been assigned the rights of an individual eligible for medical assistance under medicaid and coverage for health benefits from the issuer, or insured or self funded employee welfare benefit plan, may not impose requirements on the health care authority that are different from requirements applicable to an agent or assignee of any other individual so covered. [2011 1st sp.s. c 15 § 76; 2003 c 248 § 2; 1995 c 34 § 3.]

48.02.120 Records—Public inspection.  (1) The commissioner shall preserve in permanent form records of his or her proceedings, hearings, investigations, and examinations, and shall file such records in his or her office.

(2) The records of the commissioner and insurance filings in his or her office shall be open to public inspection, except as otherwise provided by this code.

(3) Except as provided in subsection (4) of this section, actuarial formulas, statistics, and assumptions submitted in support of a rate or form filing by an insurer, health care service contractor, or health maintenance organization or submitted to the commissioner upon his or her request shall be withheld from public inspection in order to preserve trade secrets or prevent unfair competition.

(4) For individual and small group health benefit plan rate filings submitted on or after July 1, 2011, subsection (3) of this section applies only to the numeric values of each small group rating factor used by a health carrier as authorized by RCW 48.21.045(3)(a), 48.44.023(3)(a), and 48.46.066(3)(a). Subsection (3) of this section may continue to apply for a period of one year from the date a new individual or small group product filing is submitted or until the next rate filing for the product, whichever occurs earlier, if the commissioner determines that the proposed rate filing is for a new product that is distinct and unique from any of the carrier’s currently or previously offered health benefit plans. Carriers must make a written request for a product classification as a new product under this subsection and must receive subsequent written approval by the commissioner for this subsection to apply.

(5) Unless the commissioner has determined that a filing is for a new product pursuant to subsection (4) of this section, for all individual or small group health benefit rate filings submitted on or after July 1, 2011, the health carrier must submit part I rate increase summary and part II written explanation of the rate increase as set forth by the department of health and human services at the time of filing, and the commissioner must:

(a) Make each filing and the part I rate increase summary and part II written explanation of the rate increase available for public inspection on the tenth calendar day after the commissioner determines that the rate filing is complete and accepts the filing for review through the electronic rate and form filing system; and

(b) Prepare a standardized rate summary form, to explain his or her findings after the rate review process is completed. The commissioner’s summary form must be included as part of the rate filing documentation and available to the public electronically. 48.02.150 Supplies. The commissioner must purchase at the expense of the state, and in the manner provided by law, printing, books, reports, furniture, equipment, and supplies as he or she deems necessary to the proper discharge of his or her duties under this code. [2011 c 47 § 2; 2009 c 549 § 7011; 1947 c 79 § .02.15; Rem. Supp. 1947 § 45.02.15.]

48.02.190 Operating costs of office—Insurance commissioner’s regulatory account—Regulatory surcharge.  (1) As used in this section:

(a) “Organization” means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state, every health care service contractor, as defined in RCW 48.44.010, every health maintenance organization, as defined in RCW 48.46.020, or self-funded multiple employer welfare arrangement, as defined in RCW 48.125.010, registered to do business in this state. “Class one” organizations consist of all insurers as defined in RCW 48.01.050. “Class two” organizations consist of all organizations registered under provisions of chapters 48.44 and 48.46 RCW. “Class three” organizations consist of self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(b)(i) “Receipts” means (A) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (B) prepayments to health care service contractors, as defined in RCW 48.44.010, health maintenance organizations, as defined in RCW 48.46.020, or participant contributions to self-funded multiple employer welfare arrangements, as defined in RCW 48.125.010, less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

(ii) Participant contributions, under chapter 48.125 RCW, used to determine the receipts in this state under this section are determined in the same manner as premiums taxable in this state are determined under RCW 48.14.090.

(c) “Regulatory surcharge” means the fees imposed by this section.

(2) The annual cost of operating the office of insurance commissioner is determined by legislative appropriation. A pro rata share of the cost is charged to all organizations as a regulatory surcharge. Each class of organization must contribute a sufficient amount to the insurance commissioner’s regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) The regulatory surcharge is calculated separately for each class of organization. The regulatory surcharge collected from each organization is the portion of the cost of operating the insurance commissioner’s office, for that class of organization, for the ensuing fiscal year that is represented by the organization’s portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year. However, the regulatory surcharge must not exceed one-eighth of one percent of receipts and the minimum regulatory surcharge must not exceed one thousand dollars.

(4) The commissioner must annually, on or before July 1st, calculate and bill each organization for the amount of the regulatory surcharge. The regulatory surcharge is due and payable no later than July 15th of each year. However, if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such regulatory surcharge within the time specified, the commissioner may use the regulatory surcharge factors for the prior year as the basis for the
regulatory surcharge and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. Any organization failing to pay the regulatory surcharges by July 31st must pay the same penalties as the penalties for failure to pay taxes when due under RCW 48.14.060. The regulatory surcharge required by this section is in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected must be deposited in the insurance commissioner’s regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner’s regulatory account at the close of a fiscal year are carried forward in the insurance commissioner’s regulatory account to the succeeding fiscal year and are used to reduce future regulatory surcharges.

(7)(a) Each insurer may annually collect regulatory surcharges remitted by the insurer.

(b) If an insurer fails to collect the entire amount of the recoupment in the first year under this section, it may repeat the recoupment procedure provided for in this subsection (7) in succeeding years until the regulatory surcharge is fully collected or a de minimis amount remains uncollected. Any such de minimis amount may be collected as provided in (d) of this subsection.

(c) The amount and nature of any recoupment must be separately stated on either a billing or policy declaration sent to an insured. The amount of the recoupment must not be considered a premium for any purpose, including the premium tax or agents’ commissions.

(d) An insurer may elect not to collect the regulatory surcharge from its insured. In such a case, the insurer may recoup the regulatory surcharge through its rates, if the following requirements are met:

(i) The insurer remits the amount of surcharge not collected by election under this subsection; and

(ii) The surcharge is not considered a premium for any purpose, including the premium tax or agents’ commission.

EXAMINATIONS

48.03.060 Examination expense. (1) Examinations within this state of any insurer or self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner’s examiners and employees must, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, must be made by the commissioner or by examiners designated by the commissioner and must be at the expense of the person examined; but a domestic insurer must not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which must be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable must reimburse the state upon presentation of an itemized statement for the actual travel expenses of the commissioner’s examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer’s cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem salary and expenses for employees examining insurers domiciled outside the state of Washington must be established by the commissioner on the basis of the national association of insurance commissioner’s recommended salary and expense schedule for zone examiners, or the salary schedule established by the state director of personnel, and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer must pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

The commissioner or the commissioner’s examiners must not receive or accept any additional emolument on account of any examination.

(5) Nothing contained in this chapter limits the commissioner’s authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action. [2011 c 47 § 4; 2004 c 260 § 23; 1995 c 152 § 2. (2) If the commissioner determines that by reason of the financial condition, current investment practice, or current investment plan of an insurer, the interests of insureds, creditors, or the general public are or may be endangered, the commissioner may impose reasonable additional restrictions
upon the admissibility or valuation of investments or may impose restrictions on the investment practices of an insurer, including prohibition or divestment.

(3) The commissioner may count toward satisfaction of the minimum asset requirement any assets in which an insurer is required to invest under the laws of a country other than the United States as a condition for doing business in that country if the commissioner finds that counting them does not endanger the interests of insureds, creditors, or the general public.

(4) If the commissioner is satisfied by evidence of the financial stability of an insurer and the competence of management and its investment advisors, the commissioner, after a hearing, may by order adjust the class limitations in RCW 48.13.071, for that insurer, to the extent that the commissioner is satisfied that the interests of insureds, creditors, and the public of this state are sufficiently protected in other ways. Adjustments granted with respect to RCW 48.13.071, in aggregate, are limited to an amount equal to ten percent of the insurer’s liabilities. [2011 c 188 § 14.]

(2) An insurer shall value its assets in accordance with the valuation standards of the national association of insurance commissioners to the extent those standards are consistent with the statutes of this state or rules or orders of the commissioner. [2011 c 188 § 17.]

(b) The commissioner may by rule prescribe substantive restrictions on investments of defined classes of insurers, including:

(i) Specification of classes of assets that may not be counted toward satisfaction of the minimum asset requirement even though they may be counted for unrestricted insurers;

(ii) Specification of maximum amounts of assets that may be invested in a single investment, or an issue, a class or a group of classes of investments, expressed as percentages of total assets, capital, surplus, legal reserves, or other variables;

(iii) Prescription of qualitative tests for investments and conditions under which investments may be made, including requirements of specified ratings from investment advisory services, listing on specified stock exchanges, collateral, marketability, currency matching, and the financial and legal status of the issuer and its earnings capacity.

(3) If the commissioner is satisfied by evidence of the financial stability of an insurer and the competence of management and its investment advisors, the commissioner, after a hearing, may by order grant an exemption to that insurer from any restriction under subsection (2) of this section to the extent that the commissioner is satisfied that the interests of insureds, creditors, and the general public of this state are protected in other ways. Chapter 48.14 RCW
FEES AND TAXES

Sections

48.14.0201 Premiums and prepayments tax—Health care services—Exemptions—State preemption. (1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in RCW 48.44.010, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer must pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner’s office. The tax must be equal to the total amount of all premiums and prepayments for health care services collected or received by the taxpayer under RCW 48.14.090 during the preceding calendar year multiplied by the rate of two percent. For tax purposes, the reporting of premiums and prepayments must be on a written basis or on a paid-for basis consistent with the basis required by the annual statement.

(3) Taxpayers must prepay their tax obligations under this section. The minimum amount of the prepayments is the percentages of the taxpayer’s tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments is the percentages of the taxpayer’s tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments must be paid to the state treasurer through the commissioner’s office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent;
(c) On or before December 15, twenty-five percent.
(4) For good cause demonstrated in writing, the commis-
sioner may approve an amount smaller than the preceding
calendar year’s tax obligation as recomputed for calculating
the health maintenance organization’s, health care service
contractor’s, self-funded multiple employer welfare arrange-
ment’s, or certified health plan’s prepayment obligations for
the current tax year.
(5) Moneys collected under this section are deposited in
the general fund.
(6) The taxes imposed in this section do not apply to:
(a) Amounts received by any taxpayer from the United
States or any instrumentality thereof as prepayments for
health care services provided under Title XVIII (medicare)
of the federal social security act.
(b) Amounts received by any taxpayer from the state of
Washington as prepayments for health care services provided
under:
(i) The medical care services program as provided in
RCW 74.09.035; or
(ii) The Washington basic health plan on behalf of subsi-
dized enrollees as provided in chapter 70.47 RCW.
(c) Amounts received by any health care service contrac-
tor, as defined in RCW 48.44.010, as prepayments for health
care services included within the definition of practice of
dentistry under RCW 18.32.020.
(d) Participant contributions to self-funded multiple
employer welfare arrangements that are not taxable in this
state.
(7) Beginning January 1, 2000, the state preempts the
field of imposing excise or privilege taxes upon taxpayers
and no county, city, town, or other municipal subdivision has
the right to impose any such taxes upon such taxpayers. This
subsection is limited to premiums and payments for health
benefit plans offered by health care service contractors under
chapter 48.44 RCW, health maintenance organizations under
chapter 48.46 RCW, and self-funded multiple employer wel-
fare arrangements as defined in RCW 48.125.010. The pre-
emption authorized by this subsection must not impair the
ability of a county, city, town, or other municipal subdivision
to impose excise or privilege taxes upon the health care ser-
dices directly delivered by the employees of a health mainte-
nance organization under chapter 48.46 RCW.
(8)(a) The taxes imposed by this section apply to a self-
funded multiple employer welfare arrangement only in the
event that they are not preempted by the employee retirement
income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner must
initially request an advisory opinion from the United States
department of labor or obtain a declaratory ruling from a fed-
eral court on the legality of imposing state premium taxes on
these arrangements. Once the legality of the taxes has been
determined, the multiple employer welfare arrangement cer-
tified by the insurance commissioner must begin payment of
these taxes.
(b) If there has not been a final determination of the
legality of these taxes, then beginning on the earlier of (i) the
date the fourth multiple employer welfare arrangement has
been certified by the insurance commissioner, or (ii) April 1,
2006, the arrangement must deposit the taxes imposed by this
section into an interest bearing escrow account maintained by
the arrangement. Upon a final determination that the taxes
are not preempted by the employee retirement income security
act of 1974, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account must be trans-
ferred to the state treasurer.
(9) The effect of transferring contracts for health care
services from one taxpayer to another taxpayer is to transfer
the tax prepayment obligation with respect to the contracts.
(10) On or before June 1st of each year, the commis-
sioner must notify each taxpayer required to make prepay-
ments in that year of the amount of each prepayment and
must provide remittance forms to be used by the taxpayer.
However, a taxpayer’s responsibility to make prepayments is
not affected by failure of the commissioner to send, or the
taxpayer to receive, the notice or forms. [2011 c 47 § 8; 2009

(b) The report shall be certified by the commissioner or by the examiner-in-charge of the examination, and shall be filed in the commissioner’s office subject to (c) of this subsection.

(c) The commissioner shall furnish a copy of the market conduct examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner’s office. If the person so requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(d) Within thirty days of the end of the period described in (c) of this subsection, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner’s work papers and enter an order:

(i) Adopting the market conduct examination report as filed or with modification or corrections. If the market conduct examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(ii) Rejecting the market conduct examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refiling under this subsection;

(e) All orders entered under (d) of this subsection must be accompanied by findings and conclusions resulting from the commissioner’s consideration and review of the market conduct examination report, relevant examiner work papers, and any written submissions or rebuttals. The order is considered a final administrative decision and may be appealed under the administrative procedure act, chapter 34.05 RCW, and must be served upon the company by certified mail or certifiable electronic means, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail or certifiable electronic means to each director at the director’s residential address or to a personal e-mail account.

(f)(i) Upon the adoption of the market conduct examination report under (d) of this subsection, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(ii) If the commissioner determines that regulatory action is appropriate as a result of any market conduct examination, he or she may initiate any proceedings or actions as provided by law.

(iii) Nothing contained in this subsection requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

(g) The insurer’s response shall be included in the commissioner’s order adopting the final report as an exhibit to the order. The insurer is not obligated to submit a response.

(13) The commissioner may withhold from public inspection any examination or investigation report for so long as he or she deems it advisable.

(14)(a) Market conduct examinations within this state of any insurer domiciled or having its home offices in this state,
other than a title insurer, made by the commissioner or the commissioner’s examiners and employees shall, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(b) Every other examination, whatsoever, or any part of the market conduct examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(c) When making a market conduct examination under this chapter, the commissioner may contract, in accordance with applicable state contracting procedures, for qualified attorneys, appraisers, independent certified public accountants, contract actuaries, and other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter, as examiners as the commissioner deems necessary for the efficient conduct of a particular examination. The compensation and per diem allowances paid to such contract persons shall be reasonable in the market and time incurred, shall not exceed one hundred twenty-five percent of the compensation and per diem allowances for examiners set forth in the guidelines adopted by the national association of insurance commissioners, unless the commissioner demonstrates that one hundred twenty-five percent is inadequate under the circumstances of the examination, and subject to the provisions of (a) of this subsection.

(d)(i) The person examined and liable shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner’s examiners, their reasonable living expenses allowance, and their per diem compensation, including salary and the employer’s cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem, salary, and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the national association of insurance commissioner’s recommended salary and expense schedule for zone examiners, or the salary schedule established by the human resources director and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

(ii) The commissioner or the commissioner’s examiners shall not receive or accept any additional emolument on account of any examination.

(iii) Market conduct examination fees subject to being reimbursed by an insurer shall be itemized and bills shall be provided to the insurer on a monthly basis for review prior to submission for payment, or as otherwise provided by state law.

(e) Nothing contained in this chapter limits the commissioner’s authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

(f) The commissioner shall maintain active management and oversight of market conduct examination costs, including costs associated with the commissioner’s own examiners, and with retaining qualified contract examiners necessary to perform an examination. Any agreement with a contract examiner shall:

(i) Clearly identify the types of functions to be subject to outsourcing;

(ii) Provide specific timelines for completion of the outsourced review;

(iii) Require disclosure to the insurer of contract examiners’ recommendations;

(iv) Establish and use a dispute resolution or arbitration mechanism to resolve conflicts with insurers regarding examination fees; and

(v) Require disclosure of the terms of the contracts with the outside consultants that will be used, specifically the fees and/or hourly rates that can be charged.

48.41.060 Board powers and duties. (1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) Designate or establish the standard health questionnaire to be used under RCW 48.41.100 and 48.43.018, including the form and content of the standard health questionnaire and the method of its application. The questionnaire must provide for an objective evaluation of an individual’s health status by assigning a discreet measure, such as a system of point scoring to each individual. The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the eight percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;

(b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that
the standard health questionnaire meets the requirements of (a) of this subsection;

(c) Approve the standard health questionnaire and any modifications needed to comply with this chapter. The standard health questionnaire shall be submitted to an actuary for certification, modified as necessary, and approved at least every thirty-six months unless at the time when certification is required the pool will be discontinued before the end of the succeeding thirty-six month period. The designation and approval of the standard health questionnaire by the board shall not be subject to review and approval by the commissioner. The standard health questionnaire or any modification thereto shall not be used until ninety days after public notice of the approval of the questionnaire or any modification thereto, except that the initial standard health questionnaire approved for use by the board after March 23, 2000, may be used immediately following public notice of such approval;

(d) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

(e)(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the board;

(f) Issue policies of health coverage in accordance with the requirements of this chapter;

(g) Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

(h) Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

(i) Set a reasonable fee to be paid to an insurance producer licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(j) Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW.

Severability—Effective date—2004 c 260: See notes following RCW 48.03.020.

Report on implementation of 1987 c 431: “The board shall report to the commissioner and the appropriate committees of the legislature at April 1, 1990, on the implementation of this act. The report shall include information regarding enrollment, coverage utilization, cost, and any problems with the program and suggest remedies.” [1987 c 431 § 26.]

(b) For purposes of (a)(v) of this subsection (1), a person does not have access to a reasonable choice of plans unless the person has a choice of health maintenance organization or preferred provider organization medicare part C plans offered by at least three different carriers that have had provider networks in the person’s county of residence for at least five years. The plan options must include coverage at least as comprehensive as a plan F medicare supplement plan combined with medicare parts A and B. In addition, if no health maintenance organization or preferred provider organization plan includes the health care provider with whom the person has an established care relationship and from whom he or she has received treatment within the past twelve months, the person does not have reasonable access.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than non-payment of premiums. (c) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(a)(iv) of this section.

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(a)(iii) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(a)(iii) of this section, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator.

(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person’s eligibility for pool coverage under subsection (1)(a)(iii) of this section within thirty days of determining that he or she is no longer eligible;

(c) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator’s determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; (iii) describe the procedures for the administration of the standard health questionnaire to determine the person’s continued eligibility for coverage under subsection (1)(a)(ii) of this section; and (iv) describe the enrollment process for the available options outside of the pool.

(4) The board shall ensure that an independent analysis of the eligibility standards for the pool coverage is conducted, including examining the eight percent eligibility threshold, eligibility for medicaid enrollees and other publicly sponsored enrollees, and the impacts of the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007. (5) The board shall design and employ cost containment measures and requirements such as, but not limited to, care coordination, provider network limitations, precertification certification, and concurrent inpatient review which may make the pool more cost-effective.

(6) The pool benefit policy may contain benefit limitations, exceptions, and cost shares such as copayments, coinsurance, and deductibles that are consistent with managed care products, except that differential cost shares may be adopted by the board for nonnetwork providers under point of service plans. No limitation, exception, or reduction may be used that would exclude coverage for any disease, illness, or injury.

(7)(a) The pool may not reject an individual for health plan coverage based upon preexisting conditions of the individual or deny, exclude, or otherwise limit coverage for an individual’s preexisting health conditions; except that it shall impose a six-month benefit waiting period for preexisting conditions for which medical advice was given, for which a health care provider recommended or provided treatment, or for which a prudent layperson would have sought advice or treatment, within six months before the effective date of coverage. The preexisting condition waiting period shall not apply to prenatal care services. The pool may not avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. Credit against the waiting period shall be as provided in subsection (8) of this section.

(b) The pool shall not impose any preexisting condition waiting period for any person under the age of nineteen.

(8)(a) Except as provided in (b) of this subsection, the pool shall credit any preexisting condition waiting period in its plans for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new pool plan. For the person previously enrolled in a group health benefit plan, the pool must credit the aggregate of all periods of preceding coverage not separated by more than sixty-three days toward the waiting period of the new health plan. For the person previously enrolled in an individual health benefit plan other than a catastrophic health plan, the pool must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan.

(b) The pool shall waive any preexisting condition waiting period for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(9) If an application is made for the pool policy as a result of rejection by a carrier, then the date of application to the carrier, rather than to the pool, should govern for purposes of determining preexisting condition credit.

(10) The pool shall contract with organizations that provide care management that has been demonstrated to be effective and shall encourage enrollees who are eligible for care management services to participate. The pool may encourage the use of shared decision making and certified decision aids for preference-sensitive care areas. [2011 c 315 § 6. 48.41.140 Coverage for children, dependents. (1) Coverage shall provide that health insurance benefits are applicable to children of the person in whose name the policy is issued including adopted and newly born natural children. Coverage shall also include necessary care and treatment of medically diagnosed congenital defects and birth abnormalities. If payment of a specific premium is required to provide coverage for the child, the policy may require that notification of the birth or adoption of a child and payment of the required premium must be furnished to the pool within thirty-one days after the date of birth or adoption in order to have the coverage continued beyond the thirty-one day period. For purposes of this subsection, a child is deemed to be adopted, and benefits are payable, when the child is physically placed for purposes of adoption under the laws of this state with the person in whose name the policy is issued; and, when the per-
son in whose name the policy is issued assumes financial responsibility for the medical expenses of the child. For purposes of this subsection, "newly born" means, and benefits are payable, from the moment of birth.

(2) A pool policy shall provide that coverage of a dependent, person shall terminate when the person becomes twenty-six years of age: PROVIDED, That coverage of such person shall not terminate at age twenty-six while he or she is and continues to be both (a) incapable of self-sustaining employment by reason of developmental disability or physical handicap and (b) chiefly dependent upon the person in whose name the policy is issued for support and maintenance, provided proof of such incapacity and dependency is furnished to the pool by the policyholder within thirty-one days of the dependent’s attainment of age twenty-six and subsequently as may be required by the pool but not more frequently than annually after the two-year period following the dependent’s attainment of age twenty-six. No carrier may impose a preexisting condition waiting period on an individual health benefit plan issued to an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. 300gg-41(b)).

(4) Individual health benefit plan preexisting condition waiting periods shall not apply to prenatal care services.

(5) No carrier may avoid the requirements of this section through the creation of a new rate classification or the modification of an existing rate classification. A new or changed rate classification will be deemed an attempt to avoid the provisions of this section if the new or changed classification would substantially discourage applications for coverage from individuals who are higher than average health risks. These provisions apply only to individuals who are Washington residents.

(2) Except for a physician at a referring laboratory that has been billed pursuant to subsection (6) of this section, no licensed practitioner in the state may, directly or indirectly, charge, bill, or otherwise solicit payment for anatomic pathology services unless such services were rendered personally by the licensed practitioner or under the licensed practitioner’s direct supervision in accordance with section 353 of the public health service act (42 U.S.C. Sec. 263a).

(3) No patient, insurer, third-party payer, hospital, public health clinic, or nonprofit health clinic may be required to reimburse any licensed practitioner for charges or claims submitted in violation of this section.

(4) Nothing in this section may be construed to mandate the assignment of benefits for anatomic pathology services as defined in this section.

48.43.517 Enrollment of child participating in medical assistance program—Employer-sponsored health plan. When the health care authority has determined that it is cost-effective to enroll a child participating in a medical assistance program under chapter 74.09 RCW in an employer-sponsored health plan, the carrier shall permit the enrollment of the participant who is otherwise eligible for coverage in the health plan without regard to any open enrollment restrictions. The request for special enrollment shall be made by the authority or participant within sixty days of the authority’s determination that the enrollment would be cost-effective. [2011 1st sp.s. c 15 § 78; 2007 c 5 § 7.]

48.43.530 Requirement for carriers to have a comprehensive grievance process—Carrier’s duties—Procedures—Appeals—Rules. (1) Each carrier that offers a health plan must have a fully operational, comprehensive grievance process that complies with the requirements of this section and any rules adopted by the commissioner to implement this section. For the purposes of this section, the commissioner shall consider grievance process standards adopted by national managed care accreditation organizations and state agencies that purchase managed health care services, and for health plans that are not grandfathered health plans as approved by the United States department of health and human services or the United States department of labor.

(2) Each carrier must process as a complaint an enrollee’s expression of dissatisfaction about customer service or the quality or availability of a health service. Each carrier must implement procedures for registering and responding to oral and written complaints in a timely and thorough manner.

(3) Each carrier must provide written notice to an enrollee or the enrollee’s designated representative, and the enrollee’s provider, of its decision to deny, modify, reduce, or terminate payment, coverage, authorization, or provision of health care services or benefits, including the admission to or continued stay in a health care facility.

(4) Each carrier must process as an appeal an enrollee’s written or oral request that the carrier reconsider: (a) Its resolution of a complaint made by an enrollee; or (b) its decision to deny, modify, reduce, or terminate payment, coverage, authorization, or provision of health care services or benefits, including the admission to, or continued stay in, a health care facility. A carrier must not require that an enrollee file a complaint prior to seeking appeal of a decision under (b) of this subsection.

(5) To process an appeal, each carrier must:
   (a) Provide written notice to the enrollee when the appeal is received;
   (b) Assist the enrollee with the appeal process;
   (c) Make its decision regarding the appeal within thirty days of the date the appeal is received. An appeal must be expedited if the enrollee’s provider or the carrier’s medical director reasonably determines that following the appeal process response timelines could seriously jeopardize the enrollee’s life, health, or ability to regain maximum function. The decision regarding an expedited appeal must be made within seventy-two hours of the date the appeal is received;
   (d) Cooperate with a representative authorized in writing by the enrollee;
   (e) Consider information submitted by the enrollee;
   (f) Investigate and resolve the appeal; and
   (g) Provide written notice of its resolution of the appeal to the enrollee and, with the permission of the enrollee, to the enrollee’s providers. The written notice must explain the carrier’s decision and the supporting coverage or clinical reasons and the enrollee’s right to request independent review of the carrier’s decision under RCW 48.43.535.

(6) Written notice required by subsection (3) of this section must explain:
   (a) The carrier’s decision and the supporting coverage or clinical reasons; and
   (b) The carrier’s appeal process, including information, as appropriate, about how to exercise the enrollee’s rights to obtain a second opinion, and how to continue receiving services as provided in this section.

(7) When an enrollee requests that the carrier reconsider its decision to modify, reduce, or terminate an otherwise covered health service that an enrollee is receiving through the health plan and the carrier’s decision is based upon a finding that the health service, or level of health service, is no longer medically necessary or appropriate, the carrier must continue to provide that health service until the appeal is resolved. If the resolution of the appeal or any review sought by the enrollee under RCW 48.43.535 affirms the carrier’s decision, the enrollee may be responsible for the cost of this continued health service.

(8) Each carrier must provide a clear explanation of the grievance process upon request, upon enrollment to new enrollees, and annually to enrollees and subcontractors.

(9) Each carrier must ensure that the grievance process is accessible to enrollees who are limited English speakers, who have literacy problems, or who have physical or mental disabilities that impede their ability to file a grievance.

(10) Each carrier must: Track each appeal until final resolution; maintain, and make accessible to the commissioner for a period of three years, a log of all appeals; and identify
and evaluate trends in appeals. [2011 c 314 § 4; 2000 c 5 § 10.]

48.43.535 Independent review of health care disputes—System for using certified independent review organizations—Rules. (1) There is a need for a process for the fair consideration of disputes relating to decisions by carriers that offer a health plan to deny, modify, reduce, or terminate coverage of or payment for health care services for an enrollee.

(2) An enrollee may seek review by a certified independent review organization of a carrier’s decision to deny, modify, reduce, or terminate coverage of or payment for a health care service, after exhausting the carrier’s grievance process and receiving a decision that is unfavorable to the enrollee, or after the carrier has exceeded the timelines for grievances provided in RCW 48.43.530, without good cause and without reaching a decision.

(3) The commissioner must establish and use a rotational registry system for the assignment of a certified independent review organization to each dispute. The system should be flexible enough to ensure that an independent review organization has the expertise necessary to review the particular medical condition or service at issue in the dispute, and that any approved independent review organization does not have a conflict of interest that will influence its independence.

(4) Carriers must provide to the appropriate certified independent review organization, not later than the third business day after the date the carrier receives a request for review, a copy of:

(a) Any medical records of the enrollee that are relevant to the review;
(b) Any documents used by the carrier in making the determination to be reviewed by the certified independent review organization;
(c) Any documentation and written information submitted to the carrier in support of the appeal; and
(d) A list of each physician or health care provider who has provided care to the enrollee and who may have medical records relevant to the appeal. Health information or other confidential or proprietary information in the custody of a carrier may be provided to an independent review organization, subject to rules adopted by the commissioner.

(5) Enrollees must be provided with at least five business days to submit to the independent review organization in writing additional information that the independent review organization must consider when conducting the external review. The independent review organization must forward any additional information submitted by an enrollee to the plan or carrier within one business day of receipt by the independent review organization.

(6) The medical reviewers from a certified independent review organization will make determinations regarding the medical necessity or appropriateness of, and the application of health plan coverage provisions to, health care services for an enrollee. The medical reviewers’ determinations must be based upon their expert medical judgment, after consideration of relevant medical, scientific, and cost-effectiveness evidence, and medical standards of practice in the state of Washington. Except as provided in this subsection, the certified independent review organization must ensure that determinations are consistent with the scope of covered benefits as outlined in the medical coverage agreement. Medical reviewers may override the health plan’s medical necessity or appropriateness standards if the standards are determined upon review to be unreasonable or inconsistent with sound, evidence-based medical practice.

(7) Once a request for an independent review determination has been made, the independent review organization must proceed to a final determination, unless requested otherwise by both the carrier and the enrollee or the enrollee’s representative.

(a) An enrollee or carrier may request an expedited external review if the adverse benefit determination or internal adverse benefit determination concerns an admission, availability of care, continued stay, or health care service for which the claimant received emergency services but has not been discharged from a facility; or involves a medical condition for which the standard external review time frame of forty-five days would seriously jeopardize the life or health of the enrollee or jeopardize the enrollee’s ability to regain maximum function. The independent review organization must make its decision to uphold or reverse the adverse benefit determination or final internal adverse benefit determination and notify the enrollee and the carrier or health plan of the determination as expeditiously as possible but within not more than seventy-two hours after the receipt of the request for expedited external review. If the notice is not in writing, the independent review organization must provide written confirmation of the decision within forty-eight hours after the date of the notice of the decision.

(b) For claims involving experimental or investigational treatments, the internal review organization must ensure that adequate clinical and scientific experience and protocols are taken into account as part of the external review process.

(8) Carriers must timely implement the certified independent review organization’s determination, and must pay the certified independent review organization’s charges.

(9) When an enrollee requests independent review of a dispute under this section, and the dispute involves a carrier’s decision to modify, reduce, or terminate an otherwise covered health service, after exhausting the carrier’s grievance process and receiving a decision that is unfavorable to the enrollee, or after the carrier has exceeded the timelines for grievances provided in RCW 48.43.530, without good cause and without reaching a decision.

(10) Each certified independent review organization must maintain written records and make them available upon request to the commissioner.

(11) A certified independent review organization may notify the office of the insurance commissioner if, based upon its review of disputes under this section, it finds a pattern of substandard or egregious conduct by a carrier.

(12)(a) The commissioner shall adopt rules to implement this section after considering relevant standards adopted by
national managed care accreditation organizations and the
national association of insurance commissioners.

(b) This section is not intended to supplant any existing
authority of the office of the insurance commissioner under
this title to oversee and enforce carrier compliance with
applicable statutes and rules. [2011 c 314 § 5; 2000 c 5 § 11.]

(4) The authority to act as a broker continues in force until suspended, revoked, or not renewed. The authority to act as a broker automatically expires if not timely renewed.

(a) If the renewal fee is not received by the commissioner prior to the expiration date, the broker must pay to the commissioner in addition to the renewal fee, a surcharge as follows:

(i) For the first thirty days or part thereof of delinquency the surcharge is fifty percent of the renewal fee;

Service upon the commissioner as attorney constitutes effective legal service upon the protection product guarantee provider.

(a) With the appointment the protection product guarantee provider must designate the person to whom the commissioner must forward legal process so served upon him or her.

(b) The appointment is irrevocable, binds any successor in interest or to the assets or liabilities of the protection product guarantee provider, and remains in effect for as long as there could be any cause of action against the protection product guarantee provider arising out of any of the protection product guarantee provider’s contracts or obligations in this state.

(c) The service of process must be accomplished and processed in the manner prescribed under RCW 48.02.200.

(5) The commissioner may refuse to issue a registration if the commissioner determines that the protection product guarantee provider, or any individual responsible for the conduct of the affairs of the protection product guarantee provider under subsection (3)(a) of this section, is not competent, trustworthy, financially responsible, or has had a license as a protection product guarantee provider or similar license denied or revoked for cause by any state.

(6) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the protection product guarantee provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the protection product guarantee provider and payment of a fee of two hundred fifty dollars. If not so renewed, the registration expires on the June 30th next preceding.

(7) A protection product guarantee provider must keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs. (d) The appointment is irrevocable, binds any successor in interest to or to the assets or liabilities of the discount plan organization, and remains in effect for as long as there could be any cause of action against the discount plan organization arising out of the discount plan organization’s transactions in this state.

(e) The service of process must be accomplished and processed in the manner prescribed under RCW 48.02.200.

(A) The applicant has fulfilled the requirements of this section and the minimum capital requirements in accordance with RCW 48.155.030; and

(B) The persons who own, control, and manage the applicant are competent and trustworthy and possess managerial experience that would make the proposed operation of the discount plan organization beneficial to discount plan members; or

(i) Issue a license if the commissioner is satisfied that the applicant has met the following:

(A) The applicant has fulfilled the requirements of this section and the minimum capital requirements in accordance with RCW 48.155.030; and

(B) The persons who own, control, and manage the applicant are competent and trustworthy and possess managerial experience that would make the proposed operation of the discount plan organization beneficial to discount plan members; or

(ii) Disapprove the application and state the grounds for disapproval.

(b) Whenever the discount plan organization loses its license or other form of authority in that other state to operate as a discount plan organization, or is the subject of any disciplinary administrative proceeding related to the organization’s operating as a discount plan organization in that other state, the discount plan organization must immediately notify the commissioner.

(5) After the receipt of an application filed under subsection (2) or (4) of this section, the commissioner must review the application and notify the applicant of any deficiencies in the application.

(6)(a) Within ninety days after the date of receipt of a completed application, the commissioner must:

(i) Issue a license if the commissioner is satisfied that the applicant has met the following:

(A) The applicant has fulfilled the requirements of this section and the minimum capital requirements in accordance with RCW 48.155.030; and

(B) The persons who own, control, and manage the applicant are competent and trustworthy and possess managerial experience that would make the proposed operation of the discount plan organization beneficial to discount plan members; or

(ii) Disapprove the application and state the grounds for disapproval.

(b) In making a determination under (a) of this subsection, the commissioner may consider, for example, whether the applicant or an officer or manager of the applicant: (i) Is not financially responsible; (ii) does not have adequate expertise or experience to operate a medical discount plan organization; or (iii) is not of good character. Among the factors that the commissioner may consider in making the determination is whether the applicant or an affiliate or a business formerly owned or managed by the applicant or an officer or manager of the applicant has had a previous application for a license, or other authority, to operate as any entity regulated by the commissioner denied, revoked, suspended, or terminated for cause, or is under investigation for or has been
found in violation of a statute or regulation in another jurisdiction within the previous five years.

(7) Prior to licensure by the commissioner, each discount plan organization must establish an internet web site in order to conform to the requirements of RCW 48.155.070(2).

(8)(a) A license is effective for up to one year, unless prior to its expiration the license is renewed in accordance with this subsection or suspended or revoked in accordance with subsection (9) of this section. Licenses issued or renewed on or after July 1, 2010, will be subject to renewal annually on July 1st. If not so renewed, the license will automatically expire on the renewal date.

(b) At least ninety days before a license expires, the discount plan organization must submit:
   (i) A renewal application form; and
   (ii) A two hundred dollar renewal application fee for deposit into the general fund.

(c) The commissioner must renew the license of each holder that meets the requirements of this chapter and pays the appropriate renewal fee required.

(9)(a) The commissioner may suspend the authority of a discount plan organization to enroll new members or refuse to renew or revoke a discount plan organization's license if the commissioner finds that any of the following conditions exist:
   (i) The discount plan organization is not operating in compliance with this chapter;
   (ii) The discount plan organization does not have the minimum net worth as required under RCW 48.155.030;
   (iii) The discount plan organization has advertised, merchandised, or attempted to merchandize its services in such a manner as to misrepresent its services or capacity for service or has engaged in deceptive, misleading, or unfair practices with respect to advertising or merchandising;
   (iv) The discount plan organization is not fulfilling its obligations as a discount plan organization; or
   (v) The continued operation of the discount plan organization would be hazardous to its members.

(b) If the commissioner has cause to believe that grounds for the nonrenewal, suspension, or revocation of a license exist, the commissioner must notify the discount plan organization in writing specifically stating the grounds for the refusal to renew or suspension or revocation and may also pursue a hearing on the matter under chapter 48.04 RCW.

(c) When the license of a discount plan organization is nonrenewed, surrendered, or revoked, the discount plan organization must immediately upon the effective date of the order of revocation or, in the case of a nonrenewal, the date of expiration of the license, stop any further advertising, solicitation, collecting of fees, or renewal of contracts, and proceed to wind up its affairs transacted under the license.

(d)(i) When the commissioner suspends a discount plan organization's authority to enroll new members, the suspension order must specify the period during which the suspension is to be in effect and the conditions, if any, that must be met by the discount plan organization prior to reinstatement of its license to enroll members.

   (ii) The commissioner may rescind or modify the order of suspension prior to the expiration of the suspension period.

   (iii) The license of a discount plan organization may not be reinstated unless requested by the discount plan organization.

   (c) The commissioner may not grant the request for reinstatement if the commissioner finds that the circumstances for which the suspension occurred still exist or are likely to recur.

(10) Each licensed discount plan organization must notify the commissioner immediately whenever the discount plan organization’s license, or other form of authority to operate as a discount plan organization in another state, is suspended, revoked, or nonrenewed in that state.

(11) A health care provider who provides discounts to his or her own patients without any cost or fee of any kind to the patient is not required to obtain and maintain a license under this chapter as a discount plan organization. [2011 c 47 § 18; 2010 c 27 § 6; 2009 c 175 § 5.]

(1) If after an inspection or investigation the director or the director’s authorized representative issues a citation under the authority of RCW 49.17.120 or 49.17.130, the department, within a reasonable time after the termination of such inspection or investigation, shall notify the employer using a method by which the mailing can be tracked or the delivery can be confirmed of the penalty to be assessed under the authority of RCW 49.17.180 and shall state that the employer has fifteen working days within which to notify the director that the employer intends to appeal the citation or assessment penalty, and no notice is filed by any employee or representative of employees under subsection (3) of this section within such time, the citation and the assessment shall be deemed a final order of the department and not subject to review by any court or agency.

(2) If the director has reason to believe that an employer has failed to correct a violation for which the employer was previously cited and which has become a final order, the director shall notify the employer using a method by which the mailing can be tracked or the delivery can be confirmed of such failure to correct the violation and of the penalty to be assessed under RCW 49.17.180 by reason of such failure, and shall state that the employer has fifteen working days from the communication of such notification and assessment of penalty to notify the director that the employer wishes to appeal the director’s notification of the assessment of penalty. If, within fifteen working days from the receipt of notification issued by the director the employer fails to notify the director that the employer intends to appeal the notification of assessment of penalty, the notification and assessment of penalty shall be deemed a final order of the department and not subject to review by any court or agency.

(3) If any employer notifies the director that the employer intends to appeal the citation issued under either RCW 49.17.120 or 49.17.130 or notification of the assessment of a penalty issued under subsections (1) or (2) of this section, or if, within fifteen working days from the issuance of a citation under either RCW 49.17.120 or 49.17.130 any employer or representative of employees files a notice with the director alleging that the period of time fixed in the citation for the abatement of the violation is unreasonable, the director may reassume jurisdiction over the entire matter, or any portion thereof upon which notice of intention to appeal has been filed with the director pursuant to this subsection. If the director reassumes jurisdiction of all or any portion of the matter upon which notice of appeal has been filed with the director, any redetermination shall be completed and corrective notices of assessment of penalty, citations, or revised periods of abatement completed within a period of thirty working days. The thirty-working-day redetermination period may be extended up to fifteen additional working days upon agreement of all parties to the appeal. The redetermination shall then become final subject to direct appeal to the board of industrial insurance appeals within fifteen working days of such redetermination with service of notice of appeal upon the director. In the event that the director does not reassume jurisdiction as provided in this subsection, the director shall promptly notify the state board of industrial insurance appeals of all notifications of intention to appeal any such citations, any such notices of assessment of penalty and any employee or representative of employees notice of intention to appeal the period of time fixed for abatement of a violation and in addition certify a full copy of the record in such appeal matters to the board. The director shall adopt rules of procedure for the reasumption of jurisdiction under this subsection affording employers, employees, and employee representatives notice of the reasumption of jurisdiction by the director, and an opportunity to object or support the reasumption of jurisdiction, either in writing or orally at an informal conference to be held prior to the expiration of the redetermination period. Except as otherwise provided under subsection (4) of this section, a notice of appeal filed under this section shall stay the effectiveness of any citation or notice of the assessment of a penalty pending review by the board of industrial insurance appeals, but such appeal shall not stay the effectiveness of any order of immediate restraint issued by the director under the authority of RCW 49.17.130. The board of industrial insurance appeals shall afford an opportunity for a hearing in the case of each such appellant.
and the department shall be represented in such hearing by the attorney general and the board shall in addition provide affected employees or authorized representatives of affected employees an opportunity to participate as parties to hearings under this subsection. The board shall thereafter make disposition of the issues in accordance with procedures relative to contested cases appealed to the state board of industrial insurance appeals.

Upon application by an employer showing that a good faith effort to comply with the abatement requirements of a citation has been made and that the abatement has not been completed because of factors beyond the employer’s control, the director after affording an opportunity for a hearing shall issue an order affirming or modifying the abatement requirements in such citation.

(4) An appeal of any violation classified and cited as serious, willful, repeated serious violation, or failure to abate a serious violation does not stay abatement dates and requirements except as follows:

(a) An employer may request a stay of abatement for any serious, willful, repeated serious violation, or failure to abate a serious violation in a notice of appeal under subsection (3) of this section;

(b) When the director reassumes jurisdiction of an appeal under subsection (3) of this section, it will include the stay of abatement request. The issued redetermination decision will include a decision on the stay of abatement request. The department shall stay the abatement for any serious, willful, repeated serious violation, or failure to abate a serious violation where the department cannot determine that the preliminary evidence shows a substantial probability of death or serious physical harm to workers. The decision on stay of abatement will be final unless the employer renews the request for a stay of abatement in any direct appeal of the redetermination to the board of industrial insurance appeals under subsection (3) of this section;

(c) The board of industrial insurance appeals shall adopt rules necessary for conducting an expedited review on any stay of abatement requests identified in the employer’s notice of appeal, and shall issue a final decision within forty-five working days of the board’s notice of filing of appeal. This rule making shall be initiated in 2011;

(d) Affected employees or their representatives must be afforded an opportunity to participate as parties in an expedited review for stay of abatement;

(e) The board shall grant a stay of an abatement for a serious, willful, repeated serious violation, or failure to abate a serious violation where there is good cause for a stay unless based on the preliminary evidence it is more likely than not that a stay would result in death or serious physical harm to a worker;

(f) As long as a motion to stay abatement is pending all abatement requirements will be stayed.

(5) When the board of industrial insurance appeals denies a stay of abatement and abatement is required while the appeal is adjudicated, the abatement process must be the same process as the process required for abatement upon a final order.

(6) The department shall develop rules necessary to implement subsections (4) and (5) of this section. In an application for a stay of abatement, the department will not grant a stay when it can determine that the preliminary evidence shows a substantial probability of death or serious physical harm to workers. The board will not grant a stay where based on the preliminary evidence it is more likely than not that a stay would result in death or serious physical harm to a worker. This rule making shall be initiated in 2011. [2011 c 301 § 13; 2011 c 91 § 1; 1994 c 61 § 1; 1986 c 20 § 1; 1973 c 80 § 14.]

(3) Any employer who wilfully and knowingly violates the requirements of RCW 49.17.060, any safety or health standard promulgated under this chapter, any existing rule or regulation governing the safety or health conditions of employment and adopted by the director, or any order issued granting a variance under RCW 49.17.080 or 49.17.090 and that violation caused death to any employee shall, upon conviction be guilty of a gross misdemeanor and be punished by a fine of not more than one hundred thousand dollars or by imprisonment for not more than six months or by both; except, that if the conviction is for a violation committed after a first conviction of such person, punishment shall be a fine of not more than two hundred thousand dollars or by imprisonment for not more than three hundred sixty-four days, or by both.

(4) Any employer who has been issued an order immediately restraining a condition, practice, method, process, or means in the work place, pursuant to RCW 49.17.130 or 49.17.170, and who nevertheless continues such condition, practice, method, process, or means, or who continues to use a machine or equipment or part thereof to which a notice prohibiting such use has been attached, shall be guilty of a gross misdemeanor, and upon conviction shall be punished by a fine of not more than ten thousand dollars or by imprisonment for not more than six months, or by both.

This shall include projects to: Prevent workplace injuries, illnesses, and fatalities; create early return-to-work programs; and reduce long-term disability through the cooperation of employers and employees or their representatives.

(2) Awards may be granted to organizations such as, but not limited to, trade associations, business associations, employers, employees, labor unions, employee organizations, joint labor and management groups, and educational institutions in collaboration with state fund employer and employee representatives.

(3) Awards may not be used for lobbying or political activities; supporting, opposing, or developing legislative or regulatory initiatives; any activity not designed to reduce workplace injuries, illnesses, or fatalities; or reimbursing employers for the normal costs of complying with safety and health rules.

(4) Funds for awards shall be distributed as follows: At least twenty-five percent for projects designed to develop and implement innovative and effective return-to-work programs for injured workers; at least twenty-five percent for projects that specifically address the needs of small businesses; and at least fifty percent for projects that foster workplace injury and illness prevention by addressing priorities identified by the department in cooperation with the Washington industrial safety and health act advisory committee and the workers’ compensation advisory committee.

(5) The department shall adopt rules as necessary to implement this section. [2011 1st sp.s. c 37 § 501.]

49.17.460 Definitions. The definitions in this section apply throughout RCW 49.17.465, this section, and section 1, chapter 39, Laws of 2011 unless the context clearly requires otherwise.

(1) "Antineoplastic drug" means a chemotherapeutic agent that controls or kills cancer cells.

(2) "Hazardous drugs" means any drug identified by the national institute for occupational safety and health (NIOSH), early concerns about occupational exposure to antineoplastic drugs first appeared in the 1970s. Antineoplastic and other hazardous drugs may cause skin rashes, infertility, miscarriage, birth defects, and have been linked to a wide variety of cancers. The national institute for occupational safety and health published an alert on preventing occupational exposures to antineoplastic and other hazardous drugs in health care settings in 2004 with an update in 2010. In this alert, the institute "presents a standard precautions or universal precautions approach to handling hazardous drugs safely: that is, NIOSH recommends that all hazardous drugs be handled as outlined in this Alert." It is the intent of the legislature to require health care facilities to follow rules requiring compliance with all aspects of the institute’s alert regardless of the setting in order to protect health care personnel from hazardous exposure to such drugs. [2011 c 39 § 1.]

49.17.465 Handling hazardous drugs—Health care facilities—Rules. The director of labor and industries shall adopt by rule requirements for the handling of antineoplastic and other hazardous drugs in health care facilities regardless of the setting. Rule making under this section shall consider input from hospitals, organizations representing health care personnel, other stakeholders and shall consider reasonable time for facilities to implement new requirements. The rules will be consistent with and not exceed provisions adopted by the national institute for occupational safety and health’s 2004 alert on preventing occupational exposures to antineoplastic and other hazardous drugs in health care settings as updated in 2010. The department’s adoption of the rules may incorporate updates and changes to the institute’s guidelines as made by the centers for disease control and prevention. Enforcement of these requirements will be according to all provisions in this chapter. [2011 c 39 § 3.]

49.26.110 Asbestos projects—Worker’s and supervisor’s certificates. (1) No employee or other individual is eligible to do work governed by this chapter unless issued a certificate by the department.

(2) To qualify for a certificate:

(a) Certified asbestos workers must have successfully completed a four-day training course. Certified asbestos supervisors must have completed a five-day training course. Training courses shall be provided or approved by the department; shall cover such topics as the health and safety aspects of the removal and encapsulation of asbestos, including but not limited to the federal and state standards regarding protective clothing, respirator use, disposal, air monitoring, cleaning, and decontamination; and shall meet such additional qualifications as may be established by the department by rule for the type of certification sought. The department may require the successful completion of annual refresher courses provided or approved by the department for continued certification as an asbestos worker or supervisor. However, the authority of the director to adopt rules implementing this section is limited to rules that are specifically required, and only to the extent specifically required, for the standards to be as stringent as the applicable federal laws governing work subject to this chapter; and

(b) All applicants for certification as asbestos workers or supervisors must pass an examination in the type of certification sought which shall be provided or approved by the department.

These requirements are intended to represent the minimum requirements for certification and shall not preclude contractors or employers from providing additional education or training.

(3) The department shall provide for the reciprocal certification of any individual trained to engage in asbestos projects in another state when the prior training is shown to be substantially similar to the training required by the department. Nothing shall prevent the department from requiring such individuals to take an examination or refresher course before certification.

(4) The department may deny, suspend, or revoke a certificate, as provided under RCW 49.26.140, for failure of the holder to comply with any requirement of this chapter or chapter 49.17 RCW, or any rule adopted under those chapters, or applicable health and safety standards and regulations. In addition to any penalty imposed under RCW 49.26.016, the department may suspend or revoke any certificate issued under this chapter for a period of not less than six months upon the following grounds:

(a) The certificate was obtained through error or fraud; or

(b) The holder thereof is judged to be incompetent to carry out the work for which the certificate was issued.

Before any certificate may be denied, suspended, or revoked, the holder thereof shall be given written notice of the department’s intention to do so, mailed using a method by which the mailing can be tracked or the delivery can be confirmed to the holder’s last known address. The notice shall enumerate the allegations against such holder, and shall give him or her the opportunity to request a hearing before the department. At such hearing, the department and the holder shall have opportunity to produce witnesses and give testimony.

(5) A denial, suspension, or revocation order may be appealed to the board of industrial insurance appeals within fifteen working days after the denial, suspension, or revocation order is entered. The notice of appeal may be filed with the department or the board of industrial insurance appeals. The board of industrial insurance appeals shall hold the hearing in accordance with procedures established in RCW 49.17.140. Any party aggrieved by an order of the board of industrial insurance appeals may obtain superior court review in the manner provided in RCW 49.17.150.

(6) Each person certified under this chapter shall display, upon the request of an authorized representative of the department, valid identification issued by the department. [2011 c 301 § 14; 1995 c 218 § 4; 1989 c 154 § 5. Prior: 1988 c 271 § 10; 1985 c 387 § 2.]

49.48.083 Wage complaints—Duty of department to investigate—Citations and notices of assessment—Civil penalties. (1) If an employee files a wage complaint with the department, the department shall investigate the wage com-
plaint. Unless otherwise resolved, the department shall issue
either a citation and notice of assessment or a determination
of compliance no later than sixty days after the date on which
the department received the wage complaint. The department
may extend the time period by providing advance written
notice to the employee and the employer setting forth good
cause for an extension of the time period and specifying the
duration of the extension. The department may not investi-
gate any alleged violation of a wage payment requirement
that occurred more than three years before the date that the
employee filed the wage complaint. The department shall
send the citation and notice of assessment or the determina-
tion of compliance to both the employer and the employee by
service of process or using a method by which the mailing
can be tracked or the delivery can be confirmed to their last
known addresses.

(2) If the department determines that an employer has
violated a wage payment requirement and issues to the
employer a citation and notice of assessment, the department
may order the employer to pay employees all wages owed,
including interest of one percent per month on all wages
owed, to the employee. The wages and interest owed must be
calculated from the first date wages were owed to the
employee, except that the department may not order the
employer to pay any wages and interest that were owed more
than three years before the date the wage complaint was filed
with the department.

[2011 RCW Supp—page 1152]
(3) If the department determines that the violation of the wage payment requirement was a willful violation, the department also may order the employer to pay the department a civil penalty as specified in (a) of this subsection.

(a) A civil penalty for a willful violation of a wage payment requirement shall be not less than one thousand dollars or an amount equal to ten percent of the total amount of unpaid wages, whichever is greater. The maximum civil penalty for a willful violation of a wage payment requirement shall be twenty thousand dollars.

(b) The department may not assess a civil penalty if the employer reasonably relied on: (i) A rule related to any wage payment requirement; (ii) a written order, ruling, approval, opinion, advice, determination, or interpretation of the director; or (iii) an interpretive or administrative policy issued by the department and filed with the office of the code reviser. In accordance with the department’s retention schedule obligations under chapter 40.14 RCW, the department shall maintain a complete and accurate record of all written orders, rulings, approvals, opinions, advice, determinations, and interpretations for purposes of determining whether an employer is immune from civil penalties under (b)(ii) of this subsection.

(c) The department shall waive any civil penalty assessed against an employer under this section if the employer reasonably relied on: (i) The employer paid all wages and interest owed to the employee, including interest, within ten business days of the employer’s receipt of the citation and notice of assessment from the department.

(d) The department may waive or reduce at any time a civil penalty assessed against an employer under this section if the director determines that the employer’s wage payment requirements have been substantially corrected within the sixty days following the date of the department’s final and binding citation and notice of assessment from the department.

(e) The department shall deposit civil penalties paid under this section in the supplemental pension fund established under RCW 51.44.033.

(4) Upon payment by an employer, and acceptance by an employee, of all wages and interest assessed and reduced under this section, the employer shall receive a receipt from the department evidencing the payment and reduced civil penalty. In accordance with the department’s retention schedule obligations under chapter 40.14 RCW, the department shall maintain a complete and accurate record of all written orders, rulings, approvals, opinions, advice, determinations, and interpretations for purposes of determining whether a payment requirement has been otherwise resolved writing that the wage complaint has been otherwise resolved or that the employee has elected to terminate the department’s administrative action under RCW 49.48.085. The state legislature shall have access to information or records deemed private and confidential under this chapter, if the legislature or a legislative committee finds that the information or records are necessary and for official purposes. (5) Governmental agencies shall have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied.

(6) Governmental agencies may have access to certain records and information, limited to employer information possessed by the department for purposes authorized in chapter 50.38 RCW. Access to these records and information is limited to only those individuals conducting authorized statistical analysis, research, and evaluation studies. Only in cases consistent with the purposes of chapter 50.38 RCW are government agencies not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied. For such purposes, the requirements of subsection (1)(c) of this section need not apply.

(11)(a) To promote the reemployment of job seekers, the commissioner may enter into data-sharing contracts with partners of the one-stop career development system. The contracts shall provide for the transfer of data only to the extent that the transfer is necessary for the efficient provisions of workforce programs, including but not limited to public labor exchange, unemployment insurance, worker training and retraining, vocational rehabilitation, vocational education, adult education, transition from public assistance, and support services. The transfer of information under contracts with one-stop partners is exempt from subsection (1)(c) of this section.
(b) An individual who applies for services from the department and whose information will be shared under (a) of this subsection (11) must be notified that his or her private and confidential information in the department’s records will be shared among the one-stop partners to facilitate the delivery of one-stop services to the individual. The notice must advise the individual that he or she may request that private and confidential information not be shared among the one-stop partners and the department must honor the request. In addition, the notice must:

(i) Advise the individual that if he or she requests that private and confidential information not be shared among one-stop partners, the request will in no way affect eligibility for services;

(ii) Describe the nature of the information to be shared, the general use of the information by one-stop partner representatives, and among whom the information will be shared;

(iii) Inform the individual that shared information will be used only for the purpose of delivering one-stop services and that further disclosure of the information is prohibited under contract and is not subject to disclosure under chapter 42.56 RCW; and

(iv) Be provided in English and an alternative language selected by the one-stop center or job service center as appropriate for the community where the center is located.

If the notice is provided in-person, the individual who does not want private and confidential information shared among the one-stop partners must immediately advise the one-stop partner representative of that decision. The notice must be provided to an individual who applies for services telephonically, electronically, or by mail, in a suitable format and within a reasonable time after applying for services, which shall be no later than ten working days from the department’s receipt of the application for services. A one-stop representative must be available to answer specific questions regarding the nature, extent, and purpose for which the information may be shared.

(12) To facilitate improved operation and evaluation of state programs, the commissioner may enter into data-sharing contracts with other state agencies only to the extent that such transfer is necessary for the efficient operation or evaluation of outcomes for those programs. The transfer of information by contract under this subsection is exempt from subsection (1)(c) of this section.

(13) The misuse or unauthorized release of records or information by any person or organization to which access is permitted by this chapter subjects the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. Suit to enforce this section shall be brought by the attorney general and the amount of any penalties collected shall be paid into the employment security department administrative contingency fund. Sec. 1103(f)), a total amount during the two-year period consisting of fiscal years 2012 and 2013 that is equal to the total amount of temporary benefit increases under RCW 50.20.1202. This subsection shall not be construed as requiring that the total amount be requisitioned in each of these fiscal years; and

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state’s account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

For the purposes of subsections (4) through (6) of this section, amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such period: PROVIDED, That any amount credited to this state’s account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.

(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to subsections (4) through (6) of this section. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. [2006 c 13 § 28.]

Findings—Intent—2005 c 133: "The legislature finds that the unemployment insurance system was created to set aside unemployment reserves to be used for the benefit of persons who are unemployed through no fault of their own and to maintain purchasing power and limit the social consequences of unemployment. The legislature further finds that the system is falling short of these goals by failing to recognize the importance of applying liberal construction for the purpose of reducing involuntary unemployment, and the suffering caused by it, to the minimum, and by failing to provide equitable benefits to unemployed workers. The legislature also recognizes the desirability of managing the system to take into account the goal of reducing costs to foster a competitive business climate. The legislature intends to adjust the balance between these goals by reinstating the requirement for liberal construction and making other adjustments in the system that will allow reasonable improvements in benefit equity, including reinstating a weekly benefit calculation based on the wages in the two quarters of the claimant’s base year in which wages were the highest. The legislature finds that these adjustments are critical to the health and welfare of unemployed workers, and to the purchasing power essential to the economic health and welfare of communities and the state, and should be implemented as soon as feasible." [2005 c 133 § 1.]
50.20.1202 Additional temporary benefit increase.

(2) Payment of benefits to individuals whose weekly benefit amounts are increased under this section shall be subject to the same terms and conditions under this title that apply to the payment of benefits to individuals whose benefit amounts are established under RCW 50.20.120.
(3) The department must calculate the total amount of temporary benefit increases paid under subsection (1) of this section.
(a) In calculating the total amount of temporary benefit increases, weeks of emergency unemployment compensation and extended benefits shall not be considered.

(c) An individual receiving emergency unemployment compensation or extended benefits under this section shall continue to receive the temporary benefit increase for all weeks of emergency unemployment compensation or extended benefits. [2011 c 4 § 1.]

50.20.190 Recovery of benefit payments. (1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits,
fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual’s applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual’s applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days’ notice, using a method by which the mailing can be tracked or the delivery can be confirmed, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed within five days of its filing with the clerk to the person(s) mentioned in the warrant using a method by which the mailing can be tracked or the delivery can be confirmed.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual’s monthly payments either partially or in full.
(7) The department shall: (a) Conduct social security number cross-match audits or engage in other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid; and (b) engage in other detection and recovery of overpayment and collection activities. Findings—Intent—2009 c 566: "(1) The legislature finds that:

(a) This is a time of great economic difficulty for the residents of Washington state;

(b) Education and training provides opportunity for unemployed workers and economically disadvantaged adults to move into living wage jobs and is of critical importance to the current and future prosperity of the residents of Washington state;

(c) Community and technical college workforce training programs, private career schools and colleges, and Washington state apprenticeship and training council-approved apprenticeship programs provide effective and
efficient pathways for people to enter high-demand occupations while also meeting the needs of the economy;
(d) The identification of high-demand occupations needs to be based on reliable labor market research; and
(e) Workforce development councils are in a position to provide funding for economically disadvantaged adults and unemployed workers to accept training.

(2) Consistent with the intent of the workforce investment act adult and dislocated worker program provisions of the American recovery and reinvestment act of 2009, the legislature intends that individuals who are eligible for services under the workforce investment act adult and dislocated worker programs, or are receiving or have exhausted entitlement to unemployment compensation benefits be provided the opportunity to enroll in training programs to prepare for a high-demand occupation. The notice and order to withhold and deliver shall be served by the sheriff or the sheriff’s deputy of the county wherein the service is made, using a method by which the mailing can be tracked or the delivery can be confirmed, or by any duly authorized representative of the commissioner. Any person, firm, corporation, political subdivision, or department upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice.

The clerk of the county wherein the warrant is filed shall immediately designate a superior court cause number for such warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the employer mentioned in the warrant, the amount of the tax, interest, penalties, and filing fee and the date when such warrant was filed. in a civil case duly docketed in the office of such clerk. Such warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law in the case of civil judgment, wholly or partially unsatisfied. EMPLOYER EXPERIENCE RATING

Sections

50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (Effective until July 1, 2012.) (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004. (2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department. (b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual’s employers during the individual’s base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section. (c) When the eligible individual’s separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual’s separating employer if the individual qualifies for benefits under: (i) RCW 50.20.050 (1)(b)(i) or (2)(b)(ii), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or (ii) RCW 50.20.050 (1)(b) (v) through (x) or (2)(b) (v) through (x). (3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows: (a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer. However, when a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefits paid to workers and who fails to report or inaccurately reported hours worked or remuneration paid, or both, shall reimburse the trust fund for all benefits paid that are based on the originally filed incomplete or inaccurate report or reports. (b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if: (i) The individual files under RCW 50.06.020(1) after receiving crime victims’ compensation for a disability resulting from a nonwork-related occurrence; or (ii) The individual files under RCW 50.06.020(2). (c) Benefits paid which represent the state’s share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer. (d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place. (e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) or (2)(b) (iv) or (xi), as applicable, shall not be charged to the experience rating account of any contribution paying employer. (f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual’s base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (3)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter. (g) The forty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1201 and the twenty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1202 shall not be charged to the experience rating account of any contribution paying employer. (h) With respect to claims where the minimum amount payable weekly is increased to one hundred fifty-five dollars pursuant to RCW 50.20.1201(3), benefits paid that exceed the benefits that would have been paid if the minimum amount payable weekly had been calculated pursuant to
RCW 50.20.120 shall not be charged to the experience rating account of any contribution paying employer.

(i) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer’s plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster;

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.06 RCW; or

(v) Was hired to replace an employee who is a member of the military reserves or National Guard and was called to federal active military service by the president of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted. [2011 c 4 § 3; 2010 c 25 § 1. (1) For contributions assessed for rate years 2005 through 2009, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payroll for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (b)(i)(B) for a rate year may not result in a flat social cost factor that is more than four-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year.

For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (b)(i) shall be six-tenths of one percent, except that if the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide:

(i) At least twelve months but less than fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent; or

(II) At least fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent, except that, for employers in rate class 1, the minimum shall be forty-five hundredths of one percent.

[2011 RCW Supp—page 1175]
(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer’s array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose North American industry classification system code is within “111,” “112,” “1141,” “115,” “3114,” “3117,” “42448,” or “49312,” may not exceed six percent through rate year 2007 and may not exceed five and seven-tenths percent for rate years 2008 and 2009:

(I) Rate class 1 - .78 percent;
(II) Rate class 2 - .82 percent;
(III) Rate class 3 - .86 percent;
(IV) Rate class 4 - .90 percent;
(V) Rate class 5 - .94 percent;
(VI) Rate class 6 - .98 percent;
(VII) Rate class 7 - 1.02 percent;
(VIII) Rate class 8 - 1.06 percent;
(IX) Rate class 9 - 1.10 percent;
(X) Rate class 10 - 1.14 percent;
(XI) Rate class 11 - 1.18 percent; and
(XII) Rate classes 12 through 40 - .120 percent.

(B) For contributions assessed beginning July 1, 2005, through December 31, 2007, for employers whose North American industry classification system code is “111,” “112,” “1141,” “115,” “3114,” “3117,” “42448,” or “49312,” the graduated social cost factor rate is zero.

(iii) For the purposes of this section:

(A) “Total social cost” means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period. To calculate the flat social cost factor for rate years 2010 and 2011, the forty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1201 shall not be considered for purposes of calculating the total unemployment benefits paid to claimants in the four consecutive calendar quarters immediately preceding the computation date.

(B) “Total taxable payroll” means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) For employers who do not meet the definition of “qualified employer” by reason of failure to pay contributions when due:

(i) The array calculation factor rate shall be two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer’s tax rate shall immediately revert to the array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(d) For all other employers not qualified to be in the array:

(i) For rate years 2005, 2006, and 2007:

(A) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40; and

(B) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, multiplied by the history factor, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection and

(C) The history factor shall be based on the total amounts of benefits charged and contributions paid in the three fiscal years ending prior to the computation date by employers not qualified to be in the array, other than employers in (c) of this subsection, who were first subject to contributions in the calendar year ending three years prior to the computation date. The commissioner shall calculate the history ratio by dividing the total amount of benefits charged by the total amount of contributions paid in this three-year period by these employers. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five one-hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The commissioner shall determine the history factor according to the history ratio as follows:

(2) For contributions assessed in rate year 2010 and thereafter, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payroll for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

The graduated social cost factor rate shall be determined as follows:

(i) Except as provided in (b)(ii)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(ii) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than four-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For rate year 2011, the calculation may not result in a flat social cost factor that is more than one and twenty-two one-hundredths percent.

For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent, except that if the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide:

(i) At least ten months but less than eleven months of unemployment benefits, the minimum shall be five-tenths of one percent; or

(ii) At least one month but less than two months of unemployment benefits, the minimum shall be one-tenth of one percent; or

(iii) At most six months, the minimum shall be zero.

For purposes of this section:

(A) "Total social cost" means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) For employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due:

(i) For rate years through 2010:

(A) The array calculation factor rate shall be ten-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(B) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii)(A) of this subsection.

(ii) For rate years 2011 and thereafter:

(A)(i) For an employer who does not enter into an approved agency-deferred payment contract as described in (c)(i)(A)(II) or (III) of this subsection, the array calculation factor rate shall be the rate it would have been if the employer had not been delinquent in payment plus an additional one percent or, if the employer is delinquent in payment for a second or more consecutive year, an additional two percent;
(II) For an employer who enters an approved agency-deferred payment contract by September 30th of the previous rate year, the array calculation factor rate shall be the rate it would have been had the employer not been delinquent in payment;

(III) For an employer who enters an approved agency-deferred payment contract after September 30th of the previous rate year, but within thirty days of the date the department sent its first tax rate notice, the array calculation factor rate shall be the rate it would have been had the employer not been delinquent in payment plus an additional one-half of one percent or, if the employer is delinquent in payment for a second or more consecutive year, an additional one and one-half percent;

(IV) For an employer who enters an approved agency-deferred payment contract after September 30th of the previous rate year, but within thirty days of the date the department sent its first tax rate notice, the array calculation factor rate shall immediately revert to the applicable array calculation factor rate under (c)(ii)(A)(I) of this subsection; and

(B) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 for the relevant year under (b)(ii)(A) or (B) of this subsection.

(d) For all other employers not qualified to be in the array:

(i) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, multiplied by the history factor, but not less than one percent or more than the array calculation factor rate in class 40;

(ii) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, multiplied by the history factor, but not more than the social cost factor rate assigned to rate class 40 for the relevant year under (b)(ii)(A) or (B) of this subsection; and

(iii) The history factor shall be based on the total amounts of benefits charged and contributions paid in the three fiscal years ending prior to the computation date by employers not qualified to be in the array, other than employers in (c) of this subsection, who were first subject to contributions in the calendar year ending three years prior to the computation date. The commissioner shall calculate the history ratio by dividing the total amount of benefits charged by the total amount of contributions paid in this three-year period by these employers. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five one-hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The commissioner shall determine the history factor according to the history ratio as follows:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(ii)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five one-hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten.
months and dividing the result by the total taxable payroll. However, the calculation under this subsection (l)(b)(ii)(B) for a rate year may not result in a flat social cost factor that is more than four-tenths lower than the calculation under (b)(ii)(A) of this subsection for that rate year.

For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(1) The minimum flat social cost factor calculated under this subsection (l)(b) shall be six-tenths of one percent, except that if the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide:

(I) At least twelve months but less than fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent; or

(II) At least fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent, except that, for employers in rate class 1, the minimum shall be forty-five hundredths of one percent.

(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer’s array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose North American industry classification system code is within “111,” “112,” “1141,” “115,” “3114,” “3117,” “42448,” or “49312,” may not exceed six percent through rate year 2007 and may not exceed five and seven-tenths percent for rate years 2008 and 2009:

- (I) Rate class 1 - .78 percent;
- (II) Rate class 2 - .82 percent;
- (III) Rate class 3 - .86 percent;
- (IV) Rate class 4 - .90 percent;
- (V) Rate class 5 - .94 percent;
- (VI) Rate class 6 - .98 percent;
- (VII) Rate class 7 - 1.02 percent;
- (VIII) Rate class 8 - 1.06 percent;
- (IX) Rate class 9 - 1.10 percent;
- (X) Rate class 10 - 1.14 percent;
- (XI) Rate class 11 - 1.18 percent; and
- (XII) Rate classes 12 through 40 - 1.20 percent.

(B) For contributions assessed beginning July 1, 2005, through December 31, 2007, for employers whose North American industry classification system code is "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," the graduated social cost factor rate is zero.

(iii) For the purposes of this section:

(A) "Total social cost" means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period. To calculate the flat social cost factor for rate years 2010 and 2011, the forty-five dollar increase paid as part of an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or to submit any succeeding tax report and payment in a timely manner, the employer’s tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(d) For all other employers not qualified to be in the array:

(i) For rate years 2005, 2006, and 2007:

(A) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40; and

(B) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For contributions assessed for rate years 2008 and 2009:

(A) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, multiplied by the history factor, but not less than one percent or more than the array calculation factor rate in rate class 40;

(B) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, multiplied by the history factor, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection; and

(C) The history factor shall be based on the total amounts of benefits charged and contributions paid in the three fiscal years ending prior to the computation date by employers not qualified to be in the array, other than employers in (c) of this subsection, who were first subject to contributions in the calendar year ending three years prior to the computation date. The commissioner shall calculate the history ratio by dividing the total amount of benefits charged by the total amount of contributions paid in this three-year period by these employers. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five one-hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The commissioner shall determine the history factor according to the history ratio as follows:

(2) For contributions assessed in rate year 2010 and thereafter, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer:

- (A) Identification number;
- (B) benefit ratio; and
- (C) taxable payroll.

(ii) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(b) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(c) For employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due:

(i) The array calculation factor rate shall be two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or to submit any succeeding tax report and payment in a timely manner, the employer’s tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(d) For all other employers not qualified to be in the array:

(i) For rate years 2005, 2006, and 2007:

(A) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40; and

(B) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For contributions assessed for rate years 2008 and 2009:

(A) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, multiplied by the history factor, but not less than one percent or more than the array calculation factor rate in rate class 40;

(B) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, multiplied by the history factor, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection; and

(C) The history factor shall be based on the total amounts of benefits charged and contributions paid in the three fiscal years ending prior to the computation date by employers not qualified to be in the array, other than employers in (c) of this subsection, who were first subject to contributions in the calendar year ending three years prior to the computation date. The commissioner shall calculate the history ratio by dividing the total amount of benefits charged by the total amount of contributions paid in this three-year period by these employers. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five one-hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The commissioner shall determine the history factor according to the history ratio as follows:

### (b) The graduated social cost factor rate shall be determined as follows:

- **(i)(A) Except as provided in (b)(i)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.**

- **(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months of unemployment benefits, the minimum shall be fifteen hundredths of one percent; or**

- **(II) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits or less, the flat social cost factor for the rate year immediately following the cut-off date may not result in a flat social cost factor that is more than one and twenty-two one-hundredths percent.**

- **(III) For the purposes of this subsection (2)(b), the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the rate class to which the employer’s array calculation factor rate and the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer’s array calculation factor rate and the graduated social cost factor rate may not exceed six percent or, for employers whose North American industry classification system code is within “111,” “112,” “1141,” “115,” “3114,” “3117,” “42448,” or “49312,” may not exceed five and four-tenths percent:**

- **(B)(I) Except as provided in (b)(i)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.**

- **(B)(II) The graduated social cost factor rate shall be determined as follows:**

  - **(i) For rate years through 2010, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer’s array calculation factor rate and the graduated social cost factor rate may not exceed six percent or, for employers whose North American industry classification system code is within “111,” “112,” “1141,” “115,” “3114,” “3117,” “42448,” or “49312,” may not exceed five and four-tenths percent:**

(A) “Total social cost” means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate years 2001 through 2013, the twenty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1202 shall not be considered for purposes of calculating the total unemployment benefits paid to claimants in the four consecutive calendar quarters immediately preceding the computation date.

(B) “Total taxable payroll” means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) For employers who do not meet the definition of “qualified employer” by reason of failure to pay contributions when due:

(i) For rate years through 2010:

(A) The array calculation factor rate shall be two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer’s tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(B) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii)(A) of this subsection.

(ii) For rate years 2011 and thereafter:

(A)(I) For an employer who does not enter into an approved agency-deferred payment contract as described in (c)(ii)(A)(II) or (III) of this subsection, the array calculation factor rate shall be the rate it would have been if the employer had not been delinquent in payment plus an additional one percent or, if the employer is delinquent in payment for a second or more consecutive year, an additional two percent;

(B) For an employer who enters an approved agency-deferred payment contract by September 30th of the previous rate year, the array calculation factor rate shall be the rate it would have been if the employer had not been delinquent in payment;

(III) For an employer who enters an approved agency-deferred payment contract after September 30th of the previous rate year, but within thirty days of the date the department sent its first tax rate notice, the array calculation factor rate shall be the rate it would have been had the employer not been delinquent in payment plus an additional one-half of one percent or, if the employer is delinquent in payment for a second or more consecutive year, an additional one and one-half percent;

(iv) For an employer who enters an approved agency-deferred payment contract as described in (c)(ii)(A)(II) or (III) of this subsection, but who fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the array calculation factor rate shall immediately revert to the applicable array calculation factor rate under (c)(ii)(A)(I) of this subsection; and

(B) The social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii)(B) of this subsection.

(d) For all other employers not qualified to be in the array:

(i) The array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, multiplied by the history factor, but not less than one percent or more than the array calculation factor rate in rate class 40;

(ii) The social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, multiplied by the history factor, but not more than the social cost factor rate assigned to rate class 40 for the relevant year under (b)(ii)(A) or (B) of this subsection; and

(iii) The history factor shall be based on the total amounts of benefits charged and contributions paid in the three fiscal years ending prior to the computation date and paid to the employment security department by the cut-off date.

Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the North American industry classification system code. LABOR MARKET INFORMATION AND ECONOMIC ANALYSIS

Sections
50.38.015 Definitions. (Effective January 1, 2012.)

50.38.015 Definitions. (Effective January 1, 2012.)

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Labor market information" means the body of information generated from measurement and evaluation of the socioeconomic factors and variables influencing the employment process in the state and specific labor market areas. These socioeconomic factors and variables affect labor demand and supply relationships and include:

(a) Labor force information, which includes but is not limited to employment, unemployment, labor force participation, labor turnover and mobility, average hours and earnings, and changes and characteristics of the population and labor force within specific labor market areas and the state;

(b) Occupational information, which includes but is not limited to occupational supply and demand estimates and projections, characteristics of occupations, wage levels, job duties, training and education requirements, conditions of employment, unionization, retirement practices, and training opportunities;

(c) Economic information, which includes but is not limited to number of business starts and stops by industry and labor market area, information on employment growth and decline by industry and labor market area, employer establishment data, and number of labor-management disputes by industry and labor market area; and

(d) Program information, which includes but is not limited to program participant or student information gathered in cooperation with other state and local agencies along with related labor market information to evaluate the effectiveness, efficiency, and impact of state and local employment, training, education, and job creation efforts in support of planning, management, implementation, and evaluation.

(2) "Labor market area" means an economically integrated geographic area within which individuals can reside and find employment within a reasonable distance or can readily change employment without changing their place of residence. Such areas shall be identified in accordance with criteria used by the bureau of labor statistics of the department of labor in defining such areas or similar criteria established by the governor. The area generally takes the name of its community. The boundaries depend primarily on economic and geographic factors. Washington state is divided into labor market areas, which usually include a county or a group of contiguous counties.

MISCELLANEOUS PROVISIONS
Sections
50.40.071 Accessible communities account—Creation.

50.40.071 Accessible communities account—Creation. (1) The accessible communities account is created in the custody of the state treasurer. One hundred dollars of the assessment imposed under RCW 46.19.050 (2), (3), and (4) must be deposited into the account. Any reduction in the penalty or fine and assessment imposed under section 6, chapter 215, Laws of 2010 shall be applied proportionally between the penalty or fine and the assessment.

(2) The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Only the commissioner may authorize expenditures from the account.

(3) Expenditures from the account may be used for promoting greater awareness of disability issues and improved access for and inclusion and acceptance of persons with disabilities in communities in the state of Washington, including:

(a) Reimbursing travel, per diem, and reasonable accommodation for county accessible community advisory committee meetings and committee sponsored activities including, but not limited to, supporting the involvement of people with disabilities and disability organizations in emergency planning and emergency preparedness activities;

(b) Establishing and maintaining an accessible communities web site;

(c) Providing training or technical assistance for county accessible community advisory committees;

(d) A grant program for funding proposals developed and submitted by county accessible community advisory committees to promote greater awareness of disability issues and acceptance, inclusion, and access for persons with disabilities within the community;

(e) Reimbursing the state agency that provides administrative support to the governor’s committee on disability issues and employment for costs associated with implementing chapter 215, Laws of 2010; and

(f) Programming changes to the judicial information system accounting module required for disbursement of funds to this account. [2011 c 171 § 105; 2010 c 215 § 2.]

Findings—2010 c 215: "The legislature finds that when people who have disabilities are welcomed and included as members of our communities and provided with equal access to the opportunities available to others, their participation enriches those communities, enhances the strength of those communities’ diversity, and contributes toward the economic vitality of those communities. The legislature further finds that more than nine hundred thousand Washington state residents with disabilities continue to face barriers to full participation that could be easily eliminated." [2010 c 215 § 1.]
51.04.062 Findings. The legislature finds that Washington state’s workers’ compensation system should be designed to focus on achieving the best outcomes for injured workers. Further, the legislature recognizes that controlling pension costs is key to a financially sound workers’ compensation system for employers and workers. To these ends, the legislature recognizes that certain workers would benefit from an option that allows them to initiate claim resolution structured settlements in order to pursue work or retirement goals independent of the system, provided that sufficient protections for injured workers are included. [2011 1st sp.s. c 37 § 301.]

Finding—Effective date—2011 1st sp. s. c 37: See notes following RCW 51.32.090.

51.04.063 Injured worker options—Claim resolution structured settlement agreements. (1) Notwithstanding RCW 51.04.060 or any other provision of this title, beginning on January 1, 2012, an injured worker who is at least fifty-five years of age on or after January 1, 2012, fifty-three years of age on or after January 1, 2015, or fifty years of age on or after January 1, 2016, may choose from the following: (a) To continue to receive all benefits for which they are eligible under this title, (b) to participate in vocational training if eligible, or (c) to initiate and agree to a resolution of their claim with a structured settlement.

(2)(a) As provided in this section, the parties to an allowed claim may initiate and agree to resolve a claim with a structured settlement for all benefits other than medical. Parties as defined in (b) of this subsection may only initiate claim resolution structured settlements if at least one hundred eighty days have passed since the claim was received by the department or self-insurer and the order allowing the claim is final and binding. All requirements of this title regarding entitlement to and payment of benefits will apply during this period. All claim resolution structured settlement agreements must be approved by the board of industrial insurance appeals.

(b) For purposes of this section, "parties" means:

(i) For a state fund claim, the worker, the employer, and the department. The employer will not be a party if the costs of the claim or claims are no longer included in the calculation of the employer's experience factor used to determine premiums, if they cannot be located, are no longer in business, or they fail to respond or decline to participate after timely notice of the claim resolution settlement process provided by the board and the department.

(ii) For a self-insured claim, the worker and the employer.

(c) The claim resolution structured settlement agreements shall:
(i) Bind the parties with regard to all aspects of a claim except medical benefits unless revoked by one of the parties as provided in subsection (6) of this section;

(ii) Provide a periodic payment schedule to the worker equal to at least twenty-five percent but not more than one hundred fifty percent of the average monthly wage in the state pursuant to RCW 51.08.018, except for the initial payment which may be up to six times the average monthly wage in the state pursuant to RCW 51.08.018;

(iii) Not set aside or reverse an allowance order;

(iv) Not subject any employer who is not a signatory to the agreement to any responsibility or burden under any claim; and

(v) Not subject any funds covered under this title to any responsibility or burden without prior approval from the director or designee.

(d) For state fund claims, the department shall negotiate the claim resolution structured settlement agreement with the worker or their representative and with the employer or employers and their representatives or representatives.

(e) For self-insured claims, the self-insured employer shall negotiate the agreement with the worker or their representative. Workers of self-insured employers who are unrepresented may request that the office of the ombudsman for self-insured injured workers provide assistance or be present during negotiations.

(f) Terms of the agreement may include the parties’ agreement that the claim shall remain open for future necessary medical or surgical treatment related to the injury where there is a reasonable expectation such treatment is necessary. The parties may also agree that specific future treatment shall be provided without the application required in RCW 51.32.160.

(g) Any claim resolution structured settlement agreement entered into under this section must be in writing and signed by the parties or their representatives and must clearly state that the parties understand and agree to the terms of the agreement.

(h) If a worker is not represented by an attorney at the time of signing a claim resolution structured settlement agreement, the parties must forward a copy of the signed agreement to the board with a request for a conference with an industrial appeals judge. The industrial appeals judge must schedule a conference with all parties within fourteen days for the purpose of (i) reviewing the terms of the proposed settlement agreement by the parties; and (ii) ensuring the worker has an understanding of the benefits generally available under this title and that a claim resolution structured settlement agreement may alter the benefits payable on the claim or claims. The judge may schedule the initial conference for a later date with the consent of the parties.

(i) Before approving the agreement, the industrial appeals judge shall ensure the worker has an adequate understanding of the agreement and its consequences to the worker.

(j) The industrial appeals judge may approve a claim resolution structured settlement agreement only if the judge finds that the agreement is in the best interest of the worker. When determining whether the agreement is in the best interest of the worker, the industrial appeals judge shall consider the following factors, taken as a whole, with no individual factor being determinative:

(i) The nature and extent of the injuries and disabilities of the worker;

(ii) The age and life expectancy of the injured worker;

(iii) Other benefits the injured worker is receiving or is entitled to receive and the effect a claim resolution structured settlement agreement might have on those benefits; and

(iv) The marital or domestic partnership status of the injured worker.

(k) Within seven days after the conference, the industrial appeals judge shall issue an order allowing or rejecting the claim resolution structured settlement agreement. There is no appeal from the industrial appeals judge’s decision.

(l) If the industrial appeals judge issues an order allowing the claim resolution structured settlement agreement, the order must be submitted to the board.

(3) Upon receiving the agreement, the board shall approve it within thirty working days of receipt unless it finds that:

(a) The parties have not entered into the agreement knowingly and willingly;

(b) The agreement does not meet the requirements of a claim resolution structured settlement agreement;

(c) The agreement is the result of a material misrepresentation of law or fact;

(d) The agreement is the result of harassment or coercion; or

(e) The agreement is unreasonable as a matter of law.

(4) If a worker is represented by an attorney at the time of signing a claim resolution structured settlement agreement, the parties shall submit the agreement directly to the board without the conference described in this section.

(5) If the board approves the agreement, it shall provide notice to all parties. The department shall place the agreement in the applicable claim file or files.

(6) A party may revoke consent to the claim resolution structured settlement agreement by providing written notice to the other parties and the board within thirty days after the date the agreement is approved by the board.

(7) To the extent the worker is entitled to any benefits while a claim resolution structured settlement agreement is being negotiated or during the revocation period of an agreement, the benefits must be paid pursuant to the requirements of this title until the agreement becomes final.

(8) A claim resolution structured settlement agreement that meets the conditions in this section and that has become final and binding as provided in this section is binding on all parties to the agreement as to its terms and the injuries and occupational diseases to which the agreement applies. A claim resolution structured settlement agreement that has become final and binding is not subject to appeal.

(9) All payments made to a worker pursuant to a final claim resolution structured settlement agreement must be reported to the department as claims costs pursuant to this title. If a self-insured employer contracts with a third-party administrator for claim services and the payment of benefits under this title, the third-party administrator shall also disburse the structured settlement payments pursuant to the agreement.
(10) Claims closed pursuant to a claim resolution structured settlement agreement can be reopened pursuant to RCW 51.32.160 for medical treatment only. Further temporary total, temporary partial, permanent partial, or permanent total benefits are not payable under the same claim or claims for which a claim resolution structured settlement agreement has been approved by the board and has become final.

(11) Parties aggrieved by the failure of any other party to comply with the terms of a claim resolution structured settlement agreement have one year from the date of failure to comply to petition to the board. If the board determines that a party has failed to comply with an agreement, they will order compliance and will impose a penalty payable to the aggrieved party of up to twenty-five percent of the monetary amount unpaid at the time the petition for noncompliance was filed. The board will also decide on any disputes as to attorneys’ fees for services related to claim resolution structured settlement agreements.

(12) Parties and their representatives may not use settlement offers or the claim resolution structured settlement agreement process to harass or coerce any party. If the department determines that an employer has engaged in a pattern of harassment or coercion, the employer may be subject to penalty or corrective action, and may be removed from the retrospective rating program or be decertified from self-insurance. 

The retrospective rating program or be decertified from self-insurance for which a claim resolution structured settlement agreement has been approved by the board and has become final.

The quality and effectiveness of structured settlement agreements of state fund and self-insured claims, provide information on the impact of these agreements to the state fund and to self-insured employers, and evaluate the outcomes of workers who have resolved their claims through the claim resolution structured settlement agreement process. The study must be submitted to the appropriate committees of the legislature. [2011 1st sp.s. c 37 § 306.]

Any notice or order required by this title to be mailed to any employer may be served in the manner prescribed by law for personal service of summons and complaint in the commencement of actions in the superior courts of the state, but if the notice or order is mailed, it shall be addressed to the address of the employer as shown by the records of the department, or, if no such address is shown, to such address as the department is able to ascertain by reasonable effort. If requested by the employer, any notice or order may be sent by secure electronic means except orders communicating the closure of a claim. Correspondence and notices sent electronically are considered received on the date sent by the department. Failure of the employer to receive such notice or order whether served or mailed shall not release the employer from any tax or any increases or penalties thereon. [2011 c 290 § 2; 1986 c 9 § 2.]

51.04.110 Workers’ compensation advisory committee. The director shall appoint a workers’ compensation advisory committee composed of ten members: Three representing subject workers, three representing subject employers, one representing self-insurers, one representing workers of self-insurers, and two ex officio members, without a vote, one of whom shall be the chair of the board of industrial appeals and the other the representative of the department. The member representing the department shall be chair. This committee shall conduct a continuing study of any aspects of workers’ compensation as the committee shall determine require their consideration and shall assist in the identification of priorities for safety and health investment projects as provided in chapter 49.17 RCW. The committee shall report its findings to the department or the board of industrial insurance appeals for such action as deemed appropriate. The members of the committee shall be appointed for a term of three years commencing on July 1, 1971 and the terms of the members representing the workers and employers shall be staggered so that the director shall designate one member from each such group initially appointed whose term shall expire on June 30, 1972 and one member from each such group whose term shall expire on June 30, 1973. The members shall serve without compensation, but shall be entitled to travel expenses as provided in RCW 43.03.050 and 43.03.060. The committee may hire such experts, if any, as it shall require to discharge its duties, and may utilize such personnel and facilities of the department and board of industrial insurance appeals as it shall need without charge. All expenses of this committee shall be paid by the department. [2011 1st sp.s. c 37 § 502; 2010 c 8 § 14001; 1982 c 109 § 2; 1980 c 14 § 3. Prior: 1977 ex.s. c 350 § 7; 1977 c 75 § 78;
51.04.1101 Performance audit of workers’ compensation claims management system. (Expires December 31, 2015.) (1) The joint legislative audit and review committee, in consultation with the department of labor and industries and the workers’ compensation advisory committee, shall conduct a performance audit of the workers’ compensation claims management system, including self-insured claims. The joint legislative audit and review committee may contract with an independent expert in workers’ compensation claims management to assist with the audit.

(2) The audit shall:

(a) Evaluate the extent to which the department: (i) Makes fair and timely decisions, and resolves complaints and disputes in a timely, fair, and effective manner; and (ii) communicates with employers and workers in a timely, responsive, and accurate manner, including communication about review and appeal rights, and including the use of plain language and sufficient opportunities for face-to-face meetings;

(b) Determine if current claims management organization and service delivery models are the most efficient available; analyze organization and delivery for retrospective rating plan participants as compared to nonparticipants to identify differences and how those differences influence retrospective rating plan refunds; and determine whether current initiatives improve service delivery, meet the needs of current and future workers and employers, improve public education and outreach, and are otherwise measurable; and

(c) Make recommendations regarding administrative changes that should be made to improve efficiency while maintaining high levels of quality service to help address system costs, and any needed legislative changes to implement the recommendations.

(3) The joint legislative audit and review committee shall submit progress reports by December 1, 2012, and December 1, 2013, and the results of the audit by June 30, 2015, to the appropriate committees of the legislature.

(4) This section expires December 31, 2015. [2011 1st sp.s. c 37 § 801.]

51.04.153 Fraud—Underground economy—Finding—Use of best practices. (1) The legislature finds that the department is successfully addressing employer fraud and the underground economy, helping ensure that employers who appropriately report and pay premiums can be competitive. Efforts focus on prevention, education, and enforcement by identifying industries for targeted audits, informing industry members and providing the opportunity for voluntary compliance, and ultimately identifying employers for audit based on proven criteria.

(2) To ensure the appropriate use of workers’ compensation fund dollars, the legislature directs the department of labor and industries to continue applying these proven best practices to employer fraud and to apply the same best practices to address instances of worker and provider fraud, including but not limited to:

(a) Participating in a national information exchange with other workers’ compensation insurers to avoid duplication of claims and benefits;

(b) Increasing public awareness of employer, worker, and provider fraud issues and how to report suspected fraud;

(c) Establishing criteria for the periodic review of total permanent disability pension recipients including their level of disability and physical activity to determine whether they can be gainfully employed; and

(d) Identifying provider billing patterns to target potentially abusive practices.

(3) The provisions of RCW 51.28.070 shall not be a barrier to the department’s participation in a national information exchange as required in subsection (2)(a) of this section.

(4) The department’s activities must include approaches to prevent, educate, and ensure compliance by providers, employers, and workers. The department shall provide a report to the governor and the appropriate legislative committees by December 1, 2012, that describes the agency’s efforts and outcomes and makes recommendations for statutory changes to address barriers for successfully addressing provider, employer, and worker fraud. 51.12.180 For hire vehicle businesses and operators—Findings—Declaration. (Effective January 1, 2012.) The legislature finds that taxicab, limousine, and other for hire vehicle operators are at significant risk of injury due to work-related accidents or crimes such as robbery that may not be covered by standard vehicle insurance policies. Since almost all taxicab, limousine, and other for hire vehicle business operations are independent small business franchises, their owners or operators may opt out of industrial insurance coverage without full consideration for the risk of financial exposure to themselves or to their businesses. As a result, health care may be provided to them at public expense or not at all, and erroneous claims may be made by health care providers for insurance coverage, against the state department of labor and industries, private businesses, or the taxicab associations in which certain municipalities require participation. Most for hire vehicle operators do not enjoy the benefit of the broad public policy embodied in this title that mandates industrial insurance protection for workers. The legislature therefore declares that all taxicab, limousine, for hire vehicle businesses, and for hire vehicle operators are
51.12.183 For hire vehicle businesses and operators—Mandatory coverage—Definitions.  
(Effective January 1, 2012.)

(2) Any business that as owner or agent leases a for hire vehicle licensed under chapter 46.72 RCW, a limousine under chapter 46.72A RCW, or a taxicab under chapter 81.72 RCW to a for hire operator or a chauffeur and the for hire operator or chauffeur of such vehicle is within the mandatory coverage of this title.  

(3) For the purposes of this section, the following definitions apply unless the context clearly requires otherwise:  
(a) "Chauffeur" has the same meaning as provided in RCW 46.04.115; and  
(b) "For hire operator" means a person who is operating a vehicle for the purpose of carrying persons for compensation.

(2) The owner of any for hire, limousine, or taxicab vehicle subject to mandatory industrial insurance pursuant to RCW 51.12.183 is eligible for inclusion in a retrospective rating program authorized and established pursuant to chapter 51.18 RCW.

ACTIONS AT LAW FOR INJURY OR DEATH
Sections
51.24.060 Distribution of amount recovered—Lien.

51.24.060 Distribution of amount recovered—Lien.
(1) If the injured worker or beneficiary elects to seek dam-
ages from the third person, any recovery made shall be dis-
tributed as follows:

(a) The costs and reasonable attorneys’ fees shall be paid
proportionately by the injured worker or beneficiary and the
department and/or self-insurer: PROVIDED, That the
department and/or self-insurer may require court approval of
costs and attorneys’ fees or may petition a court for determin-
ation of the reasonableness of costs and attorneys’ fees;

(b) The injured worker or beneficiary shall be paid
twenty-five percent of the balance of the award: PRO-
VIDED, That in the event of a compromise and settlement by
the parties, the injured worker or beneficiary may agree to a
sum less than twenty-five percent;

(c) The department and/or self-insurer shall be paid
the balance of the recovery made, but only to the extent neces-
sary to reimburse the department and/or self-insurer for ben-
fits paid;

(i) The department and/or self-insurer shall bear its pro-
portionate share of the costs and reasonable attorneys’ fees
incurred by the worker or beneficiary to the extent of the ben-
fits paid under this title: PROVIDED, That the depart-
ment’s and/or self-insurer’s proportionate share shall not
exceed one hundred percent of the costs and reasonable attor-
yees’ fees;

(ii) The department’s and/or self-insurer’s proportionate
share of the costs and reasonable attorneys’ fees shall be
determined by dividing the gross recovery amount into the
benefits paid amount and multiplying this percentage times
the costs and reasonable attorneys’ fees incurred by the
worker or beneficiary;

(iii) The department’s and/or self-insurer’s reimburse-
ment share shall be determined by subtracting their propor-
tionate share of the costs and reasonable attorneys’ fees from
the benefits paid amount;

(d) Any remaining balance shall be paid to the injured
worker or beneficiary; and

(e) Thereafter no payment shall be made to or on behalf
of a worker or beneficiary by the department and/or self-
insurer for such injury until the amount of any further com-
ensation and benefits shall equal any such remaining bal-
ance minus the department’s and/or self-insurer’s proportion-
ate share of the costs and reasonable attorneys’ fees in
regards to the remaining balance. This proportionate share
shall be determined by dividing the gross recovery amount
into the remaining balance amount and multiplying this per-
centage times the costs and reasonable attorneys’ fees
incurred by the worker or beneficiary. Thereafter, such ben-
efits shall be paid by the department and/or self-insurer to or
on behalf of the worker or beneficiary as though no recovery
had been made from a third person.

(2) The recovery made shall be subject to a lien by the
department and/or self-insurer for its share under this section.

(3) The department or self-insurer has sole discretion to
compromise the amount of its lien. In deciding whether or to
what extent to compromise its lien, the department or self-
insurer shall consider at least the following:

(a) The likelihood of collection of the award or settle-
ment as may be affected by insurance coverage, solvency, or
other factors relating to the third person;

(b) Factual and legal issues of liability as between the
injured worker or beneficiary and the third person. Such
issues include but are not limited to possible contributory
negligence and novel theories of liability; and

(c) Problems of proof faced in obtaining the award or
settlement.

(4) In an action under this section, the self-insurer may
act on behalf and for the benefit of the department to the
extent of any compensation and benefits paid or payable from
state funds.

(5) It shall be the duty of the person to whom any recov-
ery is paid before distribution under this section to advise the
department or self-insurer of the fact and amount of such
recovery, the costs and reasonable attorneys’ fees associated
with the recovery, and to distribute the recovery in compli-
ance with this section.

(6) The distribution of any recovery made by award or
settlement of the third party action shall be confirmed by
department order, served by a method for which receipt can
be confirmed or tracked, and shall be subject to chapter 51.52
RCW. In the event the order of distribution becomes final
under chapter 51.52 RCW, the director or the director’s des-
ignee may file with the clerk of any county within the state a
warrant in the amount of the sum representing the unpaid lien
plus interest accruing from the date the order became final.
The clerk of the county in which the warrant is filed shall
immediately designate a superior court cause number for
such warrant and the clerk shall cause to be entered in the
judgment docket under the superior court cause number
assigned to the warrant, the name of such worker or benefi-
ciary mentioned in the warrant, the amount of the unpaid lien
plus interest accruing from the date the warrant was filed.
The amount of such warrant as docketed shall become a liens
upon the title to and interest in all real and personal property
of the injured worker or beneficiary against whom the war-
rant is issued, the same as a judgment in a civil case docketed
in the office of such clerk. The sheriff shall then proceed in
the same manner and with like effect as prescribed by law
with respect to execution or other process issued against
rights or property upon judgment in the superior court. Such
warrant so docketed shall be sufficient to support the issu-
ance of writs of garnishment in favor of the department in
the manner provided by law in the case of judgment, wholly
or partially unsatisfied. The clerk of the court shall be entitled
to a filing fee under RCW 36.18.012(10), which shall be added
to the amount of the warrant. A copy of such warrant
[2011 RCW Supp—page 1189]
shall be mailed to the injured worker or beneficiary within three days of filing with the clerk.

(7) The director, or the director’s designee, may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice and order to withhold and deliver property of any kind if he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property which is due, owing, or belonging to any worker or beneficiary upon whom a warrant has been served by the department for payments due to the state fund. The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff’s deputy; by a method for which receipt can be confirmed or tracked; or by any authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property which may be subject to the claim of the department, such property shall be delivered forthwith upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount claimed by the director in the notice together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer to all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled. 51.32.072 Additional payments for prior pensioners—Children—Remarriage—Attendant. (1) Notwithstanding any other provision of law, every surviving spouse and every permanently totally disabled worker or temporarily totally disabled worker, if such worker was unmarried at the time of the worker’s injury or was then married but the marriage was later terminated by judicial action, receiving a pension or compensation for temporary total disability under this title pursuant to compensation schedules in effect prior to July 1, 1971, shall after July 1, 1975, through June 30, 2011, be paid fifty percent of the average monthly wage in the state as computed under RCW 51.08.018 per month and an amount equal to five percent of such average monthly wage per month to such totally disabled worker if married at the time of the worker’s injury and the marriage was not later terminated by judicial action, and an additional two percent of such average monthly wage for each child of such totally disabled worker at the time of injury in the legal custody of such totally disabled worker or such surviving spouse up to a maximum of five such children. The monthly payments such surviving spouse or totally disabled worker are receiving pursuant to compensation schedules in effect prior to July 1, 1971 shall be deducted from the monthly payments above specified.

Where such a surviving spouse has remarried, or where any such child of such worker, whether living or deceased, is not in the legal custody of such worker or such surviving spouse there shall be paid for the benefit of and on account of each such child a sum equal to two percent of such average monthly wage up to a maximum of five such children in addition to any payments theretofore paid under compensation schedules in effect prior to July 1, 1971 for the benefit of and on account of each such child. If the character of the injury or occupational disease is such as to render the worker so physically helpless as to require the hiring of the services of an attendant, the department shall make monthly payments to such attendant for such services as long as such requirement continues but such payments shall not obtain or be operative while the worker is receiving care under or pursuant to the provisions of this title except for care granted at the discretion of the supervisor pursuant to RCW 51.36.010: PROVIDED, That such payments shall not be considered compensation nor shall they be subject to any limitation upon total compensation payments.

No part of such additional payments shall be payable from the accident fund.

The director shall pay monthly from the supplemental pension fund such an amount as will, when added to the compensation theretofore paid under compensation schedules in effect prior to July 1, 1971, equal the amounts hereinabove specified.

In cases where money has been or shall be advanced to any such person from the pension reserve, the additional amount to be paid under this section shall be reduced by the
amount of monthly pension which was or is predicated upon such advanced portion of the pension reserve.

(2) In addition to the adjustment under subsection (1) of this section, further adjustments shall be made beginning July 1, 1971, and on each July 1st thereafter. The adjustment shall be the percentage change in the average monthly wage in the state under RCW 51.08.018 for the preceding calendar year, rounded to the nearest whole cent.

51.32.075 Adjustments in compensation or death benefits. The compensation or death benefits payable pursuant to the provisions of this chapter for temporary total disability, permanent total disability, or death arising out of injuries or occupational diseases shall be adjusted as follows:

(1) On July 1, 1982, there shall be an adjustment for those whose right to compensation was established on or after July 1, 1971, and before July 1, 1982. The adjustment shall be determined by multiplying the amount of compensation to which they are entitled by a fraction, the denominator of which shall be the average monthly wage in the state under RCW 51.08.018 for the fiscal year in which such person’s right to compensation was established, and the numerator of which shall be the average monthly wage in the state under RCW 51.08.018 on July 1, 1982.

(2) In addition to the adjustment established by subsection (1) of this section, there shall be another adjustment on July 1, 1983, for those whose right to compensation was established on or after July 1, 1971, and before July 1, 1983, which shall be determined by multiplying the amount of compensation to which they are entitled by a fraction, the denominator of which shall be the average monthly wage in the state under RCW 51.08.018 for the fiscal year in which such person’s right to compensation was established, and the numerator of which shall be the average monthly wage in the state under RCW 51.08.018 on July 1, 1983.

(3) In addition to the adjustments under subsections (1) and (2) of this section, further adjustments shall be made beginning on July 1, 1984, and on each July 1st thereafter through July 1, 2010, for those whose right to compensation was established on or after July 1, 1971. The adjustment shall be determined by multiplying the amount of compensation to which they are entitled by a fraction, the denominator of which shall be the average monthly wage in the state under RCW 51.08.018 for the fiscal year in which such person’s right to compensation was established, and the numerator of which shall be the average monthly wage in the state under RCW 51.08.018 on July 1st of the year in which the adjustment is being made. The department or self-insurer shall adjust the resulting compensation rate to the nearest whole cent, not to exceed the average monthly wage in the state as computed under RCW 51.08.018.

(4) In addition to the adjustments under subsections (1), (2), and (3) of this section, further adjustments shall be made beginning July 1, 2012, and on each July 1st thereafter for those whose right to compensation was established on or after July 1, 1971. The adjustment shall be the percentage change in the average monthly wage in the state under RCW 51.08.018 for the preceding calendar year, rounded to the nearest whole cent. For claims whose right to compensation was established on or after July 1, 2011, no adjustment shall be made under this subsection until the second July 1st following the date of injury or occupational disease manifestation. (b) Beginning on July 1, 1993, compensation under this subsection shall be computed as follows:
   (i) Beginning on July 1, 1993, the compensation amounts for the specified disabilities listed in (a) of this subsection shall be increased by thirty-two percent; and
   (ii) Beginning on July 1, 1994, and each July 1 thereafter, the compensation amounts for the specified disabilities listed in (a) of this subsection, as adjusted under (b)(i) of this subsection, shall be readjusted to reflect the percentage change in the consumer price index, calculated as follows: The index for the calendar year preceding the year in which the July calculation is made, to be known as "calendar year A," is divided by the index for the calendar year preceding calendar year A, and the resulting ratio is multiplied by the compensation amount in effect on June 30 immediately preceding the July 1st on which the respective calculation is made. For the purposes of this subsection, "index" means the same as the definition in RCW 2.12.037(1).

(2) Compensation for amputation of a member or part thereof at a site other than those specified in subsection (1) of this section, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation shall be calculated based on the adjusted schedule of compensation in effect for the respective time period as prescribed in subsection (1) of this section.

(3)(a) Compensation for any other permanent partial disability not involving amputation shall be in the proportion which the extent of such other disability, called unspecified disability, shall bear to the disabilities specified in subsection (1) of this section, which most closely resembles and approximates in degree of disability such other disability, and compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment. To reduce litigation and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments.

   (b) Until July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be deemed to be ninety thousand dollars. Beginning on July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be adjusted as follows:
      (i) Beginning on July 1, 1993, the amount payable for total bodily impairment under this section shall be increased to one hundred eighteen thousand eight hundred dollars; and
      (ii) Beginning on July 1, 1994, and each July 1 thereafter, the amount payable for total bodily impairment prescribed in (b)(i) of this subsection shall be adjusted as provided in subsection (1)(b)(ii) of this section.

   (c) Until July 1, 1993, the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of ninety thousand dollars. Beginning on July 1, 1993, total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed a sum calculated as follows:
      (i) Beginning on July 1, 1993, the sum shall be increased to one hundred eighteen thousand eight hundred dollars; and
      (ii) Beginning on July 1, 1994, and each July 1 thereafter, the sum prescribed in (b)(i) of this subsection shall be adjusted as provided in subsection (1)(b)(ii) of this section.

(4) If permanent partial disability compensation is followed by permanent total disability compensation, all permanent partial disability compensation paid to the worker under the claim or claims for which total permanent disability compensation is awarded shall be, at the choosing of the injured worker, either: (a) Deducted from the worker’s monthly pension benefits until the total award or awards paid are recovered; or (b) deducted from the pension reserve of such injured worker and his or her monthly compensation payments shall be reduced accordingly. Any interest paid on any permanent partial disability compensation may not be deducted from the pension benefits or pension reserve. The provisions of this subsection apply to all permanent total disability determinations issued on or after July 1, 2011.

(5) Should a worker receive an injury to a member or part of his or her body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof
or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such worker, his or her compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(6) When the compensation provided for in subsections (1) through (3) of this section exceeds three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured worker in full, except that the first monthly payment shall be in an amount equal to three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018. Upon application of the injured worker or survivor the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured worker or survivor to the department and shall rest in the discretion of the department depending upon the merits of each individual application. Upon the death of a worker all unpaid installments accrued shall be paid according to the payment schedule established prior to the death of the worker to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

(7) Awards payable under this section are governed by the schedule in effect on the date of injury. 51.32.090 Temporary total disability—Partial restoration of earning power—Return to available work—When employer continues wages—Limitations—Finding—Rules. (1) When the total disability is only temporary, the schedule of payments contained in RCW 51.32.060 (1) and (2) shall apply, so long as the total disability continues.

(2) Any compensation payable under this section for children not in the custody of the injured worker as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3)(a) As soon as recovery is so complete that the present earning power of the worker, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall:

(i) For claims for injuries that occurred before May 7, 1993, continue in the proportion which the new earning power shall bear to the old; or

(ii) For claims for injuries occurring on or after May 7, 1993, equal eighty percent of the actual difference between the worker’s present wages and earning power at the time of injury, but: (A) The total of these payments and the worker’s present wages may not exceed one hundred fifty percent of the average monthly wage in the state as computed under RCW 51.08.018; (B) the payments may not exceed one hundred percent of the entitlement as computed under subsection (1) of this section; and (C) the payments may not be less than the worker would have received if (a)(i) of this subsection had been applicable to the worker’s claim.

(b) No compensation shall be payable under this subsection (3) unless the loss of earning power shall exceed five percent.

(c) The prior closure of the claim or the receipt of permanent partial disability benefits shall not affect the rate at which loss of earning power benefits are calculated upon reopening the claim.

(4)(a) The legislature finds that long-term disability and the cost of injuries is significantly reduced when injured workers remain at work following their injury. To encourage employers at the time of injury to provide light duty or transitional work for their workers, wage subsidies and other incentives are made available to employers insured with the department.

(b) Whenever the employer of injury requests that a worker who is entitled to temporary total disability under this chapter be certified by a physician or licensed advanced registered nurse practitioner as able to perform available work other than his or her usual work, the employer shall furnish to the physician or licensed advanced registered nurse practitioner, with a copy to the worker, a statement describing the work available with the employer of injury in terms that will enable the physician or licensed advanced registered nurse practitioner to relate the physical activities of the job to the worker’s disability. The physician or licensed advanced registered nurse practitioner shall then determine whether the worker is physically able to perform the work described. The worker’s temporary total disability payments shall continue until the worker is released by his or her physician or licensed advanced registered nurse practitioner for the work, and begins the work with the employer of injury. If the work thereafter comes to an end before the worker’s recovery is sufficient in the judgment of his or her physician or licensed advanced registered nurse practitioner to permit him or her to return to his or her usual job, or to perform other available work offered by the employer of injury, the worker’s temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her physician or licensed advanced registered nurse practitioner he or she should not continue to work, the worker’s temporary total disability payments shall be resumed when the worker ceases such work.

(c) To further encourage employers to maintain the employment of their injured workers, an employer insured

[2011 RCW Supp—page 1193]
shall not be reimbursed for any tools or equipment purchased by the employer from the department for such tools and equipment and must be provided with tools or equipment to perform the work pursuant to this subsection (4) and the worker does not actually perform any work, regardless of whether or not the employer paid the worker wages for that day.

(d) If an employer insured with the department offers a worker work pursuant to this subsection (4) and the worker must be provided with training or instruction to be qualified to perform the offered work, the employer shall be eligible for a reimbursement from the department for any tuition, books, fees, and materials required for that training or instruction, up to a maximum of one thousand dollars. Reimbursements for work-related expenses, or any other payments. An employer may not, under any circumstances, receive a wage subsidy for a day in which the worker did not actually perform any work, regardless of whether or not the employer paid the worker wages for that day.

(e) If an employer insured with the department offers a worker work pursuant to this subsection (4), and the employer provides the worker with clothing that is necessary to allow the worker to perform the offered work, the employer shall be eligible for reimbursement for such clothing from the department, up to a maximum of four hundred dollars. However, an employer shall not receive reimbursement for any clothing it provided to the worker that it normally provides to its workers. The clothing purchased for the worker shall become the worker’s property once the work comes to an end.

(f) If an employer insured with the department offers a worker work pursuant to this subsection (4) and the worker must be provided with tools or equipment to perform the offered work, the employer shall be eligible for a reimbursement from the department for such tools and equipment and related costs as determined by department rule, up to a maximum of two thousand five hundred dollars. An employer shall not be reimbursed for any tools or equipment purchased prior to offering the work to the worker pursuant to this subsection (4). An employer shall not be reimbursed for any tools or equipment that it normally provides to its workers. The tools and equipment shall be the property of the employer.

(g) An employer may offer work to a worker pursuant to this subsection (4) more than once, but in no event may the employer receive wage subsidies for more than sixty-six days of work in a consecutive twenty-four month period under one claim. An employer may continue to offer work pursuant to this subsection (4) after the worker has performed sixty-six days of work, but the employer shall not be eligible to receive wage subsidies for such work.

(h) An employer shall not receive any wage subsidy or reimbursement of any expenses pursuant to this subsection (4) unless the employer has completed and submitted the reimbursement request on forms developed by the department, along with all related information required by department rules. No wage subsidy or reimbursement shall be paid to an employer who fails to submit a form for such payment within one year of the date the work was performed. In no event shall an employer receive wage subsidy payments or reimbursements of any expenses pursuant to this subsection (4) unless the worker’s physician or licensed advanced registered nurse practitioner has restricted him or her from performing his or her usual work and the worker’s physician or licensed advanced registered nurse practitioner has released him or her to perform the work offered.

(i) Payments made under (b) through (g) of this subsection are subject to penalties under RCW 51.32.240(5) in cases where the funds were obtained through willful misrepresentation.

(j) Once the worker returns to work under the terms of this subsection (4), he or she shall not be assigned by the employer to work other than the available work described in the collective bargaining agreement currently in force.

(k) If the worker returns to work under this subsection (4), any employee health and welfare benefits that the worker was receiving at the time of injury shall continue or be resumed at the level provided at the time of injury. Such benefits shall not be continued or resumed if to do so is inconsistent with the terms of the benefit program, or with the terms of the collective bargaining agreement currently in force.

(l) In the event of any dispute as to the validity of the work offered or as to the worker’s ability to perform the work offered by the employer, the department shall make the final determination pursuant to an order that contains the notice required by RCW 51.52.060 and that is subject to appeal subject to RCW 51.52.050.

(5) An employer’s experience rating shall not be affected by the employer’s request for or receipt of wage subsidies.

(6) The department shall create a Washington stay-at-work account which shall be funded by assessments of employers insured through the state fund for the costs of the payments authorized by subsection (4) of this section and for the cost of creating a reserve for anticipated liabilities. Employers may collect up to one-half the fund assessment from workers.

(7) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen consecutive calendar days from date of injury: PROVIDED, That attempts to return to work in the first fourteen days following the injury shall not serve to break the continuity of the period of disability if the disability continues fourteen days after the injury occurs.
Section 51.32.095 Vocational rehabilitation services—Benefits—Priorities—Allowable costs—Performance criteria. (Expires June 30, 2013.) (1) One of the primary purposes of this title is to enable the injured worker to become employable at gainful employment. To this end, the department or self-insurers shall utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation as may be reasonable to make the worker employable consistent with his or her physical and mental status. Where, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the worker’s permanent disability and in the sole opinion of the supervisor or supervisor’s designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment, the supervisor or supervisor’s designee may, in his or her sole discretion, pay or, if the employer is a self-insurer, direct the self-insurer to pay the cost as provided in subsection (4) of this section or RCW 51.32.099, as appropriate. An injured worker may not participate in vocational rehabilitation under this section or RCW 51.32.099 if such participation would result in a payment of benefits as described in RCW 51.32.240(5), and any benefits so paid shall be recovered according to the terms of that section.

(2) When in the sole discretion of the supervisor or the supervisor’s designee vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, then the following order of priorities shall be used:

(a) Return to the previous job with the same employer;
(b) Modification of the previous job with the same employer including transitional return to work;
(c) A new job with the same employer in keeping with any limitations or restrictions;
(d) Modification of a new job with the same employer including transitional return to work;
(e) Modification of the previous job with a new employer;
(f) A new job with a new employer or self-employment based upon transferable skills;
(g) Modification of a new job with a new employer;
(h) A new job with a new employer or self-employment involving on-the-job training;
(i) Short-term retraining and job placement.

(3) Notwithstanding subsection (2) of this section, vocational services may be provided to an injured worker who has suffered the loss or complete use of both legs, or arms, or one leg and one arm, or total eyesight when, in the sole discretion of the supervisor or the supervisor’s designee, these services will either substantially improve the worker’s quality of life.
or substantially improve the worker’s ability to function in an employment setting, regardless of whether or not these services are either necessary or reasonably likely to make the worker employable at any gainful employment. Vocational services must be completed prior to the commencement of the worker’s entitlement to benefits under RCW 51.32.060. However, workers who are eligible for vocational services under this subsection are not eligible for option 2 benefits, as provided in RCW 51.32.099(4).

(4)(a) For vocational plans approved prior to July 1, 1999, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor’s designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, transportation, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed three thousand dollars in any fifty-two week period, and the cost of continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(b) When the department has approved a vocational plan for a worker between July 1, 1999, through December 31, 2007, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor’s designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed four thousand dollars in any fifty-two week period, and the cost of transportation and continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(c) The expenses allowed under (a) or (b) of this subsection may include training fees for on-the-job training and the cost of furnishing tools and other equipment necessary for self-employment or reemployment. However, compensation or payment of retraining with job placement expenses under (a) or (b) of this subsection may not be authorized for a period of more than fifty-two weeks, except that such period may, in the sole discretion of the supervisor after his or her review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

(d) In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(e) Costs paid under this subsection shall be chargeable to the employer’s cost experience or shall be paid by the self-insurer as the case may be.

(5) In addition to the vocational rehabilitation expenditures provided for under subsection (4) of this section and RCW 51.32.099, an additional five thousand dollars may, upon authorization of the supervisor or the supervisor’s designee, be expended for: (a) Accommodations for an injured worker that are medically necessary for the worker to participate in an approved retraining plan; and (b) accommodations necessary to perform the essential functions of an occupation in which an injured worker is seeking employment, consistent with the retraining plan or the recommendations of a vocational evaluation. The injured worker’s attending physician or licensed advanced registered nurse practitioner must verify the necessity of the modifications or accommodations.

The total expenditures authorized in this subsection and the expenditures authorized under RCW 51.32.250 shall not exceed five thousand dollars.

(6) When the department has approved a vocational plan for a worker prior to January 1, 2008, regardless of whether the worker has begun participating in the approved plan, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor’s designee under subsection (1) of this section are limited to those provided under subsections (4) and (5) of this section.

For vocational plans approved for a worker between January 1, 2008, through June 30, 2013, total vocational costs allowed by the supervisor or supervisor’s designee under subsection (1) of this section shall be limited to those provided under the pilot program established in RCW 51.32.099, and vocational rehabilitation services shall conform to the requirements in RCW 51.32.099.

(7) The department shall establish criteria to monitor the quality and effectiveness of rehabilitation services provided by the individuals and organizations used under subsection (1) of this section and under RCW 51.32.099. The state fund shall make referrals for vocational rehabilitation services based on these performance criteria.

(8) The department shall engage in, where feasible and cost-effective, a cooperative program with the state employment security department to provide job placement services under this section and RCW 51.32.099.

(9) The benefits in this section and RCW 51.32.099 shall be provided for the injured workers of self-insured employers. Self-insurers shall report both benefits provided and benefits denied under this section and RCW 51.32.099 in the manner prescribed by the department by rule adopted under chapter 34.05 RCW. The director may, in his or her sole discretion and upon his or her own initiative or at any time that a dispute arises under this section or RCW 51.32.099, promptly make such inquiries as circumstances require and take such other action as he or she considers will properly determine the matter and protect the rights of the parties.

(10) Except as otherwise provided in this section or RCW 51.32.099, the benefits provided for in this section and RCW 51.32.099 are available to any otherwise eligible worker regardless of the date of industrial injury. However, claims shall not be reopened solely for vocational rehabilitation purposes. [2011 c 291 § 1; 2007 c 72 § 1; 2004 c 65 § 10; 1999 c 110 § 1. Legislative finding—1985 c 339: “The legislature finds that the vocational rehabilitation program created by chapter 63, Laws of 1982, has failed to assist injured workers to return to suitable gainful employment without undue loss of time from work and has increased costs of industrial insurance for employers and employees alike. The legislature further finds that the administrative structure established within the industrial insurance division of the department of labor and industries to develop and oversee the provision of vocational rehabilitation services has not provided efficient delivery of vocational rehabilitation services. The legislature finds that restructuring
the state’s vocational rehabilitation program under the department of labor and industries is necessary.” [1985 c 339 § 1.]

51.32.099 Vocational rehabilitation pilot program—Vocational plans. (Expires June 30, 2013.) (1)(a) The legislature intends to create improved vocational outcomes for Washington state injured workers and employers through legislative and regulatory change under a pilot program for the period of January 1, 2008, through June 30, 2013. This pilot vocational system is intended to allow opportunities for eligible workers to participate in meaningful retraining in high-demand occupations, improve successful return to work and achieve positive outcomes for workers, reduce the incidence of repeat vocational services, increase accountability and responsibility, and improve cost predictability. To facilitate the study and evaluation of the results of the proposed changes, the department shall establish the temporary funding of certain state fund vocational costs through the medical aid account to ensure the appropriate assessments to employers for the costs of their claims for vocational services in accordance with RCW 51.32.0991.

(b) An independent review and study of the effects of the pilot program shall be conducted to determine whether it has achieved the appropriate outcomes at reasonable cost to the system. The review shall include, at a minimum, a report on the department’s performance with regard to the provision of vocational services, the skills acquired by workers who receive retraining services, the types of training programs approved, whether the workers are employed, at what jobs and wages after completion of the training program and at various times subsequent to their claim closure, the number and demographics of workers who choose the option provided in subsection (4)(b) of this section, and their employment and earnings status at various times subsequent to claim closure. The department may adopt rules, in collaboration with the subcommittee created under (c)(iii) of this subsection, to further define the scope and elements of the required study. Reports of the independent researcher are due on December 1, 2010, December 1, 2011, and December 1, 2012.

(c) In implementing the pilot program, the department shall:

(i) Establish a vocational initiative project that includes participation by the department as a partner with WorkSource, the established state system that administers the federal workforce investment act of 1998. As a partner, the department shall place vocational professional full-time employees at pilot WorkSource locations; refer some workers for vocational services to these vocational professionals; and work with employers in work source pilot areas to market the benefits of on-the-job training programs and with community colleges to reserve slots in high employer demand programs of study as defined in RCW 28B.50.030. These on-the-job training programs and community college slots may be considered by both department and private sector vocational professionals for vocational plan development. The department will also assist stakeholders in developing additional vocational training programs in various industries, including but not limited to agriculture and construction. These programs will expand the choices available to injured workers in developing their vocational training plans with the assistance of vocational professionals.

(ii) Develop and maintain a register of state fund and self-insured workers who have been retrained or have selected any of the vocational options described in this section for at least the duration of the pilot program.

(iii) Create a vocational rehabilitation subcommittee made up of members appointed by the director for at least the duration of the pilot program. This subcommittee shall provide the business and labor partnership needed to maintain focus on the intent of the pilot program, as described in this section, and provide consistency and transparency to the development of rules and policies. The subcommittee shall report to the director at least annually and recommend to the director and the legislature any additional statutory changes needed, which may include extension of the pilot period. The subcommittee shall provide input and oversight with the department concerning the study required under (b) of this subsection. The subcommittee shall provide recommendations for additional changes or incentives for injured workers to return to work with their employer of injury.

(iv) The department shall develop an annual report concerning Washington’s workers’ compensation vocational rehabilitation system to the legislature and to the subcommittee by December 1, 2009, and annually thereafter with the final report due by December 1, 2012. The annual report shall include the number of workers who have participated in more than one vocational training plan beginning with plans approved on January 1, 2008, and in which industries those workers were employed. The final report shall include the department's assessment and recommendations for further legislative action, in collaboration with the subcommittee.

(2) (a) For the purposes of this section, the day the worker commences vocational plan development means the date the department or self-insurer notifies the worker of his or her eligibility for plan development services or of an eligibility determination in response to a dispute of a vocational decision.

(b) When the supervisor or supervisor’s designee has decided that vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, he or she shall be provided with services necessary to develop a vocational plan that, if completed, would render the worker employable. The vocational professional assigned to the claim shall, at the initial meeting with the worker, fully inform the worker of the return-to-work priorities set forth in RCW 51.32.095(2) and of his or her rights and responsibilities under the workers’ compensation vocational system. The department shall provide tools to the vocational professional for communicating this and other information required by RCW 51.32.095 and this section to the worker.

(c) On the date the worker commences vocational plan development, the department shall also inform the employer in writing of the employer’s right to make a valid return-to-work offer during the first fifteen days following the commencement of vocational plan development. However, at the sole discretion of the supervisor or the supervisor’s designee, an employer may be granted an extension of time of up to ten additional days to make a valid return-to-work offer. The additional days may be allowed by the department with or without a request from the employer. The extension may...
only be granted if the employer made a return-to-work offer to the worker within fifteen days of the date the worker commenced vocational plan development that met some but not all of the requirements in this section. To be valid, the offer must be for bona fide employment with the employer of injury, consistent with the worker’s documented physical and mental restrictions as provided by the worker’s health care provider. When the employer makes a valid return-to-work offer, the vocational plan development services and temporary total disability compensation shall be terminated effective on the starting date for the job without regard to whether the worker accepts the return-to-work offer.

(d) Following the time period described in (c) of this subsection, the employer may still provide, and the worker may accept, any valid return-to-work offer. The worker’s acceptance of such an offer shall result in the termination of vocational plan development or implementation services and temporary total disability compensation effective the day the employment begins.

(3)(a) All vocational plans must contain an accountability agreement signed by the worker detailing expectations regarding progress, attendance, and other factors influencing successful participation in the plan. Failure to abide by the agreed expectations shall result in suspension of vocational benefits pursuant to RCW 51.32.110.

(b) Any formal education included as part of the vocational plan must be for an accredited or licensed program or other program approved by the department. The department shall develop rules that provide criteria for the approval of nonaccredited or unlicensed programs.

(c) The vocational plan for an individual worker must be completed and submitted to the department within ninety days of the day the worker commences vocational plan development. The department may extend the ninety days for good cause. Criteria for good cause shall be provided in rule. The frequency and reasons for good cause extensions shall be reported to the subcommittee created under subsection (1)(c)(iii) of this section.

(d) Costs for the vocational plan may include books, tuition, fees, supplies, equipment, child or dependent care, training fees for on-the-job training, the cost of furnishing tools and other equipment necessary for self-employment or reemployment, and other necessary expenses in an amount not to exceed twelve thousand dollars. This amount shall be adjusted effective July 1 of each year for vocational plans or retraining benefits available under subsection (4)(b) of this section approved on or after this date but before June 30 of the next year based on the average percentage change in tuition for the next fall quarter for all Washington state community colleges.

(e) The duration of the vocational plan shall not exceed two years from the date the plan is implemented. The worker shall receive temporary total disability compensation under RCW 51.32.090 and the cost of transportation while he or she is actively and successfully participating in a vocational plan.

(f) If the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(4) Vocational plan development services shall be completed within ninety days of commencing. Except as provided in RCW 51.32.095(3), during vocational plan development the worker shall, with the assistance of a vocational professional, participate in vocational counseling and occupational exploration to include, but not be limited to, identifying possible job goals, training needs, resources, and expenses, consistent with the worker’s physical and mental status. A vocational rehabilitation plan shall be developed by the worker and the vocational professional and submitted to the department or self-insurer. Following this submission, the worker shall elect one of the following options:

(a) Option 1: The department or self-insurer implements and the worker participates in the vocational plan developed by the vocational professional and approved by the worker and the department or self-insurer. For state fund claims, the department must review and approve the vocational plan before implementation may begin. If the department takes no action within fifteen days, the plan is deemed approved. The worker may, within fifteen days of the department’s approval of the plan or of a determination that the plan is valid following a dispute, elect option 2. However, in the sole discretion of the supervisor or supervisor’s designee, the department may approve an election for option 2 benefits that was submitted in writing within twenty-five days of the department’s approval of the plan or of a determination that the plan is valid following a dispute if the worker provides a written explanation establishing that he or she was unable to submit his or her election of option 2 benefits within fifteen days. In no circumstance may the department approve an election for option 2 benefits that was submitted more than twenty-five days after the department’s approval of a retraining plan or of a determination that a plan is valid following a dispute.

(i) Following successful completion of the vocational plan, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of transferable skills obtained in the vocational plan.

(ii) If a vocational plan is successfully completed on a claim which is thereafter reopened as provided in RCW 51.32.160, the cost and duration available for any subsequent vocational plan is limited to that in subsection (3)(d) and (e) of this section, less that previously expended.

(b) Option 2: The worker declines further vocational services under the claim and receives an amount equal to six months of temporary total disability compensation under RCW 51.32.090. The award is payable in biweekly payments in accordance with the schedule of temporary total disability payments, until such award is paid in full. These payments shall not include interest on the unpaid balance. However, upon application by the worker, and at the discretion of the department, the compensation may be converted to a lump sum payment. The vocational costs defined in subsection (3)(d) of this section shall remain available to the worker, upon application to the department or self-insurer, for a period of five years. The vocational costs shall, if expended, be available for programs or courses at any accredited or licensed institution or program from a list of those approved by the department for tuition, books, fees, supplies, equipment, and tools, without department or self-insurer oversight. The department shall issue an order as provided in RCW 51.52.050 confirming the option 2 election, setting a payment schedule, and terminating temporary total disability payment.
benefits effective the date of the order confirming that election. The department shall thereafter close the claim. A worker who elects option 2 benefits shall not be entitled to further temporary total, or to permanent total, disability benefits except upon a showing of a worsening in the condition or conditions accepted under the claim such that claim closure is not appropriate, in which case the option 2 selection will be rescinded and the amount paid to the worker will be assessed as an overpayment. A claim that was closed based on the worker’s election of option 2 benefits may be reopened as provided in RCW 51.32.160, but cannot be reopened for the sole purpose of allowing the worker to seek vocational assistance.

(i) If within five years from the date the option 2 order becomes final, the worker is subsequently injured or suffers an occupational disease or reopens the claim as provided in RCW 51.32.160, and vocational rehabilitation is found both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1), the duration of any vocational plan under subsection (3)(e) of this section shall not exceed eighteen months.

(ii) If the available vocational costs are utilized by the worker, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of the transferable skills obtained.

(iii) If the available vocational costs are utilized by the worker and the claim is thereafter reopened as provided in RCW 51.32.160, the cost available for any vocational plan is limited to that in subsection (3)(d) of this section less that previously expended.

(iv) Option 2 may only be elected once per worker.

(c) The director, in his or her sole discretion, may provide the worker vocational assistance not to exceed that in subsection (3) of this section, without regard to the worker’s prior option selection or benefits expended, where vocational assistance would prevent permanent total disability under RCW 51.32.060.

(5)(a) As used in this section, "vocational plan interruption" means an occurrence which disrupts the plan to the extent the employability goal is no longer attainable. "Vocational plan interruption" does not include institutionally scheduled breaks in educational programs, occasional absence due to illness, or modifications to the plan which will allow it to be completed within the cost and time provisions of subsection (3)(d) and (e) of this section.

(b) When a vocational plan interruption is beyond the control of the worker, the department or self-insurer shall recommence plan development. If necessary to complete vocational services, the cost and duration of the plan may include credit for that expended prior to the interruption. A vocational plan interruption is considered outside the control of the worker when it is due to the closure of the accredited institution, when it is due to a death in the worker’s immediate family, or when documented changes in the worker’s accepted medical conditions prevent further participation in the vocational plan.

(c) When a vocational plan interruption is the result of the worker’s actions, the worker’s entitlement to benefits shall be suspended in accordance with RCW 51.32.110. If plan development or implementation is recommenced, the cost and duration of the plan shall not include credit for that expended prior to the interruption. A vocational plan interruption is considered a result of the worker’s actions when it is due to the failure to meet attendance expectations set by the training or educational institution, failure to achieve passing grades or acceptable performance review, unaccepted or postinjury conditions that prevent further participation in the vocational plan, or the worker’s failure to abide by the accountability agreement per subsection (3)(a) of this section. 51.32.240 Erroneous payments—Payments induced by willful misrepresentation—Adjustment for self-insurer’s failure to pay benefits—Recoupment of overpayments by self-insurer—Penalty—Appeal—Enforcement of orders. (1)(a) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by willful misrepresentation, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim thereto has been waived.

(b) Except as provided in subsections (3), (4), and (5) of this section, the department may only assess an overpayment of benefits because of adjudicator error when the order upon which the overpayment is based is not yet final as provided in RCW 51.52.050 and 51.52.060. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(c) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his or her discretion to waive, in whole or in part, the amount of any such timely claim where the recovery would be against equity and good conscience.

(2) Whenever the department or self-insurer fails to pay benefits because of clerical error, mistake of identity, or innocent misrepresentation, all not induced by recipient willful misrepresentation, the recipient may request an adjustment of benefits to be paid from the state fund or by the self-insurer, as the case may be, subject to the following:

(a) The recipient must request an adjustment in benefits within one year from the date of the incorrect payment or it will be deemed any claim therefore has been waived.
51.32.240 Title 51 RCW: Industrial Insurance

(b) The recipient may not seek an adjustment of benefits because of adjudicator error. Adjustments due to adjudicator error are addressed by the filing of a written request for reconsideration with the department of labor and industries or an appeal with the board of industrial insurance appeals within sixty days from the date the order is communicated as provided in RCW 51.52.050. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(3) Whenever the department issues an order rejecting a claim for benefits paid pursuant to RCW 51.32.190 or 51.32.210, after payment for temporary disability benefits has been paid by a self-insurer pursuant to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the recipient thereof shall repay such benefits and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, under rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(4) Whenever any payment of benefits under this title has been made pursuant to an adjudication by the department or by order of the board or any court and timely appeal therefrom has been made where the final decision is that any such payment was made pursuant to an erroneous adjudication, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insured, as the case may be. The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments due to the self-insurer, the self-insurer shall be reimbursed the amount waived from the self-insured employer overpayment reimbursement fund.

(b) The department shall collect information regarding self-insured claim overpayments resulting from final decisions of the board and the courts, and recoup such overpayments on behalf of the self-insurer from any open, new, or reopened state fund or self-insured claims. The department shall forward the amounts collected to the self-insurer to whom the payment is owed. The department may provide information as needed to any self-insurers from whom payments may be collected on behalf of the department or another self-insurer. Notwithstanding RCW 51.32.040, any self-insurer requested by the department to forward payments to the department pursuant to this subsection shall pay the department directly. The department shall credit the amounts recovered to the appropriate fund, or forward amounts collected to the appropriate self-insurer, as the case may be.

(c) If a self-insurer is not fully reimbursed within twenty-four months of the first attempt at recovery through the collection process pursuant to this subsection and by means of processes pursuant to subsection (6) of this section, the self-insurer shall be reimbursed for the remainder of the amount due from the self-insured employer overpayment reimbursement fund.

(d) For purposes of this subsection, "recipient" does not include health service providers whose treatment or services were authorized by the department or self-insurer.

(e) The department or self-insurer shall first attempt recovery of overpayments for health services from any entity that provided health insurance to the worker to the extent that the health insurance entity would have provided health insurance benefits but for workers' compensation coverage.

(5)(a) Whenever any payment of benefits under this title has been induced by willful misrepresentation the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the willful misrepresentation was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental pension fund. Such repayment or recoupment must be demanded or ordered within three years of the discovery of the willful misrepresentation.

(b) For purposes of this subsection (5), it is willful misrepresentation for a person to obtain payments or other benefits under this title in an amount greater than that to which the person otherwise would be entitled. Willful misrepresentation includes:

(i) Willful false statement; or

(ii) Willful misrepresentation, omission, or concealment of any material fact.

(c) For purposes of this subsection (5), "willful" means a conscious or deliberate false statement, misrepresentation, omission, or concealment of a material fact with the specific intent of obtaining, continuing, or increasing benefits under this title.

(d) For purposes of this subsection (5), failure to disclose a work-type activity must be willful in order for a misrepresentation to have occurred.

(e) For purposes of this subsection (5), a material fact is one which would result in additional, increased, or continued benefits, including but not limited to facts about physical restrictions, or work-type activities which either result in wages or income or would be reasonably expected to do so. Wages or income include the receipt of any goods or services. For a work-type activity to be reasonably expected to result in wages or income, a pattern of repeated activity must exist. For those activities that would reasonably be expected to result in wages or produce income, but for which actual wage or income information cannot be reasonably determined, the department shall impute wages pursuant to RCW 51.08.178(4).

(6) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (5) of this section, the director, director's designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus
interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall imme-
diately designate a superior court cause number for such war-
tant and the clerk shall cause to be entered in the judgment
docket under the superior court cause number assigned to the
warrant, the name of the worker, beneficiary, or other person
mentioned in the warrant, the amount of the unpaid overpay-
ment and/or penalty plus interest accrued, and the date the
warrant was filed. The amount of the warrant as docketed
shall become a lien upon the title to and interest in all real and
personal property of the worker, beneficiary, or other person
against whom the warrant is issued, the same as a judgment
in a civil case docketed in the office of such clerk. The sheriff
shall then proceed in the same manner and with like effect as
prescribed by law with respect to execution or other process
issued against rights or property upon judgment in the supe-
rior court. Such warrant so docketed shall be sufficient to
support the issuance of writs of garnishment in favor of the
department or self-insurer in the manner provided by law in
the case of judgment, wholly or partially unsatisfied. The
clerk of the court shall be entitled to a filing fee under RCW
36.18.012(10), which shall be added to the amount of the
warrant. A copy of such warrant shall be mailed to the
worker, beneficiary, or other person within three days of fil-
ing with the clerk.

The director, director’s designee, or self-insurer may
issue to any person, firm, corporation, municipal corporation,
political subdivision of the state, public corporation, or
agency of the state, a notice to withhold and deliver property
of any kind if there is reason to believe that there is in the pos-
session of such person, firm, corporation, municipal corpora-
tion, political subdivision of the state, public corporation, or
agency of the state, property that is due, owing, or belonging
to any worker, beneficiary, or other person upon whom a
warrant has been served for payments due the department or
self-insurer. The notice and order to withhold and deliver
shall be served by a method for which receipt can be con-
formed or tracked accompanied by an affidavit of service by
mailing or served by the sheriff of the county, or by the sher-
iff’s deputy, or by any authorized representative of the direc-
tor, director’s designee, or self-insurer. Any person, firm,
corporation, municipal corporation, political subdivision of the
state, public corporation, or agency of the state upon
whom service has been made shall answer the notice within
twenty days exclusive of the day of service, under oath and in
writing, and shall make true answers to the matters inquired
or in the notice and order to withhold and deliver. In the
event there is in the possession of the party named and served
with such notice and order, any property that may be subject
to the claim of the department or self-insurer, such property
shall be delivered forthwith to the director, the director’s
authorized representative, or self-insurer upon demand. If
the party served and named in the notice and order fails to
answer the notice and order within the time prescribed in this
section, the court may, after the time to answer such order has
expired, render judgment by default against the party named
in the notice for the full amount, plus costs, claimed by the
director, director’s designee, or self-insurer in the notice. In
the event that a notice to withhold and deliver is served upon
an employer and the property found to be subject thereto is
wages, the employer may assert in the answer all exemptions
provided for by chapter 6.27 RCW to which the wage earner
may be entitled.

This subsection shall only apply to orders assessing an
overpayment which are issued on or after July 28, 1991:
PROVIDED, That this subsection shall apply retroactively to
all orders assessing an overpayment resulting from fraud,
civil or criminal.

(7) Orders assessing an overpayment which are issued on
or after July 28, 1991, shall include a conspicuous notice of
the collection methods available to the department or self-
insurer. [2011 c 290 § 6; 2008 c 280 § 2; 2004 c 243 § 7;
